

ERIC HECKER

A black and white photograph of a rocky coastline. The foreground is filled with numerous large, flat, light-colored rocks scattered across a dark, pebbly shore. In the middle ground, a calm body of water stretches towards the horizon. In the background, a range of rugged mountains with snow-capped peaks is visible under a cloudy sky.

00:01:38,710 --> 00:01:36,960

and coincidental experiences than

24

00:01:41,270 --> 00:01:38,720

anyone could expect

25

00:01:43,429 --> 00:01:41,280

with childhood black projects pretty

26

00:01:46,550 --> 00:01:43,439

00:01:56,550 --> 00:01:53,200

well some secret projects

00:02:00,310 --> 00:01:56,560

run most likely by the dia and cia

32

00:02:03,190 --> 00:02:00,320

his life led him to unique experiences

33

00:02:06,830 --> 00:02:03,200

as a submariner in the submarine service

34

00:02:09,589 --> 00:02:06,840

of our country eric has had uncanny

35

00:02:12,229 --> 00:02:09,599

experiences working for well some of the

36

00:02:14,550 --> 00:02:12,239

most powerful people in the world who

37

00:02:18,229 --> 00:02:14,560

were living in long island and more

38

00:02:20,550 --> 00:02:18,239

recently eric took post in antarctica

00:02:22,390 --> 00:02:20,560

working at the south pole station in

40

00:02:25,030 --> 00:02:22,400

44

00:02:32,869 --> 00:02:31,040

been a long time that i have wanted to

45

00:02:35,750 --> 00:02:32,879

have you on the podcast you have such an

46

00:02:38,309 --> 00:02:35,760

amazing and unique amazing story uh

47

00:02:40,229 --> 00:02:38,319

uncanny experiences

48

00:02:42,630 --> 00:02:40,239

first of all mad props for coming to us

49

00:02:44,390 --> 00:02:42,640

from alaska one of the most beautiful

50

00:02:46,470 --> 00:02:44,400

places on the planet and i know that all

51
00:02:48,949 --> 00:02:46,480
the things i love to do seemingly are

52
00:02:51,110 --> 00:02:48,959
better up there whether it's fly fishing

53
00:02:52,790 --> 00:02:51,120
camping hiking biking etc

54
00:02:54,229 --> 00:02:52,800
and um

55
00:02:56,309 --> 00:02:54,239
before we get

56
00:02:57,990 --> 00:02:56,319
into the juicy stuff and trust me it's

57
00:03:00,070 --> 00:02:58,000
all juicy when it comes to this type of

58
00:03:02,550 --> 00:03:00,080
talk at least for me

59
00:03:04,630 --> 00:03:02,560
and your personal story is so intriguing

60
00:03:07,910 --> 00:03:04,640
i don't know how far we need to go back

61
00:03:10,070 --> 00:03:07,920
um to give folks a rundown on how

62
00:03:11,910 --> 00:03:10,080
society is programmed and seeing some of

63
00:03:14,070 --> 00:03:11,920

the common downfalls

64

00:03:15,030 --> 00:03:14,080

that i guess normal people don't

65

00:03:17,030 --> 00:03:15,040

notice

66

00:03:19,430 --> 00:03:17,040

is being done to them do how far do we

67

00:03:21,509 --> 00:03:19,440

need to go back is it 9 11 or is it how

68

00:03:24,229 --> 00:03:21,519

far would you like to go back

69

00:03:26,149 --> 00:03:24,239

oh well i mean i i guess um

70

00:03:27,830 --> 00:03:26,159

dealing in facts and reality all i can

71

00:03:29,830 --> 00:03:27,840

say is that i know at the very least

72

00:03:31,990 --> 00:03:29,840

from my own experience

73

00:03:34,789 --> 00:03:32,000

i know that there are programs that are

74

00:03:36,949 --> 00:03:34,799

dealing with children prenatal

75

00:03:39,190 --> 00:03:36,959

which was what i experienced

76
00:03:40,309 --> 00:03:39,200
and i know that these programs predate

77
00:03:42,070 --> 00:03:40,319
my birth

78
00:03:43,589 --> 00:03:42,080
so i think how about we just start with

79
00:03:47,309 --> 00:03:43,599
everybody looking at their own

80
00:03:50,229 --> 00:03:47,319
experience and understanding that

81
00:03:52,710 --> 00:03:50,239
manipulations in your life may have

82
00:03:54,789 --> 00:03:52,720
started way earlier than you could have

83
00:03:57,270 --> 00:03:54,799
previously imagined

84
00:03:58,550 --> 00:03:57,280
wow and it's even prenatal that's

85
00:03:59,589 --> 00:03:58,560
amazing

86
00:04:01,910 --> 00:03:59,599
right

87
00:04:04,149 --> 00:04:01,920
there's a lot of a lot of um

88
00:04:05,910 --> 00:04:04,159

folks that have been in programs that

89

00:04:07,270 --> 00:04:05,920

you know genetic engineering and things

90

00:04:09,509 --> 00:04:07,280

like that they were looking to

91

00:04:11,910 --> 00:04:09,519

manufacture a product

92

00:04:13,990 --> 00:04:11,920

so they were you know from the womb to

93

00:04:15,670 --> 00:04:14,000

the tomb so to say on some of these

94

00:04:17,590 --> 00:04:15,680

programs

95

00:04:19,990 --> 00:04:17,600

oh that is that is it that's a creepy

96

00:04:21,509 --> 00:04:20,000

way to put it

97

00:04:24,150 --> 00:04:21,519

but that's what's going on so like

98

00:04:25,990 --> 00:04:24,160

that's like you know i would like to say

99

00:04:27,590 --> 00:04:26,000

that you know

100

00:04:28,950 --> 00:04:27,600

we can go back to the beginning but the

101

00:04:31,749 --> 00:04:28,960

reality is is that what we're

102

00:04:33,909 --> 00:04:31,759

experiencing contemporarily is

103

00:04:35,510 --> 00:04:33,919

more or less technologies that people

104

00:04:37,230 --> 00:04:35,520

are trying to do

105

00:04:40,710 --> 00:04:37,240

which are

106

00:04:42,650 --> 00:04:40,720

representative of techniques that are

107

00:04:43,909 --> 00:04:42,660

from time immemorial

108

00:04:46,150 --> 00:04:43,919

[Music]

109

00:04:47,749 --> 00:04:46,160

we're dealing with energies effectively

110

00:04:49,670 --> 00:04:47,759

and there's some folks that are in the

111

00:04:51,670 --> 00:04:49,680

know and there's some folks that are not

112

00:04:53,670 --> 00:04:51,680

in the know and the folks that in the

113

00:04:56,629 --> 00:04:53,680

know are very much taking advantage of

114

00:04:58,950 --> 00:04:56,639

the folks not in the know

115

00:05:01,990 --> 00:04:58,960

and it this seems to be a thing that has

116

00:05:04,310 --> 00:05:02,000

been done throughout time it is wild

117

00:05:06,390 --> 00:05:04,320

exactly it's hard for me to say where do

118

00:05:08,790 --> 00:05:06,400

we go for the beginning you know i know

119

00:05:11,830 --> 00:05:08,800

my childhood was not what was presented

120

00:05:14,390 --> 00:05:11,840

to me so i'm i'm trying to connect the

121

00:05:16,230 --> 00:05:14,400

dots and find out you know where does it

122

00:05:18,469 --> 00:05:16,240

start and it seems that this is just an

123

00:05:22,629 --> 00:05:18,479

ongoing thing that we know that the

124

00:05:26,310 --> 00:05:22,639

psyche of humanity is both complex

125

00:05:27,510 --> 00:05:26,320

fragile and not what we thought

126

00:05:29,590 --> 00:05:27,520

[Music]

127

00:05:32,150 --> 00:05:29,600

and the mystery of it all the the

128

00:05:34,310 --> 00:05:32,160

mystery schools how a lot of people

129

00:05:36,629 --> 00:05:34,320

point the fingers at this and how

130

00:05:38,790 --> 00:05:36,639

elemental are they to the ruling elite

131

00:05:42,230 --> 00:05:38,800

is there a proliferance of this or is it

132

00:05:44,230 --> 00:05:42,240

more just kind of a scapegoat

133

00:05:45,830 --> 00:05:44,240

it's totally a scapegoat contemporarily

134

00:05:48,150 --> 00:05:45,840

like don't get me wrong you can't negate

135

00:05:50,150 --> 00:05:48,160

the mystery schools from the equation

136

00:05:52,550 --> 00:05:50,160

but in a way it would be like blaming of

137

00:05:54,390 --> 00:05:52,560

the library

138

00:05:56,629 --> 00:05:54,400

it's a it's a fountain of information

139

00:05:58,550 --> 00:05:56,639

these mystery schools these old

140

00:05:59,510 --> 00:05:58,560

organizations whatever you want to call

141

00:06:01,189 --> 00:05:59,520

them

142

00:06:02,870 --> 00:06:01,199

that people belong to and they'll say oh

143

00:06:04,950 --> 00:06:02,880

it's you know the illuminati this or

144

00:06:07,670 --> 00:06:04,960

it's the freemasons or something like

145

00:06:09,350 --> 00:06:07,680

that i'm when i hear that stuff it just

146

00:06:12,950 --> 00:06:09,360

sounds to me like painting with the

147

00:06:14,790 --> 00:06:12,960

broad brush by a different brush truck

148

00:06:16,790 --> 00:06:14,800

you know it's it's still prejudiced

149

00:06:18,469 --> 00:06:16,800

across the board it's still finger

150

00:06:22,629 --> 00:06:18,479

pointing and blaming someone else for

151
00:06:26,550 --> 00:06:22,639
your own problems as as if any one group

152
00:06:28,629 --> 00:06:26,560
is all one thing and not another

153
00:06:31,350 --> 00:06:28,639
so to me i look at like these ancient

154
00:06:33,029 --> 00:06:31,360
mystery schools as just fountains of

155
00:06:35,110 --> 00:06:33,039
information

156
00:06:37,590 --> 00:06:35,120
and we should you know look into the

157
00:06:39,590 --> 00:06:37,600
value of that information i mean there

158
00:06:42,230 --> 00:06:39,600
therein lies the great work that we're

159
00:06:45,110 --> 00:06:42,240
supposed to do as individuals is expose

160
00:06:46,550 --> 00:06:45,120
ourselves to knowledge and and gain a

161
00:06:48,390 --> 00:06:46,560
position

162
00:06:49,430 --> 00:06:48,400
using discernment

163
00:06:50,870 --> 00:06:49,440

i mean that's

164

00:06:53,909 --> 00:06:50,880

people say what's the meaning of life i

165

00:06:55,830 --> 00:06:53,919

mean like that's kind of it right there

166

00:06:58,469 --> 00:06:55,840

you know but instead what we're doing is

167

00:07:00,870 --> 00:06:58,479

we're being deviated from that path

168

00:07:02,790 --> 00:07:00,880

we're being handed these technological

169

00:07:05,550 --> 00:07:02,800

wizardry

170

00:07:08,230 --> 00:07:05,560

and instead of thinking anymore we're

171

00:07:10,390 --> 00:07:08,240

regurgitating what an electronic device

172

00:07:13,670 --> 00:07:10,400

says

173

00:07:16,390 --> 00:07:13,680

so true just losing ourselves in it

174

00:07:18,469 --> 00:07:16,400

right is that not like mind control

175

00:07:20,450 --> 00:07:18,479

right now are we not currently in the

176

00:07:21,749 --> 00:07:20,460

throes of losing our minds

177

00:07:25,110 --> 00:07:21,759

[Music]

178

00:07:31,270 --> 00:07:28,629

absolutely and it is um

179

00:07:34,150 --> 00:07:31,280

it we think it's a need and i guess it

180

00:07:36,390 --> 00:07:34,160

really is not a need but you know as i i

181

00:07:38,230 --> 00:07:36,400

notice

182

00:07:40,710 --> 00:07:38,240

generations since mine i'm a little

183

00:07:43,029 --> 00:07:40,720

older not to date myself but it seems

184

00:07:44,790 --> 00:07:43,039

that you know it's even hard for me to

185

00:07:49,110 --> 00:07:44,800

put down the device for a week or

186

00:07:54,469 --> 00:07:51,670

and i get that yeah i totally see it i

187

00:07:58,350 --> 00:07:54,479

mean i um i was at south pole it was

188

00:07:59,909 --> 00:07:58,360

from uh november of 2010 in november of

189

00:08:02,230 --> 00:07:59,919
2011.

