

An aerial photograph of a rugged, mountainous landscape. A winding road curves through the valley, surrounded by steep, grassy slopes. Several small lakes are scattered across the terrain. The sky is filled with dramatic, dark clouds, suggesting a sunset or sunrise. The overall scene is one of a remote, high-altitude environment.

hyper anomalous esoteric research

10
00:01:04,969 --> 00:01:02,520
my name is Ryan the anomalous ambassador

11
00:01:06,950 --> 00:01:04,979
of the airwaves bringing you an

12
00:01:09,830 --> 00:01:06,960
unbelievable episode

13
00:01:11,810 --> 00:01:09,840

today man we are going to get into it it

14

00:01:13,750 --> 00:01:11,820

gets Wild

15

00:01:18,890 --> 00:01:13,760

on August 17

16

00:01:21,830 --> 00:01:18,900

1992 on the a-70 road near harpering

17

00:01:25,670 --> 00:01:21,840

Reservoir Lothian District central

18

00:01:28,550 --> 00:01:25,680

Scotland something strange happened

19

00:01:30,170 --> 00:01:28,560

one witness Gary Wood said in his

20

00:01:32,810 --> 00:01:30,180

testimony

21

00:01:35,569 --> 00:01:32,820

I've never seen anything like it before

22

00:01:38,350 --> 00:01:35,579

but I knew it was a UFO

23

00:01:40,969 --> 00:01:38,360

it was floating 20 feet above the road

24

00:01:43,969 --> 00:01:40,979

as we were going underneath

25

00:01:46,550 --> 00:01:43,979

a shimmering curtain fell and we went

26

00:01:50,929 --> 00:01:46,560

into total blackness

27

00:01:56,270 --> 00:01:50,939

this long arm extended over my chest it

28

00:01:59,330 --> 00:01:56,280

was like a skeleton with flesh around it

29

00:02:07,190 --> 00:02:03,889

along these same lines Dr John Mack the

30

00:02:15,410 --> 00:02:10,510

stated at the end of his second book

31

00:02:19,550 --> 00:02:16,729

in the end

32

00:02:22,850 --> 00:02:19,560

the abduction phenomenon seems to me to

33

00:02:26,750 --> 00:02:22,860

be part of a shift in Consciousness that

34

00:02:30,410 --> 00:02:26,760

is a collapsing duality

35

00:02:34,850 --> 00:02:30,420

enabling us to see that we are connected

36

00:02:39,890 --> 00:02:34,860

beyond the Earth at a cosmic level

37

00:02:43,610 --> 00:02:39,900

man on today's episode of hero we have

38

00:02:45,589 --> 00:02:43,620

returning guest Malcolm Robinson Malcolm

39

00:02:47,210 --> 00:02:45,599

is one of my favorite guests for a

40

00:02:49,130 --> 00:02:47,220

variety of reasons

41

00:02:52,130 --> 00:02:49,140

he is one of the most respected

42

00:02:54,710 --> 00:02:52,140

investigators in the United Kingdom on a

43

00:02:57,290 --> 00:02:54,720

variety of fronts in his search for

44

00:03:00,770 --> 00:02:57,300

understanding he has starred in a

45

00:03:03,229 --> 00:03:00,780

variety of films including space force

46

00:03:06,770 --> 00:03:03,239

the dawn of Galactic Warfare

47

00:03:10,309 --> 00:03:06,780

UFO Europe the untold stories

48

00:03:13,670 --> 00:03:10,319

strange but true and spiral paranormal

49

00:03:16,070 --> 00:03:13,680

among many others Malcolm has authored

50

00:03:17,930 --> 00:03:16,080

an impressive amount of books in his

51
00:03:21,130 --> 00:03:17,940
quest to understand the nature of human

52
00:03:24,710 --> 00:03:21,140
contact with non-human intelligences

53
00:03:27,470 --> 00:03:24,720
including but definitely not limited to

54
00:03:30,050 --> 00:03:27,480
the Falkland Hill UFO incident

55
00:03:32,390 --> 00:03:30,060
the Sochi Poltergeist

56
00:03:35,690 --> 00:03:32,400
please leave us alone

57
00:03:39,649 --> 00:03:35,700
the deckmont woods UFO incident UFO Case

58
00:03:42,729 --> 00:03:39,659
Files of Scotland volumes one and two

59
00:03:46,009 --> 00:03:42,739
paranormal Case Files of Great Britain

60
00:03:49,190 --> 00:03:46,019
volumes one two and three

61
00:03:51,830 --> 00:03:49,200
the monsters of Loch Ness and more

62
00:03:54,250 --> 00:03:51,840
it just never ends he's got tons of

63
00:03:56,570 --> 00:03:54,260

literary content

64

00:04:00,110 --> 00:03:56,580

Malcolm has been interested in the world

65

00:04:01,490 --> 00:04:00,120

of UFOs and paranormal as long as he can

66

00:04:05,089 --> 00:04:01,500

remember

67

00:04:08,990 --> 00:04:05,099

in 1979 he formed his own research

68

00:04:11,750 --> 00:04:09,000

society called SPI or strange phenomena

69

00:04:14,809 --> 00:04:11,760

investigations

70

00:04:17,390 --> 00:04:14,819

and they've done a ton of work

71

00:04:20,030 --> 00:04:17,400

articles by Malcolm have appeared just

72

00:04:23,030 --> 00:04:20,040

about everywhere including many of the

73

00:04:25,490 --> 00:04:23,040

world's UFO and paranormal magazines

74

00:04:28,730 --> 00:04:25,500

Malcolm has assisted many of the United

75

00:04:30,850 --> 00:04:28,740

Kingdom's newspapers in connection with

76

00:04:34,010 --> 00:04:30,860

stories covering UFOs

77

00:04:37,370 --> 00:04:34,020

poltergeists and even ghosts

78

00:04:40,189 --> 00:04:37,380

Malcolm is also the very first Scottish

79

00:04:41,570 --> 00:04:40,199

UFO researcher to speak on UFOs in the

80

00:04:44,870 --> 00:04:41,580

United States

81

00:04:47,629 --> 00:04:44,880

Malcolm is also one of the few people

82

00:04:51,050 --> 00:04:47,639

to have ever gone down into the depths

83

00:04:53,030 --> 00:04:51,060

of Loch Ness in a submarine

84

00:04:55,010 --> 00:04:53,040

he has been researching The Strange

85

00:04:57,890 --> 00:04:55,020

World of the Paranormal for over 45

86

00:04:59,570 --> 00:04:57,900

years and in my opinion that experience

87

00:05:03,110 --> 00:04:59,580

has really helped him

88

00:05:05,450 --> 00:05:03,120

present harrowing accounts of paranormal

89

00:05:07,850 --> 00:05:05,460

and unidentified aerial phenomena

90

00:05:09,950 --> 00:05:07,860

clearly for the masses

91

00:05:12,110 --> 00:05:09,960

to extend their knowledge of this

92

00:05:14,330 --> 00:05:12,120

largely misunderstood reality of the

93

00:05:16,730 --> 00:05:14,340

world we live in

94

00:05:20,390 --> 00:05:16,740

all paranormal researchers are looking

95

00:05:22,730 --> 00:05:20,400

for answers with over 45 years of active

96

00:05:25,249 --> 00:05:22,740

research I believe Malcolm Robinson is

97

00:05:27,230 --> 00:05:25,259

one of the most Adept paranormal

98

00:05:29,990 --> 00:05:27,240

investigators in the field

99

00:05:32,390 --> 00:05:30,000

and it's my pleasure to speak with him

100

00:05:36,230 --> 00:05:32,400

not only regarding his book

101
00:05:39,650 --> 00:05:36,240
the a70 UFO incident Scotland's first

102
00:05:41,990 --> 00:05:39,660
officially reported UFO Abduction

103
00:05:43,790 --> 00:05:42,000
but to also ask his opinion on other

104
00:05:45,350 --> 00:05:43,800
topics as well

105
00:05:47,810 --> 00:05:45,360
an honor

106
00:05:49,969 --> 00:05:47,820
Malcolm Robinson welcome to the hero

107
00:05:52,370 --> 00:05:49,979
paranormal podcast

108
00:05:54,469 --> 00:05:52,380
hi there Ryan it's a pleasure to be with

109
00:05:56,330 --> 00:05:54,479
you it's always good to appear on your

110
00:05:59,029 --> 00:05:56,340
show and thanks for the wonderful

111
00:06:01,610 --> 00:05:59,039
introduction I didn't realize I'd done

112
00:06:04,730 --> 00:06:01,620
so much in my life my goodness me you

113
00:06:07,490 --> 00:06:04,740

have done a lot and you know I always

114

00:06:10,129 --> 00:06:07,500

love talking to you because you have so

115

00:06:12,350 --> 00:06:10,139

much experience and a lot of times with

116

00:06:14,810 --> 00:06:12,360

newer researchers

117

00:06:16,909 --> 00:06:14,820

they're so mesmerized by one particular

118

00:06:19,670 --> 00:06:16,919

case that they don't compare it to other

119

00:06:21,529 --> 00:06:19,680

cases but you have a laundry list of

120

00:06:24,650 --> 00:06:21,539

other cases you've researched other

121

00:06:27,529 --> 00:06:24,660

incidents and you have a very amazing

122

00:06:31,610 --> 00:06:27,539

baseline from which to assess the

123

00:06:33,710 --> 00:06:31,620

details let's get into a few aspects of

124

00:06:37,370 --> 00:06:33,720

this case so the listeners have an

125

00:06:40,430 --> 00:06:37,380

understanding and idea what the a70 UFO

126

00:06:42,710 --> 00:06:40,440

incident was it's successfully

127

00:06:46,730 --> 00:06:42,720

um the first officially officially

128

00:06:50,270 --> 00:06:46,740

reported UFO Abduction that's occurred

129

00:06:52,790 --> 00:06:50,280

on Scottish soil now at DFC there may

130

00:06:54,890 --> 00:06:52,800

well be others Ryan but at this moment

131

00:06:58,790 --> 00:06:54,900

we're not aware of any would you believe

132

00:07:01,670 --> 00:06:58,800

it's such a big subject is a case that

133

00:07:03,230 --> 00:07:01,680

has many many parameters but I'll

134

00:07:05,270 --> 00:07:03,240

quickly take you and the listeners

135

00:07:07,670 --> 00:07:05,280

through that for me

136

00:07:12,830 --> 00:07:07,680

um eventually it started on on August

137

00:07:16,249 --> 00:07:12,840

evening way back in 1992 and it was Gary

138

00:07:19,730 --> 00:07:16,259

woods and his friend Colin Wright now

139

00:07:23,270 --> 00:07:19,740

these gentleman Ryan had no interest in

140

00:07:25,129 --> 00:07:23,280

UFO's what so ever they had heard about

141

00:07:27,350 --> 00:07:25,139

it like we all have you know on

142

00:07:30,950 --> 00:07:27,360

television and radio and newspapers but

143

00:07:33,830 --> 00:07:30,960

it didn't have any Act of uh involvement

144

00:07:35,689 --> 00:07:33,840

or or great knowledge of the subject it

145

00:07:40,610 --> 00:07:35,699

was far from you know their everyday

146

00:07:44,170 --> 00:07:40,620

lives all that changed all that changed

147

00:07:47,930 --> 00:07:44,180

on the evening of August 18

148

00:07:51,350 --> 00:07:47,940

1992. now the story here goes that both

149

00:07:54,370 --> 00:07:51,360

men were driving uh in their car they

150

00:07:56,870 --> 00:07:54,380

had left the built-up City of Edinburgh

151

00:08:00,110 --> 00:07:56,880

Scotland's capital city and they were

152

00:08:04,070 --> 00:08:00,120

driving down to a small village in West

153

00:08:07,249 --> 00:08:04,080

Lothian called tarbrax very very small

154

00:08:09,650 --> 00:08:07,259

village now when you leave Edinburgh you

155

00:08:11,570 --> 00:08:09,660

leave the built-up city Oliver cozies

156

00:08:13,610 --> 00:08:11,580

the granite buildings the shops the

157

00:08:16,490 --> 00:08:13,620

thought of fairs and eventually

158

00:08:19,790 --> 00:08:16,500

eventually the road takes you down just

159

00:08:23,330 --> 00:08:19,800

to Fields just Farmers Fields Solitude

160

00:08:26,029 --> 00:08:23,340

quietness very very lonely roads nothing

161

00:08:29,089 --> 00:08:26,039

for Miles just the odd little you know

162

00:08:31,670 --> 00:08:29,099

little houses or Reservoir and they're

163

00:08:34,730 --> 00:08:31,680

driving down there to take a satellite

164

00:08:36,649 --> 00:08:34,740

system to one of the friends and you

165

00:08:38,690 --> 00:08:36,659

know that they're talking about mundane

166

00:08:42,230 --> 00:08:38,700

things they're talking about the weather

167

00:08:46,130 --> 00:08:42,240

the football what they did at the job on

168

00:08:48,290 --> 00:08:46,140

that day when suddenly as the approached

169

00:08:51,410 --> 00:08:48,300

a blind Bend in the road and now what I

170

00:08:53,810 --> 00:08:51,420

mean by that is the road very sharply uh

171

00:08:56,690 --> 00:08:53,820

turns to the left

172

00:09:00,829 --> 00:08:56,700

um Above This blind Bend was this large

173

00:09:04,630 --> 00:09:00,839

black two to maybe three tiered very

174

00:09:07,250 --> 00:09:04,640

very shiny object hovering motionless

175

00:09:10,850 --> 00:09:07,260

above the surface of the road probably

176

00:09:13,370 --> 00:09:10,860

about 20 30 feet above the road now this

177

00:09:15,110 --> 00:09:13,380

is a road that's it's a b road we say in

178

00:09:16,910 --> 00:09:15,120

Scotland which means it's you know

179

00:09:18,769 --> 00:09:16,920

there's a very little traffic goes on it

180

00:09:21,170 --> 00:09:18,779

it's not a Motorway it's not a major

181

00:09:22,910 --> 00:09:21,180

road very very small road so there were

182

00:09:27,170 --> 00:09:22,920

very little traffic

183

00:09:30,230 --> 00:09:27,180

both men knew immediately this was not a

184

00:09:33,350 --> 00:09:30,240

normal aircraft by any way shape or form

185

00:09:35,990 --> 00:09:33,360

this was uh not a helicopter it was not

186

00:09:37,850 --> 00:09:36,000

a drone and um they just didn't know

187

00:09:40,910 --> 00:09:37,860

what it was they they were quite

188

00:09:44,030 --> 00:09:40,920

frightened at this machine just sitting

189

00:09:46,970 --> 00:09:44,040

there above the road you know so rather

190

00:09:49,910 --> 00:09:46,980

than stop and do a three-point turn on

191

00:09:52,009 --> 00:09:49,920

the road and go back the way they

192

00:09:54,590 --> 00:09:52,019

decided that the best course of action

193

00:09:56,389 --> 00:09:54,600

would be blue let's just get the hell

194

00:09:59,990 --> 00:09:56,399

out of this here let's get out of here

195

00:10:02,870 --> 00:10:00,000

so they drove very quickly underneath

196

00:10:06,050 --> 00:10:02,880

