MUSIC

9

00:00:48,934 --> 00:00:52,934

The girl and her boyfriend both described it as a pale craft,

10

00:00:52,934 --> 00:00:54,933

really zigzagging around.

11

00:00:54,933 --> 00:00:57,933

It's not moving like any kind of craft they've ever seen.

12

00:00:58,933 --> 00:01:00,933

They're not even sure what they're looking at yet,

13

00:01:00,933 --> 00:01:04,932

but he tells her, if this thing gets any closer, we need to leave.

14

00:01:05,932 --> 00:01:10,932

The craft approaches the couple's car with frightening speed.

15

00:01:10,932 --> 00:01:13,931

This thing zeroes in on their car so fast

16

00:01:13,931 --> 00:01:16,931

that within seconds it goes from being a small dot

17

00:01:16,931 --> 00:01:20,930

zipping around in front of the moon to a massive craft right above them.

18

00:01:23,930 --> 00:01:26,930

The craft projects a beam of light at the car.

19

00:01:26,930 --> 00:01:29,929

They're terrified. The boyfriend slams on the gas,

20

00:01:29,929 --> 00:01:32,929

but the wheels just spin in place.

21

00:01:36,928 --> 00:01:40,928

Within seconds, the car is lifted off the ground.

22

00:01:42,928 --> 00:01:47,927

The beam is somehow pulling their car into the air towards the UFO.

23

00:01:47,927 --> 00:01:50,927

SCREAMS

24

00:01:51,927 --> 00:01:53,926

The boyfriend is freaking out.

25

00:01:53,926 --> 00:01:56,926

Am I being abducted? Am I about to die?

26

00:01:56,926 --> 00:01:59,926

But then he suddenly hears a message.

27

00:01:59,926 --> 00:02:04,925

Don't, don't panic.

28

00:02:04,925 --> 00:02:07,925

The voice echoes in his head,

29

00:02:07,925 --> 00:02:11,924

but their story is just beginning.

30

00:02:12,924 --> 00:02:15,924

Hanger One Archives contained dozens of incidents

31

00:02:15,924 --> 00:02:19,923

featuring bizarre encounters that break the laws of physics

32

00:02:19,923 --> 00:02:22,923

and shake our perception of possibility.

33

00:02:22,923 --> 00:02:29,922

From teleportation to invisibility and even time travel.

34

00:02:30,922 --> 00:02:34,921

What is the source of these UFO superpowers?

35

00:02:34,921 --> 00:02:38,921

MUFON looks for answers right now.

36

00:02:38,921 --> 00:02:42,920

The Mutual UFO Network, known as MUFON,

37

00:02:42,920 --> 00:02:46,920

is an independent organization not bound to any government.

38

00:02:46,920 --> 00:02:51,919

They investigate reports of UFO sightings from around the world.

39

00:02:51,919 --> 00:02:56,919

Over the past five decades, they have collected more than 70,000 files,

40

00:02:56,919 --> 00:03:01,918

stored at a secure location known as Hanger One.

41

00:03:01,918 --> 00:03:06,917

Now, MUFON is granting access to their fast archive.

42

00:03:07,917 --> 00:03:11,917

These are the files of Hanger One.

43

00:03:17,916 --> 00:03:23,915

In 2010, a teenage couple's car is suddenly lifted into the sky

44

00:03:23,915 --> 00:03:29,915

over Laconia, New Hampshire, by a beam of light projected from a UFO.

45

00:03:29,915 --> 00:03:34,914

The beam is somehow pulling their car into the air, towards the UFO.

46

00:03:34,914 --> 00:03:39,913

The boyfriend is freaking out.

47

00:03:39,913 --> 00:03:43,913

Am I being abducted? Am I about to die?

48

00:03:43,913 --> 00:03:46,913

But then he suddenly hears a message.

49

00:03:46,913 --> 00:03:49,912

As if it's being broadcast directly into his head.

50

00:03:49,912 --> 00:03:52,912

Don't panic. Don't be scared.

51

00:03:57,911 --> 00:04:01,911

But despite what this voice is saying, he has every reason to panic.

52

00:04:01,911 --> 00:04:04,910

They describe it as like trying to look at the sun.

53

00:04:04,910 --> 00:04:08,910

Their eyes just won't allow them to really register this thing.

54

00:04:08,910 --> 00:04:11,910

The boy looks to his girlfriend.

55

00:04:11,910 --> 00:04:16,909

He can see that she is screaming, but he hears nothing.

56

00:04:17,909 --> 00:04:19,909

They feel almost frozen in time.

57

00:04:19,909 --> 00:04:24,908

And then for some unknown reason, the car's horn suddenly blares.

58

00:04:27,908 --> 00:04:30,907

And when that horn goes off, whatever is happening to them stops.

59

00:04:30,907 --> 00:04:32,907

Their car is released.

60

00:04:42,906 --> 00:04:48,905

The kids report their encounter to the police, who are naturally a little skeptical.

61

00:04:48,905 --> 00:04:52,905

But then the police take a closer look at the scene of the incident.

62

00:04:52,905 --> 00:04:56,904

Right at the spot where the kids say their car was dropped,

63

00:04:56,904 --> 00:05:00,904

the police find three inch divots at the impact point,

64

00:05:00,904 --> 00:05:04,903

indicating that something heavy had in fact landed there.

65

00:05:05,903 --> 00:05:10,902

It's starting to look like there might be something to this story.

66

00:05:12,902 --> 00:05:18,901

How could a car and its passengers be lifted into the sky without any evidence of physical contact?

67

00:05:22,901 --> 00:05:27,900

MUFON normally brings me into a case when there's a technical question that can't be answered.

