

JAMES

KEENAN

**GIANTS, UFOS  
& CANNIBALISM**

1  
00:00:07,970 --> 00:00:04,610  
seemingly out of nowhere

2  
00:00:11,509 --> 00:00:07,980  
the expression Giants on Earth crops up

3  
00:00:13,970 --> 00:00:11,519  
in Genesis 6 4.

4  
00:00:16,670 --> 00:00:13,980  
the meaning of some Bible passages is

5  
00:00:19,550 --> 00:00:16,680  
not as obvious as it might appear at

6  
00:00:26,810 --> 00:00:22,970  
we have heard of the Nephilim the sons

7  
00:00:32,749 --> 00:00:30,349  
it presents us with a very strange

8  
00:00:36,049 --> 00:00:32,759  
possibility that we do not live alone

9  
00:00:38,450 --> 00:00:36,059  
and there are others Among Us

10  
00:00:40,790 --> 00:00:38,460  
if so where do they come from

11  
00:00:43,790 --> 00:00:40,800  
what do they look like what are they

12  
00:00:45,830 --> 00:00:43,800  
here for and are they still here

13  
00:00:47,810 --> 00:00:45,840

time and time again they are mentioned

14

00:00:51,410 --> 00:00:47,820

throughout our history

15

00:00:54,410 --> 00:00:51,420

well we have Mr James Keenan

16

00:00:58,189 --> 00:00:54,420

coming on the podcast today and he is a

17

00:01:00,049 --> 00:00:58,199

researcher of not only High strangeness

18

00:01:04,670 --> 00:01:00,059

in the uina basin

19

00:01:07,190 --> 00:01:04,680

but Giants UFOs aliens and more

20

00:01:10,370 --> 00:01:07,200

we're going to get into

21

00:01:12,649 --> 00:01:10,380

the ins and the outs

22

00:01:15,770 --> 00:01:12,659

of these Giants

23

00:01:18,410 --> 00:01:15,780

whether they live in caves Underground

24

00:01:20,929 --> 00:01:18,420

and possibly more important where they

25

00:01:22,850 --> 00:01:20,939

live on the planet Earth we will also

26

00:01:25,190 --> 00:01:22,860

delve into the possibility that the

27

00:01:27,950 --> 00:01:25,200

Fallen Angels were in some sense the

28

00:01:30,590 --> 00:01:27,960

fathers of the old Giants

29

00:01:32,270 --> 00:01:30,600

which was the constant opinion of

30

00:01:34,550 --> 00:01:32,280

antiquity

31

00:01:37,270 --> 00:01:34,560

and ancient texts

32

00:01:40,910 --> 00:01:37,280

Utah has a long history

33

00:01:44,090 --> 00:01:40,920

incorporating mythology and Legend

34

00:01:47,270 --> 00:01:44,100

surrounding the Enigma of giant

35

00:01:50,510 --> 00:01:49,670

there are also examples of this in

36

00:01:53,090 --> 00:01:50,520

Nevada

37

00:01:55,010 --> 00:01:53,100

with the Lovelock cave area

38

00:01:57,950 --> 00:01:55,020

there are examples of this in

39  
00:01:59,030 --> 00:01:57,960  
Afghanistan and many other places around

40  
00:02:04,850 --> 00:01:59,040  
the world

41  
00:02:08,210 --> 00:02:04,860  
haven't you subscribed to Hero

42  
00:02:10,010 --> 00:02:08,220  
paranormal on patreon we have a ton of

43  
00:02:13,610 --> 00:02:10,020  
content waiting for you behind the

44  
00:02:16,910 --> 00:02:13,620  
paywall very easy to access you just go

45  
00:02:22,430 --> 00:02:20,089  
or you can go to patreon and look up

46  
00:02:24,949 --> 00:02:22,440  
hero paranormal

47  
00:02:27,830 --> 00:02:24,959  
as I said a ton of content behind the

48  
00:02:29,630 --> 00:02:27,840  
paywall and a new tier of only five

49  
00:02:31,550 --> 00:02:29,640  
dollars to access

50  
00:02:33,890 --> 00:02:31,560  
everything

51  
00:02:35,930 --> 00:02:33,900  
so if you haven't gone by please go by

52  
00:02:39,589 --> 00:02:35,940  
it helps us

53  
00:02:40,850 --> 00:02:39,599  
pay for the podcast and bringing it to

54  
00:02:46,070 --> 00:02:40,860  
you

55  
00:02:48,890 --> 00:02:46,080  
paranormal on YouTube please do go to

56  
00:02:52,130 --> 00:02:48,900  
Hero paranormal subscribe like and share

57  
00:02:55,070 --> 00:02:52,140  
it's the only way we can bust through

58  
00:02:57,650 --> 00:02:55,080  
the algorithm and the extreme Shadow

59  
00:02:59,830 --> 00:02:57,660  
band that has been placed on us it seems

60  
00:03:02,449 --> 00:02:59,840  
no matter how many listeners We Gather

61  
00:03:04,490 --> 00:03:02,459  
we can't seem to get monetized and

62  
00:03:06,949 --> 00:03:04,500  
that's okay I'm not in it for the money

63  
00:03:08,390 --> 00:03:06,959

but I would at least like the word to

64

00:03:10,130 --> 00:03:08,400

get out so please like share and

65

00:03:14,149 --> 00:03:10,140

subscribe

66

00:03:18,229 --> 00:03:14,159

and buckle up for a heck of a trip

67

00:03:27,900 --> 00:03:18,239

into the caverns of mystery surrounding

68

00:03:45,550 --> 00:03:35,410

[Music]

69

00:03:45,560 --> 00:03:52,840

come blast off in my time

70

00:03:59,089 --> 00:03:57,369

[Music]

