

**HIDDEN TRUTH SHOW
WITH JIM BRESLO**

DECLAN HILL

**COVID ORIGIN: WET MARKET
OR LAB LEAK? BOTH**

1
00:00:04,950 --> 00:00:02,550
okay here is our interview with

2
00:00:06,389 --> 00:00:04,960
professor declan hill so let's go to the

3
00:00:08,070 --> 00:00:06,399
to the root cause so you're you're in

4
00:00:11,350 --> 00:00:08,080
the middle of doing some pretty major

5
00:00:13,190 --> 00:00:11,360
reporting about the origins of covid and

6
00:00:14,870 --> 00:00:13,200
the wuhan lab

7
00:00:16,870 --> 00:00:14,880
you mentioned that you had heard our

8
00:00:18,950 --> 00:00:16,880
recent podcast where

9
00:00:20,790 --> 00:00:18,960
my guest was asserting

10
00:00:22,470 --> 00:00:20,800
just to sum it up if i recall correctly

11
00:00:24,470 --> 00:00:22,480
he's basically asserting that he

12
00:00:27,029 --> 00:00:24,480
believes it was an accidental leak from

13
00:00:29,589 --> 00:00:27,039

the wuhan lab he believes however that

14

00:00:32,310 --> 00:00:29,599

it was a bio weapon that was being

15

00:00:35,910 --> 00:00:32,320

designed and that is what leaked out

16

00:00:37,590 --> 00:00:35,920

that china immediately shut down wuhan

17

00:00:39,590 --> 00:00:37,600

you know locked everybody in their homes

18

00:00:41,670 --> 00:00:39,600

to try to stop the spread but did

19

00:00:43,830 --> 00:00:41,680

nothing to try to stop the spread

20

00:00:45,270 --> 00:00:43,840

outside of china so on the one hand

21

00:00:48,069 --> 00:00:45,280

while they're trying to contain it in

22

00:00:50,069 --> 00:00:48,079

wuhan they don't bother to say cancel

23

00:00:51,189 --> 00:00:50,079

all the flights leaving china and in

24

00:00:52,790 --> 00:00:51,199

that sense

25

00:00:54,709 --> 00:00:52,800

according to our guests

26
00:00:56,869 --> 00:00:54,719
they have blood in their hands that you

27
00:00:59,110 --> 00:00:56,879
know they didn't want to contain it to

28
00:01:01,510 --> 00:00:59,120
just china and hence allowing all the

29
00:01:03,029 --> 00:01:01,520
flights to travel so let's kind of start

30
00:01:04,950 --> 00:01:03,039
from that standpoint based on what the

31
00:01:06,630 --> 00:01:04,960
research you've been doing and

32
00:01:08,870 --> 00:01:06,640
maybe give your thoughts on on his

33
00:01:11,990 --> 00:01:08,880
position and then get into yours

34
00:01:13,990 --> 00:01:12,000
absolutely absolutely i i i

35
00:01:15,590 --> 00:01:14,000
think this is the greatest story of our

36
00:01:17,429 --> 00:01:15,600
time i run a podcast

37
00:01:19,030 --> 00:01:17,439
crimewavespodcast.com

38
00:01:20,870 --> 00:01:19,040

and i was talking with my producer and i

39

00:01:22,469 --> 00:01:20,880

said this is the biggest crime of our

40

00:01:24,710 --> 00:01:22,479

century so far

41

00:01:27,030 --> 00:01:24,720

because the economist intelligence unit

42

00:01:28,310 --> 00:01:27,040

puts the numbers the true numbers of

43

00:01:30,789 --> 00:01:28,320

people who've been

44

00:01:32,870 --> 00:01:30,799

affected killed by kovitz somewhere

45

00:01:34,870 --> 00:01:32,880

between 12.7

46

00:01:36,870 --> 00:01:34,880

and 24 million people

47

00:01:39,270 --> 00:01:36,880

so we're talking about an industrial

48

00:01:41,670 --> 00:01:39,280

accident on a genocidal scale a

49

00:01:43,749 --> 00:01:41,680

slow-motion chernobyl the only thing

50

00:01:44,630 --> 00:01:43,759

that i would disagree with your previous

51

00:01:46,870 --> 00:01:44,640

guest

52

00:01:49,190 --> 00:01:46,880

is that

53

00:01:51,190 --> 00:01:49,200

from the research that i've seen from

54

00:01:54,069 --> 00:01:51,200

all the you know peer-reviewed papers

55

00:01:56,469 --> 00:01:54,079

from the discussions the debates on

56

00:02:00,469 --> 00:01:56,479

viruses that i've gone through

57

00:02:03,030 --> 00:02:00,479

