

Steven Myers

Hidden History of The Great Pyramid

1
00:00:05,600 --> 00:00:09,250

hey

2
00:00:09,260 --> 00:00:28,950

[Music]

3
00:00:33,670 --> 00:00:31,509

time machine third eye feeling like an

4
00:00:34,870 --> 00:00:33,680

e5 scene

5
00:00:43,590 --> 00:00:34,880

blast off

6
00:00:45,910 --> 00:00:43,600

paranormal podcast

7
00:00:49,029 --> 00:00:45,920

broadcasting from the base at la madre

8
00:00:50,549 --> 00:00:49,039

mountain just south of area 51

9
00:00:52,950 --> 00:00:50,559

my name is ryan

10
00:00:54,229 --> 00:00:52,960

the original theological rebel of the

11
00:00:57,189 --> 00:00:54,239

airwaves

12
00:01:00,069 --> 00:00:57,199

bringing you an epic episode today

13
00:01:02,950 --> 00:01:00,079

on today's episode we have one of the

14

00:01:05,350 --> 00:01:02,960

most forward thinking

15

00:01:07,590 --> 00:01:05,360

and out of the box theorizing

16

00:01:10,149 --> 00:01:07,600

scientifically minded individuals i've

17

00:01:13,510 --> 00:01:10,159

ever had the pleasure of talking to

18

00:01:16,230 --> 00:01:13,520

it is none other than stephen myers

19

00:01:17,830 --> 00:01:16,240

he's author of lost technologies of the

20

00:01:22,870 --> 00:01:17,840

great pyramid

21

00:01:25,510 --> 00:01:22,880

machine

22

00:01:26,870 --> 00:01:25,520

he is an author lecturer and independent

23

00:01:28,870 --> 00:01:26,880

researcher

24

00:01:32,069 --> 00:01:28,880

stephen myers has studied the great

25

00:01:34,390 --> 00:01:32,079

pyramid for over 20 years to understand

26
00:01:36,469 --> 00:01:34,400
how this ancient wonder of the world was

27
00:01:38,950 --> 00:01:36,479
built and why

28
00:01:42,469 --> 00:01:38,960
his research included traveling to egypt

29
00:01:44,630 --> 00:01:42,479
to conduct extensive on-site research at

30
00:01:46,630 --> 00:01:44,640
the giza plateau

31
00:01:48,550 --> 00:01:46,640
stephen myers has written numerous

32
00:01:50,710 --> 00:01:48,560
magazine articles

33
00:01:52,630 --> 00:01:50,720
and given many lectures on the subject

34
00:01:55,590 --> 00:01:52,640
of the great pyramid

35
00:01:57,749 --> 00:01:55,600
compiling his research into two books

36
00:02:00,069 --> 00:01:57,759
which provide a comprehensive and

37
00:02:01,830 --> 00:02:00,079
detailed explanation of how the great

38
00:02:03,830 --> 00:02:01,840

pyramid was built

39

00:02:05,109 --> 00:02:03,840

and maybe more importantly

40

00:02:07,830 --> 00:02:05,119

why

41

00:02:10,070 --> 00:02:07,840

he has also founded a non-profit

42

00:02:11,990 --> 00:02:10,080

foundation dedicated in understanding

43

00:02:14,150 --> 00:02:12,000

how and why

44

00:02:15,990 --> 00:02:14,160

the great pyramid was built

45

00:02:18,070 --> 00:02:16,000

the mission of this foundation is to

46

00:02:20,070 --> 00:02:18,080

develop these ancient but advanced

47

00:02:21,589 --> 00:02:20,080

technologies to help our modern but

48

00:02:23,589 --> 00:02:21,599

troubled world

49

00:02:28,630 --> 00:02:23,599

the foundation's website is at

50

00:02:32,869 --> 00:02:30,869

you know it has been said that science

51
00:02:35,270 --> 00:02:32,879
moves forward

52
00:02:38,070 --> 00:02:35,280
a funeral at a time

53
00:02:39,350 --> 00:02:38,080
why is that said well

54
00:02:42,790 --> 00:02:39,360
scientists

55
00:02:45,190 --> 00:02:42,800
often to impress their peers and not

56
00:02:46,869 --> 00:02:45,200
appear to be thinking out of the box go

57
00:02:48,869 --> 00:02:46,879
with the flow

58
00:02:51,350 --> 00:02:48,879
no pun intended but

59
00:02:52,790 --> 00:02:51,360
when it comes to the pump.org that's the

60
00:02:56,150 --> 00:02:52,800
opposite

61
00:02:58,309 --> 00:02:56,160
stephen myers is going against the grain

62
00:02:59,830 --> 00:02:58,319
he's looking at things from a scientific

63
00:03:02,149 --> 00:02:59,840

perspective

64

00:03:03,350 --> 00:03:02,159

and analyzing them in a way that no one

65

00:03:06,630 --> 00:03:03,360

else has

66

00:03:09,430 --> 00:03:06,640

it's definitely worth a visit

67

00:03:12,470 --> 00:03:09,440

to his website and his books are

68

00:03:14,149 --> 00:03:12,480

definitely top flight books that

69

00:03:17,509 --> 00:03:14,159

everybody should have

70

00:03:19,430 --> 00:03:17,519

in their arsenal of literature

71

00:03:21,750 --> 00:03:19,440

the giza plateau has been an area of

72

00:03:23,990 --> 00:03:21,760

mystery for quite some time

73

00:03:26,630 --> 00:03:24,000

i love what stephen myers brings to the

74

00:03:29,589 --> 00:03:26,640

table and more importantly

75

00:03:32,229 --> 00:03:29,599

i love his out of the box thinking

76

00:03:33,509 --> 00:03:32,239

and how he rises to the occasion

77

00:03:35,670 --> 00:03:33,519

explaining why

78

00:03:37,190 --> 00:03:35,680

the scientific method isn't always that

79

00:03:38,869 --> 00:03:37,200

scientific

80

00:03:41,350 --> 00:03:38,879

in fact

81

00:03:43,270 --> 00:03:41,360

a lot of times scientists are more

82

00:03:44,070 --> 00:03:43,280

worried about what their peers think of

83

00:03:46,550 --> 00:03:44,080

them

84

00:03:48,710 --> 00:03:46,560

than the truth at hand

85

00:03:50,949 --> 00:03:48,720

stephen myers welcome to the hero

86

00:03:52,869 --> 00:03:50,959

paranormal podcast

87

00:03:55,429 --> 00:03:52,879

thank you for having me on your show i

88

00:03:57,589 --> 00:03:55,439

appreciate this opportunity

89

00:03:58,710 --> 00:03:57,599

you know i had you on a while back and

90

00:04:00,869 --> 00:03:58,720

i've been

91

00:04:02,070 --> 00:04:00,879

very interested in getting you back on

92

00:04:04,470 --> 00:04:02,080

given

93

00:04:06,949 --> 00:04:04,480

all of the information you have on this

94

00:04:09,509 --> 00:04:06,959

subject matter all all the research that

95

00:04:13,350 --> 00:04:09,519

you've compiled in your books

96

00:04:16,949 --> 00:04:13,360

and i really like you know your out of

97

00:04:19,670 --> 00:04:16,959

the box theorizing which it seems as if

98

00:04:22,310 --> 00:04:19,680

science i've heard the saying

99

00:04:24,230 --> 00:04:22,320

science moves forward one funeral at a

100

00:04:27,189 --> 00:04:24,240

time and

101
00:04:28,629 --> 00:04:27,199
it does seem as if

102
00:04:30,390 --> 00:04:28,639
many scientists

103
00:04:32,710 --> 00:04:30,400
and researchers

104
00:04:35,270 --> 00:04:32,720
just to gain the acceptance of their

105
00:04:37,909 --> 00:04:35,280
peers kind of go with the flow

106
00:04:40,150 --> 00:04:37,919
and they don't question the narrative

107
00:04:41,189 --> 00:04:40,160
in fact i have a

108
00:04:43,270 --> 00:04:41,199
uncle

109
00:04:45,110 --> 00:04:43,280
um who lives in costa rica and he has

110
00:04:46,310 --> 00:04:45,120
written various books on the great

111
00:04:48,550 --> 00:04:46,320
pyramid

112
00:04:50,950 --> 00:04:48,560
and um

113
00:04:54,150 --> 00:04:50,960

you know it's it's funny how quickly

114

00:04:56,550 --> 00:04:54,160

accepted those who just reiterate the

115

00:04:58,550 --> 00:04:56,560

same thing and regurgitate the same

116

00:04:59,670 --> 00:04:58,560

theories are accepted into this

117

00:05:02,150 --> 00:04:59,680

community

118

00:05:04,550 --> 00:05:02,160

yet i believe that

119

00:05:07,909 --> 00:05:04,560

there were advanced technologies

120

00:05:09,189 --> 00:05:07,919

and i i think that what you're doing is

121

00:05:11,110 --> 00:05:09,199

great

122

00:05:13,029 --> 00:05:11,120

can we tell listeners

123

00:05:15,749 --> 00:05:13,039

how you got involved with this how this

124

00:05:18,790 --> 00:05:15,759

happened and how you started researching

125

00:05:23,430 --> 00:05:20,070

well i

126

00:05:26,390 --> 00:05:23,440

do i researched the great pyramid i just

127

00:05:29,909 --> 00:05:26,400

have a technical background if you will

128

00:05:32,310 --> 00:05:29,919

uh a degree in electronics and

129

00:05:35,189 --> 00:05:32,320

amateur radio operator and all of that

130

00:05:36,870 --> 00:05:35,199

but i also have an interest in history

131

00:05:39,029 --> 00:05:36,880

so uh

132

00:05:40,550 --> 00:05:39,039

those two things

133

00:05:42,870 --> 00:05:40,560

if you have an interest in both

134

00:05:45,270 --> 00:05:42,880

technology and history you'll ultimately

135

00:05:46,469 --> 00:05:45,280

at least have an interest in the great

136

00:05:49,590 --> 00:05:46,479

pyramid

137

00:05:53,110 --> 00:05:49,600

which is a very technological structure

138

00:05:55,029 --> 00:05:53,120

built in very ancient times so i read

139

00:05:58,469 --> 00:05:55,039

the conventional books you know written

140

00:06:00,790 --> 00:05:58,479

by egyptologists and all of that

141

00:06:03,510 --> 00:06:00,800

and uh i found out a little a dirty

142

00:06:05,990 --> 00:06:03,520

little secret about egyptology which is

143

00:06:09,029 --> 00:06:06,000

they don't uh engage in uh

144

00:06:11,909 --> 00:06:09,039

demonstrations they've never moved

145

00:06:14,469 --> 00:06:11,919

the largest stone of the great pyramid a

146

00:06:16,309 --> 00:06:14,479

weight like that 70 times they've never

147

00:06:18,309 --> 00:06:16,319

moved on one inch

148

00:06:20,710 --> 00:06:18,319

uh they've never made a

149

00:06:22,629 --> 00:06:20,720

casing stone that they say was made by

150

00:06:24,870 --> 00:06:22,639

people all day long

151
00:06:26,629 --> 00:06:24,880
using hand tools they've never made one

152
00:06:29,350 --> 00:06:26,639
so

153
00:06:31,909 --> 00:06:29,360
you know egyptology is a science

154
00:06:33,189 --> 00:06:31,919
that does not engage in the scientific

155
00:06:35,510 --> 00:06:33,199
method so

156
00:06:37,990 --> 00:06:35,520
i read alternative books about the great

157
00:06:40,150 --> 00:06:38,000
pyramid being a weapon

158
00:06:41,909 --> 00:06:40,160
or some other

159
00:06:44,070 --> 00:06:41,919
other thing like that but then i read a

160
00:06:46,550 --> 00:06:44,080
book called pharaoh's pump

161
00:06:49,029 --> 00:06:46,560
written by edward kunkel

162
00:06:51,189 --> 00:06:49,039
who uh described how the great pyramid

163
00:06:52,550 --> 00:06:51,199

was assembled using water locks and

164

00:06:54,390 --> 00:06:52,560

barges

165

00:06:55,990 --> 00:06:54,400

and that the great pyramid actually

166

00:06:58,390 --> 00:06:56,000

helped people

167

00:07:00,390 --> 00:06:58,400

by being infrastructure and being a

168

00:07:01,909 --> 00:07:00,400

water pump so that's that's how i got

169

00:07:04,870 --> 00:07:01,919

started and then

170

00:07:05,749 --> 00:07:04,880

built on edward kunkel's research

171

00:07:06,950 --> 00:07:05,759

and

172