71

00:04:01,970 --> 00:03:59,099

blast off

72

00:04:05,149 --> 00:04:01,980

on another epic episode of the hyper

73

00:04:06,430 --> 00:04:05,159

anomalous esoteric research organization

74

00:04:10,610 --> 00:04:06,440

podcast

75

00:04:13,789 --> 00:04:10,620

AKA hero paranormal broadcasting from

76

00:04:15,770 --> 00:04:13,799

just south of the old Bigelow Ranch in

77

00:04:18,890 --> 00:04:15,780

the uena Basin of Utah

78

00:04:21,830 --> 00:04:18,900

my name is Ryan the anomalous ambassador

79

00:04:25,249 --> 00:04:21,840

of the airwaves bringing you a giant

80

00:04:26,710 --> 00:04:25,259

episode tonight we have none other than

81

00:04:29,510 --> 00:04:26,720

James Keenan

82

00:04:32,510 --> 00:04:29,520

researcher of the Uinta Basin and Giants

83

00:04:35,330 --> 00:04:32,520

worldwide he's looked into this Enigma

84

00:04:38,689 --> 00:04:35,340

not only at the petroglyphs the stumping

85

00:04:40,790 --> 00:04:38,699

grounds and delving deeply into the

86

00:04:42,890 --> 00:04:40,800

research but he's asking the larger

87

00:04:43,909 --> 00:04:42,900

questions questions that keep me coming

88

00:04:46,969 --> 00:04:43,919

back

89

00:04:49,850 --> 00:04:46,979

and I just like James uh James has been

90

00:04:53,450 --> 00:04:49,860

out to the science project that we have

91

00:04:56,810 --> 00:04:53,460

space Wolf research in the Uintah Basin

92

00:04:59,090 --> 00:04:56,820

of Utah and he has some incredible

93

00:05:01,670 --> 00:04:59,100

insights when it comes to a lot of

94

00:05:05,450 --> 00:05:01,680

things so this should be a stunner of an

95

00:05:08,629 --> 00:05:05,460

episode James Keenan welcome back to the

96

00:05:10,550 --> 00:05:08,639

hero paranormal podcast hey Ryan how you

97

00:05:12,650 --> 00:05:10,560

doing thanks for having me back on oh

98

00:05:15,290 --> 00:05:12,660

I'm so excited to talk to you I know

99

00:05:18,710 --> 00:05:15,300

that you are interested in a lot of the

100

00:05:22,730 --> 00:05:18,720

things that I'm interested in and among

101  
00:05:25,189 --> 00:05:22,740  
those things is uh Giants and we we find

102  
00:05:27,830 --> 00:05:25,199  
that there is a lot of history

103  
00:05:29,450 --> 00:05:27,840  
surrounding this and a question I don't

104  
00:05:31,850 --> 00:05:29,460  
know if I've asked you in the past and

105  
00:05:34,070 --> 00:05:31,860  
it's been it's been kind of itching at

106  
00:05:36,290 --> 00:05:34,080  
me is what started you along this path

107  
00:05:38,510 --> 00:05:36,300  
of looking into not only High

108  
00:05:41,450 --> 00:05:38,520  
strangeness but being so fascinated with

109  
00:05:46,129 --> 00:05:41,460  
this Enigma of giants

110  
00:05:48,850 --> 00:05:46,139  
yeah so uh doing a lot of excavation and

111  
00:05:51,350 --> 00:05:48,860  
work down in Mexico

112  
00:05:52,850 --> 00:05:51,360  
you just you can't help but notice

113  
00:05:53,749 --> 00:05:52,860

there's some things that are out of

114

00:05:57,170 --> 00:05:53,759

place

115

00:05:58,790 --> 00:05:57,180

and when you're collecting oral

116

00:06:00,770 --> 00:05:58,800

Traditions

117

00:06:03,070 --> 00:06:00,780

um you know and ethnologies and things

118

00:06:07,010 --> 00:06:03,080

of that nature from

119

00:06:10,550 --> 00:06:07,020

the locals especially if they have Maya

120

00:06:14,270 --> 00:06:10,560

descent or not a waddle descent

121

00:06:17,810 --> 00:06:14,280

you can't help but come across all these

122

00:06:19,790 --> 00:06:17,820

stories of everybody talking about the

123

00:06:22,390 --> 00:06:19,800

the beginning the beginning origin

124

00:06:26,870 --> 00:06:22,400

everything leads back to Giants

125

00:06:28,629 --> 00:06:26,880

including the codices which were these

126

00:06:31,370 --> 00:06:28,639

fig parchment type

127

00:06:33,830 --> 00:06:31,380

scroll books that were created by the

128

00:06:38,870 --> 00:06:33,840

Maya and created by the Aztec and the

129

00:06:40,909 --> 00:06:38,880

mishtek and you know the Toltec and all

130

00:06:43,370 --> 00:06:40,919

their oral tradition

131

00:06:44,510 --> 00:06:43,380

leads back to these people of great

132

00:06:46,790 --> 00:06:44,520

stature

133

00:06:48,529 --> 00:06:46,800

and it

134

00:06:52,010 --> 00:06:48,539

you're constantly being told it's

135

00:06:54,290 --> 00:06:52,020

mythology it's folklore you know in the

136

00:06:57,469 --> 00:06:54,300

course of your study

137

00:06:58,850 --> 00:06:57,479

you can't help but wonder how is it

138

00:07:00,830 --> 00:06:58,860

possible that

139

00:07:04,070 --> 00:07:00,840

ninety percent of everything leads back

140

00:07:06,830 --> 00:07:04,080

to this without there being truth to it

141

00:07:09,110 --> 00:07:06,840

so that's that's what you know led me on

142

00:07:11,330 --> 00:07:09,120

this path and then you you find out that

143

00:07:14,090 --> 00:07:11,340

there's all these different groups you

144

00:07:17,749 --> 00:07:14,100

have the kinemitzen you have the uemas

145

00:07:19,189 --> 00:07:17,759

the star not que the site and it goes on

146

00:07:22,029 --> 00:07:19,199

and on you know the Native American

147

00:07:25,550 --> 00:07:22,039

groups in North America

148

00:07:27,890 --> 00:07:25,560

uh also have all these different names

149

00:07:29,749 --> 00:07:27,900

for these people of great stature they

150

00:07:32,629 --> 00:07:29,759

tell you that their ancestors came in

151

00:07:35,089 --> 00:07:32,639

contact with them later mated with them

152

00:07:38,510 --> 00:07:35,099

at the beginnings they were enslaved by

153

00:07:39,890 --> 00:07:38,520

some in order to perform mining duties

154

00:07:42,050 --> 00:07:39,900

for

155

00:07:44,029 --> 00:07:42,060

um you know metals and other minerals

156

00:07:47,210 --> 00:07:44,039

and

157

00:07:49,490 --> 00:07:47,220

at some point I was just like this it

158

00:07:52,129 --> 00:07:49,500

can't just be folklore mythology there

159

00:07:55,189 --> 00:07:52,139

has to be a truth to this

160

00:07:57,950 --> 00:07:55,199

I couldn't agree more I think there's so

161

00:08:01,070 --> 00:07:57,960

much to this and the oral Traditions

162

00:08:03,350 --> 00:08:01,080

which are a lot of the traditions in

163

00:08:06,589 --> 00:08:03,360

Native American culture are all are all

164

00:08:10,370 --> 00:08:06,599

oral and to not pay attention to this I

165

00:08:12,230 --> 00:08:10,380

think would be a huge mistake and you

166

00:08:16,670 --> 00:08:12,240

know according to the northern Paiute

167

00:08:19,249 --> 00:08:16,680

oral history the site are a legendary uh

168

00:08:22,010 --> 00:08:19,259

tribe and there has been mummified

169

00:08:26,930 --> 00:08:22,020

remains found and other things

170

00:08:30,230 --> 00:08:26,940

discovered both in Nevada and Utah let's

171

00:08:32,149 --> 00:08:30,240

kind of delve into Utah if I know that

172

00:08:35,149 --> 00:08:32,159

that's a common point that we both have

173

00:08:38,209 --> 00:08:35,159

we're both very interested in this and

174

00:08:41,089 --> 00:08:38,219

just just delve right into right into it

175

00:08:44,209 --> 00:08:41,099

just jump right into the amazing

176  
00:08:46,490 --> 00:08:44,219  
petroglyphs in Utah what they depict and

177  
00:08:48,230 --> 00:08:46,500  
your thoughts about them

178  
00:08:51,230 --> 00:08:48,240  
oh yeah so

179  
00:08:53,870 --> 00:08:51,240  
when we discuss uh barrier Canyon style

180  
00:08:57,650 --> 00:08:53,880  
which is this desert archaic group that

181  
00:08:59,990 --> 00:08:57,660  
was pre Fremont does the desert archaic

182  
00:09:04,430 --> 00:09:00,000  
the barrier Canyon style in the Fremont

183  
00:09:08,090 --> 00:09:04,440  
were this very large groupings of Native

184  
00:09:13,670 --> 00:09:08,100  
Americans or other that were in the Utah

185  
00:09:15,350 --> 00:09:13,680  
area that were prior to the oldest which

186  
00:09:18,170 --> 00:09:15,360  
uh Native Americans that we know of

187  
00:09:19,790 --> 00:09:18,180  
which were the Paiute and the Shoshone

188  
00:09:22,070 --> 00:09:19,800

and

189

00:09:24,949 --> 00:09:22,080

it's really interesting that

190

00:09:28,009 --> 00:09:24,959

unfortunately they're all lumped into

191

00:09:30,769 --> 00:09:28,019

barrier Canyon style and Fremont culture

192

00:09:31,870 --> 00:09:30,779

and this barrier Canyon style has these

193

00:09:34,430 --> 00:09:31,880

weird

194

00:09:37,070 --> 00:09:34,440

anthropomorphic and uh

195

00:09:40,070 --> 00:09:37,080

petroglyphs and pick the grass of these

196

00:09:42,769 --> 00:09:40,080

massively tall creatures

197

00:09:45,730 --> 00:09:42,779

which don't even look human

198

00:09:49,250 --> 00:09:45,740

and then you move a little bit uh

199

00:09:51,170 --> 00:09:49,260

more in into the future and you come

200

00:09:53,930 --> 00:09:51,180

across the Fremont culture

201  
00:09:56,150 --> 00:09:53,940  
and again they're grouped into Fremont

202  
00:09:58,430 --> 00:09:56,160  
culture but it appears that there were

203  
00:10:02,690 --> 00:09:58,440  
many different groups some might have

204  
00:10:04,610 --> 00:10:02,700  
had uh ancestral Pueblo and Origins you

205  
00:10:08,329 --> 00:10:04,620  
know others Hopi

206  
00:10:11,110 --> 00:10:08,339  
and they have these trapezoidal large

207  
00:10:14,150 --> 00:10:11,120  
figures that

208  
00:10:16,630 --> 00:10:14,160  
are extremely large compared to other

209  
00:10:19,250 --> 00:10:16,640  
anthropomorphic

210  
00:10:22,550 --> 00:10:19,260  
petroglyphs around them that seem to

211  
00:10:25,009 --> 00:10:22,560  
signify humans homo sapien and it makes

212  
00:10:29,269 --> 00:10:25,019  
you're like well what the heck is this

213  
00:10:32,389 --> 00:10:29,279

and as you move to Northeast Utah you

214

00:10:34,610 --> 00:10:32,399

come into Vernal style Fremont

215

00:10:38,090 --> 00:10:34,620

which is very unique

216

00:10:40,250 --> 00:10:38,100

uh up at McConkey Ranch you have a

217

00:10:41,530 --> 00:10:40,260

petroglyphs that's well over six feet

218

00:10:44,150 --> 00:10:41,540

tall

219

00:10:46,550 --> 00:10:44,160

the anthropomorphic figure has this

220

00:10:49,190 --> 00:10:46,560

elongated skull

221

00:10:50,269 --> 00:10:49,200

six fingers on each hand and massive

222

00:10:53,690 --> 00:10:50,279

feet

223

00:10:56,990 --> 00:10:53,700

and they're headhunting

224

00:10:59,870 --> 00:10:57,000

and what a lot of people don't realize

225

00:11:02,329 --> 00:10:59,880

is the Vernal style Fremont were a very

226

00:11:04,970 --> 00:11:02,339

unique group unlike any other Fremont

227

00:11:06,350 --> 00:11:04,980

culture they were practicing skull

228

00:11:09,050 --> 00:11:06,360

elongation

229

00:11:10,310 --> 00:11:09,060

which very few people know and it makes

230

00:11:12,230 --> 00:11:10,320

you wonder what the hell were they

231

00:11:14,449 --> 00:11:12,240

trying to simulate what did they see or

232

00:11:17,509 --> 00:11:14,459

come into contact with that required

233

00:11:19,730 --> 00:11:17,519

this to show the elite status of those

234

00:11:21,949 --> 00:11:19,740

that were in power why do they want to

235

00:11:24,410 --> 00:11:21,959

look this way

236

00:11:25,970 --> 00:11:24,420

and

237

00:11:29,990 --> 00:11:25,980

