

1
00:00:05,809 --> 00:00:03,470
people it's the Karl wood and you know I

2
00:00:07,970 --> 00:00:05,819
don't like these long intro discussions

3
00:00:09,290 --> 00:00:07,980
or long-form advertisements or personal

4
00:00:11,089 --> 00:00:09,300
updates because most people just wish

5
00:00:12,709 --> 00:00:11,099
they could skip them anyway so I'm gonna

6
00:00:15,049 --> 00:00:12,719
try to make it quick because some

7
00:00:16,279 --> 00:00:15,059
exciting stuff is happening for THC and

8
00:00:18,050 --> 00:00:16,289
I want to try to pull all this [h__\h]

9
00:00:19,279 --> 00:00:18,060
together you know what I'm saying so let

10
00:00:20,900 --> 00:00:19,289
me just say real quick that you can

11
00:00:23,150 --> 00:00:20,910
obviously find me on Facebook and

12
00:00:26,000 --> 00:00:23,160
Twitter if you want to keep up with the

13
00:00:27,439 --> 00:00:26,010

show recommend guests ask questions for

14

00:00:29,390 --> 00:00:27,449

upcoming guests or link me to

15

00:00:30,500 --> 00:00:29,400

interesting news in the conspiracy world

16

00:00:34,160 --> 00:00:30,510

that you'd like me to share with the

17

00:00:36,799 --> 00:00:34,170

group I love doing all that also if you

18

00:00:38,630 --> 00:00:36,809

just like to get the show the YouTube

19

00:00:40,700 --> 00:00:38,640

channel is great subscribe to that

20

00:00:42,650 --> 00:00:40,710

that's where new podcasts are always

21

00:00:45,470 --> 00:00:42,660

gonna be and if you just like the audio

22

00:00:47,990 --> 00:00:45,480

and you have a smart phone I gotta say

23

00:00:51,500 --> 00:00:48,000

that the stitcher app is probably the

24

00:00:53,479 --> 00:00:51,510

best podcast app I've seen and I use it

25

00:00:55,610 --> 00:00:53,489

constantly and they've reached out to me

26

00:00:57,830 --> 00:00:55,620

to discuss a partnership where I tell

27

00:01:00,650 --> 00:00:57,840

people to go to stitcher comm slash

28

00:01:03,229 --> 00:01:00,660

higher side and download the app and set

29

00:01:04,820 --> 00:01:03,239

up an account if you do that and you use

30

00:01:06,320 --> 00:01:04,830

the promo code higher side that's

31

00:01:08,719 --> 00:01:06,330

obviously pretty important I get a

32

00:01:10,130 --> 00:01:08,729

dollar for every person who does that

33

00:01:12,020 --> 00:01:10,140

and it's not a big deal

34

00:01:14,719 --> 00:01:12,030

and they don't do a lot of spamming and

35

00:01:16,700 --> 00:01:14,729

the app and a counter both free and it's

36

00:01:18,620 --> 00:01:16,710

actually really good I literally do use

37

00:01:20,690 --> 00:01:18,630

it or I wouldn't have even been involved

38

00:01:24,260 --> 00:01:20,700

in this but if you make that account I

39

00:01:25,660 --> 00:01:24,270

get a dollar so why not you know help

40

00:01:28,880 --> 00:01:25,670

yourself out with a good podcast

41

00:01:32,240 --> 00:01:28,890

aggregate on your phone and give me a

42

00:01:35,600 --> 00:01:32,250

dollar also my other huge focus right

43

00:01:38,749 --> 00:01:35,610

now is the conspiracy themed t-shirt

44

00:01:41,060 --> 00:01:38,759

brand conspiracies at conspiracies net

45

00:01:43,280 --> 00:01:41,070

we're growing slowly but now that we

46

00:01:46,550 --> 00:01:43,290

have and new it as the new design and a

47

00:01:48,260 --> 00:01:46,560

new printer I'm super psyched because

48

00:01:49,999 --> 00:01:48,270

honestly the quality is night and day

49

00:01:51,889 --> 00:01:50,009

I'm super proud of the new design of

50

00:01:54,740 --> 00:01:51,899

UFOs building the pyramids I think it

51
00:01:57,200 --> 00:01:54,750
looks badass the quality is great it's a

52
00:01:59,719 --> 00:01:57,210
really soft t-shirt great water-based

53
00:02:02,510 --> 00:01:59,729
ink it's not the plastic ink I'm super

54
00:02:04,459 --> 00:02:02,520
happy about that I've got a tag with

55
00:02:07,010 --> 00:02:04,469
label in that [h__h] they're really nice

56
00:02:10,279 --> 00:02:07,020
and it's finally really becoming a

57
00:02:12,260 --> 00:02:10,289
respectable quality brand that I really

58
00:02:13,940 --> 00:02:12,270
wanted that boldly expresses alternative

59
00:02:18,229 --> 00:02:13,950
themes you know

60
00:02:20,809 --> 00:02:18,239
and because really to me bold fashion

61
00:02:23,780 --> 00:02:20,819
shouldn't be about some chick showing

62
00:02:25,339 --> 00:02:23,790
her back or a guy in a pink shirt it

63
00:02:27,290 --> 00:02:25,349

should really describe someone who has

64

00:02:30,110 --> 00:02:27,300

the strength to project their truth all

65

00:02:32,030 --> 00:02:30,120

day straight from the chest to everyone

66

00:02:34,370 --> 00:02:32,040

they meet because as dumb as it sounds I

67

00:02:36,410 --> 00:02:34,380

really do feel that way so please go to

68

00:02:38,570 --> 00:02:36,420

conspiracies net and look at what we got

69

00:02:41,780 --> 00:02:38,580

the squid of power is an awesome shirt

70

00:02:44,000 --> 00:02:41,790

I love the riot cops t-shirt and now the

71

00:02:46,490 --> 00:02:44,010

UFO is building the pyramids is the

72

00:02:48,350 --> 00:02:46,500

third one and we got more coming and I'm

73

00:02:53,030 --> 00:02:48,360

super psyched about it so please support

74

00:02:55,880 --> 00:02:53,040

that for Christ's sake and so those the

75

00:02:59,420 --> 00:02:55,890

ways you can kind of help me out and we

76

00:03:02,240 --> 00:02:59,430

could unify this quasi community and

77

00:03:03,650 --> 00:03:02,250

make the best of it thanks so much for

78

00:03:06,110 --> 00:03:03,660

paying attention to my [h__h] you know

79

00:03:08,150 --> 00:03:06,120

I really appreciate it and where you can

80

00:03:10,550 --> 00:03:08,160

go back and listen to older podcasts I

81

00:03:12,890 --> 00:03:10,560

have friends of mine on I have local

82

00:03:15,590 --> 00:03:12,900

comics here in San Diego even a couple

83

00:03:16,940 --> 00:03:15,600

members of Jeff's death squad Joe Diaz

84

00:03:18,979 --> 00:03:16,950

and Ari Shaffir have been on the show

85

00:03:21,410 --> 00:03:18,989

and I'm not saying comics will never be

86

00:03:23,599 --> 00:03:21,420

on it again but I really am going hard

87

00:03:26,870 --> 00:03:23,609

with just trying to talk to our authors

88

00:03:29,150 --> 00:03:26,880

and lectures and researchers cuz that's

89

00:03:30,620 --> 00:03:29,160

more interesting for me to listen to

90

00:03:32,810 --> 00:03:30,630

there's a lot of comedy shows out there

91

00:03:35,120 --> 00:03:32,820

a lot of comedy shows about weed out

92

00:03:37,400 --> 00:03:35,130

there a lot of comedy shows where people

93

00:03:40,849 --> 00:03:37,410

just [h__h] about nothing so I'd

94

00:03:45,860 --> 00:03:40,859

rather be a show that's more in line

95

00:03:48,550 --> 00:03:45,870

with say coast to coast or red ice radio

96

00:03:51,140 --> 00:03:48,560

or Project Camelot things that I like

97

00:03:53,750 --> 00:03:51,150

and I feel like those people have more

98

00:03:56,319 --> 00:03:53,760

to say and it rings more true to me and

99

00:03:59,720 --> 00:03:56,329

yeah I'm gonna stop wasting your time so

100

00:04:02,500 --> 00:03:59,730

thanks pimps here's the new podcast with

101
00:04:13,430 --> 00:04:02,510
another pimp and provocateur himself

102
00:04:14,809 --> 00:04:13,440
patrick Shannara these are you when they

103
00:04:18,170 --> 00:04:14,819
in your chips

104
00:04:22,730 --> 00:04:18,180
America that can you recall drive you

105
00:04:26,390 --> 00:04:22,740
through the USA America's the greatest

106
00:04:30,620 --> 00:04:26,400
land of all on a highway or a road along

107
00:04:34,790 --> 00:04:30,630
a levee but pharmacist later nothing can

108
00:05:24,960 --> 00:04:34,800
beat her life is completed or in go make

109
00:05:29,140 --> 00:05:27,520
hello higher side shatters today we're

110
00:05:31,060 --> 00:05:29,150
going marred with catchin our delights

111
00:05:33,880 --> 00:05:31,070
I'm researcher and archaeology lost

112
00:05:35,760 --> 00:05:33,890
civilizations Atlantis and alternatives

113
00:05:38,170 --> 00:05:35,770

the conventional story of man's origin

114

00:05:40,210 --> 00:05:38,180

you've heard him on coast to coast twice

115

00:05:41,800 --> 00:05:40,220

this year already and his new book

116

00:05:43,650 --> 00:05:41,810

forgotten world's just released on

117

00:05:46,840 --> 00:05:43,660

Amazon and forgotten

118

00:05:48,580 --> 00:05:46,850

- world.com he keeps his pimp hand

119

00:05:49,540 --> 00:05:48,590

strong he's proud of it Pat my man

120

00:05:52,450 --> 00:05:49,550

thanks for being here

121

00:05:55,870 --> 00:05:52,460

hey are you doing I'm doing well man um

122

00:05:57,520 --> 00:05:55,880

hey I so paint a picture for us when did

123

00:05:59,500 --> 00:05:57,530

you start digging in the dirt and what

124

00:06:02,830 --> 00:05:59,510

was it that caused you to veer away from

125

00:06:05,020 --> 00:06:02,840

the conventional ideas in the field well

126

00:06:08,230 --> 00:06:05,030

basically I've always been interested in

127

00:06:11,470 --> 00:06:08,240

archaeology and science in oceanography

128

00:06:16,660 --> 00:06:11,480

and Rahmi and a lot of good stuff but

129

00:06:18,610 --> 00:06:16,670

about ten years ago I was a I was board

130

00:06:20,620 --> 00:06:18,620

directors for the central both Gulf

131

00:06:23,560 --> 00:06:20,630

Coast Archaeological Society and

132

00:06:28,210 --> 00:06:23,570

basically I was tired of it you know we

133

00:06:31,480 --> 00:06:28,220

just did just a very boring and really a

134

00:06:34,200 --> 00:06:31,490

really a kind of a resentful type

135

00:06:36,760 --> 00:06:34,210

atmosphere to anything new or

136

00:06:38,920 --> 00:06:36,770

unconventional or on on server days with

137

00:06:41,400 --> 00:06:38,930

a very very conservative archaeologists

138

00:06:43,810 --> 00:06:41,410

and I was working with a number of

139

00:06:45,550 --> 00:06:43,820

university professors I'm starting the

140

00:06:50,560 --> 00:06:45,560

new Archaeology review which was my

141

00:06:53,890 --> 00:06:50,570

magazine these guys they were all for me

142

00:06:57,820 --> 00:06:53,900

as long as you know far as you know

143

00:06:59,860 --> 00:06:57,830

having a platform that was consistent

144

00:07:02,350 --> 00:06:59,870

with their theories but the internet

145

00:07:04,240 --> 00:07:02,360

start to deviate from those Stokes ideas

146

00:07:05,780 --> 00:07:04,250

when I started reading books like Graham

147

00:07:08,360 --> 00:07:05,790

Hancock Under

148

00:07:11,000 --> 00:07:08,370

the grand Hancock's fingerprints of the

149

00:07:14,150 --> 00:07:11,010

gods and the works of Robert Schoch and

150

00:07:17,630 --> 00:07:14,160

different people that nature if you will

151

00:07:20,480 --> 00:07:17,640

I really started to draw their attention

152

00:07:22,040 --> 00:07:20,490

away from me and they really started to

153

00:07:24,230 --> 00:07:22,050

resent me and they didn't want to deal

154

00:07:26,960 --> 00:07:24,240

with me anymore so I said the hell with

155

00:07:30,500 --> 00:07:26,970

them you know go go to universities

156

00:07:33,410 --> 00:07:30,510

teacher [h__\h] where how do you know

157

00:07:35,690 --> 00:07:33,420

and I was willing to take the risk and

158

00:07:37,750 --> 00:07:35,700

go into something new and I started

159

00:07:42,950 --> 00:07:37,760

deviate that I would start to research

160

00:07:44,930 --> 00:07:42,960

more in depth the history of mankind and

161

00:07:47,510 --> 00:07:44,940

I started to apply that to a theory that

162

00:07:49,790 --> 00:07:47,520

I had when I was growing up about the

163

00:07:53,210 --> 00:07:49,800

tearing race which was the human race

164

00:07:56,000 --> 00:07:53,220

United and strong and forever dedicated

165

00:07:58,820 --> 00:07:56,010

to space exploration things that were

166

00:08:00,470 --> 00:07:58,830

inspired by my research into science

167

00:08:02,510 --> 00:08:00,480

fiction and then go that name through

168

00:08:05,840 --> 00:08:02,520

some of the more partnership Clark Tim

169

00:08:08,300 --> 00:08:05,850

and Dee Roddenberry and others of that

170

00:08:10,490 --> 00:08:08,310

nature from the great science fiction

171

00:08:13,460 --> 00:08:10,500

Minds who even though they were writing

172

00:08:17,390 --> 00:08:13,470

fiction really have the grasp of what

173

00:08:19,430 --> 00:08:17,400

our destiny and space was and that was

174

00:08:21,860 --> 00:08:19,440

my main goal was to proliferate that

175