68

00:05:28,900 --> 00:05:32,900

For a vehicle to be lifted into the air without physical contact,

69

00:05:32,900 --> 00:05:36,899

it would appear to involve theoretical technology known as a tractor beam.

70

00:05:37,899 --> 00:05:41,899

We would love to have tractor beams that move cars or move spaceships.

71

00:05:43,898 --> 00:05:48,898

Our most powerful lasers focus to a point and move a small micron-sized bead.

72

00:05:48,898 --> 00:05:50,898

That's about as good as we can do.

73

00:05:50,898 --> 00:05:54,897

So the amount of energy involved to make something that can move a car is immense.

74

00:05:54,897 --> 00:05:57,897

With current technology, we're very far away from doing that.

75

00:05:57,897 --> 00:06:01,896

If this kind of tractor beam technology doesn't exist on this planet,

76

00:06:01,896 --> 00:06:05,896

yet we have physical evidence that something yanked this car into the air

77

00:06:05,896 --> 00:06:10,895

and then dropped it to the ground, where is this super technology coming from?

78

00:06:12,895 --> 00:06:15,894

This actually happens more than you would think.

79

00:06:15,894 --> 00:06:20,894

About 20 to 30 MUFON cases every year involve phenomena that, if true,

80

00:06:20,894 --> 00:06:23,893

go far beyond our understanding of science.

81

00:06:27,893 --> 00:06:32,892

There is a host of quote-unquote impossible technology associated with UFOs.

82

00:06:32,892 --> 00:06:39,892

For example, optical invisibility, teleportation, quantum drive engines, telepathy, shape-shifting.

83

00:06:39,892 --> 00:06:41,891

The list goes on and on.

84

00:06:43,891 --> 00:06:51,890

A recent MUFON investigation in Chicago illustrates that UFOs may exhibit even more technological superpowers.

85

00:06:58,889 --> 00:07:01,889

November 4th, 2008.

86

00:07:01,889 --> 00:07:07,888

A young college student drives through suburban Chicago on her way to meet a friend.

87

00:07:07,888 --> 00:07:15,887

At 9.20 pm, she hears and feels something suddenly impact her vehicle.

88

00:07:18,887 --> 00:07:22,886

She's driving along and out of nowhere the car jolts,

89

00:07:22,886 --> 00:07:25,886

and it feels like another vehicle slammed into her.

90

00:07:25,886 --> 00:07:27,886

But she looks around and there's nothing there.

91

00:07:27,886 --> 00:07:30,885

I mean, she's the only car on the road.

92

00:07:30,885 --> 00:07:33,885

The phantom impact continues,

93

00:07:33,885 --> 00:07:39,884

and this time the force is so strong that it actually shoves her entire vehicle into the next lane.

94

00:07:41,884 --> 00:07:46,883

And right in front of her eyes, the side view mirror is suddenly torn from the car.

95

00:07:48,883 --> 00:07:52,883

She has no idea what's going on, but by now she's pretty shaken up.

96

00:07:53,883 --> 00:07:59,882

The driver pulls over to examine her vehicle and makes a startling discovery.

97

00:07:59,882 --> 00:08:04,881

The entire driver's side is severely damaged, and it looks like something huge crashed into her.

98

00:08:07,881 --> 00:08:10,881

The body of the car is completely misshapen and warped,

99

00:08:10,881 --> 00:08:14,880

but there are absolutely no scratches, scrapes, chip paint, anything.

100

00:08:14,880 --> 00:08:17,880

It's like the car was somehow melted.

101

00:08:17,880 --> 00:08:19,879

None of the other signs of impact are present.

102

00:08:19,879 --> 00:08:21,879

There's no cracked glass.

103

00:08:21,879 --> 00:08:23,879

None of the plastic is damaged or shattered,

104

00:08:23,879 --> 00:08:26,879

so what could have caused this very unusual damage?

105

00:08:26,879 --> 00:08:30,878

The driver reports the incident to the police and her family.

106

00:08:30,878 --> 00:08:33,878

There had recently been UFO sightings in the area,

107

00:08:33,878 --> 00:08:36,877

and the girl's mother has this unshakable feeling.

108

00:08:36,877 --> 00:08:41,877

It's as if she knows these UFOs are connected to her daughter's traumatic experience.

109

00:08:41,877 --> 00:08:46,876

The car is completely damaged, and the car is completely damaged.

110

00:08:47,876 --> 00:08:53,875

So she contacts the National UFO Reporting Center, who refer the case to MUFON.

111

00:08:53,875 --> 00:08:57,875

Even though this witness didn't see a UFO, due to the nature of this encounter,

112

00:08:57,875 --> 00:09:00,874

this was still a very significant case.

113

00:09:00,874 --> 00:09:03,874

MUFON sent a team to investigate.

114

00:09:04,874 --> 00:09:09,873

MUFON investigators acquire paint chips from the damaged portion of the car

115

00:09:09,873 --> 00:09:13,873

and send the evidence to a lab for analysis.

116

00:09:13,873 --> 00:09:18,872

The investigators are hoping that the lab can provide some insight

117

00:09:18,872 --> 00:09:21,872

into what they might be dealing with here.

118

00:09:21,872 --> 00:09:26,871

How is it possible for a seemingly invisible craft to move among us,

119

00:09:26,871 --> 00:09:31,871

do this kind of bizarre damage to a car, and then just vanish?

120

00:09:32,871 --> 00:09:37,870

When MUFON investigators return to the lab to retrieve the results,

121

00:09:37,870 --> 00:09:41,869

someone has already beaten them to it.

122

00:09:41,869 --> 00:09:46,869

Our MUFON investigators showed up at the lab, and they said that they were there for the report.

123

00:09:46,869 --> 00:09:50,868

Now there's some confusion, because the lab texts tell them that someone from MUFON

124

00:09:50,868 --> 00:09:55,868

has already picked up the report and retrieved the physical samples, the paint chips.

