

**NICK COOK**  
FMR. AVIATION EDITOR - JANE'S DEFENSE WEEKLY  
AUTHOR OF THE HUNT FOR ZERO POINT

**HIDDEN TRUTH SHOW WITH JIM BRESLO**  
**SPACE RACE**

**AVAILABLE ON ALL PODCAST APPS**

1  
00:00:10,100 --> 00:00:05,630

[Music]

2  
00:00:16,350 --> 00:00:12,780

okay Jim well let's take it from the top

3  
00:00:17,609 --> 00:00:16,360

so I used to be the aviation editor of a

4  
00:00:21,749 --> 00:00:17,619

magazine called Jane's Defence weekly

5  
00:00:24,810 --> 00:00:21,759

it's a very it's it's still probably the

6  
00:00:28,550 --> 00:00:24,820

premier military affairs magazine in the

7  
00:00:31,800 --> 00:00:28,560

world but it's based here in the UK I

8  
00:00:34,560 --> 00:00:31,810

was its aviation and I became its

9  
00:00:36,060 --> 00:00:34,570

aviation editor in 1987 and that was

10  
00:00:37,680 --> 00:00:36,070

renowned as an interesting time to

11  
00:00:39,660 --> 00:00:37,690

become editor of that magazine or

12  
00:00:41,580 --> 00:00:39,670

aviation editor of that magazine because

13  
00:00:43,439 --> 00:00:41,590

there was a lot of interesting stuff

14

00:00:47,880 --> 00:00:43,449

happening in the so-called black world

15

00:00:51,200 --> 00:00:47,890

of of aerospace at the time back in the

16

00:00:54,200 --> 00:00:51,210

late 80s there was a huge pile of

17

00:00:57,330 --> 00:00:54,210

reagan-era secrets pending coming in

18

00:00:59,400 --> 00:00:57,340

there had been stealth projects that had

19

00:01:06,330 --> 00:00:59,410

been begun about a decade earlier under

20

00:01:09,510 --> 00:01:06,340

Carter and so Reagan in 1988 his

21

00:01:12,030 --> 00:01:09,520

administration unveiled two secret

22

00:01:14,220 --> 00:01:12,040

aircraft programs one was the f-117

23

00:01:17,010 --> 00:01:14,230

stealth fighter and the other was the

24

00:01:19,080 --> 00:01:17,020

b-2 stealth bomber the 117 stealth

25

00:01:23,700 --> 00:01:19,090

fighter had been totally developed in

26  
00:01:27,780 --> 00:01:23,710  
the black in complete secrecy and people

27  
00:01:30,660 --> 00:01:27,790  
had had snippets I mean I as a defense

28  
00:01:32,750 --> 00:01:30,670  
journalist professional had heard of

29  
00:01:35,310 --> 00:01:32,760  
course whispers that this era aeroplanes

30  
00:01:36,600 --> 00:01:35,320  
existed but it wasn't until it was

31  
00:01:39,990 --> 00:01:36,610  
unveiled that we knew what it looked

32  
00:01:42,150 --> 00:01:40,000  
like and it it it came out of the out of

33  
00:01:44,910 --> 00:01:42,160  
the blackest as they say and where

34  
00:01:46,500 --> 00:01:44,920  
exactly was it built if you know yeah

35  
00:01:50,340 --> 00:01:46,510  
well it was built by the Lockheed Martin

36  
00:01:53,190 --> 00:01:50,350  
skunk works a very famous aerospace body

37  
00:01:56,040 --> 00:01:53,200  
that develops technologies secretly in

38  
00:01:57,780 --> 00:01:56,050

the black it's been going it had has

39

00:01:59,940 --> 00:01:57,790

been going since the end of the Second

40

00:02:02,790 --> 00:01:59,950

World War and has developed a lot of

41

00:02:05,850 --> 00:02:02,800

secret stuff like the u-2 spy plane the

42

00:02:09,240 --> 00:02:05,860

lockheed blackbird very fast flying and

43

00:02:11,850 --> 00:02:09,250

then latterly in the 1980s it had

44

00:02:13,559 --> 00:02:11,860

developed stealth you know and we're

45

00:02:16,289 --> 00:02:13,569

precisely the reason I'm asking is that

46

00:02:17,930 --> 00:02:16,299

turbo says that these planes that he not

47

00:02:20,480 --> 00:02:17,940

planes crash

48

00:02:23,960 --> 00:02:20,490

left Tic Tac crafts were built at plant

49

00:02:25,700 --> 00:02:23,970

42 in Palmdale California where a lot of

50

00:02:27,650 --> 00:02:25,710

these black operations happened was that

51  
00:02:30,220 --> 00:02:27,660  
plant 42 around in those days and is

52  
00:02:31,520 --> 00:02:30,230  
that where you believe this was built

53  
00:02:35,360 --> 00:02:31,530  
sure

54  
00:02:38,990 --> 00:02:35,370  
I mean plot plant 42 in Palmdale is the

55  
00:02:40,880 --> 00:02:39,000  
home or was the home to a number of

56  
00:02:44,870 --> 00:02:40,890  
secret aircraft developments including

57  
00:02:47,300 --> 00:02:44,880  
the b2 and the f-117 stealth fighter so

58  
00:02:50,120 --> 00:02:47,310  
there is precedent for black stuff

59  
00:02:52,550 --> 00:02:50,130  
secret stuff having been built out there

60  
00:02:52,970 --> 00:02:52,560  
in the Mojave Desert no question about

61  
00:02:54,650 --> 00:02:52,980  
that

62  
00:02:57,970 --> 00:02:54,660  
I think the question we have to ask

63  
00:03:02,090 --> 00:02:57,980

ourselves in this whole tic-tac saga is

64

00:03:03,830 --> 00:03:02,100

could an unprecedented aerospace

65

00:03:05,780 --> 00:03:03,840

technology and found actually aerospace

66

00:03:08,300 --> 00:03:05,790

is the wrong word if you look at the

67

00:03:10,160 --> 00:03:08,310

tic-tac video it does not aerospace does

68

00:03:12,440 --> 00:03:10,170

not describe what we saw there in the

69

00:03:14,630 --> 00:03:12,450

conventional sense which is where the

70

00:03:17,390 --> 00:03:14,640

whole thing opens up from being about

71

00:03:20,780 --> 00:03:17,400

you know my domain and I'm talking about

72

00:03:23,770 --> 00:03:20,790

you know a heritage here from the night

73

00:03:27,290 --> 00:03:23,780

late-1980s of covering this stuff as a

74

00:03:29,479 --> 00:03:27,300

reporter right through the 1990s and

75

00:03:33,920 --> 00:03:29,489

into the 2000s I mean you asked me about

76

00:03:37,750 --> 00:03:33,930

my book behind for zero point that was

77

00:03:40,390 --> 00:03:37,760

my 10 year investigation through the

78

00:03:43,479 --> 00:03:40,400

aerospace and defense world into

79

00:03:45,530 --> 00:03:43,489

antigravity could top-secret

80

00:03:48,199 --> 00:03:45,540

anti-gravity technology have been

81

00:03:51,229 --> 00:03:48,209

developed going back years

82

00:03:53,870 --> 00:03:51,239

I mean decades right back to the 50s and

83

00:03:56,449 --> 00:03:53,880

and even the Second World War to explain

84

00:03:59,540 --> 00:03:56,459

what people see as UFOs in the sky

85

00:04:01,820 --> 00:03:59,550

because I'm a dyed-in-the-wool aerospace

86

00:04:04,090 --> 00:04:01,830

and defense guy I need to kick the tires

87

00:04:07,009 --> 00:04:04,100

of stuff to know that it's real and

88

00:04:11,449 --> 00:04:07,019

that's what the book was about and it

89

00:04:13,430 --> 00:04:11,459

was published in 2001 and I'm pleased to

90

00:04:17,509 --> 00:04:13,440

say is sort of still rumbling on in

91

00:04:19,849 --> 00:04:17,519

cyberspace and elsewhere so yeah I sort

92

00:04:22,099 --> 00:04:19,859

of have history in this stuff and it's

93

00:04:25,550 --> 00:04:22,109

all come full circle a bit with tic-tac

94

00:04:29,350 --> 00:04:25,560

and the conclusion of the book was what

95

00:04:31,850 --> 00:04:29,360

as far as where we are in that hunt well

96

00:04:35,929 --> 00:04:31,860

in the hunt I go

97

00:04:37,700 --> 00:04:35,939

through everything I literally I started

98

00:04:41,899 --> 00:04:37,710

with an enigma actually because in the

99

00:04:42,950 --> 00:04:41,909

1950s the whole bunch of aerospace and

100

00:04:45,080 --> 00:04:42,960

defense companies

101  
00:04:48,200 --> 00:04:45,090  
I mean well-known household names even

102  
00:04:50,450 --> 00:04:48,210  
today like Boeing and Lockheed started

103  
00:04:52,459 --> 00:04:50,460  
talking about anti-gravity technology as

104  
00:04:54,140 --> 00:04:52,469  
if it was just around the corner you

105  
00:04:56,240 --> 00:04:54,150  
know we are on the verge we're on the

106  
00:04:59,899 --> 00:04:56,250  
bran literally on the verge of breaking

107  
00:05:01,429 --> 00:04:59,909  
through with this technology I hadn't

108  
00:05:03,230 --> 00:05:01,439  
come across this before or and I thought

109  
00:05:04,429 --> 00:05:03,240  
what is it why isn't anyone talking

110  
00:05:05,809 --> 00:05:04,439  
about this I mean this is pretty

111  
00:05:08,990 --> 00:05:05,819  
interesting if they were talking about

112  
00:05:12,379 --> 00:05:09,000  
this stuff back in the 1950s why isn't

113  
00:05:14,050 --> 00:05:12,389

it talked about today well of course it

114

00:05:17,689 --> 00:05:14,060

actually opens up a huge can of worms

115

00:05:19,490 --> 00:05:17,699

because certainly 20 years ago 25 years

116

00:05:22,219 --> 00:05:19,500

ago when I was investigating this book

117

00:05:24,709 --> 00:05:22,229

this was such a taboo subject it was

118

00:05:27,110 --> 00:05:24,719

like it was a different era you couldn't

119

00:05:29,869 --> 00:05:27,120

talk about anti-gravity you couldn't

120

00:05:32,600 --> 00:05:29,879

talk about UFOs without being dismissed

121

00:05:35,330 --> 00:05:32,610

as some kind of crank so I had to

122

00:05:37,329 --> 00:05:35,340

investigate this stuff on the sly so I

123

00:05:40,369 --> 00:05:37,339

was going about my day-to-day

124

00:05:42,409 --> 00:05:40,379

investigative nine-to-five reporting but

125

00:05:44,930 --> 00:05:42,419

in the meantime wherever I went I was

126

00:05:47,420 --> 00:05:44,940

asking this question do you think

127

00:05:50,170 --> 00:05:47,430

top-secret anti-gravity technology could

128

00:05:52,670 --> 00:05:50,180

have been developed since the 1950s and

129

00:05:55,010 --> 00:05:52,680

bit by bit I sort of got people to talk

130

00:05:57,439 --> 00:05:55,020

and they were very reluctant for the

131

00:05:59,450 --> 00:05:57,449

reasons I said they didn't want to be

132

00:06:00,769 --> 00:05:59,460

seen as cranks hell I didn't want to be

133

00:06:02,390 --> 00:06:00,779

seen as a crank I mean I was really

134

00:06:04,600 --> 00:06:02,400

worried about losing my job at Jaynes

135

00:06:08,689 --> 00:06:04,610

which is an incredibly respected

136

00:06:11,360 --> 00:06:08,699

publication but bit by bit I you know

137

00:06:14,420 --> 00:06:11,370

this I kind of eat the story out it went

138

00:06:16,100 --> 00:06:14,430

from the Nazi era when sure enough you

139

00:06:18,920 --> 00:06:16,110

know the Nazis were looking at some

140

00:06:21,079 --> 00:06:18,930

pretty esoteric stuff it went through

141

00:06:23,839 --> 00:06:21,089

the 1950s which is where as I said I'd

142

00:06:26,149 --> 00:06:23,849

pick the story up through the 60s it

143

00:06:28,399 --> 00:06:26,159

kind of went a bit dead then in the 70s

144

00:06:30,920 --> 00:06:28,409

we started getting that that sort of

145

00:06:32,360 --> 00:06:30,930

stealth stuff that I spoke about at the

146

00:06:34,550 --> 00:06:32,370

beginning where people were seeing

147

00:06:36,469 --> 00:06:34,560

things in the night skies over the

148

00:06:40,100 --> 00:06:36,479

Nevada desert they couldn't explain is

149

00:06:42,199 --> 00:06:40,110

that a flying saucer don't know and then

150

00:06:45,379 --> 00:06:42,209

it went on into the 1980s when NASA

151  
00:06:48,529 --> 00:06:45,389  
started testing anti-gravity technology

152  
00:06:51,230 --> 00:06:48,539  
now by the end I did not find a single

153  
00:06:52,909 --> 00:06:51,240  
piece of smoking gun evidence to say

154  
00:06:54,980 --> 00:06:52,919  
that the u.s. or anyone else had

155  
00:06:57,830 --> 00:06:54,990  
developed this stuff but there was lots

156  
00:07:00,050 --> 00:06:57,840  
of circumstantial evidence to show that

157  
00:07:02,510 --> 00:07:00,060  
people were very interested they've

158  
00:07:03,890 --> 00:07:02,520  
always been interested in it the black

159  
00:07:05,899 --> 00:07:03,900  
world of aerospace and defense

160  
00:07:09,290 --> 00:07:05,909  
technology is interested in any

161  
00:07:11,439 --> 00:07:09,300  
breakthrough however ridiculous the

162  
00:07:14,209 --> 00:07:11,449  
premise might seem at the beginning so

163  
00:07:15,890 --> 00:07:14,219

no smoking gun but lots of

164

00:07:19,459 --> 00:07:15,900

circumstantial evidence that this had

165

00:07:21,559 --> 00:07:19,469

been looked at for decades in talked

166

00:07:24,200 --> 00:07:21,569

briefly about the science of it you know

167

00:07:26,300 --> 00:07:24,210

is it ridiculous or is it not because as

168

00:07:30,050 --> 00:07:26,310

you point out scientists have been

169

00:07:34,339 --> 00:07:30,060

talking about this for a long time sure

170

00:07:39,140 --> 00:07:34,349

they have know the science I mean isn't

171

00:07:41,080 --> 00:07:39,150

ridiculous yes it is currently I mean

172

00:07:45,740 --> 00:07:41,090

obviously impossible according to the

173

00:07:48,950 --> 00:07:45,750

Newtonian Einsteinian vision version of

174

00:07:51,230 --> 00:07:48,960

physics there is no anti-gravity force

175

00:07:55,670 --> 00:07:51,240

that has been discovered

176  
00:07:58,399 --> 00:07:55,680  
now cut forward 20 years since I wrote

177  
00:08:00,230 --> 00:07:58,409  
that book and we're beginning to see the

178  
00:08:02,990 --> 00:08:00,240  
emergence of some physics that does

179  
00:08:05,180 --> 00:08:03,000  
begin to explain that it's no accident

180  
00:08:08,029 --> 00:08:05,190  
that I call that book the hunt for zero

181  
00:08:10,579 --> 00:08:08,039  
point zero point actually refers to

182  
00:08:13,040 --> 00:08:10,589  
something called zero-point energy more

183  
00:08:14,920 --> 00:08:13,050  
recently though that zero-point energy

184  
00:08:19,189 --> 00:08:14,930  
is known as something called vacuum

185  
00:08:23,240 --> 00:08:19,199  
fluctuations it's the easiest way to

186  
00:08:25,879 --> 00:08:23,250  
explain that Jim is is that space empty

187  
00:08:28,700 --> 00:08:25,889  
space as classical physics always

188  
00:08:31,070 --> 00:08:28,710

understood it is now deemed by quantum

189

00:08:34,159 --> 00:08:31,080

physicists not to be empty at all it is

190

00:08:36,079 --> 00:08:34,169

teeming with background fluctuations of

191

00:08:38,949 --> 00:08:36,089

little particles that pop out of

192

00:08:42,860 --> 00:08:38,959

literally nowhere and fill empty space

193

00:08:46,840 --> 00:08:42,870

now the theory is is that if you can

194

00:08:49,189 --> 00:08:46,850

perturb those vacuum fluctuations and

195

00:08:51,920 --> 00:08:49,199

physicists are now looking at ways to do

196

00:08:54,350 --> 00:08:51,930

that according to the theory you may be

197

00:08:57,410 --> 00:08:54,360

able to get ant some kind of

198

00:08:59,269 --> 00:08:57,420

anti-gravity effect because that those

199

00:09:01,759 --> 00:08:59,279

fluctuations are the sub

200

00:09:05,239 --> 00:09:01,769

trait from which all the forces that we

201  
00:09:07,429 --> 00:09:05,249  
know about electromagnetism gravity the

202  
00:09:10,220 --> 00:09:07,439  
strong and the weak nuclear force all of

203  
00:09:12,980 --> 00:09:10,230  
those forces are now deemed to flow from

204  
00:09:14,989 --> 00:09:12,990  
those little itty-bitty vacuum

205  
00:09:17,269 --> 00:09:14,999  
fluctuations that fill empty space and

206  
00:09:20,210 --> 00:09:17,279  
this is only now beginning to be

207  
00:09:21,829 --> 00:09:20,220  
realized and recognized so is the u.s.