00:08:23,780 --> 00:08:21,870

pack of viewpoint and I figured that

176

00:08:26,890 --> 00:08:23,790

through archaeology who mythology

177

00:08:29,930 --> 00:08:26,900

through ancient mysteries I'm creating a

178

00:08:33,380 --> 00:08:29,940

consciousness for the Terran race a new

179

00:08:35,420 --> 00:08:33,390

new viewpoint which will endure you know

180

00:08:37,640 --> 00:08:35,430

for generations to come and I want to

181

00:08:40,550 --> 00:08:37,650

put that down I want to put forth a

182

00:08:42,500 --> 00:08:40,560

legacy for the Terran race for the

183

00:08:45,440 --> 00:08:42,510

future for our children and our

184

00:08:46,970 --> 00:08:45,450

children's children have a right on what

185

00:08:49,910 --> 00:08:46,980

I've heard you mentioned the Terran race

186

00:08:52,670 --> 00:08:49,920

before um I've heard you mentioned the

187

00:08:54,200 --> 00:08:52,680

like Terran society that you're trying

188

00:08:57,080 --> 00:08:54,210

to start up what is that it's something

189

00:09:00,650 --> 00:08:57,090

to try to unify humanity yeah yeah the

190

00:09:05,030 --> 00:09:00,660

Terran nation I believe that together we

191

00:09:07,330 --> 00:09:05,040

can do anything we choose to do that we

192

00:09:10,580 --> 00:09:07,340

are united and strong if we are together

193

00:09:13,130 --> 00:09:10,590

together we are unstoppable divided

194

00:09:16,340 --> 00:09:13,140

we're worth nothing and all these who

195

00:09:19,230 --> 00:09:16,350

unity has come in purpose and the

196

00:09:21,930 --> 00:09:19,240

unification of Terra

197

00:09:24,449 --> 00:09:21,940

is people we find to sadness faster with

198

00:09:27,090 --> 00:09:24,459

ourselves and our people here okay I

199

00:09:28,350 --> 00:09:27,100

mean how do I agree but how do you think

200

00:09:31,500 --> 00:09:28,360

you do that do you think you can do that

201
00:09:33,300 --> 00:09:31,510
in a capitalistic society well it has

202
00:09:35,579 --> 00:09:33,310
nothing to do with capitalism I mean

203
00:09:36,870 --> 00:09:35,589
capitalism is compatible with that ID

204
00:09:40,050 --> 00:09:36,880
but how do you get people to work

205
00:09:43,650 --> 00:09:40,060
together well a thing is the thing is is

206
00:09:46,170 --> 00:09:43,660
you have to have a strong ideal and that

207
00:09:49,620 --> 00:09:46,180
ideal must permeate to everything that

208
00:09:53,449 --> 00:09:49,630
you do very much like how how how

209
00:09:56,490 --> 00:09:53,459
religion in the Middle Ages transformed

210
00:09:58,470 --> 00:09:56,500
European side now they did towards the

211
00:10:01,320 --> 00:09:58,480
wrong reasons and it did it in a very

212
00:10:04,980 --> 00:10:01,330
negative format I have every egative way

213
00:10:08,310 --> 00:10:04,990

obviously witch burnings and in the

214

00:10:12,090 --> 00:10:08,320

massacres and then and in their interest

215

00:10:14,130 --> 00:10:12,100

it was indicative laddus exactly but if

216

00:10:16,680 --> 00:10:14,140

it was use in laws of the manner through

217

00:10:20,340 --> 00:10:16,690

with a strength a purpose that was

218

00:10:22,980 --> 00:10:20,350

infused into the masses there would be a

219

00:10:25,170 --> 00:10:22,990

new consciousness and this new

220

00:10:28,160 --> 00:10:25,180

consciousness would permeate throughout

221

00:10:31,260 --> 00:10:28,170

the whole grabbed the whole world and

222

00:10:33,510 --> 00:10:31,270

that's my goal is to create a

223

00:10:37,290 --> 00:10:33,520

consciousness and that's much better

224

00:10:40,710 --> 00:10:37,300

than trying to create a government that

225

00:10:44,130 --> 00:10:40,720

would then then slowly try to institute

226

00:10:46,620 --> 00:10:44,140

a I got a hug for Terry and radium that

227

00:10:49,769 --> 00:10:46,630

would try to institute such a unity that

228

00:10:51,750 --> 00:10:49,779

would not work that history has proven

229

00:10:54,569 --> 00:10:51,760

that those types of governments do not

230

00:10:57,600 --> 00:10:54,579

last at the same time we've been proven

231

00:10:59,579 --> 00:10:57,610

that a government gone awry with no

232

00:11:01,910 --> 00:10:59,589

sense of purpose that doesn't work

233

00:11:05,760 --> 00:11:01,920

either so we need a system in which

234

00:11:07,110 --> 00:11:05,770

which you know capitalism yeah sure

235

00:11:09,780 --> 00:11:07,120

it'll go fine with it

236

00:11:14,040 --> 00:11:09,790

there could be no problem all capitalism

237

00:11:18,690 --> 00:11:14,050

is is an economic system all it is is a

238

00:11:22,230 --> 00:11:18,700

way to create production and to subdue

239

00:11:24,840 --> 00:11:22,240

creates goods and services it's an

240

00:11:27,780 --> 00:11:24,850

economic system that's all is it's not a

241

00:11:29,340 --> 00:11:27,790

way of life it's not it's not it's none

242

00:11:31,380 --> 00:11:29,350

of religion

243

00:11:34,680 --> 00:11:31,390

oh it's definitely compatible with

244

00:11:37,560 --> 00:11:34,690

seeking a nice foot floor I mean that's

245

00:11:39,920 --> 00:11:37,570

fair but on some people say that you

246

00:11:42,300 --> 00:11:39,930

know bill well some people say that

247

00:11:46,530 --> 00:11:42,310

certain countries are put against each

248

00:11:49,860 --> 00:11:46,540

other to you know be via war or other

249

00:11:51,510 --> 00:11:49,870

means to stimulate economies and if we

250

00:11:52,620 --> 00:11:51,520

could really bypass that like for

251

00:11:54,810 --> 00:11:52,630

example I don't know if you've heard of

252

00:11:57,300 --> 00:11:54,820

The Venus Project or a resource-based

253

00:12:00,090 --> 00:11:57,310

economy but those are economic

254

00:12:03,510 --> 00:12:00,100

structures as well but they seem to fit

255

00:12:05,520 --> 00:12:03,520

in better with a unified humanity they

256

00:12:08,840 --> 00:12:05,530

seem to put that idea forward more I

257

00:12:11,370 --> 00:12:08,850

don't know if you you are like what is

258

00:12:13,860 --> 00:12:11,380

the enterprise because you know that's

259

00:12:16,410 --> 00:12:13,870

very dear to a lot of people and you

260

00:12:19,020 --> 00:12:16,420

just become for you now stand this way

261

00:12:20,640 --> 00:12:19,030

so I came down for fourth tomorrow and

262

00:12:22,770 --> 00:12:20,650

got up there and put lots of people said

263

00:12:25,260 --> 00:12:22,780

I'm gonna put I'm gonna put new economic

264

00:12:27,900 --> 00:12:25,270

system in either get rid of the free

265

00:12:29,850 --> 00:12:27,910

enterprise system forever all the people

266

00:12:31,620 --> 00:12:29,860

with your hand right that's the people

267

00:12:34,890 --> 00:12:31,630

coming down on yeah they're gonna stay

268

00:12:38,070 --> 00:12:34,900

by the communists you just socialist II

269

00:12:40,320 --> 00:12:38,080

just a bottle of our yeah whatever they

270

00:12:41,910 --> 00:12:40,330

want to call me right oh yeah it's not

271

00:12:44,400 --> 00:12:41,920

gonna work that ways you have to be

272

00:12:48,030 --> 00:12:44,410

middle ground when you deal with things

273

00:12:50,300 --> 00:12:48,040

which are very true to people that's why

274

00:12:52,560 --> 00:12:50,310

you have to you have to accommodate

275

00:12:55,140 --> 00:12:52,570

certain things which you don't really

276

00:12:56,820 --> 00:12:55,150

want to accommodate but if you're going

277

00:12:59,190 --> 00:12:56,830

to compromise you have to be diplomatic

278

00:13:01,770 --> 00:12:59,200

about it and you have to compromise in a

279

00:13:03,900 --> 00:13:01,780

way that will bring in people and not

280

00:13:08,700 --> 00:13:03,910

alienate too because what I'm saying

281

00:13:12,000 --> 00:13:08,710

yeah I gotcha that's there we don't when

282

00:13:15,450 --> 00:13:12,010

it comes to these these ancient stories

283

00:13:18,380 --> 00:13:15,460

is ancient um you know I guess they'd be

284

00:13:21,120 --> 00:13:18,390

inconsistencies from what conventional

285

00:13:22,560 --> 00:13:21,130

history tells us you know in the

286

00:13:25,290 --> 00:13:22,570

conspiracy world you got a widely

287

00:13:26,670 --> 00:13:25,300

accepted beliefs that there are there is

288

00:13:28,790 --> 00:13:26,680

a group of people a small group of

289

00:13:31,800 --> 00:13:28,800

people that knows the true history and

290

00:13:33,960 --> 00:13:31,810

has systematically stamped out other

291

00:13:35,730 --> 00:13:33,970

groups historical records and writing so

292

00:13:37,920 --> 00:13:35,740

they could kind of rewrite history to

293

00:13:39,150 --> 00:13:37,930

best suit their biggest brainwashing

294

00:13:42,060 --> 00:13:39,160

program at the time what you mentioned

295

00:13:42,690 --> 00:13:42,070

was Christianity but from your research

296

00:13:45,720 --> 00:13:42,700

you see

297

00:13:48,300 --> 00:13:45,730

any evidence that you know these new

298

00:13:51,060 --> 00:13:48,310

discoveries that contradicts traditional

299

00:13:53,940 --> 00:13:51,070

models are out there and do you think

300

00:13:55,710 --> 00:13:53,950

that the resistance to accept that is

301
00:13:57,540 --> 00:13:55,720
part of that conditioning or do you

302
00:13:58,920 --> 00:13:57,550
think it's just you know people are just

303
00:14:01,920 --> 00:13:58,930
afraid of change do you think it's that

304
00:14:06,390 --> 00:14:01,930
simple or is it more interesting that's

305
00:14:09,480 --> 00:14:06,400
ok you look at any any type of you look

306
00:14:11,640 --> 00:14:09,490
at history and is replete with example

307
00:14:15,630 --> 00:14:11,650
the people who are resistant to change

308
00:14:18,270 --> 00:14:15,640
but you see that creates more than just

309
00:14:20,130 --> 00:14:18,280
resistance that it creates a core of

310
00:14:23,900 --> 00:14:20,140
resistance and that core resistance

311
00:14:27,240 --> 00:14:23,910
become in itself it's own conspiracy and

312
00:14:30,240 --> 00:14:27,250
because of that it begins to develop

313
00:14:32,460 --> 00:14:30,250

tentacles these tentacles go into every

314

00:14:35,280 --> 00:14:32,470

facet of government and society and

315

00:14:37,050 --> 00:14:35,290

religion and they are ones they're

316

00:14:39,330 --> 00:14:37,060

creating the conspiracy because they're

317

00:14:42,180 --> 00:14:39,340

resistant to that chain they don't want

318

00:14:46,340 --> 00:14:42,190

to see their their beloved's ideals

319

00:14:49,560 --> 00:14:46,350

their religion their their politics to

320

00:14:53,040 --> 00:14:49,570

to be destroyed I don't think this is a

321

00:15:01,020 --> 00:14:53,050

one small specific group out there that

322

00:15:03,750 --> 00:15:01,030

is plotting a you know to overthrow a

323

00:15:06,510 --> 00:15:03,760

form of change I don't think they need

324

00:15:09,120 --> 00:15:06,520

any sound I don't believe that gives

325

00:15:11,850 --> 00:15:09,130

illuminati I don't believe in the idea

326

00:15:14,130 --> 00:15:11,860

of the worldwide Jewish conspiracy which

327

00:15:16,170 --> 00:15:14,140

in the early 20th century was a big

328

00:15:18,870 --> 00:15:16,180

thing and not that Germany and so forth

329

00:15:21,870 --> 00:15:18,880

and so on but what I do think I do think

330

00:15:25,500 --> 00:15:21,880

this resistance is developing its own

331

00:15:27,300 --> 00:15:25,510

conspiracy in its own right and that

332

00:15:29,940 --> 00:15:27,310

something which needs to be bought it's

333

00:15:33,750 --> 00:15:29,950

called the paradigm and this paradigm

334

00:15:36,960 --> 00:15:33,760

must be eliminated at whatever costs

335

00:15:39,420 --> 00:15:36,970

because it is is destroying a possible

336

00:15:43,770 --> 00:15:39,430

future which could really change and

337

00:15:47,340 --> 00:15:43,780

alter the destiny of mankind and they're

338

00:15:50,280 --> 00:15:47,350

just totally undermining that that

339

00:15:53,910 --> 00:15:50,290

possibility to their to their resistance

340

00:15:55,300 --> 00:15:53,920

to this new truth it's arising with many

341

00:15:58,720 --> 00:15:55,310

people all around the world

342

00:16:01,269 --> 00:15:58,730

this you awareness to this new desire to

343

00:16:03,550 --> 00:16:01,279

see change put forth well that's where

344

00:16:06,850 --> 00:16:03,560

it gets difficult to know exactly who

345

00:16:09,940 --> 00:16:06,860

and what to believe because we know that

346

00:16:11,829 --> 00:16:09,950

the government has lied to us yeah we

347

00:16:14,170 --> 00:16:11,839

