HERO

1  
00:00:01,439 --> 00:00:06,660

hey

2  
00:00:36,709 --> 00:00:25,680

[Music]

3  
00:00:42,869 --> 00:00:39,990

blast off on another episode of hero

4  
00:00:45,350 --> 00:00:42,879

paranormal podcast broadcasting from the

5  
00:00:48,549 --> 00:00:45,360

base at la madre mountain just south of

6  
00:00:50,950 --> 00:00:48,559

area 51 my name is ryan the original

7  
00:00:54,069 --> 00:00:50,960

outlaw of the airwaves bringing you an

8  
00:00:55,830 --> 00:00:54,079

amazing episode today our guest today is

9  
00:00:58,150 --> 00:00:55,840

a phenomenal individual with

10  
00:01:01,349 --> 00:00:58,160

mind-blowing accuracy at approaching the

11  
00:01:03,189 --> 00:01:01,359

ufo subject from a scholarly perspective

12  
00:01:05,670 --> 00:01:03,199

from a solid base of reason as a

13  
00:01:08,070 --> 00:01:05,680

philosophical radical volunteerist our

14

00:01:10,950 --> 00:01:08,080

guest joe buchman is

15

00:01:13,030 --> 00:01:10,960

the uncle we all wish we had

16

00:01:15,030 --> 00:01:13,040

an adventure traveler former

17

00:01:16,630 --> 00:01:15,040

congressional candidate at the utah

18

00:01:18,070 --> 00:01:16,640

libertarian party

19

00:01:20,230 --> 00:01:18,080

sky watcher

20

00:01:23,270 --> 00:01:20,240

worked at the libertarian party platform

21

00:01:26,310 --> 00:01:23,280

committee from 2012 to 2013

22

00:01:29,190 --> 00:01:26,320

former volunteer at sundance institute

23

00:01:31,910 --> 00:01:29,200

former chair at libertarian party has a

24

00:01:34,230 --> 00:01:31,920

masters of science in management and has

25

00:01:37,109 --> 00:01:34,240

met and kept friendships with many of

26

00:01:40,630 --> 00:01:37,119

the brightest minds in the ufo field

27

00:01:44,870 --> 00:01:40,640

according to wired magazine

28

00:01:47,190 --> 00:01:44,880

he is a web savvy edu punk

29

00:01:49,990 --> 00:01:47,200

and i think that's a great description

30

00:01:52,469 --> 00:01:50,000

he has connected many dots keeping the

31

00:01:55,109 --> 00:01:52,479

pulse of research from a ufology

32

00:01:58,149 --> 00:01:55,119

standpoint and i value joe as a human

33

00:02:00,069 --> 00:01:58,159

being and value his philosophical views

34

00:02:02,069 --> 00:02:00,079

of life and understandings of the

35

00:02:03,510 --> 00:02:02,079

machinations behind the veil known as

36

00:02:06,469 --> 00:02:03,520

politics

37

00:02:08,790 --> 00:02:06,479

among his favorite quotes democracy is

38

00:02:11,350 --> 00:02:08,800

two wolves and a sheep voting on what's

39

00:02:13,030 --> 00:02:11,360  
for dinner and with the republic

40

00:02:15,430 --> 00:02:13,040  
the sheep has a gun

41

00:02:17,589 --> 00:02:15,440  
it's not just political views that

42

00:02:20,630 --> 00:02:17,599  
astound me the most about joe

43

00:02:23,110 --> 00:02:20,640  
my admiration is vividly tied to his

44

00:02:25,830 --> 00:02:23,120  
kind humanitarian way

45

00:02:28,070 --> 00:02:25,840  
of approaching the sacred mystery of

46

00:02:31,270 --> 00:02:28,080  
ufos and those involved with its

47

00:02:34,070 --> 00:02:31,280  
research nothing draws more interest

48

00:02:37,190 --> 00:02:34,080  
too many than the so-called invisible

49

00:02:40,229 --> 00:02:37,200  
college of ufology is it real

50

00:02:43,030 --> 00:02:40,239  
or is it imaginary the participants may

51  
00:02:45,270 --> 00:02:43,040  
be anonymous because

52  
00:02:47,509 --> 00:02:45,280  
of the often associated stigma that

53  
00:02:48,550 --> 00:02:47,519  
comes with the tales of ufos and little

54  
00:02:51,190 --> 00:02:48,560  
green men

55  
00:02:53,589 --> 00:02:51,200  
however a group of academics scientists

56  
00:02:55,589 --> 00:02:53,599  
and many others belong to a domain just

57  
00:02:58,229 --> 00:02:55,599  
outside of public view

58  
00:03:00,790 --> 00:02:58,239  
yet teeming with collective revelations

59  
00:03:03,350 --> 00:03:00,800  
from intelligence communities civilian

60  
00:03:04,630 --> 00:03:03,360  
research think tanks and military

61  
00:03:06,710 --> 00:03:04,640  
insiders

62  
00:03:09,110 --> 00:03:06,720  
the fascinating result is a group that

63  
00:03:12,070 --> 00:03:09,120

for all plausibility does not exist in

64

00:03:14,070 --> 00:03:12,080

any formal way the invisible colleges j

65

00:03:16,630 --> 00:03:14,080

alan heineck called them

66

00:03:19,670 --> 00:03:16,640

whether real or not in a formal group

67

00:03:22,710 --> 00:03:19,680

sense are very much invisible

68

00:03:25,430 --> 00:03:22,720

and yet a force upon the ufo field many

69

00:03:28,149 --> 00:03:25,440

will purport are the players at the

70

00:03:30,470 --> 00:03:28,159

frontiers of research they identify

71

00:03:32,630 --> 00:03:30,480

hoaxers and out hoaxers websites among

72

00:03:35,190 --> 00:03:32,640

themselves but not publicly

73

00:03:37,910 --> 00:03:35,200

their grapevine of information is much

74

00:03:40,390 --> 00:03:37,920

like that of a secret society they hang

75

00:03:42,309 --> 00:03:40,400

on to alleged pieces of alien craft as

76

00:03:43,589 --> 00:03:42,319

if they were puzzle pieces to the holy

77

00:03:45,110 --> 00:03:43,599

grail

78

00:03:47,509 --> 00:03:45,120

they are typically intelligent and

79

00:03:50,229 --> 00:03:47,519

successful yet shy away from public

80

00:03:52,869 --> 00:03:50,239

scrutiny the invisible college is quite

81

00:03:54,550 --> 00:03:52,879

literally a moving wave of information

82

00:03:56,949 --> 00:03:54,560

collectives on a mission to solve

83

00:03:58,869 --> 00:03:56,959

humanity's greatest questions

84

00:04:00,789 --> 00:03:58,879

joe has unique views on just about

85

00:04:03,030 --> 00:04:00,799

everything and i couldn't think of a

86

00:04:05,350 --> 00:04:03,040

better person to help myself and others

87

00:04:06,229 --> 00:04:05,360

understand the mysterious reality or

88

00:04:08,630 --> 00:04:06,239

myth

89

00:04:09,830 --> 00:04:08,640

of the invisible college and disclosure

90

00:04:11,670 --> 00:04:09,840

in general

91

00:04:13,750 --> 00:04:11,680

joe welcome to the hero paranormal

92

00:04:16,069 --> 00:04:13,760

podcast

93

00:04:17,189 --> 00:04:16,079

you're very kind ryan i appreciate that

94

00:04:19,430 --> 00:04:17,199

introduction

95

00:04:20,710 --> 00:04:19,440

very much and in the world of precise

96

00:04:22,790 --> 00:04:20,720

scholarship

97

00:04:24,469 --> 00:04:22,800

i was not sure the libertarian party's

98

00:04:26,070 --> 00:04:24,479

national committee just uh chaired

99

00:04:28,150 --> 00:04:26,080

libertarian party of utah which was

100

00:04:30,870 --> 00:04:28,160

quite enough

101  
00:04:33,749 --> 00:04:30,880  
but yeah i am a philosophical

102  
00:04:36,629 --> 00:04:33,759  
radical voluntarist i believe in the use

103  
00:04:38,790 --> 00:04:36,639  
of zero force to initiate

104  
00:04:39,909 --> 00:04:38,800  
any kind of political uh or social

105  
00:04:43,510 --> 00:04:39,919  
change

106  
00:04:46,790 --> 00:04:43,520  
uh i don't um oppose the use of force to

107  
00:04:49,110 --> 00:04:46,800  
react to force being taken against a

108  
00:04:50,870 --> 00:04:49,120  
another but i would want that minimized

109  
00:04:54,230 --> 00:04:50,880  
and maybe i'm actually leaning toward

110  
00:04:56,790 --> 00:04:54,240  
pacifism which is the best way to react

111  
00:04:58,950 --> 00:04:56,800  
to force or violence is with uh

112  
00:05:01,189 --> 00:04:58,960  
martin luther king jr or gandhi's

113  
00:05:03,270 --> 00:05:01,199

approach of of uh

114

00:05:04,950 --> 00:05:03,280

civil disobedience and and holding up a

115

00:05:07,029 --> 00:05:04,960

mirror to those who would think that

116

00:05:08,469 --> 00:05:07,039

force is ever appropriate

117

00:05:10,310 --> 00:05:08,479

and to cut to the chase in this

118

00:05:12,629 --> 00:05:10,320

interview i'd like to imagine universe

119

00:05:14,790 --> 00:05:12,639

that's teeming with life

120

00:05:17,510 --> 00:05:14,800

would have encountered that as a natural

121

00:05:20,230 --> 00:05:17,520

law of survival that you just don't get

122

00:05:22,150 --> 00:05:20,240

to be someone who initiates violence

123

00:05:24,390 --> 00:05:22,160

against others and have that the

124

00:05:25,990 --> 00:05:24,400

genetically reinforced behavior and the

125

00:05:27,670 --> 00:05:26,000

longest

126  
00:05:29,510 --> 00:05:27,680  
of terms

127  
00:05:31,670 --> 00:05:29,520  
and that those societies

128  
00:05:33,909 --> 00:05:31,680  
in a natural way die out

129  
00:05:35,830 --> 00:05:33,919  
and that more enlightened folks who hold

130  
00:05:36,870 --> 00:05:35,840  
non-initiation of aggression as a core

131  
00:05:39,670 --> 00:05:36,880  
value

132  
00:05:41,430 --> 00:05:39,680  
expand and i hope that's the universe we

133  
00:05:43,189 --> 00:05:41,440  
live in i don't know

134  
00:05:45,029 --> 00:05:43,199  
and when i hear myself say things like

135  
00:05:46,870 --> 00:05:45,039  
that i realize that then encountering

136  
00:05:49,670 --> 00:05:46,880  
cosmology and

137  
00:05:51,430 --> 00:05:49,680  
and ufos if you like then it does become

138  
00:05:52,469 --> 00:05:51,440

something of a philosophical or almost

139

00:05:54,070 --> 00:05:52,479

religious

140

00:05:55,749 --> 00:05:54,080

encounter which anyone who's been out

141

00:05:57,749 --> 00:05:55,759

west where i live

142

00:06:00,469 --> 00:05:57,759

and looked at the night sky knows that

143

00:06:02,629 --> 00:06:00,479

cosmology by definition is a religious

144

00:06:03,430 --> 00:06:02,639

experience right right that sense of

145

00:06:05,510 --> 00:06:03,440

just

146

00:06:07,749 --> 00:06:05,520

an infinity out there of which we are

147

00:06:09,350 --> 00:06:07,759

but the tiniest of specs having our

148

00:06:11,830 --> 00:06:09,360

great dramas

149

00:06:13,670 --> 00:06:11,840

play out on planet earth it's good to be

150

00:06:15,270 --> 00:06:13,680

here and thank you for inviting me to be

151  
00:06:17,909 --> 00:06:15,280  
on your show yeah

152  
00:06:20,710 --> 00:06:17,919  
absolutely it's good to have you here

153  
00:06:22,870 --> 00:06:20,720  
and you're entirely right ufos and

154  
00:06:24,469 --> 00:06:22,880  
technology and religion they all kind of

155  
00:06:26,710 --> 00:06:24,479  
intermix and

156  
00:06:27,909 --> 00:06:26,720  
joe you've caught glimpses behind the

157  
00:06:30,150 --> 00:06:27,919  
scenes

158  
00:06:32,790 --> 00:06:30,160  
of some of the brightest and best

159  
00:06:34,909 --> 00:06:32,800  
ufology has to offer calling congress to

160  
00:06:37,590 --> 00:06:34,919  
hold open hearings on the government's

161  
00:06:39,270 --> 00:06:37,600  
extraterrestrial related activities

162  
00:06:41,990 --> 00:06:39,280  
in your experience

163  
00:06:46,390 --> 00:06:42,000

is decl is disclosure coming and is the

164

00:06:51,029 --> 00:06:48,950

in my experience the invisible college

165

00:06:54,070 --> 00:06:51,039

uh is a real thing

166

00:06:57,270 --> 00:06:54,080

i it depends on how any given individual

167

00:07:00,070 --> 00:06:57,280

defines that but i think the overarching

168

00:07:02,550 --> 00:07:00,080

sense of it is absolutely real um

169

00:07:05,110 --> 00:07:02,560

i feel a little bit like the forest gump

170

00:07:07,110 --> 00:07:05,120

of ufology i just keep bumping into

171

00:07:09,990 --> 00:07:07,120

incredible people

172

00:07:12,309 --> 00:07:10,000

with incredible stories to tell that i

173

00:07:14,550 --> 00:07:12,319

find

174

00:07:16,790 --> 00:07:14,560

credible or at least worthy of careful

175

00:07:18,390 --> 00:07:16,800

attention and

176  
00:07:20,150 --> 00:07:18,400  
among those

177  
00:07:21,589 --> 00:07:20,160  
dr hal put off

178  
00:07:23,029 --> 00:07:21,599  
for me would be near the top of that

179  
00:07:25,430 --> 00:07:23,039  
list i am a

180  
00:07:28,070 --> 00:07:25,440  
member of the society of scientific

181  
00:07:30,070 --> 00:07:28,080  
exploration a group of academics that

182  
00:07:30,790 --> 00:07:30,080  
publishes a journal holds a conference

183  
00:07:32,629 --> 00:07:30,800  
and

184  
00:07:35,270 --> 00:07:32,639  
touches what might be called edge

185  
00:07:37,110 --> 00:07:35,280  
science things that aren't taken

186  
00:07:39,350 --> 00:07:37,120  
seriously within the ivory towers of

187  
00:07:40,790 --> 00:07:39,360  
traditional academe that are worthy of

188  
00:07:42,710 --> 00:07:40,800

study

189

00:07:46,230 --> 00:07:42,720

others who look at those issues dr dean

190

00:07:48,309 --> 00:07:46,240

raiden at ions which was started by the

191

00:07:50,070 --> 00:07:48,319

sixth man to walk on the moon dr ed

192

00:07:52,070 --> 00:07:50,080

mittell

193

00:07:53,909 --> 00:07:52,080

dr john alexander

194

00:07:56,390 --> 00:07:53,919

uh published a couple of books which i

195

00:07:59,029 --> 00:07:56,400

find absolutely fascinating ufos myths

196

00:08:01,189 --> 00:07:59,039

realities conspiracies reality denied

197

00:08:02,790 --> 00:08:01,199

things that couldn't happen but did

198

00:08:05,830 --> 00:08:02,800

i think i'm pretty close to having those

199

00:08:08,550 --> 00:08:05,840

titles accurate um

200

00:08:10,950 --> 00:08:08,560

these are individuals who i find

201  
00:08:14,710 --> 00:08:10,960  
fascinating and and most recently

202  
00:08:15,589 --> 00:08:14,720  
pre-coveted at a sse meeting

203  
00:08:24,390 --> 00:08:15,599  
in

204  
00:08:27,510 --> 00:08:24,400  
gave a speech

205  
00:08:29,670 --> 00:08:27,520  
it was a joint meeting of of uh

206  
00:08:31,430 --> 00:08:29,680  
the society for scientific exploration

207  
00:08:34,230 --> 00:08:31,440  
and the international remote viewing

208  
00:08:36,469 --> 00:08:34,240  
association urba irva

209  
00:08:38,550 --> 00:08:36,479  
um as your listeners are

210  
00:08:40,630 --> 00:08:38,560  
tuning in uh you know jot these

211  
00:08:41,670 --> 00:08:40,640  
organizations and books down and do some

212  
00:08:43,350 --> 00:08:41,680  
