# DR. JACK SARFATTI

1  
00:00:06,710 --> 00:00:05,190

[Music]

2  
00:00:09,830 --> 00:00:06,720  
now for our interview with jack

3  
00:00:11,190 --> 00:00:09,840  
sarfati let's turn to russia i've heard

4  
00:00:12,950 --> 00:00:11,200  
some of the things that you've said

5  
00:00:14,709 --> 00:00:12,960  
it sounds as if you've been in touch

6  
00:00:16,790 --> 00:00:14,719  
with some people from russia that russia

7  
00:00:18,310 --> 00:00:16,800  
absolutely is pursuing tic-tac-toe

8  
00:00:19,029 --> 00:00:18,320  
technology i think so i have reason to

9  
00:00:20,550 --> 00:00:19,039  
think that yeah

10  
00:00:23,429 --> 00:00:20,560  
but first i should go back in time

11  
00:00:26,470 --> 00:00:23,439  
because we have to go back to the 80s

12  
00:00:28,870 --> 00:00:26,480  
when i was a scientific consultant for

13  
00:00:31,429 --> 00:00:28,880

the institute of contemporary studies

14

00:00:32,150 --> 00:00:31,439

uh in san francisco in the early 80s mid

15

00:00:34,709 --> 00:00:32,160

80s

16

00:00:36,229 --> 00:00:34,719

that this was a think tank set up by cap

17

00:00:37,510 --> 00:00:36,239

weinberger who was in secretary of

18

00:00:38,229 --> 00:00:37,520

defense it was actually set up when

19

00:00:41,030 --> 00:00:38,239

reagan

20

00:00:41,590 --> 00:00:41,040

was governor of california in late 70s

21

00:00:44,950 --> 00:00:41,600

and

22

00:00:46,630 --> 00:00:44,960

milton friedman

23

00:00:47,990 --> 00:00:46,640

and all these guys so i was hanging out

24

00:00:50,470 --> 00:00:48,000

with all these guys

25

00:00:51,510 --> 00:00:50,480

and um i was basically a science

26

00:00:54,470 --> 00:00:51,520

consultant

27

00:00:55,110 --> 00:00:54,480

and at that time uh through paul

28

00:00:56,389 --> 00:00:55,120

nietzsche

29

00:00:59,830 --> 00:00:56,399

and this guy marshall nafee i was

30

00:01:03,029 --> 00:00:59,840

talking about any case behind the scenes

31

00:01:07,270 --> 00:01:03,039

we basically um

32

00:01:09,510 --> 00:01:07,280

got reagan to uh do star wars

33

00:01:12,149 --> 00:01:09,520

and the thing is that and we were in

34

00:01:13,990 --> 00:01:12,159

touch with russians too at that time uh

35

00:01:14,870 --> 00:01:14,000

and the way that worked hold on a second

36

00:01:15,910 --> 00:01:14,880

what do you mean you're in touch with

37

00:01:18,469 --> 00:01:15,920

russians what does that mean

38

00:01:19,670 --> 00:01:18,479

that means that that with that uh

39

00:01:20,950 --> 00:01:19,680

through esslin through the warner

40

00:01:23,990 --> 00:01:20,960

earhard connection

41

00:01:25,270 --> 00:01:24,000

okay back in esslin that uh eslin was

42

00:01:27,670 --> 00:01:25,280

involved very much

43

00:01:29,350 --> 00:01:27,680

with the cia it was a cia operation you

44

00:01:31,350 --> 00:01:29,360

know eslin brought um

45

00:01:32,950 --> 00:01:31,360

who was you know that both this

46

00:01:37,510 --> 00:01:32,960

gorbachev foundation but yeltsin

47

00:01:41,270 --> 00:01:37,520

okay this is uh this is back um

48

00:01:44,550 --> 00:01:41,280

i guess right yeah after 89 yeah when

49

00:01:47,670 --> 00:01:44,560

um eslin the esslin people

50

00:01:49,190 --> 00:01:47,680

brought yeltsin to america this is

51  
00:01:50,789 --> 00:01:49,200  
before he was president of russia

52  
00:01:52,950 --> 00:01:50,799  
they brought him to a supermarket in

53  
00:01:54,469 --> 00:01:52,960  
texas and he saw the food on the thing

54  
00:01:56,630 --> 00:01:54,479  
and they said yeltsin wept

55  
00:01:58,389 --> 00:01:56,640  
set that guy down in jesus and wept that

56  
00:02:00,230 --> 00:01:58,399  
you know communism was a mistake

57  
00:02:01,830 --> 00:02:00,240  
okay and then they brought gorbachev

58  
00:02:02,230 --> 00:02:01,840  
there's the gorbachev foundation set up

59  
00:02:05,429 --> 00:02:02,240  
by

60  
00:02:07,190 --> 00:02:05,439  
eslin people you know and um

61  
00:02:08,790 --> 00:02:07,200  
any case and there was the georgie

62  
00:02:10,869 --> 00:02:08,800  
arbitoff the uh

63  
00:02:11,990 --> 00:02:10,879

institute for us in canada okay but

64

00:02:13,670 --> 00:02:12,000

there's a big difference between being

65

00:02:14,710 --> 00:02:13,680

in touch with russians and say 1990

66

00:02:17,190 --> 00:02:14,720

versus 1980.

