WITH JIM BRESLO**

**PATRICK M. WOOD**

1  
00:00:00,000 --> 00:00:04,710

[Music]

2  
00:00:10,470 --> 00:00:06,389

climate change is being

3  
00:00:12,549 --> 00:00:10,480

used now as the the excuse for

4  
00:00:14,589 --> 00:00:12,559

everything is happening in california it

5  
00:00:16,950 --> 00:00:14,599

seems like and the wildfires is an easy

6  
00:00:19,029 --> 00:00:16,960

target

7  
00:00:20,790 --> 00:00:19,039

i'm from california i have an

8  
00:00:22,550 --> 00:00:20,800

agricultural background grew up on a

9  
00:00:26,630 --> 00:00:22,560

farm in northern california and

10  
00:00:30,230 --> 00:00:26,640

ranching also in the foothills

11  
00:00:33,270 --> 00:00:30,240

range up in northern california and

12  
00:00:36,069 --> 00:00:33,280

my uh my experience of

13  
00:00:38,549 --> 00:00:36,079

uh how the land was managed back in

14

00:00:40,470 --> 00:00:38,559

those days is vastly different than what

15

00:00:42,310 --> 00:00:40,480

uh we have today and you just described

16

00:00:44,069 --> 00:00:42,320

some of that problem that we have

17

00:00:45,830 --> 00:00:44,079

environmentalists who have gotten a hold

18

00:00:48,549 --> 00:00:45,840

of the argument

19

00:00:50,069 --> 00:00:48,559

and the narrative for all these decades

20

00:00:52,630 --> 00:00:50,079

have been absolutely

21

00:00:54,709 --> 00:00:52,640

wrong they have been they have taken the

22

00:00:56,310 --> 00:00:54,719

polar opposite policy

23

00:00:58,470 --> 00:00:56,320

of what would have been smart for

24

00:00:59,830 --> 00:00:58,480

conservation of the land

25

00:01:01,990 --> 00:00:59,840

and they never admitted that they were

26  
00:01:03,189 --> 00:01:02,000  
wrong but these are the same people that

27  
00:01:05,030 --> 00:01:03,199  
have been crying about

28  
00:01:06,550 --> 00:01:05,040  
climate change global warming for all

29  
00:01:08,469 --> 00:01:06,560  
these years same people

30  
00:01:10,550 --> 00:01:08,479  
so of course nothing they do can be

31  
00:01:11,270 --> 00:01:10,560  
wrong it has to have some other excuse

32  
00:01:13,429 --> 00:01:11,280  
and so

33  
00:01:15,670 --> 00:01:13,439  
yeah they they say well it's climate

34  
00:01:16,070 --> 00:01:15,680  
change there's no proof of that climate

35  
00:01:19,109 --> 00:01:16,080  
change

36  
00:01:21,429 --> 00:01:19,119  
never started a fire it

37  
00:01:23,590 --> 00:01:21,439  
that's ridiculous matches and lightning

38  
00:01:26,070 --> 00:01:23,600

and stuff like that start fires

39

00:01:27,990 --> 00:01:26,080

but climate change doesn't start fires

40

00:01:30,230 --> 00:01:28,000

and then they say well it's because uh

41

00:01:31,030 --> 00:01:30,240

you know the the trees are so hot

42

00:01:34,950 --> 00:01:31,040

because we

43

00:01:36,870 --> 00:01:34,960

have 110 degree days we had 110 degree

44

00:01:38,550 --> 00:01:36,880

days back when i was a kid for pete's

45

00:01:39,429 --> 00:01:38,560

sake we didn't like him at all but we

46

00:01:42,550 --> 00:01:39,439

did

47

00:01:44,230 --> 00:01:42,560

necessarily but uh

48

00:01:45,910 --> 00:01:44,240

one thing they'll say is they'll point

49

00:01:48,469 --> 00:01:45,920

to the drought

50

00:01:49,030 --> 00:01:48,479

and then suggest that the drought

51  
00:01:52,310 --> 00:01:49,040  
happened

52  
00:01:54,389 --> 00:01:52,320  
because of climate change yes

53  
00:01:56,310 --> 00:01:54,399  
it almost becomes kind of a circular

54  
00:01:58,789 --> 00:01:56,320  
reasoning thing in my mind

55  
00:02:00,630 --> 00:01:58,799  
you know they when one thing falls apart

56  
00:02:01,990 --> 00:02:00,640  
when one idea falls apart they come up

57  
00:02:03,429 --> 00:02:02,000  
with another one but they always

58  
00:02:05,190 --> 00:02:03,439  
they eventually circle back to the

59  
00:02:07,429 --> 00:02:05,200  
original thing they started with

60  
00:02:09,270 --> 00:02:07,439  
yeah well i mean since when does a

61  
00:02:12,309 --> 00:02:09,280  
couple extra degrees

62  
00:02:15,830 --> 00:02:12,319  
of temperature result in a drought

63  
00:02:16,390 --> 00:02:15,840

i mean in in south florida it's a lot

64

00:02:18,150 --> 00:02:16,400

hotter

65

00:02:19,589 --> 00:02:18,160

than it is in california and they got a

66

00:02:23,430 --> 00:02:19,599

ton of rain there

67

00:02:25,990 --> 00:02:23,440

so i've been feeling that temperature

68

00:02:26,710 --> 00:02:26,000

and precipitation are not directly

69

00:02:29,589 --> 00:02:26,720

related

70

00:02:30,390 --> 00:02:29,599

based simply on comparing miami to los

71

00:02:31,910 --> 00:02:30,400

angeles

72

00:02:34,070 --> 00:02:31,920

that's exactly right the weather in

73

00:02:35,750 --> 00:02:34,080

california by the way this has nothing

74

00:02:37,750 --> 00:02:35,760

to do with technocracy per se i just

75

00:02:39,670 --> 00:02:37,760

happen to live there and i know this

76

00:02:41,910 --> 00:02:39,680

the weather in california is not

77

00:02:43,589 --> 00:02:41,920

generated from california it comes from

78

00:02:48,070 --> 00:02:43,599

the ocean

79

00:02:49,430 --> 00:02:48,080

california weather and

80

00:02:51,750 --> 00:02:49,440

anybody who's watched the weather

81

00:02:53,589 --> 00:02:51,760

forecast very long knows the very first

82

00:02:55,350 --> 00:02:53,599

thing they put up on the tv

83

00:02:58,550 --> 00:02:55,360

is what's coming in from the pacific

84

00:03:01,270 --> 00:02:58,560

ocean right well the ocean is warming

85

00:03:02,949 --> 00:03:01,280

so does the warming of the ocean cause a

86

00:03:04,470 --> 00:03:02,959

drought

87

00:03:06,309 --> 00:03:04,480

that's what that's what some people will

88

00:03:08,710 --> 00:03:06,319

say but you know

89

00:03:09,589 --> 00:03:08,720

we also know that there's all kinds of

90

00:03:11,350 --> 00:03:09,599

uh

91

00:03:12,630 --> 00:03:11,360

things that happen in the ocean you've

92

00:03:15,350 --> 00:03:12,640

had el nino

93

00:03:17,270 --> 00:03:15,360

la nina and all kinds of other phenomena

94

00:03:19,430 --> 00:03:17,280

that they've talked about over time

95

00:03:20,390 --> 00:03:19,440

these things happen yeah well not to

96

00:03:24,550 --> 00:03:20,400

mention our

97

00:03:26,309 --> 00:03:24,560

our drought actually ended two years ago

98

00:03:28,070 --> 00:03:26,319

we we had a fairly dry summer this

99

00:03:30,070 --> 00:03:28,080

summer but we're not technically

100

00:03:31,830 --> 00:03:30,080

in drought we've had tons of rain the

101  
00:03:32,789 --> 00:03:31,840  
past couple years and we're still

102  
00:03:36,309 --> 00:03:32,799  
getting

103  
00:03:38,149 --> 00:03:36,319  
the wildfires yep that's right

104  
00:03:40,149 --> 00:03:38,159  
it just doesn't hold water and the the

105  
00:03:41,990 --> 00:03:40,159  
mismanagement of the forest is just

106  
00:03:43,190 --> 00:03:42,000  
epic i have never seen anything like

107  
00:03:45,270 --> 00:03:43,200  
this before

108  
00:03:47,190 --> 00:03:45,280  
uh it's it you'd want to say it's

109  
00:03:47,830 --> 00:03:47,200  
criminal in a sense because if you kind

110  
00:03:50,309 --> 00:03:47,840  
of love

111  
00:03:51,509 --> 00:03:50,319  
the forest and you love you know nature

112  
00:03:53,429 --> 00:03:51,519  
in general

113  
00:03:54,470 --> 00:03:53,439

like you i mean i can imagine your heart

114

00:03:56,390 --> 00:03:54,480

might have sunk when you went to

115

00:03:58,229 --> 00:03:56,400

yosemite mine would i haven't been there

116

00:03:59,589 --> 00:03:58,239

for a long time but if i saw that i

117

00:04:01,990 --> 00:03:59,599

would just be really

118

00:04:03,750 --> 00:04:02,000

really depressed and i'd get mad after

119

00:04:04,390 --> 00:04:03,760

that i said what's wrong with you people

120

00:04:05,990 --> 00:04:04,400

you should be

121

00:04:07,509 --> 00:04:06,000

this all this stuff should be cleared

122

00:04:09,830 --> 00:04:07,519

out there should be nothing on

123

00:04:11,270 --> 00:04:09,840

basically nothing on the on the forest

124

00:04:13,910 --> 00:04:11,280

floor that would kindle

125

00:04:15,670 --> 00:04:13,920

and spark a fire but i will have

126  
00:04:17,509 --> 00:04:15,680  
hastened to say there's been another

127  
00:04:21,030 --> 00:04:17,519  
factor from year to year

128  
00:04:23,749 --> 00:04:21,040  
that has really exacerbated the fires

129  
00:04:24,469 --> 00:04:23,759  
in california and i've actually talked

130  
00:04:27,749 --> 00:04:24,479  
to some

131  
00:04:30,230 --> 00:04:27,759  
some forest uh you know the phd types in

132  
00:04:31,909 --> 00:04:30,240  
forestry who have verified this with me

133  
00:04:32,870 --> 00:04:31,919  
that have been testing the treetops of

134  
00:04:34,629 --> 00:04:32,880  
the trees

135  
00:04:36,790 --> 00:04:34,639  
in the forest in other words that that

136  
00:04:39,749 --> 00:04:36,800  
top 10 of the

137  
00:04:41,830 --> 00:04:39,759  
of the flora and they've discovered that

138  
00:04:43,670 --> 00:04:41,840

there is a heavy concentration of

139

00:04:45,350 --> 00:04:43,680

certain elements that normally are not

140

00:04:47,430 --> 00:04:45,360

found on the top of trees

141

00:04:48,469 --> 00:04:47,440

much of which happens to be flammable or

142

00:04:51,909 --> 00:04:48,479

at least it

143

00:04:54,550 --> 00:04:51,919

it catalyzes in flame and

144

00:04:56,150 --> 00:04:54,560

they attribute that of course it changes

145

00:04:57,909 --> 00:04:56,160

from year to year because you get new

146

00:05:00,150 --> 00:04:57,919

growth at the top of a tree

147

00:05:01,590 --> 00:05:00,160

so what's there this year probably won't

148

00:05:04,350 --> 00:05:01,600

be in the same concentration

149

00:05:06,550 --> 00:05:04,360

next year but this whole concept of

150

00:05:09,909 --> 00:05:06,560

geoengineering has

151  
00:05:11,029 --> 00:05:09,919  
has really exacerbated and sometimes

152  
00:05:13,430 --> 00:05:11,039  
maybe not right now but

153  
00:05:14,390 --> 00:05:13,440  
sometimes the fires that take place

154  
00:05:16,710 --> 00:05:14,400  
because

155  
00:05:18,469 --> 00:05:16,720  
it allows the fires on the ground to

156  
00:05:19,430 --> 00:05:18,479  
turn into what they're called crown

157  
00:05:21,430 --> 00:05:19,440  
fires

158  
00:05:22,550 --> 00:05:21,440  
where the crowns of the trees at the

159  
00:05:25,029 --> 00:05:22,560  
very top

160  
00:05:27,189 --> 00:05:25,039  
pick up their own life in their own fire

161  
00:05:29,670 --> 00:05:27,199  
create their own weather pattern

162  
00:05:30,310 --> 00:05:29,680  
and then start blowing this across the

163  
00:05:32,790 --> 00:05:30,320

top

164

00:05:34,550 --> 00:05:32,800

of the trees this is what happened in

165

00:05:38,070 --> 00:05:34,560

paradise last year

166

00:05:41,029 --> 00:05:38,080

uh the the fire went over the city

167

00:05:42,870 --> 00:05:41,039

and all of a sudden started raining down

168

00:05:43,749 --> 00:05:42,880

fire all at the same time in the whole

169

00:05:45,590 --> 00:05:43,759

city

170

00:05:47,270 --> 00:05:45,600

i've never personally i've never seen

171

00:05:49,990 --> 00:05:47,280

anything like this i had a good friend

172

00:05:51,909 --> 00:05:50,000

who was a fire captain up in paradise

173

00:05:53,670 --> 00:05:51,919

retired now but he knew the area like

174

00:05:55,990 --> 00:05:53,680

the back of his hand he'd service it for

175

00:05:57,749 --> 00:05:56,000

a year like 15 years or something

176

00:05:59,749 --> 00:05:57,759

and he said he's never seen anything

177

00:06:00,469 --> 00:05:59,759

quite like that either where a crown

178

00:06:03,990 --> 00:06:00,479

fire

179

00:06:06,790 --> 00:06:04,000

just went whoosh with the wind

180

00:06:08,550 --> 00:06:06,800

and all of a sudden everything was

181

00:06:09,270 --> 00:06:08,560

normal one minute you look up and you

182

00:06:11,350 --> 00:06:09,280

say wow

183

00:06:12,550 --> 00:06:11,360

look what's going on kind of weird going

184

00:06:14,390 --> 00:06:12,560

on up there in the trees

185

00:06:16,230 --> 00:06:14,400

and then all of a sudden fire just

186

00:06:17,670 --> 00:06:16,240

starts raining down from the tops of the

187

00:06:18,150 --> 00:06:17,680

trees and burns everything up in the

188

00:06:20,150 --> 00:06:18,160

ground

189

00:06:21,590 --> 00:06:20,160

what is it the geoengineering you're

190

00:06:23,749 --> 00:06:21,600

referring to

191

00:06:25,990 --> 00:06:23,759

well geo engineering is a spraying of

192

00:06:29,270 --> 00:06:26,000

chemicals into the atmosphere

193

00:06:30,550 --> 00:06:29,280

ostensibly to stop you know the earth

194

00:06:32,550 --> 00:06:30,560

from warming

195

00:06:35,029 --> 00:06:32,560

this was kind of an experimental program

196

00:06:38,469 --> 00:06:35,039

for a time it i haven't seen

197

00:06:40,150 --> 00:06:38,479

any of these so-called spray planes

198

00:06:41,990 --> 00:06:40,160

maybe a couple this year but not very

199

00:06:44,550 --> 00:06:42,000

many but two years ago

200

00:06:46,390 --> 00:06:44,560

it was just absolutely our skies were

201

00:06:48,070 --> 00:06:46,400

just crisscrossed with these

202

00:06:50,230 --> 00:06:48,080

what some people call chemtrails but

203

00:06:52,950 --> 00:06:50,240

they're they're emissions that are

204

00:06:54,550 --> 00:06:52,960

purposely generated from jet airplanes

205

00:06:58,070 --> 00:06:54,560

at high altitude

206

00:07:00,710 --> 00:06:58,080

to cover the earth to cause a haze

207

00:07:01,990 --> 00:07:00,720

so the earth will not um you know heat

208

00:07:04,309 --> 00:07:02,000

up as much that was their

209

00:07:06,150 --> 00:07:04,319

idea it never really turned out well

210

00:07:07,589 --> 00:07:06,160

it's just one more cockeyed program that

211

00:07:09,589 --> 00:07:07,599

the environmentalists

212

00:07:10,710 --> 00:07:09,599

you know cooked up trying to do

213

00:07:12,390 --> 00:07:10,720

something that they should just keep

214

00:07:13,749 --> 00:07:12,400

their hands out of in the first place

215

00:07:15,430 --> 00:07:13,759

like they should have kept their hands

216

00:07:16,790 --> 00:07:15,440

out of forest management

217

00:07:19,110 --> 00:07:16,800

and all the other environmental

218

00:07:22,150 --> 00:07:19,120

catastrophes we've had in california

219

00:07:24,230 --> 00:07:22,160

well yeah i mean in the past week

220

00:07:25,270 --> 00:07:24,240

we've had enough emissions from these

221

00:07:27,670 --> 00:07:25,280

wildfires

222

00:07:28,469 --> 00:07:27,680

to account for a full year of auto

223

00:07:30,710 --> 00:07:28,479

emissions

224

00:07:33,029 --> 00:07:30,720

oh yes all these billions that

225

00:07:35,990 --> 00:07:33,039

california has been spending to reduce

226  
00:07:37,589 --> 00:07:36,000  
carbon emissions to save the planet just

227  
00:07:40,950 --> 00:07:37,599  
went up in smoke

228  
00:07:44,950 --> 00:07:40,960  
literally with these fires

229  
00:07:47,830 --> 00:07:44,960  
yeah and and and the absurdity

230  
00:07:48,869 --> 00:07:47,840  
that california thinks that it can

231  
00:07:52,230 --> 00:07:48,879  
somehow solve

232  
00:07:55,510 --> 00:07:52,240  
the world's global warming problem

233  
00:07:59,670 --> 00:07:55,520  
by itself when it is a speck

234  
00:08:02,790 --> 00:07:59,680  
on a globe yes and it's independently

235  
00:08:04,629 --> 00:08:02,800  
taxing its people billions of dollars

236  
00:08:06,550 --> 00:08:04,639  
and this is a tax when i say a tax it's