reading

213  
00:08:44,870 --> 00:08:43,360

look over the websites consider

214

00:08:46,550 --> 00:08:44,880

attending those conferences if they ever

215

00:08:49,110 --> 00:08:46,560

happen again

216

00:08:51,110 --> 00:08:49,120

uh irva is made up of the people who

217

00:08:53,829 --> 00:08:51,120

were employed by the united states

218

00:08:56,870 --> 00:08:53,839

government to do psychic spying for the

219

00:08:59,110 --> 00:08:56,880

cia that really happened it's part of

220

00:09:01,430 --> 00:08:59,120

our documented

221

00:09:03,509 --> 00:09:01,440

revealed formally classified government

222

00:09:05,190 --> 00:09:03,519

history it really really happened

223

00:09:07,670 --> 00:09:05,200

trained by people at the monroe

224

00:09:09,430 --> 00:09:07,680

institute robert monroe in his book

225

00:09:12,630 --> 00:09:09,440

journeys out of the body

226

00:09:14,630 --> 00:09:12,640

so this phenomenology of of uh our true

227

00:09:16,550 --> 00:09:14,640

nature you know are we some sort of

228

00:09:18,389 --> 00:09:16,560

being that has chosen to have a human

229

00:09:19,190 --> 00:09:18,399

experience and is wearing some sort of

230

00:09:20,310 --> 00:09:19,200

meat

231

00:09:24,230 --> 00:09:20,320

suit

232

00:09:27,269 --> 00:09:24,240

a while and then our greater life is

233

00:09:29,430 --> 00:09:27,279

something more than this i don't know

234

00:09:31,590 --> 00:09:29,440

but remote viewing would suggest that

235

00:09:33,590 --> 00:09:31,600

human beings have a cognitive ability to

236

00:09:36,230 --> 00:09:33,600

perceive things at a distance something

237

00:09:39,110 --> 00:09:36,240

also studied at ions iambs

238

00:09:40,470 --> 00:09:39,120

well anyhow how put off was giving a

239

00:09:42,630 --> 00:09:40,480

a speech

240

00:09:44,630 --> 00:09:42,640

accepting this award at a joint meeting

241

00:09:46,150 --> 00:09:44,640

of ssc and irva

242

00:09:49,030 --> 00:09:46,160

and said you know many of you know that

243

00:09:51,670 --> 00:09:49,040

i was a founding member of irva but

244

00:09:53,590 --> 00:09:51,680

i'm also being given this award for my

245

00:09:55,829 --> 00:09:53,600

work on ufos and i've never published

246

00:09:57,990 --> 00:09:55,839

anything about ufos so why would that be

247

00:10:00,150 --> 00:09:58,000

well and then he says and you can find

248

00:10:02,630 --> 00:10:00,160

this transcript

249

00:10:04,470 --> 00:10:02,640

up at stephen bassett's website paradigm

250

00:10:06,230 --> 00:10:04,480

research group and maybe elsewhere on

251  
00:10:07,829 --> 00:10:06,240  
the internet too i i know this quote

252  
00:10:09,910 --> 00:10:07,839  
pretty well because i was in the

253  
00:10:10,870 --> 00:10:09,920  
audience i got the recording of what he

254  
00:10:12,870 --> 00:10:10,880  
said

255  
00:10:13,990 --> 00:10:12,880  
immediately typed it up and sent it off

256  
00:10:15,829 --> 00:10:14,000  
to steve

257  
00:10:17,030 --> 00:10:15,839  
steve published it on his website for a

258  
00:10:19,030 --> 00:10:17,040  
while i thought i was going to get in

259  
00:10:22,150 --> 00:10:19,040  
trouble for that but

260  
00:10:23,750 --> 00:10:22,160  
i sent it to dr kelleher clem kelleher

261  
00:10:25,829 --> 00:10:23,760  
at bass

262  
00:10:27,509 --> 00:10:25,839  
and he forwarded it to hal and i just

263  
00:10:28,949 --> 00:10:27,519

gave it as a gift here's a transcript of

264

00:10:30,790 --> 00:10:28,959

what you actually said so hal said

265

00:10:32,710 --> 00:10:30,800

something very much like

266

00:10:34,230 --> 00:10:32,720

a reason i haven't published on ufos is

267

00:10:36,230 --> 00:10:34,240

i was part of a highly classified

268

00:10:38,230 --> 00:10:36,240

program if i were to do so

269

00:10:40,550 --> 00:10:38,240

i would encounter severe punitive

270

00:10:42,470 --> 00:10:40,560

consequences from nda's

271

00:10:43,829 --> 00:10:42,480

and i haven't been able to talk about

272

00:10:45,829 --> 00:10:43,839

this but now there's some things in the

273

00:10:47,590 --> 00:10:45,839

public domain that i can talk about so

274

00:10:50,310 --> 00:10:47,600

hang on to your seats and i was blown

275

00:10:53,990 --> 00:10:50,320

away in the next half hour

276

00:10:56,230 --> 00:10:54,000

there in las vegas at that 2018 society

277

00:10:57,990 --> 00:10:56,240

of scientific exploration conference

278

00:10:59,590 --> 00:10:58,000

where he talked about the nature of meta

279

00:11:01,430 --> 00:10:59,600

materials

280

00:11:04,630 --> 00:11:01,440

and i think we're only beginning when

281

00:11:06,790 --> 00:11:04,640

you when you combine ufos and

282

00:11:08,949 --> 00:11:06,800

our true nature of life in the cosmos

283

00:11:11,269 --> 00:11:08,959

and technology this was the intersection

284

00:11:14,069 --> 00:11:11,279

of that in a profound way

285

00:11:15,750 --> 00:11:14,079

meta materials are are materials that

286

00:11:17,670 --> 00:11:15,760

are manufactured

287

00:11:19,110 --> 00:11:17,680

using extraordinary processes not

288

00:11:21,670 --> 00:11:19,120

available

289

00:11:23,829 --> 00:11:21,680

or discovered by humanity before fairly

290

00:11:25,910 --> 00:11:23,839

recently maybe a little bit further back

291

00:11:29,269 --> 00:11:25,920

in the black world

292

00:11:31,030 --> 00:11:29,279

but this layering at an atomic level of

293

00:11:32,790 --> 00:11:31,040

different fundamental elements from the

294

00:11:35,350 --> 00:11:32,800

periodic table

295

00:11:37,110 --> 00:11:35,360

and so you talked about some recovered

296

00:11:39,030 --> 00:11:37,120

material

297

00:11:40,870 --> 00:11:39,040

that was sent to our bell

298

00:11:43,750 --> 00:11:40,880

radio talk show host art bell what was

299

00:11:45,110 --> 00:11:43,760

known as arts parts back in the 90s

300

00:11:47,590 --> 00:11:45,120

and a lot of people thought this was a

301  
00:11:49,030 --> 00:11:47,600  
hoax and just some melted aluminum and

302  
00:11:51,350 --> 00:11:49,040  
alleged to have been recovered by

303  
00:11:54,949 --> 00:11:51,360  
somebody at a crash site of some

304  
00:11:56,629 --> 00:11:54,959  
apparently non-human created craft

305  
00:11:58,870 --> 00:11:56,639  
passed down i think a son and then

306  
00:12:00,310 --> 00:11:58,880  
passed on to arts there's no problems in

307  
00:12:01,990 --> 00:12:00,320  
terms of

308  
00:12:04,629 --> 00:12:02,000  
being able to document where this came

309  
00:12:07,590 --> 00:12:04,639  
from with scientific certainty or even

310  
00:12:09,829 --> 00:12:07,600  
at the level of legal certainty

311  
00:12:12,710 --> 00:12:09,839  
but linda mulhal got it did an analysis

312  
00:12:14,150 --> 00:12:12,720  
of it in the 90s analysis continued

313  
00:12:17,750 --> 00:12:14,160

and it turned out to be

314

00:12:20,790 --> 00:12:17,760

layers of busy business and magnesium

315

00:12:22,710 --> 00:12:20,800

and bismuth and magnesium in a way that

316

00:12:24,550 --> 00:12:22,720

nobody could do on earth they took it to

317

00:12:25,509 --> 00:12:24,560

various manufacturing plants national

318

00:12:26,470 --> 00:12:25,519

labs

319

00:12:28,069 --> 00:12:26,480

nobody

320

00:12:29,910 --> 00:12:28,079

could understand why somebody would want

321

00:12:31,750 --> 00:12:29,920

to do this we couldn't get bismuth and

322

00:12:33,430 --> 00:12:31,760

magnesium to adhere the way that it was

323

00:12:35,750 --> 00:12:33,440

appearing in the sample so it was a kind

324

00:12:37,670 --> 00:12:35,760

of a mystery and this is what dr puthoff

325

00:12:39,269 --> 00:12:37,680

is talking about

326

00:12:41,110 --> 00:12:39,279

at that society of scientific

327

00:12:43,430 --> 00:12:41,120

exploration meeting

328

00:12:45,670 --> 00:12:43,440

you can find videos of this speech now

329

00:12:47,829 --> 00:12:45,680

uh at the ussc website maybe it's even

330

00:12:49,670 --> 00:12:47,839

up on youtube for free i'm not sure

331

00:12:51,670 --> 00:12:49,680

but at the time we'd all signed

332

00:12:53,430 --> 00:12:51,680

non-disclosure agreements about the

333

00:12:54,790 --> 00:12:53,440

conference and i thought it was so

334

00:12:56,949 --> 00:12:54,800

important

335

00:12:59,030 --> 00:12:56,959

that i typed it up and sent it to steve

336

00:13:01,269 --> 00:12:59,040

bassett immediately and steve put it up

337

00:13:04,150 --> 00:13:01,279

on his website and and that turned out

338

00:13:05,829 --> 00:13:04,160

to be fine um the end days weren't about

339

00:13:08,389 --> 00:13:05,839

that kind of sharing it had more to do

340

00:13:10,629 --> 00:13:08,399

with people profiting off of

341

00:13:11,829 --> 00:13:10,639

things that might be said or done there

342

00:13:14,230 --> 00:13:11,839

anyhow

343

00:13:17,910 --> 00:13:14,240

i went up to hal after a speech and had

344

00:13:21,030 --> 00:13:17,920

an extraordinary conversation um

345

00:13:22,150 --> 00:13:21,040

where i said the doctor put off

346

00:13:23,350 --> 00:13:22,160

um

347

00:13:26,389 --> 00:13:23,360

you know

348

00:13:28,230 --> 00:13:26,399

i'm a hardcore libertarian

349

00:13:29,590 --> 00:13:28,240

and by the way that includes having some

350

00:13:31,750 --> 00:13:29,600

critical things to say about the

351  
00:13:33,670 --> 00:13:31,760  
libertarian party i'm not an unreserved

352  
00:13:35,829 --> 00:13:33,680  
fan of everything that the organization

353  
00:13:36,870 --> 00:13:35,839  
does but i am a hardcore libertarian i

354  
00:13:38,629 --> 00:13:36,880  
believe in

355  
00:13:41,269 --> 00:13:38,639  
individual liberty and engaging with

356  
00:13:44,310 --> 00:13:41,279  
others through peaceful means education

357  
00:13:46,069 --> 00:13:44,320  
persuasion not force or taxation

358  
00:13:48,550 --> 00:13:46,079  
um and we can get into the details of

359  
00:13:50,389 --> 00:13:48,560  
that later but i said to how

360  
00:13:52,710 --> 00:13:50,399  
i believe in government transparency the

361  
00:13:55,189 --> 00:13:52,720  
minimum government possible that's just

362  
00:13:57,189 --> 00:13:55,199  
who i am philosophically and i think he

363  
00:13:58,949 --> 00:13:57,199

already knew that

364

00:14:01,509 --> 00:13:58,959

and i said but if i were to be read into

365

00:14:03,189 --> 00:14:01,519

this program whoever's got these meta

366

00:14:06,470 --> 00:14:03,199

materials whoever has been trying to

367

00:14:09,269 --> 00:14:06,480

reverse engineering yet whoever

368

00:14:11,030 --> 00:14:09,279

has more knowledge than than the rest of

369

00:14:12,790 --> 00:14:11,040

us about

370

00:14:16,629 --> 00:14:12,800

what actually happened

371

00:14:17,990 --> 00:14:16,639

in roswell in 47 or what we may know of

372

00:14:20,949 --> 00:14:18,000

whether we're alone in the universe or

373

00:14:22,710 --> 00:14:20,959

not if i were read into that

374

00:14:24,470 --> 00:14:22,720

you think even with my philosophical

375

00:14:27,430 --> 00:14:24,480

orientation i would agree that it's in

376

00:14:30,230 --> 00:14:27,440

the best interests of humanity

377

00:14:32,150 --> 00:14:30,240

not to disclose this information and if

378

00:14:33,750 --> 00:14:32,160

i knew what the big secret was would i

379

00:14:36,310 --> 00:14:33,760

agree with it

380

00:14:37,670 --> 00:14:36,320

i think sometimes that perhaps

381

00:14:39,430 --> 00:14:37,680

the reason

382

00:14:41,110 --> 00:14:39,440

the et's haven't landed on the white

383

00:14:43,110 --> 00:14:41,120

house lawn or

384

00:14:44,389 --> 00:14:43,120

the reason that humans who may be aware

385

00:14:47,030 --> 00:14:44,399

that there's

386

00:14:48,790 --> 00:14:47,040

non-human intelligence engaging us

387

00:14:50,710 --> 00:14:48,800

having talked about it is because

388

00:14:53,750 --> 00:14:50,720

humanity right now is very much like a

389

00:14:56,310 --> 00:14:53,760

caterpillar and a christmas

390

00:14:58,230 --> 00:14:56,320

struggling to emerge as the butterfly

391

00:15:00,790 --> 00:14:58,240

as much as you might want to help that

392

00:15:02,550 --> 00:15:00,800

caterpillar emerge from that suffocating

393

00:15:05,030 --> 00:15:02,560

cocoon

394

00:15:07,110 --> 00:15:05,040

when humans do that the butterfly dies

395

00:15:08,870 --> 00:15:07,120

because it needs the struggle of

396

00:15:10,550 --> 00:15:08,880

fighting its way out of the cocoon to

397

00:15:13,030 --> 00:15:10,560

develop muscles that will allow it to

398

00:15:15,350 --> 00:15:13,040

fly as a butterfly and i wonder

399

00:15:17,430 --> 00:15:15,360

if the aliens aren't looking at us like

400

00:15:18,790 --> 00:15:17,440

that we need to leave these people alone

401  
00:15:21,509 --> 00:15:18,800  
in their

402  
00:15:23,350 --> 00:15:21,519  
nest that they've made such a mess of

403  
00:15:24,949 --> 00:15:23,360  
see if they can clean it up and we ache

404  
00:15:27,509 --> 00:15:24,959  
for them to join us as peaceful

405  
00:15:29,110 --> 00:15:27,519  
enlightened beings in the cosmos of

406  
00:15:30,790 --> 00:15:29,120  
others with that

407  
00:15:32,150 --> 00:15:30,800  
orientation i'd like to imagine that's

408  
00:15:34,710 --> 00:15:32,160  
where we are now i didn't say all that

409  
00:15:36,949 --> 00:15:34,720  
to house so i'll back up so i said how

410  
00:15:38,470 --> 00:15:36,959  
if i were read into this program would i

411  
00:15:41,030 --> 00:15:38,480  
agree that it's a good idea to keep it

412  
00:15:43,189 --> 00:15:41,040  
really secret

413  
00:15:44,870 --> 00:15:43,199

and he looked at the carpet and then he

414

00:15:47,430 --> 00:15:44,880

looked up at me and he said you know

415

00:15:48,949 --> 00:15:47,440

it's a really good question

416

00:15:50,949 --> 00:15:48,959

he said i don't know

417

00:15:53,350 --> 00:15:50,959

but i don't find the reasons for keeping

418

00:15:55,570 --> 00:15:53,360

it secret as compelling as the

419

00:15:58,150 --> 00:15:55,580

gatekeepers do

420

00:16:00,069 --> 00:15:58,160

[Music]