125

00:09:56,868 --> 00:09:59,867

And our investigators are understandably confused by this,

126

00:09:59,867 --> 00:10:03,867

because they know that nobody from MUFON had picked this stuff up.

127

00:10:03,867 --> 00:10:07,866

If it wasn't MUFON, and it definitely wasn't, then who made off with the evidence?

128

00:10:07,866 --> 00:10:10,866

It's not just the physical evidence or the lab report that was gone.

129

00:10:10,866 --> 00:10:14,865

There isn't even any evidence left on the lab's computers.

130

00:10:15,865 --> 00:10:19,865

One thing you can count on with these cases, the better the evidence,

131

00:10:19,865 --> 00:10:22,864

the faster someone is going to swoop in and try to cover it up

132

00:10:22,864 --> 00:10:25,864

in order to maintain the status quo.

133

00:10:25,864 --> 00:10:28,864

The fate of the evidence remains a mystery,

134

00:10:28,864 --> 00:10:33,863

and the case of the melted car continues to raise questions.

135

00:10:33,863 --> 00:10:37,863

Was this young lady's car damaged by an invisible craft?

136

00:10:37,863 --> 00:10:40,862

Maybe these things are equipped with a cloaking ability

137

00:10:40,862 --> 00:10:42,862

that helps them avoid being spotted in our skies.

138

00:10:42,862 --> 00:10:46,862

This certainly isn't the only case of invisible UFOs on file.

139

00:10:49,861 --> 00:10:54,861

Next, another invisible UFO makes its presence known

140

00:10:54,861 --> 00:10:58,860

when it unleashes a firestorm on a South Carolina town.

141

00:10:59,860 --> 00:11:04,859

And later, could a truck driver's late night UFO encounter

142

00:11:04,859 --> 00:11:08,859

have gifted him with superpowers of his own?

143

00:11:16,858 --> 00:11:20,857

Inside Hanger 1, MUFON files contain hundreds of reports

144

00:11:20,857 --> 00:11:25,857

that link UFOs to seemingly impossible phenomena.

145

00:11:26,857 --> 00:11:30,856

From a tractor beam that pulls a couple into the sky

146

00:11:30,856 --> 00:11:35,856

to an invisible craft that melts a car on impact,

147

00:11:35,856 --> 00:11:38,855

these cases feature UFO superpowers

148

00:11:38,855 --> 00:11:42,855

that challenge our perception of reality.

149

00:11:43,855 --> 00:11:47,854

You can't think about these events with an earthbound worldview.

150

00:11:47,854 --> 00:11:52,854

If extraterrestrials have mastered the technology to travel to our world

151

00:11:52,854 --> 00:11:56,853

from God knows what distance, then their knowledge of everything

152

00:11:56,853 --> 00:11:59,853

would have to be so far outside of what we can conceive

153

00:11:59,853 --> 00:12:02,852

that they would basically be like gods to us.

154

00:12:04,852 --> 00:12:07,852

And to these gods, there's very little that's impossible.

155

00:12:09,851 --> 00:12:12,851

One of the most significant things about these encounters

156

00:12:12,851 --> 00:12:16,851

with so-called UFO superpowers is that even though they may seem

157

00:12:16,851 --> 00:12:20,850

to do the impossible, they often leave us with physical evidence.

158

00:12:22,850 --> 00:12:25,850

Could the physical evidence left behind in these encounters

159

00:12:25,850 --> 00:12:31,849

with UFO superpowers be a key to unraveling the UFO mystery?

160

00:12:41,848 --> 00:12:48,847

February 22, 2004, a South Carolina couple enjoys a sunset drive

161

00:12:48,847 --> 00:12:50,847

in the town of Gaffney.

162

00:12:51,846 --> 00:12:54,846

This couple is driving along and the woman spots something

163

00:12:54,846 --> 00:12:58,846

almost like a mirage, taking shape when the sky is above,

164

00:12:58,846 --> 00:13:00,845

so they pull over to get a closer look.

165

00:13:01,845 --> 00:13:03,845

The sky is very clear.

166

00:13:18,843 --> 00:13:21,843

They can tell that there's an object in the sky flying towards them,

167

00:13:21,843 --> 00:13:24,842

but it's very difficult to make out any details.

168

00:13:31,842 --> 00:13:34,841

They see this saucer-shaped craft, but at the same time,

169

00:13:34,841 --> 00:13:36,841

they're looking through it.

170

00:13:36,841 --> 00:13:39,841

For all intents and purposes, it's invisible.

171

00:13:41,840 --> 00:13:44,840

This description of the craft sounds like it could be using

172

00:13:44,840 --> 00:13:47,840

something known as adaptive camouflage.

173

00:13:48,839 --> 00:13:51,839

This is a technique that already exists to some degree

174

00:13:51,839 --> 00:13:55,839

when the view behind an object is projected onto the front of that object,

175

00:13:55,839 --> 00:13:58,838

helping it blend in with its environment.

176

00:13:58,838 --> 00:14:02,838

This craft goes far beyond any technology that currently exists

177

00:14:02,838 --> 00:14:04,838

on Earth today.

178

00:14:04,838 --> 00:14:07,837

This is practically total optical invisibility.

179

00:14:08,837 --> 00:14:11,837

The mysterious craft positions itself above a tree

180

00:14:11,837 --> 00:14:14,836

in the wooded roadside area.

181

00:14:16,836 --> 00:14:18,836

They have no idea what's going on,

182

00:14:18,836 --> 00:14:22,835

but they watch as the craft comes in contact with the treetops,

183

00:14:22,835 --> 00:14:24,835

and this is when things get scary.

