[Music]

2
00:00:17,140 --> 00:00:15,199

welcome to the hidden truth show podcast

3
00:00:19,930 --> 00:00:17,150

were Rhian are investigating the Las

4
00:00:22,450 --> 00:00:19,940

Vegas shooting this week's guest was

5
00:00:23,620 --> 00:00:22,460

Mike tur burr he's an investigative

6
00:00:26,170 --> 00:00:23,630

journalist

7
00:00:29,050 --> 00:00:26,180

he's a cybersecurity expert he's

8
00:00:31,300 --> 00:00:29,060

formerly of the Air Force where he was

9
00:00:33,310 --> 00:00:31,310

an electronic operation specialist and

10
00:00:36,160 --> 00:00:33,320

he's a former senior intelligence

11
00:00:38,650 --> 00:00:36,170

analyst he shares with us incredible

12
00:00:41,140 --> 00:00:38,660

details from the Las Vegas shooting he's

13
00:00:43,360 --> 00:00:41,150

been investigating it from day one he's

14

00:00:44,800 --> 00:00:43,370

also been in touch with Eric paddock the

15

00:00:47,380 --> 00:00:44,810

brother of the shooter who is speaking

16

00:00:49,569 --> 00:00:47,390

to no one but Mike tur burr so for those

17

00:00:51,880 --> 00:00:49,579

of you fascinating by fascinated by the

18

00:00:54,520 --> 00:00:51,890

shooting still trying to figure out what

19

00:00:57,729 --> 00:00:54,530

happened in why Mike turbo provides

20

00:01:01,000 --> 00:00:57,739

incredible inside details to provide

21

00:01:03,459 --> 00:01:01,010

those answers however he raises the

22

00:01:06,190 --> 00:01:03,469

additional question who exactly is he

23

00:01:06,850 --> 00:01:06,200

how is he getting access to this

24

00:01:09,789 --> 00:01:06,860

information

25

00:01:11,949 --> 00:01:09,799

who is he working for we try to get

26

00:01:13,959 --> 00:01:11,959

those answers from him check this out

27

00:01:15,789 --> 00:01:13,969

and if you enjoy it check out the hidden

28

00:01:18,730 --> 00:01:15,799

truth show podcast for the full episode

29

00:01:21,730 --> 00:01:18,740

it has finding motive been one of your

30

00:01:23,169 --> 00:01:21,740

objectives definitely okay very early on

31

00:01:24,999 --> 00:01:23,179

and that's one of the key things you

32

00:01:26,469 --> 00:01:25,009

start looking for right away once you

33

00:01:29,499 --> 00:01:26,479

have that then you can then you know

34

00:01:31,059 --> 00:01:29,509

which way to look you know and in which

35

00:01:33,969 --> 00:01:31,069

way to look backwards and to try to

36

00:01:35,620 --> 00:01:33,979

learn from it and and what have you so

37

00:01:38,199 --> 00:01:35,630

so give us your best thoughts on motive

38

00:01:40,089 --> 00:01:38,209

right now I think the motive when it

39

00:01:43,660 --> 00:01:40,099

comes out it's going to be a combination

40

00:01:47,019 --> 00:01:43,670

of paddock losing amount of money over

41

00:01:48,489 --> 00:01:47,029

time that'll be a component of it not

42

00:01:50,409 --> 00:01:48,499

having the same lifestyle that he had

43

00:01:53,339 --> 00:01:50,419

before and what-have-you I think that

44

00:01:57,940 --> 00:01:53,349

that's another partial component to it

45

00:02:00,399 --> 00:01:57,950

and then you know as far as a religious

46

00:02:01,809 --> 00:02:00,409

component he wasn't religious as far as

47

00:02:04,179 --> 00:02:01,819

a political component it wasn't really

48

00:02:06,069 --> 00:02:04,189

political this is based on information I

49

00:02:10,059 --> 00:02:06,079

have you know as close to the source as

50

00:02:13,089 --> 00:02:10,069

possible so with that in mind it's just

51
00:02:16,060 --> 00:02:13,099
a guy that got mad he lost his lawsuit

52
00:02:18,430 --> 00:02:16,070
he's mad at all these other things plus

53
00:02:19,480 --> 00:02:18,440
he has probably lost

54
00:02:21,310 --> 00:02:19,490
you're referring to the slip-and-fall

