

1
00:00:03,679 --> 00:00:12,120

hey

2
00:00:39,510 --> 00:00:33,310

[Music]

3
00:00:45,350 --> 00:00:43,030

blast off on another episode of hero

4
00:00:47,590 --> 00:00:45,360

paranormal podcast

5
00:00:50,869 --> 00:00:47,600

broadcasting from the base at la madre

6
00:00:52,470 --> 00:00:50,879

mountain just south of area 51

7
00:00:54,950 --> 00:00:52,480

my name is ryan

8
00:00:56,630 --> 00:00:54,960

the original theological rebel of the

9
00:01:00,069 --> 00:00:56,640

airwaves

10
00:01:02,790 --> 00:01:00,079

bringing you an epic episode today

11
00:01:05,429 --> 00:01:02,800

today we are talking to one of the most

12
00:01:06,789 --> 00:01:05,439

most knowledgeable individuals i've ever

13
00:01:08,390 --> 00:01:06,799

spoken with

14

00:01:10,630 --> 00:01:08,400

when it comes to

15

00:01:13,030 --> 00:01:10,640

many many things

16

00:01:14,630 --> 00:01:13,040

whether that is the items we place in

17

00:01:17,030 --> 00:01:14,640

our body which

18

00:01:19,350 --> 00:01:17,040

make us healthy or unhealthy

19

00:01:21,910 --> 00:01:19,360

whether that is the high strangeness of

20

00:01:24,789 --> 00:01:21,920

the uina basin in utah

21

00:01:27,429 --> 00:01:24,799

or whether it is what the elites are up

22

00:01:29,190 --> 00:01:27,439

to what the

23

00:01:32,710 --> 00:01:29,200

future holds

24

00:01:34,390 --> 00:01:32,720

and he he always seems to

25

00:01:37,030 --> 00:01:34,400

bring things together in a way that

26

00:01:38,870 --> 00:01:37,040

makes sense to a person like me

27

00:01:40,870 --> 00:01:38,880

when you want the truth

28

00:01:43,190 --> 00:01:40,880

you've got to go to true

29

00:01:44,389 --> 00:01:43,200

and i'm talking about the amazing true

30

00:01:46,469 --> 00:01:44,399

ought

31

00:01:49,830 --> 00:01:46,479

he is

32

00:01:51,990 --> 00:01:49,840

epically epically knowledgeable in so

33

00:01:53,910 --> 00:01:52,000

many areas i could he's he's the kind of

34

00:01:54,789 --> 00:01:53,920

guy you could have on the podcast every

35

00:01:56,550 --> 00:01:54,799

day

36

00:01:58,469 --> 00:01:56,560

discussing something different and it

37

00:02:00,789 --> 00:01:58,479

would be amazing

38

00:02:03,109 --> 00:02:00,799

true art welcome to the hero paranormal

39

00:02:05,270 --> 00:02:03,119

podcast how you doing

40

00:02:07,190 --> 00:02:05,280

thank you so much ryan i'm doing

41

00:02:09,350 --> 00:02:07,200

wonderfully well better than i deserve

42

00:02:10,389 --> 00:02:09,360

actually i love it that's what i like to

43

00:02:12,229 --> 00:02:10,399

hear

44

00:02:14,869 --> 00:02:12,239

you i think you deserve quite a bit

45

00:02:17,589 --> 00:02:14,879

because um i was kind of going in into

46

00:02:19,430 --> 00:02:17,599

it in the intro a little bit

47

00:02:21,430 --> 00:02:19,440

about how you're the type of person that

48

00:02:23,110 --> 00:02:21,440

i could have on the podcast every day

49

00:02:25,350 --> 00:02:23,120

discussing a different topic because

50

00:02:27,750 --> 00:02:25,360

you're so knowledgeable of so many

51
00:02:30,070 --> 00:02:27,760
different things and i don't really know

52
00:02:32,229 --> 00:02:30,080
where to start so where would you like

53
00:02:34,070 --> 00:02:32,239
to kick this off

54
00:02:36,229 --> 00:02:34,080
wow thank you so much here those were

55
00:02:38,790 --> 00:02:36,239
very kind words i i know enough to be

56
00:02:40,390 --> 00:02:38,800
dangerous i submit and that

57
00:02:44,710 --> 00:02:40,400
the question is because

58
00:02:48,869 --> 00:02:46,869
so yeah i mean this thank you so much

59
00:02:52,309 --> 00:02:48,879
there's so much going on

60
00:02:54,150 --> 00:02:52,319
uh but it really boils down to

61
00:02:56,229 --> 00:02:54,160
the thing that everybody really in their

62
00:02:58,869 --> 00:02:56,239
in their heart of hearts

63
00:02:59,750 --> 00:02:58,879

is concerned about i submit

64

00:03:04,710 --> 00:02:59,760

is

65

00:03:06,550 --> 00:03:04,720

inflationary cycles i mean

66

00:03:08,470 --> 00:03:06,560

we we have been so blessed in this

67

00:03:11,509 --> 00:03:08,480

country not to

68

00:03:13,270 --> 00:03:11,519

you know to to have so much really uh

69

00:03:15,589 --> 00:03:13,280

supply chains

70

00:03:18,070 --> 00:03:15,599

the lines uh we have we have just been

71

00:03:19,509 --> 00:03:18,080

so blessed to have anything we really

72

00:03:22,630 --> 00:03:19,519

want

73

00:03:25,830 --> 00:03:22,640

and that i submitted is

74

00:03:28,390 --> 00:03:25,840

coming to a rapid close not

75

00:03:30,309 --> 00:03:28,400

by accident but very much by design i

76

00:03:33,910 --> 00:03:30,319

submit

77

00:03:36,869 --> 00:03:33,920

it sure seems like it it seems um as if

78

00:03:39,030 --> 00:03:36,879

we've kind of uh the pendulum has swung

79

00:03:40,309 --> 00:03:39,040

and there's no end in sight where it

80

00:03:42,430 --> 00:03:40,319

might end

81

00:03:44,309 --> 00:03:42,440

you hear about supply chain issues

82

00:03:47,670 --> 00:03:44,319

stagflation

83

00:03:49,830 --> 00:03:47,680

inflation uh the stock market uh crypto

84

00:03:52,630 --> 00:03:49,840

currencies everything it seems to be

85

00:03:54,710 --> 00:03:52,640

hanging by a thread

86

00:03:57,670 --> 00:03:54,720

well it does and do you so i just want

87

00:04:00,710 --> 00:03:57,680

to just just kind of go back to the very

88

00:04:03,110 --> 00:04:00,720

basics if we could and understand

89

00:04:05,670 --> 00:04:03,120

what i've been really

90

00:04:07,990 --> 00:04:05,680

been focusing on myself for the last

91

00:04:09,670 --> 00:04:08,000

actually 35 years

92

00:04:12,710 --> 00:04:09,680

i don't know if you knew this about me

93

00:04:16,310 --> 00:04:12,720

but golly i was

94

00:04:18,710 --> 00:04:16,320

given a scholarship in 1984 i

95

00:04:20,150 --> 00:04:18,720

i graduated in a can accounting from the

96

00:04:22,550 --> 00:04:20,160

university

97

00:04:24,710 --> 00:04:22,560

and then went into uh international

98

00:04:27,189 --> 00:04:24,720

competition with the professional

99

00:04:29,430 --> 00:04:27,199

business league pbl

100

00:04:32,390 --> 00:04:29,440

and i don't know you know i'm not

101
00:04:33,270 --> 00:04:32,400
bragging i'm just declaring facts i i

102
00:04:34,150 --> 00:04:33,280
won

103
00:04:36,230 --> 00:04:34,160
the

104
00:04:38,469 --> 00:04:36,240
national competition

105
00:04:40,790 --> 00:04:38,479
in accounting and business in business

106
00:04:41,990 --> 00:04:40,800
administration actually

107
00:04:46,310 --> 00:04:42,000
and

108
00:04:48,150 --> 00:04:46,320
as as that this was 19 1983 is when i

109
00:04:51,030 --> 00:04:48,160
actually graduated so i tell you how

110
00:04:53,749 --> 00:04:51,040
long i've been at this

111
00:04:55,510 --> 00:04:53,759
but i got to tell you i i

112
00:04:58,150 --> 00:04:55,520
went into

113
00:04:59,189 --> 00:04:58,160

the chartered financial consultant

114

00:05:01,670 --> 00:04:59,199

arena

115

00:05:05,110 --> 00:05:01,680

i was fully intended to go on to get my

116

00:05:07,029 --> 00:05:05,120

my certified public accountant cpa

117

00:05:10,070 --> 00:05:07,039

designation as i did graduated in

118

00:05:11,670 --> 00:05:10,080

accounting and business administration

119

00:05:13,830 --> 00:05:11,680

and i

120

00:05:16,550 --> 00:05:13,840

really didn't

121

00:05:18,629 --> 00:05:16,560

like the irs code i'll be honest and

122

00:05:20,070 --> 00:05:18,639

frank with you i i don't know maybe it's

123

00:05:21,990 --> 00:05:20,080

just maybe i

124

00:05:23,350 --> 00:05:22,000

one of my college professors actually

125

00:05:26,070 --> 00:05:23,360

more than one

126

00:05:27,670 --> 00:05:26,080

and accuse me of thinking too deeply

127

00:05:28,710 --> 00:05:27,680

on certain issues and i said well wait a

128

00:05:30,629 --> 00:05:28,720

minute

129

00:05:32,629 --> 00:05:30,639

since when is that a problem

130

00:05:34,310 --> 00:05:32,639

since when is can you think too deeply

131

00:05:35,670 --> 00:05:34,320

in a university setting isn't that what

132

00:05:36,830 --> 00:05:35,680

we're supposed to do

133

00:05:38,469 --> 00:05:36,840

is think

134

00:05:40,629 --> 00:05:38,479

deeply

135

00:05:42,950 --> 00:05:40,639

and my professor said well you all go

136

00:05:44,870 --> 00:05:42,960

again you're thinking too deeply

137

00:05:46,469 --> 00:05:44,880

i said oh my goodness

138

00:05:47,670 --> 00:05:46,479

okay um

139

00:05:49,510 --> 00:05:47,680

you know

140

00:05:51,110 --> 00:05:49,520

in other words they just don't want the

141

00:05:52,790 --> 00:05:51,120

boat rocks

142

00:05:55,430 --> 00:05:52,800

okay yeah

143

00:05:57,189 --> 00:05:55,440

and i don't mind telling you uh it

144

00:05:58,150 --> 00:05:57,199

bothered me

145

00:06:00,309 --> 00:05:58,160

that

146

00:06:01,430 --> 00:06:00,319

the university setting was there just

147

00:06:04,790 --> 00:06:01,440

okay

148

00:06:06,629 --> 00:06:04,800

don't rock the boat don't go deep into

149

00:06:09,110 --> 00:06:06,639

questioning just

150

00:06:10,950 --> 00:06:09,120

just tell and regurgitate regurgitate

151

00:06:12,710 --> 00:06:10,960

what we tell you

152

00:06:15,590 --> 00:06:12,720

and everything will be fine and you'll

153

00:06:17,749 --> 00:06:15,600

you'll pass those flying colors and and

154

00:06:19,350 --> 00:06:17,759

so forth and so on

155

00:06:22,150 --> 00:06:19,360

well wait a minute

156

00:06:23,590 --> 00:06:22,160

things just didn't add up

157

00:06:25,029 --> 00:06:23,600

and i don't mind telling you where this

158

00:06:26,230 --> 00:06:25,039

all started

159

00:06:28,629 --> 00:06:26,240

because i mean

160

00:06:31,510 --> 00:06:28,639

i'm i'm sitting here

161

00:06:34,790 --> 00:06:31,520

my plan was to graduate get a cpa and go

162

00:06:36,469 --> 00:06:34,800

on to law school i was actually accepted

163

00:06:38,950 --> 00:06:36,479

the university of utah and a couple of

164

00:06:41,749 --> 00:06:38,960

other law schools to go on i

165

00:06:42,710 --> 00:06:41,759

and i was i thought being a cpa and

166

00:06:45,189 --> 00:06:42,720

getting

167

00:06:47,189 --> 00:06:45,199

a law degree i could pretty much write

168

00:06:49,830 --> 00:06:47,199

my own ticket anywhere

169

00:06:51,990 --> 00:06:49,840

and that was my goal ryan i wanted to do

170

00:06:54,870 --> 00:06:52,000

that and set that up

171

00:06:56,309 --> 00:06:54,880

but what happened in my my

172

00:06:58,629 --> 00:06:56,319

junior year

173

00:07:02,469 --> 00:06:58,639

as i finished up my intermediate

174

00:07:05,510 --> 00:07:02,479

accounting and my tax accounting classes

175

00:07:07,430 --> 00:07:05,520

at the university level i began to think

176
00:07:08,950 --> 00:07:07,440
something is dreadfully wrong with the

177
00:07:11,040 --> 00:07:08,960
system

178
00:07:12,950 --> 00:07:11,050
let me explain if i can okay

179
00:07:13,909 --> 00:07:12,960
[Music]

180
00:07:16,550 --> 00:07:13,919
so

181
00:07:18,469 --> 00:07:16,560
we look at and i'm i'm thinking i'm just

182
00:07:21,189 --> 00:07:18,479
being logical here i'm not thinking

183
00:07:23,350 --> 00:07:21,199
trying to overthink something

184
00:07:26,950 --> 00:07:23,360
but in the

185
00:07:29,430 --> 00:07:26,960
uh my tax accounting classes

186
00:07:31,510 --> 00:07:29,440
i you know we the first part of it is

187
00:07:34,150 --> 00:07:31,520
all learning the terminologies you got

188
00:07:35,589 --> 00:07:34,160

to learn definitions right

189

00:07:39,110 --> 00:07:35,599

and and so

190

00:07:40,790 --> 00:07:39,120

we are we're studying the irs code

191

00:07:43,189 --> 00:07:40,800

and

192

00:07:44,950 --> 00:07:43,199

the very core definitions of that irs

193

00:07:47,110 --> 00:07:44,960

code

194

00:07:51,510 --> 00:07:47,120

the number one thing is you know we're

195

00:07:54,629 --> 00:07:51,520

talking about income taxation correct

196

00:07:57,189 --> 00:07:54,639

so what is the very definition of income

197

00:08:01,110 --> 00:07:57,199

now to me this is like the basic rock

198

00:08:04,790 --> 00:08:03,110

and i was just shocked i'm thinking why

199

00:08:07,189 --> 00:08:04,800

is nobody else

200

00:08:08,710 --> 00:08:07,199

thinking this is a problem am i the only

201
00:08:11,990 --> 00:08:08,720
one you know

202
00:08:15,189 --> 00:08:12,000
i i was shocked and nobody else saw this

203
00:08:16,150 --> 00:08:15,199
and let alone my professors

204
00:08:19,110 --> 00:08:16,160
because

205
00:08:21,589 --> 00:08:19,120
the definition of of income

206
00:08:23,909 --> 00:08:21,599
in the irs code itself put out by these

207
00:08:24,830 --> 00:08:23,919
attorneys right from the federal reserve

208
00:08:35,020 --> 00:08:24,840
in

209
00:08:37,190 --> 00:08:35,030
now do you see the problem

210
00:08:39,509 --> 00:08:37,200
[Music]

