

HIDDEN TRUTH SHOW WITH JIM BRESLO

SALLY C. PIPES

1
00:00:03,669 --> 00:00:02,790
here is our interview with sally pipes

2
00:00:05,510 --> 00:00:03,679
when we talk

3
00:00:07,110 --> 00:00:05,520
covet and kind of go back to the

4
00:00:09,509 --> 00:00:07,120
beginning i've always

5
00:00:10,310 --> 00:00:09,519
had this theory that we were not

6
00:00:12,549 --> 00:00:10,320
prepared

7
00:00:13,990 --> 00:00:12,559
for it and we therefore panicked and

8
00:00:15,669 --> 00:00:14,000
overreacted

9
00:00:17,750 --> 00:00:15,679
and that when the books are ultimately

10
00:00:20,630 --> 00:00:17,760
written about this pandemic

11
00:00:22,150 --> 00:00:20,640
that's going to be uh the analysis you

12
00:00:23,029 --> 00:00:22,160
know we're still years away i think from

13
00:00:24,790 --> 00:00:23,039

really having

14

00:00:26,230 --> 00:00:24,800

to have the hindsight to really know

15

00:00:27,990 --> 00:00:26,240

what we did right and what we did wrong

16

00:00:31,189 --> 00:00:28,000

but it does seem to me

17

00:00:33,190 --> 00:00:31,199

this is a 911 type situation where we

18

00:00:35,270 --> 00:00:33,200

weren't prepared for a terrorist attack

19

00:00:36,310 --> 00:00:35,280

like that and as a result we panicked

20

00:00:39,110 --> 00:00:36,320

and overreacted

21

00:00:40,549 --> 00:00:39,120

in many ways and i i compare covid to

22

00:00:43,510 --> 00:00:40,559

that in the same way do you

23

00:00:45,990 --> 00:00:43,520

broadly agree with that uh yes i do and

24

00:00:46,470 --> 00:00:46,000

it quickly became very political and of

25

00:00:49,510 --> 00:00:46,480

course

26
00:00:51,750 --> 00:00:49,520
you know mr trump um was you know um

27
00:00:52,549 --> 00:00:51,760
in the hot seat and everything was his

28
00:00:54,630 --> 00:00:52,559
fault

29
00:00:56,709 --> 00:00:54,640
and um yeah we panicked i mean we should

30
00:00:59,830 --> 00:00:56,719
have been ready i mean if you go back to

31
00:01:00,310 --> 00:00:59,840
the sars um situation from several years

32
00:01:02,310 --> 00:01:00,320
ago

33
00:01:03,910 --> 00:01:02,320
i'm yeah i'm canadian i grew up uh in

34
00:01:05,030 --> 00:01:03,920
canada under single-payer i mean there

35
00:01:07,270 --> 00:01:05,040
were so many deaths

36
00:01:09,270 --> 00:01:07,280
in canada from sars because they

37
00:01:10,149 --> 00:01:09,280
ambulances couldn't get into emergency

38
00:01:12,149 --> 00:01:10,159

rooms and things

39

00:01:14,390 --> 00:01:12,159

but you know we should have been better

40

00:01:15,350 --> 00:01:14,400

prepared but in fact in the in the long

41

00:01:17,749 --> 00:01:15,360

run i think

42

00:01:18,950 --> 00:01:17,759

you know dr fauci and rachel wallinsky

43

00:01:21,109 --> 00:01:18,960

from the cdc

44

00:01:22,950 --> 00:01:21,119

really scared people and the mainstream

45

00:01:25,270 --> 00:01:22,960

media bought into

46

00:01:26,070 --> 00:01:25,280

this panic that fauci and willenski and

47

00:01:28,550 --> 00:01:26,080

a few others

48

00:01:29,429 --> 00:01:28,560

progressives were really really touting

49

00:01:32,789 --> 00:01:29,439

but

50

00:01:34,789 --> 00:01:32,799

fortunately as you know i mean the the

51
00:01:36,149 --> 00:01:34,799
the pfizer and modern and a few other

52
00:01:38,149 --> 00:01:36,159
companies j j

53
00:01:40,069 --> 00:01:38,159
i mean they really went to town and

54
00:01:43,350 --> 00:01:40,079
bought you know a vaccine there and

55
00:01:45,270 --> 00:01:43,360
the fda you know moved more quickly than

56
00:01:47,670 --> 00:01:45,280
they ever have in their existence

57
00:01:49,030 --> 00:01:47,680
to get emergency use authorization and

58
00:01:51,990 --> 00:01:49,040
so america

59
00:01:53,590 --> 00:01:52,000
is in a very good place fortunately so

60
00:01:54,149 --> 00:01:53,600
you feel very good about what they've

61
00:01:56,389 --> 00:01:54,159
been

62
00:01:57,670 --> 00:01:56,399
able to accomplish with the the vaccines

63
00:01:59,910 --> 00:01:57,680

that's something that you look at

64

00:02:01,990 --> 00:01:59,920

and think wow that that's an incredible

65

00:02:04,950 --> 00:02:02,000

uh success

66

00:02:05,749 --> 00:02:04,960

i do and i said i predicted about three

67

00:02:07,270 --> 00:02:05,759

months ago

68

00:02:09,270 --> 00:02:07,280

that we would probably have a glut of

69

00:02:10,790 --> 00:02:09,280

vaccines by june and everybody's oh no

70

00:02:12,790 --> 00:02:10,800

this is going to be going on people

71

00:02:14,949 --> 00:02:12,800

in the fall they won't be still won't be

72

00:02:17,430 --> 00:02:14,959

vaccinated but sure enough that the

73

00:02:19,110 --> 00:02:17,440

market responded and

74

00:02:21,190 --> 00:02:19,120

i mean most of the places you know i

75

00:02:23,510 --> 00:02:21,200

when i go by drug stores here in

76

00:02:24,710 --> 00:02:23,520

la you know vaccines available i mean

77

00:02:26,550 --> 00:02:24,720

everybody i know

78

00:02:29,030 --> 00:02:26,560

um that wanted a vaccine has been

79

00:02:30,390 --> 00:02:29,040

vaccinated and the interesting thing is

80

00:02:32,070 --> 00:02:30,400

that you're seeing in the media how

81

00:02:32,949 --> 00:02:32,080

people from canada who have such a

82

00:02:35,030 --> 00:02:32,959

catastrophe

83

00:02:35,990 --> 00:02:35,040

with the vaccines have been coming down

84

00:02:37,750 --> 00:02:36,000

to the us and staying

85

00:02:38,869 --> 00:02:37,760

for a month and getting vaccinated here

86

00:02:39,670 --> 00:02:38,879

and then going home and having to

87

00:02:41,509 --> 00:02:39,680

quarantine

88

00:02:43,110 --> 00:02:41,519

for 14 days even though they're fully

89

00:02:46,070 --> 00:02:43,120

vaccinated so i'm

90

00:02:47,430 --> 00:02:46,080

i i think you know it really was a

91

00:02:49,670 --> 00:02:47,440

spectacular

92

00:02:51,350 --> 00:02:49,680

um effort and it's unfortunate though

93

00:02:53,910 --> 00:02:51,360

that as i say mr fauci

94

00:02:55,670 --> 00:02:53,920

i call him dr death and uh rachelle

95

00:02:57,190 --> 00:02:55,680

wolenski from the cbc really

96

00:02:58,710 --> 00:02:57,200

really scared people and scared some

97

00:03:00,710 --> 00:02:58,720

people into um

98

00:03:02,470 --> 00:03:00,720

you know i mean i mean i see people

99

00:03:03,350 --> 00:03:02,480

driving around wearing masks in their

100

00:03:04,949 --> 00:03:03,360

own car

101
00:03:06,949 --> 00:03:04,959
um when you know they're just breathing

102
00:03:08,869 --> 00:03:06,959
their their own air so i think

103
00:03:10,630 --> 00:03:08,879
you know the whole lockdowns the social

104
00:03:12,710 --> 00:03:10,640
distancing the masks

105
00:03:14,309 --> 00:03:12,720
i think people just got scared and i

106
00:03:17,270 --> 00:03:14,319
think the economy is

107
00:03:17,990 --> 00:03:17,280
really suffering from from the lockdowns

108
00:03:19,830 --> 00:03:18,000
and now people

109
00:03:21,910 --> 00:03:19,840
are making so much money by not going to

110
00:03:23,750 --> 00:03:21,920
work you know we're seeing restaurant

111
00:03:25,030 --> 00:03:23,760
tours are having a hard time getting

112
00:03:27,509 --> 00:03:25,040
people to come back to work because

113
00:03:30,789 --> 00:03:27,519

they're making more money by not working

114

00:03:34,149 --> 00:03:30,799

yeah um yeah so

115

00:03:35,430 --> 00:03:34,159

in the early days the the lockdown was

116

00:03:38,630 --> 00:03:35,440

justified by

117

00:03:41,430 --> 00:03:38,640

not overcrowding the hospitals right

118

00:03:42,229 --> 00:03:41,440

and that seemed to be potentially a

119

00:03:45,589 --> 00:03:42,239

legitimate

120

00:03:46,949 --> 00:03:45,599

goal and then that just snowballed

121

00:03:49,270 --> 00:03:46,959

once you lock down getting them to

122

00:03:52,470 --> 00:03:49,280

unlock down was just impossible

123

00:03:53,990 --> 00:03:52,480

um but is that something that we need to

124

00:03:56,869 --> 00:03:54,000

be better prepared in the future

125

00:03:58,630 --> 00:03:56,879

so okay now we know let's have emergency

126
00:03:59,990 --> 00:03:58,640
plans in place so that

127
00:04:01,990 --> 00:04:00,000
you know immediately hospitals can

128
00:04:03,589 --> 00:04:02,000
create extra beds or extra ventilators

129
00:04:05,030 --> 00:04:03,599
or extra mass or whatever is that the

130
00:04:06,229 --> 00:04:05,040
way within which we need to be prepared

131
00:04:07,910 --> 00:04:06,239
in the future

132
00:04:09,270 --> 00:04:07,920
well i think so and you know we don't

133
00:04:11,110 --> 00:04:09,280
one of the reasons we'll talk later

134
00:04:12,229 --> 00:04:11,120
about medicare for all single-payer

135
00:04:13,589 --> 00:04:12,239
you know why we don't want the

136
00:04:15,030 --> 00:04:13,599
government to fully take over the health

137
00:04:16,710 --> 00:04:15,040
care system and control

138
00:04:18,390 --> 00:04:16,720

and run run the hospitals because there

139

00:04:20,469 --> 00:04:18,400

won't be new hospitals we need

140

00:04:23,030 --> 00:04:20,479

you know the market in this country has

141

00:04:25,670 --> 00:04:23,040

created all kinds of hospitals from

142

00:04:26,310 --> 00:04:25,680

you know private um specialty hospitals

143

00:04:28,870 --> 00:04:26,320

to

144

00:04:29,430 --> 00:04:28,880

big hospitals like under sutter and ucla

145

00:04:32,390 --> 00:04:29,440

and things

146

00:04:33,510 --> 00:04:32,400

so we need to we need to make sure that

147

00:04:37,030 --> 00:04:33,520

the

148

00:04:39,749 --> 00:04:37,040

be created for

149

00:04:41,510 --> 00:04:39,759

um medical device companies to be making

150

00:04:43,270 --> 00:04:41,520

the kind of equipment

151
00:04:45,510 --> 00:04:43,280
that is needed i mean if you look at you

152
00:04:48,790 --> 00:04:45,520
know the uk you look at canada

153
00:04:49,670 --> 00:04:48,800
i mean the the um in the uk the national

154
00:04:51,270 --> 00:04:49,680
health service

155
00:04:53,270 --> 00:04:51,280
medical director has said they are going

156
00:04:55,830 --> 00:04:53,280
to have a tremendous increase

157
00:04:56,310 --> 00:04:55,840
in cancer cancer deaths in the next few

158
00:04:58,070 --> 00:04:56,320
years

159
00:05:00,230 --> 00:04:58,080
because people couldn't get treated

160
00:05:01,670 --> 00:05:00,240
people couldn't at diagnoses

161
00:05:03,909 --> 00:05:01,680
and things because the hospitals were

162
00:05:05,590 --> 00:05:03,919
absolutely crowded as you see in the

163
00:05:08,150 --> 00:05:05,600

media with india today

164

00:05:10,469 --> 00:05:08,160

i mean just overcrowded with people you

165

00:05:13,510 --> 00:05:10,479

know on ventilators and trying to

166

00:05:14,230 --> 00:05:13,520

you know you know breathe so we want to

167

00:05:16,390 --> 00:05:14,240

keep this

168

00:05:17,670 --> 00:05:16,400

this open so that you know we can

169

00:05:20,310 --> 00:05:17,680

continue to be

170

00:05:22,310 --> 00:05:20,320

a country where where we have the very

171

00:05:22,950 --> 00:05:22,320

best and we have availability and we

172

00:05:24,150 --> 00:05:22,960

certainly

173

00:05:26,870 --> 00:05:24,160

you know i mean they remember they

174

00:05:29,270 --> 00:05:26,880

brought the ship up

175

00:05:30,150 --> 00:05:29,280

the uh ship up to san francisco and

176

00:05:31,909 --> 00:05:30,160

there were there

177

00:05:33,990 --> 00:05:31,919

hardly anyone went there there you know

178

00:05:37,029 --> 00:05:34,000

there just weren't enough patients to

179

00:05:40,150 --> 00:05:37,039

to need that that ship and it went

180

00:05:41,909 --> 00:05:40,160

went went back to san diego so yeah yeah

181

00:05:44,710 --> 00:05:41,919

well we had one here in l.a i think was

182

00:05:45,670 --> 00:05:44,720

was at the mercy but um mercy yeah yeah

183

00:05:48,390 --> 00:05:45,680

that's what i say

184

00:05:49,350 --> 00:05:48,400

you know again media over hypes

185

00:05:52,629 --> 00:05:49,360

everything

186

00:05:55,510 --> 00:05:52,639

um and and fauci didn't help but

187

00:05:57,350 --> 00:05:55,520

um even in new york city where it was

188

00:06:00,469 --> 00:05:57,360

the epicenter for america

189

00:06:02,070 --> 00:06:00,479

right that ship was barely used that was

190

00:06:05,029 --> 00:06:02,080

sent up to new york city

191

00:06:06,309 --> 00:06:05,039

the catholic church was barely used so

192

00:06:08,629 --> 00:06:06,319

you know this fear of overwhelming

193

00:06:12,070 --> 00:06:08,639

hospitals i'm not sure there was ever

194

00:06:14,550 --> 00:06:12,080

a truly truly overwhelmed hospital oh i

195

00:06:15,909 --> 00:06:14,560

totally agree and you know and if you

196

00:06:18,230 --> 00:06:15,919

you know if you needed to get your

197

00:06:19,990 --> 00:06:18,240

annual mammogram or your five-year

198

00:06:20,629 --> 00:06:20,000

colonoscopy you could get those i mean

199

00:06:22,309 --> 00:06:20,639

some of the

200

00:06:23,990 --> 00:06:22,319

you know there were much more careful

201
00:06:25,670 --> 00:06:24,000
and social distancing in the

202
00:06:27,990 --> 00:06:25,680
in the waiting rooms and things but

203
00:06:30,950 --> 00:06:28,000
there was availability and i think that

204
00:06:32,309 --> 00:06:30,960
for for us in america that's a very a

205
00:06:34,150 --> 00:06:32,319
very good thing we don't want

206
00:06:35,590 --> 00:06:34,160
you know so many people delayed their

207
00:06:36,150 --> 00:06:35,600
care and i think a lot of people even in

208
00:06:38,550 --> 00:06:36,160
the u.s

209
00:06:40,309 --> 00:06:38,560
delayed you know going for testing and

210
00:06:41,749 --> 00:06:40,319
and and getting treatments because the

211
00:06:43,110 --> 00:06:41,759
media had scared them so much that they

212
00:06:44,710 --> 00:06:43,120
were going to get covered

213
00:06:46,469 --> 00:06:44,720

and they would probably die from that

214

00:06:50,070 --> 00:06:46,479

rather than you know from

215

00:06:51,990 --> 00:06:50,080

something a serious illness i i think

216

00:06:53,830 --> 00:06:52,000

one of the most important things

217

00:06:55,909 --> 00:06:53,840

that that was done that we'll look back

218

00:06:57,670 --> 00:06:55,919

on really shamefully

219

00:06:59,270 --> 00:06:57,680

is the fact that they allowed people to

220

00:07:01,189 --> 00:06:59,280

die alone

221

00:07:03,510 --> 00:07:01,199

that that family members were not

222

00:07:05,909 --> 00:07:03,520

allowed to see their loved ones

223

00:07:06,950 --> 00:07:05,919

um you know during the height of covid

224

00:07:09,270 --> 00:07:06,960

weren't able to say

225

00:07:10,150 --> 00:07:09,280

goodbye uh we couldn't even have a

