

LT. TIM MCMILLAN (RET.)

INVESTIGATIVE JOURNALIST & RESEARCHER

HIDDEN TRUTH SHOW WITH JIM BRESLO

SPACE RACE

AVAILABLE ON ALL PODCAST APPS

1
00:00:16,400 --> 00:00:12,440
I thought I would start by having you

2
00:00:19,040 --> 00:00:16,410
tell briefly your UFO story because I

3
00:00:21,650 --> 00:00:19,050
know that that plays a role into you

4
00:00:23,540 --> 00:00:21,660
choosing to investigate this type of

5
00:00:25,160 --> 00:00:23,550
phenomena as opposed to the thousands of

6
00:00:27,439 --> 00:00:25,170
other things that you could choose to

7
00:00:29,750 --> 00:00:27,449
investigate so you might you mind

8
00:00:33,500 --> 00:00:29,760
starting with your story it's it's it's

9
00:00:37,459 --> 00:00:33,510
pretty pretty fascinating sure yeah no I

10
00:00:37,880 --> 00:00:37,469
and I don't mind telling it eight years

11
00:00:43,819 --> 00:00:37,890
ago

12
00:00:46,040 --> 00:00:43,829
another friend who at the time I was

13
00:00:47,510 --> 00:00:46,050

still policing and so the free nose was

14

00:00:50,569 --> 00:00:47,520

also Police Sergeant we were off-duty

15

00:00:52,790 --> 00:00:50,579

and I was leaving her house and we were

16

00:00:54,500 --> 00:00:52,800

sent no standing outside chatting for a

17

00:00:56,209 --> 00:00:54,510

few minutes before I headed home do I

18

00:00:59,090 --> 00:00:56,219

need to ask whether you were drinking or

19

00:01:00,560 --> 00:00:59,100

doing any other substances well you're

20

00:01:03,280 --> 00:01:00,570

welcome to ask and I promise you I

21

00:01:07,100 --> 00:01:03,290

wasn't we were we were stone sober and

22

00:01:09,670 --> 00:01:07,110

strolling centers yeah okay you caught

23

00:01:16,940 --> 00:01:13,880

yes stone sober not stoned sober okay no

24

00:01:19,940 --> 00:01:16,950

note no drinking or other or other

25

00:01:23,630 --> 00:01:19,950

hallucinogens etc nothing of that nature

26

00:01:25,609 --> 00:01:23,640

yeah and it happened to be a very clear

27

00:01:27,140 --> 00:01:25,619

night I want to say that because on the

28

00:01:29,990 --> 00:01:27,150

coast Stearns of that because the

29

00:01:32,179 --> 00:01:30,000

humidity unless it is freezing cold and

30

00:01:34,580 --> 00:01:32,189

you don't want to be outside that's the

31

00:01:36,020 --> 00:01:34,590

only time you see stars and I've never

32

00:01:39,410 --> 00:01:36,030

been to Savannah I've heard great things

33

00:01:41,120 --> 00:01:39,420

about it pretty city great not good for

34

00:01:44,270 --> 00:01:41,130

stargazing although that night it was

35

00:01:46,370 --> 00:01:44,280

because it was so cold and so this was

36

00:01:49,359 --> 00:01:46,380

in the wintertime about when we would

37

00:01:53,149 --> 00:01:49,369

time in the evening live in 30 at night

38

00:01:56,709 --> 00:01:53,159

yeah it was December and we were just

39

00:02:00,380 --> 00:01:56,719

chatting in the yard before I left and

40

00:02:02,690 --> 00:02:00,390

out of nowhere you know is one of these

41

00:02:05,539 --> 00:02:02,700

things like people talk about it these

42

00:02:06,770 --> 00:02:05,549

three lights just pop up into the sky

43

00:02:10,850 --> 00:02:06,780

like somebody flipped the light switch

44

00:02:12,199 --> 00:02:10,860

and I mean they were as big as a PE if

45

00:02:13,670 --> 00:02:12,209

you held it out at arm's length and

46

00:02:17,660 --> 00:02:13,680

that's how bright they were all

47

00:02:18,949 --> 00:02:17,670

straight row and you know I told me but

48

00:02:20,869 --> 00:02:18,959

this is not when these things were you

49

00:02:23,000 --> 00:02:20,879

see something I got what is that this

50

00:02:25,309 --> 00:02:23,010

was a holy Sh

51
00:02:27,770 --> 00:02:25,319
what is that you know who was evident

52
00:02:31,309 --> 00:02:27,780
something was there and they stayed on

53
00:02:34,640 --> 00:02:31,319
for 30 seconds and they just cut off

54
00:02:36,170 --> 00:02:34,650
like somebody flipped a switch and you

55
00:02:37,970 --> 00:02:36,180
know we said they're kind of stunned by

56
00:02:39,800 --> 00:02:37,980
that the friend I was with she she was a

57
00:02:43,520 --> 00:02:39,810
little frightened I was like no no

58
00:02:46,280 --> 00:02:43,530
what's that I love mysteries and then

59
00:02:48,920 --> 00:02:46,290
after about 30 more seconds the first

60
00:02:50,929 --> 00:02:48,930
three we first saw just cut back on and

61
00:02:53,300 --> 00:02:50,939
there's two more kind of evenly spaced

62
00:02:55,339 --> 00:02:53,310
as if they were all in a straight row

63
00:02:58,039 --> 00:02:55,349

and then at that point they were kind of

64

00:03:00,020 --> 00:02:58,049

low on the horizon we're looking towards

65

00:03:02,089 --> 00:03:00,030

the west towards where the the town that

66

00:03:03,559 --> 00:03:02,099

she lived and would have been and so I

67

00:03:06,830 --> 00:03:03,569

guess the ambient lighting of the

68

00:03:09,619 --> 00:03:06,840

horizon I always caution to tell people

69

00:03:11,750 --> 00:03:09,629

this it appeared that these lights were

70

00:03:13,390 --> 00:03:11,760

connected to a structure if that was the

71

00:03:17,240 --> 00:03:13,400

case it would be a very large structure

72

00:03:18,740 --> 00:03:17,250

I was a caution that because I'm a psych

73

00:03:20,869 --> 00:03:18,750

major a lot of the stuff I did in law

74

00:03:22,869 --> 00:03:20,879

enforcement related to psych psychology

75

00:03:25,729 --> 00:03:22,879

were cognitive psychology in particular

76
00:03:27,500 --> 00:03:25,739
and so I know about paranoia I know that

77
00:03:29,300 --> 00:03:27,510
our minds can some try to find a hidden

78
00:03:31,339 --> 00:03:29,310
patterns for us and sort of it would

79
00:03:35,360 --> 00:03:31,349
make sense but it definitely appeared

80
00:03:37,580 --> 00:03:35,370
that way and they stayed on for roughly

81
00:03:40,969 --> 00:03:37,590
30 more seconds and it was all five just

82
00:03:45,550 --> 00:03:40,979
went out immediately again yeah describe

83
00:03:47,479 --> 00:03:45,560
it something flipping a switch you know

84
00:03:48,800 --> 00:03:47,489
when you hear it you're gonna have five

85
00:03:51,589 --> 00:03:48,810
lights in the sky come on could have

86
00:03:52,429 --> 00:03:51,599
been flares something like this I don't

87
00:03:54,409 --> 00:03:52,439
think so

88
00:03:55,969 --> 00:03:54,419

I don't have a prosaic explanation for

89

00:03:57,890 --> 00:03:55,979

it for me probably one of the most

90

00:03:59,929 --> 00:03:57,900

shocking things was I really didn't pay

91

00:04:03,559 --> 00:03:59,939

attention to UFOs near that anything I

92

00:04:04,969 --> 00:04:03,569

just wanted to know what it was and so I

93

00:04:07,490 --> 00:04:04,979

did like all other good red-blooded

94

00:04:09,710 --> 00:04:07,500

Americans I got on Google and started

95

00:04:13,399 --> 00:04:09,720

googling and stumbled across an

96

00:04:17,029 --> 00:04:13,409

organization the MUFON the mutual UFO

97

00:04:20,089 --> 00:04:17,039

network who investigators look at this

98

00:04:22,760 --> 00:04:20,099

type of thing and this was the very next

99

00:04:25,279 --> 00:04:22,770

day and I discovered someone in the town

100

00:04:26,120 --> 00:04:25,289

just west of us would have been where we

101

00:04:28,430 --> 00:04:26,130

were looking at

102

00:04:32,540 --> 00:04:28,440

and actually made a report of the exact

103

00:04:34,520 --> 00:04:32,550

same thing roughly ten minutes before we

104

00:04:37,750 --> 00:04:34,530

saw so then all of a sudden you're like

105

00:04:40,660 --> 00:04:37,760

I have a psychology background are you

106

00:04:42,890 --> 00:04:40,670

the idea of mass hallucinations is silly

107

00:04:45,860 --> 00:04:42,900

there's no actual empirical evidence to

108

00:04:47,270 --> 00:04:45,870

prove that that's real and in fact it

109

00:04:49,370 --> 00:04:47,280

would be more fascinating if you and I

110

00:04:52,760 --> 00:04:49,380

could mass hallucinate the same thing in

111

00:04:54,560 --> 00:04:52,770

separate bodies but with her there must

112

00:04:58,130 --> 00:04:54,570

go saner than this independent person

113

00:05:00,830 --> 00:04:58,140

seeing it now I said this is real now

114

00:05:04,970 --> 00:05:00,840

what real means I still to this day I in

115

00:05:06,950 --> 00:05:04,980

fact a very objective and prosaic and

116

00:05:09,560 --> 00:05:06,960

even skeptical about it and we live in

117

00:05:11,900 --> 00:05:09,570

an area that hunter Army Airfield was

118

00:05:15,050 --> 00:05:11,910

right there Marine Air Station Buford's

119

00:05:17,330 --> 00:05:15,060

right there the 165th air wings were

120

00:05:20,750 --> 00:05:17,340

surrounded by the military Fort Stewart

121

00:05:24,440 --> 00:05:20,760

is right there could it had been a some

122

00:05:25,670 --> 00:05:24,450

type of military craft sure you know I'm

123

00:05:27,620 --> 00:05:25,680

still open to that

124

00:05:31,490 --> 00:05:27,630

I don't know what it was because it

125

00:05:32,870 --> 00:05:31,500

looks interesting unfortunately you know

126

00:05:35,900 --> 00:05:32,880

ended up making a rapport with this

127

00:05:39,110 --> 00:05:35,910

MUFON group and they ruled it is an

128

00:05:42,020 --> 00:05:39,120

unknown which I'm like well that's like

129

00:05:45,980 --> 00:05:42,030

I say with me you know I like solving

130

00:05:48,320 --> 00:05:45,990

mysteries and so you know I was very

131

00:05:51,670 --> 00:05:48,330

open and dabbling into this subject

132

00:05:54,280 --> 00:05:51,680

since then at least in the regards to

133

00:05:57,350 --> 00:05:54,290

you people who say that they have seen

134

00:05:59,990 --> 00:05:57,360

things they aren't crazy now there are

135

00:06:02,930 --> 00:06:00,000

some crazy people say crazy things but

136

00:06:04,760 --> 00:06:02,940

there's a percentage of it that I think

137

00:06:08,420 --> 00:06:04,770

is interesting and I think that it

138

00:06:11,840 --> 00:06:08,430

warrants legitimate investigative

139

00:06:15,650 --> 00:06:11,850

journalism it warrants legitimate

140

00:06:17,450 --> 00:06:15,660

inquiry instead of just ridicule and so

141

00:06:20,120 --> 00:06:17,460

that really got me into it and I would

142

00:06:22,820 --> 00:06:20,130

say probably within the last year is

143

00:06:24,950 --> 00:06:22,830

when I kind of started really engaging

144

00:06:28,640 --> 00:06:24,960

people publicly about it from the

145

00:06:30,920 --> 00:06:28,650

quote-unquote UFO community and really

146

00:06:34,159 --> 00:06:30,930

especially some individuals who I felt

147

00:06:37,739 --> 00:06:34,169

like we're doing serious work at it and

148

00:06:40,499 --> 00:06:37,749

had a really good critical look at it

149

00:06:41,909 --> 00:06:40,509

it's kind of how I was willing to cover

150

00:06:44,339 --> 00:06:41,919

it and why I'm willing to write pieces

151
00:06:49,679 --> 00:06:44,349
for Popular Mechanics I've done some for

152
00:06:51,779 --> 00:06:49,689
Vice the war zone because if we take

153
00:06:53,879 --> 00:06:51,789
fundamentally what's being said by

154
00:06:56,699 --> 00:06:53,889
witnesses or what's occurring well

155
00:06:59,129 --> 00:06:56,709
it's newsworthy I think it deserves an

156
00:07:00,869 --> 00:06:59,139
explanation the public is having this

157
00:07:02,609 --> 00:07:00,879
happened yeah well and certainly at this

158
00:07:04,169 --> 00:07:02,619
point more mainstream than ever now that

159
00:07:05,609 --> 00:07:04,179
we've got these nimitz videos that were

160
00:07:07,559 --> 00:07:05,619
leaked a couple years ago and you've got

161
00:07:10,559 --> 00:07:07,569
the US Navy coming out and acknowledging

162
00:07:13,589 --> 00:07:10,569
that the video is real yes arm islets

163
00:07:16,439 --> 00:07:13,599

encountered something you've got the

164

00:07:19,350 --> 00:07:16,449

government acknowledging the a tip

165

00:07:23,999 --> 00:07:19,360

program right that's the Lewis Elizondo

166

00:07:24,659 --> 00:07:24,009

program so you know this this thing off

167

00:07:27,479 --> 00:07:24,669

the Nimitz

168

00:07:30,809 --> 00:07:27,489

my reaction to it based on what the Navy

169

00:07:33,119 --> 00:07:30,819

said about it is it is real it is

170

00:07:35,759 --> 00:07:33,129

something and the big question is is it

171

00:07:37,499 --> 00:07:35,769

earthly or is it extraterrestrial you

172

00:07:41,129 --> 00:07:37,509

know I don't think we can say that it

173

00:07:42,449 --> 00:07:41,139

was a false lip on a radar screen etc

174

00:07:44,309 --> 00:07:42,459

yeah I think at this point you have to

175

00:07:46,199 --> 00:07:44,319

recognize that no there were flying

176

00:07:49,169 --> 00:07:46,209

objects off the coast of Southern

177

00:07:52,199 --> 00:07:49,179

California personally observed by four

178

00:07:54,359 --> 00:07:52,209

different Navy pilots and seen on radar

179

00:07:57,479 --> 00:07:54,369

and acknowledged by the Navy so now the

180

00:08:00,299 --> 00:07:57,489

question in my mind is is it earthly or

181

00:08:03,540 --> 00:08:00,309

extraterrestrial and based on the turbo

182

00:08:06,540 --> 00:08:03,550

story you would say he clearly says that

183

00:08:08,969 --> 00:08:06,550

it's earthly I tend to lean in that

184

00:08:11,459 --> 00:08:08,979

direction being somewhat skeptical of

185

00:08:13,619 --> 00:08:11,469

extraterrestrial visits but I'm

186

00:08:15,239 --> 00:08:13,629

certainly by far no expert in the

187

00:08:18,029 --> 00:08:15,249

subject the more I dig into it the more

188

00:08:20,489 --> 00:08:18,039

I learn and and know-how learn how much

189

00:08:23,279 --> 00:08:20,499

I don't know about all this but his

190

00:08:26,699 --> 00:08:23,289

story seems to kind of hold water to me

191

00:08:29,040 --> 00:08:26,709

as fantastical as it is i mean i'm

192

00:08:30,959 --> 00:08:29,050

sometimes shocked myself that here i am

193

00:08:33,329 --> 00:08:30,969

believing this because i'm very

194

00:08:36,420 --> 00:08:33,339

skeptical myself but when it comes down

195

00:08:38,399 --> 00:08:36,430

to having to decide okay those things

196

00:08:39,719 --> 00:08:38,409

are real that's a given

197

00:08:41,850 --> 00:08:39,729

so now are the earthly or

198

00:08:45,660 --> 00:08:41,860

extraterrestrial that's the big question

199

00:08:48,299 --> 00:08:45,670

and you know it's it's basically one or

200

00:08:50,879 --> 00:08:48,309

the other but anyway to finish your your

201
00:08:51,420 --> 00:08:50,889
story so you didn't see a craft per se

202
00:08:52,740 --> 00:08:51,430
you just

203
00:08:55,380 --> 00:08:52,750
all lights that you believe were

204
00:08:57,120 --> 00:08:55,390
probably on a craft absolutely yeah mine

205
00:09:00,510 --> 00:08:57,130
is nowhere near as compelling as many

206
00:09:03,480 --> 00:09:00,520
other people's stories it just I would

207
00:09:07,110 --> 00:09:03,490
say piqued my interest enough to kind of

208
00:09:08,310 --> 00:09:07,120
want to and still to this day I'm much

209
00:09:11,610 --> 00:09:08,320
like yourself

210
00:09:13,620 --> 00:09:11,620
I just recently said you know I'm

211
00:09:15,570 --> 00:09:13,630
neither a skeptical believer by the

212
00:09:17,550 --> 00:09:15,580
classical or by the contemporary

213
00:09:19,680 --> 00:09:17,560

definitions people associate with that

214

00:09:21,860 --> 00:09:19,690

because I believe the believer means

215

00:09:25,199 --> 00:09:21,870

that every light in the sky is an alien

216

00:09:28,230 --> 00:09:25,209

skeptic means everything everybody says

217

00:09:31,230 --> 00:09:28,240

can be explained away I'm just an

218

00:09:33,090 --> 00:09:31,240

open-minded objective investigator so I

219

00:09:34,410 --> 00:09:33,100

mean that's what I did for my career in

220

00:09:36,870 --> 00:09:34,420

law enforcement that's what I bring to

221

00:09:38,210 --> 00:09:36,880

it and so I say open mind because I'm

222

00:09:41,490 --> 00:09:38,220

willing to listen

223

00:09:43,380 --> 00:09:41,500

my background came from a lot of human

224

00:09:45,210 --> 00:09:43,390

intelligence stuff interrogations in

225

00:09:46,560 --> 00:09:45,220

dealing with I was a violent crimes

226

00:09:48,870 --> 00:09:46,570

investigator time so you talked to

227

00:09:51,540 --> 00:09:48,880

people obviously anecdotal evidence is

228

00:09:55,160 --> 00:09:51,550

not dismissed as much as science so I'm

229

00:09:58,170 --> 00:09:55,170

not a scientist I'm an investigator and

230

00:10:00,269 --> 00:09:58,180

you know I think that it warrants that

231

00:10:04,079 --> 00:10:00,279

kind of inquiry just as much as a more

232

00:10:06,600 --> 00:10:04,089

scientific in court but yeah I mean what

233

00:10:09,050 --> 00:10:06,610

it is I don't know so let's dig into

234

00:10:13,710 --> 00:10:09,060

your story then and Popular Mechanics

235

00:10:15,210 --> 00:10:13,720

you the the pilots well you could answer

236

00:10:17,100 --> 00:10:15,220