as you

238

00:11:31,730 --> 00:11:30,000

progress through other locations other

239

00:11:35,389 --> 00:11:31,740

cultural sites

240

00:11:38,870 --> 00:11:35,399

it's the same thing and they're lacking

241

00:11:42,170 --> 00:11:38,880

common day features like you don't see

242

00:11:44,810 --> 00:11:42,180

dance you don't see musical instruments

243

00:11:48,590 --> 00:11:44,820

in the petroglyphs you don't see mais or

244

00:11:50,030 --> 00:11:48,600

corn it's missing it's lacking compared

245

00:11:56,150 --> 00:11:50,040

to everywhere else like you go down to

246

00:11:59,210 --> 00:11:56,160

Hohokam in Arizona the sinua magion and

247

00:12:00,069 --> 00:11:59,220

you see this you see these uh Kokopelli

248

00:12:01,790 --> 00:12:00,079

type

249

00:12:03,829 --> 00:12:01,800

anthropomors where they're they're

250

00:12:06,170 --> 00:12:03,839

playing the flutes and dancing and

251  
00:12:08,630 --> 00:12:06,180  
common day occurrences you know you see

252  
00:12:13,009 --> 00:12:08,640  
them

253  
00:12:15,290 --> 00:12:13,019  
put into the rock art the location and

254  
00:12:17,810 --> 00:12:15,300  
we're missing 95 percent of that here in

255  
00:12:21,110 --> 00:12:17,820  
Utah and you gotta ask yourself

256  
00:12:24,110 --> 00:12:21,120  
why you know what was going on here and

257  
00:12:28,009 --> 00:12:24,120  
it appears that there were other groups

258  
00:12:31,250 --> 00:12:28,019  
of uh individuals of great stature that

259  
00:12:33,710 --> 00:12:31,260  
they were coming in contact with

260  
00:12:36,730 --> 00:12:33,720  
you know I find this so fascinating

261  
00:12:39,290 --> 00:12:36,740  
because you mentioned the Coco Pele like

262  
00:12:41,030 --> 00:12:39,300  
uh suggestion and I think it's

263  
00:12:43,370 --> 00:12:41,040

appropriate to kind of bring in a little

264

00:12:47,210 --> 00:12:43,380

bit of theology here because

265

00:12:50,329 --> 00:12:47,220

what's with the Pope's giant symbol and

266

00:12:52,610 --> 00:12:50,339

this is a you know we have a pope and

267

00:12:54,590 --> 00:12:52,620

not to get too religious but he was

268

00:12:58,129 --> 00:12:54,600

recently seen wearing

269

00:12:59,629 --> 00:12:58,139

a garment that had for all intents and

270

00:13:03,470 --> 00:12:59,639

purposes

271

00:13:06,530 --> 00:13:03,480

a a giant a Petroglyph uh representing

272

00:13:08,690 --> 00:13:06,540

the equiva in the north and this

273

00:13:10,910 --> 00:13:08,700

symbolizes you know it's it's kind of

274

00:13:13,790 --> 00:13:10,920

strange because on one hand he's

275

00:13:16,190 --> 00:13:13,800

supposed to not believe in these sorts

276

00:13:19,370 --> 00:13:16,200

of things and yet on the other hand he

277

00:13:21,769 --> 00:13:19,380

is from you know South America this is

278

00:13:24,650 --> 00:13:21,779

symbolized in a lot of South American

279

00:13:26,870 --> 00:13:24,660

culture and sure enough he's wearing it

280

00:13:29,329 --> 00:13:26,880

in some images what are your thoughts of

281

00:13:32,449 --> 00:13:29,339

that have you seen those images James

282

00:13:34,129 --> 00:13:32,459

I I have and and you know that's a great

283

00:13:37,670 --> 00:13:34,139

point and

284

00:13:39,590 --> 00:13:37,680

I feel that he's expressing the cultures

285

00:13:42,470 --> 00:13:39,600

that are there and where he comes from

286

00:13:45,470 --> 00:13:42,480

in South America that

287

00:13:47,750 --> 00:13:45,480

he's basically saying that their their

288

00:13:49,790 --> 00:13:47,760

history can be just as correct as

289

00:13:52,490 --> 00:13:49,800

European history

290

00:13:57,230 --> 00:13:52,500

and it was his way of showing that

291

00:14:00,470 --> 00:13:57,240

there's more to this world than what you

292

00:14:03,290 --> 00:14:00,480

know the Europeans forced upon everyone

293

00:14:08,389 --> 00:14:03,300

especially those in the Americas

294

00:14:11,090 --> 00:14:08,399

and he wanted to uh I guess clearly show

295

00:14:13,430 --> 00:14:11,100

where he was from and that these people

296

00:14:16,190 --> 00:14:13,440

are just as intelligent as those that

297

00:14:19,850 --> 00:14:16,200

originated from Europe uh their culture

298

00:14:24,530 --> 00:14:19,860

and their history was just as rich and

299

00:14:27,889 --> 00:14:24,540

they had just as much to offer uh the

300

00:14:31,030 --> 00:14:27,899

world and that was his way of showing

301  
00:14:34,129 --> 00:14:31,040  
that they're just as right as the

302  
00:14:35,569 --> 00:14:34,139  
Catholicism was that originated you know

303  
00:14:38,750 --> 00:14:35,579  
over in Europe

304  
00:14:41,750 --> 00:14:38,760  
I love it man I can't I can't agree more

305  
00:14:45,110 --> 00:14:41,760  
and I think it's just so cool that this

306  
00:14:47,810 --> 00:14:45,120  
is permeating society in a way that I

307  
00:14:51,350 --> 00:14:47,820  
think was uh was meant to happen because

308  
00:14:53,810 --> 00:14:51,360  
it's a very real chain in the link of

309  
00:14:57,949 --> 00:14:53,820  
our history and kind of kind of delving

310  
00:15:00,350 --> 00:14:57,959  
into these other areas that have giant

311  
00:15:03,590 --> 00:15:00,360  
symbolism and such

312  
00:15:06,110 --> 00:15:03,600  
um the the Giants of Monte prama are

313  
00:15:08,710 --> 00:15:06,120

ancient stone sculptures created by the

314

00:15:12,949 --> 00:15:08,720

neurotic civilization of Sardinia Italy

315

00:15:15,290 --> 00:15:12,959

and these were discovered in 1974 there

316

00:15:18,290 --> 00:15:15,300

are also petroglyphs in Sardinia

317

00:15:21,050 --> 00:15:18,300

depicting Giants and you have spoken

318

00:15:24,650 --> 00:15:21,060

about some of the similarities between

319

00:15:27,050 --> 00:15:24,660

these Giants and the depictions and the

320

00:15:28,430 --> 00:15:27,060

uena Basin of Utah can we go into that a

321

00:15:31,430 --> 00:15:28,440

little bit

322

00:15:35,329 --> 00:15:31,440

sure so when you look at the neurotic

323

00:15:38,750 --> 00:15:35,339

cultures uh artifacts including the uh

324

00:15:40,310 --> 00:15:38,760

Stone figures that they created that

325

00:15:43,189 --> 00:15:40,320

were located there

326

00:15:46,189 --> 00:15:43,199

they also in Sardinia had the hypogems

327

00:15:47,650 --> 00:15:46,199

which were these underground uh

328

00:15:54,170 --> 00:15:47,660

burials

329

00:15:56,689 --> 00:15:54,180

and there was also a culture before the

330

00:15:58,490 --> 00:15:56,699

neuragic that had this these ties to

331

00:16:01,670 --> 00:15:58,500

what we would consider these people of

332

00:16:03,829 --> 00:16:01,680

large stature and their what they would

333

00:16:06,829 --> 00:16:03,839

consider the giant burials hat were

334

00:16:10,810 --> 00:16:06,839

these Upsilon symbols you know you know

335

00:16:14,269 --> 00:16:10,820

almost like a goal post in in football

336

00:16:18,350 --> 00:16:14,279

like a a cup it looks like a cup

337

00:16:20,710 --> 00:16:18,360

and they were specifically made the face

338

00:16:24,290 --> 00:16:20,720

the eyes the nose

339

00:16:26,210 --> 00:16:24,300

and this was again you said at the

340

00:16:28,970 --> 00:16:26,220

neurgic culture which was a Bronze Age

341

00:16:31,370 --> 00:16:28,980

culture in Sardinia there was also a

342

00:16:33,290 --> 00:16:31,380

trickling effect down the malta of these

343

00:16:35,569 --> 00:16:33,300

Giants

344

00:16:39,170 --> 00:16:35,579

and then you come all the way over to

345

00:16:41,509 --> 00:16:39,180

Northeast Utah and you look at the Dry

346

00:16:44,449 --> 00:16:41,519

Fork Canyon petroglyphs

347

00:16:45,949 --> 00:16:44,459

and those around there and you went to

348

00:16:48,829 --> 00:16:45,959

mountains

349

00:16:51,710 --> 00:16:48,839

and they look almost identical almost

350

00:16:53,870 --> 00:16:51,720

100 percent identical in facial

351

00:16:56,749 --> 00:16:53,880

structure facial features the way the

352

00:16:59,749 --> 00:16:56,759

eyes are the nose is you find the

353

00:17:02,870 --> 00:16:59,759

Upsilon symbol on the tunics or the

354

00:17:06,110 --> 00:17:02,880

armor that one group of these Giants are

355

00:17:08,210 --> 00:17:06,120

wearing and it's really neat because

356

00:17:10,189 --> 00:17:08,220

you can categorize the Giants that were

357

00:17:12,949 --> 00:17:10,199

in Northeast Utah into two groups one

358

00:17:16,510 --> 00:17:12,959

had an Upsilon symbol on the tunic and

359

00:17:19,429 --> 00:17:16,520

the others had these two elongated

360

00:17:22,429 --> 00:17:19,439

rectangles from the shoulders down that

361

00:17:24,530 --> 00:17:22,439

don't quite meet in almost a v-shape

362

00:17:28,130 --> 00:17:24,540

they were head hunting

363

00:17:29,150 --> 00:17:28,140

each other possibly cannibalism was also

364

00:17:31,370 --> 00:17:29,160

involved

365

00:17:35,169 --> 00:17:31,380

but

366

00:17:39,650 --> 00:17:35,179

Luke is if I were to mix the artifacts

367

00:17:42,590 --> 00:17:39,660

from Sardinia and Malta and some

368

00:17:44,930 --> 00:17:42,600

artifacts that were located in uh around

369

00:17:46,070 --> 00:17:44,940

Price Utah

370

00:17:49,310 --> 00:17:46,080

um and in that part of the Ashley

371

00:17:51,590 --> 00:17:49,320

National Forest you know around a Nine

372

00:17:52,730 --> 00:17:51,600

Mile Canyon you wouldn't be able to tell

373

00:17:55,850 --> 00:17:52,740

the difference

374

00:17:59,169 --> 00:17:55,860

and you got to ask yourself you know how

375

00:18:01,190 --> 00:17:59,179

the heck is that possible and most

376

00:18:04,130 --> 00:18:01,200

anthropologists and archaeologists don't

377

00:18:05,690 --> 00:18:04,140

like to talk about diffusionism that you

378

00:18:07,970 --> 00:18:05,700

know everything originated from one

379

00:18:09,610 --> 00:18:07,980

place and then just swept across the

380

00:18:13,250 --> 00:18:09,620

world because that would mean they were

381

00:18:15,409 --> 00:18:13,260

seafaring or other but you think about

382

00:18:17,930 --> 00:18:15,419

it and a lot of these people of great

383

00:18:22,430 --> 00:18:17,940

stature are tied into being

384

00:18:25,190 --> 00:18:22,440

um amazing uh seafarers uh on the ocean

385

00:18:28,130 --> 00:18:25,200

traveling great distances and who

386

00:18:29,630 --> 00:18:28,140

follows this are the Phoenicians and

387

00:18:33,470 --> 00:18:29,640

where were the Phoenicians they were in

388

00:18:35,330 --> 00:18:33,480

Malta Sardinia even possibly here in the

389

00:18:38,450 --> 00:18:35,340

desert Southwest because we find a lot

390

00:18:40,909 --> 00:18:38,460

of their symbols in the Rocks either

391

00:18:42,830 --> 00:18:40,919

pictographs or petroglyphs you hear

392

00:18:46,549 --> 00:18:42,840

about it in oral Traditions all the way

393

00:18:49,850 --> 00:18:46,559

from the Gulf of Mexico all the way to

394

00:18:52,909 --> 00:18:49,860

the West Coast of Mexico or current day

395

00:18:57,529 --> 00:18:52,919

Mexico and then straight up northward

396

00:19:00,890 --> 00:18:57,539

and it makes you wonder if

397

00:19:03,470 --> 00:19:00,900

the Phoenicians came into contact with

398

00:19:05,750 --> 00:19:03,480

or learned about through ancient books

399

00:19:08,390 --> 00:19:05,760