226
00:07:13,110 --> 00:07:10,160
funeral

227
00:07:14,150 --> 00:07:13,120
for the person i mean just horrendous

228
00:07:15,909 --> 00:07:14,160
well and as we

229
00:07:17,670 --> 00:07:15,919
we've been seeing and we and we have

230
00:07:19,110 --> 00:07:17,680
read i mean there's been a tremendous

231
00:07:21,430 --> 00:07:19,120
increase in suicides

232
00:07:22,309 --> 00:07:21,440
in drug addiction and alcohol

233
00:07:24,390 --> 00:07:22,319
consumption

234
00:07:26,150 --> 00:07:24,400
because people you know people want to

235
00:07:28,629 --> 00:07:26,160
be with people and with family and

236
00:07:30,390 --> 00:07:28,639
with friends and you know for old

237
00:07:32,469 --> 00:07:30,400
elderly people who

238
00:07:34,710 --> 00:07:32,479

who were in nursing homes or whatever it

239

00:07:35,350 --> 00:07:34,720

was very very sad and very hard on them

240

00:07:37,830 --> 00:07:35,360

and and

241

00:07:38,870 --> 00:07:37,840

really made them you know it wasn't it

242

00:07:40,790 --> 00:07:38,880

wasn't um

243

00:07:42,550 --> 00:07:40,800

compassionate the way people were

244

00:07:45,670 --> 00:07:42,560

treated and as we know in new york

245

00:07:48,070 --> 00:07:45,680

a city and in big cities most of the um

246

00:07:50,309 --> 00:07:48,080

deaths from covid were you know 80 some

247

00:07:50,550 --> 00:07:50,319

percent were people over the age of 65

248

00:07:52,950 --> 00:07:50,560

and

249

00:07:53,749 --> 00:07:52,960

many of these people had co issues

250

00:07:56,150 --> 00:07:53,759

whether they were

251
00:07:56,790 --> 00:07:56,160
it was obesity other illnesses and

252
00:08:00,150 --> 00:07:56,800
things so

253
00:08:02,230 --> 00:08:00,160
really the they just went into into a

254
00:08:03,990 --> 00:08:02,240
the public officials went into a lot

255
00:08:05,029 --> 00:08:04,000
down which was not necessary and i think

256
00:08:08,390 --> 00:08:05,039
very harmful

257
00:08:11,430 --> 00:08:08,400
to elderly people who live alone and

258
00:08:12,070 --> 00:08:11,440
by the way this is not all past tense i

259
00:08:13,830 --> 00:08:12,080
can tell you

260
00:08:15,990 --> 00:08:13,840
on personal experience from two friends

261
00:08:17,029 --> 00:08:16,000
of mine that as you and i are talking

262
00:08:20,070 --> 00:08:17,039
right now

263
00:08:22,550 --> 00:08:20,080

it's still the case that only one family

264

00:08:25,430 --> 00:08:22,560

member is permitted per day

265

00:08:25,830 --> 00:08:25,440

for one hour maximum to visit a loved

266

00:08:27,189 --> 00:08:25,840

one

267

00:08:29,350 --> 00:08:27,199

in the hospital and that's two different

268

00:08:30,950 --> 00:08:29,360

hospitals that i'm aware of that have

269

00:08:32,389 --> 00:08:30,960

that policy in place i presume

270

00:08:34,870 --> 00:08:32,399

all of them have that still in place

271

00:08:37,430 --> 00:08:34,880

today right and you know if you

272

00:08:38,870 --> 00:08:37,440

if you've been fully vaccinated and

273

00:08:41,829 --> 00:08:38,880

you've had a test

274

00:08:42,469 --> 00:08:41,839

and it's negative you should be able to

275

00:08:44,310 --> 00:08:42,479

um

276

00:08:46,230 --> 00:08:44,320

you know go into the hospitals and you

277

00:08:47,030 --> 00:08:46,240

should even not even have to wear a mask

278

00:08:50,550 --> 00:08:47,040

for that matter

279

00:08:52,150 --> 00:08:50,560

so but um you know the it's just been

280

00:08:54,949 --> 00:08:52,160

really

281

00:08:55,430 --> 00:08:54,959

sad how public officials have made this

282

00:08:57,350 --> 00:08:55,440

um

283

00:08:59,430 --> 00:08:57,360

so difficult yeah it's become an

284

00:08:59,910 --> 00:08:59,440

obsession and to the extent it is an

285

00:09:02,790 --> 00:08:59,920

obsession

286

00:09:04,550 --> 00:09:02,800

of anything else uh what about some of

287

00:09:06,150 --> 00:09:04,560

the conspiracy theories

288

00:09:07,750 --> 00:09:06,160

do you buy into any of them i mean let's

289

00:09:08,550 --> 00:09:07,760

start with the vaccine you have so many

290

00:09:10,630 --> 00:09:08,560

people

291

00:09:12,150 --> 00:09:10,640

that are concerned that this was all a

292

00:09:13,829 --> 00:09:12,160

plan for the drug companies to make

293

00:09:15,190 --> 00:09:13,839

money on the vaccine or that this

294

00:09:17,990 --> 00:09:15,200

vaccine is going to

295

00:09:19,269 --> 00:09:18,000

somehow put something into people that

296

00:09:20,870 --> 00:09:19,279

are they're going to regret

297

00:09:22,630 --> 00:09:20,880

down the road do you bind any of the

298

00:09:24,630 --> 00:09:22,640

vaccine conspiracies

299

00:09:25,750 --> 00:09:24,640

no i don't i mean i think i think one of

300

00:09:27,350 --> 00:09:25,760

the things that you know people are

301
00:09:27,910 --> 00:09:27,360
saying well it was it was approved so

302
00:09:29,990 --> 00:09:27,920
quickly

303
00:09:30,949 --> 00:09:30,000
well the real problem is that other you

304
00:09:33,990 --> 00:09:30,959
know other

305
00:09:35,670 --> 00:09:34,000
drugs and biologics and cancer drugs

306
00:09:37,350 --> 00:09:35,680
should not be under the delay that they

307
00:09:39,110 --> 00:09:37,360
have been for years

308
00:09:40,389 --> 00:09:39,120
under the fda it shows that the fda

309
00:09:42,230 --> 00:09:40,399
could move quickly

310
00:09:43,990 --> 00:09:42,240
and they they did the clinical trials

311
00:09:45,829 --> 00:09:44,000
and they worked well so i think

312
00:09:47,670 --> 00:09:45,839
it's um you know a lot of people on the

313
00:09:49,829 --> 00:09:47,680

progressive left of course

314

00:09:51,269 --> 00:09:49,839

hate the drug companies but they moved

315

00:09:52,470 --> 00:09:51,279

very quickly and i think

316

00:09:54,070 --> 00:09:52,480

i don't believe in any of this

317

00:09:54,630 --> 00:09:54,080

conspiracy theories and i think a lot of

318

00:09:56,310 --> 00:09:54,640

people

319

00:09:58,070 --> 00:09:56,320

that are saying i'm not going to get

320

00:09:58,870 --> 00:09:58,080

vaccinated because it was approved too

321

00:10:02,069 --> 00:09:58,880

quickly

322

00:10:04,310 --> 00:10:02,079

or we're going to get some rare um other

323

00:10:05,269 --> 00:10:04,320

illness well i think people should think

324

00:10:07,910 --> 00:10:05,279

would you rather

325

00:10:09,350 --> 00:10:07,920

you know at the vaccine and be you know

326

00:10:09,990 --> 00:10:09,360

vaccinated against it or would you

327

00:10:12,389 --> 00:10:10,000

rather

328

00:10:14,230 --> 00:10:12,399

covet and perhaps end up on a ventilator

329

00:10:15,509 --> 00:10:14,240

in a in a hospital i mean people have to

330

00:10:17,590 --> 00:10:15,519

look at it that way and say

331

00:10:19,350 --> 00:10:17,600

what is the alternative to not getting

332

00:10:21,350 --> 00:10:19,360

vaccinated so and i think

333

00:10:22,949 --> 00:10:21,360

um you know the vaccination rate is much

334

00:10:25,190 --> 00:10:22,959

higher than it was being predicted

335

00:10:26,949 --> 00:10:25,200

you know back you know sort of in late

336

00:10:27,910 --> 00:10:26,959

december after the emergency use

337

00:10:29,829 --> 00:10:27,920

authorization

338

00:10:32,069 --> 00:10:29,839

but i think people need to look would

339

00:10:34,630 --> 00:10:32,079

you rather you know get vaccinated

340

00:10:36,389 --> 00:10:34,640

and you know for the most part you i had

341

00:10:38,150 --> 00:10:36,399

two two vaccinations that was totally

342

00:10:40,230 --> 00:10:38,160

fine after both the modern

343

00:10:42,389 --> 00:10:40,240

vaccine so i think you know there's a

344

00:10:44,470 --> 00:10:42,399

lot of hype i

345

00:10:46,150 --> 00:10:44,480

conspirators who are trying to scare

346

00:10:47,750 --> 00:10:46,160

people yeah yeah

347

00:10:49,430 --> 00:10:47,760

i mean you know look it's not nothing

348

00:10:51,430 --> 00:10:49,440

there there have been some elderly

349

00:10:52,550 --> 00:10:51,440

that have been reported to have died

350

00:10:54,389 --> 00:10:52,560

from the vaccine

351

00:10:55,990 --> 00:10:54,399

you know my mother got very sick off of

352

00:10:59,430 --> 00:10:56,000

the second shot but you know

353

00:11:00,949 --> 00:10:59,440

she recovered and so on so um you know i

354

00:11:03,190 --> 00:11:00,959

i think the hesitancy is is

355

00:11:03,590 --> 00:11:03,200

understandable but but you're not seeing

356

00:11:05,509 --> 00:11:03,600

any

357

00:11:07,190 --> 00:11:05,519

conspiracy there what what about bill

358

00:11:08,550 --> 00:11:07,200

gates i was reading some of the things

359

00:11:09,910 --> 00:11:08,560

you've written recently and you seem to

360

00:11:10,870 --> 00:11:09,920

be applauding gates on some of the

361

00:11:11,990 --> 00:11:10,880

things that he's done what

362

00:11:14,150 --> 00:11:12,000

what do you think about bill gates and

363

00:11:14,790 --> 00:11:14,160

his role in all this and the things that

364

00:11:17,829 --> 00:11:14,800

he's done

365

00:11:18,230 --> 00:11:17,839

on vaccines etc well i mean i think you

366

00:11:19,350 --> 00:11:18,240

know

367

00:11:21,350 --> 00:11:19,360

bill and melinda gates and their

368

00:11:22,949 --> 00:11:21,360

foundation you know they have a lot of

369

00:11:24,630 --> 00:11:22,959

money in that foundation and

370

00:11:26,389 --> 00:11:24,640

some of the things you know that they

371

00:11:27,910 --> 00:11:26,399

have been doing you know whether it's

372

00:11:30,230 --> 00:11:27,920

you know supporting he's being very

373

00:11:31,110 --> 00:11:30,240

supportive of the vaccine he's been very

374

00:11:33,269 --> 00:11:31,120

supportive of

375

00:11:36,069 --> 00:11:33,279

you know poor countries in africa

376

00:11:38,550 --> 00:11:36,079

getting vaccinated getting you know

377

00:11:39,269 --> 00:11:38,560

getting american doctors to go over and

378

00:11:41,269 --> 00:11:39,279

train

379

00:11:43,590 --> 00:11:41,279

doctors over there and whether it's you

380

00:11:45,910 --> 00:11:43,600

know diseases like ebola

381

00:11:46,710 --> 00:11:45,920

or or whether it's you know maternity

382

00:11:49,269 --> 00:11:46,720

deliveries

383

00:11:50,790 --> 00:11:49,279

i i think that he you know his heart is

384

00:11:53,269 --> 00:11:50,800

in the right place he's probably

385

00:11:55,269 --> 00:11:53,279

not a free marketeer totally but i think

386

00:11:58,470 --> 00:11:55,279

that you know on this issue

387

00:12:01,509 --> 00:11:58,480

of kovid he understands and

388

00:12:02,310 --> 00:12:01,519

is being very um supportive and has got

389

00:12:05,750 --> 00:12:02,320

the funding to

390

00:12:07,750 --> 00:12:05,760

um definitely you know help many more

391

00:12:09,350 --> 00:12:07,760

people vaccinated and even you know in

392

00:12:09,990 --> 00:12:09,360

in countries that don't have access to

393

00:12:11,829 --> 00:12:10,000

to

394

00:12:14,230 --> 00:12:11,839

the vaccine that need it whether it's

395

00:12:16,310 --> 00:12:14,240

india or whether it's south africa or

396

00:12:17,750 --> 00:12:16,320

or whatever and we don't want you know

397

00:12:19,910 --> 00:12:17,760

to take away

398

00:12:21,110 --> 00:12:19,920

the intellectual property protection

399

00:12:23,190 --> 00:12:21,120

that the wto

400

00:12:24,710 --> 00:12:23,200

is trying to do uh with the with the

401
00:12:27,910 --> 00:12:24,720
drug companies that produce

402
00:12:29,030 --> 00:12:27,920
these uh vaccines yeah let's talk a

403
00:12:32,710 --> 00:12:29,040
little bit about that in

404
00:12:34,150 --> 00:12:32,720
in the vaccines in in other countries so

405
00:12:36,829 --> 00:12:34,160
i haven't read a lot about this but i've

406
00:12:39,750 --> 00:12:36,839
been kind of hearing that

407
00:12:42,230 --> 00:12:39,760
europe has been slow to get the vaccine

408
00:12:43,750 --> 00:12:42,240
because the drug companies weren't

409
00:12:44,310 --> 00:12:43,760
willing to sell it to them at the price

410
00:12:47,269 --> 00:12:44,320
that they were

411
00:12:47,590 --> 00:12:47,279
dictating is that true well i mean i

412
00:12:50,150 --> 00:12:47,600
think

413
00:12:50,870 --> 00:12:50,160

let's look at europe and the eu you know

414

00:12:54,790 --> 00:12:50,880

britain

415

00:12:56,550 --> 00:12:54,800

look at how many people

416

00:12:58,069 --> 00:12:56,560

you know they've had a tremendous uh

417

00:13:00,550 --> 00:12:58,079

vaccination rate and and

418

00:13:02,069 --> 00:13:00,560

uh today uh uh prime minister boris

419

00:13:04,790 --> 00:13:02,079

johnson is opening up

420

00:13:07,190 --> 00:13:04,800

uh great britain uh they they left the

421

00:13:08,710 --> 00:13:07,200

eu and they got the astrazeneca vaccine

422

00:13:11,910 --> 00:13:08,720

and they got people vaccinated

423

00:13:14,230 --> 00:13:11,920

the eu um of course you know was very

424

00:13:16,150 --> 00:13:14,240

um very progressive they didn't want to

425

00:13:18,470 --> 00:13:16,160

pay the price the

426

00:13:20,150 --> 00:13:18,480

reduced price so they kept delaying and

427

00:13:22,069 --> 00:13:20,160

i think it was

428

00:13:23,829 --> 00:13:22,079

very harmful to the people of europe and

429

00:13:24,710 --> 00:13:23,839

you look at countries like italy france

430

00:13:27,030 --> 00:13:24,720

germany

431

00:13:29,030 --> 00:13:27,040

portugal spain they still have very high

432

00:13:31,430 --> 00:13:29,040

rates of covet a lot of

433

00:13:32,870 --> 00:13:31,440

deaths from covet because they were the

434

00:13:35,509 --> 00:13:32,880

the powers that be

435

00:13:36,230 --> 00:13:35,519

in the european community european union

436

00:13:37,829 --> 00:13:36,240

were just

437

00:13:39,590 --> 00:13:37,839

you know being stubborn and i think it

438

00:13:43,189 --> 00:13:39,600

was a at the at the

439

00:13:45,430 --> 00:13:43,199

expense of their their citizens health

440

00:13:47,189 --> 00:13:45,440

and what's the state of that uh as we

441

00:13:49,189 --> 00:13:47,199

speak have they negotiated a price now

442

00:13:50,710 --> 00:13:49,199

and are the vaccines flowing into the

443

00:13:52,389 --> 00:13:50,720

rest of europe

444

00:13:54,389 --> 00:13:52,399

so it's it and of course this is very

445

00:13:57,030 --> 00:13:54,399

very political as yes you know

446

00:13:57,750 --> 00:13:57,040

um they are now starting to get you know

447

00:14:01,110 --> 00:13:57,760

the the

448

00:14:03,110 --> 00:14:01,120

the astrazeneca the vaccine available

449

00:14:04,470 --> 00:14:03,120

um but you know it's a bit it's a bit

450

00:14:07,350 --> 00:14:04,480

