

# HIDDEN TRUTH SHOW WITH JIM BRESLO

# P.W. SINGER

1  
00:00:09,190 --> 00:00:06,470  
considering your

2  
00:00:10,870 --> 00:00:09,200  
experience with military and modern

3  
00:00:11,830 --> 00:00:10,880  
military the question that a lot of

4  
00:00:13,110 --> 00:00:11,840  
people have in their mind when it comes

5  
00:00:15,030 --> 00:00:13,120  
to this coronavirus is

6  
00:00:17,510 --> 00:00:15,040  
is it potentially a bio weapon so do you

7  
00:00:19,029 --> 00:00:17,520  
have any thoughts on that

8  
00:00:21,349 --> 00:00:19,039  
the data that's been out there in the

9  
00:00:25,429 --> 00:00:21,359  
public so far indicates that um

10  
00:00:28,470 --> 00:00:25,439  
it's not i've seen no hard data

11  
00:00:29,109 --> 00:00:28,480  
to market as a bio weapon obviously

12  
00:00:32,389 --> 00:00:29,119  
there's been

13  
00:00:35,430 --> 00:00:32,399

a massive amount of not just

14

00:00:37,510 --> 00:00:35,440

you know speculation but

15

00:00:39,510 --> 00:00:37,520

a lot of conspiracy theory and pointing

16

00:00:41,590 --> 00:00:39,520

fingers here that and there but

17

00:00:43,110 --> 00:00:41,600

i've seen no hard data on it and i've

18

00:00:46,150 --> 00:00:43,120

certainly not seen

19

00:00:49,110 --> 00:00:46,160

um uh any kind of reporting that would

20

00:00:51,670 --> 00:00:49,120

lead to that conclusion and what can you

21

00:00:53,029 --> 00:00:51,680

say about bioweapons generally today is

22

00:00:55,350 --> 00:00:53,039

this something that

23

00:00:56,310 --> 00:00:55,360

all countries or the major military

24

00:00:59,510 --> 00:00:56,320

powers

25

00:01:01,990 --> 00:00:59,520

experiment with so

26  
00:01:03,029 --> 00:01:02,000  
that type of research is um supposed to

27  
00:01:06,230 --> 00:01:03,039  
be banned

28  
00:01:09,670 --> 00:01:06,240  
uh now the challenge is not everyone

29  
00:01:10,550 --> 00:01:09,680  
um follows it uh and that's been one of

30  
00:01:13,910 --> 00:01:10,560  
the concerns

31  
00:01:14,789 --> 00:01:13,920  
um when you think about uh rogue actors

32  
00:01:18,070 --> 00:01:14,799  
out there

33  
00:01:19,990 --> 00:01:18,080  
um but at least it appears in this case

34  
00:01:22,390 --> 00:01:20,000  
and in particular when you talk about

35  
00:01:25,670 --> 00:01:22,400  
the disease itself and its lethality

36  
00:01:28,789 --> 00:01:25,680  
um you know it's caught between uh

37  
00:01:29,429 --> 00:01:28,799  
being something that is incredibly

38  
00:01:31,510 --> 00:01:29,439

lethal

39

00:01:32,469 --> 00:01:31,520

to every person that gets it which is

40

00:01:35,830 --> 00:01:32,479

more typical

41

00:01:37,109 --> 00:01:35,840

of a bio weapon versus something like

42

00:01:40,469 --> 00:01:37,119

the common cold

43

00:01:41,830 --> 00:01:40,479

that is typically not lethal to the host

44

00:01:43,510 --> 00:01:41,840

what's been so challenging about

45

00:01:47,990 --> 00:01:43,520

coronavirus is that it

46

00:01:50,550 --> 00:01:48,000

uh spreads like cold light common flu

47

00:01:52,550 --> 00:01:50,560

but it has a higher lethality rate

48

00:01:54,069 --> 00:01:52,560

particularly among the elderly which is

49

00:01:55,270 --> 00:01:54,079

again not one of the things that you

50

00:01:58,389 --> 00:01:55,280

would normally design

51

00:02:00,870 --> 00:01:58,399

