

A vertical photograph of a lush green meadow filled with small white flowers. In the center, a hand is held just above a small, oval-shaped pond of water. The water in the pond is perfectly still and reflects the sky and the hand above it. The overall scene is peaceful and natural.

favorite people and researchers to talk

18

00:01:16,789 --> 00:01:14,280  
to it's Trey Hudson it's not just his

19

00:01:19,609 --> 00:01:16,799  
concise and professional manner of

20

00:01:22,490 --> 00:01:19,619  
conducting research but also his

21

00:01:25,370 --> 00:01:22,500  
rational examination of it and matter of

22

00:01:28,550 --> 00:01:25,380  
fact explanation of his findings his

23

00:01:30,830 --> 00:01:28,560  
research and Explorations also share a

24

00:01:34,310 --> 00:01:30,840  
common element with some of my passions

25

00:01:36,710 --> 00:01:34,320  
as he is delving deeply with the help of

26  
00:01:39,350 --> 00:01:36,720  
the Oxford Paranormal Society of which

27  
00:01:41,530 --> 00:01:39,360  
he is director and assistance from

28  
00:01:45,530 --> 00:01:41,540  
anomalous studies and observation group

29  
00:01:48,590 --> 00:01:45,540  
into a paranormal hotspot known only as

30  
00:01:51,590 --> 00:01:48,600  
the meadow the location is kept secret

31  
00:01:54,830 --> 00:01:51,600  
for a variety of reasons and has been

32  
00:01:56,810 --> 00:01:54,840  
dubbed the South's Skinwalker Ranch he

33  
00:01:59,149 --> 00:01:56,820  
has written a book on the subject which

34  
00:02:01,429 --> 00:01:59,159  
is fantastic it's also available for

35  
00:02:04,490 --> 00:02:01,439  
sale for all to read and we will get

36  
00:02:07,330 --> 00:02:04,500  
into that this remote location known as

37  
00:02:10,969 --> 00:02:07,340  
the meadow has as reports of UFOs

38  
00:02:14,510 --> 00:02:10,979

Cryptid animals missing time portal

39

00:02:17,030 --> 00:02:14,520

activity men or women in black boxes

40

00:02:18,949 --> 00:02:17,040

which can't be explained and crop

41

00:02:21,949 --> 00:02:18,959

circle-like formations

42

00:02:24,530 --> 00:02:21,959

can't wait to talk to Trey about many of

43

00:02:27,170 --> 00:02:24,540

the Things That Go Bump in the night and

44

00:02:29,690 --> 00:02:27,180

gather information on a location whose

45

00:02:32,869 --> 00:02:29,700

story needs to be told nobody better

46

00:02:36,170 --> 00:02:32,879

than Trey to tell it Trey Hudson welcome

47

00:02:38,510 --> 00:02:36,180

to the hero paranormal podcast

48

00:02:40,430 --> 00:02:38,520

well thank you for having me Ryan uh you

49

00:02:42,229 --> 00:02:40,440

know we have been wanting to do this for

50

00:02:44,390 --> 00:02:42,239

a while and we finally made it happen so

51  
00:02:46,729 --> 00:02:44,400  
I'm very happy to be here today oh this

52  
00:02:49,509 --> 00:02:46,739  
is exciting it's it's very exciting

53  
00:02:51,650 --> 00:02:49,519  
because I understand this location is

54  
00:02:53,750 --> 00:02:51,660  
obviously in the south of the United

55  
00:02:55,850 --> 00:02:53,760  
States we're not going to try to go into

56  
00:02:58,729 --> 00:02:55,860  
exactly where it is because it's a

57  
00:03:00,949 --> 00:02:58,739  
marginal place that is very sensitive

58  
00:03:02,869 --> 00:03:00,959  
and if everybody and their dog is out

59  
00:03:06,350 --> 00:03:02,879  
there it's going to affect your research

60  
00:03:08,210 --> 00:03:06,360  
before we go any further

61  
00:03:09,830 --> 00:03:08,220  
um let's tell our listeners just a

62  
00:03:11,330 --> 00:03:09,840  
little bit about what's happened in the

63  
00:03:12,890 --> 00:03:11,340

past and where things are kind of going

64

00:03:15,290 --> 00:03:12,900

in the future I know you have an

65

00:03:17,030 --> 00:03:15,300

upcoming trip out to the location and

66

00:03:19,210 --> 00:03:17,040

you've gathered a lot of research and

67

00:03:22,850 --> 00:03:19,220

data so far

68

00:03:25,369 --> 00:03:22,860

oh yeah I mean it's uh you know when the

69

00:03:27,170 --> 00:03:25,379

the moniker the skinwalker you know ran

70

00:03:29,990 --> 00:03:27,180

to the South was tagged to this location

71

00:03:32,930 --> 00:03:30,000

that sounds a little bit like hyperbole

72

00:03:35,930 --> 00:03:32,940

you know that that that's a bold claim

73

00:03:37,670 --> 00:03:35,940

and when we started researching this and

74

00:03:39,290 --> 00:03:37,680

the phenomena that started presenting

75

00:03:40,970 --> 00:03:39,300

itself you know you kind of went over

76  
00:03:43,070 --> 00:03:40,980  
you know a Litany of some of the things

77  
00:03:46,970 --> 00:03:43,080  
that we've uh encountered

78  
00:03:49,610 --> 00:03:46,980  
you know strange uh formations in the

79  
00:03:51,229 --> 00:03:49,620  
the grass you know in the vegetation in

80  
00:03:55,789 --> 00:03:51,239  
the meadow uh

81  
00:03:58,430 --> 00:03:55,799  
yeah dare I say a portal uh entities we

82  
00:04:02,630 --> 00:03:58,440  
picked up on our Fleeer uh Cryptids

83  
00:04:05,390 --> 00:04:02,640  
visiting our base camp uh

84  
00:04:08,930 --> 00:04:05,400  
missing time

85  
00:04:11,210 --> 00:04:08,940  
people and this is sounds bizarre

86  
00:04:13,250 --> 00:04:11,220  
uh turning into uh like a sphere of

87  
00:04:16,430 --> 00:04:13,260  
energy you know as we're observing them

88  
00:04:19,430 --> 00:04:16,440

on our uh on our thermals it just all of

89

00:04:21,650 --> 00:04:19,440

the the the the rich variety the very

90

00:04:23,629 --> 00:04:21,660

detailed tapestry of high strangeness

91

00:04:26,030 --> 00:04:23,639

that happens to this location

92

00:04:28,010 --> 00:04:26,040

you know I started thinking about it and

93

00:04:30,170 --> 00:04:28,020

oh disembodied voice is another thing I

94

00:04:32,090 --> 00:04:30,180

forgot uh I thought this sounds like

95

00:04:34,550 --> 00:04:32,100

another location that uh everybody's

96

00:04:37,670 --> 00:04:34,560

heard of uh in the end of basin

97

00:04:39,830 --> 00:04:37,680

and uh so the skin walker ran to the

98

00:04:43,070 --> 00:04:39,840

South it's uh it's one of those very

99

00:04:45,950 --> 00:04:43,080

special locations that seems to be a

100

00:04:48,650 --> 00:04:45,960

high Geo concentration of uh weird

101

00:04:52,189 --> 00:04:48,660

happenings and high strangeness

102

00:04:54,290 --> 00:04:52,199

yes and what what I like about it um the

103

00:04:56,090 --> 00:04:54,300

book is absolutely amazing and before we

104

00:04:58,129 --> 00:04:56,100

go any further let's tell listeners

105

00:05:00,290 --> 00:04:58,139

where they can purchase and the name of

106

00:05:02,530 --> 00:05:00,300

the book of course and uh what what

107

00:05:05,270 --> 00:05:02,540

brought you to write it

108

00:05:07,730 --> 00:05:05,280

ah sure the the name of the book is uh

109

00:05:09,830 --> 00:05:07,740

the meadow project exploration into the

110

00:05:13,490 --> 00:05:09,840

South Skinwalker Ranch

111

00:05:16,790 --> 00:05:13,500

and uh it's available on Amazon uh you

112

00:05:19,129 --> 00:05:16,800

know in ebook uh audiobook hardcover

113

00:05:21,050 --> 00:05:19,139

soft cover uh and all you have to do is

114

00:05:23,629 --> 00:05:21,060

type in the the uh the title of the book

115

00:05:26,510 --> 00:05:23,639

or you can just type in my name Trey

116

00:05:28,909 --> 00:05:26,520

husband in the Amazon search bar and

117

00:05:31,670 --> 00:05:28,919

it'll come right up I'm also uh happy to

118

00:05:32,749 --> 00:05:31,680

announce this is a kind of a a new new

119

00:05:35,390 --> 00:05:32,759

uh

120

00:05:37,610 --> 00:05:35,400

new part of the tale is I hope to

121

00:05:39,529 --> 00:05:37,620

launched the book uh in France this

122

00:05:40,850 --> 00:05:39,539

month so it'll be it's been translated

123

00:05:43,010 --> 00:05:40,860

into French

124

00:05:44,990 --> 00:05:43,020

and so you know maybe some of the uh

125

00:05:46,730 --> 00:05:45,000

adherents and big fans of uh you know

126

00:05:48,409 --> 00:05:46,740

the legendary Jacques ballet will you

127

00:05:49,909 --> 00:05:48,419

know actually get to read it in their

128

00:05:51,710 --> 00:05:49,919

native language so I'm kind of excited

129

00:05:53,930 --> 00:05:51,720

about that also

130

00:05:56,210 --> 00:05:53,940

oh that's great news that's great news

131

00:05:59,390 --> 00:05:56,220

it's a story that I believe must be told

132

00:06:02,270 --> 00:05:59,400

internationally so that's wonderful one

133

00:06:05,390 --> 00:06:02,280

of my favorite stories is not only very

134

00:06:07,670 --> 00:06:05,400

real but can and has been validated

135

00:06:10,310 --> 00:06:07,680

through a variety of methods

136

00:06:12,950 --> 00:06:10,320

a woman in black experience that took

137

00:06:15,290 --> 00:06:12,960

place there that quite literally comes

138

00:06:18,529 --> 00:06:15,300

right off the pages of a John Keel story

139

00:06:22,370 --> 00:06:18,539

can we go a little bit into that

140

00:06:25,490 --> 00:06:22,380

oh yes absolutely that is

141

00:06:28,430 --> 00:06:25,500

one of the situations that

142

00:06:31,129 --> 00:06:28,440

really unnerved me I mean it you know

143

00:06:32,689 --> 00:06:31,139

some of the people on our team uh you

144

00:06:34,909 --> 00:06:32,699

know have military Special Operations

145

00:06:37,790 --> 00:06:34,919

backgrounds most of the members of our

146

00:06:39,050 --> 00:06:37,800

team are involved in some kind of a high

147

00:06:41,210 --> 00:06:39,060

stress

148

00:06:43,490 --> 00:06:41,220

uh type profession and be it emergency

149

00:06:45,950 --> 00:06:43,500

medicine law enforcement things like

150

00:06:49,430 --> 00:06:45,960

that so it takes a little bit to Rattle

151  
00:06:53,510 --> 00:06:49,440  
us in that particular evening uh

152  
00:06:55,490 --> 00:06:53,520  
unnerved us and uh and I'll I'll go into

153  
00:06:57,469 --> 00:06:55,500  
exactly what happened and then some

154  
00:06:59,809 --> 00:06:57,479  
really amazing developments have

155  
00:07:01,430 --> 00:06:59,819  
happened since then which are not in the

156  
00:07:04,189 --> 00:07:01,440  
book that actually have developed since

157  
00:07:07,129 --> 00:07:04,199  
then uh we had the other very strange

158  
00:07:08,689 --> 00:07:07,139  
encounter with uh you know the cube or

159  
00:07:10,189 --> 00:07:08,699  
the portal that you uh referenced

160  
00:07:12,590 --> 00:07:10,199  
earlier

161  
00:07:14,390 --> 00:07:12,600  
and uh we were deciding whether we

162  
00:07:16,189 --> 00:07:14,400  
wanted to continue investigating and

163  
00:07:19,610 --> 00:07:16,199

researching that evening or if we need

164

00:07:21,230 --> 00:07:19,620

to get back to base camp and do a uh an

165

00:07:24,350 --> 00:07:21,240

after action review while all this

166

00:07:26,089 --> 00:07:24,360

amazing you know information and data

167

00:07:28,430 --> 00:07:26,099

was still fresh on our mind

168

00:07:30,409 --> 00:07:28,440

uh so we were gathered together you know

169

00:07:32,270 --> 00:07:30,419

there in the meadow discussing what we

170

00:07:34,610 --> 00:07:32,280

wanted to do the rest of the evening

171

00:07:37,430 --> 00:07:34,620

I made the decision to go back and do a

172

00:07:39,529 --> 00:07:37,440

video after action review which uh is

173

00:07:40,790 --> 00:07:39,539

about 40 minutes long it's videotaped

174

00:07:43,490 --> 00:07:40,800

and really interesting and the

175

00:07:44,450 --> 00:07:43,500

transcript of that entire AAR is in the

176  
00:07:46,850 --> 00:07:44,460  
book

177  
00:07:48,350 --> 00:07:46,860  
uh so I'm getting ready to uh you have

178  
00:07:50,809 --> 00:07:48,360  
the team packed up return back to base

179  
00:07:52,550 --> 00:07:50,819  
camp it's about a half a mile hike back

180  
00:07:54,650 --> 00:07:52,560  
to base camp the meadow is very remote

181  
00:07:56,629 --> 00:07:54,660  
you can't get to it by vehicle you have

182  
00:07:58,790 --> 00:07:56,639  
to pack all of your equipment in there

183  
00:08:01,249 --> 00:07:58,800  
so we're Gathering up all of our

184  
00:08:03,890 --> 00:08:01,259  
equipment all of our gear in my base

185  
00:08:05,270 --> 00:08:03,900  
camp operator Glenn comes over the radio

186  
00:08:07,189 --> 00:08:05,280  
and he says hey you know there's

187  
00:08:09,170 --> 00:08:07,199  
somebody here that wants to talk to you

188  
00:08:11,210 --> 00:08:09,180

and

189

00:08:12,770 --> 00:08:11,220

I'm thinking he was referring to himself

190

00:08:14,210 --> 00:08:12,780

and I said Glenn I'll talk to you when I

191

00:08:16,189 --> 00:08:14,220

get back and because no it's not me it's

192

00:08:19,550 --> 00:08:16,199

somebody else

193

00:08:20,510 --> 00:08:19,560

so obviously I'm a bit intrigued it was

194

00:08:23,990 --> 00:08:20,520

about

195

00:08:26,930 --> 00:08:24,000

22 30 10 30 at night

196

00:08:29,150 --> 00:08:26,940

in February in the middle of the forest

197

00:08:30,710 --> 00:08:29,160

in the wintertime

198

00:08:32,990 --> 00:08:30,720

but who's going to be out toodling

199

00:08:34,610 --> 00:08:33,000

around in the forest you know in the

200

00:08:37,790 --> 00:08:34,620

middle of the night it was a very odd

201  
00:08:39,769 --> 00:08:37,800  
the odd request but you know we packed

202  
00:08:41,630 --> 00:08:39,779  
up our gear went back there when I

203  
00:08:44,149 --> 00:08:41,640  
arrived much to my surprise there was a

204  
00:08:46,310 --> 00:08:44,159  
woman in our camp in our base camp

205  
00:08:48,310 --> 00:08:46,320  
dressed as a businesswoman she was

206  
00:08:52,550 --> 00:08:48,320  
wearing uh loafers

207  
00:08:55,430 --> 00:08:52,560  
slacks a blouse and a blazer

208  
00:08:57,170 --> 00:08:55,440  
so you know in my chapter I believe I

209  
00:08:59,210 --> 00:08:57,180  
titled it the mysterious business woman

210  
00:09:00,829 --> 00:08:59,220  
of the force because it you know here's

211  
00:09:03,230 --> 00:09:00,839  
a businesswoman

212  
00:09:05,449 --> 00:09:03,240  
waiting for us to return from our you

213  
00:09:07,790 --> 00:09:05,459

know extraordinary uh encounters and

214

00:09:10,310 --> 00:09:07,800

happenings that you know just occurred

