1  
00:00:08,249 --> 00:00:06,420  
we're here because we don't buy into the

2  
00:00:10,140 --> 00:00:08,259  
[h\_\_\h] of mainstream culture we're

3  
00:00:11,640 --> 00:00:10,150  
tired of the mundane passionless careers

4  
00:00:13,259 --> 00:00:11,650  
we've been shuffled into as a result of

5  
00:00:15,329 --> 00:00:13,269  
this orchestrated death based system of

6  
00:00:16,950 --> 00:00:15,339  
rule and the stranglehold on education

7  
00:00:20,009 --> 00:00:16,960  
entertainment by cold soulless

8  
00:00:23,220 --> 00:00:20,019  
corporations people yes we are

9  
00:00:25,079 --> 00:00:23,230  
frustrated yes we are tired and we

10  
00:00:26,370 --> 00:00:25,089  
reject the pre-approved tranquilizers

11  
00:00:28,529 --> 00:00:26,380  
that are Monday Night Football and a

12  
00:00:30,779 --> 00:00:28,539  
nice cold Budweiser we have to stop

13  
00:00:33,360 --> 00:00:30,789

hiding stop hiding behind the headphone

14

00:00:34,740 --> 00:00:33,370

to the cherry popper 4/20 username let

15

00:00:36,450 --> 00:00:34,750

the world see that the resistance is

16

00:00:38,370 --> 00:00:36,460

strong and society is changing

17

00:00:40,950 --> 00:00:38,380

there was a time to be anonymous and

18

00:00:42,090 --> 00:00:40,960

that time has passed and so the higher

19

00:00:44,310 --> 00:00:42,100

side chats would like to present

20

00:00:45,650 --> 00:00:44,320

conspiracies as the dawning of this new

21

00:00:47,750 --> 00:00:45,660

paradigm

22

00:00:49,580 --> 00:00:47,760

the revolution because bold fashion

23

00:00:51,940 --> 00:00:49,590

should be more than summons celebrity

24

00:00:54,500 --> 00:00:51,950

lead dress for Atlanta sleeping fellow

25

00:00:55,970 --> 00:00:54,510

conspirators redefines film fashion as

26  
00:00:58,340 --> 00:00:55,980  
having the balls to reject socially

27  
00:01:02,570 --> 00:00:58,350  
uncomfortable and unpopular truths from

28  
00:01:04,610 --> 00:01:02,580  
the Iranian chest all bugging today it's

29  
00:01:06,950 --> 00:01:04,620  
appear to use dotnet let him know that

30  
00:01:43,170 --> 00:01:06,960  
you know bolt designs for trouble times

31  
00:01:47,950 --> 00:01:45,370  
ladies and gentlemen boys and girls

32  
00:01:49,690 --> 00:01:47,960  
welcome to THC you know me the man who

33  
00:01:51,250 --> 00:01:49,700  
calls himself the Karl wood and I'm here

34  
00:01:53,050 --> 00:01:51,260  
to tell you that you've been lied to

35  
00:01:55,060 --> 00:01:53,060  
manipulated and deceived before your

36  
00:01:57,340 --> 00:01:55,070  
first breath of air born into a

37  
00:01:58,600 --> 00:01:57,350  
structured society of forced dependency

38  
00:02:01,030 --> 00:01:58,610

uneasily managed and controlled

39

00:02:02,830 --> 00:02:01,040

resources while more efficient and

40

00:02:04,240 --> 00:02:02,840

sustainable technologies are reserved

41

00:02:06,490 --> 00:02:04,250

for the underground base's of the

42

00:02:08,650 --> 00:02:06,500

world's elite fortunately for us higher

43

00:02:10,449 --> 00:02:08,660

side shatters today's guest and Deo has

44

00:02:12,490 --> 00:02:10,459

traversed the world beyond top-secret

45

00:02:14,800 --> 00:02:12,500

security clearances and hidden Sciences

46

00:02:16,570 --> 00:02:14,810

working on anti-gravity saucer-shaped

47

00:02:19,060 --> 00:02:16,580

craft and free energy systems

48

00:02:21,280 --> 00:02:19,070

he's now spent the past 30 plus years

49

00:02:22,780 --> 00:02:21,290

telling his amazing story and schooling

50

00:02:24,910 --> 00:02:22,790

the people on the hidden hands that have

51  
00:02:26,380 --> 00:02:24,920  
replaced the world of what could be with

52  
00:02:28,420 --> 00:02:26,390  
the world of what could be controlled

53  
00:02:30,430 --> 00:02:28,430  
he's the author of three books most

54  
00:02:32,979 --> 00:02:30,440  
famously the cosmic conspiracy a

55  
00:02:34,240 --> 00:02:32,989  
lecturer educator and a brilliant mind I

56  
00:02:37,509 --> 00:02:34,250  
couldn't be more thrilled to have him

57  
00:02:40,509 --> 00:02:37,519  
here stand ayo how are ya hi good to be

58  
00:02:52,150 --> 00:02:40,519  
here the bio sounds better than real

59  
00:02:54,520 --> 00:02:52,160  
life that's about today well you know

60  
00:02:56,380 --> 00:02:54,530  
your story is so profound because it

61  
00:02:58,570 --> 00:02:56,390  
sheds light not only on the secret

62  
00:03:00,910 --> 00:02:58,580  
technologies of the world's elite but

63  
00:03:02,890 --> 00:03:00,920

also how they absorb anyone who comes

64

00:03:04,810 --> 00:03:02,900

across these technologies independently

65

00:03:06,910 --> 00:03:04,820

and I know you've been telling the story

66

00:03:08,680 --> 00:03:06,920

for decades now but please tell the

67

00:03:10,930 --> 00:03:08,690

people how you got mixed up with James

68

00:03:16,930 --> 00:03:10,940

Maxfield Edward Teller and their black

69

00:03:19,090 --> 00:03:16,940

ops projects in Australia I was working

70

00:03:21,310 --> 00:03:19,100

in Dallas as a senior systems analyst at

71

00:03:26,460 --> 00:03:21,320

a conglomerate of about a hundred

72

00:03:29,440 --> 00:03:26,470

corporations mmm that had dealings with

73

00:03:32,979 --> 00:03:29,450

illegal arms trade etcetera Middle East

74

00:03:35,680 --> 00:03:32,989

one of their operations and I was an

75

00:03:41,589 --> 00:03:35,690

undercover informer for the FBI there

76

00:03:43,660 --> 00:03:41,599

and while I was there I also worked on

77

00:03:45,820 --> 00:03:43,670

some of my own research into propulsion

78

00:03:46,960 --> 00:03:45,830

and aircraft and I had a blackboard I

79

00:03:48,880 --> 00:03:46,970

had a private office and I had a

80

00:03:50,650 --> 00:03:48,890

blackboard at swiveled and one side was

81

00:03:52,540 --> 00:03:50,660

company business you know for them and

82

00:03:53,770 --> 00:03:52,550

the other side was Stanley business when

83

00:03:55,809 --> 00:03:53,780

I wasn't having lunch or whatever

84

00:03:57,490 --> 00:03:55,819

because we worked long hours sometimes

85

00:03:59,589 --> 00:03:57,500

you know 20 hours a day and sometimes

86

00:04:01,089 --> 00:03:59,599

you didn't get to go home so I had to do

87

00:04:02,949 --> 00:04:01,099

that if I wanted to get any research

88

00:04:04,360 --> 00:04:02,959

done anyway I don't know whether someone

89

00:04:06,490 --> 00:04:04,370

peeked at the other side of my board

90

00:04:08,339 --> 00:04:06,500

when I wasn't there but I was approached

91

00:04:11,500 --> 00:04:08,349

by a senior officer for one of our

92

00:04:15,220 --> 00:04:11,510

corporations yet when I was having

93

00:04:17,110 --> 00:04:15,230

coffee down in the canteen for the staff

94

00:04:18,789 --> 00:04:17,120

there in the building and it would hold

95

00:04:20,560 --> 00:04:18,799

about a thousand people so it was a big

96

00:04:21,789 --> 00:04:20,570

canteen and I was held one down there

97

00:04:24,520 --> 00:04:21,799

because it was in between you know

98

00:04:26,170 --> 00:04:24,530

coffee breaks or lunch breaks for the

99

00:04:28,150 --> 00:04:26,180

for the troops I just we're done to get

100

00:04:30,850 --> 00:04:28,160

a cup of coffee and be by myself for a

101  
00:04:32,230 --> 00:04:30,860  
minute this guy comes in and comes over

102  
00:04:34,000 --> 00:04:32,240  
and sits right in front of me there's a

103  
00:04:36,460 --> 00:04:34,010  
lot of other tables you can imagine with

104  
00:04:38,140 --> 00:04:36,470  
a thousand seating right and he comes

105  
00:04:40,210 --> 00:04:38,150  
over sits right in front of me I didn't

106  
00:04:43,060 --> 00:04:40,220  
know him from a bars open he introduces

107  
00:04:44,379 --> 00:04:43,070  
himself and I said I'm glad to meet you

108  
00:04:46,719 --> 00:04:44,389  
know I'm thinking on well there goes my

109  
00:04:49,330 --> 00:04:46,729  
silent time what are you doing what do

110  
00:04:53,050 --> 00:04:49,340  
you do here yeah I told him and and he

111  
00:04:55,150 --> 00:04:53,060  
says and are you doing anything you know

112  
00:04:57,190 --> 00:04:55,160  
it's a hobby I said oh yeah work on

113  
00:04:59,110 --> 00:04:57,200

propulsion altered energy and stuff at

114

00:05:00,159 --> 00:04:59,120

home what kind of stuff so I told him he

115

00:05:01,540 --> 00:05:00,169

says that's very interesting

116

00:05:02,890 --> 00:05:01,550

you oughta go see a friend of mine dr.

117

00:05:04,150 --> 00:05:02,900

James our Maxwell he'd be very

118

00:05:06,430 --> 00:05:04,160

interested in talking about that and I

119

00:05:07,570 --> 00:05:06,440

said yeah well thanks and we got up and

120

00:05:09,969 --> 00:05:07,580

finished our coffee and went off and

121

00:05:12,190 --> 00:05:09,979

about a month went past and I sneak down

122

00:05:13,540 --> 00:05:12,200

to have another private coffee burn if

123

00:05:15,490 --> 00:05:13,550

this guy didn't show up again and then

124

00:05:21,129 --> 00:05:15,500

empty cantina come sit in front me again

125

00:05:26,890 --> 00:05:21,139

and he was European you know one of

126

00:05:29,170 --> 00:05:26,900

those has came out here and he put his

127

00:05:30,700 --> 00:05:29,180

cigarette between his second and third

128

00:05:32,740 --> 00:05:30,710

fingers you know like I smoked it in the

129

00:05:34,300 --> 00:05:32,750

movies for the spy movies and he's

130

00:05:36,279 --> 00:05:34,310

talking to me over this smoke and he

131

00:05:39,339 --> 00:05:36,289

says something you haven't been to see

132

00:05:40,510 --> 00:05:39,349

my friend dr. Maxfield and I said no J

133

00:05:42,610 --> 00:05:40,520

sorry about that I've been a bit busy

134

00:05:43,239 --> 00:05:42,620

says well you will go see him this

135

00:05:45,219 --> 00:05:43,249

afternoon

136

00:05:46,449 --> 00:05:45,229

yes I said oh well I I have an

137

00:05:47,709 --> 00:05:46,459

appointment for you three o'clock well

138

00:05:51,759 --> 00:05:47,719

we're at this address and limit Abdul

139

00:05:53,199 --> 00:05:51,769

you go now well I thought all right and

140

00:05:55,419 --> 00:05:53,209

then I got thinking as I went upstairs

141

00:05:57,639 --> 00:05:55,429

this guy only appears when I go down

142

00:06:01,029 --> 00:05:57,649

there I mean where they monitoring me or

143

00:06:02,649 --> 00:06:01,039

something I mean what is this I've been

144

00:06:05,079 --> 00:06:02,659

working on a flying saucer design at

145

00:06:08,459 --> 00:06:05,089

home and it was an electric flying

146

00:06:10,809 --> 00:06:08,469

saucer but not antigravity per se and I

147

00:06:12,069 --> 00:06:10,819

thought well maybe somebody knows where

148

00:06:14,139 --> 00:06:12,079

I'm fixing to do I was gonna file a

149

00:06:16,899 --> 00:06:14,149

patent on that Tim so I went to this

150

00:06:19,629 --> 00:06:16,909

this dr. Maxwell's offices radiation

151  
00:06:21,009 --> 00:06:19,639  
research facility and there were no cars

152  
00:06:23,649 --> 00:06:21,019  
in the parking lot just holding this

153  
00:06:25,269 --> 00:06:23,659  
long building and it didn't look like

154  
00:06:26,889 --> 00:06:25,279  
anybody was there no sign of activity

155  
00:06:29,259 --> 00:06:26,899  
and so I opened the front door one of

156  
00:06:32,499 --> 00:06:29,269  
those creaky doors like that you look in

157  
00:06:33,789 --> 00:06:32,509  
this long dark hallway no sounds of life

158  
00:06:35,289 --> 00:06:33,799  
inside the only light you can see it

159  
00:06:37,839 --> 00:06:35,299  
about halfway down coming through it a

160  
00:06:40,089 --> 00:06:37,849  
window from the side so I went in there

161  
00:06:42,309 --> 00:06:40,099  
very quietly walking through up to that

162  
00:06:44,859 --> 00:06:42,319  
light to see what was going on here you

163  
00:06:46,149 --> 00:06:44,869

know getting really creeped out and on

164

00:06:47,529 --> 00:06:46,159

the right side there was the

165

00:06:49,299 --> 00:06:47,539

receptionist asked and there was no one

166

00:06:51,399 --> 00:06:49,309

there and the light was coming from

167

00:06:52,749 --> 00:06:51,409

window over her desk and then all of a

168

00:06:56,019 --> 00:06:52,759

sudden she came out from a side room

169

00:06:57,639 --> 00:06:56,029

she's oh hi hi look I am I think I'm

170

00:06:59,829 --> 00:06:57,649

supposed to meet a doctor max oh yes

171

00:07:01,869 --> 00:06:59,839

doctor max was waiting for you just wait

172

00:07:03,189 --> 00:07:01,879

here say him she runs back into some

173

00:07:05,350 --> 00:07:03,199

double doors back in the back into the

174

00:07:08,139 --> 00:07:05,360

lab and out he comes with his lab coat

175

00:07:10,089 --> 00:07:08,149

and cowboy boots and big cigar stuck and

176  
00:07:12,819 --> 00:07:10,099  
he speak and he says Oh howdy boy I'm

177  
00:07:15,339 --> 00:07:12,829  
Jim max well glad to meet you sir come

178  
00:07:18,009 --> 00:07:15,349  
to my office so we go into an office and

179  
00:07:20,229 --> 00:07:18,019  
in this office all around the sides of

180  
00:07:22,179 --> 00:07:20,239  
it are photographs and of him and dr.

