NOTHING MORE DANGEROUS  
THAN A PEACEFUL PROTEST

1  
00:00:36,040 --> 00:00:34,209  
welcome to the show higher side shatters

2  
00:00:37,840 --> 00:00:36,050  
what a wonderful day it is drinking a

3  
00:00:39,910 --> 00:00:37,850  
little drink smoking a little smoke

4  
00:00:41,709 --> 00:00:39,920  
I'm your hazy host Greg Carl wood and

5  
00:00:42,970 --> 00:00:41,719  
today I'm flying solo for a talk with a

6  
00:00:44,709 --> 00:00:42,980  
man who's been researching the

7  
00:00:47,410 --> 00:00:44,719  
alternative side of things for over two

8  
00:00:49,329 --> 00:00:47,420  
decades and that man is Ken Thomas ken

9  
00:00:51,310 --> 00:00:49,339  
prefers to call his area of research

10  
00:00:53,590 --> 00:00:51,320  
pair of politics as opposed to the

11  
00:00:55,599 --> 00:00:53,600  
loaded term conspiracy theories and he

12  
00:00:57,579 --> 00:00:55,609  
is a man the man behind the popular

13  
00:00:59,739 --> 00:00:57,589

steam shovel press publication and has

14

00:01:01,569 --> 00:00:59,749

authored over a dozen conspiracy and

15

00:01:05,710 --> 00:01:01,579

paranormal books of his own including

16

00:01:07,420 --> 00:01:05,720

NASA Nazis and JFK JFK and UFO and his

17

00:01:09,460 --> 00:01:07,430

newest Kindle book popular pair of

18

00:01:11,200 --> 00:01:09,470

politics he's done more conspiracy

19

00:01:12,370 --> 00:01:11,210

research than I've done breathing and

20

00:01:14,290 --> 00:01:12,380

I'm damn proud to present him to you

21

00:01:18,400 --> 00:01:14,300

today Ken welcome to my stupid stoner

22

00:01:20,890 --> 00:01:18,410

show okay thank you very much my

23

00:01:22,570 --> 00:01:20,900

pleasure and you know I myself have been

24

00:01:24,160 --> 00:01:22,580

interested in conspiracy for some time

25

00:01:25,990 --> 00:01:24,170

and I started out as a student of the

26

00:01:27,820 --> 00:01:26,000

David Ickes and Jordan Maxwell's and I

27

00:01:29,860 --> 00:01:27,830

really didn't know much about the work

28

00:01:31,360 --> 00:01:29,870

of so many other people until I met Adam

29

00:01:32,920 --> 00:01:31,370

go rightly and he introduced me to a

30

00:01:35,050 --> 00:01:32,930

whole new set of great researchers

31

00:01:36,760 --> 00:01:35,060

yourself included so lately I feel like

32

00:01:38,740 --> 00:01:36,770

I'm a kid in a conspiracy field candy

33

00:01:41,410 --> 00:01:38,750

store you know Adam go right leaves

34

00:01:45,400 --> 00:01:41,420

where my gurus actually I have this

35

00:01:48,760 --> 00:01:45,410

whole scheme to wrestle Jesse Ventura in

36

00:01:50,500 --> 00:01:48,770

the ring that I will secretly put a mask

37

00:01:56,620 --> 00:01:50,510

on go rightly and put him in the ring in

38

00:01:58,660 --> 00:01:56,630

my place writer one of the cool things

39

00:01:59,740 --> 00:01:58,670

is that he he contributed a chapter to a

40

00:02:04,000 --> 00:01:59,750

book of mine called secret and

41

00:02:06,040 --> 00:02:04,010

suppressed - in about Tuesday Weld yes a

42

00:02:08,199 --> 00:02:06,050

television actress who may have also

43

00:02:10,509 --> 00:02:08,209

been some kind of high priestess in a

44

00:02:12,759 --> 00:02:10,519

druidic cult yeah we actually had

45

00:02:15,970 --> 00:02:12,769

Douglas Hawes in the show not long ago

46

00:02:17,530 --> 00:02:15,980

exactly what do you think of the Jeff

47

00:02:18,600 --> 00:02:17,540

Turner story since we're on the topic

48

00:02:24,090 --> 00:02:18,610

well

49

00:02:25,710 --> 00:02:24,100

lecturing because one of the things I'm

50

00:02:29,070 --> 00:02:25,720

doing is demonstrating how the Kennedy

51  
00:02:31,920 --> 00:02:29,080  
assassination was telegraphed in advance

52  
00:02:35,100 --> 00:02:31,930  
a year in advance on national television

53  
00:02:37,080 --> 00:02:35,110  
in a program called route 66 yes and

54  
00:02:41,700 --> 00:02:37,090  
there's an episode of route 66 that has

55  
00:02:44,160 --> 00:02:41,710  
Tuesday Weld as the star she's like 18

56  
00:02:45,720 --> 00:02:44,170  
years old and it has all of these weird

57  
00:02:48,600 --> 00:02:45,730  
things in it because this is again this

58  
00:02:51,690 --> 00:02:48,610  
came out in 1962 a year before the

59  
00:02:53,910 --> 00:02:51,700  
assassination and the two guys route 66

60  
00:02:55,620 --> 00:02:53,920  
the premises basically Kerouac and

61  
00:02:57,300 --> 00:02:55,630  
Cassady driving across the country and

62  
00:02:59,490 --> 00:02:57,310  
the premise that this one is they drive

63  
00:03:01,620 --> 00:02:59,500

into a fictional town then is right

64

00:03:03,780 --> 00:03:01,630

outside of Dallas they drive past the

65

00:03:06,980 --> 00:03:03,790

highway sign this is Dallas Waco and the

66

00:03:12,420 --> 00:03:06,990

name of the town is Kilkenny oh man

67

00:03:14,430 --> 00:03:12,430

and Tuesday Weld character I forget her

68

00:03:18,360 --> 00:03:14,440

name but it's a mm it's like a Marilyn

69

00:03:20,520 --> 00:03:18,370

Monroe thing an anagram and also we have

70

00:03:22,800 --> 00:03:20,530

photographs of George Maharis his

71

00:03:24,420 --> 00:03:22,810

brother George Maharis played one of the

72

00:03:26,520 --> 00:03:24,430

the two guys who played the Neal Cassady

73

00:03:28,800 --> 00:03:26,530

figure but his brother we have pictures

74

00:03:30,810 --> 00:03:28,810

of his brother partying at Jack Ruby's

75

00:03:33,650 --> 00:03:30,820

carousel club during the making of these

76

00:03:36,570 --> 00:03:33,660

show so there's always Kennedy

77

00:03:38,610 --> 00:03:36,580

connections and you could call him

78

00:03:41,850 --> 00:03:38,620

synchronicities but where they basically

79

00:03:43,590 --> 00:03:41,860

are predictions more forecasts of what's

80

00:03:46,050 --> 00:03:43,600

gonna happen but at the same time

81

00:03:48,600 --> 00:03:46,060

there's this subplot about how Tuesday

82

00:03:50,820 --> 00:03:48,610

Weld was abandoned as a young child and

83

00:03:52,650 --> 00:03:50,830

her sister like ties her to a tree and

84

00:03:54,030 --> 00:03:52,660

there's this this tree looks like you

85

00:03:56,850 --> 00:03:54,040

know the whole thing looks like a grew

86

00:03:58,650 --> 00:03:56,860

it occult so it's all into what Gina

87

00:03:59,699 --> 00:03:58,660

Jeff Hawes was saying and Adam had an

88

00:04:01,650 --> 00:03:59,709

essay

89

00:04:03,210 --> 00:04:01,660

yeah it's it was definitely an

90

00:04:05,430 --> 00:04:03,220

interesting topic I mean it all hinges

91

00:04:09,000 --> 00:04:05,440

on the thoughts and ideas of one man

92

00:04:10,650 --> 00:04:09,010

which makes it kind of you know but I

93

00:04:12,180 --> 00:04:10,660

mean yeah there's definitely seems to be

94

00:04:14,789 --> 00:04:12,190

other links throughout the world that

95

00:04:17,460 --> 00:04:14,799

show that this could be the case as far

96

00:04:19,530 --> 00:04:17,470

as as your research is concerned I mean

97

00:04:21,479 --> 00:04:19,540

a little piece of Ken Thomas history

98

00:04:23,909 --> 00:04:21,489

that I really liked was that your

99

00:04:25,590 --> 00:04:23,919

publication steam shovel press it

100

00:04:28,790 --> 00:04:25,600

started with an interview with ROM das

101  
00:04:31,230 --> 00:04:28,800  
can you tell us a bit about that oh yeah

102  
00:04:32,159 --> 00:04:31,240  
richard alpert who is Timothy Leary's

103  
00:04:34,409 --> 00:04:32,169  
partner

104  
00:04:36,180 --> 00:04:34,419  
at Harvard before they both got fired

105  
00:04:39,659 --> 00:04:36,190  
for giving undergraduate students LSD

106  
00:04:42,689 --> 00:04:39,669  
and and you know Tim Leary went on to

107  
00:04:46,050 --> 00:04:42,699  
great Fame on his own kind of developing

108  
00:04:48,029 --> 00:04:46,060  
the science of neurologic but Richard

109  
00:04:50,219 --> 00:04:48,039  
Albert kind of dropped out he went to

110  
00:04:52,830 --> 00:04:50,229  
the east he got a guru in India and he

111  
00:04:54,960 --> 00:04:52,840  
changed his name to Baba Ram Dass and

112  
00:04:57,890 --> 00:04:54,970  
he's fascinating man very interesting

113  
00:05:00,570 --> 00:04:57,900

guy and I was working for the newspapers

114

00:05:02,309 --> 00:05:00,580

here in town and I had this one

115

00:05:03,869 --> 00:05:02,319

assignment he was coming to town so I

116

00:05:07,439 --> 00:05:03,879

had this assignment go do an interview

117

00:05:10,559 --> 00:05:07,449

with him and I did and I swear I almost

118

00:05:13,140 --> 00:05:10,569

became enlightened man we had a fabulous

119

00:05:15,300 --> 00:05:13,150

interview it was great but then when I

120

00:05:17,700 --> 00:05:15,310

did it I am you know typed up the

121

00:05:20,249 --> 00:05:17,710

transcript and was you know ready to

122

00:05:24,469 --> 00:05:20,259

turn it in and get paid for it and they

123

00:05:27,510 --> 00:05:24,479

decided to nix it because at that point

124

00:05:30,240 --> 00:05:27,520

Ron Doss had already gone you know he

125

00:05:31,890 --> 00:05:30,250

came he did his lecture and I did my

126

00:05:33,390 --> 00:05:31,900

interview and he was gone and so the

127

00:05:36,570 --> 00:05:33,400

newspaper figured there's nothing there

128

00:05:38,490 --> 00:05:36,580

to promote so therefore we won't use it

129

00:05:43,469 --> 00:05:38,500

and I'm like oh my god I've got this

130

00:05:46,860 --> 00:05:43,479

famous interview with this brilliant man

131

00:05:48,149 --> 00:05:46,870

and you know it's gonna go to waste and

132

00:05:52,920 --> 00:05:48,159

it wasn't just about the money because I

133

00:05:55,170 --> 00:05:52,930

you know I build them a kill fee so I

134

00:05:58,920 --> 00:05:55,180

created the small magazine this is like

135

00:06:00,540 --> 00:05:58,930

in 1988 Wow before a lot of your

136

00:06:07,230 --> 00:06:00,550

listeners were born all that yeah I was

137

00:06:08,850 --> 00:06:07,240

I was three years old oh yes so yeah so

138

00:06:10,830 --> 00:06:08,860

I needed to put it somewhere so I

139

00:06:13,080 --> 00:06:10,840

created this small magazine nothing much

140

00:06:14,850 --> 00:06:13,090

more than a like I said I didn't pay for

141

00:06:17,010 --> 00:06:14,860

it anything I got above and beyond that

142

00:06:18,390 --> 00:06:17,020

it was simply just a matter of taking

143

00:06:19,740 --> 00:06:18,400

some good work and making sure that

144

00:06:24,779 --> 00:06:19,750

somebody else got to see it besides

145

00:06:27,689 --> 00:06:24,789

besides me and Ron das so at that point

146

00:06:29,309 --> 00:06:27,699

that then that became kind of a

147

00:06:30,689 --> 00:06:29,319

catch-all for everything that I wasn't

148

00:06:33,869 --> 00:06:30,699

getting paid for but then I had an

149

00:06:35,999 --> 00:06:33,879

intense interest in that you know I

150

00:06:39,779 --> 00:06:36,009

couldn't for instance shortly thereafter

151  
00:06:42,089 --> 00:06:39,789  
I became fascinated by Wilhelm Reich a

152  
00:06:44,230 --> 00:06:42,099  
naturalist scientist in the 1950s we

153  
00:06:46,360 --> 00:06:44,240  
have our own energy

154  
00:06:49,930 --> 00:06:46,370  
and so I was writing stuff about that

155  
00:06:53,200 --> 00:06:49,940  
and you know there's there was no reason

156  
00:06:55,890 --> 00:06:53,210  
here to to get it published although

157  
00:06:59,950 --> 00:06:55,900  
interestingly enough just today I was

158  
00:07:02,499 --> 00:06:59,960  
writing a tribute thing for Jim Mosely

159  
00:07:04,870 --> 00:07:02,509  
who used to publish saucer smear and he

160  
00:07:05,860 --> 00:07:04,880  
died recently and Tim Beckley's putting

161  
00:07:07,420 --> 00:07:05,870  
the others collection of people's

162  
00:07:09,219 --> 00:07:07,430  
thoughts and going through the research

163  
00:07:11,230 --> 00:07:09,229

on this I discovered I forgot about this

164

00:07:15,879 --> 00:07:11,240

but I discovered at one point here in

165

00:07:20,140 --> 00:07:15,889

town one of the local radio sports

166

00:07:22,089 --> 00:07:20,150

anchors was killed by her husband after

167

00:07:24,969 --> 00:07:22,099

the guy read listen little man by

168

00:07:27,370 --> 00:07:24,979

wilhelm reich so that's this weird

169

00:07:30,070 --> 00:07:27,380

murder connected to reich but this was

170

00:07:31,839 --> 00:07:30,080

of course before steam shovel press

171

00:07:35,350 --> 00:07:31,849

number two which was a compilation

172

00:07:38,710 --> 00:07:35,360

basically of my research right up until

173

00:07:39,159 --> 00:07:38,720

then and then the third part the third

174

00:07:42,610 --> 00:07:39,169

issue

175

00:07:44,350 --> 00:07:42,620

I spoke to I'm Yuri Baraka who is like

176

00:07:47,170 --> 00:07:44,360

the only black member of The Beat

177

00:07:49,149 --> 00:07:47,180

Generation his name is Leroy Jones he

178

00:07:51,159 --> 00:07:49,159

changed it to Amiri Baraka and I did an

179

00:07:52,420 --> 00:07:51,169

interview with him and that interview

180

00:07:54,249 --> 00:07:52,430

actually got published but there was

181

00:07:57,219 --> 00:07:54,259

more to it than got published so then I

182

00:08:00,459 --> 00:07:57,229

put that and at that point what was

183

00:08:04,990 --> 00:08:00,469

