26

00:01:33,030 --> 00:01:30,159

quite some time his knowledge of the

27

00:01:35,910 --> 00:01:33,040

area is astounding the people he talks

28

00:01:36,870 --> 00:01:35,920

to are astounding and his youtube

29

00:01:39,030 --> 00:01:36,880

channel

30

00:01:43,990 --> 00:01:39,040

is something that cannot be missed

31

00:01:46,710 --> 00:01:44,000

without going into all of the elements

32

00:01:48,389 --> 00:01:46,720

of his research and investigations let's

33

00:01:50,389 --> 00:01:48,399

just get right to it

34

00:01:53,270 --> 00:01:50,399

terry carter welcome to the hero

35

00:01:55,670 --> 00:01:53,280

paranormal podcast i i guess that means

36

00:01:57,190 --> 00:01:55,680

i'm on huh you are on my friend how are

37

00:01:59,350 --> 00:01:57,200

you doing today

38

00:02:02,310 --> 00:01:59,360

i'm doing great and thanks for inviting

39

00:02:05,030 --> 00:02:02,320

me um but man it should be me

40

00:02:07,670 --> 00:02:05,040

interviewing you oh i don't know about

41

00:02:08,949 --> 00:02:07,680

that i i've been enthralled i appreciate

42

00:02:10,469 --> 00:02:08,959

the uh

43

00:02:13,190 --> 00:02:10,479

the gesture but

44

00:02:15,190 --> 00:02:13,200

man everywhere i look online when it

45

00:02:19,030 --> 00:02:15,200

comes to treasure hunting

46

00:02:22,390 --> 00:02:19,040

and unique you into mountain

47

00:02:24,869 --> 00:02:22,400

videos your youtube channel comes up and

48

00:02:27,350 --> 00:02:24,879

i just have to ask and i want my

49

00:02:29,190 --> 00:02:27,360

listeners to know where they can follow

50

00:02:31,430 --> 00:02:29,200

you on youtube because it's really quite

51
00:02:33,350 --> 00:02:31,440
the adventure following all the people

52
00:02:35,430 --> 00:02:33,360
that you talk to and the amazing stories

53
00:02:37,350 --> 00:02:35,440
that you get into where can they follow

54
00:02:39,430 --> 00:02:37,360
you on youtube terry

55
00:02:41,910 --> 00:02:39,440
so on youtube if they just search for

56
00:02:44,550 --> 00:02:41,920
terry carter or terry carter treasure

57
00:02:47,509 --> 00:02:44,560
hunter on youtube and look for the skull

58
00:02:50,070 --> 00:02:47,519
and crossbones pirate with the

59
00:02:51,910 --> 00:02:50,080
patch over its eye and that's my channel

60
00:02:53,670 --> 00:02:51,920
and then just kind of sift through them

61
00:02:55,589 --> 00:02:53,680
and look for the you in the mountain

62
00:02:57,350 --> 00:02:55,599
ones but uh because there's all kinds of

63
00:02:58,229 --> 00:02:57,360

subjects and things on treasure hunting

64

00:03:01,110 --> 00:02:58,239

there

65

00:03:03,270 --> 00:03:01,120

but uh you know it's it's it's it's not

66

00:03:06,070 --> 00:03:03,280

me it's the people that have agreed to

67

00:03:08,309 --> 00:03:06,080

tell us their stories you know and so so

68

00:03:11,350 --> 00:03:08,319

uh anyway that's that

69

00:03:12,550 --> 00:03:11,360

i find it so mesmerizing utah has a rich

70

00:03:15,270 --> 00:03:12,560

history

71

00:03:17,750 --> 00:03:15,280

um there's so many areas we can go i

72

00:03:18,869 --> 00:03:17,760

mean there's there's exhaustive research

73

00:03:20,550 --> 00:03:18,879

into this

74

00:03:23,030 --> 00:03:20,560

and the fact

75

00:03:26,149 --> 00:03:23,040

is that brigham young was told by the

76
00:03:29,830 --> 00:03:26,159
ute chief walker of a secret gold source

77
00:03:32,789 --> 00:03:29,840
high in the back reaches of the uintas

78
00:03:35,670 --> 00:03:32,799
there's many many tales of the rhodes

79
00:03:37,830 --> 00:03:35,680
family thomas rhodes in particular

80
00:03:39,830 --> 00:03:37,840
having chosen areas

81
00:03:43,350 --> 00:03:39,840
in the uintas to

82
00:03:45,509 --> 00:03:43,360
have this gold placed or store it and

83
00:03:48,229 --> 00:03:45,519
there's also tales of native gold

84
00:03:51,670 --> 00:03:48,239
spanish gold aztec gold the list goes on

85
00:03:52,949 --> 00:03:51,680
and on where can we kick this off

86
00:03:54,949 --> 00:03:52,959
um

87
00:03:57,270 --> 00:03:54,959
man you're right there is a ton of

88
00:03:58,949 --> 00:03:57,280

information out there a ton of stories

89

00:04:01,589 --> 00:03:58,959

out there in the uintah mountains you

90

00:04:05,270 --> 00:04:01,599

know and and starting with you know

91

00:04:07,750 --> 00:04:05,280

chief walker and and and him him finding

92

00:04:08,789 --> 00:04:07,760

all these this sacred gold and and that

93

00:04:10,869 --> 00:04:08,799

but uh

94

00:04:12,710 --> 00:04:10,879

um that's kind of what got me hooked in

95

00:04:14,470 --> 00:04:12,720

the first place as i was working out

96

00:04:17,110 --> 00:04:14,480

there in the in the vernal

97

00:04:19,189 --> 00:04:17,120

area on a power plant in the early 80s

98

00:04:21,749 --> 00:04:19,199

and treasure hunting they i'd i'd seen

99

00:04:23,909 --> 00:04:21,759

some shows on tv about you know them

100

00:04:25,749 --> 00:04:23,919

finding gold off the coast of florida

101
00:04:28,310 --> 00:04:25,759
you know from the spanish shipwrecks and

102
00:04:29,909 --> 00:04:28,320
whatnot and so um i was interested in

103
00:04:32,070 --> 00:04:29,919
that but it wasn't until i started

104
00:04:34,390 --> 00:04:32,080
working on that power plant on inernal

105
00:04:36,469 --> 00:04:34,400
and found out about the lost roads mine

106
00:04:39,110 --> 00:04:36,479
and and all the interesting things there

107
00:04:41,350 --> 00:04:39,120
in the uintas and and and that got me

108
00:04:44,310 --> 00:04:41,360
hooked and and i love the um anyway

109
00:04:46,150 --> 00:04:44,320
because they're just beautiful and

110
00:04:48,710 --> 00:04:46,160
that was just another excuse for me to

111
00:04:51,189 --> 00:04:48,720
spend more out more more time into the

112
00:04:54,550 --> 00:04:51,199
outdoors and and searching things and

113
00:04:56,070 --> 00:04:54,560

and and it just went from there but but

114

00:04:57,670 --> 00:04:56,080

where you want to start i don't know

115

00:05:00,550 --> 00:04:57,680

there's there's all kinds of things to

116

00:05:02,710 --> 00:05:00,560

talk about in all of utah but but

117

00:05:04,870 --> 00:05:02,720

especially there in the uenas

118

00:05:06,790 --> 00:05:04,880

i think the uintas is a great place to

119

00:05:09,270 --> 00:05:06,800

start and you you

120

00:05:12,629 --> 00:05:09,280

you have hit upon the secret word which

121

00:05:14,390 --> 00:05:12,639

is that lost roads mine or mines i

122

00:05:15,670 --> 00:05:14,400

should say because i believe there's at

123

00:05:18,070 --> 00:05:15,680

least seven

124

00:05:19,830 --> 00:05:18,080

that the uh i believe caleb rhodes has

125

00:05:20,950 --> 00:05:19,840

mentioned at least seven

126

00:05:24,230 --> 00:05:20,960

and

127

00:05:26,070 --> 00:05:24,240

how do we navigate this um what cool or

128

00:05:28,150 --> 00:05:26,080

interesting stories have you heard from

129

00:05:31,110 --> 00:05:28,160

locals there about

130

00:05:34,310 --> 00:05:31,120

the rhodes mine or uh

131

00:05:36,950 --> 00:05:34,320

anything related to it

132

00:05:39,029 --> 00:05:36,960

geez you know there's the seven big

133

00:05:41,430 --> 00:05:39,039

mines that we know of but there was more

134

00:05:44,070 --> 00:05:41,440

than that there was over a hundred of

135

00:05:46,070 --> 00:05:44,080

the spanish mines you know throughout

136

00:05:48,550 --> 00:05:46,080

the u.n as mountains but but there was

137

00:05:50,710 --> 00:05:48,560

just uh you know seven of them that were

138

00:05:52,950 --> 00:05:50,720

big and guarded by the indians and the

139

00:05:55,270 --> 00:05:52,960

others was guarded by the indians and

140

00:05:59,270 --> 00:05:55,280

and and and whatnot but some of the

141

00:06:02,870 --> 00:05:59,280

local stories you know i i had a a guy

142

00:06:04,469 --> 00:06:02,880

coming and talk to me about

143

00:06:07,029 --> 00:06:04,479

when they was

144

00:06:09,270 --> 00:06:07,039

when he was a kid he's this guy's in his

145

00:06:11,909 --> 00:06:09,280

70s now they they dropped down into a

146

00:06:15,110 --> 00:06:11,919

natural cavern and started following the

147

00:06:17,430 --> 00:06:15,120

air movement and and they come to a

148

00:06:19,670 --> 00:06:17,440

the way he described it was like an

149

00:06:21,510 --> 00:06:19,680

illusions mirages that he he wouldn't

150

00:06:23,270 --> 00:06:21,520

have known the place kept on going

151
00:06:25,590 --> 00:06:23,280
except for he followed the air movement

152
00:06:27,270 --> 00:06:25,600
he ducked under him seat knee some rocks

153
00:06:29,830 --> 00:06:27,280
got on his knees because he could fear

154
00:06:31,830 --> 00:06:29,840
the fill the air movement and and

155
00:06:35,110 --> 00:06:31,840
followed this passageway

156
00:06:37,830 --> 00:06:35,120
um clear back into the mountains and and

157
00:06:38,950 --> 00:06:37,840
found an old door he said the door on

158
00:06:40,390 --> 00:06:38,960
this thing

159
00:06:41,990 --> 00:06:40,400
um was

160
00:06:44,469 --> 00:06:42,000
the craftsmanship he'd never seen

161
00:06:47,110 --> 00:06:44,479
anything like this it was it was seven

162
00:06:50,469 --> 00:06:47,120
eight foot tall seven eight foot wide

163
00:06:53,189 --> 00:06:50,479

and it was rounded and perfectly fit

164

00:06:55,830 --> 00:06:53,199

into the rock and then over the over the

165

00:06:59,909 --> 00:06:55,840

years calcite had been dripping over it

166

00:07:00,790 --> 00:06:59,919

so kind of camouflaged it even some

167

00:07:03,110 --> 00:07:00,800

but

168

00:07:06,550 --> 00:07:03,120

you know in that same cavern

169

00:07:09,990 --> 00:07:06,560

somebody found um an old spanish roman

170

00:07:12,950 --> 00:07:10,000

or an old roman coin and i and i have to

171

00:07:14,710 --> 00:07:12,960

wonder you know is is this who would

172

00:07:16,550 --> 00:07:14,720

have put a door like this down there i

173

00:07:18,790 --> 00:07:16,560

don't know if the spanish would you know

174

00:07:21,029 --> 00:07:18,800

there's tales that that there was older

175

00:07:23,589 --> 00:07:21,039

culture here and who that older golden

176

00:07:26,390 --> 00:07:23,599

culture is you know as there was the

177

00:07:28,950 --> 00:07:26,400

romans here was the you know was was

178

00:07:30,790 --> 00:07:28,960

something like that i i don't know but

179

00:07:33,990 --> 00:07:30,800

there's a ton of stories

180

00:07:36,150 --> 00:07:34,000

like that you know and and currently i'm

181

00:07:38,790 --> 00:07:36,160

investigating and trying to find this

182

00:07:41,189 --> 00:07:38,800

door re trace this guy's footsteps and

183

00:07:43,110 --> 00:07:41,199

in the same area there's a way bill

184

00:07:46,629 --> 00:07:43,120

talking about how the spaniards there

185

00:07:48,710 --> 00:07:46,639

was 40 42 of them and

186

00:07:51,029 --> 00:07:48,720

did i lose you no i'm here i'm just

187

00:07:54,150 --> 00:07:51,039

mesmerized holy cow

188

00:07:56,830 --> 00:07:54,160

oh so so sorry about that my phone was

189

00:08:00,309 --> 00:07:56,840

beeping so so there's there's

190

00:08:03,830 --> 00:08:00,319

uh um a way bill talking about how there

191

00:08:05,430 --> 00:08:03,840

was 42 of these spaniards uh mining and

192

00:08:07,749 --> 00:08:05,440

the indians were attacking them of

193

00:08:10,150 --> 00:08:07,759

course you know the the spaniards would

194

00:08:12,629 --> 00:08:10,160

enslave the indians and make them work

195

00:08:14,869 --> 00:08:12,639

till they till they died and for some

196

00:08:16,550 --> 00:08:14,879

funny reason the indians didn't like

197

00:08:18,950 --> 00:08:16,560

that so they started revolting and

198

00:08:21,110 --> 00:08:18,960

attacking them and then they finally um

199

00:08:23,589 --> 00:08:21,120

attacked them and drove them all out

200

00:08:26,790 --> 00:08:23,599

it took whatever it took

201

00:08:29,749 --> 00:08:26,800

for the tribes for the clans to to hide

202

00:08:31,589 --> 00:08:29,759

these mines all these uh any evidences

203

00:08:34,949 --> 00:08:31,599

of this stuff you know they did what it

204

00:08:37,029 --> 00:08:34,959

took to hide it well well uh this way

205

00:08:38,870 --> 00:08:37,039

bill talks about how there's 42 other

206

00:08:40,550 --> 00:08:38,880

spaniards they're getting attacked by

207

00:08:42,870 --> 00:08:40,560

the indians and so there's eight of them

208

00:08:45,670 --> 00:08:42,880

left and there they've locked the gold

209

00:08:48,150 --> 00:08:45,680

behind a wooden door they they're uh 200

210

00:08:50,550 --> 00:08:48,160

and some odd cargos of gold and 600 and

211

00:08:53,030 --> 00:08:50,560

some odd cargos of silver behind this

212

00:08:55,670 --> 00:08:53,040

wooden door and they're headed back to

213

