

A person is silhouetted against a vibrant sunset sky, standing on the peak of a sand dune. The sky is filled with dramatic, dark clouds illuminated from below by the setting sun, creating a palette of oranges, reds, and purples. The overall mood is contemplative and majestic.

founder of the utah ufo hunters he's

12
00:01:06,230 --> 00:01:04,159

been on just about every tv show and

13
00:01:10,149 --> 00:01:06,240

podcast you can imagine

14

00:01:12,310 --> 00:01:10,159

he is a epic force here in utah and was

15

00:01:14,230 --> 00:01:12,320

basically investigating things that went

16

00:01:15,590 --> 00:01:14,240

bump in the night long before it was

17

00:01:18,550 --> 00:01:15,600

popular

18

00:01:21,830 --> 00:01:18,560

i remember hearing about these things

19

00:01:25,350 --> 00:01:21,840

from his very mouth and he is uh

20

00:01:29,670 --> 00:01:28,310

how can i put it

21

00:01:33,910 --> 00:01:29,680

feature

22

00:01:35,830 --> 00:01:33,920

in utah lore he is an integral part

23

00:01:37,670 --> 00:01:35,840

of the entire phenomena

24

00:01:38,710 --> 00:01:37,680

having researched just about everything

25

00:01:40,950 --> 00:01:38,720

and anything

26
00:01:43,510 --> 00:01:40,960
way before the uh basin was popular he

27
00:01:46,870 --> 00:01:43,520
was there way before dugway was popular

28
00:01:48,469 --> 00:01:46,880
he was there it is the one the only dave

29
00:01:51,590 --> 00:01:48,479
rosenfeld

30
00:01:53,190 --> 00:01:51,600
welcome to the hero paranormal podcast

31
00:01:55,109 --> 00:01:53,200
hey man it's uh good to hear from you

32
00:01:57,270 --> 00:01:55,119
i've been good um

33
00:01:59,350 --> 00:01:57,280
you know can't complain

34
00:02:01,270 --> 00:01:59,360
good good have you heard of anything

35
00:02:02,789 --> 00:02:01,280
strange or out of this world lately

36
00:02:04,630 --> 00:02:02,799
you're definitely always kind of with

37
00:02:08,389 --> 00:02:04,640
your ear to the ground up there in utah

38
00:02:11,750 --> 00:02:08,399

and checking stuff out

39

00:02:15,270 --> 00:02:11,760

um nothing like super super cool

40

00:02:18,070 --> 00:02:15,280

recently um i do have this photograph

41

00:02:19,830 --> 00:02:18,080

though that i've been researching

42

00:02:21,430 --> 00:02:19,840

um i'm trying to get the guy to send me

43

00:02:24,390 --> 00:02:21,440

the rest of the photos but it's an

44

00:02:26,710 --> 00:02:24,400

incredible photo of a craft leaving

45

00:02:28,150 --> 00:02:26,720

michael army airfield in dugway

46

00:02:30,790 --> 00:02:28,160

it's probably one of the best pictures

47

00:02:33,190 --> 00:02:30,800

i've seen of the ufo at night

48

00:02:34,790 --> 00:02:33,200

oh man that sounds awesome

49

00:02:36,550 --> 00:02:34,800

and you do always have like killer

50

00:02:38,470 --> 00:02:36,560

photos man um

51
00:02:41,270 --> 00:02:38,480
speaking of ufos what are your thoughts

52
00:02:43,670 --> 00:02:41,280
and feelings of the press and the media

53
00:02:47,670 --> 00:02:43,680
they seem to be highly focused on ufos

54
00:02:49,750 --> 00:02:47,680
lately what's up with all the attention

55
00:02:51,509 --> 00:02:49,760
wow that's a good question i'm

56
00:02:53,830 --> 00:02:51,519
you know in my opinion

57
00:02:55,190 --> 00:02:53,840
um all this you know a tip stuff and all

58
00:02:57,670 --> 00:02:55,200
you know the

59
00:02:59,509 --> 00:02:57,680
the kind of uh exposure that ufos are

60
00:03:03,030 --> 00:02:59,519
getting lately is kind of like a i guess

61
00:03:05,750 --> 00:03:03,040
you called a soft disclosure

62
00:03:07,990 --> 00:03:05,760
um i think that they're doing this

63
00:03:10,470 --> 00:03:08,000

because they can't hide it

64

00:03:12,869 --> 00:03:10,480

forever

65

00:03:14,470 --> 00:03:12,879

and i think that um it's getting to the

66

00:03:16,149 --> 00:03:14,480

point where something i think

67

00:03:17,350 --> 00:03:16,159

something's gonna happen and like say

68

00:03:18,949 --> 00:03:17,360

they're not gonna be able to hide it so

69

00:03:20,869 --> 00:03:18,959

they get people used to the fact that

70

00:03:23,750 --> 00:03:20,879

ufos are real but the real question

71

00:03:25,670 --> 00:03:23,760

people have to ask i guess is

72

00:03:26,949 --> 00:03:25,680

now that the us government and all these

73

00:03:28,630 --> 00:03:26,959

other countries and stuff have come

74

00:03:29,990 --> 00:03:28,640

forward and saying you know ufos are

75

00:03:33,030 --> 00:03:30,000

real

76

00:03:35,350 --> 00:03:33,040

the question you have to ask now is

77

00:03:39,110 --> 00:03:35,360

who's behind them

78

00:03:41,509 --> 00:03:39,120

right like what the heck are ufos

79

00:03:44,070 --> 00:03:41,519

and there's um i'm glad that you said

80

00:03:45,830 --> 00:03:44,080

soft disclosure because there's been a

81

00:03:47,670 --> 00:03:45,840

lot in the news and even the mainstream

82

00:03:49,190 --> 00:03:47,680

media about disclosure

83

00:03:51,430 --> 00:03:49,200

and a lot of people have said soft

84

00:03:53,270 --> 00:03:51,440

disclosure has already happened

85

00:03:57,270 --> 00:03:53,280

and um

86

00:04:01,990 --> 00:03:57,280

it is uh seeming like the

87

00:04:05,910 --> 00:04:03,910

right and like say it

88

00:04:07,990 --> 00:04:05,920

for them to be coming out with you know

89

00:04:09,429 --> 00:04:08,000

i understand how um

90

00:04:11,830 --> 00:04:09,439

they use this

91

00:04:13,270 --> 00:04:11,840

this navy footage and the air force

92

00:04:14,550 --> 00:04:13,280

footage and stuff because you know it's

93

00:04:16,150 --> 00:04:14,560

clear it's

94

00:04:17,349 --> 00:04:16,160

it's um you know all this high-tech

95

00:04:20,629 --> 00:04:17,359

stuff but

96

00:04:22,629 --> 00:04:20,639

in all reality i think that certain

97

00:04:23,670 --> 00:04:22,639

civilians have gotten better footage

98

00:04:25,350 --> 00:04:23,680

than that

99

00:04:26,629 --> 00:04:25,360

i think it's just because that footage

100

00:04:30,070 --> 00:04:26,639

shows

101
00:04:31,189 --> 00:04:30,080
you know speed and altitude and and and

102
00:04:33,590 --> 00:04:31,199
all that

103
00:04:36,230 --> 00:04:33,600
um that it's more credible

104
00:04:38,230 --> 00:04:36,240
but i do believe i do see it out there

105
00:04:40,310 --> 00:04:38,240
too you know people taking these

106
00:04:42,390 --> 00:04:40,320
incredible videos and incredible photos

107
00:04:44,310 --> 00:04:42,400
of ufos and

108
00:04:47,749 --> 00:04:44,320
and i think some of that is actually

109
00:04:53,590 --> 00:04:50,310
than the a tip step that's my opinion

110
00:04:55,830 --> 00:04:53,600
i agree 100 percent and i think that

111
00:04:57,590 --> 00:04:55,840
a lot of credence is given to these

112
00:05:00,230 --> 00:04:57,600
military

113
00:05:02,950 --> 00:05:00,240

photos videos and people

114

00:05:04,710 --> 00:05:02,960

as witnesses because they

115

00:05:06,230 --> 00:05:04,720

share common

116

00:05:08,310 --> 00:05:06,240

well you know

117

00:05:09,510 --> 00:05:08,320

commonly soldiers in the past were

118

00:05:11,270 --> 00:05:09,520

called jarheads because you could kind

119

00:05:13,350 --> 00:05:11,280

of smash all the same information into a

120

00:05:14,870 --> 00:05:13,360

jar close it up and that's what you have

121

00:05:17,749 --> 00:05:14,880

and that's what they want is somebody

122

00:05:19,830 --> 00:05:17,759

who will accept rules and regulations

123

00:05:21,909 --> 00:05:19,840

and answer questions

124

00:05:24,469 --> 00:05:21,919

the way they are designed and the way

125

00:05:26,070 --> 00:05:24,479

they ask them so like if they talk to a

126

00:05:28,070 --> 00:05:26,080

civilian and say

127

00:05:29,670 --> 00:05:28,080

um and i don't mean that in a derogatory

128

00:05:30,390 --> 00:05:29,680

way but if they talk to a civilian and

129

00:05:31,909 --> 00:05:30,400

say

130

00:05:33,590 --> 00:05:31,919

you know what did you film they're going

131

00:05:37,350 --> 00:05:33,600

to get a hundred different answers but

132

00:05:39,189 --> 00:05:37,360

if they talk to you know people officers

133

00:05:41,350 --> 00:05:39,199

that are trained the same they're going

134

00:05:42,950 --> 00:05:41,360

to get different answers but in the same

135

00:05:45,830 --> 00:05:42,960

jargon so they know more like what

136

00:05:48,070 --> 00:05:45,840

they're dealing with and i think man

137

00:05:50,870 --> 00:05:48,080

something really strange dave is now

138

00:05:53,110 --> 00:05:50,880

some of these photos coming out show hd

139

00:05:54,150 --> 00:05:53,120

imagery well i shouldn't say coming out

140

00:05:55,909 --> 00:05:54,160

because

141

00:05:58,550 --> 00:05:55,919

they're not out yet but

142

00:06:01,270 --> 00:05:58,560

current okay so

143

00:06:02,390 --> 00:06:01,280

i i can say that out of the elizondo

144

00:06:04,390 --> 00:06:02,400

camp

145

00:06:07,909 --> 00:06:04,400

um it's not all garbage

146

00:06:12,790 --> 00:06:10,550

there anyway there's hd photos of ufos

147

00:06:15,110 --> 00:06:12,800

coming out that show occupants and

148

00:06:18,390 --> 00:06:15,120

people have been saying this for years

149

00:06:20,309 --> 00:06:18,400

that in highly defined high definition

150

00:06:22,230 --> 00:06:20,319

photos you can actually see occupants

151
00:06:24,790 --> 00:06:22,240
oftentimes in these quote unquote

152
00:06:26,230 --> 00:06:24,800
portholes have you heard of this

153
00:06:31,350 --> 00:06:26,240
yes

154
00:06:33,029 --> 00:06:31,360
is that footage from i think norway or

155
00:06:35,510 --> 00:06:33,039
where a craft landed on the ground and

156
00:06:37,189 --> 00:06:35,520
somebody had filmed it

157
00:06:38,950 --> 00:06:37,199
and they when you zoom in on that

158
00:06:43,590 --> 00:06:38,960
footage you can see like creatures

159
00:06:49,589 --> 00:06:45,990
and in a lot of the major cases they

160
00:06:51,909 --> 00:06:49,599
describe similar things like

161
00:06:54,309 --> 00:06:51,919
they uh they can see you through these

162
00:06:56,309 --> 00:06:54,319
things and

163
00:06:57,830 --> 00:06:56,319

you know i've heard cases like this out

164

00:06:59,830 --> 00:06:57,840

of the uintah basin and you've been

165

00:07:02,150 --> 00:06:59,840

studying the uni you win a basin way

166

00:07:05,029 --> 00:07:02,160