going on in the subculture of conspiracy

184

00:08:06,790 --> 00:08:05,000

research was that may Brussels died may

185

00:08:08,589 --> 00:08:06,800

Brussels was right the mainland the

186

00:08:13,330 --> 00:08:08,599

queen of conspiracy theories the Guru of

187

00:08:14,499 --> 00:08:13,340

us all she died and the major journal

188

00:08:17,379 --> 00:08:14,509

that was being published at that time

189

00:08:20,950 --> 00:08:17,389

called critique the publisher there

190

00:08:23,649 --> 00:08:20,960

found a guru of his own self-help guy

191

00:08:26,170 --> 00:08:23,659

named Robert lemasters so critique was

192

00:08:28,480 --> 00:08:26,180

changed to living fire and it all became

193

00:08:30,159 --> 00:08:28,490

the homilies of this this New Age guru

194

00:08:32,440 --> 00:08:30,169

so that was gone maybe Brussels was gone

195

00:08:33,760 --> 00:08:32,450

pratik was gone and it just you know it

196

00:08:35,260 --> 00:08:33,770

just seemed to me that the whole thing

197

00:08:38,709 --> 00:08:35,270

was falling apart the whole idea that

198

00:08:41,019 --> 00:08:38,719

there is a subculture of critically

199

00:08:42,730 --> 00:08:41,029

thinking people that can see through the

200

00:08:44,440 --> 00:08:42,740

crap that the mainstream media tries to

201  
00:08:45,910 --> 00:08:44,450  
put out there and try to dig at the

202  
00:08:47,079 --> 00:08:45,920  
little conspiracies that are actually

203  
00:08:49,090 --> 00:08:47,089  
going on seems to me that was

204  
00:08:52,569 --> 00:08:49,100  
disappearing and that was just too big

205  
00:08:54,579 --> 00:08:52,579  
of a tragedy to happen to to to let

206  
00:08:57,430 --> 00:08:54,589  
happen so of course at that point I put

207  
00:08:59,350 --> 00:08:57,440  
in a call for papers and the

208  
00:09:01,450 --> 00:08:59,360  
the last page of steam cello press

209  
00:09:03,730 --> 00:09:01,460  
number three and I said I describe the

210  
00:09:05,140 --> 00:09:03,740  
situation conspiracies we need to write

211  
00:09:07,810 --> 00:09:05,150  
about conspiracies I want to hear from

212  
00:09:09,640 --> 00:09:07,820  
you I want to continue to produce this

213  
00:09:13,090 --> 00:09:09,650

this magazine only we're gonna instead

214

00:09:15,640 --> 00:09:13,100

of just you know being things that fall

215

00:09:18,460 --> 00:09:15,650

out of my regular work I'm going to to

216

00:09:22,480 --> 00:09:18,470

do a directed thing to make some kind of

217

00:09:24,490 --> 00:09:22,490

conspiracy publication gadfly

218

00:09:26,620 --> 00:09:24,500

publication still remained out there

219

00:09:28,390 --> 00:09:26,630

very cool I mean it seems like you've

220

00:09:30,340 --> 00:09:28,400

been going strong ever since and for

221

00:09:32,620 --> 00:09:30,350

people who aren't that familiar with

222

00:09:34,930 --> 00:09:32,630

your work it seems that your current

223

00:09:37,810 --> 00:09:34,940

focus has been this link between the

224

00:09:40,180 --> 00:09:37,820

lesser-known Maury island UFO case and

225

00:09:43,090 --> 00:09:40,190

the assassination of JFK is subject to

226

00:09:45,610 --> 00:09:43,100

your one year more recent books JFK and

227

00:09:47,110 --> 00:09:45,620

UFO and I had never heard of the Maury

228

00:09:49,300 --> 00:09:47,120

island case until I started looking into

229

00:09:50,110 --> 00:09:49,310

you and it's a great one so if you'd be

230

00:09:52,150 --> 00:09:50,120

so kind

231

00:09:58,480 --> 00:09:52,160

give the people a little lesson on the

232

00:09:59,980 --> 00:09:58,490

Maury Island incident 101 yeah not

233

00:10:01,930 --> 00:09:59,990

knowing much about Maury island there's

234

00:10:03,970 --> 00:10:01,940

only been one book on the subject there

235

00:10:05,320 --> 00:10:03,980

was an early edition of my book but the

236

00:10:08,050 --> 00:10:05,330

book that I have out now is the only one

237

00:10:10,180 --> 00:10:08,060

that goes into detail and the basic the

238

00:10:11,710 --> 00:10:10,190

big headline underneath it all that you

239

00:10:13,810 --> 00:10:11,720

would think would attract many more

240

00:10:16,630 --> 00:10:13,820

people is that the guy that was

241

00:10:18,190 --> 00:10:16,640

responsible for the initial UFO cover-up

242

00:10:20,260 --> 00:10:18,200

when the UFOs they started seeing UFOs

243

00:10:21,850 --> 00:10:20,270

in the late 40s the guy who is

244

00:10:24,070 --> 00:10:21,860

responsible for the cover-up is most

245

00:10:26,500 --> 00:10:24,080

likely the grassy knoll shooter in the

246

00:10:28,570 --> 00:10:26,510

Kennedy assassination I mean it's not

247

00:10:32,200 --> 00:10:28,580

you know there's quite nothing it's good

248

00:10:34,090 --> 00:10:32,210

and the historic trail is as solid on

249

00:10:35,580 --> 00:10:34,100

that as almost anything that you're

250

00:10:38,620 --> 00:10:35,590

gonna read in a history book

251  
00:10:41,620 --> 00:10:38,630  
Maureen Island happened in 1947 a few

252  
00:10:46,090 --> 00:10:41,630  
days before Kenneth Arnold started they

253  
00:10:48,610 --> 00:10:46,100  
saw his he was he was flying over Mount

254  
00:10:52,210 --> 00:10:48,620  
Ranier and he saw these Chevron shaped

255  
00:10:54,579 --> 00:10:52,220  
craft and that was the beginning of the

256  
00:10:56,500 --> 00:10:54,589  
modern UFO period supposedly that's when

257  
00:10:58,420 --> 00:10:56,510  
after that is when the wave when people

258  
00:11:00,540 --> 00:10:58,430  
started seeing them all over but three

259  
00:11:03,730 --> 00:11:00,550  
days before that there was this instant

260  
00:11:07,000 --> 00:11:03,740  
instance out in a harbor near there in

261  
00:11:08,320 --> 00:11:07,010  
Tacoma Washington in Puget Sound where

262  
00:11:10,350 --> 00:11:08,330  
these guys in a boat

263  
00:11:13,440 --> 00:11:10,360

it was a salvage

264

00:11:15,780 --> 00:11:13,450

in lumbering you know they chop down

265

00:11:17,910 --> 00:11:15,790

trees and they transport them through

266

00:11:19,980 --> 00:11:17,920

waterways and every once in a while the

267

00:11:22,110 --> 00:11:19,990

trees a tree will break loose you know

268

00:11:24,180 --> 00:11:22,120

they're like branded and stuff all right

269

00:11:26,790 --> 00:11:24,190

but a tree will break loose so these

270

00:11:28,410 --> 00:11:26,800

guys I mean they weren't government

271

00:11:30,540 --> 00:11:28,420

people they were losers a privately run

272

00:11:33,750 --> 00:11:30,550

Harbor boat that would go and salvage

273

00:11:36,000 --> 00:11:33,760

these logs and check out the brand and

274

00:11:38,160 --> 00:11:36,010

take it back to the logging company and

275

00:11:39,420 --> 00:11:38,170

collect a reward that's how they made

276

00:11:43,620 --> 00:11:39,430

their living so they're doing this one

277

00:11:47,760 --> 00:11:43,630

day and these saucer-shaped things show

278

00:11:50,580 --> 00:11:47,770

up above Puget Sound there's like a half

279

00:11:52,860 --> 00:11:50,590

a dozen of them the are all circling one

280

00:11:54,960 --> 00:11:52,870

that is wobbling one's having trouble up

281

00:11:58,980 --> 00:11:54,970

there and it starts spewing out some

282

00:12:02,220 --> 00:11:58,990

junk onto the boat and the boat is owned

283

00:12:04,410 --> 00:12:02,230

by a guy named Harold Dahl his son is on

284

00:12:05,820 --> 00:12:04,420

the boat with him and their dog is on

285

00:12:08,790 --> 00:12:05,830

the boat with him and a couple of other

286

00:12:11,370 --> 00:12:08,800

people the son gets struck by some of

287

00:12:13,760 --> 00:12:11,380

the slag and his arm gets hurt the dog

288

00:12:16,590 --> 00:12:13,770

actually gets killed by some of it and

289

00:12:18,270 --> 00:12:16,600

they have this whole incident and then

290

00:12:20,130 --> 00:12:18,280

you know one of the saucers taps the

291

00:12:22,140 --> 00:12:20,140

wobbling one it straightens up and they

292

00:12:24,030 --> 00:12:22,150

all fly away they have to take the boy

293

00:12:28,320 --> 00:12:24,040

to the hospital yeah that's the little

294

00:12:30,720 --> 00:12:28,330

dog under though it's the harbor and you

295

00:12:33,060 --> 00:12:30,730

know they come really totally freaked

296

00:12:36,180 --> 00:12:33,070

out I always hear this stuff described

297

00:12:37,920 --> 00:12:36,190

as slag but what what is that well there

298

00:12:44,940 --> 00:12:37,930

are two substances a white and a black

299

00:12:48,570 --> 00:12:44,950

one and a rock like material that was

300

00:12:50,430 --> 00:12:48,580

really superheated when it struck the

301  
00:12:52,560 --> 00:12:50,440  
boat and struck these people okay I'm

302  
00:12:55,260 --> 00:12:52,570  
kind of like molten metal like mobile

303  
00:12:57,660 --> 00:12:55,270  
but but it but hardens enough that they

304  
00:12:59,670 --> 00:12:57,670  
were able to collect samples because

305  
00:13:02,190 --> 00:12:59,680  
what Harold Dahl did at that point was

306  
00:13:05,180 --> 00:13:02,200  
he went to tell his partner in this

307  
00:13:07,620 --> 00:13:05,190  
harbor patrol boat business of his and

308  
00:13:09,360 --> 00:13:07,630  
even though the boat is registered in

309  
00:13:11,940 --> 00:13:09,370  
his name we've got the registration in

310  
00:13:14,240 --> 00:13:11,950  
the book the boss of the operation was

311  
00:13:17,660 --> 00:13:14,250  
his partner this guy named Fred Krisna

312  
00:13:20,850 --> 00:13:17,670  
and he goes to tell Chrisman and

313  
00:13:22,690 --> 00:13:20,860

Chrisman comes down and says he sees a

314

00:13:25,570 --> 00:13:22,700

saucer himself

315

00:13:28,360 --> 00:13:25,580

resigning and but then but that one

316

00:13:30,940 --> 00:13:28,370

flies away but together they collect

317

00:13:33,430 --> 00:13:30,950

this flag so what has never happened you

318

00:13:35,050 --> 00:13:33,440

know was formless and huh you know it's

319

00:13:38,410 --> 00:13:35,060

described as hitting the water and

320

00:13:40,270 --> 00:13:38,420

releasing steam so it was hot okay okay

321

00:13:41,830 --> 00:13:40,280

I just wondered how because it seemed

322

00:13:44,620 --> 00:13:41,840

like a liquid and I wondered how they

323

00:13:46,270 --> 00:13:44,630

kept it in you say a Kellogg's box and

324

00:13:48,550 --> 00:13:46,280

also why would you keep something that

325

00:13:50,020 --> 00:13:48,560

killed your dog but I guess if it you

326

00:13:51,730 --> 00:13:50,030

know that makes sense if it was a heat

327

00:13:53,080 --> 00:13:51,740

thing and then it hardens and becomes

328

00:13:55,090 --> 00:13:53,090

you know something you can carry in a

329

00:13:57,220 --> 00:13:55,100

box well you have to remember this is

330

00:13:58,420 --> 00:13:57,230

before the UFO wave there's not gonna be

331

00:14:00,160 --> 00:13:58,430

the weirdest thing that ever happened to

332

00:14:02,110 --> 00:14:00,170

these guys that's also another good

333

00:14:03,820 --> 00:14:02,120

point as to why you know it'll to the

334

00:14:05,200 --> 00:14:03,830

legitimacy of it you know he's not he

335

00:14:07,180 --> 00:14:05,210

doesn't have a lot of references for

336

00:14:09,610 --> 00:14:07,190

craft in the sky that he could just try

337

00:14:11,440 --> 00:14:09,620

to be getting popular off of right right

338

00:14:14,200 --> 00:14:11,450

exactly they're just collecting this

339

00:14:16,000 --> 00:14:14,210

stuff because you know it's supposedly

340

00:14:17,440 --> 00:14:16,010

it's just a weird thing that happened to

341

00:14:20,290 --> 00:14:17,450

them and here's some proof of what it

342

00:14:22,240 --> 00:14:20,300

was and they did you know they said I

343

00:14:25,390 --> 00:14:22,250

didn't realize at the time that Kenneth

344

00:14:28,570 --> 00:14:25,400

Arnold himself was hired to investigate

345

00:14:30,280 --> 00:14:28,580

their story and that's where they took

346

00:14:31,720 --> 00:14:30,290

the Kellogg's cornflakes that's where

347

00:14:35,590 --> 00:14:31,730

fredchristman took the Kellogg's

348

00:14:37,120 --> 00:14:35,600

cornflakes box and and Dahl brought

349

00:14:38,560 --> 00:14:37,130

samples and they show them to Arnold

350

00:14:41,410 --> 00:14:38,570

they told him this story I showed him

351  
00:14:43,540 --> 00:14:41,420  
the area and in Arnold didn't know what

352  
00:14:45,880 --> 00:14:43,550  
to make of it either so he called the

353  
00:14:47,860 --> 00:14:45,890  
Air Force the the newly formed Air Force

354  
00:14:49,900 --> 00:14:47,870  
actually the Air Force hadn't existed so

355  
00:14:53,770 --> 00:14:49,910  
like almost right at this moment but

356  
00:14:57,610 --> 00:14:53,780  
these two investigators Davidson and

357  
00:14:58,930 --> 00:14:57,620  
Braun came from you know representatives

358  
00:15:03,040 --> 00:14:58,940  
of the Air Force came out talked to

359  
00:15:05,050 --> 00:15:03,050  
Arnold Arnold had Chrisman bring out his

360  
00:15:08,500 --> 00:15:05,060  
Kellogg's cornflakes box of the slack

361  
00:15:10,330 --> 00:15:08,510  
and he gave it to Davidson and Braun

362  
00:15:11,710 --> 00:15:10,340  
they would sit in Braun I don't know

363  
00:15:14,110 --> 00:15:11,720

what to make of it either they put it on

364