184

00:14:25,835 --> 00:14:28,835

The trees erupt with brilliant light.

185

00:14:29,834 --> 00:14:34,834

One by one, the surrounding trees begin to crackle with electric fire.

186

00:14:36,834 --> 00:14:38,833

This isn't a case of the trees being close together

187

00:14:38,833 --> 00:14:41,833

and the flames spreading from one to the next.

188

00:14:41,833 --> 00:14:43,833

A lot of these trees aren't even touching.

189

00:14:43,833 --> 00:14:45,833

They're just going up independently.

190

00:14:48,832 --> 00:14:52,832

Sparks from the trees hit the ground, igniting the grass.

191

00:14:53,832 --> 00:14:56,831

By now, the couple have gone from fascinated to plain scare.

192

00:14:56,831 --> 00:14:58,831

Maybe this isn't so safe.

193

00:14:58,831 --> 00:15:01,831

Is this UFO about to start a forest fire?

194

00:15:01,831 --> 00:15:03,830

So they call 911.

195

00:15:03,830 --> 00:15:08,830

This couple is not alone in reporting the strange phenomena.

196

00:15:08,830 --> 00:15:11,829

911 records show that several people in the area

197

00:15:11,829 --> 00:15:15,829

saw this weird light show and called the fire department.

198

00:15:16,829 --> 00:15:17,829

911 emergency.

199

00:15:17,829 --> 00:15:20,828

There's some strange things happening over the sky in Gaffney.

200

00:15:20,828 --> 00:15:22,828

Has anyone else reported it?

201

00:15:22,828 --> 00:15:24,828

There's something in the sky.

202

00:15:24,828 --> 00:15:26,828

Okay, all right. Is this about the flashing?

203

00:15:26,828 --> 00:15:27,827

Yes, that's correct.

204

00:15:27,827 --> 00:15:29,827

So we're not the first to call then?

205

00:15:29,827 --> 00:15:31,827

No, no, sir. Thank you.

206

00:15:31,827 --> 00:15:32,827

This is unbelievable.

207

00:15:32,827 --> 00:15:34,827

It looks like a UFO in the sky.

208

00:15:34,827 --> 00:15:36,826

Could someone come to check it out?

209

00:15:36,826 --> 00:15:37,826

Was it pink, ma'am?

210

00:15:37,826 --> 00:15:38,826

A lady said it was pink.

211

00:15:38,826 --> 00:15:42,826

I don't know what you call this, but it looks like the trees are glowing.

212

00:15:44,825 --> 00:15:46,825

At this point, the ground is now on fire,

213

00:15:46,825 --> 00:15:49,825

and that fire is spreading fast.

214

00:15:50,825 --> 00:15:54,824

Firefighters arrive on the scene and extinguish the flames,

215

00:15:54,824 --> 00:15:58,824

but by then, the UFO is long gone.

216

00:15:59,824 --> 00:16:02,823

Here we have a UFO equipped with otherworldly technology.

217

00:16:02,823 --> 00:16:05,823

It's nearly undetectable by sight or sound,

218

00:16:05,823 --> 00:16:07,823

but then it puts on this huge light show,

219

00:16:07,823 --> 00:16:09,822

full view of witnesses.

220

00:16:09,822 --> 00:16:11,822

How did the UFO cause this to happen?

221

00:16:11,822 --> 00:16:13,822

We may never know.

222

00:16:15,822 --> 00:16:18,821

The most disturbing thing here is that we could be dealing with

223

00:16:18,821 --> 00:16:20,821

ugly alien technology.

224

00:16:20,821 --> 00:16:23,821

Should we be afraid of these UFO superpowers?

225

00:16:23,821 --> 00:16:25,820

And if these events keep getting covered up,

226

00:16:25,820 --> 00:16:27,820

we're not going to find out what's going on.

227

00:16:27,820 --> 00:16:29,820

And we're just left scared.

228

00:16:31,820 --> 00:16:37,819

Could such displays of UFO superpowers pose a threat to humanity?

229

00:16:37,819 --> 00:16:42,818

If these encounters are impacting our world in seemingly impossible ways,

230

00:16:42,818 --> 00:16:44,818

could there be real damage being done here?

231

00:16:44,818 --> 00:16:49,817

In some of our cases, we're dealing with not only seemingly impossible technology,

232

00:16:49,817 --> 00:16:53,817

but also what appears to be superhuman abilities exhibited by humans

233

00:16:53,817 --> 00:16:55,817

after a UFO encounter.

234

00:16:56,817 --> 00:16:59,816

As we see in the case of one truck driver,

235

00:16:59,816 --> 00:17:04,816

who may have been teleported along with his 18-wheeler across the state of Virginia.

236

00:17:04,816 --> 00:17:13,815

MUSIC

237

00:17:13,815 --> 00:17:16,814

August 29, 1979.

238

00:17:16,814 --> 00:17:21,814

Truck driver Harry Turner sits in the cab of his parked 18-wheeler.

239

00:17:23,813 --> 00:17:26,813

Harry's cargo has arrived safely at its destination,

240

00:17:26,813 --> 00:17:29,813

a warehouse in Fredericksburg, Virginia.

241

00:17:29,813 --> 00:17:33,812

But he has no idea how he got there.

242

00:17:34,812 --> 00:17:38,812

This truck driver just sort of wakes up and he's suddenly safe and sound at the end of his route.

243

00:17:38,812 --> 00:17:41,811

But what's really strange, he has absolutely no memory of the trip.

244

00:17:43,811 --> 00:17:47,810

The last thing Harry Turner remembers was he was getting something to eat at a truck stop

245

00:17:47,810 --> 00:17:50,810

shortly after embarking, and suddenly,

246

00:17:50,810 --> 00:17:53,810

here he is safe and sound in Fredericksburg.