late i mean as i say

451
00:14:08,550 --> 00:14:07,360
you know me as americans can't travel to

452
00:14:10,550 --> 00:14:08,560
these countries and even

453
00:14:12,550 --> 00:14:10,560
if i as i'm fully vaccinated if i wanted

454
00:14:13,110 --> 00:14:12,560
to take our annual vacation and go to

455
00:14:14,949 --> 00:14:13,120
italy

456
00:14:16,389 --> 00:14:14,959
i wouldn't because what if i get there

457
00:14:17,750 --> 00:14:16,399
and then there's a further surge and i

458
00:14:19,990 --> 00:14:17,760
couldn't get back i mean

459
00:14:21,030 --> 00:14:20,000
so i think they're they're they're slow

460
00:14:23,030 --> 00:14:21,040
they're starting to

461
00:14:24,790 --> 00:14:23,040
you know realize this but the whole

462
00:14:25,509 --> 00:14:24,800
thing i think was very political they

463
00:14:27,509 --> 00:14:25,519

wanted to

464

00:14:29,110 --> 00:14:27,519

you know be separate from britain

465

00:14:31,189 --> 00:14:29,120

because they were annoyed that

466

00:14:33,189 --> 00:14:31,199

left the european union but it got its

467

00:14:35,670 --> 00:14:33,199

people vaccinated

468

00:14:36,230 --> 00:14:35,680

and has had very good results compared

469

00:14:37,990 --> 00:14:36,240

to

470

00:14:40,230 --> 00:14:38,000

as i say these countries italy france

471

00:14:43,269 --> 00:14:40,240

germany spain and portugal

472

00:14:45,269 --> 00:14:43,279

just as yeah well i i hope the british

473

00:14:47,189 --> 00:14:45,279

put two and two together and realized

474

00:14:48,069 --> 00:14:47,199

that uh this was a good thing that they

475

00:14:49,910 --> 00:14:48,079

left the eu

476

00:14:52,069 --> 00:14:49,920

if for no other reason but this i i was

477

00:14:55,030 --> 00:14:52,079

talking to a brit recently who kind of

478

00:14:56,829 --> 00:14:55,040

be i could tell that he was anti-brexit

479

00:14:59,990 --> 00:14:56,839

but but he had to begrudgingly

480

00:15:01,750 --> 00:15:00,000

acknowledge that this turned out to be

481

00:15:04,150 --> 00:15:01,760

a good thing i mean why you would want

482

00:15:05,110 --> 00:15:04,160

to be under yet another layer of

483

00:15:07,990 --> 00:15:05,120

government

484

00:15:08,790 --> 00:15:08,000

uh if you're a brit i don't understand

485

00:15:10,069 --> 00:15:08,800

but

486

00:15:11,670 --> 00:15:10,079

i know obviously it was highly

487

00:15:12,069 --> 00:15:11,680

controversial and even even if you look

488

00:15:14,949 --> 00:15:12,079

at the

489

00:15:16,629 --> 00:15:14,959

local elections from a week ago i mean a

490

00:15:18,629 --> 00:15:16,639

lot of these labor seats all went

491

00:15:19,430 --> 00:15:18,639

conservative because i think people even

492

00:15:22,629 --> 00:15:19,440

who had always

493

00:15:24,069 --> 00:15:22,639

voted labor realized that they were in a

494

00:15:25,910 --> 00:15:24,079

good place they voted

495

00:15:27,829 --> 00:15:25,920

uh for the conservatives rather than the

496

00:15:30,069 --> 00:15:27,839

labor party which would have probably

497

00:15:31,350 --> 00:15:30,079

left england in the same situation as

498

00:15:33,030 --> 00:15:31,360

european countries

499

00:15:34,550 --> 00:15:33,040

yeah who knows maybe it could start

500

00:15:35,749 --> 00:15:34,560

something and and britain won't be the

501
00:15:38,710 --> 00:15:35,759
only one that uh

502
00:15:39,030 --> 00:15:38,720
that exits uh so so talking about those

503
00:15:43,590 --> 00:15:39,040
the

504
00:15:43,990 --> 00:15:43,600
a discussion about drug prices and so on

505
00:15:45,829 --> 00:15:44,000
so

506
00:15:47,749 --> 00:15:45,839
it's my perception that you know

507
00:15:50,230 --> 00:15:47,759
everybody complains about oh my gosh

508
00:15:52,470 --> 00:15:50,240
drugs are so expensive in america and

509
00:15:54,069 --> 00:15:52,480
they're less expensive in other places

510
00:15:55,910 --> 00:15:54,079
and that's because in these other

511
00:15:58,550 --> 00:15:55,920
countries they

512
00:15:59,670 --> 00:15:58,560
have negotiated a set price they refuse

513
00:16:01,189 --> 00:15:59,680

to pay anything more

514

00:16:03,030 --> 00:16:01,199

that for than a particular amount for

515

00:16:04,389 --> 00:16:03,040

their drug we're paying more

516

00:16:06,790 --> 00:16:04,399

i guess you could call free market

517

00:16:09,509 --> 00:16:06,800

prices and in that sense

518

00:16:10,629 --> 00:16:09,519

we're kind of subsidizing the rest of

519

00:16:12,389 --> 00:16:10,639

the world

520

00:16:14,150 --> 00:16:12,399

through our higher prices and they're

521

00:16:17,110 --> 00:16:14,160

paying lower prices is that

522

00:16:18,949 --> 00:16:17,120

roughly correct well right the united

523

00:16:20,550 --> 00:16:18,959

states does not have price controls

524

00:16:22,230 --> 00:16:20,560

on its pharmaceuticals and these

525

00:16:23,670 --> 00:16:22,240

countries whether it's canada or england

526

00:16:25,670 --> 00:16:23,680

france are all free riding

527

00:16:28,230 --> 00:16:25,680

off our research and development i think

528

00:16:29,030 --> 00:16:28,240

people don't realize it costs about 2.6

529

00:16:30,790 --> 00:16:29,040

billion

530

00:16:32,629 --> 00:16:30,800

from an idea to get a drug through all

531

00:16:34,790 --> 00:16:32,639

the clinical trials the fda

532

00:16:35,990 --> 00:16:34,800

and get it to market so it's very

533

00:16:38,550 --> 00:16:36,000

expensive only about 12

534

00:16:40,949 --> 00:16:38,560

percent of drugs ever make it through

535

00:16:43,590 --> 00:16:40,959

through this uh through this process so

536

00:16:45,430 --> 00:16:43,600

countries as i say they're free riding

537

00:16:48,310 --> 00:16:45,440

united states drug companies

538

00:16:49,269 --> 00:16:48,320

sell drugs to these countries at a lower

539

00:16:50,790 --> 00:16:49,279

price

540

00:16:52,389 --> 00:16:50,800

it's interesting in canada where i'm

541

00:16:54,550 --> 00:16:52,399

from the

542

00:16:55,509 --> 00:16:54,560

medicines crisis review board has to

543

00:16:59,189 --> 00:16:55,519

look at

544

00:17:02,069 --> 00:16:59,199

the price of a drug and decide whether

545

00:17:03,590 --> 00:17:02,079

or not it's the right price to offer it

546

00:17:05,669 --> 00:17:03,600

um on the formularies in each of the

547

00:17:06,949 --> 00:17:05,679

provinces in many cases the latest drugs

548

00:17:09,510 --> 00:17:06,959

aren't even available

549

00:17:10,150 --> 00:17:09,520

because this government body says it's

550

00:17:12,870 --> 00:17:10,160

it's too

551
00:17:14,470 --> 00:17:12,880
expensive but i think you know the under

552
00:17:16,870 --> 00:17:14,480
the biden administration

553
00:17:17,590 --> 00:17:16,880
kamala harris and joe biden and nancy

554
00:17:20,150 --> 00:17:17,600
pelosi

555
00:17:21,270 --> 00:17:20,160
they're all trying to bring about uh

556
00:17:23,510 --> 00:17:21,280
price controls

557
00:17:24,710 --> 00:17:23,520
on pharmaceuticals and biologics in this

558
00:17:27,510 --> 00:17:24,720
country i know

559
00:17:29,029 --> 00:17:27,520
under hr3 the house bill uh where

560
00:17:33,029 --> 00:17:29,039
they're trying to

561
00:17:35,350 --> 00:17:33,039
tie the prices of drugs to the places in

562
00:17:37,830 --> 00:17:35,360
six most favored nation countries canada

563
00:17:39,909 --> 00:17:37,840

england france australia japan

564

00:17:41,510 --> 00:17:39,919

um and i think i just read the other day

565

00:17:43,190 --> 00:17:41,520

that pelosi

566

00:17:44,870 --> 00:17:43,200

is having a hard time i mean this has

567

00:17:47,510 --> 00:17:44,880

been a central core

568

00:17:49,110 --> 00:17:47,520

of biden's agenda was price controls and

569

00:17:52,070 --> 00:17:49,120

getting lower drug prices

570

00:17:53,669 --> 00:17:52,080

but some of the dems are saying now well

571

00:17:55,430 --> 00:17:53,679

i don't know if this is such a good idea

572

00:17:56,549 --> 00:17:55,440

we are the country where the innovation

573

00:17:59,270 --> 00:17:56,559

takes place and that you've

574

00:18:00,390 --> 00:17:59,280

looked at the polling the drug companies

575

00:18:03,350 --> 00:18:00,400

are polling

576
00:18:03,990 --> 00:18:03,360
very very well because people realize we

577
00:18:05,750 --> 00:18:04,000
are the

578
00:18:07,029 --> 00:18:05,760
the country that developed the vaccine

579
00:18:10,310 --> 00:18:07,039
so i think

580
00:18:12,310 --> 00:18:10,320
um we don't sorry but what you're saying

581
00:18:14,630 --> 00:18:12,320
is what we're seeing happening in europe

582
00:18:16,070 --> 00:18:14,640
with them trying to negotiate down the

583
00:18:17,909 --> 00:18:16,080
price of this vaccine

584
00:18:19,510 --> 00:18:17,919
and therefore not getting it that

585
00:18:21,350 --> 00:18:19,520
quickly this is

586
00:18:22,710 --> 00:18:21,360
an example of what happens all the time

587
00:18:23,830 --> 00:18:22,720
in these countries that they don't get

588
00:18:25,830 --> 00:18:23,840

the drugs

589

00:18:27,510 --> 00:18:25,840

as quickly because they're trying to

590

00:18:28,630 --> 00:18:27,520

negotiate down the price whereas the u.s

591

00:18:30,070 --> 00:18:28,640

is getting them as soon as they're

592

00:18:31,669 --> 00:18:30,080

released

593

00:18:33,909 --> 00:18:31,679

and they may not even be available as i

594

00:18:35,830 --> 00:18:33,919

say a lot of the drugs in canada

595

00:18:37,350 --> 00:18:35,840

the government decides it's still too

596

00:18:38,870 --> 00:18:37,360

expensive and then you've got states

597

00:18:40,950 --> 00:18:38,880

like florida

598

00:18:42,150 --> 00:18:40,960

republican governor and colorado a

599

00:18:44,230 --> 00:18:42,160

democratic governor

600

00:18:45,510 --> 00:18:44,240

who you know have signed legislation

601
00:18:48,390 --> 00:18:45,520
that would allow

602
00:18:50,230 --> 00:18:48,400
importation of cheaper drugs from canada

603
00:18:51,669 --> 00:18:50,240
canadian officials there's only 37

604
00:18:53,430 --> 00:18:51,679
million people in the whole country

605
00:18:54,630 --> 00:18:53,440
fewer than in the state of california

606
00:18:56,470 --> 00:18:54,640
they're saying we don't have enough

607
00:18:57,590 --> 00:18:56,480
drugs for our own people we cannot be

608
00:19:00,150 --> 00:18:57,600
the drug store

609
00:19:00,870 --> 00:19:00,160
for you know well you know all these

610
00:19:03,190 --> 00:19:00,880
people in

611
00:19:05,190 --> 00:19:03,200
in these other states so yeah i mean

612
00:19:05,830 --> 00:19:05,200
that's just stupid policy it seems to me

613
00:19:07,110 --> 00:19:05,840

because

614

00:19:08,710 --> 00:19:07,120

yes if you're gonna say we're gonna

615

00:19:10,310 --> 00:19:08,720

import drugs from canada well the only

616

00:19:11,270 --> 00:19:10,320

reason they're lower there is a price

617

00:19:13,270 --> 00:19:11,280

fixed there

618

00:19:14,710 --> 00:19:13,280

so you might as well just say we're

619

00:19:15,590 --> 00:19:14,720

going to price fix here if that's what

620

00:19:17,590 --> 00:19:15,600

you want to do

621

00:19:19,270 --> 00:19:17,600

right and then the whole research and

622

00:19:21,830 --> 00:19:19,280

development and innovation

623

00:19:23,510 --> 00:19:21,840

sector which you know will be will be

624

00:19:24,230 --> 00:19:23,520

beaten way down i mean there's a reason

625

00:19:26,390 --> 00:19:24,240

why

626
00:19:27,750 --> 00:19:26,400
um companies like glaxosmithkline which

627
00:19:31,350 --> 00:19:27,760
is a british company

628
00:19:34,789 --> 00:19:31,360
astrazeneca um a british company

629
00:19:36,470 --> 00:19:34,799
all of these um companies they don't do

630
00:19:37,510 --> 00:19:36,480
their r d in their home country they do

631
00:19:40,150 --> 00:19:37,520
it in the u.s

632
00:19:41,750 --> 00:19:40,160
because the market works and they know

633
00:19:44,230 --> 00:19:41,760
there will be a lot of losses

634
00:19:46,070 --> 00:19:44,240
but at least the incentive is there to

635
00:19:48,549 --> 00:19:46,080
to do the research and development

636
00:19:49,830 --> 00:19:48,559
and not in in their home countries so

637
00:19:52,230 --> 00:19:49,840
explain to people

638
00:19:53,909 --> 00:19:52,240

why i believe you think it's a bad thing

639

00:19:56,230 --> 00:19:53,919

for medicare

640

00:19:57,990 --> 00:19:56,240

and medicaid to be able to negotiate

641

00:19:59,750 --> 00:19:58,000

drug prices because it certainly sounds

642

00:20:01,750 --> 00:19:59,760

like a reasonable thing oh yeah of

643

00:20:04,390 --> 00:20:01,760

course we should be able to negotiate

644

00:20:06,710 --> 00:20:04,400

drug prices why is that a bad thing well

645

00:20:09,110 --> 00:20:06,720

because this is what um pelosi and biden

646

00:20:10,870 --> 00:20:09,120

and bernie sanders are all pushing for

647

00:20:12,310 --> 00:20:10,880

the government to negotiate prices

648

00:20:13,830 --> 00:20:12,320

between the government

649

00:20:16,390 --> 00:20:13,840

and the drug companies and what it's

650

00:20:18,870 --> 00:20:16,400

going to mean is if this happens

651
00:20:20,870 --> 00:20:18,880
it's going to reduce the availability of

652
00:20:23,590 --> 00:20:20,880
the newest and latest drugs

653
00:20:25,590 --> 00:20:23,600
uh for for seniors who you know people

654
00:20:27,990 --> 00:20:25,600
you know who are 65 and over

655
00:20:29,590 --> 00:20:28,000
or people who are lower income and are

656
00:20:30,230 --> 00:20:29,600
on medicaid the program for low-income

657
00:20:32,230 --> 00:20:30,240
americans

658
00:20:34,310 --> 00:20:32,240
these are the people that use drugs and

659
00:20:35,110 --> 00:20:34,320
need drugs and if they have price

660
00:20:37,750 --> 00:20:35,120
controls

661
00:20:38,870 --> 00:20:37,760
on drugs as i say between the federal

662
00:20:40,470 --> 00:20:38,880
government and the

663
00:20:42,310 --> 00:20:40,480

and the drug companies these drugs will

664

00:20:44,789 --> 00:20:42,320

not be available

665

00:20:45,669 --> 00:20:44,799

and they also it will destroy the

666

00:20:47,590 --> 00:20:45,679

incentive for

667

00:20:49,270 --> 00:20:47,600

research and development and i think and

668

00:20:50,310 --> 00:20:49,280

as i say a number of the democrats are

669

00:20:52,390 --> 00:20:50,320

now realizing

670

00:20:53,669 --> 00:20:52,400

this is not going to be a good idea and

671

00:20:56,630 --> 00:20:53,679

i think it's going to be hard

672

00:20:57,270 --> 00:20:56,640

for pelosi to get that house bill uh

673

00:21:02,549 --> 00:20:57,280

through

674

00:21:03,830 --> 00:21:02,559

senate because the senate at 50 50.

