

36: The World's Weirdest Places w/ Nick Redfern

1
00:00:08,240 --> 00:00:06,410
we're here because we don't buy into the

2
00:00:10,129 --> 00:00:08,250
[h__\h] of mainstream culture we're

3
00:00:11,629 --> 00:00:10,139
tired of the mundane passionless careers

4
00:00:13,280 --> 00:00:11,639
we've been shuffled into as a result of

5
00:00:15,320 --> 00:00:13,290
this orchestrated death based system of

6
00:00:16,939 --> 00:00:15,330
rule and the stranglehold on education

7
00:00:20,029 --> 00:00:16,949
entertainment by cold soulless

8
00:00:23,359 --> 00:00:20,039
corporations people yes we are

9
00:00:25,070 --> 00:00:23,369
frustrated yes we are tired and we

10
00:00:26,390 --> 00:00:25,080
reject the pre-approved tranquilizers

11
00:00:28,519 --> 00:00:26,400
that are Monday Night Football and a

12
00:00:30,769 --> 00:00:28,529
nice cold Budweiser we have to stop

13
00:00:33,379 --> 00:00:30,779

hiding stop hiding behind the headphone

14

00:00:34,729 --> 00:00:33,389

to the cherry popper 4/20 user name let

15

00:00:37,189 --> 00:00:34,739

the world see that the resistance is

16

00:00:38,180 --> 00:00:37,199

strong and society is changing there was

17

00:00:40,969 --> 00:00:38,190

a time to be anonymous

18

00:00:42,079 --> 00:00:40,979

that time has passed and so the higher

19

00:00:44,299 --> 00:00:42,089

side chats would like to present

20

00:00:45,639 --> 00:00:44,309

conspiracies as the dawning of this new

21

00:00:47,740 --> 00:00:45,649

paradigm in

22

00:00:49,810 --> 00:00:47,750

the revolution because bold fashion

23

00:00:51,930 --> 00:00:49,820

should be more than some celebrity lead

24

00:00:54,490 --> 00:00:51,940

dress or Atlanta sleeping :