190

00:08:03,749 --> 00:08:02,240
so it was you know before the mad dash

191

00:08:05,029 --> 00:08:03,759
of everybody being glued to their

192

00:08:07,430 --> 00:08:05,039
smartphone

193

00:08:09,510 --> 00:08:07,440
but it was a solid disconnect for me

194

00:08:11,589 --> 00:08:09,520
from all other technology that i was

195

00:08:13,670 --> 00:08:11,599
exposed to prior

196

00:08:15,589 --> 00:08:13,680
so with that clean break when i came

197

00:08:18,070 --> 00:08:15,599
back i didn't really have a desire to

198

00:08:19,430 --> 00:08:18,080
jump into the tech wave that everybody

199

00:08:21,909 --> 00:08:19,440
was riding

200

00:08:25,670 --> 00:08:21,919
because to me it already looked like a

201
00:08:29,990 --> 00:08:26,550

yeah

202
00:08:30,790 --> 00:08:30,000

fascinating that you got to go down

203
00:08:32,389 --> 00:08:30,800

there

204
00:08:35,110 --> 00:08:32,399

and um

205
00:08:36,389 --> 00:08:35,120

it really is one of the stranger bases

206
00:08:39,589 --> 00:08:36,399

on the planet

207
00:08:42,310 --> 00:08:39,599

um how how deep do we want to go into

208
00:08:44,949 --> 00:08:42,320

the uh childhood black projects how did

209
00:08:47,269 --> 00:08:44,959

you become aware eric that this may be

210
00:08:49,670 --> 00:08:47,279

part of your history

211
00:08:50,790 --> 00:08:49,680

uh through studying the programs and

212
00:08:53,670 --> 00:08:50,800

what was going on and trying to

213
00:08:56,310 --> 00:08:53,680

ascertain where we are now

214

00:08:58,949 --> 00:08:56,320

i couldn't separate my memories we're

215

00:09:00,790 --> 00:08:58,959

starting to become more grounded in

216

00:09:02,550 --> 00:09:00,800

reality there's a lot of things that

217

00:09:03,670 --> 00:09:02,560

happened to me as a child that made no

218

00:09:05,350 --> 00:09:03,680

sense

219

00:09:08,150 --> 00:09:05,360

and the things that i was looking into

220

00:09:11,190 --> 00:09:08,160

now it was making sense of the memories

221

00:09:11,990 --> 00:09:11,200

that i had in my childhood and it framed

222

00:09:13,269 --> 00:09:12,000

it

223

00:09:16,630 --> 00:09:13,279

in the

224

00:09:17,750 --> 00:09:16,640

uh the cia dia remote viewing project

225

00:09:19,910 --> 00:09:17,760

that was

226

00:09:23,670 --> 00:09:19,920

uh based on what the monroe institute

227

00:09:25,030 --> 00:09:23,680

was doing and the work of isak bentob

228

00:09:26,710 --> 00:09:25,040

his book called stalking the wild

229

00:09:28,870 --> 00:09:26,720

pendulum on the mechanics of

230

00:09:30,550 --> 00:09:28,880

consciousness it was basically that was

231

00:09:32,949 --> 00:09:30,560

kind of the curriculum

232

00:09:34,790 --> 00:09:32,959

that was being utilized in the program

233

00:09:37,030 --> 00:09:34,800

and it was through studying that stuff

234

00:09:39,430 --> 00:09:37,040

now that i was able to look back and go

235

00:09:41,110 --> 00:09:39,440

ah this is what they were doing to us

236

00:09:43,110 --> 00:09:41,120

you know when i was a kid in the library

237

00:09:44,949 --> 00:09:43,120

now now it makes sense no one was

238

00:09:46,550 --> 00:09:44,959

explaining it to me back then they were

239

00:09:50,389 --> 00:09:46,560

just running us you know through the

240

00:09:54,630 --> 00:09:52,230

it it's just so fascinating when you

241

00:09:56,630 --> 00:09:54,640

hear about these special

242

00:09:58,470 --> 00:09:56,640

was it an after-school program a during

243

00:10:00,389 --> 00:09:58,480

school program they usually use school

244

00:10:02,069 --> 00:10:00,399

as a cover don't they

245

00:10:03,509 --> 00:10:02,079

i i

246

00:10:05,030 --> 00:10:03,519

gather i don't want to say usually

247

00:10:06,949 --> 00:10:05,040

because i'm not an expert i'm speaking

248

00:10:10,150 --> 00:10:06,959

on my own experiences but certainly it

249

00:10:13,269 --> 00:10:10,160

was going on during school time straight

250

00:10:15,829 --> 00:10:13,279

up without pause it happened on school

251

00:10:18,870 --> 00:10:15,839

property and with regularity they would

252

00:10:20,470 --> 00:10:18,880

remove us from school property on what

253

00:10:23,190 --> 00:10:20,480

they would call a like a religious

254

00:10:26,310 --> 00:10:23,200

retreat and we would go to this property

255

00:10:28,550 --> 00:10:26,320

known as inushfata which is gaelic which

256

00:10:30,630 --> 00:10:28,560

means long island

257

00:10:33,110 --> 00:10:30,640

at the time that this edifice was

258

00:10:35,670 --> 00:10:33,120

constructed it was the fourth largest

259

00:10:38,389 --> 00:10:35,680

residence in the country

260

00:10:41,430 --> 00:10:38,399

and it was raised by the brady family

261

00:10:45,030 --> 00:10:41,440

which was a very wealthy elite

262

00:10:47,750 --> 00:10:45,040

jesuit supporting family they were very

263

00:10:50,870 --> 00:10:47,760

intertwined with the jesuits so we were

264

00:10:52,150 --> 00:10:50,880

brought to this jesuit facility and uh

265

00:10:53,750 --> 00:10:52,160

that's where we started getting i

266

00:10:56,389 --> 00:10:53,760

shouldn't say starting i don't know we

267

00:11:00,389 --> 00:10:56,399

got continued mk ultra type you know

268

00:11:02,550 --> 00:11:00,399

trauma-based sra yahoo funtime stuff

269

00:11:04,230 --> 00:11:02,560

yeah and it is i i like that you said

270

00:11:06,069 --> 00:11:04,240

continued um

271

00:11:08,389 --> 00:11:06,079

now if i'm not mistaken there were some

272

00:11:10,069 --> 00:11:08,399

strange some strange things that took

273

00:11:11,990 --> 00:11:10,079

place uh

274

00:11:13,269 --> 00:11:12,000

you had i it was it eye drops is that

275

00:11:17,030 --> 00:11:13,279

correct

276
00:11:19,910 --> 00:11:17,040
eye drops to us when we first got into

277
00:11:22,470 --> 00:11:19,920
the library and it was um

278
00:11:24,870 --> 00:11:22,480
to my understanding i just read recently

279
00:11:27,670 --> 00:11:24,880
um the title i had i had folks tell me

280
00:11:29,670 --> 00:11:27,680
that it was a derivative of lsd and i

281
00:11:33,269 --> 00:11:29,680
found something recently that there's a

282
00:11:34,230 --> 00:11:33,279
derivative called lsd 25

283
00:11:35,670 --> 00:11:34,240
and

284
00:11:37,910 --> 00:11:35,680
i believe that might be the one that

285
00:11:39,110 --> 00:11:37,920
they were using it was a like a fast

286
00:11:40,829 --> 00:11:39,120
acting

287
00:11:43,990 --> 00:11:40,839
uh low

288
00:11:45,590 --> 00:11:44,000

latency know lsd i guess

289

00:11:47,269 --> 00:11:45,600

yeah yeah that's what you would want

290

00:11:48,710 --> 00:11:47,279

something that you can turn on and turn

291

00:11:50,710 --> 00:11:48,720

off i mean that's kind of how this

292

00:11:52,870 --> 00:11:50,720

programming works right

293

00:11:54,629 --> 00:11:52,880

to the best of my recollection i'm

294

00:11:57,509 --> 00:11:54,639

thinking that it was like like it lasted

295

00:11:58,870 --> 00:11:57,519

about 45 minutes or so

296

00:12:00,629 --> 00:11:58,880

this is a stretch back in my memory

297

00:12:03,190 --> 00:12:00,639

banks but i do recall that when i got

298

00:12:05,590 --> 00:12:03,200

out of the library i was trying to

299

00:12:07,269 --> 00:12:05,600

expedite my departure from the library

300

00:12:09,110 --> 00:12:07,279

so that i could maintain my presence in

301
00:12:11,990 --> 00:12:09,120
the front lobby of the hallway which was

302
00:12:13,750 --> 00:12:12,000
south facing and big giant glass windows

303
00:12:16,470 --> 00:12:13,760
and the light would be beaming in and it

304
00:12:18,069 --> 00:12:16,480
was in the afternoon and if i timed

305
00:12:21,030 --> 00:12:18,079
everything correctly i could hang out in

306
00:12:23,190 --> 00:12:21,040
the lobby for a while while my eyes had

307
00:12:27,110 --> 00:12:23,200
this very yellow change to it like i was

308
00:12:28,150 --> 00:12:27,120
wearing yellow lens sunglasses wow

309
00:12:29,350 --> 00:12:28,160
yeah

310
00:12:30,949 --> 00:12:29,360
and then it would wear off and i would

311
00:12:32,949 --> 00:12:30,959
get back to class you know before i got

312
00:12:34,150 --> 00:12:32,959
in trouble for being late

313
00:12:39,110 --> 00:12:34,160

unreal

314

00:12:40,870 --> 00:12:39,120

and it it now

315

00:12:42,710 --> 00:12:40,880

was it uh

316

00:12:43,990 --> 00:12:42,720

military in any aspects that you

317

00:12:47,750 --> 00:12:44,000

remember or

318

00:12:50,870 --> 00:12:47,760

was your experience more school related

319

00:12:52,550 --> 00:12:50,880

uh it was more school related the

320

00:12:55,269 --> 00:12:52,560

folks could have been military for all i

321

00:12:56,870 --> 00:12:55,279

know in civvy clothing i i gather there

322

00:12:59,110 --> 00:12:56,880

was that going on

323

00:13:00,230 --> 00:12:59,120

i don't recall any uniformed military

324

00:13:04,710 --> 00:13:00,240

presence

325

00:13:11,269 --> 00:13:08,069

sure yeah and it is um

326

00:13:13,670 --> 00:13:11,279

now but now in that capacity though that

327

00:13:15,670 --> 00:13:13,680

it's i'm putting this story short i

328

00:13:19,110 --> 00:13:15,680

guess the town that i grew up in i mean

329

00:13:21,350 --> 00:13:19,120

literally the entire community

330

00:13:23,430 --> 00:13:21,360

was the first suburb in the united

331

00:13:25,750 --> 00:13:23,440

states that was and it housed the

332

00:13:26,949 --> 00:13:25,760

returning world war ii veterans

333

00:13:28,870 --> 00:13:26,959

so in a way

334

00:13:31,910 --> 00:13:28,880

you couldn't get out

335

00:13:34,069 --> 00:13:31,920

of things being military in my community

336

00:13:36,550 --> 00:13:34,079

yeah probably everyone was everyone was

337

00:13:38,470 --> 00:13:36,560

a veteran everyone had a back story

338

00:13:40,790 --> 00:13:38,480

everybody was involved in some at

339

00:13:41,910 --> 00:13:40,800

some point

340

00:13:44,389 --> 00:13:41,920

and and

341

00:13:45,990 --> 00:13:44,399

it was weird in that capacity

342

00:13:48,310 --> 00:13:46,000

and you were next door to northrop we

343

00:13:51,750 --> 00:13:48,320

were next door grumman's best page where

344

00:13:53,990 --> 00:13:51,760

the lunar module was constructed whoa

345

00:13:56,389 --> 00:13:54,000

and it's those it's those unlike it's

346

00:13:57,670 --> 00:13:56,399

it's really it's those synchronicities

347

00:13:59,509 --> 00:13:57,680

kind of putting you in all the right

348

00:14:01,590 --> 00:13:59,519

places at the right times

349

00:14:03,509 --> 00:14:01,600

it seems throughout your life this kind

350

00:14:05,189 --> 00:14:03,519

of followed you as you grew up didn't it

351

00:14:08,150 --> 00:14:05,199

these these strange synchronicities

352

00:14:10,790 --> 00:14:08,160

absolutely the house that i grew up in

353

00:14:12,790 --> 00:14:10,800

so i was i was uh i was born in the town

354

00:14:14,230 --> 00:14:12,800

