come Blast Off In My Time Machine sir I

3
00:00:26,650 --> 00:00:23,960
feel like an evizing Blast Off Blast Off

4
00:00:37,750 --> 00:00:26,660
blast off

5
00:00:44,750 --> 00:00:42,049
Blast Off on another epic episode of the

6
00:00:49,209 --> 00:00:44,760
hyper anomalous esoteric research

7
00:00:51,770 --> 00:00:49,219
organization podcast AKA hero paranormal

8
00:00:55,130 --> 00:00:51,780
broadcasting from the base at lamadre

9
00:00:57,889 --> 00:00:55,140
Mountain just south of area 51. my name

10
00:01:00,970 --> 00:00:57,899
is Ryan the Paranormal pontificator of

11
00:01:04,969 --> 00:01:00,980
the airwaves bringing you a tremendously

12
00:01:06,530 --> 00:01:04,979
interesting episode tonight it's a weird

13
00:01:09,070 --> 00:01:06,540

one but

14

00:01:12,830 --> 00:01:09,080

it's true

15

00:01:16,070 --> 00:01:12,840

dowsing in occultism is the use of a

16

00:01:16,910 --> 00:01:16,080

forked piece of Hazel Rowan or Willow

17

00:01:19,870 --> 00:01:16,920

Wood

18

00:01:23,390 --> 00:01:19,880

or a y-shaped metal rod

19

00:01:26,270 --> 00:01:23,400

or a pendulum suspended by a nylon or

20

00:01:29,530 --> 00:01:26,280

silk thread in an attempt to detect such

21

00:01:33,410 --> 00:01:29,540

hidden substances as water minerals

22

00:01:35,210 --> 00:01:33,420

treasure archaeological remains and even

23

00:01:38,569 --> 00:01:35,220

dead bodies

24

00:01:42,170 --> 00:01:38,579

this has become quite the Lost Art

25

00:01:44,210 --> 00:01:42,180

and it's hard to find people who use

26

00:01:46,969 --> 00:01:44,220

this type of divination

27

00:01:51,410 --> 00:01:46,979

and attempt to locate groundwater

28

00:01:53,210 --> 00:01:51,420

buried Metals oars gemstones oil

29

00:01:57,109 --> 00:01:53,220

Etc

30

00:02:00,889 --> 00:01:57,119

people that use divining rods

31

00:02:03,350 --> 00:02:00,899

have been known by many terms

32

00:02:06,410 --> 00:02:03,360

and among them

33

00:02:07,910 --> 00:02:06,420

diviners water witch

34

00:02:10,070 --> 00:02:07,920

Dowsers

35

00:02:12,070 --> 00:02:10,080

the hidden knowledge with the aid of

36

00:02:14,869 --> 00:02:12,080

Supernatural Powers seems to be

37

00:02:16,850 --> 00:02:14,879

something of the past and it's hard to

38

00:02:19,430 --> 00:02:16,860

find people

39

00:02:22,190 --> 00:02:19,440

who still practice using a fork stick

40

00:02:23,630 --> 00:02:22,200

Rod pendulum or similar device to locate

41

00:02:26,570 --> 00:02:23,640

these things

42

00:02:27,890 --> 00:02:26,580

is it the real deal or just the stuff of

43

00:02:30,770 --> 00:02:27,900

woo

44

00:02:33,530 --> 00:02:30,780

many have not suspended their disbelief

45

00:02:36,650 --> 00:02:33,540

to see for themselves for centuries

46

00:02:39,470 --> 00:02:36,660

Dowsers have claimed the ability to find

47

00:02:42,229 --> 00:02:39,480

groundwater precious metals bodies and

48

00:02:45,229 --> 00:02:42,239

other items using divining rods and of

49

00:02:47,449 --> 00:02:45,239

course uncanny intuition aside from

50

00:02:51,009 --> 00:02:47,459

intuition they searched the landscape

51
00:02:53,449 --> 00:02:51,019
for Clues a valley say

52
00:02:57,350 --> 00:02:53,459
cottonwoods different types of trees and

53
00:02:59,990 --> 00:02:57,360
bushes geologic maps are used they scan

54
00:03:01,190 --> 00:03:00,000
for underground Pockets where water May

55
00:03:05,089 --> 00:03:01,200
pool

56
00:03:06,470 --> 00:03:05,099
there is something to it all and it

57
00:03:09,350 --> 00:03:06,480
seems to work

58
00:03:10,250 --> 00:03:09,360
dowsing is the old world way of finding

59
00:03:13,729 --> 00:03:10,260
things

60
00:03:15,410 --> 00:03:13,739
it is not definitively a science

61
00:03:18,170 --> 00:03:15,420
however

62
00:03:21,350 --> 00:03:18,180
it is a method born before the

63
00:03:24,470 --> 00:03:21,360

enlightenment of true hard scientists

64

00:03:26,449 --> 00:03:24,480

however many of those who hire Dowzers

65

00:03:29,270 --> 00:03:26,459

say they don't need to know

66

00:03:32,030 --> 00:03:29,280

the science behind it they don't need to

67

00:03:35,110 --> 00:03:32,040

know how the magic works all they care

68

00:03:38,930 --> 00:03:35,120

about is that it does work

69

00:03:42,229 --> 00:03:38,940

and we have someone today who has a

70

00:03:44,270 --> 00:03:42,239

track record of it working

71

00:03:47,449 --> 00:03:44,280

his name is Otto

72

00:03:49,970 --> 00:03:47,459

Otto the dowser he has been on a lot of

73

00:03:52,250 --> 00:03:49,980

interesting projects spending weekends

74

00:03:54,770 --> 00:03:52,260

following the Oregon Trail

75

00:03:56,030 --> 00:03:54,780

finding out the true history of the

76

00:03:58,729 --> 00:03:56,040

Oregon Trail

77

00:04:01,430 --> 00:03:58,739

which is a mystery itself another

78

00:04:03,170 --> 00:04:01,440

mystery is why everybody has not

79

00:04:06,530 --> 00:04:03,180

subscribed

80

00:04:08,750 --> 00:04:06,540

mysterious Oregon Trail and high

89

00:04:37,490 --> 00:04:33,060

strangeness found in the hayuenta

90

00:04:40,730 --> 00:04:39,590

Otto welcome to the hero paranormal

91

00:04:43,129 --> 00:04:40,740

podcast

92

00:04:45,290 --> 00:04:43,139

thank you I'm glad uh you're gonna

93

00:04:47,030 --> 00:04:45,300

listen to my story today that I have to

94

00:04:49,790 --> 00:04:47,040

share with you Ryan

95

00:04:51,290 --> 00:04:49,800

I'm very excited I've heard tidbits here

96

00:04:52,730 --> 00:04:51,300

and there and I know it's going to be a

97

00:04:55,790 --> 00:04:52,740

good one

98

00:04:57,590 --> 00:04:55,800

I think so I think you'll be interested

99

00:05:00,050 --> 00:04:57,600

I'll start off with

100

00:05:04,310 --> 00:05:00,060

me and my grandson do our yearly hikes

101
00:05:07,370 --> 00:05:04,320
up into the Wilderness of the Unis and

102
00:05:09,110 --> 00:05:07,380
on that July day we were up there doing

103
00:05:11,629 --> 00:05:09,120
our hiking

104
00:05:14,090 --> 00:05:11,639
and we camped at our usual Camp spot

105
00:05:17,770 --> 00:05:14,100
with a fire going

106
00:05:21,050 --> 00:05:17,780
and uh starting to get dusks

107
00:05:23,029 --> 00:05:21,060
and uh I commented to my grandson I says

108
00:05:25,189 --> 00:05:23,039
we haven't seen any contrails like we

109
00:05:27,529 --> 00:05:25,199
usually do of airplanes passing over and

110
00:05:29,510 --> 00:05:27,539
he says you know you're right grandpa

111
00:05:32,029 --> 00:05:29,520
and then he looked up

112
00:05:33,590 --> 00:05:32,039
where the tree line quits up in one of

113
00:05:35,330 --> 00:05:33,600

the Peaks and he goes there's something

114

00:05:37,430 --> 00:05:35,340

that just dropped out of the rain cloud

115

00:05:39,770 --> 00:05:37,440

up there

116

00:05:41,570 --> 00:05:39,780

and I says I can't see it Merrick and he

117

00:05:44,090 --> 00:05:41,580

says look Grandpa right there it's got a

118

00:05:46,189 --> 00:05:44,100

flashing light on it

119

00:05:48,370 --> 00:05:46,199

and then I looked and I says oh yeah now

120

00:05:51,409 --> 00:05:48,380

I see it

121

00:05:53,210 --> 00:05:51,419

and uh we kept an eye on it and I says

122

00:05:55,670 --> 00:05:53,220

Merrick I think this thing's coming at

123

00:05:58,610 --> 00:05:55,680

us it's getting bigger and bigger

124

00:06:01,430 --> 00:05:58,620

and sure enough this object that we

125

00:06:03,110 --> 00:06:01,440

first seen was coming and it is just

126
00:06:04,969 --> 00:06:03,120
cruising over the top of the trees

127
00:06:08,029 --> 00:06:04,979
toward us

128
00:06:11,870 --> 00:06:08,039
and Ryan this was like a big dinner bell

129
00:06:15,350 --> 00:06:11,880
like the triangle of a of a the dinner

130
00:06:17,689 --> 00:06:15,360
thing and it was flying upright

131
00:06:20,390 --> 00:06:17,699
and it had red lights going on the

132
00:06:25,909 --> 00:06:20,400
outside of this thing

133
00:06:28,189 --> 00:06:25,919
and has approached us it was up above

134
00:06:32,029 --> 00:06:28,199
if you can visualize we're in a clearing

135
00:06:34,370 --> 00:06:32,039
and there is a a little Hill up above us

136
00:06:36,650 --> 00:06:34,380
and it stopped up there on top of that

137
00:06:37,610 --> 00:06:36,660
hill where there's some pine trees up on

138
00:06:41,749 --> 00:06:37,620

top

139

00:06:44,450 --> 00:06:41,759

lights started going in the center of it

140

00:06:46,370 --> 00:06:44,460

and it kept going back and forth back

141

00:06:49,730 --> 00:06:46,380

and forth

142

00:06:52,010 --> 00:06:49,740

and then it decided to get down and land

143

00:06:53,230 --> 00:06:52,020

behind there and that's when things got

144

00:06:55,610 --> 00:06:53,240

interesting

145

00:06:57,590 --> 00:06:55,620

started scaring both of us you know and

146

00:06:59,529 --> 00:06:57,600

I'm the adult situation I don't know how

147

00:07:03,469 --> 00:06:59,539

I'm going to handle this

148

00:07:05,150 --> 00:07:03,479

and I looked at my phone and it was uh I

149

00:07:07,670 --> 00:07:05,160

kept track of the time of the landing

150

00:07:08,930 --> 00:07:07,680

but then 45 minutes went by I don't I

151
00:07:10,909 --> 00:07:08,940
didn't know what happened in the 45

152
00:07:13,370 --> 00:07:10,919
minutes

153
00:07:14,870 --> 00:07:13,380
and when I look back at my phone you

154
00:07:17,570 --> 00:07:14,880
know that's when I knew there was almost

155
00:07:20,870 --> 00:07:17,580
an hour they were on the ground and we

156
00:07:23,210 --> 00:07:20,880
seen this object take off

157
00:07:26,050 --> 00:07:23,220
and then it just slowly went to the west

158
00:07:29,629 --> 00:07:26,060
and disappeared

159
00:07:31,730 --> 00:07:29,639
well then it was two years later

160
00:07:33,230 --> 00:07:31,740
I mean my grandson decided to hike up

161
00:07:35,629 --> 00:07:33,240
into that area

162
00:07:38,029 --> 00:07:35,639
and we found where it landed and it left

163
00:07:40,370 --> 00:07:38,039

a big triangle mark

164

00:07:42,370 --> 00:07:40,380

in that area and I didn't think anything

165

00:07:46,430 --> 00:07:42,380

of it

166

00:07:48,469 --> 00:07:46,440

then I got this gift of dousing I don't

167

00:07:52,129 --> 00:07:48,479

know where it came from I just started

168

00:07:54,230 --> 00:07:52,139

dousing for some reason I don't know

169

00:07:56,870 --> 00:07:54,240

