

# HIDDEN TRUTH SHOW WITH JIM BRESLO

# ROBERT MUISE

1  
00:00:05,749 --> 00:00:04,610  
by a more general discussion I want to

2  
00:00:08,900 --> 00:00:05,759  
get your thoughts about the stay at home

3  
00:00:13,700 --> 00:00:08,910  
orders in general because the attorney

4  
00:00:17,179 --> 00:00:13,710  
that we had on mark Muser it was his

5  
00:00:19,040 --> 00:00:17,189  
view you know California has in the

6  
00:00:21,399 --> 00:00:19,050  
California Constitution of clause

7  
00:00:23,809 --> 00:00:21,409  
specifically about individual liberty

8  
00:00:27,859 --> 00:00:23,819  
there's all kinds of provisions in the

9  
00:00:30,469 --> 00:00:27,869  
in the in the Bill of Rights that apply

10  
00:00:33,049 --> 00:00:30,479  
to various types of liberties but he was

11  
00:00:36,620 --> 00:00:33,059  
just really challenging a stay at home

12  
00:00:38,600 --> 00:00:36,630  
order altogether that requiring everyone

13  
00:00:40,430 --> 00:00:38,610

to stay at home and restricting their

14

00:00:43,550 --> 00:00:40,440

liberty there is a constitutional right

15

00:00:46,040 --> 00:00:43,560

to Liberty and he was citing cases

16

00:00:49,370 --> 00:00:46,050

during other pandemics where the

17

00:00:51,890 --> 00:00:49,380

question was somebody was quarantined to

18

00:00:53,930 --> 00:00:51,900

their home and because they supposedly

19

00:00:55,310 --> 00:00:53,940

had the virus and the person said hey I

20

00:00:57,770 --> 00:00:55,320

don't have the virus you can't

21

00:00:59,450 --> 00:00:57,780

quarantine me you've got no probable

22

00:01:01,280 --> 00:00:59,460

cause or reasonable cause to believe

23

00:01:03,200 --> 00:01:01,290

that I've got the virus and it was an

24

00:01:07,249 --> 00:01:03,210

individual challenging their individual

25

00:01:09,440 --> 00:01:07,259

quarantine and so it was his view that

26  
00:01:12,050 --> 00:01:09,450  
you know but there's no precedent for

27  
00:01:13,669 --> 00:01:12,060  
saying that everyone must stay at home

28  
00:01:16,489 --> 00:01:13,679  
regardless of what you whether you have

29  
00:01:17,899 --> 00:01:16,499  
the virus or not that to say that

30  
00:01:20,539 --> 00:01:17,909  
implies to the entire state of

31  
00:01:23,590 --> 00:01:20,549  
California regardless of your age or

32  
00:01:26,209 --> 00:01:23,600  
risk factors your health condition

33  
00:01:31,099 --> 00:01:26,219  
whether you live in a mountain village

34  
00:01:33,199 --> 00:01:31,109  
or in downtown Los Angeles that everyone

35  
00:01:34,910 --> 00:01:33,209  
must stay at home even healthy people

36  
00:01:37,219 --> 00:01:34,920  
it was his view that that is an

37  
00:01:39,889 --> 00:01:37,229  
unconstitutional infringement on Liberty

38  
00:01:42,919 --> 00:01:39,899

do you have thoughts about that I do it

39

00:01:44,690 --> 00:01:42,929

was saying I saw it somebody had made a

40

00:01:47,599 --> 00:01:44,700

post along the lines that you know a

41

00:01:49,730 --> 00:01:47,609

quarantine is when you restrict the

42

00:01:51,830 --> 00:01:49,740

liberty of somebody who has a contagious

43

00:01:54,169 --> 00:01:51,840

disease tyranny is when you strike the

44

00:01:57,109 --> 00:01:54,179

liberty of people who are healthy you

45

00:01:58,879 --> 00:01:57,119

know it's it's very it's interesting and

46

00:02:00,050 --> 00:01:58,889

one of the main reasons just by way back

47

00:02:01,999 --> 00:02:00,060

on that I've been bringing these

48

00:02:04,160 --> 00:02:02,009

lawsuits is I feel that this is going to

49

00:02:05,599 --> 00:02:04,170

become the new norm right is this

50

00:02:07,789 --> 00:02:05,609

pandemic certainly is something unique

51  
00:02:09,410 --> 00:02:07,799  
but it's not unique to have these you

52  
00:02:12,770 --> 00:02:09,420  
know these flu seasons that some can be

53  
00:02:14,630 --> 00:02:12,780  