this object and they asked this object

197

00:10:07,190 --> 00:10:06,060

as the card was directly underneath the

198

00:10:10,910 --> 00:10:07,200

subject

199

00:10:14,170 --> 00:10:10,920

this object and that cute is like a

200

00:10:17,030 --> 00:10:14,180

heavy silver shimmering curtain effect

201
00:10:19,610 --> 00:10:17,040
just fell on the car

202
00:10:22,670 --> 00:10:19,620
and as soon as the effect that the car

203
00:10:27,410 --> 00:10:22,680
had the car Rift both men were enveloped

204
00:10:29,570 --> 00:10:27,420
and took to an Inky Blackness they

205
00:10:31,910 --> 00:10:29,580
couldn't see their hands in front of

206
00:10:34,670 --> 00:10:31,920
their face they couldn't see each other

207
00:10:35,570 --> 00:10:34,680
they couldn't see the dashboard of the

208
00:10:39,530 --> 00:10:35,580
car

209
00:10:41,630 --> 00:10:39,540
both men felt that a bit of a debt what

210
00:10:44,449 --> 00:10:41,640
what's happened every day to you

211
00:10:46,310 --> 00:10:44,459
those seconds later that they thought it

212
00:10:48,889 --> 00:10:46,320
was seconds later we're not entirely

213
00:10:52,250 --> 00:10:48,899

sure thankfully that it gained their

214

00:10:55,009 --> 00:10:52,260

sight the car was by this time on the

215

00:10:57,829 --> 00:10:55,019

other side of the road you know very

216

00:11:00,290 --> 00:10:57,839

very dangerous situation to be in so

217

00:11:02,329 --> 00:11:00,300

Gary who was driving had to grab the

218

00:11:04,550 --> 00:11:02,339

steering wheel and pull it pull the car

219

00:11:06,590 --> 00:11:04,560

to the the left hand side of the road as

220

00:11:09,470 --> 00:11:06,600

you know as Brett's drive on the left

221

00:11:12,829 --> 00:11:09,480

and uh so he was back on the left-hand

222

00:11:16,250 --> 00:11:12,839

side of the road they drove like head

223

00:11:18,350 --> 00:11:16,260

next speech to the destination and they

224

00:11:21,769 --> 00:11:18,360

banged on occupant's door

225

00:11:24,230 --> 00:11:21,779

now Ryan when you left Edinburgh the

226

00:11:27,050 --> 00:11:24,240

time was around about 10 30 quarters 11

227

00:11:30,170 --> 00:11:27,060

11 o'clock when they got to that

228

00:11:32,990 --> 00:11:30,180

occupant store it was quarter to one in

229

00:11:36,949 --> 00:11:33,000

the morning though the journey should

230

00:11:39,530 --> 00:11:36,959

only have taken 30 35 minutes that's all

231

00:11:41,930 --> 00:11:39,540

just that and there's no it's quarter to

232

00:11:44,810 --> 00:11:41,940

one well over an hour and a bit has

233

00:11:47,150 --> 00:11:44,820

transpired so they knocked on the

234

00:11:49,970 --> 00:11:47,160

occupant's door and the lady of the

235

00:11:51,170 --> 00:11:49,980

house came out and says what time do you

236

00:11:55,130 --> 00:11:51,180

call this

237

00:11:57,350 --> 00:11:55,140

and Gary wait what what do you mean

238

00:12:00,350 --> 00:11:57,360

damn it is you should have been here

239

00:12:02,389 --> 00:12:00,360

ages ago and anyway they were empty the

240

00:12:06,650 --> 00:12:02,399

house they proceeded to tell the lady of

241

00:12:09,050 --> 00:12:06,660

the house about this bizarre craft

242

00:12:10,910 --> 00:12:09,060

there was hovering above the road and

243

00:12:12,350 --> 00:12:10,920

the the they laughed aesthetically at

244

00:12:14,329 --> 00:12:12,360

them you know see heaven and husband

245

00:12:16,130 --> 00:12:14,339

just poo poo that you know they're

246

00:12:18,290 --> 00:12:16,140

making up a story they're just acting

247

00:12:20,889 --> 00:12:18,300

they're having a laugh and they did not

248

00:12:23,990 --> 00:12:20,899

for one minute believe Guardian Collins

249

00:12:26,630 --> 00:12:24,000

and incidentally when the cat pulled up

250

00:12:29,389 --> 00:12:26,640

to the house they were visiting

251
00:12:33,290 --> 00:12:29,399
Colin who was in the passenger seat went

252
00:12:36,650 --> 00:12:33,300
to release his um his seatbelt and it

253
00:12:38,870 --> 00:12:36,660
was already released and he says Malcolm

254
00:12:40,730 --> 00:12:38,880
I can't remember releasing my seat belt

255
00:12:41,870 --> 00:12:40,740
but we'll come back to that bit in a

256
00:12:45,470 --> 00:12:41,880
moment right

257
00:12:50,230 --> 00:12:45,480
so that night and subsequent night

258
00:12:53,090 --> 00:12:50,240
thereafter both men had strange dreams

259
00:12:55,430 --> 00:12:53,100
dreams of these small gray creatures

260
00:12:57,350 --> 00:12:55,440
would come into their dream world and as

261
00:12:59,629 --> 00:12:57,360
we all know and your listeners will know

262
00:13:03,710 --> 00:12:59,639
as well three and a half to four feet

263
00:13:06,829 --> 00:13:03,720

tall and pear ships heads black Inky

264

00:13:10,129 --> 00:13:06,839

almond-shaped ties gray translucent skin

265

00:13:11,750 --> 00:13:10,139

coming into the dream world and then

266

00:13:14,750 --> 00:13:11,760

they found

267

00:13:16,190 --> 00:13:14,760

um scars on their body that previously

268

00:13:19,009 --> 00:13:16,200

were not there

269

00:13:20,750 --> 00:13:19,019

scoop light marks we've all been in the

270

00:13:22,389 --> 00:13:20,760

shower you know we go in the bath and

271

00:13:26,329 --> 00:13:22,399

we're aware of our bodies and we went

272

00:13:29,090 --> 00:13:26,339

wow wow wow wow where did this come from

273

00:13:33,470 --> 00:13:29,100

this one this is new this is French

274

00:13:35,930 --> 00:13:33,480

and Gary decided that well wait a minute

275

00:13:42,829 --> 00:13:35,940

surely this cannot be one of those

276

00:13:47,449 --> 00:13:44,810

do I go to the police did I go to the

277

00:13:49,850 --> 00:13:47,459

airports they go to the doctor what do

278

00:13:52,790 --> 00:13:49,860

you do so as first of course the action

279

00:13:54,949 --> 00:13:52,800

was to go to your local library and they

280

00:13:58,190 --> 00:13:54,959

went to the Paranormal you had four

281

00:14:00,530 --> 00:13:58,200

section and he picked out a book by a

282

00:14:02,629 --> 00:14:00,540

British authoress by the name of Jenny

283

00:14:05,810 --> 00:14:02,639

Randall's a prolific author very very

284

00:14:09,530 --> 00:14:05,820

good author and my address was in there

285

00:14:11,750 --> 00:14:09,540

in the back of the book so he telephoned

286

00:14:14,150 --> 00:14:11,760

me and I'm cutting a long story short

287

00:14:17,329 --> 00:14:14,160

here Ryan because of we must go into

288

00:14:20,210 --> 00:14:17,339

other stories a telephone Mina says okay

289

00:14:23,210 --> 00:14:20,220

I'd love to meet you guys so they came

290

00:14:26,030 --> 00:14:23,220

to my house and I said to them guys

291

00:14:28,370 --> 00:14:26,040

would you would you be happy to go

292

00:14:31,670 --> 00:14:28,380

through hypnotic regression

293

00:14:35,389 --> 00:14:31,680

just to see if perhaps and it's a big

294

00:14:37,490 --> 00:14:35,399

perhaps something may something else may

295

00:14:40,069 --> 00:14:37,500

have happened that night and his words

296

00:14:42,949 --> 00:14:40,079

to me rhyme was Malcolm by God we will

297

00:14:44,810 --> 00:14:42,959

try anything we will try anything we

298

00:14:47,449 --> 00:14:44,820

need to know what happened that night

299

00:14:49,370 --> 00:14:47,459

our own wives don't believe us their

300

00:14:52,189 --> 00:14:49,380

workmates don't believe us we're the

301
00:14:54,110 --> 00:14:52,199
part of every ridiculed joke going we

302
00:14:56,569 --> 00:14:54,120
need to know what yes Malcolm will try

303
00:14:58,610 --> 00:14:56,579
it and I says guys look

304
00:15:01,310 --> 00:14:58,620
at the end of the day hypnosis is not

305
00:15:02,870 --> 00:15:01,320
the be-all and end-all of tools you you

306
00:15:05,569 --> 00:15:02,880
know you may come up with something that

307
00:15:07,850 --> 00:15:05,579
you may have read as a young child they

308
00:15:10,910 --> 00:15:07,860
call it kryptonasia something it's

309
00:15:13,490 --> 00:15:10,920
stored in the very mindset of your brain

310
00:15:15,710 --> 00:15:13,500
and you drag it up in the hypnosis and

311
00:15:18,110 --> 00:15:15,720
you may think it's happened to you but

312
00:15:20,810 --> 00:15:18,120
it's maybe something you've read as a in

313
00:15:22,550 --> 00:15:20,820

a book as a child it says look I'm aware

314

00:15:26,030 --> 00:15:22,560

of that Malcolm but let's please can we

315

00:15:29,449 --> 00:15:26,040

go ahead so a long story short

316

00:15:31,970 --> 00:15:29,459

um we got a qualified hypnotherapist we

317

00:15:36,370 --> 00:15:31,980

regressed both men back to that night on

318

00:15:40,490 --> 00:15:36,380

August 1992 and the typical abduction

319

00:15:43,129 --> 00:15:40,500

scenario unfolded but with a few

320

00:15:45,650 --> 00:15:43,139

differences which we'll come to the

321

00:15:48,530 --> 00:15:45,660

conscious we call Rain was ever of only

322

00:15:51,310 --> 00:15:48,540

ever seeing this craft above the road

323

00:15:53,990 --> 00:15:51,320

now under hypnosis

324

00:15:55,310 --> 00:15:54,000

bizarre story unfolded so this is what

325

00:15:58,129 --> 00:15:55,320

they said

326

00:16:00,350 --> 00:15:58,139

the car was stocked on the road

327

00:16:02,030 --> 00:16:00,360

they were approached by several small

328

00:16:04,250 --> 00:16:02,040

gray creatures

329

00:16:06,530 --> 00:16:04,260

they were taken out forcibly out of the

330

00:16:09,590 --> 00:16:06,540

car now I mentioned that there are some

331

00:16:12,350 --> 00:16:09,600

differences here's one of them

332

00:16:15,350 --> 00:16:12,360

the gallery was placed on a free

333

00:16:17,389 --> 00:16:15,360

floating stretcher in other words

334

00:16:19,790 --> 00:16:17,399

none of these creatures were holding a

335

00:16:22,250 --> 00:16:19,800

stretcher it was just raised in air and

336

00:16:25,970 --> 00:16:22,260

it was lying flat on it and it took them

337

00:16:29,210 --> 00:16:25,980

in towards this craft now on board this

338

00:16:31,129 --> 00:16:29,220

craft Gary was stripped naked he was

339

00:16:34,310 --> 00:16:31,139

placed on a table of some description

340

00:16:36,350 --> 00:16:34,320

which was elevated about four or five

341

00:16:39,050 --> 00:16:36,360

feet off the ground

342

00:16:43,610 --> 00:16:39,060

um the he described the room as very

343

00:16:45,949 --> 00:16:43,620

very silvery very shiny and the roof the

344

00:16:47,990 --> 00:16:45,959

ceiling was corrugated I don't know if

345

00:16:50,509 --> 00:16:48,000

you know what I mean it corrugated you

346

00:16:52,550 --> 00:16:50,519

know and there was a diffuse light

347

00:16:56,569 --> 00:16:52,560

pervading the whole room but you

348

00:16:58,550 --> 00:16:56,579

couldn't pinpoint the source and um two

349

00:17:01,430 --> 00:16:58,560

of these small creatures were you know

350

00:17:05,929 --> 00:17:01,440

moving around his body and at one point

351
00:17:08,990 --> 00:17:05,939
a strange can-shaped device c-a-n can

352
00:17:12,650 --> 00:17:09,000
shape device just like a food can rhyme

353
00:17:15,530 --> 00:17:12,660
yeah only about two two feet tall rose

354
00:17:18,650 --> 00:17:15,540
up from the floor slowly came up to his

355
00:17:21,409 --> 00:17:18,660
head and they're gonna extendable part

356
00:17:24,530 --> 00:17:21,419
of that kind of came out in his

357
00:17:26,689 --> 00:17:24,540
Direction with like two red LED lights

358
00:17:30,350 --> 00:17:26,699
and it was slowly moving around and then

359
00:17:32,810 --> 00:17:30,360
it went back down into the floor Gary

360
00:17:35,590 --> 00:17:32,820
said that he looked above him and he saw

361
00:17:38,990 --> 00:17:35,600
this like a black

362
00:17:42,169 --> 00:17:39,000
black oink shaped

363
00:17:45,110 --> 00:17:42,179

the ship is weird to describe how to

364

00:17:47,990 --> 00:17:45,120

describe this black shape semi-circular

365

00:17:50,090 --> 00:17:48,000

and it was tumulating oscillating in the

366

00:17:53,690 --> 00:17:50,100

top of the room and he didn't know what

367

00:17:55,970 --> 00:17:53,700

purpose that served and at one point

368

00:17:58,789 --> 00:17:55,980

um one of these small creatures came

369

00:18:02,870 --> 00:17:58,799

towards him and in its hand it was like

370

00:18:05,450 --> 00:18:02,880

a pendulum that the dozers use and it

371

00:18:08,570 --> 00:18:05,460

was a triangular shaped Crystal and it

372

00:18:11,870 --> 00:18:08,580

was moving it up and down Gary's body

373

00:18:14,330 --> 00:18:11,880

now another difference from Modern Day

374

00:18:18,529 --> 00:18:14,340

abduction reports were that some of

375

00:18:21,710 --> 00:18:18,539

these small Grays had red green and blue

376

00:18:24,230 --> 00:18:21,720

lines under their eyes but it was more

377

00:18:27,710 --> 00:18:24,240

than lines it was like perforations if

378

00:18:29,810 --> 00:18:27,720

you like like a fish's gills and I'd be

379

00:18:32,630 --> 00:18:29,820

very very interested to hear if anybody

380

00:18:34,970 --> 00:18:32,640

has you know if there any tales in the

381

00:18:38,090 --> 00:18:34,980

world of something similar

382

00:18:41,750 --> 00:18:38,100

and as it was doing this he says Malcolm

383

00:18:44,690 --> 00:18:41,760

