

HIDDEN TRUTH SHOW WITH JIM BRESLO

BYRON DELEAR

ROCKY SWANSON

1
00:00:04,070 --> 00:00:02,790
now our interview with byron de lear and

2
00:00:05,829 --> 00:00:04,080
rocky swanson

3
00:00:07,829 --> 00:00:05,839
you know rocky and i we've been on this

4
00:00:09,270 --> 00:00:07,839
topic for years now and uh

5
00:00:11,350 --> 00:00:09,280
i thought it'd be great to have rocky in

6
00:00:13,910 --> 00:00:11,360
the mix because he's got such a

7
00:00:15,110 --> 00:00:13,920
a great background in the canadian

8
00:00:17,670 --> 00:00:15,120
forces

9
00:00:19,269 --> 00:00:17,680
yeah so he knows a lot of the policies

10
00:00:20,870 --> 00:00:19,279
and procedures that are conducted by

11
00:00:23,109 --> 00:00:20,880
military in terms of

12
00:00:24,390 --> 00:00:23,119
special access programs and these kind

13
00:00:27,269 --> 00:00:24,400

of uh

14

00:00:29,589 --> 00:00:27,279

things that occur and and and plus he's

15

00:00:31,589 --> 00:00:29,599

he's been a die-hard

16

00:00:33,510 --> 00:00:31,599

investigator and researcher on this

17

00:00:35,510 --> 00:00:33,520

topic for

18

00:00:36,870 --> 00:00:35,520

many many years and i've followed this

19

00:00:37,430 --> 00:00:36,880

for many many years so just whenever

20

00:00:40,470 --> 00:00:37,440

you're ready

21

00:00:42,069 --> 00:00:40,480

yeah yeah well we're rolling uh so yeah

22

00:00:44,069 --> 00:00:42,079

rocky want you to share with us real

23

00:00:46,389 --> 00:00:44,079

quickly i know that you lead

24

00:00:47,590 --> 00:00:46,399

lead an organization correct we're going

25

00:00:49,750 --> 00:00:47,600

to save you first sure

26
00:00:51,750 --> 00:00:49,760
we have a thank you um pleasure to meet

27
00:00:54,069 --> 00:00:51,760
you by the way sincerely i i was

28
00:00:55,270 --> 00:00:54,079
unfamiliar with your work actually until

29
00:00:58,150 --> 00:00:55,280
byron

30
00:00:59,189 --> 00:00:58,160
made me aware of you so going through

31
00:01:02,470 --> 00:00:59,199
all your shows

32
00:01:03,110 --> 00:01:02,480
quickly so basically i yeah i served 25

33
00:01:04,630 --> 00:01:03,120
years in the

34
00:01:06,710 --> 00:01:04,640
in the canadian armed forces and i

35
00:01:10,310 --> 00:01:06,720
served on multiple overseas

36
00:01:12,710 --> 00:01:10,320
missions i actually served on naval um

37
00:01:13,750 --> 00:01:12,720
warships and i served with the air force

38
00:01:16,789 --> 00:01:13,760

and the army so

39

00:01:18,390 --> 00:01:16,799

all three elements um and

40

00:01:19,510 --> 00:01:18,400

when it comes to like special access

41

00:01:21,350 --> 00:01:19,520

programs that kind of thing i don't

42

00:01:22,390 --> 00:01:21,360

claim any personal inside knowledge i

43

00:01:25,190 --> 00:01:22,400

just understand how

44

00:01:26,230 --> 00:01:25,200

programs work right so i'm not i'm not

45

00:01:29,030 --> 00:01:26,240

making any

46

00:01:30,310 --> 00:01:29,040

grand claims however i do understand the

47

00:01:33,350 --> 00:01:30,320

bureaucracy

48

00:01:36,390 --> 00:01:33,360

of government and our and the military

49

00:01:39,590 --> 00:01:36,400

and specifically nato and norad

50

00:01:42,310 --> 00:01:39,600

i i definitely spent time on norad

51
00:01:42,870 --> 00:01:42,320
deployments up north and uh you know

52
00:01:45,109 --> 00:01:42,880
watched

53
00:01:46,230 --> 00:01:45,119
our jets scramble to the unknown and

54
00:01:48,469 --> 00:01:46,240
understand

55
00:01:50,789 --> 00:01:48,479
how a lot of these uh things get turned

56
00:01:54,789 --> 00:01:50,799
into conspiracy rather rather rapidly

57
00:01:58,389 --> 00:01:54,799
and norad is the north american radar

58
00:02:00,789 --> 00:01:58,399
air defense command that's a that's a

59
00:02:01,990 --> 00:02:00,799
coalition between canada and the united

60
00:02:04,069 --> 00:02:02,000
states

61
00:02:05,670 --> 00:02:04,079
and typically i would think that the

62
00:02:07,749 --> 00:02:05,680
primary mission

63
00:02:08,869 --> 00:02:07,759

would be in the context of the cold war

64

00:02:12,150 --> 00:02:08,879

to detect

65

00:02:14,790 --> 00:02:12,160

ballistic missile launches uh

66

00:02:15,990 --> 00:02:14,800

in the event of a nuclear conflagration

67

00:02:17,910 --> 00:02:16,000

so norad

68

00:02:19,830 --> 00:02:17,920

and there's there's a lot of sensors in

69

00:02:22,390 --> 00:02:19,840

the northern part of canada a lot of

70

00:02:25,190 --> 00:02:22,400

radar systems and sensors

71

00:02:26,150 --> 00:02:25,200

my father actually was a secret courier

72

00:02:28,150 --> 00:02:26,160

in the air force

73

00:02:29,350 --> 00:02:28,160

stationed in newfoundland during the

74

00:02:31,350 --> 00:02:29,360

korean war

75

00:02:33,589 --> 00:02:31,360

and so there was a you know number of

76

00:02:36,470 --> 00:02:33,599

b-36 nuclear

77

00:02:38,150 --> 00:02:36,480

capable bombers uh up there ready to go

78

00:02:39,670 --> 00:02:38,160

at any moment so norad is kind of

79

00:02:43,190 --> 00:02:39,680

basically the eyes in the

80

00:02:45,270 --> 00:02:43,200

did would would sona's information rocky

81

00:02:48,229 --> 00:02:45,280

be collated at norad as well sonus would

82

00:02:49,910 --> 00:02:48,239

be the underwater sonar systems

83

00:02:51,670 --> 00:02:49,920

throughout the world i don't know that

84

00:02:54,150 --> 00:02:51,680

actually yeah that would probably be

85

00:02:55,110 --> 00:02:54,160

classified i think not but norad just

86

00:02:57,030 --> 00:02:55,120

just um

87

00:02:58,949 --> 00:02:57,040

james to be totally clear it's canadian

88

00:03:02,470 --> 00:02:58,959

and american right so it's

89

00:03:03,990 --> 00:03:02,480

its headquarters is is um it's colorado

90

00:03:07,350 --> 00:03:04,000

yeah colorado thanks and and

91

00:03:09,110 --> 00:03:07,360

they're they're um their whole purpose

92

00:03:09,750 --> 00:03:09,120

for existence is to defend north

93

00:03:12,550 --> 00:03:09,760

american

94

00:03:13,509 --> 00:03:12,560

aerospace and uh or airspace i should

95

00:03:17,030 --> 00:03:13,519

say

96

00:03:18,470 --> 00:03:17,040

and so there's there's great belief that

97

00:03:21,350 --> 00:03:18,480

if there was anything

98

00:03:23,990 --> 00:03:21,360

uh entering our skies they would know

99

00:03:25,910 --> 00:03:24,000

and um they probably they probably do

100

00:03:27,110 --> 00:03:25,920

recognize everything that's in the sky

101
00:03:29,830 --> 00:03:27,120
to a degree but when it's

102
00:03:30,309 --> 00:03:29,840
truly unknown if it's not considered a

103
00:03:33,990 --> 00:03:30,319
threat

104
00:03:35,350 --> 00:03:34,000
they flush it right so so there's a

105
00:03:36,949 --> 00:03:35,360
there's a problem with a lot of these

106
00:03:38,470 --> 00:03:36,959
conspiracies that have to do with norad

107
00:03:41,110 --> 00:03:38,480
and what they may or may not know about

108
00:03:41,910 --> 00:03:41,120
the topic so let's stand norad for a

109
00:03:43,750 --> 00:03:41,920
second

110
00:03:45,350 --> 00:03:43,760
so this is a satellite system that

111
00:03:48,309 --> 00:03:45,360
theoretically tracks anything

112
00:03:49,350 --> 00:03:48,319
in u.s and canadian airspace right okay

113
00:03:51,910 --> 00:03:49,360

so so norad

114

00:03:53,670 --> 00:03:51,920

actually started off as as ground-based

115

00:03:55,190 --> 00:03:53,680

uh radar systems up in the north it was

116

00:03:56,710 --> 00:03:55,200

called the dewline

117

00:03:58,309 --> 00:03:56,720

basically the distant early warning

118

00:04:01,509 --> 00:03:58,319

radar system

119

00:04:03,270 --> 00:04:01,519

that was strong basically right across

120

00:04:05,190 --> 00:04:03,280

north america up in the high north

121

00:04:06,630 --> 00:04:05,200

and in in modern years yes they of

122

00:04:08,309 --> 00:04:06,640

course have satellites

123

00:04:09,990 --> 00:04:08,319

and they they monitor anything that's

124

00:04:11,190 --> 00:04:10,000

well let's just say six inches off the

125

00:04:13,589 --> 00:04:11,200

ground up to

126

00:04:15,110 --> 00:04:13,599

um where space begins and then after

127

00:04:16,390 --> 00:04:15,120

that it becomes someone else's problem

128

00:04:18,390 --> 00:04:16,400

but they they monitor anything in our

129

00:04:19,189 --> 00:04:18,400

skies above north america or entering

130

00:04:22,469 --> 00:04:19,199

north american

131

00:04:24,070 --> 00:04:22,479

airspace they track every aircraft

132

00:04:25,590 --> 00:04:24,080

anything in the sky whether it be

133

00:04:26,390 --> 00:04:25,600

commercial or military coming into north

134

00:04:29,430 --> 00:04:26,400

american

135

00:04:31,590 --> 00:04:29,440

airspace and they have a um a center for

136

00:04:32,629 --> 00:04:31,600

aerospace analysis

137

00:04:34,070 --> 00:04:32,639

it's called the norad center for

138

00:04:35,430 --> 00:04:34,080

aerospace analysis where they collate

139

00:04:36,629 --> 00:04:35,440

all of this information

140

00:04:38,469 --> 00:04:36,639

and then they just shift it into

141

00:04:40,310 --> 00:04:38,479

different files whether it be a threat

142

00:04:41,670 --> 00:04:40,320

then they take care of it they deploy

143

00:04:43,670 --> 00:04:41,680

fighter aircraft

144

00:04:45,030 --> 00:04:43,680

out of multiple locations up north

145

00:04:48,150 --> 00:04:45,040

notably it's

146

00:04:49,590 --> 00:04:48,160

um cfs that's canadian forces station

147

00:04:51,270 --> 00:04:49,600

and nuvic which is in the northwest

148

00:04:52,790 --> 00:04:51,280

territories little tiny ford operating

149

00:04:54,870 --> 00:04:52,800

base where we have a couple f-18s up

150

00:04:57,030 --> 00:04:54,880

there maybe maybe half a dozen

151

00:04:59,030 --> 00:04:57,040

and then on top of that or of course

152

00:05:01,270 --> 00:04:59,040

your aircraft out of um eilson

153

00:05:02,950 --> 00:05:01,280

and elmendorf air force base in alaska

154

00:05:05,029 --> 00:05:02,960

and so simultaneously

155

00:05:07,110 --> 00:05:05,039

often and i've been on these missions as

156

00:05:09,270 --> 00:05:07,120

a member of the ground force right so

157

00:05:11,430 --> 00:05:09,280

when the when the russians for example

158

00:05:13,189 --> 00:05:11,440

want to penetrate our airspace

159

00:05:14,629 --> 00:05:13,199

they'll often fly russian bombers all

160

00:05:17,189 --> 00:05:14,639

over the arctic so we'll

161

00:05:18,310 --> 00:05:17,199

scramble our jets and um you know wave

162

00:05:19,189 --> 00:05:18,320

out them our pilots away about them and

163

00:05:21,430 --> 00:05:19,199

then they'll chase them away

164

00:05:22,870 --> 00:05:21,440

it's a big game that's been going on for

165

00:05:24,469 --> 00:05:22,880

60 70 years right well

166

00:05:26,070 --> 00:05:24,479

let me ask specifically because you know

167

00:05:26,790 --> 00:05:26,080

this show's been covering what we call

168

00:05:29,110 --> 00:05:26,800

the tic tac

169

00:05:30,150 --> 00:05:29,120

uh sightings off the with the nimitz

170

00:05:32,710 --> 00:05:30,160

encounters

171

00:05:34,150 --> 00:05:32,720

uh off of san diego so yeah something

172

00:05:36,870 --> 00:05:34,160

like what was observed

173

00:05:38,310 --> 00:05:36,880

there would that have shown up on norad

174

00:05:41,510 --> 00:05:38,320

they would have picked it up

175

00:05:43,029 --> 00:05:41,520

and do we know what uh

176
00:05:45,270 --> 00:05:43,039
are there any reports from norad about

177
00:05:47,270 --> 00:05:45,280
that incident actually so i've i've

178
00:05:49,350 --> 00:05:47,280
done my best i've i've gotten gotten as

179
00:05:53,510 --> 00:05:49,360
high as the um

180
00:05:55,430 --> 00:05:53,520
deputy uh commander of of norad and um

181
00:05:57,189 --> 00:05:55,440
basically it's it's no comment at this

182
00:06:00,070 --> 00:05:57,199
time and that's it

183
00:06:01,749 --> 00:06:00,080
and uh i've used uh not used but i've

184
00:06:03,590 --> 00:06:01,759
had help from journalists and

185
00:06:05,430 --> 00:06:03,600
and people like yourself to to get up to

186
00:06:06,710 --> 00:06:05,440
the higher chain of command

187
00:06:08,710 --> 00:06:06,720
because they'll they tend to talk to

188
00:06:10,309 --> 00:06:08,720

journalists faster than anybody else

189

00:06:12,230 --> 00:06:10,319

and they really have nothing to say

190

00:06:15,590 --> 00:06:12,240

about it the most

191

00:06:17,189 --> 00:06:15,600

and you just interject um john ratcliffe

192

00:06:19,670 --> 00:06:17,199

the former uh director of national

193

00:06:21,670 --> 00:06:19,680

intelligence under uh president trump

194

00:06:24,710 --> 00:06:21,680

you know he made a public statement

195

00:06:28,070 --> 00:06:24,720

where he basically summoned

196

00:06:29,430 --> 00:06:28,080

the reconnaissance fleet of satellites

197

00:06:32,070 --> 00:06:29,440

and he said that

198

00:06:33,990 --> 00:06:32,080

these objects have been detected by

199

00:06:35,350 --> 00:06:34,000

satellite radar data

200

00:06:37,029 --> 00:06:35,360

and there's hundreds of these

201
00:06:40,070 --> 00:06:37,039
reconnaissance satellites

202
00:06:42,469 --> 00:06:40,080
up there jim um you know i've mentioned

203
00:06:45,110 --> 00:06:42,479
in the past on on my podcast and in

204
00:06:46,710 --> 00:06:45,120
other venues like uh clubhouse and

205
00:06:48,629 --> 00:06:46,720
in twitter spaces where some of these

206
00:06:51,189 --> 00:06:48,639
ufo conversations occur

207
00:06:52,469 --> 00:06:51,199
that the satellite fleet is probably

208
00:06:55,589 --> 00:06:52,479
probably the most top

209
00:06:57,189 --> 00:06:55,599
secret um element of our national

210
00:07:00,790 --> 00:06:57,199
security apparatus

211
00:07:02,309 --> 00:07:00,800
it's uh um you know

212
00:07:04,309 --> 00:07:02,319
hundreds of these reconnaissance

213
00:07:05,350 --> 00:07:04,319

satellites some of them are extremely

214

00:07:06,870 --> 00:07:05,360

large

215

00:07:08,790 --> 00:07:06,880

there's a satellite i believe it's

216

00:07:11,830 --> 00:07:08,800

called usa 23

217

00:07:15,350 --> 00:07:11,840

that has a radar dish or a dish

218

00:07:17,990 --> 00:07:15,360

on it that's 300 feet in size

219

00:07:19,830 --> 00:07:18,000

so when ratcliffe mentioned that some of

220

00:07:21,670 --> 00:07:19,840

these objects have been detected by

221

00:07:22,790 --> 00:07:21,680

radar information from the satellite

222

00:07:24,550 --> 00:07:22,800

fleet

223

00:07:27,670 --> 00:07:24,560

it really makes you think that there

224

00:07:29,909 --> 00:07:27,680

could be just massive troves of data

225

00:07:30,950 --> 00:07:29,919

that has been collected uh by the

226

00:07:34,309 --> 00:07:30,960

satellite fleet

227

00:07:36,790 --> 00:07:34,319

and you're talking about petabits uh

228

00:07:38,469 --> 00:07:36,800

extremely large amounts of quantity of

229

00:07:41,990 --> 00:07:38,479

data that get uh

230

00:07:45,110 --> 00:07:42,000

recorded every day and um you know so

231

00:07:48,469 --> 00:07:45,120

clearly if you could show that there are

232

00:07:48,869 --> 00:07:48,479

uh petabits or or information of data

233

00:07:51,510 --> 00:07:48,879

that's

234

00:07:52,070 --> 00:07:51,520

showing the performance of these crafts

235

00:07:54,790 --> 00:07:52,080

and then

236

00:07:56,390 --> 00:07:54,800

this information is then correlated with

237

00:07:58,469 --> 00:07:56,400

the radar information

238

00:07:59,430 --> 00:07:58,479

from the surface ships like the uss

239

00:08:02,230 --> 00:07:59,440

princeton

240

00:08:02,710 --> 00:08:02,240

in the case of the tic tac encounter or

241

00:08:05,110 --> 00:08:02,720

even

242

00:08:05,909 --> 00:08:05,120

uh radar from the other uh surface

243

00:08:07,909 --> 00:08:05,919

vessels

244

00:08:09,749 --> 00:08:07,919

and then also infrared gun camera

245

00:08:12,629 --> 00:08:09,759

footage from the

246

00:08:14,629 --> 00:08:12,639

actual planes themselves the f-18s and

247

00:08:15,990 --> 00:08:14,639

then also supported by eyewitness

248

00:08:18,390 --> 00:08:16,000

accounts by the naval

249

00:08:19,430 --> 00:08:18,400

aviators themselves this really starts

250

00:08:23,350 --> 00:08:19,440

to illustrate

251
00:08:24,790 --> 00:08:23,360
a very unequivocal picture about a very

252
00:08:26,469 --> 00:08:24,800
physical object

253
00:08:27,909 --> 00:08:26,479
in other words when you have these

254
00:08:30,070 --> 00:08:27,919
multiple sensors

255
00:08:31,589 --> 00:08:30,080
tracking these objects it really

256
00:08:34,709 --> 00:08:31,599
eliminates the chance

257
00:08:37,110 --> 00:08:34,719
that it's a glitch in software

258
00:08:38,469 --> 00:08:37,120
on one particular platform and in the

259
00:08:41,670 --> 00:08:38,479
recent ua

260
00:08:43,269 --> 00:08:41,680
ptf report this intelligence report the

261
00:08:46,710 --> 00:08:43,279
preliminary report

262
00:08:48,550 --> 00:08:46,720
they mentioned that out of 144 reports

263
00:08:51,750 --> 00:08:48,560

originated from united states government

264

00:08:53,670 --> 00:08:51,760

sources 80 of them

265

00:08:55,350 --> 00:08:53,680

involved observation with multiple

266

00:08:57,910 --> 00:08:55,360

sensors

267

00:08:59,269 --> 00:08:57,920

right yeah and and i'll hold up the

268

00:09:01,190 --> 00:08:59,279

report for

269

00:09:02,949 --> 00:09:01,200

for everyone that this is what came out

270

00:09:03,910 --> 00:09:02,959

i think most of our listeners have

271

00:09:05,910 --> 00:09:03,920

probably

272

00:09:07,829 --> 00:09:05,920

reviewed it by now but many have not but

273

00:09:08,630 --> 00:09:07,839

just to summarize it it came out to a

274

00:09:11,829 --> 00:09:08,640

grand total of

275

00:09:14,150 --> 00:09:11,839

of of nine pages but really is more like

276

00:09:15,990 --> 00:09:14,160

yeah it's paved yeah really it's really

277

00:09:18,790 --> 00:09:16,000

two page two pages of actual

278

00:09:21,430 --> 00:09:18,800

real data content but going back to

279

00:09:23,269 --> 00:09:21,440

norad and our satellite systems and

280

00:09:26,470 --> 00:09:23,279

these things being detected um yeah

281

00:09:28,389 --> 00:09:26,480

exactly you know according to the report

282

00:09:30,230 --> 00:09:28,399

most of these were detected on multiple

283

00:09:31,910 --> 00:09:30,240

systems but when we talk about multiple

284

00:09:33,269 --> 00:09:31,920

systems as it pertains to this report

285

00:09:36,389 --> 00:09:33,279

does that include norad does that

286

00:09:38,630 --> 00:09:36,399

include satellites or not

287

00:09:40,790 --> 00:09:38,640

we don't really know the the report

288

00:09:41,829 --> 00:09:40,800

doesn't go into specificity about which

289

00:09:43,990 --> 00:09:41,839

platforms

290

00:09:45,350 --> 00:09:44,000

comprise the multiple sensors and of

291

00:09:48,389 --> 00:09:45,360

course it is a preliminary

292

00:09:51,190 --> 00:09:48,399

report it's an overview and

293

00:09:52,949 --> 00:09:51,200

um you know i was some people were upset

294

00:09:55,910 --> 00:09:52,959

about the report

295

00:09:58,389 --> 00:09:55,920

um in particular there's uh a lot of

296

00:10:01,590 --> 00:09:58,399

folks in ufology gym

297

00:10:03,829 --> 00:10:01,600

that uh over the years have um

298

00:10:05,350 --> 00:10:03,839

you know there's there's a lot of hoaxes

299

00:10:09,110 --> 00:10:05,360

and a lot of misinformation

300

00:10:11,430 --> 00:10:09,120

in this particular topic i will say that

301
00:10:13,750 --> 00:10:11,440
uh the group that rocky and i are a part

302
00:10:16,470 --> 00:10:13,760
of which is the uh

303
00:10:18,710 --> 00:10:16,480
a tip or advanced aerospace threat

304
00:10:19,750 --> 00:10:18,720
identification program discussion cell

305
00:10:21,750 --> 00:10:19,760
on facebook

306
00:10:23,269 --> 00:10:21,760
it's an ad hoc research group that's

307
00:10:25,990 --> 00:10:23,279
been going on since

308
00:10:27,110 --> 00:10:26,000
the new york times article of december

309
00:10:28,949 --> 00:10:27,120
2017

310
00:10:30,230 --> 00:10:28,959
revealed the presence of atip or the

311
00:10:32,710 --> 00:10:30,240
existence of atip

312
00:10:34,310 --> 00:10:32,720
and louis elizondo then came out and

313
00:10:35,829 --> 00:10:34,320

started speaking on the topic this

314

00:10:38,630 --> 00:10:35,839

that's how long this group has been

315

00:10:39,269 --> 00:10:38,640

around but i will say that our focus is

316

00:10:42,230 --> 00:10:39,279

really

317

00:10:43,110 --> 00:10:42,240

more on the empirically based or

318

00:10:45,430 --> 00:10:43,120

data-driven

319

00:10:46,150 --> 00:10:45,440

evidence that we have been exposed to as

320

00:10:49,590 --> 00:10:46,160

limited

321

00:10:50,310 --> 00:10:49,600

as it is and we believe jim that there

322

00:10:53,590 --> 00:10:50,320

is

323

00:10:56,230 --> 00:10:53,600

essentially a sort of a third faction

324

00:10:57,829 --> 00:10:56,240

if you'll indulge the term of ufology

325

00:10:59,509 --> 00:10:57,839

that's formed

326

00:11:01,509 --> 00:10:59,519

you know if the first two factions that

327

00:11:03,670 --> 00:11:01,519

follow this topic are skeptics

328

00:11:05,190 --> 00:11:03,680

and believers you know we believe that

329

00:11:07,190 --> 00:11:05,200

