

1

00:00:29,762 --> 00:00:31,762

I'm not sure what to do with this.

2

00:00:31,762 --> 00:00:34,042

I'm just going to try to get the

3

00:00:34,042 --> 00:00:36,042

thing to the right place.

4

00:00:36,042 --> 00:00:38,042

I'm going to try to get the thing to the right place.

5

00:00:38,042 --> 00:00:40,042

I'm going to try to get the thing to the right place.

6

00:00:40,042 --> 00:00:42,042

I'm going to try to get the thing to the right place.

7

00:00:42,042 --> 00:00:44,042

I'm going to try to get the thing to the right place.

8

00:00:44,042 --> 00:00:46,042

I'm going to try to get the thing to the right place.

9

00:00:46,042 --> 00:00:48,042

I'm going to try to get the thing to the right place.

10

00:00:48,042 --> 00:00:50,042

I'm going to try to get the thing to the right place.

11

00:00:50,042 --> 00:00:52,042

I'm going to try to get the thing to the right place.

12

00:00:52,042 --> 00:00:54,042

I'm going to try to get the thing to the right place.

13

00:00:54,042 --> 00:00:56,042

I'm going to try to get the thing to the right place.

14

00:00:56,042 --> 00:00:58,042

I'm going to try to get the thing to the right place.

15

00:00:58,842 --> 00:01:00,842

Dulce, New Mexico

16

00:01:00,842 --> 00:01:02,842

The location of a controversial incident

17

00:01:02,842 --> 00:01:04,842

that many believe

18

00:01:04,842 --> 00:01:06,842

may involve a conspiracy of secrecy

19

00:01:06,842 --> 00:01:08,842

and a possible murder.

20

00:01:11,342 --> 00:01:13,342

Events all centered around

21

00:01:13,342 --> 00:01:15,342

a government contractor

22

00:01:15,342 --> 00:01:17,342

named Phil Schneider.

23

00:01:17,342 --> 00:01:19,342

I'm not sure if he's talking about

24

00:01:19,342 --> 00:01:21,342

the controversial incident

25

00:01:21,342 --> 00:01:23,342

or the controversial incident

26

00:01:23,342 --> 00:01:25,342

but I'm just going to try to get

27

00:01:25,342 --> 00:01:27,342

the thing to the right place.

28

00:01:27,342 --> 00:01:38,422

I feel directly imperiled not to tell anybody about, so that's why I'm here telling them.

29

00:01:38,422 --> 00:01:41,102

In doing so, I'm breaking my security oaths.

30

00:01:41,102 --> 00:01:46,142

I am also guilty of breaking the major federal law.

31

00:01:46,142 --> 00:01:49,902

How long I'll be able to do this, anybody's guess.

32

00:01:49,902 --> 00:01:53,342

Phil Schneider was a geologist and a structural engineer.

33

00:01:53,342 --> 00:01:58,902

He worked on many dums, deep underground military bases.

34

00:01:58,902 --> 00:02:04,262

In 1979, Schneider was assigned to build a new dome for the government in the southern

35

00:02:04,262 --> 00:02:16,502

end of Dulce near Kirkland Air Force Base.

36

00:02:16,502 --> 00:02:21,702

While drilling into the earth, drill bits repeatedly break as though striking reinforced

37

00:02:21,702 --> 00:02:26,702

material.

38

00:02:26,702 --> 00:02:43,062

Eventually, Schneider is lowered down into the crevice to investigate.

39

00:02:43,062 --> 00:02:46,502

After Phil was lowered into the shaft, he claims he found himself in a pre-existing

40

00:02:46,502 --> 00:02:48,942

underground structure.

41

00:02:48,942 --> 00:03:08,063

In Phil's own words, I was lowered down in the cage.

42

00:03:08,063 --> 00:03:09,063

Think about this.

43

00:03:09,063 --> 00:03:13,783

Phil Schneider drops into a hole only to find himself in a fully formed underground

44

00:03:13,783 --> 00:03:18,303

facility and face to face with aliens.

45

00:03:18,303 --> 00:03:23,383

What would you do?

46

00:03:23,383 --> 00:03:25,303

He instinctively pulled his sidearm.

47

00:03:25,303 --> 00:03:29,263

He only had a Walter PPK and then he fired.

48

00:03:29,263 --> 00:03:42,943

At that time, there were several other groups of people down there, about 30 people in total.

49

00:03:42,943 --> 00:03:54,063

Schneider goes on to say that he finds himself in a firefight.

50

00:03:54,063 --> 00:03:58,023

Schneider claims the extraterrestrial waved his hand over his chest and emitted a laser-like

51

00:03:58,023 --> 00:03:59,023

beam.

52

00:03:59,023 --> 00:04:13,343

It's shot out and burned through Schneider's outturned hand, splitting apart his chest.

53

00:04:13,343 --> 00:04:21,263

I got shot basically here and their kind of weapon was really a gun-like thing.

54

00:04:21,263 --> 00:04:25,743

It burned a hole in me and split my ribs apart.

55

00:04:25,743 --> 00:04:30,503

A Delta Force soldier suddenly appeared and sacrificed his life by shoving Phil into a

56

00:04:30,503 --> 00:04:33,743

cage that raised him to the surface.

57

00:04:33,743 --> 00:04:38,303

Can you even imagine an underground firefight between aliens and U.S. soldiers?