215

00:09:12,050 --> 00:09:10,320

you know an hour or so before

216

00:09:13,670 --> 00:09:12,060

so uh

217

00:09:14,930 --> 00:09:13,680

you know this woman comes up to me and

218

00:09:16,670 --> 00:09:14,940

she starts

219

00:09:19,670 --> 00:09:16,680

talking about

220

00:09:22,250 --> 00:09:19,680

uh you know rather agitated about this

221

00:09:25,130 --> 00:09:22,260

area that she wants us to drop what we

222

00:09:27,290 --> 00:09:25,140

were doing and follow her to this remote

223

00:09:29,690 --> 00:09:27,300

site and she describes it as being down

224

00:09:31,430 --> 00:09:29,700

at deserted County Road

225

00:09:33,829 --> 00:09:31,440

and at the end of this road there's a

226

00:09:34,670 --> 00:09:33,839

structure like a barn or a shed or

227

00:09:36,829 --> 00:09:34,680

something

228

00:09:38,810 --> 00:09:36,839

and she said this structure is inhabited

229

00:09:40,790 --> 00:09:38,820

by a family of what she calls monkey

230

00:09:42,710 --> 00:09:40,800

bears

231

00:09:44,509 --> 00:09:42,720

I've never heard of a monkey bear before

232

00:09:46,550 --> 00:09:44,519

I know what a gummy bear is I know how

233

00:09:49,190 --> 00:09:46,560

Smokey the Bear is but a monkey bear

234

00:09:51,470 --> 00:09:49,200

that's a new one on me

235

00:09:53,570 --> 00:09:51,480

and she seemed off

236

00:09:54,829 --> 00:09:53,580

she seemed

237

00:09:56,570 --> 00:09:54,839

I you know it's really hard to

238

00:09:58,610 --> 00:09:56,580

articulous something just wasn't right

239

00:10:00,590 --> 00:09:58,620

about this woman

240

00:10:02,150 --> 00:10:00,600

and she was insistent you know you've

241

00:10:03,710 --> 00:10:02,160

got to drop what you're doing you must

242

00:10:05,030 --> 00:10:03,720

follow me down there you know this is

243

00:10:07,250 --> 00:10:05,040

really important

244

00:10:08,630 --> 00:10:07,260

and so of course all of the uh you know

245

00:10:12,050 --> 00:10:08,640

all the variables start rolling through

246

00:10:14,630 --> 00:10:12,060

our heads you know is she you know

247

00:10:15,829 --> 00:10:14,640

trying to lure us away so we can be

248

00:10:18,170 --> 00:10:15,839

robbed

249

00:10:20,269 --> 00:10:18,180

you know uh does she have some sort of

250

00:10:23,030 --> 00:10:20,279

art ulterior motive you know what what

251  
00:10:25,190 --> 00:10:23,040  
are her what are her driving forces that

252  
00:10:27,050 --> 00:10:25,200  
makes her so insistent about us

253  
00:10:30,889 --> 00:10:27,060  
following her

254  
00:10:33,949 --> 00:10:30,899  
and what rational person would expect a

255  
00:10:36,110 --> 00:10:33,959  
group that you had just met

256  
00:10:38,210 --> 00:10:36,120  
to completely throw their trust in you

257  
00:10:41,750 --> 00:10:38,220  
and follow you to a remote location in

258  
00:10:44,150 --> 00:10:41,760  
the middle of nowhere so it seemed awful

259  
00:10:45,769 --> 00:10:44,160  
and so she you know continued uh you

260  
00:10:48,170 --> 00:10:45,779  
know trying to convince us to follow her

261  
00:10:52,130 --> 00:10:48,180  
and she struck up a uh you know

262  
00:10:55,490 --> 00:10:52,140  
conversation with me and she said uh oh

263  
00:10:57,230 --> 00:10:55,500

well you know you know did you go to

264

00:10:59,030 --> 00:10:57,240

college or something like that I said

265

00:11:00,290 --> 00:10:59,040

yes of course I said I went to the uh

266

00:11:02,990 --> 00:11:00,300

you know graduated from the University

267

00:11:06,410 --> 00:11:03,000

of West Georgia in Carrollton

268

00:11:08,329 --> 00:11:06,420

and she says oh I did too

269

00:11:10,610 --> 00:11:08,339

and then she says what is what was your

270

00:11:12,769 --> 00:11:10,620

uh what's your degree in

271

00:11:15,470 --> 00:11:12,779

and I told her I have a ba humanistic

272

00:11:17,449 --> 00:11:15,480

psychology and she's like oh I do too

273

00:11:19,370 --> 00:11:17,459

and I thought okay you know

274

00:11:21,710 --> 00:11:19,380

she's playing with me she is just

275

00:11:24,530 --> 00:11:21,720

parroting back what I say so I'm going

276  
00:11:27,410 --> 00:11:24,540  
to catch her I'm going to be very clever

277  
00:11:28,970 --> 00:11:27,420  
and I said what and who were your

278  
00:11:30,650 --> 00:11:28,980  
favorite professors there who did you

279  
00:11:32,630 --> 00:11:30,660  
actually study under

280  
00:11:33,829 --> 00:11:32,640  
and she started naming people I actually

281  
00:11:36,949 --> 00:11:33,839  
knew

282  
00:11:39,230 --> 00:11:36,959  
that I studied under

283  
00:11:41,569 --> 00:11:39,240  
and so I thought okay this is this is a

284  
00:11:43,370 --> 00:11:41,579  
little too weird okay this is you know

285  
00:11:44,870 --> 00:11:43,380  
this has just been knocked up I was a

286  
00:11:48,710 --> 00:11:44,880  
little unnerved before now it's been

287  
00:11:51,290 --> 00:11:48,720  
knocked up you know one more increment

288  
00:11:53,750 --> 00:11:51,300

and so she continued on you know with uh

289

00:11:56,630 --> 00:11:53,760

with her uh you know her

290

00:11:58,670 --> 00:11:56,640

attempt to uh get us to follow her in

291

00:12:01,790 --> 00:11:58,680

the middle of this uh she breaks off

292

00:12:04,610 --> 00:12:01,800

from us walks out about maybe 20 meters

293

00:12:07,670 --> 00:12:04,620

or so still within the light of our uh

294

00:12:10,850 --> 00:12:07,680

lanterns and she squats down and urinate

295

00:12:14,389 --> 00:12:13,069

and uh comes back over like nothing

296

00:12:15,829 --> 00:12:14,399

happened like that was the most normal

297

00:12:18,050 --> 00:12:15,839

thing in the world

298

00:12:20,810 --> 00:12:18,060

and we finally were able to get her to

299

00:12:22,970 --> 00:12:20,820

go away to leave

300

00:12:25,250 --> 00:12:22,980

and it was so unnerving

301  
00:12:28,970 --> 00:12:25,260  
that one of my team members who is a

302  
00:12:30,350 --> 00:12:28,980  
former uh member of the U.S Army Ranger

303  
00:12:33,170 --> 00:12:30,360  
regiment

304  
00:12:34,790 --> 00:12:33,180  
uh uh Special Operations guy and I said

305  
00:12:36,290 --> 00:12:34,800  
hey you know Tim do you have your

306  
00:12:38,150 --> 00:12:36,300  
sidearm with you

307  
00:12:40,490 --> 00:12:38,160  
and he says yes of course and I said

308  
00:12:42,829 --> 00:12:40,500  
this isn't right something is wrong

309  
00:12:45,230 --> 00:12:42,839  
about this whole situation

310  
00:12:48,470 --> 00:12:45,240  
I want you and I to back off of go

311  
00:12:50,090 --> 00:12:48,480  
outside of Camp about 75 yards and just

312  
00:12:52,009 --> 00:12:50,100  
do a circle because I wouldn't be

313  
00:12:54,410 --> 00:12:52,019

surprised if she left somebody here that

314

00:12:56,329 --> 00:12:54,420

we're not aware of

315

00:12:58,550 --> 00:12:56,339

and we did like a quick patrol around

316

00:13:00,650 --> 00:12:58,560

the camp and we discovered nobody we

317

00:13:04,370 --> 00:13:00,660

were standing with thermal and FLIR

318

00:13:06,470 --> 00:13:04,380

night vision we didn't see anybody

319

00:13:08,509 --> 00:13:06,480

so we just Struck it up to a very

320

00:13:10,610 --> 00:13:08,519

unusual happening and the more I thought

321

00:13:13,069 --> 00:13:10,620

about this

322

00:13:14,750 --> 00:13:13,079

and going back into uh you know some of

323

00:13:16,310 --> 00:13:14,760

the records and some of the the research

324

00:13:18,050 --> 00:13:16,320

and you mentioned you know John Keel you

325

00:13:21,110 --> 00:13:18,060

know pulling up some of his uh some of

326

00:13:22,970 --> 00:13:21,120

his books out of my library

327

00:13:25,509 --> 00:13:22,980

you have some of my factors that come

328

00:13:28,250 --> 00:13:25,519

into play they're very obvious a person

329

00:13:31,790 --> 00:13:28,260

not properly dressed or dressed

330

00:13:39,050 --> 00:13:35,990

person who seems off or unusual odd

331

00:13:41,690 --> 00:13:39,060

a bit uncanny

332

00:13:42,889 --> 00:13:41,700

a person who doesn't understand social

333

00:13:44,930 --> 00:13:42,899

QA

334

00:13:47,150 --> 00:13:44,940

like we kept saying you know have a good

335

00:13:48,590 --> 00:13:47,160

night take care drive safely and she

336

00:13:49,670 --> 00:13:48,600

wouldn't pick up on the fact that we

337

00:13:51,350 --> 00:13:49,680

were ending

338

00:13:52,970 --> 00:13:51,360

the conversation

339

00:13:56,150 --> 00:13:52,980

and a person that doesn't understand

340

00:14:00,530 --> 00:13:56,160

what is proper and improper

341

00:14:02,090 --> 00:14:00,540

uh behavior in a polite culture I.E you

342

00:14:04,430 --> 00:14:02,100

don't urinate in front of people unless

343

00:14:06,650 --> 00:14:04,440

you know them really really well

344

00:14:08,870 --> 00:14:06,660

so there's one one practice one group of

345

00:14:10,430 --> 00:14:08,880

people that fit this criteria as they

346

00:14:11,930 --> 00:14:10,440

relate to incidents of the high

347

00:14:13,670 --> 00:14:11,940

strangeness

348

00:14:14,870 --> 00:14:13,680

John Keel talked about him dick

349

00:14:16,069 --> 00:14:14,880

Redford's written a book about him

350

00:14:18,610 --> 00:14:16,079

they're called the men and women in

351

00:14:21,829 --> 00:14:18,620

black you know very common

352

00:14:23,269 --> 00:14:21,839

occurrences uh you know where people who

353

00:14:24,769 --> 00:14:23,279

have had the incidences of high

354

00:14:27,350 --> 00:14:24,779

strangeness and these individuals come

355

00:14:30,470 --> 00:14:27,360

in they try to dissuade them either from

356

00:14:33,230 --> 00:14:30,480

continuing their research or try to uh

357

00:14:35,150 --> 00:14:33,240

tamper and Tamp down their discussion of

358

00:14:38,030 --> 00:14:35,160

the experiences

359

00:14:39,710 --> 00:14:38,040

so was this a human being that we

360

00:14:42,230 --> 00:14:39,720

interacted with

361

00:14:44,810 --> 00:14:42,240

was it somebody or something from

362

00:14:47,269 --> 00:14:44,820

Another Universe or another dimension we

363

00:14:48,829 --> 00:14:47,279

didn't know well Turn the Page uh

364

00:14:52,790 --> 00:14:48,839

several months later

365

00:14:56,030 --> 00:14:52,800

uh I had a a message from an individual

366

00:14:57,889 --> 00:14:56,040

who is a psychotherapist that lives in

367

00:15:00,350 --> 00:14:57,899

Turkey

368

00:15:02,150 --> 00:15:00,360

American expats

369

00:15:04,970 --> 00:15:02,160

and he had listened to one of my

370

00:15:06,590 --> 00:15:04,980

interviews uh that I you know did on

371

00:15:09,230 --> 00:15:06,600

Coast to Coast to one of the uh you know

372

00:15:11,930 --> 00:15:09,240

one of the one of the interviews

373

00:15:14,329 --> 00:15:11,940

he says hey you know talk to me about uh

374

00:15:16,370 --> 00:15:14,339

first of all this this area called the

375

00:15:18,530 --> 00:15:16,380

Carrollton Vortex near the University of

376

00:15:21,230 --> 00:15:18,540

West Georgia which I had not had time to

377

00:15:22,610 --> 00:15:21,240

research but as we were discussing uh

378

00:15:25,189 --> 00:15:22,620

various things

379

00:15:27,350 --> 00:15:25,199

he said Do you happen to have the uh the

380

00:15:29,689 --> 00:15:27,360

name of the woman that visited you I

381

00:15:31,370 --> 00:15:29,699

said well I do I said we actually did a

382

00:15:33,889 --> 00:15:31,380

little bit of data mining on the name

383

00:15:35,930 --> 00:15:33,899

she gave us and we found a person

384

00:15:37,730 --> 00:15:35,940

that looks like the person that visit us

385

00:15:40,490 --> 00:15:37,740

who appears to be a real person and

386

00:15:42,350 --> 00:15:40,500

we're still just mystified by this

387

00:15:44,689 --> 00:15:42,360

he said I won't watch your name and I

388

00:15:45,530 --> 00:15:44,699

said her name is you know Miss blank

389

00:15:49,069 --> 00:15:45,540

blank

390

00:15:51,590 --> 00:15:49,079

and he said I think I know her

391

00:15:53,030 --> 00:15:51,600

do you mind if I contact her I would

392

00:15:55,009 --> 00:15:53,040

think went to college with her because

393

00:15:56,629 --> 00:15:55,019

this individual was also a graduate of

394

00:15:59,210 --> 00:15:56,639

the University of West Georgia

395

00:16:01,310 --> 00:15:59,220

uh the psychotherapist

396

00:16:02,629 --> 00:16:01,320

and I said no not at all as a matter of

397

00:16:04,490 --> 00:16:02,639

fact I would love to interview her I

398

00:16:06,350 --> 00:16:04,500

said I'm not you know I don't want to

399

00:16:09,110 --> 00:16:06,360

Outer because the way she was acting was

400

00:16:10,910 --> 00:16:09,120

very strange and the profession that she

401

00:16:14,090 --> 00:16:10,920

uh said that she was in

402

00:16:16,910 --> 00:16:14,100

uh requires a license you know from the

403

00:16:19,610 --> 00:16:16,920

state and you know the way she was

404

00:16:21,769 --> 00:16:19,620

acting you know could

405

00:16:23,329 --> 00:16:21,779

you interfere with uh you know that

406

00:16:24,710 --> 00:16:23,339

license so you know I don't want to

407

00:16:26,269 --> 00:16:24,720

Outer I don't want to you know do

408

00:16:30,110 --> 00:16:26,279

anything negative I just I'm interested

409

00:16:32,090 --> 00:16:30,120

I'm curious what exactly was going on

410

00:16:34,610 --> 00:16:32,100

so she declined to be interviewed by me

411

00:16:37,610 --> 00:16:34,620

but she was willing to talk to him

412

00:16:39,710 --> 00:16:37,620

and uh he asked her he said

413

00:16:40,430 --> 00:16:39,720

do you remember anything about that

414

00:16:43,329 --> 00:16:40,440  
evening

415

00:16:46,610 --> 00:16:43,339  
and she says yes I remember

416

00:16:48,829 --> 00:16:46,620  
driving by their Camp earlier in the day

417

00:16:50,389 --> 00:16:48,839  
because uh you know I have a very

418

00:16:53,749 --> 00:16:50,399  
stressful job and I like to head out

419

00:16:56,569 --> 00:16:53,759  
into the middle of the forest to unwind

420

00:16:58,910 --> 00:16:56,579  
and I

421

00:17:00,290 --> 00:16:58,920  
saw something like a sticker on one of

422

00:17:02,689 --> 00:17:00,300  
their trucks or something that had like

423