00:15:16,360 --> 00:15:14,120

a b25 and they're gonna fly it back to

365

00:15:19,060 --> 00:15:16,370

wright-patterson Air Force Base to test

366

00:15:22,450 --> 00:15:19,070

it to see exactly what the heck is their

367

00:15:24,970 --> 00:15:22,460

plane crashes through some obvious act

368

00:15:29,470 --> 00:15:24,980

of sabotage both of those guys are

369

00:15:31,810 --> 00:15:29,480

killed and everything is dropped after

370

00:15:34,300 --> 00:15:31,820

that so fredchristman loads up this

371

00:15:36,140 --> 00:15:34,310

there's weird stuff on to the plane that

372

00:15:38,540 --> 00:15:36,150

crashes and kills these guys I

373

00:15:40,910 --> 00:15:38,550

and at that point from that point

374

00:15:43,010 --> 00:15:40,920

forward there is no real investigation

375

00:15:44,810 --> 00:15:43,020

of the mauryan in case there still is no

376

00:15:50,270 --> 00:15:44,820

real investigation of the Moylan case

377

00:15:52,640 --> 00:15:50,280

upon I think it's a the low-five website

378

00:15:55,490 --> 00:15:52,650

I have this whole thing about it this is

379

00:15:57,110 --> 00:15:55,500

in Kelso Washington that an effort needs

380

00:15:59,000 --> 00:15:57,120

to be made to excavate this place

381

00:16:01,880 --> 00:15:59,010

because the plane crash is still there

382

00:16:04,220 --> 00:16:01,890

and we can still investigate it Wow

383

00:16:06,290 --> 00:16:04,230

but it's be fun yeah but it didn't

384

00:16:10,240 --> 00:16:06,300

happen then so Chrisman totally involved

385

00:16:14,810 --> 00:16:10,250

in the earliest of the UFO coverup

386

00:16:16,550 --> 00:16:14,820

operations and then boom you know 1963

387

00:16:18,800 --> 00:16:16,560

comes around charisma kind of disappears

388

00:16:23,210 --> 00:16:18,810

at that point and then he doesn't

389

00:16:25,280 --> 00:16:23,220

reappear until 1963 where he is grassy

390

00:16:28,400 --> 00:16:25,290

knoll shooter now I say he is and that's

391

00:16:29,990 --> 00:16:28,410

just that it's my opinion that he is

392

00:16:31,700 --> 00:16:30,000

although it is mine and other people

393

00:16:34,640 --> 00:16:31,710

would have other opinions but it is also

394

00:16:37,430 --> 00:16:34,650

the opinion of Jim Garrison and Jim

395

00:16:39,860 --> 00:16:37,440

Garrison is the only guy who took a

396

00:16:43,580 --> 00:16:39,870

prosecution to court over the Kennedy

397

00:16:45,560 --> 00:16:43,590

assassination he was the subject of the

398

00:16:48,470 --> 00:16:45,570

Oliver Stone movie most people you know

399

00:16:50,840 --> 00:16:48,480

who into the assassination from the

400

00:16:53,930 --> 00:16:50,850

early 90s forward know it through Oliver

401  
00:16:55,760 --> 00:16:53,940  
Stone's movie yes yeah and that's about

402  
00:16:59,030 --> 00:16:55,770  
Jim Garrison's case and Jim Garrison

403  
00:17:01,610 --> 00:16:59,040  
himself felt that fredchristman same guy

404  
00:17:04,340 --> 00:17:01,620  
involved in Moria was the grassy knoll

405  
00:17:06,230 --> 00:17:04,350  
shooter and what evidence is there to

406  
00:17:08,510 --> 00:17:06,240  
put him on the grassy knoll on that day

407  
00:17:10,940 --> 00:17:08,520  
there's photographic evidence for one

408  
00:17:13,370 --> 00:17:10,950  
thing that's that that'll do it yeah

409  
00:17:16,670 --> 00:17:13,380  
this uh you know a famous thing in the

410  
00:17:18,620 --> 00:17:16,680  
the JFK assassination law are the tramps

411  
00:17:20,570 --> 00:17:18,630  
the three tramps there were three tramps

412  
00:17:23,360 --> 00:17:20,580  
that were arrested in the rail yard

413  
00:17:25,910 --> 00:17:23,370

behind the grassy knoll and kind of

414

00:17:27,590 --> 00:17:25,920

parading out and the photographs are

415

00:17:29,150 --> 00:17:27,600

interesting to me I mean these are two

416

00:17:30,830 --> 00:17:29,160

guys that they suspect might be involved

417

00:17:32,960 --> 00:17:30,840

in the assassination but you see them

418

00:17:35,390 --> 00:17:32,970

being walked through the street and you

419

00:17:37,100 --> 00:17:35,400

know the cops guns are facing down and

420

00:17:39,380 --> 00:17:37,110

it's all kind of a very casual thing and

421

00:17:43,340 --> 00:17:39,390

the identity of these these three tramps

422

00:17:45,670 --> 00:17:43,350

have been investigated and labeled as

423

00:17:48,250 --> 00:17:45,680

different people at different times but

424

00:17:51,460 --> 00:17:48,260

Garrison's point of view was that one

425

00:17:53,890 --> 00:17:51,470

the tramps was Christmas now I show this

426

00:17:55,510 --> 00:17:53,900

photographs in my lecture and pointed

427

00:17:56,950 --> 00:17:55,520

out side-by-side I could show you the

428

00:17:58,230 --> 00:17:56,960

one that looks like Christmas surely

429

00:18:00,760 --> 00:17:58,240

does look like him

430

00:18:03,760 --> 00:18:00,770

garrison took this photograph actually

431

00:18:05,680 --> 00:18:03,770

and this gets into popular pair of

432

00:18:09,010 --> 00:18:05,690

politics which is my book on pop culture

433

00:18:11,520 --> 00:18:09,020

conspiracy mmm-hmm but Jim Garrison went

434

00:18:13,720 --> 00:18:11,530

you know under the highly controversial

435

00:18:15,580 --> 00:18:13,730

investigation into an assassination that

436

00:18:17,620 --> 00:18:15,590

had been publicly closed

437

00:18:18,910 --> 00:18:17,630

you know the Warren Commission said it

438

00:18:21,250 --> 00:18:18,920

was a lone nut

439

00:18:23,560 --> 00:18:21,260

here's garrison you know got really

440

00:18:24,850 --> 00:18:23,570

famous and notorious for challenging

441

00:18:28,600 --> 00:18:24,860

that and so he gets on The Tonight Show

442

00:18:31,210 --> 00:18:28,610

with Johnny Carson and explains a few

443

00:18:32,800 --> 00:18:31,220

other things and at one point he takes

444

00:18:34,840 --> 00:18:32,810

out the tramps photographing he's just

445

00:18:37,390 --> 00:18:34,850

about ready to say this man here is

446

00:18:39,070 --> 00:18:37,400

fredchristman the giant Carson shuts him

447

00:18:42,310 --> 00:18:39,080

down before he can say is say it you

448

00:18:43,840 --> 00:18:42,320

know really yeah you know most of the a

449

00:18:46,360 --> 00:18:43,850

lot of the Carson shows were destroyed

450

00:18:48,520 --> 00:18:46,370

including that one but an audio copy of

451

00:18:50,290 --> 00:18:48,530

it exists so you can hear it happening

452

00:18:52,870 --> 00:18:50,300

you know I've got that and sometimes

453

00:18:56,170 --> 00:18:52,880

play at data collector but yeah Johnny

454

00:18:58,390 --> 00:18:56,180

Carson's was the man who prevented Fred

455

00:19:01,480 --> 00:18:58,400

kruseman's name of being nationally

456

00:19:04,060 --> 00:19:01,490

known as as the shooter it's interesting

457

00:19:07,180 --> 00:19:04,070

is that that whole situation is not was

458

00:19:09,550 --> 00:19:07,190

not in the original theatrical release

459

00:19:11,020 --> 00:19:09,560

of Oliver Stone's JFK movie but if you

460

00:19:12,730 --> 00:19:11,030

get the home versions now there is a

461

00:19:15,310 --> 00:19:12,740

scene that would have been cut out and

462

00:19:17,380 --> 00:19:15,320

John Larroquette plays to Johnny Carson

463

00:19:19,210 --> 00:19:17,390

figure and they reenact that whole thing

464

00:19:22,060 --> 00:19:19,220

whoa that's pretty awesome

465

00:19:24,570 --> 00:19:22,070

although Chrisman again is not really

466

00:19:27,340 --> 00:19:24,580

mentioned in Oliver Stone's movie either

467

00:19:29,860 --> 00:19:27,350

because remember Garrison's case was was

468

00:19:32,710 --> 00:19:29,870

not against Chrisman it was against a

469

00:19:34,330 --> 00:19:32,720

guy named clay Shaw garrison you know he

470

00:19:37,150 --> 00:19:34,340

figured Christmas it was a triggerman

471

00:19:39,460 --> 00:19:37,160

and he was trying to get at the actual

472

00:19:41,290 --> 00:19:39,470

conspirators the the power elements that

473

00:19:43,360 --> 00:19:41,300

were behind the whole thing right yeah

474

00:19:46,900 --> 00:19:43,370

and the only person that he could make a

475

00:19:48,730 --> 00:19:46,910

case against was this socialite named

476

00:19:51,640 --> 00:19:48,740

clay Shaw who did have some involvement

477

00:19:55,660 --> 00:19:51,650

with it but obviously you know it wasn't

478

00:19:57,460 --> 00:19:55,670

enough to convince a jury or garrison

479

00:19:58,690 --> 00:19:57,470

wasn't able to make the case but the

480

00:19:59,630 --> 00:19:58,700

final point to be made about that is

481

00:20:04,700 --> 00:19:59,640

that in you know

482

00:20:07,580 --> 00:20:04,710

happened in 1968 in 1977 the House of

483

00:20:10,030 --> 00:20:07,590

Representatives conducted another

484

00:20:13,940 --> 00:20:10,040

investigation into the assassination and

485

00:20:16,250 --> 00:20:13,950

it concluded that there was a conspiracy

486

00:20:18,320 --> 00:20:16,260

and that became the official and is

487

00:20:20,150 --> 00:20:18,330

still the official conclusion of the US

488

00:20:24,740 --> 00:20:20,160

government and that there was a

489

00:20:27,350 --> 00:20:24,750

conspiracy to the assassination that

490

00:20:28,880 --> 00:20:27,360

involved a conspiracy and and and the

491

00:20:30,080 --> 00:20:28,890

original Warren Commission conclusion is

492

00:20:32,360 --> 00:20:30,090

that there were three shots from the

493

00:20:33,860 --> 00:20:32,370

Book Depository was wrong because in

494

00:20:36,170 --> 00:20:33,870

those hearings it came up with a tape

495

00:20:39,710 --> 00:20:36,180

that demonstrated it was a fourth shot

496

00:20:41,330 --> 00:20:39,720

and and it was all still up in the air

497

00:20:42,950 --> 00:20:41,340

and they they turn those conclusions and

498

00:20:45,320 --> 00:20:42,960

nobody knows that either because at that

499

00:20:46,640 --> 00:20:45,330

point when that happened it was buried

500

00:20:49,250 --> 00:20:46,650

in the backs of the newspapers across

501  
00:20:50,360 --> 00:20:49,260  
the country right and that's you bring

502  
00:20:52,220 --> 00:20:50,370  
up an interesting point something I

503  
00:20:54,050 --> 00:20:52,230  
wanted to talk about and it's all its in

504  
00:20:55,190 --> 00:20:54,060  
popular Peretz about politics one of the

505  
00:20:57,770 --> 00:20:55,200  
first things you talk about

506  
00:20:59,540 --> 00:20:57,780  
there were several reporters that said

507  
00:21:01,220 --> 00:20:59,550  
there were three shots now science has

508  
00:21:02,660 --> 00:21:01,230  
determined there were more people

509  
00:21:04,640 --> 00:21:02,670  
investigating and determined there were

510  
00:21:07,940 --> 00:21:04,650  
more but it seems like the people who

511  
00:21:10,370 --> 00:21:07,950  
said the the presented narrative as it

512  
00:21:12,590 --> 00:21:10,380  
was meant to be on that day know

513  
00:21:14,720 --> 00:21:12,600

probably knowing it wasn't true or maybe

514

00:21:15,980 --> 00:21:14,730

maybe not but the people who were

515

00:21:17,420 --> 00:21:15,990

willing to say there were only three

516

00:21:19,040 --> 00:21:17,430

shots fired they all seemed to have

517

00:21:21,350 --> 00:21:19,050

pretty prominent careers after that

518

00:21:22,880 --> 00:21:21,360

after telling that lie that's exactly

519

00:21:27,530 --> 00:21:22,890

right that's a really interesting point

520

00:21:30,260 --> 00:21:27,540

well you basically just take the press

521

00:21:31,850 --> 00:21:30,270

releases that come out of DC or from

522

00:21:34,870 --> 00:21:31,860

whatever authority and kind of reread it

523

00:21:36,620 --> 00:21:34,880

you know there's no there is no real

524

00:21:40,370 --> 00:21:36,630

investigative reporting going on

525

00:21:43,520 --> 00:21:40,380

anywhere on anything you know so the

526

00:21:44,870 --> 00:21:43,530

same been one of the big things that

527

00:21:46,970 --> 00:21:44,880

people look at when they see the

528

00:21:48,740 --> 00:21:46,980

Zapruder film is that his head tilts the

529

00:21:50,480 --> 00:21:48,750

wrong way I mean that's that's the

530

00:21:52,940 --> 00:21:50,490

evidence to where the shot came from and

531

00:21:56,060 --> 00:21:52,950

you also tell a story of a reporter who

532

00:21:58,220 --> 00:21:56,070

was talking on the radio and purposely

533

00:22:00,230 --> 00:21:58,230

was deceptive about the direction of

534

00:22:02,840 --> 00:22:00,240

Kennedy's head to make it fit a little

535

00:22:04,700 --> 00:22:02,850

cleaner with the official story and that

536

00:22:06,470 --> 00:22:04,710

man of course everybody would know today

537

00:22:08,720 --> 00:22:06,480

it would be dan Rather as dan Rather

538

00:22:10,760 --> 00:22:08,730

right right I have the audio of that too

539

00:22:13,640 --> 00:22:10,770

I've got that in a tape loop where he's

540

00:22:15,140 --> 00:22:13,650

describing Kennedy falling forward

541

00:22:17,090 --> 00:22:15,150

fall for it he gets hit from the front

542

00:22:18,740 --> 00:22:17,100

and falls backward and you would think

543

00:22:20,750 --> 00:22:18,750

that if you were running a news network

544

00:22:22,730 --> 00:22:20,760

and someone couldn't tell the [h\_\_h]