58

00:04:38,303 --> 00:04:42,943

And here's Phil Schneider, an engineer caught in the middle of it and he has the scars

59

00:04:42,943 --> 00:04:48,863

to prove it.

60

00:04:48,863 --> 00:04:54,023

Phil Schneider's story begs the question, could there be secret underground bases that

61

00:04:54,023 --> 00:04:59,583

may be concealing alien life and evidence of UFOs?

62

00:04:59,583 --> 00:05:03,343

MUFON opens its files right now.

63

00:05:03,343 --> 00:05:10,383

The mutual UFO network, known as MUFON, is an independent organization not bound to any

64

00:05:10,383 --> 00:05:11,383

government.

65

00:05:11,383 --> 00:05:16,583

They investigate reports of UFO sightings from around the world.

66

00:05:16,583 --> 00:05:22,623

Over the past five decades, they have collected more than 70,000 files stored at a secure

67

00:05:22,623 --> 00:05:25,743

location known as Hanger One.

68

00:05:25,743 --> 00:05:32,543

Now, for the first time, MUFON is granting access to their vast archive.

69

00:05:32,543 --> 00:05:46,423

These are the files of Hanger One.

70

00:05:46,423 --> 00:05:53,143

Using the files inside Hanger One, a startling possibility begins to emerge.

71

00:05:53,143 --> 00:05:59,943

While we tend to look up in the sky for evidence of UFOs and extraterrestrial life, perhaps

72

00:05:59,943 --> 00:06:03,943

we should also look down.

73

00:06:03,943 --> 00:06:10,303

Because within the files, there is documentation of secret underground bases that may be hiding

74

00:06:10,303 --> 00:06:18,903

UFOs and alien activity.

75

00:06:18,903 --> 00:06:25,983

Phil Schneider's story may sound like the stuff of science fiction, and for 15 years,

76

00:06:25,983 --> 00:06:28,423

he remained silent.

77

00:06:28,423 --> 00:06:34,143

Phil Schneider's security clearance prohibited him from talking about what he worked on publicly.

78

00:06:34,143 --> 00:06:41,463

He knew that if he did, he'd be breaking the law and putting his own life at risk.

79

00:06:41,463 --> 00:06:45,423

But he felt this information needed to be shared because, as he said, I care more about

80

00:06:45,423 --> 00:06:48,223

my country than my own life.

81

00:06:48,223 --> 00:06:55,463

MUFON files reveal that in 1995, soon after Schneider goes public, he suspects that he

82

00:06:55,463 --> 00:07:02,343

is being targeted.

83

00:07:02,343 --> 00:07:07,423

We believe that shadow individuals and the government were making attempts on his life,

84

00:07:07,423 --> 00:07:17,063

trying to keep him from speaking out on this issue.

85

00:07:17,063 --> 00:07:20,583

One time, his car lost the wheel and flipped over on the highway.

86

00:07:20,583 --> 00:07:29,703

Phil later discovered that someone had soared one of the lug nuts in half.

87

00:07:29,703 --> 00:07:41,623

Then, on January 17, 1996, Phil Schneider is found dead in his Oregon apartment.

88

00:07:41,623 --> 00:07:45,903

The cause of death is initially ruled a stroke, but when Schneider's ex-wife has denied access

89

00:07:45,903 --> 00:07:51,863

to the body, she begins to suspect foul play and demands a thorough autopsy.

90

00:07:51,863 --> 00:07:57,543

That autopsy would significantly change the coroner's report.

91

00:07:57,543 --> 00:08:01,663

This revealed that wrapped around Phil's neck was rubber catheter tubing.

92

00:08:01,663 --> 00:08:06,063

The official cause of death has changed to suicide, but many people, including Phil's

93

00:08:06,063 --> 00:08:10,423

ex-wife, believe he was murdered.

94

00:08:10,423 --> 00:08:15,983

The official cause of Phil Schneider's death remains a controversy.

95

00:08:15,983 --> 00:08:27,183

And some question if his death is connected to his claims of an underground alien presence.

96

00:08:27,183 --> 00:08:35,863

I think Phil Schneider is interesting.

97

00:08:35,863 --> 00:08:42,063

I consider him a bit problematic in terms of some of the things he said on the other

98

00:08:42,063 --> 00:08:43,063

hand.

99

00:08:43,063 --> 00:08:45,943

The man was murdered.

100

00:08:45,943 --> 00:08:51,223

In my opinion, there's no question about it that Phil Schneider was not a suicide.

101

00:08:51,223 --> 00:08:52,463

Why would he be murdered?

102

00:08:52,463 --> 00:08:56,863

It doesn't make sense unless you have some credence in his basic story.

103

00:08:56,863 --> 00:09:02,743

In spite of doubt surrounding Phil Schneider's story, there is in fact a long history of

104

00:09:02,743 --> 00:09:10,984

deep underground bases that goes back much further.

105

00:09:10,984 --> 00:09:18,344

So the capability to have a deep underground base or under the ocean floor base absolutely

106

00:09:18,344 --> 00:09:21,264

has existed for a long time.

107

00:09:21,264 --> 00:09:28,904

A history that is said to stretch as far back as World War II to the heart of Nazi Germany.

108

00:09:28,904 --> 00:09:34,064

It is known that the Germans had a number of underground bunkers.

109

00:09:34,064 --> 00:09:38,224

They actually pioneered the whole idea of deep underground bases.

110

00:09:38,224 --> 00:09:44,584

And it is believed that they may have had an underground research station in the Antarctic.