55
00:02:22,990 --> 00:02:21,320
yeah the slip and fall on suit but that

56
00:02:24,820 --> 00:02:23,000
was against cosmopolitan which it was

57
00:02:26,890 --> 00:02:24,830
not the same company exactly not same

58
00:02:29,380 --> 00:02:26,900
company but I'd there's a certain point

59
00:02:31,030 --> 00:02:29,390
where people just view you know gambling

60
00:02:33,160 --> 00:02:31,040
and casinos all and they put them all on

61
00:02:36,220 --> 00:02:33,170
one big bucket well but hold on on that

62
00:02:38,740 --> 00:02:36,230
because you know supposedly he scoped

63
00:02:41,590 --> 00:02:38,750

out life is beautiful he scoped out

64

00:02:43,420 --> 00:02:41,600

Lollapalooza not casino related Fenway

65

00:02:46,420 --> 00:02:43,430

Park not casino related Santa Monica

66

00:02:48,130 --> 00:02:46,430

Pier not Casino related so I end up yeah

67

00:02:49,620 --> 00:02:48,140

I end up getting stuck a little bit

68

00:02:52,120 --> 00:02:49,630

because I kind of like this retribution

69

00:02:54,970 --> 00:02:52,130

against the casinos because now he's

70

00:02:57,480 --> 00:02:54,980

losing and against Vegas in general but

71

00:03:00,070 --> 00:02:57,490

that he was playing those other things

72

00:03:02,080 --> 00:03:00,080

right yeah and there there's several

73

00:03:04,540 --> 00:03:02,090

possible reasons for in the end they're

74

00:03:08,050 --> 00:03:04,550

all stretches one of the stretches that

75

00:03:11,170 --> 00:03:08,060

I came up with is that if you're how do

76
00:03:13,870 --> 00:03:11,180
you study or how do you plan an attack

77
00:03:15,850 --> 00:03:13,880
on a specific event if the event hasn't

78
00:03:17,560 --> 00:03:15,860
happened if you're not you know you

79
00:03:20,050 --> 00:03:17,570
you're not gonna go to the previous

80
00:03:22,479 --> 00:03:20,060
years and year if you're slowly develop

81
00:03:24,580 --> 00:03:22,489
this plan so you're gonna go to other

82
00:03:26,229 --> 00:03:24,590
events and study their security and and

83
00:03:28,420 --> 00:03:26,239
try to look for things that are similar

84
00:03:30,520 --> 00:03:28,430
that's a possible that's a stretch but

85
00:03:34,090 --> 00:03:30,530
that's that is a possibility the other

86
00:03:35,590 --> 00:03:34,100
thing is there's a word for a camera or

87
00:03:38,770 --> 00:03:35,600
the word for where people just hate

88
00:03:40,060 --> 00:03:38,780

humans you know I think that's going to

89

00:03:42,970 --> 00:03:40,070

be a part of it because he was

90

00:03:45,970 --> 00:03:42,980

narcissistic he was controlling he was

91

00:03:47,710 --> 00:03:45,980

he had all these attributes that you

92

00:03:50,830 --> 00:03:47,720

would think of a person that might just

93

00:03:52,570 --> 00:03:50,840

eventually hate people and that's the

94

00:03:53,400 --> 00:03:52,580

very good possibility and it just could

95

00:03:58,229 --> 00:03:53,410

be as simple as that

96

00:04:01,660 --> 00:03:58,239

yeah well or someone wanting notoriety

97

00:04:06,670 --> 00:04:01,670

any type of notoriety again narcissistic

98

00:04:09,940 --> 00:04:06,680

personality to go out as the pages were

99

00:04:12,340 --> 00:04:09,950

greatest largest mass murderer an

100

00:04:14,979 --> 00:04:12,350

American modern American history and be

101
00:04:16,479 --> 00:04:14,989
that dad huh and eat your dead exactly

102
00:04:19,180 --> 00:04:16,489
oh you know we've talked about that on

103
00:04:21,130 --> 00:04:19,190
the show quite a bit daddy issues you

104
00:04:24,909 --> 00:04:21,140
know we know that dad FBI most wanted

105
00:04:27,219 --> 00:04:24,919
list known Psychopaths presumably patek

106
00:04:29,680 --> 00:04:27,229
and either inherited some of that or

107