237  
00:08:08,950 --> 00:08:06,560  
you know our energy costs are obviously

238  
00:08:11,350 --> 00:08:08,960

far far higher than other states because

239

00:08:14,710 --> 00:08:11,360

we have to get our energy from solar

240

00:08:17,189 --> 00:08:14,720

uh et cetera and in wind

241

00:08:18,710 --> 00:08:17,199

and this is a tax primarily in

242

00:08:21,110 --> 00:08:18,720

california's poor

243

00:08:22,150 --> 00:08:21,120

because wealthy people this is nothing

244

00:08:24,390 --> 00:08:22,160

to them to have

245

00:08:25,430 --> 00:08:24,400

your energy cost double is nothing to a

246

00:08:27,990 --> 00:08:25,440

wealthy person

247

00:08:29,350 --> 00:08:28,000

but it means the difference between

248

00:08:31,110 --> 00:08:29,360

having something a little extra in the

249

00:08:33,110 --> 00:08:31,120

bank at the end of the month and not

250

00:08:34,149 --> 00:08:33,120

having it so california's been taxing

251

00:08:37,829 --> 00:08:34,159

its poor

252

00:08:40,870 --> 00:08:37,839

to solve the world's climate change

253

00:08:42,469 --> 00:08:40,880

problem yes and that'll never happen

254

00:08:44,470 --> 00:08:42,479

and you know california gets a lot of

255

00:08:48,230 --> 00:08:44,480

weather and a lot of input even from

256

00:08:51,509 --> 00:08:48,240

asia um as well as just from the the

257

00:08:54,949 --> 00:08:51,519

normal ocean uh circulation

258

00:08:57,269 --> 00:08:54,959

but uh you remember when uh when the uh

259

00:08:58,630 --> 00:08:57,279

big uh earthquake and tsunami hit

260

00:09:02,230 --> 00:08:58,640

fukushima

261

00:09:05,750 --> 00:09:02,240

um the radiation that resulted from that

262

00:09:06,470 --> 00:09:05,760

nuclear catastrophe in japan uh wasn't

263

00:09:09,590 --> 00:09:06,480

too long

264

00:09:12,070 --> 00:09:09,600

before they were measuring radiation

265

00:09:13,910 --> 00:09:12,080

on the pacific coast and it was

266

00:09:15,750 --> 00:09:13,920

measurable radiation

267

00:09:17,670 --> 00:09:15,760

and so we see there is a connection

268

00:09:18,470 --> 00:09:17,680

between the continents as well as the

269

00:09:20,389 --> 00:09:18,480

ocean

270

00:09:22,389 --> 00:09:20,399

and a lot of stuff that happens in china

271

00:09:23,910 --> 00:09:22,399

eventually will make its way towards

272

00:09:25,350 --> 00:09:23,920

you know and kind of change and morph

273

00:09:26,790 --> 00:09:25,360

with other things but it'll make its way

274

00:09:28,949 --> 00:09:26,800

towards california

275

00:09:30,150 --> 00:09:28,959

so california is not an island unto

276

00:09:32,150 --> 00:09:30,160

itself no in fact

277

00:09:34,070 --> 00:09:32,160

i'll give you an even more specific

278

00:09:36,550 --> 00:09:34,080

example i don't have the numbers

279

00:09:38,310 --> 00:09:36,560

with me but based it wasn't a

280

00:09:40,070 --> 00:09:38,320

respectable uh

281

00:09:41,590 --> 00:09:40,080

respected publication i forget which one

282

00:09:44,949 --> 00:09:41,600

it was that said that

283

00:09:46,230 --> 00:09:44,959

x percent of pollution in california

284

00:09:49,269 --> 00:09:46,240

comes from china

285

00:09:50,949 --> 00:09:49,279

yes a very significant percentage

286

00:09:52,389 --> 00:09:50,959

of our pollution comes from china so

287

00:09:54,150 --> 00:09:52,399

despite the fact that we might be doing

288

00:09:56,870 --> 00:09:54,160

whatever we're doing to bring it down

289

00:09:58,550 --> 00:09:56,880

whatever china's doing is bringing it up

290

00:10:00,470 --> 00:09:58,560

hence what i've always said is

291

00:10:01,990 --> 00:10:00,480

hey it makes sense if california wants

292

00:10:03,350 --> 00:10:02,000

to do something global warming enter

293

00:10:05,269 --> 00:10:03,360

into a pact

294

00:10:06,710 --> 00:10:05,279

at least some type of international pack

295

00:10:07,350 --> 00:10:06,720

where others are doing the same thing

296

00:10:10,470 --> 00:10:07,360

just don't

297

00:10:12,150 --> 00:10:10,480

independently do it

298

00:10:14,150 --> 00:10:12,160

that's right and put and then

299

00:10:15,110 --> 00:10:14,160

subsequently punish all californians

300

00:10:17,670 --> 00:10:15,120

from

301  
00:10:19,269 --> 00:10:17,680  
for the rest of the world sins yeah and

302  
00:10:21,030 --> 00:10:19,279  
then screw it all up when you allow

303  
00:10:24,870 --> 00:10:21,040  
these crazy wildfires

304  
00:10:26,870 --> 00:10:24,880  
i know so what is the connection between

305  
00:10:28,310 --> 00:10:26,880  
the international climate change

306  
00:10:31,430 --> 00:10:28,320  
movement

307  
00:10:33,670 --> 00:10:31,440  
and the international response to covid

308  
00:10:35,110 --> 00:10:33,680  
that's a great question i think more

309  
00:10:36,870 --> 00:10:35,120  
people are finally catching on to this

310  
00:10:39,269 --> 00:10:36,880  
way back when this first thing started

311  
00:10:41,829 --> 00:10:39,279  
and well starting probably february it

312  
00:10:44,790 --> 00:10:41,839  
really got big here in the u.s

313  
00:10:45,990 --> 00:10:44,800

in april or actually late march i wrote

314

00:10:49,430 --> 00:10:46,000

the first article in my

315

00:10:51,910 --> 00:10:49,440

series that uh that documented the fact

316

00:10:55,110 --> 00:10:51,920

that the same climate change crowd

317

00:10:58,069 --> 00:10:55,120

that has been uh pandering to

318

00:10:58,870 --> 00:10:58,079

um you know fear-mongering over climate

319

00:11:00,710 --> 00:10:58,880

change

320

00:11:02,870 --> 00:11:00,720

you know like climate extinction and

321

00:11:05,910 --> 00:11:02,880

greta thundberg with the youth movement

322

00:11:09,110 --> 00:11:05,920

and that sort of thing and some real

323

00:11:11,750 --> 00:11:09,120

radicals you know taking two people are

324

00:11:13,350 --> 00:11:11,760

unplugged from reality in my opinion

325

00:11:15,590 --> 00:11:13,360

but they're they're many of them for

326

00:11:18,790 --> 00:11:15,600

were from europe the people in

327

00:11:20,470 --> 00:11:18,800

in america were not necessarily quite as

328

00:11:22,389 --> 00:11:20,480

causative as they were in europe and

329

00:11:26,949 --> 00:11:22,399

especially in great britain

330

00:11:28,630 --> 00:11:26,959

but um the first study that came out uh

331

00:11:30,630 --> 00:11:28,640

about the pandemic that said that

332

00:11:31,590 --> 00:11:30,640

america is going to lose 1.2 million

333

00:11:33,590 --> 00:11:31,600

people

334

00:11:35,750 --> 00:11:33,600

and uh great britain was going to lose

335

00:11:38,150 --> 00:11:35,760

500 000 people

336

00:11:39,430 --> 00:11:38,160

that's what started the panic and that

337

00:11:41,509 --> 00:11:39,440

study came out

338

00:11:43,670 --> 00:11:41,519

written by a professor neil ferguson at

339

00:11:45,430 --> 00:11:43,680

imperial college of london

340

00:11:47,509 --> 00:11:45,440

which happens to be one of those

341

00:11:49,910 --> 00:11:47,519

sustainable development universities

342

00:11:52,629 --> 00:11:49,920

it's action oriented uh

343

00:11:54,310 --> 00:11:52,639

it's social impact oriented not

344

00:11:56,069 --> 00:11:54,320

educationally oriented

345

00:11:57,990 --> 00:11:56,079

these are the same people that created

346

00:11:59,670 --> 00:11:58,000

the computer models

347

00:12:01,750 --> 00:11:59,680

for climate change that said we're all

348

00:12:05,430 --> 00:12:01,760

going to die in 12 years

349

00:12:07,670 --> 00:12:05,440

and so what i saw in that right away was

350

00:12:09,190 --> 00:12:07,680

i knew their computer models were all

351  
00:12:11,829 --> 00:12:09,200  
already whacked

352  
00:12:13,670 --> 00:12:11,839  
because that's what you have in imperial

353  
00:12:16,550 --> 00:12:13,680  
college and the epidemiologist

354  
00:12:17,910 --> 00:12:16,560  
that wrote that first program uh made

355  
00:12:21,269 --> 00:12:17,920  
these predictions

356  
00:12:21,990 --> 00:12:21,279  
within a few months his whole computer

357  
00:12:24,310 --> 00:12:22,000  
model

358  
00:12:25,910 --> 00:12:24,320  
was completely trashed by the

359  
00:12:27,990 --> 00:12:25,920  
international community

360  
00:12:30,310 --> 00:12:28,000  
they said this is not this is nothing

361  
00:12:32,870 --> 00:12:30,320  
that could should be used for prime time

362  
00:12:34,710 --> 00:12:32,880  
and it is absolutely inaccurate lousy

363  
00:12:36,949 --> 00:12:34,720

programming in other words

364

00:12:38,550 --> 00:12:36,959

uh so the guy's a lousy programmer he's

365

00:12:40,470 --> 00:12:38,560

a lousy epidemiologist

366

00:12:42,310 --> 00:12:40,480

but i will suggest that since he had

367

00:12:43,910 --> 00:12:42,320

very close ties with the united nations

368

00:12:46,069 --> 00:12:43,920

and the climate change crowd

369

00:12:46,949 --> 00:12:46,079

that he's part of that institution

370

00:12:49,350 --> 00:12:46,959

that's trying to

371

00:12:51,430 --> 00:12:49,360

you know stampede the world into

372

00:12:53,190 --> 00:12:51,440

sustainable development

373

00:12:55,350 --> 00:12:53,200

that's what this whole thing is about

374

00:12:56,230 --> 00:12:55,360

the shutting down of the global economic

375

00:12:58,550 --> 00:12:56,240

system

376

00:13:00,389 --> 00:12:58,560

has been a goal of this technocracy

377

00:13:02,389 --> 00:13:00,399

movement for decades

378

00:13:04,150 --> 00:13:02,399

and the only way that they could have

379

00:13:07,670 --> 00:13:04,160

possibly gotten the world to

380

00:13:09,670 --> 00:13:07,680

to kill itself you know suicide is to

381

00:13:11,670 --> 00:13:09,680

pull something like this where they can

382

00:13:14,710 --> 00:13:11,680

cause a global pandemic

383

00:13:16,949 --> 00:13:14,720

a global fear-mongering pandemic

384

00:13:18,069 --> 00:13:16,959

to scare people into doing what they

385

00:13:20,550 --> 00:13:18,079

want them to do

386

00:13:21,269 --> 00:13:20,560

if they'll use other reasons to do it

387

00:13:23,750 --> 00:13:21,279

but

388

00:13:25,030 --> 00:13:23,760

they want to scare people into doing the

389

00:13:27,030 --> 00:13:25,040

things and so

390

00:13:29,190 --> 00:13:27,040

neil ferguson was the one that came up

391

00:13:29,990 --> 00:13:29,200

with the policy first for wearing face

392

00:13:32,870 --> 00:13:30,000

masks

393

00:13:34,949 --> 00:13:32,880

as well as for social distancing he was

394

00:13:36,870 --> 00:13:34,959

also the guy that put the policy out for

395

00:13:40,629 --> 00:13:36,880

closing all the schools down

396

00:13:42,389 --> 00:13:40,639

the universities down to you know k1

397

00:13:44,310 --> 00:13:42,399

at well for even preschool for that

398

00:13:46,870 --> 00:13:44,320

matter we've seen all these predictions

399

00:13:49,590 --> 00:13:46,880

or these uh forecasted policies

400

00:13:51,430 --> 00:13:49,600

were taken throughout the world mostly

401  
00:13:53,910 --> 00:13:51,440  
by the united nations which has

402  
00:13:55,189 --> 00:13:53,920  
treaties with all these various

403  
00:13:57,430 --> 00:13:55,199  
countries

404  
00:13:58,870 --> 00:13:57,440  
to do the things that the un tells them

405  
00:13:59,990 --> 00:13:58,880  
to do like with the world health

406  
00:14:03,030 --> 00:14:00,000  
organization

407  
00:14:05,509 --> 00:14:03,040  
they're bound by treaty to follow the

408  
00:14:07,829 --> 00:14:05,519  
un's lead so when they took these uh

409  
00:14:08,790 --> 00:14:07,839  
studies from imperial college around to

410  
00:14:11,750 --> 00:14:08,800  
the world

411  
00:14:12,230 --> 00:14:11,760  
they said you must do this and you must

412  
00:14:14,710 --> 00:14:12,240  
do it

413  
00:14:15,590 --> 00:14:14,720

now and here's the policies you must

414

00:14:18,629 --> 00:14:15,600

follow

415

00:14:20,550 --> 00:14:18,639

thus saith the u.n and the world

416

00:14:22,470 --> 00:14:20,560

including the united nations thanks to

417

00:14:26,150 --> 00:14:22,480

anthony fauci and dr

418

00:14:26,870 --> 00:14:26,160

berks united states adopted these

419

00:14:30,389 --> 00:14:26,880

policies

420

00:14:33,030 --> 00:14:30,399

as well from top to bottom and here we

421

00:14:34,870 --> 00:14:33,040

are today but this is the same crowd

422

00:14:36,150 --> 00:14:34,880

that brought us the whole climate change

423

00:14:39,430 --> 00:14:36,160

global warming

424

00:14:43,110 --> 00:14:39,440

uh fear-mongering uh debacle and

425

00:14:46,310 --> 00:14:43,120

they're now working the same scam using

426  
00:14:47,110 --> 00:14:46,320  
this fear-mongering program nothing has

427  
00:14:50,150 --> 00:14:47,120  
changed

428  
00:14:50,870 --> 00:14:50,160  
it's just the the uh the catalyst has

429  
00:14:57,750 --> 00:14:50,880  
changed

430  
00:15:01,030 --> 00:14:57,760  
most people it seems to me think of this

431  
00:15:03,509 --> 00:15:01,040  
movement as being a global socialist

432  
00:15:05,269 --> 00:15:03,519  
movement global communist movement you

433  
00:15:07,430 --> 00:15:05,279  
call it a technocracy what is a

434  
00:15:10,870 --> 00:15:07,440  
technocracy and how is that

435  
00:15:13,269 --> 00:15:10,880  
different well back in the 1930s

436  
00:15:15,269 --> 00:15:13,279  
during the great depression a group of

437  
00:15:17,990 --> 00:15:15,279  
scientists and engineers at columbia

438  
00:15:20,389 --> 00:15:18,000

university in new york city got together

439

00:15:21,269 --> 00:15:20,399

and decided that capitalism was going to

440

00:15:23,269 --> 00:15:21,279

die

441

00:15:25,189 --> 00:15:23,279

they believed it was on its last legs

442

00:15:26,949 --> 00:15:25,199

and of course there was reason i'm sure

443

00:15:28,389 --> 00:15:26,959

to think that in the 30s it was pretty

444

00:15:31,269 --> 00:15:28,399

dark time

445

00:15:32,949 --> 00:15:31,279

but they felt that they had the ability

446

00:15:34,949 --> 00:15:32,959

to create something from scratch

447

00:15:36,790 --> 00:15:34,959

a new economic system altogether that

448

00:15:39,590 --> 00:15:36,800

would be based on resource

449

00:15:42,310 --> 00:15:39,600

management and controlled by energy

450

00:15:45,110 --> 00:15:42,320

consumption distribution and production

451  
00:15:46,870 --> 00:15:45,120  
and so they created this system and they

452  
00:15:49,910 --> 00:15:46,880  
called it technocracy it was an

453  
00:15:52,389 --> 00:15:49,920  
engineered economic system based on

454  
00:15:54,629 --> 00:15:52,399  
resources and energy

455  
00:15:55,590 --> 00:15:54,639  
it failed during that period of time

456  
00:15:57,269 --> 00:15:55,600  
they they

457  
00:15:59,030 --> 00:15:57,279  
wanted to get a get rid of all

458  
00:16:00,710 --> 00:15:59,040  
politicians in the country they wanted

459  
00:16:02,150 --> 00:16:00,720  
in fact they wanted fdr to declare

460  
00:16:04,389 --> 00:16:02,160  
himself dictator

461  
00:16:06,150 --> 00:16:04,399  
and so he could just implement

462  
00:16:08,310 --> 00:16:06,160  
technocracy and get rid of senate get

463  
00:16:10,389 --> 00:16:08,320

rid of congress get rid of all the other

464

00:16:11,910 --> 00:16:10,399

politicians in the country and just

465

00:16:14,790 --> 00:16:11,920

simply create an org chart

466

00:16:17,269 --> 00:16:14,800

and appoint these people to these top

467

00:16:20,069 --> 00:16:17,279

positions to manage the economy

468

00:16:22,150 --> 00:16:20,079

they honestly did not see any need for a

469

00:16:24,389 --> 00:16:22,160