before it was a paranormal hotspot and

167

00:07:07,430 --> 00:07:05,039

the deluge of quote-unquote experts

168

00:07:09,510 --> 00:07:07,440

what do you think is the future of the

169

00:07:11,350 --> 00:07:09,520

unit basin from a paranormal

170

00:07:13,749 --> 00:07:11,360

perspective because i remember hearing

171

00:07:19,110 --> 00:07:13,759

you talk about the uintah basin and this

172

00:07:24,550 --> 00:07:20,790

right the basin is

173

00:07:26,150 --> 00:07:24,560

is a hot spot i mean um something about

174

00:07:31,029 --> 00:07:26,160

the basin

175

00:07:32,870 --> 00:07:31,039

into colorado as well in the mysterious

176

00:07:37,430 --> 00:07:32,880

valley that's kind of all kind of the

177

00:07:41,749 --> 00:07:40,230

the high stranges of this area is

178

00:07:44,550 --> 00:07:41,759

uh

179

00:07:46,869 --> 00:07:44,560

is immense i mean it's it's not just

180

00:07:48,629 --> 00:07:46,879

ufos it's all sorts of things it's

181

00:07:51,589 --> 00:07:48,639

creatures and

182

00:07:55,430 --> 00:07:51,599

and poltergeist activity and portals and

183

00:07:57,670 --> 00:07:55,440

just all around strangeness um

184

00:07:59,350 --> 00:07:57,680

i don't know what to to think of at all

185

00:08:01,909 --> 00:07:59,360

i think that maybe

186

00:08:04,150 --> 00:08:01,919

there's something geological

187

00:08:05,029 --> 00:08:04,160

that might be involved there let's say

188

00:08:06,550 --> 00:08:05,039

um

189

00:08:08,790 --> 00:08:06,560

metals or

190

00:08:11,589 --> 00:08:08,800

or even even a combination of things

191

00:08:12,869 --> 00:08:11,599

that seems to attract them there

192

00:08:16,390 --> 00:08:12,879

unless

193

00:08:19,189 --> 00:08:16,400

this is just an opinion

194

00:08:22,469 --> 00:08:19,199

there's something ancient there

195

00:08:24,830 --> 00:08:22,479

like an ancient stargate or portal

196

00:08:27,670 --> 00:08:24,840

that these things are coming

197

00:08:30,390 --> 00:08:27,680

through um

198

00:08:32,630 --> 00:08:30,400

that would be another theory on on why

199

00:08:34,230 --> 00:08:32,640

the basin is so such a hot spot for this

200

00:08:36,630 --> 00:08:34,240

activity

201
00:08:38,310 --> 00:08:36,640
um i know that you know skinwalker ranch

202
00:08:40,550 --> 00:08:38,320
the theories there are also you know

203
00:08:42,870 --> 00:08:40,560
there could be a portal

204
00:08:44,630 --> 00:08:42,880
stargate type type situation going on

205
00:08:48,230 --> 00:08:44,640
there

206
00:08:50,550 --> 00:08:48,240
and um i think that uh

207
00:08:52,470 --> 00:08:50,560
maybe even bigelow um

208
00:08:54,150 --> 00:08:52,480
kind of found out what was going on

209
00:08:55,430 --> 00:08:54,160
there i don't because i don't really see

210
00:08:59,509 --> 00:08:55,440
bigelow

211
00:09:01,350 --> 00:08:59,519
selling the property without answers

212
00:09:03,269 --> 00:09:01,360
without having some kind of answer

213
00:09:04,230 --> 00:09:03,279

because i just don't see him doing that

214

00:09:06,389 --> 00:09:04,240

so

215

00:09:08,470 --> 00:09:06,399

to just give up on that that property

216

00:09:09,990 --> 00:09:08,480

like that so

217

00:09:11,829 --> 00:09:10,000

maybe he did find what he was looking

218

00:09:15,030 --> 00:09:11,839

for maybe he didn't maybe he's down

219

00:09:17,750 --> 00:09:15,040

enough to to satisfy his curiosity about

220

00:09:19,269 --> 00:09:17,760

the place before he sold it

221

00:09:23,430 --> 00:09:19,279

but um

222

00:09:26,389 --> 00:09:23,440

i think that there's more to the basin

223

00:09:28,790 --> 00:09:26,399

than we realize and i think that uh it's

224

00:09:31,590 --> 00:09:28,800

not just the ufo thing there it's you

225

00:09:34,470 --> 00:09:31,600

know it's the whole gambit of paranormal

226

00:09:37,269 --> 00:09:34,480

and supernatural that happens there that

227

00:09:40,070 --> 00:09:37,279

that has some kind of um

228

00:09:42,949 --> 00:09:40,080

whether it be natural or artificial some

229

00:09:44,790 --> 00:09:42,959

some type of intent you know behind it

230

00:09:47,190 --> 00:09:44,800

so

231

00:09:48,389 --> 00:09:47,200

yeah and i'm super stoked

232

00:09:51,430 --> 00:09:48,399

that you

233

00:09:53,430 --> 00:09:51,440

mentioned other experiences not just ufo

234

00:09:56,630 --> 00:09:53,440

because there have been

235

00:09:59,829 --> 00:09:56,640

a bunch of different ones um

236

00:10:02,710 --> 00:09:59,839

everything from crypto creatures to

237

00:10:05,509 --> 00:10:02,720

strange underground rumblings i mean men

238

00:10:06,389 --> 00:10:05,519

in black there's a long list

239

00:10:08,710 --> 00:10:06,399

and

240

00:10:12,389 --> 00:10:08,720

it it's funny how everybody focuses on

241

00:10:12,399 --> 00:10:15,430

yeah

242

00:10:18,550 --> 00:10:17,190

what seems to be the most prevalent

243

00:10:20,630 --> 00:10:18,560

thing

244

00:10:22,870 --> 00:10:20,640

um it's what people like to talk about

245

00:10:23,910 --> 00:10:22,880

too i mean a lot of the the residents in

246

00:10:25,670 --> 00:10:23,920

the basin

247

00:10:27,509 --> 00:10:25,680

they see this kind of stuff all the time

248

00:10:29,590 --> 00:10:27,519

and they just don't they just don't

249

00:10:31,590 --> 00:10:29,600

mention it they think it's kind of like

250

00:10:33,269 --> 00:10:31,600

normal because they grew up with it

251
00:10:35,990 --> 00:10:33,279
so when they see a strange thing out in

252
00:10:38,630 --> 00:10:36,000
their field or a strange creature some

253
00:10:40,470 --> 00:10:38,640
weird tracks they just don't report that

254
00:10:43,110 --> 00:10:40,480
they just don't share it and so it's

255
00:10:44,550 --> 00:10:43,120
kind of a norm for them and so a lot of

256
00:10:45,590 --> 00:10:44,560
the stuff that happens in the basin i

257
00:10:46,630 --> 00:10:45,600
think

258
00:10:53,190 --> 00:10:46,640
is

259
00:10:55,670 --> 00:10:53,200
it really yeah it's it's really mystical

260
00:10:58,389 --> 00:10:55,680
the area it's rugged the experiences

261
00:11:00,550 --> 00:10:58,399
people have they keep close to the chest

262
00:11:02,710 --> 00:11:00,560
and um

263
00:11:05,030 --> 00:11:02,720

dave you've kind of switching directions

264

00:11:07,829 --> 00:11:05,040

you've also been studying other parts of

265

00:11:09,509 --> 00:11:07,839

utah not only southern utah but dugway

266

00:11:10,870 --> 00:11:09,519

proving ground long before it was

267

00:11:12,790 --> 00:11:10,880

popularized

268

00:11:16,230 --> 00:11:12,800

anything new going on

269

00:11:19,910 --> 00:11:17,829

um

270

00:11:21,590 --> 00:11:19,920

nothing new as far as what's going on

271

00:11:24,790 --> 00:11:21,600

out there i did make a trip out there

272

00:11:27,509 --> 00:11:24,800

the other week it was super super muddy

273

00:11:29,350 --> 00:11:27,519

i actually was testing the roads for a

274

00:11:30,710 --> 00:11:29,360

producer

275

00:11:34,069 --> 00:11:30,720

who

276

00:11:36,470 --> 00:11:34,079

is working with me on a future project i

277

00:11:41,990 --> 00:11:36,480

really like the way

278

00:11:44,710 --> 00:11:42,000

or the direction he's heading with it

279

00:11:46,710 --> 00:11:44,720

and that's kind of one reason why

280

00:11:49,269 --> 00:11:46,720

uh i agreed to be involved with it

281

00:11:51,190 --> 00:11:49,279

because i i do agree and like the

282

00:11:53,030 --> 00:11:51,200

direction he's going with it

283

00:11:54,470 --> 00:11:53,040

so i was out there kind of testing the

284

00:11:56,870 --> 00:11:54,480

waters because they want to come down

285

00:11:59,990 --> 00:11:56,880

and do some shoots and

286

00:12:01,110 --> 00:12:00,000

go out to the basin as well and so i was

287

00:12:03,590 --> 00:12:01,120

out there just

288

00:12:08,870 --> 00:12:03,600

a couple weeks ago on and i didn't see

289

00:12:14,949 --> 00:12:13,030

as far as the as as dugway goes

290

00:12:16,949 --> 00:12:14,959

uh like i say that the only research

291

00:12:18,710 --> 00:12:16,959

right now that i'm doing on that

292

00:12:20,949 --> 00:12:18,720

that's that's priority is this

293

00:12:22,870 --> 00:12:20,959

photograph that i got

294

00:12:24,629 --> 00:12:22,880

um i'm really trying to reach out to

295

00:12:26,790 --> 00:12:24,639

this guy and

296

00:12:28,949 --> 00:12:26,800

and keep in contact with him he said he

297

00:12:31,030 --> 00:12:28,959

was going to go to his parents house and

298

00:12:33,590 --> 00:12:31,040

look for these other photos this was a

299

00:12:36,150 --> 00:12:33,600

photo taken back in

300

00:12:38,870 --> 00:12:36,160

in like 2009

301
00:12:42,790 --> 00:12:38,880
2008 or nine

302
00:12:44,230 --> 00:12:42,800
they were out there by uh topaz mountain

303
00:12:46,150 --> 00:12:44,240
doing some rock hunting they were

304
00:12:48,310 --> 00:12:46,160
camping out there

305
00:12:51,750 --> 00:12:48,320
and his dad is the one who actually took

306
00:12:55,590 --> 00:12:51,760
the photographs and like i say

307
00:12:57,750 --> 00:12:55,600
he he described the craft as

308
00:13:00,310 --> 00:12:57,760
triangular

309
00:13:02,870 --> 00:13:00,320
and when it lifted off it it left this

310
00:13:03,670 --> 00:13:02,880
glittery trail

311
00:13:07,030 --> 00:13:03,680
and

312
00:13:08,790 --> 00:13:07,040
he says you could hear it kind of but

313
00:13:11,750 --> 00:13:08,800

it was more or less silent besides this

314

00:13:14,710 --> 00:13:11,760

kind of like tone

315

00:13:17,190 --> 00:13:14,720

and in the photograph that he sent me

316

00:13:18,710 --> 00:13:17,200

you can see the glittery trail

317

00:13:21,110 --> 00:13:18,720

he was talking about you could see the

318

00:13:23,110 --> 00:13:21,120

propulsion

319

00:13:25,430 --> 00:13:23,120

um on the craft you can see the shape of

320

00:13:27,670 --> 00:13:25,440

the craft and there's a also a vehicle

321

00:13:29,110 --> 00:13:27,680

in this shot to show you scale and

322

00:13:31,030 --> 00:13:29,120

height

323

00:13:33,430 --> 00:13:31,040

and from from what i see in the

324

00:13:35,990 --> 00:13:33,440

photograph this this was a close

325

00:13:36,950 --> 00:13:36,000

encounter this thing is not far away at

326

00:13:38,230 --> 00:13:36,960

all this is

327

00:13:39,910 --> 00:13:38,240

[Music]

