00:00:04,470 --> 00:00:12,020

[Music]

2
00:00:17,359 --> 00:00:14,330

we're bringing him on to go through this

3
00:00:19,010 --> 00:00:17,369

FBI report that was just issued this is

4
00:00:21,230 --> 00:00:19,020

a report that we've been talking a lot

5
00:00:25,009 --> 00:00:21,240

about and anticipating for a very long

6
00:00:29,120 --> 00:00:25,019

time and it finally came 16 months after

7
00:00:32,540 --> 00:00:29,130

the shooting and it's a bit

8
00:00:33,549 --> 00:00:32,550

underwhelming in its weight it's two and

9
00:00:36,380 --> 00:00:33,559

a half pages

10
00:00:39,020 --> 00:00:36,390

it's called key findings of the

11
00:00:42,560 --> 00:00:39,030

Behavioral Analysis units Las Vegas

12
00:00:46,279 --> 00:00:42,570

review panel we'll get into exactly what

13
00:00:48,049 --> 00:00:46,289

that unit does and talk about this panel

14

00:00:50,420 --> 00:00:48,059

and who was on the panel it's kind of a

15

00:00:55,520 --> 00:00:50,430

mystery as to who was on the panel and

16

00:00:57,709 --> 00:00:55,530

also is this really yet after 16 months

17

00:01:01,010 --> 00:00:57,719

hundreds of agents on it

18

00:01:03,860 --> 00:01:01,020

dozens of offices involved is this

19

00:01:06,289 --> 00:01:03,870

really all the FBI intends to give us is

20

00:01:09,950 --> 00:01:06,299

this two two and a half pages of summary

21

00:01:11,510 --> 00:01:09,960

so we thought to go over this the

22

00:01:14,240 --> 00:01:11,520

absolute best person we could turn to

23

00:01:16,429 --> 00:01:14,250

the man with more knowledge than even

24

00:01:20,060 --> 00:01:16,439

FBI agent in charge

25

00:01:22,870 --> 00:01:20,070

err Aaron rouse we bring in Mike turbo

26
00:01:26,780 --> 00:01:22,880
from a bunker in an undisclosed location

27
00:01:29,719 --> 00:01:26,790
Mike thanks for joining thank you for

28
00:01:33,289 --> 00:01:29,729
having me appreciate that Thanks so I'm

29
00:01:35,300 --> 00:01:33,299
sure most of our listeners know you by

30
00:01:37,789 --> 00:01:35,310
following five by five news that you're

31
00:01:39,980 --> 00:01:37,799
the producer and the host of or they at

32
00:01:42,469 --> 00:01:39,990
least heard our episode that we did with

33
00:01:44,690 --> 00:01:42,479
you a couple months back and the Vegas

34
00:01:45,920 --> 00:01:44,700
trending you've done incredible work on

35
00:01:49,429 --> 00:01:45,930
the Vegas shooting but just to remind

36
00:01:51,800 --> 00:01:49,439
everyone who my Kerber is we're still

37
00:01:53,840 --> 00:01:51,810
not sure we'd know exactly who he is but

38
00:01:55,249 --> 00:01:53,850

what we apparently do know off of his

39

00:01:59,480 --> 00:01:55,259

LinkedIn if you can believe that

40

00:02:00,950 --> 00:01:59,490

he's former US intelligence analyst with

41

00:02:02,870 --> 00:02:00,960

a strong skillset in cyber security

42

00:02:05,780 --> 00:02:02,880

surveillance weapons martial arts

43

00:02:07,789 --> 00:02:05,790

digital forensics etc etc he's a

44

00:02:09,650 --> 00:02:07,799

photographer videographer editor

45

00:02:11,059 --> 00:02:09,660

journalist detective security expert

46

00:02:13,130 --> 00:02:11,069

threat analyst cyber crime expert

47

00:02:16,320 --> 00:02:13,140

intelligence analyst master

48

00:02:18,120 --> 00:02:16,330

scuba-diver martial artist pilot weapons

49

00:02:20,280 --> 00:02:18,130

specialist forensic specialist combat

50

00:02:24,060 --> 00:02:20,290

instructor computer technology and

51
00:02:24,930 --> 00:02:24,070
systems integration manager and I'm just

52
00:02:28,110 --> 00:02:24,940
getting started

53
00:02:31,170 --> 00:02:28,120
did I miss anything Mike now that

54
00:02:33,630 --> 00:02:31,180
sounded like enough affair that's our

55
00:02:37,230 --> 00:02:33,640
I'm obviously unbelievable anyone

56
00:02:39,690 --> 00:02:37,240
watching their BS way over here right

57
00:02:41,610 --> 00:02:39,700
now so as I recall we had kind of an

58
00:02:45,720 --> 00:02:41,620
open-ended mystery the last time you

59
00:02:49,590 --> 00:02:45,730
appeared which was exactly why you're

60
00:02:51,210 --> 00:02:49,600
spending so much time on the Las Vegas

61
00:02:53,040 --> 00:02:51,220
shooting I mean we certainly appreciate

62
00:02:55,680 --> 00:02:53,050
the time that you've put in you know

63
00:02:58,140 --> 00:02:55,690

again what you've uncovered a second to

64

00:03:02,880 --> 00:02:58,150

no one but I did notice that you do

65

00:03:05,400 --> 00:03:02,890

state here that Mike was asked to assist

66

00:03:07,320 --> 00:03:05,410

in the largest mass shooting in the

67

00:03:09,960 --> 00:03:07,330

United States history and he jumped on

68

00:03:11,940 --> 00:03:09,970

the opportunity just to go back to that

69

00:03:16,590 --> 00:03:11,950

for a second you were asked to assist by

70

00:03:20,790 --> 00:03:16,600

whom that you tried to get out of me

71

00:03:23,610 --> 00:03:20,800

last time I can't say I will never say

72

00:03:24,990 --> 00:03:23,620

who that is it may it was after five

73

00:03:26,940 --> 00:03:25,000

o'clock I thought you'd have a couple of

74

00:03:29,310 --> 00:03:26,950

cocktails by now and then I come out of

75

00:03:31,100 --> 00:03:29,320

you by now no if I was sitting right

76

00:03:36,420 --> 00:03:31,110

there next to you that I don't know may

77

00:03:38,340 --> 00:03:36,430

be good but I think it's a longtime

78

00:03:40,410 --> 00:03:38,350

friend of mine a longtime friend of

79

00:03:42,660 --> 00:03:40,420

yours I think you did my talent last

80

00:03:46,050 --> 00:03:42,670

time that you have been working with

81

00:03:48,960 --> 00:03:46,060

some of the victims attorneys though I

82

00:03:51,300 --> 00:03:48,970

yeah well the term we're working with or

83

00:03:52,410 --> 00:03:51,310

four has been thought about and I want

84

00:03:54,720 --> 00:03:52,420

to make certain that we're real clear

85

00:03:59,580 --> 00:03:54,730

what I do is if I if I get a piece of

86

00:04:01,949 --> 00:03:59,590

evidence the is almost basically any

87

00:04:05,160 --> 00:04:01,959

piece of evidence is available to anyone

88

00:04:09,270 --> 00:04:05,170

that requests it so I don't want to put

89

00:04:12,240 --> 00:04:09,280

that out there but I do give evidence to

90

00:04:14,520 --> 00:04:12,250

different attorneys that I know or

91

00:04:16,770 --> 00:04:14,530

working with a certain client or certain

92

00:04:20,130 --> 00:04:16,780

aspect of the case requires something so

93

00:04:21,779 --> 00:04:20,140

I I do that and that's that's basically

94

00:04:25,170 --> 00:04:21,789

how the ballgame actually started was

95

00:04:26,760 --> 00:04:25,180

with the original CCTV Goodridge footage

96

00:04:29,520 --> 00:04:26,770

that I got

97

00:04:30,870 --> 00:04:29,530

we shared with Katherine about his

98

00:04:33,150 --> 00:04:30,880

office okay

99

00:04:35,279 --> 00:04:33,160

and I'm sure it's fair to say generally

100

00:04:38,879 --> 00:04:35,289

speaking you are on the side of the

101
00:04:42,629 --> 00:04:38,889
victims I absolutely and on the side of

102
00:04:46,529 --> 00:04:42,639
MGM for instance no sir you're not on

103
00:04:51,120 --> 00:04:46,539
the side of Steven paddock and my unsub

104
00:04:53,400 --> 00:04:51,130
Steve impact no I wouldn't think so I've

105
00:04:54,870 --> 00:04:53,410
been in touch with his brother Eric as

106
00:04:56,490 --> 00:04:54,880
I've been in touch with Bruce and so

107
00:04:59,610 --> 00:04:56,500
we're gonna we're gonna touch on that

108
00:05:02,430 --> 00:04:59,620
we'll talk a bit about the what's going

109
00:05:05,820 --> 00:05:02,440
on with the case I was on Laura Ingraham

110
00:05:09,990 --> 00:05:05,830
this week with Brian Claypool who was

111
00:05:12,779 --> 00:05:10,000
our very first guest on our deep dive on

112
00:05:15,089 --> 00:05:12,789
Las Vegas shooter and he happened to

113
00:05:19,080 --> 00:05:15,099

appear with me on Laura Ingraham this

114

00:05:21,649 --> 00:05:19,090

week talking about the FBI report and he

115

00:05:25,260 --> 00:05:21,659

shared with me that there is a mediation

116

00:05:29,059 --> 00:05:25,270

scheduled for an undisclosed date in the

117

00:05:32,730 --> 00:05:29,069

February so things like getting a

118

00:05:42,990 --> 00:05:32,740

February 19th a little birdie told me

119

00:05:49,050 --> 00:05:46,709

so let's key slide out your initial

120

00:05:54,270 --> 00:05:49,060

reaction when you saw the report that

121

00:05:56,820 --> 00:05:54,280

came out this week well I there was a

122

00:05:59,390 --> 00:05:56,830

couple of things and actually in talking

123

00:06:02,730 --> 00:05:59,400

to Eric last night he actually had some

124

00:06:04,560 --> 00:06:02,740

rather smart things to say about it

125

00:06:06,570 --> 00:06:04,570

actually opened my eyes up to a

126

00:06:10,830 --> 00:06:06,580

different way of looking at it but when

127

00:06:14,459 --> 00:06:10,840

I opened up the report it was amazingly

128

00:06:17,330 --> 00:06:14,469

fast to download and when I saw the

129

00:06:21,360 --> 00:06:17,340

three pages and I saw the word summary I

130

00:06:25,469 --> 00:06:21,370

thought okay well this is like a an

131

00:06:28,980 --> 00:06:25,479

index of what is going to come maybe in

132

00:06:30,209 --> 00:06:28,990

the next day or so I started progress

133

00:06:31,770 --> 00:06:30,219

though I started to find out that that

134

00:06:36,240 --> 00:06:31,780

might not be the case that the summary

135

00:06:38,459 --> 00:06:36,250

may be it and that is going to upset or

136

00:06:41,060 --> 00:06:38,469

has upset a lot of people myself

137

00:06:46,060 --> 00:06:41,070

included I was expecting

138

00:06:50,270 --> 00:06:46,070

ballistic analysis a much more in-depth

139

00:06:52,159 --> 00:06:50,280

BAU report than this one there's me and

140

00:06:56,840 --> 00:06:52,169

here's the difference in what I've found

141

00:07:00,469 --> 00:06:56,850

out this is not really a BAU report this

142

00:07:03,830 --> 00:07:00,479

is more or less analysis units mm-hmm

143

00:07:07,939 --> 00:07:03,840

the Behavioral Analysis Unit what

144

00:07:12,110 --> 00:07:07,949

happened is is they acquired 25 people

145

00:07:14,090 --> 00:07:12,120

that had different skill sets all the

146

00:07:15,379 --> 00:07:14,100

way from psychologist psychiatrist and

147

00:07:16,939 --> 00:07:15,389

blah blah blah different different

148

00:07:21,350 --> 00:07:16,949

different so that is the Las Vegas

149

00:07:23,570 --> 00:07:21,360

Review Panel the LV RP that they refer

150

00:07:28,430 --> 00:07:23,580

to that your understanding is

151
00:07:31,460 --> 00:07:28,440
approximately 25 people correct now now

152
00:07:33,980 --> 00:07:31,470
the 25 I've been told 25 people are

153
00:07:35,990 --> 00:07:33,990
working on this and then I've read

154
00:07:39,020 --> 00:07:36,000
somewhere where it was X number of

155
00:07:41,810 --> 00:07:39,030
people that were working on this part of

156
00:07:43,879 --> 00:07:41,820
the report and I thought was 25 so that

157
00:07:46,339 --> 00:07:43,889
number may not be exactly correct so

158
00:07:49,730 --> 00:07:46,349
I'll try to verify that but basically

159
00:07:51,589 --> 00:07:49,740
you have the Las Vegas review panel and

160
00:07:54,339 --> 00:07:51,599
the key word here that Eric brought to

161
00:07:58,060 --> 00:07:54,349
my attention last night is the word

162
00:08:00,800 --> 00:07:58,070
review they were not the Las Vegas

163
00:08:02,029 --> 00:08:00,810

investigative panel they were or the

164

00:08:05,930 --> 00:08:02,039

review panel

165

00:08:08,300 --> 00:08:05,940

so we're basically reading things from

166

00:08:10,450 --> 00:08:08,310

someone who reviewed things because the

167

00:08:13,149 --> 00:08:10,460

first question I asked Eric yesterday I

168

00:08:16,100 --> 00:08:13,159

said Eric let me ask you this over the

169

00:08:18,920 --> 00:08:16,110

1516 months or so since the shooting and

170

00:08:21,050 --> 00:08:18,930

they've put this review panel together

171

00:08:22,219 --> 00:08:21,060

and there's say 25 people on the review

172

00:08:25,070 --> 00:08:22,229

panel whatever number it is doesn't

173

00:08:26,719 --> 00:08:25,080

matter but for this question out of all

174

00:08:28,879 --> 00:08:26,729

of those people and out of all this time

175

00:08:31,070 --> 00:08:28,889

I'm kind of curious as to how many

176

00:08:34,000 --> 00:08:31,080

interviews they had with you to get

177

00:08:40,370 --> 00:08:34,010

information about your brother

178

00:08:44,480 --> 00:08:40,380

the answer was a whopping gusik not once

179

00:08:47,630 --> 00:08:44,490

