**Skinwalkers, Ancient
Entities, and Plasma
Intelligences**

1
00:00:01,839 --> 00:00:07,110
hey

2
00:00:23,700 --> 00:00:08,560
[Applause]

3
00:00:23,710 --> 00:00:27,750
[Music]

4
00:00:27,760 --> 00:00:33,800
off in my time machine

5
00:00:33,810 --> 00:00:37,430
[Music]

6
00:00:44,229 --> 00:00:41,350
blast off on another epic episode of the

7
00:00:46,310 --> 00:00:44,239
hyper anomalous esoteric research

8
00:00:48,389 --> 00:00:46,320
organization podcast

9
00:00:50,389 --> 00:00:48,399
hero paranormal

10
00:00:54,229 --> 00:00:50,399
that's what hero stands for we are

11
00:00:56,790 --> 00:00:54,239
broadcasting just south of the utah ufo

12
00:00:58,549 --> 00:00:56,800
ranch in the heart of the uintah basin

13
00:01:01,349 --> 00:00:58,559

my name is ryan

14

00:01:02,709 --> 00:01:01,359

the philosophical pontificator of the

15

00:01:03,830 --> 00:01:02,719

paranormal

16

00:01:06,870 --> 00:01:03,840

and

17

00:01:09,990 --> 00:01:06,880

anomalous ambassador of the airwaves

18

00:01:13,750 --> 00:01:10,000

bringing you an epic episode today we

19

00:01:16,149 --> 00:01:13,760

have gregory little his recent book

20

00:01:18,429 --> 00:01:16,159

origins of the gods delves into

21

00:01:21,270 --> 00:01:18,439

skinwalkers and contact with

22

00:01:23,510 --> 00:01:21,280

trans-dimensional intelligences leaving

23

00:01:25,350 --> 00:01:23,520

no stone unturned

24

00:01:27,990 --> 00:01:25,360

he goes into it all

25

00:01:30,710 --> 00:01:28,000

exploring how our ancestors used

26

00:01:33,429 --> 00:01:30,720

shamanic rituals at sacred sites to

27

00:01:36,230 --> 00:01:33,439

create portals for communication

28

00:01:38,230 --> 00:01:36,240

with non-human intelligences

29

00:01:40,149 --> 00:01:38,240

he shares supporting evidence from the

30

00:01:43,190 --> 00:01:40,159

spiritual and shamanic beliefs of more

31

00:01:45,670 --> 00:01:43,200

than 100 native american tribes

32

00:01:47,670 --> 00:01:45,680

he shows how the earliest forms of

33

00:01:50,230 --> 00:01:47,680

shamanism began

34

00:01:52,469 --> 00:01:50,240

at sites in israel more than four

35

00:01:55,190 --> 00:01:52,479

hundred thousand years ago

36

00:01:58,069 --> 00:01:55,200

from gobeglytepi in turkey to the

37

00:02:00,789 --> 00:01:58,079

egyptian pyramids from the stone circles

38

00:02:02,550 --> 00:02:00,799

of europe to the mound complexes of the

39

00:02:05,429 --> 00:02:02,560

americas

40

00:02:07,830 --> 00:02:05,439

gregory little shows how again and again

41

00:02:10,630 --> 00:02:07,840

our ancestors built permanent sites of

42

00:02:13,270 --> 00:02:10,640

ceremonial activity where geomagnetic

43

00:02:14,790 --> 00:02:13,280

and gravitational anomalies have been

44

00:02:16,869 --> 00:02:14,800

recorded

45

00:02:19,750 --> 00:02:16,879

he along with his co-author andrew

46

00:02:23,589 --> 00:02:19,760

collins have done a ton of research and

47

00:02:26,470 --> 00:02:23,599

i can't wait to get into it all

48

00:02:29,030 --> 00:02:26,480

ultimately collins and little show how

49

00:02:31,830 --> 00:02:29,040

our modern disconnection from nature and

50

00:02:34,110 --> 00:02:31,840

lack of a fully visible night sky

51
00:02:36,309 --> 00:02:34,120
make the manifestations from these

52
00:02:37,430 --> 00:02:36,319
ultra-terrestrial intelligences seem

53
00:02:39,750 --> 00:02:37,440
random

54
00:02:42,390 --> 00:02:39,760
if we can restore our spiritual

55
00:02:44,390 --> 00:02:42,400
connections perhaps we can once again

56
00:02:47,030 --> 00:02:44,400
communicate with the higher dimensional

57
00:02:48,830 --> 00:02:47,040
beings who triggered the advancements of

58
00:02:51,830 --> 00:02:48,840
our earliest

59
00:02:55,270 --> 00:02:51,840
ancestors and for those who want more

70

00:03:24,229 --> 00:03:22,080

well

71

00:03:27,110 --> 00:03:24,239

gregory little welcome to the hero

72

00:03:30,630 --> 00:03:27,120

paranormal podcast

73

00:03:32,070 --> 00:03:30,640

um well thank you ryan it's a pleasure

74

00:03:33,990 --> 00:03:32,080

i think it's the first time i've been on

75

00:03:36,070 --> 00:03:34,000

your show and looking forward to it

76

00:03:38,149 --> 00:03:36,080

we'll see where it goes yeah i'm very

77

00:03:41,270 --> 00:03:38,159

i'm very interested i've been wanting to

78

00:03:43,509 --> 00:03:41,280

talk to you for quite some time and uh

79

00:03:44,830 --> 00:03:43,519

i'd like to discuss what kind of brought

80

00:03:47,990 --> 00:03:44,840

you down this

81

00:03:50,550 --> 00:03:48,000

pathway of um investigating and

82

00:03:51,589 --> 00:03:50,560

documenting and writing about uh

83

00:03:53,990 --> 00:03:51,599

the

84

00:03:56,390 --> 00:03:54,000

fringe areas that you've decided to

85

00:04:00,710 --> 00:03:56,400

write about

86

00:04:03,350 --> 00:04:00,720

uh well it's i am 72 years old close to

87

00:04:06,550 --> 00:04:03,360

73 so i've been doing this a long long

88

00:04:09,750 --> 00:04:06,560

time and i can trace back to

89

00:04:11,910 --> 00:04:09,760

actually the 1960s my family moved to

90

00:04:14,149 --> 00:04:11,920

huntsville alabama

91

00:04:16,469 --> 00:04:14,159

right after john john f kennedy was

92

00:04:18,390 --> 00:04:16,479

assassinated and my father went to work

93

00:04:20,789 --> 00:04:18,400

at redstone arsenal

94

00:04:24,950 --> 00:04:20,799

uh when in the early space program and

95

00:04:27,830 --> 00:04:24,960

that was like 1964 63 64 when we were

96

00:04:29,110 --> 00:04:27,840

there and i got interested in ufos then

97

00:04:30,310 --> 00:04:29,120

and it

98

00:04:32,070 --> 00:04:30,320

really that

99

00:04:34,150 --> 00:04:32,080

kept me interested

100

00:04:36,550 --> 00:04:34,160

pretty much to the current day so that

101
00:04:38,870 --> 00:04:36,560
was really the start of it i had college

102
00:04:40,870 --> 00:04:38,880
professors that were really into it too

103
00:04:43,189 --> 00:04:40,880
major professor

104
00:04:45,270 --> 00:04:43,199
and a psychologist and a psychiatrist

105
00:04:47,430 --> 00:04:45,280
husband and wife team got me to go with

106
00:04:49,430 --> 00:04:47,440
them to a lot of so-called psychic

107
00:04:51,670 --> 00:04:49,440
events and so on so

108
00:04:53,670 --> 00:04:51,680
that's kind of the start of it uh and

109
00:04:55,909 --> 00:04:53,680
it's led here along the way we've done a

110
00:04:59,030 --> 00:04:55,919
whole lot been a lot of places and seen

111
00:05:01,990 --> 00:04:59,040
a lot of things i bet that's my start

112
00:05:03,270 --> 00:05:02,000
yeah it's amazing it's such a mysterious

113
00:05:05,430 --> 00:05:03,280

uh

114

00:05:07,350 --> 00:05:05,440

synchronicity that we got together i i

115

00:05:09,270 --> 00:05:07,360

am aware of your first book the

116

00:05:11,590 --> 00:05:09,280

archetype experience is that was that

117

00:05:13,350 --> 00:05:11,600

the first book am i correct

118

00:05:18,469 --> 00:05:13,360

yeah you are correct that was my very

119

00:05:24,870 --> 00:05:21,749

and that it i really like the uh the

120

00:05:27,270 --> 00:05:24,880

title the archetype experience because

121

00:05:30,310 --> 00:05:27,280

it really kind of goes into

122

00:05:32,710 --> 00:05:30,320

areas that other people tend to

123

00:05:34,950 --> 00:05:32,720

avoid which is

124

00:05:36,390 --> 00:05:34,960

resolving the whole situation and the

125

00:05:38,629 --> 00:05:36,400

experience and i like how you use the

126
00:05:40,950 --> 00:05:38,639
word archetype how did you come across

127
00:05:42,790 --> 00:05:40,960
using that title and could you tell our

128
00:05:43,990 --> 00:05:42,800
listeners a little bit about that first

129
00:05:46,390 --> 00:05:44,000
book

130
00:05:48,629 --> 00:05:46,400
okay well i have actually updated well i

131
00:05:50,710 --> 00:05:48,639
haven't updated we have reprinted that

132
00:05:52,230 --> 00:05:50,720
book exactly as it was originally

133
00:05:54,070 --> 00:05:52,240
printed but i've added a lot of new

134
00:05:55,350 --> 00:05:54,080
material to it

135
00:05:57,350 --> 00:05:55,360
so

136
00:06:01,270 --> 00:05:57,360
how it was

137
00:06:02,950 --> 00:06:01,280
a follow-up to carl young's

138
00:06:07,749 --> 00:06:02,960

last book

139

00:06:09,749 --> 00:06:07,759

the united states in 1961 it came out in

140

00:06:12,870 --> 00:06:09,759

europe in 1959

141

00:06:15,189 --> 00:06:12,880

it was entitled

142

00:06:16,710 --> 00:06:15,199

are we still here yes sir

143

00:06:18,150 --> 00:06:16,720

okay i don't know what what just

144

00:06:20,710 --> 00:06:18,160

happened something on my screen just

145

00:06:24,309 --> 00:06:20,720

happened anyway young's last book was

146

00:06:27,189 --> 00:06:24,319

called flying saucers a modern myth of

147

00:06:29,430 --> 00:06:27,199

things seen in the skies and in that

148

00:06:30,629 --> 00:06:29,440

book he talked about archetypes he

149

00:06:32,390 --> 00:06:30,639

talked about

150

00:06:35,189 --> 00:06:32,400

how there was one archetype in

151

00:06:38,469 --> 00:06:35,199

particular it's called the mandala

152

00:06:41,430 --> 00:06:38,479

it is a round shape how people were

153

00:06:43,510 --> 00:06:41,440

seeing ufos at the time and seeing disc

154

00:06:46,230 --> 00:06:43,520

shaped objects which jung

155

00:06:49,990 --> 00:06:46,240

thought was a mandala and that they were

156

00:06:52,070 --> 00:06:50,000

projecting a certain meaning onto it in

157

00:06:54,150 --> 00:06:52,080

other words people go outside they see

158

00:06:56,550 --> 00:06:54,160

something they don't know what it is and

159

00:07:00,309 --> 00:06:56,560

an exact quote from jung was something

160

00:07:02,629 --> 00:07:00,319

is seen one doesn't know what so they

161

00:07:05,350 --> 00:07:02,639

saw these things in the sky and then a