00:07:09,110 --> 00:07:06,960

wrote

173

00:07:11,189 --> 00:07:09,120

a couple of books myself produced a

174

00:07:14,150 --> 00:07:11,199

couple of documentaries

175

00:07:17,029 --> 00:07:14,160

and anyway here i am

176

00:07:19,830 --> 00:07:17,039

you know it's that is amazing and

177

00:07:20,950 --> 00:07:19,840

i i think a lot of people

178

00:07:23,670 --> 00:07:20,960

just

179

00:07:26,070 --> 00:07:23,680

have that gut feeling that there's more

180

00:07:27,670 --> 00:07:26,080

to the pyramids than meets the eye yeah

181

00:07:29,110 --> 00:07:27,680

they're magnificent yeah they're

182

00:07:32,390 --> 00:07:29,120

fascinating

183

00:07:34,550 --> 00:07:32,400

but that much effort being put into

184

00:07:36,950 --> 00:07:34,560

building something like this there had

185

00:07:39,350 --> 00:07:36,960

to be an underlying

186

00:07:41,110 --> 00:07:39,360

reason and that's what i like about your

187

00:07:43,830 --> 00:07:41,120

research

188

00:07:44,790 --> 00:07:43,840

i recently found out i did not know this

189

00:07:47,990 --> 00:07:44,800

before

190

00:07:50,230 --> 00:07:48,000

that there was in fact a great great i

191

00:07:52,869 --> 00:07:50,240

mean i found this out in bible school

192

00:07:55,189 --> 00:07:52,879

back when i was a kid but i kind of took

193

00:07:57,270 --> 00:07:55,199

it with the grain of salt but it appears

194

00:08:00,230 --> 00:07:57,280

that there were massive floods in the

195

00:08:01,350 --> 00:08:00,240

villages of aswan and other areas in

196

00:08:02,629 --> 00:08:01,360

egypt

197

00:08:04,230 --> 00:08:02,639

and

198

00:08:06,070 --> 00:08:04,240

this storm

199

00:08:08,710 --> 00:08:06,080

may have covered

200

00:08:10,790 --> 00:08:08,720

a lot of information have you come

201
00:08:13,110 --> 00:08:10,800
across this and and

202
00:08:14,309 --> 00:08:13,120
one particular maze is what stood out to

203
00:08:16,710 --> 00:08:14,319
me i believe

204
00:08:19,270 --> 00:08:16,720
uh i i can't remember how deep they said

205
00:08:21,589 --> 00:08:19,280
this was probably buried under this this

206
00:08:24,309 --> 00:08:21,599
uh the muddy flood but

207
00:08:25,430 --> 00:08:24,319
this this turned my head in looking like

208
00:08:27,589 --> 00:08:25,440
kind of at a

209
00:08:29,670 --> 00:08:27,599
this at a different angle that

210
00:08:31,670 --> 00:08:29,680
a lot of things are nonchalantly just

211
00:08:35,829 --> 00:08:31,680
kind of cast at the wayside and people

212
00:08:40,310 --> 00:08:37,190
well i know that

213
00:08:43,350 --> 00:08:40,320

the Nile had a yearly inundation

214

00:08:44,870 --> 00:08:43,360

sometimes much larger than others

215

00:08:46,150 --> 00:08:44,880

and

216

00:08:48,550 --> 00:08:46,160

so

217

00:08:50,070 --> 00:08:48,560

certainly I'm sure a bunch of

218

00:08:51,030 --> 00:08:50,080

information

219

00:08:52,389 --> 00:08:51,040

and

220

00:08:55,110 --> 00:08:52,399

artifacts

221

00:08:56,790 --> 00:08:55,120

have been covered up by the

222

00:08:59,670 --> 00:08:56,800

silt if you will

223

00:09:03,430 --> 00:08:59,680

and lost to the sands of time

224

00:09:04,949 --> 00:09:03,440

but uh that's that's true you uh i i

225

00:09:06,829 --> 00:09:04,959

appreciate your

226

00:09:09,829 --> 00:09:06,839

thoughts about the direction of my

227

00:09:13,030 --> 00:09:09,839

research that the great pyramid

228

00:09:14,949 --> 00:09:13,040

had a huge return on investment

229

00:09:17,430 --> 00:09:14,959

that must have been bigger

230

00:09:19,990 --> 00:09:17,440

than the cost of building it you know

231

00:09:22,630 --> 00:09:20,000

just like a hydroelectric dam

232

00:09:24,870 --> 00:09:22,640

the uh you know highways

233

00:09:26,710 --> 00:09:24,880

the power grid that type of thing so it

234

00:09:28,070 --> 00:09:26,720

must have had a huge return on

235

00:09:29,430 --> 00:09:28,080

investment

236

00:09:32,230 --> 00:09:29,440

so

237

00:09:33,750 --> 00:09:32,240

one car criteria i use

238

00:09:35,590 --> 00:09:33,760

to determine

239

00:09:38,310 --> 00:09:35,600

people's research

240

00:09:40,150 --> 00:09:38,320

is to find out what the return on

241

00:09:43,590 --> 00:09:40,160

investment is they feel the great

242

00:09:45,430 --> 00:09:43,600

pyramid had if it was like symbolic or

243

00:09:48,150 --> 00:09:45,440

pointed to something

244

00:09:49,670 --> 00:09:48,160

that seems like a really small return on

245

00:09:51,910 --> 00:09:49,680

investment

246

00:09:53,990 --> 00:09:51,920

for such a big project

247

00:09:55,990 --> 00:09:54,000

or if it was a tomb

248

00:09:57,670 --> 00:09:56,000

even though it doesn't look like a tomb

249

00:09:59,509 --> 00:09:57,680

that's a pretty small return on

250

00:10:01,910 --> 00:09:59,519

investment so

251
00:10:04,630 --> 00:10:01,920
i tell people we can we can build a

252
00:10:05,750 --> 00:10:04,640
great big pyramid uh here in the united

253
00:10:08,150 --> 00:10:05,760
states

254
00:10:10,550 --> 00:10:08,160
might cost 50 billion dollars to build

255
00:10:13,990 --> 00:10:10,560
it but we could symbolically tell people

256
00:10:16,069 --> 00:10:14,000
in the future that we knew pi

257
00:10:18,949 --> 00:10:16,079
but the reason why we don't do that is

258
00:10:20,870 --> 00:10:18,959
because it would be stupid and i think

259
00:10:22,310 --> 00:10:20,880
the original builders were geniuses and

260
00:10:27,190 --> 00:10:22,320
they didn't

261
00:10:30,230 --> 00:10:27,200
the great pyramid that provided a small

262
00:10:33,190 --> 00:10:30,240
return on investment

263
00:10:35,430 --> 00:10:33,200

completely accurate and i i don't think

264

00:10:37,509 --> 00:10:35,440

that someone who could build such an

265

00:10:39,910 --> 00:10:37,519

amazing structure

266

00:10:42,550 --> 00:10:39,920

would do so as you said without

267

00:10:44,870 --> 00:10:42,560

underlying reasons and

268

00:10:48,069 --> 00:10:44,880

i like how comprehensive and detailed an

269

00:10:50,470 --> 00:10:48,079

explanation you give in your books about

270

00:10:53,190 --> 00:10:50,480

this lost technology

271

00:10:55,389 --> 00:10:53,200

it is uh i believe you have a foundation

272

00:10:58,150 --> 00:10:55,399

is it at

273

00:11:00,470 --> 00:10:58,160

www.thepump.org is that correct

274

00:11:03,829 --> 00:11:00,480

it is correct and that's where they uh

275

00:11:05,990 --> 00:11:03,839

you can find out about links to my books

276

00:11:07,670 --> 00:11:06,000

and also there's a free

277

00:11:09,509 --> 00:11:07,680

video series

278

00:11:12,310 --> 00:11:09,519

about how the great pyramid was

279

00:11:15,110 --> 00:11:12,320

assembled using water locks and barges

280

00:11:17,350 --> 00:11:15,120

it's very visual a lot of computer

281

00:11:18,870 --> 00:11:17,360

generated animations and it shows the

282

00:11:21,030 --> 00:11:18,880

systematic

283

00:11:23,430 --> 00:11:21,040

production line efficiency

284

00:11:25,750 --> 00:11:23,440

of using water locks and barges to

285

00:11:28,470 --> 00:11:25,760

assemble the great pyramid so there's a

286

00:11:31,430 --> 00:11:28,480

lot of information on our website

287

00:11:34,710 --> 00:11:31,440

and i i want to thank you you sent me

288

00:11:37,269 --> 00:11:34,720

the video and i've watched it a couple

289

00:11:38,310 --> 00:11:37,279

times and it makes perfect sense it's

290

00:11:40,069 --> 00:11:38,320

similar

291

00:11:42,150 --> 00:11:40,079

to the technology not identical but

292

00:11:43,990 --> 00:11:42,160

similar similar to the technology used

293

00:11:45,030 --> 00:11:44,000

in the locks at the panama canal and

294

00:11:47,990 --> 00:11:45,040

such

295

00:11:51,269 --> 00:11:48,000

and it's really an efficient way to move

296

00:11:54,710 --> 00:11:51,279

practically immovable objects isn't it

297

00:11:59,269 --> 00:11:54,720

it is uh in modern times

298

00:12:01,430 --> 00:11:59,279

uh we don't use a magic wand or hum

299

00:12:03,110 --> 00:12:01,440

or worship crystals to move our most

300

00:12:06,230 --> 00:12:03,120

heaviest objects

301

00:12:07,990 --> 00:12:06,240

we use water locks we can lift

302

00:12:10,629 --> 00:12:08,000

battleships

303

00:12:12,550 --> 00:12:10,639

using water locks and in fact water

304

00:12:15,190 --> 00:12:12,560

locks are the

305

00:12:17,990 --> 00:12:15,200

uh not primitive by any means

306

00:12:19,829 --> 00:12:18,000

but the the system of choice here in the

307

00:12:22,310 --> 00:12:19,839

21st century

308

00:12:24,230 --> 00:12:22,320

to move our largest objects the panama

309

00:12:25,590 --> 00:12:24,240

canal that you mentioned was recently

310

00:12:29,350 --> 00:12:25,600

expanded

311

00:12:31,509 --> 00:12:29,360

with larger water locks they didn't drag

312

00:12:35,590 --> 00:12:31,519

the ships up a ramp

313

00:12:40,230 --> 00:12:35,600

or they didn't use a magic wand to move

314

00:12:42,310 --> 00:12:40,240

those heavy objects or sound technology

315

00:12:44,710 --> 00:12:42,320

they used water locks because it

316

00:12:47,269 --> 00:12:44,720

actually works in the real world

317

00:12:49,829 --> 00:12:47,279

and i think in ancient times to move

318

00:12:52,069 --> 00:12:49,839

their heaviest objects

319

00:12:55,829 --> 00:12:52,079

and heaviest stones of the great pyramid

320

00:13:03,110 --> 00:12:59,269

and before i forget you are also uh

321

00:13:05,430 --> 00:13:03,120

offering to a limited amount of guests a

322

00:13:07,750 --> 00:13:05,440

enchanted egypt tour kind of an

323

00:13:08,790 --> 00:13:07,760

exclusive and intimate tour

324

00:13:10,629 --> 00:13:08,800

which will

325

00:13:12,629 --> 00:13:10,639

feature a lot of these theories and fun

326

00:13:15,910 --> 00:13:12,639

activities and you'll visit many of the

327

00:13:17,590 --> 00:13:15,920

ancient and ex and and modern sites in

328

00:13:19,190 --> 00:13:17,600

the country of egypt could you tell our

329

00:13:21,190 --> 00:13:19,200

listeners a little bit about that since

330

00:13:24,710 --> 00:13:21,200

that's coming up

331

00:13:25,590 --> 00:13:24,720

yes uh i am uh

332

00:13:29,269 --> 00:13:25,600

um

333

00:13:31,190 --> 00:13:29,279

co-leading this tour with ramona miles

334

00:13:34,710 --> 00:13:31,200

and she is a

335

00:13:36,710 --> 00:13:34,720

podcaster uh a entrepreneur

336

00:13:38,629 --> 00:13:36,720

world traveler

337

00:13:41,430 --> 00:13:38,639

she's been to egypt

338

00:13:43,830 --> 00:13:41,440

she also

339

00:13:45,509 --> 00:13:43,840

has a magazine that she is

340

00:13:47,110 --> 00:13:45,519

[Music]