and I started dousing and I started

170

00:07:58,670 --> 00:07:56,880

finding all these Indian Graves hiking

171

00:08:01,969 --> 00:07:58,680

up to this area

172

00:08:04,129 --> 00:08:01,979

where we were camped on the trail

173

00:08:07,490 --> 00:08:04,139

but when I went up to that particular

174

00:08:08,450 --> 00:08:07,500

landing area there are no bodies buried

175

00:08:10,670 --> 00:08:08,460

there

176

00:08:13,430 --> 00:08:10,680

in that landing craft area they're

177

00:08:16,010 --> 00:08:13,440

buried everywhere else but not there

178

00:08:18,010 --> 00:08:16,020

I don't know why but makes makes the

179

00:08:21,050 --> 00:08:18,020

Mind Wonder

180

00:08:23,809 --> 00:08:21,060

so my grandson goes he goes uh Grandpa

181

00:08:25,610 --> 00:08:23,819

while you're there you uh try to douse

182

00:08:27,650 --> 00:08:25,620

her bodies here where they landed so I

183

00:08:29,749 --> 00:08:27,660

did and sure enough

184

00:08:32,649 --> 00:08:29,759

I didn't think I'd pick anything up but

185

00:08:35,750 --> 00:08:32,659

there was uh four bodies buried

186

00:08:38,209 --> 00:08:35,760

two on one of the corners and then one

187

00:08:40,149 --> 00:08:38,219

on each at the lower corners of the

188

00:08:42,829 --> 00:08:40,159

landing area

189

00:08:45,050 --> 00:08:42,839

and they measured a little over four

190

00:08:47,030 --> 00:08:45,060

feet

191

00:08:49,850 --> 00:08:47,040

and

192

00:08:53,509 --> 00:08:49,860

I could tell the sexes of the bodies I'm

193

00:08:55,190 --> 00:08:53,519

I'm 100 on those Ryan and there's no

194

00:08:58,910 --> 00:08:55,200

gender

195

00:09:02,570 --> 00:08:58,920

bodies

196

00:09:05,930 --> 00:09:02,580

and I found that a little strange

197

00:09:08,570 --> 00:09:05,940

and uh my mind's been going ever since

198

00:09:09,889 --> 00:09:08,580

so I said something to one of my

199

00:09:12,110 --> 00:09:09,899

customers

200

00:09:13,730 --> 00:09:12,120

I says Kip I says you ain't gonna

201
00:09:15,949 --> 00:09:13,740
believe it but right up there where I

202
00:09:19,130 --> 00:09:15,959
used to Elk up we've seen a UFO and he

203
00:09:22,550 --> 00:09:19,140
says God that's weird we elk hunt about

204
00:09:24,170 --> 00:09:22,560
six seven miles west of you and one of

205
00:09:26,750 --> 00:09:24,180
our Hunting Party had the same

206
00:09:29,630 --> 00:09:26,760
experiences two years prior

207
00:09:31,550 --> 00:09:29,640
Premiere sighting and it was just came

208
00:09:33,590 --> 00:09:31,560
down early in the morning and buzzed

209
00:09:35,630 --> 00:09:33,600
right through a clearing and he said

210
00:09:38,630 --> 00:09:35,640
that individual won't leave Camp again

211
00:09:40,490 --> 00:09:38,640
it just scared the Daylights out of him

212
00:09:42,769 --> 00:09:40,500
and so we talked a little bit more and

213
00:09:44,930 --> 00:09:42,779

Kip says the old man that told them

214

00:09:47,090 --> 00:09:44,940

about this hunting spot says he's seen

215

00:09:49,790 --> 00:09:47,100

it 30 years prior

216

00:09:52,370 --> 00:09:49,800

so this thing has been around a while or

217

00:09:54,230 --> 00:09:52,380

several crafts I do not know

218

00:09:56,290 --> 00:09:54,240

Ryan but I find that very very

219

00:09:59,750 --> 00:09:56,300

interesting that they are in that area

220

00:10:04,250 --> 00:09:59,760

yeah and you and I have talked before

221

00:10:07,009 --> 00:10:04,260

earlier today and I I don't want to give

222

00:10:09,050 --> 00:10:07,019

people too many Clues I uh but can we

223

00:10:10,790 --> 00:10:09,060

tell people generally what state this

224

00:10:13,610 --> 00:10:10,800

was in

225

00:10:16,250 --> 00:10:13,620

uh the the state

226

00:10:18,710 --> 00:10:16,260

yeah it's it's in Utah

227

00:10:21,230 --> 00:10:18,720

and it's in the the north the North

228

00:10:23,150 --> 00:10:21,240

Slope of the uenas

229

00:10:25,130 --> 00:10:23,160

so if you go on the other side you have

230

00:10:27,769 --> 00:10:25,140

the White Rock Indian reservation and

231

00:10:30,410 --> 00:10:27,779

then you have the bottle Hollow Resort

232

00:10:33,230 --> 00:10:30,420

and then you have all the ongoing of

233

00:10:35,329 --> 00:10:33,240

the branches down there you know the

234

00:10:37,610 --> 00:10:35,339

Skinwalker Ranch and everything else so

235

00:10:39,949 --> 00:10:37,620

this is in the whole line of everything

236

00:10:42,590 --> 00:10:39,959

right there

237

00:10:44,870 --> 00:10:42,600

if that helps you that's very helpful

238

00:10:48,290 --> 00:10:44,880

and also to give listeners a little

239

00:10:50,329 --> 00:10:48,300

background you have extensive experience

240

00:10:52,370 --> 00:10:50,339

dowsing and have been following the

241

00:10:54,829 --> 00:10:52,380

Oregon Trail finding bodies and other

242

00:10:58,370 --> 00:10:54,839

things so you would obviously know and

243

00:11:00,790 --> 00:10:58,380

be able to tell if these had gender so

244

00:11:04,090 --> 00:11:00,800

this was kind of an anomaly wasn't it

245

00:11:08,389 --> 00:11:04,100

yes it actually threw me for a loop Ryan

246

00:11:10,970 --> 00:11:08,399

I I could not believe that those rods

247

00:11:14,389 --> 00:11:10,980

will act I know when I'm over a body I

248

00:11:16,610 --> 00:11:14,399

can actually feel it and they'll usually

249

00:11:19,009 --> 00:11:16,620

give me a gender right away they would

250

00:11:19,910 --> 00:11:19,019

not move and I know they were bodies in

251
00:11:22,910 --> 00:11:19,920
there

252
00:11:25,310 --> 00:11:22,920
and I'm a hundred percent on when I

253
00:11:27,110 --> 00:11:25,320
douse because I'll go to a graveyard to

254
00:11:29,630 --> 00:11:27,120
make sure I'm not second guessing myself

255
00:11:31,550 --> 00:11:29,640
and my grandsons will cover the marker

256
00:11:34,009 --> 00:11:31,560
up and they'll have me say boy or girl

257
00:11:35,750 --> 00:11:34,019
you know and stuff like that and I'm 100

258
00:11:38,509 --> 00:11:35,760
on these

259
00:11:41,449 --> 00:11:38,519
and I'm also able to find the dinosaurs

260
00:11:45,290 --> 00:11:41,459
now doing this and pick up their genders

261
00:11:47,810 --> 00:11:45,300
it's really just coming a long way

262
00:11:49,790 --> 00:11:47,820
so and then I'm stumbling on greater

263
00:11:52,130 --> 00:11:49,800

burial grounds some of them are a mile

264

00:11:54,410 --> 00:11:52,140

square of Indians

265

00:11:58,250 --> 00:11:54,420

and this one here is a new one that I

266

00:12:00,230 --> 00:11:58,260

discovered and the Indians they uh Ryan

267

00:12:04,069 --> 00:12:00,240

have never kept record

268

00:12:06,530 --> 00:12:04,079

of uh how they bury you know I've been

269

00:12:10,009 --> 00:12:06,540

finding that they'll bury the females

270

00:12:12,949 --> 00:12:10,019

separate from the males and as I I go

271

00:12:15,710 --> 00:12:12,959

through these burials uh areas they

272

00:12:18,110 --> 00:12:15,720

never deviate they never mess up and put

273

00:12:20,030 --> 00:12:18,120

a male accidentally into a female burial

274

00:12:22,150 --> 00:12:20,040

ground how did they how did they do that

275

00:12:25,130 --> 00:12:22,160

for thousands of years

276

00:12:27,650 --> 00:12:25,140

you know it's just that I find it just

277

00:12:29,449 --> 00:12:27,660

so fascinating and I ask Indian people

278

00:12:31,730 --> 00:12:29,459

about it and nobody can give me an

279

00:12:32,870 --> 00:12:31,740

answer why they separated the male from

280

00:12:36,410 --> 00:12:32,880

female

281

00:12:37,910 --> 00:12:36,420

that's interesting and yes for for those

282

00:12:41,030 --> 00:12:37,920

listeners that aren't familiar with

283

00:12:43,190 --> 00:12:41,040

dowsing and it's been used for hundreds

284

00:12:45,290 --> 00:12:43,200

of years and you've mentioned that it

285

00:12:47,690 --> 00:12:45,300

can be used to find bodies it can also

286

00:12:52,310 --> 00:12:47,700

be used to find treasure and water and

287

00:12:54,470 --> 00:12:52,320

other items exactly yep and and how did

288

00:12:56,509 --> 00:12:54,480

you how did you come across this gift

289

00:13:01,569 --> 00:12:56,519

that you have you're quite a sage in the

290

00:13:07,730 --> 00:13:04,569

UFO my whole life has changed

291

00:13:11,449 --> 00:13:07,740

and uh for some reason I don't ask me

292

00:13:13,970 --> 00:13:11,459

why I just started doing it and for some

293

00:13:16,190 --> 00:13:13,980

reason I just started finding bodies and

294

00:13:19,310 --> 00:13:16,200

then it this is all I do now

295

00:13:22,730 --> 00:13:19,320

every weekend I go up and this is all I

296

00:13:26,449 --> 00:13:22,740

do is try to solve all these Mysteries

297

00:13:29,509 --> 00:13:26,459

and history what history writes and it's

298

00:13:32,690 --> 00:13:29,519

just so fascinating that every trip gets

299

00:13:35,030 --> 00:13:32,700

better and better and better I have some

300

00:13:36,710 --> 00:13:35,040

burial grounds where I found where a

301
00:13:39,889 --> 00:13:36,720
tree would seed

302
00:13:42,110 --> 00:13:39,899
put a seat on one of the Indian Graves

303
00:13:45,290 --> 00:13:42,120
and that tree would only grow six inches

304
00:13:48,350 --> 00:13:45,300
and then it will do a whole 90 degree

305
00:13:50,569 --> 00:13:48,360
and grow sideways and then grow up after

306
00:13:52,850 --> 00:13:50,579
it clears the body

307
00:13:54,889 --> 00:13:52,860
and so my grandson says oh that's just a

308
00:13:56,389 --> 00:13:54,899
flute Grandpa and I says Merrick look at

309
00:13:58,490 --> 00:13:56,399
this one over here

310
00:14:02,389 --> 00:13:58,500
and I said there's four bodies buried

311
00:14:04,550 --> 00:14:02,399
and this tree is going all the way until

312
00:14:06,110 --> 00:14:04,560
it clears those four bodies and goes up

313
00:14:07,129 --> 00:14:06,120

and I can send you some pictures of

314

00:14:10,490 --> 00:14:07,139

those

315

00:14:12,650 --> 00:14:10,500

if you would like Ryan that's neat and

316

00:14:14,329 --> 00:14:12,660

you know I'm brought back I'll even send

317

00:14:16,069 --> 00:14:14,339

you a picture of the outline of the

318

00:14:18,410 --> 00:14:16,079

craft where it landed and you'll see the

319

00:14:20,810 --> 00:14:18,420

triangle and where the bodies are buried

320