into a bio weapon um so

52

00:02:01,510 --> 00:02:00,880

in terms of that to the the outbreak

53

00:02:04,069 --> 00:02:01,520

pattern

54

00:02:04,709 --> 00:02:04,079

it doesn't again i've seen no hard data

55

00:02:06,230 --> 00:02:04,719

on it so

56

00:02:07,749 --> 00:02:06,240

i certainly wouldn't want to put that

57

00:02:10,469 --> 00:02:07,759

forward are there

58

00:02:11,670 --> 00:02:10,479

nations that have in the past worked on

59

00:02:14,790 --> 00:02:11,680

bioweapons

60

00:02:17,190 --> 00:02:14,800

absolutely including the united states

61

00:02:18,869 --> 00:02:17,200

but this is an area of research that is

62

00:02:20,390 --> 00:02:18,879

not supposed to be going on

63

00:02:22,070 --> 00:02:20,400

i think one of the concerns that people

64

00:02:25,750 --> 00:02:22,080

have had is

65

00:02:29,030 --> 00:02:25,760

um the what was needed to do

66

00:02:29,990 --> 00:02:29,040

advanced bio-weapon research back during

67

00:02:32,150 --> 00:02:30,000

the cold war

68

00:02:33,589 --> 00:02:32,160

uh at a place like um fort dietrich

69

00:02:34,949 --> 00:02:33,599

which is uh in the united states where

70

00:02:38,150 --> 00:02:34,959

we did our work

71

00:02:39,190 --> 00:02:38,160

now that's available to um not just most

72

00:02:41,750 --> 00:02:39,200

any nation

73

00:02:43,509 --> 00:02:41,760

but um most any companies even some high

74

00:02:44,630 --> 00:02:43,519

school lab kits have almost that

75

00:02:46,630 --> 00:02:44,640

equivalent parallel

76

00:02:48,710 --> 00:02:46,640

it's a lot like if you think about other

77

00:02:50,309 --> 00:02:48,720

areas of technology

78

00:02:52,390 --> 00:02:50,319

the sorts of things that were cutting

79

00:02:53,509 --> 00:02:52,400

edge and say you know cyber security ten

80

00:02:55,670 --> 00:02:53,519

years ago

81

00:02:57,589 --> 00:02:55,680

now they you would describe it as a

82

00:02:59,350 --> 00:02:57,599

script kitty being able to do it off

83

00:03:01,830 --> 00:02:59,360

which is basically just following

84

00:03:02,869 --> 00:03:01,840

uh an easy script so it's it's that

85

00:03:05,030 --> 00:03:02,879

similar um

86

00:03:05,910 --> 00:03:05,040

the kind of uh research that was qui

87

00:03:07,990 --> 00:03:05,920

required to

88

00:03:09,990 --> 00:03:08,000

work on nuclear weapons uh back in the

89

00:03:12,229 --> 00:03:10,000

1940s required the

90

00:03:13,350 --> 00:03:12,239

um you know most brilliant people in the

91

00:03:16,309 --> 00:03:13,360

entire world

92

00:03:17,589 --> 00:03:16,319

required a manhattan project style

93

00:03:19,990 --> 00:03:17,599

national effort

94

00:03:22,229 --> 00:03:20,000

and now you can see you know the north

95

00:03:25,430 --> 00:03:22,239

koreas of the world pull it off

96

00:03:29,030 --> 00:03:25,440

what is the last example of an

97

00:03:31,750 --> 00:03:29,040

confirmed bio weapon being used oh gosh

98

00:03:33,990 --> 00:03:31,760

um this isn't my speciality in terms of

99

00:03:37,190 --> 00:03:34,000

bio weapons

100

00:03:39,270 --> 00:03:37,200

i there was i believe

101  
00:03:40,309 --> 00:03:39,280  
a belief that there was some use of it

102  
00:03:43,670 --> 00:03:40,319  
back in

103  
00:03:47,750 --> 00:03:43,680  
world war ii uh as um

104  
00:03:51,030 --> 00:03:47,760  
