00:00:06,050 --> 00:00:02,780
them yeah woke up at two o'clock in the

2
00:00:10,879 --> 00:00:06,060
morning from my for my two o'clock

3
00:00:13,459 --> 00:00:10,889
medicine and I saw that you know the CNN

4
00:00:17,210 --> 00:00:13,469
and every channel had dis shooting and I

5
00:00:22,310 --> 00:00:17,220
looked again and they said Stephon

6
00:00:24,830 --> 00:00:22,320
paddock and I said why so I called my

7
00:00:28,310 --> 00:00:24,840
mom and my mom answered the phone and I

8
00:00:32,030 --> 00:00:28,320
said is that Steve and she said I guess

9
00:00:40,400 --> 00:00:32,040
out and I asked her was was he sick like

10
00:00:42,170 --> 00:00:40,410
me she didn't want to talk about it see

11
00:00:45,319 --> 00:00:42,180
most this interviews not gonna go very

12
00:00:53,600 --> 00:00:45,329
well and I don't expect a whole lot of

13
00:00:57,260 --> 00:00:53,610

this to be aired because of my my

14

00:00:59,180 --> 00:00:57,270

feeling for other people you know I care

15

00:01:03,170 --> 00:00:59,190

I care more about the people that were

16

00:01:08,300 --> 00:01:03,180

hurt and what it's gotta be like to sit

17

00:01:15,499 --> 00:01:08,310

on the wrong end of a gun why they sell

18

00:01:16,490 --> 00:01:15,509

these weapons so what did she say as far

19

00:01:22,760 --> 00:01:16,500

as when you asked her whether he was

20

00:01:24,530 --> 00:01:22,770

sick she didn't want to talk about it so

21

00:01:29,030 --> 00:01:24,540

I hung up and I saw that he'd killed a

22

00:01:32,510 --> 00:01:29,040

whole bunch of people and I realized

23

00:01:35,630 --> 00:01:32,520

that being sick like me would make you

24

00:01:41,240 --> 00:01:35,640

want to kill a bunch of people or even

25

00:01:43,700 --> 00:01:41,250

shoot at him so you think you kind of

26

00:01:47,899 --> 00:01:43,710

understand what was going on in his head

27

00:01:54,469 --> 00:01:47,909

that I do yeah yeah I have to presume

28

00:01:58,420 --> 00:01:54,479

what happened was I was painting the

29

00:02:02,650 --> 00:02:00,790

the loss of the ability to control

30

00:02:05,110 --> 00:02:02,660

everything because he was always the

31

00:02:07,780 --> 00:02:05,120

controlling brother 7 years older than

32

00:02:12,910 --> 00:02:07,790

us and raised us took care of us he was

33

00:02:18,180 --> 00:02:12,920

the father and he was always mom's best

34

00:02:23,110 --> 00:02:18,190

choice he had the bright red Volkswagen

35

00:02:28,930 --> 00:02:23,120

all the neighbors wanted and he was

36

00:02:34,120 --> 00:02:28,940

always in school so he was the good kid

37

00:02:36,190 --> 00:02:34,130

I can't yeah he was someone always

38

00:02:37,510 --> 00:02:36,200

punishing us for being the bad ones I

39

00:02:40,260 --> 00:02:37,520

don't know if that makes him the good

40

00:02:48,940 --> 00:02:42,790

but we never got punished by her mother

41

00:02:54,400 --> 00:02:48,950

it was always it was always Steve or a

42

00:02:56,320 --> 00:02:54,410

combination of Steve and Pat but he said

43

00:03:03,360 --> 00:02:56,330

he was controlling what do you know

44

00:03:14,190 --> 00:03:03,370

about his controlling nature his dream

45

00:03:14,200 --> 00:03:20,910

objects he always had to have

46

00:03:28,290 --> 00:03:23,430

looking up at the crystal on the counter

47

00:03:29,970 --> 00:03:28,300

tops going yeah oh that's mine with the

48

00:03:35,370 --> 00:03:29,980

inheritance and when she passes away

49

00:03:40,710 --> 00:03:35,380

everything's mine huh his mind that the

50

00:03:42,570 --> 00:03:40,720

whole world was his if he I mean he went

51
00:03:49,140 --> 00:03:42,580
out and earned it what he earned he

52
00:03:51,420 --> 00:03:49,150
yearned himself he had his uh he had his

53
00:03:53,070 --> 00:03:51,430
first apartment building I think he was

54
00:03:55,520 --> 00:03:53,080
still working for the IRS and had his

55
00:03:59,970 --> 00:03:55,530
first apartment in North Hollywood

56
00:04:02,340 --> 00:03:59,980
bought the building took out the central

57
00:04:04,830 --> 00:04:02,350
water system and put in heater water

58
00:04:06,390 --> 00:04:04,840
heaters in every apartment how was he