328

00:13:42,069 --> 00:13:39,920

this is um

329

00:13:44,870 --> 00:13:42,079

one of the best photographs i've ever

330

00:13:47,030 --> 00:13:44,880

seen wfo at night

331

00:13:49,189 --> 00:13:47,040

and so i'm trying to get

332

00:13:52,710 --> 00:13:49,199

negatives or trying to get the other

333

00:13:54,629 --> 00:13:52,720

digital photographs whatever he has

334

00:13:57,110 --> 00:13:54,639

to go along with that like the sequence

335

00:13:58,790 --> 00:13:57,120

of shots or whatever and

336

00:14:00,069 --> 00:13:58,800

and i'm still working on trying to get

337

00:14:02,870 --> 00:14:00,079

permission to

338

00:14:05,750 --> 00:14:02,880

post that photo

339

00:14:08,069 --> 00:14:05,760

um i've had a couple people look at it

340

00:14:10,310 --> 00:14:08,079

i might have even sent it to you

341

00:14:13,189 --> 00:14:10,320

back in the day but i'm not sure i know

342

00:14:15,750 --> 00:14:13,199

i sent it to a few other people i do i

343

00:14:18,629 --> 00:14:15,760

think you showed it to me and i do know

344

00:14:22,710 --> 00:14:18,639

the photo you're talking and it's eerie

345

00:14:25,189 --> 00:14:22,720

it's freaky and it does paint a picture

346

00:14:27,750 --> 00:14:25,199

it's definitely a good a good photograph

347

00:14:29,509 --> 00:14:27,760

of a ufo that's for sure and so if this

348

00:14:34,710 --> 00:14:29,519

is one of

349

00:14:37,590 --> 00:14:34,720

then that just goes to show you that

350

00:14:39,990 --> 00:14:37,600

what's going on at dugway

351
00:14:42,949 --> 00:14:40,000
what i've been

352
00:14:45,350 --> 00:14:42,959
researching and exposing

353
00:14:47,750 --> 00:14:45,360
for the last 20 years or so about dugway

354
00:14:50,710 --> 00:14:47,760
is true

355
00:14:53,990 --> 00:14:50,720
they they're using that runway

356
00:14:56,310 --> 00:14:54,000
for unconventional craft

357
00:14:58,550 --> 00:14:56,320
and if these craft like i said this is

358
00:15:00,550 --> 00:14:58,560
ours which it more likely is if it's

359
00:15:02,870 --> 00:15:00,560
taken off from that runway

360
00:15:04,389 --> 00:15:02,880
then we have technology

361
00:15:08,550 --> 00:15:04,399
way more advanced than what we're

362
00:15:17,030 --> 00:15:12,310
way more way more and um wait what like

363
00:15:21,829 --> 00:15:19,350

and it makes me think of

364

00:15:24,629 --> 00:15:21,839

you know what exactly we are toying

365

00:15:27,910 --> 00:15:24,639

around with quote unquote with toys

366

00:15:31,110 --> 00:15:27,920

out in locations doing things

367

00:15:33,350 --> 00:15:31,120

uh there has been a lot of

368

00:15:34,550 --> 00:15:33,360

ufo reverse engineer

369

00:15:37,670 --> 00:15:34,560

lore

370

00:15:39,269 --> 00:15:37,680

everything from bob lazar to element 115

371

00:15:41,829 --> 00:15:39,279

and

372

00:15:44,790 --> 00:15:41,839

a lot of a lot of legends surrounding

373

00:15:48,629 --> 00:15:44,800

this stuff and a lot of the dots seem

374

00:15:53,110 --> 00:15:50,790

right right like phillip philip corso's

375

00:15:55,829 --> 00:15:53,120

book where he describes you know the

376

00:15:57,509 --> 00:15:55,839

the process that he went through to

377

00:15:59,829 --> 00:15:57,519

take this debris and put it in

378

00:16:02,389 --> 00:15:59,839

contractor's hands and start the back

379

00:16:03,430 --> 00:16:02,399

engineering on it so

380

00:16:04,389 --> 00:16:03,440

um

381

00:16:07,990 --> 00:16:04,399

it's

382

00:16:10,629 --> 00:16:08,000

looking into it on when you start

383

00:16:12,710 --> 00:16:10,639

looking at technology jumps

384

00:16:13,749 --> 00:16:12,720

you know how we went from

385

00:16:16,550 --> 00:16:13,759

let's say

386

00:16:18,629 --> 00:16:16,560

computers to size of rooms to

387

00:16:21,110 --> 00:16:18,639

our smartphones which has more computing

388

00:16:22,629 --> 00:16:21,120

power than the space shuttle used to you

389

00:16:25,509 --> 00:16:22,639

know

390

00:16:28,470 --> 00:16:25,519

and so it's a huge jump for us in in

391

00:16:29,509 --> 00:16:28,480

technology and software in

392

00:16:31,670 --> 00:16:29,519

in

393

00:16:34,870 --> 00:16:31,680

molecular alloys and lasers and

394

00:16:37,910 --> 00:16:34,880

microchips and all that and what

395

00:16:41,110 --> 00:16:37,920

what makes you what makes me question

396

00:16:43,590 --> 00:16:41,120

all this technology jump is why

397

00:16:45,509 --> 00:16:43,600

haven't we seen a jump in let's say the

398

00:16:46,790 --> 00:16:45,519

aerospace

399

00:16:49,110 --> 00:16:46,800

technology

400

00:16:50,389 --> 00:16:49,120

why are we still using rockets why are

401
00:16:51,590 --> 00:16:50,399
we still you know

402
00:16:54,629 --> 00:16:51,600
why is this

403
00:16:59,910 --> 00:16:56,949
why do they want us to think that that's

404
00:17:02,069 --> 00:16:59,920
our current technology

405
00:17:03,749 --> 00:17:02,079
when we know that they have better and

406
00:17:05,110 --> 00:17:03,759
they're suppressing it and you have to

407
00:17:07,350 --> 00:17:05,120
ask the question why are they

408
00:17:09,110 --> 00:17:07,360
suppressing it is it because that the

409
00:17:11,429 --> 00:17:09,120
energy sources that they're using is

410
00:17:12,949 --> 00:17:11,439
zero point when cost doesn't cost you

411
00:17:14,710 --> 00:17:12,959
anything and that people will start

412
00:17:16,630 --> 00:17:14,720
asking well why can't we get that in our

413
00:17:20,470 --> 00:17:16,640

cars and their houses and

414

00:17:21,510 --> 00:17:20,480

not pay bills that's probably a major

415

00:17:23,909 --> 00:17:21,520

uh

416

00:17:26,470 --> 00:17:23,919

influence on on why they're keeping it

417

00:17:29,270 --> 00:17:26,480

suppressed

418

00:17:31,270 --> 00:17:29,280

it is very likely and that's a good

419

00:17:33,350 --> 00:17:31,280

point because i've spoken with people

420

00:17:35,110 --> 00:17:33,360

who claim that there was an internet of

421

00:17:36,549 --> 00:17:35,120

sorts working during the time of the

422

00:17:38,390 --> 00:17:36,559

vietnam war

423

00:17:40,150 --> 00:17:38,400

you know stuff that we don't get this

424

00:17:41,990 --> 00:17:40,160

stuff trickles down to us and by the

425

00:17:44,310 --> 00:17:42,000

time we get it we think we're all of

426

00:17:47,029 --> 00:17:44,320

that and a bag of chips but

427

00:17:49,990 --> 00:17:47,039

it's such old technology at that point

428

00:17:51,909 --> 00:17:50,000

that we're really just kind of like

429

00:17:56,310 --> 00:17:51,919

you know monkeys playing with a lighter

430

00:18:01,270 --> 00:17:58,390

that's true that's true and i think that

431

00:18:03,029 --> 00:18:01,280

maybe some of this technology that we we

432

00:18:04,950 --> 00:18:03,039

back engineered

433

00:18:07,350 --> 00:18:04,960

well i know for a fact that some of this

434

00:18:10,470 --> 00:18:07,360

technology that we back engineered isn't

435

00:18:12,549 --> 00:18:10,480

as good as what we found

436

00:18:15,270 --> 00:18:12,559

it's because we are trying to use

437

00:18:17,990 --> 00:18:15,280

earth-based earthly materials to try to

438

00:18:19,669 --> 00:18:18,000

recreate something that say was built in

439

00:18:21,909 --> 00:18:19,679

outer space or

440

00:18:23,909 --> 00:18:21,919

with materials that are available here

441

00:18:25,909 --> 00:18:23,919

on earth

442

00:18:27,990 --> 00:18:25,919

yeah it's like china trying to recreate

443

00:18:30,150 --> 00:18:28,000

a rolls-royce there's there's only a

444

00:18:33,110 --> 00:18:30,160

certain there's limits and i've heard

445

00:18:35,029 --> 00:18:33,120

that with these these pieces that follow

446

00:18:37,029 --> 00:18:35,039

the slag and

447

00:18:38,150 --> 00:18:37,039

things that fall from ufos and these

448

00:18:40,870 --> 00:18:38,160

these

449

00:18:42,390 --> 00:18:40,880

meta materials like arts parts that or

450

00:18:44,549 --> 00:18:42,400

jacques valet has

451
00:18:48,310 --> 00:18:44,559
spoken quite often about these

452
00:18:50,549 --> 00:18:48,320
they seem to have been made differently

453
00:18:52,310 --> 00:18:50,559
or at least in environments that are

454
00:18:54,830 --> 00:18:52,320
different than our own even sometimes

455
00:18:58,230 --> 00:18:54,840
not having

456
00:19:02,230 --> 00:18:58,240
oxygen right or cold fusion or other

457
00:19:06,230 --> 00:19:04,630
and that's one of my favorite things is

458
00:19:07,750 --> 00:19:06,240
and this is weird because you and i have

459
00:19:10,870 --> 00:19:07,760
actually seen this

460
00:19:13,190 --> 00:19:10,880
where they drop that like

461
00:19:15,190 --> 00:19:13,200
molten material

462
00:19:16,950 --> 00:19:15,200
you know it really makes you wonder what

463
00:19:18,710 --> 00:19:16,960

is taking place here what am i looking

464

00:19:21,590 --> 00:19:18,720

at is it a

465

00:19:24,630 --> 00:19:21,600

is it is it a craft a nuts and bolts

466

00:19:26,310 --> 00:19:24,640

craft is it you know some and and and

467

00:19:28,150 --> 00:19:26,320

it's unfair because it's something in

468

00:19:30,390 --> 00:19:28,160

the sky it's unfair to you know put them

469

00:19:32,390 --> 00:19:30,400

all into the same subset

470

00:19:34,549 --> 00:19:32,400

but there's also the possibility is it

471

00:19:37,110 --> 00:19:34,559

biological is it somewhere in between

472

00:19:39,510 --> 00:19:37,120

the two is it is it something that

473

00:19:41,750 --> 00:19:39,520

just reads the thoughts of its

474

00:19:45,029 --> 00:19:41,760

inhabitants or those managing the

475

00:19:48,470 --> 00:19:45,039

vehicle there's so many questions

476
00:19:49,990 --> 00:19:48,480
well you know in during my research in

477
00:19:51,430 --> 00:19:50,000
the ufos and stuff i've come across

478
00:19:52,710 --> 00:19:51,440
stories where

479
00:19:54,549 --> 00:19:52,720
um

480
00:19:56,630 --> 00:19:54,559
let's say a pilot

481
00:20:00,630 --> 00:19:56,640
is i think one of the stories that read

482
00:20:04,870 --> 00:20:02,789
um got con

483
00:20:08,310 --> 00:20:04,880
had some kind of encounter with the ufo

484
00:20:09,590 --> 00:20:08,320
in his fighter plane

485
00:20:11,350 --> 00:20:09,600
and

486
00:20:14,230 --> 00:20:11,360
was

487
00:20:16,070 --> 00:20:14,240
given the okay to shoot at the ufo and

488
00:20:17,430 --> 00:20:16,080

when he

489

00:20:18,950 --> 00:20:17,440

armed his

490

00:20:22,630 --> 00:20:18,960

his guns

491

00:20:26,390 --> 00:20:22,640

he lost all control of the plane

492

00:20:32,070 --> 00:20:28,549

afterwards i guess there was some kind

493

00:20:34,789 --> 00:20:32,080

of contact with the aliens and

494

00:20:36,149 --> 00:20:34,799

the costa rica air force

495

00:20:37,350 --> 00:20:36,159

and

496

00:20:39,669 --> 00:20:37,360

you know this story

497

00:20:42,230 --> 00:20:39,679

is very old um

498

00:20:45,110 --> 00:20:42,240

i don't remember everything but

499

00:20:48,070 --> 00:20:45,120

i do believe reading a part where the

500

00:20:49,830 --> 00:20:48,080

the so-called occupants or the et's were

501
00:20:53,590 --> 00:20:49,840
explaining that

502
00:20:56,149 --> 00:20:54,310
who

503
00:20:59,190 --> 00:20:56,159
disabled the craft

504
00:21:02,230 --> 00:20:59,200
disabled the the pilot's plane

505
00:21:05,590 --> 00:21:02,240
it was the craft itself

506
00:21:07,510 --> 00:21:05,600
that was defending itself

507
00:21:09,270 --> 00:21:07,520
so i took that and i put it in the gray

508
00:21:11,830 --> 00:21:09,280
box you know and then you start hearing

509
00:21:13,750 --> 00:21:11,840
about let's say elon musk right now is

510
00:21:15,669 --> 00:21:13,760
is doing this

511
00:21:17,590 --> 00:21:15,679
you know we to

512
00:21:20,149 --> 00:21:17,600
to make

513
00:21:21,270 --> 00:21:20,159

the technology that we're using nowadays

514

00:21:23,430 --> 00:21:21,280

quicker

515

00:21:25,909 --> 00:21:23,440

so instead of using your finger on your

516

00:21:27,430 --> 00:21:25,919

phone you would be it would be a neural

517

00:21:30,630 --> 00:21:27,440

link

518

00:21:32,390 --> 00:21:30,640

so you would have a chip in your brain

519

00:21:34,950 --> 00:21:32,400

and all you would have to do is think it

520

00:21:36,230 --> 00:21:34,960

and the computer would do it

521

00:21:37,750 --> 00:21:36,240

and so

522

00:21:39,830 --> 00:21:37,760

if you think about that you have

523

00:21:41,590 --> 00:21:39,840

computers out there right now that are

524

00:21:43,830 --> 00:21:41,600

working faster than the human brain can

525

00:21:46,070 --> 00:21:43,840

work could actually you know do things

526
00:21:47,909 --> 00:21:46,080
faster than a human can do

527
00:21:49,669 --> 00:21:47,919
because they're not using their fingers

528
00:21:51,510 --> 00:21:49,679
they're not using their hands or using

529
00:21:53,350 --> 00:21:51,520
their eyes they're just

530
00:21:56,070 --> 00:21:53,360
doing it

531
00:22:01,190 --> 00:21:56,080
and so you think about it if

532
00:22:05,029 --> 00:22:03,430
you take that into consideration okay

533
00:22:06,950 --> 00:22:05,039
here's here's a civil

534
00:22:09,350 --> 00:22:06,960
civilization out there that's

535
00:22:11,750 --> 00:22:09,360
say millions of years ahead of us

536
00:22:14,870 --> 00:22:11,760
and they've mastered this technology

537
00:22:15,830 --> 00:22:14,880
this neural link let's say let's call it

538
00:22:17,909 --> 00:22:15,840

where

539

00:22:21,270 --> 00:22:17,919

there are no buttons there are no

540

00:22:24,070 --> 00:22:21,280

controls it's all thought activated

541

00:22:26,549 --> 00:22:24,080

so there's this creature this being gets

542

00:22:28,390 --> 00:22:26,559

in the craft he thinks where he wants to

543

00:22:31,510 --> 00:22:28,400

go and the craft takes in there and the

544

00:22:33,029 --> 00:22:31,520

craft itself is so intelligent because

545

00:22:36,549 --> 00:22:33,039

it's ai

546

00:22:40,310 --> 00:22:36,559

whether it be a biological or machine

547

00:22:42,390 --> 00:22:40,320

has the ability to defend itself

548

00:22:43,670 --> 00:22:42,400

before the occupant even knows that

549

00:22:46,149 --> 00:22:43,680

there's a danger

550

00:22:47,830 --> 00:22:46,159

[Music]