247

00:17:55,809 --> 00:17:58,809

He's very confused, but when he looks at his odometer,

248

00:17:58,809 --> 00:18:01,809

that's when he really starts to worry.

249

00:18:01,809 --> 00:18:04,808

The truck and its driver are 80 miles from where they started,

250

00:18:04,808 --> 00:18:07,808

but somehow the truck itself has only traveled 17 miles.

251

00:18:07,808 --> 00:18:09,808

What's going on here?

252

00:18:11,808 --> 00:18:14,807

And before Harry can even start to get his head around this,

253

00:18:14,807 --> 00:18:17,807

he sees something that gives him a chill.

254

00:18:17,807 --> 00:18:24,806

MUSIC

255

00:18:24,806 --> 00:18:29,805

Turner finds his own gun, discarded in the cab.

256

00:18:31,805 --> 00:18:35,805

Harry Turner always keeps a loaded pistol in his cab for self-defense.

257

00:18:35,805 --> 00:18:38,804

So when he finds his gun, he's shocked to discover it's empty.

258

00:18:38,804 --> 00:18:42,804

It holds eight shots, and they've all been recently fired.

259

00:18:42,804 --> 00:18:47,803

And as he's sitting there trying to wrap his head around how this could be possible,

260

00:18:47,803 --> 00:18:51,803

he's suddenly struck with this memory that starts to fill in the holes,

261

00:18:51,803 --> 00:18:54,802

and it's all very frightening.

262

00:18:55,802 --> 00:19:00,802

The previous evening, Harry Turner begins his haul to Fredericksburg,

263

00:19:00,802 --> 00:19:05,801

while alone on the road, he notices something descending from the sky.

264

00:19:07,801 --> 00:19:11,800

He sees these lights coming down from the sky, and he can't tell what it is,

265

00:19:11,800 --> 00:19:14,800

but what he does know, it seems to be following him.

266

00:19:15,800 --> 00:19:18,799

His CB and his radio start to blast at it,

267

00:19:18,799 --> 00:19:21,799

and that is soon followed by a loud, piercing tone.

268

00:19:23,799 --> 00:19:27,798

Harry Turner's cab is flooded with bright light.

269

00:19:31,798 --> 00:19:33,798

The truck has stopped moving.

270

00:19:33,798 --> 00:19:35,797

Harry can't tell where he is.

271

00:19:35,797 --> 00:19:38,797

He tries to get out of the cab, but he feels something take hold of his shoulder

272

00:19:38,797 --> 00:19:41,797

with what he later described as bionic strength.

273

00:19:42,796 --> 00:19:47,796

Turner feels an invisible entity pushing him back into his truck.

274

00:19:47,796 --> 00:19:50,796

Harry now remembers grabbing his gun in a panic

275

00:19:50,796 --> 00:19:53,795

and unloading all eight rounds into this entity.

276

00:19:53,795 --> 00:20:01,794

The pushing stops, and things go quiet.

277

00:20:03,794 --> 00:20:06,794

After a long while, Harry finally ventures out of the cab.

278

00:20:08,793 --> 00:20:11,793

Harry, along with his 18-wheeler truck,

279

00:20:11,793 --> 00:20:17,792

appeared to be inside the hull of a massive UFO.

280

00:20:23,792 --> 00:20:26,791

And that's the last thing Harry remembers.

281

00:20:28,791 --> 00:20:32,790

He's at the warehouse in Fredericksburg, trying to understand what just happened to him.

282

00:20:34,790 --> 00:20:38,790

After learning of this case, Mufan launches an investigation.

283

00:20:39,790 --> 00:20:41,789

Our best lead is to look at the facts,

284

00:20:41,789 --> 00:20:45,789

and those facts are that after witnessing odd activity in the sky,

285

00:20:45,789 --> 00:20:48,788

Harry Turner experienced a period of missing time,

286

00:20:48,788 --> 00:20:51,788

and his truck somehow made an 80-mile journey,

287

00:20:51,788 --> 00:20:55,788

despite its odometer, only registering 17 of those miles.

288

00:20:55,788 --> 00:20:57,787

So what could that mean?

289

00:20:58,787 --> 00:21:03,787

One theory would be that the UFO teleported the truck into the hull of the vehicle,

290

00:21:03,787 --> 00:21:06,786

and then teleported it to the destination.

291

00:21:07,786 --> 00:21:13,785

Teleportation is a hypothetical technology involving near-instantaneous transportation.

292

00:21:15,785 --> 00:21:18,785

We've all seen them beaming up in the movies.

293

00:21:18,785 --> 00:21:23,784

Something is dematerialized to point A, and then broadcast to point B, where it is reassembled.

294

00:21:23,784 --> 00:21:27,784

But this is purely sci-fi technology, with no basis in reality, right?

295

00:21:27,784 --> 00:21:29,783

Well, think again.

296

00:21:30,783 --> 00:21:36,783

In May of 2014, researchers at the Netherlands Delft University of Technology

297

00:21:36,783 --> 00:21:39,782

achieved what many believed impossible.

298

00:21:40,782 --> 00:21:46,781

These Dutch physicists were able to instantaneously transport a single atom between two points

299

00:21:46,781 --> 00:21:49,781

without that atom moving through the intervening space.

300

00:21:50,781 --> 00:21:55,780

That is the very definition of teleportation, and it has proven to be scientifically possible.

301

00:21:58,780 --> 00:22:02,779

Obviously, moving a single atom is a far cry from teleporting an 18-wheeler,

302

00:22:02,779 --> 00:22:06,779

but we now know that it is theoretically possible.

303

00:22:06,779 --> 00:22:10,779

In 1979, people told Harry Turner that what he described was crazy.