i don't think it came from

58

00:02:07,190 --> 00:02:03,040

the wuhan

59

00:02:08,949 --> 00:02:07,200

virology laboratory the bsl4 thing and

60

00:02:11,190 --> 00:02:08,959

the reason why i don't think it came

61

00:02:12,710 --> 00:02:11,200

from that place which was now as your

62

00:02:15,110 --> 00:02:12,720

previous guest said being taken over by

63

00:02:16,949 --> 00:02:15,120

the pla the people's liberation army

64

00:02:19,350 --> 00:02:16,959

is that they were doing

65

00:02:21,510 --> 00:02:19,360

dangerous covert research in

66

00:02:24,710 --> 00:02:21,520

laboratories that had the standards of

67

00:02:27,110 --> 00:02:24,720

your local dentist's office

68

00:02:30,550 --> 00:02:27,120

even more shocking there was a contract

69

00:02:32,390 --> 00:02:30,560

in june 2019 so that's six months before

70

00:02:34,470 --> 00:02:32,400

the epidemic was fully revealed to the

71

00:02:37,430 --> 00:02:34,480

world and again as your listeners will

72

00:02:40,150 --> 00:02:37,440

know as you know in the epidemiology the

73

00:02:42,550 --> 00:02:40,160

study of the disease it's like a little

74

00:02:44,470 --> 00:02:42,560

flat line you know the disease can come

75

00:02:46,470 --> 00:02:44,480

out because some cleaner doesn't wash

76

00:02:47,910 --> 00:02:46,480

their hands and it goes like a flat line

77

00:02:50,229 --> 00:02:47,920

and then it starts to go up and up and

78

00:02:51,350 --> 00:02:50,239

up so six months before that up and up

79

00:02:53,190 --> 00:02:51,360

went on

80

00:02:54,309 --> 00:02:53,200

one of the laboratories at a much lower

81

00:02:56,470 --> 00:02:54,319

standard

82

00:02:58,390 --> 00:02:56,480

sorry when you say one of

83

00:03:00,070 --> 00:02:58,400

explain what you mean this is in wuhan

84

00:03:02,309 --> 00:03:00,080

are you saying that wuhan lab there's

85

00:03:04,630 --> 00:03:02,319

multiple laboratories within wuhan oh

86

00:03:07,830 --> 00:03:04,640

gosh yes absolutely i mean people have

87

00:03:08,949 --> 00:03:07,840

been focused in on the wiv which is

88

00:03:11,589 --> 00:03:08,959

which is what

89

00:03:14,470 --> 00:03:11,599

the wuhan institute of virology okay and

90

00:03:17,110 --> 00:03:14,480

that's the that's the bsl biosafety

91

00:03:19,270 --> 00:03:17,120

laboratory for and there's all kinds of

92

00:03:21,350 --> 00:03:19,280

problems with that laboratory and i get

93

00:03:24,550 --> 00:03:21,360

into it in painstaking detail you know

94

00:03:26,470 --> 00:03:24,560

the it wasn't certified by um you know

95

00:03:28,470 --> 00:03:26,480

the company who constructed it there

96

00:03:30,390 --> 00:03:28,480

were all kinds of issues the deputy

97

00:03:31,509 --> 00:03:30,400

secretary there said that we've

98

00:03:33,830 --> 00:03:31,519

discovered

99

00:03:35,350 --> 00:03:33,840

hidden dangers and common problems all

100

00:03:37,270 --> 00:03:35,360

kinds of issues around that particular

101
00:03:40,949 --> 00:03:37,280
lab now and just to be clear is that the

102
00:03:43,830 --> 00:03:40,959
lab where we create viruses so we can

103
00:03:46,710 --> 00:03:43,840
figure out how to protect against them

104
00:03:49,030 --> 00:03:46,720
here's the problem james there were nine

105
00:03:51,190 --> 00:03:49,040
other labor trees in wuhan

106
00:03:52,869 --> 00:03:51,200
that was the crown jewel

107
00:03:54,949 --> 00:03:52,879
these other laboratories were doing the

108
00:03:57,270 --> 00:03:54,959
same research and they didn't have the

109
00:03:59,350 --> 00:03:57,280
same standard

110
00:04:01,190 --> 00:03:59,360
and all these are like wuhan

111
00:04:04,470 --> 00:04:01,200
this is like hey i'm here in new haven

112
00:04:06,149 --> 00:04:04,480
and you got the yale research lab doing

113