this as far as how many pilots we've

237

00:10:18,720 --> 00:10:17,110

actually heard from I know favor is the

238

00:10:21,090 --> 00:10:18,730

one who seems to be out there the most

239

00:10:23,070 --> 00:10:21,100

and I saw him on Rogen speaking

240

00:10:25,050 --> 00:10:23,080

extensively about it and he certainly

241

00:10:28,199 --> 00:10:25,060

says that he saw something and doesn't

242

00:10:30,720 --> 00:10:28,209

know what it was and then in your

243

00:10:34,260 --> 00:10:30,730

article you've given voice to a lot of

244

00:10:37,260 --> 00:10:34,270

the other people that were on some of

245

00:10:40,140 --> 00:10:37,270

the various ships associated with the

246

00:10:45,019 --> 00:10:40,150

USS Nimitz so but but remind me how many

247

00:10:52,530 --> 00:10:50,190

three to who had come out named and

248

00:10:55,319 --> 00:10:52,540

faced that would be favored obviously

249

00:10:59,250 --> 00:10:55,329

what he said he's the most prolific and

250

00:11:02,670 --> 00:10:59,260

then Jim Slade who was a weapon system

251
00:11:04,820 --> 00:11:02,680
officer for the other the wingman that

252
00:11:08,930 --> 00:11:04,830
was with commander flavor

253
00:11:09,800 --> 00:11:08,940
he has spoken once he evidently from

254
00:11:12,530 --> 00:11:09,810
what I was told

255
00:11:15,410 --> 00:11:12,540
he appeared on one evening when

256
00:11:17,870 --> 00:11:15,420
television interview and the lead into

257
00:11:20,900 --> 00:11:17,880
that made it kind of kooky and seem you

258
00:11:22,790 --> 00:11:20,910
know the silly tinfoil hat thing and

259
00:11:26,300 --> 00:11:22,800
that was enough for him you know he's a

260
00:11:29,300 --> 00:11:26,310
serious aviator the other pilot has

261
00:11:31,820 --> 00:11:29,310
spoken on the History Channel's

262
00:11:33,200 --> 00:11:31,830
television show she did so concealing

263
00:11:38,530 --> 00:11:33,210

her identity in black and year-out

264

00:11:41,300 --> 00:11:38,540

she is still active duty you know I know

265

00:11:43,010 --> 00:11:41,310

the names of all the pilots involved but

266

00:11:44,450 --> 00:11:43,020

respect that some of them just don't

267

00:11:48,020 --> 00:11:44,460

want to deal with it because they're an

268

00:11:50,720 --> 00:11:48,030

active-duty the other pilot who has only

269

00:11:52,640 --> 00:11:50,730

briefly spoke out was Chad Underwood and

270

00:11:55,070 --> 00:11:52,650

that is the weapon system officer who

271

00:11:58,220 --> 00:11:55,080

actually filmed the now infamous FLIR

272

00:12:00,290 --> 00:11:58,230

one video that's been out there his

273

00:12:03,140 --> 00:12:00,300

pilot in his aircraft

274

00:12:05,110 --> 00:12:03,150

she has never spoken out I believe she

275

00:12:08,210 --> 00:12:05,120

is actually still active duty as well

276

00:12:10,190 --> 00:12:08,220

and the weapons system officer that was

277

00:12:13,250 --> 00:12:10,200

with commander Fraser so every plane had

278

00:12:16,520 --> 00:12:13,260

two people in it and he has not spoken

279

00:12:19,210 --> 00:12:16,530

out as well so there was two it was two

280

00:12:22,070 --> 00:12:19,220

f-18s that went out there are three

281

00:12:25,250 --> 00:12:22,080

there were there there were two

282

00:12:27,250 --> 00:12:25,260

initially there was a air and air combat

283

00:12:29,270 --> 00:12:27,260

exercise scheduled for that morning

284

00:12:31,250 --> 00:12:29,280

exciting reds and blues from

285

00:12:33,080 --> 00:12:31,260

understanding so you had a marine forest

286

00:12:35,090 --> 00:12:33,090

a marine squadron that was going to play

287

00:12:38,000 --> 00:12:35,100

the bad guy us trying to attack the

288

00:12:40,730 --> 00:12:38,010

carrier your Navy f-18s we're gonna try

289

00:12:42,380 --> 00:12:40,740

to intercept them and there's there's

290

00:12:44,510 --> 00:12:42,390

another pilot you bring up good there

291

00:12:46,490 --> 00:12:44,520

Douglas Kurth who's only spoken once as

292

00:12:48,860 --> 00:12:46,500

well he was the Marine pilot and he was

293

00:12:51,500 --> 00:12:48,870

initially sent to intercept these

294

00:12:55,580 --> 00:12:51,510

objects he did not see anything other

295

00:12:58,070 --> 00:12:55,590

than the frothy whitewash water is what

296

00:12:59,840 --> 00:12:58,080

he says in that in that area before he

297

00:13:02,960 --> 00:12:59,850

was ordered to come back to the ship so

298

00:13:05,540 --> 00:13:02,970

- initially when commander flavor and

299

00:13:08,690 --> 00:13:05,550

his wingman returned to the USS Nimitz

300

00:13:10,970 --> 00:13:08,700

the next scheduled flight up at least

301
00:13:13,570 --> 00:13:10,980
included weapons system officer Chad

302
00:13:15,710 --> 00:13:13,580
Underwood and then another pilot

303
00:13:17,750 --> 00:13:15,720
typically they would fly in pairs but I

304
00:13:20,530 --> 00:13:17,760
don't know that has not been discussed

305
00:13:22,850 --> 00:13:20,540
but there was you know some excitement

306
00:13:25,400 --> 00:13:22,860
because commander favorite came back

307
00:13:26,780 --> 00:13:25,410
saying and what they had seen and so now

308
00:13:28,520 --> 00:13:26,790
hold on is like let me just be clear

309
00:13:30,890 --> 00:13:28,530
because at some point it's my

310
00:13:33,680 --> 00:13:30,900
understanding that they were sent out

311
00:13:35,210 --> 00:13:33,690
there to investigate what was being seen

312
00:13:38,120 --> 00:13:35,220
on this radar is that the trip that

313
00:13:40,790 --> 00:13:38,130

you're talking about the first trip with

314

00:13:42,560 --> 00:13:40,800

chromatophores yes raiveer sent out in

315

00:13:45,620 --> 00:13:42,570

one other f-18

316

00:13:49,430 --> 00:13:45,630

with two pilots in it goes out to

317

00:13:52,930 --> 00:13:49,440

investigate and all four of them come

318

00:13:56,240 --> 00:13:52,940

back saying that they saw this yes

319

00:13:57,950 --> 00:13:56,250

describe it I mean I've heard deviation

320

00:14:00,230 --> 00:13:57,960

from the accounts that I think flavor

321

00:14:03,020 --> 00:14:00,240

has given from those who've spoken out

322

00:14:04,190 --> 00:14:03,030

they describe the same way this you know

323

00:14:06,740 --> 00:14:04,200

oblong

324

00:14:09,470 --> 00:14:06,750

say take tack object because they

325

00:14:12,500 --> 00:14:09,480

describe it you know hovering above the

326

00:14:15,020 --> 00:14:12,510

water and then ascending and essentially

327

00:14:17,060 --> 00:14:15,030

according to framers accounts who I have

328

00:14:20,210 --> 00:14:17,070

not spoken to personally is very guarded

329

00:14:23,990 --> 00:14:20,220

and he doesn't like the media attention

330

00:14:25,790 --> 00:14:24,000

so he he's shot away but from what I've

331

00:14:28,640 --> 00:14:25,800

heard is he know he was at a UFO

332

00:14:34,640 --> 00:14:28,650

convention recently so at least I read

333

00:14:45,320 --> 00:14:34,650

that I don't know maybe yes yes yeah I

334

00:14:47,000 --> 00:14:45,330

you know I just know myself and some

335

00:14:49,130 --> 00:14:47,010

other journalists who have tried to

336

00:14:50,690 --> 00:14:49,140

speak to him first amount I tried

337

00:14:53,090 --> 00:14:50,700

several times do you think perhaps are

338

00:14:55,280 --> 00:14:53,100

some people they just getting paid for

339

00:14:56,810 --> 00:14:55,290

some of these appearances oh I don't

340

00:14:58,220 --> 00:14:56,820

know that I mean well yeah he may have

341

00:14:59,870 --> 00:14:58,230

been paid for that appearance I don't

342

00:15:03,020 --> 00:14:59,880

want to speculate that I just think that

343

00:15:05,930 --> 00:15:03,030

I know that he you know his friends

344

00:15:08,410 --> 00:15:05,940

would actually someone who a filmmaker

345

00:15:11,810 --> 00:15:08,420

that's in the UFO field Jeremy Korb

346

00:15:13,430 --> 00:15:11,820

produced several films and so you know

347

00:15:17,990 --> 00:15:13,440

he may be guiding him as a de facto

348

00:15:19,460 --> 00:15:18,000

spokesperson idle no I just know that

349

00:15:20,810 --> 00:15:19,470

he's very selective because you're right

350

00:15:23,150 --> 00:15:20,820

he has appeared on Joe Rogan he has

351

00:15:24,980 --> 00:15:23,160

appeared he did appear at the UFO

352

00:15:27,929 --> 00:15:24,990

conference which I believe he said was

353

00:15:33,099 --> 00:15:30,220

so yes he has made some appearances

354

00:15:34,210 --> 00:15:33,109

there but they can't stress enough it

355

00:15:37,539 --> 00:15:34,220

doesn't appear that he's trying to

356

00:15:40,119 --> 00:15:37,549

profit off it by any means okay so those

357

00:15:41,409 --> 00:15:40,129

two planes come back they report and

358

00:15:43,809 --> 00:15:41,419

then there was a third plane at some

359

00:15:45,489 --> 00:15:43,819

point there was a third plane that's

360

00:15:47,799 --> 00:15:45,499

that's who recorded the video you seen

361

00:15:50,139 --> 00:15:47,809

the video you've seen that was released

362

00:15:52,509 --> 00:15:50,149

was not from commander forever his other

363

00:15:54,659 --> 00:15:52,519

the other flight he was with him I was

364

00:15:58,479 --> 00:15:54,669

recorded by Lieutenant Chad Underwood

365

00:16:01,090 --> 00:15:58,489

and that was they actually outfitted

366

00:16:04,059 --> 00:16:01,100

that plane with the at clear the

367

00:16:05,579 --> 00:16:04,069

advanced forward-looking lidar system

368

00:16:08,819 --> 00:16:05,589

that recorded it so it was

369

00:16:11,889 --> 00:16:08,829

top-of-the-line technology at the time

370

00:16:13,869 --> 00:16:11,899

top-of-the-line targeting pod they said

371

00:16:16,509 --> 00:16:13,879

let's throw this bad boy on and see if

372

00:16:19,030 --> 00:16:16,519

we catch a picture of it and so that's

373

00:16:22,569 --> 00:16:19,040

how that clear got pod got put on there

374

00:16:24,569 --> 00:16:22,579

now let me interrupt you there I mean it

375

00:16:26,889 --> 00:16:24,579

would seem to me these f-18s which are

376

00:16:28,449 --> 00:16:26,899

five hundred million dollar planes or

377

00:16:30,220 --> 00:16:28,459

whatever they are that would all have

378

00:16:31,359 --> 00:16:30,230

recording devices on them didn't the

379

00:16:35,679 --> 00:16:31,369

other planes have some type of recording

380

00:16:39,009 --> 00:16:35,689

device I agree with you and that seems

381

00:16:43,900 --> 00:16:39,019

like a very accurate assumption however

382

00:16:45,009 --> 00:16:43,910

unfortunately you know unfortunately I

383

00:16:47,409 --> 00:16:45,019

haven't been able to speak to commander

384

00:16:50,379 --> 00:16:47,419

favor and in the settings that I have

385

00:16:51,939 --> 00:16:50,389

heard him speak I don't know that he's

386

00:16:54,009 --> 00:16:51,949

been interviewed by like it you know

387

00:16:55,389 --> 00:16:54,019

someone who was being investigative

388

00:16:58,779 --> 00:16:55,399

journalists would ask those kind of

389

00:17:00,549 --> 00:16:58,789

questions like why I mean besides his

390

00:17:03,340 --> 00:17:00,559

top of the line at FLIR program why

391

00:17:06,009 --> 00:17:03,350

would there not have been more cameras I

392

00:17:10,750 --> 00:17:06,019

mean in 2004 I had cameras on my police

393

00:17:12,579 --> 00:17:10,760

car so right so okay but but anyway so

394

00:17:14,620 --> 00:17:12,589

but this is really helpful that you're

395

00:17:16,750 --> 00:17:14,630

kind of clarifying all this so so any

396

00:17:19,179 --> 00:17:16,760

video that people see that's considered

397

00:17:22,000 --> 00:17:19,189

this USS nimitz video is coming from the

398

00:17:26,769 --> 00:17:22,010

third plane the fake that is correct

399

00:17:30,129 --> 00:17:26,779

yes that's correct very brief clip that

400

00:17:32,350 --> 00:17:30,139

you see there it was given by Chad

401
00:17:34,080 --> 00:17:32,360
Underwood and his weapon system awesome

402
00:17:36,909 --> 00:17:34,090
now to my knowledge

403
00:17:40,420 --> 00:17:36,919
neither lieutenant Underwood or his

404
00:17:43,360 --> 00:17:40,430
pilot physically saw the object other

405
00:17:45,310 --> 00:17:43,370
on there at flourish Springs so they're

406
00:17:48,010 --> 00:17:45,320
tracking it I mean these are they're

407
00:17:49,930 --> 00:17:48,020
able to track it miles in advance so I

408
00:17:52,810 --> 00:17:49,940
don't say that because again I haven't

409
00:17:55,180 --> 00:17:52,820
been able to interviewed them but from

410
00:17:56,560 --> 00:17:55,190
the best of my knowledge I don't know if

411
00:17:58,660 --> 00:17:56,570
they were close enough to physically see

412
00:18:01,080 --> 00:17:58,670
it I know it gets sexed up and you hear

413
00:18:03,310 --> 00:18:01,090

they had their cloaking devices on a lot

414

00:18:04,990 --> 00:18:03,320

the reason they have these targeting

415

00:18:06,850 --> 00:18:05,000

Pods is so that you can take out the

416

00:18:08,380 --> 00:18:06,860

enemy before they can see you so they

417

00:18:09,970 --> 00:18:08,390

work very effective and what about any

418

00:18:11,080 --> 00:18:09,980

of the other four pilots would do any of

419

00:18:17,040 --> 00:18:11,090

them claim to have seen it with her own

420

00:18:19,810 --> 00:18:17,050

eyes the wingman pilot has spoken out

421

00:18:23,980 --> 00:18:19,820

again on the History Channel's TV show

422

00:18:27,130 --> 00:18:23,990

she indeed said that she saw her she was

423

00:18:29,080 --> 00:18:27,140

in a high cover position so essentially

424

00:18:31,120 --> 00:18:29,090

Frei Verse says he's gonna go down

425

00:18:34,780 --> 00:18:31,130

investigate and she says almost they up

426
00:18:42,580 --> 00:18:34,790
hear that and so she watched this go

427
00:18:44,560 --> 00:18:42,590
down frankly I don't recall if what the

428
00:18:47,530 --> 00:18:44,570
other I believe it may have been her

429
00:18:49,120 --> 00:18:47,540
weapon system officer Jim slate but I

430
00:18:51,340 --> 00:18:49,130
don't know what he saw I don't want to

431
00:18:53,820 --> 00:18:51,350
say so then speaking of the video I

432
00:18:56,740 --> 00:18:53,830
believe I read it in your article that

433
00:18:59,740 --> 00:18:56,750
some folks are saying Navy people that

434
00:19:01,930 --> 00:18:59,750
you interviewed that the video there's a

435
00:19:05,740 --> 00:19:01,940
lot more video than what we've seen and

436
00:19:08,320 --> 00:19:05,750
higher quality video yes that was that

437
00:19:10,510 --> 00:19:08,330
was one of the things that was really

438
00:19:12,250 --> 00:19:10,520

compelling to me and in fact a lot of

439

00:19:14,500 --> 00:19:12,260

the motivation I have been investigating

440

00:19:16,690 --> 00:19:14,510

this case but a lot of the motivation

441

00:19:18,310 --> 00:19:16,700

for me really digging into it and

442

00:19:20,590 --> 00:19:18,320

talking to these guys came after the

443

00:19:23,920 --> 00:19:20,600

favor interview with Joe Rogan because

444

00:19:26,860 --> 00:19:23,930

he mentioned some inconsistency in these

445

00:19:29,230 --> 00:19:26,870

other accounts and I thought well

446

00:19:31,540 --> 00:19:29,240

nobody's mitigated this like nobody's

447

00:19:34,950 --> 00:19:31,550

actually talked to these other guys to

448

00:19:37,530 --> 00:19:34,960

find out and it was very very fortunate

449

00:19:41,650 --> 00:19:37,540

to be friends with gentleman date they

450

00:19:44,260 --> 00:19:41,660

put together a YouTube documentary

451
00:19:46,480 --> 00:19:44,270
called the nimitz encounters he's a

452
00:19:48,430 --> 00:19:46,490
phenomenal filmmaker however this was

453
00:19:49,900 --> 00:19:48,440
just a passion project for him he did it

454
00:19:53,800 --> 00:19:49,910
for free and opened it up and he's

455
00:19:57,490 --> 00:19:53,810
actually I found it was just a great guy

456
00:19:59,410 --> 00:19:57,500
who enjoys military aviation and finds

457
00:20:02,110 --> 00:19:59,420
interest in this topic so he wanted to

458
00:20:03,340 --> 00:20:02,120
put it out there and he really gets a

459
00:20:04,540 --> 00:20:03,350
lot of the credit for being able to

460
00:20:06,820 --> 00:20:04,550
track these guys down

461
00:20:09,010 --> 00:20:06,830
or better yet them coming to him so he

462
00:20:11,280 --> 00:20:09,020
had several of the witnesses and was

463
00:20:19,180 --> 00:20:11,290

able to provide me access to all and

464

00:20:22,740 --> 00:20:19,190

indeed at least three of the five three

465

00:20:25,920 --> 00:20:22,750

of the six that I spoke with excuse me

466

00:20:30,180 --> 00:20:25,930

did all mention there was a longer

467

00:20:33,010 --> 00:20:30,190

clearer video that showed this object

468

00:20:35,800 --> 00:20:33,020

maneuvering in much more dramatic

469

00:20:38,680 --> 00:20:35,810

fashion than what you see in the very

470

00:20:42,190 --> 00:20:38,690

short clip I mean frankly the one minute

471

00:20:44,200 --> 00:20:42,200

16 second clue is been released it's

472

00:20:46,990 --> 00:20:44,210