00:17:04,789 --> 00:17:02,699  
a Sasquatch or something and I wanted to

424

00:17:06,890 --> 00:17:04,799  
talk to them about my experiences when I

425

00:17:08,350 --> 00:17:06,900  
was a young child so I came back later

426

00:17:10,730 --> 00:17:08,360

that night

427

00:17:12,850 --> 00:17:10,740

and you know I wanted them to go out

428

00:17:15,530 --> 00:17:12,860

with me and see this site where it was

429

00:17:16,789 --> 00:17:15,540

and they didn't seem too interested and

430

00:17:18,230 --> 00:17:16,799

it seemed like they were hiding

431

00:17:19,789 --> 00:17:18,240

something from me there was something

432

00:17:22,130 --> 00:17:19,799

they were doing that they didn't want me

433

00:17:24,829 --> 00:17:22,140

to know which was accurate you know we

434

00:17:25,850 --> 00:17:24,839

wanted to do our after action brief and

435

00:17:27,710 --> 00:17:25,860

uh

436

00:17:30,230 --> 00:17:27,720

you know didn't need to have crying

437

00:17:33,890 --> 00:17:30,240

years while we were doing this

438

00:17:36,529 --> 00:17:33,900

and uh my friend asked her did anything

439

00:17:37,909 --> 00:17:36,539

else seem or out of the ordinary unusual

440

00:17:39,529 --> 00:17:37,919

and she goes no they just didn't seem

441

00:17:42,169 --> 00:17:39,539

interested in talking to me and I got in

442

00:17:44,690 --> 00:17:42,179

my vehicle and left

443

00:17:46,250 --> 00:17:44,700

and I went back and I queried my team I

444

00:17:48,770 --> 00:17:46,260

said everybody write up a quick

445

00:17:51,169 --> 00:17:48,780

statement about your impressions

446

00:17:53,270 --> 00:17:51,179

and Recollections of what happened that

447

00:17:56,570 --> 00:17:53,280

evening

448

00:17:59,390 --> 00:17:56,580

and you know to a person that came back

449

00:18:01,850 --> 00:17:59,400

that she was very strange uh my base

450

00:18:05,029 --> 00:18:01,860

camp operator whose name is Glenn

451

00:18:07,669 --> 00:18:05,039

like a 30-year career paramedic has

452

00:18:10,270 --> 00:18:07,679

dealt with all kinds of people in all

453

00:18:12,350 --> 00:18:10,280

kinds of state of uh

454

00:18:14,210 --> 00:18:12,360

disarray you know be a medical or

455

00:18:16,370 --> 00:18:14,220

medical or psychological and he says

456

00:18:18,110 --> 00:18:16,380

I've never seen anybody act like this

457

00:18:21,289 --> 00:18:18,120

woman act because some of the strangest

458

00:18:24,770 --> 00:18:21,299

most bizarre behavior I've ever seen and

459

00:18:27,110 --> 00:18:24,780

everybody uh remembers her urinate she

460

00:18:30,289 --> 00:18:27,120

doesn't recall any of this

461

00:18:32,330 --> 00:18:30,299

so that puts a different little twist on

462

00:18:35,390 --> 00:18:32,340

the whole men slash women in black

463

00:18:38,029 --> 00:18:35,400

phenomena are these human beings actual

464

00:18:40,250 --> 00:18:38,039

real people that are being influenced by

465

00:18:42,289 --> 00:18:40,260

something else and are they overlaid

466

00:18:45,409 --> 00:18:42,299

with a screen memory

467

00:18:47,450 --> 00:18:45,419

to mask their recollection of uh their

468

00:18:49,430 --> 00:18:47,460

bizarre behavior

469

00:18:52,250 --> 00:18:49,440

so that just puts a whole different

470

00:18:54,350 --> 00:18:52,260

little twist on things that uh I don't

471

00:18:56,090 --> 00:18:54,360

know if it was exactly there before that

472

00:18:57,770 --> 00:18:56,100

obvious perhaps we're real actual people

473

00:18:59,890 --> 00:18:57,780

under the influence of something else

474

00:19:03,409 --> 00:18:59,900

and talking to my friend the

475

00:19:04,430 --> 00:19:03,419

psychotherapist he said you know she was

476

00:19:35,390 --> 00:19:04,440

a

477

00:19:38,990 --> 00:19:35,400

life

478

00:19:41,150 --> 00:19:39,000

it is a weird one a very weird one in

479

00:19:43,909 --> 00:19:41,160

fact and it kind of stood out to me

480

00:19:46,909 --> 00:19:43,919

because it is very much Mothman like

481

00:19:49,930 --> 00:19:46,919

John Keel like the men women in black

482

00:19:52,789 --> 00:19:49,940

type Behavior the synchronicities

483

00:19:55,930 --> 00:19:52,799

arriving to the location and

484

00:19:58,610 --> 00:19:55,940

investigating the area seem Eerie now

485

00:20:00,590 --> 00:19:58,620

you are exceptionally connected in

486

00:20:02,630 --> 00:20:00,600

government-like circles and people who

487

00:20:05,390 --> 00:20:02,640

have worked with the military in sticky

488

00:20:07,850 --> 00:20:05,400

situations and they have backgrounds

489

00:20:10,970 --> 00:20:07,860

which are very valuable in situations

490

00:20:14,270 --> 00:20:10,980

like these this location has a long

491

00:20:16,010 --> 00:20:14,280

history of belief in Social Circles and

492

00:20:18,710 --> 00:20:16,020

the culture of the population and the

493

00:20:21,470 --> 00:20:18,720

surrounding area and many tales much

494

00:20:24,110 --> 00:20:21,480

like the wild monkey bear story which

495

00:20:26,630 --> 00:20:24,120

I've never heard of those either

496

00:20:28,850 --> 00:20:26,640

um can you mention a few of the Suburban

497

00:20:31,669 --> 00:20:28,860

Legends or Tales you've heard that

498

00:20:34,730 --> 00:20:31,679

surround the general location

499

00:20:37,190 --> 00:20:34,740

uh yeah absolutely uh about the first 25

500

00:20:38,330 --> 00:20:37,200

of my book I I go into the history of

501  
00:20:39,650 --> 00:20:38,340  
this area

502  
00:20:41,750 --> 00:20:39,660  
uh

503  
00:20:43,669 --> 00:20:41,760  
it yeah I go all the way back to the

504  
00:20:45,950 --> 00:20:43,679  
Native American history which was you

505  
00:20:47,750 --> 00:20:45,960  
know very rich uh you know in this

506  
00:20:50,690 --> 00:20:47,760  
general area and I look at it from a

507  
00:20:53,690 --> 00:20:50,700  
macro to a micro I go into a

508  
00:20:55,549 --> 00:20:53,700  
a multi-state you know macro area then

509  
00:20:57,710 --> 00:20:55,559  
I've tighten it into the county

510  
00:20:59,690 --> 00:20:57,720  
surrounding the Blackwater Nature

511  
00:21:02,390 --> 00:20:59,700  
Preserve where this area is and then

512  
00:21:05,510 --> 00:21:02,400  
tighten in on the actual preserve itself

513  
00:21:08,270 --> 00:21:05,520

and in the general area uh there's a lot

514

00:21:10,070 --> 00:21:08,280

of Native American uh folklore of uh

515

00:21:12,409 --> 00:21:10,080

Skinwalker type

516

00:21:14,270 --> 00:21:12,419

entities now this is of course in the

517

00:21:16,070 --> 00:21:14,280

South not in the west so they don't use

518

00:21:17,690 --> 00:21:16,080

the term Skinwalker but there is a

519

00:21:21,049 --> 00:21:17,700

unique uh

520

00:21:22,970 --> 00:21:21,059

uh sorceress you know shamanistic type

521

00:21:25,970 --> 00:21:22,980

of person called the uh spear finger

522

00:21:29,570 --> 00:21:25,980

witch which was a uh a female Native

523

00:21:31,789 --> 00:21:29,580

American uh entity that would steal the

524

00:21:33,770 --> 00:21:31,799

livers and Souls of children

525

00:21:35,330 --> 00:21:33,780

you know and cackle while she was eating

526  
00:21:37,549 --> 00:21:35,340  
their livers

527  
00:21:39,350 --> 00:21:37,559  
and uh you know was enchanted there's

528  
00:21:42,289 --> 00:21:39,360  
also stories of what they call this

529  
00:21:45,409 --> 00:21:42,299  
Stone coat Giants which were large

530  
00:21:48,890 --> 00:21:45,419  
humanoid type creatures whose thick hair

531  
00:21:50,390 --> 00:21:48,900  
acted as a a ballistic barrier when they

532  
00:21:51,950 --> 00:21:50,400  
they would shoot their arrows at these

533  
00:21:55,549 --> 00:21:51,960  
creatures they would bounce off of their

534  
00:21:57,470 --> 00:21:55,559  
thick matted hair I.E Sasquatch you know

535  
00:21:59,390 --> 00:21:57,480  
Bigfoot once again we see you know

536  
00:22:02,029 --> 00:21:59,400  
certain commonalities

537  
00:22:04,549 --> 00:22:02,039  
uh bringing it Forward into the more

538  
00:22:07,370 --> 00:22:04,559

modern era uh this this general area

539

00:22:12,470 --> 00:22:07,380

among multiple States

540

00:22:15,950 --> 00:22:12,480

has a a rich history of ghosts uh

541

00:22:19,909 --> 00:22:15,960

Bigfoot sightings uh you have some

542

00:22:21,350 --> 00:22:19,919

fantastic UAP sighting UFO sightings in

543

00:22:23,750 --> 00:22:21,360

in instances

544

00:22:26,149 --> 00:22:23,760

and then we tighten it in close very

545

00:22:28,490 --> 00:22:26,159

close into the actual Nature Preserve

546

00:22:31,370 --> 00:22:28,500

itself they've had some really amazing

547

00:22:33,049 --> 00:22:31,380

uh UFO sightings once again there

548

00:22:34,490 --> 00:22:33,059

if you know where the location is and

549

00:22:36,470 --> 00:22:34,500

you go to bfr and some of the other

550

00:22:39,049 --> 00:22:36,480

encrypted research organizations very

551

00:22:41,870 --> 00:22:39,059

rich history about Bigfoot sightings in

552

00:22:43,430 --> 00:22:41,880

this area which we've also seen Cryptids

553

00:22:45,710 --> 00:22:43,440

while we've been out

554

00:22:49,310 --> 00:22:45,720

is that it also has a very dark history

555

00:22:52,190 --> 00:22:49,320

uh you know bodies being found people

556

00:22:54,710 --> 00:22:52,200

being murdered uh strange

557

00:22:57,470 --> 00:22:54,720

you know strange events going on uh you

558

00:22:59,990 --> 00:22:57,480

know things like that that end in a very

559

00:23:02,090 --> 00:23:00,000

tragic uh you know tragic you know

560

00:23:04,789 --> 00:23:02,100

circumstance it's a very tragic end uh

561

00:23:07,070 --> 00:23:04,799

recently within the past month we had a

562

00:23:09,710 --> 00:23:07,080

terrible murder you know in an area not

563

00:23:11,750 --> 00:23:09,720

too far from where we researched

564

00:23:14,570 --> 00:23:11,760

so it's one of those areas that just

565

00:23:19,610 --> 00:23:17,029

you know a lot of tragedy there a lot of

566

00:23:22,549 --> 00:23:19,620

high strangeness and a lot of amazing

567

00:23:26,390 --> 00:23:22,559

encounters so you know the folklore

568

00:23:29,149 --> 00:23:26,400

is Rich the uh the the more data-driven

569

00:23:30,230 --> 00:23:29,159

accounts I.E you know BFRO and some of

570

00:23:33,169 --> 00:23:30,240

the other organizations that actually

571

00:23:35,210 --> 00:23:33,179

collect data is rich

572

00:23:37,250 --> 00:23:35,220

and then the uh

573

00:23:39,049 --> 00:23:37,260

you know the the history of the area as

574

00:23:41,210 --> 00:23:39,059

far as you know negative things

575

00:23:43,070 --> 00:23:41,220

happening there is very rich

576

00:23:44,930 --> 00:23:43,080

so it makes for a very unique location

577

00:23:46,610 --> 00:23:44,940

somewhere you kind of need to be you

578

00:23:47,870 --> 00:23:46,620

know on the ball when you go to you need

579

00:23:50,149 --> 00:23:47,880

to be certainly aware of your

580

00:23:52,370 --> 00:23:50,159

surrounding and really tuned into what's

581

00:23:54,110 --> 00:23:52,380

going on which just makes it all the

582

00:23:55,750 --> 00:23:54,120

more interesting in our right for

583

00:23:59,330 --> 00:23:55,760

research

584

00:24:01,250 --> 00:23:59,340

yes absolutely and I find it very

585

00:24:04,250 --> 00:24:01,260

interesting that there are various

586

00:24:07,549 --> 00:24:04,260

locations in this world which

587

00:24:10,549 --> 00:24:07,559

portray out of the ordinary attributes

588

00:24:13,070 --> 00:24:10,559

much like you've mentioned and they can

589

00:24:15,529 --> 00:24:13,080

substantially surpass what the human

590

00:24:18,350 --> 00:24:15,539

mind can realistically comprehend this

591

00:24:20,750 --> 00:24:18,360

seems to be one of those locations it's

592

00:24:23,149 --> 00:24:20,760

been mentioned by ancient Native

593

00:24:26,029 --> 00:24:23,159

American tribes that some Geographic

594

00:24:28,310 --> 00:24:26,039

locations May hold energies that have a

595

00:24:30,350 --> 00:24:28,320

a mystical twist and often lend

596

00:24:32,830 --> 00:24:30,360

themselves to dark adepts like I believe

597

00:24:34,430 --> 00:24:32,840

you said the spirit finger witch

598

00:24:36,049 --> 00:24:34,440

and

599

00:24:38,090 --> 00:24:36,059

um these Tails have to come from some

600

00:24:40,430 --> 00:24:38,100

somewhere I mean the stone coat Giants

601  
00:24:44,330 --> 00:24:40,440  
it sounds horrific these highly

602  
00:24:46,190 --> 00:24:44,340  
energized and traumatic areas

603  
00:24:49,549 --> 00:24:46,200  
they have

604  
00:24:51,350 --> 00:24:49,559  
um what some claim can be known as a

605  
00:24:54,649 --> 00:24:51,360  
hitchhiker effect and you mentioned

606  
00:24:56,870 --> 00:24:54,659  
George Knapp in more recent times uh he

607  
00:25:00,110 --> 00:24:56,880  
and Colm Kelleher wrote a book I think

608  
00:25:03,350 --> 00:25:00,120  
it was one year ago this coming Monday

609  
00:25:05,750 --> 00:25:03,360  
um which kind of uh attributes and goes

610  
00:25:08,450 --> 00:25:05,760  
into detail about this hitchhiker effect

611  
00:25:10,250 --> 00:25:08,460  
and what comes about uh can can we

612  
00:25:11,990 --> 00:25:10,260  
discuss the hitchhiker effect so our

613  
00:25:14,330 --> 00:25:12,000

listeners understand it and my next

614

00:25:17,930 --> 00:25:14,340

question is have you had any cases of

615

00:25:20,930 --> 00:25:17,940

that with yourself or your team

616

00:25:23,690 --> 00:25:20,940

sure yeah The Hitchhiker effect is

617

00:25:25,730 --> 00:25:23,700

something that you know has been

618

00:25:28,310 --> 00:25:25,740

reported that individuals and

619

00:25:29,930 --> 00:25:28,320

researchers who look into areas of high

620

00:25:32,510 --> 00:25:29,940

strengthness

621

00:25:35,510 --> 00:25:32,520

uh have something that follows them you

622

00:25:37,490 --> 00:25:35,520

know goes home with them uh and the book

623

00:25:40,070 --> 00:25:37,500

that you you talked about that you know

624

00:25:41,930 --> 00:25:40,080

I've read it it goes into depth and once

625

00:25:43,669 --> 00:25:41,940

again I was kind of shocked by some of

626

00:25:46,070 --> 00:25:43,679

the similarities that their accounts

627