political system whatsoever

470

00:16:26,629 --> 00:16:24,399

they felt that they could just dictate

471

00:16:29,269 --> 00:16:26,639

uh economic policy and therefore

472

00:16:30,069 --> 00:16:29,279

all of society would be controlled

473

00:16:33,670 --> 00:16:30,079

corralled

474

00:16:35,829 --> 00:16:33,680

monitored etc and without going into any

475

00:16:38,310 --> 00:16:35,839

you know a lot of detail and stuff i'll

476

00:16:41,509 --> 00:16:38,320

fast forward into the 70s

477

00:16:42,870 --> 00:16:41,519

and the 80s when this entire doctrine of

478

00:16:45,910 --> 00:16:42,880

technocracy was

479

00:16:48,870 --> 00:16:45,920

fed to the united nations under

480

00:16:50,870 --> 00:16:48,880

a new name called sustainable

481

00:16:53,990 --> 00:16:50,880

development i've studied this

482

00:16:55,990 --> 00:16:54,000

in great detail i want that dedicated a

483

00:16:57,910 --> 00:16:56,000

chapter in my latest book technocracy

484

00:17:01,110 --> 00:16:57,920

the hard road to world order

485

00:17:03,030 --> 00:17:01,120

to demonstrating that technocracy and

486

00:17:04,230 --> 00:17:03,040

sustainable development are functionally

487

00:17:07,510 --> 00:17:04,240

equivalent

488

00:17:09,829 --> 00:17:07,520

almost uh to down to the last detail

489

00:17:12,230 --> 00:17:09,839

but sustainable development proposes to

490

00:17:14,150 --> 00:17:12,240

manage all economic resources

491

00:17:15,750 --> 00:17:14,160

and it proposed of course is all

492

00:17:17,829 --> 00:17:15,760

energy-centric as well

493

00:17:19,429 --> 00:17:17,839

you know the carbon footprint this and

494

00:17:21,829 --> 00:17:19,439

the other but um

495

00:17:23,189 --> 00:17:21,839

their goal at the united nations has

496

00:17:26,150 --> 00:17:23,199

been

497

00:17:27,350 --> 00:17:26,160

to destroy capitalism and free

498

00:17:28,870 --> 00:17:27,360

enterprise

499

00:17:30,549 --> 00:17:28,880

and replace it with sustainable

500

00:17:32,390 --> 00:17:30,559

development they've been openly

501  
00:17:33,590 --> 00:17:32,400  
declaring this now for at least five

502  
00:17:36,070 --> 00:17:33,600  
years and

503  
00:17:36,950 --> 00:17:36,080  
kind of uh covertly in some of their

504  
00:17:40,070 --> 00:17:36,960  
documents for

505  
00:17:41,590 --> 00:17:40,080  
maybe 25 years but nevertheless the

506  
00:17:42,630 --> 00:17:41,600  
united nations has made their

507  
00:17:46,470 --> 00:17:42,640  
declaration they

508  
00:17:47,830 --> 00:17:46,480  
want to do away with the brown economy

509  
00:17:49,590 --> 00:17:47,840  
that's the one we used to have

510  
00:17:51,830 --> 00:17:49,600  
sustainable you know that's that's the

511  
00:17:53,909 --> 00:17:51,840  
uh free enterprise uh

512  
00:17:54,870 --> 00:17:53,919  
uh type of economic system free market

513  
00:17:56,549 --> 00:17:54,880

economics

514

00:17:58,470 --> 00:17:56,559

they want to get rid of all that replace

515

00:18:00,630 --> 00:17:58,480

it with sustainable development

516

00:18:01,750 --> 00:18:00,640

hold on let me ask you is sustainable

517

00:18:04,870 --> 00:18:01,760

development

518

00:18:06,710 --> 00:18:04,880

about climate change is is that is that

519

00:18:08,230 --> 00:18:06,720

the rationale behind sustainable

520

00:18:08,789 --> 00:18:08,240

development is that we've got global

521

00:18:12,470 --> 00:18:08,799

warming

522

00:18:17,590 --> 00:18:15,669

sorry i lost you for a second there yeah

523

00:18:19,510 --> 00:18:17,600

is sustainable development

524

00:18:22,390 --> 00:18:19,520

about addressing climate change and

525

00:18:26,390 --> 00:18:24,789

in order for sustainable development to

526  
00:18:30,310 --> 00:18:26,400  
come about

527  
00:18:31,669 --> 00:18:30,320  
the the people at the united nations

528  
00:18:35,029 --> 00:18:31,679  
cooked up

529  
00:18:36,950 --> 00:18:35,039  
global warming as the scare mongering

530  
00:18:39,430 --> 00:18:36,960  
the fear-mongering

531  
00:18:40,549 --> 00:18:39,440  
element to drive people into sustainable

532  
00:18:42,310 --> 00:18:40,559  
development

533  
00:18:44,310 --> 00:18:42,320  
there's no way and i think they knew

534  
00:18:47,029 --> 00:18:44,320  
this from the get-go there was no way

535  
00:18:48,310 --> 00:18:47,039  
that the world was going to voluntarily

536  
00:18:51,350 --> 00:18:48,320  
walk

537  
00:18:52,710 --> 00:18:51,360  
into sustainable development it made no

538  
00:18:54,390 --> 00:18:52,720

sense they don't want anything to do

539

00:18:56,150 --> 00:18:54,400

with property rights they want to change

540

00:18:57,590 --> 00:18:56,160

everybody's diet they want to

541

00:18:59,190 --> 00:18:57,600

you know basically change everything

542

00:19:02,549 --> 00:18:59,200

that we have fund with

543

00:19:04,310 --> 00:19:02,559

um you know get away from all that and

544

00:19:05,669 --> 00:19:04,320

they just want to micromanage everybody

545

00:19:07,430 --> 00:19:05,679

nobody's going to walk into that with

546

00:19:10,390 --> 00:19:07,440

their eyes wide open

547

00:19:11,590 --> 00:19:10,400

so climate change has been used as the

548

00:19:15,270 --> 00:19:11,600

the whip

549

00:19:18,310 --> 00:19:15,280

if you will or the cattle prod to

550

00:19:19,110 --> 00:19:18,320

stimulate people to go to sustainable

551  
00:19:21,510 --> 00:19:19,120  
development

552  
00:19:22,710 --> 00:19:21,520  
and that's the only solution by the way

553  
00:19:25,510 --> 00:19:22,720  
that they ever have

554  
00:19:26,230 --> 00:19:25,520  
offered for any problem you look at any

555  
00:19:32,549 --> 00:19:26,240  
literature

556  
00:19:33,669 --> 00:19:32,559  
and you will see the only proposal to

557  
00:19:36,150 --> 00:19:33,679  
overcome

558  
00:19:37,590 --> 00:19:36,160  
climate change is to implement

559  
00:19:40,549 --> 00:19:37,600  
sustainable development

560  
00:19:42,150 --> 00:19:40,559  
there's no plan b that's the only thing

561  
00:19:44,310 --> 00:19:42,160  
they want they don't want to

562  
00:19:46,070 --> 00:19:44,320  
remake or rework capitalism or free

563  
00:19:47,430 --> 00:19:46,080

enterprise or whatever and correct some

564

00:19:48,470 --> 00:19:47,440

of the things there that need to be

565

00:19:51,110 --> 00:19:48,480

corrected

566

00:19:52,870 --> 00:19:51,120

but they only promote sustainable

567

00:19:56,870 --> 00:19:52,880

development that tells you something

568

00:20:00,230 --> 00:19:56,880

right there so so so they're using

569

00:20:02,390 --> 00:20:00,240

alleged climate change as the

570

00:20:03,830 --> 00:20:02,400

uh basis or the reason why we need

571

00:20:06,310 --> 00:20:03,840

sustainable development

572

00:20:08,470 --> 00:20:06,320

are you saying that back in the 30s they

573

00:20:09,669 --> 00:20:08,480

were basically using the depression as

574

00:20:11,510 --> 00:20:09,679

the reason we needed

575

00:20:13,029 --> 00:20:11,520

technocracy which is the same thing as

576

00:20:14,950 --> 00:20:13,039

sustainable development

577

00:20:16,149 --> 00:20:14,960

well the the depression certainly

578

00:20:20,310 --> 00:20:16,159

offered the

579

00:20:21,990 --> 00:20:20,320

um say the seedbed for you know the

580

00:20:23,110 --> 00:20:22,000

doctrine of technocracy to be put

581

00:20:25,669 --> 00:20:23,120

together

582

00:20:27,110 --> 00:20:25,679

um it wasn't the cause of it in other

583

00:20:28,470 --> 00:20:27,120

words somebody didn't say oh this caused

584

00:20:29,750 --> 00:20:28,480

the great depression so we can get

585

00:20:31,350 --> 00:20:29,760

technocracy right

586

00:20:33,270 --> 00:20:31,360

the great depression happened for a

587

00:20:35,510 --> 00:20:33,280

number of reasons i'm sure

588

00:20:37,029 --> 00:20:35,520

it was ugly all around very complicated

589

00:20:39,430 --> 00:20:37,039

but the great depression happened

590

00:20:40,390 --> 00:20:39,440

outside of their control right when it

591

00:20:42,390 --> 00:20:40,400

did

592

00:20:44,390 --> 00:20:42,400

these engineers and scientists said we

593

00:20:46,310 --> 00:20:44,400

need to save the day

594

00:20:48,390 --> 00:20:46,320

just like now they're saying we've got

595

00:20:50,149 --> 00:20:48,400

global warming which

596

00:20:51,750 --> 00:20:50,159

exists to whatever extent and they're

597

00:20:54,630 --> 00:20:51,760

saying we need to save the day

598

00:20:55,270 --> 00:20:54,640

with the same thing that's just about it

599

00:20:57,669 --> 00:20:55,280

i know

600

00:20:58,470 --> 00:20:57,679

so what is so put the best spin on this

601  
00:21:00,710 --> 00:20:58,480  
you can

602  
00:21:02,230 --> 00:21:00,720  
if you're an advocate for technocracy or

603  
00:21:03,909 --> 00:21:02,240  
sustainable development

604  
00:21:05,750 --> 00:21:03,919  
you know put put that hat on the

605  
00:21:08,070 --> 00:21:05,760  
opposite hat of yours

606  
00:21:10,549 --> 00:21:08,080  
and try to convince i know it's hard but

607  
00:21:12,710 --> 00:21:10,559  
can you just explain to us

608  
00:21:14,470 --> 00:21:12,720  
what they think is so good about what

609  
00:21:16,789 --> 00:21:14,480  
they're trying to do

610  
00:21:19,029 --> 00:21:16,799  
well the so-called sustainable

611  
00:21:20,310 --> 00:21:19,039  
development goals there's 17 of those

612  
00:21:22,470 --> 00:21:20,320  
that were created at the

613  
00:21:23,669 --> 00:21:22,480

2030 agenda meeting that happened a few

614

00:21:27,110 --> 00:21:23,679

years ago

615

00:21:27,909 --> 00:21:27,120

uh at which time by the way 197 nations

616

00:21:31,750 --> 00:21:27,919

of the world

617

00:21:33,270 --> 00:21:31,760

signed on to the 2030 agenda

618

00:21:34,789 --> 00:21:33,280

and that was how things are going to

619

00:21:38,230 --> 00:21:34,799

change between then

620

00:21:39,990 --> 00:21:38,240

and 2030. 2030 is coming up pretty soon

621

00:21:43,270 --> 00:21:40,000

now i have to say

622

00:21:44,230 --> 00:21:43,280

so those uh those 17 sustainable

623

00:21:46,470 --> 00:21:44,240

development goals

624

00:21:49,029 --> 00:21:46,480

start out with this goal number one this

625

00:21:51,430 --> 00:21:49,039

is what they lead with

626

00:21:52,950 --> 00:21:51,440

eliminate poverty in all its forms

627

00:21:55,190 --> 00:21:52,960

everywhere

628

00:21:56,950 --> 00:21:55,200

now who can argue against that we're

629

00:21:58,390 --> 00:21:56,960

going to eliminate poverty

630

00:22:00,870 --> 00:21:58,400

with our program in other words

631

00:22:03,430 --> 00:22:00,880

sustainable development will eliminate

632

00:22:04,870 --> 00:22:03,440

poverty everybody's got to cheer that

633

00:22:07,029 --> 00:22:04,880

kind of a goal

634

00:22:09,669 --> 00:22:07,039

and then they go on and they say

635

00:22:12,070 --> 00:22:09,679

everyone should have job with dignity

636

00:22:13,750 --> 00:22:12,080

well i i want a job with dignity i'm

637

00:22:15,669 --> 00:22:13,760

sure you do too

638

00:22:17,750 --> 00:22:15,679

and you know the list goes on for about

639

00:22:21,029 --> 00:22:17,760

the first 10 items

640

00:22:23,750 --> 00:22:21,039

that are polyannish uh utopius

641

00:22:25,350 --> 00:22:23,760

goals that anybody with a two brain

642

00:22:26,470 --> 00:22:25,360

cells could figure out will never happen

643

00:22:27,990 --> 00:22:26,480

anyway you're not going to eliminate

644

00:22:29,830 --> 00:22:28,000

poverty in the world never has been

645

00:22:31,750 --> 00:22:29,840

eliminated yet and it won't be

646

00:22:33,350 --> 00:22:31,760

and we've had a war on poverty ourselves

647

00:22:36,390 --> 00:22:33,360

never got anywhere with it

648

00:22:38,310 --> 00:22:36,400

so these uh polyannia's goals are never

649

00:22:39,029 --> 00:22:38,320

going to be realized but people buy into

650

00:22:41,029 --> 00:22:39,039

them

651  
00:22:42,789 --> 00:22:41,039  
this is the lost leader it said man i'm

652  
00:22:45,270 --> 00:22:42,799  
i'm all for

653  
00:22:47,430 --> 00:22:45,280  
you know poverty and if you're not they

654  
00:22:49,510 --> 00:22:47,440  
will say to you things like

655  
00:22:52,070 --> 00:22:49,520  
well so you're for poor you're for

656  
00:22:53,750 --> 00:22:52,080  
making people poor aren't you

657  
00:22:56,070 --> 00:22:53,760  
no no no no that's not what i mean you

658  
00:22:56,789 --> 00:22:56,080  
know and you get in a circular argument

659  
00:22:58,470 --> 00:22:56,799  
with this

660  
00:23:01,029 --> 00:22:58,480  
and you come back to in the end of it

661  
00:23:02,390 --> 00:23:01,039  
say oh i i really am for eliminating

662  
00:23:04,070 --> 00:23:02,400  
poverty i don't want to see people

663  
00:23:05,830 --> 00:23:04,080

suffer poverty et cetera et cetera and

664

00:23:08,950 --> 00:23:05,840

go hungry and whatever

665

00:23:11,909 --> 00:23:08,960

so this is uh this is the the

666

00:23:13,830 --> 00:23:11,919

the picture that they paint and then the

667

00:23:18,070 --> 00:23:13,840

bait and switch is found down

668

00:23:21,110 --> 00:23:18,080

in in item number 16 17

669

00:23:23,909 --> 00:23:21,120

um and a little bit up as well

670

00:23:24,870 --> 00:23:23,919

that all you have to do in order to get

671

00:23:28,710 --> 00:23:24,880

those goals

672

00:23:31,590 --> 00:23:28,720

met is you have to give us control

673

00:23:33,029 --> 00:23:31,600

over all the resources of the world of

674

00:23:35,590 --> 00:23:33,039

the whole planet

675

00:23:37,909 --> 00:23:35,600

and we will manage those resources on

676  
00:23:39,029 --> 00:23:37,919  
your behalf in kind of a global common

677  
00:23:41,590 --> 00:23:39,039  
trust

678  
00:23:42,230 --> 00:23:41,600  
and we'll take care of you we'll make

679  
00:23:45,269 --> 00:23:42,240  
sure that

680  
00:23:47,750 --> 00:23:45,279  
we meter out what we think is right to

681  
00:23:50,310 --> 00:23:47,760  
your manufacturers and your business

682  
00:23:51,830 --> 00:23:50,320  
people and your vendors etc

683  
00:23:53,750 --> 00:23:51,840  
that they should be selling to

684  
00:23:56,310 --> 00:23:53,760  
individuals and oh by the way

685  
00:23:57,350 --> 00:23:56,320  
the consumption economy basically needs

686  
00:23:59,830 --> 00:23:57,360  
to go away

687  
00:24:00,789 --> 00:23:59,840  
and we will also tell you citizens of

688  
00:24:04,390 --> 00:24:00,799

the world

689

00:24:06,390 --> 00:24:04,400

what you should be allowed to consume

690

00:24:07,669 --> 00:24:06,400

this is dictating from both ends of the

691

00:24:09,269 --> 00:24:07,679

economic system

692

00:24:10,950 --> 00:24:09,279

they'll tell business people what to

693

00:24:12,789 --> 00:24:10,960

make they'll tell consumers what they're

694

00:24:14,870 --> 00:24:12,799

allowed to consume

695

00:24:16,710 --> 00:24:14,880

and how much resources goes into it is

696

00:24:20,390 --> 00:24:16,720

in their hands

697

00:24:21,830 --> 00:24:20,400

see this is not freedom this is slavery

698

00:24:23,830 --> 00:24:21,840

but they can't come out and lead with

699

00:24:26,870 --> 00:24:23,840

that

700

00:24:27,430 --> 00:24:26,880

they leave with the utopia how much the

701  
00:24:29,909 --> 00:24:27,440  
the the

702  
00:24:30,710 --> 00:24:29,919  
the paris climate accords if i got the

703  
00:24:33,830 --> 00:24:30,720  
name right

704  
00:24:36,549 --> 00:24:33,840  
yes is that right in line with this is

705  
00:24:37,269 --> 00:24:36,559  
did that have the the same similar 17

706  
00:24:40,470 --> 00:24:37,279  