00:04:07,990 --> 00:04:06,159

this research and they're like hey we

114

00:04:09,750 --> 00:04:08,000

have so much research we're going to go

115

00:04:11,030 --> 00:04:09,760

around and give it out to our local high

116

00:04:12,070 --> 00:04:11,040

school

117

00:04:14,630 --> 00:04:12,080

that's how

118

00:04:18,069 --> 00:04:14,640

they were doing covert research

119

00:04:20,710 --> 00:04:18,079

dangerous covert virology research

120

00:04:23,510 --> 00:04:20,720

at these other laboratories

121

00:04:25,749 --> 00:04:23,520

sorry all these are in the city of wuhan

122

00:04:27,510 --> 00:04:25,759

yes are they all in the same location or

123

00:04:29,030 --> 00:04:27,520

different locations they're scattered

124

00:04:29,909 --> 00:04:29,040

through um

125

00:04:34,070 --> 00:04:29,919

the

126

00:04:35,749 --> 00:04:34,080

is actually quite large it's about 11

127

00:04:39,830 --> 00:04:35,759

million so it's slightly larger than new

128

00:04:42,950 --> 00:04:39,840

york and it's known as a research center

129

00:04:44,629 --> 00:04:42,960

for these viruses and there's so many

130

00:04:46,790 --> 00:04:44,639

research scientists coming here they're

131

00:04:48,550 --> 00:04:46,800

not just working at the main one and

132

00:04:50,790 --> 00:04:48,560

there may have been problems as your

133

00:04:53,510 --> 00:04:50,800

previous guest said there may have been

134

00:04:56,070 --> 00:04:53,520

problems at that particular laboratory

135

00:04:59,590 --> 00:04:56,080

but what i'm basing my evidence on is

136

00:05:01,990 --> 00:04:59,600

that they were also doing covet

137

00:05:05,270 --> 00:05:02,000

gain of function research

138

00:05:08,070 --> 00:05:05,280

at vsl2 and bsl3 things let me please

139

00:05:10,310 --> 00:05:08,080

just give you a sense of the shoddy

140

00:05:12,150 --> 00:05:10,320

laboratory standards at some of these

141

00:05:13,270 --> 00:05:12,160

laboratories in china

142

00:05:15,430 --> 00:05:13,280

sorry

143

00:05:18,550 --> 00:05:15,440

and wuhan i won't even concentrate on

144

00:05:20,950 --> 00:05:18,560

china just in wuhan in june of 2019 so

145

00:05:22,150 --> 00:05:20,960

six months before the epidemic is fully

146

00:05:24,710 --> 00:05:22,160

revealed

147

00:05:27,110 --> 00:05:24,720

one of these other laboratories in wuhan

148

00:05:30,550 --> 00:05:27,120

puts out a contract to get rid of their

149

00:05:35,749 --> 00:05:33,189

they've been collecting hazardous waste

150

00:05:37,110 --> 00:05:35,759

from these dangerous pathogens and

151
00:05:41,029 --> 00:05:37,120
dangerous viruses they've been

152
00:05:41,830 --> 00:05:41,039
researching on since 1994

153
00:05:44,150 --> 00:05:41,840
like

154
00:05:46,550 --> 00:05:44,160
they had

155
00:05:49,270 --> 00:05:46,560
26 years

156
00:05:52,790 --> 00:05:49,280
of hazardous material to get rid of

157
00:05:55,029 --> 00:05:52,800
they had two tons of hazardous material

158
00:05:57,749 --> 00:05:55,039
to get rid of that's the that's the kind

159
00:06:02,469 --> 00:05:57,759
of shoddy standards that was going on in

160
00:06:05,110 --> 00:06:02,479
some of these bsl2 bsl3 laboratories

161
00:06:07,110 --> 00:06:05,120
um there's a famous virologist here in

162
00:06:08,950 --> 00:06:07,120
north america he looked at some of the

163
00:06:11,189 --> 00:06:08,960

peer-reviewed papers that the

164

00:06:12,950 --> 00:06:11,199

independent researchers were finding and

165

00:06:15,350 --> 00:06:12,960

they were finding that the guys were

166

00:06:16,790 --> 00:06:15,360

doing covert virus

167

00:06:18,710 --> 00:06:16,800

research

168

00:06:20,870 --> 00:06:18,720

and thanking saying hey everything's

169

00:06:23,029 --> 00:06:20,880

great in my bsl 2 laboratory

170

00:06:25,029 --> 00:06:23,039