00:08:57,590 --> 00:08:55,680

mexico uh because of the fear of their

214

00:08:59,190 --> 00:08:57,600

life and and they've left this way bill

215

00:09:01,350 --> 00:08:59,200

and this document

216

00:09:03,990 --> 00:09:01,360

um of how to get back to this you know

217

00:09:06,870 --> 00:09:04,000

of course then the pioneers came in you

218

00:09:08,710 --> 00:09:06,880

know the mexican-american war the the

219

00:09:11,509 --> 00:09:08,720

you know the united states won these

220

00:09:13,829 --> 00:09:11,519

areas and and so that was lost to these

221

00:09:16,710 --> 00:09:13,839

families well well this is the same area

222

00:09:18,470 --> 00:09:16,720

where this guy um have found this door

223

00:09:20,310 --> 00:09:18,480

however this door doesn't even sound

224

00:09:22,630 --> 00:09:20,320

like like it's spaniards and i'm

225

00:09:24,550 --> 00:09:22,640

wondering if the spaniards

226

00:09:27,110 --> 00:09:24,560

stumbled onto something that was even

227

00:09:29,190 --> 00:09:27,120

ancient than what they had and they was

228

00:09:31,590 --> 00:09:29,200

collecting stuff and just didn't get it

229

00:09:34,470 --> 00:09:31,600

all out before they came so it's gonna

230

00:09:36,470 --> 00:09:34,480

be an adventure just to see this door is

231

00:09:38,870 --> 00:09:36,480

a treasure because he says the only

232

00:09:40,790 --> 00:09:38,880

thing that reminds him that he's seen

233

00:09:43,670 --> 00:09:40,800

that that's even close is some of these

234

00:09:45,590 --> 00:09:43,680

old stories uh shows on tv where they

235

00:09:47,509 --> 00:09:45,600

showed the castles and the dungeons and

236

00:09:49,670 --> 00:09:47,519

he says the doors look just like that

237

00:09:52,389 --> 00:09:49,680

and why somebody put a door

238

00:09:54,389 --> 00:09:52,399

down in a crevice like this is beyond

239

00:09:57,269 --> 00:09:54,399

me it there's got to be something

240

00:10:01,110 --> 00:09:57,279

interesting behind this door

241

00:10:03,190 --> 00:10:01,120

this is amazing because yeah the i mean

242

00:10:05,509 --> 00:10:03,200

there is and i'm glad you brought this

243

00:10:07,829 --> 00:10:05,519

up legend holds that there is

244

00:10:10,710 --> 00:10:07,839

an aztec connection

245

00:10:13,670 --> 00:10:10,720

and that forefathers migrated to mexico

246

00:10:15,670 --> 00:10:13,680

city uh from a land to the north and

247

00:10:17,990 --> 00:10:15,680

that land to the north

248

00:10:20,310 --> 00:10:18,000

was a land of red rocks and i believe

249

00:10:22,310 --> 00:10:20,320

they say four rivers and

250

00:10:24,630 --> 00:10:22,320

two researchers are now claiming that

251
00:10:28,630 --> 00:10:24,640
they have found the aztec homeland in

252
00:10:29,590 --> 00:10:28,640
utah so this this may go back way way

253
00:10:32,710 --> 00:10:29,600
back

254
00:10:35,750 --> 00:10:32,720
and uh the rhodes family is one that you

255
00:10:37,030 --> 00:10:35,760
just can't ignore when it comes to gold

256
00:10:39,430 --> 00:10:37,040
in utah

257
00:10:42,949 --> 00:10:39,440
and i mean thomas rhodes he was a

258
00:10:45,430 --> 00:10:42,959
trailblazer a pioneer a settler and also

259
00:10:48,069 --> 00:10:45,440
a minor and there's stories of him

260
00:10:50,550 --> 00:10:48,079
fighting off people's bandits trying to

261
00:10:51,670 --> 00:10:50,560
steal his gold with the help of his

262
00:10:54,150 --> 00:10:51,680
fellows

263
00:10:57,350 --> 00:10:54,160

and i think further proof that he was

264

00:10:59,190 --> 00:10:57,360

really really deep into this gold mining

265

00:11:01,910 --> 00:10:59,200

is that um

266

00:11:02,710 --> 00:11:01,920

gosh i mean the council of 12 authorized

267

00:11:05,030 --> 00:11:02,720

by

268

00:11:07,910 --> 00:11:05,040

brigham young to issue hand-written

269

00:11:10,069 --> 00:11:07,920

notes called gold back notes

270

00:11:12,230 --> 00:11:10,079

they were issued back with a i think an

271

00:11:15,509 --> 00:11:12,240

80 percent gold reserve

272

00:11:17,030 --> 00:11:15,519

and this was back in like 1849 if i'm

273

00:11:19,190 --> 00:11:17,040

not mistaking

274

00:11:22,550 --> 00:11:19,200

bearing the official seal of the 12

275

00:11:24,630 --> 00:11:22,560

apostles and all backed by a mysterious

276

00:11:25,750 --> 00:11:24,640

gold reserve which many

277

00:11:29,750 --> 00:11:25,760

believe

278

00:11:32,069 --> 00:11:29,760

uh may have been thomas rhodes gold to

279

00:11:34,069 --> 00:11:32,079

relieve those notes have you heard

280

00:11:34,790 --> 00:11:34,079

anything from the rhodes family and i

281

00:11:37,750 --> 00:11:34,800

mean

282

00:11:39,030 --> 00:11:37,760

it seems like they are just in so many

283

00:11:42,150 --> 00:11:39,040

of

284

00:11:43,910 --> 00:11:42,160

the historical events that took place at

285

00:11:46,230 --> 00:11:43,920

least when it comes to the mormon church

286

00:11:47,829 --> 00:11:46,240

in utah gold

287

00:11:50,949 --> 00:11:47,839

there there was more than just the

288

00:11:53,030 --> 00:11:50,959

rhodes family that was involved

289

00:11:54,870 --> 00:11:53,040

with that but you know the roads they

290

00:11:57,509 --> 00:11:54,880

they took an altar they wouldn't divulge

291

00:11:59,750 --> 00:11:57,519

this stuff and and they did not you know

292

00:12:01,670 --> 00:11:59,760

they left some maps people have tried to

293

00:12:03,350 --> 00:12:01,680

decipher them maps you know they they

294

00:12:05,509 --> 00:12:03,360

did bring out gold and give to the

295

00:12:08,069 --> 00:12:05,519

mormon church um

296

00:12:10,150 --> 00:12:08,079

um but back to the aztec thing

297

00:12:11,590 --> 00:12:10,160

you know if you you know you're you

298

00:12:13,590 --> 00:12:11,600

you've been out to vernal i don't know

299

00:12:16,870 --> 00:12:13,600

if you've been to mcconkey ranch oh i

300

00:12:18,629 --> 00:12:16,880

love that place isn't that wild so so so

301

00:12:20,710 --> 00:12:18,639

you know you just go to the mcconkey

302

00:12:22,790 --> 00:12:20,720

ranch and you look at them petroglyphs

303

00:12:25,430 --> 00:12:22,800

they're not your regular native american

304

00:12:28,230 --> 00:12:25,440

petroglyphs them things in my most

305

00:12:31,030 --> 00:12:28,240

humble but accurate opinion those things

306

00:12:33,110 --> 00:12:31,040

are the most spectacular petroglyphs in

307

00:12:37,190 --> 00:12:33,120

all of the united states i mean these

308

00:12:40,389 --> 00:12:37,200

things these guys are full-bodied um

309

00:12:43,350 --> 00:12:40,399

uh carved and painted uh they look

310

00:12:45,269 --> 00:12:43,360

egyptian or aztec you know they've got

311

00:12:47,670 --> 00:12:45,279

they've got jewelry

312

00:12:49,910 --> 00:12:47,680

breastplates crowns they got i mean

313

00:12:53,590 --> 00:12:49,920

these things are spectacular and it's

314

00:12:56,069 --> 00:12:53,600

not hard to imagine that these people

315

00:12:58,230 --> 00:12:56,079

had the gold these people are the guys

316

00:13:00,949 --> 00:12:58,240

that mined it and made things out of it

317

00:13:03,030 --> 00:13:00,959

you know and and where did it go from

318

00:13:04,949 --> 00:13:03,040

there is it hidden in one of these seven

319

00:13:07,030 --> 00:13:04,959

caverns one of these seven

320

00:13:09,110 --> 00:13:07,040

uh treasure things that you're talking

321

00:13:11,430 --> 00:13:09,120

about you know that the indians are are

322

00:13:13,910 --> 00:13:11,440

back then have been guarding you know

323

00:13:15,829 --> 00:13:13,920

clear up till now you know is this part

324

00:13:19,750 --> 00:13:15,839

of the aztec treasure were these part of

325

00:13:21,030 --> 00:13:19,760

the aztecs you know it's it's it's it's

326

00:13:22,870 --> 00:13:21,040

they're just awesome you know if you

327

00:13:25,190 --> 00:13:22,880

haven't seen these things you need to go

328

00:13:27,590 --> 00:13:25,200

there and witness them firsthand because

329

00:13:30,389 --> 00:13:27,600

they're they're spectacular

330

00:13:32,870 --> 00:13:30,399

i couldn't agree more terry and in my

331

00:13:36,470 --> 00:13:32,880

humble opinion as well they may be the

332

00:13:37,910 --> 00:13:36,480

most important petroglyphs in all of

333

00:13:39,750 --> 00:13:37,920

utah and i mean

334

00:13:41,430 --> 00:13:39,760

there's petroglyphs everywhere in utah

335

00:13:43,509 --> 00:13:41,440

all through nine mile canyon i think

336

00:13:46,150 --> 00:13:43,519

nine mile canyon has the most

337

00:13:48,150 --> 00:13:46,160

petroglyphs anywhere on the planet but

338

00:13:49,750 --> 00:13:48,160

these in particular there at the

339

00:13:51,189 --> 00:13:49,760

mcconkey ranch

340

00:13:53,430 --> 00:13:51,199

in dry fork

341

00:13:55,590 --> 00:13:53,440

these are different there is just

342

00:13:56,790 --> 00:13:55,600

something different than these

343

00:14:03,350 --> 00:13:56,800

and

344

00:14:05,590 --> 00:14:03,360

things that are are very different in

345

00:14:07,829 --> 00:14:05,600

origin i mean they just have a different

346

00:14:09,910 --> 00:14:07,839

feel about them

347

00:14:12,310 --> 00:14:09,920

i don't know if you remember

348

00:14:15,509 --> 00:14:12,320

um as you're going up dry fork to the

349

00:14:17,590 --> 00:14:15,519

cocky ranch off to the off to the right

350

00:14:19,590 --> 00:14:17,600

hand side before the remember the main

351

00:14:20,470 --> 00:14:19,600

park there's those two

352

00:14:22,629 --> 00:14:20,480

big

353

00:14:24,150 --> 00:14:22,639

natural wind blown looking caves that

354

00:14:26,949 --> 00:14:24,160

you can see off the side across the

355

00:14:28,230 --> 00:14:26,959

river you notice them okay

356

00:14:30,629 --> 00:14:28,240

i'm pretty sure i know where you're

357

00:14:33,430 --> 00:14:30,639

talking about i think so so

358

00:14:37,189 --> 00:14:33,440

so right there if you look at the base

359

00:14:38,949 --> 00:14:37,199

of that that one cliff or of kind of the

360

00:14:40,710 --> 00:14:38,959

clip that you

361

00:14:42,790 --> 00:14:40,720

overlooking where the hole is where this

362

00:14:45,030 --> 00:14:42,800

cave is there are some of them at

363

00:14:46,470 --> 00:14:45,040

mcconkey type petroglyphs carved in

364

00:14:48,550 --> 00:14:46,480

right there and you could see it one

365

00:14:52,870 --> 00:14:48,560

time it was pretty spectacular but

366

00:14:55,430 --> 00:14:52,880

inside these caves is uh is is smoked

367

00:14:56,470 --> 00:14:55,440

and the and the sandstones peeled off

368

00:14:59,110 --> 00:14:56,480

and and

369

00:14:59,990 --> 00:14:59,120

you know smoke from the bomb fires from

370

00:15:02,870 --> 00:15:00,000

from

371

00:15:04,550 --> 00:15:02,880

all the eon of ages clear up until you

372

00:15:06,310 --> 00:15:04,560

know recently the kids go up there and

373

00:15:08,710 --> 00:15:06,320

have bonfires and have their tech

374

00:15:11,509 --> 00:15:08,720

parties you know but if you look real

375

00:15:15,110 --> 00:15:11,519

closely you can still still see

376

00:15:17,509 --> 00:15:15,120

some of the faded paint of these giants

377

00:15:20,629 --> 00:15:17,519

that was carved onto the rocks and

378

00:15:23,670 --> 00:15:20,639

Painted uh the same type of figures that

379

00:15:27,269 --> 00:15:23,680

was on my concrete ranches these caves

380

00:15:29,670 --> 00:15:27,279

was was adorned with figures all around

381

00:15:31,910 --> 00:15:29,680

it and with painted and shipped in then

382

00:15:33,910 --> 00:15:31,920

that thing had to have been spectacular

383

00:15:36,069 --> 00:15:33,920

a lot of man i wished i had a time

384

00:15:38,550 --> 00:15:36,079

machine so i could go back just to see

385

00:15:40,710 --> 00:15:38,560

the spectacular of what that thing did

386

00:15:42,150 --> 00:15:40,720

look like because it had to be pretty

387

00:15:44,550 --> 00:15:42,160

awesome

388

00:15:46,310 --> 00:15:44,560

so true if you if we only had a time

389

00:15:49,030 --> 00:15:46,320

machine to go back

390

00:15:51,829 --> 00:15:49,040

i mean there's so many researchers that

391

00:15:53,749 --> 00:15:51,839

are providing history now and you have a

392

00:15:55,829 --> 00:15:53,759

lot of them on your youtube channel all

393

00:15:58,150 --> 00:15:55,839

of my listeners i highly recommend that

394

00:16:01,590 --> 00:15:58,160

they subscribe and listen to it

395

00:16:04,389 --> 00:16:01,600

and um i mean this is all through utah

396

00:16:05,990 --> 00:16:04,399

even as far i mean it's all over the

397

00:16:07,749 --> 00:16:06,000

place isn't it

398

00:16:10,310 --> 00:16:07,759

it's all over the place and and you know

399

00:16:12,870 --> 00:16:10,320

what the unique thing about this is and

400