675

00:21:06,230 --> 00:21:03,840

and then you've got someone like joe

676
00:21:07,590 --> 00:21:06,240
manchin kristen cinema from arizona who

677
00:21:10,230 --> 00:21:07,600
probably wouldn't support it

678
00:21:11,510 --> 00:21:10,240
but it'd be harmful to the very people

679
00:21:13,750 --> 00:21:11,520
that need

680
00:21:14,630 --> 00:21:13,760
drugs in order to allow them to stay out

681
00:21:16,789 --> 00:21:14,640
of hospital

682
00:21:18,710 --> 00:21:16,799
and live longer and healthier lives so

683
00:21:20,789 --> 00:21:18,720
so help people understand though

684
00:21:21,830 --> 00:21:20,799
if the government can't negotiate the

685
00:21:23,430 --> 00:21:21,840
price then

686
00:21:25,669 --> 00:21:23,440
who is setting the price are you is the

687
00:21:26,630 --> 00:21:25,679
drug companies unilaterally simply

688
00:21:29,350 --> 00:21:26,640

setting a price

689

00:21:30,310 --> 00:21:29,360

and the government has to pay it well

690

00:21:32,310 --> 00:21:30,320

the government

691

00:21:33,990 --> 00:21:32,320

the drug companies negotiate with

692

00:21:36,310 --> 00:21:34,000

insurers and and

693

00:21:37,590 --> 00:21:36,320

and with with with the government but um

694

00:21:39,430 --> 00:21:37,600

and then you know a drug

695

00:21:41,510 --> 00:21:39,440

is under um intellectual property

696

00:21:44,070 --> 00:21:41,520

protection patent protection

697

00:21:44,630 --> 00:21:44,080

for x years and 12 years and then it

698

00:21:46,870 --> 00:21:44,640

comes off

699

00:21:48,390 --> 00:21:46,880

95 percent of the drugs consumed in this

700

00:21:51,590 --> 00:21:48,400

country are generic drugs

701
00:21:53,430 --> 00:21:51,600
which as you know are copies of the

702
00:21:55,110 --> 00:21:53,440
original drug and they can be exact

703
00:21:57,110 --> 00:21:55,120
copies and they're they're a lot they're

704
00:21:58,390 --> 00:21:57,120
a lot deeper

705
00:22:01,110 --> 00:21:58,400
let's stick with something that's an

706
00:22:04,390 --> 00:22:01,120
it's a new drug it's patented

707
00:22:07,029 --> 00:22:04,400
and now medicare

708
00:22:08,230 --> 00:22:07,039
is gonna i don't know you tell me how

709
00:22:09,830 --> 00:22:08,240
this works medicare

710
00:22:11,590 --> 00:22:09,840
is going to decide whether it's gonna

711
00:22:14,470 --> 00:22:11,600
make this available to medicare

712
00:22:16,149 --> 00:22:14,480
patients and if so they're going to

713
00:22:17,510 --> 00:22:16,159

decide what the price is how how does

714

00:22:19,110 --> 00:22:17,520

that all work

715

00:22:21,510 --> 00:22:19,120

well so of course there will be a whole

716

00:22:23,350 --> 00:22:21,520

new layer of bureaucracy in order

717

00:22:24,950 --> 00:22:23,360

to talk about right now right now how

718

00:22:27,909 --> 00:22:24,960

does that now oh right now

719

00:22:29,750 --> 00:22:27,919

so um there are things called um

720

00:22:32,230 --> 00:22:29,760

pharmaceutical benefit managers

721

00:22:33,990 --> 00:22:32,240

pbms and the pharmaceutical benefit

722

00:22:36,789 --> 00:22:34,000

managers negotiate

723

00:22:37,510 --> 00:22:36,799

uh with the with the government and the

724

00:22:41,029 --> 00:22:37,520

the

725

00:22:42,950 --> 00:22:41,039

will be so

726
00:22:45,350 --> 00:22:42,960
this is a problem because a lot of the

727
00:22:48,470 --> 00:22:45,360
lower prices that that are negotiated

728
00:22:50,070 --> 00:22:48,480
um don't the the the cheaper price does

729
00:22:54,070 --> 00:22:50,080
not go back to the patient

730
00:22:56,870 --> 00:22:54,080
it goes back uh to the um to the um

731
00:22:57,430 --> 00:22:56,880
to the insurer and so we really need to

732
00:22:59,270 --> 00:22:57,440
get rid of

733
00:23:00,870 --> 00:22:59,280
pharmaceutical benefit managers and get

734
00:23:04,230 --> 00:23:00,880
the negotiation to go

735
00:23:04,950 --> 00:23:04,240
between uh the insurer and the drug

736
00:23:06,630 --> 00:23:04,960
companies

737
00:23:08,070 --> 00:23:06,640
we don't need these these middlemen are

738
00:23:11,430 --> 00:23:08,080

taking the profit

739

00:23:15,029 --> 00:23:11,440

and not helping the consumer to get

740

00:23:16,710 --> 00:23:15,039

the uh the reduced price of of a of a

741

00:23:19,270 --> 00:23:16,720

of a drug and particularly a lot of

742

00:23:20,630 --> 00:23:19,280

these new new drugs are orphan drugs are

743

00:23:22,710 --> 00:23:20,640

very very expensive

744

00:23:24,549 --> 00:23:22,720

but on the other hand i mean if you if

745

00:23:28,230 --> 00:23:24,559

you um say if you take a drug

746

00:23:30,789 --> 00:23:28,240

uh for hepatitis c um from um

747

00:23:31,350 --> 00:23:30,799

gilead you know the cost is perhaps 80

748

00:23:33,669 --> 00:23:31,360

000

749

00:23:35,430 --> 00:23:33,679

a year but you could get rid of you

750

00:23:38,470 --> 00:23:35,440

completely eliminate hepatitis c

751
00:23:41,510 --> 00:23:38,480
if you need a new liver the cost is 500

752
00:23:43,590 --> 00:23:41,520
000 and it's very hard to get a liver so

753
00:23:45,430 --> 00:23:43,600
you know you have to look at balance so

754
00:23:46,950 --> 00:23:45,440
you know what what about

755
00:23:48,950 --> 00:23:46,960
you know what are the new drugs and what

756
00:23:51,430 --> 00:23:48,960
is the cost of um

757
00:23:53,430 --> 00:23:51,440
not being able to of having to go and

758
00:23:54,549 --> 00:23:53,440
have an expensive surgery and maybe not

759
00:23:57,110 --> 00:23:54,559
be able to get

760
00:23:57,830 --> 00:23:57,120
you know a new liver so so bottom line

761
00:24:00,230 --> 00:23:57,840
the the

762
00:24:01,830 --> 00:24:00,240
the price that's ultimately set on any

763
00:24:04,870 --> 00:24:01,840

new drug

764

00:24:07,590 --> 00:24:04,880

is set by the drug company

765

00:24:08,870 --> 00:24:07,600

after negotiating with the insurance

766

00:24:11,590 --> 00:24:08,880

companies pretty much

767

00:24:13,029 --> 00:24:11,600

well the drug company sets the price

768

00:24:16,070 --> 00:24:13,039

that they're going to sell

769

00:24:17,590 --> 00:24:16,080

that drug at and the pbm negotiates you

770

00:24:20,789 --> 00:24:17,600

know on behalf of large

771

00:24:22,149 --> 00:24:20,799

groups so yes exactly and then the

772

00:24:23,269 --> 00:24:22,159

insurance companies are going to decide

773

00:24:24,630 --> 00:24:23,279

whether or not we're going to cover it

774

00:24:27,669 --> 00:24:24,640

or not

775

00:24:29,750 --> 00:24:27,679

yes exactly and same with medicare

776

00:24:31,029 --> 00:24:29,760

medicare decides whether or not they're

777

00:24:36,390 --> 00:24:31,039

going to cover it or not

778

00:24:39,750 --> 00:24:38,549

and as i say it's the people on medicare

779

00:24:42,070 --> 00:24:39,760

and medicaid that are

780

00:24:43,909 --> 00:24:42,080

the big users of drugs but you know so

781

00:24:46,230 --> 00:24:43,919

in so many cases we need

782

00:24:47,990 --> 00:24:46,240

we need to promote generic drugs because

783

00:24:49,669 --> 00:24:48,000

they are very cheap once the drug comes

784

00:24:51,590 --> 00:24:49,679

off patent but for the new drugs yes

785

00:24:53,190 --> 00:24:51,600

and the drug companies have a lot of

786

00:24:55,350 --> 00:24:53,200

programs out there

787

00:24:56,950 --> 00:24:55,360

that you know provide will provide the

788

00:24:59,350 --> 00:24:56,960

drug you know

789

00:25:00,070 --> 00:24:59,360

at a at a greatly reduced or even for

790

00:25:02,789 --> 00:25:00,080

free

791

00:25:03,510 --> 00:25:02,799

um you just have to be able to you know

792

00:25:04,870 --> 00:25:03,520

figure out what

793

00:25:06,630 --> 00:25:04,880

the plans are but a lot of these drug

794

00:25:08,630 --> 00:25:06,640

companies have programs that make it

795

00:25:10,710 --> 00:25:08,640

possible for people who don't have

796

00:25:12,230 --> 00:25:10,720

you know the income of the bill gates or

797

00:25:15,669 --> 00:25:12,240

warren buffett to get

798

00:25:17,110 --> 00:25:15,679

access to these new treatments so

799

00:25:18,870 --> 00:25:17,120

let's now talk about health care in

800

00:25:21,029 --> 00:25:18,880

america and go high level

801
00:25:23,269 --> 00:25:21,039
i mean it's a it's a freaking mess i

802
00:25:25,029 --> 00:25:23,279
mean it's just

803
00:25:26,710 --> 00:25:25,039
such an amalgam of so many things

804
00:25:28,710 --> 00:25:26,720
between the insurance companies and

805
00:25:31,990 --> 00:25:28,720
and the government and and state

806
00:25:35,510 --> 00:25:32,000
controls and federal controls and so on

807
00:25:37,990 --> 00:25:35,520
um it's not a free market in america

808
00:25:39,350 --> 00:25:38,000
most people recognize that it's our free

809
00:25:42,870 --> 00:25:39,360
market principles

810
00:25:45,190 --> 00:25:42,880
that made america's economy so great yet

811
00:25:46,870 --> 00:25:45,200
those free market principles have been

812
00:25:49,510 --> 00:25:46,880
stripped out of health care

813
00:25:50,470 --> 00:25:49,520

it seems to me and helped kind of create

814

00:25:53,029 --> 00:25:50,480

this mess

815

00:25:53,510 --> 00:25:53,039

so i'll just kind of comment on that and

816

00:25:55,990 --> 00:25:53,520

see

817

00:25:57,190 --> 00:25:56,000

how we can get to a high level solution

818

00:25:59,830 --> 00:25:57,200

to this

819

00:26:02,310 --> 00:25:59,840

right so um competition and choice in

820

00:26:04,710 --> 00:26:02,320

all aspects of american life are the way

821

00:26:06,470 --> 00:26:04,720

the way to go and get you know the best

822

00:26:08,549 --> 00:26:06,480

coverage or whatever unfortunately

823

00:26:09,750 --> 00:26:08,559

50 of health care in this country is

824

00:26:10,870 --> 00:26:09,760

already in the hands of government

825

00:26:12,710 --> 00:26:10,880

whether it's through

826
00:26:14,710 --> 00:26:12,720
medicare for our seniors the medicaid

827
00:26:16,470 --> 00:26:14,720
program for low-income americans

828
00:26:18,149 --> 00:26:16,480
the chip program for children and of

829
00:26:20,149 --> 00:26:18,159
course the veterans administration

830
00:26:21,430 --> 00:26:20,159
which is a single-payer health care

831
00:26:23,430 --> 00:26:21,440
system which is not

832
00:26:24,789 --> 00:26:23,440
i wish people wouldn't you know pay

833
00:26:26,950 --> 00:26:24,799
attention to the stories

834
00:26:28,310 --> 00:26:26,960
about how our vets you know could not

835
00:26:30,230 --> 00:26:28,320
get access to the

836
00:26:31,750 --> 00:26:30,240
best doctors and hospitals and things

837
00:26:33,830 --> 00:26:31,760
because the government

838
00:26:35,110 --> 00:26:33,840

doesn't make it you know easy for them

839

00:26:37,110 --> 00:26:35,120

there's been a lot of

840

00:26:39,190 --> 00:26:37,120

of yes long waiting times and everything

841

00:26:42,470 --> 00:26:39,200

so we want to open up

842

00:26:43,430 --> 00:26:42,480

the system to more competition

843

00:26:45,590 --> 00:26:43,440

unfortunately

844

00:26:47,990 --> 00:26:45,600

under the biden administration under joe

845

00:26:49,590 --> 00:26:48,000

biden bernie sanders kamala harris

846

00:26:51,190 --> 00:26:49,600

all of these people are supporters of a

847

00:26:53,110 --> 00:26:51,200

complete government takeover

848

00:26:54,230 --> 00:26:53,120

of the health care system and people

849

00:26:56,390 --> 00:26:54,240

don't realize

850

00:26:57,909 --> 00:26:56,400

what it means for example in canada

851
00:26:59,190 --> 00:26:57,919
there's no private health care for

852
00:27:02,070 --> 00:26:59,200
anything considered

853
00:27:03,669 --> 00:27:02,080
medically necessary the average weight

854
00:27:05,630 --> 00:27:03,679
from seeing a primary care doctor to

855
00:27:08,630 --> 00:27:05,640
treatment by a specialist last year

856
00:27:10,789 --> 00:27:08,640
22.6 weeks that's over five months

857
00:27:12,390 --> 00:27:10,799
the american people wouldn't stand for

858
00:27:14,310 --> 00:27:12,400
this and the fact

859
00:27:15,430 --> 00:27:14,320
that you know biden when he was

860
00:27:17,269 --> 00:27:15,440
campaigning against

861
00:27:18,870 --> 00:27:17,279
bernie sanders said well i don't support

862
00:27:20,070 --> 00:27:18,880
medicare for all i support building on

863
00:27:21,909 --> 00:27:20,080

obamacare a public

864

00:27:23,510 --> 00:27:21,919

option a government insurance plan to

865

00:27:25,909 --> 00:27:23,520

compete against private insurers

866

00:27:26,870 --> 00:27:25,919

that's just a stepping stone approach to

867

00:27:28,950 --> 00:27:26,880

single-payer

868

00:27:29,909 --> 00:27:28,960

and um it'd just be a more a slower

869

00:27:32,630 --> 00:27:29,919

approach than

870

00:27:34,310 --> 00:27:32,640

sanders wants or the uh the house side

871

00:27:37,669 --> 00:27:34,320

pramila jayapal

872

00:27:39,510 --> 00:27:37,679

demi england aoc so we need

873

00:27:41,669 --> 00:27:39,520

we need to put doctors and patients in

874

00:27:43,029 --> 00:27:41,679

charge instead instead of the government

875

00:27:45,430 --> 00:27:43,039

we need to support

876

00:27:46,789 --> 00:27:45,440

ideas you know like help promoting

877

00:27:48,389 --> 00:27:46,799

health savings accounts health

878

00:27:50,950 --> 00:27:48,399

reimbursement accounts which

879

00:27:52,870 --> 00:27:50,960

uh donald trump allowed to happen this

880

00:27:53,750 --> 00:27:52,880

the short-term limited duration plans

881

00:27:55,350 --> 00:27:53,760

that biden

882

00:27:57,830 --> 00:27:55,360

and his team want to get rid of those

883

00:27:58,630 --> 00:27:57,840

plans short-term limited duration plans

884

00:28:01,909 --> 00:27:58,640

which were

885

00:28:03,830 --> 00:28:01,919

reduced under obamacare to um to just

886

00:28:05,350 --> 00:28:03,840

six months they're now available for 12

887

00:28:07,510 --> 00:28:05,360

months renewable for

888

00:28:08,950 --> 00:28:07,520

three years so young people not for

889

00:28:10,549 --> 00:28:08,960

everybody but

890

00:28:11,990 --> 00:28:10,559

young people like us we might want to

891

00:28:13,669 --> 00:28:12,000

buy a plan that doesn't have to have 10

892

00:28:14,789 --> 00:28:13,679

essential health benefits and mandates

893

00:28:16,789 --> 00:28:14,799

and regulations

894

00:28:18,310 --> 00:28:16,799

and spend you know less than a hundred

895

00:28:18,950 --> 00:28:18,320

dollars a month on a plan we're probably

896

00:28:21,669 --> 00:28:18,960

not

897

00:28:23,510 --> 00:28:21,679

you know going to get sick or need be

898

00:28:24,310 --> 00:28:23,520

that or association health plans all of

899

00:28:26,470 --> 00:28:24,320

these things

900

00:28:28,230 --> 00:28:26,480

are things that will open up the market

901
00:28:30,389 --> 00:28:28,240
and you know a member under obamacare

902
00:28:32,389 --> 00:28:30,399
which turned 11 on march 23rd

903
00:28:34,070 --> 00:28:32,399
there are 10 essential health benefits

904
00:28:34,549 --> 00:28:34,080
that have to be included in insurance

905
00:28:37,350 --> 00:28:34,559
plan

906
00:28:38,549 --> 00:28:37,360
and so they add you know 20 to 50 to the

907
00:28:41,430 --> 00:28:38,559
cost of premium

908
00:28:41,990 --> 00:28:41,440
so the more you let government in the

909
00:28:45,029 --> 00:28:42,000
more

910
00:28:46,389 --> 00:28:45,039
it's going to destroy um what we have

911
00:28:48,549 --> 00:28:46,399