was was he contacted by anyone as a

180

00:08:50,720 --> 00:08:47,640

member of the las vegas review panel so

181

00:08:53,960 --> 00:08:50,730

you ask information that I would think

182

00:08:54,500 --> 00:08:53,970

would be normal to ask if someone's

183

00:08:55,970 --> 00:08:54,510

going to

184

00:08:58,129 --> 00:08:55,980

to gather information what-have-you but

185

00:08:59,629 --> 00:08:58,139

he did remind me that this is a review

186

00:09:02,720 --> 00:08:59,639

panel they're already they're reviewing

187

00:09:05,210 --> 00:09:02,730

things that have already been done which

188

00:09:09,199 --> 00:09:05,220

kind of makes sense because he was

189

00:09:12,650 --> 00:09:09,209

interviewed extensively by the FBI he

190

00:09:17,180 --> 00:09:12,660

was interviewed for about 15 hours that

191

00:09:19,790 --> 00:09:17,190

was the extent of it panel had access to

192

00:09:24,170 --> 00:09:19,800

the notes transcript etc of his

193

00:09:26,629 --> 00:09:24,180

interview correct I'm sure they would I

194

00:09:29,420 --> 00:09:26,639

would I would hope that they would but

195

00:09:32,800 --> 00:09:29,430

we don't know we don't know if they had

196

00:09:37,730 --> 00:09:32,810

access to anything this is very

197

00:09:40,670 --> 00:09:37,740

ambiguous and big and and religion are

198

00:09:42,230 --> 00:09:40,680

you familiar with the BAU Behavioral

199

00:09:44,240 --> 00:09:42,240

Analysis Unit and have you seen other

200

00:09:47,389 --> 00:09:44,250

reports from them from other similar

201
00:09:51,620 --> 00:09:47,399
situations I've seen I've seen reports

202
00:09:54,050 --> 00:09:51,630
from the BAU itself not meaning a panel

203
00:09:57,829 --> 00:09:54,060
of outside professionals that were put

204
00:09:59,809 --> 00:09:57,839
together and you know that that part

205
00:10:01,870 --> 00:09:59,819
seems unique to you the idea that they

206
00:10:04,579 --> 00:10:01,880
put together a panel

207
00:10:10,069 --> 00:10:04,589
well then they've done this before but

208
00:10:11,809 --> 00:10:10,079
they but at this at this level no it

209
00:10:13,879 --> 00:10:11,819
just seemed funny because if you read

210
00:10:15,829 --> 00:10:13,889
the first part there says the BAU was

211
00:10:18,290 --> 00:10:15,839
asked to examine possible motives behind

212
00:10:21,350 --> 00:10:18,300
paddocks shooting and identify paddocks

213
00:10:23,900 --> 00:10:21,360

pre-attack behaviors so what they did

214

00:10:27,319 --> 00:10:23,910

was the BAU instead of doing that work

215

00:10:28,759 --> 00:10:27,329

themselves they acquired a panel and put

216

00:10:31,670 --> 00:10:28,769

the panel together and had the panel

217

00:10:33,110 --> 00:10:31,680

essentially review that work or the

218

00:10:34,670 --> 00:10:33,120

investigation that was done before and

219

00:10:36,199 --> 00:10:34,680

that where this is a little different

220

00:10:39,439 --> 00:10:36,209

and that we have to take into

221

00:10:42,500 --> 00:10:39,449

consideration to the FBI was not the

222

00:10:46,189 --> 00:10:42,510

lead on this case it was lb MPD that was

223

00:10:48,889 --> 00:10:46,199

that was kept as the lead and FBI was

224

00:10:52,460 --> 00:10:48,899

acting in a supportive role as far as

225

00:10:54,590 --> 00:10:52,470

analyzing evidence and and things of

226

00:10:56,449 --> 00:10:54,600

that nature so that's where it's a

227

00:10:59,030 --> 00:10:56,459

little different than what we're

228

00:11:01,759 --> 00:10:59,040

probably used to seeing with like you

229

00:11:02,900 --> 00:11:01,769

know the Sandy Hook case or or some of

230

00:11:05,030 --> 00:11:02,910

the other cases where you have a

231

00:11:07,460 --> 00:11:05,040

mountain of paperwork comes out and you

232

00:11:08,000 --> 00:11:07,470

have over over a thousand pages of 50 on

233

00:11:10,280 --> 00:11:08,010

our page

234

00:11:14,390 --> 00:11:10,290

so your assessment may be that in this

235

00:11:16,520 --> 00:11:14,400

case FBI devoted fewer resources to this

236

00:11:20,240 --> 00:11:16,530

shooting than to say Sandy Hook or

237

00:11:23,810 --> 00:11:20,250

others I wouldn't I wouldn't say that I

238

00:11:25,430 --> 00:11:23,820

would say he yeah yeah to be safe yeah I

239

00:11:27,440 --> 00:11:25,440

would say that that would be an accurate

240

00:11:30,110 --> 00:11:27,450

statement because since they were more

241

00:11:33,740 --> 00:11:30,120

of a supportive role but because of the

242

00:11:37,040 --> 00:11:33,750

massive amount of evidence that was

243

00:11:39,860 --> 00:11:37,050

acquired and shipped off to Quantico for

244

00:11:41,840 --> 00:11:39,870

the lab testing what have you I would

245

00:11:44,120 --> 00:11:41,850

say that in that regard as far as the

246

00:11:46,010 --> 00:11:44,130

actual testing is concerned of actual

247

00:11:48,320 --> 00:11:46,020

physical evidence that was probably

248

00:11:50,150 --> 00:11:48,330

larger than than what some of the

249

00:11:54,380 --> 00:11:50,160

applications just have been but we don't

250

00:11:57,980 --> 00:11:54,390

know we don't have any conclusive report

251
00:11:59,840 --> 00:11:57,990
or statistics telling us you know in

252
00:12:03,170 --> 00:11:59,850
comparison to other events of this

253
00:12:04,400 --> 00:12:03,180
nature how does this stack up so to

254
00:12:06,110 --> 00:12:04,410
speak you know not that we're trying to

255
00:12:07,970 --> 00:12:06,120
weigh them out but naturally we're human

256
00:12:09,890 --> 00:12:07,980
we do that but we do have a couple

257
00:12:14,600 --> 00:12:09,900
pretty extensive reports from the Las

258
00:12:17,900 --> 00:12:14,610
Vegas police and FBI played presumably a

259
00:12:21,110 --> 00:12:17,910
supporting role in those reports right

260
00:12:24,500 --> 00:12:21,120
correct so in the main piece that was

261
00:12:28,160 --> 00:12:24,510
missing from the Las Vegas reports was

262
00:12:31,670 --> 00:12:28,170
motive and they did almost seemed to

263
00:12:35,630 --> 00:12:31,680

kind of punt motive to the Behavioral

264

00:12:38,390 --> 00:12:35,640

Analysis Unit of the FBI and so now yeah

265

00:12:41,600 --> 00:12:38,400

so now what you have is their assessment

266

00:12:45,140 --> 00:12:41,610

as to motive what's really missing it

267

00:12:47,420 --> 00:12:45,150

seems to me is the support for their

268

00:12:48,980 --> 00:12:47,430

conclusions and we'll get in to that

269

00:12:52,220 --> 00:12:48,990

because they don't really providing this

270

00:12:54,950 --> 00:12:52,230

there's some very important conclusions

271

00:12:57,200 --> 00:12:54,960

that they make I do think that they

272

00:12:59,720 --> 00:12:57,210

identify motive in this for some reason

273

00:13:01,370 --> 00:12:59,730

mainstream media's take on the whole

274

00:13:03,980 --> 00:13:01,380

thing was FBI report comes out and they

275

00:13:05,570 --> 00:13:03,990

find no motive well right that's not my

276

00:13:07,160 --> 00:13:05,580

assessment and if I was given the

277

00:13:09,010 --> 00:13:07,170

opportunity on Laura Ingraham to answer

278

00:13:11,840 --> 00:13:09,020

a second question cuz I only got one I

279

00:13:14,270 --> 00:13:11,850

would have had but that was not the

280

00:13:17,240 --> 00:13:14,280

angle she wanted anyway she and Indiana

281

00:13:19,700 --> 00:13:17,250

D and others on Fox News were taking the

282

00:13:22,100 --> 00:13:19,710

position that the big takeaway was

283

00:13:25,880 --> 00:13:22,110

there's no motive well right

284

00:13:27,710 --> 00:13:25,890

in the contrary I find incredibly

285

00:13:31,600 --> 00:13:27,720

important takeaways for instance that

286

00:13:37,120 --> 00:13:31,610

the LV RP the Las Vegas Review Panel

287

00:13:40,430 --> 00:13:37,130

concludes the panel concludes that

288

00:13:42,829 --> 00:13:40,440

paddocks attack was neither directed

289

00:13:45,050 --> 00:13:42,839

inspired or enabled by ideologically

290

00:13:46,400 --> 00:13:45,060

motivated persons or groups in other

291

00:13:48,500 --> 00:13:46,410

words they're saying that this panel

292

00:13:51,829 --> 00:13:48,510

these 25 diverse people including

293

00:13:55,160 --> 00:13:51,839

psychologists and psychiatrists etc are

294

00:13:58,480 --> 00:13:55,170

the ones that concluded that Isis had

295

00:14:01,400 --> 00:13:58,490

nothing to do with this that's right

296

00:14:03,319 --> 00:14:01,410

yeah that is kind of strange too because

297

00:14:06,650 --> 00:14:03,329

that that brings on a whole nother level

298

00:14:08,720 --> 00:14:06,660

because what I don't see in here and and

299

00:14:12,380 --> 00:14:08,730

to go through that list of panelists the

300

00:14:14,900 --> 00:14:12,390

multidisciplinary panel was comprised of

301
00:14:16,850 --> 00:14:14,910
experts and threat assessment psychology

302
00:14:19,430 --> 00:14:16,860
psychiatry research cyber behavioral

303
00:14:22,190 --> 00:14:19,440
analysis law and sexual child sexual

304
00:14:25,400 --> 00:14:22,200
exploitation I do not see in there

305
00:14:27,530 --> 00:14:25,410
anyone that is foreign intelligence or

306
00:14:29,150 --> 00:14:27,540
any type of in any type of intelligence

307
00:14:32,560 --> 00:14:29,160
the closest thing I see would be the

308
00:14:34,730 --> 00:14:32,570
words threat assessment and possibly

309
00:14:37,579 --> 00:14:34,740
something else but one just is a

310
00:14:39,439 --> 00:14:37,589
researcher that doesn't say what they've

311
00:14:42,130 --> 00:14:39,449
done it so we we have no idea these

312
00:14:44,840 --> 00:14:42,140
people's qualifications we don't know

313
00:14:48,110 --> 00:14:44,850

their backgrounds we don't know if the

314

00:14:50,329 --> 00:14:48,120

backgrounds fit or if if their

315

00:14:53,240 --> 00:14:50,339

backgrounds would allow them to even

316

00:14:57,170 --> 00:14:53,250

think about an Isis component to this

317

00:14:59,360 --> 00:14:57,180

yeah I mean I force this is its appears

318

00:15:01,480 --> 00:14:59,370

to be to be perhaps just sloppy writing

319

00:15:03,920 --> 00:15:01,490

because it would have been the FBI

320

00:15:07,069 --> 00:15:03,930

itself I would think that would make the

321

00:15:09,949 --> 00:15:07,079

conclusion that racist was not involved

322

00:15:12,439 --> 00:15:09,959

not this panel and and by the way for

323

00:15:13,939 --> 00:15:12,449

listeners you can find the FBI's report

324

00:15:17,600 --> 00:15:13,949

if you go to our Facebook page

325

00:15:19,250 --> 00:15:17,610

you'll see a link to it there but what

326

00:15:21,439 --> 00:15:19,260

do you think is that just sloppy writing

327

00:15:25,040 --> 00:15:21,449

to say that it was love and all that

328

00:15:27,800 --> 00:15:25,050

concluded Isis is not involved it what's

329

00:15:29,960 --> 00:15:27,810

amazing to me is that they got this much

330

00:15:33,889 --> 00:15:29,970

into three pages or two and a half pages

331

00:15:35,960 --> 00:15:33,899

and with all of that as we go back and

332

00:15:37,699 --> 00:15:35,970

we start looking as I read it

333

00:15:40,280 --> 00:15:37,709

and third fourth and fifth time and

334

00:15:42,410 --> 00:15:40,290

amazingly we can read him three five ten

335

00:15:46,400 --> 00:15:42,420

times at a easily because this thing is

336

00:15:48,949 --> 00:15:46,410

ridiculous but you know my assessment

337

00:15:52,939 --> 00:15:48,959

from this is that they've acquired a

338

00:15:54,949 --> 00:15:52,949

group of people so that they can say

339

00:15:59,960 --> 00:15:54,959

that they covered their basis on various

340

00:16:02,689 --> 00:15:59,970

aspects of law and other regions of

341

00:16:04,819 --> 00:16:02,699

exploratory research we'll put it that

342

00:16:07,129 --> 00:16:04,829

way because essentially this is nothing

343

00:16:08,420 --> 00:16:07,139

more than research again like Eric

344

00:16:09,559 --> 00:16:08,430

reminded me yesterday it's a research

345

00:16:12,379 --> 00:16:09,569

panel they're they're not an

346

00:16:14,689 --> 00:16:12,389

investigative panel so an investigative

347

00:16:16,490 --> 00:16:14,699

panel would have a lot more supportive

348

00:16:18,379 --> 00:16:16,500

evidence to go along with it because

349

00:16:21,559 --> 00:16:18,389

it's a scientific process that they go

350

00:16:23,869 --> 00:16:21,569

through and it's peer reviewed and

351

00:16:25,579 --> 00:16:23,879

what-have-you but this here doesn't

352

00:16:27,040 --> 00:16:25,589

appear to be anything we don't know who

353

00:16:29,210 --> 00:16:27,050

these people are

354

00:16:32,019 --> 00:16:29,220

and we don't know their qualifications

355