551
00:22:49,669 --> 00:22:47,840
see what i'm saying so if you start

552
00:22:51,909 --> 00:22:49,679
shooting at a ufo the occupant doesn't

553
00:22:53,270 --> 00:22:51,919
need to see you shooting at it or know

554
00:22:55,590 --> 00:22:53,280
that you're shooting at the craft

555
00:22:57,909 --> 00:22:55,600
already knows it's being

556
00:22:59,830 --> 00:22:57,919
attacked and defends itself

557
00:23:02,870 --> 00:22:59,840
makes perfect sense it's machine

558
00:23:04,470 --> 00:23:02,880
learning it's what it's designed to do

559
00:23:06,710 --> 00:23:04,480
right you start looking at some of this

560
00:23:08,390 --> 00:23:06,720
stuff out there with this ai you know

561
00:23:10,630 --> 00:23:08,400
these robots are making that look like

562
00:23:12,149 --> 00:23:10,640
humans and they can walk around and it's

563
00:23:13,270 --> 00:23:12,159

not they're they're saying that these

564

00:23:16,310 --> 00:23:13,280

things

565

00:23:18,310 --> 00:23:16,320

will be smarter than us they will react

566

00:23:19,270 --> 00:23:18,320

faster than us because they're computing

567

00:23:20,789 --> 00:23:19,280

power

568

00:23:22,710 --> 00:23:20,799

so you think about that okay if you're

569

00:23:24,149 --> 00:23:22,720

making a craft that's kind of like a

570

00:23:26,789 --> 00:23:24,159

robot and it's

571

00:23:28,470 --> 00:23:26,799

designed to protect you from space or

572

00:23:30,710 --> 00:23:28,480

debris or whatever whatever you come

573

00:23:32,149 --> 00:23:30,720

across in your travels

574

00:23:34,149 --> 00:23:32,159

of course it's going to be smarter than

575

00:23:36,070 --> 00:23:34,159

the occupant

576

00:23:38,070 --> 00:23:36,080

it's going to react faster it's going to

577

00:23:40,390 --> 00:23:38,080

do all that and so i think that's the

578

00:23:43,110 --> 00:23:40,400

word the technology is going nowadays is

579

00:23:44,149 --> 00:23:43,120

this spot activated type of technology

580

00:23:46,549 --> 00:23:44,159

but if you

581

00:23:48,230 --> 00:23:46,559

you take that idea and you put it into

582

00:23:50,549 --> 00:23:48,240

the ufo subject then it kind of makes

583

00:23:53,350 --> 00:23:50,559

sense on some of this the maneuvers that

584

00:23:55,909 --> 00:23:53,360

the ufos make the

585

00:23:57,190 --> 00:23:55,919

the defense capabilities of the ufo i

586

00:23:59,510 --> 00:23:57,200

mean it's

587

00:24:01,590 --> 00:23:59,520

it just connects some dots and makes

588

00:24:03,669 --> 00:24:01,600

sense to me

589

00:24:06,310 --> 00:24:03,679

well man it's i don't know if you've had

590

00:24:07,909 --> 00:24:06,320

the opportunity i'm sure you have

591

00:24:10,230 --> 00:24:07,919

to have seen

592

00:24:13,830 --> 00:24:10,240

you know elon musk's

593

00:24:15,669 --> 00:24:13,840

uh rockets re-entering our atmosphere

594

00:24:17,190 --> 00:24:15,679

and landing themselves

595

00:24:19,590 --> 00:24:17,200

it looks

596

00:24:21,990 --> 00:24:19,600

to me like something out of a science

597

00:24:24,870 --> 00:24:22,000

fiction movie

598

00:24:29,269 --> 00:24:27,110

yeah it doesn't look real it looks like

599

00:24:31,669 --> 00:24:29,279

it looks like yeah a movie

600

00:24:34,070 --> 00:24:31,679

exactly like you would see something

601
00:24:35,230 --> 00:24:34,080
you know in some

602
00:24:39,029 --> 00:24:35,240
i don't know

603
00:24:45,669 --> 00:24:40,390
because i mean

604
00:24:49,269 --> 00:24:47,350
that's what that's what blows me away is

605
00:24:50,870 --> 00:24:49,279
that why are we still using rockets when

606
00:24:53,750 --> 00:24:50,880
there's better propulsion systems out

607
00:24:56,630 --> 00:24:54,630
you know

608
00:24:59,510 --> 00:24:56,640
i think it's because that's what they

609
00:25:01,669 --> 00:24:59,520
want the public to see that's what it is

610
00:25:03,190 --> 00:25:01,679
exactly

611
00:25:05,350 --> 00:25:03,200
that's what they want the public to

612
00:25:08,710 --> 00:25:05,360
think oh this is current technology it's

613
00:25:11,830 --> 00:25:10,630

but me and you i mean we both know i

614

00:25:13,990 --> 00:25:11,840

mean i've met people that worked at

615

00:25:15,830 --> 00:25:14,000

dugway that tell me about let's say the

616

00:25:17,909 --> 00:25:15,840

adventure star crafted you know third

617

00:25:20,070 --> 00:25:17,919

generation anti-gravity crap doesn't

618

00:25:22,070 --> 00:25:20,080

need any support doesn't need a huge

619

00:25:23,430 --> 00:25:22,080

launch facility it doesn't need any you

620

00:25:26,789 --> 00:25:23,440

know any kind of ground support or

621

00:25:30,390 --> 00:25:28,549

a different type of technology a

622

00:25:33,190 --> 00:25:30,400

different type of propulsion system it's

623

00:25:35,909 --> 00:25:33,200

not using rockets it's not

624

00:25:36,950 --> 00:25:35,919

it's it's totally probably zero point

625

00:25:39,830 --> 00:25:36,960

and

626

00:25:41,590 --> 00:25:39,840

total anti-gravity so if we have that

627

00:25:44,870 --> 00:25:41,600

kind of technology why aren't we using

628

00:25:51,190 --> 00:25:48,310

that's the big question i have because

629

00:25:52,549 --> 00:25:51,200

to me it just doesn't make sense if

630

00:25:54,310 --> 00:25:52,559

and then people are like okay well if

631

00:25:55,669 --> 00:25:54,320

they have that type of technology it

632

00:25:59,029 --> 00:25:55,679

wouldn't be secret somebody would have

633

00:26:01,750 --> 00:25:59,039

talked by now well i wonder that because

634

00:26:03,830 --> 00:26:01,760

we often hear these little tidbits come

635

00:26:06,310 --> 00:26:03,840

through the media for example

636

00:26:07,909 --> 00:26:06,320

when they quote unquote got bin laden

637

00:26:08,870 --> 00:26:07,919

which everybody has their opinion about

638

00:26:12,310 --> 00:26:08,880

that

639

00:26:13,190 --> 00:26:12,320

this seal team had to detonate explosive

640

00:26:15,830 --> 00:26:13,200

to

641

00:26:17,830 --> 00:26:15,840

destroy one of the craft

642

00:26:20,310 --> 00:26:17,840

they said it was a helicopter but they

643

00:26:21,590 --> 00:26:20,320

had to destroy one of the craft that

644

00:26:23,990 --> 00:26:21,600

they claimed

645

00:26:26,070 --> 00:26:24,000

malfunctioned or tapped the fence or

646

00:26:28,070 --> 00:26:26,080

laid down or whatever

647

00:26:30,630 --> 00:26:28,080

and that just kind of seems a little bit

648

00:26:32,710 --> 00:26:30,640

excessive to me for a helicopter

649

00:26:35,029 --> 00:26:32,720

do you know what i mean that's like

650

00:26:35,990 --> 00:26:35,039

i don't care how awesome the helicopter

651
00:26:40,070 --> 00:26:36,000
is

652
00:26:41,909 --> 00:26:40,080
but to it just destroy it vaporize it

653
00:26:43,110 --> 00:26:41,919
and every once in a while there are

654
00:26:44,710 --> 00:26:43,120
these things that come through the media

655
00:26:46,070 --> 00:26:44,720
where you're like why did why did they

656
00:26:48,149 --> 00:26:46,080
destroy that

657
00:26:50,549 --> 00:26:48,159
and it makes you wonder you know are we

658
00:26:52,950 --> 00:26:50,559
using these things are we using quote

659
00:26:56,390 --> 00:26:52,960
cloaking technology on reverse

660
00:27:01,830 --> 00:26:56,400
engineered craft and it's stuff that we

661
00:27:06,789 --> 00:27:04,230
well that's probably one of the big

662
00:27:09,510 --> 00:27:06,799
reasons is they don't want

663
00:27:12,470 --> 00:27:09,520

you know our enemies to see it

664

00:27:15,110 --> 00:27:12,480

but you think about it too i mean if if

665

00:27:16,470 --> 00:27:15,120

the russians had come across the bound

666

00:27:18,310 --> 00:27:16,480

ufo

667

00:27:20,300 --> 00:27:18,320

back in the 50s

668

00:27:21,669 --> 00:27:20,310

which is probably more unlikely

669

00:27:24,470 --> 00:27:21,679

[Music]