162

00:07:08,070 --> 00:07:05,360

meaning is projected onto them out of

163

00:07:09,830 --> 00:07:08,080

our own belief system or our unconscious

164

00:07:12,870 --> 00:07:09,840

and young believed those meanings were

165

00:07:15,469 --> 00:07:12,880

archetypes archetypes are well they're

166

00:07:17,350 --> 00:07:15,479

usually symbolic

167

00:07:18,950 --> 00:07:17,360

psychological

168

00:07:20,790 --> 00:07:18,960

objects

169

00:07:24,230 --> 00:07:20,800

they are

170

00:07:26,230 --> 00:07:24,240

drawings often of opposites the yin-yang

171

00:07:29,029 --> 00:07:26,240

symbol is an archetype

172

00:07:31,189 --> 00:07:29,039

there are archetypes in literature such

173

00:07:32,230 --> 00:07:31,199

as hero and villain

174

00:07:34,550 --> 00:07:32,240

uh

175

00:07:36,230 --> 00:07:34,560

angel and demon those are archetypes

176

00:07:38,309 --> 00:07:36,240

usually in opposites

177

00:07:39,990 --> 00:07:38,319

but there is one called the mandala that

178

00:07:41,990 --> 00:07:40,000

is the whole

179

00:07:42,870 --> 00:07:42,000

and that got me into the native american

180

00:07:45,029 --> 00:07:42,880

stuff

181

00:07:47,350 --> 00:07:45,039

because it related to their idea of a

182

00:07:50,869 --> 00:07:47,360

singularity and so on but really that's

183

00:07:52,869 --> 00:07:50,879

young's term and archetypes exist both

184

00:07:54,390 --> 00:07:52,879

in our

185

00:07:56,629 --> 00:07:54,400

unconscious

186

00:07:59,350 --> 00:07:56,639

they appear to be according to jung

187

00:08:01,990 --> 00:07:59,360

built in they're already in us and we

188

00:08:04,950 --> 00:08:02,000

have certain meanings with them so that

189

00:08:06,309 --> 00:08:04,960

when we encounter archetypes out in the

190

00:08:09,270 --> 00:08:06,319

real world

191

00:08:11,749 --> 00:08:09,280

the meaning that we have attached to

192

00:08:13,350 --> 00:08:11,759

that symbol emerges into our

193

00:08:16,070 --> 00:08:13,360

consciousness

194

00:08:17,270 --> 00:08:16,080

but according to jung archetypes are

195

00:08:20,469 --> 00:08:17,280

also

196

00:08:23,110 --> 00:08:20,479

from time to time physically real

197

00:08:24,869 --> 00:08:23,120

so that's a whole nother story there but

198

00:08:27,510 --> 00:08:24,879

that's where the term came from it was

199

00:08:28,790 --> 00:08:27,520

uh it was carl young who made it popular

200

00:08:31,029 --> 00:08:28,800

he didn't come up with the word of

201
00:08:31,830 --> 00:08:31,039
course but anyway that's where it comes

202
00:08:33,509 --> 00:08:31,840
from

203
00:08:35,670 --> 00:08:33,519
so the idea with the archetype

204
00:08:39,029 --> 00:08:35,680
experience is that

205
00:08:40,389 --> 00:08:39,039
when you experience a ufo or an

206
00:08:44,389 --> 00:08:40,399
abduction

207
00:08:47,030 --> 00:08:44,399
or a powerful paranormal experience

208
00:08:49,509 --> 00:08:47,040
you are actually interacting with an

209
00:08:52,949 --> 00:08:49,519
archetype that's what you're doing and

210
00:08:54,389 --> 00:08:52,959
it means more than just a psychological

211
00:08:56,150 --> 00:08:54,399
thing it's not just

212
00:08:58,389 --> 00:08:56,160
all in your head there's something else

213
00:09:00,949 --> 00:08:58,399

going on too so that's where the term

214

00:09:04,070 --> 00:09:00,959

the archetype experience came from

215

00:09:09,030 --> 00:09:04,080

i find this so mesmerizing and

216

00:09:10,550 --> 00:09:09,040

it's so relevant to an area that really

217

00:09:14,150 --> 00:09:10,560

interests me

218

00:09:16,070 --> 00:09:14,160

which is the uinta basin of utah and

219

00:09:18,550 --> 00:09:16,080

there were a couple of authors they've

220

00:09:20,310 --> 00:09:18,560

both since passed and they were

221

00:09:22,630 --> 00:09:20,320

researchers and investigators and

222

00:09:26,710 --> 00:09:22,640

authors and they had a book called the

223

00:09:29,030 --> 00:09:26,720

utah ufo display they were both um

224

00:09:31,750 --> 00:09:29,040

religiously inclined and they were under

225

00:09:34,150 --> 00:09:31,760

the impression that

226

00:09:35,670 --> 00:09:34,160

when someone observes this as you

227

00:09:36,790 --> 00:09:35,680

mentioned there is some kind of a

228

00:09:40,070 --> 00:09:36,800

connection

229

00:09:42,070 --> 00:09:40,080

and there is some sort of a spiritual

230

00:09:44,630 --> 00:09:42,080

ism that takes place some kind of

231

00:09:46,870 --> 00:09:44,640

spiritualism takes place

232

00:09:47,829 --> 00:09:46,880

with this paranormal phenomena

233

00:09:51,750 --> 00:09:47,839

and

234

00:09:54,870 --> 00:09:51,760

i find that is very relevant uh to your

235

00:09:56,710 --> 00:09:54,880

work as well and that i share that view

236

00:09:59,430 --> 00:09:56,720

so i find that you know with

237

00:10:01,750 --> 00:09:59,440

a lot of the modern tv shows

238

00:10:03,590 --> 00:10:01,760

and a lot of the

239

00:10:05,829 --> 00:10:03,600

science being thrown at these things

240

00:10:08,790 --> 00:10:05,839

everything is kind of being

241

00:10:12,550 --> 00:10:08,800

put in this nuts-and-bolt box

242

00:10:14,630 --> 00:10:12,560

and um i'm not exactly sure if it all

243

00:10:16,230 --> 00:10:14,640

fits in that box

244

00:10:20,150 --> 00:10:16,240

and it doesn't

245

00:10:21,670 --> 00:10:20,160

it's interesting isn't it yeah yeah

246

00:10:22,949 --> 00:10:21,680

well i'll let you go ahead finish that

247

00:10:25,430 --> 00:10:22,959

you can finish your thought there if you

248

00:10:28,150 --> 00:10:25,440

will of course and you have written

249

00:10:30,389 --> 00:10:28,160

other books um that have come out that

250

00:10:31,590 --> 00:10:30,399

are also delving into the same subject

251
00:10:34,069 --> 00:10:31,600
matter

252
00:10:37,509 --> 00:10:34,079
and i wanted to ask you about those as

253
00:10:39,269 --> 00:10:37,519
well uh origins of the gods

254
00:10:43,990 --> 00:10:39,279
and um

255
00:10:47,990 --> 00:10:44,000
that book is it very reminiscent of

256
00:10:49,910 --> 00:10:48,000
some of the uh well it draws in a lot of

257
00:10:51,269 --> 00:10:49,920
a lot of interesting

258
00:10:54,550 --> 00:10:51,279
historical

259
00:10:58,829 --> 00:10:54,560
things like uh gobegli tepe

260
00:11:00,710 --> 00:10:58,839
uh egypt it goes it goes into

261
00:11:03,110 --> 00:11:00,720
um

262
00:11:05,590 --> 00:11:03,120
interesting areas across the world

263
00:11:07,590 --> 00:11:05,600

what brought you to

264

00:11:10,069 --> 00:11:07,600

kind of write this book and i know that

265

00:11:12,630 --> 00:11:10,079

you co-authored it but i also find that

266

00:11:15,269 --> 00:11:12,640

this is a fascinating book you've been

267

00:11:17,030 --> 00:11:15,279

the author of over 15 books so it's it's

268

00:11:18,230 --> 00:11:17,040

challenging to ask you a question about

269

00:11:21,350 --> 00:11:18,240

just one

270

00:11:24,069 --> 00:11:21,360

but it i like that it goes into uh a lot

271

00:11:26,870 --> 00:11:24,079

of areas that people don't

272

00:11:29,910 --> 00:11:26,880

delve into like giants and and things of

273

00:11:31,430 --> 00:11:29,920

that nature what brought you and uh mr

274

00:11:33,750 --> 00:11:31,440

collins to

275

00:11:36,150 --> 00:11:33,760

co-author this book

276

00:11:37,829 --> 00:11:36,160

well andrew collins who's british in

277

00:11:40,310 --> 00:11:37,839

case people don't know who he is andrew

278

00:11:42,230 --> 00:11:40,320

collins is a british author been around

279

00:11:44,150 --> 00:11:42,240

basically for as long as i have in

280

00:11:47,829 --> 00:11:44,160

writing as long as i have

281

00:11:49,829 --> 00:11:47,839

uh he is on the show ancient aliens uh

282

00:11:52,389 --> 00:11:49,839

most episodes he'll make an appearance

283

00:11:53,269 --> 00:11:52,399

or two in it he's also on the show with

284

00:11:55,430 --> 00:11:53,279

uh

285

00:11:57,509 --> 00:11:55,440

william shatner called the unexplained

286

00:12:00,310 --> 00:11:57,519

and several other documentaries a lot of

287

00:12:02,790 --> 00:12:00,320

different ones so he shows up on them

288

00:12:06,470 --> 00:12:02,800

uh andrew and i have been friends since

289

00:12:08,949 --> 00:12:06,480

2000 the year 2000 so it's been 22 years

290

00:12:11,509 --> 00:12:08,959

and we shared the same interests we were

291

00:12:14,470 --> 00:12:11,519

both interested in atlantis

292

00:12:16,629 --> 00:12:14,480

uh he got involved in our search for

293

00:12:18,389 --> 00:12:16,639

atlantis project with the kate edgar

294

00:12:21,269 --> 00:12:18,399

casey organization

295

00:12:22,310 --> 00:12:21,279

uh andrew and i co started co-authoring

296

00:12:26,350 --> 00:12:22,320

together

297

00:12:29,750 --> 00:12:26,360

quite a while actually uh 2012 and then

298

00:12:32,230 --> 00:12:29,760

2014 we had a book coming out or had one

299

00:12:33,110 --> 00:12:32,240

that came out called um

300

00:12:36,230 --> 00:12:33,120

gosh

301

00:12:37,670 --> 00:12:36,240

the path of souls i kind of forget i got

302

00:12:39,509 --> 00:12:37,680

so many of them out there i can't

303

00:12:41,509 --> 00:12:39,519

remember the titles

304

00:12:45,430 --> 00:12:41,519

but anyway andrew and i had done another

305

00:12:46,870 --> 00:12:45,440

one together in 2019 called denisovan

306

00:12:49,990 --> 00:12:46,880

origins

307

00:12:53,190 --> 00:12:50,000

which was about the denisovans which is

308

00:12:54,389 --> 00:12:53,200

a branch of humanity that went extinct

309

00:12:57,910 --> 00:12:54,399

probably

310

00:13:00,389 --> 00:12:57,920

40 000 years ago or so

311

00:13:02,790 --> 00:13:00,399

maybe not quite that long ago most of us

312

00:13:05,269 --> 00:13:02,800