25

00:00:55,959 --> 00:00:54,500

conspiracies redefines bold fashions

26

00:00:58,389 --> 00:00:55,969

have the balls to reject socially

27

00:01:02,530 --> 00:00:58,399

uncomfortable and unpopular truths for

28

00:01:04,990 --> 00:01:02,540

back in black for the second time on THC

47

00:02:20,410 --> 00:02:18,620

one of my favorite fringe topic

48

00:02:22,839 --> 00:02:20,420

journalists tackling everything under

49

00:02:24,309 --> 00:02:22,849

the paranormal Sun he's been on UFO

50

00:02:26,890 --> 00:02:24,319

Hunters Monster quest

51
00:02:28,660 --> 00:02:26,900
ancient aliens and one-credit I'm a bit

52
00:02:30,699 --> 00:02:28,670
curious about actually countdown with

53
00:02:33,910 --> 00:02:30,709
Keith Olbermann Nick Redfern my man

54
00:02:36,970 --> 00:02:33,920
welcome back how's life by Greg good

55
00:02:40,000 --> 00:02:36,980
good thanks I hear things are excellent

56
00:02:41,830 --> 00:02:40,010
um great so let me ask you real quick

57
00:02:46,660 --> 00:02:41,840
what what did land you on countdown with

58
00:02:48,280 --> 00:02:46,670
Keith Oberman help text me about four

59
00:02:51,220 --> 00:02:48,290
seven or eight years ago now what

60
00:02:53,740 --> 00:02:51,230
happened was that the US Air Force

61
00:02:56,370 --> 00:02:53,750
release document for the terms of the

62
00:02:59,280 --> 00:02:56,380
Freedom of Information Act which

63
00:03:03,789 --> 00:02:59,290

addressed a project that they'd actually

64

00:03:07,449 --> 00:03:03,799

kick-started to try and determine if the

65

00:03:09,159 --> 00:03:07,459

sort of technology that we see on on

66

00:03:12,129 --> 00:03:09,169

Star Trek you know sort of being the up

67

00:03:14,170 --> 00:03:12,139

Scotty type technology could actually be

68

00:03:15,970 --> 00:03:14,180

considered feasible you know if you

69

00:03:18,190 --> 00:03:15,980

could really teleport people from one

70

00:03:20,199 --> 00:03:18,200

place to another and the Air Force kind

71

00:03:22,120 --> 00:03:20,209

of gave it up as a bit of a bad job in

72

00:03:24,069 --> 00:03:22,130

the end but it was interesting that you

73

00:03:26,409 --> 00:03:24,079

know the whole issue of teleportation

74

00:03:29,080 --> 00:03:26,419

was something that sort of Q PI their

75

00:03:31,720 --> 00:03:29,090

minds for a long time and so they had me

76
00:03:33,849 --> 00:03:31,730
on the show talking about you know this

77
00:03:35,849 --> 00:03:33,859
sort of strange of an fiction project

78
00:03:39,250 --> 00:03:35,859
that the Air Force was involved in

79
00:03:41,770 --> 00:03:39,260
that's kind of cool um well you know

80
00:03:43,030 --> 00:03:41,780
your new book the world's weirdest place

81
00:03:45,219 --> 00:03:43,040
is pretty much the book I've been

82
00:03:47,979 --> 00:03:45,229
wanting my whole life because you write

83
00:03:49,150 --> 00:03:47,989
about places your top 25 hot spots for

84
00:03:50,800 --> 00:03:49,160
strangeness

85
00:03:52,680 --> 00:03:50,810
and because it's about places you can

86
00:03:55,450 --> 00:03:52,690
include UFOs the Loch Ness monster

87
00:03:59,440 --> 00:03:55,460
demons ghosts and everything else but

88
00:04:01,630 --> 00:03:59,450

how did you pick your top 25 well I

89

00:04:03,760 --> 00:04:01,640

guess it was one of the situations where

90

00:04:06,400 --> 00:04:03,770

there were certain criteria I was

91

00:04:09,160 --> 00:04:06,410

looking for you know what you know so

92

00:04:10,810 --> 00:04:09,170

for example somebody sees a big 14 one

93

00:04:13,000 --> 00:04:10,820

particular town and then somebody else

94

00:04:15,490 --> 00:04:13,010

knows the haunted house in another town

95

00:04:17,530 --> 00:04:15,500

I don't necessarily make the place

96

00:04:20,380 --> 00:04:17,540

strange you know it just means as one

97

00:04:23,320 --> 00:04:20,390

weird thing took place will happen there

98

00:04:25,270 --> 00:04:23,330

right so what I did was to look at

99

00:04:27,970 --> 00:04:25,280

various places around the world that

100

00:04:31,360 --> 00:04:27,980

seemed to be saturated literally in like

101
00:04:34,270 --> 00:04:31,370
a very very broad range of weird stuff

102
00:04:37,000 --> 00:04:34,280
so in other words if you had like an old

103
00:04:40,000 --> 00:04:37,010
village or isolated town where there

104
00:04:41,590 --> 00:04:40,010
been sightings of UFOs Bigfoot of

105
00:04:45,090 --> 00:04:41,600
werewolves that there was a cult

106
00:04:47,500 --> 00:04:45,100
activity going on paranormal phenomena

107
00:04:50,050 --> 00:04:47,510
portals and window areas and

108
00:04:51,850 --> 00:04:50,060
interdimensional stories and things like

109
00:04:54,970 --> 00:04:51,860
that but they were all situated and

110
00:04:57,280 --> 00:04:54,980
focused on one area then that to me

111
00:04:59,020 --> 00:04:57,290
suggested it was a place that was weird

112
00:05:00,910 --> 00:04:59,030
rather than just the things that were

113
00:05:03,730 --> 00:05:00,920

appearing there so that's what I did was

114

00:05:05,890 --> 00:05:03,740

to sort of pick out 25 places that fell

115

00:05:08,230 --> 00:05:05,900

into that particular category and then

116

00:05:11,440 --> 00:05:08,240

and then sort of focused on the best

117

00:05:13,630 --> 00:05:11,450

ones I could find nice um which one of

118

00:05:16,000 --> 00:05:13,640

my favorite parts which I had never

119

00:05:18,460 --> 00:05:16,010

heard about in the locations only 350

120

00:05:20,740 --> 00:05:18,470

miles from where I live is the stories

121

00:05:24,040 --> 00:05:20,750

of the crazy caverns and death valley

122

00:05:26,110 --> 00:05:24,050

how did those come about well yeah I

123

00:05:29,110 --> 00:05:26,120

guess Valley's an interesting place

124

00:05:32,200 --> 00:05:29,120

there's a lot of weirdness attached to

125

00:05:33,940 --> 00:05:32,210

it and certainly one of one of the

126

00:05:35,920 --> 00:05:33,950

strangest stories coming out of Death

127

00:05:39,340 --> 00:05:35,930

Valley be the tales of what I call the

128

00:05:41,050 --> 00:05:39,350

sailing stones now you can go to certain

129

00:05:42,880 --> 00:05:41,060

parts of Death Valley pretty much any

130

00:05:45,850 --> 00:05:42,890

time of year and you'll see these

131

00:05:48,700 --> 00:05:45,860

massive stones anywhere from sort of 30

132

00:05:51,700 --> 00:05:48,710

pounds to literally like about 107 280

133

00:05:53,620 --> 00:05:51,710

pounds in weight the a sitting skill

134

00:05:55,090 --> 00:05:53,630

like seemingly frozen on the desert

135

00:05:57,040 --> 00:05:55,100

floor but they've got this long track

136

00:05:59,830 --> 00:05:57,050

behind them as if they've literally

137

00:06:01,630 --> 00:05:59,840

moved across the desert surface so in

138

00:06:02,710 --> 00:06:01,640

some cases you either go to a couple of

139

00:06:04,660 --> 00:06:02,720

miles

140

00:06:07,090 --> 00:06:04,670

they even appear on occasion I've

141

00:06:09,870 --> 00:06:07,100

actually done like a 180 degree turn and

142

00:06:12,760 --> 00:06:09,880

gone back the working both came so an

143

00:06:16,090 --> 00:06:12,770

yeah it is it's very weird now a number

144

00:06:17,890 --> 00:06:16,100

of sort of very down-to-earth scenarios

145

00:06:19,960 --> 00:06:17,900

that they put forward that initially at

146

00:06:22,780 --> 00:06:19,970

least do seem to make sense the idea is

147

00:06:25,270 --> 00:06:22,790

that you know Death Valley is a very dry

148

00:06:27,730 --> 00:06:25,280

and hot location so the desert floor is

149

00:06:30,130 --> 00:06:27,740

like solid but sometimes they have these

150

00:06:33,010 --> 00:06:30,140

very out-of-the-blue sudden floods and

151

00:06:35,170 --> 00:06:33,020

downpours and very heavy rain so in

152

00:06:38,040 --> 00:06:35,180

other words the desert floor goes from

153

00:06:40,240 --> 00:06:38,050

being very hard to very muddy and

154

00:06:43,510 --> 00:06:40,250

because it has these hard surface the

155

00:06:46,180 --> 00:06:43,520

water settles on top of the hard sand

156

00:06:48,370 --> 00:06:46,190

and so the theory is that when like a

157

00:06:51,820 --> 00:06:48,380

very large wind blows through the valley

158

00:06:54,750 --> 00:06:51,830

is it possible that that tremendous wind

159

00:06:57,310 --> 00:06:54,760

and that thin veneer of water actually

160

00:06:59,140 --> 00:06:57,320

is enough of a skim ulis to sort of get

161

00:07:01,030 --> 00:06:59,150

the stones moving kind of like a you

162

00:07:03,640 --> 00:07:01,040

know a little bolt on a body of water

163

00:07:05,980 --> 00:07:03,650

surface move and that when the sand

164

00:07:09,159 --> 00:07:05,990

dries up you know the stone comes to a

165

00:07:11,620 --> 00:07:09,169

grinding halt now the only problems with

166

00:07:13,690 --> 00:07:11,630

those theories and number one is the

167

00:07:15,820 --> 00:07:13,700

fact that numerous scientists and

168

00:07:17,530 --> 00:07:15,830

university teams and all sorts of people

169

00:07:21,250 --> 00:07:17,540

have been out there now being together

170

00:07:23,590 --> 00:07:21,260

actually cause the the stones in

171

00:07:26,140 --> 00:07:23,600

movement and that even involves you know

172

00:07:28,120 --> 00:07:26,150

sort of late night stop-motion cameras

173

00:07:30,490 --> 00:07:28,130

that are put out you know to film

174

00:07:32,710 --> 00:07:30,500

anything that suddenly moves in both um

175

00:07:34,960 --> 00:07:32,720

picked it up and of course the other big

176

00:07:36,790 --> 00:07:34,970

problem is that because some of these

177

00:07:40,060 --> 00:07:36,800

stones literally weigh in the order of

178

00:07:41,500 --> 00:07:40,070

170 hundred eighty pounds a number of

179

00:07:45,070 --> 00:07:41,510

scientists have suggested it's a very

180

00:07:47,440 --> 00:07:45,080

dubious scenario to suggest that wind

181

00:07:49,360 --> 00:07:47,450

even if it was a thin veneer of water

182

00:07:51,190 --> 00:07:49,370

could actually kick-start stones

183

00:07:53,200 --> 00:07:51,200

weighing close on two hundred pound

184

00:07:55,480 --> 00:07:53,210

right now it's one thing to suggest they

185

00:07:57,730 --> 00:07:55,490

could keep them moving when the momentum

186

00:07:59,350 --> 00:07:57,740

is going but could they actually start

187

00:08:02,740 --> 00:07:59,360

them moving I mean that that's a very

188

00:08:05,170 --> 00:08:02,750

you know valid question so it you know

189

00:08:07,120 --> 00:08:05,180

it's a deep mystery that anyone can go

190

00:08:09,040 --> 00:08:07,130

out there and see but you know for more

191

00:08:10,930 --> 00:08:09,050

than a hundred years of people knowing

192

00:08:14,440 --> 00:08:10,940

about it now being actually solve the

193

00:08:15,730 --> 00:08:14,450

puzzle yeah and what about these crazy

194

00:08:18,610 --> 00:08:15,740

arm

195

00:08:22,600 --> 00:08:18,620

these stories of massive caverns

196

00:08:26,110 --> 00:08:22,610

underneath the Death Valley area and the

197

00:08:28,659 --> 00:08:26,120

weird discoveries there yeah well these

198

00:08:30,610 --> 00:08:28,669

go back to roughly the 1920s and

199

00:08:32,829 --> 00:08:30,620

particularly through the 1930s when a

200

00:08:35,560 --> 00:08:32,839

number of I guess so-called Indiana

201
00:08:38,769 --> 00:08:35,570
Jones type adventurers and explorers

202
00:08:40,510 --> 00:08:38,779
claimed to have discovered or stumbled

203
00:08:41,889 --> 00:08:40,520
upon in some cases whether literally

204
00:08:46,000 --> 00:08:41,899
planes have sort of fallen through the

205
00:08:49,420 --> 00:08:46,010
ground these very deep caverns deep

206
00:08:51,610 --> 00:08:49,430
below Death Valley which rather than

207
00:08:53,290 --> 00:08:51,620
being you know just regular normal caves

208
00:08:54,220 --> 00:08:53,300
and caverns that we've all been into at

209
00:08:56,860 --> 00:08:54,230
one time or another

210
00:08:59,130 --> 00:08:56,870
these were reportedly filled with what

211
00:09:01,900 --> 00:08:59,140
appear to be evidence of ancient

212
00:09:04,360 --> 00:09:01,910
civilizations in the u.s. that you know

213
00:09:06,670 --> 00:09:04,370

came along far beyond even the Native

214

00:09:09,519 --> 00:09:06,680

American tribes and things like that for

215

00:09:11,410 --> 00:09:09,529

example a number of these explorers and

216

00:09:14,530 --> 00:09:11,420

adventurers talked about coming across

217

00:09:15,870 --> 00:09:14,540

what seemed to be probably closest thing

218

00:09:19,420 --> 00:09:15,880

you could imagine to like a sunken

219

00:09:23,889 --> 00:09:19,430

ancient Roman or Egyptian city you know

220

00:09:25,870 --> 00:09:23,899

sort of ancient treasures sort of

221

00:09:28,360 --> 00:09:25,880

pillars and you know sort of Greek type

222

00:09:29,949 --> 00:09:28,370

pillars and buildings some of them of

223

00:09:33,040 --> 00:09:29,959

course in like a very ruined State

224

00:09:34,420 --> 00:09:33,050

that's suggesting that you know could

225

00:09:36,880 --> 00:09:34,430

there have been an ancient civilization

226

00:09:39,400 --> 00:09:36,890

that existed in the United States

227

00:09:41,199 --> 00:09:39,410

possibly even tens and tens of thousand

228

00:09:45,060 --> 00:09:41,209

years ago that vanished without a trace

229

00:09:47,440 --> 00:09:45,070

and of these remaining remnants of them

230

00:09:51,190 --> 00:09:47,450

people talked about seeing sort of

231

00:09:53,980 --> 00:09:51,200

mummified figures in regal clothing and

232

00:09:55,600 --> 00:09:53,990

things like that the big problem of

233

00:09:57,490 --> 00:09:55,610

course he's not that the people

234

00:10:00,100 --> 00:09:57,500

themselves weren't credible or weren't

235

00:10:01,269 --> 00:10:00,110

named I mean I actually point out in the

236

00:10:03,610 --> 00:10:01,279

book that all the people made these

237

00:10:05,920 --> 00:10:03,620

claims need some of their court the

238

00:10:08,500 --> 00:10:05,930

problem is that they were very reticent

239

00:10:11,410 --> 00:10:08,510

to reveal the exact locations in Death

240

00:10:14,260 --> 00:10:11,420

Valley where they'd stumbled upon this

241

00:10:17,260 --> 00:10:14,270

sort of alleged priceless underground

242

00:10:18,430 --> 00:10:17,270

realm if you like and I guess the main

243

00:10:21,460 --> 00:10:18,440

reason was you know they didn't want

244

00:10:23,410 --> 00:10:21,470

anybody else's we beat them to the to

245

00:10:25,060 --> 00:10:23,420

getting the secret out or plundering all

246

00:10:27,640 --> 00:10:25,070

the you know the treasures that were

247

00:10:29,260 --> 00:10:27,650

down there but what was interesting is

248

00:10:31,180 --> 00:10:29,270

that these stories and the people

249

00:10:33,820 --> 00:10:31,190

sells kind of literally vanished without

250

00:10:36,250 --> 00:10:33,830

a trace which sort of led to speculation

251
00:10:39,310 --> 00:10:36,260
that maybe they went back there and got

252
00:10:41,560 --> 00:10:39,320
lost inside got trapped died or either

253
00:10:43,240 --> 00:10:41,570
some people think you know what if the

254
00:10:44,680 --> 00:10:43,250
survivors of these civilizations are

255
00:10:45,040 --> 00:10:44,690
still down there and don't want us to

256
00:10:51,940 --> 00:10:45,050
know

257
00:10:54,760 --> 00:10:51,950
you're really lucky so the lot of weird

258
00:10:56,230 --> 00:10:54,770
controversies like that concern in you

259
00:10:59,230 --> 00:10:56,240
know what might be going on not

260
00:11:02,380 --> 00:10:59,240
necessarily just on Death Valley but way

261
00:11:03,970 --> 00:11:02,390
below it as well yeah that is that to me

262
00:11:06,130 --> 00:11:03,980
was the craziest story and whenever I

263
00:11:07,870 --> 00:11:06,140

hear these a new story about like EI

264

00:11:09,850 --> 00:11:07,880

Dorado or something I'm like why aren't

265

00:11:11,440 --> 00:11:09,860

people searching for this stuff and I

266

00:11:14,050 --> 00:11:11,450

mean this is so close to my house it's

267

00:11:16,180 --> 00:11:14,060

like a trip to Vegas and I mean are

268

00:11:18,520 --> 00:11:16,190

there anybody the person who you might

269

00:11:20,410 --> 00:11:18,530

have supposed to find you well I mean

270

00:11:22,030 --> 00:11:20,420

are there any modern expeditions that

271

00:11:24,340 --> 00:11:22,040

you know of I feel like I should check

272

00:11:25,750 --> 00:11:24,350

this out well that's the interesting

273

00:11:28,360 --> 00:11:25,760

thing that actually isn't

274

00:11:30,400 --> 00:11:28,370

but the biggest irony of all is when

275

00:11:32,800 --> 00:11:30,410

press conferences were held in Los

276

00:11:35,050 --> 00:11:32,810

Angeles in the 30s when the people

277

00:11:37,240 --> 00:11:35,060

involved we're talking about this they

278

00:11:39,190 --> 00:11:37,250

actually made an offer to love the local