00:16:14,629 --> 00:16:12,880

and and it's it's it is the mormon

401
00:16:16,710 --> 00:16:14,639
church and people think you know the

402
00:16:18,150 --> 00:16:16,720
mormon church they're that fake group

403
00:16:19,350 --> 00:16:18,160
through the they're the you know and

404
00:16:21,509 --> 00:16:19,360
they and they

405
00:16:23,189 --> 00:16:21,519
god you know it's it's it's made up and

406
00:16:25,110 --> 00:16:23,199
they made up stories and all that but

407
00:16:26,629 --> 00:16:25,120
here's the thing about the mormon church

408
00:16:28,470 --> 00:16:26,639
you know if they thought it had to deal

409
00:16:30,310 --> 00:16:28,480
with their religion

410
00:16:31,829 --> 00:16:30,320
they thought anything that had to do

411
00:16:32,790 --> 00:16:31,839
with their religion

412
00:16:40,150 --> 00:16:32,800
they

413
00:16:42,150 --> 00:16:40,160

publicly

414

00:16:44,629 --> 00:16:42,160

they've got it in their archives and so

415

00:16:47,590 --> 00:16:44,639

they're a treasure trove of this

416

00:16:50,550 --> 00:16:47,600

information of what went on before you

417

00:16:52,389 --> 00:16:50,560

know you know the the that

418

00:16:55,590 --> 00:16:52,399

the mainstay

419

00:16:57,350 --> 00:16:55,600

state academia says you know it was

420

00:16:59,910 --> 00:16:57,360

it was just the natives here before

421

00:17:01,509 --> 00:16:59,920

columbus and and and that's it you know

422

00:17:04,230 --> 00:17:01,519

there was nothing else there was no

423

00:17:06,390 --> 00:17:04,240

internet intercontinental travel well

424

00:17:08,069 --> 00:17:06,400

you know the the mormon church has all

425

00:17:10,630 --> 00:17:08,079

this stuff in their records of things

426

00:17:12,230 --> 00:17:10,640

that they was found up in the uenas you

427

00:17:15,429 --> 00:17:12,240

know different things from different

428

00:17:17,110 --> 00:17:15,439

cultures that should not be here but was

429

00:17:20,230 --> 00:17:17,120

found here and then they say well the

430

00:17:22,150 --> 00:17:20,240

mormon church made it up to to prove

431

00:17:24,230 --> 00:17:22,160

their book of mormon or to bolster their

432

00:17:27,350 --> 00:17:24,240

religion or something like that

433

00:17:30,549 --> 00:17:27,360

but if you take and look at the facts

434

00:17:32,630 --> 00:17:30,559

and the history of what really they did

435

00:17:34,630 --> 00:17:32,640

find and like i say they didn't release

436

00:17:36,950 --> 00:17:34,640

it to people because people were saying

437

00:17:39,510 --> 00:17:36,960

that so they kept it to themselves

438

00:17:43,510 --> 00:17:39,520

but i accidentally stumbled into some of

439

00:17:45,750 --> 00:17:43,520

them records and it took me on a on a

440

00:17:47,990 --> 00:17:45,760

wild ride all across the western united

441

00:17:50,390 --> 00:17:48,000

states scattered anywhere from depth and

442

00:17:53,190 --> 00:17:50,400

steps and deception on one side of

443

00:17:55,590 --> 00:17:53,200

spectrum or one side of the spectrum to

444

00:17:57,990 --> 00:17:55,600

the joint amazement on the other of

445

00:18:00,310 --> 00:17:58,000

being able to see and and and hear

446

00:18:02,549 --> 00:18:00,320

stories see artifacts firsthand hear

447

00:18:04,950 --> 00:18:02,559

stories firsthand that most people will

448

00:18:07,190 --> 00:18:04,960

never ever get to hear and see you know

449

00:18:09,430 --> 00:18:07,200

is because i accidentally stumbled into

450

00:18:11,350 --> 00:18:09,440

them records that i shouldn't have been

451

00:18:13,990 --> 00:18:11,360

yelled at i shouldn't have i shouldn't

452

00:18:16,710 --> 00:18:14,000

have seen and that led me to tracking

453

00:18:18,950 --> 00:18:16,720

down it took me from treasure hunting

454

00:18:21,510 --> 00:18:18,960

you know in the uintas to tracking down

455

00:18:24,230 --> 00:18:21,520

the ancients the giants the the things

456

00:18:26,470 --> 00:18:24,240

like that just out of place archaeology

457

00:18:29,270 --> 00:18:26,480

that just doesn't fit and that's that

458

00:18:31,029 --> 00:18:29,280

fascinated me some of that stuff so and

459

00:18:33,110 --> 00:18:31,039

you know you've touched on something

460

00:18:35,909 --> 00:18:33,120

that i just recently read an amazing

461

00:18:38,470 --> 00:18:35,919

article about and um

462

00:18:40,549 --> 00:18:38,480

it's the truth and you know

463

00:18:41,590 --> 00:18:40,559

there was a survey a recent survey in

464

00:18:43,990 --> 00:18:41,600

america

465

00:18:47,029 --> 00:18:44,000

about mormons and it showed that more

466

00:18:49,590 --> 00:18:47,039

than 60 percent of the people surveyed

467

00:18:51,590 --> 00:18:49,600

were uninformed about mormonism and

468

00:18:53,669 --> 00:18:51,600

they're amazing secret keepers in

469

00:18:55,830 --> 00:18:53,679

general mormons are amazing secret

470

00:18:58,390 --> 00:18:55,840

keepers when they have to be which is a

471

00:19:00,789 --> 00:18:58,400

huge asset when it comes to this

472

00:19:02,630 --> 00:19:00,799

and uh this there's one place in

473

00:19:05,190 --> 00:19:02,640

american society that

474

00:19:06,950 --> 00:19:05,200

mormons have found a pretty interesting

475

00:19:09,510 --> 00:19:06,960

acceptance in agencies like the

476
00:19:10,789 --> 00:19:09,520
department of homeland security fbi and

477
00:19:13,110 --> 00:19:10,799
the cia

478
00:19:15,110 --> 00:19:13,120
because they are able to keep secrets

479
00:19:17,110 --> 00:19:15,120
when it's important to them and i think

480
00:19:19,350 --> 00:19:17,120
that's a real important thing to bring

481
00:19:22,150 --> 00:19:19,360
up terry because when it comes to these

482
00:19:24,390 --> 00:19:22,160
lost treasures the maps the things that

483
00:19:26,789 --> 00:19:24,400
are found and even

484
00:19:27,990 --> 00:19:26,799
uh like brewers cave and stories of

485
00:19:29,830 --> 00:19:28,000
giants

486
00:19:32,710 --> 00:19:29,840
there's a lot of people in utah that can

487
00:19:32,720 --> 00:19:36,630
yep yep there is and

488
00:19:41,190 --> 00:19:38,950

not only though do they keep the secrets

489

00:19:43,590 --> 00:19:41,200

but you know they was taught to write a

490

00:19:46,070 --> 00:19:43,600

journal to keep a journal and there's a

491

00:19:48,789 --> 00:19:46,080

lot of information in these journals if

492

00:19:50,310 --> 00:19:48,799

you just knew where to go where to look

493

00:19:51,270 --> 00:19:50,320

um but but

494

00:19:53,270 --> 00:19:51,280

um

495

00:19:55,350 --> 00:19:53,280

yeah it was kept touch us some of this

496

00:19:57,510 --> 00:19:55,360

stuff you know it was only it was only

497

00:20:00,630 --> 00:19:57,520

known by just a a

498

00:20:02,470 --> 00:20:00,640

few a few and and and and that drives me

499

00:20:05,270 --> 00:20:02,480

nuts people saying oh it's it's them

500

00:20:07,909 --> 00:20:05,280

damn mormons so so uh man it's all

501
00:20:10,710 --> 00:20:07,919
hogwash but uh you know you gotta

502
00:20:12,710 --> 00:20:10,720
understand that forget the religion part

503
00:20:14,950 --> 00:20:12,720
you know because they thought it tied to

504
00:20:17,029 --> 00:20:14,960
their religion whether it is or not

505
00:20:17,909 --> 00:20:17,039
doesn't matter well

506
00:20:19,830 --> 00:20:17,919
they

507
00:20:21,430 --> 00:20:19,840
kept track of this stuff and studied

508
00:20:23,270 --> 00:20:21,440
this stuff and tried to figure it out

509
00:20:26,230 --> 00:20:23,280
and they just never released it to you

510
00:20:27,830 --> 00:20:26,240
or i or the regular mainstream people

511
00:20:29,029 --> 00:20:27,840
you know they just they just kept it to

512
00:20:30,149 --> 00:20:29,039
themselves

513
00:20:32,149 --> 00:20:30,159

so

514

00:20:35,510 --> 00:20:32,159

that's the truth and you

515

00:20:37,510 --> 00:20:35,520

the other interesting thing is that utah

516

00:20:39,430 --> 00:20:37,520

is kind of a museum when it comes to

517

00:20:42,310 --> 00:20:39,440

another sort of giants with which is

518

00:20:45,029 --> 00:20:42,320

dinosaurs whether you're down near moab

519

00:20:47,750 --> 00:20:45,039

or you're in vernal the dinosaur history

520

00:20:51,029 --> 00:20:47,760

in utah is very prolific we have a

521

00:20:54,230 --> 00:20:51,039

prolific fremont culture in utah we now

522

00:20:57,190 --> 00:20:54,240

have ties to the aztecs which could

523

00:20:57,990 --> 00:20:57,200

lead to uh hernan cortes bringing gold

524

00:20:59,909 --> 00:20:58,000

up

525

00:21:01,830 --> 00:20:59,919

from montezuma and

526
00:21:03,830 --> 00:21:01,840
there i mean there's it just seems like

527
00:21:06,390 --> 00:21:03,840
it's a hot spot no matter which

528
00:21:08,710 --> 00:21:06,400
direction you take it's a hot spot when

529
00:21:09,830 --> 00:21:08,720
it comes to gold and utah all all the

530
00:21:12,630 --> 00:21:09,840
roads

531
00:21:14,549 --> 00:21:12,640
lead to utah so to speak don't they

532
00:21:16,870 --> 00:21:14,559
there's a lot of roads that lead to utah

533
00:21:18,870 --> 00:21:16,880
yep you know you talked about brewers

534
00:21:20,390 --> 00:21:18,880
cave and that's one of the things i

535
00:21:21,750 --> 00:21:20,400
stumbled into

536
00:21:25,750 --> 00:21:21,760
um

537
00:21:27,669 --> 00:21:25,760
in these records you know where where

538
00:21:29,830 --> 00:21:27,679

the mormon church was in contact with

539

00:21:32,390 --> 00:21:29,840

brewer trying to get access to this

540

00:21:34,789 --> 00:21:32,400

stuff and then he he he shut them down

541

00:21:37,190 --> 00:21:34,799

and and cut them off from that but i i

542

00:21:38,950 --> 00:21:37,200

got access to all them files and people

543

00:21:41,430 --> 00:21:38,960

really didn't know about brewer's cave

544

00:21:43,669 --> 00:21:41,440

until then and i tracked i talked to

545

00:21:45,909 --> 00:21:43,679

everybody that was still alive and i

546

00:21:47,990 --> 00:21:45,919

interviewed him and i and i tracked down

547

00:21:50,149 --> 00:21:48,000

things and i found i found one of these

548

00:21:52,230 --> 00:21:50,159

stone boxes with

549

00:21:54,390 --> 00:21:52,240

these copper plates that had

550

00:21:57,190 --> 00:21:54,400

an ancient writing on them

551
00:21:59,029 --> 00:21:57,200
and it was wrapped in in cedar bark and

552
00:22:01,830 --> 00:21:59,039
smeared with pine pitch i tracked one of

553
00:22:03,909 --> 00:22:01,840
these down and i thought at first i

554
00:22:06,310 --> 00:22:03,919
thought you know this story was was

555
00:22:09,190 --> 00:22:06,320
far-fetched and bogus

556
00:22:11,190 --> 00:22:09,200
but when i tracked this box down

557
00:22:13,590 --> 00:22:11,200
i had through the ancient historical

558
00:22:16,950 --> 00:22:13,600
research foundation which i i helped

559
00:22:18,950 --> 00:22:16,960
form specifically to do scientific tests

560
00:22:21,190 --> 00:22:18,960
and studies to see if some of this stuff

561
00:22:22,630 --> 00:22:21,200
was real or if it was just bogus and and

562
00:22:24,870 --> 00:22:22,640
we had the

563
00:22:26,390 --> 00:22:24,880

the bark carbon data that was wrapped

564

00:22:30,310 --> 00:22:26,400

around this box

565

00:22:33,270 --> 00:22:30,320

and this box uh this this bark came back

566

00:22:34,870 --> 00:22:33,280

at 2500 bc and when and when they back

567

00:22:37,750 --> 00:22:34,880

came back and they've seen what it was

568

00:22:39,830 --> 00:22:37,760

around they thought that's bogus we've

569

00:22:40,710 --> 00:22:39,840

screwed up on our test so they ran the

570

00:22:43,190 --> 00:22:40,720

test

571

00:22:46,549 --> 00:22:43,200

ten different times and ten different

572

00:22:47,990 --> 00:22:46,559

times you come back 2500 bc well at the

573

00:22:49,510 --> 00:22:48,000

same time

574

00:22:51,669 --> 00:22:49,520

they was running some tests on some

575

00:22:53,430 --> 00:22:51,679

other artifacts and it was coming back

576

00:22:54,950 --> 00:22:53,440

way older than what they thought so they

577

00:22:56,789 --> 00:22:54,960

started checking around and sure enough

578

00:22:58,390 --> 00:22:56,799

they did screw up they'd used a

579

00:23:00,950 --> 00:22:58,400

different solution than what their

580

00:23:04,310 --> 00:23:00,960

machine was calibrated for so when they

581

00:23:06,710 --> 00:23:04,320

recalibrated their machine the true date

582

00:23:10,950 --> 00:23:06,720

of the bark on this was between 50 and

583

00:23:13,510 --> 00:23:10,960

350 bc on this bark and and and that is

584

00:23:15,990 --> 00:23:13,520

still old and ancient a wrap that was

585

00:23:18,549 --> 00:23:16,000

wrapped around uh this stone box that

586

00:23:21,350 --> 00:23:18,559

had these ancient records in it you know

587

00:23:23,750 --> 00:23:21,360

and and and but the thing to me was that