211
00:08:42,230 --> 00:08:39,519
how can you define something

212
00:08:45,590 --> 00:08:42,240
without defining it okay

213
00:08:47,269 --> 00:08:45,600

income gross income income

214

00:08:49,670 --> 00:08:47,279

from all sources well what the hell is

215

00:08:55,509 --> 00:08:49,680

income

216

00:08:57,590 --> 00:08:55,519

and when i pressed that i said that's

217

00:08:59,829 --> 00:08:57,600

that's like being told to

218

00:09:02,230 --> 00:08:59,839

to go into a round room and

219

00:09:07,990 --> 00:09:02,240

urinate in a corner i mean it doesn't

220

00:09:11,829 --> 00:09:09,910

my professors were like

221

00:09:14,470 --> 00:09:11,839

well income is income

222

00:09:18,150 --> 00:09:14,480

okay then what is the damn definition of

223

00:09:21,110 --> 00:09:19,030

and

224

00:09:22,630 --> 00:09:21,120

you know it's funny they they wouldn't

225

00:09:25,670 --> 00:09:22,640

or couldn't

226

00:09:28,790 --> 00:09:25,680

give it to me and that bothered me

227

00:09:30,710 --> 00:09:28,800

well i was also taking at the time ryan

228

00:09:34,389 --> 00:09:30,720

business law

229

00:09:40,710 --> 00:09:34,399

and

230

00:09:43,509 --> 00:09:40,720

the definition legally of what income is

231

00:09:46,389 --> 00:09:43,519

and it was just amazing because income

232

00:09:48,790 --> 00:09:46,399

is legally legally defined

233

00:09:51,350 --> 00:09:48,800

as increase

234

00:09:54,949 --> 00:09:51,360

your personal increase

235

00:09:56,389 --> 00:09:54,959

okay interesting interesting

236

00:09:58,389 --> 00:09:56,399

it's your increase

237

00:10:00,870 --> 00:09:58,399

and so then you have to ask

238

00:10:02,069 --> 00:10:00,880

what is an increase well then you go

239

00:10:05,030 --> 00:10:02,079

back into

240

00:10:07,509 --> 00:10:05,040

you know you have a basis of value okay

241

00:10:09,910 --> 00:10:07,519

financial basis

242

00:10:11,190 --> 00:10:09,920

you have you know you can only

243

00:10:13,590 --> 00:10:11,200

have

244

00:10:16,550 --> 00:10:13,600

a an increase

245

00:10:18,710 --> 00:10:16,560

if you are basically worthless as an

246

00:10:21,110 --> 00:10:18,720

individual

247

00:10:22,310 --> 00:10:21,120

that goes back into our basic founding

248

00:10:24,389 --> 00:10:22,320

fathers

249

00:10:27,670 --> 00:10:24,399

uh thomas jefferson's writings and

250

00:10:29,110 --> 00:10:27,680

papers and and and madison and others

251
00:10:31,350 --> 00:10:29,120
this is our

252
00:10:34,069 --> 00:10:31,360
men are men are created equal they're

253
00:10:39,590 --> 00:10:38,310
nothing they have an intrinsic value

254
00:10:42,550 --> 00:10:39,600
but you see

255
00:10:45,110 --> 00:10:42,560
it seems to me like that

256
00:10:48,069 --> 00:10:45,120
if you declare yourself to be worthless

257
00:10:50,389 --> 00:10:48,079
with no intrinsic value then somebody

258
00:10:53,430 --> 00:10:50,399
has tyranny over you right it seemed to

259
00:10:55,750 --> 00:10:53,440
me like that was a very basic principle

260
00:10:57,990 --> 00:10:55,760
of of this constitutional republic we

261
00:10:59,269 --> 00:10:58,000
call america

262
00:11:00,790 --> 00:10:59,279
you know

263
00:11:03,509 --> 00:11:00,800

we have rights

264

00:11:05,750 --> 00:11:03,519

and we have basic enabling rights in our

265

00:11:08,550 --> 00:11:05,760

governmental structures

266

00:11:10,630 --> 00:11:08,560

that come to us each individual that

267

00:11:13,350 --> 00:11:10,640

we're all equal under the law

268

00:11:15,190 --> 00:11:13,360

there's no person that has you know more

269

00:11:17,670 --> 00:11:15,200

than another that's what kings are

270

00:11:20,630 --> 00:11:17,680

that's a problem with kings okay divine

271

00:11:21,590 --> 00:11:20,640

right to rule type of thing

272

00:11:24,550 --> 00:11:21,600

but no

273

00:11:26,550 --> 00:11:24,560

so i i'm i'm reading this code

274

00:11:29,670 --> 00:11:26,560

this is back in 19

275

00:11:32,710 --> 00:11:29,680

that in the in the 1980s ryan and i'm

276
00:11:35,910 --> 00:11:32,720
sitting here this does not compute this

277
00:11:38,069 --> 00:11:35,920
is not logical

278
00:11:40,870 --> 00:11:38,079
because we we have to

279
00:11:42,389 --> 00:11:40,880
the whole premise of declaring

280
00:11:46,150 --> 00:11:42,399
our gross income

281
00:11:48,310 --> 00:11:46,160
on our report within our tax returns

282
00:11:50,949 --> 00:11:48,320
is declaring first of all that we have

283
00:11:53,269 --> 00:11:50,959
an absolute zero basis in intrinsic

284
00:11:56,310 --> 00:11:53,279
value as a human being

285
00:11:57,910 --> 00:11:56,320
and that's fundamentally wrong in my

286
00:11:59,110 --> 00:11:57,920
opinion

287
00:12:05,190 --> 00:11:59,120
it is

288
00:12:08,150 --> 00:12:05,200

made so that the majority of people fail

289

00:12:13,110 --> 00:12:10,389

and so i began to question

290

00:12:16,230 --> 00:12:13,120

i said now um

291

00:12:18,550 --> 00:12:16,240

this very fact that the code itself

292

00:12:21,350 --> 00:12:18,560

is as a basic problem and definition of

293

00:12:24,230 --> 00:12:21,360

what income is to begin with

294

00:12:26,629 --> 00:12:24,240

is got a root problem so i got to tell

295

00:12:27,990 --> 00:12:26,639

you that started my whole

296

00:12:29,990 --> 00:12:28,000

disruption

297

00:12:32,389 --> 00:12:30,000

i began to think

298

00:12:35,750 --> 00:12:32,399

well i don't want to go on to law school

299

00:12:39,750 --> 00:12:35,760

and and this if the very basis

300

00:12:42,069 --> 00:12:39,760

of our of our taxation is based on

301
00:12:44,590 --> 00:12:42,079
a real fundamental problem

302
00:12:47,910 --> 00:12:44,600
declaring that every human being is

303
00:12:49,829 --> 00:12:47,920
intrinsically worthless

304
00:12:53,430 --> 00:12:49,839
and so i in my

305
00:12:56,710 --> 00:12:53,440
senior year of of college

306
00:12:58,949 --> 00:12:56,720
i went on and uh

307
00:13:02,230 --> 00:12:58,959
my final examination

308
00:13:04,790 --> 00:13:02,240
in the field of of tax accounting was to

309
00:13:08,949 --> 00:13:04,800
prepare and we were all given the facts

310
00:13:12,629 --> 00:13:08,959
of a fictional individual

311
00:13:15,430 --> 00:13:12,639
and we use the tax code the tax law

312
00:13:18,230 --> 00:13:15,440
to do everything legally to to

313
00:13:19,910 --> 00:13:18,240

lessen the tax burden that's how

314

00:13:23,990 --> 00:13:19,920

you know we're graded that's what a good

315

00:13:28,230 --> 00:13:25,829

so

316

00:13:30,470 --> 00:13:28,240

what the whole pace of code then to me

317

00:13:32,310 --> 00:13:30,480

was establishing keep in mind this was a

318

00:13:34,629 --> 00:13:32,320

year and a year

319

00:13:37,030 --> 00:13:34,639

in in in

320

00:13:38,389 --> 00:13:37,040

the making okay

321

00:13:41,670 --> 00:13:38,399

because

322

00:13:43,750 --> 00:13:41,680

my accounting professors here in utah

323

00:13:46,790 --> 00:13:43,760

said well let's you know write this out

324

00:13:50,150 --> 00:13:46,800

and get an opinion from the irs in

325

00:13:54,310 --> 00:13:50,160

northern utah ogden utah irs department

326

00:13:56,790 --> 00:13:54,320

okay good idea here's so i wrote out

327

00:13:59,189 --> 00:13:56,800

uh the definitions under black's law

328

00:14:01,829 --> 00:13:59,199

dictionary of income

329

00:14:02,949 --> 00:14:01,839

and then the basic understanding that if

330

00:14:04,870 --> 00:14:02,959

you are

331

00:14:06,389 --> 00:14:04,880

invested

332

00:14:09,030 --> 00:14:06,399

in

333

00:14:12,150 --> 00:14:09,040

education okay if you get

334

00:14:14,949 --> 00:14:12,160

an advanced degree for instance

335

00:14:17,430 --> 00:14:14,959

you do that primarily to increase your

336

00:14:20,629 --> 00:14:17,440

status in society

337

00:14:21,990 --> 00:14:20,639

you sub you supply a goods or services

338

00:14:25,030 --> 00:14:22,000

the case may be

339

00:14:27,350 --> 00:14:25,040

based on your knowledge and so your your

340

00:14:28,150 --> 00:14:27,360

intrinsic value increases it's kind of

341

00:14:31,750 --> 00:14:28,160

just

342

00:14:33,910 --> 00:14:31,760

to me logical common sense

343

00:14:37,189 --> 00:14:33,920

you know versus a

344

00:14:39,509 --> 00:14:37,199

a person with a low iq you know that

345

00:14:41,990 --> 00:14:39,519

uh maybe had brain damage or something

346

00:14:43,670 --> 00:14:42,000

and can only really come can only work

347

00:14:45,430 --> 00:14:43,680

digging ditches there are people in

348

00:14:47,590 --> 00:14:45,440

society to do that

349

00:14:50,949 --> 00:14:47,600

they're still equal to us as far as a

350

00:14:53,829 --> 00:14:50,959

human the human equation but their value

351

00:14:56,829 --> 00:14:53,839

to society is not as great thus they

352

00:15:00,230 --> 00:14:56,839

make not gonna make as much money

353

00:15:02,389 --> 00:15:00,240

okay so i'm sitting here all right let's

354

00:15:06,310 --> 00:15:02,399

let's let's analyze this

355

00:15:07,269 --> 00:15:06,320

if we then have the very basis

356

00:15:09,430 --> 00:15:07,279

of

357

00:15:11,670 --> 00:15:09,440

valuation

358

00:15:14,069 --> 00:15:11,680

then we should actually declare on our

359

00:15:14,870 --> 00:15:14,079

on our tax returns

360

00:15:20,310 --> 00:15:14,880

our

361

00:15:22,470 --> 00:15:20,320

and as i explained in my example

362

00:15:25,030 --> 00:15:22,480

if you have

363

00:15:28,150 --> 00:15:25,040

a certificate of deposit

364

00:15:31,430 --> 00:15:28,160
of like 250 000

365

00:15:33,829 --> 00:15:31,440
you don't declare that entire 250 000 as

366

00:15:36,389 --> 00:15:33,839
income every year do you

367

00:15:37,749 --> 00:15:36,399
if you do you're kind of stupid

368

00:15:38,870 --> 00:15:37,759
because

369

00:15:40,230 --> 00:15:38,880
you only

370

00:15:42,629 --> 00:15:40,240
whatever whatever's investment whether

371

00:15:45,350 --> 00:15:42,639
it's a bank account or a stock account

372

00:15:47,509 --> 00:15:45,360
or whatever you only in your do the

373

00:15:49,189 --> 00:15:47,519
increase on that basis every year and

374

00:15:51,030 --> 00:15:49,199
that's your income

375

00:15:53,030 --> 00:15:51,040
see

376

00:15:56,389 --> 00:15:53,040

so with that basis i said look

377

00:15:59,670 --> 00:15:56,399

we have a basis of of our uh

378

00:16:02,389 --> 00:15:59,680

level of experience expertise

379

00:16:04,230 --> 00:16:02,399

and our education levels given and

380

00:16:06,150 --> 00:16:04,240

there's there's actual numbers in bureau

381

00:16:08,550 --> 00:16:06,160

of labor statistics

382

00:16:11,590 --> 00:16:08,560

what the average person in like say

383

00:16:14,790 --> 00:16:11,600

canton ohio makes as a cpa

384

00:16:16,230 --> 00:16:14,800

these type of average median statistics

385

00:16:19,749 --> 00:16:16,240

based on

386

00:16:22,470 --> 00:16:19,759

given areas of the country

387

00:16:23,590 --> 00:16:22,480

so i basically use that i said listen uh

388

00:16:26,710 --> 00:16:23,600

based on

389

00:16:27,670 --> 00:16:26,720

uh four years of college and five years

390

00:16:29,910 --> 00:16:27,680

of

391

00:16:31,910 --> 00:16:29,920

work here's the here's the average this

392

00:16:35,430 --> 00:16:31,920

is the intrinsic value

393

00:16:36,710 --> 00:16:35,440

of that particular profession

394

00:16:38,949 --> 00:16:36,720

so

395

00:16:41,110 --> 00:16:38,959

if i have a year where i don't make as

396

00:16:42,550 --> 00:16:41,120

much as the median i'm actually in a

397

00:16:46,470 --> 00:16:42,560

loss

398

00:16:49,990 --> 00:16:46,480

but it's above that i must declare my my

399

00:16:51,269 --> 00:16:50,000

basis to you given the averages that are

400

00:16:52,949 --> 00:16:51,279

that are

401
00:16:54,629 --> 00:16:52,959
right there you know in the bureau of

402
00:16:55,749 --> 00:16:54,639
labor statistics

403
00:16:58,710 --> 00:16:55,759
anyway

404
00:17:01,189 --> 00:16:58,720
long story short i saw this and i wanted

405
00:17:03,829 --> 00:17:01,199
them to give me a ruling based on

406
00:17:07,829 --> 00:17:03,839
on this uh the basic understanding of

407
00:17:09,189 --> 00:17:07,839
what is basis and what is income

408
00:17:14,069 --> 00:17:09,199
would you like to guess what happened

409
00:17:20,789 --> 00:17:16,789
no response it was like

410
00:17:22,150 --> 00:17:20,799
black hole time no response

411
00:17:25,510 --> 00:17:22,160
well

412
00:17:27,110 --> 00:17:25,520
that's scary that's scary

413
00:17:29,510 --> 00:17:27,120

well i submitted you right on i'm

414

00:17:31,430 --> 00:17:29,520
submitted exactly because

415

00:17:33,430 --> 00:17:31,440
i said

416

00:17:34,630 --> 00:17:33,440
first of all

417

00:17:52,630 --> 00:17:34,640
i

418

00:17:53,590 --> 00:17:52,640
here and they don't want to say yey or

419

00:17:55,110 --> 00:17:53,600
nay

420

00:17:57,750 --> 00:17:55,120
they'd rather ignore the problem and

421

00:17:59,909 --> 00:17:57,760
hope it goes away

422

00:18:02,549 --> 00:17:59,919
but i didn't let it stop there so over a

423

00:18:04,310 --> 00:18:02,559
period of my junior and senior year in

424

00:18:05,669 --> 00:18:04,320
the university i sent them multiple

425

00:18:07,350 --> 00:18:05,679
letters

426

00:18:10,390 --> 00:18:07,360

okay and i invoked the business law

427

00:18:11,350 --> 00:18:10,400

principles of you know if you you have a

428

00:18:15,029 --> 00:18:11,360

certain

429

00:18:16,870 --> 00:18:15,039

date and time to respond if you do not

430

00:18:19,990 --> 00:18:16,880

there's a

431

00:18:23,750 --> 00:18:20,000

legal term or it's deemed that you

432

00:18:25,830 --> 00:18:23,760

acquiesce or you agree with the premise

433

00:18:27,750 --> 00:18:25,840

i don't know i mean this was all all set

434

00:18:29,110 --> 00:18:27,760

out in a series of like six different

435

00:18:31,830 --> 00:18:29,120

letters over

436

00:18:34,150 --> 00:18:31,840

over about a year's time

437

00:18:36,870 --> 00:18:34,160

and they none of them got a response

438

00:18:43,270 --> 00:18:39,990

so well there's the you you it's called

439

00:18:45,990 --> 00:18:43,280

the principle of stoppable you you you

440

00:18:47,669 --> 00:18:46,000

make and declare that with if they don't

441

00:18:50,470 --> 00:18:47,679

don't respond

442

00:18:52,070 --> 00:18:50,480

that by their own refusal to respond it

443

00:18:54,789 --> 00:18:52,080

becomes

444

00:18:57,669 --> 00:18:54,799

uh they agree with the proposal the

445

00:18:59,029 --> 00:18:57,679

terminology basically okay

446

00:19:01,750 --> 00:18:59,039

so with that

447

00:19:03,750 --> 00:19:01,760

you're armed without i i finished my

448

00:19:06,390 --> 00:19:03,760

final exam

449

00:19:08,950 --> 00:19:06,400

with the you know establishing the basis

450

00:19:12,470 --> 00:19:08,960

of value of of the mythical you know

451

00:19:17,909 --> 00:19:15,990

and bruce basically had had zero tax

452

00:19:19,430 --> 00:19:17,919

uh

453

00:19:21,270 --> 00:19:19,440

liability

454

00:19:23,990 --> 00:19:21,280

well i thought i did what doom is doing

455

00:19:27,190 --> 00:19:24,000

you know

456

00:19:30,310 --> 00:19:27,200

what a good accountant would do

457

00:19:31,830 --> 00:19:30,320

but my taxa accounting professor had

458

00:19:33,110 --> 00:19:31,840

enough of it

459

00:19:36,830 --> 00:19:33,120

and

460

00:19:39,830 --> 00:19:36,840

slapped at d minus on my final exam

461

00:19:42,630 --> 00:19:39,840

ouch well that's that was war that was a

462

00:19:43,750 --> 00:19:42,640

declaration of war i think

463

00:19:45,430 --> 00:19:43,760

i've been following you've been

464

00:19:47,350 --> 00:19:45,440

following all along the way

465

00:19:49,590 --> 00:19:47,360

you proceeded to do against you know we

466

00:19:52,070 --> 00:19:49,600

told you that you're thinking too deeply

467

00:19:54,390 --> 00:19:52,080

and this you haven't got you have not

468

00:19:58,230 --> 00:19:54,400

got the responses from the internal

469

00:20:01,190 --> 00:19:58,240

revenue service etc etc yada yada

470

00:20:05,669 --> 00:20:01,200

i said well that really

471

00:20:08,070 --> 00:20:05,679

bites as far as you know my my total gpa

472

00:20:10,470 --> 00:20:08,080

because i dropped my finals

473

00:20:13,110 --> 00:20:10,480