carry denisoven dna in us along with

313

00:13:08,389 --> 00:13:05,279

neanderthal dna

314

00:13:10,949 --> 00:13:08,399

the denisovans are related to the giants

315

00:13:13,269 --> 00:13:10,959

of you know mythology you hear a lot

316

00:13:16,389 --> 00:13:13,279

about giants uh andrew and i both

317

00:13:19,110 --> 00:13:16,399

believe it's the denisovans so this book

318

00:13:21,190 --> 00:13:19,120

the new one origins of the gods andrew

319

00:13:24,069 --> 00:13:21,200

and i wanted to do because we were

320

00:13:27,030 --> 00:13:24,079

actually wanting to

321

00:13:30,150 --> 00:13:27,040

summarize all of our work

322

00:13:31,829 --> 00:13:30,160

in the field of ufos

323

00:13:34,629 --> 00:13:31,839

the paranormal

324

00:13:36,629 --> 00:13:34,639

ancient aliens you name it we wanted to

325

00:13:38,550 --> 00:13:36,639

cover it all

326

00:13:40,949 --> 00:13:38,560

and just summarize everything that we

327

00:13:43,269 --> 00:13:40,959

had said up to that time and then add

328

00:13:45,269 --> 00:13:43,279

whatever we needed to add to it so

329

00:13:47,990 --> 00:13:45,279

that's where that book's coming from it

330

00:13:50,470 --> 00:13:48,000

is kind of a different theory about the

331

00:13:53,110 --> 00:13:50,480

whole field of the paranormal

332

00:13:55,750 --> 00:13:53,120

there when i say it's different we

333

00:13:58,230 --> 00:13:55,760

borrow from many people who we always

334

00:14:01,829 --> 00:13:58,240

reference and talk about what they came

335

00:14:04,710 --> 00:14:01,839

up with everybody from john keel

336

00:14:08,230 --> 00:14:04,720

carl jung is a good example

337

00:14:10,470 --> 00:14:08,240

andrew pulls from like hillary evans in

338

00:14:12,629 --> 00:14:10,480

england several of the others that are

339

00:14:14,629 --> 00:14:12,639

big british authors

340

00:14:16,870 --> 00:14:14,639

but we wanted to come up with a summary

341

00:14:17,829 --> 00:14:16,880

of it all and that's what we did that is

342

00:14:20,710 --> 00:14:17,839

what

343

00:14:23,350 --> 00:14:20,720

the book origins of the gods is about i

344

00:14:24,750 --> 00:14:23,360

summarized it with what i call time

345

00:14:26,470 --> 00:14:24,760

beings

346

00:14:29,350 --> 00:14:26,480

t-i-i-m-e

347

00:14:31,670 --> 00:14:29,360

andrew uh takes it a bit further he goes

348

00:14:33,110 --> 00:14:31,680

into some interdimensional stuff and

349

00:14:36,550 --> 00:14:33,120

calls them

350

00:14:38,870 --> 00:14:36,560

n beings and meaning little n and it's

351

00:14:40,870 --> 00:14:38,880

it simply means that we don't really

352

00:14:43,509 --> 00:14:40,880

know the number of them they could be

353

00:14:46,150 --> 00:14:43,519

any number it could just be one

354

00:14:48,470 --> 00:14:46,160

or it could be a countless number

355

00:14:51,110 --> 00:14:48,480

but anyway that's that's what we decided

356

00:14:53,590 --> 00:14:51,120

to do we actually sent it in the book

357

00:14:55,910 --> 00:14:53,600

was done a couple years ago

358

00:14:58,710 --> 00:14:55,920

but because of the pandemic it's taken

359

00:15:00,710 --> 00:14:58,720

quite a while about almost two years for

360

00:15:02,389 --> 00:15:00,720

it to actually get out into print into

361

00:15:03,990 --> 00:15:02,399

bookstores and so on so it's been out

362

00:15:05,189 --> 00:15:04,000

for four or five months i believe in

363

00:15:07,110 --> 00:15:05,199

total

364

00:15:09,189 --> 00:15:07,120

yeah it's quite the book the way it

365

00:15:10,949 --> 00:15:09,199

brings together the ultra-terrestrial

366

00:15:14,629 --> 00:15:10,959

intelligences and

367

00:15:17,430 --> 00:15:14,639

very fascinating for me because um i own

368

00:15:19,430 --> 00:15:17,440

a property a base camp of sorts called

369

00:15:21,509 --> 00:15:19,440

space wolf research

370

00:15:24,550 --> 00:15:21,519

which is just south it shares its

371

00:15:27,829 --> 00:15:24,560

adjacent on the south border

372

00:15:29,829 --> 00:15:27,839

of the uh ranch in utah which is

373

00:15:33,430 --> 00:15:29,839

mentioned in your book

374

00:15:36,790 --> 00:15:33,440

and it really goes into how

375

00:15:38,710 --> 00:15:36,800

these portals create a method of contact

376

00:15:41,350 --> 00:15:38,720

for otherworldly realms

377

00:15:44,150 --> 00:15:41,360

and i really like that you use the term

378

00:15:45,189 --> 00:15:44,160

shamanic trans-dimensional porters

379

00:15:47,030 --> 00:15:45,199

portals

380

00:15:49,910 --> 00:15:47,040

are still active and you share vivid

381

00:15:52,150 --> 00:15:49,920

examples um such as the ranch in utah

382

00:15:54,069 --> 00:15:52,160

and bempton in north england could you

383

00:15:56,949 --> 00:15:54,079

tell us a little bit about bempton in

384

00:15:59,430 --> 00:15:56,959

north england this is uh well actually

385

00:16:02,230 --> 00:15:59,440

no that would be andrew andrew i have

386

00:16:05,350 --> 00:16:02,240

been there uh we actually andrew and i

387

00:16:07,590 --> 00:16:05,360

and my wife uh went on a trip through

388

00:16:09,509 --> 00:16:07,600

england uh driving trip

389

00:16:11,749 --> 00:16:09,519

for about a week and went to all these

390

00:16:14,069 --> 00:16:11,759

sites and filmed a lot of it but it's

391

00:16:16,949 --> 00:16:14,079

all a blur in my mind that's why we

392

00:16:18,790 --> 00:16:16,959

split this up i was the in both of our

393

00:16:21,910 --> 00:16:18,800

books that we've done the last couple

394

00:16:23,430 --> 00:16:21,920

years i've been the person who talked

395

00:16:25,110 --> 00:16:23,440

mostly about

396

00:16:26,870 --> 00:16:25,120

the americas

397

00:16:29,030 --> 00:16:26,880

he talked about the rest of the world

398

00:16:30,629 --> 00:16:29,040

that is his area but i can certainly

399

00:16:33,749 --> 00:16:30,639

tell you about the area where you're in

400

00:16:36,629 --> 00:16:33,759

and how close are you to say hovenweep

401
00:16:39,590 --> 00:16:36,639
the site of hovenweep in utah not too

402
00:16:42,710 --> 00:16:39,600
far not too far yeah we are actually

403
00:16:44,310 --> 00:16:42,720
just right there at the south border of

404
00:16:46,949 --> 00:16:44,320
the uh old

405
00:16:49,910 --> 00:16:46,959
uh utah ufo ranch there the bigelow

406
00:16:52,790 --> 00:16:49,920
ranch we are adjacent on the south side

407
00:16:54,710 --> 00:16:52,800
so yeah let's go into hoevenweep i you

408
00:16:56,150 --> 00:16:54,720
this is kind of right down my alley i'd

409
00:16:59,110 --> 00:16:56,160
love to hear more

410
00:17:01,910 --> 00:16:59,120
well hoevenweep is where the very page

411
00:17:04,390 --> 00:17:01,920
one of my section the very first page we

412
00:17:06,150 --> 00:17:04,400
started at hovenweep because my wife and

413
00:17:10,309 --> 00:17:06,160

i had been there

414

00:17:11,829 --> 00:17:10,319

31 years before we visited in 2019 again

415

00:17:15,270 --> 00:17:11,839

and it's a place where we really wanted

416

00:17:17,189 --> 00:17:15,280

to go hoven weep is a i've got to use

417

00:17:19,510 --> 00:17:17,199

the word anazi

418

00:17:21,750 --> 00:17:19,520

but just so people understand what i'm

419

00:17:25,590 --> 00:17:21,760

saying so hove and weep are ruins

420

00:17:29,029 --> 00:17:25,600

attributed to the anazi who really are

421

00:17:31,430 --> 00:17:29,039

the ancestral play blowing people

422

00:17:33,990 --> 00:17:31,440

because the play blowing people still

423

00:17:36,150 --> 00:17:34,000

exist and are still out there

424

00:17:37,590 --> 00:17:36,160

the tribes are still there

425

00:17:40,070 --> 00:17:37,600

and some of them really don't like the

426

00:17:43,750 --> 00:17:40,080

term anazi but it's an anazi site it was

427

00:17:46,150 --> 00:17:43,760

abandoned oh somewhere around 1350 or so

428

00:17:47,990 --> 00:17:46,160

and the interesting thing to me about

429

00:17:50,950 --> 00:17:48,000

the most interesting thing

430

00:17:54,470 --> 00:17:50,960

is that like a lot of these puebloan

431

00:17:58,230 --> 00:17:54,480

sites it it has a canyon a very deep

432

00:18:00,230 --> 00:17:58,240

canyon that has sides of maybe 150 feet

433

00:18:02,310 --> 00:18:00,240

going down into the bottom of the canyon

434

00:18:04,310 --> 00:18:02,320

and it's like a box canyon

435

00:18:07,909 --> 00:18:04,320

but at the base

436

00:18:11,110 --> 00:18:07,919

of that canyon at the very bottom of it

437

00:18:14,230 --> 00:18:11,120

they built a stone tower

438

00:18:17,190 --> 00:18:14,240

down in the canyon and it goes up about

439

00:18:19,669 --> 00:18:17,200

35 to 40 feet so it's not coming out of

440

00:18:23,029 --> 00:18:19,679

the canyon so the question that i would

441

00:18:25,430 --> 00:18:23,039

ask you is why would you build a tower

442

00:18:27,590 --> 00:18:25,440

at the base of a canyon

443

00:18:30,390 --> 00:18:27,600

when you're down inside the canyon and

444

00:18:32,549 --> 00:18:30,400

your tower doesn't extend outside of the

445

00:18:33,750 --> 00:18:32,559

canyon why would you do that what is the

446

00:18:36,630 --> 00:18:33,760

point to it

447

00:18:38,070 --> 00:18:36,640

now to some extent that's rhetorical but

448

00:18:41,029 --> 00:18:38,080

do you want to take a shot at what they

449

00:18:43,190 --> 00:18:41,039

were doing you know to me um

450

00:18:44,950 --> 00:18:43,200

being from the outside looking in and

451

00:18:46,950 --> 00:18:44,960

not knowing about their culture it

452

00:18:49,190 --> 00:18:46,960

honestly looks as if it is an

453

00:18:51,430 --> 00:18:49,200

observation point

454

00:18:53,110 --> 00:18:51,440

well it is that if you are correct it is

455

00:18:56,390 --> 00:18:53,120

an observation point

456

00:18:58,710 --> 00:18:56,400