00:16:34,040 --> 00:16:32,029

and and we don't have any supportive

356

00:16:36,249 --> 00:16:34,050

documentation to come along with this I

357

00:16:39,410 --> 00:16:36,259

always think this is being a summary is

358

00:16:41,420 --> 00:16:39,420

is fine this is a summary we can read

359

00:16:43,429 --> 00:16:41,430

this for the the cliffnotes version of

360

00:16:45,769 --> 00:16:43,439

what's to come or the cliffnotes version

361

00:16:47,960 --> 00:16:45,779

of what we should have received like a

362

00:16:50,449 --> 00:16:47,970

twelve hundred page report this says

363

00:16:54,949 --> 00:16:50,459

blah blah baud at this date he had this

364

00:16:56,869 --> 00:16:54,959

problem and what-have-you but no but as

365

00:16:57,379 --> 00:16:56,879

as far as the motive is concerned we're

366

00:17:00,949 --> 00:16:57,389

in agreement

367

00:17:02,990 --> 00:17:00,959

yeah so it's odd for them to say it was

368

00:17:05,480 --> 00:17:03,000

the las vegas review panel that made

369

00:17:09,049 --> 00:17:05,490

this conclusion about lack of Isis

370

00:17:11,809 --> 00:17:09,059

number one number two that is a really

371

00:17:15,850 --> 00:17:11,819

really important conclusion for the FBI

372

00:17:18,500 --> 00:17:15,860

to make that he acted alone and that

373

00:17:21,770 --> 00:17:18,510

there was no terror element to this

374

00:17:24,710 --> 00:17:21,780

because Isis as we know claimed

375

00:17:27,010 --> 00:17:24,720

responsibility twice they did it through

376

00:17:31,399 --> 00:17:27,020

their official is they called Nasher

377

00:17:33,500 --> 00:17:31,409

their official PR organization and I

378

00:17:35,180 --> 00:17:33,510

spoke to terror experts I know there's

379

00:17:37,520 --> 00:17:35,190

some disagreement about this but I spoke

380

00:17:39,860 --> 00:17:37,530

to terror experts that say that anytime

381

00:17:42,490 --> 00:17:39,870

Isis has claimed responsibility for an

382

00:17:45,560 --> 00:17:42,500

attack through their official PR

383

00:17:47,840 --> 00:17:45,570

propaganda channels it has never been

384

00:17:49,970 --> 00:17:47,850

proven that they were not in fact

385

00:17:51,020 --> 00:17:49,980

responsible for the attack this would

386

00:17:53,360 --> 00:17:51,030

in other words this would have been the

387

00:17:54,770 --> 00:17:53,370

first time I see the face you're making

388

00:17:58,370 --> 00:17:54,780

you may be one of the experts that don't

389

00:18:03,170 --> 00:17:58,380

agree with that yeah there's a very in

390

00:18:05,900 --> 00:18:03,180

con if you know her at her on and she

391

00:18:07,580 --> 00:18:05,910

claims to be an Isis expert she

392

00:18:09,380 --> 00:18:07,590

definitively states that I know there

393

00:18:11,810 --> 00:18:09,390

was an issue of an attack in the

394

00:18:12,980 --> 00:18:11,820

Philippines that people that Isis took

395

00:18:14,390 --> 00:18:12,990

responsibility for and there was

396

00:18:17,090 --> 00:18:14,400

questioned about whether or not they if

397

00:18:18,500 --> 00:18:17,100

I carried it out in fact and remember

398

00:18:21,890 --> 00:18:18,510

there's a difference between carrying it

399

00:18:24,260 --> 00:18:21,900

out and being isis-inspired right yeah

400

00:18:25,850 --> 00:18:24,270

so what she would say that there's never

401
00:18:27,860 --> 00:18:25,860
been a circumstance where as proven that

402
00:18:32,150 --> 00:18:27,870
I used to sitting carried out or that it

403
00:18:34,820 --> 00:18:32,160
was Isis inspired and Vegas one would be

404
00:18:35,960 --> 00:18:34,830
the first one if the FBI is in fact

405
00:18:42,080 --> 00:18:35,970
drawn that conclusion

406
00:18:44,780 --> 00:18:42,090
I actually agree that Isis had had no

407
00:18:47,030 --> 00:18:44,790
play in this from what I can see but I

408
00:18:49,490 --> 00:18:47,040
don't have access to the exact same

409
00:18:52,430 --> 00:18:49,500
information they do but based on the the

410
00:18:54,200 --> 00:18:52,440
people that I know and then the the

411
00:18:56,180 --> 00:18:54,210
talking in the inner circles and

412
00:18:58,040 --> 00:18:56,190
listening on different areas that we

413
00:19:02,630 --> 00:18:58,050

talked about and make sure it's nothing

414

00:19:06,230 --> 00:19:02,640

on the screen somewhere but as far as

415

00:19:09,290 --> 00:19:06,240

Isis being a component there's no

416

00:19:12,260 --> 00:19:09,300

indication at all I mean I totally agree

417

00:19:14,180 --> 00:19:12,270

with their sorry if I totally agree with

418

00:19:15,770 --> 00:19:14,190

that the main point I'm making though is

419

00:19:17,360 --> 00:19:15,780

that

420

00:19:19,880 --> 00:19:17,370

yeah what's important about you know

421

00:19:23,420 --> 00:19:19,890

yeah they claimed but it's the first

422

00:19:26,720 --> 00:19:23,430

time exactly a percent proven by the FBI

423

00:19:28,100 --> 00:19:26,730

that Isis made a false claim which you

424

00:19:29,240 --> 00:19:28,110

know people were speculating at the time

425

00:19:31,220 --> 00:19:29,250

that this indicates something

426

00:19:34,400 --> 00:19:31,230

significant about the degradation of

427

00:19:38,630 --> 00:19:34,410

Isis and where they are today that'd be

428

00:19:40,580 --> 00:19:38,640

very careful about many claims of

429

00:19:44,230 --> 00:19:40,590

responsibility and now they've gotten a

430

00:19:46,670 --> 00:19:44,240

lot looser as perhaps they're on the run

431

00:19:50,900 --> 00:19:46,680

and that's a that's a fair assessment

432

00:19:54,110 --> 00:19:50,910

and I would agree with that and the the

433

00:19:56,630 --> 00:19:54,120

ISIS organization is just I wouldn't say

434

00:19:59,030 --> 00:19:56,640

this disbanded but it's definitely

435

00:20:03,710 --> 00:19:59,040

disorganized and I don't think it's as

436

00:20:06,619 --> 00:20:03,720

organized as as when when she made her

437

00:20:09,350 --> 00:20:06,629

her assessment that this was Isis

438

00:20:11,240 --> 00:20:09,360

inspired or if Isis inspired or Isis

439

00:20:13,909 --> 00:20:11,250

carried this out that this would be the

440

00:20:16,970 --> 00:20:13,919

first time that they claimed something

441

00:20:19,399 --> 00:20:16,980

and it didn't come true or was it was it

442

00:20:22,369 --> 00:20:19,409

true and the way I look at it is this

443

00:20:26,690 --> 00:20:22,379

this is the largest mass shooting in US

444

00:20:28,940 --> 00:20:26,700

history the only thing that we can think

445

00:20:32,299 --> 00:20:28,950

of that probably impacted our country as

446

00:20:38,269 --> 00:20:32,309

much as this did in the past 20 years is

447

00:20:41,299 --> 00:20:38,279

obviously the 9/11 so if you draw the

448

00:20:43,159 --> 00:20:41,309

two conclusions back and forth and you

449

00:20:45,470 --> 00:20:43,169

want to say that they made the claim and

450

00:20:48,169 --> 00:20:45,480

that they have a hundred percent track

451

00:20:50,269 --> 00:20:48,179

record for being accurate I would say

452

00:20:52,700 --> 00:20:50,279

that this would make sense that it would

453

00:20:55,249 --> 00:20:52,710

be the one that they would mess up on

454

00:20:58,220 --> 00:20:55,259

because they would want to claim this

455

00:21:00,259 --> 00:20:58,230

this is this is the largest this is this

456

00:21:01,850 --> 00:21:00,269

is something that they would want to

457

00:21:04,430 --> 00:21:01,860

have under their belt so to speak

458

00:21:06,950 --> 00:21:04,440

another thing she said is that they

459

00:21:09,919 --> 00:21:06,960

would at least historically they would

460

00:21:13,159 --> 00:21:09,929

not make the claim unless they had some

461

00:21:16,700 --> 00:21:13,169

reason to believe that it was at least

462

00:21:18,529 --> 00:21:16,710

inspired so they may have been misled

463

00:21:20,629 --> 00:21:18,539

gotten some bad information because if

464

00:21:23,810 --> 00:21:20,639

you remember how quickly they claimed

465

00:21:26,480 --> 00:21:23,820

responsibility mmm if this was all just

466

00:21:28,100 --> 00:21:26,490

BS you know they didn't know that

467

00:21:29,810 --> 00:21:28,110

ultimately a suicide note wasn't gonna

468

00:21:33,169 --> 00:21:29,820

be found or that it turns out right

469

00:21:35,419 --> 00:21:33,179

you'd hope we didn't find any clear

470

00:21:36,320 --> 00:21:35,429

motive for panic on this you know it

471

00:21:38,899 --> 00:21:36,330

could have been found out very quickly

472

00:21:40,039 --> 00:21:38,909

exactly why he did it and it could have

473

00:21:42,889 --> 00:21:40,049

been their claim could have been

474

00:21:46,159 --> 00:21:42,899

disproven very quickly that's that's

475

00:21:50,389 --> 00:21:46,169

true and you know another way to look at

476

00:21:53,149 --> 00:21:50,399

it is from from the standpoint that they

477

00:21:56,360 --> 00:21:53,159

made that us they made that claim very

478

00:21:58,700 --> 00:21:56,370

quickly without having any foreknowledge

479

00:22:00,740 --> 00:21:58,710

or any dollars of anything but keep in

480

00:22:03,619 --> 00:22:00,750

mind that they had already claimed

481

00:22:06,499 --> 00:22:03,629

months before that Las Vegas was a

482

00:22:07,999 --> 00:22:06,509

target and it was Las Vegas was in one

483

00:22:09,619 --> 00:22:08,009

of the videos one of the propaganda

484

00:22:12,109 --> 00:22:09,629

videos that they put out they naturally

485

00:22:13,789 --> 00:22:12,119

showed different locations a guy driving

486

00:22:15,470 --> 00:22:13,799

around and aiming the camera at the

487

00:22:16,890 --> 00:22:15,480

window and seeing you know different

488

00:22:18,470 --> 00:22:16,900

different hotels and different

489

00:22:21,960 --> 00:22:18,480

different land landmark so we're all

490

00:22:25,790 --> 00:22:21,970

recognized so we knew that Las Vegas was

491

00:22:27,930 --> 00:22:25,800

a potential target and for it to have

492

00:22:30,570 --> 00:22:27,940

something happened of this nature

493

00:22:32,640 --> 00:22:30,580

who knows if someone jumped the gun and

494

00:22:35,340 --> 00:22:32,650

said this must be it or you know you

495

00:22:37,350 --> 00:22:35,350

have cells that operate that that you

496

00:22:40,020 --> 00:22:37,360

know sleeper cells that pop up and and

497

00:22:42,990 --> 00:22:40,030

they do what they do and whatever

498

00:22:46,140 --> 00:22:43,000

triggers them to start I mean it could

499

00:22:49,800 --> 00:22:46,150

be all over the map was this that I

500

00:22:50,820 --> 00:22:49,810

honestly don't think so again you know

501
00:22:53,220 --> 00:22:50,830
on our side

502
00:22:56,190 --> 00:22:53,230
you know as as far as what we what we

503
00:22:58,980 --> 00:22:56,200
have to look at is there's nothing that

504
00:23:02,340 --> 00:22:58,990
we've seen you know granted I'm not in

505
00:23:04,400 --> 00:23:02,350
in there pulling pieces of paper and

506
00:23:07,110 --> 00:23:04,410
doing the investigation from the inside

507
00:23:08,310 --> 00:23:07,120
if they're covering it up it'd be one of

508
00:23:10,140 --> 00:23:08,320
the worst things they could possibly do

509
00:23:12,180 --> 00:23:10,150
but if everything they're telling us is

510
00:23:15,540 --> 00:23:12,190
true there absolutely is no evidence to

511
00:23:17,580 --> 00:23:15,550
support any Isis connection at all which

512
00:23:21,510 --> 00:23:17,590
is also what I'm getting to when I talk

513
00:23:23,100 --> 00:23:21,520

to other people I know then this would

514

00:23:25,230 --> 00:23:23,110

be the first time that they're that

515

00:23:27,300 --> 00:23:25,240

they're wrong and I've said that since

516

00:23:30,920 --> 00:23:27,310

day one so all I'm saying is that we

517

00:23:34,770 --> 00:23:30,930

turn to the FBI that's who we trust

518

00:23:36,870 --> 00:23:34,780

shouldn't chase us down and determine

519

00:23:39,120 --> 00:23:36,880

was whether this was terror or not

520

00:23:41,130 --> 00:23:39,130

whether this was Isis or not so they

521

00:23:43,350 --> 00:23:41,140

concluded that it was not that's great

522

00:23:46,200 --> 00:23:43,360

but just give us a little bit of the

523

00:23:48,930 --> 00:23:46,210

basis for that conclusion because I'm

524

00:23:51,510 --> 00:23:48,940

sure that was kind of the primary reason

525

00:23:53,660 --> 00:23:51,520

the FBI was involved was to determine is

526

00:23:58,620 --> 00:23:53,670

this side neither their Isis attack

527

00:24:01,020 --> 00:23:58,630

radical Islamic terrorism on US soil is

528

00:24:03,210 --> 00:24:01,030

it or is it not and if they concluded

529

00:24:05,070 --> 00:24:03,220

that it's not give us some of the basis