208  
00:09:24,499 --> 00:09:21,839  
military interested in those black

209  
00:09:27,699 --> 00:09:24,509  
vacuum fluctuations is it interested in

210  
00:09:31,100 --> 00:09:27,709  
zero-point technology absolutely it is

211  
00:09:33,920 --> 00:09:31,110  
has it cracked the conundrum well that's

212  
00:09:37,090 --> 00:09:33,930  
a whole different matter and you know I

213  
00:09:39,889 --> 00:09:37,100

always err on the side of caution I'm

214

00:09:42,559 --> 00:09:39,899

but you know for the for the purposes of

215

00:09:44,360 --> 00:09:42,569

this subject and for the purposes of

216

00:09:47,480 --> 00:09:44,370

tick-tack of course it's fun to

217

00:09:49,579 --> 00:09:47,490

speculate and what about the Reagan Star

218

00:09:52,610 --> 00:09:49,589

Wars program it was that really the

219

00:09:57,439 --> 00:09:52,620

beginning of this big push for black

220

00:10:00,679 --> 00:09:57,449

projects in the eighties no not really I

221

00:10:04,090 --> 00:10:00,689

mean as I said in that the real stimulus

222

00:10:06,769 --> 00:10:04,100

for black projects was the the stealth

223

00:10:09,679 --> 00:10:06,779

revolution which kind of kicked off in

224

00:10:12,019 --> 00:10:09,689

the late 1970s but it really got going

225

00:10:14,869 --> 00:10:12,029

in the 80s when the Reagan

226

00:10:18,199 --> 00:10:14,879

administration just flowed untold

227

00:10:20,360 --> 00:10:18,209

billions of black dollars into stealth

228

00:10:23,030 --> 00:10:20,370

and out of that as I said emerge the

229

00:10:25,189 --> 00:10:23,040

f-117 stealth fighter the b-2 stealth

230

00:10:26,629 --> 00:10:25,199

bomber and a number of other secret

231

00:10:28,460 --> 00:10:26,639

programs that were only just beginning

232

00:10:29,960 --> 00:10:28,470

to see today but couldn't some of that

233

00:10:33,879 --> 00:10:29,970

money also been going to anti-gravity

234

00:10:37,100 --> 00:10:33,889

projects it could have I mean if

235

00:10:39,619 --> 00:10:37,110

physicists had made the breakthrough it

236

00:10:43,309 --> 00:10:39,629

could have but you know as we've been

237

00:10:46,009 --> 00:10:43,319

discussing the issue is had physics made

238

00:10:47,720 --> 00:10:46,019

the breakthrough I mean this is as it's

239

00:10:50,269 --> 00:10:47,730

it's bigger than the physics

240

00:10:53,269 --> 00:10:50,279

breakthrough that led to the bomb in the

241

00:10:57,439 --> 00:10:53,279

Second World War you know that was the

242

00:11:00,410 --> 00:10:57,449

triumph of theory over programmatic it

243

00:11:03,829 --> 00:11:00,420

was the theory behind the bomb that led

244

00:11:07,220 --> 00:11:03,839

to the bomb being detonated in 1945 the

245

00:11:09,799 --> 00:11:07,230

atom bomb there is no evidence to say

246

00:11:12,079 --> 00:11:09,809

hey as we were discussing earlier that

247

00:11:13,050 --> 00:11:12,089

physicists have made a breakthrough that

248

00:11:18,930 --> 00:11:13,060

allows them

249

00:11:23,430 --> 00:11:18,940

to develop nuts-and-bolts hardware know

250

00:11:24,810 --> 00:11:23,440

that leave sorry sorry you just say your

251  
00:11:28,770 --> 00:11:24,820  
audio cut out a little bit sorry keep

252  
00:11:31,940 --> 00:11:28,780  
going I'd kind of wrapped up that just

253  
00:11:35,310 --> 00:11:31,950  
yeah that the rap was to say there is no

254  
00:11:36,780 --> 00:11:35,320  
theory that allows us to believe that a

255  
00:11:39,390 --> 00:11:36,790  
breakthrough has been made in

256  
00:11:44,250 --> 00:11:39,400  
anti-gravity hmm have you heard of Sandy

257  
00:11:45,900 --> 00:11:44,260  
kid yes out of Scotland yeah I've heard

258  
00:11:47,340 --> 00:11:45,910  
of Sandy kid out of Scotland in fact I

259  
00:11:50,820 --> 00:11:47,350  
think he might have crept into the hunt

260  
00:11:52,860 --> 00:11:50,830  
for zero-point buy by way ever mentioned

261  
00:11:54,330 --> 00:11:52,870  
nothing more okay is there any

262  
00:11:58,400 --> 00:11:54,340  
particular discovery that he made that's

263  
00:12:05,940 --> 00:12:02,340

mean the thing is as I say you know I

264

00:12:08,340 --> 00:12:05,950

ten years of investigations led to loads

265

00:12:10,770 --> 00:12:08,350

of what I call you know backroom

266

00:12:14,180 --> 00:12:10,780

inventors guys who tinkered around with

267

00:12:16,830 --> 00:12:14,190

bits of technology in their garden shed

268

00:12:18,390 --> 00:12:16,840

you know this is no disrespect to Sandy

269

00:12:21,900 --> 00:12:18,400

kid but you know that was the sort of

270

00:12:23,340 --> 00:12:21,910

level at which he was investigating this

271

00:12:26,430 --> 00:12:23,350

stuff it was literally tinkering around

272

00:12:30,300 --> 00:12:26,440

with bits of hardware you know somewhere

273

00:12:34,890 --> 00:12:30,310

at the bottom of his garden and yeah he

274

00:12:36,810 --> 00:12:34,900

was one of them it there are probably

275

00:12:38,250 --> 00:12:36,820

dozens of others who've come out of the

276

00:12:40,290 --> 00:12:38,260

woodwork to say they've developed stuff

277

00:12:42,870 --> 00:12:40,300

but there is no hard and fast evidence

278

00:12:44,040 --> 00:12:42,880

to say that they did otherwise trust me

279

00:12:45,840 --> 00:12:44,050

I'd have a bit of that kit you know I'd

280

00:12:47,490 --> 00:12:45,850

have the kit on my desk and I'd be

281

00:12:49,260 --> 00:12:47,500

flying it round now in front of you

282

00:12:51,810 --> 00:12:49,270

well is it fair to summarise the

283

00:12:55,140 --> 00:12:51,820

scientific community as believing that

284

00:12:58,200 --> 00:12:55,150

this is possible the laws of physics

285

00:13:00,690 --> 00:12:58,210

allow for this possibility it's a matter

286

00:13:02,400 --> 00:13:00,700

of figuring out exactly how to do it and

287

00:13:04,230 --> 00:13:02,410

it's something that will if it hasn't

288

00:13:07,380 --> 00:13:04,240

been discovered already will eventually

289

00:13:10,380 --> 00:13:07,390

be discovered as opposed to no this is

290

00:13:15,530 --> 00:13:10,390

these guys are crackpots and this is

291

00:13:18,390 --> 00:13:15,540

this is not possible listen I am all for

292

00:13:20,010 --> 00:13:18,400

what is possible and if I ask you one of

293

00:13:23,310 --> 00:13:20,020

the things that infuriates me about

294

00:13:25,910 --> 00:13:23,320

science is science is the sort of

295

00:13:30,290 --> 00:13:25,920

conventional science world

296

00:13:32,210 --> 00:13:30,300

view that you know new breakthroughs in

297

00:13:34,010 --> 00:13:32,220

this sort of area will will never be

298

00:13:35,510 --> 00:13:34,020

possible you know a lot of scientists

299

00:13:39,320 --> 00:13:35,520

just say this is never going to happen

300

00:13:41,690 --> 00:13:39,330

period but we have to remember that 20

301  
00:13:44,750 --> 00:13:41,700  
years ago it was only 20 just over 20

302  
00:13:49,490 --> 00:13:44,760  
years ago that it was discovered that

303  
00:13:52,310 --> 00:13:49,500  
the the universe the the the the the

304  
00:13:55,480 --> 00:13:52,320  
universe is is expanding and the rate of

305  
00:13:59,120 --> 00:13:55,490  
expansion contrary to what science

306  
00:14:02,360 --> 00:13:59,130  
taught us is not slowing down at all

307  
00:14:07,550 --> 00:14:02,370  
it's actually accelerating that has led

308  
00:14:09,710 --> 00:14:07,560  
to a discussion about dark matter and

309  
00:14:11,720 --> 00:14:09,720  
dark energy I'm sure you've heard about

310  
00:14:13,700 --> 00:14:11,730  
that discussion it's you know it's it's

311  
00:14:17,570 --> 00:14:13,710  
it's what cosmologists are talking about

312  
00:14:22,160 --> 00:14:17,580  
all the time I'm now what is dark matter

313  
00:14:26,750 --> 00:14:22,170

and dark energy why is it speeding up

314

00:14:31,790 --> 00:14:26,760

the acceleration of the you you know is

315

00:14:33,710 --> 00:14:31,800

telling us well the fact is is is 95% of

316

00:14:36,560 --> 00:14:33,720

the known universe is made up of this

317

00:14:38,840 --> 00:14:36,570

stuff only 5% of the universe is made up

318

00:14:42,110 --> 00:14:38,850

of stuff you know matter that we

319

00:14:46,040 --> 00:14:42,120

understand and yet science still says

320

00:14:50,120 --> 00:14:46,050

that that 5% is what we should be paying

321

00:14:52,760 --> 00:14:50,130

attention to and the 95% is just simply

322

00:14:55,310 --> 00:14:52,770

beyond us well I don't believe that you

323

00:14:58,250 --> 00:14:55,320

know I believe that that science if it

324

00:15:03,110 --> 00:14:58,260

is prepared to look at things with a

325

00:15:04,850 --> 00:15:03,120

rigorous curious eye will will uncover

326

00:15:06,710 --> 00:15:04,860

these anomalies and in time and these

327

00:15:08,360 --> 00:15:06,720

anomalies will become things that are

328

00:15:11,450 --> 00:15:08,370

known I mean that's just the direction

329

00:15:13,040 --> 00:15:11,460

of science so anti-gravity sure there is

330

00:15:15,380 --> 00:15:13,050

nothing to say it exists at the moment

331

00:15:17,330 --> 00:15:15,390

but I've no doubt that in the future if

332

00:15:21,380 --> 00:15:17,340

it hasn't already been discovered

333

00:15:23,690 --> 00:15:21,390

somewhere in the black it will it will

334

00:15:26,000 --> 00:15:23,700

be made manifest it will appear it will

335

00:15:28,370 --> 00:15:26,010

will crack it what do you think about

336

00:15:30,110 --> 00:15:28,380

these US Navy patents that were issued

337

00:15:34,100 --> 00:15:30,120

this year have you had a chance to look

338

00:15:36,710 --> 00:15:34,110

at those I've had a brief look at them I

339

00:15:39,769 --> 00:15:36,720

think it's really intriguing I think of

340

00:15:44,540 --> 00:15:39,779

course it's doubly intriguing that

341

00:15:46,850 --> 00:15:44,550

when the tic-tac video emerges you know

342

00:15:49,519 --> 00:15:46,860

other things pop out of the woodwork as

343

00:15:53,379 --> 00:15:49,529

well like these US Navy patents that

344

00:15:55,639 --> 00:15:53,389

describe something remarkably similar

345

00:15:57,350 --> 00:15:55,649

does that mean that the Navy has

346

00:16:01,689 --> 00:15:57,360

developed something like this in the

347

00:16:04,040 --> 00:16:01,699

black in secret not necessarily as I

348

00:16:06,639 --> 00:16:04,050

routinely found when I was going through

349

00:16:10,550 --> 00:16:06,649

my research in the hunt for zero point

350

00:16:13,879 --> 00:16:10,560

disinformation in this sphere is rife it

351

00:16:17,150 --> 00:16:13,889

is everywhere and it suits a lot of

352

00:16:19,790 --> 00:16:17,160

people to muddy the waters because when

353

00:16:21,920 --> 00:16:19,800

you have muddied waters which is what

354

00:16:24,319 --> 00:16:21,930

you have all the time with the UFO

355

00:16:26,179 --> 00:16:24,329

phenomenon you can hide a whole load of

356

00:16:28,670 --> 00:16:26,189

stuff in there that you might want to

357

00:16:30,920 --> 00:16:28,680

hide a whole lot of secret stuff and it

358

00:16:34,280 --> 00:16:30,930

becomes a very convenient smokescreen

359

00:16:38,540 --> 00:16:34,290

for stuff to be hidden in and behind so

360

00:16:40,579 --> 00:16:38,550

when those patent papers emerged I'm not

361

00:16:43,610 --> 00:16:40,589

saying that they're not real they might

362

00:16:46,699 --> 00:16:43,620

be but my training tells me to look at

363

00:16:50,749 --> 00:16:46,709

that with a very jaundiced eye and to go

364

00:16:52,939 --> 00:16:50,759

who's whose purposes does this serve by

365

00:16:55,730 --> 00:16:52,949

all of this stuff getting out there are

366

00:16:58,490 --> 00:16:55,740

we trying to fool the Russians are we

367

00:17:00,590 --> 00:16:58,500

trying to fool the Chinese or do we end

368

00:17:03,259 --> 00:17:00,600

up just fooling ourselves and of course

369

00:17:06,829 --> 00:17:03,269

that's the nature of of this phenomenon

370

00:17:08,689 --> 00:17:06,839

you get a you get a you get something

371

00:17:12,220 --> 00:17:08,699

called blowback that comes with it and

372

00:17:14,990 --> 00:17:12,230

blowback is a CIA term for

373

00:17:17,559 --> 00:17:15,000

disinformation operations that then come

374

00:17:20,240 --> 00:17:17,569

back to haunt you because this stuff

375

00:17:22,370 --> 00:17:20,250

comes back as an anomaly that you can't

376

00:17:25,640 --> 00:17:22,380

explain but actually it was probably a

377

00:17:27,919 --> 00:17:25,650

rumor or a whisper that you started 15

378

00:17:29,630 --> 00:17:27,929

or 20 years ago so you know we have to

379

00:17:31,640 --> 00:17:29,640

watch for this stuff all the time those

380

00:17:35,029 --> 00:17:31,650

are the science that is described in

381

00:17:38,600 --> 00:17:35,039

that patent pass the smell test in your

382

00:17:43,700 --> 00:17:38,610

view well I have talked to a number of

383

00:17:46,159 --> 00:17:43,710

people about it again in theory I mean

384

00:17:49,250 --> 00:17:46,169

there's lots of stuff that is that it's

385

00:17:51,950 --> 00:17:49,260

good about it it it it makes sense it

386

00:17:53,510 --> 00:17:51,960

ticks boxes on many many levels but then

387

00:17:55,580 --> 00:17:53,520

there are other people who say no

388

00:17:58,220 --> 00:17:55,590

you know actually it's just smoke and

389

00:18:00,470 --> 00:17:58,230

mirrors it it doesn't pass muster this

390

00:18:04,070 --> 00:18:00,480

is someone just trying to get something

391

00:18:05,510 --> 00:18:04,080

through and past the Patent Office to be

392

00:18:07,310 --> 00:18:05,520

honest Jim I don't know what the truth

393

00:18:10,010 --> 00:18:07,320

is I'm not an engineer I'm not a

394

00:18:12,650 --> 00:18:10,020

scientist and not a physicist I just

395

00:18:18,800 --> 00:18:12,660

look at this with as I say a sort of

396

00:18:22,220 --> 00:18:18,810

cautionary jaded eye the simple truth is

397

00:18:25,970 --> 00:18:22,230

is in this realm once you start to look

398

00:18:28,760 --> 00:18:25,980

into it nothing is what it seems but at

399

00:18:32,630 --> 00:18:28,770

a minimum it does demonstrate that the

400

00:18:36,320 --> 00:18:32,640

US military is noodling around in this

401  
00:18:38,540 --> 00:18:36,330  
area oh for sure and and I think it's