304

00:22:10,779 --> 00:22:13,778

But after hearing this story, we have to wonder,

305

00:22:13,778 --> 00:22:18,778

did Harry Turner experience next-level technology that we are now only starting to figure out ourselves?

306

00:22:20,777 --> 00:22:28,776

But Harry Turner's teleportation is only the start of his ongoing experience with UFO superpowers.

307

00:22:28,776 --> 00:22:34,776

Something happened to Harry Turner during this encounter, and when it was over, he would never be the same.

308

00:22:35,775 --> 00:22:42,775

In the aftermath of his UFO abduction, Harry Turner finds himself gifted with extraordinary abilities.

309

00:22:43,775 --> 00:22:45,774

When we return.

310

00:22:47,774 --> 00:22:54,773

Inside Hanger 1, MUFON investigators have collected evidence of UFO superpowers.

311

00:22:55,773 --> 00:23:02,772

Seemingly impossible phenomena, including tractor beams, invisible aircraft, and teleportation.

312

00:23:04,772 --> 00:23:10,771

Could the effects of these strange encounters alter the potential of humanity itself?

313

00:23:11,771 --> 00:23:19,770

In 1979, truck driver Harry Turner is reportedly teleported 80 miles by a UFO,

314

00:23:19,770 --> 00:23:23,770

but the strangest part of his journey is yet to come.

315

00:23:24,770 --> 00:23:31,769

Following Harry Turner's encounter, MUFON spent a lot of time with him, his family, and really his whole community as part of the investigation.

316

00:23:32,769 --> 00:23:36,768

When you hear Harry's story about UFOs, teleportation, and alien abduction,

317

00:23:36,768 --> 00:23:41,767

your first reaction is probably that this guy was either delusional, drunk, or possibly both.

318

00:23:42,767 --> 00:23:48,767

But once the investigation begins, it starts to look like there could be credible evidence to support his story.

319

00:23:49,766 --> 00:23:54,766

Something happened to Harry Turner during his encounter, and when it was over, he would never be the same.

320

00:23:54,766 --> 00:24:07,764

September 3, 1979.

321

00:24:08,764 --> 00:24:16,763

Harry Turner watches stars move across the night sky. Only, it's through the solid ceiling of his bedroom.

322

00:24:16,763 --> 00:24:27,762

It's been less than a week since Harry Turner was teleported into a UFO, and now he's starting to have these random moments of X-ray vision.

323

00:24:28,762 --> 00:24:32,761

He's lying in bed, staring at the ceiling, and suddenly the ceiling disappears.

324

00:24:33,761 --> 00:24:38,761

Things get worse when Harry turns to his sleeping wife.

325

00:24:39,760 --> 00:24:46,760

He is seeing through his wife's skin. She's like a living X-ray. Naturally, this is a horrifying sight for Harry.

326

00:24:47,759 --> 00:24:57,758

He has no idea what this means. Are these abilities good, bad, dangerous? All he knows is that something about that UFO encounter physically changed him.

327

00:24:58,758 --> 00:25:02,758

Turner is overwhelmed and flees his home in a panic.

328

00:25:03,758 --> 00:25:06,757

It's not long before Harry Turner is at the center of a police chase.

329

00:25:08,757 --> 00:25:13,756

He's a police pursuit turner across several counties, until he finally surrenders.

330

00:25:14,756 --> 00:25:23,755

Even after Turner pulls over, he puts up a huge fight with the arresting officers. He's ranting.

He's raving. He's complaining about hearing tones in his head.

331

00:25:24,755 --> 00:25:33,754

After this episode, our Mufan investigative team is starting to really question, is this behavior related to his UFO experience, or is he delusional?

332

00:25:34,754 --> 00:25:42,753

Following his arrest, Turner undergoes a complete mental and physical evaluation.

333

00:25:43,753 --> 00:25:53,751

The doctors note that Harry has become extremely sensitive to light and sound. The doctors also report that he's having some trouble controlling the left side of his body.

334

00:25:54,751 --> 00:26:00,751

This is the same side where Harry claimed to have been pushed by an invisible hand. So what's going on here?

335

00:26:00,751 --> 00:26:04,750

Could it be that something's attempting to take control of his body?

336

00:26:05,750 --> 00:26:10,749

What they can't find any medical cause for these symptoms is just like they happened in a vacuum.

337

00:26:11,749 --> 00:26:20,748

While Turner is being examined, Mufan investigators continue to search for evidence of his teleportation experience.

338

00:26:20,748 --> 00:26:26,747

The next step in gathering evidence in the case is to visit Turner's supervisor at the trucking company.

339

00:26:27,747 --> 00:26:34,746

He should be able to provide some documentation that Turner's truck only registered 17 miles of his 80-mile trip.

340

00:26:35,746 --> 00:26:41,746

This should be an easy way to either prove or disprove his story, but instead, things get even more complicated.

341

00:26:42,745 --> 00:26:51,744

Paperwork is missing. So what happened? Did it ever really exist at all? Without the paperwork, it's a difficult setback.

342

00:26:52,744 --> 00:26:58,744

But they look a little deeper and they discover something that indicates, hey, maybe this guy isn't so crazy after all.

343

00:27:00,743 --> 00:27:04,743

Harry Turner had served in the U.S. Navy. This was confirmed during our investigation.

344

00:27:05,743 --> 00:27:11,742

There are also photographs that support this, but when the investigators requested his service record, they hit a dead end.

345

00:27:12,742 --> 00:27:20,741

Harry's Navy records are gone. So now, along with the report from the trucking company, somebody has snatched up his military paperwork.

346

00:27:21,741 --> 00:27:28,740

If someone reports a UFO experience and a highly unusual one at that with teleportation, X-ray vision and telepathy,

347

00:27:29,740 --> 00:27:35,739

I don't care how crazy their story sounds, these events must indicate that some part of it must be true.