530

00:24:07,380 --> 00:24:05,080

for it because you must have spent

531

00:24:07,940 --> 00:24:07,390

hundreds of thousands of hours looking

532

00:24:10,320 --> 00:24:07,950

into it

533

00:24:11,790 --> 00:24:10,330

yeah well I think I gave you the basis

534

00:24:12,360 --> 00:24:11,800

for it the basis for it is they didn't

535

00:24:15,000 --> 00:24:12,370

find anything

536

00:24:18,690 --> 00:24:15,010

and so there's trying to prove a

537

00:24:20,790 --> 00:24:18,700

non-event and it's not an any easy thing

538

00:24:22,590 --> 00:24:20,800

to do yeah well you could say you track

539

00:24:24,540 --> 00:24:22,600

down various leaves and you looked at

540

00:24:26,310 --> 00:24:24,550

this and you looked into that and and so

541

00:24:28,860 --> 00:24:26,320

forth I mean you know they didn't even

542

00:24:30,120 --> 00:24:28,870

have that that's that's the problem they

543

00:24:32,010 --> 00:24:30,130

didn't date but it didn't even

544

00:24:35,940 --> 00:24:32,020

really have those leads to go tracking

545

00:24:38,910 --> 00:24:35,950

down and and and that's the thing so if

546

00:24:41,010 --> 00:24:38,920

they don't even have an analysis of the

547

00:24:43,530 --> 00:24:41,020

ISIS claims of responsibility and

548

00:24:44,550 --> 00:24:43,540

explain you know the hey we looked into

549

00:24:46,320 --> 00:24:44,560

the fact that they claimed

550

00:24:48,570 --> 00:24:46,330

responsibility and yet always our

551
00:24:50,910 --> 00:24:48,580
conclusion that you know the claim

552
00:24:53,070 --> 00:24:50,920
emanated from such-and-such or this or

553
00:24:54,780 --> 00:24:53,080
that and you know this is our theory as

554
00:24:57,090 --> 00:24:54,790
to why they claimed responsibility when

555
00:24:59,910 --> 00:24:57,100
in fact it turned out not to be correct

556
00:25:01,920 --> 00:24:59,920
and yeah I mean they they did briefly

557
00:25:05,850 --> 00:25:01,930
talk about the claim and and what have

558
00:25:06,840 --> 00:25:05,860
you early on but they pretty much swept

559
00:25:08,790 --> 00:25:06,850
it under the rug because that's

560
00:25:11,310 --> 00:25:08,800
something that's something that they're

561
00:25:13,650 --> 00:25:11,320
told not to really discuss much I mean

562
00:25:16,080 --> 00:25:13,660
if they if it has something to do with

563
00:25:18,750 --> 00:25:16,090

it yeah we'll take measures in okay

564

00:25:20,790 --> 00:25:18,760

let's move on let's move on to the next

565

00:25:24,300 --> 00:25:20,800

big conclusion that I have highlighted

566

00:25:26,460 --> 00:25:24,310

which is again they attribute the panel

567

00:25:28,130 --> 00:25:26,470

for this conclusion which i think is

568

00:25:31,530 --> 00:25:28,140

inappropriate but they say the L V RP

569

00:25:34,350 --> 00:25:31,540

further assesses that padic conspired

570

00:25:38,640 --> 00:25:34,360

with no one he acted alone

571

00:25:40,650 --> 00:25:38,650

now right for many people primarily

572

00:25:43,590 --> 00:25:40,660

people who were actually at the events

573

00:25:44,730 --> 00:25:43,600

who were absolutely convinced that he

574

00:25:48,090 --> 00:25:44,740

did not act alone

575

00:25:49,470 --> 00:25:48,100

that he was not this whole shooter that

576

00:25:52,110 --> 00:25:49,480

they heard shots coming from different

577

00:25:53,700 --> 00:25:52,120

directions not to mention you've got the

578

00:25:56,880 --> 00:25:53,710

reports of other shootings down the

579

00:25:58,170 --> 00:25:56,890

strip etc all kinds of reports but you

580

00:25:59,130 --> 00:25:58,180

know in my experience in talking to

581

00:26:01,170 --> 00:25:59,140

people that were there and you've

582

00:26:04,260 --> 00:26:01,180

probably spoken to as many or more than

583

00:26:07,020 --> 00:26:04,270

than I have the majority of people that

584

00:26:09,360 --> 00:26:07,030

were there are convinced that there was

585

00:26:10,800 --> 00:26:09,370

more than one I'm not suggesting there

586

00:26:12,240 --> 00:26:10,810

was more than one in fact I think it

587

00:26:15,270 --> 00:26:12,250

appears to be there wasn't more than one

588

00:26:17,190 --> 00:26:15,280

it was just panic but correct help those

589

00:26:19,830 --> 00:26:17,200

people out give them some informations

590

00:26:22,140 --> 00:26:19,840

say that you investigated these claims

591

00:26:25,380 --> 00:26:22,150

of multiple shooters tell us a little

592

00:26:28,590 --> 00:26:25,390

bit give us a little meat on the bone of

593

00:26:32,100 --> 00:26:28,600

this conclusion that paddock did this by

594

00:26:34,530 --> 00:26:32,110

himself well and and that's something

595

00:26:36,810 --> 00:26:34,540

that they should have done and what is

596

00:26:38,730 --> 00:26:36,820

odd is that because we received

597

00:26:41,970 --> 00:26:38,740

virtually no information in the

598

00:26:43,770 --> 00:26:41,980

beginning we found ourselves doing our

599

00:26:46,950 --> 00:26:43,780

own investigations

600

00:26:48,510 --> 00:26:46,960

you know myself included we go there we

601
00:26:52,740 --> 00:26:48,520
talked to people we look for evidence

602
00:26:54,780 --> 00:26:52,750
and and we analyze what we can I have a

603
00:26:57,300 --> 00:26:54,790
background where I can analyze evidence

604
00:26:59,610 --> 00:26:57,310
I may be an expert in one field not in

605
00:27:02,160 --> 00:26:59,620
another but I've learned enough to know

606
00:27:04,730 --> 00:27:02,170
and I basically became one and in

607
00:27:07,230 --> 00:27:04,740
several areas that I've never really

608
00:27:09,390 --> 00:27:07,240
studied as much as I probably should

609
00:27:11,220 --> 00:27:09,400
have in fast now one of which would be

610
00:27:14,240 --> 00:27:11,230
the ballistic analysis as far as the

611
00:27:17,940 --> 00:27:14,250
acoustic analysis of any of the gunfire

612
00:27:19,470 --> 00:27:17,950
as far as that is concerned and with all

613
00:27:22,830 --> 00:27:19,480

of the cameras and the footage that we

614

00:27:27,170 --> 00:27:22,840

have and also now we throw in several

615

00:27:30,450 --> 00:27:27,180

hundred body-worn camera footage are

616

00:27:32,400 --> 00:27:30,460

different different videos from

617

00:27:35,250 --> 00:27:32,410

different officers and all around the

618

00:27:38,760 --> 00:27:35,260

venue there's not any shots fired from

619

00:27:41,370 --> 00:27:38,770

any other direction that that if a shot

620

00:27:42,360 --> 00:27:41,380

was fired we would hear it and of course

621

00:27:44,730 --> 00:27:42,370

someone else said well they had

622

00:27:46,170 --> 00:27:44,740

silencers well okay if they had

623

00:27:49,110 --> 00:27:46,180

silencers you can still hear it if

624

00:27:52,470 --> 00:27:49,120

anyone saw one you'll and if it's a

625

00:27:55,470 --> 00:27:52,480

subsonic with the silencer okay but as

626

00:27:58,260 --> 00:27:55,480

far as I can tell from the hundreds of

627

00:28:01,410 --> 00:27:58,270

hours of video that I've looked at and

628

00:28:04,260 --> 00:28:01,420

subsequently pulled the audio out there

629

00:28:05,790 --> 00:28:04,270

was none there's no other shots from

630

00:28:07,980 --> 00:28:05,800

fire familiar the direction the only

631

00:28:11,250 --> 00:28:07,990

shots were fired that night were fired

632

00:28:15,690 --> 00:28:11,260

inside that room by two people and you

633

00:28:19,830 --> 00:28:15,700

would assume that the FBI did similar

634

00:28:23,520 --> 00:28:19,840

analysis to what you did yeah yeah I'm

635

00:28:25,410 --> 00:28:23,530

sure they did yeah and it's it's tedious

636

00:28:27,480 --> 00:28:25,420

to do you're basically doing a lot of

637

00:28:31,290 --> 00:28:27,490

math work and they may have access to

638

00:28:32,670 --> 00:28:31,300

the the shot spotter that may or may not

639

00:28:35,310 --> 00:28:32,680

be there depending on who you're talking

640

00:28:37,080 --> 00:28:35,320

to at the moment but if they have that

641

00:28:39,120 --> 00:28:37,090

then the math has already done for you

642

00:28:42,390 --> 00:28:39,130

but basically it's it's a series of

643

00:28:44,490 --> 00:28:42,400

calculations and you determine from that

644

00:28:46,230 --> 00:28:44,500

those series of calculations where the

645

00:28:48,330 --> 00:28:46,240

shots were fired from and you can do

646

00:28:50,640 --> 00:28:48,340

that with cameras you know camera

647

00:28:51,990 --> 00:28:50,650

footage from cell phone cameras or

648

00:28:53,610 --> 00:28:52,000

whatever as long as you know the the

649

00:28:56,190 --> 00:28:53,620

model with the type of the camera and

650

00:28:57,659 --> 00:28:56,200

you take into some consideration the

651
00:28:59,190 --> 00:28:57,669
variances between

652
00:29:01,739 --> 00:28:59,200
you can calculate it pretty accurately

653
00:29:05,219 --> 00:29:01,749
and we were able to do that another

654
00:29:07,709 --> 00:29:05,229
person who came on early on and who did

655
00:29:09,389 --> 00:29:07,719
some rather amazing animation work which

656
00:29:14,359 --> 00:29:09,399
is actually on my page if you go to the

657
00:29:16,589 --> 00:29:14,369
5x5 news channel you'll see a some

658
00:29:19,699 --> 00:29:16,599
animation that was done by a person

659
00:29:22,560 --> 00:29:19,709
using the channel named mr. visual

660
00:29:26,339 --> 00:29:22,570
absolutely excellent work I can hunt

661
00:29:32,519 --> 00:29:26,349
Punk any of it it's very accurate and he

662
00:29:33,810 --> 00:29:32,529
puts into a visual 3d animated depiction

663
00:29:37,919 --> 00:29:33,820

on screen as far as the video is

664

00:29:39,509 --> 00:29:37,929

concerned of exactly how the the sounds

665

00:29:41,129 --> 00:29:39,519

that we hear and exactly where the

666

00:29:42,839 --> 00:29:41,139

bullets went and how we can determine

667

00:29:44,969 --> 00:29:42,849

where they went and how all these

668

00:29:47,639 --> 00:29:44,979

different things he does a visually so

669

00:29:49,379 --> 00:29:47,649

it's very easy to to learn from that and

670

00:29:52,889 --> 00:29:49,389

I think that would be a good thing for

671

00:29:56,159 --> 00:29:52,899

everybody to see so going back to Eric

672

00:29:57,979 --> 00:29:56,169

paddock who you brother of the shooter

673

00:30:00,149 --> 00:29:57,989

who you spoke to extensively yesterday

674

00:30:04,889 --> 00:30:00,159

give me again a little bit about what

675

00:30:08,299 --> 00:30:04,899

his thoughts were and after bro oh yeah

676

00:30:12,239 --> 00:30:08,309

we went through and I'll I'll put that

677

00:30:14,369 --> 00:30:12,249

that interview out it's probably you

678

00:30:15,989 --> 00:30:14,379

know it's a - we spoke for two and a

679

00:30:17,219 --> 00:30:15,999

half hours so I'll probably chop it down

680

00:30:19,139 --> 00:30:17,229

to something a little bit more palatable

681

00:30:21,269 --> 00:30:19,149

because we kind of bounced around and

682

00:30:23,909 --> 00:30:21,279

just like two guys talking and so I kept

683

00:30:25,859 --> 00:30:23,919

it more casual rather than a stirring

684

00:30:28,889 --> 00:30:25,869

question answer period and that's kind

685

00:30:30,569 --> 00:30:28,899

of how I like to operate anyway but we

686

00:30:33,419 --> 00:30:30,579

went through the list I'm actually he

687

00:30:37,019 --> 00:30:33,429

started he went through the list and and

688

00:30:39,779 --> 00:30:37,029

before he started I basically wanted to

689

00:30:41,879 --> 00:30:39,789

ask him the question of out of the

690

00:30:44,519 --> 00:30:41,889

number of people that may put this

691

00:30:46,379 --> 00:30:44,529

report together and and not wanted them

692

00:30:47,569 --> 00:30:46,389

I want to reiterate this this is a very

693

00:30:51,810 --> 00:30:47,579

important point

694

00:30:54,959 --> 00:30:51,820

he was never contacted and of all the

695

00:30:57,149 --> 00:30:54,969

people that are out there that you would

696

00:30:58,829 --> 00:30:57,159

contact to find out at different parts

697

00:31:02,129 --> 00:30:58,839

information I would like to know the

698

00:31:04,560 --> 00:31:02,139

reason why they didn't but again it's a

699

00:31:06,629 --> 00:31:04,570

research panel not an investigative

700

00:31:08,489 --> 00:31:06,639

panel so they were looking at things

701
00:31:11,340 --> 00:31:08,499
that had already been acquired so that's

702
00:31:14,010 --> 00:31:11,350
my that's my assessment from

703
00:31:16,409 --> 00:31:14,020
what Eric told me and when he said that

704
00:31:18,659 --> 00:31:16,419
it totally changed my way of thinking of

705
00:31:20,640 --> 00:31:18,669
this report this report is a research

706