181  
00:07:23,649 --> 00:07:22,189  
Everett tell her and very like when he

182  
00:07:25,600 --> 00:07:23,659  
went under the the poll that they had a

183  
00:07:28,389 --> 00:07:25,610  
champagne ceremony for the first time

184  
00:07:31,979 --> 00:07:28,399  
under the pole in submarine and you know

185  
00:07:34,719 --> 00:07:31,989  
you know all kinds of awards and

186  
00:07:36,459 --> 00:07:34,729  
diplomas stuff on the wall and he said

187  
00:07:39,189 --> 00:07:36,469  
sit down boy I said well I don't know

188  
00:07:41,949 --> 00:07:39,199

really wine yeah I was told to come here

189

00:07:43,089 --> 00:07:41,959

but how can I help you and he says well

190

00:07:46,779 --> 00:07:43,099

won't you tell me what you're doing home

191

00:07:48,249 --> 00:07:46,789

in your lab and I said oh well knowing

192

00:07:50,319 --> 00:07:48,259

that I was in the presence of a you know

193

00:07:52,119 --> 00:07:50,329

you guys got that many degrees and a

194

00:07:53,499 --> 00:07:52,129

friend of tellers and security

195

00:07:55,299 --> 00:07:53,509

clearances after wazoo I thought well

196

00:07:56,940 --> 00:07:55,309

anything I say you don't sound stupid

197

00:07:59,940 --> 00:07:56,950

but I said well look I'm

198

00:08:02,880 --> 00:07:59,950

I've been working at home on a way to to

199

00:08:06,690 --> 00:08:02,890

make a well I like a saucer-shaped craft

200

00:08:08,700 --> 00:08:06,700

use charged air particles to accelerate

201  
00:08:10,190 --> 00:08:08,710  
it you know where I kind of combined the

202  
00:08:12,240 --> 00:08:10,200  
you know

203  
00:08:14,490 --> 00:08:12,250  
electromagnetism and electricity and

204  
00:08:15,840 --> 00:08:14,500  
gravitate ease look don't beat around

205  
00:08:17,880 --> 00:08:15,850  
the bush or working on an ax grab an

206  
00:08:20,070 --> 00:08:17,890  
asset I am well okay

207  
00:08:21,150 --> 00:08:20,080  
alright yes and he said well we're a

208  
00:08:24,510 --> 00:08:21,160  
little bit ahead of you've already got

209  
00:08:25,860 --> 00:08:24,520  
it I said Oh whose weight dr. Keller's

210  
00:08:27,360 --> 00:08:25,870  
team and the rest of us said we've got

211  
00:08:30,930 --> 00:08:27,370  
facilities all over the planet I thought

212  
00:08:32,850 --> 00:08:30,940  
wow so we want you to join us and our

213  
00:08:33,870 --> 00:08:32,860

facility down in Australia and without

214

00:08:35,400 --> 00:08:33,880

boring you to death for the rest of

215

00:08:37,590 --> 00:08:35,410

details it took several months and

216

00:08:38,850 --> 00:08:37,600

medical exams and people flying out from

217

00:08:40,380 --> 00:08:38,860

San Francisco from the Australian

218

00:08:43,650 --> 00:08:40,390

consulate examined me and all that stuff

219

00:08:45,390 --> 00:08:43,660

and they promoted me to electrical

220

00:08:48,480 --> 00:08:45,400

engineer even though I didn't finish my

221

00:08:49,920 --> 00:08:48,490

degree and I was immediately paid and

222

00:08:51,060 --> 00:08:49,930

things were settled when my house were

223

00:08:53,160 --> 00:08:51,070

you know and everything was settled up

224

00:08:54,930 --> 00:08:53,170

and my wife and I and the children we

225

00:08:58,020 --> 00:08:54,940

had to go and tell no one where we were

226

00:08:59,850 --> 00:08:58,030

going and at this time I was starting to

227

00:09:02,840 --> 00:08:59,860

really get creeped out and so we had

228

00:09:05,460 --> 00:09:02,850

flight reservations for our Sunday about

229

00:09:07,620 --> 00:09:05,470

10 days or sorry about a week ahead of

230

00:09:08,970 --> 00:09:07,630

time I decided to take the family and

231

00:09:11,310 --> 00:09:08,980

leave a week ahead if I move the ticket

232

00:09:13,050 --> 00:09:11,320

exit date up so that if my plane was

233

00:09:15,720 --> 00:09:13,060

gonna crash or burn I wouldn't be on it

234

00:09:17,250 --> 00:09:15,730

you know and we sneak down to Australia

235

00:09:20,610 --> 00:09:17,260

and then as soon as I hit Sydney Airport

236

00:09:22,050 --> 00:09:20,620

we landed first it was and wee hours of

237

00:09:23,970 --> 00:09:22,060

the morning it's still dark and no one

238

00:09:27,720 --> 00:09:23,980

in the airport at that time in those

239

00:09:29,910 --> 00:09:27,730

days it wasn't 24 hour Airport and we

240

00:09:31,650 --> 00:09:29,920

got out and I was staying there and you

241

00:09:35,700 --> 00:09:31,660

know with bags in tow and in the middle

242

00:09:37,500 --> 00:09:35,710

of this dark actually Airport and yeah

243

00:09:39,630 --> 00:09:37,510

an airline captain came up and said oh

244

00:09:40,920 --> 00:09:39,640

hi what you guys doing I'm waiting till

245

00:09:43,620 --> 00:09:40,930

sunup that we catch his flight down to

246

00:09:45,630 --> 00:09:43,630

Melbourne and he said oh look let me fly

247

00:09:48,060 --> 00:09:45,640

you my flight I can take you down and

248

00:09:49,260 --> 00:09:48,070

beat that I said well can you do that

249

00:09:51,180 --> 00:09:49,270

and change my ticket across it no

250

00:09:53,010 --> 00:09:51,190

problem so when the lights came on he

251  
00:09:54,720 --> 00:09:53,020  
did that and it was another way to hide

252  
00:09:56,760 --> 00:09:54,730  
my trail and I jumped that plane and

253  
00:09:58,320 --> 00:09:56,770  
went down to Melbourne eventually I met

254  
00:10:02,040 --> 00:09:58,330  
my control agent down there

255  
00:10:04,170 --> 00:10:02,050  
captain Sir John Williams and they had

256  
00:10:06,660 --> 00:10:04,180  
me write a paper for the aeronautical

257  
00:10:09,720 --> 00:10:06,670  
research labs down there in Melbourne on

258  
00:10:13,319 --> 00:10:09,730  
my plasma propulsion system and

259  
00:10:15,060 --> 00:10:13,329  
um I came to find out within the group

260  
00:10:17,100 --> 00:10:15,070  
that they didn't really like Jewish

261  
00:10:18,990 --> 00:10:17,110  
people and they hadn't they hadn't

262  
00:10:22,410 --> 00:10:19,000  
researched that my father was Jewish and

263  
00:10:26,100 --> 00:10:22,420

so I didn't bother to tell him but they

264

00:10:28,079 --> 00:10:26,110

were definitely anti that and they

265

00:10:30,000 --> 00:10:28,089

didn't want me to make certain things

266

00:10:32,460 --> 00:10:30,010

public like our alternate energy thing

267

00:10:37,500 --> 00:10:32,470

which is similar the one that dr. Morey

268

00:10:38,970 --> 00:10:37,510

developed in Utah in the 30s and similar

269

00:10:41,189 --> 00:10:38,980

to the one that's ain't ran wrote about

270

00:10:42,810 --> 00:10:41,199

in Atlas Shrugged but anyway they told

271

00:10:44,189 --> 00:10:42,820

me that I couldn't talk about those

272

00:10:45,509 --> 00:10:44,199

things even though they weren't to do

273

00:10:47,460 --> 00:10:45,519

with propulsion they were things they

274

00:10:48,720 --> 00:10:47,470

already had and they didn't want the

275

00:10:50,670 --> 00:10:48,730

public at large to know about these

276

00:10:51,990 --> 00:10:50,680

things and I really couldn't see a

277

00:10:54,420 --> 00:10:52,000

reason to keep some of this technology

278

00:10:57,480 --> 00:10:54,430

secret as far as propulsion or sorry

279

00:10:59,430 --> 00:10:57,490

says power from countries that needed to

280

00:11:02,009 --> 00:10:59,440

pump water to survive you know for the

281

00:11:03,750 --> 00:11:02,019

villages and stuff right or and they

282

00:11:05,790 --> 00:11:03,760

said I didn't understand that you know

283

00:11:07,920 --> 00:11:05,800

they the way they had and they were

284

00:11:09,870 --> 00:11:07,930

gonna be hundreds of millions of people

285

00:11:12,660 --> 00:11:09,880

that will die by natural attrition by

286

00:11:14,780 --> 00:11:12,670

dehydration and starvation and they

287

00:11:17,040 --> 00:11:14,790

wanted that way to reduce the population

288

00:11:18,720 --> 00:11:17,050

that was the time I got my first

289

00:11:21,990 --> 00:11:18,730

awakening to the fact that the powers

290

00:11:23,970 --> 00:11:22,000

that be whoever they are really were

291

00:11:28,500 --> 00:11:23,980

planning on culling a lot of the human

292

00:11:31,680 --> 00:11:28,510

race mm-hmm that's when we kind of they

293

00:11:34,110 --> 00:11:31,690

knew I disagreed and they put all my

294

00:11:35,819 --> 00:11:34,120

files together on my the stuff that

295

00:11:37,110 --> 00:11:35,829

wasn't terribly well sometimes

296

00:11:39,689 --> 00:11:37,120

classified but anyway they put in the

297

00:11:41,879 --> 00:11:39,699

Box put at my front door and in their

298

00:11:43,800 --> 00:11:41,889

driver there told me you're on your own

299

00:11:47,879 --> 00:11:43,810

now we disavowed any knowledge that

300

00:11:50,129 --> 00:11:47,889

you're you're out and they then made it

301  
00:11:52,410 --> 00:11:50,139  
known that through another one of their

302  
00:11:54,389 --> 00:11:52,420  
operatives here that they wanted to put

303  
00:11:58,110 --> 00:11:54,399  
me at the bottom of a mine shaft you

304  
00:12:00,449 --> 00:11:58,120  
know kind of permanently and so I got

305  
00:12:04,470 --> 00:12:00,459  
that wind of early enough to organize an

306  
00:12:06,990 --> 00:12:04,480  
escape and left melbourne went bush and

307  
00:12:08,670 --> 00:12:07,000  
in australia that's a big place bush

308  
00:12:11,340 --> 00:12:08,680  
about eighty-five percent the country

309  
00:12:12,809 --> 00:12:11,350  
bush it took me several months probably

310  
00:12:14,990 --> 00:12:12,819  
six months to make it clear across the

311  
00:12:20,550 --> 00:12:15,000  
country to the other side to Perth and

312  
00:12:24,780 --> 00:12:22,680  
sorry under the protection oh what they

313  
00:12:27,030 --> 00:12:24,790

call azo the Australian security

314

00:12:29,430 --> 00:12:27,040

intelligence organization I was able to

315

00:12:32,130 --> 00:12:29,440

stay and not be harassed by those that

316

00:12:33,990 --> 00:12:32,140

were chasing me I did manage to elude

317

00:12:35,820 --> 00:12:34,000

one agent from our government that was

318

00:12:38,910 --> 00:12:35,830

sent to kill me in the desert and he let

319

00:12:41,000 --> 00:12:38,920

me go when he caught me but anyway all

320

00:12:43,410 --> 00:12:41,010

those things that up to me eventually

321

00:12:47,519 --> 00:12:43,420

writing a book the cosmic conspiracy to

322

00:12:49,670 --> 00:12:47,529

expose what was going on and since I was

323

00:12:52,440 --> 00:12:49,680

protected here in Perth it allowed me to

324

00:12:55,680 --> 00:12:52,450

do a television radio and in

325

00:12:57,660 --> 00:12:55,690

documentaries which you know most of her

326

00:13:00,030 --> 00:12:57,670

film there some in Europe and parts of

327

00:13:02,519 --> 00:13:00,040

the United States so they couldn't

328

00:13:04,680 --> 00:13:02,529

really disappear my presence without

329

00:13:08,190 --> 00:13:04,690

kind of raising you know more attention

330

00:13:10,440 --> 00:13:08,200

to their problems in the late 70s and I

331

00:13:12,900 --> 00:13:10,450

learned from other members of the group

332

00:13:16,650 --> 00:13:12,910

that had since left the group retired or

333

00:13:18,990 --> 00:13:16,660

whatever that somebody had moved in on

334

00:13:21,269 --> 00:13:19,000

the group and our bases underground and

335

00:13:23,910 --> 00:13:21,279

under the pole and had taken over our

336

00:13:26,160 --> 00:13:23,920

technologies and kicked us out kicked us

337

00:13:29,730 --> 00:13:26,170

being the humans there was some pretty

338

00:13:33,810 --> 00:13:29,740

weird dogs apparently that were non non

339

00:13:35,640 --> 00:13:33,820

human per se right on our basis so

340

00:13:38,160 --> 00:13:35,650

that's that's the the basic background

341

00:13:40,650 --> 00:13:38,170

of what we're talking about sure and I

342

00:13:42,420 --> 00:13:40,660

want to get into that but at first at

343

00:13:44,880 --> 00:13:42,430

the risk of getting too technical would

344

00:13:48,120 --> 00:13:44,890

you mind explaining the way antigravity

345

00:13:50,730 --> 00:13:48,130

and energy density work to allow the UFO

346

00:13:54,030 --> 00:13:50,740

type crafts to exist and move the way

347

00:13:56,940 --> 00:13:54,040

they do yes it's um in the beginning

348

00:14:00,360 --> 00:13:56,950

with the charged aircraft we saucer

349

00:14:02,550 --> 00:14:00,370

craft there were two direct currents

350

00:14:03,510 --> 00:14:02,560

involved in in the atmosphere around the

351

00:14:06,120 --> 00:14:03,520

the craft

352

00:14:08,370 --> 00:14:06,130

and actually some of it penetrated the

353

00:14:09,720 --> 00:14:08,380

crew as well but these currents were at

354

00:14:11,760 --> 00:14:09,730

right angles to each other and they

355

00:14:14,760 --> 00:14:11,770

produce what's called a Lorentz force

356

00:14:17,490 --> 00:14:14,770

and in the early days of the saucer

357

00:14:19,800 --> 00:14:17,500

technology development the kind of

358

00:14:23,670 --> 00:14:19,810

nickname for a saucer craft was the

359

00:14:27,030 --> 00:14:23,680

Lorenzo Lorentz Oh meaning a circular

360

00:14:29,400 --> 00:14:27,040

toroidal craft with these twin direct

361

00:14:31,530 --> 00:14:29,410

current pulses going through it you can

362

00:14:34,230 --> 00:14:31,540

see an example of this by taking a glass

363

00:14:36,810 --> 00:14:34,240

of salt water and putting

364

00:14:40,010 --> 00:14:36,820

a nail home I hooked to one end of a

365

00:14:42,810 --> 00:14:40,020

battery in the center of it and putting

366

00:14:44,550 --> 00:14:42,820

some aluminum foil in a strip around the

367

00:14:46,860 --> 00:14:44,560

inside of this glass of water so it

368

00:14:48,630 --> 00:14:46,870

forms a loop and took that to the other

369

00:14:50,070 --> 00:14:48,640

side of the battery and you'll see

370

00:14:52,980 --> 00:14:50,080

immediately bubbles form if they will

371

00:14:54,960 --> 00:14:52,990

spin in a vortex as the what's called

372

00:14:56,970 --> 00:14:54,970

the Lorenz force occurs between these

373

00:14:58,410 --> 00:14:56,980

they oh and you had to put a round

374

00:15:01,170 --> 00:14:58,420

magnet around that as well sorry uh

375

00:15:03,000 --> 00:15:01,180

north south magnet up and down but we

376

00:15:06,630 --> 00:15:03,010

did it with stupid stuff to show people

377

00:15:08,100 --> 00:15:06,640

originally mm-hmm so it spins and when

378

00:15:10,230 --> 00:15:08,110

you have a spinning fluid like that you

379

00:15:14,490 --> 00:15:10,240

firstly make a flying tornado around

380

00:15:16,680 --> 00:15:14,500

your craft you can extend this into a

381

00:15:18,900 --> 00:15:16,690

pulse field of high voltage without

382

00:15:21,480 --> 00:15:18,910

using the ionized air you can actually

383

00:15:22,860 --> 00:15:21,490

do it through the crew through through

384

00:15:25,320 --> 00:15:22,870

their body through the atoms of the

385

00:15:28,440 --> 00:15:25,330

craft and in the air around you and when

386

00:15:31,500 --> 00:15:28,450

you pump that field up it generates an

387

00:15:34,800 --> 00:15:31,510

invisible stacking field that's like a

388

00:15:36,030 --> 00:15:34,810

spinning donut with a vortex or a

389

00:15:39,090 --> 00:15:36,040

tornado in the center of it that

390

00:15:41,340 --> 00:15:39,100

recycles around the craft and that acts

391

00:15:44,160 --> 00:15:41,350

against gravity and gives you an

392

00:15:47,160 --> 00:15:44,170

altitude then if you deform that field

393

00:15:48,600 --> 00:15:47,170

with other fields impressed upon it will

394

00:15:50,190 --> 00:15:48,610

make you go left to right or backwards

395

00:15:53,400 --> 00:15:50,200

or forward to anything you're gonna do

396

00:15:56,160 --> 00:15:53,410

Direction wise by controlling both the

397

00:15:59,449 --> 00:15:56,170

the the density or the strength let's

398

00:16:01,980 --> 00:15:59,459

say of the field that's spinning and the

399

00:16:04,050 --> 00:16:01,990

the impressed directional fields you can

400

00:16:08,610 --> 00:16:04,060

raise lower and go in any direction you

401  
00:16:10,560 --> 00:16:08,620  
want those kind of crafts will work in

402  
00:16:13,740 --> 00:16:10,570  
space without an atmosphere and go

403  
00:16:16,470 --> 00:16:13,750  
interstellar or interplanetary mm-hmm is

404  
00:16:18,060 --> 00:16:16,480  
that kind of enough you want more yeah

405  
00:16:20,130 --> 00:16:18,070  
well one thing I've heard you describe

406  
00:16:23,250 --> 00:16:20,140  
that was just super interesting to me is

407  
00:16:26,389 --> 00:16:23,260  
the way a UFO to us it looks like it's

408  
00:16:28,440 --> 00:16:26,399  
making a super sudden high-speed

409  
00:16:31,470 --> 00:16:28,450  
90-degree turn in midair

410  
00:16:33,240 --> 00:16:31,480  