279

00:11:41,500 --> 00:11:39,200

archaeological groups and scientific

280

00:11:43,240 --> 00:11:41,510

communities and universities to send

281

00:11:45,070 --> 00:11:43,250

people along and a lot of these

282

00:11:47,650 --> 00:11:45,080

scientists and archaeologists sort of

283

00:11:50,020 --> 00:11:47,660

very fearful of upsetting their own

284

00:11:51,250 --> 00:11:50,030

reputations well I oh no you know we're

285

00:11:53,140 --> 00:11:51,260

not going to get involved in this and

286

00:11:54,790 --> 00:11:53,150

you know end up looking like idiots and

287

00:11:58,480 --> 00:11:54,800

each and every one of them actually

288

00:12:00,280 --> 00:11:58,490

refused the invite to come along so they

289

00:12:01,720 --> 00:12:00,290

just didn't want to know so in other

290

00:12:04,480 --> 00:12:01,730

words that's been something that's

291

00:12:06,880 --> 00:12:04,490

typifies many of these stories that

292

00:12:09,160 --> 00:12:06,890

mainstream science and historians

293

00:12:11,530 --> 00:12:09,170

they're far more worried about their

294

00:12:13,900 --> 00:12:11,540

reputations than they are stumbling upon

295

00:12:15,250 --> 00:12:13,910

something fantastic and so that's why

296

00:12:18,690 --> 00:12:15,260

there's been a big stumbling block but

297

00:12:20,950 --> 00:12:18,700

nobody in a position of authority or

298

00:12:23,880 --> 00:12:20,960

importance has actually taken the time

299

00:12:26,830 --> 00:12:23,890

to look for these places so yeah maybe

300

00:12:30,790 --> 00:12:26,840

70 80 years later now is it no time to

301

00:12:33,490 --> 00:12:30,800

do it yeah now let me ask you this is

302

00:12:35,140 --> 00:12:33,500

kind of a just a random question but of

303

00:12:37,360 --> 00:12:35,150

all the crazy stories you've heard

304

00:12:39,940 --> 00:12:37,370

because I know you've heard a lot uh if

305

00:12:41,590 --> 00:12:39,950

you could finance any expedition just

306

00:12:42,940 --> 00:12:41,600

one for a supposed treasure or

307

00:12:45,250 --> 00:12:42,950

mysterious finding

308

00:12:47,530 --> 00:12:45,260

and you could be the one who has that

309

00:12:51,280 --> 00:12:47,540

information what expedition would you

310

00:12:54,880 --> 00:12:51,290

fund um that's a good question that I

311

00:12:57,250 --> 00:12:54,890

just thought of that but yeah well you

312

00:12:59,170 --> 00:12:57,260

know I mean I actually think some of

313

00:13:02,230 --> 00:12:59,180

these things like Death Valley in EI

314

00:13:04,120 --> 00:13:02,240

Dorado and I also talk in the book about

315

00:13:06,520 --> 00:13:04,130

similar stories that are applied to

316

00:13:09,310 --> 00:13:06,530

Mount Shasta in California weather

317

00:13:12,210 --> 00:13:09,320

rumors of ancient civilizations like

318

00:13:15,070 --> 00:13:12,220

Lemuria and Atlantis supposedly

319

00:13:17,290 --> 00:13:15,080

surviving relics living again deep in

320

00:13:19,480 --> 00:13:17,300

the caverns of Mount Shasta and I think

321

00:13:21,420 --> 00:13:19,490

you know the story about underground

322

00:13:24,190 --> 00:13:21,430

realms and ancient civilizations

323

00:13:27,040 --> 00:13:24,200

fascinate people and I think not only

324

00:13:29,410 --> 00:13:27,050

would it be a fantastic discovery from a

325

00:13:32,620 --> 00:13:29,420

you know the perspective of what you

326

00:13:36,550 --> 00:13:32,630

might actually find in terms of you know

327

00:13:39,460 --> 00:13:36,560

sort of the just ancient weaponry

328

00:13:41,320 --> 00:13:39,470

clothing treasures that sort of thing

329

00:13:43,540 --> 00:13:41,330

but equally the way in which he would

330

00:13:46,900 --> 00:13:43,550

sort of rewrite our history books as a

331

00:13:48,820 --> 00:13:46,910

species and a civilization and I think

332

00:13:50,560 --> 00:13:48,830

you know and also just for the fact that

333

00:13:54,160 --> 00:13:50,570

it would be great adventure you know to

334

00:13:56,230 --> 00:13:54,170

go on one of these tracks so I think for

335

00:13:59,200 --> 00:13:56,240

me something along those lines you know

336

00:14:01,510 --> 00:13:59,210

a literal Indiana Jones track into the

337

00:14:03,730 --> 00:14:01,520

mysteries of the past and you know sort

338

00:14:05,740 --> 00:14:03,740

of climbing mountains and swinging

339

00:14:08,160 --> 00:14:05,750

through caverns and you know that sort

340

00:14:10,690 --> 00:14:08,170

of stuff is a cool one to do of course

341

00:14:13,480 --> 00:14:10,700

so I believe you actually said you've

342

00:14:18,160 --> 00:14:13,490

been to about 15 or so the 25 spots in

343

00:14:19,330 --> 00:14:18,170

the book which yeah I mean well I was

344

00:14:20,950 --> 00:14:19,340

going to ask you which one you thought

345

00:14:22,750 --> 00:14:20,960

was the creepiest or weirdest if

346

00:14:25,900 --> 00:14:22,760

somebody wanted to visit one and maybe

347

00:14:28,150 --> 00:14:25,910

come back with a good story yeah well I

348

00:14:29,920 --> 00:14:28,160

think personally I would say it's

349

00:14:31,720 --> 00:14:29,930

getting one which is only sort of like a

350

00:14:32,950 --> 00:14:31,730

six or seven hours drive from where I

351

00:14:36,010 --> 00:14:32,960

still live in Britain and that would be

352

00:14:37,840 --> 00:14:36,020

Loch Ness Scotland now you know when you

353

00:14:40,030 --> 00:14:37,850

think a lot less everybody thinks the

354

00:14:42,730 --> 00:14:40,040

Loch Ness monster which in itself is

355

00:14:46,150 --> 00:14:42,740

weird enough but what makes loch ness

356

00:14:49,090 --> 00:14:46,160

even stranger is the fact that it's been

357

00:14:51,730 --> 00:14:49,100

the site of numerous sort of paranormal

358

00:14:53,830 --> 00:14:51,740

and supernatural activity that goes far

359

00:14:55,960 --> 00:14:53,840

beyond Nessie you know which is

360

00:14:57,070 --> 00:14:55,970

obviously most famous story there but

361

00:14:59,530 --> 00:14:57,080

over the years

362

00:15:01,480 --> 00:14:59,540

have been add just a massive amount of

363

00:15:03,790 --> 00:15:01,490

strangers for example back at the

364

00:15:05,890 --> 00:15:03,800

dawning of the 20th century sort of a

365

00:15:08,140 --> 00:15:05,900

hundred hundred and ten years ago none

366

00:15:10,270 --> 00:15:08,150

other than the famous occultist Aleister

367

00:15:12,130 --> 00:15:10,280

Crowley actually had a house on the

368

00:15:15,160 --> 00:15:12,140

shores of Loch Ness called Alaskan house

369

00:15:18,460 --> 00:15:15,170

and he engaged in a number of sort of

370

00:15:20,820 --> 00:15:18,470

ancient occult rites and rituals to try

371

00:15:23,290 --> 00:15:20,830

and conjure up demons from the lock and

372

00:15:25,210 --> 00:15:23,300

bless King House was later owned by

373

00:15:28,930 --> 00:15:25,220

Jimmy Page the guitarist with Led

374

00:15:30,730 --> 00:15:28,940

Zeppelin and even in the 70s Page said

375

00:15:33,850 --> 00:15:30,740

that the house had be sort of weird

376

00:15:35,560 --> 00:15:33,860

ominous atmosphere to it but the house

377

00:15:38,200 --> 00:15:35,570

itself there's also a deep underground

378

00:15:40,420 --> 00:15:38,210

tunnel which links to a local cemetery

379

00:15:43,150 --> 00:15:40,430

which was and this sort of tunneled out

380

00:15:46,930 --> 00:15:43,160

area was supposedly a safe haven for a

381

00:15:49,390 --> 00:15:46,940

local witch coven on top of that had

382

00:15:52,600 --> 00:15:49,400

been a number of UFO sightings over the

383

00:15:55,930 --> 00:15:52,610

Loch been reports of large black panther

384

00:16:00,070 --> 00:15:55,940

type cats roaming around the woods that

385

00:16:03,280 --> 00:16:00,080

sits either side of the lock and in 1974

386

00:16:05,290 --> 00:16:03,290

a well-known Loch Ness monster hunter

387

00:16:07,080 --> 00:16:05,300

named Ted Holliday who actually came to

388

00:16:09,280 --> 00:16:07,090

believe that the Loch Ness monster was

389

00:16:11,290 --> 00:16:09,290

supernatural rather than the

390

00:16:13,660 --> 00:16:11,300

flesh-and-blood animal he claimed to had

391

00:16:16,810 --> 00:16:13,670

a literal encounter with a man in black

392

00:16:18,610 --> 00:16:16,820

on the shores of the Loch you know so

393

00:16:20,410 --> 00:16:18,620

you've got all this extra weird and it's

394

00:16:22,420 --> 00:16:20,420

going on at like this that most people

395

00:16:24,700 --> 00:16:22,430

know absolutely nothing about and

396

00:16:26,620 --> 00:16:24,710

there's also a ghost story from the

397

00:16:29,710 --> 00:16:26,630

second world war when a British military

398

00:16:31,330 --> 00:16:29,720

plane crashed in the Loch and all that

399

00:16:33,610 --> 00:16:31,340

one of the crew managed to survive and

400

00:16:36,850 --> 00:16:33,620

get out but there's reports of this one

401
00:16:39,160 --> 00:16:36,860
Croom and where these ghost still haunts

402
00:16:41,590 --> 00:16:39,170
the waters in the beach area of the

403
00:16:42,790 --> 00:16:41,600
block where the plane came down so you

404
00:16:46,270 --> 00:16:42,800
know you've got everything you've got a

405
00:16:50,140 --> 00:16:46,280
lot less monster Aleister Crowley occult

406
00:16:52,180 --> 00:16:50,150
rituals UFO black cats and a man in

407
00:16:53,530 --> 00:16:52,190
black you know oh you're not max so

408
00:16:55,990 --> 00:16:53,540
that's what that's pretty weighted

409
00:16:58,510 --> 00:16:56,000
itself oh yeah Pandora's box of

410
00:17:00,340 --> 00:16:58,520
weirdness yeah you know one of my

411
00:17:02,610 --> 00:17:00,350
favorite places that made the cut in a

412
00:17:05,230 --> 00:17:02,620
very sexy mystery the Bermuda Triangle

413
00:17:07,270 --> 00:17:05,240

obviously a lot of sea and aircrafts

414

00:17:09,280 --> 00:17:07,280

have gone missing there but I guess

415

00:17:10,360 --> 00:17:09,290

skeptics would just say well the oceans

416

00:17:12,699 --> 00:17:10,370

[h__\h] dangerous man

417

00:17:15,910 --> 00:17:12,709

but some vessels have had they've had

418

00:17:19,569 --> 00:17:15,920

even a radio contact before disappearing

419

00:17:20,890 --> 00:17:19,579

right like that flight 19 yeah I mean

420

00:17:22,510 --> 00:17:20,900

this is the thing I mean I actually

421

00:17:24,490 --> 00:17:22,520

would agree with it and I do agree with

422

00:17:26,590 --> 00:17:24,500

this Gettys when they say if you get a

423

00:17:29,020 --> 00:17:26,600

guy on the oceans whether it's in ships

424

00:17:31,390 --> 00:17:29,030

or aircraft if you're not sort of a

425

00:17:35,350 --> 00:17:31,400

skilled navigator people can become

426

00:17:37,630 --> 00:17:35,360

disoriented and confused you know but if

427

00:17:39,730 --> 00:17:37,640

you rely on your instruments and follow

428

00:17:42,610 --> 00:17:39,740

your compass and everything else there

429

00:17:43,930 --> 00:17:42,620

really isn't a problem and so in that

430

00:17:45,790 --> 00:17:43,940

sense you tell me know if you're

431

00:17:50,260 --> 00:17:45,800

stranded out there and you just got no

432

00:17:52,000 --> 00:17:50,270

as a technical any tech technology to

433

00:17:52,510 --> 00:17:52,010

fall back on then you can be in big

434

00:17:54,220 --> 00:17:52,520

trouble

435

00:17:56,830 --> 00:17:54,230

but if you also have a skilled navigator

436

00:17:58,750 --> 00:17:56,840

a pilot or a captain of a ship you

437

00:18:01,600 --> 00:17:58,760

should be ok but the problem is that

438

00:18:03,010 --> 00:18:01,610

many people who travel through the

439

00:18:05,590 --> 00:18:03,020

reviewed a triangle whether it's in

440

00:18:08,470 --> 00:18:05,600

ships boats or aircraft and you know

441

00:18:12,850 --> 00:18:08,480

from large to small aircraft they report

442

00:18:14,230 --> 00:18:12,860

things like massive compass malfunction

443

00:18:17,500 --> 00:18:14,240

where the compasses either just stop

444

00:18:19,210 --> 00:18:17,510

working or they just spin wildly so the

445

00:18:21,610 --> 00:18:19,220

people are unable to differentiate

446

00:18:25,810 --> 00:18:21,620

between are they going north east so

447

00:18:28,180 --> 00:18:25,820

West law or rounding circles you know so

448

00:18:30,280 --> 00:18:28,190

that's a big problem and a number of

449

00:18:33,070 --> 00:18:30,290

people missing low gets very weird a

450

00:18:34,390 --> 00:18:33,080

reporting feeling mentally disoriented

451
00:18:36,280 --> 00:18:34,400
is if they're sort of common-sense

452
00:18:37,960 --> 00:18:36,290
factors have gone out the window

453
00:18:41,830 --> 00:18:37,970
and that kind of flies to the most

454
00:18:44,860 --> 00:18:41,840
famous case of flight 19 this an entire

455
00:18:46,419 --> 00:18:44,870
flight of Navy US Navy event Avenger

456
00:18:49,540 --> 00:18:46,429
aircraft that disappeared in the

457
00:18:52,330 --> 00:18:49,550
Triangle in December 1945 this is like a

458
00:18:54,160 --> 00:18:52,340
as I said a whole fleet of aircraft and

459
00:18:55,690 --> 00:18:54,170
even one of the search planes that when

460
00:18:58,060 --> 00:18:55,700
looking for them vanished without a

461
00:19:01,570 --> 00:18:58,070
trace as well but what was interesting

462
00:19:03,669 --> 00:19:01,580
is that these this particular unit of

463
00:19:06,750 --> 00:19:03,679

Avenger aircraft they're based out in

464

00:19:10,450 --> 00:19:06,760

Florida so they knew the area very well

465

00:19:12,640 --> 00:19:10,460

and so they headed from inflater out

466

00:19:16,000 --> 00:19:12,650

into the Atlantic which of course you

467

00:19:19,930 --> 00:19:16,010

know you had east out of the US mainland

468

00:19:22,870 --> 00:19:19,940

and they reported how the sky look weird

469

00:19:23,800 --> 00:19:22,880

the small islands that populated that

470

00:19:26,020 --> 00:19:23,810

particular

471

00:19:28,270 --> 00:19:26,030

strange which in themselves strange

472

00:19:30,400 --> 00:19:28,280

words and phrases to use and they didn't

473

00:19:31,980 --> 00:19:30,410

actually explain what they meant other

474

00:19:35,620 --> 00:19:31,990

than things didn't look like they should

475

00:19:37,270 --> 00:19:35,630

but what was even stranger was that you

476

00:19:40,480 --> 00:19:37,280

know if you had a way into the Atlantic

477

00:19:42,160 --> 00:19:40,490

and you had East and into all the sea

478

00:19:43,570 --> 00:19:42,170

into the Atlantic Ocean and your lust

479

00:19:46,270 --> 00:19:43,580

well only God there is looking your

480

00:19:49,120 --> 00:19:46,280

compass and swing round and go west and

481

00:19:50,620 --> 00:19:49,130

in a short time you'll reach land again

482

00:19:53,020 --> 00:19:50,630

you know that everybody you don't have

483

00:19:55,060 --> 00:19:53,030

to be Einstein to know that you know if

484

00:19:56,170 --> 00:19:55,070

you're going easily down like going that

485

00:19:59,230 --> 00:19:56,180

whale you know you've got to go the

486

00:20:00,760 --> 00:19:59,240

opposite way just do a complete 180 they

487

00:20:03,220 --> 00:20:00,770

didn't even think to do that they just

488

00:20:06,220 --> 00:20:03,230

Nixon flew around in circles and then

489

00:20:08,830 --> 00:20:06,230

their radio messages got weaker and

490

00:20:10,270 --> 00:20:08,840

weaker and vanish one by one now people

491

00:20:13,390 --> 00:20:10,280

said well maybe they ditched in the

492

00:20:15,190 --> 00:20:13,400

ocean the problem is that no aircraft

493

00:20:16,960 --> 00:20:15,200

decade has ever found their bodies are

494

00:20:19,810 --> 00:20:16,970

found and the readings sort of no

495

00:20:21,550 --> 00:20:19,820

tell-tale oil slick or gasoline slick or

496

00:20:24,280 --> 00:20:21,560

anything like that from any of the

497

00:20:25,750 --> 00:20:24,290

aircraft or even the chase plane that

498

00:20:28,090 --> 00:20:25,760

went after them for all intents and

499

00:20:30,880 --> 00:20:28,100

purposes they just literally all

500

00:20:32,320 --> 00:20:30,890

disappeared so while I do admit that you

501
00:20:35,080 --> 00:20:32,330
know you had give up some very careful

502
00:20:36,910 --> 00:20:35,090
when you're in the oceans that case more

503
00:20:38,980 --> 00:20:36,920
than any other is a real sort of

504
00:20:42,040 --> 00:20:38,990
standout one in terms of you know

505
00:20:44,050 --> 00:20:42,050
containing all the aspects and of these

506
00:20:46,510 --> 00:20:44,060
sort of classic encounters in the

507
00:20:50,050 --> 00:20:46,520
Bermuda Triangle and do you think it's

508
00:20:52,300 --> 00:20:50,060
like a magnetic anomaly do you think

509
00:20:54,300 --> 00:20:52,310
it's like a doorway of some kind like an

510
00:20:57,250 --> 00:20:54,310
interdimensional portal or something

511
00:20:59,260 --> 00:20:57,260
well you know I kind of are trying to

512
00:21:01,690 --> 00:20:59,270