00:14:23,509 --> 00:14:20,820

you know the Triangular shape is really

321

00:14:27,350 --> 00:14:23,519

interesting Otto because even recently

322

00:14:29,449 --> 00:14:27,360

there's been a lot of footage and locals

323

00:14:33,530 --> 00:14:29,459

there in the uina Basin capturing images

324

00:14:35,629 --> 00:14:33,540

of triangular craft so this is uh yeah

325

00:14:38,329 --> 00:14:35,639

this is very likely

326

00:14:40,009 --> 00:14:38,339

yes so they're still around and I

327

00:14:42,650 --> 00:14:40,019

thought maybe it was just a fluke but

328

00:14:45,530 --> 00:14:42,660

you know my One customer kept he told me

329

00:14:47,870 --> 00:14:45,540

they've seen it two years prior when my

330

00:14:50,150 --> 00:14:47,880

sighting happened and the Old Gentleman

331

00:14:52,670 --> 00:14:50,160

30 years prior then

332

00:14:55,550 --> 00:14:52,680

so there is something going on up there

333

00:14:58,009 --> 00:14:55,560

and they were not scared of us but no

334

00:14:59,870 --> 00:14:58,019

means because obviously they deposited

335

00:15:02,769 --> 00:14:59,880

bodies there

336

00:15:05,389 --> 00:15:02,779

and for people that um

337

00:15:07,790 --> 00:15:05,399

disregard dowsing I I'd like to mention

338

00:15:10,910 --> 00:15:07,800

that people used to bet their lives on

339

00:15:14,569 --> 00:15:10,920

hiring Dowzers before ground penetrating

340

00:15:17,509 --> 00:15:14,579

radar and lidar and water Sciences Etc

341

00:15:19,370 --> 00:15:17,519

in fact I was just reading an article

342

00:15:22,370 --> 00:15:19,380

um the other day about someone that said

343

00:15:23,990 --> 00:15:22,380

he still hires Dowzers and prefers them

344

00:15:26,509 --> 00:15:24,000

he doesn't need to know the science

345

00:15:27,590 --> 00:15:26,519

behind it he just hires them because it

346

00:15:30,170 --> 00:15:27,600

works

347

00:15:32,329 --> 00:15:30,180

you're you're absolutely right and

348

00:15:34,430 --> 00:15:32,339

they're starting to use it to find

349

00:15:36,650 --> 00:15:34,440

homicide victims and stuff that are

350

00:15:38,329 --> 00:15:36,660

buried you know in the wild some of some

351

00:15:41,629 --> 00:15:38,339

of the doubters are so good they can

352

00:15:44,269 --> 00:15:41,639

start picking it up a quarter mile away

353

00:15:47,090 --> 00:15:44,279

and I I'm getting that the more you do

354

00:15:49,009 --> 00:15:47,100

it the better you get I start feeling it

355

00:15:51,290 --> 00:15:49,019

when I'm coming close to a body I can

356

00:15:54,050 --> 00:15:51,300

feel the electricity in my spine and

357

00:15:56,449 --> 00:15:54,060

it's just a strange feeling Ryan and

358

00:15:58,189 --> 00:15:56,459

it's just awesome

359

00:16:01,009 --> 00:15:58,199

and I know there's a few different

360

00:16:03,710 --> 00:16:01,019

methods there's some people use wooden

361

00:16:05,449 --> 00:16:03,720

items however I believe uh when we were

362

00:16:07,850 --> 00:16:05,459

talking before you said you used the

363

00:16:10,009 --> 00:16:07,860

rods is that correct that's correct and

364

00:16:13,009 --> 00:16:10,019

I I started out just with coat hangers

365

00:16:15,650 --> 00:16:13,019

and now I'm in the scrap business so I

366

00:16:18,530 --> 00:16:15,660

use uh I just made me some brass brass

367

00:16:20,710 --> 00:16:18,540

rods and they look cool in that but any

368

00:16:23,750 --> 00:16:20,720

in anything with metal work

369

00:16:27,050 --> 00:16:23,760

and to give you an example how I know

370

00:16:28,730 --> 00:16:27,060

the gender is if the rod if you hold one

371

00:16:31,430 --> 00:16:28,740

rod in the hand and if it turns

372

00:16:34,670 --> 00:16:31,440

clockwise it will be a male and

373

00:16:37,850 --> 00:16:34,680

counterclockwise is a female

374

00:16:41,210 --> 00:16:37,860

this is so interesting and getting back

375

00:16:44,269 --> 00:16:41,220

to you following um the Oregon Trail the

376

00:16:45,769 --> 00:16:44,279

true history of the Oregon Trail is a

377

00:16:48,110 --> 00:16:45,779

little bit different than what we may

378

00:16:49,670 --> 00:16:48,120

expect you've found some telltale signs

379

00:16:53,749 --> 00:16:49,680

that things might have been a little

380

00:16:56,689 --> 00:16:53,759

harsher than we thought oh man oh I I it

381

00:16:58,249 --> 00:16:56,699

is just mind-boggling how many people

382

00:16:59,150 --> 00:16:58,259

have passed

383

00:17:01,430 --> 00:16:59,160

um

384

00:17:05,630 --> 00:17:01,440

I it gives me shivers just to think

385

00:17:08,470 --> 00:17:05,640

about it and it is uh it's it's just so

386

00:17:10,669 --> 00:17:08,480

sad and and you can tell

387

00:17:12,890 --> 00:17:10,679

what these people meant to their

388

00:17:14,329 --> 00:17:12,900

families by what rocks they marked the

389

00:17:18,049 --> 00:17:14,339

graves with

390

00:17:20,390 --> 00:17:18,059

and the Indians did the same uh it it is

391

00:17:21,710 --> 00:17:20,400

just it brings tears to your eyes how

392

00:17:23,569 --> 00:17:21,720

much it meant to them because they don't

393

00:17:26,030 --> 00:17:23,579

have a lot to give and that was the

394

00:17:28,130 --> 00:17:26,040

thing that they left for them as their

395

00:17:30,530 --> 00:17:28,140

token and they find the most beautiful

396

00:17:32,810 --> 00:17:30,540

Rock they can find to Mark those Graves

397

00:17:35,650 --> 00:17:32,820

and like I told you a little earlier I

398

00:17:39,890 --> 00:17:35,660

found a cheese grave a while ago

399

00:17:41,930 --> 00:17:39,900

and they call it an effigy where there'd

400

00:17:45,470 --> 00:17:41,940

be a rock that could be like a buffalo

401
00:17:48,289 --> 00:17:45,480
shape or a human head or whatever and

402
00:17:50,390 --> 00:17:48,299
they mark it as a gift well as I started

403
00:17:52,909 --> 00:17:50,400
doing the cheap I found two other braids

404
00:17:56,029 --> 00:17:52,919
buried with him and then a young boy

405
00:17:58,789 --> 00:17:56,039
so I re-gifted them as a thanks and I

406
00:18:00,650 --> 00:17:58,799
gave each one of the Indians I found

407
00:18:02,690 --> 00:18:00,660
some of the old knives that they made

408
00:18:05,630 --> 00:18:02,700
out of rock and gifted them but I gave

409
00:18:07,669 --> 00:18:05,640
the young boy a dinosaur egg I found

410
00:18:10,190 --> 00:18:07,679
and then I happen to douse a little bit

411
00:18:12,830 --> 00:18:10,200
past there and I found the three horses

412
00:18:14,930 --> 00:18:12,840
that were buried with them

413
00:18:17,270 --> 00:18:14,940

so that the horse was everything to him

414

00:18:19,310 --> 00:18:17,280

and they chose to kill the horses to

415

00:18:21,529 --> 00:18:19,320

bury with these people so they were very

416

00:18:24,289 --> 00:18:21,539

very important you know and things like

417

00:18:27,409 --> 00:18:24,299

that just fascinate me my mind goes and

418

00:18:29,150 --> 00:18:27,419

you wonder what happened you know and

419

00:18:31,310 --> 00:18:29,160

there were the history is wild there

420

00:18:33,590 --> 00:18:31,320

were a lot of skirmishes back then and

421

00:18:36,169 --> 00:18:33,600

according to a little bit of the history

422

00:18:38,570 --> 00:18:36,179

I've been able to dig up the Oregon

423

00:18:43,850 --> 00:18:38,580

Trail is known as the nation's longest

424

00:18:45,950 --> 00:18:43,860

graveyard and oh it is it is and even

425

00:18:48,409 --> 00:18:45,960

little branches of it where they decided

426

00:18:50,510 --> 00:18:48,419

we don't want to go to California we

427

00:18:53,390 --> 00:18:50,520

want to go back to the Oregon Trail well

428

00:18:55,310 --> 00:18:53,400

I found one of those and I started it's

429

00:18:58,789 --> 00:18:55,320

one of these that's a sleeper Trail is

430

00:19:01,250 --> 00:18:58,799

what I started dousing on there and holy

431

00:19:03,770 --> 00:19:01,260

smokes what I found there is just

432

00:19:05,690 --> 00:19:03,780

mind-boggling I found an old shoe from

433

00:19:08,330 --> 00:19:05,700

there that's all wrinkled up the leather

434

00:19:09,830 --> 00:19:08,340

and everything it was a girl shoe and

435

00:19:11,870 --> 00:19:09,840

you could tell the hardship she went

436

00:19:15,409 --> 00:19:11,880

through how the holes were worn through

437

00:19:17,450 --> 00:19:15,419

it and just I'm thinking wow the

438

00:19:19,310 --> 00:19:17,460

suffering she went through and I swear

439

00:19:21,289 --> 00:19:19,320

right I think I found it where they they

440

00:19:22,970 --> 00:19:21,299

buried her it must have fell off it was

441

00:19:25,789 --> 00:19:22,980

just laying underneath a bunch of brush

442

00:19:28,909 --> 00:19:25,799

all you know from the weather over what

443

00:19:31,850 --> 00:19:28,919

almost 200 years or 100 years ago it was

444

00:19:33,710 --> 00:19:31,860

just uh it's so sad you just think what

445

00:19:35,630 --> 00:19:33,720

she went through the suffering to end up

446

00:19:37,669 --> 00:19:35,640

being buried right there nowhere you

447

00:19:40,070 --> 00:19:37,679

know that's true and it was hard just

448

00:19:41,750 --> 00:19:40,080

and that's if everything went right it

449

00:19:43,970 --> 00:19:41,760

was still hard I mean they're saying

450

00:19:47,810 --> 00:19:43,980

only one in ten people who set off on

451

00:19:49,850 --> 00:19:47,820

the trail made it yeah and it is the

452

00:19:51,950 --> 00:19:49,860

dirty water that got most of them you

453

00:19:54,350 --> 00:19:51,960

know yeah and they say they could wake

454

00:19:56,690 --> 00:19:54,360

up healthy in the morning and be dead in

455

00:19:59,510 --> 00:19:56,700

that afternoon and I did read some

456

00:20:01,490 --> 00:19:59,520

Diaries of some young girls and one of

457

00:20:02,690 --> 00:20:01,500

the places they said is we found a

458

00:20:04,970 --> 00:20:02,700

spring

459

00:20:07,190 --> 00:20:04,980

and the coldest water is running out the

460

00:20:09,650 --> 00:20:07,200

wagon Master said we could stay there an

461

00:20:12,590 --> 00:20:09,660

extra day so they were all celebrating

462

00:20:14,330 --> 00:20:12,600

doing their laundry and cleaning up and

463

00:20:16,490 --> 00:20:14,340

everything and they all decided to start

464

00:20:17,810 --> 00:20:16,500