know so that's that's an automatic so

348

00:16:16,210 --> 00:16:14,180

then you get buy-in in terms of you know

349

00:16:18,100 --> 00:16:16,220

human history let's say they think it's

350

00:16:20,440 --> 00:16:18,110

only so many thousand years old and then

351

00:16:22,900 --> 00:16:20,450

you got other people who say they see

352

00:16:26,829 --> 00:16:22,910

water erosion marks on the Sphinx and

353

00:16:28,329 --> 00:16:26,839

then they see underground ruins or not

354

00:16:29,769 --> 00:16:28,339

under grunt well underground - but

355

00:16:33,700 --> 00:16:29,779

underwater ruins you know like the

356

00:16:35,800 --> 00:16:33,710

Graham Hancock book and it leads every

357

00:16:37,540 --> 00:16:35,810

adult that well how deep does it go you

358

00:16:39,519 --> 00:16:37,550

know because then you got people like

359

00:16:41,170 --> 00:16:39,529

Andy passagio who's going around giving

360

00:16:42,970 --> 00:16:41,180

lectures saying that he's involved in

361

00:16:44,200 --> 00:16:42,980

jump room programs to Mars and it's like

362

00:16:46,030 --> 00:16:44,210

you know you can't believe the

363

00:16:48,220 --> 00:16:46,040

government but it opens it up the whole

364

00:16:51,280 --> 00:16:48,230

but the Pandora's Box is open all these

365

00:16:52,660 --> 00:16:51,290

things and you know I'm hoping you can

366

00:16:55,480 --> 00:16:52,670

help me cut through some of that at

367

00:16:58,210 --> 00:16:55,490

least in terms of sure human history as

368

00:17:00,910 --> 00:16:58,220

far as what you would consider unusual

369

00:17:03,520 --> 00:17:00,920

claims in child's the paradigm and then

370

00:17:06,939 --> 00:17:03,530

really insane ideas like Bigfoot is

371

00:17:10,270 --> 00:17:06,949

living in the White House all right you

372

00:17:13,210 --> 00:17:10,280

would call really ingenious ideas like

373

00:17:16,600 --> 00:17:13,220

that like Rob Cox evaluates to the

374

00:17:18,579 --> 00:17:16,610

spring Brown Anthony but less evaluation

375

00:17:20,949 --> 00:17:18,589

of ancient Europe that is how do you

376

00:17:22,780 --> 00:17:20,959

need to Egypt rather that is very

377

00:17:24,280 --> 00:17:22,790

significant but yeah when you get into

378

00:17:26,230 --> 00:17:24,290

the thing where you where you totally I

379

00:17:28,390 --> 00:17:26,240

called up on coast to coast as I just

380

00:17:31,270 --> 00:17:28,400

came from the other side of the Moon all

381

00:17:33,190 --> 00:17:31,280

right well maybe anything is possible

382

00:17:35,169 --> 00:17:33,200

but you know you turn your back and

383

00:17:37,000 --> 00:17:35,179

you're kind of laughing so probably

384

00:17:39,340 --> 00:17:37,010

right you know there's what you would

385

00:17:43,930 --> 00:17:39,350

call the insane ideas and there's a

386

00:17:46,240 --> 00:17:43,940

really noble attempt to establish a new

387

00:17:48,070 --> 00:17:46,250

paradigm and you really have to sip

388

00:17:52,110 --> 00:17:48,080

through there but that's where science

389

00:17:55,890 --> 00:17:52,120

comes in even if science is is is is

390

00:17:58,930 --> 00:17:55,900

diluted to a point where it's not rigid

391

00:18:02,050 --> 00:17:58,940

you know it's not fold skeptics who

392

00:18:04,510 --> 00:18:02,060

debunk every drive along but if you can

393

00:18:06,790 --> 00:18:04,520

keep a balance in this in the process of

394

00:18:08,110 --> 00:18:06,800

science then you have something as to

395

00:18:09,100 --> 00:18:08,120

getting it because science is a

396

00:18:13,030 --> 00:18:09,110

self-correcting

397

00:18:16,960 --> 00:18:13,040

blah sofy if you open the doors properly

398

00:18:19,299 --> 00:18:16,970

okay then you have system where where if

399

00:18:23,070 --> 00:18:19,309

if it doesn't amount to the evidence

400

00:18:25,539 --> 00:18:23,080

then that just goes to the wayside but

401
00:18:27,940 --> 00:18:25,549
this is the insidious thing what the

402
00:18:31,210 --> 00:18:27,950
paradigm is you can have that evidence

403
00:18:34,090 --> 00:18:31,220
and you can have that proof but it's not

404
00:18:36,430 --> 00:18:34,100
good enough they still want to debunk it

405
00:18:39,310 --> 00:18:36,440
regardless and they want to take their

406
00:18:42,159 --> 00:18:39,320
own ideas and they want to grasp on to

407
00:18:43,990 --> 00:18:42,169
it and distort it and put it in a point

408
00:18:46,000 --> 00:18:44,000
that it doesn't have any validity

409
00:18:49,600 --> 00:18:46,010
whatsoever even though if I had that

410
00:18:51,990 --> 00:18:49,610
validity well what do you think is the

411
00:18:55,120 --> 00:18:52,000
most damning evidence that you've seen

412
00:18:56,860 --> 00:18:55,130
that really does create like it creates

413
00:18:58,690 --> 00:18:56,870

a situation where it really can't be

414

00:19:01,240 --> 00:18:58,700

denied and we really have to look at it

415

00:19:04,030 --> 00:19:01,250

and we can't turn the other cheek in

416

00:19:06,549 --> 00:19:04,040

terms of our origin stories I mean

417

00:19:09,070 --> 00:19:06,559

headway I mean evidence engines out is a

418

00:19:11,140 --> 00:19:09,080

world is replete with such example then

419

00:19:12,010 --> 00:19:11,150

let me let me just go over a few of them

420

00:19:14,770 --> 00:19:12,020

let's do it

421

00:19:17,500 --> 00:19:14,780

so the first of them is gobekli tepe are

422

00:19:19,870 --> 00:19:17,510

you really with that site I've heard

423

00:19:22,060 --> 00:19:19,880

about it yeah all right let's say I

424

00:19:27,030 --> 00:19:22,070

Drive it for the panel the past for the

425

00:19:32,250 --> 00:19:27,040

past 300 years the story has been that

426

00:19:34,720 --> 00:19:32,260

ancient Sumer has been the original

427

00:19:38,850 --> 00:19:34,730

civilizations of before ancient material

428

00:19:42,549 --> 00:19:38,860

before before Mesopotamia there was no

429

00:19:46,120 --> 00:19:42,559

significant form of civilization or

430

00:19:48,159 --> 00:19:46,130

advancement or massive structures but

431

00:19:49,539 --> 00:19:48,169

then all of a sudden around the mid 20

432

00:19:52,360 --> 00:19:49,549

century we were trying to discover

433

00:19:55,720 --> 00:19:52,370

evidence but this is not the case we

434

00:20:01,659 --> 00:19:55,730

bind Jericho which dates back to 9000

435

00:20:04,000 --> 00:20:01,669

BCE we have we have catalhoyuk and in

436

00:20:08,169 --> 00:20:04,010

Turkey which dates back to about that

437

00:20:10,870 --> 00:20:08,179

same time we have several other types of

438

00:20:13,330 --> 00:20:10,880

turkeys that date back to well before

439

00:20:15,970 --> 00:20:13,340

that period but when we discovered go

440

00:20:19,750 --> 00:20:15,980

back with cap by we have a structure

441

00:20:22,660 --> 00:20:19,760

which dates back to 12,000 BCE you know

442

00:20:25,570 --> 00:20:22,670

that's that's all

443

00:20:27,520 --> 00:20:25,580

so that's 14,000 years ago and according

444

00:20:30,820 --> 00:20:27,530

to mainstream archaeologists or should I

445

00:20:34,210 --> 00:20:30,830

have been any form of massive structures

446

00:20:36,570 --> 00:20:34,220

or architecture 14,000 years ago instead

447

00:20:40,330 --> 00:20:36,580

of them people huddling in caves and

448

00:20:43,510 --> 00:20:40,340

even though they you know this alkalized

449

00:20:48,880 --> 00:20:43,520

community is that against it they openly

450

00:20:50,500 --> 00:20:48,890

admit and research and document that you

451

00:20:52,990 --> 00:20:50,510

know gobekli tepe

452

00:20:55,660 --> 00:20:53,000

is a verifiable fact it means right here

453

00:20:58,590 --> 00:20:55,670

for you and then you hold it is it so

454

00:21:01,450 --> 00:20:58,600

they they basically agree on that point

455

00:21:04,420 --> 00:21:01,460

but at the same time if you read any of

456

00:21:06,880 --> 00:21:04,430

their textbooks from high school or

457

00:21:10,660 --> 00:21:06,890

college or even elementary school it

458

00:21:15,070 --> 00:21:10,670

still teach the kids that the world as a

459

00:21:18,220 --> 00:21:15,080

civilization is no earlier than 3500 BC

460

00:21:20,740 --> 00:21:18,230

and is located in ancient Sumer no man

461

00:21:23,320 --> 00:21:20,750

tries to these textbooks of go back from

462

00:21:26,560 --> 00:21:23,330

kept a a vehicle of any of these other

463

00:21:29,320 --> 00:21:26,570

sites exist outside of the original

464

00:21:32,050 --> 00:21:29,330

mainstream paradigm which was starting

465

00:21:35,770 --> 00:21:32,060

hundred years ago well tell me about

466

00:21:37,480 --> 00:21:35,780

this this lost set of ruins it's

467

00:21:39,630 --> 00:21:37,490

speculated to be millions of years old

468

00:21:45,250 --> 00:21:39,640

off the coast of Scotland in Norway

469

00:21:49,000 --> 00:21:45,260

yeah that's fascinating is there is a

470

00:21:53,830 --> 00:21:49,010

site also optical some scotland in

471

00:21:58,080 --> 00:21:53,840

norway which is submerged on the ocean

472

00:22:02,050 --> 00:21:58,090

bottom it dates back to 75 million years

473

00:22:03,700 --> 00:22:02,060

and that is a verifiable fact now

474

00:22:05,440 --> 00:22:03,710

compare when you look at that you see

475

00:22:08,440 --> 00:22:05,450

things that could not be natural

476

00:22:11,200 --> 00:22:08,450

formations well that's the thing you

477

00:22:13,450 --> 00:22:11,210

know it's hanumant studied well enough

478

00:22:16,900 --> 00:22:13,460

what yet to come to that conclusion

479

00:22:19,180 --> 00:22:16,910

there are anomalies but there's no

480

00:22:22,440 --> 00:22:19,190

definite conclusion yet whether there's

481

00:22:25,660 --> 00:22:22,450

anything unnatural but the fact that

482

00:22:28,360 --> 00:22:25,670

that structure discs can only bring up

483

00:22:31,930 --> 00:22:28,370

possibilities in one's mind about what

484

00:22:34,920 --> 00:22:31,940

on earth could exist down there if we

485

00:22:36,310 --> 00:22:34,930

were to go and use some type of

486

00:22:39,310 --> 00:22:36,320

submariner

487

00:22:40,930 --> 00:22:39,320

the Asians of the site now is that

488

00:22:43,450 --> 00:22:40,940

really possible right now with our

489

00:22:45,430 --> 00:22:43,460

present technology and see the fact is

490

00:22:49,420 --> 00:22:45,440

all the way up the Obama's bottom of the

491

00:22:52,000 --> 00:22:49,430

North Sea but if we look at it and see

492

00:22:55,270 --> 00:22:52,010

the back ends Valley the mountains and

493

00:22:59,950 --> 00:22:55,280

river systems in it's only you can only

494

00:23:03,610 --> 00:22:59,960

wonder instance possibly some type of

495

00:23:06,070 --> 00:23:03,620

civilization now you have to look at it

496

00:23:08,770 --> 00:23:06,080

from Franco's perspective Michael crane

497

00:23:12,220 --> 00:23:08,780

Lowe's perspective who he always says

498

00:23:14,710 --> 00:23:12,230

that you know Nancy is more than just a

499

00:23:16,990 --> 00:23:14,720

couple million years old you know it

500

00:23:20,290 --> 00:23:17,000

existed in his civilization goes back

501
00:23:22,390 --> 00:23:20,300
you know several million years now if

502
00:23:25,510 --> 00:23:22,400
that's the case then it makes it

503
00:23:28,840 --> 00:23:25,520
possible if in fact what he's saying is

504
00:23:31,660 --> 00:23:28,850
possible are true that these civil this

505
00:23:35,410 --> 00:23:31,670
dispositive structure could have once

506
00:23:37,180 --> 00:23:35,420
contained a human civilization sure now

507
00:23:40,750 --> 00:23:37,190
what makes him say that that is millions

508
00:23:42,490 --> 00:23:40,760
of years old well he did say the site

509
00:23:44,350 --> 00:23:42,500
with millions of years old he says

510
00:23:46,030 --> 00:23:44,360
humanity's billions of years all right

511
00:23:49,960 --> 00:23:46,040
well right right what makes him think

512
00:23:52,690 --> 00:23:49,970
that he says that because he believes

513
00:23:56,620 --> 00:23:52,700

from examining such sources as a

514

00:24:01,380 --> 00:23:56,630

Sanskrit writings of India from evidence

515

00:24:05,380 --> 00:24:01,390

as he finds in in the fossil record of

516

00:24:09,580 --> 00:24:05,390

anatomical modern humans dating back 660

517

00:24:12,580 --> 00:24:09,590

million BC or even greater as there's

518

00:24:14,590 --> 00:24:12,590

many there's much physical evidence in

519

00:24:16,810 --> 00:24:14,600

the archaeological record to assume that

520

00:24:19,030 --> 00:24:16,820

now these are anomalies but nevertheless