I couldn't move a muscle I desperately

384

00:18:47,210 --> 00:18:44,700

wanted to punch one of these little guys

385

00:18:49,850 --> 00:18:47,220

as you do he said I want you to really

386

00:18:51,710 --> 00:18:49,860

have one of these guys and but I

387

00:18:53,150 --> 00:18:51,720

couldn't I simply couldn't I could only

388

00:18:56,810 --> 00:18:53,160

move my eyes

389

00:18:58,850 --> 00:18:56,820

and I said in my own head I said why why

390

00:19:00,909 --> 00:18:58,860

are you doing this to me

391

00:19:02,570 --> 00:19:00,919

and you have the words

392

00:19:04,370 --> 00:19:02,580

sanctuary

393

00:19:05,990 --> 00:19:04,380

now we all know what's the word

394

00:19:09,289 --> 00:19:06,000

Sanctuary means rhyme you know a place

395

00:19:15,110 --> 00:19:09,299

of comfort place where you know you can

396

00:19:19,549 --> 00:19:16,909

with one of these great

397

00:19:23,390 --> 00:19:19,559

words thank you Sanctuary from what from

398

00:19:26,750 --> 00:19:23,400

from Mankind from who knows you know

399

00:19:29,810 --> 00:19:26,760

uh why else there was a he was lying on

400

00:19:32,570 --> 00:19:29,820

this flat raised table he looked down on

401

00:19:36,110 --> 00:19:32,580

the floor to his left and he saw a naked

402

00:19:38,570 --> 00:19:36,120

female and she had her knees sitting on

403

00:19:41,930 --> 00:19:38,580

her backstage she had her knees up under

404

00:19:45,049 --> 00:19:41,940

the chin and she had her arms around her

405

00:19:47,750 --> 00:19:45,059

legs and she slowly turned her head

406

00:19:50,510 --> 00:19:47,760

around and she had tears running down

407

00:19:51,590 --> 00:19:50,520

her face and Gary said to me says

408

00:19:53,990 --> 00:19:51,600

Malcolm

409

00:19:56,930 --> 00:19:54,000

If Ever I see that girl in my life again

410

00:20:00,409 --> 00:19:56,940

I will know exactly who that is I will

411

00:20:03,770 --> 00:20:00,419

always remember that sadness Despair and

412

00:20:05,770 --> 00:20:03,780

this this woman now moving on to Colin

413

00:20:08,870 --> 00:20:05,780

Colin found himself

414

00:20:12,590 --> 00:20:08,880

encased in this if you can imagine a a

415

00:20:15,230 --> 00:20:12,600

man's cigar tube Ryan it's normally so

416

00:20:17,990 --> 00:20:15,240

normally it's 68 inches isn't it but if

417

00:20:22,490 --> 00:20:18,000

she could imagine that about eight feet

418

00:20:24,830 --> 00:20:22,500

but pure glass or pear specs Colin was

419

00:20:27,230 --> 00:20:24,840

in a chair he was naked he was strapped

420

00:20:30,230 --> 00:20:27,240

down in this chair and

421

00:20:32,330 --> 00:20:30,240

um he could move either he could only

422

00:20:34,669 --> 00:20:32,340

move his eyes and to the left and to the

423

00:20:37,669 --> 00:20:34,679

right and to the forwards he could see

424

00:20:41,450 --> 00:20:37,679

similar males and females completely

425

00:20:45,049 --> 00:20:41,460

naked and similar tubes and

426

00:20:48,169 --> 00:20:45,059

um you know from from teenagers to

427

00:20:51,710 --> 00:20:48,179

middle-aged people to elderly people and

428

00:20:54,470 --> 00:20:51,720

at one point it began to cry and they

429

00:20:56,990 --> 00:20:54,480

always there was this Mister Mist moving

430

00:20:59,810 --> 00:20:57,000

around the the bottom of these tubes you

431

00:21:02,330 --> 00:20:59,820

know and it was it was very very bizarre

432

00:21:04,909 --> 00:21:02,340

a very bizarre experience and there's so

433

00:21:07,850 --> 00:21:04,919

much more to this case I could say but

434

00:21:10,909 --> 00:21:07,860

the bottom line is for this case is I am

435

00:21:13,130 --> 00:21:10,919

absolutely convinced of the sincerity of

436

00:21:15,650 --> 00:21:13,140

both these two witnesses

437

00:21:18,409 --> 00:21:15,660

um yes it's just the story yes we don't

438

00:21:20,330 --> 00:21:18,419

have any evidence other than scars

439

00:21:21,350 --> 00:21:20,340

Skeptics would say they've done it

440

00:21:23,750 --> 00:21:21,360

themselves

441

00:21:26,570 --> 00:21:23,760

sometimes Ryan and I'm sure you'll agree

442

00:21:28,730 --> 00:21:26,580

you just cannot win and what I mean by

443

00:21:30,890 --> 00:21:28,740

that is even if you had the best

444

00:21:33,049 --> 00:21:30,900

evidence in the world people would say

445

00:21:36,950 --> 00:21:33,059

well you've made it on computer you've

446

00:21:39,649 --> 00:21:36,960

got you know actors telling a story I

447

00:21:42,289 --> 00:21:39,659

think it comes to the the the point is

448

00:21:45,110 --> 00:21:42,299

when something of this magnitude happens

449

00:21:48,049 --> 00:21:45,120

in your life to you you and only you

450

00:21:50,270 --> 00:21:48,059

know by God this is true and people have

451
00:21:51,529 --> 00:21:50,280
a hard hard time trying to prove this to

452
00:21:54,710 --> 00:21:51,539
anybody else

453
00:21:57,169 --> 00:21:54,720
quick message guys if you have not gone

454
00:21:59,149 --> 00:21:57,179
to patreon and searched for hero

455
00:22:01,130 --> 00:21:59,159
paranormal to become a patron you're

456
00:22:04,130 --> 00:22:01,140
missing out there is a ton of content

457
00:22:06,710 --> 00:22:04,140
behind the paywall also your support is

458
00:22:10,190 --> 00:22:06,720
what keeps the podcast coming you can

459
00:22:12,110 --> 00:22:10,200
also do that at heroparanormal.com also

460
00:22:14,390 --> 00:22:12,120
don't forget to subscribe to Hero

461
00:22:17,390 --> 00:22:14,400
paranormal on social media it helps us

462
00:22:19,669 --> 00:22:17,400
break through the algorithm thanks I I

463
00:22:20,570 --> 00:22:19,679

was just thinking of this earlier this

464

00:22:22,010 --> 00:22:20,580

morning

465

00:22:23,289 --> 00:22:22,020

about

466

00:22:26,090 --> 00:22:23,299

um

467

00:22:27,830 --> 00:22:26,100

situations and cases where sometimes

468

00:22:30,649 --> 00:22:27,840

people will come forward

469

00:22:32,810 --> 00:22:30,659

and I've been guilty of this myself and

470

00:22:34,870 --> 00:22:32,820

you don't lay it all out there right at

471

00:22:37,070 --> 00:22:34,880

the beginning because you're somewhat

472

00:22:39,470 --> 00:22:37,080

embarrassed or worried what people will

473

00:22:43,149 --> 00:22:39,480

think of you and

474

00:22:46,070 --> 00:22:43,159

I I think that this case is I understand

475

00:22:49,070 --> 00:22:46,080

completely why you mentioned in the book

476
00:22:51,830 --> 00:22:49,080
that although the a70 UFO incident was

477
00:22:53,810 --> 00:22:51,840
covered in your previous book UFO Case

478
00:22:56,510 --> 00:22:53,820
Files of Scotland that it really

479
00:23:00,470 --> 00:22:56,520
deserved to have its own standalone book

480
00:23:03,409 --> 00:23:00,480
this is this is absolutely amazing the

481
00:23:05,270 --> 00:23:03,419
Recollections that Gary had and Colin

482
00:23:08,330 --> 00:23:05,280
the Recollections of the room with the

483
00:23:10,370 --> 00:23:08,340
table the round room somewhat similar to

484
00:23:12,230 --> 00:23:10,380
what Travis Walton's Recollections and

485
00:23:16,250 --> 00:23:12,240
other abductees

486
00:23:18,649 --> 00:23:16,260
and uh the entities I mean an array of

487
00:23:20,930 --> 00:23:18,659
entities the small brown beings with

488
00:23:23,390 --> 00:23:20,940

folds of skin folded over their faces

489

00:23:25,070 --> 00:23:23,400

like a lot of abduction cases where

490

00:23:28,070 --> 00:23:25,080

multiple entities are working together

491

00:23:32,529 --> 00:23:28,080

on some kind of team effort of sorts

492

00:23:37,370 --> 00:23:32,539

and let's not even go into this amazing

493

00:23:41,510 --> 00:23:37,380

uh tube that Colin this glass chamber

494

00:23:46,610 --> 00:23:41,520

intrigued me to no end it it really does

495

00:23:49,070 --> 00:23:46,620

seem as if these guys saw something that

496

00:23:51,110 --> 00:23:49,080

in no way it was so wild their minds

497

00:23:54,350 --> 00:23:51,120

could not ascertain what had actually

498

00:23:57,529 --> 00:23:54,360

taken place and I think you went exactly

499

00:23:59,810 --> 00:23:57,539

along the correct path uh having Helen

500

00:24:01,310 --> 00:23:59,820

Walters go through the extensive

501
00:24:04,490 --> 00:24:01,320
sessions

502
00:24:05,390 --> 00:24:04,500
what tangible and usable evidence do you

503
00:24:10,250 --> 00:24:05,400
believe

504
00:24:15,470 --> 00:24:12,409
yeah I mean it's like you said earlier

505
00:24:18,169 --> 00:24:15,480
we do have the we had some of uh the

506
00:24:20,810 --> 00:24:18,179
hypnotic regression sessions captured on

507
00:24:22,730 --> 00:24:20,820
on videotape and yeah I should have

508
00:24:24,950 --> 00:24:22,740
mentioned as well there were these small

509
00:24:27,710 --> 00:24:24,960
brown beings with the heavy folds of

510
00:24:29,570 --> 00:24:27,720
skin like you mentioned and they got it

511
00:24:31,549 --> 00:24:29,580
was extremely frightened of one of these

512
00:24:33,590 --> 00:24:31,559
little fellas there was also

513
00:24:37,010 --> 00:24:33,600

instrumentation a needle-like device

514

00:24:39,649 --> 00:24:37,020

that came down into Colin's eye uh when

515

00:24:41,930 --> 00:24:39,659

I did the updated version of the book

516

00:24:44,510 --> 00:24:41,940

came out last year

517

00:24:46,370 --> 00:24:44,520

um Colin stated that he has a severe

518

00:24:49,130 --> 00:24:46,380

reaction now to paints and certain

519

00:24:51,529 --> 00:24:49,140

smells and His Eye Is troubled with his

520

00:24:53,570 --> 00:24:51,539

eye oh after effects of the initial

521

00:24:56,510 --> 00:24:53,580

contact and

522

00:24:58,370 --> 00:24:56,520

um Gary mentioned to me says that um a

523

00:25:00,710 --> 00:24:58,380

few years a good few years after that

524

00:25:02,750 --> 00:25:00,720

event and it's mentioned in the updated

525

00:25:04,970 --> 00:25:02,760

version of the book that he was driving

526
00:25:08,510 --> 00:25:04,980
with these two young Sons to another

527
00:25:11,870 --> 00:25:08,520
area in Scotland nowhere near the a70

528
00:25:13,669 --> 00:25:11,880
but it was similar in the sense that you

529
00:25:16,010 --> 00:25:13,679
know there were fields on either side it

530
00:25:19,810 --> 00:25:16,020
was it was there but no houses

531
00:25:23,149 --> 00:25:19,820
Etc and then suddenly this Bright Light

532
00:25:26,029 --> 00:25:23,159
Came coming up the Bonnet of the car and

533
00:25:28,909 --> 00:25:26,039
came into the car and surrounded the car

534
00:25:30,049 --> 00:25:28,919
and his two young Sons Gary's Sons were

535
00:25:35,870 --> 00:25:30,059
screaming

536
00:25:39,529 --> 00:25:35,880
and God he just thought to himself oh no

537
00:25:42,529 --> 00:25:39,539
not again not again but thankfully Ryan

538
00:25:44,990 --> 00:25:42,539

it only lasted seconds and I can't

539

00:25:46,430 --> 00:25:45,000

remember if I told you the last time I

540

00:25:49,370 --> 00:25:46,440

spoke to you

541

00:25:52,250 --> 00:25:49,380

um but Gary's wife the principal witness

542

00:25:53,750 --> 00:25:52,260

um Gary's wife she said you know she

543

00:25:56,570 --> 00:25:53,760

never believed that husband she thought

544

00:25:58,490 --> 00:25:56,580

it was like of his head and that's a

545

00:26:01,370 --> 00:25:58,500

shame because do you want your spouse to

546

00:26:04,190 --> 00:26:01,380

really be there for you you know and uh

547

00:26:06,409 --> 00:26:04,200

until one day I received a phone call

548

00:26:08,330 --> 00:26:06,419

it's great and important I tell you

549

00:26:11,029 --> 00:26:08,340

that's underlessness because it adds to

550

00:26:13,549 --> 00:26:11,039

the story I received a phone call from

551

00:26:16,970 --> 00:26:13,559

Gary's wife and this is a year or so

552

00:26:19,909 --> 00:26:16,980

maybe after the event and she says

553

00:26:22,909 --> 00:26:19,919

um Malcolm last night

554

00:26:26,570 --> 00:26:22,919

I was lying in bed Gary was sleeping

555

00:26:28,490 --> 00:26:26,580

next to me I was reading a book I closed

556

00:26:29,990 --> 00:26:28,500

the book put the book down on the

557

00:26:34,510 --> 00:26:30,000

bedside table

558

00:26:38,690 --> 00:26:34,520

switch to late off and 30 seconds later

559

00:26:41,690 --> 00:26:38,700

small childlike hands grabbed my ankles

560

00:26:44,269 --> 00:26:41,700

and boom me build me possibly down my

561

00:26:47,149 --> 00:26:44,279

bed now whilst my head was on the pillow

562

00:26:49,850 --> 00:26:47,159

now my head's halfway down the bed and I

563

00:26:53,570 --> 00:26:49,860

looked and I saw three small gray

564

00:26:56,029 --> 00:26:53,580

creatures standing there and I know they

565

00:26:58,130 --> 00:26:56,039

don't have great facial expressions

566

00:27:00,350 --> 00:26:58,140

which says they were shocked that they

567

00:27:02,269 --> 00:27:00,360

could see me and they let go of my

568

00:27:05,149 --> 00:27:02,279

ankles and they waddled into the wall

569

00:27:08,029 --> 00:27:05,159

and it just disappeared in the wall now

570

00:27:10,510 --> 00:27:08,039

another and when when I speak to people

571

00:27:13,370 --> 00:27:10,520

like your good self-rain I always always

572

00:27:16,610 --> 00:27:13,380