that the lunar module was birthed in as

355

00:14:16,150 --> 00:14:14,240

well

356

00:14:17,750 --> 00:14:16,160

and then i resided in the next town over

357

00:14:20,069 --> 00:14:17,760

the next town over had the long island

358

00:14:21,829 --> 00:14:20,079

aviation country club way back when long

359

00:14:23,670 --> 00:14:21,839

island was a bunch of potato farms and

360

00:14:25,829 --> 00:14:23,680

rich people living on the north shore

361

00:14:27,829 --> 00:14:25,839

wow the people on the north shore had an

362

00:14:29,990 --> 00:14:27,839

aviation country club which was

363

00:14:32,069 --> 00:14:30,000

considered the finest aviation country

364

00:14:34,150 --> 00:14:32,079

club in the country and had folks like

365

00:14:35,590 --> 00:14:34,160

charles lindbergh on the membership

366

00:14:38,230 --> 00:14:35,600

roster

367

00:14:40,069 --> 00:14:38,240

unbelievable consider at the time period

368

00:14:41,430 --> 00:14:40,079

that the long island aviation country

369

00:14:43,590 --> 00:14:41,440

club existed

370

00:14:45,590 --> 00:14:43,600

air flight was new

371

00:14:48,230 --> 00:14:45,600

but i gather whatever was going on in

372

00:14:49,829 --> 00:14:48,240

the air prior to us figuring out air

373

00:14:51,990 --> 00:14:49,839

flight has been going on since time

374

00:14:54,230 --> 00:14:52,000

immemorial

375

00:14:56,230 --> 00:14:54,240

so i believe that the folks at the long

376

00:14:57,990 --> 00:14:56,240

island aviation country club would have

377

00:15:00,790 --> 00:14:58,000

been some of the first people in our

378

00:15:03,430 --> 00:15:00,800

country to regularly come into contact

379

00:15:05,430 --> 00:15:03,440

with ufos and uaps

380

00:15:06,710 --> 00:15:05,440

i also believe that it makes logical

381

00:15:08,389 --> 00:15:06,720

sense

382

00:15:11,110 --> 00:15:08,399

that when the long island aviation

383

00:15:13,750 --> 00:15:11,120

country club closed up shop sold its

384

00:15:15,670 --> 00:15:13,760

property to william levitt and he built

385

00:15:19,350 --> 00:15:15,680

levittown

386

00:15:21,430 --> 00:15:19,360

of which my house rested on their

387

00:15:23,509 --> 00:15:21,440

property proper

388

00:15:26,069 --> 00:15:23,519

where my house was built was on former

389

00:15:27,350 --> 00:15:26,079

long island aviation country club

390

00:15:28,949 --> 00:15:27,360

property

391

00:15:31,749 --> 00:15:28,959

wow

392

00:15:33,990 --> 00:15:31,759

and i think that when the pilots all

393

00:15:35,670 --> 00:15:34,000

left with their flying ships that the

394

00:15:37,749 --> 00:15:35,680

folks that were interested in what they

395

00:15:40,710 --> 00:15:37,759

were doing simply just came back and

396

00:15:43,670 --> 00:15:40,720

kept looking mm-hmm and i would have

397

00:15:48,629 --> 00:15:43,680

been a kid in proximity

398

00:15:51,990 --> 00:15:49,590

and

399

00:15:53,670 --> 00:15:52,000

this this kind of uh

400

00:15:55,509 --> 00:15:53,680

interesting coincidence or

401
00:15:58,949 --> 00:15:55,519
synchronicities that

402
00:16:00,949 --> 00:15:58,959
um kind of followed you along

403
00:16:02,069 --> 00:16:00,959
it kind of got into your employment

404
00:16:04,550 --> 00:16:02,079
career

405
00:16:07,350 --> 00:16:04,560
to put it lightly is that correct yeah

406
00:16:08,870 --> 00:16:07,360
big time yes absolutely

407
00:16:10,710 --> 00:16:08,880
there's

408
00:16:12,949 --> 00:16:10,720
no doubt in my mind that there was some

409
00:16:13,829 --> 00:16:12,959
sort of

410
00:16:15,749 --> 00:16:13,839
hand

411
00:16:18,550 --> 00:16:15,759
coordinating some of my employment

412
00:16:20,150 --> 00:16:18,560
situations and i don't know who to

413
00:16:21,269 --> 00:16:20,160

credit that to

414

00:16:23,430 --> 00:16:21,279

but

415

00:16:27,030 --> 00:16:23,440

my resume is just off the wall the

416

00:16:28,949 --> 00:16:27,040

different places that i've worked yeah

417

00:16:29,990 --> 00:16:28,959

that's so cool i mean i've i've i've

418

00:16:35,110 --> 00:16:30,000

stood

419

00:16:36,949 --> 00:16:35,120

the paul corporation of hanging out with

420

00:16:38,790 --> 00:16:36,959

oppenheimer and manhattan project folks

421

00:16:42,069 --> 00:16:38,800

i used to do plumbing for dr paul both

422

00:16:44,470 --> 00:16:42,079

at his facilities and his house

423

00:16:47,910 --> 00:16:44,480

wow yeah what are the odds of something

424

00:16:49,509 --> 00:16:47,920

like that it's it's just fascinating

425

00:16:51,910 --> 00:16:49,519

yeah it's just there's too many

426
00:16:54,230 --> 00:16:51,920
coincidences there's too many odd links

427
00:16:59,509 --> 00:16:54,240
in my chain that i have this massive

428
00:17:04,230 --> 00:17:01,990
and um

429
00:17:07,189 --> 00:17:04,240
your your employment also kind of

430
00:17:08,549 --> 00:17:07,199
ventured a little bit into the uh

431
00:17:10,870 --> 00:17:08,559
well uh

432
00:17:12,789 --> 00:17:10,880
military with uh your submariner

433
00:17:15,029 --> 00:17:12,799
position is that correct

434
00:17:20,150 --> 00:17:15,039
yep i did a short stint in the submarine

435
00:17:24,309 --> 00:17:22,390
what did you find out really it's a high

436
00:17:27,350 --> 00:17:24,319
technological field

437
00:17:29,669 --> 00:17:27,360
submarines are the greatest

438
00:17:32,390 --> 00:17:29,679

testament to the technological

439

00:17:35,590 --> 00:17:32,400

advancement of mankind that the vast

440

00:17:38,230 --> 00:17:35,600

majority of people will never ever get

441

00:17:40,470 --> 00:17:38,240

to see or probably comprehend

442

00:17:42,630 --> 00:17:40,480

i was just having a conversation with um

443

00:17:44,390 --> 00:17:42,640

one of my roommates over here

444

00:17:46,230 --> 00:17:44,400

you know up here in alaska there's you

445

00:17:48,310 --> 00:17:46,240

know all this hubbub that one of the

446

00:17:49,830 --> 00:17:48,320

military bases which is close to mount

447

00:17:51,510 --> 00:17:49,840

haines which is close to the ufo on the

448

00:17:53,110 --> 00:17:51,520

pyramids but this

449

00:17:55,190 --> 00:17:53,120

this base is getting what they're

450

00:17:57,750 --> 00:17:55,200

calling the first commercial micro

451

00:17:59,590 --> 00:17:57,760

nuclear reactor

452

00:18:02,950 --> 00:17:59,600

like as if it's some technological

453

00:18:04,390 --> 00:18:02,960

wonder and advancement in mankind

454

00:18:06,230 --> 00:18:04,400

like it's like it's not just the power

455

00:18:08,150 --> 00:18:06,240

plant of a submarine or a navy vessel

456

00:18:10,870 --> 00:18:08,160

just on land it's not

457

00:18:12,470 --> 00:18:10,880

that simple folks i mean come on

458

00:18:14,630 --> 00:18:12,480

so it was interesting to me because we

459

00:18:15,590 --> 00:18:14,640

were having this talk and it turned out

460

00:18:19,350 --> 00:18:15,600

that

461

00:18:21,350 --> 00:18:19,360

submarines and lots of navy vessels had

462

00:18:22,710 --> 00:18:21,360

nuclear reactors on them and i

463

00:18:24,789 --> 00:18:22,720

apparently was taking it for granted

464

00:18:26,549 --> 00:18:24,799

that this was common knowledge

465

00:18:28,070 --> 00:18:26,559

yeah

466

00:18:30,070 --> 00:18:28,080

and it's interesting to me the

467

00:18:32,549 --> 00:18:30,080

disconnect between lots of society and

468

00:18:34,070 --> 00:18:32,559

where we are actually at technologically

469

00:18:35,990 --> 00:18:34,080

what these things cost us who's

470

00:18:38,470 --> 00:18:36,000

responsible for why we should just be

471

00:18:41,350 --> 00:18:38,480

all better off for it and how like the

472

00:18:44,140 --> 00:18:41,360

uh industrialization of the world didn't

473

00:18:45,909 --> 00:18:44,150

really do anything but enslave us

474

00:18:47,270 --> 00:18:45,919

[Music]

475

00:18:49,430 --> 00:18:47,280

it certainly didn't make our lives

476
00:18:51,750 --> 00:18:49,440
easier we certainly don't have more time

477
00:18:54,070 --> 00:18:51,760
to recreate

478
00:18:56,789 --> 00:18:54,080
now that all the machines are here

479
00:18:58,390 --> 00:18:56,799
making our lives easier now we have we

480
00:19:00,950 --> 00:18:58,400
have two income households instead of

481
00:19:02,870 --> 00:19:00,960
one what happened there

482
00:19:05,750 --> 00:19:02,880
yeah and they're usually just scraping

483
00:19:07,590 --> 00:19:05,760
to get by it's it's wild exactly

484
00:19:10,630 --> 00:19:07,600
it's it's a it's a prison planet we're

485
00:19:11,990 --> 00:19:10,640
getting wide to six ways from sunday and

486
00:19:13,990 --> 00:19:12,000
i'm just trying to let folks know

487
00:19:15,750 --> 00:19:14,000
because i'm i'm finding real deal

488
00:19:19,270 --> 00:19:15,760

technology that's working against us in

489

00:19:21,430 --> 00:19:19,280

some peculiar places on the planet

490

00:19:24,630 --> 00:19:21,440

man and one of the peculiar places that

491

00:19:26,470 --> 00:19:24,640

you went to work at was the south pole

492

00:19:27,830 --> 00:19:26,480

antarctica was it mcmurdo the base that

493

00:19:30,230 --> 00:19:27,840

you went to

494

00:19:33,190 --> 00:19:30,240

uh no i was already uh i was all the way

495

00:19:35,350 --> 00:19:33,200

down to south pole proper oh how cool

496

00:19:37,430 --> 00:19:35,360

and that had to be an eye-opening

497

00:19:39,510 --> 00:19:37,440

experience as well

498

00:19:42,070 --> 00:19:39,520

well absolutely it was you know first

499

00:19:44,230 --> 00:19:42,080

and foremost a continuation of how

500

00:19:45,909 --> 00:19:44,240

messed up the government is and the

501
00:19:48,070 --> 00:19:45,919
programs that were funding it was like

502
00:19:51,430 --> 00:19:48,080
it really did blow my mind as a taxpayer

503
00:19:54,230 --> 00:19:53,029
totally makes sense you know

504
00:19:56,710 --> 00:19:54,240
everything's just

505
00:19:59,750 --> 00:19:56,720
you know expensive expensive expensive

506
00:20:01,990 --> 00:19:59,760
there's no um incentive to do things

507
00:20:04,470 --> 00:20:02,000
efficiently or correctly

508
00:20:06,950 --> 00:20:04,480
so i mean as a tradesman there's that

509
00:20:09,990 --> 00:20:06,960
nauseating aspect of having to function

510
00:20:11,750 --> 00:20:10,000
in proximity to the government

511
00:20:12,870 --> 00:20:11,760
so that was very eye-opening because

512
00:20:15,510 --> 00:20:12,880
it's you know

513
00:20:16,390 --> 00:20:15,520

a deep program so it gets i guess you

514

00:20:19,190 --> 00:20:16,400

know

515

00:20:22,310 --> 00:20:19,200

even more money and more

516

00:20:24,950 --> 00:20:22,320

waste i guess expense waste type stuff

517

00:20:27,270 --> 00:20:24,960

so that was frustrating but other than

518

00:20:29,510 --> 00:20:27,280

that i mean the program itself the

519

00:20:29,930 --> 00:20:29,520

people in the program

520

00:20:31,830 --> 00:20:29,940

are

521

00:20:33,750 --> 00:20:31,840

[Music]