521

00:24:22,420 --> 00:24:19,040

they have been confirmed and if you read

522

00:24:24,640 --> 00:24:22,430

his book forbidden archeology it says

523

00:24:27,580 --> 00:24:24,650

that right there that fact you know you

524

00:24:30,780 --> 00:24:27,590

read is a brilliant book as filled with

525

00:24:35,580 --> 00:24:30,790

page after page after page of lists and

526

00:24:39,520 --> 00:24:35,590

cataloging of anomalies of ancient

527

00:24:42,220 --> 00:24:39,530

prehistoric remains of humans to defect

528

00:24:44,830 --> 00:24:42,230

more so than they were supposed to

529

00:24:49,610 --> 00:24:44,840

existed originally which is around the

530

00:24:53,330 --> 00:24:49,620

five million BC mark BCE mark

531

00:24:56,000 --> 00:24:53,340

it goes back 65 million years 600

532

00:24:58,610 --> 00:24:56,010

million years even greater let's talk

533

00:25:00,290 --> 00:24:58,620

about the methods I mean it's carbon-14

534

00:25:02,900 --> 00:25:00,300

dating is the only thing I've ever heard

535

00:25:05,360 --> 00:25:02,910

about as far as things that you know oh

536

00:25:07,520 --> 00:25:05,370

and water erosion that's another method

537

00:25:10,340 --> 00:25:07,530

of determining age but how reliable is

538

00:25:11,900 --> 00:25:10,350

carbon-14 then I've heard that it's not

539

00:25:15,470 --> 00:25:11,910

quite as reliable as people once thought

540

00:25:17,810 --> 00:25:15,480

it was well that is our idea propagated

541

00:25:21,950 --> 00:25:17,820

by the Christian creationist who are

542

00:25:26,030 --> 00:25:21,960

unsatisfied with the conclusions put

543

00:25:30,860 --> 00:25:26,040

forward by by evolutionist God planted

544

00:25:32,660 --> 00:25:30,870

fossils to [h__\h] with us yeah yeah so

545

00:25:35,419 --> 00:25:32,670

basic so there's no incredible that

546

00:25:38,360 --> 00:25:35,429

thinks that carbon-14 dating isn't

547

00:25:39,740 --> 00:25:38,370

reliable that's pretty much it's pretty

548

00:25:42,350 --> 00:25:39,750

much standard that that's the method

549

00:25:46,250 --> 00:25:42,360

that's trusted yeah exactly

550

00:25:48,320 --> 00:25:46,260

gotcha so is that is it is it carbon

551
00:25:51,500 --> 00:25:48,330
dating that is Danny oh yeah nobody

552
00:25:54,200 --> 00:25:51,510
sings so far back it's based on

553
00:25:58,430 --> 00:25:54,210
carbon-14 dating and sedimentation

554
00:26:01,820 --> 00:25:58,440
layers that that was used to to to

555
00:26:05,299 --> 00:26:01,830
determine the age of these ancient

556
00:26:08,810 --> 00:26:05,309
modern anatomical modern humans that

557
00:26:11,720 --> 00:26:08,820
dated back 65 million years and the

558
00:26:14,060 --> 00:26:11,730
dinosaur time exactly and if it's

559
00:26:16,010 --> 00:26:14,070
amazing about it so how is conventional

560
00:26:18,200 --> 00:26:16,020
science able to than either livre I

561
00:26:22,130 --> 00:26:18,210
would believer in the antiquity of the

562
00:26:26,140 --> 00:26:22,140
human race at the same time I'm not so

563
00:26:30,169 --> 00:26:26,150

much into cradles idea of a pure energy

564

00:26:32,780 --> 00:26:30,179

devolve into base matter and its

565

00:26:35,990 --> 00:26:32,790

spiritual aspect to the anti new age

566

00:26:38,419 --> 00:26:36,000

sorry aspect and all that I definitely

567

00:26:40,280 --> 00:26:38,429

believe in a sense of an evolution of

568

00:26:43,240 --> 00:26:40,290

the human race I just didn't look back

569

00:26:46,040 --> 00:26:43,250

much farther than we originally thought

570

00:26:48,830 --> 00:26:46,050

so how is conventional science able to

571

00:26:53,630 --> 00:26:48,840

deny the dating on some of these

572

00:26:55,400 --> 00:26:53,640

structures we always approach it they

573

00:26:57,470 --> 00:26:55,410

just it's off the table they just turn a

574

00:26:59,750 --> 00:26:57,480

blind eye well they don't even want to

575

00:27:00,340 --> 00:26:59,760

know I mean there's plenty of sites in

576

00:27:02,680 --> 00:27:00,350

Peru all

577

00:27:06,970 --> 00:27:02,690

so you know not necessarily date wise

578

00:27:09,669 --> 00:27:06,980

but just structurally they're so intense

579

00:27:12,250 --> 00:27:09,679

they would be hard to build for people

580

00:27:15,580 --> 00:27:12,260

of adage you know you got the Machu

581

00:27:17,140 --> 00:27:15,590

Picchu Machu Picchu is that Machu Picchu

582

00:27:21,580 --> 00:27:17,150

the ancient aliens talk about it all the

583

00:27:24,190 --> 00:27:21,590

time yeah I think it is calling a llama

584

00:27:27,700 --> 00:27:24,200

cuckoo I think it's called it's in a

585

00:27:30,310 --> 00:27:27,710

write a couple of anak oh yeah laughs I

586

00:27:35,130 --> 00:27:30,320

know I owe you that name they stuck some

587

00:27:39,880 --> 00:27:35,140

a cuckoo cuckoo yeah yeah politely

588

00:27:41,760 --> 00:27:39,890

um it it seems pretty crazy that we'd be

589

00:27:43,960 --> 00:27:41,770

able to build that without any type of

590

00:27:45,640 --> 00:27:43,970

serious hardware you know like they

591

00:27:47,409 --> 00:27:45,650

apparently just built it with style

592

00:27:50,950 --> 00:27:47,419

where I come in with my fearing of

593

00:27:54,490 --> 00:27:50,960

giants i think that i think the mists

594

00:27:57,970 --> 00:27:54,500

that we that we have grown up on about

595

00:28:00,399 --> 00:27:57,980

giants in god's i don't believe they're

596

00:28:01,090 --> 00:28:00,409

misconstrued extraterrestrial encounters

597

00:28:05,440 --> 00:28:01,100

at all

598

00:28:09,850 --> 00:28:05,450

i think they are in fact the residence

599

00:28:12,010 --> 00:28:09,860

of a very ancient memory of real gods

600

00:28:15,070 --> 00:28:12,020

and real giants that once inhabited

601
00:28:17,799 --> 00:28:15,080
earth that evolved on this planet over

602
00:28:18,730 --> 00:28:17,809
billions of years I mean our planet you

603
00:28:22,029 --> 00:28:18,740
guys think about it

604
00:28:25,990 --> 00:28:22,039
it's four billion years old in that time

605
00:28:29,680 --> 00:28:26,000
the plenty of time for a advanced race

606
00:28:31,529 --> 00:28:29,690
to evolve why why just because this is

607
00:28:34,590 --> 00:28:31,539
all we know so far about human evolution

608
00:28:38,049 --> 00:28:34,600
why does that preclude any other

609
00:28:40,299 --> 00:28:38,059
possibilities and even right now as I'm

610
00:28:41,890 --> 00:28:40,309
saying is it's just a possibility and

611
00:28:43,149 --> 00:28:41,900
I've taken that possibility and I've

612
00:28:45,460 --> 00:28:43,159
speculated on it

613
00:28:47,260 --> 00:28:45,470

relax minutes mere speculation at this

614

00:28:48,870 --> 00:28:47,270

point there's not a whole lot of proof

615

00:28:51,700 --> 00:28:48,880

other than the mythological

616

00:28:54,570 --> 00:28:51,710

preponderance of the fact that we have

617

00:28:56,950 --> 00:28:54,580

so much about that in our ancient

618

00:28:59,860 --> 00:28:56,960

mythology that it must mean something

619

00:29:02,230 --> 00:28:59,870

beyond just people sitting down and

620

00:29:05,560 --> 00:29:02,240

making up stories right well now I did

621

00:29:07,060 --> 00:29:05,570

see a giant skeleton that was going

622

00:29:10,060 --> 00:29:07,070

around on the internet pictures of it

623

00:29:13,210 --> 00:29:10,070

from Peru or dig in Peru I believe but

624

00:29:16,659 --> 00:29:13,220

then I heard that was considered a hoax

625

00:29:19,060 --> 00:29:16,669

here we go back to our conspiracy theory

626

00:29:21,450 --> 00:29:19,070

alright yeah I need to get what I feel

627

00:29:27,279 --> 00:29:21,460

at home okay great

628

00:29:28,649 --> 00:29:27,289

you know how do we know that the picture

629

00:29:32,110 --> 00:29:28,659

which was faked

630

00:29:35,139 --> 00:29:32,120

isn't itself part of that conspiracy how

631

00:29:38,169 --> 00:29:35,149

do we know that that force themselves

632

00:29:39,789 --> 00:29:38,179

could be verified and it just a matter

633

00:29:42,269 --> 00:29:39,799

of the people finding them that don't

634

00:29:45,220 --> 00:29:42,279

want the word to get out there are

635

00:29:48,970 --> 00:29:45,230

fabricating these these hoaxes these

636

00:29:51,759 --> 00:29:48,980

fake pictures to cause misinformation

637

00:29:53,860 --> 00:29:51,769

now that's not the first time the

638

00:29:57,070 --> 00:29:53,870

government on this planet would do

639

00:29:59,799 --> 00:29:57,080

something off sure not at all not at all

640

00:30:02,409 --> 00:29:59,809

so why why do we have to immediately

641

00:30:05,169 --> 00:30:02,419

assume that there's nothing to these

642

00:30:08,680 --> 00:30:05,179

reports a lot of people claim to have

643

00:30:11,230 --> 00:30:08,690

seen it and there's a bell on mysterious

644

00:30:15,310 --> 00:30:11,240

activities in those desert in in India

645

00:30:16,899 --> 00:30:15,320

and Afghanistan and Saudi Arabia which

646

00:30:19,419 --> 00:30:16,909

were the main sites - these things were

647

00:30:21,190 --> 00:30:19,429

discovered in right you know if I gravity

648

00:30:23,019 --> 00:30:21,200

that's why our military's over there you

649

00:30:24,220 --> 00:30:23,029

know I've heard that carries over there

650

00:30:26,830 --> 00:30:24,230

why not

651
00:30:29,049 --> 00:30:26,840
white white what would we exclude the

652
00:30:32,529 --> 00:30:29,059
possibility it's all part of some

653
00:30:35,289 --> 00:30:32,539
conspiracy to begin with it's tough to

654
00:30:37,509 --> 00:30:35,299
know is tough to know but you have to

655
00:30:40,659 --> 00:30:37,519
least talk about it you actually bring

656
00:30:45,220 --> 00:30:40,669
that that possibility up and if I have

657
00:30:47,019 --> 00:30:45,230
done in Clash of the Giants okay which

658
00:30:49,950 --> 00:30:47,029
is my next book that's coming after

659
00:30:53,289 --> 00:30:49,960
forgotten world's the one after that is

660
00:30:58,990 --> 00:30:53,299
grasping the Dragons which is a book

661
00:31:01,840 --> 00:30:59,000
which looks at the legends and the myths

662
00:31:03,610 --> 00:31:01,850
of dragons if they are everywhere and

663
00:31:04,899 --> 00:31:03,620

like almost every young ancient culture

664

00:31:07,210 --> 00:31:04,909

we're told their cultures didn't

665

00:31:09,940 --> 00:31:07,220

communicate as some sort of dragon this

666

00:31:13,990 --> 00:31:09,950

is shadow the dreams of everybody from

667

00:31:18,159 --> 00:31:14,000

from Scandinavia to India to China in

668

00:31:20,230 --> 00:31:18,169

into the new world so you know I was at

669

00:31:25,060 --> 00:31:20,240

a dinosaur is that the manifestation of

670

00:31:27,580 --> 00:31:25,070

I gradually needed something else okay

671

00:31:30,540 --> 00:31:27,590

dream is to a dragon than it is to a

672

00:31:35,830 --> 00:31:34,180

well are we talking you know just like

673

00:31:38,440 --> 00:31:35,840

are we talking fire-breathing dragons

674

00:31:40,180 --> 00:31:38,450

are we talking flying dragon exactly

675

00:31:42,790 --> 00:31:40,190

pterodactyls that breathe fire well what

676
00:31:44,740 --> 00:31:42,800
what what makes you think that dragons

677
00:31:46,540 --> 00:31:44,750
are real outside of the idea that they

678
00:31:48,760 --> 00:31:46,550
weren't all these myths with it which is

679
00:31:51,580 --> 00:31:48,770
a huge mystery in itself but is there

680
00:31:55,690 --> 00:31:51,590
any evidence to support the idea that we

681
00:31:57,760 --> 00:31:55,700
lived at a time of dragons will install

682
00:32:00,160 --> 00:31:57,770
the reverences I mean there is numerous

683
00:32:01,930 --> 00:32:00,170
historic weapons at all through the

684
00:32:06,190 --> 00:32:01,940
ancient accounts all the way from

685
00:32:08,530 --> 00:32:06,200
Herodotus to Marco Polo to I mean the

686
00:32:11,980 --> 00:32:08,540
historical references are replete and

687
00:32:14,980 --> 00:32:11,990
then you have in ancient excuse me

688
00:32:17,290 --> 00:32:14,990

medieval Europe numerous historical

689

00:32:19,720 --> 00:32:17,300

accounts of dragons being seen

690

00:32:22,330 --> 00:32:19,730

throughout there now why I basically

691

00:32:24,790 --> 00:32:22,340

think that dragons are not really

692

00:32:30,010 --> 00:32:24,800

dinosaurs they're not part of the

693

00:32:32,830 --> 00:32:30,020

traditional dinosaur species either

694

00:32:35,380 --> 00:32:32,840

related to dinosaurs and I think they're

695

00:32:38,590 --> 00:32:35,390

a separate species a separate line now

696