588

00:23:26,230 --> 00:23:23,760

they ran the test 10 different times to

589

00:23:29,029 --> 00:23:26,240

prove that it was a false date and they

590

00:23:30,710 --> 00:23:29,039

couldn't they they did the 2500 bc they

591

00:23:33,750 --> 00:23:30,720

approved that was a false date but the

592

00:23:36,870 --> 00:23:33,760

50 to 350 bc you know they couldn't do

593

00:23:38,630 --> 00:23:36,880

so so when i found out that was true i

594

00:23:41,669 --> 00:23:38,640

thought well there's no way brewer could

595

00:23:43,269 --> 00:23:41,679

have frauded that so so i started taking

596

00:23:46,230 --> 00:23:43,279

a a different

597

00:23:47,990 --> 00:23:46,240

um light on brew the brewer cave story

598

00:23:49,830 --> 00:23:48,000

and and started tracking it down more

599

00:23:52,070 --> 00:23:49,840

earnestly and trying to figure out more

600

00:23:54,789 --> 00:23:52,080

about it

601
00:23:56,390 --> 00:23:54,799
man that is amazing and for listeners

602
00:23:57,830 --> 00:23:56,400
that aren't familiar with the legend of

603
00:24:00,630 --> 00:23:57,840
brewer's cave

604
00:24:02,710 --> 00:24:00,640
it's a cave where mr brewer who was not

605
00:24:04,390 --> 00:24:02,720
a man known to lie him and his son if

606
00:24:07,350 --> 00:24:04,400
i'm not mistaken

607
00:24:09,350 --> 00:24:07,360
they found basically an ancient burial

608
00:24:11,750 --> 00:24:09,360
site with uh

609
00:24:13,750 --> 00:24:11,760
two mummies which were of such great

610
00:24:14,870 --> 00:24:13,760
size that they were giants

611
00:24:15,830 --> 00:24:14,880
and

612
00:24:19,750 --> 00:24:15,840
you know

613
00:24:22,870 --> 00:24:19,760

the drawings and the the recollection

614

00:24:24,630 --> 00:24:22,880

of this legend is i mean it it's got

615

00:24:26,870 --> 00:24:24,640

it's got the this

616

00:24:29,590 --> 00:24:26,880

this red-headed giant thing written all

617

00:24:36,149 --> 00:24:33,029

so the the man was uh she's eight foot

618

00:24:38,870 --> 00:24:36,159

seven had red hair red beard and had a

619

00:24:43,590 --> 00:24:38,880

crown of gold the breastplate on a a

620

00:24:46,630 --> 00:24:43,600

huge sword you know uh um with all these

621

00:24:49,190 --> 00:24:46,640

mysterious characters and the woman was

622

00:24:51,510 --> 00:24:49,200

uh seven foot six or seven foot eight

623

00:24:54,310 --> 00:24:51,520

and blonde hair with a breast plate and

624

00:24:56,390 --> 00:24:54,320

some kind of a crown and and all these

625

00:24:59,590 --> 00:24:56,400

ancient characters on and they was in

626

00:25:01,350 --> 00:24:59,600

these stone sarcophagus so heavy that he

627

00:25:03,909 --> 00:25:01,360

couldn't lift him up he had to get a

628

00:25:05,909 --> 00:25:03,919

handyman jack and and kind of get it

629

00:25:07,909 --> 00:25:05,919

under there and lift it off with a slide

630

00:25:11,590 --> 00:25:07,919

it off using the handyman jack to kind

631

00:25:12,390 --> 00:25:11,600

of to to lift the lid off

632

00:25:16,070 --> 00:25:12,400

so

633

00:25:18,549 --> 00:25:16,080

yeah that's an amazing story uh but

634

00:25:21,110 --> 00:25:18,559

still you know it's just just a story

635

00:25:23,350 --> 00:25:21,120

you know i've i've validated that the

636

00:25:25,190 --> 00:25:23,360

bark at least the bark was ancient that

637

00:25:27,430 --> 00:25:25,200

was wrapped around one of these stone

638

00:25:29,510 --> 00:25:27,440

boxes that had you know this cave was

639

00:25:32,230 --> 00:25:29,520

filled with these stone boxes with these

640

00:25:34,870 --> 00:25:32,240

ancient records in them i validated the

641

00:25:36,630 --> 00:25:34,880

the bark you know but still it's just a

642

00:25:39,430 --> 00:25:36,640

story until we can find this place to

643

00:25:41,430 --> 00:25:39,440

get in and validate that there really is

644

00:25:43,990 --> 00:25:41,440

you know giant mummies and whatnot and

645

00:25:46,070 --> 00:25:44,000

and that's been what i've been working

646

00:25:48,390 --> 00:25:46,080

on but it's it's it's easier said and

647

00:25:51,110 --> 00:25:48,400

done because you're you got to kind of

648

00:25:53,750 --> 00:25:51,120

battle the government for for trying to

649

00:25:56,870 --> 00:25:53,760

to get in and work on places you know

650

00:25:59,029 --> 00:25:56,880

and and it's just not an easy task it's

651
00:26:02,149 --> 00:25:59,039
just not like you're gonna go in there

652
00:26:04,470 --> 00:26:02,159
and find it and do things i i have a

653
00:26:06,470 --> 00:26:04,480
sneaking suspicion where it's at you

654
00:26:08,870 --> 00:26:06,480
know i validated everything and

655
00:26:10,789 --> 00:26:08,880
everything lines up but uh you know

656
00:26:12,710 --> 00:26:10,799
until i can try and get the the

657
00:26:14,710 --> 00:26:12,720
permission you know i can't just go in

658
00:26:17,190 --> 00:26:14,720
there and start digging up i i'm not

659
00:26:19,269 --> 00:26:17,200
going in there to to to pillage and loot

660
00:26:21,590 --> 00:26:19,279
the thing i i want this i want the

661
00:26:24,149 --> 00:26:21,600
archaeologists in there i want a video

662
00:26:25,909 --> 00:26:24,159
documented and released on youtube or to

663
00:26:28,789 --> 00:26:25,919

the whole world so everybody knows so

664

00:26:31,269 --> 00:26:28,799

this thing doesn't get hidden up or you

665

00:26:32,390 --> 00:26:31,279

know so it's just not an easy thing to

666

00:26:34,149 --> 00:26:32,400

do

667

00:26:35,830 --> 00:26:34,159

and you're not kidding you got to be

668

00:26:37,909 --> 00:26:35,840

real careful

669

00:26:41,029 --> 00:26:37,919

stepping foot into some of these areas i

670

00:26:44,390 --> 00:26:41,039

mean just recently in

671

00:26:46,950 --> 00:26:44,400

this month july 19th i believe

672

00:26:49,669 --> 00:26:46,960

a ute tribal officer shot two people

673

00:26:52,230 --> 00:26:49,679

after a utv incident they were

674

00:26:53,990 --> 00:26:52,240

up around the big springs area there in

675

00:26:56,230 --> 00:26:54,000

duchesne county and

676
00:26:57,750 --> 00:26:56,240
they were most likely in an area they

677
00:27:01,510 --> 00:26:57,760
shouldn't have been in

678
00:27:03,510 --> 00:27:01,520
and uh there's long been legends of uh

679
00:27:05,909 --> 00:27:03,520
of basically staying out of some of

680
00:27:09,029 --> 00:27:05,919
these areas and white rocks and in

681
00:27:11,029 --> 00:27:09,039
duchesne county and in muenta county and

682
00:27:14,149 --> 00:27:11,039
even though the the story of what

683
00:27:16,789 --> 00:27:14,159
happened still isn't clear we do know

684
00:27:18,230 --> 00:27:16,799
that a ute tribal officer uh for

685
00:27:20,149 --> 00:27:18,240
whatever reason

686
00:27:23,029 --> 00:27:20,159
shot two people that were up there kind

687
00:27:25,350 --> 00:27:23,039
of cruising around on atvs that's all we

688
00:27:27,750 --> 00:27:25,360

really know but you're not kidding you

689

00:27:29,909 --> 00:27:27,760

have to really unlock through the

690

00:27:31,909 --> 00:27:29,919

correct pathways

691

00:27:34,389 --> 00:27:31,919

permission and access to some of these

692

00:27:36,710 --> 00:27:34,399

areas and getting back to the cave thing

693

00:27:38,950 --> 00:27:36,720

terry you've done amazing work with uh

694

00:27:41,510 --> 00:27:38,960

brewer's cave and i wanted to also

695

00:27:42,870 --> 00:27:41,520

mention the lovelock cave can you tell

696

00:27:45,830 --> 00:27:42,880

listeners a little bit about the

697

00:27:51,110 --> 00:27:48,870

so the lovelock cave is kind of the

698

00:27:53,190 --> 00:27:51,120

not the same story but it's it's uh you

699

00:27:55,430 --> 00:27:53,200

know the paiutes claimed that the the

700

00:27:56,870 --> 00:27:55,440

giants there were were you know killing

701
00:27:58,630 --> 00:27:56,880
their people and eating them and they

702
00:28:00,230 --> 00:27:58,640
got tired of that so they all banded

703
00:28:01,990 --> 00:28:00,240
together and went and

704
00:28:04,870 --> 00:28:02,000
started hunting these giants down ran

705
00:28:06,789 --> 00:28:04,880
them into a cave and then uh they they

706
00:28:08,870 --> 00:28:06,799
they uh built a big fire in front of

707
00:28:10,630 --> 00:28:08,880
this cave and then smoked them out and

708
00:28:12,389 --> 00:28:10,640
and they they all died in there and then

709
00:28:14,389 --> 00:28:12,399
over the eons of time you know their

710
00:28:16,630 --> 00:28:14,399
bodies was covered with black guano and

711
00:28:18,310 --> 00:28:16,640
dirt and whatnot and anyways they went

712
00:28:20,710 --> 00:28:18,320
in and found some of these giants when

713
00:28:23,590 --> 00:28:20,720

they was uh digging for the bat guano

714

00:28:24,950 --> 00:28:23,600

for fertilizer and stuff but um it was

715

00:28:27,190 --> 00:28:24,960

put into a

716

00:28:28,389 --> 00:28:27,200

uh one of the museums there in

717

00:28:31,430 --> 00:28:28,399

winnemucca

718

00:28:33,269 --> 00:28:31,440

and uh um you know people could display

719

00:28:35,029 --> 00:28:33,279

look at the display of the giant skulls

720

00:28:37,510 --> 00:28:35,039

and people talk about it the old-timers

721

00:28:39,510 --> 00:28:37,520

talk about it but you go in there today

722

00:28:42,070 --> 00:28:39,520

and and they'd be

723

00:28:44,470 --> 00:28:42,080

that that uh there was ever any giants

724

00:28:46,310 --> 00:28:44,480

that uh you know just people's big

725

00:28:48,510 --> 00:28:46,320

figment of their imagination that the

726

00:28:50,870 --> 00:28:48,520

newspaper articles were just uh

727

00:28:52,389 --> 00:28:50,880

sensationalized newspaper articles to

728

00:28:55,990 --> 00:28:52,399

get you know

729

00:28:58,630 --> 00:28:56,000

uh better uh subscriber readership you

730

00:29:01,029 --> 00:28:58,640

know and and that it was all all hogwash

731

00:29:03,669 --> 00:29:01,039

but you you get back to to what's

732

00:29:07,669 --> 00:29:03,679

happened here and then because of nagpra

733

00:29:09,430 --> 00:29:07,679

and and whatnot the the uh uh

734

00:29:11,110 --> 00:29:09,440

anybody that takes money from the

735

00:29:13,350 --> 00:29:11,120

government to help you know for the

736

00:29:15,830 --> 00:29:13,360

museum or whatnot they got full control

737

00:29:18,070 --> 00:29:15,840

of of what they say and what they do and

738

00:29:21,190 --> 00:29:18,080

and and even part of a good example of

739

00:29:23,669 --> 00:29:21,200

that is is the uh the uh the lead

740

00:29:26,070 --> 00:29:23,679

crosses found in the tucson area the

741

00:29:28,070 --> 00:29:26,080

roman led crosses you know i was

742

00:29:31,510 --> 00:29:28,080

researching that and the guy who found

743

00:29:34,149 --> 00:29:31,520

it in the in in the 1920s

744

00:29:36,470 --> 00:29:34,159

you know he he brought the university

745

00:29:38,310 --> 00:29:36,480

out there from arizona and they found

746

00:29:41,269 --> 00:29:38,320

some of these artifacts themselves into

747

00:29:43,350 --> 00:29:41,279

caliche but later after the smithsonian

748

00:29:45,350 --> 00:29:43,360

got involved they they reversed their

749

00:29:47,590 --> 00:29:45,360

thing and saying it could have been a it

750

00:29:49,909 --> 00:29:47,600

was probably a fraud and whatnot but

751

00:29:51,350 --> 00:29:49,919

they dug it out of calichi themselves

752

00:29:54,310 --> 00:29:51,360

and and so

753

00:29:55,669 --> 00:29:54,320

um when this guy passed on he he no way

754

00:29:57,909 --> 00:29:55,679

that he'd want this to go to the

755

00:30:00,389 --> 00:29:57,919

universities because they was help doing

756

00:30:02,870 --> 00:30:00,399

the cover-up after the the smithsonian

757

00:30:05,350 --> 00:30:02,880

got involved so when he did finally pass

758

00:30:07,669 --> 00:30:05,360

on they gave it all his stuff to a a

759

00:30:09,510 --> 00:30:07,679

private group there the the historical

760

00:30:11,590 --> 00:30:09,520

society well the state took over the

761

00:30:13,909 --> 00:30:11,600

historical society and when i went in

762

00:30:16,389 --> 00:30:13,919

there to start doing some research on

763

00:30:19,269 --> 00:30:16,399

that they says any articles or any

764

00:30:21,430 --> 00:30:19,279

anything i'd i posted or anything i did

765

00:30:23,430 --> 00:30:21,440

had to be saying that it was false it

766

00:30:25,190 --> 00:30:23,440

wasn't a real thing there was really no

767

00:30:26,870 --> 00:30:25,200

lead led uh

768

00:30:29,430 --> 00:30:26,880

roman roman

769

00:30:32,230 --> 00:30:29,440

swords and artifacts found there was all

770

00:30:34,149 --> 00:30:32,240

a fraud you know they just demanded you

771

00:30:36,549 --> 00:30:34,159

know and so um

772

00:30:39,190 --> 00:30:36,559