545

00:22:24,050 --> 00:22:22,740

direction of a person's head that you

546

00:22:25,340 --> 00:22:24,060

wouldn't want that person presenting

547

00:22:26,690 --> 00:22:25,350

information anymore they're not a

548

00:22:29,930 --> 00:22:26,700

credible source you think you'd get

549

00:22:33,800 --> 00:22:29,940

someone else at the time of course

550

00:22:36,770 --> 00:22:33,810

rather had no idea that the film itself

551  
00:22:39,260 --> 00:22:36,780  
was going to be presented on television

552  
00:22:42,290 --> 00:22:39,270  
it didn't get put on television till the

553  
00:22:47,630 --> 00:22:42,300  
years later when Dick Gregory and Robert

554  
00:22:50,600 --> 00:22:47,640  
Groden brought it to who's that guy yeah

555  
00:22:52,430 --> 00:22:50,610  
Geraldo Rivera show ah yeah and that was

556  
00:22:53,720 --> 00:22:52,440  
the first time it was ever shown so so

557  
00:22:55,520 --> 00:22:53,730  
rather thinking that nobody's ever

558  
00:22:58,360 --> 00:22:55,530  
really gonna get to see this it's just a

559  
00:23:02,030 --> 00:22:58,370  
great thing is why about it right right

560  
00:23:03,740 --> 00:23:02,040  
funny thing funny thing but let's talk a

561  
00:23:05,720 --> 00:23:03,750  
little bit more about fredchristman you

562  
00:23:08,990 --> 00:23:05,730  
know he's at this suppose at first UFO

563  
00:23:11,000 --> 00:23:09,000

sighting you know in that time and then

564

00:23:13,490 --> 00:23:11,010

he's supposedly the grassy knoll shooter

565

00:23:15,530 --> 00:23:13,500

who is he like what what is his role who

566

00:23:17,990 --> 00:23:15,540

is he employed by are there any other

567

00:23:20,840 --> 00:23:18,000

interesting things about him oh my god

568

00:23:23,690 --> 00:23:20,850

yeah well you know the book goes into

569

00:23:26,960 --> 00:23:23,700

great detail Crispin is actually on the

570

00:23:29,990 --> 00:23:26,970

scene even before Maury island weirdly

571

00:23:32,660 --> 00:23:30,000

enough he was part of there were these

572

00:23:35,990 --> 00:23:32,670

pulp magazines published by Ray Palmer

573

00:23:38,920 --> 00:23:36,000

called the fate and amazing stories you

574

00:23:41,690 --> 00:23:38,930

know what pulp magazines yeah scenes

575

00:23:44,150 --> 00:23:41,700

kind of they're kind of like comic books

576

00:23:45,920 --> 00:23:44,160

before pictures gotcha

577

00:23:48,050 --> 00:23:45,930

I don't had science fiction stories and

578

00:23:50,780 --> 00:23:48,060

also as though one of the things that

579

00:23:52,880 --> 00:23:50,790

this publisher Ray Palmer put in his

580

00:23:55,340 --> 00:23:52,890

though were stories about something

581

00:23:59,630 --> 00:23:55,350

called the shaver mystery and this was a

582

00:24:01,130 --> 00:23:59,640

a kind of a legend created by a a welder

583

00:24:03,950 --> 00:24:01,140

in Pennsylvania a guy named Richard

584

00:24:05,720 --> 00:24:03,960

shaver who said he was picking up

585

00:24:07,460 --> 00:24:05,730

signals from his welding equipment and

586

00:24:09,440 --> 00:24:07,470

learning all this things about this

587

00:24:13,490 --> 00:24:09,450

underground civilization called the

588

00:24:17,150 --> 00:24:13,500

Darrow's DEROS yeah for the detrimental

589

00:24:20,810 --> 00:24:17,160

robots and people and and Palmer

590

00:24:23,270 --> 00:24:20,820

published this stuff and people isn't

591

00:24:24,710 --> 00:24:23,280

his audience around the world started

592

00:24:26,240 --> 00:24:24,720

writing stories saying yeah I've seen

593

00:24:27,180 --> 00:24:26,250

those creatures and the creatures really

594

00:24:29,670 --> 00:24:27,190

seem like the little gray

595

00:24:31,410 --> 00:24:29,680

aliens too that people talk about and

596

00:24:33,000 --> 00:24:31,420

I've said you know and so he would

597

00:24:34,500 --> 00:24:33,010

publish this in the letters columns and

598

00:24:36,960 --> 00:24:34,510

fredchristman was one of the letter

599

00:24:39,600 --> 00:24:36,970

writers and he talked about encountering

600

00:24:41,700 --> 00:24:39,610

the day rows in Burma and getting some

601  
00:24:42,840 --> 00:24:41,710  
kind of laser beam shot into his arm you

602  
00:24:45,030 --> 00:24:42,850  
know it was before the laser was

603  
00:24:46,710 --> 00:24:45,040  
invented yeah if you can describe a

604  
00:24:49,170 --> 00:24:46,720  
technology before it's even out there I

605  
00:24:50,280 --> 00:24:49,180  
mean that gets incredibly well Chrisman

606  
00:24:52,920 --> 00:24:50,290  
though Chrisman was on the scene even

607  
00:24:54,270 --> 00:24:52,930  
before that there was the first article

608  
00:24:56,130 --> 00:24:54,280  
ever on a science fiction convention

609  
00:24:58,650 --> 00:24:56,140  
appeared in a magazine called Harper's

610  
00:25:00,180 --> 00:24:58,660  
Weekly and fredchristman is interviewed

611  
00:25:01,440 --> 00:25:00,190  
he's one of the people there he so

612  
00:25:03,660 --> 00:25:01,450  
science fiction guy and he's just

613  
00:25:06,080 --> 00:25:03,670

telling about how how neat it is to be

614

00:25:09,260 --> 00:25:06,090

the science fiction convention weird

615

00:25:11,670 --> 00:25:09,270

yeah so it's like is he like a was he a

616

00:25:15,360 --> 00:25:11,680

conspiracy investigator or paranormal

617

00:25:21,030 --> 00:25:15,370

investigator turned CIA operative well

618

00:25:22,980 --> 00:25:21,040

he was a veteran he was in like a lot of

619

00:25:25,530 --> 00:25:22,990

people a lot of the guys in world war ii

620

00:25:30,180 --> 00:25:25,540

he fought in world war ii and in korea

621

00:25:36,380 --> 00:25:30,190

he was reactivated so he was an army guy

622

00:25:39,600 --> 00:25:36,390

and a science fiction and also he was a

623

00:25:42,300 --> 00:25:39,610

worker at the Hanford nuclear reactor up

624

00:25:43,470 --> 00:25:42,310

there in the Pacific Northwest which

625

00:25:44,700 --> 00:25:43,480

gives us another interesting little

626

00:25:46,710 --> 00:25:44,710

piece of this history because the guy

627

00:25:49,590 --> 00:25:46,720

who proved approved his job application

628

00:25:52,770 --> 00:25:49,600

when he got that job is a guy named Mark

629

00:25:56,430 --> 00:25:52,780

felt mark felt is now known to history

630

00:26:00,030 --> 00:25:56,440

as the informant deep throat to Woodward

631

00:26:01,830 --> 00:26:00,040

and Bernstein of Watergate Fame hmm so

632

00:26:03,300 --> 00:26:01,840

you've got that connected up I mean and

633

00:26:07,190 --> 00:26:03,310

then the curious thing about that also

634

00:26:10,260 --> 00:26:07,200

is that mark felt was was a was a writer

635

00:26:11,640 --> 00:26:10,270

for television shows - a consultant and

636

00:26:16,190 --> 00:26:11,650

a writer like a lot of intelligence

637

00:26:19,650 --> 00:26:16,200

people are and he wrote or consulted of

638

00:26:21,450 --> 00:26:19,660

to a program called the FBI which was a

639

00:26:23,310 --> 00:26:21,460

Quinn Martin production is named the

640

00:26:25,800 --> 00:26:23,320

production company Quinn Martin also

641

00:26:29,520 --> 00:26:25,810

produced a program called the invaders

642

00:26:34,950 --> 00:26:29,530

with Roy Thinnes and Chrisman made the

643

00:26:38,010 --> 00:26:34,960

claim and in in 68 that this story of

644

00:26:42,300 --> 00:26:38,020

the invaders which was architect David

645

00:26:46,290 --> 00:26:42,310

Fitness sees actually a very

646

00:26:48,090 --> 00:26:46,300

well done a damn ski craft I know if you

647

00:26:51,240 --> 00:26:48,100

know George Adamski if you know your UFO

648

00:26:53,010 --> 00:26:51,250

lore but he sees this craft one night

649

00:26:54,630 --> 00:26:53,020

it's a flying saucer and he sees the

650

00:26:55,950 --> 00:26:54,640

aliens and he knows the aliens are there

651  
00:26:57,810 --> 00:26:55,960  
and he's and the premise of the show is

652  
00:27:00,090 --> 00:26:57,820  
that he's out to fight the alien

653  
00:27:02,700 --> 00:27:00,100  
conspiracy and christen saying this is

654  
00:27:04,890 --> 00:27:02,710  
the story this is my story this is the

655  
00:27:09,960 --> 00:27:04,900  
show is about me and you know people

656  
00:27:11,910 --> 00:27:09,970  
Chrisman gyri nuts crazy but but here is

657  
00:27:14,580 --> 00:27:11,920  
connected directly connected to mark

658  
00:27:16,740 --> 00:27:14,590  
felt because it's felt who got him a job

659  
00:27:18,300 --> 00:27:16,750  
at the Hanford nuclear reactor and it's

660  
00:27:19,500 --> 00:27:18,310  
felt as if consultants at the Quinn

661  
00:27:23,460 --> 00:27:19,510  
Martin Productions which makes the

662  
00:27:26,340 --> 00:27:23,470  
invaders so that make sense to me and

663  
00:27:28,230 --> 00:27:26,350

definitely makes you think yeah so it's

664

00:27:29,790 --> 00:27:28,240

that it's not just a historic trail it's

665

00:27:32,790 --> 00:27:29,800

a whole architecture that holds up the

666

00:27:34,500 --> 00:27:32,800

premise and one thing I wanted to to

667

00:27:36,120 --> 00:27:34,510

address about the Maury island case is

668

00:27:37,650 --> 00:27:36,130

I've talked to a few friends you know

669

00:27:39,090 --> 00:27:37,660

just just [h\_\_\h] I'm like talking

670

00:27:41,400 --> 00:27:39,100

about what's gonna come up on the show

671

00:27:42,840 --> 00:27:41,410

and I mention it and I was met several

672

00:27:44,580 --> 00:27:42,850

times with the response I thought that I

673

00:27:46,340 --> 00:27:44,590

thought that was dismissed as a hoax so

674

00:27:48,930 --> 00:27:46,350

I feel like we should address that

675

00:27:50,730 --> 00:27:48,940

because you know you a lot of people

676

00:27:55,520 --> 00:27:50,740

think it was a hoax you don't and I

677

00:28:02,190 --> 00:27:58,740

well you know when I when I was looking

678

00:28:04,170 --> 00:28:02,200

at is just that the man's light that

679

00:28:05,940 --> 00:28:04,180

will go into the men in black visitation

680

00:28:07,650 --> 00:28:05,950

okay so that's what I was hesitating

681

00:28:10,890 --> 00:28:07,660

because I had already given you so much

682

00:28:12,810 --> 00:28:10,900

lore a lot more but here we go yeah this

683

00:28:14,070 --> 00:28:12,820

is the the the idea that it was a hoax

684

00:28:15,930 --> 00:28:14,080

the reason people think it was a hoax or

685

00:28:17,880 --> 00:28:15,940

one of the reasons outside of the fact

686

00:28:19,470 --> 00:28:17,890

that everything connected UFOs is a hoax

687

00:28:21,330 --> 00:28:19,480

you know people like to think of

688

00:28:23,280 --> 00:28:21,340

themselves as critically intelligent

689

00:28:26,610 --> 00:28:23,290

people marketing you know take anything

690

00:28:30,540 --> 00:28:26,620

seriously it's all a hoax that Harold

691

00:28:33,960 --> 00:28:30,550

Dahl the guy the victim of the mauryan

692

00:28:35,160 --> 00:28:33,970

case said it was a hoax he originally

693

00:28:37,440 --> 00:28:35,170

came forward he was telling everybody

694

00:28:39,210 --> 00:28:37,450

what had happened and then all of a

695

00:28:41,070 --> 00:28:39,220

sudden one day yeah the men in black

696

00:28:43,200 --> 00:28:41,080

show up and this is the beginning of the

697

00:28:44,820 --> 00:28:43,210

men in black phenomena and they could go

698

00:28:47,370 --> 00:28:44,830

to and they say you will stop talking

699

00:28:49,470 --> 00:28:47,380

about this or bad things will happen to

700

00:28:50,159 --> 00:28:49,480

you and he was like oh yeah that's a

701  
00:28:52,380 --> 00:28:50,169  
bunch

702  
00:28:53,549 --> 00:28:52,390  
and he kept on telling people many

703  
00:28:58,049 --> 00:28:53,559  
people is it good about what had

704  
00:29:00,779 --> 00:28:58,059  
happened to him and his his wife fell

705  
00:29:01,500 --> 00:29:00,789  
ill after that the son who had the

706  
00:29:04,560 --> 00:29:01,510  
injured arm

707  
00:29:06,269 --> 00:29:04,570  
disappeared and it was gone for months

708  
00:29:07,529 --> 00:29:06,279  
and months and they found him he was

709  
00:29:10,919 --> 00:29:07,539  
like abducted or something and they

710  
00:29:12,630 --> 00:29:10,929  
found him in Wyoming somewhere without

711  
00:29:14,310 --> 00:29:12,640  
about memories of what had happened to

712  
00:29:16,049 --> 00:29:14,320  
him and that kind of thing and all this

713  
00:29:17,820 --> 00:29:16,059

all those weird stuff started coming

714

00:29:21,289 --> 00:29:17,830

down and Harold also at that point he

715

00:29:23,899 --> 00:29:21,299

said okay I'm a believer it was a hoax

716

00:29:26,250 --> 00:29:23,909

if anybody asked me it's a hoax

717

00:29:28,529 --> 00:29:26,260

right if you can look at those things in

718

00:29:31,740 --> 00:29:28,539

his actual life and you know determine

719

00:29:36,029 --> 00:29:31,750

the downward spiral I see validity to

720

00:29:39,779 --> 00:29:36,039

that yeah thing about Harold Dahl is

721

00:29:42,060 --> 00:29:39,789

that they're the the three tramps in the

722

00:29:44,039 --> 00:29:42,070

rail yard have official arrest records

723

00:29:45,510 --> 00:29:44,049

there are official people that they say

724

00:29:48,120 --> 00:29:45,520

it wasn't one of them as a guy named

725

00:29:55,620 --> 00:29:48,130

Harold Doyle which if you say with the

726

00:29:58,560 --> 00:29:55,630

Texas accent Harold Dahl that's just a

727

00:30:00,269 --> 00:29:58,570

coincidence right well you know you you

728

00:30:01,889 --> 00:30:00,279

have AB line in Para politics that I

729

00:30:03,299 --> 00:30:01,899

think is great and you say there's there

730