111

00:09:44,584 --> 00:10:14,584

118

00:10:58,544 --> 00:11:03,944

bases throughout the U.S. and around the world?

119

00:11:03,944 --> 00:11:11,064

The Mufan files reveal that the history of underground bases dates back to the Nazis

120

00:11:11,064 --> 00:11:15,504

and World War II.

121

00:11:15,504 --> 00:11:20,584

They actually pioneered the whole idea of deep underground bases.

122

00:11:20,584 --> 00:11:25,184

It is known that the Germans had a number of underground bunkers, and it is believed that

123

00:11:25,184 --> 00:11:33,984

they had an underground research station in the Antarctic.

124

00:11:33,984 --> 00:11:36,264

1946.

125

00:11:36,264 --> 00:11:41,304

The U.S. Navy prepares an expedition to the frigid ice of Antarctica.

126

00:11:41,304 --> 00:11:48,064

There are reports that their secret objective is to investigate the remnants of a Nazi base.

127

00:11:48,064 --> 00:11:53,744

The expedition is named Operation High Jump.

128

00:11:53,744 --> 00:11:59,144

Operation High Jump is a U.S. Navy program that took place after World War II, involving

129

00:11:59,144 --> 00:12:05,304

a number of aircraft carriers, naval vessels, and small twin-engine airplanes that were

130

00:12:05,304 --> 00:12:07,464

brought on the naval vessels.

131

00:12:07,464 --> 00:12:11,024

6,000 men were brought to Antarctica.

132

00:12:11,024 --> 00:12:18,144

As the story goes, they were there to ferret out the last factions of the Nazi regime.

133

00:12:18,144 --> 00:12:21,984

Operation High Jump is also documented by the KGB.

134

00:12:21,984 --> 00:12:29,584

At the fall of the Soviet Union, the KGB released previously classified UFO files.

135

00:12:29,584 --> 00:12:35,184

When these Russian UFO files were declassified in 1991, new information was revealed about

136

00:12:35,184 --> 00:12:41,504

a U.S. expedition to Antarctica.

137

00:12:41,504 --> 00:12:47,104

Operation High Jump was organized and led by Admiral Richard E. Byrd, an American naval

138

00:12:47,104 --> 00:12:51,264

officer famous for his polar explorations.

139

00:12:51,264 --> 00:12:54,304

Admiral Richard E. Byrd was a pilot and polar explorer.

140

00:12:54,304 --> 00:12:58,784

He served with the Navy for over 20 years in both World War I and World War II and was

141

00:12:58,784 --> 00:13:02,304

even a Medal of Honor recipient.

142

00:13:02,304 --> 00:13:09,344

Byrd is leading the largest expedition the U.S. has ever assembled to Antarctica.

143

00:13:09,344 --> 00:13:15,184

But as the fleet of Operation High Jump approaches the German base, they encounter more than

144

00:13:15,184 --> 00:13:18,984

just Nazis.

145

00:13:18,984 --> 00:13:24,824

In the declassified file by Soviet spies who were entrenched in Operation High Jump, they

146

00:13:24,824 --> 00:13:31,504

reported that a UFO came out of the water at a 45-degree angle and flew at such tremendous

147

00:13:31,504 --> 00:13:38,264

speed that it was momentarily outside of the 250-mile radius that the radar had.

148

00:13:38,264 --> 00:13:55,264

When it returned, a battle ensued.

149

00:13:55,264 --> 00:14:04,024

In the battle, there were casualties and when we retreated, the craft also retreated.

150

00:14:04,024 --> 00:14:06,984

Six weeks into the mission, they canceled it.

151

00:14:06,984 --> 00:14:11,904

They packed up and went back to America.

152

00:14:11,904 --> 00:14:18,184

If we hadn't retreated, the feeling on the ship was that that UFO would have sank our

153

00:14:18,184 --> 00:14:19,744

fleet.

154

00:14:19,744 --> 00:14:26,784

The files contain additional information about Admiral Byrd and Operation High Jump, including

155

00:14:26,784 --> 00:14:32,144

reports that the Admiral spoke to a South American journalist reflecting on what he

156

00:14:32,144 --> 00:14:34,424

encountered that day.

157

00:14:34,424 --> 00:14:39,944

A newspaper reporter personally interviewed Admiral Byrd and he stated that we would have

158

00:14:39,944 --> 00:14:46,424

to face an enemy that could travel from pole to pole at incredible speed.

159

00:14:46,424 --> 00:14:51,464

Gentlemen, it is a bitter reality that in the case of a new war, the continental United

160

00:14:51,464 --> 00:14:56,864

States could be attacked by flying objects which can fly from pole to pole at incredible

161

00:14:56,864 --> 00:14:58,864

speeds.

162

00:14:58,864 --> 00:15:01,584

What did Admiral Byrd see when he was there?

163

00:15:01,584 --> 00:15:05,544

That he could make the claim that there was a saucer-shaped vehicle that could travel

164

00:15:05,544 --> 00:15:08,704

from pole to pole at incredible speed.

165

00:15:08,704 --> 00:15:11,184

His diary is locked up at the Pentagon.

166

00:15:11,184 --> 00:15:14,545

It's not allowed for anyone to see.

167

00:15:14,545 --> 00:15:18,145

When you look back at this event, it appears that when our fleet got too close to that

168

00:15:18,145 --> 00:15:22,105

Nazi base, it was attacked by a UFO.