like every other UFO video to me it's

473

00:20:50,140 --> 00:20:47,000

something it's a I don't know what it is

474

00:20:52,980 --> 00:20:50,150

but but they describe roughly an eight

475

00:20:57,220 --> 00:20:52,990

to ten minute video that was clear that

476
00:21:00,640 --> 00:20:57,230
showed the the object making acute right

477
00:21:03,910 --> 00:21:00,650
angle terms I mean you know but the Gary

478
00:21:06,130 --> 00:21:03,920
Voorhees who was a aegis technician on

479
00:21:12,280 --> 00:21:06,140
the ship at the time said he could get a

480
00:21:13,960 --> 00:21:12,290
sense for just how difficult the pilots

481
00:21:17,160 --> 00:21:13,970
were having a time trying to catch this

482
00:21:20,470 --> 00:21:17,170
thing just in their camera system

483
00:21:22,840 --> 00:21:20,480
another thing that I found striking is

484
00:21:25,510 --> 00:21:22,850
Jason Turner when I was spoke to him he

485
00:21:29,920 --> 00:21:25,520
was a supply technician who actually

486
00:21:31,690 --> 00:21:29,930
happened to be in the their intelligence

487
00:21:33,370 --> 00:21:31,700
in a room and had a friend there who was

488
00:21:36,070 --> 00:21:33,380

watching the video and he said man check

489

00:21:40,060 --> 00:21:36,080

this out so he got to see it but when he

490

00:21:41,110 --> 00:21:40,070

retells what he said he saw one of the

491

00:21:45,340 --> 00:21:41,120

things that was really striking for me

492

00:21:49,000 --> 00:21:45,350

as an investigator is 15 years 14 years

493

00:21:51,400 --> 00:21:49,010

later he he looked disturbed still and

494

00:21:53,880 --> 00:21:51,410

by what he saw like it bothered him

495

00:21:57,880 --> 00:21:53,890

because it didn't look normal

496

00:21:59,950 --> 00:21:57,890

however that is a contention because

497

00:22:04,270 --> 00:21:59,960

obviously there's no other videos been

498

00:22:05,770 --> 00:22:04,280

released command what's right what's the

499

00:22:07,130 --> 00:22:05,780

theory sorry what's the theory behind

500

00:22:09,470 --> 00:22:07,140

why we have

501
00:22:12,970 --> 00:22:09,480
how we have the video that we have and

502
00:22:15,470 --> 00:22:12,980
how we don't have any of the other video

503
00:22:18,710 --> 00:22:15,480
well and that was one of the things that

504
00:22:20,840 --> 00:22:18,720
in my article I tried to dig into and

505
00:22:21,490 --> 00:22:20,850
mitigate because yeah why does that

506
00:22:24,950 --> 00:22:21,500
happen

507
00:22:26,840 --> 00:22:24,960
and one of the things that I was I

508
00:22:29,330 --> 00:22:26,850
thought was striking was I was able to

509
00:22:29,870 --> 00:22:29,340
interview the Vincent Aiello who's a

510
00:22:34,010 --> 00:22:29,880
retired

511
00:22:35,810 --> 00:22:34,020
f-18 pilot and he was extremely helpful

512
00:22:37,789 --> 00:22:35,820
and explaining to me how all of these

513
00:22:39,260 --> 00:22:37,799

processes work with these tapes where

514

00:22:43,010 --> 00:22:39,270

they know how they're turned in this

515

00:22:45,470 --> 00:22:43,020

type of thing and I've never been a

516

00:22:47,810 --> 00:22:45,480

naval aviator aviator period so I can

517

00:22:50,840 --> 00:22:47,820

only go by what they tell me but he told

518

00:22:52,640 --> 00:22:50,850

me that he agreed and he was actually on

519

00:22:54,620 --> 00:22:52,650

the Nimitz by the way different squadron

520

00:22:58,280 --> 00:22:54,630

in favor but he was a fighter pilot on

521

00:23:00,200 --> 00:22:58,290

the Nimitz during 2004 and he said it

522

00:23:02,299 --> 00:23:00,210

seems very plausible there would be a

523

00:23:03,830 --> 00:23:02,309

longer video because there's pilots we

524

00:23:06,440 --> 00:23:03,840

had that we were using eight millimeter

525

00:23:08,090 --> 00:23:06,450

tapes we plug them in and typically turn

526

00:23:09,289 --> 00:23:08,100

them on when we took off from the

527

00:23:12,049 --> 00:23:09,299

carrier I wouldn't cut them off when

528

00:23:14,539 --> 00:23:12,059

they came back of the day it would be

529

00:23:17,020 --> 00:23:14,549

very uncharacteristic to just flip it on

530

00:23:19,850 --> 00:23:17,030

all of a sudden like we were getting now

531

00:23:21,890 --> 00:23:19,860

and so he makes sense that would happen

532

00:23:24,260 --> 00:23:21,900

he also explained to kind of the process

533

00:23:27,020 --> 00:23:24,270

is that when that aircraft would have

534

00:23:29,150 --> 00:23:27,030

landed the weapon system officer the

535

00:23:31,010 --> 00:23:29,160

pilot over the junior was much kid who

536

00:23:33,110 --> 00:23:31,020

would be there was a the weapon system

537

00:23:34,820 --> 00:23:33,120

officer would have reported to the CGI

538

00:23:36,950 --> 00:23:34,830

sea which is kind of an intelligence

539

00:23:40,549 --> 00:23:36,960

center where the pilots are required to

540

00:23:42,860 --> 00:23:40,559

do a written report after every single

541

00:23:46,610 --> 00:23:42,870

flight and turning their tapes with

542

00:23:48,470 --> 00:23:46,620

tapes or copied their unfortunately

543

00:23:50,630 --> 00:23:48,480

again I can only interpret it by the way

544

00:23:53,510 --> 00:23:50,640

when we say tapes do we mean literally

545

00:23:56,150 --> 00:23:53,520

tapes as opposed to holding knives we

546

00:24:01,940 --> 00:23:56,160

mean eight millimeter tapes and I mean I

547

00:24:03,799 --> 00:24:01,950

it was 2004 and yes and it sounds crazy

548

00:24:07,250 --> 00:24:03,809

but again just going back to my own

549

00:24:09,140 --> 00:24:07,260

experience you know for our police cars

550

00:24:12,500 --> 00:24:09,150

if you were fancy if you had eight

551
00:24:15,110 --> 00:24:12,510
millimeter long a VHS then so indeed

552
00:24:19,909 --> 00:24:15,120
solid-state drops weren't a thing yet

553
00:24:20,420 --> 00:24:19,919
obviously now that is and so yeah we're

554
00:24:23,990 --> 00:24:20,430
talking about

555
00:24:25,580 --> 00:24:24,000
elevator takes but they are you Vincent

556
00:24:27,500 --> 00:24:25,590
Ayala was very specific these are these

557
00:24:29,090 --> 00:24:27,510
are special you know classified tapes

558
00:24:32,990 --> 00:24:29,100
they're not easily copy at this type of

559
00:24:35,180 --> 00:24:33,000
stuff and so what I was able to gather

560
00:24:37,190 --> 00:24:35,190
from those outside sources not speaking

561
00:24:39,470 --> 00:24:37,200
to the primary source flavor and so is

562
00:24:41,030 --> 00:24:39,480
that there was some contention about

563
00:24:42,860 --> 00:24:41,040

wanting those tapes back those tapes

564

00:24:46,880 --> 00:24:42,870

belonged to the squadron regardless and

565

00:24:49,730 --> 00:24:46,890

so commander flavor got the tapes back

566

00:24:52,220 --> 00:24:49,740

from the CD I see I don't know how long

567

00:24:54,590 --> 00:24:52,230

the time frame I believe his exact words

568

00:24:56,420 --> 00:24:54,600

when he in an interview was he went up

569

00:24:57,740 --> 00:24:56,430

there and there was a little bit of we

570

00:24:58,790 --> 00:24:57,750

don't want to give him back to you he

571

00:25:00,710 --> 00:24:58,800

said he was going to tear this place

572

00:25:04,250 --> 00:25:00,720

apart we got it back he was a squadron

573

00:25:07,280 --> 00:25:04,260

commander and so he got his takes but I

574

00:25:08,810 --> 00:25:07,290

can secure them in a squadron safe and

575

00:25:12,020 --> 00:25:08,820

when you say his tapes you're talking

576
00:25:14,200 --> 00:25:12,030
about the tapes from Underwood correct

577
00:25:16,040 --> 00:25:14,210
but he was the squadron commander so

578
00:25:20,480 --> 00:25:16,050
defective in the military organization

579
00:25:22,400 --> 00:25:20,490
this is his but yes yes he's how mighty

580
00:25:26,300 --> 00:25:22,410
he talked about Underwood's and they

581
00:25:28,070 --> 00:25:26,310
were secured in a safe that houses i was

582
00:25:30,230 --> 00:25:28,080
explained this is a squadron safe that

583
00:25:33,500 --> 00:25:30,240
houses different sensitive information

584
00:25:35,750 --> 00:25:33,510
including firearms and weapons some type

585
00:25:38,810 --> 00:25:35,760
of keycard systems that for lack of a

586
00:25:40,490 --> 00:25:38,820
better term sounded like which you might

587
00:25:43,040 --> 00:25:40,500
even which you might color car keys to

588
00:25:45,230 --> 00:25:43,050

these planes and then there's a certain

589

00:25:49,280 --> 00:25:45,240

block of tapes that are at their side of

590

00:25:51,550 --> 00:25:49,290

the squadron and those tapes that were

591

00:25:55,670 --> 00:25:51,560

from that incident went missing now

592

00:25:57,860 --> 00:25:55,680

commander flavor doesn't say that that

593

00:25:59,180 --> 00:25:57,870

missing is a sinister conspiratorial he

594

00:26:01,100 --> 00:25:59,190

believes that somebody inadvertently

595

00:26:02,990 --> 00:26:01,110

recorded over them when i spoke to the

596

00:26:05,710 --> 00:26:03,000

other pilots they agree that is

597

00:26:09,620 --> 00:26:05,720

plausible because evidently there's a

598

00:26:11,600 --> 00:26:09,630

x-number block of tapes and the number

599

00:26:16,430 --> 00:26:11,610

of individuals who have access to them

600

00:26:18,260 --> 00:26:16,440

at the squadron level is a lot and a

601
00:26:21,260 --> 00:26:18,270
duty officers in charge of that every

602
00:26:22,670 --> 00:26:21,270
day and they issue them out and so you

603
00:26:26,540 --> 00:26:22,680
might be the duty officer day i'm the

604
00:26:28,430 --> 00:26:26,550
next day and it's also important to note

605
00:26:31,490 --> 00:26:28,440
there aren't these work ups they went

606
00:26:33,730 --> 00:26:31,500
back to port to san diego for

607
00:26:35,230 --> 00:26:33,740
Thanksgiving and so they left this

608
00:26:37,149 --> 00:26:35,240
I think that's when they came back they

609
00:26:38,980 --> 00:26:37,159
were wrong when they returned it was

610
00:26:41,169 --> 00:26:38,990
somebody's responsibility to determine

611
00:26:42,880 --> 00:26:41,179
all of those classified takes could be

612
00:26:46,570 --> 00:26:42,890
accounted for so someone may very well

613
00:26:48,310 --> 00:26:46,580

have seen his save for Co thrown it off

614

00:26:49,870 --> 00:26:48,320

put it back in rotation and it was

615

00:26:51,909 --> 00:26:49,880

reported over by another flight because

616

00:26:53,049 --> 00:26:51,919

they do reuse them yeah

617

00:26:55,510 --> 00:26:53,059

well I'm usually not a conspiracy

618

00:26:58,269 --> 00:26:55,520

theorist but that one doesn't really

619

00:27:01,899 --> 00:26:58,279

hold water very well to me I mean

620

00:27:04,899 --> 00:27:01,909

clearly they saw something that was very

621

00:27:07,419 --> 00:27:04,909

unusual and clearly this was something

622

00:27:09,220 --> 00:27:07,429

that caught a lot of people's attention

623

00:27:12,639 --> 00:27:09,230

so it'd be pretty hard to imagine the

624

00:27:16,389 --> 00:27:12,649

tapes getting recorded over I agree with

625

00:27:18,039 --> 00:27:16,399

you and and I am absolutely the same way

626

00:27:20,200 --> 00:27:18,049

I'm not a conspiracy there's a thing

627

00:27:21,460 --> 00:27:20,210

most conspiracies are myth and some of

628

00:27:25,360 --> 00:27:21,470

them are frankly just damaging and

629

00:27:27,250 --> 00:27:25,370

harmful and silly but you're right in

630

00:27:31,180 --> 00:27:27,260

the totality of all the information that

631

00:27:32,470 --> 00:27:31,190

I gathered in just the totality event if

632

00:27:33,940 --> 00:27:32,480

some of the things that I've found out

633

00:27:37,000 --> 00:27:33,950

I'm sure we'll touch on about people

634

00:27:39,279 --> 00:27:37,010

coming on board taking data I have told

635

00:27:43,360 --> 00:27:39,289

people where that may sound men in black

636

00:27:48,010 --> 00:27:43,370

and sinister it's comforting to me as an

637

00:27:50,350 --> 00:27:48,020

American citizen because if indeed we

638

00:27:52,330 --> 00:27:50,360

are to take what is being said for face

639

00:27:55,060 --> 00:27:52,340

value which the Navy has said these were

640

00:27:58,299 --> 00:27:55,070

unidentified anomalous or unidentified

641

00:27:59,980 --> 00:27:58,309

aerial phenomena if that is true the

642

00:28:00,990 --> 00:27:59,990

idea that the government was just like

643

00:28:07,960 --> 00:28:01,000

that

644

00:28:09,610 --> 00:28:07,970

disturbing reality and so it is good to

645

00:28:12,450 --> 00:28:09,620

me to know that someone was doing some

646

00:28:15,250 --> 00:28:12,460

sort of investigation it's some capacity

647

00:28:16,870 --> 00:28:15,260

or they intentionally record it over the

648

00:28:19,720 --> 00:28:16,880

tapes because they didn't leave they

649

00:28:21,460 --> 00:28:19,730

didn't want them to maintain but what we

650

00:28:24,279 --> 00:28:21,470

saw was originally released by the to

651
00:28:28,450 --> 00:28:24,289
the Stars Academy as a result of Louis

652
00:28:29,860 --> 00:28:28,460
Elizondo having them because he had been

653
00:28:32,350 --> 00:28:29,870
running a tip am I right about that

654
00:28:38,889 --> 00:28:32,360
basically that's how we have what we

655
00:28:40,450 --> 00:28:38,899
have sort of and I don't want to give

656
00:28:42,820 --> 00:28:40,460
away too much because I maybe have a

657
00:28:45,169 --> 00:28:42,830
follow-up feature coming to this but the

658
00:28:48,560 --> 00:28:45,179
history of the short video that we

659
00:28:52,549 --> 00:28:48,570
have been released he's just as strange

660
00:28:54,829 --> 00:28:52,559
as all of it and includes which spans

661
00:28:58,969 --> 00:28:54,839
from the Pacific Theater where it was

662
00:29:03,909 --> 00:28:58,979
recorded - enough about an hour from me

663
00:29:09,619 --> 00:29:03,919

in Germany at a 3d special-effects

664

00:29:11,119 --> 00:29:09,629

German film company in 2007 - there is

665

00:29:14,930 --> 00:29:11,129

some contention about the release of

666

00:29:17,629 --> 00:29:14,940

those videos they the Navy has

667

00:29:20,440 --> 00:29:17,639

maintained that they did not release

668

00:29:22,879 --> 00:29:20,450

those videos for public release

669

00:29:24,709 --> 00:29:22,889

I've spoken to Louisa as almost spoken

670

00:29:28,369 --> 00:29:24,719

for this article I've spoken to him on

671

00:29:30,259 --> 00:29:28,379

numerous occasions great guy nice guy

672

00:29:32,419 --> 00:29:30,269

we'd love to drink a beer with him he

673

00:29:34,669 --> 00:29:32,429

knows that I questioned some aspects of

674

00:29:36,499 --> 00:29:34,679

his story it's no sleight against him it

675

00:29:39,409 --> 00:29:36,509

just means that by the official sources

676
00:29:43,549 --> 00:29:39,419
from the Pentagon they say that he had

677
00:29:45,739 --> 00:29:43,559
no responsibility in a tip and so there

678
00:29:48,560 --> 00:29:45,749
is some dissension there although

679
00:29:51,979 --> 00:29:48,570
they're saying no responsibility they're

680
00:29:54,289 --> 00:29:51,989
saying he didn't even work there no we

681
00:29:55,820 --> 00:29:54,299
know for a fact and in fact one of the

682
00:29:58,459 --> 00:29:55,830
earliest things that I got involved with

683
00:29:59,959 --> 00:29:58,469
this was actually asked to help with an

684
00:30:01,849 --> 00:29:59,969
investigative capacity for another

685
00:30:03,529 --> 00:30:01,859
journalist who was looking into it and

686
00:30:06,589 --> 00:30:03,539
so there's some things that I know about

687
00:30:08,570 --> 00:30:06,599
mr. Lozado for certain which is he he is

688
00:30:12,469 --> 00:30:08,580

absolutely a career intelligence officer

689

00:30:17,359 --> 00:30:12,479

he was at some still classified sites

690

00:30:20,060 --> 00:30:17,369

near the Caribbean area that are NSA and

691

00:30:22,159 --> 00:30:20,070

CSA sites he worked at SCI called sweet

692

00:30:25,399 --> 00:30:22,169

T which is in Augusta this NSA

693

00:30:27,049 --> 00:30:25,409

geological Center and then he was at the

694

00:30:29,690 --> 00:30:27,059

office for the Undersecretary of defense

695

00:30:34,219 --> 00:30:29,700

for intelligence as a gs-15 very high

696

00:30:38,450 --> 00:30:34,229

ranking position now there is some

697

00:30:40,430 --> 00:30:38,460

contention over the eight involvement in

698

00:30:44,089 --> 00:30:40,440

and in fact I would say publicly now

699

00:30:45,769 --> 00:30:44,099

maybe to the stars Academy which is who

700

00:30:47,329 --> 00:30:45,779

he's working for now has even maybe

701
00:30:49,070 --> 00:30:47,339
backed off a little bit because

702
00:30:52,969 --> 00:30:49,080
initially it was he ran in he was the

703
00:30:56,269 --> 00:30:52,979
man and now it's kind of a maybe a tip

704
00:30:59,000 --> 00:30:56,279
wasn't nearly as a formal program as it

705
00:31:02,840 --> 00:31:01,250
and so but the Pentagon themselves the

706
00:31:06,050 --> 00:31:02,850
official position from the office of the

707
00:31:12,050 --> 00:31:06,060
Secretary of Defense is that mr.