if I worse and others where we're going

54  
00:02:15,770 --> 00:02:14,640  
to run up against you know the the

55  
00:02:17,480 --> 00:02:15,780  
challenges

56  
00:02:19,340 --> 00:02:17,490  
there are some Prudential parts here I

57  
00:02:21,949 --> 00:02:19,350  
think you're gonna have to get a judge

58  
00:02:24,650 --> 00:02:21,959  
number one who's going to be willing

59  
00:02:26,930 --> 00:02:24,660  
enough to say okay I'm gonna you know

60  
00:02:29,960 --> 00:02:26,940  
I'm going to strike down this executive

61  
00:02:32,660 --> 00:02:29,970  
order and is this gonna cause you know

62  
00:02:34,760 --> 00:02:32,670  
additional harm regardless of whether or

63  
00:02:37,040 --> 00:02:34,770

not it's constitutional you know a good

64

00:02:39,020 --> 00:02:37,050

friend of mine Andy McCarthy who writes

65

00:02:41,150 --> 00:02:39,030

for National Review and you see him on

66

00:02:42,710 --> 00:02:41,160

Fox and so forth he was a lifelong

67

00:02:44,660 --> 00:02:42,720

prosecutor and he wrote a real

68

00:02:46,940 --> 00:02:44,670

interesting piece when he was looking at

69

00:02:49,520 --> 00:02:46,950

over history and the more that there

70

00:02:53,030 --> 00:02:49,530

that there's a panic in the public

71

00:02:55,759 --> 00:02:53,040

there's there's a a more willingness of

72

00:02:57,710 --> 00:02:55,769

the courts to uphold restrictions on

73

00:03:00,380 --> 00:02:57,720

Liberty during that time whereas as

74

00:03:02,509 --> 00:03:00,390

things tend to wane you there's there

75

00:03:04,370 --> 00:03:02,519

tends to be more of a willingness of the

76

00:03:06,590 --> 00:03:04,380

courts to want to want to step in I

77

00:03:09,229 --> 00:03:06,600

personally feel like we've reached that

78

00:03:12,830 --> 00:03:09,239

point where the initial panic is kind of

79

00:03:14,330 --> 00:03:12,840

subsided I think I think Americans you

80

00:03:16,040 --> 00:03:14,340

know we're good neighbors by our nature

81

00:03:18,680 --> 00:03:16,050

we're always willing to help out our

82

00:03:20,780 --> 00:03:18,690

fellow man our neighbor whether you know

83

00:03:22,039 --> 00:03:20,790

we heard stories of thousands of health

84

00:03:24,020 --> 00:03:22,049

care workers you know essentially

85

00:03:26,150 --> 00:03:24,030

running to the sound of the guns in New

86

00:03:29,900 --> 00:03:26,160

York to help out there without pay and

87

00:03:32,900 --> 00:03:29,910

and being subject to getting the virus

88

00:03:35,420 --> 00:03:32,910

and but we're also the same people who

89

00:03:37,430 --> 00:03:35,430

you know who threw tea in the Boston

90

00:03:42,170 --> 00:03:37,440

Harbor right so there's there's this

91

00:03:43,729 --> 00:03:42,180

this conflict as it were between okay

92

00:03:45,680 --> 00:03:43,739

we're willing to be we're willing to

93

00:03:47,750 --> 00:03:45,690

help out and to promote the public

94

00:03:49,789 --> 00:03:47,760

interest and the public good but when

95

00:03:53,300 --> 00:03:49,799

when the restrictions that impose on us

96

00:03:55,340 --> 00:03:53,310

not to feel tyrannical I think you're

97

00:03:57,140 --> 00:03:55,350

gonna start to see a shift in the in the

98

00:04:00,289 --> 00:03:57,150

public and we saw that just last week in

99

00:04:02,660 --> 00:04:00,299

Michigan with the large rally in Lansing

100

00:04:04,880 --> 00:04:02,670

and so I think in many respects the

101  
00:04:07,099 --> 00:04:04,890  
courts kind of take that temperature as

102  
00:04:09,440 --> 00:04:07,109  
well and I think we're gonna find that

103  
00:04:10,880 --> 00:04:09,450  
early on there might be less willingness

104  
00:04:13,099 --> 00:04:10,890  
to strike down these things later on

105  
00:04:14,599 --> 00:04:13,109  
there's as we're moving on and seeing

106  
00:04:16,370 --> 00:04:14,609  