00:32:42,450 --> 00:32:38,600

there were a group of dragon lot

697

00:32:47,110 --> 00:32:42,460

creatures that existed prior to the

698

00:32:49,930 --> 00:32:47,120

emergence of dinosaurs and in the age

699

00:32:52,060 --> 00:32:49,940

before that which is the I believe was

700

00:32:55,570 --> 00:32:52,070

the Triassic prior to the Triassic

701
00:33:00,790 --> 00:32:55,580
period a Triassic epoch of prehistory

702
00:33:03,790 --> 00:33:00,800
and so the mass extinction was wiped out

703
00:33:06,130 --> 00:33:03,800
most of the blogged reptiles now the

704
00:33:08,530 --> 00:33:06,140
interesting thing is is that I think

705
00:33:11,530 --> 00:33:08,540
that these two these creatures

706
00:33:16,870 --> 00:33:11,540
these dragons survived that period and

707
00:33:22,050 --> 00:33:16,880
survived the mass extinction of of 55

708
00:33:26,410 --> 00:33:22,060
million BC BCE rather as I use a term

709
00:33:30,430 --> 00:33:26,420
and survived that expanse extinction and

710
00:33:34,380 --> 00:33:30,440
in fact continued onwards through the

711
00:33:39,100 --> 00:33:34,390
historical period now Carroll Fontaine

712
00:33:41,950 --> 00:33:39,110
from Andover University she

713
00:33:45,190 --> 00:33:41,960

he's a professor of U of T through

714

00:33:49,690 --> 00:33:45,200

scriptures and she may be disseminated

715

00:33:54,550 --> 00:33:49,700

via idea presented the idea that it's a

716

00:33:59,140 --> 00:33:54,560

possibility that diocese me dragons were

717

00:34:01,720 --> 00:33:59,150

real but it was so prized for their for

718

00:34:04,690 --> 00:34:01,730

their for their bodies and their their

719

00:34:07,000 --> 00:34:04,700

their the medicinal purposes there is a

720

00:34:10,260 --> 00:34:07,010

wealth watching the same way we group we

721

00:34:13,390 --> 00:34:10,270

drove many other creatures to extinction

722

00:34:16,570 --> 00:34:13,400

for their pelts and their in their in

723

00:34:18,520 --> 00:34:16,580

their feathers I you know but we draw

724

00:34:20,290 --> 00:34:18,530

these creatures to extinct him because

725

00:34:23,680 --> 00:34:20,300

when you look at the historical record

726

00:34:26,919 --> 00:34:23,690

ever since there was a reference to a

727

00:34:29,830 --> 00:34:26,929

dragon the reference to a human being

728

00:34:32,409 --> 00:34:29,840

seeking it out and trying to destroy it

729

00:34:37,210 --> 00:34:32,419

at least in the Western sense right and

730

00:34:39,640 --> 00:34:37,220

that is true but if these creatures you

731

00:34:42,310 --> 00:34:39,650

know survived a lot longer than

732

00:34:44,950 --> 00:34:42,320

dinosaurs why aren't we finding their

733

00:34:48,250 --> 00:34:44,960

omens we may have and just have an

734

00:34:50,190 --> 00:34:48,260

identified them as dragons yet I mean

735

00:34:55,330 --> 00:34:50,200

there's many there have been many

736

00:34:58,120 --> 00:34:55,340

examples of you know fossils that have

737

00:35:01,270 --> 00:34:58,130

been found then having been identified

738

00:35:02,980 --> 00:35:01,280

immediately as a specific animal has

739

00:35:05,200 --> 00:35:02,990

been assumed to be a different animal

740

00:35:07,180 --> 00:35:05,210

and a line and as time went on we're

741

00:35:09,130 --> 00:35:07,190

discovered to be belonging to a totally

742

00:35:11,650 --> 00:35:09,140

different animal sure now that is true

743

00:35:14,070 --> 00:35:11,660

but what now what about the dating

744

00:35:17,230 --> 00:35:14,080

because they could they not date those

745

00:35:19,210 --> 00:35:17,240

those bones and find out from around the

746

00:35:21,820 --> 00:35:19,220

same time period as the dinosaurs most

747

00:35:23,770 --> 00:35:21,830

of the video the dragon done optimized

748

00:35:25,630 --> 00:35:23,780

there was like it would come around from

749

00:35:30,610 --> 00:35:25,640

the same time period unless of course

750

00:35:32,890 --> 00:35:30,620

they were from a period say from days of

751
00:35:36,640 --> 00:35:32,900
mammals in which you know you would have

752
00:35:38,620 --> 00:35:36,650
a example you know they would be dead to

753
00:35:40,240 --> 00:35:38,630
the age of mammals what if they were

754
00:35:43,360 --> 00:35:40,250
anything if they were found and they

755
00:35:45,190 --> 00:35:43,370
were found in a strata that would say

756
00:35:47,370 --> 00:35:45,200
from the Cretaceous period of the

757
00:35:51,740 --> 00:35:47,380
Jurassic period of the Triassic period

758
00:35:53,570 --> 00:35:51,750
you know there would be no telling or no

759
00:35:56,540 --> 00:35:53,580
regi Asian from down in some other

760
00:35:59,660 --> 00:35:56,550
species of dinosaur okay now have we

761
00:36:03,530 --> 00:35:59,670
ever found human remains that old yes we

762
00:36:05,360 --> 00:36:03,540
have we have we have where was that at

763
00:36:07,280 --> 00:36:05,370

because is that common knowledge because

764

00:36:09,710 --> 00:36:07,290

it doesn't say that each coding es you

765

00:36:12,650 --> 00:36:09,720

take out forbidden archeology in fact I

766

00:36:15,830 --> 00:36:12,660

think it's like I'm page 225 forbidden

767

00:36:19,040 --> 00:36:15,840

archeology they have a families if they

768

00:36:22,660 --> 00:36:19,050

have more than one example of anatomical

769

00:36:26,450 --> 00:36:22,670

modern humans being found that old Wow

770

00:36:27,830 --> 00:36:26,460

yeah so what walk us through because

771

00:36:30,470 --> 00:36:27,840

we're all over the map here walk us

772

00:36:34,460 --> 00:36:30,480

through what you think the history of

773

00:36:37,460 --> 00:36:34,470

man looks like okay basically I see but

774

00:36:40,010 --> 00:36:37,470

they met many rises and falls technology

775

00:36:44,180 --> 00:36:40,020

why is the whole the whole history of

776

00:36:48,740 --> 00:36:44,190

mankind has been punctuated by rises

777

00:36:51,830 --> 00:36:48,750

involved mass extinctions periods of

778

00:36:54,050 --> 00:36:51,840

great so lakes of sophistication and in

779

00:36:56,840 --> 00:36:54,060

periods of great darkness and less

780

00:36:58,550 --> 00:36:56,850

technology and it took a long time to

781

00:37:01,460 --> 00:36:58,560

build up to be back to that technology

782

00:37:02,990 --> 00:37:01,470

as I said again and you guys understand

783

00:37:04,630 --> 00:37:03,000

where I'm coming from I'm very much a

784

00:37:10,040 --> 00:37:04,640

mythologist more other than

785

00:37:17,150 --> 00:37:10,050

archaeologists but there is examples in

786

00:37:21,770 --> 00:37:17,160

kali upas of ancient india in the in the

787

00:37:24,370 --> 00:37:21,780

popular mayan calendar in which in the

788

00:37:29,090 --> 00:37:24,380

course what's happening in this year you

789

00:37:32,570 --> 00:37:29,100

have the calendar of Brosius a a sick

790

00:37:35,330 --> 00:37:32,580

century BC Babylonian priests who wrote

791

00:37:38,660 --> 00:37:35,340

the history of mankind getting back one

792

00:37:43,250 --> 00:37:38,670

about 100,000 here excuse me one hundred

793

00:37:49,340 --> 00:37:43,260

thousand years so you have a large a

794

00:37:53,840 --> 00:37:49,350

rich rich treasure trove of of beliefs

795

00:37:57,500 --> 00:37:53,850

and and and ideas which state that

796

00:38:00,230 --> 00:37:57,510

mankind indeed sublation itself is part

797

00:38:02,600 --> 00:38:00,240

of a massive roller coaster of history

798

00:38:04,070 --> 00:38:02,610

going with peaks and valleys up and down

799

00:38:04,580 --> 00:38:04,080

over long periods of time rather than

800

00:38:07,220 --> 00:38:04,590

this

801
00:38:09,680 --> 00:38:07,230
one you know came in at the bottom and

802
00:38:12,100 --> 00:38:09,690
the strike straight line graph with many

803
00:38:15,140 --> 00:38:12,110
kind at the top as the pinnacle of

804
00:38:17,630 --> 00:38:15,150
evolutionary success you have to look at

805
00:38:20,270 --> 00:38:17,640
from a cyclical standpoint and that's a

806
00:38:23,270 --> 00:38:20,280
very ancient standpoint we want that

807
00:38:25,700 --> 00:38:23,280
sense of cyclical history over a period

808
00:38:28,720 --> 00:38:25,710
of time and that's basically how I think

809
00:38:31,490 --> 00:38:28,730
the whole reps of human history

810
00:38:33,200 --> 00:38:31,500
structured on its technical level all

811
00:38:36,200 --> 00:38:33,210
right I mean I kind of put that in the

812
00:38:38,060 --> 00:38:36,210
same category as people who thought the

813
00:38:39,410 --> 00:38:38,070

earth was the center of the universe and

814

00:38:42,020 --> 00:38:39,420

this and that is also the same thought

815

00:38:43,670 --> 00:38:42,030

that we are the first and only rise of

816

00:38:45,860 --> 00:38:43,680

man you know it's kind of the say thank

817

00:38:47,570 --> 00:38:45,870

you I totally understand totally except

818

00:38:51,140 --> 00:38:47,580

that there could have been many other

819

00:38:53,060 --> 00:38:51,150

rises and falls and what I when I

820

00:38:56,000 --> 00:38:53,070

connect that to the conspiracy I think

821

00:38:58,820 --> 00:38:56,010

if that were to happen today if we had a

822

00:39:01,010 --> 00:38:58,830

huge Cataclysm and 95% of the population

823

00:39:03,620 --> 00:39:01,020

was wiped out who would survive it would

824

00:39:07,220 --> 00:39:03,630

probably be those elites that have the

825

00:39:08,930 --> 00:39:07,230

resources to protect themselves in that

826

00:39:13,460 --> 00:39:08,940

time and if they were to rebuild the

827

00:39:15,590 --> 00:39:13,470

planet they could warp any any current

828

00:39:17,030 --> 00:39:15,600

history stories or anything and actually

829

00:39:19,550 --> 00:39:17,040

raise their own children to believe

830

00:39:21,140 --> 00:39:19,560

whatever they wanted them to and if they

831

00:39:22,340 --> 00:39:21,150

could restructure society as they saw

832

00:39:24,830 --> 00:39:22,350

fit so when you look at some of these

833

00:39:27,140 --> 00:39:24,840

old writings and how they've kind of

834

00:39:30,440 --> 00:39:27,150

been altered um through the translation

835

00:39:32,000 --> 00:39:30,450

it's kind of funny because I I could see

836

00:39:34,760 --> 00:39:32,010

the ticular nature of that happening

837

00:39:37,310 --> 00:39:34,770

well it's only that I mean it's you know

838

00:39:40,100 --> 00:39:37,320

already from from dealmaker areas

839

00:39:42,020 --> 00:39:40,110

amounts of age so to speak out enough of

840

00:39:43,790 --> 00:39:42,030

the mainstream archeologists the

841

00:39:46,520 --> 00:39:43,800

mainstream anthropologist we already

842

00:39:48,560 --> 00:39:46,530

know from very perspective but this has

843

00:39:51,920 --> 00:39:48,570

already habitants been recorded in our

844

00:39:54,230 --> 00:39:51,930

genetics about 100,000 years ago there

845

00:39:56,570 --> 00:39:54,240

was a catalyst of on earth that wiped

846

00:39:59,480 --> 00:39:56,580

out nearly every human being on planet

847

00:40:04,160 --> 00:39:59,490

tape about a hundred to 50 people

848

00:40:08,240 --> 00:40:04,170

Wow now the way we know this is it's

849

00:40:16,280 --> 00:40:08,250

called a bottleneck and to explain this

850

00:40:18,500 --> 00:40:16,290

um basically Neanderthals had a genetic

851
00:40:23,200 --> 00:40:18,510
diversity level of about

852
00:40:27,100 --> 00:40:23,210
18% the highest among all hominids now

853
00:40:31,370 --> 00:40:27,110
compare these have about an 11%

854
00:40:33,710 --> 00:40:31,380
diversity level now we have about a one

855
00:40:36,800 --> 00:40:33,720
percent that means that every difference

856
00:40:40,930 --> 00:40:36,810
that we see on this planet racially

857
00:40:45,680 --> 00:40:40,940
ethnically is one percent of that

858
00:40:48,650 --> 00:40:45,690
general diversity level originally we

859
00:40:50,960 --> 00:40:48,660
had much higher diversity level but

860
00:40:53,770 --> 00:40:50,970
because we were trimmed down to such an

861
00:40:58,340 --> 00:40:53,780
extent we went through a period in which

862
00:41:02,090 --> 00:40:58,350
right how many of those genetic codes

863
00:41:05,330 --> 00:41:02,100

survived but and we only had a much

864

00:41:09,920 --> 00:41:05,340

smaller amount of diversity in that that

865

00:41:12,260 --> 00:41:09,930

that decrease in diversity is a lasting

866

00:41:14,570 --> 00:41:12,270

testament to the fact there was a great

867

00:41:16,640 --> 00:41:14,580

Cataclysm just about wiped out the whole

868

00:41:21,110 --> 00:41:16,650

you've been raised and then we started