348

00:27:36,739 --> 00:27:39,739

Someone doesn't want that information out there.

349

00:27:40,738 --> 00:27:46,738

It's starting to look like somebody is doing everything they can to suppress Harry's story.

350

00:27:47,738 --> 00:27:56,737

But without documentation, the investigation hits a dead end and Harry Turner becomes increasingly withdrawn.

351

00:27:57,736 --> 00:28:06,735

This story takes a sad turn, but if what Harry Turner says is true, then he was somehow enhanced and granted superhuman abilities like X-ray vision.

352

00:28:07,735 --> 00:28:16,734

Think about what that could mean for humanity. Maybe part of the UFO mystery involves unlocking this future where nothing is impossible.

353

00:28:17,734 --> 00:28:24,733

Some of these cases appear to give us invaluable insight into technology thought to be impossible, such as interdimensional travel.

354

00:28:26,733 --> 00:28:31,732

The story is about a man who is a man who is a man who is a man of the world.

355

00:28:42,731 --> 00:28:50,730

July 5, 2010. A California rancher is startled by the sudden appearance of bright lights on the far edge of his property.

356

00:28:51,730 --> 00:28:55,729

This rancher sees, way out in the distance, something huge.

357

00:28:56,729 --> 00:29:03,728

Now he has no idea what this could be, but his teenage son sees it too, and they jump into the pickup truck and head out to investigate.

358

00:29:05,728 --> 00:29:10,728

As their truck speeds towards the light, something incredible comes into focus.

359

00:29:13,727 --> 00:29:18,727

They suddenly see, clear as day, a 20-foot high UFO on the property.

360

00:29:20,726 --> 00:29:26,726

They describe it being cone-shaped, covered in what they call portholes and throwing off a glowing, bluish light.

361

00:29:28,725 --> 00:29:37,724

This thing isn't flying around, it's not speeding away from them. This is exhilarating. They're about to get an up-close look at a real UFO.

362

00:29:39,724 --> 00:29:45,723

But before they reach the strange craft, it vanishes in front of their eyes.

363

00:29:46,723 --> 00:29:49,723

It's simply there one second and gone the next.

364

00:29:53,722 --> 00:30:01,721

This is a highly credible witness. He's a retired police detective, and the first thing he does is call his brother, who has a doctorate in physics.

365

00:30:02,721 --> 00:30:07,721

90 minutes after the initial encounter, the rancher returns to the scene with his brother.

366

00:30:08,720 --> 00:30:15,720

The rancher's brother comes over to the ranch thinking he'll be able to explain away what happened, but instead something extraordinary occurs.

367

00:30:19,719 --> 00:30:22,719

They start hearing all these click-click sounds all around them.

368

00:30:23,719 --> 00:30:37,717

These noises seem to move from the ground to the sky. The two men look up, just in time to see what they described as a hole in the atmosphere.

369

00:30:38,717 --> 00:30:43,716

And for the briefest moment, there's the UFO again, and they both see it.

370

00:30:47,716 --> 00:30:49,716

And they didn't swallow it up by the sky.

371

00:30:50,715 --> 00:30:58,714

They report being very disturbed by this sight. Even the physics expert has no explanation for what they just witnessed.

372

00:31:02,714 --> 00:31:12,713

One theory would be that this UFO had moved through a wormhole. What this means is that the UFO has the capability to bend time and space itself.

373

00:31:13,713 --> 00:31:23,711

Wormholes are theoretical points in space and time that enable instantaneous transportation across massive distances.

374

00:31:24,711 --> 00:31:30,711

We have many other cases on file that link UFO encounters with wormholes like the one on that California ranch.

375

00:31:31,710 --> 00:31:36,710

And one of these cases even suggests that UFOs may get here by traveling through time itself.

376

00:31:43,709 --> 00:31:48,708

January 3, 2012, Parklow, Virginia.

377

00:31:51,708 --> 00:31:57,707

MUFON receives multiple reports of a UFO flying low over a suburban neighborhood.

378

00:32:00,707 --> 00:32:06,706

At least four families reported a spherical, bright UFO zipping over their rooftops.

379

00:32:06,706 --> 00:32:12,705

But one couple actually got in their car and chased the object through the area, hoping to get a better look.

380

00:32:14,705 --> 00:32:20,704

The couple follows the UFO to an isolated lot where it suddenly halts.

381

00:32:21,704 --> 00:32:29,703

It's hovering in the air right above a two-story house. They're getting a really good look at it. This is amazing. And then it suddenly vanishes.

382

00:32:30,703 --> 00:32:35,703

But the UFO is not the only thing to disappear that night.

383

00:32:36,703 --> 00:32:45,701

The next day, the couple returns to the house where they saw the UFO looking for evidence of the encounter. But there's nothing there. Literally, nothing.

384

00:32:46,701 --> 00:32:51,701

Where the house had stood the previous night is now an empty lot.

385

00:32:52,701 --> 00:32:59,700

The couple finds out that there has never been a house on that property, but they know what they saw. What could this mean?

386

00:32:59,700 --> 00:33:06,699

In theory, if this UFO is using some kind of temporal manipulation to get around, then maybe it opened up a wormhole.

387

00:33:07,699 --> 00:33:13,698

And what the couple saw wasn't actually the lot as it appeared in the moment, but as it will eventually appear at some time in the future.

388

00:33:14,698 --> 00:33:24,697

Did this UFO inadvertently allow the couple a peek into the future? Or maybe even into another dimension?

389

00:33:24,697 --> 00:33:29,696

Throughout history, things are only considered impossible until they're not anymore.