you know popping out of the background

330

00:11:10,470 --> 00:11:07,200

is this kind of third faction

331

00:11:11,269 --> 00:11:10,480

that's backed by data and empirically uh

332

00:11:14,470 --> 00:11:11,279

based uh

333

00:11:17,190 --> 00:11:14,480

information and

334

00:11:18,710 --> 00:11:17,200

uh it's going going back to norad and

335

00:11:20,550 --> 00:11:18,720

with your guys efforts there it sounds

336

00:11:23,590 --> 00:11:20,560

like you're saying

337

00:11:26,630 --> 00:11:23,600

that's been a dead end is is getting

338

00:11:29,670 --> 00:11:26,640

is learning what norad has seen

339

00:11:31,190 --> 00:11:29,680

over the years is that correct yeah

340

00:11:32,150 --> 00:11:31,200

as far as i'm concerned they don't they

341

00:11:33,829 --> 00:11:32,160

don't speak i mean there's been

342

00:11:34,630 --> 00:11:33,839

documents come out over the decades but

343

00:11:36,630 --> 00:11:34,640

of course

344

00:11:37,750 --> 00:11:36,640

document interpretation is a difficult

345

00:11:39,910 --> 00:11:37,760

thing

346

00:11:41,670 --> 00:11:39,920

and um you know i've got i have friends

347

00:11:43,350 --> 00:11:41,680

that work at norad and um

348

00:11:44,790 --> 00:11:43,360

you know they're not they're not hiding

349

00:11:47,190 --> 00:11:44,800

aliens in some basement somewhere

350

00:11:49,110 --> 00:11:47,200

they legitimately don't talk about this

351
00:11:50,550 --> 00:11:49,120
they don't talk about

352
00:11:52,550 --> 00:11:50,560
really anything they see because they

353
00:11:54,629 --> 00:11:52,560
are a strictly defense

354
00:11:55,750 --> 00:11:54,639
organization so any of their sources and

355
00:11:57,350 --> 00:11:55,760
methods are just

356
00:11:59,190 --> 00:11:57,360
simply they're not going to discuss

357
00:11:59,670 --> 00:11:59,200
satellites right right is that the same

358
00:12:01,670 --> 00:11:59,680
thing

359
00:12:03,269 --> 00:12:01,680
i was able to to watch most of your your

360
00:12:05,190 --> 00:12:03,279
louis elizondo interview

361
00:12:06,550 --> 00:12:05,200
and i think satellites came up and

362
00:12:07,990 --> 00:12:06,560
that's where he he claimed

363
00:12:09,269 --> 00:12:08,000

right that was kind of the same thing

364

00:12:11,030 --> 00:12:09,279

yeah no one's going to talk about that

365

00:12:12,710 --> 00:12:11,040

not yet there was that um

366

00:12:14,470 --> 00:12:12,720

one gentleman that byron just mentioned

367

00:12:18,150 --> 00:12:14,480

the former dni

368

00:12:19,750 --> 00:12:18,160

and he i think inadvertently probably

369

00:12:21,190 --> 00:12:19,760

probably regrets it he mentions

370

00:12:22,949 --> 00:12:21,200

satellite data and that's the probably i

371

00:12:25,190 --> 00:12:22,959

think it's the only time in history

372

00:12:27,430 --> 00:12:25,200

that any sort of intelligence official

373

00:12:30,470 --> 00:12:27,440

has ever even said the word satellite

374

00:12:31,829 --> 00:12:30,480

in public they're that tight about it so

375

00:12:33,509 --> 00:12:31,839

even though the reports that we're

376

00:12:36,230 --> 00:12:33,519

talking about that they

377

00:12:37,350 --> 00:12:36,240

are reporting on they are military

378

00:12:39,509 --> 00:12:37,360

reports during

379

00:12:42,150 --> 00:12:39,519

a lot of military training exercises

380

00:12:46,710 --> 00:12:42,160

which also theoretically expose

381

00:12:52,470 --> 00:12:49,829

right so i i i don't know

382

00:12:53,110 --> 00:12:52,480

not to belabor it but i mean why is

383

00:12:55,350 --> 00:12:53,120

norad

384

00:12:57,269 --> 00:12:55,360

on a special level compared to our

385

00:12:58,470 --> 00:12:57,279

detection systems that happen off of a

386

00:13:00,550 --> 00:12:58,480

ship

387

00:13:02,069 --> 00:13:00,560

yeah i think if you really parse out

388

00:13:04,230 --> 00:13:02,079

what we've learned from

389

00:13:05,190 --> 00:13:04,240

say that the tic tac incident or

390

00:13:07,590 --> 00:13:05,200

something like that

391

00:13:08,790 --> 00:13:07,600

the actual amount of data that the

392

00:13:10,629 --> 00:13:08,800

military itself

393

00:13:11,910 --> 00:13:10,639

has ever spoken about publicly when it

394

00:13:15,350 --> 00:13:11,920

comes to that case

395

00:13:17,430 --> 00:13:15,360

is minuscule right the the

396

00:13:19,190 --> 00:13:17,440

vast majority when i say military i'm

397

00:13:21,829 --> 00:13:19,200

talking about serving people

398

00:13:23,110 --> 00:13:21,839

who speak on behalf of the armed forces

399

00:13:24,870 --> 00:13:23,120

right

400

00:13:27,110 --> 00:13:24,880

it sounds like i'm you know excuse the

401
00:13:29,430 --> 00:13:27,120
phrase picking pepper from fly poop but

402
00:13:31,190 --> 00:13:29,440
the reality is the instance somebody

403
00:13:32,389 --> 00:13:31,200
gets out if they say hey well we saw

404
00:13:32,870 --> 00:13:32,399
this you know in our airplane or

405
00:13:34,069 --> 00:13:32,880
whatever

406
00:13:36,150 --> 00:13:34,079
they're not speaking on behalf of the

407
00:13:39,189 --> 00:13:36,160
military so it

408
00:13:40,710 --> 00:13:39,199
it it's one of those awkward things so

409
00:13:43,189 --> 00:13:40,720
most of the stuff we've heard about the

410
00:13:45,750 --> 00:13:43,199
tic tac incident comes from

411
00:13:46,710 --> 00:13:45,760
very credible people that were serving

412
00:13:48,389 --> 00:13:46,720
sometimes only

413
00:13:50,550 --> 00:13:48,399

you know days before they spoke about it

414

00:13:51,829 --> 00:13:50,560

but they're no longer for the most part

415

00:13:54,069 --> 00:13:51,839

no longer speaking about it however

416

00:13:54,710 --> 00:13:54,079

there is um i think it's commander

417

00:13:57,350 --> 00:13:54,720

dietrich

418

00:13:57,910 --> 00:13:57,360

she she was a f-18 pilot that flew along

419

00:13:59,910 --> 00:13:57,920

side

420

00:14:01,670 --> 00:13:59,920

commander fraber as his wingmen and

421

00:14:02,470 --> 00:14:01,680

she's as far as i know still serving and

422

00:14:05,110 --> 00:14:02,480

she's been

423

00:14:05,750 --> 00:14:05,120

doing some talking about it but as far

424

00:14:07,430 --> 00:14:05,760

as data

425

00:14:09,030 --> 00:14:07,440

yeah limited right like they talk about

426
00:14:09,590 --> 00:14:09,040
radar data all the time we always hear

427
00:14:11,350 --> 00:14:09,600
this you know

428
00:14:12,790 --> 00:14:11,360
the radar data says this we've never

429
00:14:14,870 --> 00:14:12,800
seen a shred of it

430
00:14:16,150 --> 00:14:14,880
right so that's that's another claim

431
00:14:18,310 --> 00:14:16,160
that becomes really difficult

432
00:14:19,430 --> 00:14:18,320
and that's that's where i start really

433
00:14:23,430 --> 00:14:19,440
trying to

434
00:14:25,509 --> 00:14:23,440
dig into the the details that we can but

435
00:14:26,949 --> 00:14:25,519
well what what the military did do

436
00:14:29,590 --> 00:14:26,959
however was acknowledge

437
00:14:30,150 --> 00:14:29,600
that the video that was released through

438
00:14:33,670 --> 00:14:30,160

some

439

00:14:34,230 --> 00:14:33,680

odd method um was real that it's

440

00:14:37,509 --> 00:14:34,240

actually

441

00:14:40,949 --> 00:14:37,519

u.s military captured

442

00:14:42,069 --> 00:14:40,959

video and i forget did they also confirm

443

00:14:44,870 --> 00:14:42,079

that the objects

444

00:14:46,150 --> 00:14:44,880

observed were physical or am i confusing

445

00:14:47,509 --> 00:14:46,160

that now with this report because i know

446

00:14:48,949 --> 00:14:47,519

in this report

447

00:14:50,389 --> 00:14:48,959

they're pretty much confirming that

448

00:14:51,110 --> 00:14:50,399

these are physical objects that have

449

00:14:52,710 --> 00:14:51,120

been seen

450

00:14:54,150 --> 00:14:52,720

well i don't think the military has come

451
00:14:56,150 --> 00:14:54,160
out and said those objects were physical

452
00:14:58,069 --> 00:14:56,160
but they did say that they represent

453
00:14:59,590 --> 00:14:58,079
or at least they they fall under the

454
00:15:01,030 --> 00:14:59,600
guise of the

455
00:15:02,870 --> 00:15:01,040
unidentified or unexplained aerial

456
00:15:04,389 --> 00:15:02,880
phenomena that that that was a couple

457
00:15:07,350 --> 00:15:04,399
years ago now but they they at least

458
00:15:08,550 --> 00:15:07,360
categorize them as that so it's you know

459
00:15:10,069 --> 00:15:08,560
we should mention that's not the first

460
00:15:12,550 --> 00:15:10,079
time the military's ever come out and

461
00:15:13,910 --> 00:15:12,560
i said publicly that they couldn't

462
00:15:15,509 --> 00:15:13,920
identify things i mean

463
00:15:17,509 --> 00:15:15,519

there's reports that go back right to

464

00:15:19,430 --> 00:15:17,519

the beginning 1947

465

00:15:21,509 --> 00:15:19,440

um all the way up to modern times of

466

00:15:24,949 --> 00:15:21,519

famous reports where they've said

467

00:15:25,910 --> 00:15:24,959

we don't know right and so um and

468

00:15:27,430 --> 00:15:25,920

they weren't just saying you know

469

00:15:28,389 --> 00:15:27,440

there's some anomalous light in this guy

470

00:15:30,629 --> 00:15:28,399

they were talking about

471

00:15:32,790 --> 00:15:30,639

three-dimensional manufactured craft

472

00:15:33,749 --> 00:15:32,800

that were performing high capability in

473

00:15:35,030 --> 00:15:33,759

fact

474

00:15:37,269 --> 00:15:35,040

i would argue and i don't know if byron

475

00:15:40,389 --> 00:15:37,279

agrees with me or not that this this

476

00:15:42,550 --> 00:15:40,399

recent report is almost verbatim what

477

00:15:44,389 --> 00:15:42,560

general john samford said back in i

478

00:15:47,990 --> 00:15:44,399

think 1952

479

00:15:49,910 --> 00:15:48,000

um when he gave his famous speech about

480

00:15:51,189 --> 00:15:49,920

ufos and it's it's almost like a page

481

00:15:53,189 --> 00:15:51,199

for page

482

00:15:54,550 --> 00:15:53,199

um you know this this new report is

483

00:15:56,230 --> 00:15:54,560

almost paid for page the same

484

00:15:57,990 --> 00:15:56,240

right not meaning that there's any

485

00:15:58,550 --> 00:15:58,000

conspiracy or cover-up what i'm saying

486

00:15:59,910 --> 00:15:58,560

is

487

00:16:01,910 --> 00:15:59,920

these people keep arriving at the same

488

00:16:03,430 --> 00:16:01,920

conclusion there is something there

489

00:16:05,910 --> 00:16:03,440

that is of high technology that they

490

00:16:07,430 --> 00:16:05,920

can't recognize fill us in for those of

491

00:16:09,030 --> 00:16:07,440

us who haven't been following this for

492

00:16:11,350 --> 00:16:09,040

for many years like you guys have phil

493

00:16:13,110 --> 00:16:11,360

sent on what happened in 1952 and

494

00:16:14,790 --> 00:16:13,120

and what he had to say and what he was

495

00:16:17,030 --> 00:16:14,800

reporting on and then we'll we'll

496

00:16:18,550 --> 00:16:17,040

tie it to this report that just came out

497

00:16:19,189 --> 00:16:18,560

sure byron did you want to go or do you

498

00:16:21,749 --> 00:16:19,199

want to

499

00:16:22,790 --> 00:16:21,759

no go ahead the washington dc incidents

500

00:16:25,350 --> 00:16:22,800

and then sure of course

501
00:16:27,189 --> 00:16:25,360
predating that would be kenneth arnold's

502
00:16:29,910 --> 00:16:27,199
sighting in 1947

503
00:16:32,389 --> 00:16:29,920
and i had actually rocky and i were

504
00:16:36,470 --> 00:16:32,399
reviewing a u.s air force memo

505
00:16:39,430 --> 00:16:36,480
dated uh october 28 1947

506
00:16:41,509 --> 00:16:39,440
and essentially they're describing these

507
00:16:41,749 --> 00:16:41,519
aircraft what they're calling aircraft

508
00:16:43,829 --> 00:16:41,759
or

509
00:16:46,230 --> 00:16:43,839
objects and they just demonstrate the

510
00:16:48,790 --> 00:16:46,240
exact same performance features that

511
00:16:51,030 --> 00:16:48,800
we've heard commander fraver describe

512
00:16:53,189 --> 00:16:51,040
his encounter with the tic tac

513
00:16:55,829 --> 00:16:53,199

um and so yeah rocky go ahead and answer

514

00:16:56,870 --> 00:16:55,839

the the washington dc incident 1952 and

515

00:17:00,150 --> 00:16:56,880

then maybe we can

516

00:17:03,910 --> 00:17:00,160

re rewind the clock a little bit to um

517

00:17:05,909 --> 00:17:03,920

the post world war ii growth of this

518

00:17:06,630 --> 00:17:05,919

phenomenon starting with kenneth arnold

519

00:17:09,029 --> 00:17:06,640

and you know

520

00:17:10,710 --> 00:17:09,039

there's earlier incidents but when it

521

00:17:12,870 --> 00:17:10,720

really entered the mainstream

522

00:17:14,150 --> 00:17:12,880

consciousness was uh with kenneth arnold

523

00:17:15,669 --> 00:17:14,160

sighting

524

00:17:18,309 --> 00:17:15,679

right so kenneth our own setting was in

525

00:17:21,669 --> 00:17:18,319

1947 but up until

526

00:17:24,630 --> 00:17:21,679

1952 there there was a a steady buildup

527

00:17:26,870 --> 00:17:24,640

of people reporting uh anomalous

528

00:17:28,230 --> 00:17:26,880

vehicles in the sky and of course

529

00:17:29,430 --> 00:17:28,240

you know it was it was a steady stream

530

00:17:30,950 --> 00:17:29,440

there were there wasn't there wasn't

531

00:17:34,789 --> 00:17:30,960

dozens there were hundreds if not

532

00:17:37,110 --> 00:17:34,799

thousands of reports in clusters

533

00:17:38,789 --> 00:17:37,120

starting in 47 but in 1952 it seems to

534

00:17:41,110 --> 00:17:38,799

be a particularly

535

00:17:42,870 --> 00:17:41,120

important year and in fact that's the

536

00:17:46,950 --> 00:17:42,880

same year that there was a

537

00:17:49,669 --> 00:17:46,960

very famous sighting over um washington

538

00:17:50,470 --> 00:17:49,679

and there's this this is washington d.c

539

00:17:53,590 --> 00:17:50,480

yeah correct

540

00:17:55,029 --> 00:17:53,600

um sorry uh washington dc and so there's

541

00:17:56,470 --> 00:17:55,039

this case that if you look up called the

542

00:17:58,070 --> 00:17:56,480

washington merry-go-round where

543

00:18:00,549 --> 00:17:58,080

basically

544

00:18:02,870 --> 00:18:00,559

um air traffic control towers in and

545

00:18:05,669 --> 00:18:02,880

around washington dc were reporting

546

00:18:07,430 --> 00:18:05,679

um objects showing up on radar and

547

00:18:08,789 --> 00:18:07,440

eventually there were jets scrambled

548

00:18:09,510 --> 00:18:08,799

from one of the air force bases in the

549

00:18:12,789 --> 00:18:09,520

area

550

00:18:14,070 --> 00:18:12,799

and when the pilots arrived

551
00:18:16,549 --> 00:18:14,080
over one of your local rivers at the

552
00:18:18,230 --> 00:18:16,559
platonic they um they saw these

553
00:18:19,909 --> 00:18:18,240
these lights and as these lights would

554
00:18:21,350 --> 00:18:19,919
get closer to the aircraft the aircraft

555
00:18:21,990 --> 00:18:21,360
would try to get closer to it they would

556
00:18:23,750 --> 00:18:22,000
speed up and

557
00:18:25,029 --> 00:18:23,760
these lights would zoom off and and fly

558
00:18:26,549 --> 00:18:25,039
away this went on

559
00:18:28,310 --> 00:18:26,559
over and over and over again every time

560
00:18:29,510 --> 00:18:28,320
the jets would show up the lights would

561
00:18:32,230 --> 00:18:29,520
take off

562
00:18:33,430 --> 00:18:32,240
and this went on for um basically two

563
00:18:35,830 --> 00:18:33,440

weeks

564

00:18:37,270 --> 00:18:35,840

roughly and and on the final weekend

565

00:18:38,710 --> 00:18:37,280

there was a lot of people in different

566

00:18:39,590 --> 00:18:38,720

aircraft control towers trying to

567

00:18:40,950 --> 00:18:39,600

document this

568

00:18:43,029 --> 00:18:40,960

and lo and behold these things showed up

569

00:18:44,950 --> 00:18:43,039

again and it eventually ended with a

570

00:18:46,470 --> 00:18:44,960

very famous moment where

571

00:18:47,909 --> 00:18:46,480

this fighter plane was surrounded by

572

00:18:49,750 --> 00:18:47,919

these lights and the pilot just said

573

00:18:50,870 --> 00:18:49,760

well what should i do now no one knew

574

00:18:52,310 --> 00:18:50,880

what to tell them

575

00:18:53,190 --> 00:18:52,320

because no one had any idea what they

576
00:18:54,630 --> 00:18:53,200
were dealing with they knew they were

577
00:18:56,789 --> 00:18:54,640
dealing with something

578
00:18:58,230 --> 00:18:56,799
high technology likely and something

579
00:18:59,590 --> 00:18:58,240
that seemed to be intelligently

580
00:19:03,270 --> 00:18:59,600
controlled and that's sort of where that

581
00:19:05,510 --> 00:19:03,280
ended but it created a lot of um

582
00:19:06,310 --> 00:19:05,520
uproar and excitement so people didn't

583
00:19:07,909 --> 00:19:06,320
know what

584
00:19:09,830 --> 00:19:07,919
to to think you know were we being

585
00:19:10,870 --> 00:19:09,840
attacked or by aliens or russians or

586
00:19:14,230 --> 00:19:10,880
whatnot

587
00:19:16,870 --> 00:19:14,240
so the air force uh held one of

588
00:19:18,710 --> 00:19:16,880

at that time its largest or longest

589

00:19:22,310 --> 00:19:18,720

press conference in history

590

00:19:24,150 --> 00:19:22,320

and general john samford um

591

00:19:25,350 --> 00:19:24,160

was i believe in in charge of the

592

00:19:26,470 --> 00:19:25,360

seventh air force at the time or

593

00:19:30,070 --> 00:19:26,480

something like this but he was

594

00:19:32,950 --> 00:19:30,080

he was um involved with the ufo subject

595

00:19:35,190 --> 00:19:32,960

from the very beginning and like from

596

00:19:37,190 --> 00:19:35,200

from 1946 47 onward

597

00:19:39,430 --> 00:19:37,200

and so he was you always see this guy in

598

00:19:41,590 --> 00:19:39,440

the background commenting or

599

00:19:43,430 --> 00:19:41,600

you know giving some advice on the topic

600

00:19:44,549 --> 00:19:43,440

but he he did this speech which is worth

601
00:19:47,990 --> 00:19:44,559
listening to

602
00:19:49,430 --> 00:19:48,000
and he describes in detail all of the

603
00:19:51,029 --> 00:19:49,440
efforts that they've put into place at

604
00:19:54,390 --> 00:19:51,039
that point to try and

605
00:19:56,470 --> 00:19:54,400
um identify some of these objects and

606
00:19:58,150 --> 00:19:56,480
if in case you're wondering what he said

607
00:19:59,830 --> 00:19:58,160
he said virtually everything that you

608
00:20:01,430 --> 00:19:59,840
see in this new report that they

609
00:20:03,350 --> 00:20:01,440
they think maybe it could be in some

610
00:20:04,230 --> 00:20:03,360
cases the russians maybe it could be

611
00:20:06,470 --> 00:20:04,240
someone else

612
00:20:08,149 --> 00:20:06,480
and he goes through this whole list of

613
00:20:09,110 --> 00:20:08,159

you know the type of testing that they

614

00:20:10,789 --> 00:20:09,120

did

615

00:20:12,710 --> 00:20:10,799

saying clearly we don't have the

616

00:20:14,870 --> 00:20:12,720

capability to to measure

617

00:20:16,149 --> 00:20:14,880

properly i'm paraphrasing here but they

618

00:20:18,070 --> 00:20:16,159

were looking at measurements we just

619

00:20:20,230 --> 00:20:18,080

didn't have at the time the ability to

620

00:20:21,990 --> 00:20:20,240

measure properly what these things were

621

00:20:23,909 --> 00:20:22,000

and they recognized and he recognized

622

00:20:27,350 --> 00:20:23,919

that there was something there

623

00:20:29,510 --> 00:20:27,360

of high technology that was likely past

624

00:20:30,950 --> 00:20:29,520

what the americans had achieved and we

625

00:20:32,950 --> 00:20:30,960

just didn't have the ability to

626
00:20:34,870 --> 00:20:32,960
to properly measure it and so they were

627
00:20:37,990 --> 00:20:34,880
stumped but there were

628
00:20:38,390 --> 00:20:38,000
members of the air staff that really

629
00:20:41,110 --> 00:20:38,400
felt

630
00:20:41,830 --> 00:20:41,120
the extraterrestrial hypothesis was was

631
00:20:43,590 --> 00:20:41,840
at least

632
00:20:44,870 --> 00:20:43,600
something they should put on the table

633
00:20:46,710 --> 00:20:44,880
and they and they um

634
00:20:48,149 --> 00:20:46,720
they didn't kick it off i mean it that

635
00:20:50,230 --> 00:20:48,159
part the et hypothesis

636
00:20:52,310 --> 00:20:50,240
is not in his speech but he kind of

637
00:20:53,909 --> 00:20:52,320
categorizes it as to another

638
00:20:55,830 --> 00:20:53,919

right and and what were the flight

639

00:20:58,070 --> 00:20:55,840

characteristics of those objects

640

00:20:59,270 --> 00:20:58,080

as we think about tic-tac yeah extreme

641

00:21:01,750 --> 00:20:59,280

rates of climb

642

00:21:03,590 --> 00:21:01,760

um instantaneous acceleration low

643

00:21:05,750 --> 00:21:03,600

observability meaning not just that it's

644

00:21:08,390 --> 00:21:05,760

a flat plate or something like that but

645

00:21:09,430 --> 00:21:08,400

hard to see hard to photograph when they

646

00:21:11,110 --> 00:21:09,440

try to videos

647

00:21:13,029 --> 00:21:11,120

these things they're often almost

648

00:21:13,990 --> 00:21:13,039

impossible to get on video they're just

649

00:21:16,230 --> 00:21:14,000

blurry

650

00:21:17,590 --> 00:21:16,240

right so there's some kind of

651
00:21:19,430 --> 00:21:17,600
interference there they figured

652
00:21:22,789 --> 00:21:19,440
as far as that low observability goes

653
00:21:24,630 --> 00:21:22,799