869

00:41:23,570 --> 00:41:21,120

in about 100,000 years ago right on yeah

870

00:41:26,390 --> 00:41:23,580

think about how great a diversity if you

871

00:41:29,990 --> 00:41:26,400

think of all the genetic differences are

872

00:41:31,460 --> 00:41:30,000

in 1% out I mean think about 13% you

873

00:41:36,770 --> 00:41:31,470

know you could be talking about Giants

874

00:41:39,830 --> 00:41:36,780

huh yeah exactly and and you know

875

00:41:40,460 --> 00:41:39,840

someone else in the interview with Mark

876

00:41:43,940 --> 00:41:40,470

Murphy

877

00:41:46,060 --> 00:41:43,950

but yesterday and he was commenting back

878

00:41:50,240 --> 00:41:46,070

that you know an ancient Indian

879

00:41:53,210 --> 00:41:50,250

depictions of India uh many of these

880

00:41:54,830 --> 00:41:53,220

gods had blue skin and you know really

881

00:41:57,080 --> 00:41:54,840

that's not too far from the truth we

882

00:41:59,660 --> 00:41:57,090

have no idea what color skin el aula

883

00:42:02,720 --> 00:41:59,670

varieties of skin tone there was back

884

00:42:05,450 --> 00:42:02,730

there I mean for all we know there could

885

00:42:08,870 --> 00:42:05,460

be purple with pink color God to seek

886

00:42:10,970 --> 00:42:08,880

anomalous is really not right um but you

887

00:42:13,280 --> 00:42:10,980

know it's just say yeah we don't know we

888

00:42:15,740 --> 00:42:13,290

don't know what all all there was back

889

00:42:17,720 --> 00:42:15,750

then you know it would be because a bad

890

00:42:19,490 --> 00:42:17,730

individuals with hair all over their

891

00:42:22,370 --> 00:42:19,500

bodies as there are in some

892

00:42:24,290 --> 00:42:22,380

circumstances today well how do you feel

893

00:42:26,600 --> 00:42:24,300

about you know

894

00:42:28,460 --> 00:42:26,610

so you think instead of the engineer

895

00:42:31,070 --> 00:42:28,470

aliens Theory you think that there was

896

00:42:31,910 --> 00:42:31,080

just such crazy biodiversity here on the

897

00:42:35,630 --> 00:42:31,920

planet with

898

00:42:36,640 --> 00:42:35,640

in races of hominids that were natural

899

00:42:39,230 --> 00:42:36,650

to earth

900

00:42:40,640 --> 00:42:39,240

yeah are they at different technology

901
00:42:43,970 --> 00:42:40,650
levels are they interacting with each

902
00:42:46,610 --> 00:42:43,980
other little bit why not why not look at

903
00:42:48,500 --> 00:42:46,620
our own civilization there are examples

904
00:42:51,410 --> 00:42:48,510
of people on this planet who still live

905
00:42:53,900 --> 00:42:51,420
extremely primitive why is truly

906
00:42:55,850 --> 00:42:53,910
primitive levels of existence and you

907
00:42:57,530 --> 00:42:55,860
have New York City which is probably the

908
00:43:01,790 --> 00:42:57,540
pinnacle of technological sophistication

909
00:43:05,570 --> 00:43:01,800
on this planet so we have already in our

910
00:43:08,750 --> 00:43:05,580
own societies enormous sighted changes

911
00:43:11,900 --> 00:43:08,760
and alterations over the geography world

912
00:43:13,820 --> 00:43:11,910
with different levels of technology so

913
00:43:17,300 --> 00:43:13,830

it would not be too far from the truth

914

00:43:21,110 --> 00:43:17,310

to say that you know that at one time

915

00:43:23,330 --> 00:43:21,120

there was very advanced beings on this

916

00:43:26,510 --> 00:43:23,340

planet that had great levels of

917

00:43:27,800 --> 00:43:26,520

technological sophistication and there

918

00:43:30,080 --> 00:43:27,810

were other people who had rather

919

00:43:32,570 --> 00:43:30,090

primitive level dehumanization and it

920

00:43:35,240 --> 00:43:32,580

was a rather present people who maybe

921

00:43:38,930 --> 00:43:35,250

was descended from and brought back

922

00:43:42,020 --> 00:43:38,940

tales of those peoples that's more

923

00:43:45,020 --> 00:43:42,030

sophisticated lands and more

924

00:43:47,990 --> 00:43:45,030

sophisticated civilizations and beings

925

00:43:51,710 --> 00:43:48,000

and called them God's called them Giants

926
00:43:54,380 --> 00:43:51,720
and and created the myth of Atlantis and

927
00:43:57,560 --> 00:43:54,390
so forth and so on but I do believe that

928
00:43:59,270 --> 00:43:57,570
I do believe in UFOs I do believe in

929
00:44:02,300 --> 00:43:59,280
ancient aliens I believe that ancient

930
00:44:07,610 --> 00:44:02,310
aliens did in fact contact us I think

931
00:44:10,430 --> 00:44:07,620
they had a play in how how the the

932
00:44:11,870 --> 00:44:10,440
destiny of the world unfolded but I

933
00:44:15,730 --> 00:44:11,880
don't believe they were coming to this

934
00:44:17,600 --> 00:44:15,740
planet and viewing our civilization with

935
00:44:20,030 --> 00:44:17,610
civilization I don't believe it

936
00:44:22,940 --> 00:44:20,040
eva's technology I think there was

937
00:44:25,160 --> 00:44:22,950
already plenty of technology already on

938
00:44:27,230 --> 00:44:25,170

this planet when they arrived they just

939

00:44:29,930 --> 00:44:27,240

merely interacted with the existing

940

00:44:33,370 --> 00:44:29,940

hierarchy they already existed on this

941

00:44:37,910 --> 00:44:33,380

planet okay what do you think of

942

00:44:39,800 --> 00:44:37,920

Atlantis anything Atlantis why do you

943

00:44:42,140 --> 00:44:39,810

think it was mrs. there were many lost

944

00:44:45,380 --> 00:44:42,150

civilizations of many cultures and

945

00:44:48,920 --> 00:44:45,390

Atlantis like of structures and

946

00:44:53,450 --> 00:44:48,930

in culture than in civilizations I think

947

00:44:56,180 --> 00:44:53,460

that Lantis is not a unique phenomenon I

948

00:44:59,630 --> 00:44:56,190

think it existed on a global scale in

949

00:45:02,570 --> 00:44:59,640

many areas as also possibly I have two

950

00:45:04,850 --> 00:45:02,580

else's offering to us also I have to

951
00:45:08,450 --> 00:45:04,860
admit it involves of the positively de

952
00:45:11,030 --> 00:45:08,460
was in fact a metaphor for a much

953
00:45:13,850 --> 00:45:11,040
greater selection that once existed

954
00:45:16,280 --> 00:45:13,860
globally as its planet and was all wiped

955
00:45:19,490 --> 00:45:16,290
out in a great Cataclysm probably the

956
00:45:22,340 --> 00:45:19,500
Great Flood well where is the first

957
00:45:23,840 --> 00:45:22,350
mentioning of Atlantis and what exactly

958
00:45:26,660 --> 00:45:23,850
are they saying about it how do we

959
00:45:29,270 --> 00:45:26,670
determine that it's not that it's not a

960
00:45:31,100 --> 00:45:29,280
myth or that it's not fiction but it's

961
00:45:33,230 --> 00:45:31,110
got to be something to it when you think

962
00:45:36,500 --> 00:45:33,240
about is the fact that this is not just

963
00:45:38,030 --> 00:45:36,510

Plato's account skeptics like this like

964

00:45:41,210 --> 00:45:38,040

the hammer on the back did was just

965

00:45:43,730 --> 00:45:41,220

Plato who mention it that's all they'll

966

00:45:45,830 --> 00:45:43,740

say that they'll say it was just Plato

967

00:45:48,170 --> 00:45:45,840

who described as there are no other

968

00:45:51,170 --> 00:45:48,180

sources a no other corroborating sources

969

00:45:55,180 --> 00:45:51,180

about Atlantis but you look at my book

970

00:45:59,420 --> 00:45:55,190

you read my book my book forgotten world

971

00:46:02,360 --> 00:45:59,430

contains hundreds of dabbled of ancient

972

00:46:04,310 --> 00:46:02,370

accounts the date back ten thousand

973

00:46:09,490 --> 00:46:04,320

years in the most ancient writing days

974

00:46:16,370 --> 00:46:12,800

Atlantis like civilizations weather is

975

00:46:20,570 --> 00:46:16,380

poor Otto in the Fijian Islands or

976

00:46:26,930 --> 00:46:20,580

whether it's hella key in the ancient

977

00:46:30,020 --> 00:46:26,940

Greece or whether it's um no eyes in the

978

00:46:32,810 --> 00:46:30,030

North Atlantic or pool or any of those

979

00:46:34,490 --> 00:46:32,820

other any of those other civilizations

980

00:46:36,770 --> 00:46:34,500

that have been rumored to exist

981

00:46:40,430 --> 00:46:36,780

Lemuria is another computer game I've

982

00:46:42,110 --> 00:46:40,440

heard that hundreds hundreds of examples

983

00:46:44,890 --> 00:46:42,120

of a lot sublimation destroyed by a

984

00:46:47,150 --> 00:46:44,900

flood or other Cataclysm and it

985

00:46:49,100 --> 00:46:47,160

predominated through nearly every

986

00:46:53,150 --> 00:46:49,110

culture on the planet every culture on

987

00:46:55,760 --> 00:46:53,160

the planet has at least one reference to

988

00:46:59,150 --> 00:46:55,770

a lost civilization that was destroyed

989

00:47:01,970 --> 00:46:59,160

in the great Cataclysm our own Bible

990

00:47:04,730 --> 00:47:01,980

as the perfect example death there was

991

00:47:06,500 --> 00:47:04,740

an aunt also antediluvian civilization

992

00:47:10,070 --> 00:47:06,510

that was destroyed in a great flood it

993

00:47:13,820 --> 00:47:10,080

has one single example even Mesopotamia

994

00:47:15,050 --> 00:47:13,830

at their own right oh well here's

995

00:47:17,090 --> 00:47:15,060

another thing what do you think about

996

00:47:18,710 --> 00:47:17,100

the Great Pyramid because I've heard

997

00:47:19,670 --> 00:47:18,720

everything from the idea that there was

998

00:47:21,410 --> 00:47:19,680

some type of tool to achieve

999

00:47:23,210 --> 00:47:21,420

enlightenment and they worked on energy

1000

00:47:25,100 --> 00:47:23,220

centers in the body to the idea that

1001
00:47:27,140 --> 00:47:25,110
there was some type of energy generators

1002
00:47:29,990 --> 00:47:27,150
why can't we nail this down that it's

1003
00:47:32,480 --> 00:47:30,000
not an expert on the great pyramid but I

1004
00:47:35,240 --> 00:47:32,490
think this is a big possibility that

1005
00:47:38,150 --> 00:47:35,250
there is much more to the history and

1006
00:47:43,100 --> 00:47:38,160
the origins of the Great Pyramid

1007
00:47:45,830 --> 00:47:43,110
then mr. vanning washed and tended to

1008
00:47:47,960 --> 00:47:45,840
believe before he was ousted and they

1009
00:47:50,660 --> 00:47:47,970
keep the pyramids very under wraps than

1010
00:47:52,670 --> 00:47:50,670
the title charity what you think that

1011
00:47:54,890 --> 00:47:52,680
the natural wonder of humanity would be

1012
00:47:58,540 --> 00:47:54,900
able to explore these things yeah and

1013
00:48:01,100 --> 00:47:58,550

there'd be no problems with finding out

1014

00:48:03,170 --> 00:48:01,110

radically different ID Eric Andy is the

1015

00:48:06,380 --> 00:48:03,180

resistance in the resistance that

1016

00:48:08,180 --> 00:48:06,390

evolved into its own conspiracy and I

1017

00:48:12,290 --> 00:48:08,190

think that that's a perfect example of

1018

00:48:14,000 --> 00:48:12,300

how that happens and it along I didn't

1019

00:48:18,890 --> 00:48:14,010

want their they don't want their

1020

00:48:22,100 --> 00:48:18,900

prestige as a nation who has who had the

1021

00:48:24,560 --> 00:48:22,110

ability to create these great structures

1022

00:48:27,410 --> 00:48:24,570

that needed no other outside influence

1023

00:48:29,960 --> 00:48:27,420

from Atlantis or any other civilization

1024

00:48:33,950 --> 00:48:29,970

to create it a one maintain is as an

1025

00:48:38,060 --> 00:48:33,960

Egyptian discovers a distant adventure

1026
00:48:42,370 --> 00:48:38,070
and Egyptian miracle of wonder so they

1027
00:48:45,080 --> 00:48:42,380
can claim a trap own and also it

1028
00:48:47,690 --> 00:48:45,090
interferes with the long-held beliefs of

1029
00:48:49,280 --> 00:48:47,700
modern Egyptologists and they don't want

1030
00:48:51,710 --> 00:48:49,290
to give up their prestige I mean why

1031
00:48:55,010 --> 00:48:51,720
wouldn't they I mean if someone came to

1032
00:48:59,140 --> 00:48:55,020
you and said you know if I came to you

1033
00:49:01,220 --> 00:48:59,150
did the higher side is full of [h__h] I

1034
00:49:05,090 --> 00:49:01,230
say probably right most of the time

1035
00:49:08,540 --> 00:49:05,100
tickle I had some skeptical debunk see

1036
00:49:10,700 --> 00:49:08,550
of your show wouldn't you not uh would

1037
00:49:12,770 --> 00:49:10,710
you not have resistance to that and

1038
00:49:16,520 --> 00:49:12,780

that's what they're having too

1039

00:49:19,850 --> 00:49:16,530

- people like diANCIE West who I think

1040

00:49:22,760 --> 00:49:19,860

about it was a hero yeah fight against

1041

00:49:24,920 --> 00:49:22,770

the paradigm and Robert Schoch my good

1042

00:49:28,070 --> 00:49:24,930

friend who wrote a foreword to my book