00:25:48,590 --> 00:25:46,080

were to some of the accounts of my team

628

00:25:51,230 --> 00:25:48,600

uh and we start Crossing into what

629

00:25:54,590 --> 00:25:51,240

people call paranormal you know ghost

630

00:25:56,890 --> 00:25:54,600

stuff and it's kind of on a Segway here

631

00:26:00,590 --> 00:25:56,900

you know something I've started

632

00:26:03,590 --> 00:26:00,600

observing and have come to accept and I

633

00:26:06,710 --> 00:26:03,600

think this is an accurate statement

634

00:26:10,610 --> 00:26:06,720

is you know whether it's paranormal I.E

635

00:26:12,470 --> 00:26:10,620

ghost stuff or Cryptid or uaps or high

636

00:26:14,330 --> 00:26:12,480

strengthness

637

00:26:16,370 --> 00:26:14,340

I think it may be part of the same

638

00:26:17,810 --> 00:26:16,380

phenomena you know they're all facets to

639

00:26:19,730 --> 00:26:17,820

the same Diamond we're just looking at

640

00:26:21,590 --> 00:26:19,740

them through different uh prisms you

641

00:26:24,230 --> 00:26:21,600

know different facets

642

00:26:26,090 --> 00:26:24,240

so yeah we have people that are

643

00:26:27,590 --> 00:26:26,100

investigating areas known for you know

644

00:26:29,149 --> 00:26:27,600

UFOs and high strangers now they're

645

00:26:30,769 --> 00:26:29,159

encountering you know paranormal things

646

00:26:31,970 --> 00:26:30,779

happening back at their homes or their

647

00:26:34,190 --> 00:26:31,980

places of business

648

00:26:37,490 --> 00:26:34,200

your second question have we encountered

649

00:26:39,769 --> 00:26:37,500

that absolutely absolutely uh we've had

650

00:26:42,409 --> 00:26:39,779

several interesting accounts that have

651  
00:26:44,870 --> 00:26:42,419  
happened uh you know by my team

652  
00:26:46,789 --> 00:26:44,880  
uh and I'll go into a couple of the more

653  
00:26:50,810 --> 00:26:46,799  
remarkable ones uh one of my team

654  
00:26:52,610 --> 00:26:50,820  
members uh she uh we turned home after

655  
00:26:53,750 --> 00:26:52,620  
spending a research weekend at the

656  
00:26:57,289 --> 00:26:53,760  
meadow

657  
00:26:59,930 --> 00:26:57,299  
and she was uh filming her young child

658  
00:27:01,970 --> 00:26:59,940  
uh playing on an elliptical machine they

659  
00:27:03,230 --> 00:27:01,980  
had at their home you know he was just

660  
00:27:04,610 --> 00:27:03,240  
you know a little toddler he was just

661  
00:27:06,950 --> 00:27:04,620  
playing on it

662  
00:27:08,570 --> 00:27:06,960  
and through the viewfinder on her phone

663  
00:27:10,549 --> 00:27:08,580

as she's filming him

664

00:27:13,490 --> 00:27:10,559

she sees an orc

665

00:27:15,350 --> 00:27:13,500

you know a a ball of light you know

666

00:27:17,570 --> 00:27:15,360

floating around

667

00:27:20,269 --> 00:27:17,580

and what makes it really interesting is

668

00:27:22,070 --> 00:27:20,279

while she's filming this her young son

669

00:27:24,830 --> 00:27:22,080

points at it

670

00:27:27,649 --> 00:27:24,840

and starts saying ball ball

671

00:27:29,510 --> 00:27:27,659

he sees it too

672

00:27:31,909 --> 00:27:29,520

and you know she's had some you know

673

00:27:34,210 --> 00:27:31,919

unusual happenings at her home my own

674

00:27:36,769 --> 00:27:34,220

personal experience is

675

00:27:40,549 --> 00:27:36,779

I had a

676

00:27:44,029 --> 00:27:40,559

a small LED flashlight that I set up on

677

00:27:45,890 --> 00:27:44,039

my desk uh one evening

678

00:27:49,310 --> 00:27:45,900

and I turned around and the little

679

00:27:51,769 --> 00:27:49,320

flashlight was gone it disappeared

680

00:27:53,950 --> 00:27:51,779

and you know like a lot of people I

681

00:27:56,210 --> 00:27:53,960

assumed that I knocked it over or was

682

00:27:58,610 --> 00:27:56,220

misremembering where I put it I searched

683

00:28:01,250 --> 00:27:58,620

all over you know the room for it

684

00:28:03,590 --> 00:28:01,260

went to bed the next morning I came back

685

00:28:06,289 --> 00:28:03,600

and the flashlight is right where it was

686

00:28:08,149 --> 00:28:06,299

originally sitting on my desk

687

00:28:10,730 --> 00:28:08,159

so something had moved that flashlight

688

00:28:13,430 --> 00:28:10,740

and then put it back while I was asleep

689

00:28:15,470 --> 00:28:13,440

uh a lot of people that investigate High

690

00:28:17,870 --> 00:28:15,480

strengthness uh encounter the trickster

691

00:28:20,330 --> 00:28:17,880

element you know there's almost like a a

692

00:28:21,230 --> 00:28:20,340

someone tricking you and playing jokes

693

00:28:23,990 --> 00:28:21,240

on you

694

00:28:26,450 --> 00:28:24,000

uh we recently uh the team was

695

00:28:29,570 --> 00:28:26,460

investigating another area

696

00:28:31,669 --> 00:28:29,580

uh not the meadow uh called The Herd

697

00:28:34,010 --> 00:28:31,679

Corridor uh near Georgia and Alabama

698

00:28:35,269 --> 00:28:34,020

very famous very famous area for high

699

00:28:37,610 --> 00:28:35,279

strangeness

700

00:28:40,490 --> 00:28:37,620

and one of the uh the guest researchers

701  
00:28:43,730 --> 00:28:40,500  
that was along with us he went back and

702  
00:28:45,710 --> 00:28:43,740  
had a situation of uh The Hitchhiker

703  
00:28:48,409 --> 00:28:45,720  
that was so significant he actually had

704  
00:28:49,610 --> 00:28:48,419  
to call someone to help clean his house

705  
00:28:52,669 --> 00:28:49,620  
or clear it

706  
00:28:54,769 --> 00:28:52,679  
a lot of paranormal experiences going on

707  
00:28:57,890 --> 00:28:54,779  
after that we were researching uh the

708  
00:29:01,149 --> 00:28:57,900  
true bird Corridor which once again you

709  
00:29:05,450 --> 00:29:01,159  
know we had a experienced shadow people

710  
00:29:06,890 --> 00:29:05,460  
uh I witnessed a a amazing award to my

711  
00:29:07,730 --> 00:29:06,900  
night vision you know for several

712  
00:29:10,730 --> 00:29:07,740  
minutes

713  
00:29:12,409 --> 00:29:10,740

uh and then that area and once again

714

00:29:14,450 --> 00:29:12,419

it's separate from the meadow it's not

715

00:29:16,610 --> 00:29:14,460

the same area but the hitchhiker

716

00:29:18,529 --> 00:29:16,620

phenomena is uh is well known and well

717

00:29:20,269 --> 00:29:18,539

documented by people that investigate

718

00:29:22,549 --> 00:29:20,279

you know these various attributes of

719

00:29:24,830 --> 00:29:22,559

high strangeness and you know you may

720

00:29:28,430 --> 00:29:24,840

even have some account yourself you know

721

00:29:30,169 --> 00:29:28,440

of something uh just seeming to uh to

722

00:29:32,409 --> 00:29:30,179

hang around and visit for a little bit

723

00:29:35,450 --> 00:29:32,419

longer

724

00:29:37,010 --> 00:29:35,460

yes and it's something strange I found

725

00:29:39,950 --> 00:29:37,020

is that

726

00:29:41,810 --> 00:29:39,960

well a common paranormal account that

727

00:29:44,149 --> 00:29:41,820

some researchers and investigators have

728

00:29:45,230 --> 00:29:44,159

encountered aside from The Hitchhiker

729

00:29:48,710 --> 00:29:45,240

effect is

730

00:29:51,110 --> 00:29:48,720

sort of making contact and for a lack of

731

00:29:53,090 --> 00:29:51,120

a better word becoming an integral part

732

00:29:56,750 --> 00:29:53,100

of the Paranormal event or phenomena

733

00:29:59,630 --> 00:29:56,760

itself and not just an observer you have

734

00:30:01,549 --> 00:29:59,640

a portion of the book that goes into a

735

00:30:03,409 --> 00:30:01,559

little bit of detail about one of your

736

00:30:06,409 --> 00:30:03,419

team members

737

00:30:08,149 --> 00:30:06,419

who for lack of a better word covered a

738

00:30:09,830 --> 00:30:08,159

bunch of ground in a way that's not

739

00:30:11,450 --> 00:30:09,840

humanly possible

740

00:30:13,730 --> 00:30:11,460

and

741

00:30:15,529 --> 00:30:13,740

um you know when when I saw that part

742

00:30:17,649 --> 00:30:15,539

combined with the theories from Jacques

743

00:30:19,850 --> 00:30:17,659

valet and Carl Young regarding

744

00:30:22,010 --> 00:30:19,860

extraterrestrial intelligence or what

745

00:30:26,269 --> 00:30:22,020

may be more like an interdimensional

746

00:30:28,669 --> 00:30:26,279

intelligence this can permeate and the

747

00:30:31,730 --> 00:30:28,679

human mind and make basically contact

748

00:30:33,529 --> 00:30:31,740

with the Observer where they may or may

749

00:30:36,409 --> 00:30:33,539

not become part of the Paranormal event

750

00:30:39,710 --> 00:30:36,419

or phenomenon can we go into that case I

751

00:30:44,149 --> 00:30:39,720

found that super super intriguing

752

00:30:47,570 --> 00:30:44,159

uh yeah absolutely uh and to kind of

753

00:30:50,450 --> 00:30:47,580

address the uh the the whole concept is

754

00:30:53,750 --> 00:30:50,460

you go into the uh the observer effect

755

00:30:56,510 --> 00:30:53,760

you know does the Observer actually by

756

00:30:59,090 --> 00:30:56,520

observing change the nature of the event

757

00:31:00,889 --> 00:30:59,100

and I think that's been proven you know

758

00:31:02,810 --> 00:31:00,899

scientifically with uh you know Quantum

759

00:31:05,169 --> 00:31:02,820

research and things like that so yes

760

00:31:08,330 --> 00:31:05,179

absolutely uh you know we are

761

00:31:11,210 --> 00:31:08,340

experiential beings and we are part of

762

00:31:13,850 --> 00:31:11,220

the the situation and the experience

763

00:31:18,289 --> 00:31:13,860

that particular evening was uh rather

764

00:31:20,210 --> 00:31:18,299

odd very strange we had a team member uh

765

00:31:20,930 --> 00:31:20,220

had some really strange things happen to

766

00:31:22,970 --> 00:31:20,940

him

767

00:31:26,450 --> 00:31:22,980

we decided to go out into the meadow and

768

00:31:28,850 --> 00:31:26,460

set up a very uh methodical

769

00:31:30,710 --> 00:31:28,860

uh operation that evening and what we

770

00:31:32,990 --> 00:31:30,720

were going to do is set up three teams

771

00:31:35,870 --> 00:31:33,000

uh in the meadow

772

00:31:37,549 --> 00:31:35,880

with night vision and flear a three

773

00:31:40,190 --> 00:31:37,559

observation teams and we were going to

774

00:31:41,990 --> 00:31:40,200

have a single team member move across

775

00:31:45,230 --> 00:31:42,000

the top of this Ridge that's adjacent

776

00:31:48,110 --> 00:31:45,240

the meadow and the idea was

777

00:31:50,330 --> 00:31:48,120

several uh you know there's two or three

778

00:31:52,070 --> 00:31:50,340

fold is he could move across the top of

779

00:31:54,649 --> 00:31:52,080

the ridge if there was anything between

780

00:31:56,870 --> 00:31:54,659

the top of the Ridge and the meadow he

781

00:31:58,310 --> 00:31:56,880

could possibly flush it down to where

782

00:32:00,529 --> 00:31:58,320

the team members could pick it up on

783

00:32:02,630 --> 00:32:00,539

their equipment uh he could observe

784

00:32:05,210 --> 00:32:02,640

something himself up on top of the ridge

785

00:32:07,190 --> 00:32:05,220

or he also had a very high vapping point

786

00:32:09,590 --> 00:32:07,200

where he could look down into the meadow

787

00:32:11,630 --> 00:32:09,600

so he had you know very good uh uh

788

00:32:16,430 --> 00:32:11,640

position of observation

789

00:32:18,110 --> 00:32:16,440

so as uh we got set up uh and he was

790

00:32:20,149 --> 00:32:18,120

getting ready to start moving across the

791

00:32:22,190 --> 00:32:20,159

top of the ridge there was a a trail

792

00:32:24,110 --> 00:32:22,200

that leads to the Ridge and there's a

793

00:32:25,850 --> 00:32:24,120

very well-known uh Landmark that we're

794

00:32:29,510 --> 00:32:25,860

all familiar with it so

795

00:32:31,909 --> 00:32:29,520

a particular tree down across the trail

796

00:32:34,370 --> 00:32:31,919

and he gets on his radio and he says uh

797

00:32:36,529 --> 00:32:34,380

hey guys I'm at the tree across the

798

00:32:38,630 --> 00:32:36,539

trail but I don't remember how I got

799

00:32:40,490 --> 00:32:38,640

here

800

00:32:42,529 --> 00:32:40,500

so the first thing you know that pops

801  
00:32:44,090 --> 00:32:42,539  
into your mind Occam's razor is he's

802  
00:32:46,789 --> 00:32:44,100  
having a medical event

803  
00:32:49,010 --> 00:32:46,799  
so our paramedics get on the radio and

804  
00:32:50,810 --> 00:32:49,020  
they said okay you know are you

805  
00:32:56,330 --> 00:32:50,820  
lightheaded

806  
00:32:59,149 --> 00:32:56,340  
have a headache no

807  
00:33:01,190 --> 00:32:59,159  
recite Mary had a little lamb but we

808  
00:33:02,389 --> 00:33:01,200  
think maybe a stroke you know he recited

809  
00:33:05,450 --> 00:33:02,399  
Mary had a little lamb do you have

810  
00:33:07,010 --> 00:33:05,460  
tingling in your extremity no

811  
00:33:10,130 --> 00:33:07,020  
you know did you fall down and get

812  
00:33:12,769 --> 00:33:10,140  
concussed no

813  
00:33:14,810 --> 00:33:12,779

so you know as human beings we like to

814

00:33:17,509 --> 00:33:14,820

put things into a neat box

815

00:33:19,190 --> 00:33:17,519

and the Box we put that into is maybe he

816

00:33:21,470 --> 00:33:19,200

was just so focused on what he was doing

817

00:33:24,130 --> 00:33:21,480

that he didn't remember walking there

818

00:33:26,269 --> 00:33:24,140

we've all driven to work

819

00:33:27,889 --> 00:33:26,279

daydreaming and we pull into the parking

820

00:33:29,389 --> 00:33:27,899

lot and we don't really remember the

821

00:33:31,130 --> 00:33:29,399

drive there it's happened to all of it

822

00:33:33,350 --> 00:33:31,140

so perhaps you know that's the easiest

823

00:33:36,950 --> 00:33:33,360

and most convenient explanation so

824

00:33:43,490 --> 00:33:39,590

so he uh he moved across the top of the

825

00:33:45,289 --> 00:33:43,500

ridge dropped down into the Ridge and uh

826

00:33:48,649 --> 00:33:45,299

didn't see anything nothing interesting

827

00:33:50,090 --> 00:33:48,659

happened so uh he drops down into the

828

00:33:51,590 --> 00:33:50,100

West End of the meadow and he starts

829

00:33:52,549 --> 00:33:51,600

working his way East our one of our

830

00:33:54,769 --> 00:33:52,559

teams

831

00:33:57,230 --> 00:33:54,779

picks him up on their thermal they see

832