riding in the cliffs I found that place

465

00:20:20,090 --> 00:20:17,820

where I am

466

00:20:21,350 --> 00:20:20,100

and it's not a tourist place it's out

467

00:20:23,870 --> 00:20:21,360

nowhere

468

00:20:26,029 --> 00:20:23,880

and she said the sagebrush is 10 feet

469

00:20:27,830 --> 00:20:26,039

tall and I went there and the sagebrush

470

00:20:30,350 --> 00:20:27,840

is still 10 feet tall

471

00:20:32,029 --> 00:20:30,360

the water's still running and the

472

00:20:33,890 --> 00:20:32,039

signatures are starting to disappear

473

00:20:35,330 --> 00:20:33,900

because of the erosion but they're still

474

00:20:37,430 --> 00:20:35,340

signatures there

475

00:20:40,610 --> 00:20:37,440

and I just thought I'm walking what this

476

00:20:44,150 --> 00:20:40,620

girl wrote about you know yeah it is

477

00:20:46,730 --> 00:20:44,160

just so cool and I I I can't believe

478

00:20:49,549 --> 00:20:46,740

that the numbers I'm looking at I mean

479

00:20:52,789 --> 00:20:49,559

it sounds like close to a half a million

480

00:20:54,169 --> 00:20:52,799

people traveled along that trail

481

00:20:58,310 --> 00:20:54,179

yes

482

00:21:01,669 --> 00:20:58,320

upwards of 65 000 died along that trail

483

00:21:03,409 --> 00:21:01,679

so I can see how it is you you're coming

484

00:21:05,150 --> 00:21:03,419

across so much and it sounds like the

485

00:21:06,010 --> 00:21:05,160

true history might be even double of

486

00:21:14,150 --> 00:21:06,020

that

487

00:21:16,730 --> 00:21:14,160

me away is is is it's just

488

00:21:18,830 --> 00:21:16,740

so so much

489

00:21:22,490 --> 00:21:18,840

so much sorrow that they went through

490

00:21:25,370 --> 00:21:22,500

and uh it's just fascinating it's just

491

00:21:28,310 --> 00:21:25,380

I'm finding uh I'm still finding Ryan

492

00:21:31,430 --> 00:21:28,320

Graves with this wagon spokes as markers

493

00:21:33,350 --> 00:21:31,440

for the graves or a wagon tongue where

494

00:21:35,750 --> 00:21:33,360

they have like six or seven people

495

00:21:38,750 --> 00:21:35,760

buried that whole length of the wagon

496

00:21:39,770 --> 00:21:38,760

tongue you know it it's just it's just

497

00:21:42,230 --> 00:21:39,780

amazing

498

00:21:44,810 --> 00:21:42,240

and have you had a chance I know that

499

00:21:46,789 --> 00:21:44,820

Immigration Canyon would be part of this

500

00:21:49,730 --> 00:21:46,799

Trail I believe is that correct have you

501
00:21:52,310 --> 00:21:49,740
gone up there at all I have not nope uh

502
00:21:55,549 --> 00:21:52,320
all of my experiences are on the trail

503
00:21:57,950 --> 00:21:55,559
that go from Fort Bridger and then

504
00:22:00,590 --> 00:21:57,960
they'll head over to the Idaho area

505
00:22:02,630 --> 00:22:00,600
where they uh at Fort Bridger you have

506
00:22:04,850 --> 00:22:02,640
the choice of either going to Salt Lake

507
00:22:07,490 --> 00:22:04,860
or if you wanted to you could hurry up

508
00:22:09,470 --> 00:22:07,500
and go back and hit the Orca trip so I'm

509
00:22:12,350 --> 00:22:09,480
doing the branches from Fort Bridger

510
00:22:15,110 --> 00:22:12,360
that go toward the Oregon Trail

511
00:22:19,250 --> 00:22:15,120
it's up there by LaBarge is where the

512
00:22:22,010 --> 00:22:19,260
main trail crosses okay so and yeah yeah

513
00:22:25,010 --> 00:22:22,020

that's a pretty rough air well you know

514

00:22:28,070 --> 00:22:25,020

even still it's a pretty rough area

515

00:22:31,310 --> 00:22:28,080

yes it is yes it is

516

00:22:33,710 --> 00:22:31,320

yeah when when you go up when you go up

517

00:22:36,230 --> 00:22:33,720

there do you usually Camp take an RV or

518

00:22:38,450 --> 00:22:36,240

how do you nope I'd just do it for a day

519

00:22:40,250 --> 00:22:38,460

trip it takes me two hours from Ogden to

520

00:22:42,470 --> 00:22:40,260

get there okay leave early in the

521

00:22:44,149 --> 00:22:42,480

morning and I'll spend all day till the

522

00:22:46,430 --> 00:22:44,159

sun goes down

523

00:22:49,669 --> 00:22:46,440

and then head back

524

00:22:51,529 --> 00:22:49,679

and looking at the markers you know just

525

00:22:53,330 --> 00:22:51,539

through the history books like you said

526

00:22:55,909 --> 00:22:53,340

people would use whatever they could

527

00:22:57,470 --> 00:22:55,919

gather some and a lot of times it looks

528

00:22:59,090 --> 00:22:57,480

like most of the graves weren't uh

529

00:23:01,210 --> 00:22:59,100

marked at all

530

00:23:03,710 --> 00:23:01,220

nope just with a rock

531

00:23:06,110 --> 00:23:03,720

unbelievable just like the Indians did

532

00:23:08,450 --> 00:23:06,120

just with a Little Rock

533

00:23:10,549 --> 00:23:08,460

and sometimes I'll find a big rock that

534

00:23:13,789 --> 00:23:10,559

they'll stick up you know that uh

535

00:23:15,950 --> 00:23:13,799

they've really went the extra mile you

536

00:23:16,730 --> 00:23:15,960

know to Marco's a special grave to do

537

00:23:18,590 --> 00:23:16,740

that

538

00:23:20,270 --> 00:23:18,600

but now I'm starting to find these

539

00:23:22,970 --> 00:23:20,280

shrines that the Indians used and

540

00:23:24,890 --> 00:23:22,980

they're bringing huge rocks in

541

00:23:27,529 --> 00:23:24,900

and then I'll find a mass grave of

542

00:23:29,930 --> 00:23:27,539

horses on one side and a bunch of graves

543

00:23:31,850 --> 00:23:29,940

on the other of the Braves and I cannot

544

00:23:34,370 --> 00:23:31,860

figure out if they have a skirmish

545

00:23:36,470 --> 00:23:34,380

amongst themselves because you got to

546

00:23:40,730 --> 00:23:36,480

figure these people were walking upright

547

00:23:42,890 --> 00:23:40,740

these Indians when King Tut was alive

548

00:23:46,549 --> 00:23:42,900

that's how far back this is all going

549

00:23:48,909 --> 00:23:46,559

and Columbus hasn't even landed yet so

550

00:23:52,070 --> 00:23:48,919

I'm walking where these guys have walked

551
00:23:54,230 --> 00:23:52,080
lived and died and I I find it just so

552
00:23:57,110 --> 00:23:54,240
fascinating that I I've got

553
00:23:58,130 --> 00:23:57,120
the privilege of experiencing this in my

554
00:24:00,470 --> 00:23:58,140
lifetime

555
00:24:02,810 --> 00:24:00,480
absolutely this is just fascinating

556
00:24:05,450 --> 00:24:02,820
being not only being in these incredibly

557
00:24:07,549 --> 00:24:05,460
remote areas but what you're finding and

558
00:24:12,289 --> 00:24:07,559
obviously this UFO connection is

559
00:24:14,690 --> 00:24:12,299
mind-blowing when you did see the UFO

560
00:24:17,330 --> 00:24:14,700
have you have you seen anything online

561
00:24:19,310 --> 00:24:17,340
or you know in videos Etc that would

562
00:24:21,770 --> 00:24:19,320
look similar to it or was it just out of

563
00:24:26,450 --> 00:24:23,750

um I haven't ever seen anything like

564

00:24:29,270 --> 00:24:26,460

this one it didn't make any noises you

565

00:24:31,669 --> 00:24:29,280

know it was just as quiet as can be

566

00:24:35,330 --> 00:24:31,679

and I've never seen a triangle fly

567

00:24:37,490 --> 00:24:35,340

upright so I view it as a triangle it

568

00:24:40,370 --> 00:24:37,500

could have been a pyramid shape I do not

569

00:24:42,649 --> 00:24:40,380

know but from where we were sitting it

570

00:24:44,570 --> 00:24:42,659

appeared as a triangle

571

00:24:47,149 --> 00:24:44,580

you know it could have been a pyramid

572

00:24:48,169 --> 00:24:47,159

you know with another

573

00:24:50,270 --> 00:24:48,179

um

574

00:24:52,370 --> 00:24:50,280

I don't know another angle on the back

575

00:24:54,289 --> 00:24:52,380

side I don't know but it was kind of

576
00:24:56,210 --> 00:24:54,299
getting dark and it was it looked like a

577
00:24:58,490 --> 00:24:56,220
triangle we were sitting but it was

578
00:25:00,529 --> 00:24:58,500
upright not laying

579
00:25:03,409 --> 00:25:00,539
and I measured it I walked off the

580
00:25:07,190 --> 00:25:03,419
footprint where it landed and it's 30

581
00:25:10,070 --> 00:25:07,200
feet by 30 feet by 28 feet so that's the

582
00:25:12,250 --> 00:25:10,080
size that I pretty much could get

583
00:25:15,289 --> 00:25:12,260
out of the size of the craft

584
00:25:16,270 --> 00:25:15,299
unbelievable and like you said this

585
00:25:19,010 --> 00:25:16,280
this

586
00:25:21,049 --> 00:25:19,020
triangular shape has been seen time and

587
00:25:22,490 --> 00:25:21,059
time again in the Uinta Basin I know

588
00:25:24,830 --> 00:25:22,500

that

589

00:25:27,430 --> 00:25:24,840

um Joseph Jr Hicks and Frank Salisbury

590

00:25:31,610 --> 00:25:27,440

wrote a book called the Utah UFO display

591

00:25:34,789 --> 00:25:31,620

and they wrote down a lot of cases where

592

00:25:37,310 --> 00:25:34,799

there seemed to be triangular craft up

593

00:25:38,930 --> 00:25:37,320

to something in the Uintah Basin what do

594

00:25:39,830 --> 00:25:38,940

you think it was up to if you had to

595

00:25:44,090 --> 00:25:39,840

guess

596

00:25:46,250 --> 00:25:44,100

I have no idea how I can think of is how

597

00:25:47,990 --> 00:25:46,260

did these people die on that craft when

598

00:25:49,730 --> 00:25:48,000

they put them in the ground there what

599

00:25:53,090 --> 00:25:49,740

happened you know were they in a battle

600

00:25:55,130 --> 00:25:53,100

did they have a disease what went on

601
00:25:56,810 --> 00:25:55,140
I'm probably one of the few people that

602
00:25:59,210 --> 00:25:56,820
know where there's a burial ground form

603
00:26:01,990 --> 00:25:59,220
if you want to know the truth I've never

604
00:26:04,370 --> 00:26:02,000
heard anybody else find anything

605
00:26:06,649 --> 00:26:04,380
and uh

606
00:26:08,990 --> 00:26:06,659
yeah it's it's just fascinating and

607
00:26:11,269 --> 00:26:09,000
after this experience my whole life has

608
00:26:13,370 --> 00:26:11,279
changed to what I'm doing now

609
00:26:15,350 --> 00:26:13,380
I never dreamed I'd be doing this on my

610
00:26:18,470 --> 00:26:15,360
time off every weekend

611
00:26:20,510 --> 00:26:18,480
what a great way to bond with your

612
00:26:22,549 --> 00:26:20,520
family members and what you're doing and

613
00:26:25,310 --> 00:26:22,559

not only that what a great gift to have

614

00:26:28,610 --> 00:26:25,320

and following the Oregon Trail I mean

615

00:26:30,950 --> 00:26:28,620