type

707  
00:24:41,669 --> 00:24:40,480  
goals well not not exactly but i will

708  
00:24:43,190 --> 00:24:41,679  
say and i

709  
00:24:45,430 --> 00:24:43,200  
bring this out actually in a couple of

710  
00:24:49,029 --> 00:24:45,440  
chapters in in my latest book

711  
00:24:51,590 --> 00:24:49,039  
the united nations created a trica of uh

712  
00:24:53,669 --> 00:24:51,600  
conferences global conferences where

713  
00:24:55,510 --> 00:24:53,679

they were coordinating three different

714

00:24:56,950 --> 00:24:55,520

threads if you will or three different

715

00:25:00,149 --> 00:24:56,960

initiatives that all

716

00:25:01,909 --> 00:25:00,159

dovetailed into each other and the idea

717

00:25:04,789 --> 00:25:01,919

was this first they had the player

718

00:25:05,190 --> 00:25:04,799

the paris climate accord and that was

719

00:25:08,549 --> 00:25:05,200

about

720

00:25:10,710 --> 00:25:08,559

setting targets for

721

00:25:12,230 --> 00:25:10,720

uh for carbon emissions and so on but

722

00:25:13,350 --> 00:25:12,240

right on the heels of that there were

723

00:25:15,029 --> 00:25:13,360

two other

724

00:25:17,190 --> 00:25:15,039

conferences that took place that were

725

00:25:19,269 --> 00:25:17,200

just as important just as big

726

00:25:20,710 --> 00:25:19,279

where all the nations of the world came

727

00:25:23,830 --> 00:25:20,720

at the same time

728

00:25:26,710 --> 00:25:23,840

one was called the new urban agenda

729

00:25:27,029 --> 00:25:26,720

and that set the standard for cities and

730

00:25:29,350 --> 00:25:27,039

how

731

00:25:31,909 --> 00:25:29,360

cities would be managed in the world and

732

00:25:34,750 --> 00:25:31,919

then there was the 2030 agenda

733

00:25:36,390 --> 00:25:34,760

which kind of updated agenda 21 from

734

00:25:39,190 --> 00:25:36,400

1992

735

00:25:39,830 --> 00:25:39,200

and created the 17 uh sustainable

736

00:25:42,310 --> 00:25:39,840

development

737

00:25:44,149 --> 00:25:42,320

goals but what i find out found out in

738

00:25:46,789 --> 00:25:44,159

my research is these three

739

00:25:47,590 --> 00:25:46,799

different conferences were all very

740

00:25:51,350 --> 00:25:47,600

carefully

741

00:25:53,269 --> 00:25:51,360

uh coordinated in terms of the effect

742

00:25:54,390 --> 00:25:53,279

that it would have on the nations who

743

00:25:57,510 --> 00:25:54,400

signed

744

00:25:58,789 --> 00:25:57,520

the three treaties and even those who

745

00:26:01,990 --> 00:25:58,799

did not see

746

00:26:03,430 --> 00:26:02,000

what was coming when the when they

747

00:26:05,430 --> 00:26:03,440

signed the uh

748

00:26:07,430 --> 00:26:05,440

the uh the climate accord paris climate

749

00:26:08,310 --> 00:26:07,440

accord they may not have seen what was

750

00:26:10,149 --> 00:26:08,320

coming

751  
00:26:11,430 --> 00:26:10,159  
but when it did they were almost

752  
00:26:14,390 --> 00:26:11,440  
compelled to continue

753  
00:26:16,230 --> 00:26:14,400  
signing the documents and when the third

754  
00:26:18,470 --> 00:26:16,240  
item when the third conference took

755  
00:26:21,269 --> 00:26:18,480  
place the 2030 agenda

756  
00:26:24,310 --> 00:26:21,279  
everything then was snapped into place

757  
00:26:27,669 --> 00:26:24,320  
for a lot of what we're seeing today

758  
00:26:31,029 --> 00:26:27,679  
so this does sound like marxism to me

759  
00:26:32,310 --> 00:26:31,039  
is this just international marxism i

760  
00:26:33,990 --> 00:26:32,320  
guess marxism inherently is

761  
00:26:37,110 --> 00:26:34,000  
international but

762  
00:26:37,590 --> 00:26:37,120  
isn't that what this is well a lot of

763  
00:26:40,870 --> 00:26:37,600

people

764

00:26:43,430 --> 00:26:40,880

look at it and conclude that um

765

00:26:45,750 --> 00:26:43,440

and you know with without making a huge

766

00:26:47,350 --> 00:26:45,760

argument against it i don't believe

767

00:26:49,350 --> 00:26:47,360

that is the case i believe that

768

00:26:52,310 --> 00:26:49,360

technocracy is an independent uh

769

00:26:54,710 --> 00:26:52,320

element uh i study this with quite a bit

770

00:26:56,789 --> 00:26:54,720

of research back to the 1930s

771

00:26:58,149 --> 00:26:56,799

and what i found out back then was that

772

00:26:59,990 --> 00:26:58,159

communist in fact

773

00:27:01,510 --> 00:27:00,000

communist party was really big in the

774

00:27:03,350 --> 00:27:01,520

1930s

775

00:27:04,950 --> 00:27:03,360

communists and technocrats hated each

776

00:27:07,430 --> 00:27:04,960

other's guts

777

00:27:08,950 --> 00:27:07,440

uh if if they knew you know if they saw

778

00:27:10,549 --> 00:27:08,960

somebody across the street that they

779

00:27:12,149 --> 00:27:10,559

knew as a communist they might well go

780

00:27:14,549 --> 00:27:12,159

and get a fist fight

781

00:27:15,830 --> 00:27:14,559

but uh they constantly wrote articles in

782

00:27:18,310 --> 00:27:15,840

newspapers i read

783

00:27:20,470 --> 00:27:18,320

several of them where they took pot

784

00:27:22,789 --> 00:27:20,480

shots at each other for

785

00:27:24,070 --> 00:27:22,799

for various reasons but the technocrats

786

00:27:27,590 --> 00:27:24,080

hated the communists

787

00:27:30,789 --> 00:27:27,600

for this reason the communists still

788

00:27:33,510 --> 00:27:30,799

accepted and used a price-based

789

00:27:34,149 --> 00:27:33,520

economic system this was where they

790

00:27:38,230 --> 00:27:34,159

choked

791

00:27:41,269 --> 00:27:38,240

on communism

792

00:27:42,630 --> 00:27:41,279

the technocrats proposed an energy-based

793

00:27:44,870 --> 00:27:42,640

economic system

794

00:27:45,990 --> 00:27:44,880

where you control the economy through

795

00:27:48,149 --> 00:27:46,000

energy

796

00:27:49,830 --> 00:27:48,159

the rest of the world today and through

797

00:27:50,710 --> 00:27:49,840

all the marxist countries in the world

798

00:27:55,190 --> 00:27:50,720

today

799

00:27:57,269 --> 00:27:55,200

continue to operate with a price-based

800

00:27:59,110 --> 00:27:57,279

economic system that is some measure of

801  
00:28:03,029 --> 00:27:59,120  
supply and demand

802  
00:28:05,510 --> 00:28:03,039  
so this rift between communism and

803  
00:28:06,630 --> 00:28:05,520  
technocracy has existed for a very long

804  
00:28:09,909 --> 00:28:06,640  
time

805  
00:28:13,029 --> 00:28:09,919  
having said that the marxist

806  
00:28:14,950 --> 00:28:13,039  
elements in the world today i believe

807  
00:28:18,310 --> 00:28:14,960  
have inadvertently become

808  
00:28:21,190 --> 00:28:18,320  
the useful idiots for the

809  
00:28:22,470 --> 00:28:21,200  
uh for this column of tectocrats who are

810  
00:28:24,789 --> 00:28:22,480  
trying to control

811  
00:28:26,950 --> 00:28:24,799  
everything right now controlled by

812  
00:28:29,269 --> 00:28:26,960  
algorithm controlled by automation

813  
00:28:31,430 --> 00:28:29,279

controlled by science

814

00:28:32,950 --> 00:28:31,440

this is an economic system not a

815

00:28:36,149 --> 00:28:32,960

political system

816

00:28:38,230 --> 00:28:36,159

uh marxism socialism and communism were

817

00:28:40,710 --> 00:28:38,240

political systems even though they had a

818

00:28:43,110 --> 00:28:40,720

lot to say about the economy

819

00:28:45,029 --> 00:28:43,120

technocracy is not interested in

820

00:28:48,149 --> 00:28:45,039

political systems per se

821

00:28:50,950 --> 00:28:48,159

it's only interested in economic control

822

00:28:52,710 --> 00:28:50,960

but isn't the net the the net effect of

823

00:28:55,269 --> 00:28:52,720

marxism versus technocracy

824

00:28:56,470 --> 00:28:55,279

somewhat the same which is effectively a

825

00:28:58,870 --> 00:28:56,480

redistribution of

826

00:29:00,149 --> 00:28:58,880

wealth it is it is not just a

827

00:29:03,590 --> 00:29:00,159

redistribution

828

00:29:04,470 --> 00:29:03,600

there is no it's a grab for the whole

829

00:29:05,830 --> 00:29:04,480

pie

830

00:29:07,990 --> 00:29:05,840

they're not going to redistribute

831

00:29:09,430 --> 00:29:08,000

anything but crumbs to people if they

832

00:29:11,510 --> 00:29:09,440

ever get into power

833

00:29:13,190 --> 00:29:11,520

and control over all the resources of

834

00:29:14,310 --> 00:29:13,200

the world you're not going to see the

835

00:29:16,549 --> 00:29:14,320

light of day on it

836

00:29:17,510 --> 00:29:16,559

for the rest of your life here's a good

837

00:29:19,669 --> 00:29:17,520

example

838

00:29:20,630 --> 00:29:19,679

down in the gulf of mexico if you let's

839

00:29:22,470 --> 00:29:20,640

say you had

840

00:29:24,230 --> 00:29:22,480

10 million dollars in your pocket and

841

00:29:25,430 --> 00:29:24,240

you're thinking what can i do to make 10

842

00:29:27,590 --> 00:29:25,440

million more

843

00:29:30,070 --> 00:29:27,600

and you thought i know an engineer an

844

00:29:33,510 --> 00:29:30,080

oil engineer who knows where there's an

845

00:29:34,950 --> 00:29:33,520

oil well or a gas well uh in the gulf of

846

00:29:36,870 --> 00:29:34,960

mexico and i'm going to go to the

847

00:29:39,510 --> 00:29:36,880

government of the united states

848

00:29:40,070 --> 00:29:39,520

and i'm going to secure myself a lease

849

00:29:42,549 --> 00:29:40,080

to go

850

00:29:44,310 --> 00:29:42,559

out and lease that ground and drill a

851

00:29:45,909 --> 00:29:44,320

wealth by 10 million dollars and i'm

852

00:29:48,389 --> 00:29:45,919

going to make a bunch of money

853

00:29:49,350 --> 00:29:48,399

pumping gas and selling it to whoever

854

00:29:51,269 --> 00:29:49,360

right now

855

00:29:53,110 --> 00:29:51,279

so you go to the government and you say

856

00:29:56,149 --> 00:29:53,120

hi my name is joe schmo

857

00:29:57,990 --> 00:29:56,159

and i'm here to uh to get a lease for uh

858

00:30:00,470 --> 00:29:58,000

i'm gonna i got money i'm gonna go down

859

00:30:01,590 --> 00:30:00,480

and drill myself a well

860

00:30:03,510 --> 00:30:01,600

they're gonna look at you and they're

861

00:30:05,990 --> 00:30:03,520

gonna laugh you right out of the room

862

00:30:07,669 --> 00:30:06,000

before they chase you out of the room

863

00:30:08,389 --> 00:30:07,679

you're not you're not the kind of people

864

00:30:11,350 --> 00:30:08,399

we lease

865

00:30:11,590 --> 00:30:11,360

land to in the gulf of mexico dude you

866

00:30:15,669 --> 00:30:11,600

know

867

00:30:17,590 --> 00:30:15,679

care

868

00:30:19,909 --> 00:30:17,600

you're not exxon you're not bp you're

869

00:30:22,470 --> 00:30:19,919

not part of that global clique that

870

00:30:24,389 --> 00:30:22,480

is uh has the uh the whole permission to

871

00:30:26,310 --> 00:30:24,399

drill oil and gas in the world

872

00:30:27,990 --> 00:30:26,320

get out of here you're not gonna you're

873

00:30:30,950 --> 00:30:28,000

not gonna see those resources

874

00:30:32,710 --> 00:30:30,960

ever in your own name and this is what

875

00:30:35,190 --> 00:30:32,720

they've been doing throughout the world

876

00:30:38,389 --> 00:30:35,200

as the united nations has gone around

877

00:30:41,510 --> 00:30:38,399

and established these wilderness areas

878

00:30:44,230 --> 00:30:41,520

these these heritage zones

879

00:30:45,590 --> 00:30:44,240

in the world where nobody can go in and

880

00:30:48,230 --> 00:30:45,600

take the resources

881

00:30:50,070 --> 00:30:48,240

out of those areas we've got these kinds

882

00:30:53,029 --> 00:30:50,080

of areas throughout the united states

883

00:30:53,909 --> 00:30:53,039

right now and as you know in the west uh

884

00:30:57,590 --> 00:30:53,919

in some

885

00:30:59,990 --> 00:30:57,600

in a couple of states now uh almost 75

886

00:31:01,110 --> 00:31:00,000

percent of the land mass is owned by the

887

00:31:02,950 --> 00:31:01,120

federal government

888

00:31:04,950 --> 00:31:02,960

you'll never see that land again because

889

00:31:05,750 --> 00:31:04,960

they don't sell it once they gobble it

890

00:31:07,750 --> 00:31:05,760

up

891

00:31:08,789 --> 00:31:07,760

it just like vanishes into thin air it's

892

00:31:10,630 --> 00:31:08,799

where you're concerned

893

00:31:12,070 --> 00:31:10,640

you can look at it you can fly over it

894

00:31:13,750 --> 00:31:12,080

but you'll never enjoy the economic

895

00:31:17,750 --> 00:31:13,760

benefit from it

896

00:31:22,310 --> 00:31:17,760

so who's really behind this movement and

897

00:31:24,230 --> 00:31:22,320

what is their angles are they truly

898

00:31:25,750 --> 00:31:24,240

trying to do something what they

899

00:31:27,269 --> 00:31:25,760

genuinely in their hearts believe is

900

00:31:29,830 --> 00:31:27,279

going to be great for the world

901  
00:31:32,070 --> 00:31:29,840  
or is this something more selfish where

902  
00:31:33,830 --> 00:31:32,080  
it's really designed to benefit them

903  
00:31:35,269 --> 00:31:33,840  
man always has selfish motives for

904  
00:31:37,269 --> 00:31:35,279  
everything he does

905  
00:31:38,549 --> 00:31:37,279  
i have to admit that and we we all know

906  
00:31:40,549 --> 00:31:38,559  
that's true

907  
00:31:41,909 --> 00:31:40,559  
there definitely is a profit motive you

908  
00:31:44,070 --> 00:31:41,919  
know people uh

909  
00:31:47,269 --> 00:31:44,080  
people want to get theirs so to speak

910  
00:31:51,590 --> 00:31:47,279  
with whatever they're doing but

911  
00:31:55,750 --> 00:31:51,600  
the technocrat mind is in my opinion

912  
00:31:59,110 --> 00:31:55,760  
very disassociated with reality

913  
00:32:00,310 --> 00:31:59,120

they have their own reality part of that

914

00:32:02,630 --> 00:32:00,320

reality is

915

00:32:03,990 --> 00:32:02,640

that nobody else can discover truth

916

00:32:06,549 --> 00:32:04,000

about the universe except

917

00:32:07,029 --> 00:32:06,559

them using their so-called scientific

918

00:32:10,230 --> 00:32:07,039

out

919

00:32:10,630 --> 00:32:10,240

you know their scientific uh method it's

920

00:32:12,389 --> 00:32:10,640

not

921

00:32:14,070 --> 00:32:12,399

truly the scientific method that you

922

00:32:16,310 --> 00:32:14,080

might have learned in high school

923

00:32:17,909 --> 00:32:16,320

chemistry but nevertheless that's what

924

00:32:19,430 --> 00:32:17,919

they lead with they say well we've got

925

00:32:21,750 --> 00:32:19,440

the scientific method and we can

926

00:32:24,230 --> 00:32:21,760

determine truth what truth is

927

00:32:26,070 --> 00:32:24,240

all other systems of truth are excluded

928

00:32:27,190 --> 00:32:26,080

from these people including biblical

929

00:32:30,070 --> 00:32:27,200

christianity

930

00:32:31,590 --> 00:32:30,080

including the whole field of philosophy

931

00:32:32,950 --> 00:32:31,600

which even outside of

932

00:32:34,549 --> 00:32:32,960

you know like christianity and other

933

00:32:35,590 --> 00:32:34,559

religion philosophy has been around

934

00:32:37,190 --> 00:32:35,600

forever

935

00:32:39,110 --> 00:32:37,200

well they don't like any of that stuff

936

00:32:41,350 --> 00:32:39,120

because it's competition if you cannot

937

00:32:43,990 --> 00:32:41,360

prove it scientifically they simply do

938

00:32:45,909 --> 00:32:44,000

not recognize it as being true

939

00:32:47,669 --> 00:32:45,919

so it's kind of them against the world

940

00:32:49,750 --> 00:32:47,679

at this point they have created and

941

00:32:50,630 --> 00:32:49,760

insulated themselves in their own group

942

00:32:53,750 --> 00:32:50,640

thing

943

00:32:56,710 --> 00:32:53,760