look at it from both angles really I

513
00:21:03,580 --> 00:21:01,700

mean there are stories where people have

514

00:21:05,320 --> 00:21:03,590

talked about flying to the theater child

515

00:21:08,470 --> 00:21:05,330

it's suddenly going through this very

516

00:21:11,050 --> 00:21:08,480

eared and here weird an eerie looking

517

00:21:13,060 --> 00:21:11,060

green fog and when that's when their

518

00:21:16,420 --> 00:21:13,070

equipment starts to malfunction like

519

00:21:18,820 --> 00:21:16,430

compasses and other navigation equipment

520

00:21:21,220 --> 00:21:18,830

and then they come through it and

521

00:21:23,830 --> 00:21:21,230

realize well you know they're just bent

522

00:21:26,590 --> 00:21:23,840

over you to try and survive it but there

523

00:21:29,110 --> 00:21:26,600

are other stories where you know ships

524

00:21:31,390 --> 00:21:29,120

are vanished almost if they're being

525

00:21:33,400 --> 00:21:31,400

sucked down or something like that but

526

00:21:35,290 --> 00:21:33,410

one of the things that typifies many of

527

00:21:37,330 --> 00:21:35,300

these cases would be never find wreckage

528

00:21:40,330 --> 00:21:37,340

we never find bodies so that's house key

529

00:21:42,340 --> 00:21:40,340

rise to the idea of so-called portals

530

00:21:44,560 --> 00:21:42,350

and window areas which I talk about a

531

00:21:46,869 --> 00:21:44,570

lot in the book for example things today

532

00:21:49,749 --> 00:21:46,879

like quantum physics are allowing for

533

00:21:52,149 --> 00:21:49,759

the existence of extra dimensions or

534

00:21:54,730 --> 00:21:52,159

multi dimensions that might color exist

535

00:21:56,860 --> 00:21:54,740

with ours and perhaps perhaps you know

536

00:21:59,259 --> 00:21:56,870

through deliberate means or possibly

537

00:22:01,600 --> 00:21:59,269

even natural means by science that we

538

00:22:03,879 --> 00:22:01,610

don't understand yet sometimes that's

539

00:22:05,739 --> 00:22:03,889

our realm of reality crosses paths with

540

00:22:07,930 --> 00:22:05,749

other ones and something gets sucked

541

00:22:09,970 --> 00:22:07,940

through and then is not able to get back

542

00:22:12,249 --> 00:22:09,980

again you know and vice versa maybe

543

00:22:14,710 --> 00:22:12,259

sometimes when we see weird creatures

544

00:22:16,450 --> 00:22:14,720

like Bigfoot that are here one minute

545

00:22:18,369 --> 00:22:16,460

and gone the next maybe they're doing

546

00:22:19,389 --> 00:22:18,379

exactly the same thing you know perhaps

547

00:22:24,009 --> 00:22:19,399

they sort of almost like

548

00:22:26,859 --> 00:22:24,019

dimension-hopping yeah it's it's kind of

549

00:22:30,489 --> 00:22:26,869

an anomalous place but it does seem like

550

00:22:33,310 --> 00:22:30,499

one of the hot beds for weirdness I

551
00:22:35,919 --> 00:22:33,320
guess another really good one is North

552
00:22:38,139 --> 00:22:35,929
Wales and the Berwyn Mountains there's a

553
00:22:39,700 --> 00:22:38,149
pretty crazy UFO crash story there I'm

554
00:22:40,960 --> 00:22:39,710
surprised that ones now more talked

555
00:22:44,139 --> 00:22:40,970
about it should be more famous in

556
00:22:46,950 --> 00:22:44,149
Roswell well I didn't get the Berlin

557
00:22:49,840 --> 00:22:46,960
mounted is this huge a very very ancient

558
00:22:51,970 --> 00:22:49,850
mountain range in North Wales and even

559
00:22:54,070 --> 00:22:51,980
today you know the area itself hasn't

560
00:22:56,529 --> 00:22:54,080
changed much for centuries it kind of I

561
00:22:58,960 --> 00:22:56,539
mean it sort of populated by these sort

562
00:23:01,659 --> 00:22:58,970
of classic little British villages you

563
00:23:03,730 --> 00:23:01,669

know where there's one covered graveyard

564

00:23:06,190 --> 00:23:03,740

and a bunch of cottages and things like

565

00:23:07,659 --> 00:23:06,200

that you know and it's like something

566

00:23:09,669 --> 00:23:07,669

straight a lot of the villages like

567

00:23:11,169 --> 00:23:09,679

something even today straight out of the

568

00:23:11,759 --> 00:23:11,179

Hound of the Baskervilles or something

569

00:23:16,269 --> 00:23:11,769

like that

570

00:23:18,399 --> 00:23:16,279

and so it's a very atmospheric areas of

571

00:23:21,039 --> 00:23:18,409

a steeped in ancient mystery and the

572

00:23:24,430 --> 00:23:21,049

bowings are sort of typify degan by not

573

00:23:26,529 --> 00:23:24,440

just one mystery but several not too far

574

00:23:29,379 --> 00:23:26,539

from the the foot of the mountain range

575

00:23:31,690 --> 00:23:29,389

is a lake called Lake valor and Lake

576

00:23:33,369 --> 00:23:31,700

valour as a lake monster tradition

577

00:23:35,799 --> 00:23:33,379

attached to it not unlike that of the

578

00:23:38,799 --> 00:23:35,809

Loch Ness monster me whereas the crater

579

00:23:39,669 --> 00:23:38,809

Loch Ness is known as messy lake bowers

580

00:23:43,180 --> 00:23:39,679

is called tegi

581

00:23:45,070 --> 00:23:43,190

and the story or the lots of stories as

582

00:23:47,409 --> 00:23:45,080

to what this creature or creatures might

583

00:23:51,010 --> 00:23:47,419

be everything from like a giant

584

00:23:53,620 --> 00:23:51,020

sort of mutated pike or possibly sort of

585

00:23:55,090 --> 00:23:53,630

12 to 13 feet long other papers

586

00:23:57,760 --> 00:23:55,100

suggested something like a freshwater

587

00:24:00,010 --> 00:23:57,770

crocodile some people think it could be

588

00:24:02,590 --> 00:24:00,020

a totally unknown animal you know we

589

00:24:05,200 --> 00:24:02,600

just don't really know until or if we

590

00:24:07,570 --> 00:24:05,210

have a catch one of these things but on

591

00:24:10,690 --> 00:24:07,580

top of that in the name Berlin itself

592

00:24:12,640 --> 00:24:10,700

and sort of like a derivation from two

593

00:24:15,520 --> 00:24:12,650

words which essentially sort of mean

594

00:24:18,970 --> 00:24:15,530

kingdom of the fairies and that in

595

00:24:21,310 --> 00:24:18,980

itself is intriguing but the most famous

596

00:24:25,300 --> 00:24:21,320

mystery attached to the Berlin mountains

597

00:24:27,070 --> 00:24:25,310

occurred in January 1974 when local

598

00:24:29,680 --> 00:24:27,080

villages in the area reported seeing

599

00:24:32,050 --> 00:24:29,690

strange lights in the sky and then

600

00:24:34,300 --> 00:24:32,060

feeling what sounded like the impact of

601
00:24:38,680 --> 00:24:34,310
something crashing onto the side of a

602
00:24:41,980 --> 00:24:38,690
mountain and because of this emergency

603
00:24:44,170 --> 00:24:41,990
services came out the British Army and

604
00:24:47,080 --> 00:24:44,180
the Royal Air Force sent planes to fly

605
00:24:49,720 --> 00:24:47,090
over the mountain and Land Rovers went

606
00:24:51,670 --> 00:24:49,730
up there and you know trucks full of

607
00:24:53,350 --> 00:24:51,680
troops and a lot of stories went world's

608
00:24:55,810 --> 00:24:53,360
being cordoned off by the military

609
00:24:59,020 --> 00:24:55,820
preventing even the police and getting

610
00:25:00,550 --> 00:24:59,030
up there and the official story

611
00:25:03,070 --> 00:25:00,560
the British government and the Ministry

612
00:25:07,660 --> 00:25:03,080
of Defence don't actually avoid talking

613
00:25:09,970 --> 00:25:07,670

about this event in January 74 but they

614

00:25:11,710 --> 00:25:09,980

say that the strange lights in the sky

615

00:25:15,640 --> 00:25:11,720

were meteors we entering the Earth's

616

00:25:17,560 --> 00:25:15,650

atmosphere and that the presumed impact

617

00:25:20,380 --> 00:25:17,570

on the mountain was a localized

618

00:25:22,120 --> 00:25:20,390

earthquake but if that was the case then

619

00:25:25,300 --> 00:25:22,130

it's very weird that there should have

620

00:25:27,610 --> 00:25:25,310

been this reentry of meteorites right

621

00:25:28,750 --> 00:25:27,620

over the Bur winds at the same time that

622

00:25:31,030 --> 00:25:28,760

there was immediate that there was an

623

00:25:32,530 --> 00:25:31,040

earthquake on the ground at the burns as

624

00:25:35,080 --> 00:25:32,540

well you know it almost sounds too good

625

00:25:36,880 --> 00:25:35,090

to be true and since that time a number

626

00:25:38,830 --> 00:25:36,890

of British military people have come

627

00:25:42,010 --> 00:25:38,840

forward to claim knowledge or personal

628

00:25:44,650 --> 00:25:42,020

involvement in the recovery of alien

629

00:25:46,390 --> 00:25:44,660

bodies and very very strange wreckage

630

00:25:48,430 --> 00:25:46,400

from the mountainside that was whisked

631

00:25:51,010 --> 00:25:48,440

away to a place in the South of England

632

00:25:52,780 --> 00:25:51,020

called port and down important downs a

633

00:25:54,670 --> 00:25:52,790

government establishment of highly

634

00:25:56,770 --> 00:25:54,680

secret facility where the government

635

00:25:59,760 --> 00:25:56,780

does all its research into things like

636

00:26:02,170 --> 00:25:59,770

exotic viruses chemical warfare and

637

00:26:04,510 --> 00:26:02,180

biological warfare and stuff like that

638

00:26:05,230 --> 00:26:04,520

so you know if you want to autopsy an

639

00:26:06,430 --> 00:26:05,240

alien body

640

00:26:08,730 --> 00:26:06,440

where you worry that it might contain

641

00:26:11,230 --> 00:26:08,740

hazardous viruses or something like that

642

00:26:13,960 --> 00:26:11,240

important down would be the ideal place

643

00:26:16,510 --> 00:26:13,970

to do the autopsy where there'll be a

644

00:26:18,790 --> 00:26:16,520

great deal of prevention of you know

645

00:26:21,790 --> 00:26:18,800

contamination and leakage of virus

646

00:26:25,090 --> 00:26:21,800

viruses outside of the confines of the

647

00:26:28,450 --> 00:26:25,100

facility and do you think there's an

648

00:26:31,210 --> 00:26:28,460

explanation for why certain places or

649

00:26:33,790 --> 00:26:31,220

people for that matter are prone to more

650

00:26:37,060 --> 00:26:33,800

paranormal experiences and sightings and

651
00:26:39,070 --> 00:26:37,070
than other places well again I think

652
00:26:41,200 --> 00:26:39,080
certainly in terms of places I do

653
00:26:44,490 --> 00:26:41,210
personally believe it comes down to the

654
00:26:47,470 --> 00:26:44,500
idea of these window areas or gateways

655
00:26:49,330 --> 00:26:47,480
you know to other realms of existence I

656
00:26:51,100 --> 00:26:49,340
guess the simplest way to describe is

657
00:26:54,010 --> 00:26:51,110
you know you're driving down the road in

658
00:26:55,510 --> 00:26:54,020
your car and you don't like the radio

659
00:26:57,370 --> 00:26:55,520
channel that's on so you flip to another

660
00:26:59,110 --> 00:26:57,380
you don't like that one so you flick to

661
00:27:01,060 --> 00:26:59,120
another and all these channels are going

662
00:27:03,670 --> 00:27:01,070
on at the same time but you can only be

663
00:27:06,010 --> 00:27:03,680

tuned into one at any given moment and

664

00:27:08,890 --> 00:27:06,020

that's kind of how quantum physics

665

00:27:12,400 --> 00:27:08,900

describes sort of multi dimensions that

666

00:27:14,830 --> 00:27:12,410

they're all existing one moment but we

667

00:27:16,930 --> 00:27:14,840

can only be in one and of course most of

668

00:27:18,970 --> 00:27:16,940

us if not all of us don't present the

669

00:27:22,720 --> 00:27:18,980

technology to jump from one to the other

670

00:27:25,150 --> 00:27:22,730

but maybe beings or creatures far more

671

00:27:27,340 --> 00:27:25,160

advanced than us can do that and perhaps

672

00:27:31,090 --> 00:27:27,350

that's why we see them sometimes in our

673

00:27:33,520 --> 00:27:31,100

realms and maybe again quantum physics

674

00:27:36,250 --> 00:27:33,530

so some physicists I should say have

675

00:27:38,590 --> 00:27:36,260

speculated on the idea that maybe some

676
00:27:41,050 --> 00:27:38,600
of these gateways occur naturally and

677
00:27:43,060 --> 00:27:41,060
randomly so in other words you could be

678
00:27:43,930 --> 00:27:43,070
walking you know through an area of

679
00:27:46,210 --> 00:27:43,940
forestland

680
00:27:48,600 --> 00:27:46,220
and suddenly find yourself transported

681
00:27:51,760 --> 00:27:48,610
as some people suggested you know to

682
00:27:54,040 --> 00:27:51,770
previous times or to a totally different

683
00:27:55,270 --> 00:27:54,050
world and then 20 minutes later they're

684
00:27:57,550 --> 00:27:55,280
suddenly back in their own world

685
00:27:58,780 --> 00:27:57,560
wondering what I may have happened you

686
00:28:00,610 --> 00:27:58,790
know that you made sort of like a

687
00:28:04,680 --> 00:28:00,620
temporary transition to somewhere else

688
00:28:07,270 --> 00:28:04,690

through a natural action of nature and

689

00:28:08,740 --> 00:28:07,280

you know and then you were you're sort

690

00:28:12,220 --> 00:28:08,750

of tossed back into you're your own

691

00:28:15,360 --> 00:28:12,230

realm again and I guess there's also a

692

00:28:17,830 --> 00:28:15,370

lot of researchers that are coming to

693

00:28:18,820 --> 00:28:17,840

conclusions about Bigfoot and Loch Ness

694

00:28:20,860 --> 00:28:18,830

monster themselves

695

00:28:23,049 --> 00:28:20,870

the actual entities that there might be

696

00:28:25,600 --> 00:28:23,059

just a paranormal aspect to them rather

697

00:28:28,529 --> 00:28:25,610

than just Bigfoot being an ape creature

698

00:28:30,940 --> 00:28:28,539

because it is so strange that in this

699

00:28:32,919 --> 00:28:30,950

densely populated world with all the

700

00:28:36,279 --> 00:28:32,929

technology we have we can't get a body

701
00:28:38,350 --> 00:28:36,289
we can't get really good photographs but

702
00:28:41,289 --> 00:28:38,360
it would kind of explain things if they

703
00:28:43,000 --> 00:28:41,299
were some type of energy that were just

704
00:28:46,480 --> 00:28:43,010
you know some kind of timeless energy

705
00:28:49,419 --> 00:28:46,490
that's falling through these gateways of

706
00:28:50,860 --> 00:28:49,429
some kind well yeah I mean that's that's

707
00:28:52,889 --> 00:28:50,870
actually what a lot of people think and

708
00:28:55,389 --> 00:28:52,899
you know I go down that path words

709
00:28:56,529 --> 00:28:55,399
Bigfoot is more of a paranormal thing

710
00:28:58,620 --> 00:28:56,539
than just a flesh-and-blood

711
00:29:00,370 --> 00:28:58,630
thank you know a lot of mainstream

712
00:29:02,470 --> 00:29:00,380
cryptozoologists people look at these

713
00:29:04,480 --> 00:29:02,480

things you know disagree with me nothing

714

00:29:06,879 --> 00:29:04,490

that's fair enough and we'll never

715

00:29:10,360 --> 00:29:06,889

really know until or unless we get a

716

00:29:13,810 --> 00:29:10,370

body or not but you're right you know I

717

00:29:16,210 --> 00:29:13,820

mean the in the United States so that

718

00:29:17,220 --> 00:29:16,220

the thousands and thousands of Bigfoot

719

00:29:20,889 --> 00:29:17,230

running around

720

00:29:22,779 --> 00:29:20,899

reproducing living feed in countless

721

00:29:24,610 --> 00:29:22,789

times seen running across roads and

722

00:29:26,049 --> 00:29:24,620

photographed and people even try to

723

00:29:28,899 --> 00:29:26,059

share them be sure that at least one

724

00:29:31,389 --> 00:29:28,909

body and the fact that Bigfoot sort of

725

00:29:34,240 --> 00:29:31,399

typifies this kind of here one minute

726

00:29:35,710 --> 00:29:34,250

gone the next type situation I actually

727

00:29:37,779 --> 00:29:35,720

do think you know there's something

728

00:29:40,779 --> 00:29:37,789

about this that goes far beyond just

729

00:29:42,580 --> 00:29:40,789

being 1/8 of science and zoology haven't

730

00:29:45,000 --> 00:29:42,590

found yet and I'm more inclined to think

731

00:29:47,620 --> 00:29:45,010

that we are dealing with some sort of

732

00:29:49,480 --> 00:29:47,630

transitory creature that you know just

733

00:29:51,370 --> 00:29:49,490

flitting and out of our reality and I

734

00:29:53,200 --> 00:29:51,380

would don't pretend to know what it's

735

00:29:55,840 --> 00:29:53,210

specifically owl needs but if it can do

736

00:29:57,879 --> 00:29:55,850

it to order then that would probably

737

00:30:00,250 --> 00:29:57,889

suggest that these creatures they may

738

00:30:01,570 --> 00:30:00,260

look savage in primitive but I would

739

00:30:03,789 --> 00:30:01,580

suggest they probably would have to be

740

00:30:07,090 --> 00:30:03,799

not fairly highly evolved you know to be

741

00:30:08,740 --> 00:30:07,100

able to to do that if if you know the

742

00:30:10,990 --> 00:30:08,750

date other we're not able to do in

743

00:30:12,879 --> 00:30:11,000

unison yeah that'd be quite the M night

744

00:30:15,129 --> 00:30:12,889

Shyamalan twist that's something that

745

00:30:17,919 --> 00:30:15,139

looks exactly like what you'd consider a

746