the um extraordinary rates of climb

654
00:21:27,110 --> 00:21:24,640
and instantaneous acceleration has been

655
00:21:29,510 --> 00:21:27,120
reported of in official documents

656
00:21:30,950 --> 00:21:29,520
since 1947 since about september yeah

657
00:21:34,470 --> 00:21:30,960
this document from

658
00:21:37,029 --> 00:21:34,480
you know october 28 1947

659
00:21:38,870 --> 00:21:37,039
jim it says an alleged flying saucer

660
00:21:40,870 --> 00:21:38,880
type aircraft or object in flight

661
00:21:42,789 --> 00:21:40,880
approximately the shape of a disc

662
00:21:44,789 --> 00:21:42,799
has been reported by many observers from

663
00:21:45,909 --> 00:21:44,799

widely scattered places such as the

664

00:21:49,510 --> 00:21:45,919

united states

665

00:21:50,710 --> 00:21:49,520

alaska canada hungary the island of guam

666

00:21:52,870 --> 00:21:50,720

and japan

667

00:21:54,870 --> 00:21:52,880

this object has been reported by many

668

00:21:58,310 --> 00:21:54,880

competent observers

669

00:21:59,909 --> 00:21:58,320

including usaf rated officers

670

00:22:01,350 --> 00:21:59,919

sightings have been made from the ground

671

00:22:04,070 --> 00:22:01,360

as well as from the air

672

00:22:06,230 --> 00:22:04,080

and the commonly reported features uh

673

00:22:08,070 --> 00:22:06,240

relatively flat bottom with extreme

674

00:22:09,430 --> 00:22:08,080

light reflecting ability

675

00:22:12,950 --> 00:22:09,440

that would kind of track with the

676
00:22:14,789 --> 00:22:12,960
kenneth arnold's sighting in 1947 when

677
00:22:16,950 --> 00:22:14,799
the term flying saucer was actually

678
00:22:19,909 --> 00:22:16,960
coined from that incident

679
00:22:21,029 --> 00:22:19,919
because they were shiny objects

680
00:22:25,350 --> 00:22:21,039
reflecting light

681
00:22:27,110 --> 00:22:25,360
at an immense level absence of sound

682
00:22:28,630 --> 00:22:27,120
except for an occasional roar when

683
00:22:29,830 --> 00:22:28,640
operating under super performance

684
00:22:32,149 --> 00:22:29,840
conditions

685
00:22:34,870 --> 00:22:32,159
extreme maneuverability and apparent

686
00:22:37,110 --> 00:22:34,880
ability to almost hover

687
00:22:39,110 --> 00:22:37,120
a plane form approximating that of an

688
00:22:41,909 --> 00:22:39,120

oval or disc with a dome shade on

689

00:22:44,470 --> 00:22:41,919

dome shape on the top service and then

690

00:22:47,110 --> 00:22:44,480

the ability to quickly disappear

691

00:22:48,870 --> 00:22:47,120

by high speed or by complete

692

00:22:52,230 --> 00:22:48,880

disintegration

693

00:22:53,029 --> 00:22:52,240

now this is from 1947 and this really

694

00:22:55,510 --> 00:22:53,039

tracks with

695

00:22:56,630 --> 00:22:55,520

how commander fravor described the tic

696

00:22:58,789 --> 00:22:56,640

tac incident

697

00:22:59,830 --> 00:22:58,799

in many many different interviews and

698

00:23:01,909 --> 00:22:59,840

you know jim

699

00:23:03,830 --> 00:23:01,919

he kind of goes and then the object went

700

00:23:05,830 --> 00:23:03,840

poof and he does this

701
00:23:07,029 --> 00:23:05,840
this with his hands and so there's been

702
00:23:09,190 --> 00:23:07,039
some you know

703
00:23:10,789 --> 00:23:09,200
consternation about whether that meant

704
00:23:12,630 --> 00:23:10,799
well did the object take off over the

705
00:23:14,549 --> 00:23:12,640
horizon in one or two seconds

706
00:23:16,070 --> 00:23:14,559
which would indicate this extraordinary

707
00:23:18,149 --> 00:23:16,080
acceleration that

708
00:23:19,990 --> 00:23:18,159
is basically defying the laws of physics

709
00:23:21,270 --> 00:23:20,000
as we know it or is there actually sort

710
00:23:24,390 --> 00:23:21,280
of a disintegrate

711
00:23:25,909 --> 00:23:24,400
disintegrating uh you know

712
00:23:27,590 --> 00:23:25,919
popping out of our dimension of

713
00:23:30,630 --> 00:23:27,600

existence or

714

00:23:33,590 --> 00:23:30,640

some kind of uh element where it just

715

00:23:35,669 --> 00:23:33,600

is not seen anymore and it's just

716

00:23:37,029 --> 00:23:35,679

interesting to see that this is exactly

717

00:23:39,990 --> 00:23:37,039

what they were saying

718

00:23:41,590 --> 00:23:40,000

just two years after world war ii and

719

00:23:43,430 --> 00:23:41,600

nothing has changed

720

00:23:44,789 --> 00:23:43,440

the u.s government does not know what

721

00:23:47,909 --> 00:23:44,799

these objects are

722

00:23:50,230 --> 00:23:47,919

they've said this to congress um you

723

00:23:53,110 --> 00:23:50,240

know there are a lot of theories about

724

00:23:54,950 --> 00:23:53,120

captured craft and roswell and you've

725

00:23:57,750 --> 00:23:54,960

got the bob lazar

726

00:23:59,029 --> 00:23:57,760

stories and things like this um i

727

00:24:02,230 --> 00:23:59,039

actually took a look

728

00:24:04,870 --> 00:24:02,240

at the roswell case uh from

729

00:24:06,549 --> 00:24:04,880

the point of view of a detective

730

00:24:10,070 --> 00:24:06,559

historian

731

00:24:11,990 --> 00:24:10,080

book on the american revolution called

732

00:24:15,110 --> 00:24:12,000

the first american flag

733

00:24:15,990 --> 00:24:15,120

and in order to uh write that book to

734

00:24:17,590 --> 00:24:16,000

divine

735

00:24:19,510 --> 00:24:17,600

where the origins of the first flag of

736

00:24:22,070 --> 00:24:19,520

america came from i had to

737

00:24:23,430 --> 00:24:22,080

really examine the primary sources

738

00:24:25,190 --> 00:24:23,440

associated with

739

00:24:26,950 --> 00:24:25,200

when general washington unfurled this

740

00:24:29,269 --> 00:24:26,960

flag before the continental army on

741

00:24:31,990 --> 00:24:29,279

january 1st 1776

742

00:24:33,590 --> 00:24:32,000

and i applied that same rigor to the

743

00:24:35,430 --> 00:24:33,600

roswell incident

744

00:24:37,190 --> 00:24:35,440

and our research group you know we

745

00:24:39,590 --> 00:24:37,200

looked at the primary sources

746

00:24:40,470 --> 00:24:39,600

and just basically not to get

747

00:24:42,549 --> 00:24:40,480

sidetracked

748

00:24:44,149 --> 00:24:42,559

from tic tac or the latest evidence or

749

00:24:46,070 --> 00:24:44,159

this report too much

750

00:24:47,830 --> 00:24:46,080

but we believe that there was a fit of

751
00:24:48,549 --> 00:24:47,840
journalistic malpractice that had

752
00:24:50,470 --> 00:24:48,559
occurred

753
00:24:52,390 --> 00:24:50,480
at the beginning of the roswell incident

754
00:24:54,870 --> 00:24:52,400
and that the stories

755
00:24:55,669 --> 00:24:54,880
and testimonies that kind of built over

756
00:24:58,549 --> 00:24:55,679
time

757
00:24:59,029 --> 00:24:58,559
really reflected more how mythology or

758
00:25:02,230 --> 00:24:59,039
for

759
00:25:03,190 --> 00:25:02,240
folklore uh is developed rather than an

760
00:25:05,190 --> 00:25:03,200
actual

761
00:25:07,669 --> 00:25:05,200
description of the event that occurred

762
00:25:09,750 --> 00:25:07,679
where craft and bodies were retrieved so

763
00:25:13,510 --> 00:25:09,760

we don't believe that that exists

764

00:25:14,789 --> 00:25:13,520

um that and i i have to say that

765

00:25:17,909 --> 00:25:14,799

i think that the united states

766

00:25:20,149 --> 00:25:17,919

government is following the law

767

00:25:22,630 --> 00:25:20,159

when they made this report and that

768

00:25:26,230 --> 00:25:22,640

they're not lying to congress

769

00:25:27,430 --> 00:25:26,240

and there is a layer of legalistic

770

00:25:30,390 --> 00:25:27,440

review

771

00:25:32,149 --> 00:25:30,400

by general counsel from the department

772

00:25:34,230 --> 00:25:32,159

of defense throughout woven throughout

773

00:25:37,750 --> 00:25:34,240

this document

774

00:25:38,710 --> 00:25:37,760

to as a preliminary assessment to really

775

00:25:41,430 --> 00:25:38,720

give

776

00:25:43,350 --> 00:25:41,440

the option that if this is artifacts

777

00:25:46,310 --> 00:25:43,360

electronically through sensors

778

00:25:48,230 --> 00:25:46,320

if this is airborne clutter if this is a

779

00:25:49,269 --> 00:25:48,240

foreign adversary's technological

780

00:25:51,430 --> 00:25:49,279

platform

781

00:25:52,470 --> 00:25:51,440

all these different options are laid

782

00:25:55,510 --> 00:25:52,480

before

783

00:25:56,230 --> 00:25:55,520

congress in this report but when you

784

00:25:58,789 --> 00:25:56,240

start to

785

00:26:02,070 --> 00:25:58,799

hear the testimony of the folks that

786

00:26:05,350 --> 00:26:02,080

have received the classified briefing

787

00:26:07,909 --> 00:26:05,360

a different picture starts to emerge um

788

00:26:09,750 --> 00:26:07,919

it appears that there's much more data

789

00:26:11,830 --> 00:26:09,760

that show the extraordinary feats of

790

00:26:15,029 --> 00:26:11,840

maneuverability that these crafts

791

00:26:15,909 --> 00:26:15,039

are are performing and uh you really

792

00:26:18,549 --> 00:26:15,919

start to

793

00:26:20,710 --> 00:26:18,559

take the option of a foreign adversary

794

00:26:22,630 --> 00:26:20,720

technological platform off the table

795

00:26:24,149 --> 00:26:22,640

and certainly you take the option of a

796

00:26:26,789 --> 00:26:24,159

deflated balloon

797

00:26:28,630 --> 00:26:26,799

or airborne clutter off the table so

798

00:26:30,470 --> 00:26:28,640

through the process of elimination

799

00:26:31,990 --> 00:26:30,480

and through expanded information

800

00:26:32,950 --> 00:26:32,000

collection which this report is

801
00:26:35,669 --> 00:26:32,960
recommending

802
00:26:37,669 --> 00:26:35,679
including increased investment you know

803
00:26:39,669 --> 00:26:37,679
perhaps we are entering a new era of

804
00:26:42,710 --> 00:26:39,679
transparency on this issue

805
00:26:44,390 --> 00:26:42,720
and we won't follow the timeline of what

806
00:26:47,510 --> 00:26:44,400
happened in the past

807
00:26:48,710 --> 00:26:47,520
where you had 1947 and 1952 and then

808
00:26:50,630 --> 00:26:48,720
project blue book

809
00:26:54,149 --> 00:26:50,640
and then the government essentially shut

810
00:26:57,190 --> 00:26:54,159
down the public sharing of information

811
00:26:59,590 --> 00:26:57,200
and saying that all these issues

812
00:27:00,630 --> 00:26:59,600
that these are just prosaic mundane

813
00:27:02,630 --> 00:27:00,640

explanations

814

00:27:04,470 --> 00:27:02,640

i believe that we are there there is a

815

00:27:06,470 --> 00:27:04,480

kind of a sea change happening

816

00:27:08,630 --> 00:27:06,480

and as long as we continue to press for

817

00:27:11,110 --> 00:27:08,640

the release of this information

818

00:27:12,950 --> 00:27:11,120

um i think that uh the government won't

819

00:27:14,789 --> 00:27:12,960

really be able to shut this down

820

00:27:16,310 --> 00:27:14,799

uh like they did last time in the late

821

00:27:17,830 --> 00:27:16,320

60s

822

00:27:19,510 --> 00:27:17,840

you're always going to have this

823

00:27:22,230 --> 00:27:19,520

national security element

824

00:27:24,310 --> 00:27:22,240

to it that's going to filter the

825

00:27:25,669 --> 00:27:24,320

information that we receive right and

826

00:27:27,909 --> 00:27:25,679

and limit the information that we

827

00:27:30,389 --> 00:27:27,919

receive for for good reason

828

00:27:31,750 --> 00:27:30,399

we don't want to reveal our capabilities

829

00:27:33,669 --> 00:27:31,760

we don't want to reveal what we

830

00:27:35,909 --> 00:27:33,679

necessarily don't know

831

00:27:37,029 --> 00:27:35,919

we don't necessarily reveal all that we

832

00:27:38,310 --> 00:27:37,039

do know

833

00:27:40,389 --> 00:27:38,320

you know because there's this foreign

834

00:27:40,950 --> 00:27:40,399

adversary element to it and so on right

835

00:27:42,870 --> 00:27:40,960

so that

836

00:27:44,310 --> 00:27:42,880

kind of makes sense as to why there's

837

00:27:46,470 --> 00:27:44,320

always going to be these

838

00:27:48,070 --> 00:27:46,480

filters to what we receive and we get an

839

00:27:50,149 --> 00:27:48,080

eight-page report whereas congress gets

840

00:27:52,389 --> 00:27:50,159

a longer report and so on

841

00:27:53,750 --> 00:27:52,399

now there's a lot of people in ufology

842

00:27:54,870 --> 00:27:53,760

correct me if i'm wrong because i'm not

843

00:27:57,669 --> 00:27:54,880

part of that

844

00:27:58,310 --> 00:27:57,679

that believe that well the reason

845

00:28:01,269 --> 00:27:58,320

they're not

846

00:28:02,710 --> 00:28:01,279

being more forthcoming with information

847

00:28:06,070 --> 00:28:02,720

is not what i just said

848

00:28:06,549 --> 00:28:06,080

it's because they know that this stuff

849

00:28:09,909 --> 00:28:06,559

is

850

00:28:12,070 --> 00:28:09,919

you know extraterrestrial and they think

851
00:28:13,190 --> 00:28:12,080
that the american public is not ready

852
00:28:16,149 --> 00:28:13,200
for it

853
00:28:17,269 --> 00:28:16,159
we need to kind of slowly prepare the

854
00:28:19,750 --> 00:28:17,279
public for this

855
00:28:20,950 --> 00:28:19,760
because we're afraid of what kind of

856
00:28:23,510 --> 00:28:20,960
response there's going to be

857
00:28:25,269 --> 00:28:23,520
when you know like the movie contact

858
00:28:26,310 --> 00:28:25,279
where people learn for the first time

859
00:28:27,909 --> 00:28:26,320
that holy cow

860
00:28:29,830 --> 00:28:27,919
we really have been visited and there's

861
00:28:33,029 --> 00:28:29,840
life on other planets and and you know

862
00:28:36,230 --> 00:28:33,039
are we doomed or or what have you so

863
00:28:39,669 --> 00:28:36,240

uh where do you guys stand on that

864

00:28:41,750 --> 00:28:39,679

issue um i i've never

865

00:28:44,389 --> 00:28:41,760

held strongly to the belief that there

866

00:28:45,990 --> 00:28:44,399

is some controlling agency out there

867

00:28:47,590 --> 00:28:46,000

you know a bunch of men in a dark room

868

00:28:50,310 --> 00:28:47,600

smoking cigars controlling

869

00:28:51,110 --> 00:28:50,320

the secrets of aliens existence on it it

870

00:28:53,029 --> 00:28:51,120

just

871

00:28:55,350 --> 00:28:53,039

i would love to see evidence of that but

872

00:28:58,710 --> 00:28:55,360

every time somebody brings something up

873

00:28:59,830 --> 00:28:58,720

it falls apart in my humble opinion

874

00:29:01,990 --> 00:28:59,840

pretty quickly but

875

00:29:03,350 --> 00:29:02,000

on the other hand people people know

876

00:29:06,230 --> 00:29:03,360

things so part of me

877

00:29:07,909 --> 00:29:06,240

and they um you know there's reasons

878

00:29:09,750 --> 00:29:07,919

that things are kept quiet but as far as

879

00:29:12,549 --> 00:29:09,760

some grand conspiracy

880

00:29:14,230 --> 00:29:12,559

i think that if you look at the reaction

881

00:29:16,389 --> 00:29:14,240

of those people we know

882

00:29:18,149 --> 00:29:16,399

that got the classified portion of the

883

00:29:19,909 --> 00:29:18,159

report

884

00:29:21,590 --> 00:29:19,919

well we would assume that they're being

885

00:29:23,590 --> 00:29:21,600

told the truth and none of them are

886

00:29:24,950 --> 00:29:23,600

jumping off of you know cliff saying oh

887

00:29:26,950 --> 00:29:24,960

my god aliens are here they're saying

888

00:29:28,230 --> 00:29:26,960

it's fascinating it's compelling it's

889

00:29:30,230 --> 00:29:28,240

changed me

890

00:29:32,310 --> 00:29:30,240

so they were showing something that that

891

00:29:34,070 --> 00:29:32,320

at least leads them to

892

00:29:35,430 --> 00:29:34,080

believe that we should put some more

893

00:29:38,149 --> 00:29:35,440

effort into figuring out what this stuff

894

00:29:40,149 --> 00:29:38,159

is but as far as a grand conspiracy

895

00:29:41,510 --> 00:29:40,159

yeah i don't i don't believe it but i

896

00:29:45,190 --> 00:29:41,520

also don't know

897

00:29:46,630 --> 00:29:45,200

right yeah and just piggybacking on what

898

00:29:49,350 --> 00:29:46,640

rocky said about

899

00:29:51,029 --> 00:29:49,360

the reactions that you're getting from

900

00:29:52,789 --> 00:29:51,039

people that have received the classified

901
00:29:55,830 --> 00:29:52,799
information like for example

902
00:29:58,070 --> 00:29:55,840
andre carson the u.s rep

903
00:29:58,950 --> 00:29:58,080
from indiana from the indianapolis area

904
00:30:02,070 --> 00:29:58,960
he did a

905
00:30:03,830 --> 00:30:02,080
interview on this topic on pbs

906
00:30:05,350 --> 00:30:03,840
and he's basically saying there's going

907
00:30:06,870 --> 00:30:05,360
to be hearings coming up

908
00:30:07,830 --> 00:30:06,880
he's on the intelligence committee i

909
00:30:09,190 --> 00:30:07,840
believe he's the chair of the

910
00:30:11,750 --> 00:30:09,200
intelligence committee

911
00:30:13,510 --> 00:30:11,760
and just the tone of the way that

912
00:30:16,630 --> 00:30:13,520
they're describing this

913
00:30:19,430 --> 00:30:16,640

it's not the you know

914

00:30:20,470 --> 00:30:19,440

wild-eyed uh expression of a true

915

00:30:22,950 --> 00:30:20,480

believer

916

00:30:25,350 --> 00:30:22,960

it's rather somebody that's been exposed

917

00:30:28,310 --> 00:30:25,360

to unequivocal

918

00:30:30,389 --> 00:30:28,320

information that shows that these are

919

00:30:32,870 --> 00:30:30,399

real physical objects

920

00:30:34,950 --> 00:30:32,880

and that they're doing uh they're

921

00:30:36,789 --> 00:30:34,960

demonstrating technology that's several

922

00:30:40,870 --> 00:30:36,799

generations beyond

923

00:30:44,230 --> 00:30:40,880

what uh anything we would expect from

924

00:30:44,710 --> 00:30:44,240

from uh defense departments in russia

925

00:30:47,830 --> 00:30:44,720

china

926
00:30:51,590 --> 00:30:47,840
america or or elsewhere on the planet

927
00:30:54,230 --> 00:30:51,600
and you know so

928
00:30:54,630 --> 00:30:54,240
from a speculative standpoint you start

929
00:30:56,870 --> 00:30:54,640
to

930
00:30:57,990 --> 00:30:56,880
kind of back engineer well where could

931
00:31:01,029 --> 00:30:58,000
this come from

932
00:31:02,870 --> 00:31:01,039
and this is when the et hypothesis is a

933
00:31:05,509 --> 00:31:02,880
very plausible option

934
00:31:07,110 --> 00:31:05,519
and i believe it's plausible jim because

935
00:31:09,430 --> 00:31:07,120
when you consider the some

936
00:31:10,149 --> 00:31:09,440
odd 20 billion earth-like planets

937
00:31:12,630 --> 00:31:10,159
orbiting

938
00:31:15,190 --> 00:31:12,640

sun-like stars in the galaxy and you

939

00:31:17,430 --> 00:31:15,200

consider that many of these planets are

940

00:31:19,190 --> 00:31:17,440

on average a billion years older than

941

00:31:22,230 --> 00:31:19,200

ours

942

00:31:23,509 --> 00:31:22,240

if you start to think about technology

943

00:31:26,789 --> 00:31:23,519

developing

944

00:31:28,470 --> 00:31:26,799

in another civilization there's a

945

00:31:31,029 --> 00:31:28,480

certain component that is an

946

00:31:33,269 --> 00:31:31,039

information gathering component about

947

00:31:35,509 --> 00:31:33,279

the ability to develop technology

948

00:31:36,470 --> 00:31:35,519

there's a certain curiosity about the

949

00:31:39,750 --> 00:31:36,480

surrounding world

950

00:31:40,789 --> 00:31:39,760

and and you know the nature of the

951
00:31:43,830 --> 00:31:40,799
universe

952
00:31:46,149 --> 00:31:43,840
um and so the idea that when you advance

953
00:31:48,630 --> 00:31:46,159
your technology to a sufficient place

954
00:31:50,310 --> 00:31:48,640
where there are no technological or

955
00:31:53,669 --> 00:31:50,320
intellectual or physical

956
00:31:54,230 --> 00:31:53,679
resource limitations you start to think

957
00:31:57,269 --> 00:31:54,240
that

958
00:31:57,830 --> 00:31:57,279
why wouldn't they do a program to

959
00:32:01,029 --> 00:31:57,840
collect

960
00:32:03,029 --> 00:32:01,039
information on their neighbors and

961
00:32:04,950 --> 00:32:03,039
um you know this has been described in

962
00:32:06,909 --> 00:32:04,960
various forms there's a thing called

963
00:32:09,350 --> 00:32:06,919

neumann probes which would be

964

00:32:11,350 --> 00:32:09,360

self-replicating probes that go out

965

00:32:12,630 --> 00:32:11,360

and circumnavigate the galaxy and i

966

00:32:15,509 --> 00:32:12,640

think that even in

967

00:32:15,909 --> 00:32:15,519

conventional speeds these neumann probes

968

00:32:19,909 --> 00:32:15,919

uh

969

00:32:23,269 --> 00:32:19,919

million years

970

00:32:26,310 --> 00:32:23,279

and so why wouldn't they find us

971

00:32:28,149 --> 00:32:26,320

first and you know perhaps even the

972

00:32:29,750 --> 00:32:28,159

occam's razor the most likely

973

00:32:31,190 --> 00:32:29,760

explanation when you consider the

974

00:32:31,990 --> 00:32:31,200

extraordinary performance of these

975

00:32:34,070 --> 00:32:32,000

objects

976
00:32:35,430 --> 00:32:34,080
if indeed they have been proven to be

977
00:32:38,070 --> 00:32:35,440
physical objects

978
00:32:40,549 --> 00:32:38,080
and admittedly we do not have the

979
00:32:42,310 --> 00:32:40,559
evidence of that in the public space yet

980
00:32:43,590 --> 00:32:42,320
we have the testimony of folks like

981
00:32:46,070 --> 00:32:43,600
louis elizondo

982
00:32:47,269 --> 00:32:46,080
and chris mellon and then the reactions

983
00:32:49,190 --> 00:32:47,279
of some of the folks that have been