670

00:27:26,630 --> 00:27:24,480

and they were already probably 30 years

671

00:27:28,950 --> 00:27:26,640

ahead of us on the back engineering

672

00:27:31,350 --> 00:27:28,960

scale because when colonel corso started

673

00:27:33,510 --> 00:27:31,360

handing out materials from the roswell

674

00:27:37,510 --> 00:27:33,520

craft he sat on it for 30 years before

675

00:27:41,029 --> 00:27:39,590

you know

676

00:27:42,549 --> 00:27:41,039

unbelievable

677

00:27:44,630 --> 00:27:42,559

amount of time that that's one of the

678

00:27:46,230 --> 00:27:44,640

things i mean if the chinese had one i

679

00:27:49,350 --> 00:27:46,240

mean they're they're probably way ahead

680

00:27:51,029 --> 00:27:49,360

of us i mean so you think about it

681

00:27:52,549 --> 00:27:51,039

you know and

682

00:27:54,789 --> 00:27:52,559

and also you have to look at it like

683

00:27:57,190 --> 00:27:54,799

this okay

684

00:28:00,389 --> 00:27:57,200

like elon musk okay he has the ability

685

00:28:02,870 --> 00:28:00,399

to leave the planet

686

00:28:05,510 --> 00:28:02,880

okay and this is a public figure

687

00:28:07,430 --> 00:28:05,520

a billionaire that's eccentric and wants

688

00:28:09,669 --> 00:28:07,440

to do his own thing and this that and so

689

00:28:11,830 --> 00:28:09,679

he's in the public eye so he's he's

690

00:28:14,789 --> 00:28:11,840

doing this but you think about let's say

691

00:28:17,269 --> 00:28:14,799

um a military contractor like

692

00:28:20,070 --> 00:28:17,279

boeing a razeon or one of those you know

693

00:28:22,310 --> 00:28:20,080

lockheed or something

694

00:28:24,950 --> 00:28:22,320

and let's say they get a contract okay

695

00:28:28,070 --> 00:28:24,960

the u.s government wants you to build

696

00:28:32,950 --> 00:28:30,789

and we want two of them so they give you

697

00:28:35,590 --> 00:28:32,960

you know 30 billion dollars

698

00:28:37,430 --> 00:28:35,600

and lockheed goes in and makes

699

00:28:39,190 --> 00:28:37,440

five of them

700

00:28:41,590 --> 00:28:39,200

gives the government two and keeps three

701
00:28:43,590 --> 00:28:41,600
for themselves

702
00:28:46,149 --> 00:28:43,600
what's to say that that's not happening

703
00:28:48,870 --> 00:28:46,159
or happened already and that these

704
00:28:50,870 --> 00:28:48,880
secret programs are are

705
00:28:52,630 --> 00:28:50,880
run by individuals that are out of the

706
00:28:53,830 --> 00:28:52,640
public eye

707
00:28:55,830 --> 00:28:53,840
totally

708
00:28:58,310 --> 00:28:55,840
black

709
00:29:00,070 --> 00:28:58,320
and let's say they're leaving the planet

710
00:29:02,470 --> 00:29:00,080
on a regular basis and so they're

711
00:29:05,269 --> 00:29:02,480
starting let's say

712
00:29:08,470 --> 00:29:05,279
their own civilization somewhere

713
00:29:10,710 --> 00:29:08,480

so you have this breakaway civilization

714

00:29:12,789 --> 00:29:10,720

and i think that that's probably

715

00:29:15,190 --> 00:29:12,799

happening right now and that pro it

716

00:29:19,190 --> 00:29:15,200

probably happened back in world war ii

717

00:29:23,669 --> 00:29:21,590

right the german the german technology

718

00:29:26,070 --> 00:29:23,679

that was going on and they they kind of

719

00:29:26,950 --> 00:29:26,080

escaped to argentina

720

00:29:37,990 --> 00:29:26,960

and

721

00:29:41,669 --> 00:29:38,000

this technology

722

00:29:42,870 --> 00:29:41,679

that was earthly based it was german

723

00:29:44,389 --> 00:29:42,880

technology

724

00:29:46,630 --> 00:29:44,399

that was

725

00:29:47,590 --> 00:29:46,640

back engineered from et tech or whatever

726
00:29:49,590 --> 00:29:47,600
but

727
00:29:52,149 --> 00:29:49,600
they're flying around in these craft and

728
00:29:53,990 --> 00:29:52,159
people and they probably themselves

729
00:29:56,070 --> 00:29:54,000
probably

730
00:29:57,909 --> 00:29:56,080
encouraged the media to think that they

731
00:30:00,630 --> 00:29:57,919
were ufos instead of

732
00:30:02,549 --> 00:30:00,640
what they really are

733
00:30:04,230 --> 00:30:02,559
so you look at a big picture and you're

734
00:30:05,990 --> 00:30:04,240
thinking okay if this was happening back

735
00:30:07,669 --> 00:30:06,000
in the 50s and 60s it's definitely

736
00:30:09,190 --> 00:30:07,679
happening now

737
00:30:10,789 --> 00:30:09,200
there's breakaway civilizations

738
00:30:13,990 --> 00:30:10,799

happening there's there's there's

739

00:30:18,310 --> 00:30:16,470

there's probably numerous ones out there

740

00:30:20,389 --> 00:30:18,320

that are either living on other planets

741

00:30:21,909 --> 00:30:20,399

living on the moon living underground

742

00:30:23,510 --> 00:30:21,919

living in the ocean

743

00:30:26,950 --> 00:30:23,520

who knows

744

00:30:28,789 --> 00:30:26,960

with the amount of money that that goes

745

00:30:31,029 --> 00:30:28,799

into black projects you know that that's

746

00:30:33,430 --> 00:30:31,039

probably happening well the moon is a

747

00:30:35,590 --> 00:30:33,440

perfect example here is a

748

00:30:37,430 --> 00:30:35,600

public relations

749

00:30:41,190 --> 00:30:37,440

in my opinion

750

00:30:41,990 --> 00:30:41,200

situation or nightmare really because

751
00:30:43,269 --> 00:30:42,000
it's

752
00:30:45,990 --> 00:30:43,279
the closest

753
00:30:48,389 --> 00:30:46,000
and we apparently went there the first

754
00:30:50,630 --> 00:30:48,399
in 1969

755
00:30:52,870 --> 00:30:50,640
and then we are led to believe we have

756
00:30:54,389 --> 00:30:52,880
not been back

757
00:31:00,470 --> 00:30:54,399
now

758
00:31:02,630 --> 00:31:00,480
from just a leap maybe it's just the you

759
00:31:05,909 --> 00:31:02,640
know civilian layperson perspective but

760
00:31:10,149 --> 00:31:08,389
me too me too unless

761
00:31:12,549 --> 00:31:10,159
unless

762
00:31:14,389 --> 00:31:12,559
the moon is inhabited

763
00:31:17,269 --> 00:31:14,399

and when we went to the moon

764

00:31:20,870 --> 00:31:17,279

and we had no now this is this is you

765

00:31:21,990 --> 00:31:20,880

can look this up it's documented um

766

00:31:25,029 --> 00:31:22,000

we

767

00:31:26,789 --> 00:31:25,039

intended to nuke the moon

768

00:31:28,789 --> 00:31:26,799

and every time we landed on the moon we

769

00:31:30,389 --> 00:31:28,799

put seismograph meters on there for that

770

00:31:33,750 --> 00:31:30,399

purpose

771

00:31:35,669 --> 00:31:33,760

later on the plan was to nuke the moon i

772

00:31:38,070 --> 00:31:35,679

don't know why just to see what would

773

00:31:40,070 --> 00:31:38,080

happen i don't know how science is just

774

00:31:41,990 --> 00:31:40,080

crazy like that let's just try it you

775

00:31:47,269 --> 00:31:42,000

know

776

00:31:49,669 --> 00:31:47,279

what's going to happen but let's push

777

00:31:51,509 --> 00:31:49,679

the button anyway you know so

778

00:31:53,909 --> 00:31:51,519

what's the worst that can happen right

779

00:31:56,389 --> 00:31:53,919

right right right we just fry the earth

780

00:32:00,549 --> 00:31:56,399

that's all you know but anyways

781

00:32:01,350 --> 00:32:00,559

i think there's inhabitants on the moon

782

00:32:03,269 --> 00:32:01,360

that

783

00:32:05,909 --> 00:32:03,279

found out our agenda

784

00:32:09,269 --> 00:32:05,919

and said don't you come back you're not

785

00:32:12,149 --> 00:32:10,870

and i think maybe that's one reason why

786

00:32:13,509 --> 00:32:12,159

we haven't been back and that's why

787

00:32:15,430 --> 00:32:13,519

we're skipping the moon and going to

788

00:32:18,070 --> 00:32:15,440

mars

789

00:32:20,070 --> 00:32:18,080

it is weird it is really weird that we

790

00:32:22,070 --> 00:32:20,080

have not at least set up

791

00:32:24,870 --> 00:32:22,080

you know there are minerals on the moon

792

00:32:27,350 --> 00:32:24,880

that we need for cell phones etc it's

793

00:32:30,630 --> 00:32:27,360

very strange that being as close as it

794

00:32:32,950 --> 00:32:30,640

is and with our technology advancements

795

00:32:35,990 --> 00:32:32,960

and all of this capability that

796

00:32:38,950 --> 00:32:36,000

you know we can blast a

797

00:32:40,310 --> 00:32:38,960

rover into space to mars and we can

798

00:32:41,750 --> 00:32:40,320

blast a

799

00:32:44,149 --> 00:32:41,760

telescope

800

00:32:45,750 --> 00:32:44,159

a million miles and you know but we

801
00:32:49,190 --> 00:32:45,760
cannot seem

802
00:32:51,990 --> 00:32:49,200
to grasp or get a hold of the moon in

803
00:32:53,669 --> 00:32:52,000
any way or shape or form that is

804
00:32:55,029 --> 00:32:53,679
relatively

805
00:32:56,470 --> 00:32:55,039
impressive

806
00:32:57,110 --> 00:32:56,480
i mean really we haven't been back at

807
00:32:58,710 --> 00:32:57,120
all

808
00:33:00,470 --> 00:32:58,720
yeah yeah

809
00:33:02,470 --> 00:33:00,480
or even practical because you think that

810
00:33:03,430 --> 00:33:02,480
the moon would be a great stepping stone

811
00:33:06,149 --> 00:33:03,440
to

812
00:33:08,230 --> 00:33:06,159
explore space further so i mean if you

813
00:33:09,590 --> 00:33:08,240

had a base on the moon where you could

814

00:33:12,310 --> 00:33:09,600

leave the earth

815

00:33:16,630 --> 00:33:12,320

go to that base on the moon

816

00:33:21,669 --> 00:33:19,909

to go to mars or wherever i think that

817

00:33:25,509 --> 00:33:21,679

would be a

818

00:33:26,230 --> 00:33:25,519

a practical solution to space travel

819

00:33:31,430 --> 00:33:26,240

and

820

00:33:33,029 --> 00:33:31,440

on the moon that we could be harvesting

821

00:33:35,909 --> 00:33:33,039

as well so

822

00:33:38,149 --> 00:33:35,919

at what better place to let's say set up

823

00:33:39,909 --> 00:33:38,159

satellites and communications and stuff

824

00:33:41,830 --> 00:33:39,919

for the earth

825

00:33:43,830 --> 00:33:41,840

you know

826

00:33:45,509 --> 00:33:43,840

i just don't get it myself i think that

827

00:33:48,389 --> 00:33:45,519

there's more to it than

828

00:33:50,230 --> 00:33:48,399

than what they're telling us and i do

829

00:33:51,669 --> 00:33:50,240

believe that there

830

00:33:53,830 --> 00:33:51,679

there's probably

831

00:33:55,509 --> 00:33:53,840

some kind of intelligence on the moon

832

00:33:57,669 --> 00:33:55,519

that

833

00:34:00,070 --> 00:33:57,679

probably warned us

834

00:34:01,350 --> 00:34:00,080

you know back in the apollo days to to

835

00:34:04,630 --> 00:34:01,360

not come back

836

00:34:07,110 --> 00:34:04,640

yeah now i i heard an interesting story

837