341

00:13:49,590 --> 00:13:47,120

the publisher of

342

00:13:51,670 --> 00:13:49,600

so she's got a lot going on and myself

343

00:13:53,509 --> 00:13:51,680

are leading this tour which we're

344

00:13:57,030 --> 00:13:53,519

calling the enchanted

345

00:13:57,750 --> 00:13:57,040

uh tour of egypt and it is from november

346

00:14:05,910 --> 00:13:57,760

the

347

00:14:07,829 --> 00:14:05,920

uh

348

00:14:10,710 --> 00:14:07,839

13-day tour

349

00:14:13,590 --> 00:14:10,720

five of those days will be on one of

350

00:14:14,870 --> 00:14:13,600

those ships that that go cruises along

351
00:14:16,949 --> 00:14:14,880
the Nile

352
00:14:18,470 --> 00:14:16,959
and it'll all have you know

353
00:14:21,030 --> 00:14:18,480
excellent uh

354
00:14:21,990 --> 00:14:21,040
food excellent accommodations that type

355
00:14:24,550 --> 00:14:22,000
of thing

356
00:14:26,150 --> 00:14:24,560
and we'll go to all the ancient sites

357
00:14:28,629 --> 00:14:26,160
that we can

358
00:14:29,590 --> 00:14:28,639
a whole host of them but to find out

359
00:14:31,509 --> 00:14:29,600
more

360
00:14:33,350 --> 00:14:31,519
you can go either to my website at

361
00:14:35,750 --> 00:14:33,360
thebump.org

362
00:14:36,550 --> 00:14:35,760
or to sign up

363
00:14:41,670 --> 00:14:36,560

for

364

00:14:42,829 --> 00:14:41,680

about the complete itinerary you can go

365

00:14:47,590 --> 00:14:42,839

to

366

00:14:48,550 --> 00:14:47,600

um ramona miles website so uh that's all

367

00:14:53,030 --> 00:14:48,560

listed

368

00:14:56,550 --> 00:14:53,040

on my facebook page and it's also on

369

00:14:59,110 --> 00:14:56,560

uh you know her page so uh

370

00:15:01,990 --> 00:14:59,120

that's uh

371

00:15:03,670 --> 00:15:02,000

you can go see that and then also there

372

00:15:04,949 --> 00:15:03,680

is a

373

00:15:07,350 --> 00:15:04,959

um

374

00:15:12,069 --> 00:15:07,360

informational

375

00:15:15,670 --> 00:15:12,079

video so you can watch that and you can

376

00:15:18,629 --> 00:15:15,680

go to life along the Nile dot com

377

00:15:19,829 --> 00:15:18,639

that's life along the Nile dot com all

378

00:15:22,069 --> 00:15:19,839

one word

379

00:15:23,910 --> 00:15:22,079

to find out more about the cruise and i

380

00:15:25,189 --> 00:15:23,920

hope people

381

00:15:27,509 --> 00:15:25,199

will

382

00:15:28,629 --> 00:15:27,519

sign up we've just announced it a few

383

00:15:30,550 --> 00:15:28,639

days ago

384

00:15:32,790 --> 00:15:30,560

and there's been a lot of interest in

385

00:15:34,550 --> 00:15:32,800

this uh tour

386

00:15:36,710 --> 00:15:34,560

i think it's great thanks for going into

387

00:15:38,230 --> 00:15:36,720

that and the other thing i think is

388

00:15:40,069 --> 00:15:38,240

great is kind of

389

00:15:41,990 --> 00:15:40,079

viewing this from like an

390

00:15:43,670 --> 00:15:42,000

environmentally standpoint

391

00:15:46,069 --> 00:15:43,680

environmentally conscious standpoint

392

00:15:47,110 --> 00:15:46,079

excuse me in that

393

00:15:50,069 --> 00:15:47,120

this

394

00:15:53,990 --> 00:15:50,079

energy-efficient non-polluting

395

00:15:56,949 --> 00:15:54,000

energy technology which was in fact

396

00:15:58,470 --> 00:15:56,959

possibly why the great pyramid was built

397

00:16:01,269 --> 00:15:58,480

is

398

00:16:04,230 --> 00:16:01,279

very conservationally friendly and it

399

00:16:07,110 --> 00:16:04,240

could help our future couldn't it

400

00:16:09,749 --> 00:16:07,120

i think so our foundation is a

401
00:16:13,110 --> 00:16:09,759
humanitarian organization

402
00:16:15,110 --> 00:16:13,120
and uh we want to change the world we

403
00:16:16,550 --> 00:16:15,120
think the great pyramid provided

404
00:16:19,590 --> 00:16:16,560
prosperity

405
00:16:22,870 --> 00:16:19,600
for the people who built it it didn't

406
00:16:25,829 --> 00:16:22,880
it wasn't for any type of bible prophecy

407
00:16:27,829 --> 00:16:25,839
it wasn't to tell us pie

408
00:16:29,990 --> 00:16:27,839
or to bury somebody

409
00:16:32,949 --> 00:16:30,000
but it was uh infrastructure like a

410
00:16:34,629 --> 00:16:32,959
hydroelectric dam but this would with

411
00:16:37,350 --> 00:16:34,639
that pumped water

412
00:16:39,509 --> 00:16:37,360
you have a alternative method to

413
00:16:41,509 --> 00:16:39,519

generate electricity so if you can pump

414

00:16:43,749 --> 00:16:41,519

water cheaply

415

00:16:45,189 --> 00:16:43,759

you can generate electricity cheaply and

416

00:16:47,829 --> 00:16:45,199

we want to

417

00:16:49,269 --> 00:16:47,839

redevelop this ancient high technology

418

00:16:51,110 --> 00:16:49,279

for our modern

419

00:16:53,910 --> 00:16:51,120

but very troubled world and you don't

420

00:16:57,670 --> 00:16:53,920

need a big pyramid or anything

421

00:16:58,949 --> 00:16:57,680

we're using pvc pipe and polypropylene

422

00:17:01,269 --> 00:16:58,959

containers

423

00:17:03,910 --> 00:17:01,279

and some custom fabrication

424

00:17:06,630 --> 00:17:03,920

to redevelop this technology my second

425

00:17:07,909 --> 00:17:06,640

book the great pyramid prosperity

426

00:17:11,189 --> 00:17:07,919

machine

427

00:17:13,429 --> 00:17:11,199

describes in detail how the passages and

428

00:17:15,350 --> 00:17:13,439

chambers of the great pyramid

429

00:17:16,309 --> 00:17:15,360

were used to pump water

430

00:17:18,309 --> 00:17:16,319

and we

431

00:17:21,110 --> 00:17:18,319

want to uh

432

00:17:23,189 --> 00:17:21,120

you know adapt that technology

433

00:17:24,789 --> 00:17:23,199

using modern materials

434

00:17:27,189 --> 00:17:24,799

to uh

435

00:17:29,110 --> 00:17:27,199

be able to generate electricity and do

436

00:17:31,190 --> 00:17:29,120

other things of course

437

00:17:33,029 --> 00:17:31,200

so uh that

438

00:17:35,750 --> 00:17:33,039

these um

439

00:17:39,669 --> 00:17:35,760

types of pumps could be either a

440

00:17:41,830 --> 00:17:39,679

community or for individuals on farms

441

00:17:44,470 --> 00:17:41,840

that type of thing so we're working on

442

00:17:47,029 --> 00:17:44,480

it funding has been an issue

443

00:17:50,070 --> 00:17:47,039

and it's um you know

444

00:17:51,909 --> 00:17:50,080

our most uh funding intense activity of

445

00:17:53,990 --> 00:17:51,919

our foundation so

446

00:17:57,110 --> 00:17:54,000

if people are interested in finding out

447

00:17:59,350 --> 00:17:57,120

about that aspect of our research they

448

00:18:02,070 --> 00:17:59,360

can contact us through our website at

449

00:18:04,470 --> 00:18:02,080

thepop.org

450

00:18:07,110 --> 00:18:04,480

and i'm glad that you mentioned that the

451
00:18:09,590 --> 00:18:07,120
pyramids are not tombs because this was

452
00:18:11,990 --> 00:18:09,600
a widely held

453
00:18:14,310 --> 00:18:12,000
theory for quite some time and when it

454
00:18:16,710 --> 00:18:14,320
was disproven i found it very

455
00:18:19,350 --> 00:18:16,720
interesting that it was just kind of uh

456
00:18:21,190 --> 00:18:19,360
brushed under the rug and they moved on

457
00:18:24,470 --> 00:18:21,200
with the next narrative

458
00:18:26,950 --> 00:18:24,480
which is that it took 20 000 people 20

459
00:18:29,990 --> 00:18:26,960
years to build the great pyramid of giza

460
00:18:32,549 --> 00:18:30,000
which consists out of 2.3 million stone

461
00:18:33,510 --> 00:18:32,559
blocks each of them weighing up to 10

462
00:18:34,549 --> 00:18:33,520
tons

463
00:18:36,789 --> 00:18:34,559

now that's

464

00:18:39,590 --> 00:18:36,799

20 000 workmen

465

00:18:41,669 --> 00:18:39,600

15 000 of them work 12 hours a day to

466

00:18:42,950 --> 00:18:41,679

make this number possible for three

467

00:18:44,549 --> 00:18:42,960

months and then went back to their

468

00:18:47,190 --> 00:18:44,559

villages and then new builders would

469

00:18:48,549 --> 00:18:47,200

replace them and this is almost as

470

00:18:51,350 --> 00:18:48,559

far-fetched

471

00:18:52,150 --> 00:18:51,360

in my opinion as the original theory

472

00:19:00,230 --> 00:18:52,160

that

473

00:19:03,029 --> 00:19:00,240

tombs has not been rejected by certainly

474

00:19:05,750 --> 00:19:03,039

everybody uh boston university hasn't

475

00:19:08,070 --> 00:19:05,760

rejected that idea you can still get a

476

00:19:10,870 --> 00:19:08,080

degree in egyptology

477

00:19:13,029 --> 00:19:10,880

uh from the boston university and uh

478

00:19:15,909 --> 00:19:13,039

they tell those stories about all the

479

00:19:19,270 --> 00:19:15,919

workers with the strong back muscles

480

00:19:22,150 --> 00:19:19,280

and they tell the stories about workers

481

00:19:23,510 --> 00:19:22,160

doing extremely precise large-scale

482

00:19:25,750 --> 00:19:23,520

stone cutting

483

00:19:28,470 --> 00:19:25,760

with copper chisels and they don't

484

00:19:30,470 --> 00:19:28,480

provide any demonstrations of course

485

00:19:32,870 --> 00:19:30,480

because it's impossible

486

00:19:34,789 --> 00:19:32,880

and so you can

487

00:19:36,310 --> 00:19:34,799

the idea

488

00:19:38,470 --> 00:19:36,320

they still write books that are

489

00:19:40,549 --> 00:19:38,480

published by major uh

490

00:19:43,669 --> 00:19:40,559

book publishing companies

491

00:19:47,190 --> 00:19:43,679

about the great pyramid being built

492

00:19:50,310 --> 00:19:47,200

by all these uh idiotic workers dragging

493

00:19:53,270 --> 00:19:50,320

stones up a ramp so shame on the boston

494

00:19:55,990 --> 00:19:53,280

university shame on on them and other

495

00:19:57,669 --> 00:19:56,000

other universities around the world

496

00:20:00,630 --> 00:19:57,679

in fact i'm glad that i don't have a

497

00:20:03,430 --> 00:20:00,640

degree from the boston university

498

00:20:06,630 --> 00:20:03,440

because if i did it would

499

00:20:08,390 --> 00:20:06,640

undermine my credence undermine my uh

500

00:20:11,350 --> 00:20:08,400

credibility if you will

501
00:20:12,630 --> 00:20:11,360
so it would be like handing out uh

502
00:20:14,870 --> 00:20:12,640
a uh

503
00:20:17,430 --> 00:20:14,880
a degree in phrenology you know that

504
00:20:19,990 --> 00:20:17,440
study of the bumps on people's heads

505
00:20:22,870 --> 00:20:20,000
and how they relate to character traits

506
00:20:26,870 --> 00:20:22,880
but yeah it's uh

507
00:20:29,590 --> 00:20:26,880
science advances funeral by funeral but

508
00:20:30,549 --> 00:20:29,600
a lot of people reject that idea anymore

509
00:20:32,470 --> 00:20:30,559
you know

510
00:20:34,789 --> 00:20:32,480
about the ramp and the workers because

511
00:20:36,630 --> 00:20:34,799
it can't be done there's another idea

512
00:20:38,390 --> 00:20:36,640
that's been rejected which is cows

513
00:20:40,549 --> 00:20:38,400

jumping over the moon

514

00:20:42,470 --> 00:20:40,559

and you can read about it in literature

515

00:20:44,549 --> 00:20:42,480

and there's stories you know oral

516

00:20:45,510 --> 00:20:44,559

traditions about cows jumping over the

517

00:20:47,510 --> 00:20:45,520

moon

518

00:20:49,669 --> 00:20:47,520

but people have rejected it because you

519

00:20:51,029 --> 00:20:49,679

can't demonstrate it

520

00:20:53,750 --> 00:20:51,039

that's

521

00:20:56,390 --> 00:20:53,760

the same thing about most of what

522

00:20:59,190 --> 00:20:56,400

egyptologists say it literally cannot be

523

00:21:01,190 --> 00:20:59,200

demonstrated in the real world

524

00:21:05,430 --> 00:21:01,200

so

525

00:21:07,990 --> 00:21:05,440

generations for science

526
00:21:09,270 --> 00:21:08,000
to get caught up with truth isn't that

527
00:21:12,549 --> 00:21:09,280
interesting

528
00:21:13,430 --> 00:21:12,559
it is and i i just find it magnificent

529
00:21:17,430 --> 00:21:13,440
that

530
00:21:19,430 --> 00:21:17,440
have tried to explain the true purpose

531
00:21:20,630 --> 00:21:19,440
of the great pyramid of giza

532
00:21:22,950 --> 00:21:20,640
the most

533
00:21:24,870 --> 00:21:22,960
accepted one was in fact that this

534
00:21:27,190 --> 00:21:24,880
structure was built to safeguard the

535
00:21:31,750 --> 00:21:27,200
pharaoh's body in the afterlife yet

536
00:21:34,149 --> 00:21:31,760
there's absolutely no proof of that

537
00:21:35,909 --> 00:21:34,159
that's true certainly uh there has been

538
00:21:37,350 --> 00:21:35,919

no uh

539

00:21:39,190 --> 00:21:37,360

original

540

00:21:41,590 --> 00:21:39,200

mummy from any

541

00:21:43,350 --> 00:21:41,600

uh pyramid that survived

542

00:21:46,070 --> 00:21:43,360

to modern times

543

00:21:48,390 --> 00:21:46,080

many of the pharaohs were buried in the

544

00:21:51,909 --> 00:21:48,400

valley of the kings in other words in

545

00:21:55,350 --> 00:21:51,919

holes in the ground not in a big pyramid

546

00:21:58,950 --> 00:21:55,360

so uh yeah it's just a made-up story

547

00:22:00,710 --> 00:21:58,960

uh egyptology got its start from uh tomb

548

00:22:03,510 --> 00:22:00,720

robbers if you will

549

00:22:05,590 --> 00:22:03,520

and if you're a tomb robber and uh you

550

00:22:07,830 --> 00:22:05,600

know whatever you encounter is a tomb

551
00:22:08,870 --> 00:22:07,840
you know if you're a hammer the world is

552
00:22:10,230 --> 00:22:08,880
a nail

553
00:22:11,910 --> 00:22:10,240
so

554
00:22:13,029 --> 00:22:11,920
they say well the great pyramid

555
00:22:15,029 --> 00:22:13,039
[Music]