you know finals like c minus which

474

00:20:14,870 --> 00:20:13,120

really messed up my gpa

475

00:20:16,870 --> 00:20:14,880

and i said this isn't going to stand and

476

00:20:18,230 --> 00:20:16,880

i'm i i just

477

00:20:20,950 --> 00:20:18,240

i set up

478

00:20:22,950 --> 00:20:20,960

set up shop in the professor's uh

479

00:20:25,510 --> 00:20:22,960

office and he finally got so tired of me

480

00:20:28,149 --> 00:20:25,520

says give me that damn paper

481

00:20:29,750 --> 00:20:28,159

and gave me an aim line this he wouldn't

482

00:20:32,630 --> 00:20:29,760

give me an a but he gave me a name i

483

00:20:38,470 --> 00:20:34,789

he knew what he was up against and you

484

00:20:41,110 --> 00:20:38,480

know what what's odd about this true is

485

00:20:43,110 --> 00:20:41,120

you know just the very

486

00:20:45,190 --> 00:20:43,120

and this is it's one of the big brother

487

00:20:48,630 --> 00:20:45,200

and the irs is something i

488

00:20:49,990 --> 00:20:48,640

try not to uh get in the ring with and

489

00:20:51,190 --> 00:20:50,000

you know i was reading that most

490

00:20:53,029 --> 00:20:51,200

presidents

491

00:20:54,549 --> 00:20:53,039

forward their tax returns to the

492

00:20:55,909 --> 00:20:54,559

following year so i figured that was

493

00:20:57,430 --> 00:20:55,919

good advice

494

00:21:00,710 --> 00:20:57,440

but when

495

00:21:02,950 --> 00:21:00,720

you actually look at it from

496

00:21:04,230 --> 00:21:02,960

you know a systematical

497

00:21:06,310 --> 00:21:04,240

perspective

498

00:21:08,470 --> 00:21:06,320

even the word code

499

00:21:11,830 --> 00:21:08,480

i looked up the definition of the word

500

00:21:13,909 --> 00:21:11,840

code you know like as in irs code

501
00:21:15,669 --> 00:21:13,919
and the definition is a system of words

502
00:21:18,870 --> 00:21:15,679
letters figures or other symbols

503
00:21:22,070 --> 00:21:18,880
substituted for other words letters etc

504
00:21:23,029 --> 00:21:22,080
especially for the purposes of secrecy

505
00:21:26,549 --> 00:21:23,039
and

506
00:21:29,669 --> 00:21:26,559
it does seem as if

507
00:21:33,190 --> 00:21:29,679
corporations s corpse

508
00:21:36,870 --> 00:21:33,200
etc all of these quote-unquote entities

509
00:21:38,549 --> 00:21:36,880
that the elites use to kind of octopus

510
00:21:39,750 --> 00:21:38,559
around this situation and have these

511
00:21:42,070 --> 00:21:39,760
tentacles

512
00:21:43,669 --> 00:21:42,080
which can play by different rules than

513
00:21:45,430 --> 00:21:43,679

the individual

514

00:21:46,630 --> 00:21:45,440

it does seem that these business

515

00:21:49,110 --> 00:21:46,640

structures

516

00:21:51,590 --> 00:21:49,120

allow for this exact

517

00:21:54,230 --> 00:21:51,600

sort of thing this code this

518

00:21:56,070 --> 00:21:54,240

this secret code that they get away with

519

00:21:58,390 --> 00:21:56,080

murder financially

520

00:22:01,590 --> 00:21:58,400

and the rest of us do not

521

00:22:02,630 --> 00:22:01,600

and it's it's really you know evident i

522

00:22:04,950 --> 00:22:02,640

think

523

00:22:07,430 --> 00:22:04,960

in these days um especially with

524

00:22:09,909 --> 00:22:07,440

companies such as blackrock and

525

00:22:12,149 --> 00:22:09,919

um this modern financial technology that

526

00:22:14,549 --> 00:22:12,159

seems to make the problem worse because

527

00:22:15,990 --> 00:22:14,559

derivatives allow asset liability to

528

00:22:18,549 --> 00:22:16,000

mismatch and

529

00:22:20,789 --> 00:22:18,559

they're highly leveraged and they spread

530

00:22:23,430 --> 00:22:20,799

among all all of these counterparties

531

00:22:25,750 --> 00:22:23,440

and alliances and hard to find ways

532

00:22:26,549 --> 00:22:25,760

when the panic strikes

533

00:22:28,789 --> 00:22:26,559

i mean

534

00:22:31,190 --> 00:22:28,799

even the central banks seem to be

535

00:22:33,750 --> 00:22:31,200

willing to act as lenders and a last

536

00:22:35,830 --> 00:22:33,760

resort but they cannot as in we saw this

537

00:22:38,310 --> 00:22:35,840

in 2008

538

00:22:40,230 --> 00:22:38,320

when a collapse happens i mean what is

539

00:22:41,590 --> 00:22:40,240

going to play out here and i think we

540

00:22:45,590 --> 00:22:41,600

see

541

00:22:51,029 --> 00:22:45,600

you know these

542

00:22:53,510 --> 00:22:51,039

procurement issues and we see these uh

543

00:22:55,590 --> 00:22:53,520

supply chain issues there's more coming

544

00:22:57,430 --> 00:22:55,600

down the pipe isn't there

545

00:23:00,710 --> 00:22:57,440

oh absolutely and again it's not

546

00:23:02,310 --> 00:23:00,720

accidental let me again i i think we set

547

00:23:04,149 --> 00:23:02,320

the stage for what i wanted to talk

548

00:23:06,470 --> 00:23:04,159

about yeah yeah

549

00:23:09,430 --> 00:23:06,480

going very well and that's that's a very

550

00:23:11,990 --> 00:23:09,440

good very good point about the code

551

00:23:13,990 --> 00:23:12,000

uh like the da vinci code all of these

552

00:23:17,350 --> 00:23:14,000

these ciphers and and whatever it's the

553

00:23:19,110 --> 00:23:17,360

secret language it really truly is i i i

554

00:23:21,669 --> 00:23:19,120

stumbled on that myself so it's really

555

00:23:24,190 --> 00:23:21,679

amazing that you picked up on that

556

00:23:26,710 --> 00:23:24,200

uh yeah but let's let's let's proceed to

557

00:23:28,950 --> 00:23:26,720

1980 and four when i

558

00:23:31,270 --> 00:23:28,960

went into this uh i received the

559

00:23:34,230 --> 00:23:31,280

scholarship back to wall street

560

00:23:36,549 --> 00:23:34,240

i was in the top two percentile of

561

00:23:39,190 --> 00:23:36,559

financial planning

562

00:23:40,549 --> 00:23:39,200

based on on this aptitude test that i

563

00:23:43,590 --> 00:23:40,559

that i scored on

564

00:23:46,549 --> 00:23:43,600

so anyway i'm i'm i'm invited to a

565

00:23:47,830 --> 00:23:46,559

four-week high-level scholarship of on

566

00:23:50,710 --> 00:23:47,840

wall street

567

00:23:52,310 --> 00:23:50,720

we were put up at the marquee marriott

568

00:23:55,029 --> 00:23:52,320

uh penthouse

569

00:23:57,990 --> 00:23:55,039

suites there at on broadway and

570

00:23:59,350 --> 00:23:58,000

uh we were first uh monday morning that

571

00:24:01,750 --> 00:23:59,360

that

572

00:24:03,269 --> 00:24:01,760

we rang the opening bail there at uh

573

00:24:06,549 --> 00:24:03,279

started the training

574

00:24:10,549 --> 00:24:06,559

the the sharks and all the everything

575

00:24:11,430 --> 00:24:10,559

i mean i was living this in 1984. wow

576
00:24:13,510 --> 00:24:11,440
and

577
00:24:15,430 --> 00:24:13,520
i'm sitting here um

578
00:24:16,950 --> 00:24:15,440
the the day typically went like this we

579
00:24:18,870 --> 00:24:16,960
would start out

580
00:24:20,789 --> 00:24:18,880
with some guest speakers of some

581
00:24:22,870 --> 00:24:20,799
high-level individuals

582
00:24:24,710 --> 00:24:22,880
and then we would go uh you know

583
00:24:27,669 --> 00:24:24,720
literally get hands-on

584
00:24:30,230 --> 00:24:27,679
from top to bottom

585
00:24:35,269 --> 00:24:32,710
wall street itself as far as the new

586
00:24:38,950 --> 00:24:35,279
york stock exchange the amex

587
00:24:40,710 --> 00:24:38,960
all of it uh derivatives uh arbitrage

588
00:24:42,549 --> 00:24:40,720

the whole nine yards

589

00:24:45,190 --> 00:24:42,559

okay how it how would all operate how

590

00:24:48,950 --> 00:24:45,200

fit into one neat whole

591

00:24:52,070 --> 00:24:48,960

the world trade center was an amazing um

592

00:24:55,029 --> 00:24:52,080

an inside tour just by the way

593

00:24:56,950 --> 00:24:55,039

uh seeing us how the the entire

594

00:24:58,230 --> 00:24:56,960

building

595

00:25:01,590 --> 00:24:58,240

the trend towers are actually

596

00:25:05,110 --> 00:25:01,600

constructed we went on an intensive tour

597

00:25:07,269 --> 00:25:05,120

of of the engineering of those towers

598

00:25:09,750 --> 00:25:07,279

and how it's anchored to the bedrock of

599

00:25:11,909 --> 00:25:09,760

manhattan etc etc but

600

00:25:15,190 --> 00:25:11,919

yeah we were literally given the

601
00:25:17,990 --> 00:25:15,200
insider's inside tor

602
00:25:20,230 --> 00:25:18,000
and so keep in mind now we're

603
00:25:24,070 --> 00:25:20,240
being trained as how to really manage

604
00:25:26,549 --> 00:25:24,080
risk and risk management from a to z

605
00:25:28,310 --> 00:25:26,559
and you know if you remember remember

606
00:25:30,870 --> 00:25:28,320
that movie trading places with eddie

607
00:25:32,230 --> 00:25:30,880
murphy loved it yeah

608
00:25:36,230 --> 00:25:32,240
aaron russo

609
00:25:38,149 --> 00:25:36,240
was the the director of that movie okay

610
00:25:39,029 --> 00:25:38,159
uh but everything about

611
00:25:41,750 --> 00:25:39,039
how

612
00:25:43,750 --> 00:25:41,760
wall street operates based on

613
00:25:45,590 --> 00:25:43,760

inside knowledge

614

00:25:47,590 --> 00:25:45,600

is so key

615

00:25:49,510 --> 00:25:47,600

to the whole system and

616

00:25:51,750 --> 00:25:49,520

and for what it's worth we were kind of

617

00:25:53,750 --> 00:25:51,760

given the inside track of the inside

618

00:25:55,350 --> 00:25:53,760

knowledge

619

00:25:57,909 --> 00:25:55,360

so

620

00:26:00,870 --> 00:25:57,919

i realized pretty quickly this was a

621

00:26:02,310 --> 00:26:00,880

unique opportunity to to write my golden

622

00:26:05,029 --> 00:26:02,320

ticket

623

00:26:09,029 --> 00:26:05,039

that i would be able to be a millionaire

624

00:26:11,990 --> 00:26:09,039

many times over in just a few years time

625

00:26:13,190 --> 00:26:12,000

and i was like wow this is

626
00:26:16,310 --> 00:26:13,200
this is

627
00:26:18,470 --> 00:26:16,320
really a fantastic opportunity

628
00:26:20,230 --> 00:26:18,480
but here's where things really

629
00:26:22,870 --> 00:26:20,240
got out of you know again it's like i'm

630
00:26:24,789 --> 00:26:22,880
going down the freeway with a maserati

631
00:26:26,390 --> 00:26:24,799
at 180 miles an hour

632
00:26:28,470 --> 00:26:26,400
and he had reversed and just stripped

633
00:26:31,269 --> 00:26:28,480
the gears

634
00:26:33,590 --> 00:26:31,279
because in my in the final

635
00:26:34,870 --> 00:26:33,600
day of my four weeks there in wall

636
00:26:37,750 --> 00:26:34,880
street

637
00:26:39,990 --> 00:26:37,760
we were given a

638
00:26:42,390 --> 00:26:40,000

morning appearance by

639

00:26:43,590 --> 00:26:42,400

paul volcker of the federal

640

00:26:44,789 --> 00:26:43,600

reserve

641

00:26:51,350 --> 00:26:44,799

chairman

642

00:26:53,669 --> 00:26:51,360

and proceeds to just absolutely strip my

643

00:26:56,070 --> 00:26:53,679

gears

644

00:26:58,630 --> 00:26:56,080

we keep in mind we have all of these i

645

00:27:00,390 --> 00:26:58,640

have this grandiose plans of what i'm

646

00:27:01,110 --> 00:27:00,400

going to do to

647

00:27:02,549 --> 00:27:01,120

to

648

00:27:05,350 --> 00:27:02,559

concentrate on on

649

00:27:07,669 --> 00:27:05,360

fx trading you know the

650

00:27:09,669 --> 00:27:07,679

all the derivatives all of this and how

651
00:27:11,190 --> 00:27:09,679
you can actually put logarithms and

652
00:27:12,710 --> 00:27:11,200
computers to work

653
00:27:14,310 --> 00:27:12,720
i mean it could fail safe i mean just

654
00:27:17,190 --> 00:27:14,320
have to do the work

655
00:27:20,149 --> 00:27:17,200
and you can make millions okay

656
00:27:21,350 --> 00:27:20,159
and so here's here's paul volcker coming

657
00:27:22,870 --> 00:27:21,360
up and

658
00:27:26,149 --> 00:27:22,880
i'm sitting

659
00:27:27,190 --> 00:27:26,159
not five feet away from him ryan

660
00:27:30,070 --> 00:27:27,200
as he

661
00:27:32,789 --> 00:27:30,080
comes in with his you know his secretary

662
00:27:34,389 --> 00:27:32,799
and i guess some security people

663
00:27:36,950 --> 00:27:34,399

proceeds to

664

00:27:39,269 --> 00:27:36,960

come up and take a a

665

00:27:40,630 --> 00:27:39,279

metal waste basket

666

00:27:43,590 --> 00:27:40,640

put it up on his

667

00:27:45,190 --> 00:27:43,600

table that he's using as a prop and

668

00:27:48,310 --> 00:27:45,200

takes out one of his

669

00:27:50,230 --> 00:27:48,320

uh cuban you know green stogy cigars

670

00:27:53,190 --> 00:27:50,240

bites the end of it off

671

00:27:55,830 --> 00:27:53,200

uh has his metal waste basket

672

00:27:57,510 --> 00:27:55,840

and proceeds to put the stogie in his

673

00:28:00,070 --> 00:27:57,520

mouth and pull out of

674

00:28:02,149 --> 00:28:00,080

out of his pocket

675

00:28:03,029 --> 00:28:02,159

a money clip

676

00:28:05,750 --> 00:28:03,039

with

677

00:28:07,269 --> 00:28:05,760

money i had personally never seen before

678

00:28:09,990 --> 00:28:07,279

okay

679

00:28:12,630 --> 00:28:10,000

and he pulls one bill out of the clip

680

00:28:15,190 --> 00:28:12,640

and and kind of you know it's crisp and

681

00:28:16,630 --> 00:28:15,200

a brand new looking bill and guess who's

682

00:28:19,029 --> 00:28:16,640

on the front of it

683

00:28:21,909 --> 00:28:19,039

president woodrow wilson

684

00:28:23,909 --> 00:28:21,919

um because i'm i'm not five feet away

685

00:28:27,669 --> 00:28:23,919

from the man

686

00:28:29,269 --> 00:28:27,679

i'm looking at this okay woodrow wilson

687

00:28:32,549 --> 00:28:29,279

and i'm seeing

688

00:28:35,430 --> 00:28:32,559

that's a 100 000

689

00:28:37,269 --> 00:28:35,440

federal reserve bill

690

00:28:39,909 --> 00:28:37,279

one hundred thousand dollars

691

00:28:41,190 --> 00:28:39,919

unbelievable

692

00:28:43,029 --> 00:28:41,200

and he

693

00:28:47,110 --> 00:28:43,039

you know he clicks and then he he

694

00:28:50,070 --> 00:28:47,120

proceeds to to to scrunch it up

695

00:28:53,029 --> 00:28:50,080

and then takes out uh what looks like a

696

00:28:55,510 --> 00:28:53,039

golden lighter you know gold

697

00:28:57,510 --> 00:28:55,520

cigarette cigar lighter but he likes

698

00:28:58,630 --> 00:28:57,520

doesn't light his cigar with it

699

00:29:04,149 --> 00:28:58,640

he

700

00:29:05,510 --> 00:29:04,159

federal reserve note 100 000 bill with

701
00:29:07,510 --> 00:29:05,520
on fire

702
00:29:09,269 --> 00:29:07,520
lets it burn up and he uses that to

703
00:29:11,269 --> 00:29:09,279
light and puff away on his doggy his

704
00:29:13,269 --> 00:29:11,279
cigar

705
00:29:16,870 --> 00:29:13,279
and as it burns he drops it into the

706
00:29:19,110 --> 00:29:16,880
paper the metal waste basket

707
00:29:20,870 --> 00:29:19,120
and i'm sitting there well that was an

708
00:29:23,590 --> 00:29:20,880
interesting

709
00:29:25,590 --> 00:29:23,600
lesson he's got money to burn up now and

710
00:29:27,190 --> 00:29:25,600
big bill i never i don't know about you

711
00:29:28,149 --> 00:29:27,200
but i've never seen a hundred thousand

712
00:29:32,149 --> 00:29:28,159
dollar

713
00:29:35,190 --> 00:29:33,510

no

714

00:29:36,549 --> 00:29:35,200

and so he

715

00:29:38,470 --> 00:29:36,559

he

716

00:29:40,149 --> 00:29:38,480

pops in a cigar for you know for

717

00:29:42,149 --> 00:29:40,159

emphasis

718

00:29:44,789 --> 00:29:42,159

then proceeds to take out another

719

00:29:47,350 --> 00:29:44,799

hundred thousand dollar bill

720

00:29:50,950 --> 00:29:47,360

and shows you know looks around he says

721

00:29:53,110 --> 00:29:50,960

this is his his whole object lesson

722

00:29:54,470 --> 00:29:53,120

is this he says

723

00:29:56,149 --> 00:29:54,480

this

724

00:29:58,630 --> 00:29:56,159

is not

725

00:29:59,590 --> 00:29:58,640

for you

726

00:30:03,350 --> 00:29:59,600

well

727

00:30:06,389 --> 00:30:05,029

heck it isn't i mean give me that

728

00:30:08,950 --> 00:30:06,399

hundred thousand dollars and watch what

729

00:30:11,909 --> 00:30:08,960

i'll do with it

730

00:30:12,710 --> 00:30:11,919

now the the message was this is he said

731

00:30:17,830 --> 00:30:12,720

this

732

00:30:19,190 --> 00:30:17,840

of the

733

00:30:22,789 --> 00:30:19,200

i didn't know what he was talking about

734

00:30:23,669 --> 00:30:22,799

i'm a young mormon boy from utah

735

00:30:26,310 --> 00:30:23,679

um

736

00:30:28,950 --> 00:30:26,320

what going gee is was that an acronym

737

00:30:31,909 --> 00:30:28,960

for gross over income goi what what in

738

