**HIDDEN  
TRUTH**  
WITH JIM BRESLO

1  
00:00:19,570 --> 00:00:14,789  
so did you go to the thing this morning

2  
00:00:22,480 --> 00:00:19,580  
casual yes I did tell us about that this

3  
00:00:27,580 --> 00:00:22,490  
morning the sunrise remembrance was held

4  
00:00:29,830 --> 00:00:27,590  
at the County Convention Center and it

5  
00:00:31,990 --> 00:00:29,840  
was it was it was really nice it was

6  
00:00:35,710 --> 00:00:32,000  
actually very well done very tasteful

7  
00:00:46,660 --> 00:00:35,720  
and they I got to shake hands with

8  
00:00:48,969 --> 00:00:46,670  
sheriff Lombardo Stephen Chuck sis Iraq

9  
00:00:51,310 --> 00:00:48,979  
was there as well so all the big fake

10  
00:00:54,009 --> 00:00:51,320  
guys were there and I was right up front

11  
00:00:57,399 --> 00:00:54,019  
so I got a really good video of that

12  
00:01:00,910 --> 00:00:57,409  
sisal like is the governor of Nevada the

13  
00:01:04,990 --> 00:01:00,920

governor and did he speak yes he did yes

14

00:01:07,600 --> 00:01:05,000

he did anything of note not really but

15

00:01:09,010 --> 00:01:07,610

there's something that is of note if you

16

00:01:10,980 --> 00:01:09,020

mention it I didn't catch it cuz I was

17

00:01:14,740 --> 00:01:10,990

probably trying too busy trying to film

18

00:01:16,719 --> 00:01:14,750

and what's happening is he can assigned

19

00:01:18,940 --> 00:01:16,729

a committee seven-member committee to

20

00:01:23,260 --> 00:01:18,950

come up with a permanent memorial for

21

00:01:27,760 --> 00:01:23,270

the for the 58 and and of course the

22

00:01:31,870 --> 00:01:27,770

survivors as well but the problem with

23

00:01:35,859 --> 00:01:31,880

that is distractor there's a necklace on

24

00:01:37,679 --> 00:01:35,869

the ground the problem with that or

25

00:01:41,139 --> 00:01:37,689

maybe it's not a problem we'll say

26

00:01:46,149 --> 00:01:41,149

there's your tanks the background is

27

00:01:47,859 --> 00:01:46,159

that he didn't come out like months ago

28

00:01:50,889 --> 00:01:47,869

and say hey we're wanting to do this

29

00:01:52,840 --> 00:01:50,899

let's get a let's get some feedback and

30

00:01:53,950 --> 00:01:52,850

let's talk to everybody so he's gonna

31

00:01:55,899 --> 00:01:53,960

have these seven members they're going

32

00:01:58,149 --> 00:01:55,909

to come up with a permanent memorial but

33

00:02:00,069 --> 00:01:58,159

it doesn't sound like it's too open to

34

00:02:02,410 --> 00:02:00,079

the public now there's a vote on the

35

00:02:04,149 --> 00:02:02,420

committee tomorrow the a vote for the

36

00:02:06,639 --> 00:02:04,159

actual committee tomorrow I'm gonna make

37

00:02:09,600 --> 00:02:06,649

certain to attend that to find out

38

00:02:12,160 --> 00:02:09,610

exactly how they plan on doing this

39

00:02:14,620 --> 00:02:12,170

because it's it's it's crucial because

40

00:02:17,950 --> 00:02:14,630

right now the Memorial Gardens you're

41

00:02:18,460 --> 00:02:17,960

familiar with Las Vegas so imagine how

42

00:02:21,730 --> 00:02:18,470

far'd

43

00:02:23,620 --> 00:02:21,740

the Memorial Gardens are our memory

44

00:02:25,780 --> 00:02:23,630

guards whatever as compared to where I'm

45

00:02:28,660 --> 00:02:25,790

at right now and so if you come to Vegas

46

00:02:30,400 --> 00:02:28,670

and you're wanting to honor the fallen

47

00:02:33,670 --> 00:02:30,410

there's nothing here

48

00:02:35,830 --> 00:02:33,680

the only memorial here is Melissa's and

49

00:02:38,350 --> 00:02:35,840

thanks to Eddie Schmitz for you know

50

00:02:41,530 --> 00:02:38,360

coming through and making it more of a

51  
00:02:43,870 --> 00:02:41,540  
permanent memorial and and so we'll take

52  
00:02:46,000 --> 00:02:43,880  
a look at that in a minute but there's

53  
00:02:48,130 --> 00:02:46,010  
nothing here there's literally salt you

54  
00:02:51,640 --> 00:02:48,140  
see it's just the dirt lot they're gonna

55  
00:02:53,320 --> 00:02:51,650  
turn this into a parking lot for the

56  
00:02:55,810 --> 00:02:53,330  
stadium across the way there which you

57  
00:02:59,200 --> 00:02:55,820  
can actually see between Mandalay Bay

58  
00:03:02,380 --> 00:02:59,210  
and and the Delano I said it right that

59  
00:03:04,450 --> 00:03:02,390  
time I always say Delano Delano yes I

60  
00:03:05,920 --> 00:03:04,460  
mentioned something about what I what

61  
00:03:10,710 --> 00:03:05,930  
they've reported that they're gonna do

62  
00:03:13,450 --> 00:03:10,720  
with the location on my episode that

63  
00:03:15,190 --> 00:03:13,460

went out this week which is that first

64

00:03:15,730 --> 00:03:15,200

it's going to be a parking lot for the

65

00:03:17,890 --> 00:03:15,740

Raiders

66

00:03:22,120 --> 00:03:17,900

but the ultimate plan is some type of a

67

00:03:25,830 --> 00:03:22,130

sports slash community facility that was

68

00:03:30,010 --> 00:03:25,840

supposed to contain a memorial correct

69

00:03:32,350 --> 00:03:30,020

so I'm saying the only thing is is that

70

00:03:33,790 --> 00:03:32,360

it's it's kind of like an afterthought

71

00:03:35,980 --> 00:03:33,800

way if you read the article and the way

72

00:03:37,990 --> 00:03:35,990

it was written and the way it was put

73

00:03:39,190 --> 00:03:38,000

out there was kind of like oh we're

74

00:03:40,840 --> 00:03:39,200

gonna do this we're gonna do this going

75

00:03:42,610 --> 00:03:40,850

to do this oh and and they didn't say

76  
00:03:45,460 --> 00:03:42,620  
they were gonna put it there they said

77  
00:03:47,740 --> 00:03:45,470  
that they would be open to listen to

78  
00:03:49,420 --> 00:03:47,750  
ideas about putting memorial there or

79  
00:03:51,370 --> 00:03:49,430  
what have you they didn't say they're

80  
00:03:53,770 --> 00:03:51,380  
gonna foot the bill you know nothing

81  
00:03:56,470 --> 00:03:53,780  
like that so now these governor's

82  
00:03:57,940 --> 00:03:56,480  
committee is that just assumed that the

83  
00:04:00,400 --> 00:03:57,950  
memorial they're talking about would be

84  
00:04:02,740 --> 00:04:00,410  
at the site or not necessarily no it's

85  
00:04:04,630 --> 00:04:02,750  
it's a is that we know nothing there's

86  
00:04:06,760 --> 00:04:04,640  
there's no information on that yet I'd

87  
00:04:08,050 --> 00:04:06,770  
like to speculate that that it would be

88  
00:04:09,400 --> 00:04:08,060

natural to be here I can tell you this

89

00:04:11,770 --> 00:04:09,410

there's a few people that are on that

90

00:04:14,320 --> 00:04:11,780

committee that I'm familiar with and I

91

00:04:16,810 --> 00:04:14,330

know that they're they're gonna push for

92

00:04:18,460 --> 00:04:16,820

it to be down here yeah they can still

93

00:04:20,199 --> 00:04:18,470

keep the other one don't get me wrong I

94

00:04:22,960 --> 00:04:20,209

mean that's that's its own it has its

95

00:04:26,830 --> 00:04:22,970

own feeling it's at its own you know

96

00:04:30,370 --> 00:04:26,840

it's its own I'm lack of words here on

97

00:04:31,930 --> 00:04:30,380

this one but basically it's that area is

98

00:04:34,150 --> 00:04:31,940

set up and

99

00:04:38,320 --> 00:04:34,160

according to the person that designed it

100

00:04:40,480 --> 00:04:38,330

to be like mom's backyard mom's garden

101  
00:04:42,760 --> 00:04:40,490  
that kind of thing so anyone can come

102  
00:04:44,920 --> 00:04:42,770  
you can plan anything you want you can

103  
00:04:46,900 --> 00:04:44,930  
add stuff to the memorial and things

104  
00:04:48,820 --> 00:04:46,910  
like that which I like that I do like

105  
00:04:49,870 --> 00:04:48,830  
that idea the problem was they weren't

106  
00:04:52,870 --> 00:04:49,880  
really taking care of it

107  
00:04:55,750 --> 00:04:52,880  
and so again Eddie Schmidt's he was

108  
00:04:58,000 --> 00:04:55,760  
going out of his way he lives here and

109  
00:04:59,920 --> 00:04:58,010  
he goes down there he was down there

110  
00:05:01,690 --> 00:04:59,930  
several times a week just clearing out

111  
00:05:03,520 --> 00:05:01,700  
weeds and doing everything that they

112  
00:05:05,410 --> 00:05:03,530  
probably should have done but of course

113  
00:05:07,210 --> 00:05:05,420

there's their claim is they didn't want

114

00:05:10,840 --> 00:05:07,220

to maintain it because they wanted it to

115

00:05:12,670 --> 00:05:10,850

be like a mom's garden and you know I

116

00:05:17,650 --> 00:05:12,680

guess moms don't maintain their gardens

117

00:05:19,960 --> 00:05:17,660

I don't know not very wise so I read

118

00:05:22,060 --> 00:05:19,970

that some of the victims are not real

119

00:05:24,700 --> 00:05:22,070

thrilled about it being used as a

120

00:05:26,470 --> 00:05:24,710

parking lot at least until the other

121

00:05:30,160 --> 00:05:26,480

thing is built and I tend to agree with

122

00:05:32,350 --> 00:05:30,170

that well I guess if I had my druthers

123

00:05:34,780 --> 00:05:32,360

if I had to choose between it being a

124

00:05:37,510 --> 00:05:34,790

parking lot and a training facility for

125

00:05:38,500 --> 00:05:37,520

Swat which was the original plan that

126

00:05:40,540 --> 00:05:38,510

they came up with they're going to

127

00:05:43,840 --> 00:05:40,550

donate it to ovm PD as a training

128

00:05:45,370 --> 00:05:43,850

facility for SWAT now there's two sides

129

00:05:46,510 --> 00:05:45,380

of the fences there some people excel

130

00:05:48,130 --> 00:05:46,520

well that'd be great because then they

131

00:05:50,610 --> 00:05:48,140

would be right here and it's another

132

00:05:52,870 --> 00:05:50,620

situation happened but the problem is

133

00:05:55,659 --> 00:05:52,880

that that there's a lot of people that

134

00:05:57,040 --> 00:05:55,669

have some issues with LVM PD as far as

135

00:05:59,110 --> 00:05:57,050

the investigation was concerned

136

00:06:01,270 --> 00:05:59,120

information coming out and so forth so

137

00:06:04,180 --> 00:06:01,280

it was it kind of like rubbed people

138

00:06:05,530 --> 00:06:04,190

wrong as well so putting a parking lot

139

00:06:08,560 --> 00:06:05,540

there you're basically going to pave

140

00:06:10,870 --> 00:06:08,570

over the entire area where family

141

00:06:13,810 --> 00:06:10,880

members died and make a parking lot and

142

00:06:15,490 --> 00:06:13,820

then have a healing center which would

143

00:06:17,470 --> 00:06:15,500

be for the players you know more of a

144

00:06:19,440 --> 00:06:17,480

medical sports facility

145

00:06:21,070 --> 00:06:19,450

it's you know like a rec room and

146

00:06:23,350 --> 00:06:21,080

weightlifting and stuff like that I

147

00:06:24,550 --> 00:06:23,360

guess so I guess with windows so people

148

00:06:25,870 --> 00:06:24,560

can come watch everybody work out I

149

00:06:27,580 --> 00:06:25,880

don't know how they would do that but

150

00:06:29,590 --> 00:06:27,590

that would make sense I guess yeah well

151  
00:06:32,140 --> 00:06:29,600  
I would imagine the victims also would

152  
00:06:36,150 --> 00:06:32,150  
not be thrilled with the idea that MGM

153  
00:06:38,770 --> 00:06:36,160  
is the one putting together the memorial

154  
00:06:41,260 --> 00:06:38,780  
you know a little ironic considering

155  
00:06:43,900 --> 00:06:41,270  
their failure to take responsibility to

156  
00:06:45,640 --> 00:06:43,910  
date yeah I think it's an Ellen have a

157  
00:06:49,719 --> 00:06:45,650  
talent I think this

158  
00:06:52,629 --> 00:06:49,729  
tuition is that and that what would MGM

159  
00:06:53,950 --> 00:06:52,639  
do there you know they're part of the

160  
00:06:55,300 --> 00:06:53,960  
problem but they also need to be part of

161  
00:06:57,670 --> 00:06:55,310  
the solution there needs to be some

162  
00:06:59,770 --> 00:06:57,680  
healing process involved and it needs to

163  
00:07:03,159 --> 00:06:59,780

involve MGM MGM needs to you know

164

00:07:05,409 --> 00:07:03,169

they're there the mediation is pretty

165

00:07:07,180 --> 00:07:05,419

close to over and they really need to

166

00:07:09,040 --> 00:07:07,190

come forward and say look you know this

167

00:07:10,390 --> 00:07:09,050

you know they they don't even have to

168

00:07:11,980 --> 00:07:10,400

preface it they don't have to admit

169

00:07:14,830 --> 00:07:11,990

liability or anything if they're if

170

00:07:16,900 --> 00:07:14,840

people died on their property if someone

171