169

00:15:22,105 --> 00:15:30,505

We could only assume that for whatever reason, this UFO was defending that Nazi base.

170

00:15:30,505 --> 00:15:36,105

Since World War II, rumors have persisted that Nazi Germany was the first nation to

171

00:15:36,105 --> 00:15:40,025

enter into a military extraterrestrial alliance.

172

00:15:40,025 --> 00:15:45,905

If true, could this contact provide the Nazis with a military edge?

173

00:15:45,905 --> 00:15:53,505

It is now believed that the Nazis during World War II were working with many advanced technologies,

174

00:15:53,505 --> 00:15:58,065

including anti-gravity, and some of that technology may have been more advanced than what the Americans

175

00:15:58,065 --> 00:15:59,065

had.

176

00:15:59,625 --> 00:16:03,545

They were doing all kinds of biological experiments on human beings, of course, we know.

177

00:16:03,545 --> 00:16:08,585

And they were also doing very unusual types of physics.

178

00:16:08,585 --> 00:16:13,305

Some of this physics appeared to have to do with propulsion technology.

179

00:16:13,305 --> 00:16:18,265

We have stories of something called de Gloc, a device that created a kind of electromagnetic

180

00:16:18,265 --> 00:16:24,465

field that seemed to be able to play with gravity and possibly even allow it to levitate.

181

00:16:25,465 --> 00:16:35,105

It is unclear if the UFO and Antarctica is connected to Nazis, but this extraordinary

182

00:16:35,105 --> 00:16:39,985

incident is not isolated.

183

00:16:39,985 --> 00:16:48,225

In fact, it mirrors other sightings of UFOs emerging from undersea bases, with one base

184

00:16:48,225 --> 00:16:53,185

said to be located very close to home.

185

00:16:53,185 --> 00:16:59,665

Here are documented reports indicating an underwater base near Kedeline Island.

186

00:16:59,665 --> 00:17:05,025

We know that the United States Navy in the mid-late 1960s commissioned an artist actually

187

00:17:05,025 --> 00:17:14,545

to draw sketches of a hypothetical under-ocean installation, so that under the ocean floor.

188

00:17:14,545 --> 00:17:20,425

Does an undersea base exist off the coast of California?

189

00:17:20,425 --> 00:17:26,265

Anger 1 files reveal what may be hidden there.

190

00:17:26,265 --> 00:17:33,465

And is there another secret underground base hidden in plain sight beneath the Denver International

191

00:17:33,465 --> 00:17:38,665

Airport?

192

00:17:43,665 --> 00:17:48,305

There are some very good documented reports indicating that there may in point of fact

193

00:17:48,305 --> 00:17:57,425

be an underwater base near Kedeline Island.

194

00:17:57,425 --> 00:18:02,945

We know that the United States Navy in the mid-late 1960s commissioned an artist actually

195

00:18:02,945 --> 00:18:12,225

to draw sketches of a hypothetical under-ocean installation, so that under the ocean floor.

196

00:18:12,225 --> 00:18:15,905

And whether they built this or not, we don't know, but the fact is that they didn't really

197

00:18:15,905 --> 00:18:18,305

see that this is an outrageous proposition.

198

00:18:18,305 --> 00:18:21,545

The cost was well within their means.

199

00:18:21,545 --> 00:18:25,105

The capability was there.

200

00:18:25,105 --> 00:18:31,065

Really the only issues that you have to have a permanent undersea clandestine base is two

201

00:18:31,065 --> 00:18:33,745

things, oxygen and energy.

202

00:18:33,745 --> 00:18:36,545

And the oxygen is no big deal.

203

00:18:36,545 --> 00:18:38,385

We now had to extract oxygen from the water.

204

00:18:38,385 --> 00:18:40,585

We've been able to do that for the last 50 years.

205

00:18:40,585 --> 00:18:44,705

That's how nuclear submarines could stay under the water for months at a time.

206

00:18:44,705 --> 00:18:46,945

And then the other thing is energy.

207

00:18:46,945 --> 00:18:53,265

Well, if you have either a small nuclear source of energy, there you go, or if you can get

208

00:18:53,265 --> 00:19:01,465

a geothermal source of energy from the Earth, you're all set.

209

00:19:01,465 --> 00:19:06,905

We've got reports of scuba divers and people on the coast of Kedeline Island who've seen

210

00:19:06,905 --> 00:19:11,505

flying saucers pop out of the ocean, hover there for 60 seconds, and then fly away at

211

00:19:11,505 --> 00:19:14,225

a high rate of speed.

212

00:19:14,225 --> 00:19:20,305

Eye witnesses reported seeing craft emerge from the ocean, hover just above the waves,

213

00:19:20,305 --> 00:19:25,625

and then launch smaller flying saucers, and then 60 seconds later, the whole thing submerges.

214

00:19:25,625 --> 00:19:31,145

And there's a long history of USO cases within the Kedeline Island area.

215

00:19:31,145 --> 00:19:32,865

It goes back years.

216

00:19:32,865 --> 00:19:37,865

This one witness tells a story of driving along the coast when he sees a large glowing

217

00:19:37,865 --> 00:19:39,545

cylindrical object.

218

00:19:39,545 --> 00:19:43,785

He watches it, and it suddenly takes a nosedive into the water.

219

00:19:43,785 --> 00:19:44,785

It doesn't make any sound.

220

00:19:44,785 --> 00:19:46,505

It doesn't make any splash.