00:30:34,310 --> 00:30:31,919

the hell is he talking about

739

00:30:37,029 --> 00:30:34,320

as i remember writing on my my

740

00:30:41,590 --> 00:30:37,039

legal pad doi question mark question

741

00:30:44,149 --> 00:30:41,600

what is gross overrank what is going

742

00:30:47,190 --> 00:30:44,159

well as he went on to explain i realized

743

00:30:51,269 --> 00:30:47,200

that it was talking he was talking about

744

00:30:52,870 --> 00:30:51,279

my the people in my in my class i i

745

00:30:55,029 --> 00:30:52,880

after the about the third week i

746

00:30:57,509 --> 00:30:55,039

realized i was the only

747

00:30:59,110 --> 00:30:57,519

non-jewish fellow that was there that

748

00:31:02,230 --> 00:30:59,120

everybody else was

749

00:31:04,950 --> 00:31:02,240

had rosenstein or goldstein or goldman

750

00:31:05,909 --> 00:31:04,960

sachs they were all these investment

751
00:31:07,590 --> 00:31:05,919
banking

752
00:31:10,630 --> 00:31:07,600
elite and they were

753
00:31:11,909 --> 00:31:10,640
many they were all jewish i was not

754
00:31:14,630 --> 00:31:11,919
and they

755
00:31:17,590 --> 00:31:14,640
many of them had the yarmouks on and and

756
00:31:19,509 --> 00:31:17,600
this type of thing and i was

757
00:31:21,669 --> 00:31:19,519
for saturday whenever they're at the

758
00:31:23,830 --> 00:31:21,679
at the uh

759
00:31:25,269 --> 00:31:23,840
the most the hotel rooms on saturday

760
00:31:27,350 --> 00:31:25,279
they were all gone

761
00:31:29,669 --> 00:31:27,360
on saturday sabbath

762
00:31:31,509 --> 00:31:29,679
and so i realized well

763
00:31:34,870 --> 00:31:31,519

what is that now i know what it means

764

00:31:37,830 --> 00:31:34,880

is is the yiddish term for human

765

00:31:39,830 --> 00:31:37,840

cattle or human livestock

766

00:31:41,430 --> 00:31:39,840

i didn't know it then but i've learned

767

00:31:43,269 --> 00:31:41,440

it since

768

00:31:45,029 --> 00:31:43,279

what what they were referring to and so

769

00:31:46,710 --> 00:31:45,039

i'm i'm

770

00:31:48,630 --> 00:31:46,720

okay what is

771

00:31:51,669 --> 00:31:48,640

not for us what do you mean not for us

772

00:31:55,190 --> 00:31:51,679

and here's here's his message

773

00:31:57,110 --> 00:31:55,200

because after again like i said maserati

774

00:32:00,149 --> 00:31:57,120

on the freeway 160 miles an hour and

775

00:32:03,909 --> 00:32:00,159

having your gear stripped

776

00:32:05,909 --> 00:32:03,919

here's how my gears were stripped

777

00:32:07,350 --> 00:32:05,919

he then brought up his pocket a whole

778

00:32:10,549 --> 00:32:07,360

handful of

779

00:32:13,029 --> 00:32:10,559

of gold and silver

780

00:32:14,710 --> 00:32:13,039

coins pure silver

781

00:32:16,310 --> 00:32:14,720

and could

782

00:32:19,350 --> 00:32:16,320

you know consider just to shake him

783

00:32:21,590 --> 00:32:19,360

clink clink clink clink

784

00:32:23,830 --> 00:32:21,600

and showed us he said

785

00:32:26,310 --> 00:32:23,840

you must understand

786

00:32:28,470 --> 00:32:26,320

the paper

787

00:32:30,470 --> 00:32:28,480

is just that do not

788

00:32:33,110 --> 00:32:30,480

do not

789

00:32:35,110 --> 00:32:33,120

build paper

790

00:32:37,190 --> 00:32:35,120

it's for the consumption of the going

791

00:32:39,110 --> 00:32:37,200

not for you

792

00:32:41,669 --> 00:32:39,120

and he proceeded to tell us then it gave

793

00:32:43,029 --> 00:32:41,679

us a handed out a a really nice

794

00:32:45,190 --> 00:32:43,039

laminated

795

00:32:48,710 --> 00:32:45,200

little index card

796

00:32:50,950 --> 00:32:48,720

with the the key numbers to the united

797

00:32:53,190 --> 00:32:50,960

states treasury mints

798

00:32:57,029 --> 00:32:53,200

and not only that but the south african

799

00:32:59,509 --> 00:32:57,039

mints the canadian mint the you know uh

800

00:33:02,710 --> 00:32:59,519

on and on where you can get cougar ends

801
00:33:05,029 --> 00:33:02,720
or other other form of gold from other

802
00:33:07,909 --> 00:33:05,039
national mints

803
00:33:11,190 --> 00:33:07,919
and the whole message was you take all

804
00:33:13,110 --> 00:33:11,200
of your quarterly earnings of profit

805
00:33:16,950 --> 00:33:13,120
less expenses

806
00:33:17,990 --> 00:33:16,960
and you transfer them 100 percent into

807
00:33:24,950 --> 00:33:18,000
gold

808
00:33:28,710 --> 00:33:24,960
said

809
00:33:33,110 --> 00:33:28,720
and you do it in the form of these coins

810
00:33:37,110 --> 00:33:35,029
i'm sitting here

811
00:33:38,870 --> 00:33:37,120
oh this guy's

812
00:33:41,110 --> 00:33:38,880
missing the boat that's i gotta tell you

813
00:33:43,990 --> 00:33:41,120

that's was that was my initial knee jerk

814

00:33:46,070 --> 00:33:44,000

reaction and it was like

815

00:33:47,830 --> 00:33:46,080

okay yeah

816

00:33:51,110 --> 00:33:47,840

he's he's way

817

00:33:53,909 --> 00:33:51,120

old-fashioned and eccentric

818

00:33:55,990 --> 00:33:53,919

come on i i just spent you know

819

00:33:58,710 --> 00:33:56,000

almost four weeks

820

00:34:01,430 --> 00:33:58,720

learning how to to scientifically build

821

00:34:04,310 --> 00:34:01,440

one hell of a portfolio

822

00:34:06,710 --> 00:34:04,320

and to make mutual funds and and

823

00:34:08,149 --> 00:34:06,720

do commodities exchanges all of this and

824

00:34:11,190 --> 00:34:08,159

you want me to put everything into a

825

00:34:13,430 --> 00:34:11,200

commodity of cold that's ridiculous

826

00:34:16,230 --> 00:34:13,440

that that was my i didn't voice that but

827

00:34:18,550 --> 00:34:16,240

that was my thoughts like

828

00:34:21,030 --> 00:34:18,560

you're out you're an outdated old fogey

829

00:34:23,430 --> 00:34:21,040

you know

830

00:34:25,750 --> 00:34:23,440

and so on but that's like is everybody

831

00:34:27,829 --> 00:34:25,760

is everybody else you know

832

00:34:29,430 --> 00:34:27,839

of the same opinion as me and i guess

833

00:34:32,310 --> 00:34:29,440

that's my ego

834

00:34:34,950 --> 00:34:32,320

my thought well you know who's this old

835

00:34:37,909 --> 00:34:34,960

old folky you know

836

00:34:40,230 --> 00:34:37,919

to tell us all this

837

00:34:42,869 --> 00:34:40,240

but the rest of people

838

00:34:43,750 --> 00:34:42,879

had had absolute respect the other 20 or

839

00:34:54,629 --> 00:34:43,760

so

840

00:34:57,109 --> 00:34:54,639

presentation was all of maybe 10 maybe

841

00:34:59,670 --> 00:34:57,119

15 minutes ryan

842

00:35:01,589 --> 00:34:59,680

and and that's what we concluded with

843

00:35:04,550 --> 00:35:01,599

that and he says

844

00:35:06,870 --> 00:35:04,560

that's the message you put these and

845

00:35:10,390 --> 00:35:06,880

they explained about what uh

846

00:35:13,190 --> 00:35:10,400

what the mint series 70s coins are going

847

00:35:15,430 --> 00:35:13,200

to be uh why they're so valuable to look

848

00:35:19,670 --> 00:35:15,440

look for the mint series get them you

849

00:35:23,190 --> 00:35:19,680

know uncirculated store them in a um

850

00:35:26,390 --> 00:35:23,200

offshore account safety deposit box in

851
00:35:27,349 --> 00:35:26,400
in switzerland or the cayman islands or

852
00:35:28,950 --> 00:35:27,359
you know

853
00:35:31,270 --> 00:35:28,960
just make it give us a list of all of

854
00:35:35,589 --> 00:35:31,280
that we're to put these this gold and

855
00:35:37,510 --> 00:35:35,599
and or silver ms70 coins

856
00:35:39,750 --> 00:35:37,520
i'm saying well

857
00:35:40,790 --> 00:35:39,760
they're pretty

858
00:35:44,230 --> 00:35:40,800
okay

859
00:35:45,190 --> 00:35:44,240
but not everything surely

860
00:35:47,030 --> 00:35:45,200
maybe

861
00:35:50,150 --> 00:35:47,040
25 of

862
00:35:53,510 --> 00:35:50,160
our asset value be very conservative

863
00:35:55,030 --> 00:35:53,520

but not a hundred percent surely that's

864

00:35:57,349 --> 00:35:55,040

about kind of i thought it was a little

865

00:35:58,790 --> 00:35:57,359

eccentric to say the least

866

00:36:01,589 --> 00:35:58,800

and so when he finished up and he's

867

00:36:03,670 --> 00:36:01,599

still puffing away on his on his

868

00:36:06,710 --> 00:36:03,680

soaking right he's still puffing

869

00:36:09,589 --> 00:36:06,720

and and it smelled pretty nasty but

870

00:36:13,109 --> 00:36:09,599

he says any any questions

871

00:36:19,030 --> 00:36:15,829

well i had a question a big question but

872

00:36:20,870 --> 00:36:19,040

nobody else raised me on so i did i

873

00:36:23,990 --> 00:36:20,880

he looked to me and he says oh you're

874

00:36:27,109 --> 00:36:24,000

the mormon boy from utah like really do

875

00:36:28,550 --> 00:36:27,119

i look that do i look that ostentatious

876

00:36:30,630 --> 00:36:28,560

do i

877

00:36:33,030 --> 00:36:30,640

i go yes sir because you asked your

878

00:36:35,109 --> 00:36:33,040

question i said

879

00:36:36,710 --> 00:36:35,119

chairman volker with all due respect

880

00:36:39,829 --> 00:36:36,720

isn't

881

00:36:41,589 --> 00:36:39,839

this like putting oliver eggs into one

882

00:36:43,589 --> 00:36:41,599

basket shouldn't we

883

00:36:46,150 --> 00:36:43,599

you know we've learned this whole

884

00:36:47,750 --> 00:36:46,160

you know month about diversification of

885

00:36:50,069 --> 00:36:47,760

risk

886

00:36:53,109 --> 00:36:50,079

why should we put all of our eggs in one

887

00:36:56,630 --> 00:36:55,190

and he acted like he didn't even hear me

888

00:36:58,790 --> 00:36:56,640

you know he just kept puffing away on

889

00:37:00,310 --> 00:36:58,800

his stokie just puff

890

00:37:02,950 --> 00:37:00,320

puffs

891

00:37:05,430 --> 00:37:02,960

and it it seemed like an eternity but it

892

00:37:09,750 --> 00:37:05,440

was maybe three or four minutes you know

893

00:37:12,150 --> 00:37:09,760

click you know time just clicked by

894

00:37:13,270 --> 00:37:12,160

and he said

895

00:37:14,390 --> 00:37:13,280

never

896

00:37:16,230 --> 00:37:14,400

forget

897

00:37:18,069 --> 00:37:16,240

this

898

00:37:20,710 --> 00:37:18,079

until you have these and he put those

899

00:37:22,790 --> 00:37:20,720

put the the gold uh coins and that out

900

00:37:25,030 --> 00:37:22,800

of his butt click click click until you

901
00:37:28,550 --> 00:37:25,040
have these

902
00:37:34,870 --> 00:37:30,069
wow

903
00:37:39,990 --> 00:37:36,950
so we are literally talking about the

904
00:37:42,390 --> 00:37:40,000
death of money and currency as we know

905
00:37:44,310 --> 00:37:42,400
it and it seems like the global elites

906
00:37:46,550 --> 00:37:44,320
have this dark

907
00:37:49,109 --> 00:37:46,560
agenda or effort

908
00:37:51,349 --> 00:37:49,119
to hide this coming catastrophe from

909
00:37:54,950 --> 00:37:51,359
investors i mean

910
00:37:57,670 --> 00:37:54,960
you turn on cnbc or any of your

911
00:37:59,670 --> 00:37:57,680
mainstream news outlets and

912
00:38:05,109 --> 00:37:59,680
they keep minimizing

913
00:38:07,910 --> 00:38:05,119

anything that we blatantly see coming

914

00:38:10,550 --> 00:38:07,920

it's all hypnosis uh to me

915

00:38:12,230 --> 00:38:10,560

it's this is getting people to

916

00:38:14,550 --> 00:38:12,240

to be

917

00:38:17,510 --> 00:38:14,560

shall we put you know sedated if you

918

00:38:20,069 --> 00:38:17,520

will i see it so very clearly

919

00:38:22,790 --> 00:38:20,079

and you know there's there's something

920

00:38:25,510 --> 00:38:22,800

that i that i've been following

921

00:38:28,150 --> 00:38:25,520

actually since this day in in new york

922

00:38:30,470 --> 00:38:28,160

city uh since meeting chairman bulker

923

00:38:31,750 --> 00:38:30,480

and this this structure

924

00:38:33,670 --> 00:38:31,760

because i've got to tell you i'll be

925

00:38:35,349 --> 00:38:33,680

honest with you it was like

926

00:38:38,150 --> 00:38:35,359

is this guy crazy

927

00:38:40,870 --> 00:38:38,160

mm-hmm really but no he's the chairman

928

00:38:43,430 --> 00:38:40,880

of the freaking fed

929

00:38:44,950 --> 00:38:43,440

and he actually said this on the part of

930

00:38:47,750 --> 00:38:44,960

one of his things he said in the

931

00:38:49,349 --> 00:38:47,760

presentation the people that i work for

932

00:38:53,829 --> 00:38:49,359

he said

933

00:38:56,230 --> 00:38:53,839

day will come where he had the woodrow

934

00:38:59,510 --> 00:38:56,240

wilson hundred thousand dollar bill

935

00:39:01,510 --> 00:38:59,520

and a george washington one dollar bill

936

00:39:03,510 --> 00:39:01,520

he says these will be indistinguishable

937

00:39:05,829 --> 00:39:03,520

in value

938

00:39:08,790 --> 00:39:05,839

i will he says i do not know when this

939

00:39:10,950 --> 00:39:08,800

will happen it may not be in my lifetime

940

00:39:13,829 --> 00:39:10,960

but the men i work for know that it is

941

00:39:16,550 --> 00:39:13,839

in the long term plan this will not

942

00:39:18,630 --> 00:39:16,560

there'll be no more value in these

943

00:39:21,109 --> 00:39:18,640

which is why he burned the hundred

944

00:39:24,390 --> 00:39:21,119

thousand dollar bill for his object

945

00:39:28,710 --> 00:39:26,230

so i'm sitting here

946

00:39:30,390 --> 00:39:28,720

okay what is this all about

947

00:39:33,750 --> 00:39:30,400

that's what i'm talking about you you

948

00:39:36,310 --> 00:39:33,760

the the gears are stripped

949

00:39:38,150 --> 00:39:36,320

it's like i have to rethink this whole

950

00:39:40,790 --> 00:39:38,160

thing like the like the

951
00:39:42,790 --> 00:39:40,800
gross income versus net income the

952
00:39:45,109 --> 00:39:42,800
definition of income

953
00:39:47,030 --> 00:39:45,119
it's like wait a minute

954
00:39:50,950 --> 00:39:47,040
what is happening here

955
00:39:52,790 --> 00:39:50,960
again this is 1984 ryan okay

956
00:39:54,390 --> 00:39:52,800
so i'm i'm

957
00:39:56,790 --> 00:39:54,400
thinking about this

958
00:39:58,069 --> 00:39:56,800
deeply like what said in my accounting

959
00:40:01,990 --> 00:39:58,079
classes

960
00:40:04,870 --> 00:40:02,000
and as i'm flying back to utah i flew

961
00:40:07,270 --> 00:40:04,880
into las vegas airport actually

962
00:40:08,829 --> 00:40:07,280
and as i landed i'm just like

963
00:40:12,390 --> 00:40:08,839

wait a

964

00:40:14,150 --> 00:40:12,400

minute is you know is it is paper really

965

00:40:14,790 --> 00:40:14,160

all that important because think about

966

00:40:17,990 --> 00:40:14,800

it

967

00:40:19,109 --> 00:40:18,000

our stocks our stock market our bond

968

00:40:21,589 --> 00:40:19,119

market

969

00:40:24,710 --> 00:40:21,599

they're all dementias they are promises

970

00:40:25,510 --> 00:40:24,720

to pay their debt instruments

971

00:40:27,829 --> 00:40:25,520

the

972

00:40:30,710 --> 00:40:27,839

federal reserve note

973

00:40:34,470 --> 00:40:30,720

that we call our dollar bill

974

00:40:36,390 --> 00:40:34,480

is a debt instrument

975

00:40:39,349 --> 00:40:36,400

okay it's not real money and not real

976
00:40:40,710 --> 00:40:39,359
wealth whatsoever

977
00:40:42,470 --> 00:40:40,720
i had to under i kind of come to

978
00:40:44,309 --> 00:40:42,480
understand that

979
00:40:46,150 --> 00:40:44,319
and

980
00:40:48,230 --> 00:40:46,160
you know you can think about it all we

981
00:40:49,910 --> 00:40:48,240
you know we we say well we've got to

982
00:40:52,790 --> 00:40:49,920
have these uh

983
00:40:54,390 --> 00:40:52,800
federal reserve notes in large amounts

984
00:40:56,710 --> 00:40:54,400
and

985
00:40:57,510 --> 00:40:56,720
whatever a bank account or what have you

986
00:41:03,030 --> 00:40:57,520
but

987
00:41:04,630 --> 00:41:03,040
and i had to come to that i mean it was

988
00:41:09,190 --> 00:41:04,640

not easy to come to grips with it

989

00:41:15,589 --> 00:41:11,190

an absolute

990

00:41:17,990 --> 00:41:15,599

new paradigm shift at least it was to me

991

00:41:20,390 --> 00:41:18,000

so i'm kind of awake awakened with this

992

00:41:23,030 --> 00:41:20,400

and i'm seeing this how it's worked

993

00:41:25,270 --> 00:41:23,040

i've i've seen you know the markets go

994

00:41:27,270 --> 00:41:25,280

into its gyrations again what happened

995

00:41:29,270 --> 00:41:27,280

in 2008

996

00:41:31,190 --> 00:41:29,280

actually i wrote a manuscript i was

997

00:41:34,710 --> 00:41:31,200

going to publish into a book

998

00:41:36,550 --> 00:41:34,720

i did this in in 1987.