00:07:18,700 --> 00:07:16,910

dies on your property you're a bunch of

172

00:07:22,090 --> 00:07:18,710

people 58 people died on your property

173

00:07:24,640 --> 00:07:22,100

you know over 400 shot over 800 injured

174

00:07:26,080 --> 00:07:24,650

and 22,000 that attended the event you

175

00:07:27,700 --> 00:07:26,090

should have an obligation to do

176

00:07:29,050 --> 00:07:27,710

something a little bit more than just

177

00:07:31,360 --> 00:07:29,060

tell people you're gonna build a parking

178

00:07:33,189 --> 00:07:31,370

lot yeah well I think would behoove the

179

00:07:36,040 --> 00:07:33,199

attorneys for the victims to make that

180

00:07:38,320 --> 00:07:36,050

part of the settlement what what money

181

00:07:41,020 --> 00:07:38,330

they're gonna designate to a memorial

182

00:07:42,189 --> 00:07:41,030

and what's gonna when they're gonna

183

00:07:44,740 --> 00:07:42,199

build it where they're gonna build it

184

00:07:47,680 --> 00:07:44,750

etc and that was mentioned

185

00:07:49,839 --> 00:07:47,690

rest in peace Katherine Lombardo we did

186

00:07:52,210 --> 00:07:49,849

have some talks about that but we never

187

00:07:55,000 --> 00:07:52,220

I never got an answer back it was more

188

00:07:56,680 --> 00:07:55,010

or less than passing so before we talk

189

00:07:58,270 --> 00:07:56,690

about a since wrap the tanks I want to

190

00:08:00,279 --> 00:07:58,280

talk about them but but also since you

191

00:08:01,360 --> 00:08:00,289

just mentioned the settlement give us an

192

00:08:04,089 --> 00:08:01,370

update on what you know about the the

193

00:08:05,200 --> 00:08:04,099

settlement with the victims well the

194

00:08:08,020 --> 00:08:05,210

settlement with the victims there

195

00:08:10,029 --> 00:08:08,030

there's there's several things I can

196

00:08:11,469 --> 00:08:10,039

bring up to speed on a lot of people

197

00:08:13,420 --> 00:08:11,479

weren't aware that back in the beginning

198

00:08:15,219 --> 00:08:13,430

sheriff Lombardo and governor sis alike

199

00:08:17,500 --> 00:08:15,229

put together a GoFundMe type account and

200

00:08:18,250 --> 00:08:17,510

that people could donate quite a bit of

201  
00:08:20,500 --> 00:08:18,260  
money into it

202  
00:08:22,149 --> 00:08:20,510  
those those monies have been distributed

203  
00:08:24,760 --> 00:08:22,159  
I don't think a lot of people are aware

204  
00:08:25,870 --> 00:08:24,770  
of it where I won't say the DA I know

205  
00:08:27,460 --> 00:08:25,880  
the dollar amount but I'm not going to

206  
00:08:28,750 --> 00:08:27,470  
say the dollar amount a specific dollar

207  
00:08:31,149 --> 00:08:28,760  
amount was distributed amongst the

208  
00:08:33,219 --> 00:08:31,159  
fifty-eight the families of the victims

209  
00:08:34,959 --> 00:08:33,229  
and then a different amount was

210  
00:08:38,170 --> 00:08:34,969  
distributed amongst all the other

211  
00:08:39,399 --> 00:08:38,180  
remaining victims or I don't know how

212  
00:08:41,500 --> 00:08:39,409  
they distributed that part of what the

213  
00:08:43,710 --> 00:08:41,510

actual dollar amounts there I'm familiar

214

00:08:47,019 --> 00:08:43,720

with the dollar amounts for the other

215

00:08:50,590 --> 00:08:47,029

and so that's that's been done so that

216

00:08:52,120 --> 00:08:50,600

that's complete now as far as the update

217

00:08:54,340 --> 00:08:52,130

on the mediation I believe on the 15th

218

00:08:56,430 --> 00:08:54,350

they're going to go back in and do some

219

00:08:57,869 --> 00:08:56,440

more talks I don't know

220

00:08:59,970 --> 00:08:57,879

I mean I kind of know some of the

221

00:09:02,519 --> 00:08:59,980

discussions but not enough to really

222

00:09:05,610 --> 00:09:02,529

come out here and report on it and be

223

00:09:08,030 --> 00:09:05,620

sure about what I'm saying but the the

224

00:09:10,889 --> 00:09:08,040

15th I believe is going to be more

225

00:09:12,480 --> 00:09:10,899

ironing out the details it's a it's a

226

00:09:15,119 --> 00:09:12,490

lot of logistics to move eight hundred

227

00:09:17,220 --> 00:09:15,129

and some-odd million dollars into the

228

00:09:19,379 --> 00:09:17,230

pockets of the people that deserve it

229

00:09:20,850 --> 00:09:19,389

but the the other than spectrum is - is

230

00:09:22,710 --> 00:09:20,860

that of course the lawyers you know

231

00:09:24,420 --> 00:09:22,720

they're not gonna be happy until they

232

00:09:28,559 --> 00:09:24,430

get more and more and more and more they

233

00:09:29,939 --> 00:09:28,569

want it to actually hurt MGM and and so

234

00:09:31,949 --> 00:09:29,949

I'm sure that they're looking for ways

235

00:09:33,800 --> 00:09:31,959

to make that dollar around higher

236

00:09:36,780 --> 00:09:33,810

because that's what they're paid to do

237

00:09:38,400 --> 00:09:36,790

so you think there's still - open

238

00:09:39,869 --> 00:09:38,410

question what questions what's the total

239

00:09:42,960 --> 00:09:39,879

amount and then how we're going to

240

00:09:50,600 --> 00:09:42,970

distribute it correct means that we

241

00:09:54,929 --> 00:09:50,610

haven't made a lot of progress I think

242

00:09:59,100 --> 00:09:54,939

most of it is complete I don't think

243

00:10:00,720 --> 00:09:59,110

there's a lot to you know to work with

244

00:10:02,189 --> 00:10:00,730

other than some of the you know are not

245

00:10:04,470 --> 00:10:02,199

the particulars and what-have-you but

246

00:10:06,329 --> 00:10:04,480

you know you know you're a lawyer you

247

00:10:07,710 --> 00:10:06,339

you know how long that could take they

248

00:10:10,769 --> 00:10:07,720

could drag that out for another year if

249

00:10:14,240 --> 00:10:10,779

they want it but you know it's been two

250

00:10:16,499 --> 00:10:14,250

years so then you know the lawsuits of

251

00:10:17,670 --> 00:10:16,509

you know there's a lot of settlements

252

00:10:18,960 --> 00:10:17,680

that are out there and there's people

253

00:10:22,740 --> 00:10:18,970

that probably wanting to take it

254

00:10:24,120 --> 00:10:22,750

individually so yeah the sad part is is

255

00:10:27,269 --> 00:10:24,130

you know to the extent people need money

256

00:10:30,179 --> 00:10:27,279

they needed it ASAP not three years down

257

00:10:32,129 --> 00:10:30,189

the road okay so let's talk about the

258

00:10:33,929 --> 00:10:32,139

tanks that's interesting I've never been

259

00:10:37,379 --> 00:10:33,939

in that's actually Airport property

260

00:10:39,509 --> 00:10:37,389

right where the tanks are close to them

261

00:10:41,340 --> 00:10:39,519

until they kicked me out okay and and

262

00:10:43,759 --> 00:10:41,350

and I think if I'm remembering correctly

263

00:10:46,710 --> 00:10:43,769

the last time we did an episode together

264

00:10:49,730 --> 00:10:46,720

you said some interesting things if I'm

265

00:10:52,439 --> 00:10:49,740

remembering correctly about the tanks in

266

00:10:56,600 --> 00:10:52,449

was he or was he not attempting to hit

267

00:11:00,960 --> 00:10:59,220

the alleged shooter the person we don't

268

00:11:04,319 --> 00:11:00,970

have the ballistics on the person we

269

00:11:07,319 --> 00:11:04,329

can't put the guns in the hands of the

270

00:11:09,780 --> 00:11:07,329

other side's going to love that he was

271

00:11:10,319 --> 00:11:09,790

not shooting at the tanks if you look at

272

00:11:12,869 --> 00:11:10,329

the thank you

273

00:11:15,449 --> 00:11:12,879

me I'm gonna stand it up here a little

274

00:11:20,549 --> 00:11:15,459

bit I get the thing to work let's go

275

00:11:22,859 --> 00:11:20,559

that way so that white pass that you see

276

00:11:27,539 --> 00:11:22,869

there that was where the shot was that's

277

00:11:31,889 --> 00:11:27,549

shot number seven or eight from room 134

278

00:11:33,869 --> 00:11:31,899

and the situation that you that you're

279

00:11:35,749 --> 00:11:33,879

looking at with the tanks is that

280

00:11:41,220 --> 00:11:35,759

everybody's just shooting at the tank so

281

00:11:43,199 --> 00:11:41,230

Mandalay Bay is right there how many how

282

00:11:45,660 --> 00:11:43,209

many yards would you say that is two

283

00:11:48,449 --> 00:11:45,670

thousand or two thousand feet or two

284

00:11:51,389 --> 00:11:48,459

thousand feet so you know heart of a

285

00:11:54,629 --> 00:11:51,399

shot is that I can make it I can make it

286

00:11:56,129 --> 00:11:54,639

with with my eyes closed the problem is

287

00:11:58,559 --> 00:11:56,139

is that a lot of people were claiming

288

00:12:00,900 --> 00:11:58,569

it's a 308 shot you can once you test

289

00:12:02,400 --> 00:12:00,910

for your rearrange and elevation you can

290

00:12:04,139 --> 00:12:02,410

you can hit these targets I mean there's

291

00:12:05,759 --> 00:12:04,149

no reason why I wouldn't hit it but the

292

00:12:08,100 --> 00:12:05,769

problem is is that he wasn't shooting at

293

00:12:09,359 --> 00:12:08,110

the tanks because if he was you know

294

00:12:09,869 --> 00:12:09,369

Stephen Pollock was a very intelligent

295

00:12:14,460 --> 00:12:09,879

man

296

00:12:16,859 --> 00:12:14,470

that is a fact and given that I

297

00:12:19,409 --> 00:12:16,869

seriously doubt that he was shooting at

298

00:12:21,179 --> 00:12:19,419

the tanks what he was probably shooting

299

00:12:25,319 --> 00:12:21,189

at which I won't show you and I'm

300

00:12:28,199 --> 00:12:25,329

looking at it is an object that's beside

301

00:12:30,419 --> 00:12:28,209

the tanks or near the tanks and what

302

00:12:33,239 --> 00:12:30,429

happens is this you could shoot at these

303

00:12:35,999 --> 00:12:33,249

things all day long I could stand right

304

00:12:38,009 --> 00:12:36,009

here with a fully automatic rifle and

305

00:12:40,289 --> 00:12:38,019

just launch shots and these things

306

00:12:42,179 --> 00:12:40,299

they're not going to explode

307

00:12:45,210 --> 00:12:42,189

what's in the tanks is you can see on

308

00:12:47,280 --> 00:12:45,220

the sign there if I get closer here you

309

00:12:48,569 --> 00:12:47,290

can see a sign that says jet a unless

310

00:12:52,199 --> 00:12:48,579

it's backwards because of the way the

311

00:12:54,419 --> 00:12:52,209

camera does but that's jet a fuel jet a

312

00:12:55,949 --> 00:12:54,429

fuel is basically kerosene and it has to

313

00:12:57,449 --> 00:12:55,959

be atomized in the air before to work

314

00:12:58,079 --> 00:12:57,459

sell jet engines work they basically

315

00:13:01,169 --> 00:12:58,089

spray

316

00:13:02,609 --> 00:13:01,179

yeah I'm fine mist into the the the jet

317

00:13:04,289 --> 00:13:02,619

engine and then ignite it and then that

318

00:13:06,329 --> 00:13:04,299

goes out the back that's where you get

319

00:13:09,720 --> 00:13:06,339

your thrust and you're not gonna get

320

00:13:11,340 --> 00:13:09,730

that by just burning it you could take a

321

00:13:13,079 --> 00:13:11,350

torch to you could put it in a jar take

322

00:13:15,509 --> 00:13:13,089

a torch to it throw matches in it's not

323

00:13:19,259 --> 00:13:15,519

going to ignite so what you have to do

324

00:13:22,230 --> 00:13:19,269

is hit something else so inside this

325

00:13:24,700 --> 00:13:22,240

area here and actually just notice they

326

00:13:26,890 --> 00:13:24,710

exchanged it which is good

327

00:13:30,160 --> 00:13:26,900

there was a there was a object that was

328

00:13:32,140 --> 00:13:30,170

over here that apparently doesn't appear

329

00:13:34,120 --> 00:13:32,150

to be there anymore and that object

330

00:13:37,240 --> 00:13:34,130

there's another one on top of the tank

331

00:13:40,000 --> 00:13:37,250

and if you hit that it's already

332

00:13:42,280 --> 00:13:40,010

pressurized so the fuel inside that

333

00:13:44,440 --> 00:13:42,290

chamber would spray into the air and

334

00:13:46,630 --> 00:13:44,450

then your next shot would ignite it the

335

00:13:49,810 --> 00:13:46,640

first shot wouldn't ignite it the next

336

00:13:54,820 --> 00:13:49,820

shot would because he was supposedly and

337

00:13:56,110 --> 00:13:54,830

there we're certain on the exact because

338

00:13:57,820 --> 00:13:56,120

we don't have the ballistics yeah I mean

339

00:13:59,320 --> 00:13:57,830

I kind of know what rounds he was

340

00:14:01,120 --> 00:13:59,330

shooting but we're not a hundred percent

341

00:14:04,870 --> 00:14:01,130