67

00:02:18,630 --> 00:02:17,200

so yeah okay but wait uh true no no no

68

00:02:19,990 --> 00:02:18,640

no russians yeah yeah oh

69

00:02:22,550 --> 00:02:20,000

well because this has already happened

70

00:02:26,390 --> 00:02:22,560

unless when was the uh

71

00:02:29,589 --> 00:02:26,400

okay but what happened was we uh

72

00:02:30,070 --> 00:02:29,599

i was basically talking okay in reagan's

73

00:02:31,509 --> 00:02:30,080

speech

74

00:02:33,110 --> 00:02:31,519

rendering nuclear weapons imminent

75

00:02:35,430 --> 00:02:33,120

obsolete

76

00:02:36,630 --> 00:02:35,440

i wrote those lines rendering talking

77

00:02:37,110 --> 00:02:36,640

about the potential of the star wars

78

00:02:39,270 --> 00:02:37,120

program

79

00:02:41,030 --> 00:02:39,280

yeah yeah yeah yeah yeah there was

80

00:02:43,030 --> 00:02:41,040

lasers in the sky and

81

00:02:45,990 --> 00:02:43,040

in space all that stuff and the reason

82

00:02:47,750 --> 00:02:46,000

that happened the reason that happened

83

00:02:50,309 --> 00:02:47,760

was because marshall navy made this

84

00:02:52,869 --> 00:02:50,319

movie with sean connery

85

00:02:54,070 --> 00:02:52,879

about the media hitting their meteor i

86

00:02:57,030 --> 00:02:54,080

think it's called meteor you know

87

00:02:57,990 --> 00:02:57,040

when they go out now and um we were

88

00:03:01,430 --> 00:02:58,000

having uh

89

00:03:02,550 --> 00:03:01,440

uh um we were having dinner

90

00:03:04,309 --> 00:03:02,560

laurie chickering was the head of the

91

00:03:05,670 --> 00:03:04,319

institute for contemporary studies

92

00:03:07,509 --> 00:03:05,680

marshall nafee and i

93

00:03:09,830 --> 00:03:07,519

at enrico's restaurant rico's was a

94

00:03:13,270 --> 00:03:09,840

famous place in san francisco

95

00:03:15,430 --> 00:03:13,280

at that time and um laurie had wanted to

96

00:03:17,910 --> 00:03:15,440

meet martial as marshall was you know

97

00:03:19,589 --> 00:03:17,920

major was a partner with al broccoli and

98

00:03:20,790 --> 00:03:19,599

the james bond movies with the

99

00:03:22,869 --> 00:03:20,800

in fact marshall even had one of the

100

00:03:25,670 --> 00:03:22,879

james bond aston martins in his garage

101  
00:03:26,390 --> 00:03:25,680  
from one of the movies uh powerful man

102  
00:03:28,229 --> 00:03:26,400  
okay

103  
00:03:30,309 --> 00:03:28,239  
that's when i took lsd with the answer

104  
00:03:32,789 --> 00:03:30,319  
any case so so lori wanted to meet

105  
00:03:35,110 --> 00:03:32,799  
marshall about something and

106  
00:03:37,350 --> 00:03:35,120  
marshall had just made this movie media

107  
00:03:39,670 --> 00:03:37,360  
with sean connery

108  
00:03:40,470 --> 00:03:39,680  
and marcia was a stoner with stone and

109  
00:03:43,830 --> 00:03:40,480  
laurie didn't know

110  
00:03:45,350 --> 00:03:43,840  
you know and so boston was

111  
00:03:46,869 --> 00:03:45,360  
you know sitting at the round table

112  
00:03:48,309 --> 00:03:46,879  
there with rick was bringing rico is

113  
00:03:51,430 --> 00:03:48,319

playing his violin

114

00:03:54,789 --> 00:03:51,440

erica banducci and uh

115

00:03:58,309 --> 00:03:54,799

hey you know what if

116

00:04:02,630 --> 00:03:58,319

what if aliens attacked us or a meteor

117

00:04:05,830 --> 00:04:04,710

and russia and america got together and

118

00:04:07,750 --> 00:04:05,840

we all got together you know

119

00:04:08,869 --> 00:04:07,760

for this common enemy and that way we'd

120

00:04:12,949 --> 00:04:08,879

get peace

121

00:04:15,030 --> 00:04:12,959

okay so so lori

122

00:04:16,469 --> 00:04:15,040

he was afraid so after the lunch was

123

00:04:19,110 --> 00:04:16,479

over

124

00:04:21,670 --> 00:04:19,120

laurie asked me to uh said can you write

125

00:04:25,110 --> 00:04:21,680

up what marshall was talking about

126

00:04:26,870 --> 00:04:25,120

this is how things get done okay so and

127

00:04:28,870 --> 00:04:26,880

and i wrote this thing up and then and i

128

00:04:30,790 --> 00:04:28,880

was also working on things like using

129

00:04:32,230 --> 00:04:30,800

gamma ray because i had worked at

130

00:04:33,830 --> 00:04:32,240

cornell with hans beta

131

00:04:35,670 --> 00:04:33,840

my professor one he was head of

132

00:04:37,990 --> 00:04:35,680

theoretical physics manhattan project

133

00:04:39,350 --> 00:04:38,000

this is back in the early 60s we were

134

00:04:42,070 --> 00:04:39,360

trying to develop an x-ray

135

00:04:42,790 --> 00:04:42,080

laser you know a gamma ray gamma-ray

136

00:04:44,469 --> 00:04:42,800

laser

137

00:04:46,070 --> 00:04:44,479

so i was talking about all that stuff

138

00:04:47,510 --> 00:04:46,080

and so i had written i put in all the

139

00:04:49,110 --> 00:04:47,520

cells and we could also do this and this

140

00:04:50,629 --> 00:04:49,120

and that and render nuclear weapons

141

00:04:51,990 --> 00:04:50,639

embedded in obsolete

142

00:04:54,390 --> 00:04:52,000

this is before we knew about the flying

143

00:04:57,590 --> 00:04:54,400

sources rendering nuclear missiles

144

00:04:59,430 --> 00:04:57,600

into an obsolete right okay so

145

00:05:01,270 --> 00:04:59,440

so i wrote this thing up pie in the sky

146

00:05:04,790 --> 00:05:01,280

about three pages

147

00:05:06,790 --> 00:05:04,800

i give it to laurie chickering and uh

148

00:05:08,390 --> 00:05:06,800

a month goes by i'm walking into the

149

00:05:09,590 --> 00:05:08,400

cafe triathlete north beach with local

150

00:05:10,950 --> 00:05:09,600

bohemian hangout

151  
00:05:12,790 --> 00:05:10,960  
where francis floyd copeland wrote the

152  
00:05:13,189 --> 00:05:12,800  
god of san francisco yeah sam in north

153  
00:05:14,310 --> 00:05:13,199  
beach

154  
00:05:16,950 --> 00:05:14,320  
that's my neighborhood that's where i

155  
00:05:19,510 --> 00:05:16,960  
live and and laurie comes in

156  
00:05:21,189 --> 00:05:19,520  
says hey jack i gave you a paper to paul

157  
00:05:23,749 --> 00:05:21,199  
nietzsche he really liked it

158  
00:05:24,310 --> 00:05:23,759  
paul nietzsche was the chief reagan arms

159  
00:05:27,029 --> 00:05:24,320  
control

160  
00:05:27,350 --> 00:05:27,039  
guy okay and then shortly after all

161  
00:05:30,790 --> 00:05:27,360  
right

162  
00:05:32,469 --> 00:05:30,800  
but around that time um

163  
00:05:34,070 --> 00:05:32,479

well i also had been i had been

164

00:05:34,790 --> 00:05:34,080

interviewed about some of this stuff by

165

00:05:37,189 --> 00:05:34,800

rai

166

00:05:39,590 --> 00:05:37,199

italian television and all this stuff

167

00:05:42,870 --> 00:05:39,600

and any case the russians a guy named

168

00:05:45,189 --> 00:05:42,880

igor octarine a physicist from moscow

169

00:05:46,150 --> 00:05:45,199

would start sending letters you know

170

00:05:49,029 --> 00:05:46,160

said thank you for

171

00:05:51,029 --> 00:05:49,039

reading your work and we started

172

00:05:53,270 --> 00:05:51,039

communicating with him

173

00:05:54,710 --> 00:05:53,280

it's in my book my new book my book

174

00:05:56,550 --> 00:05:54,720

destiny major and newborn coming out

175

00:05:57,749 --> 00:05:56,560

there's a chapter by kimber rafato

176

00:05:59,029 --> 00:05:57,759

actually was there at the time

177

00:06:01,510 --> 00:05:59,039

he writes about this whole thing in

178

00:06:02,950 --> 00:06:01,520

detail and so we were communicating with

179

00:06:03,909 --> 00:06:02,960

the russians with the knowledge of the

180

00:06:07,510 --> 00:06:03,919

cia

181

00:06:09,189 --> 00:06:07,520

about all this kind of stuff you know

182

00:06:10,550 --> 00:06:09,199

with the idea being we're working

183

00:06:11,350 --> 00:06:10,560

together with the possibility of an

184

00:06:14,550 --> 00:06:11,360

asteroid or

185

00:06:17,749 --> 00:06:14,560

a meteor yes yeah or or even aliens okay

186

00:06:23,110 --> 00:06:20,950

my sidekick kimber rafato he was a

187

00:06:24,070 --> 00:06:23,120

navy pilot on board the ranger not a

188

00:06:26,070 --> 00:06:24,080

pilot he was a

189

00:06:27,749 --> 00:06:26,080

navy photographer combat for aero you

190

00:06:29,189 --> 00:06:27,759

know traveling in the airplanes

191

00:06:30,870 --> 00:06:29,199

and they were seeing ufos they were

192

00:06:34,070 --> 00:06:30,880

seeing things like tic tacs back then

193

00:06:34,790 --> 00:06:34,080

there's vietnam vietnam but just put it

194

00:06:37,270 --> 00:06:34,800

put a pin

195

00:06:38,710 --> 00:06:37,280

in it what happened to the star wars

196

00:06:41,189 --> 00:06:38,720

program okay did it ever

197

00:06:41,830 --> 00:06:41,199

oh yeah what did it create well behind

198

00:06:43,990 --> 00:06:41,840

the scenes

199

00:06:45,270 --> 00:06:44,000

well the the israelis are doing that all

200

00:06:47,029 --> 00:06:45,280

this iron

201  
00:06:48,550 --> 00:06:47,039  
you know the israeli shooting the star

202  
00:06:49,749 --> 00:06:48,560  
wars thing it's certainly the worst

203  
00:06:52,629 --> 00:06:49,759  
shields that was called yeah

204  
00:06:53,430 --> 00:06:52,639  
whatever it's called uh the the star

205  
00:06:55,670 --> 00:06:53,440  
wars thing

206  
00:06:57,749 --> 00:06:55,680  
it definitely works for like an enemy

207  
00:06:59,110 --> 00:06:57,759  
like iran and you see what's happening

208  
00:07:01,110 --> 00:06:59,120  
you know for small numbers of rockets

209  
00:07:03,110 --> 00:07:01,120  
whether it would we couldn't stop

210  
00:07:04,870 --> 00:07:03,120  
thousands being launched

211  
00:07:06,550 --> 00:07:04,880  
but yeah but was the idea of star wars

212  
00:07:07,029 --> 00:07:06,560  
that it would be the laser would be

213  
00:07:09,029 --> 00:07:07,039

somehow

214

00:07:10,950 --> 00:07:09,039

in space and would be yeah that's what

215

00:07:12,710 --> 00:07:10,960

the space force is all about yeah but

216

00:07:14,230 --> 00:07:12,720

we've got to do that though we've yet to

217

00:07:14,950 --> 00:07:14,240

put a laser in space that can shoot

218

00:07:16,150 --> 00:07:14,960

things down

219

00:07:17,430 --> 00:07:16,160

i don't know about that i wouldn't

220

00:07:18,870 --> 00:07:17,440

assume that see that if anything had

221

00:07:20,230 --> 00:07:18,880

been so by nick cook and all the secret

222

00:07:21,830 --> 00:07:20,240

there if anything there we have lasers

223

00:07:22,390 --> 00:07:21,840

in space we have all that stuff in space

224

00:07:25,909 --> 00:07:22,400

i think

225

00:07:27,430 --> 00:07:25,919

the chinese are doing it

226

00:07:29,270 --> 00:07:27,440

we're all doing that's why we have a

227

00:07:31,749 --> 00:07:29,280

space for by the way i

228

00:07:32,309 --> 00:07:31,759

pushed back then in the 80s we need to

229

00:07:33,749 --> 00:07:32,319

create

230

00:07:35,749 --> 00:07:33,759

the united states i call it the united

231

00:07:36,070 --> 00:07:35,759

states space force the sixth military

232

00:07:38,070 --> 00:07:36,080

officer

233

00:07:39,670 --> 00:07:38,080

now it's called the trump space force

234

00:07:40,870 --> 00:07:39,680

well that's fine i'm glad i'm glad

235

00:07:42,469 --> 00:07:40,880

i don't know i was just in trump tower

236

00:07:43,350 --> 00:07:42,479

in new york and there's they're selling

237

00:07:45,589 --> 00:07:43,360

t-shirts yeah yeah

238

00:07:46,629 --> 00:07:45,599

it's great it says space it's great that

239

00:07:48,550 --> 00:07:46,639

trump did it

240

00:07:50,070 --> 00:07:48,560

yeah but i was and i'm glad he did it i

241

00:07:51,589 --> 00:07:50,080

was pushing for him i'm not saying

242

00:07:52,950 --> 00:07:51,599

i'm gonna say he did because of me i

243

00:07:54,790 --> 00:07:52,960

don't know i don't know well let's let's

244

00:07:57,110 --> 00:07:54,800

fast forward to russians today

245

00:07:58,950 --> 00:07:57,120

okay who are you talking today to enroll

246

00:08:00,230 --> 00:07:58,960

okay okay so what has happened so it was

247

00:08:02,150 --> 00:08:00,240

all this russian stuff

248

00:08:04,150 --> 00:08:02,160

back then the russians were certainly

249

00:08:05,749 --> 00:08:04,160

aware of who jack sarfati was

250

00:08:07,430 --> 00:08:05,759

back then okay all kinds of

251  
00:08:08,869 --> 00:08:07,440  
corroboration on that and they know

252  
00:08:09,510 --> 00:08:08,879  
about my connection with the reagan and

253  
00:08:12,869 --> 00:08:09,520  
all that stuff

254  
00:08:13,909 --> 00:08:12,879  
oh one other last thing ed teller in his

255  
00:08:16,230 --> 00:08:13,919  
biography

256  
00:08:18,469 --> 00:08:16,240  
dark matter or dark something or other

257  
00:08:21,350 --> 00:08:18,479  
says he was totally shocked when

258  
00:08:22,070 --> 00:08:21,360  
reagan announced sdi because he was kept

259  
00:08:25,430 --> 00:08:22,080  
out of the loop

260  
00:08:26,869 --> 00:08:25,440  
reagan didn't trust teller because he

261  
00:08:28,950 --> 00:08:26,879  
was hungarian drew thought he might

262  
00:08:31,350 --> 00:08:28,960  
still be a communist sleeper agent

263  
00:08:32,870 --> 00:08:31,360

the reason reagan went for it because he

264

00:08:34,709 --> 00:08:32,880

he used to work for marshall nafee's

265

00:08:36,149 --> 00:08:34,719

father in the movies

266

00:08:37,829 --> 00:08:36,159

and they know each other from the movie

267

00:08:38,709 --> 00:08:37,839

i mean marshall just called reagan at

268

00:08:40,310 --> 00:08:38,719

the white house where you can pick up

269

00:08:41,589 --> 00:08:40,320

the phone hey marsha how are you doing

270

00:08:43,269 --> 00:08:41,599

that kind of like and when he saw

271

00:08:44,070 --> 00:08:43,279

marshall navy's name on this thing i

272

00:08:46,870 --> 00:08:44,080

wrote

273

00:08:48,310 --> 00:08:46,880

that decided him to do star wars how

274

00:08:49,829 --> 00:08:48,320

many billions do you think were spent on

275

00:08:52,070 --> 00:08:49,839

star wars i don't that i don't know that

276

00:08:53,430 --> 00:08:52,080

yeah i'm not in that loop i don't but

277

00:08:54,550 --> 00:08:53,440

you could ask chris mellon people like

278

00:08:57,750 --> 00:08:54,560

that again but

279

00:09:01,190 --> 00:08:57,760

i don't know so the um

280

00:09:04,870 --> 00:09:01,200

okay so okay so then okay now let's go

281

00:09:07,910 --> 00:09:04,880

back to about 2015 2014.