1043

00:49:32,870 --> 00:49:28,080

forgotten world who is a hero who is a

1044

00:49:37,580 --> 00:49:32,880

martyr who is who is the most I think

1045

00:49:40,480 --> 00:49:37,590

the most bearings of modern academics

1046

00:49:44,240 --> 00:49:40,490

who can who compete her on a level

1047

00:49:48,260 --> 00:49:44,250

between modern academia and this new

1048

00:49:49,460 --> 00:49:48,270

alternative way of thinking was it funny

1049

00:49:51,950 --> 00:49:49,470

that this new alternative way of

1050

00:49:54,200 --> 00:49:51,960

thinking this Tarun Race idea coincides

1051
00:49:55,730 --> 00:49:54,210
with the idea of a resource-based

1052
00:49:58,940 --> 00:49:55,740
economy and it's all kind of coming

1053
00:50:00,080 --> 00:49:58,950
together this year I've heard more about

1054
00:50:03,140 --> 00:50:00,090
it this year than any other year

1055
00:50:06,830 --> 00:50:03,150
previously I know my sample size is

1056
00:50:11,540 --> 00:50:06,840
small at 27 but I do feel like it's kind

1057
00:50:12,740 --> 00:50:11,550
of interesting that we're facing almost

1058
00:50:14,600 --> 00:50:12,750
it seems like we're on the brink of a

1059
00:50:16,370 --> 00:50:14,610
breakdown of our current structure and

1060
00:50:18,170 --> 00:50:16,380
at the same time you're seeing a lot of

1061
00:50:21,230 --> 00:50:18,180
people come together with new ideas and

1062
00:50:23,660 --> 00:50:21,240
a lot of those ideas involve working as

1063
00:50:27,770 --> 00:50:23,670

a global society yeah and I don't know

1064

00:50:31,160 --> 00:50:27,780

if it's 2012 itself the dangers is in

1065

00:50:34,340 --> 00:50:31,170

viewing us with this new sense of change

1066

00:50:36,500 --> 00:50:34,350

I think that more or less in the back of

1067

00:50:39,410 --> 00:50:36,510

our mind we we were thinking about the

1068

00:50:41,900 --> 00:50:39,420

day right jade is signifies a chicken or

1069

00:50:44,420 --> 00:50:41,910

anything yeah i think i think we're just

1070

00:50:46,640 --> 00:50:44,430

in our own minds we're reflecting on

1071

00:50:48,860 --> 00:50:46,650

that and we're doing it almost

1072

00:50:51,020 --> 00:50:48,870

automatically without even realizing

1073

00:50:52,610 --> 00:50:51,030

what we're doing and i think the things

1074

00:50:54,500 --> 00:50:52,620

me it's kind of interesting yeah because

1075

00:50:56,840 --> 00:50:54,510

you look at in your think man if this

1076
00:50:58,070 --> 00:50:56,850
was to end you know what could we have

1077
00:50:59,660 --> 00:50:58,080
done better and then you start thinking

1078
00:51:02,780 --> 00:50:59,670
man we should we should really fix some

1079
00:51:03,680 --> 00:51:02,790
of this [h__h] actually yeah but you're

1080
00:51:08,870 --> 00:51:03,690
exactly right

1081
00:51:11,540 --> 00:51:08,880
oh yeah it's an interesting thing um now

1082
00:51:13,520 --> 00:51:11,550
tell me about this Mexico trip you got

1083
00:51:17,030 --> 00:51:13,530
coming up in 2013 because that seems

1084
00:51:19,700 --> 00:51:17,040
pretty interesting yes yes I would plan

1085
00:51:22,220 --> 00:51:19,710
on going down to Mexico and that's been

1086
00:51:23,080 --> 00:51:22,230
put on hold so the reason did put on

1087
00:51:25,220 --> 00:51:23,090
hold

1088
00:51:26,430 --> 00:51:25,230

unfortunately and I feel really bad

1089

00:51:29,700 --> 00:51:26,440

about this

1090

00:51:34,440 --> 00:51:29,710

I hadn't put that a-hole because the guy

1091

00:51:39,000 --> 00:51:34,450

who runs this run steed touring company

1092

00:51:43,710 --> 00:51:39,010

is a Mormon and once he got wind of the

1093

00:51:46,920 --> 00:51:43,720

fire yeah my views my views on the way I

1094

00:51:48,839 --> 00:51:46,930

the way I believe you know he said he

1095

00:51:52,349 --> 00:51:48,849

doesn't wanna deal with you basically ah

1096

00:51:54,480 --> 00:51:52,359

that's how that [h__h] in she did oh

1097

00:51:56,970 --> 00:51:54,490

yeah I mean I was looking at that trip I

1098

00:51:59,910 --> 00:51:56,980

was thinking about that trip yeah it's a

1099

00:52:02,760 --> 00:51:59,920

great trip but you know yeah doesn't

1100

00:52:08,819 --> 00:52:02,770

want to do with that but anyhow so

1101
00:52:11,670 --> 00:52:08,829
basically um I do think that good news

1102
00:52:14,549 --> 00:52:11,680
is uh all this it is just a big India

1103
00:52:17,460 --> 00:52:14,559
trip planned okay yeah our discovery

1104
00:52:20,010 --> 00:52:17,470
going down in India we are actually my

1105
00:52:22,829 --> 00:52:20,020
friend Akshay and I who is a native of

1106
00:52:24,809 --> 00:52:22,839
India we're going to go down there and

1107
00:52:27,210 --> 00:52:24,819
we're going to spend two months just

1108
00:52:30,450 --> 00:52:27,220
traveling around India documenting all

1109
00:52:33,480 --> 00:52:30,460
the ancient sites all the culture and

1110
00:52:36,269 --> 00:52:33,490
when that's done we're going to those

1111
00:52:38,460 --> 00:52:36,279
tapes are going to provide the

1112
00:52:40,470 --> 00:52:38,470
promotional material as we're then going

1113
00:52:42,779 --> 00:52:40,480

to make into a small documentary a

1114

00:52:45,859 --> 00:52:42,789

series of short documentaries that we're

1115

00:52:47,789 --> 00:52:45,869

going to put on YouTube these Alaniz

1116

00:52:50,760 --> 00:52:47,799

productions we're going to have a

1117

00:52:52,740 --> 00:52:50,770

touring company oh that's nice so now

1118

00:52:55,829 --> 00:52:52,750

you can you can bypass that Morman and

1119

00:52:57,420 --> 00:52:55,839

just start your own exactly and that's

1120

00:53:01,140 --> 00:52:57,430

what we're going to do and once we get

1121

00:53:03,660 --> 00:53:01,150

that thing going with the Indian side of

1122

00:53:05,609 --> 00:53:03,670

it we're going to go back to Mesoamerica

1123

00:53:07,019 --> 00:53:05,619

and we're going to go back to Peru and

1124

00:53:07,650 --> 00:53:07,029

we're going to have our own tour there

1125

00:53:09,210 --> 00:53:07,660

as well

1126
00:53:11,789 --> 00:53:09,220
now that's what I would like to do

1127
00:53:13,680 --> 00:53:11,799
because there you can go to these sites

1128
00:53:15,740 --> 00:53:13,690
that I'd really like to go to Peru but

1129
00:53:18,089 --> 00:53:15,750
then I think about if I were to go there

1130
00:53:20,760 --> 00:53:18,099
I would probably be getting a

1131
00:53:22,200 --> 00:53:20,770
conventional tour and it really wouldn't

1132
00:53:25,049 --> 00:53:22,210
be as interested yeah

1133
00:53:27,809 --> 00:53:25,059
no nobody so that's I think that's a

1134
00:53:32,220 --> 00:53:27,819
great idea you got to start a touring

1135
00:53:34,559 --> 00:53:32,230
company that focuses on the alternative

1136
00:53:37,109 --> 00:53:34,569
size all these stories yeah and these

1137
00:53:39,390 --> 00:53:37,119
crazy sites and pointing out what about

1138
00:53:42,059 --> 00:53:39,400

these sites is so

1139

00:53:44,069 --> 00:53:42,069

saying you know that's what I'd like to

1140

00:53:45,960 --> 00:53:44,079

see I want to hear to our guy just be

1141

00:53:47,130 --> 00:53:45,970

like oh yeah that's kind of a mystery we

1142

00:53:49,200 --> 00:53:47,140

don't really know much about it you know

1143

00:53:52,319 --> 00:53:49,210

I'd like now if you could Grammy and

1144

00:53:55,970 --> 00:53:52,329

talking on that is a unique perspective

1145

00:53:58,859 --> 00:53:55,980

of the whole thing I'm trying

1146

00:54:00,539 --> 00:53:58,869

now you mentioned alien interaction and

1147

00:54:02,339 --> 00:54:00,549

I've heard you talk about crop circles

1148

00:54:04,289 --> 00:54:02,349

before do you think that aliens are

1149

00:54:07,140 --> 00:54:04,299

interacting with us in some capacity

1150

00:54:08,700 --> 00:54:07,150

today I have no doubts and aliens are

1151

00:54:11,789 --> 00:54:08,710

interacting with us at some capacity

1152

00:54:14,089 --> 00:54:11,799

today I think the evidence is

1153

00:54:16,950 --> 00:54:14,099

overwhelming and I think damn sure that

1154

00:54:19,799 --> 00:54:16,960

the governments are concealing much

1155

00:54:22,910 --> 00:54:19,809

about it here we go again with the

1156

00:54:24,720 --> 00:54:22,920

concealing um yeah how do you think

1157

00:54:26,900 --> 00:54:24,730

here's enough bring me back to the

1158

00:54:31,289 --> 00:54:26,910

pyramids but do you think that there's a

1159

00:54:33,390 --> 00:54:31,299

group of people above those that are you

1160

00:54:35,730 --> 00:54:33,400

know keeping things traditional and

1161

00:54:37,920 --> 00:54:35,740

keeping that heightened security on the

1162

00:54:39,299 --> 00:54:37,930

pyramids keeping the lid on discovery in

1163

00:54:40,829 --> 00:54:39,309

this yeah I think there's a group of

1164

00:54:43,109 --> 00:54:40,839

people above them who know what they

1165

00:54:45,900 --> 00:54:43,119

really were I think it's the government

1166

00:54:49,380 --> 00:54:45,910

of India and I'm sure that there's even

1167

00:54:52,200 --> 00:54:49,390

a smaller end play above the government

1168

00:54:53,579 --> 00:54:52,210

that is somehow influencing their

1169

00:54:56,430 --> 00:54:53,589

decisions I don't really necessarily

1170

00:54:58,170 --> 00:54:56,440

mean one of those Illuminati type

1171

00:55:00,390 --> 00:54:58,180

conspiracies but I do think that there

1172

00:55:03,630 --> 00:55:00,400

is some small group or some special

1173

00:55:05,490 --> 00:55:03,640

interest group is ultimately influencing

1174

00:55:07,230 --> 00:55:05,500

what they're doing now what do you think

1175

00:55:10,710 --> 00:55:07,240

their motive is is their motive to just

1176

00:55:13,079 --> 00:55:10,720

keep things as they are I do what

1177

00:55:16,829 --> 00:55:13,089

they're trying to do Karl

1178

00:55:21,150 --> 00:55:16,839

Greg rather is that I think what you're

1179

00:55:23,549 --> 00:55:21,160

trying to do is keep it very Egyptian I

1180

00:55:26,039 --> 00:55:23,559

think it's a matter of national pride I

1181

00:55:28,230 --> 00:55:26,049

also think it's a matter of Egyptologist

1182

00:55:31,289 --> 00:55:28,240

pride I don't think you want to ever

1183

00:55:34,200 --> 00:55:31,299

give up their monopoly their their right

1184

00:55:38,339 --> 00:55:34,210

to determine history I think that's a

1185

00:55:41,250 --> 00:55:38,349

natural human impulse to want to

1186

00:55:42,809 --> 00:55:41,260

preserve their side of it I mean you

1187

00:55:45,089 --> 00:55:42,819

just look at the religions throughout

1188

00:55:48,210 --> 00:55:45,099

history it's been a nature they want to

1189

00:55:53,100 --> 00:55:48,220

preserve their view any other view damn

1190

00:55:55,810 --> 00:55:53,110

be it fair

1191

00:55:58,270 --> 00:55:55,820

do you think they've made discoveries

1192

00:56:00,820 --> 00:55:58,280

inside the pyramids that they are hiding

1193

00:56:02,920 --> 00:56:00,830

or do you think they're just out I had

1194

00:56:05,410 --> 00:56:02,930

no doubt I would not be surprised that

1195

00:56:06,220 --> 00:56:05,420

they've got many things which would blow

1196

00:56:09,550 --> 00:56:06,230

brother

1197

00:56:12,040 --> 00:56:09,560

yeah well mainly found it and kind of

1198

00:56:14,350 --> 00:56:12,050

had an idea of where it was leading to

1199

00:56:15,550 --> 00:56:14,360

and they said I were to suck in the

1200

00:56:18,340 --> 00:56:15,560

touch since we're not sure we're not

1201
00:56:20,620 --> 00:56:18,350
going down that road yeah yeah I think

1202
00:56:23,080 --> 00:56:20,630
that in many cases that's that's the

1203
00:56:25,450 --> 00:56:23,090
situation they don't want to know

1204
00:56:29,350 --> 00:56:25,460
themselves about the destiny of mankind

1205
00:56:31,210 --> 00:56:29,360
and the history of mankind and in the

1206
00:56:33,610 --> 00:56:31,220
whole Terran race theory which is

1207
00:56:35,680 --> 00:56:33,620
Alberta I think not necessarily with me

1208
00:56:37,990 --> 00:56:35,690
but with the whole community of the

1209
00:56:39,610 --> 00:56:38,000
earth like my wife Sharon what is what's

1210
00:56:43,570 --> 00:56:39,620
Terran why Terran race

1211
00:56:46,510 --> 00:56:43,580
okay well Terran Terra is the goddess of

1212
00:56:50,830 --> 00:56:46,520
in ancient goddess of the earth

1213
00:56:57,070 --> 00:56:50,840

Terra and for a long period of time

1214

00:57:00,820 --> 00:56:57,080

Terra was a reference to the earth okay

1215

00:57:04,420 --> 00:57:00,830

now in the 20th century many of the

1216

00:57:06,190 --> 00:57:04,430