390

00:33:30,696 --> 00:33:35,695

Think about a cell phone. If you took back to the 1800s, they'd look at it and go, what is this?

391

00:33:37,695 --> 00:33:44,694

If we were dealing with a higher intelligence, maybe they'd get by traveling through time as opposed to space.

392

00:33:45,694 --> 00:33:57,693

Next, a frightening encounter that takes UFO superpowers from the skies above into a suburban living room.

393

00:33:58,693 --> 00:34:00,692

When we return.

394

00:34:01,692 --> 00:34:17,690

Hangar One's archives contain hundreds of MUFON files detailing the phenomena of UFO superpowers.

395

00:34:20,690 --> 00:34:24,689

A teenage couple is seized by a UFO tractor beam.

396

00:34:25,689 --> 00:34:30,689

A truck driver is teleported nearly 100 miles in an instant.

397

00:34:31,689 --> 00:34:36,688

A wormhole opens a window to the future in a Virginia suburb.

398

00:34:37,688 --> 00:34:42,687

What can these extraordinary occurrences reveal about our world?

399

00:34:43,687 --> 00:34:48,686

Sometimes a UFO case will feature elements that science tells us are impossible.

400

00:34:49,686 --> 00:34:55,686

But then you look a little deeper and science tells us, guess what? It turns out that this is possible.

401

00:35:02,685 --> 00:35:07,684

March 31st, 2012, Miami, Florida.

402

00:35:08,684 --> 00:35:17,683

Mary Alvarez is about to make herself some breakfast when she encounters a UFO inside her own living room.

403

00:35:20,683 --> 00:35:25,682

There's this small orb about the size of a basketball floating through her house.

404

00:35:25,682 --> 00:35:29,682

And it's solid. And there are different colored lights flashing beneath the surface.

405

00:35:30,681 --> 00:35:34,681

Think about it. This is a miniature flying saucer inside her home.

406

00:35:34,681 --> 00:35:39,680

Is this some kind of drone or something? Or could there even be tiny pilots in there?

407

00:35:39,680 --> 00:35:44,680

No matter how you look at it, it's definitely a weird thing to encounter before your first cup of coffee.

408

00:35:44,680 --> 00:35:47,679

She's making a mental note of everything.

409

00:35:48,679 --> 00:35:55,678

Her husband walks in on this close encounter. And if this isn't already strange enough, the UFO begins to change shape.

410

00:35:56,678 --> 00:36:03,677

The couple reports that it is now a long cylinder. And as they approach it, it flies towards their living room wall.

411

00:36:05,677 --> 00:36:07,677

And then it's gone.

412

00:36:07,677 --> 00:36:13,676

Well, what just happened? Did it blast a hole through the wall to make an escape? No, the wall's perfectly intact.

413

00:36:14,676 --> 00:36:22,675

According to the couple, the UFO phased through their living room wall. In other words, it passed through a solid, like a ghost.

414

00:36:26,675 --> 00:36:33,674

This is an older couple. They've had no previous experiences or even interest in UFOs.

415

00:36:33,674 --> 00:36:42,673

But they were so disturbed by this encounter that they meticulously detailed every aspect of it with testimony, maps, timelines and drawings.

416

00:36:42,673 --> 00:36:45,672

And their account stays remarkably consistent throughout.

417

00:36:46,672 --> 00:36:51,672

In fact, they initially weren't even looking at this as a UFO encounter. They didn't know what to call it.

418

00:36:51,672 --> 00:36:56,671

They didn't even contact Mufon until a few months later, after a second incident.

419

00:37:04,670 --> 00:37:15,669

July 8th, 2012. Three months after encountering the UFO in her living room, Mary Alvarez hears something outside her window.

420

00:37:16,669 --> 00:37:23,668

She looks up and there in the morning sky is a huge triangle-shaped aircraft hovering over her street.

421

00:37:25,667 --> 00:37:29,667

She's trying to figure out what this thing is and then there's this piercing noise in the sky.

422

00:37:32,667 --> 00:37:34,666

And then the craft just vanishes.

423

00:37:35,666 --> 00:37:43,665

After witnessing a tiny UFO inside her house and a giant UFO above her house, Mary decides it's time to bring in the experts.

424

00:37:43,665 --> 00:37:45,665

And she contacts Mufon.

425

00:37:47,665 --> 00:37:55,664

Mufon also has additional reports of small UFO-like orbs sighted in the immediate area from five other witnesses,

426

00:37:55,664 --> 00:38:00,663

occurring within a few months of these incidents. And it turned out to be a very fascinating investigation.

427

00:38:01,663 --> 00:38:07,662

Remember, Mary's UFO encounters began when a tiny craft appeared to phase through the wall of her home.

428

00:38:08,662 --> 00:38:15,661

Now, we assume that it's impossible for solids to pass through each other like ghosts, but it might not be as impossible as it sounds.

429

00:38:18,661 --> 00:38:22,661

In 2005, researchers announced the possibility of super solids.

430

00:38:23,660 --> 00:38:29,660

Microscopic solid materials capable of passing through each other without being compromised.

431

00:38:31,659 --> 00:38:42,658

With the discovery of super solids, is it really a stretch to think that an advanced culture may have perfected this technology to the point where a UFO could phase through walls unharmed?

432

00:38:44,658 --> 00:38:47,657

And that's the amazing thing about these cases of UFO superpowers.

433

00:38:47,657 --> 00:38:52,657

We start to get hints that there's so much more out there than ever thought possible.

434

00:38:53,657 --> 00:38:59,656

These stories of teleportation, invisibility and time travel may offer a glimpse of the amazing technology our own future will hold.

435

00:39:00,656 --> 00:39:08,655

Could the secret to unlocking our limitless potential be waiting to be uncovered somewhere in the files of Hangar One?