402  
00:18:42,290 --> 00:18:38,550  
been noodling around in it in an or for

403  
00:18:43,670 --> 00:18:42,300  
an awful long time doodling around with

404  
00:18:45,200 --> 00:18:43,680  
potentially billions of dollars I think

405  
00:18:48,320 --> 00:18:45,210  
that you pointed out in in one of your

406  
00:18:50,900 --> 00:18:48,330  
books that there's at least 20 billion

407  
00:18:54,740 --> 00:18:50,910  
dollars in the defense budget annually

408  
00:18:56,930 --> 00:18:54,750  
that goes into black projects oh that

409  
00:18:59,810 --> 00:18:56,940  
was then it's much more like a hundred

410  
00:19:01,520 --> 00:18:59,820  
billion now I mean imagine what can be

411  
00:19:03,260 --> 00:19:01,530  
done I mean I know the government is

412  
00:19:04,880 --> 00:19:03,270  
massive all wasting money so you got to

413  
00:19:06,620 --> 00:19:04,890

kind of cut that number in half as far

414

00:19:09,320 --> 00:19:06,630

as the actual benefit you get from it

415

00:19:11,690 --> 00:19:09,330

but fifty billion dollars a year if you

416

00:19:14,300 --> 00:19:11,700

gave that to Silicon Valley in those

417

00:19:17,480 --> 00:19:14,310

girls sure what and you've been doing it

418

00:19:20,390 --> 00:19:17,490

for twenty years or thirty years not ten

419

00:19:23,780 --> 00:19:20,400

billions longer 10 billion 20 billion 30

420

00:19:25,520 --> 00:19:23,790

billion that is a lot of money that

421

00:19:28,790 --> 00:19:25,530

ought to be able to result in some

422

00:19:31,400 --> 00:19:28,800

pretty significant breakthroughs sure

423

00:19:33,710 --> 00:19:31,410

and and we always have to keep an open

424

00:19:38,450 --> 00:19:33,720

mind of course that it hasn't I mean it

425

00:19:40,070 --> 00:19:38,460

in the if so quite simply it may have

426

00:19:42,200 --> 00:19:40,080

led to a breakthrough but the whole

427

00:19:44,420 --> 00:19:42,210

point about doing that in the black is

428

00:19:46,100 --> 00:19:44,430

that you keep it secret you know when I

429

00:19:49,280 --> 00:19:46,110

was covering stealth projects way back

430

00:19:52,850 --> 00:19:49,290

in the 80s 90s and in the early 2000s

431

00:19:55,760 --> 00:19:52,860

there were projects there that people

432

00:19:57,560 --> 00:19:55,770

sources would tell me about but that

433

00:20:00,080 --> 00:19:57,570

have still not seen the light of day and

434

00:20:02,690 --> 00:20:00,090

these are conventional stealthy aircraft

435

00:20:05,390 --> 00:20:02,700

projects that use you know regular

436

00:20:07,040 --> 00:20:05,400

engines and regular wings and regular

437

00:20:09,050 --> 00:20:07,050

tail surfaces

438

00:20:13,550 --> 00:20:09,060

those haven't emerged to see the light

439

00:20:16,430 --> 00:20:13,560

of day in possibly 2530 years some of

440

00:20:18,020 --> 00:20:16,440

them so if you've had if you've really

441

00:20:20,480 --> 00:20:18,030

developed a breakthrough like

442

00:20:22,610 --> 00:20:20,490

anti-gravity there's no way that you're

443

00:20:25,190 --> 00:20:22,620

gonna just pop that out of the woodwork

444

00:20:27,620 --> 00:20:25,200

and reveal it willy-nilly it's true

445

00:20:29,360 --> 00:20:27,630

benefit is that you keep it secret you

446

00:20:30,590 --> 00:20:29,370

don't want your adversaries to know that

447

00:20:33,620 --> 00:20:30,600

you've got it

448

00:20:36,980 --> 00:20:33,630

now with Tic Tac it's interesting

449

00:20:39,710 --> 00:20:36,990

because what you may be doing is you may

450

00:20:43,280 --> 00:20:39,720

be flushing information out of your

451  
00:20:45,620 --> 00:20:43,290  
adversary's camps you know China and

452  
00:20:50,690 --> 00:20:45,630  
Russia have become resurgent they are

453  
00:20:53,680 --> 00:20:50,700  
pouring billions of rubles and dollars

454  
00:20:57,230 --> 00:20:53,690  
and all sorts into their own programs

455  
00:21:00,080 --> 00:20:57,240  
secret programs you might want to flush

456  
00:21:03,230 --> 00:21:00,090  
out what they themselves are doing with

457  
00:21:05,690 --> 00:21:03,240  
a bit of you know by dropping a stone

458  
00:21:07,970 --> 00:21:05,700  
into a metaphorical pond watching the

459  
00:21:10,280 --> 00:21:07,980  
ripples go out and seeing what comes

460  
00:21:15,880 --> 00:21:10,290  
back so that maybe that's what a tic-tac

461  
00:21:20,270 --> 00:21:15,890  
is about but it does appear to be real

462  
00:21:22,880 --> 00:21:20,280  
stuff that real pilots have seen and

463  
00:21:25,430 --> 00:21:22,890

encountered in skies on both sides of

464

00:21:27,650 --> 00:21:25,440

the US seaboard so it's it's not a

465

00:21:29,690 --> 00:21:27,660

simple story as we know yeah well it

466

00:21:31,640 --> 00:21:29,700

works let's get to the tic-tac next

467

00:21:33,620 --> 00:21:31,650

although I want you raised one question

468

00:21:36,470 --> 00:21:33,630

in my mind and that is the ability to

469

00:21:38,840 --> 00:21:36,480

keep secrets because one thing that

470

00:21:41,360 --> 00:21:38,850

struck me about the possibility that

471

00:21:42,680 --> 00:21:41,370

these could be us craft is like man it

472

00:21:44,390 --> 00:21:42,690

just doesn't seem to me they'd be able

473

00:21:47,180 --> 00:21:44,400

to keep that secret but can you give us

474

00:21:49,550 --> 00:21:47,190

some examples of things that the US

475

00:21:51,620 --> 00:21:49,560

military was able to keep truly secret

476  
00:21:56,000 --> 00:21:51,630  
for an extended period of time and then

477  
00:21:58,850 --> 00:21:56,010  
ultimately was released sure absolutely

478  
00:22:00,440 --> 00:21:58,860  
the stealth fighter for one the f-117

479  
00:22:04,850 --> 00:22:00,450  
stealth fighter built by the Lockheed

480  
00:22:07,130 --> 00:22:04,860  
Martin skunk works was prepared in

481  
00:22:11,270 --> 00:22:07,140  
secret with flying demonstrators in the

482  
00:22:17,030 --> 00:22:11,280  
late 1970s they were never seen they

483  
00:22:19,100 --> 00:22:17,040  
were never revealed in 1983 the aircraft

484  
00:22:20,960 --> 00:22:19,110  
actually entered squadrons service in a

485  
00:22:25,399 --> 00:22:20,970  
remote base in

486  
00:22:28,490 --> 00:22:25,409  
called Tonopah some 50 aircraft were

487  
00:22:33,260 --> 00:22:28,500  
built and fielded they flew around the

488  
00:22:37,070 --> 00:22:33,270

desert Southwest for 4-5 years people

489

00:22:39,980 --> 00:22:37,080

saw things on sort of moonlit nights

490

00:22:42,289 --> 00:22:39,990

they couldn't explain the f-117 looked

491

00:22:43,840 --> 00:22:42,299

pretty odd I mean it by conventional

492

00:22:46,700 --> 00:22:43,850

airplane

493

00:22:48,770 --> 00:22:46,710

in any conventional aeroplane sense it

494

00:22:51,890 --> 00:22:48,780

didn't look like a an aeroplane anyone

495

00:22:53,779 --> 00:22:51,900

had seen but it was only in 1988 when

496

00:22:56,779 --> 00:22:53,789

that program was revealed by the Reagan

497

00:22:59,450 --> 00:22:56,789

administration that people went oh my

498

00:23:01,850 --> 00:22:59,460

god this thing is real so that program

499

00:23:05,149 --> 00:23:01,860

no one spoke thousands of people worked

500

00:23:08,330 --> 00:23:05,159

on it in five years it had been in

501  
00:23:10,820 --> 00:23:08,340  
squadron service and no one revealed it

502  
00:23:13,760 --> 00:23:10,830  
I mean there were whispers only about it

503  
00:23:15,890 --> 00:23:13,770  
so yeah these things are kept secret and

504  
00:23:17,930 --> 00:23:15,900  
they the secrets hold for a very long

505  
00:23:20,960 --> 00:23:17,940  
time and looking back at that one as an

506  
00:23:22,909 --> 00:23:20,970  
example mmm looking back at it was there

507  
00:23:24,919 --> 00:23:22,919  
some leaps was there anything that was

508  
00:23:27,560 --> 00:23:24,929  
written about it at all or speculated

509  
00:23:30,560 --> 00:23:27,570  
about it during that time period there

510  
00:23:33,770 --> 00:23:30,570  
were there were leaks there were

511  
00:23:36,320 --> 00:23:33,780  
snippets in Aviation Week which is a

512  
00:23:38,539 --> 00:23:36,330  
very well-respected trade journal in the

513  
00:23:40,730 --> 00:23:38,549

US my own magazine Jane's Defence weekly

514

00:23:42,440 --> 00:23:40,740

carried snippets and rumors about this

515

00:23:45,490 --> 00:23:42,450

thing because we all have sources in the

516

00:23:47,720 --> 00:23:45,500

business but the great thing about a

517

00:23:51,110 --> 00:23:47,730

compartmentalised program as its called

518

00:23:53,299 --> 00:23:51,120

in that no one gets to see the big

519

00:23:56,570 --> 00:23:53,309

picture but all the bits of the program

520

00:23:58,880 --> 00:23:56,580

are held in silos is that anyone who

521

00:24:00,470 --> 00:23:58,890

leaks information can only leak about

522

00:24:02,690 --> 00:24:00,480

the part they know in their particular

523

00:24:06,680 --> 00:24:02,700

silos that's why it's called a

524

00:24:09,580 --> 00:24:06,690

compartmentalized program so those leaks

525

00:24:13,909 --> 00:24:09,590

when when when they did emerge were very

526

00:24:18,470 --> 00:24:13,919

indistinct they were very half sort of

527

00:24:21,320 --> 00:24:18,480

half based rumors so yeah we we picked

528

00:24:24,350 --> 00:24:21,330

them up but it was nothing definitive in

529

00:24:26,120 --> 00:24:24,360

that respect they actually mirror a lot

530

00:24:29,240 --> 00:24:26,130

of the stuff that comes out about UFOs

531

00:24:31,600 --> 00:24:29,250

because people talk about UFOs you know

532

00:24:34,460 --> 00:24:31,610

they get to see so much of the program

533

00:24:37,490 --> 00:24:34,470

but they don't know the whole thing and

534

00:24:40,070 --> 00:24:37,500

you know are UFO's real does the

535

00:24:43,879 --> 00:24:40,080

government know the truth about UFOs

536

00:24:49,299 --> 00:24:43,889

well you know who knows have you picked

537

00:24:54,799 --> 00:24:49,309

up any so-called leaks that there is a

538

00:24:56,899 --> 00:24:54,809

US military tic-tac type program such as

539

00:25:00,590 --> 00:24:56,909

what Mike tur bird is saying is either

540

00:25:03,340 --> 00:25:00,600

first to leak this in your viewer have

541

00:25:08,149 --> 00:25:03,350

you heard others leak something similar

542

00:25:09,799 --> 00:25:08,159

well okay I mean let's let's talk just a

543

00:25:13,039 --> 00:25:09,809

little bit about tic-tac in the sense

544

00:25:18,980 --> 00:25:13,049

that you know that the program that

545

00:25:26,180 --> 00:25:18,990

monitored unconventional aircraft in you

546

00:25:28,100 --> 00:25:26,190

know in in US airspace and and other

547

00:25:32,899 --> 00:25:28,110

people's airspace that was a real

548

00:25:37,070 --> 00:25:32,909

program that was called a tip and so

549

00:25:38,869 --> 00:25:37,080

that was a monitoring program what

550

00:25:42,379 --> 00:25:38,879

you're asking is was there a program

551  
00:25:46,009 --> 00:25:42,389  
that built technology that looks like

552  
00:25:49,460 --> 00:25:46,019  
tic-tac well the simple truth is we

553  
00:25:54,740 --> 00:25:49,470  
don't know you know in all my experience

554  
00:26:00,220 --> 00:25:54,750  
of covering aerospace you know and I did

555  
00:26:04,190 --> 00:26:00,230  
that job in Jane's for 15 15 years I

556  
00:26:05,810 --> 00:26:04,200  
always wanted to follow the money I yeah

557  
00:26:07,970 --> 00:26:05,820  
I'm not

558  
00:26:10,190 --> 00:26:07,980  
I don't know whether Mike turbine knows

559  
00:26:11,810 --> 00:26:10,200  
this stuff for real or not but if he

560  
00:26:14,419 --> 00:26:11,820  
doesn't know it for real if he's not

561  
00:26:17,649 --> 00:26:14,429  
part of the program he genuinely doesn't

562  
00:26:22,279 --> 00:26:17,659  
know this stuff is watertight held

563  
00:26:24,169 --> 00:26:22,289

secrecy if he was part of it then he's a

564

00:26:25,730 --> 00:26:24,179

whistleblower and he knows the truth if

565

00:26:29,210 --> 00:26:25,740

he wasn't a part of it

566

00:26:31,700 --> 00:26:29,220

it's really unlikely that he would be

567

00:26:33,710 --> 00:26:31,710

given all the facts that's just not how

568

00:26:37,190 --> 00:26:33,720

these black programs work and it's not

569

00:26:39,289 --> 00:26:37,200

how people reveal it and in fact the

570

00:26:41,509 --> 00:26:39,299

disinformation piece that goes alongside

571

00:26:44,180 --> 00:26:41,519

that as we were talking earlier is very

572

00:26:46,519 --> 00:26:44,190

very active and I would be incredibly

573

00:26:48,080 --> 00:26:46,529

cautious if I were him or anyone else

574

00:26:51,500 --> 00:26:48,090

who is given infamy

575

00:26:53,360 --> 00:26:51,510

from so-called sources who profess to

576  
00:26:55,340 --> 00:26:53,370  
know that what they are getting is the

577  
00:26:58,310 --> 00:26:55,350  
absolute truth because like any good

578  
00:26:59,930 --> 00:26:58,320  
reporter or investigator I'm sure you'd

579  
00:27:01,820 --> 00:26:59,940  
know this with your background yourself

580  
00:27:04,130 --> 00:27:01,830  
that you would have to take the

581  
00:27:07,039 --> 00:27:04,140  
information from multiple sources before

582  
00:27:09,140 --> 00:27:07,049  
you yourself declare it to be true okay

583  
00:27:11,269 --> 00:27:09,150  
so tell me what your reaction was to

584  
00:27:15,680 --> 00:27:11,279  
first seeing that Tic Tac video and then

585  
00:27:18,640 --> 00:27:15,690  
what's we've learned about it since well

586  
00:27:21,350 --> 00:27:18,650  
I saw the videos like everyone else and

587  
00:27:25,659 --> 00:27:21,360  
my immediate reaction was that's

588  
00:27:29,240 --> 00:27:25,669

interesting a lot of stuff can get faked

589

00:27:31,940 --> 00:27:29,250

but you know as we were saying a minute

590

00:27:34,909 --> 00:27:31,950

or two ago as a reporter as an

591

00:27:38,180 --> 00:27:34,919

investigator as just an analyst of this

592

00:27:40,850 --> 00:27:38,190

or any other subject if you fuse your

593

00:27:43,639 --> 00:27:40,860

data from multiple sources you you start

594

00:27:47,240 --> 00:27:43,649

to build up a picture of the truth so

595

00:27:49,570 --> 00:27:47,250

the moment I start seeing stories in the

596