this is pretty amazing I I can't even

616

00:26:33,470 --> 00:26:30,960

imagine doing something like this with a

617

00:26:35,750 --> 00:26:33,480

family member of mine and as I read into

618

00:26:37,430 --> 00:26:35,760

the history of the trail it was so rough

619

00:26:39,830 --> 00:26:37,440

you know they said that shootings were

620

00:26:42,529 --> 00:26:39,840

common but it was so rough that it was

621

00:26:44,149 --> 00:26:42,539

usually people shooting themselves it

622

00:26:47,690 --> 00:26:44,159

was that hard

623

00:26:50,510 --> 00:26:47,700

yes yes and and you think about it they

624

00:26:52,789 --> 00:26:50,520

they gambled everything they have in

625

00:26:55,130 --> 00:26:52,799

life to start a new life

626

00:26:58,070 --> 00:26:55,140

and like to say a lot of them didn't

627

00:26:59,630 --> 00:26:58,080

even make it you know so and I'm walking

628

00:27:01,610 --> 00:26:59,640

what their eyes have seen because

629

00:27:04,490 --> 00:27:01,620

nothing's changed out there be it the

630

00:27:07,370 --> 00:27:04,500

Indian tribes or the white people when I

631

00:27:08,630 --> 00:27:07,380

walk I see what they seem and it's just

632

00:27:11,029 --> 00:27:08,640

fascinating

633

00:27:13,970 --> 00:27:11,039

and I take that all in in account you

634

00:27:15,649 --> 00:27:13,980

know to what I'm doing and I take a few

635

00:27:17,930 --> 00:27:15,659

people with me and they are just

636

00:27:20,630 --> 00:27:17,940

fascinated there's an individual

637

00:27:22,789 --> 00:27:20,640

that wants me to show him a little bit

638

00:27:25,970 --> 00:27:22,799

of my dowsing he's going to be making a

639

00:27:29,149 --> 00:27:25,980

movie about the Oregon Trail

640

00:27:31,730 --> 00:27:29,159

so we'll see how that goes that is Sony

641

00:27:33,470 --> 00:27:31,740

and there was a cholera outbreak along

642

00:27:35,330 --> 00:27:33,480

the orange I mean as if it wasn't hard

643

00:27:37,310 --> 00:27:35,340

enough it sounds like that killed uh

644

00:27:39,769 --> 00:27:37,320

just a bunch of them

645

00:27:40,810 --> 00:27:39,779

yes yeah that that was the main killer

646

00:27:45,110 --> 00:27:40,820

right there

647

00:27:47,630 --> 00:27:45,120

and uh yeah it's it's just so sad and

648

00:27:49,789 --> 00:27:47,640

when you find these Graves I would love

649

00:27:52,430 --> 00:27:49,799

to take some groups with me and just

650

00:27:54,529 --> 00:27:52,440

have them enjoy it because it is just

651
00:27:56,890 --> 00:27:54,539
something I'd want to share you know

652
00:28:00,350 --> 00:27:56,900
somebody that wouldn't be face it or

653
00:28:02,570 --> 00:28:00,360
they you have to kind of have a alt on

654
00:28:03,830 --> 00:28:02,580
this you know and leave the rocks that

655
00:28:06,289 --> 00:28:03,840
they Mark with because they're pretty

656
00:28:08,630 --> 00:28:06,299
rocks I always say a little prayer or if

657
00:28:11,029 --> 00:28:08,640
I find a grave and it doesn't have a

658
00:28:13,130 --> 00:28:11,039
rock I will find a rock that isn't on a

659
00:28:15,710 --> 00:28:13,140
grave and read Mark that grave and tell

660
00:28:17,870 --> 00:28:15,720
them thanks and you know and it it's

661
00:28:20,649 --> 00:28:17,880
it's it's just fascinating and and

662
00:28:24,710 --> 00:28:20,659
humble too it humbles me greatly

663
00:28:27,110 --> 00:28:24,720

unbelievable and I aside from the

664

00:28:29,330 --> 00:28:27,120

sickness there were a few you know there

665

00:28:30,769 --> 00:28:29,340

was the cholera epidem epidemic but

666

00:28:33,470 --> 00:28:30,779

there were a few

667

00:28:35,990 --> 00:28:33,480

I guess massacres or murders along the

668

00:28:38,330 --> 00:28:36,000

way have you found any areas that had

669

00:28:41,390 --> 00:28:38,340

more bodies than others

670

00:28:45,769 --> 00:28:41,400

uh it depends it depends uh how big the

671

00:28:48,350 --> 00:28:45,779

Wagon Train was uh I do I do find some

672

00:28:50,630 --> 00:28:48,360

um that were uh

673

00:28:52,909 --> 00:28:50,640

um have a quite a few more and I also

674

00:28:54,769 --> 00:28:52,919

found some where they used lye

675

00:28:56,930 --> 00:28:54,779

and they but you can tell that's

676

00:28:58,850 --> 00:28:56,940

saturating out from the grave it's all

677

00:29:01,370 --> 00:28:58,860

white around the grave that they were

678

00:29:04,730 --> 00:29:01,380

scared the animals would dig up I

679

00:29:06,830 --> 00:29:04,740

stumble on those and I also noticed any

680

00:29:09,590 --> 00:29:06,840

Graves that have been kind of dug by

681

00:29:11,210 --> 00:29:09,600

animals every one of them are female not

682

00:29:14,870 --> 00:29:11,220

male

683

00:29:17,630 --> 00:29:14,880

and I kind of wonder why you know

684

00:29:19,549 --> 00:29:17,640

that is kind of fascinating to me too is

685

00:29:22,310 --> 00:29:19,559

why would an animal only dig on a female

686

00:29:25,370 --> 00:29:22,320

do they admit something other than what

687

00:29:28,310 --> 00:29:25,380

a male would you know that's right so

688

00:29:31,330 --> 00:29:28,320

yeah and you know along the alien

689

00:29:35,630 --> 00:29:31,340

theories of what may have been happening

690

00:29:40,549 --> 00:29:35,640

there seems to be a bit of a following

691

00:29:42,889 --> 00:29:40,559

about aliens on the Oregon Trail and it

692

00:29:45,049 --> 00:29:42,899

makes you wonder why this paranormal

693

00:29:46,970 --> 00:29:45,059

aspect would follow a trail that was

694

00:29:49,970 --> 00:29:46,980

used so long ago

695

00:29:51,710 --> 00:29:49,980

right and I actually found where the

696

00:29:53,389 --> 00:29:51,720

Indians and I'll send you a picture of

697

00:29:55,310 --> 00:29:53,399

this so you know

698

00:29:57,649 --> 00:29:55,320

I'm telling you the truth that they made

699

00:30:00,649 --> 00:29:57,659

a head that looks like an alien head I

700

00:30:03,889 --> 00:30:00,659

found and I found and I call it their

701
00:30:07,010 --> 00:30:03,899
prayer area I found seats out of rocks

702
00:30:09,889 --> 00:30:07,020
everywhere where this head is and it

703
00:30:12,169 --> 00:30:09,899
looks just like an alien head

704
00:30:14,750 --> 00:30:12,179
and I'm going how would they carve this

705
00:30:16,510 --> 00:30:14,760
thing out like this you know if without

706
00:30:19,789 --> 00:30:16,520
seeing him

707
00:30:21,350 --> 00:30:19,799
and it just it's just the more I do this

708
00:30:23,930 --> 00:30:21,360
the the

709
00:30:26,389 --> 00:30:23,940
the cooler things I find

710
00:30:28,250 --> 00:30:26,399
so yeah I'll send you some of these

711
00:30:30,169 --> 00:30:28,260
pictures though Ryan and and you'll see

712
00:30:31,850 --> 00:30:30,179
what I mean and I'll send you the

713
00:30:34,250 --> 00:30:31,860

picture of the outline where the UFO

714

00:30:38,210 --> 00:30:34,260

landed so you'll have that that is so

715

00:30:40,310 --> 00:30:38,220

amazing um somewhat nearby that area I

716

00:30:43,490 --> 00:30:40,320

this was it's many years ago let's see

717

00:30:45,710 --> 00:30:43,500

this would have been about 1990

718

00:30:47,990 --> 00:30:45,720

late 90s so

719

00:30:51,830 --> 00:30:48,000

um I did see I was up in the mountains

720

00:30:53,649 --> 00:30:51,840

there and I saw some lights that I

721

00:30:57,289 --> 00:30:53,659

assumed were a car

722

00:30:59,269 --> 00:30:57,299

and long story short they drifted up

723

00:31:00,830 --> 00:30:59,279

into the sky so they obviously weren't a

724

00:31:02,630 --> 00:31:00,840

car and I was wondering you know doesn't

725

00:31:04,190 --> 00:31:02,640

seem like there's a road over there or

726

00:31:05,149 --> 00:31:04,200

that four-wheelers would be over there

727

00:31:07,190 --> 00:31:05,159

so

728

00:31:09,710 --> 00:31:07,200

in the world of the Paranormal it seems

729

00:31:11,930 --> 00:31:09,720

like the you win a basin and not to

730

00:31:14,630 --> 00:31:11,940

mention the high unas have a long

731

00:31:16,130 --> 00:31:14,640

history of high strangeness have you

732

00:31:18,230 --> 00:31:16,140

come across anything else that's

733

00:31:19,870 --> 00:31:18,240

difficult to explain while on your

734

00:31:23,690 --> 00:31:19,880

travels

735

00:31:26,590 --> 00:31:23,700

no just uh this is the first time I I

736

00:31:30,169 --> 00:31:26,600

can clearly say I've ever seen a craft

737

00:31:33,350 --> 00:31:30,179

and I was a Believer before you know but

738

00:31:36,649 --> 00:31:33,360

uh this this solidified my my thoughts

739

00:31:39,769 --> 00:31:36,659

it it just totally blew me away but Ryan

740

00:31:42,110 --> 00:31:39,779

while we're on that subject is I think

741

00:31:44,690 --> 00:31:42,120

this craft has been coming there because

742

00:31:47,029 --> 00:31:44,700

the Indians have seen it and that's

743

00:31:49,549 --> 00:31:47,039

thousands of years ago or a thou over a

744

00:31:52,010 --> 00:31:49,559

thousand years years ago because they

745

00:31:54,909 --> 00:31:52,020

didn't bury in that landing area

746

00:31:57,730 --> 00:31:54,919

that was a sacred area

747

00:32:00,289 --> 00:31:57,740

unbelievable yeah

748

00:32:02,750 --> 00:32:00,299

this has been going on for quite some

749

00:32:04,190 --> 00:32:02,760

time and I would there's some Cliffs I

750

00:32:06,950 --> 00:32:04,200

want to explore to see if there's any

751
00:32:08,570 --> 00:32:06,960
drawings that I can see I talked to one

752
00:32:10,610 --> 00:32:08,580
Hunter and he kind of gave me some

753
00:32:13,190 --> 00:32:10,620
Cliffs to go back into that he thought

754
00:32:16,010 --> 00:32:13,200
he'd seen some so that'll be my next

755
00:32:19,090 --> 00:32:16,020
spring outing is heading to those

756
00:32:22,610 --> 00:32:19,100
to see what I can read or

757
00:32:24,769 --> 00:32:22,620
decipher but I'd sure share with you and

758
00:32:27,310 --> 00:32:24,779
whoever's interested yeah I would love

759
00:32:30,169 --> 00:32:27,320
to hear more and you mentioned that

760
00:32:32,870 --> 00:32:30,179
about uh

761
00:32:35,090 --> 00:32:32,880
the male Chiefs that they would bury

762
00:32:38,210 --> 00:32:35,100
their horses with them that's pretty

763
00:32:40,549 --> 00:32:38,220

amazing yes and I just stumbled onto

764

00:32:43,490 --> 00:32:40,559