uh they have these little tiny windows

457

00:19:01,029 --> 00:18:58,720

about the size of a brick a modern brick

458

00:19:02,870 --> 00:19:01,039

that's all the bigger these windows are

459

00:19:04,710 --> 00:19:02,880

and they would sit at different areas in

460

00:19:06,710 --> 00:19:04,720

this tower by the way there's no door

461

00:19:08,789 --> 00:19:06,720

into this tower you have to take a

462

00:19:12,150 --> 00:19:08,799

ladder up to the top and go through an

463

00:19:14,310 --> 00:19:12,160

opening at the top down into it

464

00:19:16,630 --> 00:19:14,320

so these were they were observation

465

00:19:18,789 --> 00:19:16,640

towers for the movements of the sun and

466

00:19:20,789 --> 00:19:18,799

the moon and probably some stars

467

00:19:22,950 --> 00:19:20,799

although that's a stars other than the

468

00:19:25,110 --> 00:19:22,960

sun because the sun's a star but that's

469

00:19:27,110 --> 00:19:25,120

a little controversial there but it's a

470

00:19:30,310 --> 00:19:27,120

place where they were doing rituals and

471

00:19:32,470 --> 00:19:30,320

the idea of the rituals is they wanted

472

00:19:36,150 --> 00:19:32,480

to connect themselves

473

00:19:37,029 --> 00:19:36,160

literally to the ground they wanted to

474

00:19:39,750 --> 00:19:37,039

be

475

00:19:42,870 --> 00:19:39,760

grounded and down in deep earth the

476
00:19:45,350 --> 00:19:42,880
further you get down into the deep earth

477
00:19:48,549 --> 00:19:45,360
the more grounded you get and the deeper

478
00:19:50,789 --> 00:19:48,559
these spiritual experiences tend to be

479
00:19:52,549 --> 00:19:50,799
so that's the point it's also like all

480
00:19:54,390 --> 00:19:52,559
the kivas you know you're in an area

481
00:19:57,350 --> 00:19:54,400
where there are many kivas at a lot of

482
00:20:00,950 --> 00:19:57,360
these ruin sites akiva is generally a

483
00:20:03,669 --> 00:20:00,960
round structure that has been sunk into

484
00:20:05,830 --> 00:20:03,679
the ground and they're often about six

485
00:20:07,669 --> 00:20:05,840
eight ten feet deep into the ground

486
00:20:10,789 --> 00:20:07,679
they're circular and people would sit

487
00:20:12,870 --> 00:20:10,799
around on actual dirt you sit on the

488
00:20:15,430 --> 00:20:12,880

dirt and you have bare feet and you put

489

00:20:17,830 --> 00:20:15,440

your bare feet in the dirt and it is a

490

00:20:19,990 --> 00:20:17,840

way to ground yourself i'm using that

491

00:20:21,750 --> 00:20:20,000

term over and over because it is the

492

00:20:24,630 --> 00:20:21,760

term that explains it

493

00:20:27,590 --> 00:20:24,640

they would do that in order to connect

494

00:20:28,630 --> 00:20:27,600

with spiritual energy and the spiritual

495

00:20:29,430 --> 00:20:28,640

world

496

00:20:31,990 --> 00:20:29,440

by

497

00:20:34,230 --> 00:20:32,000

touching and interacting with earth

498

00:20:35,750 --> 00:20:34,240

energy of some kind some kind of earth

499

00:20:37,909 --> 00:20:35,760

energy which andrew and i believe are

500

00:20:41,190 --> 00:20:37,919

plasmas but you're right that's what the

501
00:20:44,029 --> 00:20:41,200
tower is for my wife and i went back to

502
00:20:47,590 --> 00:20:44,039
that site to try and experience it again

503
00:20:49,750 --> 00:20:47,600
31 years after we were there before

504
00:20:52,789 --> 00:20:49,760
we didn't really spend any time there

505
00:20:55,350 --> 00:20:52,799
and andrew had been to skinwalker ranch

506
00:20:57,669 --> 00:20:55,360
uh andrew was there

507
00:20:59,510 --> 00:20:57,679
oh i i don't remember exactly when it

508
00:21:02,230 --> 00:20:59,520
was when we were doing the book because

509
00:21:03,990 --> 00:21:02,240
he included some of that in the book uh

510
00:21:05,830 --> 00:21:04,000
but but he didn't get to go to hogan we

511
00:21:08,390 --> 00:21:05,840
by the way we're going up there in a

512
00:21:09,669 --> 00:21:08,400
couple months we'll be probably back to

513
00:21:11,830 --> 00:21:09,679

hovenweep

514

00:21:14,230 --> 00:21:11,840

uh in that area in a few months and

515

00:21:16,549 --> 00:21:14,240

andrew mayer may not be with us those

516

00:21:19,430 --> 00:21:16,559

days i'm not sure we're meeting him in

517

00:21:20,710 --> 00:21:19,440

arizona to do some things out there

518

00:21:23,430 --> 00:21:20,720

so anyway

519

00:21:26,630 --> 00:21:23,440

that's kind of a summary of hoevenweep

520

00:21:29,669 --> 00:21:26,640

it's a very large site there's actually

521

00:21:32,390 --> 00:21:29,679

five different portions of it spread out

522

00:21:35,029 --> 00:21:32,400

over miles but that canyon is really

523

00:21:37,430 --> 00:21:35,039

impressive it is so

524

00:21:39,510 --> 00:21:37,440

quiet that's one thing that i really

525

00:21:41,510 --> 00:21:39,520

envy you for you're living in an area

526

00:21:45,510 --> 00:21:41,520

where it can be really

527

00:21:48,870 --> 00:21:45,520

really quiet and the skies can be really

528

00:21:50,310 --> 00:21:48,880

really dark so you have a way that you

529

00:21:52,870 --> 00:21:50,320

can connect

530

00:21:54,630 --> 00:21:52,880

to these spiritual forces assuming that

531

00:21:56,630 --> 00:21:54,640

they exist and assuming that they're

532

00:21:58,310 --> 00:21:56,640

attached to the earth which i believe i

533

00:22:01,110 --> 00:21:58,320

do believe there are there is real

534

00:22:03,110 --> 00:22:01,120

spiritual energy out there and it is

535

00:22:05,029 --> 00:22:03,120

attached to the earth although it's

536

00:22:07,270 --> 00:22:05,039

everywhere in the universe

537

00:22:09,270 --> 00:22:07,280

and you brought something there oh gosh

538

00:22:12,950 --> 00:22:09,280

yes you've brought so many you're going

539

00:22:15,510 --> 00:22:12,960

right down all the things that i uh

540

00:22:17,510 --> 00:22:15,520

i'm amazed by and you brought something

541

00:22:19,750 --> 00:22:17,520

up that is very

542

00:22:21,750 --> 00:22:19,760

very important which is this transient

543

00:22:23,590 --> 00:22:21,760

plasma phenomenon and the belief that

544

00:22:25,830 --> 00:22:23,600

there is an intelligent plasma

545

00:22:27,430 --> 00:22:25,840

hypothesis of these

546

00:22:30,149 --> 00:22:27,440

anomalies

547

00:22:31,190 --> 00:22:30,159

and i wanted to ask you that

548

00:22:33,110 --> 00:22:31,200

it

549

00:22:34,549 --> 00:22:33,120

what do you believe these luminous

550

00:22:38,470 --> 00:22:34,559

plasma balls

551
00:22:41,110 --> 00:22:38,480
of long duration at low height

552
00:22:43,350 --> 00:22:41,120
these anomalous things that can be

553
00:22:44,630 --> 00:22:43,360
observed with anomalous characteristics

554
00:22:47,510 --> 00:22:44,640
you mentioned you believe they are

555
00:22:50,549 --> 00:22:47,520
plasma i do as well but i wanted to ask

556
00:22:52,149 --> 00:22:50,559
what brought you to that theory

557
00:22:55,430 --> 00:22:52,159
well actually if you look at the

558
00:22:57,750 --> 00:22:55,440
archetype experience back in 1984 i

559
00:23:00,149 --> 00:22:57,760
wrote a sentence something like this i

560
00:23:03,270 --> 00:23:00,159
strongly suspect that

561
00:23:05,990 --> 00:23:03,280
uh earth energies involving plasmas are

562
00:23:07,430 --> 00:23:06,000
the key to understanding the

563
00:23:09,990 --> 00:23:07,440

the real

564

00:23:11,750 --> 00:23:10,000

ufo phenomenon so i had this back in

565

00:23:15,909 --> 00:23:11,760

1984

566

00:23:17,909 --> 00:23:15,919

and that was based upon research

567

00:23:19,029 --> 00:23:17,919

there have been

568

00:23:20,549 --> 00:23:19,039

various

569

00:23:23,029 --> 00:23:20,559

researchers

570

00:23:24,230 --> 00:23:23,039

publishing in the professional

571

00:23:25,190 --> 00:23:24,240

literature

572

00:23:27,630 --> 00:23:25,200

on

573

00:23:30,789 --> 00:23:27,640

the effects of plasmas and

574

00:23:33,669 --> 00:23:30,799

electromagnetic fields on individuals

575

00:23:36,470 --> 00:23:33,679

mental state and experiences so in

576

00:23:39,029 --> 00:23:36,480

particular one professor in canada at

577

00:23:41,750 --> 00:23:39,039

laurentian university by the name of

578

00:23:44,070 --> 00:23:41,760

michael persinger who i knew by the way

579

00:23:45,909 --> 00:23:44,080

he died a few years ago persinger and i

580

00:23:48,070 --> 00:23:45,919

published in the same journals we

581

00:23:50,549 --> 00:23:48,080

referenced each other we interacted some

582

00:23:53,269 --> 00:23:50,559

because we had similar ideas but

583

00:23:56,149 --> 00:23:53,279

persinger was doing research

584

00:23:57,190 --> 00:23:56,159

in laboratories with willing college

585

00:23:59,470 --> 00:23:57,200

students

586

00:24:01,750 --> 00:23:59,480

where he would focus tiny

587

00:24:04,310 --> 00:24:01,760

electromagnetic fields in different

588

00:24:06,390 --> 00:24:04,320

areas of individuals brains as they

589

00:24:09,350 --> 00:24:06,400

would sit in a

590

00:24:12,470 --> 00:24:09,360

copper shielded room or a faraday cage

591

00:24:13,350 --> 00:24:12,480

and the experiences these students had

592

00:24:16,390 --> 00:24:13,360

were

593

00:24:17,510 --> 00:24:16,400

interesting in that some of them had a

594

00:24:19,430 --> 00:24:17,520

typical

595

00:24:21,029 --> 00:24:19,440

ufo sighting

596

00:24:22,870 --> 00:24:21,039

some of them and now they're sitting in

597

00:24:24,710 --> 00:24:22,880

this tiny little copper room in a

598

00:24:27,510 --> 00:24:24,720

laboratory you got to keep that in mind

599

00:24:30,230 --> 00:24:27,520

so they're reporting that they had a ufo

600

00:24:31,669 --> 00:24:30,240

sighting some of them had abduction

601
00:24:34,470 --> 00:24:31,679
experiences

602
00:24:35,909 --> 00:24:34,480
some of them were visited by the grays