708
00:31:16,040 --> 00:31:12,060
Elizondo he the a tip program would have

709
00:31:18,220 --> 00:31:16,050
been super fish in his purview however

710
00:31:20,830 --> 00:31:18,230
he did not have was any any

711
00:31:25,460 --> 00:31:20,840
responsibilities in it that is their

712
00:31:29,660 --> 00:31:25,470
exact words so whichever rabbit hole you

713
00:31:32,000 --> 00:31:29,670

want to go down it's it's it's an

714

00:31:33,740 --> 00:31:32,010

interesting days yeah well let's not go

715

00:31:37,700 --> 00:31:33,750

down to the Elizondo rabbit hole too far

716

00:31:40,010 --> 00:31:37,710

but going back to the video mm-hmm as

717

00:31:42,200 --> 00:31:40,020

far as it being released by to the stars

718

00:31:45,080 --> 00:31:42,210

Academy so does that mean it did come

719

00:31:47,420 --> 00:31:45,090

through Elizondo or not necessarily yes

720

00:31:49,400 --> 00:31:47,430

the Navy has confirmed it in fact I have

721

00:31:50,690 --> 00:31:49,410

copies of all the emails of where he was

722

00:31:53,090 --> 00:31:50,700

getting the video released

723

00:31:54,830 --> 00:31:53,100

I was provided those by the office of

724

00:31:56,990 --> 00:31:54,840

the secretary of defense and so he

725

00:31:58,490 --> 00:31:57,000

actually applied for that with top

726

00:32:03,470 --> 00:31:58,500

services people to review it to make

727

00:32:05,560 --> 00:32:03,480

sure where I say that the you and I

728

00:32:08,870 --> 00:32:05,570

weren't ever supposed to see them is

729

00:32:12,530 --> 00:32:08,880

there's some dissent in terms of how

730

00:32:15,320 --> 00:32:12,540

those videos released the the Pentagon

731

00:32:18,200 --> 00:32:15,330

maintains that they were released by the

732

00:32:21,730 --> 00:32:18,210

forum which you can find online now it's

733

00:32:25,040 --> 00:32:21,740

been released by a number of outlets for

734

00:32:27,140 --> 00:32:25,050

industrial partners only and it even

735

00:32:28,310 --> 00:32:27,150

specifically says not for public release

736

00:32:31,670 --> 00:32:28,320

this is supposed to be going for

737

00:32:34,040 --> 00:32:31,680

industrial partners for having in front

738

00:32:36,530 --> 00:32:34,050

of a safety measures for unmanned aerial

739

00:32:40,930 --> 00:32:36,540

systems balloons and unmanned aerial

740

00:32:43,460 --> 00:32:40,940

vehicles and so again the dissension is

741

00:32:44,450 --> 00:32:43,470

the Navy are this to be the Pentagon

742

00:32:46,190 --> 00:32:44,460

that's maintaining they released the

743

00:32:47,930 --> 00:32:46,200

videos because they believe they were

744

00:32:49,640 --> 00:32:47,940

supposed to go to an industrial partner

745

00:32:52,570 --> 00:32:49,650

who was going to help some safety

746

00:32:56,180 --> 00:32:52,580

program not released to the public

747

00:33:00,590 --> 00:32:56,190

though we know they were released and

748

00:33:02,930 --> 00:33:00,600

the Navy has since confirmed they just

749

00:33:05,450 --> 00:33:02,940

did I think that this year that yes that

750

00:33:09,260 --> 00:33:05,460

video that was released is correct

751
00:33:12,590 --> 00:33:09,270
accurate video from the Nimitz from that

752
00:33:15,680 --> 00:33:12,600
f-18 etc they're there

753
00:33:20,060 --> 00:33:15,690
if they're giving it their stamp of

754
00:33:21,950 --> 00:33:20,070
authenticity and will like everything in

755
00:33:23,750 --> 00:33:21,960
any bureaucracy it's always an

756
00:33:26,840 --> 00:33:23,760
interesting mix because you will hear

757
00:33:28,970 --> 00:33:26,850
and one instance them saying they cannot

758
00:33:32,000 --> 00:33:28,980
confirm the authenticity of a video but

759
00:33:34,510 --> 00:33:32,010
then very recently as of September Joe

760
00:33:36,980 --> 00:33:34,520
Bereta show the spokesman for the Navy's

761
00:33:40,610 --> 00:33:36,990
warfare systems of abate Information

762
00:33:43,900 --> 00:33:40,620
Systems Command you know said that yes

763
00:33:47,720 --> 00:33:43,910

these are real videos and yes they they

764

00:33:50,570 --> 00:33:47,730

show unexplained or unidentified aerial

765

00:33:53,530 --> 00:33:50,580

phenomena but as their official stance

766

00:33:56,960 --> 00:33:53,540

they have not backed off with that so

767

00:33:59,390 --> 00:33:56,970

yes in a way they have I believe in

768

00:34:01,310 --> 00:33:59,400

terms of them off and authenticating

769

00:34:03,950 --> 00:34:01,320

whether or not this is the entire video

770

00:34:06,170 --> 00:34:03,960

is what they're not willing to do and

771

00:34:12,590 --> 00:34:06,180

why would we have some lower res version

772

00:34:14,900 --> 00:34:12,600

of it there's the mystery and again kind

773

00:34:18,350 --> 00:34:14,910

of what I alluded to before this exact

774

00:34:23,540 --> 00:34:18,360

video was released in 2007 through an

775

00:34:26,120 --> 00:34:23,550

obscure message board website it's kind

776

00:34:29,780 --> 00:34:26,130

of caters to the conspiracy in

777

00:34:31,250 --> 00:34:29,790

paranormal world it was it was released

778

00:34:33,169 --> 00:34:31,260

by our individual who says that they

779

00:34:34,520 --> 00:34:33,179

were on the ships and everything they

780

00:34:38,630 --> 00:34:34,530

released quite a bit of information that

781

00:34:40,760 --> 00:34:38,640

obviously we now know to be accurate and

782

00:34:43,909 --> 00:34:40,770

so it made it to youtube and stuff very

783

00:34:47,600 --> 00:34:43,919

briefly in 2007 and then since was

784

00:34:49,820 --> 00:34:47,610

removed and now in 2017 it was kind of

785

00:34:52,760 --> 00:34:49,830

formally unveiled but for a lot of

786

00:34:56,950 --> 00:34:52,770

people who I've spoken to who were much

787

00:34:59,690 --> 00:34:56,960

more bigger UFO enthusiasts than I am

788

00:35:05,380 --> 00:34:59,700

say that this is inherently this video

789

00:35:10,640 --> 00:35:08,240

saying that it's authentic and these

790

00:35:13,070 --> 00:35:10,650

pilots basically coming forward and

791

00:35:15,920 --> 00:35:13,080

saying it's authentic and this is what

792

00:35:18,140 --> 00:35:15,930

they saw the video could have been

793

00:35:19,880 --> 00:35:18,150

highly questionable but because the Navy

794

00:35:21,380 --> 00:35:19,890

saying it's real and the pilots are

795

00:35:26,040 --> 00:35:21,390

saying it's real that that's what gives

796

00:35:27,810 --> 00:35:26,050

us reason to trust the video sure and

797

00:35:29,220 --> 00:35:27,820

I will tell you I've researched and

798

00:35:31,230 --> 00:35:29,230

looked at it after the Navy said

799

00:35:35,250 --> 00:35:31,240

everything you just said and said that

800

00:35:37,080 --> 00:35:35,260

this is a UFO we'll just use a common

801
00:35:40,350 --> 00:35:37,090
colloquial here they they tried to jazz

802
00:35:44,130 --> 00:35:40,360
it up with you ap I could not find

803
00:35:45,510 --> 00:35:44,140
another historical incidents where any

804
00:35:49,170 --> 00:35:45,520
branch of the United States government

805
00:35:52,320 --> 00:35:49,180
pointed to a physical evidence a picture

806
00:35:54,410 --> 00:35:52,330
video and go that's a UFO so it was

807
00:35:57,060 --> 00:35:54,420
unprecedented and still is in my opinion

808
00:35:58,410 --> 00:35:57,070
that enough itself is remarkable it's

809
00:36:02,790 --> 00:35:58,420
kind of interesting that hasn't been

810
00:36:04,170 --> 00:36:02,800
more discussed right so yes I mean yeah

811
00:36:06,090 --> 00:36:04,180
I mean by the official stance the

812
00:36:08,310 --> 00:36:06,100
government it is and one of the guys

813
00:36:12,830 --> 00:36:08,320

that you interviewed said that he

814

00:36:14,040 --> 00:36:12,840

actually saw the craft with binoculars

815

00:36:17,250 --> 00:36:14,050

correct

816

00:36:19,800 --> 00:36:17,260

that was scary for he's he you know

817

00:36:21,630 --> 00:36:19,810

great great guy and I can't stress that

818

00:36:23,220 --> 00:36:21,640

enough I just just I'll answer that

819

00:36:24,510 --> 00:36:23,230

question but just to say I think it's

820

00:36:25,590 --> 00:36:24,520

important because when people don't get

821

00:36:28,410 --> 00:36:25,600

the chance to talk to these individuals

822

00:36:30,030 --> 00:36:28,420

or you hear you witnesses you might have

823

00:36:31,680 --> 00:36:30,040

an impression of these people and I'll

824

00:36:34,109 --> 00:36:31,690

tell you in talking to all of them they

825

00:36:35,880 --> 00:36:34,119

were salt of the earth like I want him

826

00:36:37,290 --> 00:36:35,890

to be my neighbor type people like the

827

00:36:39,870 --> 00:36:37,300

guy who stops to help somebody change

828

00:36:41,940 --> 00:36:39,880

their tire and very intelligent like I

829

00:36:45,650 --> 00:36:41,950

remember with Gary in particular when I

830

00:36:48,330 --> 00:36:45,660

was talking to him he was rattling off

831

00:36:50,550 --> 00:36:48,340

names of systems and capabilities didn't

832

00:36:51,750 --> 00:36:50,560

worked on in 15 years so very highly

833

00:36:54,090 --> 00:36:51,760

trained in what they do and

834

00:36:58,440 --> 00:36:54,100

knowledgeable and yes Gary's position on

835

00:37:02,040 --> 00:36:58,450

the boat was he was in the only our

836

00:37:04,410 --> 00:37:02,050

aegis a systems technician and so the

837

00:37:06,240 --> 00:37:04,420

computer systems the it's the fancy

838

00:37:09,270 --> 00:37:06,250

radar the spy wine like this was a guy

839

00:37:12,510 --> 00:37:09,280

who worked on the computer side of these

840

00:37:14,849 --> 00:37:12,520

to make sure they were functioning he

841

00:37:15,870 --> 00:37:14,859

was the guy and in fact he told me you

842

00:37:17,580 --> 00:37:15,880

know when they first started here but

843

00:37:19,830 --> 00:37:17,590

he's goes to traps he was kind of like

844

00:37:22,890 --> 00:37:19,840

oh crap I don't want to be the dude

845

00:37:25,700 --> 00:37:22,900

who's my systems shut this down all this

846

00:37:27,900 --> 00:37:25,710

training but he started once they they

847

00:37:32,640 --> 00:37:27,910

were able to realize these weren't ghost

848

00:37:34,800 --> 00:37:32,650

clutter that he started getting the

849

00:37:36,870 --> 00:37:34,810

relative bearing of them you know from

850

00:37:39,740 --> 00:37:36,880

the Scopes so though he's not a radar

851
00:37:41,540 --> 00:37:39,750
operator he told me he was able to be in

852
00:37:43,640 --> 00:37:41,550
combat Information Center because he had

853
00:37:45,260 --> 00:37:43,650
access radar guys we tell him what

854
00:37:47,120 --> 00:37:45,270
they're looking at and where it is and

855
00:37:50,240 --> 00:37:47,130
then he was able to run up to the to

856
00:37:52,370 --> 00:37:50,250
bridge and look through what they called

857
00:37:56,150 --> 00:37:52,380
the big eyes he's big twenty by 120 I

858
00:37:58,910 --> 00:37:56,160
think binoculars and he says he saw

859
00:38:01,820 --> 00:37:58,920
something now he was very specific that

860
00:38:03,800 --> 00:38:01,830
it's indistinct he described it to me as

861
00:38:06,260 --> 00:38:03,810
if you were looking out of the horizon

862
00:38:08,450 --> 00:38:06,270
on a way out there you knew it was

863
00:38:09,830 --> 00:38:08,460

something but you couldn't make out a

864

00:38:12,650 --> 00:38:09,840

feature she couldn't tell his container

865

00:38:15,140 --> 00:38:12,660

ship or whatever and that he would see

866

00:38:17,930 --> 00:38:15,150

these and that they would just kind of

867

00:38:20,720 --> 00:38:17,940

hover and all of a sudden room he would

868

00:38:22,730 --> 00:38:20,730

describe it was just like it it moves so

869

00:38:24,500 --> 00:38:22,740

fast it was this if the brain kind of

870

00:38:28,190 --> 00:38:24,510

lagged like it was there and they what

871

00:38:29,600 --> 00:38:28,200

oh wow it's thick what happened he said

872

00:38:31,400 --> 00:38:29,610

at nighttime that gave off kind of a

873

00:38:35,600 --> 00:38:31,410

phosphorous glow so they were easier to

874

00:38:38,570 --> 00:38:35,610

see in the distance but you know he all

875

00:38:40,400 --> 00:38:38,580

of these guys are very guarded and when

876

00:38:42,470 --> 00:38:40,410

they say to they they give you this is

877

00:38:44,450 --> 00:38:42,480

my account this is what I say you know

878

00:38:47,720 --> 00:38:44,460

this is my opinion I looked out there

879

00:38:49,910 --> 00:38:47,730

and feel like I was seeing something was

880

00:38:52,340 --> 00:38:49,920

it the ticktacktrade force all they

881

00:38:54,290 --> 00:38:52,350

don't know was it their mind playing

882

00:38:55,670 --> 00:38:54,300

tricks on him maybe you know they

883

00:38:57,080 --> 00:38:55,680

they're willing to concede that but he

884

00:38:59,060 --> 00:38:57,090

definitely does feel like he saw

885

00:39:01,070 --> 00:38:59,070

something out there and the same at the

886

00:39:02,690 --> 00:39:01,080

same time that they were around the same

887

00:39:05,120 --> 00:39:02,700

time that they were seeing by the f-18

888

00:39:06,680 --> 00:39:05,130

fighters correct so that would be you

889

00:39:09,500 --> 00:39:06,690

know it's kind of a stroke well excuse

890

00:39:12,470 --> 00:39:09,510

me let me back up no during the f-18

891

00:39:14,720 --> 00:39:12,480

encounters he did not they were too far

892

00:39:17,570 --> 00:39:14,730

away from the ship but their problem

893

00:39:20,780 --> 00:39:17,580

within a day or two of that right this

894

00:39:23,390 --> 00:39:20,790

winter well they were they were tracking

895

00:39:25,190 --> 00:39:23,400

these objects for about five days before

896

00:39:29,300 --> 00:39:25,200

they ever sent up the planes and so yes

897

00:39:31,790 --> 00:39:29,310

in in the preceding days and yes let's

898

00:39:34,970 --> 00:39:31,800

talk about the mini controversy which is

899

00:39:38,450 --> 00:39:34,980

what you know did men come on board the

900

00:39:41,810 --> 00:39:38,460

Princeton and take things away fray ver

901
00:39:43,910 --> 00:39:41,820
says that nobody took anything away yet

902
00:39:47,180 --> 00:39:43,920
these guys I think say that yes things

903
00:39:52,040 --> 00:39:47,190
were taken away yes absolutely that was

904
00:39:53,570 --> 00:39:52,050
one of the things that Gary Voorhees in

905
00:39:56,540 --> 00:39:53,580
particular because these were his

906
00:39:58,100 --> 00:39:56,550
stumps he said the aegis system and in

907
00:40:00,080 --> 00:39:58,110
these tapes like he was he was in charge

908
00:40:03,350 --> 00:40:00,090
of maintaining it he described it he's a

909
00:40:06,650 --> 00:40:03,360
fancy computer tech and these were his

910
00:40:09,710 --> 00:40:06,660
systems and so he said you know

911
00:40:12,290 --> 00:40:09,720
absolutely he was told to turn over all

912
00:40:14,740 --> 00:40:12,300
of his data from the aegis systems that

913
00:40:19,790 --> 00:40:14,750

come to the radio data basically

914

00:40:22,370 --> 00:40:19,800

everything to his command staff they

915

00:40:24,380 --> 00:40:22,380

were with two other individuals that

916

00:40:27,470 --> 00:40:24,390

nobody recognized nobody knew where they

917

00:40:30,230 --> 00:40:27,480

you know who they were and that this

918

00:40:34,670 --> 00:40:30,240

information was assumed to be handed

919

00:40:38,030 --> 00:40:34,680

over to them and so his data gets turned

920

00:40:40,460 --> 00:40:38,040

in there Ryan we go who is the most

921

00:40:43,850 --> 00:40:40,470

recent witness to kind of come forward

922

00:40:45,440 --> 00:40:43,860

he was a power plant specialist on that

923

00:40:48,070 --> 00:40:45,450

on the helicopter squadron there was a

924

00:40:51,950 --> 00:40:48,080

stationed on the USS Princeton and so

925

00:40:53,930 --> 00:40:51,960

he's with a detachment and so they're

926
00:40:55,010 --> 00:40:53,940
attached to the ship but you might say

927
00:41:00,140 --> 00:40:55,020
it's kind of like the high school

928
00:41:01,340 --> 00:41:00,150
they're the they're the just transplants

929
00:41:02,510 --> 00:41:01,350
on there but they're not the guys that

930
00:41:04,310 --> 00:41:02,520
are always on the ship so they're a

931
00:41:07,160 --> 00:41:04,320
little bit detached but he's on the air

932
00:41:11,150 --> 00:41:07,170
wing when helicopters land and come and

933
00:41:14,300 --> 00:41:11,160
go and you know he told me at the time

934
00:41:17,450 --> 00:41:14,310
he didn't seem odd but two gentlemen

935
00:41:21,770 --> 00:41:17,460
arrived via a Seahawk helicopter a Navy

936
00:41:23,600 --> 00:41:21,780
helicopter these individuals hot seeded

937
00:41:27,710 --> 00:41:23,610
meaning they took one of their

938
00:41:30,500 --> 00:41:27,720

helicopters and were flown somewhere he

939

00:41:32,690 --> 00:41:30,510

doesn't know where they returned they

940

00:41:34,850 --> 00:41:32,700

had with them they were carrying black

941

00:41:36,830 --> 00:41:34,860

bags they retired to what's called the

942

00:41:38,450 --> 00:41:36,840

Admirals quarters he told me he said

943

00:41:42,920 --> 00:41:38,460

it's a large section of the ship you

944

00:41:44,870 --> 00:41:42,930

know it was a secure place he didn't

945

00:41:47,990 --> 00:41:44,880

think much about it at the time because

946

00:41:50,330 --> 00:41:48,000

he said this you know people come and go

947

00:41:54,590 --> 00:41:50,340

from the ship and you know individuals

948

00:41:56,870 --> 00:41:54,600

that like this do come from time to time

949

00:41:58,580 --> 00:41:56,880

and it's one of these things that you

950

00:41:59,930 --> 00:41:58,590

know your jobs compartmentalized you

951
00:42:01,610 --> 00:41:59,940
work on this helicopter that's what you

952
00:42:03,140 --> 00:42:01,620
work on you worry about that but don't

953
00:42:05,360 --> 00:42:03,150
worry about anything else he just his

954
00:42:06,550 --> 00:42:05,370
exact words were I knew they were there

955
00:42:08,260 --> 00:42:06,560
to do something I do

956
00:42:09,910 --> 00:42:08,270
they were there to do something and just

957
00:42:11,620 --> 00:42:09,920
stay the hell out of their way it

958
00:42:14,620 --> 00:42:11,630
wouldn't be till later here are these

959
00:42:16,480 --> 00:42:14,630
other accountants now PJ Hughes who was

960
00:42:17,950 --> 00:42:16,490
on the minutes and so he's on the

961
00:42:21,430 --> 00:42:17,960
aircraft carrier these other guys on the

962
00:42:24,070 --> 00:42:21,440
Princeton miles away his job actually

963
00:42:26,320 --> 00:42:24,080

he was an aviation technician on the e2

964

00:42:28,000 --> 00:42:26,330

hawkeye's which is the airborne

965

00:42:29,620 --> 00:42:28,010

early-warning detection planes a big

966

00:42:32,350 --> 00:42:29,630

satellite dish on the top if you ever

967

00:42:34,510 --> 00:42:32,360

seen those planes and part of his job

968

00:42:36,580 --> 00:42:34,520

was to remove these data brakes on the

969

00:42:39,670 --> 00:42:36,590

plane that report all sorts of stuff

970

00:42:41,410 --> 00:42:39,680

including what to find see his plane

971

00:42:43,450 --> 00:42:41,420

unbeknownst to him

972

00:42:46,630 --> 00:42:43,460

Kevin day who was the chief here back

973

00:42:50,170 --> 00:42:46,640

air combat controller oh it's me - I

974

00:42:52,090 --> 00:42:50,180

haven't mentioned much of him yet he

975

00:42:56,050 --> 00:42:52,100

initially tried to get the e-2 Hawkeye

976
00:42:59,170 --> 00:42:56,060
to intercept this these anomalous

977
00:43:01,030 --> 00:42:59,180
contacts and they were unsuccessful in

978
00:43:03,340 --> 00:43:01,040