everything's great in my bsl3 and

171

00:06:27,189 --> 00:06:25,039

remember these standards are like the

172

00:06:29,749 --> 00:06:27,199

local dentist or your local high school

173

00:06:31,350 --> 00:06:29,759

research laboratory they're appalling

174

00:06:33,670 --> 00:06:31,360

they should not have been doing this

175

00:06:35,909 --> 00:06:33,680

kind of dangerous virology in those

176

00:06:38,870 --> 00:06:35,919

types of laboratories and are those

177

00:06:40,070 --> 00:06:38,880

chinese government-run labs

178

00:06:42,710 --> 00:06:40,080

absolutely

179

00:06:44,309 --> 00:06:42,720

and the one we always hear about is the

180

00:06:46,790 --> 00:06:44,319

main one i guess and that's the one

181

00:06:48,390 --> 00:06:46,800

where allegedly u.s funds

182

00:06:49,749 --> 00:06:48,400

wound up

183

00:06:51,670 --> 00:06:49,759

going look i don't think there's

184

00:06:53,670 --> 00:06:51,680

anything allegedly about it u.s funds

185

00:06:57,189 --> 00:06:53,680

we're going there and and

186

00:06:58,790 --> 00:06:57,199

the the great problem is that western

187

00:07:00,550 --> 00:06:58,800

science around

188

00:07:02,870 --> 00:07:00,560

2012

189

00:07:03,830 --> 00:07:02,880

woke up to the dangers of gain of

190

00:07:05,270 --> 00:07:03,840

function

191

00:07:06,469 --> 00:07:05,280

they were

192

00:07:09,589 --> 00:07:06,479

people in the

193

00:07:11,110 --> 00:07:09,599

atomic science in june of 2012 and the

194

00:07:13,749 --> 00:07:11,120

bulletin of atomic sciences union

195

00:07:15,670 --> 00:07:13,759

listeners know is a hugely reputable

196

00:07:19,029 --> 00:07:15,680

research journal

197

00:07:20,309 --> 00:07:19,039

came out of the nuclear cold war um

198

00:07:23,670 --> 00:07:20,319

these are the guys who kind of blew the

199

00:07:26,390 --> 00:07:23,680

whistle on chernobyl and they said

200

00:07:27,909 --> 00:07:26,400

there is an 80 percent chance with all

201
00:07:31,110 --> 00:07:27,919
the different lab leaks with all the

202
00:07:32,870 --> 00:07:31,120
different ax lab accidents

203
00:07:35,430 --> 00:07:32,880
there's an 80 chance that we're going to

204
00:07:37,990 --> 00:07:35,440
have a worldwide pandemic in the next 10

205
00:07:40,790 --> 00:07:38,000
years from this kind of covid gain of

206
00:07:43,189 --> 00:07:40,800
function research

207
00:07:44,950 --> 00:07:43,199
this is the stuff that gradually the

208
00:07:46,790 --> 00:07:44,960
obama administration went well hang on a

209
00:07:48,469 --> 00:07:46,800
second we shouldn't be doing hidden gain

210
00:07:50,150 --> 00:07:48,479
of function we're going to stop this in

211
00:07:51,589 --> 00:07:50,160
the united states

212
00:07:54,950 --> 00:07:51,599
similar things were happening around

213
00:07:56,710 --> 00:07:54,960

europa and what did these bozos do

214

00:07:58,230 --> 00:07:56,720

they did what so many of the capitalists

215

00:08:01,909 --> 00:07:58,240

have done in our society in the last

216

00:08:05,189 --> 00:08:01,919

generation they offshored it to china

217

00:08:07,110 --> 00:08:05,199

and and and this type of research again

218

00:08:08,629 --> 00:08:07,120

another famous research scientist said

219

00:08:11,510 --> 00:08:08,639

this type of research is like looking

220

00:08:14,469 --> 00:08:11,520

for a gas leak with a lit match

221

00:08:15,430 --> 00:08:14,479

like the idea of what these guys were

222

00:08:17,749 --> 00:08:15,440

doing

223

00:08:21,270 --> 00:08:19,909

the research laboratories again i don't

224

00:08:23,990 --> 00:08:21,280

know if your previous guests had said

225

00:08:26,550 --> 00:08:24,000

this are shoddily run they're terribly

226

00:08:28,469 --> 00:08:26,560

wrong it's common practice in chinese

227

00:08:30,550 --> 00:08:28,479