00:30:19,210 --> 00:30:17,929

caveman is actually laughing at our

747

00:30:21,730 --> 00:30:19,220

technology and laughing at our

748

00:30:24,490 --> 00:30:21,740

advancement yeah I think it may be that

749

00:30:26,169 --> 00:30:24,500

their technology is highly different to

750

00:30:28,570 --> 00:30:26,179

our you know perhaps they're relying

751
00:30:30,789 --> 00:30:28,580
more on the power of the mind

752
00:30:32,259 --> 00:30:30,799
whereas we have sort of more lying on

753
00:30:35,769 --> 00:30:32,269
reliance on the power of a lecture

754
00:30:37,779 --> 00:30:35,779
what I mean have noted sort of art that

755
00:30:40,180 --> 00:30:37,789
such an alternative energy or science

756
00:30:43,119 --> 00:30:40,190
that we don't even you know don't even

757
00:30:45,759 --> 00:30:43,129
literally see it and you also discuss in

758
00:30:47,919 --> 00:30:45,769
the book I guess there's a parallel to

759
00:30:50,229 --> 00:30:47,929
the Bermuda Triangle with the Japanese

760
00:30:53,199 --> 00:30:50,239
equivalent in the devil see what have

761
00:30:55,869 --> 00:30:53,209
you discovered about that yo the devil

762
00:30:57,639 --> 00:30:55,879
see and he's one of a number of place

763
00:30:59,079 --> 00:30:57,649

he's not unlike the Bermuda Triangle

764

00:31:00,789 --> 00:30:59,089

that exists around the world where there

765

00:31:03,969 --> 00:31:00,799

seems to have been a you know far

766

00:31:07,989 --> 00:31:03,979

greater amount of disappearances of

767

00:31:09,369 --> 00:31:07,999

ships aircraft light planes boats than

768

00:31:11,589 --> 00:31:09,379

there should be

769

00:31:13,089 --> 00:31:11,599

and for that reason it's become known as

770

00:31:15,669 --> 00:31:13,099

The Devil's sea now what's interesting

771

00:31:18,549 --> 00:31:15,679

about the gable sea which is not too far

772

00:31:21,219 --> 00:31:18,559

from up the coast of Tokyo what's

773

00:31:22,899 --> 00:31:21,229

interesting about the devil sea is that

774

00:31:24,999 --> 00:31:22,909

whereas the stories and the Bermuda

775

00:31:26,259 --> 00:31:25,009

Triangle just go back for the most part

776

00:31:28,719 --> 00:31:26,269

at least you know to the two or three

777

00:31:30,549 --> 00:31:28,729

hundred years the stories from The

778

00:31:33,310 --> 00:31:30,559

Devil's sea actually date back more than

779

00:31:35,560 --> 00:31:33,320

a thousand years now Japan has a long

780

00:31:38,289 --> 00:31:35,570

tradition in its folklore and mythology

781

00:31:39,819 --> 00:31:38,299

had stories of sea dragons you know and

782

00:31:42,789 --> 00:31:39,829

that's why it's actually one of the

783

00:31:44,560 --> 00:31:42,799

reason why in Japan the Godzilla movies

784

00:31:47,440 --> 00:31:44,570

is so popular because they sort of pay

785

00:31:49,479 --> 00:31:47,450

homage to sort of been very dragons a

786

00:31:53,499 --> 00:31:49,489

you know a staple part of Japanese

787

00:31:56,709 --> 00:31:53,509

folklore but even sort of ten eleven

788

00:31:59,049 --> 00:31:56,719

centuries ago the area was perceived by

789

00:32:01,149 --> 00:31:59,059

the Japanese people that period has been

790

00:32:03,489 --> 00:32:01,159

very weird and ominous and that there

791

00:32:05,560 --> 00:32:03,499

was something going on that was making

792

00:32:08,879 --> 00:32:05,570

all their you know sort of ocean-going

793

00:32:11,829 --> 00:32:08,889

ships and galleons of a Laird vanish and

794

00:32:14,019 --> 00:32:11,839

at that time it was all put down to sort

795

00:32:16,060 --> 00:32:14,029

of like giant fiery dragons living under

796

00:32:19,599 --> 00:32:16,070

the ocean as it would pull ships and

797

00:32:21,789 --> 00:32:19,609

sailors down to their deaths now you

798

00:32:23,560 --> 00:32:21,799

know unless somebody comes across the

799

00:32:26,379 --> 00:32:23,570

body of a dragon you know I think we can

800

00:32:29,949 --> 00:32:26,389

sort of really gave that to some

801
00:32:32,560 --> 00:32:29,959
mythology but what we can't delegate to

802
00:32:36,069 --> 00:32:32,570
mythology is the idea or the fact in my

803
00:32:39,099 --> 00:32:36,079
view that the Japanese were using these

804
00:32:40,509 --> 00:32:39,109
stories of dragons to try and explain a

805
00:32:43,180 --> 00:32:40,519
very real phenomenon

806
00:32:45,279 --> 00:32:43,190
namely the real disappearance of ships

807
00:32:45,850 --> 00:32:45,289
under unexplained circumstances and

808
00:32:48,010 --> 00:32:45,860
that's

809
00:32:50,620 --> 00:32:48,020
thing to remember is that you know

810
00:32:52,600 --> 00:32:50,630
regardless of who or what was doing it

811
00:32:53,169 --> 00:32:52,610
the ships were vanishing the people were

812
00:32:55,960 --> 00:32:53,179
vanishing

813
00:32:57,789 --> 00:32:55,970

and and it predated but bonier the

814

00:33:01,390 --> 00:32:57,799

triangle stores by centuries but

815

00:33:03,690 --> 00:33:01,400

parallels them very closely as well man

816

00:33:05,919 --> 00:33:03,700

it does definitely seem like there's

817

00:33:08,350 --> 00:33:05,929

some type of strange connection have you

818

00:33:10,600 --> 00:33:08,360

tried to map any of these places like on

819

00:33:12,760 --> 00:33:10,610

to see if they're in any kind of any

820

00:33:15,250 --> 00:33:12,770

kind of pattern or alignment comes up

821

00:33:17,140 --> 00:33:15,260

well I mean some people done that and

822

00:33:19,180 --> 00:33:17,150

then you know they said well it seems to

823

00:33:21,010 --> 00:33:19,190

be that you know they crisscross if you

824

00:33:22,570 --> 00:33:21,020

to sort of put four like a straight line

825

00:33:25,539 --> 00:33:22,580

through the planets another increase

826

00:33:27,520 --> 00:33:25,549

class and then skeptics have said well

827

00:33:29,230 --> 00:33:27,530

you know this is all dependent on where

828

00:33:32,110 --> 00:33:29,240

you kind of draw the line as to where

829

00:33:33,460 --> 00:33:32,120

this particular round ends you know so

830

00:33:36,340 --> 00:33:33,470

it's you're always going to have that

831

00:33:38,430 --> 00:33:36,350

argument but what I can say there are a

832

00:33:41,049 --> 00:33:38,440

number of places like this in the world

833

00:33:44,080 --> 00:33:41,059

for example a book is written back in

834

00:33:47,500 --> 00:33:44,090

the 70s about how the entire Great Lakes

835

00:33:49,299 --> 00:33:47,510

area seemed to be almost identical in

836

00:33:51,430 --> 00:33:49,309

the terms of ships and aircraft and

837

00:33:55,030 --> 00:33:51,440

people vanishing throughout the Great

838

00:33:56,530 --> 00:33:55,040

Lakes region of the US so you know it

839

00:33:58,840 --> 00:33:56,540

could well be that there are a number of

840

00:34:00,789 --> 00:33:58,850

these regions that have been Savannah

841

00:34:03,310 --> 00:34:00,799

appreciated because people just think

842

00:34:05,049 --> 00:34:03,320

allied pilots and ships captains getting

843

00:34:07,000 --> 00:34:05,059

lost and then running low on fuel and

844

00:34:09,070 --> 00:34:07,010

sink you know dishes ditching in the

845

00:34:11,230 --> 00:34:09,080

ocean you know so but it may actually

846

00:34:14,770 --> 00:34:11,240

not be if we look at these stories more

847

00:34:16,540 --> 00:34:14,780

carefully and one thing I liked about

848

00:34:18,220 --> 00:34:16,550

reading your book is you got places from

849

00:34:21,040 --> 00:34:18,230

all over several that I haven't even

850

00:34:23,560 --> 00:34:21,050

heard of but it does seem like there's a

851
00:34:26,290 --> 00:34:23,570
subtext in your book that other cultures

852
00:34:28,560 --> 00:34:26,300
Eastern cultures have more of a

853
00:34:30,879 --> 00:34:28,570
curiosity and a reverence for their

854
00:34:32,409 --> 00:34:30,889
mysteries than the Western world

855
00:34:34,119 --> 00:34:32,419
especially in the u.s. so I mean would

856
00:34:37,149 --> 00:34:34,129
you say that's that's true they seem to

857
00:34:38,800 --> 00:34:37,159
be more accepting yeah I think I think

858
00:34:41,919 --> 00:34:38,810
one of the reasons for that is because

859
00:34:45,010 --> 00:34:41,929
although the Western world is

860
00:34:48,250 --> 00:34:45,020
technologically more advanced the more

861
00:34:50,109 --> 00:34:48,260
technologically advanced you become it's

862
00:34:52,389 --> 00:34:50,119
kind of like you not only become reliant

863
00:34:54,580 --> 00:34:52,399

on it but we take a step away from the

864

00:34:55,960 --> 00:34:54,590

more spiritual world when it's a

865

00:34:58,320 --> 00:34:55,970

spiritual world I don't mean literally

866

00:34:59,740 --> 00:34:58,330

just you know Christianity or any

867

00:35:02,260 --> 00:34:59,750

particular village

868

00:35:06,330 --> 00:35:02,270

what I mean is the idea that there are

869

00:35:08,230 --> 00:35:06,340

sort of other realms and alternative

870

00:35:09,820 --> 00:35:08,240

mysteries and things like that out there

871

00:35:12,250 --> 00:35:09,830

you know we become very sort of

872

00:35:13,930 --> 00:35:12,260

desensitized and more black-and-white

873

00:35:18,160 --> 00:35:13,940

you know we're reliant on computers and

874

00:35:20,110 --> 00:35:18,170

TV and cars and you know the radios and

875

00:35:22,570 --> 00:35:20,120

the internet but we've kind of lost

876

00:35:24,760 --> 00:35:22,580

touch with the sort of magical earth

877

00:35:27,220 --> 00:35:24,770

energies and the fact that there are

878

00:35:29,680 --> 00:35:27,230

profound mysteries out there and the

879

00:35:31,900 --> 00:35:29,690

more we forget about them under

880

00:35:34,810 --> 00:35:31,910

appreciate them or totally you know a

881

00:35:39,160 --> 00:35:34,820

total lack of appreciation I think what

882

00:35:42,840 --> 00:35:39,170

happens is that we don't go looking for

883

00:35:45,610 --> 00:35:42,850

them we apply less interest in them and

884

00:35:48,490 --> 00:35:45,620

it's almost like there's a karma type

885

00:35:50,500 --> 00:35:48,500

situation where the people who know you

886

00:35:52,060 --> 00:35:50,510

start to forget about these things and

887

00:35:54,490 --> 00:35:52,070

the existence of these phenomena and

888

00:35:56,230 --> 00:35:54,500

they aren't manifest for people yet

889

00:35:58,360 --> 00:35:56,240

those people they're looking for them

890

00:36:00,460 --> 00:35:58,370

and never gave interest in them they

891

00:36:01,960 --> 00:36:00,470

still experience these phenomena as if

892

00:36:04,120 --> 00:36:01,970

you know the phenomena kind of great

893

00:36:05,710 --> 00:36:04,130

gets its grips into the people who

894

00:36:08,110 --> 00:36:05,720

believe in them and those that don't

895

00:36:15,250 --> 00:36:08,120

believe in them it's like well you know

896

00:36:18,100 --> 00:36:15,260

screw you yeah one other idea that the

897

00:36:20,230 --> 00:36:18,110

Philippines had such a wide variety it

898

00:36:23,320 --> 00:36:20,240

seems like the biggest variety of

899

00:36:24,070 --> 00:36:23,330

cryptids of any place seems to be in

900

00:36:25,840 --> 00:36:24,080

Laguna

901
00:36:28,150 --> 00:36:25,850
I mean tell us about some of those more

902
00:36:29,970 --> 00:36:28,160
interesting cases yeah but the

903
00:36:32,710 --> 00:36:29,980
Philippines has sort of long and rich

904
00:36:35,080 --> 00:36:32,720
folklore mythology probably more than

905
00:36:37,450 --> 00:36:35,090
anything else oh I've cryptids sort of

906
00:36:39,730 --> 00:36:37,460
fantastic creatures and mysterious

907
00:36:40,390 --> 00:36:39,740
animals and science tells us doesn't

908
00:36:45,610 --> 00:36:40,400
exist

909
00:36:47,560 --> 00:36:45,620
of them you know there are parallels

910
00:36:49,780 --> 00:36:47,570
between some of the more famous monsters

911
00:36:50,950 --> 00:36:49,790
of the world like Bigfoot and abominable

912
00:36:53,170 --> 00:36:50,960
snowman in the sense that the

913
00:36:55,720 --> 00:36:53,180

Philippines they have their own sort of

914

00:36:57,850 --> 00:36:55,730

hairy giant creatures as well that

915

00:36:59,560 --> 00:36:57,860

sounds suspiciously like some of the

916

00:37:01,180 --> 00:36:59,570

ones reported elsewhere you know whether

917

00:37:04,060 --> 00:37:01,190

described is like a cross between a

918

00:37:06,520 --> 00:37:04,070

larger eighth and something looks sort

919

00:37:10,090 --> 00:37:06,530

of eerily primitively human as well in

920

00:37:13,540 --> 00:37:10,100

some respects and so they have those but

921

00:37:15,670 --> 00:37:13,550

they're also reports a sort of horrible

922

00:37:17,410 --> 00:37:15,680

not man time vampire type creature if

923

00:37:20,740 --> 00:37:17,420

you like sort of predatory winged

924

00:37:23,380 --> 00:37:20,750

creatures glowing eyes sort of terrorize

925

00:37:26,140 --> 00:37:23,390

the people the Philippines at night and

926
00:37:28,960 --> 00:37:26,150
again they're sort of typical vampiric

927
00:37:32,410 --> 00:37:28,970
type animals not the sort of typical

928
00:37:35,020 --> 00:37:32,420
cloaked vampire you've seen old Bela

929
00:37:35,680 --> 00:37:35,030
Lugosi films or even you know the

930
00:37:38,770 --> 00:37:35,690
watered-down

931
00:37:40,570 --> 00:37:38,780
rubbish like Twilight you know the I

932
00:37:42,280 --> 00:37:40,580
mean these are more like sort of

933
00:37:44,460 --> 00:37:42,290
flesh-eating or blood-drinking

934
00:37:48,310 --> 00:37:44,470
nightmares you know sort of batwing

935
00:37:50,410 --> 00:37:48,320
glowing eye gargoyle type creatures and

936
00:37:52,450 --> 00:37:50,420
there are several other reports of

937
00:37:54,340 --> 00:37:52,460
goblin type creatures and all around the

938
00:37:56,530 --> 00:37:54,350

world you know you find sprawled the

939

00:37:58,420 --> 00:37:56,540

so-called middle people and the

940

00:38:00,870 --> 00:37:58,430

Philippines is no exception it has a lot

941

00:38:03,970 --> 00:38:00,880

of tales and traditions have sort of

942

00:38:06,190 --> 00:38:03,980

highly-advanced sort of trickster like

943

00:38:09,000 --> 00:38:06,200

little people that come out at night and

944

00:38:11,530 --> 00:38:09,010

sort of plague and torments the locals

945

00:38:13,750 --> 00:38:11,540

well there are some researchers who come

946

00:38:16,030 --> 00:38:13,760

to the conclusion that through time

947

00:38:18,610 --> 00:38:16,040

we're really dealing with some type of

948

00:38:20,380 --> 00:38:18,620

the same phenomenon that manifests

949

00:38:23,050 --> 00:38:20,390

itself in different ways over time

950

00:38:25,840 --> 00:38:23,060

whether it be fairies or leprechauns or

951
00:38:27,340 --> 00:38:25,850
you know even in more modern times UFOs

952
00:38:28,540 --> 00:38:27,350
and the greys do you make that

953
00:38:31,330 --> 00:38:28,550
connection as well do you think these

954
00:38:33,490 --> 00:38:31,340
are related oh yeah I don't think

955
00:38:35,800 --> 00:38:33,500
there's any doubt about that I mean you

956
00:38:37,960 --> 00:38:35,810
know I don't when people think of

957
00:38:39,970 --> 00:38:37,970
fairies you know the image today we have

958
00:38:41,410 --> 00:38:39,980
is sort of little female characters with

959
00:38:43,570 --> 00:38:41,420
wings on the back sitting around

960
00:38:45,970 --> 00:38:43,580
Christmas trees and whatever unit had

961
00:38:49,360 --> 00:38:45,980
that's actually a creation of only about

962
00:38:51,550 --> 00:38:49,370
the last 150 200 years prior to that

963
00:38:54,580 --> 00:38:51,560

time particularly in Britain fairies

964

00:38:56,890 --> 00:38:54,590

were sort of perceived as actually quite

965

00:38:58,870 --> 00:38:56,900

ominous character that could be as

966

00:39:02,410 --> 00:38:58,880

friendly and plate as they could be

967

00:39:04,660 --> 00:39:02,420

trickster like and malevolent they were

968

00:39:08,560 --> 00:39:04,670

described more along the lines of a

969

00:39:10,750 --> 00:39:08,570

small wizened sort of bobbling little

970

00:39:13,240 --> 00:39:10,760

people who would live in caves and

971

00:39:16,120 --> 00:39:13,250

caverns and come out at night and steal

972

00:39:18,520 --> 00:39:16,130

milk and animals and kidnap babies and

973

00:39:20,980 --> 00:39:18,530

terrorize people in their bedrooms and

974

00:39:22,750 --> 00:39:20,990

and of course this all could seem very

975

00:39:24,730 --> 00:39:22,760

close early today daily abduction

976

00:39:26,560 --> 00:39:24,740

stories I mean Harold was so close

977

00:39:28,450 --> 00:39:26,570

example in fairy lore

978

00:39:30,220 --> 00:39:28,460

you know mended often be taken to the

979

00:39:32,970 --> 00:39:30,230

fairy Kingdom to mate with the fairy

980

00:39:35,800 --> 00:39:32,980

queen and to create half human half

981

00:39:38,200 --> 00:39:35,810

fairy offspring which is like a classic

982

00:39:40,870 --> 00:39:38,210

case today with the alien greys and