00:27:52,580 --> 00:27:49,580

New York Times in the Washington Post

597

00:27:54,620 --> 00:27:52,590

then the Navy itself comes out and says

598

00:27:56,690 --> 00:27:54,630

yeah this is true we encountered stuff

599

00:27:59,620 --> 00:27:56,700

in our skies that we can't explain and

600

00:28:02,570 --> 00:27:59,630

now we're encouraging our pilots to

601  
00:28:04,549 --> 00:28:02,580  
disclose these encounters when they meet

602  
00:28:06,980 --> 00:28:04,559  
them they won't be penalized or punished

603  
00:28:10,850 --> 00:28:06,990  
when they do as happened or might have

604  
00:28:13,279 --> 00:28:10,860  
happened in the past then you see the

605  
00:28:15,830 --> 00:28:13,289  
witness testimony of the pilots and

606  
00:28:18,320 --> 00:28:15,840  
their crew encountered this stuff and

607  
00:28:21,320 --> 00:28:18,330  
the radar operators on the ships who

608  
00:28:23,840 --> 00:28:21,330  
also received their own data you know

609  
00:28:29,090 --> 00:28:23,850  
now I'm starting to fuse multiple bits

610  
00:28:35,680 --> 00:28:29,100  
of data from all over this story and it

611  
00:28:38,960 --> 00:28:35,690  
begins to have a AAA feel to it a shape

612  
00:28:41,899 --> 00:28:38,970  
so undoubtedly in my mind something

613  
00:28:43,789 --> 00:28:41,909

happened something happened in 2004 to

614

00:28:45,560 --> 00:28:43,799

the Nimitz carrier group and I think

615

00:28:48,590 --> 00:28:45,570

things have been happening since which

616

00:28:50,750 --> 00:28:48,600

have genuinely perturbed and disturbed

617

00:28:53,870 --> 00:28:50,760

the Navy otherwise they wouldn't be

618

00:28:55,279 --> 00:28:53,880

coming out with with the stories in the

619

00:28:58,490 --> 00:28:55,289

papers that they have been saying this

620

00:29:00,860 --> 00:28:58,500

stuff is real but then you have to take

621

00:29:01,700 --> 00:29:00,870

a deeper dive into it what did they see

622

00:29:06,170 --> 00:29:01,710

that

623

00:29:08,780 --> 00:29:06,180

it I guess it gets to the nub of what

624

00:29:12,470 --> 00:29:08,790

we've been talking about what technology

625

00:29:13,790 --> 00:29:12,480

is it whose technology is it what might

626

00:29:20,000 --> 00:29:13,800

it be what does it mean

627

00:29:24,010 --> 00:29:20,010

it opens up a huge panoply of questions

628

00:29:27,410 --> 00:29:24,020

which are really not simple to answer

629

00:29:29,480 --> 00:29:27,420

but but at its core there is a truth we

630

00:29:34,070 --> 00:29:29,490

just don't know what that truth is so

631

00:29:36,770 --> 00:29:34,080

you do believe that the video is real

632

00:29:39,470 --> 00:29:36,780

and you trust the Navy when they say

633

00:29:41,930 --> 00:29:39,480

that yes this is real video and that

634

00:29:44,240 --> 00:29:41,940

they truly encountered these objects

635

00:29:52,240 --> 00:29:44,250

that that part you're you're believing

636

00:29:55,850 --> 00:29:52,250

thus far hey Nick hold on

637

00:29:57,440 --> 00:29:55,860

yeah I'm really satisfied okay so are

638

00:30:02,600 --> 00:29:57,450

you getting this sorry yeah yeah now we

639

00:30:07,420 --> 00:30:02,610

got it go ahead go ahead okay I think

640

00:30:16,610 --> 00:30:13,100

that he reported that it's seen is is

641

00:30:19,760 --> 00:30:16,620

genuine so you know I've seen the

642

00:30:22,010 --> 00:30:19,770

witness testimony of of commander flavor

643

00:30:23,450 --> 00:30:22,020

and the others I don't think these

644

00:30:26,930 --> 00:30:23,460

people are lying I don't think they're

645

00:30:30,350 --> 00:30:26,940

making it up you know pilots you know

646

00:30:33,530 --> 00:30:30,360

they're a very close-knit breed they

647

00:30:35,330 --> 00:30:33,540

have reputations to maintain you just

648

00:30:39,140 --> 00:30:35,340

wouldn't go off and make this stuff up

649

00:30:41,630 --> 00:30:39,150

and as I say one person might two people

650

00:30:44,180 --> 00:30:41,640

might but when you get it fused from

651  
00:30:46,790 --> 00:30:44,190  
multiple sources by you know on multiple

652  
00:30:49,940 --> 00:30:46,800  
ships I just don't think that this stuff

653  
00:30:53,450 --> 00:30:49,950  
is has been made up so then the very

654  
00:30:56,600 --> 00:30:53,460  
simplistic question in my mind comes if

655  
00:30:59,030 --> 00:30:56,610  
you go that far is that okay then what

656  
00:31:02,120 --> 00:30:59,040  
is this the high level being is it

657  
00:31:05,840 --> 00:31:02,130  
earthly or is it extraterrestrial isn't

658  
00:31:09,200 --> 00:31:05,850  
that the obvious first question it's the

659  
00:31:11,450 --> 00:31:09,210  
obvious first question but I don't know

660  
00:31:15,200 --> 00:31:11,460  
that it's it's the right question to be

661  
00:31:15,539 --> 00:31:15,210  
absolutely honest you know all my sort

662  
00:31:19,320 --> 00:31:15,549  
of it

663  
00:31:22,619 --> 00:31:19,330

experience of investigating conventional

664

00:31:25,859 --> 00:31:22,629

aerospace programs secret aerospace

665

00:31:30,299 --> 00:31:25,869

programs as I've said before says that

666

00:31:33,180 --> 00:31:30,309

we need to be cautious secondly if we're

667

00:31:35,310 --> 00:31:33,190

talking about UFOs I don't think this is

668

00:31:39,029 --> 00:31:35,320

a binary question it's not a binary

669

00:31:42,960 --> 00:31:39,039

question of are these secret government

670

00:31:45,060 --> 00:31:42,970

aircraft that we don't know about or are

671

00:31:47,700 --> 00:31:45,070

they extraterrestrial aircraft there is

672

00:31:52,440 --> 00:31:47,710

a whole spectrum of stuff that that

673

00:31:55,289 --> 00:31:52,450

falls in between those two poles and to

674

00:31:58,139 --> 00:31:55,299

the bigger point about what is the UFO

675

00:32:01,200 --> 00:31:58,149

phenomenon I mean that for me is the

676

00:32:04,320 --> 00:32:01,210

biggest question of all because it may

677

00:32:06,259 --> 00:32:04,330

not even be simply about hardware it

678

00:32:09,840 --> 00:32:06,269

could be a bigger question about

679

00:32:13,320 --> 00:32:09,850

consciousness and what we perceive and

680

00:32:15,799 --> 00:32:13,330

how we perceive things and that of

681

00:32:19,700 --> 00:32:15,809

course is the subject of my new book

682

00:32:21,889 --> 00:32:19,710

okay tell me about that real quick so

683

00:32:27,239 --> 00:32:21,899

I've just written a book called the grid

684

00:32:29,399 --> 00:32:27,249

it came out four days ago and it is

685

00:32:31,349 --> 00:32:29,409

based on a lot of the stuff we've been

686

00:32:33,869 --> 00:32:31,359

talking about secret military programs

687

00:32:36,779 --> 00:32:33,879

but in that particular case in the in

688

00:32:40,379 --> 00:32:36,789

the story of the grid is about could the

689

00:32:43,349 --> 00:32:40,389

government or could governments not just

690

00:32:45,659 --> 00:32:43,359

hack into and manipulate data and the

691

00:32:49,349 --> 00:32:45,669

way that we've seen in government

692

00:32:51,930 --> 00:32:49,359

elections and and so forth but could

693

00:32:55,769 --> 00:32:51,940

they actually hack into consciousness

694

00:32:59,279 --> 00:32:55,779

itself the way we think the way we

695

00:33:03,659 --> 00:32:59,289

perceive things the way we construct

696

00:33:06,060 --> 00:33:03,669

reality and in a sense the UFO

697

00:33:10,320 --> 00:33:06,070

phenomenon falls into that what we you

698

00:33:12,930 --> 00:33:10,330

know we we might see a circular object

699

00:33:15,359 --> 00:33:12,940

out there a flying saucer

700

00:33:19,019 --> 00:33:15,369

but there's a lot of weirdness around

701  
00:33:21,629 --> 00:33:19,029  
the sighting you know you hear about men

702  
00:33:26,340 --> 00:33:21,639  
in black appearing who take evidence

703  
00:33:29,390 --> 00:33:26,350  
away the the the the crash retrieval

704  
00:33:31,220 --> 00:33:29,400  
bits that are left behind by these

705  
00:33:33,920 --> 00:33:31,230  
if they happen to crash in the desert or

706  
00:33:38,500 --> 00:33:33,930  
somewhere else are always incredibly

707  
00:33:42,790 --> 00:33:38,510  
elusive they go missing they never get

708  
00:33:46,549 --> 00:33:42,800  
paraded in you know museums or elsewhere

709  
00:33:50,450 --> 00:33:46,559  
all of that is you know to me smacks of

710  
00:33:53,480 --> 00:33:50,460  
another bigger question which is is our

711  
00:33:56,450 --> 00:33:53,490  
that the way we perceive things is our

712  
00:33:59,090 --> 00:33:56,460  
sense of reality somehow being

713  
00:34:03,110 --> 00:33:59,100

manipulated and bent out of shape by

714

00:34:04,370 --> 00:34:03,120

this phenomenon and I don't know the

715

00:34:06,049 --> 00:34:04,380

answer to that but it's a pretty

716

00:34:08,720 --> 00:34:06,059

intriguing question and I think it's the

717

00:34:09,830 --> 00:34:08,730

one we should start at well what is the

718

00:34:12,530 --> 00:34:09,840

science behind that

719

00:34:14,510 --> 00:34:12,540

what are we aware of that governments or

720

00:34:16,940 --> 00:34:14,520

others have been able to develop that

721

00:34:21,350 --> 00:34:16,950

could theoretically alter somebody's

722

00:34:25,100 --> 00:34:21,360

consciousness well like I say I think

723

00:34:27,889 --> 00:34:25,110

that their science is now beginning to

724

00:34:29,930 --> 00:34:27,899

catch up only very recently really on

725

00:34:35,629 --> 00:34:29,940

the nature of the true nature of reality

726

00:34:38,570 --> 00:34:35,639

as I said earlier there is there is an

727

00:34:42,850 --> 00:34:38,580

emerging view that the substrate of

728

00:34:49,100 --> 00:34:42,860

everything that we see touch feel etc is

729

00:34:52,010 --> 00:34:49,110

actually bore these these subatomic

730

00:34:54,919 --> 00:34:52,020

particles that arise out of nowhere that

731

00:34:58,690 --> 00:34:54,929

fill empty space and give rise to the

732

00:35:02,960 --> 00:34:58,700

the fundamental forces of nature of

733

00:35:05,630 --> 00:35:02,970

gravity of electromagnetism of the

734

00:35:11,270 --> 00:35:05,640

things that we literally see touch taste

735

00:35:15,160 --> 00:35:11,280

smell and feel but they may also give

736

00:35:19,370 --> 00:35:15,170

rise to things beyond our five senses

737

00:35:23,000 --> 00:35:19,380

beyond things that we we we we

738

00:35:26,810 --> 00:35:23,010

experience reality through customarily

739

00:35:29,390 --> 00:35:26,820

and if that is the case then UFOs may

740

00:35:32,600 --> 00:35:29,400

also manipulate that sort of Sixth Sense

741

00:35:35,180 --> 00:35:32,610

realm the same realm that remote viewers

742

00:35:39,080 --> 00:35:35,190

who were you know employed by the CIA

743

00:35:41,180 --> 00:35:39,090

back in the 1970s and 80s to go spy

744

00:35:43,190 --> 00:35:41,190

psychically on the Soviet Union that

745

00:35:47,480 --> 00:35:43,200

same sort of subs

746

00:35:49,910 --> 00:35:47,490

rate may be used by them to to derive

747

00:35:53,480 --> 00:35:49,920

information psychically and it may well

748

00:35:57,710 --> 00:35:53,490

be that same realm that we perceive UFOs

749

00:36:00,410 --> 00:35:57,720

on but that for me is has become a much

750

00:36:04,240 --> 00:36:00,420

more interesting question than simply is

751

00:36:06,170 --> 00:36:04,250

this stuff that people see in report

752

00:36:08,630 --> 00:36:06,180

extraterrestrial on the one hand or

753

00:36:12,460 --> 00:36:08,640

secret government aircraft on the other

754

00:36:15,069 --> 00:36:12,470

I think we're dealing with a huge

755

00:36:18,050 --> 00:36:15,079

phenomenon here of our age which is

756

00:36:20,420 --> 00:36:18,060

about existence and reality itself

757

00:36:22,819 --> 00:36:20,430

something that physics is really any

758

00:36:25,160 --> 00:36:22,829

just starting to get to grips with okay

759

00:36:27,339 --> 00:36:25,170

but in the case of the tic-tacs off the

760

00:36:31,550 --> 00:36:27,349

Nimitz they were also picked up on this

761

00:36:34,460 --> 00:36:31,560

radar offshore says Princeton so yeah

762

00:36:36,410 --> 00:36:34,470

that take it out of the playing with

763

00:36:38,240 --> 00:36:36,420

somebody's consciousness level and

764

00:36:42,710 --> 00:36:38,250

because now we've got it showing up on

765

00:36:45,380 --> 00:36:42,720

radar no not at all I think these things

766

00:36:50,180 --> 00:36:45,390

whatever they are they appear to zip in

767

00:36:53,000 --> 00:36:50,190

and out of dimensional space so one

768

00:36:56,180 --> 00:36:53,010

minute they are in our three-dimensional

769

00:36:59,000 --> 00:36:56,190

space the world that we perceive without

770

00:37:00,710 --> 00:36:59,010

five senses one minute they're there and

771

00:37:03,380 --> 00:37:00,720

the next minute they're not they

772

00:37:08,630 --> 00:37:03,390

disappear they disappear off radar they

773

00:37:11,420 --> 00:37:08,640

disappear from view so I think whatever

774

00:37:16,190 --> 00:37:11,430

they are and whoever is manipulating

775

00:37:20,089 --> 00:37:16,200

them is able to use that that realm I

776  
00:37:22,970 --> 00:37:20,099  
was talking about this realm of quantum

777  
00:37:27,349 --> 00:37:22,980  
fluctuations of zero-point energy to

778  
00:37:30,079 --> 00:37:27,359  
literally be in our world one moment and

779  
00:37:32,210 --> 00:37:30,089  
somewhere else the next I think they're

780  
00:37:34,130 --> 00:37:32,220  
they're teasing us I think they're

781  
00:37:38,470 --> 00:37:34,140  
trying to show us something that we

782  
00:37:42,800 --> 00:37:38,480  
don't yet understand who's they

783  
00:37:46,160 --> 00:37:42,810  
well you know again that's the \$64,000

784  
00:37:49,040 --> 00:37:46,170  
big one isn't it we don't know but we

785  
00:37:53,180 --> 00:37:49,050  
are being shown a phenomenon that that

786  
00:37:54,890 --> 00:37:53,190  
that defies our everyday experience of

787  
00:37:55,190 --> 00:37:54,900  
reality let it put me let me put it that

788  
00:37:56,870 --> 00:37:55,200

way

789

00:37:58,700 --> 00:37:56,880

well the side

790

00:38:00,289 --> 00:37:58,710

of altering consciousness and so on I

791

00:38:03,079 --> 00:38:00,299

mean that sounds to me also like an

792

00:38:06,380 --> 00:38:03,089