that the whole goal of of their universe

944

00:32:58,149 --> 00:32:56,720

is to control all the resources of the

945

00:33:01,350 --> 00:32:58,159

world

946

00:33:03,509 --> 00:33:01,360

and thereby control all of society

947

00:33:04,389 --> 00:33:03,519

in the world and all the people within

948

00:33:06,710 --> 00:33:04,399

the society

949

00:33:08,230 --> 00:33:06,720

in the world this is their master

950

00:33:10,789 --> 00:33:08,240

engineering campaign

951  
00:33:12,549 --> 00:33:10,799  
where they can scientifically engineer

952  
00:33:14,310 --> 00:33:12,559  
everything that people do

953  
00:33:15,590 --> 00:33:14,320  
and all of society which is the

954  
00:33:18,389 --> 00:33:15,600  
collective uh

955  
00:33:20,230 --> 00:33:18,399  
things that people do to get them to do

956  
00:33:20,470 --> 00:33:20,240  
reasonable things that are reasonable in

957  
00:33:23,669 --> 00:33:20,480  
the

958  
00:33:25,830 --> 00:33:23,679  
crazy

959  
00:33:27,990 --> 00:33:25,840  
this might remind you if you ever

960  
00:33:28,870 --> 00:33:28,000  
happened to watch the old cartoon it's a

961  
00:33:30,870 --> 00:33:28,880  
stephen

962  
00:33:32,310 --> 00:33:30,880  
spielberg creation believe it or not

963  
00:33:34,950 --> 00:33:32,320

back in the 90s

964

00:33:35,830 --> 00:33:34,960

called pinky and the brain this was an

965

00:33:39,269 --> 00:33:35,840

amazing

966

00:33:39,590 --> 00:33:39,279

cartoon series but every episode started

967

00:33:41,830 --> 00:33:39,600

out

968

00:33:42,710 --> 00:33:41,840

where the brain of course was a mouse

969

00:33:44,950 --> 00:33:42,720

that uh

970

00:33:45,909 --> 00:33:44,960

was a genius he said he thought he was a

971

00:33:49,269 --> 00:33:45,919

genius and

972

00:33:51,110 --> 00:33:49,279

his his insane sidekick pinky

973

00:33:53,269 --> 00:33:51,120

would ask him the question every night

974

00:33:55,350 --> 00:33:53,279

so what are we going to do tonight brain

975

00:33:57,110 --> 00:33:55,360

and brain would say same thing we do

976

00:33:58,870 --> 00:33:57,120

every night pinky we're going to try to

977

00:34:00,630 --> 00:33:58,880

take over the world

978

00:34:02,389 --> 00:34:00,640

and then they'd go into some crazy

979

00:34:05,190 --> 00:34:02,399

scheme that they would you know to do

980

00:34:07,350 --> 00:34:05,200

that they would get thwarted every time

981

00:34:08,550 --> 00:34:07,360

but this is the this is kind of the

982

00:34:11,430 --> 00:34:08,560

mentality of the

983

00:34:13,270 --> 00:34:11,440

of the technocrat mind today they want

984

00:34:15,349 --> 00:34:13,280

to control

985

00:34:17,109 --> 00:34:15,359

everything that they can get their hands

986

00:34:19,750 --> 00:34:17,119

on to control and they're looking at

987

00:34:21,030 --> 00:34:19,760

the whole world right now the proof of

988

00:34:24,310 --> 00:34:21,040

that by the way

989

00:34:25,669 --> 00:34:24,320

is in the fact that who else would have

990

00:34:28,950 --> 00:34:25,679

the chutzvah

991

00:34:31,909 --> 00:34:28,960

to shut down the global economic system

992

00:34:32,629 --> 00:34:31,919

this is not democrat or republican issue

993

00:34:35,030 --> 00:34:32,639

this is not

994

00:34:36,310 --> 00:34:35,040

marxist versus anybody else issues no

995

00:34:38,389 --> 00:34:36,320

marxists in the world

996

00:34:41,190 --> 00:34:38,399

that could shut down the global economic

997

00:34:45,190 --> 00:34:41,200

system probably nor would they want to

998

00:34:47,030 --> 00:34:45,200

but these technocrats who just don't

999

00:34:49,349 --> 00:34:47,040

care about the rest of the world really

1000

00:34:52,790 --> 00:34:49,359

in terms of people

1001  
00:34:55,750 --> 00:34:52,800  
they had no problem doing that tell me

1002  
00:34:57,670 --> 00:34:55,760  
in america who are these technocrats

1003  
00:35:00,470 --> 00:34:57,680  
give me some names that we would

1004  
00:35:02,310 --> 00:35:00,480  
know we could sweep through members of

1005  
00:35:04,150 --> 00:35:02,320  
the trilateral commission for sure that

1006  
00:35:05,829 --> 00:35:04,160  
was one of the original elite groups

1007  
00:35:08,550 --> 00:35:05,839  
that started this new international

1008  
00:35:11,750 --> 00:35:08,560  
economic order back in the 1930s

1009  
00:35:14,069 --> 00:35:11,760  
or excuse me back in the 1970s early 70s

1010  
00:35:16,230 --> 00:35:14,079  
you had people like sebign brzezinski

1011  
00:35:18,870 --> 00:35:16,240  
who recently passed um

1012  
00:35:21,030 --> 00:35:18,880  
he was the the main guy and he happened

1013  
00:35:22,470 --> 00:35:21,040

to be a professor at columbia university

1014

00:35:25,349 --> 00:35:22,480

when he was uh

1015

00:35:26,790 --> 00:35:25,359

uh caught the eye of david rockefeller

1016

00:35:28,390 --> 00:35:26,800

the big money guy

1017

00:35:29,829 --> 00:35:28,400

who decided they would start the

1018

00:35:31,829 --> 00:35:29,839

trilateral commission and start

1019

00:35:33,109 --> 00:35:31,839

promoting this ideology of a new

1020

00:35:36,230 --> 00:35:33,119

economic

1021

00:35:36,710 --> 00:35:36,240

world system and then of course you have

1022

00:35:40,150 --> 00:35:36,720

people

1023

00:35:43,270 --> 00:35:40,160

uh

1024

00:35:45,750 --> 00:35:43,280

like heads of giant global corporations

1025

00:35:48,470 --> 00:35:45,760

like um well let's take

1026

00:35:50,790 --> 00:35:48,480

let's take jeff bezos at the amazon for

1027

00:35:53,670 --> 00:35:50,800

instance take elon musk at uh

1028

00:35:55,510 --> 00:35:53,680

tesla and whatever other things spacex

1029

00:35:58,790 --> 00:35:55,520

and stuff he's involved in

1030

00:36:01,030 --> 00:35:58,800

um you know you've got the the ceo

1031

00:36:03,030 --> 00:36:01,040

most of the directors of a company like

1032

00:36:06,310 --> 00:36:03,040

siemens out of germany

1033

00:36:08,390 --> 00:36:06,320

these people are all dedicated to this

1034

00:36:09,910 --> 00:36:08,400

new international economic order in

1035

00:36:12,630 --> 00:36:09,920

america by the way

1036

00:36:13,990 --> 00:36:12,640

it's now called for us it's being

1037

00:36:17,270 --> 00:36:14,000

remarketed as

1038

00:36:18,710 --> 00:36:17,280

the green new deal and if anybody looked

1039

00:36:19,750 --> 00:36:18,720

at the green new deal and shook their

1040

00:36:22,230 --> 00:36:19,760

head and left

1041

00:36:22,950 --> 00:36:22,240

stop laughing okay this is serious

1042

00:36:24,310 --> 00:36:22,960

business

1043

00:36:25,990 --> 00:36:24,320

now the green your deal has been pretty

1044

00:36:29,430 --> 00:36:26,000

much adopted at this point

1045

00:36:30,470 --> 00:36:29,440

by the the democratic right california

1046

00:36:32,710 --> 00:36:30,480

has

1047

00:36:34,470 --> 00:36:32,720

forgotten about that uh you're

1048

00:36:36,390 --> 00:36:34,480

absolutely right california they bought

1049

00:36:37,349 --> 00:36:36,400

it hook line six well i think even biden

1050

00:36:39,030 --> 00:36:37,359

has made some

1051  
00:36:41,430 --> 00:36:39,040  
pretty favorable comments about oh yes

1052  
00:36:43,430 --> 00:36:41,440  
he has he's he's he's totally into it

1053  
00:36:44,870 --> 00:36:43,440  
yeah so let me go back to these couple

1054  
00:36:45,510 --> 00:36:44,880  
names that you mentioned because this is

1055  
00:36:48,950 --> 00:36:45,520  
important

1056  
00:36:50,470 --> 00:36:48,960  
so you mentioned jeff bezos and you

1057  
00:36:52,230 --> 00:36:50,480  
mentioned elon musk

1058  
00:36:54,069 --> 00:36:52,240  
yes i want to talk about each one of

1059  
00:36:57,510 --> 00:36:54,079  
them individually but let's start with

1060  
00:37:00,230 --> 00:36:57,520  
musk because musk is the one who

1061  
00:37:00,710 --> 00:37:00,240  
actually was speaking out as i recall

1062  
00:37:03,750 --> 00:37:00,720  
against

1063  
00:37:07,109 --> 00:37:03,760

some of these shutdowns um

1064

00:37:09,670 --> 00:37:07,119

he was he was kind of a fan of uh

1065

00:37:10,310 --> 00:37:09,680

he many people became a fan of his based

1066

00:37:11,990 --> 00:37:10,320

on some of the

1067

00:37:15,190 --> 00:37:12,000

comments that he made so why are you

1068

00:37:17,670 --> 00:37:15,200

throwing musk into the group

1069

00:37:18,790 --> 00:37:17,680

elon musk this is this is my opinion but

1070

00:37:20,950 --> 00:37:18,800

i'll tell you the rest of the story in a

1071

00:37:22,150 --> 00:37:20,960

second elon musk was concerned about his

1072

00:37:24,470 --> 00:37:22,160

own plants

1073

00:37:26,310 --> 00:37:24,480

not about you and me it's not that he

1074

00:37:27,109 --> 00:37:26,320

cares about whether we're locked down or

1075

00:37:30,550 --> 00:37:27,119

whether we're

1076  
00:37:32,230 --> 00:37:30,560  
you know economically prosperous but

1077  
00:37:34,310 --> 00:37:32,240  
most of this activity is economic

1078  
00:37:36,870 --> 00:37:34,320  
activities based in california

1079  
00:37:38,069 --> 00:37:36,880  
and they tagged him really hard uh yeah

1080  
00:37:40,390 --> 00:37:38,079  
they shut down his plant

1081  
00:37:41,510 --> 00:37:40,400  
and oh my god i think he sued them over

1082  
00:37:44,630 --> 00:37:41,520  
it yes

1083  
00:37:45,990 --> 00:37:44,640  
yeah he did he had he has no love lost

1084  
00:37:47,910 --> 00:37:46,000  
for politicians

1085  
00:37:49,589 --> 00:37:47,920  
that's more indicative of how they felt

1086  
00:37:51,910 --> 00:37:49,599  
back in the 30s by the way

1087  
00:37:53,510 --> 00:37:51,920  
uh when the when the the technocrats

1088  
00:37:54,230 --> 00:37:53,520

wanted to get rid of all the politicians

1089

00:37:55,430 --> 00:37:54,240

said they're just

1090

00:37:57,430 --> 00:37:55,440

they're idiots they don't know what

1091

00:37:58,390 --> 00:37:57,440

they're doing and kind of like what we

1092

00:38:00,230 --> 00:37:58,400

say today

1093

00:38:02,390 --> 00:38:00,240

and let's just get rid of them and this

1094

00:38:02,870 --> 00:38:02,400

just let technocracy run the whole thing

1095

00:38:04,870 --> 00:38:02,880

and so

1096

00:38:06,870 --> 00:38:04,880

musk would be fine as that but let me

1097

00:38:08,950 --> 00:38:06,880

tell you a little secret about elon musk

1098

00:38:12,390 --> 00:38:08,960

that a lot of people don't know

1099

00:38:15,829 --> 00:38:12,400

elon musk was was actually

1100

00:38:19,109 --> 00:38:15,839

uh born and raised actually in south

1101

00:38:22,550 --> 00:38:19,119

uh south africa but his grandparents

1102

00:38:24,870 --> 00:38:22,560

came from canada during the

1103

00:38:26,069 --> 00:38:24,880

time when technocracy was a really big

1104

00:38:28,069 --> 00:38:26,079

thing in canada

1105

00:38:30,710 --> 00:38:28,079

every province had its own chapter of

1106

00:38:32,870 --> 00:38:30,720

technocracy it was very popular

1107

00:38:34,870 --> 00:38:32,880

there was one guy across the whole

1108

00:38:37,510 --> 00:38:34,880

country that was the grand poobah so to

1109

00:38:40,310 --> 00:38:37,520

speak of the whole technocracy movement

1110

00:38:41,670 --> 00:38:40,320

in canada and they were dedicated to

1111

00:38:44,069 --> 00:38:41,680

this whole idea of

1112

00:38:45,349 --> 00:38:44,079

everything we're talking about here the

1113

00:38:49,190 --> 00:38:45,359

head puba

1114

00:38:52,470 --> 00:38:49,200

was elon musk's grandfather

1115

00:38:53,510 --> 00:38:52,480

his name was joshua haldeman this is the

1116

00:38:57,750 --> 00:38:53,520

home

1117

00:39:00,950 --> 00:38:57,760

that that musk grew up in

1118

00:39:03,430 --> 00:39:00,960

that was steeped in technocracy and he

1119

00:39:05,270 --> 00:39:03,440

shows all of the symptoms the mental

1120

00:39:07,750 --> 00:39:05,280

symptoms if you will

1121

00:39:09,670 --> 00:39:07,760

of the good technocrats even going back

1122

00:39:12,150 --> 00:39:09,680

to the 1930s

1123

00:39:14,069 --> 00:39:12,160

and haldeman eventually got tired of

1124

00:39:15,589 --> 00:39:14,079

canada and he decided to move he moved

1125

00:39:18,790 --> 00:39:15,599

to south africa where

1126

00:39:22,390 --> 00:39:18,800

where musk grew up and then musk came

1127

00:39:24,230 --> 00:39:22,400

back to uh back to first back to canada

1128

00:39:25,589 --> 00:39:24,240

went to school then to united states to

1129

00:39:27,589 --> 00:39:25,599

want more school

1130

00:39:28,870 --> 00:39:27,599

and then he resided in the united states

1131

00:39:31,589 --> 00:39:28,880

after that

1132

00:39:34,310 --> 00:39:31,599

but looking at musk and his activities

1133

00:39:36,710 --> 00:39:34,320

today and realizing his upbringing

1134

00:39:39,030 --> 00:39:36,720

and his family connections to historic

1135

00:39:41,270 --> 00:39:39,040

technocracy is very revealing

1136

00:39:42,710 --> 00:39:41,280

nobody could look at elon musk and ever

1137

00:39:44,630 --> 00:39:42,720

call him a marxist

1138

00:39:45,829 --> 00:39:44,640

he is the farthest thing from a marxist

1139

00:39:47,829 --> 00:39:45,839

that you can imagine

1140

00:39:49,589 --> 00:39:47,839

he's not a communist and he's not a

1141

00:39:52,870 --> 00:39:49,599

socialist

1142

00:39:54,230 --> 00:39:52,880

that makes sense and how would you

1143

00:39:56,950 --> 00:39:54,240

explain or connect

1144

00:39:58,870 --> 00:39:56,960

his fascination with going to mars

1145

00:40:02,950 --> 00:39:58,880

living on mars colonizing mars with

1146

00:40:10,550 --> 00:40:08,069

this has been a dream going back

1147

00:40:11,510 --> 00:40:10,560

well into the last century i think even

1148

00:40:15,990 --> 00:40:11,520

back to maybe about

1149

00:40:17,990 --> 00:40:16,000

the earth very early 19 to 1900 1910

1150

00:40:20,710 --> 00:40:18,000

that man would one day escape planet

1151

00:40:23,030 --> 00:40:20,720

earth and go to the stars

1152

00:40:25,510 --> 00:40:23,040

uh that's shared by a lot of people not

1153

00:40:28,470 --> 00:40:25,520

just musk

1154

00:40:29,349 --> 00:40:28,480

jeff bezos has his own plan uh virgin

1155

00:40:32,069 --> 00:40:29,359

airways and

1156

00:40:35,510 --> 00:40:32,079

and uh great britain has its own plan to

1157

00:40:38,470 --> 00:40:35,520

go to space and to go to mars

1158

00:40:40,230 --> 00:40:38,480

so this has been realized when you get

1159

00:40:42,790 --> 00:40:40,240

enough money in your pocket like musk

1160

00:40:45,270 --> 00:40:42,800

has and like bezos has at this point

1161

00:40:46,550 --> 00:40:45,280

they can play on the side with their pet

1162

00:40:48,950 --> 00:40:46,560

dreams

1163

00:40:50,069 --> 00:40:48,960

and that's been a pet dream for decades

1164

00:40:52,309 --> 00:40:50,079

and decades to get

1165

00:40:53,829 --> 00:40:52,319

out of the atmosphere and get on to

1166

00:40:57,750 --> 00:40:53,839

other planets

1167

00:40:59,270 --> 00:40:57,760

and um it's interesting i knew a guy uh

1168

00:41:00,870 --> 00:40:59,280

scratched my head over this guy he's

1169

00:41:02,950 --> 00:41:00,880

kind of a friend i'm part of a

1170

00:41:05,270 --> 00:41:02,960

networking group with him

1171

00:41:07,510 --> 00:41:05,280

this is probably 15 years ago before

1172

00:41:11,030 --> 00:41:07,520

elon musk came on the scene

1173

00:41:13,030 --> 00:41:11,040

and he was into everything mars i mean

1174

00:41:14,309 --> 00:41:13,040

he followed he had he had this website

1175

00:41:15,829 --> 00:41:14,319

that he followed had

1176

00:41:17,349 --> 00:41:15,839