999

00:41:39,990 --> 00:41:36,560

i wrote the book called the coming rush

1000

00:41:42,630 --> 00:41:40,000

to liquidity and the cashless society

1001
00:41:44,309 --> 00:41:42,640
based exactly on what volcker had said

1002
00:41:46,870 --> 00:41:44,319
that day in

1003
00:41:48,470 --> 00:41:46,880
new york to me

1004
00:41:50,470 --> 00:41:48,480
and it's like okay

1005
00:41:51,190 --> 00:41:50,480
what do we need to look for and what is

1006
00:41:53,190 --> 00:41:51,200
our

1007
00:41:55,670 --> 00:41:53,200
goals

1008
00:41:58,630 --> 00:41:55,680
and as aspirations

1009
00:42:02,550 --> 00:41:58,640
based on that new paradigm shift

1010
00:42:05,109 --> 00:42:02,560
if volcker is accurate and the federal

1011
00:42:07,030 --> 00:42:05,119
reserve notes are going to be worthless

1012
00:42:10,630 --> 00:42:07,040
toilet paper

1013
00:42:13,270 --> 00:42:10,640

what do we really need to focus on and

1014

00:42:16,150 --> 00:42:13,280

so i i began with my investment

1015

00:42:18,710 --> 00:42:16,160

counseling to people i became extremely

1016

00:42:21,109 --> 00:42:18,720

bullish on gold and silver

1017

00:42:22,630 --> 00:42:21,119

just just as nothing else and and you

1018

00:42:24,630 --> 00:42:22,640

know

1019

00:42:26,950 --> 00:42:24,640

here's the reality can i can i share

1020

00:42:28,470 --> 00:42:26,960

this big secret with listeners please do

1021

00:42:31,510 --> 00:42:28,480

absolutely

1022

00:42:33,589 --> 00:42:31,520

okay is uh

1023

00:42:37,270 --> 00:42:33,599

if i had

1024

00:42:39,349 --> 00:42:37,280

followed paul volcker's advice in 1980

1025

00:42:42,630 --> 00:42:39,359

1984

1026

00:42:45,589 --> 00:42:42,640

and put all i mean every bit of my

1027

00:42:50,069 --> 00:42:45,599

excess my income

1028

00:42:51,829 --> 00:42:50,079

into gold and silver krugerrand offshore

1029

00:42:54,870 --> 00:42:51,839

okay especially focusing on what's

1030

00:42:56,550 --> 00:42:54,880

called ms70 coins

1031

00:42:59,270 --> 00:42:56,560

that goodness

1032

00:43:04,630 --> 00:42:59,280

i i went back and calculated

1033

00:43:06,950 --> 00:43:04,640

i i should have i didn't i wish i had

1034

00:43:08,630 --> 00:43:06,960

here's the fact

1035

00:43:12,230 --> 00:43:08,640

if you take

1036

00:43:14,550 --> 00:43:12,240

just one silver eagle from the u.s mint

1037

00:43:17,270 --> 00:43:14,560

that's what's called the ms70 mini

1038

00:43:20,150 --> 00:43:17,280

series 70 which is the highest grade

1039

00:43:21,750 --> 00:43:20,160

if they're put under plastic line

1040

00:43:24,790 --> 00:43:21,760

they're sealed

1041

00:43:27,510 --> 00:43:24,800

and they're given a barcode the ms70

1042

00:43:30,150 --> 00:43:27,520

code it's by the numismatic guarantee

1043

00:43:33,270 --> 00:43:30,160

corporation ngc

1044

00:43:34,230 --> 00:43:33,280

you take just one of those

1045

00:43:35,430 --> 00:43:34,240

one

1046

00:43:36,309 --> 00:43:35,440

silver

1047

00:43:39,349 --> 00:43:36,319

eagle

1048

00:43:41,829 --> 00:43:39,359

certified u.s mint nsg

1049

00:43:42,630 --> 00:43:41,839

ms70

1050

00:43:48,870 --> 00:43:42,640

one

1051

00:43:50,550 --> 00:43:48,880

since 1980 and four

1052

00:43:54,550 --> 00:43:50,560

i did the calculations go and look at

1053

00:43:57,670 --> 00:43:54,560

the ngc's calculations just one a month

1054

00:43:58,950 --> 00:43:57,680

i would have 1.4 million

1055

00:44:01,109 --> 00:43:58,960

dollars

1056

00:44:04,390 --> 00:44:01,119

value in a portfolio

1057

00:44:06,470 --> 00:44:04,400

unbelievable and it's shocking you know

1058

00:44:08,390 --> 00:44:06,480

this is something my grandfather told me

1059

00:44:10,870 --> 00:44:08,400

and i didn't believe him either

1060

00:44:14,150 --> 00:44:10,880

and once upon a time he showed me i

1061

00:44:15,750 --> 00:44:14,160

believe was a 500 bill a thousand dollar

1062

00:44:16,950 --> 00:44:15,760

bill i think the thousand dollar bill

1063

00:44:19,589 --> 00:44:16,960

was pink

1064

00:44:21,910 --> 00:44:19,599

but they also had five and ten thousand

1065

00:44:24,870 --> 00:44:21,920

dollar bills and like you said hundred

1066

00:44:26,390 --> 00:44:24,880

thousand dollar bills in circulation

1067

00:44:28,069 --> 00:44:26,400

and

1068

00:44:30,870 --> 00:44:28,079

these

1069

00:44:33,829 --> 00:44:30,880

were no longer needed and that that's a

1070

00:44:35,270 --> 00:44:33,839

scary thing in 1969 i guess they got rid

1071

00:44:37,910 --> 00:44:35,280

of them

1072

00:44:39,349 --> 00:44:37,920

and it all seems that

1073

00:44:41,670 --> 00:44:39,359

this this is

1074

00:44:44,470 --> 00:44:41,680

it's gone one step further now in modern

1075

00:44:46,069 --> 00:44:44,480

days hasn't it with these crazy nfts and

1076

00:44:48,309 --> 00:44:46,079

cryptocurrencies

1077

00:44:52,870 --> 00:44:48,319

and literally people storing value in

1078

00:44:56,870 --> 00:44:55,270

amen brother i mean that's really i'm

1079

00:44:59,270 --> 00:44:56,880

watching this and saying

1080

00:45:01,510 --> 00:44:59,280

an nft i mean you know what tom brady

1081

00:45:03,109 --> 00:45:01,520

did i mean look what i mean he takes

1082

00:45:05,990 --> 00:45:03,119

this this

1083

00:45:07,349 --> 00:45:06,000

nfp not non-uh uh

1084

00:45:08,710 --> 00:45:07,359

fungible

1085

00:45:11,990 --> 00:45:08,720

token

1086

00:45:14,470 --> 00:45:12,000

and makes a a an imaginary super bowl

1087

00:45:17,109 --> 00:45:14,480

football it's a yeah it's a work of art

1088

00:45:21,270 --> 00:45:17,119

on the on the on the internet and the

1089

00:45:28,790 --> 00:45:24,550

the electronic world and proceeds to

1090

00:45:31,829 --> 00:45:28,800

you know make millions on this nft

1091

00:45:33,589 --> 00:45:31,839

and yet what is the millions he's made

1092

00:45:36,069 --> 00:45:33,599

it only exists

1093

00:45:37,270 --> 00:45:36,079

you know in the metaverse doesn't it it

1094

00:45:39,270 --> 00:45:37,280

doesn't

1095

00:45:41,670 --> 00:45:39,280

you know can you still buy things with

1096

00:45:44,870 --> 00:45:41,680

it when you transfer transfer your

1097

00:45:47,829 --> 00:45:44,880

your cryptos out from the metaverse you

1098

00:45:49,910 --> 00:45:47,839

know to to the real world yeah right now

1099

00:45:51,670 --> 00:45:49,920

you can

1100

00:45:53,990 --> 00:45:51,680

but it only exists

1101
00:45:55,670 --> 00:45:54,000
you know in in the widgets of the

1102
00:45:58,309 --> 00:45:55,680
computer algorithms

1103
00:46:00,230 --> 00:45:58,319
exactly

1104
00:46:03,910 --> 00:46:00,240
what what happens when the internet goes

1105
00:46:10,309 --> 00:46:07,510
it you know it that's exactly right

1106
00:46:11,750 --> 00:46:10,319
and these untangibles i mean you can't

1107
00:46:14,470 --> 00:46:11,760
easily

1108
00:46:16,710 --> 00:46:14,480
it seems like the web of transactions

1109
00:46:17,829 --> 00:46:16,720
this in a domino style crash when this

1110
00:46:19,750 --> 00:46:17,839
all comes

1111
00:46:21,270 --> 00:46:19,760
tumbling down the last thing anybody's

1112
00:46:23,030 --> 00:46:21,280
going to want to do

1113
00:46:25,670 --> 00:46:23,040

is figure out this

1114

00:46:27,349 --> 00:46:25,680

web of imaginary transactions that

1115

00:46:29,349 --> 00:46:27,359

nobody you know they're like

1116

00:46:31,430 --> 00:46:29,359

they're nfts they're non-fungible

1117

00:46:34,150 --> 00:46:31,440

they're not real i mean it says so in

1118

00:46:40,150 --> 00:46:38,309

yeah but it's a a lot of our millennials

1119

00:46:41,510 --> 00:46:40,160

people are just that is the reality to

1120

00:46:43,910 --> 00:46:41,520

them

1121

00:46:45,190 --> 00:46:43,920

and i i'm i mean i've actually was on a

1122

00:46:47,349 --> 00:46:45,200

conference call

1123

00:46:50,309 --> 00:46:47,359

with the gentleman who's uh

1124

00:46:53,349 --> 00:46:50,319

he's a he's a psychoanalyst actually and

1125

00:46:55,190 --> 00:46:53,359

there's a there's a whole new series of

1126
00:46:57,190 --> 00:46:55,200
of diagnosed

1127
00:46:58,470 --> 00:46:57,200
social disorders

1128
00:47:01,349 --> 00:46:58,480
where people are

1129
00:47:03,349 --> 00:47:01,359
actually believing that the metaverse is

1130
00:47:06,470 --> 00:47:03,359
the real world

1131
00:47:08,309 --> 00:47:06,480
and that reality is fictional i mean

1132
00:47:10,390 --> 00:47:08,319
they really are to the point where

1133
00:47:11,910 --> 00:47:10,400
they're going in their

1134
00:47:14,790 --> 00:47:11,920
in their in their

1135
00:47:17,510 --> 00:47:14,800
metaverse world and it thinking they can

1136
00:47:20,150 --> 00:47:17,520
get nourishment for their bodies

1137
00:47:21,589 --> 00:47:20,160
just by imagining they're eating

1138
00:48:13,670 --> 00:47:21,599

a

1139

00:48:15,190 --> 00:48:13,680

blessed

1140

00:48:17,030 --> 00:48:15,200

and that when i received this

1141

00:48:18,390 --> 00:48:17,040

information from volcker and i began

1142

00:48:22,069 --> 00:48:18,400

doing my own

1143

00:48:25,190 --> 00:48:22,079

uh intensive digging and researching

1144

00:48:26,470 --> 00:48:25,200

and i began to really study the you know

1145

00:48:28,950 --> 00:48:26,480

i mean

1146

00:48:31,990 --> 00:48:28,960

thomas jefferson

1147

00:48:32,870 --> 00:48:32,000

i got to tell you this man's a genius

1148

00:48:35,510 --> 00:48:32,880

i mean

1149

00:48:37,430 --> 00:48:35,520

the the cypher codes he came up with to

1150

00:48:38,950 --> 00:48:37,440

communicate with lewis and clark you

1151

00:48:40,710 --> 00:48:38,960

know because of all of the

1152

00:48:42,790 --> 00:48:40,720

uh there was so much school duggary and

1153

00:48:44,549 --> 00:48:42,800

spy versus spy even back in the early

1154

00:48:46,549 --> 00:48:44,559

1800s

1155

00:48:49,670 --> 00:48:46,559

uh you know what that cypher code of

1156

00:48:54,870 --> 00:48:49,680

jefferson was just just barely cracked

1157

00:48:57,750 --> 00:48:54,880

in 2009 by mit computer guru

1158

00:49:01,270 --> 00:48:57,760

that's how complicated and sophisticated

1159

00:49:03,430 --> 00:49:01,280

jefferson cipher was his code

1160

00:49:05,990 --> 00:49:03,440

man the man was way ahead of his time

1161

00:49:09,589 --> 00:49:07,190

but

1162

00:49:11,990 --> 00:49:09,599

be that as a mate he understood

1163

00:49:14,470 --> 00:49:12,000

these these principles of

1164

00:49:17,670 --> 00:49:14,480

liberty and freedom inherent with the

1165

00:49:19,589 --> 00:49:17,680

human experience on the soul itself the

1166

00:49:21,670 --> 00:49:19,599

soul's journey

1167

00:49:23,190 --> 00:49:21,680

minutes it's very very important to

1168

00:49:23,990 --> 00:49:23,200

understand

1169

00:49:26,630 --> 00:49:24,000

that

1170

00:49:28,309 --> 00:49:26,640

liberty as far as making the correct

1171

00:49:31,109 --> 00:49:28,319

choices

1172

00:49:33,910 --> 00:49:31,119

is indelibly tied as jefferson found

1173

00:49:36,069 --> 00:49:33,920

with what he called found money i mean

1174

00:49:37,910 --> 00:49:36,079

the the origins of sound money being

1175

00:49:40,069 --> 00:49:37,920

sober and gold historically going back

1176

00:49:43,109 --> 00:49:40,079

the dawn of creation

1177

00:49:45,670 --> 00:49:43,119

there's a reason why gold and silver

1178

00:49:48,069 --> 00:49:45,680

is ordained according to jefferson by

1179

00:49:50,069 --> 00:49:48,079

the creator himself

1180

00:49:52,710 --> 00:49:50,079

as the means of

1181

00:49:54,870 --> 00:49:52,720

sound money exchanges

1182

00:49:56,829 --> 00:49:54,880

it's it's pretty amazing you can't in

1183

00:50:00,870 --> 00:49:56,839

other words men cannot

1184

00:50:02,870 --> 00:50:00,880

make uh gold or silver and and volcker

1185

00:50:05,670 --> 00:50:02,880

understood that

1186

00:50:07,270 --> 00:50:05,680

you know the the philosopher's stones of

1187

00:50:08,630 --> 00:50:07,280

the ancient world they tried to turn

1188

00:50:11,589 --> 00:50:08,640

lead into gold

1189

00:50:12,710 --> 00:50:11,599

i mean look at the periodic table lead

1190

00:50:16,390 --> 00:50:12,720

pb

1191

00:50:18,250 --> 00:50:16,400

and gold au is just one one electron

1192

00:50:19,510 --> 00:50:18,260

difference just one

1193

00:50:21,510 --> 00:50:19,520

[Music]

1194

00:50:23,829 --> 00:50:21,520

and yet look at the difference

1195

00:50:26,950 --> 00:50:23,839

in what it does and it's you know gold

1196

00:50:29,030 --> 00:50:26,960

is gold is a beneficial

1197

00:50:30,870 --> 00:50:29,040

substance as far as health and wellness

1198

00:50:33,670 --> 00:50:30,880

and lead is toxic

1199

00:50:35,990 --> 00:50:33,680

just one electron difference

1200

00:50:38,309 --> 00:50:36,000

and lead is not shiny and beautiful but

1201
00:50:40,630 --> 00:50:38,319
you know like gold is so once

1202
00:50:42,309 --> 00:50:40,640
and even silver you know the au on the

1203
00:50:44,150 --> 00:50:42,319
periodic table i mean

1204
00:50:47,190 --> 00:50:44,160
silver has all of these medicinal

1205
00:50:49,829 --> 00:50:47,200
qualities i mean it's anti-bacterial

1206
00:50:52,150 --> 00:50:49,839
anti-viral so much of so many things

1207
00:50:54,950 --> 00:50:52,160
with silver there's a reason why

1208
00:50:56,549 --> 00:50:54,960
our forefathers all made you know their

1209
00:50:59,030 --> 00:50:56,559
their

1210
00:51:00,549 --> 00:50:59,040
kitchen trays out of pure silver and

1211
00:51:03,109 --> 00:51:00,559
silverware

1212
00:51:03,990 --> 00:51:03,119
because it's antibacterial and actually

1213
00:51:05,270 --> 00:51:04,000

keeps

1214

00:51:07,750 --> 00:51:05,280

harmful

1215

00:51:10,309 --> 00:51:07,760

aerobic bacteria at bay actually did you

1216

00:51:11,910 --> 00:51:10,319

know that i did not know that but you

1217

00:51:13,430 --> 00:51:11,920

bring up such good points where it comes

1218

00:51:15,589 --> 00:51:13,440

to health and wellness and i know that

1219

00:51:16,630 --> 00:51:15,599

you're in this field true

1220

00:51:18,549 --> 00:51:16,640

um

1221

00:51:20,390 --> 00:51:18,559

you you recently and i want to thank you

1222

00:51:22,790 --> 00:51:20,400

for this for coming on the podcast you

1223

00:51:24,309 --> 00:51:22,800

recently had a transcatheter aortic

1224

00:51:26,069 --> 00:51:24,319

valve replacement

1225

00:51:28,309 --> 00:51:26,079

and with many

1226
00:51:29,109 --> 00:51:28,319
many you're healing extremely well which

1227
00:51:33,030 --> 00:51:29,119
i

1228
00:51:34,950 --> 00:51:33,040
the human body and

1229
00:51:37,589 --> 00:51:34,960
what it takes to be healthy and wealthy

1230
00:51:39,510 --> 00:51:37,599
and wise and

1231
00:51:42,549 --> 00:51:39,520
i just wanted to thank you for that but

1232
00:51:45,430 --> 00:51:42,559
many patients are unaware of all of the

1233
00:51:46,950 --> 00:51:45,440
precious metals that are involved in a

1234
00:51:50,549 --> 00:51:46,960
lot of the medical industry the

1235
00:51:51,270 --> 00:51:50,559
petroleum industry the computer industry

1236
00:52:20,390 --> 00:51:51,280
i

1237
00:52:22,790 --> 00:52:20,400
back home

1238
00:52:24,069 --> 00:52:22,800

uh in storage uh you go into the black

1239

00:52:25,030 --> 00:52:24,079

nobility

1240

00:52:27,430 --> 00:52:25,040

and

1241

00:52:30,150 --> 00:52:27,440

it's this is just all all the way to the

1242

00:52:33,430 --> 00:52:30,160

federal reserve this has been

1243

00:52:36,309 --> 00:52:33,440

sort of a code um that these these paper

1244

00:52:38,630 --> 00:52:36,319

trinkets with numbers on them

1245

00:52:41,030 --> 00:52:38,640

all they did was represent

1246

00:52:43,430 --> 00:52:41,040

gold somewhere stored for you

1247

00:52:47,030 --> 00:52:43,440

unfortunately that gold is no longer

1248

00:52:48,710 --> 00:52:47,040

stored for you is it well that's the key

1249

00:52:50,150 --> 00:52:48,720

thing and most people don't realize this

1250

00:52:51,270 --> 00:52:50,160

when what happened

1251

00:52:53,510 --> 00:52:51,280

with uh

1252

00:52:56,470 --> 00:52:53,520

member hendrick kissinger

1253

00:52:58,829 --> 00:52:56,480

what he did in 1971 and tricky dick

1254

00:53:01,190 --> 00:52:58,839

nixon when when

1255

00:53:02,780 --> 00:53:01,200

kissinger ordered

1256

00:53:04,230 --> 00:53:02,790

the

1257

00:53:07,589 --> 00:53:04,240

[Music]