now but we need to

912
00:28:50,149 --> 00:28:48,559
you know as i say open up telehealth you

913
00:28:53,269 --> 00:28:50,159

know it took the pandemic

914

00:28:54,630 --> 00:28:53,279

you know to be to be there in order to

915

00:28:56,389 --> 00:28:54,640

open up telehealth which i've been

916

00:28:58,630 --> 00:28:56,399

promoting for years so doctors

917

00:28:59,990 --> 00:28:58,640

and patients can talk you know online

918

00:29:01,669 --> 00:29:00,000

for people who are in rural communities

919

00:29:04,230 --> 00:29:01,679

who don't have access perhaps to

920

00:29:05,430 --> 00:29:04,240

doctors or transportation telehealth is

921

00:29:07,750 --> 00:29:05,440

now going to be

922

00:29:08,950 --> 00:29:07,760

part of of our regular health care

923

00:29:11,669 --> 00:29:08,960

system we need

924

00:29:12,070 --> 00:29:11,679

you know and also nurse practitioners

925

00:29:16,789 --> 00:29:12,080

and

926

00:29:18,549 --> 00:29:16,799

physician assistants they've been able

927

00:29:19,830 --> 00:29:18,559

to do a lot more under the pandemic and

928

00:29:21,909 --> 00:29:19,840

they should have been able to do more

929

00:29:23,990 --> 00:29:21,919

yeah talk about something something like

930

00:29:26,710 --> 00:29:24,000

telehealth which

931

00:29:27,990 --> 00:29:26,720

is taking advantage of modern technology

932

00:29:31,269 --> 00:29:28,000

uh to create more

933

00:29:34,950 --> 00:29:31,279

efficiency right and right why

934

00:29:37,029 --> 00:29:34,960

why was that not used before is it

935

00:29:40,070 --> 00:29:37,039

because the insurance companies

936

00:29:42,230 --> 00:29:40,080

were not wouldn't cover a telehealth

937

00:29:43,990 --> 00:29:42,240

visit is that why they weren't using

938

00:29:45,909 --> 00:29:44,000

telehealth before

939

00:29:47,029 --> 00:29:45,919

right exactly so they weren't and also i

940

00:29:48,950 --> 00:29:47,039

think a lot of dots

941

00:29:50,470 --> 00:29:48,960

older dots you know were kind of worried

942

00:29:52,230 --> 00:29:50,480

about it and thought it was

943

00:29:53,990 --> 00:29:52,240

you know they would probably earn less

944

00:29:56,070 --> 00:29:54,000

money if the patient wasn't coming

945

00:29:57,430 --> 00:29:56,080

into the into their office but as you

946

00:29:58,870 --> 00:29:57,440

know you know if you're

947

00:30:00,470 --> 00:29:58,880

if you go into a doctor's office

948

00:30:01,669 --> 00:30:00,480

particularly with covid um

949

00:30:03,590 --> 00:30:01,679

you were worried about being in the

950

00:30:05,269 --> 00:30:03,600

waiting room and picking up you know

951
00:30:06,710 --> 00:30:05,279
it or some other right illness so i

952
00:30:09,190 --> 00:30:06,720
think there was a lot of

953
00:30:10,710 --> 00:30:09,200
so it's very important though if what i

954
00:30:12,230 --> 00:30:10,720
i'm identifying here or you're

955
00:30:15,190 --> 00:30:12,240
identifying which is that

956
00:30:17,430 --> 00:30:15,200
insurance companies are keeping these

957
00:30:17,750 --> 00:30:17,440
type of innovative ideas government also

958
00:30:19,110 --> 00:30:17,760
but

959
00:30:20,950 --> 00:30:19,120
insurance companies too and these

960
00:30:22,470 --> 00:30:20,960
innovative ideas from coming forward

961
00:30:23,750 --> 00:30:22,480
because they've got all these policies

962
00:30:25,269 --> 00:30:23,760
and procedures

963
00:30:26,789 --> 00:30:25,279

and they're very slow to change these

964

00:30:27,669 --> 00:30:26,799

policies and procedures so what you're

965

00:30:30,950 --> 00:30:27,679

saying is under

966

00:30:34,630 --> 00:30:30,960

during covid insurance companies changed

967

00:30:36,470 --> 00:30:34,640

and said that yes doctor we will pay you

968

00:30:37,990 --> 00:30:36,480

for a telehealth visit that we didn't

969

00:30:40,549 --> 00:30:38,000

used to pay you for

970

00:30:42,470 --> 00:30:40,559

right exactly and particularly

971

00:30:43,669 --> 00:30:42,480

particularly under under medicare they

972

00:30:45,669 --> 00:30:43,679

allowed telehealth

973

00:30:46,710 --> 00:30:45,679

things like older people that don't have

974

00:30:49,990 --> 00:30:46,720

cars can't

975

00:30:52,149 --> 00:30:50,000

you know get out to get to a doctor or

976
00:30:53,430 --> 00:30:52,159
have access in a rural community to the

977
00:30:55,669 --> 00:30:53,440
very top you know

978
00:30:57,590 --> 00:30:55,679
surgeons or cancer specialists which you

979
00:30:58,230 --> 00:30:57,600
know telehealth allows that to happen i

980
00:31:00,230 --> 00:30:58,240
mean the

981
00:31:01,990 --> 00:31:00,240
the tech sector has really done a

982
00:31:03,669 --> 00:31:02,000
terrific job in making

983
00:31:05,509 --> 00:31:03,679
this available and it was just a

984
00:31:08,710 --> 00:31:05,519
stumbling block until we had

985
00:31:14,070 --> 00:31:08,720
a pandemic and so right i mean

986
00:31:17,190 --> 00:31:15,750
it fits into my theory that you know our

987
00:31:19,509 --> 00:31:17,200
problem here is not just

988
00:31:21,590 --> 00:31:19,519

the government's intervention it's this

989

00:31:25,029 --> 00:31:21,600

reliance on the insurance companies

990

00:31:26,549 --> 00:31:25,039

that they sit between the patient

991

00:31:28,470 --> 00:31:26,559

and the doctor when i go to see the

992

00:31:30,310 --> 00:31:28,480

doctor it's not like walking into

993

00:31:31,669 --> 00:31:30,320

mcdonald's i don't see a board up there

994

00:31:33,430 --> 00:31:31,679

that tells me what a physical

995

00:31:35,669 --> 00:31:33,440

is going to cost me what a blood test is

996

00:31:37,669 --> 00:31:35,679

going to cost me i don't care

997

00:31:39,190 --> 00:31:37,679

what it's going to cost me i i don't ask

998

00:31:42,070 --> 00:31:39,200

i don't care because

999

00:31:42,870 --> 00:31:42,080

the insurance company is going to pay it

1000

00:31:45,750 --> 00:31:42,880

um

1001
00:31:47,029 --> 00:31:45,760
and so when you've got someone in

1002
00:31:49,509 --> 00:31:47,039
between

1003
00:31:50,149 --> 00:31:49,519
the patient and then they're a middleman

1004
00:31:53,029 --> 00:31:50,159
fraud

1005
00:31:54,149 --> 00:31:53,039
is opened up pricing is is is out the

1006
00:31:55,110 --> 00:31:54,159
window because nobody cares about

1007
00:31:57,110 --> 00:31:55,120
pricing

1008
00:31:59,029 --> 00:31:57,120
so this that's why obamacare is so

1009
00:31:59,990 --> 00:31:59,039
terrible in my opinion that mandates

1010
00:32:02,149 --> 00:32:00,000
that everyone

1011
00:32:04,310 --> 00:32:02,159
who lives and breathes in america must

1012
00:32:06,310 --> 00:32:04,320
buy insurance

1013
00:32:07,590 --> 00:32:06,320

where insurance i think is half of the

1014

00:32:09,110 --> 00:32:07,600

problem

1015

00:32:10,950 --> 00:32:09,120

right no you're abs you're absolutely

1016

00:32:13,830 --> 00:32:10,960

right and you know one of the

1017

00:32:14,950 --> 00:32:13,840

executive orders that mr trump signed

1018

00:32:16,870 --> 00:32:14,960

was the um

1019

00:32:18,870 --> 00:32:16,880

bill on hospital price transparency

1020

00:32:20,310 --> 00:32:18,880

because as milton friedman used to say

1021

00:32:21,750 --> 00:32:20,320

if you have no idea

1022

00:32:23,990 --> 00:32:21,760

what something costs you're going to

1023

00:32:25,830 --> 00:32:24,000

demand a lot more of it and just like if

1024

00:32:28,310 --> 00:32:25,840

you work for hershey the herchee company

1025

00:32:29,590 --> 00:32:28,320

in hershey pennsylvania and you didn't

1026
00:32:30,950 --> 00:32:29,600
have to pay for your groceries you're

1027
00:32:32,470 --> 00:32:30,960
going to fill your cart

1028
00:32:33,990 --> 00:32:32,480
you know with steak and things not

1029
00:32:35,909 --> 00:32:34,000
hamburger and so

1030
00:32:37,830 --> 00:32:35,919
you know that this whole thing this

1031
00:32:38,789 --> 00:32:37,840
middleman thing has pushed up the cost

1032
00:32:41,350 --> 00:32:38,799
of healthcare

1033
00:32:42,149 --> 00:32:41,360
and people will use a lot more if they

1034
00:32:44,630 --> 00:32:42,159
think it's it's

1035
00:32:46,230 --> 00:32:44,640
free and so we need to um price

1036
00:32:47,110 --> 00:32:46,240
transparency is very important and some

1037
00:32:48,470 --> 00:32:47,120
of the hospitals

1038
00:32:51,190 --> 00:32:48,480

you know we're not or supposedly i've

1039

00:32:54,230 --> 00:32:51,200
been reading are not even um

1040

00:32:55,990 --> 00:32:54,240
you know um following the law on on

1041

00:32:57,350 --> 00:32:56,000
on posting crisis i mean actually you

1042

00:32:59,190 --> 00:32:57,360
know and even if they did

1043

00:33:00,870 --> 00:32:59,200
it would be a very beneficial step if

1044

00:33:03,750 --> 00:33:00,880
they did because they don't

1045

00:33:04,630 --> 00:33:03,760
at all but even if they did i still

1046

00:33:05,830 --> 00:33:04,640
don't really care

1047

00:33:07,909 --> 00:33:05,840
because my insurance company is paying

1048

00:33:11,110 --> 00:33:07,919
for it so right

1049

00:33:12,230 --> 00:33:11,120
so what i do it's what we call first

1050

00:33:14,470 --> 00:33:12,240
dollar coverage

1051
00:33:15,990 --> 00:33:14,480
you know you don't care because if your

1052
00:33:17,909 --> 00:33:16,000
employer is paying for your

1053
00:33:19,830 --> 00:33:17,919
insurance you just don't care as long as

1054
00:33:21,350 --> 00:33:19,840
you get what you want when you want it

1055
00:33:23,590 --> 00:33:21,360
right so so shouldn't insurance

1056
00:33:25,269 --> 00:33:23,600
insurance was designed to protect people

1057
00:33:28,389 --> 00:33:25,279
against catastrophic loss

1058
00:33:30,230 --> 00:33:28,399
your house burns down right right so

1059
00:33:33,430 --> 00:33:30,240
shouldn't health insurance be only

1060
00:33:35,509 --> 00:33:33,440
catastrophic loss you get cancer

1061
00:33:36,789 --> 00:33:35,519
you get a major car accident although

1062
00:33:37,750 --> 00:33:36,799
that's auto insurance covering that

1063
00:33:40,710 --> 00:33:37,760

typically

1064

00:33:43,350 --> 00:33:40,720

but your routine medical your physical

1065

00:33:45,029 --> 00:33:43,360

your blood tests your basic stuff

1066

00:33:46,389 --> 00:33:45,039

insurance companies shouldn't be the

1067

00:33:48,950 --> 00:33:46,399

ones

1068

00:33:49,509 --> 00:33:48,960

covering that do you agree i absolutely

1069

00:33:51,430 --> 00:33:49,519

agree

1070

00:33:53,350 --> 00:33:51,440

i mean you know insurance should be

1071

00:33:54,070 --> 00:33:53,360

there you know for catastrophes just

1072

00:33:55,909 --> 00:33:54,080

like i don't

1073

00:33:58,070 --> 00:33:55,919

you know use my car insurance to replace

1074

00:34:00,549 --> 00:33:58,080

the oil or the tires on my car

1075

00:34:02,070 --> 00:34:00,559

and so we shouldn't you know these like

1076

00:34:03,830 --> 00:34:02,080

regular checkups and things

1077

00:34:05,590 --> 00:34:03,840

um things people should be paying for

1078

00:34:05,990 --> 00:34:05,600

those themselves and the insurance

1079

00:34:08,470 --> 00:34:06,000

should be

1080

00:34:09,750 --> 00:34:08,480

there for um for catastrophes there's

1081

00:34:11,030 --> 00:34:09,760

some exciting things going on with

1082

00:34:13,270 --> 00:34:11,040

direct primary care

1083

00:34:14,950 --> 00:34:13,280

where people can negotiate you know a

1084

00:34:16,710 --> 00:34:14,960

price an x number of

1085

00:34:18,550 --> 00:34:16,720

um appointments with a primary care

1086

00:34:20,710 --> 00:34:18,560

doctor and um

1087

00:34:22,470 --> 00:34:20,720

and it's very it's very useful but it's

1088

00:34:24,710 --> 00:34:22,480

hard to get people's

1089

00:34:25,589 --> 00:34:24,720

mentality changed i mean well and by the

1090

00:34:27,270 --> 00:34:25,599

way

1091

00:34:29,109 --> 00:34:27,280

but they're also but they're also

1092

00:34:30,710 --> 00:34:29,119

theoretically violating the law if they

1093

00:34:32,389 --> 00:34:30,720

do that because

1094

00:34:34,470 --> 00:34:32,399

right now obamacare mandates that you

1095

00:34:37,349 --> 00:34:34,480

have insurance so i can't

1096

00:34:38,550 --> 00:34:37,359

go try to negotiate something i mean my

1097

00:34:40,790 --> 00:34:38,560

brother

1098

00:34:42,069 --> 00:34:40,800

could be a doctor right and have his own

1099

00:34:44,950 --> 00:34:42,079

doctor's office and say jim

1100

00:34:45,430 --> 00:34:44,960

brother anything you need come to my

1101
00:34:48,230 --> 00:34:45,440
office

1102
00:34:48,629 --> 00:34:48,240
it's on me right but nonetheless i'm

1103
00:34:51,030 --> 00:34:48,639
still

1104
00:34:52,470 --> 00:34:51,040
mandated by the federal government to

1105
00:34:53,510 --> 00:34:52,480
buy health insurance even though my

1106
00:34:54,550 --> 00:34:53,520
brother's taking care of me for

1107
00:34:57,030 --> 00:34:54,560
everything

1108
00:34:58,630 --> 00:34:57,040
right so people under obamacare as you

1109
00:34:59,990 --> 00:34:58,640
as you pointed out which i just said was

1110
00:35:01,910 --> 00:35:00,000
11 years old

1111
00:35:03,829 --> 00:35:01,920
i mean we only had like eight million

1112
00:35:04,870 --> 00:35:03,839
people signed up for obamacare on the

1113
00:35:07,109 --> 00:35:04,880

exchanges

1114

00:35:08,790 --> 00:35:07,119

because the premiums were so high

1115

00:35:10,710 --> 00:35:08,800

because of all the mandates that

1116

00:35:12,069 --> 00:35:10,720

the insurance company had to provide a

1117

00:35:13,750 --> 00:35:12,079

lot of insurance companies didn't even

1118

00:35:15,829 --> 00:35:13,760

offer an exchange plan in

1119

00:35:17,030 --> 00:35:15,839

in several states and the deductibles

1120

00:35:19,510 --> 00:35:17,040

are so high

1121

00:35:20,950 --> 00:35:19,520

that you know if if you're paying as

1122

00:35:24,550 --> 00:35:20,960

an individual 400

1123

00:35:26,310 --> 00:35:24,560

a month for um an exchange plan and your

1124

00:35:28,630 --> 00:35:26,320

deductible is five to six thousand

1125

00:35:29,750 --> 00:35:28,640

dollars i mean if you're not

1126

00:35:31,270 --> 00:35:29,760

most people don't have that kind of

1127

00:35:31,829 --> 00:35:31,280

money sitting around so people didn't

1128

00:35:35,190 --> 00:35:31,839

even

1129

00:35:36,550 --> 00:35:35,200

sign on to um to the exchanges and biden

1130

00:35:38,470 --> 00:35:36,560

said well the way to get more people is

1131

00:35:40,230 --> 00:35:38,480

to open up the enrollment period and the

1132

00:35:41,589 --> 00:35:40,240

special enrollment period that he signed

1133

00:35:44,230 --> 00:35:41,599

from february 15th

1134

00:35:44,950 --> 00:35:44,240

to august 15th but the real issue is

1135

00:35:46,950 --> 00:35:44,960

people

1136

00:35:48,390 --> 00:35:46,960

are not buying that coverage because

1137

00:35:50,390 --> 00:35:48,400

it's too expensive so then what does the

1138

00:35:52,230 --> 00:35:50,400

government do provide more subsidies

1139

00:35:54,630 --> 00:35:52,240

and saying people cannot spend more than

1140

00:35:56,630 --> 00:35:54,640

8.5 percent of their income

1141

00:35:58,150 --> 00:35:56,640

on their premium and now that was under

1142

00:35:59,510 --> 00:35:58,160

the american rescue plan

1143

00:36:01,030 --> 00:35:59,520

now it looks like under the american

1144

00:36:02,069 --> 00:36:01,040

family's plan of course that's going to

1145

00:36:04,310 --> 00:36:02,079