603
00:24:38,470 --> 00:24:35,919
some of them had what would be

604
00:24:39,909 --> 00:24:38,480
considered contact d experiences where

605
00:24:41,750 --> 00:24:39,919
they're not abducted but they're just

606
00:24:45,110 --> 00:24:41,760
meeting an alien and the aliens giving

607
00:24:48,630 --> 00:24:45,120
them information others met angels

608
00:24:51,029 --> 00:24:48,640
some people claim to meet jesus and some

609
00:24:53,909 --> 00:24:51,039
actually claim to meet god

610
00:24:55,669 --> 00:24:53,919
and by the time it got to that point

611
00:24:57,830 --> 00:24:55,679
persinger had developed so he started

612
00:24:59,269 --> 00:24:57,840
in the early 70s doing this and i

613
00:25:01,110 --> 00:24:59,279

believe he was funded through the

614

00:25:01,990 --> 00:25:01,120

military but that that's all another

615

00:25:04,310 --> 00:25:02,000

story

616

00:25:06,390 --> 00:25:04,320

but by the by the time

617

00:25:10,870 --> 00:25:06,400

by the time he got to the aid in the

618

00:25:12,070 --> 00:25:10,880

1980s he had he had put the device into

619

00:25:13,909 --> 00:25:12,080

a helmet

620

00:25:15,350 --> 00:25:13,919

so you could put this helmet over your

621

00:25:17,190 --> 00:25:15,360

head you didn't have to attach

622

00:25:19,430 --> 00:25:17,200

electrodes to your brain or anything you

623

00:25:20,470 --> 00:25:19,440

just put this helmet over your head and

624

00:25:22,630 --> 00:25:20,480

then

625

00:25:24,710 --> 00:25:22,640

you would sit in this comfortable chair

626
00:25:26,870 --> 00:25:24,720
and they would close it off and then do

627
00:25:28,230 --> 00:25:26,880
the electromagnetic fields on you they

628
00:25:30,470 --> 00:25:28,240
got to the point where they didn't even

629
00:25:33,029 --> 00:25:30,480
need the helmet but the helmet people

630
00:25:34,630 --> 00:25:33,039
dubbed the god helmet

631
00:25:36,470 --> 00:25:34,640
and there were several famous

632
00:25:38,630 --> 00:25:36,480
psychologists came in that were

633
00:25:41,830 --> 00:25:38,640
interviewed and all of this got the

634
00:25:43,750 --> 00:25:41,840
attention of a number of fundamentalist

635
00:25:46,070 --> 00:25:43,760
groups who then went to laurentian

636
00:25:49,590 --> 00:25:46,080
university picketed the picketed the

637
00:25:51,590 --> 00:25:49,600
university uh forced them to basically

638
00:25:52,549 --> 00:25:51,600

have persinger go into hiding for a

639

00:25:54,230 --> 00:25:52,559

while

640

00:25:55,710 --> 00:25:54,240

but it was pursing her perszinger

641

00:25:57,990 --> 00:25:55,720

developed

642

00:26:00,789 --> 00:25:58,000

electromagnetic fields that can be

643

00:26:02,470 --> 00:26:00,799

thrown out at a long distance

644

00:26:05,750 --> 00:26:02,480

they can literally

645

00:26:08,950 --> 00:26:05,760

put words into your head

646

00:26:11,909 --> 00:26:08,960

you will hear words spoken through these

647

00:26:14,789 --> 00:26:11,919

you will all you can also

648

00:26:17,350 --> 00:26:14,799

have your choices affected by he did

649

00:26:18,789 --> 00:26:17,360

this really interesting experiment where

650

00:26:21,190 --> 00:26:18,799

students would sit in front of a

651
00:26:23,590 --> 00:26:21,200
computer and they'd be given choices

652
00:26:26,390 --> 00:26:23,600
like three choices one example after

653
00:26:30,350 --> 00:26:26,400
another choose one choose one choose one

654
00:26:32,549 --> 00:26:30,360
and by by focusing specific

655
00:26:34,310 --> 00:26:32,559
electromagnetic fields

656
00:26:36,630 --> 00:26:34,320
on the individuals that were making the

657
00:26:39,269 --> 00:26:36,640
choices persinger

658
00:26:41,029 --> 00:26:39,279
could have them choose what he wanted

659
00:26:43,510 --> 00:26:41,039
them to choose

660
00:26:45,990 --> 00:26:43,520
so the electromagnetic fields in all of

661
00:26:49,510 --> 00:26:46,000
his work he got he actually mentioned

662
00:26:52,470 --> 00:26:49,520
plasmas quite a lot in his research he

663
00:26:54,950 --> 00:26:52,480

did research on some plasma based

664

00:26:57,750 --> 00:26:54,960

apparitional phenomena and he published

665

00:26:58,549 --> 00:26:57,760

all this in scientific journals

666

00:27:01,430 --> 00:26:58,559

so

667

00:27:03,190 --> 00:27:01,440

all of his work and then stumbling upon

668

00:27:05,350 --> 00:27:03,200

all the military

669

00:27:08,710 --> 00:27:05,360

publications in this government

670

00:27:10,870 --> 00:27:08,720

publications which you can't find online

671

00:27:15,190 --> 00:27:10,880

you can't get them in a regular library

672

00:27:16,950 --> 00:27:15,200

but if you go to a government repository

673

00:27:19,909 --> 00:27:16,960

library

674

00:27:22,070 --> 00:27:19,919

and get access to it you won't find a a

675

00:27:24,149 --> 00:27:22,080

card catalog or anything you'll have to

676
00:27:25,750 --> 00:27:24,159
walk around and look but there are

677
00:27:28,710 --> 00:27:25,760
journals in there

678
00:27:30,950 --> 00:27:28,720
military research journals that contain

679
00:27:32,870 --> 00:27:30,960
a lot of information on this

680
00:27:35,430 --> 00:27:32,880
but i have believed for a long time

681
00:27:37,110 --> 00:27:35,440
since the 80s early 80s that plasmas

682
00:27:39,990 --> 00:27:37,120
were the key to this and of course

683
00:27:42,950 --> 00:27:40,000
plasma has been a dirty word in you in

684
00:27:44,789 --> 00:27:42,960
ufology for a long time when skeptics

685
00:27:46,870 --> 00:27:44,799
said it's just plasmas like ball

686
00:27:48,710 --> 00:27:46,880
lightning but we're not saying it's just

687
00:27:51,269 --> 00:27:48,720
like ball lightning there's something

688
00:27:53,909 --> 00:27:51,279

far more profound going on

689

00:27:56,230 --> 00:27:53,919

there are more these are not just tiny

690

00:27:59,350 --> 00:27:56,240

little plasmas we're talking about

691

00:28:01,110 --> 00:27:59,360

plasmas being the fourth state of matter

692

00:28:04,070 --> 00:28:01,120

which we probably ought to define in a

693

00:28:05,110 --> 00:28:04,080

minute but anyway we're talking about

694

00:28:08,630 --> 00:28:05,120

very

695

00:28:09,590 --> 00:28:08,640

powerful energy forms that interact with

696

00:28:12,630 --> 00:28:09,600

us

697

00:28:14,950 --> 00:28:12,640

create an electromagnetic shell around

698

00:28:16,710 --> 00:28:14,960

them which i call an interaction sphere

699

00:28:18,950 --> 00:28:16,720

because when you get inside of that

700

00:28:21,190 --> 00:28:18,960

shell that they form

701
00:28:23,669 --> 00:28:21,200
they begin interacting with you

702
00:28:26,789 --> 00:28:23,679
consciously and pulling information from

703
00:28:29,029 --> 00:28:26,799
you and i believe that their behavior

704
00:28:30,789 --> 00:28:29,039
and whatever happens after you get in

705
00:28:33,750 --> 00:28:30,799
that interaction shell

706
00:28:36,230 --> 00:28:33,760
is created by them

707
00:28:38,710 --> 00:28:36,240
reading your expectations reading your

708
00:28:41,430 --> 00:28:38,720
beliefs and then they conform to it

709
00:28:43,269 --> 00:28:41,440
which sounds really bizarre uh but that

710
00:28:45,590 --> 00:28:43,279
goes all the that goes on all the time

711
00:28:48,149 --> 00:28:45,600
in real life too we we read other

712
00:28:50,230 --> 00:28:48,159
people's behavior and then conform hours

713
00:28:52,789 --> 00:28:50,240

to whatever whatever whatever

714

00:28:54,630 --> 00:28:52,799

information we might get from people so

715

00:28:57,029 --> 00:28:54,640

i'm all over the place there i'll let

716

00:28:59,430 --> 00:28:57,039

you go ahead and get me back on track

717

00:29:01,430 --> 00:28:59,440

here oh my gosh you may think you're all

718

00:29:03,909 --> 00:29:01,440

over the place but mr little you're

719

00:29:04,789 --> 00:29:03,919

actually right on target

720

00:29:07,990 --> 00:29:04,799

um

721

00:29:11,350 --> 00:29:08,000

at uh space wolf research this base camp

722

00:29:12,389 --> 00:29:11,360

um in utah where we

723

00:29:14,870 --> 00:29:12,399

basically

724

00:29:16,310 --> 00:29:14,880

try to interact with these anomalies

725

00:29:19,590 --> 00:29:16,320

we are very

726

00:29:22,950 --> 00:29:19,600

very deeply associated with

727

00:29:25,830 --> 00:29:22,960

and passionately uh involved with

728

00:29:28,149 --> 00:29:25,840

the god helmet and for example the onja

729

00:29:29,510 --> 00:29:28,159

lamp these are things that um are

730

00:29:31,909 --> 00:29:29,520

utilized

731

00:29:33,669 --> 00:29:31,919

to kind of make that interaction between

732

00:29:36,389 --> 00:29:33,679

human consciousness and this

733

00:29:38,789 --> 00:29:36,399

trans-dimensional intelligence

734

00:29:42,070 --> 00:29:38,799

and interestingly you also mentioned the

735

00:29:45,510 --> 00:29:42,080

faraday cage which i find is very

736

00:29:48,389 --> 00:29:45,520

remarkable uh we have placed a just a

737

00:29:51,269 --> 00:29:48,399

simple steel container a 40-foot

738

00:29:53,029 --> 00:29:51,279

8 700 pound steel container

739

00:29:55,110 --> 00:29:53,039

uh that it

740

00:29:56,789 --> 00:29:55,120

serves basically a cheap way to serve

741

00:29:59,669 --> 00:29:56,799

that same purpose

742

00:30:04,549 --> 00:29:59,679

it works yeah they work and it does seem

743

00:30:06,149 --> 00:30:04,559

yeah as if this explains some sort of um

744

00:30:08,630 --> 00:30:06,159

it combines

745

00:30:10,470 --> 00:30:08,640

with the observer and they become almost

746

00:30:12,470 --> 00:30:10,480

in an altered state of consciousness

747

00:30:14,950 --> 00:30:12,480

with these natural forces

748

00:30:17,350 --> 00:30:14,960

and something very interesting which has

749

00:30:19,669 --> 00:30:17,360

taken place recently

750