983

00:39:42,850 --> 00:39:40,880

making hybrid children you know when

984

00:39:45,280 --> 00:39:42,860

people in the fairy Kingdom when they

985

00:39:47,590 --> 00:39:45,290

came back they find two days had gone by

986

00:39:49,690 --> 00:39:47,600

and they thought just two hours of run

987

00:39:53,050 --> 00:39:49,700

by which is you know today's equivalent

988

00:39:56,590 --> 00:39:53,060

to missing time in real diamonds yeah

989

00:39:58,060 --> 00:39:56,600

and you never need a UFO angle where you

990

00:40:00,850 --> 00:39:58,070

know people today have abductions they

991

00:40:03,250 --> 00:40:00,860

see UFOs back four or five hundred years

992

00:40:04,870 --> 00:40:03,260

ago people talked about going into the

993

00:40:07,480 --> 00:40:04,880

woods and before the fairies would turn

994

00:40:09,610 --> 00:40:07,490

up they would see fairy lights in other

995

00:40:11,680 --> 00:40:09,620

words something unknown flying in the

996

00:40:13,540 --> 00:40:11,690

sky that was brightly lit and they would

997

00:40:16,060 --> 00:40:13,550

see these fairy wings on the ground

998

00:40:19,930 --> 00:40:16,070

which in retrospect sounds somewhat like

999

00:40:22,620 --> 00:40:19,940

crop circles so you I think one person's

1000

00:40:25,300 --> 00:40:22,630

fairy or goblin is another person's

1001
00:40:27,790 --> 00:40:25,310
alien but where I take it a bit further

1002
00:40:30,550 --> 00:40:27,800
than some other people I actually wonder

1003
00:40:33,100 --> 00:40:30,560
if the phenomenon kind of camouflages

1004
00:40:36,970 --> 00:40:33,110
itself and manifests according to the

1005
00:40:39,370 --> 00:40:36,980
beliefs and subconscious scenarios of

1006
00:40:42,640 --> 00:40:39,380
the people that air so maybe you know

1007
00:40:44,680 --> 00:40:42,650
the phenomenon itself changes in the way

1008
00:40:46,390 --> 00:40:44,690
present itself for people I mean

1009
00:40:49,090 --> 00:40:46,400
literally you know maybe we've never

1010
00:40:51,580 --> 00:40:49,100
seen it in its real form but it kind of

1011
00:40:53,740 --> 00:40:51,590
has according to pretty good see

1012
00:40:56,410 --> 00:40:53,750
perceptions of how these things should

1013
00:40:59,230 --> 00:40:56,420

appear you know definitely something I

1014

00:40:59,860 --> 00:40:59,240

just thought about is even in the Disney

1015

00:41:01,840 --> 00:40:59,870

universe

1016

00:41:03,940 --> 00:41:01,850

Tinkerbell herself I mean she glows

1017

00:41:05,830 --> 00:41:03,950

which is kind of odd and when you see or

1018

00:41:08,140 --> 00:41:05,840

flying around it looks just like the

1019

00:41:11,320 --> 00:41:08,150

stories of the orbs that you see flying

1020

00:41:13,240 --> 00:41:11,330

around you know oh yeah I mean you can

1021

00:41:15,520 --> 00:41:13,250

draw many parallels or throughout

1022

00:41:19,090 --> 00:41:15,530

history of you know countless cultures

1023

00:41:21,820 --> 00:41:19,100

of other little people where you know

1024

00:41:23,830 --> 00:41:21,830

that the the similarity between today's

1025

00:41:25,540 --> 00:41:23,840

abductions you know alien idiots would

1026

00:41:28,120 --> 00:41:25,550

would ignore that but unfortunately a

1027

00:41:30,520 --> 00:41:28,130

lot of adoption researchers do ignore

1028

00:41:32,200 --> 00:41:30,530

them and I just don't want to they think

1029

00:41:34,360 --> 00:41:32,210

it's taint in their research which they

1030

00:41:36,520 --> 00:41:34,370

were looking to deeply they find

1031

00:41:38,530 --> 00:41:36,530

actually would help you know in the

1032

00:41:40,090 --> 00:41:38,540

search for answers I think it is a shame

1033

00:41:42,640 --> 00:41:40,100

I run into that kind

1034

00:41:44,590 --> 00:41:42,650

a lot on this show with certain people

1035

00:41:45,730 --> 00:41:44,600

come out of the woodwork and start

1036

00:41:47,560 --> 00:41:45,740

telling me oh you know you're having a

1037

00:41:50,290 --> 00:41:47,570

psychic on you believe in psychics it's

1038

00:41:52,960 --> 00:41:50,300

like no interest doesn't necessarily

1039

00:41:54,610 --> 00:41:52,970

mean believe it's just you know we have

1040

00:41:56,680 --> 00:41:54,620

we can look at it and at the end be like

1041

00:42:00,310 --> 00:41:56,690

ant there's nothing there but why just

1042

00:42:02,230 --> 00:42:00,320

ignore things yeah I mean that's an

1043

00:42:05,290 --> 00:42:02,240

important thing I mean people say to me

1044

00:42:07,270 --> 00:42:05,300

you know well what do you believe in

1045

00:42:11,560 --> 00:42:07,280

really believe in that and belief is it

1046

00:42:13,510 --> 00:42:11,570

sort of very emotive term because none

1047

00:42:15,400 --> 00:42:13,520

of us really should be believing in

1048

00:42:18,280 --> 00:42:15,410

anything without proof what we should be

1049

00:42:19,720 --> 00:42:18,290

doing is investigating it and trying to

1050

00:42:21,670 --> 00:42:19,730

the best of our ability to come to a

1051

00:42:25,150 --> 00:42:21,680

conclusion to become come to a

1052

00:42:26,980 --> 00:42:25,160

conclusion we should try and figure out

1053

00:42:29,140 --> 00:42:26,990

based on the evidence that we do have

1054

00:42:32,400 --> 00:42:29,150

what looks to be going on or what may be

1055

00:42:34,900 --> 00:42:32,410

going on but to recognize that a

1056

00:42:37,600 --> 00:42:34,910

conclusion or a theory and a belief he's

1057

00:42:39,940 --> 00:42:37,610

different to hard facts so you know I

1058

00:42:41,140 --> 00:42:39,950

unconvinced as a genuine Bigfoot

1059

00:42:45,130 --> 00:42:41,150

phenomenon there's no doubt about that

1060

00:42:46,600 --> 00:42:45,140

but I don't believe it's a giant egg

1061

00:42:49,240 --> 00:42:46,610

anymore and I can say I've been leave

1062

00:42:51,220 --> 00:42:49,250

fully but it's been two-dimensional you

1063

00:42:53,170 --> 00:42:51,230

know I conclude because there are a

1064

00:42:55,180 --> 00:42:53,180

number reports of Bigfoot vanishing in

1065

00:42:58,900 --> 00:42:55,190

the flash of light or a litany now to

1066

00:43:01,540 --> 00:42:58,910

that reality the the path for me suggest

1067

00:43:05,620 --> 00:43:01,550

we go down that sort of portal or

1068

00:43:08,950 --> 00:43:05,630

doorway type route but that's very given

1069

00:43:10,660 --> 00:43:08,960

from you know believing that or having

1070

00:43:12,330 --> 00:43:10,670

proof of it you know we need to sort of

1071

00:43:16,420 --> 00:43:12,340

stay grounded when we're dealing with

1072

00:43:18,850 --> 00:43:16,430

controversies Lightning's agreed and you

1073

00:43:21,760 --> 00:43:18,860

mentioned a minute ago like these winged

1074

00:43:24,160 --> 00:43:21,770

creatures and there is another story

1075

00:43:27,340 --> 00:43:24,170

again in California Devil's Gate Dam

1076

00:43:29,890 --> 00:43:27,350

that crops up with marvel white set

1077

00:43:33,250 --> 00:43:29,900

whiteside Parsons who followed Crowley

1078

00:43:36,040 --> 00:43:33,260

and it seems like wherever these occult

1079

00:43:38,470 --> 00:43:36,050

Cisco so does some kind of weird

1080

00:43:40,710 --> 00:43:38,480

creatures I mean they could be would you

1081

00:43:43,810 --> 00:43:40,720

suggest maybe conjuring these things

1082

00:43:48,040 --> 00:43:43,820

well I'm not sure the conjuring them or

1083

00:43:49,570 --> 00:43:48,050

you know that the whole thing with with

1084

00:43:51,070 --> 00:43:49,580

Crowley was that you know he was

1085

00:43:53,890 --> 00:43:51,080

involved in a lot of rites and rituals

1086

00:43:55,510 --> 00:43:53,900

to try and I guess involved

1087

00:43:58,240 --> 00:43:55,520

identities but the important thing is

1088

00:44:00,160 --> 00:43:58,250

that he was not involving them from you

1089

00:44:01,780 --> 00:44:00,170

know his subconscious sort of creating

1090

00:44:04,510 --> 00:44:01,790

something out of his mind and giving it

1091

00:44:06,520 --> 00:44:04,520

substance in the real world he was a

1092

00:44:09,610 --> 00:44:06,530

believer in the existence of sort of

1093

00:44:11,080 --> 00:44:09,620

multi Vout multi-layered realms and that

1094

00:44:14,380 --> 00:44:11,090

if you knew how to do it you could

1095

00:44:16,750 --> 00:44:14,390

invoke them into our reality so I think

1096

00:44:18,610 --> 00:44:16,760

there's a good chance that you know

1097

00:44:21,940 --> 00:44:18,620

skilled occultist using some of these

1098

00:44:24,430 --> 00:44:21,950

ancient teachings which the ancient man

1099

00:44:27,510 --> 00:44:24,440

you knew great deal more about than we

1100

00:44:29,950 --> 00:44:27,520

do I think have the skills to actually

1101
00:44:32,980 --> 00:44:29,960
into the metaphorical terms you know

1102
00:44:35,500 --> 00:44:32,990
turn the key and open a door that allows

1103
00:44:38,350 --> 00:44:35,510
something in according to these sort of

1104
00:44:40,720 --> 00:44:38,360
rites and rituals now of course the big

1105
00:44:42,370 --> 00:44:40,730
question is whether you actually want to

1106
00:44:44,260 --> 00:44:42,380
fly one of these things do all you

1107
00:44:46,510 --> 00:44:44,270
should you know depending on whether

1108
00:44:48,730 --> 00:44:46,520
it's friendly or totally malevolent and

1109
00:44:49,990 --> 00:44:48,740
if you do allow it through well how do

1110
00:44:52,570 --> 00:44:50,000
you get rid of it again if you don't

1111
00:44:54,640 --> 00:44:52,580
like it and see or can you can you even

1112
00:44:56,860 --> 00:44:54,650
get rid of it you know and what are the

1113
00:44:58,630 --> 00:44:56,870

big things I point out not so much in

1114

00:45:01,000 --> 00:44:58,640

this book but in other books that I've

1115

00:45:03,340 --> 00:45:01,010

written is that when people open these

1116

00:45:05,560 --> 00:45:03,350

doors and let things through you know

1117

00:45:08,200 --> 00:45:05,570

it's like sometimes everything just goes

1118

00:45:09,490 --> 00:45:08,210

goes to [h__h] in their lives you know

1119

00:45:13,690 --> 00:45:09,500

it's like they're being hit by this

1120

00:45:16,870 --> 00:45:13,700

total negative atmosphere where you know

1121

00:45:19,720 --> 00:45:16,880

it just runs of bad luck physical health

1122

00:45:21,640 --> 00:45:19,730

problems mental health problems you know

1123

00:45:23,650 --> 00:45:21,650

just disaster upon disaster the

1124

00:45:26,800 --> 00:45:23,660

refrigerator stops working you know the

1125

00:45:29,620 --> 00:45:26,810

washing machine goes out and it's all at

1126

00:45:31,690 --> 00:45:29,630

one time as if you know a total air of

1127

00:45:34,660 --> 00:45:31,700

negativity negativity created by this

1128

00:45:36,580 --> 00:45:34,670

being as its descended on you for Darren

1129

00:45:39,730 --> 00:45:36,590

to sort of disturb its

1130

00:45:41,800 --> 00:45:39,740

slumber or whatever you know yeah I I

1131

00:45:43,810 --> 00:45:41,810

hear that all the time but also another

1132

00:45:46,330 --> 00:45:43,820

thing I know you don't do a lot of work

1133

00:45:48,690 --> 00:45:46,340

on the you know Illuminati or global

1134

00:45:51,670 --> 00:45:48,700

elite but you always hear stories that

1135

00:45:53,230 --> 00:45:51,680

they're doing you know satanic rituals

1136

00:45:54,640 --> 00:45:53,240

and stuff too and it's such a weird

1137

00:45:58,240 --> 00:45:54,650

thing because it's like they seem to be

1138

00:46:00,400 --> 00:45:58,250

doing okay yeah well again I think you

1139

00:46:02,140 --> 00:46:00,410

know depends I actually do believe

1140

00:46:05,050 --> 00:46:02,150

there's something to the idea that what

1141

00:46:07,690 --> 00:46:05,060

you go looking for you know you actually

1142

00:46:09,700 --> 00:46:07,700

get and I think yeah there's people

1143

00:46:11,859 --> 00:46:09,710

all Gavilan with Ouija board you know I

1144

00:46:14,130 --> 00:46:11,869

think it's a cool on the 598 a bunch of

1145

00:46:16,599 --> 00:46:14,140

beer in and you know let's try and

1146

00:46:19,900 --> 00:46:16,609

contact your grandmother or whatever you

1147

00:46:21,640 --> 00:46:19,910

know it's joking aside that there is

1148

00:46:24,579 --> 00:46:21,650

evidence in this actually works but

1149

00:46:28,060 --> 00:46:24,589

sometimes you can get sort of like an

1150

00:46:32,470 --> 00:46:28,070

entity or a very negative thing that

1151
00:46:34,240 --> 00:46:32,480
sort of manifests or you know pretends

1152
00:46:36,040 --> 00:46:34,250
to be something it's not in other words

1153
00:46:38,349 --> 00:46:36,050
you know if it's not the real thing you

1154
00:46:40,690 --> 00:46:38,359
think you're calling true but also

1155
00:46:43,030 --> 00:46:40,700
people like Crowley you know they

1156
00:46:45,940 --> 00:46:43,040
recognize God wasn't a dabbler you know

1157
00:46:48,190 --> 00:46:45,950
he was a very skilled occultist who knew

1158
00:46:50,770 --> 00:46:48,200
the hazards of what happens if you go

1159
00:46:53,740 --> 00:46:50,780
looking for these things and he even you

1160
00:46:55,180 --> 00:46:53,750
know is very careful as to the type that

1161
00:46:56,770 --> 00:46:55,190
he went looking for and the type that he

1162
00:46:58,630 --> 00:46:56,780
felt could benefit him because he knew

1163
00:47:00,940 --> 00:46:58,640

there were those that you know were

1164

00:47:03,849 --> 00:47:00,950

negative and would only end in disaster

1165

00:47:06,730 --> 00:47:03,859

and of course maybe that's some of these

1166

00:47:08,890 --> 00:47:06,740

you know sort of conspiratorial groups

1167

00:47:11,770 --> 00:47:08,900

and political organizations that do this

1168

00:47:12,970 --> 00:47:11,780

sort of thing that they actually you

1169

00:47:14,680 --> 00:47:12,980

know they don't do it randomly they

1170

00:47:16,599 --> 00:47:14,690

focus on the ones that they think is

1171

00:47:19,589 --> 00:47:16,609

going to give them health wealth and

1172

00:47:22,210 --> 00:47:19,599

power or whatever you know rather than

1173

00:47:23,530 --> 00:47:22,220

there's some supernatural powers appear

1174

00:47:25,780 --> 00:47:23,540

line there which is the sort of thing

1175

00:47:27,760 --> 00:47:25,790

that Crowley was looking for and he

1176

00:47:31,930 --> 00:47:27,770

comes up Aleister Crowley comes in up in

1177

00:47:33,849 --> 00:47:31,940

a couple of your books and I I feel like

1178

00:47:35,440 --> 00:47:33,859

you could do a whole show just on him

1179

00:47:37,750 --> 00:47:35,450

he's so fast name but do you know like

1180

00:47:40,030 --> 00:47:37,760

how he got into it what kind of guy was

1181

00:47:42,700 --> 00:47:40,040

he because he seems somewhat like kind

1182

00:47:45,339 --> 00:47:42,710

of evil but I mean he was also famous

1183

00:47:46,870 --> 00:47:45,349

right yeah I mean I wouldn't say

1184

00:47:49,240 --> 00:47:46,880

anything I think that's more the sort of

1185

00:47:51,550 --> 00:47:49,250

simplistic image people have you know if

1186

00:47:53,680 --> 00:47:51,560

you double in the world you know people

1187

00:47:55,990 --> 00:47:53,690

think of slaughtering babies at midnight

1188

00:47:58,569 --> 00:47:56,000

on Halloween and pinion apud on me this

1189

00:48:00,640 --> 00:47:58,579

isn't the guillotine true at all you

1190

00:48:03,970 --> 00:48:00,650

know pass excuse me parcels and

1191

00:48:06,160 --> 00:48:03,980

Crowley's view was that there are other

1192

00:48:08,530 --> 00:48:06,170

realms young hours you know sort of

1193

00:48:11,260 --> 00:48:08,540

inhabited by magical fantastic creatures

1194

00:48:14,770 --> 00:48:11,270

which you can almost do like a deal with

1195

00:48:16,540 --> 00:48:14,780

and you know in return for offering them

1196

00:48:19,180 --> 00:48:16,550

something or doing something to them you

1197

00:48:22,450 --> 00:48:19,190

know you can be live alone and we as I

1198

00:48:24,970 --> 00:48:22,460

said wealth power and whatever you want

1199

00:48:27,070 --> 00:48:24,980

now so that was sort of not very much

1200

00:48:30,010 --> 00:48:27,080

his approach it wasn't thundering of

1201
00:48:33,610 --> 00:48:30,020
demons to kill people you know it was

1202
00:48:36,430 --> 00:48:33,620
opening doorways to try and do deals

1203
00:48:39,520 --> 00:48:36,440
with these powerful entities and ended

1204
00:48:40,780 --> 00:48:39,530
his own life if you like but what's

1205
00:48:42,490 --> 00:48:40,790
interesting from a psychological

1206
00:48:44,290 --> 00:48:42,500
perspective when you asked how did he

1207
00:48:48,400 --> 00:48:44,300
get involved you actually grew up in a

1208
00:48:50,680 --> 00:48:48,410
very strict Orthodox normal religious

1209
00:48:52,960 --> 00:48:50,690
background you know where his father was

1210
00:48:55,480 --> 00:48:52,970
a very domineering religious character

1211
00:48:56,950 --> 00:48:55,490
and he rebelled against that so you