221

00:19:46,505 --> 00:19:52,465

And as it goes below the surface, it leaves a green luminescent trail.

222

00:19:52,465 --> 00:20:00,065

Mysterious UFO sightings continue to fuel rumors of an undersea base near Kedelina.

223

00:20:00,065 --> 00:20:06,305

But some underground bases are not secret at all, although their purpose may not be

224

00:20:06,305 --> 00:20:09,025

so clear.

225

00:20:09,025 --> 00:20:21,945

The best known underground base in the US is housed within Cheyenne Mountain in Wyoming.

226

00:20:21,945 --> 00:20:27,305

Cheyenne Mountain Complex is a nuclear bunker that was created during the Cold War.

227

00:20:27,305 --> 00:20:32,225

It was excavated out of a granite mountain designed to withstand a 30 megaton nuclear

228

00:20:32,225 --> 00:20:43,465

explosion and extends over five acres tunneled inside the mountain.

229

00:20:43,465 --> 00:20:48,545

When you enter Cheyenne Mountain, you will be greeted by a long road.

230

00:20:48,545 --> 00:20:53,305

Further down that road, you'll be greeted by a very thick steel door.

231

00:20:53,305 --> 00:20:57,505

Blast plates connected, embedded within that door.

232

00:20:57,505 --> 00:21:03,425

And steel pins that could take a nuclear strike directly on the mountain itself.

233

00:21:03,425 --> 00:21:13,385

We're told by many, many sources it's just gargantuan, clearly with their own infrastructure.

234

00:21:13,385 --> 00:21:17,746

The main chambers create a rectangular grid with multiple buildings, each three stories

235

00:21:17,746 --> 00:21:24,266

high, and these are connected by massive tunnels.

236

00:21:24,266 --> 00:21:29,106

I know absolutely that they can maintain a small city for a few months.

237

00:21:29,106 --> 00:21:33,386

At least 300 people can live there for three months.

238

00:21:33,386 --> 00:21:39,226

Cheyenne Mountain was originally constructed as one of several underground bunkers designed

239

00:21:39,226 --> 00:21:47,946

to secure our government in the event of a nuclear catastrophe.

240

00:21:47,946 --> 00:21:52,266

Right even after the end of the Second World War, the United States military was actively

241

00:21:52,266 --> 00:21:57,226

planning and developing some significant deep underground bases at that time to defend against

242

00:21:57,226 --> 00:22:03,786

a nuclear attack.

243

00:22:03,786 --> 00:22:10,186

Cheyenne Mountain was later adapted into a NORAD facility to detect all objects entering

244

00:22:10,186 --> 00:22:12,346

US airspace.

245

00:22:12,346 --> 00:22:18,586

But many questions remain as to what really goes on there.

246

00:22:18,586 --> 00:22:22,266

This facility could actually be perfect for monitoring UFO activity.

247

00:22:22,266 --> 00:22:26,306

They're set up to track incoming ballistic missiles, which means they're naturally equipped

248

00:22:26,306 --> 00:22:32,346

to detect other threats coming from space.

249

00:22:32,346 --> 00:22:37,266

Cheyenne Mountain is just one of many known underground bases.

250

00:22:37,266 --> 00:22:44,826

But rumors and eyewitness accounts raise speculation on the existence of even more top secret bases.

251

00:22:44,826 --> 00:22:56,026

There was a Cessna 172 pilot who stated that he saw the vegetation and ground of the nearby

252

00:22:56,026 --> 00:23:02,586

area open up like a zipper.

253

00:23:02,586 --> 00:23:08,866

Hanger 1 files uncover more patterns that suggest a network of underground bases throughout

254

00:23:08,866 --> 00:23:11,706

the US.

255

00:23:11,706 --> 00:23:17,426

In the astounding lengths the government will take to keep these bases and the secrets they

256

00:23:17,426 --> 00:23:35,866

contain hidden.

257

00:23:35,866 --> 00:23:42,866

Hanger 1 are files that suggest there may actually be a network of secret underground bases throughout

258

00:23:42,866 --> 00:23:44,866

the United States.

259

00:23:44,866 --> 00:23:51,546

In fact, the US military acknowledges that underground bases such as Cheyenne Mountain

260

00:23:51,546 --> 00:24:00,346

were built to defend America in the event of a catastrophic war.

261

00:24:00,346 --> 00:24:06,506

But are there also underground bases hidden from the public?

262

00:24:06,506 --> 00:24:17,026

And are the methods for hiding these bases greater than anything imaginable?

263

00:24:17,026 --> 00:24:24,426

Right around 1972 there was a Cessna 172 pilot who was flying not too far from Aberdeen Proving

264

00:24:24,426 --> 00:24:28,066

Ground.

265

00:24:28,066 --> 00:24:34,226

He claimed that he had to make an emergency landing near one of these dirt roads.

266

00:24:34,226 --> 00:24:41,266

And just before touchdown he stated that he saw the vegetation and ground of the nearby

267

00:24:41,266 --> 00:24:44,626

area open up like a zipper.

268

00:24:44,626 --> 00:24:49,906

So the actual ground was moving and it was coming apart.

269

00:24:49,906 --> 00:24:57,666

And he saw some type of a camouflaged underground base opening.

270

00:24:57,666 --> 00:24:58,666

He looked inside.

271

00:24:58,666 --> 00:25:09,866

He didn't say he saw flying saucers but there was definitely an underground facility there.

272

00:25:09,866 --> 00:25:11,346

This is an incredible case.