particularly one test used by

105  
00:03:53,750 --> 00:03:51,040  
germany by nazis and then also

106  
00:03:54,869 --> 00:03:53,760  
uh if i recall the history correctly

107  
00:03:57,030 --> 00:03:54,879  
there was also

108  
00:03:58,710 --> 00:03:57,040  
reports of japan doing some of this

109  
00:04:01,270 --> 00:03:58,720  
stuff in manchuria

110  
00:04:03,429 --> 00:04:01,280  
again not on scale battlefield use but

111  
00:04:06,869 --> 00:04:03,439  
more tests and against prisoners

112  
00:04:10,149 --> 00:04:06,879  
um i believe there was also

113  
00:04:13,270 --> 00:04:10,159

rumor milling uh slash intel reporting

114

00:04:16,710 --> 00:04:13,280  
of um accidental release

115

00:04:18,789 --> 00:04:16,720  
uh back in um cold war period like

116

00:04:23,030 --> 00:04:18,799  
during soviet research

117

00:04:26,150 --> 00:04:23,040  
um i can't recall iran iraq war

118

00:04:28,629 --> 00:04:26,160  
um i'm pretty certain that was again

119

00:04:30,390 --> 00:04:28,639  
this is i'm not a bio weapons guy so i

120

00:04:30,950 --> 00:04:30,400  
think if i recall a ron iraq war that

121

00:04:33,350 --> 00:04:30,960  
was all

122

00:04:33,990 --> 00:04:33,360  
um kemp's sorry chemical side mustard

123

00:04:36,629 --> 00:04:34,000  
gas

124

00:04:37,270 --> 00:04:36,639  
style the types of things that we saw in

125

00:04:39,670 --> 00:04:37,280  
um

126  
00:04:40,629 --> 00:04:39,680  
uh world war one as an example yeah i

127  
00:04:42,550 --> 00:04:40,639  
think there's certainly talk about

128  
00:04:45,590 --> 00:04:42,560  
chemicals in syria

129  
00:04:48,790 --> 00:04:45,600  
i don't know if it would yeah i i

130  
00:04:52,790 --> 00:04:48,800  
i do not recall reporting a biocide

131  
00:04:55,110 --> 00:04:52,800  
in syria and again would be something

132  
00:04:56,070 --> 00:04:55,120  
that would what more kill you

133  
00:04:57,590 --> 00:04:56,080  
instantaneously

134  
00:04:59,189 --> 00:04:57,600  
as opposed to creating some type of

135  
00:05:00,950 --> 00:04:59,199  
virus

136  
00:05:02,629 --> 00:05:00,960  
sorry you said i missed your question

137  
00:05:03,990 --> 00:05:02,639  
distinguishing chemical weapons from

138  
00:05:07,430 --> 00:05:04,000

from bio weapons

139

00:05:10,310 --> 00:05:07,440

yeah just it's basically um i

140

00:05:11,909 --> 00:05:10,320

literally you know no i'm not saying

141

00:05:15,029 --> 00:05:11,919

this means you know between

142

00:05:18,310 --> 00:05:15,039

biology and chemistry uh and

143

00:05:20,790 --> 00:05:18,320

the effects um uh

144

00:05:21,990 --> 00:05:20,800

targeting um that person that it comes

145

00:05:25,110 --> 00:05:22,000

into contact with

146

00:05:25,749 --> 00:05:25,120

versus some weapons not all uh tends to

147

00:05:27,350 --> 00:05:25,759

be

148

00:05:29,590 --> 00:05:27,360

infectious so it spreads across the

149

00:05:31,990 --> 00:05:29,600

populace um

150

00:05:33,350 --> 00:05:32,000

again there's there's wide ranges of

151  
00:05:34,310 --> 00:05:33,360  
these technologies so when you're

152  
00:05:38,310 --> 00:05:34,320  
thinking about

153  
00:05:40,950 --> 00:05:38,320  
um chemical it's from something um like

154  
00:05:41,350 --> 00:05:40,960  
tear gas that isn't necessarily lethal

155  
00:05:43,909 --> 00:05:41,360  
just

156  
00:05:45,029 --> 00:05:43,919  
