4
00:00:17,970 --> 00:00:15,100

an interview with Walt hier

5
00:00:20,930 --> 00:00:17,980

Walt was a man who was married and had

6
00:00:23,640 --> 00:00:20,940

children but could not deny his urge to

7
00:00:26,660 --> 00:00:23,650

transition to a woman he had full

8
00:00:30,420 --> 00:00:26,670

medical surgery to transition to a woman

9
00:00:32,310 --> 00:00:30,430

only to wind up homeless living out in

10
00:00:33,810 --> 00:00:32,320

the streets and then coming to the

11
00:00:34,459 --> 00:00:33,820

realization that he'd made a huge

12
00:00:37,680 --> 00:00:34,469

mistake

13
00:00:41,340 --> 00:00:37,690

he transitioned back and now lives as a

14

00:00:44,340 --> 00:00:41,350

man he's the author of gender lies and

15

00:00:46,319 --> 00:00:44,350

suicide a whistleblower speaks out he

16

00:00:49,969 --> 00:00:46,329

calls gender reassignment surgery a

17

00:00:52,559 --> 00:00:49,979

medical fraud if you enjoy this excerpt

18

go check out the podcast hidden truth

19

00:00:57,419 --> 00:00:54,370

show transgender movement wherever you

20

00:00:59,129 --> 00:00:57,429

listen to podcasts one of the biggest

21

00:01:01,349 --> 00:00:59,139

movements in the whole transgender

22

00:01:04,170 --> 00:01:01,359

industry today SD transitioning and a

23

00:01:06,450 --> 00:01:04,180

few Google D transition you'll see that

24

00:01:09,900 --> 00:01:06,460

there are numerous websites including

25

00:01:13,620 --> 00:01:09,910

mine where people are helping people D

26

00:01:17,370 --> 00:01:13,630

transition because the surgery well it

27

00:01:19,640 --> 00:01:17,380

may quiet the head the radio in the head

28

00:01:22,830 --> 00:01:19,650

for a while it does not resolve the

29

00:01:25,560 --> 00:01:22,840

issues that the person is dealing with

30

00:01:29,030 --> 00:01:25,570

which is sometimes body dysmorphic

31

00:01:32,340 --> 00:01:29,040

disorder schizophrenia bipolar disorder

32

00:01:35,520 --> 00:01:32,350

dissociative disorders and so what we

33

00:01:38,790 --> 00:01:35,530

found today is that a vast number we we

34

00:01:41,280 --> 00:01:38,800

know that 20% from studies 20% of the

35

00:01:44,310 --> 00:01:41,290

people regret having done it that was a

36

00:01:44,790 --> 00:01:44,320

study done in the UK published by the UK

37

00:01:47,610 --> 00:01:44,800

Guardian

38

00:01:50,490 --> 00:01:47,620

we know that over 40% of them attempt

39

00:01:52,950 --> 00:01:50,500

suicide and I don't know anybody who's

40

00:01:55,500 --> 00:01:52,960

happy with their life after changing

41

00:01:57,690 --> 00:01:55,510

genders that is trying everything they

42

00:02:00,469 --> 00:01:57,700

can to take take their life that's

43

00:02:03,390 --> 00:02:00,479

because they're unhappy and regretful so

44

00:02:05,790 --> 00:02:03,400

the fact of the matter is that it is not

45

00:02:08,609 --> 00:02:05,800

a solution changing genders cutting off

46

00:02:12,360 --> 00:02:08,619

your genitalia and taking hormones is a

47

00:02:16,319 --> 00:02:12,370

deadly track to attempted suicides

48

00:02:19,020 --> 00:02:16,329

regret and D transitioning but but what

49

00:02:22,380 --> 00:02:19,030

the the LGBT

50

00:02:27,420 --> 00:02:22,390

or activists leaders etc would say is

51
00:02:30,990 --> 00:02:27,430
that it is because society is not that

52
00:02:33,540 --> 00:02:31,000
is an absolute total fabrication of the

53
00:02:36,449 --> 00:02:33,550
truth the fact of the matter is it's

54
00:02:39,930 --> 00:02:36,459
because the people are struggling with a

55
00:02:42,620 --> 00:02:39,940