556
00:22:17,990 --> 00:22:15,039
it must have been a tomb because the

557
00:22:20,870 --> 00:22:18,000
mummy and all the golden treasure is

558
00:22:22,470 --> 00:22:20,880
gone so it was stolen

559
00:22:25,029 --> 00:22:22,480
uh before

560
00:22:27,350 --> 00:22:25,039
us egyptologists could steal it

561
00:22:30,390 --> 00:22:27,360
and since there's no evidence for it

562
00:22:32,710 --> 00:22:30,400
that proves that it's a tomb

563
00:22:34,630 --> 00:22:32,720

yeah and i find it you know there's so

564

00:22:36,950 --> 00:22:34,640

many pieces of the puzzle missing i mean

565

00:22:39,430 --> 00:22:36,960

you look at the tomb of tootin common

566

00:22:41,669 --> 00:22:39,440

for example and his tomb is intricately

567

00:22:43,750 --> 00:22:41,679

carved with colorful walls depict

568

00:22:45,230 --> 00:22:43,760

depicting various scenes beautifully

569

00:22:48,549 --> 00:22:45,240

finished

570

00:22:51,590 --> 00:22:48,559

hieroglyphics and yet there are these

571

00:22:54,630 --> 00:22:51,600

undecorated tombs within

572

00:22:58,710 --> 00:22:54,640

the pyramids which are claimed to be the

573

00:23:01,110 --> 00:22:58,720

same and they look nothing like that of

574

00:23:03,350 --> 00:23:01,120

as you mentioned the uh

575

00:23:05,750 --> 00:23:03,360

the valley of the kings so

576

00:23:08,950 --> 00:23:05,760

it's just you know and that's just one

577

00:23:11,830 --> 00:23:08,960

part of it and and it's just curious

578

00:23:14,310 --> 00:23:11,840

it's very curious that this is

579

00:23:15,590 --> 00:23:14,320

something that is widespread and still

580

00:23:18,390 --> 00:23:15,600

believed

581

00:23:19,669 --> 00:23:18,400

and it just reeks of disinformation to

582

00:23:20,789 --> 00:23:19,679

me

583

00:23:23,909 --> 00:23:20,799

oh it is

584

00:23:27,510 --> 00:23:23,919

it really is so uh and what makes it

585

00:23:30,230 --> 00:23:27,520

reek is the really poor research methods

586

00:23:33,190 --> 00:23:30,240

used by egyptologists

587

00:23:36,710 --> 00:23:33,200

i have uh created a video called is

588

00:23:38,789 --> 00:23:36,720

egyptology a pseudoscience it's on my

589

00:23:40,789 --> 00:23:38,799

youtube channel you can get to it from

590

00:23:42,630 --> 00:23:40,799

thepump.org

591

00:23:44,310 --> 00:23:42,640

and uh

592

00:23:46,470 --> 00:23:44,320

a lot of people have said that was a

593

00:23:48,070 --> 00:23:46,480

very powerful video so i hope people

594

00:23:51,269 --> 00:23:48,080

watch that

595

00:23:52,870 --> 00:23:51,279

but yeah temples in ancient egypt are

596

00:23:55,350 --> 00:23:52,880

adorned

597

00:23:57,430 --> 00:23:55,360

on every surface with writing

598

00:23:59,909 --> 00:23:57,440

but the tomb of a pharaoh

599

00:24:01,350 --> 00:23:59,919

like the great pyramid has no writing

600

00:24:04,789 --> 00:24:01,360

it's interesting

601
00:24:06,789 --> 00:24:04,799
uh inside your your car engine

602
00:24:09,590 --> 00:24:06,799
there's just a few like maybe part

603
00:24:12,789 --> 00:24:09,600
numbers but there's no writing inside

604
00:24:15,190 --> 00:24:12,799
the cylinders or inside of it because

605
00:24:16,950 --> 00:24:15,200
it's a machine it doesn't need writing

606
00:24:18,549 --> 00:24:16,960
and it's the same with the great pyramid

607
00:24:21,029 --> 00:24:18,559
it doesn't need

608
00:24:23,669 --> 00:24:21,039
a bunch of hieroglyphs inside and

609
00:24:26,630 --> 00:24:23,679
doesn't have hieroglyphs inside so

610
00:24:29,909 --> 00:24:26,640
it's uh it is it's um

611
00:24:31,510 --> 00:24:29,919
a research a researcher should should do

612
00:24:35,750 --> 00:24:31,520
two things

613
00:24:37,669 --> 00:24:35,760

one seek the truth but also to

614

00:24:40,149 --> 00:24:37,679

destroy falsehoods

615

00:24:43,110 --> 00:24:40,159

and you you have to do both ends of the

616

00:24:45,190 --> 00:24:43,120

spectrum to make

617

00:24:47,510 --> 00:24:45,200

make any kind of a difference i know

618

00:24:48,470 --> 00:24:47,520

some researchers who say

619

00:24:50,870 --> 00:24:48,480

oh

620

00:24:52,710 --> 00:24:50,880

everybody's got a piece of the puzzle

621

00:24:54,870 --> 00:24:52,720

you know

622

00:24:57,029 --> 00:24:54,880

no everybody doesn't have a piece of a

623

00:24:59,430 --> 00:24:57,039

puzzle each each

624

00:25:01,909 --> 00:24:59,440

explanation of the great pyramid is

625

00:25:03,990 --> 00:25:01,919

either correct or incorrect

626

00:25:06,070 --> 00:25:04,000

and you need to make a distinction

627

00:25:07,750 --> 00:25:06,080

between the two so

628

00:25:09,350 --> 00:25:07,760

i know that

629

00:25:11,350 --> 00:25:09,360

not long ago

630

00:25:12,710 --> 00:25:11,360

there was a big idea that the great

631

00:25:15,350 --> 00:25:12,720

pyramid

632

00:25:18,230 --> 00:25:15,360

confirmed a bible prophecy

633

00:25:20,390 --> 00:25:18,240

and uh also confirmed the birthplace of

634

00:25:24,230 --> 00:25:20,400

jesus and all of that

635

00:25:26,789 --> 00:25:24,240

but that has mostly been rejected

636

00:25:29,430 --> 00:25:26,799

by people except for a few religious

637

00:25:31,750 --> 00:25:29,440

zealots because the

638

00:25:33,029 --> 00:25:31,760

foundational research methods are so

639

00:25:34,789 --> 00:25:33,039

flawed

640

00:25:36,549 --> 00:25:34,799

for the research that they've come up

641

00:25:39,510 --> 00:25:36,559

with so

642

00:25:41,750 --> 00:25:39,520

it's uh it's been a battle trying to but

643

00:25:42,789 --> 00:25:41,760

it always has been it's always been a

644

00:25:45,350 --> 00:25:42,799

battle

645

00:25:46,470 --> 00:25:45,360

in terms of research and science it's

646

00:25:48,070 --> 00:25:46,480

not the

647

00:25:49,350 --> 00:25:48,080

unbiased

648

00:25:52,630 --> 00:25:49,360

um

649

00:25:55,510 --> 00:25:52,640

guys in lab coats that people make

650

00:25:57,110 --> 00:25:55,520

science out to be it's a real messy

651
00:26:00,070 --> 00:25:57,120
place

652
00:26:01,990 --> 00:26:00,080
and it's it's often you know it the

653
00:26:04,390 --> 00:26:02,000
hostility of

654
00:26:06,789 --> 00:26:04,400
science comes on to anyone that has

655
00:26:08,470 --> 00:26:06,799
theories outside the box

656
00:26:11,830 --> 00:26:08,480
and you know

657
00:26:14,230 --> 00:26:11,840
think that maybe a bunch of

658
00:26:16,230 --> 00:26:14,240
simple slaves could have organized the

659
00:26:18,549 --> 00:26:16,240
infrastructure develop the math cut

660
00:26:21,830 --> 00:26:18,559
carry and place all these stones

661
00:26:23,029 --> 00:26:21,840
building over a hundred pyramids and

662
00:26:25,269 --> 00:26:23,039
you know

663
00:26:27,510 --> 00:26:25,279

it's it's amazing to me and a bit

664

00:26:30,230 --> 00:26:27,520

offensive that science

665

00:26:33,990 --> 00:26:30,240

quickly and very

666

00:26:35,590 --> 00:26:34,000

very rudely will try to snuff out any

667

00:26:36,470 --> 00:26:35,600

new theories

668

00:26:39,029 --> 00:26:36,480

and

669

00:26:40,549 --> 00:26:39,039

why is that why why is science so stuck

670

00:26:44,310 --> 00:26:40,559

on

671

00:26:47,350 --> 00:26:44,320

the path and unwilling to look at things

672

00:26:53,190 --> 00:26:50,310

uh it's the nature of of humanity it's

673

00:26:55,269 --> 00:26:53,200

our nature we're a lot different than a

674

00:26:57,269 --> 00:26:55,279

computer hard drive if you have new

675

00:26:58,710 --> 00:26:57,279

information you just ride over the old

676
00:27:00,149 --> 00:26:58,720
archive

677
00:27:02,549 --> 00:27:00,159
but

678
00:27:03,830 --> 00:27:02,559
with people with humans you and i

679
00:27:06,669 --> 00:27:03,840
everybody

680
00:27:08,310 --> 00:27:06,679
once you learn something it is almost

681
00:27:09,190 --> 00:27:08,320
insurmountable

682
00:27:11,750 --> 00:27:09,200
to

683
00:27:14,310 --> 00:27:11,760
reject what you thought was true and

684
00:27:16,549 --> 00:27:14,320
accept a higher truth it is just the

685
00:27:18,789 --> 00:27:16,559
nature of human beings

686
00:27:21,830 --> 00:27:18,799
and but science

687
00:27:25,350 --> 00:27:21,840
isn't is institutionally

688
00:27:27,590 --> 00:27:25,360

uh against the advancement of science

689

00:27:30,389 --> 00:27:27,600

let me put it that way you know people

690

00:27:33,190 --> 00:27:30,399

say trust the science oh my golly that's

691

00:27:34,710 --> 00:27:33,200

the least scientific statement that's

692

00:27:37,430 --> 00:27:34,720

ever been made

693

00:27:39,430 --> 00:27:37,440

but it's it's not just me with an idea

694

00:27:42,149 --> 00:27:39,440

that the great pyramid could actually

695

00:27:45,029 --> 00:27:42,159

help people in a tangible way it was

696

00:27:46,710 --> 00:27:45,039

everybody nikola tesla there was so much

697

00:27:48,870 --> 00:27:46,720

um

698

00:27:50,630 --> 00:27:48,880

with the scientific community against

699

00:27:52,230 --> 00:27:50,640

alternating current

700

00:27:54,870 --> 00:27:52,240

they were against that they didn't

701
00:27:57,350 --> 00:27:54,880
believe it worked and all all of that um

702
00:28:01,510 --> 00:27:57,360
the guy that figured out penicillin

703
00:28:03,909 --> 00:28:01,520
alexander fleming he was uh fought

704
00:28:05,430 --> 00:28:03,919
by the medical community how could a how

705
00:28:07,990 --> 00:28:05,440
could a botanist come up with the

706
00:28:09,590 --> 00:28:08,000
medicine well we're you know he's he's

707
00:28:12,470 --> 00:28:09,600
not an expert

708
00:28:16,310 --> 00:28:12,480
and that type of thing so

709
00:28:18,470 --> 00:28:16,320
finally uh penicillin was accepted and

710
00:28:20,950 --> 00:28:18,480
that's a very fascinating story you know

711
00:28:22,549 --> 00:28:20,960
it took like 20 years

712
00:28:24,149 --> 00:28:22,559
the wright brothers

713
00:28:26,149 --> 00:28:24,159

uh were

714

00:28:28,310 --> 00:28:26,159

you know demeaned

715

00:28:30,950 --> 00:28:28,320

and they fought you can't have it

716

00:28:33,029 --> 00:28:30,960

heavier than air aircraft

717

00:28:35,110 --> 00:28:33,039

they when they were flying

718

00:28:37,350 --> 00:28:35,120

people said oh that's not flying it's

719

00:28:40,789 --> 00:28:37,360

just like bouncing off the ground and

720

00:28:42,070 --> 00:28:40,799

kind of like a ball goes in the air so

721

00:28:46,230 --> 00:28:42,080

it's uh

722

00:28:48,710 --> 00:28:46,240

and and other people in modern times um

723

00:28:51,269 --> 00:28:48,720

dr robert shock who said

724

00:28:53,909 --> 00:28:51,279

the uh spanx is older than what

725

00:28:57,590 --> 00:28:53,919

egyptologists have come up with

726

00:28:59,750 --> 00:28:57,600

uh he was viscerated and um

727

00:29:04,389 --> 00:28:59,760

character assassination

728

00:29:05,990 --> 00:29:04,399

uh by egyptologists as well as um

729

00:29:09,190 --> 00:29:06,000

graham hancock

730

00:29:10,830 --> 00:29:09,200

who talks you know about other stuff

731

00:29:13,669 --> 00:29:10,840

but he as

732

00:29:17,029 --> 00:29:13,679

well has been uh

733

00:29:19,750 --> 00:29:17,039

eviscerated by egyptology i mean

734

00:29:22,630 --> 00:29:19,760

egyptology is known for not being able

735

00:29:23,990 --> 00:29:22,640

to play well with others if you will

736

00:29:26,470 --> 00:29:24,000

and uh

737

00:29:28,230 --> 00:29:26,480

you know it shouldn't be that way it