but inside the craft to them that

411  
00:16:36,019 --> 00:16:33,250  
probably takes ten minutes they have

412  
00:16:40,019 --> 00:16:36,029  
time to prepare secure their notebooks

413  
00:16:41,430 --> 00:16:40,029

take a seat and turn the corner after

414

00:16:43,470 --> 00:16:41,440

they've got their tea and head it came

415

00:16:47,010 --> 00:16:43,480

the cards right so it of all this

416

00:16:48,249 --> 00:16:47,020

technology also effects time it does you

417

00:16:49,960 --> 00:16:48,259

can't cheat

418

00:16:52,599 --> 00:16:49,970

of the universe that we understand

419

00:16:55,689 --> 00:16:52,609

anyway if you're going to turn a corner

420

00:16:58,030 --> 00:16:55,699

at you know 20,000 miles an hour

421

00:16:59,949 --> 00:16:58,040

under normal physics in time what would

422

00:17:01,989 --> 00:16:59,959

happen is you crunch up your ship your

423

00:17:03,400 --> 00:17:01,999

ship would break up from the inertial

424

00:17:05,889 --> 00:17:03,410

stresses and your crew of course would

425

00:17:09,549 --> 00:17:05,899

die right you're looking at g-forces you

426  
00:17:11,049 --> 00:17:09,559  
know above 15 G's that's it I mean you'd

427  
00:17:12,699 --> 00:17:11,059  
weigh like 15 times your normal weight

428  
00:17:15,250 --> 00:17:12,709  
you just squash up against the wall

429  
00:17:16,840 --> 00:17:15,260  
mm-hmm how did they do this well they

430  
00:17:19,299 --> 00:17:16,850  
found that when they pumped up this

431  
00:17:22,299 --> 00:17:19,309  
filled with energy the feel would go out

432  
00:17:24,909 --> 00:17:22,309  
away from the ship maybe mmm you know

433  
00:17:28,000 --> 00:17:24,919  
800 feet in diameter in some of them at

434  
00:17:31,230 --> 00:17:28,010  
400 feet in smaller ones and that if

435  
00:17:34,750 --> 00:17:31,240  
they let that energy pump up it also

436  
00:17:36,940 --> 00:17:34,760  
pumped up the atoms of the crew and and

437  
00:17:39,759 --> 00:17:36,950  
the craft itself it increased the energy

438  
00:17:42,190 --> 00:17:39,769

of spin in those atoms so that

439

00:17:46,149 --> 00:17:42,200

everything was uniformly raised in its

440

00:17:48,340 --> 00:17:46,159

energy level now it's um it's a bit like

441

00:17:50,080 --> 00:17:48,350

helium atoms compared to normal

442

00:17:52,840 --> 00:17:50,090

atmosphere the helium as well you'll

443

00:17:56,950 --> 00:17:52,850

rise to the top whatever but he dart

444

00:17:58,930 --> 00:17:56,960

around very quickly now the atoms of the

445

00:18:01,600 --> 00:17:58,940

people the crew and the you know and the

446

00:18:02,799 --> 00:18:01,610

craft itself are traveling along to say

447

00:18:05,049 --> 00:18:02,809

at 20,000 miles an hour you're gonna

448

00:18:07,750 --> 00:18:05,059

turn a corner well to change the corner

449

00:18:09,129 --> 00:18:07,760

normally what you do is you take

450

00:18:13,320 --> 00:18:09,139

advantage of the fact that you're going

451  
00:18:17,440 --> 00:18:13,330  
to go around that corner at um you know

452  
00:18:19,029 --> 00:18:17,450  
20,000 miles per hour time unit and we

453  
00:18:22,029 --> 00:18:19,039  
found that if you took that time unit

454  
00:18:26,799 --> 00:18:22,039  
and amortize to by by letting the energy

455  
00:18:30,039 --> 00:18:26,809  
density that cruise atoms mmm become

456  
00:18:33,340 --> 00:18:30,049  
more dense mm-hmm as time would slow for

457  
00:18:35,019 --> 00:18:33,350  
them inside the field you get ready to

458  
00:18:36,220 --> 00:18:35,029  
make a turn you charge them up you make

459  
00:18:38,500 --> 00:18:36,230  
sure everything is all equal density

460  
00:18:40,480 --> 00:18:38,510  
then you change direction of the craft

461  
00:18:41,830 --> 00:18:40,490  
well inside the craft as you go around

462  
00:18:43,600 --> 00:18:41,840  
that corner it'll looked like you were

463  
00:18:46,690 --> 00:18:43,610

saying you know five to ten minute break

464

00:18:48,399 --> 00:18:46,700

we're going to turn a corner and okay

465

00:18:50,259 --> 00:18:48,409

everything will slide one way with about

466

00:18:51,940 --> 00:18:50,269

1g toward a wall or whatever and you're

467

00:18:54,669 --> 00:18:51,950

you're sitting your chair and here your

468

00:18:56,560 --> 00:18:54,679

cup of tea and whatever all right as you

469

00:18:58,480 --> 00:18:56,570

finish the turn then you don't need to

470

00:19:00,009 --> 00:18:58,490

have that energy density they release it

471

00:19:01,570 --> 00:19:00,019

in a burst of energy which becomes like

472

00:19:02,890 --> 00:19:01,580

a flash of light so

473

00:19:04,990 --> 00:19:02,900

people will see these things go dart

474

00:19:06,250 --> 00:19:05,000

here dart there and quite frankly see

475

00:19:08,530 --> 00:19:06,260

that that burst of light in the visible

476  
00:19:09,550 --> 00:19:08,540  
spectrum as they throw off the energy

477  
00:19:11,560 --> 00:19:09,560  
they don't need anymore

478  
00:19:14,500 --> 00:19:11,570  
but they have amortized they've

479  
00:19:17,920 --> 00:19:14,510  
amortized over that 10-minute period the

480  
00:19:20,440 --> 00:19:17,930  
change in direction and so by doing that

481  
00:19:23,020 --> 00:19:20,450  
instead of being 20 you know 20 G's that

482  
00:19:25,270 --> 00:19:23,030  
say in one fraction of a second a second

483  
00:19:28,000 --> 00:19:25,280  
it's it's amortized over many seconds

484  
00:19:29,530 --> 00:19:28,010  
and so that the g-forces are then much

485  
00:19:32,050 --> 00:19:29,540  
more acceptable to everybody on board

486  
00:19:34,090 --> 00:19:32,060  
and the craft itself while you're down

487  
00:19:35,470 --> 00:19:34,100  
on the ground of course as it turns that

488  
00:19:38,620 --> 00:19:35,480

corner to the blink of an eye and it's

489

00:19:41,110 --> 00:19:38,630

gone but that's how it happens and so in

490

00:19:43,750 --> 00:19:41,120

essence the craft of the crew the more

491

00:19:45,040 --> 00:19:43,760

of these turns they make they ate more

492

00:19:46,540 --> 00:19:45,050

than their twin brother would own the

493

00:19:49,720 --> 00:19:46,550

earth because every time they go into

494

00:19:51,820 --> 00:19:49,730

that violated time they are still ageing

495

00:19:52,900 --> 00:19:51,830

and their bodies are ageing and when

496

00:19:55,180 --> 00:19:52,910

they come back to normal time they've

497

00:19:56,620 --> 00:19:55,190

lost you know say ten minutes of that

498

00:19:58,570 --> 00:19:56,630

currently they've aged that whereas

499

00:20:00,040 --> 00:19:58,580

their twin hasn't on the earth yeah

500

00:20:01,480 --> 00:20:00,050

that's just fascinating to me I think

501  
00:20:05,050 --> 00:20:01,490  
that's super understanding the fact that

502  
00:20:07,900 --> 00:20:05,060  
it was worked on in the 1970s and and

503  
00:20:10,450 --> 00:20:07,910  
even earlier probably is is just insane

504  
00:20:12,790 --> 00:20:10,460  
but I know you saw a lot of various

505  
00:20:15,400 --> 00:20:12,800  
technologies with your work and tellers

506  
00:20:17,710 --> 00:20:15,410  
group but if if those technologies you

507  
00:20:20,230 --> 00:20:17,720  
saw in the 70s were fully rolled out to

508  
00:20:22,210 --> 00:20:20,240  
society what would be the implications

509  
00:20:29,140 --> 00:20:22,220  
and the practical applications of some

510  
00:20:32,170 --> 00:20:29,150  
of these technologies boy well for one

511  
00:20:34,890 --> 00:20:32,180  
thing if people had alternate energy you

512  
00:20:38,470 --> 00:20:34,900  
know like little thermionic boxes or the

513  
00:20:41,830 --> 00:20:38,480

antenna boxes we wouldn't have the

514

00:20:44,050 --> 00:20:41,840

control over the planet by the existing

515

00:20:46,270 --> 00:20:44,060

power structures in petroleum and coal

516

00:20:48,100 --> 00:20:46,280

and nuclear that it would be virtually

517

00:20:51,190 --> 00:20:48,110

everybody can have their own home power

518

00:20:52,690 --> 00:20:51,200

unit wooden vastly changed the control

519

00:20:54,400 --> 00:20:52,700

of people across the planet because they

520

00:20:56,470 --> 00:20:54,410

well they've got power it's their house

521

00:20:58,960 --> 00:20:56,480

independent of any network or government

522

00:21:01,270 --> 00:20:58,970

people don't really have to participate

523

00:21:04,600 --> 00:21:01,280

in the overall government of a country

524

00:21:07,750 --> 00:21:04,610

or world control would be law so

525

00:21:09,190 --> 00:21:07,760

obviously we'd have either mad civil war

526

00:21:11,470 --> 00:21:09,200

going back to tribal structures as

527

00:21:13,840 --> 00:21:11,480

people overthrew the the overlords and

528

00:21:15,360 --> 00:21:13,850

once they got that energy or those

529

00:21:17,409 --> 00:21:15,370

devices

530

00:21:18,700 --> 00:21:17,419

your transportation would have been

531

00:21:20,560 --> 00:21:18,710

vastly different

532

00:21:22,990 --> 00:21:20,570

we could have openly been exploring the

533

00:21:26,919 --> 00:21:23,000

moon and asteroids and nearby planets

534

00:21:28,480 --> 00:21:26,929

with these craft and we could have taken

535

00:21:31,000 --> 00:21:28,490

a lot of the production of things that

536

00:21:33,190 --> 00:21:31,010

are producing toxins here and done it in

537

00:21:34,600 --> 00:21:33,200

the moon for instance and come back to

538

00:21:37,990 --> 00:21:34,610

earth and not you know have pollution

539

00:21:40,840 --> 00:21:38,000

here you can have doorways in solid

540

00:21:42,970 --> 00:21:40,850

metal or solid walls that aren't there

541

00:21:45,460 --> 00:21:42,980

and yet you turn on a field which

542

00:21:46,630 --> 00:21:45,470

activates a pattern around that portion

543

00:21:49,180 --> 00:21:46,640

of the wall you want to go through and

544

00:21:51,159 --> 00:21:49,190

it polarizes the atoms of yourself and

545

00:21:53,740 --> 00:21:51,169

whatever you're wearing or carrying so

546

00:21:56,019 --> 00:21:53,750

they they form a matrix and so does the

547

00:21:57,460 --> 00:21:56,029

wall and allows your matrix to slip

548

00:21:59,769 --> 00:21:57,470

through that matrix without touching

549

00:22:01,539 --> 00:21:59,779

because the average had average distance

550

00:22:03,580 --> 00:22:01,549

between atoms is like you could squash

551  
00:22:05,289 --> 00:22:03,590  
it down 1600 times before the atoms are

552  
00:22:07,120 --> 00:22:05,299  
touch although you don't realize that

553  
00:22:09,460 --> 00:22:07,130  
but that's that's what it is so it's a

554  
00:22:12,519 --> 00:22:09,470  
matter of making a matrix out of your

555  
00:22:13,720 --> 00:22:12,529  
body atoms and matching to a matrix in

556  
00:22:15,909 --> 00:22:13,730  
the substance you're going to go through

557  
00:22:18,399 --> 00:22:15,919  
and then just pass through it you can

558  
00:22:20,980 --> 00:22:18,409  
also like you know like an ax saucer

559  
00:22:23,260 --> 00:22:20,990  
craft with a metal home you can put your

560  
00:22:26,169 --> 00:22:23,270  
twin pattern strips in the shape of a

561  
00:22:28,630 --> 00:22:26,179  
door on the inside of the graph and it's

562  
00:22:30,490 --> 00:22:28,640  
solid metal right these two strips

563  
00:22:33,010 --> 00:22:30,500

there's a zone that you can produce a

564

00:22:35,529 --> 00:22:33,020

particular kind of pulse frequency that

565

00:22:37,029 --> 00:22:35,539

will allow the atoms to separate you

566

00:22:39,190 --> 00:22:37,039

know one atom separate from the other

567

00:22:41,260 --> 00:22:39,200

without cutting the whole you don't lose

568

00:22:44,110 --> 00:22:41,270

any material it's a lossless cut and

569

00:22:46,960 --> 00:22:44,120

you've you fire this up and it cuts the

570

00:22:48,940 --> 00:22:46,970

doorway out of the metal out of a solid

571

00:22:51,039 --> 00:22:48,950

metal wall and if you have a

572

00:22:52,870 --> 00:22:51,049

spring-loaded or hydraulic system

573

00:22:54,789 --> 00:22:52,880

attached to that portion of the wall and

574

00:22:57,100 --> 00:22:54,799

back around where the door would appear

575

00:23:00,220 --> 00:22:57,110

you can then spring load that door put

576

00:23:01,539 --> 00:23:00,230

it out and you walk through it because

577

00:23:03,970 --> 00:23:01,549

it's now you know I'm not connected to

578

00:23:05,590 --> 00:23:03,980

the ship's wall and you go out do your

579

00:23:08,320 --> 00:23:05,600

business come back and then you close it

580

00:23:09,820 --> 00:23:08,330

to where the the cutout piece of metal

581

00:23:12,279 --> 00:23:09,830

is lined up with the wall again and

582

00:23:14,950 --> 00:23:12,289

change the frequency one half cycle and

583

00:23:17,320 --> 00:23:14,960

everything works you know reconnect all

584

00:23:19,019 --> 00:23:17,330

the outer pairs Wow you've got a solid

585

00:23:20,860 --> 00:23:19,029

wall and these are things they're like

586

00:23:23,409 --> 00:23:20,870

science fiction writers are talked about

587

00:23:25,169 --> 00:23:23,419

for a long time but but yes I'm that

588

00:23:27,919 --> 00:23:25,179

kind of technology but definitely change

589

00:23:30,019 --> 00:23:27,929

the way the world is today

590

00:23:32,029 --> 00:23:30,029

produced food day and night in smaller

591

00:23:33,440 --> 00:23:32,039

areas and we could produce it in

592

00:23:35,269 --> 00:23:33,450

hydroponic systems and things like that

593

00:23:39,350 --> 00:23:35,279

so that we don't have pollutants in it

594

00:23:40,940 --> 00:23:39,360

we wouldn't have a lot of the greenhouse

595

00:23:43,009 --> 00:23:40,950

gases and things that are just a normal

596

00:23:44,889 --> 00:23:43,019

byproduct of of us living and our

597

00:23:47,180 --> 00:23:44,899

livestock living and stuff like that

598

00:23:48,649 --> 00:23:47,190

genetic engineering another thing that's

599

00:23:50,389 --> 00:23:48,659

moved way beyond where we are in the

600

00:23:52,909 --> 00:23:50,399

public sector mm-hmm

601  
00:23:55,460 --> 00:23:52,919  
where you can engineer away diseases and

602  
00:23:58,190 --> 00:23:55,470  
genetic defects in people so you know

603  
00:24:01,369 --> 00:23:58,200  
there's just a lot of time it's gone way

604  
00:24:06,889 --> 00:24:03,409  
yeah that's frustrating you know it's

605  
00:24:08,659 --> 00:24:06,899  
really frustrating that such a positive

606  
00:24:10,759 --> 00:24:08,669  
thing would be kept under wraps but

607  
00:24:12,499 --> 00:24:10,769  
outside of your personal experience can

608  
00:24:14,359 --> 00:24:12,509  
you give us a bit of history about this

609  
00:24:16,519 --> 00:24:14,369  
group you were involved with their

610  
00:24:18,619 --> 00:24:16,529  
agendas at the time like are they they

611  
00:24:20,419 --> 00:24:18,629  
operate above governments I'd assume and

612  
00:24:21,999 --> 00:24:20,429  
then I guess the events surrounding the

613  
00:24:26,450 --> 00:24:22,009

loss of control some of these facilities

614

00:24:27,859 --> 00:24:26,460

well the you know the popular name for

615

00:24:31,070 --> 00:24:27,869

this group of individuals is the

616

00:24:33,919 --> 00:24:31,080

Illuminati right certainly since Adam

617

00:24:37,570 --> 00:24:33,929

wise hopped formed the the Illuminati

618

00:24:39,799 --> 00:24:37,580

within the Masonic Order in Bavaria and

619

00:24:41,299 --> 00:24:39,809

1776 something like that I forget when

620

00:24:43,940 --> 00:24:41,309

it wasn't in seventeen hundreds but

621

00:24:46,100 --> 00:24:43,950

since he formed that and then since that

622

00:24:47,269 --> 00:24:46,110

group was allegedly disbanded and

623

00:24:49,940 --> 00:24:47,279

everybody put in jail

624

00:24:52,940 --> 00:24:49,950

nobody knew publicly about Illuminati

625

00:24:55,999 --> 00:24:52,950

any longer but what we have is in the

626  
00:24:59,899 --> 00:24:56,009  
Western world a group of super powerful

627  
00:25:02,859 --> 00:24:59,909  
rich families who have a lot of money

628  
00:25:05,480 --> 00:25:02,869  
and hence power control the flow of

629  
00:25:07,460 --> 00:25:05,490  
energy to the people like oil and

630  
00:25:10,399 --> 00:25:07,470  
gasoline gas you know natural gas that

631  
00:25:13,060 --> 00:25:10,409  
kind of stuff in coal these people at

632  
00:25:15,169 --> 00:25:13,070  
the top do talk to each other in there

633  
00:25:16,850 --> 00:25:15,179  
there's retro ships of these large

634  
00:25:19,629 --> 00:25:16,860  
corporations and family trust

635  
00:25:22,039 --> 00:25:19,639  
they sit across directorships it

636  
00:25:23,899 --> 00:25:22,049  
somebody else's trust and back and forth

637  
00:25:27,619 --> 00:25:23,909  
and they pass information back and forth

638  
00:25:32,029 --> 00:25:27,629

that way in these meetings now the group

639