incredible scientific breakthrough if it

793

00:38:12,739 --> 00:38:06,390

exists so is that a greater scientific

794

00:38:15,859 --> 00:38:12,749

breakthrough than anti-gravity it would

795

00:38:19,609 --> 00:38:15,869

be just as much but I think it's I think

796

00:38:23,390 --> 00:38:19,619

these things are all related I mean if

797

00:38:25,640 --> 00:38:23,400

we take it back a little bit we don't

798

00:38:28,489 --> 00:38:25,650

know what consciousness is we don't know

799

00:38:30,410 --> 00:38:28,499

that our what our experience of self is

800

00:38:33,410 --> 00:38:30,420

you know your everyday experience of

801  
00:38:37,670 --> 00:38:33,420  
reality does that come from within you

802  
00:38:40,479 --> 00:38:37,680  
is that born of the electrochemical

803  
00:38:43,400 --> 00:38:40,489  
reactions that go on inside your brain

804  
00:38:47,180 --> 00:38:43,410  
or does it come from somewhere else is

805  
00:38:49,910 --> 00:38:47,190  
it somehow an off board experience that

806  
00:38:52,430 --> 00:38:49,920  
somehow we download and experience is

807  
00:38:56,299 --> 00:38:52,440  
everyday reality in much the same way

808  
00:38:59,239 --> 00:38:56,309  
that my laptop experiences its own

809  
00:39:03,200 --> 00:38:59,249  
reality through some data cloud I mean

810  
00:39:05,839 --> 00:39:03,210  
there are analogies there but you know

811  
00:39:08,479 --> 00:39:05,849  
given that science is at a loss to

812  
00:39:10,539 --> 00:39:08,489  
explain what consciousness is Jim you

813  
00:39:14,569 --> 00:39:10,549

know that for me is the starting point

814

00:39:16,880 --> 00:39:14,579

it's you then start to explore your and

815

00:39:19,729 --> 00:39:16,890

my everyday sense of what reality in

816

00:39:21,979 --> 00:39:19,739

existence is all kinds of things flow

817

00:39:24,559 --> 00:39:21,989

from that and one of the things is you

818

00:39:26,329 --> 00:39:24,569

know to this to the point of the

819

00:39:28,069 --> 00:39:26,339

discussion about what we see in the

820

00:39:32,809 --> 00:39:28,079

skies and what people see in the skies

821

00:39:35,299 --> 00:39:32,819

is is that a three-dimensional object

822

00:39:37,069 --> 00:39:35,309

that if you picked up a brick and threw

823

00:39:42,140 --> 00:39:37,079

it against that thing would it go clang

824

00:39:47,059 --> 00:39:42,150

or would it go straight through that UFO

825

00:39:49,999 --> 00:39:47,069

flying saucer whatever it is and you

826

00:39:52,519 --> 00:39:50,009

know D materialize with it it's it's

827

00:39:56,479 --> 00:39:52,529

those sorts of questions that I think

828

00:39:59,180 --> 00:39:56,489

science now has to grapple with this is

829

00:40:01,630 --> 00:39:59,190

not a this is not a binary issue it's

830

00:40:03,950 --> 00:40:01,640

not about crafts that are either

831

00:40:09,109 --> 00:40:03,960

extraterrestrial or or or government

832

00:40:10,550 --> 00:40:09,119

it's it's a much bigger question of who

833

00:40:12,440 --> 00:40:10,560

we are

834

00:40:16,400 --> 00:40:12,450

what is the world that we perceive

835

00:40:18,950 --> 00:40:16,410

around us and how do we further our

836

00:40:23,030 --> 00:40:18,960

understanding both of ourselves as human

837

00:40:28,250 --> 00:40:23,040

beings and of the physics that give rise

838

00:40:29,840 --> 00:40:28,260

to our experience of reality but if our

839

00:40:31,280 --> 00:40:29,850

reality is being manipulated there's

840

00:40:33,470 --> 00:40:31,290

still a question as to whether or not

841

00:40:35,720 --> 00:40:33,480

the manipulator is earthly or

842

00:40:39,010 --> 00:40:35,730

extraterrestrial you're correct

843

00:40:42,860 --> 00:40:39,020

absolutely I mean there is I'm familiar

844

00:40:46,460 --> 00:40:42,870

with a wonderful guy called Jacques

845

00:40:48,890 --> 00:40:46,470

Vallee if you've seen the movie Close

846

00:40:52,550 --> 00:40:48,900

Encounters of the Third Kind you may

847

00:40:55,070 --> 00:40:52,560

know Jacques Vallee a through the guy

848

00:41:00,410 --> 00:40:55,080

who portrayed him on screen who was the

849

00:41:03,620 --> 00:41:00,420

Frenchman Francois Truffaut so he was as

850

00:41:06,940 --> 00:41:03,630

Jack is a real guy he's a real Explorer

851  
00:41:09,500 --> 00:41:06,950  
of the UFO phenomenon but latterly he's

852  
00:41:11,480 --> 00:41:09,510  
become an explorer of something much

853  
00:41:13,340 --> 00:41:11,490  
more fundamental which is of the whole

854  
00:41:15,590 --> 00:41:13,350  
consciousness thing that we've just been

855  
00:41:18,890 --> 00:41:15,600  
talking about I I you know I've been

856  
00:41:21,140 --> 00:41:18,900  
lucky enough to meet Jack in New York

857  
00:41:22,760 --> 00:41:21,150  
and we've spoken a few times and he's

858  
00:41:25,730 --> 00:41:22,770  
written some incredible books about the

859  
00:41:27,740 --> 00:41:25,740  
UFO phenomenon and the nature of what it

860  
00:41:30,770 --> 00:41:27,750  
is that we're dealing with here

861  
00:41:35,030 --> 00:41:30,780  
and Jack's view is very much like my own

862  
00:41:40,550 --> 00:41:35,040  
in fact actually almost identical in

863  
00:41:47,420 --> 00:41:40,560

that he thinks that we are being exposed

864

00:41:50,780 --> 00:41:47,430

to some form of reality manipulation who

865

00:41:55,840 --> 00:41:50,790

is doing the manipulation is of course

866

00:41:59,890 --> 00:41:55,850

that fundamental question I mean is it

867

00:42:05,060 --> 00:41:59,900

some you know extraterrestrial

868

00:42:08,060 --> 00:42:05,070

intelligence that's doing it unknown we

869

00:42:09,920 --> 00:42:08,070

just don't know it might it be ourselves

870

00:42:13,550 --> 00:42:09,930

might it be future versions of ourselves

871

00:42:15,500 --> 00:42:13,560

again we don't know but the the

872

00:42:19,960 --> 00:42:15,510

weirdness that accompanies the

873

00:42:22,730 --> 00:42:19,970

phenomenon all the the strange

874

00:42:24,240 --> 00:42:22,740

there is no conventional aspect this

875

00:42:30,090 --> 00:42:24,250

phenomenon

876

00:42:34,800 --> 00:42:30,100

all of that is perhaps symptomatic of

877

00:42:36,990 --> 00:42:34,810

some kind of manipulation of our of the

878

00:42:40,110 --> 00:42:37,000

space that the UFO phenomenon sits

879

00:42:41,610 --> 00:42:40,120

inside so you know I wish I knew your

880

00:42:43,710 --> 00:42:41,620

guess is as good as mine but it's fun

881

00:42:45,210 --> 00:42:43,720

trying to you know find out so when it

882

00:42:46,380 --> 00:42:45,220

comes to what the Tic Tac is it sounds

883

00:42:47,910 --> 00:42:46,390

like now you got four possibilities

884

00:42:49,440 --> 00:42:47,920

according to you and let me know if I've

885

00:42:51,330 --> 00:42:49,450

missed any but you've got the fact that

886

00:42:53,490 --> 00:42:51,340

it could be real and earthly it could be

887

00:42:55,590 --> 00:42:53,500

real and extraterrestrial or it could be

888

00:42:57,510 --> 00:42:55,600

some type of reality manipulation that's

889

00:42:59,010 --> 00:42:57,520

being done earthly or reality

890

00:43:00,350 --> 00:42:59,020

manipulation that's being done by

891

00:43:02,580 --> 00:43:00,360

extraterrestrials

892

00:43:04,170 --> 00:43:02,590

yeah Oh something else we haven't even

893

00:43:05,520 --> 00:43:04,180

thought of I mean you know those are

894

00:43:08,850 --> 00:43:05,530

just the things that we've been able to

895

00:43:12,630 --> 00:43:08,860

funnel down to and discuss because they

896

00:43:14,880 --> 00:43:12,640

kind of make sense to us but yeah it

897

00:43:17,160 --> 00:43:14,890

could be that and a whole bunch of other

898

00:43:19,350 --> 00:43:17,170

things too okay so now let's get a

899

00:43:20,490 --> 00:43:19,360

little bit more directly into turbo and

900

00:43:24,900 --> 00:43:20,500

what he claims

901  
00:43:26,550 --> 00:43:24,910  
so his background is that he was a US

902  
00:43:29,430 --> 00:43:26,560  
Air Force intelligence specialist for

903  
00:43:30,990 --> 00:43:29,440  
about four years in the late 80s said

904  
00:43:34,680 --> 00:43:31,000  
that he worked on a number of radar

905  
00:43:36,810 --> 00:43:34,690  
systems and electromagnetic tracking etc

906  
00:43:38,940 --> 00:43:36,820  
etc all things that I don't fully

907  
00:43:40,050 --> 00:43:38,950  
understand but that was it for years and

908  
00:43:41,940 --> 00:43:40,060  
with the Air Force

909  
00:43:44,310 --> 00:43:41,950  
we don't really know all the things that

910  
00:43:47,850 --> 00:43:44,320  
he's done since his if you look at his

911  
00:43:50,280 --> 00:43:47,860  
LinkedIn it's clear that he done some

912  
00:43:53,670 --> 00:43:50,290  
government contract work etc he lives

913  
00:43:55,830 --> 00:43:53,680

out close to the plant 42 area and you

914

00:43:59,370 --> 00:43:55,840

know apparently has a lot of friends and

915

00:44:01,350 --> 00:43:59,380

connections at plant 42 he says that the

916

00:44:02,550 --> 00:44:01,360

radar that picked this up which you're

917

00:44:04,740 --> 00:44:02,560

probably familiar with on the USS

918

00:44:08,550 --> 00:44:04,750

Princeton is a very sophisticated newer

919

00:44:11,310 --> 00:44:08,560

type of radar it's not the sweeping kind

920

00:44:12,420 --> 00:44:11,320

of radar where you get the do you know

921

00:44:15,120 --> 00:44:12,430

what it's called I forget what the name

922

00:44:17,670 --> 00:44:15,130

of the radar yeah it's cool Aegis radar

923

00:44:20,010 --> 00:44:17,680

it's a phased array radar system yeah

924

00:44:21,630 --> 00:44:20,020

okay so that's the only type of radar

925

00:44:23,790 --> 00:44:21,640

that can pick these things up and he

926

00:44:26,930 --> 00:44:23,800

said that that type of radar is about to

927

00:44:29,730 --> 00:44:26,940

be implemented on a much broader basis

928

00:44:32,120 --> 00:44:29,740

u.s. wide if not worldwide that this

929

00:44:34,200 --> 00:44:32,130

technology is becoming a more common

930

00:44:36,450 --> 00:44:34,210

form of radio this can be used and

931

00:44:37,499 --> 00:44:36,460

therefore these tic-tacs that previously

932

00:44:40,349 --> 00:44:37,509

were able to fly

933

00:44:42,479 --> 00:44:40,359

without being detected are now going to

934

00:44:45,629 --> 00:44:42,489

start being detected and hence the

935

00:44:47,339 --> 00:44:45,639

reason why this information now it's

936

00:44:48,689 --> 00:44:47,349

okay to start leaking out this

937

00:44:49,229 --> 00:44:48,699

information because it's going to be

938

00:44:51,599 --> 00:44:49,239

known

939

00:44:56,489 --> 00:44:51,609

very soon as a result of the wider use

940

00:44:58,919 --> 00:44:56,499

of that type of radar what do I think

941

00:45:01,979 --> 00:44:58,929

about that yes let's start there and

942

00:45:05,370 --> 00:45:01,989

then I'll give you more okay sure

943

00:45:10,499 --> 00:45:05,380

well yeah

944

00:45:12,209 --> 00:45:10,509

yeah no I mean no in the sense that this

945

00:45:13,999 --> 00:45:12,219

technology has been around for a while I

946

00:45:17,999 --> 00:45:14,009

mean it's been around for a long time

947

00:45:19,859 --> 00:45:18,009

that the radar you mate yeah yeah it's

948

00:45:22,949 --> 00:45:19,869

been around for ages I mean the very

949

00:45:25,049 --> 00:45:22,959

first job I ever did when I was at

950

00:45:28,469 --> 00:45:25,059

Jaynes was I was flown up to Greenland

951  
00:45:30,149 --> 00:45:28,479  
and I saw a bow mystic a ballistic

952  
00:45:32,159 --> 00:45:30,159  
missile early warning station up in

953  
00:45:34,289 --> 00:45:32,169  
Greenland at a base called tule which

954  
00:45:37,129 --> 00:45:34,299  
uses the exact same technology phased

955  
00:45:40,559 --> 00:45:37,139  
array radar technology and this was in

956  
00:45:43,769 --> 00:45:40,569  
1987 so it's been around for a very long

957  
00:45:46,829 --> 00:45:43,779  
time it might be being miniaturized and

958  
00:45:50,309 --> 00:45:46,839  
more widely deployed the fa teams that

959  
00:45:52,349 --> 00:45:50,319  
were vectored to the ufos by the aegis

960  
00:45:58,439 --> 00:45:52,359  
radar they also use a form of phased

961  
00:46:00,059 --> 00:45:58,449  
array radar technology so you know as

962  
00:46:00,899 --> 00:46:00,069  
with all things they get smaller and

963  
00:46:02,579 --> 00:46:00,909

they get better and they get more

964

00:46:06,509 --> 00:46:02,589

powerful but the tech basic technology

965

00:46:09,269 --> 00:46:06,519

has been around for ages and and and

966

00:46:12,629 --> 00:46:09,279

what we hear out of the encounter anyway

967

00:46:14,849 --> 00:46:12,639

is that sometimes the way the aircraft

968

00:46:20,159 --> 00:46:14,859

themselves were not able to pick up or

969

00:46:21,569 --> 00:46:20,169

track the the UFO on their radar they

970

00:46:23,339 --> 00:46:21,579

tracked it on something called their

971

00:46:25,439 --> 00:46:23,349

forward-looking infra-red which was

972

00:46:28,679 --> 00:46:25,449

where we get those bits of imagery that

973

00:46:29,429 --> 00:46:28,689

we see is like a infrared movie camera

974

00:46:31,379 --> 00:46:29,439

on the aircraft

975

00:46:35,099 --> 00:46:31,389

those were able to track the aircraft

976  
00:46:38,269 --> 00:46:35,109  
work whereas the radar was not so again

977  
00:46:40,919 --> 00:46:38,279  
it's only through sensor fusion you get

978  
00:46:42,089 --> 00:46:40,929  
radar data from the fleet you get radar

979  
00:46:47,759 --> 00:46:42,099  
data from the aircraft

980  
00:46:50,609 --> 00:46:47,769  
you get eyeball visual eyes on from the

981  
00:46:51,359 --> 00:46:50,619  
pilots you know that's called sensor

982  
00:46:53,789 --> 00:46:51,369  
fusion

983  
00:46:55,559 --> 00:46:53,799  
you can begin to trust that data you

984  
00:46:57,989 --> 00:46:55,569  
know that you know if you were trusting

985  
00:47:01,200 --> 00:46:57,999  
any one source of data for this citing

986  
00:47:03,720 --> 00:47:01,210  
well then you shouldn't so you know my

987  
00:47:06,180 --> 00:47:03,730  
reaction is trust all the data don't

988  
00:47:06,809 --> 00:47:06,190

trust one single single piece of it

989

00:47:09,599 --> 00:47:06,819