421

00:16:02,069 --> 00:16:00,079

and i was just stunned i wish i could go

422

00:16:03,749 --> 00:16:02,079

back in time and say gatekeepers who are

423

00:16:06,069 --> 00:16:03,759

the gatekeepers

424

00:16:07,829 --> 00:16:06,079

right when you ask is there an invisible

425

00:16:09,910 --> 00:16:07,839

college

426  
00:16:11,670 --> 00:16:09,920  
yeah i think maybe hal has bumped up

427  
00:16:13,670 --> 00:16:11,680  
against the edges of it

428  
00:16:15,110 --> 00:16:13,680  
maybe he's even inside of it to some

429  
00:16:17,509 --> 00:16:15,120  
degree

430  
00:16:19,509 --> 00:16:17,519  
i don't know but i was listening to an

431  
00:16:21,350 --> 00:16:19,519  
interview with lou elizondo just in the

432  
00:16:23,670 --> 00:16:21,360  
last day

433  
00:16:25,269 --> 00:16:23,680  
and he's talking about

434  
00:16:26,389 --> 00:16:25,279  
amnesty

435  
00:16:28,629 --> 00:16:26,399  
for

436  
00:16:29,910 --> 00:16:28,639  
the group that may have

437  
00:16:31,829 --> 00:16:29,920  
been

438  
00:16:33,110 --> 00:16:31,839

studying recovered non-human created

439

00:16:34,870 --> 00:16:33,120

technology

440

00:16:36,550 --> 00:16:34,880

and that that group stopped briefing

441

00:16:39,030 --> 00:16:36,560

congress and stopped briefing the

442

00:16:41,590 --> 00:16:39,040

executive and has gone rogue

443

00:16:43,749 --> 00:16:41,600

and that one way to get disclosure

444

00:16:46,069 --> 00:16:43,759

to get those guys to open up

445

00:16:48,949 --> 00:16:46,079

is to offer them amnesty

446

00:16:51,590 --> 00:16:48,959

truth and reconciliation along the

447

00:16:53,670 --> 00:16:51,600

the path laid out by nelson mandela

448

00:16:56,310 --> 00:16:53,680

and the way that healed uh south africa

449

00:16:57,509 --> 00:16:56,320

and i'm so i'm stunned by that

450

00:16:59,910 --> 00:16:57,519

so

451  
00:17:01,749 --> 00:16:59,920  
if there's no such group

452  
00:17:04,069 --> 00:17:01,759  
that would be an extraordinary thing for

453  
00:17:05,029 --> 00:17:04,079  
louisando to be making up out of thin

454  
00:17:08,069 --> 00:17:05,039  
air

455  
00:17:10,789 --> 00:17:08,079  
um is there a group out there i wonder

456  
00:17:14,230 --> 00:17:10,799  
that knows a lot more about

457  
00:17:16,630 --> 00:17:14,240  
where we are in the food chain of the

458  
00:17:19,350 --> 00:17:16,640  
most technologically competent life in

459  
00:17:20,549 --> 00:17:19,360  
the cosmos that's been keeping this a

460  
00:17:22,150 --> 00:17:20,559  
secret

461  
00:17:24,150 --> 00:17:22,160  
and and do they really believe their

462  
00:17:26,949 --> 00:17:24,160  
reasons for keeping it secret are in our

463  
00:17:28,870 --> 00:17:26,959

best interests

464

00:17:31,270 --> 00:17:28,880

or are they some sort of

465

00:17:34,070 --> 00:17:31,280

uh breakaway civilization like richard

466

00:17:35,110 --> 00:17:34,080

dolan talks about that should be reigned

467

00:17:36,950 --> 00:17:35,120

back in

468

00:17:38,789 --> 00:17:36,960

i don't know i'm not close enough to any

469

00:17:41,750 --> 00:17:38,799

of that to know but i bumped up around

470

00:17:43,350 --> 00:17:41,760

the edges of it enough to say

471

00:17:45,990 --> 00:17:43,360

wow this is really interesting and there

472

00:17:48,150 --> 00:17:46,000

might might be something going on here

473

00:17:50,470 --> 00:17:48,160

worthy of my attention

474

00:17:52,470 --> 00:17:50,480

and that that then became a motivation

475

00:17:54,870 --> 00:17:52,480

for running for congress first in in

476

00:17:57,270 --> 00:17:54,880

2008 and then again in a special

477

00:17:59,029 --> 00:17:57,280

election here in utah in 2017 after

478

00:18:00,789 --> 00:17:59,039

jason chaffetz resigned right after

479

00:18:02,390 --> 00:18:00,799

getting elected

480

00:18:04,150 --> 00:18:02,400

uh cost the state about five million

481

00:18:05,590 --> 00:18:04,160

dollars i think he should have paid that

482

00:18:07,669 --> 00:18:05,600

out of pocket

483

00:18:10,870 --> 00:18:07,679

but um

484

00:18:13,190 --> 00:18:10,880

when i ran in 2008 i got ridiculing news

485

00:18:16,070 --> 00:18:13,200

coverage like the park record in in park

486

00:18:18,789 --> 00:18:16,080

city utah my hometown front page

487

00:18:22,470 --> 00:18:18,799

story immigration taxes and little green

488

00:18:24,549 --> 00:18:22,480

men libertarian with a twist joe bookman

489

00:18:27,510 --> 00:18:24,559

and it was nothing but ridicule and

490

00:18:30,310 --> 00:18:27,520

degradation ksl radio

491

00:18:32,310 --> 00:18:30,320

made fun of me

492

00:18:35,350 --> 00:18:32,320

in a light-hearted you know good humored

493

00:18:37,190 --> 00:18:35,360

way i suppose but i was in washington dc

494

00:18:39,590 --> 00:18:37,200

i announced that campaign at the

495

00:18:40,630 --> 00:18:39,600

national press club thanks to steve

496

00:18:43,029 --> 00:18:40,640

bassett

497

00:18:45,110 --> 00:18:43,039

holding a media event there after one of

498

00:18:46,789 --> 00:18:45,120

his ex conferences i'll be out forever

499

00:18:48,390 --> 00:18:46,799

grateful to steve for that i think steve

500

00:18:50,870 --> 00:18:48,400

does good work

501  
00:18:52,870 --> 00:18:50,880  
um so i'm in dc i announced my campaign

502  
00:18:54,470 --> 00:18:52,880  
i'm going to call for congress to pass

503  
00:18:56,470 --> 00:18:54,480  
legislation

504  
00:18:59,270 --> 00:18:56,480  
to protect whistleblowers you know right

505  
00:19:01,510 --> 00:18:59,280  
now we persecute whistleblowers um we

506  
00:19:03,590 --> 00:19:01,520  
intimidate them definitely

507  
00:19:05,590 --> 00:19:03,600  
we uh we do horrible things to people

508  
00:19:07,590 --> 00:19:05,600  
who suggest our government has engaged

509  
00:19:09,110 --> 00:19:07,600  
in criminal activity

510  
00:19:11,590 --> 00:19:09,120  
so i saw a path

511  
00:19:13,830 --> 00:19:11,600  
to healing that being congress passes

512  
00:19:15,430 --> 00:19:13,840  
resolutions legislation

513  
00:19:17,510 --> 00:19:15,440

protecting whistleblowers on anything

514

00:19:18,630 --> 00:19:17,520

related to government waste

515

00:19:21,350 --> 00:19:18,640

fraud

516

00:19:24,070 --> 00:19:21,360

criminal activity or the e.t issue the

517

00:19:25,430 --> 00:19:24,080

et issue was the fourth of those and of

518

00:19:27,669 --> 00:19:25,440

course that's all anybody wanted to

519

00:19:28,950 --> 00:19:27,679

focus on when they wanted to make fun

520

00:19:31,510 --> 00:19:28,960

of me

521

00:19:32,789 --> 00:19:31,520

when i ran again in 2017 it was a sea

522

00:19:34,630 --> 00:19:32,799

change

523

00:19:37,029 --> 00:19:34,640

i was actually taken very fairly

524

00:19:39,350 --> 00:19:37,039

seriously

525

00:19:41,990 --> 00:19:39,360

got in seven debates got reasonable

526

00:19:43,590 --> 00:19:42,000

media coverage and um

527

00:19:45,190 --> 00:19:43,600

i developed what at least i experienced

528

00:19:47,750 --> 00:19:45,200

as a friendship with the guy who won

529

00:19:50,070 --> 00:19:47,760

that election congressman john curtis

530

00:19:52,789 --> 00:19:50,080

former mayor of provo utah now serving

531

00:19:54,230 --> 00:19:52,799

in the united states house he and i have

532

00:19:56,230 --> 00:19:54,240

continued to

533

00:19:58,230 --> 00:19:56,240

email exchange i just attended one of

534

00:19:59,669 --> 00:19:58,240

his open houses he was very kind in

535

00:20:01,029 --> 00:19:59,679

front of the entire audience there at

536

00:20:02,950 --> 00:20:01,039

the beginning of his remarks he

537

00:20:05,110 --> 00:20:02,960

acknowledged me as somebody who had run

538

00:20:07,590 --> 00:20:05,120

against him in that campaign

539

00:20:09,909 --> 00:20:07,600

i said no john we were running together

540

00:20:10,870 --> 00:20:09,919

for the same office i never run against

541

00:20:12,549 --> 00:20:10,880

anyone

542

00:20:14,549 --> 00:20:12,559

and he laughed and told the audience

543

00:20:15,510 --> 00:20:14,559

that's what i love about my libertarian

544

00:20:16,950 --> 00:20:15,520

friend

545

00:20:18,549 --> 00:20:16,960

so you know people say well i run as a

546

00:20:19,669 --> 00:20:18,559

third-party candidate well if you can

547

00:20:21,350 --> 00:20:19,679

get the attention of the guy who

548

00:20:22,789 --> 00:20:21,360

actually wins

549

00:20:24,230 --> 00:20:22,799

you can create social change without

550

00:20:26,630 --> 00:20:24,240

winning the election if you could win

551  
00:20:27,510 --> 00:20:26,640  
the battle of ideas

552  
00:20:30,149 --> 00:20:27,520  
so

553  
00:20:32,070 --> 00:20:30,159  
i've rambled around a bit

554  
00:20:33,669 --> 00:20:32,080  
i think there is

555  
00:20:35,430 --> 00:20:33,679  
something fairly described as an

556  
00:20:37,270 --> 00:20:35,440  
individual college i think there's a

557  
00:20:39,270 --> 00:20:37,280  
core of it that

558  
00:20:42,310 --> 00:20:39,280  
perhaps has been engaged with this issue

559  
00:20:45,830 --> 00:20:42,320  
from the time of president truman

560  
00:20:47,110 --> 00:20:45,840  
i think perhaps it it went rogue

561  
00:20:49,110 --> 00:20:47,120  
richard dolan thinks it went

562  
00:20:50,710 --> 00:20:49,120  
multinational and corporate and

563  
00:20:52,950 --> 00:20:50,720

underground as a way to avoid the

564

00:20:54,789 --> 00:20:52,960

freedom of information act

565

00:20:57,270 --> 00:20:54,799

maybe

566

00:20:59,430 --> 00:20:57,280

thinks there's a breakaway civilization

567

00:21:01,510 --> 00:20:59,440

give that less caduality

568

00:21:03,430 --> 00:21:01,520

others think there's a secret space

569

00:21:06,390 --> 00:21:03,440

program and we're already traveling the

570

00:21:08,549 --> 00:21:06,400

cosmos with some sort of high-tech

571

00:21:10,950 --> 00:21:08,559

anti-grav or

572

00:21:12,630 --> 00:21:10,960

space-time vending machines

573

00:21:14,710 --> 00:21:12,640

i give that very low credibility but

574

00:21:16,549 --> 00:21:14,720

some people think there is such a secret

575

00:21:18,149 --> 00:21:16,559

space program i don't know what i'm

576  
00:21:20,310 --> 00:21:18,159  
pretty sure of though is there's a wider

577  
00:21:22,149 --> 00:21:20,320  
circle outside of that core that as far

578  
00:21:24,470 --> 00:21:22,159  
as i know i've never encountered

579  
00:21:25,350 --> 00:21:24,480  
people like bob bigelow and hal put off

580  
00:21:28,230 --> 00:21:25,360  
and

581  
00:21:32,070 --> 00:21:30,070  
this guy i can't pronounce his name uh

582  
00:21:33,830 --> 00:21:32,080  
who with com and george knapp just

583  
00:21:36,230 --> 00:21:33,840  
published a book on the skinwalker ranch

584  
00:21:37,510 --> 00:21:36,240  
it's catski do you know how that name is

585  
00:21:40,310 --> 00:21:37,520  
pronounced yes

586  
00:21:42,870 --> 00:21:40,320  
uh lakatsky i believe lookowski that's

587  
00:21:45,110 --> 00:21:42,880  
right i mean i think these guys are not

588  
00:21:46,870 --> 00:21:45,120

in the very inner circle or around that

589

00:21:49,350 --> 00:21:46,880

campfire somehow and then there's people

590

00:21:51,029 --> 00:21:49,360

like me a little further out quite a bit

591

00:21:52,870 --> 00:21:51,039

further out just sort of

592

00:21:55,350 --> 00:21:52,880

bumping into them occasionally wondering

593

00:21:57,029 --> 00:21:55,360

what the heck's going on

594

00:21:59,190 --> 00:21:57,039

john alexander

595

00:22:01,029 --> 00:21:59,200

was the host for that sse meeting in

596

00:22:02,710 --> 00:22:01,039

vegas it's his hometown he's one of i

597

00:22:03,909 --> 00:22:02,720

believe the founding members or had been

598

00:22:05,750 --> 00:22:03,919

on the board

599

00:22:07,510 --> 00:22:05,760

and part of what john arranged which was

600

00:22:10,070 --> 00:22:07,520

so extraordinary

601  
00:22:13,270 --> 00:22:10,080  
was a tour of bigelow aerospace

602  
00:22:15,270 --> 00:22:13,280  
so i got to go there um on buses from

603  
00:22:16,310 --> 00:22:15,280  
the convention center out to bigelow's

604  
00:22:18,470 --> 00:22:16,320  
property

605  
00:22:19,990 --> 00:22:18,480  
saw the control room for genesis 1 and

606  
00:22:22,070 --> 00:22:20,000  
genesis 2. i don't know if your

607  
00:22:24,789 --> 00:22:22,080  
listeners are aware but we have two

608  
00:22:28,070 --> 00:22:24,799  
inflatable space habitats orbiting the

609  
00:22:29,510 --> 00:22:28,080  
earth right now neither of them occupied

610  
00:22:31,270 --> 00:22:29,520  
but test

611  
00:22:33,270 --> 00:22:31,280  
craft to see if this inflatable

612  
00:22:34,870 --> 00:22:33,280  
technology would be durable and could

613  
00:22:36,710 --> 00:22:34,880

support life and then later bigelow

614

00:22:39,510 --> 00:22:36,720

attached one to the international space

615

00:22:42,149 --> 00:22:39,520

station glued up like a balloon

616

00:22:44,310 --> 00:22:42,159

gives a much larger space and what they

617

00:22:46,630 --> 00:22:44,320

believe is a safer space compared to the

618

00:22:49,350 --> 00:22:46,640

tin can of of the older parts of the

619

00:22:51,350 --> 00:22:49,360

space station anyway my tour guide was

620

00:22:53,029 --> 00:22:51,360

tom galler

621

00:22:55,350 --> 00:22:53,039

and

622

00:22:57,110 --> 00:22:55,360

it's just an extraordinary experience of

623

00:22:59,270 --> 00:22:57,120

seeing what they're developing for for

624

00:23:00,549 --> 00:22:59,280

human occupancy and low earth orbit

625

00:23:03,350 --> 00:23:00,559

incredible

626

00:23:05,510 --> 00:23:03,360

so i'm pretty sure bigelow might be

627

00:23:07,669 --> 00:23:05,520

around the edges of that in invisible

628

00:23:09,830 --> 00:23:07,679

college i don't know how far in or if he

629

00:23:11,750 --> 00:23:09,840

has the same questions i have

630

00:23:13,270 --> 00:23:11,760

and then i'm pretty sure as i'm sure you

631

00:23:15,430 --> 00:23:13,280

are as well and anybody who looks at

632

00:23:17,990 --> 00:23:15,440

this issue is whatever

633

00:23:20,149 --> 00:23:18,000

human beings have the greatest amount of

634

00:23:23,350 --> 00:23:20,159

knowledge on this subject

635

00:23:25,510 --> 00:23:23,360

i suspect they realize they know even

636

00:23:27,590 --> 00:23:25,520

less than we do in terms of the the

637

00:23:29,510 --> 00:23:27,600

grand questions amen imagine they're

638

00:23:31,909 --> 00:23:29,520

just left bewildered

639

00:23:33,510 --> 00:23:31,919

um having confronted whatever it is that

640

00:23:36,070 --> 00:23:33,520

they know that we we'd all like to know

641

00:23:39,510 --> 00:23:36,080

as well i i don't think there's any

642

00:23:42,549 --> 00:23:39,520

human beings on the planet who've got

643

00:23:44,470 --> 00:23:42,559

some sort of end level of answers to who

644

00:23:46,870 --> 00:23:44,480

we are why we're here what's the nature

645

00:23:49,430 --> 00:23:46,880

of reality what's real physics look like

646

00:23:50,470 --> 00:23:49,440

how do you travel the stars

647

00:23:51,669 --> 00:23:50,480

um

648

00:23:53,269 --> 00:23:51,679

uh

649

00:23:54,710 --> 00:23:53,279

the things i wonder about and i know you

650

00:23:57,029 --> 00:23:54,720

do too and that that's why i've enjoyed

651  
00:23:58,470 --> 00:23:57,039  
our friendship so much over the years is

652  
00:24:00,789 --> 00:23:58,480  
it's rare to find people to have

653  
00:24:03,190 --> 00:24:00,799  
conversations like this with

654  
00:24:06,310 --> 00:24:03,200  
because it seems to me like out of the

655  
00:24:08,310 --> 00:24:06,320  
seven billion people on planet earth

656  
00:24:11,110 --> 00:24:08,320  
close to seven billion of them are are

657  
00:24:13,029 --> 00:24:11,120  
more concerned about what's going on in

658  
00:24:16,549 --> 00:24:13,039  
hollywood or the latest

659  
00:24:19,909 --> 00:24:16,559  
curious sex scandal or yeah the latest

660  
00:24:21,590 --> 00:24:19,919  
true crime story or or just

661  
00:24:23,190 --> 00:24:21,600  
for an awful lot of us just finding

662  
00:24:24,630 --> 00:24:23,200  
enough to eat so you don't go to bed

663  
00:24:27,430 --> 00:24:24,640

hungry

664

00:24:28,230 --> 00:24:27,440

um so asking questions about cosmology

665

00:24:31,830 --> 00:24:28,240

and

666

00:24:33,430 --> 00:24:31,840

there's intelligent non-human life here

667

00:24:35,430 --> 00:24:33,440

whether there's recovery technology

668

00:24:37,350 --> 00:24:35,440

we've attempted to reverse engineer

669

00:24:39,430 --> 00:24:37,360

these are rare conversations not a lot

670

00:24:40,710 --> 00:24:39,440

of the planet is having them yet

671

00:24:42,390 --> 00:24:40,720

yeah

672

00:24:44,789 --> 00:24:42,400

it's extraordinary

673

00:24:46,710 --> 00:24:44,799

and you know most people are not as

674

00:24:48,310 --> 00:24:46,720

academic and scholarly in the way that

675

00:24:50,950 --> 00:24:48,320

they view this subject matter and i

676

00:24:53,029 --> 00:24:50,960

appreciate that about you although it

677

00:24:54,950 --> 00:24:53,039

may be one of the most important

678

00:24:58,149 --> 00:24:54,960

missions overall in our quest for

679

00:24:59,430 --> 00:24:58,159

answers as to our place in the universe

680

00:25:01,350 --> 00:24:59,440

in the

681

00:25:03,269 --> 00:25:01,360

incidents that you've researched you

682

00:25:05,669 --> 00:25:03,279

mentioned that sometimes these

683

00:25:06,950 --> 00:25:05,679

witnesses or experiences aren't treated

684

00:25:09,110 --> 00:25:06,960

all that well

685

00:25:11,669 --> 00:25:09,120

have you come across tales of the

686

00:25:16,950 --> 00:25:11,679

proverbial men in black and who do you

687

00:25:21,990 --> 00:25:19,750

i have no clue who they are

688

00:25:24,070 --> 00:25:22,000

and yes i have run across

689

00:25:26,830 --> 00:25:24,080

people who i know well who

690

00:25:29,430 --> 00:25:26,840

related incredible stories of having

691

00:25:31,590 --> 00:25:29,440

encountered what you might term in

692

00:25:33,269 --> 00:25:31,600

plaque and and

693

00:25:35,990 --> 00:25:33,279

the first of those stories goes oh way

694

00:25:39,350 --> 00:25:36,000

back to the 1960s

695

00:25:41,350 --> 00:25:39,360

um i i've often asked myself why am i

696

00:25:43,190 --> 00:25:41,360

interested in this subject you know how

697

00:25:44,710 --> 00:25:43,200

did that come to happen

698

00:25:47,510 --> 00:25:44,720

actually

699

00:25:50,310 --> 00:25:47,520

that reporter out of cape cod his last

700

00:25:52,310 --> 00:25:50,320

name's farley dick farley

701  
00:25:54,630 --> 00:25:52,320  
was at the

702  
00:25:56,470 --> 00:25:54,640  
ex-conference press conference at the

703  
00:25:58,630 --> 00:25:56,480  
national press club i think a year later

704  
00:26:00,470 --> 00:25:58,640  
maybe 2009

705  
00:26:02,470 --> 00:26:00,480  
and he asked me why i was interested in

706  
00:26:04,310 --> 00:26:02,480  
this and i kind of fumbled around he

707  
00:26:05,909 --> 00:26:04,320  
says well i think you're a contactee i

708  
00:26:07,269 --> 00:26:05,919  
think that's what causes people to get

709  
00:26:08,549 --> 00:26:07,279  
interested and i thought well that's

710  
00:26:10,710 --> 00:26:08,559  
wacky

711  
00:26:13,909 --> 00:26:10,720  
i have no memory of ever having been a

712  
00:26:14,789 --> 00:26:13,919  
contact to you of any kind and i i have

713  
00:26:17,029 --> 00:26:14,799

a

714

00:26:19,590 --> 00:26:17,039

high hurdle for

715

00:26:20,950 --> 00:26:19,600

giving credulity to people who report

716

00:26:23,269 --> 00:26:20,960

encountering

717

00:26:25,190 --> 00:26:23,279

bty for channeling the pleiadian

718

00:26:26,470 --> 00:26:25,200

galactic council and that kind of stuff

719

00:26:28,470 --> 00:26:26,480

i just

720

00:26:30,630 --> 00:26:28,480

i don't want to call it crap but it kind

721

00:26:32,710 --> 00:26:30,640

of goes into that bucket for me and i

722

00:26:34,310 --> 00:26:32,720

admit that as a bias

723

00:26:36,470 --> 00:26:34,320

i know some people

724

00:26:38,470 --> 00:26:36,480

find it very credible and helpful and

725

00:26:41,430 --> 00:26:38,480

enlightening or whatever whatever i i

726

00:26:44,070 --> 00:26:41,440

just haven't focused on that but

727

00:26:47,590 --> 00:26:44,080

dick farley's question got me wondering

728

00:26:51,590 --> 00:26:49,510

i had

729

00:26:53,350 --> 00:26:51,600

bought an rv this is going to be a long

730

00:26:55,510 --> 00:26:53,360

story but i'll try to cut it somewhat

731

00:26:56,950 --> 00:26:55,520

short i know i tend to ramble not at all

732

00:26:59,669 --> 00:26:56,960

and i'll try to get back to the point of

733

00:27:01,269 --> 00:26:59,679

the men in black i bought an rv in 1998

734

00:27:03,830 --> 00:27:01,279

put my wife and four kids in it they

735

00:27:05,909 --> 00:27:03,840

were all little kids pre-teens

736

00:27:07,510 --> 00:27:05,919

did a tour around the country and then

737

00:27:09,990 --> 00:27:07,520

we did that again the next year and we

738

00:27:11,990 --> 00:27:10,000

went down to roswell and glen dennis and

739

00:27:14,149 --> 00:27:12,000

walter hott were still alive

740

00:27:15,750 --> 00:27:14,159

and i met them talked to glenn dennis at

741

00:27:17,510 --> 00:27:15,760

length

742

00:27:19,190 --> 00:27:17,520

he was interested in getting a smaller

743

00:27:21,590 --> 00:27:19,200

rv

744

00:27:23,590 --> 00:27:21,600

the museum there was fascinating and i

745

00:27:26,230 --> 00:27:23,600

realized something that shocked me which

746

00:27:29,990 --> 00:27:26,240

was that stan friedman

747

00:27:32,950 --> 00:27:30,000

didn't interview jesse marcel senior

748

00:27:34,549 --> 00:27:32,960

i think it was 1978

749

00:27:36,230 --> 00:27:34,559

uh or maybe that's when the book was

750

00:27:37,350 --> 00:27:36,240

published

751  
00:27:39,669 --> 00:27:37,360  
um

752  
00:27:42,389 --> 00:27:39,679  
and i had been asking about

753  
00:27:46,549 --> 00:27:42,399  
ufos at hangar 18 of wright-patterson

754  
00:27:52,710 --> 00:27:50,389  
so in that museum i thought how the heck

755  
00:27:55,830 --> 00:27:52,720  
did i know to ask about

756  
00:28:00,630 --> 00:27:55,840  
recovered flying saucer hangar 18

757  
00:28:05,669 --> 00:28:03,430  
i was a

758  
00:28:07,990 --> 00:28:05,679  
sophomore in high school and i had

759  
00:28:10,389 --> 00:28:08,000  
entered a science fair in indiana i grew

760  
00:28:12,789 --> 00:28:10,399  
up just north of louisville kentucky

761  
00:28:14,830 --> 00:28:12,799  
and i was playing around with lasers and

762  
00:28:17,830 --> 00:28:14,840  
holograms in

763  
00:28:19,269 --> 00:28:17,840

1974. i bought a kit

764

00:28:21,269 --> 00:28:19,279

back in those days pre-internet you

765

00:28:23,590 --> 00:28:21,279

could get these catalogs of scientific

766

00:28:25,190 --> 00:28:23,600

equipment they were just fascinating

767

00:28:27,269 --> 00:28:25,200

full of stuff for people doing science

768

00:28:30,070 --> 00:28:27,279

fair projects

769

00:28:32,070 --> 00:28:30,080

and so i ordered a ruby red laser from a

770

00:28:34,549 --> 00:28:32,080

company and i i soldered together the

771

00:28:36,870 --> 00:28:34,559

power supply and i built a mounting for

772

00:28:38,870 --> 00:28:36,880

the ruby red laser it was about the size

773

00:28:39,909 --> 00:28:38,880

of two pringle cans one on top of the

774

00:28:41,590 --> 00:28:39,919

other

775

00:28:43,590 --> 00:28:41,600

and it plugged into the wall didn't run

776

00:28:45,750 --> 00:28:43,600  
on batteries

777

00:28:47,350 --> 00:28:45,760  
the tube for the laser was about a

778

00:28:49,269 --> 00:28:47,360  
little smaller than the size of one of

779

00:28:50,870 --> 00:28:49,279  
those pringle cams

780

00:28:52,549 --> 00:28:50,880  
i got to be one of the first people on

781

00:28:55,110 --> 00:28:52,559  
earth to discover that you could point a

782

00:28:56,830 --> 00:28:55,120  
ruby red laser dot at the floor

783

00:28:59,190 --> 00:28:56,840  
and drive your cat

784

00:29:01,269 --> 00:28:59,200  
nuts i was doing that

785

00:29:02,950 --> 00:29:01,279  
again 1974.