273

00:25:11,346 --> 00:25:14,266

What this pilot saw with his own eyes cannot be denied.

274

00:25:14,266 --> 00:25:19,746

I mean, can you imagine seeing the ground open up like a zipper and reveal an underground

275

00:25:19,746 --> 00:25:20,746

base?

276

00:25:20,746 --> 00:25:21,946

You're not going to forget a thing like that.

277

00:25:21,946 --> 00:25:28,706

It makes you wonder, what's going on down there?

278

00:25:28,706 --> 00:25:34,466

Think about the utility of having a clandestine deep underground base.

279

00:25:34,466 --> 00:25:40,106

You've got total security from prying eyes.

280

00:25:40,106 --> 00:25:45,666

Mufan Fael suggests that these underground bases also contain an intricate system of

281

00:25:45,666 --> 00:25:55,626

giant tunnels that connect multiple facilities across America.

282

00:25:55,626 --> 00:26:00,586

This comes from a retired General Electric engineer with decades of experience.

283

00:26:00,586 --> 00:26:06,626

He claimed that he was part of this underground program that towed a B-52 in an underground

284

00:26:06,626 --> 00:26:10,506

tunnel from Plant 42 to Edwards North Base Complex.

285

00:26:10,506 --> 00:26:14,466

But the interesting point is, as they were going through this tunnel he said that there

286

00:26:14,466 --> 00:26:20,426

were four connecting shafts to the one that he was in and he said that two of those shafts

287

00:26:20,426 --> 00:26:24,426

were twice as big as the one that he was in.

288

00:26:24,426 --> 00:26:30,026

You could put two B-52s side by side and still have six feet on each wingtip.

289

00:26:30,026 --> 00:26:36,546

And this is back in 1992.

290

00:26:36,546 --> 00:26:42,786

In addition to massive tunnels, the files contain reports of advanced underground transportation

291

00:26:42,786 --> 00:26:50,746

systems, which travel at extraordinarily high speeds.

292

00:26:50,746 --> 00:26:58,186

Other reports indicate that there is an interconnecting high-speed maglev train system using not

293

00:26:58,186 --> 00:27:02,226

only electric rivetics but something that has recently been proposed where they're

294

00:27:02,226 --> 00:27:08,826

taking air out, turning it into a vacuum, getting very high speeds over 600, 700 miles

295

00:27:08,826 --> 00:27:09,826

per hour.

296

00:27:10,586 --> 00:27:15,946

I have a good friend, Tom Keller, who is a UFO researcher, who met an aerospace engineer

297

00:27:15,946 --> 00:27:18,266

in Palmdale, California where he lives.

298

00:27:18,266 --> 00:27:22,627

This gentleman used to work in El Segundo and every day would go down an elevator to

299

00:27:22,627 --> 00:27:26,947

a tunnel and be whisked off to Nevada to work.

300

00:27:26,947 --> 00:27:34,907

And then return that evening to the same office as if he had never left El Segundo, California.

301

00:27:34,907 --> 00:27:40,227

So we should ask ourselves, why are we flying airliners going 400, 500 miles an hour where

302

00:27:40,227 --> 00:27:45,267

they can be completely independent of the weather, going perhaps over 700 miles an hour,

303

00:27:45,267 --> 00:27:52,587

and this has been going on for decades.

304

00:27:52,587 --> 00:27:56,547

Could this secret world exist right below our feet?

305

00:27:56,547 --> 00:28:03,907

Mufon files reveal that one rumored underground base may actually be hidden in plain sight.

306

00:28:03,907 --> 00:28:14,107

Beneath the Denver International Airport.

307

00:28:14,107 --> 00:28:20,787

The Denver International Airport is a treasure trove for conspiracy theorists.

308

00:28:20,787 --> 00:28:24,867

There's definitely rumors circulating that there might be an underground intelligence

309

00:28:24,867 --> 00:28:39,227

base slash alien holding area or I don't know.

310

00:28:39,227 --> 00:28:42,787

Denver International Airport is an interesting case that contains plenty of red flags for

311

00:28:42,787 --> 00:28:48,507

researchers with unusual construction protocols that created enormous, inaccessible underground

312

00:28:48,507 --> 00:28:51,347

facilities.

313

00:28:51,347 --> 00:28:59,907

I mean it really makes you stop and ask if there's more here than meets the eye.

314

00:28:59,907 --> 00:29:07,987

I've heard a creepy story of a guy who got on an elevator and he needed to use a restroom.

315

00:29:07,987 --> 00:29:10,867

And he pushed a button.

316

00:29:10,867 --> 00:29:27,147

And he felt like he was in the elevator for a very long time.

317

00:29:27,147 --> 00:29:33,907

Finally when the doors opened up he came to this foyer, this grand walkway.

318

00:29:33,907 --> 00:29:41,387

He couldn't see anybody, he didn't hear anything, but he saw a restroom sign.

319

00:29:41,387 --> 00:29:48,467

When he went into it these urinals were massive.

320

00:29:48,467 --> 00:29:53,627

I mean it was like men's restroom but they were huge and they were too high enough for

321

00:29:53,627 --> 00:29:55,547

him to make aim.

322

00:29:55,547 --> 00:30:01,027

So he figured that this was designed for you know something a lot more bigger than a human

323

00:30:01,027 --> 00:30:04,107

and it terrified him.

324

00:30:04,107 --> 00:30:13,827

And he got back on that elevator and went back up.