00:30:05,250 --> 00:30:03,309

are two schools of thought you're either

731

00:30:07,470 --> 00:30:05,260

a conspiracy theorist or a coincidence

732

00:30:09,659 --> 00:30:07,480

theorist no I think that's great I find

733

00:30:11,370 --> 00:30:09,669

that all the time and a big part of why

734

00:30:13,710 --> 00:30:11,380

I butt heads with some more conventional

735

00:30:15,330 --> 00:30:13,720

people is this issue of how much weight

736

00:30:17,159 --> 00:30:15,340

you put on coincidence that's really all

737

00:30:19,070 --> 00:30:17,169

we're talking about and even that can be

738

00:30:21,810 --> 00:30:19,080

a slippery slope though wouldn't you say

739

00:30:23,279 --> 00:30:21,820

yeah yeah yeah well I mean it's part of

740

00:30:24,960 --> 00:30:23,289

you know I've been lecturing about Maury

741

00:30:26,970 --> 00:30:24,970

island and JFK for a couple of years now

742

00:30:29,010 --> 00:30:26,980

and part of the way I'm pushing the for

743

00:30:30,060 --> 00:30:29,020

this story forward and making my

744

00:30:32,519 --> 00:30:30,070

lectures a little bit different than

745

00:30:35,190 --> 00:30:32,529

they have been is examining this whole

746

00:30:38,880 --> 00:30:35,200

idea of coincidence and synchronicity

747

00:30:40,769 --> 00:30:38,890

and what role it plays I bring with me

748

00:30:42,060 --> 00:30:40,779

now these episodes of route 66 I

749

00:30:44,580 --> 00:30:42,070

mentioned one but they're actually two

750

00:30:45,810 --> 00:30:44,590

well actually there are three right what

751

00:30:48,450 --> 00:30:45,820

else is interesting about that

752

00:30:50,250 --> 00:30:48,460

well the route 66 opens up in Fort Worth

753

00:30:53,460 --> 00:30:50,260

at the Fort Worth Airport where Kennedy

754

00:30:55,230 --> 00:30:53,470

flew in that day one of the guys again

755

00:30:57,240 --> 00:30:55,240

it's George Maharis the Neal Cassady

756

00:30:59,669 --> 00:30:57,250

figure gets a job at the trademart

757

00:31:00,899 --> 00:30:59,679

which is where Kennedy was going to

758

00:31:03,030 --> 00:31:00,909

before you got shot he was supposed to

759

00:31:05,250 --> 00:31:03,040

give a talk at the trademark and

760

00:31:06,360 --> 00:31:05,260

in Dallas and then at some point one of

761

00:31:07,260 --> 00:31:06,370

the characters gets on the phone and

762

00:31:10,170 --> 00:31:07,270

starts talking to Earl

763

00:31:13,500 --> 00:31:10,180

Cabala who is the mayor of Dallas and

764

00:31:16,470 --> 00:31:13,510

it's his brother Charles who was a CIA

765

00:31:19,320 --> 00:31:16,480

operative who was fired by JFK for his

766

00:31:21,240 --> 00:31:19,330

role in the Bay of Pigs and it's earl

767

00:31:22,980 --> 00:31:21,250

cabal who changes the motorcade route

768

00:31:24,480 --> 00:31:22,990

from where it was supposed to be going

769

00:31:27,420 --> 00:31:24,490

to the road in front of the Book

770

00:31:30,690 --> 00:31:27,430

Depository and the grassy knoll and so

771

00:31:32,730 --> 00:31:30,700

all of this is written into the script

772

00:31:36,570 --> 00:31:32,740

of this route 66 episode which was

773

00:31:39,840 --> 00:31:36,580

broadcast in 1962 a year before the

774

00:31:41,910 --> 00:31:39,850

assassination it'll make your jaw drop I

775

00:31:45,450 --> 00:31:41,920

mean you know we talked about route 66

776  
00:31:46,770 --> 00:31:45,460  
the invasion I mean that's one area that

777  
00:31:49,340 --> 00:31:46,780  
I'm really interested in is that

778  
00:31:52,970 --> 00:31:49,350  
crossover between Hollywood and

779  
00:31:55,920 --> 00:31:52,980  
conspiracy or Hollywood in real events

780  
00:31:57,630 --> 00:31:55,930  
what would your explanation for that be

781  
00:32:00,960 --> 00:31:57,640  
like have you come to any conclusions

782  
00:32:02,100 --> 00:32:00,970  
regarding why that takes place well it

783  
00:32:03,720 --> 00:32:02,110  
could be any number of things you know

784  
00:32:05,790 --> 00:32:03,730  
there are people that really get into

785  
00:32:08,070 --> 00:32:05,800  
these kind of mystical connections of

786  
00:32:09,630 --> 00:32:08,080  
coincidences and synchronicity my old

787  
00:32:12,690 --> 00:32:09,640  
friend Robert Anton Wilson wrote the

788  
00:32:16,140 --> 00:32:12,700

book illuminatus made great use of that

789

00:32:19,470 --> 00:32:16,150

in his another writer James Shelby

790

00:32:20,910 --> 00:32:19,480

Donner is well known for connecting up

791

00:32:22,980 --> 00:32:20,920

all these coincidental notes that

792

00:32:24,750 --> 00:32:22,990

connects it connects the assassination

793

00:32:26,790 --> 00:32:24,760

to masonry and all that stuff so there's

794

00:32:31,710 --> 00:32:26,800

that gilmore but there's also this idea

795

00:32:33,570 --> 00:32:31,720

that and john judge tried to make this

796

00:32:38,190 --> 00:32:33,580

clear to me john judge runs the

797

00:32:42,090 --> 00:32:38,200

committee for a committee on political

798

00:32:44,220 --> 00:32:42,100

assassinations the big JFK RFK MLK

799

00:32:45,780 --> 00:32:44,230

activist group run out of Washington DC

800

00:32:48,300 --> 00:32:45,790

the people that are going to be putting

801  
00:32:52,680 --> 00:32:48,310  
on the big protest there this year in

802  
00:32:54,060 --> 00:32:52,690  
Dallas and John judge was a student and

803  
00:32:56,190 --> 00:32:54,070  
a close friend of mayor Brussels and

804  
00:32:59,340 --> 00:32:56,200  
he's like one of the stalwarts of

805  
00:33:01,980 --> 00:32:59,350  
conspiracy research and his view of it

806  
00:33:04,440 --> 00:33:01,990  
is that these intelligence agencies in

807  
00:33:05,850 --> 00:33:04,450  
the intelligence agents are we got them

808  
00:33:08,430 --> 00:33:05,860  
throughout the entertainment industry

809  
00:33:10,020 --> 00:33:08,440  
and they try out things you know they

810  
00:33:11,790 --> 00:33:10,030  
come up with an idea that maybe they can

811  
00:33:14,850 --> 00:33:11,800  
pull off and they put it in a script to

812  
00:33:16,899 --> 00:33:14,860  
see how it works out and so you can see

813  
00:33:20,110 --> 00:33:16,909

time and again

814

00:33:22,299 --> 00:33:20,120

things that happen are like kind of

815

00:33:24,940 --> 00:33:22,309

predicted in the media I ran into this

816

00:33:26,440 --> 00:33:24,950

one I did you know I yeah I'm kind of

817

00:33:27,820 --> 00:33:26,450

known for this book called the octopus

818

00:33:32,740 --> 00:33:27,830

which is based on the Danny casolaro

819

00:33:35,580 --> 00:33:32,750

case which involved this the software

820

00:33:38,740 --> 00:33:35,590

called the promis software that was a

821

00:33:42,370 --> 00:33:38,750

Shanghai and using something called the

822

00:33:45,399 --> 00:33:42,380

install scandal but that idea was put

823

00:33:47,110 --> 00:33:45,409

into an episode of the lone gunman which

824

00:33:50,769 --> 00:33:47,120

was this you remember the lone gunman

825

00:33:52,779 --> 00:33:50,779

was like a x-files offshoot show gotcha

826

00:33:55,509 --> 00:33:52,789

yeah there were three three guys who

827

00:33:57,549 --> 00:33:55,519

published a zine and they were there

828

00:33:59,200 --> 00:33:57,559

first thing they investigated was the

829

00:34:01,240 --> 00:33:59,210

software that was being put into a plane

830

00:34:03,820 --> 00:34:01,250

that was being set up to crash into the

831

00:34:06,220 --> 00:34:03,830

World Trade Towers and this was months

832

00:34:07,659 --> 00:34:06,230

before the trade sour thing yeah just oh

833

00:34:09,909 --> 00:34:07,669

that was months before

834

00:34:12,760 --> 00:34:09,919

yeah just months before why Sam yeah it

835

00:34:14,710 --> 00:34:12,770

was a ghost March of 2001 it is crazy I

836

00:34:16,300 --> 00:34:14,720

mean even you know more recent times you

837

00:34:18,970 --> 00:34:16,310

see it in the Batman movie in the Dark

838

00:34:21,089 --> 00:34:18,980

Knight movie we're shooting right that's

839

00:34:22,930 --> 00:34:21,099

it well that's what's happening with

840

00:34:24,250 --> 00:34:22,940

Sandy Hook you know they could be

841

00:34:26,710 --> 00:34:24,260

killings in Sandy Hook you go to this

842

00:34:29,770 --> 00:34:26,720

Batman movie there's a scene in the

843

00:34:32,050 --> 00:34:29,780

Batman movies a mat next to a a a cell

844

00:34:35,530 --> 00:34:32,060

phone and the map says Sandy Hook yes

845

00:34:37,569 --> 00:34:35,540

you know it's you got this and there's a

846

00:34:41,379 --> 00:34:37,579

there's a developing line of research

847

00:34:43,480 --> 00:34:41,389

that all of us had to do with a banking

848

00:34:46,059 --> 00:34:43,490

scandal called LIBOR Li Bo lar

849

00:34:49,089 --> 00:34:46,069

yeah yeah yeah and the hearings for that

850

00:34:54,480 --> 00:34:49,099

were called off after San Diego and that

851  
00:34:57,520 --> 00:34:54,490  
the parents of the killer in Aurora and

852  
00:34:59,440 --> 00:34:57,530  
some of the kids in in Sandy Hook that

853  
00:35:01,059 --> 00:34:59,450  
both of them were somehow connected to

854  
00:35:02,349 --> 00:35:01,069  
this LIBOR scandal and that what's

855  
00:35:04,990 --> 00:35:02,359  
really going on is a big cover-up of

856  
00:35:07,720 --> 00:35:05,000  
that right that's kind of what I was

857  
00:35:08,950 --> 00:35:07,730  
gonna ask you is if what you thought the

858  
00:35:10,270 --> 00:35:08,960  
motivations were for that because

859  
00:35:12,040 --> 00:35:10,280  
there's there's people who say it's a

860  
00:35:13,660 --> 00:35:12,050  
false flag to usher in stricter gun

861  
00:35:16,390 --> 00:35:13,670  
control there's people who says an

862  
00:35:18,089 --> 00:35:16,400  
Illuminati ritual killing and then right

863  
00:35:20,770 --> 00:35:18,099

there's that that LIBOR scandal

864

00:35:23,260 --> 00:35:20,780

situation where both John Holmes and

865

00:35:25,180 --> 00:35:23,270

Adam Lanza's fathers were apparently set

866

00:35:26,800 --> 00:35:25,190

to testify and that's just what I read

867

00:35:28,120 --> 00:35:26,810

on the Internet like what do you make of

868

00:35:29,770 --> 00:35:28,130

all that because I don't see if it was a

869

00:35:31,840 --> 00:35:29,780

if there it set the test

870

00:35:33,970 --> 00:35:31,850

to find the LIBOR scandal I guess it

871

00:35:35,890 --> 00:35:33,980

could be like a punishment for them like

872

00:35:37,600 --> 00:35:35,900

hey we're gonna make your kid we're

873

00:35:40,240 --> 00:35:37,610

gonna mind control your kid into being a

874

00:35:42,310 --> 00:35:40,250

patsy for this brutal massacre and

875

00:35:44,290 --> 00:35:42,320

that's all fine and good but what about

876

00:35:45,850 --> 00:35:44,300

the people that when you just kill that

877

00:35:48,790 --> 00:35:45,860

kid wouldn't you just kill his kid and

878

00:35:51,820 --> 00:35:48,800

say you know now testify well the idea

879

00:35:54,850 --> 00:35:51,830

was to create these these situations

880

00:35:58,390 --> 00:35:54,860

that become more important than any kind

881

00:36:00,670 --> 00:35:58,400

of investigation of some obscure banking

882

00:36:03,490 --> 00:36:00,680

scandal in England at that point a

883

00:36:04,570 --> 00:36:03,500

sexier story right so I mean so all that

884

00:36:06,010 --> 00:36:04,580

stuff just gets dropped because

885

00:36:07,090 --> 00:36:06,020

everybody else is paying attention to it

886

00:36:09,550 --> 00:36:07,100

that's why I think the one thing that

887

00:36:12,520 --> 00:36:09,560

it's not about is a sec Amendment

888

00:36:14,050 --> 00:36:12,530

argument or you know gun control right

889

00:36:15,490 --> 00:36:14,060

right this is just too much attention

890

00:36:17,740 --> 00:36:15,500

being paid of it that's got to be the

891

00:36:19,240 --> 00:36:17,750

false dialog minute people want us to

892

00:36:20,770 --> 00:36:19,250

pay attention to to cover up something

893

00:36:22,090 --> 00:36:20,780

else right it seemed to me to be more

894

00:36:24,370 --> 00:36:22,100

likely than it's that it's something

895

00:36:26,410 --> 00:36:24,380

like this that's a great point you

896

00:36:28,300 --> 00:36:26,420

mentioned wilhelm reich earlier and

897

00:36:30,760 --> 00:36:28,310

something i wanted to get to is another

898

00:36:33,190 --> 00:36:30,770

story in that popular pair of politics

899

00:36:35,260 --> 00:36:33,200

great book it was very odd was the

900

00:36:40,420 --> 00:36:35,270

clodbuster canon can you tell us about

901  
00:36:44,470 --> 00:36:40,430  
the cloudbuster canon oh where to begin

902  
00:36:48,340 --> 00:36:44,480  
well wilhelm reich was a protege of

903  
00:36:51,220 --> 00:36:48,350  
Sigmund Freud during the early days of

904  
00:36:53,920 --> 00:36:51,230  
development of psychoanalysis and he

905  
00:36:56,110 --> 00:36:53,930  
came up with his own theories about

906  
00:36:57,700 --> 00:36:56,120  
character structure that are still very

907  
00:36:59,710 --> 00:36:57,710  
important texts and people you know go

908  
00:37:01,360 --> 00:36:59,720  
into psychology or psychiatry they're

909  
00:37:03,330 --> 00:37:01,370  
they're always still required to read

910  
00:37:07,570 --> 00:37:03,340  
character analysis but it was I'm right

911  
00:37:10,060 --> 00:37:07,580  
but when he his first exiled to Norway

912  
00:37:14,440 --> 00:37:10,070  
where he he started doing experiments

913  
00:37:17,740 --> 00:37:14,450

that tried to establish the underlying

914

00:37:19,630 --> 00:37:17,750

energy force in life those are the bayan

915

00:37:23,200 --> 00:37:19,640