or texts that are now lost or stories

400

00:19:10,730 --> 00:19:08,400

and followed those people of great

401  
00:19:14,289 --> 00:19:10,740  
stature throughout the world in the same

402  
00:19:16,610 --> 00:19:14,299  
conquest of minerals Metals gold silver

403  
00:19:18,650 --> 00:19:16,620  
copper I mean look at the amount of

404  
00:19:20,330 --> 00:19:18,660  
copper that was mined here in the

405  
00:19:22,610 --> 00:19:20,340  
Americas that we're still trying to

406  
00:19:25,310 --> 00:19:22,620  
figure out you know who did it and where

407  
00:19:28,850 --> 00:19:25,320  
did it end up

408  
00:19:32,289 --> 00:19:28,860  
it's so true and I I really like how

409  
00:19:35,990 --> 00:19:32,299  
there is more than one region an area

410  
00:19:38,870 --> 00:19:36,000  
that is revealing secrets of the past

411  
00:19:40,909 --> 00:19:38,880  
and lending Credence to the study

412  
00:19:44,390 --> 00:19:40,919  
academically of Giants and these

413  
00:19:46,669 --> 00:19:44,400

discoveries just keep on coming

414

00:19:48,950 --> 00:19:46,679

um I'm reminded of the Love Lock cave

415

00:19:53,930 --> 00:19:48,960

here in Nevada where originally they

416

00:19:57,350 --> 00:19:53,940

thought that this large mummy was 15 to

417

00:19:58,850 --> 00:19:57,360

2 000 years old and now they have found

418

00:20:04,490 --> 00:19:58,860

that it may be

419

00:20:07,130 --> 00:20:04,500

much older uh possibly 10 600 years old

420

00:20:09,710 --> 00:20:07,140

which is just mind-blowing blows all of

421

00:20:12,710 --> 00:20:09,720

the Egyptian mummies away and here again

422

00:20:15,830 --> 00:20:12,720

we have this amazing

423

00:20:17,810 --> 00:20:15,840

Paiute Shoshone tribe a group of Native

424

00:20:20,810 --> 00:20:17,820

Americans based in the Nevada desert

425

00:20:22,130 --> 00:20:20,820

near this cave which claim cultural

426  
00:20:24,350 --> 00:20:22,140  
affiliation

427  
00:20:27,230 --> 00:20:24,360  
not only with the tales and the

428  
00:20:29,210 --> 00:20:27,240  
mythology but they there's there's a lot

429  
00:20:32,270 --> 00:20:29,220  
of stories lending Credence to this and

430  
00:20:34,730 --> 00:20:32,280  
it's not just here in the deserts of the

431  
00:20:38,330 --> 00:20:34,740  
Southwest in the United States I want to

432  
00:20:40,190 --> 00:20:38,340  
jump to the Kandahar giant which I think

433  
00:20:41,690 --> 00:20:40,200  
is mind-blowing because it's a more

434  
00:20:43,850 --> 00:20:41,700  
modern

435  
00:20:46,730 --> 00:20:43,860  
depiction of what we're talking about

436  
00:20:48,950 --> 00:20:46,740  
and that's that's just this giant which

437  
00:20:51,590 --> 00:20:48,960  
was an enormous humanoid creature

438  
00:20:53,390 --> 00:20:51,600

allegedly I should say encountered and

439

00:20:55,130 --> 00:20:53,400

killed by a group of American army

440

00:20:59,510 --> 00:20:55,140

soldiers on a Mountainside in

441

00:21:01,010 --> 00:20:59,520

Afghanistan yet the depiction and the

442

00:21:03,890 --> 00:21:01,020

way that they

443

00:21:06,289 --> 00:21:03,900

say this thing looked Falls right into

444

00:21:08,330 --> 00:21:06,299

place and right into line with a lot of

445

00:21:11,029 --> 00:21:08,340

these other depictions what are your

446

00:21:14,510 --> 00:21:11,039

thoughts of the Kandahar Giant

447

00:21:17,210 --> 00:21:14,520

so I I've heard of it and I've heard the

448

00:21:20,150 --> 00:21:17,220

stories but I I really don't know a

449

00:21:22,370 --> 00:21:20,160

whole lot about it and

450

00:21:24,770 --> 00:21:22,380

I think there's a you know a group

451  
00:21:27,830 --> 00:21:24,780  
online that say it didn't exist and

452  
00:21:32,450 --> 00:21:27,840  
others that attempt to say that it did

453  
00:21:36,010 --> 00:21:32,460  
but I have yet to see anything that's

454  
00:21:39,370 --> 00:21:36,020  
directed its way back to a first-hand

455  
00:21:41,870 --> 00:21:39,380  
knowledge that's been told to people so

456  
00:21:44,330 --> 00:21:41,880  
the possibilities you know there's

457  
00:21:46,490 --> 00:21:44,340  
hundreds and hundreds of caverns uh

458  
00:21:49,370 --> 00:21:46,500  
caves and Cavern systems running through

459  
00:21:53,450 --> 00:21:49,380  
the mountains that are uh around

460  
00:21:56,870 --> 00:21:53,460  
Afghanistan and those areas are so

461  
00:22:00,049 --> 00:21:56,880  
ancient I mean you're talking about what

462  
00:22:02,330 --> 00:22:00,059  
was told to be possibly origin you know

463  
00:22:05,330 --> 00:22:02,340

near Mesopotamia and things of that

464

00:22:08,890 --> 00:22:05,340

nature very close to that

465

00:22:11,330 --> 00:22:08,900

so I mean is it possible sure

466

00:22:13,850 --> 00:22:11,340

look at all the

467

00:22:15,710 --> 00:22:13,860

creatures that we've found recently you

468

00:22:16,730 --> 00:22:15,720

know after tsunamis and things of that

469

00:22:18,169 --> 00:22:16,740

nature that were supposed to have been

470

00:22:21,649 --> 00:22:18,179

extinct for hundreds of millions of

471

00:22:23,690 --> 00:22:21,659

years and washed up on the shores so is

472

00:22:25,549 --> 00:22:23,700

it possible that

473

00:22:27,470 --> 00:22:25,559

um you know there's underground Cavern

474

00:22:31,310 --> 00:22:27,480

systems that extend throughout the world

475

00:22:34,310 --> 00:22:31,320

oh absolutely you find that here in

476  
00:22:36,649 --> 00:22:34,320  
Arizona where I'm at in New Mexico the

477  
00:22:38,690 --> 00:22:36,659  
caverns run for hundreds of miles with

478  
00:22:41,450 --> 00:22:38,700  
cenotes everywhere that very few people

479  
00:22:44,149 --> 00:22:41,460  
know same up in Utah through the Uintas

480  
00:22:45,830 --> 00:22:44,159  
there's Cavern systems everywhere so I

481  
00:22:49,010 --> 00:22:45,840  
think it would be a really good place to

482  
00:22:52,750 --> 00:22:49,020  
hide or to you know live and create a

483  
00:22:55,850 --> 00:22:52,760  
society elsewhere away from our current

484  
00:23:00,770 --> 00:22:55,860  
civilization so if there was a

485  
00:23:04,610 --> 00:23:00,780  
possibility of uh creature or a human of

486  
00:23:06,669 --> 00:23:04,620  
that size that stature having not been

487  
00:23:09,350 --> 00:23:06,679  
seen or found or

488  
00:23:12,890 --> 00:23:09,360

enculturated into our civilization that

489

00:23:14,570 --> 00:23:12,900

would probably be the best way of you

490

00:23:16,730 --> 00:23:14,580

know being kept out of society was

491

00:23:18,529 --> 00:23:16,740

possibly living underground or in those

492

00:23:20,690 --> 00:23:18,539

Cavern systems

493

00:23:23,090 --> 00:23:20,700

I can't agree more and those cave

494

00:23:25,190 --> 00:23:23,100

systems in northeastern Utah I can

495

00:23:28,669 --> 00:23:25,200

attest I've been in a few of them and

496

00:23:31,130 --> 00:23:28,679

they go for what seems like forever you

497

00:23:34,250 --> 00:23:31,140

get up on the Red Cloud Loop you go down

498

00:23:37,490 --> 00:23:34,260

into the you in a basin from there and

499

00:23:39,830 --> 00:23:37,500

these cave systems just go on and on and

500

00:23:42,110 --> 00:23:39,840

on and many of them they can't find the

501  
00:23:44,930 --> 00:23:42,120  
end of they've tried putting dye into I

502  
00:23:48,830 --> 00:23:44,940  
can attest to all that and I find it

503  
00:23:50,450 --> 00:23:48,840  
really interesting that at least Native

504  
00:23:53,870 --> 00:23:50,460  
American culture

505  
00:23:55,970 --> 00:23:53,880  
and it's mythology or Legend hits

506  
00:23:58,909 --> 00:23:55,980  
history it's oral history

507  
00:24:02,090 --> 00:23:58,919  
says that these Giants were harmful or

508  
00:24:05,270 --> 00:24:02,100  
were at least uh dangerous and would

509  
00:24:08,750 --> 00:24:05,280  
for all intents and purposes attack the

510  
00:24:11,210 --> 00:24:08,760  
tribes so my question is why is it that

511  
00:24:13,610 --> 00:24:11,220  
the pseudo-archeology and you know some

512  
00:24:15,110 --> 00:24:13,620  
of the more controversial claims

513  
00:24:18,710 --> 00:24:15,120

are

514

00:24:20,690 --> 00:24:18,720

so debated among mainstream Scholars the

515

00:24:22,669 --> 00:24:20,700

general public why is it so hard for

516

00:24:24,950 --> 00:24:22,679

people to wrap their heads around the

517

00:24:26,450 --> 00:24:24,960

possibility that some of this may have

518

00:24:28,130 --> 00:24:26,460

took place

519

00:24:30,169 --> 00:24:28,140

well yeah because if you have something

520

00:24:33,010 --> 00:24:30,179

like that it would completely change

521

00:24:36,789 --> 00:24:33,020

what we've been taught in school

522

00:24:39,649 --> 00:24:36,799

Academia would be wrong

523

00:24:41,870 --> 00:24:39,659

anthropologists archaeologists would you

524

00:24:45,049 --> 00:24:41,880

know think that they would look like

525

00:24:48,289 --> 00:24:45,059

like Stooges and they don't they don't

526

00:24:52,130 --> 00:24:48,299

want that they they want to be the ones

527

00:24:54,950 --> 00:24:52,140

that are in control of what's being told

528

00:24:57,409 --> 00:24:54,960

um it's and people have to realize that

529

00:24:59,570 --> 00:24:57,419

you know scientists don't know

530

00:25:02,570 --> 00:24:59,580

everything they like to seem like they

531

00:25:04,190 --> 00:25:02,580

do and they throw a lot of jargon that

532

00:25:06,230 --> 00:25:04,200

very few people understand to make

533

00:25:09,649 --> 00:25:06,240

themselves feel better about themselves

534

00:25:11,330 --> 00:25:09,659

and to you know put the Common Man in

535

00:25:12,169 --> 00:25:11,340

their place or the layperson in their

536

00:25:13,690 --> 00:25:12,179

place

537

00:25:17,330 --> 00:25:13,700

and

538

00:25:19,370 --> 00:25:17,340

they don't want to have that paradigm

539

00:25:22,070 --> 00:25:19,380

shift into what ancient history was

540

00:25:26,390 --> 00:25:22,080

because it's going to shift history for

541

00:25:29,149 --> 00:25:26,400

Humanity for Homo sapiens far far back

542

00:25:31,789 --> 00:25:29,159

compared to what they're saying you know

543

00:25:35,029 --> 00:25:31,799

they're saying that we really suddenly

544

00:25:36,909 --> 00:25:35,039

took off about 5 000 years ago that's a

545

00:25:40,310 --> 00:25:36,919

Croc I mean you're probably talking

546

00:25:42,470 --> 00:25:40,320

hundreds of thousands of years ago would

547

00:25:46,190 --> 00:25:42,480

be a better uh

548

00:25:48,350 --> 00:25:46,200

spot to begin or at least where we you

549

00:25:50,630 --> 00:25:48,360

know suddenly took off and and what our

550

00:25:54,649 --> 00:25:50,640

Creations were and how we thought

551  
00:25:55,850 --> 00:25:54,659  
but yeah um it would alter Academia and

552  
00:25:59,450 --> 00:25:55,860  
you have to remember and I kind of

553  
00:26:01,250 --> 00:25:59,460  
understand that you know these

554  
00:26:04,789 --> 00:26:01,260  
people that work at the universities

555  
00:26:08,090 --> 00:26:04,799  
they run on grant money and they get

556  
00:26:12,169 --> 00:26:08,100  
that grant money from other people in

557  
00:26:15,350 --> 00:26:12,179  
that same uh background who are going to

558  
00:26:18,110 --> 00:26:15,360  
approve you know what they're positing

559  