00:34:09,030 --> 00:34:07,120

and i i can't remember it all or where i

838

00:34:10,869 --> 00:34:09,040

even got it

839

00:34:13,190 --> 00:34:10,879

but because you know i've been in this

840

00:34:15,909 --> 00:34:13,200

so long that some of the stuff you just

841

00:34:18,950 --> 00:34:15,919

you just put in the gray box for later

842

00:34:21,829 --> 00:34:18,960

but i did hear a rumor

843

00:34:23,589 --> 00:34:21,839

about

844

00:34:27,349 --> 00:34:23,599

somebody i think it was somebody from

845

00:34:28,790 --> 00:34:27,359

nasa who off the cuff told me

846

00:34:31,109 --> 00:34:28,800

that we

847

00:34:34,149 --> 00:34:31,119

were not the first the americans were

848

00:34:36,149 --> 00:34:34,159

not the first ones on the moon that when

849

00:34:37,990 --> 00:34:36,159

we landed on the moon we found a

850

00:34:39,430 --> 00:34:38,000

monument

851
00:34:41,669 --> 00:34:39,440
on the moon

852
00:34:43,669 --> 00:34:41,679
that said we the people of earth put

853
00:34:45,669 --> 00:34:43,679
this might you know

854
00:34:50,470 --> 00:34:45,679
but it was in

855
00:34:56,069 --> 00:34:51,510
so like

856
00:34:59,190 --> 00:34:56,079
language in in india

857
00:35:01,510 --> 00:34:59,200
interesting yeah so you're that's this

858
00:35:04,630 --> 00:35:01,520
would kind of take all of the dazzle out

859
00:35:07,430 --> 00:35:04,640
of being the first on the moon

860
00:35:09,510 --> 00:35:07,440
right and that was a huge secret

861
00:35:14,470 --> 00:35:09,520
but it had to do with ancient technology

862
00:35:17,829 --> 00:35:15,990
now i don't know if there's any truth to

863
00:35:20,150 --> 00:35:17,839

that or not but that's something i heard

864

00:35:22,150 --> 00:35:20,160

off the cuff and i've always kind of

865

00:35:24,150 --> 00:35:22,160

held on to that going okay well maybe we

866

00:35:27,109 --> 00:35:24,160

were you know the first

867

00:35:32,150 --> 00:35:30,390

at least earthling on the moon

868

00:35:34,950 --> 00:35:32,160

well and there's other stories that are

869

00:35:37,030 --> 00:35:34,960

really interesting the dutch national

870

00:35:41,109 --> 00:35:37,040

national museum

871

00:35:43,190 --> 00:35:41,119

said um in 2009 that one of its most

872

00:35:45,349 --> 00:35:43,200

prized possessions

873

00:35:48,069 --> 00:35:45,359

a rock supposedly brought back from the

874

00:35:51,829 --> 00:35:48,079

moon by us astronauts was

875

00:35:54,310 --> 00:35:51,839

just pretty fried wood so it was fake

876

00:35:55,990 --> 00:35:54,320

it was fake yeah i mean so there's so

877

00:35:59,190 --> 00:35:56,000

much going on

878

00:36:01,030 --> 00:35:59,200

it it just you know like you said it's

879

00:36:03,190 --> 00:36:01,040

what do you believe you can either

880

00:36:05,349 --> 00:36:03,200

believe we never went we went and saw

881

00:36:07,750 --> 00:36:05,359

something was there we went we're still

882

00:36:08,550 --> 00:36:07,760

there we have mining operations i've

883

00:36:10,470 --> 00:36:08,560

heard

884

00:36:12,310 --> 00:36:10,480

people claim that there's more going on

885

00:36:13,589 --> 00:36:12,320

than we could ever believe but it's on

886

00:36:16,069 --> 00:36:13,599

the back side

887

00:36:17,750 --> 00:36:16,079

so there's a lot of a lot of strange

888

00:36:19,829 --> 00:36:17,760

theories when it comes to something so

889

00:36:22,150 --> 00:36:19,839

close to us

890

00:36:24,310 --> 00:36:22,160

right moon is one of those big mysteries

891

00:36:25,670 --> 00:36:24,320

in the ufo field as well

892

00:36:28,310 --> 00:36:25,680

it's um

893

00:36:30,470 --> 00:36:28,320

it's really strange that uh you start

894

00:36:32,230 --> 00:36:30,480

following the money

895

00:36:34,150 --> 00:36:32,240

um with the apollo programs the stuff

896

00:36:39,349 --> 00:36:34,160

that walt disney was involved with a lot

897

00:36:44,470 --> 00:36:41,510

it's weird right that is so weird he

898

00:36:47,270 --> 00:36:44,480

asked why why does nasa have a huge one

899

00:36:48,950 --> 00:36:47,280

of the largest um

900

00:36:58,150 --> 00:36:48,960

um

901
00:37:03,829 --> 00:37:00,790

what's up with that

902
00:37:06,230 --> 00:37:03,839

you know why does a space agency need to

903
00:37:10,310 --> 00:37:08,630

a movie theater where they make movies

904
00:37:11,670 --> 00:37:10,320

and cgi and all that type of thing i

905
00:37:14,230 --> 00:37:11,680

mean what's going on there are they

906
00:37:17,910 --> 00:37:14,240

faking it all is it

907
00:37:19,349 --> 00:37:17,920

is it all just a big big stage that this

908
00:37:21,430 --> 00:37:19,359

is what they

909
00:37:22,950 --> 00:37:21,440

want us to believe that we're

910
00:37:25,270 --> 00:37:22,960

i mean because you think about it too in

911
00:37:27,430 --> 00:37:25,280

the cold war

912
00:37:29,270 --> 00:37:27,440

when we were in the space race

913
00:37:31,910 --> 00:37:29,280

and all that

914

00:37:34,829 --> 00:37:31,920

it was it was our objective to reach the

915

00:37:36,630 --> 00:37:34,839

moon to be number one in the space race

916

00:37:37,829 --> 00:37:36,640

right so

917

00:37:39,670 --> 00:37:37,839

i have

918

00:37:41,589 --> 00:37:39,680

connected some dots and heard some

919

00:37:42,950 --> 00:37:41,599

rumors and and all this that you know

920

00:37:45,670 --> 00:37:42,960

hey that

921

00:37:47,349 --> 00:37:45,680

walt disney was involved with

922

00:37:49,750 --> 00:37:47,359

faking

923

00:37:52,630 --> 00:37:49,760

moon footage they had these huge studios

924

00:37:55,270 --> 00:37:52,640

and models and scale models and all this

925

00:37:56,150 --> 00:37:55,280

to fake the moon landing

926
00:37:58,710 --> 00:37:56,160
okay

927
00:37:59,750 --> 00:37:58,720
so if we didn't make it to the moon we

928
00:38:02,829 --> 00:37:59,760
could still

929
00:38:05,750 --> 00:38:02,839
tell the world that we did

930
00:38:08,470 --> 00:38:05,760
okay so then i've heard other stories

931
00:38:10,390 --> 00:38:08,480
where okay we did make it to the moon

932
00:38:12,310 --> 00:38:10,400
but what we found on the moon we could

933
00:38:14,150 --> 00:38:12,320
never show anybody

934
00:38:16,950 --> 00:38:14,160
or show the public

935
00:38:18,950 --> 00:38:16,960
so we're gonna roll back to the disney

936
00:38:22,870 --> 00:38:18,960
footage that we set up before and use

937
00:38:26,630 --> 00:38:24,710
so it's a huge mystery and a huge you

938
00:38:28,150 --> 00:38:26,640

know conspiracy theories and all that

939

00:38:30,230 --> 00:38:28,160

type of thing about the moon i mean you

940

00:38:32,150 --> 00:38:30,240

hear so much of this that's kind of like

941

00:38:33,910 --> 00:38:32,160

well that kind of makes sense and hear

942

00:38:35,109 --> 00:38:33,920

other stuff like no that couldn't happen

943

00:38:37,910 --> 00:38:35,119

and then you're like

944

00:38:40,550 --> 00:38:37,920

something else you're like okay well

945

00:38:42,310 --> 00:38:40,560

that now that makes sense

946

00:38:43,510 --> 00:38:42,320

now you can start connecting some dots

947

00:38:45,270 --> 00:38:43,520

and go

948

00:38:47,750 --> 00:38:45,280

maybe that's the way it went down maybe

949

00:38:49,270 --> 00:38:47,760

you know and so it's it's just one of

950

00:38:52,310 --> 00:38:49,280

those things that you have to just keep

951
00:38:53,109 --> 00:38:52,320
in that in that gray folder and say okay

952
00:38:55,109 --> 00:38:53,119
until

953
00:38:57,829 --> 00:38:55,119
something more comes out where we can

954
00:38:59,589 --> 00:38:57,839
connect some more dots it's going to be

955
00:39:01,270 --> 00:38:59,599
you know an enigma

956
00:39:04,310 --> 00:39:01,280
and i think you're right that's right

957
00:39:05,829 --> 00:39:04,320
where that belongs because

958
00:39:07,030 --> 00:39:05,839
it would make sense

959
00:39:09,109 --> 00:39:07,040
either way

960
00:39:11,670 --> 00:39:09,119
no matter what no matter what you were

961
00:39:12,870 --> 00:39:11,680
going to encounter on the moon to have

962
00:39:16,950 --> 00:39:12,880
footage

963
00:39:19,510 --> 00:39:16,960

of a perfect landing a perfect you know

964

00:39:20,310 --> 00:39:19,520

patriotic journey

965

00:39:22,550 --> 00:39:20,320

and

966

00:39:26,069 --> 00:39:22,560

you know successful mission

967

00:39:27,510 --> 00:39:26,079

whether it's before during or afterwards

968

00:39:29,990 --> 00:39:27,520

you know and

969

00:39:31,109 --> 00:39:30,000

kubrick had a lot you know you see some

970

00:39:34,710 --> 00:39:31,119

of you know

971

00:39:35,750 --> 00:39:34,720

kubrick's work with 2001 a space odyssey

972

00:39:37,990 --> 00:39:35,760

and

973

00:39:40,950 --> 00:39:38,000

man that's right around the same time

974

00:39:44,310 --> 00:39:40,960

and a lot of that stuff looks really

975

00:39:48,310 --> 00:39:44,320

really similar believable and stuff that

976
00:39:51,589 --> 00:39:50,069
right and you know at the time in the

977
00:39:57,270 --> 00:39:51,599
you know

978
00:39:59,430 --> 00:39:57,280
everything was kind of

979
00:40:01,910 --> 00:39:59,440
low tech back then

980
00:40:03,990 --> 00:40:01,920
and so when you if you have a let's say

981
00:40:05,430 --> 00:40:04,000
a professional movie studio like walt

982
00:40:08,309 --> 00:40:05,440
disney

983
00:40:10,950 --> 00:40:08,319
creating models and stage sets and stuff

984
00:40:13,750 --> 00:40:10,960
like this and i mean it could it could

985
00:40:16,870 --> 00:40:13,760
very well pass as the real thing

986
00:40:18,710 --> 00:40:16,880
especially on a black and white tv and

987
00:40:23,109 --> 00:40:18,720
you know with a delay and all that type

988
00:40:27,910 --> 00:40:26,069

fascinating man not only just the walt

989

00:40:29,750 --> 00:40:27,920

disney aspect because he's involved with

990

00:40:31,990 --> 00:40:29,760

so much occult stuff

991

00:40:33,910 --> 00:40:32,000

but then the fact that he was kind of a

992

00:40:36,150 --> 00:40:33,920

dreamer and this kind of stuff is right

993

00:40:37,589 --> 00:40:36,160

up his alley

994

00:40:41,750 --> 00:40:37,599

right

995

00:40:43,430 --> 00:40:41,760

probably

996

00:40:45,910 --> 00:40:43,440

the best person to go to for something

997

00:40:49,109 --> 00:40:45,920

like that he had the most um resources

998

00:40:51,750 --> 00:40:49,119

and artists and you know creative people

999

00:40:53,270 --> 00:40:51,760

on his team already to to pull off

1000

00:40:54,550 --> 00:40:53,280

something like that

1001
00:40:57,349 --> 00:40:54,560

[Music]