it's just crazy of how things are swept

773

00:30:41,190 --> 00:30:39,200

under the rug how things and why who

774

00:30:43,830 --> 00:30:41,200

cares if there's giants what's the big

775

00:30:45,990 --> 00:30:43,840

deal why who cares

776
00:30:47,750 --> 00:30:46,000
you hit on something that's so important

777
00:30:49,590 --> 00:30:47,760
when it comes to sweeping things under

778
00:30:53,269 --> 00:30:49,600
the rug and the government getting

779
00:30:56,470 --> 00:30:53,279
involved and giants and that is um heck

780
00:30:58,470 --> 00:30:56,480
on coast to coast uh stephen quayle

781
00:31:00,870 --> 00:30:58,480
reported on an occurrence which is still

782
00:31:03,430 --> 00:31:00,880
classified by the u.s government where a

783
00:31:06,950 --> 00:31:03,440
special ops task force in the

784
00:31:10,310 --> 00:31:06,960
remote kandahar mountains of afghanistan

785
00:31:12,149 --> 00:31:10,320
came across a red-headed giant and

786
00:31:14,310 --> 00:31:12,159
according to the story

787
00:31:17,430 --> 00:31:14,320
they saw pieces of broken equipment

788
00:31:19,269 --> 00:31:17,440

outside the the cave and then at 12 to

789

00:31:21,830 --> 00:31:19,279

15 foot tall

790

00:31:25,190 --> 00:31:21,840

red-headed six-digit double-tooth

791

00:31:27,750 --> 00:31:25,200

humanoid emerged and attacked them and

792

00:31:30,149 --> 00:31:27,760

uh long story short they they ended up

793

00:31:31,669 --> 00:31:30,159

winning the battle but upon their return

794

00:31:33,830 --> 00:31:31,679

the soldiers were made to sign

795

00:31:35,990 --> 00:31:33,840

non-disclosure paperwork

796

00:31:36,950 --> 00:31:36,000

and the witness that came forward to

797

00:31:38,549 --> 00:31:36,960

steve

798

00:31:40,710 --> 00:31:38,559

said that he broke his silence because

799

00:31:43,029 --> 00:31:40,720

people have the right to know and there

800

00:31:46,310 --> 00:31:43,039

does seem to be this uh

801

00:31:48,230 --> 00:31:46,320

this effective very effective

802

00:31:49,909 --> 00:31:48,240

non-disclosure agreement that seems to

803

00:31:52,230 --> 00:31:49,919

be signed by people in the government

804

00:31:53,269 --> 00:31:52,240

when it comes to giants so there is

805

00:31:55,509 --> 00:31:53,279

something

806

00:31:58,389 --> 00:31:55,519

to them sweeping this stuff under the

807

00:32:00,789 --> 00:31:58,399

rug and i'm not quite sure what it is

808

00:32:04,389 --> 00:32:00,799

i i gotta agree with it it baffles me

809

00:32:06,630 --> 00:32:04,399

what what's the big deal who cares

810

00:32:08,789 --> 00:32:06,640

but but because it's swept under the rig

811

00:32:11,190 --> 00:32:08,799

rug you know because it's out of place

812

00:32:12,950 --> 00:32:11,200

archaeology stuff like that fascinates

813

00:32:15,190 --> 00:32:12,960

me and makes me want to dig a little bit

814

00:32:17,830 --> 00:32:15,200

harder to find out what is the truth why

815

00:32:19,669 --> 00:32:17,840

is this stuff being hidden you know

816

00:32:21,430 --> 00:32:19,679

this is just like the egyptians in the

817

00:32:24,149 --> 00:32:21,440

grand canyon you know what what does

818

00:32:25,990 --> 00:32:24,159

that matter big deal

819

00:32:28,710 --> 00:32:26,000

that's another one that a lot of people

820

00:32:30,389 --> 00:32:28,720

don't know about is uh kincaid can you

821

00:32:31,990 --> 00:32:30,399

tell our listeners i know that you know

822

00:32:33,430 --> 00:32:32,000

more about it than i do can you tell

823

00:32:35,750 --> 00:32:33,440

them a little bit about some of the

824

00:32:38,630 --> 00:32:35,760

histories which and mysteries that might

825

00:32:42,630 --> 00:32:38,640

be hidden in the grand canyon

826

00:32:45,590 --> 00:32:42,640

so so uh down the grand canyon pal

827

00:32:48,149 --> 00:32:45,600

um who's over the smithsonian went down

828

00:32:51,590 --> 00:32:48,159

there and they found kincaid found these

829

00:32:54,070 --> 00:32:51,600

these caverns um that that was clear

830

00:32:55,830 --> 00:32:54,080

full they says man 50 000 people could

831

00:32:58,630 --> 00:32:55,840

have lived in these caverns it was clear

832

00:33:01,509 --> 00:32:58,640

full of egyptian or oriental type

833

00:33:04,549 --> 00:33:01,519

artifacts you know statues and columns

834

00:33:07,830 --> 00:33:04,559

and and and just like in egypt you know

835

00:33:11,350 --> 00:33:07,840

all these uh things carved in the walls

836

00:33:13,269 --> 00:33:11,360

and uh all of a sudden they they they uh

837

00:33:15,190 --> 00:33:13,279

close the canyon down nobody can go

838

00:33:17,350 --> 00:33:15,200

hiking in these areas anymore they've

839

00:33:19,430 --> 00:33:17,360

named the names of all the area with

840

00:33:22,149 --> 00:33:19,440

egyptian names but you or i can't go

841

00:33:25,190 --> 00:33:22,159

there if people that do try to go there

842

00:33:27,990 --> 00:33:25,200

are buzzed by airplanes or helicopters

843

00:33:30,389 --> 00:33:28,000

and and and uh you know

844

00:33:32,149 --> 00:33:30,399

and again you know why you know and how

845

00:33:35,350 --> 00:33:32,159

we found out about it was it was a

846

00:33:37,430 --> 00:33:35,360

newspaper article in 1907

847

00:33:38,389 --> 00:33:37,440

1906 something like that in the phoenix

848

00:33:40,230 --> 00:33:38,399

gazette

849

00:33:42,710 --> 00:33:40,240

talking about this but then again they

850

00:33:44,389 --> 00:33:42,720

just say that sensationalized newspaper

851
00:33:46,070 --> 00:33:44,399
reporting it didn't really happen that

852
00:33:47,990 --> 00:33:46,080
was just to get the readership up you

853
00:33:50,630 --> 00:33:48,000
know but there's been some interesting

854
00:33:53,029 --> 00:33:50,640
things found there uh

855
00:33:53,830 --> 00:33:53,039
i interviewed a person that that uh

856
00:33:57,029 --> 00:33:53,840
their

857
00:33:59,509 --> 00:33:57,039
father was given a a stone with with

858
00:34:01,430 --> 00:33:59,519
cuneiform writing on it uh that was

859
00:34:03,590 --> 00:34:01,440
found near the grand canyon area and

860
00:34:05,590 --> 00:34:03,600
then and it was a wyatt earth that found

861
00:34:06,549 --> 00:34:05,600
the stone and gave it to their father

862
00:34:07,509 --> 00:34:06,559
and then

863
00:34:09,669 --> 00:34:07,519

i've

864

00:34:12,470 --> 00:34:09,679

found i had a friend

865

00:34:15,109 --> 00:34:12,480

who was uh down in in lake powell and

866

00:34:16,869 --> 00:34:15,119

and this one the lake was way high they

867

00:34:19,589 --> 00:34:16,879

went hiking around and found these

868

00:34:21,270 --> 00:34:19,599

egyptian uh um hieroglyphs down there at

869

00:34:23,750 --> 00:34:21,280

lake powell and i went looking for him

870

00:34:26,069 --> 00:34:23,760

and i was unsuccessful but i found

871

00:34:27,909 --> 00:34:26,079

another girl who found another set of

872

00:34:30,149 --> 00:34:27,919

the exact same type of egyptian

873

00:34:33,109 --> 00:34:30,159

hieroglyphs 30 miles away from the ones

874

00:34:34,950 --> 00:34:33,119

i was searching for and so you know

875

00:34:37,030 --> 00:34:34,960

something went on and that's the grand

876

00:34:38,869 --> 00:34:37,040

canyon that's that's you know formed by

877

00:34:40,790 --> 00:34:38,879

the colorado river and lake powell's

878

00:34:44,389 --> 00:34:40,800

made out of the colorado river it's the

879

00:34:46,389 --> 00:34:44,399

same waterfall as flowers as where you

880

00:34:50,550 --> 00:34:46,399

know the the egyptians in the grand

881

00:34:52,869 --> 00:34:50,560

canyon were man and that is no joke when

882

00:34:56,310 --> 00:34:52,879

you go to the grand canyon i i recently

883

00:34:59,030 --> 00:34:56,320

went with my family and i was blown away

884

00:35:01,190 --> 00:34:59,040

by the fact of how secure it is up there

885

00:35:02,790 --> 00:35:01,200

on that rim they don't want any drones

886

00:35:05,349 --> 00:35:02,800

flown they don't want you looking in

887

00:35:07,109 --> 00:35:05,359

certain parts of it as you said

888

00:35:10,230 --> 00:35:07,119

and um

889

00:35:13,109 --> 00:35:10,240

i i recently saw some some interesting

890

00:35:15,510 --> 00:35:13,119

stuff out of uh channel 4 in utah where

891

00:35:17,349 --> 00:35:15,520

historians this is an older thing but

892

00:35:19,589 --> 00:35:17,359

historians say one of the richest

893

00:35:22,870 --> 00:35:19,599

possible caches of gold

894

00:35:25,430 --> 00:35:22,880

is hidden in southern utah and it's also

895

00:35:29,030 --> 00:35:25,440

buried in caverns i mean these these

896

00:35:31,589 --> 00:35:29,040

natural caverns exist in utah and

897

00:35:33,589 --> 00:35:31,599

hundreds of people have claimed to have

898

00:35:35,510 --> 00:35:33,599

seen entrances and then they can't find

899

00:35:37,510 --> 00:35:35,520

them again and many claim that it might

900

00:35:40,950 --> 00:35:37,520

be montezuma's treasure in some of these

901
00:35:42,069 --> 00:35:40,960
locations there's a legitimate history

902
00:35:44,710 --> 00:35:42,079
that uh

903
00:35:47,510 --> 00:35:44,720
really leads us to believe that there's

904
00:35:51,430 --> 00:35:47,520
multiple as you said caches of treasure

905
00:35:53,910 --> 00:35:51,440
in utah and they're scattered all about

906
00:35:55,750 --> 00:35:53,920
yep all throughout utah there's it's an

907
00:35:57,750 --> 00:35:55,760
interesting place you know there's all

908
00:36:00,470 --> 00:35:57,760
kinds of stories from from different

909
00:36:03,750 --> 00:36:00,480
eras you know from the uenos down to by

910
00:36:06,870 --> 00:36:03,760
the grand canyon all all over the place

911
00:36:10,230 --> 00:36:06,880
it is and and the other thing is just

912
00:36:12,470 --> 00:36:10,240
the amount of as you said research

913
00:36:15,190 --> 00:36:12,480

that's been done by utahns

914

00:36:17,349 --> 00:36:15,200

and they utans you gotta hand it to them

915

00:36:20,710 --> 00:36:17,359

they keep amazing records people like

916

00:36:23,670 --> 00:36:20,720

yourself are talking to people that have

917

00:36:24,829 --> 00:36:23,680

maps that have history that have

918

00:36:27,270 --> 00:36:24,839

personal

919

00:36:29,589 --> 00:36:27,280

experiences and uh some of these

920

00:36:31,190 --> 00:36:29,599

experiences aren't just treasure related

921

00:36:32,870 --> 00:36:31,200

sometimes they get a little weird don't

922

00:36:35,109 --> 00:36:32,880

they have you run into some paranormal

923

00:36:37,829 --> 00:36:35,119

stuff

924

00:36:39,750 --> 00:36:37,839

man i've uh you know i had a i didn't

925

00:36:42,230 --> 00:36:39,760

believe in this paranormal stuff you

926
00:36:44,870 --> 00:36:42,240
know i thought it was hogwash i thought

927
00:36:47,910 --> 00:36:44,880
over active imaginations or something

928
00:36:50,310 --> 00:36:47,920
but i was i was at the uh

929
00:36:52,790 --> 00:36:50,320
superstition mountains i went to the to

930
00:36:55,829 --> 00:36:52,800
the museum there the the lost dutchman

931
00:36:58,710 --> 00:36:55,839
museum i've been there the the guys that

932
00:37:00,310 --> 00:36:58,720
uh put on the the dutch hunters

933
00:37:02,150 --> 00:37:00,320
rendezvous invited me down to their

934
00:37:04,550 --> 00:37:02,160
rendezvous and they gave me free tickets

935
00:37:05,670 --> 00:37:04,560
to the museum so i was down there

936
00:37:07,270 --> 00:37:05,680
and i

937
00:37:08,870 --> 00:37:07,280
i was done looking

938
00:37:10,790 --> 00:37:08,880

through the museum and i was leaving and

939

00:37:12,790 --> 00:37:10,800

this older gentleman stopped me and he

940

00:37:15,190 --> 00:37:12,800

says he says where are you from young

941

00:37:17,030 --> 00:37:15,200

man and and he had a name tag on like he

942

00:37:19,589 --> 00:37:17,040

worked there and at the time i was

943

00:37:21,910 --> 00:37:19,599

working on a power plant in wyoming so i

944

00:37:23,750 --> 00:37:21,920

was living in the weekdays in wyoming

945

00:37:25,990 --> 00:37:23,760

but you know back home in utah on the

946

00:37:28,310 --> 00:37:26,000

weekends and so i told them well i says

947

00:37:31,190 --> 00:37:28,320

on the week weekdays i'm i live in

948

00:37:33,430 --> 00:37:31,200

wyoming weekends i live in utah and i

949

00:37:36,230 --> 00:37:33,440

says where are you from and and he told

950

00:37:38,150 --> 00:37:36,240

me well first he says well yeah then i

951

00:37:39,990 --> 00:37:38,160

uh i lived in wyoming i worked on all

952

00:37:41,589 --> 00:37:40,000

them power plants and he named all them

953

00:37:43,589 --> 00:37:41,599

power plants including the one i was

954

00:37:45,670 --> 00:37:43,599

working on so i thought i'm thinking to

955

00:37:47,990 --> 00:37:45,680

myself well this guy must be out here

956

00:37:49,750 --> 00:37:48,000