00:25:35,090 --> 00:25:32,039

that dr. teller was working with they

640

00:25:36,680 --> 00:25:35,100

were a multinational group the Chinese

641

00:25:39,049 --> 00:25:36,690

weren't exactly a part of it and neither

642

00:25:40,480 --> 00:25:39,059

were the many of the Arab Islamic

643

00:25:43,560 --> 00:25:40,490

countries

644

00:25:45,970 --> 00:25:43,570

they tell us group were like the

645

00:25:48,730 --> 00:25:45,980

judeo-christian Western thing and more

646

00:25:53,049 --> 00:25:48,740

Christian than the Judeo side of it and

647

00:25:54,970 --> 00:25:53,059

they wanted to deplete the oil reserves

648

00:25:57,310 --> 00:25:54,980

and hence the power of the Arab

649

00:26:00,039 --> 00:25:57,320

oil-producing countries and China as

650

00:26:02,320 --> 00:26:00,049

well in Russia they wanted to deplete

651  
00:26:04,450 --> 00:26:02,330  
sorry not Russia at the time but Russia

652  
00:26:07,119 --> 00:26:04,460  
now if they wanted to deplete their

653  
00:26:09,430 --> 00:26:07,129  
ability to manufacture weapons and to

654  
00:26:12,220 --> 00:26:09,440  
compete in the economic market so that

655  
00:26:13,989 --> 00:26:12,230  
the Western nations could control the

656  
00:26:17,080 --> 00:26:13,999  
planet with our style of governments and

657  
00:26:19,090 --> 00:26:17,090  
our philosophy to that end various

658  
00:26:21,489 --> 00:26:19,100  
things like the free energy devices were

659  
00:26:24,279 --> 00:26:21,499  
capped off because they wanted the world

660  
00:26:25,840 --> 00:26:24,289  
to use up the energy in the Middle East

661  
00:26:27,850 --> 00:26:25,850  
and if it wasn't being used up fast

662  
00:26:31,539 --> 00:26:27,860  
enough burn the feels-like in Iraq

663  
00:26:33,369 --> 00:26:31,549

during the Gulf War and then the next

664

00:26:35,529 --> 00:26:33,379

thing of course is to have a warning

665

00:26:38,139 --> 00:26:35,539

area which nukes those fields so that

666

00:26:40,629 --> 00:26:38,149

the area reparable for a long time and

667

00:26:44,680 --> 00:26:40,639

it's hard to spend sand so that they

668

00:26:46,359 --> 00:26:44,690

would weaken the Islamic nations are in

669

00:26:51,129 --> 00:26:46,369

the Middle East particularly the OPEC

670

00:26:53,109 --> 00:26:51,139

country this government or this

671

00:26:55,299 --> 00:26:53,119

association under the government of the

672

00:26:57,730 --> 00:26:55,309

world planners included people from

673

00:26:59,379 --> 00:26:57,740

Russia like dr. Andrei Sakharov but the

674

00:27:00,549 --> 00:26:59,389

Russian government put him under house

675

00:27:04,029 --> 00:27:00,559

arrest when they found out he was

676  
00:27:06,340 --> 00:27:04,039  
involved in this group mm-hmm dr. teller

677  
00:27:10,710 --> 00:27:06,350  
in our country we had another fellow in

678  
00:27:14,529 --> 00:27:10,720  
England and in Canada New Zealand

679  
00:27:16,210 --> 00:27:14,539  
Australia most of the major countries

680  
00:27:18,509 --> 00:27:16,220  
the West had representatives on there

681  
00:27:21,039 --> 00:27:18,519  
their directorship and they were either

682  
00:27:23,499 --> 00:27:21,049  
engineers or industrialists and some

683  
00:27:25,149 --> 00:27:23,509  
bankers so all these were worked

684  
00:27:27,249 --> 00:27:25,159  
together in concert for this one-world

685  
00:27:29,289 --> 00:27:27,259  
government under the western-style and

686  
00:27:30,940 --> 00:27:29,299  
the hundreds of millions of people that

687  
00:27:33,970 --> 00:27:30,950  
they were going to eliminate were

688  
00:27:36,249 --> 00:27:33,980

primarily in Asia not so much so in the

689

00:27:39,850 --> 00:27:36,259

United States well at least at that time

690

00:27:42,460 --> 00:27:39,860

anyway right see one document I had a

691

00:27:47,560 --> 00:27:42,470

courier CIA courier that had a

692

00:27:50,889 --> 00:27:47,570

handcuffed to his wrist and with without

693

00:27:53,049 --> 00:27:50,899

long story I was able to see his open

694

00:27:53,980 --> 00:27:53,059

briefcase it actually pulled out the

695

00:27:55,900 --> 00:27:53,990

document he was taking

696

00:27:59,919 --> 00:27:55,910

Langly to where they were going to allow

697

00:28:02,169 --> 00:27:59,929

hundred million Indians in Asia to die

698

00:28:04,270 --> 00:28:02,179

by withholding grain loans at the right

699

00:28:05,350 --> 00:28:04,280

time and it would look like nobody's

700

00:28:06,910 --> 00:28:05,360

fault but they would still die from

701

00:28:09,850 --> 00:28:06,920

hunger mm-hmm

702

00:28:12,640 --> 00:28:09,860

now that's you know laid eyes on it and

703

00:28:16,390 --> 00:28:12,650

if it was a real document so anyway

704

00:28:18,310 --> 00:28:16,400

these people these engineers and

705

00:28:20,169 --> 00:28:18,320

scientists and tellers group had

706

00:28:22,060 --> 00:28:20,179

facilities they buried underground and

707

00:28:25,480 --> 00:28:22,070

in one case under the South Pole you had

708

00:28:27,070 --> 00:28:25,490

to get to it by submarine and people

709

00:28:28,690 --> 00:28:27,080

just could not get down inside these

710

00:28:29,980 --> 00:28:28,700

underground they couldn't spy on off

711

00:28:33,010 --> 00:28:29,990

from above-ground like everybody thinks

712

00:28:34,720 --> 00:28:33,020

area 51 was a big deal but you know

713

00:28:39,820 --> 00:28:34,730

you're not gonna see anything above

714

00:28:41,380 --> 00:28:39,830

ground that you are meant to see so with

715

00:28:43,210 --> 00:28:41,390

all these underground facilities they

716

00:28:45,430 --> 00:28:43,220

were sharing them now I'm gonna tell you

717

00:28:48,880 --> 00:28:45,440

hearsay now because I never met an alien

718

00:28:52,150 --> 00:28:48,890

in my life sure know what yeah they told

719

00:28:55,030 --> 00:28:52,160

me that we had joint facilities with

720

00:28:56,950 --> 00:28:55,040

these alien critters underground and

721

00:28:59,799 --> 00:28:56,960

we're jointly developing technologies

722

00:29:02,350 --> 00:28:59,809

and in exchange for the alien critters

723

00:29:04,120 --> 00:29:02,360

to do tests on human beings and that

724

00:29:07,750 --> 00:29:04,130

kind of stuff which gets into a whole

725

00:29:11,230 --> 00:29:07,760

other discussion but in the late 70s

726  
00:29:13,840 --> 00:29:11,240  
tellers group all across the planet lost

727  
00:29:16,240 --> 00:29:13,850  
control of their facilities these

728  
00:29:20,020 --> 00:29:16,250  
underground bases the alien critters

729  
00:29:23,160 --> 00:29:20,030  
revolted or kicked us out and I think it

730  
00:29:25,360 --> 00:29:23,170  
was because simply that the they had

731  
00:29:26,919 --> 00:29:25,370  
built up our infrastructure underground

732  
00:29:28,360 --> 00:29:26,929  
so they could manufacture the

733  
00:29:30,940 --> 00:29:28,370  
technologies they really wanted to do

734  
00:29:35,320 --> 00:29:30,950  
without sharing them with us so that

735  
00:29:37,150 --> 00:29:35,330  
they could have a weapons facility there

736  
00:29:39,730 --> 00:29:37,160  
and other things they would need to take

737  
00:29:42,400 --> 00:29:39,740  
over the planet not from us so much but

738  
00:29:44,770 --> 00:29:42,410

from what the ancient biblical records

739

00:29:47,740 --> 00:29:44,780

talk has the the Son of God returning

740

00:29:49,150 --> 00:29:47,750

through a parallel dimension gateway you

741

00:29:51,640 --> 00:29:49,160

know I guess the best way to explain him

742

00:29:53,620 --> 00:29:51,650

mm-hmm this great battle is coming and

743

00:29:54,910 --> 00:29:53,630

they needed to have technology that they

744

00:29:57,669 --> 00:29:54,920

weren't allowed to gate through when

745

00:29:58,990 --> 00:29:57,679

they came through the the gates which I

746

00:30:01,660 --> 00:29:59,000

think was probably called the Tower of

747

00:30:06,940 --> 00:30:01,670

Babel in the ancient legends in the

748

00:30:07,779 --> 00:30:06,950

Middle East that yeah that is super

749

00:30:11,229 --> 00:30:07,789

interesting I mean

750

00:30:13,029 --> 00:30:11,239

I've heard before that I believe

751  
00:30:15,749 --> 00:30:13,039  
Eisenhower hadn't had met with some

752  
00:30:18,369 --> 00:30:15,759  
greys I've heard that story before that

753  
00:30:20,889 --> 00:30:18,379  
rumor going around there's was actually

754  
00:30:22,749 --> 00:30:20,899  
I believe a retired congressman who came

755  
00:30:25,239 --> 00:30:22,759  
out just recently and said that he saw a

756  
00:30:27,460 --> 00:30:25,249  
document that they had had that meeting

757  
00:30:29,529 --> 00:30:27,470  
what have you heard about Eisenhower

758  
00:30:31,119 --> 00:30:29,539  
meeting with Gray's at all yeah I heard

759  
00:30:35,879 --> 00:30:31,129  
about it probably the same source you

760  
00:30:38,080 --> 00:30:35,889  
did but the the gray critters they have

761  
00:30:41,139 --> 00:30:38,090  
short ones and tall ones that are

762  
00:30:44,139 --> 00:30:41,149  
mentioned in the public lore I think

763  
00:30:47,139 --> 00:30:44,149

these things are really like androids

764

00:30:49,659 --> 00:30:47,149

are like biological robots mm-hmm they

765

00:30:51,580 --> 00:30:49,669

seem to be rather emotionless soulless

766

00:30:53,919 --> 00:30:51,590

and just a function has a very bright

767

00:30:57,669 --> 00:30:53,929

computer on two legs I think they were

768

00:31:00,909 --> 00:30:57,679

made for the purpose of creating an

769

00:31:03,219 --> 00:31:00,919

interface between the true super human

770

00:31:05,769 --> 00:31:03,229

beings which are probably a little bit

771

00:31:07,330 --> 00:31:05,779

taller than we are who came through the

772

00:31:09,549 --> 00:31:07,340

gates who've been cast out of the

773

00:31:11,889 --> 00:31:09,559

parallel universe in a war they're

774

00:31:13,599 --> 00:31:11,899

having there and they're making their

775

00:31:17,200 --> 00:31:13,609

last stand against the authority there

776

00:31:21,279 --> 00:31:17,210

which we call god yeah here and in the

777

00:31:24,460 --> 00:31:21,289

near future now to do so you know in a

778

00:31:26,769 --> 00:31:24,470

world where the the Christian thrust and

779

00:31:28,989 --> 00:31:26,779

the Jewish information thrust has made

780

00:31:33,849 --> 00:31:28,999

it clear that in the last days of this

781

00:31:35,139 --> 00:31:33,859

age before the long thousand-year peace

782

00:31:38,830 --> 00:31:35,149

reign on the earth that there's going to

783

00:31:41,169 --> 00:31:38,840

be a great battle here between the rebel

784

00:31:45,099 --> 00:31:41,179

from the heavens and the true king of

785

00:31:48,700 --> 00:31:45,109

this planet that meant that we would be

786

00:31:50,680 --> 00:31:48,710

looking for a bad dude to arrive and the

787

00:31:53,830 --> 00:31:50,690

whole UFO situation has been engineered

788

00:31:55,389 --> 00:31:53,840

by the by Satan let's call him what he

789

00:31:58,089 --> 00:31:55,399

is and you're talking about

790

00:32:02,369 --> 00:31:58,099

now when you say god insane I mean are

791

00:32:05,409 --> 00:32:02,379

you talking about an actual entities yep

792

00:32:07,930 --> 00:32:05,419

okay just to clarify because you know I

793

00:32:10,599 --> 00:32:07,940

I grew up in a Catholic school and I'm

794

00:32:12,549 --> 00:32:10,609

not I'm kind of off-put by religion but

795

00:32:14,229 --> 00:32:12,559

at the same time I love things like the

796

00:32:15,909 --> 00:32:14,239

show ancient aliens and when you

797

00:32:17,200 --> 00:32:15,919

interpret the Bible in some of these

798

00:32:20,379 --> 00:32:17,210

ancient texts that I've heard you talk

799

00:32:21,610 --> 00:32:20,389

about you see them as descriptions of

800

00:32:23,799 --> 00:32:21,620

technology and a lot of

801  
00:32:25,659 --> 00:32:23,809  
right well you know certain technologies

802  
00:32:27,850 --> 00:32:25,669  
and people I mean the real beings as far

803  
00:32:31,149 --> 00:32:27,860  
as I'm concerned and right like sure

804  
00:32:33,909 --> 00:32:31,159  
Jesus in the the English is a real being

805  
00:32:37,630 --> 00:32:33,919  
and will come and set the planet correct

806  
00:32:40,510 --> 00:32:37,640  
after overthrowing the Satanic forces

807  
00:32:43,360 --> 00:32:40,520  
here but I mean that's a kind of a very

808  
00:32:46,659 --> 00:32:43,370  
mild way to put it in a big overview but

809  
00:32:50,649 --> 00:32:46,669  
we are all that study prophecy expecting

810  
00:32:53,830 --> 00:32:50,659  
to see an evil bad leader of the planet

811  
00:32:55,930 --> 00:32:53,840  
you know the one world dictator the

812  
00:33:00,130 --> 00:32:55,940  
Antichrist come to power mm-hmm

813  
00:33:03,580 --> 00:33:00,140

now if you were Satan and being as

814

00:33:08,769 --> 00:33:03,590

bright as he is you would have to invent

815

00:33:13,740 --> 00:33:08,779

some sort of a ruse to fool the people

816

00:33:17,649 --> 00:33:13,750

of the the pennant into accepting this

817

00:33:19,180 --> 00:33:17,659

okay just hold on one sec yeah sure okay

818

00:33:22,210 --> 00:33:19,190

you'd have to fool the people of the

819

00:33:24,250 --> 00:33:22,220

planet into accepting the fact that

820

00:33:25,960 --> 00:33:24,260

these greys are the ones that are going

821

00:33:30,970 --> 00:33:25,970

to try to make an antichrist not like

822

00:33:33,490 --> 00:33:30,980

cousin defeated now the Satan himself

823

00:33:35,769 --> 00:33:33,500

want to come as an as a messenger of

824

00:33:38,500 --> 00:33:35,779

light and peace and love and harmony so

825

00:33:41,380 --> 00:33:38,510

he has to have bad guys for you to see

826

00:33:42,760 --> 00:33:41,390

being right use them as a proxy yeah and

827

00:33:43,960 --> 00:33:42,770

I think it's gonna go wider than just

828

00:33:45,159 --> 00:33:43,970

these little great critters which

829

00:33:47,590 --> 00:33:45,169

everybody's afraid of because they

830

00:33:50,260 --> 00:33:47,600

abduct people and you know do terrible

831

00:33:51,460 --> 00:33:50,270

things to but everybody basically they

832

00:33:53,529 --> 00:33:51,470

knows about the Illuminati and the

833

00:33:55,779 --> 00:33:53,539

one-world government and the rich ultra

834

00:33:59,500 --> 00:33:55,789

nasty people and wouldn't everybody get

835

00:33:59,919 --> 00:33:59,510

all excited and clapping and she really

836

00:34:01,299 --> 00:33:59,929

Minotti

837

00:34:03,490 --> 00:34:01,309

were taken down and the little gray

838

00:34:05,440 --> 00:34:03,500

critters were taken down by this new

839

00:34:07,539 --> 00:34:05,450

being who comes and he's flying saucers

840

00:34:09,369 --> 00:34:07,549

with these his minions that are all

841

00:34:11,200 --> 00:34:09,379

happy times and looked like us but her a

842

00:34:12,369 --> 00:34:11,210

little bit tongue being they're gonna

843

00:34:13,930 --> 00:34:12,379

bring peace to the earth they're gonna

844

00:34:16,839 --> 00:34:13,940

appoint a human to run the planet well

845

00:34:18,550 --> 00:34:16,849

hey it's a ruse and I've talked about

846

00:34:21,119 --> 00:34:18,560

that in the last chapter I added in the

847

00:34:23,290 --> 00:34:21,129

cosmic conspiracy last in 2010 it was

848

00:34:25,210 --> 00:34:23,300

because it's in the Book of Daniel where

849

00:34:29,109 --> 00:34:25,220

it absolutely tells and warned you about

850

00:34:33,040 --> 00:34:29,119

this and he will pose Satan will pose as

851

00:34:34,490 --> 00:34:33,050

a little G God a creator of earth and

852

00:34:38,059 --> 00:34:34,500

his people

853

00:34:39,919 --> 00:34:38,069

and that will fit in exactly what Daniel

854

00:34:43,359 --> 00:34:39,929

is talking about he does say that it

855

00:34:46,430 --> 00:34:43,369

will happen I'm I'm warning people look

856

00:34:47,690 --> 00:34:46,440

we're gonna see alien critters announced

857

00:34:49,520 --> 00:34:47,700

officially and then people are gonna say

858

00:34:51,470 --> 00:34:49,530

well I always knew they were there but

859

00:34:53,540 --> 00:34:51,480

they're gonna be two groups mm-hmm

860

00:34:55,639 --> 00:34:53,550

one you know the grace is that they're

861

00:34:57,260 --> 00:34:55,649

allegedly bad guys who were actually

862

00:34:59,809 --> 00:34:57,270

built and controlled by the ones who

863

00:35:01,430 --> 00:34:59,819

will come posing as messengers of truths

864

00:35:03,349 --> 00:35:01,440

love light harmony whatever you want to

865

00:35:05,420 --> 00:35:03,359

call it and they will offer us a deal

866

00:35:08,720 --> 00:35:05,430

that we can't refuse save the planet

867

00:35:12,410 --> 00:35:08,730

save your lives and peace honor and obey

868

00:35:14,050 --> 00:35:12,420

and people will run to this once our

869