282

00:09:09,030 --> 00:09:07,920

uh obama's president trump has not

283

00:09:13,430 --> 00:09:09,040

announced

284

00:09:16,710 --> 00:09:13,440

okay i get a call from this guy vladimir

285

00:09:18,550 --> 00:09:16,720

glad to be uh we are from channel 5 and

286

00:09:21,590 --> 00:09:18,560

saint petersburg

287

00:09:22,630 --> 00:09:21,600

and we would like to come and uh video

288

00:09:29,030 --> 00:09:22,640

you

289

00:09:31,269 --> 00:09:29,040

i said okay i have photographs

290

00:09:32,630 --> 00:09:31,279

so they come this is uh they come it's

291

00:09:33,990 --> 00:09:32,640

about two or three hours taking a bunch

292

00:09:35,430 --> 00:09:34,000

of video and i'm talking about quantum

293

00:09:36,550 --> 00:09:35,440

teleportation i'm talking about well you

294

00:09:38,230 --> 00:09:36,560

know let's fire out stuff

295

00:09:39,190 --> 00:09:38,240

talk about a little bit flying saucers

296

00:09:41,350 --> 00:09:39,200

is this different than russian

297

00:09:43,350 --> 00:09:41,360

television it wasn't rt

298

00:09:44,470 --> 00:09:43,360

no it's not rt it's channel 5 saint

299

00:09:45,990 --> 00:09:44,480

petersburg

300

00:09:47,590 --> 00:09:46,000

but if you look at channel 5 saint

301

00:09:49,509 --> 00:09:47,600

peter's it's run by some oligarch who's

302

00:09:51,670 --> 00:09:49,519

a close friend of vladimir putin's

303

00:09:53,430 --> 00:09:51,680

just look good anything run in russia by

304

00:09:54,389 --> 00:09:53,440

an oligarch who's close to putin yeah

305

00:09:57,430 --> 00:09:54,399

right of course

306

00:09:59,110 --> 00:09:57,440

all right so so they said they

307

00:10:01,030 --> 00:09:59,120

interviewed me and by the way this way

308

00:10:02,949 --> 00:10:01,040

before tic tac

309

00:10:04,870 --> 00:10:02,959

obama's still president this is before

310

00:10:07,750 --> 00:10:04,880

the elections okay

311

00:10:08,710 --> 00:10:07,760

and um and they said uh they'll send me

312

00:10:10,150 --> 00:10:08,720

a video

313

00:10:11,590 --> 00:10:10,160

so i didn't hear anything i'd look i

314

00:10:12,710 --> 00:10:11,600

couldn't can't find anything they said

315

00:10:14,230 --> 00:10:12,720

and they also said they were going to

316

00:10:15,829 --> 00:10:14,240

translate myself into russian and all

317

00:10:17,350 --> 00:10:15,839

being russian subtitles and stuff like

318

00:10:19,430 --> 00:10:17,360

that

319

00:10:21,509 --> 00:10:19,440

i didn't hear anything i looked i

320

00:10:23,750 --> 00:10:21,519

couldn't find anything so

321

00:10:25,030 --> 00:10:23,760

all right but about a year after that

322

00:10:26,630 --> 00:10:25,040

putin comes out with this thing about

323

00:10:28,069 --> 00:10:26,640

quantum teleportation

324

00:10:29,910 --> 00:10:28,079

how russia's going to have this

325

00:10:31,430 --> 00:10:29,920

multi-billion dollar secret project all

326

00:10:32,470 --> 00:10:31,440

the kind of stuff i was talking about on

327

00:10:35,269 --> 00:10:32,480

this okay

328

00:10:35,910 --> 00:10:35,279

all right all right so all right it's

329

00:10:38,710 --> 00:10:35,920

fsb

330

00:10:40,069 --> 00:10:38,720

obviously right all right but here's the

331

00:10:41,990 --> 00:10:40,079

clincher and here you can because

332

00:10:43,269 --> 00:10:42,000

i sent you can see me on russian

333

00:10:48,310 --> 00:10:43,279

television you'll see

334

00:10:57,030 --> 00:10:53,509

june of 2016 a week before

335

00:10:57,269 --> 00:10:57,040

trump's 70th birthday the vladimir calls

336

00:11:00,389 --> 00:10:57,279

him

337

00:11:03,670 --> 00:11:00,399

up it says jack this is

338

00:11:04,870 --> 00:11:03,680

short notice but we're doing a special

339

00:11:07,430 --> 00:11:04,880

program

340

00:11:08,389 --> 00:11:07,440

on donald trump's 70th birthday and we'd

341

00:11:17,110 --> 00:11:08,399

like to interview

342

00:11:20,310 --> 00:11:18,470

well your first question was probably

343

00:11:21,269 --> 00:11:20,320

what happened to my last interview well

344

00:11:24,230 --> 00:11:21,279

i didn't ask that

345

00:11:24,550 --> 00:11:24,240

okay being diplomatic at this point i

346

00:11:29,670 --> 00:11:24,560

know

347

00:11:32,550 --> 00:11:29,680

i'll play along

348

00:11:33,910 --> 00:11:32,560

i did tell my cia friends they knew okay

349

00:11:37,269 --> 00:11:33,920

nobody told me not to do it

350

00:11:39,990 --> 00:11:37,279

okay okay so

351  
00:11:40,550 --> 00:11:40,000  
the few days they come over they video

352  
00:11:42,470 --> 00:11:40,560  
me

353  
00:11:45,190 --> 00:11:42,480  
and this i have i took pictures myself

354  
00:11:48,310 --> 00:11:45,200  
of them doing it you know

355  
00:11:50,790 --> 00:11:48,320  
and but they asked me

356  
00:11:52,550 --> 00:11:50,800  
well jack what is what does trump think

357  
00:11:54,629 --> 00:11:52,560  
about vladimir putin do you think they

358  
00:11:57,750 --> 00:11:54,639  
would get along if trump were president

359  
00:12:00,310 --> 00:11:57,760  
first of why are they asking jackson

360  
00:12:01,430 --> 00:12:00,320  
they weren't asking me and i said yeah i

361  
00:12:03,110 --> 00:12:01,440  
think they would get along excited

362  
00:12:05,590 --> 00:12:03,120  
because i knew you know certain

363  
00:12:07,030 --> 00:12:05,600

and they asked me what is trump's

364

00:12:09,269 --> 00:12:07,040

attitude on nato

365

00:12:11,509 --> 00:12:09,279

what is trump's attitude on crimea what

366

00:12:13,030 --> 00:12:11,519

is trump's attitude on syria

367

00:12:14,470 --> 00:12:13,040

all these political geopolitical

368

00:12:16,150 --> 00:12:14,480

questions were asking me as i said yeah

369

00:12:17,430 --> 00:12:16,160

i'm sort of like winging it i sort of

370

00:12:20,629 --> 00:12:17,440

knocked that

371

00:12:22,389 --> 00:12:20,639

so and um and

372

00:12:24,310 --> 00:12:22,399

then i think i sort of knew why they

373

00:12:25,829 --> 00:12:24,320

were doing it the reason they were doing

374

00:12:27,590 --> 00:12:25,839

it because they knew about my connection

375

00:12:29,670 --> 00:12:27,600

with the reagan administration back in

376

00:12:31,670 --> 00:12:29,680

the 80s they certainly know that

377

00:12:32,790 --> 00:12:31,680

they know all that right these russians

378

00:12:36,389 --> 00:12:32,800

spot they're not stupid

379

00:12:38,310 --> 00:12:36,399

right and they knew about my close

380

00:12:41,350 --> 00:12:38,320

friendship with michael savage

381

00:12:43,269 --> 00:12:41,360

for over many years since 1975 i were

382

00:12:45,509 --> 00:12:43,279

like brothers almost you know

383

00:12:46,550 --> 00:12:45,519

and michael savage is close friends of

384

00:12:52,310 --> 00:12:46,560

trump

385

00:12:53,990 --> 00:12:52,320

savage sometimes mentioned jack says

386

00:12:57,910 --> 00:12:54,000

friend jack sarfati said no

387

00:12:59,829 --> 00:12:57,920

all right so they know all that okay

388

00:13:02,069 --> 00:12:59,839

the most significant thing is as they

389

00:13:03,590 --> 00:13:02,079

were packing up to leave

390

00:13:05,430 --> 00:13:03,600

and they're on my email thing you know

391

00:13:08,470 --> 00:13:05,440

the these guys forget

392

00:13:09,670 --> 00:13:08,480

let them know you know and um and they

393

00:13:11,910 --> 00:13:09,680

said

394

00:13:13,829 --> 00:13:11,920

i don't know i don't know with jack but

395

00:13:17,110 --> 00:13:13,839

they and he looked at me singing

396

00:13:18,710 --> 00:13:17,120

they really like you in moscow

397

00:13:20,470 --> 00:13:18,720

who said that vladimir the guy

398

00:13:21,590 --> 00:13:20,480

interviewed me like he was just the guy

399

00:13:23,269 --> 00:13:21,600

he's a grunt man

400

00:13:25,190 --> 00:13:23,279

he's just following orders right but

401  
00:13:26,870 --> 00:13:25,200  
they really like you in moscow and did

402  
00:13:28,949 --> 00:13:26,880  
the second interview error

403  
00:13:29,910 --> 00:13:28,959  
that you can see that'll yeah that's

404  
00:13:31,509 --> 00:13:29,920  
there that one did

405  
00:13:34,230 --> 00:13:31,519  
that and wait but they didn't send that

406  
00:13:36,470 --> 00:13:34,240  
to me i found out here's how i found out

407  
00:13:37,590 --> 00:13:36,480  
so a few months later a guy named dmitry

408  
00:13:40,069 --> 00:13:37,600  
zellnertov

409  
00:13:41,189 --> 00:13:40,079  
from moscow writes to me email he's on

410  
00:13:42,310 --> 00:13:41,199  
facebook

411  
00:13:43,750 --> 00:13:42,320  
and he's some kind of editor he says

412  
00:13:45,430 --> 00:13:43,760  
jack we'd like to translate all your

413  
00:13:47,829 --> 00:13:45,440

work into russian is that okay so

414

00:13:49,110 --> 00:13:47,839

sure it's okay all right now i haven't

415

00:13:51,670 --> 00:13:49,120

read from memories i know what happened

416

00:13:53,350 --> 00:13:51,680

but but then i said now i told i said i

417

00:13:55,189 --> 00:13:53,360

told demetrius said hey what were these

418

00:13:56,389 --> 00:13:55,199

russians fsb oh and i said

419

00:13:58,389 --> 00:13:56,399

oh i told him about the thing with

420

00:13:59,990 --> 00:13:58,399

vladimir putin and

421

00:14:02,069 --> 00:14:00,000

he said yeah we know vladimir putin's

422

00:14:04,150 --> 00:14:02,079

really into mana he's really

423

00:14:05,590 --> 00:14:04,160

keen on all this fringe physics you know

424

00:14:06,389 --> 00:14:05,600

hippie state physics sort of stuff you

425

00:14:10,550 --> 00:14:06,399

know all this stuff

426  
00:14:14,150 --> 00:14:10,560  
he's a smart guy vladimir right and um

427  
00:14:17,269 --> 00:14:14,160  
and uh and then

428  
00:14:20,069 --> 00:14:17,279  
it was demetri who found the link

429  
00:14:21,350 --> 00:14:20,079  
that you know of me on the show with

430  
00:14:23,910 --> 00:14:21,360  
trump

431  
00:14:25,509 --> 00:14:23,920  
i'm the only american they show there

432  
00:14:27,670 --> 00:14:25,519  
i'm at the end twice i appear very

433  
00:14:29,670 --> 00:14:27,680  
briefly twice

434  
00:14:30,949 --> 00:14:29,680  
again you should watch it the whole

435  
00:14:33,509 --> 00:14:30,959  
thing and

436  
00:14:34,310 --> 00:14:33,519  
um and then they say on the show then

437  
00:14:36,310 --> 00:14:34,320  
dimitri says

438  
00:14:42,710 --> 00:14:36,320

they they announce you as being a

439

00:14:46,230 --> 00:14:44,310

weird it's weird okay but these are

440

00:14:46,629 --> 00:14:46,240

facts i'm just gonna just the facts man

441

00:14:52,470 --> 00:14:46,639

okay

442

00:14:53,990 --> 00:14:52,480

if you learn that you're not gonna be

443

00:14:56,550 --> 00:14:54,000

able to get your meeting from trump

444

00:14:57,670 --> 00:14:56,560

but that vladimir putin would like to

445

00:15:00,870 --> 00:14:57,680

sit down and talk with you

446

00:15:03,269 --> 00:15:00,880

and know what you know about

447

00:15:03,910 --> 00:15:03,279

he already knows he already knows all my

448

00:15:06,710 --> 00:15:03,920

stuff is on

449

00:15:08,150 --> 00:15:06,720

is online he they already know well then

450

00:15:09,350 --> 00:15:08,160

they know for years so does trump then

451

00:15:11,829 --> 00:15:09,360

so what's the point

452

00:15:13,189 --> 00:15:11,839

okay you know he's all out there okay no

453

00:15:15,670 --> 00:15:13,199

trump okay first of all

454

00:15:16,949 --> 00:15:15,680

trump is under continual attack as we

455

00:15:20,550 --> 00:15:16,959

know

456

00:15:22,470 --> 00:15:20,560

okay he's doing what he's doing

457

00:15:23,990 --> 00:15:22,480

trump's attention i mean you know

458

00:15:27,590 --> 00:15:24,000

nothing's gonna happen with trump

459

00:15:30,230 --> 00:15:27,600

until he wins in a landslide in 2020.

460

00:15:31,990 --> 00:15:30,240

if trump doesn't win if a guy like if

461

00:15:34,629 --> 00:15:32,000

bolshevik bernie wins

462

00:15:35,110 --> 00:15:34,639

we're gonna have a shooting civil war

463

00:15:36,870 --> 00:15:35,120

this guy

464

00:15:39,269 --> 00:15:36,880

it's gonna be like syria here i'm sorry

465

00:15:42,629 --> 00:15:39,279

to say this or like it's gonna be bad

466

00:15:44,150 --> 00:15:42,639

because i already know i i've you know

467

00:15:46,069 --> 00:15:44,160

i'm in touch with all kinds of people

468

00:15:49,269 --> 00:15:46,079

they're not going to let it happen

469

00:15:51,189 --> 00:15:49,279

if it's going to be serious okay so

470

00:15:52,550 --> 00:15:51,199

and right now with the stars we could be

471

00:15:54,150 --> 00:15:52,560

even michael severson

472

00:15:56,230 --> 00:15:54,160

we could have a perfect storm brewing

473

00:15:59,189 --> 00:15:56,240

right now because if the sars

474

00:15:59,749 --> 00:15:59,199

thing really gets bad and then there's a

475

00:16:01,590 --> 00:15:59,759

virus

476

00:16:02,790 --> 00:16:01,600

yeah corona arrives and if that i'm

477

00:16:05,590 --> 00:16:02,800

sorry come on thank you

478

00:16:08,230 --> 00:16:05,600

and if that if the economy if we go into

479

00:16:09,430 --> 00:16:08,240

chaos in the next few months which by

480

00:16:10,870 --> 00:16:09,440

the way the democrats some of these

481

00:16:12,389 --> 00:16:10,880

democrats would like

482

00:16:14,069 --> 00:16:12,399

you know you heard what's his name bill

483

00:16:17,030 --> 00:16:14,079

mayer omar

484

00:16:18,870 --> 00:16:17,040

bill barr yeah yeah that that's the big

485

00:16:22,389 --> 00:16:18,880

talking point of today is that yeah that

486

00:16:24,790 --> 00:16:22,399

yeah this is being exaggerated to yeah

487

00:16:26,389 --> 00:16:24,800

but but if if because of a perfect storm

488

00:16:29,030 --> 00:16:26,399

with the economy tanking which is

489

00:16:29,670 --> 00:16:29,040

trump's strong point if he loses and

490

00:16:31,430 --> 00:16:29,680

bernie gets

491

00:16:32,629 --> 00:16:31,440

in it's going to be venezuela in a

492

00:16:33,749 --> 00:16:32,639

couple years you know what's going to

493

00:16:36,069 --> 00:16:33,759

happen it's going to be casual

494

00:16:37,590 --> 00:16:36,079

but getting back to trump versus putin

495

00:16:39,110 --> 00:16:37,600

and meeting with trump

496

00:16:41,030 --> 00:16:39,120

if you're saying that all the stuff that

497

00:16:42,790 --> 00:16:41,040

you know about this is already out there

498

00:16:44,629 --> 00:16:42,800

what would you have to say to trump in

499

00:16:45,910 --> 00:16:44,639

the meeting what are you holding back

500

00:16:47,350 --> 00:16:45,920

you would reveal that no no i'm not

501  
00:16:48,230 --> 00:16:47,360  
holding back any i'm just saying hey

502  
00:16:50,710 --> 00:16:48,240  
donald

503  
00:16:51,910 --> 00:16:50,720  
mr president i'm sorry sir mr president

504  
00:16:54,870 --> 00:16:51,920  
the race is on

505  
00:16:56,389 --> 00:16:54,880  
waking just waking him up to where he

506  
00:16:56,870 --> 00:16:56,399  
can be done it needs to be done it needs

507  
00:16:58,389 --> 00:16:56,880  
to be done

508  
00:17:00,150 --> 00:16:58,399  
and the race is on the russians are

509  
00:17:02,389 --> 00:17:00,160  
ahead they have a head start

510  
00:17:03,749 --> 00:17:02,399  
and let's let's do this what what should

511  
00:17:04,390 --> 00:17:03,759  
happen why did you say the russians have

512  
00:17:05,669 --> 00:17:04,400  
a head start

513  
00:17:07,510 --> 00:17:05,679

because they interviewed me on all this

514

00:17:08,549 --> 00:17:07,520  
stuff in 2015.

515

00:17:09,590 --> 00:17:08,559  
i wasn't talking about tick tock time

516

00:17:10,630 --> 00:17:09,600  
but you weren't talking about tic tac

517

00:17:12,949 --> 00:17:10,640  
toe no but i was

518

00:17:13,669 --> 00:17:12,959  
see without see i oh well here's the

519

00:17:16,829 --> 00:17:13,679  
point see

520

00:17:19,189 --> 00:17:16,839  
oh all right this is important fact i

521

00:17:22,069 --> 00:17:19,199  
already had the principles of tic-tac

522

00:17:24,150 --> 00:17:22,079  
without knowing about tic-tac in 2011.