doing that however unbeknownst to him

979
00:43:06,310 --> 00:43:03,350
the bricks he was removing were from the

980
00:43:08,620 --> 00:43:06,320
c2 Hawkeye he says he removed them

981
00:43:11,500 --> 00:43:08,630
secured them in a classified safe like

982
00:43:14,590 --> 00:43:11,510
normal and then shortly after that two

983
00:43:15,760 --> 00:43:14,600
gentlemen showed up who he said I'd

984
00:43:17,650 --> 00:43:15,770
never seen him before

985
00:43:19,690 --> 00:43:17,660
don't know who they are with his

986
00:43:22,660 --> 00:43:19,700
commander and who said unlock the safe

987
00:43:25,300 --> 00:43:22,670
give us the Briggs he handed him over to

988
00:43:28,510 --> 00:43:25,310

them they departed that was from the

989

00:43:31,960 --> 00:43:28,520

demos yes that was from the minutes and

990

00:43:34,180 --> 00:43:31,970

so we referring yeah and sorry and the

991

00:43:36,990 --> 00:43:34,190

other guy is saying that there was two

992

00:43:39,490 --> 00:43:37,000

guys on the Princeton taking stuff away

993

00:43:41,200 --> 00:43:39,500

correct tracing the events of what

994

00:43:42,940 --> 00:43:41,210

they're saying you know we can just just

995

00:43:44,290 --> 00:43:42,950

buy they're using abductive logic by

996

00:43:46,930 --> 00:43:44,300

their accounts it would appear to

997

00:43:49,360 --> 00:43:46,940

Division of the Princeton took all their

998

00:43:51,880 --> 00:43:49,370

data first which would make sense they

999

00:43:53,560 --> 00:43:51,890

are kind of the brains of the carrier

1000

00:43:55,210 --> 00:43:53,570

group there they're the missile cruiser

1001
00:43:57,610 --> 00:43:55,220
they're the air back combat controller

1002
00:43:59,110 --> 00:43:57,620
they've got the fancy stuff that project

1003
00:44:02,860 --> 00:43:59,120
most of it to the rest of the fleet and

1004
00:44:06,450 --> 00:44:02,870
then when Ryan we go watches them fly

1005
00:44:09,360 --> 00:44:06,460
off somewhere else it would appear they

1006
00:44:11,740 --> 00:44:09,370
flew to the Nimitz and secured that data

1007
00:44:13,870 --> 00:44:11,750
at that same time nobody's come forward

1008
00:44:16,450 --> 00:44:13,880
and saying I saw him land on the Nimitz

1009
00:44:19,600 --> 00:44:16,460
just on the Princeton but but they did

1010
00:44:22,690 --> 00:44:19,610
return back to the Princeton and with

1011
00:44:25,600 --> 00:44:22,700
these bags that are the same as what pj

1012
00:44:28,770 --> 00:44:25,610
hughes described he put the data brakes

1013
00:44:33,040 --> 00:44:28,780

in and so just tracing those steps it

1014

00:44:37,120 --> 00:44:33,050

certainly seems very likely that that

1015

00:44:39,340 --> 00:44:37,130

happened for me obviously I've got all

1016

00:44:41,680 --> 00:44:39,350

these gentleman's accounts and like I

1017

00:44:43,060 --> 00:44:41,690

said one thing is an investigator I had

1018

00:44:45,810 --> 00:44:43,070

kind of going against me is that these

1019

00:44:48,940 --> 00:44:45,820

these guys had become familiar weather

1020

00:44:52,270 --> 00:44:48,950

each other because of mr. Bedi and it's

1021

00:44:53,560 --> 00:44:52,280

done and so it was incumbent upon me I

1022

00:44:54,790 --> 00:44:53,570

felt like I supposed to trying to put

1023

00:44:56,320 --> 00:44:54,800

something out in a publication like

1024

00:44:58,180 --> 00:44:56,330

Popular Mechanics that I do my due

1025

00:45:01,120 --> 00:44:58,190

diligence and verify what they're saying

1026

00:45:03,790 --> 00:45:01,130

and so I just started going through the

1027

00:45:06,670 --> 00:45:03,800

roster of the president of guys I knew

1028

00:45:09,190 --> 00:45:06,680

who were there and and people who should

1029

00:45:12,790 --> 00:45:09,200

have been in the know and tried to find

1030

00:45:16,030 --> 00:45:12,800

a purely virgin witness who had not

1031

00:45:19,690 --> 00:45:16,040

spoken out before and and see what they

1032

00:45:21,430 --> 00:45:19,700

told me I was successful in that this

1033

00:45:22,540 --> 00:45:21,440

person didn't want to go on the record

1034

00:45:25,000 --> 00:45:22,550

for it because they were worried about

1035

00:45:27,670 --> 00:45:25,010

their security of however I did fed him

1036

00:45:29,290 --> 00:45:27,680

verifying him and made sure it was at

1037

00:45:31,240 --> 00:45:29,300

the standards that Popular Mechanics and

1038

00:45:33,160 --> 00:45:31,250

the editorial staff would stand by me

1039

00:45:36,550 --> 00:45:33,170

saying okay yeah he said this this is

1040

00:45:38,920 --> 00:45:36,560

true and he was working in an Operations

1041

00:45:42,700 --> 00:45:38,930

capacity inside the radar room would

1042

00:45:45,760 --> 00:45:42,710

have had knowledge and in the position

1043

00:45:49,810 --> 00:45:45,770

that he holds now is one of public trust

1044

00:45:52,870 --> 00:45:49,820

and that you know he's a good witness

1045

00:45:55,540 --> 00:45:52,880

and he was surprised when I reach out to

1046

00:45:57,520 --> 00:45:55,550

him because he said oh wow nobody's

1047

00:45:59,740 --> 00:45:57,530

really talking about this and he was

1048

00:46:02,680 --> 00:45:59,750

unaware that his other fellow sailors

1049

00:46:04,930 --> 00:46:02,690

had come out he knew that the story had

1050

00:46:06,490 --> 00:46:04,940

broke out at 2017 he said I've tried to

1051

00:46:09,400 --> 00:46:06,500

show some my co-workers and stuff

1052

00:46:11,670 --> 00:46:09,410

they're like yeah whatever dude he was a

1053

00:46:14,650 --> 00:46:11,680

little excited about that but I said man

1054

00:46:15,970 --> 00:46:14,660

tell me what happened and so no context

1055

00:46:18,670 --> 00:46:15,980

I didn't give me anybody's background

1056

00:46:20,500 --> 00:46:18,680

and he said he told me about the fire in

1057

00:46:22,300 --> 00:46:20,510

her sentence and we sent him up there

1058

00:46:24,490 --> 00:46:22,310

and according to the pilots it was

1059

00:46:27,610 --> 00:46:24,500

moving crazy at the five laws of physics

1060

00:46:29,620 --> 00:46:27,620

and he said but what was really weird

1061

00:46:32,080 --> 00:46:29,630

he's these two guys showed up and took

1062

00:46:34,330 --> 00:46:32,090

all our top-secret classified data

1063

00:46:36,100 --> 00:46:34,340

just completely out we had to you know

1064

00:46:40,840 --> 00:46:36,110

start from scratch as if you everything

1065

00:46:43,270 --> 00:46:40,850

was brand new that was a lot of all of a

1066

00:46:45,280 --> 00:46:43,280

sudden you're like okay now we've got a

1067

00:46:49,030 --> 00:46:45,290

pure witness who's not coming from

1068

00:46:53,320 --> 00:46:49,040

anybody here I think in attention

1069

00:46:55,420 --> 00:46:53,330

doesn't want it now and but for him to

1070

00:46:58,960 --> 00:46:55,430

corroborate that I've walked away from

1071

00:47:01,270 --> 00:46:58,970

that saying that as an investigator I

1072

00:47:03,130 --> 00:47:01,280

you know there's a preponderance of

1073

00:47:07,780 --> 00:47:03,140

evidence that would suggest that is

1074

00:47:09,280 --> 00:47:07,790

accurate it also suggests to me as well

1075

00:47:11,880 --> 00:47:09,290

because I'm the commander flavor has

1076
00:47:15,880 --> 00:47:11,890
kind of said that that didn't happen and

1077
00:47:17,550 --> 00:47:15,890
in my opinion based on what all these

1078
00:47:20,170 --> 00:47:17,560
guys told me and everything

1079
00:47:22,120 --> 00:47:20,180
overwhelmingly I think he's fascinating

1080
00:47:23,440 --> 00:47:22,130
too and I maybe I didn't really hit on

1081
00:47:26,590 --> 00:47:23,450
that in the article is whoever these

1082
00:47:28,900 --> 00:47:26,600
people were they had carte blanche to go

1083
00:47:32,170 --> 00:47:28,910
on the ships they had some clout to go

1084
00:47:35,770 --> 00:47:32,180
on these ships they didn't care to talk

1085
00:47:38,170 --> 00:47:35,780
to any eyewitnesses why I don't know you

1086
00:47:40,270 --> 00:47:38,180
know they didn't care what the pilots

1087
00:47:41,620 --> 00:47:40,280
eyewitness accounts were I could have

1088
00:47:43,300 --> 00:47:41,630

got it from the video data or whatever

1089

00:47:45,910 --> 00:47:43,310

they didn't care they wanted that

1090

00:47:48,190 --> 00:47:45,920

electronics data that was what was of

1091

00:47:50,170 --> 00:47:48,200

paramount concern to them and frankly

1092

00:47:53,860 --> 00:47:50,180

given the response that we see a lot of

1093

00:47:56,290 --> 00:47:53,870

this today and that these guys stories

1094

00:47:57,940 --> 00:47:56,300

about that being taken had really not

1095

00:48:00,340 --> 00:47:57,950

been put out there until this this

1096

00:48:01,720 --> 00:48:00,350

recent article well-favored you know may

1097

00:48:03,880 --> 00:48:01,730

not have been privy to it so that's

1098

00:48:05,830 --> 00:48:03,890

certainly one explanation right as to

1099

00:48:08,680 --> 00:48:05,840

how he wouldn't necessarily have known

1100

00:48:11,710 --> 00:48:08,690

that the other thing is you mentioned

1101

00:48:13,450 --> 00:48:11,720

that flavor divot did have some

1102

00:48:14,800 --> 00:48:13,460

interaction with someone where he was

1103

00:48:17,770 --> 00:48:14,810

demanding no no no no I'm keeping my

1104

00:48:22,000 --> 00:48:17,780

tapes who who was that that flavor was

1105

00:48:23,590 --> 00:48:22,010

interacting with I don't know other than

1106

00:48:25,060 --> 00:48:23,600

you know because again this is one of

1107

00:48:26,620 --> 00:48:25,070

these things I'm very careful of what

1108

00:48:29,170 --> 00:48:26,630

you know now we're kind of candidly

1109

00:48:30,340 --> 00:48:29,180

talking to try to work through it but

1110

00:48:31,600 --> 00:48:30,350

when it comes to what I'm going to put

1111

00:48:33,160 --> 00:48:31,610

in an article and everything be very

1112

00:48:35,710 --> 00:48:33,170

careful of what information I stand

1113

00:48:37,690 --> 00:48:35,720

behind and so that was a secondhand

1114

00:48:40,660 --> 00:48:37,700

source of information that came from

1115

00:48:44,080 --> 00:48:40,670

another pilot who if I ever had spoken

1116

00:48:45,200 --> 00:48:44,090

with out there I'm assuming based on

1117

00:48:47,390 --> 00:48:45,210

what they said it was someone

1118

00:48:48,980 --> 00:48:47,400

CV I see which is their intelligent

1119

00:48:50,210 --> 00:48:48,990

that's Center who would have been

1120

00:48:52,370 --> 00:48:50,220

downloading these tapes

1121

00:48:56,960 --> 00:48:52,380

no one from that capacity has come

1122

00:48:58,250 --> 00:48:56,970

forward and in fact only the PJ used

1123

00:49:00,500 --> 00:48:58,260

from the Nimitz we really haven't had

1124

00:49:05,720 --> 00:49:00,510

any in favor from the Nimitz have come

1125

00:49:07,730 --> 00:49:05,730

forward and so I don't know no no and

1126

00:49:10,700 --> 00:49:07,740

again though their positions in that

1127

00:49:12,290 --> 00:49:10,710

room would have been carrying a lot

1128

00:49:14,600 --> 00:49:12,300

higher these guys have been dealing with

1129

00:49:17,450 --> 00:49:14,610

some heavy-duty top-secret stuff and so

1130

00:49:19,040 --> 00:49:17,460

it's likely they're not going to come

1131

00:49:21,940 --> 00:49:19,050

for it okay well now I'm going to

1132

00:49:24,230 --> 00:49:21,950

connect this tutor burr tell me again

1133

00:49:25,910 --> 00:49:24,240

what's the name of the YouTube

1134

00:49:29,060 --> 00:49:25,920

documentary where that a lot of these

1135

00:49:31,850 --> 00:49:29,070

guys were on the Nimitz Encounters

1136

00:49:35,330 --> 00:49:31,860

Nimitz and counties car yes yeah and was

1137

00:49:38,420 --> 00:49:35,340

one of the guys first name Ryan that's

1138

00:49:40,160 --> 00:49:38,430

Ryan yeah well no Ryan wig guilt is the

1139

00:49:43,630 --> 00:49:40,170

the recent witness

1140

00:49:46,010 --> 00:49:43,640

I believe mr. Beatty did record a audio

1141

00:49:48,740 --> 00:49:46,020

interview with him and put it on there

1142

00:49:52,970 --> 00:49:48,750

but does not appear that self okay so

1143

00:49:56,180 --> 00:49:52,980

because this is a turbo left a comment

1144

00:49:58,820 --> 00:49:56,190

on one of those videos I'm not sure

1145

00:50:01,910 --> 00:49:58,830

exactly which one I just copied it and

1146

00:50:03,740 --> 00:50:01,920

printed it out for this interview but

1147

00:50:05,840 --> 00:50:03,750

here's what he says because and then

1148

00:50:06,710 --> 00:50:05,850

this links us right into the the turbo

1149

00:50:09,890 --> 00:50:06,720

interview that I did

1150

00:50:12,440 --> 00:50:09,900

he says Ryan your story matches mine

1151

00:50:14,450 --> 00:50:12,450

which was partially released prior to

1152

00:50:16,700 --> 00:50:14,460

this video I can help corroborate your

1153

00:50:18,260 --> 00:50:16,710

story your guests talking about these

1154

00:50:19,190 --> 00:50:18,270

two guys that would have come on the

1155

00:50:23,540 --> 00:50:19,200

ship

1156

00:50:24,680 --> 00:50:23,550

we're from ARL now you're gonna have to

1157

00:50:26,510 --> 00:50:24,690

perhaps help me with some of the

1158

00:50:30,770 --> 00:50:26,520

Ackermann I know that according to turbo

1159

00:50:32,780 --> 00:50:30,780

it was Air Force people in interprets

1160

00:50:34,880 --> 00:50:32,790

information telling him that as you know

1161

00:50:37,780 --> 00:50:34,890

he's reporting these were actually the

1162

00:50:40,850 --> 00:50:37,790

tic tacs actually were Air Force craft

1163

00:50:43,070 --> 00:50:40,860

he's saying that it was Air Force

1164

00:50:45,800 --> 00:50:43,080

personnel that came on these ships

1165

00:50:49,130 --> 00:50:45,810

I don't know what ARL is do you happen

1166

00:50:51,940 --> 00:50:49,140

to know what that is not my head so your

1167

00:50:59,100 --> 00:50:51,950

guests were from ARL and out of

1168

00:51:05,950 --> 00:51:04,360

ttyl yes and I have I do I believe I

1169

00:51:09,160 --> 00:51:05,960

have seen this message we go ahead sorry

1170

00:51:11,050 --> 00:51:09,170

okay but what is wright-patterson if you

1171

00:51:14,230 --> 00:51:11,060

know and what is T oh yes I'm sorry

1172

00:51:15,940 --> 00:51:14,240

right right right Patterson he is the

1173

00:51:17,820 --> 00:51:15,950

Air Force Base in Ohio right Patterson

1174

00:51:19,960 --> 00:51:17,830

handles the foreign technology division

1175

00:51:23,350 --> 00:51:19,970

scientific Air Force up so that you know

1176

00:51:26,500 --> 00:51:23,360

kind of the one of the many labs okay in

1177

00:51:29,080 --> 00:51:26,510

what is TTY TV well I temporary duty

1178

00:51:31,750 --> 00:51:29,090

assignments oh so they were just sent

1179

00:51:33,880 --> 00:51:31,760

for a temporary reassignment to San

1180

00:51:37,150 --> 00:51:33,890

Diego I guess good good I'm impressed

1181

00:51:41,080 --> 00:51:37,160

that you knew that as I said continuing

1182

00:51:45,370 --> 00:51:41,090

and left Princeton bound bound for

1183

00:51:48,430 --> 00:51:45,380

Vandenberg Air Force Base and plant 42

1184

00:51:50,800 --> 00:51:48,440

which is as you know where turbo claims

1185

00:51:53,380 --> 00:51:50,810

these things were manufactured and then

1186

00:51:57,840 --> 00:51:53,390

home at the following week this was a

1187

00:52:00,910 --> 00:51:57,850

United States Air Force ARL operation in

1188

00:52:02,530 --> 00:52:00,920

conjunction with DARPA which we know

1189

00:52:05,170 --> 00:52:02,540

what DARPA is based on our conversation

1190

00:52:07,500 --> 00:52:05,180

with them and so on that the Department

1191

00:52:13,960 --> 00:52:07,510

of Defense and there's secret programs

1192

00:52:18,750 --> 00:52:13,970

and NRL you know what NRL is National

1193

00:52:21,280 --> 00:52:18,760

Reconnaissance it may be Air Force

1194

00:52:23,590 --> 00:52:21,290

research labs as well in conjunction

1195

00:52:26,020 --> 00:52:23,600

with DARPA and NRL to test the craft

1196

00:52:29,650 --> 00:52:26,030

commonly referred to as tic-tac your

1197

00:52:32,640 --> 00:52:29,660

tic-tac group were made at plant 42 in

1198

00:52:35,590 --> 00:52:32,650

trucked to Vandenberg in 53-foot trucks

1199

00:52:38,590 --> 00:52:35,600

the tic-tac is about 46 feet long so

1200

00:52:40,570 --> 00:52:38,600

they can be trucked from Vandenberg so

1201

00:52:44,490 --> 00:52:40,580

they can be trucked from Vandenberg they

1202

00:52:48,070 --> 00:52:44,500

were flown low and slow via our PA

1203

00:52:56,020 --> 00:52:48,080

pilots that remote something remote

1204

00:52:59,980 --> 00:52:56,030

mm-hmm out past ADIZ you know what that

1205

00:53:04,530 --> 00:53:02,320

the past eighteen dipped in just below

1206

00:53:10,210 --> 00:53:04,540

San Clemente Island below normal radar

1207

00:53:11,350 --> 00:53:10,220

from their spy 1b whatever that is

1208

00:53:13,870 --> 00:53:11,360

should have acquired the

1209

00:53:15,910 --> 00:53:13,880

the cracks is that the radar system yeah

1210

00:53:17,950 --> 00:53:15,920

that's the in fact that is the advanced

1211

00:53:20,980 --> 00:53:17,960

testing that was brand new at the time

1212

00:53:23,380 --> 00:53:20,990

yes that's where they would have picked

1213

00:53:26,230 --> 00:53:23,390

him up after that it was all US Air

1214

00:53:27,790 --> 00:53:26,240

Force testing how Nimitz CIC would

1215

00:53:30,040 --> 00:53:27,800

respond in an effort to gain knowledge

1216

00:53:33,010 --> 00:53:30,050

on how our own forces would react to

1217

00:53:36,010 --> 00:53:33,020

them the rest you know the objects are

1218

00:53:38,680 --> 00:53:36,020

certainly terrestrial and are ours and

1219

00:53:40,240 --> 00:53:38,690

obviously they have highly advanced

1220

00:53:41,620 --> 00:53:40,250

propulsion developed by a few

1221

00:53:43,840 --> 00:53:41,630

universities and subsequently

1222

00:53:47,550 --> 00:53:43,850

that technology made its way to DARPA in

1223

00:53:51,070 --> 00:53:47,560

ARL and NRL and yes upper brass knew

1224

00:53:53,500 --> 00:53:51,080

what was going on which is why the NDA's

1225

00:53:55,180 --> 00:53:53,510

were pretty much already written in your

1226
00:53:57,670 --> 00:53:55,190
United States Air Force guests were

1227
00:53:59,980 --> 00:53:57,680
already on site I'm not sure if they

1228
00:54:02,650 --> 00:53:59,990
actually they were actually inside CIC

1229
00:54:06,400 --> 00:54:02,660
but I would not doubt it

1230
00:54:09,730 --> 00:54:06,410
what CIC you do a combat Information

1231
00:54:11,890 --> 00:54:09,740
Center the the guys come come come that

1232
00:54:13,420 --> 00:54:11,900
you think of the the movies where

1233
00:54:15,310 --> 00:54:13,430
everything is going on the command

1234
00:54:17,110 --> 00:54:15,320
center if you want it they certainly

1235
00:54:21,970 --> 00:54:17,120
took a lot of equipment off your birds

1236
00:54:25,530 --> 00:54:21,980
for evaluation this is enough for now so

1237
00:54:27,820 --> 00:54:25,540
that's the extent of his message so what

1238
00:54:29,470 --> 00:54:27,830

interpret that turbo message for us

1239

00:54:30,820 --> 00:54:29,480

based on everything that you learned and

1240

00:54:34,060 --> 00:54:30,830

talking to the guys around that we're on

1241

00:54:35,740 --> 00:54:34,070

the ships sure yeah yeah hey it's a

1242

00:54:38,380 --> 00:54:35,750

Roenick now because I didn't know that's

1243

00:54:39,880 --> 00:54:38,390

who it was but I have mr. Beatty

1244

00:54:41,620 --> 00:54:39,890

actually passed that along because that

1245

00:54:45,060 --> 00:54:41,630