786

00:29:04,549 --> 00:29:02,960  
well i won the science fair got all

787

00:29:07,990 --> 00:29:04,559  
sorts of awards

788

00:29:09,830 --> 00:29:08,000

got an award from the air force and

789

00:29:11,590 --> 00:29:09,840

went up to

790

00:29:13,909 --> 00:29:11,600

indianapolis

791

00:29:17,269 --> 00:29:13,919

at the same arena that's in rocket boys

792

00:29:19,350 --> 00:29:17,279

the movie from the same science fair

793

00:29:21,510 --> 00:29:19,360

10 12 years after the one that's in

794

00:29:23,510 --> 00:29:21,520

rocket boys winner von braun was not

795

00:29:24,789 --> 00:29:23,520

there for mine

796

00:29:26,389 --> 00:29:24,799

but

797

00:29:29,190 --> 00:29:26,399

part of the award for the air from the

798

00:29:33,190 --> 00:29:29,200

air force included a trip

799

00:29:36,789 --> 00:29:34,789

so off i go

800

00:29:38,389 --> 00:29:36,799

and

801  
00:29:39,830 --> 00:29:38,399  
i remember it very clearly because you

802  
00:29:41,830 --> 00:29:39,840  
know the interstate highway system was

803  
00:29:43,430 --> 00:29:41,840  
still pretty new and that was probably

804  
00:29:45,669 --> 00:29:43,440  
the long furthest i'd gone away from

805  
00:29:46,870 --> 00:29:45,679  
home without my mom or dad

806  
00:29:52,470 --> 00:29:46,880  
um

807  
00:29:55,909 --> 00:29:52,480  
and i had this friend in scouting who

808  
00:29:57,750 --> 00:29:55,919  
was an older uh advisor you know i was

809  
00:29:59,350 --> 00:29:57,760  
14 he was probably 10 years older in his

810  
00:30:00,870 --> 00:29:59,360  
20s and he said oh if you're going up

811  
00:30:03,269 --> 00:30:00,880  
the right path ask about the flying

812  
00:30:05,350 --> 00:30:03,279  
saucer in hangar 18. so i did

813  
00:30:07,830 --> 00:30:05,360

quite innocently

814

00:30:10,230 --> 00:30:07,840

uh ignorantly i said to these two air

815

00:30:12,630 --> 00:30:10,240

force officers uh

816

00:30:13,990 --> 00:30:12,640

you know can i see the flying saucer

817

00:30:16,070 --> 00:30:14,000

and

818

00:30:19,269 --> 00:30:16,080

i have a very vivid memory of part of

819

00:30:21,029 --> 00:30:19,279

that trip on the highway

820

00:30:22,870 --> 00:30:21,039

uh we're in the car and we're passing a

821

00:30:24,630 --> 00:30:22,880

military convoy

822

00:30:25,830 --> 00:30:24,640

and they say something about civilian

823

00:30:27,669 --> 00:30:25,840

cars aren't supposed to get in the

824

00:30:29,110 --> 00:30:27,679

middle of a convoy

825

00:30:31,269 --> 00:30:29,120

and i said well

826

00:30:34,149 --> 00:30:31,279

if the law is not publicized how do you

827

00:30:36,230 --> 00:30:34,159

expect people to follow it

828

00:30:38,630 --> 00:30:36,240

i guess i was a libertarian even then

829

00:30:40,870 --> 00:30:38,640

because uh i read somewhere all of us

830

00:30:42,470 --> 00:30:40,880

commit about nine felonies a day mostly

831

00:30:44,310 --> 00:30:42,480

out of ignorance because the federal

832

00:30:45,750 --> 00:30:44,320

code is about as tall as the empire

833

00:30:47,110 --> 00:30:45,760

state building if you print the whole

834

00:30:48,950 --> 00:30:47,120

thing out

835

00:30:50,070 --> 00:30:48,960

but anyway i have a vivid memory of that

836

00:30:51,750 --> 00:30:50,080

i have no memory of being at

837

00:30:53,430 --> 00:30:51,760

wright-patterson air force base and then

838

00:30:54,950 --> 00:30:53,440

i have a vivid memory of them dropping

839

00:30:57,350 --> 00:30:54,960

me off at home

840

00:31:00,630 --> 00:30:57,360

when one of them says later that day it

841

00:31:02,630 --> 00:31:00,640

was night time by now says uh do i turn

842

00:31:04,389 --> 00:31:02,640

left to get to your parents house and i

843

00:31:05,509 --> 00:31:04,399

said yeah that's right he said don't

844

00:31:07,350 --> 00:31:05,519

ever say that you should say that's

845

00:31:08,950 --> 00:31:07,360

correct if you say that's right it could

846

00:31:10,710 --> 00:31:08,960

be confusing

847

00:31:12,470 --> 00:31:10,720

now why do i have these two very vivid

848

00:31:13,590 --> 00:31:12,480

memories and no memory of being a right

849

00:31:15,029 --> 00:31:13,600

path

850

00:31:16,830 --> 00:31:15,039

i don't know so after i visit the

851  
00:31:18,630 --> 00:31:16,840  
roswell museum

852  
00:31:21,269 --> 00:31:18,640  
1999

853  
00:31:22,870 --> 00:31:21,279  
maybe it was 98 but i think it was 99.

854  
00:31:24,310 --> 00:31:22,880  
um

855  
00:31:25,990 --> 00:31:24,320  
i started wondering about these things

856  
00:31:27,509 --> 00:31:26,000  
so i called my friend pete up and i said

857  
00:31:29,350 --> 00:31:27,519  
boy are you trying to get me killed how

858  
00:31:33,190 --> 00:31:29,360  
did you know about

859  
00:31:36,870 --> 00:31:33,200  
flying saucers at right pat 1974

860  
00:31:38,470 --> 00:31:36,880  
and told him the story i just told you

861  
00:31:39,909 --> 00:31:38,480  
and he said well he had a friend who was

862  
00:31:42,230 --> 00:31:39,919  
a certified

863  
00:31:44,230 --> 00:31:42,240

flight instructor my friend pete was a

864

00:31:46,230 --> 00:31:44,240

private pilot this was the guy who

865

00:31:48,389 --> 00:31:46,240

taught him to fly flying buddies are

866

00:31:51,029 --> 00:31:48,399

often best friends

867

00:31:53,509 --> 00:31:51,039

so my my buddy was really interested in

868

00:31:54,870 --> 00:31:53,519

flying saucers so we went to this

869

00:31:56,310 --> 00:31:54,880

thing at the university of louisville

870

00:31:58,470 --> 00:31:56,320

with the talk and they talked about a

871

00:31:59,350 --> 00:31:58,480

flying saucer right pat so we drove up

872

00:32:01,750 --> 00:31:59,360

there

873

00:32:03,430 --> 00:32:01,760

and we tried to get into hangar 18 of

874

00:32:05,190 --> 00:32:03,440

building 18.