00:33:59,330 --> 00:33:57,240

his Heat Signature man-shaped he said

833

00:34:02,269 --> 00:33:59,340

that you're moving across the meadow

834

00:34:04,909 --> 00:34:02,279

the two individuals in that uh lpop

835

00:34:07,130 --> 00:34:04,919

listening post observation post uh was

836

00:34:09,109 --> 00:34:07,140

once again my team member who was a

837

00:34:10,909 --> 00:34:09,119

former US Army Ranger also has a degree

838

00:34:13,369 --> 00:34:10,919

in physics from the Georgia Institute of

839

00:34:14,930 --> 00:34:13,379

Technology and his partner who also has

840

00:34:17,149 --> 00:34:14,940

a degree from the Georgia Institute of

841

00:34:20,329 --> 00:34:17,159

Technology and a master's degree

842

00:34:23,930 --> 00:34:20,339

and is a a career Medical Professional

843

00:34:26,210 --> 00:34:23,940

so two very dialed in feet on the ground

844

00:34:28,369 --> 00:34:26,220

competent

845

00:34:31,129 --> 00:34:28,379

professionals they're watching

846

00:34:32,750 --> 00:34:31,139

this individual move towards them

847

00:34:35,389 --> 00:34:32,760

and as they're washing them through

848

00:34:37,609 --> 00:34:35,399

their thermals his Heat Signature turns

849

00:34:39,710 --> 00:34:37,619

into a ball of energy you know spherical

850

00:34:42,649 --> 00:34:39,720

shape that they're watching through

851  
00:34:44,329 --> 00:34:42,659  
their devices and it moves several

852  
00:34:46,369 --> 00:34:44,339  
hundred meters in just a few seconds and

853  
00:34:49,970 --> 00:34:46,379  
we calculated all of this

854  
00:34:54,290 --> 00:34:49,980  
and it's a between 23 and 25 miles an

855  
00:34:56,270 --> 00:34:54,300  
hour that this this heat signature moved

856  
00:34:59,030 --> 00:34:56,280  
and then as of watching it it turned

857  
00:35:01,250 --> 00:34:59,040  
back into a man-shaped heat signature

858  
00:35:02,750 --> 00:35:01,260  
and they quickly got on the radio and

859  
00:35:03,829 --> 00:35:02,760  
they said oh my goodness are you okay

860  
00:35:05,630 --> 00:35:03,839  
and they're watching through their

861  
00:35:08,089 --> 00:35:05,640  
thermals and they see his hand come up

862  
00:35:09,290 --> 00:35:08,099  
with a radio mic and respond yes I'm

863  
00:35:11,089 --> 00:35:09,300

okay

864

00:35:12,710 --> 00:35:11,099

and they say hey you need to come to us

865

00:35:14,569 --> 00:35:12,720

really quick

866

00:35:15,829 --> 00:35:14,579

he said okay I'm on my way so he makes

867

00:35:17,990 --> 00:35:15,839

his way over there and they're like oh

868

00:35:21,109 --> 00:35:18,000

are you okay are you fine he's like I'm

869

00:35:23,270 --> 00:35:21,119

okay why why do you ask

870

00:35:25,430 --> 00:35:23,280

well we saw you turn into a you know

871

00:35:27,950 --> 00:35:25,440

your your heat signature turn into a

872

00:35:29,810 --> 00:35:27,960

spherical shape and move at a inhuman

873

00:35:31,190 --> 00:35:29,820

speed and then turn back into a regular

874

00:35:33,170 --> 00:35:31,200

human shape

875

00:35:34,670 --> 00:35:33,180

and he said they said what was your you

876  
00:35:37,010 --> 00:35:34,680  
know what happened he goes nothing I

877  
00:35:38,930 --> 00:35:37,020  
just walked over here

878  
00:35:41,329 --> 00:35:38,940  
you know from his perspective he just

879  
00:35:43,490 --> 00:35:41,339  
walked over there nothing had changed

880  
00:35:45,290 --> 00:35:43,500  
so you know to this day going back to

881  
00:35:48,109 --> 00:35:45,300  
the observer effect

882  
00:35:49,910 --> 00:35:48,119  
who had the experience to be observed or

883  
00:35:52,069 --> 00:35:49,920  
the Observer you know who actually had

884  
00:35:53,510 --> 00:35:52,079  
their reality shifted in that particular

885  
00:35:56,030 --> 00:35:53,520  
incident

886  
00:35:57,829 --> 00:35:56,040  
so you know we saw that was pretty weird

887  
00:36:00,530 --> 00:35:57,839  
you know most people would you know

888  
00:36:02,089 --> 00:36:00,540

chalk that up as a Apex event in their

889

00:36:03,470 --> 00:36:02,099

uh you know career of researching into

890

00:36:05,150 --> 00:36:03,480

this kind of stuff

891

00:36:07,310 --> 00:36:05,160

but it got even stranger the next

892

00:36:08,930 --> 00:36:07,320

morning uh the the same individual that

893

00:36:10,910 --> 00:36:08,940

had the missing time and

894

00:36:12,650 --> 00:36:10,920

was observed turning into a ball of

895

00:36:16,010 --> 00:36:12,660

energy came over and he showed us his

896

00:36:17,990 --> 00:36:16,020

GPS uh track

897

00:36:19,790 --> 00:36:18,000

his background is in a back country

898

00:36:23,150 --> 00:36:19,800

search and rescue he served many years

899

00:36:24,470 --> 00:36:23,160

uh as a deputy chair and a law

900

00:36:26,210 --> 00:36:24,480

enforcement officer in the state of

901  
00:36:28,010 --> 00:36:26,220  
California spent many many years

902  
00:36:31,670 --> 00:36:28,020  
conducting Back Country search and

903  
00:36:34,130 --> 00:36:31,680  
rescue very competent outdoorsmen

904  
00:36:36,109 --> 00:36:34,140  
you know used to uh being out in the

905  
00:36:37,609 --> 00:36:36,119  
wilderness very comfortable with it and

906  
00:36:40,849 --> 00:36:37,619  
because of that one of the things that

907  
00:36:44,089 --> 00:36:40,859  
he always does is he turns his GPS on

908  
00:36:47,089 --> 00:36:44,099  
and runs a uh a track line you know the

909  
00:36:49,609 --> 00:36:47,099  
GPS records his uh his travels you know

910  
00:36:51,710 --> 00:36:49,619  
throughout his uh his day

911  
00:36:53,690 --> 00:36:51,720  
so he showed us this track line on his

912  
00:36:55,790 --> 00:36:53,700  
GPS the next morning

913  
00:36:58,250 --> 00:36:55,800

and much to our amazement and

914

00:37:00,170 --> 00:36:58,260

astonishment his trackline was a series

915

00:37:02,210 --> 00:37:00,180

of straight lines

916

00:37:05,210 --> 00:37:02,220

some of which were on the other side of

917

00:37:08,329 --> 00:37:05,220

a very large Creek or small river that

918

00:37:10,550 --> 00:37:08,339

you know you would get absolutely soaked

919

00:37:12,530 --> 00:37:10,560

trying to get to the other side he was

920

00:37:13,730 --> 00:37:12,540

never on the other side of that River he

921

00:37:14,569 --> 00:37:13,740

was never on the other side of that

922

00:37:17,569 --> 00:37:14,579

Creek

923

00:37:18,910 --> 00:37:17,579

also the very straight linear track

924

00:37:22,190 --> 00:37:18,920

lines

925

00:37:24,109 --> 00:37:22,200

uh were of such that you can't travel on

926

00:37:26,150 --> 00:37:24,119

foot in a straight line the train is too

927

00:37:28,130 --> 00:37:26,160

rough it's too rugged

928

00:37:31,010 --> 00:37:28,140

and the only way that we could figure

929

00:37:33,650 --> 00:37:31,020

that you could travel in a straight line

930

00:37:35,569 --> 00:37:33,660

would be if you were in the air

931

00:37:37,250 --> 00:37:35,579

If You Were Somehow flying over the

932

00:37:40,130 --> 00:37:37,260

terrain

933

00:37:41,569 --> 00:37:40,140

so you know couple that with his missing

934

00:37:43,730 --> 00:37:41,579

time that evening

935

00:37:45,950 --> 00:37:43,740

him seemingly turning into a ball of

936

00:37:48,829 --> 00:37:45,960

energy

937

00:37:50,210 --> 00:37:48,839

one has to wonder did he step out of our

938

00:37:52,550 --> 00:37:50,220

existence did he step out of our

939

00:37:55,010 --> 00:37:52,560

Dimension or was he pulled out of our

940

00:37:56,450 --> 00:37:55,020

Dimension by forces unknown for a small

941

00:37:58,490 --> 00:37:56,460

period of time

942

00:38:00,190 --> 00:37:58,500

just enough that he could have these

943

00:38:02,930 --> 00:38:00,200

very strange

944

00:38:05,270 --> 00:38:02,940

occurrences missing time

945

00:38:06,710 --> 00:38:05,280

turning into a ball of energy and

946

00:38:07,609 --> 00:38:06,720

traveling in a straight line over the

947

00:38:10,010 --> 00:38:07,619

terrain

948

00:38:13,730 --> 00:38:10,020

to this day we've never come up with a

949

00:38:16,010 --> 00:38:13,740

quote unquote plausible explanation

950

00:38:19,010 --> 00:38:16,020

but when you start thinking about it the

951  
00:38:21,470 --> 00:38:19,020  
possibilities are quite amazing

952  
00:38:25,069 --> 00:38:21,480  
and what I really liked about your

953  
00:38:27,829 --> 00:38:25,079  
research is the variety of the toolbox

954  
00:38:29,870 --> 00:38:27,839  
that you're digging into using the Estes

955  
00:38:32,089 --> 00:38:29,880  
method and I'd like to discuss that for

956  
00:38:32,750 --> 00:38:32,099  
listeners as well

957  
00:38:35,690 --> 00:38:32,760  
um

958  
00:38:36,710 --> 00:38:35,700  
but I wanted to touch on a point which

959  
00:38:38,930 --> 00:38:36,720  
is

960  
00:38:40,609 --> 00:38:38,940  
kind of interesting and another

961  
00:38:43,010 --> 00:38:40,619  
phenomena that's taken place out there

962  
00:38:45,170 --> 00:38:43,020  
which is the crop circle and you know

963  
00:38:48,470 --> 00:38:45,180

crop circles are strange and unexplained

964

00:38:51,530 --> 00:38:48,480

geometric patterns most oftenly found in

965

00:38:54,530 --> 00:38:51,540

fields and meadows and I've been looking

966

00:38:57,710 --> 00:38:54,540

into the research of the CCCS the center

967

00:39:00,950 --> 00:38:57,720

for crop circle studies and the research

968

00:39:03,310 --> 00:39:00,960

points out many of the telltale signs

969

00:39:05,870 --> 00:39:03,320

that this Enigma displays

970

00:39:08,210 --> 00:39:05,880

verify verifying that the event is in

971

00:39:11,450 --> 00:39:08,220

fact anomalous and the meadow where you

972

00:39:13,790 --> 00:39:11,460

are researching has displayed a similar

973

00:39:16,430 --> 00:39:13,800

strange set of markings or indentations

974

00:39:19,130 --> 00:39:16,440

on the ground and a wild way that the

975

00:39:20,990 --> 00:39:19,140

grass is bent and not broken can we

976

00:39:22,970 --> 00:39:21,000

discuss that and then maybe get into the

977

00:39:25,910 --> 00:39:22,980

SDS method

978

00:39:28,430 --> 00:39:25,920

oh sure absolutely we uh one weekend we

979

00:39:31,130 --> 00:39:28,440

had decided to

980

00:39:33,589 --> 00:39:31,140

to explore a uh another field another

981

00:39:36,950 --> 00:39:33,599

meta which was about seven miles away so

982

00:39:38,870 --> 00:39:36,960

uh team of about seven of us uh hiked

983

00:39:40,790 --> 00:39:38,880

cross country to this Meadow with our

984

00:39:43,130 --> 00:39:40,800

equipment and

985

00:39:45,050 --> 00:39:43,140

you know necessary support uh gear to

986

00:39:46,970 --> 00:39:45,060

spend the night there

987

00:39:48,890 --> 00:39:46,980

and uh the next next morning we came

988

00:39:50,089 --> 00:39:48,900

back and there was some weird stuff that

989

00:39:52,190 --> 00:39:50,099

happened while we were out in this other

990

00:39:54,470 --> 00:39:52,200

Meadow uh

991

00:39:57,230 --> 00:39:54,480

but while we were gone uh two of the

992

00:39:59,750 --> 00:39:57,240

team members uh let me back up when we

993

00:40:01,490 --> 00:39:59,760

returned one of the team members that's

994

00:40:03,890 --> 00:40:01,500

stayed back

995

00:40:05,569 --> 00:40:03,900

uh and another team member decided to

996

00:40:08,030 --> 00:40:05,579

walk out to the meadow

997

00:40:11,150 --> 00:40:08,040

and you know do a little observation

998

00:40:14,930 --> 00:40:11,160

before we were uh returning that morning

999

00:40:16,370 --> 00:40:14,940

and when they got there they observed a

1000

00:40:18,650 --> 00:40:16,380

set of

1001  
00:40:20,870 --> 00:40:18,660  
and I'm going to use a term they weren't

1002  
00:40:22,130 --> 00:40:20,880  
tire tracks but they looked like

1003  
00:40:24,170 --> 00:40:22,140  
Chiropractic and I'm going to use that

1004  
00:40:25,910 --> 00:40:24,180  
as a descriptor so your listeners can

1005  
00:40:28,910 --> 00:40:25,920  
kind of imagine what these things look

1006  
00:40:32,150 --> 00:40:28,920  
like there were two parallel lines

1007  
00:40:35,750 --> 00:40:32,160  
of depressed grass you know maybe

1008  
00:40:39,170 --> 00:40:35,760  
12 18 inches wide linear two of them

1009  
00:40:41,870 --> 00:40:39,180  
running parallel almost like tire tracks

1010  
00:40:44,810 --> 00:40:41,880  
but what makes it weird

1011  
00:40:47,210 --> 00:40:44,820  
is these two parallel track lines

1012  
00:40:49,190 --> 00:40:47,220  
will almost look like something had been

1013  
00:40:51,349 --> 00:40:49,200

set into the meadow dropped from the air

1014

00:40:53,210 --> 00:40:51,359

traveled a distance and it was lifted

1015

00:40:55,910 --> 00:40:53,220

out meaning there was a distinct start

1016

00:40:57,410 --> 00:40:55,920

point and a distinct ending point

1017

00:40:59,150 --> 00:40:57,420

you know it wasn't like something drove

1018

00:41:01,329 --> 00:40:59,160

down from the road or you know it was a

1019

00:41:04,609 --> 00:41:01,339

quad or something like that

1020

00:41:07,130 --> 00:41:04,619

and uh to make it even stranger is the

1021

00:41:09,530 --> 00:41:07,140

grass was bent over it wasn't broken it

1022

00:41:10,750 --> 00:41:09,540

was bent over uh grass about 18 inches

1023

00:41:14,270 --> 00:41:10,760

high

1024

00:41:16,430 --> 00:41:14,280

and in these two track lines

1025

00:41:19,430 --> 00:41:16,440

there were

1026  
00:41:21,470 --> 00:41:19,440  
ant hills you know and mole Hills and

1027  
00:41:24,890 --> 00:41:21,480  
small little sapling you know little

1028  
00:41:25,910 --> 00:41:24,900  
tiny uh saplings of trees just starting

1029  
00:41:28,550 --> 00:41:25,920  
to grow

1030  
00:41:30,170 --> 00:41:28,560  
they were not depressed they ain't Hills

1031  
00:41:31,849 --> 00:41:30,180  
were not depressed so it wasn't like

1032  
00:41:34,490 --> 00:41:31,859  
something was pressing down on the

1033  
00:41:37,430 --> 00:41:34,500  
ground compacting the soil

1034  
00:41:39,890 --> 00:41:37,440  
it just bent over the grass which uh is

1035  
00:41:41,810 --> 00:41:39,900  
very very strange

1036  
00:41:43,910 --> 00:41:41,820  
once again no explanation it doesn't

1037  
00:41:46,490 --> 00:41:43,920  
make any sense it gets even stranger