523

00:17:27,270 --> 00:17:24,160  
and in fact i was involved and this is

524

00:17:30,230 --> 00:17:27,280  
very important in 2011 i was involved

525

00:17:31,750 --> 00:17:30,240  
in the creation of the 100-year starship

526

00:17:34,870 --> 00:17:31,760

project with nasa

527

00:17:36,870 --> 00:17:34,880

and darpa and i was working

528

00:17:38,390 --> 00:17:36,880

a close friend of mine creon levitt who

529

00:17:41,190 --> 00:17:38,400

was kind of a student of mine

530

00:17:42,789 --> 00:17:41,200

was a second in command a right-hand man

531

00:17:44,710 --> 00:17:42,799

of general pete warden

532

00:17:46,549 --> 00:17:44,720

who was running nasa ames since back

533

00:17:48,789 --> 00:17:46,559

2010 2011

534

00:17:50,870 --> 00:17:48,799

and he's retired general head of space

535

00:17:52,789 --> 00:17:50,880

command brigadier general with a phd in

536

00:17:54,390 --> 00:17:52,799

physics and astrophysics from university

537

00:17:57,510 --> 00:17:54,400

arizona smart guy

538

00:17:58,470 --> 00:17:57,520

he was the head of nasa ames and i was

539

00:18:01,750 --> 00:17:58,480

on the original

540

00:18:04,630 --> 00:18:01,760

committee of 30 people uh who

541

00:18:06,789 --> 00:18:04,640

uh was setting up this uh this program

542

00:18:10,549 --> 00:18:06,799

for darpa to try to develop a starship

543

00:18:12,390 --> 00:18:10,559

okay and um and then i was

544

00:18:14,950 --> 00:18:12,400

uh sorry let me stop you there when you

545

00:18:18,070 --> 00:18:14,960

say a starship that's something that is

546

00:18:19,350 --> 00:18:18,080

impacting interplaying with gravity yeah

547

00:18:20,789 --> 00:18:19,360

that was my everything i was talking

548

00:18:21,510 --> 00:18:20,799

about i had it back then i was talking

549

00:18:23,590 --> 00:18:21,520

about it

550

00:18:26,150 --> 00:18:23,600

so you're saying that that darpa did in

551  
00:18:27,750 --> 00:18:26,160  
fact have projects anti-gravity projects

552  
00:18:29,270 --> 00:18:27,760  
well yeah but they didn't have my idea

553  
00:18:32,390 --> 00:18:29,280  
but i was invited but i was

554  
00:18:35,590 --> 00:18:32,400  
my i was invited to orlando in october

555  
00:18:36,230 --> 00:18:35,600  
of 2011 paid for by nasa arranged by

556  
00:18:39,270 --> 00:18:36,240  
general p

557  
00:18:39,830 --> 00:18:39,280  
warden and i gave a talk on the same

558  
00:18:41,110 --> 00:18:39,840  
principles

559  
00:18:43,110 --> 00:18:41,120  
i gave a talk on all the stuff i'm

560  
00:18:44,230 --> 00:18:43,120  
showing you back in 2011. by the way

561  
00:18:46,150 --> 00:18:44,240  
michael remind me

562  
00:18:48,070 --> 00:18:46,160  
what was the name of the university in

563  
00:18:50,150 --> 00:18:48,080

scotland that

564

00:18:51,990 --> 00:18:50,160

dundee university and do you remember

565

00:18:55,669 --> 00:18:52,000

the guy's name that we found there

566

00:18:57,990 --> 00:18:55,679

so part of this guy huh andrew kidd

567

00:18:59,510 --> 00:18:58,000

he was a he was working on anti-gravity

568

00:19:02,470 --> 00:18:59,520

device in the 80s

569

00:19:03,430 --> 00:19:02,480

he's still alive he emailed me back well

570

00:19:05,350 --> 00:19:03,440

get him in touch with me

571

00:19:06,870 --> 00:19:05,360

wasn't it get him a tug put him in touch

572

00:19:09,510 --> 00:19:06,880

something

573

00:19:09,990 --> 00:19:09,520

i could i will do that okay so do you

574

00:19:11,590 --> 00:19:10,000

know anything about

575

00:19:13,350 --> 00:19:11,600

this dundee university by chance well

576

00:19:14,710 --> 00:19:13,360

it's a good university okay and they

577

00:19:16,549 --> 00:19:14,720

have a big physics program there

578

00:19:18,070 --> 00:19:16,559

i would well i don't know but i i would

579

00:19:19,350 --> 00:19:18,080

not i'm not rejecting it out of hand i'd

580

00:19:21,270 --> 00:19:19,360

like to get in touch with you okay so

581

00:19:23,110 --> 00:19:21,280

because i am working with people in the

582

00:19:24,950 --> 00:19:23,120

in the in britain you know

583

00:19:26,710 --> 00:19:24,960

so because turber turbo claims that this

584

00:19:29,029 --> 00:19:26,720

technology was

585

00:19:29,830 --> 00:19:29,039

originated from a university he

586

00:19:32,070 --> 00:19:29,840

mentioned

587

00:19:33,270 --> 00:19:32,080

dundee university that it found its way

588

00:19:34,390 --> 00:19:33,280

to darpa

589

00:19:35,830 --> 00:19:34,400

and then it was developed through

590

00:19:37,350 --> 00:19:35,840

dartmouth they may have some exotic

591

00:19:39,110 --> 00:19:37,360

propulsion thing but it's not tic tac

592

00:19:40,310 --> 00:19:39,120

it's not warp drive i'm pretty sure that

593

00:19:40,950 --> 00:19:40,320

because of what the guy said about the

594

00:19:42,870 --> 00:19:40,960

1g

595

00:19:43,990 --> 00:19:42,880

that's [h\_\_\h] that's nonsense it's not

596

00:19:44,870 --> 00:19:44,000

they may have something but it's not

597

00:19:45,830 --> 00:19:44,880

what i'm talking about they have

598

00:19:47,270 --> 00:19:45,840

something else that

599

00:19:49,029 --> 00:19:47,280

might be important but it's not what i'm

600

00:19:49,830 --> 00:19:49,039

talking about but let me just back to

601  
00:19:52,470 --> 00:19:49,840  
2011.