875

00:32:07,669 --> 00:32:05,200

and he says really funny joe for about a

876

00:32:09,750 --> 00:32:07,679

year after that i was followed around by

877

00:32:12,149 --> 00:32:09,760

guys who drove a dark sedan and wore

878

00:32:13,110 --> 00:32:12,159

dark suits and sunglasses with narrow

879

00:32:15,590 --> 00:32:13,120

ties

880

00:32:17,509 --> 00:32:15,600

if i ever met with my friend at uh

881

00:32:18,549 --> 00:32:17,519

frisch's trisha's is kind of like

882

00:32:21,509 --> 00:32:18,559

denny's

883

00:32:22,950 --> 00:32:21,519

or bob's big boy back then in the 60s so

884

00:32:24,630 --> 00:32:22,960

these other guys would show up and sit

885

00:32:25,990 --> 00:32:24,640

at the booth across from us and just

886

00:32:28,870 --> 00:32:26,000

stare at us he said it was followed

887

00:32:31,029 --> 00:32:28,880

around for about a year so that's my one

888

00:32:32,389 --> 00:32:31,039

men and black story took a long time to

889

00:32:33,430 --> 00:32:32,399

get there

890

00:32:35,110 --> 00:32:33,440

um

891

00:32:36,710 --> 00:32:35,120

so i've been really interested in what

892

00:32:39,269 --> 00:32:36,720

happened to wright-patterson air force

893

00:32:41,029 --> 00:32:39,279

base and yvonne smith has offered to

894

00:32:43,430 --> 00:32:41,039

regress me i told the story to win

895

00:32:45,269 --> 00:32:43,440

multi-house 20 years ago she said i

896

00:32:48,789 --> 00:32:45,279

should go see leo sprinkle i've never

897

00:32:50,389 --> 00:32:48,799

done that now we was in his 90s i think

898

00:32:51,990 --> 00:32:50,399

um

899

00:32:53,750 --> 00:32:52,000

but i would like to recover the memory

900

00:32:55,269 --> 00:32:53,760

of what happened there the only other

901  
00:32:58,149 --> 00:32:55,279  
thing that

902  
00:33:00,549 --> 00:32:58,159  
that relates to that is when i graduated

903  
00:33:03,029 --> 00:33:00,559  
from college i had an overwhelming

904  
00:33:06,470 --> 00:33:03,039  
desire out of nowhere

905  
00:33:09,509 --> 00:33:06,480  
to apply for a job with sandia labs

906  
00:33:11,430 --> 00:33:09,519  
and i remember going to the stacks and

907  
00:33:13,909 --> 00:33:11,440  
the indiana university library that

908  
00:33:18,389 --> 00:33:13,919  
beautiful building they have there

909  
00:33:20,630 --> 00:33:18,399  
and looking up um sandia labs i just

910  
00:33:22,070 --> 00:33:20,640  
for no reason i was looking at the rand

911  
00:33:24,310 --> 00:33:22,080  
corporation i had a friend who had

912  
00:33:26,470 --> 00:33:24,320  
gotten a job with bell labs i don't know

913  
00:33:27,909 --> 00:33:26,480

where i ever heard of sandia and of

914

00:33:29,990 --> 00:33:27,919

course my undergrad degree was in

915

00:33:31,190 --> 00:33:30,000

marketing i didn't pursue a career

916

00:33:33,750 --> 00:33:31,200

studying

917

00:33:34,630 --> 00:33:33,760

electronics or holograms

918

00:33:37,350 --> 00:33:34,640

but

919

00:33:39,350 --> 00:33:37,360

linda or or

920

00:33:41,029 --> 00:33:39,360

maybe it was yvonne or somebody said you

921

00:33:43,110 --> 00:33:41,039

know that was probably a hypnotic

922

00:33:45,990 --> 00:33:43,120

suggestion they gave you

923

00:33:48,149 --> 00:33:46,000

at right path yeah i'd also told this

924

00:33:49,909 --> 00:33:48,159

story to a friend of mine who

925

00:33:51,750 --> 00:33:49,919

worked in intelligence for the united

926

00:33:53,430 --> 00:33:51,760

states army and was just absolutely

927

00:33:55,269 --> 00:33:53,440

convinced that i had been clinically

928

00:33:56,470 --> 00:33:55,279

debriefed he said if you were asking

929

00:33:58,950 --> 00:33:56,480

about

930

00:34:01,190 --> 00:33:58,960

flying saucers in 1974

931

00:34:03,110 --> 00:34:01,200

they didn't have a sense of humor

932

00:34:04,870 --> 00:34:03,120

they may have pulled you aside

933

00:34:06,470 --> 00:34:04,880

given you a drug to find out how you

934

00:34:08,310 --> 00:34:06,480

need to ask about that he said the

935

00:34:10,310 --> 00:34:08,320

reason i say that is one of the common

936

00:34:13,109 --> 00:34:10,320

side effects of that drug is

937

00:34:14,470 --> 00:34:13,119

you have a very clear memory before it

938

00:34:16,310 --> 00:34:14,480

takes effect

939

00:34:19,589 --> 00:34:16,320

you have a very clear memory of after it

940

00:34:20,790 --> 00:34:19,599

wears off and nothing in between

941

00:34:21,750 --> 00:34:20,800

and

942

00:34:23,990 --> 00:34:21,760

i have

943

00:34:26,710 --> 00:34:24,000

another friend who's a psychiatrist i've

944

00:34:28,069 --> 00:34:26,720

shared this story with and he said yeah

945

00:34:30,069 --> 00:34:28,079

i know what kind of drugs they were

946

00:34:33,030 --> 00:34:30,079

using in the 60s that's

947

00:34:34,710 --> 00:34:33,040

a common kind of story so the

948

00:34:36,550 --> 00:34:34,720

memories you might have are probably

949

00:34:37,909 --> 00:34:36,560

completely unrecoverable if that's what

950

00:34:39,990 --> 00:34:37,919

they actually did and i said you give

951  
00:34:41,829 --> 00:34:40,000  
this story credence

952  
00:34:43,430 --> 00:34:41,839  
he said yeah absolutely he said i said

953  
00:34:45,109 --> 00:34:43,440  
you believe i was chemically debriefed

954  
00:34:47,669 --> 00:34:45,119  
as a high school student at wrightpat

955  
00:34:49,270 --> 00:34:47,679  
1974 he says i absolutely believe it and

956  
00:34:52,069 --> 00:34:49,280  
i said you know you believe it more than

957  
00:34:53,750 --> 00:34:52,079  
i do why is that he said it's because

958  
00:34:55,909 --> 00:34:53,760  
it's not the first time i've heard this

959  
00:34:58,470 --> 00:34:55,919  
story

960  
00:35:02,550 --> 00:34:58,480  
um linda mullen house has said she was

961  
00:35:05,270 --> 00:35:02,560  
aware that this invisible college

962  
00:35:07,270 --> 00:35:05,280  
was recruiting

963  
00:35:10,069 --> 00:35:07,280

grooming

964

00:35:12,069 --> 00:35:10,079

identifying early on

965

00:35:13,349 --> 00:35:12,079

people who might join the organization

966

00:35:15,589 --> 00:35:13,359

later

967

00:35:17,750 --> 00:35:15,599

by sending people to high school science

968

00:35:19,109 --> 00:35:17,760

fairs like looking for the brightest

969

00:35:21,670 --> 00:35:19,119

minds

970

00:35:23,670 --> 00:35:21,680

uh to to kind of monitor and watch and

971

00:35:26,230 --> 00:35:23,680

maybe develop and then bring into the

972

00:35:27,270 --> 00:35:26,240

organization you know a decade later

973

00:35:30,310 --> 00:35:27,280

sure

974

00:35:33,430 --> 00:35:30,320

if that's the case i probably messed up

975

00:35:38,310 --> 00:35:35,829

i never got such an invitation

976

00:35:40,230 --> 00:35:38,320

but uh what i've just told you

977

00:35:42,310 --> 00:35:40,240

on this podcast that whole story of

978

00:35:44,470 --> 00:35:42,320

visiting right pat i've only told that

979

00:35:47,030 --> 00:35:44,480

one or two other times um something i

980

00:35:49,190 --> 00:35:47,040

had been uncomfortable talking about and

981

00:35:50,950 --> 00:35:49,200

um never shared it

982

00:35:52,870 --> 00:35:50,960

at a conference or

983

00:35:54,710 --> 00:35:52,880

other than in private conversations late

984

00:35:55,910 --> 00:35:54,720

at night so it'll be interesting to see

985

00:35:58,470 --> 00:35:55,920

if

986

00:35:59,829 --> 00:35:58,480

your podcast stirs up any reactions for

987

00:36:01,430 --> 00:35:59,839

anyone but

988

00:36:03,190 --> 00:36:01,440

i believe my friend pete when he tells

989

00:36:05,109 --> 00:36:03,200

me he was followed around by guys who

990

00:36:08,550 --> 00:36:05,119

look like classic men and black guys

991

00:36:10,950 --> 00:36:08,560

because i've known this guy since i was

992

00:36:13,030 --> 00:36:10,960

in my early teens and and he's an honest

993

00:36:14,230 --> 00:36:13,040

guy yeah

994

00:36:15,030 --> 00:36:14,240

absolutely

995

00:36:17,750 --> 00:36:15,040

and

996

00:36:19,910 --> 00:36:17,760

many of the top minds researching let's

997

00:36:21,430 --> 00:36:19,920

just call it high strangeness in general

998

00:36:24,230 --> 00:36:21,440

have gathered

999

00:36:27,030 --> 00:36:24,240

that human observers of this phenomenon

1000

00:36:28,230 --> 00:36:27,040

are receivers of sorts and as jack valet

1001  
00:36:31,510 --> 00:36:28,240  
i believe has mentioned there's

1002  
00:36:33,670 --> 00:36:31,520  
typically two types of ufo reports the

1003  
00:36:35,190 --> 00:36:33,680  
ones that are reported to authorities

1004  
00:36:37,030 --> 00:36:35,200  
and the ones that are shared with

1005  
00:36:38,470 --> 00:36:37,040  
trusted listeners

1006  
00:36:40,069 --> 00:36:38,480  
do you think

1007  
00:36:42,069 --> 00:36:40,079  
that some feel the need to go to

1008  
00:36:44,150 --> 00:36:42,079  
authorities and are these typically less

1009  
00:36:46,870 --> 00:36:44,160  
dogmatic individuals or less religious

1010  
00:36:49,430 --> 00:36:46,880  
individuals and what part if any do you

1011  
00:36:53,270 --> 00:36:49,440  
think religion or spirituality plays in

1012  
00:36:59,109 --> 00:36:56,710  
yeah i don't know um

1013  
00:37:01,270 --> 00:36:59,119

you know eric van doneken

1014

00:37:04,310 --> 00:37:01,280

is somebody who's been at the contact in

1015

00:37:06,150 --> 00:37:04,320

the desert conference uh yeah frequently

1016

00:37:08,790 --> 00:37:06,160

maybe even every year

1017

00:37:11,349 --> 00:37:08,800

yeah guys in his 80s last time i saw him

1018

00:37:13,430 --> 00:37:11,359

and full of energy and when i was in

1019

00:37:15,990 --> 00:37:13,440

high school or junior high read cherry

1020

00:37:17,990 --> 00:37:16,000

to the gods

1021

00:37:20,470 --> 00:37:18,000

or maybe there was a tv thing about it

1022

00:37:22,069 --> 00:37:20,480

or something so i was kind of

1023

00:37:24,069 --> 00:37:22,079

loosely aware of it but i went to

1024

00:37:25,670 --> 00:37:24,079

bondigan's presentations because one of

1025

00:37:27,190 --> 00:37:25,680

the big benefits of being a speaker at

1026

00:37:29,510 --> 00:37:27,200

these conferences is you can go to the

1027

00:37:31,750 --> 00:37:29,520

other speakers presentation

1028

00:37:33,510 --> 00:37:31,760

um which is something i did i didn't see

1029

00:37:35,030 --> 00:37:33,520

a lot of other speakers doing they were

1030

00:37:37,510 --> 00:37:35,040

mostly

1031

00:37:39,589 --> 00:37:37,520

hanging around or selling books or doing

1032

00:37:42,390 --> 00:37:39,599

other stuff but

1033

00:37:45,589 --> 00:37:42,400

i find von doneken's take fascinating

1034

00:37:48,550 --> 00:37:45,599

and he deconstructs the book of enoch

1035

00:37:51,109 --> 00:37:48,560

as not a spiritual experience with

1036

00:37:52,870 --> 00:37:51,119

the god of the old testament but of a

1037

00:37:56,470 --> 00:37:52,880

ufo encounter

1038

00:37:58,470 --> 00:37:56,480

and talks about how he's uh taken up and

1039

00:38:00,230 --> 00:37:58,480

caused to become naked and covered in a

1040

00:38:02,630 --> 00:38:00,240

holy oil

1041

00:38:04,270 --> 00:38:02,640

uh which von tanakan says it sounds more

1042

00:38:06,950 --> 00:38:04,280

like he was covered in some sort of

1043

00:38:08,470 --> 00:38:06,960

anti-bacterial soap

1044

00:38:09,750 --> 00:38:08,480

and then given a view of the earth from

1045

00:38:12,470 --> 00:38:09,760

the heavens

1046

00:38:14,870 --> 00:38:12,480

um it's a fascinating story ezekiel the

1047

00:38:17,349 --> 00:38:14,880

wheel within wheels instead of flying

1048

00:38:19,829 --> 00:38:17,359

saucers spinning

1049

00:38:22,069 --> 00:38:19,839

you know some um some think that these

1050

00:38:22,950 --> 00:38:22,079

lenticular craft

1051

00:38:25,270 --> 00:38:22,960

uh

1052

00:38:27,270 --> 00:38:25,280

are able to to

1053

00:38:29,670 --> 00:38:27,280

do what they do with a propulsion system

1054

00:38:31,430 --> 00:38:29,680

that maybe involves spinning mercury at

1055

00:38:32,390 --> 00:38:31,440

a high speed around the edges of the

1056

00:38:34,710 --> 00:38:32,400

craft

1057

00:38:37,430 --> 00:38:34,720

some sort of inner tube like thing full

1058

00:38:41,510 --> 00:38:37,440

of spinning maybe magnetized electrified

1059

00:38:44,710 --> 00:38:43,349

wheel within wheel and ezekiel is that

1060

00:38:46,630 --> 00:38:44,720

what he's trying to talk about so

1061

00:38:48,390 --> 00:38:46,640

there's this idea that maybe all of

1062

00:38:51,829 --> 00:38:48,400

religion

1063

00:38:53,030 --> 00:38:51,839

uh is a misperception of encounters

1064

00:38:55,109 --> 00:38:53,040

with

1065

00:38:57,109 --> 00:38:55,119

biological life that evolved somewhere

1066

00:38:58,470 --> 00:38:57,119

else developed the technology and flew

1067

00:39:01,589 --> 00:38:58,480

here

1068

00:39:04,310 --> 00:39:01,599

i don't know right uh buddhism boy that

1069

00:39:05,829 --> 00:39:04,320

that stuff looks wacky um

1070

00:39:07,430 --> 00:39:05,839

and and i say that

1071

00:39:09,270 --> 00:39:07,440

with good humor because when i was on

1072

00:39:11,030 --> 00:39:09,280

the faculty at indiana university i

1073

00:39:12,390 --> 00:39:11,040

developed a friendship with

1074

00:39:15,190 --> 00:39:12,400

norbu

1075

00:39:17,910 --> 00:39:15,200

the older brother of the

1076

00:39:19,990 --> 00:39:17,920

buddha of compassion the dalai lama

1077

00:39:23,270 --> 00:39:20,000

uh norbu was the

1078

00:39:26,390 --> 00:39:23,280

head of the kumbum monastery in tibet

1079

00:39:28,550 --> 00:39:26,400

he was studying there when he was

1080

00:39:29,750 --> 00:39:28,560

15 when he was 17 his younger brother

1081

00:39:31,750 --> 00:39:29,760

was born

1082

00:39:35,030 --> 00:39:31,760

and then identified as the reincarnation

1083

00:39:37,990 --> 00:39:35,040

of the buddha of compassion and when uh

1084

00:39:39,990 --> 00:39:38,000

when the dalai lama was about 15 or 16

1085

00:39:43,030 --> 00:39:40,000

the chinese came and norbu was

1086

00:39:45,510 --> 00:39:43,040

imprisoned and threatened with death

1087

00:39:48,069 --> 00:39:45,520

unless he would go to wasa and kill his

1088

00:39:49,510 --> 00:39:48,079

younger brother and he lied and said

1089

00:39:51,030 --> 00:39:49,520

yeah i'll do that so that he could

1090

00:39:53,109 --> 00:39:51,040

regain his freedom

1091

00:39:55,190 --> 00:39:53,119

by his religious standards in the moment

1092

00:39:58,470 --> 00:39:55,200

he told his first lie in his entire

1093

00:40:01,990 --> 00:39:58,480

lifetime he lost his reincarnation

1094

00:40:03,750 --> 00:40:02,000

as the head of this monastery but he got

1095

00:40:07,109 --> 00:40:03,760

to lawson told his younger brother we've

1096

00:40:10,069 --> 00:40:08,870

and

1097

00:40:12,069 --> 00:40:10,079

his younger brother said no i'm going to

1098

00:40:14,150 --> 00:40:12,079

stay he was going through the process of

1099

00:40:16,630 --> 00:40:14,160

all the ceremonies involved with being

1100

00:40:19,349 --> 00:40:16,640

fully vested as the dalai lama

1101  
00:40:21,510 --> 00:40:19,359  
but he sent nobody to america to raise

1102  
00:40:23,190 --> 00:40:21,520  
attention for the tibetan

1103  
00:40:25,510 --> 00:40:23,200  
cause

1104  
00:40:27,190 --> 00:40:25,520  
and eventually norbu wound up at indiana

1105  
00:40:29,750 --> 00:40:27,200  
university teaching tibetan and

1106  
00:40:31,990 --> 00:40:29,760  
mongolian and uh

1107  
00:40:34,309 --> 00:40:32,000  
the history of tibetan mongolia and he

1108  
00:40:36,230 --> 00:40:34,319  
was a fascinating professor there i met

1109  
00:40:39,109 --> 00:40:36,240  
him after he'd retired

1110  
00:40:40,710 --> 00:40:39,119  
me and this is a human being who grew up

1111  
00:40:42,309 --> 00:40:40,720  
you know i don't know twelve thousand

1112  
00:40:43,510 --> 00:40:42,319  
feet in the mountains there outside

1113  
00:40:44,309 --> 00:40:43,520

lhasa

1114

00:40:47,270 --> 00:40:44,319

uh

1115

00:40:49,990 --> 00:40:47,280

saw his whole culture

1116

00:40:52,390 --> 00:40:50,000

invaded and destroyed he was still very

1117

00:40:54,950 --> 00:40:52,400

sad about it in his 80s

1118

00:40:59,430 --> 00:40:55,829

who

1119

00:41:03,510 --> 00:41:01,030

for other people

1120

00:41:05,510 --> 00:41:03,520

because of that suffering

1121

00:41:07,829 --> 00:41:05,520

you know i i got to meet the dalai lama

1122

00:41:09,589 --> 00:41:07,839

a few times because of the relationship

1123

00:41:13,510 --> 00:41:09,599

our family had developed with norbu he

1124

00:41:17,990 --> 00:41:15,750

and somebody asked

1125

00:41:21,589 --> 00:41:18,000

the dalai lama in my presence who's your

1126  
00:41:22,950 --> 00:41:21,599  
greatest teacher and he said the chinese

1127  
00:41:24,710 --> 00:41:22,960  
because i wanted to learn about

1128  
00:41:27,589 --> 00:41:24,720  
compassion

1129  
00:41:30,069 --> 00:41:27,599  
and because of what i experienced

1130  
00:41:31,589 --> 00:41:30,079  
i got to grow as a human being who could

1131  
00:41:33,349 --> 00:41:31,599  
be forgiving

1132  
00:41:35,109 --> 00:41:33,359  
wow

1133  
00:41:36,950 --> 00:41:35,119  
i mean i get upset at somebody who cuts

1134  
00:41:39,270 --> 00:41:36,960  
me off in traffic

1135  
00:41:41,589 --> 00:41:39,280  
but don't look at that as an opportunity

1136  
00:41:44,309 --> 00:41:41,599  
to grow in experiencing a greater level

1137  
00:41:46,790 --> 00:41:44,319  
of compassion forgiveness who is this

1138  
00:41:49,349 --> 00:41:46,800

man if you could say such a thing

1139

00:41:51,589 --> 00:41:49,359

um

1140

00:41:53,750 --> 00:41:51,599

so i wonder

1141

00:41:56,150 --> 00:41:53,760

about the connection between religion

1142

00:41:57,109 --> 00:41:56,160

and and and all of this

1143

00:41:58,790 --> 00:41:57,119

um

1144

00:42:00,309 --> 00:41:58,800

and i said earlier i feel a little bit

1145

00:42:02,069 --> 00:42:00,319

like forrest gump

1146

00:42:03,990 --> 00:42:02,079

around this field i'll tell you about

1147

00:42:04,870 --> 00:42:04,000

another individual

1148

00:42:08,309 --> 00:42:04,880

um

1149

00:42:11,030 --> 00:42:09,510

certainly doesn't want me sharing his

1150

00:42:12,950 --> 00:42:11,040

name but i'm going to share it anyway

1151

00:42:14,550 --> 00:42:12,960

please don't bother my friend i don't

1152

00:42:16,390 --> 00:42:14,560

think you'll mind

1153

00:42:19,030 --> 00:42:16,400

uh but i have a good friend i met in

1154

00:42:20,950 --> 00:42:19,040

1975 at a boy scout thing

1155

00:42:22,950 --> 00:42:20,960

a couple years older than me became a

1156

00:42:24,150 --> 00:42:22,960

physician um

1157

00:42:26,470 --> 00:42:24,160

i went to the university of north

1158

00:42:29,670 --> 00:42:26,480

carolina chapel hill um

1159

00:42:31,829 --> 00:42:29,680

went to work as a backcountry wilderness

1160

00:42:33,349 --> 00:42:31,839

first responder in

1161

00:42:35,589 --> 00:42:33,359

the grand canyon

1162

00:42:37,990 --> 00:42:35,599

joined the air force became a pilot his

1163

00:42:40,870 --> 00:42:38,000

dream was to fly on a shuttle

1164

00:42:43,270 --> 00:42:40,880

and he was in the in the queue to to be

1165

00:42:45,030 --> 00:42:43,280

trained to be a shuttle uh astronaut

1166

00:42:47,829 --> 00:42:45,040

when uh

1167

00:42:50,710 --> 00:42:47,839

challenger exploded on liftoff

1168

00:42:53,670 --> 00:42:50,720

january of 1987

1169

00:42:56,950 --> 00:42:53,680

and um and then he aged out so he became

1170

00:42:59,030 --> 00:42:56,960

chief of medical operations in uh

1171

00:43:00,630 --> 00:42:59,040

in houston

1172

00:43:03,510 --> 00:43:00,640

and um

1173

00:43:05,510 --> 00:43:03,520

i got to visit him um there

1174

00:43:07,670 --> 00:43:05,520

to sit in mission control the flight

1175

00:43:10,710 --> 00:43:07,680

surgeon's chair and

1176  
00:43:12,630 --> 00:43:10,720  
had some great conversations with him

1177  
00:43:14,550 --> 00:43:12,640  
and i asked him about

1178  
00:43:16,950 --> 00:43:14,560  
the question i said was hey we don't

1179  
00:43:21,109 --> 00:43:16,960  
really have flying saucers shadowing our

1180  
00:43:25,589 --> 00:43:22,630  
and that was the end of that

1181  
00:43:27,270 --> 00:43:25,599  
conversation um

1182  
00:43:29,670 --> 00:43:27,280  
and just to get to the chase on this

1183  
00:43:31,349 --> 00:43:29,680  
he's never revealed anything um so

1184  
00:43:32,630 --> 00:43:31,359  
somebody's listening wonder what roger

1185  
00:43:33,829 --> 00:43:32,640  
told i don't think i'll mention this

1186  
00:43:35,990 --> 00:43:33,839  
last night but you could probably look

1187  
00:43:37,510 --> 00:43:36,000  
him up from what i've said

1188  
00:43:39,589 --> 00:43:37,520

somebody's wondering what roger told joe

1189

00:43:43,190 --> 00:43:39,599

as far as i know he's violated no ndas

1190

00:43:44,470 --> 00:43:43,200

he hasn't told me anything um

1191

00:43:46,230 --> 00:43:44,480

you know

1192

00:43:47,910 --> 00:43:46,240

that i'm keeping a secret from you but

1193

00:43:50,230 --> 00:43:47,920

what he did say was look joe you got to

1194

00:43:51,670 --> 00:43:50,240

understand to get this kind of a job

1195

00:43:53,190 --> 00:43:51,680

you're going to find certain agreements

1196

00:43:55,109 --> 00:43:53,200

that basically eliminate the bill of

1197

00:43:57,109 --> 00:43:55,119

rights as might as as much as i might

1198

00:43:59,109 --> 00:43:57,119

like to talk about some things even if

1199

00:44:00,470 --> 00:43:59,119

my even with my own wife if i were to do

1200

00:44:03,270 --> 00:44:00,480

so i'd go to a place worse than

1201  
00:44:06,630 --> 00:44:05,109  
she would lose the pension and health

1202  
00:44:07,910 --> 00:44:06,640  
care benefits

1203  
00:44:10,550 --> 00:44:07,920  
so please don't ask me about this

1204  
00:44:12,069 --> 00:44:10,560  
subject again wow

1205  
00:44:13,589 --> 00:44:12,079  
well that's an interesting answer the

1206  
00:44:14,870 --> 00:44:13,599  
question do we have flying saucers

1207  
00:44:16,790 --> 00:44:14,880  
shadowing our

1208  
00:44:18,710 --> 00:44:16,800  
shuttles i had dinner with him a little

1209  
00:44:20,870 --> 00:44:18,720  
over a year ago he's now in private

1210  
00:44:22,630 --> 00:44:20,880  
practice in fort collins

1211  
00:44:24,790 --> 00:44:22,640  
wonderful physician doing some

1212  
00:44:26,710 --> 00:44:24,800  
cutting-edge stuff not just traditional

1213  
00:44:29,030 --> 00:44:26,720

allopathic medicine but bringing in

1214

00:44:30,710 --> 00:44:29,040

other modalities has people coming from

1215

00:44:32,069 --> 00:44:30,720

all over the world

1216

00:44:34,470 --> 00:44:32,079

and you can imagine your personal

1217

00:44:37,750 --> 00:44:34,480

position as the guy who was once chief

1218

00:44:39,030 --> 00:44:37,760

medical operations at nasa

1219

00:44:40,790 --> 00:44:39,040

um

1220

00:44:42,470 --> 00:44:40,800

by the way i misunderstood that some

1221

00:44:44,150 --> 00:44:42,480

other tellings of the story i called him

1222

00:44:46,069 --> 00:44:44,160

the chief medical officer because chief

1223

00:44:48,069 --> 00:44:46,079

of medical operations is cmo and i

1224

00:44:49,750 --> 00:44:48,079

thought it was chief medical operator a

1225

00:44:51,990 --> 00:44:49,760

chief medical operator that's a guy in

1226

00:44:54,150 --> 00:44:52,000

dc who's a political appointment roger

1227

00:44:55,589 --> 00:44:54,160

was kind of the head position for nasa

1228

00:44:58,710 --> 00:44:55,599

then all the annual physicals and all

1229

00:45:03,670 --> 00:45:01,829

developed all the medical processes for

1230

00:45:05,430 --> 00:45:03,680

what was monitored on shuttle missions

1231

00:45:07,430 --> 00:45:05,440

back in the 90s and all that so i had

1232

00:45:09,430 --> 00:45:07,440

dinner with him and i said hey

1233

00:45:11,589 --> 00:45:09,440

roger i know you asked i not ask you

1234

00:45:13,510 --> 00:45:11,599

about this subject ever again

1235

00:45:14,710 --> 00:45:13,520

but have you seen the videos from the

1236

00:45:17,589 --> 00:45:14,720

nimitz

1237

00:45:19,670 --> 00:45:17,599

uh these navy pilots yeah extraordinary

1238

00:45:21,430 --> 00:45:19,680

stuff and he says no i haven't seen any

1239

00:45:22,710 --> 00:45:21,440

videos and i said well you really should

1240

00:45:24,150 --> 00:45:22,720

you should look at the videos and he

1241

00:45:26,470 --> 00:45:24,160

said is that the ones where they show

1242

00:45:27,430 --> 00:45:26,480

this kind of hot water heater thing a

1243

00:45:29,270 --> 00:45:27,440

white

1244

00:45:31,030 --> 00:45:29,280

kind of cylinder and it flies along and

1245

00:45:32,870 --> 00:45:31,040

zips under the water and flies up again

1246

00:45:34,710 --> 00:45:32,880

and goes off out into space

1247

00:45:36,069 --> 00:45:34,720

i said yeah so you've seen the videos he

1248

00:45:39,750 --> 00:45:36,079

said i haven't seen the videos i saw

1249

00:45:42,950 --> 00:45:41,349

like so you know we're not alone in the

1250

00:45:44,550 --> 00:45:42,960

universe

1251  
00:45:46,950 --> 00:45:44,560  
and he's like i don't know i don't know

1252  
00:45:48,710 --> 00:45:46,960  
what i saw but uh he said joe i just

1253  
00:45:50,230 --> 00:45:48,720  
don't think about those things he says

1254  
00:45:51,190 --> 00:45:50,240  
you need to stop thinking about those

1255  
00:45:54,150 --> 00:45:51,200  
things

1256  
00:45:57,510 --> 00:45:54,160  
you need to get right with jesus

1257  
00:45:58,550 --> 00:45:57,520  
so my friend roger is a very devout

1258  
00:46:00,870 --> 00:45:58,560  
christian

1259  
00:46:02,309 --> 00:46:00,880  
and he worries about me because i'm i'm

1260  
00:46:03,990 --> 00:46:02,319  
not

1261  
00:46:17,270 --> 00:46:04,000  
i

1262  
00:46:19,030 --> 00:46:17,280  
not a member of the church of jesus

1263  
00:46:20,790 --> 00:46:19,040

christ of latter-day saints

1264

00:46:22,550 --> 00:46:20,800

grew up a methodist

1265

00:46:23,589 --> 00:46:22,560

but roger worries about me thinks i

1266

00:46:25,120 --> 00:46:23,599

should get back into a good

1267

00:46:26,470 --> 00:46:25,130

bible-believing church

1268

00:46:30,069 --> 00:46:26,480

[Music]