1002
00:40:58,790 --> 00:40:57,359

yeah he would be the perfect agent and

1003
00:41:00,550 --> 00:40:58,800

um

1004
00:41:03,349 --> 00:41:00,560

interestingly kind of going in a

1005
00:41:05,670 --> 00:41:03,359

different direction more earth-based

1006
00:41:07,349 --> 00:41:05,680

dave being in utah

1007
00:41:09,750 --> 00:41:07,359

i

1008
00:41:11,430 --> 00:41:09,760

used to hear all of the

1009
00:41:14,069 --> 00:41:11,440

rumors and

1010
00:41:16,870 --> 00:41:14,079

stories and legends about crossroads

1011
00:41:17,910 --> 00:41:16,880

maul and down there around temple square

1012
00:41:20,550 --> 00:41:17,920

well

1013
00:41:23,109 --> 00:41:20,560

it seems that the temple has been

1014

00:41:24,790 --> 00:41:23,119

undergoing a huge

1015

00:41:27,829 --> 00:41:24,800

rebuild have you been able to check any

1016

00:41:31,510 --> 00:41:30,390

yes it's incredible it was just like the

1017

00:41:34,390 --> 00:41:31,520

um

1018

00:41:36,069 --> 00:41:34,400

the rebuild they did what 10 10 20 years

1019

00:41:39,270 --> 00:41:36,079

ago

1020

00:41:41,510 --> 00:41:39,280

across the street from the temple

1021

00:41:44,150 --> 00:41:41,520

i do remember go check that that hole

1022

00:41:45,589 --> 00:41:44,160

they dug for that building was

1023

00:41:47,109 --> 00:41:45,599

so deep

1024

00:41:48,550 --> 00:41:47,119

that when you look through the fence and

1025

00:41:50,470 --> 00:41:48,560

look down

1026

00:41:52,630 --> 00:41:50,480

the dump trucks look like little teeny

1027

00:41:56,150 --> 00:41:52,640

ants they were it was so far down you're

1028

00:41:57,589 --> 00:41:56,160

like why aren't they digging so far

1029

00:41:59,430 --> 00:41:57,599

you know that's a huge amount of

1030

00:42:01,349 --> 00:41:59,440

material to be to come out and all and

1031

00:42:03,510 --> 00:42:01,359

then you could then of course you know

1032

00:42:05,190 --> 00:42:03,520

being who i am and i remember you know

1033

00:42:07,430 --> 00:42:05,200

the brat and days and the underground

1034

00:42:09,430 --> 00:42:07,440

with the crossroads small stuff on oh

1035

00:42:11,589 --> 00:42:09,440

they're probably

1036

00:42:14,309 --> 00:42:11,599

refitting some of those tunnels under

1037

00:42:15,990 --> 00:42:14,319

there you know yeah and hooking up

1038

00:42:17,430 --> 00:42:16,000

hooking up to those tunnels and and

1039

00:42:19,589 --> 00:42:17,440

you're like okay well that makes sense

1040

00:42:20,950 --> 00:42:19,599

why they've gone so deep

1041

00:42:23,349 --> 00:42:20,960

you know

1042

00:42:24,230 --> 00:42:23,359

it was just amazing to see how far they

1043

00:42:26,230 --> 00:42:24,240

dug

1044

00:42:28,630 --> 00:42:26,240

and it's like why i mean that's not

1045

00:42:30,710 --> 00:42:28,640

parking that's not

1046

00:42:35,190 --> 00:42:30,720

you know yeah we're never allowed to go

1047

00:42:36,069 --> 00:42:35,200

anywhere near that low or that deep

1048

00:42:41,430 --> 00:42:36,079

right

1049

00:42:43,589 --> 00:42:41,440

major influence here in utah they have a

1050

00:42:45,589 --> 00:42:43,599

lot lots and lots of money and i do

1051
00:42:47,589 --> 00:42:45,599
believe if the church did find something

1052
00:42:49,750 --> 00:42:47,599
underground

1053
00:42:52,309 --> 00:42:49,760
let's say back in the pioneer days when

1054
00:42:53,270 --> 00:42:52,319
they first got here

1055
00:42:54,790 --> 00:42:53,280
and

1056
00:42:56,230 --> 00:42:54,800
something ancient

1057
00:42:58,069 --> 00:42:56,240
they would have kept it secret they

1058
00:42:58,870 --> 00:42:58,079
would have used part of it they would

1059
00:43:01,750 --> 00:42:58,880
have

1060
00:43:04,550 --> 00:43:01,760
exploited it to their benefit and maybe

1061
00:43:06,790 --> 00:43:04,560
maybe they did run into some

1062
00:43:09,349 --> 00:43:06,800
you know who knows rip tillians down

1063
00:43:10,950 --> 00:43:09,359

there or something

1064

00:43:11,589 --> 00:43:10,960

and they've been in cahoots with them

1065

00:43:13,510 --> 00:43:11,599

and

1066

00:43:16,309 --> 00:43:13,520

you know

1067

00:43:18,710 --> 00:43:16,319

a church with that kind of power has

1068

00:43:20,950 --> 00:43:18,720

a lot of influence on

1069

00:43:22,950 --> 00:43:20,960

let's say not only the state but

1070

00:43:25,109 --> 00:43:22,960

contractors and

1071

00:43:26,950 --> 00:43:25,119

and government and

1072

00:43:28,790 --> 00:43:26,960

you know

1073

00:43:31,109 --> 00:43:28,800

who knows what the reach could be but if

1074

00:43:33,750 --> 00:43:31,119

they if they had something if they found

1075

00:43:36,390 --> 00:43:33,760

something and kept it secret and now

1076

00:43:39,030 --> 00:43:36,400

started sharing it with um say black

1077

00:43:40,550 --> 00:43:39,040

projects or the government or whatever

1078

00:43:42,710 --> 00:43:40,560

it would make sense that they would be

1079

00:43:45,270 --> 00:43:42,720

allowed to do things that other

1080

00:43:47,109 --> 00:43:45,280

companies or other churches or

1081

00:43:48,710 --> 00:43:47,119

other individuals would wouldn't be able

1082

00:43:49,910 --> 00:43:48,720

to do and that that's one of those

1083

00:43:53,270 --> 00:43:49,920

things i mean

1084

00:43:55,270 --> 00:43:53,280

the depth of that hole blew me away the

1085

00:43:59,109 --> 00:43:55,280

amount of material they took out of that

1086

00:44:03,829 --> 00:44:01,270

you know that building across from just

1087

00:44:07,270 --> 00:44:03,839

north of i forget what that's right yeah

1088

00:44:08,550 --> 00:44:07,280

where crossroads mall was yeah

1089

00:44:10,950 --> 00:44:08,560

was

1090

00:44:12,950 --> 00:44:10,960

is it's a it's a block it's about a city

1091

00:44:15,750 --> 00:44:12,960

block

1092

00:44:16,950 --> 00:44:15,760

and man it went down

1093

00:44:18,470 --> 00:44:16,960

i couldn't even tell you how far it

1094

00:44:20,950 --> 00:44:18,480

looks when i look through the fence

1095

00:44:22,710 --> 00:44:20,960

there through the through the plywood

1096

00:44:24,950 --> 00:44:22,720

to a knot hole in the plywood and look

1097

00:44:27,589 --> 00:44:24,960

down in there i was blown away on how

1098

00:44:29,829 --> 00:44:27,599

deep that was

1099

00:44:31,270 --> 00:44:29,839

well it's strange but i'll have to go

1100

00:44:33,109 --> 00:44:31,280

i'll have to go check out the new

1101
00:44:34,550 --> 00:44:33,119
construction down there and because

1102
00:44:36,069 --> 00:44:34,560
we're down there you know

1103
00:44:38,309 --> 00:44:36,079
doing jobs and stuff downtown all the

1104
00:44:40,069 --> 00:44:38,319
time i'll have to stop and look

1105
00:44:42,230 --> 00:44:40,079
yeah it is strange i remember hearing

1106
00:44:44,390 --> 00:44:42,240
those stories as well about crossroads

1107
00:44:46,790 --> 00:44:44,400
mall and cross worlds and like the

1108
00:44:49,670 --> 00:44:46,800
different you know employees

1109
00:44:52,230 --> 00:44:49,680
getting glimpses into some of these back

1110
00:44:54,390 --> 00:44:52,240
hallways and caverns and

1111
00:44:56,870 --> 00:44:54,400
tunnel systems and seeing things that

1112
00:44:58,630 --> 00:44:56,880
weren't necessarily human looking

1113
00:45:02,470 --> 00:44:58,640

and um

1114

00:45:04,870 --> 00:45:02,480

i was mesmerized there is

1115

00:45:06,710 --> 00:45:04,880

you know definitely something to the

1116

00:45:08,630 --> 00:45:06,720

theory that a lot of these major

1117

00:45:09,990 --> 00:45:08,640

religions whether it's catholicism with

1118

00:45:12,309 --> 00:45:10,000

the vatican

1119

00:45:13,910 --> 00:45:12,319

or of course the latter day saints the

1120

00:45:15,109 --> 00:45:13,920

mormon church has it as well they have

1121

00:45:18,550 --> 00:45:15,119

these

1122

00:45:21,109 --> 00:45:18,560

large vault areas with a lot of evidence

1123

00:45:23,510 --> 00:45:21,119

that could surely

1124

00:45:25,430 --> 00:45:23,520

lead to something and whether that's

1125

00:45:27,510 --> 00:45:25,440

like their own

1126

00:45:29,990 --> 00:45:27,520

you know uh

1127

00:45:33,109 --> 00:45:30,000

dismay or not nobody knows but they have

1128

00:45:35,190 --> 00:45:33,119

so many both it seems like these major

1129

00:45:37,430 --> 00:45:35,200

world religions

1130

00:45:40,230 --> 00:45:37,440

have a lot of dirt and it's a lot of

1131

00:45:42,390 --> 00:45:40,240

dirt and it's all hidden hidden away in

1132

00:45:43,990 --> 00:45:42,400

places where only they can access it and

1133

00:45:47,349 --> 00:45:44,000

it makes your head go to different

1134

00:45:49,030 --> 00:45:47,359

places like what exactly are they hiding

1135

00:45:50,309 --> 00:45:49,040

all right exactly like the vatican and

1136

00:45:51,990 --> 00:45:50,319

all that i mean

1137

00:45:53,829 --> 00:45:52,000

the archives they have there i mean

1138

00:45:55,750 --> 00:45:53,839

nobody gets to see there's also let's

1139

00:45:57,190 --> 00:45:55,760

say that the private individuals like

1140

00:45:58,790 --> 00:45:57,200

the rockefellers who have their own

1141

00:46:00,470 --> 00:45:58,800

museum

1142

00:46:01,910 --> 00:46:00,480

nobody gets to see half that stuff

1143

00:46:03,589 --> 00:46:01,920

that's in there and

1144

00:46:05,270 --> 00:46:03,599

you know

1145

00:46:07,750 --> 00:46:05,280

they could be hiding a lot of history

1146

00:46:09,670 --> 00:46:07,760

back there about you know

1147

00:46:10,630 --> 00:46:09,680

where we come from and what we're doing

1148

00:46:12,550 --> 00:46:10,640

here and

1149

00:46:14,470 --> 00:46:12,560

past civilizations you know all that

1150

00:46:16,230 --> 00:46:14,480

kind of thing but hey getting back to

1151
00:46:17,750 --> 00:46:16,240
the underground here in each other you

1152
00:46:19,990 --> 00:46:17,760
just reminded me of this story that i

1153
00:46:21,750 --> 00:46:20,000
heard from a

1154
00:46:25,190 --> 00:46:21,760
um a guy that used to work out their

1155
00:46:26,069 --> 00:46:25,200
strip mine on backstreet yeah yeah yeah

1156
00:46:27,990 --> 00:46:26,079
and

1157
00:46:29,270 --> 00:46:28,000
i used to hang out with some of these

1158
00:46:30,630 --> 00:46:29,280
guys and

1159
00:46:32,150 --> 00:46:30,640
have a beer with them and you know you

1160
00:46:33,829 --> 00:46:32,160
get a few beers and some of these people

1161
00:46:35,670 --> 00:46:33,839
and they start throwing the beans on

1162
00:46:37,030 --> 00:46:35,680
stuff and this one guy who told me one

1163
00:46:38,390 --> 00:46:37,040

time because he kind of knew what i was

1164

00:46:41,589 --> 00:46:38,400

into

1165

00:46:43,430 --> 00:46:41,599

and he came sat down by me one day and

1166

00:46:45,510 --> 00:46:43,440

he says hey i've got a

1167

00:46:47,430 --> 00:46:45,520

story to tell you what happened today

1168

00:46:49,589 --> 00:46:47,440

i gotta tell somebody

1169

00:46:51,589 --> 00:46:49,599

so he starts telling me about okay he's

1170

00:46:52,790 --> 00:46:51,599

the he's one of the guys that drills the

1171

00:46:55,510 --> 00:46:52,800

holes

1172

00:46:57,670 --> 00:46:55,520

in the mountainside for the blasting

1173

00:46:59,510 --> 00:46:57,680

so he drills all the holes the guy comes

1174

00:47:01,589 --> 00:46:59,520

in afterwards puts the charges in there

1175

00:47:03,510 --> 00:47:01,599

and they they set off this like line of

1176

00:47:04,870 --> 00:47:03,520

explosives to take down

1177

00:47:06,309 --> 00:47:04,880

part of the

1178

00:47:08,550 --> 00:47:06,319

strip mine there so they can get the

1179

00:47:11,349 --> 00:47:08,560

gravel and stuff out of there so

1180

00:47:13,109 --> 00:47:11,359

they did this on one day and it was

1181

00:47:16,550 --> 00:47:13,119

blasting time

1182

00:47:18,309 --> 00:47:16,560

and they blasted a huge line away

1183

00:47:19,510 --> 00:47:18,319

and they started cleaning up the

1184

00:47:21,430 --> 00:47:19,520

rubble

1185

00:47:22,829 --> 00:47:21,440

pushing it down the hill

1186

00:47:24,390 --> 00:47:22,839

and they ran into a

1187

00:47:26,230 --> 00:47:24,400

void

1188

00:47:28,390 --> 00:47:26,240

and so him and like three other guys

1189

00:47:29,990 --> 00:47:28,400

they they kind of looked in this this

1190

00:47:32,870 --> 00:47:30,000

space and he says what i've seen in

1191

00:47:34,870 --> 00:47:32,880

there was like it was like a tunnel

1192

00:47:36,710 --> 00:47:34,880

he says but what was weird about it it

1193

00:47:39,109 --> 00:47:36,720

looked like porcelain

1194

00:47:41,190 --> 00:47:39,119

like had been melted

1195

00:47:43,270 --> 00:47:41,200

and there was no seams at all there was

1196

00:47:45,030 --> 00:47:43,280

no rivets there was no screws there was

1197

00:47:49,510 --> 00:47:45,040

no bolts there was nothing it was just

1198

00:47:53,990 --> 00:47:51,190

like almost like something went in and

1199

00:47:55,829 --> 00:47:54,000

melted this hole through the belt

1200

00:47:57,270 --> 00:47:55,839

so they went to their boss and they say

1201
00:47:58,630 --> 00:47:57,280
you need to come up here take a look at

1202
00:47:59,910 --> 00:47:58,640
this we run into some voyage or

1203
00:48:02,390 --> 00:47:59,920
something

1204
00:48:04,390 --> 00:48:02,400
boss comes up there sees it

1205
00:48:06,950 --> 00:48:04,400
doesn't even look inside of it just

1206
00:48:09,510 --> 00:48:06,960
looks at it and goes cover it up

1207
00:48:13,190 --> 00:48:09,520
don't go in it people go in those places

1208
00:48:15,109 --> 00:48:13,200
and they don't come back so cover it up

1209
00:48:16,470 --> 00:48:15,119
so that's what they did and so i asked

1210
00:48:17,829 --> 00:48:16,480
him where is this

1211
00:48:19,430 --> 00:48:17,839
you know where were you guys digging

1212
00:48:22,549 --> 00:48:19,440
where he says i can't tell i'll lose my

1213
00:48:24,950 --> 00:48:22,559

job i had to sign an nda

1214

00:48:25,829 --> 00:48:24,960
i'll lose my job if i tell you but i'll

1215

00:48:27,670 --> 00:48:25,839
tell you

1216

00:48:30,230 --> 00:48:27,680
one thing

1217

00:48:32,390 --> 00:48:30,240
when you look at that strip mine

1218

00:48:35,109 --> 00:48:32,400
and you trying to figure out where this

1219

00:48:39,270 --> 00:48:35,119
where this was it's where we're not

1220

00:48:42,630 --> 00:48:41,510
he says it headed toward the capitol

1221

00:48:44,710 --> 00:48:42,640
building

1222

00:48:46,470 --> 00:48:44,720
at capitol hill

1223

00:48:49,910 --> 00:48:46,480
so that's like right toward crossroads

1224

00:48:55,910 --> 00:48:51,670
that kind of blew me away to hear this

1225

00:49:01,510 --> 00:48:58,150
a guy that works at a you know on a

1226

00:49:03,190 --> 00:49:01,520

at a strip mine i mean like

1227

00:49:04,710 --> 00:49:03,200

why would this guy make this up he

1228

00:49:06,630 --> 00:49:04,720

wouldn't

1229

00:49:07,750 --> 00:49:06,640

he has no reason to

1230

00:49:09,589 --> 00:49:07,760

you know

1231

00:49:11,349 --> 00:49:09,599

and that direction

1232

00:49:13,190 --> 00:49:11,359

i mean towards the capitol

1233

00:49:14,870 --> 00:49:13,200

yeah that's exactly that's it that it

1234

00:49:16,630 --> 00:49:14,880

was heading toward the capitol and from

1235

00:49:18,309 --> 00:49:16,640

from back street if you drew a line from

1236

00:49:19,910 --> 00:49:18,319

back street to the capitol it would run

1237

00:49:22,150 --> 00:49:19,920

right through the capitol

1238

00:49:25,030 --> 00:49:22,160

right through crossroads mall

1239

00:49:27,750 --> 00:49:25,040

and you know dave that story is eerily

1240

00:49:30,549 --> 00:49:27,760

similar and familiar to i don't know if

1241

00:49:31,990 --> 00:49:30,559

you've heard of anjali this this girl

1242

00:49:33,750 --> 00:49:32,000

anjali

1243

00:49:35,910 --> 00:49:33,760

uh this woman

1244

00:49:38,549 --> 00:49:35,920

coming forward about a

1245

00:49:40,470 --> 00:49:38,559

story similar of an underground base in

1246

00:49:42,309 --> 00:49:40,480

a mountain somewhere in the mojave

1247

00:49:46,390 --> 00:49:42,319

desert