00:31:21,810 --> 00:31:20,650
paper it's not a investigative paper

707
00:31:24,120 --> 00:31:21,820
mm-hmm

708
00:31:25,919 --> 00:31:24,130
did he seem to generally agree with the

709
00:31:28,610 --> 00:31:25,929
findings when we get down to the

710
00:31:33,270 --> 00:31:28,620
specifics of what they identified as

711
00:31:35,880 --> 00:31:33,280
Steven paddocks motive I would say for

712
00:31:39,240 --> 00:31:35,890
the most part if you if you reduced it

713
00:31:40,980 --> 00:31:39,250

to something fairly simple and use

714

00:31:44,460 --> 00:31:40,990

Occam's razor what have you then yeah

715

00:31:48,180 --> 00:31:44,470

we're pretty much an alignment there are

716

00:31:51,750 --> 00:31:48,190

some variances that that when it gets

717

00:31:53,909 --> 00:31:51,760

into certain specifics when they try to

718

00:31:56,279 --> 00:31:53,919

mention specifics on here they as far as

719

00:31:58,110 --> 00:31:56,289

timeframe when did this start

720

00:32:00,360 --> 00:31:58,120

when did the thought process start what

721

00:32:04,740 --> 00:32:00,370

was the catalyst that cause you know

722

00:32:07,169 --> 00:32:04,750

this to occur and the time frame is

723

00:32:10,380 --> 00:32:07,179

something that Eric and I are working on

724

00:32:11,370 --> 00:32:10,390

is to look for little clues that may pop

725

00:32:14,270 --> 00:32:11,380

up here and there because he has

726

00:32:17,580 --> 00:32:14,280

obviously access to everything that

727

00:32:19,770 --> 00:32:17,590

Steven had done you know dates of

728

00:32:21,060 --> 00:32:19,780

purchases of the weapons and things of

729

00:32:24,020 --> 00:32:21,070

this nature that have already been put

730

00:32:26,669 --> 00:32:24,030

out there but at the same time there's

731

00:32:29,130 --> 00:32:26,679

different these changes in how people

732

00:32:31,200 --> 00:32:29,140

operate you know one thing if someone

733

00:32:32,909 --> 00:32:31,210

has a consistent calling record they

734

00:32:34,169 --> 00:32:32,919

call you once a month or they do this or

735

00:32:35,610 --> 00:32:34,179

that and all of a sudden that changes

736

00:32:37,020 --> 00:32:35,620

then that gives you an idea of something

737

00:32:38,820 --> 00:32:37,030

might be going on so you call them and

738

00:32:40,440 --> 00:32:38,830

see what's going on none of that really

739

00:32:43,470 --> 00:32:40,450

happened because there wasn't that much

740

00:32:47,310 --> 00:32:43,480

communication between pretty much any of

741

00:32:48,720 --> 00:32:47,320

the family to some degree so that's not

742

00:32:50,159 --> 00:32:48,730

something that we would normally go by

743

00:32:51,480 --> 00:32:50,169

like you and I would probably say oh

744

00:32:52,980 --> 00:32:51,490

yeah I called my mom you know once a

745

00:32:54,810 --> 00:32:52,990

week or once every three days or

746

00:32:55,950 --> 00:32:54,820

whatever and then three months goes by

747

00:32:57,480 --> 00:32:55,960

and you don't call your mom your mom's

748

00:32:59,970 --> 00:32:57,490

probably freaking out and calling you

749

00:33:03,090 --> 00:32:59,980

trying to find out what's going on that

750

00:33:08,520 --> 00:33:03,100

wasn't the case here so it's a little

751

00:33:11,070 --> 00:33:08,530

bit a little bit I mean it seems to me

752

00:33:14,279 --> 00:33:11,080

that they're ascribing about a one-year

753

00:33:15,539 --> 00:33:14,289

period of planning because that you know

754

00:33:18,570 --> 00:33:15,549

that's when he really started acquiring

755

00:33:22,580 --> 00:33:18,580

all the weapons and they do refer to

756

00:33:24,840 --> 00:33:22,590

they make this rather kind of eerie

757

00:33:27,630 --> 00:33:24,850

conclusion or statements the

758

00:33:30,630 --> 00:33:27,640

planning and preparation in of itself

759

00:33:32,340 --> 00:33:30,640

was likely satisfying to paddock as it

760

00:33:35,340 --> 00:33:32,350

provided a sense of direction and

761

00:33:38,210 --> 00:33:35,350

control despite his mental in physical

762

00:33:41,640 --> 00:33:38,220

decline mm-hmm

763

00:33:42,930 --> 00:33:41,650

so they're basically saying that you

764

00:33:44,400 --> 00:33:42,940

know well it starts with them saying

765

00:33:46,110 --> 00:33:44,410

that he had a decline in physical and

766

00:33:48,210 --> 00:33:46,120

mental health level functioning and

767

00:33:51,060 --> 00:33:48,220

financial status over the last several

768

00:33:54,030 --> 00:33:51,070

years of his life in reaction to this

769

00:33:56,460 --> 00:33:54,040

decline he concluded that he would seek

770

00:33:59,400 --> 00:33:56,470

to control the ending of his life via a

771

00:34:01,770 --> 00:33:59,410

suicidal act so it seems to me they're

772

00:34:04,020 --> 00:34:01,780

racing you know you have a narcissist

773

00:34:05,130 --> 00:34:04,030

you have perhaps a psychopath certainly

774

00:34:07,850 --> 00:34:05,140

runs in the family

775

00:34:11,370 --> 00:34:07,860

when you have declining wealth and

776

00:34:14,010 --> 00:34:11,380

health with that I could see how that

777

00:34:16,800 --> 00:34:14,020

would make sense that a narcissist would

778

00:34:20,940 --> 00:34:16,810

not want need to live with declining

779

00:34:23,040 --> 00:34:20,950

money and health and so we basically

780

00:34:26,460 --> 00:34:23,050

starts thinking about suicide but

781

00:34:32,400 --> 00:34:26,470

decides to also go out with one big

782

00:34:35,220 --> 00:34:32,410

grand act this this massacre on any

783

00:34:41,460 --> 00:34:35,230

level never seen before so he goes out

784

00:34:43,800 --> 00:34:41,470

with infamy in that for a year yeah and

785

00:34:46,290 --> 00:34:43,810

whether now the question of whether or

786

00:34:49,830 --> 00:34:46,300

not this is the answer I'm gonna give

787

00:34:52,650 --> 00:34:49,840

you now is actually from Eric his

788

00:34:55,980 --> 00:34:52,660

statement essentially is this if Steve

789

00:34:58,320 --> 00:34:55,990

wanted to be famous then Steve would

790

00:34:59,970 --> 00:34:58,330

have written a book or Steve would have

791

00:35:05,850 --> 00:34:59,980

written something or done something

792

00:35:07,650 --> 00:35:05,860

other than this that after the fact it

793

00:35:10,020 --> 00:35:07,660

would make him famous that people would

794

00:35:12,000 --> 00:35:10,030

read forever like you know like the

795

00:35:16,200 --> 00:35:12,010

manifesto that we have from Kaczynski or

796

00:35:18,750 --> 00:35:16,210

something along those lines but he

797

00:35:20,940 --> 00:35:18,760

didn't do that he wasn't it wasn't the

798

00:35:22,200 --> 00:35:20,950

word for me and there was a couple other

799

00:35:24,900 --> 00:35:22,210

words that were thrown around on a

800

00:35:25,950 --> 00:35:24,910

couple of websites that were not from

801

00:35:30,990 --> 00:35:25,960

the BAU report

802

00:35:33,240 --> 00:35:31,000

well sorry infamy is in the report yeah

803

00:35:34,860 --> 00:35:33,250

yeah infamy but there's so there's what

804

00:35:37,790 --> 00:35:34,870

I'm saying there's a couple other words

805

00:35:41,360 --> 00:35:37,800

that were used or not accurate

806

00:35:43,370 --> 00:35:41,370

that he had some zeal for murder or

807

00:35:45,470 --> 00:35:43,380

carnage I think that was ill for carnage

808

00:35:48,020 --> 00:35:45,480

was was he used on one of the point of

809

00:35:52,460 --> 00:35:48,030

the pages anyway that that's away from

810

00:35:55,100 --> 00:35:52,470

that report but yes those were factors

811

00:35:56,780 --> 00:35:55,110

that were in as far as I'm concerned it

812

00:35:59,690 --> 00:35:56,790

seems like Erickson alignment I think

813

00:36:02,450 --> 00:35:59,700

Erica and I are almost straight down the

814

00:36:05,780 --> 00:36:02,460

middle as far as what we believe amongst

815

00:36:06,800 --> 00:36:05,790

each other but hold on a second wait

816

00:36:08,180 --> 00:36:06,810

Erica

817

00:36:09,680 --> 00:36:08,190

he doesn't think as the brother was

818

00:36:11,980 --> 00:36:09,690

motivated by him for me because if he

819

00:36:15,080 --> 00:36:11,990

was he would have written some manifesto

820

00:36:17,030 --> 00:36:15,090

exactly it wasn't motivated by that but

821

00:36:19,340 --> 00:36:17,040

as far as the other things that occurred

822

00:36:20,990 --> 00:36:19,350

far as the decline in physical health as

823

00:36:24,080 --> 00:36:21,000

far as some of the other things and yeah

824

00:36:25,810 --> 00:36:24,090

we're we're that makes sense it goes

825

00:36:28,700 --> 00:36:25,820

into flight and here's the case in point

826

00:36:30,950 --> 00:36:28,710

Steve loved the fly and when he sold his

827

00:36:33,350 --> 00:36:30,960

airplane he sold his airplane for one

828

00:36:34,730 --> 00:36:33,360

reason because he could not pass the

829

00:36:37,220 --> 00:36:34,740

flight physical because he could not

830

00:36:39,140 --> 00:36:37,230

take the heart heart the blood pressure

831

00:36:43,300 --> 00:36:39,150

medication because it affected him he

832

00:36:46,340 --> 00:36:43,310

just reacted to it so that was a problem

833

00:36:50,510 --> 00:36:46,350

and whenever you take away someone's

834

00:36:55,700 --> 00:36:50,520

passion or someone's whatever they have

835

00:36:59,390 --> 00:36:55,710

to escape you know then then they start

836

00:37:02,330 --> 00:36:59,400

losing reasons to live he started to

837

00:37:03,860 --> 00:37:02,340

become socially he was pulling back he's

838

00:37:05,930 --> 00:37:03,870

pulling back away from Mary Lou Danny I

839

00:37:07,880 --> 00:37:05,940

mean you see she made mention that over

840

00:37:09,920 --> 00:37:07,890

the last year so so that was a

841

00:37:14,090 --> 00:37:09,930

contributing factor did he pull back

842

00:37:17,420 --> 00:37:14,100

from Eric by the way well the thing with

843

00:37:20,480 --> 00:37:17,430

Eric is that their relationship was you

844

00:37:21,920 --> 00:37:20,490

know not that brotherly love hey buddy

845

00:37:24,050 --> 00:37:21,930

what's she doing bubble that kind of

846

00:37:26,390 --> 00:37:24,060

thing it was more of a if there was a

847

00:37:29,870 --> 00:37:26,400

reason to call and this is essentially

848

00:37:31,610 --> 00:37:29,880

what Eric says you'll hear but it but

849

00:37:35,030 --> 00:37:31,620

his his deal is is that there was a

850

00:37:36,800 --> 00:37:35,040

reason to call they would call and a lot

851
00:37:38,810 --> 00:37:36,810
of times it was more business transitive

852
00:37:41,330 --> 00:37:38,820
transactional related things it wasn't

853
00:37:43,250 --> 00:37:41,340
you know hey hey how you doing I was

854
00:37:45,020 --> 00:37:43,260
just thinking about you you know I could

855
00:37:46,580 --> 00:37:45,030
look tomorrow and whatever you're doing

856
00:37:48,650 --> 00:37:46,590
that kind of thing but it's really has

857
00:37:50,660 --> 00:37:48,660
the frequency of that type of

858
00:37:52,130 --> 00:37:50,670
interaction though

859
00:37:54,400 --> 00:37:52,140
essentially remain constant from Eric's

860
00:37:59,330 --> 00:37:54,410
recollection over the past couple years

861
00:38:02,180 --> 00:37:59,340
yeah from that standpoint he there was

862
00:38:05,270 --> 00:38:02,190
there was no sign that that Eric

863
00:38:07,490 --> 00:38:05,280

received from Steve that this was

864

00:38:08,810 --> 00:38:07,500

inevitable or something was going on or

865

00:38:10,970 --> 00:38:08,820

something was different something was

866

00:38:12,500 --> 00:38:10,980

amiss and I think part of that may have

867

00:38:15,560 --> 00:38:12,510

to do with the fact that they didn't

868

00:38:19,130 --> 00:38:15,570

communicate as often as say some of

869

00:38:22,490 --> 00:38:19,140

those families would but that's so a

870

00:38:24,650 --> 00:38:22,500

component of this so he's agreeing with

871

00:38:26,570 --> 00:38:24,660

the health thing the suicide part at

872

00:38:30,770 --> 00:38:26,580

cetera he's not agreeing with the infamy

873

00:38:34,010 --> 00:38:30,780

so what is his theory been as to why his

874

00:38:38,270 --> 00:38:34,020

brother chose to take out 5858 people

875

00:38:42,080 --> 00:38:38,280

with himself he wanted to get back at

876

00:38:43,880 --> 00:38:42,090

the casinos I think that the predominate

877

00:38:46,760 --> 00:38:43,890

factor that weighed in his mind was that

878

00:38:48,590 --> 00:38:46,770

Steve was losing his lifestyle he

879

00:38:50,300 --> 00:38:48,600

whether it was from a health-related

880

00:38:53,090 --> 00:38:50,310

issue or whether it's from money and

881

00:38:55,880 --> 00:38:53,100