1269

00:46:32,390 --> 00:46:30,079

so yeah here you have a guy who was

1270

00:46:34,470 --> 00:46:32,400

on track to fly on a shuttle became

1271

00:46:36,150 --> 00:46:34,480

chief medical operations

1272

00:46:37,990 --> 00:46:36,160

saw stuff when he was flying for the air

1273

00:46:39,910 --> 00:46:38,000

force that looks a lot apparently like

1274

00:46:42,550 --> 00:46:39,920

what's in the nimitz videos

1275

00:46:46,150 --> 00:46:42,560

and his reaction to all that is don't

1276

00:46:48,470 --> 00:46:46,160

focus on all that get right with god

1277

00:46:50,870 --> 00:46:48,480

interest so that's my story about the

1278

00:46:52,230 --> 00:46:50,880

connection between ufos and religion i'm

1279

00:46:53,750 --> 00:46:52,240

not sure if that answered your question

1280

00:46:55,349 --> 00:46:53,760

you could try answering it again i think

1281

00:46:57,589 --> 00:46:55,359

i forgot what it was

1282

00:46:59,910 --> 00:46:57,599

definitely does i think it does and you

1283

00:47:02,870 --> 00:46:59,920

do find a lot of these official

1284

00:47:05,589 --> 00:47:02,880

individuals are quite religious in some

1285

00:47:08,790 --> 00:47:05,599

uh circumstances and you've had the

1286

00:47:10,470 --> 00:47:08,800

pleasure of hearing uh for various ufo

1287

00:47:12,069 --> 00:47:10,480

reports under a variety of different

1288

00:47:14,309 --> 00:47:12,079

circumstances

1289

00:47:17,270 --> 00:47:14,319

and do you feel that they all have

1290

00:47:21,270 --> 00:47:17,280

something in common or do they vary as

1291

00:47:24,950 --> 00:47:21,280

much as the participant observers

1292

00:47:33,910 --> 00:47:27,349

i consider a lot of what people have to

1293

00:47:37,510 --> 00:47:35,349

you know there's a prominent researcher

1294

00:47:39,750 --> 00:47:37,520

whose name i won't mention who i find

1295

00:47:41,030 --> 00:47:39,760

lacking in credibility claims they've

1296

00:47:44,710 --> 00:47:41,040

encountered

1297

00:47:48,150 --> 00:47:46,390

at various mountain ranges actually

1298

00:47:50,710 --> 00:47:48,160

there's two of those that come to mind

1299

00:47:52,549 --> 00:47:50,720

they tell the same similar story i was

1300

00:47:55,109 --> 00:47:52,559

with one of them

1301  
00:47:57,430 --> 00:47:55,119  
at um

1302  
00:47:59,829 --> 00:47:57,440  
near the great sand dunes national park

1303  
00:48:00,630 --> 00:47:59,839  
and i just found it to be a load of crap

1304  
00:48:02,470 --> 00:48:00,640  
uh

1305  
00:48:03,990 --> 00:48:02,480  
i'm sorry and then the other one's out

1306  
00:48:06,470 --> 00:48:04,000  
at mount shasta

1307  
00:48:08,950 --> 00:48:06,480  
and so okay so stories that i find to be

1308  
00:48:11,270 --> 00:48:08,960  
made up not credible i need to chuck all

1309  
00:48:13,430 --> 00:48:11,280  
those off to the side

1310  
00:48:16,230 --> 00:48:13,440  
so i'll rephrase your question a bit

1311  
00:48:18,309 --> 00:48:16,240  
among the stories that i find credible

1312  
00:48:20,390 --> 00:48:18,319  
or at least worthy of further study

1313  
00:48:23,430 --> 00:48:20,400

there you go yeah

1314

00:48:26,630 --> 00:48:23,440

or seemingly hard to fake

1315

00:48:29,030 --> 00:48:26,640

um is there commonality there

1316

00:48:31,670 --> 00:48:29,040

yeah um

1317

00:48:34,150 --> 00:48:31,680

i haven't really put that

1318

00:48:36,069 --> 00:48:34,160

into any kind of formal analysis but the

1319

00:48:37,829 --> 00:48:36,079

the the

1320

00:48:40,150 --> 00:48:37,839

the ones i find credible that come to

1321

00:48:41,750 --> 00:48:40,160

mind are first of all travis walton

1322

00:48:44,230 --> 00:48:41,760

jennifer stein's done a wonderful

1323

00:48:46,870 --> 00:48:44,240

documentary called travis i forget the

1324

00:48:49,510 --> 00:48:46,880

subtitle something like the true story

1325

00:48:52,230 --> 00:48:49,520

um i've met travis a dozen times over

1326

00:48:53,589 --> 00:48:52,240

the years if that guy's made this up as

1327

00:48:56,470 --> 00:48:53,599

some story

1328

00:48:58,870 --> 00:48:56,480

uh yeah he deserves an oscar

1329

00:49:01,030 --> 00:48:58,880

he's been totally consistent he's not

1330

00:49:03,270 --> 00:49:01,040

been out apparently to make any money at

1331

00:49:05,829 --> 00:49:03,280

it or seek any fame at it if anything it

1332

00:49:07,589 --> 00:49:05,839

it kind of ruined his life

1333

00:49:09,670 --> 00:49:07,599

destroyed a lot of friendships and

1334

00:49:11,270 --> 00:49:09,680

relationships even his own family among

1335

00:49:12,710 --> 00:49:11,280

those who believed him and among those

1336

00:49:14,549 --> 00:49:12,720

who still believed maybe it was all some

1337

00:49:16,150 --> 00:49:14,559

sort of hoax

1338

00:49:17,990 --> 00:49:16,160

but what jennifer uncovered in her

1339

00:49:20,069 --> 00:49:18,000

documentary was that the sheriff at the

1340

00:49:21,670 --> 00:49:20,079

time who thought his logging buddies had

1341

00:49:23,589 --> 00:49:21,680

committed murder

1342

00:49:25,510 --> 00:49:23,599

and you know treated them that way as

1343

00:49:27,910 --> 00:49:25,520

they did the investigation

1344

00:49:29,270 --> 00:49:27,920

uh later came out and said you know

1345

00:49:31,030 --> 00:49:29,280

i couldn't believe they all passed the

1346

00:49:32,390 --> 00:49:31,040

lie detector test now there's one guy

1347

00:49:33,910 --> 00:49:32,400

that had some issues because he had a

1348

00:49:35,510 --> 00:49:33,920

warrant he was using an assumed name

1349

00:49:36,630 --> 00:49:35,520

that had nothing to do with travis's

1350

00:49:38,309 --> 00:49:36,640

experience

1351  
00:49:40,230 --> 00:49:38,319  
that they saw this

1352  
00:49:41,829 --> 00:49:40,240  
clearly non-human created advanced

1353  
00:49:45,109 --> 00:49:41,839  
technology craft

1354  
00:49:46,790 --> 00:49:45,119  
saw travis somehow

1355  
00:49:48,549 --> 00:49:46,800  
negatively impacted by some sort of

1356  
00:49:49,910 --> 00:49:48,559  
discharge that went running away in

1357  
00:49:50,870 --> 00:49:49,920  
their vehicle that came back and he was

1358  
00:49:53,109 --> 00:49:50,880  
gone

1359  
00:49:54,790 --> 00:49:53,119  
and travis reports having about an

1360  
00:49:55,670 --> 00:49:54,800  
hour's worth of memories of being on a

1361  
00:49:57,670 --> 00:49:55,680  
ship

1362  
00:49:59,750 --> 00:49:57,680  
and and running down a circular hallway

1363  
00:50:01,829 --> 00:49:59,760

and coming off the ship to finding out

1364

00:50:04,710 --> 00:50:01,839

that he was in a ship on a hangar with

1365

00:50:05,670 --> 00:50:04,720

other ships in this huge crowd

1366

00:50:08,309 --> 00:50:05,680

you know

1367

00:50:10,230 --> 00:50:08,319

bigger than a flying walmart

1368

00:50:12,549 --> 00:50:10,240

uh and then lost consciousness got

1369

00:50:14,549 --> 00:50:12,559

returned five days later that is a

1370

00:50:15,829 --> 00:50:14,559

fascinating story

1371

00:50:18,710 --> 00:50:15,839

um

1372

00:50:20,790 --> 00:50:18,720

he's not revealed publicly the exact

1373

00:50:22,790 --> 00:50:20,800

gps coordinates of of where this

1374

00:50:24,549 --> 00:50:22,800

occurred in the shallow forest i've

1375

00:50:26,309 --> 00:50:24,559

driven through there it's one creepy

1376

00:50:30,150 --> 00:50:26,319

place

1377

00:50:32,390 --> 00:50:30,160

dirt roads my little rb van

1378

00:50:34,470 --> 00:50:32,400

but travis told me and i think this this

1379

00:50:35,750 --> 00:50:34,480

now has been studied and maybe

1380

00:50:37,829 --> 00:50:35,760

eventually this will be a site that's

1381

00:50:39,670 --> 00:50:37,839

easy for people to visit but it's

1382

00:50:42,230 --> 00:50:39,680

overgrown and changed a lot

1383

00:50:43,510 --> 00:50:42,240

the tree rings in the spot where he says

1384

00:50:46,390 --> 00:50:43,520

this happened

1385

00:50:48,470 --> 00:50:46,400

and and jennifer covers this in the film

1386

00:50:50,549 --> 00:50:48,480

there's a growth pattern toward the

1387

00:50:53,270 --> 00:50:50,559

center of this open space where he says

1388

00:50:55,829 --> 00:50:53,280

this happened that nobody can explain

1389

00:50:57,670 --> 00:50:55,839

why would trees grow more in a direction

1390

00:50:59,270 --> 00:50:57,680

toward where this beam of light seemed

1391

00:51:01,829 --> 00:50:59,280

to hit trap i don't know

1392

00:51:03,510 --> 00:51:01,839

the betty and barney hill story right

1393

00:51:05,670 --> 00:51:03,520

why would an interracial couple in the

1394

00:51:09,109 --> 00:51:05,680

1960s want to draw attention to

1395

00:51:11,030 --> 00:51:09,119

themselves by telling a ufo story

1396

00:51:13,109 --> 00:51:11,040

i don't know i find it more likely to

1397

00:51:14,390 --> 00:51:13,119

believe something happened to them i

1398

00:51:15,910 --> 00:51:14,400

contacted

1399

00:51:17,670 --> 00:51:15,920

betty marsden

1400

00:51:19,750 --> 00:51:17,680

stan friedman hooked me up with her and

1401  
00:51:21,670 --> 00:51:19,760  
actually drove the route as best i could

1402  
00:51:23,829 --> 00:51:21,680  
because the interstates built over the

1403  
00:51:25,910 --> 00:51:23,839  
top of it

1404  
00:51:27,430 --> 00:51:25,920  
along where they were

1405  
00:51:29,270 --> 00:51:27,440  
abducted

1406  
00:51:30,549 --> 00:51:29,280  
where they had this encounter

1407  
00:51:32,150 --> 00:51:30,559  
there's a spot

1408  
00:51:34,390 --> 00:51:32,160  
where they were returned it's now like a

1409  
00:51:36,309 --> 00:51:34,400  
cul-de-sac subdivision kind of thing

1410  
00:51:38,069 --> 00:51:36,319  
that betty helped me just find that i

1411  
00:51:39,829 --> 00:51:38,079  
was interviewing for a faculty position

1412  
00:51:40,630 --> 00:51:39,839  
at new england college

1413  
00:51:43,109 --> 00:51:40,640

so

1414

00:51:44,069 --> 00:51:43,119

i spent an extra day just to drive their

1415

00:51:44,950 --> 00:51:44,079

route

1416

00:51:47,030 --> 00:51:44,960

um

1417

00:51:48,549 --> 00:51:47,040

i find that highly credible

1418

00:51:50,069 --> 00:51:48,559

and there are others

1419

00:51:52,069 --> 00:51:50,079

but you know people who provide things

1420

00:51:53,910 --> 00:51:52,079

without evidence yeah

1421

00:51:55,750 --> 00:51:53,920

uh i mentioned earlier i've just been

1422

00:51:57,510 --> 00:51:55,760

listening to louis los angeles two and a

1423

00:51:59,270 --> 00:51:57,520

half hour interview i want to go back

1424

00:52:01,349 --> 00:51:59,280

and listen to it again

1425

00:52:03,670 --> 00:52:01,359

but he's very critical of someone i'm

1426

00:52:04,790 --> 00:52:03,680

very critical of as well and

1427

00:52:07,910 --> 00:52:04,800

and a lot of people are and that's

1428

00:52:09,670 --> 00:52:07,920

stephen greer yeah we won't say his name

1429

00:52:11,190 --> 00:52:09,680

but he talks about people who've created

1430

00:52:13,990 --> 00:52:11,200

kind of a cult following and make

1431

00:52:15,670 --> 00:52:14,000

extraordinary claims with no evidence to

1432

00:52:17,589 --> 00:52:15,680

say that theirs is the only view which

1433

00:52:19,750 --> 00:52:17,599

is correct and everybody else is somehow

1434

00:52:21,510 --> 00:52:19,760

corrupt to create shell companies that

1435

00:52:22,549 --> 00:52:21,520

they closed down and careers created a

1436

00:52:25,430 --> 00:52:22,559

bunch of them

1437

00:52:27,910 --> 00:52:25,440

the the seas space energy access systems

1438

00:52:30,309 --> 00:52:27,920

the project arrow the project phoenix

1439

00:52:32,470 --> 00:52:30,319

all these are organizations he created

1440

00:52:35,270 --> 00:52:32,480

raised money to reverse engineer zero

1441

00:52:36,950 --> 00:52:35,280

point energy or whatever took money shut

1442

00:52:39,430 --> 00:52:36,960

them down i i've met some of the

1443

00:52:41,750 --> 00:52:39,440

investors who were very angry about that

1444

00:52:43,589 --> 00:52:41,760

sign at a tesla conference uh talking

1445

00:52:47,030 --> 00:52:43,599

about how this breakthrough was imminent

1446

00:52:48,630 --> 00:52:47,040

you know 20 years ago yeah um and uh dr

1447

00:52:50,710 --> 00:52:48,640

greer if you're listening if your fans

1448

00:52:53,589 --> 00:52:50,720

are listening i'll ask you again

1449

00:52:55,750 --> 00:52:53,599

who is admiral marin i gave dr greer an

1450

00:52:58,630 --> 00:52:55,760

oath at the citizens hearing on

1451

00:53:00,470 --> 00:52:58,640

disclosure in 2013. i was the guy the

1452

00:53:02,069 --> 00:53:00,480

members of congress said you give

1453

00:53:03,990 --> 00:53:02,079

everybody the oath

1454

00:53:06,549 --> 00:53:04,000

uh and then i got to fill in as one of

1455

00:53:08,710 --> 00:53:06,559

the members of that panel after darlene

1456

00:53:10,309 --> 00:53:08,720

huley left because her sister had died

1457

00:53:13,030 --> 00:53:10,319

so i got to

1458

00:53:15,109 --> 00:53:13,040

fulfill her role on friday afternoon

1459

00:53:17,190 --> 00:53:15,119

which was an incredible honor so there

1460

00:53:19,589 --> 00:53:17,200

were seven of us on that panel i got one

1461

00:53:21,829 --> 00:53:19,599

half of one day but hey i'm claiming it

1462

00:53:23,990 --> 00:53:21,839

and dr greer i gave you and everyone

1463

00:53:25,990 --> 00:53:24,000

else all 43 witnesses that oath to tell

1464

00:53:28,069 --> 00:53:26,000

the truth and nothing but the truth

1465

00:53:31,190 --> 00:53:28,079

and dr grew testified there is an

1466

00:53:35,670 --> 00:53:31,200

admiral marin who we are meeting with

1467

00:53:38,710 --> 00:53:35,680

who has an md like me and a phd

1468

00:53:41,030 --> 00:53:38,720

and won the ampere prize in france and

1469

00:53:42,630 --> 00:53:41,040

as an advisor to president sarkozy he

1470

00:53:44,470 --> 00:53:42,640

testified to this

1471

00:53:45,750 --> 00:53:44,480

to those former members of congress and

1472

00:53:48,309 --> 00:53:45,760

me

1473

00:53:49,990 --> 00:53:48,319

so right after the event i typed up a

1474

00:53:52,230 --> 00:53:50,000

transcript

1475

00:53:54,309 --> 00:53:52,240

listened to the audio typed up every

1476

00:53:56,710 --> 00:53:54,319

word i was going to publish it

1477

00:53:57,990 --> 00:53:56,720

and jeremy corbell stopped me from

1478

00:54:00,069 --> 00:53:58,000

publishing it

1479

00:54:01,990 --> 00:54:00,079

didn't want to do anything to

1480

00:54:03,589 --> 00:54:02,000

interfere with his ability to monetize

1481

00:54:04,950 --> 00:54:03,599

that video

1482

00:54:06,710 --> 00:54:04,960

okay fine

1483

00:54:08,390 --> 00:54:06,720

i don't completely disagree with that

1484

00:54:12,230 --> 00:54:08,400

but i did a lot of work that i got

1485

00:54:14,710 --> 00:54:12,240

nothing for and it's okay uh but in the

1486

00:54:18,309 --> 00:54:14,720

process of typing the transcript

1487

00:54:19,589 --> 00:54:18,319

i created footnotes for every

1488

00:54:21,190 --> 00:54:19,599

uh

1489

00:54:23,349 --> 00:54:21,200

general that was mentioned every

1490

00:54:26,390 --> 00:54:23,359

military base i looked up the spellings

1491

00:54:27,510 --> 00:54:26,400

of south american closed military bases

1492

00:54:30,230 --> 00:54:27,520

and and

1493

00:54:31,910 --> 00:54:30,240

uh dr sun should be from china

1494

00:54:34,069 --> 00:54:31,920

look up the correct spelling of all of

1495

00:54:35,990 --> 00:54:34,079

his testimony and i run into dr grier's

1496

00:54:37,510 --> 00:54:36,000

and i've got the list of ampere prize

1497

00:54:39,030 --> 00:54:37,520

winners in france and there's nobody

1498

00:54:41,109 --> 00:54:39,040

named marin

1499

00:54:43,190 --> 00:54:41,119

got a list of admirals from france

1500

00:54:44,870 --> 00:54:43,200

there's no admiral name named marin

1501

00:54:46,230 --> 00:54:44,880

there's no advisor to i said i write the

1502

00:54:48,309 --> 00:54:46,240

good doctor

1503

00:54:49,510 --> 00:54:48,319

and i i don't have a bias against dr

1504

00:54:52,950 --> 00:54:49,520

guerrero i spent a week with him in

1505

00:54:56,230 --> 00:54:52,960

creston um

1506

00:54:58,150 --> 00:54:56,240

back in 2005 i think um and i said hey

1507

00:55:00,870 --> 00:54:58,160

i'm just trying to correct this you know

1508

00:55:02,630 --> 00:55:00,880

did i spell marin wrong or or did you

1509

00:55:05,270 --> 00:55:02,640

make a misstatement i'm thinking maybe i

1510

00:55:07,190 --> 00:55:05,280

get names confused sometimes too

1511

00:55:09,190 --> 00:55:07,200

and he said let me check my records i'll

1512

00:55:11,190 --> 00:55:09,200

get back to you that's the last email

1513

00:55:13,030 --> 00:55:11,200

i've gotten from the good dr greer i

1514

00:55:14,069 --> 00:55:13,040

have asked repeatedly i've had other

1515

00:55:15,510 --> 00:55:14,079

people

1516

00:55:17,670 --> 00:55:15,520

ask him

1517

00:55:19,510 --> 00:55:17,680

in my view his failure to correct if it

1518

00:55:20,789 --> 00:55:19,520

was a misstatement is the equivalent of

1519

00:55:23,190 --> 00:55:20,799

a why

1520

00:55:23,990 --> 00:55:23,200

and then i've presented on this at ssc

1521

00:55:25,910 --> 00:55:24,000

and other

1522

00:55:28,549 --> 00:55:25,920

conferences with a paper called the

1523

00:55:31,109 --> 00:55:28,559

search for the mysterious admiral moran

1524

00:55:33,589 --> 00:55:31,119

wow i got attacked by some of his uh

1525

00:55:35,670 --> 00:55:33,599

supporters i am a being of darkness out

1526

00:55:37,510 --> 00:55:35,680

to attack the truth telling

1527

00:55:38,870 --> 00:55:37,520

about the enlightened aliens that if

1528

00:55:41,589 --> 00:55:38,880

they cross

1529

00:55:43,190 --> 00:55:41,599

the the veil of the the speed of light

1530

00:55:44,630 --> 00:55:43,200

they somehow have to be all enlightened

1531

00:55:46,069 --> 00:55:44,640

and kind i don't know

1532

00:55:48,630 --> 00:55:46,079

but boy i was listening this podcast

1533

00:55:50,309 --> 00:55:48,640

today and lou won't say the good

1534

00:55:51,589 --> 00:55:50,319

doctor's name but it's clear who he's

1535

00:55:53,910 --> 00:55:51,599

talking about

1536

00:55:55,430 --> 00:55:53,920

that does real damage to getting people

1537

00:55:57,670 --> 00:55:55,440

to come forward

1538

00:55:59,270 --> 00:55:57,680

from inside the government who might

1539

00:56:01,750 --> 00:55:59,280

have been involved in whatever reverse

1540

00:56:04,069 --> 00:56:01,760

engineering or research has been done

1541

00:56:04,950 --> 00:56:04,079

when there's this clown car show going

1542

00:56:07,829 --> 00:56:04,960

on

1543

00:56:10,069 --> 00:56:07,839

of people making up total

1544

00:56:11,589 --> 00:56:10,079

fabricated

1545

00:56:14,069 --> 00:56:11,599

[h\_\_\h]