522

00:20:35,909 --> 00:20:33,760

high caliber folk i would just say in

523

00:20:37,990 --> 00:20:35,919

that capacity it was fun to

524

00:20:39,990 --> 00:20:38,000

be with a crew

525

00:20:43,110 --> 00:20:40,000

that was uh

526

00:20:44,950 --> 00:20:43,120

very competent to say the least

527

00:20:47,110 --> 00:20:44,960

that was a lot of fun you know you're

528

00:20:49,669 --> 00:20:47,120

dealing with folks that are

529

00:20:52,950 --> 00:20:49,679

expert level at dealing with problems

530

00:20:57,669 --> 00:20:55,190

and i i think it's always fascinating

531

00:21:01,590 --> 00:20:57,679

how these projects

532

00:21:02,390 --> 00:21:01,600

are like you said very open budget um

533

00:21:04,630 --> 00:21:02,400

it's

534

00:21:05,830 --> 00:21:04,640

seemingly cost has no

535

00:21:09,830 --> 00:21:05,840

no

536

00:21:12,070 --> 00:21:09,840

amount of checks for these projects

537

00:21:13,669 --> 00:21:12,080

and then when you ask about them very

538

00:21:15,510 --> 00:21:13,679

little information coming back to the

539

00:21:16,710 --> 00:21:15,520

public as to what is being done down

540

00:21:18,390 --> 00:21:16,720

there

541

00:21:19,990 --> 00:21:18,400

correct correct

542

00:21:22,230 --> 00:21:20,000

yep they have all these like smoke

543

00:21:24,390 --> 00:21:22,240

screen stories about you know

544

00:21:25,990 --> 00:21:24,400

cosmic rays and counting planets which

545

00:21:27,669 --> 00:21:26,000

is all well and good

546

00:21:30,630 --> 00:21:27,679

but then when you look at what they say

547

00:21:32,789 --> 00:21:30,640

something like this costs and then you

548

00:21:34,310 --> 00:21:32,799

look at the return on that investment as

549

00:21:36,070 --> 00:21:34,320

a tax brand like well

550

00:21:37,270 --> 00:21:36,080

i get that it's important to count stars

551
00:21:39,430 --> 00:21:37,280
and stuff like that and there's some

552
00:21:41,350 --> 00:21:39,440
scientific value to it but at what at

553
00:21:43,830 --> 00:21:41,360
what cost

554
00:21:46,549 --> 00:21:43,840
you know is a million dollars a good

555
00:21:48,950 --> 00:21:46,559
deal is a billion dollars too much is it

556
00:21:50,230 --> 00:21:48,960
trillion dollars ridiculous if it is

557
00:21:51,830 --> 00:21:50,240
what if they're spending five trillion

558
00:21:53,430 --> 00:21:51,840
dollars what if people don't know you

559
00:21:54,630 --> 00:21:53,440
know what i'm saying like so at what

560
00:21:56,710 --> 00:21:54,640
point

561
00:21:59,029 --> 00:21:56,720
is the science not worth it

562
00:22:00,070 --> 00:21:59,039
you know or at what point do we question

563
00:22:02,549 --> 00:22:00,080

if they're

564

00:22:04,149 --> 00:22:02,559

strictly doing science

565

00:22:05,590 --> 00:22:04,159

or is there simply something else going

566

00:22:07,350 --> 00:22:05,600

on because

567

00:22:10,470 --> 00:22:07,360

it can't cost that much money to do

568

00:22:16,470 --> 00:22:13,430

at least not as presented exactly and

569

00:22:18,950 --> 00:22:16,480

being in a place like that uh you know i

570

00:22:22,230 --> 00:22:18,960

don't know why my mind goes to like deep

571

00:22:24,549 --> 00:22:22,240

underground military facilities and

572

00:22:26,549 --> 00:22:24,559

you know after seeing

573

00:22:30,549 --> 00:22:26,559

what you've seen how likely do you think

574

00:22:33,430 --> 00:22:30,559

deep underground military bases are

575

00:22:36,870 --> 00:22:33,440

how likely do i think they are 100

576

00:22:39,669 --> 00:22:36,880

i think i think 100 deep underground

577

00:22:42,230 --> 00:22:39,679

military bases as presented by many

578

00:22:44,110 --> 00:22:42,240

whistleblowers before me

579

00:22:46,230 --> 00:22:44,120

i support that

580

00:22:48,549 --> 00:22:46,240

100 percent

581

00:22:50,630 --> 00:22:48,559

in my experience

582

00:22:53,270 --> 00:22:50,640

if it's something nefarious that good

583

00:22:55,110 --> 00:22:53,280

people can think of by the time we

584

00:22:58,390 --> 00:22:55,120

thought of it it's way too late that the

585

00:22:59,270 --> 00:22:58,400

bad people have invested heavily in it

586

00:23:04,789 --> 00:22:59,280

yeah

587

00:23:09,110 --> 00:23:06,710

and you know

588

00:23:12,070 --> 00:23:09,120

i'm with you i think they're 100 as well

589

00:23:12,950 --> 00:23:12,080

and you you take places like

590

00:23:14,710 --> 00:23:12,960

uh

591

00:23:17,190 --> 00:23:14,720

norad for example and i mean we're

592

00:23:18,070 --> 00:23:17,200

talking very old technology at this

593

00:23:20,630 --> 00:23:18,080

point

594

00:23:22,230 --> 00:23:20,640

and i i've ran into a lot of people that

595

00:23:25,750 --> 00:23:22,240

didn't even know it existed and when you

596

00:23:27,909 --> 00:23:25,760

explain what it is comprised of

597

00:23:29,830 --> 00:23:27,919

their their minds are blown and i mean

598

00:23:31,669 --> 00:23:29,840

this is really old technology

599

00:23:33,590 --> 00:23:31,679

comparatively

600

00:23:35,750 --> 00:23:33,600

totally understood i mean it's just it's

601
00:23:38,070 --> 00:23:35,760
a deep underground military base is just

602
00:23:41,830 --> 00:23:38,080
a giant hole

603
00:23:43,590 --> 00:23:41,840
with expensive to provide utilities

604
00:23:46,310 --> 00:23:43,600
yes that's all is going on

605
00:23:48,630 --> 00:23:46,320
technologically speaking

606
00:23:49,990 --> 00:23:48,640
you know so does that lead me to believe

607
00:23:52,630 --> 00:23:50,000
that there's some challenge that can't

608
00:23:55,830 --> 00:23:52,640
be overcome with some deception and

609
00:23:57,669 --> 00:23:55,840
taxpayer money not in the slightest

610
00:23:59,669 --> 00:23:57,679
i think logic dictates that we have to

611
00:24:02,549 --> 00:23:59,679
presume that it's going on otherwise

612
00:24:04,149 --> 00:24:02,559
we're being naive

613
00:24:07,350 --> 00:24:04,159

there's a difference between being

614

00:24:09,110 --> 00:24:07,360

ignorant and nescient

615

00:24:11,510 --> 00:24:09,120

essence is when the knowledge has never

616

00:24:13,269 --> 00:24:11,520

been presented to you so being unknowing

617

00:24:15,190 --> 00:24:13,279

is acceptable

618

00:24:17,669 --> 00:24:15,200

but ignorance is when the truth has been

619

00:24:19,430 --> 00:24:17,679

presented to you and you still choose to

620

00:24:21,830 --> 00:24:19,440

look the other way that's just being

621

00:24:23,750 --> 00:24:21,840

ignorant

622

00:24:25,830 --> 00:24:23,760

and a lot of folks nowadays i think are

623

00:24:27,830 --> 00:24:25,840

just simply being ignorant to the world

624

00:24:29,590 --> 00:24:27,840

around them

625

00:24:31,269 --> 00:24:29,600

because there's truth

626

00:24:32,789 --> 00:24:31,279

everywhere if they pay attention to

627

00:24:37,110 --> 00:24:32,799

what's going on and they stop getting

628

00:24:41,190 --> 00:24:39,190

it's just so comfortable nowadays to not

629

00:24:43,110 --> 00:24:41,200

have an opinion it is just so

630

00:24:45,510 --> 00:24:43,120

comfortable for i think a lot of people

631

00:24:46,630 --> 00:24:45,520

to not get engaged with anything they

632

00:24:47,830 --> 00:24:46,640

just i

633

00:24:50,870 --> 00:24:47,840

see i

634

00:24:51,750 --> 00:24:50,880

i agree that i see that going on

635

00:24:59,590 --> 00:24:51,760

i

636

00:25:01,990 --> 00:24:59,600

yeah

637

00:25:03,669 --> 00:25:02,000

when they can't pick a side on it or

638

00:25:05,510 --> 00:25:03,679

they can't make a decision like i'm not

639

00:25:06,870 --> 00:25:05,520

saying that you had to have had one

640

00:25:09,110 --> 00:25:06,880

before but if you're in the middle of a

641

00:25:10,310 --> 00:25:09,120

conversation and it's

642

00:25:11,830 --> 00:25:10,320

the topic's there and you have

643

00:25:13,269 --> 00:25:11,840

information on stuff pull the trigger

644

00:25:16,950 --> 00:25:13,279

pick a side

645

00:25:18,789 --> 00:25:16,960

have a backbone on stuff nowadays

646

00:25:21,510 --> 00:25:18,799

it's a rarity people are people are way

647

00:25:24,070 --> 00:25:21,520

too wishy-washy now it used to be rare

648

00:25:27,190 --> 00:25:24,080

that people were wishy-washy

649

00:25:28,789 --> 00:25:27,200

now it's commonplace

650

00:25:30,789 --> 00:25:28,799

and what they'll wind up doing is if you

651

00:25:32,310 --> 00:25:30,799

try to if you try to get an opinion out

652

00:25:35,269 --> 00:25:32,320

of them what they'll do is they'll grab

653

00:25:38,549 --> 00:25:35,279

their smartphone and they'll grab a link

654

00:25:40,950 --> 00:25:38,559

that supports an idea that they won't

655

00:25:43,110 --> 00:25:40,960

necessarily even align themselves to but

656

00:25:44,470 --> 00:25:43,120

the link means something now

657

00:25:46,710 --> 00:25:44,480

and you're supposed to back up when

658

00:25:48,310 --> 00:25:46,720

someone gives you a link to something

659

00:25:50,390 --> 00:25:48,320

yes i'm observing that's what i'm doing

660

00:25:52,630 --> 00:25:50,400

as a casual observer now of all the

661

00:25:54,789 --> 00:25:52,640

technology addicts that seems to be what

662

00:25:57,029 --> 00:25:54,799

happens

663

00:25:58,310 --> 00:25:57,039

yeah yeah add some independent fat fact

664

00:26:00,149 --> 00:25:58,320

checkers in there and you've got

665

00:26:02,549 --> 00:26:00,159

yourself a basis

666

00:26:04,470 --> 00:26:02,559

yeah yeah yeah there you go yep

667

00:26:07,590 --> 00:26:04,480

now you have now you have a grounded

668

00:26:08,390 --> 00:26:07,600

almost opinion oh this is so true

669

00:26:10,230 --> 00:26:08,400

and

670

00:26:12,149 --> 00:26:10,240

you know there is a lot of technology

671

00:26:14,070 --> 00:26:12,159

that's used in the south pole that would

672

00:26:15,909 --> 00:26:14,080

lead me to believe that we have the

673

00:26:17,909 --> 00:26:15,919

capacity to create these deep

674

00:26:19,510 --> 00:26:17,919

underground military bases with ease did

675

00:26:22,149 --> 00:26:19,520

you see anything that

676

00:26:24,310 --> 00:26:22,159

gave you that impression

677

00:26:26,310 --> 00:26:24,320

well just the the logistics at south

678

00:26:27,909 --> 00:26:26,320

pole in particular it's

679

00:26:31,830 --> 00:26:27,919

taught me that it's a lot easier to

680

00:26:31,840 --> 00:26:35,590

it's you know it's ice folks

681

00:26:38,710 --> 00:26:36,870

it's not rock

682

00:26:40,710 --> 00:26:38,720

it's you know the constant of ice which

683

00:26:43,590 --> 00:26:40,720

as it turns out you can just apply steam

684

00:26:46,230 --> 00:26:43,600

and guess what happens to the ice

685

00:26:50,789 --> 00:26:48,470

so uh they have what they call steam

686

00:26:52,470 --> 00:26:50,799

drilling teams they're just boring holes

687

00:26:54,070 --> 00:26:52,480

in the ice would steam

688

00:26:55,269 --> 00:26:54,080

so from what i saw it's actually really

689

00:26:58,630 --> 00:26:55,279

easy

690

00:27:00,549 --> 00:26:58,640

to get deep underground so to say or

691

00:27:02,230 --> 00:27:00,559

deep under ice

692

00:27:03,669 --> 00:27:02,240

in antarctica

693

00:27:06,470 --> 00:27:03,679

so i

694

00:27:09,269 --> 00:27:06,480

speculate that what i saw going on on

695

00:27:12,789 --> 00:27:09,279

the surface could certainly have been

696

00:27:15,110 --> 00:27:12,799

some sort of logistics line or

697

00:27:16,470 --> 00:27:15,120

connectors or something for stuff below

698

00:27:18,149 --> 00:27:16,480

us

699

00:27:19,669 --> 00:27:18,159

i could have been riding topside of a

700

00:27:21,750 --> 00:27:19,679

deep underground military base from what

701
00:27:23,269 --> 00:27:21,760
it looked like from my angle sure yeah

702
00:27:24,630 --> 00:27:23,279
and you would never know really it'd be

703
00:27:26,630 --> 00:27:24,640
hard to tell

704
00:27:28,389 --> 00:27:26,640
it's the benefit of compartmentalization

705
00:27:30,870 --> 00:27:28,399
everything's distributed on a need to

706
00:27:33,750 --> 00:27:30,880
know basis and for the most part people

707
00:27:35,990 --> 00:27:33,760
in their compartments are giddy as long

708
00:27:37,510 --> 00:27:36,000
as nobody outside their compartment

709
00:27:39,909 --> 00:27:37,520
gives them a problem inside their

710
00:27:41,269 --> 00:27:39,919
compartment

711
00:27:44,149 --> 00:27:41,279
they don't even realize they're being

712
00:27:46,430 --> 00:27:44,159
trained to be complicit and complacent

713
00:27:48,789 --> 00:27:46,440

at the same time just by being

714

00:27:51,590 --> 00:27:48,799

compartmentalized and told everything's

715

00:27:53,669 --> 00:27:51,600

fine in your compartment

716

00:27:56,870 --> 00:27:53,679

it's so true it's like the programming

717

00:28:00,950 --> 00:27:56,880

of society and i've noticed this at uh

718

00:28:03,190 --> 00:28:00,960

at least in nevada where i'm currently

719

00:28:05,590 --> 00:28:03,200

broadcasting from and you try to get

720

00:28:07,510 --> 00:28:05,600

something done here and

721

00:28:09,269 --> 00:28:07,520

it's like if you need to get a wall done

722

00:28:11,350 --> 00:28:09,279

you need to get the framer the plaster

723

00:28:12,950 --> 00:28:11,360

guy the painter the you have to get by

724

00:28:15,110 --> 00:28:12,960

the time you're done

725

00:28:18,350 --> 00:28:15,120

yeah there's not one guy that can do

726

00:28:20,549 --> 00:28:18,360

anything more than just his comp

727

00:28:22,870 --> 00:28:20,559

compartmentalized job and this has

728

00:28:24,149 --> 00:28:22,880

become this is becoming yeah exactly

729

00:28:26,470 --> 00:28:24,159

same thing with a doctor you have a

730

00:28:28,470 --> 00:28:26,480

problem you have to see a specialist

731

00:28:29,990 --> 00:28:28,480

yes there's a time in society there has

732

00:28:31,430 --> 00:28:30,000

to be a way for us to measure i'm sure

733

00:28:33,029 --> 00:28:31,440

there's smarter people than i that have

734

00:28:36,389 --> 00:28:33,039

been on this task before but there's a

735

00:28:38,230 --> 00:28:36,399

time if we go back into the past that

736

00:28:39,430 --> 00:28:38,240

each individual

737

00:28:40,389 --> 00:28:39,440

held

738

00:28:44,470 --> 00:28:40,399

like

739

00:28:46,549 --> 00:28:44,480

you could do all of the things you know

740

00:28:48,149 --> 00:28:46,559

back in the day a farmer knew how to fix

741

00:28:51,029 --> 00:28:48,159

his wagon wheel he knew how to build a

742

00:28:54,549 --> 00:28:51,039

house he knew how to till a field

743

00:28:55,990 --> 00:28:54,559

you know he knew how to you know

744

00:28:57,110 --> 00:28:56,000

aggregate to

745

00:28:58,470 --> 00:28:57,120

to

746

00:29:00,149 --> 00:28:58,480

water the fields all these things they

747

00:29:01,830 --> 00:29:00,159

could figure out and everyone knew the

748

00:29:03,750 --> 00:29:01,840

same stuff

749

00:29:05,750 --> 00:29:03,760

you know everybody shared this same

750

00:29:07,590 --> 00:29:05,760

common knowledge because there weren't

751

00:29:10,830 --> 00:29:07,600

specialists they were just people that

752

00:29:15,510 --> 00:29:13,669

competent and sometime in life things

753

00:29:19,029 --> 00:29:15,520

started to change

754

00:29:21,590 --> 00:29:19,039

and i am going to suggest that it wasn't

755

00:29:23,510 --> 00:29:21,600

the holy competent people it was

756

00:29:25,750 --> 00:29:23,520

incompetent people trying to drive a

757

00:29:27,990 --> 00:29:25,760

wedge in society and increase the value

758

00:29:29,669 --> 00:29:28,000

of themselves

759

00:29:32,230 --> 00:29:29,679

you know it used to be that every man

760

00:29:34,870 --> 00:29:32,240

had a tool kit in his garage and from

761

00:29:36,230 --> 00:29:34,880

that tool kit he could fix any car he

762

00:29:38,230 --> 00:29:36,240

bought

763

00:29:40,789 --> 00:29:38,240

and every guy in every garage had the

764

00:29:42,710 --> 00:29:40,799

same mentality and skills and they were

765

00:29:44,389 --> 00:29:42,720

wholly competent

766

00:29:45,590 --> 00:29:44,399

they still knew how to put the roof on

767

00:29:47,590 --> 00:29:45,600

the house

768

00:29:50,710 --> 00:29:47,600

they still knew how to build a shed they

769

00:29:52,950 --> 00:29:50,720

still knew how to grow stuff in the yard

770

00:29:54,389 --> 00:29:52,960

but more division was applied more

771

00:29:57,029 --> 00:29:54,399

specialists

772

00:29:59,909 --> 00:29:57,039

were demanded

773

00:30:01,350 --> 00:29:59,919

created inculcated in society and i

774

00:30:03,430 --> 00:30:01,360

would say that these were compartments

775

00:30:04,870 --> 00:30:03,440

that were manufactured to divide us and

776

00:30:08,470 --> 00:30:04,880

to make us less

777

00:30:12,950 --> 00:30:10,710

it does seem like a very scripted

778

00:30:15,110 --> 00:30:12,960

process when you when you yeah look back

779

00:30:16,789 --> 00:30:15,120

to the 50s where like you mentioned

780

00:30:20,149 --> 00:30:16,799