mm-hmm

990

00:47:12,809 --> 00:47:09,609

so then he goes on to state that this is

991

00:47:14,489 --> 00:47:12,819

US Airforce technology that they knew

992

00:47:16,170 --> 00:47:14,499

that the Nimitz was conducting their

993

00:47:18,569 --> 00:47:16,180

training exercises at the time and that

994

00:47:21,359 --> 00:47:18,579

they would therefore pick up these out

995

00:47:23,819 --> 00:47:21,369

there and they were basically testing

996

00:47:25,980 --> 00:47:23,829

them to see how the Navy would respond

997

00:47:29,099 --> 00:47:25,990

to them they knew that the Navy when

998

00:47:31,710 --> 00:47:29,109

they fly there their test flights that

999

00:47:33,749 --> 00:47:31,720

they're unarmed and so there's no fear

1000

00:47:35,640 --> 00:47:33,759

that they're gonna attempt to shoot

1001  
00:47:37,980 --> 00:47:35,650  
these things down and furthermore Navy

1002  
00:47:40,109 --> 00:47:37,990  
commanders were aware of this airforce

1003  
00:47:41,910 --> 00:47:40,119  
exercise and so they were confident

1004  
00:47:43,859 --> 00:47:41,920  
sending these guys up there unarmed

1005  
00:47:45,269 --> 00:47:43,869  
because that is a little did strike me

1006  
00:47:46,980 --> 00:47:45,279  
as a little bit odd that wow you're

1007  
00:47:48,210 --> 00:47:46,990  
seeing these unidentified objects out

1008  
00:47:49,710 --> 00:47:48,220  
there and you're just gonna send planes

1009  
00:47:51,359 --> 00:47:49,720  
with no weapons on them at all

1010  
00:47:53,339 --> 00:47:51,369  
to just go check them out that would

1011  
00:47:56,220 --> 00:47:53,349  
seem to me to be arguably a dangerous

1012  
00:47:58,499 --> 00:47:56,230  
mission but if high-level Navy command

1013  
00:47:59,549 --> 00:47:58,509

knew what was going on that's why they

1014

00:48:01,109 --> 00:47:59,559

would feel comfortable sending these

1015

00:48:06,809 --> 00:48:01,119

pilots out there to check them out with

1016

00:48:11,370 --> 00:48:06,819

without manned aircraft well listen I

1017

00:48:14,489 --> 00:48:11,380

mean I don't know again whether I mean

1018

00:48:17,489 --> 00:48:14,499

it's always possible that might be true

1019

00:48:22,620 --> 00:48:17,499

that scenario but based on my experience

1020

00:48:25,529 --> 00:48:22,630

I consider it highly unlikely it is it's

1021

00:48:29,089 --> 00:48:25,539

almost ludicrous I think to presume that

1022

00:48:33,150 --> 00:48:29,099

you would send up your own secret stuff

1023

00:48:36,779 --> 00:48:33,160

against another service in the employ of

1024

00:48:39,900 --> 00:48:36,789

your own country that would be a highly

1025

00:48:42,059 --> 00:48:39,910

risky maneuver I don't know because I

1026

00:48:44,309 --> 00:48:42,069

just don't have the data as to whether

1027

00:48:47,099 --> 00:48:44,319

those aircraft the the Navy f-18s were

1028

00:48:48,749 --> 00:48:47,109

armed or unarmed but I mean you would

1029

00:48:51,630 --> 00:48:48,759

have no guarantee that they weren't

1030

00:48:54,239 --> 00:48:51,640

armed so while fragran did say one of it

1031

00:48:55,559 --> 00:48:54,249

that the squadron commander he did say

1032

00:48:56,819 --> 00:48:55,569

that they were unarmed and he said that

1033

00:48:58,289 --> 00:48:56,829

they're always unarmed when we're doing

1034

00:49:01,920 --> 00:48:58,299

exercises because you don't want any

1035

00:49:04,150 --> 00:49:01,930

accidents well and by the way sorry to

1036

00:49:06,039 --> 00:49:04,160

interrupt but and he in

1037

00:49:08,559 --> 00:49:06,049

Kerber saying that no high-level Navy

1038

00:49:10,599 --> 00:49:08,569

command was aware of it it's just that

1039

00:49:12,549 --> 00:49:10,609

the pilots themselves and anybody below

1040

00:49:15,819 --> 00:49:12,559

a certain level was not aware of this

1041

00:49:17,770 --> 00:49:15,829

exercise that was going on well like I

1042

00:49:20,740 --> 00:49:17,780

say anything is possible but it would be

1043

00:49:23,950 --> 00:49:20,750

a really really strange way of doing

1044

00:49:27,400 --> 00:49:23,960

things you don't test top secret stuff

1045

00:49:29,349 --> 00:49:27,410

in a random way like that in my

1046

00:49:33,099 --> 00:49:29,359

experience or in my experience of having

1047

00:49:36,490 --> 00:49:33,109

spoken to people over three decades of

1048

00:49:38,440 --> 00:49:36,500

covering this stuff but again I'm not

1049

00:49:40,839 --> 00:49:38,450

saying it's impossible but it just would

1050

00:49:45,599 --> 00:49:40,849

be highly highly irregular highly

1051  
00:49:48,700 --> 00:49:45,609  
unusual and personally nothing against

1052  
00:49:51,640 --> 00:49:48,710  
mr. turbo but personally I don't buy it

1053  
00:49:55,059 --> 00:49:51,650  
okay so he says that they were built at

1054  
00:49:58,359 --> 00:49:55,069  
plant 42 by a couple different

1055  
00:49:59,859 --> 00:49:58,369  
contractors you know the obvious names

1056  
00:50:01,450 --> 00:49:59,869  
he didn't want to reveal who they were

1057  
00:50:03,279 --> 00:50:01,460  
other than talking about the list of

1058  
00:50:06,549 --> 00:50:03,289  
obvious names people like Lockheed and

1059  
00:50:07,599 --> 00:50:06,559  
Raytheon etc etc so that part would make

1060  
00:50:08,710 --> 00:50:07,609  
sense that they would be one of those

1061  
00:50:11,230 --> 00:50:08,720  
type of companies that would have

1062  
00:50:12,819 --> 00:50:11,240  
developed it right and then there's the

1063  
00:50:13,720 --> 00:50:12,829

the one that they referred to as gimbal

1064

00:50:17,140 --> 00:50:13,730

off the East Coast

1065

00:50:18,460 --> 00:50:17,150

he claims that that one was built by a

1066

00:50:20,740 --> 00:50:18,470

different contractor so you actually

1067

00:50:23,670 --> 00:50:20,750

have at least two contractors that have

1068

00:50:26,170 --> 00:50:23,680

been building these things at plant 42

1069

00:50:27,819 --> 00:50:26,180

he says that it emanated essentially

1070

00:50:31,059 --> 00:50:27,829

from the late 80s from the Star Wars

1071

00:50:32,349 --> 00:50:31,069

program etc which does kind of tie in a

1072

00:50:33,670 --> 00:50:32,359

bit with what you're saying as far as

1073

00:50:35,740 --> 00:50:33,680

the amount of money being spent on black

1074

00:50:39,579 --> 00:50:35,750

projects going back to the Reagan

1075

00:50:41,740 --> 00:50:39,589

administration and originally flew you

1076

00:50:45,339 --> 00:50:41,750

know original flights in the late 90s of

1077

00:50:47,140 --> 00:50:45,349

course we know that the Nimitz was 2004

1078

00:50:50,559 --> 00:50:47,150

so these things have been around for

1079

00:50:52,120 --> 00:50:50,569

about 20 years which is again why I

1080

00:50:53,380 --> 00:50:52,130

asked you the question about the ability

1081

00:50:54,910 --> 00:50:53,390

to keep secrets because it's just

1082

00:50:57,750 --> 00:50:54,920

astounding to me that something could be

1083

00:51:00,490 --> 00:50:57,760

kept secret theoretically for 20 years

1084

00:51:02,230 --> 00:51:00,500

but let me let me pause there you you

1085

00:51:03,430 --> 00:51:02,240

you you said that yeah these other

1086

00:51:05,829 --> 00:51:03,440

projects were kept secret for an

1087

00:51:07,690 --> 00:51:05,839

extended period of time if this were

1088

00:51:10,960 --> 00:51:07,700

real and he's right that this has been

1089

00:51:12,460 --> 00:51:10,970

around for 20 years is it possible that

1090

00:51:15,670 --> 00:51:12,470

it could have been kept this secret for

1091

00:51:17,840 --> 00:51:15,680

20 years oh yeah I mean like I say

1092

00:51:21,680 --> 00:51:17,850

secrets keep I mean they can keep

1093

00:51:24,680 --> 00:51:21,690

it's not that bit that I have an issue

1094

00:51:26,090 --> 00:51:24,690

with I mean secrets can be kept but as

1095

00:51:30,680 --> 00:51:26,100

we were saying at the beginning of this

1096

00:51:34,150 --> 00:51:30,690

interview it's as an individual I would

1097

00:51:39,440 --> 00:51:34,160

be loath to trust any one data source

1098

00:51:41,840 --> 00:51:39,450

about you know or or someone who was

1099

00:51:44,150 --> 00:51:41,850

telling me something if that came from

1100

00:51:47,530 --> 00:51:44,160

one source I would be really really

1101  
00:51:49,430 --> 00:51:47,540  
loath which is why we're talking to you

1102  
00:51:52,930 --> 00:51:49,440  
sure yeah absolutely

1103  
00:51:58,820 --> 00:51:52,940  
I mean you know let me lovely yeah

1104  
00:52:01,700 --> 00:51:58,830  
loving this but but if you know if the

1105  
00:52:07,670 --> 00:52:01,710  
technology had been developed in plant

1106  
00:52:10,040 --> 00:52:07,680  
42 or anywhere else which I've seen no

1107  
00:52:13,340 --> 00:52:10,050  
evidence for by the way and you know I

1108  
00:52:16,160 --> 00:52:13,350  
think many colleagues who report these

1109  
00:52:17,450 --> 00:52:16,170  
things in much greater depth than I do I

1110  
00:52:20,540 --> 00:52:17,460  
mean I've been out of the active

1111  
00:52:23,900 --> 00:52:20,550  
reporting game with Jane's Defence

1112  
00:52:26,180 --> 00:52:23,910  
weekly for you know 15 years or so 12 or

1113  
00:52:29,270 --> 00:52:26,190

15 years but you know I still keep in

1114

00:52:31,040 --> 00:52:29,280

touch with all my colleagues there would

1115

00:52:33,980 --> 00:52:31,050

have been sniffs and rumours about this

1116

00:52:37,100 --> 00:52:33,990

stuff you know people would have said a

1117

00:52:43,220 --> 00:52:37,110

bit more than what is being said at the

1118

00:52:45,380 --> 00:52:43,230

moment and I just it just bel with with

1119

00:52:49,510 --> 00:52:45,390

with how I understand this business

1120

00:52:52,640 --> 00:52:49,520

works that these remarkable

1121

00:52:55,040 --> 00:52:52,650

physics-defying bits of technology that

1122

00:52:59,180 --> 00:52:55,050

we've seen in those films could have

1123

00:53:04,040 --> 00:52:59,190

been developed by Lockheed or Northrop

1124

00:53:06,530 --> 00:53:04,050

or you know anyone else that technology

1125

00:53:09,410 --> 00:53:06,540

defies belief and what defies even more

1126  
00:53:10,430 --> 00:53:09,420  
belief for me is had they been developed

1127  
00:53:13,640 --> 00:53:10,440  
by any of them

1128  
00:53:19,130 --> 00:53:13,650  
that you'd go out and test them in the

1129  
00:53:21,650 --> 00:53:19,140  
way that you know that is being said

1130  
00:53:24,980 --> 00:53:21,660  
that they are being tested against the

1131  
00:53:30,440 --> 00:53:24,990  
US Navy in that exercise format it just

1132  
00:53:31,640 --> 00:53:30,450  
wouldn't make much sense to me okay

1133  
00:53:35,599 --> 00:53:31,650  
let's go to the next thing that

1134  
00:53:38,569 --> 00:53:35,609  
turbo says and that is that he's

1135  
00:53:40,609 --> 00:53:38,579  
actually flown well sorry I shouldn't

1136  
00:53:41,930 --> 00:53:40,619  
say that he says that he was very

1137  
00:53:45,859 --> 00:53:41,940  
careful about how he said it

1138  
00:53:51,349 --> 00:53:45,869

but he he hinted that he has been in one

1139

00:53:53,089 --> 00:53:51,359

and he was able to show me what are you

1140

00:53:56,809 --> 00:53:53,099

rolling your is that an eye roll is that

1141

00:54:02,809 --> 00:53:56,819

what I'm seeing I was just scratching my

1142

00:54:04,969 --> 00:54:02,819

head that particular before but yet go

1143

00:54:09,309 --> 00:54:04,979

on this is very interesting so he was

1144

00:54:15,200 --> 00:54:09,319

able to show me his phone from November

1145

00:54:16,849 --> 00:54:15,210

18th of 2017 which shows his Google Maps

1146

00:54:18,229 --> 00:54:16,859

and so forth and I don't know if you've

1147

00:54:20,239 --> 00:54:18,239

ever tracked that on your phone I had

1148

00:54:21,319 --> 00:54:20,249

never done it before but if you want to

1149

00:54:22,849 --> 00:54:21,329

be tracked maybe it doesn't

1150

00:54:23,989 --> 00:54:22,859

automatically maybe got turning on or

1151  
00:54:27,650 --> 00:54:23,999  
off or whatever but it shows you where

1152  
00:54:30,440 --> 00:54:27,660  
you went that day and I I can confirm to

1153  
00:54:33,650 --> 00:54:30,450  
you based on reviewing that that it

1154  
00:54:35,329 --> 00:54:33,660  
indicates that at least his phone and

1155  
00:54:38,930 --> 00:54:35,339  
that's where he was kind of giving me

1156  
00:54:42,829 --> 00:54:38,940  
the wink wink that it was his phone flew

1157  
00:54:44,959 --> 00:54:42,839  
there as opposed to actually him but he

1158  
00:54:48,789 --> 00:54:44,969  
certainly strongly hinted that he was

1159  
00:54:50,719 --> 00:54:48,799  
with his phone for this flight went from

1160  
00:54:52,329 --> 00:54:50,729  
essentially Palmdale although

1161  
00:54:55,700 --> 00:54:52,339  
technically it was Rancho Cucamonga

1162  
00:54:58,789 --> 00:54:55,710  
which is close to Palmdale to the east

1163  
00:55:01,640 --> 00:54:58,799

coast you could imagine where on the

1164

00:55:03,200 --> 00:55:01,650

East Coast but he didn't want to exactly

1165

00:55:05,180 --> 00:55:03,210

disclose that but you could imagine

1166

00:55:07,999 --> 00:55:05,190

where on the East Coast he might fly to

1167

00:55:10,670 --> 00:55:08,009

if it was the Navy flying him there or

1168

00:55:13,969 --> 00:55:10,680

the airforce and according to his phone

1169

00:55:16,190 --> 00:55:13,979

the trip took an hour and 24 minutes so

1170

00:55:17,809 --> 00:55:16,200

we all know if you look at the tic-tac

1171

00:55:19,459 --> 00:55:17,819

video that it could have gotten there a

1172

00:55:22,459 --> 00:55:19,469

hell of a lot faster than that but he

1173

00:55:25,370 --> 00:55:22,469

says based on g-force a human could not

1174

00:55:27,529 --> 00:55:25,380

stand the g-force that would be exerted

1175

00:55:30,349 --> 00:55:27,539

by something traveling the speed that

1176  
00:55:33,920 --> 00:55:30,359  
you see in the video so this thing would

1177  
00:55:36,650 --> 00:55:33,930  
have flown at one G such that it would

1178  
00:55:38,359 --> 00:55:36,660  
still go really really fast but you

1179  
00:55:40,519 --> 00:55:38,369  
wouldn't the acceleration would be such

1180  
00:55:42,349 --> 00:55:40,529  
that it would be okay on a human and

1181  
00:55:44,839 --> 00:55:42,359  