984
00:32:50,470 --> 00:32:49,200
exposed to these classified briefings

985
00:32:52,470 --> 00:32:50,480
and you kind of you know through

986
00:32:54,149 --> 00:32:52,480
deductive reasoning you can piece

987
00:32:55,430 --> 00:32:54,159
together that these have been confirmed

988
00:32:57,269 --> 00:32:55,440

to be physical objects

989

00:32:58,549 --> 00:32:57,279

but if they are and they're doing this

990

00:33:00,950 --> 00:32:58,559

kind of performance

991

00:33:03,350 --> 00:33:00,960

accelerating at 9000 miles an hour and

992

00:33:05,509 --> 00:33:03,360

doing a 90 degree turn for example

993

00:33:07,909 --> 00:33:05,519

if this is indeed the case certainly the

994

00:33:11,430 --> 00:33:07,919

et hypothesis becomes a plausible

995

00:33:12,310 --> 00:33:11,440

explanation yeah my biggest takeaway

996

00:33:15,590 --> 00:33:12,320

from the report

997

00:33:16,549 --> 00:33:15,600

is again the government reconfirming

998

00:33:18,789 --> 00:33:16,559

this essentially

999

00:33:20,870 --> 00:33:18,799

right that confirming that these are

1000

00:33:25,509 --> 00:33:20,880

physical objects

1001

00:33:28,389 --> 00:33:25,519

and that uh in 18 incidents

1002

00:33:29,830 --> 00:33:28,399

uh observers reported unusual uap

1003

00:33:31,110 --> 00:33:29,840

movement patterns or flight

1004

00:33:33,190 --> 00:33:31,120

characteristics

1005

00:33:34,549 --> 00:33:33,200

so you're kind of they're confirming

1006

00:33:37,430 --> 00:33:34,559

there's something physical

1007

00:33:39,029 --> 00:33:37,440

that's performing in a manner that we

1008

00:33:41,830 --> 00:33:39,039

don't it's not a known

1009

00:33:44,310 --> 00:33:41,840

technology right without a discernible

1010

00:33:46,710 --> 00:33:44,320

means of propulsion

1011

00:33:48,549 --> 00:33:46,720

now yeah go ahead well i was going to

1012

00:33:50,470 --> 00:33:48,559

say the only qualifier to that and i'm

1013

00:33:53,590 --> 00:33:50,480

trying to find it here in the report

1014

00:33:56,470 --> 00:33:53,600

is that they do at some point say

1015

00:33:57,509 --> 00:33:56,480

it's possible that it could be because

1016

00:34:00,310 --> 00:33:57,519

of some

1017

00:34:01,110 --> 00:34:00,320

uh problem in the in the detection of it

1018

00:34:04,830 --> 00:34:01,120

um

1019

00:34:06,389 --> 00:34:04,840

referring to yes and jim you as an

1020

00:34:12,790 --> 00:34:06,399

attorney

1021

00:34:15,829 --> 00:34:12,800

a lot on public documents

1022

00:34:17,750 --> 00:34:15,839

and uh i would think that this kind of

1023

00:34:21,430 --> 00:34:17,760

caveat

1024

00:34:22,310 --> 00:34:21,440

seems to speak to a review by general

1025

00:34:25,750 --> 00:34:22,320

counsel

1026

00:34:27,669 --> 00:34:25,760

that's just my read on it what is what

1027

00:34:29,669 --> 00:34:27,679

is your read there or do you think

1028

00:34:32,389 --> 00:34:29,679

you know because the weasel words quote

1029

00:34:36,069 --> 00:34:32,399

unquote woven throughout this document

1030

00:34:37,270 --> 00:34:36,079

um really seemed to be a cya factor you

1031

00:34:39,349 --> 00:34:37,280

know covering

1032

00:34:41,270 --> 00:34:39,359

the uh hindmost corridor of the folks

1033

00:34:41,829 --> 00:34:41,280

that are submitting this report to

1034

00:34:44,389 --> 00:34:41,839

congress

1035

00:34:45,589 --> 00:34:44,399

admittedly as an expression of law

1036

00:34:48,629 --> 00:34:45,599

they've been ordered by

1037

00:34:50,629 --> 00:34:48,639

law to produce this report and even the

1038

00:34:53,349 --> 00:34:50,639

title of the report calling it

1039

00:34:55,430 --> 00:34:53,359

a preliminary assessment you know gives

1040

00:34:57,829 --> 00:34:55,440

them the opportunity to clarify at a

1041

00:35:00,630 --> 00:34:57,839

later date in a different direction

1042

00:35:02,470 --> 00:35:00,640

well my take on it was was that yeah

1043

00:35:05,190 --> 00:35:02,480

essentially they're confirming

1044

00:35:07,349 --> 00:35:05,200

that there's these 18 incidents we

1045

00:35:09,270 --> 00:35:07,359

believe they were physical

1046

00:35:11,190 --> 00:35:09,280

and they were exhibiting these this

1047

00:35:13,349 --> 00:35:11,200

maneuverability etc

1048

00:35:15,349 --> 00:35:13,359

um so then when you think about well

1049

00:35:18,550 --> 00:35:15,359

what could be the explanation

1050

00:35:20,470 --> 00:35:18,560

for this this is either earthly or

1051

00:35:22,870 --> 00:35:20,480

extraterrestrial

1052

00:35:24,950 --> 00:35:22,880

it's hard to imagine that it's earthly

1053

00:35:26,230 --> 00:35:24,960

because based on all of our technologies

1054

00:35:29,510 --> 00:35:26,240

that we

1055

00:35:32,230 --> 00:35:29,520

to create

1056

00:35:33,349 --> 00:35:32,240

this this guy jack sarfati you know

1057

00:35:34,790 --> 00:35:33,359

we're going to have him on the show

1058

00:35:35,750 --> 00:35:34,800

again i think on the episode right after

1059

00:35:37,990 --> 00:35:35,760

this

1060

00:35:39,670 --> 00:35:38,000

says that he knows the technology that

1061

00:35:41,349 --> 00:35:39,680

would be necessary to do this and he

1062

00:35:43,109 --> 00:35:41,359

thinks that it's doable and is

1063

00:35:45,510 --> 00:35:43,119

understandable based on einstein's

1064

00:35:46,710 --> 00:35:45,520

general theory of relativity and gravity

1065

00:35:48,870 --> 00:35:46,720

and and so on

1066

00:35:50,069 --> 00:35:48,880

but in order to make it he said it would

1067

00:35:52,069 --> 00:35:50,079

be like creating

1068

00:35:53,829 --> 00:35:52,079

you know the the atom bomb you know it's

1069

00:35:55,190 --> 00:35:53,839

that type of a manhattan project in

1070

00:35:58,230 --> 00:35:55,200

order to create this thing

1071

00:36:01,030 --> 00:35:58,240

and just to interject briefly um

1072

00:36:03,030 --> 00:36:01,040

i would think that the copernican shift

1073

00:36:05,829 --> 00:36:03,040

to go from say

1074

00:36:07,589 --> 00:36:05,839

conventional understanding of newtonian

1075

00:36:10,470 --> 00:36:07,599

physics toward

1076
00:36:13,190 --> 00:36:10,480
unleashing the power of the atom that

1077
00:36:16,630 --> 00:36:13,200
copernican shift that had occurred there

1078
00:36:18,710 --> 00:36:16,640
the ability to manipulate space-time

1079
00:36:20,790 --> 00:36:18,720
in the context of developing technology

1080
00:36:24,230 --> 00:36:20,800
based on space-time engineering

1081
00:36:25,990 --> 00:36:24,240
is even a greater leap okay yeah

1082
00:36:27,349 --> 00:36:26,000
you're probably right certainly sarfati

1083
00:36:29,349 --> 00:36:27,359
would was say

1084
00:36:31,190 --> 00:36:29,359
at minimum it's it's equal but but

1085
00:36:34,870 --> 00:36:31,200
probably even greater

1086
00:36:37,990 --> 00:36:34,880
so so being earthly doesn't seem to

1087
00:36:40,310 --> 00:36:38,000
make sense for it to be extraterrestrial

1088
00:36:41,910 --> 00:36:40,320

is just hard to believe just because

1089

00:36:42,630 --> 00:36:41,920

extra thresholds are hard to believe

1090

00:36:44,790 --> 00:36:42,640

right so

1091

00:36:46,310 --> 00:36:44,800

to to to proffer that there could be a

1092

00:36:48,950 --> 00:36:46,320

third option

1093

00:36:51,270 --> 00:36:48,960

that i guess it's possible that somehow

1094

00:36:53,910 --> 00:36:51,280

we misdetected these things that that

1095

00:36:54,550 --> 00:36:53,920

somehow i mean i don't think it's their

1096

00:36:57,589 --> 00:36:54,560

number one

1097

00:36:59,030 --> 00:36:57,599

option but both are so extraordinary as

1098

00:36:59,750 --> 00:36:59,040

far as the other two options that you

1099

00:37:01,510 --> 00:36:59,760

have to

1100

00:37:03,430 --> 00:37:01,520

sprinkle in there the third option that

1101

00:37:05,589 --> 00:37:03,440

maybe there was some type of faulty

1102

00:37:06,870 --> 00:37:05,599

detection going on here but you know

1103

00:37:08,710 --> 00:37:06,880

they're saying that it was

1104

00:37:10,390 --> 00:37:08,720

in these incidents there was uh they

1105

00:37:13,430 --> 00:37:10,400

were detected on multiple

1106

00:37:16,310 --> 00:37:13,440

uh systems right and not

1107

00:37:16,870 --> 00:37:16,320

not to mention the the eyewitnesses so

1108

00:37:18,390 --> 00:37:16,880

um

1109

00:37:21,190 --> 00:37:18,400

yeah i mean i think you have to throw it

1110

00:37:23,349 --> 00:37:21,200

out there as still being a possibility

1111

00:37:24,710 --> 00:37:23,359

but i think the the correct reading of

1112

00:37:28,069 --> 00:37:24,720

this report

1113

00:37:30,150 --> 00:37:28,079

is that they think that that's not very

1114

00:37:31,750 --> 00:37:30,160

likely so you're you're back to earthly

1115

00:37:33,510 --> 00:37:31,760

or extraterrestrial

1116

00:37:35,190 --> 00:37:33,520

and and the national security

1117

00:37:37,910 --> 00:37:35,200

institutions are not

1118

00:37:40,310 --> 00:37:37,920

in the education business or the

1119

00:37:41,670 --> 00:37:40,320

business of advancing the philosophy of

1120

00:37:43,510 --> 00:37:41,680

humankind

1121

00:37:45,109 --> 00:37:43,520

um they're in the business of protecting

1122

00:37:46,950 --> 00:37:45,119

national security protecting and

1123

00:37:49,190 --> 00:37:46,960

defending the constitution

1124

00:37:50,390 --> 00:37:49,200

saving lives ultimately saving american

1125

00:37:53,349 --> 00:37:50,400

lives protecting

1126
00:37:54,310 --> 00:37:53,359
our interests around the world and so if

1127
00:37:59,190 --> 00:37:54,320
they do not

1128
00:38:03,030 --> 00:37:59,200
have a conclusion as to what this is

1129
00:38:04,870 --> 00:38:03,040
then they have to offer even those most

1130
00:38:06,470 --> 00:38:04,880
simple prosaic explanations is a

1131
00:38:09,670 --> 00:38:06,480
potential option here

1132
00:38:11,430 --> 00:38:09,680
right um until they have a conclusion

1133
00:38:12,790 --> 00:38:11,440
they're not going to say it's it's if

1134
00:38:15,910 --> 00:38:12,800
it's an extraordinary

1135
00:38:18,950 --> 00:38:15,920
conclusion they they need to know 100

1136
00:38:20,710 --> 00:38:18,960
that that's the case actually back in

1137
00:38:22,550 --> 00:38:20,720
the in the late 40s once again

1138
00:38:25,030 --> 00:38:22,560

there was a general name nathan twining

1139

00:38:26,950 --> 00:38:25,040

who you know famously isn't

1140

00:38:28,470 --> 00:38:26,960

in involved in this memorandum that

1141

00:38:30,230 --> 00:38:28,480

basically says these things are neither

1142

00:38:31,990 --> 00:38:30,240

imaginary nor fictitious and then gets

1143

00:38:35,270 --> 00:38:32,000

into a big long diatribe of

1144

00:38:36,310 --> 00:38:35,280

of of describing them and um and you

1145

00:38:37,829 --> 00:38:36,320

know earlier i mentioned

1146

00:38:39,750 --> 00:38:37,839

general john samford talking about the

1147

00:38:41,829 --> 00:38:39,760

same thing a couple years later

1148

00:38:43,910 --> 00:38:41,839

year after year after year decade after

1149

00:38:46,310 --> 00:38:43,920

decade there have been similar reports

1150

00:38:47,670 --> 00:38:46,320

not all have been made as as famous as

1151

00:38:49,430 --> 00:38:47,680

this recent one

1152

00:38:51,349 --> 00:38:49,440

but they all say the same thing i'll say

1153

00:38:53,030 --> 00:38:51,359

that there's real three-dimensional

1154

00:38:56,310 --> 00:38:53,040

highly sophisticated craft

1155

00:38:57,349 --> 00:38:56,320

seemingly involved um in in over flights

1156

00:38:58,550 --> 00:38:57,359

of the united states and

1157

00:38:59,829 --> 00:38:58,560

and that's really what they concern

1158

00:39:00,630 --> 00:38:59,839

themselves with is the united states of

1159

00:39:05,349 --> 00:39:00,640

course but

1160

00:39:08,069 --> 00:39:05,359

it's worldwide and so so i i think that

1161

00:39:09,430 --> 00:39:08,079

it it's it becomes exceptionally

1162

00:39:11,829 --> 00:39:09,440

difficult

1163

00:39:12,710 --> 00:39:11,839

for people who you know work on these

1164

00:39:16,069 --> 00:39:12,720

radars and

1165

00:39:19,109 --> 00:39:16,079

and military people to continually

1166

00:39:21,109 --> 00:39:19,119

try and find more and more fantastic

1167

00:39:23,190 --> 00:39:21,119

faults in the equipment when every

1168

00:39:25,829 --> 00:39:23,200

single piece of equipment

1169

00:39:26,390 --> 00:39:25,839

over the decades seems to have the same

1170

00:39:29,349 --> 00:39:26,400

fault

1171

00:39:30,550 --> 00:39:29,359

right so so this is a little bit of a

1172

00:39:32,069 --> 00:39:30,560

problem and of course

1173

00:39:33,430 --> 00:39:32,079

i'm sure some scientists skeptic out

1174

00:39:34,470 --> 00:39:33,440

there could say well yeah that's because

1175

00:39:36,630 --> 00:39:34,480

of xyz

1176

00:39:37,589 --> 00:39:36,640

but i i guess i need to hear that i i

1177

00:39:39,670 --> 00:39:37,599

think that

1178

00:39:42,150 --> 00:39:39,680

nathan general nathan twining you know

1179

00:39:43,829 --> 00:39:42,160

and general sanford back in the day they

1180

00:39:45,829 --> 00:39:43,839

both said

1181

00:39:47,910 --> 00:39:45,839

that um you know these these witnesses

1182

00:39:49,430 --> 00:39:47,920

in many cases were incredibly

1183

00:39:51,270 --> 00:39:49,440

they were credible to the military

1184

00:39:53,510 --> 00:39:51,280

because they were their own people

1185

00:39:54,550 --> 00:39:53,520

and um you know there were cases in fact

1186

00:39:57,109 --> 00:39:54,560

where

1187

00:39:58,790 --> 00:39:57,119

um chiefs of staff themselves were at

1188

00:40:00,390 --> 00:39:58,800

dinner parties and saw these things fly

1189

00:40:02,069 --> 00:40:00,400

over so they didn't know what to make of

1190

00:40:05,190 --> 00:40:02,079

it and and it's

1191

00:40:06,790 --> 00:40:05,200

it's um it's just become a point where

1192

00:40:08,630 --> 00:40:06,800

they they can't just dismiss it out of

1193

00:40:10,150 --> 00:40:08,640

hand saying it's all swamp gas

1194

00:40:12,230 --> 00:40:10,160

right it's to comment just really

1195

00:40:15,750 --> 00:40:12,240

quickly on the fact that

1196

00:40:18,950 --> 00:40:15,760

uh it's the military competent observers

1197

00:40:21,990 --> 00:40:18,960

that rocky cited you know this report uh

1198

00:40:23,829 --> 00:40:22,000

jim it mentions 144 reports

1199

00:40:25,829 --> 00:40:23,839

they were able to explain one of them as

1200

00:40:29,270 --> 00:40:25,839

being a deflated balloon

1201
00:40:30,150 --> 00:40:29,280
but of those 144 reports the majority of

1202
00:40:31,990 --> 00:40:30,160
them

1203
00:40:33,270 --> 00:40:32,000
happened in the last couple years

1204
00:40:35,109 --> 00:40:33,280
basically when

1205
00:40:36,390 --> 00:40:35,119
policies and procedures were established

1206
00:40:39,510 --> 00:40:36,400
by the navy

1207
00:40:40,230 --> 00:40:39,520
in 2019 and then in 2020 the air force

1208
00:40:42,069 --> 00:40:40,240
mirrored

1209
00:40:44,069 --> 00:40:42,079
those same policies and procedures for

1210
00:40:46,870 --> 00:40:44,079
reporting on these objects i mean it

1211
00:40:49,510 --> 00:40:46,880
does mention from to 2004

1212
00:40:50,069 --> 00:40:49,520
um but it says the majority coming in

1213
00:40:52,470 --> 00:40:50,079

the last

1214

00:40:55,109 --> 00:40:52,480

two years that essentially means an

1215

00:40:57,109 --> 00:40:55,119

incident every week

1216

00:40:58,870 --> 00:40:57,119

i mean that's an incredible thing that's

1217

00:40:59,750 --> 00:40:58,880

occurring right now it's not something

1218

00:41:02,710 --> 00:40:59,760

that's

1219

00:41:03,829 --> 00:41:02,720

once every quarter or a couple a handful

1220

00:41:07,829 --> 00:41:03,839

of times a year

1221

00:41:11,190 --> 00:41:07,839

this is happening on a regular basis so

1222

00:41:11,750 --> 00:41:11,200

by the way all these rep were all these

1223

00:41:15,430 --> 00:41:11,760

reports

1224

00:41:17,349 --> 00:41:15,440

states government it mentions

1225

00:41:18,870 --> 00:41:17,359

okay so what about like say a commercial

1226

00:41:20,790 --> 00:41:18,880

airline pilot

1227

00:41:22,309 --> 00:41:20,800

that's not included in this report and i

1228

00:41:23,829 --> 00:41:22,319

think the main reason

1229

00:41:25,589 --> 00:41:23,839

is because they want to have some

1230

00:41:27,589 --> 00:41:25,599

accountability regarding

1231

00:41:29,030 --> 00:41:27,599

the procedures with which the data and

1232

00:41:30,550 --> 00:41:29,040

the reports were made

1233

00:41:32,390 --> 00:41:30,560

and so the government is staying in

1234

00:41:33,829 --> 00:41:32,400

their lane so to speak the military is

1235

00:41:35,670 --> 00:41:33,839

staying in their lane

1236

00:41:37,270 --> 00:41:35,680

they want you know there's certain

1237

00:41:38,710 --> 00:41:37,280

attributes that are reported on any

1238

00:41:41,589 --> 00:41:38,720

particular incident

1239

00:41:42,470 --> 00:41:41,599

and they're comfortable opining on that

1240

00:41:44,950 --> 00:41:42,480

again

1241

00:41:45,829 --> 00:41:44,960

could be the product of legal review

1242

00:41:48,230 --> 00:41:45,839

there's also the

1243

00:41:50,069 --> 00:41:48,240

the problem with push and pull so if

1244

00:41:51,990 --> 00:41:50,079

there are people pushing reports out you

1245

00:41:55,349 --> 00:41:52,000

know witnesses see things and and

1246

00:41:56,630 --> 00:41:55,359

the faa for example does receive reports

1247

00:41:58,069 --> 00:41:56,640

but they're not pulling for it they're

1248

00:41:59,349 --> 00:41:58,079

not asking anybody to give them

1249

00:42:01,750 --> 00:41:59,359

information people are

1250

00:42:03,349 --> 00:42:01,760

saying hey i saw this here's my report

1251
00:42:03,910 --> 00:42:03,359
when you don't have someone on the other

1252
00:42:07,030 --> 00:42:03,920
end

1253
00:42:07,670 --> 00:42:07,040
pulling for that stuff to actually take

1254
00:42:13,270 --> 00:42:07,680
it

1255
00:42:14,390 --> 00:42:13,280
a a uh an organization that's full of

1256
00:42:16,550 --> 00:42:14,400
reports but no

1257
00:42:17,750 --> 00:42:16,560
no real conclusions this this recent

1258
00:42:20,309 --> 00:42:17,760
report seems to be

1259
00:42:23,190 --> 00:42:20,319
an attempt for the first time probably

1260
00:42:24,790 --> 00:42:23,200
openly since 1969 or 1970

1261
00:42:26,470 --> 00:42:24,800
where they're actually trying to analyze

1262
00:42:29,270 --> 00:42:26,480
this stuff and and that's

1263
00:42:29,750 --> 00:42:29,280

it's exactly where we left off in 1969

1264

00:42:31,030 --> 00:42:29,760

right

1265

00:42:32,790 --> 00:42:31,040

it's like someone hit the pause button

1266

00:42:35,349 --> 00:42:32,800

again you know just hit play

1267

00:42:36,870 --> 00:42:35,359

where where are other countries on this

1268

00:42:37,750 --> 00:42:36,880

are we the first country to have

1269

00:42:40,230 --> 00:42:37,760

prepared

1270

00:42:43,109 --> 00:42:40,240

our official government report like this

1271

00:42:46,390 --> 00:42:45,670

in as far as i know like there's been

1272

00:42:49,270 --> 00:42:46,400

multiple

1273

00:42:51,109 --> 00:42:49,280

countries who have had former government

1274

00:42:53,349 --> 00:42:51,119

officials such as france

1275

00:42:54,950 --> 00:42:53,359

they formed a organization you know a

1276

00:42:55,589 --> 00:42:54,960

bunch of former government officials

1277

00:42:57,109 --> 00:42:55,599

they formed this

1278

00:42:59,030 --> 00:42:57,119

this thing and they put out a report

1279

00:43:00,790 --> 00:42:59,040

called the camito report

1280

00:43:01,829 --> 00:43:00,800

and um i can't remember at the top of my

1281

00:43:03,190 --> 00:43:01,839

head what it stands for but it's about a

1282

00:43:06,230 --> 00:43:03,200

90 page report

1283

00:43:09,670 --> 00:43:06,240

back in the late 90s early 2000s on

1284

00:43:12,309 --> 00:43:09,680

you on ufos on uaps and so it it's

1285

00:43:14,470 --> 00:43:12,319

sometimes referred to as a as another

1286

00:43:15,990 --> 00:43:14,480

government report but in reality i don't

1287

00:43:17,670 --> 00:43:16,000

think it is um

1288

00:43:19,109 --> 00:43:17,680

as far as a standing government doing

1289

00:43:20,630 --> 00:43:19,119

reports on this stuff

1290

00:43:23,750 --> 00:43:20,640

yeah i think the united states is

1291

00:43:27,750 --> 00:43:25,430

there's a number of countries brazil

1292

00:43:31,190 --> 00:43:27,760

canada france soviet union

1293

00:43:34,150 --> 00:43:31,200

england different uh

1294

00:43:35,349 --> 00:43:34,160

entities similar to atip to investigate

1295

00:43:36,710 --> 00:43:35,359

the phenomenon

1296

00:43:39,430 --> 00:43:36,720

some of these countries have made their

1297

00:43:41,750 --> 00:43:39,440

files available in the public

1298

00:43:43,430 --> 00:43:41,760

um i know that in the second season of

1299

00:43:45,670 --> 00:43:43,440

an unidentified starring

1300

00:43:46,550 --> 00:43:45,680

you know louis elizondo and the tsa

1301

00:43:50,950 --> 00:43:46,560

crew

1302

00:43:52,870 --> 00:43:50,960

uh lewis had gone to italy for example

1303

00:43:54,230 --> 00:43:52,880

to look at reports i think he went down

1304

00:43:57,349 --> 00:43:54,240

to south america