1038  
00:41:48,290 --> 00:41:46,500

when we got back to Camp two of the

1039

00:41:51,290 --> 00:41:48,300

members that were on the packing trip

1040

00:41:53,870 --> 00:41:51,300

with us decided to go out and observe

1041

00:41:55,430 --> 00:41:53,880

this strange phenomena and uh do a

1042

00:41:57,349 --> 00:41:55,440

little research themselves while the

1043

00:41:59,390 --> 00:41:57,359

rest of us uh rested up and recovered

1044

00:42:01,250 --> 00:41:59,400

from our our trip

1045

00:42:02,690 --> 00:42:01,260

and they went out there with a full

1046

00:42:04,910 --> 00:42:02,700

spectrum camera

1047

00:42:06,290 --> 00:42:04,920

and they noticed that they stood in the

1048

00:42:09,050 --> 00:42:06,300

track in the middle of the track line

1049

00:42:10,910 --> 00:42:09,060

and pointed their camera down the track

1050

00:42:15,109 --> 00:42:10,920

line to the West

1051  
00:42:16,670 --> 00:42:15,119  
they saw dare us a a cube or a box to

1052  
00:42:18,650 --> 00:42:16,680  
their full spectrum camera they would

1053  
00:42:20,329 --> 00:42:18,660  
take the camera down couldn't see what

1054  
00:42:23,150 --> 00:42:20,339  
the naked eye put it up there it was

1055  
00:42:24,650 --> 00:42:23,160  
they would step out of the track line

1056  
00:42:27,470 --> 00:42:24,660  
point that camera in the same direction

1057  
00:42:28,970 --> 00:42:27,480  
and it wasn't visible

1058  
00:42:30,470 --> 00:42:28,980  
stepped out of the other side of the

1059  
00:42:33,470 --> 00:42:30,480  
track line once again wasn't visible

1060  
00:42:36,530 --> 00:42:33,480  
stepped into the track line there it was

1061  
00:42:38,750 --> 00:42:36,540  
so they went to take a photograph and uh

1062  
00:42:41,270 --> 00:42:38,760  
unfortunately you know they were still

1063  
00:42:43,250 --> 00:42:41,280

tired from the Trek they had forgotten

1064

00:42:45,410 --> 00:42:43,260

to put the SIM card in the camera

1065

00:42:46,550 --> 00:42:45,420

so you know these things happen and by

1066

00:42:48,589 --> 00:42:46,560

the time we were able to get back out

1067

00:42:50,870 --> 00:42:48,599

there we couldn't see the other box of

1068

00:42:52,609 --> 00:42:50,880

the queue but I had affidavits from

1069

00:42:54,230 --> 00:42:52,619

these two gentlemen one of whom is an

1070

00:42:55,970 --> 00:42:54,240

electrical engineer for their you know

1071

00:42:57,230 --> 00:42:55,980

solid people

1072

00:43:05,690 --> 00:42:57,240

in

1073

00:43:08,390 --> 00:43:05,700

meadow of what exactly they are and what

1074

00:43:11,089 --> 00:43:08,400

their relationship to anything is we you

1075

00:43:13,370 --> 00:43:11,099

know aren't really sure but you know

1076

00:43:16,130 --> 00:43:13,380

that was our very very strange uh

1077

00:43:18,290 --> 00:43:16,140

happening with a

1078

00:43:20,329 --> 00:43:18,300

crop circle and I'm using air quotes on

1079

00:43:21,530 --> 00:43:20,339

that but uh strange indentations in the

1080

00:43:24,290 --> 00:43:21,540

vegetation

1081

00:43:28,130 --> 00:43:24,300

so uh you know that was our experience

1082

00:43:29,690 --> 00:43:28,140

yeah and let's this is wild let's get

1083

00:43:32,089 --> 00:43:29,700

into some of the newer things you're

1084

00:43:35,030 --> 00:43:32,099

delving into and before we start

1085

00:43:37,670 --> 00:43:35,040

wrapping up I'd like to delve for a

1086

00:43:40,010 --> 00:43:37,680

moment in a little more into the box and

1087

00:43:41,630 --> 00:43:40,020

uh the situation surrounding it but as

1088

00:43:44,329 --> 00:43:41,640

always you've had me

1089

00:43:47,030 --> 00:43:44,339

on the edge of my seat we've covered a

1090

00:43:48,589 --> 00:43:47,040

lot of the Intriguing investigations and

1091

00:43:50,690 --> 00:43:48,599

I'd like to get into some of the new

1092

00:43:53,450 --> 00:43:50,700

developments including the Estes method

1093

00:43:55,490 --> 00:43:53,460

and not to mention I'd like to note that

1094

00:43:58,309 --> 00:43:55,500

you plan on utilizing this method in

1095

00:44:01,130 --> 00:43:58,319

unison with what is known as the god

1096

00:44:04,970 --> 00:44:01,140

helmet which is kind of a research slang

1097

00:44:08,450 --> 00:44:04,980

in our circles for the work of Michael

1098

00:44:11,150 --> 00:44:08,460

Persinger and you plan on possibly

1099

00:44:13,910 --> 00:44:11,160

combining the god helmet with the Estes

1100

00:44:16,990 --> 00:44:13,920

protocol and see if this makes the

1101

00:44:19,550 --> 00:44:17,000

receiver more uh prone to

1102

00:44:21,710 --> 00:44:19,560

paradimensional contact can we discuss

1103

00:44:24,530 --> 00:44:21,720

that for a moment

1104

00:44:27,950 --> 00:44:24,540

yeah sure uh quickly for your listeners

1105

00:44:30,170 --> 00:44:27,960

the ESPYs method is a method utilized

1106

00:44:31,670 --> 00:44:30,180

utilizing a ghost box and I'm sure you

1107

00:44:33,589 --> 00:44:31,680

know most folks have watched one of the

1108

00:44:36,290 --> 00:44:33,599

paranormal shows where

1109

00:44:38,630 --> 00:44:36,300

you know people use ghost boxes for

1110

00:44:40,790 --> 00:44:38,640

communications

1111

00:44:41,690 --> 00:44:40,800

product times we hear what we want to

1112

00:44:43,190 --> 00:44:41,700

hear

1113

00:44:46,550 --> 00:44:43,200

so

1114

00:44:47,829 --> 00:44:46,560

uh it isn't exactly uh

1115

00:44:51,349 --> 00:44:47,839

you know

1116

00:44:56,329 --> 00:44:54,230

and the issue with that is can we you

1117

00:44:58,609 --> 00:44:56,339

know pull some of the

1118

00:45:01,130 --> 00:44:58,619

some of that out of it and the way you

1119

00:45:03,950 --> 00:45:01,140

do that with the SDS method is you have

1120

00:45:06,470 --> 00:45:03,960

a ghost box with a speaker set

1121

00:45:07,790 --> 00:45:06,480

uh tied into earbuds that go into a

1122

00:45:09,470 --> 00:45:07,800

person's ear and we'll call that person

1123

00:45:11,809 --> 00:45:09,480

the receiver

1124

00:45:13,970 --> 00:45:11,819

and he or she has a set of shooting

1125

00:45:16,130 --> 00:45:13,980

muffs you know ear protectors over that

1126

00:45:17,870 --> 00:45:16,140

so all they can hear is what's coming

1127

00:45:19,730 --> 00:45:17,880

out of the ghost box you know the little

1128

00:45:21,829 --> 00:45:19,740

Snippets of words and individual

1129

00:45:23,630 --> 00:45:21,839

syllables and things like that

1130

00:45:25,910 --> 00:45:23,640

yeah we also take the person the

1131

00:45:28,609 --> 00:45:25,920

receiver and we blindfold them so they

1132

00:45:30,410 --> 00:45:28,619

can't see who's asking questions

1133

00:45:32,630 --> 00:45:30,420

they can't hear the questions being

1134

00:45:34,790 --> 00:45:32,640

asked and their instructions are if they

1135

00:45:36,290 --> 00:45:34,800

hear an intelligible word you know

1136

00:45:38,030 --> 00:45:36,300

through the Ghost Box

1137

00:45:40,010 --> 00:45:38,040

is to repeat it

1138

00:45:42,050 --> 00:45:40,020

you know regardless of how strange or

1139

00:45:44,589 --> 00:45:42,060

silly it may be whatever word you pick

1140

00:45:47,210 --> 00:45:44,599

up repeat it so if you hear the word

1141

00:45:50,630 --> 00:45:47,220

rhubarb then you just

1142

00:45:53,329 --> 00:45:50,640

repeat the word rhubarb you know

1143

00:45:55,790 --> 00:45:53,339

catfish you say catfish

1144

00:45:57,650 --> 00:45:55,800

so we did the SD's method in the uh in

1145

00:46:00,170 --> 00:45:57,660

the meadow and had some uh pretty

1146

00:46:02,150 --> 00:46:00,180

amazing results and

1147

00:46:05,210 --> 00:46:02,160

it's almost as though we were

1148

00:46:06,829 --> 00:46:05,220

communicating with an entity you know

1149

00:46:08,210 --> 00:46:06,839

and it was responding to direct

1150

00:46:10,370 --> 00:46:08,220

questions

1151  
00:46:13,910 --> 00:46:10,380  
and what makes it really extra strange

1152  
00:46:17,450 --> 00:46:13,920  
is when I started questioning

1153  
00:46:20,510 --> 00:46:17,460  
very specific phenomenology that you

1154  
00:46:23,030 --> 00:46:20,520  
know electromagnetic uh fields

1155  
00:46:26,990 --> 00:46:23,040  
uh you know radiation

1156  
00:46:28,849 --> 00:46:27,000  
uh geomagnetism things like that

1157  
00:46:31,970 --> 00:46:28,859  
The Entity started becoming very

1158  
00:46:33,890 --> 00:46:31,980  
agitated you're very upset with us you

1159  
00:46:36,109 --> 00:46:33,900  
know like it did not like that line of

1160  
00:46:39,050 --> 00:46:36,119  
questioning that line of query

1161  
00:46:41,510 --> 00:46:39,060  
uh so you know we had that on a video

1162  
00:46:43,550 --> 00:46:41,520  
which is a really amazing video and also

1163  
00:46:46,309 --> 00:46:43,560

I have the entire transcript of that SD

1164

00:46:47,750 --> 00:46:46,319

session in the book so uh you know it's

1165

00:46:48,829 --> 00:46:47,760

right there if anybody's interested and

1166

00:46:49,910 --> 00:46:48,839

wants to you know look at it for

1167

00:46:52,849 --> 00:46:49,920

themselves

1168

00:46:55,730 --> 00:46:52,859

uh but you know we've talked about if

1169

00:46:58,790 --> 00:46:55,740

somebody is starting to be dialed in

1170

00:47:00,829 --> 00:46:58,800

tuned into this other

1171

00:47:02,809 --> 00:47:00,839

you know this other realm these other

1172

00:47:04,750 --> 00:47:02,819

means of communications if we use the

1173

00:47:07,190 --> 00:47:04,760

god helmet which shoots uh

1174

00:47:08,870 --> 00:47:07,200

electromagnetic fields across the uh the

1175

00:47:10,970 --> 00:47:08,880

trunk of Cortex

1176

00:47:13,790 --> 00:47:10,980

it creates a different state of

1177

00:47:16,609 --> 00:47:13,800

consciousness you know kind of like some

1178

00:47:18,490 --> 00:47:16,619

of the stuff that Lily and Albert were

1179

00:47:21,290 --> 00:47:18,500

doing with LSD but this uses

1180

00:47:23,630 --> 00:47:21,300

electromagnetic fields to create this

1181

00:47:26,690 --> 00:47:23,640

this altered stage of consciousness

1182

00:47:28,609 --> 00:47:26,700

so if we take an individual create an

1183

00:47:31,550 --> 00:47:28,619

alter stage of consciousness

1184

00:47:33,950 --> 00:47:31,560

and then do a degree of slight sensory

1185

00:47:36,710 --> 00:47:33,960

deprivation I.E the headphones sound

1186

00:47:39,950 --> 00:47:36,720

canceling headphones and blindfold and

1187

00:47:43,670 --> 00:47:39,960

then tie it in with a ghost box

1188

00:47:45,470 --> 00:47:43,680

would a receiver be even more receptive

1189

00:47:48,050 --> 00:47:45,480

to paradimensional contact for

1190

00:47:49,730 --> 00:47:48,060

dimensional communication more so than

1191

00:47:51,589 --> 00:47:49,740

they would without the god ailment so

1192

00:47:53,690 --> 00:47:51,599

that's uh unfortunately we're

1193

00:47:55,309 --> 00:47:53,700

self-funded and uh you know we haven't

1194

00:47:57,109 --> 00:47:55,319

procured a god helmet yet but that's

1195

00:47:58,430 --> 00:47:57,119

certainly on our list of our things to

1196

00:48:00,770 --> 00:47:58,440

do

1197

00:48:03,710 --> 00:48:00,780

it is so fascinating I think it's

1198

00:48:06,069 --> 00:48:03,720

intriguing absolutely wild Trey I'm so

1199

00:48:09,230 --> 00:48:06,079

happy we got to have another

1200

00:48:11,750 --> 00:48:09,240

conversation about one of the most in my

1201  
00:48:15,589 --> 00:48:11,760  
opinion wild paranormal hot spots on the

1202  
00:48:18,589 --> 00:48:15,599  
planet by all accounts and the fact that

1203  
00:48:21,170 --> 00:48:18,599  
people may be stepping through portals

1204  
00:48:23,630 --> 00:48:21,180  
um enabling them to uh move through

1205  
00:48:26,210 --> 00:48:23,640  
other to other dimensions

1206  
00:48:28,069 --> 00:48:26,220  
this is absolutely mind-blowing there's

1207  
00:48:30,470 --> 00:48:28,079  
other places on the planet that this has

1208  
00:48:33,589 --> 00:48:30,480  
been noted but not in any way the way

1209  
00:48:34,730 --> 00:48:33,599  
you have documented it and um kudos for

1210  
00:48:36,950 --> 00:48:34,740  
that

1211  
00:48:40,250 --> 00:48:36,960  
you are visiting the property here

1212  
00:48:42,589 --> 00:48:40,260  
sometime soon and I wanted to uh see

1213  
00:48:44,930 --> 00:48:42,599

what you it's what what you expect even

1214

00:48:47,990 --> 00:48:44,940

though it's very much unexpected I'm

1215

00:48:51,290 --> 00:48:48,000

sure when when the boots hit the ground

1216

00:48:53,930 --> 00:48:51,300

yeah uh you know we we have a standard

1217

00:48:55,609 --> 00:48:53,940

series of protocols that we use when we

1218

00:48:57,109 --> 00:48:55,619

go out there you know we have had very

1219

00:48:59,210 --> 00:48:57,119

good luck setting up you know listening

1220

00:49:00,710 --> 00:48:59,220

post observation posts with thermals uh

1221

00:49:02,450 --> 00:49:00,720

night vision

1222

00:49:05,750 --> 00:49:02,460

things like that we have started to

1223

00:49:07,849 --> 00:49:05,760

develop uh experimental uh packages that

1224

00:49:09,890 --> 00:49:07,859

we will leave out there uh I've been in

1225

00:49:11,329 --> 00:49:09,900

contact with uh my alma mater I've

1226

00:49:13,250 --> 00:49:11,339

actually had a chance a lecture out

1227

00:49:16,430 --> 00:49:13,260

there and have discussed some uh

1228

00:49:17,569 --> 00:49:16,440

paranormal research and uh experimental

1229

00:49:19,609 --> 00:49:17,579

packages

1230

00:49:23,510 --> 00:49:19,619

and some some of them that we're coming

1231

00:49:25,370 --> 00:49:23,520

up with is a series of uh stop watches

1232

00:49:26,809 --> 00:49:25,380

we have a control stop watch and a

1233

00:49:28,730 --> 00:49:26,819

stopwatch that we put out there in the

1234

00:49:31,609 --> 00:49:28,740

field to see if there's a difference in

1235

00:49:32,870 --> 00:49:31,619

time another experimental package that I

1236

00:49:36,670 --> 00:49:32,880

just built

1237

00:49:40,730 --> 00:49:36,680

uh is a sealed Pelican box with a

1238

00:49:43,490 --> 00:49:40,740

magnetic uh board in it that's broken up

1239

00:49:45,710 --> 00:49:43,500

into squares it's gridded squares are

1240

00:49:48,410 --> 00:49:45,720

numbered one through 47.