experiments he left Norway came to

916

00:37:24,610 --> 00:37:23,210

America and the at that point his

917

00:37:27,250 --> 00:37:24,620

research developed and he started

918

00:37:28,960 --> 00:37:27,260

calling this energy Oregon and he

919

00:37:30,400 --> 00:37:28,970

started creating a technology on how to

920

00:37:32,470 --> 00:37:30,410

develop it now to use it there were

921

00:37:34,360 --> 00:37:32,480

Oregon boxes and the idea was that

922

00:37:36,820 --> 00:37:34,370

people could sit in the Oregon box and

923

00:37:40,990 --> 00:37:36,830

charge up their life energy and come out

924

00:37:43,870 --> 00:37:41,000

of it much healthier more vibrant kind

925

00:37:46,840 --> 00:37:43,880

of thing and then as that technology

926

00:37:49,240 --> 00:37:46,850

developed he created the cloud buster

927

00:37:50,980 --> 00:37:49,250

gonna call Buster cannon which was

928

00:37:52,840 --> 00:37:50,990

supposed to operate on the environment

929

00:37:54,640 --> 00:37:52,850

the way it operated on people the

930

00:37:58,480 --> 00:37:54,650

purpose of the cloud Buster was to

931

00:38:00,850 --> 00:37:58,490

slowly gradually increase moisture in

932

00:38:05,890 --> 00:38:00,860

desert regions to fruit to find the

933

00:38:09,600 --> 00:38:05,900

earth to make it less of a wasteland but

934

00:38:12,580 --> 00:38:09,610

what happened and I just covered Oh

935

00:38:17,530 --> 00:38:12,590

Mike's whole life there's three times

936

00:38:19,360 --> 00:38:17,540

good so I urge everybody to not listen

937

00:38:22,210 --> 00:38:19,370

to me but just take me as a cue to go

938

00:38:24,370 --> 00:38:22,220

green ripe for one thing whether ripe

939

00:38:26,380 --> 00:38:24,380

was was was wrong or nuts or whatever

940

00:38:27,790 --> 00:38:26,390

read him he's brilliant one way or

941

00:38:29,740 --> 00:38:27,800

another just read him if you want to

942

00:38:32,170 --> 00:38:29,750

understand the psychology well what

943

00:38:36,900 --> 00:38:32,180

happened there at the end was that he

944

00:38:39,310 --> 00:38:36,910

created these what when he created these

945

00:38:41,140 --> 00:38:39,320

weapons he brought them out to the

946

00:38:43,510 --> 00:38:41,150

desert and one interesting fact is that

947

00:38:46,390 --> 00:38:43,520

in his last book contact with space he

948

00:38:46,840 --> 00:38:46,400

talks about going through Roswell New

949

00:38:49,270 --> 00:38:46,850

Mexico

950

00:38:51,460 --> 00:38:49,280

this is 1955 it's actually an argument I

951  
00:38:54,090 --> 00:38:51,470  
have with a lot of ufologists and a lot

952  
00:38:56,140 --> 00:38:54,100  
of skeptics who believe that the Roswell

953  
00:38:58,570 --> 00:38:56,150  
was a product that you know that

954  
00:39:01,180 --> 00:38:58,580  
something happened in 47 but the people

955  
00:39:02,950 --> 00:39:01,190  
thought about it and then in 1980 Stan

956  
00:39:04,750 --> 00:39:02,960  
treatment all these guys saw an

957  
00:39:06,400 --> 00:39:04,760  
opportunity to exploit it and bring it

958  
00:39:09,340 --> 00:39:06,410  
back well this is not true because

959  
00:39:12,160 --> 00:39:09,350  
Roswell had a long impact that's

960  
00:39:14,140 --> 00:39:12,170  
measurable in history long before 1980

961  
00:39:17,980 --> 00:39:14,150  
long before you know the resurgence of

962  
00:39:20,620 --> 00:39:17,990  
interest at that point in 1955 wilhelm

963  
00:39:22,900 --> 00:39:20,630

reich takes his cloudbuster guns through

964

00:39:25,240 --> 00:39:22,910

roswell new mexico talks about the alien

965

00:39:26,410 --> 00:39:25,250

environment the dry environment starts

966

00:39:27,910 --> 00:39:26,420

coming up with his idea that this is

967

00:39:29,320 --> 00:39:27,920

what the aliens are doing if they're

968

00:39:32,350 --> 00:39:29,330

sucking the living energy out of the

969

00:39:34,090 --> 00:39:32,360

earth their own sake and it's not a big

970

00:39:35,620 --> 00:39:34,100

part of contact with space but it's

971

00:39:37,840 --> 00:39:35,630

clear and it's clear from other passages

972

00:39:39,460 --> 00:39:37,850

that he heard the radio reports about

973

00:39:41,470 --> 00:39:39,470

Roswell and it's clear that he's going

974

00:39:44,680 --> 00:39:41,480

out to see what kind of impact whatever

975

00:39:47,470 --> 00:39:44,690

this alien connection is is having on

976  
00:39:49,780 --> 00:39:47,480  
the earth and so in the process of doing

977  
00:39:54,130 --> 00:39:49,790  
that he starts well actually even before

978  
00:39:56,050 --> 00:39:54,140  
that and in Maine he started seeing UFOs

979  
00:39:57,580 --> 00:39:56,060  
himself flying saucers himself and he

980  
00:40:02,440 --> 00:39:57,590  
started pointing the Papa

981  
00:40:04,780 --> 00:40:02,450  
at them and they start to blink out so

982  
00:40:07,240 --> 00:40:04,790  
so you got the idea that you know that

983  
00:40:11,050 --> 00:40:07,250  
maybe you know I mean see radically to

984  
00:40:13,930 --> 00:40:11,060  
him that maybe redirecting Oregon stream

985  
00:40:17,770 --> 00:40:13,940  
toward these UFO would be one way to

986  
00:40:19,570 --> 00:40:17,780  
battle them yeah that's what I read and

987  
00:40:22,030 --> 00:40:19,580  
I was like that is so interesting

988  
00:40:23,940 --> 00:40:22,040

because I mean it must mean that he was

989

00:40:26,980 --> 00:40:23,950

seeing them fairly frequently

990

00:40:30,370 --> 00:40:26,990

yeah and across the country I'll tell

991

00:40:33,250 --> 00:40:30,380

you what another another pop culture a

992

00:40:33,880 --> 00:40:33,260

pair of political dimension to this is a

993

00:40:35,680 --> 00:40:33,890

movie called

994

00:40:38,980 --> 00:40:35,690

earth vs. flying saucers you ever see

995

00:40:40,630 --> 00:40:38,990

that one I have seen that it is pretty

996

00:40:43,210 --> 00:40:40,640

it's pretty low budget if I remember

997

00:40:45,070 --> 00:40:43,220

yeah yeah well it has special effects by

998

00:40:47,020 --> 00:40:45,080

Ray Harryhausen who's like famous for

999

00:40:47,230 --> 00:40:47,030

being one of the great so black and

1000

00:40:52,660 --> 00:40:47,240

white

1001  
00:40:54,580 --> 00:40:52,670  
in the 50s the load up these cloudbuster

1002  
00:40:56,590 --> 00:40:54,590  
guns on the backs of jeeps and fight

1003  
00:40:58,420 --> 00:40:56,600  
flying saucers in that movie and they

1004  
00:40:59,740 --> 00:40:58,430  
finally they capture one of the aliens

1005  
00:41:02,590 --> 00:40:59,750  
and he the aliens would walk around

1006  
00:41:04,540 --> 00:41:02,600  
these big helmets on they remove his

1007  
00:41:07,500 --> 00:41:04,550  
helmet and it's a it's a it's a roswell

1008  
00:41:10,870 --> 00:41:07,510  
gray you know so there's more proof that

1009  
00:41:13,830 --> 00:41:10,880  
you know roswell was not off of people's

1010  
00:41:15,700 --> 00:41:13,840  
minds it was you know i mean that was a

1011  
00:41:19,540 --> 00:41:15,710  
it was a movie there's getting wine

1012  
00:41:22,560 --> 00:41:19,550  
distribution and roswell in there and

1013  
00:41:25,480 --> 00:41:22,570

you have Reich's cloudbuster guns or

1014

00:41:27,040 --> 00:41:25,490

yeah i can't imagine that story would

1015

00:41:29,020 --> 00:41:27,050

have been forgotten ten years later i

1016

00:41:30,910 --> 00:41:29,030

mean look at 9/11 people are still

1017

00:41:32,500 --> 00:41:30,920

debating that you know it doesn't seem

1018

00:41:34,840 --> 00:41:32,510

like it was even ten years ago but a

1019

00:41:37,480 --> 00:41:34,850

story like that the first UFO crash the

1020

00:41:40,090 --> 00:41:37,490

first alien bodies recovered i mean a

1021

00:41:45,850 --> 00:41:40,100

story like that that's not gonna get to

1022

00:41:47,110 --> 00:41:45,860

page five and ten years yeah it's almost

1023

00:41:49,060 --> 00:41:47,120

every time you turn around I mean I

1024

00:41:52,390 --> 00:41:49,070

found references I found Roswell Gray's

1025

00:41:56,590 --> 00:41:52,400

in a Japanese cartoon called prints

1026  
00:41:59,380 --> 00:41:56,600  
planet from 1965 you know things like

1027  
00:42:01,090 --> 00:41:59,390  
that you know well you know we're

1028  
00:42:02,560 --> 00:42:01,100  
talking about aliens let's you've been

1029  
00:42:04,450 --> 00:42:02,570  
involved in this for a long time you've

1030  
00:42:07,000 --> 00:42:04,460  
been writing for a long time longer than

1031  
00:42:07,960 --> 00:42:07,010  
I've been breathing and have you hold

1032  
00:42:10,300 --> 00:42:07,970  
out

1033  
00:42:12,880 --> 00:42:10,310  
well you know it's a good a good thing

1034  
00:42:15,970 --> 00:42:12,890  
in this case but have you ever tried to

1035  
00:42:17,650 --> 00:42:15,980  
map out a timeline of alien human

1036  
00:42:18,880 --> 00:42:17,660  
contact like what does that look like to

1037  
00:42:20,890 --> 00:42:18,890  
you do you do you think that they're

1038  
00:42:22,360 --> 00:42:20,900

just visitors who you know even our own

1039

00:42:25,060 --> 00:42:22,370

governments don't know what's going on

1040

00:42:27,010 --> 00:42:25,070

or are they in contact I mean I've heard

1041

00:42:29,650 --> 00:42:27,020

the Eisenhower story probably the most

1042

00:42:31,810 --> 00:42:29,660

fascinating story right yeah do you

1043

00:42:33,760 --> 00:42:31,820

think any like what's your what's your

1044

00:42:38,340 --> 00:42:33,770

timeline for alien human contact have

1045

00:42:40,690 --> 00:42:38,350

you if you had to bet when it started uh

1046

00:42:42,460 --> 00:42:40,700

well I mean of course you got the alien

1047

00:42:44,200 --> 00:42:42,470

ancient aliens idea you've got the

1048

00:42:45,580 --> 00:42:44,210

reptilian idea I mean that that's a

1049

00:42:50,470 --> 00:42:45,590

possibility could have started forever

1050

00:42:53,470 --> 00:42:50,480

ago let me answer it this way is not a

1051  
00:42:56,790 --> 00:42:53,480  
non mainstream theory that aliens have

1052  
00:42:59,170 --> 00:42:56,800  
visited this planet and have been

1053  
00:43:01,300 --> 00:42:59,180  
manipulating it and changing it this is

1054  
00:43:01,600 --> 00:43:01,310  
a theory that was put forward by Francis

1055  
00:43:09,340 --> 00:43:01,610  
Crick

1056  
00:43:11,590 --> 00:43:09,350  
discovered DNA Kirk's idea was directed

1057  
00:43:13,360 --> 00:43:11,600  
panspermia that life itself on this

1058  
00:43:15,580 --> 00:43:13,370  
planet was brought here by aliens

1059  
00:43:18,010 --> 00:43:15,590  
you know and I don't know if they're

1060  
00:43:21,940 --> 00:43:18,020  
reptiles or bug-eyed aliens or whatever

1061  
00:43:23,800 --> 00:43:21,950  
but it's not a non common sense view it

1062  
00:43:25,120 --> 00:43:23,810  
is a mainstream point of view

1063  
00:43:27,190 --> 00:43:25,130

so they're actually something like that

1064

00:43:28,960 --> 00:43:27,200

they're beginning to realize more and

1065

00:43:32,140 --> 00:43:28,970

more that you know because because I

1066

00:43:35,740 --> 00:43:32,150

work underground mostly in in a

1067

00:43:38,380 --> 00:43:35,750

counterculture I assume that that most

1068

00:43:40,930 --> 00:43:38,390

of what I believe is kind of unique to

1069

00:43:42,850 --> 00:43:40,940

people believe but it's not you know

1070

00:43:45,940 --> 00:43:42,860

like I said the Kennedy assassination

1071

00:43:48,280 --> 00:43:45,950

most people 99% of the people understand

1072

00:43:51,990 --> 00:43:48,290

that that was a conspiracy and the

1073

00:43:54,850 --> 00:43:52,000

government itself believes that aliens

1074

00:43:57,580 --> 00:43:54,860

manipulating human genetics and

1075

00:44:00,280 --> 00:43:57,590

interacting with earth people

1076  
00:44:02,770 --> 00:44:00,290  
that's Francis Crick it's mainstream

1077  
00:44:05,050 --> 00:44:02,780  
science yeah what an interesting

1078  
00:44:07,210 --> 00:44:05,060  
conclusion for him of all people to come

1079  
00:44:11,620 --> 00:44:07,220  
to strange the guy who understands life

1080  
00:44:14,130 --> 00:44:11,630  
that I've been so it's you know so I

1081  
00:44:16,600 --> 00:44:14,140  
offered that out to everybody who

1082  
00:44:19,300 --> 00:44:16,610  
probably like yourself certainly like me

1083  
00:44:20,800 --> 00:44:19,310  
who gets derided as a conspiracy nuts

1084  
00:44:24,490 --> 00:44:20,810  
and

1085  
00:44:27,130 --> 00:44:24,500  
you know Flying Saucer wacko but it's

1086  
00:44:29,350 --> 00:44:27,140  
not whacko you know we are normal people

1087  
00:44:31,720 --> 00:44:29,360  
and this is normal mainstream science

1088  
00:44:34,150 --> 00:44:31,730

and also normal mainstream not politics

1089

00:44:36,220 --> 00:44:34,160

but para politics you know all right

1090

00:44:38,410 --> 00:44:36,230

and I have heard you talk about that

1091

00:44:40,030 --> 00:44:38,420

eisenhower story it's it's it's very

1092

00:44:43,630 --> 00:44:40,040

interesting it's the only story I know

1093

00:44:44,790 --> 00:44:43,640

of of a president communicating there

1094

00:44:47,350 --> 00:44:44,800

meeting with some type of

1095

00:44:49,000 --> 00:44:47,360

extraterrestrial race do you know

1096

00:44:52,830 --> 00:44:49,010

there's also a right connection there

1097

00:44:55,060 --> 00:44:52,840

there's a diary entry that see that

1098

00:44:57,660 --> 00:44:55,070

actually if you look at eyes and how his

1099

00:44:59,950 --> 00:44:57,670

schedule he goes to Rangeley main

1100

00:45:01,990 --> 00:44:59,960

shortly after that alien incident and

1101

00:45:04,330 --> 00:45:02,000