looking for the lost dutchman's mind and

957

00:37:51,270 --> 00:37:49,760

and because my youtube channel i'm

958

00:37:52,390 --> 00:37:51,280

thinking i'm always looking for a new

959

00:37:54,630 --> 00:37:52,400

story and i'm thinking well he might

960

00:37:56,230 --> 00:37:54,640

have a great story you know so i asked

961

00:37:58,550 --> 00:37:56,240

him i said well you must be out here

962

00:38:00,790 --> 00:37:58,560

looking for the lost dutchman

963

00:38:03,270 --> 00:38:00,800

uh mine or else you you know being from

964

00:38:05,030 --> 00:38:03,280

wyoming he says well you know i have

965

00:38:07,109 --> 00:38:05,040

been looking but i came out here because

966

00:38:08,710 --> 00:38:07,119

of the climate but i have been looking

967

00:38:11,270 --> 00:38:08,720

for a little bit but more than anything

968

00:38:12,950 --> 00:38:11,280

is the history and i says well tell me

969

00:38:14,310 --> 00:38:12,960

tell me a great story you know i didn't

970

00:38:16,069 --> 00:38:14,320

tell him i had a youtube channel or

971

00:38:18,230 --> 00:38:16,079

anything i thought oh he's got a great

972

00:38:20,870 --> 00:38:18,240

story then i'll try and see if i can get

973

00:38:23,750 --> 00:38:20,880

it recorded anyways he starts telling me

974

00:38:27,109 --> 00:38:23,760

this story um how he wanted to see these

975

00:38:30,710 --> 00:38:28,550

coke ovens

976

00:38:32,550 --> 00:38:30,720

that the pioneers built

977

00:38:34,630 --> 00:38:32,560

and then on the mountain behind it there

978

00:38:35,990 --> 00:38:34,640

was supposed to be a heart on the on on

979

00:38:38,390 --> 00:38:36,000

the mountain behind it and he thought

980

00:38:41,030 --> 00:38:38,400

that had to do with watched uh dutchman

981

00:38:42,870 --> 00:38:41,040

mine somehow and and he finally found

982

00:38:44,950 --> 00:38:42,880

somebody who who could take him out

983

00:38:47,670 --> 00:38:44,960

there and it just so happened the person

984

00:38:49,270 --> 00:38:47,680

that that was taking him out there

985

00:38:52,069 --> 00:38:49,280

i knew i just met him at this dutch

986

00:38:54,550 --> 00:38:52,079

hunter's rendezvous and uh anyways they

987

00:38:56,870 --> 00:38:54,560

get they get uh clear out there they go

988

00:38:58,870 --> 00:38:56,880

to the coke ovens they they that the

989

00:39:01,030 --> 00:38:58,880

pioneers made they seem these and then

990

00:39:03,670 --> 00:39:01,040

they're coming out they're 10 miles back

991

00:39:06,630 --> 00:39:03,680

in it's the middle of july and they they

992

00:39:08,390 --> 00:39:06,640

get a flat tire and then he so

993

00:39:10,150 --> 00:39:08,400

they change it and they go some more and

994

00:39:11,910 --> 00:39:10,160

they get he gets another flat tire he

995

00:39:13,109 --> 00:39:11,920

doesn't have another spare and so he's

996

00:39:15,510 --> 00:39:13,119

riding on the rim and then he gets

997

00:39:17,109 --> 00:39:15,520

another flat tire so now he's riding on

998

00:39:18,870 --> 00:39:17,119

two rims

999

00:39:21,190 --> 00:39:18,880

and they had to go down and up this big

1000

00:39:23,910 --> 00:39:21,200

wash and they got stuck and he told me

1001
00:39:25,829 --> 00:39:23,920
this big long story in detail they ended

1002
00:39:27,270 --> 00:39:25,839
up having to hike out

1003
00:39:29,349 --> 00:39:27,280
in the middle of the night all night

1004
00:39:30,870 --> 00:39:29,359
long they was hiking out and and finally

1005
00:39:32,710 --> 00:39:30,880
in the early in the morning they heard

1006
00:39:34,550 --> 00:39:32,720
this noise up on this bluff they hike up

1007
00:39:36,790 --> 00:39:34,560
there and there's a road up there in a

1008
00:39:38,390 --> 00:39:36,800
motor home with an older couple in there

1009
00:39:40,310 --> 00:39:38,400
they feed in brexit take them back to

1010
00:39:41,910 --> 00:39:40,320
town they get their buddy get new tires

1011
00:39:43,829 --> 00:39:41,920
go out and get their jeep that was in

1012
00:39:45,270 --> 00:39:43,839
the story it was great story but not one

1013
00:39:47,270 --> 00:39:45,280

i thought would be great for putting on

1014

00:39:49,589 --> 00:39:47,280

my youtube channel i wished i'd have

1015

00:39:54,470 --> 00:39:49,599

recorded that ryan

1016

00:40:00,069 --> 00:39:58,069

four months later um i had a guy contact

1017

00:40:02,470 --> 00:40:00,079

me and tell me that him and his buddy

1018

00:40:05,109 --> 00:40:02,480

was out by the gila river and they was

1019

00:40:06,630 --> 00:40:05,119

miles and miles miles away from any road

1020

00:40:09,589 --> 00:40:06,640

and they was doing donuts with their

1021

00:40:11,990 --> 00:40:09,599

motorcycles uh by the river in the sand

1022

00:40:14,230 --> 00:40:12,000

there and one of them flipped up this

1023

00:40:16,150 --> 00:40:14,240

old necklace and it looked like old like

1024

00:40:17,990 --> 00:40:16,160

an old egyptian necklace

1025

00:40:19,910 --> 00:40:18,000

and that caught my attention because you

1026
00:40:22,710 --> 00:40:19,920
know the egyptians in the grand canyon

1027
00:40:25,510 --> 00:40:22,720
and and i thought man that's

1028
00:40:27,750 --> 00:40:25,520
all the the the possibility that the

1029
00:40:29,510 --> 00:40:27,760
invernal there and dry fort mccaughey's

1030
00:40:32,950 --> 00:40:29,520
ranch them things look like they could

1031
00:40:35,109 --> 00:40:32,960
be egyptian or aztec you know so so i i

1032
00:40:37,430 --> 00:40:35,119
went to this uh salvador who knew all

1033
00:40:39,510 --> 00:40:37,440
the treasure hunters there in in

1034
00:40:41,349 --> 00:40:39,520
in the superstition mountains he knew

1035
00:40:43,910 --> 00:40:41,359
all the legends he knows everything that

1036
00:40:46,390 --> 00:40:43,920
was going on i said salvador you know uh

1037
00:40:48,710 --> 00:40:46,400
you know uh if there's been any egyptian

1038
00:40:50,790 --> 00:40:48,720

artifacts found around here

1039

00:40:53,589 --> 00:40:50,800

he says well there's this one guy

1040

00:40:56,710 --> 00:40:53,599

who found a cavern clear full

1041

00:40:58,710 --> 00:40:56,720

of either egyptian or oriental artifacts

1042

00:41:00,710 --> 00:40:58,720

he says i don't know exactly where the

1043

00:41:01,750 --> 00:41:00,720

cavern is but i know the area come on

1044

00:41:03,589 --> 00:41:01,760

let's go

1045

00:41:05,670 --> 00:41:03,599

so we're going clear out there in the

1046

00:41:07,829 --> 00:41:05,680

middle of nowhere and he says stop stop

1047

00:41:09,270 --> 00:41:07,839

terry and so i stopped and he says look

1048

00:41:11,349 --> 00:41:09,280

right over there against that mountain

1049

00:41:13,349 --> 00:41:11,359

over there over there he says there's

1050

00:41:15,109 --> 00:41:13,359

see that's the coke ovens that

1051

00:41:16,630 --> 00:41:15,119

that the pioneers made and there's a

1052

00:41:19,270 --> 00:41:16,640

heart on the mountain above it and then

1053

00:41:21,349 --> 00:41:19,280

and then it dawned on me that that uh

1054

00:41:23,109 --> 00:41:21,359

you know this is a story that that guy

1055

00:41:24,710 --> 00:41:23,119

was telling me and salvador's the one

1056

00:41:27,349 --> 00:41:24,720

that took him out there and got stuck

1057

00:41:29,030 --> 00:41:27,359

you know and i says hey i met your buddy

1058

00:41:31,030 --> 00:41:29,040

he's telling me how you guys came out

1059

00:41:32,710 --> 00:41:31,040

here and then you got three flat tires

1060

00:41:34,950 --> 00:41:32,720

and got stuck and had the high couch he

1061

00:41:37,349 --> 00:41:34,960

says oh yeah that's jim hatton and yeah

1062

00:41:39,190 --> 00:41:37,359

he'd say this and and i'd say yeah jim

1063

00:41:41,430 --> 00:41:39,200

told me that and this and he says yeah

1064

00:41:43,510 --> 00:41:41,440

that happened this anyways went back and

1065

00:41:45,270 --> 00:41:43,520

forth and i said yeah i met your buddy

1066

00:41:47,030 --> 00:41:45,280

three four months ago and he looks at me

1067

00:41:48,390 --> 00:41:47,040

kind of funny he says you couldn't have

1068

00:41:50,550 --> 00:41:48,400

i said what do you mean i couldn't have

1069

00:41:52,150 --> 00:41:50,560

he says you must have met somebody who

1070

00:41:54,470 --> 00:41:52,160

jim told this story to and then they're

1071

00:41:56,470 --> 00:41:54,480

telling you is it is it's their story

1072

00:41:57,349 --> 00:41:56,480

because jim's been dead for eight to ten

1073

00:41:58,790 --> 00:41:57,359

years

1074

00:42:00,630 --> 00:41:58,800

yeah i thought

1075

00:42:04,069 --> 00:42:00,640

i thought no way

1076
00:42:06,550 --> 00:42:04,079
you know i i you know because this guy

1077
00:42:09,589 --> 00:42:06,560
told me indeed he was reliving this

1078
00:42:12,150 --> 00:42:09,599
story to me and i'm thinking

1079
00:42:14,069 --> 00:42:12,160
my mind started racing and and the only

1080
00:42:16,230 --> 00:42:14,079
thing i could come up with was that

1081
00:42:18,230 --> 00:42:16,240
salvador's wrong he thinks jim's dead

1082
00:42:19,750 --> 00:42:18,240
but he's really not because this guy did

1083
00:42:22,150 --> 00:42:19,760
not look dead to me you know i was

1084
00:42:23,829 --> 00:42:22,160
talking to him just face to face for a

1085
00:42:26,309 --> 00:42:23,839
half hour i

1086
00:42:28,470 --> 00:42:26,319
carried on a conversation with this guy

1087
00:42:29,990 --> 00:42:28,480
so anyways i i

1088
00:42:32,309 --> 00:42:30,000

at the end of the day i went up to

1089

00:42:34,069 --> 00:42:32,319

goldfield ghost town and went there to

1090

00:42:36,550 --> 00:42:34,079

ran into bob's shoes he's the owner of

1091

00:42:38,870 --> 00:42:36,560

goldfield ghost town i says bob do you

1092

00:42:40,390 --> 00:42:38,880

know jim hat he says oh yeah terry you

1093

00:42:43,109 --> 00:42:40,400

liked him he was some kind of an

1094

00:42:45,349 --> 00:42:43,119

engineer who uh he worked on all the

1095

00:42:47,109 --> 00:42:45,359

empire plants in wyoming like you are

1096

00:42:48,870 --> 00:42:47,119

yeah you don't like them i said well bob

1097

00:42:51,030 --> 00:42:48,880

i ran into him talked to him three or

1098

00:42:52,630 --> 00:42:51,040

four months ago and he says he couldn't

1099

00:42:53,910 --> 00:42:52,640

have terry he's been dead for eight to

1100

00:42:56,790 --> 00:42:53,920

ten years

1101
00:42:58,550 --> 00:42:56,800
so now my brain is really going crazy

1102
00:43:00,069 --> 00:42:58,560
trying to remember what happened you

1103
00:43:01,030 --> 00:43:00,079
know three or four months

1104
00:43:03,430 --> 00:43:01,040
you know

1105
00:43:05,589 --> 00:43:03,440
previously trying to figure out what

1106
00:43:08,309 --> 00:43:05,599
really went on so i go back to the

1107
00:43:09,829 --> 00:43:08,319
museum i'm gonna find this guy and i go

1108
00:43:11,589 --> 00:43:09,839
there and i'm looking i can't find him

1109
00:43:14,069 --> 00:43:11,599
nowhere so i go up to the counter i said

1110
00:43:15,349 --> 00:43:14,079
jim hat around and the guy says well

1111
00:43:17,990 --> 00:43:15,359
well i uh

1112
00:43:19,670 --> 00:43:18,000
uh no jim works here i said yeah he was

1113
00:43:22,069 --> 00:43:19,680

here i met him three or four months ago

1114

00:43:23,750 --> 00:43:22,079

he had name tag on he was you know

1115

00:43:26,230 --> 00:43:23,760

well he says you know i've been here for

1116

00:43:28,069 --> 00:43:26,240

three four years and i i don't remember

1117

00:43:30,390 --> 00:43:28,079

anybody like that but we have volunteers

1118

00:43:31,589 --> 00:43:30,400

that come in and so you know maybe he's

1119

00:43:32,950 --> 00:43:31,599

one of the volunteers that i just

1120

00:43:34,230 --> 00:43:32,960

haven't met he comes in every now and

1121

00:43:35,589 --> 00:43:34,240

again he says let me go ask one of the

1122

00:43:37,109 --> 00:43:35,599

guys in the back

1123

00:43:38,950 --> 00:43:37,119

and so he goes in the back and he comes

1124

00:43:40,950 --> 00:43:38,960

back he says oh yeah jim hat he helped

1125

00:43:42,390 --> 00:43:40,960

start this museum but he's been dead for

1126

00:43:44,550 --> 00:43:42,400

eight to ten years

1127

00:43:45,829 --> 00:43:44,560

and i thought man

1128

00:43:50,630 --> 00:43:45,839

i i

1129

00:43:52,630 --> 00:43:50,640

face to face he did not look like no

1130

00:43:54,630 --> 00:43:52,640

ghost to me there was other people

1131

00:43:56,710 --> 00:43:54,640

around i'm wondering could everybody see

1132

00:43:58,230 --> 00:43:56,720

him or just me and they was avoiding

1133

00:44:00,630 --> 00:43:58,240

running into him because they see me

1134

00:44:03,510 --> 00:44:00,640

talking to myself i have no clue i wish

1135

00:44:06,069 --> 00:44:03,520

i'd have videoed that ryan oh my gosh

1136

00:44:08,390 --> 00:44:06,079