tell you what the witnesses have said to

573

00:27:18,529 --> 00:27:16,620

me because maybe one of your listeners

574

00:27:20,330 --> 00:27:18,539

can relate to this they know something

575

00:27:23,269 --> 00:27:20,340

it's like a jigsaw they could add to

576

00:27:25,130 --> 00:27:23,279

this but Gary also said again we're

577

00:27:29,570 --> 00:27:25,140

looking at maybe a year or so after the

578

00:27:32,690 --> 00:27:29,580

main event in 1992 he said um he woke up

579

00:27:35,269 --> 00:27:32,700

and he was startled to see a small gray

580

00:27:38,269 --> 00:27:35,279

creature at the foot of his bed now

581

00:27:40,789 --> 00:27:38,279

thankfully thankfully Gary wasn't

582

00:27:43,370 --> 00:27:40,799

paralyzed he jumped up he jumped out of

583

00:27:45,230 --> 00:27:43,380

his bed and I know it sounds crazy and

584

00:27:48,350 --> 00:27:45,240

some of your listeners may find it quite

585

00:27:51,049 --> 00:27:48,360

funny but Gary jumped out of bed and

586

00:27:54,190 --> 00:27:51,059

punched one of these little Graves and

587

00:27:56,870 --> 00:27:54,200

it fell back tumbled back like a circus

588

00:28:07,149 --> 00:27:56,880

acrobats three or four times on the

589

00:28:12,110 --> 00:28:10,669

explosion of bright white light and I

590

00:28:13,250 --> 00:28:12,120

said Gary

591

00:28:16,130 --> 00:28:13,260

do you think you could have been

592

00:28:18,590 --> 00:28:16,140

dreaming no Malcolm absolutely not

593

00:28:20,870 --> 00:28:18,600

because since the event happened it

594

00:28:22,610 --> 00:28:20,880

takes me to sleep in the sense that I

595

00:28:24,529 --> 00:28:22,620

can't sleep it's normally about three

596

00:28:28,430 --> 00:28:24,539

o'clock in the morning before I drop off

597

00:28:30,350 --> 00:28:28,440

my sleeping patterns all ruined Etc so

598

00:28:32,269 --> 00:28:30,360

you know

599

00:28:34,430 --> 00:28:32,279

as far as we're talking about evidence I

600

00:28:37,310 --> 00:28:34,440

think it can only come from

601
00:28:40,730 --> 00:28:37,320
from the heart of and the most of the

602
00:28:43,610 --> 00:28:40,740
witnesses now if we did manage to get

603
00:28:45,769 --> 00:28:43,620
trail cams or these small cams that you

604
00:28:47,450 --> 00:28:45,779
can put in bedrooms and stuff I mean

605
00:28:50,870 --> 00:28:47,460
we've tried everything but some

606
00:28:53,149 --> 00:28:50,880
witnesses have been tied to the bed you

607
00:28:55,370 --> 00:28:53,159
know and but they still get claimed

608
00:28:57,230 --> 00:28:55,380
they're taken so we have to be very

609
00:29:00,110 --> 00:28:57,240
careful as well because if you remember

610
00:29:05,570 --> 00:29:00,120
the Australian case of Maureen pudding

611
00:29:07,789 --> 00:29:05,580
she was a UFO contactee abductee and two

612
00:29:10,190 --> 00:29:07,799
Australian researchers were in the car

613
00:29:13,549 --> 00:29:10,200

she invited these two researchers to

614

00:29:16,070 --> 00:29:13,559

come with her to view these UFOs so yeah

615

00:29:17,750 --> 00:29:16,080

yeah sure we'll do it so they were

616

00:29:21,850 --> 00:29:17,760

sitting in a car I can't remember where

617

00:29:26,870 --> 00:29:24,649

and they were stationary in the car and

618

00:29:29,450 --> 00:29:26,880

Monument was coming they're coming

619

00:29:31,310 --> 00:29:29,460

they're coming oh oh

620

00:29:34,430 --> 00:29:31,320

I'm being taken I've been taken I'm

621

00:29:36,590 --> 00:29:34,440

going I'm going now she wasn't going

622

00:29:39,409 --> 00:29:36,600

anywhere in the sense that the two

623

00:29:40,909 --> 00:29:39,419

Australian researchers said well but she

624

00:29:43,789 --> 00:29:40,919

was still sitting in the car you know

625

00:29:45,289 --> 00:29:43,799

but she hadn't went so what are we what

626
00:29:49,970 --> 00:29:45,299
are we doing what we're seeing here is

627
00:29:52,190 --> 00:29:49,980
it a astral or athenic abduction or a

628
00:29:55,250 --> 00:29:52,200
physical abduction are they taking more

629
00:29:57,169 --> 00:29:55,260
or less the soul or actual body of the

630
00:29:59,990 --> 00:29:57,179
person out rather than the physical body

631
00:30:03,289 --> 00:30:00,000
it's just a strange things

632
00:30:05,930 --> 00:30:03,299
a good point that you're making as you

633
00:30:08,269 --> 00:30:05,940
know and you state in your book Dr John

634
00:30:11,570 --> 00:30:08,279
Mack stated at the end of his second

635
00:30:14,810 --> 00:30:11,580
book passport to the cosmos that

636
00:30:17,510 --> 00:30:14,820
abduction phenomena seems to have

637
00:30:18,850 --> 00:30:17,520
a collapsing Duality enabling us to see

638
00:30:21,889 --> 00:30:18,860

that we are connected

639

00:30:24,230 --> 00:30:21,899

beyond the Earth at a cosmic level

640

00:30:26,750 --> 00:30:24,240

and I think that this harrowing account

641

00:30:30,169 --> 00:30:26,760

kind of explains that something that

642

00:30:33,590 --> 00:30:30,179

really stood out to me was the fact that

643

00:30:36,250 --> 00:30:33,600

Gary reiterated that these beings

644

00:30:39,590 --> 00:30:36,260

definitely wanted to come here he said

645

00:30:41,990 --> 00:30:39,600

strange comments like they need us were

646

00:30:44,570 --> 00:30:42,000

very important to them they don't want

647

00:30:47,510 --> 00:30:44,580

to destroy us they just need us and this

648

00:30:51,169 --> 00:30:47,520

sounds like they may possibly be iconic

649

00:30:53,090 --> 00:30:51,179

or we may be a harvest of some sort to

650

00:30:55,669 --> 00:30:53,100

them what are your thoughts on this

651
00:30:57,590 --> 00:30:55,679
Theory Malcolm yes sir it's a question

652
00:31:00,769 --> 00:30:57,600
that get asked a lot you know and that

653
00:31:03,289 --> 00:31:00,779
question is you know what is behind the

654
00:31:05,810 --> 00:31:03,299
UFO abductions and you could have many

655
00:31:07,310 --> 00:31:05,820
different ufologists on your show and I

656
00:31:09,169 --> 00:31:07,320
dare say you get you know as many

657
00:31:12,409 --> 00:31:09,179
different answers

658
00:31:14,930 --> 00:31:12,419
um the main consensus of opinion is that

659
00:31:17,630 --> 00:31:14,940
they are Harvest harvesting spare

660
00:31:20,029 --> 00:31:17,640
maneuver for males and females to

661
00:31:22,909 --> 00:31:20,039
populate a dying Planet but that's Max

662
00:31:25,130 --> 00:31:22,919
to me of Hollywood it's it doesn't seem

663
00:31:28,190 --> 00:31:25,140

real it doesn't seem right it doesn't

664

00:31:29,769 --> 00:31:28,200

seem positive I can't believe that

665

00:31:33,529 --> 00:31:29,779

they're still still

666

00:31:35,510 --> 00:31:33,539

taking these samples 40 50 60 70 years

667

00:31:38,570 --> 00:31:35,520

on now they're still doing that same

668

00:31:42,529 --> 00:31:38,580

thing something is not right annual lady

669

00:31:45,049 --> 00:31:42,539

who was um abducted and she was um she

670

00:31:48,110 --> 00:31:45,059

was taken again on board this craft and

671

00:31:51,950 --> 00:31:48,120

she was shown a headious half human half

672

00:31:54,049 --> 00:31:51,960

alien child in their the Gray's arms and

673

00:31:55,669 --> 00:31:54,059

telepathically she was told that this

674

00:31:57,169 --> 00:31:55,679

belongs to you

675

00:31:59,870 --> 00:31:57,179

so I

676

00:32:03,289 --> 00:31:59,880

I have no answers like I have so much

677

00:32:05,570 --> 00:32:03,299

speculation and I don't think anybody

678

00:32:08,149 --> 00:32:05,580

can safely say a hand on that they truly

679

00:32:11,750 --> 00:32:08,159

know what is truly behind us are they

680

00:32:13,610 --> 00:32:11,760

Time Travelers uh the uh they're not

681

00:32:15,889 --> 00:32:13,620

necessarily coming from a distant planet

682

00:32:18,409 --> 00:32:15,899

they could be here already on Earth

683

00:32:20,149 --> 00:32:18,419

under the oceans of this planet

684

00:32:22,370 --> 00:32:20,159

um I think I go along with Jacques

685

00:32:25,130 --> 00:32:22,380

Valley the French physicists in

686

00:32:27,649 --> 00:32:25,140

astronomer and also and he thinks it's

687

00:32:30,649 --> 00:32:27,659

more to do with dimensions a dimensional

688

00:32:33,529 --> 00:32:30,659

shift that brings these people in and

689

00:32:36,470 --> 00:32:33,539

out of her reality and we can view them

690

00:32:38,810 --> 00:32:36,480

and it's like if we're at TV or a radio

691

00:32:41,029 --> 00:32:38,820

set you've got a tune ourselves in and

692

00:32:44,450 --> 00:32:41,039

if we're of the same frequency we can

693

00:32:46,850 --> 00:32:44,460

see them so it's a big uh I don't

694

00:32:49,269 --> 00:32:46,860

know the bottom line there is I don't

695

00:32:51,830 --> 00:32:49,279

know what is behind going on here

696

00:32:54,169 --> 00:32:51,840

that is an honest answer and I

697

00:32:56,210 --> 00:32:54,179

appreciate that that that's similar and

698

00:32:58,250 --> 00:32:56,220

you know I appreciate Jack valet very

699

00:33:01,250 --> 00:32:58,260

much because he is much like yourself

700

00:33:02,510 --> 00:33:01,260

where he does not try to explain he just

701
00:33:05,570 --> 00:33:02,520
goes over

702
00:33:07,730 --> 00:33:05,580
the data gathered and the research that

703
00:33:10,010 --> 00:33:07,740
he's done much like yourself

704
00:33:12,169 --> 00:33:10,020
I think when we start to theorize we

705
00:33:15,110 --> 00:33:12,179
start to lose grasp of what's taking

706
00:33:19,009 --> 00:33:15,120
place and I like that

707
00:33:22,430 --> 00:33:19,019
these gentlemen Gary and Colin had some

708
00:33:25,669 --> 00:33:22,440
kind of I'm assuming that this was

709
00:33:27,889 --> 00:33:25,679
spoken to them not in language but just

710
00:33:30,590 --> 00:33:27,899
mind to mind but there were messages

711
00:33:34,549 --> 00:33:30,600
that went from these entities into the

712
00:33:37,070 --> 00:33:34,559
abductees and Colin also had a very

713
00:33:38,509 --> 00:33:37,080

strange thing that stood out to me as he

714

00:33:42,350 --> 00:33:38,519

was in fact

715

00:33:44,889 --> 00:33:42,360

told by these creatures or that they had

716

00:33:47,870 --> 00:33:44,899

a life just like him but only different

717

00:33:49,669 --> 00:33:47,880

and my question is what in the world or

718

00:33:52,570 --> 00:33:49,679

out of it does that mean to you what

719

00:33:54,950 --> 00:33:52,580

what is that where does that lead us

720

00:33:57,230 --> 00:33:54,960

yeah it's a shame that

721

00:34:01,250 --> 00:33:57,240

um that we didn't know more about that

722

00:34:03,110 --> 00:34:01,260

because that is a as a sentence uh that

723

00:34:05,149 --> 00:34:03,120

we we should expand on you know they

724

00:34:07,610 --> 00:34:05,159

have a life like us only different but

725

00:34:10,669 --> 00:34:07,620

what what does different mean and maybe

726

00:34:14,210 --> 00:34:10,679

looking back I said I've maybe ask Colin

727

00:34:16,070 --> 00:34:14,220

uh you know and and ask more deeper but

728

00:34:17,750 --> 00:34:16,080

we were trying to assemble so much

729

00:34:19,669 --> 00:34:17,760

information

730

00:34:22,310 --> 00:34:19,679

um oh I can speculate on that particular

731

00:34:23,869 --> 00:34:22,320

line is such that um yeah of course

732

00:34:27,470 --> 00:34:23,879

everybody every

733

00:34:31,490 --> 00:34:27,480

human being or humanoid person has a

734

00:34:33,829 --> 00:34:31,500

life a substance of its own and um but

735

00:34:37,010 --> 00:34:33,839

not everything will be the same I dare

736

00:34:39,470 --> 00:34:37,020

say that if they are living on some

737

00:34:41,930 --> 00:34:39,480

final planet or some dimensional

738

00:34:44,329 --> 00:34:41,940

frequency whatever that things certainly

739

00:34:46,369 --> 00:34:44,339

won't be different it's a shame also

740

00:34:48,470 --> 00:34:46,379

that Colin didn't persevere and ask him

741

00:34:50,810 --> 00:34:48,480

well tell me more tell me more it's

742

00:34:53,690 --> 00:34:50,820

that's a great Shame about this case

743

00:34:57,170 --> 00:34:53,700

that um I was at fault for not asking

744

00:34:59,089 --> 00:34:57,180

more relevant questions because you know

745

00:35:00,829 --> 00:34:59,099

there were certain circumstances that

746

00:35:03,349 --> 00:35:00,839

dictated that we couldn't always get

747

00:35:05,750 --> 00:35:03,359

these guys to come to our homes to

748

00:35:07,609 --> 00:35:05,760

discuss this and then after a period of

749

00:35:09,829 --> 00:35:07,619

time they they kind of they dropped out

750

00:35:11,390 --> 00:35:09,839

they didn't want to speak about it yes

751
00:35:13,430 --> 00:35:11,400
admittedly they were going to be a

752
00:35:16,490 --> 00:35:13,440
Hollywood movie about it admittedly but

753
00:35:20,089 --> 00:35:16,500
again the guys backed out of that but um

754
00:35:22,130 --> 00:35:20,099
clearly the these beings they have been

755
00:35:24,470 --> 00:35:22,140
seen throughout the world for sure it's

756
00:35:26,810 --> 00:35:24,480
not just a Scottish thing it's a Global

757
00:35:29,329 --> 00:35:26,820
thing and as such one would imagine that

758
00:35:31,310 --> 00:35:29,339
yes they too absolutely have their own

759
00:35:33,770 --> 00:35:31,320
lives of their own

760