become permanent

1146

00:36:05,510 --> 00:36:04,320

so it's another stepping stone into

1147

00:36:07,030 --> 00:36:05,520

government

1148

00:36:09,109 --> 00:36:07,040

determining what kind of health care we

1149

00:36:10,630 --> 00:36:09,119

get and how we get it and this i

1150

00:36:12,390 --> 00:36:10,640

this type of insurance that you and i

1151
00:36:14,710 --> 00:36:12,400
agree would be the proper type of

1152
00:36:17,910 --> 00:36:14,720
insurance the catastrophic only

1153
00:36:18,550 --> 00:36:17,920
it essentially doesn't exist because the

1154
00:36:21,030 --> 00:36:18,560
government

1155
00:36:23,109 --> 00:36:21,040
both state and federal mandates that if

1156
00:36:26,069 --> 00:36:23,119
you're going to sell health insurance

1157
00:36:27,109 --> 00:36:26,079
it better cover this and this and this

1158
00:36:27,589 --> 00:36:27,119
and this and this and this and this and

1159
00:36:30,550 --> 00:36:27,599
this and

1160
00:36:31,430 --> 00:36:30,560
and longer as all the things it better

1161
00:36:33,910 --> 00:36:31,440
cover

1162
00:36:35,270 --> 00:36:33,920
to the point where you can't get

1163
00:36:37,030 --> 00:36:35,280

catastrophic health insurance am i

1164

00:36:40,470 --> 00:36:37,040

correct

1165

00:36:42,150 --> 00:36:40,480

well i mean exactly the issue is i mean

1166

00:36:43,589 --> 00:36:42,160

there should be like in all aspects of

1167

00:36:45,109 --> 00:36:43,599

our life whether it's banking or our

1168

00:36:47,349 --> 00:36:45,119

phone service or the type of

1169

00:36:49,109 --> 00:36:47,359

computer we buy there's competition but

1170

00:36:51,349 --> 00:36:49,119

it's so difficult and how can there be

1171

00:36:52,470 --> 00:36:51,359

new entrants into the health care uh

1172

00:36:54,950 --> 00:36:52,480

field when

1173

00:36:56,950 --> 00:36:54,960

when it's too expensive to to enter the

1174

00:36:59,910 --> 00:36:56,960

field so it's really a small number

1175

00:37:00,390 --> 00:36:59,920

of whether it's anthem or blue shield or

1176

00:37:02,790 --> 00:37:00,400

um

1177

00:37:04,550 --> 00:37:02,800

cigna or you know just a few companies

1178

00:37:05,670 --> 00:37:04,560

can you know they're huge they can they

1179

00:37:08,150 --> 00:37:05,680

can manage this but it

1180

00:37:09,510 --> 00:37:08,160

our the system destroys the incentive

1181

00:37:11,589 --> 00:37:09,520

for new entrants

1182

00:37:13,190 --> 00:37:11,599

uh into the field now under health

1183

00:37:16,230 --> 00:37:13,200

savings accounts you can put

1184

00:37:17,910 --> 00:37:16,240

x dollars away per year in your in your

1185

00:37:21,030 --> 00:37:17,920

bank account carry it forward

1186

00:37:21,589 --> 00:37:21,040

and you can um then you have to tie that

1187

00:37:23,829 --> 00:37:21,599

to

1188

00:37:24,870 --> 00:37:23,839

a catastrophic plan and they're about 22

1189

00:37:27,430 --> 00:37:24,880

million americans

1190

00:37:29,030 --> 00:37:27,440

who have health savings accounts but you

1191

00:37:31,030 --> 00:37:29,040

know people are scared

1192

00:37:32,630 --> 00:37:31,040

of change people are so entrenched in

1193

00:37:35,109 --> 00:37:32,640

the idea that you have to have

1194

00:37:36,470 --> 00:37:35,119

you know your your your blue your anthem

1195

00:37:38,630 --> 00:37:36,480

blue cross coverage

1196

00:37:39,990 --> 00:37:38,640

and it comes from your employer and you

1197

00:37:41,829 --> 00:37:40,000

think well it's free of course you're

1198

00:37:43,829 --> 00:37:41,839

earning less money because

1199

00:37:45,270 --> 00:37:43,839

if your company is paying for for your

1200

00:37:47,270 --> 00:37:45,280

coverage

1201
00:37:49,190 --> 00:37:47,280
yeah well and the insurance companies

1202
00:37:51,910 --> 00:37:49,200
have to make a profit so they're making

1203
00:37:52,630 --> 00:37:51,920
lots of money and in that that's just

1204
00:37:55,030 --> 00:37:52,640
sucking money

1205
00:37:56,069 --> 00:37:55,040
that's totally inefficient dollars right

1206
00:37:56,790 --> 00:37:56,079
if you're talking about taking care of

1207
00:37:58,150 --> 00:37:56,800
people's health

1208
00:38:00,630 --> 00:37:58,160
insurance companies making money that

1209
00:38:03,829 --> 00:38:00,640
doesn't help anyone so

1210
00:38:04,710 --> 00:38:03,839
why obama in biden thought that it was a

1211
00:38:07,589 --> 00:38:04,720
great thing

1212
00:38:09,109 --> 00:38:07,599
to hand over health care to insurance

1213
00:38:09,750 --> 00:38:09,119

companies and make them even more

1214

00:38:12,550 --> 00:38:09,760

powerful

1215

00:38:14,230 --> 00:38:12,560

and to mandate simply by breathing air

1216

00:38:16,470 --> 00:38:14,240

in the united states of america

1217

00:38:18,470 --> 00:38:16,480

you are a criminal if you don't buy

1218

00:38:19,910 --> 00:38:18,480

health insurance it's unbelievable

1219

00:38:21,750 --> 00:38:19,920

supreme court didn't strike that down

1220

00:38:23,270 --> 00:38:21,760

this is a different story but that

1221

00:38:26,550 --> 00:38:23,280

that's the solution

1222

00:38:27,589 --> 00:38:26,560

uh it just seems so crazy to me oh well

1223

00:38:30,870 --> 00:38:27,599

exactly and

1224

00:38:33,270 --> 00:38:30,880

and um you know i mean obama ran

1225

00:38:34,150 --> 00:38:33,280

on he was going to bring in obamacare

1226

00:38:36,550 --> 00:38:34,160

and he was going to

1227

00:38:37,829 --> 00:38:36,560

cut the rate of the uninsured and he was

1228

00:38:39,589 --> 00:38:37,839

going to reduce the cost of health

1229

00:38:41,910 --> 00:38:39,599

coverage and the cost of health coverage

1230

00:38:43,670 --> 00:38:41,920

you know has not you know not gone down

1231

00:38:45,670 --> 00:38:43,680

and we don't have 100

1232

00:38:48,230 --> 00:38:45,680

of people covered a lot of people just

1233

00:38:51,030 --> 00:38:48,240

decided you know not to

1234

00:38:52,470 --> 00:38:51,040

you know not to not to um to have

1235

00:38:56,710 --> 00:38:52,480

coverage and and to pay

1236

00:39:00,630 --> 00:38:58,710

the only sally aren't you agree the only

1237

00:39:03,270 --> 00:39:00,640

thing that brings down prices

1238

00:39:04,150 --> 00:39:03,280

is competition and innovation right

1239

00:39:06,069 --> 00:39:04,160

exactly

1240

00:39:08,790 --> 00:39:06,079

and they're destroying those two things

1241

00:39:10,870 --> 00:39:08,800

and also you know we what you want

1242

00:39:12,870 --> 00:39:10,880

you want to have a a relationship

1243

00:39:14,710 --> 00:39:12,880

between want to empower consumers a

1244

00:39:17,109 --> 00:39:14,720

relationship between the doctor

1245

00:39:18,310 --> 00:39:17,119

and the patient not you know as you know

1246

00:39:19,750 --> 00:39:18,320

when you go to the

1247

00:39:21,190 --> 00:39:19,760

doctor's office you have set up your

1248

00:39:22,550 --> 00:39:21,200

appointment the first thing they ask you

1249

00:39:22,870 --> 00:39:22,560

if they don't ask you on the phone what

1250

00:39:24,950 --> 00:39:22,880

is

1251

00:39:27,349 --> 00:39:24,960

what insurance do you have and and can

1252

00:39:30,470 --> 00:39:27,359

we take a photocopy of your part

1253

00:39:33,190 --> 00:39:30,480

i mean so that's you know that's

1254

00:39:34,069 --> 00:39:33,200

so here's a question for you why is the

1255

00:39:37,670 --> 00:39:34,079

left

1256

00:39:40,950 --> 00:39:37,680

so obsessed with health care and having

1257

00:39:41,990 --> 00:39:40,960

the government controlling it um i think

1258

00:39:45,750 --> 00:39:42,000

it's because people like

1259

00:39:47,589 --> 00:39:45,760

bernie sanders and aoc and um

1260

00:39:49,270 --> 00:39:47,599

kamala harris they want the government

1261

00:39:50,790 --> 00:39:49,280

to be in charge of our lives they do not

1262

00:39:52,230 --> 00:39:50,800

want the american people to be in charge

1263

00:39:53,990 --> 00:39:52,240

of making decisions about their health

1264

00:39:57,030 --> 00:39:54,000

care about their children's education

1265

00:40:00,630 --> 00:39:57,040

and so this is a further way to um

1266

00:40:02,630 --> 00:40:00,640

get control over over our lives and as

1267

00:40:03,910 --> 00:40:02,640

even bernie sanders said it would cost

1268

00:40:07,990 --> 00:40:03,920

30 to 40 trillion

1269

00:40:10,630 --> 00:40:08,000

over 10 years to um get for the cost of

1270

00:40:11,670 --> 00:40:10,640

of single-payer health care doctors

1271

00:40:13,190 --> 00:40:11,680

would be paid 40

1272

00:40:15,270 --> 00:40:13,200

what they're paid today because you have

1273

00:40:15,670 --> 00:40:15,280

to cover the costs there would be ration

1274

00:40:18,390 --> 00:40:15,680

care

1275

00:40:20,309 --> 00:40:18,400

doctor shortages new taxes and when you

1276

00:40:23,510 --> 00:40:20,319

poll people about medicare for all

1277

00:40:25,349 --> 00:40:23,520

45 55 say they support it but when you

1278

00:40:26,630 --> 00:40:25,359

say you're going to lose your employer

1279

00:40:28,950 --> 00:40:26,640

sponsored coverage

1280

00:40:30,790 --> 00:40:28,960

support goes down to 38 and when you're

1281

00:40:34,150 --> 00:40:30,800

told you'd have to pay higher taxes

1282

00:40:34,630 --> 00:40:34,160

26 but these people want the government

1283

00:40:37,430 --> 00:40:34,640

to be

1284

00:40:37,990 --> 00:40:37,440

in charge of of of your life and i think

1285

00:40:39,510 --> 00:40:38,000

it

1286

00:40:41,109 --> 00:40:39,520

that's not the american way i came to

1287

00:40:42,150 --> 00:40:41,119

this country because i didn't i wanted

1288

00:40:43,990 --> 00:40:42,160

to get away from

1289

00:40:45,270 --> 00:40:44,000

the government controlling many aspects

1290

00:40:48,470 --> 00:40:45,280

of my life including

1291

00:40:50,550 --> 00:40:48,480

uh my healthcare yeah my theory

1292

00:40:52,069 --> 00:40:50,560

as to why they want that because it is

1293

00:40:52,710 --> 00:40:52,079

kind of hard to really when you really

1294

00:40:54,870 --> 00:40:52,720

think about it

1295

00:40:57,910 --> 00:40:54,880

why are they so obsessed by this but i i

1296

00:41:00,630 --> 00:40:57,920

think it's just this anti-capitalism

1297

00:41:01,190 --> 00:41:00,640

uh fervor that runs through that and for

1298

00:41:04,950 --> 00:41:01,200

them

1299

00:41:07,670 --> 00:41:04,960

the idea that someone could profit

1300

00:41:09,670 --> 00:41:07,680

off of someone's bad health is so

1301

00:41:12,150 --> 00:41:09,680

abhorrent to them

1302

00:41:13,829 --> 00:41:12,160

that that's why they need the government

1303

00:41:15,510 --> 00:41:13,839

to take it over because you've got all

1304

00:41:16,550 --> 00:41:15,520

these bad people out there making a

1305

00:41:20,150 --> 00:41:16,560

profit

1306

00:41:23,270 --> 00:41:20,160

off of people's bad health which

1307

00:41:25,430 --> 00:41:23,280

is true but also just happens to be

1308

00:41:27,430 --> 00:41:25,440

the best way to find health care

1309

00:41:29,910 --> 00:41:27,440

solutions is to allow

1310

00:41:31,829 --> 00:41:29,920

entities to profit i.e the drug

1311

00:41:33,589 --> 00:41:31,839

companies etc etc but

1312

00:41:34,710 --> 00:41:33,599

that's my personal theory as to why

1313

00:41:36,550 --> 00:41:34,720

they're obsessed with this what do you

1314

00:41:38,150 --> 00:41:36,560

think about that

1315

00:41:39,990 --> 00:41:38,160

well yeah i mean you're basically saying

1316

00:41:40,470 --> 00:41:40,000

the same thing as i i'm saying i mean

1317

00:41:44,950 --> 00:41:40,480

it's

1318

00:41:45,990 --> 00:41:44,960

and we've seen a lot of corporations

1319

00:41:48,550 --> 00:41:46,000

buying into the same

1320

00:41:49,109 --> 00:41:48,560

progressive ideas that that sanders at

1321

00:41:52,230 --> 00:41:49,119

al

1322

00:41:53,990 --> 00:41:52,240

are are promoting and you know um so it

1323

00:41:56,630 --> 00:41:54,000

will be very very expensive

1324

00:41:57,430 --> 00:41:56,640

and and and what bernie sanders doesn't

1325

00:41:58,950 --> 00:41:57,440

say is

1326
00:42:00,550 --> 00:41:58,960
of course we'll have waiting lists well

1327
00:42:02,870 --> 00:42:00,560
ration care older people won't have

1328
00:42:05,670 --> 00:42:02,880
access to the best treatments and

1329
00:42:06,950 --> 00:42:05,680
you know um cancer deaths will be up we

1330
00:42:08,790 --> 00:42:06,960
you know it's going to be

1331
00:42:10,069 --> 00:42:08,800
and people you know he says well you

1332
00:42:11,670 --> 00:42:10,079
don't you know people

1333
00:42:13,190 --> 00:42:11,680
we call our dermatologist and make a

1334
00:42:14,550 --> 00:42:13,200
direct appointment you know in canada

1335
00:42:15,270 --> 00:42:14,560
you have to go through a primary care

1336
00:42:17,430 --> 00:42:15,280
doctor

1337
00:42:19,270 --> 00:42:17,440
before you can see a specialist and so

1338
00:42:21,349 --> 00:42:19,280

the average weight as i say is over five

1339

00:42:23,589 --> 00:42:21,359

months from seeing primarily carried out

1340

00:42:25,109 --> 00:42:23,599

to treatment by a specialist canadians

1341

00:42:27,589 --> 00:42:25,119

have an escape valve over

1342

00:42:29,270 --> 00:42:27,599

over 300 000 canadians come every year

1343

00:42:31,190 --> 00:42:29,280

to the us and pay out of pocket for the

1344

00:42:32,470 --> 00:42:31,200

fact if they want to get an mri and they

1345

00:42:33,349 --> 00:42:32,480

think they have a brain tumor they don't

1346

00:42:35,589 --> 00:42:33,359

want to be on

1347

00:42:36,950 --> 00:42:35,599

the waiting list you know for three

1348

00:42:38,390 --> 00:42:36,960

months when you think you have something

1349

00:42:39,270 --> 00:42:38,400

seriously wrong this is why michael

1350

00:42:41,750 --> 00:42:39,280

buble the

1351
00:42:43,829 --> 00:42:41,760
the crooner when his three-year-old son

1352
00:42:45,349 --> 00:42:43,839
was diagnosed with liver cancer he

1353
00:42:46,790 --> 00:42:45,359
didn't stick around in vancouver he went

1354
00:42:47,910 --> 00:42:46,800
to los angeles to the children's

1355
00:42:49,510 --> 00:42:47,920
hospital of l.a

1356
00:42:51,190 --> 00:42:49,520
and had the very finest treatment with

1357
00:42:51,510 --> 00:42:51,200
the finest doctors yes he could afford

1358
00:42:53,510 --> 00:42:51,520
it

1359
00:42:55,670 --> 00:42:53,520
but the option was there and a lot of

1360
00:42:57,990 --> 00:42:55,680
even middle class canadians come here

1361
00:42:59,510 --> 00:42:58,000
to to pay out of pocket for something

1362
00:43:00,790 --> 00:42:59,520
they think is important and it's about

1363
00:43:03,270 --> 00:43:00,800

their health

1364

00:43:04,550 --> 00:43:03,280

the single payer will be the same here

1365

00:43:06,550 --> 00:43:04,560

as it is in england

1366

00:43:08,630 --> 00:43:06,560

as it is in canada and other countries

1367

00:43:10,710 --> 00:43:08,640

care will be rationed

1368

00:43:12,470 --> 00:43:10,720

so so let's touch on that a little bit

1369

00:43:14,790 --> 00:43:12,480

as far as what the truth is

1370

00:43:15,750 --> 00:43:14,800

about socialized medicine in these other

1371

00:43:19,190 --> 00:43:15,760

countries

1372

00:43:20,710 --> 00:43:19,200

um is it is it your position that

1373

00:43:23,349 --> 00:43:20,720

america even though our health care

1374

00:43:26,790 --> 00:43:23,359

system is being slowly destroyed