738

00:29:32,389 --> 00:29:28,240

should be you know the science comes

739

00:29:35,830 --> 00:29:32,399

first but it isn't that way and um again

740

00:29:36,950 --> 00:29:35,840

science advances funeral by funeral as

741

00:29:38,470 --> 00:29:36,960

you say

742

00:29:41,029 --> 00:29:38,480

and uh

743

00:29:43,110 --> 00:29:41,039

the reason why scientists

744

00:29:45,590 --> 00:29:43,120

fight so viciously

745

00:29:48,630 --> 00:29:45,600

about what they think is true

746

00:29:50,389 --> 00:29:48,640

is because the stakes are so small

747

00:29:52,230 --> 00:29:50,399

if you will

748

00:29:54,149 --> 00:29:52,240

you know what they think doesn't really

749

00:29:57,110 --> 00:29:54,159

matter so

750

00:30:00,389 --> 00:29:57,120

and they they have a lot of uh you know

751
00:30:02,870 --> 00:30:00,399
science isn't always a very good

752
00:30:04,870 --> 00:30:02,880
example of the use of

753
00:30:07,269 --> 00:30:04,880
proper scientific method

754
00:30:10,310 --> 00:30:07,279
scientists rely on

755
00:30:13,029 --> 00:30:10,320
the appeal to authority in other words

756
00:30:15,350 --> 00:30:13,039
if an expert says something then that

757
00:30:17,350 --> 00:30:15,360
makes it true which isn't which isn't

758
00:30:19,909 --> 00:30:17,360
true that's not science

759
00:30:20,950 --> 00:30:19,919
and they also like to do

760
00:30:42,870 --> 00:30:20,960
a

761
00:30:46,230 --> 00:30:42,880
kind of brings me to my next question

762
00:30:47,190 --> 00:30:46,240
which is this orion correlation

763
00:30:49,750 --> 00:30:47,200

theory

764

00:30:52,149 --> 00:30:49,760

and can you go into that a bit and

765

00:30:54,870 --> 00:30:52,159

explain to listeners just how

766

00:30:56,310 --> 00:30:54,880

that is just as far-fetched as building

767

00:30:58,950 --> 00:30:56,320

anything and saying it points to the

768

00:31:03,750 --> 00:31:01,269

i i appreciate your question

769

00:31:05,830 --> 00:31:03,760

yeah uh

770

00:31:07,830 --> 00:31:05,840

there's a popular theory now a

771

00:31:10,630 --> 00:31:07,840

correlation theory associated with the

772

00:31:13,909 --> 00:31:10,640

great pyramid which has replaced

773

00:31:17,029 --> 00:31:13,919

the biblical correlation theory which is

774

00:31:19,350 --> 00:31:17,039

also known as pyramidology that compared

775

00:31:21,110 --> 00:31:19,360

the bible with the great pyramid

776

00:31:23,909 --> 00:31:21,120

and there's they came up with all these

777

00:31:26,230 --> 00:31:23,919

correlations well the orion correlation

778

00:31:27,509 --> 00:31:26,240

theory uses the same flawed research

779

00:31:30,310 --> 00:31:27,519

methods

780

00:31:32,070 --> 00:31:30,320

and they come up with these correlations

781

00:31:33,830 --> 00:31:32,080

that they think are valid because

782

00:31:36,870 --> 00:31:33,840

they're precise

783

00:31:40,310 --> 00:31:36,880

and mathematical precision

784

00:31:42,630 --> 00:31:40,320

doesn't validate a correlation at all so

785

00:31:45,190 --> 00:31:42,640

uh you know there's four beetles

786

00:31:46,710 --> 00:31:45,200

and there's also four uh sides to the

787

00:31:48,789 --> 00:31:46,720

great pyramid

788

00:31:51,990 --> 00:31:48,799

so there's some some sort of causal

789

00:31:54,230 --> 00:31:52,000

relationship because the math is precise

790

00:31:57,269 --> 00:31:54,240

but no that's not true

791

00:31:58,830 --> 00:31:57,279

so uh but they they come up with kind of

792

00:32:01,990 --> 00:31:58,840

a convoluted

793

00:32:04,630 --> 00:32:02,000

story about the great pyramid

794

00:32:05,590 --> 00:32:04,640

having to do something with stars you

795

00:32:08,389 --> 00:32:05,600

know

796

00:32:10,630 --> 00:32:08,399

the events point to orion

797

00:32:12,070 --> 00:32:10,640

except because of the procession of the

798

00:32:14,789 --> 00:32:12,080

equinoxes

799

00:32:16,789 --> 00:32:14,799

or the grand procession if you will

800

00:32:19,830 --> 00:32:16,799

uh the sky moves

801
00:32:22,310 --> 00:32:19,840
one degree every every 72 years so

802
00:32:25,269 --> 00:32:22,320
the vents are are not pointing to those

803
00:32:26,549 --> 00:32:25,279
stars or pointing to other stars

804
00:32:29,029 --> 00:32:26,559
now

805
00:32:32,070 --> 00:32:29,039
but they say well no it's just a certain

806
00:32:34,549 --> 00:32:32,080
time that it has to point to those stars

807
00:32:36,789 --> 00:32:34,559
and then it gets all convoluted and

808
00:32:39,029 --> 00:32:36,799
again correlations with no

809
00:32:41,269 --> 00:32:39,039
causation if you will

810
00:32:42,789 --> 00:32:41,279
causation is an additional piece of

811
00:32:43,990 --> 00:32:42,799
evidence

812
00:32:46,630 --> 00:32:44,000
that

813
00:32:49,269 --> 00:32:46,640

provides a link between the two things

814

00:32:51,669 --> 00:32:49,279

being compared if you will

815

00:32:54,789 --> 00:32:51,679

and there there is no feature that's

816

00:32:57,830 --> 00:32:54,799

specific to the great pyramid

817

00:32:59,509 --> 00:32:57,840

that indicates the original builders uh

818

00:33:02,149 --> 00:32:59,519

had any

819

00:33:07,350 --> 00:33:04,950

any intention of having a relationship

820

00:33:09,750 --> 00:33:07,360

between the great pyramid and stars the

821

00:33:11,269 --> 00:33:09,760

people say well you know it points to

822

00:33:13,269 --> 00:33:11,279

stars well it's not pointing to those

823

00:33:15,590 --> 00:33:13,279

stars

824

00:33:16,950 --> 00:33:15,600

what you let's let's examine two data

825

00:33:18,710 --> 00:33:16,960

points

826

00:33:20,310 --> 00:33:18,720

the vents are not pointing to those

827

00:33:21,669 --> 00:33:20,320

stars

828

00:33:22,950 --> 00:33:21,679

so uh

829

00:33:23,830 --> 00:33:22,960

that means

830

00:33:26,070 --> 00:33:23,840

that

831

00:33:27,909 --> 00:33:26,080

they're trying to tell us symbolically

832

00:33:31,190 --> 00:33:27,919

that the great pyramid has nothing to do

833

00:33:32,870 --> 00:33:31,200

with stars well that's an interpretation

834

00:33:35,590 --> 00:33:32,880

of evidence and

835

00:33:38,549 --> 00:33:35,600

those correlations they came up with

836

00:33:41,350 --> 00:33:38,559

in the orion correlation theory

837

00:33:44,630 --> 00:33:41,360

aren't evidence they are interpretations

838

00:33:46,389 --> 00:33:44,640

of evidence so uh it's a cri it's a

839

00:33:48,470 --> 00:33:46,399

theory in crisis

840

00:33:50,710 --> 00:33:48,480

um you know you can't get them to talk

841

00:33:53,269 --> 00:33:50,720

about research methods they can't say

842

00:33:56,389 --> 00:33:53,279

what validates a correlation

843

00:33:57,750 --> 00:33:56,399

but they it's almost like a cult if you

844

00:33:59,269 --> 00:33:57,760

will

845

00:34:00,950 --> 00:33:59,279

and uh

846

00:34:03,909 --> 00:34:00,960

you know it's just another thing that

847

00:34:04,950 --> 00:34:03,919

people are battling all hydroelectric

848

00:34:07,590 --> 00:34:04,960

dams

849

00:34:10,149 --> 00:34:07,600

have passages that point to stars

850

00:34:13,190 --> 00:34:10,159

and then you can make up you know

851
00:34:15,669 --> 00:34:13,200
with with increasing all these variables

852
00:34:18,149 --> 00:34:15,679
using any um

853
00:34:20,629 --> 00:34:18,159
system of measurements you want

854
00:34:22,629 --> 00:34:20,639
and making up stuff fiddling with the

855
00:34:25,109 --> 00:34:22,639
numbers and you can come up with

856
00:34:27,990 --> 00:34:25,119
correlations between

857
00:34:29,750 --> 00:34:28,000
you know all kinds of stuff so uh

858
00:34:32,790 --> 00:34:29,760
it's uh

859
00:34:34,869 --> 00:34:32,800
it says you know something to uh

860
00:34:37,109 --> 00:34:34,879
consider i'm already against the next

861
00:34:38,389 --> 00:34:37,119
correlation theory on the great pyramid

862
00:34:39,909 --> 00:34:38,399
but

863
00:34:42,550 --> 00:34:39,919

you can't get them to talk about

864

00:34:44,389 --> 00:34:42,560

research methods i created a video

865

00:34:46,550 --> 00:34:44,399

that's called

866

00:34:48,710 --> 00:34:46,560

questions you won't answer

867

00:34:51,030 --> 00:34:48,720

if you believe the orion correlation

868

00:34:53,750 --> 00:34:51,040

theory on my youtube channel

869

00:34:55,430 --> 00:34:53,760

and uh it's a series of questions that

870

00:34:57,349 --> 00:34:55,440

if you believe that theory you're not

871

00:34:58,870 --> 00:34:57,359

going to answer those questions

872

00:35:02,950 --> 00:34:58,880

and they all

873

00:35:04,870 --> 00:35:02,960

uh relate to research methods so

874

00:35:08,630 --> 00:35:04,880

you know people have ideas and they come

875

00:35:12,870 --> 00:35:08,640

up with stuff and then they are uh

876

00:35:14,950 --> 00:35:12,880

analyzed and see if they are valid or

877

00:35:17,589 --> 00:35:14,960

not and i think the orion correlation

878

00:35:20,790 --> 00:35:17,599

theory in its entirety

879

00:35:23,910 --> 00:35:21,829

and

880

00:35:25,670 --> 00:35:23,920

another interesting from from an

881

00:35:28,390 --> 00:35:25,680

architectural

882

00:35:29,990 --> 00:35:28,400

perspective the elements of a triangle

883

00:35:32,790 --> 00:35:30,000

it's considered to be one of the

884

00:35:34,790 --> 00:35:32,800

strongest if not the strongest shape

885

00:35:38,069 --> 00:35:34,800

and it has strong

886

00:35:40,150 --> 00:35:38,079

support in a variety of different

887

00:35:42,950 --> 00:35:40,160

schools including mystery schools

888

00:35:46,870 --> 00:35:42,960

freemasonry a lot of

889

00:35:49,510 --> 00:35:46,880

a lot of secret societies tend to

890

00:35:52,870 --> 00:35:49,520

historically look at these pyramids as

891

00:35:53,910 --> 00:35:52,880

an entry point of illumination into the

892

00:35:55,190 --> 00:35:53,920

world

893

00:36:01,270 --> 00:35:55,200

and

894

00:36:03,670 --> 00:36:01,280

triangles are such strong shapes not

895

00:36:05,430 --> 00:36:03,680

just architecturally but why

896

00:36:08,630 --> 00:36:05,440

so many different schools of thought

897

00:36:11,430 --> 00:36:08,640

point back to the pyramids in egypt as

898

00:36:16,630 --> 00:36:11,440

the beginning of almost

899

00:36:23,190 --> 00:36:20,790

well uh the great pyramid uh is a puzzle

900

00:36:26,470 --> 00:36:23,200

with a lot of pieces missing and in

901
00:36:27,829 --> 00:36:26,480
medieval times in the renaissance

902
00:36:29,190 --> 00:36:27,839
they looked at

903
00:36:30,710 --> 00:36:29,200
at

904
00:36:33,670 --> 00:36:30,720
egypt

905
00:36:36,150 --> 00:36:33,680
you know in terms of mystery schools and

906
00:36:38,470 --> 00:36:36,160
sacred knowledge and all of that but a

907
00:36:41,349 --> 00:36:38,480
lot of europeans also looked at the

908
00:36:43,430 --> 00:36:41,359
bible so they they in the bible it says

909
00:36:44,790 --> 00:36:43,440
there's big buildings in egypt that are

910
00:36:46,470 --> 00:36:44,800
greeneries

911
00:36:50,550 --> 00:36:46,480
so

912
00:36:51,910 --> 00:36:50,560
say well these great pyramids were

913
00:36:54,790 --> 00:36:51,920

granaries

914

00:36:58,069 --> 00:36:54,800

literal greeneries but then they

915

00:37:01,109 --> 00:36:58,079

altered that to say oh no it's a granary

916

00:37:02,550 --> 00:37:01,119

or a storehouse of sacred knowledge but

917

00:37:04,069 --> 00:37:02,560

it's just

918