certain that he was shooting the insid

342

00:14:07,780 --> 00:14:04,880

Neri heads which would cause that to

343

00:14:10,630 --> 00:14:07,790

ignite if he actually hit that what is

344

00:14:13,570 --> 00:14:10,640

the the structure that you're talking

345

00:14:17,230 --> 00:14:13,580

about what would you call it was this

346

00:14:20,890 --> 00:14:17,240

well for FA won't allow me to say what

347

00:14:22,240 --> 00:14:20,900

it is so I'm not gonna say it but it'd

348

00:14:23,710 --> 00:14:22,250

be like telling someone how to do

349

00:14:24,010 --> 00:14:23,720

something not giving them an instruction

350

00:14:26,170 --> 00:14:24,020

manual

351

00:14:27,760 --> 00:14:26,180

anyway it's another type of tank well

352

00:14:32,680 --> 00:14:27,770

it's it's a pressure it's to get the

353

00:14:34,300 --> 00:14:32,690

fuel from the tank to the designation

354

00:14:36,700 --> 00:14:34,310

and where the tanks gonna go and how

355

00:14:38,080 --> 00:14:36,710

hard would that have been to hit that

356

00:14:41,560 --> 00:14:38,090

would have been quite a bit harder in

357

00:14:44,950 --> 00:14:41,570

fact he never hit it that's what he was

358

00:14:47,050 --> 00:14:44,960

aiming at and you can't really see here

359

00:14:51,430 --> 00:14:47,060

and this thing's whenever I turn this

360

00:14:54,610 --> 00:14:51,440

thing on it wants to not there we go now

361

00:14:57,640 --> 00:14:54,620

I can do it so I'm going to show you

362

00:14:59,770 --> 00:14:57,650

with this tank twice so the object he

363

00:15:02,620 --> 00:14:59,780

was aiming at was obviously in this

364

00:15:05,380 --> 00:15:02,630

direction and the particular object was

365

00:15:07,930 --> 00:15:05,390

most likely on top of this tank did the

366

00:15:11,140 --> 00:15:07,940

bullet actually puncture the tank yes it

367

00:15:14,800 --> 00:15:11,150

did so gas would have been leaking out

368

00:15:16,870 --> 00:15:14,810

if it was that filled these tanks are

369

00:15:19,090 --> 00:15:16,880

built like the Titanic in the day it's a

370

00:15:20,800 --> 00:15:19,100

double hull so you have an tank and our

371

00:15:22,810 --> 00:15:20,810

tank so if the if the outer tank is

372

00:15:25,240 --> 00:15:22,820

struck or something happens to it or a

373

00:15:27,100 --> 00:15:25,250

car crashes into or even a plane crashes

374

00:15:28,630 --> 00:15:27,110

into it it's probably not going to do

375

00:15:32,110 --> 00:15:28,640

much well if a plane crashes and

376

00:15:35,500 --> 00:15:32,120

probably do some damage but the tank

377

00:15:38,079 --> 00:15:35,510

itself is a dual dual layer so that if

378

00:15:39,699 --> 00:15:38,089

it hit the inside fuel

379

00:15:41,410 --> 00:15:39,709

would run into the middle cavity in

380

00:15:43,059 --> 00:15:41,420

between the two tanks I don't know if

381

00:15:46,900 --> 00:15:43,069

you can see it there but if you look up

382

00:15:48,280 --> 00:15:46,910

you'll see the paths it is but if you

383

00:15:51,579 --> 00:15:48,290

look at the lip you're gonna see another

384

00:15:54,850 --> 00:15:51,589

small pass you see that yeah right right

385

00:15:58,720 --> 00:15:54,860

right toward the top just a top right of

386

00:16:00,369 --> 00:15:58,730

the other patch so that bear and if you

387

00:16:02,889 --> 00:16:00,379

follow this trajectory straight over

388

00:16:03,999 --> 00:16:02,899

it's a direct hit from from that floor a

389

00:16:08,009 --> 00:16:04,009

lot of people said he couldn't hit that

390

00:16:10,749 --> 00:16:08,019

lip and now we we believe he had

391

00:16:13,389 --> 00:16:10,759

armor-piercing bullets correct correct

392

00:16:16,119 --> 00:16:13,399

well armor-piercing and ordinary heads

393

00:16:18,639 --> 00:16:16,129

they're not the ballistics didn't

394

00:16:20,170 --> 00:16:18,649

specifically say which bullet was were

395

00:16:22,030 --> 00:16:20,180

these bullets I mean we know what they

396

00:16:25,449 --> 00:16:22,040

are based on just what he bought from

397

00:16:28,720 --> 00:16:25,459

Hague but do armor-piercing bullets fire

398

00:16:30,699 --> 00:16:28,730

just like any other bullet yep yeah

399

00:16:33,910 --> 00:16:30,709

and they're just what a lot more

400

00:16:37,420 --> 00:16:33,920

expensive yeah they're definitely a lot

401  
00:16:38,799 --> 00:16:37,430  
more expensive and on top of that they

402  
00:16:42,189 --> 00:16:38,809  
do a lot more damage they're made to

403  
00:16:44,410 --> 00:16:42,199  
penetrate you know different different

404  
00:16:47,019 --> 00:16:44,420  
layers like the different thicknesses of

405  
00:16:50,819 --> 00:16:47,029  
Steel you know you have armor piercing

406  
00:16:55,179 --> 00:16:50,829  
which is the specifically designed to

407  
00:16:56,559 --> 00:16:55,189  
pierce metal plates I you know ie a

408  
00:16:59,040 --> 00:16:56,569  
Humvee or APC

409  
00:17:02,499 --> 00:16:59,050  
armored personnel carrier are they legal

410  
00:17:03,819 --> 00:17:02,509  
yes they are legal so what what is that

411  
00:17:06,880 --> 00:17:03,829  
I forget the name of the guy who was

412  
00:17:08,019 --> 00:17:06,890  
charged Hague Hague I thought he was

413  
00:17:11,919 --> 00:17:08,029

charged for selling the armor-piercing

414

00:17:15,490 --> 00:17:11,929

no he was and and the they're not legal

415

00:17:17,319 --> 00:17:15,500

to just sell in the way he was selling

416

00:17:19,539 --> 00:17:17,329

it and now that was the issue but

417

00:17:21,730 --> 00:17:19,549

they're legal in some states not legal

418

00:17:24,159 --> 00:17:21,740

in others their you know the the the

419

00:17:26,289 --> 00:17:24,169

laws about the types of bullets he was

420

00:17:27,850 --> 00:17:26,299

selling plus he was making them you know

421

00:17:29,049 --> 00:17:27,860

it gets a little convoluted when you

422

00:17:33,100 --> 00:17:29,059

start getting into that area which is

423

00:17:35,049 --> 00:17:33,110

why the case is being dragged on because

424

00:17:38,049 --> 00:17:35,059

there's a lot of other circumstances and

425

00:17:42,880 --> 00:17:38,059

so that case is still pending correct

426  
00:17:45,100 --> 00:17:42,890  
and the only reason that paddock would

427  
00:17:47,080 --> 00:17:45,110  
have bought armor-piercing would be

428  
00:17:48,279 --> 00:17:47,090  
because of these tanks right is there

429  
00:17:50,289 --> 00:17:48,289  
any other reason we could think of why

430  
00:17:51,520 --> 00:17:50,299  
he would have armor-piercing that's the

431  
00:17:53,140 --> 00:17:51,530  
only reason and

432  
00:17:54,550 --> 00:17:53,150  
unless the only other the only other

433  
00:17:57,130 --> 00:17:54,560  
reason is if he had picked a different

434  
00:17:59,350 --> 00:17:57,140  
target such as a police officer or

435  
00:18:01,000 --> 00:17:59,360  
someone in a car or something that the

436  
00:18:04,150 --> 00:18:01,010  
only fired eight shots and all eight

437  
00:18:07,150 --> 00:18:04,160  
shots went this direction the first the

438  
00:18:10,570 --> 00:18:07,160

first five shots came this direction

439

00:18:13,590 --> 00:18:10,580

they all missed the six shot excuse me

440

00:18:15,970 --> 00:18:13,600

the fifth shot in the six shot were

441

00:18:18,160 --> 00:18:15,980

successful in that they hit a target and

442

00:18:20,470 --> 00:18:18,170

shots number seven and number eight

443

00:18:24,220 --> 00:18:20,480

we're done quite a bit later so from

444

00:18:25,390 --> 00:18:24,230

1008 til 1009 that's when the shots made

445

00:18:28,930 --> 00:18:25,400

this direction were fired now I

446

00:18:34,180 --> 00:18:28,940

originally as many people thought when

447

00:18:36,640 --> 00:18:34,190

you first heard the first shots at the

448

00:18:41,370 --> 00:18:36,650

venue the very first shots were believed

449

00:18:44,170 --> 00:18:41,380

to have been going into the tanks

450

00:18:47,200 --> 00:18:44,180

however subsequently everyone was able

451  
00:18:49,840 --> 00:18:47,210  
to find out that the that area was not

452  
00:18:52,450 --> 00:18:49,850  
the case and they barely there was being

453  
00:18:54,400 --> 00:18:52,460  
shot into as a VIP area and into the

454  
00:18:57,700 --> 00:18:54,410  
area right in front of the stage how

455  
00:18:59,590 --> 00:18:57,710  
many shots did he fire initially into

456  
00:19:02,590 --> 00:18:59,600  
the VIP area and center of the stage

457  
00:19:06,790 --> 00:19:02,600  
before he then before he then moved to

458  
00:19:09,340 --> 00:19:06,800  
the tanks that is slightly questionable

459  
00:19:10,870 --> 00:19:09,350  
but it's six to eight shots that were

460  
00:19:13,180 --> 00:19:10,880  
initially fired and those were two to

461  
00:19:14,890 --> 00:19:13,190  
three rounds he fired those using the

462  
00:19:16,900 --> 00:19:14,900  
same weapon that he fired with the buff

463  
00:19:18,640 --> 00:19:16,910

shot and he just he was doing single

464

00:19:20,590 --> 00:19:18,650

single shots he was basically ranging

465

00:19:23,620 --> 00:19:20,600

you know you basically fired some shots

466

00:19:26,260 --> 00:19:23,630

and you either do ranging or the sick

467

00:19:28,390 --> 00:19:26,270

minded thought is that he wanted to

468

00:19:30,700 --> 00:19:28,400

actually see through the scope if he

469

00:19:34,210 --> 00:19:30,710

fired the one that had the scope to see

470

00:19:36,190 --> 00:19:34,220

what he was actually hitting that's

471

00:19:38,320 --> 00:19:36,200

personally that's closer to what I

472

00:19:40,030 --> 00:19:38,330

believe is probably the case and then

473

00:19:41,200 --> 00:19:40,040

once he realized he started you know

474

00:19:43,750 --> 00:19:41,210

people started running around he

475

00:19:45,820 --> 00:19:43,760

realized oh I better start shooting for

476

00:19:49,810 --> 00:19:45,830

real and I stopped shooting the single

477

00:19:51,130 --> 00:19:49,820

shots and you know went essentially bump

478

00:19:53,470 --> 00:19:51,140

stock auto if you want to call it that

479

00:19:56,370 --> 00:19:53,480

way and you know I hate even thinking

480

00:20:00,790 --> 00:19:56,380

about or talking about such a sick mind

481

00:20:04,360 --> 00:20:00,800

right what would have been his sick

482

00:20:05,350 --> 00:20:04,370

thinking about starting with a handful

483

00:20:06,850 --> 00:20:05,360

of shots

484

00:20:09,970 --> 00:20:06,860

the festival itself and then moving to

485

00:20:13,120 --> 00:20:09,980

the tanks and then moving back well the

486

00:20:16,650 --> 00:20:13,130

situation and turn it around this right

487

00:20:21,940 --> 00:20:16,660

here yeah metros finest driving around

488

00:20:24,880 --> 00:20:21,950

the I'm sorry putting your head into his

489

00:20:28,780 --> 00:20:24,890

sick head what what could have been his

490

00:20:30,520 --> 00:20:28,790

thinking behind starting with you know a

491

00:20:32,350 --> 00:20:30,530

few random shots at the festival then

492

00:20:35,140 --> 00:20:32,360

moving to a few random shots of the

493

00:20:38,350 --> 00:20:35,150

tanks and then back to the festival well

494

00:20:40,210 --> 00:20:38,360

the the first few shots again being the

495

00:20:42,010 --> 00:20:40,220

sick minded individual and then starting

496

00:20:46,090 --> 00:20:42,020

the the other shots and then switching

497

00:20:47,620 --> 00:20:46,100

off he didn't really switch back and

498

00:20:49,510 --> 00:20:47,630

forth the only time he did he was

499

00:20:51,400 --> 00:20:49,520

basically in my mind now this is the

500

00:20:53,409 --> 00:20:51,410

speculation on my part cuz obviously we

501  
00:20:55,960 --> 00:20:53,419  
don't have the person to talk to but

502  
00:21:00,030 --> 00:20:55,970  
based on my history and looking at these

503  
00:21:02,860 --> 00:21:00,040  
things the first shots were basically

504  
00:21:05,560 --> 00:21:02,870  
into that VIP area or very close to

505  
00:21:07,870 --> 00:21:05,570  
where Jason Aldean was so the question

506  
00:21:10,960 --> 00:21:07,880  
could be was was he shooting at Jason

507  
00:21:14,590 --> 00:21:10,970  
Aldean and did he miss those shots and

508  
00:21:17,110 --> 00:21:14,600  
hit the people I'll show you exactly how

509  
00:21:18,730 --> 00:21:17,120  
that angle is and you can get a very

510  
00:21:21,159 --> 00:21:18,740  
good perspective of how that would work