00:35:16,490 --> 00:35:14,060

governments are turned over to this new

870

00:35:18,620 --> 00:35:16,500

centralized world government and the

871

00:35:22,670 --> 00:35:18,630

Antichrist obviously things will start

872

00:35:24,500 --> 00:35:22,680

to change now that's why he's been so

873

00:35:26,180 --> 00:35:24,510

important for me to reveal certain

874

00:35:29,329 --> 00:35:26,190

portions of the technology and what they

875

00:35:31,220 --> 00:35:29,339

were doing to show you that you don't

876

00:35:35,329 --> 00:35:31,230

want to be fooled by the first arrival

877

00:35:36,859 --> 00:35:35,339

in being super being space or parallel

878

00:35:38,630 --> 00:35:36,869

universe or whatever any super being

879

00:35:40,940 --> 00:35:38,640

that manifests here on the earth and

880

00:35:42,770 --> 00:35:40,950

tells the people of Earth you know I'm

881

00:35:43,910 --> 00:35:42,780

here to save you and it's okay I'll get

882

00:35:46,490 --> 00:35:43,920

rid of bad news

883

00:35:47,870 --> 00:35:46,500

I'm out yeah I'm in here in the desert

884

00:35:49,910 --> 00:35:47,880

in the secret place or I'm up here in

885

00:35:51,770 --> 00:35:49,920

orbit of my spaceship or I'm down below

886

00:35:55,240 --> 00:35:51,780

and my underwater base or whatever

887

00:35:57,770 --> 00:35:55,250

anybody that doesn't come for all eyez

888

00:35:59,750 --> 00:35:57,780

living humans and living animals of all

889

00:36:01,160 --> 00:35:59,760

kind cannot see and recognize his

890

00:36:02,930 --> 00:36:01,170

presence simultaneously across the

891

00:36:05,809 --> 00:36:02,940

planet any being that I have that power

892

00:36:07,130 --> 00:36:05,819

but claims to have you know deity like

893

00:36:09,290 --> 00:36:07,140

status don't believe it

894

00:36:11,180 --> 00:36:09,300

because the scriptures are very specific

895

00:36:14,660 --> 00:36:11,190

when the true king of this planet

896

00:36:16,550 --> 00:36:14,670

returns he will be seen by all eyes at

897

00:36:18,680 --> 00:36:16,560

once and there will be no going to the

898

00:36:20,780 --> 00:36:18,690

secret place of that but to see you he

899

00:36:24,710 --> 00:36:20,790

will be out in the open for everyone so

900

00:36:27,500 --> 00:36:24,720

those who hide away and try to rule

901  
00:36:29,240 --> 00:36:27,510  
indirectly from these dark places or be

902  
00:36:32,300 --> 00:36:29,250  
the deception that's kind of the most

903  
00:36:33,890 --> 00:36:32,310  
important thing that I have to tell

904  
00:36:36,680 --> 00:36:33,900  
people and you've picked a good question

905  
00:36:39,140 --> 00:36:36,690  
for me to answer well we are less than

906  
00:36:42,730 --> 00:36:39,150  
two months away from a time that has

907  
00:36:44,420 --> 00:36:42,740  
been prophesized for forever as being

908  
00:36:47,540 --> 00:36:44,430  
super important

909  
00:36:48,230 --> 00:36:47,550  
I mean we're facing economic problems at

910  
00:36:50,780 --> 00:36:48,240  
a scale we have

911  
00:36:54,080 --> 00:36:50,790  
been seen in forever I always hear about

912  
00:36:56,570 --> 00:36:54,090  
earth changes in the magnetic field as

913  
00:37:02,930 --> 00:36:56,580

well as just natural disasters I mean is

914

00:37:04,340 --> 00:37:02,940

this all related in your eyes well to

915

00:37:06,530 --> 00:37:04,350

start with I think you may be

916

00:37:10,130 --> 00:37:06,540

referencing some of the 2012 Mayan

917

00:37:13,150 --> 00:37:10,140

calendar stuff and I don't think that

918

00:37:15,350 --> 00:37:13,160

that is really an issue we have other

919

00:37:17,360 --> 00:37:15,360

problems that are happening in the solar

920

00:37:21,890 --> 00:37:17,370

system and on earth that are independent

921

00:37:24,470 --> 00:37:21,900

of such things you know I think that we

922

00:37:29,680 --> 00:37:24,480

do have engineered crises and energy and

923

00:37:35,300 --> 00:37:29,690

hence in the weather and also in

924

00:37:37,100 --> 00:37:35,310

economies and in diseases so don't be

925

00:37:38,510 --> 00:37:37,110

don't be thinking that everything is

926  
00:37:40,820 --> 00:37:38,520  
coming to a head at the end of this year

927  
00:37:43,280 --> 00:37:40,830  
we are increasing problems and that

928  
00:37:45,290 --> 00:37:43,290  
they've already started and without

929  
00:37:47,540 --> 00:37:45,300  
getting into the political situation

930  
00:37:51,470 --> 00:37:47,550  
just the Sun itself is such a serious

931  
00:37:54,110 --> 00:37:51,480  
threat to us because the Sun every 22

932  
00:37:57,200 --> 00:37:54,120  
years goes through a complete 360 degree

933  
00:37:58,910 --> 00:37:57,210  
reversal of its magnetic poles every 11

934  
00:38:02,630 --> 00:37:58,920  
years the pole the magnetic poles the

935  
00:38:05,210 --> 00:38:02,640  
Sun flip and then every 22 years are

936  
00:38:07,100 --> 00:38:05,220  
back to normal now that magnetic field

937  
00:38:09,200 --> 00:38:07,110  
stretches out into the solar system and

938  
00:38:11,840 --> 00:38:09,210

spiral arms of like a spray of solar

939

00:38:13,400 --> 00:38:11,850

particles called the solar wind and you

940

00:38:16,280 --> 00:38:13,410

know what a Catherine Wheel is it's like

941

00:38:18,200 --> 00:38:16,290

that their spokes that spin out looks

942

00:38:20,270 --> 00:38:18,210

when it's forming arms it spin around

943

00:38:22,460 --> 00:38:20,280

like in a vortex and we pass through

944

00:38:25,520 --> 00:38:22,470

those arms all the time and varying

945

00:38:27,530 --> 00:38:25,530

degrees of density and solar wind the

946

00:38:28,910 --> 00:38:27,540

Earth's magnetic field is a matter of

947

00:38:31,250 --> 00:38:28,920

record this is not hearsay

948

00:38:34,100 --> 00:38:31,260

is weakening and it is weakening rapidly

949

00:38:35,750 --> 00:38:34,110

it does periodically in history weaken

950

00:38:37,910 --> 00:38:35,760

to the point that it flip-flops upside

951  
00:38:41,690 --> 00:38:37,920  
down and North Pole becomes South Pole

952  
00:38:43,490 --> 00:38:41,700  
magnetically when that solar wind comes

953  
00:38:47,840 --> 00:38:43,500  
out from the Sun it has a proton you

954  
00:38:49,880 --> 00:38:47,850  
know a positive charge as we react with

955  
00:38:52,580 --> 00:38:49,890  
that on earth if our magnetic field

956  
00:38:56,300 --> 00:38:52,590  
becomes so weak that it's unstable and

957  
00:38:59,600 --> 00:38:56,310  
can flip upside down to match that of

958  
00:39:00,890 --> 00:38:59,610  
the Sun then our pole will shift and I

959  
00:39:02,060 --> 00:39:00,900  
think it will shift on one of those

960  
00:39:04,520 --> 00:39:02,070  
11-year period

961  
00:39:06,380 --> 00:39:04,530  
right now we are approaching that over

962  
00:39:08,840 --> 00:39:06,390  
the next 12 to 18 months where that

963  
00:39:10,880 --> 00:39:08,850

polar magnetic reversal the Sun may

964

00:39:14,150 --> 00:39:10,890

affect ours and flip ours upside down

965

00:39:16,700 --> 00:39:14,160

and we're seeing drifts in the magnetic

966

00:39:18,410 --> 00:39:16,710

field of severe drifts more than we've

967

00:39:21,380 --> 00:39:18,420

ever had in recorded history in human

968

00:39:24,200 --> 00:39:21,390

history anyway so how would that affect

969

00:39:26,600 --> 00:39:24,210

people if the Earth's poles were to

970

00:39:28,940 --> 00:39:26,610

flip-flop well it's the transition

971

00:39:31,490 --> 00:39:28,950

period that's dangerous because although

972

00:39:34,340 --> 00:39:31,500

the magnetic field will not go to zero

973

00:39:35,840 --> 00:39:34,350

it will weaken and start to wobble and

974

00:39:39,350 --> 00:39:35,850

flip upside down over a period of weeks

975

00:39:41,810 --> 00:39:39,360

during that time our upper atmosphere

976  
00:39:45,170 --> 00:39:41,820  
the atmosphere and the Van Allen belts

977  
00:39:47,090 --> 00:39:45,180  
will weaken and these are like like in

978  
00:39:50,150 --> 00:39:47,100  
Star Trek that these are our shields for

979  
00:39:51,800 --> 00:39:50,160  
the planet to shield Sun from gamma

980  
00:39:53,570 --> 00:39:51,810  
radiations from deep space from the Sun

981  
00:39:56,060 --> 00:39:53,580  
and you know a whole range of

982  
00:39:57,470 --> 00:39:56,070  
frequencies in the ultraviolet when we

983  
00:39:59,390 --> 00:39:57,480  
are weakened when our fields are

984  
00:40:01,880 --> 00:39:59,400  
weakened these will penetrate to a much

985  
00:40:04,400 --> 00:40:01,890  
greater degree and having been in under

986  
00:40:06,380 --> 00:40:04,410  
8 an ozone hole myself in Australia and

987  
00:40:08,690 --> 00:40:06,390  
felt it for the days that it was there I

988  
00:40:10,460 --> 00:40:08,700

tell you what it does hurt the skin it's

989

00:40:12,680 --> 00:40:10,470

like needles hitting your bare skin and

990

00:40:14,480 --> 00:40:12,690

it's so bright that your eyes cry just

991

00:40:16,940 --> 00:40:14,490

you can't stop it when you're out in the

992

00:40:19,360 --> 00:40:16,950

sunlight even the sunglasses this is

993

00:40:23,960 --> 00:40:19,370

going to be all for the planet in roving

994

00:40:27,140 --> 00:40:23,970

fields as the transition occurs but

995

00:40:29,750 --> 00:40:27,150

that's not the only problem Sun itself

996

00:40:31,160 --> 00:40:29,760

is doing something most irregular as far

997

00:40:34,190 --> 00:40:31,170

as we're concerned you're a human

998

00:40:36,020 --> 00:40:34,200

scientists they have this this method of

999

00:40:38,570 --> 00:40:36,030

analyzing data which looks at what's

1000

00:40:40,130 --> 00:40:38,580

happened before and therefore suppose it

1001  
00:40:42,110 --> 00:40:40,140  
will happen the same pattern in the

1002  
00:40:45,500 --> 00:40:42,120  
future it's called post hoc ergo propter

1003  
00:40:46,850 --> 00:40:45,510  
hoc in in-lap and that means it's always

1004  
00:40:48,800 --> 00:40:46,860  
been doing it this way therefore we'll

1005  
00:40:52,340 --> 00:40:48,810  
always do it this way in the future not

1006  
00:40:54,200 --> 00:40:52,350  
so with the Sun since 1992 solar

1007  
00:40:56,120 --> 00:40:54,210  
physicists have realized they don't know

1008  
00:40:59,660 --> 00:40:56,130  
a thing about the Sun really as far as

1009  
00:41:01,130 --> 00:40:59,670  
its internal mechanism 1992 - new

1010  
00:41:03,770 --> 00:41:01,140  
spectral bandwidth and the ultraviolet

1011  
00:41:05,510 --> 00:41:03,780  
range came out and continued and we're

1012  
00:41:08,390 --> 00:41:05,520  
now starting at bursts and other little

1013  
00:41:10,070 --> 00:41:08,400

bandwidths that are abnormal the and

1014

00:41:12,140 --> 00:41:10,080

we're getting some really impressive

1015

00:41:14,660 --> 00:41:12,150

solar flares this particular cycle as we

1016

00:41:15,920 --> 00:41:14,670

approach the peak and even though we

1017

00:41:19,490 --> 00:41:15,930

measure cycles of the Sun

1018

00:41:22,070 --> 00:41:19,500

by the number of sunspots we see we

1019

00:41:23,750 --> 00:41:22,080

don't measure it by the intensity of the

1020

00:41:26,360 --> 00:41:23,760

emissions that come from those sunspots

1021

00:41:28,580 --> 00:41:26,370

nor do we measure yet by the area of the

1022

00:41:32,180 --> 00:41:28,590

sunspots and so you can have fewer

1023

00:41:34,520 --> 00:41:32,190

sunspots with larger larger surface area

1024

00:41:37,820 --> 00:41:34,530

and emissions of solar flares that would

1025

00:41:40,850 --> 00:41:37,830

cook our our planet and and that's a

1026

00:41:42,890 --> 00:41:40,860

situation that would not follow the

1027

00:41:45,410 --> 00:41:42,900

normal sunspot number curve which people

1028

00:41:47,810 --> 00:41:45,420

try to tend to base their analysis of

1029

00:41:50,330 --> 00:41:47,820

the solar cycles on we're approaching

1030

00:41:53,000 --> 00:41:50,340

right now within months the beginning of

1031

00:41:56,390 --> 00:41:53,010

something with the Sun that may see the

1032

00:41:58,250 --> 00:41:56,400

Sun throw off a lot of heavier amount of

1033

00:42:00,800 --> 00:41:58,260

atoms all over the surface of it wow

1034

00:42:02,840 --> 00:42:00,810

that it's in a dark cloud of debris that

1035

00:42:04,190 --> 00:42:02,850

it's released what do you think the chip

1036

00:42:05,930 --> 00:42:04,200

within a year you think this is gonna

1037

00:42:08,480 --> 00:42:05,940

happen are you pretty confident that

1038

00:42:11,510 --> 00:42:08,490

this watching next year to 18 months

1039

00:42:13,730 --> 00:42:11,520

because of this this this peak in the

1040

00:42:15,110 --> 00:42:13,740

solar sunspot cycle I think that we're

1041

00:42:18,980 --> 00:42:15,120

going to see the magnetic of the halo

1042

00:42:21,200 --> 00:42:18,990

magnetic cycle trigger this if you do

1043

00:42:22,700 --> 00:42:21,210

and get this there's four or five places

1044

00:42:25,490 --> 00:42:22,710

in the Bible hold new tests for light

1045

00:42:27,770 --> 00:42:25,500

that predict that predict that the the

1046

00:42:30,560 --> 00:42:27,780

Sun is going to be covered by a cloud so

1047

00:42:32,360 --> 00:42:30,570

dense that when you look at it you know

1048

00:42:34,850 --> 00:42:32,370

from the surface the earth it's like

1049

00:42:36,290 --> 00:42:34,860

looking through a sackcloth made of hair

1050

00:42:38,900 --> 00:42:36,300

that has little pinholes of light coming

1051  
00:42:41,840 --> 00:42:38,910  
through but the rest of it's dark and at

1052  
00:42:44,450 --> 00:42:41,850  
the same time the sun's Sun descends a

1053  
00:42:46,850 --> 00:42:44,460  
Sun that the moon will be turned to a

1054  
00:42:48,710 --> 00:42:46,860  
blood-red color and not actually blood

1055  
00:42:50,150 --> 00:42:48,720  
but a blood-red color because of the

1056  
00:42:52,550 --> 00:42:50,160  
diminished light of the Sun coming

1057  
00:42:54,140 --> 00:42:52,560  
through that cloud now how long this

1058  
00:42:56,540 --> 00:42:54,150  
lasts I think it's two or three weeks

1059  
00:42:58,460 --> 00:42:56,550  
but even the Hopi prophecies predict the

1060  
00:43:00,800 --> 00:42:58,470  
same thing right I've heard you talk

1061  
00:43:03,020 --> 00:43:00,810  
about meeting with the hope ease and

1062  
00:43:04,970 --> 00:43:03,030  
that they are actually preparing in some

1063  
00:43:07,640 --> 00:43:04,980

ways for this type of situation where

1064

00:43:09,290 --> 00:43:07,650

did they get their knowledge from well

1065

00:43:13,700 --> 00:43:09,300

it's been passed down to them for over a

1066

00:43:16,550 --> 00:43:13,710

thousand years by well they call God by

1067

00:43:18,620 --> 00:43:16,560

different to a name mamasa but that he

1068

00:43:22,040 --> 00:43:18,630

descended in his light craft and talked

1069

00:43:24,020 --> 00:43:22,050

to them and gave them prophecies to the

1070

00:43:25,610 --> 00:43:24,030

prophecy keepers within the Hopi to pass

1071

00:43:27,530 --> 00:43:25,620

from generation to generation until

1072

00:43:29,030 --> 00:43:27,540

certain signs happen and they could

1073

00:43:29,900 --> 00:43:29,040

release the information to their people

1074

00:43:32,210 --> 00:43:29,910

and then

1075

00:43:36,080 --> 00:43:32,220

eventually to the world at large so they

1076

00:43:38,150 --> 00:43:36,090

had direct revelation by some being and

1077

00:43:40,130 --> 00:43:38,160

they're preparing for this that we're

1078

00:43:42,230 --> 00:43:40,140

talking about now within the next 12 to

1079

00:43:43,640 --> 00:43:42,240

18 months well I don't know what their

1080

00:43:45,170 --> 00:43:43,650

time period is because when we asked

1081

00:43:48,770 --> 00:43:45,180

same question you just asked me when

1082

00:43:52,790 --> 00:43:48,780

they said soon and we talked about it

1083

00:43:54,320 --> 00:43:52,800

hope you soon you know but they they

1084

00:43:56,540 --> 00:43:54,330

they think you'll be underground for

1085

00:43:58,220 --> 00:43:56,550

maybe two to three weeks and it would be

1086

00:44:03,170 --> 00:43:58,230

very hot on the surface of the planet

1087

00:44:05,930 --> 00:44:03,180

burning trees and grass now let me also

1088

00:44:08,840 --> 00:44:05,940

say that not all of the Hopi do this

1089

00:44:11,230 --> 00:44:08,850

the Hopi have a large percentage of

1090

00:44:16,130 --> 00:44:11,240

Christian Hopi versus traditional Hopi

1091

00:44:18,590 --> 00:44:16,140

who they differ on the interpretation of

1092

00:44:20,180 --> 00:44:18,600

prophecy so when you say I hope you're

1093

00:44:22,040 --> 00:44:20,190

doing it some of the Hopi are some are

1094

00:44:24,950 --> 00:44:22,050

not and let me just draw that that line

1095

00:44:26,630 --> 00:44:24,960

so we don't get in trouble but they have

1096

00:44:30,350 --> 00:44:26,640