00:04:31,450 --> 00:04:29,690
developed it maybe developed it in part

108
00:04:31,870 --> 00:04:31,460
because not having the love of your

109
00:04:33,610 --> 00:04:31,880
father

110
00:04:38,230 --> 00:04:33,620
you're gonna replicate the behaviors of

111
00:04:39,520 --> 00:04:38,240
your father that whole thing so yeah I

112
00:04:41,650 --> 00:04:39,530
think that the answer is probably

113
00:04:43,570 --> 00:04:41,660

wrapped up somewhere and all that I

114

00:04:45,400 --> 00:04:43,580

think so too and in the kind of explains

115

00:04:46,930 --> 00:04:45,410

you know we had an early expert on here

116

00:04:49,150 --> 00:04:46,940

on lone wolf shooting who said that he'd

117

00:04:51,700 --> 00:04:49,160

never seen a case before where the lone

118

00:04:53,770 --> 00:04:51,710

wolf didn't leave some type of note some

119

00:04:55,870 --> 00:04:53,780

manifesto some indication you know

120

00:04:58,150 --> 00:04:55,880

usually they want people to know why

121

00:05:00,490 --> 00:04:58,160

they did this and this might be just a

122

00:05:02,320 --> 00:05:00,500

circumstance where like you said he

123

00:05:05,110 --> 00:05:02,330

hates people he doesn't he doesn't give

124

00:05:07,050 --> 00:05:05,120

a [h__h] about what people he doesn't need

125

00:05:10,060 --> 00:05:07,060

to tell the meaning what the message is

126

00:05:12,070 --> 00:05:10,070

what he did that is the mess he broke

127

00:05:13,930 --> 00:05:12,080

the mold when it comes to this type of a

128

00:05:16,090 --> 00:05:13,940

situation he broke the mold there's no

129

00:05:21,220 --> 00:05:16,100

one else in history that has been like

130

00:05:23,230 --> 00:05:21,230

this that we know that I know of and you

131

00:05:24,910 --> 00:05:23,240

know was not having a manifesto not

132

00:05:28,000 --> 00:05:24,920

having a note not having anything nuts

133

00:05:30,520 --> 00:05:28,010

not calling someone and saying bye or

134

00:05:32,800 --> 00:05:30,530

you know any of that stuff you have to

135

00:05:35,920 --> 00:05:32,810

wonder and what was going through his

136

00:05:39,370 --> 00:05:35,930

mind I mean what was it and the that is

137

00:05:41,440 --> 00:05:39,380

the key problem that the BAU is having

138

00:05:44,680 --> 00:05:41,450

you know I think there's about 20-25

139

00:05:45,940 --> 00:05:44,690

people or so on that unit and you know I

140

00:05:48,400 --> 00:05:45,950

could imagine sitting around a

141

00:05:50,490 --> 00:05:48,410

roundtable meeting listening to all the

142

00:05:54,220 --> 00:05:50,500

ideas being bounced back and forth and

143

00:05:55,930 --> 00:05:54,230

then the ends you still don't know and

144

00:05:57,760 --> 00:05:55,940

it's gonna be very difficult till to

145

00:05:59,740 --> 00:05:57,770

swallow if they if they come out and say

146

00:06:01,420 --> 00:05:59,750

well you know what we think it's a bunch

147

00:06:04,540 --> 00:06:01,430

of things and I think that's what's

148

00:06:07,330 --> 00:06:04,550

gonna be on the money issue what are you

149

00:06:10,360 --> 00:06:07,340

hearing about also potentially having

150

00:06:12,970 --> 00:06:10,370

the IRS coming after him

151
00:06:16,630 --> 00:06:12,980
that wasn't that's not that big of an

152
00:06:19,300 --> 00:06:16,640
issue he didn't have that as a as a big

153
00:06:23,020 --> 00:06:19,310
problem one of the things that I

154
00:06:24,400 --> 00:06:23,030
mentioned to his brother was that yeah

155
00:06:26,080 --> 00:06:24,410
we should note that you've had multiple

156
00:06:29,530 --> 00:06:26,090
communications with Eric Vatican

157
00:06:32,020 --> 00:06:29,540
absolutely and in talking with with him

158
00:06:34,690 --> 00:06:32,030
and one of the that subject came up and