00:26:21,169 --> 00:26:18,120  
towards uh being looked at being

560  
00:26:23,149 --> 00:26:21,179  
researched and investigated and if it

561  
00:26:25,010 --> 00:26:23,159  
doesn't fit the Paradigm they're not

562  
00:26:26,269 --> 00:26:25,020  
going to get that money and if they

563  
00:26:28,789 --> 00:26:26,279

don't get that money they're not going

564

00:26:31,690 --> 00:26:28,799

to be able to go out and excavate make

565

00:26:35,630 --> 00:26:31,700

new discoveries write a research paper

566

00:26:39,289 --> 00:26:35,640

have it peer-reviewed you know and keep

567

00:26:41,570 --> 00:26:39,299

it within that same box and you know

568

00:26:44,210 --> 00:26:41,580

then you lose your professorship your

569

00:26:47,690 --> 00:26:44,220

tenure and it's just this

570

00:26:50,750 --> 00:26:47,700

the spiraling effect or a domino effect

571

00:26:52,190 --> 00:26:50,760

and I I understand that but at some

572

00:26:52,909 --> 00:26:52,200

point

573

00:26:56,169 --> 00:26:52,919

um

574

00:27:00,590 --> 00:26:56,179

it has to shift and I think

575

00:27:04,010 --> 00:27:00,600

as those older uh

576

00:27:06,890 --> 00:27:04,020

Academia those older professors retire

577

00:27:08,810 --> 00:27:06,900

or pass away I think the younger

578

00:27:11,390 --> 00:27:08,820

Generations are more open to the

579

00:27:14,330 --> 00:27:11,400

possibilities that history is not what

580

00:27:16,789 --> 00:27:14,340

we've been told it's very easy that a

581

00:27:20,090 --> 00:27:16,799

lot of it was lost to Major catastrophic

582

00:27:21,649 --> 00:27:20,100

events which you know we know there was

583

00:27:23,750 --> 00:27:21,659

a massive Deluge throughout the world

584

00:27:27,289 --> 00:27:23,760

that's documented by almost every

585

00:27:28,970 --> 00:27:27,299

freaking culture and civilization you

586

00:27:29,890 --> 00:27:28,980

know so at some point I think it'll

587

00:27:32,930 --> 00:27:29,900

happen

588

00:27:35,769 --> 00:27:32,940

probably within the next 25 years I

589

00:27:39,409 --> 00:27:35,779

think there'll be a big shift as to how

590

00:27:43,010 --> 00:27:39,419

long you know our cultures and societies

591

00:27:44,510 --> 00:27:43,020

have been acting and moving forward the

592

00:27:47,450 --> 00:27:44,520

way that we've been told I think it's

593

00:27:49,750 --> 00:27:47,460

going to be a huge shift a lot farther

594

00:27:52,789 --> 00:27:49,760

back into history

595

00:27:55,330 --> 00:27:52,799

yeah and sadly I have to agree with you

596

00:27:58,610 --> 00:27:55,340

it does seem like a lot of these things

597

00:28:00,409 --> 00:27:58,620

unfortunately bump up against that

598

00:28:02,510 --> 00:28:00,419

Financial

599

00:28:06,230 --> 00:28:02,520

problem you know where money gets

600

00:28:08,690 --> 00:28:06,240

involved and it it's unfortunate because

601  
00:28:10,610 --> 00:28:08,700  
the research in my opinion is so much

602  
00:28:12,289 --> 00:28:10,620  
more important than that and we are kind

603  
00:28:14,269 --> 00:28:12,299  
of busting through there's there's light

604  
00:28:16,630 --> 00:28:14,279  
seeping through these these uh

605  
00:28:19,909 --> 00:28:16,640  
boundaries of uh

606  
00:28:21,950 --> 00:28:19,919  
mainstream historians and that kind of

607  
00:28:25,490 --> 00:28:21,960  
leads me to my next question there are a

608  
00:28:31,190 --> 00:28:25,500  
lot of tales and they may just be tails

609  
00:28:36,049 --> 00:28:31,200  
of major museums AKA uh such as the

610  
00:28:38,810 --> 00:28:36,059  
Smithsonian and others and the stories

611  
00:28:42,769 --> 00:28:38,820  
that I've heard that when things are

612  
00:28:45,649 --> 00:28:42,779  
found of this nature they swoop in with

613  
00:28:48,049 --> 00:28:45,659

agile quickness and kind of shut things

614

00:28:50,330 --> 00:28:48,059

down have you come across anything like

615

00:29:01,909 --> 00:28:53,630

I

616

00:29:02,930 --> 00:29:01,919

museums in the back where a lot of stuff

617

00:29:06,730 --> 00:29:02,940

for

618

00:29:09,890 --> 00:29:06,740

incorrectly categorized and logged and

619

00:29:13,070 --> 00:29:09,900

packaged and forgotten about for 50 60

620

00:29:14,210 --> 00:29:13,080

70 80 years 100 years

621

00:29:16,310 --> 00:29:14,220

um

622

00:29:19,310 --> 00:29:16,320

and

623

00:29:20,630 --> 00:29:19,320

it gets stored in a basement or in a

624

00:29:24,310 --> 00:29:20,640

drawer

625

00:29:28,909 --> 00:29:24,320

and it you know as we moved from

626  
00:29:29,810 --> 00:29:28,919  
cataloging and categorizing in books

627  
00:29:31,970 --> 00:29:29,820  
um

628  
00:29:34,370 --> 00:29:31,980  
into the and moving that onto the

629  
00:29:36,889 --> 00:29:34,380  
computer systems and the software all

630  
00:29:39,710 --> 00:29:36,899  
that was forgotten about and lost

631  
00:29:41,870 --> 00:29:39,720  
so I mean think about that too imagine

632  
00:29:44,210 --> 00:29:41,880  
if we can't keep track of history for 50

633  
00:29:47,330 --> 00:29:44,220  
years or 100 years how are we going to

634  
00:29:48,830 --> 00:29:47,340  
keep track of ancient history you know

635  
00:29:49,850 --> 00:29:48,840  
and

636  
00:29:52,389 --> 00:29:49,860  
um

637  
00:29:55,310 --> 00:29:52,399  
I've also

638  
00:29:58,010 --> 00:29:55,320

there are some people again and we just

639

00:30:02,169 --> 00:29:58,020

kind of discussed about that that don't

640

00:30:03,769 --> 00:30:02,179

want to lose their status

641

00:30:06,649 --> 00:30:03,779

in

642

00:30:09,529 --> 00:30:06,659

um history books or at their University

643

00:30:11,870 --> 00:30:09,539

they don't want things to change

644

00:30:14,750 --> 00:30:11,880

because you know that would

645

00:30:16,730 --> 00:30:14,760

change how they're looked at it would

646

00:30:19,130 --> 00:30:16,740

become yesterday's news

647

00:30:22,549 --> 00:30:19,140

and a lot of them forget now that you

648

00:30:25,070 --> 00:30:22,559

know science is meant to you know be

649

00:30:28,070 --> 00:30:25,080

proven wrong and for the new the new

650

00:30:31,269 --> 00:30:28,080

understanding to come about and that

651  
00:30:34,430 --> 00:30:31,279  
that change is inevitable it's happened

652  
00:30:35,870 --> 00:30:34,440  
as long as we've you know kept track of

653  
00:30:37,250 --> 00:30:35,880  
our history

654  
00:30:39,529 --> 00:30:37,260  
so

655  
00:30:40,909 --> 00:30:39,539  
um in regards to it being done

656  
00:30:44,269 --> 00:30:40,919  
intentionally

657  
00:30:47,990 --> 00:30:44,279  
I I could definitely see why it would be

658  
00:30:50,630 --> 00:30:48,000  
done I I've never personally experienced

659  
00:30:52,370 --> 00:30:50,640  
that so it's just something from you

660  
00:30:56,450 --> 00:30:52,380  
know firsthand knowledge I don't have

661  
00:31:01,190 --> 00:30:56,460  
that understanding of but yeah I mean

662  
00:31:03,230 --> 00:31:01,200  
I I could see you know uh that being

663  
00:31:06,190 --> 00:31:03,240

done uh

664

00:31:09,769 --> 00:31:06,200

whether it was by accident or on purpose

665

00:31:11,990 --> 00:31:09,779

yeah and and I think kind of going back

666

00:31:13,430 --> 00:31:12,000

to uh the the small discussion we had

667

00:31:16,730 --> 00:31:13,440

about the Pope

668

00:31:19,909 --> 00:31:16,740

sporting that Petroglyph depiction of a

669

00:31:23,690 --> 00:31:19,919

giant on his clothing I can't help but

670

00:31:26,510 --> 00:31:23,700

believe that the Vatican archives have

671

00:31:29,330 --> 00:31:26,520

valuable information concerning Giants

672

00:31:32,529 --> 00:31:29,340

at least historically unfortunately it's

673

00:31:36,230 --> 00:31:32,539

unlikely I will ever see that and

674

00:31:38,930 --> 00:31:36,240

speaking of keeping history keeping

675

00:31:41,149 --> 00:31:38,940

journals things of that nature there is

676  
00:31:43,310 --> 00:31:41,159  
a story of a gentleman in Utah named

677  
00:31:47,149 --> 00:31:43,320  
John Brewer who claimed to have

678  
00:31:49,490 --> 00:31:47,159  
discovered this chamber behind a place

679  
00:31:52,909 --> 00:31:49,500  
called Temple Hill in Manti Utah more

680  
00:31:57,110 --> 00:31:52,919  
precisely a hill behind that but

681  
00:32:00,289 --> 00:31:57,120  
he claims that he made repeated returns

682  
00:32:02,690 --> 00:32:00,299  
to this cave and he was shown the cave

683  
00:32:05,210 --> 00:32:02,700  
beforehand from an elderly man named

684  
00:32:07,370 --> 00:32:05,220  
George Keller kellerher visited the

685  
00:32:09,710 --> 00:32:07,380  
chamber in his Youth and he was shown by

686  
00:32:11,630 --> 00:32:09,720  
a local native named Lone Eagle there

687  
00:32:13,310 --> 00:32:11,640  
seems to be an oral tradition and

688  
00:32:17,149 --> 00:32:13,320

verification of that

689

00:32:18,710 --> 00:32:17,159

yet again he had a journal and much like

690

00:32:22,190 --> 00:32:18,720

the whole story

691

00:32:24,950 --> 00:32:22,200

there's Doubt cast upon the entire claim

692

00:32:27,230 --> 00:32:24,960

because he he kept the journal to

693

00:32:29,210 --> 00:32:27,240

himself and he kept it a secret and I

694

00:32:31,190 --> 00:32:29,220

think that shows the importance of

695

00:32:31,970 --> 00:32:31,200

sharing a lot of this knowledge even if

696

00:32:34,130 --> 00:32:31,980

it's

697

00:32:35,930 --> 00:32:34,140

in an oral tradition because a lot of

698

00:32:39,169 --> 00:32:35,940

this gets lost as you said it can be

699

00:32:42,769 --> 00:32:39,179

generation to generation

700

00:32:46,370 --> 00:32:42,779

yeah exactly that's uh

701

00:32:48,649 --> 00:32:46,380

it's an interesting

702

00:32:50,750 --> 00:32:48,659

choice that you chose mantai and

703

00:32:54,370 --> 00:32:50,760

Brewer's cave because that's something

704

00:32:59,149 --> 00:32:54,380

that our team has been looking into

705

00:33:00,110 --> 00:32:59,159

recently and we might have located it

706

00:33:02,389 --> 00:33:00,120

um

707

00:33:06,289 --> 00:33:02,399

and we're working on that right now

708

00:33:11,510 --> 00:33:06,299

we've been underground uh

709

00:33:16,669 --> 00:33:11,520

in Manti and there is a possibility that

710

00:33:19,009 --> 00:33:16,679

it might be what Brewer was doing so

711

00:33:21,830 --> 00:33:19,019

um I I can't go into great detail about

712

00:33:25,009 --> 00:33:21,840

it but I'm hoping you know within the

713

00:33:27,529 --> 00:33:25,019

next year or so that we're maybe able to

714

00:33:28,610 --> 00:33:27,539

make some type of Discovery

715

00:33:31,789 --> 00:33:28,620

um

716

00:33:35,169 --> 00:33:31,799

that goes into the description of this

717

00:33:38,330 --> 00:33:35,179

uh Cave that he had dug into

718

00:33:41,149 --> 00:33:38,340

unfortunately he blew up the original

719

00:33:44,630 --> 00:33:41,159

entrance to keep people from going into

720

00:33:46,549 --> 00:33:44,640

it and then created a different vertical

721

00:33:50,509 --> 00:33:46,559

entrance which is a lot more difficult

722

00:33:52,509 --> 00:33:50,519

to locate and that's kind of the

723

00:33:54,850 --> 00:33:52,519

blockage that we've been coming across

724

00:33:57,769 --> 00:33:54,860

is uh

725

00:34:02,210 --> 00:33:57,779

trying to figure out where that vertical

726

00:34:05,210 --> 00:34:03,950