that apparently if you were to do the

1182  
00:55:46,099 --> 00:55:44,849  
calculation of a 1g calculator

1183  
00:55:47,450 --> 00:55:46,109  
is approximately how long it would take

1184  
00:55:50,180 --> 00:55:47,460  
you to get to the east coast an hour and

1185  
00:55:52,999 --> 00:55:50,190  
24 minutes now obviously you could say

1186  
00:55:56,509 --> 00:55:53,009  
oh gee Jim he manipulated his Google map

1187  
00:55:59,930 --> 00:55:56,519  
to trick you clearly a possibility but

1188  
00:56:01,969 --> 00:55:59,940

if he let's assume he did not how did he

1189

00:56:04,910 --> 00:56:01,979

get from the west coast to the east

1190

00:56:08,150 --> 00:56:04,920

coast in an hour and 24 minutes are

1191

00:56:09,799 --> 00:56:08,160

there other types of craft that go that

1192

00:56:11,420 --> 00:56:09,809

fast we've had people speculate in

1193

00:56:12,890 --> 00:56:11,430

response to our YouTube video and so on

1194

00:56:14,569 --> 00:56:12,900

as far as how he could have gotten there

1195

00:56:15,979 --> 00:56:14,579

in our 24 minutes they even mentioned

1196

00:56:17,269 --> 00:56:15,989

some other type of crafted but somebody

1197

00:56:18,950 --> 00:56:17,279

pointed out that know that craft has

1198

00:56:23,420 --> 00:56:18,960

been retired but I'm not sure there

1199

00:56:25,370 --> 00:56:23,430

exists any craft in the US military you

1200

00:56:26,719 --> 00:56:25,380

tell me if you know different that could

1201

00:56:32,029 --> 00:56:26,729

get from the west coast to the East

1202

00:56:35,749 --> 00:56:32,039

Coast in an hour and 24 minutes okay but

1203

00:56:39,410 --> 00:56:35,759

I mean the question is taking at face

1204

00:56:42,319 --> 00:56:39,420

value that there is a craft that can go

1205

00:56:46,279 --> 00:56:42,329

from these to the west in in that time

1206

00:56:48,650 --> 00:56:46,289

span you know so I mean look I don't

1207

00:56:51,019 --> 00:56:48,660

want I don't want to cast aspersions on

1208

00:56:55,309 --> 00:56:51,029

any one individual but I will tell you a

1209

00:56:58,249 --> 00:56:55,319

story about about Air Force intelligence

1210

00:56:59,930 --> 00:56:58,259

and what it is capable of doing in fact

1211

00:57:01,489 --> 00:56:59,940

any Intelligence Agency and what it's

1212

00:57:03,559 --> 00:57:01,499

capable of doing I wouldn't even point

1213

00:57:06,829 --> 00:57:03,569

the finger at the Air Force but back in

1214

00:57:07,370 --> 00:57:06,839

the 1980s there was a case of a guy

1215

00:57:09,950 --> 00:57:07,380

called

1216

00:57:12,799 --> 00:57:09,960

Paul bennewitz who he was an ordinary

1217

00:57:15,109 --> 00:57:12,809

guy who was kind of interested in home

1218

00:57:17,390 --> 00:57:15,119

electronics who sat on the edge of a

1219

00:57:18,739 --> 00:57:17,400

very secretive Air Force Base out in New

1220

00:57:21,349 --> 00:57:18,749

Mexico which I've been to called

1221

00:57:23,059 --> 00:57:21,359

Kirtland Air Force Base Kirtland Air

1222

00:57:24,739 --> 00:57:23,069

Force Base tests all kinds of secret

1223

00:57:27,469 --> 00:57:24,749

things and mr. Benowitz

1224

00:57:29,719 --> 00:57:27,479

had the misfortune to pick up on his

1225

00:57:31,039 --> 00:57:29,729

sort of weird electronic bits of kit

1226

00:57:35,170 --> 00:57:31,049

that he was assembling in his living

1227

00:57:38,479 --> 00:57:35,180

room some of the emissions that work

1228

00:57:40,249 --> 00:57:38,489

coming out of the base so what Air Force

1229

00:57:41,859 --> 00:57:40,259

intelligence decides to do is make him

1230

00:57:45,079 --> 00:57:41,869

believe that he was listening to

1231

00:57:47,239 --> 00:57:45,089

extraterrestrial communications that

1232

00:57:49,309 --> 00:57:47,249

going on from inside the base and then

1233

00:57:51,319 --> 00:57:49,319

lights were seen and who knows maybe

1234

00:57:52,759 --> 00:57:51,329

they shine lights on the base to make

1235

00:57:55,400 --> 00:57:52,769

him think that he was seeing

1236

00:57:57,890 --> 00:57:55,410

extraterrestrials and so this poor guy

1237

00:57:58,730 --> 00:57:57,900

was driven mad by all of this stuff

1238

00:58:01,640 --> 00:57:58,740

because the store

1239

00:58:03,980 --> 00:58:01,650

became more and more embellished so what

1240

00:58:06,650 --> 00:58:03,990

this should tell us is that there are

1241

00:58:08,810 --> 00:58:06,660

agencies which are very adept at

1242

00:58:11,540 --> 00:58:08,820

manipulating information and making us

1243

00:58:16,760 --> 00:58:11,550

believe things that they want they want

1244

00:58:19,100 --> 00:58:16,770

us to believe so when you get a genuine

1245

00:58:21,020 --> 00:58:19,110

or an apparently genuine phenomenon like

1246

00:58:24,020 --> 00:58:21,030

the tic-tac thing which is really

1247

00:58:26,900 --> 00:58:24,030

creating waves and as I've said at the

1248

00:58:29,000 --> 00:58:26,910

beginning of this you know there appears

1249

00:58:31,070 --> 00:58:29,010

to be a truth at the heart of it Jim

1250

00:58:33,140 --> 00:58:31,080

whatever that truth is there is you know

1251  
00:58:36,500 --> 00:58:33,150  
there something happened in that minute

1252  
00:58:39,500 --> 00:58:36,510  
carry a group in 2004 but when you get

1253  
00:58:43,010 --> 00:58:39,510  
things like that you get a whole circus

1254  
00:58:45,109 --> 00:58:43,020  
now comes around it and lots of people

1255  
00:58:53,830 --> 00:58:45,119  
start jumping in and all sorts of weird

1256  
00:58:59,950 --> 00:58:56,690  
active part of the government

1257  
00:59:03,200 --> 00:58:59,960  
intelligence machineries toolkit so

1258  
00:59:05,450 --> 00:59:03,210  
personally speaking like I say I like to

1259  
00:59:08,720 --> 00:59:05,460  
take with a pinch of salt everything

1260  
00:59:12,770 --> 00:59:08,730  
that I hear and I take no one data point

1261  
00:59:15,320 --> 00:59:12,780  
as truth i data fuse just like all of

1262  
00:59:19,490 --> 00:59:15,330  
those bits of kit in the Nimitz carrier

1263  
00:59:22,190 --> 00:59:19,500

group when it was tracking that UFO when

1264

00:59:25,040 --> 00:59:22,200

I pull those bits of data in I assemble

1265

00:59:26,990 --> 00:59:25,050

my own picture of my own story but what

1266

00:59:29,120 --> 00:59:27,000

I'm starting to hear around the tic-tac

1267

00:59:30,950 --> 00:59:29,130

story you know a lot of it just lacks

1268

00:59:33,620 --> 00:59:30,960

credibility and I'm afraid I don't even

1269

00:59:35,840 --> 00:59:33,630

go there yeah well you know for me and

1270

00:59:37,880 --> 00:59:35,850

not being experienced in this area it

1271

00:59:41,030 --> 00:59:37,890

was really important to me to hear the

1272

00:59:42,590 --> 00:59:41,040

Navy confirm that this video is real and

1273

00:59:43,940 --> 00:59:42,600

that the pilots encountered this and

1274

00:59:45,470 --> 00:59:43,950

then to hear the pilots explain it the

1275

00:59:46,910 --> 00:59:45,480

same way that you agree that yeah it

1276  
00:59:49,760 --> 00:59:46,920  
appears that there was something that

1277  
00:59:52,120 --> 00:59:49,770  
they saw and as far as potential

1278  
00:59:55,609 --> 00:59:52,130  
explanations for what they saw

1279  
00:59:58,280 --> 00:59:55,619  
it seemed to me that it being an earthly

1280  
01:00:00,609 --> 00:59:58,290  
aircraft was the most likely explanation

1281  
01:00:02,630 --> 01:00:00,619  
because extraterrestrial is

1282  
01:00:04,910 --> 01:00:02,640  
extraterrestrial and I hadn't given

1283  
01:00:09,950 --> 01:00:04,920  
thought yet to your theory about altered

1284  
01:00:11,810 --> 01:00:09,960  
realities but certainly if you put it it

1285  
01:00:12,590 --> 01:00:11,820  
certainly is one of the potential

1286  
01:00:15,500 --> 01:00:12,600  
explanation

1287  
01:00:18,110 --> 01:00:15,510  
and if you applied a percentage to what

1288  
01:00:19,870 --> 01:00:18,120

this thing what the answer you know

1289

01:00:24,110 --> 01:00:19,880

eventually we're gonna learn what it was

1290

01:00:25,700 --> 01:00:24,120

and I mean it might be in one year might

1291

01:00:27,890 --> 01:00:25,710

be in a thousand years but at some point

1292

01:00:30,800 --> 01:00:27,900

presumably we're gonna learn what this

1293

01:00:32,510 --> 01:00:30,810

was and that certainly is a potential

1294

01:00:34,700 --> 01:00:32,520

that it is earthly I think you would at

1295

01:00:37,910 --> 01:00:34,710

least agree with that that yeah there's

1296

01:00:40,760 --> 01:00:37,920

definitely it it would be shocking in an

1297

01:00:44,210 --> 01:00:40,770

unbelievable breakthrough in in in

1298

01:00:47,810 --> 01:00:44,220

science but it's possible that it's

1299

01:00:49,760 --> 01:00:47,820

earthly in a real craft oh well listen I

1300

01:00:54,010 --> 01:00:49,770

mean of course it's possible that it's

1301

01:00:56,150 --> 01:00:54,020

earthly as as I said I I spent 10 years

1302

01:00:58,160 --> 01:00:56,160

investigating that whole part of the

1303

01:00:59,810 --> 01:00:58,170

phenomenon and I wrote it up in the hunt

1304

01:01:02,930 --> 01:00:59,820

for zero point my book that came out in

1305

01:01:04,400 --> 01:01:02,940

2001 so yeah of course it was possible

1306

01:01:07,160 --> 01:01:04,410

that was my starting premise I thought

1307

01:01:10,250 --> 01:01:07,170

it had to be earthly but what I found

1308

01:01:13,220 --> 01:01:10,260

out at the end of that journey was that

1309

01:01:16,460 --> 01:01:13,230

it would be very foolish of us to

1310

01:01:18,800 --> 01:01:16,470

ascribe a single point solution to this

1311

01:01:21,410 --> 01:01:18,810

very complex multifarious phenomenon

1312

01:01:24,080 --> 01:01:21,420

which is the UFO phenomenon it is not

1313

01:01:26,770 --> 01:01:24,090

that simple I know because I spent all

1314

01:01:30,200 --> 01:01:26,780

that time looking at it investigating it

1315

01:01:32,180 --> 01:01:30,210

and then writing about it and in the

1316

01:01:34,280 --> 01:01:32,190

year since I've sort of cast a weather

1317

01:01:36,110 --> 01:01:34,290

eye on it and I keep in touch with all

1318

01:01:38,630 --> 01:01:36,120

of those sources who helped me out in

1319

01:01:40,310 --> 01:01:38,640

that book but wouldn't you agree yes

1320

01:01:42,080 --> 01:01:40,320

sorry but wouldn't you agree though the

1321

01:01:45,530 --> 01:01:42,090

USS Nimitz is a little bit different

1322

01:01:49,520 --> 01:01:45,540

than most other so-called UFO sightings

1323

01:01:52,720 --> 01:01:49,530

I mean this one has a lot more behind it

1324

01:01:57,530 --> 01:01:52,730

than your typical sighting including

1325

01:02:00,200 --> 01:01:57,540

pretty decent video multiple pilots US

1326  
01:02:04,190 --> 01:02:00,210  
Navy confirming that it was real I mean

1327  
01:02:06,350 --> 01:02:04,200  
we've never had that before well that's

1328  
01:02:08,600 --> 01:02:06,360  
another question you you you asked me

1329  
01:02:13,460 --> 01:02:08,610  
whether the technology at the heart of

1330  
01:02:16,700 --> 01:02:13,470  
the sighting was terrestrial now it

1331  
01:02:19,100 --> 01:02:16,710  
might be but that question the second

1332  
01:02:20,600 --> 01:02:19,110  
one about you know the the real bits of

1333  
01:02:23,060 --> 01:02:20,610  
kit that make up the Nimitz carrier

1334  
01:02:24,950 --> 01:02:23,070  
group yeah absolutely that's what

1335  
01:02:26,390 --> 01:02:24,960  
distinguishes the Nimitz carrier

1336  
01:02:30,319 --> 01:02:26,400  
sighting the Tic Tac

1337  
01:02:32,870 --> 01:02:30,329  
sighting is that we do have testimony

1338  
01:02:35,930 --> 01:02:32,880

from multiple witnesses we've got data

1339

01:02:39,680 --> 01:02:35,940

apparently from multiple sensors and all

1340

01:02:41,839 --> 01:02:39,690

fused together and they saw something we

1341

01:02:44,180 --> 01:02:41,849

even have the Navy and I think this is

1342

01:02:48,589 --> 01:02:44,190

the real distinguishing feature of this

1343

01:02:51,109 --> 01:02:48,599

particular sighting is that the Navy has

1344

01:02:54,829 --> 01:02:51,119

come forward to say that it was real

1345

01:02:57,440 --> 01:02:54,839

that is not happy before that really

1346

01:02:59,210 --> 01:02:57,450

pulls this one out from all the other

1347

01:03:02,299 --> 01:02:59,220

and there have been multiple sightings

1348

01:03:03,950 --> 01:03:02,309

by military pilots before and the

1349

01:03:06,470 --> 01:03:03,960

difference is is that no one's actually

1350

01:03:09,200 --> 01:03:06,480

stood up in the Air Force or the Navy or

1351  
01:03:10,579 --> 01:03:09,210  
the army or anywhere else to say yep it

1352  
01:03:13,819 --> 01:03:10,589  
really happened well in this case they

1353  
01:03:16,490 --> 01:03:13,829  
did and that's what distinguishes it but

1354  
01:03:19,970 --> 01:03:16,500  
you know that you your first question to

1355  
01:03:23,269 --> 01:03:19,980  
me was was the bit of kick you know the

1356  
01:03:26,210 --> 01:03:23,279  
tick-tack the the things that the

1357  
01:03:28,730 --> 01:03:26,220  
objects that were filmed was that a real

1358  
01:03:32,120 --> 01:03:28,740  
terrestrial bit of you know earthbound

1359  
01:03:36,170 --> 01:03:32,130  
technology well it might have been but

1360  
01:03:38,180 --> 01:03:36,180  
it's unlikely in my view given what the

1361  
01:03:41,930 --> 01:03:38,190  
pilot said that it could do which just

1362  
01:03:44,180 --> 01:03:41,940  
defies our rational explanation of

1363  
01:03:45,740 --> 01:03:44,190

physics but betters my understanding

1364

01:03:48,410 --> 01:03:45,750

that it doesn't necessarily defy the

1365

01:03:50,450 --> 01:03:48,420

laws of physics that it exploits the

1366

01:03:53,630 --> 01:03:50,460

laws of physics that it's acknowledged

1367

01:03:55,700 --> 01:03:53,640

that anti-gravity or whatever you want

1368

01:03:57,829 --> 01:03:55,710

to call it is a possibility under the

1369

01:03:59,589 --> 01:03:57,839

laws of physics it was just a real trick

1370

01:04:05,299 --> 01:03:59,599

to figure out how to do it and is that

1371

01:04:09,529 --> 01:04:05,309

am I saying that properly yeah in the

1372

01:04:11,839 --> 01:04:09,539

sense that of course you know if gravity

1373

01:04:13,700 --> 01:04:11,849