1305

00:43:59,670 --> 00:43:57,359

to look at some reports so this is

1306

00:44:01,510 --> 00:43:59,680

definitely a global phenomenon

1307

00:44:02,790 --> 00:44:01,520

um you know one of the things that's

1308

00:44:07,589 --> 00:44:02,800

often brought up

1309

00:44:10,950 --> 00:44:07,599

jim in this topic is uh is it a threat

1310

00:44:13,670 --> 00:44:10,960

and oftentimes the conversation orbits

1311

00:44:16,069 --> 00:44:13,680

around this almost cartoonish binary

1312

00:44:17,670 --> 00:44:16,079

of either it's a threat or it's

1313

00:44:19,430 --> 00:44:17,680

completely benign

1314

00:44:20,829 --> 00:44:19,440

and you know there's several reasons why

1315

00:44:24,230 --> 00:44:20,839

i think that's

1316

00:44:26,069 --> 00:44:24,240

misguided um including

1317

00:44:27,589 --> 00:44:26,079

it's it would be difficult to say that

1318

00:44:29,430 --> 00:44:27,599

there's any constant

1319

00:44:31,589 --> 00:44:29,440

characteristic or philosophy that

1320

00:44:34,870 --> 00:44:31,599

humankind carries certainly

1321

00:44:36,950 --> 00:44:34,880

humankind is a very diverse expression

1322

00:44:38,390 --> 00:44:36,960

of of different values and things like

1323

00:44:40,750 --> 00:44:38,400

this uh so

1324

00:44:42,230 --> 00:44:40,760

to just assume that um an

1325

00:44:44,550 --> 00:44:42,240

extraterrestrial

1326
00:44:46,309 --> 00:44:44,560
uh non-human intelligence is all one

1327
00:44:50,390 --> 00:44:46,319
thing or another is a little bit

1328
00:44:54,069 --> 00:44:50,400
um uh stereo stereotyping

1329
00:44:56,470 --> 00:44:54,079
of different issues but also

1330
00:44:59,190 --> 00:44:56,480
from the context of national security

1331
00:45:01,829 --> 00:44:59,200
and the military

1332
00:45:03,510 --> 00:45:01,839
if you imagine a spectrum between being

1333
00:45:06,710 --> 00:45:03,520
completely benign

1334
00:45:08,550 --> 00:45:06,720
and completely a threat if it if it has

1335
00:45:10,710 --> 00:45:08,560
not been established

1336
00:45:12,710 --> 00:45:10,720
without any doubt that it's completely

1337
00:45:15,270 --> 00:45:12,720
benign

1338
00:45:16,870 --> 00:45:15,280

then it's a threat even if it's an

1339

00:45:18,550 --> 00:45:16,880

infinitesimal threat

1340

00:45:20,069 --> 00:45:18,560

threat for example i believe in the

1341

00:45:22,950 --> 00:45:20,079

report it mentions

1342

00:45:24,230 --> 00:45:22,960

near near mid-air collisions in 11 of

1343

00:45:26,870 --> 00:45:24,240

the incidents

1344

00:45:28,950 --> 00:45:26,880

so if you can imagine this is a story

1345

00:45:31,109 --> 00:45:28,960

louis elizano an example he gives if a

1346

00:45:33,750 --> 00:45:31,119

737's tooling across the

1347

00:45:34,870 --> 00:45:33,760

landscape and and this object flies in

1348

00:45:37,109 --> 00:45:34,880

front of the cockpit

1349

00:45:37,910 --> 00:45:37,119

and the pilot has to veer to avoid a

1350

00:45:40,069 --> 00:45:37,920

collision

1351
00:45:41,190 --> 00:45:40,079
well that's dangerous and that's a form

1352
00:45:44,309 --> 00:45:41,200
of threat

1353
00:45:47,910 --> 00:45:44,319
so i think that the military's business

1354
00:45:51,829 --> 00:45:47,920
in the context of protecting security

1355
00:45:53,270 --> 00:45:51,839
is going to game out various scenarios

1356
00:45:55,670 --> 00:45:53,280
if they're seeing

1357
00:45:57,750 --> 00:45:55,680
technology that's dominant that shows

1358
00:45:59,589 --> 00:45:57,760
battlefield dominance

1359
00:46:01,750 --> 00:45:59,599
like the way commander framer described

1360
00:46:03,910 --> 00:46:01,760
this object he was like

1361
00:46:05,270 --> 00:46:03,920
yeah their their thing could outfly me

1362
00:46:08,390 --> 00:46:05,280
and i really want to fly it

1363
00:46:11,109 --> 00:46:08,400

you know that was his reaction um if

1364

00:46:12,390 --> 00:46:11,119

if that kind of dominance is uh being

1365

00:46:16,150 --> 00:46:12,400

expressed

1366

00:46:18,470 --> 00:46:16,160

by a technological platform

1367

00:46:19,829 --> 00:46:18,480

we have to consider all scenarios

1368

00:46:21,670 --> 00:46:19,839

associated with that it would be

1369

00:46:23,670 --> 00:46:21,680

irresponsible not to

1370

00:46:25,109 --> 00:46:23,680

for the folks that are charged with

1371

00:46:27,589 --> 00:46:25,119

protecting security and

1372

00:46:28,790 --> 00:46:27,599

and uh and saving lives they never

1373

00:46:31,030 --> 00:46:28,800

actually called it a threat did they

1374

00:46:32,309 --> 00:46:31,040

they said a national security challenge

1375

00:46:34,470 --> 00:46:32,319

isn't that what they call it that's what

1376

00:46:37,910 --> 00:46:34,480

the report says yeah yeah you know

1377

00:46:41,589 --> 00:46:37,920

yeah general samford back in in 40 um

1378

00:46:43,349 --> 00:46:41,599

or sorry 52 he said it did not

1379

00:46:45,910 --> 00:46:43,359

seem to pose a threat because they

1380

00:46:46,870 --> 00:46:45,920

couldn't find any any pattern or of

1381

00:46:49,349 --> 00:46:46,880

consistency

1382

00:46:50,950 --> 00:46:49,359

or logic kind of to what was going on

1383

00:46:53,270 --> 00:46:50,960

they just didn't know

1384

00:46:54,069 --> 00:46:53,280

but they still fully admitted that there

1385

00:46:57,670 --> 00:46:54,079

was this

1386

00:47:00,470 --> 00:46:57,680

craft and um so

1387

00:47:01,750 --> 00:47:00,480

a threat or a non-uh i think that's if

1388

00:47:03,030 --> 00:47:01,760

there's anything new i guess that you

1389

00:47:04,470 --> 00:47:03,040

know byron probably hit the nail on the

1390

00:47:05,510 --> 00:47:04,480

head that's probably the newest thing is

1391

00:47:06,390 --> 00:47:05,520

that they're saying well possibly could

1392

00:47:09,589 --> 00:47:06,400

be a threat but

1393

00:47:12,630 --> 00:47:09,599

you know the faa has has had

1394

00:47:13,109 --> 00:47:12,640

um a lot of uh reports over the decades

1395

00:47:15,829 --> 00:47:13,119

and um

1396

00:47:18,230 --> 00:47:15,839

notably back in in 1986 and i think it

1397

00:47:20,470 --> 00:47:18,240

was november of 86 over top of alaska

1398

00:47:21,670 --> 00:47:20,480

there was a japan airlines flight flight

1399

00:47:23,990 --> 00:47:21,680

1628

1400

00:47:25,910 --> 00:47:24,000

the pilot kenju terauchi had been flying

1401
00:47:28,710 --> 00:47:25,920
for 29 years at that point

1402
00:47:29,430 --> 00:47:28,720
and him and his flight crew witnessed um

1403
00:47:31,589 --> 00:47:29,440
allegedly

1404
00:47:33,270 --> 00:47:31,599
a massive object and the reason i can

1405
00:47:34,710 --> 00:47:33,280
say it's a little more than allegedly

1406
00:47:36,390 --> 00:47:34,720
and this thing was very close to their

1407
00:47:39,750 --> 00:47:36,400
aircraft a 747

1408
00:47:40,950 --> 00:47:39,760
cargo plane um they this object was

1409
00:47:44,150 --> 00:47:40,960
tracked on multiple

1410
00:47:46,950 --> 00:47:44,160
radar including military and uh had seen

1411
00:47:47,990 --> 00:47:46,960
and it was seen after this on on various

1412
00:47:50,150 --> 00:47:48,000
occasions

1413
00:47:51,430 --> 00:47:50,160

the the chief investigator for the west

1414

00:47:52,630 --> 00:47:51,440

coast division was a guy named john

1415

00:47:55,589 --> 00:47:52,640

callahan

1416

00:47:57,030 --> 00:47:55,599

and if you look him up he's spoken about

1417

00:47:58,470 --> 00:47:57,040

this a number of times when i say chief

1418

00:48:00,790 --> 00:47:58,480

investigator i mean literally he was the

1419

00:48:02,710 --> 00:48:00,800

the west coast division chief for the

1420

00:48:04,390 --> 00:48:02,720

faa this is this is no

1421

00:48:05,910 --> 00:48:04,400

um you know spring chicken this guy knew

1422

00:48:06,870 --> 00:48:05,920

what he was talking about and he put

1423

00:48:09,270 --> 00:48:06,880

together

1424

00:48:11,030 --> 00:48:09,280

a briefing for the for president ronald

1425

00:48:12,549 --> 00:48:11,040

reagan's scientific study team on that

1426

00:48:15,670 --> 00:48:12,559

particular event

1427

00:48:18,069 --> 00:48:15,680

and uh mr calling him is no ufo guy

1428

00:48:20,069 --> 00:48:18,079

either um he in fact had no idea there

1429

00:48:24,150 --> 00:48:20,079

was an event but that radar data

1430

00:48:26,630 --> 00:48:24,160

is available and so interestingly is the

1431

00:48:28,230 --> 00:48:26,640

uh cockpit voice recordings from um

1432

00:48:29,190 --> 00:48:28,240

those aircraft and the aircraft control

1433

00:48:30,549 --> 00:48:29,200

towers and

1434

00:48:32,630 --> 00:48:30,559

and it was reported in the mainstream

1435

00:48:34,230 --> 00:48:32,640

media at the time and of course it just

1436

00:48:35,510 --> 00:48:34,240

got swept under the rug it just vanished

1437

00:48:38,150 --> 00:48:35,520

as a story but

1438

00:48:39,750 --> 00:48:38,160

there was a a large object that was

1439

00:48:40,870 --> 00:48:39,760

witnessed by multiple aircraft on

1440

00:48:44,309 --> 00:48:40,880

multiple locations

1441

00:48:46,870 --> 00:48:44,319

up there and um the answer is

1442

00:48:48,069 --> 00:48:46,880

well it's a ufo that that was the answer

1443

00:48:50,230 --> 00:48:48,079

we don't know

1444

00:48:52,230 --> 00:48:50,240

so i think it's time we should know i

1445

00:48:53,670 --> 00:48:52,240

mean your country alone is putting out

1446

00:48:56,790 --> 00:48:53,680

you know a trillion dollars a year or

1447

00:48:58,549 --> 00:48:56,800

closely um close to that in defense

1448

00:49:00,630 --> 00:48:58,559

bucks maybe maybe the taxpayers of the

1449

00:49:02,710 --> 00:49:00,640

united states need to actually

1450

00:49:04,870 --> 00:49:02,720

know what they're spending you know

1451

00:49:05,990 --> 00:49:04,880

what's out there if it is american

1452

00:49:08,309 --> 00:49:06,000

i don't think we'd be talking about this

1453

00:49:09,829 --> 00:49:08,319

at all you know i don't i don't think

1454

00:49:10,790 --> 00:49:09,839

there'd be a national discussion in a

1455

00:49:11,990 --> 00:49:10,800

briefing and a

1456

00:49:13,829 --> 00:49:12,000

you know all this kind of stuff i think

1457

00:49:15,349 --> 00:49:13,839

it's i think it's time to recognize that

1458

00:49:18,710 --> 00:49:15,359

there isn't just an unknown there

1459

00:49:21,910 --> 00:49:18,720

and um why not look at this

1460

00:49:22,230 --> 00:49:21,920

in a serious flight and it's been going

1461

00:49:24,790 --> 00:49:22,240

on

1462

00:49:25,270 --> 00:49:24,800

for decades as you point out so this is

1463

00:49:29,510 --> 00:49:25,280

not a

1464

00:49:30,549 --> 00:49:29,520

about the reports here i mean really

1465

00:49:32,950 --> 00:49:30,559

it's 18

1466

00:49:34,230 --> 00:49:32,960

reports according to this report which

1467

00:49:35,670 --> 00:49:34,240

is all

1468

00:49:37,510 --> 00:49:35,680

i think those are all just within the

1469

00:49:39,030 --> 00:49:37,520

past couple years but you know i'm i'm

1470

00:49:41,270 --> 00:49:39,040

distilling it down to the ones where

1471

00:49:43,589 --> 00:49:41,280

they're saying they had the unusual

1472

00:49:45,910 --> 00:49:43,599

patterns still this is military only

1473

00:49:48,630 --> 00:49:45,920

this is just the last couple years

1474

00:49:49,270 --> 00:49:48,640

um you know so the number of incidents

1475

00:49:52,390 --> 00:49:49,280

has to be

1476

00:49:54,870 --> 00:49:52,400

far far greater than this obviously

1477

00:49:56,230 --> 00:49:54,880

um as far as it being a threat or not i

1478

00:49:57,910 --> 00:49:56,240

mean

1479

00:49:59,910 --> 00:49:57,920

if you're if you're thinking extra

1480

00:50:01,190 --> 00:49:59,920

terrestrial i mean

1481

00:50:03,589 --> 00:50:01,200

simply because they visit us doesn't

1482

00:50:06,549 --> 00:50:03,599

mean they're going to bring weapons uh

1483

00:50:08,150 --> 00:50:06,559

with them that it presumably it's it's

1484

00:50:10,470 --> 00:50:08,160

surveillance

1485

00:50:12,630 --> 00:50:10,480

and um and presumably also it's

1486

00:50:14,549 --> 00:50:12,640

essentially a drone in the sense

1487

00:50:16,470 --> 00:50:14,559

that you know we don't quite know what

1488

00:50:18,790 --> 00:50:16,480

it would take to travel

1489

00:50:19,750 --> 00:50:18,800

here from many many many many light

1490

00:50:22,309 --> 00:50:19,760

years away

1491

00:50:24,069 --> 00:50:22,319

right right but the idea that it would

1492

00:50:27,190 --> 00:50:24,079

be some biological

1493

00:50:29,510 --> 00:50:27,200

being in the craft as opposed

1494

00:50:31,349 --> 00:50:29,520

to a.i that would be in the crowd you

1495

00:50:33,270 --> 00:50:31,359

would think it would be ai

1496

00:50:34,710 --> 00:50:33,280

right it would be some type of i think

1497

00:50:37,829 --> 00:50:34,720

that's safe to assume

1498

00:50:40,630 --> 00:50:37,839

you know that there's a an ai

1499

00:50:42,470 --> 00:50:40,640

component perhaps and that there's not

1500

00:50:44,870 --> 00:50:42,480

actual biological entities

1501
00:50:47,109 --> 00:50:44,880
in the craft you know one other option

1502
00:50:48,470 --> 00:50:47,119
uh that's been explored and this has

1503
00:50:50,790 --> 00:50:48,480
really been something that's been

1504
00:50:51,430 --> 00:50:50,800
floated by a lot of the people that have

1505
00:50:54,069 --> 00:50:51,440
been read

1506
00:50:54,710 --> 00:50:54,079
into the information like louis elizondo

1507
00:50:58,630 --> 00:50:54,720
is one

1508
00:51:01,109 --> 00:50:58,640
common thread jim is they mention

1509
00:51:03,270 --> 00:51:01,119
high strangeness as the term of art in

1510
00:51:04,230 --> 00:51:03,280
ufology which kind of means this almost

1511
00:51:07,349 --> 00:51:04,240
paranormal

1512
00:51:09,990 --> 00:51:07,359
psychological type of phenomena

1513
00:51:10,390 --> 00:51:10,000

and that perhaps instead of thinking of

1514

00:51:12,630 --> 00:51:10,400

of this

1515

00:51:13,910 --> 00:51:12,640

in terms of two dimensions like a

1516

00:51:16,390 --> 00:51:13,920

checkers

1517

00:51:17,670 --> 00:51:16,400

uh where there's extraterrestrials

1518

00:51:19,190 --> 00:51:17,680

twenty thousand light years away and

1519

00:51:19,910 --> 00:51:19,200

they come across space and they come

1520

00:51:22,470 --> 00:51:19,920

visit

1521

00:51:24,069 --> 00:51:22,480

uh planet earth you know perhaps that

1522

00:51:26,150 --> 00:51:24,079

this is a more natural occurring

1523

00:51:28,549 --> 00:51:26,160

phenomenon that's endemic

1524

00:51:30,069 --> 00:51:28,559

to the earth and that we're just

1525

00:51:33,349 --> 00:51:30,079

becoming aware

1526

00:51:36,549 --> 00:51:33,359

of it now um so they

1527

00:51:37,109 --> 00:51:36,559

they always seem to tend to indicate

1528

00:51:39,829 --> 00:51:37,119

that all

1529

00:51:40,230 --> 00:51:39,839

options are on the table and that's so

1530

00:51:43,430 --> 00:51:40,240

this

1531

00:51:45,670 --> 00:51:43,440

than a

1532

00:51:46,790 --> 00:51:45,680

uh roland emmerich movie you know

1533

00:51:48,950 --> 00:51:46,800

independence day

1534

00:51:50,069 --> 00:51:48,960

this may be way more bizarre than that

1535

00:51:51,589 --> 00:51:50,079

and

1536

00:51:53,430 --> 00:51:51,599

that's that's an interesting thing to

1537

00:51:56,150 --> 00:51:53,440

conceive of and also

1538

00:51:56,470 --> 00:51:56,160

uh i would i would be extremely hopeful

1539

00:51:59,030 --> 00:51:56,480

that

1540

00:51:59,670 --> 00:51:59,040

if there is a non-human intelligence

1541

00:52:06,390 --> 00:51:59,680

that

1542

00:52:09,030 --> 00:52:06,400

in um you know helping helping helping

1543

00:52:11,510 --> 00:52:09,040

humankind for example or at least

1544

00:52:12,950 --> 00:52:11,520

monitoring us and uh making

1545

00:52:16,069 --> 00:52:12,960

contributions to us

1546

00:52:18,390 --> 00:52:16,079

if contact does occur this is of course

1547

00:52:19,990 --> 00:52:18,400

uh the hope of millions millions of

1548

00:52:21,349 --> 00:52:20,000

people um

1549

00:52:23,510 --> 00:52:21,359

but i don't really think that we have

1550

00:52:26,790 --> 00:52:23,520

the evidence uh where it's falling

1551
00:52:27,109 --> 00:52:26,800
uh in that spectrum between being benign

1552
00:52:28,710 --> 00:52:27,119
or

1553
00:52:31,430 --> 00:52:28,720
threat we don't really have the evidence

1554
00:52:33,430 --> 00:52:31,440
uh yet so so let's go there real

1555
00:52:34,790 --> 00:52:33,440
quickly if you don't mind on the issue

1556
00:52:37,990 --> 00:52:34,800
of crashes

1557
00:52:41,430 --> 00:52:38,000
and whether one has crashed

1558
00:52:45,030 --> 00:52:41,440
on to earth or not where are we on

1559
00:52:47,349 --> 00:52:45,040
evidence of that belief in that etc

1560
00:52:48,230 --> 00:52:47,359
well you know i know rocky's got some

1561
00:52:51,829 --> 00:52:48,240
thoughts on this

1562
00:52:55,670 --> 00:52:51,839
um there was a 2019 new york times

1563
00:52:56,950 --> 00:52:55,680

uh article where uh physicist eric davis

1564

00:53:00,870 --> 00:52:56,960

is quoted

1565

00:53:04,230 --> 00:53:00,880

concerning uh briefing congress

1566

00:53:07,829 --> 00:53:04,240

on crash retrieval

1567

00:53:11,030 --> 00:53:07,839

and i think the context

1568

00:53:13,910 --> 00:53:11,040

of the reporting is critical and what's

1569

00:53:15,430 --> 00:53:13,920

actually being revealed by the reporting

1570

00:53:16,950 --> 00:53:15,440

because

1571

00:53:18,470 --> 00:53:16,960

there's also another interview with

1572

00:53:20,790 --> 00:53:18,480

chris mellon

1573

00:53:22,150 --> 00:53:20,800

mentioning that he is familiar with eric

1574

00:53:25,510 --> 00:53:22,160

davis's

1575

00:53:29,829 --> 00:53:25,520

ideas and theories on this uh

1576

00:53:33,190 --> 00:53:29,839

topic which i think the prevailing

1577

00:53:36,630 --> 00:53:33,200

theory is that there are unacknowledged

1578

00:53:37,829 --> 00:53:36,640

special access programs maintained by

1579

00:53:40,630 --> 00:53:37,839

the private sector

1580

00:53:41,990 --> 00:53:40,640

entities like lockheed martin and

1581

00:53:43,990 --> 00:53:42,000

there's only a very short

1582

00:53:45,349 --> 00:53:44,000

list of individuals that have access to

1583

00:53:48,390 --> 00:53:45,359

this information

1584

00:53:50,069 --> 00:53:48,400

and ostensibly if a disc crashed in

1585

00:53:52,230 --> 00:53:50,079

roswell new mexico

1586

00:53:53,990 --> 00:53:52,240

the disc was whisked away and then

1587

00:53:56,230 --> 00:53:54,000

became the provenance

1588

00:53:57,430 --> 00:53:56,240

of one of these unacknowledged special

1589

00:53:59,990 --> 00:53:57,440

access programs

1590

00:54:00,549 --> 00:54:00,000

and even the president can't can't

1591

00:54:02,870 --> 00:54:00,559

access

1592

00:54:04,309 --> 00:54:02,880

it and bill clinton tried and barack

1593

00:54:06,470 --> 00:54:04,319

obama tried and

1594

00:54:07,349 --> 00:54:06,480

they can't even access that information

1595

00:54:10,150 --> 00:54:07,359

and so

1596

00:54:11,349 --> 00:54:10,160

perhaps in the deep recesses recesses of

1597

00:54:14,069 --> 00:54:11,359

the dark

1598

00:54:14,549 --> 00:54:14,079

you know infrastructure of the american

1599

00:54:20,549 --> 00:54:14,559

uh

1600

00:54:22,309 --> 00:54:20,559

this evidence exists these materials

1601
00:54:24,390 --> 00:54:22,319
exist

1602
00:54:26,630 --> 00:54:24,400
i think that those are just theories and

1603
00:54:28,710 --> 00:54:26,640
so any briefing that had occurred to

1604
00:54:30,470 --> 00:54:28,720
congress concerning those potential

1605
00:54:31,990 --> 00:54:30,480
theories were just theories and they

1606
00:54:33,430 --> 00:54:32,000
weren't literally saying

1607
00:54:35,109 --> 00:54:33,440
that there's an unacknowledged special

1608
00:54:36,470 --> 00:54:35,119
access program that has a disc and

1609
00:54:38,710 --> 00:54:36,480
bodies etc

1610
00:54:40,789 --> 00:54:38,720
so like i mentioned earlier i have i've

1611
00:54:43,349 --> 00:54:40,799
done research into the roswell incident

1612
00:54:43,910 --> 00:54:43,359
i think it's more folklore and mythology

1613
00:54:45,430 --> 00:54:43,920

um

1614

00:54:47,190 --> 00:54:45,440
and i do not believe that we have

1615

00:54:49,670 --> 00:54:47,200
recovered uh a disc

1616

00:54:51,109 --> 00:54:49,680
there may be some exotic materials that

1617

00:54:54,230 --> 00:54:51,119
have been recovered

1618

00:54:57,829 --> 00:54:54,240
like some exotic material that

1619

00:55:01,030 --> 00:54:57,839
exhibits uh you know unique iso

1620

00:55:04,309 --> 00:55:01,040
isotopic uh principles you know that are

1621

00:55:06,150 --> 00:55:04,319
not of nature or they may they may show

1622

00:55:08,870 --> 00:55:06,160
that they've been designed at the

1623

00:55:09,910 --> 00:55:08,880
atomic level on an atom by atom basis

1624

00:55:13,030 --> 00:55:09,920
we've heard something

1625

00:55:15,109 --> 00:55:13,040
some information on that but nothing

1626
00:55:15,750 --> 00:55:15,119
really is in the public sphere that that

1627
00:55:17,829 --> 00:55:15,760
uh

1628
00:55:20,670 --> 00:55:17,839
locks this down rocky what are your

1629
00:55:22,870 --> 00:55:20,680
thoughts on crash retrieval nope

1630
00:55:24,390 --> 00:55:22,880
[Laughter]