message came in while I was writing this

1246

00:54:48,070 --> 00:54:45,070

piece before went out to publication

1247

00:54:49,360 --> 00:54:48,080

well you know and what did baby have to

1248

00:54:51,310 --> 00:54:49,370

say about that because that's probably

1249

00:54:55,510 --> 00:54:51,320

the first time anybody had told him that

1250

00:55:00,970 --> 00:54:55,520

these attack crafts are US Air Force

1251

00:55:05,440 --> 00:55:00,980

oh no he gets a lot of messages like I

1252

00:55:06,790 --> 00:55:05,450

said I've known baby for a while and you

1253

00:55:08,470 --> 00:55:06,800

know he gets a lot of money he just got

1254

00:55:10,570 --> 00:55:08,480

a message from somebody saying that they

1255

00:55:13,720 --> 00:55:10,580

would sell him a picture that 100%

1256

00:55:16,390 --> 00:55:13,730

verifies UFOs for 50 grand

1257

00:55:17,740 --> 00:55:16,400

so anybody crowd-sourced I thought it

1258

00:55:20,820 --> 00:55:17,750

was great you got a you know the

1259

00:55:24,270 --> 00:55:20,830

Nigerian prince scam ahead of a UFO deal

1260

00:55:26,880 --> 00:55:24,280

but um he's actually had a consider

1261

00:55:29,220 --> 00:55:26,890

and you know he gets some mind away

1262

00:55:31,530 --> 00:55:29,230

because he knows I've been looking at

1263

00:55:34,590 --> 00:55:31,540

this for quite a few months still AM

1264

00:55:36,930 --> 00:55:34,600

it's not solved for me so I'm very

1265

00:55:40,680 --> 00:55:36,940

curious and Beatty is the f-18 fighter

1266

00:55:43,200 --> 00:55:40,690

pilot the pilot right no no baby is the

1267

00:55:44,850 --> 00:55:43,210

film maker of the Nimitz oh okay sorry

1268

00:55:46,230 --> 00:55:44,860

sorry I thought he was that mild that

1269

00:55:49,080 --> 00:55:46,240

you had a personal connection with okay

1270

00:55:53,910 --> 00:55:49,090

so the guy who had shot the YouTube

1271

00:55:57,740 --> 00:55:53,920

documentary he read turbos message and

1272

00:56:02,730 --> 00:56:00,390

there was just a lot of different things

1273

00:56:05,550 --> 00:56:02,740

that are kind of inconsistent one of the

1274

00:56:09,390 --> 00:56:05,560

first things I would say is inconsistent

1275

00:56:10,950 --> 00:56:09,400

is I mean let me break down a couple of

1276

00:56:14,880 --> 00:56:10,960

things because I know from his interview

1277

00:56:18,480 --> 00:56:14,890

and I want a caveat and always when I

1278

00:56:20,310 --> 00:56:18,490

get out always I don't know and so I'm

1279

00:56:21,570 --> 00:56:20,320

interested in what he has to say there's

1280

00:56:23,610 --> 00:56:21,580

some questions that I would have for him

1281

00:56:26,130 --> 00:56:23,620

that I would be interested in and see if

1282

00:56:29,100 --> 00:56:26,140

he could answer because he may be right

1283

00:56:30,630 --> 00:56:29,110

abductive logic says it's human

1284

00:56:32,250 --> 00:56:30,640

technology okay

1285

00:56:34,140 --> 00:56:32,260

and I say that because we don't have any

1286

00:56:36,680 --> 00:56:34,150

bro contrary to what some people believe

1287

00:56:41,850 --> 00:56:36,690

we don't have any alien evidence

1288

00:56:43,500 --> 00:56:41,860

conclusively that said in terms of

1289

00:56:46,650 --> 00:56:43,510

busting them down there all this kind of

1290

00:56:47,940 --> 00:56:46,660

stuff going from plant 42 well I'm

1291

00:56:52,110 --> 00:56:47,950

trying to figure out what parts to break

1292

00:56:54,840 --> 00:56:52,120

down first one let's go with that it was

1293

00:56:58,170 --> 00:56:54,850

a testing okay you want to we'll start

1294

00:57:02,460 --> 00:56:58,180

there the jerk was an advanced testing I

1295

00:57:05,130 --> 00:57:02,470

spoke to several people that were from

1296

00:57:07,410 --> 00:57:05,140

both defendants journalists and that

1297

00:57:10,500 --> 00:57:07,420

came out of the classified testing world

1298

00:57:13,230 --> 00:57:10,510

and in fact another article coming out

1299

00:57:15,330 --> 00:57:13,240

this next week or two with the warzone

1300

00:57:17,940 --> 00:57:15,340

but issues strictly focused on my

1301
00:57:20,280 --> 00:57:17,950
interview with T Barnes a former or

1302
00:57:24,210 --> 00:57:20,290
special projects engineer at area 51 it

1303
00:57:26,250 --> 00:57:24,220
is what he did and CIA executive team

1304
00:57:27,810 --> 00:57:26,260
petit who is the grandfather of

1305
00:57:31,740 --> 00:57:27,820
electronics work there and got their

1306
00:57:33,420 --> 00:57:31,750
opinions of it in addition to I think

1307
00:57:35,970 --> 00:57:33,430
any appears in the article is Nick cook

1308
00:57:37,620 --> 00:57:35,980
of his former aviation editor at chance

1309
00:57:40,079 --> 00:57:37,630
defense

1310
00:57:42,269 --> 00:57:40,089
for me he was a very significant witness

1311
00:57:46,220 --> 00:57:42,279
because I knew that he had actually

1312
00:57:49,170 --> 00:57:46,230
spent over a decade searching for secret

1313
00:57:52,799 --> 00:57:49,180

anti-gravity technology that existed and

1314

00:57:54,210 --> 00:57:52,809

his Jan's defenses arguably the Bible of

1315

00:57:57,499 --> 00:57:54,220

the defense industry and so I feel like

1316

00:58:01,470 --> 00:57:57,509

if anybody would know he might know yeah

1317

00:58:03,870 --> 00:58:01,480

no one was able to say that this kind of

1318

00:58:05,849 --> 00:58:03,880

technology if we take for face value

1319

00:58:08,430 --> 00:58:05,859

what these guys say they saw both the

1320

00:58:12,690 --> 00:58:08,440

pilots and the these other sailors and

1321

00:58:16,349 --> 00:58:12,700

the videos we're not just talking about

1322

00:58:19,460 --> 00:58:16,359

one aerospace breakthrough here and so

1323

00:58:23,220 --> 00:58:19,470

we're talking about multiple things that

1324

00:58:27,269 --> 00:58:23,230

to our knowledge we can't achieve that's

1325

00:58:31,079 --> 00:58:27,279

known which is instantaneous hyper hyper

1326

00:58:33,029 --> 00:58:31,089

velocity acceleration if the what these

1327

00:58:35,880 --> 00:58:33,039

guys saw in the videos is accurate we're

1328

00:58:38,930 --> 00:58:35,890

talking about acute right angle turns at

1329

00:58:44,490 --> 00:58:38,940

hypersonic speed I mean that's you know

1330

00:58:46,170 --> 00:58:44,500

no sonic booms there were none no one

1331

00:58:47,789 --> 00:58:46,180

reported any of them and if there had

1332

00:58:49,470 --> 00:58:47,799

been sonic booms from this even though

1333

00:58:50,759 --> 00:58:49,480

they were way out of eyesight they would

1334

00:58:52,499 --> 00:58:50,769

have heard I don't know if anybody's

1335

00:58:54,539 --> 00:58:52,509

ever heard about I've been there when a

1336

00:58:56,670 --> 00:58:54,549

space shuttle landed of all things years

1337

00:58:59,880 --> 00:58:56,680

ago and it's loud

1338

00:59:03,589 --> 00:58:59,890

so no sonic booms the ability to stop

1339

00:59:06,690 --> 00:59:03,599

and go to these speeds that the

1340

00:59:09,120 --> 00:59:06,700

materials needed to travel at that speed

1341

00:59:10,069 --> 00:59:09,130

so there's so many different factors

1342

00:59:13,200 --> 00:59:10,079

here

1343

00:59:16,109 --> 00:59:13,210

it just isn't known so not only is

1344

00:59:18,359 --> 00:59:16,119

somebody gonna have to overcome a few

1345

00:59:20,519 --> 00:59:18,369

things when it comes to the classified

1346

00:59:24,359 --> 00:59:20,529

area a VA ssin world they're gonna have

1347

00:59:26,130 --> 00:59:24,369

to overcome a lot more importantly Kevin

1348

00:59:28,950 --> 00:59:26,140

day who we didn't really talk about but

1349

00:59:30,299 --> 00:59:28,960

he was the he's the chief air combat

1350

00:59:32,970 --> 00:59:30,309

controller there was in the Princeton

1351

00:59:36,329 --> 00:59:32,980

like this is the guy who made the call

1352

00:59:38,970 --> 00:59:36,339

but these contacts are weird it is he's

1353

00:59:41,579 --> 00:59:38,980

the guy who convinced his commander to

1354

00:59:44,519 --> 00:59:41,589

send ef8 teens to go find them and he's

1355

00:59:47,789 --> 00:59:44,529

the guy who directed them in so he was a

1356

00:59:49,519 --> 00:59:47,799

guy who had 18 years experience combat

1357

00:59:51,300 --> 00:59:49,529

experience you name it he's the guy who

1358

00:59:56,520 --> 00:59:51,310

who did

1359

00:59:58,230 --> 00:59:56,530

all of that and when you're looking at

1360

01:00:01,410 --> 00:59:58,240

what he's seeing on the scopes and this

1361

01:00:04,680 --> 01:00:01,420

type of stuff and is it being physical

1362

01:00:06,330 --> 01:00:04,690

crap he if we take what he saw is

1363

01:00:10,110 --> 01:00:06,340

actually being physical crafted any one

1364

01:00:14,940 --> 01:00:10,120

given time he saw he told me up to 10 at

1365

01:00:17,040 --> 01:00:14,950

certain points so that would mean that

1366

01:00:19,950 --> 01:00:17,050

we're talking about an advanced

1367

01:00:21,750 --> 01:00:19,960

aerospace program that has been able to

1368

01:00:23,940 --> 01:00:21,760

overcome all the things I mentioned

1369

01:00:26,970 --> 01:00:23,950

before didn't even touch on control

1370

01:00:28,770 --> 01:00:26,980

surfaces they're flying without any kind

1371

01:00:30,060 --> 01:00:28,780

of control propulsion and control

1372

01:00:33,420 --> 01:00:30,070

surfaces were familiar with there's no

1373

01:00:35,910 --> 01:00:33,430

Wayans there's no rotors and there would

1374

01:00:38,610 --> 01:00:35,920

be ten of them to put that in

1375

01:00:41,460 --> 01:00:38,620

perspective that's almost half as many

1376

01:00:44,940 --> 01:00:41,470

b-2 stealth bombers have ever been

1377

01:00:49,080 --> 01:00:44,950

produced and that's a 3040 year old

1378

01:00:53,100 --> 01:00:49,090

program so this would be a stream Lee

1379

01:00:56,870 --> 01:00:53,110

advanced amateur program to have that

1380

01:01:00,330 --> 01:00:56,880

many the mature and advanced enough that

1381

01:01:03,270 --> 01:01:00,340

these are prototype you don't mean

1382

01:01:04,770 --> 01:01:03,280

you're not gonna spend X number of

1383

01:01:06,870 --> 01:01:04,780

billion dollars to build a prototype and

1384

01:01:10,970 --> 01:01:06,880

then say you know what it's built in a

1385

01:01:14,010 --> 01:01:10,980

pump and then go test them out so that

1386

01:01:18,170 --> 01:01:14,020

is odd but I'm open to anything I think

1387

01:01:21,240 --> 01:01:18,180

it's interesting the other thing in both

1388

01:01:24,030 --> 01:01:21,250

you know cook with chance defense

1389

01:01:26,100 --> 01:01:24,040

mentioned as well and I take his opinion

1390

01:01:28,590 --> 01:01:26,110

very highly because he's been doing the

1391

01:01:31,500 --> 01:01:28,600

aerospace defense journalism world a lot

1392

01:01:34,160 --> 01:01:31,510

longer than me and he said it would just

1393

01:01:38,310 --> 01:01:34,170

be so against the grain of how

1394

01:01:41,460 --> 01:01:38,320

classified testing is done you don't

1395

01:01:43,800 --> 01:01:41,470

need I agree with what he said in terms

1396

01:01:44,910 --> 01:01:43,810

of that you do test your technology on

1397

01:01:46,980 --> 01:01:44,920

yourself

1398

01:01:48,960 --> 01:01:46,990

absolutely you have aggressive units you

1399

01:01:53,430 --> 01:01:48,970

do this kind of stuff but those are in

1400

01:01:56,340 --> 01:01:53,440

control closed settings because you're

1401

01:01:59,430 --> 01:01:56,350

not going to you ran the risk of 5,000

1402

01:02:03,210 --> 01:01:59,440

eyewitnesses to your stuff like why do

1403

01:02:04,770 --> 01:02:03,220

that that in itself you know he

1404

01:02:07,710 --> 01:02:04,780

explained was so against the grain

1405

01:02:10,320 --> 01:02:07,720

when I talked to TD Barnes it was the

1406

01:02:14,060 --> 01:02:10,330

area 51 engineer worked on the a12

1407

01:02:17,550 --> 01:02:14,070

oxcart program and worked on some of the

1408

01:02:21,930 --> 01:02:17,560

real quote secret space programs out of

1409

01:02:26,610 --> 01:02:21,940

NASA's beta range you know he does not

1410

01:02:28,800 --> 01:02:26,620

believe that they're alien he has

1411

01:02:32,010 --> 01:02:28,810

another theory for it but when I pushed

1412

01:02:35,970 --> 01:02:32,020

him on hey is this characteristic of how

1413

01:02:38,250 --> 01:02:35,980

you guys tested advanced aerospace

1414

01:02:42,990 --> 01:02:38,260

platforms that everyone it's big part of

1415

01:02:48,180 --> 01:02:43,000

his job and he didn't push back yet he

1416

01:02:49,650 --> 01:02:48,190

said not really because he explained

1417

01:02:51,510 --> 01:02:49,660

when they tested advanced aerospace

1418

01:02:54,030 --> 01:02:51,520

platforms out of area 51 they would

1419

01:02:55,200 --> 01:02:54,040

bring in National Guard units from out

1420

01:02:56,820 --> 01:02:55,210

of the area because they're easier to

1421

01:02:58,590 --> 01:02:56,830

control it's smaller you know they'll

1422

01:03:01,500 --> 01:02:58,600

spread back the dissemination of

1423

01:03:05,370 --> 01:03:01,510

information is less but they would know

1424

01:03:09,420 --> 01:03:05,380

hey you're going against a classified

1425

01:03:11,670 --> 01:03:09,430

technology do what you do but this is

1426

01:03:14,700 --> 01:03:11,680

classified and don't say a word about it

1427

01:03:17,280 --> 01:03:14,710

you're going to prison and they would do

1428

01:03:19,050 --> 01:03:17,290

it over you know somewhere like area 51

1429

01:03:21,990 --> 01:03:19,060

there's one of these other testing

1430

01:03:25,200 --> 01:03:22,000

righteous and so they he did not

1431

01:03:29,490 --> 01:03:25,210

pushback from the fact that so they

1432

01:03:30,840 --> 01:03:29,500

would have unknown hey and you know I

1433

01:03:33,870 --> 01:03:30,850

got that from the guys I was one of the

1434

01:03:35,010 --> 01:03:33,880

things that I say they're great Patriots

1435

01:03:36,210 --> 01:03:35,020

and they're great veterans I was

1436

01:03:37,740 --> 01:03:36,220

tremendous respect for him because there

1437

01:03:39,540 --> 01:03:37,750

were certain things that I would ask and

1438

01:03:41,490 --> 01:03:39,550

they say I can't tell you that but it's

1439

01:03:45,060 --> 01:03:41,500

classified you know about capabilities

1440

01:03:46,710 --> 01:03:45,070

and systems so I feel completely certain

1441

01:03:48,540 --> 01:03:46,720

if somebody had told commander flavor

1442

01:03:51,480 --> 01:03:48,550

there's somebody who told any of these

1443

01:03:54,240 --> 01:03:51,490

guys we're doing advanced training here

1444

01:03:56,460 --> 01:03:54,250

you better not say anything or you

1445

01:03:59,430 --> 01:03:56,470

better go call it ed Snowden and see if

1446

01:04:00,480 --> 01:03:59,440

you can move in with him they wouldn't

1447

01:04:02,160 --> 01:04:00,490

have said anything

1448

01:04:05,310 --> 01:04:02,170

because they would respect the fact that

1449

01:04:07,170 --> 01:04:05,320

it may be its own Wow technology but it

1450

01:04:09,690 --> 01:04:07,180

is ours and there's a reason we keep it

1451

01:04:13,440 --> 01:04:09,700

secret and so there was a lot of things

1452

01:04:14,400 --> 01:04:13,450

there and he may be correct I was just

1453

01:04:16,140 --> 01:04:14,410

saying that there's a lot of things

1454

01:04:19,640 --> 01:04:16,150

based on information I got that seemed

1455

01:04:22,410 --> 01:04:19,650

to be widely

1456

01:04:25,080 --> 01:04:22,420

normally how aerospace advanced

1457

01:04:27,960 --> 01:04:25,090

aerospace testing would go on with that

1458

01:04:31,320 --> 01:04:27,970

said does it rule out that it was an

1459

01:04:33,150 --> 01:04:31,330

advanced aerospace program no in my

1460

01:04:35,510 --> 01:04:33,160

opinion if that would be the case it is

1461

01:04:39,450 --> 01:04:35,520

possible that the Nimitz carrier route

1462

01:04:41,610 --> 01:04:39,460

stumbled into it and so I'm open to that

1463

01:04:44,390 --> 01:04:41,620

because the area that they were at San

1464

01:04:47,730 --> 01:04:44,400

Clemente Iowa which is right there

1465

01:04:49,860 --> 01:04:47,740

that's a very very little-known that in

1466

01:04:52,770 --> 01:04:49,870

st. Nicholas Island that's right nearby

1467

01:04:56,000 --> 01:04:52,780

there those are very little-known spots

1468

01:04:59,220 --> 01:04:56,010

by people but I can tell you that is

1469

01:05:02,430 --> 01:04:59,230

there not text testing the sexy stuff at

1470

01:05:05,760 --> 01:05:02,440

area 51 it would be around San Clemente

1471

01:05:08,610 --> 01:05:05,770

and in fact one of the former base

1472

01:05:10,140 --> 01:05:08,620

commander's there told me that or said

1473

01:05:12,270 --> 01:05:10,150

has said that you know there's not a

1474

01:05:13,830 --> 01:05:12,280

weapon system of the u.s. Arsenal at any

1475

01:05:15,930 --> 01:05:13,840

branch that hasn't passed through San

1476

01:05:18,360 --> 01:05:15,940

Clemente at some point so this is a very

1477

01:05:20,550 --> 01:05:18,370

I mean if you you pull you up on Google

1478

01:05:22,140 --> 01:05:20,560

Maps you see the air strips you can land

1479

01:05:24,180 --> 01:05:22,150

a space shuttle there there's some

1480

01:05:26,370 --> 01:05:24,190

high-tech stuff there so Randy's are

1481

01:05:31,800 --> 01:05:26,380

actually some form of a base on San

1482

01:05:33,300 --> 01:05:31,810

Clemente Island yes yes I mean when you

1483

01:05:36,270 --> 01:05:33,310

pull it up you will see what's the big

1484

01:05:38,760 --> 01:05:36,280

ears meaning the giant satellite domes

1485

01:05:42,090 --> 01:05:38,770

that look like Epcot Center from Disney

1486

01:05:44,250 --> 01:05:42,100

World you can see that there's some

1487

01:05:46,860 --> 01:05:44,260

real-deal stuff and I was able to talk

1488

01:05:49,320 --> 01:05:46,870

to somebody who worked at San Clemente

1489

01:05:52,530 --> 01:05:49,330

who explained it is very much like area

1490

01:05:54,810 --> 01:05:52,540

51 meaning you're flown out of San Diego

1491

01:05:58,590 --> 01:05:54,820

for the week you live there for the week

1492

01:06:00,630 --> 01:05:58,600

you go back home and what goes on in San

1493

01:06:02,460 --> 01:06:00,640

Clemente stays on San Clemente you know

1494

01:06:05,430 --> 01:06:02,470

he didn't tell me anything that goes on

1495

01:06:07,530 --> 01:06:05,440

there other than mentioning the the the

1496

01:06:09,150 --> 01:06:07,540

creepy part of landing there because the

1497

01:06:12,270 --> 01:06:09,160

strip is right on the edge of the cliffs

1498

01:06:14,490 --> 01:06:12,280

and you can see the remnants of crash

1499

01:06:16,440 --> 01:06:14,500

drone systems and stuff they didn't make

1500

01:06:20,010 --> 01:06:16,450

it and so here you are flying on this

1501

01:06:23,520 --> 01:06:20,020

little blind oh yeah well you know it so

1502

01:06:27,780 --> 01:06:23,530

the more these craft supposedly can

1503

01:06:29,070 --> 01:06:27,790

travel in air space and underwater so if

1504

01:06:30,060 --> 01:06:29,080

you're gonna test them in any way you

1505

01:06:31,920 --> 01:06:30,070

got a test

1506

01:06:33,240 --> 01:06:31,930

over the ocean if we can test him

1507

01:06:37,110 --> 01:06:33,250

underwater you can't touch them at area

1508

01:06:39,510 --> 01:06:37,120

51 sure yeah yeah absolutely

1509

01:06:41,460 --> 01:06:39,520

and I'll say in regards to that I never

1510

01:06:43,140 --> 01:06:41,470

found any any evidence from any of the

1511

01:06:44,580 --> 01:06:43,150