1241

00:49:51,829 --> 00:49:48,420

and I have a series of magnetic letters

1242

00:49:54,530 --> 00:49:51,839

that I will place on this grid record

1243

00:49:55,370 --> 00:49:54,540

where the letters were in a random

1244

00:49:58,370 --> 00:49:55,380

pattern

1245

00:49:59,990 --> 00:49:58,380

seal the Box up lock it place it in the

1246

00:50:01,849 --> 00:50:00,000

meadow and then return to see if the

1247

00:50:05,109 --> 00:50:01,859

letters have been moved around

1248

00:50:07,550 --> 00:50:05,119

so those are taking some of the

1249

00:50:09,050 --> 00:50:07,560

parapsychological experiments out of the

1250

00:50:11,089 --> 00:50:09,060

laboratory

1251

00:50:14,030 --> 00:50:11,099

and then bringing them into the field

1252

00:50:16,370 --> 00:50:14,040

you know packing them into a field in an

1253

00:50:17,930 --> 00:50:16,380

area known for high strangeness so we

1254

00:50:20,630 --> 00:50:17,940

have that going on

1255

00:50:22,670 --> 00:50:20,640

uh of course we always have the options

1256

00:50:24,829 --> 00:50:22,680

of doing Sky watches we've got some

1257

00:50:26,589 --> 00:50:24,839

pretty neat UFO video that we've

1258

00:50:30,230 --> 00:50:26,599

captured out there

1259

00:50:32,150 --> 00:50:30,240

uh and you know basically as far as this

1260

00:50:34,250 --> 00:50:32,160

location goes

1261

00:50:36,890 --> 00:50:34,260

it's uh dealer's choice you know we have

1262

00:50:39,890 --> 00:50:36,900

so much phenomena and so many uh avenues

1263

00:50:41,510 --> 00:50:39,900

that you can go down as far as research

1264

00:50:43,670 --> 00:50:41,520

that uh you could spend the rest of your

1265

00:50:45,890 --> 00:50:43,680

life researching this area with a a

1266

00:50:47,690 --> 00:50:45,900

whole array of different uh different

1267

00:50:50,809 --> 00:50:47,700

methods and techniques

1268

00:50:54,349 --> 00:50:50,819

yeah it seems that the the zone that you

1269

00:50:56,750 --> 00:50:54,359

are in has a very strange and a wide

1270

00:50:59,510 --> 00:50:56,760

gamut of uh

1271

00:51:01,549 --> 00:50:59,520

Paranormal Activity and things that just

1272

00:51:06,230 --> 00:51:01,559

can't be explained

1273

00:51:08,450 --> 00:51:06,240

there is always that nagging or should I

1274

00:51:12,290 --> 00:51:08,460

say itching feeling that many have

1275

00:51:15,250 --> 00:51:12,300

wondering if there could be or might be

1276

00:51:18,170 --> 00:51:15,260

any kind of government or military

1277

00:51:20,030 --> 00:51:18,180

experimentation being take taken place

1278

00:51:22,549 --> 00:51:20,040

somewhere around the area or in the

1279

00:51:24,650 --> 00:51:22,559

vicinity but I believe you've you've

1280

00:51:27,530 --> 00:51:24,660

mentioned in the past this is unlikely

1281

00:51:29,930 --> 00:51:27,540

could we go into that just a bit

1282

00:51:32,510 --> 00:51:29,940

uh yeah I'm not going to go into you

1283

00:51:34,549 --> 00:51:32,520

know my background and you know what I

1284

00:51:36,589 --> 00:51:34,559

do to earn a living obviously I'm not

1285

00:51:37,910 --> 00:51:36,599

making you know enough money to live on

1286

00:51:41,230 --> 00:51:37,920

doing research

1287

00:51:44,930 --> 00:51:41,240

but I'll just say this my professional

1288

00:51:46,970 --> 00:51:44,940

undertakings are of a nature that if

1289

00:51:49,370 --> 00:51:46,980

there was that kind of involvement by

1290

00:51:51,290 --> 00:51:49,380

the government I would be aware of it

1291

00:51:53,569 --> 00:51:51,300

I'm not aware of it

1292

00:51:55,930 --> 00:51:53,579

I've seen no indications there are

1293

00:52:00,710 --> 00:51:58,670

ways that the government would go about

1294

00:52:02,390 --> 00:52:00,720

researching this you talked about the uh

1295

00:52:04,849 --> 00:52:02,400

you know the book The skinwalkers at the

1296

00:52:08,030 --> 00:52:04,859

Pentagon kind of the way

1297

00:52:10,010 --> 00:52:08,040

the uh the research methodology and the

1298

00:52:12,109 --> 00:52:10,020

funding methodology was set up for uh

1299

00:52:14,510 --> 00:52:12,119

nids and bass when they were looking

1300

00:52:15,950 --> 00:52:14,520

into Skinwalker Ranch would indicate

1301  
00:52:17,510 --> 00:52:15,960  
that something's up I've seen none of

1302  
00:52:20,750 --> 00:52:17,520  
those indicators

1303  
00:52:21,950 --> 00:52:20,760  
uh I could be contacted by you know

1304  
00:52:23,809 --> 00:52:21,960  
other representatives of the government

1305  
00:52:25,430 --> 00:52:23,819  
I could be told you know this is a

1306  
00:52:28,370 --> 00:52:25,440  
classified operation you can't talk

1307  
00:52:30,890 --> 00:52:28,380  
about it within my involvement so that

1308  
00:52:33,109 --> 00:52:30,900  
hasn't happened so I you know either

1309  
00:52:35,089 --> 00:52:33,119  
they're not interested or I'm not on

1310  
00:52:37,309 --> 00:52:35,099  
their proverbial radar

1311  
00:52:38,990 --> 00:52:37,319  
yes and I think that's important to

1312  
00:52:41,930 --> 00:52:39,000  
point out because a lot of times

1313  
00:52:43,370 --> 00:52:41,940

listeners and people immediately go to

1314

00:52:45,230 --> 00:52:43,380

that um

1315

00:52:47,630 --> 00:52:45,240

you know that box and want to make sure

1316

00:52:50,030 --> 00:52:47,640

that that's checked and I think it is in

1317

00:52:53,030 --> 00:52:50,040

this case it's it's standing out in a

1318

00:52:55,670 --> 00:52:53,040

way that is uh all its own something

1319

00:52:57,650 --> 00:52:55,680

also that I find very interesting is

1320

00:52:58,390 --> 00:52:57,660

there seem to be

1321

00:53:00,650 --> 00:52:58,400

um

1322

00:53:04,549 --> 00:53:00,660

electromagnetic manipulation when it

1323

00:53:07,370 --> 00:53:04,559

comes to devices and theorists such as

1324

00:53:09,530 --> 00:53:07,380

Anthony patch and others of course

1325

00:53:12,770 --> 00:53:09,540

there's Gordy Rose who's publicly stated

1326  
00:53:15,829 --> 00:53:12,780  
that his d-wave content computer might

1327  
00:53:18,230 --> 00:53:15,839  
be accessing parallel Dimensions it does

1328  
00:53:20,690 --> 00:53:18,240  
seem at times that some of this High

1329  
00:53:23,750 --> 00:53:20,700  
strangeness interacts with and almost

1330  
00:53:27,710 --> 00:53:23,760  
takes over things of electrical nature

1331  
00:53:29,930 --> 00:53:27,720  
have you had any devices or

1332  
00:53:35,270 --> 00:53:29,940  
items you're using on site be

1333  
00:53:38,870 --> 00:53:37,490  
if they were you know taking over or

1334  
00:53:40,549 --> 00:53:38,880  
used as you know a means of

1335  
00:53:43,609 --> 00:53:40,559  
communication or anything like that but

1336  
00:53:45,530 --> 00:53:43,619  
we have had a lot

1337  
00:53:47,450 --> 00:53:45,540  
of interference with our equipment you

1338  
00:53:51,049 --> 00:53:47,460

know to the point that I will I remember

1339

00:53:51,950 --> 00:53:51,059

one case in particular I had a digital

1340

00:53:55,250 --> 00:53:51,960

camera

1341

00:53:57,829 --> 00:53:55,260

worked fine before we left base camp

1342

00:54:00,530 --> 00:53:57,839

got debate or got to the meadow wouldn't

1343

00:54:03,109 --> 00:54:00,540

work at all it would not

1344

00:54:05,390 --> 00:54:03,119

function at all

1345

00:54:08,089 --> 00:54:05,400

return back to Basecamp worked perfectly

1346

00:54:09,290 --> 00:54:08,099

you know we've had battery drain you

1347

00:54:12,049 --> 00:54:09,300

know something you go out there with a

1348

00:54:16,309 --> 00:54:12,059

you know full charge on your equipment

1349

00:54:17,870 --> 00:54:16,319

uh batteries have maybe one tenth of

1350

00:54:19,130 --> 00:54:17,880

their life cycle you know they will die

1351  
00:54:21,230 --> 00:54:19,140  
very quickly when you're out there

1352  
00:54:23,690 --> 00:54:21,240  
things like that uh

1353  
00:54:25,849 --> 00:54:23,700  
weird radio interference you know your

1354  
00:54:27,950 --> 00:54:25,859  
radios don't seem to always want to work

1355  
00:54:31,130 --> 00:54:27,960  
uh

1356  
00:54:32,870 --> 00:54:31,140  
we've had strange things where sound is

1357  
00:54:35,329 --> 00:54:32,880  
encapsulated like

1358  
00:54:37,430 --> 00:54:35,339  
you have three people in a row this is

1359  
00:54:39,770 --> 00:54:37,440  
an electronic but it's worth noting uh

1360  
00:54:42,230 --> 00:54:39,780  
you know three people in a row

1361  
00:54:44,270 --> 00:54:42,240  
a person on the far end will say

1362  
00:54:46,250 --> 00:54:44,280  
something or make a sound the person on

1363  
00:54:48,109 --> 00:54:46,260

the other far end will hear it but the

1364

00:54:50,390 --> 00:54:48,119

person in between them won't

1365

00:54:53,030 --> 00:54:50,400

so it's like there's a cone of silence

1366

00:54:53,990 --> 00:54:53,040

you know like a sound gets absorbed in

1367

00:54:57,589 --> 00:54:54,000

some way

1368

00:54:59,690 --> 00:54:57,599

uh many of our team members uh have had

1369

00:55:02,930 --> 00:54:59,700

their electronic watches

1370

00:55:06,470 --> 00:55:02,940

uh not work right so a lot of us uh now

1371

00:55:09,710 --> 00:55:06,480

wear either automatic watches that are

1372

00:55:11,450 --> 00:55:09,720

self-winding or old-fashioned analog

1373

00:55:13,250 --> 00:55:11,460

wind-up watches

1374

00:55:15,109 --> 00:55:13,260

so we always know what time it is so

1375

00:55:17,150 --> 00:55:15,119

yeah it's uh you know

1376

00:55:19,430 --> 00:55:17,160

interference with electronics and

1377

00:55:20,930 --> 00:55:19,440

battery drain is very common in these

1378

00:55:24,650 --> 00:55:20,940

areas

1379

00:55:26,870 --> 00:55:24,660

amazing yes the latter uh the the latter

1380

00:55:29,089 --> 00:55:26,880

affirmation that you said about the

1381

00:55:30,589 --> 00:55:29,099

watches we've also found that in the

1382

00:55:33,710 --> 00:55:30,599

uina Basin

1383

00:55:35,990 --> 00:55:33,720

um and that yes uh the the electric

1384

00:55:41,109 --> 00:55:36,000

watches electronic watches fitbits

1385

00:55:45,470 --> 00:55:41,119

iwatches Etc seem to experience

1386

00:55:48,230 --> 00:55:45,480

Transformations that should not or be be

1387

00:55:49,670 --> 00:55:48,240

possible really uh a lot of jumping back

1388

00:55:52,490 --> 00:55:49,680

and forth in time so that's that's

1389

00:55:55,490 --> 00:55:52,500

really neat that you've found a lot of

1390

00:55:59,809 --> 00:55:55,500

things that uh I I can attest is is

1391

00:56:03,290 --> 00:55:59,819

strange I wanted to delve really quickly

1392

00:56:06,049 --> 00:56:03,300

into you know the strange belief or

1393

00:56:10,250 --> 00:56:06,059

maybe the related belief that

1394

00:56:12,770 --> 00:56:10,260

some of these areas may be areas of

1395

00:56:15,770 --> 00:56:12,780

demonic activity a lot of the available

1396

00:56:18,770 --> 00:56:15,780

UFO literature is closely linked with uh

1397

00:56:20,809 --> 00:56:18,780

mysticism and metaphysical and it deals

1398

00:56:23,510 --> 00:56:20,819

with subjects like mental telepathy

1399

00:56:24,890 --> 00:56:23,520

automatic writing invisible entities all

1400

00:56:28,069 --> 00:56:24,900

this phenomena that are somewhat

1401

00:56:32,089 --> 00:56:28,079

Poltergeist or ghost-like have you had

1402

00:56:34,370 --> 00:56:32,099

any accounts where team members or

1403

00:56:36,470 --> 00:56:34,380

yourself may have arrived on location

1404

00:56:38,809 --> 00:56:36,480

and kind of felt that Indescribable

1405

00:56:40,670 --> 00:56:38,819

sense of Menace or is it something that

1406

00:56:43,670 --> 00:56:40,680

it manipulates your emotions when you're

1407

00:56:46,730 --> 00:56:43,680

in the area at times

1408

00:56:49,370 --> 00:56:46,740

uh yeah yeah we we've gone out there and

1409

00:56:51,530 --> 00:56:49,380

I I've personally experienced it

1410

00:56:54,049 --> 00:56:51,540

uh where

1411

00:56:56,450 --> 00:56:54,059

you feel like something is watching you

1412

00:56:58,309 --> 00:56:56,460

or you're under observation and you're

1413

00:57:00,770 --> 00:56:58,319

not comfortable

1414

00:57:02,569 --> 00:57:00,780

and you know in those circumstances in

1415

00:57:04,970 --> 00:57:02,579

those instances you just have to kind of