everything about mars that you could

1177

00:41:19,109 --> 00:41:17,359

imagine every little bit of

1178

00:41:20,950 --> 00:41:19,119

information that come out we get on this

1179

00:41:22,710 --> 00:41:20,960

website he was all excited

1180

00:41:24,790 --> 00:41:22,720

about mars and said he said one day

1181

00:41:26,309 --> 00:41:24,800

we're going to mars i always scratched

1182

00:41:26,950 --> 00:41:26,319

my head at this guy i never quite

1183

00:41:29,829 --> 00:41:26,960

understood

1184

00:41:30,630 --> 00:41:29,839

why why are you so fascinated with mars

1185

00:41:32,069 --> 00:41:30,640

and uh

1186

00:41:33,430 --> 00:41:32,079

never really got a straight answer from

1187

00:41:33,990 --> 00:41:33,440

him either so i just think it's the

1188

00:41:35,589 --> 00:41:34,000

coolest thing

1189

00:41:37,190 --> 00:41:35,599

in the world we should go to mars one

1190

00:41:39,829 --> 00:41:37,200

day and

1191

00:41:42,069 --> 00:41:39,839

anyway that this is a goal well isn't it

1192

00:41:45,430 --> 00:41:42,079

it's part of a mentality isn't it that

1193

00:41:47,190 --> 00:41:45,440

we are somewhat doomed here on earth yes

1194

00:41:48,710 --> 00:41:47,200

we are we're going to cause our own

1195

00:41:51,990 --> 00:41:48,720

extinction because we're

1196

00:41:53,030 --> 00:41:52,000

such horrible stewards of of the earth

1197

00:41:54,550 --> 00:41:53,040

and that's why we need

1198

00:41:55,750 --> 00:41:54,560

a planet and that fits right in without

1199

00:41:57,589 --> 00:41:55,760

technology that's what they say that's

1200

00:41:59,990 --> 00:41:57,599

exactly what they say

1201  
00:42:00,790 --> 00:42:00,000  
and do they do technocrats believe that

1202  
00:42:03,990 --> 00:42:00,800  
the earth

1203  
00:42:07,430 --> 00:42:05,990  
generally speaking the united nations

1204  
00:42:09,589 --> 00:42:07,440  
has promoted uh

1205  
00:42:11,109 --> 00:42:09,599  
the idea of overpopulation as you

1206  
00:42:14,790 --> 00:42:11,119  
probably know for

1207  
00:42:16,870 --> 00:42:14,800  
well over 50 years it was a club of rome

1208  
00:42:19,510 --> 00:42:16,880  
originally that came out with uh with a

1209  
00:42:22,150 --> 00:42:19,520  
little booklet called limits to growth

1210  
00:42:24,630 --> 00:42:22,160  
this was back before 1973 i think was

1211  
00:42:28,309 --> 00:42:24,640  
1968 that came out with this and

1212  
00:42:30,230 --> 00:42:28,319  
this uh the club of rome grew out of

1213  
00:42:31,510 --> 00:42:30,240

an association with the rockefeller

1214

00:42:34,550 --> 00:42:31,520

family in in

1215

00:42:35,589 --> 00:42:34,560

italy and uh they proposed that the

1216

00:42:37,829 --> 00:42:35,599

earth was going to be

1217

00:42:39,990 --> 00:42:37,839

vastly overpopulated at some point that

1218

00:42:41,030 --> 00:42:40,000

the resources could not conceivably

1219

00:42:44,710 --> 00:42:41,040

support

1220

00:42:46,790 --> 00:42:44,720

the population that's coming and so um

1221

00:42:48,150 --> 00:42:46,800

they determined even back then there's

1222

00:42:49,910 --> 00:42:48,160

only two things that could happen either

1223

00:42:51,510 --> 00:42:49,920

we increase the resources which they

1224

00:42:54,790 --> 00:42:51,520

said was impossible

1225

00:42:58,470 --> 00:42:54,800

or we decreased the population

1226  
00:43:00,630 --> 00:42:58,480  
now thereby decreasing the drain on the

1227  
00:43:02,950 --> 00:43:00,640  
resources of the world and this is still

1228  
00:43:06,309 --> 00:43:02,960  
the mentality today

1229  
00:43:07,190 --> 00:43:06,319  
population control is very much a a big

1230  
00:43:09,430 --> 00:43:07,200  
theme

1231  
00:43:11,109 --> 00:43:09,440  
with sustainable development they they

1232  
00:43:12,630 --> 00:43:11,119  
have written a lot of things about

1233  
00:43:15,750 --> 00:43:12,640  
population control

1234  
00:43:18,150 --> 00:43:15,760  
over the last 25 30 years i've never

1235  
00:43:20,230 --> 00:43:18,160  
quite understood when i i'd say half of

1236  
00:43:21,910 --> 00:43:20,240  
my friends if you ask them is

1237  
00:43:23,349 --> 00:43:21,920  
the world overcrowded or the u.s

1238  
00:43:26,150 --> 00:43:23,359

overcrowded and they

1239

00:43:26,950 --> 00:43:26,160

would say yes and half would say no the

1240

00:43:30,630 --> 00:43:26,960

people who say

1241

00:43:33,270 --> 00:43:30,640

yes to that what does that tell us about

1242

00:43:34,790 --> 00:43:33,280

them and their way of thinking etc

1243

00:43:37,910 --> 00:43:34,800

because it makes

1244

00:43:41,670 --> 00:43:37,920

zero sense to me if you fly over

1245

00:43:44,870 --> 00:43:41,680

the western united states it's just vast

1246

00:43:48,390 --> 00:43:44,880

vast vast emptiness

1247

00:43:50,870 --> 00:43:48,400

and las vegas and phoenix proves

1248

00:43:51,589 --> 00:43:50,880

that you can build a very nice city in

1249

00:43:54,870 --> 00:43:51,599

the middle of

1250

00:43:58,309 --> 00:43:54,880

vast emptiness and be just

1251

00:43:59,910 --> 00:43:58,319

fine so the idea that the earth is

1252

00:44:01,430 --> 00:43:59,920

overcrowded or even that the united

1253

00:44:01,829 --> 00:44:01,440

states of america is overcrowded just

1254

00:44:05,109 --> 00:44:01,839

makes

1255

00:44:08,150 --> 00:44:05,119

zero sense to me it does make zero sense

1256

00:44:10,870 --> 00:44:08,160

and you have to just believe the lie

1257

00:44:11,190 --> 00:44:10,880

like a religious proposition to buy into

1258

00:44:14,790 --> 00:44:11,200

it

1259

00:44:18,309 --> 00:44:14,800

um there was a doctor professor

1260

00:44:20,470 --> 00:44:18,319

uh by the name of paul ehrlich in uh

1261

00:44:22,390 --> 00:44:20,480

around 1970 who wrote a book called the

1262

00:44:24,870 --> 00:44:22,400

population bomb

1263

00:44:26,790 --> 00:44:24,880

and he made wild predictions that

1264

00:44:28,950 --> 00:44:26,800

population was going to be so bad that

1265

00:44:30,710 --> 00:44:28,960

we'd be standing elbow to elbow in some

1266

00:44:32,470 --> 00:44:30,720

sections of the world

1267

00:44:34,550 --> 00:44:32,480

and that the world would eventually just

1268

00:44:35,750 --> 00:44:34,560

consume itself and mankind could even be

1269

00:44:38,309 --> 00:44:35,760

extinguished because of the

1270

00:44:39,829 --> 00:44:38,319

overpopulation

1271

00:44:41,349 --> 00:44:39,839

well here's here's the deal with paul

1272

00:44:44,790 --> 00:44:41,359

ehrlich his book

1273

00:44:46,870 --> 00:44:44,800

sold millions of copies it was

1274

00:44:48,309 --> 00:44:46,880

translated into almost every popular

1275

00:44:51,109 --> 00:44:48,319

language in the world

1276

00:44:51,670 --> 00:44:51,119

it sold tens of millions of copies and

1277

00:44:54,870 --> 00:44:51,680

so it

1278

00:44:55,990 --> 00:44:54,880

populated the world inc inoculated the

1279

00:44:59,430 --> 00:44:56,000

world with this

1280

00:45:02,710 --> 00:44:59,440

idea but since then since the

1281

00:45:06,069 --> 00:45:02,720

you know 1970 to today not

1282

00:45:09,109 --> 00:45:06,079

one single prediction that paul ehrlich

1283

00:45:12,950 --> 00:45:09,119

ever made in his book has come true not

1284

00:45:14,950 --> 00:45:12,960

even close now you would think

1285

00:45:16,950 --> 00:45:14,960

that just based on that people would

1286

00:45:18,790 --> 00:45:16,960

throw the book in the trash

1287

00:45:20,069 --> 00:45:18,800

and you think they would say look erlich

1288

00:45:22,550 --> 00:45:20,079

is a nut he

1289

00:45:24,069 --> 00:45:22,560

and you know what ehrlich made all these

1290

00:45:27,230 --> 00:45:24,079

predictions

1291

00:45:28,790 --> 00:45:27,240

based on his phd science he was an

1292

00:45:31,750 --> 00:45:28,800

entomologist

1293

00:45:32,470 --> 00:45:31,760

a bug scientist and he was applying what

1294

00:45:34,309 --> 00:45:32,480

he knew about

1295

00:45:36,150 --> 00:45:34,319

bugs like you know crickets and

1296

00:45:37,270 --> 00:45:36,160

cockroaches or whatever and how fast

1297

00:45:39,670 --> 00:45:37,280

they breed

1298

00:45:41,430 --> 00:45:39,680

to humans and he concluded oh my gosh

1299

00:45:43,349 --> 00:45:41,440

we're going to overpopulate the world in

1300

00:45:45,510 --> 00:45:43,359

probably 15 years

1301  
00:45:46,390 --> 00:45:45,520  
never happened all of his predictions

1302  
00:45:49,430 --> 00:45:46,400  
fell apart

1303  
00:45:52,230 --> 00:45:49,440  
nothing has come true that he has said

1304  
00:45:53,510 --> 00:45:52,240  
in fact it's gone in the other direction

1305  
00:45:56,630 --> 00:45:53,520  
but that does not

1306  
00:45:57,829 --> 00:45:56,640  
dissuade those who believe the world is

1307  
00:46:01,589 --> 00:45:57,839  
overpopulated

1308  
00:46:04,150 --> 00:46:01,599  
it's not

1309  
00:46:05,910 --> 00:46:04,160  
it's just flat out not but these people

1310  
00:46:06,710 --> 00:46:05,920  
cannot open their eyes and see the vast

1311  
00:46:09,109 --> 00:46:06,720  
resources

1312  
00:46:11,430 --> 00:46:09,119  
heck in california all you need to do is

1313  
00:46:12,309 --> 00:46:11,440

drive up highway 5 all the way through

1314

00:46:14,950 --> 00:46:12,319

the state

1315

00:46:15,510 --> 00:46:14,960

this is there's vast expanse up there

1316

00:46:18,069 --> 00:46:15,520

even

1317

00:46:19,589 --> 00:46:18,079

oh yeah i mean people most people have

1318

00:46:21,670 --> 00:46:19,599

been to california of course but

1319

00:46:22,710 --> 00:46:21,680

might not be familiar with it as you and

1320

00:46:26,309 --> 00:46:22,720

i

1321

00:46:29,030 --> 00:46:26,319

along the coast

1322

00:46:29,510 --> 00:46:29,040

of california the california coast one

1323

00:46:32,790 --> 00:46:29,520

of the most

1324

00:46:35,829 --> 00:46:32,800

coveted places in the world and

1325

00:46:39,190 --> 00:46:35,839

most of the california coast is empty

1326  
00:46:40,309 --> 00:46:39,200  
yes wide wide open spaces within miles

1327  
00:46:43,510 --> 00:46:40,319  
of the coast

1328  
00:46:45,750 --> 00:46:43,520  
going all the way up and down so the

1329  
00:46:46,550 --> 00:46:45,760  
this you've been called a conspiracy

1330  
00:46:49,030 --> 00:46:46,560  
theorist

1331  
00:46:50,790 --> 00:46:49,040  
this whole idea that there's this techno

1332  
00:46:53,270 --> 00:46:50,800  
technocracy out there

1333  
00:46:54,230 --> 00:46:53,280  
has been called a conspiracy what do you

1334  
00:46:57,510 --> 00:46:54,240  
say to these

1335  
00:46:58,630 --> 00:46:57,520  
people i've had that criticism for 45

1336  
00:47:01,670 --> 00:46:58,640  
years

1337  
00:47:04,710 --> 00:47:01,680  
i'm used to it none of it's true

1338  
00:47:07,910 --> 00:47:04,720

but i'm used to it and back in the

1339

00:47:09,990 --> 00:47:07,920

late 1970s and early 80s when my

1340

00:47:11,829 --> 00:47:10,000

writing partner back then professor

1341

00:47:14,069 --> 00:47:11,839

anthony sutton

1342

00:47:15,430 --> 00:47:14,079

and i were writing about the trilateral

1343

00:47:16,470 --> 00:47:15,440

commission and the new international

1344

00:47:18,309 --> 00:47:16,480

economic order we

1345

00:47:19,829 --> 00:47:18,319

we made speaking engagements all over

1346

00:47:23,510 --> 00:47:19,839

the country did a lot of radio

1347

00:47:25,589 --> 00:47:23,520

uh interviews as well and

1348

00:47:26,710 --> 00:47:25,599

we talked to a lot of america about what

1349

00:47:28,549 --> 00:47:26,720

was going on

1350

00:47:29,990 --> 00:47:28,559

with this new international economic

1351  
00:47:32,950 --> 00:47:30,000  
order business

1352  
00:47:33,510 --> 00:47:32,960  
and those people who were involved in it

1353  
00:47:35,349 --> 00:47:33,520  
finally

1354  
00:47:36,950 --> 00:47:35,359  
decided we needed they needed to do

1355  
00:47:39,990 --> 00:47:36,960  
something about us

1356  
00:47:40,710 --> 00:47:40,000  
so what they did was they devised ways

1357  
00:47:42,950 --> 00:47:40,720  
to sweep

1358  
00:47:44,950 --> 00:47:42,960  
us either to the far right or the far

1359  
00:47:45,990 --> 00:47:44,960  
left and sometimes it was in both

1360  
00:47:47,990 --> 00:47:46,000  
direction

1361  
00:47:49,190 --> 00:47:48,000  
and what they did is they left

1362  
00:47:51,349 --> 00:47:49,200  
themselves in this

1363  
00:47:52,630 --> 00:47:51,359

in the the center position in other

1364

00:47:55,750 --> 00:47:52,640

words they were the

1365

00:47:57,910 --> 00:47:55,760

reasonable people in the whole game here

1366

00:47:59,430 --> 00:47:57,920

and everybody else was just a fringe

1367

00:48:01,670 --> 00:47:59,440

oriented wingnut

1368

00:48:03,829 --> 00:48:01,680

and it didn't matter if you were a far

1369

00:48:06,069 --> 00:48:03,839

leftist or a far rightist

1370

00:48:07,349 --> 00:48:06,079

as long as they remained in the middle

1371

00:48:09,829 --> 00:48:07,359

uh everything was

1372

00:48:11,109 --> 00:48:09,839

good and this is exactly the same thing

1373

00:48:14,069 --> 00:48:11,119

they're doing today

1374

00:48:16,230 --> 00:48:14,079

probably on steroids now but if you if

1375

00:48:19,430 --> 00:48:16,240

you kind of watch the narrative of

1376

00:48:21,510 --> 00:48:19,440

copyright today you will see they

1377

00:48:23,349 --> 00:48:21,520

always leave themselves in the

1378

00:48:26,309 --> 00:48:23,359

reasonable center

1379

00:48:27,589 --> 00:48:26,319

they are the reasonable ones you are the

1380

00:48:29,829 --> 00:48:27,599

crazy person

1381

00:48:30,870 --> 00:48:29,839

follow the science follow the science

1382

00:48:32,710 --> 00:48:30,880

they say

1383

00:48:34,950 --> 00:48:32,720

well that's right and it's not real it's

1384

00:48:37,030 --> 00:48:34,960

not really science that's the problem

1385

00:48:37,990 --> 00:48:37,040

i know plenty of science and engineers

1386

00:48:40,309 --> 00:48:38,000

in my life who are

1387

00:48:41,430 --> 00:48:40,319

great people they don't wake up every

1388

00:48:43,670 --> 00:48:41,440

morning wanting to

1389

00:48:44,470 --> 00:48:43,680

to control the world they just want to

1390

00:48:46,870 --> 00:48:44,480

be

1391

00:48:48,309 --> 00:48:46,880

physicists and mathematicians and you

1392

00:48:50,790 --> 00:48:48,319

know chemist or whatever

1393

00:48:51,430 --> 00:48:50,800

they just want to apply their trade and

1394

00:48:54,549 --> 00:48:51,440

do

1395

00:48:57,589 --> 00:48:54,559

real science which is based on the real

1396

00:48:58,069 --> 00:48:57,599

scientific method the pseudoscience come

1397

00:49:00,549 --> 00:48:58,079

along

1398

00:49:01,990 --> 00:49:00,559

like anthony fauci for instance he says

1399

00:49:03,829 --> 00:49:02,000

one month

1400

00:49:05,030 --> 00:49:03,839

nobody should wear a face mask they

1401

00:49:08,470 --> 00:49:05,040

don't work

1402

00:49:10,309 --> 00:49:08,480

anyway six weeks later he says

1403

00:49:12,309 --> 00:49:10,319

everybody needs to wear a face mask

1404

00:49:16,230 --> 00:49:12,319

because it's scientifically

1405

00:49:19,430 --> 00:49:16,240

proven that it stops the coronavirus

1406

00:49:21,270 --> 00:49:19,440

whoa wait a minute what you said the

1407

00:49:23,670 --> 00:49:21,280

science was settled two months ago but

1408

00:49:26,309 --> 00:49:23,680

now it's resettled today

1409

00:49:27,750 --> 00:49:26,319

no this is pseudoscience this is how

1410

00:49:29,910 --> 00:49:27,760

pseudoscience behaves

1411

00:49:31,109 --> 00:49:29,920

it can flip-flop faster than somebody

1412