511  
00:21:24,460 --> 00:21:21,169  
do you think you think he could see

512  
00:21:25,570 --> 00:21:24,470  
Jason Aldean from his window yeah yep

513  
00:21:27,610 --> 00:21:25,580

absolutely

514

00:21:29,799 --> 00:21:27,620

at least he could see the general the

515

00:21:32,350 --> 00:21:29,809

place he was because the the way the

516

00:21:35,520 --> 00:21:32,360

stage is is you know there's little bars

517

00:21:37,930 --> 00:21:35,530

that go up the the angle bars like the

518

00:21:41,440 --> 00:21:37,940

camera and the proper term form but you

519

00:21:43,539 --> 00:21:41,450

know like DJ booth type stuff those are

520

00:21:46,090 --> 00:21:43,549

around the perimeter of the stage and

521

00:21:48,850 --> 00:21:46,100

then you have basically graphics that

522

00:21:50,890 --> 00:21:48,860

are painted over some form of fabric

523

00:21:53,200 --> 00:21:50,900

that covers the rest of it it's not

524

00:21:54,610 --> 00:21:53,210

really a solid structure so he would

525

00:21:57,220 --> 00:21:54,620

just have to estimate where he thought

526

00:22:00,730 --> 00:21:57,230

Aldean would be and then fire into it

527

00:22:04,060 --> 00:22:00,740

now that may be the case because I don't

528

00:22:06,700 --> 00:22:04,070

think I've ever said this before my room

529

00:22:11,320 --> 00:22:06,710

when I was originally I was in the 232

530

00:22:15,580 --> 00:22:11,330

to 1/9 and I could see that where if he

531

00:22:19,400 --> 00:22:15,590

was in 3 2 1 3 5 that that angle would

532

00:22:21,350 --> 00:22:19,410

be okay to try to see he onto the stage

533

00:22:26,990 --> 00:22:21,360

the problem is is if he would have been

534

00:22:30,140 --> 00:22:27,000

in 3 2 2 1 4 3 2 2 2 2 3 5 Jesus let me

535

00:22:31,910 --> 00:22:30,150

get my bearings straight 3 2 2 3 5 which

536

00:22:35,510 --> 00:22:31,920

is that this end I mean point of the

537

00:22:38,570 --> 00:22:35,520

building here seen get an idea alright

538

00:22:41,650 --> 00:22:38,580

so maybe here and this side here is your

539

00:22:44,480 --> 00:22:41,660

100 wing this side here is your 200 wing

540

00:22:47,049 --> 00:22:44,490

now this is inverted on this I believe

541

00:22:51,500 --> 00:22:47,059

because the way the camera does but the

542

00:22:54,650 --> 00:22:51,510

the angle from 3 to 235 may actually

543

00:22:57,500 --> 00:22:54,660

have given him a better shot at the that

544

00:22:59,720 --> 00:22:57,510

stage this is a 200 wing instead of the

545

00:23:01,220 --> 00:22:59,730

100 wing correct which is actually a

546

00:23:03,830 --> 00:23:01,230

little bit further away though right

547

00:23:05,630 --> 00:23:03,840

not by much it is but it's it's

548

00:23:09,169 --> 00:23:05,640

negligible it would not really change

549

00:23:11,780 --> 00:23:09,179

much well I believe in the thing that I

550

00:23:13,810 --> 00:23:11,790

if I'm remembering correctly it's

551  
00:23:17,360 --> 00:23:13,820  
believed that he was scoping things out

552  
00:23:20,540 --> 00:23:17,370  
with his girlfriend 6 months prior

553  
00:23:22,700 --> 00:23:20,550  
approximately yep and she recalls him

554  
00:23:24,260 --> 00:23:22,710  
acting very odd didn't spending a lot of

555  
00:23:26,180 --> 00:23:24,270  
time looking out the windows and so on

556  
00:23:28,400 --> 00:23:26,190  
and if I remember correctly I think that

557  
00:23:31,010 --> 00:23:28,410  
he was in the 200 wing at that that's

558  
00:23:33,560 --> 00:23:31,020  
correct not the one that is going and I

559  
00:23:36,620 --> 00:23:33,570  
believe that's why he was kind of upset

560  
00:23:39,680 --> 00:23:36,630  
that it ended up being the 100 wing that

561  
00:23:41,450 --> 00:23:39,690  
he did him winter and and with that

562  
00:23:42,950 --> 00:23:41,460  
being the case I keep in mind he's you

563  
00:23:44,810 --> 00:23:42,960

know shoot she was even saying that he

564

00:23:48,350 --> 00:23:44,820

was you know going back and forth from

565

00:23:50,150 --> 00:23:48,360

window to window and they're looking at

566

00:23:52,850 --> 00:23:50,160

the what she thought at the time

567

00:23:54,590 --> 00:23:52,860

according to her statement is that he

568

00:23:56,480 --> 00:23:54,600

likes watching the planes take off so

569

00:23:58,040 --> 00:23:56,490

from there we're literally right next

570

00:24:00,080 --> 00:23:58,050

door to the airport I'm at the back

571

00:24:04,910 --> 00:24:00,090

entrance to McCarran I'm within 50 feet

572

00:24:06,710 --> 00:24:04,920

of that gate and and from this location

573

00:24:09,020 --> 00:24:06,720

she thought he was just watching the

574

00:24:10,610 --> 00:24:09,030

planes take off but then she could tell

575

00:24:12,290 --> 00:24:10,620

there was something little off it was

576

00:24:17,180 --> 00:24:12,300

obviously off enough for her to remember

577

00:24:19,190 --> 00:24:17,190

it right now he docked out as we know to

578

00:24:21,140 --> 00:24:19,200

Windows what was one of them knocked out

579

00:24:22,700 --> 00:24:21,150

do you believe solely so that he could

580

00:24:24,230 --> 00:24:22,710

shoot at the tanks or do you think he

581

00:24:27,560 --> 00:24:24,240

also shot out of that window at the

582

00:24:29,990 --> 00:24:27,570

crowd he's he never shot out the window

583

00:24:31,580 --> 00:24:30,000

the wind the window was hammered out I

584

00:24:32,780 --> 00:24:31,590

actually have one right here let's take

585

00:24:35,150 --> 00:24:32,790

a look at

586

00:24:36,650 --> 00:24:35,160

sorry yeah that's my understanding he

587

00:24:39,770 --> 00:24:36,660

hammered them both out but as far as

588

00:24:41,170 --> 00:24:39,780

what shooting he did out of the second

589

00:24:44,000 --> 00:24:41,180

window that would have been at the tanks

590

00:24:47,090 --> 00:24:44,010

correct the seating out of the second

591

00:24:49,790 --> 00:24:47,100

window room 134 the same room that Brian

592

00:24:52,340 --> 00:24:49,800

Hodge said he was staying in that room

593

00:24:54,530 --> 00:24:52,350

is where he shot at the tanks and all

594

00:24:56,390 --> 00:24:54,540

eight shots from that room this the six

595

00:24:58,310 --> 00:24:56,400

that were done between 1000 and 1009 and

596

00:25:02,390 --> 00:24:58,320

the two that were done in 20 seconds

597

00:25:04,360 --> 00:25:02,400

before he committed suicide those were

598

00:25:07,670 --> 00:25:04,370

done from that room and there were no

599

00:25:10,190 --> 00:25:07,680

guy yes all the other shooting was out

600

00:25:16,280 --> 00:25:10,200

of the other window at the crowd correct

601  
00:25:19,790 --> 00:25:16,290  
and what do you think about the the the

602  
00:25:21,770 --> 00:25:19,800  
floor the 32nd floor is that do you

603  
00:25:25,550 --> 00:25:21,780  
think the most optimal floor he could

604  
00:25:28,490 --> 00:25:25,560  
have chosen essentially or any any any

605  
00:25:30,260 --> 00:25:28,500  
sniper knows this if you're firing from

606  
00:25:32,870 --> 00:25:30,270  
an elevated position as long as you're

607  
00:25:36,080 --> 00:25:32,880  
above the highest object that would be

608  
00:25:39,650 --> 00:25:36,090  
an obstacle for site to range then that

609  
00:25:42,080 --> 00:25:39,660  
would be ideal so in this case where he

610  
00:25:44,180 --> 00:25:42,090  
was was ideal if you look back behind me

611  
00:25:45,800 --> 00:25:44,190  
to originally people thought that one of

612  
00:25:47,300 --> 00:25:45,810  
the shooters may have been in those two

613  
00:25:49,160 --> 00:25:47,310

towers there that was originally for a

614

00:25:51,260 --> 00:25:49,170

ferris wheel that was going to go here

615

00:25:52,460 --> 00:25:51,270

and then over here on this side which

616

00:25:54,200 --> 00:25:52,470

you can't really see but you can see the

617

00:25:57,970 --> 00:25:54,210

McDonald sign probably in the distance

618

00:26:00,140 --> 00:25:57,980

and there's a mound right there and some

619

00:26:01,370 --> 00:26:00,150

Mike Adams I'll just name him I don't

620

00:26:03,290 --> 00:26:01,380

really care I have very little respect

621

00:26:05,500 --> 00:26:03,300

for the guy he said that that was

622

00:26:08,740 --> 00:26:05,510

probably where your second shooter was

623

00:26:11,840 --> 00:26:08,750

was that mound but any elevated position

624

00:26:14,810 --> 00:26:11,850

would would be advantageous but

625

00:26:16,580 --> 00:26:14,820

obviously the 32nd floor if even higher

626

00:26:18,170 --> 00:26:16,590

would be even better but there's a

627

00:26:21,500 --> 00:26:18,180

certain point when you get too high that

628

00:26:23,960 --> 00:26:21,510

you're you have to you have to account

629

00:26:25,310 --> 00:26:23,970

for gravity pulling the bullet down at a

630

00:26:26,750 --> 00:26:25,320

different angle so you have to your

631

00:26:29,750 --> 00:26:26,760

calculation is going to be different and

632

00:26:31,430 --> 00:26:29,760

I think that's why he wanted to check

633

00:26:33,470 --> 00:26:31,440

his calculations because the calculation

634

00:26:37,430 --> 00:26:33,480

is generally give you bullet drop are

635

00:26:38,890 --> 00:26:37,440

based on person firing level at at a

636

00:26:41,390 --> 00:26:38,900

target they're not necessarily

637

00:26:44,300 --> 00:26:41,400

calculated at a altitude so if you're

638

00:26:46,790 --> 00:26:44,310

already at 300 or so feet firing down

639

00:26:48,380 --> 00:26:46,800

those calculations don't

640

00:26:50,840 --> 00:26:48,390

as well that's why snipers have a

641

00:26:52,610 --> 00:26:50,850

different set of calculations or how to

642

00:26:56,180 --> 00:26:52,620

do calculations X have computers now

643

00:26:58,570 --> 00:26:56,190

they do it but yeah that's just one of

644

00:27:00,470 --> 00:26:58,580

the ways

645

00:27:04,040 --> 00:27:00,480

whenever you whenever you're trying to

646

00:27:05,480 --> 00:27:04,050

shoot and an object every time you look

647

00:27:07,850 --> 00:27:05,490

at calculations it's based on you

648

00:27:10,340 --> 00:27:07,860

shooting a straight trajectory that's

649

00:27:11,960 --> 00:27:10,350

where you have to aim your rifle and and

650

00:27:13,160 --> 00:27:11,970

he was making these calculations right

651  
00:27:14,870 --> 00:27:13,170  
isn't that one of the things that was

652  
00:27:18,080 --> 00:27:14,880  
found in the room yeah there was a note

653  
00:27:20,000 --> 00:27:18,090  
that was found in the room that was on

654  
00:27:24,020 --> 00:27:20,010  
the table or on the floor depending on

655  
00:27:26,390 --> 00:27:24,030  
which statement you're reading that note

656  
00:27:28,670 --> 00:27:26,400  
had the calculations for the correct

657  
00:27:30,200 --> 00:27:28,680  
distance into the venue so the

658  
00:27:32,240 --> 00:27:30,210  
calculations were strictly for the venue

659  
00:27:35,660 --> 00:27:32,250  
and they weren't necessarily for the

660  
00:27:39,070 --> 00:27:35,670  
tanks so you have to take a look at

661  
00:27:40,910 --> 00:27:39,080  
those and and try to decipher how he was

662  
00:27:43,100 --> 00:27:40,920  
calculating those but generally that's

663  
00:27:45,230 --> 00:27:43,110

that's what that was their calculations

664

00:27:47,570 --> 00:27:45,240

for windage elevation and so forth for

665

00:27:49,280 --> 00:27:47,580

distance and remind me where are we on

666

00:27:52,610 --> 00:27:49,290

bump stock now has that been banned or

667

00:27:55,130 --> 00:27:52,620

not banned bannd countrywide there were

668

00:27:57,140 --> 00:27:55,140

a president Trump executive I think he

669

00:27:58,490 --> 00:27:57,150

did an executive order on that one or

670

00:28:00,860 --> 00:27:58,500

they passed it to Congress really fast

671

00:28:03,410 --> 00:28:00,870

but it's banned nationwide mm-hmm and I

672

00:28:04,910 --> 00:28:03,420

assume that was something that you were

673

00:28:06,170 --> 00:28:04,920

very familiar I mean most of us had

674

00:28:07,490 --> 00:28:06,180

never heard of this thing called bump

675

00:28:10,070 --> 00:28:07,500

stock I assume you were pretty familiar

676

00:28:11,660 --> 00:28:10,080

with it yeah I'm familiar with the bump

677

00:28:15,290 --> 00:28:11,670

stock is a device that basically you

678

00:28:17,240 --> 00:28:15,300

attach to the stock area of a weapon and

679

00:28:19,610 --> 00:28:17,250