602  
00:19:53,350 --> 00:19:52,480  
so all the basic stuff i'm talking about

603  
00:19:57,029 --> 00:19:53,360  
now

604  
00:19:58,870 --> 00:19:57,039  
i was giving a speech on in 2011 before

605  
00:20:00,630 --> 00:19:58,880  
i knew anything about tic tac

606  
00:20:02,149 --> 00:20:00,640  
my the idea hasn't changed got a little

607  
00:20:04,870 --> 00:20:02,159  
better got a little more refined

608  
00:20:07,270 --> 00:20:04,880  
but i was talking about that and i said

609  
00:20:08,710 --> 00:20:07,280  
it might relate to ufos

610  
00:20:09,750 --> 00:20:08,720  
that brought the house down because they

611  
00:20:10,630 --> 00:20:09,760  
were all they didn't want to talk about

612  
00:20:13,669 --> 00:20:10,640  
ufos

613  
00:20:15,909 --> 00:20:13,679

and in fact sharon weinberger who's a

614

00:20:19,190 --> 00:20:15,919

defense journalist wrote an article

615

00:20:22,070 --> 00:20:19,200

about the big commotion i created

616

00:20:23,750 --> 00:20:22,080

at this meeting talking about ufos and

617

00:20:25,590 --> 00:20:23,760

everybody trying to put me down

618

00:20:27,590 --> 00:20:25,600

on the ufo so i was talking about the

619

00:20:29,110 --> 00:20:27,600

tick tick tack propulsion system same

620

00:20:32,310 --> 00:20:29,120

what i'm talking about today back then

621

00:20:33,990 --> 00:20:32,320

in 2011 and uh

622

00:20:35,909 --> 00:20:34,000

she wrote a big an article that got a

623

00:20:37,270 --> 00:20:35,919

lot of coverage it was on bbc you could

624

00:20:39,029 --> 00:20:37,280

see the article yourself about jack

625

00:20:40,710 --> 00:20:39,039

stefani in this and then this guy gary

626

00:20:41,990 --> 00:20:40,720

beckham wrote an article about ufo's

627

00:20:43,669 --> 00:20:42,000

crash and burn

628

00:20:45,510 --> 00:20:43,679

and hundred-year starship he got a lot

629

00:20:47,510 --> 00:20:45,520

of publicity i got a big brouhaha

630

00:20:48,950 --> 00:20:47,520

and also doug trumbull was there doug

631

00:20:51,590 --> 00:20:48,960

trummel the guy who did special effects

632

00:20:52,950 --> 00:20:51,600

on 2001. he's into ufos and he's the

633

00:20:54,390 --> 00:20:52,960

only one who defended me

634

00:20:57,270 --> 00:20:54,400

and a bunch of the guys who were putting

635

00:20:59,909 --> 00:20:57,280

me down eric davis and this guy

636

00:21:00,789 --> 00:20:59,919

what's his name uh john kramer they're

637

00:21:02,549 --> 00:21:00,799

now part

638

00:21:03,909 --> 00:21:02,559

they're now on the ufo bed the tic tac

639

00:21:04,230 --> 00:21:03,919

bandwagon but then they were putting me

640

00:21:06,390 --> 00:21:04,240

down

641

00:21:08,149 --> 00:21:06,400

but the point is i had the basic i

642

00:21:09,990 --> 00:21:08,159

announced it in this speech

643

00:21:11,590 --> 00:21:10,000

which got a lot of worldwide coverage

644

00:21:13,590 --> 00:21:11,600

and the russians saw that

645

00:21:15,750 --> 00:21:13,600

so whether or not the tic tac that we've

646

00:21:15,990 --> 00:21:15,760

seen in the videos is in fact u.s craft

647

00:21:18,470 --> 00:21:16,000

or

648

00:21:19,750 --> 00:21:18,480

instead from the future what we do know

649

00:21:22,630 --> 00:21:19,760

one thousand percent

650

00:21:23,110 --> 00:21:22,640

is that the u.s itself military black

651  
00:21:25,669 --> 00:21:23,120  
project

652  
00:21:26,390 --> 00:21:25,679  
has been researching this investigating

653  
00:21:30,310 --> 00:21:26,400  
it

654  
00:21:32,630 --> 00:21:30,320  
is through that patent

655  
00:21:34,149 --> 00:21:32,640  
i mean we may call this patent to be a

656  
00:21:34,950 --> 00:21:34,159  
bs patent but we know where he's trying

657  
00:21:36,630 --> 00:21:34,960  
to patent he started

658  
00:21:38,149 --> 00:21:36,640  
something similar to the tic tac and

659  
00:21:39,830 --> 00:21:38,159  
there's also that letter

660  
00:21:41,029 --> 00:21:39,840  
that's in the underwater thing too yeah

661  
00:21:42,390 --> 00:21:41,039  
and there's the chief information

662  
00:21:43,669 --> 00:21:42,400  
officer for the navy

663  
00:21:44,870 --> 00:21:43,679

who writes that letter you probably

664

00:21:46,230 --> 00:21:44,880

heard about this that he sends to the

665

00:21:47,029 --> 00:21:46,240

patent office the patent office is about

666

00:21:48,789 --> 00:21:47,039

to deny this

667

00:21:50,710 --> 00:21:48,799

yeah and they said that because they say

668

00:21:52,470 --> 00:21:50,720

it's not possible yeah and this chief

669

00:21:54,149 --> 00:21:52,480

information officer if i'm getting her

670

00:21:55,830 --> 00:21:54,159

a technology officer for the navy writes

671

00:21:57,990 --> 00:21:55,840

a letter to the patent officer

672

00:21:59,510 --> 00:21:58,000

and says that well that's not true it is

673

00:22:01,430 --> 00:21:59,520

possible we are

674

00:22:02,870 --> 00:22:01,440

experimenting with this and china

675

00:22:03,430 --> 00:22:02,880

actually we think may even be ahead of

676

00:22:05,830 --> 00:22:03,440

us

677

00:22:07,029 --> 00:22:05,840

and subsequent to that they grant the

678

00:22:09,110 --> 00:22:07,039

patent listen i

679

00:22:10,710 --> 00:22:09,120

i hope what he's saying is true i don't

680

00:22:13,029 --> 00:22:10,720

think it is true i think it's some kind

681

00:22:15,270 --> 00:22:13,039

of sophisticated disinformation

682

00:22:16,149 --> 00:22:15,280

uh campaign to get the chinese to go off

683

00:22:18,630 --> 00:22:16,159

on a wrong

684

00:22:20,070 --> 00:22:18,640

thing i hope i'm wrong i hope it's true

685

00:22:21,830 --> 00:22:20,080

but i know it's not tic tac

686

00:22:23,510 --> 00:22:21,840

they may have something they may have

687

00:22:26,549 --> 00:22:23,520

some kind of new propulsion exotic

688

00:22:28,230 --> 00:22:26,559

they may have okay they may have some

689

00:22:31,270 --> 00:22:28,240

kind of electromagnetic

690

00:22:32,070 --> 00:22:31,280

propellant-less propulsion system in

691

00:22:34,070 --> 00:22:32,080

which there's no

692

00:22:35,590 --> 00:22:34,080

jettings or no no gas coming out the

693

00:22:37,350 --> 00:22:35,600

back but it's still

694

00:22:38,630 --> 00:22:37,360

basically a rocket it's not going to

695

00:22:40,230 --> 00:22:38,640

have any of the properties

696

00:22:42,149 --> 00:22:40,240

they're still going to feel g-forces in

697

00:22:43,430 --> 00:22:42,159

fact the guy admitted they feel g-force

698

00:22:45,590 --> 00:22:43,440

see what i'm talking about there's no

699

00:22:47,270 --> 00:22:45,600

g-forces so they may have something that

700

00:22:49,029 --> 00:22:47,280

flies i don't think they do

701

00:22:50,789 --> 00:22:49,039

maybe they do but it's not what i'm

702

00:22:52,390 --> 00:22:50,799

talking about and it's not tic-tac

703

00:22:53,430 --> 00:22:52,400

it would not be something that defies

704

00:22:54,149 --> 00:22:53,440

gravity is that what you're saying yes

705

00:22:56,950 --> 00:22:54,159

it would not be so

706

00:22:57,350 --> 00:22:56,960

be something that you could that you

707

00:23:00,310 --> 00:22:57,360

could

708

00:23:01,830 --> 00:23:00,320

do these you know 5 000 mile an hour

709

00:23:04,310 --> 00:23:01,840

hairpin turns that would look like

710

00:23:05,029 --> 00:23:04,320

thousands of g's that would kill anybody

711

00:23:06,549 --> 00:23:05,039

inside

712

00:23:08,390 --> 00:23:06,559

it would not be that they may have

713

00:23:09,110 --> 00:23:08,400

something coming but have you read this

714

00:23:11,510 --> 00:23:09,120

patent recently

715

00:23:13,110 --> 00:23:11,520

i looked at it but frankly it looked it

716

00:23:14,549 --> 00:23:13,120

seems like so much [h\_\_h] that

717

00:23:16,789 --> 00:23:14,559

you know it doesn't fit anything i know

718

00:23:17,350 --> 00:23:16,799

about physics i mean there's a few

719

00:23:19,029 --> 00:23:17,360

things

720

00:23:20,710 --> 00:23:19,039

let's read one more thing from it before

721

00:23:22,710 --> 00:23:20,720

we wrap up it it says

722

00:23:25,430 --> 00:23:22,720

it is possible to reduce the inertial

723

00:23:27,510 --> 00:23:25,440

mass okay enhance the gravitational mass

724

00:23:29,270 --> 00:23:27,520

of a system object in motion by an

725

00:23:30,470 --> 00:23:29,280

abrupt yeah that's the thing that turned

726

00:23:32,310 --> 00:23:30,480

me off since i read that i

727

00:23:33,990 --> 00:23:32,320

i used a toilet paper i use it for

728

00:23:35,350 --> 00:23:34,000

toilet paper okay

729

00:23:37,270 --> 00:23:35,360

you know what why because to me it's

730

00:23:37,990 --> 00:23:37,280

very impressive no no yeah but let me

731

00:23:40,230 --> 00:23:38,000

tell you something

732

00:23:41,990 --> 00:23:40,240

first of all if you were to do that

733

00:23:43,269 --> 00:23:42,000

that's called violating the equivalence

734

00:23:45,669 --> 00:23:43,279

principle

735

00:23:47,750 --> 00:23:45,679

and if you were to do that you would

736

00:23:49,510 --> 00:23:47,760

create a bomb more powerful than nuclear

737

00:23:50,149 --> 00:23:49,520

bomb would explode it might destroy the

738

00:23:52,710 --> 00:23:50,159

earth

739

00:23:53,750 --> 00:23:52,720

and the way the way to understand that

740

00:23:56,549 --> 00:23:53,760

is to read a book

741

00:23:59,269 --> 00:23:56,559

called just six numbers by sir martin

742

00:24:01,430 --> 00:23:59,279

reese who is british astronomer royal

743

00:24:02,470 --> 00:24:01,440

master of trinity college you don't

744

00:24:04,870 --> 00:24:02,480

wanna there are

745

00:24:06,149 --> 00:24:04,880

if you if you change the inertial mass

746

00:24:08,310 --> 00:24:06,159

you're basically that's like that's like

747

00:24:11,190 --> 00:24:08,320

a nuclear bomb but more powerful

748

00:24:11,830 --> 00:24:11,200

so so he he he he says in the summary it

749

00:24:14,870 --> 00:24:11,840

says

750

00:24:16,830 --> 00:24:14,880

the present invention is directed to a

751  
00:24:19,990 --> 00:24:16,840  
craft

752  
00:24:20,630 --> 00:24:20,000  
using uh an inertial mass reduction

753  
00:24:23,029 --> 00:24:20,640  
device

754  
00:24:23,830 --> 00:24:23,039  
[h\_\_h] total [h\_\_h] you cannot have

755  
00:24:25,590 --> 00:24:23,840  
an inertial mass

756  
00:24:27,110 --> 00:24:25,600  
reduction device you can't have it by

757  
00:24:28,149 --> 00:24:27,120  
manipulating the higgs mechanism but if

758  
00:24:31,190 --> 00:24:28,159  
you do that you've got a

759  
00:24:33,430 --> 00:24:31,200  
you've got a bomb you have a very you

760  
00:24:35,029 --> 00:24:33,440  
let me let me explain this this is very

761  
00:24:36,710 --> 00:24:35,039  
important this shows as soon as i see

762  
00:24:37,909 --> 00:24:36,720  
that i reach for my delete button

763  
00:24:39,990 --> 00:24:37,919

as soon as i see that because i know

764

00:24:40,630 --> 00:24:40,000

this total [h\_\_h] now the thing is

765

00:24:42,630 --> 00:24:40,640

this

766

00:24:44,230 --> 00:24:42,640

in see there's also confusion these guys

767

00:24:46,070 --> 00:24:44,240

are so confused as they don't understand

768

00:24:49,430 --> 00:24:46,080

basic general relativity these engineers

769

00:24:51,430 --> 00:24:49,440

who write this nonsense um i was saying

770

00:24:53,510 --> 00:24:51,440

it's zero g the warp drive

771

00:24:55,029 --> 00:24:53,520

the inertial mass doesn't matter the

772

00:24:56,470 --> 00:24:55,039

inertial mass drops out of the problem

773

00:24:58,710 --> 00:24:56,480

the initial mass has the

774

00:25:00,310 --> 00:24:58,720

the the inertial mass of the tic tac has

775

00:25:00,549 --> 00:25:00,320

nothing to do with the way the tic tac

776

00:25:04,549 --> 00:25:00,559

is

777

00:25:08,230 --> 00:25:04,559

einstein's equivalence principle

778

00:25:09,750 --> 00:25:08,240

that when any that that everything excel

779

00:25:11,510 --> 00:25:09,760

in a gravitational field everything

780

00:25:12,950 --> 00:25:11,520

accelerates to the same rate

781

00:25:14,710 --> 00:25:12,960

doesn't matter what it's made out of

782

00:25:16,870 --> 00:25:14,720

that's called the equivalence principle

783

00:25:18,310 --> 00:25:16,880

so right away mr paise does not

784

00:25:19,430 --> 00:25:18,320

understand einstein's equivalence

785

00:25:20,950 --> 00:25:19,440

principle which is the

786

00:25:22,549 --> 00:25:20,960

foundation the bedrock of general

787

00:25:23,669 --> 00:25:22,559

relativity of einstein's theories

788

00:25:25,750 --> 00:25:23,679

which have been battle tested and

789

00:25:27,269 --> 00:25:25,760

improved okay okay so

790

00:25:28,789 --> 00:25:27,279

what about the way he describes the

791

00:25:30,230 --> 00:25:28,799

craft i'm just curious that this would

792

00:25:31,110 --> 00:25:30,240

sound similar to the type of craft you

793

00:25:32,549 --> 00:25:31,120

would have in mind that would be

794

00:25:35,750 --> 00:25:32,559

developed

795

00:25:36,630 --> 00:25:35,760

there's an outer resonant cavity wall in

796

00:25:40,789 --> 00:25:36,640

inner

797

00:25:42,630 --> 00:25:40,799

yeah cavity wall the microwave emitters

798

00:25:44,789 --> 00:25:42,640

create high frequency electromagnetic

799

00:25:46,630 --> 00:25:44,799

waves throughout the resonant cavity

800

00:25:48,549 --> 00:25:46,640

causing the outer resonant cavity wall

801  
00:25:50,870 --> 00:25:48,559  
to vibrate in an accelerated mode and

802  
00:25:52,950 --> 00:25:50,880  
create a local polarized vacuum

803  
00:25:55,350 --> 00:25:52,960  
outside the outer resident cavity that's

804  
00:25:56,470 --> 00:25:55,360  
[h\_\_\h] i suppose it has a few things

805  
00:25:57,029 --> 00:25:56,480  
that sound a little bit like what i'm

806  
00:25:59,590 --> 00:25:57,039  
talking about

807  
00:26:00,310 --> 00:25:59,600  
but no because it turns out the first of

808  
00:26:02,549 --> 00:26:00,320  
the polarizer

809  
00:26:04,149 --> 00:26:02,559  
so see there's no numbers in there if

810  
00:26:05,510 --> 00:26:04,159  
you were to try to do that and put

811  
00:26:07,269 --> 00:26:05,520  
numbers and you'd find out that it

812  
00:26:08,070 --> 00:26:07,279  
required too much energy to do it that's

813  
00:26:13,430 --> 00:26:08,080

the whole point

814

00:26:16,950 --> 00:26:16,070

the formulas are are are [\h\_\_\h]