00:37:35,030 --> 00:37:04,079

a

919

00:37:37,190 --> 00:37:35,040

but there's no river well if we didn't

920

00:37:39,990 --> 00:37:37,200

know about the technology of

921

00:37:42,470 --> 00:37:40,000

hydroelectric dams would say well maybe

922

00:37:45,430 --> 00:37:42,480

maybe it has a symbolic purpose and

923

00:37:47,030 --> 00:37:45,440

these vents do point to stars i mean you

924

00:37:49,829 --> 00:37:47,040

can see that and there's

925

00:37:51,349 --> 00:37:49,839

places where you could bury kings and

926

00:37:54,310 --> 00:37:51,359

that type of thing

927

00:37:57,670 --> 00:37:54,320

so and then in the in the uh adjoining

928

00:37:59,910 --> 00:37:57,680

area you would see arrowheads oh

929

00:38:01,510 --> 00:37:59,920

arrowheads well that's the culture that

930

00:38:04,550 --> 00:38:01,520

built it because it's right here in the

931

00:38:07,910 --> 00:38:04,560

area so they must have used baskets and

932

00:38:11,109 --> 00:38:07,920

made concrete and hauled these uh all

933

00:38:13,910 --> 00:38:11,119

this wet concrete up to uh

934

00:38:16,710 --> 00:38:13,920

up a big ramp and made this dam

935

00:38:20,790 --> 00:38:16,720

for some symbolic purposes so

936

00:38:24,230 --> 00:38:20,800

people have tried to do that but pyramid

937

00:38:26,150 --> 00:38:24,240

or excuse me triangles are strong

938

00:38:30,550 --> 00:38:26,160

architecturally

939

00:38:32,870 --> 00:38:30,560

and each side of the great pyramid is is

940

00:38:34,790 --> 00:38:32,880

like a triangle if you will

941

00:38:36,950 --> 00:38:34,800

but i think it's more like four

942

00:38:40,069 --> 00:38:36,960

hydroelectric dams

943

00:38:43,190 --> 00:38:40,079

that are like back to back if you will

944

00:38:46,390 --> 00:38:43,200

like a big square they're all

945

00:38:49,109 --> 00:38:46,400

and then there was like a pond in the

946

00:38:50,069 --> 00:38:49,119

middle during construction and that's

947

00:38:52,069 --> 00:38:50,079

what

948

00:38:52,950 --> 00:38:52,079

justifies

949

00:38:56,630 --> 00:38:52,960

the

950

00:38:59,109 --> 00:38:56,640

is described in our

951
00:39:01,829 --> 00:38:59,119
video series on our website so

952
00:39:04,630 --> 00:39:01,839
that's why they're they are triangles

953
00:39:07,670 --> 00:39:04,640
as for just an architectural purpose not

954
00:39:10,710 --> 00:39:07,680
for not for some symbolic

955
00:39:15,190 --> 00:39:10,720
or esoteric reasoning

956
00:39:17,990 --> 00:39:15,200
yes and i i find it interesting that

957
00:39:18,870 --> 00:39:18,000
you know even the smithsonian a variety

958
00:39:20,230 --> 00:39:18,880
of

959
00:39:23,349 --> 00:39:20,240
highly

960
00:39:25,589 --> 00:39:23,359
regarded organizations have

961
00:39:26,550 --> 00:39:25,599
pointed towards some of this

962
00:39:29,030 --> 00:39:26,560
woo

963
00:39:30,790 --> 00:39:29,040

or uh the

964

00:39:35,349 --> 00:39:30,800

neuro

965

00:39:38,310 --> 00:39:35,359

effects of

966

00:39:40,150 --> 00:39:38,320

being within the pyramid and

967

00:39:42,790 --> 00:39:40,160

there's a story

968

00:39:44,390 --> 00:39:42,800

of i'm sure you've heard it of napoleon

969

00:39:45,270 --> 00:39:44,400

bonaparte

970

00:39:48,390 --> 00:39:45,280

um

971

00:39:49,829 --> 00:39:48,400

where napoleon supposedly entered the

972

00:39:52,470 --> 00:39:49,839

pyramid

973

00:39:55,349 --> 00:39:52,480

uh for the evening alone

974

00:39:56,950 --> 00:39:55,359

and having ventured into the pyramid

975

00:39:58,950 --> 00:39:56,960

and navigating all these cramped

976
00:40:01,190 --> 00:39:58,960
passages supposedly armed with nothing

977
00:40:02,870 --> 00:40:01,200
but a candle

978
00:40:04,550 --> 00:40:02,880
he said nothing when he came out but he

979
00:40:06,309 --> 00:40:04,560
was visibly shaken

980
00:40:08,069 --> 00:40:06,319
and didn't say anything until his

981
00:40:10,390 --> 00:40:08,079
deathbed when he said

982
00:40:12,630 --> 00:40:10,400
oh what's the use he murmured sinking

983
00:40:16,550 --> 00:40:12,640
back you'd never believe me

984
00:40:18,390 --> 00:40:16,560
and i think that just the fact that this

985
00:40:22,230 --> 00:40:18,400
type of rhetoric

986
00:40:24,710 --> 00:40:22,240
you know lends to this effect this

987
00:40:26,390 --> 00:40:24,720
neurological effect that the structure

988
00:40:28,790 --> 00:40:26,400

has on people

989

00:40:30,470 --> 00:40:28,800

is it just an intimidating structure and

990

00:40:32,309 --> 00:40:30,480

people uh

991

00:40:35,910 --> 00:40:32,319

jump to conclusions in your opinion or

992

00:40:40,550 --> 00:40:38,069

well i think i think it's again the

993

00:40:43,510 --> 00:40:40,560

grasping for straws and people that have

994

00:40:45,430 --> 00:40:43,520

a tendency towards if i can say this the

995

00:40:47,510 --> 00:40:45,440

woo-woo stuff

996

00:40:50,150 --> 00:40:47,520

um

997

00:40:53,109 --> 00:40:50,160

associate a lot of that with the great

998

00:40:54,870 --> 00:40:53,119

pyramid you know there's um

999

00:40:57,670 --> 00:40:54,880

the idea of nepal let's say you were

1000

00:40:59,109 --> 00:40:57,680

napoleon now think about this

1001
00:41:01,910 --> 00:40:59,119
and you spent the night in the great

1002
00:41:04,230 --> 00:41:01,920
pyramid in the king's chamber

1003
00:41:06,470 --> 00:41:04,240
you're not going to come out and say oh

1004
00:41:08,790 --> 00:41:06,480
oh i'm napoleon

1005
00:41:10,710 --> 00:41:08,800
but uh nothing happened it was no big

1006
00:41:14,630 --> 00:41:10,720
deal you're gonna come out and say

1007
00:41:16,230 --> 00:41:14,640
you know uh or or indicate

1008
00:41:19,109 --> 00:41:16,240
that something

1009
00:41:21,510 --> 00:41:19,119
magnificent or mysterious happened

1010
00:41:23,910 --> 00:41:21,520
uh you know it's uh they have their

1011
00:41:27,589 --> 00:41:23,920
image to maintain if you will

1012
00:41:29,430 --> 00:41:27,599
so uh i think uh you know i i don't know

1013
00:41:32,069 --> 00:41:29,440

i've i've laid in the

1014

00:41:33,510 --> 00:41:32,079

the coffer in the king's chamber very

1015

00:41:35,270 --> 00:41:33,520

uncomfortable

1016

00:41:38,150 --> 00:41:35,280

so but

1017

00:41:40,550 --> 00:41:38,160

just because you can lay in a box

1018

00:41:42,069 --> 00:41:40,560

doesn't mean that it was a tomb

1019

00:41:45,190 --> 00:41:42,079

or a coffin

1020

00:41:47,670 --> 00:41:45,200

behind every sears store they have boxes

1021

00:41:49,670 --> 00:41:47,680

that refrigerators come in and you can

1022

00:41:51,990 --> 00:41:49,680

lay in them so the intent of the

1023

00:41:54,150 --> 00:41:52,000

builders of those boxes

1024

00:41:56,309 --> 00:41:54,160

is not for people to lay in them even

1025

00:41:58,710 --> 00:41:56,319

though people can so

1026
00:42:02,790 --> 00:41:58,720
yeah there's there's a lot of woo-woo

1027
00:42:06,390 --> 00:42:02,800
stuff and measuring the great pyramid

1028
00:42:08,470 --> 00:42:06,400
to divine meaning i have a bicycle

1029
00:42:10,309 --> 00:42:08,480
that if you measure it

1030
00:42:13,990 --> 00:42:10,319
in just a certain way

1031
00:42:14,950 --> 00:42:14,000
it will exhibit pi the wheels around

1032
00:42:17,190 --> 00:42:14,960
okay

1033
00:42:19,109 --> 00:42:17,200
so it exhibits pie but was that the

1034
00:42:21,670 --> 00:42:19,119
intent of the builders

1035
00:42:23,910 --> 00:42:21,680
for the purpose of that of that bicycle

1036
00:42:26,150 --> 00:42:23,920
no there's two wheels

1037
00:42:28,150 --> 00:42:26,160
so and they're round so that doesn't

1038
00:42:31,510 --> 00:42:28,160

symbolically tell us

1039

00:42:32,950 --> 00:42:31,520

that the the earth is round and spins on

1040

00:42:36,550 --> 00:42:32,960

its axis

1041

00:42:39,589 --> 00:42:36,560

so uh that there's a a day and a night

1042

00:42:41,270 --> 00:42:39,599

you know the uh duality of the universe

1043

00:42:43,270 --> 00:42:41,280

you know you can make all this stuff up

1044

00:42:44,790 --> 00:42:43,280

but that's that's not the intent of a

1045

00:42:46,790 --> 00:42:44,800

bicycle

1046

00:42:49,190 --> 00:42:46,800

uh so uh

1047

00:42:51,349 --> 00:42:49,200

so people come up with stuff

1048

00:42:52,870 --> 00:42:51,359

and they interpret evidence and a lot of

1049

00:42:54,710 --> 00:42:52,880

people uh

1050

00:42:57,030 --> 00:42:54,720

do that but

1051
00:42:58,390 --> 00:42:57,040
the interpretation of evidence can be

1052
00:43:01,190 --> 00:42:58,400
analyzed

1053
00:43:02,309 --> 00:43:01,200
and it can be accepted or rejected based

1054
00:43:09,190 --> 00:43:02,319
on

1055
00:43:10,470 --> 00:43:09,200
and do you think that

1056
00:43:12,870 --> 00:43:10,480
there is

1057
00:43:15,589 --> 00:43:12,880
a lot of people mention that oh this the

1058
00:43:17,510 --> 00:43:15,599
answers must lie within the vatican

1059
00:43:19,430 --> 00:43:17,520
just because of connections to the roman

1060
00:43:22,150 --> 00:43:19,440
empire and the pharaohs of egypt through

1061
00:43:24,550 --> 00:43:22,160
karnak priests etc

1062
00:43:26,870 --> 00:43:24,560
is this far-fetched

1063
00:43:29,589 --> 00:43:26,880

do you think they know the answer or is

1064

00:43:31,270 --> 00:43:29,599

this just again more of that woo

1065

00:43:33,030 --> 00:43:31,280

where people are

1066

00:43:35,750 --> 00:43:33,040

trying to theorize about something that

1067

00:43:37,910 --> 00:43:35,760

they can't figure out

1068

00:43:40,470 --> 00:43:37,920

well that's a great statement uh the

1069

00:43:42,390 --> 00:43:40,480

vatican has a large library you know i'm

1070

00:43:44,870 --> 00:43:42,400

certainly in the middle ages they were

1071

00:43:46,550 --> 00:43:44,880

all powerful and

1072

00:43:49,270 --> 00:43:46,560

gathered up

1073

00:43:51,349 --> 00:43:49,280

all types of material you know

1074

00:43:52,470 --> 00:43:51,359

valuable possessions

1075

00:43:53,510 --> 00:43:52,480

but

1076

00:43:55,510 --> 00:43:53,520

you know

1077

00:43:58,630 --> 00:43:55,520

i think that that makes sense the best

1078

00:43:59,990 --> 00:43:58,640

way to prove that right or wrong

1079

00:44:01,430 --> 00:44:00,000

is to

1080

00:44:04,150 --> 00:44:01,440

find

1081

00:44:06,309 --> 00:44:04,160

the answers about the great pyramid in

1082

00:44:08,390 --> 00:44:06,319

the vatican and that's difficult to do a

1083

00:44:10,950 --> 00:44:08,400

lot of it is in

1084

00:44:14,630 --> 00:44:10,960

greek and latin if you will

1085

00:44:15,510 --> 00:44:14,640

a lot of it's unavailable to us peasants

1086

00:44:17,270 --> 00:44:15,520

so

1087

00:44:20,069 --> 00:44:17,280

but

1088

00:44:21,589 --> 00:44:20,079

even even if the answer is in the

1089

00:44:24,309 --> 00:44:21,599

vatican

1090

00:44:25,829 --> 00:44:24,319

it is the honor and duty of modern day

1091

00:44:28,390 --> 00:44:25,839

researchers

1092

00:44:31,030 --> 00:44:28,400

to understand how and why the great

1093

00:44:31,990 --> 00:44:31,040

pyramid was built how and why it was

1094

00:44:34,069 --> 00:44:32,000

built

1095

00:44:35,589 --> 00:44:34,079

was common knowledge

1096

00:44:36,950 --> 00:44:35,599

and was

1097

00:44:39,030 --> 00:44:36,960

understood

1098

00:44:40,950 --> 00:44:39,040

when it was built you know it was you

1099

00:44:43,349 --> 00:44:40,960

know they knew they knew why it was

1100

00:44:45,510 --> 00:44:43,359