159
00:06:37,990 --> 00:06:34,700
I told I said I wonder if he was playing

160
00:06:40,060 --> 00:06:38,000
under Mary Lou Dan Lee's card you know

161
00:06:41,350 --> 00:06:40,070
if he was using that and the machines

162
00:06:42,670 --> 00:06:41,360
maybe to gain her calm points or

163
00:06:44,740 --> 00:06:42,680

whatever I wonder if you know we're

164

00:06:47,050 --> 00:06:44,750

gonna have a problem there with the

165

00:06:48,460 --> 00:06:47,060

with a form going to her so you know

166

00:06:49,270 --> 00:06:48,470

that that might be a slight issue or

167

00:06:51,130 --> 00:06:49,280

something like that but I don't think

168

00:06:54,610 --> 00:06:51,140

that obviously would play out in the

169

00:06:56,350 --> 00:06:54,620

bigger picture you know but as far as

170

00:06:58,180 --> 00:06:56,360

the IRS is concerned I don't think there

171

00:07:00,280 --> 00:06:58,190

was an issue that's pretty much been

172

00:07:02,920 --> 00:07:00,290

subtle this but it's going it's ongoing

173

00:07:03,970 --> 00:07:02,930

it's it's in in court now there's 49

174

00:07:04,900 --> 00:07:03,980

counts a few weeks ago and they had

175

00:07:06,970 --> 00:07:04,910

dropped it to 12

176

00:07:08,380 --> 00:07:06,980

some accounts were intertwined with the

177

00:07:10,600 --> 00:07:08,390

mother and things like that so they got

178

00:07:13,450 --> 00:07:10,610

rid of that sorry these things that are

179

00:07:17,050 --> 00:07:13,460

going on now these are IRS issues that

180

00:07:18,130 --> 00:07:17,060

were taking place before October 1st no

181

00:07:20,020 --> 00:07:18,140

I don't know if it was taking place

182

00:07:21,940 --> 00:07:20,030

before October 1st I think it's just

183

00:07:23,740 --> 00:07:21,950

that it's like a settlement you know

184

00:07:25,720 --> 00:07:23,750

getting down to the final it's just like

185

00:07:27,160 --> 00:07:25,730

when well saddling his estate selling is

186

00:07:28,900 --> 00:07:27,170

the state yeah and getting that taken

187

00:07:31,600 --> 00:07:28,910

care of but you're not hearing about any

188

00:07:33,790 --> 00:07:31,610

IRS issues that he had before the

189

00:07:35,860 --> 00:07:33,800

shooting even if I did I wouldn't be

190

00:07:38,260 --> 00:07:35,870

able to expand on it because I did

191

00:07:40,980 --> 00:07:38,270

that's an area that I would leave to and

192

00:07:44,740 --> 00:07:40,990

how good is the evidence of his losses

193

00:07:47,680 --> 00:07:44,750

well I mean as far as the losses are

194

00:07:48,880 --> 00:07:47,690

concerned it's the I think they brought

195

00:07:52,930 --> 00:07:48,890

him down to around five hundred thirty

196

00:07:54,490 --> 00:07:52,940

thousand as a final net you know when

197

00:07:55,840 --> 00:07:54,500

we're looking at the estate we're

198

00:07:58,600 --> 00:07:55,850

talking about a half a million dollar

199

00:08:00,790 --> 00:07:58,610

estate right now that's cash or that's

200

00:08:02,530 --> 00:08:00,800

properties or I think that was that was

201
00:08:04,000 --> 00:08:02,540
basically cash and then the built back

202
00:08:05,920 --> 00:08:04,010
the properties back into it you'll go

203
00:08:07,570 --> 00:08:05,930
back over that the two properties that

204
00:08:10,120 --> 00:08:07,580
are out there I don't think have had any

205
00:08:13,240 --> 00:08:10,130
any offers or any tangible offers on

206
00:08:15,520 --> 00:08:13,250
them yet and those properties when sold

207
00:08:17,230 --> 00:08:15,530
the the proceeds from that will go

208
00:08:19,300 --> 00:08:17,240
directly to the victims that's according

209
00:08:21,130 --> 00:08:19,310
to the family right so with the

210
00:08:23,110 --> 00:08:21,140