00:30:22,789 --> 00:30:19,679

is that we have

751

00:30:24,789 --> 00:30:22,799

for lack of a better word had this

752

00:30:27,110 --> 00:30:24,799

80s and i have not come forward with

753

00:30:28,870 --> 00:30:27,120

this but i have to given given all the

754

00:30:32,230 --> 00:30:28,880

points that you're hitting

755

00:30:33,590 --> 00:30:32,240

all right um we had this 8 700 pound

756

00:30:37,430 --> 00:30:33,600

container

757

00:30:39,190 --> 00:30:37,440

mysteriously moved and this is a an area

758

00:30:41,669 --> 00:30:39,200

i mean there's cameras everywhere

759

00:30:45,110 --> 00:30:41,679

constantly recording the cameras went

760

00:30:46,549 --> 00:30:45,120

down in this 8 700 pound container

761

00:30:47,510 --> 00:30:46,559

basically

762

00:30:49,350 --> 00:30:47,520

was

763

00:30:52,230 --> 00:30:49,360

moved elevated

764

00:30:53,909 --> 00:30:52,240
and went from a

765

00:30:57,990 --> 00:30:53,919
east to west

766

00:30:59,909 --> 00:30:58,000
facing direction to a north to south

767

00:31:01,509 --> 00:30:59,919
facing direction

768

00:31:05,269 --> 00:31:01,519
and this

769

00:31:06,310 --> 00:31:05,279
not only fascinated us but also

770

00:31:09,190 --> 00:31:06,320
it is

771

00:31:12,070 --> 00:31:09,200
fairly impossible the electromagnetic

772

00:31:13,190 --> 00:31:12,080
frequencies and other radiation levels

773

00:31:14,470 --> 00:31:13,200
and such

774

00:31:16,470 --> 00:31:14,480
are just at the point where they're

775

00:31:17,830 --> 00:31:16,480
going down now this happened a little

776
00:31:19,509 --> 00:31:17,840
while ago

777
00:31:21,590 --> 00:31:19,519
and the container itself became

778
00:31:23,669 --> 00:31:21,600
magnetized now

779
00:31:25,830 --> 00:31:23,679
um just to quickly touch on something

780
00:31:28,149 --> 00:31:25,840
else you mentioned about the military

781
00:31:31,029 --> 00:31:28,159
funding for some of these projects we

782
00:31:35,590 --> 00:31:31,039
have received various

783
00:31:37,669 --> 00:31:35,600
uh requests i should say by

784
00:31:39,750 --> 00:31:37,679
i gotta be careful here because usually

785
00:31:40,950 --> 00:31:39,760
the military does fund these things

786
00:31:42,070 --> 00:31:40,960
through

787
00:31:43,669 --> 00:31:42,080
um

788
00:31:46,230 --> 00:31:43,679

other corporations either private

789

00:31:48,230 --> 00:31:46,240

entities or non-profits to kind of have

790

00:31:50,710 --> 00:31:48,240

that plausible plausible deniability

791

00:31:53,590 --> 00:31:50,720

because that's important in other words

792

00:31:55,430 --> 00:31:53,600

they they they want to be involved but

793

00:31:57,350 --> 00:31:55,440

they don't want to get their hands dirty

794

00:32:00,870 --> 00:31:57,360

and i understand that but it's

795

00:32:03,350 --> 00:32:00,880

interesting that you mentioned military

796

00:32:04,710 --> 00:32:03,360

funding possibly with uh pershing and

797

00:32:05,590 --> 00:32:04,720

some of these other

798

00:32:06,870 --> 00:32:05,600

um

799

00:32:09,029 --> 00:32:06,880

similar

800

00:32:11,110 --> 00:32:09,039

uh yeah yeah

801
00:32:12,470 --> 00:32:11,120
so i wanted to get into

802
00:32:15,430 --> 00:32:12,480
um

803
00:32:17,509 --> 00:32:15,440
how did how how did you

804
00:32:19,669 --> 00:32:17,519
realize or how was it revealed to you

805
00:32:21,509 --> 00:32:19,679
that this may have been militarily

806
00:32:23,269 --> 00:32:21,519
funded

807
00:32:25,990 --> 00:32:23,279
well

808
00:32:29,269 --> 00:32:26,000
as i i put in the book that the new one

809
00:32:30,830 --> 00:32:29,279
with andrew the origins of the gods that

810
00:32:33,750 --> 00:32:30,840
back in

811
00:32:36,750 --> 00:32:33,760
1972 i started graduate school in

812
00:32:38,549 --> 00:32:36,760
psychology and my area was called

813
00:32:40,230 --> 00:32:38,559

psychopharmacology which is a study of

814

00:32:41,990 --> 00:32:40,240

how drugs work in the brain we were

815

00:32:43,990 --> 00:32:42,000

doing all kinds of research with drugs

816

00:32:45,350 --> 00:32:44,000

and so on various drugs supplied by the

817

00:32:47,830 --> 00:32:45,360

us government

818

00:32:50,149 --> 00:32:47,840

uh the drug enforcement enforcement

819

00:32:51,029 --> 00:32:50,159

administration sent them to me but okay

820

00:32:53,430 --> 00:32:51,039

so

821

00:32:55,909 --> 00:32:53,440

when i got into when i was accepted into

822

00:32:56,789 --> 00:32:55,919

graduate school it was an ms phd program

823

00:33:02,630 --> 00:32:56,799

they

824

00:33:03,750 --> 00:33:02,640

student that was in the ms phd program

825

00:33:11,509 --> 00:33:03,760

had

826

00:33:12,950 --> 00:33:11,519

worked full-time my entire time through

827

00:33:14,389 --> 00:33:12,960

undergraduate school at the local

828

00:33:16,389 --> 00:33:14,399

newspapers

829

00:33:17,590 --> 00:33:16,399

in memphis which at that time were very

830

00:33:19,990 --> 00:33:17,600

very big

831

00:33:22,710 --> 00:33:20,000

uh it was a it was a pretty good job but

832

00:33:25,190 --> 00:33:22,720

i so i had to quit that job that i'd had

833

00:33:26,789 --> 00:33:25,200

for four years at the local newspapers

834

00:33:29,029 --> 00:33:26,799

and take an assistantship and the

835

00:33:31,669 --> 00:33:29,039

assistantship i took i told them i can't

836

00:33:34,470 --> 00:33:31,679

take a cheap one i just can't do it like

837

00:33:37,509 --> 00:33:34,480

a teaching one so i got a

838

00:33:39,430 --> 00:33:37,519

uh research assistantship

839

00:33:41,509 --> 00:33:39,440

that was funded through the office of

840

00:33:43,750 --> 00:33:41,519

naval research

841

00:33:46,950 --> 00:33:43,760

the head of it had been a

842

00:33:48,950 --> 00:33:46,960

bizarrely a colonel in the u.s army who

843

00:33:50,230 --> 00:33:48,960

was the head of the fort knox research

844

00:33:52,470 --> 00:33:50,240

institute

845

00:33:54,870 --> 00:33:52,480

so he came to what was then memphis

846

00:33:56,630 --> 00:33:54,880

state university where i was going to

847

00:33:59,350 --> 00:33:56,640

school graduate school

848

00:34:01,990 --> 00:33:59,360

and headed this research project so i

849

00:34:03,509 --> 00:34:02,000

was one of the

850

00:34:06,630 --> 00:34:03,519

one of two

851
00:34:08,310 --> 00:34:06,640
of the students graduate students who

852
00:34:10,710 --> 00:34:08,320
were the research assistants so we

853
00:34:14,310 --> 00:34:10,720
traveled all over the country

854
00:34:17,349 --> 00:34:14,320
going to u.s navy bases air stations

855
00:34:19,750 --> 00:34:17,359
mainly and testing pilots

856
00:34:21,510 --> 00:34:19,760
so we probably tested i have tried to

857
00:34:22,950 --> 00:34:21,520
figure it out can't quite remember but

858
00:34:25,109 --> 00:34:22,960
it's in the thousands i think it's

859
00:34:27,270 --> 00:34:25,119
around it's almost two thousand

860
00:34:29,589 --> 00:34:27,280
different pilots that we tested

861
00:34:32,230 --> 00:34:29,599
long involved story but anyway

862
00:34:34,869 --> 00:34:32,240
i went to the office of naval research

863
00:34:36,869 --> 00:34:34,879

one time at the very beginning of it i

864

00:34:39,430 --> 00:34:36,879

went with the colonel and the other

865

00:34:42,790 --> 00:34:39,440

assistant uh he went in they were very

866

00:34:43,829 --> 00:34:42,800

friendly to him here i was 21 years old

867

00:34:45,829 --> 00:34:43,839

uh

868

00:34:48,710 --> 00:34:45,839

basically a hippie type

869

00:34:51,109 --> 00:34:48,720

long hair uh i had

870

00:34:52,869 --> 00:34:51,119

mushroom t-shirts on if you remember

871

00:34:54,710 --> 00:34:52,879

what those orange t-shirts they got

872

00:34:57,510 --> 00:34:54,720

mushrooms all over them

873

00:35:00,870 --> 00:34:57,520

i had embroidered jeans all that kind of

874

00:35:02,390 --> 00:35:00,880

stuff so i was not i didn't go all the

875

00:35:03,750 --> 00:35:02,400

way into the

876

00:35:06,470 --> 00:35:03,760

you know the

877

00:35:09,190 --> 00:35:06,480

dark secret recesses of the office of

878

00:35:10,870 --> 00:35:09,200

naval research at uh pensacola at the

879

00:35:13,270 --> 00:35:10,880

time so

880

00:35:14,710 --> 00:35:13,280

uh i sat out front and was allowed to

881

00:35:16,630 --> 00:35:14,720

walk around i talked to a bunch of

882

00:35:18,470 --> 00:35:16,640

people and i wound up talking to people

883

00:35:20,790 --> 00:35:18,480

that were about my age that were

884

00:35:23,190 --> 00:35:20,800

research assistants there and we started

885

00:35:25,270 --> 00:35:23,200

talking to each other about the kind of

886

00:35:27,589 --> 00:35:25,280

research that we were doing which we

887

00:35:31,430 --> 00:35:27,599

were the main thing that was interesting

888

00:35:33,030 --> 00:35:31,440

to us was what we called i wonder what

889

00:35:35,270 --> 00:35:33,040

if research

890

00:35:38,470 --> 00:35:35,280

so the example that i always give it's a

891

00:35:41,190 --> 00:35:38,480

true one the dea once sent us

892

00:35:42,790 --> 00:35:41,200

uh a drug which they weren't really sure

893

00:35:45,670 --> 00:35:42,800

what it was going to do called fence

894

00:35:47,670 --> 00:35:45,680

cyclidine fence cyclidine is the same

895

00:35:49,510 --> 00:35:47,680

thing as pcg

896

00:35:51,510 --> 00:35:49,520

so they sent us the drug my major

897

00:35:53,109 --> 00:35:51,520

professor came in with a vial of it

898

00:35:55,270 --> 00:35:53,119

after he got it

899

00:35:56,950 --> 00:35:55,280

and he laid it in my desk and he said

900

00:35:58,390 --> 00:35:56,960

hey why don't you check this out and see

901
00:36:00,470 --> 00:35:58,400
what it does

902
00:36:03,270 --> 00:36:00,480
and i said okay so i went and got a rat

903
00:36:05,109 --> 00:36:03,280