built they saw it being built they

1101
00:44:48,710 --> 00:44:45,520
understood the financing or you know

1102
00:44:52,710 --> 00:44:48,720
what justified paying that huge cost to

1103
00:44:56,309 --> 00:44:52,720
build it so it's knowable

1104
00:44:59,030 --> 00:44:56,319
by humans and now in modern times

1105
00:45:01,670 --> 00:44:59,040
our our duty as researchers is to find

1106
00:45:05,349 --> 00:45:01,680
out what common people knew

1107
00:45:08,390 --> 00:45:05,359
back when it was uh being built

1108
00:45:10,309 --> 00:45:08,400
yeah and you know i find it interesting

1109
00:45:12,950 --> 00:45:10,319
how quickly

1110
00:45:14,230 --> 00:45:12,960
history can be changed i mean just in my

1111
00:45:15,910 --> 00:45:14,240
lifetime

1112
00:45:17,589 --> 00:45:15,920
kind of leading back to this science

1113
00:45:18,950 --> 00:45:17,599

being able to do whatever they want

1114

00:45:21,030 --> 00:45:18,960

really

1115

00:45:22,870 --> 00:45:21,040

history has been changed in my lifetime

1116

00:45:25,589 --> 00:45:22,880

i was brought up when i was a child

1117

00:45:27,349 --> 00:45:25,599

believing that dinosaurs were

1118

00:45:30,309 --> 00:45:27,359

were just big lizards

1119

00:45:32,470 --> 00:45:30,319

and i recently went to the museum with

1120

00:45:34,950 --> 00:45:32,480

my two toddlers

1121

00:45:37,190 --> 00:45:34,960

and those big lizards now have feathers

1122

00:45:38,309 --> 00:45:37,200

and they're pretty much just kind of big

1123

00:45:39,270 --> 00:45:38,319

birds

1124

00:45:41,109 --> 00:45:39,280

and

1125

00:45:43,349 --> 00:45:41,119

as silly as that sounds i mean that's

1126

00:45:46,790 --> 00:45:43,359

just not that's just one generation

1127

00:45:49,349 --> 00:45:46,800

that's a huge huge step in just one

1128

00:45:51,589 --> 00:45:49,359

generation to changing the narrative

1129

00:45:53,910 --> 00:45:51,599

and it just you know makes me realize

1130

00:45:57,750 --> 00:45:53,920

how quickly history can be forgotten

1131

00:46:03,510 --> 00:46:00,870

oh that's true it's also written by uh

1132

00:46:06,550 --> 00:46:03,520

the winners you know the uh truth is a

1133

00:46:10,390 --> 00:46:06,560

variable ever changing like the seasons

1134

00:46:11,190 --> 00:46:10,400

mutable to fit the times you know um

1135

00:46:13,990 --> 00:46:11,200

if

1136

00:46:15,589 --> 00:46:14,000

the nazis won world war ii you know

1137

00:46:17,109 --> 00:46:15,599

history books would be quite a bit

1138

00:46:18,470 --> 00:46:17,119

different so

1139

00:46:21,750 --> 00:46:18,480

um

1140

00:46:24,069 --> 00:46:21,760

you know if the south won the civil war

1141

00:46:25,910 --> 00:46:24,079

uh the history books would be quite a

1142

00:46:29,910 --> 00:46:25,920

bit different so

1143

00:46:32,790 --> 00:46:29,920

yeah and also uh in science you know who

1144

00:46:35,510 --> 00:46:32,800

writes the science textbooks well the

1145

00:46:38,950 --> 00:46:35,520

people that have peer review

1146

00:46:40,230 --> 00:46:38,960

and peer review is actually circular

1147

00:46:42,470 --> 00:46:40,240

reasoning

1148

00:46:44,470 --> 00:46:42,480

because our peers

1149

00:46:46,950 --> 00:46:44,480

agree with what we say

1150

00:46:48,150 --> 00:46:46,960

so we're going to get peer review

1151

00:46:51,109 --> 00:46:48,160

and they

1152

00:46:53,270 --> 00:46:51,119

uh validate what we say because we think

1153

00:46:55,349 --> 00:46:53,280

what they think and it's circular

1154

00:46:56,790 --> 00:46:55,359

reasoning so

1155

00:46:59,430 --> 00:46:56,800

those are the people that write the

1156

00:47:01,349 --> 00:46:59,440

textbooks that still say

1157

00:47:03,030 --> 00:47:01,359

there was a big ramp

1158

00:47:05,270 --> 00:47:03,040

or that still say

1159

00:47:07,589 --> 00:47:05,280

precision stone cutting was done using

1160

00:47:11,750 --> 00:47:07,599

hand tools even though it can't be done

1161

00:47:14,550 --> 00:47:11,760

in the real world so uh yeah it's uh

1162

00:47:16,630 --> 00:47:14,560

history changes that's why they gotta

1163

00:47:19,190 --> 00:47:16,640

have new history books

1164

00:47:20,390 --> 00:47:19,200

and uh the future's gonna change we're

1165

00:47:22,390 --> 00:47:20,400

in a uh

1166

00:47:26,069 --> 00:47:22,400

we're in a revolution of thought and

1167

00:47:28,710 --> 00:47:26,079

ideas and understandings and uh

1168

00:47:30,390 --> 00:47:28,720

slowly but surely the old ideas are

1169

00:47:33,030 --> 00:47:30,400

dying off

1170

00:47:36,150 --> 00:47:33,040

uh funeral by funeral just as the old

1171

00:47:39,829 --> 00:47:36,160

ideas about uh the great pyramid being a

1172

00:47:41,990 --> 00:47:39,839

granary is dying off even though

1173

00:47:44,470 --> 00:47:42,000

a recent candidate

1174

00:47:46,150 --> 00:47:44,480

for president of the united states ben

1175

00:47:48,150 --> 00:47:46,160

carson

1176

00:47:51,589 --> 00:47:48,160

there's a video of him talking about the

1177

00:47:55,270 --> 00:47:51,599

great pyramid being a granary so

1178

00:47:58,150 --> 00:47:55,280

these old ideas die hard you know uh

1179

00:47:59,349 --> 00:47:58,160

they really do and in everything social

1180

00:48:06,630 --> 00:47:59,359

uh

1181

00:48:08,390 --> 00:48:06,640

you know the civil war has been over for

1182

00:48:10,390 --> 00:48:08,400

here in the united states here for over

1183

00:48:12,230 --> 00:48:10,400

a hundred years and we're still having

1184

00:48:14,150 --> 00:48:12,240

issues with race

1185

00:48:16,950 --> 00:48:14,160

and um

1186

00:48:19,670 --> 00:48:16,960

you know it all takes time

1187

00:48:21,990 --> 00:48:19,680

so i but i'm in it for the long haul

1188

00:48:23,910 --> 00:48:22,000

and i think i'm on the right side of

1189

00:48:26,309 --> 00:48:23,920

history if you will

1190

00:48:28,470 --> 00:48:26,319

by rejecting much of what egyptologists

1191

00:48:31,190 --> 00:48:28,480

have come up with rejecting certainly

1192

00:48:32,150 --> 00:48:31,200

the orion correlation theory

1193

00:48:34,870 --> 00:48:32,160

and

1194

00:48:37,109 --> 00:48:34,880

that type of thing but offering a new

1195

00:48:39,910 --> 00:48:37,119

understanding of

1196

00:48:42,549 --> 00:48:39,920

how brilliant the original builders were

1197

00:48:45,430 --> 00:48:42,559

they weren't primitive in any way

1198

00:48:48,710 --> 00:48:45,440

and how this great big structure

1199

00:48:50,790 --> 00:48:48,720

had a great big return on investment

1200

00:48:51,589 --> 00:48:50,800

and this ancient high technology can

1201
00:48:53,510 --> 00:48:51,599
help

1202
00:48:57,270 --> 00:48:53,520
our modern world

1203
00:48:59,430 --> 00:48:57,280
uh you know in in many ways

1204
00:49:01,349 --> 00:48:59,440
i'm i'm so glad that you brought up the

1205
00:49:04,230 --> 00:49:01,359
circular thinking because

1206
00:49:06,150 --> 00:49:04,240
as you mentioned if if this was

1207
00:49:09,030 --> 00:49:06,160
the peer review that the wright brothers

1208
00:49:11,430 --> 00:49:09,040
would have used we never would have

1209
00:49:13,109 --> 00:49:11,440
created the airplane as humanity would

1210
00:49:14,309 --> 00:49:13,119
never have flown

1211
00:49:15,030 --> 00:49:14,319
and

1212
00:49:19,109 --> 00:49:15,040
you

1213
00:49:20,950 --> 00:49:19,119

find so great which is these copper

1214

00:49:25,270 --> 00:49:20,960

alloy objects

1215

00:49:27,430 --> 00:49:25,280

which have been excavated and being

1216

00:49:30,230 --> 00:49:27,440

toted as the metal tools of the pyramid

1217

00:49:31,470 --> 00:49:30,240

builders i mean you look at these things

1218

00:49:34,309 --> 00:49:31,480

and it seems

1219

00:49:35,829 --> 00:49:34,319

incomprehensible that these would be

1220

00:49:37,109 --> 00:49:35,839

capable of doing

1221

00:49:38,630 --> 00:49:37,119

what was done

1222

00:49:40,870 --> 00:49:38,640

um

1223

00:49:42,390 --> 00:49:40,880

before we as we kind of wrap up here and

1224

00:49:44,790 --> 00:49:42,400

before we finish

1225

00:49:47,190 --> 00:49:44,800

let's go ahead and tell listeners about

1226
00:49:49,589 --> 00:49:47,200
your books the lost test technologies of

1227
00:49:51,910 --> 00:49:49,599
the great pyramid and the great pyramid

1228
00:49:52,710 --> 00:49:51,920
prosperity machine where they can get

1229
00:49:57,030 --> 00:49:52,720
them

1230
00:50:01,829 --> 00:49:57,040
any other

1231
00:50:07,750 --> 00:50:04,549
well i've written two books that's uh on

1232
00:50:10,069 --> 00:50:07,760
the theme of the great pyramid and how

1233
00:50:12,069 --> 00:50:10,079
it's how it's built and why it's built

1234
00:50:13,270 --> 00:50:12,079
it's kind of a division a natural

1235
00:50:15,990 --> 00:50:13,280
division

1236
00:50:17,829 --> 00:50:16,000
of uh the research

1237
00:50:19,829 --> 00:50:17,839
you know like let's say a model t

1238
00:50:21,510 --> 00:50:19,839

forward well how it was assembled is

1239

00:50:24,069 --> 00:50:21,520

real interesting

1240

00:50:26,309 --> 00:50:24,079

and how how it was used you know back in

1241

00:50:29,270 --> 00:50:26,319

the day uh that's interesting too so

1242

00:50:31,750 --> 00:50:29,280

it's a so my first book is about how the

1243

00:50:34,470 --> 00:50:31,760

great pyramid was assembled

1244

00:50:37,349 --> 00:50:34,480

and my second book is uh why it was

1245

00:50:38,710 --> 00:50:37,359

assembled or how how it was used as a

1246

00:50:40,710 --> 00:50:38,720

machine

1247

00:50:43,829 --> 00:50:40,720

to provide prosperity for those who

1248

00:50:45,510 --> 00:50:43,839

built it and uh both are available from

1249

00:50:49,430 --> 00:50:45,520

amazon

1250

00:50:52,790 --> 00:50:49,440

in soft cover or kindle ebook format so

1251

00:50:56,470 --> 00:50:52,800

i've also produced two documentaries

1252

00:50:59,109 --> 00:50:56,480

and uh they i uh you know don't go out

1253

00:51:01,829 --> 00:50:59,119

and buy them because i'm going to make

1254

00:51:04,549 --> 00:51:01,839

them available on youtube one of them

1255

00:51:07,910 --> 00:51:04,559

already is available on youtube

1256

00:51:09,510 --> 00:51:07,920

and i just haven't gotten the other one

1257

00:51:12,150 --> 00:51:09,520

available so

1258

00:51:15,109 --> 00:51:12,160

there's a lot of a lot of information

1259

00:51:16,470 --> 00:51:15,119

there go to our website and you'll find

1260

00:51:18,950 --> 00:51:16,480

out

1261

00:51:21,510 --> 00:51:18,960

all the links to my facebook page my

1262

00:51:22,790 --> 00:51:21,520

youtube channel that has a lot of stuff

1263

00:51:26,069 --> 00:51:22,800

on there

1264

00:51:28,390 --> 00:51:26,079

and also our uh the main thing the main

1265

00:51:30,950 --> 00:51:28,400

fun thing that we're doing is our tour

1266

00:51:34,150 --> 00:51:30,960

to egypt which is coming up in just a

1267

00:51:37,190 --> 00:51:34,160

few months so uh space is limited only

1268

00:51:39,750 --> 00:51:37,200

18 people plus

1269

00:51:43,349 --> 00:51:39,760

our two co-hosts

1270

00:51:45,750 --> 00:51:43,359

and the ramona miles and myself

1271

00:51:48,829 --> 00:51:45,760

and uh find out about that if you're

1272

00:51:51,030 --> 00:51:48,839

interested and if anyone has any

1273

00:51:53,030 --> 00:51:51,040

questions or

1274

00:51:55,109 --> 00:51:53,040

comments or thoughts or want to become