00:49:33,829 --> 00:49:31,119

like bill my

1413

00:49:34,390 --> 00:49:33,839

joe biden can well reminds me of you

1414

00:49:36,630 --> 00:49:34,400

know

1415

00:49:38,309 --> 00:49:36,640

one year they say red meat is good for

1416

00:49:39,030 --> 00:49:38,319

you and the next year it's bad for you

1417

00:49:40,470 --> 00:49:39,040

and then it goes

1418

00:49:42,150 --> 00:49:40,480

it goes back and forth between being

1419

00:49:44,069 --> 00:49:42,160

good and bad and those are from

1420

00:49:45,510 --> 00:49:44,079

scientists so this whole idea that

1421

00:49:47,510 --> 00:49:45,520

listen to the scientists well they tell

1422

00:49:51,030 --> 00:49:47,520

you something different every year

1423

00:49:53,190 --> 00:49:51,040

and including your example of the mask

1424

00:49:54,549 --> 00:49:53,200

exactly and you know in europe i hate i

1425

00:49:55,510 --> 00:49:54,559

just got to bring us up we're talking

1426

00:49:57,349 --> 00:49:55,520

about food

1427

00:49:59,589 --> 00:49:57,359

in europe today the big thing with the

1428

00:50:02,790 --> 00:49:59,599

united nations they're pushing

1429

00:50:04,470 --> 00:50:02,800

insect protein insect protein maybe they

1430

00:50:05,430 --> 00:50:04,480

consulted paul ehrlich on that i don't

1431

00:50:09,750 --> 00:50:05,440

know

1432

00:50:13,270 --> 00:50:09,760

but there are actually cricket farmers

1433

00:50:16,790 --> 00:50:13,280

in in europe raising crickets

1434

00:50:20,230 --> 00:50:16,800

to bake them or dry them you know they

1435

00:50:22,950 --> 00:50:20,240

get dye obviously and then grind them

1436

00:50:24,549 --> 00:50:22,960

into powder which they consider is very

1437

00:50:27,990 --> 00:50:24,559

rich in protein

1438

00:50:32,150 --> 00:50:28,000

and selling the protein

1439

00:50:35,589 --> 00:50:32,160

powder from crickets as a

1440

00:50:38,390 --> 00:50:35,599

source of protein to use in shakes and

1441

00:50:40,470 --> 00:50:38,400

drinks and other concoctions that will

1442

00:50:42,710 --> 00:50:40,480

keep you alive they say

1443

00:50:43,829 --> 00:50:42,720

and may even get rid of the need for red

1444

00:50:45,910 --> 00:50:43,839

meat one day

1445

00:50:48,390 --> 00:50:45,920

and stuff i'm sorry so then we can get

1446

00:50:51,349 --> 00:50:48,400

rid of cows and flatulence and

1447

00:50:52,790 --> 00:50:51,359

that's right i'm not eating crickets and

1448

00:50:55,349 --> 00:50:52,800

my protein shake

1449

00:50:56,710 --> 00:50:55,359

thank you very much so how do you

1450

00:51:00,230 --> 00:50:56,720

explain

1451  
00:51:00,950 --> 00:51:00,240  
i've been wondering this myself how how

1452  
00:51:02,790 --> 00:51:00,960  
it was that

1453  
00:51:04,630 --> 00:51:02,800  
so many countries virtually every

1454  
00:51:06,790 --> 00:51:04,640  
country fell in line

1455  
00:51:08,309 --> 00:51:06,800  
with this idea of shutting down their

1456  
00:51:09,750 --> 00:51:08,319  
economy to fight

1457  
00:51:11,990 --> 00:51:09,760  
covid it's one of these things where

1458  
00:51:12,630 --> 00:51:12,000  
kind of like it never made sense to me

1459  
00:51:15,109 --> 00:51:12,640  
but i thought

1460  
00:51:16,150 --> 00:51:15,119  
i got to be missing something because

1461  
00:51:18,870 --> 00:51:16,160  
everybody's

1462  
00:51:20,309 --> 00:51:18,880  
making the same decision so it must be

1463  
00:51:22,950 --> 00:51:20,319

me i must not be

1464

00:51:24,230 --> 00:51:22,960

quite understanding this but but sweden

1465

00:51:26,150 --> 00:51:24,240

didn't do it what is your

1466

00:51:27,990 --> 00:51:26,160

explanation as to why sweden didn't do

1467

00:51:31,349 --> 00:51:28,000

it sweden

1468

00:51:33,109 --> 00:51:31,359

is very tightly connected with

1469

00:51:35,349 --> 00:51:33,119

sustainable development this this does

1470

00:51:37,829 --> 00:51:35,359

make it a little bit strange

1471

00:51:38,630 --> 00:51:37,839

but the health director in sweden was

1472

00:51:40,390 --> 00:51:38,640

probably was

1473

00:51:42,470 --> 00:51:40,400

really the primary one that says we're

1474

00:51:43,349 --> 00:51:42,480

not going to use our people as guinea

1475

00:51:45,829 --> 00:51:43,359

pigs that was

1476

00:51:47,990 --> 00:51:45,839

that was her mentality she cared more

1477

00:51:49,510 --> 00:51:48,000

about the people than she did about

1478

00:51:51,190 --> 00:51:49,520

you know what the united nations wanted

1479

00:51:53,510 --> 00:51:51,200

to tell them what to do

1480

00:51:55,829 --> 00:51:53,520

but sweden was an outlier now don't

1481

00:51:58,069 --> 00:51:55,839

don't forget that they were an outlier

1482

00:51:59,670 --> 00:51:58,079

but they proved the point they did very

1483

00:52:02,069 --> 00:51:59,680

well having done nothing

1484

00:52:04,069 --> 00:52:02,079

it just okay we had a good good old flu

1485

00:52:05,190 --> 00:52:04,079

season a lot of people got sick some

1486

00:52:07,030 --> 00:52:05,200

died

1487

00:52:09,030 --> 00:52:07,040

got back to normal didn't have to kill

1488

00:52:11,670 --> 00:52:09,040

our economy in the process

1489

00:52:13,750 --> 00:52:11,680

i don't think the united nations was

1490

00:52:15,270 --> 00:52:13,760

very happy with sweden for having taken

1491

00:52:17,190 --> 00:52:15,280

that position

1492

00:52:19,270 --> 00:52:17,200

but in order to understand how the whole

1493

00:52:21,910 --> 00:52:19,280

world will move in lockstep

1494

00:52:23,589 --> 00:52:21,920

you have to understand the treaty system

1495

00:52:25,589 --> 00:52:23,599

with the united nations

1496

00:52:26,790 --> 00:52:25,599

the united nations has been busy for

1497

00:52:28,630 --> 00:52:26,800

decades

1498

00:52:30,150 --> 00:52:28,640

making treaties with individual

1499

00:52:31,430 --> 00:52:30,160

countries and you might say well what

1500

00:52:32,230 --> 00:52:31,440

gives them the right to make a treaty

1501  
00:52:34,150 --> 00:52:32,240  
with anybody

1502  
00:52:35,430 --> 00:52:34,160  
just well it has been in a sense it's

1503  
00:52:38,390 --> 00:52:35,440  
been voluntary

1504  
00:52:39,510 --> 00:52:38,400  
those countries came to the water trough

1505  
00:52:41,829 --> 00:52:39,520  
and

1506  
00:52:42,950 --> 00:52:41,839  
they were convinced that that was the

1507  
00:52:46,069 --> 00:52:42,960  
thing they should all

1508  
00:52:48,390 --> 00:52:46,079  
jointly agree to do so they did that

1509  
00:52:50,790 --> 00:52:48,400  
the united nations would take that bulk

1510  
00:52:53,109 --> 00:52:50,800  
treaty where everybody had signed on

1511  
00:52:54,950 --> 00:52:53,119  
and they would then hold on to that

1512  
00:52:56,470 --> 00:52:54,960  
treaty and there's been dozens of them

1513  
00:52:58,309 --> 00:52:56,480

over the years

1514

00:53:00,069 --> 00:52:58,319

uh and many of them had to do with the

1515

00:53:01,589 --> 00:53:00,079

world health organization which is part

1516

00:53:04,230 --> 00:53:01,599

of the united nations

1517

00:53:06,150 --> 00:53:04,240

and then when there was something that

1518

00:53:07,750 --> 00:53:06,160

the united nations wanted everybody to

1519

00:53:10,230 --> 00:53:07,760

do at the same time

1520

00:53:12,069 --> 00:53:10,240

they would use those treaties in other

1521

00:53:13,510 --> 00:53:12,079

words the u.n lawyers would go out and

1522

00:53:13,990 --> 00:53:13,520

say you remember you signed these

1523

00:53:16,309 --> 00:53:14,000

treaties

1524

00:53:17,030 --> 00:53:16,319

right this is what you must do you know

1525

00:53:20,390 --> 00:53:17,040

paragraph

1526

00:53:23,270 --> 00:53:20,400

86 subsection whatever c

1527

00:53:23,670 --> 00:53:23,280

you have to do this and the countries go

1528

00:53:26,230 --> 00:53:23,680

gee

1529

00:53:28,230 --> 00:53:26,240

we did and this is international law and

1530

00:53:28,950 --> 00:53:28,240

we did sign it so i guess we have to do

1531

00:53:31,990 --> 00:53:28,960

it

1532

00:53:34,150 --> 00:53:32,000

pandemic

1533

00:53:35,910 --> 00:53:34,160

those treaties were already in place the

1534

00:53:38,390 --> 00:53:35,920

united nations says

1535

00:53:40,069 --> 00:53:38,400

if you don't participate if you don't do

1536

00:53:41,510 --> 00:53:40,079

what we tell you to do you are going to

1537

00:53:43,750 --> 00:53:41,520

be in big trouble

1538

00:53:45,270 --> 00:53:43,760

and most of them just rolled over and

1539

00:53:47,910 --> 00:53:45,280

said yes we'll do

1540

00:53:50,230 --> 00:53:47,920

we'll do it and to be clear what was

1541

00:53:51,190 --> 00:53:50,240

specifically the directive of the un as

1542

00:53:56,309 --> 00:53:51,200

it pertains to

1543

00:53:59,750 --> 00:53:56,319

covid the same thing that came out of

1544

00:54:01,829 --> 00:53:59,760

uh the the you know the um

1545

00:54:02,790 --> 00:54:01,839

imperial college of london the same

1546

00:54:04,950 --> 00:54:02,800

thing and

1547

00:54:06,549 --> 00:54:04,960

and was it what was it actually orders

1548

00:54:08,630 --> 00:54:06,559

of lockdown

1549

00:54:09,990 --> 00:54:08,640

well you know they couched everything in

1550

00:54:13,670 --> 00:54:10,000

terms of guidelines didn't

1551

00:54:16,710 --> 00:54:13,680

they guideline is not law

1552

00:54:19,109 --> 00:54:16,720

guideline is not even a regulation

1553

00:54:21,190 --> 00:54:19,119

but when the world health organization

1554

00:54:24,150 --> 00:54:21,200

puts out a directive

1555

00:54:25,750 --> 00:54:24,160

is to be treated as gospel truth by the

1556

00:54:28,870 --> 00:54:25,760

signatories

1557

00:54:30,309 --> 00:54:28,880

to the treaties that they sign how do

1558

00:54:32,470 --> 00:54:30,319

you explain somebody like governor

1559

00:54:35,190 --> 00:54:32,480

desantis in florida who

1560

00:54:38,069 --> 00:54:35,200

held out held out held out on lockdown

1561

00:54:41,670 --> 00:54:38,079

and then eventually caved

1562

00:54:42,950 --> 00:54:41,680

well yeah he eventually caved i i can't

1563

00:54:44,470 --> 00:54:42,960

say it's anything other than political

1564

00:54:45,990 --> 00:54:44,480

pressure

1565

00:54:47,670 --> 00:54:46,000

you know whether it came from washington

1566

00:54:50,230 --> 00:54:47,680

or whether it came directly from other

1567

00:54:52,390 --> 00:54:50,240

governors whether you know like the

1568

00:54:53,349 --> 00:54:52,400

the national governors association was

1569

00:54:56,789 --> 00:54:53,359

was horribly

1570

00:54:59,109 --> 00:54:56,799

bought into this whole covet thing

1571

00:55:00,150 --> 00:54:59,119

and uh the national association of

1572

00:55:03,270 --> 00:55:00,160

governors is not

1573

00:55:05,589 --> 00:55:03,280

a uh it's not a federal thing at all

1574

00:55:08,950 --> 00:55:05,599

it's a non-profit organization

1575

00:55:11,030 --> 00:55:08,960

that is um completed by cuomo

1576  
00:55:12,950 --> 00:55:11,040  
led by cuomo and hogan out of maryland

1577  
00:55:15,750 --> 00:55:12,960  
the republican is hogan right

1578  
00:55:16,470 --> 00:55:15,760  
and the democrat is cuomo that's right

1579  
00:55:17,829 --> 00:55:16,480  
exactly

1580  
00:55:19,990 --> 00:55:17,839  
but you know there are there are a

1581  
00:55:22,230 --> 00:55:20,000  
handful of states that that stuck to

1582  
00:55:24,549 --> 00:55:22,240  
their guns i think you know south dakota

1583  
00:55:26,230 --> 00:55:24,559  
dakota maybe a couple others right that

1584  
00:55:30,630 --> 00:55:26,240  
did not lock down

1585  
00:55:33,510 --> 00:55:30,640  
yes so my explanation for

1586  
00:55:34,309 --> 00:55:33,520  
the reason that everybody locked down or

1587  
00:55:36,309 --> 00:55:34,319  
particularly

1588  
00:55:37,510 --> 00:55:36,319

in america as it was is a few things i

1589

00:55:39,670 --> 00:55:37,520

mean democratic governors

1590

00:55:41,270 --> 00:55:39,680

were obviously far more inclined to be

1591

00:55:44,470 --> 00:55:41,280

have tougher lockdowns

1592

00:55:46,309 --> 00:55:44,480

that democrats in general the ideology

1593

00:55:48,549 --> 00:55:46,319

is more paternalistic

1594

00:55:49,670 --> 00:55:48,559

so they have no problem with the idea of

1595

00:55:51,190 --> 00:55:49,680

saying that we're going to protect your

1596

00:55:52,950 --> 00:55:51,200

health it's the bloomberg

1597

00:55:55,030 --> 00:55:52,960

don't drink a soda that's more than 16

1598

00:55:57,190 --> 00:55:55,040

ounces because it's bad for you

1599

00:55:58,950 --> 00:55:57,200

um two the politicians are generally

1600

00:56:00,789 --> 00:55:58,960

risk adverse they don't want

1601  
00:56:03,349 --> 00:56:00,799  
someone to point to them and say that

1602  
00:56:04,950 --> 00:56:03,359  
all these deaths happened on your watch

1603  
00:56:06,870 --> 00:56:04,960  
and then the third is kind of the

1604  
00:56:10,549 --> 00:56:06,880  
anti-trump element of it

1605  
00:56:13,030 --> 00:56:10,559  
that aha we finally got him

1606  
00:56:14,870 --> 00:56:13,040  
the economy was going great now we can

1607  
00:56:16,390 --> 00:56:14,880  
say the economy is not going great

1608  
00:56:18,390 --> 00:56:16,400  
because of covid and how you screwed up

1609  
00:56:19,109 --> 00:56:18,400  
covet so that's always been my

1610  
00:56:20,789 --> 00:56:19,119  
explanation

1611  
00:56:22,230 --> 00:56:20,799  
that kind of those three reasons as to

1612  
00:56:24,230 --> 00:56:22,240  
why we did the lockdown

1613  
00:56:25,990 --> 00:56:24,240

do you agree with that or are you saying

1614

00:56:27,190 --> 00:56:26,000

no jim you're really missing it it's

1615

00:56:31,430 --> 00:56:27,200

technocracy no

1616

00:56:33,349 --> 00:56:31,440

no i i i'll just tell you the way that i

1617

00:56:36,549 --> 00:56:33,359

look at it when

1618

00:56:37,349 --> 00:56:36,559

let's say you're driving uh down a

1619

00:56:39,750 --> 00:56:37,359

street

1620

00:56:42,870 --> 00:56:39,760

and uh and you're you're you're

1621

00:56:46,069 --> 00:56:42,880

following behind a brink's car

1622

00:56:47,829 --> 00:56:46,079

that carries all the cash and all of a

1623

00:56:51,829 --> 00:56:47,839

sudden unbeknownst to the

1624

00:56:56,309 --> 00:56:51,839

the driver the back doors fly open

1625

00:56:59,349 --> 00:56:56,319

and cash starts littering the street

1626  
00:57:00,789 --> 00:56:59,359  
and big bundles and the driver doesn't

1627  
00:57:02,630 --> 00:57:00,799  
even see it he's thinking doing

1628  
00:57:03,829 --> 00:57:02,640  
something else he just drives on down

1629  
00:57:05,670 --> 00:57:03,839  
the road and you see

1630  
00:57:07,829 --> 00:57:05,680  
all this cash laying around what are you

1631  
00:57:08,950 --> 00:57:07,839  
going to do what's everybody else going

1632  
00:57:10,549 --> 00:57:08,960  
to do

1633  
00:57:11,990 --> 00:57:10,559  
the whole freeway is going to stop and

1634  
00:57:13,349 --> 00:57:12,000  
the whole street's going to stop and

1635  
00:57:13,829 --> 00:57:13,359  
people are going to run out in a pack

1636  
00:57:16,630 --> 00:57:13,839  
and grab

1637  
00:57:18,789 --> 00:57:16,640  
as much cash as they possibly can when

1638  
00:57:21,510 --> 00:57:18,799

money's flying it's my point here

1639

00:57:22,950 --> 00:57:21,520

when money is flying around because of

1640

00:57:24,710 --> 00:57:22,960

stimulus

1641

00:57:26,549 --> 00:57:24,720

because of some other political

1642

00:57:27,829 --> 00:57:26,559

advantage that they can discover that

1643

00:57:30,390 --> 00:57:27,839

they can find

1644

00:57:31,589 --> 00:57:30,400