stings the eyes in the face to something

157  
00:05:47,350 --> 00:05:45,039  
that um

158  
00:05:49,350 --> 00:05:47,360  
can be an agent that affects your nerves

159  
00:05:52,629 --> 00:05:49,360  
and kills instantaneously

160  
00:05:55,029 --> 00:05:52,639  
um same thing on on bio uh

161  
00:05:56,950 --> 00:05:55,039  
bio it might go be targeted against

162  
00:05:58,230 --> 00:05:56,960  
humans but there's also other variants

163  
00:06:00,469 --> 00:05:58,240

that might go after

164

00:06:01,350 --> 00:06:00,479

an ecosystem or something like that so

165

00:06:04,390 --> 00:06:01,360

what do you make

166

00:06:08,550 --> 00:06:04,400

of these allegations that china

167

00:06:08,870 --> 00:06:08,560

is making that the u.s is behind this i

168

00:06:11,350 --> 00:06:08,880

mean

169

00:06:12,790 --> 00:06:11,360

essentially accusing the us of planting

170

00:06:16,790 --> 00:06:12,800

a bio weapon

171

00:06:20,070 --> 00:06:16,800

so what we have going on

172

00:06:23,110 --> 00:06:20,080

both by china targeting

173

00:06:26,550 --> 00:06:23,120

its own population but

174

00:06:29,909 --> 00:06:26,560

china also targeting the world and

175

00:06:33,430 --> 00:06:29,919

sadly enough also coming from some parts

176

00:06:37,189 --> 00:06:33,440

of um the trump administration is a

177

00:06:40,390 --> 00:06:37,199

campaign of dis and misinformation

178

00:06:43,590 --> 00:06:40,400

about it um about the outbreak about

179

00:06:47,270 --> 00:06:43,600

the um dangers of it uh

180

00:06:50,870 --> 00:06:47,280

and so um on the china side

181

00:06:52,790 --> 00:06:50,880

um and i actually uh published an

182

00:06:53,430 --> 00:06:52,800

article in defense one in atlantic on

183

00:06:56,550 --> 00:06:53,440

this

184

00:06:59,350 --> 00:06:56,560

back in early february that basically

185

00:07:00,390 --> 00:06:59,360

what we had was a team that translated

186

00:07:03,830 --> 00:07:00,400

what was happening

187

00:07:05,990 --> 00:07:03,840

on china's internet chinese social media

188

00:07:07,189 --> 00:07:06,000

and then analyzed it how were they

189

00:07:10,950 --> 00:07:07,199

talking about the

190

00:07:12,710 --> 00:07:10,960

um outbreak uh and what were the

191

00:07:14,790 --> 00:07:12,720

measures that the government was doing

192

00:07:17,029 --> 00:07:14,800

trying to shape that conversation

193

00:07:18,950 --> 00:07:17,039

and it's important to go back and say

194

00:07:22,469 --> 00:07:18,960

again early february

195

00:07:24,950 --> 00:07:22,479

so anyone who claims uh

196

00:07:26,629 --> 00:07:24,960

how could we have known how could we

197

00:07:28,150 --> 00:07:26,639

have known that china wasn't telling the

198

00:07:28,870 --> 00:07:28,160

truth or that this was much worse than

199

00:07:32,230 --> 00:07:28,880

we thought

200

00:07:34,629 --> 00:07:32,240

this was being not just talked about

201  
00:07:36,710 --> 00:07:34,639  
and we now know inside us intelligence

202  
00:07:38,790 --> 00:07:36,720  
reports going back to january

203  
00:07:39,830 --> 00:07:38,800  
it was all out in the open in early

204  
00:07:41,670 --> 00:07:39,840  
february

205  
00:07:43,510 --> 00:07:41,680  
uh and that's the that's the sad and

206  
00:07:44,629 --> 00:07:43,520  
that's the shame of this is that 60

207  