brought it to my office a white lab rat

904
00:36:07,109 --> 00:36:05,119
i got a small amount of it into a

905
00:36:08,550 --> 00:36:07,119
syringe i injected the rat with it and

906
00:36:10,470 --> 00:36:08,560
just let it run around on my desk

907
00:36:12,630 --> 00:36:10,480
because i was doing other stuff and the

908
00:36:15,510 --> 00:36:12,640
rat fell over and ran around in circles

909
00:36:19,109 --> 00:36:15,520
that's a true story so the way that's

910
00:36:21,910 --> 00:36:19,119
worded is this i wonder what if research

911
00:36:25,510 --> 00:36:21,920
it's i wonder what will happen if i

912
00:36:28,390 --> 00:36:25,520
inject this rat with this pcp

913
00:36:31,670 --> 00:36:28,400

and there's an incredible amount of i

914

00:36:34,150 --> 00:36:31,680

wonder what if experiments are done and

915

00:36:36,870 --> 00:36:34,160

a lot of those were being done by the

916

00:36:39,349 --> 00:36:36,880

office of naval research one of which i

917

00:36:41,910 --> 00:36:39,359

believe was the gulf breeze light not

918

00:36:44,790 --> 00:36:41,920

the same thing as the

919

00:36:46,550 --> 00:36:44,800

the gulf breeze ufo incidents where ed

920

00:36:48,870 --> 00:36:46,560

walters and others you know claim they

921

00:36:51,910 --> 00:36:48,880

took pictures of flying saucers the gulf

922

00:36:53,829 --> 00:36:51,920

breeze light came on after it and my

923

00:36:56,510 --> 00:36:53,839

wife and i went to see the gulf breeze

924

00:36:59,589 --> 00:36:56,520

light i believe the year was

925

00:37:00,790 --> 00:36:59,599

1991 when we went and saw it it had

926
00:37:03,750 --> 00:37:00,800
appeared

927
00:37:05,750 --> 00:37:03,760
nine straight nights we did see it

928
00:37:08,069 --> 00:37:05,760
got pictures of it but everybody there

929
00:37:10,150 --> 00:37:08,079
knew what time it was going to appear

930
00:37:12,310 --> 00:37:10,160
they knew where it was going to appear

931
00:37:14,550 --> 00:37:12,320
and they were able to tell me exactly

932
00:37:16,870 --> 00:37:14,560
what it was going to do in the 90

933
00:37:20,710 --> 00:37:16,880
seconds that it was visible there were

934
00:37:23,109 --> 00:37:20,720
104 people there and it when i saw it

935
00:37:24,069 --> 00:37:23,119
and listened to the people got a photo

936
00:37:26,710 --> 00:37:24,079
of it

937
00:37:28,069 --> 00:37:26,720
and it did exactly what they told me it

938
00:37:29,910 --> 00:37:28,079

was going to do

939

00:37:32,230 --> 00:37:29,920

and it really was quite a quite

940

00:37:34,150 --> 00:37:32,240

impressive display but i immediately

941

00:37:36,230 --> 00:37:34,160

started turning around looking at the

942

00:37:37,430 --> 00:37:36,240

hundred and four people there because i

943

00:37:38,310 --> 00:37:37,440

counted them

944

00:37:40,470 --> 00:37:38,320

and

945

00:37:42,710 --> 00:37:40,480

i was thinking there's got to be

946

00:37:44,950 --> 00:37:42,720

somebody here from the office of naval

947

00:37:47,270 --> 00:37:44,960

research with a clipboard probably two

948

00:37:49,109 --> 00:37:47,280

or three of them and they are doing an

949

00:37:51,349 --> 00:37:49,119

experiment to see how people are

950

00:37:53,910 --> 00:37:51,359

reacting to this thing

951
00:37:57,270 --> 00:37:53,920
so that was that is an example of what i

952
00:38:00,069 --> 00:37:57,280
believe was one of their early studies

953
00:38:02,150 --> 00:38:00,079
uh what what they were

954
00:38:03,670 --> 00:38:02,160
uh the reason that i was certain it was

955
00:38:05,750 --> 00:38:03,680
the opposite naval research researchers

956
00:38:06,710 --> 00:38:05,760
the light was appearing

957
00:38:09,990 --> 00:38:06,720
over

958
00:38:12,710 --> 00:38:10,000
eglin air force base which is where the

959
00:38:14,069 --> 00:38:12,720
onr station was at the time

960
00:38:16,150 --> 00:38:14,079
and

961
00:38:18,390 --> 00:38:16,160
uh i knew

962
00:38:21,030 --> 00:38:18,400
by finding

963
00:38:23,190 --> 00:38:21,040

their research published in the

964

00:38:25,190 --> 00:38:23,200

government archives

965

00:38:26,470 --> 00:38:25,200

and it's not they weren't publish it the

966

00:38:29,430 --> 00:38:26,480

navy

967

00:38:31,589 --> 00:38:29,440

and the military don't directly publish

968

00:38:34,710 --> 00:38:31,599

it it is researchers you're right

969

00:38:37,670 --> 00:38:34,720

researchers get grants from them

970

00:38:40,870 --> 00:38:37,680

to do very specific things

971

00:38:43,589 --> 00:38:40,880

and each researcher works kind of in a

972

00:38:46,150 --> 00:38:43,599

bubble and is not aware of what everyone

973

00:38:48,790 --> 00:38:46,160

else is doing so it's like different

974

00:38:51,910 --> 00:38:48,800

aspects of the same sort of research

975

00:38:55,430 --> 00:38:51,920

project are partialled out to different

976

00:38:57,910 --> 00:38:55,440

researchers bit by bit so nobody out

977

00:38:59,430 --> 00:38:57,920

there gets to see the complete picture

978

00:39:01,190 --> 00:38:59,440

and you can even get those government

979

00:39:04,069 --> 00:39:01,200

documents and read them and they in the

980

00:39:07,030 --> 00:39:04,079

references they'll often say refer to

981

00:39:08,870 --> 00:39:07,040

uh grant and then a long number with

982

00:39:11,270 --> 00:39:08,880

letters and so on that's what you'll see

983

00:39:13,190 --> 00:39:11,280

but you have no access to that so it's

984

00:39:16,069 --> 00:39:13,200

stuck on a shelf somewhere you'll never

985

00:39:18,950 --> 00:39:16,079

see but that is how i became aware that

986

00:39:21,270 --> 00:39:18,960

they were working on plasmas

987

00:39:24,470 --> 00:39:21,280

that they had

988

00:39:26,069 --> 00:39:24,480

basically from what they had done in the

989

00:39:33,349 --> 00:39:26,079

ufo field

990

00:39:36,550 --> 00:39:33,359

developing plasma based technology

991

00:39:39,910 --> 00:39:36,560

as weapons as decoys

992

00:39:43,349 --> 00:39:39,920

as ways to control people and there is a

993

00:39:46,790 --> 00:39:43,359

long list of devices that the navy and

994

00:39:49,750 --> 00:39:46,800

the army have developed in in

995

00:39:52,710 --> 00:39:49,760

in cooperation with lots and lots of

996

00:39:54,390 --> 00:39:52,720

researchers like michael persinger

997

00:39:56,310 --> 00:39:54,400

because they have all of everything

998

00:39:58,390 --> 00:39:56,320

pursing or developed in the years while

999

00:40:01,510 --> 00:39:58,400

he was alive is now

1000

00:40:03,910 --> 00:40:01,520

being used somewhere by the us navy

1001
00:40:07,190 --> 00:40:03,920
everything so that's how i knew that

1002
00:40:10,309 --> 00:40:07,200
these people were being funded by the

1003
00:40:11,910 --> 00:40:10,319
government not necessarily as a military

1004
00:40:13,030 --> 00:40:11,920
project because the people doing the

1005
00:40:14,790 --> 00:40:13,040
research

1006
00:40:17,109 --> 00:40:14,800
didn't really know exactly where the

1007
00:40:19,510 --> 00:40:17,119
money was coming from or what it was

1008
00:40:22,069 --> 00:40:19,520
they just didn't know

1009
00:40:24,309 --> 00:40:22,079
such a vivid explanation and such a good

1010
00:40:26,150 --> 00:40:24,319
way to explain it all because it does

1011
00:40:27,589 --> 00:40:26,160
seem like a lot of this is lost in

1012
00:40:29,589 --> 00:40:27,599
translation

1013
00:40:33,030 --> 00:40:29,599

um

1014

00:40:35,430 --> 00:40:33,040

in the book american cosmic by

1015

00:40:36,950 --> 00:40:35,440

diana posalka i don't know if you've

1016

00:40:39,349 --> 00:40:36,960

read that book

1017

00:40:42,790 --> 00:40:39,359

um there is an interesting character

1018

00:40:46,950 --> 00:40:42,800

named tyler who is a very real person

1019

00:40:48,710 --> 00:40:46,960

and uh it is interesting that he is

1020

00:40:50,829 --> 00:40:48,720

kind of uh

1021

00:40:53,670 --> 00:40:50,839

attributed with

1022

00:40:55,829 --> 00:40:53,680

deriving uh

1023

00:40:56,710 --> 00:40:55,839

or tapping into

1024

00:41:06,550 --> 00:40:56,720

a

1025

00:41:09,510 --> 00:41:06,560

the process by which this is

1026

00:41:11,829 --> 00:41:09,520

consummated is kind of impossible to

1027

00:41:13,670 --> 00:41:11,839

accomplish he he accomplishes these

1028

00:41:16,309 --> 00:41:13,680

impossible feats

1029

00:41:18,230 --> 00:41:16,319

and he could not exactly document or

1030

00:41:20,870 --> 00:41:18,240

describe the process with which they

1031

00:41:23,670 --> 00:41:20,880

were gained and a lot of this is due to

1032

00:41:25,349 --> 00:41:23,680

this type of research that seems to be

1033

00:41:27,270 --> 00:41:25,359

somewhat fringe

1034

00:41:29,750 --> 00:41:27,280

interestingly you mentioned these plasma

1035

00:41:30,630 --> 00:41:29,760

intelligences and the government

1036

00:41:32,950 --> 00:41:30,640

and

1037

00:41:35,190 --> 00:41:32,960

a researcher that i've been in contact

1038

00:41:36,309 --> 00:41:35,200

with for a very long time mr jacques

1039

00:41:39,030 --> 00:41:36,319

valet

1040

00:41:41,349 --> 00:41:39,040

uh i remember him telling me of a

1041

00:41:44,309 --> 00:41:41,359

situation a scenario i can't go into all

1042

00:41:46,309 --> 00:41:44,319

the details but he did say that he had a

1043

00:41:48,550 --> 00:41:46,319

bag placed on his head and he was taken

1044

00:41:50,230 --> 00:41:48,560

into one of these labs

1045

00:41:52,390 --> 00:41:50,240

and he

1046

00:41:55,270 --> 00:41:52,400

purported to see

1047

00:41:59,510 --> 00:41:55,280

something that he had never seen before

1048

00:42:01,349 --> 00:41:59,520

which seemed intelligent it was floating

1049

00:42:05,109 --> 00:42:01,359

and

1050

00:42:06,950 --> 00:42:05,119

very much would fall into this realm of

1051

00:42:07,750 --> 00:42:06,960