1258

00:53:10,870 --> 00:53:07,599

and nixon signed it into law

1259

00:53:13,190 --> 00:53:10,880

reserved note was no longer tied to gold

1260

00:53:14,630 --> 00:53:13,200

it was it became free free flying at

1261

00:53:16,790 --> 00:53:14,640

that point

1262

00:53:19,430 --> 00:53:16,800

uh and then of course uh

1263

00:53:21,829 --> 00:53:19,440

just a few years prior to that in 1965

1264

00:53:24,069 --> 00:53:21,839

lyndon baines johnson that trained

1265

00:53:25,190 --> 00:53:24,079

jesuit from georgetown university by the

1266

00:53:30,230 --> 00:53:25,200

way

1267

00:53:31,910 --> 00:53:30,240

flat out uh gutted the 1792 coinage act

1268

00:53:35,510 --> 00:53:31,920

gutted it and

1269

00:53:38,150 --> 00:53:35,520

made our our silver coinage

1270

00:53:39,349 --> 00:53:38,160

debased with with common metals of

1271

00:53:41,190 --> 00:53:39,359

nickel and

1272

00:53:42,470 --> 00:53:41,200

and tin and other problems i mean it's

1273

00:53:44,390 --> 00:53:42,480

just not

1274

00:53:46,069 --> 00:53:44,400

you you you set up satisfied the

1275

00:53:48,230 --> 00:53:46,079

precious metals

1276

00:53:50,630 --> 00:53:48,240

of silver in our coinage

1277

00:53:52,549 --> 00:53:50,640

and got what jefferson would have you

1278

00:53:55,109 --> 00:53:52,559

know jefferson fought

1279

00:53:56,790 --> 00:53:55,119

and would have died for the 1792 chronic

1280

00:53:58,630 --> 00:53:56,800

act

1281

00:54:00,630 --> 00:53:58,640

and america just was asleep at the

1282

00:54:02,790 --> 00:54:00,640

switch

1283

00:54:05,829 --> 00:54:02,800

yeah what happened i mean

1284

00:54:10,069 --> 00:54:05,839

it's amazing and and i've i've i've

1285

00:54:12,470 --> 00:54:10,079

watched all of uh the you know of lbj's

1286

00:54:17,030 --> 00:54:12,480

commentaries there at the rose garden as

1287

00:54:20,150 --> 00:54:17,040

he signed the 1965 coinage act into law

1288

00:54:22,549 --> 00:54:20,160

and i'm just like you're a liar you

1289

00:54:25,030 --> 00:54:22,559

lights i mean why is your nose not going

1290

00:54:27,589 --> 00:54:25,040

like pinocchio mr johnson

1291

00:54:30,309 --> 00:54:27,599

holy mackerel he's saying such things as

1292

00:54:31,190 --> 00:54:30,319

well silver is in short supply

1293

00:54:35,349 --> 00:54:31,200

um

1294

00:54:41,109 --> 00:54:39,190

and i mean yeah yeah it's a lie it's a

1295

00:54:43,190 --> 00:54:41,119

con and it's all in the name of

1296

00:54:44,789 --> 00:54:43,200

convenience which is like the state of

1297

00:54:47,349 --> 00:54:44,799

being able to proceed with something

1298

00:54:49,910 --> 00:54:47,359

with little effort or difficulty and it

1299

00:54:52,470 --> 00:54:49,920

creates a class of people i won't use

1300

00:54:54,470 --> 00:54:52,480

this word but the elites do useless

1301
00:54:56,150 --> 00:54:54,480
eaters people that have no intrinsic

1302
00:54:57,190 --> 00:54:56,160
value as you mentioned

1303
00:55:01,109 --> 00:54:57,200
and

1304
00:55:02,150 --> 00:55:01,119
when people worry about these globalists

1305
00:55:03,829 --> 00:55:02,160
and their

1306
00:55:06,309 --> 00:55:03,839
dark plans

1307
00:55:08,789 --> 00:55:06,319
you know in a way i i get where they're

1308
00:55:11,510 --> 00:55:08,799
coming from i mean these are the

1309
00:55:12,710 --> 00:55:11,520
merovingians you know these 13

1310
00:55:16,390 --> 00:55:12,720
bloodlines

1311
00:55:18,789 --> 00:55:16,400
that kind of got the keys early on

1312
00:55:21,510 --> 00:55:18,799
um on how to hoodwink society and it's

1313
00:55:23,510 --> 00:55:21,520

not that difficult all you have to do

1314

00:55:25,109 --> 00:55:23,520

is give them the state of being able to

1315

00:55:27,030 --> 00:55:25,119

proceed with something with little

1316

00:55:29,190 --> 00:55:27,040

effort or difficulty they don't want to

1317

00:55:31,270 --> 00:55:29,200

carry their own gold so just give them a

1318

00:55:32,549 --> 00:55:31,280

piece of paper while you carry the gold

1319

00:55:34,270 --> 00:55:32,559

for them

1320

00:55:36,910 --> 00:55:34,280

exactly you know

1321

00:55:38,710 --> 00:55:36,920

1971 till the present day

1322

00:55:40,470 --> 00:55:38,720

2022

1323

00:55:41,990 --> 00:55:40,480

there's what's called the disparity gap

1324

00:55:44,549 --> 00:55:42,000

we hear all this one time the richest

1325

00:55:46,789 --> 00:55:44,559

god and richer the poor god and poorer

1326

00:55:48,390 --> 00:55:46,799

really but you look at

1327

00:55:51,589 --> 00:55:48,400

at wall street

1328

00:55:53,190 --> 00:55:51,599

uh the the elite like volcker and the

1329

00:55:56,309 --> 00:55:53,200

boys right

1330

00:55:58,150 --> 00:55:56,319

versus you know main street the you know

1331

00:56:01,109 --> 00:55:58,160

the true lots the

1332

00:56:02,870 --> 00:56:01,119

the small peons of the world and in main

1333

00:56:04,390 --> 00:56:02,880

street america

1334

00:56:07,190 --> 00:56:04,400

the reality is

1335

00:56:09,190 --> 00:56:07,200

there's a wealth gap of immense

1336

00:56:11,750 --> 00:56:09,200

proportions getting getting worse and

1337

00:56:13,670 --> 00:56:11,760

worse every single year it's never been

1338

00:56:16,390 --> 00:56:13,680

it didn't get any better at all during

1339

00:56:18,390 --> 00:56:16,400

you know the coveted years and it's

1340

00:56:19,190 --> 00:56:18,400

still it's designed this way

1341

00:56:21,589 --> 00:56:19,200

so

1342

00:56:23,430 --> 00:56:21,599

what the what's this all saying is the

1343

00:56:25,990 --> 00:56:23,440

elite

1344

00:56:27,990 --> 00:56:26,000

understand the principles of sound money

1345

00:56:30,470 --> 00:56:28,000

gold and silver and they utilize those

1346

00:56:33,349 --> 00:56:30,480

the paul volckers have never

1347

00:56:35,190 --> 00:56:33,359

abandoned that and so the wealth gap has

1348

00:56:36,069 --> 00:56:35,200

gotten worse and worse and worse when

1349

00:56:41,109 --> 00:56:36,079

people

1350

00:56:44,789 --> 00:56:41,119

federal reserve notes and bank accounts

1351
00:56:47,109 --> 00:56:44,799
and and you know main street america

1352
00:56:51,270 --> 00:56:47,119
versus wall street the disparity gap has

1353
00:56:52,630 --> 00:56:51,280
got an amazingly huge fact

1354
00:56:55,030 --> 00:56:52,640
and yet

1355
00:56:57,430 --> 00:56:55,040
it's never too late to come back and go

1356
00:56:59,109 --> 00:56:57,440
back to these these principles of what

1357
00:57:01,349 --> 00:56:59,119
is real wealth

1358
00:57:05,349 --> 00:57:01,359
never too late never

1359
00:57:09,030 --> 00:57:05,359
uh and i think it's the urgency is

1360
00:57:10,150 --> 00:57:09,040
i mean it's time past time

1361
00:57:11,589 --> 00:57:10,160
to to

1362
00:57:12,630 --> 00:57:11,599
you know go back to these basic

1363
00:57:14,630 --> 00:57:12,640

principles

1364

00:57:16,230 --> 00:57:14,640

first of all

1365

00:57:18,230 --> 00:57:16,240

silver and gold

1366

00:57:19,589 --> 00:57:18,240

is not

1367

00:57:20,549 --> 00:57:19,599

um

1368

00:57:22,710 --> 00:57:20,559

that

1369

00:57:23,670 --> 00:57:22,720

rare in america we've been blessed as a

1370

00:57:25,430 --> 00:57:23,680

nation

1371

00:57:28,150 --> 00:57:25,440

and and people don't realize this you

1372

00:57:30,870 --> 00:57:28,160

know but but utah utah

1373

00:57:32,549 --> 00:57:30,880

the number one export in utah the last

1374

00:57:35,270 --> 00:57:32,559

five years you'd be surprised that the

1375

00:57:38,549 --> 00:57:35,280

number one export manufactured export is

1376

00:57:40,950 --> 00:57:38,559

gold in utah unbelievable

1377

00:57:42,390 --> 00:57:40,960

and yeah i tell this in my seminars

1378

00:57:45,030 --> 00:57:42,400

people look at me like

1379

00:57:45,990 --> 00:57:45,040

really i says oh yeah really check it

1380

00:57:46,789 --> 00:57:46,000

out

1381

00:57:49,430 --> 00:57:46,799

okay

1382

00:57:53,670 --> 00:57:49,440

uh we're talking billions uh last in

1383

00:57:56,309 --> 00:57:53,680

fiscal 2021 it was like 9 billion

1384

00:57:57,750 --> 00:57:56,319

dollars worth of gold

1385

00:57:58,789 --> 00:57:57,760

you know extracted and put into the

1386

00:58:01,030 --> 00:57:58,799

system

1387

00:58:04,150 --> 00:58:01,040

and that's just in utah what about

1388

00:58:07,109 --> 00:58:04,160

nevada you know the silver state

1389

00:58:08,630 --> 00:58:07,119

and all the mining that's gone on silver

1390

00:58:11,109 --> 00:58:08,640

silver is really

1391

00:58:13,910 --> 00:58:11,119

you know per capita ryan

1392

00:58:15,270 --> 00:58:13,920

let's look back at 1792.

1393

00:58:17,910 --> 00:58:15,280

the silver

1394

00:58:19,990 --> 00:58:17,920

spanish silver dollars were so rare but

1395

00:58:22,470 --> 00:58:20,000

they were the king of commerce

1396

00:58:24,829 --> 00:58:22,480

and that's what you picked things on you

1397

00:58:26,549 --> 00:58:24,839

look at what happened in six in in

1398

00:58:28,829 --> 00:58:26,559

1965

1399

00:58:33,349 --> 00:58:28,839

we had like uh

1400

00:58:37,030 --> 00:58:33,359

150 times more silver per capita

1401

00:58:39,990 --> 00:58:37,040

and and lbj lies and say uh silver's

1402

00:58:42,470 --> 00:58:40,000

rare and we have a coinage shortage

1403

00:58:46,390 --> 00:58:42,480

no no no the cornish

1404

00:58:53,109 --> 00:58:50,630

was never greater than 1792.