325

00:30:13,827 --> 00:30:17,707

There's definitely rumors circulating that there might be an underground intelligence

326

00:30:17,707 --> 00:30:24,907

base slash alien holding area or I don't know.

327

00:30:24,907 --> 00:30:32,387

The Denver International Airport is a treasure trove for conspiracy theorists.

328

00:30:32,387 --> 00:30:40,027

That airport was millions of dollars over budget, it was years late.

329

00:30:40,027 --> 00:30:44,507

It's out in the middle of nowhere, it's not accessible to downtown Denver so why would

330

00:30:44,507 --> 00:30:46,147

that be the case?

331

00:30:46,147 --> 00:30:53,547

There are rumors to indicate that Denver International Airport is a cover for a deep

332

00:30:53,547 --> 00:30:59,667

underground facility which is ongoing to this date.

333

00:30:59,667 --> 00:31:03,307

What I've heard about the Denver International Airport is that construction workers that

334

00:31:03,307 --> 00:31:07,547

were working on the site were only hired to do a certain job and then they were laid off

335

00:31:07,547 --> 00:31:09,107

and another person would come in.

336

00:31:09,107 --> 00:31:12,907

So nobody really knew what was going on.

337

00:31:12,907 --> 00:31:19,267

I would say that there's definitely a base that's under there.

338

00:31:19,267 --> 00:31:23,987

We have information about a long runway and five separate buildings that were connected

339

00:31:23,987 --> 00:31:29,667

by miles of tunnels and they were abandoned because of architectural problems.

340

00:31:29,667 --> 00:31:32,267

These structures are all buried beneath the ground.

341

00:31:32,267 --> 00:31:34,667

They're inaccessible to airport personnel.

342

00:31:34,667 --> 00:31:35,667

Why?

343

00:31:35,667 --> 00:31:39,947

The reason they gave was biohazard or a fungal outbreak.

344

00:31:39,947 --> 00:31:45,187

They're still inaccessible today.

345

00:31:45,187 --> 00:31:50,787

According to this intrigue, MUFON files also contain theories about artwork within the

346

00:31:50,787 --> 00:32:02,107

airport that may contain graphic warnings of an uncertain future.

347

00:32:02,107 --> 00:32:07,347

The strange murals that are inside Denver International Airport just raise more questions

348

00:32:07,347 --> 00:32:10,387

and answers.

349

00:32:10,387 --> 00:32:13,227

Shows like the ultimate doom and gloom of World War III.

350

00:32:13,227 --> 00:32:18,947

You see this Darth Vader guy having a sword and he's stabbing a dub.

351

00:32:18,947 --> 00:32:25,347

I mean, every time I walk by it, I go WTF.

352

00:32:25,347 --> 00:32:28,507

We've got killer aliens, abducted children.

353

00:32:28,507 --> 00:32:32,867

It's very easy to interpret this as a warning message about this horrible plan for aliens

354

00:32:32,867 --> 00:32:34,947

to take over our world.

355

00:32:34,947 --> 00:32:43,547

This controversial artwork has since been removed, but many questions remain.

356

00:32:43,547 --> 00:32:51,707

If these secret underground bases do exist and might be hiding evidence of UFOs and extraterrestrials,

357

00:32:51,707 --> 00:33:00,827

then perhaps Phil Schneider's story of his firefight with aliens is not so improbable.

358

00:33:00,827 --> 00:33:06,507

Phil Schneider drops into a hole only to find himself in a fully formed underground facility

359

00:33:06,507 --> 00:33:11,667

and face to face with aliens.

360

00:33:11,667 --> 00:33:18,187

MUFON files contain the account of yet another eyewitness, Thomas Costello, who also claims

361

00:33:18,187 --> 00:33:22,467

to have evidence of an underground alien base.

362

00:33:22,467 --> 00:33:28,588

And like Phil Schneider's story, it too is located in Dulce, New Mexico.

363

00:33:28,588 --> 00:33:31,988

Costello took photos of the underground base.

364

00:33:31,988 --> 00:33:37,428

And the files reveal what may be the most controversial information yet.

365

00:33:37,428 --> 00:33:58,548

A joint operation between the government and extraterrestrials.

366

00:33:58,548 --> 00:34:10,588

Hanger One's vast archive of files reveals a pattern that suggests a network of deep underground bases may exist.

367

00:34:10,588 --> 00:34:19,268

And within some of these locations may be UFOs and extraterrestrials.

368

00:34:19,268 --> 00:34:26,308

The files include reports from a number of first hand witnesses, in addition to Phil Schneider.

369

00:34:26,308 --> 00:34:35,788

Costello says, I feel directly imperiled not to tell anybody about, so that's why I'm here telling you.

370

00:34:35,788 --> 00:34:41,668

Hanger One year after Schneider went public, he's found dead in his apartment.

371

00:34:41,668 --> 00:34:47,068

While some question Phil Schneider's story, he isn't the only witness who claims to have

372

00:34:47,068 --> 00:34:54,708

been inside a secret underground base beneath Dulce.

373

00:34:54,708 --> 00:34:59,828

Hanger 1979.

374

00:34:59,828 --> 00:35:04,828

The same year Phil Schneider claims he is in an underground firefight.

375

00:35:04,828 --> 00:35:10,988

Another government contractor, Thomas Costello, says he also has information about Dulce's

376

00:35:10,988 --> 00:35:13,548

network of underground bases.