1248

00:49:48,870 --> 00:49:46,400

but what she does recollect is that this

1249

00:49:51,030 --> 00:49:48,880

cavern that she cave cavern whatever

1250

00:49:53,270 --> 00:49:51,040

that she entered base

1251
00:49:55,750 --> 00:49:53,280
was like you said there was

1252
00:49:59,589 --> 00:49:55,760
no seams

1253
00:50:06,710 --> 00:49:59,599
and no junctures no rivets no

1254
00:50:09,750 --> 00:50:07,990
i don't know

1255
00:50:13,190 --> 00:50:09,760
really stimulate

1256
00:50:15,750 --> 00:50:13,200
really similar yeah

1257
00:50:17,349 --> 00:50:15,760
so another

1258
00:50:19,030 --> 00:50:17,359
thing with the underground i mean it

1259
00:50:20,470 --> 00:50:19,040
just kind of popped into my mind is hey

1260
00:50:22,470 --> 00:50:20,480
you know i used to

1261
00:50:24,309 --> 00:50:22,480
just work next door to a company called

1262
00:50:26,630 --> 00:50:24,319
ale

1263
00:50:28,549 --> 00:50:26,640

antarctic logistics expeditions they're

1264

00:50:31,030 --> 00:50:28,559

the ones that pack your stuff

1265

00:50:32,790 --> 00:50:31,040

for when you go to antarctica

1266

00:50:34,309 --> 00:50:32,800

so they pack them up in these pods and

1267

00:50:37,430 --> 00:50:34,319

they weigh it and all this type of thing

1268

00:50:39,750 --> 00:50:37,440

and they try to mim minimal minimize

1269

00:50:41,270 --> 00:50:39,760

what you're bringing and you know to for

1270

00:50:43,109 --> 00:50:41,280

the weight purposes and all that type of

1271

00:50:45,990 --> 00:50:43,119

thing and so i started hearing all this

1272

00:50:48,150 --> 00:50:46,000

stuff about antarctica

1273

00:50:50,470 --> 00:50:48,160

on the news and it was probably been a

1274

00:50:52,069 --> 00:50:50,480

year or two but you remember when

1275

00:50:53,670 --> 00:50:52,079

all these big wigs were going to

1276

00:50:56,390 --> 00:50:53,680

antarctica you know

1277

00:50:58,790 --> 00:50:56,400

the pope um

1278

00:51:00,150 --> 00:50:58,800

the astronauts were going down there and

1279

00:51:01,589 --> 00:51:00,160

you know it's just like all these

1280

00:51:04,309 --> 00:51:01,599

high-profile people were going to

1281

00:51:06,150 --> 00:51:04,319

antarctica and you're like why

1282

00:51:07,589 --> 00:51:06,160

why were they being invited down there

1283

00:51:11,270 --> 00:51:07,599

and it's almost like they were being

1284

00:51:12,710 --> 00:51:11,280

shown something yeah you know

1285

00:51:14,710 --> 00:51:12,720

and i remember

1286

00:51:16,790 --> 00:51:14,720

um one of the astra i think it was i

1287

00:51:18,790 --> 00:51:16,800

can't remember which one it was but when

1288

00:51:20,549 --> 00:51:18,800

he went down there they had to fly him

1289

00:51:23,190 --> 00:51:20,559

out

1290

00:51:24,630 --> 00:51:23,200

in some kind of emergency situation like

1291

00:51:26,470 --> 00:51:24,640

you had a heart attack yeah something

1292

00:51:28,870 --> 00:51:26,480

squirrely happened

1293

00:51:30,309 --> 00:51:28,880

right and there was there was no kind of

1294

00:51:33,109 --> 00:51:30,319

um after

1295

00:51:34,710 --> 00:51:33,119

story to it or follow-up or anything

1296

00:51:37,109 --> 00:51:34,720

like that on it and i just thought it

1297

00:51:39,190 --> 00:51:37,119

was really strange that you know because

1298

00:51:41,349 --> 00:51:39,200

to go to antarctica it takes a lot of

1299

00:51:42,630 --> 00:51:41,359

logistics i mean you just can't fly in

1300

00:51:44,150 --> 00:51:42,640

and out of that place because there was

1301
00:51:46,549 --> 00:51:44,160
the weather and

1302
00:51:48,549 --> 00:51:46,559
you know all sorts of you know variables

1303
00:51:53,270 --> 00:51:48,559
that are involved with what's going down

1304
00:51:56,950 --> 00:51:55,190
show him whatever they wanted to show

1305
00:51:58,470 --> 00:51:56,960
him and then apparently it was so

1306
00:52:01,030 --> 00:51:58,480
shocking to him that he had a heart

1307
00:52:02,710 --> 00:52:01,040
attack and they had to you know

1308
00:52:03,750 --> 00:52:02,720
have this emergency flight out of there

1309
00:52:05,750 --> 00:52:03,760
to get him out of there and all this

1310
00:52:07,670 --> 00:52:05,760
stuff that's a huge thing and that's

1311
00:52:09,430 --> 00:52:07,680
something that

1312
00:52:11,670 --> 00:52:09,440
that caught my eye

1313
00:52:13,670 --> 00:52:11,680

and i was like something more is going

1314

00:52:14,950 --> 00:52:13,680

on there so i started looking into the

1315

00:52:16,470 --> 00:52:14,960

antarctic thing

1316

00:52:17,990 --> 00:52:16,480

more

1317

00:52:19,589 --> 00:52:18,000

and started hearing stories from the

1318

00:52:21,829 --> 00:52:19,599

state when the moment how and you know

1319

00:52:23,910 --> 00:52:21,839

these these military people say that

1320

00:52:25,829 --> 00:52:23,920

there's some kind of base there or

1321

00:52:27,990 --> 00:52:25,839

there's this giant door

1322

00:52:29,829 --> 00:52:28,000

they went in it was like tropical it was

1323

00:52:33,589 --> 00:52:29,839

you know 70 degrees and you know all

1324

00:52:36,630 --> 00:52:33,599

this type of thing you're like okay well

1325

00:52:38,470 --> 00:52:36,640

let me ask ale to see if they know

1326

00:52:40,309 --> 00:52:38,480

anything you know

1327

00:52:42,230 --> 00:52:40,319

and so i hit up a few of their employees

1328

00:52:43,430 --> 00:52:42,240

you know they go down there twice a year

1329

00:52:45,270 --> 00:52:43,440

so

1330

00:52:46,870 --> 00:52:45,280

i hit him up about oh you see the

1331

00:52:48,230 --> 00:52:46,880

pictures online about these pyramids

1332

00:52:50,069 --> 00:52:48,240

down there and he goes

1333

00:52:51,670 --> 00:52:50,079

oh i have to look into that and i said

1334

00:52:53,430 --> 00:52:51,680

well what's the deal with

1335

00:52:55,910 --> 00:52:53,440

the astronauts going down there and the

1336

00:52:56,790 --> 00:52:55,920

pope go on that he goes i don't know he

1337

00:52:59,430 --> 00:52:56,800

says

1338

00:53:00,870 --> 00:52:59,440

that's really unusual

1339

00:53:02,230 --> 00:53:00,880

for those type of people to go down

1340

00:53:04,069 --> 00:53:02,240

there because usually the people that go

1341

00:53:06,470 --> 00:53:04,079

down there are either

1342

00:53:08,230 --> 00:53:06,480

working for scientists or they're

1343

00:53:10,790 --> 00:53:08,240

scientists themselves or they're

1344

00:53:13,109 --> 00:53:10,800

adventurers that want to say oh i want

1345

00:53:15,270 --> 00:53:13,119

to walk across you know and hit south

1346

00:53:17,030 --> 00:53:15,280

pole by foot or i want to do it on

1347

00:53:19,270 --> 00:53:17,040

mountain bike or you know

1348

00:53:21,030 --> 00:53:19,280

or i want to be the first one to skydive

1349

00:53:23,030 --> 00:53:21,040

and you know that type of thing they're

1350

00:53:25,030 --> 00:53:23,040

adventurers and stuff like this but

1351
00:53:28,870 --> 00:53:25,040
for these high-profile people to be

1352
00:53:30,069 --> 00:53:28,880
going down there i just don't get

1353
00:53:31,829 --> 00:53:30,079
you know a couple of them say i don't

1354
00:53:33,510 --> 00:53:31,839
get why they were going down they and

1355
00:53:34,870 --> 00:53:33,520
it's a mystery to me too why they were

1356
00:53:36,630 --> 00:53:34,880
down there

1357
00:53:38,950 --> 00:53:36,640
he says and he was telling me you know

1358
00:53:40,630 --> 00:53:38,960
it takes a lot of logistics to go down

1359
00:53:41,510 --> 00:53:40,640
there and a lot of planning in this now

1360
00:53:43,190 --> 00:53:41,520
and for

1361
00:53:45,270 --> 00:53:43,200
these people to go down there and say

1362
00:53:46,150 --> 00:53:45,280
the pope

1363
00:53:47,430 --> 00:53:46,160

i mean

1364

00:53:50,790 --> 00:53:47,440

how old is he

1365

00:53:53,190 --> 00:53:50,800

i mean for him to make that journey

1366

00:53:55,109 --> 00:53:53,200

it had to be really important for him to

1367

00:53:57,510 --> 00:53:55,119

go down there

1368

00:53:59,829 --> 00:53:57,520

for them them whatever they show you

1369

00:54:01,670 --> 00:53:59,839

know we're showing them but

1370

00:54:04,390 --> 00:54:01,680

he did tell one of the employees did

1371

00:54:05,910 --> 00:54:04,400

tell me about the

1372

00:54:08,069 --> 00:54:05,920

the crew that went down there the film

1373

00:54:09,670 --> 00:54:08,079

crew that disappeared

1374

00:54:11,430 --> 00:54:09,680

um

1375

00:54:14,470 --> 00:54:11,440

they found their film footage and their

1376

00:54:16,390 --> 00:54:14,480

camp but they've never found them

1377

00:54:18,069 --> 00:54:16,400

and he says what they found on the

1378

00:54:20,230 --> 00:54:18,079

cameras because they did find a couple

1379

00:54:22,069 --> 00:54:20,240

camcorders what they found on those

1380

00:54:23,349 --> 00:54:22,079

those camcorders

1381

00:54:24,390 --> 00:54:23,359

was

1382

00:54:26,069 --> 00:54:24,400

stunning

1383

00:54:27,430 --> 00:54:26,079

he says now i've heard rumors i just

1384

00:54:29,190 --> 00:54:27,440

said i haven't seen the footage myself

1385

00:54:33,030 --> 00:54:29,200

but i heard

1386

00:54:36,230 --> 00:54:33,040

that they came came across something

1387

00:54:38,549 --> 00:54:36,240

that would have changed the world

1388

00:54:40,789 --> 00:54:38,559

and they end up disappearing now i don't

1389

00:54:42,309 --> 00:54:40,799

know if they were taken out by

1390

00:54:44,230 --> 00:54:42,319

an elite group because they were going

1391

00:54:45,829 --> 00:54:44,240

to talk or

1392

00:54:47,829 --> 00:54:45,839

whoever was at this

1393

00:54:49,750 --> 00:54:47,839

space or underground thing or whatever

1394

00:54:51,510 --> 00:54:49,760

they came across might have

1395

00:54:53,750 --> 00:54:51,520

taken them out or

1396

00:54:56,069 --> 00:54:53,760

it just it just fascinates me the whole

1397

00:54:58,230 --> 00:54:56,079

antarctica thing um

1398

00:54:59,829 --> 00:54:58,240

and i try to follow it as much as i can

1399

00:55:01,829 --> 00:54:59,839

but when you start talking about the

1400

00:55:04,950 --> 00:55:01,839

underground that that comes to mind for

1401
00:55:06,549 --> 00:55:04,960
me is the antarctica thing and what's

1402
00:55:08,870 --> 00:55:06,559
what's really going on down there

1403
00:55:11,109 --> 00:55:08,880
because i think that's

1404
00:55:12,309 --> 00:55:11,119
that is going to be a major part this is

1405
00:55:14,630 --> 00:55:12,319
my opinion i think it's going to be a

1406
00:55:17,190 --> 00:55:14,640
major part in disclosure

1407
00:55:20,230 --> 00:55:17,200
well exactly and how far-fetched could

1408
00:55:23,030 --> 00:55:20,240
this all be really i mean people in

1409
00:55:25,190 --> 00:55:23,040
areas of afghanistan kandahar

1410
00:55:27,270 --> 00:55:25,200
places where these giants are known to

1411
00:55:29,829 --> 00:55:27,280
rome have been saying it for years

1412
00:55:31,430 --> 00:55:29,839
nobody ever believes it until

1413
00:55:33,670 --> 00:55:31,440

soldiers of ours claim to have

1414

00:55:37,190 --> 00:55:33,680

encountered it so this stuff right i

1415

00:55:39,750 --> 00:55:37,200

mean a lot of this stuff is spoken of

1416

00:55:42,069 --> 00:55:39,760

the the hollow earth or the underground

1417

00:55:45,349 --> 00:55:42,079

bases in antarctica have been

1418

00:55:47,670 --> 00:55:45,359

i mean they're they're rumored so often

1419

00:55:49,670 --> 00:55:47,680

that when i've spoken with scientists

1420

00:55:52,150 --> 00:55:49,680

that are down in antarctica they almost

1421

00:55:53,910 --> 00:55:52,160

they know it's coming like they're aware

1422

00:55:56,390 --> 00:55:53,920

of the

1423

00:55:59,190 --> 00:55:56,400

they know what everybody thinks so

1424

00:56:01,910 --> 00:55:59,200

um just that fact makes it pretty pretty

1425

00:56:03,990 --> 00:56:01,920

interesting um before we as we kind of

1426
00:56:06,309 --> 00:56:04,000
start to wrap up here dave can you tell

1427
00:56:08,390 --> 00:56:06,319
our listeners where they can keep uh

1428
00:56:09,990 --> 00:56:08,400
touch with you on social media what you

1429
00:56:11,990 --> 00:56:10,000
have going on and where they can just

1430
00:56:14,789 --> 00:56:12,000
keep in touch with everything utah ufo

1431
00:56:20,069 --> 00:56:16,870
yeah sure um you can follow us on

1432
00:56:21,750 --> 00:56:20,079
facebook uh utah yo4hunters on facebook

1433
00:56:22,789 --> 00:56:21,760
or you can follow me dave rosenfeld on

1434
00:56:24,950 --> 00:56:22,799
facebook

1435
00:56:27,190 --> 00:56:24,960
we do have um

1436
00:56:28,870 --> 00:56:27,200
the website is still up it hasn't been

1437
00:56:31,510 --> 00:56:28,880
updated in

1438
00:56:34,870 --> 00:56:31,520

years but it's still a great archive

1439

00:56:36,630 --> 00:56:34,880

for the utah information on ufos bigfoot

1440

00:56:38,950 --> 00:56:36,640

crop circles anything that happens in

1441

00:56:41,670 --> 00:56:38,960

utah it's a huge database

1442

00:56:43,829 --> 00:56:41,680

um aliendave.com

1443

00:56:45,910 --> 00:56:43,839

um we do have an instagram a couple

1444

00:56:50,150 --> 00:56:45,920

instagram pages

1445

00:56:52,309 --> 00:56:50,160

um utah ufo hunters maybe dave.com

1446

00:57:00,549 --> 00:56:52,319

um

1447

00:57:04,230 --> 00:57:00,559

oh we're starting a twitter page but

1448

00:57:05,510 --> 00:57:04,240

it's not a big deal okay so cool cool

1449

00:57:07,030 --> 00:57:05,520

and uh

1450

00:57:09,270 --> 00:57:07,040

we were

1451

00:57:11,030 --> 00:57:09,280

lightly discussing this last time but uh

1452

00:57:13,190 --> 00:57:11,040

the weather is getting warmer and you go

1453

00:57:15,510 --> 00:57:13,200

out quite often

1454

00:57:18,549 --> 00:57:15,520

researching and doing reconnaissance for

1455

00:57:20,549 --> 00:57:18,559

ufo camps and other things

1456

00:57:22,309 --> 00:57:20,559

and definitely people if they want to

1457

00:57:24,470 --> 00:57:22,319

keep in touch with that that's a really

1458

00:57:27,109 --> 00:57:24,480

cool way to keep in touch with your

1459

00:57:28,630 --> 00:57:27,119

your photography and uh a lot of the

1460

00:57:32,710 --> 00:57:28,640

things that you do on the side and i

1461

00:57:37,190 --> 00:57:35,589

right and um like say um we're working

1462

00:57:40,069 --> 00:57:37,200

on this project that's coming up i'm

1463

00:57:41,829 --> 00:57:40,079

hoping that it goes through it's it's

1464

00:57:43,829 --> 00:57:41,839

one of those projects where the producer

1465

00:57:46,230 --> 00:57:43,839

doesn't have anybody above him so he

1466

00:57:47,270 --> 00:57:46,240

gets to do what he wants to do with it

1467

00:57:50,069 --> 00:57:47,280

when that

1468

00:57:51,910 --> 00:57:50,079

gets going and starts

1469

00:57:53,510 --> 00:57:51,920

to come to fruition i'm going to let

1470

00:57:54,950 --> 00:57:53,520

everybody know where they can find that

1471

00:57:56,150 --> 00:57:54,960

as well

1472

00:57:57,109 --> 00:57:56,160

um

1473

00:57:59,910 --> 00:57:57,119

we

1474

00:58:01,670 --> 00:57:59,920

both ryan you and i was facebook

1475

00:58:03,190 --> 00:58:01,680

research and ufo hunters are both

1476

00:58:05,109 --> 00:58:03,200

sponsored to that project they've

1477

00:58:06,950 --> 00:58:05,119

already put this on the books

1478

00:58:08,950 --> 00:58:06,960

so we are considered sponsors if we're

1479

00:58:11,270 --> 00:58:08,960

going to have our logos on their stuff

1480

00:58:14,069 --> 00:58:11,280

and and all that so it's it's moving

1481

00:58:17,910 --> 00:58:16,069

so cool man well i can't thank you

1482

00:58:19,510 --> 00:58:17,920

enough for coming on the podcast it's

1483

00:58:22,230 --> 00:58:19,520

always great to talk to you and i love

1484

00:58:25,109 --> 00:58:22,240

all the info you have definitely uh

1485

00:58:27,349 --> 00:58:25,119

can't wait to do it again

1486

00:58:29,990 --> 00:58:27,359

yeah man hit me up anytime all right

1487

00:58:34,829 --> 00:58:30,000

bye well there you have it ladies and

1489

00:58:41,430 --> 00:58:39,440