what the data is and so forth there may

107  
00:04:19,009 --> 00:04:16,380  
be a stronger willingness to do that

108  
00:04:20,090 --> 00:04:19,019  
well there's several cases and and just

109  
00:04:21,700 --> 00:04:20,100  
kind of getting little bit more to the

110  
00:04:23,570 --> 00:04:21,710  
point one of the seminal cases was a

111  
00:04:26,540 --> 00:04:23,580  
decided by the Supreme Court the

112  
00:04:28,550 --> 00:04:26,550  
Jacobson case in 1905 where there was an

113  
00:04:29,150 --> 00:04:28,560

outbreak of smallpox and in Cambridge

114

00:04:31,160 --> 00:04:29,160

Massachusetts

115

00:04:33,020 --> 00:04:31,170

there was a state law that was being

116

00:04:36,110 --> 00:04:33,030

enforced by the city that people

117

00:04:37,460 --> 00:04:36,120

required to get vaccinations and the

118

00:04:39,320 --> 00:04:37,470

there was individuals who would

119

00:04:41,150 --> 00:04:39,330

challenge that that it wants to you know

120

00:04:42,530 --> 00:04:41,160

the government to you know infringe upon

121

00:04:45,740 --> 00:04:42,540

their liberty in that way to actually

122

00:04:49,280 --> 00:04:45,750

have to take medication by by order and

123

00:04:52,610 --> 00:04:49,290

the Supreme Court upheld that so they're

124

00:04:54,530 --> 00:04:52,620

the courts give far greater deference to

125

00:04:56,960 --> 00:04:54,540

the executive during these during these

126

00:04:59,750 --> 00:04:56,970

times of pandemic and crisis and so

127

00:05:01,700 --> 00:04:59,760

forth but in that same case that the

128

00:05:04,940 --> 00:05:01,710

court also made clear that if there

129

00:05:08,570 --> 00:05:04,950

isn't a real or substantial relation of

130

00:05:10,520 --> 00:05:08,580

the restriction to the actual satisfying

131

00:05:14,210 --> 00:05:10,530

the government objective or if it is

132

00:05:16,040 --> 00:05:14,220

plainly a direct impalpable violation of

133

00:05:18,020 --> 00:05:16,050

fundamental law fundamental liberties

134

00:05:19,670 --> 00:05:18,030

then it's the courts obligation to step

135

00:05:21,770 --> 00:05:19,680

in and to say so

136

00:05:24,830 --> 00:05:21,780

so getting support I think these these

137

00:05:27,080 --> 00:05:24,840

overall restrictions on Liberty I think

138

00:05:28,840 --> 00:05:27,090

do go overboard and and when you look at

139

00:05:31,700 --> 00:05:28,850

the specifics like here in Michigan and

140

00:05:33,200 --> 00:05:31,710

and this is really our our we have to

141

00:05:35,530 --> 00:05:33,210

loss we had two lawsuits one we've

142

00:05:37,580 --> 00:05:35,540

already resolved favorably with a

143

00:05:38,600 --> 00:05:37,590

stipulated order from the court the

144

00:05:40,790 --> 00:05:38,610

governor had to back down and

145

00:05:41,420 --> 00:05:40,800

acknowledge that my clients had a First

146

00:05:43,640 --> 00:05:41,430

Amendment right

147

00:05:46,100 --> 00:05:43,650

we had a pro-lifer on a public sidewalk

148

00:05:47,740 --> 00:05:46,110

outside of an abortion center holding a

149

00:05:50,270 --> 00:05:47,750

pro-life sign and preaching one of them

150

00:05:51,830 --> 00:05:50,280

15 city of Detroit police officers and

151

00:05:53,060 --> 00:05:51,840

eight cruisers showed up for this one

152

00:05:55,220 --> 00:05:53,070

pro-life from the public sidewalk

153

00:05:56,690 --> 00:05:55,230

meanwhile the executive order and he was

154

00:05:59,060 --> 00:05:56,700

cited he was given a criminal citation

155

00:06:01,850 --> 00:05:59,070

that's the thing to remember these are

156

00:06:03,590 --> 00:06:01,860

not suggestions by our chief executives

157

00:06:05,630 --> 00:06:03,600

and certainly here in Michigan if you

158

00:06:08,030 --> 00:06:05,640

violate this order it comes with

159

00:06:09,980 --> 00:06:08,040

criminal sanctions you are it is now a

160