1546

00:56:15,910 --> 00:56:14,079

in order to sell books or or get people

1547

00:56:17,109 --> 00:56:15,920

to pay money to come to their private

1548

00:56:20,309 --> 00:56:17,119

events

1549

00:56:22,630 --> 00:56:20,319

and somehow get a special experience and

1550

00:56:24,230 --> 00:56:22,640

i'm sorry i i early on talked about how

1551  
00:56:26,470 --> 00:56:24,240  
i thought we ought to pass legislation

1552  
00:56:28,549 --> 00:56:26,480  
protecting whistleblowers call me a

1553  
00:56:29,910 --> 00:56:28,559  
whistleblower

1554  
00:56:32,069 --> 00:56:29,920  
i mentioned the great sand dunes

1555  
00:56:34,549 --> 00:56:32,079  
national park it was dr greel who went

1556  
00:56:37,030 --> 00:56:34,559  
up uh zapata falls and said the et's are

1557  
00:56:38,789 --> 00:56:37,040  
just behind the trees over there but you

1558  
00:56:40,390 --> 00:56:38,799  
group of participants in my event you're

1559  
00:56:41,910 --> 00:56:40,400  
not enlightened enough they don't feel

1560  
00:56:43,190 --> 00:56:41,920  
safe to come into the clearing and talk

1561  
00:56:47,030 --> 00:56:43,200  
to you but they sent me down the

1562  
00:56:47,040 --> 00:56:49,990  
wow

1563  
00:56:53,349 --> 00:56:51,670

is this mores

1564

00:56:55,990 --> 00:56:53,359

uh and i'm one of the other people there

1565

00:56:58,710 --> 00:56:56,000

who like oh oh dr greer what was the

1566

00:57:00,470 --> 00:56:58,720

message like wow

1567

00:57:02,789 --> 00:57:00,480

maybe i'm too much of a skeptic for the

1568

00:57:03,910 --> 00:57:02,799

ets to ever have open contact with me

1569

00:57:07,990 --> 00:57:03,920

but

1570

00:57:09,750 --> 00:57:08,000

i'm sorry um i think travis walden and

1571

00:57:11,349 --> 00:57:09,760

betty and bernie hill have nothing in

1572

00:57:12,789 --> 00:57:11,359

common with their

1573

00:57:13,829 --> 00:57:12,799

their depictions of what actually

1574

00:57:16,230 --> 00:57:13,839

happened

1575

00:57:19,190 --> 00:57:16,240

and some made up crap

1576

00:57:20,630 --> 00:57:19,200

uh and i don't i know i'll say this

1577

00:57:21,510 --> 00:57:20,640

dr greer's defense i don't think he's

1578

00:57:24,470 --> 00:57:21,520

the worst

1579

00:57:26,309 --> 00:57:24,480

of that bunch and i also think prior to

1580

00:57:27,430 --> 00:57:26,319

about 2001

1581

00:57:29,270 --> 00:57:27,440

um

1582

00:57:30,870 --> 00:57:29,280

i'm pretty much an unreserved fan of

1583

00:57:31,670 --> 00:57:30,880

what he was doing everything up through

1584

00:57:33,430 --> 00:57:31,680

that

1585

00:57:35,430 --> 00:57:33,440

national press club event back when he

1586

00:57:37,510 --> 00:57:35,440

had sherry adamak working with him as

1587

00:57:38,950 --> 00:57:37,520

kind of maybe a governor on on his

1588

00:57:42,069 --> 00:57:38,960

excesses

1589

00:57:43,589 --> 00:57:42,079

uh i think he did some good stuff and

1590

00:57:45,750 --> 00:57:43,599

it's always a mixed bag like louis

1591

00:57:47,990 --> 00:57:45,760

elizondo said in this

1592

00:57:50,069 --> 00:57:48,000

interview i was listening to uh recently

1593

00:57:52,870 --> 00:57:50,079

said you know and and every blanket of

1594

00:57:54,549 --> 00:57:52,880

deceit there's a few fibers of truth

1595

00:57:56,549 --> 00:57:54,559

i think there's more than a few fibers

1596

00:57:58,950 --> 00:57:56,559

of truth what gru did to get people on

1597

00:58:00,230 --> 00:57:58,960

video and sign affidavits and get

1598

00:58:03,750 --> 00:58:00,240

witnesses to come out from the

1599

00:58:06,230 --> 00:58:05,430

yeah i don't have a lot of criticism of

1600

00:58:07,349 --> 00:58:06,240

that

1601  
00:58:10,230 --> 00:58:07,359  
charging

1602  
00:58:12,069 --> 00:58:10,240  
multi thousands of dollars for exclusive

1603  
00:58:14,150 --> 00:58:12,079  
events out in the desert with some sort

1604  
00:58:16,069 --> 00:58:14,160  
of at least implied promise that you're

1605  
00:58:17,349 --> 00:58:16,079  
going to need an e.t

1606  
00:58:18,870 --> 00:58:17,359  
wow

1607  
00:58:21,109 --> 00:58:18,880  
one of the meditations we did in

1608  
00:58:23,030 --> 00:58:21,119  
crestone

1609  
00:58:25,510 --> 00:58:23,040  
the good doctor said oh we're now on the

1610  
00:58:28,630 --> 00:58:25,520  
bridge of a partially materialized craft

1611  
00:58:30,950 --> 00:58:28,640  
look there's the captain's chair

1612  
00:58:32,870 --> 00:58:30,960  
i thought they have chairs they have

1613  
00:58:35,030 --> 00:58:32,880

captains

1614

00:58:36,230 --> 00:58:35,040

and it was just like a warm breeze and

1615

00:58:38,069 --> 00:58:36,240

if you've been out in the desert at

1616

00:58:39,910 --> 00:58:38,079

night there's a mixture of cool and warm

1617

00:58:42,230 --> 00:58:39,920

bruises but um

1618

00:58:45,990 --> 00:58:42,240

either i'm not enlightened enough to to

1619

00:58:47,390 --> 00:58:46,000

have those incredible experiences or

1620

00:58:50,789 --> 00:58:47,400

there's some sort of

1621

00:58:52,549 --> 00:58:50,799

misrepresentation going on there um yeah

1622

00:58:54,630 --> 00:58:52,559

so now i don't think every board has

1623

00:58:56,630 --> 00:58:54,640

something in common i think that i think

1624

00:58:59,190 --> 00:58:56,640

that you need to use your own judgment

1625

00:59:01,990 --> 00:58:59,200

the mind god gave you

1626  
00:59:06,549 --> 00:59:02,000  
and be discerning because

1627  
00:59:09,670 --> 00:59:06,559  
whether it's religion or politics or

1628  
00:59:11,190 --> 00:59:09,680  
science uh i know an academe um you know

1629  
00:59:13,270 --> 00:59:11,200  
there was a recent study that showed

1630  
00:59:15,190 --> 00:59:13,280  
something like at least a third of what

1631  
00:59:17,270 --> 00:59:15,200  
was published in the journal the

1632  
00:59:19,430 --> 00:59:17,280  
american psychological association was

1633  
00:59:21,510 --> 00:59:19,440  
based on fabricated data

1634  
00:59:23,910 --> 00:59:21,520  
people just made up out of thin air in

1635  
00:59:25,190 --> 00:59:23,920  
order to get a publication for tenure

1636  
00:59:27,430 --> 00:59:25,200  
they went back and looked at this stuff

1637  
00:59:29,510 --> 00:59:27,440  
and in religion and in every field there

1638  
00:59:31,990 --> 00:59:29,520

are hoaxers there are people who can

1639

00:59:33,829 --> 00:59:32,000

make an easy buck but the jim and tammy

1640

00:59:36,789 --> 00:59:33,839

faye bakers of the world if you want

1641

00:59:38,309 --> 00:59:36,799

with their heritage usa theme parks that

1642

00:59:41,349 --> 00:59:38,319

jesus wanted you to have a roller

1643

00:59:43,109 --> 00:59:41,359

coaster i don't know but that kind of

1644

00:59:45,190 --> 00:59:43,119

person is attracted wherever they can

1645

00:59:47,030 --> 00:59:45,200

make money and there are certainly it

1646

00:59:48,549 --> 00:59:47,040

seems to me it would be unreasonable to

1647

00:59:50,230 --> 00:59:48,559

expect there are similar people in the

1648

00:59:52,950 --> 00:59:50,240

ufo field

1649

00:59:55,030 --> 00:59:52,960

and uh any you know and you get flack

1650

00:59:56,710 --> 00:59:55,040

for criticizing them i couldn't believe

1651  
00:59:58,710 --> 00:59:56,720  
the blowback i got

1652  
01:00:01,270 --> 00:59:58,720  
for presenting an academically based

1653  
01:00:02,710 --> 01:00:01,280  
paper at ssc saying help me find this

1654  
01:00:05,349 --> 01:00:02,720  
admiral moran

1655  
01:00:06,870 --> 01:00:05,359  
did the dr greer must speak or what

1656  
01:00:08,470 --> 01:00:06,880  
resulted in a couple of people coming up

1657  
01:00:10,390 --> 01:00:08,480  
and telling me i was a being of darkness

1658  
01:00:11,589 --> 01:00:10,400  
because i was criticizing their

1659  
01:00:13,910 --> 01:00:11,599  
their uh

1660  
01:00:16,069 --> 01:00:13,920  
the person they were a fan of

1661  
01:00:17,109 --> 01:00:16,079  
and then somebody else said hey there's

1662  
01:00:19,910 --> 01:00:17,119  
a uh

1663  
01:00:21,829 --> 01:00:19,920

like a an amber marin in canada

1664

01:00:23,670 --> 01:00:21,839

so maybe he just misspoke and i'm like

1665

01:00:25,510 --> 01:00:23,680

well the guy in canada doesn't hasn't

1666

01:00:28,150 --> 01:00:25,520

won the empire prize and there's not a

1667

01:00:29,589 --> 01:00:28,160

medical doctor so that's that's a pretty

1668

01:00:31,750 --> 01:00:29,599

big misspoke

1669

01:00:32,710 --> 01:00:31,760

yeah sorry you pushed the play button on

1670

01:00:34,789 --> 01:00:32,720

one of my

1671

01:00:36,870 --> 01:00:34,799

issues which is

1672

01:00:39,589 --> 01:00:36,880

don't lie about this

1673

01:00:42,069 --> 01:00:39,599

this is the most important issue

1674

01:00:44,789 --> 01:00:42,079

i i think for the future of humanity if

1675

01:00:46,470 --> 01:00:44,799

not our past as well which is who are we

1676  
01:00:48,950 --> 01:00:46,480  
why we are here what's our place in the

1677  
01:00:50,789 --> 01:00:48,960  
cosmos and if you're going to make up

1678  
01:00:54,150 --> 01:00:50,799  
something that you say some advanced

1679  
01:00:55,990 --> 01:00:54,160  
being and some galactic council told you

1680  
01:00:58,390 --> 01:00:56,000  
boy when the truth comes out first of

1681  
01:01:01,349 --> 01:00:58,400  
all you i hope you suffer the

1682  
01:01:03,109 --> 01:01:01,359  
justice consequences of that

1683  
01:01:05,190 --> 01:01:03,119  
uh and there ought to be a special place

1684  
01:01:07,030 --> 01:01:05,200  
in hell for people who mislead other

1685  
01:01:09,349 --> 01:01:07,040  
human beings just to

1686  
01:01:10,870 --> 01:01:09,359  
i don't know get a sense of ego out of

1687  
01:01:12,069 --> 01:01:10,880  
it or get the dollars out of it or

1688  
01:01:14,549 --> 01:01:12,079

whatever

1689

01:01:16,309 --> 01:01:14,559

yeah what's your experience about that

1690

01:01:17,750 --> 01:01:16,319

ryan you have any comments on what i've

1691

01:01:20,069 --> 01:01:17,760

just said is this going to create

1692

01:01:21,190 --> 01:01:20,079

controversy among your listener base i

1693

01:01:23,270 --> 01:01:21,200

don't know

1694

01:01:25,030 --> 01:01:23,280

frankly i don't care but i am interested

1695

01:01:27,510 --> 01:01:25,040

in what you think of it all

1696

01:01:28,950 --> 01:01:27,520

i think you're right there seems to be a

1697

01:01:31,190 --> 01:01:28,960

wealthy

1698

01:01:34,230 --> 01:01:31,200

corporate cabal in just about every

1699

01:01:36,309 --> 01:01:34,240

organization and unfortunately the ufo

1700

01:01:39,270 --> 01:01:36,319

field is not

1701  
01:01:40,470 --> 01:01:39,280  
insulated from that and um

1702  
01:01:41,510 --> 01:01:40,480  
as as

1703  
01:01:44,309 --> 01:01:41,520  
much as

1704  
01:01:46,630 --> 01:01:44,319  
there's so many rave reviews for ce5

1705  
01:01:48,710 --> 01:01:46,640  
protocols and this and that the other

1706  
01:01:51,430 --> 01:01:48,720  
thing but then again i mean it really is

1707  
01:01:52,390 --> 01:01:51,440  
just a form of ritual magic so to speak

1708  
01:01:59,990 --> 01:01:52,400  
to

1709  
01:02:00,870 --> 01:02:00,000  
and i i've witnessed what

1710  
01:02:03,109 --> 01:02:00,880  
i guess

1711  
01:02:04,710 --> 01:02:03,119  
really through other parties i've never

1712  
01:02:07,829 --> 01:02:04,720  
had any personal

1713  
01:02:09,750 --> 01:02:07,839

interaction except just speaking to the

1714

01:02:12,870 --> 01:02:09,760

good doctor over the phone

1715

01:02:15,670 --> 01:02:12,880

but um personally the what i've heard

1716

01:02:18,630 --> 01:02:15,680

from others are similar

1717

01:02:20,470 --> 01:02:18,640

tales of um

1718

01:02:22,630 --> 01:02:20,480

i i don't know that just over

1719

01:02:25,190 --> 01:02:22,640

overcompensation

1720

01:02:27,829 --> 01:02:25,200

for something that they thought they

1721

01:02:30,069 --> 01:02:27,839

were going to play a part in

1722

01:02:32,470 --> 01:02:30,079

yeah and i want to distinguish the

1723

01:02:35,510 --> 01:02:32,480

protocols and the value of meditation

1724

01:02:37,430 --> 01:02:35,520

and seeking to be peaceful and open a

1725

01:02:39,430 --> 01:02:37,440

invitation for whatever life is out

1726

01:02:41,430 --> 01:02:39,440

there to visit from

1727

01:02:44,630 --> 01:02:41,440

what i just described being lied to at

1728

01:02:47,349 --> 01:02:44,640

the hearings in washington dc

1729

01:02:53,029 --> 01:02:49,670

every human being probably is a mixed

1730

01:02:55,349 --> 01:02:53,039

bag i i know i am um

1731

01:02:57,109 --> 01:02:55,359

uh maybe i'm too judgmental maybe i go

1732

01:03:00,230 --> 01:02:57,119

too quickly to anger

1733

01:03:02,470 --> 01:03:00,240

i'm sure i do both of those things um

1734

01:03:05,190 --> 01:03:02,480

but i seek to be that

1735

01:03:07,670 --> 01:03:05,200

advocate for radical voluntarism and

1736

01:03:09,910 --> 01:03:07,680

truth-telling and the value of the

1737

01:03:11,270 --> 01:03:09,920

scientific method if you will

1738

01:03:13,190 --> 01:03:11,280

um

1739

01:03:15,190 --> 01:03:13,200

and the ce5 protocols are not

1740

01:03:18,710 --> 01:03:15,200

trademarked or copyrighted or the

1741

01:03:21,750 --> 01:03:18,720

exclusive domain of of any one given

1742

01:03:26,160 --> 01:03:24,789

and and they're kind of discoverable

1743

01:03:27,430 --> 01:03:26,170

naturally as well

1744

01:03:28,710 --> 01:03:27,440

[Music]