1212
00:48:59,350 --> 00:48:56,960
could argue no there's actually a bit of

1213
00:49:01,930 --> 00:48:59,360

a psychological thing going on you know

1214

00:49:04,390 --> 00:49:01,940

so the typical teenage rebellion against

1215

00:49:06,310 --> 00:49:04,400

dad here to wear wearing those people

1216

00:49:09,460 --> 00:49:06,320

yeah it was most people you know you

1217

00:49:10,870 --> 00:49:09,470

where I Oh Sex Pistols t-shirt and get

1218

00:49:14,860 --> 00:49:10,880

your nose pierced and dye your hair

1219

00:49:17,530 --> 00:49:14,870

green then he went yeah gay men exactly

1220

00:49:20,500 --> 00:49:17,540

yeah instead of doing that he went down

1221

00:49:23,020 --> 00:49:20,510

the other path of not just you know sort

1222

00:49:26,260 --> 00:49:23,030

of Dublin we which leaderboards but

1223

00:49:29,050 --> 00:49:26,270

literally immersing himself massively in

1224

00:49:31,120 --> 00:49:29,060

sort of ancient books and poring over

1225

00:49:33,130 --> 00:49:31,130

them for months and years at a time and

1226

00:49:35,350 --> 00:49:33,140

and some of these rituals he engaged in

1227

00:49:37,060 --> 00:49:35,360

I mean they were like weeks long I mean

1228

00:49:38,770 --> 00:49:37,070

literally not sort of Friday night with

1229

00:49:41,020 --> 00:49:38,780

a few beers you know I mean literally

1230

00:49:43,300 --> 00:49:41,030

where he would go on starvation though

1231

00:49:46,180 --> 00:49:43,310

living on you know the smallest amounts

1232

00:49:48,400 --> 00:49:46,190

of food and water as possible to purify

1233

00:49:50,980 --> 00:49:48,410

mind and body and get himself in

1234

00:49:54,850 --> 00:49:50,990

trance-like states called by almost like

1235

00:49:56,170 --> 00:49:54,860

near starvation to enter into sort of

1236

00:49:59,530 --> 00:49:56,180

some sort of interaction with these

1237

00:50:01,840 --> 00:49:59,540

beings yeah he's such a strange guy I

1238

00:50:06,880 --> 00:50:01,850

mean probably the most interesting story

1239

00:50:09,400 --> 00:50:06,890

is his uh I don't know if it would be

1240

00:50:11,470 --> 00:50:09,410

channeling or his communication with the

1241

00:50:14,830 --> 00:50:11,480

entity lamb do you think there's any

1242

00:50:16,810 --> 00:50:14,840

validity to that story oh yeah I mean if

1243

00:50:18,550 --> 00:50:16,820

you look at lamb kebab retrospectively

1244

00:50:19,960 --> 00:50:18,560

looks almost like a creature on the

1245

00:50:22,420 --> 00:50:19,970

phone to witness streamers could be

1246

00:50:23,980 --> 00:50:22,430

Odeon all right though it's got eyeball

1247

00:50:25,600 --> 00:50:23,990

you know it's got eyeballs and beautiful

1248

00:50:27,910 --> 00:50:25,610

but if you just painted in those eyes

1249

00:50:29,260 --> 00:50:27,920

that are totally black there's really no

1250

00:50:33,190 --> 00:50:29,270

different you know it so I've got this

1251
00:50:34,609 --> 00:50:33,200
large sort of bald head is penetrating

1252
00:50:37,730 --> 00:50:34,619
eyes little thin nose and

1253
00:50:39,650 --> 00:50:37,740
mouth huge head sitting on these tiny

1254
00:50:41,480 --> 00:50:39,660
shoulders it looks like one of today's

1255
00:50:45,880 --> 00:50:41,490
Grey's but this was sort of conjured up

1256
00:50:49,309 --> 00:50:45,890
you know before 1920 we select 1918 1919

1257
00:50:52,309 --> 00:50:49,319
and again I don't think there's any

1258
00:50:54,849 --> 00:50:52,319
doubt that that what Crowley conjured up

1259
00:50:58,789 --> 00:50:54,859
is what today passes for the greys and

1260
00:51:01,009 --> 00:50:58,799
that's why unless you're in Clark I'm

1261
00:51:02,509 --> 00:51:01,019
not inclined you know I don't believe

1262
00:51:05,029 --> 00:51:02,519
that the grades whatever they are and

1263
00:51:06,950 --> 00:51:05,039

literal aliens coming in richland

1264

00:51:10,069 --> 00:51:06,960

nuts-and-bolts craft I think they're far

1265

00:51:11,599 --> 00:51:10,079

stranger possibly rather mean alien in

1266

00:51:13,339 --> 00:51:11,609

the sense of in extraterrestrial I think

1267

00:51:16,609 --> 00:51:13,349

the more likely alien in the sense have

1268

00:51:18,200 --> 00:51:16,619

been interdimensional and maybe they

1269

00:51:22,309 --> 00:51:18,210

come through and they wonder that maybe

1270

00:51:24,739 --> 00:51:22,319

you know pair of the mind we go looking

1271

00:51:26,269 --> 00:51:24,749

for and they know you know their radar

1272

00:51:28,579 --> 00:51:26,279

kind of goes off when they know

1273

00:51:30,950 --> 00:51:28,589

someone's looking for them and maybe

1274

00:51:33,259 --> 00:51:30,960

they manifest you know like channeling a

1275

00:51:35,180 --> 00:51:33,269

lot of people sort of look down on

1276

00:51:36,710 --> 00:51:35,190

channeling but I think the idea you get

1277

00:51:39,289 --> 00:51:36,720

himself into an altered state and you

1278

00:51:42,650 --> 00:51:39,299

call these things for it's like

1279

00:51:44,329 --> 00:51:42,660

something sparks off like a radar or red

1280

00:51:47,180 --> 00:51:44,339

light flashes at their end you know in

1281

00:51:48,979 --> 00:51:47,190

simple terms and and then they appear if

1282

00:51:51,979 --> 00:51:48,989

they choose to and I think that's what

1283

00:51:53,809 --> 00:51:51,989

happened with Crowley and I mean like

1284

00:51:54,799 --> 00:51:53,819

scoob's books you know a lot of people

1285

00:51:56,509 --> 00:51:54,809

have read them think it's just

1286

00:51:58,069 --> 00:51:56,519

straightforward stories of abduction if

1287

00:52:00,979 --> 00:51:58,079

you made communion you know that's as

1288

00:52:04,190 --> 00:52:00,989

much about magic and right in which you

1289

00:52:06,559 --> 00:52:04,200

or to you know sort of try and get these

1290

00:52:08,749 --> 00:52:06,569

things to appear and synchronicities and

1291

00:52:11,180 --> 00:52:08,759

also to weird stuff that i think that's

1292

00:52:13,489 --> 00:52:11,190

why there was a lot of backlash against

1293

00:52:15,799 --> 00:52:13,499

Trevor because a lot of people who

1294

00:52:20,690 --> 00:52:15,809

follow G thought they were going to get

1295

00:52:23,329 --> 00:52:20,700

a story of alien abduction no eggs and

1296

00:52:25,579 --> 00:52:23,339

sperm and DNA taken what alien

1297

00:52:28,309 --> 00:52:25,589

scientists but you know you really had

1298

00:52:31,729 --> 00:52:28,319

something that was for me far better and

1299

00:52:34,130 --> 00:52:31,739

a more open-minded in deeply alternative

1300

00:52:36,680 --> 00:52:34,140

in terms of looking for answers but you

1301
00:52:38,210 --> 00:52:36,690
know youth illogical old school I don't

1302
00:52:39,710 --> 00:52:38,220
want to hear about it you know that's

1303
00:52:42,739 --> 00:52:39,720
what you're up against unfortunately

1304
00:52:45,559 --> 00:52:42,749
yeah well when you think about lamb deep

1305
00:52:47,840 --> 00:52:45,569
like I mean because there is a you know

1306
00:52:49,910 --> 00:52:47,850
a drawing a representation of him

1307
00:52:52,280 --> 00:52:49,920
was this something that came from

1308
00:52:55,310 --> 00:52:52,290
Crowley's mind or do you think like

1309
00:52:58,040 --> 00:52:55,320
there was a you know I liked it

1310
00:53:01,100 --> 00:52:58,050
was it a holographic representation or

1311
00:53:03,950 --> 00:53:01,110
well I mean it's difficult to say

1312
00:53:06,080 --> 00:53:03,960
because when people get into these

1313
00:53:09,080 --> 00:53:06,090

altered states you know whether it's

1314

00:53:11,750 --> 00:53:09,090

through just trance repeated meditation

1315

00:53:15,200 --> 00:53:11,760

or whether it's you know to something

1316

00:53:18,620 --> 00:53:15,210

like masculine or LSD you know the big

1317

00:53:22,340 --> 00:53:18,630

question is are people seeing something

1318

00:53:24,440 --> 00:53:22,350

that manifests in our world or are they

1319

00:53:26,720 --> 00:53:24,450

seen something that manifest it is real

1320

00:53:29,750 --> 00:53:26,730

an external but manifests within the

1321

00:53:33,260 --> 00:53:29,760

given mind you know that's these are the

1322

00:53:34,760 --> 00:53:33,270

big questions and jumping in today with

1323

00:53:37,010 --> 00:53:34,770

all the research that's been done it can

1324

00:53:39,500 --> 00:53:37,020

be fully clean now the idea with alien

1325

00:53:41,540 --> 00:53:39,510

abductions they often happen to people

1326
00:53:43,900 --> 00:53:41,550
they're sleeping in bed in other words

1327
00:53:46,580 --> 00:53:43,910
they occur in the dream state now

1328
00:53:49,100 --> 00:53:46,590
skeptics will say well let me give you

1329
00:53:50,870 --> 00:53:49,110
just a dream but what if a lot of

1330
00:53:53,120 --> 00:53:50,880
researchers that's now coming down to

1331
00:53:55,730 --> 00:53:53,130
the idea of what if this others on this

1332
00:53:57,590 --> 00:53:55,740
other dimension can actually on the

1333
00:54:00,560 --> 00:53:57,600
entities from it can interact with us in

1334
00:54:02,990 --> 00:54:00,570
our dream state that's to say what if

1335
00:54:06,320 --> 00:54:03,000
their normal state of existence is kind

1336
00:54:08,720 --> 00:54:06,330
of like a dream state and so they can

1337
00:54:12,560 --> 00:54:08,730
hop from that to ours so what appears to

1338
00:54:15,020 --> 00:54:12,570

be a real experience or a very vivid

1339

00:54:17,270 --> 00:54:15,030

dream actually is something that's

1340

00:54:20,300 --> 00:54:17,280

really being played out in our mind but

1341

00:54:22,730 --> 00:54:20,310

in us in a way in a fashion so fantastic

1342

00:54:25,070 --> 00:54:22,740

but it's almost impossible to believe it

1343

00:54:27,710 --> 00:54:25,080

could occur you know that the dream

1344

00:54:29,270 --> 00:54:27,720

state itself is a type of reality but

1345

00:54:32,840 --> 00:54:29,280

that's like way to describe or be sort

1346

00:54:35,450 --> 00:54:32,850

of like the matrix you know a totally

1347

00:54:38,780 --> 00:54:35,460

real looking environment that doesn't

1348

00:54:40,880 --> 00:54:38,790

exist you know well and also not only

1349

00:54:43,910 --> 00:54:40,890

dream states but psychedelic states I

1350

00:54:46,340 --> 00:54:43,920

mean myself I've had one experience I

1351
00:54:47,810 --> 00:54:46,350
talk about it every so often on the show

1352
00:54:50,060 --> 00:54:47,820
but it is just one of those things I

1353
00:54:52,010 --> 00:54:50,070
understand it's like hard to explain if

1354
00:54:55,700 --> 00:54:52,020
you if you had to be there kind of story

1355
00:54:58,220 --> 00:54:55,710
but I mean on on salvia I experienced a

1356
00:54:59,960 --> 00:54:58,230
male and female entity it was all

1357
00:55:01,010 --> 00:54:59,970
nothing I could visualize but just like

1358
00:55:04,040 --> 00:55:01,020
a sin

1359
00:55:05,600 --> 00:55:04,050
presents and long story short the

1360
00:55:07,580 --> 00:55:05,610
dialogue was essentially this male

1361
00:55:08,930 --> 00:55:07,590
presence was like yeah man come glad

1362
00:55:10,550 --> 00:55:08,940
you're here like it's super cool that

1363
00:55:12,230 --> 00:55:10,560

you know were able to communicate with

1364

00:55:13,820 --> 00:55:12,240

you and then there was like a female

1365

00:55:15,410 --> 00:55:13,830

presence it was a little more cynical

1366

00:55:15,830 --> 00:55:15,420

that was like he's not going to stay

1367

00:55:20,090 --> 00:55:15,840

here

1368

00:55:21,470 --> 00:55:20,100

him alone and then it was over and

1369

00:55:23,990 --> 00:55:21,480

that's happened a couple of times and

1370

00:55:25,220 --> 00:55:24,000

it's reported all the time I mean these

1371

00:55:27,130 --> 00:55:25,230

I think there's something about the

1372

00:55:29,390 --> 00:55:27,140

psychedelic state in the dream state and

1373

00:55:31,540 --> 00:55:29,400

you know any altered state there seems

1374

00:55:34,520 --> 00:55:31,550

to be a connection between all of them

1375

00:55:36,950 --> 00:55:34,530

yeah I mean the thing with psychedelics

1376

00:55:38,180 --> 00:55:36,960

is the you know people so well it's just

1377

00:55:39,920 --> 00:55:38,190

an experience where the mind

1378

00:55:41,930 --> 00:55:39,930

hallucinates but I'm not I actually

1379

00:55:43,850 --> 00:55:41,940

don't think that it is the case I mean

1380

00:55:45,560 --> 00:55:43,860

when you talk about having like a

1381

00:55:48,380 --> 00:55:45,570

positive and they're negative in your

1382

00:55:51,590 --> 00:55:48,390

experience I mean the whole thing with

1383

00:55:55,280 --> 00:55:51,600

psychedelics is that the you know the

1384

00:55:57,260 --> 00:55:55,290

setting and it is important as the mood

1385

00:55:59,240 --> 00:55:57,270

you know the mind frame it seems

1386

00:56:01,070 --> 00:55:59,250

important it's like if you having a

1387

00:56:02,810 --> 00:56:01,080

first-time trip on LSD and you're scared

1388

00:56:05,210 --> 00:56:02,820

stiff but it's all going to go wrong or

1389

00:56:07,730 --> 00:56:05,220

your hearts going to be wildly and you

1390

00:56:09,859 --> 00:56:07,740

know hold a stroke then you can all but

1391

00:56:11,900 --> 00:56:09,869

guarantee that what you experienced in

1392

00:56:15,800 --> 00:56:11,910

that state it's probably going to be

1393

00:56:17,870 --> 00:56:15,810

pretty negative if you go in open-minded

1394

00:56:20,120 --> 00:56:17,880

and thinking this is going to transform

1395

00:56:22,970 --> 00:56:20,130

in elevating that's usually what happens

1396

00:56:25,460 --> 00:56:22,980

is a positive experience so again I

1397

00:56:29,590 --> 00:56:25,470

think this demonstrates this whole issue

1398

00:56:32,240 --> 00:56:29,600

of the phenomena reacting to it

1399

00:56:34,220 --> 00:56:32,250

according to the mindset of the person

1400

00:56:36,380 --> 00:56:34,230

you know kind of like that karma thing

1401
00:56:37,430 --> 00:56:36,390
but you'll get what you asked for in

1402
00:56:39,109 --> 00:56:37,440
life you know if you're the sort of

1403
00:56:41,210 --> 00:56:39,119
person who sees a graph the glass is

1404
00:56:44,540 --> 00:56:41,220
always half-empty it's going to stay off

1405
00:56:46,370 --> 00:56:44,550
empty the seat is half-full it magically

1406
00:56:49,070 --> 00:56:46,380
fills its way up you know and I think

1407
00:56:52,070 --> 00:56:49,080
that's and I do think psychedelics do

1408
00:56:53,480 --> 00:56:52,080
open portals you know to other realms

1409
00:56:55,670 --> 00:56:53,490
and I actually do think some of these

1410
00:56:58,160 --> 00:56:55,680
realms are many all of them you know are

1411
00:57:00,380 --> 00:56:58,170
like a matrix styling wheel but we can

1412
00:57:01,790 --> 00:57:00,390
insert ourselves in you know it's kind

1413
00:57:04,190 --> 00:57:01,800

of like we are in addition to the

1414

00:57:05,990 --> 00:57:04,200

program and we can be loaded you know

1415

00:57:09,220 --> 00:57:06,000

onto the mainframe or whatever and then

1416

00:57:11,510 --> 00:57:09,230

you know downloaded onto the harddrive

1417

00:57:13,970 --> 00:57:11,520

briefly and then was sucked back into

1418

00:57:14,609 --> 00:57:13,980

our body afterwards and psychedelics I

1419

00:57:16,739 --> 00:57:14,619

think that

1420

00:57:18,720 --> 00:57:16,749

are the equivalent of sticking a thumb

1421

00:57:21,329 --> 00:57:18,730

drive into the side of your laptop your

1422

00:57:24,749 --> 00:57:21,339

laptop and you know downloading it I

1423

00:57:28,289 --> 00:57:24,759

think the the changing moment in mind is

1424

00:57:29,940 --> 00:57:28,299

the same as you know putting a new JPEG

1425

00:57:32,370 --> 00:57:29,950

on to compute all what I really fighting

1426
00:57:34,039 --> 00:57:32,380
something to you know the memory or

1427
00:57:37,009 --> 00:57:34,049
whatever yeah that's a great analogy

1428
00:57:41,249 --> 00:57:37,019
have you at yourself ever had any

1429
00:57:43,859 --> 00:57:41,259
paranormal psychedelic experiences and

1430
00:57:45,900 --> 00:57:43,869
well the closest I can think of in terms

1431
00:57:48,059 --> 00:57:45,910
what I've just been speaking about is

1432
00:57:50,789 --> 00:57:48,069
where I had a very sort of weird sleep

1433
00:57:52,859 --> 00:57:50,799
paralysis type experience about ten

1434
00:57:55,410 --> 00:57:52,869
years ago and this is actually when I

1435
00:57:59,579 --> 00:57:55,420
was doing like trance meditation stuff

1436
00:58:02,579 --> 00:57:59,589
and I was it sleep one night in systems

1437
00:58:05,130 --> 00:58:02,589
like 2002 or 2003 something like that so

1438
00:58:06,930 --> 00:58:05,140

mine or ten years ago and you know sleep

1439

00:58:09,539 --> 00:58:06,940

paralysis this situation where people

1440

00:58:11,430 --> 00:58:09,549

you know kind of semi awake in middle of

1441

00:58:13,950 --> 00:58:11,440

the night can't move and they feel that

1442

00:58:17,549 --> 00:58:13,960