00:06:12,320 --> 00:06:09,990

misdemeanor which is punishable by fines

161

00:06:13,430 --> 00:06:12,330

and imprisonment so we got to bear that

162

00:06:15,440 --> 00:06:13,440

in mind that these that these are

163

00:06:18,590 --> 00:06:15,450

criminal laws that than now imposing

164

00:06:20,840 --> 00:06:18,600

upon us you've received a citation for a

165

00:06:23,360 --> 00:06:20,850

misdemeanor violation yet under the

166

00:06:25,550 --> 00:06:23,370

executive order the governor allows

167

00:06:27,290 --> 00:06:25,560

expressly allows people to jog on

168

00:06:30,650 --> 00:06:27,300

sidewalks write bicycles on sidewalks

169

00:06:33,050 --> 00:06:30,660

walk their dog on a sidewalk if you're

170

00:06:35,000 --> 00:06:33,060

gonna allow those types of exceptions

171

00:06:37,100 --> 00:06:35,010

but then you're gonna violate what is a

172

00:06:38,630 --> 00:06:37,110

fundamental liberty interest that's a

173

00:06:39,770 --> 00:06:38,640

problem and the court should step in and

174

00:06:42,770 --> 00:06:39,780

say so

175

00:06:43,100 --> 00:06:42,780

so there's there's it's really it's a

176

00:06:44,900 --> 00:06:43,110

different

177

00:06:46,640 --> 00:06:44,910

question whether broadly these day at

178

00:06:48,230 --> 00:06:46,650

home orders are unconstitutional

179

00:06:50,630 --> 00:06:48,240

you know I'm likely there's going to be

180

00:06:51,890 --> 00:06:50,640

challenges coming out there my lawsuits

181

00:06:53,750 --> 00:06:51,900

are more specific dealing with the

182

00:06:55,190 --> 00:06:53,760

specific clients and the real

183

00:06:57,020 --> 00:06:55,200

irrationality of some of the

184

00:06:59,120 --> 00:06:57,030

restrictions but there is a there is

185

00:07:01,730 --> 00:06:59,130

case law that grants you know far

186

00:07:04,010 --> 00:07:01,740

greater deference to the executive under

187

00:07:05,600 --> 00:07:04,020

these particular times and again a lot

188

00:07:07,310 --> 00:07:05,610

of it is you know people always say

189

00:07:09,680 --> 00:07:07,320

justice is blind it's not we all know

190

00:07:12,170 --> 00:07:09,690

right if you watch any Supreme Court

191

00:07:14,330 --> 00:07:12,180

justice confirmation hearing is that

192

00:07:16,490 --> 00:07:14,340

about you know the law and being blind

193

00:07:18,200 --> 00:07:16,500

to justice or is about politics so it's

194

00:07:19,780 --> 00:07:18,210

very much in in that in the courts I'm

195

00:07:22,430 --> 00:07:19,790

not immune from what the public

196

00:07:24,650 --> 00:07:22,440

consensus is out there and so I think

197

00:07:27,050 --> 00:07:24,660

more as more things shift and we start

198

00:07:28,820 --> 00:07:27,060

to see that maybe this virus isn't as

199

00:07:30,530 --> 00:07:28,830

bad as we thought maybe there's a lot

200

00:07:32,420 --> 00:07:30,540

more people who've had it and have yet

201

00:07:33,830 --> 00:07:32,430

get over it I think you're gonna start

202

00:07:36,080 --> 00:07:33,840

seeing people who are gonna say you know

203

00:07:38,270 --> 00:07:36,090

this this quarantine is starting to feel

204

00:07:39,860 --> 00:07:38,280

like tyranny and and they're willing to

205

00:07:41,420 --> 00:07:39,870

stand up and fight it and speak out

206

00:07:43,280 --> 00:07:41,430

against it and I think likewise the

207

00:07:45,890 --> 00:07:43,290

courts are gonna be more willing to step

208

00:07:49,160 --> 00:07:45,900

in and say yeah this is a this goes too

209

00:07:51,590 --> 00:07:49,170

far let's talk about that Jacobsen case

210

00:07:53,840 --> 00:07:51,600

since that seems to be the key precedent

211

00:07:55,130 --> 00:07:53,850

for what's going on today first of all

212

00:07:58,310 --> 00:07:55,140

it's a case that's over a hundred years

213

00:08:02,780 --> 00:07:58,320

old I don't know what the makeup of the

214