uh phenomenon

1052

00:42:14,550 --> 00:42:07,760

so

1053

00:42:15,750 --> 00:42:14,560

such as jacques uh was again as you said

1054

00:42:18,710 --> 00:42:15,760

this is very

1055

00:42:20,630 --> 00:42:18,720

compartmentalized he was told you're not

1056

00:42:23,510 --> 00:42:20,640

there for you're not here for that

1057

00:42:25,270 --> 00:42:23,520

you're here for this to work on this

1058

00:42:28,069 --> 00:42:25,280

um when they reached out to him and it

1059

00:42:30,950 --> 00:42:28,079

was another specific task which has to

1060

00:42:33,510 --> 00:42:30,960

be infuriating as a researcher but

1061

00:42:35,589 --> 00:42:33,520

i find that these intrepid researchers

1062

00:42:36,790 --> 00:42:35,599

and investigators

1063

00:42:38,550 --> 00:42:36,800

they as long as they know they're

1064

00:42:40,790 --> 00:42:38,560

working on capturing the mystery

1065

00:42:43,910 --> 00:42:40,800

somewhat they they play ball

1066

00:42:46,309 --> 00:42:43,920

and um it's informative but i think

1067

00:42:50,150 --> 00:42:46,319

that's very impressive

1068

00:42:52,390 --> 00:42:50,160

that that connection is made between

1069

00:42:54,710 --> 00:42:52,400

these actually being utilized in some

1070

00:42:56,950 --> 00:42:54,720

way shape or form especially given

1071

00:42:58,870 --> 00:42:56,960

the fact that we have

1072

00:43:02,309 --> 00:42:58,880

since declassified

1073

00:43:04,790 --> 00:43:02,319

information um relating to utah and the

1074

00:43:07,109 --> 00:43:04,800

uintah basin such as the advanced

1075

00:43:08,309 --> 00:43:07,119

aerospace weapon system applications

1076

00:43:10,309 --> 00:43:08,319

program

1077

00:43:12,470 --> 00:43:10,319

uh the advanced aerospace threat

1078

00:43:14,069 --> 00:43:12,480

identification

1079

00:43:17,270 --> 00:43:14,079

program atip

1080

00:43:18,710 --> 00:43:17,280

these are u.s government

1081

00:43:20,069 --> 00:43:18,720

programs

1082

00:43:24,710 --> 00:43:20,079

and

1083

00:43:30,550 --> 00:43:24,720

it does seem as if there is

1084

00:43:36,390 --> 00:43:34,150

i find it amazing that um to kind of tie

1085

00:43:38,950 --> 00:43:36,400

that that thought up

1086

00:43:42,309 --> 00:43:38,960

when robert bigelow was asked i believe

1087

00:43:43,750 --> 00:43:42,319

it was on a 60 minutes video

1088

00:43:46,230 --> 00:43:43,760

or segment

1089

00:43:48,550 --> 00:43:46,240

you know here you are a very successful

1090

00:43:51,510 --> 00:43:48,560

businessman mr bigelow

1091

00:43:54,069 --> 00:43:51,520

and you believe in aliens does that make

1092

00:43:55,910 --> 00:43:54,079

you embarrassed or

1093

00:43:56,950 --> 00:43:55,920

are you worried people will think less

1094

00:43:59,270 --> 00:43:56,960

of you

1095

00:44:01,510 --> 00:43:59,280

and he was quoted saying

1096

00:44:03,990 --> 00:44:01,520

i don't care what people think these

1097

00:44:05,190 --> 00:44:04,000

intelligences are here right under our

1098

00:44:06,710 --> 00:44:05,200

noses

1099

00:44:09,510 --> 00:44:06,720

were you able to watch that and what

1100

00:44:11,670 --> 00:44:09,520

were your thoughts of that comment

1101
00:44:13,910 --> 00:44:11,680
well it appears we've had some extreme

1102
00:44:17,030 --> 00:44:13,920
technical difficulties the zoom link

1103
00:44:17,990 --> 00:44:17,040
went down i have been able to get a hold

1104
00:44:20,309 --> 00:44:18,000
of him

1105
00:44:22,790 --> 00:44:20,319
through other methods of communication

1106
00:44:25,030 --> 00:44:22,800
electronically i've tried

1107
00:44:26,870 --> 00:44:25,040
everything but the pathway to

1108
00:44:29,109 --> 00:44:26,880
communication has been severed

1109
00:44:31,349 --> 00:44:29,119
unfortunately but that's okay we were

1110
00:44:34,470 --> 00:44:31,359
just wrapping up and uh

1111
00:44:36,950 --> 00:44:34,480
that goes with the territory

1112
00:44:38,710 --> 00:44:36,960
well something interesting has occurred

1113
00:44:41,670 --> 00:44:38,720

as sometimes

1114

00:44:44,550 --> 00:44:41,680

happens when discussing these topics

1115

00:44:46,069 --> 00:44:44,560

we've run into some extreme technical

1116

00:44:49,910 --> 00:44:46,079

difficulties

1117

00:44:52,390 --> 00:44:49,920

i lost mr little um via our zoom link

1118

00:44:54,870 --> 00:44:52,400

and i could not get a hold of him

1119

00:44:56,230 --> 00:44:54,880

through other channels of communication

1120

00:44:58,710 --> 00:44:56,240

either

1121

00:45:00,230 --> 00:44:58,720

and these these things happen

1122

00:45:02,470 --> 00:45:00,240

but uh

1123

00:45:04,150 --> 00:45:02,480

i pretty much wanted to round up the

1124

00:45:06,870 --> 00:45:04,160

conversation

1125

00:45:07,829 --> 00:45:06,880

with promoting mr little's

1126

00:45:10,550 --> 00:45:07,839

books

1127

00:45:13,190 --> 00:45:10,560

and all of the work that he has done

1128

00:45:14,710 --> 00:45:13,200

origin of the gods is available on

1129

00:45:17,670 --> 00:45:14,720

amazon

1130

00:45:21,270 --> 00:45:17,680

and it is something that should really

1131

00:45:24,309 --> 00:45:21,280

be purchased if you are interested

1132

00:45:27,670 --> 00:45:24,319

in shamanism native american religion

1133

00:45:30,309 --> 00:45:27,680

ufos ancient and controversial knowledge

1134

00:45:33,430 --> 00:45:30,319

this book is a stunner it explores how

1135

00:45:36,309 --> 00:45:33,440

our ancestors used shamanic rituals

1136

00:45:37,990 --> 00:45:36,319

at sacred sites to create portals for

1137

00:45:40,390 --> 00:45:38,000

communication with non-human

1138

00:45:42,470 --> 00:45:40,400

intelligences

1139

00:45:44,309 --> 00:45:42,480

it shares supporting evidence from the

1140

00:45:47,750 --> 00:45:44,319

spiritual and shamanic beliefs of more

1141

00:45:49,829 --> 00:45:47,760

than 100 native american tribes it also

1142

00:45:52,950 --> 00:45:49,839

shows how the earliest forms of

1143

00:45:55,109 --> 00:45:52,960

shamanism began at sites

1144

00:45:56,710 --> 00:45:55,119

in israel more than four hundred

1145

00:45:59,670 --> 00:45:56,720

thousand years ago

1146

00:46:01,349 --> 00:45:59,680

goes from gobekli tepi and turkey to the

1147

00:46:04,069 --> 00:46:01,359

egyptian pyramids

1148

00:46:06,870 --> 00:46:04,079

from the stone circles of europe to the

1149

00:46:09,910 --> 00:46:06,880

mound complexes of the americas

1150

00:46:12,069 --> 00:46:09,920

gregory little and andrew collins

1151

00:46:14,950 --> 00:46:12,079

show how again and again

1152

00:46:17,910 --> 00:46:14,960

our ancestors built permanent sites of

1153

00:46:20,150 --> 00:46:17,920

ceremonial activity where geomagnetic

1154

00:46:21,750 --> 00:46:20,160

and gravitational anomalies

1155

00:46:24,069 --> 00:46:21,760

have been recorded

1156

00:46:27,589 --> 00:46:24,079

they investigate how the earliest forms

1157

00:46:30,950 --> 00:46:27,599

of animism and shamanism began at sites

1158

00:46:33,750 --> 00:46:30,960

like the dinosaur cave in the Altai

1159

00:46:36,630 --> 00:46:33,760

mountains of Siberia and Kesem cave in

1160

00:46:38,710 --> 00:46:36,640

Israel more than 400,000 years ago

1161

00:46:41,109 --> 00:46:38,720

explaining how shamanic rituals and

1162

00:46:43,349 --> 00:46:41,119

altered states of consciousness

1163

00:46:46,550 --> 00:46:43,359

combined with the natural forces of the

1164

00:46:49,990 --> 00:46:46,560

earth to create portals for contact with

1165

00:46:52,630 --> 00:46:50,000

other worldly realms in other words the

1166

00:46:54,950 --> 00:46:52,640

gods of our ancestors were the result of

1167

00:46:57,430 --> 00:46:54,960

an interaction between human

1168

00:46:59,030 --> 00:46:57,440

consciousness and trans-dimensional

1169

00:47:02,150 --> 00:46:59,040

intelligences

1170

00:47:04,470 --> 00:47:02,160

be sure to go to amazon and pick up

1171

00:47:08,550 --> 00:47:04,480

origins of the gods

1172

00:47:10,710 --> 00:47:08,560

it is worth every penny and it discusses

1173

00:47:14,230 --> 00:47:10,720

skin walkers and contact with

1174

00:47:16,870 --> 00:47:14,240

trans-dimensional intelligences

1175

00:47:18,870 --> 00:47:16,880

again apologies for these strange

1176

00:47:20,549 --> 00:47:18,880

happenings at the end of the podcast

1177

00:47:21,829 --> 00:47:20,559

these things happen i know we were just

1178

00:47:24,790 --> 00:47:21,839

wrapping up

1179

00:47:26,309 --> 00:47:24,800

but that's this functions in a way of

1180

00:47:28,710 --> 00:47:26,319

how these

1181

00:47:30,790 --> 00:47:28,720

these things happen it's hard to explain

1182

00:47:33,109 --> 00:47:30,800

some of these things and

1183

00:47:35,430 --> 00:47:33,119

we've noticed this at space wolf

1184

00:47:36,870 --> 00:47:35,440

research the base camp there in the

1185

00:47:39,829 --> 00:47:36,880

uintah basin

1186

00:47:42,710 --> 00:47:39,839

and we've noticed this in alternative

1187

00:47:45,270 --> 00:47:42,720

alternative areas of research

1188

00:47:46,710 --> 00:47:45,280

so i guess it's just uh part of the

1189

00:47:48,309 --> 00:47:46,720

territory

1190

00:47:49,270 --> 00:47:48,319

gregory little

1191

00:47:55,829 --> 00:47:49,280

is

1192

00:47:57,910 --> 00:47:55,839

and

1193

00:48:00,470 --> 00:47:57,920

you know it's funny that he thought he

1194

00:48:01,589 --> 00:48:00,480

was being tangential yet all of the

1195

00:48:04,630 --> 00:48:01,599

topics

1196

00:48:07,190 --> 00:48:04,640

that he was delving into were exactly

1197

00:48:09,510 --> 00:48:07,200

where i wanted to go and

1198

00:48:12,630 --> 00:48:09,520

it just happened to work that way

1199

00:48:14,790 --> 00:48:12,640

i'm very happy to have had him on please

1200

00:48:18,230 --> 00:48:14,800

check out his work his other books as