witnesses anybody that actually says

1512

01:06:47,850 --> 01:06:44,590

these I'll just retract under the water

1513

01:06:50,430 --> 01:06:47,860

and so didn't say it didn't happen yeah

1514

01:06:53,310 --> 01:06:50,440

in fact I think we had a submarine in

1515

01:06:55,920 --> 01:06:53,320

the area yes it did not report anything

1516

01:06:57,900 --> 01:06:55,930

despite the fact that there was the

1517

01:07:04,110 --> 01:06:57,910

eyewitness account by the the woman

1518

01:07:05,340 --> 01:07:04,120

pilot right the female pilot well she

1519

01:07:07,340 --> 01:07:05,350

says she saw the disturbance in the

1520

01:07:09,900 --> 01:07:07,350

water commander favors is the same thing

1521

01:07:12,050 --> 01:07:09,910

lieutenant-colonel couth with a marine

1522

01:07:15,120 --> 01:07:12,060

squadron says the same thing they saw

1523

01:07:19,920 --> 01:07:15,130

what appeared to be the white water

1524

01:07:21,330 --> 01:07:19,930

washing of a submarine but yet nobody

1525

01:07:24,660 --> 01:07:21,340

tracked him underwater

1526

01:07:26,790 --> 01:07:24,670

and actually I did reach out to some of

1527

01:07:29,250 --> 01:07:26,800

the USS Louisville guys who were on the

1528

01:07:30,030 --> 01:07:29,260

sub and they were like I don't know what

1529

01:07:31,440 --> 01:07:30,040

you're talking about

1530

01:07:34,470 --> 01:07:31,450

like I know the event happened now that

1531

01:07:36,300 --> 01:07:34,480

it came out but they didn't know that

1532

01:07:40,500 --> 01:07:36,310

didn't happen I believe there was a

1533

01:07:43,560 --> 01:07:40,510

brief report and unfortunately it was it

1534

01:07:45,060 --> 01:07:43,570

was from Gary for he's who only reported

1535

01:07:47,280 --> 01:07:45,070

that somebody had told him that it was

1536

01:07:48,810 --> 01:07:47,290

on the sub and he later came back out

1537

01:07:50,250 --> 01:07:48,820

and said that he was misinformed it

1538

01:07:51,750 --> 01:07:50,260

wasn't his fault he was reporting what

1539

01:07:53,520 --> 01:07:51,760

they told him but yet there's no

1540

01:07:58,110 --> 01:07:53,530

knowledge they went underwater not to

1541

01:07:59,550 --> 01:07:58,120

say that it hasn't been implied so again

1542

01:08:02,690 --> 01:07:59,560

we're searching for an explanation for

1543

01:08:05,370 --> 01:08:02,700

what these guys saw it's either

1544

01:08:07,350 --> 01:08:05,380

extraterrestrial earthly or their eyes

1545

01:08:09,060 --> 01:08:07,360

are playing tricks on them and playing

1546

01:08:11,030 --> 01:08:09,070

something was playing tricks on the

1547

01:08:14,010 --> 01:08:11,040

radar system

1548

01:08:15,930 --> 01:08:14,020

which by the way that's not totally out

1549

01:08:17,520 --> 01:08:15,940

of the realm of possibility based on

1550

01:08:20,460 --> 01:08:17,530

Michael we were just reading that

1551

01:08:23,390 --> 01:08:20,470

article I forget who wrote it about the

1552

01:08:26,880 --> 01:08:23,400

technologies as youth that the US has

1553

01:08:28,380 --> 01:08:26,890

Tyler it was actually was Brett tensley

1554

01:08:32,820 --> 01:08:28,390

good friend of mine I write for them

1555

01:08:35,430 --> 01:08:32,830

okay with Tyler and no mimesis and in

1556

01:08:37,410 --> 01:08:35,440

fact that I will be doing a follow-up

1557

01:08:40,349 --> 01:08:37,420

piece to that for the war zone should

1558

01:08:43,890 --> 01:08:40,359

come out this week or the following week

1559

01:08:46,230 --> 01:08:43,900

and indeed the Nemesis is phenomenal and

1560

01:08:48,810 --> 01:08:46,240

and that's why I copy so describe

1561

01:08:49,950 --> 01:08:48,820

nemesis just for us in 30 seconds sure

1562

01:08:51,210 --> 01:08:49,960

I'll give you the 30 second because

1563

01:08:53,370 --> 01:08:51,220

Brett's are much better at it

1564

01:08:54,930 --> 01:08:53,380

nemesis isn't awesome I mean this is the

1565

01:08:57,650 --> 01:08:54,940

next level of warfare this is

1566

01:09:01,800 --> 01:08:57,660

electronics warfare in which it infects

1567

01:09:05,070 --> 01:09:01,810

your the system plants false returns and

1568

01:09:06,510 --> 01:09:05,080

allows people to see things are these

1569

01:09:08,190 --> 01:09:06,520

operators to see things that don't exist

1570

01:09:10,440 --> 01:09:08,200

and in fact in the article I'll have

1571

01:09:13,200 --> 01:09:10,450

coming out and his follow up I'm going

1572

01:09:15,030 --> 01:09:13,210

to go into a 1960s program called

1573

01:09:16,650 --> 01:09:15,040

project lady young that was actually run

1574

01:09:20,160 --> 01:09:16,660

I spoke to the man who created that

1575

01:09:21,630 --> 01:09:20,170

program back then and will go into depth

1576

01:09:23,880 --> 01:09:21,640

and tell some details have never been

1577

01:09:26,970 --> 01:09:23,890

told before as far as what we did with

1578

01:09:30,360 --> 01:09:26,980

Russia and and some of some Russian UFO

1579

01:09:32,790 --> 01:09:30,370

sightings were us because he could it

1580

01:09:33,990 --> 01:09:32,800

could infect the system and they could

1581

01:09:36,480 --> 01:09:34,000

see things that aren't there

1582

01:09:38,520 --> 01:09:36,490

with nemesis is like palladium on

1583

01:09:41,790 --> 01:09:38,530

steroids now it's the high-tech version

1584

01:09:43,800 --> 01:09:41,800

it can make fleets show up my

1585

01:09:47,250 --> 01:09:43,810

investigation was limited to the Nimitz

1586

01:09:49,320 --> 01:09:47,260

not the Roosevelt 2015 from what I know

1587

01:09:54,180 --> 01:09:49,330

about the roads about 2015

1588

01:09:56,130 --> 01:09:54,190

the Nemesis explanation fits the only

1589

01:09:58,050 --> 01:09:56,140

reason it doesn't fit in this case is

1590

01:10:00,600 --> 01:09:58,060

their accounts of a physical object

1591

01:10:03,180 --> 01:10:00,610

flavor and them of a tic-tac what they

1592

01:10:04,920 --> 01:10:03,190

saw but and that's why I caution when I

1593

01:10:08,670 --> 01:10:04,930

say could there have been two you would

1594

01:10:10,350 --> 01:10:08,680

say sorry not only what some say they

1595

01:10:13,820 --> 01:10:10,360

saw with the naked eye but also the

1596

01:10:16,200 --> 01:10:13,830

video because theoretically nemesis

1597

01:10:18,360 --> 01:10:16,210

causes things to show up on radar but

1598

01:10:21,060 --> 01:10:18,370

you wouldn't see them if you're

1599

01:10:23,340 --> 01:10:21,070

videotaping it is that correct oh no you

1600

01:10:25,980 --> 01:10:23,350

can see my videotape I mean you are

1601
01:10:30,530 --> 01:10:25,990
literally hacking the system and playing

1602
01:10:33,180 --> 01:10:30,540
with people and somebody had a camcorder

1603
01:10:36,930 --> 01:10:33,190
videoing they would see what appeared to

1604
01:10:39,630 --> 01:10:36,940
them to be an aircraft under the Nemesis

1605
01:10:42,030 --> 01:10:39,640
program not you and I if we were filming

1606
01:10:44,070 --> 01:10:42,040
from her iPhone or whatnot what they

1607
01:10:45,300 --> 01:10:44,080
would - the best analogy was getting

1608
01:10:46,770 --> 01:10:45,310
nemesis there's a lot of classified

1609
01:10:48,900 --> 01:10:46,780
stuff with nemesis so we were able to

1610
01:10:50,280 --> 01:10:48,910
get a grant was able to get what was

1611
01:10:52,800 --> 01:10:50,290
kind of open-source and what we could

1612
01:10:55,890 --> 01:10:52,810
dig up so what we don't know is funded

1613
01:10:56,580 --> 01:10:55,900

think about but it infects the system

1614

01:10:58,859 --> 01:10:56,590

and when I talk

1615

01:11:00,479 --> 01:10:58,869

the CEC the the co-operative engagement

1616

01:11:03,660 --> 01:11:00,489

computer what that does is it integrates

1617

01:11:06,030 --> 01:11:03,670

the entire fleet is able to see one

1618

01:11:08,220 --> 01:11:06,040

picture because the planes looking at

1619

01:11:10,109 --> 01:11:08,230

something it's going to everybody so you

1620

01:11:11,760 --> 01:11:10,119

only need one of those systems and it's

1621

01:11:13,649 --> 01:11:11,770

like spreading a virus throughout it and

1622

01:11:15,600 --> 01:11:13,659

it can make all sorts of things show up

1623

01:11:17,970 --> 01:11:15,610

and with these out clear pods and that's

1624

01:11:20,189 --> 01:11:17,980

why I said 15 could be a good

1625

01:11:23,209 --> 01:11:20,199

explanation for that because in 2015

1626

01:11:25,379 --> 01:11:23,219

none of the pilots actually reported

1627

01:11:26,970 --> 01:11:25,389

physically seeing anything with their

1628

01:11:30,060 --> 01:11:26,980

eyes it was always on these act clear

1629

01:11:32,910 --> 01:11:30,070

Pods so yes could you project a false

1630

01:11:35,729 --> 01:11:32,920

image in it absolutely and that with the

1631

01:11:39,089 --> 01:11:35,739

Palladium system they they were doing

1632

01:11:40,020 --> 01:11:39,099

that back in the sixties to the point

1633

01:11:41,520 --> 01:11:40,030

where like I said lady

1634

01:11:44,459 --> 01:11:41,530

some information has never been out

1635

01:11:46,260 --> 01:11:44,469

there but you know they kind of gene

1636

01:11:48,359 --> 01:11:46,270

fatigue - CIA executive head of that

1637

01:11:51,839 --> 01:11:48,369

program kind of whimsically saying about

1638

01:11:53,820 --> 01:11:51,849

how they had a Russian pilot over Cuba

1639

01:11:55,919 --> 01:11:53,830

during the Cuban Missile Crisis you know

1640

01:11:57,540 --> 01:11:55,929

thinking he was seeing on his radar

1641

01:11:59,370 --> 01:11:57,550

scopes and how that cleared the time a

1642

01:12:01,350 --> 01:11:59,380

real object was getting ready to fire

1643

01:12:03,060 --> 01:12:01,360

missile at it and then they just kind of

1644

01:12:08,040 --> 01:12:03,070

like my siding they just flipped it off

1645

01:12:09,810 --> 01:12:08,050

with it where did it go so that's in the

1646

01:12:11,520 --> 01:12:09,820

sixties you know we know that they

1647

01:12:13,919 --> 01:12:11,530

develop this capability to attack these

1648

01:12:15,419 --> 01:12:13,929

systems now very common I'm moving the

1649

01:12:16,649 --> 01:12:15,429

other interview he mentions as well and

1650

01:12:19,919 --> 01:12:16,659

when you're developing advanced

1651
01:12:21,810 --> 01:12:19,929
technology it's how can we use this to

1652
01:12:23,640 --> 01:12:21,820
defeat potential adversaries but how

1653
01:12:26,939 --> 01:12:23,650
will they use it to defeat us so it's a

1654
01:12:30,390 --> 01:12:26,949
simultaneous development process and so

1655
01:12:30,750 --> 01:12:30,400
yeah that that's - you know I go back to

1656
01:12:32,820 --> 01:12:30,760
saying

1657
01:12:34,649 --> 01:12:32,830
koogler have been intent tic-tacs now

1658
01:12:39,810 --> 01:12:34,659
could there have been one that could

1659
01:12:44,040 --> 01:12:39,820
project 10 yes that capability exists at

1660
01:12:46,470 --> 01:12:44,050
least we know it exists in the 2015 time

1661
01:12:49,770 --> 01:12:46,480
frame and so could it have existed back

1662
01:12:51,390 --> 01:12:49,780
then I got a couple of things for you

1663
01:12:54,439 --> 01:12:51,400

you just got another 10 minutes right am

1664

01:12:58,200 --> 01:12:54,449

i right on your time approximately yeah

1665

01:13:00,060 --> 01:12:58,210

okay um the Navy patents and that's I

1666

01:13:08,310 --> 01:13:00,070

learned about those from from from Brett

1667

01:13:09,549 --> 01:13:08,320

ting kingly so so these yes I talked to

1668

01:13:10,989 --> 01:13:09,559

turbo about them a little bit

1669

01:13:15,329 --> 01:13:10,999

I've read them I'm sure you've read them

1670

01:13:18,429 --> 01:13:15,339

they seem to describe the tic-tac

1671

01:13:19,959 --> 01:13:18,439

spacecraft in in this Navy patent that

1672

01:13:24,339 --> 01:13:19,969

was actually issued earlier this year

1673

01:13:27,429 --> 01:13:24,349

what do you make of that well and that's

1674

01:13:29,319 --> 01:13:27,439

that's Bret's bailiwick because I kind

1675

01:13:30,759 --> 01:13:29,329

of shied away of it and I'll tell you my

1676

01:13:35,229 --> 01:13:30,769

personal opinion which I've told them

1677

01:13:37,329 --> 01:13:35,239

and so it's no secret it's I'm not

1678

01:13:38,979 --> 01:13:37,339

overly impressed with it for the simple

1679

01:13:41,349 --> 01:13:38,989

fact of the matter is and I believe you

1680

01:13:44,829 --> 01:13:41,359

brought this up in a past interview the

1681

01:13:46,419 --> 01:13:44,839

1952 secrecy act if these were legit

1682

01:13:48,069 --> 01:13:46,429

enough that they could account for what

1683

01:13:52,829 --> 01:13:48,079

we're talking about the tic-tac back in

1684

01:13:55,329 --> 01:13:52,839

or whatever we wouldn't know about is I

1685

01:13:58,179 --> 01:13:55,339

the the actual person who fought for the

1686

01:13:59,649 --> 01:13:58,189

patent Salvatore biiis I know where he

1687

01:14:01,869 --> 01:13:59,659

works I'm not what he's working on this

1688

01:14:04,809 --> 01:14:01,879

type of stuff well I don't know is this

1689

01:14:08,129 --> 01:14:04,819

just his prep project that he is

1690

01:14:11,379 --> 01:14:08,139

interested in and believes could happen

1691

01:14:13,569 --> 01:14:11,389

maybe do I think that they explain a

1692

01:14:16,719 --> 01:14:13,579

realistic technology is out there today

1693

01:14:18,219 --> 01:14:16,729

no because if they did it they wouldn't

1694

01:14:19,629 --> 01:14:18,229

be out there I think he said you

1695

01:14:22,299 --> 01:14:19,639

shouldn't be getting a patent for a

1696

01:14:25,389 --> 01:14:22,309

technologists OD out there and under the

1697

01:14:27,969 --> 01:14:25,399

secrecy yet if they said oh no we can

1698

01:14:30,179 --> 01:14:27,979

make this and this will be yeah not

1699

01:14:32,770 --> 01:14:30,189

gonna be you're not going to find a

1700

01:14:34,540 --> 01:14:32,780

patent now to get to to figure out how

1701

01:14:37,389 --> 01:14:34,550

to build a fusion bomb or the stealth

1702

01:14:41,079 --> 01:14:37,399

bomber from scratch so all right but it

1703

01:14:44,619 --> 01:14:41,089

is real it is a real patent so yeah we

1704

01:14:47,349 --> 01:14:44,629

have to explain okay why did these guys

1705

01:14:52,149 --> 01:14:47,359

file for this thing why was it granted

1706

01:14:54,459 --> 01:14:52,159

and is what they described doable is it

1707

01:14:55,919 --> 01:14:54,469

does it you know where the nuclear

1708

01:14:58,319 --> 01:14:55,929

physicists look at that and say that

1709

01:15:01,719 --> 01:14:58,329

yeah yeah that's that's viable

1710

01:15:02,739 --> 01:15:01,729

yeah and we're and and and they asked me

1711

01:15:04,059 --> 01:15:02,749

to kind of help them look at that I

1712

01:15:06,699 --> 01:15:04,069

think we're going to be looking at all

1713

01:15:08,759 --> 01:15:06,709

of us together Tommy Tyler and Brett and

1714

01:15:11,290 --> 01:15:08,769

so I'm gonna talk to some people with it

1715

01:15:13,000 --> 01:15:11,300

you know I kind of default back to Nick

1716

01:15:16,989 --> 01:15:13,010

cook and when I ask him certain things

1717

01:15:19,059 --> 01:15:16,999

the same thing is he saying could this

1718

01:15:21,689 --> 01:15:19,069

stuff exists sure but he searched for it

1719

01:15:23,489 --> 01:15:21,699

forever and we weren't even close and

1720

01:15:25,479 --> 01:15:23,499

one thing with the pen

1721

01:15:28,020 --> 01:15:25,489

knocking I think it's great if he's able

1722

01:15:30,969 --> 01:15:28,030

to VIN it holy cow this is game-changing

1723

01:15:33,009 --> 01:15:30,979

but it seems like the patents have come

1724

01:15:35,199 --> 01:15:33,019

out and with a sequence of events that

1725

01:15:37,660 --> 01:15:35,209

it's like okay this is what I want to do

1726

01:15:40,439 --> 01:15:37,670

oh crap I need to build this too so now

1727

01:15:42,580 --> 01:15:40,449

there's a patent from you know the

1728

01:15:44,169 --> 01:15:42,590

nuclear reactor that's gonna work it and

1729

01:15:46,919 --> 01:15:44,179

oh wait we need this so i'ma build a

1730

01:15:51,189 --> 01:15:46,929

patent for that type of thing where

1731

01:15:53,729 --> 01:15:51,199

typically you wouldn't see one inventor

1732

01:15:56,109 --> 01:15:53,739

craft at all I mean even if you look at

1733

01:15:57,189 --> 01:15:56,119

Kelly Johnson's team with the u-2 spy

1734

01:15:59,379 --> 01:15:57,199

plane what are the greatest

1735

01:16:00,129 --> 01:15:59,389

technological Aerospace's beats it's

1736

01:16:01,629 --> 01:16:00,139

still in the fleet

1737

01:16:05,529 --> 01:16:01,639

so one thing always playing still using

1738

01:16:06,969 --> 01:16:05,539

and there was a team of guys and well

1739

01:16:08,169 --> 01:16:06,979

never thought is if you believe you know

1740

01:16:11,859 --> 01:16:08,179

a lot of people believe in just some

1741

01:16:13,839 --> 01:16:11,869

information so if you were believing

1742

01:16:16,959 --> 01:16:13,849

that turbos a disinformation agent etc

1743

01:16:19,330 --> 01:16:16,969

and the military that this video leaks

1744

01:16:22,029 --> 01:16:19,340

out it really is

1745

01:16:24,009 --> 01:16:22,039

UFOs extraterrestrial we don't want

1746

01:16:26,080 --> 01:16:24,019

people to freak out so we're gonna go

1747

01:16:27,669 --> 01:16:26,090

out there and send people out to explain

1748

01:16:29,020 --> 01:16:27,679

that no it's actually us technology and

1749

01:16:30,339 --> 01:16:29,030

in fact we're gonna file for this kind

1750

01:16:32,500 --> 01:16:30,349

of bogus patent that kind of

1751

01:16:34,870 --> 01:16:32,510

demonstrates that we do have the

1752

01:16:36,910 --> 01:16:34,880

technology to make this that would fit

1753

01:16:41,229 --> 01:16:36,920

the conspiracy disinformation campaign

1754

01:16:43,330 --> 01:16:41,239

anyway well and I was told by a couple

1755

01:16:45,160 --> 01:16:43,340

of people that it may not even be as

1756

01:16:47,770 --> 01:16:45,170

sinister as that is it's just trolling

1757

01:16:50,439 --> 01:16:47,780

the waters meaning you throw out this

1758

01:16:52,839 --> 01:16:50,449

stuff if you can make your adversaries

1759

01:16:54,669 --> 01:16:52,849

waste time trying to see if it's real

1760

01:16:56,770 --> 01:16:54,679

and build it make them think that you

1761

01:16:59,830 --> 01:16:56,780

think it's real I can build it just

1762

01:17:02,560 --> 01:16:59,840

anything to muddy the waters or do you

1763

01:17:06,399 --> 01:17:02,570

kick the trees and there's some you know

1764

01:17:09,189 --> 01:17:06,409

kid you know at Harvard or wherever you

1765

01:17:11,770 --> 01:17:09,199

know these big aviation schools like

1766

01:17:14,560 --> 01:17:11,780

Florida Atlantic who all of a sudden are

1767

01:17:16,449 --> 01:17:14,570

for a technical who's like hang on a

1768

01:17:18,969 --> 01:17:16,459

minute that's wrong but if he did this

1769

01:17:21,160 --> 01:17:18,979

this and this you know you you're

1770

01:17:22,359 --> 01:17:21,170

grooming sources you you kind of seed it

1771

01:17:24,040 --> 01:17:22,369

out in the intelligence world it was

1772

01:17:25,209 --> 01:17:24,050

kind of like chicken feet and so you're

1773

01:17:28,419 --> 01:17:25,219

throwing it out and just seeing what

1774

01:17:31,359 --> 01:17:28,429

comes in that's a possibility some

1775

01:17:33,489 --> 01:17:31,369

people mentioned that so let last thing

1776

01:17:34,719 --> 01:17:33,499

a touch on is is Bob Lazar because I

1777

01:17:36,740 --> 01:17:34,729

know you wrote a article recently about

1778