00:08:06,080 --> 00:08:02,790

court was at that time but - and we'll

215

00:08:08,210 --> 00:08:06,090

get into that just in a minute but it is

216

00:08:12,110 --> 00:08:08,220

a situation where it was a vaccine

217

00:08:15,370 --> 00:08:12,120

required for all to reduce the

218

00:08:20,330 --> 00:08:15,380

likelihood of the spread of a disease

219

00:08:22,880 --> 00:08:20,340

right so and the court upheld that so I

220

00:08:26,420 --> 00:08:22,890

guess that tends to tell you that yes

221

00:08:29,860 --> 00:08:26,430

perhaps a governor today can order

222

00:08:33,080 --> 00:08:29,870

something that applies to everyone

223

00:08:34,610 --> 00:08:33,090

regardless of risk factor because of the

224

00:08:35,870 --> 00:08:34,620

risk of this pandemic I mean is that

225

00:08:37,700 --> 00:08:35,880

what they're gonna hang their hat on

226

00:08:40,010 --> 00:08:37,710

they're gonna say that vaccinating

227

00:08:43,219 --> 00:08:40,020

someone is the equivalent of ordering

228

00:08:46,130 --> 00:08:43,229

someone to not leave their home well I

229

00:08:47,510 --> 00:08:46,140

think in in the case of Jacobson right

230

00:08:49,190 --> 00:08:47,520

because the court made the point that it

231

00:08:51,680 --> 00:08:49,200

has to be you know have a direct and

232

00:08:53,330 --> 00:08:51,690

substantial relation to to the problem

233

00:08:56,140 --> 00:08:53,340

and certainly there it was a vaccine

234

00:08:58,150 --> 00:08:56,150

that was directed exactly to the

235

00:08:59,680 --> 00:08:58,160

you know the smallpox itself so the

236

00:09:01,810 --> 00:08:59,690

further you get away from its direct

237

00:09:03,940 --> 00:09:01,820

relation like again that using the

238

00:09:05,740 --> 00:09:03,950

example here in Michigan the the

239

00:09:08,440 --> 00:09:05,750

Michigan governor is prohibiting

240

00:09:10,690 --> 00:09:08,450

individuals who own property up north to

241

00:09:12,430 --> 00:09:10,700

travel to their their own homes their

242

00:09:14,320 --> 00:09:12,440

own residences up north to move from

243

00:09:15,730 --> 00:09:14,330

literally from populated areas where

244

00:09:17,590 --> 00:09:15,740

there might be a greater chance or risk

245

00:09:20,290 --> 00:09:17,600

of them catching the virus to a more

246

00:09:23,020 --> 00:09:20,300

secluded you know their their hunting

247

00:09:23,620 --> 00:09:23,030

camps or lake camps up in northern

248

00:09:25,930 --> 00:09:23,630

Michigan

249

00:09:27,670 --> 00:09:25,940

but and I'm representing two clients

250

00:09:29,950 --> 00:09:27,680

that was sued challenging this provision

251  
00:09:32,110 --> 00:09:29,960  
they one for example lives in Saginaw in

252  
00:09:33,730 --> 00:09:32,120  
their their cottages in shall avoid

253  
00:09:35,350 --> 00:09:33,740  
County which is further up north on the

254  
00:09:38,080 --> 00:09:35,360  
state of Michigan under the executive

255  
00:09:39,670 --> 00:09:38,090  
order you could still dry from you know

256  
00:09:40,900 --> 00:09:39,680  
from Saginaw to shall avoid Connie and

257  
00:09:42,370 --> 00:09:40,910  
go to convenience store and buy a lotto

258  
00:09:43,870 --> 00:09:42,380  
ticket they haven't shut down the lotto

259  
00:09:45,640 --> 00:09:43,880  
I mean that's bringing money into the

260  
00:09:47,020 --> 00:09:45,650  
into the coffers you could drive to a

261  
00:09:49,270 --> 00:09:47,030  
pet store up there and literally buy you

262  
00:09:51,130 --> 00:09:49,280  
know food for a goldfish you could drive

263  
00:09:54,040 --> 00:09:51,140

up there and get gasoline but you can't

264

00:09:55,750 --> 00:09:54,050

drive up there and and go to your own

265

00:09:57,190 --> 00:09:55,760

property you could only drive up there

266

00:09:58,210 --> 00:09:57,200

and jog on the sidewalk around your

267