properties and the cash though he had at

211
00:08:25,060 --> 00:08:23,120
least be worth a million bucks yeah you

212
00:08:26,469 --> 00:08:25,070
would think at least that there's

213
00:08:29,650 --> 00:08:26,479

probably more out there somewhere that

214

00:08:32,670 --> 00:08:29,660

we you know we don't know about versus

215

00:08:36,130 --> 00:08:32,680

the the person doing the final on that

216

00:08:38,620 --> 00:08:36,140

but as far as what his final net worth

217

00:08:40,980 --> 00:08:38,630

would be I would say over a million

218

00:08:43,440 --> 00:08:40,990

would be accurate under two might be

219

00:08:47,500 --> 00:08:43,450

something that range might be accurate

220

00:08:49,210 --> 00:08:47,510

with the house so but there still had

221

00:08:51,370 --> 00:08:49,220

have been something seriously wrong with

222

00:08:54,460 --> 00:08:51,380

his brain you had to be suffering from

223

00:08:58,420 --> 00:08:54,470

well some something well I agree I agree

224

00:09:00,210 --> 00:08:58,430

and early on one of the very first

225

00:09:01,930 --> 00:09:00,220

very first week or so one of the things

226

00:09:03,970 --> 00:09:01,940

that anyone in the intelligence

227

00:09:07,360 --> 00:09:03,980

community does is you look for patterns

228

00:09:09,670 --> 00:09:07,370

you try to look for pattern and find out

229

00:09:10,240 --> 00:09:09,680

okay where this is going and where it

230

00:09:13,660 --> 00:09:10,250

came from

231

00:09:17,230 --> 00:09:13,670

and in the case of Steven paddock there

232

00:09:20,199 --> 00:09:17,240

was a pattern and that pattern I believe

233

00:09:22,030 --> 00:09:20,209

that's my belief in my opinion and

234

00:09:25,360 --> 00:09:22,040

that's not a fact

235

00:09:29,440 --> 00:09:25,370

the fact is that his doctor did diagnose

236

00:09:31,449 --> 00:09:29,450

him as being bipolar and with his doctor

237

00:09:34,990 --> 00:09:31,459

being on retainer which is something I

238

00:09:37,060 --> 00:09:35,000

had never really heard it before he

239

00:09:38,920 --> 00:09:37,070

basically got the medication that he

240

00:09:40,960 --> 00:09:38,930

desired not necessarily the medication

241

00:09:43,420 --> 00:09:40,970

that he probably should have been given

242

00:09:45,940 --> 00:09:43,430

he got xanax and yeah and that's not

243

00:09:47,560 --> 00:09:45,950

that's not your typical you know you

244

00:09:50,699 --> 00:09:47,570

don't just get xanax and your

245

00:09:54,790 --> 00:09:50,709

your-your-your being treated for bipolar

246

00:09:59,019 --> 00:09:54,800

so that that might be an issue there I

247

00:10:01,510 --> 00:09:59,029

do see signs and traits of autism and

248

00:10:05,620 --> 00:10:01,520

that gets into a whole nother realm of

249

00:10:09,460 --> 00:10:05,630

where it's a large issue it's a very

250

00:10:12,370 --> 00:10:09,470

large issue what are the signs socially

251
00:10:15,640 --> 00:10:12,380
in that you know someone has difficulty

252
00:10:17,290 --> 00:10:15,650
grasping social cues of when to when

253
00:10:20,829 --> 00:10:17,300
when to be quiet when to say certain

254
00:10:24,040 --> 00:10:20,839
things he was very quiet very domicile

255
00:10:26,050 --> 00:10:24,050
he never yelled that's why some of the

256
00:10:27,430 --> 00:10:26,060
pills that would say that he older he

257
00:10:28,960 --> 00:10:27,440
was outside very friendly cordial

258
00:10:29,890 --> 00:10:28,970
sitting on his front porch drinking a

259
00:10:32,890 --> 00:10:29,900
beer waving to people

260
00:10:34,510 --> 00:10:32,900
no that wasn't petting if you found that

261
00:10:36,130 --> 00:10:34,520
fascinating listen to the entire

262
00:10:37,510 --> 00:10:36,140
interview at the hidden truth show