815

00:26:18,549 --> 00:26:16,960

they're not they're not

816

00:26:20,710 --> 00:26:18,559

they're not anything that is that a

817

00:26:21,110 --> 00:26:20,720

physicist in quantum electrodynamics on

818

00:26:23,110 --> 00:26:21,120

and

819

00:26:24,789 --> 00:26:23,120

a physicist just look at one of those

820

00:26:26,230 --> 00:26:24,799

formulas and tell us what it's trying to

821

00:26:27,750 --> 00:26:26,240

uh well i don't know because it's

822

00:26:29,029 --> 00:26:27,760

portrayed you know i don't know what

823

00:26:30,710 --> 00:26:29,039

it's trying to put i'd have to

824

00:26:32,870 --> 00:26:30,720

you know it's just stay on the mic while

825

00:26:34,310 --> 00:26:32,880

you do yeah yeah i mean it's just

826

00:26:35,990 --> 00:26:34,320

it makes no sense to me because he

827

00:26:37,029 --> 00:26:36,000

doesn't give enough background it's like

828

00:26:38,630 --> 00:26:37,039

out of nowhere

829

00:26:40,070 --> 00:26:38,640

it's just you know either he has to do

830

00:26:41,350 --> 00:26:40,080

well you'd have to reread those yeah i

831

00:26:44,950 --> 00:26:41,360

have to read the whole thing

832

00:26:47,350 --> 00:26:44,960

um but it's just it has nothing

833

00:26:48,710 --> 00:26:47,360

it has but by the way it has nothing

834

00:26:48,950 --> 00:26:48,720

to do with what i'm talking about which

835

00:26:51,830 --> 00:26:48,960

is

836

00:26:52,390 --> 00:26:51,840

mainstream theoretical physics that any

837

00:26:53,590 --> 00:26:52,400

physicist

838

00:26:55,350 --> 00:26:53,600

would understand what do you think about

839

00:26:56,149 --> 00:26:55,360

the fact that the patent was issued that

840

00:26:58,149 --> 00:26:56,159

it was granted

841

00:26:59,510 --> 00:26:58,159

well i think i think as i told chris

842

00:27:01,190 --> 00:26:59,520

millen

843

00:27:03,510 --> 00:27:01,200

who was on the senate intelligence

844

00:27:05,350 --> 00:27:03,520

committee at one point i think

845

00:27:06,870 --> 00:27:05,360

this has to be investigated by the

846

00:27:08,870 --> 00:27:06,880

senate intelligence committee

847

00:27:10,870 --> 00:27:08,880

and see what's really going on here and

848

00:27:12,310 --> 00:27:10,880

i think like they called richard feynman

849

00:27:14,149 --> 00:27:12,320

on the challenger thing they should call

850

00:27:14,470 --> 00:27:14,159

jack starfire to be an expert witness on

851  
00:27:16,230 --> 00:27:14,480  
this

852  
00:27:17,750 --> 00:27:16,240  
and let's go over it very carefully with

853  
00:27:20,070 --> 00:27:17,760  
other physicists like kip thorne and

854  
00:27:22,470 --> 00:27:20,080  
let's see what's going on there that's

855  
00:27:24,470 --> 00:27:22,480  
the only way to do it properly

856  
00:27:26,710 --> 00:27:24,480  
okay before we wrap up i want to talk to

857  
00:27:27,110 --> 00:27:26,720  
you just take a step back from all of

858  
00:27:29,590 --> 00:27:27,120  
this

859  
00:27:31,430 --> 00:27:29,600  
because i know you have done lots of

860  
00:27:34,389 --> 00:27:31,440  
deep thinking about

861  
00:27:34,870 --> 00:27:34,399  
physics and consciousness and so forth

862  
00:27:39,110 --> 00:27:34,880  
and

863  
00:27:39,830 --> 00:27:39,120

ultimately you you basically believe

864

00:27:43,029 --> 00:27:39,840

that

865

00:27:44,789 --> 00:27:43,039

psychic abilities are real yeah uh

866

00:27:46,549 --> 00:27:44,799

and can be explained from a scientific

867

00:27:47,909 --> 00:27:46,559

yeah absolutely absolutely so give us a

868

00:27:49,190 --> 00:27:47,919

give us a touch of that and then we're

869

00:27:51,430 --> 00:27:49,200

going to finish with the meaning of life

870

00:27:52,310 --> 00:27:51,440

okay and we're going to wrap that all up

871

00:27:54,310 --> 00:27:52,320

in the next ah

872

00:27:55,990 --> 00:27:54,320

sweet mystery of life at last i found

873

00:27:57,590 --> 00:27:56,000

you uh

874

00:27:59,190 --> 00:27:57,600

now at last i know the meaning of it all

875

00:28:00,470 --> 00:27:59,200

i used to be at gilbert and sullivan 10

876

00:28:04,549 --> 00:28:00,480

are you college

877

00:28:06,149 --> 00:28:04,559

okay um okay now remember the cia

878

00:28:08,310 --> 00:28:06,159

and the defense department guys the

879

00:28:11,510 --> 00:28:08,320

spooks back in even as a kid

880

00:28:13,510 --> 00:28:11,520

and in the 70s with the sri

881

00:28:14,710 --> 00:28:13,520

and remote viewing and all that they

882

00:28:16,470 --> 00:28:14,720

want to know two things how does

883

00:28:16,870 --> 00:28:16,480

consciousness work how do flying sources

884

00:28:18,789 --> 00:28:16,880

fly

885

00:28:19,909 --> 00:28:18,799

so i've been given two problems to work

886

00:28:21,909 --> 00:28:19,919

on and i

887

00:28:23,269 --> 00:28:21,919

claim i've solved them both by the way

888

00:28:23,590 --> 00:28:23,279

i'm working with nick cook on all this

889

00:28:24,870 --> 00:28:23,600

stuff

890

00:28:26,630 --> 00:28:24,880

okay yeah we have a group in italy

891

00:28:28,310 --> 00:28:26,640

trying to do all this that's

892

00:28:30,950 --> 00:28:28,320

we have the italian air force on our

893

00:28:31,269 --> 00:28:30,960

side now and trying to get eu funding to

894

00:28:33,750 --> 00:28:31,279

do

895

00:28:34,549 --> 00:28:33,760

exactly said make the meta materials in

896

00:28:37,350 --> 00:28:34,559

in italy

897

00:28:38,950 --> 00:28:37,360

we have we have a uh uh an advanced

898

00:28:40,870 --> 00:28:38,960

research institute of postgraduate

899

00:28:43,110 --> 00:28:40,880

institute that on board to do this so

900

00:28:44,310 --> 00:28:43,120

it may happen in eu okay so we've talked

901  
00:28:45,269 --> 00:28:44,320  
we've talked about the flying saucer

902  
00:28:47,669 --> 00:28:45,279  
part now we're talking

903  
00:28:49,830 --> 00:28:47,679  
okay okay so it has to do with intel

904  
00:28:52,870 --> 00:28:49,840  
what's called quantum entanglement

905  
00:28:55,269 --> 00:28:52,880  
to einstein called the telepathy you

906  
00:28:56,870 --> 00:28:55,279  
know spooky action at a distance

907  
00:28:58,870 --> 00:28:56,880  
that two particles even though they're

908  
00:29:00,389 --> 00:28:58,880  
widely separated if they share a common

909  
00:29:01,190 --> 00:29:00,399  
what's called quantum mechanical wave

910  
00:29:03,029 --> 00:29:01,200  
function

911  
00:29:04,310 --> 00:29:03,039  
that they're instant contact with each

912  
00:29:05,909 --> 00:29:04,320  
other all right

913  
00:29:07,990 --> 00:29:05,919

so now the thing is this there is this

914

00:29:10,310 --> 00:29:08,000

thing called quantum entanglement which

915

00:29:11,669 --> 00:29:10,320

is now a big part of quantum computing

916

00:29:14,149 --> 00:29:11,679

big part of what's with quantum

917

00:29:16,310 --> 00:29:14,159

cryptography the chinese are building

918

00:29:18,389 --> 00:29:16,320

this quantum internet in space

919

00:29:19,909 --> 00:29:18,399

you know this is all very big stuff and

920

00:29:22,149 --> 00:29:19,919

it was my if you read how the hippies

921

00:29:25,350 --> 00:29:22,159

say physics by mit professor

922

00:29:29,190 --> 00:29:25,360

uh david kaiser he credits my group

923

00:29:30,630 --> 00:29:29,200

with uh kickstarting this whole effort

924

00:29:32,549 --> 00:29:30,640

back in the 70s when everybody thought

925

00:29:33,669 --> 00:29:32,559

it was crazy too they also spooky you

926  
00:29:35,990 --> 00:29:33,679  
know

927  
00:29:39,190 --> 00:29:36,000  
so the point is this in quantum

928  
00:29:42,549 --> 00:29:39,200  
mechanics you have this entanglement

929  
00:29:45,269 --> 00:29:42,559  
but you cannot use the entanglement

930  
00:29:46,950 --> 00:29:45,279  
i cannot beam a message from my mind to

931  
00:29:49,029 --> 00:29:46,960  
your mind through entanglement according

932  
00:29:51,669 --> 00:29:49,039  
to quantum mechanics

933  
00:29:52,470 --> 00:29:51,679  
because what happens is if i try to do

934  
00:29:55,510 --> 00:29:52,480  
that

935  
00:29:56,630 --> 00:29:55,520  
there's local noise your brain will have

936  
00:29:59,350 --> 00:29:56,640  
noise in it that will

937  
00:30:00,230 --> 00:29:59,360  
mask that will mask the uh the message

938  
00:30:01,909 --> 00:30:00,240

you won't be able

939

00:30:03,590 --> 00:30:01,919

to get the message the message may be

940

00:30:04,470 --> 00:30:03,600

that you could see a message was there

941

00:30:05,990 --> 00:30:04,480

but you have to do it

942

00:30:08,149 --> 00:30:06,000

after the fact you have to use special

943

00:30:10,789 --> 00:30:08,159

techniques to to to

944

00:30:11,430 --> 00:30:10,799

decode the message okay so that's where

945

00:30:14,549 --> 00:30:11,440

it stood

946

00:30:16,310 --> 00:30:14,559

so when you read david kaiser's book on

947

00:30:19,190 --> 00:30:16,320

episode physics

948

00:30:19,750 --> 00:30:19,200

the official line there oh jack and his

949

00:30:23,110 --> 00:30:19,760

friends

950

00:30:23,909 --> 00:30:23,120

they created this stuff but they failed

951

00:30:27,110 --> 00:30:23,919

because of this

952

00:30:27,909 --> 00:30:27,120

effect this no this effect now it turns

953

00:30:29,430 --> 00:30:27,919

out

954

00:30:31,190 --> 00:30:29,440

that's true in quantum mechanics but

955

00:30:32,549 --> 00:30:31,200

quantum mechanics is only a limiting

956

00:30:33,830 --> 00:30:32,559

case of a more general i call it

957

00:30:36,870 --> 00:30:33,840

post-quantum theory

958

00:30:39,990 --> 00:30:36,880

living matter is

959

00:30:43,750 --> 00:30:40,000

post quantum theory it turns out if you

960

00:30:47,510 --> 00:30:43,760

pump a system residently

961

00:30:50,389 --> 00:30:47,520

with the right energy you can

962

00:30:51,269 --> 00:30:50,399

use entanglement to actually send

963

00:30:52,870 --> 00:30:51,279

messages i could

964

00:30:55,269 --> 00:30:52,880

that you could actually see the messages

965

00:30:57,110 --> 00:30:55,279

in other words a telepath like arigala

966

00:30:58,630 --> 00:30:57,120

you know can send you a message or the

967

00:31:00,549 --> 00:30:58,640

grays you know these

968

00:31:01,750 --> 00:31:00,559

threes they can telepathically

969

00:31:04,789 --> 00:31:01,760

communicate

970

00:31:07,029 --> 00:31:04,799

because living matter biology has to do

971

00:31:10,389 --> 00:31:07,039

what's called post quantum phenomena

972

00:31:11,909 --> 00:31:10,399

and there's something called it's hard

973

00:31:13,269 --> 00:31:11,919

to get into it you know if you

974

00:31:15,509 --> 00:31:13,279

there's there's a something called

975

00:31:16,549 --> 00:31:15,519

action reaction it turns out in quantum

976

00:31:18,149 --> 00:31:16,559

theory

977

00:31:20,389 --> 00:31:18,159

has to do with what are called quantum

978

00:31:22,630 --> 00:31:20,399

waves the quantum waves

979

00:31:24,149 --> 00:31:22,640

they call probability waves but they're

980

00:31:26,470 --> 00:31:24,159

really their thought waves they're

981

00:31:29,350 --> 00:31:26,480

mental waves in other words the universe

982

00:31:30,310 --> 00:31:29,360

divides into a mental physical it's a

983

00:31:32,470 --> 00:31:30,320

physical wave

984

00:31:34,470 --> 00:31:32,480

but it's it's they're like mental waves

985

00:31:38,630 --> 00:31:34,480

and there are material waves

986

00:31:41,669 --> 00:31:38,640

okay in ordinary quantum mechanics

987

00:31:44,389 --> 00:31:41,679

the mental quantum probability wave

988

00:31:44,870 --> 00:31:44,399

is able to act to move to change the

989

00:31:47,190 --> 00:31:44,880

motion

990

00:31:48,470 --> 00:31:47,200

of matter but there's no direct back

991

00:31:50,310 --> 00:31:48,480

reaction of the matter

992

00:31:52,149 --> 00:31:50,320

on the mental wave it's a certain

993

00:31:54,470 --> 00:31:52,159

approximation which happens in what's

994

00:31:57,909 --> 00:31:54,480

called thermodynamic equilibrium

995

00:31:59,669 --> 00:31:57,919

and in that system you cannot use

996

00:32:00,950 --> 00:31:59,679

telepathy or entanglement as a

997

00:32:04,310 --> 00:32:00,960

communication or

998

00:32:06,149 --> 00:32:04,320

control or say command community a c3

999

00:32:07,909 --> 00:32:06,159

quantum entanglement by itself cannot be

1000

00:32:10,630 --> 00:32:07,919

a command control communication

1001  
00:32:11,430 --> 00:32:10,640  
channel if you're in thermodynamic

1002  
00:32:13,029 --> 00:32:11,440  
equilibrium

1003  
00:32:14,470 --> 00:32:13,039  
but if you pump the system off

1004  
00:32:15,190 --> 00:32:14,480  
equilibrium in a certain way in a

1005  
00:32:16,789 --> 00:32:15,200  
resonant way

1006  
00:32:18,149 --> 00:32:16,799  
then you can use it in fact that's

1007  
00:32:19,750 --> 00:32:18,159  
what's happened that's what the remote

1008  
00:32:21,990 --> 00:32:19,760  
view is that's what they were doing

1009  
00:32:23,909 --> 00:32:22,000  
at sri lanka okay so so these are things

1010  
00:32:26,549 --> 00:32:23,919  
that are theoretically possible or have

1011  
00:32:29,110 --> 00:32:26,559  
actually been no

1012  
00:32:30,070 --> 00:32:29,120  
well they were seeing it all the time in

1013  
00:32:31,269 --> 00:32:30,080

the laboratory

1014

00:32:33,269 --> 00:32:31,279

but they didn't understand how it could

1015

00:32:35,110 --> 00:32:33,279

happen according to physics so i've

1016

00:32:35,590 --> 00:32:35,120

explained what they're seeing in terms

1017

00:32:37,669 --> 00:32:35,600