whether from the casinos well you

882

00:38:58,460 --> 00:38:55,890

combine all that together then

883

00:39:00,290 --> 00:38:58,470

essentially his entire lifestyle was was

884

00:39:02,510 --> 00:39:00,300

being pulled away the casinos were

885

00:39:05,750 --> 00:39:02,520

screwing him as the way he felt about it

886

00:39:07,340 --> 00:39:05,760

because I'm changing how yeah exactly so

887

00:39:09,560 --> 00:39:07,350

I can interrupt there because I saw that

888

00:39:12,470 --> 00:39:09,570

and people should go check out your 5x5

889

00:39:15,830 --> 00:39:12,480

news on YouTube because you have a clip

890

00:39:20,450 --> 00:39:15,840

of an Eric Patek interview where he

891

00:39:22,430 --> 00:39:20,460

talks the Louds pattex gambling style

892

00:39:25,280 --> 00:39:22,440

the types of machines he played how he

893

00:39:27,410 --> 00:39:25,290

would effectively to some extent beat

894

00:39:29,750 --> 00:39:27,420

the house by playing at max odds and

895

00:39:31,490 --> 00:39:29,760

getting max points and and and the

896

00:39:34,300 --> 00:39:31,500

casinos kind of started changing that on

897

00:39:37,130 --> 00:39:34,310

him and sure enough he did start losing

898

00:39:41,360 --> 00:39:37,140

and so that was the reason I asked that

899

00:39:43,610 --> 00:39:41,370

so it's Eric's theory that he was really

900

00:39:46,130 --> 00:39:43,620

pissed off at the casinos for the way

901
00:39:50,270 --> 00:39:46,140
they started treating him and he was

902
00:39:52,280 --> 00:39:50,280
getting back at them yes that's that's

903
00:39:55,790 --> 00:39:52,290
the thing he it wasn't any specific

904
00:39:57,170 --> 00:39:55,800
casino that that was in the mix and in

905
00:39:58,880 --> 00:39:57,180
all of these you know there's a lot of

906
00:40:01,820 --> 00:39:58,890
different theories out there as to him

907
00:40:04,460 --> 00:40:01,830
why did he go to this other location to

908
00:40:05,480 --> 00:40:04,470
check it out or all these different

909
00:40:10,940 --> 00:40:05,490
things

910
00:40:13,160 --> 00:40:10,950
but as far as him getting back at the

911
00:40:14,930 --> 00:40:13,170
gambling industry as a whole not

912
00:40:18,980 --> 00:40:14,940
necessarily MGM but just the gambling

913
00:40:20,180 --> 00:40:18,990

industry and this is Eric's words as

914

00:40:21,860 --> 00:40:20,190

well you know but basically he

915

00:40:24,590 --> 00:40:21,870

accomplished that that would that was

916

00:40:27,350 --> 00:40:24,600

that was probably a thought in his Maia

917

00:40:32,410 --> 00:40:27,360

and it would make sense based on Eric

918

00:40:35,330 --> 00:40:32,420

knowing obviously Steve is alive that

919

00:40:39,740 --> 00:40:35,340

yeah that's the way of doing a way of

920

00:40:42,530 --> 00:40:39,750

doing it but as as as messed up as that

921

00:40:46,910 --> 00:40:42,540

sound so we don't think the way Steve

922

00:40:49,160 --> 00:40:46,920

was thinking you know it's probably a

923

00:40:51,830 --> 00:40:49,170

good thing but since we don't think that

924

00:40:54,500 --> 00:40:51,840

way it's hard for us to to put this

925

00:40:56,450 --> 00:40:54,510

together it's hard for us to accept it

926

00:40:59,020 --> 00:40:56,460

it was definitely hard for us to accept

927

00:41:02,690 --> 00:40:59,030

no motive because there's no specific

928

00:41:04,400 --> 00:41:02,700

one thing to point to it's a you know I

929

00:41:05,810 --> 00:41:04,410

want to use the word anti-climatic but

930

00:41:07,970 --> 00:41:05,820

when you're looking for something and

931

00:41:10,790 --> 00:41:07,980

you find it you had that Eureka moment

932

00:41:15,200 --> 00:41:10,800

that haha yeah we're not gonna get that

933

00:41:17,330 --> 00:41:15,210

here so in an area you know basically

934

00:41:22,270 --> 00:41:17,340

goes into this area as well with the

935

00:41:28,760 --> 00:41:26,780

you know Steve's unique this report

936

00:41:32,750 --> 00:41:28,770

tried to put Steve into a category of

937

00:41:34,760 --> 00:41:32,760

being just like the others I don't think

938

00:41:37,850 --> 00:41:34,770

anyone watching this right now is going

939

00:41:41,090 --> 00:41:37,860

to say that this event was anything like

940

00:41:43,790 --> 00:41:41,100

any other mass shooting event that we

941

00:41:45,500 --> 00:41:43,800

have ever witnessed and that would mean

942

00:41:49,250 --> 00:41:45,510

that the individual pulling it off is

943

00:41:50,630 --> 00:41:49,260

also in a in an area that kind of and

944

00:41:53,870 --> 00:41:50,640

I'm not putting him on the grandstand

945

00:41:55,700 --> 00:41:53,880

I'm not making this a worship kind of

946

00:41:57,680 --> 00:41:55,710

thing or anything like that it's just

947

00:41:59,930 --> 00:41:57,690

that we have to we have to put him into

948

00:42:02,210 --> 00:41:59,940

a different category because this seems

949

00:42:04,340 --> 00:42:02,220

to be or possibly could be a new trend

950

00:42:07,670 --> 00:42:04,350

there was just shooting the other day no

951
00:42:12,290 --> 00:42:07,680
motive found and you know who knows what

952
00:42:17,900 --> 00:42:12,300
sets people off internally and when they

953
00:42:19,670 --> 00:42:17,910
exercise that feeling of

954
00:42:21,109 --> 00:42:19,680
doing what it is that's going on through

955
00:42:23,720 --> 00:42:21,119
their mind we don't know if that thought

956
00:42:25,190 --> 00:42:23,730
processes maybe some wonderful

957
00:42:26,900 --> 00:42:25,200
psychiatrists and psychologists

958
00:42:28,700 --> 00:42:26,910
somewhere can get together and say okay

959
00:42:30,770 --> 00:42:28,710
here's the signs that we're gonna find

960
00:42:33,620 --> 00:42:30,780
and if you look at the report here says

961
00:42:36,760 --> 00:42:33,630
the average an average of three point

962
00:42:40,490 --> 00:42:36,770
six stressors prior to the attack I

963
00:42:41,990 --> 00:42:40,500

don't I don't remember having any number

964

00:42:45,650 --> 00:42:42,000
of stressors but three point six

965

00:42:48,020 --> 00:42:45,660
stressors prior to an attack display an

966

00:42:50,049 --> 00:42:48,030
average of four point seven concerning

967

00:42:55,069 --> 00:42:50,059
behaviors just I mean this is

968

00:42:58,220 --> 00:42:55,079
yeah there's yeah yeah the report cites

969

00:43:00,529 --> 00:42:58,230
a study from a few years ago where it

970

00:43:02,809 --> 00:43:00,539
says that a study of the pre attack

971

00:43:06,859 --> 00:43:02,819
behaviors of active shooters in the

972

00:43:09,980 --> 00:43:06,869
United States between 2000 and 2013 it

973

00:43:12,890 --> 00:43:09,990
was an FBI report and overall the point

974

00:43:15,920 --> 00:43:12,900
being that typically shooters aren't

975

00:43:18,319 --> 00:43:15,930
responding to one thing that there are

976
00:43:19,370 --> 00:43:18,329
multiple things and I think that's seem

977
00:43:20,779 --> 00:43:19,380
to be the point that they were making

978
00:43:23,150 --> 00:43:20,789
that hey guys just because we haven't

979
00:43:26,660 --> 00:43:23,160
identified a specific reason here's the

980
00:43:28,339 --> 00:43:26,670
reason why Stephen Patek did it isn't

981
00:43:30,349 --> 00:43:28,349
because well that's actually more common

982
00:43:32,930 --> 00:43:30,359
than people think that actually usually

983
00:43:35,750 --> 00:43:32,940
it isn't just thing that most motivates

984
00:43:38,000 --> 00:43:35,760
the shooter and I absolutely agree with

985
00:43:41,779 --> 00:43:38,010
that I mean there's normally some sort

986
00:43:44,809 --> 00:43:41,789
of event that happens that causes them

987
00:43:46,549 --> 00:43:44,819
to go that direction but then the rest

988
00:43:49,760 --> 00:43:46,559

of the things that come in become all

989

00:43:51,589 --> 00:43:49,770

convoluted in and and mixed together so

990

00:43:53,750 --> 00:43:51,599

at the end you know unless they've even

991

00:43:55,460 --> 00:43:53,760

no telling us exactly what happened and

992

00:43:58,099 --> 00:43:55,470

why and and all these different things

993

00:44:01,819 --> 00:43:58,109

we don't know yeah I'm not giving that

994

00:44:04,190 --> 00:44:01,829

that was support Eric's theory about

995

00:44:07,190 --> 00:44:04,200

getting back at Vegas for a couple of

996

00:44:11,359 --> 00:44:07,200

reasons one being that we know that he

997

00:44:13,940 --> 00:44:11,369

scoped out Lollapalooza in Chicago he

998

00:44:17,390 --> 00:44:13,950

stormed out Fenway Park in Boston he

999

00:44:20,390 --> 00:44:17,400

scoped out Santa Monica Pier and his

1000

00:44:22,880 --> 00:44:20,400

Google searches demonstrated that he was

1001
00:44:25,220 --> 00:44:22,890
looking for large crowds and they didn't

1002
00:44:26,690 --> 00:44:25,230
have to be in Las Vegas doesn't that in

1003
00:44:29,720 --> 00:44:26,700
and of itself kind of shoot down Eric's

1004
00:44:31,760 --> 00:44:29,730
theory no and the reason why it doesn't

1005
00:44:33,620 --> 00:44:31,770
is because early on before I even

1006
00:44:35,660 --> 00:44:33,630
talk to Eric one of the things that I

1007
00:44:37,520 --> 00:44:35,670
was trying to come up with is a reason

1008
00:44:40,400 --> 00:44:37,530
why he would go to those other venues

1009
00:44:42,560 --> 00:44:40,410
and part of that would be to study the

1010
00:44:44,930 --> 00:44:42,570
security or how people react to things

1011
00:44:47,150 --> 00:44:44,940
and and various things like that was he

1012
00:44:50,540 --> 00:44:47,160
actually looking for a perch to to get

1013
00:44:53,230 --> 00:44:50,550

up into to fire down on a crowd yeah we

1014

00:44:56,420 --> 00:44:53,240

don't really know that was he there

1015

00:44:58,370 --> 00:44:56,430

testing how people respond to him

1016

00:45:01,790 --> 00:44:58,380

carrying massive amounts of bags up into

1017

00:45:03,680 --> 00:45:01,800

a room I mean that's the possibility you

1018

00:45:05,150 --> 00:45:03,690

know you want to test hotel security you

1019

00:45:06,410 --> 00:45:05,160

want to test outdoor secured you want to

1020

00:45:07,910 --> 00:45:06,420

see how the valet you know but you had

1021

00:45:09,560 --> 00:45:07,920

tested at the place that you're gonna do

1022

00:45:12,080 --> 00:45:09,570

it you're not gonna test it at Fenway

1023

00:45:14,030 --> 00:45:12,090

Park or at the Santa Monica Pier to see

1024

00:45:16,550 --> 00:45:14,040

how Man right hey in Vegas is gonna

1025

00:45:19,520 --> 00:45:16,560

respond and who's to say that he didn't

1026

00:45:21,350 --> 00:45:19,530

we don't know we don't know evolved its

1027

00:45:23,420 --> 00:45:21,360

previous times that he visited Mandalay

1028

00:45:24,650 --> 00:45:23,430

Bay how many bags did he bring there we

1029

00:45:27,380 --> 00:45:24,660

know he brought a lot of bags to the

1030

00:45:29,480 --> 00:45:27,390

Ogden but we don't know if he did that

1031

00:45:31,400 --> 00:45:29,490

at Mandalay Bay and keep in mind he was

1032

00:45:34,580 --> 00:45:31,410

within driving distance of Mandalay Bay

1033

00:45:36,890 --> 00:45:34,590

and the Ogden and any other place that

1034

00:45:38,360 --> 00:45:36,900

he went to in Vegas so at some point in

1035

00:45:41,050 --> 00:45:38,370

time in the past as he could have

1036

00:45:43,790 --> 00:45:41,060

brought several large bags with him and

1037

00:45:47,810 --> 00:45:43,800

tested it there to some degree but that

1038

00:45:49,670 --> 00:45:47,820

these are questions that that we'll

1039

00:45:51,620 --> 00:45:49,680

never know but my read is that he was

1040

00:45:53,360 --> 00:45:51,630

looking for mass carnage so he was

1041

00:45:55,490 --> 00:45:53,370

looking at spots where he's going to do

1042

00:45:57,140 --> 00:45:55,500

massive carnage if it was about taking

1043

00:45:58,760 --> 00:45:57,150

out in Vegas I would almost argue the

1044

00:46:02,240 --> 00:45:58,770

opposite of Eric that he'd be more

1045

00:46:04,550 --> 00:46:02,250

inclined to have left a note if it was

1046

00:46:07,130 --> 00:46:04,560

about taking it out on Vegas as opposed

1047

00:46:10,550 --> 00:46:07,140

to infamy you don't need to write a note

1048

00:46:16,490 --> 00:46:10,560

for infamy you got the infamy you know

1049

00:46:19,040 --> 00:46:16,500

he did hear enough he he knew if he took

1050

00:46:22,040 --> 00:46:19,050

out X number of people he would be the

1051
00:46:24,320 --> 00:46:22,050
largest mass shooter in American history

1052
00:46:28,910 --> 00:46:24,330
and that is the infamy what note you

1053
00:46:32,810 --> 00:46:28,920
need to write about that well to use the

1054
00:46:36,710 --> 00:46:32,820
vernacular of of Eric Steve love [h__\h]