1745

01:03:30,309 --> 01:03:28,720

i think you know i've spent a fair

1746

01:03:33,029 --> 01:03:30,319

amount of time camping out in the

1747

01:03:34,390 --> 01:03:33,039

deserts of utah oh yes and i'll tell you

1748

01:03:35,670 --> 01:03:34,400

what

1749

01:03:38,069 --> 01:03:35,680

if you want to develop that kind of

1750

01:03:40,870 --> 01:03:38,079

orientation

1751  
01:03:43,750 --> 01:03:40,880  
toward contact or wonder about our place

1752  
01:03:45,750 --> 01:03:43,760  
on the planet get out west or somewhere

1753  
01:03:49,430 --> 01:03:45,760  
with low humidity get up at a high

1754  
01:03:52,710 --> 01:03:49,440  
altitude get into a desert environment

1755  
01:03:54,870 --> 01:03:52,720  
and spend three or four nights alone

1756  
01:03:57,990 --> 01:03:54,880  
looking at the sky

1757  
01:04:00,470 --> 01:03:58,000  
and and the idea of what sometimes is

1758  
01:04:02,710 --> 01:04:00,480  
presented as ce5 protocols

1759  
01:04:05,829 --> 01:04:02,720  
just becomes a natural way of being

1760  
01:04:07,910 --> 01:04:05,839  
after a couple of days in the desert

1761  
01:04:10,950 --> 01:04:07,920  
i think there's great value in that one

1762  
01:04:13,430 --> 01:04:10,960  
one of my good friends

1763  
01:04:15,190 --> 01:04:13,440

as a now retired from having worked with

1764

01:04:16,309 --> 01:04:15,200

an organization called the anasazi

1765

01:04:18,549 --> 01:04:16,319

program

1766

01:04:20,630 --> 01:04:18,559

down in arizona where they take troubled

1767

01:04:22,069 --> 01:04:20,640

teenagers mostly

1768

01:04:24,470 --> 01:04:22,079

uh some older

1769

01:04:26,950 --> 01:04:24,480

uh out into the woods

1770

01:04:29,430 --> 01:04:26,960

of arizona for maybe a month and they

1771

01:04:31,510 --> 01:04:29,440

live pretty much like the anasazi

1772

01:04:33,670 --> 01:04:31,520

indians lived just getting in touch with

1773

01:04:35,589 --> 01:04:33,680

nature excellent and they have a

1774

01:04:37,910 --> 01:04:35,599

remarkable success rate from what i've

1775

01:04:39,589 --> 01:04:37,920

read been reported to me at least

1776  
01:04:40,390 --> 01:04:39,599  
in terms of these troubled kids coming

1777  
01:04:42,630 --> 01:04:40,400  
back

1778  
01:04:44,309 --> 01:04:42,640  
into their families and having a

1779  
01:04:48,390 --> 01:04:44,319  
completely different orientation toward

1780  
01:04:50,309 --> 01:04:48,400  
a desire to cut themselves or consume

1781  
01:04:52,309 --> 01:04:50,319  
drugs that impact them negatively or

1782  
01:04:53,990 --> 01:04:52,319  
alcohol

1783  
01:04:55,510 --> 01:04:54,000  
and get a new passion for life and

1784  
01:04:57,589 --> 01:04:55,520  
making a positive difference in the

1785  
01:04:59,029 --> 01:04:57,599  
world simply from having lived out in

1786  
01:05:00,230 --> 01:04:59,039  
nature

1787  
01:05:03,750 --> 01:05:00,240  
um

1788  
01:05:06,230 --> 01:05:03,760

you know i think maybe if if we uh

1789

01:05:09,029 --> 01:05:06,240

if we could all do that um

1790

01:05:10,789 --> 01:05:09,039

it would diminish the desire among us to

1791

01:05:12,630 --> 01:05:10,799

go to war with each other to fight over

1792

01:05:13,990 --> 01:05:12,640

geographic territory or limited

1793

01:05:15,990 --> 01:05:14,000

resources or

1794

01:05:18,470 --> 01:05:16,000

political differences or whatever we

1795

01:05:19,829 --> 01:05:18,480

like to fight over if we just get out

1796

01:05:22,710 --> 01:05:19,839

and and do what these kids do in the

1797

01:05:25,270 --> 01:05:22,720

anasazi program or just get out

1798

01:05:27,270 --> 01:05:25,280

and do the four or five days um in a

1799

01:05:29,349 --> 01:05:27,280

desert setting you don't have to spend

1800

01:05:30,710 --> 01:05:29,359

thousands of dollars to do that

1801

01:05:32,309 --> 01:05:30,720

right i think there might be value in

1802

01:05:33,910 --> 01:05:32,319

doing it alone too rather than with a

1803

01:05:35,349 --> 01:05:33,920

group of people and certainly i think

1804

01:05:36,710 --> 01:05:35,359

there's great value in doing it without

1805

01:05:38,309 --> 01:05:36,720

a quote leader

1806

01:05:39,670 --> 01:05:38,319

he's telling you

1807

01:05:41,829 --> 01:05:39,680

whatever

1808

01:05:43,750 --> 01:05:41,839

um yeah

1809

01:05:46,069 --> 01:05:43,760

and then if we if we were to do that

1810

01:05:48,150 --> 01:05:46,079

maybe maybe the planet would be a place

1811

01:05:49,190 --> 01:05:48,160

that some enlightened life might like to

1812

01:05:51,670 --> 01:05:49,200

drop by

1813

01:05:53,829 --> 01:05:51,680

yeah i remember stan friedman god bless

1814

01:05:55,430 --> 01:05:53,839

him and i just it's tragic he didn't

1815

01:05:56,870 --> 01:05:55,440

live long enough to see disclosure

1816

01:05:58,950 --> 01:05:56,880

happen or even

1817

01:06:03,029 --> 01:05:58,960

what's happened last couple years

1818

01:06:07,029 --> 01:06:04,950

brought you know a seriousness to the

1819

01:06:09,190 --> 01:06:07,039

field back in the 70s that it really

1820

01:06:10,069 --> 01:06:09,200

wasn't ex didn't exist and he was doing

1821

01:06:14,230 --> 01:06:10,079

the

1822

01:06:14,870 --> 01:06:14,240

presidential libraries and repositories

1823

01:06:18,549 --> 01:06:14,880

and

1824

01:06:21,430 --> 01:06:18,559

somebody say you need to meet jessie

1825

01:06:23,589 --> 01:06:21,440

marcel without that happening the whole

1826  
01:06:25,510 --> 01:06:23,599  
roswell story probably never would have

1827  
01:06:27,990 --> 01:06:25,520  
opened up you know a debt of gratitude

1828  
01:06:29,589 --> 01:06:28,000  
to stamp but stan used to say it at

1829  
01:06:32,230 --> 01:06:29,599  
conferences

1830  
01:06:33,990 --> 01:06:32,240  
you know imagine you're an advanced et

1831  
01:06:35,510 --> 01:06:34,000  
you looking at planet earth maybe you're

1832  
01:06:37,349 --> 01:06:35,520  
a junior high school student whose

1833  
01:06:40,230 --> 01:06:37,359  
project was to go out in the boonies and

1834  
01:06:42,470 --> 01:06:40,240  
write a report on the savages some

1835  
01:06:44,230 --> 01:06:42,480  
planet on the outer edge of the

1836  
01:06:46,230 --> 01:06:44,240  
galaxy

1837  
01:06:48,630 --> 01:06:46,240  
how would your report read yeah

1838  
01:06:50,390 --> 01:06:48,640

observation of life on earth human

1839

01:06:53,670 --> 01:06:50,400

beings dominant

1840

01:06:56,390 --> 01:06:53,680

creature uh primary uh activity killing

1841

01:06:58,150 --> 01:06:56,400

each other primary economic activity

1842

01:06:59,589 --> 01:06:58,160

developing ever more lethal ways of

1843

01:07:01,510 --> 01:06:59,599

killing each other

1844

01:07:02,710 --> 01:07:01,520

primary social activity watching

1845

01:07:03,589 --> 01:07:02,720

horrible

1846

01:07:05,750 --> 01:07:03,599

uh

1847

01:07:08,470 --> 01:07:05,760

fiction and films and movies about the

1848

01:07:12,069 --> 01:07:08,480

acts of killing each other

1849

01:07:12,789 --> 01:07:12,079

who wants to drop by that planet yeah

1850

01:07:15,349 --> 01:07:12,799

uh

1851  
01:07:18,710 --> 01:07:15,359  
so we if we could maybe

1852  
01:07:19,750 --> 01:07:18,720  
reduce all of that a bit um

1853  
01:07:22,710 --> 01:07:19,760  
yeah

1854  
01:07:24,789 --> 01:07:22,720  
uh uh maybe maybe somebody want to show

1855  
01:07:26,950 --> 01:07:24,799  
up for tea i know i'd like to get off

1856  
01:07:29,510 --> 01:07:26,960  
this planet and find find the version of

1857  
01:07:32,870 --> 01:07:29,520  
libertopia i hope is out there somewhere

1858  
01:07:34,789 --> 01:07:32,880  
i see that kind of adjust um

1859  
01:07:36,309 --> 01:07:34,799  
yeah you mentioned my desire for

1860  
01:07:38,230 --> 01:07:36,319  
adventure travel i've been to china and

1861  
01:07:39,670 --> 01:07:38,240  
mongolia

1862  
01:07:40,829 --> 01:07:39,680  
asia i want to get to europe i haven't

1863  
01:07:43,349 --> 01:07:40,839

done that

1864

01:07:45,990 --> 01:07:43,359

um i've seen most of america though i

1865

01:07:47,670 --> 01:07:46,000

have that rv with 360 000 miles on it

1866

01:07:48,789 --> 01:07:47,680

now i've been in every one of the 48

1867

01:07:52,230 --> 01:07:48,799

states

1868

01:07:55,109 --> 01:07:52,240

this is a beautiful planet and

1869

01:07:57,430 --> 01:07:55,119

i was really struck by william shatner's

1870

01:08:00,309 --> 01:07:57,440

coming back down from his 10 minutes at

1871

01:08:01,670 --> 01:08:00,319

the top of a very primitive elevator

1872

01:08:03,270 --> 01:08:01,680

yeah

1873

01:08:05,190 --> 01:08:03,280

but he got to see the curvature of the

1874

01:08:07,190 --> 01:08:05,200

earth and the fragileness of the

1875

01:08:08,870 --> 01:08:07,200

atmosphere that gives us life the

1876

01:08:10,950 --> 01:08:08,880

thinness of that out of all the

1877

01:08:13,190 --> 01:08:10,960

blackness of space and

1878

01:08:15,270 --> 01:08:13,200

all of the death that is at the core of

1879

01:08:17,349 --> 01:08:15,280

the planet from a few feet down all the

1880

01:08:18,950 --> 01:08:17,359

way to the molten core there's this

1881

01:08:19,829 --> 01:08:18,960

little bit of life on the skin of the

1882

01:08:21,269 --> 01:08:19,839

earth

1883

01:08:24,789 --> 01:08:21,279

and boy when he came back and talked

1884

01:08:26,229 --> 01:08:24,799

about that i i like yeah bill

1885

01:08:28,550 --> 01:08:26,239

i think everybody can see that you don't

1886

01:08:31,430 --> 01:08:28,560

necessarily need to go up you know

1887

01:08:33,110 --> 01:08:31,440

60 70 miles and look back down you can

1888

01:08:35,669 --> 01:08:33,120

sort of realize that for yourself how

1889

01:08:36,789 --> 01:08:35,679

fragile and precious life is here

1890

01:08:39,669 --> 01:08:36,799

um

1891

01:08:42,709 --> 01:08:39,679

and uh and become somebody who wants to

1892

01:08:45,269 --> 01:08:42,719

defend that and and praise it and honor

1893

01:08:46,709 --> 01:08:45,279

it and feel grateful for it

1894

01:08:48,470 --> 01:08:46,719

and then you get to a place that these

1895

01:08:49,749 --> 01:08:48,480

so-called protocols

1896

01:08:51,829 --> 01:08:49,759

you don't need somebody telling you how

1897

01:08:54,149 --> 01:08:51,839

to do that

1898

01:08:55,910 --> 01:08:54,159

it can be easily encountered naturally i

1899

01:08:58,229 --> 01:08:55,920

think and i know you've done that too i

1900

01:09:00,070 --> 01:08:58,239

think you

1901

01:09:01,749 --> 01:09:00,080

one of you that told me a story about

1902

01:09:03,669 --> 01:09:01,759

being out in one of utah's national

1903

01:09:05,749 --> 01:09:03,679

forests and encountering an egg-shaped

1904

01:09:06,870 --> 01:09:05,759

vehicle is that your story

1905

01:09:09,910 --> 01:09:06,880

i don't

1906

01:09:11,749 --> 01:09:09,920

think it was but uh maybe it's alien day

1907

01:09:13,910 --> 01:09:11,759

but then i get the two of you confused

1908

01:09:14,709 --> 01:09:13,920

sometimes yeah of course

1909

01:09:16,070 --> 01:09:14,719

and

1910

01:09:18,229 --> 01:09:16,080

that's normal

1911

01:09:19,990 --> 01:09:18,239

but i have witnessed to your point i

1912

01:09:22,950 --> 01:09:20,000

have witnessed things that are not

1913

01:09:25,590 --> 01:09:22,960

typically seen so but i have to say i

1914

01:09:27,269 --> 01:09:25,600

have to say that it is it is so

1915

01:09:28,950 --> 01:09:27,279

interesting how

1916

01:09:30,550 --> 01:09:28,960

you have been brought together with

1917

01:09:33,110 --> 01:09:30,560

people either by

1918

01:09:34,550 --> 01:09:33,120

this strange coincidence synchronicity

1919

01:09:35,829 --> 01:09:34,560

or phenomena

1920

01:09:38,630 --> 01:09:35,839

and

1921

01:09:41,110 --> 01:09:38,640

your adventure is i like that you akin

1922

01:09:43,910 --> 01:09:41,120

it to it's it's akin to

1923

01:09:46,789 --> 01:09:43,920

uh forrest gump because it really is

1924

01:09:49,030 --> 01:09:46,799

your saga on this adventure is is just

1925

01:09:51,110 --> 01:09:49,040

so interesting and i always love talking

1926

01:09:55,590 --> 01:09:51,120

to you about it and you're

1927

01:09:57,669 --> 01:09:55,600

you've got a great and upbeat uh

1928

01:10:00,630 --> 01:09:57,679

philosophy about it all and and you're

1929

01:10:02,070 --> 01:10:00,640

also very scholarly and real a realist

1930

01:10:04,709 --> 01:10:02,080

which is you know it's hard to come

1931

01:10:07,350 --> 01:10:04,719

across all those things in a responsible

1932

01:10:09,830 --> 01:10:07,360

way so i i appreciate the way that you

1933

01:10:11,750 --> 01:10:09,840

give credence to the unexplained can't

1934

01:10:13,750 --> 01:10:11,760

thank you enough for coming on the

1935

01:10:14,709 --> 01:10:13,760

podcast joe and i hope we talk again

1936

01:10:15,990 --> 01:10:14,719

soon

1937

01:10:18,630 --> 01:10:16,000

um

1938

01:10:21,590 --> 01:10:18,640

anything any last comments or remarks

1939

01:10:23,510 --> 01:10:21,600

before we wrap things up

1940

01:10:24,790 --> 01:10:23,520

no i uh well two things actually now

1941

01:10:26,630 --> 01:10:24,800

that you think about it so this will go

1942

01:10:29,510 --> 01:10:26,640

another 15 minutes but i'll try to keep

1943

01:10:31,750 --> 01:10:29,520

it short yeah now two things is

1944

01:10:32,950 --> 01:10:31,760

years ago after visiting that museum and

1945

01:10:34,390 --> 01:10:32,960

talking to my friend in the army

1946

01:10:36,310 --> 01:10:34,400

intelligence and realizing all this

1947

01:10:37,990 --> 01:10:36,320

stuff i thought about yeah i want to

1948

01:10:41,430 --> 01:10:38,000

talk to the et's

1949

01:10:43,270 --> 01:10:41,440

and i don't need a big radio telescope

1950

01:10:45,030 --> 01:10:43,280

or broadcast transmitter to do that if

1951

01:10:47,189 --> 01:10:45,040

they're here they're downloading the

1952

01:10:49,030 --> 01:10:47,199

internet so some years ago i put up a

1953

01:10:50,870 --> 01:10:49,040

website i still own the domain i'm going

1954

01:10:52,390 --> 01:10:50,880

to put it back up again probably before

1955

01:10:56,229 --> 01:10:52,400

the end of the year and it's

1956

01:10:59,750 --> 01:10:57,750

i love it and i just thought boy if i'm

1957

01:11:01,990 --> 01:10:59,760

going to start a conversation with some

1958

01:11:04,709 --> 01:11:02,000

wise being out there

1959

01:11:06,950 --> 01:11:04,719

where would i start and i i'm ashamed of

1960

01:11:08,470 --> 01:11:06,960

the mess we've made of planet earth and

1961

01:11:10,229 --> 01:11:08,480

and i think bill shatner had that same

1962

01:11:12,550 --> 01:11:10,239

kind of orientation we need

1963

01:11:14,390 --> 01:11:12,560

to clean up our own nest stop killing

1964

01:11:16,310 --> 01:11:14,400

each other stop polluting

1965

01:11:17,990 --> 01:11:16,320

uh the planet to the point that it

1966

01:11:19,030 --> 01:11:18,000

doesn't support uh

1967

01:11:21,270 --> 01:11:19,040

life

1968

01:11:23,110 --> 01:11:21,280

so um look for that i think i need to

1969

01:11:24,950 --> 01:11:23,120

get that up i need to get my transcript

1970

01:11:27,510 --> 01:11:24,960

of the citizens hearing up i think it's

1971

01:11:29,270 --> 01:11:27,520

time jeremy and reuben have basically

1972

01:11:31,430 --> 01:11:29,280

put it all up for free on youtube now

1973

01:11:32,790 --> 01:11:31,440

although they edited steve bassett out

1974

01:11:35,189 --> 01:11:32,800

oh my goodness

1975

01:11:37,110 --> 01:11:35,199

human beings are nuts and and the crazy

1976

01:11:39,110 --> 01:11:37,120

hurtful things we do

1977

01:11:40,550 --> 01:11:39,120

um hey i'm gonna do that and the other

1978

01:11:42,470 --> 01:11:40,560

one i wanted to leave you with is i met

1979

01:11:44,390 --> 01:11:42,480

ray bradbury once

1980

01:11:45,669 --> 01:11:44,400

he uh took a train to utah because he

1981

01:11:47,590 --> 01:11:45,679

didn't fly

1982

01:11:49,350 --> 01:11:47,600

uh and he gave a talk up at utah state

1983

01:11:51,750 --> 01:11:49,360

university and i also recorded that

1984

01:11:53,110 --> 01:11:51,760

typed up a transcript and sent it to him

1985

01:11:55,510 --> 01:11:53,120

it's one of those things i like doing

1986

01:11:57,910 --> 01:11:55,520

recording things typing up transcripts

1987

01:11:59,750 --> 01:11:57,920

sharing them ray wrote me back a

1988

01:12:01,830 --> 01:11:59,760

wonderful thank-you note

1989

01:12:03,910 --> 01:12:01,840

but what he said in that

1990

01:12:05,750 --> 01:12:03,920

still struck me which was he regretted

1991

01:12:08,470 --> 01:12:05,760

being alive now

1992

01:12:10,790 --> 01:12:08,480

because we're too close to the cave

1993

01:12:12,310 --> 01:12:10,800

and too far from the stars

1994

01:12:13,750 --> 01:12:12,320

and he wanted to be a human being he

1995

01:12:15,830 --> 01:12:13,760

could live when we

1996

01:12:17,669 --> 01:12:15,840

we travel among the stars

1997

01:12:20,070 --> 01:12:17,679

yeah and so do i

1998

01:12:22,310 --> 01:12:20,080

um and he just said i'm an enthusiast

1999

01:12:24,470 --> 01:12:22,320

for life what you have before you is an

2000

01:12:26,950 --> 01:12:24,480

enthusiast for life

2001

01:12:28,870 --> 01:12:26,960

that's how he started out his talk so

2002

01:12:31,590 --> 01:12:28,880

i just leave everybody with the idea

2003

01:12:32,950 --> 01:12:31,600

that let's do things that honor life and

2004

01:12:34,790 --> 01:12:32,960

advance

2005

01:12:36,630 --> 01:12:34,800

life and end

2006

01:12:38,550 --> 01:12:36,640

suffering and

2007

01:12:40,550 --> 01:12:38,560

bring us to a place where the

2008

01:12:42,709 --> 01:12:40,560

earth might look like the garden of eden

2009

01:12:44,870 --> 01:12:42,719

it was intended to be i believe such

2010

01:12:47,189 --> 01:12:44,880

that whatever life that's out there

2011

01:12:50,550 --> 01:12:47,199

that's peaceful

2012

01:12:52,070 --> 01:12:50,560

feels comfortable dropping by i know i

2013

01:12:54,870 --> 01:12:52,080

wouldn't feel real comfortable dropping

2014

01:12:57,030 --> 01:12:54,880

by if i had never been here before

2015

01:12:58,870 --> 01:12:57,040

it's a little bit of a scary place right

2016

01:13:00,709 --> 01:12:58,880

now but let's let's move it forward

2017

01:13:03,110 --> 01:13:00,719

surely we can all agree on doing that

2018

01:13:05,990 --> 01:13:03,120

regardless of political orientation or

2019

01:13:08,149 --> 01:13:06,000

attitudes about various ufo researchers

2020

01:13:10,950 --> 01:13:08,159

let's just all agree we want to move the

2021

01:13:13,350 --> 01:13:10,960

planet forward to being a place that

2022

01:13:15,830 --> 01:13:13,360

advanced people peaceful life would feel

2023

01:13:17,990 --> 01:13:15,840

more comfortable dropping by for a while

2024

01:13:21,110 --> 01:13:18,000

amen that's how i felt on your podcast

2025

01:13:22,390 --> 01:13:21,120

ryan thanks for having me here

2026

01:13:25,270 --> 01:13:22,400

well there you have it ladies and

2027

01:13:27,270 --> 01:13:25,280

gentlemen phenomenal individual with

2028

01:13:28,870 --> 01:13:27,280

mind-blowing accuracy at approaching the

2029

01:13:30,630 --> 01:13:28,880

ufo subject

2030

01:13:32,390 --> 01:13:30,640

joe bookman is

2031

01:13:33,350 --> 01:13:32,400

a great guy

2032

01:13:36,310 --> 01:13:33,360

and

2033

01:13:39,510 --> 01:13:36,320

has a very solid base of reason as a

2034

01:13:42,790 --> 01:13:39,520

philosophical radical volunteerist and

2035

01:13:45,110 --> 01:13:42,800

he is uh well if there is something to

2036

01:13:47,750 --> 01:13:45,120

the invisible college joe would have

2037

01:13:50,149 --> 01:13:47,760

surely gained some knowledge of it in

2038

01:13:52,709 --> 01:13:50,159

his fascinating travels

2039

01:13:56,550 --> 01:13:52,719

it seems that there is a spark of sorts

2040

01:13:58,550 --> 01:13:56,560

intelligences lighting a fire of

2041

01:14:01,030 --> 01:13:58,560

which very little is known

2042

01:14:03,270 --> 01:14:01,040

it's called the invisible college of ufo

2043

01:14:06,310 --> 01:14:03,280

study and although none claim to be

2044

01:14:09,030 --> 01:14:06,320

members of such an organization

2045

01:14:10,470 --> 01:14:09,040

many have basked in the warm light

2046

01:14:13,430 --> 01:14:10,480

of its glow

2047

01:14:15,750 --> 01:14:13,440

in the words of the 1999 movie starring

2048

01:14:18,470 --> 01:14:15,760

brad pitt which was likened to the

2049

01:14:21,030 --> 01:14:18,480

invisible college in diane pazulka's

2050

01:14:24,070 --> 01:14:21,040

book american cosmic

2051

01:14:26,830 --> 01:14:24,080

the first rule of fight club is

2052

01:14:29,990 --> 01:14:26,840

you do not talk about fight

2053

01:14:33,030 --> 01:14:30,000

club joe's life seems much like forrest

2054

01:14:36,149 --> 01:14:33,040

gumps in that he synchronistically ends

2055

01:14:38,630 --> 01:14:36,159

up at the right place at the right time

2056

01:14:41,030 --> 01:14:38,640

whether this is fate or a byproduct of

2057

01:14:42,470 --> 01:14:41,040

the very phenomena we speak of may never

2058

01:14:44,709 --> 01:14:42,480

be known

2059

01:14:46,390 --> 01:14:44,719

regardless his incredible journeys and

2060

01:14:48,870 --> 01:14:46,400

accounts should be taken into

2061

01:14:51,270 --> 01:14:48,880

consideration

2062

01:14:54,229 --> 01:14:51,280

the fascinating result of this group

2063

01:14:57,669 --> 01:14:54,239

that for all intents and purposes

2064

01:14:59,669 --> 01:14:57,679

denies any actual existence

2065

01:15:01,669 --> 01:14:59,679

the invisible college gained a name from

2066

01:15:04,470 --> 01:15:01,679

j alan heineck

2067

01:15:07,510 --> 01:15:04,480

and whether real or not in any formal

2068

01:15:10,870 --> 01:15:07,520

group sense they are very much invisible

2069

01:15:13,590 --> 01:15:10,880

and yet a force upon the ufo field many

2070

01:15:17,110 --> 01:15:13,600

will purport are the players on the

2071

01:15:19,430 --> 01:15:17,120

frontiers of research

2072

01:15:21,669 --> 01:15:19,440

couldn't be happier with the guest today

2073

01:15:22,870 --> 01:15:21,679

magnificent guy

2074

01:15:24,790 --> 01:15:22,880

and

2075

01:15:26,630 --> 01:15:24,800

until next time keep your eyes to the

2076

01:15:34,260 --> 01:15:26,640

skies feet on the ground but don't

2077

01:15:34,270 --> 01:15:51,430

[Music]

2078

01:15:54,310 --> 01:15:52,709

blast off

2079

01:15:57,189 --> 01:15:54,320

glassed off

2080

01:16:01,110 --> 01:15:57,199

come blast off in my time machine third