wow

727

00:34:08,690 --> 00:34:05,220

okay

728

00:34:11,510 --> 00:34:08,700

um kind of not not to pry into that but

729

00:34:15,470 --> 00:34:11,520

kind of delving into

730

00:34:17,270 --> 00:34:15,480

the the mystery surrounding

731

00:34:19,970 --> 00:34:17,280

how they appeared or at least

732

00:34:21,609 --> 00:34:19,980

historically what Native Americans such

733

00:34:25,369 --> 00:34:21,619

as the Paiute

734

00:34:27,589 --> 00:34:25,379

uh described it seems like these Giants

735

00:34:30,889 --> 00:34:27,599

were cannibalistic I mean that the

736

00:34:34,790 --> 00:34:30,899

Paiutes I believe called them the pneuma

737

00:34:36,290 --> 00:34:34,800

tikuta which is means people eaters and

738

00:34:37,970 --> 00:34:36,300

have you come across that in your

739

00:34:40,970 --> 00:34:37,980

research that these were in fact

740

00:34:43,790 --> 00:34:40,980

cannibalistic

741

00:34:45,649 --> 00:34:43,800

so like we had we've touched on it they

742

00:34:48,349 --> 00:34:45,659

were Headhunters and there's a very good

743

00:34:51,470 --> 00:34:48,359

possibility that they were cannibalistic

744

00:34:54,190 --> 00:34:51,480

and remember too that even the Aztec uh

745

00:34:56,990 --> 00:34:54,200

who are the part of the Judo Aztec and

746

00:34:59,810 --> 00:34:57,000

Native Americans which also include the

747

00:35:02,390 --> 00:34:59,820

Paiute and the Shoshone they practice

748

00:35:05,329 --> 00:35:02,400

cannibalism the Aztec who are really the

749

00:35:08,170 --> 00:35:05,339

Kulu on the shika from Tenochtitlan so

750

00:35:11,329 --> 00:35:08,180

we have all these groups you know

751

00:35:13,970 --> 00:35:11,339

what it signifies is a good question

752

00:35:17,030 --> 00:35:13,980

we're not quite sure but yeah there's an

753

00:35:18,349 --> 00:35:17,040

absolute great possibility that they

754

00:35:19,150 --> 00:35:18,359

were

755

00:35:23,089 --> 00:35:19,160

um

756

00:35:27,650 --> 00:35:23,099

also uh you know when you the seat take

757

00:35:30,710 --> 00:35:27,660

car that uh word is a tool either the

758

00:35:33,650 --> 00:35:30,720

tool which is like a reed

759

00:35:35,270 --> 00:35:33,660

um that grows in marshlands and a lot of

760

00:35:38,390 --> 00:35:35,280

people forget that all of Northern

761

00:35:40,849 --> 00:35:38,400

Nevada was a massive Lake that only

762

00:35:45,470 --> 00:35:40,859

recently dried up in the early 1930s

763

00:35:48,650 --> 00:35:45,480

because we dammed up the water so there

764

00:35:51,910 --> 00:35:48,660

were these massive lakes and these tool

765

00:35:56,150 --> 00:35:51,920

people well guess what they were living

766

00:35:59,210 --> 00:35:56,160

on Tool uh boats

767

00:36:04,250 --> 00:35:59,220

out in the lake they were creating tool

768

00:36:08,089 --> 00:36:04,260

duck decoys tools sandals uh which are

769

00:36:12,370 --> 00:36:08,099

in museums in Carson City Nevada

770

00:36:14,870 --> 00:36:12,380

the they match directly with the giants

771

00:36:17,569 --> 00:36:14,880

that are known to live have lived in

772

00:36:20,510 --> 00:36:17,579

South America the same type of

773

00:36:24,230 --> 00:36:20,520

description around Lake Titicaca in Peru

774

00:36:26,750 --> 00:36:24,240

same description in central Mexico and

775

00:36:29,390 --> 00:36:26,760

same description in Europe in such

776  
00:36:33,349 --> 00:36:29,400  
places as Malta where they were creating

777  
00:36:37,010 --> 00:36:33,359  
all these uh instruments out of reeds

778  
00:36:39,170 --> 00:36:37,020  
and that just that goes to tell you that

779  
00:36:41,990 --> 00:36:39,180  
this is a worldwide event not uh

780  
00:36:46,970 --> 00:36:42,000  
localized and it's been suppressed

781  
00:36:48,710 --> 00:36:46,980  
forgotten about lost cataclysmic events

782  
00:36:51,410 --> 00:36:48,720  
um but it just goes to tell you that

783  
00:36:54,290 --> 00:36:51,420  
maybe including the cannibalism or the

784  
00:36:56,930 --> 00:36:54,300  
head hunting that these were widespread

785  
00:36:58,609 --> 00:36:56,940  
and not localized to just Nevada and

786  
00:37:01,069 --> 00:36:58,619  
Utah

787  
00:37:02,450 --> 00:37:01,079  
this is fascinating and you know the

788  
00:37:06,109 --> 00:37:02,460

descriptions

789

00:37:10,130 --> 00:37:06,119

you hear red hair multiple rows of teeth

790

00:37:13,790 --> 00:37:10,140

and I mean abstractly even in today's

791

00:37:15,829 --> 00:37:13,800

age we have individuals or people who

792

00:37:19,030 --> 00:37:15,839

have a genetic background of

793

00:37:21,829 --> 00:37:19,040

supernumerary teeth and it seems to be

794

00:37:24,410 --> 00:37:21,839

characterized by an excessive number of

795

00:37:26,290 --> 00:37:24,420

teeth in relation to the normal amount

796

00:37:29,329 --> 00:37:26,300

that should be in your mouth

797

00:37:31,670 --> 00:37:29,339

there are some scientific uh

798

00:37:33,710 --> 00:37:31,680

explanations of this but it could be

799

00:37:36,770 --> 00:37:33,720

genetic and

800

00:37:39,349 --> 00:37:36,780

it brings me to the fact that they were

801  
00:37:42,670 --> 00:37:39,359  
described as having for the most part

802  
00:37:47,810 --> 00:37:42,680  
red hair multiple rows of teeth

803  
00:37:50,329 --> 00:37:47,820  
I've even heard of more one extra digit

804  
00:37:53,089 --> 00:37:50,339  
um anything come to mind as far as

805  
00:37:55,310 --> 00:37:53,099  
descriptions in the oral Traditions that

806  
00:37:58,130 --> 00:37:55,320  
kind of stand out

807  
00:38:01,089 --> 00:37:58,140  
sure so yeah you you know you hit it

808  
00:38:03,490 --> 00:38:01,099  
right on the head they were supposedly

809  
00:38:07,370 --> 00:38:03,500  
polydactly so they had

810  
00:38:09,950 --> 00:38:07,380  
six digits on their hands a lot of them

811  
00:38:12,710 --> 00:38:09,960  
had six digits on their feet

812  
00:38:15,230 --> 00:38:12,720  
you can even one history book that a lot

813  
00:38:17,870 --> 00:38:15,240

of people believe in the Bible goes back

814

00:38:21,109 --> 00:38:17,880

to tell that these people of Raza the

815

00:38:25,250 --> 00:38:21,119

the their genealogy goes back to Raza

816

00:38:28,190 --> 00:38:25,260

including uh Goliath had 24 digits total

817

00:38:30,170 --> 00:38:28,200

you know and

818

00:38:33,050 --> 00:38:30,180

um a lot of them were Auburn here which

819

00:38:36,349 --> 00:38:33,060

is very close to red-haired uh in

820

00:38:40,250 --> 00:38:36,359

regards to the the teeth I've I've never

821

00:38:43,430 --> 00:38:40,260

seen dentition or a mandible personally

822

00:38:44,569 --> 00:38:43,440

in order to you know be able to say yeah

823

00:38:47,569 --> 00:38:44,579

um

824

00:38:49,550 --> 00:38:47,579

I I've come across this but in the oral

825

00:38:53,210 --> 00:38:49,560

tradition like you're asking

826  
00:38:54,770 --> 00:38:53,220  
yeah they these people of great stature

827  
00:38:57,290 --> 00:38:54,780  
some of them

828  
00:39:00,730 --> 00:38:57,300  
um had these extra digits they had they

829  
00:39:05,150 --> 00:39:00,740  
were over seven feet tall they had

830  
00:39:09,349 --> 00:39:05,160  
the ability or to eat humans there's a

831  
00:39:11,810 --> 00:39:09,359  
lot of oral tradition with the ute

832  
00:39:14,750 --> 00:39:11,820  
um specific that they've actually now

833  
00:39:19,849 --> 00:39:14,760  
logged into books about talking about

834  
00:39:22,730 --> 00:39:19,859  
having to stop this large individual

835  
00:39:24,170 --> 00:39:22,740  
that was eating all the youth uh he and

836  
00:39:27,650 --> 00:39:24,180  
his two wives

837  
00:39:28,430 --> 00:39:27,660  
and it took a big sword to cut his head

838  
00:39:30,069 --> 00:39:28,440

off

839

00:39:33,170 --> 00:39:30,079

which is another

840

00:39:34,849 --> 00:39:33,180

interesting thing too because I don't

841

00:39:37,250 --> 00:39:34,859

remember

842

00:39:38,569 --> 00:39:37,260

um the Ute having swords but it's in

843

00:39:40,310 --> 00:39:38,579

that tradition and it could have been it

844

00:39:41,569 --> 00:39:40,320

might have been a different or a similar

845

00:39:43,490 --> 00:39:41,579

type weapon

846

00:39:44,569 --> 00:39:43,500

to it but that was how the translation

847

00:39:49,250 --> 00:39:44,579

went

848

00:39:52,069 --> 00:39:49,260

so yeah it's just it comes back to all

849

00:39:55,430 --> 00:39:52,079

these similarities uh you know whether

850

00:39:58,569 --> 00:39:55,440

you be in the Mesoamerican area or South

851  
00:40:02,030 --> 00:39:58,579  
America here in the desert Southwest

852  
00:40:03,950 --> 00:40:02,040  
and it really makes you you know stop it

853  
00:40:07,430 --> 00:40:03,960  
and wonder what was going on it's just

854  
00:40:09,710 --> 00:40:07,440  
really cool it is so cool because I

855  
00:40:13,609 --> 00:40:09,720  
think there's just enough out there that

856  
00:40:15,950 --> 00:40:13,619  
this is something that cannot be avoided

857  
00:40:19,370 --> 00:40:15,960  
or completely neglected especially when

858  
00:40:21,770 --> 00:40:19,380  
you hear stories such as Brewer's cave

859  
00:40:25,010 --> 00:40:21,780  
which is fairly recent or the Kandahar

860  
00:40:27,290 --> 00:40:25,020  
giant again fairly recent This lends

861  
00:40:31,010 --> 00:40:27,300  
Credence to the fact that there could

862  
00:40:33,530 --> 00:40:31,020  
still be some of these Giants living in

863  
00:40:36,530 --> 00:40:33,540

various parts of the world and you know

864

00:40:39,710 --> 00:40:36,540

an archaic Legend uh recounts that the

865

00:40:42,230 --> 00:40:39,720

Giza Pyramids may have been built by a

866

00:40:46,849 --> 00:40:42,240

race of Giants and it was shared in a

867

00:40:49,550 --> 00:40:46,859

lecture by Freemason manly P hall and

868

00:40:52,790 --> 00:40:49,560

giantologist Kristen T Harris and they

869

00:40:55,250 --> 00:40:52,800

put it in a YouTube video and I think

870

00:40:58,870 --> 00:40:55,260

the lecture was Atlantis and the gods of

871

00:41:02,210 --> 00:40:58,880

antiquity have you come across any other

872

00:41:05,770 --> 00:41:02,220

myth legend or stories of giants

873

00:41:08,510 --> 00:41:05,780

building things such as Mounds in Ohio

874

00:41:10,190 --> 00:41:08,520

or other parts of the United States or

875

00:41:13,250 --> 00:41:10,200

the world

876

00:41:17,450 --> 00:41:13,260

as a matter of fact yes pyramid of

877

00:41:20,870 --> 00:41:17,460

Cholula in Mexico just outside of Mexico

878

00:41:23,089 --> 00:41:20,880

City was said to have been built or at

879

00:41:26,329 --> 00:41:23,099

least directed by one of Seven Brothers

880

00:41:28,750 --> 00:41:26,339

of seven giants that survived the major

881

00:41:32,329 --> 00:41:28,760

the last major deluge

882

00:41:34,970 --> 00:41:32,339

and the other brothers uh have been

883

00:41:38,150 --> 00:41:34,980

traced back to possibly having helped

884

00:41:43,010 --> 00:41:38,160

build or been part of the Architects

885

00:41:45,530 --> 00:41:43,020

that design uh teotewakan so you have

886

00:41:49,849 --> 00:41:45,540

the uh

887

00:41:54,470 --> 00:41:49,859

Toltec and the Aztec and other different

888

00:41:56,810 --> 00:41:54,480

uh older cultures and civilizations that

889