can be manipulated and there is no

1374

01:04:16,940 --> 01:04:13,710

evidence yet that it can be but if it

1375

01:04:19,549 --> 01:04:16,950

can be then that is how a craft like tic

1376

01:04:21,319 --> 01:04:19,559

tac would behave I mean we would expect

1377

01:04:26,000 --> 01:04:21,329

to see it maneuver like that if you can

1378

01:04:28,309 --> 01:04:26,010

manipulate the gravitational mass of a

1379

01:04:32,180 --> 01:04:28,319

other of an object if you can manipulate

1380

01:04:33,589 --> 01:04:32,190

the inertia of an object sure I mean it

1381

01:04:35,240 --> 01:04:33,599

would behave like that and there's a lot

1382

01:04:36,799 --> 01:04:35,250

of scientists that believe that that

1383

01:04:38,510 --> 01:04:36,809

that is possible to manipulate gravity

1384

01:04:40,130 --> 01:04:38,520

what whether it's been discovered or not

1385

01:04:42,290 --> 01:04:40,140

what that

1386

01:04:45,020 --> 01:04:42,300

yeah that is possible yeah of course

1387

01:04:47,930 --> 01:04:45,030

it's possible I mean we have to believe

1388

01:04:53,900 --> 01:04:47,940

that anything in science is possible

1389

01:04:55,850 --> 01:04:53,910

it's just that yeah it according to you

1390

01:04:58,100 --> 01:04:55,860

know according to the manifest it hasn't

1391

01:04:59,630 --> 01:04:58,110

been discovered yet okay no we got

1392

01:05:01,490 --> 01:04:59,640

limited time so let me just run to

1393

01:05:03,920 --> 01:05:01,500

leather turbo notes by you if I could

1394

01:05:05,900 --> 01:05:03,930

and then I'll I'll let you go so just to

1395

01:05:08,150 --> 01:05:05,910

read for you quickly what he says this

1396

01:05:10,790 --> 01:05:08,160

was actually in a post that he responded

1397

01:05:14,050 --> 01:05:10,800

to somebody on our YouTube he says this

1398

01:05:16,730 --> 01:05:14,060

was a United States Air Force ARL

1399

01:05:20,210 --> 01:05:16,740

operation in conjunction with DARPA

1400

01:05:21,740 --> 01:05:20,220

and NRL to test the craft commonly

1401

01:05:23,780 --> 01:05:21,750

referred to as tick tack your tick that

1402

01:05:26,000 --> 01:05:23,790

group were made at plant 42 and trucked

1403

01:05:28,730 --> 01:05:26,010

to Vandenberg and 53-foot trucks the

1404

01:05:30,470 --> 01:05:28,740

tick tack is about 46 feet long so they

1405

01:05:33,170 --> 01:05:30,480

can be trucked from Vandenberg they were

1406

01:05:36,800 --> 01:05:33,180

flown low and slow via our PA pilots out

1407

01:05:39,230 --> 01:05:36,810

past AI ADIZ I hope you know these

1408

01:05:41,390 --> 01:05:39,240

acronyms cuz I don't and dipped in just

1409

01:05:44,600 --> 01:05:41,400

below San Clemente Island below normal

1410

01:05:46,670 --> 01:05:44,610

radar from their spy 1b should have

1411

01:05:49,460 --> 01:05:46,680

acquired their tracks after that it was

1412

01:05:50,930 --> 01:05:49,470

all US Air Force testing how Nimitz CIC

1413

01:05:52,610 --> 01:05:50,940

would respond in an effort to gain

1414

01:05:54,920 --> 01:05:52,620

knowledge on how our own forces would

1415

01:05:56,420 --> 01:05:54,930

react to them the rest you know the

1416

01:05:58,580 --> 01:05:56,430

objects are certainly terrestrial and

1417

01:06:00,830 --> 01:05:58,590

are ours and obviously they have

1418

01:06:02,900 --> 01:06:00,840

advanced propulsion developed by a few

1419

01:06:08,650 --> 01:06:02,910

universities and subsequently that

1420

01:06:13,580 --> 01:06:10,760

great well if they're ours

1421

01:06:15,530 --> 01:06:13,590

I can sleep easy in my bed I am really

1422

01:06:17,690 --> 01:06:15,540

really happy that's fantastic news I'm

1423

01:06:21,290 --> 01:06:17,700

so pleased well I mean on a serious note

1424

01:06:24,890 --> 01:06:21,300

I would say if that is what he has been

1425

01:06:27,080 --> 01:06:24,900

told pro do you see evidence because I'd

1426

01:06:29,180 --> 01:06:27,090

love I would truly love to see it I'd

1427

01:06:32,450 --> 01:06:29,190

love to see I've been covering aerospace

1428

01:06:35,720 --> 01:06:32,460

all my professional life I'm fascinated

1429

01:06:37,040 --> 01:06:35,730

by aerospace I wrote the book zero point

1430

01:06:40,100 --> 01:06:37,050

because I wanted to believe that we

1431

01:06:44,120 --> 01:06:40,110

could have develops anti-gravity

1432

01:06:47,000 --> 01:06:44,130

technology but if he's found proof that

1433

01:06:50,510 --> 01:06:47,010

we have great publish it I'd love to see

1434

01:06:52,130 --> 01:06:50,520

it truly I mean it so that the the one

1435

01:06:53,900 --> 01:06:52,140

other person who has apparently seen

1436

01:06:56,210 --> 01:06:53,910

this is Kim jong-un

1437

01:06:59,660 --> 01:06:56,220

so I'm gonna give you the the last piece

1438

01:07:03,830 --> 01:06:59,670

of turbo revelations which which was

1439

01:07:08,210 --> 01:07:03,840

that Trump was briefed on this

1440

01:07:09,410 --> 01:07:08,220

technology soon before turbo learned

1441

01:07:13,970 --> 01:07:09,420

about it basically and we're talking

1442

01:07:16,760 --> 01:07:13,980

about November of 17 and Trump being

1443

01:07:18,380 --> 01:07:16,770

Trump learns about it and says well heck

1444

01:07:20,750 --> 01:07:18,390

we can't just let this technology sit

1445

01:07:23,180 --> 01:07:20,760

around we got to put this to good use

1446

01:07:25,190 --> 01:07:23,190

I'm in the middle of this hot and heavy

1447

01:07:26,930 --> 01:07:25,200

negotiation over nuclear weapons with

1448

01:07:28,610 --> 01:07:26,940

Kim jong-un trying to get him to back

1449

01:07:30,050 --> 01:07:28,620

down a nuclear weapons and let him know

1450

01:07:32,090 --> 01:07:30,060

that you know the u.s. is a force to be

1451

01:07:36,860 --> 01:07:32,100

reckoned with etc I'd like to show this

1452

01:07:41,570 --> 01:07:36,870

off to to him and ordered one flown to

1453

01:07:44,690 --> 01:07:41,580

North Korea to somehow have it displayed

1454

01:07:46,520 --> 01:07:44,700

to Kim jong-un that that part how they

1455

01:07:49,750 --> 01:07:46,530

would display it to him etc I don't know

1456

01:07:53,870 --> 01:07:49,760

but that's part of the term er

1457

01:07:58,840 --> 01:07:53,880

revelations did he say whether it was

1458

01:08:03,050 --> 01:07:58,850

flown by Elvis come on now come on now

1459

01:08:06,260 --> 01:08:03,060

so go there well I mean really seriously

1460

01:08:10,300 --> 01:08:06,270

I mean we kind of been over this Jim you

1461

01:08:17,630 --> 01:08:14,570

the problem is is is you know once

1462

01:08:20,500 --> 01:08:17,640

somebody goes down a road of saying that

1463

01:08:23,510 --> 01:08:20,510

you know this stuff is this or that

1464

01:08:25,120 --> 01:08:23,520

yeah they then you know for it to be

1465

01:08:31,220 --> 01:08:25,130

believable they have to produce evidence

1466

01:08:35,420 --> 01:08:31,230

so there is no way that anyone would

1467

01:08:38,660 --> 01:08:35,430

ever want to show an adversary real

1468

01:08:41,660 --> 01:08:38,670

potential active or not okay hold on a

1469

01:08:47,240 --> 01:08:41,670

second do I need to remind you who I

1470

01:08:52,220 --> 01:08:47,250

said ordered it Donald Trump very good I

1471

01:08:54,440 --> 01:08:52,230

meet my work here is done you you you

1472

01:08:56,270 --> 01:08:54,450

you you you get my point if anybody's

1473

01:09:01,790 --> 01:08:56,280

gonna do something unconventional it's

1474

01:09:03,110 --> 01:09:01,800

it's this president well yeah I'm sorry

1475

01:09:07,200 --> 01:09:03,120

I don't even know where to go with that

1476

01:09:08,729 --> 01:09:07,210

yeah there we go anyway I wa

1477

01:09:10,140 --> 01:09:08,739

I wanted to throw it all at you just so

1478

01:09:12,420 --> 01:09:10,150

you knew the full extent of what it is I

1479

01:09:14,459 --> 01:09:12,430

mean look obviously well let's see for

1480

01:09:16,470 --> 01:09:14,469

that thank you yeah I mean obviously the

1481

01:09:19,829 --> 01:09:16,480

last two bits about turbo having flown

1482

01:09:21,749 --> 01:09:19,839

in one and the Trump story makes you

1483

01:09:25,650 --> 01:09:21,759

know makes his story even more difficult

1484

01:09:29,999 --> 01:09:25,660

to believe so you know why he would toss

1485

01:09:31,650 --> 01:09:30,009

those things into it you know I don't

1486

01:09:33,660 --> 01:09:31,660

know he actually you know told me later

1487

01:09:35,459 --> 01:09:33,670

said well Jim you know I really didn't

1488

01:09:36,809 --> 01:09:35,469

want you to report that I was hinting

1489

01:09:39,300 --> 01:09:36,819

about having flown in one because I

1490

01:09:41,160 --> 01:09:39,310

don't want that to detract from the main

1491

01:09:44,340 --> 01:09:41,170

story the main story being that these

1492

01:09:47,039 --> 01:09:44,350

are absolutely hours and he's indicating

1493

01:09:49,229 --> 01:09:47,049

that you know he wants he thinks it's

1494

01:09:50,760 --> 01:09:49,239

not right that the pilots who are still

1495

01:09:53,670 --> 01:09:50,770

struggling with this experience that

1496

01:09:55,080 --> 01:09:53,680

they had you know they haven't been

1497

01:09:56,580 --> 01:09:55,090

clued in to what this is so the

1498

01:09:58,290 --> 01:09:56,590

commander's new yet the pilots

1499

01:09:59,820 --> 01:09:58,300

themselves still today one was just

1500

01:10:01,620 --> 01:09:59,830

interviewed for two hours by Joe Rogan

1501

01:10:05,040 --> 01:10:01,630

still doesn't know what this was and he

1502

01:10:06,600 --> 01:10:05,050

didn't and he's disseminating the

1503

01:10:08,370 --> 01:10:06,610

information in part for that reason but

1504

01:10:10,140 --> 01:10:08,380

in part because he's saying hey this is

1505

01:10:13,410 --> 01:10:10,150

gonna be a slow leak of information out

1506

01:10:17,190 --> 01:10:13,420

because the news of these is we're gonna

1507

01:10:20,130 --> 01:10:17,200

start learning about more and more well

1508

01:10:23,520 --> 01:10:20,140

for my money you know we need to focus

1509

01:10:26,520 --> 01:10:23,530

on the tic-tac sighting for now you know

1510

01:10:29,160 --> 01:10:26,530

this has only come out really properly

1511

01:10:33,479 --> 01:10:29,170

in the last year I mean not even quite a

1512

01:10:38,070 --> 01:10:33,489

year yet and there is so much to study

1513

01:10:39,990 --> 01:10:38,080

on that alone you know that the Navy

1514

01:10:42,690 --> 01:10:40,000

sighting as I said the data that

1515

01:10:46,530 --> 01:10:42,700

surrounds that has a high degree of

1516

01:10:49,020 --> 01:10:46,540

verisimilitude about it for me and makes

1517

01:10:51,240 --> 01:10:49,030

it worthy of study the stuff around the

1518

01:10:55,020 --> 01:10:51,250

periphery of that for me is just smoke

1519

01:10:57,450 --> 01:10:55,030

and mirrors and it detracts from the

1520

01:11:02,430 --> 01:10:57,460

real value of of what we have which is

1521

01:11:05,340 --> 01:11:02,440

we have a branch of the US Armed

1522

01:11:08,450 --> 01:11:05,350

Services the US Navy saying that a

1523

01:11:12,330 --> 01:11:08,460

phenomenon that it's pilots and its

1524

01:11:14,459 --> 01:11:12,340

carrier groups encountered on both sea

1525

01:11:19,110 --> 01:11:14,469

boards of the United States over the

1526

01:11:20,910 --> 01:11:19,120

past 15 years turned out to be real we

1527

01:11:23,459 --> 01:11:20,920

should take that seriously that's a May

1528

01:11:26,729 --> 01:11:23,469

to breakthrough it says that you know

1529

01:11:29,550 --> 01:11:26,739

all the speculations surrounding what

1530

01:11:33,000 --> 01:11:29,560

the military believes about UFOs now has

1531

01:11:35,520 --> 01:11:33,010

something that you can push against you

1532

01:11:38,040 --> 01:11:35,530

know it kick the tires of it's real but

1533

01:11:40,890 --> 01:11:38,050

we don't understand what it is you know

1534

01:11:43,050 --> 01:11:40,900

now let's pick it apart and really try

1535

01:11:45,240 --> 01:11:43,060

and understand what it is so you know

1536

01:11:46,740 --> 01:11:45,250

that's that's where I go I don't head

1537

01:11:48,840 --> 01:11:46,750

off into those deeper realms of

1538

01:11:50,390 --> 01:11:48,850

speculation and also disinformation is a

1539

01:11:52,020 --> 01:11:50,400

real thing - right I mean theoretically

1540

01:11:55,350 --> 01:11:52,030

turbo could be some type of

1541

01:11:56,070 --> 01:11:55,360

disinformation agent bingo I mean it

1542

01:11:58,919 --> 01:11:56,080

could be

1543

01:12:01,080 --> 01:11:58,929

I'm not leveling this this at him

1544

01:12:03,650 --> 01:12:01,090

specifically but as I said it is part of

1545

01:12:06,540 --> 01:12:03,660

the military's mandate to dis inform and

1546

01:12:09,479 --> 01:12:06,550

there's lots to dis inform about and

1547

01:12:13,620 --> 01:12:09,489

lots to dis inform - I mean in the end

1548

01:12:15,930 --> 01:12:13,630

it's not we aren't the the sort of the

1549

01:12:18,990 --> 01:12:15,940

end game of the disinformation loop here

1550

01:12:20,939 --> 01:12:19,000

it you want would want to dis inform

1551

01:12:24,780 --> 01:12:20,949

your adversaries and if your adversaries

1552

01:12:26,970 --> 01:12:24,790

are in a nutshell Russia and China you

1553

01:12:29,610 --> 01:12:26,980

would hope that somehow or other this is

1554

01:12:32,100 --> 01:12:29,620

going to have some impact on them so you

1555

01:12:35,490 --> 01:12:32,110

know we become the the medium the

1556

01:12:36,120 --> 01:12:35,500

conduit the channel through which and by

1557

01:12:39,540 --> 01:12:36,130

whom

1558

01:12:42,180 --> 01:12:39,550

this stuff is disseminated to the people

1559

01:12:45,290 --> 01:12:42,190

you want to get this bad information -

1560

01:12:49,250 --> 01:12:45,300

and maybe you hope that they in some way

1561

01:12:51,780 --> 01:12:49,260

get manipulated by it they waste

1562

01:12:54,150 --> 01:12:51,790

billions of dollars or rubles or

1563

01:12:56,760 --> 01:12:54,160

whatever it is developing stuff that

1564

01:12:59,370 --> 01:12:56,770

perhaps is irrelevant or you know you

1565

01:13:03,330 --> 01:12:59,380

know what I mean it it has a purpose

1566

01:13:06,840 --> 01:13:03,340

but its purpose is often very hard to