of

1018

00:32:39,350 --> 00:32:37,679

physics oh just like the tic tac so you

1019

00:32:40,149 --> 00:32:39,360

you believe the remote viewing actually

1020

00:32:41,990 --> 00:32:40,159

happened yes

1021

00:32:43,430 --> 00:32:42,000

and now you're explaining it from a

1022

00:32:44,870 --> 00:32:43,440

physical yeah it's not

1023

00:32:46,710 --> 00:32:44,880

physical and it turns out the physics

1024

00:32:48,549 --> 00:32:46,720

that explains it is not that different

1025

00:32:51,669 --> 00:32:48,559

from the physics that explains tic tac

1026

00:32:54,630 --> 00:32:51,679

the two things are very interrelated

1027

00:32:56,549 --> 00:32:54,640

which is why i am saying that it's a

1028

00:32:57,909 --> 00:32:56,559

conscious computer on board the tic tac

1029

00:32:59,590 --> 00:32:57,919

that's controlling it because the

1030

00:33:01,110 --> 00:32:59,600

physics is very similar similar there's

1031

00:33:01,990 --> 00:33:01,120

an overlap in the physics is there ever

1032

00:33:05,909 --> 00:33:02,000

been a controlled

1033

00:33:09,190 --> 00:33:05,919

study to prove that remote viewing

1034

00:33:09,509 --> 00:33:09,200

was really happened yeah a scientific

1035

00:33:11,110 --> 00:33:09,519

site

1036

00:33:12,549 --> 00:33:11,120

because you got debunkers out there that

1037

00:33:14,230 --> 00:33:12,559

say none of this is there well

1038

00:33:15,590 --> 00:33:14,240

yeah well well some of them are they

1039

00:33:16,870 --> 00:33:15,600

wanted to be known as some are just

1040

00:33:17,750 --> 00:33:16,880

idiots and some are just working say

1041

00:33:18,710 --> 00:33:17,760

they're afraid they don't want the

1042

00:33:20,789 --> 00:33:18,720

public to know

1043

00:33:22,470 --> 00:33:20,799

but i'm not the person to ask you should

1044

00:33:23,909 --> 00:33:22,480

ask russell todd come in you should ask

1045

00:33:26,710 --> 00:33:23,919

kit green from the uh

1046

00:33:27,990 --> 00:33:26,720

retire from the cia the key guy who

1047

00:33:29,269 --> 00:33:28,000

monitored all this stuff

1048

00:33:31,029 --> 00:33:29,279

and they said yeah i don't want to fight

1049

00:33:33,190 --> 00:33:31,039

that's not my battle to fight there are

1050

00:33:34,549 --> 00:33:33,200

plenty of guys willing to fight that but

1051

00:33:36,230 --> 00:33:34,559

get demons but you're saying it makes

1052

00:33:37,350 --> 00:33:36,240

sense to you that remote viewing should

1053

00:33:39,590 --> 00:33:37,360

be possible

1054

00:33:40,950 --> 00:33:39,600

i know exactly how it works in terms of

1055

00:33:41,509 --> 00:33:40,960

laws that doesn't violate any laws of

1056

00:33:43,990 --> 00:33:41,519

nature

1057

00:33:46,230 --> 00:33:44,000

and a human theoretically can do it

1058

00:33:48,549 --> 00:33:46,240

without the aid of any

1059

00:33:49,590 --> 00:33:48,559

thing external to the human yes in fact

1060

00:33:51,110 --> 00:33:49,600

that in fact

1061

00:33:52,630 --> 00:33:51,120

you have russell todd come on you know

1062

00:33:55,430 --> 00:33:52,640

we have him come on he gives

1063

00:33:57,669 --> 00:33:55,440

he gives uh workshops in in developing

1064

00:33:59,269 --> 00:33:57,679

the ability he says everybody can do it

1065

00:34:00,710 --> 00:33:59,279

it's a natural it's an it's not

1066

00:34:02,389 --> 00:34:00,720

something you hear much about it

1067

00:34:03,909 --> 00:34:02,399

right that's because of that's because

1068

00:34:05,110 --> 00:34:03,919

of you know the uh that's the whole

1069

00:34:06,389 --> 00:34:05,120

reason that i don't get

1070

00:34:07,830 --> 00:34:06,399

him why that that's that's what the

1071

00:34:09,270 --> 00:34:07,840

whole marxist material is there's a

1072

00:34:10,790 --> 00:34:09,280

whole other thing to get into that

1073

00:34:12,149 --> 00:34:10,800

cultural market we get into that it's

1074

00:34:13,270 --> 00:34:12,159

another show well let's just ask this

1075

00:34:15,829 --> 00:34:13,280

question is the cia

1076

00:34:16,950 --> 00:34:15,839

still employing it of course they are of

1077

00:34:17,990 --> 00:34:16,960

course there so they've got people

1078

00:34:24,550 --> 00:34:18,000

sitting in rooms

1079

00:34:27,909 --> 00:34:25,750

in fact that's one of the reasons we

1080

00:34:29,589 --> 00:34:27,919

started doing it because the who was the

1081

00:34:31,270 --> 00:34:29,599

head of the cia at that time back in the

1082

00:34:32,230 --> 00:34:31,280

60s wrote a paper they were afraid the

1083

00:34:34,069 --> 00:34:32,240

russians were ahead

1084

00:34:35,589 --> 00:34:34,079

and they probably are of course yeah

1085

00:34:36,389 --> 00:34:35,599

that's a whole you know it's a lot of

1086

00:34:39,030 --> 00:34:36,399

literature on that

1087

00:34:40,230 --> 00:34:39,040

okay so this is a long stretch to take

1088

00:34:43,430 --> 00:34:40,240

into the next level let's just

1089

00:34:45,109 --> 00:34:43,440

do it and that is what what is what we

1090

00:34:45,829 --> 00:34:45,119

see what is the universe obviously i'm

1091

00:34:47,349 --> 00:34:45,839

sure you

1092

00:34:48,550 --> 00:34:47,359

i presume you believe in the big bang

1093

00:34:49,430 --> 00:34:48,560

but maybe we'll start with that but

1094

00:34:50,790 --> 00:34:49,440

ultimately what is this because i've

1095

00:34:51,829 --> 00:34:50,800

heard you say in an interview something

1096

00:34:53,669 --> 00:34:51,839

that

1097

00:34:55,030 --> 00:34:53,679

the whole universe is seeming like a

1098

00:34:57,270 --> 00:34:55,040

consciousness or

1099

00:34:58,470 --> 00:34:57,280

well thought maybe you said well okay

1100

00:35:01,190 --> 00:34:58,480

but no okay that's

1101

00:35:02,230 --> 00:35:01,200

sir james jeans back in the 20s one of

1102

00:35:05,109 --> 00:35:02,240

the early

1103

00:35:06,630 --> 00:35:05,119

philosophers of quantum mechanics he was

1104

00:35:08,390 --> 00:35:06,640

an astronomer i believe and he said the

1105

00:35:09,349 --> 00:35:08,400

universe is more and more looking like a

1106

00:35:11,430 --> 00:35:09,359

great thought

1107

00:35:13,349 --> 00:35:11,440

rather than a great machine and he was

1108

00:35:15,109 --> 00:35:13,359

referring to the fact that the quantum

1109

00:35:17,030 --> 00:35:15,119

waves of probability

1110

00:35:18,550 --> 00:35:17,040

are really like mental waves they are

1111

00:35:20,390 --> 00:35:18,560

they're phys

1112

00:35:22,710 --> 00:35:20,400

you know their their physical thought

1113

00:35:24,630 --> 00:35:22,720

their mental fields are physical fields

1114

00:35:26,870 --> 00:35:24,640

but they're quantum information fields

1115

00:35:28,550 --> 00:35:26,880

and we've only recently begun to realize

1116

00:35:30,470 --> 00:35:28,560

that you have to take that literally so

1117

00:35:32,390 --> 00:35:30,480

james jeans already saw it back in the

1118

00:35:34,069 --> 00:35:32,400

20s and he even deals more

1119

00:35:36,390 --> 00:35:34,079

you know people are speculating it's

1120

00:35:38,150 --> 00:35:36,400

even the great

1121

00:35:39,589 --> 00:35:38,160

you know john von neumann fritz london

1122

00:35:42,630 --> 00:35:39,599

they all kind of sort of

1123

00:35:43,510 --> 00:35:42,640

knew it but they eugene vigna even you

1124

00:35:45,109 --> 00:35:43,520

know they say

1125

00:35:46,550 --> 00:35:45,119

collapse the wave function generates

1126

00:35:48,069 --> 00:35:46,560

consciousness but you know

1127

00:35:49,990 --> 00:35:48,079

so the idea is floating around in a

1128

00:35:51,430 --> 00:35:50,000

vague way i've made it precise with the

1129

00:35:54,310 --> 00:35:51,440

actual equations what it is

1130

00:35:55,910 --> 00:35:54,320

no more [h\_\_h] so so it has to with

1131

00:35:57,670 --> 00:35:55,920

something that david bowm did david bone

1132

00:35:58,710 --> 00:35:57,680

worked with einstein i worked with david

1133

00:36:01,670 --> 00:35:58,720

baum

1134

00:36:02,230 --> 00:36:01,680

it has to do with that and the universe

1135

00:36:05,750 --> 00:36:02,240

is

1136

00:36:07,829 --> 00:36:05,760

machine it's both

1137

00:36:08,790 --> 00:36:07,839

and it's the two-way relationship

1138

00:36:10,150 --> 00:36:08,800

between

1139

00:36:12,230 --> 00:36:10,160

the great thought and the great

1140

00:36:12,950 --> 00:36:12,240

clockwork universe of newton the two

1141

00:36:15,190 --> 00:36:12,960

together

1142

00:36:16,470 --> 00:36:15,200

the cultural action reaction and that

1143

00:36:18,470 --> 00:36:16,480

generates consciousness

1144

00:36:19,829 --> 00:36:18,480

so it is possible we live in a conscious

1145

00:36:21,589 --> 00:36:19,839

universe yes

1146

00:36:22,870 --> 00:36:21,599

and there's all kinds of against detail

1147

00:36:25,910 --> 00:36:22,880

it turns out the cut

1148

00:36:29,670 --> 00:36:25,920

the uh teal hard to de chardin

1149

00:36:31,910 --> 00:36:29,680

i don't know dan was a jesuit uh

1150

00:36:32,710 --> 00:36:31,920

priest who was also a cosmologist an

1151  
00:36:33,990 --> 00:36:32,720  
astronomer

1152  
00:36:35,750 --> 00:36:34,000  
some of the you know the jesuits are

1153  
00:36:38,230 --> 00:36:35,760  
pretty smart and uh

1154  
00:36:39,109 --> 00:36:38,240  
and he had this idea they make a point

1155  
00:36:41,589 --> 00:36:39,119  
that in the far

1156  
00:36:43,190 --> 00:36:41,599  
future the mind of god is actually in

1157  
00:36:45,109 --> 00:36:43,200  
the far future and we're being this

1158  
00:36:45,990 --> 00:36:45,119  
destiny and pulling it pulls toward the

1159  
00:36:47,670 --> 00:36:46,000  
mind of god

1160  
00:36:49,670 --> 00:36:47,680  
so even though it was a big bang but the

1161  
00:36:50,390 --> 00:36:49,680  
big bang was designed from the future

1162  
00:36:51,510 --> 00:36:50,400  
back in time

1163  
00:36:54,230 --> 00:36:51,520

through these loops in time they're

1164

00:36:57,030 --> 00:36:54,240

talking about okay see it all fits

1165

00:36:58,470 --> 00:36:57,040

and uh so bottom line uh obviously you

1166

00:37:01,510 --> 00:36:58,480

think there is

1167

00:37:04,150 --> 00:37:01,520

some ultimate meaning to

1168

00:37:05,829 --> 00:37:04,160

the universe that is well yeah i know i

1169

00:37:07,510 --> 00:37:05,839

think there's a god

1170

00:37:08,950 --> 00:37:07,520

but i know what it is it's about i mean

1171

00:37:10,950 --> 00:37:08,960

i know the equation

1172

00:37:12,710 --> 00:37:10,960

okay you have the god equation the god

1173

00:37:13,109 --> 00:37:12,720

equation you know but you know who said

1174

00:37:15,589 --> 00:37:13,119

that you

1175

00:37:16,870 --> 00:37:15,599

first said that donald ronald reagan

1176  
00:37:17,910 --> 00:37:16,880  
because ronald reagan was reading my

1177  
00:37:20,630 --> 00:37:17,920  
stuff from the cap

1178  
00:37:23,670 --> 00:37:20,640  
ronald reagan and it's 19 i think it

1179  
00:37:25,109 --> 00:37:23,680  
says 1986 state of the union

1180  
00:37:27,109 --> 00:37:25,119  
okay reagan wait reagan this is

1181  
00:37:28,950 --> 00:37:27,119  
important look at the speech reagan says

1182  
00:37:30,630 --> 00:37:28,960  
and physicists have found the equations

1183  
00:37:32,310 --> 00:37:30,640  
for god

1184  
00:37:33,430 --> 00:37:32,320  
the physicist jack sarfati that's who

1185  
00:37:34,069 --> 00:37:33,440  
he's talking that's what reagan's

1186  
00:37:35,589 --> 00:37:34,079  
talking about

1187  
00:37:37,589 --> 00:37:35,599  
i believe in a scientific explanation

1188  
00:37:40,870 --> 00:37:37,599

for god so okay so tell us then

1189

00:37:41,270 --> 00:37:40,880

uh what what or who is god well god is

1190

00:37:45,190 --> 00:37:41,280

this

1191

00:37:47,030 --> 00:37:45,200

that's not what's called a

1192

00:37:48,950 --> 00:37:47,040

our disinter-future horizon which is

1193

00:37:51,910 --> 00:37:48,960

this giant conscious okay

1194

00:37:53,750 --> 00:37:51,920

god is his cosmic scale conscious

1195

00:37:55,589 --> 00:37:53,760

computer

1196

00:37:57,190 --> 00:37:55,599

you know sending the spacecraft on the

1197

00:37:59,510 --> 00:37:57,200

future if you want and by the way i'm

1198

00:38:03,109 --> 00:37:59,520

not the only guy who's come up with this

1199

00:38:06,150 --> 00:38:03,119

fred hoyle fred hoyle who was

1200

00:38:08,390 --> 00:38:06,160

the professor at cambridge where's when

1201  
00:38:09,430 --> 00:38:08,400  
fred hoyle died stephen hawking took

1202  
00:38:10,630 --> 00:38:09,440  
fred hoyle's chair

1203  
00:38:12,470 --> 00:38:10,640  
fred hoyle wrote a book called the

1204  
00:38:13,829 --> 00:38:12,480  
intelligent universe

1205  
00:38:15,750 --> 00:38:13,839  
he used to come down to la jolla all the

1206  
00:38:17,349 --> 00:38:15,760  
time friend when i was graduating so

1207  
00:38:19,190 --> 00:38:17,359  
this is and what would this theory say

1208  
00:38:21,109 --> 00:38:19,200  
about multiple universes

1209  
00:38:22,310 --> 00:38:21,119  
uh leaves it moot that's possible it

1210  
00:38:23,030 --> 00:38:22,320  
depends what you mean the different

1211  
00:38:24,390 --> 00:38:23,040  
meanings of what

1212  
00:38:25,829 --> 00:38:24,400  
they're just several different meanings

1213  
00:38:27,270 --> 00:38:25,839

of multiple universes i don't want to

1214

00:38:28,870 --> 00:38:27,280

get into details now it's too much

1215

00:38:31,270 --> 00:38:28,880

if you want to do other shows we can you

1216

00:38:32,470 --> 00:38:31,280

know talk about that