essentially imagine that having a spring

680

00:28:22,310 --> 00:28:19,620

inside and as you pull the trigger the

681

00:28:24,170 --> 00:28:22,320

weapon pulls back and because of the the

682

00:28:26,030 --> 00:28:24,180

ejection of the of the blow at the front

683

00:28:27,740 --> 00:28:26,040

and then you're hitting the spring

684

00:28:30,770 --> 00:28:27,750

mechanism so you have to learn a balance

685

00:28:33,020 --> 00:28:30,780

to hold the weapon as it moves back and

686

00:28:35,690 --> 00:28:33,030

forth bouncing off the spring and going

687

00:28:38,570 --> 00:28:35,700

forward chambering around firing around

688

00:28:40,010 --> 00:28:38,580

and then coming back chambering around

689

00:28:41,480 --> 00:28:40,020

firing around and coming back and so

690

00:28:43,250 --> 00:28:41,490

it's a balancing act torn you can learn

691

00:28:45,350 --> 00:28:43,260

it really quick the muscle memory so

692

00:28:49,690 --> 00:28:45,360

learning a bump stock is very quick have

693

00:28:51,770 --> 00:28:49,700

you ever used maybe three times and I

694

00:28:53,210 --> 00:28:51,780

didn't care for him there that they hurt

695

00:28:55,760 --> 00:28:53,220

you they're they're hard on the shoulder

696

00:28:58,130 --> 00:28:55,770

you know they're not that bad but

697

00:28:59,840 --> 00:28:58,140

they're just hard on the shoulder like

698

00:29:00,560 --> 00:28:59,850

if I'm gonna go fully auto I used to

699

00:29:03,200 --> 00:29:00,570

have an mp5

700

00:29:05,960 --> 00:29:03,210

and that was a great shooting gun and

701  
00:29:08,899 --> 00:29:05,970  
Olli Otto is you know obviously the way

702  
00:29:10,100 --> 00:29:08,909  
to go but you see what do you think

703  
00:29:11,899 --> 00:29:10,110  
about the what do you think about the

704  
00:29:13,999 --> 00:29:11,909  
number of shots he fired which was over

705  
00:29:16,909 --> 00:29:14,009  
a thousand right in in in a ten minute

706  
00:29:19,700 --> 00:29:16,919  
period and he's a guy in in not the best

707  
00:29:22,070 --> 00:29:19,710  
health my is it your theory that that's

708  
00:29:24,320 --> 00:29:22,080  
probably the why the reason he stopped

709  
00:29:26,539 --> 00:29:24,330  
you just was out of gas

710  
00:29:29,029 --> 00:29:26,549  
absolutely and you can you can tell that

711  
00:29:30,470 --> 00:29:29,039  
by the very last round you can the very

712  
00:29:32,749 --> 00:29:30,480  
last volley you can actually hear the

713  
00:29:34,820 --> 00:29:32,759

firing pattern change as he's firing in

714

00:29:36,529 --> 00:29:34,830

the beginning when people were analyzing

715

00:29:39,860 --> 00:29:36,539

the the weapon fire they thought it was

716

00:29:41,389 --> 00:29:39,870

just like a two m240 or a belt-fed you

717

00:29:42,440 --> 00:29:41,399

know any of the belt-fed series of

718

00:29:42,830 --> 00:29:42,450

automatics or something along those

719

00:29:44,779 --> 00:29:42,840

lines

720

00:29:46,039 --> 00:29:44,789

it clearly clear wasn't they they

721

00:29:47,690 --> 00:29:46,049

thought that because of the sound it

722

00:29:49,700 --> 00:29:47,700

made but if you look at the the way

723

00:29:51,799 --> 00:29:49,710

mandalay bay has made its a curved

724

00:29:54,409 --> 00:29:51,809

building so you're in a parabolic curve

725

00:29:55,820 --> 00:29:54,419

this way and that obviously amplifies

726

00:29:58,190 --> 00:29:55,830

the effect what most like if you would

727

00:30:00,680 --> 00:29:58,200

shout into a bowl but anyway that's a

728

00:30:04,730 --> 00:30:00,690

bad analogy but it kind of works but the

729

00:30:08,570 --> 00:30:04,740

as far as the as far as the bump stock

730

00:30:11,930 --> 00:30:08,580

being an ideal choice no it would not be

731

00:30:13,279 --> 00:30:11,940

an ideal choice but well what ematic

732

00:30:14,480 --> 00:30:13,289

rifles are illegal though so if you

733

00:30:18,740 --> 00:30:14,490

can't get your hands on them they're

734

00:30:21,230 --> 00:30:18,750

this your second best option you have to

735

00:30:22,940 --> 00:30:21,240

have a class three license to get it i

736

00:30:24,529 --> 00:30:22,950

used to be afraid all a licensed

737

00:30:27,860 --> 00:30:24,539

firearms dealer under my business called

738

00:30:29,509 --> 00:30:27,870

world of weapons and you know we we sold

739

00:30:33,080 --> 00:30:29,519

quite a few weapons obviously whether

740

00:30:35,360 --> 00:30:33,090

most it was knives and especially so how

741

00:30:40,009 --> 00:30:35,370

would how would an individual joe like

742

00:30:41,509 --> 00:30:40,019

paddock get a class three license to go

743

00:30:43,369 --> 00:30:41,519

for the doc stamp doc free stamp you

744

00:30:45,980 --> 00:30:43,379

basically you submit a form that goes to

745

00:30:48,230 --> 00:30:45,990

atf whatever you buy a weapon there's a

746

00:30:50,029 --> 00:30:48,240

form called the 4473 that's you yellow

747

00:30:51,649 --> 00:30:50,039

form you fill out and that goes to atf

748

00:30:53,659 --> 00:30:51,659

and you have a three day waiting period

749

00:30:55,519 --> 00:30:53,669

which is part of the brady bill which

750

00:30:59,060 --> 00:30:55,529

when brave a shot is to make people wait

751  
00:31:02,029 --> 00:30:59,070  
three days because it Hinckley but with

752  
00:31:03,289 --> 00:31:02,039  
a with that type of class three you the

753  
00:31:05,480 --> 00:31:03,299  
waiting is a little bit longer they do a

754  
00:31:07,730 --> 00:31:05,490  
little bit more investigating into what

755  
00:31:09,080 --> 00:31:07,740  
it is you want it for whatever but most

756  
00:31:11,180 --> 00:31:09,090  
people get them for sports shooting and

757  
00:31:12,889 --> 00:31:11,190  
stuff like that and very I can't think

758  
00:31:16,850 --> 00:31:12,899  
of anyone I've ever known or anyone that

759  
00:31:19,700 --> 00:31:16,860  
I've ever sold a firearm to buy a fully

760  
00:31:22,039 --> 00:31:19,710  
auto weapon and go hunting with it so

761  
00:31:23,690 --> 00:31:22,049  
it's really just for sporting or for

762  
00:31:25,700 --> 00:31:23,700  
what-have-you but you know this is the

763  
00:31:27,500 --> 00:31:25,710

United States and you know you got two

764

00:31:30,529 --> 00:31:27,510

sides of that coin like why would

765

00:31:33,169 --> 00:31:30,539

someone even need that to even go do

766

00:31:34,460 --> 00:31:33,179

sports shooting I mean it just doesn't

767

00:31:35,930 --> 00:31:34,470

make a lot of sense to a lot of people

768

00:31:37,850 --> 00:31:35,940

but for the person that wants to do it

769

00:31:39,110 --> 00:31:37,860

makes a lot of sense to them it's a free

770

00:31:41,750 --> 00:31:39,120

country they want to do it they should

771

00:31:44,840 --> 00:31:41,760

be able to do it so what reason would

772

00:31:47,960 --> 00:31:44,850

Patek have given for his desire for an

773

00:31:52,129 --> 00:31:47,970

automatic rifle and that would have

774

00:31:54,230 --> 00:31:52,139

satisfied the guy issuing the license

775

00:31:57,440 --> 00:31:54,240

well that would call for speculation on

776

00:31:59,360 --> 00:31:57,450

our parts but if he did do it it would

777

00:32:02,269 --> 00:31:59,370

be normally for sports shooting or of

778

00:32:04,399 --> 00:32:02,279

some sort but that's it you just got to

779

00:32:05,810 --> 00:32:04,409

say I need it for sport shooting and

780

00:32:07,779 --> 00:32:05,820

then as long as you pass a background

781

00:32:11,149 --> 00:32:07,789

check meaning you got no convictions

782

00:32:12,259 --> 00:32:11,159

check the box you can wow I didn't know

783

00:32:14,230 --> 00:32:12,269

that I don't know if everybody else

784

00:32:17,740 --> 00:32:14,240

knows that we keep talking about banning

785

00:32:20,629 --> 00:32:17,750

semi-automatic rifles I had no idea that

786

00:32:22,220 --> 00:32:20,639

the semi fully automatic rifles if you

787

00:32:23,990 --> 00:32:22,230

listen to the Democratic side have been

788

00:32:26,659 --> 00:32:24,000

using that term quite a bit they semi

789

00:32:28,879 --> 00:32:26,669

fully automatic which is not even

790

00:32:31,909 --> 00:32:28,889

possible is it's just they're using the

791

00:32:33,680 --> 00:32:31,919

wrong term but yes semi automatic you

792

00:32:36,769 --> 00:32:33,690

have to actually do something to make

793

00:32:39,019 --> 00:32:36,779

the weapon fire each time right so you

794

00:32:41,810 --> 00:32:39,029

know let me ask you this all the other

795

00:32:44,180 --> 00:32:41,820

shootings and I decided to look it up

796

00:32:46,759 --> 00:32:44,190

and it looks like according to Wikipedia

797

00:32:51,889 --> 00:32:46,769

that since the Vegas shooting in the

798

00:32:53,749 --> 00:32:51,899

past two years 16 shootings where 10 or

799

00:32:57,590 --> 00:32:53,759

more people were injured or killed and

800

00:33:01,669 --> 00:32:57,600

30 over 30 where three or more were

801  
00:33:04,460 --> 00:33:01,679  
invited but in all those shootings did

802  
00:33:09,320 --> 00:33:04,470  
any of them involve automatic rifles as

803  
00:33:12,080 --> 00:33:09,330  
far as you know okay that is basically

804  
00:33:14,930 --> 00:33:12,090  
this it's it doesn't matter how many are

805  
00:33:16,869 --> 00:33:14,940  
automatic or what have you the question

806  
00:33:19,159 --> 00:33:16,879  
that most people have an issue with is

807  
00:33:21,139 --> 00:33:19,169  
the fact that that's an assault type

808  
00:33:24,259 --> 00:33:21,149  
rifle and the number of rounds that it

809  
00:33:25,549 --> 00:33:24,269  
can fire the number of okay fire but

810  
00:33:26,029 --> 00:33:25,559  
can't you fire a lot more quickly with

811  
00:33:27,620 --> 00:33:26,039  
automatic

812  
00:33:30,890 --> 00:33:27,630  
yeah of course but you're less

813  
00:33:32,600 --> 00:33:30,900

accurate so now that the thing the

814

00:33:34,580 --> 00:33:32,610

situation with Patek obviously is that

815

00:33:37,310 --> 00:33:34,590

he was firing into essentially a

816

00:33:42,010 --> 00:33:37,320

fishbowl this is the analogy to use and

817

00:33:44,810 --> 00:33:42,020

so that gave him you know the amount of

818

00:33:47,930 --> 00:33:44,820

carnage and without choosing a better

819

00:33:50,300 --> 00:33:47,940

word is a lot higher because he could

820

00:33:55,210 --> 00:33:50,310

just shoot and spray or scold spray and

821

00:33:57,800 --> 00:33:55,220

pray or write that would be a reason to

822

00:33:58,820 --> 00:33:57,810

prohibit potentially automatic rifles

823

00:34:00,440 --> 00:33:58,830

because if you're talking about shooting

824

00:34:02,270 --> 00:34:00,450

into a crowd you're gonna do a hell of a

825

00:34:03,560 --> 00:34:02,280

lot more damage yeah but you have to me

826

00:34:05,090 --> 00:34:03,570

what you have to be real careful about

827

00:34:07,490 --> 00:34:05,100

that because think about what Hillary

828

00:34:09,860 --> 00:34:07,500

Clinton said she's heard for her first

829

00:34:13,790 --> 00:34:09,870

things were to banned banned weapons

830

00:34:15,590 --> 00:34:13,800

ooha silencers and ban yes like there

831

00:34:16,879 --> 00:34:15,600

was no silencers on any of this what the

832

00:34:18,740 --> 00:34:16,889

weapons that were used here and that was

833

00:34:20,270 --> 00:34:18,750

the first thing she said so a lot of

834

00:34:22,790 --> 00:34:20,280

people jump on the bandwagon to ban

835

00:34:23,990 --> 00:34:22,800

things because one person or

836

00:34:25,250 --> 00:34:24,000

what-have-you if you look at all the

837

00:34:27,350 --> 00:34:25,260

shootings that happen in United States

838

00:34:29,030 --> 00:34:27,360

each year and compared to the number of

839

00:34:30,830 --> 00:34:29,040

shootings in a mass shooting and the

840

00:34:32,300 --> 00:34:30,840

specific weapons that are used you're

841

00:34:34,490 --> 00:34:32,310

probably gonna find that the numbers are

842

00:34:36,250 --> 00:34:34,500

pretty well skewed it's just whenever is

843

00:34:38,810 --> 00:34:36,260

something like this I'm not I'm not

844

00:34:41,570 --> 00:34:38,820

making an excuse for any of this I mean

845

00:34:44,990 --> 00:34:41,580

it sounds it's horrible no matter what

846

00:34:46,220 --> 00:34:45,000

but the the situation is kind of you

847

00:34:48,290 --> 00:34:46,230

know it's easy to jump on the bandwagon

848

00:34:50,840 --> 00:34:48,300