it's pretty clear that he had some kind

1102

00:45:05,410 --> 00:45:04,340

of meeting with one right and and

1103

00:45:07,480 --> 00:45:05,420

there's there's you know there's other

1104

00:45:09,340 --> 00:45:07,490

documentation there was there's

1105

00:45:11,080 --> 00:45:09,350

something called the color twining memo

1106

00:45:12,700 --> 00:45:11,090

that's in the National Archives I've

1107

00:45:14,530 --> 00:45:12,710

held this document my hand and it says

1108

00:45:17,650 --> 00:45:14,540

that they're they're rescheduling a

1109

00:45:20,200 --> 00:45:17,660

special Studies subcommittee of mj-12

1110

00:45:24,640 --> 00:45:20,210

in NJ 12 the mj-12 papers that's another

1111

00:45:29,140 --> 00:45:24,650

big part of the UFO war right but there

1112

00:45:30,940 --> 00:45:29,150

was another researcher of the biography

1113

00:45:34,480 --> 00:45:30,950

of a british diplomat named do douglas

1114

00:45:40,360 --> 00:45:34,490

who came up with another document that

1115

00:45:42,430 --> 00:45:40,370

talks about reich getting a meeting with

1116

00:45:44,080 --> 00:45:42,440

people in the government on that precise

1117

00:45:45,640 --> 00:45:44,090

day of the color twining memo so it's

1118

00:45:48,040 --> 00:45:45,650

not just two pieces of documentation

1119

00:45:51,220 --> 00:45:48,050

it's like triangulation of research you

1120

00:45:52,750 --> 00:45:51,230

know yeah yeah so there's a clear

1121

00:45:54,340 --> 00:45:52,760

indication that the government had an

1122

00:45:57,460 --> 00:45:54,350

interest and they had an interest in

1123

00:46:00,430 --> 00:45:57,470

reich and you know as nutty as it all

1124

00:46:02,740 --> 00:46:00,440

seems it was something that was truly

1125

00:46:05,950 --> 00:46:02,750

going on yeah it seems to me like at

1126  
00:46:07,150 --> 00:46:05,960  
that time from probably 47 on it seemed

1127  
00:46:09,190 --> 00:46:07,160  
kind of like the government was

1128  
00:46:11,080 --> 00:46:09,200  
scrambling they at one point they're

1129  
00:46:12,100 --> 00:46:11,090  
trying to suppress all this information

1130  
00:46:14,320 --> 00:46:12,110  
at the same time they're trying to

1131  
00:46:17,110 --> 00:46:14,330  
gather their own information from people

1132  
00:46:20,320 --> 00:46:17,120  
like reich or you know whoever doesn't

1133  
00:46:22,510 --> 00:46:20,330  
think that this is completely ludicrous

1134  
00:46:23,770 --> 00:46:22,520  
it's it's likely yeah they're trying to

1135  
00:46:25,420 --> 00:46:23,780  
put a lid on it you know they're trying

1136  
00:46:27,700 --> 00:46:25,430  
they're trying to own all the

1137  
00:46:29,410 --> 00:46:27,710  
information and and stay on top of it

1138  
00:46:31,150 --> 00:46:29,420

what more do you know about the

1139

00:46:33,100 --> 00:46:31,160

eisenhower story it's really interesting

1140

00:46:34,630 --> 00:46:33,110

to me but it also seems really hard to

1141

00:46:37,000 --> 00:46:34,640

believe because if there's a nail

1142

00:46:39,490 --> 00:46:37,010

in race you know coming to this planet

1143

00:46:42,339 --> 00:46:39,500

how do they get in contact with the

1144

00:46:44,980 --> 00:46:42,349

president without having a mass sighting

1145

00:46:46,960 --> 00:46:44,990

without a mass disclosure like how do

1146

00:46:51,460 --> 00:46:46,970

you get in there that deep do you know

1147

00:46:52,750 --> 00:46:51,470

the the answer to that well what's the

1148

00:46:55,059 --> 00:46:52,760

best way to answer that I can tell you

1149

00:46:56,950 --> 00:46:55,069

one thing that the full story as I

1150

00:46:59,890 --> 00:46:56,960

understand it with as much documentation

1151  
00:47:03,849 --> 00:46:59,900  
as I can bring to it appears in secret

1152  
00:47:08,250 --> 00:47:03,859  
and suppressed to Eisenhower and aliens

1153  
00:47:13,210 --> 00:47:08,260  
and it's like anything else I mean not

1154  
00:47:14,680 --> 00:47:13,220  
secrecy is been practiced particularly

1155  
00:47:17,650 --> 00:47:14,690  
the national security state you know

1156  
00:47:19,809 --> 00:47:17,660  
I've been practiced and done well for

1157  
00:47:21,400 --> 00:47:19,819  
many years and develop so it doesn't it

1158  
00:47:23,529 --> 00:47:21,410  
doesn't seem so unusual that that you

1159  
00:47:25,359 --> 00:47:23,539  
know well I guess I mean it's it's

1160  
00:47:27,250 --> 00:47:25,369  
unusual in this way like think about us

1161  
00:47:29,170 --> 00:47:27,260  
think about if Mars was a civilization

1162  
00:47:31,269 --> 00:47:29,180  
you know that that didn't that couldn't

1163  
00:47:34,589 --> 00:47:31,279

reach us and we wanted to go and make

1164

00:47:37,210 --> 00:47:34,599

contact with them how would we

1165

00:47:39,670 --> 00:47:37,220

infiltrate their system in a way that we

1166

00:47:41,249 --> 00:47:39,680

meet covertly with them one specific man

1167

00:47:44,620 --> 00:47:41,259

who actually is in charge of things

1168

00:47:46,269 --> 00:47:44,630

without just hopping down on the planet

1169

00:47:47,529 --> 00:47:46,279

and being like hey you know you know

1170

00:47:49,720 --> 00:47:47,539

here we are let's talk to some people

1171

00:47:51,519 --> 00:47:49,730

does that make sense like how would you

1172

00:47:53,079 --> 00:47:51,529

infiltrate their network when you don't

1173

00:47:54,849 --> 00:47:53,089

you don't speak the language you don't

1174

00:47:56,380 --> 00:47:54,859

you don't know how the government

1175

00:47:58,569 --> 00:47:56,390

operates you might not even know what a

1176

00:48:00,789 --> 00:47:58,579

government is it seems odd that they

1177

00:48:03,130 --> 00:48:00,799

they could streamline that communication

1178

00:48:05,019 --> 00:48:03,140

and keep it quiet well you might not but

1179

00:48:08,549 --> 00:48:05,029

then again your mind you know I mean if

1180

00:48:10,960 --> 00:48:08,559

the aliens are intelligent and the idea

1181

00:48:14,380 --> 00:48:10,970

one of the big theories about Roswell is

1182

00:48:16,480 --> 00:48:14,390

that they can became attracted to the

1183

00:48:20,349 --> 00:48:16,490

earth after the atomic explosions on the

1184

00:48:22,150 --> 00:48:20,359

desert so you know so they're monitoring

1185

00:48:23,799 --> 00:48:22,160

what's happening you idea that they are

1186

00:48:25,240 --> 00:48:23,809

monitoring communication that they can

1187

00:48:26,920 --> 00:48:25,250

figure out the bureaucracy actually

1188

00:48:28,660 --> 00:48:26,930

human bureaucracies are really kind of

1189

00:48:31,089 --> 00:48:28,670

easy to figure out who's the boss and

1190

00:48:33,880 --> 00:48:31,099

listen you know and then if you sending

1191

00:48:36,759 --> 00:48:33,890

out people that you know men of black

1192

00:48:39,309 --> 00:48:36,769

sorts you know to interact and make

1193

00:48:40,930 --> 00:48:39,319

connections that way it makes a certain

1194

00:48:42,999 --> 00:48:40,940

amount of sense you know that kind of

1195

00:48:44,440 --> 00:48:43,009

description of the alien activity does

1196

00:48:47,620 --> 00:48:44,450

seem to be something out of the 50s

1197

00:48:50,230 --> 00:48:47,630

though you know I

1198

00:48:53,170 --> 00:48:50,240

close encounter view is that it's all

1199

00:48:56,770 --> 00:48:53,180

gonna have to be pretty obvious yeah

1200

00:48:59,680 --> 00:48:56,780

right yeah that's true yeah I don't know

1201

00:49:00,970 --> 00:48:59,690

it's it's an odd thing yeah if you want

1202

00:49:04,180 --> 00:49:00,980

we can do we can do a whole program on

1203

00:49:06,010 --> 00:49:04,190

that one well that's what thing I want I

1204

00:49:07,390 --> 00:49:06,020

wanted to but I was wondering if there's

1205

00:49:11,470 --> 00:49:07,400

enough meat on those bones

1206

00:49:13,120 --> 00:49:11,480

oh there's plenty has to do again with

1207

00:49:17,710 --> 00:49:13,130

going back to the biography of Wilhelm

1208

00:49:19,270 --> 00:49:17,720

Reich Reich was you know people said he

1209

00:49:21,130 --> 00:49:19,280

was crazy and he died had died in prison

1210

00:49:23,050 --> 00:49:21,140

because you know up until the time he

1211

00:49:28,810 --> 00:49:23,060

died he felt that Eisenhower was on his

1212

00:49:30,010 --> 00:49:28,820

side yeah that's gonna kind of sad you

1213

00:49:34,000 --> 00:49:30,020

know what I'll tell you interesting Lee

1214

00:49:37,360 --> 00:49:34,010

enough just in terms of word rhyming

1215

00:49:39,850 --> 00:49:37,370

a guy who's into Reich is Ike David Icke

1216

00:49:42,100 --> 00:49:39,860

I think it's book called the biggest

1217

00:49:43,510 --> 00:49:42,110

secret reprints it puts a few pages of

1218

00:49:46,510 --> 00:49:43,520

contact with space which is Wilhelm

1219

00:49:49,180 --> 00:49:46,520

Reich famous last book very cool

1220

00:49:51,550 --> 00:49:49,190

yeah and and you know Reich our Ike

1221

00:49:53,350 --> 00:49:51,560

actually is also somebody who's really

1222

00:49:54,670 --> 00:49:53,360

kind of cute into coincidences that's

1223

00:49:58,090 --> 00:49:54,680

how he kind of started his career he

1224

00:50:00,130 --> 00:49:58,100

used to be a BBC sports writer yeah yeah

1225

00:50:01,360 --> 00:50:00,140

and then he it's some weird set of

1226

00:50:03,220 --> 00:50:01,370

coincidences and synchronicities

1227

00:50:05,440 --> 00:50:03,230

happened to him and he got onto this

1228

00:50:08,880 --> 00:50:05,450

path that he's on to now so it's part of

1229

00:50:11,110 --> 00:50:08,890

you know when I when I bring up the

1230

00:50:13,540 --> 00:50:11,120

Kennedy coincidences and the coincidence

1231

00:50:15,210 --> 00:50:13,550

between that and the Mauryan case I

1232

00:50:18,340 --> 00:50:15,220

mentioned also that David I could see

1233

00:50:20,440 --> 00:50:18,350

some interest in that also Bob Dylan in

1234

00:50:21,700 --> 00:50:20,450

the last interview that he gave for

1235

00:50:23,170 --> 00:50:21,710

Rolling Stone he starts talking about as

1236

00:50:26,980 --> 00:50:23,180

a famous incident in rock history where

1237

00:50:29,110 --> 00:50:26,990

Dylan got into a motorcycle crash and it

1238

00:50:32,050 --> 00:50:29,120

was off the scene like in 1966 he was

1239

00:50:36,010 --> 00:50:32,060

also seen for many years but there was a

1240

00:50:38,110 --> 00:50:36,020

second Robert Zimmerman who died in a

1241

00:50:39,400 --> 00:50:38,120

motorcycle crash at the same time Dylan

1242

00:50:40,990 --> 00:50:39,410

goes off about this and liberal

1243

00:50:42,400 --> 00:50:41,000

extolling so it's talking about how it

1244

00:50:44,980 --> 00:50:42,410

transfigured again if it was something

1245

00:50:47,230 --> 00:50:44,990

about the amalgam of the coincidences of

1246

00:50:49,960 --> 00:50:47,240

those situations that kind of freaked

1247

00:50:53,500 --> 00:50:49,970

him out and Kent Kenneth Arnold himself

1248

00:50:55,360 --> 00:50:53,510

was a student also of coincidences he

1249

00:50:57,790 --> 00:50:55,370

used to carry around in his wallet

1250

00:50:59,160 --> 00:50:57,800

the Lincoln Kennedy coincidences you

1251  
00:51:00,990 --> 00:50:59,170  
know those right yeah

1252  
00:51:02,549 --> 00:51:01,000  
I got Kennedy had a secretary named

1253  
00:51:05,670 --> 00:51:02,559  
Lincoln and Lincoln had a secretary of

1254  
00:51:08,370 --> 00:51:05,680  
Kennedy and he was killed and Kennedy

1255  
00:51:12,140 --> 00:51:08,380  
was killed in a Lincoln right and

1256  
00:51:14,190 --> 00:51:12,150  
Lincoln was killed in Ford's Theater

1257  
00:51:16,410 --> 00:51:14,200  
anyways oldest of him

1258  
00:51:18,990 --> 00:51:16,420  
and Arnold carried that around he also

1259  
00:51:20,579 --> 00:51:19,000  
his own book which came out in 1952

1260  
00:51:23,430 --> 00:51:20,589  
called the coming of the saucers which

1261  
00:51:25,049 --> 00:51:23,440  
is about the [h\_\_\h] case he he never

1262  
00:51:27,990 --> 00:51:25,059  
autographed a copy of that for his

1263  
00:51:33,180 --> 00:51:28,000

daughter Kim Arnold until November 22nd

1264

00:51:35,490 --> 00:51:33,190

1973 just to you know just to put it

1265

00:51:37,170 --> 00:51:35,500

into the pattern and and so Kim Arnold

1266

00:51:39,599 --> 00:51:37,180

actually sometimes makes the lecture

1267

00:51:41,160 --> 00:51:39,609

stuff at the UFO conferences and she

1268

00:51:43,289 --> 00:51:41,170

talks about all of that but the one

1269

00:51:45,210 --> 00:51:43,299

coincidence is she doesn't bring up his

1270

00:51:47,760 --> 00:51:45,220

the coincidence of fredchristman being

1271

00:51:49,589 --> 00:51:47,770

such an important part of her father's

1272

00:51:52,170 --> 00:51:49,599

story also him being the grassy knoll

1273

00:51:54,000 --> 00:51:52,180

shooter because I'll bet and I've sent

1274

00:51:56,430 --> 00:51:54,010

emails to try to find it's out but I'll

1275

00:51:58,140 --> 00:51:56,440

bet kim model doesn't know that just

1276

00:52:01,349 --> 00:51:58,150

like most Americans don't really know

1277

00:52:02,430 --> 00:52:01,359

that yeah Chrisman has been fingered as

1278

00:52:04,530 --> 00:52:02,440

a grassy knoll shooter and that's

1279

00:52:08,280 --> 00:52:04,540

practically the government's point of

1280

00:52:10,170 --> 00:52:08,290

view huh yeah that's interesting

1281

00:52:11,460 --> 00:52:10,180

I mean a lot of people were getting down

1282

00:52:14,549 --> 00:52:11,470

kind of to the end of it but a lot of

1283

00:52:16,710 --> 00:52:14,559

people have this idea in their head or I

1284

00:52:19,349 --> 00:52:16,720

think it's kind of like a surface-level