01:17:41,690 --> 01:17:36,750

him and the raid on here

1779

01:17:47,300 --> 01:17:41,700

home seeking documents and materials Bob

1780

01:17:49,550 --> 01:17:47,310

Lazar is the area 51 employee who is I

1781

01:17:51,740 --> 01:17:49,560

guess the only guy who's really spoken

1782

01:17:53,450 --> 01:17:51,750

out about what he saw but anyway he

1783

01:17:55,220 --> 01:17:53,460

bottom line what I think I want to get

1784

01:18:00,350 --> 01:17:55,230

your thoughts on are the fact that he

1785

01:18:02,870 --> 01:18:00,360

claims then in 89 88 89 he personally

1786

01:18:06,290 --> 01:18:02,880

witnessed the type of technology that

1787

01:18:09,650 --> 01:18:06,300

we're talking about with these tic-tacs

1788

01:18:13,820 --> 01:18:09,660

so what is that you know what what's the

1789

01:18:15,410 --> 01:18:13,830

credibility of Lazar in your view isn't

1790

01:18:17,180 --> 01:18:15,420

it convenient when they can they can

1791

01:18:22,430 --> 01:18:17,190

match it to something after it comes out

1792

01:18:24,410 --> 01:18:22,440

I was asked to digging up as Lazar a lot

1793

01:18:26,860 --> 01:18:24,420

and there goes a lot more than just came

1794

01:18:30,320 --> 01:18:26,870

out of that vice article and everything

1795

01:18:31,760 --> 01:18:30,330

it is my opinion after 30 years and

1796

01:18:33,850 --> 01:18:31,770

everything and this is speaking of Lazar

1797

01:18:37,340 --> 01:18:33,860

and there's so much more that just

1798

01:18:40,790 --> 01:18:37,350

didn't go in the vice article luck was

1799

01:18:43,400 --> 01:18:40,800

ours a great story he's a cultural

1800

01:18:45,650 --> 01:18:43,410

phenomena that speak to that zygous of

1801

01:18:50,870 --> 01:18:45,660

government cover-ups and UFOs in

1802

01:18:52,640 --> 01:18:50,880

everything and that's what it is I was

1803

01:18:55,310 --> 01:18:52,650

able to examine and he said it's not in

1804

01:18:58,580 --> 01:18:55,320

that article but examining from going

1805

01:19:00,470 --> 01:18:58,590

back to 89 until now everything ever

1806

01:19:02,690 --> 01:19:00,480

truly went into it objectively and

1807

01:19:04,820 --> 01:19:02,700

frankly just listening to him he's kind

1808

01:19:07,550 --> 01:19:04,830

of matter of fact you know nerdiness is

1809

01:19:10,120 --> 01:19:07,560

like wait this guy I went into it but

1810

01:19:14,090 --> 01:19:10,130

maybe more of a believer oddly enough

1811

01:19:17,990 --> 01:19:14,100

you know when I weigh the possibilities

1812

01:19:20,330 --> 01:19:18,000

in the balance of probabilities I was

1813

01:19:22,370 --> 01:19:20,340

unable to find it any evidence to

1814

01:19:26,240 --> 01:19:22,380

support any of his claims

1815

01:19:27,800 --> 01:19:26,250

I found a overwhelming wealth of

1816

01:19:30,260 --> 01:19:27,810

evidence that it does not support his

1817

01:19:32,180 --> 01:19:30,270

complaint that would suggest to me he

1818

01:19:34,880 --> 01:19:32,190

did not have the technical know-how he

1819

01:19:36,800 --> 01:19:34,890

would not have ever been granted a

1820

01:19:40,820 --> 01:19:36,810

security clearance in the first place

1821

01:19:42,950 --> 01:19:40,830

based on some of his past history which

1822

01:19:44,960 --> 01:19:42,960

is striking because we would have to

1823

01:19:46,760 --> 01:19:44,970

assume he's the only guy like we've

1824

01:19:49,280 --> 01:19:46,770

heard some weird conspiracies out there

1825

01:19:49,850 --> 01:19:49,290

but he's the only one and so if it was

1826

01:19:52,360 --> 01:19:49,860

true

1827

01:19:56,240 --> 01:19:52,370

man that that would have to be so tight

1828

01:19:57,740 --> 01:19:56,250

then nobody has leaked but him why do

1829

01:19:59,720 --> 01:19:57,750

you let that guy based on some

1830

01:20:01,520 --> 01:19:59,730

background so well and sort of the same

1831

01:20:03,470 --> 01:20:01,530

thing applies to the turbo story because

1832

01:20:05,960 --> 01:20:03,480

under the turbo story this technology

1833

01:20:09,860 --> 01:20:05,970

has now been around for at least 20

1834

01:20:13,340 --> 01:20:09,870

years and how come we're only hearing

1835

01:20:15,050 --> 01:20:13,350

about it from turbo hundreds of people

1836

01:20:18,020 --> 01:20:15,060

even turbo himself says hundreds of

1837

01:20:20,720 --> 01:20:18,030

people know about this and that makes

1838

01:20:23,630 --> 01:20:20,730

sense you'd have to be that in the

1839

01:20:25,730 --> 01:20:23,640

hundreds in order to have had these

1840

01:20:27,470 --> 01:20:25,740

things built at plant 40 to have private

1841

01:20:29,960 --> 01:20:27,480

contractors been involved according to

1842

01:20:31,430 --> 01:20:29,970

turbo to to private contractors so yeah

1843

01:20:34,400 --> 01:20:31,440

we're probably in the hundreds of people

1844

01:20:36,860 --> 01:20:34,410

that would know and everybody has been

1845

01:20:40,580 --> 01:20:36,870

able to keep it under the hat for 20

1846

01:20:42,410 --> 01:20:40,590

years yeah and and all due respect to

1847

01:20:44,120 --> 01:20:42,420

mr. turbo I mean at least he may be a

1848

01:20:45,500 --> 01:20:44,130

great guy love to chat with him because

1849

01:20:47,930 --> 01:20:45,510

I'd love to hear more of what he's got

1850

01:20:49,220 --> 01:20:47,940

to say but yeah the information that I'm

1851

01:20:52,130 --> 01:20:49,230

going to put out to the public it was in

1852

01:20:54,290 --> 01:20:52,140

these articles and everything it's never

1853

01:20:55,460 --> 01:20:54,300

gonna be if I use an anonymous source

1854

01:20:56,750 --> 01:20:55,470

it's gonna be just like I did with the

1855

01:20:58,400 --> 01:20:56,760

other guys I'm gonna confirm it matter

1856

01:21:00,350 --> 01:20:58,410

to knows who it is we can confirm it

1857

01:21:02,930 --> 01:21:00,360

back it up if need be but I'm not gonna

1858

01:21:04,790 --> 01:21:02,940

base it entirely and ask you or anyone

1859

01:21:07,180 --> 01:21:04,800

else to believe what I'm saying and

1860

01:21:10,790 --> 01:21:07,190

didn't say heaven I can't tell you how

1861

01:21:14,060 --> 01:21:10,800

that's just a caveat and maybe he's true

1862

01:21:16,460 --> 01:21:14,070

and if that's the case you know I also

1863

01:21:18,950 --> 01:21:16,470

fall back on it again just so you said

1864

01:21:22,310 --> 01:21:18,960

he's the only one guy saying with

1865

01:21:23,420 --> 01:21:22,320

Lazarre there's the idea well they

1866

01:21:25,580 --> 01:21:23,430

haven't been arrested or anything

1867

01:21:27,290 --> 01:21:25,590

because that would just prove credence

1868

01:21:29,440 --> 01:21:27,300

to their story well the government

1869

01:21:31,490 --> 01:21:29,450

having a problem trying to arrest

1870

01:21:33,470 --> 01:21:31,500

william cooper and shooting him in the

1871

01:21:35,570 --> 01:21:33,480

head back in the late 90s who he was the

1872

01:21:38,390 --> 01:21:35,580

IRA behind a pale horse kind of a

1873

01:21:40,880 --> 01:21:38,400

messianic in the conspiracy world

1874

01:21:43,010 --> 01:21:40,890

he never Amin him they'd have a problem

1875

01:21:46,310 --> 01:21:43,020

with a lot of different things and Bob

1876

01:21:48,020 --> 01:21:46,320

Lazar has broken the law numerous times

1877

01:21:49,700 --> 01:21:48,030

since then government at any point time

1878

01:21:52,010 --> 01:21:49,710

and under federal violations could have

1879

01:21:55,220 --> 01:21:52,020

said yeah lock him up 20 years and buy

1880

01:21:58,280 --> 01:21:55,230

and I think you as you probably know the

1881

01:22:00,230 --> 01:21:58,290

public's attention span is very recency

1882

01:22:03,629 --> 01:22:00,240

bias whatever is going on now we pay

1883

01:22:05,009 --> 01:22:03,639

attention to and so I don't

1884

01:22:07,709 --> 01:22:05,019

think it would have blown up like thank

1885

01:22:09,959 --> 01:22:07,719

God there truther so if they were

1886

01:22:11,929 --> 01:22:09,969

disclosing true classified information

1887

01:22:14,819 --> 01:22:11,939

are you baby

1888

01:22:16,949 --> 01:22:14,829

colin edward snowden's hey man you got

1889

01:22:19,560 --> 01:22:16,959

room in the apartment no frigate up

1890

01:22:21,179 --> 01:22:19,570

there so the last thing give me one or

1891

01:22:23,939 --> 01:22:21,189

two questions for turbo because we are

1892

01:22:26,069 --> 01:22:23,949

gonna have him back on as you listen to

1893

01:22:28,139 --> 01:22:26,079

it what what kind of obvious things that

1894

01:22:30,330 --> 01:22:28,149

your thought oh man if I was sitting

1895

01:22:33,419 --> 01:22:30,340

there I would have asked him to clarify

1896

01:22:34,469 --> 01:22:33,429

this or elaborate on that well one of

1897

01:22:36,330 --> 01:22:34,479

the things that he mentioned that I

1898

01:22:38,009 --> 01:22:36,340

thought was really weird I'd never heard

1899

01:22:40,199 --> 01:22:38,019

it before is is and they seem to be

1900

01:22:42,089 --> 01:22:40,209

reluctant on it is he mentioned that the

1901

01:22:45,229 --> 01:22:42,099

technology may have come out of Dundee

1902

01:22:47,429 --> 01:22:45,239

University immersion Dundee which I'm

1903

01:22:50,120 --> 01:22:47,439

fairly certain he's talking about the

1904

01:22:53,370 --> 01:22:50,130

the University in Scotland in the UK

1905

01:22:55,620 --> 01:22:53,380

that's news to anybody and I actually

1906

01:22:59,639 --> 01:22:55,630

asked some of my connections in the

1907

01:23:01,770 --> 01:22:59,649

aviation aerospace world in the UK and I

1908

01:23:04,319 --> 01:23:01,780

said they ever heard of anything fancy

1909

01:23:06,509 --> 01:23:04,329

coming out of time I mean you know these

1910

01:23:08,790 --> 01:23:06,519

guys even in it no they they do some

1911

01:23:13,439 --> 01:23:08,800

Rover stuff like some electronic stuff

1912

01:23:15,029 --> 01:23:13,449

with the Rovers but that was weird

1913

01:23:16,889 --> 01:23:15,039

well we tracked down and I don't

1914

01:23:18,600 --> 01:23:16,899

remember how but I'll just give you a

1915

01:23:20,459 --> 01:23:18,610

name real quick in case it rings a bell

1916

01:23:22,139 --> 01:23:20,469

because Michael through some of the

1917

01:23:24,209 --> 01:23:22,149

research we were doing we did find a guy

1918

01:23:30,419 --> 01:23:24,219

associated with Dundee University and

1919

01:23:32,729 --> 01:23:30,429

what do sandy kid okay I don't know it

1920

01:23:35,609 --> 01:23:32,739

but I'll look into it because I was

1921

01:23:39,770 --> 01:23:35,619

interested yeah so sandy kids not a name

1922

01:23:42,989 --> 01:23:39,780

that you know though no okay I mean okay

1923

01:23:44,790 --> 01:23:42,999

anyway we'll share information and I

1924

01:23:46,109 --> 01:23:44,800

forget why and we don't have time to go

1925

01:23:48,509 --> 01:23:46,119

through it now but that's the name that

1926

01:23:49,889 --> 01:23:48,519

we track down post turbo interview

1927

01:23:50,969 --> 01:23:49,899

associated with Thunder University and

1928

01:23:56,520 --> 01:23:50,979

we reached out to him

1929

01:23:57,750 --> 01:23:56,530

we're hoping he's going to talk but he

1930

01:24:01,310 --> 01:23:57,760

was kind of surprised that we reached

1931

01:24:03,779 --> 01:24:01,320

him and was kind of acting as if yes I

1932

01:24:05,909 --> 01:24:03,789

discovered something very significant

1933

01:24:12,419 --> 01:24:05,919

and have never really gotten much credit

1934

01:24:15,589 --> 01:24:12,429

for it hey man dude more power to it I'd

1935

01:24:17,400 --> 01:24:15,599

love to hear it and I mean and so yeah I

1936

01:24:19,380 --> 01:24:17,410

would just say that

1937

01:24:21,510 --> 01:24:19,390

a lot of the stuff that he mentioned

1938

01:24:25,170 --> 01:24:21,520

would be so against the grain of what

1939

01:24:27,870 --> 01:24:25,180

the what the witnesses told me what

1940

01:24:30,450 --> 01:24:27,880

needs trying to find out the legitimacy

1941

01:24:31,620 --> 01:24:30,460

of this technology exists Lee wouldn't

1942

01:24:33,600 --> 01:24:31,630

you say that most of the experts you've

1943

01:24:35,970 --> 01:24:33,610

spoken to would say that yes this is

1944

01:24:37,730 --> 01:24:35,980

theoretically possible the laws of

1945

01:24:39,390 --> 01:24:37,740

physics are such that you know

1946

01:24:41,430 --> 01:24:39,400

anti-gravity and all that kind of stuff

1947

01:24:44,640 --> 01:24:41,440

has been talked about in research for

1948

01:24:46,320 --> 01:24:44,650

four decades and it is real but they

1949

01:24:48,120 --> 01:24:46,330

just don't think that we're there yet is

1950

01:24:51,690 --> 01:24:48,130

that where the commute scientific

1951

01:24:53,910 --> 01:24:51,700

community is on this multiple reasons

1952

01:24:56,640 --> 01:24:53,920

I mean we're talking about energy the

1953

01:24:58,200 --> 01:24:56,650

energy propulsion system to drive that I

1954

01:25:00,900 --> 01:24:58,210

mean that's the thing is you look at the

1955

01:25:03,690 --> 01:25:00,910

space shuttle launches a rocket how much

1956

01:25:04,920 --> 01:25:03,700

fuel is expended but isn't that some of

1957

01:25:06,960 --> 01:25:04,930

the superconductor stuff and the

1958

01:25:08,460 --> 01:25:06,970

room-temperature superconductor and that

1959

01:25:10,230 --> 01:25:08,470

kind of stuff which by the way one of

1960

01:25:12,870 --> 01:25:10,240

those other Navy patents also pertains

1961

01:25:16,190 --> 01:25:12,880

to right and as I said they all seem to

1962

01:25:17,550 --> 01:25:16,200

fit and so yeah I mean it would be

1963

01:25:21,180 --> 01:25:17,560

incredible

1964

01:25:21,930 --> 01:25:21,190

for for that to happen and at the same

1965

01:25:25,830 --> 01:25:21,940

time he talks about a different

1966

01:25:28,940 --> 01:25:25,840

information software payees just so

1967

01:25:31,290 --> 01:25:28,950

anybody knows he's actually Romanian and

1968

01:25:32,370 --> 01:25:31,300

just to putting it out there because

1969

01:25:34,170 --> 01:25:32,380

it's something to be interested to

1970

01:25:35,600 --> 01:25:34,180

consider is I've actually had an

1971

01:25:38,250 --> 01:25:35,610

opportunity to interview several a

1972

01:25:41,130 --> 01:25:38,260

Romanian aviation and aerospace experts

1973

01:25:42,570 --> 01:25:41,140

in fact I have been covering two guys

1974

01:25:43,440 --> 01:25:42,580

who have built what they think will be

1975

01:25:47,520 --> 01:25:43,450

the first fly

1976

01:25:50,510 --> 01:25:47,530

fully functional flying saucer the idea

1977

01:25:54,000 --> 01:25:50,520

of a flying saucer type technology and

1978

01:25:55,320 --> 01:25:54,010

some of these ideas in fact the first

1979

01:26:00,540 --> 01:25:55,330

person to ever patent a flying saucer

1980

01:26:01,830 --> 01:26:00,550

was a Romanian inventor in 1931 to them

1981

01:26:03,900 --> 01:26:01,840

when I taught him on my man it looks

1982

01:26:07,050 --> 01:26:03,910

like a UFO a flying saucer and they're

1983

01:26:09,330 --> 01:26:07,060

like huh are you talking about like to

1984

01:26:11,040 --> 01:26:09,340

them the the platform is very sound

1985

01:26:13,230 --> 01:26:11,050

aerodynamics and everything and so I

1986

01:26:15,420 --> 01:26:13,240

think that that in itself him being a

1987

01:26:18,600 --> 01:26:15,430

remain key or Romanian growing up or

1988

01:26:20,220 --> 01:26:18,610

never Romanian some of it some of these

1989

01:26:21,900 --> 01:26:20,230

things probably aren't as crazy is they

1990

01:26:24,030 --> 01:26:21,910

autos they're not as bound by this kind

1991

01:26:27,450 --> 01:26:24,040

of fixed-wing different types of control

1992

01:26:31,319 --> 01:26:27,460

surfaces that we use so maybe did that

1993

01:26:34,109 --> 01:26:32,790

before he said to me and I agreed with

1994

01:26:35,579 --> 01:26:34,119

him I don't care if they're aliens or

1995

01:26:37,229 --> 01:26:35,589

IRS I don't know what they are I won't

1996

01:26:40,020 --> 01:26:37,239

know how they work and you know if we're

1997

01:26:42,750 --> 01:26:40,030

talking about something that could cost

1998

01:26:44,819 --> 01:26:42,760

effectively you know I could have flown

1999

01:26:47,369 --> 01:26:44,829

to you right now an interview this and

2000

01:26:49,020 --> 01:26:47,379

be back before bedtime because freaking

2001
01:26:50,790 --> 01:26:49,030
trauma that fast and a commercial thing

2002
01:26:52,290 --> 01:26:50,800
and I want to see that out there for

2003
01:26:54,179 --> 01:26:52,300
everybody you know that you see here

2004
01:26:56,250 --> 01:26:54,189
today you'd believe that there was

2005
01:26:59,639 --> 01:26:56,260
actual craft in the sky that they

2006
01:27:03,029 --> 01:26:59,649
encountered off the limits based on

2007
01:27:04,500 --> 01:27:03,039
their accounts yes you know and again I

2008
01:27:07,109 --> 01:27:04,510
have to base it on what the guys have

2009
01:27:09,209 --> 01:27:07,119
said and I default back to them because

2010
01:27:11,579 --> 01:27:09,219
I've pushed him hard on electronics

2011
01:27:13,199 --> 01:27:11,589
warfare which was the Nemesis pushed him

2012
01:27:17,219 --> 01:27:13,209
hard on could it be that that kind of

2013
01:27:19,139 --> 01:27:17,229

stuff they say no they can't divulge why

2014

01:27:25,439 --> 01:27:19,149

because of classified reasons I respect

2015

01:27:28,949 --> 01:27:25,449

that I truly do and you know flavor he

2016

01:27:30,719 --> 01:27:28,959

there's I've never heard yeah he he it

2017

01:27:32,310 --> 01:27:30,729

appears that he's character in witnesses

2018

01:27:35,069 --> 01:27:32,320

is beyond reproach at the house I can't

2019

01:27:36,479 --> 01:27:35,079

figure why a very accomplished naval

2020

01:27:38,609 --> 01:27:36,489

commander which is sudden to come out

2021

01:27:39,599 --> 01:27:38,619

saying crazy stuff so so we're so we're

2022

01:27:42,329 --> 01:27:39,609

back to where we started

2023

01:27:45,029 --> 01:27:42,339

it's real the question is is it earthly

2024

01:27:47,689 --> 01:27:45,039

or extraterrestrial if I'm in Vegas and

2025

01:27:50,399 --> 01:27:47,699

I'm at the roulette wheel and red is

2026

01:27:53,729 --> 01:27:50,409

earthly in black is extraterrestrial

2027

01:27:58,199 --> 01:27:53,739

I'm betting red what which one do you

2028

01:28:00,629 --> 01:27:58,209

bet which was red represents earthly ok

2029

01:28:03,629 --> 01:28:00,639

all right all right yeah this is a good

2030

01:28:06,209 --> 01:28:03,639

question and you're gonna make me get so

2031

01:28:12,829 --> 01:28:06,219

many people in the alien UFO romatic

2032

01:28:15,469 --> 01:28:12,839

but just based on an abductive logic I

2033

01:28:20,009 --> 01:28:15,479

probably lay my chips on red with you

2034

01:28:22,889 --> 01:28:20,019

but I cabbie odd that by saying it's

2035

01:28:24,000 --> 01:28:22,899

really weird if it is and I'm a hedge

2036

01:28:27,179 --> 01:28:24,010

that bit man

2037

01:28:31,739 --> 01:28:27,189

I may drop your chips down on red or

2038

01:28:36,839 --> 01:28:31,749

when I'm black yeah or maybe green green

2039

01:28:39,270 --> 01:28:36,849

rice yeah I well that's what makes it

2040

01:28:42,479 --> 01:28:39,280

such a such a such a fun mystery to try

2041

01:28:44,279 --> 01:28:42,489

to unravel so thanks thanks so much to

2042

01:28:45,270 --> 01:28:44,289

him for taking the time really

2043

01:28:47,070 --> 01:28:45,280

appreciate it in

2044

01:28:55,520 --> 01:28:47,080

I think we'll be keeping in touch about