research laboratories

228

00:08:32,630 --> 00:08:30,560

to take the animals that they've

229

00:08:35,269 --> 00:08:32,640

injected with viruses injected with

230

00:08:36,389 --> 00:08:35,279

pathogens and sell them to the local

231

00:08:38,230 --> 00:08:36,399

butchers

232

00:08:39,829 --> 00:08:38,240

and i'm not talking about james and

233

00:08:41,670 --> 00:08:39,839

declan having a couple of beers and

234

00:08:43,670 --> 00:08:41,680

saying hey let's get rid of our rabbits

235

00:08:46,630 --> 00:08:43,680

this would be a great idea i'm talking

236

00:08:48,630 --> 00:08:46,640

about organized crime racketeering

237

00:08:51,590 --> 00:08:48,640

where some of these morons in their

238

00:08:54,630 --> 00:08:51,600

research laboratory were making close to

239

00:08:57,110 --> 00:08:54,640

a million dollars from selling pathogen

240

00:08:58,630 --> 00:08:57,120

tainted meat to the local

241

00:09:02,790 --> 00:08:58,640

markets

242

00:09:04,150 --> 00:09:02,800

so you've got serious problems of safety

243

00:09:05,910 --> 00:09:04,160

standards with hazardous waste you've

244

00:09:07,670 --> 00:09:05,920

got serious standards and training these

245

00:09:09,430 --> 00:09:07,680

guys think it's proper

246

00:09:11,670 --> 00:09:09,440

and you have when the american state

247

00:09:13,750 --> 00:09:11,680

department goes to this wuhan research

248

00:09:16,230 --> 00:09:13,760

complex these eight or nine different

249

00:09:18,150 --> 00:09:16,240

research laboratories wiv the main one

250

00:09:20,230 --> 00:09:18,160

being one of them

251
00:09:22,310 --> 00:09:20,240
the chinese research scientists who run

252
00:09:25,430 --> 00:09:22,320
up these laboratories are begging the

253
00:09:27,269 --> 00:09:25,440
american diplomats saying hey

254
00:09:29,190 --> 00:09:27,279
we have terrible professional standards

255
00:09:31,190 --> 00:09:29,200
here we need your help training these

256
00:09:34,070 --> 00:09:31,200
guys

257
00:09:35,910 --> 00:09:34,080
the head of the wiv the top lab the

258
00:09:38,230 --> 00:09:35,920
crown jewel of these research

259
00:09:40,949 --> 00:09:38,240
laboratories in wuhan writes a

260
00:09:43,750 --> 00:09:40,959
peer-reviewed

261
00:09:45,110 --> 00:09:43,760
article in october 2019. so again just

262
00:09:46,630 --> 00:09:45,120
months before the rest of the world

263
00:09:48,630 --> 00:09:46,640

finds out what they're doing

264

00:09:50,870 --> 00:09:48,640

where they write about how bad the

265

00:09:52,550 --> 00:09:50,880

standards are so again it's not declan

266

00:09:54,710 --> 00:09:52,560

hill saying all these guys are terrible

267

00:09:55,750 --> 00:09:54,720

it's they said it

268

00:09:58,310 --> 00:09:55,760

and

269

00:10:00,790 --> 00:09:58,320

even you know premier xi jinping said

270

00:10:02,389 --> 00:10:00,800

this about it thank you again to our

271

00:10:05,030 --> 00:10:02,399

guest professor declan hill you can

272

00:10:07,030 --> 00:10:05,040

check out his podcast crime waves

273

00:10:09,190 --> 00:10:07,040

wherever you get your podcast thank you

274

00:10:10,550 --> 00:10:09,200

to our producer michael parker thank you

275

00:10:12,150 --> 00:10:10,560

all for listening we'll be back soon

276

00:10:13,790 --> 00:10:12,160

with another episode of the hidden tree

277

00:10:18,470 --> 00:10:13,800

show

278

00:10:21,670 --> 00:10:19,910

thank you for listening to the truth

279

00:10:25,269 --> 00:10:21,680

show with jim breslow

280

00:10:27,430 --> 00:10:25,279

you can find us at hiddentruthshow.com

281

00:10:30,230 --> 00:10:27,440

follow us on facebook twitter and

282

00:10:31,990 --> 00:10:30,240

instagram that hit the truth show

283

00:10:34,630 --> 00:10:32,000

join us again next week for another