been building building underground like

1097

00:44:32,840 --> 00:44:30,360

Kiva's like mud igloos to weather the

1098

00:44:35,000 --> 00:44:32,850

heat and putting away beans and corn

1099

00:44:37,430 --> 00:44:35,010

stored in wood ash so that they will

1100

00:44:39,200 --> 00:44:37,440

preserve for up to 30 years and water

1101

00:44:40,280 --> 00:44:39,210

cutting anyway water is very precious

1102

00:44:45,080 --> 00:44:40,290

there in the desert where they are

1103

00:44:48,920 --> 00:44:45,090

anyhow so happened we're definitely

1104

00:44:51,140 --> 00:44:48,930

seeing in the immediate future something

1105

00:44:52,400 --> 00:44:51,150

is going to happen in a lot of areas and

1106

00:44:55,940 --> 00:44:52,410

the Sun is going to be the main driver

1107

00:44:57,740 --> 00:44:55,950

for the weather or climate events well

1108

00:45:00,050 --> 00:44:57,750

in the cosmic conspiracy you actually

1109

00:45:05,270 --> 00:45:00,060

mentioned weather weapons do you think

1110

00:45:07,160 --> 00:45:05,280

these are in use today yes since the mid

1111

00:45:09,590 --> 00:45:07,170

70s the United States and Russia for

1112

00:45:11,390 --> 00:45:09,600

instance have openly talked about

1113

00:45:13,280 --> 00:45:11,400

signing treaties to limit the extent of

1114

00:45:15,920 --> 00:45:13,290

weather warfare and in those days

1115

00:45:18,200 --> 00:45:15,930

weather warfare was could be something

1116

00:45:20,900 --> 00:45:18,210

as simple as spreading coal dust over

1117

00:45:22,610 --> 00:45:20,910

Siberia from the air to make the snow

1118

00:45:24,560 --> 00:45:22,620

melt earlier and change the weather

1119

00:45:26,180 --> 00:45:24,570

patterns over Alaska and the

1120

00:45:28,730 --> 00:45:26,190

northwestern United States as a result

1121

00:45:30,020 --> 00:45:28,740

of it those were early attempts and

1122

00:45:32,900 --> 00:45:30,030

there was for a specifically mentioned

1123

00:45:35,170 --> 00:45:32,910

into weather alteration and seeding of

1124

00:45:39,410 --> 00:45:35,180

clouds and that kind of stuff by the

1125

00:45:42,860 --> 00:45:39,420

HAARP situation is not controlled on a

1126  
00:45:43,620 --> 00:45:42,870  
planetary scale by any one group Chinese

1127  
00:45:47,100 --> 00:45:43,630  
have their version

1128  
00:45:48,600 --> 00:45:47,110  
version and I think there are a few

1129  
00:45:51,060 --> 00:45:48,610  
other ones popping up now and some of

1130  
00:45:53,550 --> 00:45:51,070  
the smaller nations the problem is that

1131  
00:45:54,990 --> 00:45:53,560  
even with just three you know Russia

1132  
00:45:57,870 --> 00:45:55,000  
China the United States having these

1133  
00:46:00,780 --> 00:45:57,880  
technologies and not just one HAARP

1134  
00:46:02,340 --> 00:46:00,790  
transmitter but several per country when

1135  
00:46:04,260 --> 00:46:02,350  
you start to manipulate the upper

1136  
00:46:07,320 --> 00:46:04,270  
atmosphere to heat it and to cause

1137  
00:46:09,930 --> 00:46:07,330  
various lightning strikes and storms and

1138  
00:46:12,870 --> 00:46:09,940

in other places if all of you are trying

1139

00:46:14,520 --> 00:46:12,880

to do something at the same time the

1140

00:46:15,870 --> 00:46:14,530

results become unpredictable because

1141

00:46:17,850 --> 00:46:15,880

they will interact with each other

1142

00:46:21,360 --> 00:46:17,860

mm-hmm using the same upper ionosphere

1143

00:46:24,600 --> 00:46:21,370

to transmit your signals this is not

1144

00:46:27,390 --> 00:46:24,610

good and it is possible to steer

1145

00:46:29,640 --> 00:46:27,400

hurricanes simply by heating up the air

1146

00:46:31,980 --> 00:46:29,650

on one side of the hurricane even a

1147

00:46:34,080 --> 00:46:31,990

tornado so that it pulls one way or the

1148

00:46:37,280 --> 00:46:34,090

other so rather than start the hurricane

1149

00:46:40,920 --> 00:46:37,290

you can accelerate it or bend its path

1150

00:46:43,410 --> 00:46:40,930

to a certain degree it's like taking a

1151  
00:46:46,560 --> 00:46:43,420  
water hose and you got it on hard you

1152  
00:46:48,360 --> 00:46:46,570  
know hard mm-hmm no stream that's how

1153  
00:46:50,520 --> 00:46:48,370  
the stream coming out of it you can take

1154  
00:46:52,590 --> 00:46:50,530  
your finger and touch the side of that

1155  
00:46:53,970 --> 00:46:52,600  
stream and you can make it deviate

1156  
00:46:55,740 --> 00:46:53,980  
several feet on the end of where it

1157  
00:46:57,900 --> 00:46:55,750  
strikes just by a little bout of energy

1158  
00:46:59,610 --> 00:46:57,910  
on the side of the stream right and the

1159  
00:47:00,720 --> 00:46:59,620  
HAARP pipe control is that kind of a

1160  
00:47:03,210 --> 00:47:00,730  
thing where your fingers the HAARP

1161  
00:47:04,890 --> 00:47:03,220  
signal and it can touch the side of a

1162  
00:47:06,750 --> 00:47:04,900  
huge weather phenomena like that and

1163  
00:47:08,970 --> 00:47:06,760

cause it to deviate from where it was

1164

00:47:12,080 --> 00:47:08,980

going to go originally there are other

1165

00:47:14,790 --> 00:47:12,090

factors I'm sure that affect the weather

1166

00:47:18,180 --> 00:47:14,800

but these are the major ones the upper

1167

00:47:20,880 --> 00:47:18,190

ionosphere and the amount of solar

1168

00:47:22,350 --> 00:47:20,890

radiation that we absorb and to that to

1169

00:47:24,690 --> 00:47:22,360

that let me address this also the

1170

00:47:27,110 --> 00:47:24,700

chemtrails that we see in the sky which

1171

00:47:29,700 --> 00:47:27,120

are not really contrails they are

1172

00:47:31,740 --> 00:47:29,710

they're particulate in suspension that

1173

00:47:32,160 --> 00:47:31,750

are exhausted out from expended fuel and

1174

00:47:35,700 --> 00:47:32,170

jets

1175

00:47:37,620 --> 00:47:35,710

mm-hmm things I've heard people say that

1176

00:47:39,150 --> 00:47:37,630

because they found the gels that had

1177

00:47:40,920 --> 00:47:39,160

come out over certain areas that if they

1178

00:47:43,290 --> 00:47:40,930

were trying to kill people the test

1179

00:47:45,390 --> 00:47:43,300

virus or whatever and this may have been

1180

00:47:47,670 --> 00:47:45,400

the case over a very small test area or

1181

00:47:50,070 --> 00:47:47,680

something I don't know but in the main

1182

00:47:54,590 --> 00:47:50,080

what dr. teller proposed and and filed

1183

00:47:57,660 --> 00:47:54,600

patent for was to make a an aerosolized

1184

00:47:59,529 --> 00:47:57,670

metal vapor in essence

1185

00:48:02,079 --> 00:47:59,539

that would suspend in the upper

1186

00:48:03,670 --> 00:48:02,089

atmosphere to reflect the sunlight in

1187

00:48:06,339 --> 00:48:03,680

certain areas to help control the

1188

00:48:07,980 --> 00:48:06,349

weather over areas to cool them rather

1189

00:48:10,390 --> 00:48:07,990

than that the Sun over hate them

1190

00:48:13,660 --> 00:48:10,400

this was the original attempt but the

1191

00:48:15,839 --> 00:48:13,670

there been other intents in that it when

1192

00:48:18,400 --> 00:48:15,849

these artificial clouds cover an area

1193

00:48:21,039 --> 00:48:18,410

especially the metallic vapor it's hard

1194

00:48:22,960 --> 00:48:21,049

for satellites to penetrate it to see

1195

00:48:24,160 --> 00:48:22,970

what your troop and equipment movements

1196

00:48:27,099 --> 00:48:24,170

are when you don't want it to be known

1197

00:48:28,839 --> 00:48:27,109

so there are a number of you know pluses

1198

00:48:31,359 --> 00:48:28,849

in in in the chemtrails but they are

1199

00:48:33,220 --> 00:48:31,369

definitely not normal and they are they

1200

00:48:36,190 --> 00:48:33,230

were primarily applied to weather

1201  
00:48:38,019 --> 00:48:36,200  
control sure as far as you know are

1202  
00:48:40,630 --> 00:48:38,029  
there any clear distinct differences

1203  
00:48:42,370 --> 00:48:40,640  
between man-made and natural weather

1204  
00:48:44,230 --> 00:48:42,380  
events because of you here there are

1205  
00:48:46,839 --> 00:48:44,240  
some people who think every single

1206  
00:48:51,759 --> 00:48:46,849  
natural disaster is the result of a

1207  
00:48:53,319 --> 00:48:51,769  
covert battle between countries and then

1208  
00:48:55,029 --> 00:48:53,329  
you got other people who don't think

1209  
00:48:58,720 --> 00:48:55,039  
that's even possible so is there any way

1210  
00:49:00,989 --> 00:48:58,730  
that we we can any clues we can look at

1211  
00:49:04,059 --> 00:49:00,999  
to discern if it was man-made

1212  
00:49:06,989 --> 00:49:04,069  
you know or manipulated I don't know

1213  
00:49:09,700 --> 00:49:06,999

what they would be because you know

1214

00:49:11,559 --> 00:49:09,710

they're using normal things like they're

1215

00:49:14,470 --> 00:49:11,569

using clouds are using hurricanes and

1216

00:49:16,269 --> 00:49:14,480

tornadoes that are normal the the

1217

00:49:17,620 --> 00:49:16,279

drought situation is a function of the

1218

00:49:22,479 --> 00:49:17,630

change in the jet stream a lot of the

1219

00:49:25,630 --> 00:49:22,489

time I mean you know do we have a way to

1220

00:49:27,309 --> 00:49:25,640

plot the the HAARP data HAARP

1221

00:49:28,989 --> 00:49:27,319

transmissions real-time and see whether

1222

00:49:30,489 --> 00:49:28,999

they've interacted i've not seen

1223

00:49:31,809 --> 00:49:30,499

something that allowed us to see

1224

00:49:34,329 --> 00:49:31,819

everyone's HAARP signal being

1225

00:49:36,910 --> 00:49:34,339

interpreted on the planet that nice if

1226

00:49:38,979 --> 00:49:36,920

we could but other than that I think

1227

00:49:41,380 --> 00:49:38,989

that you just have to deal with it and

1228

00:49:44,160 --> 00:49:41,390

say well somebody caused it - either by

1229

00:49:48,009 --> 00:49:44,170

weather by normal change in the Earth's

1230

00:49:49,660 --> 00:49:48,019

ecosystem or environmental systems this

1231

00:49:50,729 --> 00:49:49,670

change of the magnetic field is not a

1232

00:49:55,150 --> 00:49:50,739

small thing

1233

00:49:58,749 --> 00:49:55,160

look I in two thousand five and four and

1234

00:50:00,309 --> 00:49:58,759

three I was tracking solar flares and

1235

00:50:02,529 --> 00:50:00,319

stuff like that and how they affected

1236

00:50:05,680 --> 00:50:02,539

the earth and this magnetic field as

1237

00:50:06,930 --> 00:50:05,690

charges and as part of my research into

1238

00:50:09,880 --> 00:50:06,940

what how we could predict earthquakes

1239

00:50:11,440 --> 00:50:09,890

and on three occasions I found we had a

1240

00:50:15,610 --> 00:50:11,450

large earth Drake is so

1241

00:50:17,800 --> 00:50:15,620

flare occur and when it hit the earth it

1242

00:50:19,660 --> 00:50:17,810

produced an energetic ball of heat

1243

00:50:22,060 --> 00:50:19,670

inside the planet that bounced up in one

1244

00:50:24,160 --> 00:50:22,070

case over 600 miles in diameter in the

1245

00:50:26,470 --> 00:50:24,170

Northwest Pacific you're just south of

1246

00:50:29,080 --> 00:50:26,480

them of the Russian potential there and

1247

00:50:31,630 --> 00:50:29,090

north of the Japanese island and it was

1248

00:50:33,430 --> 00:50:31,640

there for 24 hours then it disappeared

1249

00:50:34,780 --> 00:50:33,440

and it reappeared in a smaller form over

1250

00:50:38,320 --> 00:50:34,790

in the South Atlantic is it bounced

1251

00:50:41,200 --> 00:50:38,330

around inside of our field so the Sun

1252

00:50:44,140 --> 00:50:41,210

itself the temperature of our oceans and

1253

00:50:46,450 --> 00:50:44,150

our magnetic field and I'm not so sure

1254

00:50:48,220 --> 00:50:46,460

that we're not gonna see a big increase

1255

00:50:50,560 --> 00:50:48,230

in Chandler's wobble the Earth's axis

1256

00:50:53,320 --> 00:50:50,570

wobble in in periodic outbursts that

1257

00:50:55,030 --> 00:50:53,330

then return to normal the we're getting

1258

00:50:57,190 --> 00:50:55,040

reports in from Alaska and some from

1259

00:50:59,170 --> 00:50:57,200

south of us here on certain days that

1260

00:51:01,450 --> 00:50:59,180

the Sun does not set in the right place

1261

00:51:03,310 --> 00:51:01,460

but it rises in the right place so we've

1262

00:51:04,900 --> 00:51:03,320

been trying to get hard data from these

1263

00:51:07,240 --> 00:51:04,910

people and trained amateurs who see this

1264

00:51:09,310 --> 00:51:07,250

stuff to give us exact bearings time of

1265

00:51:11,890 --> 00:51:09,320

day so in GPS locations that we can

1266

00:51:14,320 --> 00:51:11,900

verify it but there's something there's

1267

00:51:16,690 --> 00:51:14,330

something really unusual happening and

1268

00:51:19,630 --> 00:51:16,700

it's not all man-made we don't plan it

1269

00:51:21,670 --> 00:51:19,640

you know this that's a big task all

1270

00:51:24,280 --> 00:51:21,680

right well you know you're kind of

1271

00:51:27,850 --> 00:51:24,290

touching on something that I wanted to

1272

00:51:29,650 --> 00:51:27,860

ask you about science seems to be taught

1273

00:51:31,510 --> 00:51:29,660

almost as a belief structure in itself

1274

00:51:34,180 --> 00:51:31,520

and then new concepts that don't fit

1275

00:51:35,830 --> 00:51:34,190

into the established framework are sort

1276

00:51:37,600 --> 00:51:35,840

of ridiculed and dismissed like your

1277

00:51:40,060 --> 00:51:37,610

anti-gravity technology or some of the

1278

00:51:41,770 --> 00:51:40,070

things we're talking about now do you

1279

00:51:43,060 --> 00:51:41,780

think that is a natural human tendency

1280

00:51:45,340 --> 00:51:43,070

or do you think there is some

1281

00:51:47,470 --> 00:51:45,350

manipulation in the scientific education

1282

00:51:49,470 --> 00:51:47,480

community to keep people away from these

1283

00:51:52,630 --> 00:51:49,480

technologies and concepts and

1284

00:51:55,810 --> 00:51:52,640

understandings it's both because if

1285

00:51:57,820 --> 00:51:55,820

you'll think back every generation the

1286

00:51:59,350 --> 00:51:57,830

older generation resists the change of

1287

00:52:02,530 --> 00:51:59,360

the newer generation as you know

1288

00:52:04,180 --> 00:52:02,540

balderdash mm-hmm and we see this from

1289

00:52:04,930 --> 00:52:04,190

generation generation even back in

1290

00:52:08,110 --> 00:52:04,940

biblical times

1291

00:52:10,270 --> 00:52:08,120

however using that as a natural

1292

00:52:12,640 --> 00:52:10,280

occurrence there can be an artificial

1293

00:52:15,340 --> 00:52:12,650

cathedral of science established which

1294

00:52:17,560 --> 00:52:15,350

you know makes its worshippers accept

1295

00:52:20,200 --> 00:52:17,570

what comes from the political or

1296

00:52:22,510 --> 00:52:20,210

scientific pulpit as it were in the

1297

00:52:24,620 --> 00:52:22,520

Cathedral of science and I think that

1298

00:52:25,970 --> 00:52:24,630

are definitely I know definitely the

1299

00:52:27,620 --> 00:52:25,980

a number of technologies that have been

1300

00:52:29,990 --> 00:52:27,630

suspended or held back from the public

1301

00:52:32,570 --> 00:52:30,000

in the interest of the public good

1302

00:52:34,550 --> 00:52:32,580

long-term and you can justify this if

1303

00:52:35,870 --> 00:52:34,560

you're a one-world are saying look we're

1304

00:52:38,510 --> 00:52:35,880

trying to do what's best for the human

1305

00:52:40,400 --> 00:52:38,520

race to allow the the biggest portion of

1306

00:52:43,940 --> 00:52:40,410

the human race to survive what is coming

1307

00:52:47,150 --> 00:52:43,950

and to not destroy itself in a nuclear

1308

00:52:49,910 --> 00:52:47,160

war and etcetera etc I'm convinced that

1309

00:52:52,670 --> 00:52:49,920

a lot of the the Illuminati that people

1310

00:52:55,370 --> 00:52:52,680

talk about at least in mid levels are

1311

00:52:57,680 --> 00:52:55,380

really good intention people thinking

1312

00:52:59,120 --> 00:52:57,690

we're doing what we're doing for a good

1313

00:53:01,040 --> 00:52:59,130

cause and we're holding back information

1314

00:53:02,780 --> 00:53:01,050

and technologies for a good cause in the

1315

00:53:04,850 --> 00:53:02,790

long run because if we release it to

1316

00:53:07,810 --> 00:53:04,860

earlier without global control it could

1317

00:53:12,560 --> 00:53:07,820

create a war that would end the planet

1318

00:53:13,850 --> 00:53:12,570

it's a very a very hard thing to just

1319

00:53:16,610 --> 00:53:13,860

simply dismiss out of hand as they're

1320

00:53:18,470 --> 00:53:16,620

the bad guys and having worked with some

1321

00:53:21,020 --> 00:53:18,480

of these guys these old cotton-top cigar

1322

00:53:22,280 --> 00:53:21,030

smoking pork sipping gentlemen I tell

1323

00:53:27,110 --> 00:53:22,290

you that they think they're doing the

1324

00:53:28,700 --> 00:53:27,120