00:07:47,430 --> 00:07:44,639  
other nations

208  
00:07:49,029 --> 00:07:47,440  
besides america watched this and

209  
00:07:50,869 --> 00:07:49,039  
prepared for it whether it was the

210  
00:07:52,150 --> 00:07:50,879  
japans and the taiwans to the

211  
00:07:54,629 --> 00:07:52,160  
australians

212  
00:07:56,230 --> 00:07:54,639  
unfortunately we did not but so what

213  
00:07:57,189 --> 00:07:56,240

china what the chinese government was

214

00:08:01,110 --> 00:07:57,199

doing

215

00:08:03,270 --> 00:08:01,120

well back in um january early february

216

00:08:04,469 --> 00:08:03,280

was followed a strategy of a couple of

217

00:08:07,510 --> 00:08:04,479

tracks one

218

00:08:10,309 --> 00:08:07,520

was censorship so uh

219

00:08:12,070 --> 00:08:10,319

the early stories of the outbreak

220

00:08:14,790 --> 00:08:12,080

including by the very first

221

00:08:16,869 --> 00:08:14,800

doctors uh that were discovering it and

222

00:08:20,070 --> 00:08:16,879

talking about it online

223

00:08:20,390 --> 00:08:20,080

uh the government uh basically brought

224

00:08:25,990 --> 00:08:20,400

them

225

00:08:27,350 --> 00:08:26,000

and actually issued a warning via its

226

00:08:28,710 --> 00:08:27,360

public safety bureau sort of the

227

00:08:30,230 --> 00:08:28,720

equivalent of the police

228

00:08:31,830 --> 00:08:30,240

of saying people that are talking about

229

00:08:33,750 --> 00:08:31,840

this and sharing falsehoods

230

00:08:35,110 --> 00:08:33,760

about the outbreak of this virus need to

231

00:08:38,709 --> 00:08:35,120

stop so one

232

00:08:40,149 --> 00:08:38,719

is censorship the second part of it

233

00:08:42,149 --> 00:08:40,159

a quick question about censorship was

234

00:08:44,310 --> 00:08:42,159

that with the intent of it

235

00:08:45,670 --> 00:08:44,320

having its own people not learn about it

236

00:08:48,389 --> 00:08:45,680

or the rest of the world

237

00:08:48,870 --> 00:08:48,399

uh it's this is all targeting inside

238

00:08:51,350 --> 00:08:48,880

china

239

00:08:52,070 --> 00:08:51,360

and its own people um basically what you

240

00:08:56,150 --> 00:08:52,080

have and again

241

00:08:57,990 --> 00:08:56,160

a very sad and frustrating parallel to

242

00:09:01,030 --> 00:08:58,000

the u.s

243

00:09:04,630 --> 00:09:01,040

is that the chinese government

244

00:09:08,150 --> 00:09:04,640

made a choice between

245

00:09:11,350 --> 00:09:08,160

its own regime interests and public

246

00:09:12,070 --> 00:09:11,360

health and it chose its regime interests

247

00:09:15,910 --> 00:09:12,080

first

248

00:09:20,150 --> 00:09:15,920

outbreak

249

00:09:22,070 --> 00:09:20,160

of the disease second was

250

00:09:24,070 --> 00:09:22,080

false and for as as they could not

251  
00:09:25,430 --> 00:09:24,080  
contain it anymore and it became more

252  
00:09:27,269 --> 00:09:25,440  
and more evident

253  
00:09:29,030 --> 00:09:27,279  
and people in china were getting

254  
00:09:31,829 --> 00:09:29,040  
frustrated about

255  
00:09:33,910 --> 00:09:31,839  
the lack of response and that there um

256  
00:09:35,110 --> 00:09:33,920  
was not enough medical equipment the

257  
00:09:38,949 --> 00:09:35,120  
hospitals weren't ready

258  
00:09:42,790 --> 00:09:38,959  
sound familiar uh they began to push

259  
00:09:46,070 --> 00:09:42,800  