377

00:35:13,548 --> 00:35:16,588

Costello began his career in the military.

378

00:35:16,588 --> 00:35:21,708

In 1971, he was offered a high level security position with the Rand Corporation.

379

00:35:21,708 --> 00:35:27,308

The Rand Corporation, as they had done since World War II, was involved in developing underground

380

00:35:27,308 --> 00:35:30,388

bases for the military.

381

00:35:30,388 --> 00:35:36,108

Costello's story goes on to say that he is working at an underground base in Dulce, New

382

00:35:36,108 --> 00:35:38,508

Mexico.

383

00:35:38,508 --> 00:35:43,948

As a security expert with ultra high clearance, Costello had access to multiple levels within

384

00:35:43,948 --> 00:35:46,348

the Dulce underground base.

385

00:35:46,708 --> 00:35:48,988

Costello claims is there.

386

00:35:48,988 --> 00:35:51,868

Shocks him.

387

00:35:51,868 --> 00:35:53,948

There were various experiments being conducted.

388

00:35:53,948 --> 00:35:59,228

Aureic energy fields of humans, astrol or spirit body voyaging and manipulation, advanced

389

00:35:59,228 --> 00:36:05,268

mind control analysis and application, human brain memory recognition, acquisition and transfer,

390

00:36:05,268 --> 00:36:12,028

matter manipulation, human alien embryonic cloning.

391

00:36:12,028 --> 00:36:17,588

What he reportedly finds convinces Costello to go public.

392

00:36:21,588 --> 00:36:26,828

The most horrifying level, Nightmare Hall, supposedly housed humans kept in cages.

393

00:36:26,828 --> 00:36:30,468

Costello was told that this was to help people with mental disorders, but when he recognized

394

00:36:30,468 --> 00:36:34,628

somebody from his hometown who had disappeared without any explanation, he knew it was time

395

00:36:34,628 --> 00:36:38,148

to blow the whistle.

396

00:36:38,148 --> 00:36:45,948

Is there any evidence this is actually happening?

397

00:36:45,948 --> 00:36:51,268

Costello took photos of the underground base and then used his knowledge of the security

398

00:36:51,268 --> 00:36:57,068

systems to escape with his evidence.

399

00:36:57,068 --> 00:37:01,348

But Costello believes he was betrayed by one of his coworkers.

400

00:37:01,348 --> 00:37:05,188

Government agents were already waiting for him at his home.

401

00:37:05,188 --> 00:37:10,068

When Costello showed up, they told him he would never see his family again unless he

402

00:37:10,068 --> 00:37:12,548

gave them the documents that he had stolen.

403

00:37:12,548 --> 00:37:17,028

Costello had no choice but to comply.

404

00:37:17,028 --> 00:37:25,468

Thomas Costello has since disappeared and his whereabouts are currently unknown.

405

00:37:25,468 --> 00:37:32,628

But he left behind a compilation of his story, known as the Dulce Papers.

406

00:37:32,628 --> 00:37:38,988

The Dulce Papers make a startling claim that the US government is actually working in collaboration

407

00:37:38,988 --> 00:37:42,828

with extraterrestrials.

408

00:37:42,828 --> 00:37:48,108

According to Costello, this was a joint US alien command base and the relationship was

409

00:37:48,108 --> 00:37:49,628

tenuous from the start.

410

00:37:49,628 --> 00:37:55,148

And he believed that the more advanced DTs were the ones in charge.

411

00:37:55,148 --> 00:37:59,628

Aliens and the US government are working together and we may not even be in charge.

412

00:37:59,628 --> 00:38:01,148

Think about the implications of this.

413

00:38:01,148 --> 00:38:13,588

What does this mean if our government knows and is involved in these kinds of experiments?

414

00:38:13,588 --> 00:38:16,348

Phil Schneider reportedly murdered.

415

00:38:16,348 --> 00:38:21,148

Thomas Costello disappeared without a trace.

416

00:38:21,148 --> 00:38:22,988

Are these coincidences?

417

00:38:22,988 --> 00:38:29,308

Or is there a government campaign to bury these secrets hidden beneath our feet?

418

00:38:29,308 --> 00:38:32,668

One of the reasons Phil believed he was in the military's crosshairs is because he was

419

00:38:32,668 --> 00:38:36,948

openly discussing his belief that the military not only knew about extraterrestrials but

420

00:38:36,948 --> 00:38:39,588

had been working with them for decades.

421

00:38:39,588 --> 00:38:46,348

Meanwhile, proof of the existence of a base in Dulce, New Mexico has not materialized.

422

00:38:46,348 --> 00:38:52,108

To date there's no authorized official statement regarding the existence of an underground

423

00:38:52,108 --> 00:38:54,428

facility at Dulce, New Mexico.

424

00:38:54,428 --> 00:39:00,588

However, there are multiple eyewitnesses describing black helicopters and other strange vehicles

425

00:39:00,588 --> 00:39:07,668

within the local area.

426

00:39:07,668 --> 00:39:14,988

Mufon files documenting underground and undersea bases might seem outrageous.

427

00:39:14,988 --> 00:39:21,428

And yet, witness testimonies and declassified documents suggest that incredible events may

428

00:39:21,428 --> 00:39:27,628

be taking place beneath our feet.

429

00:39:27,628 --> 00:39:33,429

At the very least, these case files raise the possibility that there may be underground

430

00:39:33,429 --> 00:39:38,989

secrets as mysterious as the UFOs that fly above us.