this hostile often hostile presence

1443

00:58:19,739 --> 00:58:17,559

coming towards them or often you know it

1444

00:58:22,519 --> 00:58:19,749

sort of straddles them in the bed it's

1445

00:58:25,529 --> 00:58:22,529

kind of like the Incubus succubus

1446

00:58:27,720 --> 00:58:25,539

situation or in haneda they have a very

1447

00:58:30,359 --> 00:58:27,730

prevalent legend to the old hag sort of

1448

00:58:31,650 --> 00:58:30,369

this hideous old woman that sort of you

1449

00:58:33,120 --> 00:58:31,660

know sort of comes in your bed you and

1450

00:58:34,710 --> 00:58:33,130

in straddles you in the middle of the

1451

00:58:36,989 --> 00:58:34,720

night which probably would be will be

1452

00:58:40,049 --> 00:58:36,999

pretty for tightening yes one that I had

1453

00:58:42,989 --> 00:58:40,059

it was with like a like an with a

1454

00:58:45,509 --> 00:58:42,999

bipedal figure like a man-like figure in

1455

00:58:48,109 --> 00:58:45,519

a cloak and a cowl but with a wolf's

1456

00:58:50,460 --> 00:58:48,119

like face so almost like a definitive

1457

00:58:52,499 --> 00:58:50,470

werewolf it was amazing his growling

1458

00:58:54,509 --> 00:58:52,509

noise but he didn't sound like a random

1459

00:58:56,460 --> 00:58:54,519

growl although I couldn't obviously

1460

00:58:58,470 --> 00:58:56,470

understand what it was for some days I

1461

00:59:00,239 --> 00:58:58,480

knew it was like a like an animalistic

1462

00:59:02,789 --> 00:59:00,249

language is the best way I can describe

1463

00:59:05,190 --> 00:59:02,799

it rather this random growling like your

1464

00:59:06,599 --> 00:59:05,200

dad might there you know and I could

1465

00:59:08,339 --> 00:59:06,609

send it to the coming down the corridor

1466

00:59:11,009 --> 00:59:08,349

towards the bedroom I was living like a

1467

00:59:12,960 --> 00:59:11,019

duplex at the time so all the rooms were

1468

00:59:14,009 --> 00:59:12,970

on one side of the corridor you know

1469

00:59:17,249 --> 00:59:14,019

they'll run down the length of the

1470

00:59:19,680 --> 00:59:17,259

corridor and I've sort of this graphic

1471

00:59:22,440 --> 00:59:19,690

image of this thing coming towards the

1472

00:59:25,140 --> 00:59:22,450

room and making rapid growling noise and

1473

00:59:27,269 --> 00:59:25,150

I can make sort of a supreme effort to

1474

00:59:28,500 --> 00:59:27,279

to wake up and as I did you know that

1475

00:59:31,280 --> 00:59:28,510

sort of vague

1476

00:59:34,080 --> 00:59:31,290

imagery of it's sort of retreating and

1477

00:59:36,810 --> 00:59:34,090

charging out the room and just sort of

1478

00:59:39,480 --> 00:59:36,820

dissipated if you like so the hands are

1479

00:59:41,220 --> 00:59:39,490

pretty pretty weird and tall nothing

1480

00:59:43,530 --> 00:59:41,230

experienced I've been afterwards I needs

1481

00:59:45,750 --> 00:59:43,540

a lot of cleansing stuff in the house

1482

00:59:48,240 --> 00:59:45,760

would be what sage and something

1483

00:59:51,210 --> 00:59:48,250

happened once after yeah so like a

1484

00:59:53,010 --> 00:59:51,220

shadowy thing looming over me in bed

1485

00:59:55,500 --> 00:59:53,020

again and I did these cleansing stuff

1486

00:59:58,530 --> 00:59:55,510

again and eventually you know it was

1487

01:00:00,420 --> 00:59:58,540

like the darkness was lifted so to speak

1488

01:00:02,340 --> 01:00:00,430

you know a lot of Sun coming up god man

1489

01:00:04,530 --> 01:00:02,350

it's kind of like you met a modern

1490

01:00:05,670 --> 01:00:04,540

Anubis or something that's that is wild

1491

01:00:07,620 --> 01:00:05,680

yeah that's actually a good way to

1492

01:00:09,360 --> 01:00:07,630

describe it actually I kind of know what

1493

01:00:11,160 --> 01:00:09,370

I didn't say though was sort of you know

1494

01:00:13,950 --> 01:00:11,170

the nervous Scotty's here J is it would

1495

01:00:16,440 --> 01:00:13,960

be the cowl the hood look like you'd see

1496

01:00:18,210 --> 01:00:16,450

on a normal person you know not no point

1497

01:00:19,920 --> 01:00:18,220

sticking through that's actually a good

1498

01:00:21,180 --> 01:00:19,930

point but I never gave that a call

1499

01:00:23,310 --> 01:00:21,190

before that there wasn't sort of a

1500

01:00:26,370 --> 01:00:23,320

series he was just like the long snout

1501

01:00:28,440 --> 01:00:26,380

and the growling that sort of created

1502

01:00:32,160 --> 01:00:28,450

that sort of werewolf type imagery if

1503

01:00:34,320 --> 01:00:32,170

you like man that is a wild one but it

1504

01:00:36,870 --> 01:00:34,330

is there anyone like I love the stories

1505

01:00:40,040 --> 01:00:36,880

of Crowley but is there anyone in more

1506

01:00:42,300 --> 01:00:40,050

modern times that you would consider

1507

01:00:47,100 --> 01:00:42,310

kind of the head of this field a

1508

01:00:49,410 --> 01:00:47,110

modern-day Crowley well not so much in

1509

01:00:54,260 --> 01:00:49,420

terms of what he did but in terms of

1510

01:00:56,580 --> 01:00:54,270

realizing the altered states can invoke

1511

01:00:58,830 --> 01:00:56,590

interaction with other entities I mean

1512

01:01:02,670 --> 01:00:58,840

dr. Rick Strassman book the spirit

1513

01:01:05,460 --> 01:01:02,680

molecule is talking about how DMT can

1514

01:01:07,530 --> 01:01:05,470

you know open doors to what don't you

1515

01:01:10,140 --> 01:01:07,540

see my hallucinations that sound very

1516

01:01:12,300 --> 01:01:10,150

much like advanced entities from

1517

01:01:14,940 --> 01:01:12,310

somewhere else there again you know we

1518

01:01:17,910 --> 01:01:14,950

can alter states of mind allow us access

1519

01:01:20,130 --> 01:01:17,920

to their realms the DMT study that

1520

01:01:22,020 --> 01:01:20,140

Strassmann did and riles up in his book

1521

01:01:24,600 --> 01:01:22,030

the spirit molecule that's a very good

1522

01:01:26,700 --> 01:01:24,610

study of how you know rituals and

1523

01:01:30,900 --> 01:01:26,710

altered states can alter people's minds

1524

01:01:33,840 --> 01:01:30,910

also I mean there's a number of other

1525

01:01:36,120 --> 01:01:33,850

people's whose whose work you know I am

1526

01:01:38,280 --> 01:01:36,130

I didn't go rightly he's written a

1527

01:01:41,260 --> 01:01:38,290

number of books yeah delve into this as

1528

01:01:43,960 --> 01:01:41,270

well he was my guest three days ago

1529

01:01:46,560 --> 01:01:43,970

no cool well Adams a good guys a good

1530

01:01:49,450 --> 01:01:46,570

friend of mine and he's written about

1531

01:01:51,820 --> 01:01:49,460

you know things like how altered states

1532

01:01:54,400 --> 01:01:51,830

and doorways being open by people like

1533

01:01:57,880 --> 01:01:54,410

Parsons and Crowley you know and letting

1534

01:01:59,320 --> 01:01:57,890

these things flow into our realm so you

1535

01:02:02,500 --> 01:01:59,330

know I think I think people like that

1536

01:02:04,540 --> 01:02:02,510

and recognize that that there's more to

1537

01:02:08,170 --> 01:02:04,550

this world than we see and that

1538

01:02:11,400 --> 01:02:08,180

sometimes in simple terms getting out of

1539

01:02:15,100 --> 01:02:11,410

it you know actually allows you into it

1540

01:02:16,960 --> 01:02:15,110

yeah and we getting back to the world's

1541

01:02:18,280 --> 01:02:16,970

weirdest places what is your favorite

1542

01:02:25,750 --> 01:02:18,290

story from the book that we might not

1543

01:02:27,130 --> 01:02:25,760

have touched on it is jam-packed full of

1544

01:02:28,810 --> 01:02:27,140

stories like that's what I love about

1545

01:02:29,910 --> 01:02:28,820

you have really all your books is you

1546

01:02:31,990 --> 01:02:29,920

just keep going

1547

01:02:34,720 --> 01:02:32,000

well actually I think probably the

1548

01:02:37,650 --> 01:02:34,730

stories from Halifax Nova Scotia which

1549

01:02:41,130 --> 01:02:37,660

is so varied I'm in this little town in

1550

01:02:44,400 --> 01:02:41,140

Nova Scotia where they're being

1551

01:02:46,420 --> 01:02:44,410

sightings of sea serpents of the coast

1552

01:02:49,359 --> 01:02:46,430

massive amounts of ghostly activity

1553

01:02:51,670 --> 01:02:49,369

through this very day particularly in a

1554

01:02:53,230 --> 01:02:51,680

local restaurant in town called the five

1555

01:02:56,050 --> 01:02:53,240

fishermen which used to be a more

1556

01:02:57,910 --> 01:02:56,060

mortuary and we're loved the bodies from

1557

01:03:00,910 --> 01:02:57,920

the Titanic were taken after that

1558

01:03:04,150 --> 01:03:00,920

something 1912 and even a massive amount

1559

01:03:06,820 --> 01:03:04,160

of UFO activity over the town so I think

1560

01:03:09,070 --> 01:03:06,830

for me Halifax is probably the favorite

1561

01:03:11,200 --> 01:03:09,080

because the mysteries are so drastically

1562

01:03:13,450 --> 01:03:11,210

different between each other you know

1563

01:03:15,390 --> 01:03:13,460

you got the Titanic's ghosts and then

1564

01:03:18,490 --> 01:03:15,400

you get these monstrous sea serpents

1565

01:03:20,710 --> 01:03:18,500

servicing in the waves and then reported

1566

01:03:23,710 --> 01:03:20,720

alien activity right over the town

1567

01:03:26,770 --> 01:03:23,720

itself yeah varieties of space of life's

1568

01:03:28,450 --> 01:03:26,780

what they say you know exactly um are

1569

01:03:30,099 --> 01:03:28,460

there any places you looked into that

1570

01:03:34,570 --> 01:03:30,109

didn't make the cut like what would be

1571

01:03:36,880 --> 01:03:34,580

your 26th location yeah um well there

1572

01:03:39,220 --> 01:03:36,890

was some but you know I could have

1573

01:03:40,420 --> 01:03:39,230

included but the reason I didn't I which

1574

01:03:41,980 --> 01:03:40,430

are well number these are Giddens

1575

01:03:43,599 --> 01:03:41,990

because I couldn't had anything new and

1576

01:03:45,010 --> 01:03:43,609

for example II the most famous one would

1577

01:03:47,590 --> 01:03:45,020

have been Point Pleasant where the

1578

01:03:49,810 --> 01:03:47,600

masked man appeared in the TVs and you

1579

01:03:50,410 --> 01:03:49,820

know John keel rattle but is in Mothman

1580

01:03:53,590 --> 01:03:50,420

Prophecies

1581

01:03:54,970 --> 01:03:53,600

any Chronicle the Mothman reports UFO

1582

01:03:58,120 --> 01:03:54,980

activity

1583

01:03:59,800 --> 01:03:58,130

two guys contact cases many black

1584

01:04:02,380 --> 01:03:59,810

reports and of course the collapse of

1585

01:04:04,660 --> 01:04:02,390

the Silver Bridge in town which spanned

1586

01:04:06,280 --> 01:04:04,670

the Ohio River and killed all these

1587

01:04:09,520 --> 01:04:06,290

people in they drowned you know the cars

1588

01:04:11,800 --> 01:04:09,530

fell into the river and beyond that's a

1589

01:04:13,660 --> 01:04:11,810

typical and a perfect example but I

1590

01:04:15,250 --> 01:04:13,670

didn't include it because I literally

1591

01:04:18,810 --> 01:04:15,260

could not add anything no to the story

1592

01:04:21,880 --> 01:04:18,820

and so like we'd be living in a triangle

1593

01:04:24,250 --> 01:04:21,890

and Loch Ness you know I included those

1594

01:04:26,230 --> 01:04:24,260

they're very well known but most people

1595

01:04:27,760 --> 01:04:26,240

didn't know about the crowley angle or

1596

01:04:29,980 --> 01:04:27,770

the big black cat or the man in black

1597

01:04:32,740 --> 01:04:29,990

angle to Loch Ness now included a lot of

1598

01:04:34,630 --> 01:04:32,750

new cases with the Bermuda Triangle so

1599

01:04:38,050 --> 01:04:34,640

in other words if I could add something

1600

01:04:40,630 --> 01:04:38,060

new I would include it but there were a

1601
01:04:43,300 --> 01:04:40,640
lot of cases that I could have used as I

1602
01:04:45,430 --> 01:04:43,310
said like Point Pleasant and like the

1603
01:04:48,820 --> 01:04:45,440
skinwalker ranch you know this famous

1604
01:04:50,620 --> 01:04:48,830
ranch that it's kind of not unlike Point

1605
01:04:52,870 --> 01:04:50,630
Pleasant but again it's like you have

1606
01:04:54,430 --> 01:04:52,880
nothing new to say and you know you're

1607
01:04:56,530 --> 01:04:54,440
expecting people to buy your books

1608
01:04:59,710 --> 01:04:56,540
you've got to get something there is no

1609
01:05:00,970 --> 01:04:59,720
we're just going over no grounds I'm so

1610
01:05:02,920 --> 01:05:00,980
glad you did that because it does make

1611
01:05:04,300 --> 01:05:02,930
the book a much more fascinating read

1612
01:05:06,490 --> 01:05:04,310
than just flipping the page like Oh

1613
01:05:08,530 --> 01:05:06,500

Egypt okay let's read the bullet points

1614

01:05:10,599 --> 01:05:08,540

yeah you've done before you know so

1615

01:05:16,480 --> 01:05:10,609

that's it is an awesome book definitely

1616

01:05:17,290 --> 01:05:16,490

belongs on anybody's coffee table yeah

1617

01:05:19,270 --> 01:05:17,300

no problem

1618

01:05:20,500 --> 01:05:19,280

but uh that pretty much doesn't you know

1619

01:05:22,570 --> 01:05:20,510

that brings us at the top of the hour

1620

01:05:23,980 --> 01:05:22,580

Nick you're a real savage probably one

1621

01:05:27,190 --> 01:05:23,990

of the hardest working journalists and

1622

01:05:29,530 --> 01:05:27,200

the parent home will round um I guess

1623

01:05:30,940 --> 01:05:29,540

it's one of these things where luckily

1624

01:05:32,710 --> 01:05:30,950

you know there's plenty to research and

1625

01:05:35,650 --> 01:05:32,720

write about you know you never should we

1626

01:05:37,630 --> 01:05:35,660

never suck for things true and I mean I

1627

01:05:39,520 --> 01:05:37,640

know this book just dropped like two

1628

01:05:41,140 --> 01:05:39,530

months ago but are you taking a break

1629

01:05:44,080 --> 01:05:41,150

are you working on anything else that's

1630

01:05:46,390 --> 01:05:44,090

next actually yeah no breaks that's

1631

01:05:49,180 --> 01:05:46,400

surely he's called monster diary and

1632

01:05:52,150 --> 01:05:49,190

it's basically most of my sort of

1633

01:05:54,400 --> 01:05:52,160

cryptozoology studies you know I wrote

1634

01:05:56,650 --> 01:05:54,410

them up sort of roadtrip style you know

1635

01:05:58,030 --> 01:05:56,660

hitting the road and going out looking

1636

01:06:00,700 --> 01:05:58,040

for these things I sort of Chronicle it

1637

01:06:02,740 --> 01:06:00,710

as I did it and anomalous book

1638

01:06:05,980 --> 01:06:02,750

supporting out a book from me before the

1639

01:06:08,200 --> 01:06:05,990

end of the year called monster diary and

1640

01:06:08,890 --> 01:06:08,210

it's basically like a rogue sugar the

1641

01:06:11,170 --> 01:06:08,900

last three

1642

01:06:14,110 --> 01:06:11,180

years of investigation got done looking

1643

01:06:16,120 --> 01:06:14,120

for werewolves Bigfoot Lake Monsters big

1644

01:06:16,960 --> 01:06:16,130

cats and you know just about anything

1645

01:06:18,850 --> 01:06:16,970

and everything

1646

01:06:22,060 --> 01:06:18,860

monstrous I don't actually have that the

1647

01:06:23,290 --> 01:06:22,070

literal exact release date yet but it

1648

01:06:25,090 --> 01:06:23,300

probably will be in the next couple of

1649

01:06:27,730 --> 01:06:25,100

weeks I think something like that nice

1650

01:06:29,020 --> 01:06:27,740

very cool was there anything else you'd

1651

01:06:30,940 --> 01:06:29,030

like to leave the people with I mean I

1652

01:06:32,770 --> 01:06:30,950

know your website actually Nick Redfern

1653

01:06:34,180 --> 01:06:32,780

calm that is a website but it doesn't

1654

01:06:34,840 --> 01:06:34,190

seem to get updated all that much is

1655

01:06:37,750 --> 01:06:34,850

there somewhere

1656

01:06:38,440 --> 01:06:37,760

no like yeah actually people are looking

1657

01:06:40,810 --> 01:06:38,450

at me like that

1658

01:06:43,990 --> 01:06:40,820

although T my name is not my society was

1659

01:06:46,660 --> 01:06:44,000

put together years ago by a fan oh they

1660

01:06:49,210 --> 01:06:46,670

sense yeah they did it and then they

1661

01:06:51,070 --> 01:06:49,220

vanished so unfortunately I have no way

1662

01:06:52,600 --> 01:06:51,080

to get into that they didn't even have

1663

01:06:55,420 --> 01:06:52,610

the common courtesy to drop you the

1664

01:06:57,190 --> 01:06:55,430

domain name no I don't know about it I

1665

01:06:59,890 --> 01:06:57,200

don't know the password or anything

1666

01:07:03,040 --> 01:06:59,900

because I don't own you know I had no

1667

01:07:04,900 --> 01:07:03,050

legal way to get into it so but I

1668

01:07:06,520 --> 01:07:04,910

actually but people think that is mine

1669

01:07:08,740 --> 01:07:06,530

that always like why don't you get you

1670

01:07:11,320 --> 01:07:08,750

here websites that was not my website

1671

01:07:12,550 --> 01:07:11,330

but I I'm glad somebody did it but it's

1672

01:07:14,740 --> 01:07:12,560