1055
00:46:38,720 --> 00:46:36,720
with people and that was the thing that

1056
00:46:42,220 --> 00:46:38,730
stuck in my mind when Eric was talking

1057
00:46:44,960 --> 00:46:42,230
to me is that what better way to do that

1058
00:46:45,350 --> 00:46:44,970
than to not leave a note to not do the

1059
00:46:47,960 --> 00:46:45,360
things

1060
00:46:50,060 --> 00:46:47,970
somewhat expected and that's apparently

1061
00:46:54,380 --> 00:46:50,070
what he did and more and more infamy

1062
00:46:56,870 --> 00:46:54,390
comes with that absolutely yeah and is

1063
00:46:58,280 --> 00:46:56,880

the infamy a byproduct of what he did or

1064

00:47:01,190 --> 00:46:58,290

is infamy the product of what he was

1065

00:47:02,900 --> 00:47:01,200

trying to achieve we that's another

1066

00:47:04,130 --> 00:47:02,910

question we don't really know was he

1067

00:47:07,730 --> 00:47:04,140

trying to achieve infamy

1068

00:47:09,260 --> 00:47:07,740

Eric seems to say no we don't know

1069

00:47:11,210 --> 00:47:09,270

there's nothing that tells us either

1070

00:47:12,610 --> 00:47:11,220

laughs yeah you've got this anecdotal

1071

00:47:14,690 --> 00:47:12,620

stuff that I've read some of these

1072

00:47:16,400 --> 00:47:14,700

prostitutes that were interviewed so you

1073

00:47:18,230 --> 00:47:16,410

got to take it with a grain of salt but

1074

00:47:22,370 --> 00:47:18,240

where you know he would like to talk

1075

00:47:25,070 --> 00:47:22,380

about how I'm a bad man would kind of

1076

00:47:27,370 --> 00:47:25,080

almost brag about the fact that his

1077

00:47:31,520 --> 00:47:27,380

father was on the FBI's most wanted list

1078

00:47:36,110 --> 00:47:31,530

right right you know and who and with

1079

00:47:38,270 --> 00:47:36,120

that you know I I have to go and look at

1080

00:47:40,490 --> 00:47:38,280

that evidence separately to see if if

1081

00:47:42,410 --> 00:47:40,500

those were things that were in fact said

1082

00:47:43,940 --> 00:47:42,420

and those are things that are infected

1083

00:47:46,400 --> 00:47:43,950

and I don't have a real reason to doubt

1084

00:47:48,560 --> 00:47:46,410

it like that I think the one prostitutes

1085

00:47:51,680 --> 00:47:48,570

name is Michaela or something like that

1086

00:47:53,960 --> 00:47:51,690

her story seems to be fairly accurate

1087

00:47:56,630 --> 00:47:53,970

but I haven't been able to go to say

1088

00:48:01,220 --> 00:47:56,640

Mary Lou Dan Lee and say hey did this

1089

00:48:03,980 --> 00:48:01,230

Steve like rough you know good Steve was

1090

00:48:08,780 --> 00:48:03,990

he this way you know and I didn't have

1091

00:48:09,860 --> 00:48:08,790

that and so since since we don't know

1092

00:48:11,630 --> 00:48:09,870

there's a lot of things we don't know

1093

00:48:13,970 --> 00:48:11,640

and a lot of things were people you know

1094

00:48:16,790 --> 00:48:13,980

in the situation's they get involved

1095

00:48:18,860 --> 00:48:16,800

into the into an investigation of this

1096

00:48:20,390 --> 00:48:18,870

nature and for whatever reason whatever

1097

00:48:21,350 --> 00:48:20,400

the motivation is because there's a lot

1098

00:48:23,330 --> 00:48:21,360

of things that were said that just

1099

00:48:25,760 --> 00:48:23,340

absolutely were not Steve one guy called

1100

00:48:29,300 --> 00:48:25,770

into a radio station basically saying

1101

00:48:31,670 --> 00:48:29,310

that he remembers going he lived next

1102

00:48:34,460 --> 00:48:31,680

door but he had moved I think nine

1103

00:48:35,990 --> 00:48:34,470

months previous and he would come home

1104

00:48:38,080 --> 00:48:36,000

and Steve would be sitting on a lawn

1105

00:48:40,580 --> 00:48:38,090

chair out in the front of his garage

1106

00:48:42,730 --> 00:48:40,590

waving hi to the neighbors as they came

1107

00:48:47,390 --> 00:48:42,740

by at home drinking a beer

1108

00:48:48,890 --> 00:48:47,400

that's not Steve so but you know so you

1109

00:48:51,350 --> 00:48:48,900

have to take some of these things with a

1110

00:48:53,180 --> 00:48:51,360

grain of salt and that's why I went went

1111

00:48:56,180 --> 00:48:53,190

when I talked to Eric I kind of get an

1112

00:48:59,170 --> 00:48:56,190

idea of who Steve is it helps me it

1113

00:49:02,980 --> 00:48:59,180

helped me get into the mindset of

1114

00:49:05,710 --> 00:49:02,990

possibly he was doing that last few

1115

00:49:08,770 --> 00:49:05,720

minutes on earth Lee was here and and it

1116

00:49:13,930 --> 00:49:08,780

kind of helped me walk through the last

1117

00:49:15,370 --> 00:49:13,940

minute of what I felt like he did as far

1118

00:49:17,530 --> 00:49:15,380

as going into the room pulling the

1119

00:49:24,280 --> 00:49:17,540

weapons and stuff but that's another

1120

00:49:26,800 --> 00:49:24,290

subject but um yeah the I think between

1121

00:49:29,140 --> 00:49:26,810

Eric's assessment and between the

1122

00:49:31,570 --> 00:49:29,150

assessment that we have here a lot of

1123

00:49:34,570 --> 00:49:31,580

people can probably draw a conclusion of

1124

00:49:37,690 --> 00:49:34,580

what's actually very a more accurate

1125

00:49:41,440 --> 00:49:37,700

picture so I think combine this with

1126

00:49:44,470 --> 00:49:41,450

this show with the the interview that we

1127

00:49:46,030 --> 00:49:44,480

have with Eric and also the documentary

1128

00:49:49,000 --> 00:49:46,040

that we're coming out with which is

1129

00:49:51,070 --> 00:49:49,010

Vegas wrong that documentary should be

1130

00:49:54,760 --> 00:49:51,080

out there hopefully within a couple

1131

00:49:56,800 --> 00:49:54,770

months finalizing some of the edits and

1132

00:50:00,700 --> 00:49:56,810

when that comes out you'll get a better

1133

00:50:04,660 --> 00:50:00,710

indication of of maybe who who he was

1134

00:50:07,690 --> 00:50:04,670

and and the documentary is not about not

1135

00:50:09,610 --> 00:50:07,700

about him it's about the whole event but

1136

00:50:11,920 --> 00:50:09,620

you'll hear from Eric you'll hear from

1137

00:50:16,530 --> 00:50:11,930

Eric probably tomorrow when I I

1138

00:50:18,550 --> 00:50:16,540

finalized the audio from yesterday and

1139

00:50:20,440 --> 00:50:18,560

it's starting it's starting it's

1140

00:50:21,790 --> 00:50:20,450

starting to come together that picture

1141

00:50:22,810 --> 00:50:21,800

that you're always trying to paint

1142

00:50:24,370 --> 00:50:22,820

whenever you're whenever you're doing

1143

00:50:25,720 --> 00:50:24,380

one of these things you're trying to put

1144

00:50:27,430 --> 00:50:25,730

the pieces of the puzzle together or

1145

00:50:30,670 --> 00:50:27,440

paint the picture whatever you know

1146

00:50:33,850 --> 00:50:30,680

whatever cliché you want to use but it

1147

00:50:36,100 --> 00:50:33,860

is it's starting to make sense not

1148

00:50:37,780 --> 00:50:36,110

make sense and it it makes sense why he

1149

00:50:40,840 --> 00:50:37,790

did things but it starts to make sense

1150

00:50:42,880 --> 00:50:40,850

that it didn't make sense if that makes

1151
00:50:44,170 --> 00:50:42,890
sense yeah well let's just touch on a

1152
00:50:45,280 --> 00:50:44,180
couple quick things and then yeah

1153
00:50:46,840 --> 00:50:45,290
everybody should check out your

1154
00:50:49,600 --> 00:50:46,850
interview with Eric I can't wait to

1155
00:50:53,010 --> 00:50:49,610
watch it and looking forward to seeing

1156
00:50:56,320 --> 00:50:53,020
that documentary when it comes out any

1157
00:51:01,630 --> 00:50:56,330
lingering thoughts about MGM's security

1158
00:51:06,430 --> 00:51:01,640
or lack thereof to stop this yeah that's

1159
00:51:10,810 --> 00:51:06,440
one area that I pretty much that was my

1160
00:51:12,220 --> 00:51:10,820
thing was testing their security and the

1161
00:51:16,050 --> 00:51:12,230
problem I have with

1162
00:51:21,069 --> 00:51:16,060
is is this the entire city has an issue

1163
00:51:24,930 --> 00:51:21,079

the most prolific hotel in the city as

1164

00:51:29,170 --> 00:51:24,940

far as security of concern was the Wynn

1165

00:51:31,180 --> 00:51:29,180

and Mandalay Bay filled any of the

1166

00:51:32,740 --> 00:51:31,190

penetration testing that I did I got to

1167

00:51:36,930 --> 00:51:32,750

go up the service elevators at will not

1168

00:51:41,230 --> 00:51:36,940

one person not one security person ever

1169

00:51:43,000 --> 00:51:41,240

confronted me at Mandalay Bay period

1170

00:51:45,640 --> 00:51:43,010

until that night at the foundation room

1171

00:51:47,500 --> 00:51:45,650

but that was a different thing but and I

1172

00:51:49,750 --> 00:51:47,510

was all over the place I've gone down in

1173

00:51:51,370 --> 00:51:49,760

to where their offices are I've gone

1174

00:51:53,560 --> 00:51:51,380

through their employee entrance I've

1175

00:51:55,750 --> 00:51:53,570

gone up to service elevators I've gone

1176

00:51:59,890 --> 00:51:55,760

there with key without keys I had made

1177

00:52:03,760 --> 00:51:59,900

keys on my computer here and went up

1178

00:52:05,470 --> 00:52:03,770

with those I ran out of things to do so

1179

00:52:07,390 --> 00:52:05,480

I started taking other people because I

1180

00:52:09,849 --> 00:52:07,400

was like okay you're not gonna believe

1181

00:52:12,579 --> 00:52:09,859

this so I contact Laura Loomer Laura

1182

00:52:14,170 --> 00:52:12,589

won't you come with me let's let's go up

1183

00:52:17,079 --> 00:52:14,180

the elevator well let's let's never

1184

00:52:20,170 --> 00:52:17,089

compete should there should they have

1185

00:52:21,520 --> 00:52:20,180

prevented this from happening I don't

1186

00:52:24,640 --> 00:52:21,530

know if they could prevent it from

1187

00:52:27,069 --> 00:52:24,650

happening I think that there are some

1188

00:52:28,450 --> 00:52:27,079

some systems and some some things that

1189

00:52:30,609 --> 00:52:28,460

could be put into place that would work

1190

00:52:32,950 --> 00:52:30,619

a whole lot better and I don't mean a

1191

00:52:37,690 --> 00:52:32,960

tangible physical product every time

1192

00:52:39,520 --> 00:52:37,700

I've I did any of the security testing

1193

00:52:41,170 --> 00:52:39,530

that I did it at the win or Mandalay Bay

1194

00:52:45,430 --> 00:52:41,180

and I'm banned from what the way in by

1195

00:52:48,309 --> 00:52:45,440

the way is that what I found was it's

1196

00:52:50,470 --> 00:52:48,319

always the people the people are not

1197

00:52:51,910 --> 00:52:50,480

properly changed they they've got all of

1198

00:52:53,800 --> 00:52:51,920

this equipment they've got all these

1199

00:52:56,800 --> 00:52:53,810

different things to check people they've

1200

00:52:58,660 --> 00:52:56,810

got 3,300 cameras at Mandalay Bay

1201
00:53:00,160 --> 00:52:58,670
they've got P team of people they're

1202
00:53:02,200 --> 00:53:00,170
watching your every move

1203
00:53:03,760 --> 00:53:02,210
and so forth but they're not watching

1204
00:53:06,370 --> 00:53:03,770
you in the hallways as you go back and

1205
00:53:08,760 --> 00:53:06,380
forth to your room you watching that and

1206
00:53:11,920 --> 00:53:08,770
the elevator going up that's it

1207
00:53:15,760 --> 00:53:11,930
but is there something that they could

1208
00:53:16,220 --> 00:53:15,770
have done to prevent this I don't think

1209
00:53:19,160 --> 00:53:16,230
there's

1210
00:53:21,890 --> 00:53:19,170
anything that anyone could do to prevent

1211
00:53:24,440 --> 00:53:21,900
virtually anything if that person is

1212
00:53:26,750 --> 00:53:24,450
bound and determined to do it they'll

1213
00:53:29,090 --> 00:53:26,760

find a way to get it done so Brian Brian

1214

00:53:31,940 --> 00:53:29,100

Claypool made a point on on Laura

1215

00:53:33,920 --> 00:53:31,950

Ingraham show that I think he thinks