1631
00:55:26,630 --> 00:55:24,400
i just well i mean of course it's always

1632
00:55:29,430 --> 00:55:26,640
possible but the what's come out

1633
00:55:30,470 --> 00:55:29,440
over the decades has not been all that

1634
00:55:33,190 --> 00:55:30,480
compelling to me i mean

1635
00:55:34,069 --> 00:55:33,200
look i i'm a person that has fallen for

1636
00:55:36,710 --> 00:55:34,079
bad information

1637
00:55:38,870 --> 00:55:36,720
in the past and um you know totally and

1638
00:55:42,150 --> 00:55:38,880

and so i try to be

1639

00:55:43,829 --> 00:55:42,160

today as as reasonable as i can

1640

00:55:45,270 --> 00:55:43,839

and there's a lot of people that have

1641

00:55:48,870 --> 00:55:45,280

talked there's a lot of

1642

00:55:50,789 --> 00:55:48,880

stories but um i i haven't seen anything

1643

00:55:52,549 --> 00:55:50,799

that's super credible i will say that

1644

00:55:53,990 --> 00:55:52,559

the idea that they may have recovered

1645

00:55:55,589 --> 00:55:54,000

something

1646

00:55:57,510 --> 00:55:55,599

yeah that seems to be a little more

1647

00:55:59,270 --> 00:55:57,520

credible in the sense that you do have

1648

00:56:03,150 --> 00:55:59,280

some scientists making those

1649

00:56:05,910 --> 00:56:03,160

such claims all the way back to about

1650

00:56:09,109 --> 00:56:05,920

1953. it actually

1651
00:56:10,390 --> 00:56:09,119
the 47 roswell thing there's actually

1652
00:56:12,789 --> 00:56:10,400
secret memos that have now been

1653
00:56:14,150 --> 00:56:12,799
declassified from that time period where

1654
00:56:15,270 --> 00:56:14,160
generals are saying boy wouldn't it be

1655
00:56:17,430 --> 00:56:15,280
great if we had something

1656
00:56:19,750 --> 00:56:17,440
and so it kind of dismissed the the

1657
00:56:24,069 --> 00:56:19,760
roswell thing you know

1658
00:56:26,230 --> 00:56:24,079
right so in 1953 however there were

1659
00:56:27,430 --> 00:56:26,240
uh material scientists at wright

1660
00:56:30,870 --> 00:56:27,440
patterson air force base

1661
00:56:32,470 --> 00:56:30,880
um that's you know we're apparently

1662
00:56:33,349 --> 00:56:32,480
studying something you know what some

1663
00:56:36,390 --> 00:56:33,359

kind of material

1664

00:56:38,069 --> 00:56:36,400

or at least the the ideas of of what

1665

00:56:39,589 --> 00:56:38,079

this may look like but that's

1666

00:56:41,030 --> 00:56:39,599

after that everything went so secret

1667

00:56:42,549 --> 00:56:41,040

that there's just really no way to know

1668

00:56:45,990 --> 00:56:42,559

it is interesting though

1669

00:56:48,870 --> 00:56:46,000

that in 1950 one of the leading

1670

00:56:49,349 --> 00:56:48,880

uh metal urgists in the world hc cross

1671

00:56:51,510 --> 00:56:49,359

um

1672

00:56:53,349 --> 00:56:51,520

was brought in to study something for

1673

00:56:54,870 --> 00:56:53,359

the pentagon on ufos why they would

1674

00:56:55,589 --> 00:56:54,880

bring a metal or just not an astronomer

1675

00:56:57,750 --> 00:56:55,599

not a

1676
00:56:58,710 --> 00:56:57,760
some other kind of physicist is is

1677
00:57:00,950 --> 00:56:58,720
fascinating

1678
00:57:01,829 --> 00:57:00,960
and that probably attributes to a lot of

1679
00:57:03,750 --> 00:57:01,839
the

1680
00:57:05,510 --> 00:57:03,760
conspiracies etc and i don't blame

1681
00:57:06,309 --> 00:57:05,520
people for for going down that road it's

1682
00:57:07,589 --> 00:57:06,319
just

1683
00:57:10,230 --> 00:57:07,599
that doesn't give us any kind of

1684
00:57:10,710 --> 00:57:10,240
evidence so i i don't know i say no but

1685
00:57:12,630 --> 00:57:10,720
i mean

1686
00:57:14,950 --> 00:57:12,640
earth's a big place and could something

1687
00:57:16,069 --> 00:57:14,960
have crashed into the ocean and then

1688
00:57:17,829 --> 00:57:16,079

they recovered it sure

1689

00:57:19,270 --> 00:57:17,839

but um i haven't seen anything to

1690

00:57:22,069 --> 00:57:19,280

convince me of it

1691

00:57:23,270 --> 00:57:22,079

so jim you know i understand that you

1692

00:57:25,829 --> 00:57:23,280

have some

1693

00:57:27,349 --> 00:57:25,839

somewhat skeptical views of the topic

1694

00:57:29,190 --> 00:57:27,359

and you know i commend you

1695

00:57:31,270 --> 00:57:29,200

for following this topic and having a

1696

00:57:35,190 --> 00:57:31,280

wealth of different you know interview

1697

00:57:37,030 --> 00:57:35,200

subjects uh you know i think was it nick

1698

00:57:38,069 --> 00:57:37,040

cook you interviewed as well that was a

1699

00:57:39,990 --> 00:57:38,079

great interview

1700

00:57:41,829 --> 00:57:40,000

on hidden truth but what are your views

1701
00:57:44,069 --> 00:57:41,839
on this

1702
00:57:45,430 --> 00:57:44,079
um well you know i'm fascinated by it

1703
00:57:47,910 --> 00:57:45,440
and i'm trying to

1704
00:57:49,829 --> 00:57:47,920
apply some logic here to try to figure

1705
00:57:52,870 --> 00:57:49,839
out what this could

1706
00:57:56,150 --> 00:57:52,880
possibly be i mean i am

1707
00:57:59,510 --> 00:57:56,160
definitely a skeptic and

1708
00:58:01,430 --> 00:57:59,520
so trying to find ways to explain it

1709
00:58:03,990 --> 00:58:01,440
that give a more simple explanation to

1710
00:58:06,870 --> 00:58:04,000
it than it being extraterrestrial or

1711
00:58:08,150 --> 00:58:06,880
uh i mean that's why i fell for the

1712
00:58:11,270 --> 00:58:08,160
turber

1713
00:58:11,510 --> 00:58:11,280

story about it being u.s technology and

1714

00:58:16,069 --> 00:58:11,520

that's

1715

00:58:17,910 --> 00:58:16,079

more about what it would really take to

1716

00:58:19,750 --> 00:58:17,920

create this kind of technology it seemed

1717

00:58:22,789 --> 00:58:19,760

to make sense to me because

1718

00:58:24,870 --> 00:58:22,799

we've got these black op projects and

1719

00:58:25,589 --> 00:58:24,880

billions of dollars being poured into

1720

00:58:28,069 --> 00:58:25,599

them

1721

00:58:29,109 --> 00:58:28,079

and it's like well and what have they

1722

00:58:30,870 --> 00:58:29,119

created what

1723

00:58:32,150 --> 00:58:30,880

where what have we gotten for these

1724

00:58:32,950 --> 00:58:32,160

billions of dollars that have been spent

1725

00:58:34,069 --> 00:58:32,960

at one point

1726

00:58:35,990 --> 00:58:34,079

i think in one of the episodes we

1727

00:58:38,150 --> 00:58:36,000

actually did the math as far as how

1728

00:58:40,150 --> 00:58:38,160

much has been spent on on blackout

1729

00:58:43,910 --> 00:58:40,160

projects in the u.s

1730

00:58:46,950 --> 00:58:43,920

and the idea that they could have

1731

00:58:47,349 --> 00:58:46,960

uh created something like this i mean

1732

00:58:48,470 --> 00:58:47,359

again

1733

00:58:50,870 --> 00:58:48,480

these projects have been going on for

1734

00:58:51,510 --> 00:58:50,880

decades a lot of people point to star

1735

00:58:53,589 --> 00:58:51,520

wars

1736

00:58:54,710 --> 00:58:53,599

um as being one of kind of maybe the

1737

00:58:56,549 --> 00:58:54,720

starting points uh

1738

00:58:57,829 --> 00:58:56,559

under reagan but certainly tons of money

1739

00:59:02,309 --> 00:58:57,839

went into that so that's

1740

00:59:04,870 --> 00:59:02,319

80s so that's you know over 30 years ago

1741

00:59:05,589 --> 00:59:04,880

so if for over 30 years you've had this

1742

00:59:07,750 --> 00:59:05,599

kind of money

1743

00:59:09,109 --> 00:59:07,760

going into that searching for that type

1744

00:59:12,230 --> 00:59:09,119

of technology

1745

00:59:15,349 --> 00:59:12,240

and um you certainly have lots of uh big

1746

00:59:16,829 --> 00:59:15,359

uh us companies aerospace companies

1747

00:59:19,510 --> 00:59:16,839

in doing private projects with the

1748

00:59:22,390 --> 00:59:19,520

government so the idea

1749

00:59:24,230 --> 00:59:22,400

that this could be u.s technology was

1750

00:59:27,670 --> 00:59:24,240

making a lot of sense to me

1751

00:59:30,549 --> 00:59:27,680

and that was for me the most logical

1752

00:59:32,069 --> 00:59:30,559

explanation and then the fact that these

1753

00:59:34,390 --> 00:59:32,079

tic tacs were found where they were

1754

00:59:38,069 --> 00:59:34,400

found and they were just

1755

00:59:41,589 --> 00:59:38,079

testing some new radar functionality

1756

00:59:43,510 --> 00:59:41,599

systems um off the nimitz

1757

00:59:45,030 --> 00:59:43,520

so the idea that one was testing against

1758

00:59:46,630 --> 00:59:45,040

the other i think that was the turbo

1759

00:59:49,030 --> 00:59:46,640

theory that it was the air force and the

1760

00:59:53,030 --> 00:59:49,040

navy and so on

1761

00:59:56,309 --> 00:59:53,040

um and you know turber spins a good yarn

1762

00:59:58,150 --> 00:59:56,319

and a lot of the things he said actually

1763

01:00:00,390 --> 00:59:58,160

did make a lot of

1764

01:00:02,549 --> 01:00:00,400

sense some of the things as it turns out

1765

01:00:05,910 --> 01:00:02,559

he was just absolutely making up

1766

01:00:07,990 --> 01:00:05,920

out of whole cloth um and he's even

1767

01:00:09,670 --> 01:00:08,000

turned around and now today

1768

01:00:11,109 --> 01:00:09,680

uh thinks that there's a very simple

1769

01:00:12,630 --> 01:00:11,119

explanation for for

1770

01:00:14,069 --> 01:00:12,640

these sightings and he's calling them

1771

01:00:15,750 --> 01:00:14,079

you know weather balloon kind of

1772

01:00:18,390 --> 01:00:15,760

exploitation awesome

1773

01:00:18,950 --> 01:00:18,400

awesome you know here's something i'd

1774

01:00:20,789 --> 01:00:18,960

like to say

1775

01:00:22,230 --> 01:00:20,799

james i wouldn't feel so bad about this

1776

01:00:24,549 --> 01:00:22,240

because number one

1777

01:00:26,230 --> 01:00:24,559

um some of these things will be secret

1778

01:00:28,150 --> 01:00:26,240

american technology of course

1779

01:00:29,750 --> 01:00:28,160

right some of them but i think that's

1780

01:00:30,630 --> 01:00:29,760

the problem with this topic in general

1781

01:00:32,710 --> 01:00:30,640

is that

1782

01:00:33,910 --> 01:00:32,720

often all of us will say something like

1783

01:00:36,870 --> 01:00:33,920

well it could be this

1784

01:00:37,589 --> 01:00:36,880

it could be that when we say it what are

1785

01:00:40,630 --> 01:00:37,599

we talking about

1786

01:00:42,630 --> 01:00:40,640

if we're talking about a specific event

1787

01:00:44,710 --> 01:00:42,640

that's that's how we have to uh i think

1788

01:00:46,470 --> 01:00:44,720

look at this this issue is

1789

01:00:48,630 --> 01:00:46,480

let's bring up specific events and say

1790

01:00:49,750 --> 01:00:48,640

what's that right what information do we

1791

01:00:52,230 --> 01:00:49,760

have on that

1792

01:00:53,670 --> 01:00:52,240

and it becomes fairly obvious pretty

1793

01:00:56,870 --> 01:00:53,680

quickly when we when we look at

1794

01:00:57,910 --> 01:00:56,880

individual cases that in in many

1795

01:00:59,670 --> 01:00:57,920

respects we're not

1796

01:01:01,430 --> 01:00:59,680

we're not dealing with conventional

1797

01:01:02,950 --> 01:01:01,440

reactionary propulsion right we're not

1798

01:01:04,789 --> 01:01:02,960

throwing something out the back

1799

01:01:06,549 --> 01:01:04,799

there's no propeller it's not a balloon

1800

01:01:09,990 --> 01:01:06,559

we're talking about objects that

1801
01:01:13,030 --> 01:01:10,000
since at least 47 have been able to

1802
01:01:15,829 --> 01:01:13,040
um you know maneuver

1803
01:01:17,829 --> 01:01:15,839
in ways that have baffled our scientists

1804
01:01:19,430 --> 01:01:17,839
and our military people back then

1805
01:01:20,789 --> 01:01:19,440
and are continuing to do so today you

1806
01:01:22,630 --> 01:01:20,799
know 90 degree turns without losing

1807
01:01:24,470 --> 01:01:22,640
inertia

1808
01:01:26,549 --> 01:01:24,480
how is that done i mean without some

1809
01:01:28,230 --> 01:01:26,559
incredible nuclear blast of explo you

1810
01:01:28,789 --> 01:01:28,240
know explosive power in the moment of

1811
01:01:31,430 --> 01:01:28,799
the turn

1812
01:01:33,109 --> 01:01:31,440
how do you do it and and i've because

1813
01:01:33,750 --> 01:01:33,119

i'm not a physicist i'm not a i'm not a

1814

01:01:35,109 --> 01:01:33,760

scientist

1815

01:01:37,109 --> 01:01:35,119

i don't claim to know these things so

1816

01:01:38,069 --> 01:01:37,119

i've i've contacted physicists and

1817

01:01:39,990 --> 01:01:38,079

scientists for

1818

01:01:41,510 --> 01:01:40,000

two decades now to try and wrap my brain

1819

01:01:44,950 --> 01:01:41,520

around this and

1820

01:01:48,150 --> 01:01:44,960

and at each time they say basically

1821

01:01:50,950 --> 01:01:48,160

if that data is correct it's

1822

01:01:52,069 --> 01:01:50,960

either star wars you know it's it's a

1823

01:01:55,190 --> 01:01:52,079

fantasy

1824

01:01:57,589 --> 01:01:55,200

or someone it doesn't matter who really

1825

01:01:59,270 --> 01:01:57,599

someone has has developed something like

1826
01:02:00,069 --> 01:01:59,280
a gravitational wave propulsion system

1827
01:02:02,470 --> 01:02:00,079
or something

1828
01:02:03,190 --> 01:02:02,480
some kind of some type of propulsion

1829
01:02:04,950 --> 01:02:03,200
system that is

1830
01:02:06,470 --> 01:02:04,960
is well outside of our lexicon at this

1831
01:02:07,990 --> 01:02:06,480
moment no one's written a scientific

1832
01:02:09,029 --> 01:02:08,000
peer-reviewed paper on that type of

1833
01:02:11,190 --> 01:02:09,039
propulsion

1834
01:02:12,630 --> 01:02:11,200
to get if we can assume that some of

1835
01:02:14,470 --> 01:02:12,640
these cases really occurred in the way

1836
01:02:17,109 --> 01:02:14,480
that they are described

1837
01:02:18,789 --> 01:02:17,119
if that data is correct to get to there

1838
01:02:20,630 --> 01:02:18,799

from where we are today let alone the

1839

01:02:22,710 --> 01:02:20,640

1950s and 60s

1840

01:02:24,150 --> 01:02:22,720

where's all that intermediate scientific

1841

01:02:24,549 --> 01:02:24,160

knowledge and learning how come it's

1842

01:02:26,710 --> 01:02:24,559

right

1843

01:02:29,029 --> 01:02:26,720

there's nothing spelled out there's

1844

01:02:31,829 --> 01:02:29,039

nothing else in science

1845

01:02:32,230 --> 01:02:31,839

in any area of science where one group

1846

01:02:33,990 --> 01:02:32,240

has

1847

01:02:35,589 --> 01:02:34,000

all of the information even when it was

1848

01:02:37,190 --> 01:02:35,599

the manhattan project

1849

01:02:38,870 --> 01:02:37,200

virtually everybody on earth knew that

1850

01:02:39,990 --> 01:02:38,880

splitting an atom was going to create an

1851

01:02:41,349 --> 01:02:40,000

explosion at this point

1852

01:02:43,829 --> 01:02:41,359

everybody was theorizing there was there

1853

01:02:45,190 --> 01:02:43,839

was you know tens of thousands of people

1854

01:02:46,870 --> 01:02:45,200

around the globe talking about it it was

1855

01:02:49,349 --> 01:02:46,880

just could we do it

1856

01:02:50,870 --> 01:02:49,359

well here we are again i mean so um the

1857

01:02:54,549 --> 01:02:50,880

problem is this time it's

1858

01:02:56,710 --> 01:02:54,559

it's been going on for 74 75 years

1859

01:02:58,309 --> 01:02:56,720

and um and we don't we don't have a real

1860

01:02:58,950 --> 01:02:58,319

answer we always say we can't explain

1861

01:03:01,430 --> 01:02:58,960

this

1862

01:03:01,990 --> 01:03:01,440

actually i think we can we're just not

1863

01:03:04,789 --> 01:03:02,000

willing to

1864

01:03:06,950 --> 01:03:04,799

accept the explanations right the et

1865

01:03:09,190 --> 01:03:06,960

hypothesis is a perfectly reasonable

1866

01:03:10,630 --> 01:03:09,200

explanation but it creeps us out it's

1867

01:03:13,109 --> 01:03:10,640

weird it's embarrassing it's

1868

01:03:13,829 --> 01:03:13,119

it's been hijacked by the woo it's been

1869

01:03:15,510 --> 01:03:13,839

it's been

1870

01:03:17,750 --> 01:03:15,520

murdered by all the you know wacky

1871

01:03:20,870 --> 01:03:17,760

doodles out there but the reality is

1872

01:03:22,549 --> 01:03:20,880

that doesn't make it any less true right

1873

01:03:24,390 --> 01:03:22,559

that that there is some kind of high

1874

01:03:25,910 --> 01:03:24,400

technology built by someone

1875

01:03:27,750 --> 01:03:25,920

operating in our airspace around the

1876

01:03:30,870 --> 01:03:27,760

globe

1877

01:03:34,870 --> 01:03:30,880

who can do that so make sense to be

1878

01:03:39,349 --> 01:03:34,880

fair i mean some of the more sensational

1879

01:03:42,390 --> 01:03:39,359

theories and stories may be true

1880

01:03:44,150 --> 01:03:42,400

um sure there may be an unacknowledged

1881

01:03:45,910 --> 01:03:44,160

special access program that has

1882

01:03:49,510 --> 01:03:45,920

retrieved a craft

1883

01:03:52,390 --> 01:03:49,520

it certainly wouldn't be that

1884

01:03:54,150 --> 01:03:52,400

more extraordinary than what we're

1885

01:03:56,950 --> 01:03:54,160

actually being witness to right now

1886

01:03:59,190 --> 01:03:56,960

anyways so a lot of things happen in

1887

01:03:59,910 --> 01:03:59,200

life that are milestones and sea changes

1888

01:04:01,430 --> 01:03:59,920

and

1889

01:04:04,630 --> 01:04:01,440
certainly this topic which would

1890

01:04:07,190 --> 01:04:04,640
fundamentally change the human identity

1891

01:04:09,510 --> 01:04:07,200
if it were uh to prove out that the et

1892

01:04:12,069 --> 01:04:09,520
hypothesis is a part of the uh

1893

01:04:14,309 --> 01:04:12,079
conclusion i mean the huge the sense of

1894

01:04:16,390 --> 01:04:14,319
world our world views would change

1895

01:04:17,589 --> 01:04:16,400
the human identity would be in flux for

1896

01:04:20,549 --> 01:04:17,599
years

1897

01:04:22,950 --> 01:04:20,559