to ban something when an event like this

849

00:34:53,030 --> 00:34:50,850

happens well but you're really you're

850

00:34:55,369 --> 00:34:53,040

confusing me because you're saying that

851  
00:34:59,900 --> 00:34:55,379  
we've banned bump stock at least through

852  
00:35:03,410 --> 00:34:59,910  
executive order yep yet there's no ban

853  
00:35:04,370 --> 00:35:03,420  
on automatic harder to buy an automatic

854  
00:35:06,260 --> 00:35:04,380  
that's what that's the reason for the

855  
00:35:07,910 --> 00:35:06,270  
bump stocks and back in the day used to

856  
00:35:10,130 --> 00:35:07,920  
have a device called the Hellfire

857  
00:35:11,720 --> 00:35:10,140  
trigger and the Hellfire is actually

858  
00:35:15,850 --> 00:35:11,730  
what was used in the Branch Davidians in

859  
00:35:18,070 --> 00:35:15,860  
fact the company that I sold knives to I

860  
00:35:20,900 --> 00:35:18,080  
don't know if I meant well on the

861  
00:35:22,310 --> 00:35:20,910  
company American survivalists they sold

862  
00:35:23,900 --> 00:35:22,320  
the Hellfire triggers to Branch

863  
00:35:25,250 --> 00:35:23,910

Davidians and I had just sold them a

864

00:35:26,990 --> 00:35:25,260

whole bunch of switch blades so

865

00:35:28,730 --> 00:35:27,000

everybody thought everything was illegal

866

00:35:29,930 --> 00:35:28,740

no matter what it was and not to I

867

00:35:32,690 --> 00:35:29,940

didn't sell the Branch Davidians switch

868

00:35:34,700 --> 00:35:32,700

basis so Americans violence but the that

869

00:35:36,500 --> 00:35:34,710

that Hellfire trigger is just a spring

870

00:35:38,630 --> 00:35:36,510

mechanism that went right on the trigger

871

00:35:41,330 --> 00:35:38,640

much like the bump stock is a spring

872

00:35:41,630 --> 00:35:41,340

mechanism for the entire stock area they

873

00:35:43,220 --> 00:35:41,640

help

874

00:35:44,660 --> 00:35:43,230

our trigger was simply went behind the

875

00:35:46,160 --> 00:35:44,670

trigger and just you just put your

876

00:35:47,720 --> 00:35:46,170

finger in there and as the trigger would

877

00:35:51,680 --> 00:35:47,730

bounce back and forth into your hand is

878

00:35:53,390 --> 00:35:51,690

it illegal today not now no and so and

879

00:35:54,650 --> 00:35:53,400

that's that's the issue is they come up

880

00:35:58,250 --> 00:35:54,660

with these devices and to keep

881

00:36:01,099 --> 00:35:58,260

circumvent circumventing the laws and

882

00:36:03,230 --> 00:36:01,109

they keep allowing for loopholes in

883

00:36:04,640 --> 00:36:03,240

these laws through other devices made it

884

00:36:07,089 --> 00:36:04,650

what you think would be simple just to

885

00:36:09,680 --> 00:36:07,099

say any device that makes a weapon fire

886

00:36:11,150 --> 00:36:09,690

unnaturally you know meaning that it

887

00:36:13,339 --> 00:36:11,160

would it would otherwise it wouldn't

888

00:36:15,079 --> 00:36:13,349

fire without this device an impaired and

889

00:36:16,789 --> 00:36:15,089

that would be considered automatic or

890

00:36:18,079 --> 00:36:16,799

seemed automatic should be should be

891

00:36:19,819 --> 00:36:18,089

illegal to the general public

892

00:36:23,990 --> 00:36:19,829

and I agree with that I think that's

893

00:36:26,420 --> 00:36:24,000

fair why wouldn't panic have gone ahead

894

00:36:28,430 --> 00:36:26,430

and gotten automatic rifles good

895

00:36:31,039 --> 00:36:28,440

question he had the money obviously and

896

00:36:33,319 --> 00:36:31,049

you know he had the time because he'd be

897

00:36:36,109 --> 00:36:33,329

planning this over a decent period of

898

00:36:39,380 --> 00:36:36,119

time so that's a good question I don't

899

00:36:41,839 --> 00:36:39,390

know I can ask Eric and see if if he has

900

00:36:43,849 --> 00:36:41,849

an idea of what that would be yeah so as

901  
00:36:46,190 --> 00:36:43,859  
Long's were on the issue of all these

902  
00:36:48,049 --> 00:36:46,200  
mass shootings and so on you know people

903  
00:36:51,710 --> 00:36:48,059  
clearly there's been a significant

904  
00:36:53,660 --> 00:36:51,720  
increase in them what's your theory

905  
00:36:55,549 --> 00:36:53,670  
behind why we've seen such a huge

906  
00:36:58,759 --> 00:36:55,559  
increase in mass shootings and and what

907  
00:37:01,309 --> 00:36:58,769  
could be done about it I think it's a

908  
00:37:03,200 --> 00:37:01,319  
combination of many factors I think you

909  
00:37:07,460 --> 00:37:03,210  
know you have one side that believes

910  
00:37:12,769 --> 00:37:07,470  
video games have desensitized the teens

911  
00:37:15,769 --> 00:37:12,779  
and adults into you know viewing this as

912  
00:37:17,720 --> 00:37:15,779  
more of a video game like a you know

913  
00:37:20,740 --> 00:37:17,730

like one of the Tom Clancy series or

914

00:37:23,569 --> 00:37:20,750

something and so with that in mind the

915

00:37:25,819 --> 00:37:23,579

you know that takes care of your teenage

916

00:37:27,950 --> 00:37:25,829

group mainly because already desensitize

917

00:37:30,200 --> 00:37:27,960

it to it as they grow older so seeing it

918

00:37:31,370 --> 00:37:30,210

and fantasizing about it dreaming it

919

00:37:33,019 --> 00:37:31,380

because I don't know if you've ever

920

00:37:35,839 --> 00:37:33,029

played a first-person shooter game but I

921

00:37:37,880 --> 00:37:35,849

used to play them extensively and back

922

00:37:39,799 --> 00:37:37,890

in the days when it created Wolfenstein

923

00:37:41,900 --> 00:37:39,809

and doom and quake and all those games

924

00:37:43,910 --> 00:37:41,910

and I can tell you that I would go to

925

00:37:46,910 --> 00:37:43,920

sleep or in the middle of the day of a

926  
00:37:51,200 --> 00:37:46,920  
daydream about you know playing that

927  
00:37:53,569 --> 00:37:51,210  
game but I never I never thought of

928  
00:37:55,370 --> 00:37:53,579  
actually doing that in real life but if

929  
00:37:56,270 --> 00:37:55,380  
you're pissed off and you come home

930  
00:37:58,220 --> 00:37:56,280  
and you want to take out some

931  
00:38:00,680 --> 00:37:58,230  
frustrations it's better to take it out

932  
00:38:03,070 --> 00:38:00,690  
on a video game then you go down and do

933  
00:38:07,250 --> 00:38:03,080  
this so that's the other end of spectrum

934  
00:38:09,680 --> 00:38:07,260  
so that's one area the other thing is

935  
00:38:13,730 --> 00:38:09,690  
the United States has a very big problem

936  
00:38:16,250 --> 00:38:13,740  
with mental illness and if you haven't

937  
00:38:19,820 --> 00:38:16,260  
noticed a lot of these people have some

938  
00:38:22,480 --> 00:38:19,830

form of mental illness now they keep

939

00:38:24,770 --> 00:38:22,490

diagnosing these people after the fact

940

00:38:26,420 --> 00:38:24,780

but for some of the people they're

941

00:38:30,380 --> 00:38:26,430

diagnosed beforehand and they're all

942

00:38:32,570 --> 00:38:30,390

taking similar medications and there's

943

00:38:36,560 --> 00:38:32,580

another look at and that's something

944

00:38:38,240 --> 00:38:36,570

that I think that should be explored and

945

00:38:41,000 --> 00:38:38,250

of course you're right every single mass

946

00:38:42,530 --> 00:38:41,010

shooter has has been mentally ill so you

947

00:38:44,510 --> 00:38:42,540

so that gives you four times more

948

00:38:45,950 --> 00:38:44,520

likelihood right there just by doubling

949

00:38:52,520 --> 00:38:45,960

the population and doubling the number

950

00:39:04,030 --> 00:38:52,530

of mental illness differences between so

951  
00:39:06,530 --> 00:39:04,040  
the 50s and today watching movies and I

952  
00:39:19,220 --> 00:39:06,540  
used to play I used to play war in the

953  
00:39:22,070 --> 00:39:19,230  
backyard my system you didn't I'm still

954  
00:39:25,550 --> 00:39:22,080  
there but I'm heading across the street

955  
00:39:28,430 --> 00:39:25,560  
here now the way America has changed

956  
00:39:31,120 --> 00:39:28,440  
over the past 50 or so years back in the

957  
00:39:33,290 --> 00:39:31,130  
day you know we got behind a bunch of

958  
00:39:35,060 --> 00:39:33,300  
different programs like when the moon

959  
00:39:37,220 --> 00:39:35,070  
shot things like that in America could

960  
00:39:41,780 --> 00:39:37,230  
get together and I never seen this

961  
00:39:44,110 --> 00:39:41,790  
before and I take a look at this these

962  
00:39:52,190 --> 00:39:44,120  
are the names of the honoring the 58

963  
00:39:53,620 --> 00:39:52,200

nice name by the gate here so what are

964

00:39:55,910 --> 00:39:53,630

those things that are tied to that gene

965

00:39:57,650 --> 00:39:55,920

each of the chains have a piece of metal

966

00:39:59,210 --> 00:39:57,660

on it in the name of one of the 58 is

967

00:40:02,360 --> 00:39:59,220

described on the or written and

968

00:40:04,430 --> 00:40:02,370

indelible ink on those is that new for

969

00:40:05,690 --> 00:40:04,440

today do you think I've never seen

970

00:40:08,370 --> 00:40:05,700

before that's the first time I've seen

971

00:40:10,080 --> 00:40:08,380

it is that the that's the

972

00:40:12,000 --> 00:40:10,090

it's fenced off obviously but that's one

973

00:40:17,180 --> 00:40:12,010

of the entrances I made I think this is

974

00:40:21,450 --> 00:40:20,010

so this is gate six so this is actually

975

00:40:24,570 --> 00:40:21,460

what Karthik Carlos came out that the

976

00:40:26,160 --> 00:40:24,580

the 15 minute the longer video that

977

00:40:29,310 --> 00:40:26,170

everybody remembers seeing this is a

978

00:40:30,690 --> 00:40:29,320

gate he came out of but that's I've

979

00:40:32,130 --> 00:40:30,700

never seen that here there's really

980

00:40:35,370 --> 00:40:32,140

nothing here the thing is is that

981

00:40:36,870 --> 00:40:35,380

they've never they never put up any well

982

00:40:38,700 --> 00:40:36,880

other than the plan on doing the

983

00:40:40,320 --> 00:40:38,710

memorial they plan on doing that but the

984

00:40:42,480 --> 00:40:40,330

only moral this year is Melissa's which

985

00:40:43,890 --> 00:40:42,490

is right across the way here at the end

986

00:40:46,050 --> 00:40:43,900

of Alabama and across the street were

987

00:40:47,700 --> 00:40:46,060

where I got that video let me ask you

988

00:40:50,010 --> 00:40:47,710

essentially they are about snipers

989

00:40:51,780 --> 00:40:50,020

should there have been snipers there and

990

00:40:53,760 --> 00:40:51,790

if so where would they have been and how

991

00:40:56,250 --> 00:40:53,770

effective would they have been well that

992

00:40:58,110 --> 00:40:56,260

gets into some of the Mac TAC and how

993

00:41:00,000 --> 00:40:58,120

and how they're supposed to respond to

994

00:41:02,430 --> 00:41:00,010

these types of situations and we're

995

00:41:03,510 --> 00:41:02,440

looking at with you're probably here

996

00:41:09,240 --> 00:41:03,520

know what I win again let me turn around

997

00:41:12,300 --> 00:41:09,250

so I can actually talk to you putting

998

00:41:15,210 --> 00:41:12,310

snipers up is is a catch-22 because they

999

00:41:17,070 --> 00:41:15,220

have to identify the target determine if

1000

00:41:20,550 --> 00:41:17,080

the target is still a credible threat

1001  
00:41:21,840 --> 00:41:20,560  
and then take out the target if they're

1002  
00:41:25,500 --> 00:41:21,850  
really good then they just take out the

1003  
00:41:29,250 --> 00:41:25,510  
weapon but the main thing is is to

1004  
00:41:30,630 --> 00:41:29,260  
remove the threat and if you that's

1005  
00:41:33,660 --> 00:41:30,640  
what's going to happen from here on out

1006  
00:41:37,110 --> 00:41:33,670  
because some of the changes will be just

1007  
00:41:39,510 --> 00:41:37,120  
that will be them actually putting

1008  
00:41:42,840 --> 00:41:39,520  
snipers in the locations they actually

1009  
00:41:44,700 --> 00:41:42,850  
tried to have a sniper shoot a scenario

1010  
00:41:48,690 --> 00:41:44,710  
similar to this I'm sure I saw this

1011  
00:41:51,960 --> 00:41:48,700  
might from similar to this with with a

1012  
00:41:57,270 --> 00:41:51,970  
sniper up or helicopters flying over

1013  
00:42:00,180 --> 00:41:57,280

here over the event and then a janitor

1014

00:42:01,520 --> 00:42:00,190

just got here if somebody's going home

1015

00:42:03,589 --> 00:42:01,530

but the

1016

00:42:05,540 --> 00:42:03,599

[Music]