1216

00:53:35,210 --> 00:53:33,930

this is a conclusion he draws from the

1217

00:53:38,690 --> 00:53:35,220

FBI report that he thinks gonna be

1218

00:53:41,330 --> 00:53:38,700

helpful for him for his case is when

1219

00:53:44,570 --> 00:53:41,340

they talked about why did Patek choose

1220

00:53:46,490 --> 00:53:44,580

what he chose as far as a location it's

1221

00:53:48,470 --> 00:53:46,500

they say that suggests that his final

1222

00:53:50,210 --> 00:53:48,480

selection was based on the

1223

00:53:52,820 --> 00:53:50,220

identification of a tactically

1224

00:53:57,230 --> 00:53:52,830

advantageous location from which to

1225

00:54:05,060 --> 00:53:57,240

attack so yeah so point being that you

1226
00:54:08,270 --> 00:54:05,070
know this should have been something

1227
00:54:10,870 --> 00:54:08,280
that MGM gave more thought to if this

1228
00:54:13,130 --> 00:54:10,880
was such a perfect place for an attack

1229
00:54:15,470 --> 00:54:13,140
then someone should have been thinking

1230
00:54:16,970 --> 00:54:15,480
hey we but we better be watching out for

1231
00:54:19,130 --> 00:54:16,980
this type of thing and I've made this

1232
00:54:21,320 --> 00:54:19,140
point many times when you've got 20,000

1233
00:54:24,680 --> 00:54:21,330
people had an event across the street

1234
00:54:26,570 --> 00:54:24,690
from your 40 some-odd story building or

1235
00:54:28,570 --> 00:54:26,580
60 stories whatever it is and you're

1236
00:54:31,160 --> 00:54:28,580
actually the one promoting the events

1237
00:54:31,849 --> 00:54:31,170
put some additional security in place at

1238
00:54:33,470 --> 00:54:31,859

the hotel

1239

00:54:36,470 --> 00:54:33,480

I've never heard the answer to this but

1240

00:54:40,550 --> 00:54:36,480

I do not believe any additional security

1241

00:54:42,620 --> 00:54:40,560

was in place I am in agreement with that

1242

00:54:44,510 --> 00:54:42,630

I don't think at the actual hotel there

1243

00:54:47,599 --> 00:54:44,520

was any additional security in place I

1244

00:54:49,580 --> 00:54:47,609

mean they may say that there was and it

1245

00:54:51,170 --> 00:54:49,590

at different times of the day security

1246

00:54:53,210 --> 00:54:51,180

goes on and off and what happy because

1247

00:54:55,970 --> 00:54:53,220

they know the times of heavy traffic and

1248

00:54:57,380 --> 00:54:55,980

when you know the normal time is going

1249

00:54:59,450 --> 00:54:57,390

to be for someone to rob place or what

1250

00:55:02,770 --> 00:54:59,460

have you so they've calculated all of

1251
00:55:04,940 --> 00:55:02,780
those things but as far as anything else

1252
00:55:07,460 --> 00:55:04,950
is there something that could have done

1253
00:55:10,609 --> 00:55:07,470
could you know this as far as the

1254
00:55:15,200 --> 00:55:10,619
location as far as him picking where he

1255
00:55:16,730 --> 00:55:15,210
was going to do this act from the same

1256
00:55:17,990 --> 00:55:16,740
place that someone's going to pick that

1257
00:55:20,180 --> 00:55:18,000
is the same place that someone's gonna

1258
00:55:21,859 --> 00:55:20,190
say there's such a beautiful view you

1259
00:55:25,520 --> 00:55:21,869
know what are you gonna do are you going

1260
00:55:28,240 --> 00:55:25,530
to remove the view are you gonna make it

1261
00:55:30,200 --> 00:55:28,250
where you know they had these huge glass

1262
00:55:31,640 --> 00:55:30,210
bulletproof glass things

1263
00:55:32,870 --> 00:55:31,650

are you gonna make the glass itself

1264

00:55:34,370 --> 00:55:32,880

bullet but if you can't do that because

1265

00:55:35,930 --> 00:55:34,380

people can't get out because of a fire

1266

00:55:37,579 --> 00:55:35,940

and there's a fire code that stipulates

1267

00:55:39,349 --> 00:55:37,589

that that's why I'm you know that's the

1268

00:55:41,539 --> 00:55:39,359

first thing I tested you know checked on

1269

00:55:44,690 --> 00:55:41,549

was it last well but you can choose not

1270

00:55:47,210 --> 00:55:44,700

to have concerts directly below those

1271

00:55:48,650 --> 00:55:47,220

type of buildings yeah open-air venues

1272

00:55:52,089 --> 00:55:48,660

that that's a problem if you have a

1273

00:55:54,589 --> 00:55:52,099

perch position a high altitude or a

1274

00:55:57,140 --> 00:55:54,599

person that is shooting or an active

1275

00:55:59,750 --> 00:55:57,150

shooter from an elevated position then

1276

00:56:01,460 --> 00:55:59,760

that person can do a lot of things and

1277

00:56:03,920 --> 00:56:01,470

keep in mind too a lot of people they

1278

00:56:05,720 --> 00:56:03,930

they think that the you know a great

1279

00:56:07,309 --> 00:56:05,730

place to be is on top of a building or a

1280

00:56:08,990 --> 00:56:07,319

tower or something like that actually

1281

00:56:12,019 --> 00:56:09,000

the best place to be is actually where

1282

00:56:14,299 --> 00:56:12,029

he was which is somewhat inside the mix

1283

00:56:15,740 --> 00:56:14,309

of that of that tower because you

1284

00:56:18,589 --> 00:56:15,750

couldn't pick him out no it's my

1285

00:56:21,170 --> 00:56:18,599

understanding that Las Vegas police in

1286

00:56:22,849 --> 00:56:21,180

the past for New Year's Eve it's

1287

00:56:25,400 --> 00:56:22,859

considered that when the crowds are all

1288

00:56:28,400 --> 00:56:25,410

loud on the strip they do put summers up

1289

00:56:30,620 --> 00:56:28,410

for the risk and I understand at a Times

1290

00:56:33,319 --> 00:56:30,630

Square New Year's Eve same thing they

1291

00:56:34,779 --> 00:56:33,329

put snipers up and there was no snipers

1292

00:56:37,069 --> 00:56:34,789

up for this one

1293

00:56:39,529 --> 00:56:37,079

no there were there weren't and and

1294

00:56:42,200 --> 00:56:39,539

that's you have to look at a tube I mean

1295

00:56:44,359 --> 00:56:42,210

if you compare say the route 91 concert

1296

00:56:47,450 --> 00:56:44,369

to say the EDC which is the Electric

1297

00:56:51,529 --> 00:56:47,460

Daisy Carnival one has 22,000 the other

1298

00:56:52,819 --> 00:56:51,539

one has 200,000 you know you have to you

1299

00:56:55,400 --> 00:56:52,829

have to measure these different events

1300

00:56:58,789 --> 00:56:55,410

and then determine exactly what is

1301

00:57:00,500 --> 00:56:58,799

appropriate of course you know if we if

1302

00:57:03,380 --> 00:57:00,510

we could put in all the systems in place

1303

00:57:04,849 --> 00:57:03,390

that would probably prevent these events

1304

00:57:07,240 --> 00:57:04,859

from happening people wouldn't want to

1305

00:57:09,200 --> 00:57:07,250

go to the events due to the amount of

1306

00:57:12,170 --> 00:57:09,210

you know things they have to go through

1307

00:57:14,630 --> 00:57:12,180

just to get in the door and and that and

1308

00:57:16,010 --> 00:57:14,640

that's a very true true statement I feel

1309

00:57:19,190 --> 00:57:16,020

there's a lot of people they see

1310

00:57:20,480 --> 00:57:19,200

security one way or another one you know

1311

00:57:21,740 --> 00:57:20,490

you and I would probably look angle

1312

00:57:25,130 --> 00:57:21,750

that's that's good that they're doing

1313

00:57:26,000 --> 00:57:25,140

that I feel safer okay last thing give

1314

00:57:28,450 --> 00:57:26,010

me your give me your thoughts if you

1315

00:57:31,069 --> 00:57:28,460

Kumud a las vegas police response

1316

00:57:34,700 --> 00:57:31,079

perhaps primarily the fact that we had

1317

00:57:36,470 --> 00:57:34,710

these two officers that were there but

1318

00:57:38,599 --> 00:57:36,480

about five you know five minutes into

1319

00:57:40,279 --> 00:57:38,609

the shooting arguably could have stopped

1320

00:57:42,559 --> 00:57:40,289

the shooting about halfway through and

1321

00:57:43,640 --> 00:57:42,569

and seem to have frozen on the 31st

1322

00:57:46,459 --> 00:57:43,650

floor

1323

00:57:48,890 --> 00:57:46,469

I have a huge problem with that and plus

1324

00:57:50,529 --> 00:57:48,900

keep in mind that the specific officer

1325

00:57:53,299 --> 00:57:50,539

that we're referring to that froze

1326
00:57:55,789 --> 00:57:53,309
caused everyone else to freeze because

1327
00:57:57,109 --> 00:57:55,799
he's obviously a senior officer he's a

1328
00:57:59,660 --> 00:57:57,119
training officer

1329
00:58:03,249 --> 00:57:59,670
so this officer that froze is the

1330
00:58:07,009 --> 00:58:03,259
officer that trains you on what to do

1331
00:58:08,839 --> 00:58:07,019
that's a problem yeah you make a good

1332
00:58:11,449 --> 00:58:08,849
point seconds leave because when you

1333
00:58:14,929 --> 00:58:11,459
watch the video it was him it was a

1334
00:58:16,640 --> 00:58:14,939
trainee Las Vegas news officer and then

1335
00:58:21,109 --> 00:58:16,650
it was three or four Mandalay Bay

1336
00:58:22,849 --> 00:58:21,119
security guards I believe armed and you

1337
00:58:25,400 --> 00:58:22,859
could tell those guys were like chops

1338
00:58:28,640 --> 00:58:25,410

hit bit to go and he's holding them back

1339

00:58:30,499 --> 00:58:28,650

yeah you saw the one the one in Manila

1340

00:58:32,630 --> 00:58:30,509

Bay off sir with the blood the bikes the

1341

00:58:34,640 --> 00:58:32,640

black-suited on tall guy standing there

1342

00:58:36,469 --> 00:58:34,650

against that door and he's he has his

1343

00:58:37,819 --> 00:58:36,479

weapon at the ready and he's just kind

1344

00:58:40,339 --> 00:58:37,829

of like looking around like what are we

1345

00:58:42,499 --> 00:58:40,349

doing what are we stopping for you can

1346

00:58:43,819 --> 00:58:42,509

literally see him and you know what he's

1347

00:58:44,239 --> 00:58:43,829

thinking he's wondering why are we

1348

00:58:48,799 --> 00:58:44,249

stopped

1349

00:58:52,640 --> 00:58:48,809

yeah the chief gives the guy in

1350

00:58:54,140 --> 00:58:52,650

Hendricks a pass 100% pass it's a but by

1351

00:58:55,269 --> 00:58:54,150

saying that you don't bring a knife to a

1352

00:59:00,199 --> 00:58:55,279

gunfight

1353

00:59:02,299 --> 00:59:00,209

ya know you know so Lombardo would have

1354

00:59:03,380 --> 00:59:02,309

done the same thing apparently when

1355

00:59:05,150 --> 00:59:03,390

you're looking at that video and you're

1356

00:59:08,449 --> 00:59:05,160

seeing Hendrix just picture Lombardo

1357

00:59:10,160 --> 00:59:08,459

there that's who it is the problem is is

1358

00:59:12,019 --> 00:59:10,170

that there's no one in their right mind

1359

00:59:14,539 --> 00:59:12,029

that would look at that and say that

1360

00:59:17,419 --> 00:59:14,549

that was okay other than sheriff

1361

00:59:19,729 --> 00:59:17,429

Lombardo so sheriff Lombardo if you ever

1362

00:59:22,130 --> 00:59:19,739

watch this one thing you lied to me

1363

00:59:25,729 --> 00:59:22,140

directly verbally to me I don't

1364

00:59:28,849 --> 00:59:25,739

appreciate that and to if you would have

1365

00:59:31,009 --> 00:59:28,859

been there and you would have frozen no

1366

00:59:32,870 --> 00:59:31,019

that's not acceptable it's not it's not

1367

00:59:35,269 --> 00:59:32,880

a situation like that it doesn't happen

1368

00:59:37,279 --> 00:59:35,279

of course it does but it shouldn't

1369

00:59:39,019 --> 00:59:37,289

happen that's the problem and when it

1370

00:59:42,380 --> 00:59:39,029

does happen you don't give someone a

1371

00:59:44,390 --> 00:59:42,390

pass you basically show the others that

1372

00:59:46,069 --> 00:59:44,400

hey the training needs to be hard or

1373

00:59:47,719 --> 00:59:46,079

whatever needs to be done to make

1374

00:59:48,859 --> 00:59:47,729

certain that this doesn't happen again

1375

00:59:50,569 --> 00:59:48,869

did he do that

1376

00:59:52,969 --> 00:59:50,579

no he gave this gives a guy a pass come

1377

00:59:57,170 --> 00:59:52,979

on wake up Las Vegas you guys really to