1375

00:43:29,430 --> 00:43:26,800

it still is better than most and

1376

00:43:30,630 --> 00:43:29,440

would you say that the highest quality

1377

00:43:33,670 --> 00:43:30,640

of

1378

00:43:35,190 --> 00:43:33,680

medical care uh um is provided in the

1379

00:43:36,230 --> 00:43:35,200

united states of america compared to any

1380

00:43:38,630 --> 00:43:36,240

other country

1381

00:43:39,990 --> 00:43:38,640

yes and i think people people with you

1382

00:43:43,030 --> 00:43:40,000

know if the funds

1383

00:43:45,349 --> 00:43:43,040

come here um and get you know

1384

00:43:46,630 --> 00:43:45,359

and pay for their care for and for new

1385

00:43:48,150 --> 00:43:46,640

treatments and things that

1386

00:43:50,630 --> 00:43:48,160

if they're going to be on a waiting list

1387

00:43:51,670 --> 00:43:50,640

i mean the head of the british medical

1388

00:43:54,870 --> 00:43:51,680

association has said

1389

00:43:56,950 --> 00:43:54,880

because of covid there are 4.5 million

1390

00:43:58,950 --> 00:43:56,960

brits on waiting lists trying to get

1391

00:44:00,550 --> 00:43:58,960

to get appointments and get surgeries

1392

00:44:01,030 --> 00:44:00,560

and and things they haven't been able to

1393

00:44:03,190 --> 00:44:01,040

do it

1394

00:44:05,190 --> 00:44:03,200

and it's going to have a negative impact

1395

00:44:08,230 --> 00:44:05,200

on on life expectancy

1396

00:44:10,550 --> 00:44:08,240

um so you know you look um at uh

1397

00:44:12,470 --> 00:44:10,560

cancer survival rates five years out the

1398

00:44:14,230 --> 00:44:12,480

united states has the highest five-year

1399

00:44:19,430 --> 00:44:14,240

cancer survival rates are most common

1400

00:44:23,589 --> 00:44:21,349

testicular cancer all of these kinds of

1401
00:44:25,349 --> 00:44:23,599
things so you know and we the very best

1402
00:44:25,910 --> 00:44:25,359
and brightest in this country go into

1403
00:44:27,510 --> 00:44:25,920
medicine

1404
00:44:29,750 --> 00:44:27,520
if the government takes it over

1405
00:44:31,349 --> 00:44:29,760
completely and the fact that government

1406
00:44:32,150 --> 00:44:31,359
will determine doctors have paid 40

1407
00:44:33,589 --> 00:44:32,160
percent less

1408
00:44:34,870 --> 00:44:33,599
the best and brightest kids are not

1409
00:44:35,990 --> 00:44:34,880
going to go into medicine and we're

1410
00:44:37,990 --> 00:44:36,000
going to dumb down the whole

1411
00:44:40,069 --> 00:44:38,000
thing and it's not free the average

1412
00:44:41,670 --> 00:44:40,079
canadian family pays fourteen thousand

1413
00:44:44,550 --> 00:44:41,680

four hundred seventy four dollars a year

1414

00:44:46,630 --> 00:44:44,560

in hidden taxes for a system where they

1415

00:44:49,349 --> 00:44:46,640

the care is rationed they have to wait

1416

00:44:50,790 --> 00:44:49,359

and um they can't they can't find

1417

00:44:51,510 --> 00:44:50,800

doctors because there's a doctor

1418

00:44:53,670 --> 00:44:51,520

shortage

1419

00:44:54,710 --> 00:44:53,680

because the government can't afford to

1420

00:44:56,790 --> 00:44:54,720

to train these

1421

00:44:57,829 --> 00:44:56,800

these dogs at the government-run

1422

00:45:01,109 --> 00:44:57,839

universities

1423

00:45:05,030 --> 00:45:01,119

so we we've got the highest quality of

1424

00:45:06,790 --> 00:45:05,040

medical care in the world because of

1425

00:45:08,309 --> 00:45:06,800

the free market principles that we have

1426

00:45:10,470 --> 00:45:08,319

that they do not have

1427

00:45:13,030 --> 00:45:10,480

in other countries when it comes to

1428

00:45:16,470 --> 00:45:13,040

medicine the very free market principles

1429

00:45:20,470 --> 00:45:16,480

that biden obama sanders

1430

00:45:23,030 --> 00:45:20,480

aoc want to get rid of exactly they

1431

00:45:23,750 --> 00:45:23,040

as i said earlier they want to be in

1432

00:45:25,270 --> 00:45:23,760

charge of

1433

00:45:27,030 --> 00:45:25,280

how you get your healthcare what kind of

1434

00:45:28,309 --> 00:45:27,040

healthcare you get and and the

1435

00:45:31,270 --> 00:45:28,319

government is going to

1436

00:45:33,430 --> 00:45:31,280

to pay for it and it's going to be a

1437

00:45:34,630 --> 00:45:33,440

disaster for for us and i say well where

1438

00:45:36,390 --> 00:45:34,640

where are we going to go

1439

00:45:38,470 --> 00:45:36,400

if the government fully takes over our

1440

00:45:40,309 --> 00:45:38,480

health care system my idea was to

1441

00:45:41,910 --> 00:45:40,319

get some liberty chips and have them

1442

00:45:43,670 --> 00:45:41,920

offshore so that because

1443

00:45:45,670 --> 00:45:43,680

when government is in control they will

1444

00:45:47,190 --> 00:45:45,680

not allow a private

1445

00:45:49,030 --> 00:45:47,200

private coverage to run because they

1446

00:45:49,910 --> 00:45:49,040

don't want in britain the national

1447

00:45:53,270 --> 00:45:49,920

health service which

1448

00:45:54,790 --> 00:45:53,280

came into being in 48 they allowed

1449

00:45:56,870 --> 00:45:54,800

private health care to run parallel and

1450

00:45:58,950 --> 00:45:56,880

about 20 percent of brits now

1451
00:46:00,309 --> 00:45:58,960
have private coverage and the Canadians

1452
00:46:01,349 --> 00:46:00,319
when they went to Britain and said what

1453
00:46:02,470 --> 00:46:01,359
mistake did you make

1454
00:46:04,790 --> 00:46:02,480
you don't want people to be able to

1455
00:46:05,349 --> 00:46:04,800
compare and so Bernie Sanders wouldn't

1456
00:46:07,910 --> 00:46:05,359
want

1457
00:46:09,030 --> 00:46:07,920
um people to be able to compare their

1458
00:46:11,030 --> 00:46:09,040
private coverage with

1459
00:46:12,630 --> 00:46:11,040
government coverage so that wouldn't be

1460
00:46:14,230 --> 00:46:12,640
totally outlawed and his plan would come

1461
00:46:15,670 --> 00:46:14,240
in over four years

1462
00:46:17,430 --> 00:46:15,680
let me ask you about that you know in

1463
00:46:19,430 --> 00:46:17,440

these countries let's stick primarily

1464

00:46:21,109 --> 00:46:19,440

with with european countries in canada

1465

00:46:23,990 --> 00:46:21,119

that that have socialized medicine

1466

00:46:25,270 --> 00:46:24,000

you know single-payer do most of them

1467

00:46:26,950 --> 00:46:25,280

allow people to

1468

00:46:28,950 --> 00:46:26,960

you know wealthy people to nonetheless

1469

00:46:29,750 --> 00:46:28,960

get private coverage or do they not

1470

00:46:31,430 --> 00:46:29,760

allow it

1471

00:46:33,109 --> 00:46:31,440

yeah so there are only three countries

1472

00:46:34,230 --> 00:46:33,119

in the world that have two single-payer

1473

00:46:37,589 --> 00:46:34,240

healthcare canada

1474

00:46:38,950 --> 00:46:37,599

north korea and cuba um three

1475

00:46:40,470 --> 00:46:38,960

three countries that you probably don't

1476
00:46:41,670 --> 00:46:40,480
want to go to for your healthcare these

1477
00:46:43,589 --> 00:46:41,680
other countries have what we call

1478
00:46:45,670 --> 00:46:43,599
universal coverage plan so

1479
00:46:46,630 --> 00:46:45,680
a lot of them as i say the uk allows

1480
00:46:48,390 --> 00:46:46,640
private coverage

1481
00:46:50,390 --> 00:46:48,400
france germany people there's a

1482
00:46:52,309 --> 00:46:50,400
government government plan but

1483
00:46:53,430 --> 00:46:52,319
people with money pay extra because the

1484
00:46:56,550 --> 00:46:53,440
waiting list on the

1485
00:46:58,230 --> 00:46:56,560
on the government plans is so long now

1486
00:46:59,510 --> 00:46:58,240
and government has to keep cutting back

1487
00:47:01,430 --> 00:46:59,520
because the cost

1488
00:47:02,550 --> 00:47:01,440

of it is going up and they don't have

1489

00:47:05,270 --> 00:47:02,560

the taxpayer

1490

00:47:06,550 --> 00:47:05,280

revenue to cover it so they have it's

1491

00:47:08,870 --> 00:47:06,560

they have

1492

00:47:09,589 --> 00:47:08,880

more of a choice than what we should so

1493

00:47:12,470 --> 00:47:09,599

the

1494

00:47:13,670 --> 00:47:12,480

so what you're saying is unless we go

1495

00:47:17,109 --> 00:47:13,680

with the canada

1496

00:47:20,870 --> 00:47:17,119

north korea cuba plan right

1497

00:47:22,150 --> 00:47:20,880

where we outlaw essentially outlaw any

1498

00:47:23,270 --> 00:47:22,160

other form of medicine which i guess

1499

00:47:25,589 --> 00:47:23,280

can't imagine how you could

1500

00:47:27,750 --> 00:47:25,599

constitutionally do that in america

1501
00:47:29,670 --> 00:47:27,760
but unless you go that plan which you

1502
00:47:31,670 --> 00:47:29,680
know very few i think would support that

1503
00:47:34,150 --> 00:47:31,680
what you're really doing is implementing

1504
00:47:37,430 --> 00:47:34,160
a very low level of coverage

1505
00:47:38,470 --> 00:47:37,440
for 90 of the people and then the

1506
00:47:40,390 --> 00:47:38,480
wealthy

1507
00:47:41,910 --> 00:47:40,400
will have fantastic coverage because

1508
00:47:45,270 --> 00:47:41,920
they'll pay for it

1509
00:47:47,510 --> 00:47:45,280
so as far as you know what these guys

1510
00:47:49,190 --> 00:47:47,520
want you know helping out the the the

1511
00:47:50,710 --> 00:47:49,200
poor the middle class the truth is it's

1512
00:47:51,990 --> 00:47:50,720
just gonna endure to the benefit of the

1513
00:47:53,510 --> 00:47:52,000

wealthy they'll be the ones that are

1514

00:47:55,910 --> 00:47:53,520

able to benefit from great care

1515

00:47:57,829 --> 00:47:55,920

and everybody else won't right but in

1516

00:47:58,549 --> 00:47:57,839

america if bernie sanders or camilla

1517

00:48:00,390 --> 00:47:58,559

jayapal

1518

00:48:02,150 --> 00:48:00,400

debbie dingle get their medicare for all

1519

00:48:03,750 --> 00:48:02,160

plan through they will not allow any

1520

00:48:04,870 --> 00:48:03,760

private coverage for anything considered

1521

00:48:08,390 --> 00:48:04,880

medically necessary

1522

00:48:11,589 --> 00:48:10,069

i get it that that's what they want but

1523

00:48:12,870 --> 00:48:11,599

practically speaking i just can't

1524

00:48:16,230 --> 00:48:12,880

imagine in america

1525

00:48:19,270 --> 00:48:16,240

it ever passing that right no i

1526

00:48:20,950 --> 00:48:19,280

i agree but you know the

1527

00:48:22,549 --> 00:48:20,960

physicians for national health insurance

1528

00:48:24,790 --> 00:48:22,559

all these people are really

1529

00:48:26,309 --> 00:48:24,800

pushing pushing hard so yeah you're

1530

00:48:29,270 --> 00:48:26,319

right it'd be there'd be two

1531

00:48:30,549 --> 00:48:29,280

two classes i think we have as i say

1532

00:48:32,069 --> 00:48:30,559

fifty percent of our health care's in

1533

00:48:34,549 --> 00:48:32,079

the hands of government now

1534

00:48:36,309 --> 00:48:34,559

i mean look under medicare um what the

1535

00:48:39,910 --> 00:48:36,319

percentage of people on medicare

1536

00:48:42,549 --> 00:48:39,920

who have to buy supplemental um coverage

1537

00:48:44,150 --> 00:48:42,559

um you know or medicare advantage plan

1538

00:48:45,910 --> 00:48:44,160

because they want to keep their doctors

1539

00:48:47,190 --> 00:48:45,920

so many docs won't keep

1540

00:48:49,270 --> 00:48:47,200

medicare patients that don't have

1541

00:48:50,870 --> 00:48:49,280

supplemental or medicare advantage plans

1542

00:48:53,190 --> 00:48:50,880

because the reimbursement rates are so

1543

00:48:55,109 --> 00:48:53,200

low a lot of the people on medicaid the

1544

00:48:56,549 --> 00:48:55,119

program for low-income americans

1545

00:48:58,630 --> 00:48:56,559

a lot of them have a hard time finding a

1546

00:48:59,270 --> 00:48:58,640

doctor also because the reimbursement

1547

00:49:02,710 --> 00:48:59,280

rates

1548

00:49:04,630 --> 00:49:02,720

are too low and so you know

1549

00:49:06,309 --> 00:49:04,640

this these are things that government

1550

00:49:09,349 --> 00:49:06,319

government sets the pricing

1551

00:49:11,030 --> 00:49:09,359

um it's it's it's not good for our

1552

00:49:12,630 --> 00:49:11,040

health

1553

00:49:15,190 --> 00:49:12,640

let's kind of wrap up by talking about i

1554

00:49:16,950 --> 00:49:15,200

think that you you've got a book out now

1555

00:49:18,309 --> 00:49:16,960

that's called false premise false

1556

00:49:20,870 --> 00:49:18,319

promise

1557

00:49:21,910 --> 00:49:20,880

right the disastrous reality of medicare

1558

00:49:24,549 --> 00:49:21,920

for all yes

1559

00:49:25,750 --> 00:49:24,559

yeah and i you know i haven't read the

1560

00:49:27,750 --> 00:49:25,760

books i don't know what the false

1561

00:49:29,190 --> 00:49:27,760

premise is but but i'm going to guess

1562

00:49:30,549 --> 00:49:29,200

the false premise and i'd like to talk

1563

00:49:32,870 --> 00:49:30,559

about this or then you can

1564

00:49:34,309 --> 00:49:32,880

add on to it is the idea that health

1565

00:49:37,349 --> 00:49:34,319

care is a

1566

00:49:38,470 --> 00:49:37,359

right and that's you hear that mantra

1567

00:49:41,190 --> 00:49:38,480

all the time

1568

00:49:42,390 --> 00:49:41,200

and number one it it isn't a right it's

1569

00:49:43,190 --> 00:49:42,400

nowhere in the constitution the

1570

00:49:45,670 --> 00:49:43,200

constitution

1571

00:49:47,190 --> 00:49:45,680

is is where we get our right from and

1572

00:49:49,670 --> 00:49:47,200

it's not in there

1573

00:49:50,950 --> 00:49:49,680

and what i always like to say is well if

1574

00:49:51,910 --> 00:49:50,960

you're going to say health care is a

1575

00:49:54,630 --> 00:49:51,920

right because

1576

00:49:55,910 --> 00:49:54,640

my gosh of course we should take care of

1577

00:49:57,589 --> 00:49:55,920

people's health

1578

00:49:59,270 --> 00:49:57,599

what's more important to your health

1579

00:50:02,790 --> 00:49:59,280

than what you eat

1580

00:50:06,069 --> 00:50:02,800

without food and water you perish

1581

00:50:07,750 --> 00:50:06,079

so if health care is a right food should

1582

00:50:09,109 --> 00:50:07,760

absolutely be alright so how come they

1583

00:50:11,990 --> 00:50:09,119

are not talking about

1584

00:50:12,630 --> 00:50:12,000

a government takeover of food production

1585

00:50:17,589 --> 00:50:12,640

and

1586

00:50:19,750 --> 00:50:17,599

every single america have the government

1587

00:50:22,069 --> 00:50:19,760

in charge of food why not

1588

00:50:23,270 --> 00:50:22,079

well and also a right you know a right

1589

00:50:25,270 --> 00:50:23,280

right to housing i mean

1590

00:50:26,710 --> 00:50:25,280

these are the things i mean if they're

1591

00:50:28,710 --> 00:50:26,720

you know bernie sanders and

1592

00:50:30,870 --> 00:50:28,720

aoc all they talk about is health care

1593

00:50:32,790 --> 00:50:30,880

is a right and

1594

00:50:34,390 --> 00:50:32,800

they'll be talking next about the right

1595

00:50:36,470 --> 00:50:34,400

to food and right to housing but

1596

00:50:38,630 --> 00:50:36,480

right the food is more important than a

1597

00:50:38,950 --> 00:50:38,640

right to health care health care is a

1598

00:50:44,470 --> 00:50:38,960

good

1599

00:50:46,630 --> 00:50:44,480

and it's necessarily scarce so if you

1600

00:50:48,790 --> 00:50:46,640

declare a right to health care

1601

00:50:50,790 --> 00:50:48,800

that is green lighting essentially

1602

00:50:53,670 --> 00:50:50,800

unlimited demand for health care

1603

00:50:54,710 --> 00:50:53,680