1017

00:42:06,890 --> 00:42:05,550

the way the way that they're planning on

1018

00:42:08,750 --> 00:42:06,900

doing that is to have them set up in

1019

00:42:10,579 --> 00:42:08,760

strategic locations now for cater

1020

00:42:13,310 --> 00:42:10,589

obviously with his two towers right

1021

00:42:15,500 --> 00:42:13,320

there in the background yeah you can

1022

00:42:18,290 --> 00:42:15,510

climb up inside there actually went

1023

00:42:20,089 --> 00:42:18,300

inside those the last time or long about

1024

00:42:22,910 --> 00:42:20,099

a year ago everybody thought that that

1025

00:42:25,790 --> 00:42:22,920

was a possible place where they was

1026  
00:42:28,370 --> 00:42:25,800  
hiring some because it if there had been

1027  
00:42:31,450 --> 00:42:28,380  
snipers on the rooftop of Mandalay Bay

1028  
00:42:34,339 --> 00:42:31,460  
is there anyone has anything why not

1029  
00:42:35,210 --> 00:42:34,349  
well if you're on top of being on top of

1030  
00:42:38,599 --> 00:42:35,220  
the building you're trying to shoot down

1031  
00:42:43,190 --> 00:42:38,609  
into room 32 well I'm thinking about the

1032  
00:42:45,430 --> 00:42:43,200  
other Tower or the other wing yeah is

1033  
00:42:47,960 --> 00:42:45,440  
the placement of the sniper is obviously

1034  
00:42:51,470 --> 00:42:47,970  
the same situation is the placement of

1035  
00:42:53,480 --> 00:42:51,480  
the shooter so both are just as equally

1036  
00:42:55,430 --> 00:42:53,490  
important so you would have to you'd

1037  
00:42:59,109 --> 00:42:55,440  
have to think like the shooter and

1038  
00:43:03,920 --> 00:42:59,119

determine where is it to you want to be

1039

00:43:05,660 --> 00:43:03,930

just a little bit to leather yeah well I

1040

00:43:08,359 --> 00:43:05,670

mean you're looking at the hotel's now

1041

00:43:10,160 --> 00:43:08,369

and knowing where paddock was is there

1042

00:43:11,900 --> 00:43:10,170

any if you had been on a different wing

1043

00:43:14,390 --> 00:43:11,910

of the Mandalay Bay or if you'd been on

1044

00:43:17,480 --> 00:43:14,400

the Delano would that it made a

1045

00:43:19,040 --> 00:43:17,490

difference I don't know would have not

1046

00:43:21,079 --> 00:43:19,050

worked at all because it's essentially

1047

00:43:22,310 --> 00:43:21,089

behind and I'm getting closer to the

1048

00:43:23,390 --> 00:43:22,320

Mandalay Bay so you'll actually get a

1049

00:43:25,839 --> 00:43:23,400

very good perspective here in this

1050

00:43:29,870 --> 00:43:25,849

moment maybe we'll go find some glass

1051  
00:43:32,510 --> 00:43:29,880  
but the the angle wouldn't work now if I

1052  
00:43:34,970 --> 00:43:32,520  
was in my room and three to two or nine

1053  
00:43:36,530 --> 00:43:34,980  
I could shoot at one of the rooms I

1054  
00:43:38,300 --> 00:43:36,540  
wouldn't be able to hit I would not have

1055  
00:43:40,190 --> 00:43:38,310  
been able to hit him in three two one

1056  
00:43:42,079 --> 00:43:40,200  
three five but when he came over two

1057  
00:43:44,599 --> 00:43:42,089  
three two ones before I probably could

1058  
00:43:45,829 --> 00:43:44,609  
hit him if he was at the window but he

1059  
00:43:47,750 --> 00:43:45,839  
wasn't at the one that was laying across

1060  
00:43:51,079 --> 00:43:47,760  
the bed so I still wouldn't been able to

1061  
00:43:55,190 --> 00:43:51,089  
hit him what about the Life is Beautiful

1062  
00:43:56,810 --> 00:43:55,200  
festival downtown I know that he scoped

1063  
00:43:58,790 --> 00:43:56,820

it out a week before the Vegas shooting

1064

00:44:08,440 --> 00:43:58,800

I think they think they just held that

1065

00:44:12,590 --> 00:44:10,100

the question is

1066

00:44:16,730 --> 00:44:12,600

was this going to be an event at the

1067

00:44:18,860 --> 00:44:16,740

augment I don't think so basically

1068

00:44:21,050 --> 00:44:18,870

because he he took a number of trips

1069

00:44:23,180 --> 00:44:21,060

back and forth to mesquite back to

1070

00:44:25,910 --> 00:44:23,190

Mandalay Bay and he did not do that same

1071

00:44:27,980 --> 00:44:25,920

thing when he was at the Ogden so he

1072

00:44:30,590 --> 00:44:27,990

brought the number of number suitcases

1073

00:44:32,390 --> 00:44:30,600

whatever there and of course at Mandalay

1074

00:44:34,880 --> 00:44:32,400

Bay it was a little easier for him

1075

00:44:36,350 --> 00:44:34,890

because he was more known and as you as

1076

00:44:39,770 --> 00:44:36,360

you saw when I was going up the service

1077

00:44:42,220 --> 00:44:39,780

elevators how easy that was to do he

1078

00:44:45,110 --> 00:44:42,230

didn't seem to have a problem here yeah

1079

00:44:46,940 --> 00:44:45,120

what about security for the Life is

1080

00:44:49,070 --> 00:44:46,950

Beautiful festival do you know if they

1081

00:44:51,440 --> 00:44:49,080

had snipers you know what what extang's

1082

00:44:54,560 --> 00:44:51,450

they put in place I don't know if they I

1083

00:44:55,850 --> 00:44:54,570

just got the head snipers it's possible

1084

00:44:59,270 --> 00:44:55,860

I don't wanna say they didn't and they

1085

00:45:01,040 --> 00:44:59,280

did but I'll say the I would say no that

1086

00:45:03,770 --> 00:45:01,050

they didn't how about how about extra

1087

00:45:05,600 --> 00:45:03,780

security in the hotels to make sure

1088

00:45:06,800 --> 00:45:05,610

nobody's bringing rifles up to their

1089

00:45:07,640 --> 00:45:06,810

rooms during the life is beautiful

1090

00:45:10,730 --> 00:45:07,650

festival

1091

00:45:12,470 --> 00:45:10,740

well that's what you would think they

1092

00:45:14,060 --> 00:45:12,480

only know the hotel here that actually

1093

00:45:16,430 --> 00:45:14,070

went out of their way to make extra

1094

00:45:19,910 --> 00:45:16,440

security in the last few years is the

1095

00:45:22,460 --> 00:45:19,920

wind and of course we saw how well that

1096

00:45:25,400 --> 00:45:22,470

worked when I went up there service

1097

00:45:27,970 --> 00:45:25,410

elevators but the extra security that

1098

00:45:30,080 --> 00:45:27,980

they put in a place since the shooting

1099

00:45:32,960 --> 00:45:30,090

now keep in mind whenever when I did the

1100

00:45:36,880 --> 00:45:32,970

elevator trips the first 27 times before

1101

00:45:38,570 --> 00:45:36,890

I took lower Loomer up then they did a

1102

00:45:39,920 --> 00:45:38,580

statement that they were going to look

1103

00:45:41,060 --> 00:45:39,930

at the footage and change their security

1104

00:45:41,930 --> 00:45:41,070

whether they change their security and

1105

00:45:45,170 --> 00:45:41,940

then I did it again

1106

00:45:49,460 --> 00:45:45,180

so the the problem with their security

1107

00:45:53,270 --> 00:45:49,470

is how is there throwing technology at a

1108

00:45:55,310 --> 00:45:53,280

human problem and so what you need to do

1109

00:45:57,830 --> 00:45:55,320

is have well-trained employees knowing

1110

00:46:00,080 --> 00:45:57,840

what to look for and if that would have

1111

00:46:02,150 --> 00:46:00,090

been the case it probably would have

1112

00:46:05,060 --> 00:46:02,160

been different the number of bags going

1113

00:46:07,070 --> 00:46:05,070

to the room the the guys helping them

1114

00:46:08,810 --> 00:46:07,080

load the bags well that should be your

1115

00:46:12,200 --> 00:46:08,820

next test is trying to get up to a

1116

00:46:25,150 --> 00:46:12,210

Mandalay Bay room with with read up with

1117

00:46:33,020 --> 00:46:28,069

I'm gonna do that while I'm here so if

1118

00:46:36,410 --> 00:46:33,030

this airs tomorrow on some sort of list

1119

00:46:42,859 --> 00:46:36,420

but we'll see how good their facial

1120

00:46:48,170 --> 00:46:42,869

recognition let me ask you for an update

1121

00:46:49,760 --> 00:46:48,180

on FBI FOIA requests etc okay you know

1122

00:46:51,319 --> 00:46:49,770

what do you know about is the FBI going

1123

00:46:52,549 --> 00:46:51,329

to release anything else in our through

1124

00:46:53,690 --> 00:46:52,559

these house staining for you request

1125

00:46:55,490 --> 00:46:53,700

trying to get the information because

1126

00:46:59,120 --> 00:46:55,500

all we've seen so far is a two and a

1127

00:47:00,710 --> 00:46:59,130

half page letter yeah and the thing is

1128

00:47:04,160 --> 00:47:00,720

what people have to remember is the FBI

1129

00:47:06,470 --> 00:47:04,170

was not the lead on this case LVM PD was

1130

00:47:08,750 --> 00:47:06,480

the lead the FBI was a supportive role

1131

00:47:10,099 --> 00:47:08,760

so we were looking for a report that we

1132

00:47:11,779 --> 00:47:10,109

probably should have thought more

1133

00:47:13,640 --> 00:47:11,789

clearly about and understood that we

1134

00:47:16,370 --> 00:47:13,650

weren't going to get that but all of

1135

00:47:20,539 --> 00:47:16,380

what I was told and what my

1136

00:47:23,420 --> 00:47:20,549

understanding is that all of the reports

1137

00:47:24,890 --> 00:47:23,430

were sent back to lb MPD and they should

1138

00:47:27,170 --> 00:47:24,900

have disseminated those out to the

1139

00:47:29,900 --> 00:47:27,180

public or out to the media as they were

1140

00:47:32,420 --> 00:47:29,910

required to do by the court and they

1141

00:47:34,970 --> 00:47:32,430

didn't do that in fact it's my estimate

1142

00:47:36,339 --> 00:47:34,980

and the estimate of two other or a few

1143

00:47:39,220 --> 00:47:36,349

other people here that they're

1144

00:47:41,539 --> 00:47:39,230

behind-the-scenes guys that I actually

1145

00:47:43,880 --> 00:47:41,549

know a lot of credit to there's two guys

1146

00:47:47,180 --> 00:47:43,890

here well of course one is we're going

1147

00:47:49,519 --> 00:47:47,190

the others lbs a on YouTube and those

1148

00:47:51,799 --> 00:47:49,529

guys have done a tremendous amount of

1149

00:47:54,049 --> 00:47:51,809

work on archiving all of this

1150

00:47:56,000 --> 00:47:54,059

information and what has come out of

1151

00:47:58,970 --> 00:47:56,010

that especially with the work of LVS a

1152

00:48:01,250 --> 00:47:58,980

is nestled on Vegas shooting archive by

1153

00:48:03,740 --> 00:48:01,260

the way what's come out of that is that

1154

00:48:07,640 --> 00:48:03,750

there's an estimate of at least probably

1155

00:48:09,589 --> 00:48:07,650

about 50% of the documents and videos of

1156

00:48:11,450 --> 00:48:09,599

body 1 camera videos and various other

1157

00:48:13,510 --> 00:48:11,460

footage and stuff that was supposed to

1158

00:48:17,059 --> 00:48:13,520

be released to the media was never done

1159

00:48:19,069 --> 00:48:17,069

so the court order effectively sheriff

1160

00:48:20,630 --> 00:48:19,079

Lombardo and the LVN PD is in contempt

1161

00:48:22,579 --> 00:48:20,640

of court because they were ordered to

1162

00:48:24,289 --> 00:48:22,589

release at all that would mean

1163

00:48:27,109 --> 00:48:24,299

everything including whatever they've

1164