everybody was very

781

00:30:22,870 --> 00:30:20,159

capable and uh you you fast forward it

782

00:30:24,789 --> 00:30:22,880

doesn't take long before it seems like a

783

00:30:27,029 --> 00:30:24,799

scripted process where

784

00:30:29,029 --> 00:30:27,039

what you do for a living is the only

785

00:30:30,789 --> 00:30:29,039

thing you do for a living

786

00:30:33,269 --> 00:30:30,799

i'm not going to deny that there are

787

00:30:35,269 --> 00:30:33,279

certainly plenty of unhappy marriages in

788

00:30:37,269 --> 00:30:35,279

the past and that there are some poor

789

00:30:39,269 --> 00:30:37,279

choices and some poor husbands that

790

00:30:42,310 --> 00:30:39,279

didn't treat women correctly but what i

791

00:30:43,669 --> 00:30:42,320

will not believe is that there was so

792

00:30:45,909 --> 00:30:43,679

many women

793

00:30:46,789 --> 00:30:45,919

that are our equals

794

00:30:50,389 --> 00:30:46,799

that

795

00:30:52,310 --> 00:30:50,399

to change everything because it turned

796

00:30:54,789 --> 00:30:52,320

out they were such poor decision makers

797

00:30:56,789 --> 00:30:54,799

that they were all so unhappy

798

00:30:58,710 --> 00:30:56,799

in their home life they're all so

799

00:31:01,430 --> 00:30:58,720

unhappy that everything had to change so

800

00:31:03,669 --> 00:31:01,440

fast with all of the media blitz and all

801
00:31:07,669 --> 00:31:03,679
of the investing like we're watching

802
00:31:09,830 --> 00:31:07,679
right now how the media lies and invests

803
00:31:12,870 --> 00:31:09,840
to create

804
00:31:14,310 --> 00:31:12,880
these schemes in society these belief

805
00:31:16,230 --> 00:31:14,320
streams

806
00:31:17,509 --> 00:31:16,240
and i'm all for equality and people

807
00:31:19,350 --> 00:31:17,519
being happy but what i'm not going to

808
00:31:21,269 --> 00:31:19,360
believe is that all of these women back

809
00:31:23,509 --> 00:31:21,279
in these houses back in the day in a

810
00:31:25,350 --> 00:31:23,519
single income home when life seems

811
00:31:27,350 --> 00:31:25,360
pretty grand to me compared to today

812
00:31:29,190 --> 00:31:27,360
when everybody's stressed and taxed out

813
00:31:32,549 --> 00:31:29,200

and everyone's working and still not

814

00:31:34,389 --> 00:31:32,559

getting by looking back at those times

815

00:31:35,750 --> 00:31:34,399

seems like it's pretty damn good yeah i

816

00:31:38,070 --> 00:31:35,760

think they were actually as unhappy as

817

00:31:40,389 --> 00:31:38,080

we were told

818

00:31:41,830 --> 00:31:40,399

no i don't think so either i think a lot

819

00:31:43,350 --> 00:31:41,840

of people would be really happy right

820

00:31:44,870 --> 00:31:43,360

now to like you know what

821

00:31:46,870 --> 00:31:44,880

honey if you can go to work and you can

822

00:31:48,950 --> 00:31:46,880

cover all the bills i would be so happy

823

00:31:51,110 --> 00:31:48,960

to not have to work and stay at home and

824

00:31:52,870 --> 00:31:51,120

just finally take care of this house

825

00:31:55,669 --> 00:31:52,880

throw a good meal on the table instead

826

00:32:01,750 --> 00:31:58,830

i believe that's very

827

00:32:03,669 --> 00:32:01,760

possible it's it and it it

828

00:32:05,110 --> 00:32:03,679

it's hard to explain to some of the

829

00:32:07,190 --> 00:32:05,120

younger generations again i don't want

830

00:32:08,470 --> 00:32:07,200

to date myself but i mean yeah i'd be

831

00:32:10,149 --> 00:32:08,480

fine with its true being on the other

832

00:32:12,870 --> 00:32:10,159

foot by the way unless anybody's going

833

00:32:16,549 --> 00:32:12,880

to get mad out there uh i am an equal

834

00:32:18,310 --> 00:32:16,559

opportunity person if any gal out there

835

00:32:20,630 --> 00:32:18,320

wants to be fully empowered

836

00:32:21,909 --> 00:32:20,640

contemporarily i'm ready to be taken

837

00:32:24,389 --> 00:32:21,919

care of

838

00:32:25,669 --> 00:32:24,399

i will stay home cook and clean and take

839

00:32:28,070 --> 00:32:25,679

care of the house you can go out and

840

00:32:31,269 --> 00:32:28,080

work all day long dinner will be ready

841

00:32:34,230 --> 00:32:31,279

when you get home i would love that

842

00:32:36,630 --> 00:32:34,240

yeah it and i mean seriously yeah

843

00:32:39,029 --> 00:32:36,640

and and pay my bills keep paying my

844

00:32:43,909 --> 00:32:41,669

and you know these that was uh you know

845

00:32:45,990 --> 00:32:43,919

very simple it i wouldn't even call it

846

00:32:48,549 --> 00:32:46,000

this is something that you know no no

847

00:32:50,470 --> 00:32:48,559

matter how far back you go it's it's

848

00:32:52,149 --> 00:32:50,480

it's it's hard without you know stepping

849

00:32:54,870 --> 00:32:52,159

on any toes but this is something that

850

00:32:58,149 --> 00:32:54,880

started tribally and it just worked and

851
00:33:01,509 --> 00:32:58,159
so people continued that effort

852
00:33:04,470 --> 00:33:01,519
it's not until we do notice these

853
00:33:08,070 --> 00:33:04,480
black budget projects these uh

854
00:33:10,710 --> 00:33:08,080
advanced technologies these military

855
00:33:12,710 --> 00:33:10,720
almost like a scripted

856
00:33:15,750 --> 00:33:12,720
i you know it's science how about the

857
00:33:20,149 --> 00:33:15,760
word designs we see these designs in our

858
00:33:21,669 --> 00:33:20,159
society and they didn't happen overnight

859
00:33:24,070 --> 00:33:21,679
you know these these folks that are

860
00:33:25,590 --> 00:33:24,080
billionaires you know the early 1900s

861
00:33:27,669 --> 00:33:25,600
there was plotters and schemers that

862
00:33:29,190 --> 00:33:27,679
came up with the federal reserve and

863
00:33:31,509 --> 00:33:29,200

income tax

864

00:33:33,350 --> 00:33:31,519

folks this didn't exist always

865

00:33:34,870 --> 00:33:33,360

there was a time before and there was a

866

00:33:36,789 --> 00:33:34,880

different reason and there was a why and

867

00:33:39,830 --> 00:33:36,799

a wherefore and there were designs back

868

00:33:41,669 --> 00:33:39,840

then and those same designers never

869

00:33:43,669 --> 00:33:41,679

stopped designing

870

00:33:46,149 --> 00:33:43,679

and we're just looking at the end result

871

00:33:51,430 --> 00:33:48,389

what they did

872

00:33:54,230 --> 00:33:51,440

it's uncanny the the the difference

873

00:33:55,990 --> 00:33:54,240

broke up the family unit with ease

874

00:33:57,669 --> 00:33:56,000

over time

875

00:33:59,029 --> 00:33:57,679

that's all

876

00:34:01,509 --> 00:33:59,039

they didn't do it overnight but the

877

00:34:03,269 --> 00:34:01,519

family unit in the u.s which used to be

878

00:34:06,230 --> 00:34:03,279

awesome

879

00:34:08,629 --> 00:34:06,240

as history showed us

880

00:34:10,310 --> 00:34:08,639

you know wasn't as as foul as everybody

881

00:34:12,950 --> 00:34:10,320

presented nothing's perfect but we

882

00:34:14,869 --> 00:34:12,960

certainly had a time period in the past

883

00:34:21,190 --> 00:34:14,879

where the whole planet seemed to want to

884

00:34:21,200 --> 00:34:24,869

but everybody forgets that

885

00:34:29,750 --> 00:34:27,270

yeah this this was the place to be and

886

00:34:31,030 --> 00:34:29,760

it seems like through some strange

887

00:34:32,069 --> 00:34:31,040

alchemy

888

00:34:35,750 --> 00:34:32,079

and

889

00:34:38,310 --> 00:34:35,760

everything has been changed when we're

890

00:34:41,109 --> 00:34:38,320

now like you said every everybody is

891

00:34:43,270 --> 00:34:41,119

working and paying taxes even the kids

892

00:34:44,389 --> 00:34:43,280

our founding fathers created a country

893

00:34:46,869 --> 00:34:44,399

that had

894

00:34:49,349 --> 00:34:46,879

many benefits but many pitfalls they

895

00:34:50,550 --> 00:34:49,359

identified them all

896

00:34:54,069 --> 00:34:50,560

and they told us we were going to have

897

00:34:56,230 --> 00:34:54,079

to work hard to keep this republic

898

00:34:57,910 --> 00:34:56,240

i just think we got caught not working

899

00:35:01,190 --> 00:34:57,920

hard enough

900

00:35:03,510 --> 00:35:01,200

and the the lazy folks got us to take

901
00:35:06,310 --> 00:35:03,520
our efforts and work against each other

902
00:35:09,030 --> 00:35:06,320
while ignoring them behind the scenes

903
00:35:11,829 --> 00:35:09,040
manipulating the pitfalls that our

904
00:35:14,790 --> 00:35:11,839
forefathers told us about and we've just

905
00:35:17,030 --> 00:35:14,800
become very ignorant to what's going on

906
00:35:19,589 --> 00:35:17,040
around us and the mechanisms of

907
00:35:21,990 --> 00:35:19,599
manipulation the world is not the way

908
00:35:24,630 --> 00:35:22,000
that it's supposed to be we the people

909
00:35:27,430 --> 00:35:24,640
through solidarity can fix it any day we

910
00:35:30,550 --> 00:35:27,440
want to if we stop being deceived and

911
00:35:36,390 --> 00:35:32,870
and and that confusion that deception

912
00:35:38,870 --> 00:35:36,400
that slavery that money creation power

913
00:35:41,510 --> 00:35:38,880

of the state and the way that

914

00:35:44,069 --> 00:35:41,520

it seems that you know the same banks

915

00:35:46,390 --> 00:35:44,079

that took all of people's money in the

916

00:35:49,430 --> 00:35:46,400

depression are now trusted with

917

00:35:51,670 --> 00:35:49,440

everything and charging interest and

918

00:35:54,470 --> 00:35:51,680

it's it's just as if

919

00:35:56,829 --> 00:35:54,480

uh it went from an actual money system

920

00:36:00,790 --> 00:35:56,839

to a debt system is the way it seems to

921

00:36:01,910 --> 00:36:00,800

me oh absolutely 100 that's exactly what

922

00:36:04,950 --> 00:36:01,920

did happen

923

00:36:06,630 --> 00:36:04,960

we got a bait and switch we have a

924

00:36:08,630 --> 00:36:06,640

central banking system that has nothing

925

00:36:11,190 --> 00:36:08,640

to do with the government or the people

926
00:36:13,270 --> 00:36:11,200
it has no expiration date the first time

927
00:36:15,589 --> 00:36:13,280
we've had a central banking system

928
00:36:17,349 --> 00:36:15,599
that was ongoing we had two central

929
00:36:18,950 --> 00:36:17,359
banks before this when they both expired

930
00:36:20,150 --> 00:36:18,960
for good reason

931
00:36:21,990 --> 00:36:20,160
they're not for the benefit of the

932
00:36:25,910 --> 00:36:22,000
people

933
00:36:27,270 --> 00:36:25,920
outside authority controlling our money

934
00:36:29,910 --> 00:36:27,280
that's not how our nation's supposed to

935
00:36:31,109 --> 00:36:29,920
work in the slightest it just allows for

936
00:36:33,190 --> 00:36:31,119
our um

937
00:36:37,990 --> 00:36:33,200
we get fleece the fruits of our labors

938
00:36:43,829 --> 00:36:40,710

and man is that ever a real thing i was

939

00:36:45,349 --> 00:36:43,839

looking the other day at those just the

940

00:36:47,990 --> 00:36:45,359

uh the

941

00:36:50,710 --> 00:36:48,000

the liter pepsis or cokes at your

942

00:36:54,150 --> 00:36:50,720

7-eleven 10 years ago those used to be

943

00:36:56,550 --> 00:36:54,160

99 cents and now they're 250. so if you

944

00:37:00,230 --> 00:36:56,560

do that math per year

945

00:37:02,150 --> 00:37:00,240

it's unreal the value that

946

00:37:03,589 --> 00:37:02,160

has been lost in our money i mean it's

947

00:37:05,109 --> 00:37:03,599

it's and not

948

00:37:07,430 --> 00:37:05,119

and think of that big equation too like

949

00:37:08,870 --> 00:37:07,440

look at that what is coca-cola and pepsi

950

00:37:10,790 --> 00:37:08,880

between the two of them the billions of

951
00:37:12,069 --> 00:37:10,800
dollars they must pull in every year

952
00:37:14,230 --> 00:37:12,079
right

953
00:37:16,790 --> 00:37:14,240
what do they sell

954
00:37:19,349 --> 00:37:16,800
poison nothing yeah it's like yeah i

955
00:37:22,390 --> 00:37:19,359
mean officially what is that product

956
00:37:24,710 --> 00:37:22,400
it's poison there's no no nutritional

957
00:37:27,670 --> 00:37:24,720
value there's nothing good about

958
00:37:33,510 --> 00:37:30,390
think about that folks you you're you go

959
00:37:36,950 --> 00:37:33,520
buy soda pop coke cola whatever you want

960
00:37:39,349 --> 00:37:36,960
to call it that's not food

961
00:37:41,510 --> 00:37:39,359
it's poison it's straight like come on

962
00:37:42,790 --> 00:37:41,520
like this is like remember the original

963
00:37:44,470 --> 00:37:42,800

batman movie

964

00:37:46,069 --> 00:37:44,480

jack nicholson

965

00:37:47,190 --> 00:37:46,079

that's the the plot of that movie is

966

00:37:48,950 --> 00:37:47,200

what's going on in the world around us

967

00:37:50,390 --> 00:37:48,960

contemporarily

968

00:37:52,069 --> 00:37:50,400

the evil people have placed a little

969

00:37:54,550 --> 00:37:52,079

poison here a little poison there you

970

00:37:55,750 --> 00:37:54,560

eat the right concoction you're a dead

971

00:37:57,990 --> 00:37:55,760

man

972

00:37:59,910 --> 00:37:58,000

that was the plot of the joker's

973

00:38:02,069 --> 00:37:59,920

scheme in that movie

974

00:38:04,470 --> 00:38:02,079

you know it is so true these are not

975

00:38:06,870 --> 00:38:04,480

foods or nourishing they're all just

976

00:38:08,950 --> 00:38:06,880

food-like products and i mean in the

977

00:38:10,870 --> 00:38:08,960

case of i think the coke and pepsi is

978

00:38:13,750 --> 00:38:10,880

perfect because we all know it the

979

00:38:15,829 --> 00:38:13,760

association has been made at this point

980

00:38:18,550 --> 00:38:15,839

and it's crucial to note this that we

981

00:38:20,470 --> 00:38:18,560

all know that it's just sugar and water

982

00:38:22,310 --> 00:38:20,480

it's the worst for us wish it was just

983

00:38:23,349 --> 00:38:22,320

sugar and water yeah right the actual

984

00:38:25,670 --> 00:38:23,359

ingredients

985

00:38:29,270 --> 00:38:25,680

that's true we were in a chemistry lab

986

00:38:30,870 --> 00:38:29,280

and i had a bunch of beakers of things

987

00:38:33,589 --> 00:38:30,880

and i started reading off you just the

988

00:38:35,430 --> 00:38:33,599

ingredients of soda pop but that's what

989

00:38:36,550 --> 00:38:35,440

was in the beaker bubbling away and i

990

00:38:38,150 --> 00:38:36,560

was like you want to drink it i'll give

991

00:38:39,829 --> 00:38:38,160

you a dollar if you drink it you'd like

992

00:38:42,390 --> 00:38:39,839

get out of here

993

00:38:43,349 --> 00:38:42,400

it's so true

994

00:38:45,349 --> 00:38:43,359

you're like i'm not drinking your

995

00:38:46,950 --> 00:38:45,359

chemical poison concoction no matter how

996

00:38:47,910 --> 00:38:46,960

much money you give me and then you'd

997

00:38:49,829 --> 00:38:47,920

leave them back oh by the way i'm

998

00:38:52,310 --> 00:38:49,839

thirsty you want to code

999

00:38:53,829 --> 00:38:52,320

the branding is so good the marketing

1000

00:38:57,349 --> 00:38:53,839

and like you said this is how they've

1001
00:38:58,230 --> 00:38:57,359
done it um this this this is an amazing

1002
00:38:58,950 --> 00:38:58,240
tool

1003
00:39:01,589 --> 00:38:58,960
and

1004
00:39:03,990 --> 00:39:01,599
it's now in our pockets we pull it out

1005
00:39:06,550 --> 00:39:04,000
and off the charts we can we we can be

1006
00:39:07,750 --> 00:39:06,560
sold anything if we are on our devices

1007
00:39:09,430 --> 00:39:07,760
enough

1008
00:39:10,950 --> 00:39:09,440
there was just an article posted the

1009
00:39:12,710 --> 00:39:10,960
other day we'll bring this we'll bring

1010
00:39:14,790 --> 00:39:12,720
this full spectrum right back to south

1011
00:39:16,710 --> 00:39:14,800
pole and mind control and the ice cube

1012
00:39:18,310 --> 00:39:16,720
neutrino detector i just saw an article

1013
00:39:20,790 --> 00:39:18,320

posted the other day where they stated

1014

00:39:23,510 --> 00:39:20,800

very clearly oh uh

1015

00:39:26,829 --> 00:39:23,520

commercial organizations are now looking

1016

00:39:30,310 --> 00:39:26,839

into the possibility of being able to

1017

00:39:31,349 --> 00:39:30,320

pump um commercials into your dreams at

1018

00:39:33,829 --> 00:39:31,359

night

1019

00:39:35,670 --> 00:39:33,839

you're kidding me

1020

00:39:37,109 --> 00:39:35,680

no this is exactly the point of what i'm

1021

00:39:38,550 --> 00:39:37,119

getting at so you know what guess what

1022

00:39:39,829 --> 00:39:38,560

they've been doing for decades if

1023

00:39:41,270 --> 00:39:39,839

they're going to talk about it now

1024

00:39:45,190 --> 00:39:41,280

publicly

1025

00:39:47,750 --> 00:39:45,200

mcdonald's is looking into a way right

1026
00:39:49,589 --> 00:39:47,760
now to put the idea of a big mac in your

1027
00:39:50,790 --> 00:39:49,599
head so that you buy one for lunch

1028
00:39:52,470 --> 00:39:50,800
tomorrow

1029
00:39:54,310 --> 00:39:52,480
well guess guess what other people have

1030
00:39:55,830 --> 00:39:54,320
been doing for decades if the technology

1031
00:39:57,109 --> 00:39:55,840
is going public now

1032
00:39:58,950 --> 00:39:57,119
[Music]