if this happened um concerning like the

1898

01:04:25,510 --> 01:04:22,960
research that is out there

1899

01:04:27,430 --> 01:04:25,520
in the public sphere jim i had a chance

1900

01:04:28,150 --> 01:04:27,440
to interview robert powell who is the

1901

01:04:30,309 --> 01:04:28,160

founding

1902

01:04:32,230 --> 01:04:30,319

board member of scu which is the

1903

01:04:35,349 --> 01:04:32,240

scientific coalition for uap

1904

01:04:37,910 --> 01:04:35,359

studies this is a group ad hoc group

1905

01:04:40,230 --> 01:04:37,920

if you will a collection of uh maybe 40

1906

01:04:42,950 --> 01:04:40,240

or 50 phds are in this group

1907

01:04:44,470 --> 01:04:42,960

and they've issued papers kevin knuth is

1908

01:04:47,670 --> 01:04:44,480

one of the physicists

1909

01:04:48,230 --> 01:04:47,680

that's in this group he actually um part

1910

01:04:51,430 --> 01:04:48,240

of the

1911

01:04:54,630 --> 01:04:51,440

tic tac analysis made it into the

1912

01:04:57,270 --> 01:04:54,640

peer-reviewed journal entropy

1913

01:04:59,430 --> 01:04:57,280

and so there's been quite a lot of uh

1914

01:05:03,029 --> 01:04:59,440

unpacking of this data

1915

01:05:05,910 --> 01:05:03,039

and basically to have an object

1916

01:05:07,109 --> 01:05:05,920

move off the horizon in one or two

1917

01:05:10,309 --> 01:05:07,119

seconds

1918

01:05:12,630 --> 01:05:10,319

would be a fireball it would be like the

1919

01:05:14,150 --> 01:05:12,640

space shuttle re-entering the atmosphere

1920

01:05:16,470 --> 01:05:14,160

and we're not seeing any of those

1921

01:05:17,910 --> 01:05:16,480

effects with these incidents no sonic

1922

01:05:20,230 --> 01:05:17,920

booms

1923

01:05:21,750 --> 01:05:20,240

so there almost has to be a detachment

1924

01:05:25,349 --> 01:05:21,760

from

1925

01:05:27,109 --> 01:05:25,359

the space-time you know spec

1926

01:05:29,190 --> 01:05:27,119

space-time infrastructure space-time

1927

01:05:30,870 --> 01:05:29,200

continuum there has to be a detachment

1928

01:05:32,470 --> 01:05:30,880

for this thing kind of like

1929

01:05:33,990 --> 01:05:32,480

what you hear in science fiction with

1930

01:05:35,910 --> 01:05:34,000

the warp bubble

1931

01:05:37,270 --> 01:05:35,920

or warp drive i mean this is what's

1932

01:05:41,829 --> 01:05:37,280

going on here

1933

01:05:44,230 --> 01:05:41,839

if indeed these movements are accurate

1934

01:05:46,230 --> 01:05:44,240

yeah well i just spent an hour talking

1935

01:05:47,910 --> 01:05:46,240

to jack sarfati about that i don't know

1936

01:05:51,029 --> 01:05:47,920

what you know of him and how

1937

01:05:53,109 --> 01:05:51,039

credible you think he is but um

1938

01:05:55,589 --> 01:05:53,119

he he does a pretty good job of

1939

01:05:56,309 --> 01:05:55,599

explaining exactly how that technology

1940

01:05:58,789 --> 01:05:56,319

would work

1941

01:06:00,630 --> 01:05:58,799

and what it would take to create that i

1942

01:06:02,789 --> 01:06:00,640

tried to hang with him the best i could

1943

01:06:04,309 --> 01:06:02,799

as far as understanding it but you know

1944

01:06:06,549 --> 01:06:04,319

it's a good interview because it's a lay

1945

01:06:10,069 --> 01:06:06,559

person talking to the this physicist

1946

01:06:12,150 --> 01:06:10,079

who claims to fully understand and

1947

01:06:13,190 --> 01:06:12,160

and claim frankly that it's rather

1948

01:06:15,910 --> 01:06:13,200

simple

1949

01:06:17,910 --> 01:06:15,920

uh explanation for this technology you

1950

01:06:20,470 --> 01:06:17,920

know he likes to say first first-year

1951

01:06:21,510 --> 01:06:20,480

physics student would understand this

1952

01:06:23,910 --> 01:06:21,520

creating it

1953

01:06:25,029 --> 01:06:23,920

is a whole another animal and involves

1954

01:06:28,390 --> 01:06:25,039

meta materials

1955

01:06:30,950 --> 01:06:28,400

etc um and that's the big endeavor but

1956

01:06:31,589 --> 01:06:30,960

um we're gonna air that episode after

1957

01:06:34,630 --> 01:06:31,599

this one

1958

01:06:35,510 --> 01:06:34,640

um so uh hopefully you guys will take a

1959

01:06:37,109 --> 01:06:35,520

listen to that and

1960

01:06:38,630 --> 01:06:37,119

give us your thoughts on it you know

1961

01:06:40,470 --> 01:06:38,640

we've heard we've heard jack

1962

01:06:42,870 --> 01:06:40,480

and certainly i don't have the uh

1963

01:06:44,870 --> 01:06:42,880

scientific expertise to

1964

01:06:47,109 --> 01:06:44,880

really get into chapter and verse with

1965

01:06:50,870 --> 01:06:47,119

his analysis

1966

01:06:53,990 --> 01:06:50,880

but he has a really broad

1967

01:06:56,549 --> 01:06:54,000

you know robust career over the years in

1968

01:06:58,230 --> 01:06:56,559

in various different

1969

01:06:59,589 --> 01:06:58,240

investigations and explorations i

1970

01:07:00,630 --> 01:06:59,599

believe he was involved in remote

1971

01:07:03,829 --> 01:07:00,640

viewing

1972

01:07:05,430 --> 01:07:03,839

um along with hal put off in the 60s and

1973

01:07:08,230 --> 01:07:05,440

70s which is

1974

01:07:08,630 --> 01:07:08,240

kind of this paranormal thing um he is a

1975

01:07:11,589 --> 01:07:08,640

true

1976

01:07:12,789 --> 01:07:11,599

seize physicist uh i think he likes to

1977

01:07:16,789 --> 01:07:12,799

be compared

1978

01:07:19,990 --> 01:07:18,230

i was just googling some pictures of him

1979

01:07:20,390 --> 01:07:20,000

here to make sure i had the right guy he

1980

01:07:22,150 --> 01:07:20,400

does

1981

01:07:24,150 --> 01:07:22,160

kind of look like doc brown yeah yeah

1982

01:07:27,109 --> 01:07:24,160

yeah i don't know he's out there and

1983

01:07:28,390 --> 01:07:27,119

and the story begins uh when he was 15

1984

01:07:31,029 --> 01:07:28,400

years old

1985

01:07:32,549 --> 01:07:31,039

and received some phone calls from

1986

01:07:35,670 --> 01:07:32,559

extraterrestrials

1987

01:07:37,990 --> 01:07:35,680

um oh wow and and and there's probably

1988

01:07:38,950 --> 01:07:38,000

some lsd that comes into the story

1989

01:07:42,870 --> 01:07:38,960

sometime

1990

01:07:45,990 --> 01:07:42,880

later

1991

01:07:48,789 --> 01:07:46,000

there are many many accounts

1992

01:07:51,190 --> 01:07:48,799

and experiences that people are having

1993

01:07:54,710 --> 01:07:51,200

at a subjective level

1994

01:07:56,789 --> 01:07:54,720

they're called experiencers and

1995

01:07:58,390 --> 01:07:56,799

they don't really have evidence about

1996

01:08:00,870 --> 01:07:58,400

their experiences

1997

01:08:01,829 --> 01:08:00,880

but just hearing their testimony and how

1998

01:08:04,309 --> 01:08:01,839

passionate

1999

01:08:05,990 --> 01:08:04,319

they are about these experiences that

2000

01:08:08,230 --> 01:08:06,000

they've had

2001

01:08:09,349 --> 01:08:08,240

i don't want to dismiss those out of

2002

01:08:10,870 --> 01:08:09,359

hand as just

2003

01:08:12,870 --> 01:08:10,880

being purely subjective so they're

2004

01:08:16,390 --> 01:08:12,880

worthless i think that the

2005

01:08:18,789 --> 01:08:16,400

value in appreciating these

2006

01:08:20,229 --> 01:08:18,799

very wide-ranging set sets of

2007

01:08:22,309 --> 01:08:20,239

experiences and

2008

01:08:24,070 --> 01:08:22,319

direct encounters and telepathic

2009

01:08:26,630 --> 01:08:24,080

communication and this kind of thing

2010

01:08:28,870 --> 01:08:26,640

i think the value in it is seeing the

2011

01:08:29,669 --> 01:08:28,880

impact on the real world that they are

2012

01:08:32,390 --> 01:08:29,679

having

2013

01:08:33,510 --> 01:08:32,400

because lives are being changed by these

2014

01:08:35,669 --> 01:08:33,520

experiences

2015

01:08:37,349 --> 01:08:35,679

and they change their life and then they

2016

01:08:38,789 --> 01:08:37,359

do different things in their life

2017

01:08:41,030 --> 01:08:38,799

which actually has an impact on the

2018

01:08:42,229 --> 01:08:41,040

world around us and so this is a very

2019

01:08:44,149 --> 01:08:42,239

real thing you know

2020

01:08:46,149 --> 01:08:44,159

rocky and i were very familiar with a

2021

01:08:48,709 --> 01:08:46,159

kind of a bridge case

2022

01:08:49,990 --> 01:08:48,719

that operates as a bridge between the

2023

01:08:53,430 --> 01:08:50,000

empirically based

2024

01:08:56,070 --> 01:08:53,440

data driven scientifically sound ufo

2025

01:08:58,309 --> 01:08:56,080

or uap cases and then these experiencers

2026

01:09:02,229 --> 01:08:58,319

and that bridge case is the

2027

01:09:04,870 --> 01:09:02,239

encounter at rua zimbabwe in 1994

2028

01:09:05,829 --> 01:09:04,880

at the ariel school where about 60

2029

01:09:08,870 --> 01:09:05,839

children

2030

01:09:11,030 --> 01:09:08,880

experienced beings directly and

2031

01:09:12,470 --> 01:09:11,040

you know they had interviews immediately

2032

01:09:14,870 --> 01:09:12,480

following the incident

2033

01:09:16,229 --> 01:09:14,880

and then pulitzer prize-winning uh

2034

01:09:18,950 --> 01:09:16,239

harvard psychologist

2035

01:09:20,630 --> 01:09:18,960

john mack came in there a month or two

2036

01:09:22,070 --> 01:09:20,640

later and conducted one-on-one

2037

01:09:24,149 --> 01:09:22,080

interviews with these kids

2038

01:09:26,070 --> 01:09:24,159

and just as a kind of a case where you

2039

01:09:27,349 --> 01:09:26,080

bridge these two different worlds of the

2040

01:09:29,030 --> 01:09:27,359

experiencers

2041

01:09:30,390 --> 01:09:29,040

which don't really have any evidence and

2042

01:09:32,470 --> 01:09:30,400

they're purely subjective

2043

01:09:34,630 --> 01:09:32,480

and then the other side of ufology which

2044

01:09:35,349 --> 01:09:34,640

is you know commander fravor backed by

2045

01:09:37,749 --> 01:09:35,359

data

2046

01:09:39,269 --> 01:09:37,759

backed by navy aviator testimony about

2047

01:09:41,749 --> 01:09:39,279

these encounters with these objects

2048

01:09:43,189 --> 01:09:41,759

the ruan zimbabwe aerial school really

2049

01:09:46,229 --> 01:09:43,199

kind of has this

2050

01:09:49,189 --> 01:09:46,239

elements of both both of the uh the

2051

01:09:50,229 --> 01:09:49,199

factions of of this phenomena and i

2052

01:09:51,669 --> 01:09:50,239

believe there's a movie

2053

01:09:53,269 --> 01:09:51,679

that's going to be coming out soon that

2054

01:09:55,350 --> 01:09:53,279

focuses solely on that

2055

01:09:56,550 --> 01:09:55,360

i know that james fox's movie the

2056

01:09:58,950 --> 01:09:56,560

phenomenon

2057

01:10:00,310 --> 01:09:58,960

the ending of the movie has footage from

2058

01:10:02,390 --> 01:10:00,320

this aerial school

2059

01:10:04,229 --> 01:10:02,400

movie that's going to be coming out and

2060

01:10:04,790 --> 01:10:04,239

uh i'd encourage you to check that movie

2061

01:10:07,750 --> 01:10:04,800

out

2062

01:10:08,149 --> 01:10:07,760

uh jim it's probably the best produced

2063

01:10:10,229 --> 01:10:08,159

uh

2064

01:10:12,070 --> 01:10:10,239

movie on this topic and it it really

2065

01:10:16,709 --> 01:10:12,080

explores the full range

2066

01:10:17,430 --> 01:10:16,719

of uh of the ufo issue from the 1940s on

2067

01:10:19,030 --> 01:10:17,440

forward

2068

01:10:20,470 --> 01:10:19,040

and that's called the phenomenon by

2069

01:10:23,350 --> 01:10:20,480

james fox

2070

01:10:24,950 --> 01:10:23,360

okay and then rouen zimbabwe uh is there

2071

01:10:27,910 --> 01:10:24,960

a documentary about that

2072

01:10:28,470 --> 01:10:27,920

yeah there's there there's segments uh

2073

01:10:31,030 --> 01:10:28,480

on the

2074

01:10:31,830 --> 01:10:31,040

on that case in this the phenomenon

2075

01:10:33,750 --> 01:10:31,840

movie

2076

01:10:36,630 --> 01:10:33,760

okay and i think that i think that they

2077

01:10:38,149 --> 01:10:36,640

handle the issue very responsibly in the

2078

01:10:41,590 --> 01:10:38,159

phenomenon movie

2079

01:10:43,430 --> 01:10:41,600

um and uh they actually end the movie

2080

01:10:45,510 --> 01:10:43,440

with the ruaz zimbabwe case what's

2081

01:10:45,990 --> 01:10:45,520

unique is that these children are now in

2082

01:10:50,149 --> 01:10:46,000

their late

2083

01:10:51,990 --> 01:10:50,159

30s and they are being interviewed and

2084

01:10:54,470 --> 01:10:52,000

they're giving testimony

2085

01:10:55,430 --> 01:10:54,480

and their story hasn't changed one of

2086

01:10:56,950 --> 01:10:55,440

the interesting

2087

01:10:58,550 --> 01:10:56,960

common threads through a lot of the

2088

01:11:00,390 --> 01:10:58,560

experiencers

2089

01:11:01,910 --> 01:11:00,400
and it really talks about this more

2090

01:11:04,950 --> 01:11:01,920
benign influence

2091

01:11:05,910 --> 01:11:04,960
of non-human intelligences which is a

2092

01:11:09,669 --> 01:11:05,920
message of

2093

01:11:12,390 --> 01:11:09,679
uh the need for us to

2094

01:11:13,990 --> 01:11:12,400
essentially grow up as humans and not

2095

01:11:16,870 --> 01:11:14,000
continue to

2096

01:11:17,750 --> 01:11:16,880
prey upon each other and act in a way

2097

01:11:20,070 --> 01:11:17,760
that

2098

01:11:21,110 --> 01:11:20,080
perhaps in the long term will be very

2099

01:11:23,430 --> 01:11:21,120
destructive to our

2100

01:11:24,390 --> 01:11:23,440
not only our own survival ability to

2101
01:11:28,630 --> 01:11:24,400
survive

2102
01:11:31,030 --> 01:11:28,640
in any decent capacity

2103
01:11:32,310 --> 01:11:31,040
there is a documentary being it's it's

2104
01:11:34,070 --> 01:11:32,320
done they're just doing um

2105
01:11:35,590 --> 01:11:34,080
final bits on it's called the aerial

2106
01:11:37,270 --> 01:11:35,600
phenomena the um

2107
01:11:38,950 --> 01:11:37,280
director producers is a guy named

2108
01:11:40,630 --> 01:11:38,960
randall nickerson

2109
01:11:42,630 --> 01:11:40,640
probably a gentleman worth worth talking

2110
01:11:44,070 --> 01:11:42,640
to about it but um yeah they've been

2111
01:11:44,390 --> 01:11:44,080
working on that for a very very long

2112
01:11:47,430 --> 01:11:44,400
time

2113
01:11:49,990 --> 01:11:47,440

it is a deeply fascinating um

2114

01:11:51,189 --> 01:11:50,000

story um that the people involved in

2115

01:11:53,510 --> 01:11:51,199

that are not

2116

01:11:55,030 --> 01:11:53,520

um you know they're not out getting any

2117

01:11:56,550 --> 01:11:55,040

limelight whatsoever they've done some

2118

01:11:58,950 --> 01:11:56,560

interviews but at

2119

01:12:00,229 --> 01:11:58,960

at uh you know after being nagged to

2120

01:12:03,510 --> 01:12:00,239

death basically

2121

01:12:06,149 --> 01:12:03,520

so it's it is it is connected to the

2122

01:12:06,550 --> 01:12:06,159

the phenomena somehow and um and i you

2123

01:12:09,430 --> 01:12:06,560

know as

2124

01:12:10,870 --> 01:12:09,440

skeptical as i am about many things i

2125

01:12:12,630 --> 01:12:10,880

have no

2126

01:12:14,149 --> 01:12:12,640

i walk very i tread lightly when it

2127

01:12:16,390 --> 01:12:14,159

comes to that particular case because

2128

01:12:18,790 --> 01:12:16,400

those people are not lying they believe

2129

01:12:19,590 --> 01:12:18,800

specifically what they're saying and and

2130

01:12:22,229 --> 01:12:19,600

um

2131

01:12:23,350 --> 01:12:22,239

and it hasn't it hasn't been easy on

2132

01:12:25,030 --> 01:12:23,360

them so i

2133

01:12:26,790 --> 01:12:25,040

i certainly wouldn't criticize them and

2134

01:12:27,590 --> 01:12:26,800

i think that they deserve some kind of

2135

01:12:29,750 --> 01:12:27,600

um

2136

01:12:31,430 --> 01:12:29,760

proper explanation if it's at all

2137

01:12:32,709 --> 01:12:31,440

possible for science to ever

2138

01:12:34,870 --> 01:12:32,719

look at something like that and

2139

01:12:36,790 --> 01:12:34,880

investigate it there's there's something

2140

01:12:37,830 --> 01:12:36,800

very real occurred there there there

2141

01:12:40,950 --> 01:12:37,840

were studies done by

2142

01:12:42,630 --> 01:12:40,960

medical um staff um from various

2143

01:12:44,470 --> 01:12:42,640

organizations that looked into mass

2144

01:12:45,030 --> 01:12:44,480

hallucinations in african school

2145

01:12:48,229 --> 01:12:45,040

children

2146

01:12:50,149 --> 01:12:48,239

very specific and um i think it's a 2011

2147

01:12:52,550 --> 01:12:50,159

study which is available online

2148

01:12:53,990 --> 01:12:52,560

in it and it cites this particular

2149

01:12:57,110 --> 01:12:54,000

incident and and

2150

01:13:00,630 --> 01:12:57,120

rules it completely out and says no this

2151
01:13:02,870 --> 01:13:00,640
is not mass hallucination whatever

2152
01:13:03,830 --> 01:13:02,880
occurred here whatever these people are

2153
01:13:06,229 --> 01:13:03,840
saying

2154
01:13:06,950 --> 01:13:06,239
something very real occurred and so for

2155
01:13:09,110 --> 01:13:06,960
all of these

2156
01:13:10,630 --> 01:13:09,120
these um you know virtually all of the

2157
01:13:12,790 --> 01:13:10,640
medical specialists involved

2158
01:13:14,390 --> 01:13:12,800
to come to that conclusion was was

2159
01:13:16,229 --> 01:13:14,400
fascinating considering the amount of

2160
01:13:18,149 --> 01:13:16,239
other stories that they said were

2161
01:13:19,669 --> 01:13:18,159
in fact mass hallucination and if i

2162
01:13:21,990 --> 01:13:19,679
remember correctly

2163
01:13:22,870 --> 01:13:22,000

the reason for ruling it out was that

2164

01:13:26,709 --> 01:13:22,880

the

2165

01:13:27,990 --> 01:13:26,719

symptoms that you would have

2166

01:13:30,229 --> 01:13:28,000

on people experiencing mass

2167

01:13:32,630 --> 01:13:30,239

hallucination just simply weren't there

2168

01:13:33,910 --> 01:13:32,640

and so that either it's some other new

2169