false information fake news about

260  
00:09:48,710 --> 00:09:46,080  
the response being better than it was so

261  
00:09:49,350 --> 00:09:48,720  
for example in the article we um had the

262  
00:09:53,269 --> 00:09:49,360  
example

263  
00:09:55,829 --> 00:09:53,279

of a senior chinese government official

264

00:09:57,910 --> 00:09:55,839

was um pushing out news stories that

265

00:10:00,790 --> 00:09:57,920

were then picked up by regime friendly

266

00:10:01,590 --> 00:10:00,800

media sources talking about new

267

00:10:04,150 --> 00:10:01,600

hospitals

268

00:10:06,389 --> 00:10:04,160

being built but the image that he was

269

00:10:07,030 --> 00:10:06,399

posting was actually of an apartment

270

00:10:09,110 --> 00:10:07,040

building

271

00:10:10,870 --> 00:10:09,120

that had been built months earlier

272

00:10:12,870 --> 00:10:10,880

there's a parallel on the u.s side of

273

00:10:14,470 --> 00:10:12,880

you know the the false claims of tests

274

00:10:15,990 --> 00:10:14,480

happening that they were not being

275

00:10:19,030 --> 00:10:16,000

available when they weren't

276  
00:10:19,430 --> 00:10:19,040  
medical breakthroughs etc etc the third

277  
00:10:21,990 --> 00:10:19,440  
thing

278  
00:10:22,790 --> 00:10:22,000  
that happened again as it expanded

279  
00:10:26,470 --> 00:10:22,800  
further

280  
00:10:28,870 --> 00:10:26,480  
was blame casting blaming others

281  
00:10:29,670 --> 00:10:28,880  
for it and blaming others for the

282  
00:10:32,310 --> 00:10:29,680  
reaction

283  
00:10:33,990 --> 00:10:32,320  
to it so early on on the chinese

284  
00:10:36,150 --> 00:10:34,000  
government for example

285  
00:10:37,590 --> 00:10:36,160  
it wasn't initially you can track again

286  
00:10:40,310 --> 00:10:37,600  
this is all out in the open

287  
00:10:41,269 --> 00:10:40,320  
it wasn't initially blaming us for the

288  
00:10:45,110 --> 00:10:41,279

outbreak

289

00:10:47,910 --> 00:10:45,120

it was blaming us for hysteria

290

00:10:48,710 --> 00:10:47,920

about it and uh closing of borders and

291

00:10:51,269 --> 00:10:48,720

that we were

292

00:10:52,710 --> 00:10:51,279

targeting china and the like so that's

293

00:10:54,550 --> 00:10:52,720

all china targeting

294

00:10:57,190 --> 00:10:54,560

its own populace and again this was

295

00:10:59,670 --> 00:10:57,200

widely talked about widely known

296

00:11:01,910 --> 00:10:59,680

early february this is why nations like

297

00:11:03,670 --> 00:11:01,920

south korea taiwan japan

298

00:11:05,750 --> 00:11:03,680

australia all the ones that weathered

299

00:11:07,350 --> 00:11:05,760

this better that have not had the effect

300

00:11:09,350 --> 00:11:07,360

that we've had in the us

301  
00:11:11,509 --> 00:11:09,360  
they all watched this and said we know

302  
00:11:14,069 --> 00:11:11,519  
what's coming we need to get prepared

303  
00:11:15,190 --> 00:11:14,079  
so as just to be clear because you make

304  
00:11:17,829 --> 00:11:15,200  
an important board there

305  
00:11:18,389 --> 00:11:17,839  
what specifically did they do to prepare

306  
00:11:21,509 --> 00:11:18,399  
they had

307  
00:11:24,550 --> 00:11:21,519  
everything from um widespread testing

308  
00:11:25,269 --> 00:11:24,560  
available uh which is then key to be

309  
00:11:28,550 --> 00:11:25,279  
able to