1033
00:40:00,470 --> 00:39:58,960
it's already been going on every dream

1034
00:40:02,870 --> 00:40:00,480
that you've had in your life has

1035
00:40:06,630 --> 00:40:02,880
probably been impacted by a technology

1036
00:40:09,030 --> 00:40:06,640
to this point folks hear that

1037
00:40:12,069 --> 00:40:09,040
your whole life you've been living in a

1038
00:40:14,550 --> 00:40:12,079

world where the technology exists for

1039

00:40:16,550 --> 00:40:14,560

them to mess with you in ways that go

1040

00:40:18,950 --> 00:40:16,560

beyond any science fiction film you've

1041

00:40:20,390 --> 00:40:18,960

currently been presented

1042

00:40:22,470 --> 00:40:20,400

and you know for people that don't

1043

00:40:24,309 --> 00:40:22,480

believe this if they try going out to

1044

00:40:26,069 --> 00:40:24,319

somewhere like where you live or you

1045

00:40:28,630 --> 00:40:26,079

just go out into the country away from

1046

00:40:30,390 --> 00:40:28,640

all these smart meters and 5g technology

1047

00:40:32,470 --> 00:40:30,400

i mean there is something that you

1048

00:40:35,589 --> 00:40:32,480

cannot explain that is different and

1049

00:40:36,950 --> 00:40:35,599

that's what it is right yep

1050

00:40:39,430 --> 00:40:36,960

yeah there's a presence there's an

1051
00:40:41,670 --> 00:40:39,440
energy i happened i was in new york back

1052
00:40:43,270 --> 00:40:41,680
when they had that big electrical grid

1053
00:40:46,630 --> 00:40:43,280
failure that took out like the north

1054
00:40:49,030 --> 00:40:46,640
east quadrant of the u.s no way

1055
00:40:52,069 --> 00:40:49,040
it was a tangible different feeling when

1056
00:40:55,190 --> 00:40:52,079
the grid went off

1057
00:40:57,430 --> 00:40:55,200
it felt so much nicer was just the way

1058
00:40:58,950 --> 00:40:57,440
to put it you could feel it everyone

1059
00:41:01,109 --> 00:40:58,960
felt it

1060
00:41:02,390 --> 00:41:01,119
that's horrifying here in my community

1061
00:41:04,550 --> 00:41:02,400
they're they're starting to put in all

1062
00:41:06,790 --> 00:41:04,560
the 5g towers that are bouncing from one

1063
00:41:10,150 --> 00:41:06,800

to the other and they don't ask anybody

1064

00:41:12,230 --> 00:41:10,160

and the interesting thing is my my

1065

00:41:14,790 --> 00:41:12,240

daughter has been having you know she's

1066

00:41:15,910 --> 00:41:14,800

just a toddler having really hard times

1067

00:41:17,670 --> 00:41:15,920

sleeping

1068

00:41:19,589 --> 00:41:17,680

i went outside and this was on

1069

00:41:21,750 --> 00:41:19,599

somebody's recommendation and sure as

1070

00:41:23,349 --> 00:41:21,760

crap i had one of those smart meters on

1071

00:41:25,750 --> 00:41:23,359

the side of our house

1072

00:41:28,069 --> 00:41:25,760

we we moved her bed from the wall to the

1073

00:41:30,230 --> 00:41:28,079

innermost part of her bedroom and

1074

00:41:32,470 --> 00:41:30,240

immediately immediately started sleeping

1075

00:41:34,390 --> 00:41:32,480

all night long so i think in my mind

1076

00:41:36,230 --> 00:41:34,400

those things there's something to it

1077

00:41:38,950 --> 00:41:36,240

there absolutely is these are these are

1078

00:41:40,150 --> 00:41:38,960

frequencies that they know um

1079

00:41:42,630 --> 00:41:40,160

engage

1080

00:41:45,430 --> 00:41:42,640

the human frequency they're designed for

1081

00:41:47,829 --> 00:41:45,440

it they know in so many capacities that

1082

00:41:50,870 --> 00:41:47,839

it interacts so the they're being

1083

00:41:52,950 --> 00:41:50,880

negligent at best

1084

00:41:55,829 --> 00:41:52,960

by incorporating these things into these

1085

00:41:58,309 --> 00:41:55,839

technologies and there's a lot more room

1086

00:42:00,150 --> 00:41:58,319

for more nefarious activities since the

1087

00:42:01,270 --> 00:42:00,160

us government has been caught so many

1088

00:42:03,670 --> 00:42:01,280

times

1089

00:42:05,430 --> 00:42:03,680

doing experiments on their own citizens

1090

00:42:07,349 --> 00:42:05,440

and other citizens

1091

00:42:10,950 --> 00:42:07,359

unknowingly

1092

00:42:13,270 --> 00:42:10,960

yes and you know i recently spoke with a

1093

00:42:15,589 --> 00:42:13,280

former cia

1094

00:42:17,589 --> 00:42:15,599

person who was talking about friends of

1095

00:42:19,349 --> 00:42:17,599

his as many have

1096

00:42:21,829 --> 00:42:19,359

some haven't but many have heard about

1097

00:42:24,710 --> 00:42:21,839

this havana syndrome and some of these

1098

00:42:26,630 --> 00:42:24,720

technologies i believe uh v2k and some

1099

00:42:29,589 --> 00:42:26,640

they have some other names this is

1100

00:42:31,910 --> 00:42:29,599

something that is now finally

1101
00:42:32,950 --> 00:42:31,920
being at least given a little bit of

1102
00:42:36,950 --> 00:42:32,960
traction

1103
00:42:39,589 --> 00:42:36,960
and it's remarkable that it's you know

1104
00:42:42,309 --> 00:42:39,599
it's high time to to ignore it anymore

1105
00:42:45,109 --> 00:42:42,319
but to not engage with it it's amazing

1106
00:42:48,069 --> 00:42:45,119
how many people are they just can't they

1107
00:42:51,030 --> 00:42:48,079
can't break out of that comfort zone

1108
00:42:53,030 --> 00:42:51,040
to even engage with the idea

1109
00:42:54,470 --> 00:42:53,040
that public development might be

1110
00:42:58,309 --> 00:42:54,480
alternatively

1111
00:43:00,390 --> 00:42:58,319
adjusted and scripted for the benefit of

1112
00:43:01,190 --> 00:43:00,400
not the public

1113
00:43:03,109 --> 00:43:01,200

right

1114

00:43:04,710 --> 00:43:03,119

correct there's there's a

1115

00:43:07,670 --> 00:43:04,720

there's a farm culture going on here

1116

00:43:09,910 --> 00:43:07,680

that people aren't aware of as of yet

1117

00:43:11,510 --> 00:43:09,920

it's going to be very shocking to them

1118

00:43:14,710 --> 00:43:11,520

when they find out that they're in the

1119

00:43:17,990 --> 00:43:16,470

there's this the program's been going on

1120

00:43:18,790 --> 00:43:18,000

for quite some time

1121

00:43:19,670 --> 00:43:18,800

and

1122

00:43:27,349 --> 00:43:19,680

it's

1123

00:43:29,750 --> 00:43:27,359

keeping people locked into their

1124

00:43:32,309 --> 00:43:29,760

perspective because i do believe once

1125

00:43:36,390 --> 00:43:32,319

people do have their eyes open i believe

1126

00:43:38,390 --> 00:43:36,400

human nature is that we we don't

1127

00:43:40,950 --> 00:43:38,400

we don't like to get involved with stuff

1128

00:43:42,390 --> 00:43:40,960

we don't like to i should say we delude

1129

00:43:43,670 --> 00:43:42,400

ourselves so that we don't get involved

1130

00:43:45,670 --> 00:43:43,680

with things

1131

00:43:48,550 --> 00:43:45,680

we do that to ourselves because we also

1132

00:43:50,550 --> 00:43:48,560

know once we know something is wrong we

1133

00:43:52,390 --> 00:43:50,560

will work towards fixing it

1134

00:43:54,790 --> 00:43:52,400

so i think oftentimes we delude

1135

00:43:57,109 --> 00:43:54,800

ourselves on a group level

1136

00:43:59,910 --> 00:43:57,119

for too long

1137

00:44:01,349 --> 00:43:59,920

yeah we we just have that i agree i

1138

00:44:04,309 --> 00:44:01,359

agree and

1139

00:44:06,550 --> 00:44:04,319

you know i i'm my fear of course is

1140

00:44:09,670 --> 00:44:06,560

where is it headed will people rise

1141

00:44:11,109 --> 00:44:09,680

above some of these things and realize

1142

00:44:13,270 --> 00:44:11,119

that some of these

1143

00:44:15,109 --> 00:44:13,280

just through the declassified projects

1144

00:44:16,870 --> 00:44:15,119

you can tell that they're you know you

1145

00:44:19,109 --> 00:44:16,880

don't have to connect that many dots to

1146

00:44:20,550 --> 00:44:19,119

realize that there is a pattern

1147

00:44:21,670 --> 00:44:20,560

uh

1148

00:44:23,829 --> 00:44:21,680

how

1149

00:44:26,230 --> 00:44:23,839

in the world are people going to rise

1150

00:44:27,990 --> 00:44:26,240

above this without getting too

1151
00:44:29,829 --> 00:44:28,000
weird about it but i mean at this point

1152
00:44:32,390 --> 00:44:29,839
we have everyone

1153
00:44:34,150 --> 00:44:32,400
locking themselves at home practically

1154
00:44:37,510 --> 00:44:34,160
on ankle monitors for their own quote

1155
00:44:38,630 --> 00:44:37,520
unquote safety

1156
00:44:40,390 --> 00:44:38,640
yeah

1157
00:44:41,750 --> 00:44:40,400
the first thing people need to start

1158
00:44:42,550 --> 00:44:41,760
doing

1159
00:44:43,670 --> 00:44:42,560
is

1160
00:44:45,430 --> 00:44:43,680
whatever

1161
00:44:47,270 --> 00:44:45,440
they want

1162
00:44:48,790 --> 00:44:47,280
not what they're told

1163
00:44:51,190 --> 00:44:48,800

i mean straight up like you said the

1164

00:44:54,230 --> 00:44:51,200

ankle monitor thing the stuck at home

1165

00:44:55,990 --> 00:44:54,240

say learn to start saying no

1166

00:44:58,550 --> 00:44:56,000

anytime anybody's telling you something

1167

00:45:01,270 --> 00:44:58,560

to do and you don't want to do it

1168

00:45:02,829 --> 00:45:01,280

have the conviction to say in their face

1169

00:45:06,550 --> 00:45:02,839

with the grin

1170

00:45:08,790 --> 00:45:06,560

no it's the strongest word we have

1171

00:45:11,510 --> 00:45:08,800

because no one can make you do anything

1172

00:45:13,750 --> 00:45:11,520

you don't want to do and anybody who's

1173

00:45:15,750 --> 00:45:13,760

trying to make you do something you

1174

00:45:18,150 --> 00:45:15,760

don't want to do

1175

00:45:20,309 --> 00:45:18,160

should always be challenged we should

1176

00:45:23,589 --> 00:45:20,319

just start functioning that way again

1177

00:45:28,550 --> 00:45:25,910

we shouldn't acquiesce and we shouldn't

1178

00:45:30,230 --> 00:45:28,560

listen to the deceptions regurgitated

1179

00:45:34,710 --> 00:45:30,240

through our neighbors because they've

1180

00:45:37,990 --> 00:45:36,630

what we should do is as individuals

1181

00:45:40,550 --> 00:45:38,000

remember

1182

00:45:42,230 --> 00:45:40,560

that we have opinions that we can

1183

00:45:43,829 --> 00:45:42,240

maintain we have rights that we can

1184

00:45:45,750 --> 00:45:43,839

maintain we have perspectives and

1185

00:45:48,910 --> 00:45:45,760

positions we can maintain and we don't

1186

00:45:51,700 --> 00:45:48,920

have to agree with anyone around us

1187

00:45:54,630 --> 00:45:51,710

homogeneousness is not the goal of life

1188

00:45:57,750 --> 00:45:54,640

[Music]