00:41:58,849 --> 00:41:56,820

specifically said yes it was these Seven

890

00:42:00,010 --> 00:41:58,859

Brothers of great size they were the

891

00:42:05,510 --> 00:42:00,020

Giants

892

00:42:07,910 --> 00:42:05,520

that built the largest pyramid in the

893

00:42:10,490 --> 00:42:07,920

world which is the Pyramid of Cholula by

894

00:42:13,250 --> 00:42:10,500

volume it's twice the size of the Great

895

00:42:14,990 --> 00:42:13,260

Pyramid of Giza

896

00:42:17,089 --> 00:42:15,000

wow

897

00:42:19,490 --> 00:42:17,099

yeah I mean you would think you know

898

00:42:23,150 --> 00:42:19,500

even if even on the lower end if you had

899

00:42:26,589 --> 00:42:23,160

if you had men in the seven to nine foot

900

00:42:30,109 --> 00:42:26,599

range you can only imagine the

901  
00:42:32,210 --> 00:42:30,119  
musculoskeletal ability to move things

902  
00:42:35,390 --> 00:42:32,220  
around and build things

903  
00:42:38,270 --> 00:42:35,400  
and uh there have been accounts of the

904  
00:42:40,430 --> 00:42:38,280  
Giants being even larger than that what

905  
00:42:43,069 --> 00:42:40,440  
have you come across in your research as

906  
00:42:45,410 --> 00:42:43,079  
far as some of the sizes have you heard

907  
00:42:47,210 --> 00:42:45,420  
of what's the biggest you've heard of I

908  
00:42:51,170 --> 00:42:47,220  
guess is my question

909  
00:42:53,810 --> 00:42:51,180  
oh gosh when I went uh up to Reno

910  
00:42:56,329 --> 00:42:53,820  
um to the the museum up there to go

911  
00:42:59,150 --> 00:42:56,339  
through JT reads

912  
00:43:03,770 --> 00:42:59,160  
um he had 65 boxes

913  
00:43:06,890 --> 00:43:03,780

of documentation and articles uh that he

914

00:43:08,809 --> 00:43:06,900

had kept and he was obsessed with the

915

00:43:11,930 --> 00:43:08,819

site car and those that were out of

916

00:43:15,410 --> 00:43:11,940

Lovelock cave he said he'd actually seen

917

00:43:16,849 --> 00:43:15,420

several of the the larger mummies

918

00:43:20,290 --> 00:43:16,859

um that had come out while they were

919

00:43:22,430 --> 00:43:20,300

mining um the bat guano in the cave

920

00:43:23,569 --> 00:43:22,440

and uh

921

00:43:26,750 --> 00:43:23,579

he

922

00:43:29,150 --> 00:43:26,760

if you're talking 65 Banker boxes of

923

00:43:32,450 --> 00:43:29,160

information and I only went through six

924

00:43:34,730 --> 00:43:32,460

of those boxes and it took days but I

925

00:43:35,770 --> 00:43:34,740

mean he was documenting even using a lot

926  
00:43:40,910 --> 00:43:35,780  
of map

927  
00:43:42,170 --> 00:43:40,920  
in his diagrams of up to 12 13 feet that

928  
00:43:46,069 --> 00:43:42,180  
were being found and believe it or not

929  
00:43:47,390 --> 00:43:46,079  
in California most of these were the the

930  
00:43:49,569 --> 00:43:47,400  
larger ones were being found in

931  
00:43:51,890 --> 00:43:49,579  
California which again goes to other

932  
00:43:53,809 --> 00:43:51,900  
stories and traditions that they had

933  
00:43:56,750 --> 00:43:53,819  
actually taken over the Channel Islands

934  
00:43:58,670 --> 00:43:56,760  
off of the uh coast of California around

935  
00:44:00,109 --> 00:43:58,680  
Santa Barbara that they were all out

936  
00:44:02,870 --> 00:44:00,119  
there

937  
00:44:05,210 --> 00:44:02,880  
um and even the schumach talk about not

938  
00:44:07,190 --> 00:44:05,220

just seeing these these people of great

939

00:44:09,410 --> 00:44:07,200

stature but the shumash also saw a lot

940

00:44:11,170 --> 00:44:09,420

of things in the air in their

941

00:44:13,550 --> 00:44:11,180

pictographs which are probably the most

942

00:44:16,910 --> 00:44:13,560

beautiful pictographs I've ever seen in

943

00:44:21,109 --> 00:44:16,920

my life they seem to have seen a lot of

944

00:44:23,210 --> 00:44:21,119

activity involving UAP was that part of

945

00:44:26,510 --> 00:44:23,220

the Giants I don't know but they were

946

00:44:28,730 --> 00:44:26,520

logging them together so I'm not quite

947

00:44:32,030 --> 00:44:28,740

sure what to make out of that

948

00:44:35,030 --> 00:44:32,040

but uh yeah I mean it it's it's

949

00:44:37,309 --> 00:44:35,040

incredible so probably about 12 to 13

950

00:44:40,130 --> 00:44:37,319

feet but here's something that's really

951  
00:44:41,809 --> 00:44:40,140  
kind of cool is when the Conquistadors

952  
00:44:44,329 --> 00:44:41,819  
the Spaniards were traveling through the

953  
00:44:47,030 --> 00:44:44,339  
desert Southwest they

954  
00:44:50,329 --> 00:44:47,040  
on many occasions kept coming across

955  
00:44:52,790 --> 00:44:50,339  
these people of great stature that were

956  
00:44:54,829 --> 00:44:52,800  
over seven feet tall they averaged the

957  
00:44:57,290 --> 00:44:54,839  
women averaged about six foot six and

958  
00:44:59,930 --> 00:44:57,300  
the men were over seven feet that

959  
00:45:02,510 --> 00:44:59,940  
commonly had red hair auburn hair and

960  
00:45:05,329 --> 00:45:02,520  
blonde hair and

961  
00:45:08,050 --> 00:45:05,339  
um so I had gone last uh

962  
00:45:11,569 --> 00:45:08,060  
summer to Mexico City to go to the

963  
00:45:14,569 --> 00:45:11,579

anthropology Museum to go through the

964

00:45:17,210 --> 00:45:14,579

the journals of these conquistadors and

965

00:45:20,450 --> 00:45:17,220

unfortunately they've been moved to the

966

00:45:23,030 --> 00:45:20,460

Museum of the Americas in Madrid Spain

967

00:45:25,510 --> 00:45:23,040

so my wife and I plan on heading out

968

00:45:29,450 --> 00:45:25,520

there hopefully in November of this year

969

00:45:31,849 --> 00:45:29,460

once we're able to confirm access to

970

00:45:33,470 --> 00:45:31,859

those journals with the anthropologists

971

00:45:36,710 --> 00:45:33,480

that's in charge of them

972

00:45:39,290 --> 00:45:36,720

wow that would be great and it's it's so

973

00:45:43,069 --> 00:45:39,300

interesting it's just so interesting how

974

00:45:46,309 --> 00:45:43,079

these cultural myths lend so much

975

00:45:49,130 --> 00:45:46,319

Credence to this and you know Legends

976

00:45:52,190 --> 00:45:49,140

and myths are something that thrive

977

00:45:55,790 --> 00:45:52,200

among the culture in the Solomon Islands

978

00:45:59,210 --> 00:45:55,800

but uh possibly the most captivating are

979

00:46:02,349 --> 00:45:59,220

the stories of giants who may still live

980

00:46:05,089 --> 00:46:02,359

deep within the jungles of Guadalcanal

981

00:46:08,750 --> 00:46:05,099

and what do you think

982

00:46:12,109 --> 00:46:08,760

is the likelihood that Giants may still

983

00:46:15,589 --> 00:46:12,119

exist on our planet today

984

00:46:16,550 --> 00:46:15,599

I would love for that to you know be the

985

00:46:19,309 --> 00:46:16,560

case

986

00:46:21,050 --> 00:46:19,319

um like I said that there's so much that

987

00:46:24,170 --> 00:46:21,060

we just don't quite understand what's

988

00:46:27,470 --> 00:46:24,180

below us underneath our feet

989

00:46:29,390 --> 00:46:27,480

um you know a big part of my uh research

990

00:46:31,550 --> 00:46:29,400

and investigation is using a lot of

991

00:46:33,290 --> 00:46:31,560

non-invasive

992

00:46:35,690 --> 00:46:33,300

um techniques like ground penetrating

993

00:46:38,630 --> 00:46:35,700

radar 3D ground imaging to see what's

994

00:46:40,670 --> 00:46:38,640

below there and I always tell people you

995

00:46:43,130 --> 00:46:40,680

know they go oh it's it's impossible for

996

00:46:45,410 --> 00:46:43,140

that but think about it every year it

997

00:46:47,450 --> 00:46:45,420

seems in New Mexico the cavern systems

998

00:46:49,910 --> 00:46:47,460

that they're tracking grow by six to 11

999

00:46:52,430 --> 00:46:49,920

miles because they they find an area of

1000

00:46:54,890 --> 00:46:52,440

it that had collapsed they open it up

1001

00:46:58,069 --> 00:46:54,900

and here's another nine miles of caverns

1002

00:47:00,470 --> 00:46:58,079

uh and it grows and it grows and it

1003

00:47:02,990 --> 00:47:00,480

grows and you hear the stories of the

1004

00:47:05,329 --> 00:47:03,000

Apache Indians you know getting away

1005

00:47:07,069 --> 00:47:05,339

from the U.S Cavalry in Arizona and

1006

00:47:09,470 --> 00:47:07,079

popping up days later in New Mexico

1007

00:47:11,569 --> 00:47:09,480

without ever having been seen and that

1008

00:47:13,550 --> 00:47:11,579

they're joking and making fun of them

1009

00:47:15,290 --> 00:47:13,560

because they use the underground Cavern

1010

00:47:18,470 --> 00:47:15,300

system to get away from them all the

1011

00:47:20,950 --> 00:47:18,480

time and then you know I've personally

1012

00:47:24,470 --> 00:47:20,960

been in you into mountains underground

1013

00:47:26,870 --> 00:47:24,480

where once you get about three tenths or

1014

00:47:29,630 --> 00:47:26,880

four tenths of a mile there's a massive

1015

00:47:31,430 --> 00:47:29,640

underground Lake a lake

1016

00:47:33,829 --> 00:47:31,440

that you have to Traverse to get into

1017

00:47:37,069 --> 00:47:33,839

the next Cavern system and only a couple

1018

00:47:40,190 --> 00:47:37,079

scuba divers have done it so far so yeah

1019

00:47:43,010 --> 00:47:40,200

I mean you know I mean look at where

1020

00:47:45,230 --> 00:47:43,020

what we're discovering these new cores

1021

00:47:47,089 --> 00:47:45,240

of iron and things that we didn't know

1022

00:47:49,130 --> 00:47:47,099

exist or thought existed so it's

1023

00:47:50,650 --> 00:47:49,140

absolutely possible at least I believe

1024

00:47:54,829 --> 00:47:50,660

it's possible

1025

00:47:56,690 --> 00:47:54,839

yeah I I I believe it is too I think uh

1026  
00:47:59,270 --> 00:47:56,700  
you know once you've seen these Cavern

1027  
00:48:03,109 --> 00:47:59,280  
systems in Central America South America

1028  
00:48:05,450 --> 00:48:03,119  
and around in Mexico it's it's

1029  
00:48:07,069 --> 00:48:05,460  
phenomenal and many of them as you

1030  
00:48:10,609 --> 00:48:07,079  
mentioned have water I mean they've got

1031  
00:48:14,210 --> 00:48:10,619  
everything you need to survive they go

1032  
00:48:16,970 --> 00:48:14,220  
for long distances even in in the uine

1033  
00:48:19,930 --> 00:48:16,980  
Basin of Utah we've we've discussed this

1034  
00:48:24,829 --> 00:48:19,940  
and I think it's interesting because

1035  
00:48:29,630 --> 00:48:24,839  
there are yearly a number of reports

1036  
00:48:32,750 --> 00:48:29,640  
that are including Giants uaps UFOs

1037  
00:48:34,430 --> 00:48:32,760  
and the NSA has a list of these and the

1038  
00:48:36,890 --> 00:48:34,440

NSA reports to the president's

1039

00:48:39,829 --> 00:48:36,900

intelligence oversight board and there

1040

00:48:41,990 --> 00:48:39,839

is a number of these yearly that come

1041

00:48:46,130 --> 00:48:42,000

through whether people believe that

1042

00:48:48,829 --> 00:48:46,140

these may be Bigfoot UFOs uaps Etc what

1043

00:48:52,309 --> 00:48:48,839

are your thoughts kind of going into the

1044

00:48:56,630 --> 00:48:52,319

UAP Arena if there is a correlation

1045

00:49:00,950 --> 00:48:56,640

between these two what might it be

1046

00:49:02,470 --> 00:49:00,960

yeah you know that's just it's a hard

1047

00:49:03,710 --> 00:49:02,480

question to answer in

1048

00:49:07,309 --> 00:49:03,720

[Music]