00:35:35,510 --> 00:35:33,780
um you know whether we can speculate

761
00:35:37,910 --> 00:35:35,520
they've got supermarkets and they've got

762
00:35:39,950 --> 00:35:37,920
televisions and this that again that's

763
00:35:41,750 --> 00:35:39,960

just been silly they can speculate to

764

00:35:44,569 --> 00:35:41,760

their cows come home but clearly if

765

00:35:46,970 --> 00:35:44,579

there's an advanced race we cannot

766

00:35:49,970 --> 00:35:46,980

comprehend the magnitude of the

767

00:35:52,910 --> 00:35:49,980

technological advances that these fellas

768

00:35:54,710 --> 00:35:52,920

have done over the years and I I always

769

00:35:57,710 --> 00:35:54,720

say it's like going into your back

770

00:36:00,530 --> 00:35:57,720

garden and lifting a stone and then

771

00:36:02,270 --> 00:36:00,540

suddenly this sunlight penetrates the

772

00:36:04,010 --> 00:36:02,280

darkness it was always under that stone

773

00:36:06,349 --> 00:36:04,020

and you see all these little ants

774

00:36:08,150 --> 00:36:06,359

scurrying about scurrying about they

775

00:36:10,250 --> 00:36:08,160

know that their world has changed

776

00:36:13,790 --> 00:36:10,260

because suddenly there's light

777

00:36:15,829 --> 00:36:13,800

penetrating their world and maybe maybe

778

00:36:18,109 --> 00:36:15,839

it's something we can't see even no one

779

00:36:19,609 --> 00:36:18,119

looking we're not looking far enough we

780

00:36:21,950 --> 00:36:19,619

can't see the width of the trees we're

781

00:36:24,829 --> 00:36:21,960

not looking out the box manner but

782

00:36:26,630 --> 00:36:24,839

there's something mankind is about this

783

00:36:28,730 --> 00:36:26,640

whole year for abduction scenario

784

00:36:31,010 --> 00:36:28,740

there's something there's a piece of the

785

00:36:33,710 --> 00:36:31,020

puzzle lying on the floor that we can't

786

00:36:36,650 --> 00:36:33,720

find and if we had that bit a puzzle

787

00:36:38,630 --> 00:36:36,660

that would answer it we could further

788

00:36:40,069 --> 00:36:38,640

state that should we be worried she'd be

789

00:36:42,290 --> 00:36:40,079

concerned

790

00:36:44,930 --> 00:36:42,300

well the people who

791

00:36:46,970 --> 00:36:44,940

have to endure these vehicle abductions

792

00:36:49,310 --> 00:36:46,980

it's not pleasant for them by any way

793

00:36:51,770 --> 00:36:49,320

shape or form and that's a worry in

794

00:36:53,829 --> 00:36:51,780

anyone's language you know but

795

00:36:56,690 --> 00:36:53,839

everything meant to cause us any harm

796

00:36:58,730 --> 00:36:56,700

then things would have been more nasty

797

00:36:59,810 --> 00:36:58,740

we would have seen a a different state

798

00:37:01,609 --> 00:36:59,820

of it

799

00:37:04,790 --> 00:37:01,619

I mean when we look at

800

00:37:06,650 --> 00:37:04,800

the Pascagoula and the uh the case that

801
00:37:08,690 --> 00:37:06,660
happened there you know that was quite

802
00:37:10,609 --> 00:37:08,700
nasty as well they've been there have

803
00:37:13,250 --> 00:37:10,619
been some nasty abductions throughout

804
00:37:16,310 --> 00:37:13,260
the world but nothing

805
00:37:18,410 --> 00:37:16,320
nothing really has really penetrated

806
00:37:19,849 --> 00:37:18,420
this world to really cause a disaster

807
00:37:20,990 --> 00:37:19,859
like you see in the movies thank

808
00:37:23,870 --> 00:37:21,000
goodness

809
00:37:27,290 --> 00:37:23,880
and I completely agree with the fact

810
00:37:29,750 --> 00:37:27,300
that the the commentary on the ants

811
00:37:31,250 --> 00:37:29,760
you know we very much an aunt and

812
00:37:33,890 --> 00:37:31,260
ourselves live in very different

813
00:37:36,530 --> 00:37:33,900

realities although we are in the same

814

00:37:38,690 --> 00:37:36,540

Dimension at the same time our actions

815

00:37:40,310 --> 00:37:38,700

often times that we think are nominal

816

00:37:42,490 --> 00:37:40,320

and have nothing to do with the ant

817

00:37:45,470 --> 00:37:42,500

personally may very well

818

00:37:47,510 --> 00:37:45,480

catastrophically completely change or

819

00:37:49,430 --> 00:37:47,520

annihilate their existence as they know

820

00:37:51,650 --> 00:37:49,440

it and

821

00:37:54,530 --> 00:37:51,660

um that is such a good point and I I

822

00:37:56,150 --> 00:37:54,540

remember the I had a conversation Jacque

823

00:37:57,410 --> 00:37:56,160

Valley came to my house with some other

824

00:38:00,290 --> 00:37:57,420

scientists

825

00:38:02,210 --> 00:38:00,300

and I remember we had a conversation and

826

00:38:04,310 --> 00:38:02,220

he explained this dimensional thing

827

00:38:07,010 --> 00:38:04,320

which to me was new and far-fetched at

828

00:38:09,650 --> 00:38:07,020

the time to make it relevant and

829

00:38:12,230 --> 00:38:09,660

understandable to me to myself he

830

00:38:14,569 --> 00:38:12,240

explained it in the reference to the Gin

831

00:38:17,450 --> 00:38:14,579

in the Middle East and how you know it

832

00:38:19,550 --> 00:38:17,460

is said that the Gin also have lives of

833

00:38:21,530 --> 00:38:19,560

their own in different dimensions they

834

00:38:23,990 --> 00:38:21,540

have families they can travel thousands

835

00:38:27,530 --> 00:38:24,000

of miles in a second this is stuff that

836

00:38:29,329 --> 00:38:27,540

I never was presented with and it it

837

00:38:32,030 --> 00:38:29,339

sort of was the Hallmarks of kind of

838

00:38:34,849 --> 00:38:32,040

opening my mind to the reality that

839

00:38:38,510 --> 00:38:34,859

other realities can exist that sometimes

840

00:38:42,250 --> 00:38:38,520

merge with our own I I wanted to ask you

841

00:38:44,450 --> 00:38:42,260

in UFO researchers Yvonne R Smith's book

842

00:38:46,490 --> 00:38:44,460

chosen which you mentioned in the book

843

00:38:49,790 --> 00:38:46,500

which is Recollections of abductions

844

00:38:53,150 --> 00:38:49,800

through hypnotherapy she presents an

845

00:38:55,609 --> 00:38:53,160

abduction case which to some degree had

846

00:38:59,210 --> 00:38:55,619

some of the same Hallmarks to Colin's

847

00:39:01,550 --> 00:38:59,220

situation can we discuss those those

848

00:39:04,010 --> 00:39:01,560

I'll try to remember what that was now

849

00:39:07,730 --> 00:39:04,020

but yes I do remember that because I've

850

00:39:09,950 --> 00:39:07,740

met uh I've met Yvonne at uh UFO

851
00:39:12,530 --> 00:39:09,960
conference in Ireland some years ago we

852
00:39:15,650 --> 00:39:12,540
had a great discussion about ufology and

853
00:39:17,930 --> 00:39:15,660
abductions Etc but that's that's a sense

854
00:39:20,329 --> 00:39:17,940
of what I'm trying to do and when I see

855
00:39:22,190 --> 00:39:20,339
something that's very similar to what

856
00:39:24,290 --> 00:39:22,200
happens here in Scotland to Gary and

857
00:39:27,050 --> 00:39:24,300
Colin then it won't seek permission to

858
00:39:28,190 --> 00:39:27,060
use that and clearly what she mentioned

859
00:39:30,170 --> 00:39:28,200
in the book

860
00:39:32,329 --> 00:39:30,180
um was something very very consistent

861
00:39:35,150 --> 00:39:32,339
and similar to what happened in Guardian

862
00:39:37,010 --> 00:39:35,160
Collins case and I think that's that's

863
00:39:38,870 --> 00:39:37,020

you know it's like I said earlier it's

864

00:39:41,089 --> 00:39:38,880

like someone has a big jig sort of

865

00:39:44,510 --> 00:39:41,099

tripped on the floor the pieces that

866

00:39:46,370 --> 00:39:44,520

went everywhere you uh me Jacques Valley

867

00:39:48,050 --> 00:39:46,380

everybody is trying to invest all these

868

00:39:50,450 --> 00:39:48,060

pieces together and find out what's

869

00:39:52,250 --> 00:39:50,460

going on I can't remember exactly off

870

00:39:54,349 --> 00:39:52,260

the top of my head what that reference

871

00:39:56,750 --> 00:39:54,359

was but clearly yes it is in the book

872

00:40:00,410 --> 00:39:56,760

there was something similar to what she

873

00:40:02,450 --> 00:40:00,420

was uh recalling and at Ness States at

874

00:40:05,930 --> 00:40:02,460

nested perfectly by what Guardian Colin

875

00:40:07,550 --> 00:40:05,940

was sent and that that I think is the

876

00:40:09,410 --> 00:40:07,560

most important thing is finding the

877

00:40:12,710 --> 00:40:09,420

similarities right not the differences

878

00:40:14,870 --> 00:40:12,720

because you find so often that those

879

00:40:16,690 --> 00:40:14,880

Skeptics who are trying to debunk these

880

00:40:20,270 --> 00:40:16,700

things are looking for the differences

881

00:40:23,270 --> 00:40:20,280

and not the overwhelming similarities

882

00:40:26,450 --> 00:40:23,280

between many of these cases which gives

883

00:40:28,370 --> 00:40:26,460

us sort of a baseline to understand what

884

00:40:30,829 --> 00:40:28,380

may be going on

885

00:40:34,310 --> 00:40:30,839

and I wanted to ask you also Scotland

886

00:40:37,190 --> 00:40:34,320

has a long history of UFO incidents but

887

00:40:39,710 --> 00:40:37,200

also something that you have been able

888

00:40:42,470 --> 00:40:39,720

to undertake on your quest to understand

889

00:40:45,050 --> 00:40:42,480

the nature of human contact with

890

00:40:46,849 --> 00:40:45,060

non-human intelligences is you go to

891

00:40:49,609 --> 00:40:46,859

many of these locations you've gone

892

00:40:54,170 --> 00:40:49,619

after some of these entities that are

893

00:40:56,030 --> 00:40:54,180

also more uh at home let's say in our

894

00:40:58,609 --> 00:40:56,040

surroundings and one of those is Loch

895

00:41:01,550 --> 00:40:58,619

Ness can you tell us a little bit about

896

00:41:03,829 --> 00:41:01,560

your Excursion in a submarine into the

897

00:41:05,930 --> 00:41:03,839

depths of Loch Ness this just mesmerized

898

00:41:09,609 --> 00:41:05,940

me that that you've been able to do this

899

00:41:12,710 --> 00:41:09,619

I was very very fortunate back in 1994

900

00:41:16,849 --> 00:41:12,720

to go down in the Loch Ness submarine it

901
00:41:19,130 --> 00:41:16,859
was about 20 to 25 feet in length uh was

902
00:41:22,310 --> 00:41:19,140
sponsored by Swatch watches there was a

903
00:41:25,370 --> 00:41:22,320
red white submarine and I had a very a

904
00:41:27,349 --> 00:41:25,380
big glass portal and the nose and the

905
00:41:29,810 --> 00:41:27,359
front of the submarine above that

906
00:41:31,930 --> 00:41:29,820
toughened glass nose was about seven or

907
00:41:35,329 --> 00:41:31,940
eight very very strong halogen lights

908
00:41:37,670 --> 00:41:35,339
there was also a glass portal window in

909
00:41:39,050 --> 00:41:37,680
the Florida submarine I was very

910
00:41:41,089 --> 00:41:39,060
confined

911
00:41:43,510 --> 00:41:41,099
um you know a few of claustrophobic line

912
00:41:47,690 --> 00:41:43,520
you wouldn't last two seconds in there

913
00:41:50,690 --> 00:41:47,700

it was a solid instrumentation dials and

914

00:41:54,050 --> 00:41:50,700

all that hairstyle condensation running

915

00:41:55,790 --> 00:41:54,060

the the slimy walls of it as well now

916

00:41:57,829 --> 00:41:55,800

the reason they were taking actually

917

00:42:00,770 --> 00:41:57,839

members of the public down for about a

918

00:42:04,490 --> 00:42:00,780

few weeks at that time the reason being

919

00:42:07,310 --> 00:42:04,500

and they were charging 69 pounds and 50

920

00:42:09,349 --> 00:42:07,320

pence British money and to go down in

921

00:42:11,930 --> 00:42:09,359

Loch Ness for an hour

922

00:42:15,349 --> 00:42:11,940

now this was to fund there was just to

923

00:42:17,990 --> 00:42:15,359

fund the core sampling of the lock floor

924

00:42:20,390 --> 00:42:18,000

so I was like they were drilling into

925

00:42:22,490 --> 00:42:20,400

the lock floor at Loch Ness and then

926
00:42:25,069 --> 00:42:22,500
they would retrieve that and then on the

927
00:42:26,569 --> 00:42:25,079
surface they would open up and it was

928
00:42:28,430 --> 00:42:26,579
just like if you can imagine

929
00:42:30,530 --> 00:42:28,440
um cutting down a tree

930
00:42:33,230 --> 00:42:30,540
and you've got the tree stump and you

931
00:42:35,630 --> 00:42:33,240
see all the concentric rings and that

932
00:42:37,550 --> 00:42:35,640
tells you the year that tree was there

933
00:42:40,550 --> 00:42:37,560
and you know it goes right the way back

934
00:42:42,290 --> 00:42:40,560
well it was sedimentary deposits in the

935
00:42:44,690 --> 00:42:42,300
large floor they were looking at just to

936
00:42:46,910 --> 00:42:44,700
get the consistency and found out right

937
00:42:49,370 --> 00:42:46,920
through the centuries what had been

938
00:42:51,890 --> 00:42:49,380

happening there you know they even had I

939

00:42:54,230 --> 00:42:51,900

believe some kind of slight Fallout from

940

00:42:56,510 --> 00:42:54,240

Chernobyl it was in deposited in the

941

00:42:57,829 --> 00:42:56,520

locks would you believe and so that's

942

00:43:00,530 --> 00:42:57,839

why they were you know they were

943

00:43:02,210 --> 00:43:00,540

charging people money to do that so I

944

00:43:04,790 --> 00:43:02,220

was down there with my

945

00:43:07,609 --> 00:43:04,800

my video camera I interviewed the

946

00:43:10,250 --> 00:43:07,619

skipper of the submarine and

947

00:43:12,589 --> 00:43:10,260