there's a feeding frenzy that takes

1645

00:57:35,589 --> 00:57:31,599

place

1646

00:57:37,990 --> 00:57:35,599

that i compare much to a trout farm

1647

00:57:39,510 --> 00:57:38,000

where when you throw the pellets of feed

1648

00:57:42,230 --> 00:57:39,520

out into the water

1649

00:57:43,190 --> 00:57:42,240

the little fish chum and they all come

1650

00:57:46,309 --> 00:57:43,200

up to the water

1651  
00:57:49,030 --> 00:57:46,319  
to the top like this and a big wave at

1652  
00:57:51,270 --> 00:57:49,040  
the same time and gobble up all the food

1653  
00:57:54,150 --> 00:57:51,280  
this has been a chumming operation for

1654  
00:57:56,470 --> 00:57:54,160  
all these governors and mayors and

1655  
00:57:57,750 --> 00:57:56,480  
county commissioners and so on across

1656  
00:58:00,630 --> 00:57:57,760  
the country

1657  
00:58:01,510 --> 00:58:00,640  
to get theirs to feather their own nest

1658  
00:58:04,950 --> 00:58:01,520  
for instance

1659  
00:58:08,549 --> 00:58:04,960  
in arizona we have a republican governor

1660  
00:58:11,030 --> 00:58:08,559  
he's supposed to be a conservative well

1661  
00:58:12,789 --> 00:58:11,040  
that's for another story but he has

1662  
00:58:15,829 --> 00:58:12,799  
maintained our lockdown here

1663  
00:58:17,829 --> 00:58:15,839

in arizona and

1664

00:58:20,390 --> 00:58:17,839

even now when our death count is very

1665

00:58:22,309 --> 00:58:20,400

low he is not intending to release it to

1666

00:58:23,510 --> 00:58:22,319

let everybody open up again he has made

1667

00:58:25,270 --> 00:58:23,520

decisions to

1668

00:58:26,549 --> 00:58:25,280

allow certain businesses to go out of

1669

00:58:29,270 --> 00:58:26,559

business and other

1670

00:58:32,470 --> 00:58:29,280

businesses to survive he's making those

1671

00:58:37,270 --> 00:58:32,480

kinds of decisions for our economy

1672

00:58:39,910 --> 00:58:37,280

um he has his his own hands deep into

1673

00:58:42,950 --> 00:58:39,920

uh financial investments that are

1674

00:58:47,670 --> 00:58:42,960

directly benefited by his lockdown

1675

00:58:51,670 --> 00:58:49,990

and yet people here in arizona get so

1676  
00:58:52,630 --> 00:58:51,680  
mad at him they could just spit molten

1677  
00:58:54,390 --> 00:58:52,640  
lead

1678  
00:58:56,549 --> 00:58:54,400  
but can't do anything about it because

1679  
00:58:59,349 --> 00:58:56,559  
he's the governor and he's

1680  
00:59:01,670 --> 00:58:59,359  
he's executed these these executive

1681  
00:59:05,109 --> 00:59:01,680  
orders and he's just getting away

1682  
00:59:07,750 --> 00:59:05,119  
um with literally

1683  
00:59:09,349 --> 00:59:07,760  
pillaging our state this is happening

1684  
00:59:11,589 --> 00:59:09,359  
all over america

1685  
00:59:12,710 --> 00:59:11,599  
and these others these other tin horn

1686  
00:59:15,829 --> 00:59:12,720  
wannabe

1687  
00:59:16,390 --> 00:59:15,839  
tyrants finally had an opportunity to

1688  
00:59:19,109 --> 00:59:16,400

express

1689

00:59:20,789 --> 00:59:19,119

themselves as they always wanted to do

1690

00:59:23,910 --> 00:59:20,799

but we're limited by the political

1691

00:59:27,190 --> 00:59:23,920

system and the rule of law

1692

00:59:29,589 --> 00:59:27,200

now anything goes and all those downline

1693

00:59:31,510 --> 00:59:29,599

people you know they're all just going

1694

00:59:32,069 --> 00:59:31,520

nuts with their own little agendas and

1695

00:59:33,910 --> 00:59:32,079

some people

1696

00:59:35,670 --> 00:59:33,920

suggest well it's all about going to get

1697

00:59:36,549 --> 00:59:35,680

trump is it being used for that sure it

1698

00:59:38,230 --> 00:59:36,559

is

1699

00:59:39,589 --> 00:59:38,240

that's just one of the sub-political

1700

00:59:42,150 --> 00:59:39,599

games that's being played

1701  
00:59:43,670 --> 00:59:42,160  
if they can use anything to pummel trump

1702  
00:59:46,710 --> 00:59:43,680  
they will

1703  
00:59:50,069 --> 00:59:46,720  
last two questions so so the technocrats

1704  
00:59:53,510 --> 00:59:50,079  
are happy to see what is going on oh yes

1705  
00:59:57,109 --> 00:59:53,520  
in the response to covid because

1706  
00:59:59,349 --> 00:59:57,119  
it deconstructs society you have

1707  
01:00:00,309 --> 00:59:59,359  
probably been aware of the move over the

1708  
01:00:03,589 --> 01:00:00,319  
last

1709  
01:00:06,470 --> 01:00:03,599  
three or four decades to decentralize

1710  
01:00:07,990 --> 01:00:06,480  
government to push things back out to

1711  
01:00:11,750 --> 01:00:08,000  
the states

1712  
01:00:14,230 --> 01:00:11,760  
uh to i like that if it were possible i

1713  
01:00:17,030 --> 01:00:14,240

do too honestly i'm not just saying

1714

01:00:18,390 --> 01:00:17,040

but we to it's not necessarily to

1715

01:00:20,549 --> 01:00:18,400

restore

1716

01:00:21,910 --> 01:00:20,559

where the constitution would have us be

1717

01:00:25,190 --> 01:00:21,920

restored

1718

01:00:28,309 --> 01:00:25,200

but is to decentralize government

1719

01:00:28,950 --> 01:00:28,319

so that elements of society can be more

1720

01:00:33,030 --> 01:00:28,960

easily

1721

01:00:34,470 --> 01:00:33,040

run by algorithm rather than being run

1722

01:00:36,309 --> 01:00:34,480

by the political system

1723

01:00:38,870 --> 01:00:36,319

and that's the goal of technocracy so

1724

01:00:40,309 --> 01:00:38,880

when you see blm and antifa rioting in

1725

01:00:43,430 --> 01:00:40,319

cities like portland and

1726

01:00:46,710 --> 01:00:43,440

well la's another good one um

1727

01:00:47,750 --> 01:00:46,720

they're not they're not the main act

1728

01:00:51,109 --> 01:00:47,760

here

1729

01:00:54,470 --> 01:00:51,119

they are a deconstructive element

1730

01:00:54,870 --> 01:00:54,480

to society to tear it apart and it will

1731

01:00:57,190 --> 01:00:54,880

take

1732

01:00:58,470 --> 01:00:57,200

capitalism and free enterprise down with

1733

01:01:00,630 --> 01:00:58,480

it if it could

1734

01:01:01,589 --> 01:01:00,640

because they're now chanting at least in

1735

01:01:04,789 --> 01:01:01,599

portland

1736

01:01:08,710 --> 01:01:04,799

death to america death to america

1737

01:01:11,910 --> 01:01:08,720

well that sounds pretty direct to me

1738

01:01:13,829 --> 01:01:11,920

but they will be sad to find out when as

1739

01:01:15,030 --> 01:01:13,839

and if the technocrats of the world take

1740

01:01:17,190 --> 01:01:15,040

over

1741

01:01:19,270 --> 01:01:17,200

they will be among the first to get

1742

01:01:22,069 --> 01:01:19,280

thrown under the bus

1743

01:01:23,910 --> 01:01:22,079

and simply eliminated from society they

1744

01:01:24,950 --> 01:01:23,920

don't know that now they think they

1745

01:01:26,789 --> 01:01:24,960

really got

1746

01:01:29,190 --> 01:01:26,799

you know the power here they don't have

1747

01:01:32,470 --> 01:01:29,200

the power other than what's being

1748

01:01:33,670 --> 01:01:32,480

allowed for them to have so

1749

01:01:35,270 --> 01:01:33,680

that was going to be my last question

1750

01:01:35,750 --> 01:01:35,280

was connecting black lives matter

1751

01:01:39,030 --> 01:01:35,760

movement

1752

01:01:41,109 --> 01:01:39,040

to all of this and the belief on the

1753

01:01:41,829 --> 01:01:41,119

right is that this is a revolutionary

1754

01:01:46,069 --> 01:01:41,839

movement

1755

01:01:48,950 --> 01:01:46,079

to implement socialism um

1756

01:01:50,230 --> 01:01:48,960

so is there a technocratic element to

1757

01:01:53,270 --> 01:01:50,240

this black lives matter

1758

01:01:56,150 --> 01:01:53,280

movement it sounds like you're saying no

1759

01:01:57,510 --> 01:01:56,160

i think that there probably is some uh

1760

01:01:59,349 --> 01:01:57,520

some funding

1761

01:02:01,750 --> 01:01:59,359

that is going on that's coming from

1762

01:02:04,069 --> 01:02:01,760

sources more associated with

1763

01:02:06,230 --> 01:02:04,079

the technocrat movement than with

1764

01:02:08,230 --> 01:02:06,240

anything else

1765

01:02:09,750 --> 01:02:08,240

this will come out i think in time some

1766

01:02:10,390 --> 01:02:09,760

people have suggested that there are

1767

01:02:13,910 --> 01:02:10,400

some

1768

01:02:15,910 --> 01:02:13,920

world that are

1769

01:02:17,190 --> 01:02:15,920

you know bent towards technocracy but

1770

01:02:19,670 --> 01:02:17,200

also bent towards

1771

01:02:21,750 --> 01:02:19,680

destroying our society and i won't

1772

01:02:24,950 --> 01:02:21,760

mention any names no need to

1773

01:02:28,390 --> 01:02:24,960

um but blm

1774

01:02:31,029 --> 01:02:28,400

and antifa are not funded

1775

01:02:32,710 --> 01:02:31,039

by crumbs that fall into the street you

1776

01:02:33,750 --> 01:02:32,720

anybody would know that it's got two

1777

01:02:36,230 --> 01:02:33,760

brain cells

1778

01:02:38,230 --> 01:02:36,240

these people are getting bucketfuls of

1779

01:02:40,309 --> 01:02:38,240

money from somewhere

1780

01:02:42,069 --> 01:02:40,319

that's outside of their ability to get

1781

01:02:44,549 --> 01:02:42,079

any money most of these kids are

1782

01:02:46,390 --> 01:02:44,559

and people are bums they have no jobs

1783

01:02:47,510 --> 01:02:46,400

they have no source of income they have

1784

01:02:48,789 --> 01:02:47,520

those skills

1785

01:02:50,950 --> 01:02:48,799

other than throwing bricks through

1786

01:02:53,349 --> 01:02:50,960

windows where do they come from and who

1787

01:02:55,910 --> 01:02:53,359

pays them to keep going who feeds them

1788

01:02:57,109 --> 01:02:55,920

who gives them shelter well i have to

1789

01:02:59,349 --> 01:02:57,119

ask you about

1790

01:03:00,870 --> 01:02:59,359

one name uh that you always hear and

1791

01:03:04,069 --> 01:03:00,880

that's george soros is

1792

01:03:05,589 --> 01:03:04,079

see in your view i mean i think it's

1793

01:03:07,029 --> 01:03:05,599

if you just go to wikipedia it's

1794

01:03:08,710 --> 01:03:07,039

acknowledged on wikipedia that he's

1795

01:03:10,630 --> 01:03:08,720

given to these organizations so it's not

1796

01:03:13,430 --> 01:03:10,640

a conspiracy theory that he's given

1797

01:03:16,470 --> 01:03:13,440

to them he has given to them um but is

1798

01:03:18,390 --> 01:03:16,480

that is he a technocrat or not you know

1799

01:03:21,109 --> 01:03:18,400

he is supporting everything that

1800

01:03:24,150 --> 01:03:21,119

technocracy wants to do

1801  
01:03:26,150 --> 01:03:24,160  
he's totally for sustainable development

1802  
01:03:28,470 --> 01:03:26,160  
he's totally for the deconstruction

1803  
01:03:30,710 --> 01:03:28,480  
ripping a part of society

1804  
01:03:32,470 --> 01:03:30,720  
and even though he's not a direct member

1805  
01:03:33,750 --> 01:03:32,480  
of some of the global elite

1806  
01:03:36,309 --> 01:03:33,760  
organizations

1807  
01:03:38,069 --> 01:03:36,319  
he is incredibly influential in others

1808  
01:03:39,190 --> 01:03:38,079  
like the world economic forum for

1809  
01:03:42,710 --> 01:03:39,200  
instance

1810  
01:03:46,150 --> 01:03:42,720  
which is pledged to this concept of

1811  
01:03:47,270 --> 01:03:46,160  
the great reset to reset the global

1812  
01:03:50,710 --> 01:03:47,280  
economic system

1813  
01:03:53,190 --> 01:03:50,720

into sustainable development that's the

1814

01:03:54,789 --> 01:03:53,200

founder of the wef klaus schwab has

1815

01:03:56,309 --> 01:03:54,799

written about this extensively by the

1816

01:03:59,109 --> 01:03:56,319

way

1817

01:04:01,349 --> 01:03:59,119

and what about the um the the the

1818

01:04:01,910 --> 01:04:01,359

breakup of the nuclear family that uh

1819

01:04:03,990 --> 01:04:01,920

blm

1820

01:04:05,109 --> 01:04:04,000

supports and and marxist supports is

1821

01:04:06,069 --> 01:04:05,119

that also one of the goals of

1822

01:04:07,750 --> 01:04:06,079

technocrats

1823

01:04:09,750 --> 01:04:07,760

you know it absolutely is do you

1824

01:04:13,349 --> 01:04:09,760

remember the book brave new world

1825

01:04:14,150 --> 01:04:13,359

yeah 1932 the same it was written the

1826

01:04:16,230 --> 01:04:14,160

same year

1827

01:04:17,910 --> 01:04:16,240

that columbia university housed the

1828

01:04:20,549 --> 01:04:17,920

technocracy movement

1829

01:04:22,710 --> 01:04:20,559

1932 it was written by a brit by the

1830

01:04:25,910 --> 01:04:22,720

name of aldous huxley

1831

01:04:27,270 --> 01:04:25,920

who was hobnobbing with the president of

1832

01:04:29,510 --> 01:04:27,280

uh columbia

1833

01:04:31,270 --> 01:04:29,520

uh nicholas murray butler they called

1834

01:04:33,829 --> 01:04:31,280

him miraculous nicholas because he was

1835

01:04:36,950 --> 01:04:33,839

hobnobbing all over europe all the time

1836

01:04:38,829 --> 01:04:36,960

and uh brave new world

1837

01:04:40,390 --> 01:04:38,839

was written looking into the face of

1838

01:04:43,990 --> 01:04:40,400

technocracy

1839

01:04:46,789 --> 01:04:44,000

now if you read that book

1840

01:04:48,549 --> 01:04:46,799

and you see there is no family unit

1841

01:04:49,109 --> 01:04:48,559

there's no such thing as mothers and

1842

01:04:51,510 --> 01:04:49,119

fathers

1843

01:04:53,270 --> 01:04:51,520

all the children are born in a test tube

1844

01:04:54,069 --> 01:04:53,280

there is no such thing as getting

1845

01:04:57,029 --> 01:04:54,079

married because

1846

01:04:59,109 --> 01:04:57,039

everybody has equal opportunity to sleep

1847

01:05:01,670 --> 01:04:59,119

and to be with everybody else

1848

01:05:03,430 --> 01:05:01,680

no nuclear family whatsoever this has

1849

01:05:04,710 --> 01:05:03,440

been an idea that's been around for a

1850

01:05:08,069 --> 01:05:04,720

long time

1851  
01:05:10,630 --> 01:05:08,079  
and it was more adopted into the circles

1852  
01:05:12,630 --> 01:05:10,640  
of uh technocracy than any other

1853  
01:05:14,630 --> 01:05:12,640  
philosophy of that day

1854  
01:05:15,990 --> 01:05:14,640  
and and why is that something that they

1855  
01:05:19,829 --> 01:05:16,000  
support how does that

1856  
01:05:20,630 --> 01:05:19,839  
meet their ends because it allows for

1857  
01:05:23,750 --> 01:05:20,640  
the total

1858  
01:05:24,789 --> 01:05:23,760  
management of society management and

1859  
01:05:27,589 --> 01:05:24,799  
control of

1860  
01:05:28,870 --> 01:05:27,599  
all of society and all the people in it

1861  
01:05:30,630 --> 01:05:28,880  
they want to manage

1862  
01:05:32,470 --> 01:05:30,640  
all the people in society that's why

1863  
01:05:34,710 --> 01:05:32,480

they have to monitor and surveil

1864

01:05:36,630 --> 01:05:34,720

whatever to know what people are doing

1865

01:05:38,710 --> 01:05:36,640

that's also why they need to drill down

1866

01:05:40,230 --> 01:05:38,720

and find out you know build a dna

1867

01:05:42,069 --> 01:05:40,240

database so they can figure out what

1868

01:05:43,829 --> 01:05:42,079

your genetic makeup is

1869

01:05:45,510 --> 01:05:43,839

it kind of dates back to the eugenics

1870

01:05:48,390 --> 01:05:45,520

movement too by the way

1871

01:05:50,710 --> 01:05:48,400

but uh they want micromanagement control

1872

01:05:52,950 --> 01:05:50,720

over individual people

1873

01:05:55,029 --> 01:05:52,960

and people living in family units cannot

1874

01:05:56,630 --> 01:05:55,039

be controlled as easily

1875

01:05:58,630 --> 01:05:56,640

because they have loyalties to each

1876  
01:05:59,990 --> 01:05:58,640  
other not loyalties to the government or

1877  
01:06:01,990 --> 01:06:00,000  
to the state