another one in the West Desert

765

00:32:44,870 --> 00:32:43,500

and same thing and they only kill the

766

00:32:47,149 --> 00:32:44,880

male horses

767

00:32:48,769 --> 00:32:47,159

to bury with the males that's what I

768

00:32:51,049 --> 00:32:48,779

found interesting too

769

00:32:54,049 --> 00:32:51,059

there is an Amer buried with them

770

00:32:57,470 --> 00:32:54,059

they're all male horses

771

00:33:00,889 --> 00:32:57,480

so they keep that mail Trend in the mail

772

00:33:03,769 --> 00:33:00,899

area that's what I find fascinating

773

00:33:05,810 --> 00:33:03,779

they do not deviate from that they don't

774

00:33:07,130 --> 00:33:05,820

bury on top of each other you know what

775

00:33:09,529 --> 00:33:07,140

I mean

776

00:33:11,510 --> 00:33:09,539

and how do they know

777

00:33:13,130 --> 00:33:11,520

with all these thousands of graves I

778

00:33:15,889 --> 00:33:13,140

find out there how do they know not

779

00:33:19,269 --> 00:33:15,899

there's a grave there or which way he's

780

00:33:23,029 --> 00:33:19,279

lying so I don't bury on top of him

781

00:33:25,250 --> 00:33:23,039

and it just makes the Mind wonder it

782

00:33:26,870 --> 00:33:25,260

does and I want to point out that it's

783

00:33:29,690 --> 00:33:26,880

not just bodies when people try to

784

00:33:32,389 --> 00:33:29,700

locate water other minerals I just heard

785

00:33:36,049 --> 00:33:32,399

a story from a friend of a man who owns

786

00:33:38,330 --> 00:33:36,059

some land and he had some Dowsers come

787

00:33:41,149 --> 00:33:38,340

out to be used to locate crude oil and

788

00:33:43,850 --> 00:33:41,159

natural gas deposits and he had recently

789

00:33:46,850 --> 00:33:43,860

surveyed the property and sure enough

790

00:33:49,070 --> 00:33:46,860

the area they told him it was in and the

791

00:33:51,110 --> 00:33:49,080

information he had was consistent with

792

00:33:54,289 --> 00:33:51,120

all the geophysical surveys of the area

793

00:33:56,210 --> 00:33:54,299

he drilled and there was oil so there's

794

00:33:58,009 --> 00:33:56,220

a lot of cases of this working I mean

795

00:34:00,590 --> 00:33:58,019

it's not something this is an ancient

796

00:34:02,090 --> 00:34:00,600

practice that seems to still have real

797

00:34:04,909 --> 00:34:02,100

world value

798

00:34:07,669 --> 00:34:04,919

yes and you know what's cool about it is

799

00:34:09,710 --> 00:34:07,679

everybody can try it and you'll know if

800

00:34:11,750 --> 00:34:09,720

you have the gift you'll see those rods

801

00:34:13,310 --> 00:34:11,760

go and I try it with some of my

802

00:34:15,349 --> 00:34:13,320

customers that come into work we start

803

00:34:17,210 --> 00:34:15,359

doing the small talk and they are

804

00:34:19,730 --> 00:34:17,220

fascinated they can't believe the power

805

00:34:22,190 --> 00:34:19,740

when those rods move they go I wouldn't

806

00:34:24,649 --> 00:34:22,200

ever believe this you know

807

00:34:26,690 --> 00:34:24,659

and I go it's amazing it's just amazing

808

00:34:30,050 --> 00:34:26,700

it only gets better the more you do it

809

00:34:32,930 --> 00:34:30,060

the stronger you get it's just that Ryan

810

00:34:35,030 --> 00:34:32,940

it's just such a cool guest and you know

811

00:34:37,310 --> 00:34:35,040

there are Skeptics of course of dowsing

812

00:34:39,889 --> 00:34:37,320

but in Utah it seems like acceptance of

813

00:34:42,109 --> 00:34:39,899

the practice is more widespread and it's

814

00:34:43,430 --> 00:34:42,119

said that Joseph Smith the founder of

815

00:34:46,550 --> 00:34:43,440

the Church of Jesus Christ the

816

00:34:49,669 --> 00:34:46,560

Latter-Day Saints practice the craft and

817

00:34:53,810 --> 00:34:49,679

the president of the American Society of

818

00:34:56,570 --> 00:34:53,820

Dowsers uh said that he was pretty darn

819

00:34:58,550 --> 00:34:56,580

good at it apparently so

820

00:35:01,670 --> 00:34:58,560

um Wow have you may not know that yeah

821

00:35:03,890 --> 00:35:01,680

have you it seems like there's those who

822

00:35:05,930 --> 00:35:03,900

believe it's definitely worthwhile and

823

00:35:07,970 --> 00:35:05,940

those that don't but have you come

824

00:35:09,490 --> 00:35:07,980

across any other Dowsers in your neck of

825

00:35:12,230 --> 00:35:09,500

the woods

826

00:35:14,890 --> 00:35:12,240

I actually haven't I've introduced

827

00:35:18,589 --> 00:35:14,900

everybody into the dancing world

828

00:35:20,569 --> 00:35:18,599

and uh some of my colleagues have it and

829

00:35:23,150 --> 00:35:20,579

some don't but the ones that don't they

830

00:35:24,470 --> 00:35:23,160

they they see what goes on and what we

831

00:35:27,470 --> 00:35:24,480

turn up

832

00:35:31,089 --> 00:35:27,480

and it it they are just as fascinated as

833

00:35:34,130 --> 00:35:31,099

as I am when we do find them you know

834

00:35:36,050 --> 00:35:34,140

and uh like I say now every weekend

835

00:35:38,690 --> 00:35:36,060

we're out and about doesn't matter if

836

00:35:41,329 --> 00:35:38,700

it's cold or hot we're out there

837

00:35:44,329 --> 00:35:41,339

and it's just it's just an awesome haul

838

00:35:46,730 --> 00:35:44,339

that is so many riddle I guess

839

00:35:50,690 --> 00:35:46,740

and you know I've I've even seen people

840

00:35:52,670 --> 00:35:50,700

online who still Dows as you like for a

841

00:35:55,670 --> 00:35:52,680

living there's actually businesses that

842

00:35:58,130 --> 00:35:55,680

you can call and you can you can hire

843

00:36:01,210 --> 00:35:58,140

Dowsers to come out and do water dowsing

844

00:36:04,550 --> 00:36:01,220

Services uh locating Municipal

845

00:36:06,950 --> 00:36:04,560

agricultural water wells Etc so I mean

846

00:36:08,870 --> 00:36:06,960

there seems to be enough of a enough of

847

00:36:10,430 --> 00:36:08,880

a reality to it that people are making a

848

00:36:13,609 --> 00:36:10,440

business out of it in some cases so

849

00:36:15,530 --> 00:36:13,619

that's pretty neat yeah yeah and and for

850

00:36:17,870 --> 00:36:15,540

what I'm doing it's just fascinating

851
00:36:19,690 --> 00:36:17,880
it's just opening up the world of what

852
00:36:22,849 --> 00:36:19,700
it's really

853
00:36:25,250 --> 00:36:22,859
you talk about the UFO that's future I'm

854
00:36:27,230 --> 00:36:25,260
also going in the past you know what

855
00:36:29,870 --> 00:36:27,240
they with the Oregon Trail or the

856
00:36:32,990 --> 00:36:29,880
Indians so I'm trying to see what how

857
00:36:36,470 --> 00:36:33,000
everything is correlated into this uh

858
00:36:38,270 --> 00:36:36,480
craft that landed there and like I say

859
00:36:40,010 --> 00:36:38,280
there's got to be a reason why they

860
00:36:42,050 --> 00:36:40,020
didn't put any bodies

861
00:36:44,690 --> 00:36:42,060
in that particular Meadow when all the

862
00:36:46,970 --> 00:36:44,700
other metals have it around it

863
00:36:49,250 --> 00:36:46,980

so this is this is where I'm at now

864

00:36:51,290 --> 00:36:49,260

scratching my head but I'll I'll come up

865

00:36:54,109 --> 00:36:51,300

with some you know kind of theories of

866

00:36:56,810 --> 00:36:54,119

mine yeah and find more evidence and

867

00:36:58,790 --> 00:36:56,820

it's just fascinating now let me ask you

868

00:37:01,310 --> 00:36:58,800

about your dowsing rods you said first

869

00:37:03,109 --> 00:37:01,320

you used just coat hangers and now

870

00:37:05,030 --> 00:37:03,119

you're using brass is that correct now

871

00:37:08,210 --> 00:37:05,040

is that a copper dowsing Rod or is it

872

00:37:09,290 --> 00:37:08,220

solid brass just solid brass just solid

873

00:37:11,150 --> 00:37:09,300

brass

874

00:37:13,250 --> 00:37:11,160

yeah and you can actually buy them

875

00:37:16,190 --> 00:37:13,260

online now they have all these fancy

876

00:37:19,430 --> 00:37:16,200

bouncing rods uh you can get

877

00:37:22,310 --> 00:37:19,440

online so it's getting more more popular

878

00:37:24,290 --> 00:37:22,320

Ryan it sounds like it and I know that

879

00:37:25,849 --> 00:37:24,300

Ghost Hunters are now using it I've seen

880

00:37:29,030 --> 00:37:25,859

that

881

00:37:31,069 --> 00:37:29,040

um going on and as well as the pendulums

882

00:37:32,990 --> 00:37:31,079

I've never never seen that before but

883

00:37:35,690 --> 00:37:33,000

that seems to hurt yep I've heard of

884

00:37:37,730 --> 00:37:35,700

that too but I don't use that I just use

885

00:37:41,329 --> 00:37:37,740

the dowsing rods and

886

00:37:43,490 --> 00:37:41,339

and it's just amazing how I I from

887

00:37:46,490 --> 00:37:43,500

when I first started till now I have

888

00:37:48,770 --> 00:37:46,500

just in power wise I have just gotten

889

00:37:50,630 --> 00:37:48,780

better and better and better at it

890

00:37:52,730 --> 00:37:50,640

well I mean it makes sense I mean

891

00:37:55,069 --> 00:37:52,740

everything on this Earth emits energy

892

00:37:57,109 --> 00:37:55,079

and dowsing rods have been used for

893

00:37:59,750 --> 00:37:57,119

Millennia by people trying to tap into

894

00:38:02,690 --> 00:37:59,760

the energy emitted by the Earth and

895

00:38:05,810 --> 00:38:02,700

certain objects yes

896

00:38:08,089 --> 00:38:05,820

um as you do it when you walk can you

897

00:38:11,510 --> 00:38:08,099

explain a little bit is there is there a

898

00:38:13,730 --> 00:38:11,520

trick to it how do you okay you just

899

00:38:16,250 --> 00:38:13,740

hold them straight out and as you

900

00:38:19,310 --> 00:38:16,260

approach any anything it'll be the water

901
00:38:21,530 --> 00:38:19,320
line or a body they'll start to move and

902
00:38:23,930 --> 00:38:21,540
close so how I know the length of the

903
00:38:26,690 --> 00:38:23,940
body is when it first closes and I Mark

904
00:38:29,089 --> 00:38:26,700
a line with my foot and then I'll walk

905
00:38:32,690 --> 00:38:29,099
over that body until it opens and it

906
00:38:34,910 --> 00:38:32,700
tells me if it's a child or an adult

907
00:38:36,710 --> 00:38:34,920
and then I'll stand on that grave and

908
00:38:38,329 --> 00:38:36,720
I'll use the one rod and that's how I

909
00:38:40,490 --> 00:38:38,339
get the gender

910
00:38:42,650 --> 00:38:40,500
On the Turning

911
00:38:46,190 --> 00:38:42,660