but it won't miraculously engender a

1604

00:50:57,670 --> 00:50:54,720

complete

1605

00:50:57,990 --> 00:50:57,680

an unlimited supply of health care um

1606

00:50:59,670 --> 00:50:58,000

does

1607

00:51:01,109 --> 00:50:59,680

would it mean that the government if the

1608

00:51:02,309 --> 00:51:01,119

if health care becomes a right does that

1609

00:51:04,069 --> 00:51:02,319

mean the government

1610

00:51:06,870 --> 00:51:04,079

will say everyone has the right to

1611

00:51:08,549 --> 00:51:06,880

top-notch care or just simply a right to

1612

00:51:11,190 --> 00:51:08,559

equal care which is the case

1613

00:51:12,870 --> 00:51:11,200

in in canada chief madam chief justice

1614

00:51:15,589 --> 00:51:12,880

beverly mclaughlin said

1615

00:51:18,549 --> 00:51:15,599

having a care card does not give you

1616

00:51:20,150 --> 00:51:18,559

access to a doctor and a care

1617

00:51:22,549 --> 00:51:20,160

does the government have the right to

1618

00:51:23,670 --> 00:51:22,559

tell you that you can't get access to a

1619

00:51:25,430 --> 00:51:23,680

treatment if you're

1620

00:51:26,950 --> 00:51:25,440

obese or you're a smoker that's the way

1621

00:51:27,990 --> 00:51:26,960

it is in the national health service a

1622

00:51:29,670 --> 00:51:28,000

lot of procedures

1623

00:51:31,750 --> 00:51:29,680

aren't available because the government

1624

00:51:33,510 --> 00:51:31,760

determines that you're too fat

1625

00:51:35,270 --> 00:51:33,520

or you're smoking and so you can't have

1626
00:51:37,829 --> 00:51:35,280
these certain procedures so

1627
00:51:39,589 --> 00:51:37,839
um and the government would um have the

1628
00:51:42,390 --> 00:51:39,599
ability if health care is a right

1629
00:51:43,190 --> 00:51:42,400
to ban us from paying privately for

1630
00:51:45,670 --> 00:51:43,200
health care

1631
00:51:47,270 --> 00:51:45,680
i mean to get better care i mean health

1632
00:51:49,510 --> 00:51:47,280
care is not a right it's a

1633
00:51:50,790 --> 00:51:49,520
good and a service or it's a good in

1634
00:51:52,630 --> 00:51:50,800
service and

1635
00:51:54,630 --> 00:51:52,640
it's unlimited and it's like any other

1636
00:51:57,829 --> 00:51:54,640
thing that we need to

1637
00:51:59,270 --> 00:51:57,839
um keep the market open so that people

1638
00:52:02,390 --> 00:51:59,280

can access

1639

00:52:03,990 --> 00:52:02,400

a lot of the best care by having options

1640

00:52:07,270 --> 00:52:04,000

whether it's you know health savings

1641

00:52:08,790 --> 00:52:07,280

accounts health reimbursement accounts

1642

00:52:11,030 --> 00:52:08,800

short-term limited duration plans

1643

00:52:13,829 --> 00:52:11,040

association plans we need more choice

1644

00:52:15,510 --> 00:52:13,839

not less as as pj awards says if you

1645

00:52:17,430 --> 00:52:15,520

think healthcare is expensive now

1646

00:52:20,390 --> 00:52:17,440

just wait until it's free and it's a

1647

00:52:22,549 --> 00:52:20,400

right yeah look i i think the reason

1648

00:52:23,990 --> 00:52:22,559

i think the comparison to food is a

1649

00:52:25,990 --> 00:52:24,000

perfectly good comparison

1650

00:52:27,589 --> 00:52:26,000

that if if health care should be a right

1651
00:52:29,750 --> 00:52:27,599
food should be a right

1652
00:52:31,030 --> 00:52:29,760
and and but the reason they don't push

1653
00:52:34,230 --> 00:52:31,040
for that is they know

1654
00:52:34,870 --> 00:52:34,240
how absurd that sounds to have the

1655
00:52:37,270 --> 00:52:34,880
government

1656
00:52:39,349 --> 00:52:37,280
take over all food production i mean

1657
00:52:41,030 --> 00:52:39,359
that would include restaurants and so on

1658
00:52:43,510 --> 00:52:41,040
everything would be government-run

1659
00:52:44,630 --> 00:52:43,520
and but because people go to the grocery

1660
00:52:46,710 --> 00:52:44,640
store all the time

1661
00:52:47,670 --> 00:52:46,720
and they go to restaurants all the time

1662
00:52:49,990 --> 00:52:47,680
and they would think about

1663
00:52:52,470 --> 00:52:50,000

hmm what if it was a government-run

1664

00:52:54,710 --> 00:52:52,480

grocery store and a government-run

1665

00:52:56,230 --> 00:52:54,720

restaurant no way would i want that but

1666

00:52:57,829 --> 00:52:56,240

when it comes to health care

1667

00:52:59,750 --> 00:52:57,839

it's kind of more of a black box that

1668

00:52:59,990 --> 00:52:59,760

people don't really fully understand the

1669

00:53:02,790 --> 00:53:00,000

inner

1670

00:53:04,870 --> 00:53:02,800

workings of so the idea of government

1671

00:53:06,470 --> 00:53:04,880

controlling health care for some reason

1672

00:53:07,910 --> 00:53:06,480

is palpable to people i mean you i think

1673

00:53:08,390 --> 00:53:07,920

you've quoted the numbers before as far

1674

00:53:10,710 --> 00:53:08,400

as

1675

00:53:12,069 --> 00:53:10,720

the percentage of people that support

1676
00:53:15,510 --> 00:53:12,079
single payer it's just

1677
00:53:16,069 --> 00:53:15,520
it's astounding how how high the support

1678
00:53:18,309 --> 00:53:16,079
is

1679
00:53:19,430 --> 00:53:18,319
for that in america when people would

1680
00:53:21,510 --> 00:53:19,440
never support

1681
00:53:23,349 --> 00:53:21,520
government taking over food yet they're

1682
00:53:24,230 --> 00:53:23,359
okay supporting government taking over

1683
00:53:26,549 --> 00:53:24,240
health care

1684
00:53:27,670 --> 00:53:26,559
well because it's it's kind of amorphous

1685
00:53:30,230 --> 00:53:27,680
out there and

1686
00:53:31,670 --> 00:53:30,240
um it sounds it sounds it sounds good i

1687
00:53:32,790 --> 00:53:31,680
mean you know everyone's going to get

1688
00:53:34,870 --> 00:53:32,800

the very best care and

1689

00:53:35,910 --> 00:53:34,880

you won't have to go through the um

1690

00:53:39,430 --> 00:53:35,920

insurance

1691

00:53:41,829 --> 00:53:39,440

um um you know the all of the issues

1692

00:53:42,470 --> 00:53:41,839

with the copay isn't going to be covered

1693

00:53:45,430 --> 00:53:42,480

whatever

1694

00:53:46,309 --> 00:53:45,440

if you look in canada that the um the

1695

00:53:47,670 --> 00:53:46,319

alcohol

1696

00:53:49,349 --> 00:53:47,680

is controlled by the provincial

1697

00:53:51,430 --> 00:53:49,359

government so if you live in

1698

00:53:53,190 --> 00:53:51,440

in british columbia the liquor control

1699

00:53:54,710 --> 00:53:53,200

board determines what

1700

00:53:56,309 --> 00:53:54,720

liquors are going to be available what

1701

00:53:57,829 --> 00:53:56,319

wines are available people

1702

00:53:59,349 --> 00:53:57,839

you know they come to the us i go my

1703

00:53:59,910 --> 00:53:59,359

gosh look at all these different types

1704

00:54:01,589 --> 00:53:59,920

of wines

1705

00:54:03,030 --> 00:54:01,599

you know it's just the same in food you

1706

00:54:05,990 --> 00:54:03,040

wouldn't have access to

1707

00:54:07,190 --> 00:54:06,000

a great millions of options of food that

1708

00:54:09,190 --> 00:54:07,200

you can get because

1709

00:54:10,790 --> 00:54:09,200

it's not a right and it's not run by by

1710

00:54:12,870 --> 00:54:10,800

the government and so

1711

00:54:14,549 --> 00:54:12,880

people we want to push we want to

1712

00:54:17,030 --> 00:54:14,559

educate americans on

1713

00:54:18,950 --> 00:54:17,040

why we need more choice and putting

1714

00:54:21,430 --> 00:54:18,960

consumers and doctors in charge

1715

00:54:23,829 --> 00:54:21,440

and and not the government people even

1716

00:54:24,630 --> 00:54:23,839

doctors i mean a large percentage of

1717

00:54:27,670 --> 00:54:24,640

doctors

1718

00:54:29,109 --> 00:54:27,680

now support medicare for all and they

1719

00:54:29,829 --> 00:54:29,119

don't understand what it'll mean for

1720

00:54:31,750 --> 00:54:29,839

their pay

1721

00:54:33,270 --> 00:54:31,760

for how they practice medicine but they

1722

00:54:34,230 --> 00:54:33,280

think we won't have to deal with the

1723

00:54:35,990 --> 00:54:34,240

insurance company

1724

00:54:37,190 --> 00:54:36,000

and i think that's a lot of what it is

1725

00:54:39,190 --> 00:54:37,200

yeah well and that's maybe the

1726
00:54:41,270 --> 00:54:39,200
brilliance ultimately of obamacare

1727
00:54:42,789 --> 00:54:41,280
is to force everybody to deal with these

1728
00:54:43,910 --> 00:54:42,799
insurance companies that we shouldn't

1729
00:54:46,069 --> 00:54:43,920
have to deal with

1730
00:54:47,270 --> 00:54:46,079
but they mandated it so that ultimately

1731
00:54:49,190 --> 00:54:47,280
people will throw up

1732
00:54:52,069 --> 00:54:49,200
their arms and say oh government take it

1733
00:54:53,589 --> 00:54:52,079
over because this is such a mess

1734
00:54:55,829 --> 00:54:53,599
well the good news is the individual

1735
00:54:56,390 --> 00:54:55,839
mandate came out in the jobs and tax

1736
00:54:58,549 --> 00:54:56,400
bill of

1737
00:54:59,589 --> 00:54:58,559
2017 this is going before the supreme

1738
00:55:02,549 --> 00:54:59,599

court right now

1739

00:55:03,030 --> 00:55:02,559

you know is is obamacare going to stand

1740

00:55:04,870 --> 00:55:03,040

or not

1741

00:55:06,630 --> 00:55:04,880

probably it will but i think they will

1742

00:55:07,190 --> 00:55:06,640

get rid of the the individual mandate

1743

00:55:12,470 --> 00:55:07,200

will not

1744

00:55:14,470 --> 00:55:12,480

but instead what will stand is you have

1745

00:55:17,670 --> 00:55:14,480

to cover pre-existing conditions

1746

00:55:19,349 --> 00:55:17,680

which is absurd maybe we'll wrap on that

1747

00:55:22,150 --> 00:55:19,359

which which is this idea that

1748

00:55:23,750 --> 00:55:22,160

i could have i could buy car insurance

1749

00:55:25,510 --> 00:55:23,760

after the car accident

1750

00:55:27,190 --> 00:55:25,520

right now imagine if you could buy car

1751

00:55:29,030 --> 00:55:27,200

insurance after the car accident

1752

00:55:30,549 --> 00:55:29,040

car insurance prices would would

1753

00:55:32,630 --> 00:55:30,559

skyrocket because nobody would

1754

00:55:33,910 --> 00:55:32,640

would buy it until you needed it so

1755

00:55:35,670 --> 00:55:33,920

isn't that where we're going to be left

1756

00:55:36,870 --> 00:55:35,680

with obamacare if there's no individual

1757

00:55:39,670 --> 00:55:36,880

mandate

1758

00:55:41,109 --> 00:55:39,680

why would i buy health insurance i would

1759

00:55:42,710 --> 00:55:41,119

uh i would wait until i get cancer and

1760

00:55:46,470 --> 00:55:42,720

then i would buy it

1761

00:55:50,470 --> 00:55:48,950

under under obamacare i mean it was such

1762

00:55:52,549 --> 00:55:50,480

a complicated

1763

00:55:54,069 --> 00:55:52,559

issue and it's you know it didn't solve

1764

00:55:54,630 --> 00:55:54,079

the problem of of the uninsured and

1765

00:55:57,750 --> 00:55:54,640

didn't

1766

00:56:00,150 --> 00:55:57,760

cost people need as i said people need

1767

00:56:02,630 --> 00:56:00,160

options and the individual mandate you

1768

00:56:06,069 --> 00:56:02,640

know was not successful i mean the the

1769

00:56:06,710 --> 00:56:06,079

the fine you know the um 2.5 percent of

1770

00:56:09,829 --> 00:56:06,720

income which

1771

00:56:12,150 --> 00:56:09,839

or or what was it 600

1772

00:56:14,390 --> 00:56:12,160

dollars whichever is greater i mean just

1773

00:56:17,030 --> 00:56:14,400

did not did not work but people need

1774

00:56:18,470 --> 00:56:17,040

people you know they buy house insurance

1775

00:56:20,870 --> 00:56:18,480

they buy car insurance you want

1776
00:56:22,710 --> 00:56:20,880
insurance for catastrophes not to cover

1777
00:56:24,150 --> 00:56:22,720
as we talked about earlier your your

1778
00:56:25,670 --> 00:56:24,160
blood test or your

1779
00:56:28,230 --> 00:56:25,680
if you have a temperature well and

1780
00:56:29,750 --> 00:56:28,240
frankly you i i'm curious your thoughts

1781
00:56:29,990 --> 00:56:29,760
on this shouldn't insurance companies be

1782
00:56:32,069 --> 00:56:30,000
able

1783
00:56:34,150 --> 00:56:32,079
to take into consideration pre-existing

1784
00:56:35,990 --> 00:56:34,160
conditions

1785
00:56:37,910 --> 00:56:36,000
yes exactly but under under under

1786
00:56:39,829 --> 00:56:37,920
obamacare you know you can't charge

1787
00:56:42,950 --> 00:56:39,839
differential rates i mean

1788
00:56:43,510 --> 00:56:42,960

the ratio i think is is three to one and

1789

00:56:46,150 --> 00:56:43,520

it's

1790

00:56:46,549 --> 00:56:46,160

not you know older people have more have

1791

00:56:48,230 --> 00:56:46,559

more

1792

00:56:50,309 --> 00:56:48,240

conditions and and it should the ratio

1793

00:56:53,190 --> 00:56:50,319

should be five to one but of course

1794

00:56:53,589 --> 00:56:53,200

it's um it's not under obamacare and and

1795

00:56:56,309 --> 00:56:53,599

um

1796

00:56:56,870 --> 00:56:56,319

it's as i say i mean we spent all that

1797

00:56:59,270 --> 00:56:56,880

money

1798

00:57:00,950 --> 00:56:59,280

to under obamacare to bring it in to

1799

00:57:02,309 --> 00:57:00,960

cover eight million people in this

1800

00:57:02,630 --> 00:57:02,319

country it would have been easier to

1801
00:57:04,390 --> 00:57:02,640
give

1802
00:57:06,230 --> 00:57:04,400
every one of those eight million people

1803
00:57:07,829 --> 00:57:06,240
the very best private coverage

1804
00:57:09,829 --> 00:57:07,839
it would have been cheaper and it would

1805
00:57:16,549 --> 00:57:09,839
have been

1806
00:57:19,510 --> 00:57:16,559
yeah all right sally thank you so much

1807
00:57:20,309 --> 00:57:19,520
for all that um i don't know if there's

1808
00:57:23,589 --> 00:57:20,319
a

1809
00:57:25,190 --> 00:57:23,599
getting government out

1810
00:57:26,950 --> 00:57:25,200
is uh the solution but i don't know it

1811
00:57:28,390 --> 00:57:26,960
just seems like the ship is sailed

1812
00:57:29,990 --> 00:57:28,400
i mean getting this thing turned around

1813
00:57:31,270 --> 00:57:30,000

anytime the government gets involved in

1814

00:57:34,390 --> 00:57:31,280

any type of

1815

00:57:37,510 --> 00:57:34,400

uh you know uh benefits

1816

00:57:38,950 --> 00:57:37,520

taking away the benefit is impossible

1817

00:57:40,470 --> 00:57:38,960

well that's what milton friedman used to

1818

00:57:42,309 --> 00:57:40,480

always say to me he was my mentor and

1819

00:57:44,309 --> 00:57:42,319

wrote the forward to my very first book

1820

00:57:45,910 --> 00:57:44,319

and he said how many government programs

1821

00:57:47,829 --> 00:57:45,920

that are in have ever been you know

1822

00:57:48,470 --> 00:57:47,839

eliminated the mohair subsidy i think

1823

00:57:50,950 --> 00:57:48,480

was one

1824

00:57:51,990 --> 00:57:50,960

very few it's very hard to take

1825

00:57:53,510 --> 00:57:52,000

something away

1826

00:57:55,030 --> 00:57:53,520

even if it's not working for people i

1827

00:57:57,589 --> 00:57:55,040

think oh my gosh well we

1828

00:57:58,309 --> 00:57:57,599

i can't i can't do without that so if we

1829

00:58:00,390 --> 00:57:58,319

get it

1830

00:58:02,309 --> 00:58:00,400

it'll be a catastrophe and it'll be very

1831

00:58:03,910 --> 00:58:02,319

hard to get rid of as it is in canada

1832

00:58:05,829 --> 00:58:03,920

and in the uk

1833

00:58:07,589 --> 00:58:05,839

thank you again to sally pipes you can

1834

00:58:09,910 --> 00:58:07,599

see a lot of her

1835

00:58:11,030 --> 00:58:09,920

writings on healthcare at the pacific