right thing well let me ask you and we

1325

00:53:31,760 --> 00:53:28,710

kind of touched on free energy earlier

1326  
00:53:34,400 --> 00:53:31,770  
but you find all sorts of YouTube videos

1327  
00:53:36,620 --> 00:53:34,410  
of people claiming to show you how to

1328  
00:53:38,300 --> 00:53:36,630  
make a free energy generator at home I

1329  
00:53:39,950 --> 00:53:38,310  
mean how would you do that do you think

1330  
00:53:41,570 --> 00:53:39,960  
that some of these videos are legit are

1331  
00:53:44,960 --> 00:53:41,580  
these people just blowing smoke because

1332  
00:53:46,550 --> 00:53:44,970  
a lot of my friends who have taken some

1333  
00:53:48,460 --> 00:53:46,560  
heavy science courses in college they

1334  
00:53:51,230 --> 00:53:48,470  
don't think this is possible

1335  
00:53:54,260 --> 00:53:51,240  
well I haven't tried all of these the

1336  
00:53:55,910 --> 00:53:54,270  
advertised specials online right

1337  
00:53:58,340 --> 00:53:55,920  
seen a few of them and looked at their

1338  
00:54:00,650 --> 00:53:58,350

hype and decided these guys are hyping

1339

00:54:03,170 --> 00:54:00,660

people the amount of engine they're

1340

00:54:05,510 --> 00:54:03,180

talking about supplying you know or the

1341

00:54:07,580 --> 00:54:05,520

ridiculous amounts and if these were

1342

00:54:08,840 --> 00:54:07,590

real they were just simply publish and

1343

00:54:10,270 --> 00:54:08,850

let people have there's no point in

1344

00:54:12,590 --> 00:54:10,280

trying to make a buck off of it

1345

00:54:14,240 --> 00:54:12,600

everything that I have talked about in

1346

00:54:16,490 --> 00:54:14,250

developing more a system I've made

1347

00:54:19,000 --> 00:54:16,500

public and even the Patent Office helped

1348

00:54:21,710 --> 00:54:19,010

in when I applied for a patent on it in

1349

00:54:23,330 --> 00:54:21,720

2007 they said we're not gonna grant you

1350

00:54:25,850 --> 00:54:23,340

a patent because we don't think it'll

1351

00:54:28,700 --> 00:54:25,860

work and yet they turned around and the

1352

00:54:30,650 --> 00:54:28,710

US Patent Office presented my patent

1353

00:54:33,170 --> 00:54:30,660

application for the first part of the

1354

00:54:34,880 --> 00:54:33,180

circuit free to the public when they're

1355

00:54:37,070 --> 00:54:34,890

supposed to seal them as an application

1356

00:54:38,150 --> 00:54:37,080

that did not get it go to patent and

1357

00:54:41,569 --> 00:54:38,160

it's on the inner you can

1358

00:54:44,150 --> 00:54:41,579

get up and certainly I tried to patent

1359

00:54:45,770 --> 00:54:44,160

the most important part of the device so

1360

00:54:48,890 --> 00:54:45,780

that I could not be prevented from

1361

00:54:50,299 --> 00:54:48,900

giving it away if I wanted to and then

1362

00:54:53,089 --> 00:54:50,309

when it was out there well I just said

1363

00:54:54,770 --> 00:54:53,099

alright it sits there and I give

1364

00:54:55,940 --> 00:54:54,780

lectures now then and tell people ok

1365

00:54:58,970 --> 00:54:55,950

here's where the energy years here's

1366

00:55:00,799 --> 00:54:58,980

what you need to do and that way I'm

1367

00:55:02,180 --> 00:55:00,809

sure that when I die at least the

1368

00:55:04,819 --> 00:55:02,190

knowledge of that doesn't die it's out

1369

00:55:08,740 --> 00:55:04,829

there right other scams that are out

1370

00:55:11,059 --> 00:55:08,750

there for dollars you know look I know

1371

00:55:14,390 --> 00:55:11,069

I'm not gonna participate in that game

1372

00:55:16,339 --> 00:55:14,400

and if people can't produce the power

1373

00:55:17,990 --> 00:55:16,349

structure at home themselves and safely

1374

00:55:23,420 --> 00:55:18,000

there's no point even telling them about

1375

00:55:25,520 --> 00:55:23,430

it yeah there are three ways maybe for

1376

00:55:27,589 --> 00:55:25,530

that I've found that our safe ways to

1377

00:55:28,940 --> 00:55:27,599

get alternate energy out of the Earth's

1378

00:55:31,180 --> 00:55:28,950

environment

1379

00:55:35,089 --> 00:55:31,190

one is thermionic conversion through a

1380

00:55:39,020 --> 00:55:35,099

it's a photoelectric device that

1381

00:55:41,390 --> 00:55:39,030

converts infrared energy like heat but

1382

00:55:43,039 --> 00:55:41,400

radiated heat into electricity directly

1383

00:55:46,370 --> 00:55:43,049

through a chemical compound and they do

1384

00:55:47,450 --> 00:55:46,380

make semiconductors that do this in fact

1385

00:55:49,400 --> 00:55:47,460

I was just talking to one of the

1386

00:55:51,650 --> 00:55:49,410

companies yesterday but they're only in

1387

00:55:53,510 --> 00:55:51,660

the amount of you know maybe one watt

1388

00:55:54,980 --> 00:55:53,520

worth of power if you're lucky and not

1389

00:55:58,130 --> 00:55:54,990

in the thousands of watts that you need

1390

00:56:00,079 --> 00:55:58,140

mmm and there's the there are several

1391

00:56:03,680 --> 00:56:00,089

methods of taking electrostatics out of

1392

00:56:05,210 --> 00:56:03,690

the atmosphere and taking wind and

1393

00:56:08,599 --> 00:56:05,220

converting that to high voltage to drive

1394

00:56:12,200 --> 00:56:08,609

a Jeff a menko type electrostatic motor

1395

00:56:14,630 --> 00:56:12,210

generator coupling there's the more a

1396

00:56:16,910 --> 00:56:14,640

device which takes the whole secret of

1397

00:56:19,579 --> 00:56:16,920

it is the resident antenna and converts

1398

00:56:23,720 --> 00:56:19,589

that into usable AC for your home all

1399

00:56:27,500 --> 00:56:23,730

these things I've discussed and you know

1400

00:56:29,390 --> 00:56:27,510

it's I just I wouldn't trust any of

1401  
00:56:30,950 --> 00:56:29,400  
these things or waste my time on the you

1402  
00:56:35,569 --> 00:56:30,960  
too can be energy independent type

1403  
00:56:37,880 --> 00:56:35,579  
promos on the internet alder - sure

1404  
00:56:39,529 --> 00:56:37,890  
and another thing kind of off topic but

1405  
00:56:41,059 --> 00:56:39,539  
I've heard you mention the Philadelphia

1406  
00:56:43,609 --> 00:56:41,069  
Experiment in passing which is a

1407  
00:56:45,109 --> 00:56:43,619  
legendary story what do you think is

1408  
00:56:46,400 --> 00:56:45,119  
there is there any validity to that

1409  
00:56:48,920 --> 00:56:46,410  
story and what do you think happened

1410  
00:56:51,770 --> 00:56:48,930  
there yeah there's something to it and I

1411  
00:56:53,000 --> 00:56:51,780  
actually talked with Townsend Brown

1412  
00:56:55,130 --> 00:56:53,010  
before he died when he was living in

1413  
00:56:56,930 --> 00:56:55,140

Catalina Island there off the California

1414

00:56:59,600 --> 00:56:56,940

coast and I discussed this with him

1415

00:57:01,310 --> 00:56:59,610

after Bill Moore had written the book

1416

00:57:03,350 --> 00:57:01,320

about the Philadelphia Experiment and

1417

00:57:05,510 --> 00:57:03,360

claimed that counsel Browne had done

1418

00:57:07,970 --> 00:57:05,520

this and that and Townsend told me she

1419

00:57:11,180 --> 00:57:07,980

look this Bill Moore got carried away in

1420

00:57:14,030 --> 00:57:11,190

exaggerated love stuff but here is here

1421

00:57:16,670 --> 00:57:14,040

is the story they it was World War two

1422

00:57:19,310 --> 00:57:16,680

and there were very tight budgets for

1423

00:57:22,100 --> 00:57:19,320

R&D projects for like radar deflection

1424

00:57:23,270 --> 00:57:22,110

and stuff our submarines and our surface

1425

00:57:25,670 --> 00:57:23,280

craft want to be able to get close

1426

00:57:28,370 --> 00:57:25,680

enough to German coastlines without

1427

00:57:30,560 --> 00:57:28,380

being picked up by German radar and so

1428

00:57:32,360 --> 00:57:30,570

they were looking for a way to bend the

1429

00:57:34,160 --> 00:57:32,370

radar pulses around them so they didn't

1430

00:57:38,500 --> 00:57:34,170

return back to their sending base and

1431

00:57:41,720 --> 00:57:38,510

paint them as an object on approach now

1432

00:57:43,100 --> 00:57:41,730

the millions and millions of dollars

1433

00:57:45,800 --> 00:57:43,110

that were going into the Manhattan

1434

00:57:47,180 --> 00:57:45,810

Project you know took money out of some

1435

00:57:49,340 --> 00:57:47,190

of the more exotic experiments that

1436

00:57:51,350 --> 00:57:49,350

people wanted to do in particularly the

1437

00:57:53,330 --> 00:57:51,360

Philadelphia Experiment which was meant

1438

00:57:57,200 --> 00:57:53,340

to build a field around a ship so that

1439

00:57:59,450 --> 00:57:57,210

he could deflect radar signals so they

1440

00:58:01,700 --> 00:57:59,460

took they look the the the the

1441

00:58:03,530 --> 00:58:01,710

researchers looked for a way to convert

1442

00:58:06,380 --> 00:58:03,540

an existing technology that was already

1443

00:58:07,790 --> 00:58:06,390

built somewhere and convert that to a

1444

00:58:11,420 --> 00:58:07,800

field that would deflect these

1445

00:58:13,490 --> 00:58:11,430

electromagnetic signals they found it by

1446

00:58:16,370 --> 00:58:13,500

converting a minesweeper like the

1447

00:58:18,380 --> 00:58:16,380

Eldridge class that it already had coils

1448

00:58:19,760 --> 00:58:18,390

wrapped in all three axes around the

1449

00:58:23,540 --> 00:58:19,770

ship so that they could control the

1450

00:58:25,460 --> 00:58:23,550

magnetic signature of the ship in waters

1451

00:58:27,680 --> 00:58:25,470

that were potentially populated by

1452

00:58:29,180 --> 00:58:27,690

magnetic minds they could control the

1453

00:58:30,800 --> 00:58:29,190

magnetic signature of that ship so it

1454

00:58:32,240 --> 00:58:30,810

looked like normal water and it wasn't a

1455

00:58:34,090 --> 00:58:32,250

magnetic hull passing near the mines

1456

00:58:36,650 --> 00:58:34,100

which would cause no Technic detonate

1457

00:58:39,830 --> 00:58:36,660

they the researchers realized they could

1458

00:58:41,060 --> 00:58:39,840

take those field coils modify the direct

1459

00:58:42,470 --> 00:58:41,070

currents that they were you know that

1460

00:58:44,330 --> 00:58:42,480

was supplied to them by the generators

1461

00:58:46,610 --> 00:58:44,340

at the blow decks and they could

1462

00:58:48,800 --> 00:58:46,620

generate a field that would wrap around

1463

00:58:51,290 --> 00:58:48,810

itself and stack up like the layers of

1464

00:58:53,450 --> 00:58:51,300

an onion and over a period of a few

1465

00:58:56,360 --> 00:58:53,460

minutes would become a very strong field

1466

00:58:58,580 --> 00:58:56,370

that would spin the electromagnetic

1467

00:58:59,990 --> 00:58:58,590

Eurasian radiation that hit it around to

1468

00:59:01,910 --> 00:59:00,000

where it went it wouldn't come back to

1469

00:59:04,400 --> 00:59:01,920

the the sending source now

1470

00:59:05,570 --> 00:59:04,410

electromagnetic radiation is visible in

1471

00:59:08,900 --> 00:59:05,580

the light range

1472

00:59:11,450 --> 00:59:08,910

our eyes the the radar is visible only

1473

00:59:13,700 --> 00:59:11,460

to equipment picking it up they didn't

1474

00:59:16,160 --> 00:59:13,710

think about this field bending visible

1475

00:59:18,530 --> 00:59:16,170

light as well and when they did fire it

1476

00:59:20,750 --> 00:59:18,540

up it did just like we're talking about

1477

00:59:23,660 --> 00:59:20,760

with the saucer craft it dilated the

1478

00:59:25,970 --> 00:59:23,670

time inside the craft or the field on

1479

00:59:28,940 --> 00:59:25,980

the Eldridge people were you know moving

1480

00:59:31,130 --> 00:59:28,950

around at normal speeds to them while

1481

00:59:32,870 --> 00:59:31,140

outside everything else seemed to freeze

1482

00:59:34,820 --> 00:59:32,880

if you looked over the deck toward the

1483

00:59:37,670 --> 00:59:34,830

water the water would be moving around

1484

00:59:39,710 --> 00:59:37,680

the bow but you know a few hundred feet

1485

00:59:42,710 --> 00:59:39,720

out it was still it wasn't moving at all

1486

00:59:44,750 --> 00:59:42,720

only within the field were things moving

1487

00:59:46,850 --> 00:59:44,760

and it was like a dilated time when you

1488

00:59:48,500 --> 00:59:46,860

turn a corner high speed that's why they

1489

00:59:50,240 --> 00:59:48,510

got that strange report of the Eldridge

1490

00:59:52,580 --> 00:59:50,250

appearing two minutes after it

1491

00:59:55,700 --> 00:59:52,590

disappeared out on the test area back at

1492

00:59:57,830 --> 00:59:55,710

its base there Norfolk in it and a

1493

00:59:59,900 --> 00:59:57,840

glowing light bulb in Reverse and then

1494

01:00:02,750 --> 00:59:59,910

it got that the the glowing field

1495

01:00:04,250 --> 01:00:02,760

stopped him as the the guard was looking

1496

01:00:05,840 --> 01:00:04,260

and he noted the time and it was two

1497

01:00:08,150 --> 01:00:05,850

minutes after they had disappeared you

1498

01:00:09,290 --> 01:00:08,160

know offshore later they found and men

1499

01:00:11,210 --> 01:00:09,300

were running around on the deck like

1500

01:00:13,880 --> 01:00:11,220

ants in a hurry that's because they were

1501

01:00:15,110 --> 01:00:13,890

still in accelerated time on board the

1502

01:00:16,940 --> 01:00:15,120

crew realized they were in trouble

1503

01:00:18,650 --> 01:00:16,950

because parts of minutes that were

1504

01:00:21,050 --> 01:00:18,660

shutting the field off were stuck in the

1505

01:00:22,520 --> 01:00:21,060

metal and one guy burned and another guy

1506

01:00:23,960 --> 01:00:22,530

went into extreme slow motion as the

1507

01:00:25,970 --> 01:00:23,970

field you know started to dissipate

1508

01:00:28,490 --> 01:00:25,980

there so they turned the field back on

1509

01:00:29,630 --> 01:00:28,500

and chugged back out to the test area to

1510

01:00:30,920 --> 01:00:29,640

try to figure out what would happened

1511

01:00:33,800 --> 01:00:30,930

out there if they went back to the same

1512

01:00:35,570 --> 01:00:33,810

place and turn the field off that's more

1513

01:00:39,470 --> 01:00:35,580

to the truth of the Philadelphia

1514

01:00:42,440 --> 01:00:39,480

Experiment it was an accident and well I

1515

01:00:44,810 --> 01:00:42,450

mean they had these technologies decades

1516

01:00:46,160 --> 01:00:44,820

ago I know you're not directly involved

1517

01:00:50,510 --> 01:00:46,170

anymore but where do you think these

1518

01:00:53,090 --> 01:00:50,520

things have gotten in 2012 mmm can you

1519

01:00:54,980 --> 01:00:53,100

even speculate oh I'd be hard because I

1520

01:00:56,960 --> 01:00:54,990

mean look at what we've done publicly

1521

01:00:59,060 --> 01:00:56,970

it's the invention of the horseless

1522

01:01:01,160 --> 01:00:59,070

carriage we've in less than a hundred

1523

01:01:04,970 --> 01:01:01,170

years gone to the to the moon and back

1524

01:01:07,580 --> 01:01:04,980

and built atomic power and bombs and you

1525

01:01:09,230 --> 01:01:07,590

know if you're talking about this kind

1526

01:01:11,510 --> 01:01:09,240

of technology over 50 years

1527

01:01:15,620 --> 01:01:11,520

privately lord only knows what they've

1528

01:01:17,240 --> 01:01:15,630

got right well when you see a UFO office

1529

01:01:18,950 --> 01:01:17,250

if someone sees a UFO today what

1530

01:01:19,500 --> 01:01:18,960

percentage of those would you speculate

1531

01:01:23,310 --> 01:01:19,510

or pile

1532

01:01:25,080 --> 01:01:23,320

by aliens versus humans do we still have

1533

01:01:27,690 --> 01:01:25,090

that technology or has it been stripped

1534

01:01:30,750 --> 01:01:27,700

from us in your opinion I think we may

1535

01:01:32,280 --> 01:01:30,760

still have some I saw one a couple years

1536

01:01:35,310 --> 01:01:32,290

back I was up in Colorado Springs for

1537

01:01:38,930 --> 01:01:35,320

lunch and I did see a small silver ball

1538

01:01:41,910 --> 01:01:38,940

up over here a bright one dart import

1539

01:01:44,160 --> 01:01:41,920

NORAD into the clouds and it was

1540

01:01:47,070 --> 01:01:44,170

definitely not one of your normal

1541

01:01:49,710 --> 01:01:47,080

aircraft it's faded moved I think that

1542

01:01:53,370 --> 01:01:49,720

was probably one of ours but as far as

1543

01:01:54,840 --> 01:01:53,380

anything serious to threaten the the

1544

01:01:56,910 --> 01:01:54,850

quote-unquote alien presence

1545

01:02:00,390 --> 01:01:56,920

I think our options are limited because

1546

01:02:03,360 --> 01:02:00,400

the the the following ones the aliens

1547

01:02:05,340 --> 01:02:03,370

ability to detect what we're doing is so

1548

01:02:07,560 --> 01:02:05,350

advanced that I don't think we can keep

1549

01:02:10,800 --> 01:02:07,570

secrets from anybody in that group I

1550

01:02:14,520 --> 01:02:10,810

mean even with just a simple more a type

1551

01:02:14,850 --> 01:02:14,530

device with a standing wave feel dr.