310  
00:11:29,590 --> 00:11:28,560  
um uh figure out who has it who doesn't

311  
00:11:32,630 --> 00:11:29,600  
have it

312  
00:11:34,310 --> 00:11:32,640  
implement um isolation for those people

313  
00:11:36,310 --> 00:11:34,320

and their family members and network

314

00:11:39,030 --> 00:11:36,320

that have it uh

315

00:11:39,750 --> 00:11:39,040

and um they had measures of public

316

00:11:42,470 --> 00:11:39,760

hygiene

317

00:11:43,990 --> 00:11:42,480

available that um and implemented that

318

00:11:47,509 --> 00:11:44,000

we did not have here

319

00:11:50,949 --> 00:11:47,519

um shut down to the extent

320

00:11:53,430 --> 00:11:50,959

of say europe or us so then so

321

00:11:54,389 --> 00:11:53,440

let me pause there um it's everything

322

00:11:57,670 --> 00:11:54,399

from uh

323

00:12:00,230 --> 00:11:57,680

very simple measures of uh people and

324

00:12:01,269 --> 00:12:00,240

um transportation hubs uh checking

325

00:12:04,629 --> 00:12:01,279

passports

326

00:12:08,949 --> 00:12:04,639

um wearing gloves to wider distribution

327

00:12:12,069 --> 00:12:08,959

of mass um to then travel restrictions

328

00:12:14,710 --> 00:12:12,079

to then uh social um

329

00:12:15,430 --> 00:12:14,720

uh limit movement limitations but like

330

00:12:18,230 --> 00:12:15,440

to give you

331

00:12:20,150 --> 00:12:18,240

you know things that we we're just now

332

00:12:22,069 --> 00:12:20,160

as you and i are talking about

333

00:12:23,509 --> 00:12:22,079

thinking about putting into place which

334

00:12:25,670 --> 00:12:23,519

then means that we will need

335

00:12:27,509 --> 00:12:25,680

weeks more to put them into place um

336

00:12:28,470 --> 00:12:27,519

they had a drive-through testing

337

00:12:30,230 --> 00:12:28,480

facilities

338

00:12:31,829 --> 00:12:30,240

um available so that the hospitals

339

00:12:33,670 --> 00:12:31,839

weren't flooded but it's also things

340

00:12:36,550 --> 00:12:33,680

again not just testing it's um

341

00:12:37,269 --> 00:12:36,560

having mass having um uh the the

342

00:12:39,430 --> 00:12:37,279

hospitals

343

00:12:40,389 --> 00:12:39,440

ready for it etc all the things that

344

00:12:43,990 --> 00:12:40,399

have allowed

345

00:12:46,389 --> 00:12:44,000

south korea japan australia etc

346

00:12:47,750 --> 00:12:46,399

to weather this storm in a way that

347

00:12:51,350 --> 00:12:47,760

saved

348

00:12:53,030 --> 00:12:51,360

not thousands but multiple

349

00:12:55,110 --> 00:12:53,040

you know multiply that thousands of

350

00:12:56,230 --> 00:12:55,120

lives but also not have the economic hit

351  
00:12:58,310 --> 00:12:56,240  
that we've had here

352  
00:13:00,949 --> 00:12:58,320  
um but again so the circle back to where

353  
00:13:03,269 --> 00:13:00,959  
we were that's what china was doing

354  
00:13:05,190 --> 00:13:03,279  
internally and again you can see the

355  
00:13:06,710 --> 00:13:05,200  
parallels in the discourse

356  
00:13:08,710 --> 00:13:06,720  
unfortunately that happened in our

357  
00:13:12,310 --> 00:13:08,720  
system then

358  
00:13:15,590 --> 00:13:12,320  
as the coronavirus spreads

359  
00:13:19,350 --> 00:13:15,600  
globally you see a

360  
00:13:22,389 --> 00:13:19,360  
push on one side

361  
00:13:23,590 --> 00:13:22,399  
to blame china and they have a lot to