01:13:36,550 --> 01:13:33,920

fantastic phenomena

2170

01:13:37,030 --> 01:13:36,560

you know medical problem or it's not and

2171

01:13:40,149 --> 01:13:37,040

um

2172

01:13:40,709 --> 01:13:40,159

it's it seems to be that they they seem

2173

01:13:42,070 --> 01:13:40,719

to be

2174

01:13:43,990 --> 01:13:42,080

reporting something that actually

2175

01:13:44,790 --> 01:13:44,000

occurred to them rather than a fantasy

2176

01:13:47,990 --> 01:13:44,800

or

2177

01:13:50,630 --> 01:13:48,000

fascinating

2178

01:13:52,229 --> 01:13:50,640

so i'd like to wrap up with with this i

2179

01:13:52,630 --> 01:13:52,239

was just making some notes here as far

2180

01:13:54,709 --> 01:13:52,640

as

2181

01:13:56,229 --> 01:13:54,719

what these things could be you know what

2182

01:13:57,510 --> 01:13:56,239

are the categories of things that they

2183

01:13:58,229 --> 01:13:57,520

could be and then we're going to assign

2184

01:13:59,910 --> 01:13:58,239

a percentage

2185

01:14:01,510 --> 01:13:59,920

as to what we think the likelihood that

2186

01:14:03,430 --> 01:14:01,520

it's one of these things i

2187

01:14:05,030 --> 01:14:03,440

i i just wrote down so i'd be curious to

2188

01:14:07,669 --> 01:14:05,040

get your guys thoughts so

2189

01:14:08,470 --> 01:14:07,679

it could be extraterrestrial it could be

2190

01:14:10,870 --> 01:14:08,480

earthly

2191

01:14:11,669 --> 01:14:10,880

technology right could be advanced

2192

01:14:14,709 --> 01:14:11,679

technology

2193

01:14:15,910 --> 01:14:14,719

developed by us russia china uh it could

2194

01:14:17,990 --> 01:14:15,920

be

2195

01:14:19,350 --> 01:14:18,000

not real this is misperceived whether it

2196

01:14:22,709 --> 01:14:19,360

be human or

2197

01:14:25,430 --> 01:14:22,719

by the uh

2198

01:14:26,310 --> 01:14:25,440

radar etc it's not what we thought it

2199

01:14:28,950 --> 01:14:26,320

was

2200

01:14:30,149 --> 01:14:28,960

um or and this is tossing sprinkling in

2201

01:14:32,470 --> 01:14:30,159

a little jack sarfati

2202

01:14:33,750 --> 01:14:32,480

it could be from the future so it

2203

01:14:34,950 --> 01:14:33,760

doesn't necessarily have to be

2204

01:14:37,990 --> 01:14:34,960

extraterrestrial

2205

01:14:40,830 --> 01:14:38,000

but if time travel is possible um it

2206

01:14:44,229 --> 01:14:40,840

could be time travel from the future and

2207

01:14:45,830 --> 01:14:44,239

um am i missing a category

2208

01:14:47,669 --> 01:14:45,840

well some of the more prosaic

2209

01:14:51,030 --> 01:14:47,679

explanations um

2210

01:14:52,070 --> 01:14:51,040

airborne clutter is cited in the uh ufo

2211

01:14:53,510 --> 01:14:52,080

report

2212

01:14:55,590 --> 01:14:53,520

well i'll put that in my in

2213

01:14:57,189 --> 01:14:55,600

misperception or okay

2214

01:14:59,189 --> 01:14:57,199

right because i'm specifically talking

2215

01:15:01,110 --> 01:14:59,199

about one the ones that that showed this

2216

01:15:05,110 --> 01:15:01,120

propulsion etc

2217

01:15:08,390 --> 01:15:05,120

so if somebody saw something that yeah

2218

01:15:09,750 --> 01:15:08,400

so so i i think it's clear that some of

2219

01:15:12,310 --> 01:15:09,760

these things are

2220

01:15:14,070 --> 01:15:12,320

are manufactured craft and that's not

2221

01:15:18,070 --> 01:15:14,080

that's not even up for debate anymore

2222

01:15:21,510 --> 01:15:18,080

so so what could they be well

2223

01:15:23,189 --> 01:15:21,520

i don't think we can really tell by just

2224

01:15:24,470 --> 01:15:23,199

looking at something you know we're

2225

01:15:26,310 --> 01:15:24,480

hearing a story about something whether

2226

01:15:27,990 --> 01:15:26,320

or not it's man-made or not however

2227

01:15:29,750 --> 01:15:28,000

if we just look at our incredible

2228

01:15:31,669 --> 01:15:29,760

history of technology around the globe

2229

01:15:33,590 --> 01:15:31,679

and where our leading edge science is

2230

01:15:35,350 --> 01:15:33,600

today where we think it is today

2231

01:15:37,270 --> 01:15:35,360

nobody has anything like this not even

2232

01:15:38,870 --> 01:15:37,280

close i mean maybe somebody can make an

2233

01:15:40,229 --> 01:15:38,880

object fly in a straight line

2234

01:15:42,790 --> 01:15:40,239

really quickly without melting right

2235

01:15:45,830 --> 01:15:42,800

away but to do that

2236

01:15:47,990 --> 01:15:45,840

over and over again and and have it stop

2237

01:15:49,830 --> 01:15:48,000

and accelerate and instantaneously

2238

01:15:51,270 --> 01:15:49,840

we're we're looking at material sciences

2239

01:15:53,270 --> 01:15:51,280

and areas of physics

2240

01:15:54,950 --> 01:15:53,280

that that start to add up there's not

2241

01:15:56,550 --> 01:15:54,960

just one area here we're talking about

2242

01:15:58,470 --> 01:15:56,560

hundreds of areas of science

2243

01:15:59,590 --> 01:15:58,480

that have to be overcome to accomplish

2244

01:16:02,470 --> 01:15:59,600

those feats

2245

01:16:03,830 --> 01:16:02,480

so so rocky you're putting that at a

2246

01:16:06,470 --> 01:16:03,840

close to zero

2247

01:16:08,790 --> 01:16:06,480

yeah earthly technology yeah i put it at

2248

01:16:11,750 --> 01:16:08,800

i put it at ten percent

2249

01:16:12,950 --> 01:16:11,760

what are you putting that one at

2250

01:16:14,149 --> 01:16:12,960

depending on the case you're talking

2251

01:16:14,870 --> 01:16:14,159

about but i would totally agree with

2252

01:16:17,750 --> 01:16:14,880

your numbers i

2253

01:16:18,830 --> 01:16:17,760

i just depending on the case right okay

2254

01:16:21,669 --> 01:16:18,840

all right

2255

01:16:23,030 --> 01:16:21,679

and byron you want to give us a

2256

01:16:27,189 --> 01:16:23,040

percentage on the on

2257

01:16:30,470 --> 01:16:27,199

being earthly technology um

2258

01:16:32,149 --> 01:16:30,480

i'd say if indeed that these are

2259

01:16:33,830 --> 01:16:32,159

physical objects

2260

01:16:35,189 --> 01:16:33,840

that show acceleration of nine thousand

2261

01:16:36,229 --> 01:16:35,199

miles an hour and they do a 90 degree

2262

01:16:39,510 --> 01:16:36,239

turn

2263

01:16:42,149 --> 01:16:39,520

uh whoa two percent

2264

01:16:43,750 --> 01:16:42,159

right okay what what about that they

2265

01:16:46,470 --> 01:16:43,760

were misperceived or or

2266

01:16:48,870 --> 01:16:46,480

the they're not actually real but what

2267

01:16:52,229 --> 01:16:48,880

they thought they saw as far as

2268

01:16:55,510 --> 01:16:52,239

a physical craft maneuvering in this way

2269

01:16:58,229 --> 01:16:55,520

was some type of spoofing technology

2270

01:16:59,270 --> 01:16:58,239

well general nathan twining in 1947 said

2271

01:17:01,590 --> 01:16:59,280

the phenomena

2272

01:17:03,590 --> 01:17:01,600

reported is something real and not

2273

01:17:05,669 --> 01:17:03,600

visionary or fictitious

2274

01:17:06,630 --> 01:17:05,679

there are objects probably approximating

2275

01:17:10,229 --> 01:17:06,640

the shape

2276

01:17:11,910 --> 01:17:10,239

of a disc of such appreciable size as to

2277

01:17:15,110 --> 01:17:11,920

appear to be a large

2278

01:17:15,510 --> 01:17:15,120

man-made aircraft so so and then it goes

2279

01:17:17,830 --> 01:17:15,520

on

2280

01:17:18,790 --> 01:17:17,840

and and he talks about the shape of

2281

01:17:20,470 --> 01:17:18,800

these things and performance

2282

01:17:21,910 --> 01:17:20,480

capabilities et cetera et cetera this is

2283

01:17:22,709 --> 01:17:21,920

the general in charge of air material

2284

01:17:25,510 --> 01:17:22,719

command

2285

01:17:27,270 --> 01:17:25,520

if there was an object uh secret or

2286

01:17:29,510 --> 01:17:27,280

otherwise they likely knew about it

2287

01:17:31,110 --> 01:17:29,520

in fact on the last page of this memo he

2288

01:17:33,510 --> 01:17:31,120

says look it's possible

2289

01:17:34,790 --> 01:17:33,520

this is not known to this command but

2290

01:17:37,590 --> 01:17:34,800

highly unlikely

2291

01:17:38,950 --> 01:17:37,600

and so it's not visionary it's not

2292

01:17:41,110 --> 01:17:38,960

fictitious it's not imaginary the

2293

01:17:44,229 --> 01:17:41,120

phenomena reported has been reported

2294

01:17:46,630 --> 01:17:44,239

by our best experts as real since nike

2295

01:17:47,669 --> 01:17:46,640

and just just to add to this a few years

2296

01:17:50,870 --> 01:17:47,679

earlier

2297

01:17:54,550 --> 01:17:50,880

than that memo uh the uh

2298

01:17:55,669 --> 01:17:54,560

this 1947 memo uh jim that we touched on

2299

01:17:58,790 --> 01:17:55,679

earlier

2300

01:18:00,310 --> 01:17:58,800

uh the ability uh to suddenly appear

2301

01:18:03,189 --> 01:18:00,320

without warning

2302

01:18:05,910 --> 01:18:03,199

as if from an extremely high altitude

2303

01:18:07,350 --> 01:18:05,920

now that tracks exactly with the tic tac

2304

01:18:09,030 --> 01:18:07,360

incident where they're coming from 80

2305

01:18:09,910 --> 01:18:09,040

000 feet and they drop to the surface of

2306

01:18:13,590 --> 01:18:09,920

the ocean in

2307

01:18:15,510 --> 01:18:13,600

0.78 seconds um they say that the size

2308

01:18:16,950 --> 01:18:15,520

most reported of these objects is that

2309

01:18:20,310 --> 01:18:16,960

of a c-54

2310

01:18:23,030 --> 01:18:20,320

or constellation type aircraft so a huge

2311

01:18:23,750 --> 01:18:23,040

huge size a big big object much bigger

2312

01:18:25,750 --> 01:18:23,760

than the

2313

01:18:26,790 --> 01:18:25,760

tic tac not much bigger but you know

2314

01:18:28,630 --> 01:18:26,800

perhaps

2315

01:18:30,310 --> 01:18:28,640

double the size of the tic tac if the

2316

01:18:33,750 --> 01:18:30,320

tic tac is the size of a

2317

01:18:36,470 --> 01:18:33,760

f-18 uh 40 feet in length for example

2318

01:18:38,070 --> 01:18:36,480

um and it's interesting because back

2319

01:18:39,590 --> 01:18:38,080

then the military

2320

01:18:42,229 --> 01:18:39,600

really didn't even want to float the

2321

01:18:44,390 --> 01:18:42,239

idea that this was extraterrestrial

2322

01:18:46,470 --> 01:18:44,400

and the conclusion that they say and

2323

01:18:49,590 --> 01:18:46,480

this is in 47 mind you

2324

01:18:51,510 --> 01:18:49,600

he says this memo says this strange

2325

01:18:53,030 --> 01:18:51,520

object or phenomenon

2326

01:18:54,870 --> 01:18:53,040

may be considered in view of certain

2327

01:18:57,750 --> 01:18:54,880

observations as long range

2328

01:18:59,270 --> 01:18:57,760

aircraft capable of a high rate of climb

2329

01:19:01,110 --> 01:18:59,280

high cruising speed

2330

01:19:03,430 --> 01:19:01,120

and highly maneuverable and capable of

2331

01:19:05,189 --> 01:19:03,440

being flown in very tight formation

2332

01:19:07,350 --> 01:19:05,199

for the purpose of analysis and

2333

01:19:08,950 --> 01:19:07,360

evaluation of the so-called flying

2334

01:19:12,149 --> 01:19:08,960

saucer phenomenon

2335

01:19:13,750 --> 01:19:12,159

the object cited is being assumed to be

2336

01:19:16,709 --> 01:19:13,760

a manned aircraft

2337

01:19:18,310 --> 01:19:16,719

of russian origin and based on the

2338

01:19:21,189 --> 01:19:18,320

perspective

2339

01:19:23,270 --> 01:19:21,199

thinking and actual accomplishments of

2340

01:19:24,990 --> 01:19:23,280

the germans

2341

01:19:26,550 --> 01:19:25,000

this is what the military is saying in

2342

01:19:29,590 --> 01:19:26,560

1947.

2343

01:19:31,189 --> 01:19:29,600

well now in 2021

2344

01:19:33,189 --> 01:19:31,199

they we know that this was not of

2345

01:19:35,590 --> 01:19:33,199

russian origin in 1947

2346

01:19:36,470 --> 01:19:35,600

the germans are out and we know it

2347

01:19:39,590 --> 01:19:36,480

wasn't uh

2348

01:19:48,229 --> 01:19:43,030

same flight characteristics same

2349

01:19:51,830 --> 01:19:48,239

sightings same credible observers

2350

01:19:53,669 --> 01:19:51,840

usaf personnel and

2351
01:19:56,229 --> 01:19:53,679
the same message has been has been

2352
01:20:00,229 --> 01:19:56,239
communicated to congress

2353
01:20:02,390 --> 01:20:00,239
that it is inconclusive

2354
01:20:04,630 --> 01:20:02,400
and so what this report says is we need

2355
01:20:05,669 --> 01:20:04,640
more investment we need more

2356
01:20:08,950 --> 01:20:05,679
investigation

2357
01:20:11,430 --> 01:20:08,960
we need to expand uh the resources

2358
01:20:12,229 --> 01:20:11,440
uh and our capacity to be able to

2359
01:20:15,430 --> 01:20:12,239
measure

2360
01:20:17,110 --> 01:20:15,440
these objects and uh

2361
01:20:19,430 --> 01:20:17,120
i think that we're entering a new era

2362
01:20:22,310 --> 01:20:19,440
here where

2363
01:20:23,189 --> 01:20:22,320

there's a degree of transparency uh now

2364

01:20:26,390 --> 01:20:23,199

to this topic

2365

01:20:28,790 --> 01:20:26,400

that i think will not go away the genies

2366

01:20:31,110 --> 01:20:28,800

out of the bottle so to speak

2367

01:20:33,350 --> 01:20:31,120

yup well i'm up to 50 on

2368

01:20:37,430 --> 01:20:33,360

extraterrestrial now

2369

01:20:39,350 --> 01:20:37,440

50 very good i used to be i used to be

2370

01:20:41,189 --> 01:20:39,360

well it puts the others much lower so i

2371

01:20:44,310 --> 01:20:41,199

put from the future 20 percent

2372

01:20:46,550 --> 01:20:44,320

misperception 20 percent 10 earthly 50

2373

01:20:47,990 --> 01:20:46,560

extraterrestrial so and that's a that's

2374

01:20:50,550 --> 01:20:48,000

a big change for me because i

2375

01:20:52,149 --> 01:20:50,560

i would have been at at least 50 of it

2376

01:20:55,030 --> 01:20:52,159

being earthly uh

2377

01:20:55,270 --> 01:20:55,040

a year ago that's excellent jim i don't

2378

01:20:58,310 --> 01:20:55,280

know

2379

01:21:00,149 --> 01:20:58,320

people

2380

01:21:01,510 --> 01:21:00,159

richard dolan or david marlar now i'm

2381

01:21:02,070 --> 01:21:01,520

not personal friends with either one of

2382

01:21:03,910 --> 01:21:02,080

them but

2383

01:21:05,990 --> 01:21:03,920

um i've had an opportunity to speak to

2384

01:21:07,510 --> 01:21:06,000

both at different times in my life

2385

01:21:08,950 --> 01:21:07,520

and they're they're basically both

2386

01:21:10,149 --> 01:21:08,960

historians on the subject and i think it

2387

01:21:11,750 --> 01:21:10,159

would do

2388

01:21:13,590 --> 01:21:11,760

you know a channel like yours a show

2389

01:21:15,590 --> 01:21:13,600

like yours to have a historian such as

2390

01:21:18,390 --> 01:21:15,600

david marler or richard dolan come on

2391

01:21:19,110 --> 01:21:18,400

to really uh talk about these some of

2392

01:21:20,310 --> 01:21:19,120

these documents and

2393

01:21:23,030 --> 01:21:20,320

people that we mentioned that are so

2394

01:21:25,590 --> 01:21:23,040

slightly here would be um

2395

01:21:27,270 --> 01:21:25,600

something very good for your for your

2396

01:21:28,470 --> 01:21:27,280

listeners because the history behind

2397

01:21:31,510 --> 01:21:28,480

this and and the

2398

01:21:33,750 --> 01:21:31,520

the details of the history are immense

2399

01:21:35,350 --> 01:21:33,760

and so it's it's not something that is

2400

01:21:37,110 --> 01:21:35,360

just sort of a flight of fancy it's not

2401

01:21:39,990 --> 01:21:37,120

something that started today

2402

01:21:40,550 --> 01:21:40,000

and um there is a consistency to the

2403

01:21:43,350 --> 01:21:40,560

history

2404

01:21:45,270 --> 01:21:43,360

and there is a continuity of effort to a

2405

01:21:45,990 --> 01:21:45,280

degree within the pentagon when it comes

2406

01:21:48,629 --> 01:21:46,000

to

2407

01:21:49,750 --> 01:21:48,639

uh investigating this stuff that that

2408

01:21:52,709 --> 01:21:49,760

continuity is of course

2409

01:21:55,030 --> 01:21:52,719

the big mystery you know um but i think

2410

01:21:57,669 --> 01:21:55,040

to bring some historians on there

2411

01:21:59,189 --> 01:21:57,679

on your show sorry to to really get into

2412

01:22:00,790 --> 01:21:59,199

the details that that would be a

2413

01:22:02,470 --> 01:22:00,800

great well if you could help connect us

2414

01:22:03,030 --> 01:22:02,480

um michael may already know them i don't

2415

01:22:05,350 --> 01:22:03,040

know but

2416

01:22:06,070 --> 01:22:05,360

i definitely plan to continue to cover

2417

01:22:08,070 --> 01:22:06,080

this so

2418

01:22:09,990 --> 01:22:08,080

i would love to get connected with them

2419

01:22:11,910 --> 01:22:10,000

thank you again to byron de lear

2420

01:22:14,470 --> 01:22:11,920

you should check out his intention

2421

01:22:16,470 --> 01:22:14,480

podcast and to rocky swanson

2422

01:22:17,990 --> 01:22:16,480

you can check out their facebook page

2423

01:22:19,030 --> 01:22:18,000

the advanced aerospace threat

2424

01:22:21,910 --> 01:22:19,040

identification

2425

01:22:23,430 --> 01:22:21,920

discussion cell on facebook thank you to

2426

01:22:25,189 --> 01:22:23,440

our producer michael parker

2427

01:22:26,790 --> 01:22:25,199

thank you all for listening we'll be

2428

01:22:29,910 --> 01:22:26,800

back soon

2429

01:22:32,700 --> 01:22:29,920

with our jack sarfati interview you're

2430

01:22:35,510 --> 01:22:32,710

not going to want to miss it

2431

01:22:36,950 --> 01:22:35,520

[Music]

2432

01:22:38,709 --> 01:22:36,960

thank you for listening to the truth

2433

01:22:42,310 --> 01:22:38,719

show with jim breslow

2434

01:22:44,470 --> 01:22:42,320

you can find us at hiddentruthshow.com

2435

01:22:45,350 --> 01:22:44,480

follow us on facebook twitter and

2436

01:22:47,910 --> 01:22:45,360

instagram

2437

01:22:48,550 --> 01:22:47,920

that hit the truth show join us again

2438

01:22:51,270 --> 01:22:48,560

next week