1552

01:02:19,230 --> 01:02:14,860

Morey

1553

01:02:20,940 --> 01:02:19,240

in 1935 could fire up his antenna over

1554

01:02:23,010 --> 01:02:20,950

South Seas device and tune it a certain

1555

01:02:24,770 --> 01:02:23,020

way and he could hear people talking

1556

01:02:27,060 --> 01:02:24,780

five miles away

1557

01:02:28,110 --> 01:02:27,070

simply because their voice is modulated

1558

01:02:30,480 --> 01:02:28,120

the field and he picked it up and

1559

01:02:32,910 --> 01:02:30,490

amplified it on his radio with that kind

1560

01:02:35,130 --> 01:02:32,920

of technology advanced too now I'm sure

1561

01:02:36,930 --> 01:02:35,140

that people looking for bugs in their

1562

01:02:40,410 --> 01:02:36,940

house or their office or whatever are

1563

01:02:41,760 --> 01:02:40,420

wasting their time you don't have the

1564

01:02:43,230 --> 01:02:41,770

field just goes through and you can read

1565

01:02:45,960 --> 01:02:43,240

it so how do you hide an underground

1566

01:02:47,730 --> 01:02:45,970

base doing electrom attic research stuff

1567

01:02:49,080 --> 01:02:47,740

how do you make a Faraday cage well is

1568

01:02:52,500 --> 01:02:49,090

that going to get rid of all the

1569

01:02:55,380 --> 01:02:52,510

detection possibilities I don't know at

1570

01:02:59,130 --> 01:02:55,390

this point we really really need help

1571

01:03:01,530 --> 01:02:59,140

from a good guy with the technology to

1572

01:03:03,660 --> 01:03:01,540

defeat these guys and that is the true

1573

01:03:07,110 --> 01:03:03,670

king of this planet you know you show up

1574

01:03:09,420 --> 01:03:07,120

but without that we haven't got a chance

1575

01:03:13,260 --> 01:03:09,430

we can't do like you do in the TV and

1576  
01:03:15,420 --> 01:03:13,270  
movie series v because we're not gonna

1577  
01:03:17,070 --> 01:03:15,430  
trick these aliens by sneaking a little

1578  
01:03:19,800 --> 01:03:17,080  
shuttlecraft but I'm blowin up through

1579  
01:03:24,900 --> 01:03:19,810  
the crafter alright we're Independence

1580  
01:03:27,780 --> 01:03:24,910  
Day where they upload a virus right well

1581  
01:03:30,860 --> 01:03:27,790  
I've heard so many people talk about

1582  
01:03:33,240 --> 01:03:30,870  
this so many witnesses that have seen or

1583  
01:03:35,280 --> 01:03:33,250  
you know heard about these

1584  
01:03:37,440 --> 01:03:35,290  
covert wars with aliens in our

1585  
01:03:38,819 --> 01:03:37,450  
underground bases and when I talk to

1586  
01:03:40,380 --> 01:03:38,829  
people who haven't heard about it it's

1587  
01:03:43,020 --> 01:03:40,390  
such a hard pill to swallow for them

1588  
01:03:45,750 --> 01:03:43,030

because it seems odd that an alien race

1589

01:03:47,760 --> 01:03:45,760

would be able to come down to a planet

1590

01:03:49,589 --> 01:03:47,770

they're not familiar with infiltrate

1591

01:03:51,720 --> 01:03:49,599

these spaces one of which you know in

1592

01:03:53,940 --> 01:03:51,730

the South Pole is only accessible by

1593

01:03:55,530 --> 01:03:53,950

submarine I'm sure they obviously could

1594

01:03:58,319 --> 01:03:55,540

use other technologies to get there but

1595

01:04:02,880 --> 01:03:58,329

how how do you see it possible that

1596

01:04:05,309 --> 01:04:02,890

these aliens could get down to these you

1597

01:04:09,510 --> 01:04:05,319

know secret societies without ever being

1598

01:04:11,450 --> 01:04:09,520

exposed or captured on film exposed to

1599

01:04:14,640 --> 01:04:11,460

the masses oh I'm sure there's been

1600

01:04:16,500 --> 01:04:14,650

properly and photos and reports that

1601  
01:04:19,680 --> 01:04:16,510  
went to the masses but have been

1602  
01:04:21,900 --> 01:04:19,690  
thoroughly discredited in the you know

1603  
01:04:26,010 --> 01:04:21,910  
the post-event operations in the news

1604  
01:04:29,490 --> 01:04:26,020  
and whatever and spearing the these

1605  
01:04:31,680 --> 01:04:29,500  
super beings that we're talking about or

1606  
01:04:33,900 --> 01:04:31,690  
not just from some local planet or some

1607  
01:04:35,849 --> 01:04:33,910  
nearby galaxy or whatever these are

1608  
01:04:38,490 --> 01:04:35,859  
beings from a parallel universe

1609  
01:04:40,700 --> 01:04:38,500  
it is Einstein postulated mathematically

1610  
01:04:44,370 --> 01:04:40,710  
and openly in philosophical discussions

1611  
01:04:47,220 --> 01:04:44,380  
the about the Babel the Tower of Babel

1612  
01:04:50,160 --> 01:04:47,230  
which is Bob L Bob meaning doorway and L

1613  
01:04:52,109 --> 01:04:50,170

being God was a doorway to the gods and

1614

01:04:53,940 --> 01:04:52,119

just like in Stargate except it wasn't

1615

01:04:55,190 --> 01:04:53,950

going to a far away system it was going

1616

01:04:58,710 --> 01:04:55,200

to a parallel universe

1617

01:05:01,460 --> 01:04:58,720

now that allowed these beings who are

1618

01:05:04,500 --> 01:05:01,470

having a war in their universe to

1619

01:05:06,599 --> 01:05:04,510

resolve or in a virtual reality created

1620

01:05:09,089 --> 01:05:06,609

here on earth when mankind was created

1621

01:05:10,920 --> 01:05:09,099

and it was for control and the structure

1622

01:05:13,859 --> 01:05:10,930

of control and where they come from

1623

01:05:15,780 --> 01:05:13,869

these are evident and the Asian records

1624

01:05:18,930 --> 01:05:15,790

and the middle-eastern records from the

1625

01:05:20,760 --> 01:05:18,940

ancient days the the gods of G gods

1626  
01:05:24,540 --> 01:05:20,770  
fighting each other with super-powerful

1627  
01:05:27,329 --> 01:05:24,550  
weapons over the earth and this is

1628  
01:05:28,950 --> 01:05:27,339  
really a courtroom here and there are

1629  
01:05:30,390 --> 01:05:28,960  
violations of courtroom procedures that

1630  
01:05:33,030 --> 01:05:30,400  
have occurred apparently over the ages

1631  
01:05:34,680 --> 01:05:33,040  
but still it is a virtual courtroom

1632  
01:05:37,650 --> 01:05:34,690  
where damage here doesn't affect the

1633  
01:05:41,240 --> 01:05:37,660  
parallel universe this is coming to a

1634  
01:05:43,620 --> 01:05:41,250  
close shortly and even some of the the

1635  
01:05:46,319 --> 01:05:43,630  
long-range prophecies of the Bible

1636  
01:05:48,630 --> 01:05:46,329  
prophets do say at one point in time

1637  
01:05:51,150 --> 01:05:48,640  
the earth and the heavens as we know it

1638  
01:05:52,559 --> 01:05:51,160

will pass away out of existence and a

1639

01:05:54,959 --> 01:05:52,569

new heaven and a new earth will replace

1640

01:05:57,120 --> 01:05:54,969

him and I am reasonably certain from

1641

01:05:58,589 --> 01:05:57,130

what I've studied in the ancient

1642

01:06:01,469 --> 01:05:58,599

languages that we've translated direct

1643

01:06:03,390 --> 01:06:01,479

ourselves there is going to be and there

1644

01:06:05,400 --> 01:06:03,400

is now a difference in energy density

1645

01:06:08,489 --> 01:06:05,410

between the parallel universe of levels

1646

01:06:11,009 --> 01:06:08,499

there and us so great that eventually

1647

01:06:14,989 --> 01:06:11,019

our level will be consumed into that as

1648

01:06:18,539 --> 01:06:14,999

fuel if you wish wish into its order

1649

01:06:20,189 --> 01:06:18,549

examples angels in the early days or you

1650

01:06:22,109 --> 01:06:20,199

know God's appearing to man came in

1651

01:06:24,269 --> 01:06:22,119

flaming chariots and fire and heat and

1652

01:06:25,949 --> 01:06:24,279

an angel appeared personally to a person

1653

01:06:29,819 --> 01:06:25,959

it was warm and bright light around them

1654

01:06:31,919 --> 01:06:29,829

yep demons ghosts when they appear the

1655

01:06:33,749 --> 01:06:31,929

room gets cold and they're at a lower

1656

01:06:35,999 --> 01:06:33,759

energy density level in the existence of

1657

01:06:38,069 --> 01:06:36,009

things and then we are so there's a

1658

01:06:40,079 --> 01:06:38,079

level there there's levels of energy

1659

01:06:42,900 --> 01:06:40,089

density lower ones are cooler to us

1660

01:06:44,160 --> 01:06:42,910

higher ones are hotter to us and one

1661

01:06:47,189 --> 01:06:44,170

example again in the Old Testament

1662

01:06:50,370 --> 01:06:47,199

dealing with Moses he was up on Mount

1663

01:06:52,799 --> 01:06:50,380

Sinai and he was there by himself and he

1664

01:06:54,779 --> 01:06:52,809

was a he'd slipped his sandals off and

1665

01:06:56,249 --> 01:06:54,789

was not lifting his feet but scooting

1666

01:06:58,109 --> 01:06:56,259

them across the dirt because God told

1667

01:07:00,390 --> 01:06:58,119

him you have to do this to keep from

1668

01:07:02,489 --> 01:07:00,400

being zapped by my presence in essence

1669

01:07:04,259 --> 01:07:02,499

the field density had to be normalized

1670

01:07:06,209 --> 01:07:04,269

so it didn't build up with insulated you

1671

01:07:08,249 --> 01:07:06,219

know leather soles or whatever mm-hmm

1672

01:07:09,809 --> 01:07:08,259

said Moses says look I want to see what

1673

01:07:10,679 --> 01:07:09,819

I'm talking to you're just a voice let

1674

01:07:12,959 --> 01:07:10,689

me see what you look like

1675

01:07:14,339 --> 01:07:12,969

so God's it's like I can't do that right

1676

01:07:17,339 --> 01:07:14,349

in front it can't stand in front because

1677

01:07:19,289 --> 01:07:17,349

my energy would destroy you but I can

1678

01:07:20,759 --> 01:07:19,299

project my image on this cloud and I'll

1679

01:07:23,370 --> 01:07:20,769

hide you here get up here in this crack

1680

01:07:25,469 --> 01:07:23,380

of the mountain where you can't be heard

1681

01:07:26,729 --> 01:07:25,479

by my energy and I'll project on its

1682

01:07:28,169 --> 01:07:26,739

cloud so you can see what I looked like

1683

01:07:31,140 --> 01:07:28,179

and that's how he showed Moses without

1684

01:07:33,749 --> 01:07:31,150

hurting him now after that time I don't

1685

01:07:36,900 --> 01:07:33,759

see any records of God appearing or

1686

01:07:39,329 --> 01:07:36,910

angels appearing you know and change the

1687

01:07:41,549 --> 01:07:39,339

chariots or whatever to mankind because

1688

01:07:43,319 --> 01:07:41,559

it was too difficult you know it was too

1689

01:07:47,370 --> 01:07:43,329

dangerous for our flesh to be exposed to

1690

01:07:49,519 --> 01:07:47,380

the radiation that accompanied it so

1691

01:07:51,959 --> 01:07:49,529

yeah I mean these of these beings are

1692

01:07:54,120 --> 01:07:51,969

not just local travelers they are

1693

01:07:56,669 --> 01:07:54,130

parallel world beings and they were here

1694

01:07:59,630 --> 01:07:56,679

at the creation of the Garden of Eden

1695

01:08:01,520 --> 01:07:59,640

story and even that tells you in the

1696

01:08:03,620 --> 01:08:01,530

writings that there was a pre-existence

1697

01:08:05,540 --> 01:08:03,630

on earth before that time so there's can

1698

01:08:07,450 --> 01:08:05,550

be much older than 6,000 years you know

1699

01:08:09,980 --> 01:08:07,460

some biblical students tend to think

1700

01:08:11,840 --> 01:08:09,990

yeah it is interesting to hear you talk

1701

01:08:14,900 --> 01:08:11,850

about stories that I heard about in the

1702

01:08:17,840 --> 01:08:14,910

second grade and in Catholic school with

1703

01:08:20,300 --> 01:08:17,850

a twist of science behind them to sort

1704

01:08:24,020 --> 01:08:20,310

of explain what was just presented to us

1705

01:08:26,360 --> 01:08:24,030

is essentially magic well it's you know

1706

01:08:27,980 --> 01:08:26,370

it's no insult to say that it's the

1707

01:08:30,410 --> 01:08:27,990

blind leading the blind because you

1708

01:08:34,550 --> 01:08:30,420

don't understand technology it is magic

1709

01:08:37,400 --> 01:08:34,560

right if you're not a magician or even

1710

01:08:38,360 --> 01:08:37,410

understand magicians tricks how can you

1711

01:08:41,180 --> 01:08:38,370

explain it to anybody you don't

1712

01:08:43,190 --> 01:08:41,190

understand yourself we're fortunate to

1713

01:08:46,070 --> 01:08:43,200

be in this time and have access to the

1714

01:08:47,270 --> 01:08:46,080

knowledge if we just use it to properly

1715

01:08:50,200 --> 01:08:47,280

understand what they were trying to

1716

01:08:54,500 --> 01:08:50,210

explain to us in their own crude ways

1717

01:08:56,150 --> 01:08:54,510

thousands of years ago yeah it's well

1718

01:08:57,770 --> 01:08:56,160

let me ask you this we're kind of

1719

01:08:59,180 --> 01:08:57,780

getting down to the end of it but what

1720

01:09:01,100 --> 01:08:59,190

do you think the next five years look

1721

01:09:04,040 --> 01:09:01,110

like he kind of touched on it that you

1722

01:09:06,230 --> 01:09:04,050

know hope you're preparing for increased

1723

01:09:08,140 --> 01:09:06,240

heat on the planet are we gonna send

1724

01:09:10,280 --> 01:09:08,150

this covert war is coming to a close in

1725

01:09:11,870 --> 01:09:10,290

within five years do you think it'll be

1726

01:09:14,320 --> 01:09:11,880

possible for anyone on the planet to

1727

01:09:16,880 --> 01:09:14,330

deny the existence of some

1728

01:09:19,850 --> 01:09:16,890

multi-dimensional or extraterrestrial

1729

01:09:22,790 --> 01:09:19,860

beings no it won't be possible I think

1730

01:09:25,790 --> 01:09:22,800

that they'd have to be you know in a

1731

01:09:27,710 --> 01:09:25,800

comatose state and to not accept it you

1732

01:09:30,410 --> 01:09:27,720

think this is gonna go widespread within

1733

01:09:33,170 --> 01:09:30,420

like you know fairly soon yeah yeah it

1734

01:09:35,570 --> 01:09:33,180

has to and when it does people will be

1735

01:09:38,900 --> 01:09:35,580

faced with choosing the right side and

1736

01:09:40,310 --> 01:09:38,910

the dark guys are you know the bad dudes

1737

01:09:43,580 --> 01:09:40,320

that don't have our best interests at

1738

01:09:47,330 --> 01:09:43,590

heart are going to let me just put that

1739

01:09:49,010 --> 01:09:47,340

oh yeah the idea will be to choose

1740

01:09:50,420 --> 01:09:49,020

between the good guys and bad guys if

1741

01:09:52,160 --> 01:09:50,430

you don't really good guys are coming in

1742

01:09:54,650 --> 01:09:52,170

your loss cuz you'll follow the first

1743

01:09:56,240 --> 01:09:54,660

super being race or whatever that

1744

01:09:57,890 --> 01:09:56,250

appears and says we were at the

1745

01:10:02,870 --> 01:09:57,900

crucifixion we're really the you know

1746

01:10:05,180 --> 01:10:02,880

the good guys and trust us that that's I

1747

01:10:07,340 --> 01:10:05,190

can see that coming to the forefront

1748

01:10:09,290 --> 01:10:07,350

where people will just be absolutely

1749

01:10:10,640 --> 01:10:09,300

stunned by the revelation of their

1750

01:10:14,090 --> 01:10:10,650

existence in the next you know five

1751

01:10:16,220 --> 01:10:14,100

years or so in addition

1752

01:10:18,950 --> 01:10:16,230

we've got political problems here in the

1753

01:10:20,780 --> 01:10:18,960

United States in that no matter who wins

1754

01:10:23,240 --> 01:10:20,790

this election it's so close and tempers

1755

01:10:26,030 --> 01:10:23,250

are so afraid that we're gonna see civil

1756

01:10:28,669 --> 01:10:26,040

disorder as a result of that and this

1757

01:10:31,669 --> 01:10:28,679

means that martial law will probably be

1758

01:10:34,310 --> 01:10:31,679

attempted to be put in place the Hopi

1759

01:10:36,410 --> 01:10:34,320

also told me that it was going to happen

1760

01:10:38,330 --> 01:10:36,420

in that there was going to be a terrible

1761

01:10:40,250 --> 01:10:38,340

multifaceted civil war in the United

1762

01:10:43,490 --> 01:10:40,260

States among the non people the

1763

01:10:46,310 --> 01:10:43,500

non-indian indigenous people and this

1764

01:10:47,810 --> 01:10:46,320

civil war would destroy many people but

1765

01:10:50,330 --> 01:10:47,820

there would be survivor groups from that

1766

01:10:53,120 --> 01:10:50,340

that would migrate down to to the Hopi

1767

01:10:54,919 --> 01:10:53,130

and where the Navajo pr2 join with him

1768

01:10:56,240 --> 01:10:54,929

to form a new tribe which would then

1769

01:10:59,600 --> 01:10:56,250

move up into the four corners into

1770

01:11:02,270 --> 01:10:59,610

Colorado so there I can same thing and

1771

01:11:06,110 --> 01:11:02,280

when you ask them it's soon hope you

1772

01:11:08,300 --> 01:11:06,120

soon I think that that day is certainly

1773

01:11:11,030 --> 01:11:08,310

approaching we're a country so divided

1774

01:11:14,390 --> 01:11:11,040

in so many polarities between economics

1775

01:11:18,320 --> 01:11:14,400

between race between religion it's just

1776

01:11:20,899 --> 01:11:18,330

you know gangs and non gangs drug users

1777

01:11:23,479 --> 01:11:20,909

non drug users I mean and they're armed

1778

01:11:27,560 --> 01:11:23,489

and so we're going to see a terrible

1779

01:11:30,260 --> 01:11:27,570

unstable time well die in this country

1780

01:11:33,530 --> 01:11:30,270

alone given that we do have you know

1781

01:11:35,780 --> 01:11:33,540

some the the age-old argument about do

1782

01:11:38,330 --> 01:11:35,790

we have free will or you know are we you

1783

01:11:40,250 --> 01:11:38,340

know shackled the prophecies how is it

1784

01:11:41,840 --> 01:11:40,260

what's the mechanism behind these

1785

01:11:45,350 --> 01:11:41,850

situations that are allowing them to

1786

01:11:48,800 --> 01:11:45,360

manifest in such detail as you know you

1787

01:11:51,860 --> 01:11:48,810

just described with the Hopi well you

1788

01:11:55,310 --> 01:11:51,870

know all I can say is that there must be

1789

01:11:58,550 --> 01:11:55,320

a being who can or a group of beings I

1790

01:12:01,879 --> 01:11:58,560

mean viewpoint they can look forward in

1791

01:12:04,100 --> 01:12:01,889

time again I mean we can do that now in

1792

01:12:05,870 --> 01:12:04,110

a crude way with our computers and put

1793

01:12:08,000 --> 01:12:05,880

data into it and forecast what will

1794

01:12:09,590 --> 01:12:08,010

happen but not to the degree that we

1795

01:12:11,240 --> 01:12:09,600

could forecast thousands of years of

1796

01:12:14,479 --> 01:12:11,250

human potential interaction to come up

1797

01:12:18,290 --> 01:12:14,489

with an answer but I'm sure that left

1798

01:12:19,640 --> 01:12:18,300

yeah for 10,000 years of development we

1799

01:12:21,590 --> 01:12:19,650

would probably come up with a super

1800

01:12:23,240 --> 01:12:21,600

super super super artificial

1801  
01:12:25,420 --> 01:12:23,250  
intelligence they could analyze data and

1802  
01:12:28,120 --> 01:12:25,430  
say this is what's going to happen

1803  
01:12:30,220 --> 01:12:28,130  
and could project decisions and genetic

1804  
01:12:31,990 --> 01:12:30,230  
and real reactions that kind of stuff to

1805  
01:12:34,620 --> 01:12:32,000  
the point that we don't even know exists

1806  
01:12:38,290 --> 01:12:34,630  
at this time and that would allow you to

1807  
01:12:41,020 --> 01:12:38,300  
to see future events and to tell people

1808  
01:12:44,530 --> 01:12:41,030  
on this time about it there may be

1809  
01:12:47,590 --> 01:12:44,540  
another way to just simply look ahead in

1810  
01:12:50,260 --> 01:12:47,600  
causal effects in our universe from one

1811  
01:12:53,140 --> 01:12:50,270  
up above it you know in energy and you

1812  
01:12:55,000 --> 01:12:53,150  
can actually see events without having

1813  
01:12:57,310 --> 01:12:55,010

to make a computer to do it or anything

1814

01:13:00,700 --> 01:12:57,320

and can then report it to beings in our

1815

01:13:02,680 --> 01:13:00,710

time to get ready for it and even that

1816

01:13:05,050 --> 01:13:02,690

even the reporting of the events affects

1817

01:13:09,070 --> 01:13:05,060

future events so it's a very interesting

1818

01:13:10,810 --> 01:13:09,080

time paradox type situation but when you

1819

01:13:13,600 --> 01:13:10,820

see things happen that have been

1820

01:13:15,100 --> 01:13:13,610

prophesied for so long then you know

1821

01:13:19,270 --> 01:13:15,110

that there's some mechanism that allows

1822

01:13:21,610 --> 01:13:19,280

a being an intelligence god creator to

1823

01:13:23,500 --> 01:13:21,620

tell you what's going to happen and do

1824

01:13:24,490 --> 01:13:23,510

not be an error no matter what you do it

1825

01:13:26,980 --> 01:13:24,500

will happen this way

1826

01:13:28,600 --> 01:13:26,990

and that's including your reactions to

1827

01:13:30,250 --> 01:13:28,610

the alleged prophecies or situations

1828

01:13:32,590 --> 01:13:30,260

around you all that's been taken into

1829

01:13:34,720 --> 01:13:32,600

account mm-hmm it is a fascinating

1830

01:13:36,250 --> 01:13:34,730

mystery that pretty much does it for my

1831

01:13:39,010 --> 01:13:36,260

line of questioning Stan I mean it's

1832

01:13:41,140 --> 01:13:39,020

been a real honor a real educational

1833

01:13:43,360 --> 01:13:41,150

talk and I hope we can have you on again

1834

01:13:44,770 --> 01:13:43,370

soon in the future I mean your website

1835

01:13:48,070 --> 01:13:44,780

which is always full of interesting

1836

01:13:49,150 --> 01:13:48,080

stuff is Stan do calm is there anything

1837

01:13:51,670 --> 01:13:49,160

else you'd like to tell us about that

1838

01:13:54,430 --> 01:13:51,680

you're working on or well I am working

1839

01:13:56,350 --> 01:13:54,440

on that energy situation to try to get

1840

01:13:57,790 --> 01:13:56,360

it to a workable stage for people so

1841

01:14:00,070 --> 01:13:57,800

that I can tell how many feet of this

1842

01:14:02,280 --> 01:14:00,080

wire and that thing that you need and at

1843

01:14:05,080 --> 01:14:02,290

present I'm working on a way to make him

1844

01:14:07,360 --> 01:14:05,090

yeah high voltage diode without

1845

01:14:10,330 --> 01:14:07,370

depending on you know high-tech

1846

01:14:11,140 --> 01:14:10,340

manufacturing so other than that that

1847

01:14:16,270 --> 01:14:11,150

keeps me busy

1848

01:14:17,620 --> 01:14:16,280

sure so does the phone well why don't

1849

01:14:20,230 --> 01:14:17,630

you go I know you have other interviews

1850

01:14:22,870 --> 01:14:20,240

to do other things to get a hold of so

1851  
01:14:25,390 --> 01:14:22,880  
uh thanks again a real honor appreciate

1852  
01:14:26,680 --> 01:14:25,400  
it Stan thank you Greg that about does

1853  
01:14:28,450 --> 01:14:26,690  
it higher side chatters I hope you

1854  
01:14:30,490 --> 01:14:28,460  
enjoyed Stan day of his company check

1855  
01:14:32,110 --> 01:14:30,500  
out his website Stan day or.com

1856  
01:14:35,260 --> 01:14:32,120  
if you got the time and want to hear

1857  
01:14:37,390 --> 01:14:35,270  
more about the technology check out the

1858  
01:14:39,400 --> 01:14:37,400  
secret technologies of the new world

1859  
01:14:42,520 --> 01:14:39,410  
order on youtube I think it was

1860  
01:14:44,380 --> 01:14:42,530  
called an awesome awesome stuff here's

1861  
01:14:46,930 --> 01:14:44,390  
another track a dominant song a

1862  
01:14:49,390 --> 01:14:46,940  
revolution rap by Rev Delic again this

1863  
01:14:50,830 --> 01:14:49,400

week this one's called the 99 remember

1864

01:14:53,470 --> 01:14:50,840

to support the higher side chest through

1865

01:14:55,540 --> 01:14:53,480

conspiracies net for all your conspiracy

1866

01:15:05,410 --> 01:14:55,550

clothing needs and keep your pimp and

1867

01:15:09,939 --> 01:15:07,360

three education schools and make these

1868

01:15:12,880 --> 01:15:09,949

rulers unroll they use your like a tool

1869

01:15:15,010 --> 01:15:12,890

and only tools gave use only fools get

1870

01:15:16,930 --> 01:15:15,020

fooled but I know that's not the truth

1871

01:15:21,540 --> 01:15:16,940

time to wake up for youth and get my

1872

01:15:26,540 --> 01:15:24,649

you criticize my views for one thing

1873

01:16:05,989 --> 01:15:26,550

they spit it for the green and I'm just

1874

01:16:11,149 --> 01:16:08,509

the people United will never be defeated

1875

01:16:13,250 --> 01:16:11,159

the revolution don't be repeated and

1876

01:16:15,180 --> 01:16:13,260

tweeted never to delete it it's already

1877

01:16:17,760 --> 01:16:15,190

here believe it weekend

1878

01:16:20,100 --> 01:16:17,770

even if you can conceive it then believe

1879

01:16:21,140 --> 01:16:20,110

that we can wait it boom - this is

1880

01:16:23,660 --> 01:16:21,150

occupation of

1881

01:16:26,030 --> 01:16:23,670

fascination revelations are documented

1882

01:16:28,460 --> 01:16:26,040

by mainstream media station Wikipedia to

1883

01:16:30,920 --> 01:16:28,470

copy and pasted to internet innovations

1884

01:16:33,530 --> 01:16:30,930

of information gather for outrage and

1885

01:16:35,660 --> 01:16:33,540

contemplation amazing people are waking

1886

01:16:40,540 --> 01:16:35,670

up to the nightmare her leaves are

1887

01:16:45,050 --> 01:16:43,280

thinking is charity demand a slice when

1888

01:16:46,130 --> 01:16:45,060

you're getting a crumb don't stop me

1889

01:16:48,340 --> 01:16:46,140

from fuming

1890

01:16:50,780 --> 01:16:48,350

praise be

1891

01:17:23,130 --> 01:16:50,790

pursuing a suit with a resource tank

1892

01:17:27,150 --> 01:17:25,350

heroes hear their cries in the night to

1893

01:17:28,860 --> 01:17:27,160

clear these villains up we probably use

1894

01:17:30,750 --> 01:17:28,870

the time of our life but it keeps

1895

01:17:32,340 --> 01:17:30,760

spilling up liars trying to hide from

1896

01:17:34,320 --> 01:17:32,350

the trees and that's why they're killing

1897

01:17:36,600 --> 01:17:34,330

us people that's been fighting for

1898

01:17:40,920 --> 01:17:36,610

freedom that's never giving up hoping

1899

01:17:47,399 --> 01:17:44,040

dangerously your heart the soul in your

1900

01:17:50,520 --> 01:17:47,409

brains and Brits the perv dizzle

1901

01:17:53,279 --> 01:17:50,530

read the downfall the man is that he

1902

01:17:54,890 --> 01:17:53,289

won't be fall the pile sends a foolish

1903

01:17:57,330 --> 01:17:54,900

woman to plan

1904

01:17:59,940 --> 01:17:57,340

threaten through the small

1905

01:18:01,520 --> 01:17:59,950

so it's the same you do the same thing

1906

01:18:04,590 --> 01:18:01,530

expect different result

1907

01:18:09,360 --> 01:18:06,810

we have to stand together and recover

1908

01:18:11,989 --> 01:18:09,370

the Falls bring the New World Order and