1275

00:51:57,510 --> 00:51:55,119

involved with what we're doing they can

1276

00:52:00,630 --> 00:51:57,520

contact me through my website at

1277

00:52:04,790 --> 00:52:02,309

that is great and

1278

00:52:06,950 --> 00:52:04,800

mr myers where can people i was really

1279

00:52:08,069 --> 00:52:06,960

impressed by your dvd documentary where

1280

00:52:13,190 --> 00:52:08,079

can people

1281

00:52:18,710 --> 00:52:14,790

well we uh

1282

00:52:19,829 --> 00:52:18,720

i appreciate that i i have some that uh

1283

00:52:22,710 --> 00:52:19,839

here

1284

00:52:24,470 --> 00:52:22,720

and we were selling those on amazon but

1285

00:52:26,069 --> 00:52:24,480

we've stopped selling those because

1286

00:52:27,990 --> 00:52:26,079

we're going to make them available to

1287

00:52:29,190 --> 00:52:28,000

the public for free

1288

00:52:30,950 --> 00:52:29,200

um

1289

00:52:32,870 --> 00:52:30,960

and

1290

00:52:34,230 --> 00:52:32,880

so that's what we're working on we're

1291

00:52:36,950 --> 00:52:34,240

going to make

1292

00:52:38,950 --> 00:52:36,960

iso files if you will

1293

00:52:41,430 --> 00:52:38,960

that they can download and burn it to a

1294

00:52:43,190 --> 00:52:41,440

dvd if they want to but also they can

1295

00:52:45,430 --> 00:52:43,200

view the videos

1296

00:52:46,870 --> 00:52:45,440

for both of those documentaries on our

1297

00:52:49,750 --> 00:52:46,880

youtube channel we're just trying to

1298

00:52:51,910 --> 00:52:49,760

disseminate information a lot of people

1299

00:52:53,990 --> 00:52:51,920

in third world countries

1300

00:52:56,790 --> 00:52:54,000

you know can't afford to buy

1301

00:52:59,109 --> 00:52:56,800

you know a dvd from

1302

00:53:01,190 --> 00:52:59,119

uh you know

1303

00:53:02,470 --> 00:53:01,200

from the west if i can put it that way

1304

00:53:05,430 --> 00:53:02,480

so

1305

00:53:07,430 --> 00:53:05,440

we're just going to make them available

1306

00:53:08,870 --> 00:53:07,440

and that's we're in the process of doing

1307

00:53:11,670 --> 00:53:08,880

that

1308

00:53:12,630 --> 00:53:11,680

and they can download them

1309

00:53:18,390 --> 00:53:12,640

and

1310

00:53:20,790 --> 00:53:18,400

or just watch them on youtube so

1311

00:53:22,549 --> 00:53:20,800

uh we're a non-profit foundation and if

1312

00:53:25,190 --> 00:53:22,559

people think that

1313

00:53:26,150 --> 00:53:25,200

there's any value in our research

1314

00:53:29,510 --> 00:53:26,160

they can

1315

00:53:32,230 --> 00:53:29,520

uh visit our website see what our goals

1316

00:53:34,069 --> 00:53:32,240

and activities are and become involved

1317

00:53:37,349 --> 00:53:34,079

so i hope uh

1318

00:53:39,030 --> 00:53:37,359

i hope this our little conversation

1319

00:53:41,349 --> 00:53:39,040

has uh

1320

00:53:43,910 --> 00:53:41,359

wedded the interest of people where they

1321

00:53:46,390 --> 00:53:43,920

can find out more there's a lot to it

1322

00:53:48,470 --> 00:53:46,400

so uh don't just

1323

00:53:49,670 --> 00:53:48,480

i just ask people to maybe read the

1324

00:53:50,950 --> 00:53:49,680

books

1325

00:53:52,549 --> 00:53:50,960

and uh

1326

00:53:54,309 --> 00:53:52,559

you know

1327

00:53:56,309 --> 00:53:54,319

consider the information the books

1328

00:53:58,549 --> 00:53:56,319

contain

1329

00:54:01,670 --> 00:53:58,559

well i think that's really encouraging

1330

00:54:03,349 --> 00:54:01,680

and authentic of you to be so selfless

1331

00:54:06,390 --> 00:54:03,359

in your research

1332

00:54:09,430 --> 00:54:06,400

all the time you've put into it and

1333

00:54:11,589 --> 00:54:09,440

you know in a time where it seems like

1334

00:54:14,230 --> 00:54:11,599

especially in the fields i look at

1335

00:54:16,230 --> 00:54:14,240

people people seem to only be motivated

1336

00:54:17,829 --> 00:54:16,240

by the what's in it for me

1337

00:54:19,910 --> 00:54:17,839

you know um

1338

00:54:22,870 --> 00:54:19,920

they they just don't want to do things

1339

00:54:24,950 --> 00:54:22,880

unless it includes a television show or

1340

00:54:25,750 --> 00:54:24,960

payment of some sort

1341

00:54:29,750 --> 00:54:25,760

or

1342

00:54:31,190 --> 00:54:29,760

really want to

1343

00:54:33,990 --> 00:54:31,200

say thanks for

1344

00:54:36,549 --> 00:54:34,000

your selfless research and

1345

00:54:39,589 --> 00:54:36,559

i think it's very authentic of you and

1346

00:54:41,829 --> 00:54:39,599

very noble so appreciate that

1347

00:54:45,589 --> 00:54:41,839

well thank you yeah it's uh certainly

1348

00:54:47,670 --> 00:54:45,599

not a get-rich-quick scheme by any means

1349

00:54:48,870 --> 00:54:47,680

being a researcher

1350

00:54:50,630 --> 00:54:48,880

but

1351
00:54:53,910 --> 00:54:50,640
again

1352
00:54:55,190 --> 00:54:53,920
i as a researcher i uh just assume other

1353
00:54:58,069 --> 00:54:55,200
people are

1354
00:55:00,150 --> 00:54:58,079
and hopefully they will uh

1355
00:55:03,030 --> 00:55:00,160
you know

1356
00:55:05,910 --> 00:55:03,040
get off facebook and read a uh read a

1357
00:55:07,750 --> 00:55:05,920
book if you will you know that's uh

1358
00:55:10,390 --> 00:55:07,760
that's what the revolution looks like

1359
00:55:13,109 --> 00:55:10,400
not people with weapons

1360
00:55:15,270 --> 00:55:13,119
but the revolution is uh people reading

1361
00:55:16,950 --> 00:55:15,280
books if you will so

1362
00:55:18,390 --> 00:55:16,960
so that's uh

1363
00:55:21,430 --> 00:55:18,400

you know that's what we're up to i'm

1364

00:55:24,789 --> 00:55:21,440

working on a third book

1365

00:55:26,309 --> 00:55:24,799

on the same subject so uh but

1366

00:55:29,109 --> 00:55:26,319

shows like this

1367

00:55:32,309 --> 00:55:29,119

help disseminate this information and

1368

00:55:34,950 --> 00:55:32,319

give people an alternative explanation

1369

00:55:36,230 --> 00:55:34,960

of the great pyramid you know certainly

1370

00:55:39,670 --> 00:55:36,240

different than

1371

00:55:42,470 --> 00:55:39,680

it being symbolic or for a funeral or

1372

00:55:45,910 --> 00:55:42,480

anything like that so again i appreciate

1373

00:55:47,510 --> 00:55:45,920

the opportunity to be on your show again

1374

00:55:50,150 --> 00:55:47,520

and uh

1375

00:55:52,870 --> 00:55:50,160

hopefully we'll do this again

1376

00:55:55,030 --> 00:55:52,880

at a later date yeah i feel like we just

1377

00:55:57,349 --> 00:55:55,040

scratched the surface on on the first

1378

00:55:59,349 --> 00:55:57,359

one and we got into deeper questions on

1379

00:56:02,230 --> 00:55:59,359

this one and i definitely have more

1380

00:56:04,150 --> 00:56:02,240

questions i want to get into uh so i

1381

00:56:06,630 --> 00:56:04,160

would love to have you on again you

1382

00:56:09,349 --> 00:56:06,640

mentioned uh your youtube channel could

1383

00:56:12,950 --> 00:56:09,359

you also uh tell listeners where they

1384

00:56:20,309 --> 00:56:16,950

well the best way is to just go to my uh

1385

00:56:22,150 --> 00:56:20,319

facebook excuse me my uh website and

1386

00:56:25,430 --> 00:56:22,160

then click on the link

1387

00:56:27,990 --> 00:56:25,440

so uh but uh if you word search me

1388

00:56:31,030 --> 00:56:28,000

stephen myers there's probably

1389

00:56:34,870 --> 00:56:31,040

five thousand stephen myers is

1390

00:56:37,270 --> 00:56:34,880

on uh youtube so uh go to thepump.org

1391

00:56:40,069 --> 00:56:37,280

and the link is real prominent and click

1392

00:56:43,030 --> 00:56:40,079

on it and go to my youtube channel

1393

00:56:44,549 --> 00:56:43,040

thanks so much for explaining that i

1394

00:56:47,349 --> 00:56:44,559

really appreciate you coming on the

1395

00:56:49,349 --> 00:56:47,359

podcast today and uh wish you best of

1396

00:56:51,270 --> 00:56:49,359

luck in all your endeavors and

1397

00:56:53,910 --> 00:56:51,280

i'm looking forward to hearing how the

1398

00:56:57,030 --> 00:56:53,920

how the uh amazing trip to egypt goes

1399

00:56:59,190 --> 00:56:57,040

this most recent one

1400

00:57:01,430 --> 00:56:59,200

thank you yeah we'll be back and discuss

1401
00:57:04,549 --> 00:57:01,440
that it'll it's going to be a it's going

1402
00:57:06,549 --> 00:57:04,559
to be a blast it's low-key fun but we're

1403
00:57:10,069 --> 00:57:06,559
going to see a lot of sights

1404
00:57:11,990 --> 00:57:10,079
the new museum in cairo

1405
00:57:13,829 --> 00:57:12,000
probably the best uh

1406
00:57:16,150 --> 00:57:13,839
museum of its type in the world

1407
00:57:19,109 --> 00:57:16,160
certainly the great pyramid

1408
00:57:21,670 --> 00:57:19,119
and crews on the Nile so

1409
00:57:24,829 --> 00:57:21,680
i hope that sparked some interest in

1410
00:57:27,589 --> 00:57:24,839
some people for this wonderful trip of a

1411
00:57:30,069 --> 00:57:27,599
lifetime it really sounds like it and

1412
00:57:31,589 --> 00:57:30,079
thanks so much mr myers i can't wait to

1413
00:57:33,430 --> 00:57:31,599

talk to you again and i hope you have a

1414

00:57:35,430 --> 00:57:33,440

great rest of your day

1415

00:57:37,910 --> 00:57:35,440

thank you ryan

1416

00:57:41,109 --> 00:57:37,920

stephen myers ladies and gentlemen one

1417

00:57:42,069 --> 00:57:41,119

of the most selfless researchers out

1418

00:57:44,230 --> 00:57:42,079

there

1419

00:57:45,270 --> 00:57:44,240

doing the thing for all the right

1420

00:57:47,829 --> 00:57:45,280

reasons

1421

00:57:49,750 --> 00:57:47,839

and not paying attention to those that

1422

00:57:53,190 --> 00:57:49,760

are trying to limit

1423

00:57:55,430 --> 00:57:53,200

any out of the box theories regarding

1424

00:57:57,670 --> 00:57:55,440

the pyramids of egypt

1425

00:58:00,150 --> 00:57:57,680

you know there is a shift happening in

1426
00:58:00,950 --> 00:58:00,160
research and i think that science knows

1427
00:58:02,470 --> 00:58:00,960
this

1428
00:58:06,069 --> 00:58:02,480
things are changing

1429
00:58:08,630 --> 00:58:06,079
and stephen myers is one of those people

1430
00:58:12,309 --> 00:58:08,640
that is changing things

1431
00:58:14,470 --> 00:58:12,319
so definitely check out thepump.org

1432
00:58:16,150 --> 00:58:14,480
click on his youtube channel buy his

1433
00:58:19,349 --> 00:58:16,160
books on amazon

1434
00:58:20,630 --> 00:58:19,359
and uh support mr myers he's doing a

1435
00:58:22,950 --> 00:58:20,640
great thing

1436
00:58:24,069 --> 00:58:22,960
and he's pushing the boundaries of

1437
00:58:27,349 --> 00:58:24,079
science

1438
00:58:30,789 --> 00:58:27,359

man if i was able to i would go on his

1439

00:58:33,270 --> 00:58:30,799

egypt tour i'm sure it will impress

1440

00:58:35,109 --> 00:58:33,280

the most die-hard researchers

1441

00:58:37,430 --> 00:58:35,119

unfortunately i've got a couple toddlers

1442

00:58:38,789 --> 00:58:37,440

right now and that just doesn't fit in

1443

00:58:41,270 --> 00:58:38,799

the equation

1444

00:58:43,829 --> 00:58:41,280

but if i were to go to egypt anytime

1445

00:58:46,710 --> 00:58:43,839

soon it would be with mr myers or

1446

00:58:48,150 --> 00:58:46,720

someone of that caliber so

1447

00:58:50,549 --> 00:58:48,160

until next time

1448

00:58:53,109 --> 00:58:50,559

keep your eyes to the skies feet on the

1449

00:59:02,450 --> 00:58:53,119

ground but don't forget to take a look

1450

00:59:22,470 --> 00:59:12,780

[Music]