1049

00:49:09,710 --> 00:49:07,319

in a small amount of words I I think the

1050

00:49:11,930 --> 00:49:09,720

there's multiple possibilities and then

1051

00:49:16,430 --> 00:49:11,940

we start really getting into a

1052

00:49:21,530 --> 00:49:16,440

completely different uh topic of

1053

00:49:23,530 --> 00:49:21,540

um these possible gaps in our spatial

1054

00:49:27,650 --> 00:49:23,540

and temporal field

1055

00:49:30,470 --> 00:49:27,660

that are very possible when you go into

1056

00:49:32,450 --> 00:49:30,480

the physics of it through uh you know

1057

00:49:35,089 --> 00:49:32,460

electron diffusion regions and things of

1058

00:49:37,730 --> 00:49:35,099

that nature where there may very well be

1059

00:49:39,349 --> 00:49:37,740

a possibility that there's spatial and

1060

00:49:42,410 --> 00:49:39,359

temporal differences in certain

1061

00:49:44,450 --> 00:49:42,420

locations and it's not just one or two

1062

00:49:47,569 --> 00:49:44,460

but there's multiple areas in the world

1063

00:49:52,309 --> 00:49:47,579

that appear to have this and those in

1064

00:49:55,609 --> 00:49:52,319

the past understood them and knew how to

1065

00:49:57,490 --> 00:49:55,619

interact with them uh whether that was

1066

00:50:01,490 --> 00:49:57,500

through

1067

00:50:04,130 --> 00:50:01,500

fasting and altering of frequency and

1068

00:50:07,069 --> 00:50:04,140

vibration through the use of musical

1069

00:50:09,050 --> 00:50:07,079

instruments and chanting or they use

1070

00:50:10,630 --> 00:50:09,060

technology that we're not aware of and

1071

00:50:13,190 --> 00:50:10,640

has been lost

1072

00:50:16,190 --> 00:50:13,200

there appear to be these locations in

1073

00:50:20,150 --> 00:50:19,010

you're able to alter that spatial and

1074

00:50:22,790 --> 00:50:20,160

temporal field

1075

00:50:25,190 --> 00:50:22,800

and if you want to I mean a lot of

1076  
00:50:27,470 --> 00:50:25,200  
people are gonna say it and I'll use the

1077  
00:50:30,050 --> 00:50:27,480  
word a portal you know an

1078  
00:50:33,170 --> 00:50:30,060  
interdimensional portal or a Gateway a

1079  
00:50:35,510 --> 00:50:33,180  
way of traveling I'm not sure how it

1080  
00:50:38,569 --> 00:50:35,520  
takes place or if there's multiple

1081  
00:50:40,849 --> 00:50:38,579  
possibilities of how that occurs

1082  
00:50:43,910 --> 00:50:40,859  
but

1083  
00:50:46,010 --> 00:50:43,920  
if you think about someone else having

1084  
00:50:48,650 --> 00:50:46,020  
that capability or that technology or

1085  
00:50:51,230 --> 00:50:48,660  
that knowledge of knowing how to do this

1086  
00:50:53,630 --> 00:50:51,240  
you know why can't they come in and out

1087  
00:50:55,849 --> 00:50:53,640  
of where we are you know people always

1088  
00:50:58,069 --> 00:50:55,859

say the Bigfoot's there and you've never

1089

00:51:00,650 --> 00:50:58,079

been able to get a photo or a video or

1090

00:51:03,049 --> 00:51:00,660

see it maybe because we're sharing

1091

00:51:05,390 --> 00:51:03,059

you know space with it but not the right

1092

00:51:06,650 --> 00:51:05,400

time or the right time but not the right

1093

00:51:09,410 --> 00:51:06,660

space

1094

00:51:10,790 --> 00:51:09,420

and that's why I'm saying that this is a

1095

00:51:12,829 --> 00:51:10,800

topic and a

1096

00:51:15,049 --> 00:51:12,839

the discussion that could go on for

1097

00:51:16,910 --> 00:51:15,059

hours and hours because it's so rich in

1098

00:51:19,370 --> 00:51:16,920

detail especially when you bring the

1099

00:51:22,190 --> 00:51:19,380

possibility through physics and the math

1100

00:51:24,049 --> 00:51:22,200

that it's absolutely possible you know

1101  
00:51:26,109 --> 00:51:24,059  
and you got to discuss two Dimension

1102  
00:51:28,849 --> 00:51:26,119  
three dimension and

1103  
00:51:31,370 --> 00:51:28,859  
higher Dimensions that if something was

1104  
00:51:35,809 --> 00:51:31,380  
of a higher dimensional vibration

1105  
00:51:39,170 --> 00:51:35,819  
frequency or uh physical Mass we would

1106  
00:51:41,390 --> 00:51:39,180  
interact with it but maybe on those rare

1107  
00:51:43,730 --> 00:51:41,400  
occasions where it bends into our

1108  
00:51:46,790 --> 00:51:43,740  
three-dimensional world and we see these

1109  
00:51:50,030 --> 00:51:46,800  
shadow figures or we see a UAP

1110  
00:51:52,549 --> 00:51:50,040  
and then we have to think you know

1111  
00:51:56,150 --> 00:51:52,559  
think out of the box why does a UAP have

1112  
00:51:58,549 --> 00:51:56,160  
to be a vehicle you know we use

1113  
00:52:01,069 --> 00:51:58,559

telescopes to see from our planet to

1114

00:52:04,250 --> 00:52:01,079

other planets and there's a lens on both

1115

00:52:07,430 --> 00:52:04,260

ends right so why can't what we think is

1116

00:52:09,650 --> 00:52:07,440

a UF UAP this round ball not be a

1117

00:52:11,990 --> 00:52:09,660

three-dimensional telescope where

1118

00:52:14,809 --> 00:52:12,000

something's looking at one end that's

1119

00:52:17,450 --> 00:52:14,819

three-dimensional that's a ball and it's

1120

00:52:20,150 --> 00:52:17,460

traversing through space and time uh

1121

00:52:21,710 --> 00:52:20,160

whether that be a tunnel uh that's

1122

00:52:24,230 --> 00:52:21,720

created but on the other end is another

1123

00:52:28,190 --> 00:52:24,240

round ball that pops into our

1124

00:52:29,930 --> 00:52:28,200

our space and we see it as a light uh or

1125

00:52:31,910 --> 00:52:29,940

a an orb

1126

00:52:34,370 --> 00:52:31,920

and it's not just a telescope that

1127

00:52:37,130 --> 00:52:34,380

somebody's kind of you know looking in

1128

00:52:41,510 --> 00:52:37,140

on us and seeing what we're doing so I I

1129

00:52:43,609 --> 00:52:41,520

think the possibilities for so much

1130

00:52:47,930 --> 00:52:43,619

interaction between what people consider

1131

00:52:50,089 --> 00:52:47,940

a Cryptid or Giants or UFOs or the new

1132

00:52:51,829 --> 00:52:50,099

you know the this unidentified aerial

1133

00:52:52,809 --> 00:52:51,839

phenomena

1134

00:52:56,329 --> 00:52:52,819

um

1135

00:52:59,030 --> 00:52:56,339

it's a matter of understanding is it

1136

00:53:01,130 --> 00:52:59,040

metaphysical is a physical there's just

1137

00:53:03,109 --> 00:53:01,140

too many possibilities I mean it'd be a

1138

00:53:06,109 --> 00:53:03,119

great discussion to have over a three or

1139

00:53:09,170 --> 00:53:06,119

four hour podcast yeah and you know I

1140

00:53:11,690 --> 00:53:09,180

couldn't agree more I'm so mesmerized by

1141

00:53:14,390 --> 00:53:11,700

that gray area in between that you're

1142

00:53:17,510 --> 00:53:14,400

talking about and you know the idea of

1143

00:53:20,030 --> 00:53:17,520

plasma intelligences and theories of

1144

00:53:23,809 --> 00:53:20,040

panspermia and I think that it could be

1145

00:53:26,750 --> 00:53:23,819

evidence that UFOs Nephilim and you know

1146

00:53:29,750 --> 00:53:26,760

to get into semantics even angels in

1147

00:53:31,010 --> 00:53:29,760

ancient scripture that these could all

1148

00:53:34,370 --> 00:53:31,020

be

1149

00:53:38,089 --> 00:53:34,380

elements that were actually something

1150

00:53:40,250 --> 00:53:38,099

alien to what we consider reality and I

1151  
00:53:43,309 --> 00:53:40,260  
don't mean alien in Little Green Men I

1152  
00:53:45,589 --> 00:53:43,319  
don't want to misinterpret that but kind

1153  
00:53:49,609 --> 00:53:45,599  
of uh along those same lines I think

1154  
00:53:52,069 --> 00:53:49,619  
it's super interesting how

1155  
00:53:54,950 --> 00:53:52,079  
you know the genetics of it

1156  
00:53:58,130 --> 00:53:54,960  
does seem to quantify the possibility

1157  
00:54:01,010 --> 00:53:58,140  
that there was possibly

1158  
00:54:02,510 --> 00:54:01,020  
some manipulation genetically as you

1159  
00:54:05,510 --> 00:54:02,520  
mentioned that man has been around

1160  
00:54:08,690 --> 00:54:05,520  
longer than many historians believe he

1161  
00:54:10,730 --> 00:54:08,700  
was and you know I just think of that

1162  
00:54:12,589 --> 00:54:10,740  
girl I can't remember her name back in

1163  
00:54:14,750 --> 00:54:12,599

2010 and how she

1164

00:54:17,510 --> 00:54:14,760

how she came forward and described how

1165

00:54:19,609 --> 00:54:17,520

all U.S presidents were related I think

1166

00:54:21,470 --> 00:54:19,619

all except for Martin Van Buren I can't

1167

00:54:25,370 --> 00:54:21,480

remember exactly but they were all

1168

00:54:27,049 --> 00:54:25,380

related to King John of England and many

1169

00:54:29,089 --> 00:54:27,059

of the scientists came forward and said

1170

00:54:32,270 --> 00:54:29,099

well yeah but this isn't a conspiracy

1171

00:54:34,309 --> 00:54:32,280

necessarily because mankind came

1172

00:54:35,990 --> 00:54:34,319

literally from one couple and that just

1173

00:54:39,049 --> 00:54:36,000

kind of leads us down the rabbit hole

1174

00:54:42,130 --> 00:54:39,059

what are your thoughts about that do you

1175

00:54:45,589 --> 00:54:42,140

think there may have been whether Cosmic

1176  
00:54:47,990 --> 00:54:45,599  
Divine or on some level alien some kind

1177  
00:54:49,730 --> 00:54:48,000  
of genetic manipulation to mankind at

1178  
00:54:52,490 --> 00:54:49,740  
some point

1179  
00:54:54,049 --> 00:54:52,500  
I think it's possible I mean you know

1180  
00:54:56,089 --> 00:54:54,059  
how is it that out of millions and

1181  
00:54:58,430 --> 00:54:56,099  
millions of species on this planet were

1182  
00:55:03,049 --> 00:54:58,440  
the only ones that are capable of of

1183  
00:55:05,809 --> 00:55:03,059  
thinking and and doing what we do you

1184  
00:55:09,950 --> 00:55:05,819  
know it it's mind-boggling how that's

1185  
00:55:12,950 --> 00:55:09,960  
even possible that only one one species

1186  
00:55:15,650 --> 00:55:12,960  
homo sapien sapien was capable of that I

1187  
00:55:17,829 --> 00:55:15,660  
just I I don't believe it I don't I

1188  
00:55:20,089 --> 00:55:17,839

don't think

1189

00:55:22,670 --> 00:55:20,099

mathematically that that's even possible

1190

00:55:24,770 --> 00:55:22,680

it shouldn't have occurred so could

1191

00:55:26,930 --> 00:55:24,780

there have been manipulation yeah I mean

1192

00:55:29,510 --> 00:55:26,940

you know if there was something of

1193

00:55:34,069 --> 00:55:29,520

Greater intelligence that you know

1194

00:55:36,770 --> 00:55:34,079

spliced with uh a hominid to create us I

1195

00:55:39,230 --> 00:55:36,780

think that's a great possibility that

1196

00:55:41,870 --> 00:55:39,240

should be researched and investigated at

1197

00:55:45,290 --> 00:55:41,880

the academic level and not laughed out

1198

00:55:49,010 --> 00:55:45,300

and just considered pseudoscience

1199

00:55:51,349 --> 00:55:49,020

yeah it is man it's such a it's such an

1200

00:55:53,750 --> 00:55:51,359

awesome and interesting rabbit hole

1201  
00:55:55,430 --> 00:55:53,760  
because you know what comes to mind not

1202  
00:55:57,470 --> 00:55:55,440  
bringing it back to the Basin but it

1203  
00:56:00,109 --> 00:55:57,480  
seems like all roads do lead to the you

1204  
00:56:03,670 --> 00:56:00,119  
in a basin in some way shape or form and

1205  
00:56:07,609 --> 00:56:03,680  
I'm reminded of the crispr technologies

1206  
00:56:10,849 --> 00:56:07,619  
that are being uh funded and looked into

1207  
00:56:13,670 --> 00:56:10,859  
by Brandon fugel when it comes to the

1208  
00:56:15,049 --> 00:56:13,680  
woolly mammoth and you know I just think

1209  
00:56:17,089 --> 00:56:15,059  
to myself

1210  
00:56:19,790 --> 00:56:17,099  
you know what are the possibilities if

1211  
00:56:23,150 --> 00:56:19,800  
we were to go extinct yet we were able

1212  
00:56:26,270 --> 00:56:23,160  
to bring back this creature that the

1213  
00:56:28,190 --> 00:56:26,280

future you know might be held in the

1214

00:56:30,710 --> 00:56:28,200

realm of something that we genetically

1215

00:56:32,990 --> 00:56:30,720

modified and yet it takes the Helm of

1216

00:56:35,870 --> 00:56:33,000

our reality and I don't know there's

1217

00:56:38,089 --> 00:56:35,880

just there's so much and so so many so

1218

00:56:39,829 --> 00:56:38,099

many places we could go with that I

1219

00:56:42,290 --> 00:56:39,839

could I could just talk to you forever I

1220

00:56:44,930 --> 00:56:42,300

love where your research is and what

1221

00:56:47,150 --> 00:56:44,940

what you know your conversations I they

1222

00:56:49,309 --> 00:56:47,160

could just go for hours and hours it's

1223

00:56:51,530 --> 00:56:49,319

awesome let's tell listeners as we kind

1224

00:56:53,569 --> 00:56:51,540

of wrap things up where they can get

1225

00:56:55,910 --> 00:56:53,579

more James Keenan follow what you're

1226  
00:56:57,770 --> 00:56:55,920  
doing and keep tabs on everything that

1227  
00:56:59,750 --> 00:56:57,780  
you're up to

1228  
00:57:02,150 --> 00:56:59,760  
sure so

1229  
00:57:04,010 --> 00:57:02,160  
um in the last year I had decided to go

1230  
00:57:07,430 --> 00:57:04,020  
ahead and put a lot of my research and

1231  
00:57:12,549 --> 00:57:07,440  
investigation out so I created a YouTube

1232  
00:57:15,349 --> 00:57:12,559  
channel it's uh the standard you know

1233  
00:57:17,530 --> 00:57:15,359  
www.youtube.com forward slash C forward

1234  
00:57:22,430 --> 00:57:17,540  
slash and then the important part is

1235  
00:57:25,010 --> 00:57:22,440  
James Keenan Giants and paranormal uh

1236  
00:57:27,890 --> 00:57:25,020  
and the J and the K are capitalized if

1237  
00:57:30,890 --> 00:57:27,900  
you're gonna search for it in YouTube so

1238  
00:57:34,390 --> 00:57:30,900

it's James Keenan Giants and paranormal

1239

00:57:38,390 --> 00:57:34,400

um I've put up I believe about 61 videos

1240

00:57:41,930 --> 00:57:38,400

of everything including my search for

1241

00:57:44,329 --> 00:57:41,940

what I believe is origin for mankind in

1242

00:57:47,150 --> 00:57:44,339

the Uinta Mountains known to the

1243

00:57:49,790 --> 00:57:47,160

mesoamericans as Tomlin Khan some of the

1244

00:57:51,650 --> 00:57:49,800

people in Utah have altered that to care

1245

00:57:55,670 --> 00:57:51,660

chinob

1246

00:57:59,329 --> 00:57:57,230

very cool

1247

00:58:01,430 --> 00:57:59,339

sure oh and then also

1248

00:58:05,589 --> 00:58:01,440

um September 6th through 9th I'll be

1249

00:58:08,930 --> 00:58:05,599

speaking at phenomicon in Vernal

1250

00:58:11,450 --> 00:58:08,940

uh you know another great place to uh

1251  
00:58:13,430 --> 00:58:11,460  
kind of deal with the phenomena that's

1252  
00:58:14,809 --> 00:58:13,440  
occurring not just in Utah but

1253  
00:58:17,990 --> 00:58:14,819  
throughout the world there's gonna be a

1254  
00:58:20,329 --> 00:58:18,000  
lot of good speakers there you know uh

1255  
00:58:24,530 --> 00:58:20,339  
talking about Cryptids especially

1256  
00:58:27,530 --> 00:58:24,540  
Bigfoot uh the phenomena occurring at

1257  
00:58:29,329 --> 00:58:27,540  
um you went to Basin and other things

1258  
00:58:32,990 --> 00:58:29,339  
you know I'm going to touch on the

1259  
00:58:34,370 --> 00:58:33,000  
Giants quite a bit not just in the

1260  
00:58:35,390 --> 00:58:34,380  
desert Southwest but throughout the

1261  
00:58:38,089 --> 00:58:35,400  
world

1262  
00:58:40,910 --> 00:58:38,099  
yeah I think these things merge and you

1263  
00:58:42,950 --> 00:58:40,920

have such a great way of describing you

1264

00:58:45,410 --> 00:58:42,960

know the reality of how they merge into

1265

00:58:47,870 --> 00:58:45,420

our reality and

1266

00:58:49,849 --> 00:58:47,880

um really quickly uh what are your

1267

00:58:51,470 --> 00:58:49,859

thoughts of the paleogenetics and

1268

00:58:54,049 --> 00:58:51,480

scientists saying that they can bring

1269

00:58:56,809 --> 00:58:54,059

back the woolly mammoths but maybe they

1270

00:58:59,809 --> 00:58:56,819

shouldn't the even they are unsure

1271

00:59:01,910 --> 00:58:59,819

I you know I I think people need to

1272

00:59:04,490 --> 00:59:01,920

start watching Jurassic Park and the

1273

00:59:05,930 --> 00:59:04,500

Terminator more to uh see what's going

1274

00:59:08,230 --> 00:59:05,940

to happen if they start doing that and

1275

00:59:10,549 --> 00:59:08,240

start messing with AI

1276

00:59:12,470 --> 00:59:10,559

I think a lot of things I mean it's

1277

00:59:16,250 --> 00:59:12,480

pioneering work but I think you're right

1278

00:59:20,690 --> 00:59:16,260

A lot of these things could kind of uh

1279

00:59:23,870 --> 00:59:20,700

bite Us in the proverbial rear end

1280

00:59:25,609 --> 00:59:23,880

um what's interesting I think is that

1281

00:59:28,970 --> 00:59:25,619

the scientists that the companies called

1282

00:59:32,030 --> 00:59:28,980

colossal and uh obviously they're

1283

00:59:33,410 --> 00:59:32,040

they're trying to generate interest to

1284

00:59:35,089 --> 00:59:33,420

this from a conservation and

1285

00:59:37,250 --> 00:59:35,099

preservation standpoint because

1286

00:59:39,829 --> 00:59:37,260

obviously these are species that are

1287

00:59:42,410 --> 00:59:39,839

obviously not here anymore

1288

00:59:44,450 --> 00:59:42,420

um however what I find super fascinating

1289

00:59:48,049 --> 00:59:44,460

is that they say the resulting animal

1290

00:59:50,930 --> 00:59:48,059

known as a Mamo Fant would look and

1291

00:59:53,569 --> 00:59:50,940

presumably behave much like a woolly

1292

00:59:56,569 --> 00:59:53,579

mammoth but as you pointed out very

1293

00:59:57,710 --> 00:59:56,579

clearly we just don't know well what

1294

00:59:59,510 --> 00:59:57,720

will happen

1295

01:00:03,770 --> 00:59:59,520

yeah

1296

01:00:05,210 --> 01:00:03,780

nature in that way I mean that's my

1297

01:00:07,430 --> 01:00:05,220

personal belief

1298

01:00:10,069 --> 01:00:07,440

yeah I personally think you have a point

1299

01:00:11,809 --> 01:00:10,079

there and uh

1300

01:00:12,470 --> 01:00:11,819

lastly

1301

01:00:15,410 --> 01:00:12,480

um

1302

01:00:18,589 --> 01:00:15,420

when it comes to your Utah work

1303

01:00:20,329 --> 01:00:18,599

you also have some books and I don't I

1304

01:00:22,430 --> 01:00:20,339

don't want to skip to the end and not

1305

01:00:23,809 --> 01:00:22,440

mention that you're also an author and

1306

01:00:26,329 --> 01:00:23,819

you have books for sale can you tell

1307

01:00:30,410 --> 01:00:26,339

listeners where they can purchase those

1308

01:00:34,910 --> 01:00:30,420

yes you can go to [amazon.com](https://www.amazon.com) forward

1309

01:00:36,789 --> 01:00:34,920

slash author forward slash James Keenan

1310

01:00:40,849 --> 01:00:36,799

and it's

1311

01:00:43,250 --> 01:00:40,859

k-e-e-n-a-n and all of my books are

1312

01:00:45,470 --> 01:00:43,260

listed there for sale and if you don't

1313

01:00:48,829 --> 01:00:45,480

like Amazon you can go to a Barnes Noble

1314

01:00:50,270 --> 01:00:48,839

store or Barnes Noble online and acquire

1315

01:00:53,569 --> 01:00:50,280

them that way

1316

01:00:55,490 --> 01:00:53,579

all was a great conversation James uh

1317

01:00:57,589 --> 01:00:55,500

keep fighting the good fight and doing

1318

01:01:00,530 --> 01:00:57,599

the awesome research I love everything

1319

01:01:02,210 --> 01:01:00,540

you're up to and can't wait to talk to

1320

01:01:05,270 --> 01:01:02,220

you again sometime

1321

01:01:07,849 --> 01:01:05,280

sounds good I appreciate it thanks Ryan

1322

01:01:10,309 --> 01:01:07,859

love my conversations with James they

1323

01:01:11,809 --> 01:01:10,319

always lead to amazing and interesting

1324

01:01:14,089 --> 01:01:11,819

places

1325

01:01:16,130 --> 01:01:14,099

our world is so much more interesting

1326

01:01:18,950 --> 01:01:16,140

than many would like us to believe

1327

01:01:21,049 --> 01:01:18,960

anyway uh thanks so much for listening

1328

01:01:23,450 --> 01:01:21,059

and until next time keep your eyes to

1329

01:01:34,530 --> 01:01:23,460

the skies feet on the ground but don't

1330

01:01:48,950 --> 01:01:42,069

[Music]

1331

01:01:58,670 --> 01:01:52,549

stop s blast off