1217

00:38:33,910 --> 00:38:32,480

depending what you mean there could be

1218

00:38:35,829 --> 00:38:33,920

multiple universes but we're talking

1219

00:38:36,870 --> 00:38:35,839

about our universe the universe that we

1220

00:38:39,910 --> 00:38:36,880

can see with

1221

00:38:41,750 --> 00:38:39,920

telescopes and stuff like that our

1222

00:38:43,270 --> 00:38:41,760

it could be one of many universes and

1223

00:38:45,349 --> 00:38:43,280

the intelligence i'm only to about the

1224

00:38:47,270 --> 00:38:45,359

intelligence our universe maybe this

1225

00:38:48,710 --> 00:38:47,280

other universal other you know and then

1226

00:38:50,550 --> 00:38:48,720

you maybe can communicate with them

1227

00:38:53,270 --> 00:38:50,560

through wormholes through stargates too

1228

00:38:54,710 --> 00:38:53,280

it's a but the point is yeah that i call

1229

00:38:55,910 --> 00:38:54,720

it the destiny matrix i wrote a book

1230

00:38:57,910 --> 00:38:55,920

called the destiny matrix

1231

00:38:59,430 --> 00:38:57,920

and the thing is there's this physicist

1232

00:39:03,750 --> 00:38:59,440

named yaki aharanov

1233

00:39:05,270 --> 00:39:03,760

who obama gave a science medal to

1234

00:39:07,750 --> 00:39:05,280

who is talking same thing i'm talking

1235

00:39:08,230 --> 00:39:07,760

about he calls destiny waves from the

1236

00:39:09,990 --> 00:39:08,240

future

1237

00:39:11,589 --> 00:39:10,000

history waves from the past it's

1238

00:39:13,670 --> 00:39:11,599

happening two ways in time

1239

00:39:15,270 --> 00:39:13,680

so i'm not the only crazy guy talking

1240

00:39:16,870 --> 00:39:15,280

about this is this crazy

1241

00:39:18,950 --> 00:39:16,880

jewish guy yucky who got the

1242

00:39:19,670 --> 00:39:18,960

presidential medal from obama talking

1243

00:39:21,670 --> 00:39:19,680

about it

1244

00:39:23,589 --> 00:39:21,680

your turn you got anything do you want

1245

00:39:24,470 --> 00:39:23,599

to anything i missed or any burning

1246

00:39:26,150 --> 00:39:24,480

question you have that

1247

00:39:28,230 --> 00:39:26,160

you do you want to ask mike or is it

1248

00:39:29,829 --> 00:39:28,240

true okay

1249

00:39:31,829 --> 00:39:29,839

all right we're going to give michael to

1250

00:39:33,910 --> 00:39:31,839

mike here for a quick uh follow-up

1251  
00:39:34,870 --> 00:39:33,920  
who's delved into this for many more

1252  
00:39:36,950 --> 00:39:34,880  
years than i have

1253  
00:39:39,030 --> 00:39:36,960  
so here's my only question about

1254  
00:39:41,190 --> 00:39:39,040  
spacecraft coming from the future or the

1255  
00:39:44,550 --> 00:39:41,200  
tic tacs coming from the future because

1256  
00:39:46,150 --> 00:39:44,560  
yes a lot of people have said this

1257  
00:39:48,470 --> 00:39:46,160  
got to be honest it doesn't resonate

1258  
00:39:51,589 --> 00:39:48,480  
with me and i'll tell you why

1259  
00:39:55,670 --> 00:39:51,599  
if i am from the future and

1260  
00:39:58,870 --> 00:39:55,680  
i am a result of human intelligence

1261  
00:40:00,630 --> 00:39:58,880  
even if i am a super artificial

1262  
00:40:04,790 --> 00:40:00,640  
intelligence

1263  
00:40:07,030 --> 00:40:04,800

i would postulate that my values

1264

00:40:08,309 --> 00:40:07,040

and my sensitivity towards the human

1265

00:40:11,910 --> 00:40:08,319

animal would be such

1266

00:40:12,470 --> 00:40:11,920

that i might obscure myself so if i'm a

1267

00:40:14,790 --> 00:40:12,480

tic tac

1268

00:40:17,349 --> 00:40:14,800

why am i hanging out around the nimitz

1269

00:40:21,349 --> 00:40:17,359

encounter and i do believe

1270

00:40:24,470 --> 00:40:21,359

that the tic tac was not made by man but

1271

00:40:25,270 --> 00:40:24,480

where it came from i don't know so my

1272

00:40:28,150 --> 00:40:25,280

question is like

1273

00:40:29,109 --> 00:40:28,160

jack valet said that perhaps the

1274

00:40:32,150 --> 00:40:29,119

phenomena

1275

00:40:35,589 --> 00:40:32,160

exists right beyond

1276

00:40:37,430 --> 00:40:35,599

our understanding so jacques is wrong

1277

00:40:38,710 --> 00:40:37,440

he's just wrong i know jacques very well

1278

00:40:40,550 --> 00:40:38,720

i know jack from the seminar i know you

1279

00:40:44,550 --> 00:40:40,560

do and that's why i'm posting because

1280

00:40:47,270 --> 00:40:44,560

you know let me jog is simply wrong

1281

00:40:48,950 --> 00:40:47,280

jacques is a good guy he knows he

1282

00:40:50,470 --> 00:40:48,960

doesn't know the physics i know

1283

00:40:51,910 --> 00:40:50,480

jacques is a he's an observational

1284

00:40:53,190 --> 00:40:51,920

astronomer he's a good social

1285

00:40:57,270 --> 00:40:53,200

psychologist a lot of

1286

00:40:59,750 --> 00:40:57,280

jacques field work with contactees

1287

00:41:01,430 --> 00:40:59,760

and stuff like that his psychology as a

1288

00:41:04,630 --> 00:41:01,440

social scientist he's very good

1289

00:41:08,390 --> 00:41:04,640

but he simply does not know what i know

1290

00:41:09,030 --> 00:41:08,400

and he's just acting out of uh a lack of

1291

00:41:10,790 --> 00:41:09,040

knowledge

1292

00:41:12,950 --> 00:41:10,800

okay if he knew what i knew he'd be uh i

1293

00:41:14,069 --> 00:41:12,960

mean he may be changing his mind

1294

00:41:15,829 --> 00:41:14,079

let me just say this they reveal

1295

00:41:16,950 --> 00:41:15,839

themselves to the navy that's basically

1296

00:41:18,950 --> 00:41:16,960

all i'm saying because listen

1297

00:41:20,790 --> 00:41:18,960

i don't know where they came from but i

1298

00:41:22,870 --> 00:41:20,800

do know

1299

00:41:24,069 --> 00:41:22,880

i know jack i'm impressed with you i

1300

00:41:25,510 --> 00:41:24,079

love this talk but this is just

1301  
00:41:27,510 --> 00:41:25,520  
something that i've always thought about

1302  
00:41:28,870 --> 00:41:27,520  
long before today people have been

1303  
00:41:30,550 --> 00:41:28,880  
talking about okay the fact of the

1304  
00:41:32,309 --> 00:41:30,560  
matter is the fact that matters i was

1305  
00:41:33,349 --> 00:41:32,319  
contacted as a child i understand that

1306  
00:41:34,630 --> 00:41:33,359  
by this intelligence

1307  
00:41:36,069 --> 00:41:34,640  
told me what was going to happen 20

1308  
00:41:36,950 --> 00:41:36,079  
years in the future which did happen and

1309  
00:41:38,230 --> 00:41:36,960  
it's still happening

1310  
00:41:40,069 --> 00:41:38,240  
and everything is happening according to

1311  
00:41:43,349 --> 00:41:40,079  
plan and i would say

1312  
00:41:45,109 --> 00:41:43,359  
oh wait wait wait wait what if

1313  
00:41:46,630 --> 00:41:45,119

i'm interested what happened what is not

1314

00:41:48,150 --> 00:41:46,640

what if i could speculate the mood is

1315

00:41:50,230 --> 00:41:48,160

made out of green cheese too

1316

00:41:53,109 --> 00:41:50,240

i don't know here's the point the point

1317

00:41:53,670 --> 00:41:53,119

is there's a star trek movie where is it

1318

00:41:54,710 --> 00:41:53,680

star trek

1319

00:41:56,630 --> 00:41:54,720

it's number four i know which one you're

1320

00:41:57,190 --> 00:41:56,640

talking about okay now it turns out that

1321

00:41:59,670 --> 00:41:57,200

movie

1322

00:42:00,950 --> 00:41:59,680

i was asked by paramount pictures to

1323

00:42:03,510 --> 00:42:00,960

actually explain

1324

00:42:05,589 --> 00:42:03,520

all this stuff and they they have me in

1325

00:42:08,309 --> 00:42:05,599

the director's cut

1326

00:42:09,990 --> 00:42:08,319

uh the dvd i'm talking about this kind

1327

00:42:12,470 --> 00:42:10,000

of stuff the paramount pictures

1328

00:42:13,109 --> 00:42:12,480

because in that movie you remember

1329

00:42:14,710 --> 00:42:13,119

there's a

1330

00:42:16,550 --> 00:42:14,720

crazy rocket scientist developing the

1331

00:42:19,109 --> 00:42:16,560

warp drug that's me right

1332

00:42:19,910 --> 00:42:19,119

that's me i was also by the way in back

1333

00:42:21,829 --> 00:42:19,920

from the future

1334

00:42:23,589 --> 00:42:21,839

back to the to the future i was hanging

1335

00:42:24,710 --> 00:42:23,599

out with with francis ford coppola and

1336

00:42:26,470 --> 00:42:24,720

his rat pack back then

1337

00:42:28,309 --> 00:42:26,480

that we wrote a book space time and

1338

00:42:30,150 --> 00:42:28,319

beyond that i'm

1339

00:42:31,670 --> 00:42:30,160

the i'm the the model for the crazy

1340

00:42:35,270 --> 00:42:31,680

scientists coming back from the future

1341

00:42:38,309 --> 00:42:37,589

just once just one second just hear me

1342

00:42:41,030 --> 00:42:38,319

out

1343

00:42:41,670 --> 00:42:41,040

my point is i'm thinking if i am a

1344

00:42:45,670 --> 00:42:41,680

result

1345

00:42:48,950 --> 00:42:45,680

of humans that i have a ethical

1346

00:42:51,910 --> 00:42:48,960

feeling about this and i just don't

1347

00:42:53,349 --> 00:42:51,920

think you expose yourself to humans

1348

00:42:55,030 --> 00:42:53,359

listen if i'm a traveler if you know if

1349

00:42:55,670 --> 00:42:55,040

i'm a hunter on the serengeti but you

1350

00:42:57,750 --> 00:42:55,680

don't exist

1351  
00:42:59,109 --> 00:42:57,760  
unless i create you don't you get that

1352  
00:43:01,990 --> 00:42:59,119  
that's what you're not getting

1353  
00:43:03,109 --> 00:43:02,000  
i created you i'm going to create you i

1354  
00:43:04,950 --> 00:43:03,119  
am in the process the computer in the

1355  
00:43:06,390 --> 00:43:04,960  
future is going to create me right now

1356  
00:43:08,390 --> 00:43:06,400  
is that what you're saying no the

1357  
00:43:10,150 --> 00:43:08,400  
computer in the future is saying

1358  
00:43:11,430 --> 00:43:10,160  
jack we want to give you the information

1359  
00:43:12,550 --> 00:43:11,440  
i understand you can create us

1360  
00:43:15,030 --> 00:43:12,560  
right i understand that so that's so

1361  
00:43:16,870 --> 00:43:15,040  
it's it's what's called in physics it's

1362  
00:43:19,510 --> 00:43:16,880  
called a novakov

1363  
00:43:20,230 --> 00:43:19,520

igor novakov is a physicist in russia in

1364

00:43:22,150 --> 00:43:20,240

moscow

1365

00:43:23,670 --> 00:43:22,160

who works with kip thorn at cal tech on

1366

00:43:26,710 --> 00:43:23,680

all this stuff they publish papers

1367

00:43:29,030 --> 00:43:26,720

what are called self jack i get it

1368

00:43:30,710 --> 00:43:29,040

last question what if i'm deceiving you

1369

00:43:32,390 --> 00:43:30,720

because this is a way that i feel like

1370

00:43:34,470 --> 00:43:32,400

you can understand it best

1371

00:43:35,510 --> 00:43:34,480

well what if this is this is idle

1372

00:43:44,950 --> 00:43:35,520

speculation i

1373

00:43:49,270 --> 00:43:47,030

said to napoleon i have no need of that

1374

00:43:51,109 --> 00:43:49,280

hypothesis you're making it complicated

1375

00:43:53,190 --> 00:43:51,119

i i don't want to insult you but as

1376

00:43:55,829 --> 00:43:53,200

einstein said i'm not making it

1377

00:43:57,510 --> 00:43:55,839

let me quote einstein einstein said any

1378

00:44:01,829 --> 00:43:57,520

intelligent fool

1379

00:44:05,109 --> 00:44:01,839

more complicated

1380

00:44:06,550 --> 00:44:05,119

it takes genius to make it simple

1381

00:44:07,750 --> 00:44:06,560

okay let me how about just answering

1382

00:44:09,109 --> 00:44:07,760

this is very important why would they

1383

00:44:09,750 --> 00:44:09,119

reveal themselves to the navy as they

1384

00:44:12,870 --> 00:44:09,760

did

1385

00:44:13,990 --> 00:44:12,880

because that was because obviously why

1386

00:44:17,030 --> 00:44:14,000

because then people can take it

1387

00:44:19,349 --> 00:44:17,040

seriously it's a military threat

1388

00:44:20,150 --> 00:44:19,359

and that's why that that led to october

1389

00:44:21,910 --> 00:44:20,160

that led to

1390

00:44:23,589 --> 00:44:21,920

tucker talk carl do you know tucker

1391

00:44:25,430 --> 00:44:23,599

personally by the way have you met him

1392

00:44:27,030 --> 00:44:25,440

you know tucker carlson has given shows

1393

00:44:28,710 --> 00:44:27,040

on this yeah oh yeah yeah he should have

1394

00:44:30,309 --> 00:44:28,720

me on his show he has uh

1395

00:44:32,230 --> 00:44:30,319

nick pope who's a nice sweet guy but

1396

00:44:33,349 --> 00:44:32,240

doesn't understand the physics

1397

00:44:35,589 --> 00:44:33,359

you know he has people who don't know

1398

00:44:37,349 --> 00:44:35,599

what the yeah he has louis elizondo

1399

00:44:38,790 --> 00:44:37,359

who's a very good guy and he's trying

1400

00:44:40,230 --> 00:44:38,800

but he's not a physicist doesn't have

1401  
00:44:41,270 --> 00:44:40,240  
the intellectual equipment to explain

1402  
00:44:42,390 --> 00:44:41,280  
what's going on so they're revealing

1403  
00:44:43,030 --> 00:44:42,400  
themselves because they want us to

1404  
00:44:45,270 --> 00:44:43,040  
develop it

1405  
00:44:46,710 --> 00:44:45,280  
yes yeah of course and then and there

1406  
00:44:49,270 --> 00:44:46,720  
you go yeah nice and simple

1407  
00:44:49,990 --> 00:44:49,280  
yeah there's a military threat my friend

1408  
00:44:51,270 --> 00:44:50,000  
we could keep going

1409  
00:44:52,950 --> 00:44:51,280  
but we're hungry right let's go all

1410  
00:44:53,430 --> 00:44:52,960  
right let's go okay thank you once again

1411  
00:44:55,910 --> 00:44:53,440  
to

1412  
00:44:56,630 --> 00:44:55,920  
our good friend jack sarfati for that

1413  
00:44:58,950 --> 00:44:56,640

great

1414

00:45:00,150 --> 00:44:58,960