of that rod

912
00:38:49,250 --> 00:38:46,200
and uh the dinosaur one now since I've

913
00:38:52,010 --> 00:38:49,260

been stumbling onto the bones and stuff

914

00:38:54,290 --> 00:38:52,020

like that it just blew me away that I

915

00:38:56,510 --> 00:38:54,300

could pick them up and and identify the

916

00:38:58,550 --> 00:38:56,520

gender naturally I I can't prove the

917

00:39:01,190 --> 00:38:58,560

dinosaur you know but

918

00:39:02,410 --> 00:39:01,200

it it reads them it reads them just like

919

00:39:05,750 --> 00:39:02,420

a body

920

00:39:08,089 --> 00:39:05,760

amazing and I just heard a case in North

921

00:39:10,849 --> 00:39:08,099

Carolina where someone found a Megalodon

922

00:39:13,550 --> 00:39:10,859

tooth you know one of those giant sharks

923

00:39:16,010 --> 00:39:13,560

and they found it with dowsing so I mean

924

00:39:18,589 --> 00:39:16,020

this this does seem to lend itself to

925

00:39:20,089 --> 00:39:18,599

the whole theory that it it treats it

926

00:39:22,190 --> 00:39:20,099

the same as a body

927

00:39:24,829 --> 00:39:22,200

yep I'm finding teeth and they pick up

928

00:39:27,950 --> 00:39:24,839

at the dowsing rods pick up the teeth

929

00:39:29,930 --> 00:39:27,960

they pick up the eggs I actually found a

930

00:39:31,870 --> 00:39:29,940

real big skull that has to weigh five

931

00:39:35,750 --> 00:39:31,880

six hundred pounds

932

00:39:37,609 --> 00:39:35,760

and uh it IT guy I I could see it was a

933

00:39:40,310 --> 00:39:37,619

skull but I doused it anyway and it's a

934

00:39:43,010 --> 00:39:40,320

female skull so it obviously was laying

935

00:39:45,710 --> 00:39:43,020

eggs up higher because the Bone Trail of

936

00:39:48,170 --> 00:39:45,720

this animal was up higher from the head

937

00:39:50,990 --> 00:39:48,180

and the eggs are all up on the top you

938

00:39:54,589 --> 00:39:51,000

know so it's pretty interesting that is

939

00:39:57,069 --> 00:39:54,599

super interesting and so I'm dying to

940

00:39:59,870 --> 00:39:57,079

know and I have to beg the question

941

00:40:03,410 --> 00:39:59,880

these interesting bodies which it sounds

942

00:40:08,870 --> 00:40:03,420

like have no gender may possibly be

943

00:40:10,370 --> 00:40:08,880

alien what are the plans if any on what

944

00:40:14,270 --> 00:40:10,380

to do with these

945

00:40:17,510 --> 00:40:14,280

I know I know I'm up in the air I wanted

946

00:40:20,569 --> 00:40:17,520

to have somebody video and me opening

947

00:40:23,810 --> 00:40:20,579

but I didn't want to be that guy yeah

948

00:40:25,609 --> 00:40:23,820

and I didn't want to ruin my good karma

949

00:40:28,870 --> 00:40:25,619

that they left me with that I'd been

950

00:40:31,130 --> 00:40:28,880

gifted of what my travels have led me to

951

00:40:33,829 --> 00:40:31,140

I didn't want to violate their

952

00:40:35,329 --> 00:40:33,839

sacrilegious whatever their burial

953

00:40:38,810 --> 00:40:35,339

rights are

954

00:40:41,690 --> 00:40:38,820

but I definitely know they're in there

955

00:40:43,310 --> 00:40:41,700

and and it's just my grandson goes what

956

00:40:46,190 --> 00:40:43,320

if it's just water you know and I go

957

00:40:48,530 --> 00:40:46,200

they're exactly the same length Merrick

958

00:40:51,670 --> 00:40:48,540

I said they are exactly the same length

959

00:40:54,589 --> 00:40:51,680

it doesn't you know deviate

960

00:40:57,170 --> 00:40:54,599

and uh I just I I know they're in there

961

00:40:59,089 --> 00:40:57,180

that is so interesting because from an

962

00:41:02,510 --> 00:40:59,099

archaeological like an archaeological

963

00:41:04,910 --> 00:41:02,520

perspective I don't know if that's is it

964

00:41:06,470 --> 00:41:04,920

is it is it something you I don't even

965

00:41:08,690 --> 00:41:06,480

know the laws around it isn't something

966

00:41:11,690 --> 00:41:08,700

you can dig up I agree with the karma

967

00:41:14,150 --> 00:41:11,700

like you said but it usually I don't

968

00:41:18,849 --> 00:41:14,160

know I mean these are mysterious things

969

00:41:21,050 --> 00:41:18,859

that yeah and you know it uh in reality

970

00:41:24,410 --> 00:41:21,060

nobody'd even know I did it and I could

971

00:41:26,990 --> 00:41:24,420

see it for myself but is it the right

972

00:41:29,390 --> 00:41:27,000

thing to do you know and that but I'm I

973

00:41:31,970 --> 00:41:29,400

I I tell you right I'm the only one that

974

00:41:33,410 --> 00:41:31,980

knows where they're buried you know and

975

00:41:35,990 --> 00:41:33,420

their graveyard

976
00:41:38,810 --> 00:41:36,000
and uh I I don't think you've heard

977
00:41:40,670 --> 00:41:38,820
anybody fessing up to saying hey you

978
00:41:43,430 --> 00:41:40,680
know I know where there's some

979
00:41:46,490 --> 00:41:43,440
and uh people are scared to say anything

980
00:41:49,430 --> 00:41:46,500
you know they view you like your you

981
00:41:51,650 --> 00:41:49,440
know you're just not all there but I I

982
00:41:55,910 --> 00:41:51,660
seen it my grandson seen it land and

983
00:41:57,890 --> 00:41:55,920
then up there a year or two later and uh

984
00:42:01,030 --> 00:41:57,900
we've seen that triangle the grass still

985
00:42:03,770 --> 00:42:01,040
hasn't fully grown back into there

986
00:42:06,829 --> 00:42:03,780
and the next trip I'm going to take a

987
00:42:08,690 --> 00:42:06,839
handheld radiation monitor with me to

988
00:42:10,130 --> 00:42:08,700

see if there is any radiation in that

989

00:42:12,410 --> 00:42:10,140

area

990

00:42:13,730 --> 00:42:12,420

that's been left especially the burial

991

00:42:16,370 --> 00:42:13,740

sites

992

00:42:18,890 --> 00:42:16,380

you know yeah and let me ask you this

993

00:42:20,930 --> 00:42:18,900

since you have been kind of going along

994

00:42:24,589 --> 00:42:20,940

these amazing

995

00:42:26,089 --> 00:42:24,599

same Pathways as the pioneers and I'm

996

00:42:29,690 --> 00:42:26,099

guessing that they had certain

997

00:42:31,970 --> 00:42:29,700

accessories maybe rope or wagon jacks or

998

00:42:34,310 --> 00:42:31,980

axles or tongues have you come across

999

00:42:36,770 --> 00:42:34,320

anything interesting like axes or saws

1000

00:42:38,510 --> 00:42:36,780

or anything at all

1001

00:42:40,750 --> 00:42:38,520

um I actually

1002

00:42:45,290 --> 00:42:40,760

um the most things I find would be

1003

00:42:47,270 --> 00:42:45,300

bottles or just old cans wires the shoe

1004

00:42:49,250 --> 00:42:47,280

the girl's shoe was one of the coolest

1005

00:42:50,990 --> 00:42:49,260

things I found and I actually still have

1006

00:42:53,510 --> 00:42:51,000

that

1007

00:42:55,849 --> 00:42:53,520

um it's hard to tell how because the

1008

00:42:57,589 --> 00:42:55,859

leather's all just been over the

1009

00:43:00,109 --> 00:42:57,599

weathered you know and stuff like that

1010

00:43:01,670 --> 00:43:00,119

and I just look at that periodically and

1011

00:43:03,470 --> 00:43:01,680

just you know say a little prayer and

1012

00:43:05,750 --> 00:43:03,480

look at the hardships you went through

1013

00:43:07,370 --> 00:43:05,760

the whole heels walked through so the

1014

00:43:08,329 --> 00:43:07,380

back of her foot was actually on the

1015

00:43:10,670 --> 00:43:08,339

ground

1016

00:43:13,970 --> 00:43:10,680

you know and she's laced them so many

1017

00:43:16,309 --> 00:43:13,980

times all the i i the little holes went

1018

00:43:18,710 --> 00:43:16,319

through or just all wore out so

1019

00:43:20,750 --> 00:43:18,720

it is just uh

1020

00:43:24,109 --> 00:43:20,760

one of the coolest finds I had on the

1021

00:43:27,349 --> 00:43:24,119

trail but I did have an Old Gentleman A

1022

00:43:30,410 --> 00:43:27,359

Very Old Gentleman that uh had

1023

00:43:33,109 --> 00:43:30,420

some original Wagon Wheels he found

1024

00:43:35,930 --> 00:43:33,119

on the trail that were down lower in a

1025

00:43:38,530 --> 00:43:35,940

Ravine and he gifted them to me so I did

1026
00:43:41,690 --> 00:43:38,540
get a blessing of some Wheels

1027
00:43:43,250 --> 00:43:41,700
and I look at them periodically at the

1028
00:43:46,010 --> 00:43:43,260
hardships you know and the stories they

1029
00:43:49,910 --> 00:43:46,020
could tell yeah

1030
00:43:51,829 --> 00:43:49,920
that's amazing and if for those that are

1031
00:43:53,990 --> 00:43:51,839
not familiar with the Oregon Trail and

1032
00:43:56,630 --> 00:43:54,000
where it went through in Utah can you

1033
00:43:58,670 --> 00:43:56,640
kind of explain not not an exact map but

1034
00:44:02,870 --> 00:43:58,680
just more or less how how it went along

1035
00:44:06,170 --> 00:44:02,880
the uh the uintas and and uh came out

1036
00:44:08,630 --> 00:44:06,180
near Salt Lake correct right it actually

1037
00:44:12,170 --> 00:44:08,640
follows the interstate

1038
00:44:13,670 --> 00:44:12,180

um if I see Springs along I-80 I'll stop

1039

00:44:15,230 --> 00:44:13,680

and go over there and I'll douse around

1040

00:44:17,089 --> 00:44:15,240

the springs and all the Springs have

1041

00:44:19,670 --> 00:44:17,099

bodies in around them

1042

00:44:22,309 --> 00:44:19,680

just off the freeway you people just

1043

00:44:25,010 --> 00:44:22,319

drive right past it you know

1044

00:44:26,569 --> 00:44:25,020

I also found a sundial in my travels in

1045

00:44:29,450 --> 00:44:26,579

the cliffs where the Indians went and

1046

00:44:32,030 --> 00:44:29,460

prayed and not too long ago I found a

1047

00:44:36,349 --> 00:44:32,040

big eagle that's natural with the wings

1048

00:44:38,569 --> 00:44:36,359

folded back and uh it is just one of the

1049

00:44:40,190 --> 00:44:38,579

coolest things I've found and it's right

1050

00:44:41,690 --> 00:44:40,200

next to the interstate that millions of

1051

00:44:43,849 --> 00:44:41,700

people drive by and they don't get to

1052

00:44:46,609 --> 00:44:43,859

stop and enjoy

1053

00:44:50,329 --> 00:44:46,619

so pretty amazing

1054

00:44:51,589 --> 00:44:50,339

yes it is yes it is and and um I'm

1055

00:44:53,870 --> 00:44:51,599

guessing when you say the interstate

1056

00:44:56,270 --> 00:44:53,880

you're talking uh Interstate 40 and then

1057

00:44:58,730 --> 00:44:56,280

we're Canadian going to Colorado 80.

1058

00:45:02,690 --> 00:44:58,740

okay 80.