um you know we went down to a depth of I

948

00:43:15,650 --> 00:43:12,599

can't remember now just under five six

949

00:43:19,270 --> 00:43:15,660

hundred feet and the lock floor was very

950

00:43:23,150 --> 00:43:19,280

Sandy very silky with White Rock

951
00:43:24,890 --> 00:43:23,160
protruding up from the Sandy silts and

952
00:43:26,990 --> 00:43:24,900
I've said this in other lectures you

953
00:43:28,790 --> 00:43:27,000
know at one point we're slowly going

954
00:43:30,050 --> 00:43:28,800
going along the lock floor and then

955
00:43:33,950 --> 00:43:30,060
suddenly back

956
00:43:36,410 --> 00:43:33,960
the floor just disappeared big big Chasm

957
00:43:39,530 --> 00:43:36,420
like the Mariana Trench but not as big

958
00:43:41,870 --> 00:43:39,540
as that by a long joke and uh I assess

959
00:43:44,270 --> 00:43:41,880
the discovery of the submarine can we go

960
00:43:47,150 --> 00:43:44,280
down there he went oh no no no no but

961
00:43:49,130 --> 00:43:47,160
got disconnected allotted costs and it

962
00:43:52,010 --> 00:43:49,140
was the most fantastic

963
00:43:54,950 --> 00:43:52,020

um hour of my life you know and they

964

00:43:58,609 --> 00:43:54,960

have managed themselves to get some very

965

00:44:02,089 --> 00:43:58,619

bizarre sonar contacts and for me

966

00:44:03,170 --> 00:44:02,099

eyewitness testimony you know it's not

967

00:44:05,210 --> 00:44:03,180

strong

968

00:44:08,089 --> 00:44:05,220

um for me the best evidence to suggest

969

00:44:11,630 --> 00:44:08,099

that there's something in excess a 15 20

970

00:44:15,410 --> 00:44:11,640

feet long mess is clearly sonar which

971

00:44:19,670 --> 00:44:15,420

was exemplified by uh operation deep

972

00:44:23,450 --> 00:44:19,680

scan back in 1987 where about 11 or 12

973

00:44:26,270 --> 00:44:23,460

small books had the best sophisticated

974

00:44:29,809 --> 00:44:26,280

sonar apparatus on these boats at the

975

00:44:32,450 --> 00:44:29,819

time and they swept up and down up and

976

00:44:36,410 --> 00:44:32,460

down Loch Ness and they managed to get a

977

00:44:38,890 --> 00:44:36,420

handful of very bizarre sonar contacts

978

00:44:41,750 --> 00:44:38,900

which these trained operators went well

979

00:44:44,270 --> 00:44:41,760

we don't know what that says it's not a

980

00:44:47,750 --> 00:44:44,280

group show of fish it's they couldn't

981

00:44:50,569 --> 00:44:47,760

identify it so it was an experience and

982

00:44:54,589 --> 00:44:50,579

you know as you know I was going to

983

00:44:57,290 --> 00:44:54,599

uh I have this plan to capture this it

984

00:45:01,130 --> 00:44:57,300

made all the world's newspapers back in

985

00:45:02,690 --> 00:45:01,140

I think it was 1996 I think and um what

986

00:45:04,790 --> 00:45:02,700

happened there was that a phone call

987

00:45:08,150 --> 00:45:04,800

from a Scottish journalist who said

988

00:45:09,050 --> 00:45:08,160

Malcolm Ted Danson the actor is doing a

989

00:45:11,990 --> 00:45:09,060

movie

990

00:45:14,569 --> 00:45:12,000

um about Loch Ness and um but do not be

991

00:45:16,790 --> 00:45:14,579

peace in the newspaper Malcolm I mean do

992

00:45:19,190 --> 00:45:16,800

you think Ness is real do you think will

993

00:45:21,710 --> 00:45:19,200

ever capture it and I said to this

994

00:45:23,510 --> 00:45:21,720

journalist Reina says well you have just

995

00:45:27,050 --> 00:45:23,520

called at the right time because yes I

996

00:45:30,410 --> 00:45:27,060

do I have this plan to capture nursing

997

00:45:33,470 --> 00:45:30,420

now if you and your lovely listeners can

998

00:45:35,690 --> 00:45:33,480

imagine a boxing ring a boxing ring

999

00:45:37,849 --> 00:45:35,700

right you've got the ropes the square

1000

00:45:40,130 --> 00:45:37,859

ring you've got the ropes only this

1001
00:45:42,829 --> 00:45:40,140
thing would be very you know I'd be at

1002
00:45:45,470 --> 00:45:42,839
least a hundred feet long from the floor

1003
00:45:47,990 --> 00:45:45,480
and save this boxing ring would be this

1004
00:45:52,130 --> 00:45:48,000
machine continually churning out a kind

1005
00:45:53,930 --> 00:45:52,140
of fish curry now on the on the the

1006
00:45:55,130 --> 00:45:53,940
groups of this image

1007
00:45:59,390 --> 00:45:55,140
would be

1008
00:46:03,349 --> 00:45:59,400
spherical balls which had radio biopsy

1009
00:46:05,390 --> 00:46:03,359
darts so any creature pushing pushing

1010
00:46:08,870 --> 00:46:05,400
against these ropes would automatically

1011
00:46:12,410 --> 00:46:08,880
like a grenade pin release these radial

1012
00:46:15,410 --> 00:46:12,420
biopsy dots tranquilizing that into the

1013
00:46:18,770 --> 00:46:15,420

creature and nullifying it and it would

1014

00:46:21,530 --> 00:46:18,780

alerts divers on the top of the the the

1015

00:46:23,809 --> 00:46:21,540

the the lock sometimes breached this

1016

00:46:26,630 --> 00:46:23,819

this device let's go down here and

1017

00:46:28,550 --> 00:46:26,640

anyway long story short a phoned me back

1018

00:46:31,130 --> 00:46:28,560

a few days later and he says Malcolm

1019

00:46:34,010 --> 00:46:31,140

you'll never believe who is going to put

1020

00:46:36,710 --> 00:46:34,020

the money up for you to make this plan

1021

00:46:39,650 --> 00:46:36,720

of yours happen I mean who you said

1022

00:46:41,750 --> 00:46:39,660

Steven Spielberg all right you're joking

1023

00:46:43,430 --> 00:46:41,760

he says no seriously it's very very

1024

00:46:46,130 --> 00:46:43,440

interested

1025

00:46:48,410 --> 00:46:46,140

um but like all things in life Ryan it

1026

00:46:52,309 --> 00:46:48,420

didn't transpire Mr Spielberg when I

1027

00:46:55,550 --> 00:46:52,319

make other movies and um but today even

1028

00:46:57,950 --> 00:46:55,560

today I still feel that this device is

1029

00:47:01,970 --> 00:46:57,960

something that could probably you know

1030

00:47:06,309 --> 00:47:01,980

lift the lid off the nursery Enigma I am

1031

00:47:09,349 --> 00:47:06,319

so fascinated by Nessie and the location

1032

00:47:11,450 --> 00:47:09,359

and let's let's sort of go into that a

1033

00:47:15,050 --> 00:47:11,460

little bit and move from one Beast to

1034

00:47:17,569 --> 00:47:15,060

another which is Aleister Crowley and

1035

00:47:19,309 --> 00:47:17,579

the fact that and you would know this

1036

00:47:20,650 --> 00:47:19,319

better than anyone there have been

1037

00:47:23,870 --> 00:47:20,660

rumors

1038

00:47:27,109 --> 00:47:23,880

that well for many years it was said

1039

00:47:29,030 --> 00:47:27,119

that the the house bullskin house which

1040

00:47:32,150 --> 00:47:29,040

Aleister Crowley purchased because it

1041

00:47:34,970 --> 00:47:32,160

had all the correct architecture the

1042

00:47:38,569 --> 00:47:34,980

right number of rooms and windows Etc to

1043

00:47:41,930 --> 00:47:38,579

do his magic rituals however

1044

00:47:46,790 --> 00:47:41,940

the house it is said

1045

00:47:49,250 --> 00:47:46,800

was built upon a site which used to have

1046

00:47:51,470 --> 00:47:49,260

well locals maintain it stood upon the

1047

00:47:53,210 --> 00:47:51,480

site of an old church one that caught

1048

00:47:55,910 --> 00:47:53,220

fire and which led to the death of the

1049

00:47:58,190 --> 00:47:55,920

entire congregation which were deep in

1050

00:48:01,430 --> 00:47:58,200

prayer when the fire broke out this

1051
00:48:04,270 --> 00:48:01,440
could just be rumor but then again bull

1052
00:48:06,890 --> 00:48:04,280
skin house itself also caught fire later

1053
00:48:10,309 --> 00:48:06,900
and I I believe I saw it was recently

1054
00:48:13,730 --> 00:48:10,319
for sale again at least the land do you

1055
00:48:16,430 --> 00:48:13,740
believe that this area in general

1056
00:48:18,890 --> 00:48:16,440
where Nessie is Loch Ness

1057
00:48:22,190 --> 00:48:18,900
might be an ideal place to conduct

1058
00:48:25,750 --> 00:48:22,200
rituals such as Aleister Crowley's is

1059
00:48:30,589 --> 00:48:25,760
there something inherent to the area

1060
00:48:32,870 --> 00:48:30,599
is Enigma and himself it was built as

1061
00:48:35,990 --> 00:48:32,880
the evilest man on the planet you know

1062
00:48:38,030 --> 00:48:36,000
years ago and he did cast a lot of

1063
00:48:40,550 --> 00:48:38,040

spells he did a lot of

1064

00:48:43,130 --> 00:48:40,560

um nasty stuff and stuff

1065

00:48:45,290 --> 00:48:43,140

and he did then as you said he had he

1066

00:48:48,170 --> 00:48:45,300

stayed in bullskin house for a number of

1067

00:48:50,450 --> 00:48:48,180

years doing all of his experiments Etc

1068

00:48:53,630 --> 00:48:50,460

now whether as some people would say

1069

00:48:55,430 --> 00:48:53,640

that that conjured up necessity of fear

1070

00:48:58,309 --> 00:48:55,440

um it's neither here nor there because

1071

00:49:00,890 --> 00:48:58,319

we have to bear in mind that Nessie was

1072

00:49:02,990 --> 00:49:00,900

it was at Loch Ness and Loch Ness way

1073

00:49:04,250 --> 00:49:03,000

before Aleister Crowley came on the

1074

00:49:06,589 --> 00:49:04,260

scene

1075

00:49:09,829 --> 00:49:06,599

um some people have suggested that maybe

1076
00:49:12,349 --> 00:49:09,839
some kind of tulpa or a thought Forum

1077
00:49:13,970 --> 00:49:12,359
you know people creating that they're

1078
00:49:15,109 --> 00:49:13,980
just thinking about Loch Ness all the

1079
00:49:17,569 --> 00:49:15,119
time I wonder what's there I wonder

1080
00:49:19,910 --> 00:49:17,579
what's there and by some strange design

1081
00:49:21,890 --> 00:49:19,920
there's this this this creature just

1082
00:49:24,589 --> 00:49:21,900
appears as this thought form it sounds

1083
00:49:27,290 --> 00:49:24,599
absolutely ridiculous but we have to

1084
00:49:30,589 --> 00:49:27,300
have been in mind that in Canada I think

1085
00:49:31,730 --> 00:49:30,599
it was a group called Surat or saurat

1086
00:49:34,190 --> 00:49:31,740
um the

1087
00:49:37,130 --> 00:49:34,200
um dreamed of this imaginary Cavalier

1088
00:49:39,170 --> 00:49:37,140

they sat and circle for months and

1089

00:49:42,349 --> 00:49:39,180

months and months given this guy in an

1090

00:49:44,329 --> 00:49:42,359

imaginary name and you know an imaginary

1091

00:49:47,510 --> 00:49:44,339

wife and history and nothing nothing

1092

00:49:49,609 --> 00:49:47,520

happened until one night this guy came

1093

00:49:51,950 --> 00:49:49,619

through and said yeah that's who he was

1094

00:49:54,890 --> 00:49:51,960

he was Philip and you can look that up

1095

00:49:58,130 --> 00:49:54,900

on Google of course so um and then the

1096

00:50:00,170 --> 00:49:58,140

the llamas the the Tibetan Monks and all

1097

00:50:02,569 --> 00:50:00,180

that they claim that they can create

1098

00:50:04,490 --> 00:50:02,579

toggpas so it just takes us to a

1099

00:50:07,010 --> 00:50:04,500

different uh Arena I mean there's no

1100

00:50:08,690 --> 00:50:07,020

denying Loch Ness and I was there a few

1101

00:50:11,150 --> 00:50:08,700

months ago it's a beautiful beautiful

1102

00:50:15,910 --> 00:50:11,160

part of Scotland it's on the great great

1103

00:50:20,630 --> 00:50:15,920

Glen fault it has a history of magic Etc

1104

00:50:23,809 --> 00:50:20,640

and also also UFO sightings as well of

1105

00:50:26,390 --> 00:50:23,819

which I saw one my very self Loch Ness

1106

00:50:27,829 --> 00:50:26,400

would you believe so it's a great great

1107

00:50:29,270 --> 00:50:27,839

place to go

1108

00:50:31,790 --> 00:50:29,280

um for sure

1109

00:50:33,890 --> 00:50:31,800

yeah that's a big deal with the toolpas

1110

00:50:36,170 --> 00:50:33,900

and I mean gosh we could do a whole

1111

00:50:37,730 --> 00:50:36,180

podcast about just the toolpas and the

1112

00:50:40,430 --> 00:50:37,740

power of the Mind

1113

00:50:43,130 --> 00:50:40,440

and something that really Drew my

1114

00:50:44,270 --> 00:50:43,140

attention is how you explained in this

1115

00:50:46,750 --> 00:50:44,280

book

1116

00:50:49,690 --> 00:50:46,760

how the Mitchell foundation for

1117

00:50:54,230 --> 00:50:49,700

extraterrestrial experience research

1118

00:50:57,410 --> 00:50:54,240

known as free surveyed 4 200 individuals

1119

00:51:00,470 --> 00:50:57,420

and discovered that 75 percent of

1120

00:51:03,470 --> 00:51:00,480

contact experiences were in out of body

1121

00:51:06,230 --> 00:51:03,480

States so only 25 percent were physical

1122

00:51:09,349 --> 00:51:06,240

I think this fact alone creates a

1123

00:51:11,569 --> 00:51:09,359

challenge to quantify and qualify this

1124

00:51:13,849 --> 00:51:11,579

experience in three-dimensional terms

1125

00:51:17,510 --> 00:51:13,859

we're talking about something much

1126

00:51:19,490 --> 00:51:17,520

larger than just oh these people were

1127

00:51:23,690 --> 00:51:19,500

taken there's there's a lot going on

1128

00:51:27,349 --> 00:51:23,700

here how how do you think abductions

1129

00:51:29,870 --> 00:51:27,359

are related to UFOs or UFOs related to

1130

00:51:32,329 --> 00:51:29,880

abductions because so many people see

1131

00:51:34,490 --> 00:51:32,339

UFOs so often it seems as if

1132

00:51:36,770 --> 00:51:34,500

people have kind of opened up to the

1133

00:51:38,410 --> 00:51:36,780