you're not kidding and these things you

1137

00:44:09,589 --> 00:44:08,400

know they tend to happen i remember a

1138

00:44:10,870 --> 00:44:09,599

story

1139

00:44:14,470 --> 00:44:10,880

that uh

1140

00:44:17,349 --> 00:44:14,480

alien dave aka dave rosenfeld told me he

1141

00:44:19,589 --> 00:44:17,359

was going up to nine mile canyon up from

1142

00:44:20,630 --> 00:44:19,599

the wellington entrance south of the

1143

00:44:22,790 --> 00:44:20,640

basin

1144

00:44:24,069 --> 00:44:22,800

and he was in this truck with other

1145

00:44:26,470 --> 00:44:24,079

people and

1146

00:44:28,630 --> 00:44:26,480

they saw it was it was wintertime and

1147

00:44:30,790 --> 00:44:28,640

blowing sideways and snow on the ground

1148

00:44:32,069 --> 00:44:30,800

and they saw a guy walking

1149

00:44:34,550 --> 00:44:32,079

you know in the middle of nowhere

1150

00:44:36,230 --> 00:44:34,560

because that that that's a long road and

1151

00:44:37,829 --> 00:44:36,240

they saw a guy walking on the side of

1152

00:44:39,910 --> 00:44:37,839

the road in a flannel shirt and they

1153

00:44:41,510 --> 00:44:39,920

drove by and they all kind of

1154

00:44:42,870 --> 00:44:41,520

kind of hesitated for a moment and

1155

00:44:44,950 --> 00:44:42,880

looked at each other and said hey we

1156

00:44:46,790 --> 00:44:44,960

better turn around that guy

1157

00:44:48,230 --> 00:44:46,800

that guy might be in trouble

1158

00:44:51,030 --> 00:44:48,240

and they turned around and there was

1159

00:44:53,589 --> 00:44:51,040

nobody there so i mean these strange

1160

00:44:55,670 --> 00:44:53,599

things do happen

1161

00:44:56,870 --> 00:44:55,680

what made me wonder you know how many

1162

00:44:58,390 --> 00:44:56,880

times that

1163

00:45:00,470 --> 00:44:58,400

happened and you don't know it i mean

1164

00:45:02,870 --> 00:45:00,480

i'd have never known if salvador hadn't

1165

00:45:04,390 --> 00:45:02,880

said stop look there's the coke ovens

1166

00:45:06,150 --> 00:45:04,400

you know that the pioneers

1167

00:45:08,390 --> 00:45:06,160

i've never even thought i didn't ever

1168

00:45:09,349 --> 00:45:08,400

give that day another thought in my mind

1169

00:45:11,670 --> 00:45:09,359

you know

1170

00:45:13,430 --> 00:45:11,680

until he said that i would have never

1171

00:45:15,349 --> 00:45:13,440

known and i think i wonder how many

1172

00:45:17,109 --> 00:45:15,359

times that's happened and you just don't

1173

00:45:20,230 --> 00:45:17,119

know

1174

00:45:22,230 --> 00:45:20,240

and as fate would have it this this is

1175

00:45:25,589 --> 00:45:22,240

you know it's strange the paranormal

1176

00:45:28,550 --> 00:45:25,599

does enter some of this and many of

1177

00:45:30,390 --> 00:45:28,560

these legends and the myths of these

1178

00:45:33,510 --> 00:45:30,400

gold reserves or

1179

00:45:35,990 --> 00:45:33,520

lost caverns usually include a curse of

1180

00:45:37,349 --> 00:45:36,000

some sort don't they

1181

00:45:39,750 --> 00:45:37,359

they always

1182

00:45:41,430 --> 00:45:39,760

uh include a curse and i always thought

1183

00:45:43,430 --> 00:45:41,440

well you know i didn't believe in the

1184

00:45:45,030 --> 00:45:43,440

curse and i always thought well i'm i

1185

00:45:46,790 --> 00:45:45,040

must not be getting close to the goal

1186

00:45:48,230 --> 00:45:46,800

because it never have been spooked away

1187

00:45:49,990 --> 00:45:48,240

yet you know i've had my mind play

1188

00:45:52,069 --> 00:45:50,000

tricks on me but it's just my mind

1189

00:45:54,630 --> 00:45:52,079

playing tricks on me but you know until

1190

00:45:56,150 --> 00:45:54,640

i i met that ghost myself you know i i

1191

00:45:57,670 --> 00:45:56,160

didn't believe in it you know now i

1192

00:46:00,309 --> 00:45:57,680

don't know what to think there's

1193

00:46:01,349 --> 00:46:00,319

something out there and it's strange

1194

00:46:03,270 --> 00:46:01,359

yeah

1195

00:46:04,870 --> 00:46:03,280

treasure hunting can be a dangerous

1196

00:46:07,670 --> 00:46:04,880

business i'll tell you

1197

00:46:10,470 --> 00:46:07,680

and uh and there's plenty of cases i

1198

00:46:13,190 --> 00:46:10,480

mean people going out not coming back

1199

00:46:16,069 --> 00:46:13,200

uh i i spoke with a close friend of mine

1200

00:46:19,109 --> 00:46:16,079

i used to fly fish with all the time

1201

00:46:20,630 --> 00:46:19,119

right in duchesne and uh you know his

1202

00:46:22,950 --> 00:46:20,640

grandfather

1203

00:46:25,030 --> 00:46:22,960

had some strange tales and he said you

1204

00:46:25,829 --> 00:46:25,040

know one day he said i'm gonna go out

1205

00:46:28,390 --> 00:46:25,839

and

1206

00:46:31,270 --> 00:46:28,400

meet up with some folks that

1207

00:46:33,670 --> 00:46:31,280

and he never came back and so

1208

00:46:36,309 --> 00:46:33,680

these unexplained issues are experienced

1209

00:46:37,990 --> 00:46:36,319

by a multitude of folks in the area

1210

00:46:39,589 --> 00:46:38,000

and um

1211

00:46:41,270 --> 00:46:39,599

something i think is really neat about

1212

00:46:45,030 --> 00:46:41,280

your personal connection to treasure

1213

00:46:47,589 --> 00:46:45,040

hunting is you've become aware as a lot

1214

00:46:49,829 --> 00:46:47,599

have not i'm not that aware of it but

1215

00:46:52,230 --> 00:46:49,839

you know what to look for in in these

1216

00:46:53,510 --> 00:46:52,240

areas there's markers and marks and

1217

00:46:54,870 --> 00:46:53,520

things that you can look for aren't

1218

00:46:56,390 --> 00:46:54,880

there that kind of lead you in the right

1219

00:46:58,470 --> 00:46:56,400

direction

1220

00:47:00,309 --> 00:46:58,480

well you know a lot of a lot of the

1221

00:47:02,470 --> 00:47:00,319

marks and that have been destroyed you

1222

00:47:04,230 --> 00:47:02,480

know um the indians destroyed them other

1223

00:47:06,150 --> 00:47:04,240

treasure hunters that didn't want other

1224

00:47:08,710 --> 00:47:06,160

treasure hunters to find them destroyed

1225

00:47:11,190 --> 00:47:08,720

them um you know the pine beetle killed

1226

00:47:12,870 --> 00:47:11,200

the the uh forest fires you know a lot

1227

00:47:14,630 --> 00:47:12,880

of these have been destroyed but if you

1228

00:47:17,109 --> 00:47:14,640

know the general area you know the

1229

00:47:18,630 --> 00:47:17,119

faults you know where where you should

1230

00:47:20,390 --> 00:47:18,640

be looking and you look for things that

1231

00:47:22,150 --> 00:47:20,400

just don't look natural you know things

1232

00:47:23,109 --> 00:47:22,160

that are caved in depressions in the

1233

00:47:25,670 --> 00:47:23,119

ground

1234

00:47:29,829 --> 00:47:25,680

um you know you just never know one time

1235

00:47:33,270 --> 00:47:29,839

um i i did see a marker alongside a a a

1236

00:47:35,270 --> 00:47:33,280

a dirt road on a tree and and so i

1237

00:47:38,630 --> 00:47:35,280

followed it where i thought it said to

1238

00:47:40,390 --> 00:47:38,640

go and and there was an old trail uh

1239

00:47:42,150 --> 00:47:40,400

looked like a game trail but there was a

1240

00:47:45,190 --> 00:47:42,160

small hole there was a depression

1241

00:47:47,109 --> 00:47:45,200

alongside of it with a small hole in it

1242

00:47:49,190 --> 00:47:47,119

and i thought man that that you know

1243

00:47:51,030 --> 00:47:49,200

like a gopher hole and i thought that

1244

00:47:53,030 --> 00:47:51,040

that doesn't you know look right so i

1245

00:47:54,710 --> 00:47:53,040

went and got my shovel and just oh first

1246

00:47:57,030 --> 00:47:54,720

i got a stick and pushed down and it

1247

00:47:59,190 --> 00:47:57,040

went all the way in so i got my

1248

00:48:00,950 --> 00:47:59,200

shovel and just started tapping on it

1249

00:48:03,030 --> 00:48:00,960

and the whole thing caved in man if i'd

1250

00:48:04,390 --> 00:48:03,040

have been on top of that i've been caved

1251

00:48:07,190 --> 00:48:04,400

in there and still down there i wouldn't

1252

00:48:10,150 --> 00:48:07,200

have been able to get out um

1253

00:48:11,750 --> 00:48:10,160

but i uh i tried uh digging it out by

1254

00:48:13,829 --> 00:48:11,760

myself got a rope got down there and

1255

00:48:15,670 --> 00:48:13,839

digging it out by myself and got down to

1256

00:48:17,750 --> 00:48:15,680

where where i could see there was a

1257

00:48:19,109 --> 00:48:17,760

cavern that took off and went

1258

00:48:21,109 --> 00:48:19,119

and uh

1259

00:48:23,190 --> 00:48:21,119

i i couldn't get it by myself so i

1260

00:48:24,710 --> 00:48:23,200

enlisted some help and that i'd be down

1261

00:48:26,870 --> 00:48:24,720

there digging them putting in a bucket

1262

00:48:30,150 --> 00:48:26,880

and they'd haul it up and well it was it

1263

00:48:32,630 --> 00:48:30,160

was uh alongside a forest service road

1264

00:48:34,309 --> 00:48:32,640

and the forest service came by and says

1265

00:48:35,990 --> 00:48:34,319

you know stop what are you doing they

1266

00:48:38,630 --> 00:48:36,000

seen us doing something i tried to be

1267

00:48:40,230 --> 00:48:38,640

discreet but anyways the area i was at

1268

00:48:41,750 --> 00:48:40,240

was a was

1269

00:48:44,230 --> 00:48:41,760

a uh

1270

00:48:45,750 --> 00:48:44,240

environmental study area you couldn't do

1271

00:48:46,870 --> 00:48:45,760

any digging you couldn't do nothing

1272

00:48:49,109 --> 00:48:46,880

there and so

1273

00:48:50,790 --> 00:48:49,119

um i was i was ran off kicked off

1274

00:48:53,270 --> 00:48:50,800

threatened with fines and everything so

1275

00:48:55,750 --> 00:48:53,280

i had to hide it up and and there still

1276

00:48:57,750 --> 00:48:55,760

stays it stays where it's at i i you

1277

00:49:00,309 --> 00:48:57,760

know it goes into a cavern somewhere but

1278

00:49:02,710 --> 00:49:00,319

i never fully got it excavated to get

1279

00:49:04,309 --> 00:49:02,720

that i could get in to go check it out

1280

00:49:07,990 --> 00:49:04,319

and and you and you still can't do

1281

00:49:10,150 --> 00:49:08,000

anything because it's a you know uh

1282

00:49:12,790 --> 00:49:10,160

environmental or uh or not environmental

1283

00:49:13,990 --> 00:49:12,800

as a geological survey area can't do

1284

00:49:15,589 --> 00:49:14,000

nothing

1285

00:49:17,670 --> 00:49:15,599

yeah there's a lot of there's a lot of

1286

00:49:20,549 --> 00:49:17,680

ways that these areas get locked down

1287

00:49:22,630 --> 00:49:20,559

i'm often reminded of it it may be

1288

00:49:24,150 --> 00:49:22,640

actual it may be factual and it may be

1289

00:49:25,829 --> 00:49:24,160

what's really going on but the

1290

00:49:28,390 --> 00:49:25,839

coincidences

1291

00:49:31,030 --> 00:49:28,400

in some of these areas are mind-blowing

1292

00:49:32,870 --> 00:49:31,040

and uh for example i i don't know if

1293

00:49:36,150 --> 00:49:32,880

you've heard of the bradshaw ranch in

1294

00:49:38,390 --> 00:49:36,160

arizona it's a it's a ranch that's got a

1295

00:49:41,109 --> 00:49:38,400

lot of high strangeness that takes place

1296

00:49:44,790 --> 00:49:41,119

a lot like many of the ranches in utah

1297

00:49:46,790 --> 00:49:44,800

and uh a family owned it and

1298

00:49:48,309 --> 00:49:46,800

long story short because of some tax

1299

00:49:50,230 --> 00:49:48,319

deals and some

1300

00:49:52,069 --> 00:49:50,240

back taxes owed

1301

00:49:54,549 --> 00:49:52,079

the government took it over threw up a

1302

00:49:57,270 --> 00:49:54,559

huge fence and now it's a

1303

00:49:58,790 --> 00:49:57,280

cottonwood observation site where they

1304

00:50:01,030 --> 00:49:58,800

observe these little cottonwood

1305

00:50:02,870 --> 00:50:01,040

seedlings growing and there's cameras

1306

00:50:04,790 --> 00:50:02,880

all over the place and like i said it

1307

00:50:07,670 --> 00:50:04,800

might be actual and it might be the real

1308

00:50:10,390 --> 00:50:07,680

thing but on a case-by-case basis this

1309

00:50:13,910 --> 00:50:10,400

is sure happening a lot in areas of

1310

00:50:15,190 --> 00:50:13,920

like extreme importance in my opinion

1311

00:50:18,309 --> 00:50:15,200

even uh

1312

00:50:21,190 --> 00:50:18,319

yeah even in utah yeah yeah not just

1313

00:50:22,870 --> 00:50:21,200

that man but national parks monuments

1314

00:50:24,870 --> 00:50:22,880

and things like that that just

1315

00:50:26,470 --> 00:50:24,880

completely lock lock you out you know

1316

00:50:28,950 --> 00:50:26,480

there's there's been something you talk

1317

00:50:31,430 --> 00:50:28,960

about treasure there i have a friend um

1318

00:50:33,270 --> 00:50:31,440

who found 400 gold bars the smallest one

1319

00:50:35,910 --> 00:50:33,280

was 12 pounds you know it wasn't pure

1320

00:50:37,589 --> 00:50:35,920