1059

00:45:04,910 --> 00:45:02,700

amazing and and along the ways have you

1060

00:45:06,950 --> 00:45:04,920

seen any of the I guess there's still

1061

00:45:09,829 --> 00:45:06,960

there have to be still some a little bit

1062

00:45:11,450 --> 00:45:09,839

of uh a trail left from all those oh

1063

00:45:13,430 --> 00:45:11,460

yeah it's all over there's Trails

1064

00:45:15,109 --> 00:45:13,440

everywhere that they they they didn't

1065

00:45:17,150 --> 00:45:15,119

stick to one Trail because there were so

1066

00:45:19,309 --> 00:45:17,160

many people Ryan that there wasn't

1067

00:45:22,430 --> 00:45:19,319

enough feed for the animals so they had

1068

00:45:24,230 --> 00:45:22,440

to deviate off the main trail and the

1069

00:45:25,609 --> 00:45:24,240

dust you know so they've made the

1070

00:45:27,890 --> 00:45:25,619

another Trail

1071

00:45:30,109 --> 00:45:27,900

a few miles over to the left or a few

1072

00:45:31,849 --> 00:45:30,119

miles over to the right and and just

1073

00:45:33,890 --> 00:45:31,859

follow the same line

1074

00:45:36,829 --> 00:45:33,900

and uh

1075

00:45:38,990 --> 00:45:36,839

it's just it and when I follow them it

1076

00:45:41,510 --> 00:45:39,000

just you you're you're with them you

1077

00:45:43,490 --> 00:45:41,520

know what I mean you're walking and it's

1078

00:45:46,190 --> 00:45:43,500

just amazing you can see where they Camp

1079

00:45:48,170 --> 00:45:46,200

usually there's a big round circle and

1080

00:45:49,970 --> 00:45:48,180

the sagebrush still hasn't grown back to

1081

00:45:51,710 --> 00:45:49,980

this day

1082

00:45:53,930 --> 00:45:51,720

and you know they circled there and

1083

00:45:56,990 --> 00:45:53,940

spent the night

1084

00:45:59,569 --> 00:45:57,000

so unbelievable and a lot of people hear

1085

00:46:01,370 --> 00:45:59,579

about the obviously the Donner party but

1086

00:46:04,730 --> 00:46:01,380

it sounds like there were a lot of other

1087

00:46:07,790 --> 00:46:04,740

parties that had a real hard time

1088

00:46:10,190 --> 00:46:07,800

oh yes yes with what I'm finding there

1089

00:46:12,349 --> 00:46:10,200

now now the one where I told you about

1090

00:46:14,390 --> 00:46:12,359

the 10 foot Sagebrush I'm watching this

1091

00:46:16,190 --> 00:46:14,400

one really close because the big wash is

1092

00:46:18,410 --> 00:46:16,200

starting to wash out some of the Grays

1093

00:46:20,390 --> 00:46:18,420

and naturally when that time comes I'll

1094

00:46:22,250 --> 00:46:20,400

have to be buried because you know you

1095

00:46:23,510 --> 00:46:22,260

want to do the right thing and get them

1096

00:46:26,329 --> 00:46:23,520

back in

1097

00:46:29,450 --> 00:46:26,339

and get them a new Grave and get them

1098

00:46:32,750 --> 00:46:29,460

buried again but uh time's changing you

1099

00:46:35,390 --> 00:46:32,760

know so things change and

1100

00:46:37,190 --> 00:46:35,400

just got to do what you have to do it

1101

00:46:39,829 --> 00:46:37,200

sounds like it what a fascinating

1102

00:46:44,270 --> 00:46:39,839

Pastime what an amazing place that you

1103

00:46:46,370 --> 00:46:44,280

have to go along and my last question is

1104

00:46:48,290 --> 00:46:46,380

have you been up near the Fort Bridger

1105

00:46:52,430 --> 00:46:48,300

area I think you'd mentioned you get

1106

00:46:54,410 --> 00:46:52,440

pretty close yes I actually follow I've

1107

00:46:55,849 --> 00:46:54,420

gotten a little smart with my old age so

1108

00:46:58,970 --> 00:46:55,859

I'm following him from their winter

1109

00:47:00,710 --> 00:46:58,980

grounds to the summer hunting grounds so

1110

00:47:02,390 --> 00:47:00,720

they go up higher they follow the game

1111

00:47:05,510 --> 00:47:02,400

you know that was their number one thing

1112

00:47:07,190 --> 00:47:05,520

is food and then shelter so I'm

1113

00:47:09,710 --> 00:47:07,200

following them and now I'm following

1114

00:47:12,050 --> 00:47:09,720

them right past Fort Bridger and up

1115

00:47:14,870 --> 00:47:12,060

up into the u.nos there

1116

00:47:16,670 --> 00:47:14,880

which is about the area where I I see in

1117

00:47:19,609 --> 00:47:16,680

the UFO

1118

00:47:21,829 --> 00:47:19,619

so that is very interesting Otto because

1119

00:47:23,990 --> 00:47:21,839

that's real close to where I had my

1120

00:47:25,910 --> 00:47:24,000

experience back in the late 90s I mean

1121

00:47:28,550 --> 00:47:25,920

we'll have we'll have to we'll have to

1122

00:47:31,490 --> 00:47:28,560

touch base on exactly where that is

1123

00:47:33,589 --> 00:47:31,500

absolutely amazing what time of back to

1124

00:47:34,849 --> 00:47:33,599

this sighting what time of day or night

1125

00:47:40,430 --> 00:47:34,859

was it

1126

00:47:42,050 --> 00:47:40,440

so there was still daylight but you can

1127

00:47:45,410 --> 00:47:42,060

tell the sun's going to be sitting

1128

00:47:47,030 --> 00:47:45,420

pretty soon and that's what gave uh when

1129

00:47:49,730 --> 00:47:47,040

it dropped out of that rain cloud on

1130

00:47:52,190 --> 00:47:49,740

that high key we could see that flashing

1131

00:47:54,589 --> 00:47:52,200

light on it well my grandson could and

1132

00:47:56,270 --> 00:47:54,599

then he you know he let he let me know

1133

00:47:59,089 --> 00:47:56,280

where it was at and we were watching it

1134

00:48:01,370 --> 00:47:59,099

it was just so cool to watch a material

1135

00:48:02,569 --> 00:48:01,380

come get bigger as it was coming toward

1136

00:48:05,750 --> 00:48:02,579

us

1137

00:48:08,510 --> 00:48:05,760

and uh it's something that I hope I can

1138

00:48:11,150 --> 00:48:08,520

experience again and if you had to guess

1139

00:48:12,170 --> 00:48:11,160

how big would you guess the size of it

1140

00:48:18,349 --> 00:48:12,180

was

1141

00:48:21,349 --> 00:48:18,359

foot by 30 foot by 28 foot is what I

1142

00:48:23,630 --> 00:48:21,359

walked off that was the imprint I got on

1143

00:48:25,849 --> 00:48:23,640

the ground when I walked off that's

1144

00:48:29,089 --> 00:48:25,859

right that's right so I mean decent

1145

00:48:32,450 --> 00:48:29,099

sized decent size yes it was

1146

00:48:35,089 --> 00:48:32,460

yes it was and there's been a lot of uh

1147

00:48:38,329 --> 00:48:35,099

at least you don't hear as much anymore

1148

00:48:41,510 --> 00:48:38,339

but there used to be talk that on that

1149

00:48:43,250 --> 00:48:41,520

uh east side of the Uinta mountain range

1150

00:48:44,990 --> 00:48:43,260

and the uintas are a strange mountain

1151

00:48:47,690 --> 00:48:45,000

range because they go east to west

1152

00:48:50,170 --> 00:48:47,700

instead of north to south correct

1153

00:48:52,849 --> 00:48:50,180

they're a little interesting anyways but

1154

00:48:54,950 --> 00:48:52,859

there are a lot of rumors that on that

1155

00:48:57,829 --> 00:48:54,960

East Side there have been a lot of

1156

00:48:59,569 --> 00:48:57,839

interesting craft possibly military for

1157

00:49:02,930 --> 00:48:59,579

some time people thought there might be

1158

00:49:04,370 --> 00:49:02,940

a base of some sort located in the Uinta

1159

00:49:06,349 --> 00:49:04,380

Mountains up there have you seen any

1160

00:49:07,490 --> 00:49:06,359

other craft that might be military in

1161

00:49:10,130 --> 00:49:07,500

the area

1162

00:49:12,650 --> 00:49:10,140

yeah I have not seen anything like that

1163

00:49:15,290 --> 00:49:12,660

and and what makes me think this craft

1164

00:49:17,630 --> 00:49:15,300

wasn't a government craft is because of

1165

00:49:19,550 --> 00:49:17,640

those bodies the dowsing gave them up

1166

00:49:22,010 --> 00:49:19,560

[Music]

1167

00:49:25,430 --> 00:49:22,020

I know that for a fact that there's four

1168

00:49:27,710 --> 00:49:25,440

bodies there that is so phenomenal well

1169

00:49:29,630 --> 00:49:27,720

I can't I can't thank you enough for

1170

00:49:31,370 --> 00:49:29,640

telling your story it's a mind blower

1171

00:49:34,430 --> 00:49:31,380

and I like how

1172

00:49:36,890 --> 00:49:34,440

dowsing primarily has helped you figure

1173

00:49:39,410 --> 00:49:36,900

out a lot of this out to find the bodies

1174

00:49:41,569 --> 00:49:39,420

and it sounds like only about 40 percent

1175

00:49:44,270 --> 00:49:41,579

of the people that do dowsing can do

1176

00:49:47,150 --> 00:49:44,280

this so you definitely have a gift

1177

00:49:49,970 --> 00:49:47,160

I do I do and then when if if the people

1178

00:49:51,950 --> 00:49:49,980

that listen to you and they try it and

1179

00:49:54,230 --> 00:49:51,960

they have it they'll see what I mean it

1180

00:49:56,089 --> 00:49:54,240

is just they can go to a graveyard and

1181

00:49:59,690 --> 00:49:56,099

test themselves you know to see if they

1182

00:50:01,730 --> 00:49:59,700

have the gift of the gender and it just

1183

00:50:03,410 --> 00:50:01,740

opens up a whole another world

1184

00:50:06,410 --> 00:50:03,420

and that's something I never thought of

1185

00:50:09,710 --> 00:50:06,420

was going to a graveyard to see how it

1186

00:50:12,170 --> 00:50:09,720

works yes yep there's the tattletail

1187

00:50:14,329 --> 00:50:12,180

right there unbelievable so if somebody

1188

00:50:16,069 --> 00:50:14,339

is going to try to do this for

1189

00:50:19,130 --> 00:50:16,079

themselves would you recommend they

1190

00:50:21,589 --> 00:50:19,140

start off with just the coat hangers or

1191

00:50:24,050 --> 00:50:21,599

would you say yeah just do that start

1192

00:50:27,170 --> 00:50:24,060

off as simple hanger will work just fine

1193

00:50:29,109 --> 00:50:27,180

and just make an L shape and try to make

1194

00:50:31,910 --> 00:50:29,119

them both about the same size

1195

00:50:34,670 --> 00:50:31,920

and go out and see if you have it and

1196

00:50:36,589 --> 00:50:34,680

and some some of the some of my

1197

00:50:38,390 --> 00:50:36,599

grandkids have it and some don't so it

1198

00:50:42,109 --> 00:50:38,400

doesn't mean that if one doesn't the

1199

00:50:45,170 --> 00:50:42,119

other one does you know it just varies

1200

00:50:47,450 --> 00:50:45,180

so and and has your grand uh child

1201
00:50:48,950 --> 00:50:47,460
grandson picked this up as well does he

1202
00:50:51,349 --> 00:50:48,960
have the gift I have the gift

1203
00:50:54,650 --> 00:50:51,359
interesting

1204
00:50:58,609 --> 00:50:54,660
he does not have the gift I I have it he

1205
00:51:01,250 --> 00:50:58,619
does not that is just so cool I mean I I

1206
00:51:03,290 --> 00:51:01,260
remember going fishing with my grandpa

1207
00:51:06,589 --> 00:51:03,300
and that was a magical experience I can

1208
00:51:09,530 --> 00:51:06,599
only imagine how amazing it is for him

1209
00:51:12,170 --> 00:51:09,540
to partake in this amazing hobby with

1210
00:51:13,910 --> 00:51:12,180
you it's such a great I know I know and

1211
00:51:15,829 --> 00:51:13,920
his mind's going now and he goes you

1212
00:51:17,930 --> 00:51:15,839
know what grandpa I never dreamed we'd

1213
00:51:20,030 --> 00:51:17,940

find all these Graves on the trails we

1214

00:51:22,490 --> 00:51:20,040

hiked all these years like I didn't know

1215

00:51:24,470 --> 00:51:22,500

they were here either and the metal

1216

00:51:26,569 --> 00:51:24,480

where we camped were surrounded by all

1217

00:51:28,190 --> 00:51:26,579

of the burials around us you know

1218

00:51:30,290 --> 00:51:28,200

because we camp right where the water

1219

00:51:33,349 --> 00:51:30,300

comes out of the mountain

1220

00:51:35,750 --> 00:51:33,359

and we get to sit there and we just

1221

00:51:38,390 --> 00:51:35,760

dream and and and think of what the

1222

00:51:40,250 --> 00:51:38,400

these people went through and what

1223

00:51:42,049 --> 00:51:40,260

they've seen and here we are seeing a

1224

00:51:45,410 --> 00:51:42,059

craft you know so

1225

00:51:48,049 --> 00:51:45,420

it is just so wild Brian I love it yeah

1226

00:51:50,690 --> 00:51:48,059

dowsing in UFOs are usually not in the

1227

00:51:53,089 --> 00:51:50,700

same stories so you have this is so

1228

00:51:55,910 --> 00:51:53,099

unique I think it's great I'm glad that

1229

00:51:58,069 --> 00:51:55,920

we got to talk about it yes and I'll

1230

00:52:00,950 --> 00:51:58,079

shoot you a few photos and then you you

1231

00:52:02,990 --> 00:52:00,960

can see oh thank you so much Otto I hope

1232

00:52:04,670 --> 00:52:03,000

to have you on again and chat some more

1233

00:52:07,069 --> 00:52:04,680

and stay in touch keep doing what you're

1234

00:52:09,890 --> 00:52:07,079

doing and uh let me know what else you

1235

00:52:13,609 --> 00:52:09,900

find I appreciate you coming my way and

1236

00:52:16,250 --> 00:52:13,619

and let me air my story

1237

00:52:19,670 --> 00:52:16,260

Otto the dowser from Utah finding

1238

00:52:23,030 --> 00:52:19,680

amazing things and interacting with

1239

00:52:26,630 --> 00:52:23,040

amazing craft there's been a lot of

1240

00:52:28,609 --> 00:52:26,640

triangular craft seen recently and by

1241

00:52:31,609 --> 00:52:28,619

recently I mean this week and last week

1242

00:52:36,410 --> 00:52:31,619

in the UNA Basin of Utah there was also

1243

00:52:40,190 --> 00:52:36,420

a yoga-sized ball according to our laser

1244

00:52:42,950 --> 00:52:40,200

range finders that we captured just east

1245

00:52:46,609 --> 00:52:42,960

of a space Wolf research at our base

1246

00:52:49,010 --> 00:52:46,619

camp there in Utah this is been a big

1247

00:52:51,849 --> 00:52:49,020

week there was a purported cattle

1248

00:52:56,329 --> 00:52:51,859

mutilation at our North

1249

00:52:58,370 --> 00:52:56,339

Boundary there and more is going to be

1250

00:53:00,770 --> 00:52:58,380

revealed of all the high strangeness

1251
00:53:04,250 --> 00:53:00,780
apparently the cold is not keeping

1252
00:53:06,290 --> 00:53:04,260
things down one bit it's every bit as

1253
00:53:09,109 --> 00:53:06,300
strange as it has been for quite some

1254
00:53:12,890 --> 00:53:09,119
time I was amazed to find that a lot of

1255
00:53:15,650 --> 00:53:12,900
the areas that auto discussed were areas

1256
00:53:17,690 --> 00:53:15,660
that not only have long histories of

1257
00:53:20,569 --> 00:53:17,700
high strangeness but one particular area

1258
00:53:24,349 --> 00:53:20,579
where he saw his craft is an area I saw

1259
00:53:26,450 --> 00:53:24,359
a craft back in the late 90s and the

1260
00:53:28,250 --> 00:53:26,460
true story of the Oregon Trail is

1261
00:53:31,849 --> 00:53:28,260
something that we could probably do a

1262
00:53:33,370 --> 00:53:31,859
podcast the entire night about it's

1263
00:53:40,069 --> 00:53:33,380

amazing

1264

00:53:42,349 --> 00:53:40,079

along this Trail as mentioned about 65

1265

00:53:45,710 --> 00:53:42,359

000 more or less and that according to

1266

00:53:48,530 --> 00:53:45,720

Otto that might be doubled If there

1267

00:53:51,589 --> 00:53:48,540

really are as many bodies as he's saying

1268

00:53:54,170 --> 00:53:51,599

but that's a lot of people a half a

1269

00:53:57,650 --> 00:53:54,180

million people crossing along the same

1270

00:54:00,890 --> 00:53:57,660

trails and times were tough it sounds

1271

00:54:03,589 --> 00:54:00,900

like uh about 10 percent didn't make it

1272

00:54:05,870 --> 00:54:03,599

for whatever reasons and I was

1273

00:54:07,790 --> 00:54:05,880

fascinated to find out that the majority

1274

00:54:10,309 --> 00:54:07,800

of the shootings were suicide it was

1275

00:54:14,390 --> 00:54:10,319

documenting fines along the Oregon Trail

1285

00:54:46,849 --> 00:54:43,859

and using dowsing is his primary source

1286

00:54:49,430 --> 00:54:46,859

of finding this evidence so until next

1287

00:54:51,770 --> 00:54:49,440

time keep your eyes to the skies feet on

00:54:59,700 --> 00:54:51,780