idea with different governments allowing

1134

00:51:41,329 --> 00:51:38,420

for more disclosure at least

1135

00:51:44,030 --> 00:51:41,339

superficially and more people are seeing

1136

00:51:45,950 --> 00:51:44,040

these in the skies what makes abductions

1137

00:51:48,470 --> 00:51:45,960

in your opinion different than just you

1138

00:51:51,589 --> 00:51:48,480

know the average weekend warrior UFO

1139

00:51:54,470 --> 00:51:51,599

witness so it's a global phenomenon it's

1140

00:51:56,630 --> 00:51:54,480

been going on since highman Memorial and

1141

00:51:59,450 --> 00:51:56,640

there's no evidence that's going to be

1142

00:52:02,630 --> 00:51:59,460

stopping anything soon I think where my

1143

00:52:04,569 --> 00:52:02,640

the search goes uh Ryan is that I'm more

1144

00:52:07,790 --> 00:52:04,579

interested in these kind of so-called

1145

00:52:10,670 --> 00:52:07,800

body abductions and all that you know or

1146

00:52:13,490 --> 00:52:10,680

the the the the the the father of the

1147

00:52:15,530 --> 00:52:13,500

the models lying in bed and one of them

1148

00:52:17,089 --> 00:52:15,540

gets switched off and they try to alert

1149

00:52:18,950 --> 00:52:17,099

the other one and suddenly they either

1150

00:52:21,109 --> 00:52:18,960

think they're falling asleep or

1151
00:52:23,329 --> 00:52:21,119
something happens to them I think we

1152
00:52:25,849 --> 00:52:23,339
need to do more research on and find out

1153
00:52:28,190 --> 00:52:25,859
what truly is going on with where these

1154
00:52:29,870 --> 00:52:28,200
people are going I'm not saying it's all

1155
00:52:33,710 --> 00:52:29,880
imaginary I'm not saying it's on

1156
00:52:36,109 --> 00:52:33,720
medication or drugs or we do know that

1157
00:52:39,049 --> 00:52:36,119
certain dogs can't facilitate

1158
00:52:41,150 --> 00:52:39,059
um phenomenal experiences to occur the

1159
00:52:44,390 --> 00:52:41,160
the American Indians have done it for

1160
00:52:47,510 --> 00:52:44,400
years but um we need to know the the

1161
00:52:49,609 --> 00:52:47,520
abduction State the the the abduction

1162
00:52:52,069 --> 00:52:49,619
state where people are getting taken

1163
00:52:54,049 --> 00:52:52,079

because of course it's not just out of

1164

00:52:56,930 --> 00:52:54,059

people's bedrooms it can be from the

1165

00:53:00,290 --> 00:52:56,940

Cars we make some more in Padia earlier

1166

00:53:03,670 --> 00:53:00,300

on and of Guardian Colin as well from

1167

00:53:09,349 --> 00:53:06,950

has been asked many many times before as

1168

00:53:12,650 --> 00:53:09,359

to why aren't these people has been

1169

00:53:14,569 --> 00:53:12,660

abducted been taken because it's a

1170

00:53:17,510 --> 00:53:14,579

genetic thing now what I mean by that is

1171

00:53:19,790 --> 00:53:17,520

that we have found a new research that

1172

00:53:22,190 --> 00:53:19,800

as a family tree you know when you look

1173

00:53:25,130 --> 00:53:22,200

back through family trees they say oh my

1174

00:53:28,430 --> 00:53:25,140

great uncle was abducted a great auntie

1175

00:53:31,190 --> 00:53:28,440

was abducted why why is this why is it

1176
00:53:33,770 --> 00:53:31,200
only certain people and people people

1177
00:53:36,829 --> 00:53:33,780
have laughed at me because I I've said

1178
00:53:39,370 --> 00:53:36,839
many many times I wish it was me they

1179
00:53:42,589 --> 00:53:39,380
came after and of course

1180
00:53:45,410 --> 00:53:42,599
abductees have said no you don't no you

1181
00:53:47,150 --> 00:53:45,420
don't family these receptors right and I

1182
00:53:50,750 --> 00:53:47,160
just want things to happen to me like

1183
00:53:52,130 --> 00:53:50,760
yesterday you know and uh it pains me

1184
00:53:54,890 --> 00:53:52,140
that um

1185
00:53:56,809 --> 00:53:54,900
for all that I know or don't know about

1186
00:53:58,549 --> 00:53:56,819
the UFOs and the abduction phenomena

1187
00:54:00,829 --> 00:53:58,559
it's not something that's happened to me

1188
00:54:03,290 --> 00:54:00,839

now I've put myself in the ballpark

1189

00:54:06,770 --> 00:54:03,300

we've did Sky watches at Bonnie Bridge

1190

00:54:10,370 --> 00:54:06,780

uh with uh you know done decimate Woods

1191

00:54:13,370 --> 00:54:10,380

Etc and um hoping that certain things

1192

00:54:16,490 --> 00:54:13,380

may happen they never have so is it just

1193

00:54:18,890 --> 00:54:16,500

it's only certain people they're going

1194

00:54:21,890 --> 00:54:18,900

for it and if so why is it a genetic

1195

00:54:24,650 --> 00:54:21,900

thing is it through the family trees and

1196

00:54:26,750 --> 00:54:24,660

um but yet you don't get an answer from

1197

00:54:28,970 --> 00:54:26,760

that it just leads to more speculation

1198

00:54:32,270 --> 00:54:28,980

and that's self-esteem

1199

00:54:35,450 --> 00:54:32,280

and it it leads to so many different

1200

00:54:38,809 --> 00:54:35,460

paths with these UFO incidents and I

1201
00:54:42,650 --> 00:54:38,819
thought it was very strange how these

1202
00:54:46,190 --> 00:54:42,660
wild and Vivid strange dreams had by

1203
00:54:49,010 --> 00:54:46,200
Gary do you and and other abduction

1204
00:54:51,829 --> 00:54:49,020
victims as well do you believe these

1205
00:54:54,710 --> 00:54:51,839
dreams are connected to the experience

1206
00:55:00,470 --> 00:54:56,930
that's a good point actually Ryan it's a

1207
00:55:02,750 --> 00:55:00,480
very good point because these dreams

1208
00:55:05,210 --> 00:55:02,760
another of the peace have had them as

1209
00:55:07,490 --> 00:55:05,220
well of course let us not forget makes

1210
00:55:10,670 --> 00:55:07,500
me wonder as

1211
00:55:13,730 --> 00:55:10,680
against speculation when these guys are

1212
00:55:15,170 --> 00:55:13,740
dreaming or anybody's dreaming and

1213
00:55:17,510 --> 00:55:15,180

they're in this Oak to stay there

1214

00:55:19,849 --> 00:55:17,520

they're in this dream world the brain

1215

00:55:23,870 --> 00:55:19,859

manufactures the scenario of the actors

1216

00:55:26,870 --> 00:55:23,880

and the actresses Etc so I if can these

1217

00:55:29,870 --> 00:55:26,880

alien beings come somehow come into

1218

00:55:32,089 --> 00:55:29,880

human consciousness and be part of that

1219

00:55:35,809 --> 00:55:32,099

dream world and

1220

00:55:37,609 --> 00:55:35,819

um as a possibility because I'm also a

1221

00:55:40,069 --> 00:55:37,619

spiritualist and I do believe having

1222

00:55:43,190 --> 00:55:40,079

spoken to many people that people can

1223

00:55:45,650 --> 00:55:43,200

meet their loved ones in them so they're

1224

00:55:48,710 --> 00:55:45,660

obviously they're gone they're not

1225

00:55:50,930 --> 00:55:48,720

living anymore that mortal remains lying

1226

00:55:53,930 --> 00:55:50,940

a grave but the physicality and the

1227

00:55:56,390 --> 00:55:53,940

spirituality of these these people are

1228

00:55:58,670 --> 00:55:56,400

still in a different substance and they

1229

00:56:01,309 --> 00:55:58,680

can come into Premiere into people's

1230

00:56:03,950 --> 00:56:01,319

dreams so it's just it's an interesting

1231

00:56:06,650 --> 00:56:03,960

concept yeah for sure and and I know

1232

00:56:09,770 --> 00:56:06,660

that this is a very kind of a tricky

1233

00:56:13,670 --> 00:56:09,780

slippery every slope walking on thin ice

1234

00:56:16,250 --> 00:56:13,680

delving into it but often times these

1235

00:56:17,750 --> 00:56:16,260

abduction experiences

1236

00:56:20,510 --> 00:56:17,760

have

1237

00:56:23,569 --> 00:56:20,520

Footprints or Tendencies of spiritual

1238

00:56:26,510 --> 00:56:23,579

experiences or demonic experiences

1239

00:56:28,670 --> 00:56:26,520

have you been able to bridge that Gap at

1240

00:56:35,210 --> 00:56:28,680

all and see if there's any correlation

1241

00:56:37,849 --> 00:56:35,220

to people's beliefs and these abductions

1242

00:56:40,130 --> 00:56:37,859

yeah I mean it's another good point

1243

00:56:42,230 --> 00:56:40,140

you're raising there because abductions

1244

00:56:44,690 --> 00:56:42,240

happen to many different cultures and

1245

00:56:46,970 --> 00:56:44,700

communities and different

1246

00:56:49,609 --> 00:56:46,980

parts of the world you know they still

1247

00:56:51,049 --> 00:56:49,619

have them it's not as if it's it's these

1248

00:56:52,790 --> 00:56:51,059

small Grays are seen everywhere in the

1249

00:56:54,829 --> 00:56:52,800

world it's not just you know in the

1250

00:56:57,349 --> 00:56:54,839

United States Canada and it's great

1251
00:56:59,930 --> 00:56:57,359
Brandon Europe and so these these

1252
00:57:01,130 --> 00:56:59,940
creatures are what fascinates me as well

1253
00:57:03,829 --> 00:57:01,140
is that

1254
00:57:07,849 --> 00:57:03,839
we have these uh reptilian creatures we

1255
00:57:09,890 --> 00:57:07,859
have uh various other nordics Etc and

1256
00:57:13,309 --> 00:57:09,900
I'm not you know saying that that's not

1257
00:57:14,930 --> 00:57:13,319
true certainly what I cannot speak on

1258
00:57:18,109 --> 00:57:14,940
any case relating to any of these

1259
00:57:21,589 --> 00:57:18,119
so-called reptilian creatures because

1260
00:57:24,410 --> 00:57:21,599
my Society have not dealt with any in

1261
00:57:27,530 --> 00:57:24,420
Scotland and uh that's not to say they

1262
00:57:29,450 --> 00:57:27,540
don't exist in me will do but um clearly

1263
00:57:32,690 --> 00:57:29,460

we're dealing with an enigma which is

1264

00:57:34,730 --> 00:57:32,700

many branches you know and um and

1265

00:57:37,250 --> 00:57:34,740

there's several races and a hundred

1266

00:57:39,829 --> 00:57:37,260

races visiting a planet and mixing with

1267

00:57:42,890 --> 00:57:39,839

us she'd be in feared of these races

1268

00:57:44,329 --> 00:57:42,900

there is something going on is it uh are

1269

00:57:47,990 --> 00:57:44,339

they looking at Planet Earth there's

1270

00:57:50,930 --> 00:57:48,000

something that they they may want to to

1271

00:57:52,730 --> 00:57:50,940

you know be at some time in the very

1272

00:57:54,589 --> 00:57:52,740

near future I would like to think that's

1273

00:57:56,990 --> 00:57:54,599

not the case

1274

00:57:59,390 --> 00:57:57,000

um what I can't Clearly say is that I'm

1275

00:58:01,069 --> 00:57:59,400

totally totally convinced the

1276
00:58:02,870 --> 00:58:01,079
governments of this world and I've said

1277
00:58:06,290 --> 00:58:02,880
it before no more than they're letting

1278
00:58:07,670 --> 00:58:06,300
on about this careful Menace than they

1279
00:58:09,710 --> 00:58:07,680
will do

1280
00:58:11,990 --> 00:58:09,720
um you know they under the Freedom of

1281
00:58:14,809 --> 00:58:12,000
Information Act passed many years ago

1282
00:58:18,109 --> 00:58:14,819
initially in America the release of FBI

1283
00:58:21,410 --> 00:58:18,119
CIA and SAA fails clearly should that

1284
00:58:24,170 --> 00:58:21,420
they had this interest in ufology and

1285
00:58:26,270 --> 00:58:24,180
what Angus me is the the heavy heavy

1286
00:58:29,150 --> 00:58:26,280
heavy black joke paragraph paragraph

1287
00:58:31,309 --> 00:58:29,160
Plateau Plateau wow wait a minute you're

1288
00:58:33,950 --> 00:58:31,319

releasing to this to the public and yeah

1289

00:58:38,030 --> 00:58:33,960

it's all blacked out what's going on and

1290

00:58:39,710 --> 00:58:38,040

here in the UK we've been fed uh you

1291

00:58:43,130 --> 00:58:39,720

know case fails from the ministry of

1292

00:58:45,789 --> 00:58:43,140

Defense so people can either say that um

1293

00:58:50,750 --> 00:58:45,799

the slowly letting us know about it or

1294

00:58:52,609 --> 00:58:50,760

or they're in cahoots with the alien uh

1295

00:58:53,510 --> 00:58:52,619

racers and other ones you know we can

1296

00:58:55,549 --> 00:58:53,520

look at

1297

00:58:56,870 --> 00:58:55,559

oh what's the name notes the names

1298

00:58:58,490 --> 00:58:56,880

escaped me

1299

00:59:02,089 --> 00:58:58,500

um where people have been taking to

1300

00:59:05,650 --> 00:59:02,099

underground bases and they've also seen

1301

00:59:09,230 --> 00:59:05,660

military personnel alongside the grace

1302

00:59:12,829 --> 00:59:09,240

and in fact even Gary and Collins said

1303

00:59:15,230 --> 00:59:12,839

that in a statement and um Gary the

1304

00:59:17,329 --> 00:59:15,240

members who has taken you know it was in

1305

00:59:21,770 --> 00:59:17,339

this underground base and it was very

1306

00:59:24,890 --> 00:59:21,780

jaggy rocks and sleep jaggy rocks and a

1307

00:59:27,109 --> 00:59:24,900

way up about 100 feet up near there were

1308

00:59:29,870 --> 00:59:27,119

several of these small Grays just free

1309

00:59:32,690 --> 00:59:29,880

floating free floating in the air not

1310

00:59:34,190 --> 00:59:32,700

only ground but aware and it was like he

1311

00:59:37,549 --> 00:59:34,200

said Malcolm it was like I was

1312

00:59:39,710 --> 00:59:37,559

underwater in a in a beautiful you know

1313

00:59:42,890 --> 00:59:39,720

Spanish sea or on the Mediterranean

1314

00:59:45,410 --> 00:59:42,900

where you could crystal clear it felt

1315

00:59:48,230 --> 00:59:45,420

like I was in the water and they have

1316

00:59:50,150 --> 00:59:48,240

these strange shapes coming towards me

1317

00:59:52,609 --> 00:59:50,160