00:09:59,880 --> 00:09:58,220

house but as soon as you walked into

268

00:10:03,160 --> 00:09:59,890

your house it's a criminal misdemeanor

269

00:10:06,460 --> 00:10:03,170

so that's where I know with these these

270

00:10:09,910 --> 00:10:06,470

rules have to be have to be directed to

271

00:10:11,740 --> 00:10:09,920

the actual harm and and not not provide

272

00:10:13,780 --> 00:10:11,750

all these exemptions cuz he's exempt

273

00:10:15,640 --> 00:10:13,790

shion's undermine the very rationale to

274

00:10:16,960 --> 00:10:15,650

begin with and their objective and when

275

00:10:19,090 --> 00:10:16,970

you're doing so in a way that restricts

276  
00:10:20,920 --> 00:10:19,100  
liberty for example you know under the

277  
00:10:23,110 --> 00:10:20,930  
executive order in Michigan she

278  
00:10:25,450 --> 00:10:23,120  
specifically and purposely did not adopt

279  
00:10:27,010 --> 00:10:25,460  
the critical infrastructure guidance the

280  
00:10:29,380 --> 00:10:27,020  
latest one by the federal government of

281  
00:10:31,660 --> 00:10:29,390  
March 28th and and made it very plain

282  
00:10:33,790 --> 00:10:31,670  
and explicit and kept the march 19th

283  
00:10:35,560 --> 00:10:33,800  
guidance March 28th guidance made it

284  
00:10:36,880 --> 00:10:35,570  
clear that gun shops gun ranges and the

285  
00:10:38,140 --> 00:10:36,890  
likes are critical infrastructure

286  
00:10:39,640 --> 00:10:38,150  
they're part of your second Amendment

287  
00:10:41,890 --> 00:10:39,650  
right to defend yourself she

288  
00:10:43,750 --> 00:10:41,900

specifically specifically included them

289

00:10:46,240 --> 00:10:43,760

as essential businesses in the state of

290

00:10:48,670 --> 00:10:46,250

Michigan so again I could drive out

291

00:10:50,680 --> 00:10:48,680

tomorrow to a pet store and get food for

292

00:10:52,600 --> 00:10:50,690

a goldfish but I can't drive to a

293

00:10:54,010 --> 00:10:52,610

firearm store and buy ammunition or

294

00:10:56,080 --> 00:10:54,020

firearms that's my second Amendment

295

00:10:57,820 --> 00:10:56,090

right so when you when you look at

296

00:11:00,070 --> 00:10:57,830

Jacobson these things I think going to

297

00:11:01,540 --> 00:11:00,080

be very spec you know facts specific you

298

00:11:03,430 --> 00:11:01,550

look up Jacobson you can say all right

299

00:11:05,500 --> 00:11:03,440

this is there was a direct and

300

00:11:08,260 --> 00:11:05,510

substantial relationship to getting a

301

00:11:09,940 --> 00:11:08,270

vaccine to the virus that it was in fact

302

00:11:12,250 --> 00:11:09,950

causing the death and the

303

00:11:13,450 --> 00:11:12,260

in the the pandemic at that time whereas

304

00:11:16,150 --> 00:11:13,460

you look at these restriction here in

305

00:11:19,090 --> 00:11:16,160

Michigan for example you gotta say okay

306

00:11:20,530 --> 00:11:19,100

why why is the lotto still open why why

307

00:11:21,460 --> 00:11:20,540

is the marijuana business is still open

308

00:11:22,810 --> 00:11:21,470

I mean she's got the marijuana

309

00:11:24,640 --> 00:11:22,820

businesses still let me go buy marijuana

310

00:11:26,500 --> 00:11:24,650

you can go buy liquor but you can't buy

311

00:11:28,060 --> 00:11:26,510

a firearm I could drive to shall avoid

312

00:11:30,520 --> 00:11:28,070

and do all sorts of things but I can't

313

00:11:32,650 --> 00:11:30,530

go to my own home so I could in court

314

00:11:34,450 --> 00:11:32,660

frankly if you had a home for and you

315

00:11:36,610 --> 00:11:34,460

lived in Chicago and you had a summer

316

00:11:38,380 --> 00:11:36,620

cottage up in northern Michigan you

317

00:11:40,120 --> 00:11:38,390

could drive from Chicago and go to

318

00:11:42,520 --> 00:11:40,130

northern Michigan but if I live in the

319

00:11:44,320 --> 00:11:42,530

state I can't go to my property there's