1405

00:58:55,349 --> 00:58:53,119

it was very rare

1406

00:58:58,230 --> 00:58:55,359

but you see that's what makes it the

1407

00:59:00,549 --> 00:58:58,240

basis of value

1408

00:59:03,270 --> 00:59:00,559

my goodness and it has been since the

1409

00:59:06,230 --> 00:59:03,280

beginning of time since the canaanites

1410

00:59:09,190 --> 00:59:06,240

babylon roman empire the templars i mean

1411

00:59:10,950 --> 00:59:09,200

the vatican uh you name it the masons

1412

00:59:13,030 --> 00:59:10,960

basically illuminati in general the

1413

00:59:13,910 --> 00:59:13,040

jesuits have known this for quite some

1414

00:59:16,470 --> 00:59:13,920
time

1415

00:59:20,549 --> 00:59:16,480
and i find it interesting when when

1416

00:59:23,109 --> 00:59:20,559
people say you know there's no value in

1417

00:59:25,030 --> 00:59:23,119
gold and silver and yet all my buddies

1418

00:59:26,710 --> 00:59:25,040
are collecting you know

1419

00:59:28,630 --> 00:59:26,720
watches and they're wondering why their

1420

00:59:30,789 --> 00:59:28,640
watches have doubled in value in the

1421

00:59:32,870 --> 00:59:30,799
last 10 years you know

1422

00:59:34,630 --> 00:59:32,880
can i give you an a classic example what

1423

00:59:37,190 --> 00:59:34,640
happened to me over memorial day oh i'd

1424

00:59:40,710 --> 00:59:37,200
love to yeah yeah um

1425

00:59:42,630 --> 00:59:40,720
i have a i have a a summer home up at

1426
00:59:43,829 --> 00:59:42,640
north idaho at a place called lake

1427
00:59:46,470 --> 00:59:43,839
ponderay

1428
00:59:49,430 --> 00:59:46,480
and my my good friend up there as he's a

1429
00:59:53,349 --> 00:59:49,440
third generation he's run this marina

1430
00:59:54,950 --> 00:59:53,359
uh he's he's now 67 68 years of age his

1431
00:59:56,470 --> 00:59:54,960
name is gary

1432
00:59:59,589 --> 00:59:56,480
well

1433
01:00:02,390 --> 00:59:59,599
gary had yeah and 65th birthday

1434
01:00:03,270 --> 01:00:02,400
his his family gave him this really nice

1435
01:00:04,309 --> 01:00:03,280
gift

1436
01:00:08,150 --> 01:00:04,319
a really

1437
01:00:10,549 --> 01:00:08,160
you know big picture uh blown up and

1438
01:00:12,230 --> 01:00:10,559

colorized and so he put it into a frame

1439

01:00:14,549 --> 01:00:12,240

and hung it right there in his store the

1440

01:00:17,109 --> 01:00:14,559

marina store there it's really cool

1441

01:00:19,430 --> 01:00:17,119

because it was it was the morning of

1442

01:00:25,190 --> 01:00:19,440

gary's birth

1443

01:00:30,710 --> 01:00:28,390

uh the picture of the dock the the date

1444

01:00:33,109 --> 01:00:30,720

everything was stamped on it this is

1445

01:00:34,990 --> 01:00:33,119

this is about this the time of his birth

1446

01:00:38,390 --> 01:00:35,000

when he came out of the birth canal

1447

01:00:39,589 --> 01:00:38,400

1954 and it's a really cool picture of

1448

01:00:42,150 --> 01:00:39,599

the gas

1449

01:00:43,829 --> 01:00:42,160

pump and this really nice uh

1450

01:00:45,589 --> 01:00:43,839

old woody

1451
01:00:46,950 --> 01:00:45,599
boat you know one of those really nice

1452
01:00:49,510 --> 01:00:46,960
speedster boats

1453
01:00:51,589 --> 01:00:49,520
gassing up there you can see the gas

1454
01:00:55,270 --> 01:00:51,599
pump price

1455
01:00:57,270 --> 01:00:55,280
26 cents a gallon

1456
01:00:58,069 --> 01:00:57,280
okay whoa

1457
01:01:00,390 --> 01:00:58,079
and

1458
01:01:04,309 --> 01:01:00,400
okay wait a minute

1459
01:01:06,150 --> 01:01:04,319
this was 1950 and four

1460
01:01:08,069 --> 01:01:06,160
and so i i knew i was going to come up

1461
01:01:11,030 --> 01:01:08,079
and and i had i wanted to go and show

1462
01:01:12,950 --> 01:01:11,040
this to gary my friend i and and i i

1463
01:01:14,230 --> 01:01:12,960

think it rocked his world i hope it did

1464

01:01:16,470 --> 01:01:14,240

anyway

1465

01:01:19,430 --> 01:01:16,480

because i came up and i i

1466

01:01:22,069 --> 01:01:19,440

i'm i've always been a big fan of what's

1467

01:01:25,510 --> 01:01:22,079

called junk silver okay

1468

01:01:29,670 --> 01:01:25,520

you can buy anywhere from 500 face value

1469

01:01:32,390 --> 01:01:29,680

bags of quarters dimes half dollars etc

1470

01:01:33,109 --> 01:01:32,400

uh they're jump silvers is basically you

1471

01:01:37,670 --> 01:01:33,119

know

1472

01:01:40,069 --> 01:01:37,680

silver coins before 1965 coinage act

1473

01:01:41,670 --> 01:01:40,079

and in those bags you can find some

1474

01:01:43,430 --> 01:01:41,680

pretty neat little treasures you want to

1475

01:01:47,750 --> 01:01:43,440

sip through them because they're just

1476

01:01:53,510 --> 01:01:50,870

i mean they're kind of fun but anyway i

1477

01:01:55,109 --> 01:01:53,520

i have my i have bags of

1478

01:01:57,990 --> 01:01:55,119

quarters

1479

01:01:59,430 --> 01:01:58,000

and i'm pulling out and

1480

01:02:01,990 --> 01:01:59,440

and i found some and these are looked

1481

01:02:03,430 --> 01:02:02,000

like uncirculated shiny brand new

1482

01:02:05,430 --> 01:02:03,440

quarters

1483

01:02:08,870 --> 01:02:05,440

uh 1958

1484

01:02:11,589 --> 01:02:08,880

uh denver mint being mint so those are

1485

01:02:13,829 --> 01:02:11,599

you can you can get a denver mint a good

1486

01:02:16,230 --> 01:02:13,839

good uncirculated condition shiny it's

1487

01:02:19,430 --> 01:02:16,240

going to be about 230

1488

01:02:21,589 --> 01:02:19,440

uh value now one coin

1489

01:02:22,549 --> 01:02:21,599

and and these are all prices but this is

1490

01:02:24,549 --> 01:02:22,559

there's a

1491

01:02:26,390 --> 01:02:24,559

company i've used for years and years

1492

01:02:28,470 --> 01:02:26,400

app mechs american pressures metals

1493

01:02:29,670 --> 01:02:28,480

exchange ampex

1494

01:02:30,630 --> 01:02:29,680

okay

1495

01:02:33,029 --> 01:02:30,640

and

1496

01:02:35,029 --> 01:02:33,039

what happens you can just go on ampex

1497

01:02:37,430 --> 01:02:35,039

and say okay here's a here's the denver

1498

01:02:39,750 --> 01:02:37,440

mint this type of quarter it's value

1499

01:02:41,910 --> 01:02:39,760

condition and they'll give you if you

1500

01:02:42,710 --> 01:02:41,920

have an account with them and they know

1501

01:02:46,950 --> 01:02:42,720

you

1502

01:02:49,270 --> 01:02:46,960

value in u.s dollars right there to get

1503

01:02:54,309 --> 01:02:49,280

it up to him okay

1504

01:02:58,549 --> 01:02:56,950

this was just memorial day okay

1505

01:03:01,270 --> 01:02:58,559

of this year

1506

01:03:03,829 --> 01:03:01,280

and of course uh

1507

01:03:06,069 --> 01:03:03,839

gas that the pump knowledge the marina

1508

01:03:08,630 --> 01:03:06,079

pump had spiked up to six dollars and

1509

01:03:09,990 --> 01:03:08,640

and 49 cents a gallon

1510

01:03:12,789 --> 01:03:10,000

and was going to go up even further

1511

01:03:15,670 --> 01:03:12,799

after memorial day so i'm going up

1512

01:03:17,910 --> 01:03:15,680

and uh i'm seeing this and here i have

1513

01:03:19,910 --> 01:03:17,920

two coins in my pocket i have

1514

01:03:21,990 --> 01:03:19,920

i have the the

1515

01:03:23,910 --> 01:03:22,000

denver man coin that's really shiny and

1516

01:03:26,549 --> 01:03:23,920

bright

1517

01:03:29,109 --> 01:03:26,559

and it's a quarter but it's you know

1518

01:03:30,549 --> 01:03:29,119

pure silver and 90 silver called jump

1519

01:03:33,270 --> 01:03:30,559

silver

1520

01:03:35,670 --> 01:03:33,280

and then i have a one that's really

1521

01:03:38,870 --> 01:03:35,680

pretty pretty tarnished and

1522

01:03:40,549 --> 01:03:38,880

and worn pretty heavy it's a 1950

1523

01:03:42,390 --> 01:03:40,559

55

1524

01:03:44,870 --> 01:03:42,400

quarter

1525

01:03:49,349 --> 01:03:44,880

and i have both of them appraised i have

1526

01:03:50,390 --> 01:03:49,359

appraisal on my cell phone from amtex

1527

01:03:54,230 --> 01:03:50,400

okay

1528

01:03:57,029 --> 01:03:54,240

anything quarter wise 1965

1529

01:03:58,950 --> 01:03:57,039

and and older

1530

01:04:01,270 --> 01:03:58,960

we'll be getting anywhere from six

1531

01:04:02,870 --> 01:04:01,280

dollars and fifty cents

1532

01:04:05,589 --> 01:04:02,880

you know buy you know they'll buy it

1533

01:04:06,870 --> 01:04:05,599

from you anywhere from 650 to up to 850

1534

01:04:09,750 --> 01:04:06,880

depending on

1535

01:04:11,670 --> 01:04:09,760

on how really if it's worn or beat up or

1536

01:04:13,910 --> 01:04:11,680

not you know

1537

01:04:15,270 --> 01:04:13,920

but the minimum is like 650 that's a buy

1538

01:04:16,950 --> 01:04:15,280

rate they'll buy from you with that and

1539

01:04:19,109 --> 01:04:16,960

they'll sell them for eight dollars okay

1540

01:04:21,270 --> 01:04:19,119

and it's been like a buck or about 50

1541

01:04:23,670 --> 01:04:21,280

spread

1542

01:04:25,349 --> 01:04:23,680

so i'm having this and i've come up and

1543

01:04:28,870 --> 01:04:25,359

and i have this

1544

01:04:32,390 --> 01:04:28,880

this denver mint that's appraised at 238

1545

01:04:37,349 --> 01:04:35,990

or a buy rate of 210 is like a 20 spread

1546

01:04:38,789 --> 01:04:37,359

and i have both of these coins in my

1547

01:04:41,829 --> 01:04:38,799

pocket i come up to

1548

01:04:43,430 --> 01:04:41,839

to gary mcdonald's uh

1549

01:04:45,029 --> 01:04:43,440

pump

1550

01:04:47,430 --> 01:04:45,039

and i'm waiting for this there's a long

1551
01:04:49,190 --> 01:04:47,440
line it's memorial day and it's you know

1552
01:04:53,029 --> 01:04:49,200
a long line of boats

1553
01:04:53,670 --> 01:04:53,039
but i get in line come in i pump

1554
01:04:54,950 --> 01:04:53,680
one 100

1555
01:04:59,750 --> 01:04:54,960
dollars

1556
01:05:01,910 --> 01:04:59,760
forty somewhat cents

1557
01:05:04,390 --> 01:05:01,920
for gal right

1558
01:05:06,630 --> 01:05:04,400
i come into the store and i said uh gary

1559
01:05:07,750 --> 01:05:06,640
i'll i'll make you a one-time offer here

1560
01:05:10,230 --> 01:05:07,760
buddy

1561
01:05:12,230 --> 01:05:10,240
i'll give you uh would you

1562
01:05:14,390 --> 01:05:12,240
i could pay you in a credit card for

1563
01:05:17,190 --> 01:05:14,400

this hundred dollars or i can give you

1564

01:05:19,670 --> 01:05:17,200

this coin right here in payment

1565

01:05:22,870 --> 01:05:19,680

and it was a shiny you know denver mid

1566

01:05:24,150 --> 01:05:22,880

quarter 19 1958

1567

01:05:27,670 --> 01:05:24,160

and he looks at me and he says that's

1568

01:05:30,950 --> 01:05:27,680

just a quarter i says ah

1569

01:05:32,549 --> 01:05:30,960

okay so you say no he goes yeah

1570

01:05:35,510 --> 01:05:32,559

i'm not interested

1571

01:05:36,789 --> 01:05:35,520

so i said second time one more time

1572

01:05:39,029 --> 01:05:36,799

do you want to take this coin and

1573

01:05:39,990 --> 01:05:39,039

payment from a hundred dollar bill

1574

01:05:44,069 --> 01:05:40,000

no

1575

01:05:48,069 --> 01:05:44,079

so i i asked him three times

1576

01:05:49,589 --> 01:05:48,079

i said you sure gary last time

1577

01:05:52,630 --> 01:05:49,599

and next to me and we've we've known

1578

01:05:54,069 --> 01:05:52,640

each other for years for 20-plus years

1579

01:05:55,670 --> 01:05:54,079

and so he's looking at me like what's

1580

01:05:58,870 --> 01:05:55,680

what are you trying to teach me here

1581

01:06:00,870 --> 01:05:58,880

true this is just a quarter

1582

01:06:02,870 --> 01:06:00,880

i said well look at it here okay

1583

01:06:06,230 --> 01:06:02,880

you said no for the third time

1584

01:06:07,349 --> 01:06:06,240

here is amtx appraised value on my cell

1585

01:06:09,190 --> 01:06:07,359

phone

1586

01:06:11,670 --> 01:06:09,200

238

1587

01:06:14,470 --> 01:06:11,680

okay you could package this up and get

1588

01:06:18,069 --> 01:06:14,480

it for 200 bucks to ampex

1589

01:06:20,230 --> 01:06:18,079

and you make a 100 bill

1590

01:06:22,789 --> 01:06:20,240

but you didn't so okay

1591

01:06:25,190 --> 01:06:22,799

no problem he goes well

1592

01:06:26,870 --> 01:06:25,200

i'm not into that i said okay but how

1593

01:06:29,510 --> 01:06:26,880

about this gary

1594

01:06:32,630 --> 01:06:29,520

here's an old you know uh

1595

01:06:35,910 --> 01:06:32,640

not a denver mint it's it's tarnished

1596

01:06:39,670 --> 01:06:35,920

and looks you know pretty pretty ratty

1597

01:06:42,150 --> 01:06:39,680

how about if i give you one of these

1598

01:06:45,029 --> 01:06:42,160

for a gallon of your gas at six dollars

1599

01:06:46,150 --> 01:06:45,039

and forty cents a gallon

1600

01:06:48,470 --> 01:06:46,160

says

1601
01:06:51,109 --> 01:06:48,480
okay true what's your what is happening

1602
01:06:55,270 --> 01:06:53,670
i said well look at it gary here's here

1603
01:06:56,789 --> 01:06:55,280
is amtx

1604
01:07:00,069 --> 01:06:56,799
appraised value

1605
01:07:03,190 --> 01:07:00,079
this coin right here the worst possible

1606
01:07:04,309 --> 01:07:03,200
you know it's almost worn it looks

1607
01:07:05,829 --> 01:07:04,319
terrible

1608
01:07:08,870 --> 01:07:05,839
it's still bringing six dollars and

1609
01:07:10,069 --> 01:07:08,880
fifty cents as the buy rate

1610
01:07:12,549 --> 01:07:10,079
in other words

1611
01:07:15,589 --> 01:07:12,559
you're not going to get hurt taking

1612
01:07:19,670 --> 01:07:15,599
this quarter for six dollars and fifty

1613
01:07:23,990 --> 01:07:21,670

he looks at me like well i'm not into

1614

01:07:26,069 --> 01:07:24,000

that i says well maybe you should be

1615

01:07:28,069 --> 01:07:26,079

into this because here's my point to you

1616

01:07:29,910 --> 01:07:28,079

gary

1617

01:07:32,470 --> 01:07:29,920

i walked up my arm around and walked him

1618

01:07:33,510 --> 01:07:32,480

up to his big picture that's blowing up

1619

01:07:35,190 --> 01:07:33,520

i said

1620

01:07:38,069 --> 01:07:35,200

look at that picture the day you were

1621

01:07:49,750 --> 01:07:42,470

26 cents a gallon gary

1622

01:07:53,990 --> 01:07:51,190

unbelievable

1623

01:07:55,670 --> 01:07:54,000

yeah he looked at me he blinks his eyes

1624

01:07:58,309 --> 01:07:55,680

i mean he was like twilight zone you can

1625

01:08:00,309 --> 01:07:58,319

almost hear rod sterling

1626

01:08:01,510 --> 01:08:00,319

because i mean he didn't he started

1627

01:08:03,829 --> 01:08:01,520

shaking

1628

01:08:07,109 --> 01:08:03,839

actually

1629

01:08:09,029 --> 01:08:07,119

he says oh my goodness i said gary

1630

01:08:11,990 --> 01:08:09,039

the the point i'm trying to make to you

1631

01:08:14,309 --> 01:08:12,000

is it's not the money

1632

01:08:16,630 --> 01:08:14,319

the silver

1633

01:08:19,669 --> 01:08:16,640

that is the problem it's this

1634

01:08:21,349 --> 01:08:19,679

nonsense called plastic

1635

01:08:23,510 --> 01:08:21,359

and credit cards

1636

01:08:25,430 --> 01:08:23,520

and worthless federal reserve notes

1637

01:08:29,269 --> 01:08:25,440

you can always buy the same amount with

1638

01:08:31,749 --> 01:08:29,279

this quarter always no matter what it is

1639

01:08:33,269 --> 01:08:31,759

whether it's goods and services or labor

1640

01:08:37,430 --> 01:08:33,279

or wages

1641

01:08:41,590 --> 01:08:38,950

he was like

1642

01:08:47,269 --> 01:08:45,669

he never ceased to get me thinking

1643

01:08:48,709 --> 01:08:47,279

and i know we're going a little over

1644

01:08:50,789 --> 01:08:48,719

here true but

1645

01:08:55,349 --> 01:08:50,799

it does seem

1646

01:08:58,470 --> 01:08:55,359

as if cowardly choices are ruining uh

1647

01:08:59,749 --> 01:08:58,480

most people's ability to hang on to

1648

01:09:02,309 --> 01:08:59,759

their wealth

1649

01:09:05,349 --> 01:09:02,319

and with this coming catastrophe that

1650

01:09:07,749 --> 01:09:05,359

could be the next financial crisis

1651

01:09:13,269 --> 01:09:07,759

what

1652

01:09:15,749 --> 01:09:13,279

recommendations i think you said buy

1653

01:09:17,590 --> 01:09:15,759

coins are better than bouillon there's

1654

01:09:19,910 --> 01:09:17,600

particular types that are the best to

1655

01:09:20,870 --> 01:09:19,920

buy what do you recommend to listeners

1656

01:09:24,630 --> 01:09:20,880

to

1657

01:09:28,070 --> 01:09:25,910

very good question that's the whole

1658

01:09:29,510 --> 01:09:28,080

reason for for coming on thanks for

1659

01:09:32,309 --> 01:09:29,520

cutting up the chase

1660

01:09:34,149 --> 01:09:32,319

on that you know it's not just about

1661

01:09:37,030 --> 01:09:34,159

buying gold and silver whether it's junk

1662

01:09:39,749 --> 01:09:37,040

or or coins or hiding under your bed no

1663

01:09:42,470 --> 01:09:39,759

no no it's about getting them out and

1664

01:09:44,309 --> 01:09:42,480

using together as a society that's

1665

01:09:46,390 --> 01:09:44,319

really what has to happen

1666

01:09:49,430 --> 01:09:46,400

okay in other words you have to you have

1667

01:09:51,749 --> 01:09:49,440

to use it as currency sound money must

1668

01:09:55,189 --> 01:09:51,759

be spread evenly and currency must be

1669

01:10:00,070 --> 01:09:58,630

you don't want to buy a bunch of of us

1670

01:10:02,709 --> 01:10:00,080

eagles

1671

01:10:05,030 --> 01:10:02,719

and sit there and have them in your in

1672

01:10:06,870 --> 01:10:05,040

your closet or hiding away under your

1673

01:10:09,110 --> 01:10:06,880

bed or like some people i know you can

1674

01:10:12,149 --> 01:10:09,120

bury them okay

1675

01:10:14,310 --> 01:10:12,159

because when you need to use them you

1676

01:10:17,750 --> 01:10:14,320

you know you're you're at the mercy of

1677

01:10:19,990 --> 01:10:17,760

the coin dealer

1678

01:10:22,950 --> 01:10:20,000

say this is a problem

1679

01:10:24,550 --> 01:10:22,960

you really have to understand that

1680

01:10:25,990 --> 01:10:24,560

uh there's

1681

01:10:28,229 --> 01:10:26,000

the next

1682

01:10:30,470 --> 01:10:28,239

phase is you're not going to have

1683

01:10:32,950 --> 01:10:30,480

federal reserve notes

1684

01:10:36,630 --> 01:10:32,960

all right i don't know exactly when my

1685

01:10:40,870 --> 01:10:38,470

first part of december when the

1686

01:10:42,950 --> 01:10:40,880

christmas rush is

1687

01:10:46,390 --> 01:10:42,960

they'll you know biden is already

1688

01:10:48,470 --> 01:10:46,400