they was like you know 50 60 percent

1321

00:50:40,950 --> 00:50:37,599

gold and the rest i had a lot of copper

1322

00:50:43,670 --> 00:50:40,960

iron metal you know or you know silver

1323

00:50:45,589 --> 00:50:43,680

things like that in it but uh you know

1324

00:50:47,589 --> 00:50:45,599

when people find things you don't hear

1325

00:50:50,950 --> 00:50:47,599

about it because of that the government

1326

00:50:53,109 --> 00:50:50,960

will take it or or you know

1327

00:50:54,630 --> 00:50:53,119

they're in trouble you know antiquities

1328

00:50:56,150 --> 00:50:54,640

laws you know you're not supposed to

1329

00:50:59,030 --> 00:50:56,160

take any of that stuff and so anything

1330

00:51:01,270 --> 00:50:59,040

that's found you don't hear about it

1331

00:51:04,230 --> 00:51:01,280

there is things being found but you just

1332

00:51:06,790 --> 00:51:04,240

never will hear about it you know so

1333

00:51:09,430 --> 00:51:06,800

that's right and there's a there's some

1334

00:51:11,510 --> 00:51:09,440

cases of the smithsonian i've heard

1335

00:51:13,109 --> 00:51:11,520

where you know some of these things that

1336

00:51:14,470 --> 00:51:13,119

the smithsonian comes in and

1337

00:51:16,309 --> 00:51:14,480

investigates

1338

00:51:18,150 --> 00:51:16,319

it just all gets shut down one

1339

00:51:20,870 --> 00:51:18,160

particular case

1340

00:51:23,990 --> 00:51:20,880

that i heard of this was in arizona but

1341

00:51:25,270 --> 00:51:24,000

uh it was basically some students were

1342

00:51:27,829 --> 00:51:25,280

digging in a

1343

00:51:29,670 --> 00:51:27,839

in a uh hopi uh

1344

00:51:32,230 --> 00:51:29,680

native american site

1345

00:51:33,510 --> 00:51:32,240

doing some archaeology and they came

1346

00:51:36,630 --> 00:51:33,520

across

1347

00:51:38,710 --> 00:51:36,640

some tibetan prayer flags and some other

1348

00:51:40,870 --> 00:51:38,720

things from other cultures

1349

00:51:42,710 --> 00:51:40,880

and their minds just started reeling

1350

00:51:44,630 --> 00:51:42,720

they called the smithsonian it shut it

1351

00:51:47,030 --> 00:51:44,640

all down it sent them all home

1352

00:51:49,349 --> 00:51:47,040

and nothing was ever heard from again

1353

00:51:51,270 --> 00:51:49,359

and again you just have to wonder

1354

00:51:53,430 --> 00:51:51,280

is it really that just nothing is it's

1355

00:51:55,829 --> 00:51:53,440

not it doesn't compute it's not really

1356

00:51:58,150 --> 00:51:55,839

what's going on oh yeah you know it

1357

00:52:01,030 --> 00:51:58,160

makes you wonder doesn't it

1358

00:52:03,190 --> 00:52:01,040

oh yeah you know there's there's uh

1359

00:52:05,109 --> 00:52:03,200

ah wow

1360

00:52:06,950 --> 00:52:05,119

i can't think of his names what one

1361

00:52:09,270 --> 00:52:06,960

james keenan you know do you know you

1362

00:52:12,309 --> 00:52:09,280

know about and i know james very well so

1363

00:52:14,069 --> 00:52:12,319

james yeah you know he found he he was

1364

00:52:15,670 --> 00:52:14,079

working on a dig and found something

1365

00:52:17,750 --> 00:52:15,680

below where they were supposed to be

1366

00:52:19,430 --> 00:52:17,760

digging at and and it didn't fit the

1367

00:52:21,109 --> 00:52:19,440

norm and he showed him and they got in

1368

00:52:23,589 --> 00:52:21,119

trouble for digging too low and that was

1369

00:52:26,950 --> 00:52:23,599

it it was covered up hushed up hushed up

1370

00:52:28,710 --> 00:52:26,960

uh um another guy i know he was he was

1371

00:52:30,950 --> 00:52:28,720

going through his anthropology in an

1372

00:52:32,710 --> 00:52:30,960

archaeology school and he he happened to

1373

00:52:35,030 --> 00:52:32,720

find an artifact that didn't fit the

1374

00:52:36,630 --> 00:52:35,040

norm and so he went took it to him to to

1375

00:52:38,549 --> 00:52:36,640

record it into the books and they

1376

00:52:40,470 --> 00:52:38,559

wouldn't record it because it didn't fit

1377

00:52:42,309 --> 00:52:40,480

you know the the culture what they was

1378

00:52:44,309 --> 00:52:42,319

digging for so it was just discarded you

1379

00:52:46,150 --> 00:52:44,319

know and how often does that happen you

1380

00:52:48,150 --> 00:52:46,160

know we're not getting the full truth

1381

00:52:50,549 --> 00:52:48,160

because the full truth is not being

1382

00:52:52,549 --> 00:52:50,559

recorded it might not fit that culture

1383

00:52:54,309 --> 00:52:52,559

or what went on there but man if you

1384

00:52:55,670 --> 00:52:54,319

took that piece here and a piece over

1385

00:52:57,829 --> 00:52:55,680

there and you put it all together and

1386

00:52:59,910 --> 00:52:57,839

try to figure out what really did happen

1387

00:53:02,230 --> 00:52:59,920

instead of you know instead of what you

1388

00:53:03,349 --> 00:53:02,240

want us to think happened

1389

00:53:04,950 --> 00:53:03,359

yeah

1390

00:53:06,470 --> 00:53:04,960

and well i'm just glad that you've

1391

00:53:09,349 --> 00:53:06,480

joined the search and you're always

1392

00:53:12,390 --> 00:53:09,359

providing true and accurate information

1393

00:53:14,150 --> 00:53:12,400

these mysteries are deep and you know

1394

00:53:15,430 --> 00:53:14,160

the more people that are involved and i

1395

00:53:17,829 --> 00:53:15,440

really appreciate that you're going to

1396

00:53:20,790 --> 00:53:17,839

be speaking at the gathering of moon

1397

00:53:22,950 --> 00:53:20,800

lake and i wanted to uh kind of tell our

1398

00:53:25,670 --> 00:53:22,960

listeners a little bit about that and

1399

00:53:28,870 --> 00:53:25,680

what you might be discussing there

1400

00:53:31,190 --> 00:53:28,880

so i am not speaking at our gathering at

1401

00:53:32,950 --> 00:53:31,200

moon lake but you are

1402

00:53:37,109 --> 00:53:32,960

and

1403

00:53:39,510 --> 00:53:37,119

to see but say but we've got a lot of

1404

00:53:41,109 --> 00:53:39,520

great speakers like utana

1405

00:53:43,270 --> 00:53:41,119

is going to be talking about the brewers

1406

00:53:44,790 --> 00:53:43,280

cave and she is and giants and she's got

1407

00:53:47,109 --> 00:53:44,800

all kinds of things and we've got a guy

1408

00:53:50,309 --> 00:53:47,119

who's talking about some treasure that

1409

00:53:52,150 --> 00:53:50,319

he found there uh on private property so

1410

00:53:54,230 --> 00:53:52,160

the government couldn't you know take

1411

00:53:55,829 --> 00:53:54,240

him but i i think he's gonna be bringing

1412

00:53:57,829 --> 00:53:55,839

some of the artifacts there he's going

1413

00:53:59,349 --> 00:53:57,839

to talk about that there's then there's

1414

00:54:00,710 --> 00:53:59,359

uh you know all kinds of different

1415

00:54:03,829 --> 00:54:00,720

things going to be talked about

1416

00:54:06,150 --> 00:54:03,839

treasure-wise and and uh you know giants

1417

00:54:08,870 --> 00:54:06,160

out of place archaeology and this is

1418

00:54:10,390 --> 00:54:08,880

free to free to everybody you know it's

1419

00:54:12,150 --> 00:54:10,400

it's uh we're just putting it on for

1420

00:54:14,230 --> 00:54:12,160

free and we hope for some donations to

1421

00:54:15,829 --> 00:54:14,240

help us pay for it but but uh this is

1422

00:54:18,390 --> 00:54:15,839

gonna be free to everybody and that's

1423

00:54:19,270 --> 00:54:18,400

just gonna be a good time we had it last

1424

00:54:22,710 --> 00:54:19,280

year

1425

00:54:24,470 --> 00:54:22,720

and and i was so busy recording and and

1426

00:54:25,829 --> 00:54:24,480

and that that i couldn't really meet

1427

00:54:27,670 --> 00:54:25,839

people and talk to people so this year

1428

00:54:29,510 --> 00:54:27,680

we're going to have saturday picnicking

1429

00:54:31,829 --> 00:54:29,520

park where we meet and greet and tell

1430

00:54:32,950 --> 00:54:31,839

open mic and stories and and there'll be

1431

00:54:35,109 --> 00:54:32,960

a lot of great

1432

00:54:36,470 --> 00:54:35,119

information there so let's be good and i

1433

00:54:38,630 --> 00:54:36,480

can't wait to hear what you got to talk

1434

00:54:40,230 --> 00:54:38,640

about absolutely well i knew you'd be

1435

00:54:42,309 --> 00:54:40,240

there i didn't know if you'd be talking

1436

00:54:44,950 --> 00:54:42,319

but i'll hopefully talk to you because

1437

00:54:47,910 --> 00:54:44,960

yeah so i i am going to be speaking at

1438

00:54:49,589 --> 00:54:47,920

the phenomicon and and i thought man why

1439

00:54:51,510 --> 00:54:49,599

they want a treasure hunt and they're

1440

00:54:53,030 --> 00:54:51,520

talking at phenomicon you know because

1441

00:54:54,950 --> 00:54:53,040

it's more

1442

00:54:57,270 --> 00:54:54,960

having to deal with the skinwalker ranch

1443

00:55:00,230 --> 00:54:57,280

and blind frog ranch and the ufo stuffs

1444

00:55:01,910 --> 00:55:00,240

and paranormal stuffs but but apparently

1445

00:55:04,789 --> 00:55:01,920

they want to include that they had me

1446

00:55:06,630 --> 00:55:04,799

speak last year there too so so i guess

1447

00:55:08,069 --> 00:55:06,640

i guess they liked it good enough that

1448

00:55:08,870 --> 00:55:08,079

i'm going to be there again this year

1449

00:55:13,190 --> 00:55:08,880

that

1450

00:55:14,870 --> 00:55:13,200

remember exactly the dates eight tonight

1451
00:55:17,349 --> 00:55:14,880
or something like that i can't remember

1452
00:55:18,950 --> 00:55:17,359
well i'm you know i think it's important

1453
00:55:21,270 --> 00:55:18,960
that you're bringing this truth to so

1454
00:55:24,230 --> 00:55:21,280
many people because there's so many lost

1455
00:55:26,470 --> 00:55:24,240
treasures supposedly hidden in utah

1456
00:55:28,789 --> 00:55:26,480
and you are definitely going after the

1457
00:55:30,069 --> 00:55:28,799
mystery and it's intriguing i can't

1458
00:55:31,910 --> 00:55:30,079
thank you enough for coming on the

1459
00:55:34,390 --> 00:55:31,920
podcast and i hope we can talk again

1460
00:55:36,710 --> 00:55:34,400
soon as we wrap up are there any other

1461
00:55:38,470 --> 00:55:36,720
stories you want to kind of tail off and

1462
00:55:40,950 --> 00:55:38,480
and end with

1463
00:55:42,630 --> 00:55:40,960

you know i got a ton of stories but i'm

1464

00:55:44,710 --> 00:55:42,640

getting older and i forget them and i

1465

00:55:46,630 --> 00:55:44,720

just got something if something reminds

1466

00:55:48,230 --> 00:55:46,640

me of them then they then they come out

1467

00:55:50,470 --> 00:55:48,240

but other than that man i forget them

1468

00:55:52,230 --> 00:55:50,480

until something triggers my memory

1469

00:55:53,910 --> 00:55:52,240

so unless you've got something specific

1470

00:55:55,829 --> 00:55:53,920

you want to talk about you know i got a

1471

00:55:57,670 --> 00:55:55,839

ton of stories but i just just can't

1472

00:56:00,230 --> 00:55:57,680

think of them all let me ask you this

1473

00:56:02,309 --> 00:56:00,240

one have you heard anything about uh the

1474

00:56:04,069 --> 00:56:02,319

the butch butch cassidy's possible

1475

00:56:07,829 --> 00:56:04,079

buried treasure or the the lost

1476

00:56:10,069 --> 00:56:07,839

josephine gold mine there in utah

1477

00:56:12,390 --> 00:56:10,079

so the last josephine mine that's the

1478

00:56:14,390 --> 00:56:12,400

one where i was telling you about that

1479

00:56:15,349 --> 00:56:14,400

door this guy scene

1480

00:56:18,309 --> 00:56:15,359

um

1481

00:56:19,990 --> 00:56:18,319

you know and he he actually physically

1482

00:56:22,870 --> 00:56:20,000

seen the door when he was in his early

1483

00:56:24,710 --> 00:56:22,880

20s back in the early 70s and that's

1484

00:56:27,109 --> 00:56:24,720

also you know where they have the way

1485

00:56:28,789 --> 00:56:27,119

bill garcia's way bill about the you

1486

00:56:31,990 --> 00:56:28,799

know billion dollars in treasure that

1487

00:56:34,549 --> 00:56:32,000

i'm actively searching for um

1488

00:56:36,950 --> 00:56:34,559

but uh you know i think because of

1489

00:56:38,870 --> 00:56:36,960

trying to find this door i'm thinking

1490

00:56:41,190 --> 00:56:38,880

something's gotta behind be behind this

1491

00:56:42,950 --> 00:56:41,200

door whether it's the the gold bars that

1492

00:56:45,589 --> 00:56:42,960

garcia left behind or whether it's

1493

00:56:46,470 --> 00:56:45,599

something more ancient or i i don't know

1494

00:56:48,630 --> 00:56:46,480

you know

1495

00:56:51,670 --> 00:56:48,640

so it's so interesting the hunt proves

1496

00:56:54,069 --> 00:56:51,680

to be more interesting than ever i swear

1497

00:56:56,549 --> 00:56:54,079

there's just so many cases and

1498

00:56:57,990 --> 00:56:56,559

uh man it's so great to finally talk to

1499

00:56:59,030 --> 00:56:58,000

you i can't wait to talk to you in

1500