1189

00:46:02,150 --> 00:45:57,760

amen that's a good strategy and you know

1190

00:46:04,230 --> 00:46:02,160

it's it's wild to think that these

1191

00:46:05,430 --> 00:46:04,240

conveniences you know

1192

00:46:06,790 --> 00:46:05,440

that

1193

00:46:08,630 --> 00:46:06,800

the other day i was speaking with some

1194

00:46:11,270 --> 00:46:08,640

people and they were talking about this

1195

00:46:12,230 --> 00:46:11,280

doordash postmates grubhub type stuff

1196

00:46:14,069 --> 00:46:12,240

where

1197

00:46:15,990 --> 00:46:14,079

if you have it good now you get your

1198

00:46:18,710 --> 00:46:16,000

food like meals on wheels like you were

1199

00:46:20,790 --> 00:46:18,720

a uh elderly person on hospice that

1200

00:46:21,829 --> 00:46:20,800

can't get out of the house

1201

00:46:23,829 --> 00:46:21,839

and

1202

00:46:25,670 --> 00:46:23,839

this is the conclusion that a lot of

1203

00:46:28,150 --> 00:46:25,680

people are this is if you have it you

1204

00:46:29,829 --> 00:46:28,160

know i i don't like it i don't know

1205

00:46:31,589 --> 00:46:29,839

what's being done to my food i don't

1206

00:46:33,030 --> 00:46:31,599

know where it's coming from you don't

1207

00:46:34,950 --> 00:46:33,040

know who's bringing it to you it's

1208

00:46:38,630 --> 00:46:34,960

convenient i won't argue with the

1209

00:46:41,190 --> 00:46:38,640

convenience but that suppression of it's

1210

00:46:42,470 --> 00:46:41,200

just more compartmentalization where

1211

00:46:44,309 --> 00:46:42,480

you're not even

1212

00:46:46,390 --> 00:46:44,319

able to go and get your own food from a

1213

00:46:47,750 --> 00:46:46,400

public development standpoint it's all

1214

00:46:49,349 --> 00:46:47,760

the sudden

1215

00:46:51,589 --> 00:46:49,359

you have you know

1216

00:46:55,109 --> 00:46:51,599

less skill tendency training it's just

1217

00:46:58,550 --> 00:46:55,119

dependency training exactly

1218

00:47:00,870 --> 00:46:58,560

exactly it's it's fascinating how

1219

00:47:02,710 --> 00:47:00,880

little time at least in my opinion how

1220

00:47:05,030 --> 00:47:02,720

little time it's taken

1221

00:47:07,430 --> 00:47:05,040

for everything you know everybody wants

1222

00:47:09,670 --> 00:47:07,440

everything done wires wirelessly and

1223

00:47:12,950 --> 00:47:09,680

effortlessly conveniently they want

1224

00:47:14,470 --> 00:47:12,960

things done conveniently but i i feel

1225

00:47:15,990 --> 00:47:14,480

that if we pay enough attention to

1226

00:47:18,870 --> 00:47:16,000

things that come through us through

1227

00:47:21,510 --> 00:47:18,880

convenience by any definition those

1228

00:47:24,630 --> 00:47:21,520

things will make you lazier and weaker

1229

00:47:26,790 --> 00:47:24,640

in that department

1230

00:47:28,630 --> 00:47:26,800

yes you get convenient food from a

1231

00:47:31,030 --> 00:47:28,640

convenience store

1232

00:47:33,109 --> 00:47:31,040

i would suggest it's not as good for you

1233

00:47:35,990 --> 00:47:33,119

it'll make you lazier and weaker than if

1234

00:47:38,549 --> 00:47:36,000

you had gotten a wholesome meal that was

1235

00:47:39,670 --> 00:47:38,559

less convenient

1236

00:47:41,910 --> 00:47:39,680

that's right

1237

00:47:44,069 --> 00:47:41,920

the convenience is the killer

1238

00:47:45,750 --> 00:47:44,079

yeah if you conveniently just flip on

1239

00:47:48,790 --> 00:47:45,760

the evening news and get your

1240

00:47:50,710 --> 00:47:48,800

information conveniently as spewed to

1241

00:47:52,069 --> 00:47:50,720

you know some mainstream media thing i

1242

00:47:54,230 --> 00:47:52,079

will say that your thoughts will be

1243

00:47:56,230 --> 00:47:54,240

lazier and weaker than someone who has

1244

00:47:59,589 --> 00:47:56,240

actually worked for their information

1245

00:48:01,589 --> 00:47:59,599

instead of taking the convenient path

1246

00:48:04,390 --> 00:48:01,599

and you know yeah the fascinating thing

1247

00:48:07,190 --> 00:48:04,400

about this enslavement of mankind is

1248

00:48:09,750 --> 00:48:07,200

that we are okay with it this is like

1249

00:48:11,670 --> 00:48:09,760

what is is unreal

1250

00:48:13,510 --> 00:48:11,680

totally this has been understood uh at

1251

00:48:16,950 --> 00:48:13,520

the very least uh what did they say in

1252

00:48:18,790 --> 00:48:16,960

roman times give them bread in circuses

1253

00:48:20,470 --> 00:48:18,800

do we are we not in a world of bread and

1254

00:48:24,150 --> 00:48:20,480

circuses right now

1255

00:48:28,950 --> 00:48:26,150

everything about us is a distraction and

1256

00:48:31,990 --> 00:48:30,630

and no one works for anything anymore

1257

00:48:35,109 --> 00:48:32,000

because they've all been made lazy and

1258

00:48:37,670 --> 00:48:35,119

weak through convenience

1259

00:48:39,910 --> 00:48:37,680

yeah that's true i that that is so true

1260

00:48:42,230 --> 00:48:39,920

and with the argument of that's not my

1261

00:48:43,109 --> 00:48:42,240

specialty i've i've heard people

1262

00:48:44,630 --> 00:48:43,119

right

1263

00:48:48,470 --> 00:48:44,640

yeah i don't know how would i know how

1264

00:48:52,470 --> 00:48:50,549

try

1265

00:48:54,470 --> 00:48:52,480

learn pull the trigger take a shot when

1266

00:48:55,510 --> 00:48:54,480

you miss make a correction

1267

00:48:56,950 --> 00:48:55,520

that's how you learn to become

1268

00:49:01,349 --> 00:48:56,960

proficient

1269

00:49:04,710 --> 00:49:03,510

right thought followed by right action

1270

00:49:06,309 --> 00:49:04,720

and you don't know if you had right

1271

00:49:08,230 --> 00:49:06,319

thought if you never go to action you

1272

00:49:09,750 --> 00:49:08,240

have to go to action find out if your

1273

00:49:11,910 --> 00:49:09,760

initial thought was correct if it was

1274

00:49:13,589 --> 00:49:11,920

wrong make an assessment and adapt and

1275

00:49:16,790 --> 00:49:13,599

make a new action and that's how you

1276
00:49:19,750 --> 00:49:16,800
learn and grow that's experiencing life

1277
00:49:22,150 --> 00:49:19,760
instead of googling it

1278
00:49:24,230 --> 00:49:22,160
and it it's so scary that like you said

1279
00:49:26,870 --> 00:49:24,240
the bread and circums circuses of

1280
00:49:29,030 --> 00:49:26,880
ancient times they have not changed the

1281
00:49:30,630 --> 00:49:29,040
playbook this patterning is the same

1282
00:49:31,910 --> 00:49:30,640
nothing has changed

1283
00:49:34,309 --> 00:49:31,920
and correct

1284
00:49:36,870 --> 00:49:34,319
it's just it's just fantastic

1285
00:49:38,630 --> 00:49:36,880
uh the german philosopher hegel uh

1286
00:49:40,630 --> 00:49:38,640
everybody uses the term hegelian

1287
00:49:42,549 --> 00:49:40,640
dialectic nowadays and that's a

1288
00:49:45,270 --> 00:49:42,559

reference to him in this

1289

00:49:47,990 --> 00:49:45,280

thesis antithesis and synthesis and

1290

00:49:50,309 --> 00:49:48,000

effectively that boils down to problem

1291

00:49:51,349 --> 00:49:50,319

reaction solution

1292

00:49:54,069 --> 00:49:51,359

and

1293

00:49:56,549 --> 00:49:54,079

we can see it uh recently we had the 911

1294

00:49:58,950 --> 00:49:56,559

event and prior to 9 11 they had the

1295

00:49:59,829 --> 00:49:58,960

patriot act and all the uh

1296

00:50:07,349 --> 00:49:59,839

the

1297

00:50:09,270 --> 00:50:07,359

to make this happen so lo and behold

1298

00:50:12,630 --> 00:50:09,280

through problem reaction solution we got

1299

00:50:14,549 --> 00:50:12,640

9 11. he created the problem they had

1300

00:50:19,510 --> 00:50:14,559

the reaction and they provided the

1301
00:50:23,990 --> 00:50:21,270
and this just keeps going on and on and

1302
00:50:27,190 --> 00:50:24,000
on hegel identified it in the past and

1303
00:50:29,349 --> 00:50:27,200
was saying this is how

1304
00:50:32,069 --> 00:50:29,359
the population has been being controlled

1305
00:50:35,829 --> 00:50:32,079
all of these years well hegel's dead and

1306
00:50:40,390 --> 00:50:38,390
and i i'm fascinated by the names they

1307
00:50:42,710 --> 00:50:40,400
use for these things because

1308
00:50:45,030 --> 00:50:42,720
like you said the patriot act it's the

1309
00:50:46,230 --> 00:50:45,040
farthest thing from patriot it's like

1310
00:50:48,230 --> 00:50:46,240
wild yes

1311
00:50:50,870 --> 00:50:48,240
yes it's almost always like they're

1312
00:50:52,309 --> 00:50:50,880
selling this stuff um

1313
00:50:53,829 --> 00:50:52,319

on the opposite of what it really is

1314

00:50:55,030 --> 00:50:53,839

like whatever they say it is you know

1315

00:50:57,270 --> 00:50:55,040

it's the opposite you know it's

1316

00:50:58,790 --> 00:50:57,280

unpatriotic act

1317

00:51:00,630 --> 00:50:58,800

it's exactly what it should be called

1318

00:51:01,510 --> 00:51:00,640

right like the yeah

1319

00:51:03,829 --> 00:51:01,520

and

1320

00:51:07,670 --> 00:51:03,839

you know this

1321

00:51:09,750 --> 00:51:07,680

it does seem like the public at least

1322

00:51:11,589 --> 00:51:09,760

getting getting what they can from the

1323

00:51:13,109 --> 00:51:11,599

government in the state

1324

00:51:14,549 --> 00:51:13,119

they have

1325

00:51:16,309 --> 00:51:14,559

believed just about everything coming

1326

00:51:17,910 --> 00:51:16,319

down the pipe so far

1327

00:51:19,829 --> 00:51:17,920

i'm

1328

00:51:22,549 --> 00:51:19,839

super worried of course

1329

00:51:25,510 --> 00:51:22,559

i think anybody would be that the

1330

00:51:27,829 --> 00:51:25,520

whatever's going on behind the curtain

1331

00:51:29,510 --> 00:51:27,839

you know that the the things are worse

1332

00:51:31,430 --> 00:51:29,520

than they're making it seem and that's

1333

00:51:33,349 --> 00:51:31,440

always been like my big fear hey if

1334

00:51:34,950 --> 00:51:33,359

things are economically awesome then who

1335

00:51:37,109 --> 00:51:34,960

cares if you have you're going to end up

1336

00:51:39,190 --> 00:51:37,119

with something like uh oh what is that

1337

00:51:41,190 --> 00:51:39,200

movie uh

1338

00:51:45,030 --> 00:51:41,200

i just saw a movie about

1339

00:51:48,150 --> 00:51:45,040

it's it's very realistic idiocracy very

1340

00:51:50,309 --> 00:51:48,160

realistic yeah yes it's a documentary at

1341

00:51:51,349 --> 00:51:50,319

this point it is a documentary at this

1342

00:51:53,990 --> 00:51:51,359

point and

1343

00:51:55,670 --> 00:51:54,000

and you know where everybody's lazy they

1344

00:51:57,190 --> 00:51:55,680

they don't need to do anything except

1345

00:52:00,549 --> 00:51:57,200

for what they do and they have to do

1346

00:52:02,630 --> 00:52:00,559

that at a very minimal level and that's

1347

00:52:03,910 --> 00:52:02,640

if things go well you know the problem

1348

00:52:06,870 --> 00:52:03,920

will become where do we put all our

1349

00:52:09,510 --> 00:52:06,880

garbage but if things don't go well i

1350

00:52:10,549 --> 00:52:09,520

mean there's a lot that can go wrong

1351
00:52:12,230 --> 00:52:10,559
when

1352
00:52:14,309 --> 00:52:12,240
nobody can do anything for themselves

1353
00:52:16,710 --> 00:52:14,319
and the jack of all trade is literally

1354
00:52:18,790 --> 00:52:16,720
you know the enemy of the state

1355
00:52:21,510 --> 00:52:18,800
that's that's exactly why i'm yelling

1356
00:52:22,950 --> 00:52:21,520
from the mountaintops at this point is

1357
00:52:25,190 --> 00:52:22,960
i don't want to be the stick in the mud

1358
00:52:27,910 --> 00:52:25,200
or the naysayer it's not that i don't

1359
00:52:29,750 --> 00:52:27,920
have hope it's not that i'm afraid i

1360
00:52:32,549 --> 00:52:29,760
keep getting people laying that at my

1361
00:52:34,470 --> 00:52:32,559
feet i'm not at all i'm in the front

1362
00:52:38,069 --> 00:52:34,480
lines fighting and i'm just letting

1363
00:52:39,670 --> 00:52:38,079

people know what i'm seeing i'm on point

1364

00:52:42,069 --> 00:52:39,680

i'm not on point because i'm scared i'm

1365

00:52:43,750 --> 00:52:42,079

not on point because i don't have hope

1366

00:52:47,589 --> 00:52:43,760

i'm on point because i want people to

1367

00:52:49,750 --> 00:52:47,599

follow me in a winning direction

1368

00:52:52,309 --> 00:52:49,760

and that means understanding what our

1369

00:52:55,750 --> 00:52:52,319

true enemy is on this planet what are we

1370

00:52:57,030 --> 00:52:55,760

really up against i don't want to be

1371

00:52:59,270 --> 00:52:57,040

ignorant

1372

00:53:01,750 --> 00:52:59,280

because i've seen what's really going on

1373

00:53:03,510 --> 00:53:01,760

i don't want to keep my perspective down

1374

00:53:06,069 --> 00:53:03,520

with all of the riffraff paying

1375

00:53:08,390 --> 00:53:06,079

attention to the mass media and what the

1376

00:53:10,630 --> 00:53:08,400

mass media is telling them is the threat

1377

00:53:12,470 --> 00:53:10,640

they need to pay attention to those are

1378

00:53:14,710 --> 00:53:12,480

lies anything that the mass media is

1379

00:53:16,309 --> 00:53:14,720

talking about mark twain once said back

1380

00:53:19,190 --> 00:53:16,319

in the day that

1381

00:53:21,430 --> 00:53:19,200

anytime he finds himself in the majority

1382

00:53:22,710 --> 00:53:21,440

he removes himself because by definition

1383

00:53:24,790 --> 00:53:22,720

there's already enough people with that

1384

00:53:29,430 --> 00:53:24,800

opinion

1385

00:53:32,069 --> 00:53:29,440

yes so so folks as a practice do that

1386

00:53:34,309 --> 00:53:32,079

if you find yourself in the majority get

1387

00:53:36,870 --> 00:53:34,319

out of it immediately it's a trap you

1388

00:53:37,910 --> 00:53:36,880

got tricked

1389

00:53:39,589 --> 00:53:37,920

yeah

1390

00:53:41,910 --> 00:53:39,599

that's the truth too much technology

1391

00:53:43,750 --> 00:53:41,920

available to make that very easy for

1392

00:53:47,030 --> 00:53:43,760

people to pay

1393

00:53:49,190 --> 00:53:47,040

for an opinion to grow in society and if

1394

00:53:54,150 --> 00:53:49,200

you find yourself in the majority you

1395

00:53:57,270 --> 00:53:55,750

and you know

1396

00:53:59,270 --> 00:53:57,280

it it

1397

00:54:01,589 --> 00:53:59,280

where do you where do you draw the line

1398

00:54:03,030 --> 00:54:01,599

i guess do you start i mean if you start

1399

00:54:04,630 --> 00:54:03,040

changing your own oil you get your

1400

00:54:07,430 --> 00:54:04,640

neighbors looking at you like you're a

1401
00:54:09,270 --> 00:54:07,440
neanderthal and i mean that's just doing

1402
00:54:11,829 --> 00:54:09,280
something that's very small and not a

1403
00:54:14,390 --> 00:54:11,839
big deal so how from a philosophy

1404
00:54:16,790 --> 00:54:14,400
standpoint pride take pride in your

1405
00:54:20,790 --> 00:54:16,800
neighbor looking at you funny

1406
00:54:23,750 --> 00:54:20,800
ride in your newfound competency

1407
00:54:25,750 --> 00:54:23,760
look down on them don't take the reverse

1408
00:54:28,630 --> 00:54:25,760
people treat you how you let them

1409
00:54:31,109 --> 00:54:28,640
through gaining skills

1410
00:54:34,230 --> 00:54:31,119
you will have an air of confidence that

1411
00:54:35,910 --> 00:54:34,240
that person's look won't matter

1412
00:54:37,910 --> 00:54:35,920
what will wind up happening is that in

1413
00:54:40,470 --> 00:54:37,920

reality that person will come over to

1414

00:54:42,150 --> 00:54:40,480

you and ask what you're doing and how to

1415

00:54:43,430 --> 00:54:42,160

do it and what's going on and this is

1416

00:54:45,990 --> 00:54:43,440

called being a neighbor this used to

1417

00:54:47,990 --> 00:54:46,000

happen back in the day

1418

00:54:50,150 --> 00:54:48,000

because we don't do these things anymore

1419

00:54:52,069 --> 00:54:50,160

is why we're at great distance from a

1420

00:54:53,750 --> 00:54:52,079

person who lives 20 feet away from our

1421

00:54:56,549 --> 00:54:53,760

house

1422

00:54:57,910 --> 00:54:56,559

that's so true man so true we used to

1423

00:54:59,910 --> 00:54:57,920

engage we used to say things like hey

1424

00:55:02,150 --> 00:54:59,920

buddy i'm trying to change my oil filter