establishing this as as as pretty much

1689

01:10:51,590 --> 01:10:48,480

the standard

1690

01:10:53,030 --> 01:10:51,600

no more currency no more federal reserve

1691

01:10:56,310 --> 01:10:53,040

notes

1692

01:10:58,630 --> 01:10:56,320

it costs them too much to print them

1693

01:11:00,470 --> 01:10:58,640

and they're worthless

1694

01:11:03,669 --> 01:11:00,480

yeah you're going to go to an actual

1695

01:11:06,470 --> 01:11:03,679

central bank digital currency or cbdc

1696

01:11:07,350 --> 01:11:06,480

it's going to happen unbelievable

1697

01:11:09,590 --> 01:11:07,360

okay

1698

01:11:11,910 --> 01:11:09,600

so the central bank digital currency

1699

01:11:13,110 --> 01:11:11,920

will be tied into to social credit

1700

01:11:16,870 --> 01:11:13,120

scoring

1701

01:11:17,830 --> 01:11:16,880

there's the the it's called an s e g

1702

01:11:21,590 --> 01:11:17,840

score

1703

01:11:24,630 --> 01:11:21,600

social economic and governmental

1704

01:11:26,390 --> 01:11:24,640

absolutely it's it's it's all in place

1705

01:11:27,750 --> 01:11:26,400

it just you just don't know about it

1706

01:11:30,470 --> 01:11:27,760

okay

1707

01:11:32,550 --> 01:11:30,480

so the sdg score will be like the like

1708

01:11:35,270 --> 01:11:32,560

your credit score with the three you

1709

01:11:37,590 --> 01:11:35,280

know equifax and and credit reporting

1710

01:11:39,030 --> 01:11:37,600

except the social scoring will be you

1711

01:11:41,270 --> 01:11:39,040

know how

1712

01:11:43,750 --> 01:11:41,280

how um

1713

01:11:45,750 --> 01:11:43,760

how much are you an interest into saving

1714

01:11:48,790 --> 01:11:45,760

the planet from you know are you driving

1715

01:11:50,630 --> 01:11:48,800

a gas guzman car or are you driving a a

1716

01:11:53,030 --> 01:11:50,640

tesla okay

1717

01:11:56,709 --> 01:11:53,040

these are all going into your to your um

1718

01:11:59,910 --> 01:11:56,719

your your social economic and

1719

01:12:02,229 --> 01:11:59,920

your esg assets the economic social and

1720

01:12:04,870 --> 01:12:02,239

governmental scores

1721

01:12:07,189 --> 01:12:04,880

all this will come out and and determine

1722

01:12:09,990 --> 01:12:07,199

how much leverage you have

1723

01:12:11,990 --> 01:12:10,000

in the electronic digital world

1724

01:12:14,229 --> 01:12:12,000

it's ultimate control

1725

01:12:17,990 --> 01:12:14,239

ultimate control

1726

01:12:20,229 --> 01:12:18,000

such scary times it really is and

1727

01:12:22,070 --> 01:12:20,239

you know that the one thing that my

1728

01:12:24,149 --> 01:12:22,080

friends who i've recommended that they

1729

01:12:26,709 --> 01:12:24,159

buy gold and silver their big complaint

1730

01:12:27,750 --> 01:12:26,719

and pushback is oh but you've got to pay

1731

01:12:29,590 --> 01:12:27,760

10

1732

01:12:31,750 --> 01:12:29,600

you know like you said when you exchange

1733

01:12:35,270 --> 01:12:31,760

when you purchase when you sell

1734

01:12:37,189 --> 01:12:35,280

and yet that 10 percent lies within at

1735

01:12:39,910 --> 01:12:37,199

least traditionally like within that

1736

01:12:42,390 --> 01:12:39,920

biblical range of usury fee

1737

01:12:44,310 --> 01:12:42,400

and they're extremely willing to go use

1738

01:12:46,390 --> 01:12:44,320

their credit card which is going to

1739

01:12:48,470 --> 01:12:46,400

charge them in the high 20s

1740

01:12:50,390 --> 01:12:48,480

percent if they don't pay and

1741

01:12:52,550 --> 01:12:50,400

it's just a very it's a different

1742

01:12:54,550 --> 01:12:52,560

mindset that we have with these digital

1743

01:12:56,630 --> 01:12:54,560

currencies and people just want

1744

01:12:57,910 --> 01:12:56,640

convenience they don't want to do any of

1745

01:13:01,110 --> 01:12:57,920

the work

1746

01:13:03,189 --> 01:13:01,120

and i i think i think you are really

1747

01:13:05,750 --> 01:13:03,199

kind of breaking it down

1748

01:13:07,270 --> 01:13:05,760

for for me at least and perfectly

1749

01:13:08,550 --> 01:13:07,280

explaining

1750

01:13:13,350 --> 01:13:08,560

how simple

1751

01:13:17,350 --> 01:13:13,360

well here's the deal i

1752

01:13:20,229 --> 01:13:17,360

i saw this 20 years ago ryan

1753

01:13:24,390 --> 01:13:20,239

and i you know i i mapped out in my

1754

01:13:26,550 --> 01:13:24,400

unpublished manuscript even back in 1987

1755

01:13:28,070 --> 01:13:26,560

the coming rusted liquidity in the cash

1756

01:13:30,229 --> 01:13:28,080

for society

1757

01:13:31,669 --> 01:13:30,239

given what volcker said okay let's go

1758

01:13:32,390 --> 01:13:31,679

full circle the first part of the

1759

01:13:34,630 --> 01:13:32,400

interview

1760

01:13:36,470 --> 01:13:34,640

okay

1761

01:13:39,830 --> 01:13:36,480

what do you do

1762

01:13:41,430 --> 01:13:39,840

when not if but when this all comes to

1763

01:13:44,950 --> 01:13:41,440

fruition

1764

01:13:46,390 --> 01:13:44,960

well you have to really understand that

1765

01:13:48,790 --> 01:13:46,400

we the people

1766

01:13:50,390 --> 01:13:48,800

uh are

1767

01:13:53,110 --> 01:13:50,400

are the merchants

1768

01:13:55,110 --> 01:13:53,120

i mean it's us

1769

01:14:01,430 --> 01:13:55,120

not the banks

1770

01:14:04,229 --> 01:14:01,440

so i i wrote this back then i'm so so

1771

01:14:06,709 --> 01:14:04,239

true today we've got to to come together

1772

01:14:09,830 --> 01:14:06,719

as first of all have a grassroots

1773

01:14:12,830 --> 01:14:09,840

understanding of the problem

1774

01:14:14,790 --> 01:14:12,840

i think i've given you the basics of the

1775

01:14:17,750 --> 01:14:14,800

problem

1776

01:14:18,630 --> 01:14:17,760

so how do we fix it okay well

1777

01:14:21,189 --> 01:14:18,640

we

1778

01:14:24,470 --> 01:14:21,199

understand first of all that

1779

01:14:27,750 --> 01:14:24,480

you have to have in a basic structure

1780

01:14:30,070 --> 01:14:27,760

outside of the banks themselves

1781

01:14:32,470 --> 01:14:30,080

you have to have go back to what

1782

01:14:34,709 --> 01:14:32,480

happened in 1933

1783

01:14:37,110 --> 01:14:34,719

under fdr when he made it illegal for

1784

01:14:39,510 --> 01:14:37,120

people to own more than than 10 ounces

1785

01:14:41,110 --> 01:14:39,520

of gold right

1786

01:14:43,189 --> 01:14:41,120

you know

1787

01:14:45,830 --> 01:14:43,199

that was executive order

1788

01:14:48,310 --> 01:14:45,840

and they were told to turn their gold in

1789

01:14:49,830 --> 01:14:48,320

you know what the untold story is

1790

01:14:51,350 --> 01:14:49,840

a lot of the

1791

01:14:59,750 --> 01:14:51,360

the

1792

01:15:01,590 --> 01:14:59,760

midwest

1793

01:15:04,229 --> 01:15:01,600

and they basically said

1794

01:15:07,030 --> 01:15:04,239

hell no we're not doing this no matter

1795

01:15:10,310 --> 01:15:07,040

what we see the running on the wall

1796

01:15:13,669 --> 01:15:10,320

and so they form these cooperatives okay

1797

01:15:16,630 --> 01:15:13,679

and they said we will not turn our gold

1798

01:15:19,350 --> 01:15:16,640

in we will use them as we see fit

1799

01:15:21,990 --> 01:15:19,360

and it and so they they really can't

1800

01:15:24,390 --> 01:15:22,000

attack a hundred thousand co-op you know

1801

01:15:27,110 --> 01:15:24,400

100 000 member co-op

1802

01:15:30,149 --> 01:15:27,120

but they did attack you know individuals

1803

01:15:32,149 --> 01:15:30,159

that were you know not part of a group a

1804

01:15:32,950 --> 01:15:32,159

co-op

1805

01:15:35,110 --> 01:15:32,960

so

1806

01:15:37,189 --> 01:15:35,120

in this whole rem you know

1807

01:15:38,870 --> 01:15:37,199

there's a there's a group of

1808

01:15:40,630 --> 01:15:38,880

individuals that i've come to come

1809

01:15:42,229 --> 01:15:40,640

acquainted with and i'm just loving the

1810

01:15:43,669 --> 01:15:42,239

relationship with them

1811

01:15:45,030 --> 01:15:43,679

because they understand these principles

1812

01:15:47,350 --> 01:15:45,040

they they have

1813

01:15:50,830 --> 01:15:47,360

outside of the banking laws they can go

1814

01:15:54,709 --> 01:15:50,840

into like a costco group membership

1815

01:15:57,669 --> 01:15:54,719

co-op and can combine like the the

1816

01:16:00,229 --> 01:15:57,679

uh the farmers and that did in the 30s

1817

01:16:02,310 --> 01:16:00,239

and during the great depression really

1818

01:16:05,110 --> 01:16:02,320

and just say we don't need government we

1819

01:16:07,510 --> 01:16:05,120

need to unite as as grassroots

1820

01:16:09,669 --> 01:16:07,520

the farmers still produce

1821

01:16:12,229 --> 01:16:09,679

you know the the lumbermen and the

1822

01:16:13,590 --> 01:16:12,239

miners still produce

1823

01:16:15,669 --> 01:16:13,600

why do you need government to tell us

1824

01:16:17,189 --> 01:16:15,679

what he did was combine and go

1825

01:16:19,430 --> 01:16:17,199

grassroots

1826

01:16:22,870 --> 01:16:19,440

and that's what i'm talking about here

1827

01:16:24,550 --> 01:16:22,880

epic such great information i mean

1828

01:16:26,870 --> 01:16:24,560

i know we've gone over a little bit but

1829

01:16:28,310 --> 01:16:26,880

i could talk to you for hours and hours

1830

01:16:29,430 --> 01:16:28,320

about this

1831

01:16:30,950 --> 01:16:29,440

um

1832

01:16:32,310 --> 01:16:30,960

you've really kind of

1833

01:16:35,590 --> 01:16:32,320

enveloped

1834

01:16:37,910 --> 01:16:35,600

the my biggest fear which is that this

1835

01:16:39,430 --> 01:16:37,920

is coming and it does sure seem like

1836

01:16:42,149 --> 01:16:39,440

it's coming with

1837

01:16:44,310 --> 01:16:42,159

everything that's happening and

1838

01:16:46,709 --> 01:16:44,320

it it with all this money we've sent

1839

01:16:48,550 --> 01:16:46,719

over to ukraine it really seems as if

1840

01:16:50,550 --> 01:16:48,560

we've been printing

1841

01:16:51,669 --> 01:16:50,560

money out of thin air with nothing to

1842

01:16:52,790 --> 01:16:51,679

back it

1843

01:16:55,350 --> 01:16:52,800

and

1844

01:16:56,470 --> 01:16:55,360

this new digital dollar has me scared to

1845

01:16:58,870 --> 01:16:56,480

death

1846

01:17:01,510 --> 01:16:58,880

um i hope it doesn't happen as i tell my

1847

01:17:04,149 --> 01:17:01,520

wife but i'm pretty sure it's going to

1848

01:17:05,990 --> 01:17:04,159

um is there any other resources or

1849

01:17:08,229 --> 01:17:06,000

advice you can give listeners before we

1850

01:17:11,030 --> 01:17:08,239

kind of wrap things up

1851

01:17:13,110 --> 01:17:11,040

yeah i would i mean this is

1852

01:17:14,310 --> 01:17:13,120

if you got anything at all from this get

1853

01:17:17,030 --> 01:17:14,320

involved

1854

01:17:19,430 --> 01:17:17,040

in a cooperative whether it's 7k there's

1855

01:17:22,070 --> 01:17:19,440

a group called it's called 7k medals

1856

01:17:24,870 --> 01:17:22,080

stands for 7 000 years this is this is

1857

01:17:27,990 --> 01:17:24,880

the final 7 000 year wrap up

1858

01:17:29,350 --> 01:17:28,000

and so it goes back to this whole basis

1859

01:17:31,910 --> 01:17:29,360

you

1860

01:17:34,790 --> 01:17:31,920

first of all using the cooperative

1861

01:17:35,830 --> 01:17:34,800

leverage of of a hundred thousand strong

1862

01:17:38,149 --> 01:17:35,840

buyers

1863

01:17:39,990 --> 01:17:38,159

they're able to get the the best pricing

1864

01:17:42,229 --> 01:17:40,000

on the amex

1865

01:17:44,390 --> 01:17:42,239

i mean i'm sorry the

1866

01:17:45,830 --> 01:17:44,400

silver eagles and gold eagles at the

1867

01:17:47,990 --> 01:17:45,840

treasury mints

1868

01:17:49,910 --> 01:17:48,000

the best price possible i mean it really

1869

01:17:52,229 --> 01:17:49,920

is amazing i've never seen anything

1870

01:17:54,310 --> 01:17:52,239

better with this ampex or or money

1871

01:17:56,390 --> 01:17:54,320

metals or whatever

1872

01:17:59,110 --> 01:17:56,400

they have the best volume pricing on

1873

01:18:01,430 --> 01:17:59,120

this particular thing so you get you get

1874

01:18:03,510 --> 01:18:01,440

gold and silver eagles

1875

01:18:05,990 --> 01:18:03,520

you put them they have a program called

1876

01:18:08,630 --> 01:18:06,000

the sound money wallet

1877

01:18:10,070 --> 01:18:08,640

you own the physical gold and silver

1878

01:18:13,590 --> 01:18:10,080

okay

1879

01:18:14,870 --> 01:18:13,600

but they to to use them as currency

1880

01:18:17,030 --> 01:18:14,880

they do it

1881

01:18:19,350 --> 01:18:17,040

as a as a form of a crypto but it's

1882

01:18:20,390 --> 01:18:19,360

based on this there's actual dollar for

1883

01:18:22,390 --> 01:18:20,400

dollar

1884

01:18:24,550 --> 01:18:22,400

ounce per ounce

1885

01:18:28,709 --> 01:18:24,560

in this in this exchange

1886

01:18:31,590 --> 01:18:28,719

and there's no fee whatsoever zero fee

1887

01:18:37,590 --> 01:18:34,070

zero and doesn't matter what size it can

1888

01:18:40,070 --> 01:18:37,600

be 50 cents if you want

1889

01:18:41,910 --> 01:18:40,080

it's it's an it's genius i'm telling you

1890

01:18:43,750 --> 01:18:41,920

ryan it's an answer

1891

01:18:46,709 --> 01:18:43,760

so what what you do

1892

01:18:48,630 --> 01:18:46,719

uh members to members let's say that you

1893

01:18:50,950 --> 01:18:48,640

come up to my business and and i'm a

1894

01:18:52,950 --> 01:18:50,960

member you're a member of 7k

1895

01:18:55,830 --> 01:18:52,960

you buy my products

1896

01:18:58,550 --> 01:18:55,840

i price it at i can do it in in ounces

1897

01:19:00,630 --> 01:18:58,560

of silver or even federal reserve nodes

1898

01:19:02,470 --> 01:19:00,640

depending on the scales right of

1899

01:19:04,709 --> 01:19:02,480

inflation

1900

01:19:06,870 --> 01:19:04,719

you transfer you make the co make the

1901

01:19:08,709 --> 01:19:06,880

make the transfer from money sound money

1902

01:19:10,870 --> 01:19:08,719

wallet to sound money wallet you

1903

01:19:12,070 --> 01:19:10,880

transfer in equivalent of gold and

1904

01:19:13,830 --> 01:19:12,080

silver

1905

01:19:15,750 --> 01:19:13,840

as your case may be

1906

01:19:18,149 --> 01:19:15,760

and that way you're always hedged

1907

01:19:20,229 --> 01:19:18,159

against this inflationary cycle you're

1908

01:19:22,630 --> 01:19:20,239

always protected

1909

01:19:24,950 --> 01:19:22,640

that's what needs to happen

1910

01:19:27,590 --> 01:19:24,960

and for those in search of health and

1911

01:19:29,750 --> 01:19:27,600

happiness um can we

1912

01:19:33,030 --> 01:19:29,760

tell listeners about your business and

1913

01:19:35,030 --> 01:19:33,040

where they can purchase your products

1914

01:19:36,550 --> 01:19:35,040

well surely uh my my

1915

01:19:37,830 --> 01:19:36,560

my company is called mother earth

1916

01:19:40,790 --> 01:19:37,840

minerals we

1917

01:19:43,270 --> 01:19:40,800

actually have 20 21 medicinal minerals

1918

01:19:45,270 --> 01:19:43,280

and and and solid to be taken

1919

01:19:48,149 --> 01:19:45,280

sublingually into the bloodstream

1920

01:19:51,110 --> 01:19:48,159

from calcium and magnesium to silver and

1921

01:19:52,229 --> 01:19:51,120

gold actually it's all part of the 21

1922

01:19:54,070 --> 01:19:52,239

minerals

1923

01:19:56,470 --> 01:19:54,080

that dr linus pauling taught me how to

1924

01:20:00,310 --> 01:19:56,480

do in the early 1990s

1925

01:20:03,470 --> 01:20:00,320

i've got them and i spent days

1936

01:20:31,510 --> 01:20:28,080

just analyzing this

1937

01:20:33,350 --> 01:20:31,520

from a a very

1938

01:20:34,229 --> 01:20:33,360

what could go wrong type of standpoint i

1939

01:20:37,110 --> 01:20:34,239

mean

1940

01:20:39,590 --> 01:20:37,120

i hope i'm being very objective with it

1941

01:20:41,430 --> 01:20:39,600

they've passed with flying colors this

1942

01:20:44,310 --> 01:20:41,440

whole this whole group and they're

1943

01:20:47,830 --> 01:20:44,320

explanation

1952

01:21:11,830 --> 01:21:10,560

the bases covered they have passed

1956

01:21:22,149 --> 01:21:20,320

my uh due diligence investigation with

1957

01:21:24,149 --> 01:21:22,159

1959

01:21:30,229 --> 01:21:26,800

enough that sounds like the way to go

1960

01:21:31,830 --> 01:21:30,239

and again i cannot thank you enough for

1961

01:21:33,510 --> 01:21:31,840

1962

01:21:34,870 --> 01:21:33,520

people like you with your knowledge base

1963

01:21:36,629 --> 01:21:34,880

are out there

1964

01:21:38,390 --> 01:21:36,639

helping kind of keep some of the sheep

1965

01:21:41,510 --> 01:21:38,400

from slaughter when this when this

1966

01:21:43,590 --> 01:21:41,520

global crisis comes to a head

1967

01:21:46,550 --> 01:21:43,600

and uh yeah i can't thank you enough for

1968

01:21:49,430 --> 01:21:46,560

coming on and chatting again and i look

1969

01:21:51,510 --> 01:21:49,440

1970

01:21:54,149 --> 01:21:51,520

1972

01:21:57,590 --> 01:21:55,760

well there you have it ladies and

1973

01:21:59,990 --> 01:21:57,600

gentlemen from someone who doesn't just

1974

01:22:01,270 --> 01:22:00,000

know economics but lives it

1975

01:22:04,310 --> 01:22:01,280

one of the most knowledgeable

1976

01:22:07,189 --> 01:22:04,320

individuals i've ever spoken to

1977

01:22:09,030 --> 01:22:07,199

who is just about as responsible as it

1978

01:22:10,870 --> 01:22:09,040

comes financially hold on let me print

1979

01:22:13,189 --> 01:22:10,880

some money here in the background

1980

01:22:15,669 --> 01:22:13,199

because it's worthless

1981

01:22:18,550 --> 01:22:15,679

for those of you who uh

1982

01:22:20,229 --> 01:22:18,560

are all about the credit cards yeah let

1983

01:22:21,189 --> 01:22:20,239

me print some money so you can pay those

1984

01:22:23,270 --> 01:22:21,199

off

1985

01:22:25,750 --> 01:22:23,280

it's uh

1986

01:22:29,590 --> 01:22:25,760

it's all about printing money and the

1987

01:22:33,830 --> 01:22:29,600

printing of money is going to end i mean

1988

01:22:36,310 --> 01:22:33,840

this has become something that

1989

01:22:38,629 --> 01:22:36,320

is just out of our control

1990

01:22:40,149 --> 01:22:38,639

and i think that it has been perfectly

1991

01:22:41,430 --> 01:22:40,159

explained

1992

01:22:44,870 --> 01:22:41,440

in a very

1993

01:22:47,270 --> 01:22:44,880