coming up to my face and then just

1318

00:59:55,250 --> 00:59:52,619

floating away again

1319

00:59:57,589 --> 00:59:55,260

um so that's as Justice

1320

00:59:59,270 --> 00:59:57,599

just a lovely subject to be involved

1321

01:00:02,589 --> 00:59:59,280

with it so great

1322

01:00:06,770 --> 01:00:02,599

it's a scary possibility that that

1323

01:00:08,510 --> 01:00:06,780

theory it just it that's the type of

1324

01:00:11,270 --> 01:00:08,520

thing that keeps me up at my night

1325

01:00:14,329 --> 01:00:11,280

because if there is some sort of

1326

01:00:17,030 --> 01:00:14,339

collusion and it really makes you wonder

1327

01:00:20,150 --> 01:00:17,040

because a lot of these cases you do see

1328

01:00:23,089 --> 01:00:20,160

government involvement you do see kind

1329

01:00:26,150 --> 01:00:23,099

of a smoke screen of sorts and I mean

1330

01:00:28,270 --> 01:00:26,160

just recently FBI agents came down hard

1331

01:00:31,549 --> 01:00:28,280

on the operator of a popular website

1332

01:00:34,809 --> 01:00:31,559

devoted to All Things Area 51 and its

1333

01:00:37,430 --> 01:00:34,819

programs known as dreamlandresort.com

1334

01:00:41,390 --> 01:00:37,440

more than a dozen agents served a no

1335

01:00:43,430 --> 01:00:41,400

knock warrant on the home of jorg arnu

1336

01:00:45,829 --> 01:00:43,440

who lives in Rachel Nevada

1337

01:00:48,289 --> 01:00:45,839

and they are said to have seized all the

1338

01:00:51,410 --> 01:00:48,299

computers the files the phones the

1339

01:00:53,569 --> 01:00:51,420

photos and at the same time another team

1340

01:00:56,210 --> 01:00:53,579

of a dozen or more agents which I'm sure

1341

01:00:58,490 --> 01:00:56,220

you've heard stormed into our news Las

1342

01:01:00,829 --> 01:00:58,500

Vegas home seizing All Digital devices

1343

01:01:04,549 --> 01:01:00,839

and files and even held his girlfriend

1344

01:01:06,170 --> 01:01:04,559

at gunpoint and they served warrants

1345

01:01:07,309 --> 01:01:06,180

um I guess it was a little over a week

1346

01:01:09,650 --> 01:01:07,319

ago now

1347

01:01:11,690 --> 01:01:09,660

still we do not know the reason for the

1348

01:01:14,510 --> 01:01:11,700

raid no one knows whether specific

1349

01:01:16,849 --> 01:01:14,520

images of the base posted online may

1350

01:01:19,490 --> 01:01:16,859

have initiated such a vigorous action by

1351

01:01:22,069 --> 01:01:19,500

federal law enforcement but its actions

1352

01:01:28,010 --> 01:01:22,079

like these when you see the government

1353

01:01:30,829 --> 01:01:28,020

act in a very almost uh unbelievable way

1354

01:01:33,109 --> 01:01:30,839

when it we're dealing with a theme that

1355

01:01:35,630 --> 01:01:33,119

is you know a segment of only a few of

1356

01:01:38,630 --> 01:01:35,640

the population are looking into when it

1357

01:01:41,630 --> 01:01:38,640

comes to UFOs aliens

1358

01:01:44,809 --> 01:01:41,640

and such for the government to be so

1359

01:01:46,609 --> 01:01:44,819

vigorous and so active and strong-armed

1360

01:01:49,430 --> 01:01:46,619

and certain you get this with a lot of

1361

01:01:52,970 --> 01:01:49,440

the Men in Black scenarios where it

1362

01:01:55,670 --> 01:01:52,980

seems almost like Overkill unless there

1363

01:01:57,490 --> 01:01:55,680

was something they knew that we didn't

1364

01:02:01,609 --> 01:01:57,500

know right

1365

01:02:04,849 --> 01:02:01,619

absolutely I totally agree I mean um but

1366

01:02:08,089 --> 01:02:04,859

the same token if we flip the coin over

1367

01:02:10,370 --> 01:02:08,099

um we have to be accept acceptable to

1368

01:02:12,049 --> 01:02:10,380

the fact that um maybe our own black

1369

01:02:13,670 --> 01:02:12,059

budget technology that they don't want

1370

01:02:15,410 --> 01:02:13,680

us to know about

1371

01:02:18,349 --> 01:02:15,420

um you know as I've said before in your

1372

01:02:20,809 --> 01:02:18,359

program the stealth aircraft was flying

1373

01:02:23,270 --> 01:02:20,819

in the American skies for many years

1374

01:02:25,250 --> 01:02:23,280

before the military machine put their

1375

01:02:28,670 --> 01:02:25,260

hands up and said it's ours and that

1376

01:02:31,450 --> 01:02:28,680

gave rise to many false the airports so

1377

01:02:33,950 --> 01:02:31,460

um certain it is Aero forums being

1378

01:02:36,589 --> 01:02:33,960

masquerading or in our skies maybe

1379

01:02:40,190 --> 01:02:36,599

around technology but I'm not saying

1380

01:02:41,990 --> 01:02:40,200

that they all are and so these Reds

1381

01:02:43,609 --> 01:02:42,000

which are very extreme we have just

1382

01:02:46,730 --> 01:02:43,619

mentioned a few of them a few of them

1383

01:02:48,589 --> 01:02:46,740

there are very extreme and either it's

1384

01:02:51,049 --> 01:02:48,599

for a

1385

01:02:52,730 --> 01:02:51,059

stay away from because we're we're doing

1386

01:02:54,530 --> 01:02:52,740

this new technology we don't want this

1387

01:02:57,349 --> 01:02:54,540

to fall into the hands of the Russians

1388

01:02:59,390 --> 01:02:57,359

uh technology is so Advanced now you

1389

01:03:02,870 --> 01:02:59,400

know the people listening to phone calls

1390

01:03:04,250 --> 01:03:02,880

radio shows Etc so a uh keep away from

1391

01:03:07,549 --> 01:03:04,260

that because it's their own technology

1392

01:03:09,950 --> 01:03:07,559

you're encroaching on your bike or B

1393

01:03:11,690 --> 01:03:09,960

yeah we do have secrets to hold there is

1394

01:03:13,730 --> 01:03:11,700

something we're back engineering certain

1395

01:03:16,370 --> 01:03:13,740

things we are in congrats with these

1396

01:03:18,829 --> 01:03:16,380

small Grays we can't let the world know

1397

01:03:20,329 --> 01:03:18,839

to what's going on it's just too big a

1398

01:03:21,650 --> 01:03:20,339

secular

1399

01:03:23,569 --> 01:03:21,660

um it's the same with the space program

1400

01:03:25,370 --> 01:03:23,579

and going to the Moon you know that

1401

01:03:27,410 --> 01:03:25,380

they're saying that we never went to the

1402

01:03:29,390 --> 01:03:27,420

moon if it was all manufactured there

1403

01:03:30,829 --> 01:03:29,400

was thousands of people involving NASA

1404

01:03:33,289 --> 01:03:30,839

at the time

1405

01:03:35,450 --> 01:03:33,299

um but that's another debit of course

1406

01:03:38,569 --> 01:03:35,460

um the UF would a bit as far as um

1407

01:03:42,109 --> 01:03:38,579

technology goes is who knows um whoever

1408

01:03:44,630 --> 01:03:42,119

gets the best aircraft the best weapon

1409

01:03:48,589 --> 01:03:44,640

systems uh is clearly going to have a

1410

01:03:51,170 --> 01:03:48,599

big advantage to the other Warfare start

1411

01:03:52,670 --> 01:03:51,180

to progress in this terrible planet of

1412

01:03:56,030 --> 01:03:52,680

those

1413

01:03:58,430 --> 01:03:56,040

so true so true I'm I'm just mesmerized

1414

01:04:00,589 --> 01:03:58,440

it's such a I mean you can talk for

1415

01:04:03,770 --> 01:04:00,599

hours and hours about it and your book

1416

01:04:05,450 --> 01:04:03,780

the a70 UFO incident goes into so much

1417

01:04:08,030 --> 01:04:05,460

more that we weren't able to discuss

1418

01:04:11,150 --> 01:04:08,040

about Scotland's first officially

1419

01:04:13,190 --> 01:04:11,160

reported UFO Abduction Malcolm can you

1420

01:04:15,530 --> 01:04:13,200

tell our listeners where the best place

1421

01:04:16,789 --> 01:04:15,540

to purchase the book is and how you

1422

01:04:18,910 --> 01:04:16,799

recommend them

1423

01:04:21,650 --> 01:04:18,920

um getting it

1424

01:04:22,750 --> 01:04:21,660

yeah and you can purchase a book on

1425

01:04:26,270 --> 01:04:22,760

Amazon

1426

01:04:29,750 --> 01:04:26,280

amazon.com in America or I believe it

1427

01:04:32,390 --> 01:04:29,760

may be on lulu.com I think but certainly

1428

01:04:33,890 --> 01:04:32,400

Amazon for sure and

1429

01:04:36,770 --> 01:04:33,900

um also

1430

01:04:38,569 --> 01:04:36,780

so I always advise people I always

1431

01:04:41,089 --> 01:04:38,579

advise people to get the book and not

1432

01:04:43,010 --> 01:04:41,099

Kindle add an offer them nothing better

1433

01:04:44,630 --> 01:04:43,020

to lying in bed or on a chair just

1434

01:04:47,089 --> 01:04:44,640

having that in your hand rather than

1435

01:04:49,849 --> 01:04:47,099

flick flick flick but that's that's me

1436

01:04:52,309 --> 01:04:49,859

as an author and

1437

01:04:55,190 --> 01:04:52,319

um yeah I mean clearly that's that's

1438

01:04:58,370 --> 01:04:55,200

where to get it yeah I agree as well on

1439

01:05:00,170 --> 01:04:58,380

the physical form of the book because I

1440

01:05:03,109 --> 01:05:00,180

feel as if there's just a better

1441

01:05:05,630 --> 01:05:03,119

connection and no matter what happens to

1442

01:05:09,049 --> 01:05:05,640

your devices or the internet or anything

1443

01:05:11,510 --> 01:05:09,059

that are uncertain untangible things

1444

01:05:14,930 --> 01:05:11,520

that we rely on having that tangible

1445

01:05:17,150 --> 01:05:14,940

form of the book is so much better and

1446

01:05:19,549 --> 01:05:17,160

it's it's you can always go back to it

1447

01:05:22,010 --> 01:05:19,559

you can put it in your shelf go back to

1448

01:05:25,130 --> 01:05:22,020

it gosh I always love coming and

1449

01:05:27,230 --> 01:05:25,140

speaking with you Malcolm um oh I even

1450

01:05:30,530 --> 01:05:27,240

though an ocean separates us someday I

1451

01:05:32,270 --> 01:05:30,540

plan on ongoing to Scotland I I I'm a

1452

01:05:34,549 --> 01:05:32,280

fly fisherman and I've always dreamed of

1453

01:05:35,630 --> 01:05:34,559

fishing on the river spay there where it

1454

01:05:37,730 --> 01:05:35,640

all started

1455

01:05:39,410 --> 01:05:37,740

yeah I can't thank you enough for for

1456

01:05:42,170 --> 01:05:39,420

coming on you live in an amazing place

1457

01:05:45,890 --> 01:05:42,180

and you've done so much to delve into

1458

01:05:49,130 --> 01:05:45,900

these wild scenarios where people have

1459

01:05:50,750 --> 01:05:49,140

been contacted by these entities so

1460

01:05:54,289 --> 01:05:50,760

thank you for everything you do and

1461

01:05:57,829 --> 01:05:56,270

yeah Ryan and I must thank you for

1462

01:06:00,289 --> 01:05:57,839

allowing me to once more come on your

1463

01:06:01,730 --> 01:06:00,299

show and and talk to your good self and

1464

01:06:04,849 --> 01:06:01,740

your lovely listeners about these

1465

01:06:07,069 --> 01:06:04,859

bizarre and amazing Mysteries and and uh

1466

01:06:09,710 --> 01:06:07,079

longmeat continue I wish you well sir

1467

01:06:13,069 --> 01:06:09,720

and good luck in all your projects

1468

01:06:17,510 --> 01:06:13,079

man I love talking to Malcolm 45 years

1469

01:06:20,030 --> 01:06:17,520

of extensive research into what is

1470

01:06:21,530 --> 01:06:20,040

happening with a lot of these people's

1471

01:06:24,710 --> 01:06:21,540

recollections

1472

01:06:28,490 --> 01:06:24,720

we're talking about similarities within

1473

01:06:33,349 --> 01:06:28,500

abduction cases and Malcolm does not

1474

01:06:36,109 --> 01:06:33,359

limit himself to uaps and UFOs no his

1475

01:06:38,270 --> 01:06:36,119

research goes into everything uh that's

1476

01:06:40,809 --> 01:06:38,280

why he's one of my favorite guests

1477

01:06:43,490 --> 01:06:40,819

he's not scared to attack the

1478

01:06:47,930 --> 01:06:43,500

cryptozoological Enigma with Loch Ness

1479

01:06:51,770 --> 01:06:47,940

he's not scared to go into the Enigma of

1480

01:06:54,650 --> 01:06:51,780

ghosts and poltergeists he's very uh

1481

01:06:56,870 --> 01:06:54,660

open-minded and not limited to what he

1482

01:07:00,650 --> 01:06:56,880

studies and

1483

01:07:02,049 --> 01:07:00,660

this case is just so well documented in

1484

01:07:04,849 --> 01:07:02,059

this book I highly recommend the book

1485

01:07:07,069 --> 01:07:04,859

and I still can't get over the fact that

1486

01:07:09,829 --> 01:07:07,079

these guys saw a silver shimmering

1487

01:07:12,529 --> 01:07:09,839

curtain of mist that really stuck in my

1488

01:07:14,089 --> 01:07:12,539

mind what a great description coming

1489

01:07:16,609 --> 01:07:14,099

over their car before it goes into

1490

01:07:20,390 --> 01:07:16,619

complete blackness

1491

01:07:24,049 --> 01:07:20,400

wild definitely pick up the book the a70

1492

01:07:27,349 --> 01:07:24,059

UFO incident Scotland's first officially

1493

01:07:29,930 --> 01:07:27,359

reported UFO Abduction and definitely

1494

01:07:33,710 --> 01:07:29,940

support Malcolm Robinson in all of his

1495

01:07:37,430 --> 01:07:33,720

Affairs and efforts also if you have not

1496

01:07:39,950 --> 01:07:37,440

become a subscriber to Hero paranormal

1497

01:07:43,970 --> 01:07:39,960

on patreon I definitely recommend it

1498

01:07:46,190 --> 01:07:43,980

it's what keeps the podcast coming and

1499

01:07:49,250 --> 01:07:46,200

there is a ton of content behind the

1500

01:07:51,950 --> 01:07:49,260

paywall until next time keep your eyes

1501

01:07:54,770 --> 01:07:51,960

to the skies feet on the ground but

1502

01:08:01,870 --> 01:07:54,780

don't forget to take a look around