00:48:29,450 --> 00:48:27,119

acquired from whatever they've acquired

1165

00:48:31,880 --> 00:48:29,460

from the cameras that were taken from

1166

00:48:34,039 --> 00:48:31,890

the public the the footage from people's

1167

00:48:36,589 --> 00:48:34,049

cell phones if they did do that and

1168

00:48:37,460 --> 00:48:36,599

quite a few other things but we've never

1169

00:48:39,260 --> 00:48:37,470

seen it you

1170

00:48:40,190 --> 00:48:39,270

what about the plaintiffs lawyers I

1171

00:48:41,690 --> 00:48:40,200

would think they would want this

1172

00:48:45,589 --> 00:48:41,700

information and they certainly have the

1173

00:48:50,260 --> 00:48:45,599

resources to get it you think and you

1174

00:48:52,880 --> 00:48:50,270

know I don't think they I think it went

1175

00:48:55,400 --> 00:48:52,890

and once they realized that the the case

1176

00:48:58,460 --> 00:48:55,410

has gone into a settlement talks that

1177

00:49:00,410 --> 00:48:58,470

maybe that part of the the action on

1178

00:49:02,420 --> 00:49:00,420

their part would slow down and that's

1179

00:49:03,710 --> 00:49:02,430

that would probably hinder their their

1180

00:49:05,630 --> 00:49:03,720

ability to do stuff if they're so

1181

00:49:07,280 --> 00:49:05,640

hammering other lawyers while they're

1182

00:49:08,570 --> 00:49:07,290

trying to get other stuff is they

1183

00:49:11,120 --> 00:49:08,580

probably the other lawyers probably

1184

00:49:12,200 --> 00:49:11,130

wouldn't respond in kind so they

1185

00:49:13,970 --> 00:49:12,210

probably have an agreement of saying

1186

00:49:15,170 --> 00:49:13,980

okay we're gonna stop you're gonna stop

1187

00:49:16,849 --> 00:49:15,180

what you're doing there and we're going

1188

00:49:19,580 --> 00:49:16,859

to negotiate on the amount at this point

1189

00:49:22,040 --> 00:49:19,590

no more asking for this or that

1190

00:49:24,080 --> 00:49:22,050

as far as documents from the FBI though

1191

00:49:27,109 --> 00:49:24,090

I think rouse has been quoted as saying

1192

00:49:29,120 --> 00:49:27,119

that we've got over a thousand agents

1193

00:49:31,790 --> 00:49:29,130

and over a hundred offices to

1194

00:49:34,550 --> 00:49:31,800

investigating this so sounds like a lot

1195

00:49:38,990 --> 00:49:34,560

of work product there's a lot and I have

1196

00:49:41,750 --> 00:49:39,000

with an with another person her name is

1197

00:49:43,430 --> 00:49:41,760

we'll just call Michelle we were or she

1198

00:49:45,670 --> 00:49:43,440

was able to get a foyer approved and

1199

00:49:48,770 --> 00:49:45,680

I've I'm gonna help her with that and

1200

00:49:51,829 --> 00:49:48,780

we've got 28 CDs worth of information

1201  
00:49:54,589 --> 00:49:51,839  
coming to us for over 14,000 documents

1202  
00:49:57,500 --> 00:49:54,599  
all on just Steven paddock as fourteen

1203  
00:50:00,349 --> 00:49:57,510  
thousand documents or pages just on

1204  
00:50:01,280 --> 00:50:00,359  
Steven paddock so and we don't know

1205  
00:50:02,810 --> 00:50:01,290  
really what it's all going to be

1206  
00:50:04,849 --> 00:50:02,820  
included in there my four-year request

1207  
00:50:07,849 --> 00:50:04,859  
I've got three in there that are fairly

1208  
00:50:09,170 --> 00:50:07,859  
a fairly large request and mainly I'm

1209  
00:50:10,310 --> 00:50:09,180  
trying to get the ballistics right now

1210  
00:50:13,160 --> 00:50:10,320  
is what I've been trying to do is going

1211  
00:50:14,560 --> 00:50:13,170  
to ask what does the FBI said in

1212  
00:50:17,870 --> 00:50:14,570  
response to your four-year requests

1213  
00:50:20,570 --> 00:50:17,880

nothing so far they they haven't really

1214

00:50:22,099 --> 00:50:20,580

approved or disapproved they said one of

1215

00:50:24,230 --> 00:50:22,109

them was said it was overly broad and

1216

00:50:26,300 --> 00:50:24,240

burdensome and it would be handled by

1217

00:50:27,589 --> 00:50:26,310

and I got that basic response that a lot

1218

00:50:28,880 --> 00:50:27,599

of people got back was that all the

1219

00:50:32,359 --> 00:50:28,890

information will be put into the FBI

1220

00:50:34,250 --> 00:50:32,369

vault but the FBI is not a term of a

1221

00:50:35,900 --> 00:50:34,260

physical location it's actually part of

1222

00:50:37,700 --> 00:50:35,910

their website that they put information

1223

00:50:38,870 --> 00:50:37,710

that they release to the public in a

1224

00:50:40,700 --> 00:50:38,880

certain area where you can go take a

1225

00:50:42,079 --> 00:50:40,710

look at it and what have you and that's

1226

00:50:43,700 --> 00:50:42,089

where they started going to put it it's

1227

00:50:45,589 --> 00:50:43,710

but it's two years now and then we don't

1228

00:50:46,700 --> 00:50:45,599

have anything there and I'm hoping that

1229

00:50:48,470 --> 00:50:46,710

they're not going to wait until they get

1230

00:50:49,760 --> 00:50:48,480

you know all of it that they're going to

1231

00:50:50,930 --> 00:50:49,770

do done and put it in there they can

1232

00:50:53,180 --> 00:50:50,940

make it a work in progress and

1233

00:50:56,390 --> 00:50:53,190

because it's a large amount of

1234

00:50:59,270 --> 00:50:56,400

information yeah they made a lot of bold

1235

00:51:00,770 --> 00:50:59,280

conclusions in that two-and-a-half page

1236

00:51:02,599 --> 00:51:00,780

letter including that Isis had

1237

00:51:04,040 --> 00:51:02,609

absolutely nothing to do with it I would

1238

00:51:07,609 --> 00:51:04,050

just like to see some of the supporting

1239

00:51:10,250 --> 00:51:07,619

documentation yeah well I can I can back

1240

00:51:12,309 --> 00:51:10,260

them up on that one the ISIS in this

1241

00:51:15,440 --> 00:51:12,319

particular case I know we talked about a

1242

00:51:17,990 --> 00:51:15,450

lady that had a different opinion to

1243

00:51:21,380 --> 00:51:18,000

that but the intelligence community

1244

00:51:22,609 --> 00:51:21,390

would be screaming quite a bit if Isis

1245

00:51:25,579 --> 00:51:22,619

had something to do with it you would

1246

00:51:27,319 --> 00:51:25,589

have already heard cries come out from

1247

00:51:29,930 --> 00:51:27,329

the intelligence community of several

1248

00:51:32,740 --> 00:51:29,940

whistleblowers talking about that

1249

00:51:38,390 --> 00:51:35,990

I tend to agree I'm just kind of curious

1250

00:51:40,069 --> 00:51:38,400

because it is so significant that Isis

1251  
00:51:42,140 --> 00:51:40,079  
claimed responsibility twice through

1252  
00:51:44,770 --> 00:51:42,150  
official channels and it turned out that

1253  
00:51:47,390 --> 00:51:44,780  
it was bogus I would love to kind of see

1254  
00:51:52,430 --> 00:51:47,400  
you know what investigation was done of

1255  
00:51:54,109 --> 00:51:52,440  
that and how they just you know show you

1256  
00:51:55,730 --> 00:51:54,119  
that they're gonna say how they were

1257  
00:52:01,910 --> 00:51:55,740  
able to find out something wasn't going

1258  
00:52:04,250 --> 00:52:01,920  
to happen in telecommute

1259  
00:52:06,319 --> 00:52:04,260  
through our investigation and through

1260  
00:52:07,819 --> 00:52:06,329  
blah blah blah we were able to determine

1261  
00:52:09,290 --> 00:52:07,829  
Isis had nothing to do with and that's

1262  
00:52:10,819 --> 00:52:09,300  
all you're gonna be here they're not

1263  
00:52:11,839 --> 00:52:10,829

going to tell you how they were able to

1264

00:52:14,750 --> 00:52:11,849

know that they weren't going to do it

1265

00:52:16,960 --> 00:52:14,760

because that would tip the hand over to

1266

00:52:19,609 --> 00:52:16,970

Isis to say hey this is how we find out

1267

00:52:20,690 --> 00:52:19,619

and here you go or which you know one of

1268

00:52:22,250 --> 00:52:20,700

the things a lot of people don't know is

1269

00:52:24,140 --> 00:52:22,260

a lot of the intelligence gathering now

1270

00:52:28,910 --> 00:52:24,150

is done through video games sorry about

1271

00:52:31,370 --> 00:52:28,920

the background noise but a lot of the

1272

00:52:32,540 --> 00:52:31,380

intelligence gathering is actually done

1273

00:52:34,309 --> 00:52:32,550

through video games you have a lot of

1274

00:52:37,849 --> 00:52:34,319

people that are that are hired to work

1275

00:52:40,099 --> 00:52:37,859

for well we'll just call it a agency

1276  
00:52:41,839 --> 00:52:40,109  
somewhere and they play video games all

1277  
00:52:43,640 --> 00:52:41,849  
day long and they play the video games

1278  
00:52:46,250 --> 00:52:43,650  
with Isis members would you believe that

1279  
00:52:50,030 --> 00:52:46,260  
not crazy that's what they do

1280  
00:52:52,940 --> 00:52:50,040  
and because that is now the unit or X X

1281  
00:52:55,280 --> 00:52:52,950  
Isis members are current current Isis

1282  
00:52:57,260 --> 00:52:55,290  
members and the reason the reason well

1283  
00:52:59,839 --> 00:52:57,270  
Massacre now because Isis pretty old

1284  
00:53:02,540 --> 00:52:59,849  
I wouldn't say disbanded but what video

1285  
00:53:04,370 --> 00:53:02,550  
game are they playing they play a

1286  
00:53:06,799 --> 00:53:04,380  
first-person shooters but they

1287  
00:53:09,470 --> 00:53:06,809  
game systems Playstation and that's

1288  
00:53:11,900 --> 00:53:09,480

essentially the the method that they

1289

00:53:15,109 --> 00:53:11,910

choose for communication because it's

1290

00:53:16,400 --> 00:53:15,119

very hard to monitor communication over

1291

00:53:18,259 --> 00:53:16,410

a video game channel

1292

00:53:19,999 --> 00:53:18,269

yeah because those things are set up and

1293

00:53:24,019 --> 00:53:20,009

taken down at will and each one is

1294

00:53:26,900 --> 00:53:24,029

encrypted so the FBI is listening in on

1295

00:53:30,680 --> 00:53:26,910

it by by participating somehow in the

1296

00:53:35,410 --> 00:53:30,690

back channels of those games not but

1297

00:53:40,299 --> 00:53:38,180

you got a in the three-letter range and

1298

00:53:45,099 --> 00:53:40,309

you'll get it eventually

1299

00:53:46,279 --> 00:53:45,109

well I'll need to confirmed or denied

1300

00:53:49,640 --> 00:53:46,289

DEA

1301

00:53:52,910 --> 00:53:49,650

no no no what media DDA would be

1302

00:53:53,599 --> 00:53:52,920

domestic CIA would be would be foreign

1303

00:53:55,249 --> 00:53:53,609

and domestic

1304

00:54:00,259 --> 00:53:55,259

and there's another agency that handles

1305

00:54:02,240 --> 00:54:00,269

just primarily like 99% foreign alright

1306

00:54:07,730 --> 00:54:02,250

we'll come off a largest largest agency

1307

00:54:12,109 --> 00:54:07,740

in the world of its type I'm out of

1308

00:54:13,519 --> 00:54:12,119

guesses come on come on Michael okay all

1309

00:54:15,349 --> 00:54:13,529

of our listeners I'm sure know what it

1310

00:54:17,539 --> 00:54:15,359

is well I'm they went up enough not to

1311

00:54:20,210 --> 00:54:17,549

figure it out well just say look up this