1416

00:57:06,770 --> 00:57:04,980

you know grunt your way through it you

1417

00:57:09,109 --> 00:57:06,780

just have to deal with that emotion or

1418

00:57:12,170 --> 00:57:09,119

that feeling and stay focused on your

1419

00:57:14,270 --> 00:57:12,180

mission but uh you know it's

1420

00:57:15,430 --> 00:57:14,280

we all go to places you know in the

1421

00:57:18,109 --> 00:57:15,440

world

1422

00:57:19,730 --> 00:57:18,119

where things don't seem right they seem

1423

00:57:21,290 --> 00:57:19,740

off they seem

1424

00:57:22,910 --> 00:57:21,300

I'm not going to use the word curse

1425

00:57:25,430 --> 00:57:22,920

that's the loaded word but they seem

1426  
00:57:26,750 --> 00:57:25,440  
like perhaps they're not the place you

1427  
00:57:28,670 --> 00:57:26,760  
want to be

1428  
00:57:30,170 --> 00:57:28,680  
and you look at the folklore pretty much

1429  
00:57:32,510 --> 00:57:30,180  
any community

1430  
00:57:35,390 --> 00:57:32,520  
and there's talks of cursed places

1431  
00:57:38,690 --> 00:57:35,400  
haunted places places that you don't go

1432  
00:57:42,770 --> 00:57:38,700  
to places that the locals stay away from

1433  
00:57:44,210 --> 00:57:42,780  
and you know as human beings uh we are

1434  
00:57:48,130 --> 00:57:44,220  
dialed in

1435  
00:57:50,569 --> 00:57:48,140  
through many many uh Sensations

1436  
00:57:52,190 --> 00:57:50,579  
incentives that we not may not

1437  
00:57:53,809 --> 00:57:52,200  
particularly be aware of you know human

1438  
00:57:56,750 --> 00:57:53,819

beings are multi-dimensional creatures

1439

00:58:00,470 --> 00:57:56,760

that you know obviously has been proven

1440

00:58:03,470 --> 00:58:00,480

and that gut feeling that intuition

1441

00:58:05,270 --> 00:58:03,480

uh comes into play you know in these

1442

00:58:08,329 --> 00:58:05,280

areas of high strengthness so I think

1443

00:58:12,170 --> 00:58:08,339

they're probably a myriad

1444

00:58:13,790 --> 00:58:12,180

of places of super high strengthness uh

1445

00:58:14,870 --> 00:58:13,800

all over the country and all over the

1446

00:58:17,270 --> 00:58:14,880

world

1447

00:58:19,730 --> 00:58:17,280

that people know about deep in the gut

1448

00:58:22,370 --> 00:58:19,740

you know deep in their guts deep in the

1449

00:58:24,109 --> 00:58:22,380

back of their minds you know you know in

1450

00:58:26,030 --> 00:58:24,119

their in their internal organs they just

1451  
00:58:26,870 --> 00:58:26,040  
know something's not right about this

1452  
00:58:30,410 --> 00:58:26,880  
area

1453  
00:58:31,910 --> 00:58:30,420  
absolutely right for research so

1454  
00:58:33,829 --> 00:58:31,920  
hopefully you know

1455  
00:58:35,390 --> 00:58:33,839  
individuals hearing this you know may

1456  
00:58:36,829 --> 00:58:35,400  
think about that and go out and do their

1457  
00:58:38,750 --> 00:58:36,839  
own research and find their own Meadow

1458  
00:58:40,430 --> 00:58:38,760  
you know in their own backyard which

1459  
00:58:42,530 --> 00:58:40,440  
actually would be kind of cool to hear

1460  
00:58:45,589 --> 00:58:42,540  
about more places like this

1461  
00:58:48,829 --> 00:58:45,599  
yeah these wild paranormal hot spots

1462  
00:58:50,270 --> 00:58:48,839  
they seem to be few and far between but

1463  
00:58:52,569 --> 00:58:50,280

I think there's more out there than

1464

00:58:55,309 --> 00:58:52,579

people are aware by all accounts

1465

00:58:57,650 --> 00:58:55,319

fascinating stuff such great work Trey

1466

00:58:59,930 --> 00:58:57,660

you mentioned you were self-funded where

1467

00:59:01,670 --> 00:58:59,940

can listeners donate or support your

1468

00:59:04,309 --> 00:59:01,680

endeavors

1469

00:59:07,010 --> 00:59:04,319

Ah that's uh probably the best ways you

1470

00:59:08,270 --> 00:59:07,020

have to buy the book uh that you know

1471

00:59:10,430 --> 00:59:08,280

that gives me a little bit of funding

1472

00:59:13,130 --> 00:59:10,440

that I can use to purchase uh various

1473

00:59:18,109 --> 00:59:13,140

equipment uh we unfortunately are not

1474

00:59:21,230 --> 00:59:18,119

set up as a 501c3 yet uh so donations

1475

00:59:22,970 --> 00:59:21,240

uh you know aren't tax deductible uh you

1476

00:59:24,650 --> 00:59:22,980

know if anybody just really feels

1477

00:59:25,549 --> 00:59:24,660

compelled that they want to support this

1478

00:59:30,829 --> 00:59:25,559

uh

1479

00:59:33,530 --> 00:59:30,839

to go to Facebook and I am on Facebook

1480

00:59:35,089 --> 00:59:33,540

as treyhutson Dash author and just uh

1481

00:59:36,650 --> 00:59:35,099

you know send me a message you know

1482

00:59:39,589 --> 00:59:36,660

there's somebody who wants to contribute

1483

00:59:43,069 --> 00:59:39,599

to the calls uh I've got some other kind

1484

00:59:45,470 --> 00:59:43,079

of exciting things uh happening uh

1485

00:59:47,750 --> 00:59:45,480

that will be going into hopefully a

1486

00:59:49,309 --> 00:59:47,760

second book uh looking at some of our

1487

00:59:51,349 --> 00:59:49,319

experiences perhaps from a different

1488

00:59:52,789 --> 00:59:51,359

perspective that I hope will shield some

1489

00:59:55,309 --> 00:59:52,799

additional light so I'm kind of excited

1490

00:59:56,930 --> 00:59:55,319

about those Endeavors I've got some

1491

00:59:58,910 --> 00:59:56,940

some pretty high-powered professionals

1492

01:00:01,609 --> 00:59:58,920

that are offering some of their time and

1493

01:00:03,589 --> 01:00:01,619

efforts pro bono so uh you know the

1494

01:00:06,710 --> 01:00:03,599

sky's the limit and I hope to get to

1495

01:00:08,930 --> 01:00:06,720

share some some new and other amazing

1496

01:00:10,390 --> 01:00:08,940

stories with everybody here you know in

1497

01:00:14,349 --> 01:00:10,400

the next year or two

1498

01:00:16,370 --> 01:00:14,359

amazing as always great information

1499

01:00:19,670 --> 01:00:16,380

covering your new developments

1500

01:00:23,210 --> 01:00:19,680

intriguing investigation methods and not

1501

01:00:27,049 --> 01:00:23,220

to mention uh you've got a lot of high

1502

01:00:28,250 --> 01:00:27,059

strangeness and it's all documented so I

1503

01:00:30,650 --> 01:00:28,260

definitely recommend the listeners

1504

01:00:32,569 --> 01:00:30,660

purchase their book it is available on

1505

01:00:34,849 --> 01:00:32,579

Amazon is that the route you would

1506

01:00:36,109 --> 01:00:34,859

recommend them purchasing it or is there

1507

01:00:38,630 --> 01:00:36,119

another

1508

01:00:41,030 --> 01:00:38,640

uh Amazon is the easiest way yes

1509

01:00:42,890 --> 01:00:41,040

wonderful thank you so much Trey for

1510

01:00:45,230 --> 01:00:42,900

coming on today can't thank you enough

1511

01:00:47,270 --> 01:00:45,240

and uh wish you all the best of luck in

1512

01:00:50,030 --> 01:00:47,280

your in your research

1513

01:00:51,770 --> 01:00:50,040

well thank you Ryan it's been a a

1514

01:00:53,990 --> 01:00:51,780

pleasure and an honor and thank you for

1515

01:00:56,630 --> 01:00:54,000

having me today

1516

01:00:58,670 --> 01:00:56,640

There Are Places on this Earth that are

1517

01:01:01,609 --> 01:00:58,680

best left unvisited

1518

01:01:04,370 --> 01:01:01,619

paranormal and Supernatural locations

1519

01:01:05,809 --> 01:01:04,380

which are swimming in accounts of high

1520

01:01:09,589 --> 01:01:05,819

strangeness

1521

01:01:11,450 --> 01:01:09,599

the meadow is seemingly verified as one

1522

01:01:14,390 --> 01:01:11,460

of these locations

1523

01:01:18,349 --> 01:01:14,400

where statistics and Science and

1524

01:01:20,089 --> 01:01:18,359

rationale are problematically riddled

1525

01:01:23,690 --> 01:01:20,099

with doubt

1526

01:01:27,349 --> 01:01:23,700

doubt about the nature of our reality

1527

01:01:30,950 --> 01:01:27,359

have these locations always existed

1528

01:01:33,650 --> 01:01:30,960

the unknown and supernatural has been

1529

01:01:35,710 --> 01:01:33,660

recognized by our ancestors for

1530

01:01:38,569 --> 01:01:35,720

millennia

1531

01:01:40,329 --> 01:01:38,579

hunter-gatherer societies have accounts

1532

01:01:42,170 --> 01:01:40,339

of Supernatural

1533

01:01:45,890 --> 01:01:42,180

paranormal

1534

01:01:48,289 --> 01:01:45,900

and out of this world activity as far

1535

01:01:50,030 --> 01:01:48,299

back as they could scribble the accounts

1536

01:01:53,690 --> 01:01:50,040

on Stone

1537

01:01:57,230 --> 01:01:53,700

the details have always been murky then

1538

01:02:00,710 --> 01:01:57,240

again the devil lies in the details

1539

01:02:02,089 --> 01:02:00,720

Gathering decipherable data on these

1540

01:02:05,990 --> 01:02:02,099

locations

1541

01:02:08,270 --> 01:02:06,000

seems the only chance Humanity has to

1542

01:02:11,569 --> 01:02:08,280

continue the conversation in a

1543

01:02:14,329 --> 01:02:11,579

legitimate educated way

1544

01:02:16,730 --> 01:02:14,339

scribbling our encounters on rocks just

1545

01:02:19,730 --> 01:02:16,740

isn't going to cut it anymore

1546

01:02:23,150 --> 01:02:19,740

as many listeners know I too have a dog

1547

01:02:26,210 --> 01:02:23,160

in this fight a space Wolf in fact

1548

01:02:27,250 --> 01:02:26,220

a privately held small real estate

1549

01:02:29,569 --> 01:02:27,260

company

1550

01:02:32,030 --> 01:02:29,579

experimenting with various research

1551  
01:02:33,710 --> 01:02:32,040  
methods to detect anomalies and

1552  
01:02:35,630 --> 01:02:33,720  
anticipate them

1553  
01:02:38,089 --> 01:02:35,640  
you can keep up with that at

1554  
01:02:40,549 --> 01:02:38,099  
spacewolfresearch.com

1555  
01:02:43,309 --> 01:02:40,559  
I too understand the issues with funding

1556  
01:02:45,849 --> 01:02:43,319  
and the best way that you can help out

1557  
01:02:49,730 --> 01:02:45,859  
is by subscribing to this podcast

1558  
01:02:52,910 --> 01:02:49,740  
on patreon look for hero paranormal at

1559

patreon.com or go to heroparanormal.com

1560  
01:03:00,410 --> 01:02:56,760  
on podbean another way is purchasing my

1561  
01:03:03,230 --> 01:03:00,420  
books the Utah UFO Ranch on Amazon or

1562  
01:03:05,990 --> 01:03:03,240  
shapeshifter territory on Amazon

1563  
01:03:08,089 --> 01:03:06,000

for you podcast listeners there's a

1564

01:03:09,289 --> 01:03:08,099

bunch of content behind that paywall you

1565

01:03:11,950 --> 01:03:09,299

really should

1566

01:03:14,990 --> 01:03:11,960

so trust me when I say I can relate

1567

01:03:17,089 --> 01:03:15,000

appreciate the work being done by Trey

1568

01:03:20,630 --> 01:03:17,099

and his team

1569

01:03:23,650 --> 01:03:20,640

dealing with precisely some of the same

1570

01:03:27,349 --> 01:03:23,660

strange uncertainties can do that

1571

01:03:30,410 --> 01:03:27,359

and intelligence agencies interest in

1572

01:03:34,250 --> 01:03:30,420

UFOs High strangeness and portal-like

1573

01:03:37,789 --> 01:03:34,260

activity is not a recent development

1574

01:03:40,849 --> 01:03:37,799

as long as time has been a thing the

1575

01:03:44,030 --> 01:03:40,859

powers that be have wished to know more

1576

01:03:46,130 --> 01:03:44,040

about the marginal deceptive and

1577

01:03:47,569 --> 01:03:46,140

unidentified characteristics of our

1578

01:03:51,770 --> 01:03:47,579

reality

1579

01:03:54,650 --> 01:03:51,780

it's nice to know folks like Trey

1580

01:03:57,109 --> 01:03:54,660

the Oxford Paranormal Society

1581

01:04:00,049 --> 01:03:57,119

the anomalous studies and observation

1582

01:04:02,569 --> 01:04:00,059

group and others

1583

01:04:06,049 --> 01:04:02,579

normal folks like you and I are

1584

01:04:08,450 --> 01:04:06,059

aggressively pondering researching and

1585

01:04:10,309 --> 01:04:08,460

trying to document phenomena so we have

1586

01:04:13,069 --> 01:04:10,319

something to pass down to the next batch

1587

01:04:16,069 --> 01:04:13,079

of normal folks

1588

01:04:18,530 --> 01:04:16,079

all this info can't be held behind a

1589

01:04:21,349 --> 01:04:18,540

vault of secrecy forever

1590

01:04:23,930 --> 01:04:21,359

so until next time keep your eyes to the

1591

01:04:32,980 --> 01:04:23,940

skies feet on the ground but don't

1592

01:04:32,990 --> 01:04:47,410

[Music]

1593

01:04:52,970 --> 01:04:49,130

blast off