362  
00:13:27,030 --> 00:13:23,600  
blame for

363  
00:13:30,069 --> 00:13:27,040

as a way of changing the conversation

364

00:13:31,750 --> 00:13:30,079

about the lack of preparation here

365

00:13:33,269 --> 00:13:31,760

um and you can see sort of the weird

366

00:13:35,990 --> 00:13:33,279

controversy over

367

00:13:36,710 --> 00:13:36,000

what to call it wuhan china virus which

368

00:13:40,230 --> 00:13:36,720

was a

369

00:13:41,910 --> 00:13:40,240

literally a deliberate conversation that

370

00:13:44,550 --> 00:13:41,920

they wanted to have

371

00:13:45,350 --> 00:13:44,560

rather than having a conversation about

372

00:13:47,829 --> 00:13:45,360

the fact that

373

00:13:49,910 --> 00:13:47,839

unlike in 60 other nations we did not

374

00:13:53,030 --> 00:13:49,920

have widespread testing ready

375

00:13:56,710 --> 00:13:53,040

etc that's our push

376

00:14:00,470 --> 00:13:56,720

in turn china has been making a

377

00:14:00,870 --> 00:14:00,480

push to displace blame and point fingers

378

00:14:04,069 --> 00:14:00,880

for

379

00:14:06,470 --> 00:14:04,079

origin and spread and they have

380

00:14:07,750 --> 00:14:06,480

um pushed the blame pointing the finger

381

00:14:10,870 --> 00:14:07,760

at everyone from

382

00:14:14,230 --> 00:14:10,880

um taiwan to italy

383

00:14:17,110 --> 00:14:14,240

to the united states and it's um

384

00:14:17,430 --> 00:14:17,120

one of the lessons that we pulled from

385

00:14:20,870 --> 00:14:17,440

the

386

00:14:23,990 --> 00:14:20,880

war that looked at

387

00:14:25,269 --> 00:14:24,000

online disinformation campaigns and one

388

00:14:27,670 --> 00:14:25,279

of the lessons that um

389

00:14:28,710 --> 00:14:27,680

russia was very much a pioneer in this

390

00:14:32,629 --> 00:14:28,720

is that you

391

00:14:35,670 --> 00:14:32,639

um don't push one alternative story

392

00:14:38,629 --> 00:14:35,680

you bury the truth underneath a sea

393

00:14:39,269 --> 00:14:38,639

of lies even if the stories that you

394

00:14:41,829 --> 00:14:39,279

push

395

00:14:43,750 --> 00:14:41,839

are contradictory so go back to what

396

00:14:44,310 --> 00:14:43,760

i've seen of china saying no no no maybe

397

00:14:47,829 --> 00:14:44,320

it was

398

00:14:49,750 --> 00:14:47,839

they both can't be

399

00:14:51,590 --> 00:14:49,760

it's got to be one or the other right

400

00:14:55,750 --> 00:14:51,600

but that's not the point the point is to

401  
00:14:59,110 --> 00:14:58,150  
and one of the accusations specifically

402  
00:15:02,629 --> 00:14:59,120  
though was that

403  
00:15:03,110 --> 00:15:02,639  
it was the u.s military that planted

404  
00:15:07,030 --> 00:15:03,120  
this

405  
00:15:10,629 --> 00:15:07,040  
right again um i have seen zilch

406  
00:15:13,110 --> 00:15:10,639  
uh data uh anything

407  
00:15:13,990 --> 00:15:13,120  
um that i would consider viable at this

408  
00:15:17,189 --> 00:15:14,000  
time to

409  
00:15:18,310 --> 00:15:17,199  
say that and in fact if you would carry

410  
00:15:20,949 --> 00:15:18,320  
that forward

411  
00:15:21,509 --> 00:15:20,959  
um you would really want to go okay if

412  
00:15:25,110 --> 00:15:21,519  
that's

413  
00:15:27,829 --> 00:15:25,120

the narrative then why would the u.s

414

00:15:30,150 --> 00:15:27,839

military and the broader united states