1425

00:55:05,190 --> 00:55:02,160

and it's jammed my wrench kind of sucks

1426
00:55:08,710 --> 00:55:07,030
yeah let me go into my garage in my tool

1427
00:55:10,950 --> 00:55:08,720
kit that's pretty much like yours but i

1428
00:55:12,789 --> 00:55:10,960
have to have a cooler oil wrench than

1429
00:55:14,870 --> 00:55:12,799
you do so here

1430
00:55:16,950 --> 00:55:14,880
oh here's a beer let's be friends and

1431
00:55:20,150 --> 00:55:16,960
neighbors keep an eye out for each other

1432
00:55:22,710 --> 00:55:20,160
and our community

1433
00:55:24,309 --> 00:55:22,720
so true in in oh but i forgot we were

1434
00:55:26,470 --> 00:55:24,319
told it was terrible back in the day

1435
00:55:31,829 --> 00:55:26,480
when that was going on

1436
00:55:35,589 --> 00:55:34,390
you know it i it sounds bad but i mean

1437
00:55:37,510 --> 00:55:35,599
really it was

1438
00:55:40,470 --> 00:55:37,520

wonderful you know those saturday

1439

00:55:42,630 --> 00:55:40,480

evening post type memories of

1440

00:55:44,150 --> 00:55:42,640

that's just how it was you actually

1441

00:55:46,549 --> 00:55:44,160

waved at your neighbor you know you

1442

00:55:48,309 --> 00:55:46,559

didn't look at him like he was a

1443

00:55:50,549 --> 00:55:48,319

a spy that was going to turn you in for

1444

00:55:52,549 --> 00:55:50,559

having too many people the name of every

1445

00:55:55,349 --> 00:55:52,559

single person that lived on your block

1446

00:55:56,390 --> 00:55:55,359

how many people can say that now

1447

00:55:58,230 --> 00:55:56,400

yeah

1448

00:56:00,069 --> 00:55:58,240

probably knew the phone number of every

1449

00:56:02,950 --> 00:56:00,079

single person living on the block when i

1450

00:56:04,549 --> 00:56:02,960

was a kid

1451

00:56:05,750 --> 00:56:04,559

and then you know it's like just it was

1452

00:56:07,109 --> 00:56:05,760

a different world

1453

00:56:08,789 --> 00:56:07,119

and people are going to try to convince

1454

00:56:13,990 --> 00:56:08,799

us that this is better

1455

00:56:19,270 --> 00:56:17,190

and you know i think it is it is at

1456

00:56:21,030 --> 00:56:19,280

least in the bigger cities it's getting

1457

00:56:23,030 --> 00:56:21,040

pretty bad where

1458

00:56:24,390 --> 00:56:23,040

neighbors are actually more like they

1459

00:56:26,870 --> 00:56:24,400

they just keep an eye on each other

1460

00:56:30,549 --> 00:56:26,880

they're karen's you know basically going

1461

00:56:32,390 --> 00:56:30,559

towards that homeowners association

1462

00:56:34,390 --> 00:56:32,400

there's certain cities in this country

1463

00:56:36,309 --> 00:56:34,400

right now there's about to be a bounty

1464

00:56:38,630 --> 00:56:36,319

that neighbors can collect on if you

1465

00:56:41,190 --> 00:56:38,640

don't like the way someone's medical

1466

00:56:43,670 --> 00:56:41,200

decisions are going

1467

00:56:46,230 --> 00:56:43,680

geez now this is new i have not heard

1468

00:56:47,829 --> 00:56:46,240

this one what is this

1469

00:56:51,109 --> 00:56:47,839

in cities like new york where they're

1470

00:56:53,349 --> 00:56:51,119

talking about mandated medical practices

1471

00:56:56,630 --> 00:56:53,359

and if your neighbor is not following

1472

00:56:58,309 --> 00:56:56,640

along you can rat them out and get paid

1473

00:57:00,150 --> 00:56:58,319

stuff like that is occurring these are

1474

00:57:01,990 --> 00:57:00,160

the draconian measures that are

1475

00:57:03,670 --> 00:57:02,000

happening in some places and this is how

1476

00:57:05,349 --> 00:57:03,680

they push the line

1477

00:57:07,349 --> 00:57:05,359

areas like new york and california will

1478

00:57:08,870 --> 00:57:07,359

have the most draconian laws applied at

1479

00:57:10,870 --> 00:57:08,880

the fastest rate

1480

00:57:12,549 --> 00:57:10,880

to test the line

1481

00:57:14,150 --> 00:57:12,559

and other places they'll test the line

1482

00:57:16,549 --> 00:57:14,160

at at different rates because they are

1483

00:57:18,630 --> 00:57:16,559

assessing the people and the herd and

1484

00:57:20,710 --> 00:57:18,640

they know over here in 10 a is the more

1485

00:57:22,870 --> 00:57:20,720

uppity pen so we can't start putting the

1486

00:57:25,190 --> 00:57:22,880

draconian laws on the herd over here we

1487

00:57:27,510 --> 00:57:25,200

have to go over here to the california

1488

00:57:31,670 --> 00:57:27,520

pen where it's easy to

1489

00:57:37,670 --> 00:57:34,549

and you know it is it's it is turning

1490

00:57:41,430 --> 00:57:39,750

far back thinking that where people it

1491

00:57:43,190 --> 00:57:41,440

seems people are not thinking for

1492

00:57:45,349 --> 00:57:43,200

themselves at least

1493

00:57:46,150 --> 00:57:45,359

it seems crucial to me to point that out

1494

00:57:47,990 --> 00:57:46,160

where

1495

00:57:50,710 --> 00:57:48,000

you know i couldn't agree more oh my

1496

00:57:53,109 --> 00:57:50,720

gosh some of this i i

1497

00:57:56,549 --> 00:57:53,119

i don't even want to bring some of it up

1498

00:57:58,309 --> 00:57:56,559

but you know and

1499

00:58:02,950 --> 00:57:58,319

where

1500

00:58:04,789 --> 00:58:02,960

exactly you know that that class of

1501

00:58:06,789 --> 00:58:04,799

idiocracy

1502

00:58:09,910 --> 00:58:06,799

where you just believe what you're told

1503

00:58:13,190 --> 00:58:09,920

and and uh as long as you get some

1504

00:58:15,109 --> 00:58:13,200

basic pay for some basic effort you do

1505

00:58:17,109 --> 00:58:15,119

and you you have a comfortable place to

1506

00:58:19,109 --> 00:58:17,119

plop your butt down and watch tv that's

1507

00:58:20,309 --> 00:58:19,119

that's kind of where a lot of society is

1508

00:58:22,390 --> 00:58:20,319

going what

1509

00:58:23,829 --> 00:58:22,400

what is going to happen to that portion

1510

00:58:25,829 --> 00:58:23,839

of society or will they

1511

00:58:29,109 --> 00:58:25,839

like darwin said will they just

1512

00:58:31,910 --> 00:58:29,119

eventually peter out

1513

00:58:33,750 --> 00:58:31,920

well it seems right now

1514

00:58:37,030 --> 00:58:33,760

there are factions that are actively

1515

00:58:39,270 --> 00:58:37,040

trying to kill them i don't believe

1516

00:58:41,270 --> 00:58:39,280

what's in this um

1517

00:58:43,780 --> 00:58:41,280

in the syringe is intended to help

1518

00:58:45,030 --> 00:58:43,790

anybody i think that's a bold-faced lie

1519

00:58:46,950 --> 00:58:45,040

[Music]

1520

00:58:49,109 --> 00:58:46,960

i think it's meant to kill people it's a

1521

00:58:51,270 --> 00:58:49,119

it's a bold-faced lie

1522

00:58:54,789 --> 00:58:51,280

their plan is to kill massive amounts of

1523

00:58:57,510 --> 00:58:54,799

people their previous poisoning process

1524

00:58:59,990 --> 00:58:57,520

and dumbing down of people has dumbed

1525

00:59:02,390 --> 00:59:00,000

them down and made them lazy and weak

1526
00:59:04,870 --> 00:59:02,400
through conveniences that they're now

1527
00:59:07,349 --> 00:59:04,880
like hegel said problem reaction

1528
00:59:09,030 --> 00:59:07,359
solution they created a problem they

1529
00:59:11,109 --> 00:59:09,040
know the reaction and the people are now

1530
00:59:12,710 --> 00:59:11,119
begging for a false solution which comes

1531
00:59:14,710 --> 00:59:12,720
in a syringe

1532
00:59:17,510 --> 00:59:14,720
who's been lied to and tricked this is

1533
00:59:19,270 --> 00:59:17,520
population control

1534
00:59:20,870 --> 00:59:19,280
and you know because a lot of people

1535
00:59:22,549 --> 00:59:20,880
dead yeah

1536
00:59:26,549 --> 00:59:22,559
and here it comes and people are going

1537
00:59:30,630 --> 00:59:28,230
and you know we don't have to do a lot

1538
00:59:33,030 --> 00:59:30,640

of research into some of these and into

1539

00:59:34,710 --> 00:59:33,040

the rundown of some of how this um

1540

00:59:36,390 --> 00:59:34,720

societal programming

1541

00:59:39,109 --> 00:59:36,400

at least from

1542

00:59:41,589 --> 00:59:39,119

an international class of it seems like

1543

00:59:44,150 --> 00:59:41,599

bankers gangsters and uh

1544

00:59:46,069 --> 00:59:44,160

it's very international always

1545

00:59:47,670 --> 00:59:46,079

where you know the the power of one

1546

00:59:49,670 --> 00:59:47,680

country just isn't enough anymore they

1547

00:59:52,230 --> 00:59:49,680

want the power of all countries

1548

00:59:53,190 --> 00:59:52,240

and it doesn't take too much digging

1549

00:59:55,349 --> 00:59:53,200

into

1550

00:59:57,910 --> 00:59:55,359

some of that to come to the conclusion

1551
01:00:00,150 --> 00:59:57,920
where you hear terms like useless eaters

1552
01:00:02,870 --> 01:00:00,160
and in these other terms that are just

1553
01:00:04,309 --> 01:00:02,880
horrific from a public standpoint so i

1554
01:00:06,470 --> 01:00:04,319
mean it's it's hard to argue that

1555
01:00:08,549 --> 01:00:06,480
there's not you know that's not exactly

1556
01:00:11,349 --> 01:00:08,559
what's taking place

1557
01:00:15,030 --> 01:00:11,359
yeah there's there's a higher echelon of

1558
01:00:16,470 --> 01:00:15,040
folks so to say that look at the masses

1559
01:00:18,789 --> 01:00:16,480
like you said they just consider them

1560
01:00:21,349 --> 01:00:18,799
useless eaters like wasters of their

1561
01:00:23,109 --> 01:00:21,359
resources as if they already own the

1562
01:00:25,109 --> 01:00:23,119
world

1563
01:00:28,069 --> 01:00:25,119

and we're just encroaching upon their

1564

01:00:29,589 --> 01:00:28,079

stuff

1565

01:00:32,309 --> 01:00:29,599

it is that

1566

01:00:33,910 --> 01:00:32,319

aspect of society exists and it's you

1567

01:00:36,470 --> 01:00:33,920

know i know most people are too busy

1568

01:00:38,710 --> 01:00:36,480

paying their mortgages to consider that

1569

01:00:40,950 --> 01:00:38,720

this exists or

1570

01:00:44,309 --> 01:00:40,960

what how that impacts them

1571

01:00:47,270 --> 01:00:44,319

but the reality is it's impacted

1572

01:00:50,069 --> 01:00:47,280

everybody's entire life

1573

01:00:51,990 --> 01:00:50,079

because these people have always existed

1574

01:00:56,309 --> 01:00:52,000

and they have been molding society

1575

01:00:59,910 --> 01:00:56,319

around you all unbeknownst to you

1576

01:01:05,349 --> 01:01:02,789

it's remarkable it really is the control

1577

01:01:07,349 --> 01:01:05,359

amazing device but you have to lift your

1578

01:01:11,510 --> 01:01:07,359

head up from the herd and look around

1579

01:01:13,430 --> 01:01:11,520

and pay attention to see the mechanisms

1580

01:01:16,470 --> 01:01:13,440

so before we start wrapping things up

1581

01:01:18,710 --> 01:01:16,480

here eric tell our listeners about uh

1582

01:01:21,109 --> 01:01:18,720

deciphering my experience and where they

1583

01:01:22,630 --> 01:01:21,119

can keep up with you and all that you

1584

01:01:25,829 --> 01:01:22,640

have going on

1585

01:01:28,950 --> 01:01:25,839

you got it uh i can be found on youtube

1586

01:01:30,470 --> 01:01:28,960

uh it's one word deciphering my

1587

01:01:32,710 --> 01:01:30,480

experience

1588

01:01:34,870 --> 01:01:32,720

i put some of the more tame lame

1589

01:01:37,829 --> 01:01:34,880

interviews that the mass media won't be

1590

01:01:40,549 --> 01:01:37,839

tearing apart on there but i still am uh

1591

01:01:43,430 --> 01:01:40,559

tactical enough to get good content

1592

01:01:45,910 --> 01:01:43,440

as far as my full-blown stuff where i

1593

01:01:48,789 --> 01:01:45,920

report everything and i have documents

1594

01:01:51,430 --> 01:01:48,799

archived to prove what i'm saying if you

1595

01:01:54,870 --> 01:01:51,440

could please go to deciphering

1596

01:01:57,510 --> 01:01:54,880

dot tv and that's where i am uh doing

1597

01:01:59,670 --> 01:01:57,520

the more hard hitting stuff and uh

1598

01:02:01,910 --> 01:01:59,680

please like subscribe and share my

1599

01:02:05,029 --> 01:02:01,920

content because i do need help getting

1600

01:02:08,309 --> 01:02:05,039

it out there the shadow band hammer is

1601
01:02:11,190 --> 01:02:08,319
strong in the ai world and it does not

1602
01:02:12,630 --> 01:02:11,200
like what i am trying to communicate so

1603
01:02:13,750 --> 01:02:12,640
please help me out and get this info out

1604
01:02:16,309 --> 01:02:13,760
there

1605
01:02:19,109 --> 01:02:16,319
and the shadow ban is so real the

1606
01:02:21,670 --> 01:02:19,119
associations that are made oh my gosh i

1607
01:02:23,750 --> 01:02:21,680
mean you can't really look at anything

1608
01:02:26,950 --> 01:02:23,760
without seeing independent fact checkers

1609
01:02:29,829 --> 01:02:26,960
warnings labels on posts

1610
01:02:32,549 --> 01:02:29,839
it's just i mean nothing is

1611
01:02:34,230 --> 01:02:32,559
raw and rugged anymore and any opinion

1612
01:02:35,270 --> 01:02:34,240
has to be gone it has to go through a

1613
01:02:36,870 --> 01:02:35,280

filter

1614

01:02:38,470 --> 01:02:36,880

it's everybody apparently wants to hear

1615

01:02:40,470 --> 01:02:38,480

about what's really going down at the

1616

01:02:42,150 --> 01:02:40,480

south pole station in antarctica i've

1617

01:02:44,150 --> 01:02:42,160

spent a year there i have documents i

1618

01:02:45,510 --> 01:02:44,160

have videos i can prove stuff but yet

1619

01:02:46,950 --> 01:02:45,520

somehow the internet doesn't seem to be

1620

01:02:48,470 --> 01:02:46,960

able to get traction on my information

1621

01:02:50,069 --> 01:02:48,480

to move it around

1622

01:02:51,750 --> 01:02:50,079

yes

1623

01:02:54,390 --> 01:02:51,760

that great i guess the internet and all

1624

01:02:59,910 --> 01:02:54,400

the algorithms have somehow failed this

1625

01:03:03,750 --> 01:03:01,910

it's amazing it's so it's so crucial

1626

01:03:05,029 --> 01:03:03,760

what you're doing it's so important and

1627

01:03:06,950 --> 01:03:05,039

i i can't

1628

01:03:08,470 --> 01:03:06,960

appreci tell you how much i appreciate

1629

01:03:10,470 --> 01:03:08,480

it and i know a lot of other people do

1630

01:03:12,950 --> 01:03:10,480

your experience is working

1631

01:03:14,630 --> 01:03:12,960

and seeing through this smoke screen

1632

01:03:17,349 --> 01:03:14,640

can't thank you enough for coming on my

1633

01:03:18,470 --> 01:03:17,359

man and uh yeah let's let's do it again

1634

01:03:19,990 --> 01:03:18,480

soon

1635

01:03:21,510 --> 01:03:20,000

awesome ryan i really appreciate the

1636

01:03:23,910 --> 01:03:21,520

time and effort that you put in at the

1637

01:03:25,910 --> 01:03:23,920

event and the follow-up here so thank

1638

01:03:27,589 --> 01:03:25,920

you very much for helping to push the

1639

01:03:29,349 --> 01:03:27,599

information out there

1640

01:03:31,750 --> 01:03:29,359

there you have it ladies and gentlemen

1641

01:03:34,630 --> 01:03:31,760

eric hecker please support him he is

1642

01:03:37,190 --> 01:03:34,640

definitely one of the individuals

1643

01:03:38,789 --> 01:03:37,200

pushing an alternative philosophy

1644

01:03:39,829 --> 01:03:38,799

against

1645

01:03:43,990 --> 01:03:39,839

well

1646

01:03:46,710 --> 01:03:44,000

an international class that is uh

1647

01:03:48,870 --> 01:03:46,720

pursuing the consistent enslavement of

1648

01:03:50,470 --> 01:03:48,880

humanity at least by

1649

01:03:52,390 --> 01:03:50,480

the efforts

1650

01:03:54,549 --> 01:03:52,400

that are being noticed and the practices

1651

01:03:57,109 --> 01:03:54,559

and strategies that are being used it

1652

01:03:59,589 --> 01:03:57,119

doesn't take

1653

01:04:01,990 --> 01:03:59,599

too much to notice but he has a fine eye

1654

01:04:03,190 --> 01:04:02,000

of pointing it out and showing it to the

1655

01:04:05,109 --> 01:04:03,200

rest so

1656

01:04:10,309 --> 01:04:05,119

definitely

1657

01:04:12,710 --> 01:04:10,319

go over to deciphering my experience and

1658

01:04:14,390 --> 01:04:12,720

show him some love until next time keep

1659

01:04:16,390 --> 01:04:14,400

your eyes to the skies feet on the

1660

01:04:24,860 --> 01:04:16,400

ground but don't forget to take a look

1661

01:04:49,109 --> 01:04:29,930