tormented life and they're not able to

56
00:02:45,330 --> 00:02:42,630
get the proper psychotherapy and

57
00:02:48,930 --> 00:02:45,340
diagnosis they need to deal with the

58
00:02:52,050 --> 00:02:48,940
disorders that cause them to change

59
00:02:54,780 --> 00:02:52,060
genders and I know this from the people

60
00:02:58,080 --> 00:02:54,790
that I work with so you believe that

61
00:03:02,120 --> 00:02:58,090
it's psychological issues that caused

62
00:03:07,280 --> 00:03:02,130
the dysphoria Abbe sits either emotional

63
00:03:11,910 --> 00:03:07,290

psychological or social and what are the

64

00:03:14,090 --> 00:03:11,920

types of causes of it in your view not

65

00:03:17,460 --> 00:03:14,100

in my view from the people I work with

66

00:03:21,030 --> 00:03:17,470

over 40% of them have been sexually

67

00:03:24,360 --> 00:03:21,040

abused many of them have been physically

68

00:03:26,880 --> 00:03:24,370

abused many of them have been abandoned

69

00:03:30,180 --> 00:03:26,890

been fostered to be clear we're talking

70

00:03:33,990 --> 00:03:30,190

about as children as children and what's

71

00:03:39,449 --> 00:03:34,000

kind of the age range of that usually

72

00:03:42,660 --> 00:03:39,459

between the ages of 3 and 15 ok that's

73

00:03:45,630 --> 00:03:42,670

40% and that basic personal experience

74

00:03:48,060 --> 00:03:45,640

I'm just saying 40% of were sexually

75

00:03:50,340 --> 00:03:48,070

abused an additional percentage of them

76

00:03:53,430 --> 00:03:50,350

were emotionally abused another

77

00:03:55,979 --> 00:03:53,440

percentage of them were abandoned or had

78

00:03:58,229 --> 00:03:55,989

family difficulties or there was a

79

00:04:00,780 --> 00:03:58,239

massive divorce or they were in foster

80

00:04:03,960 --> 00:04:00,790

care so a hundred percent of them

81

00:04:06,750 --> 00:04:03,970

suffered some every person that I've

82

00:04:10,800 --> 00:04:06,760

worked with is D transitioning can tell

83

00:04:13,979 --> 00:04:10,810

me without a doubt the precise thing

84

00:04:16,770 --> 00:04:13,989

that happened to them that caused them

85

00:04:18,599 --> 00:04:16,780

to not want to be who they are and spend

86

00:04:21,260 --> 00:04:18,609

their time trying to become someone who

87

00:04:23,909 --> 00:04:21,270

they can never be a hundred percent

88

00:04:25,710 --> 00:04:23,919

those are the ones that want to D

89

00:04:29,580 --> 00:04:25,720

transition what about ones that have

90

00:04:32,279 --> 00:04:29,590

transitioned and now don't seek to D to

91

00:04:32,790 --> 00:04:32,289

D transition well I've had people write

92

00:04:34,800 --> 00:04:32,800

me and

93

00:04:37,050 --> 00:04:34,810

say you know you were never a true

94

00:04:38,580 --> 00:04:37,060

transgender and you should take down

95

00:04:41,430 --> 00:04:38,590

your website you don't know what you're

96

00:04:44,999 --> 00:04:41,440

talking about you're just an old man and

97

00:04:46,890 --> 00:04:45,009

I and that one of those individuals

98

00:04:49,320 --> 00:04:46,900

wrote me over a four-year period of time

99

00:04:51,240 --> 00:04:49,330

until last September wrote me an email

100

00:04:52,800 --> 00:04:51,250

and said I'm the one that's been writing

101
00:04:56,309 --> 00:04:52,810
you and telling you to take down your

102
00:04:59,909 --> 00:04:56,319
website can you help me d transition so

103
00:05:01,649 --> 00:04:59,919
I don't know that I know that people

104
00:05:04,499 --> 00:05:01,659
have written me from three weeks to

105
00:05:06,779 --> 00:05:04,509