existing visionary writers and some of

1217

00:57:09,370 --> 00:57:06,200

them were science fiction writers began

1218

00:57:13,600 --> 00:57:09,380

using the term Karen simply to describe

1219

00:57:16,870 --> 00:57:13,610

the aura the with a word which meant

1220

00:57:20,220 --> 00:57:16,880

earthling and in their literature but I

1221

00:57:24,430 --> 00:57:20,230

took it as almost a racial

1222

00:57:28,540 --> 00:57:24,440

identification in racial idea an idea

1223

00:57:31,750 --> 00:57:28,550

that we have a nationalism at hand which

1224

00:57:34,330 --> 00:57:31,760

is not related to a nation-state we have

1225

00:57:36,790 --> 00:57:34,340

a racialism which is not related to any

1226
00:57:38,740 --> 00:57:36,800
specific ethnic group or race but a

1227
00:57:41,080 --> 00:57:38,750
racialism of the planet and the

1228
00:57:44,020 --> 00:57:41,090
racialism of the entire species a

1229
00:57:46,900 --> 00:57:44,030
feeling that we are one people and that

1230
00:57:49,750 --> 00:57:46,910
we need to create a state which will

1231
00:57:51,610 --> 00:57:49,760
embrace all people of Terran blood okay

1232
00:57:53,860 --> 00:57:51,620
that I'll be by doing that will we ever

1233
00:57:56,830 --> 00:57:53,870
have the moral justification to go forth

1234
00:58:00,210 --> 00:57:56,840
and comments our destiny which is to go

1235
00:58:03,580 --> 00:58:00,220
back to space and basically you know

1236
00:58:06,880 --> 00:58:03,590
space is the promised land and we are

1237
00:58:11,920 --> 00:58:06,890
the chosen people not Jews but the you

1238
00:58:13,630 --> 00:58:11,930

right Jojen people I hear you I mean do

1239

00:58:15,400 --> 00:58:13,640

you think there's extraterrestrials that

1240

00:58:18,009 --> 00:58:15,410

are trying to help us realize that I

1241

00:58:20,079 --> 00:58:18,019

mean I say you gets the Jews personally

1242

00:58:21,789 --> 00:58:20,089

what I'm just saying is that they may be

1243

00:58:23,259 --> 00:58:21,799

the chosen people but we're the greater

1244

00:58:25,660 --> 00:58:23,269

chosen people gotcha

1245

00:58:27,420 --> 00:58:25,670

priest is the greater chosen people

1246

00:58:30,460 --> 00:58:27,430

there might be some issues in their

1247

00:58:33,870 --> 00:58:30,470

identity greater than ourselves to build

1248

00:58:35,640 --> 00:58:33,880

as does fate in space gotcha

1249

00:58:37,240 --> 00:58:35,650

how do you think there are

1250

00:58:38,650 --> 00:58:37,250

extraterrestrials that are they trying

1251

00:58:42,339 --> 00:58:38,660

to budge us along

1252

00:58:44,319 --> 00:58:42,349

Kyle just a second I think that crop

1253

00:58:46,450 --> 00:58:44,329

circles or through other man searching I

1254

00:58:48,309 --> 00:58:46,460

don't think it to crop circle lighting

1255

00:58:50,190 --> 00:58:48,319

crop circles are probably some type of

1256

00:58:53,650 --> 00:58:50,200

identification of that alien

1257

00:58:57,099 --> 00:58:53,660

intelligence but I think that I think

1258

00:59:01,809 --> 00:58:57,109

that a cattle prod yeah I can tell pry

1259

00:59:05,910 --> 00:59:01,819

but I think that I think that rehab you

1260

00:59:09,160 --> 00:59:05,920

know examples of our being monitored by

1261

00:59:12,190 --> 00:59:09,170

extraterrestrials perhaps they see the

1262

00:59:15,069 --> 00:59:12,200

potential in us and want us to continue

1263

00:59:17,650 --> 00:59:15,079

on that great cosmic path which I think

1264

00:59:20,349 --> 00:59:17,660

was put forth by the Creator a very long

1265

00:59:23,710 --> 00:59:20,359

time ago I've seen some really

1266

00:59:27,130 --> 00:59:23,720

interesting stuff on crop circles and I

1267

00:59:29,380 --> 00:59:27,140

love the idea of crop circles being real

1268

00:59:32,319 --> 00:59:29,390

but just recently I don't know if you

1269

00:59:34,539 --> 00:59:32,329

saw this um it really didn't make much

1270

00:59:37,480 --> 00:59:34,549

of a splash in the conspiracy sense but

1271

00:59:41,039 --> 00:59:37,490

it was a guy who with snowshoes made all

1272

00:59:43,720 --> 00:59:41,049

these super intricate crop circles that

1273

00:59:48,009 --> 00:59:43,730

the thing about that is there are very

1274

00:59:49,900 --> 00:59:48,019

big very - example of faced crop circles

1275

00:59:52,930 --> 00:59:49,910

and they're very prevalent throughout

1276

00:59:54,849 --> 00:59:52,940

the whole example of crop circles but

1277

00:59:57,759 --> 00:59:54,859

the interesting is is that there are

1278

01:00:00,039 --> 00:59:57,769

many more examples of inexplicable and

1279

01:00:02,740 --> 01:00:00,049

unexplained crop circles or make some

1280

01:00:05,650 --> 01:00:02,750

unexplained well some more intricate

1281

01:00:08,950 --> 01:00:05,660

crop circles and in the basket into

1282

01:00:11,829 --> 01:00:08,960

certain areas where where the wheat is

1283

01:00:16,240 --> 01:00:11,839

seem to be burned or cinders and as

1284

01:00:18,569 --> 01:00:16,250

they're examples of odd things going out

1285

01:00:20,539 --> 01:00:18,579

inside the crop circles themselves like

1286

01:00:22,999 --> 01:00:20,549

like

1287

01:00:25,999 --> 01:00:23,009

phones not working radiation weird

1288

01:00:28,130 --> 01:00:26,009

radiation on it odd feelings of people

1289

01:00:31,370 --> 01:00:28,140

having erections when they walk into all

1290

01:00:33,199 --> 01:00:31,380

well yeah so you know there's definitely

1291

01:00:34,849 --> 01:00:33,209

definitely something strange going on

1292

01:00:37,069 --> 01:00:34,859

there which hints that they're real I

1293

01:00:39,919 --> 01:00:37,079

can't really say for certain because I

1294

01:00:42,169 --> 01:00:39,929

would rather look expert who is site

1295

01:00:45,679 --> 01:00:42,179

it's more cell and more in-depth than

1296

01:00:47,870 --> 01:00:45,689

myself say that but I would I would

1297

01:00:49,640 --> 01:00:47,880

assume that there's something more to

1298

01:00:51,529 --> 01:00:49,650

crop circle than just bunch of guys

1299

01:00:56,120 --> 01:00:51,539

going out with snow dude trying to make

1300

01:00:59,959 --> 01:00:56,130

a make a funny design crops I would hope

1301

01:01:02,870 --> 01:00:59,969

so because they tie into New Age stuff

1302

01:01:06,679 --> 01:01:02,880

the New Age conspiracy a lot in that

1303

01:01:08,809 --> 01:01:06,689

they say that their sacred geometry may

1304

01:01:10,400 --> 01:01:08,819

you know fourth dimensional geometry on

1305

01:01:11,689 --> 01:01:10,410

a two-dimensional plane to create a

1306

01:01:13,339 --> 01:01:11,699

three-dimensional image it's supposed to

1307

01:01:16,400 --> 01:01:13,349

affect our consciousness and some type

1308

01:01:18,009 --> 01:01:16,410

of positive way and make us vibrate and

1309

01:01:21,079 --> 01:01:18,019

be all happy and want to get along

1310

01:01:24,469 --> 01:01:21,089

that's what a lot of the New Age people

1311

01:01:27,339 --> 01:01:24,479

kind of push out and it's a good idea it

1312

01:01:29,319 --> 01:01:27,349

sounds cool but I don't necessarily see

1313

01:01:32,239 --> 01:01:29,329

how it works

1314

01:01:34,130 --> 01:01:32,249

but uh you know I like the idea that

1315

01:01:35,390 --> 01:01:34,140

there's an alien race out there trying

1316

01:01:39,370 --> 01:01:35,400

to not just in the right direction

1317

01:01:41,929 --> 01:01:39,380

because I really do think we're stuck

1318

01:01:43,519 --> 01:01:41,939

yeah that's why we have to get off this

1319

01:01:44,630 --> 01:01:43,529

planet we're only going to achieve our

1320

01:01:47,269 --> 01:01:44,640

full potential once we're a

1321

01:01:49,549 --> 01:01:47,279

multiplanetary mold by stellar species

1322

01:01:52,609 --> 01:01:49,559

and that should be our primary objective

1323

01:01:54,439 --> 01:01:52,619

right now people often say oh we can't

1324

01:01:57,919 --> 01:01:54,449

do that we're just going to trash the

1325

01:01:59,959 --> 01:01:57,929

galaxy m82 we're just going to make all

1326

01:02:02,989 --> 01:01:59,969

the problems it's based on making earth

1327

01:02:05,059 --> 01:02:02,999

that's why before we do this we began

1328

01:02:07,400 --> 01:02:05,069

fear that we're going to make change on

1329

01:02:08,900 --> 01:02:07,410

this planet once we make that change

1330

01:02:11,179 --> 01:02:08,910

then we will have the moral

1331

01:02:15,229 --> 01:02:11,189

justification to go board and pursue our

1332

01:02:18,019 --> 01:02:15,239

destiny but it is our destiny and we

1333

01:02:19,969 --> 01:02:18,029

must fulfill it now I got one more

1334

01:02:22,819 --> 01:02:19,979

question for you because we're coming up

1335

01:02:24,410 --> 01:02:22,829

on the hour but you've seen the work

1336

01:02:26,479 --> 01:02:24,420

that Richard Hoagland done on the moon

1337

01:02:29,419 --> 01:02:26,489

you I mean not the moon with a moon -

1338

01:02:32,929 --> 01:02:29,429

are mainly Mars the face on Mars - donia

1339

01:02:33,740 --> 01:02:32,939

the pyramid shapes on Mars what do you

1340

01:02:35,930 --> 01:02:33,750

think about that

1341

01:02:38,270 --> 01:02:35,940

I think it's a fascinating possibility

1342

01:02:41,030 --> 01:02:38,280

and I love to research it more maybe

1343

01:02:42,050 --> 01:02:41,040

make a book out of it is that coming

1344

01:02:45,349 --> 01:02:42,060

after the Dragons

1345

01:02:54,170 --> 01:02:45,359

it could be is that how we got here on

1346

01:02:56,920 --> 01:02:54,180

dragon back yeah we'll have a Sean

1347

01:03:00,560 --> 01:02:56,930

Connery speaking chorus as well

1348

01:03:02,660 --> 01:03:00,570

well Pat I I'm like that we got to do

1349

01:03:03,950 --> 01:03:02,670

this what you're working on the dragon

1350

01:03:05,270 --> 01:03:03,960

book now are there any conferences

1351

01:03:07,280 --> 01:03:05,280

coming up or anything anything

1352

01:03:09,770 --> 01:03:07,290

interesting yeah yeah we're gonna have a

1353

01:03:12,680 --> 01:03:09,780

conference at the International

1354

01:03:15,859 --> 01:03:12,690

Conference on each of America and on

1355

01:03:18,200 --> 01:03:15,869

September 21st to 23rd in Marquette

1356

01:03:22,849 --> 01:03:18,210

Michigan and I'll be there and I'll be

1357

01:03:24,410 --> 01:03:22,859

speaking nice cup where of course your

1358

01:03:26,510 --> 01:03:24,420

website would be a great place for

1359

01:03:29,300 --> 01:03:26,520

people to get information on what you're

1360

01:03:32,180 --> 01:03:29,310

working on you also have a newsletter

1361

01:03:34,760 --> 01:03:32,190

out you still doing that yeah we're

1362

01:03:37,790 --> 01:03:34,770

putting together a newsletter gods and

1363

01:03:39,500 --> 01:03:37,800

aliens magazine.com we're gonna have a

1364

01:03:41,839 --> 01:03:39,510

newsletter for that and we're also gonna

1365

01:03:44,060 --> 01:03:41,849

have another newsletter or patch in our

1366

01:03:46,630 --> 01:03:44,070

comm which we're trying to read through

1367

01:03:50,060 --> 01:03:46,640

the site right now as it exists

1368

01:03:52,250 --> 01:03:50,070

we're gotten - worldcom is probably

1369

01:03:53,900 --> 01:03:52,260

going to continue now for the rest of

1370

01:03:55,970 --> 01:03:53,910

the remainder of the year and it'll

1371

01:03:57,920 --> 01:03:55,980

probably go to put it on put all that

1372

01:03:59,720 --> 01:03:57,930

information on to the new site we're

1373

01:04:03,109 --> 01:03:59,730

developing and just discontinued

1374

01:04:06,770 --> 01:04:03,119

forgotten - world's about um it's kind

1375

01:04:09,470 --> 01:04:06,780

of running its course all right well uh

1376

01:04:13,070 --> 01:04:09,480

you know thanks again yeah you buy my

1377

01:04:16,180 --> 01:04:13,080

book it's coming out and I recommend

1378

01:04:19,339 --> 01:04:16,190

everyone to read that because it is is a

1379

01:04:22,310 --> 01:04:19,349

embodiment of my views and my ideas so

1380

01:04:27,260 --> 01:04:22,320

definitely buy it and it'll be available

1381

01:04:29,060 --> 01:04:27,270

on bookstores as well as our amazon.com

1382

01:04:31,849 --> 01:04:29,070

just split out chytrid patrick simard

1383

01:04:33,630 --> 01:04:31,859

you'll find all my books online on

1384

01:04:36,720 --> 01:04:33,640

Amazon that time

1385

01:04:53,160 --> 01:04:36,730

you heard him folk Alec fashion art

1386

01:04:53,170 --> 01:05:13,980

[h__\h]

1387

01:05:21,829 --> 01:05:19,630

say that pretty girl over there I wanna

1388

01:05:26,010 --> 01:05:21,839

- yeah