thirty years have regret I've had two

106
00:05:09,270 --> 00:05:06,789
people after 30 years have regrets so

107
00:05:13,980 --> 00:05:09,280
from my position

108
00:05:20,040 --> 00:05:13,990
I don't know anybody yet who is I just

109
00:05:23,129 --> 00:05:20,050
talked to somebody in New Zealand just

110
00:05:25,200 --> 00:05:23,139
two days ago about this people after a

111
00:05:27,180 --> 00:05:25,210
period of time have regret about

112
00:05:29,550 --> 00:05:27,190
changing gender some of them will D

113
00:05:31,860 --> 00:05:29,560

transition some of them will attempt

114

00:05:34,439 --> 00:05:31,870

suicide some of them will just live the

115

00:05:37,800 --> 00:05:34,449

way they are in regret it's not a

116

00:05:40,920 --> 00:05:37,810

solution to the issues that cause them

117

00:05:42,360 --> 00:05:40,930

to change their genders do you think

118

00:05:44,909 --> 00:05:42,370

that there could be a version of

119

00:05:46,499 --> 00:05:44,919

dysphoria where it is the right

120

00:05:48,899 --> 00:05:46,509

treatment for that there's some

121

00:05:52,850 --> 00:05:48,909

percentage where it is the right remedy

122

00:05:56,879 --> 00:05:52,860

I think the people who are homosexual

123

00:05:59,459 --> 00:05:56,889

which is a small percentage may be the

124

00:06:02,339 --> 00:05:59,469

ones who benefit the most from it if if

125

00:06:06,059 --> 00:06:02,349

your there are things like as an example

126
00:06:08,969 --> 00:06:06,069
autogain Ophelia which is misdiagnosed

127
00:06:11,760 --> 00:06:08,979
as being transgender those people

128
00:06:13,700 --> 00:06:11,770
typically will have deep regret there's

129
00:06:16,980 --> 00:06:13,710
people that are what we call

130
00:06:18,899 --> 00:06:16,990
transvestite fetish those people who are

131
00:06:21,629 --> 00:06:18,909
diagnosed as transgender will have

132
00:06:24,390 --> 00:06:21,639
regret there are people who are just

133
00:06:26,219 --> 00:06:24,400
mere cross dressers that will have

134
00:06:27,990 --> 00:06:26,229
regret because they're really not

135
00:06:30,899 --> 00:06:28,000
transgender if you want to get right

136
00:06:33,869 --> 00:06:30,909
down to the nitty-gritty transgenders as

137
00:06:36,050 --> 00:06:33,879
a term as a person don't exist and no

138
00:06:38,909 --> 00:06:36,060

one can even prove today that

139

00:06:40,459 --> 00:06:38,919

transgenders do beyond the fact that

140

00:06:45,060 --> 00:06:40,469

somebody identifies as transgender

141

00:06:46,470 --> 00:06:45,070

there's no testing there's no proof that

142

00:06:49,260 --> 00:06:46,480

the brain is different

143

00:06:51,720 --> 00:06:49,270

except in the cadavers that they test

144

00:06:53,580 --> 00:06:51,730

after they've been on hormones for 10 or

145

00:06:54,900 --> 00:06:53,590

12 years and they died and they test

146

00:06:57,060 --> 00:06:54,910

their brain yes

147

00:07:01,260 --> 00:06:57,070

hormones will change your brain after 10

148

00:07:03,930 --> 00:07:01,270

or 12 years so I don't know of anybody

149

00:07:06,300 --> 00:07:03,940

who is actually a true transgender they

150

00:07:08,970 --> 00:07:06,310

are in the in the range of transgenders

151

00:07:12,840 --> 00:07:08,980

you have drag queens transvestite

152

00:07:15,150 --> 00:07:12,850

transvestite fetishes Auto gyno philia

153

00:07:18,240 --> 00:07:15,160

and people who've been abused or had

154

00:07:19,830 --> 00:07:18,250

difficulty in their life if you want to

155

00:07:21,810 --> 00:07:19,840

hear the rest of that very compelling

156

00:07:24,090 --> 00:07:21,820