1285

00:52:21,630 --> 00:52:19,359

conspiracy that you know Lincoln was

1286

00:52:24,089 --> 00:52:21,640

killed and in public and Kennedy was

1287

00:52:25,920 --> 00:52:24,099

killed in public and it was done by are

1288

00:52:28,079 --> 00:52:25,930

done for the reasons that they were both

1289

00:52:31,289 --> 00:52:28,089

trying to mess with the currencies in

1290

00:52:32,970 --> 00:52:31,299

the country and trying to you know

1291

00:52:35,520 --> 00:52:32,980

loosen the stranglehold from

1292

00:52:37,260 --> 00:52:35,530

international bankers and it makes sense

1293

00:52:39,270 --> 00:52:37,270

it definitely does coming when you look

1294

00:52:41,220 --> 00:52:39,280

at the money always follow the money and

1295

00:52:42,450 --> 00:52:41,230

so you got to think that that plays a

1296

00:52:44,400 --> 00:52:42,460

role but that's not really the

1297

00:52:45,990 --> 00:52:44,410

conclusion for the reason of the

1298

00:52:48,510 --> 00:52:46,000

assassination that you come to is it

1299

00:52:51,170 --> 00:52:48,520

well no I don't actually I think what

1300

00:52:54,620 --> 00:52:51,180

happened with the reasons one of the

1301  
00:52:58,289 --> 00:52:54,630  
certainly anybody like Kennedy who was

1302  
00:53:00,210 --> 00:52:58,299  
was progressive and wanted the the best

1303  
00:53:03,660 --> 00:53:00,220  
democratic process is to prevail in his

1304  
00:53:07,620 --> 00:53:03,670  
country was at odds with the money

1305  
00:53:09,260 --> 00:53:07,630  
establishment but I might do is you know

1306  
00:53:11,890 --> 00:53:09,270  
they people hold up the there are

1307  
00:53:14,109 --> 00:53:11,900  
certain dollar bills that do not say

1308  
00:53:16,269 --> 00:53:14,119  
federal reserve on them and people hold

1309  
00:53:17,859 --> 00:53:16,279  
that up as proof that Kennedy was trying

1310  
00:53:20,589 --> 00:53:17,869  
to get us away from the Federal Reserve

1311  
00:53:24,160 --> 00:53:20,599  
but the fact of the matter is that those

1312  
00:53:27,309 --> 00:53:24,170  
are promissory notes meant to retire the

1313  
00:53:29,079 --> 00:53:27,319

debt of coins coins contain silver and

1314

00:53:31,480 --> 00:53:29,089

the silver at one point because of the

1315

00:53:36,549 --> 00:53:31,490

price of the silver and the market was

1316

00:53:38,500 --> 00:53:36,559

was worth more than the coin so they

1317

00:53:40,750 --> 00:53:38,510

issued these promise they're you know

1318

00:53:42,250 --> 00:53:40,760

it's just basically to retire that

1319

00:53:45,370 --> 00:53:42,260

obligation and it takes silver out of

1320

00:53:48,069 --> 00:53:45,380

the coins so that that almost seems

1321

00:53:50,500 --> 00:53:48,079

contradictory that almost seems like you

1322

00:53:53,849 --> 00:53:50,510

know IV move towards more fiat currency

1323

00:53:56,710 --> 00:53:53,859

which would enslave the country more

1324

00:53:59,609 --> 00:53:56,720

right yeah well that's what I'm saying I

1325

00:54:03,690 --> 00:53:59,619

don't think you know if Kennedy was

1326

00:54:06,370 --> 00:54:03,700

certainly Kennedy was was opposed to a

1327

00:54:07,539 --> 00:54:06,380

secrecy and an oppressive government I

1328

00:54:09,089 --> 00:54:07,549

mean he had the example of the

1329

00:54:13,960 --> 00:54:09,099

Communists that he always worked against

1330

00:54:15,819 --> 00:54:13,970

and so you know whatever was going on

1331

00:54:18,309 --> 00:54:15,829

between him and the Federal Reserve I'm

1332

00:54:20,109 --> 00:54:18,319

sure is worthy of study but I'm just at

1333

00:54:21,430 --> 00:54:20,119

that in that particular case I don't you

1334

00:54:23,440 --> 00:54:21,440

know I don't think those those dollar

1335

00:54:26,650 --> 00:54:23,450

bills prove that yeah you don't see that

1336

00:54:29,230 --> 00:54:26,660

as the necessary linkage yeah what you

1337

00:54:30,819 --> 00:54:29,240

do point out is the the contracts with

1338

00:54:32,829 --> 00:54:30,829

Boeing is that the reason you think he

1339

00:54:36,069 --> 00:54:32,839

was assassinated because we didn't talk

1340

00:54:39,519 --> 00:54:36,079

about the actual reasoning oh well

1341

00:54:42,640 --> 00:54:39,529

Boeing yeah you know Chrisman also

1342

00:54:48,279 --> 00:54:42,650

worked for Boeing at one time another

1343

00:54:51,220 --> 00:54:48,289

interesting link but Kennedy remember

1344

00:54:53,049 --> 00:54:51,230

was reversing what was going on in

1345

00:54:55,539 --> 00:54:53,059

Vietnam because it was you know clearly

1346

00:54:58,510 --> 00:54:55,549

that that was the the wrong path for the

1347

00:55:01,240 --> 00:54:58,520

country the first thing that LBJ did

1348

00:55:04,269 --> 00:55:01,250

when he assumed office was to reverse

1349

00:55:06,730 --> 00:55:04,279

that process to reverse it up yeah it's

1350

00:55:08,890 --> 00:55:06,740

yeah to stopped Kennedy's de-escalation

1351  
00:55:11,650 --> 00:55:08,900  
but in the process of de-escalating of

1352  
00:55:13,859 --> 00:55:11,660  
course Bell Helicopter Boeing all the

1353  
00:55:16,299 --> 00:55:13,869  
arms manufacturers were taking big hits

1354  
00:55:17,829 --> 00:55:16,309  
it's the same story it's follow the

1355  
00:55:21,970 --> 00:55:17,839  
money just a different angle instead of

1356  
00:55:23,260 --> 00:55:21,980  
it being so huge as to be a slap against

1357  
00:55:24,760 --> 00:55:23,270  
the Federal Reserve you know you can

1358  
00:55:25,660 --> 00:55:24,770  
think of it as I mean Boeing's got a

1359  
00:55:27,460 --> 00:55:25,670  
shady past

1360  
00:55:29,859 --> 00:55:27,470  
I don't see why they would have any

1361  
00:55:31,000 --> 00:55:29,869  
problem hiring an assassin to kill the

1362  
00:55:32,859 --> 00:55:31,010  
president if they weren't getting their

1363  
00:55:34,509 --> 00:55:32,869

contracts I mean I could see Halliburton

1364

00:55:35,829 --> 00:55:34,519

doing something similar if Obama for

1365

00:55:37,329 --> 00:55:35,839

whatever reason was to be like all right

1366

00:55:39,130 --> 00:55:37,339

everybody come home right now

1367

00:55:41,049 --> 00:55:39,140

right I think he'd probably be dead too

1368

00:55:42,910 --> 00:55:41,059

but of course when I went Obama got

1369

00:55:45,250 --> 00:55:42,920

elected I said to friends you know I was

1370

00:55:46,420 --> 00:55:45,260

like hey this guy's talking bold I felt

1371

00:55:48,160 --> 00:55:46,430

like Hillary was supposed to be the

1372

00:55:49,900 --> 00:55:48,170

establishment candidate and maybe he won

1373

00:55:51,160 --> 00:55:49,910

out because of the internet and I said

1374

00:55:53,890 --> 00:55:51,170

the only way to know for sure if he's

1375

00:55:56,230 --> 00:55:53,900

legit as if he gets assassinated it's a

1376

00:55:58,450 --> 00:55:56,240

shame and it's a very sad and cynical

1377

00:56:00,069 --> 00:55:58,460

view but I mean here we are well I said

1378

00:56:03,609 --> 00:56:00,079

something actually kind of similar to

1379

00:56:07,390 --> 00:56:03,619

that in a blog from my publisher of

1380

00:56:09,519 --> 00:56:07,400

feral house which publishes JFK before

1381

00:56:11,380 --> 00:56:09,529

the election I said it an assassination

1382

00:56:13,359 --> 00:56:11,390

is going to somehow factor into this

1383

00:56:15,819 --> 00:56:13,369

election and it was shortly after that

1384

00:56:18,039 --> 00:56:15,829

came out when the Libyan ambassador was

1385

00:56:20,440 --> 00:56:18,049

assassinated and that hung like the

1386

00:56:24,130 --> 00:56:20,450

sword of Damocles over Obama's campaign

1387

00:56:27,160 --> 00:56:24,140

until the word went down and and Romney

1388

00:56:28,569 --> 00:56:27,170

didn't use it to any great effect but

1389

00:56:33,069 --> 00:56:28,579

they could have had a large impact that

1390

00:56:34,599 --> 00:56:33,079

assassination you know yeah man well and

1391

00:56:36,099 --> 00:56:34,609

this before we get going I mean this

1392

00:56:38,650 --> 00:56:36,109

seems like a pretty basic question but

1393

00:56:40,720 --> 00:56:38,660

you've been a professional archiver for

1394

00:56:42,700 --> 00:56:40,730

many years and a thorough and leading

1395

00:56:45,370 --> 00:56:42,710

researcher in conspiracies how would you

1396

00:56:47,140 --> 00:56:45,380

educate someone in the art of taking a

1397

00:56:48,819 --> 00:56:47,150

curiosity they may have about an event

1398

00:56:51,099 --> 00:56:48,829

and being able to actually do the

1399

00:56:58,809 --> 00:56:51,109

research into things that are thought to

1400

00:57:02,230 --> 00:56:58,819

be unattainable so how to be a

1401  
00:57:04,180 --> 00:57:02,240  
researcher there's a chapter and the

1402  
00:57:05,529 --> 00:57:04,190  
book is called pair of politics not to

1403  
00:57:07,839 --> 00:57:05,539  
be confused with the current Kindle book

1404  
00:57:09,190 --> 00:57:07,849  
popular pair of Parliament but does I

1405  
00:57:10,720 --> 00:57:09,200  
have a whole article about how to do

1406  
00:57:11,680 --> 00:57:10,730  
research through the Freedom of

1407  
00:57:15,190 --> 00:57:11,690  
Information Act

1408  
00:57:16,930 --> 00:57:15,200  
it's like anything else yeah it takes

1409  
00:57:19,930 --> 00:57:16,940  
patience and time and some intelligence

1410  
00:57:22,870 --> 00:57:19,940  
you know if you if you know of an

1411  
00:57:25,420 --> 00:57:22,880  
incident get the names investigate the

1412  
00:57:27,519 --> 00:57:25,430  
lives start making the connections if

1413  
00:57:29,349 --> 00:57:27,529

there are documents to be had you got to

1414

00:57:32,680 --> 00:57:29,359

locate the repositories that have them

1415

00:57:35,799 --> 00:57:32,690

that's a good how do you do that well

1416

00:57:38,460 --> 00:57:35,809

you got so many more tools now online to

1417

00:57:41,730 --> 00:57:38,470

do it you know the

1418

00:57:44,010 --> 00:57:41,740

I ever did when I that is true there's

1419

00:57:46,500 --> 00:57:44,020

also more [h\_\_\h] out there right yeah

1420

00:57:52,230 --> 00:57:46,510

the signal to noise ratio is worse than

1421

00:57:53,970 --> 00:57:52,240

it used to be but use your archives

1422

00:57:55,470 --> 00:57:53,980

you know primary sources are the best

1423

00:57:57,620 --> 00:57:55,480

but primary sources are the things that

1424

00:58:01,260 --> 00:57:57,630

they cover up you know with the most

1425

00:58:04,440 --> 00:58:01,270

passion you know the smoking gun right

1426  
00:58:05,760 --> 00:58:04,450  
the you know the document that proves

1427  
00:58:07,380 --> 00:58:05,770  
one thing or another is likely to have

1428  
00:58:09,630 --> 00:58:07,390  
been destroyed so a lot of times all you

1429  
00:58:13,410 --> 00:58:09,640  
have is implications and inferences and

1430  
00:58:14,940 --> 00:58:13,420  
the approach that I've taken and this

1431  
00:58:17,330 --> 00:58:14,950  
and it comes out of my association

1432  
00:58:20,460 --> 00:58:17,340  
actually with Timothy Leary whose

1433  
00:58:22,460 --> 00:58:20,470  
philosophy was was one of pure

1434  
00:58:25,260 --> 00:58:22,470  
intelligence of gathering data and

1435  
00:58:29,040 --> 00:58:25,270  
letting the data speak to you do not

1436  
00:58:30,300 --> 00:58:29,050  
look at it from you know radical posture

1437  
00:58:32,849 --> 00:58:30,310  
that you're a leftist and you're gonna

1438  
00:58:34,560 --> 00:58:32,859

expose or you're a right winger and

1439

00:58:36,270 --> 00:58:34,570

you're going to expose the government

1440

00:58:38,280 --> 00:58:36,280

that way just look at the data and then

1441

00:58:39,810 --> 00:58:38,290

what is the data telling you so in order

1442

00:58:41,520 --> 00:58:39,820

to do that you have to collect the data

1443

00:58:43,140 --> 00:58:41,530

so you just collect it you collected

1444

00:58:44,700 --> 00:58:43,150

from every source you don't and it

1445

00:58:46,859 --> 00:58:44,710

doesn't matter how outrageous it is

1446

00:58:51,839 --> 00:58:46,869

because at some point you're gonna have

1447

00:58:54,060 --> 00:58:51,849

to do a triangulation of the data and

1448

00:58:57,630 --> 00:58:54,070

whatever speaking the loudest to you

1449

00:59:00,750 --> 00:58:57,640

that's what's likely to be as true as is

1450

00:59:02,670 --> 00:59:00,760

anything you can research well there

1451  
00:59:04,079 --> 00:59:02,680  
there you go that's a tough row to hoe I

1452  
00:59:05,490 --> 00:59:04,089  
mean it's very hard for people who like

1453  
00:59:09,750 --> 00:59:05,500  
you said I've been doing archives work

1454  
00:59:11,550 --> 00:59:09,760  
for 25 years you know I it's my job

1455  
00:59:14,460 --> 00:59:11,560  
forty hours a week to do stuff like that

1456  
00:59:16,349 --> 00:59:14,470  
usually on much more banal topics that

1457  
00:59:17,520 --> 00:59:16,359  
does put you in a pretty unique position

1458  
00:59:19,770 --> 00:59:17,530  
and I would say to anybody who's

1459  
00:59:22,800 --> 00:59:19,780  
standing there on a treadmill listening

1460  
00:59:25,500 --> 00:59:22,810  
to this you know put out some infimum of

1461  
00:59:27,060 --> 00:59:25,510  
information act requests I feel like my

1462  
00:59:28,740 --> 00:59:27,070  
hands are titled I love doing the show I

1463  
00:59:30,210 --> 00:59:28,750

love talking to the researchers but I'm

1464

00:59:33,440 --> 00:59:30,220

just like me I kind of like to get out

1465

00:59:36,300 --> 00:59:33,450

there and do something dig something up

1466

00:59:38,040 --> 00:59:36,310

it's exhilarating particularly you know

1467

00:59:39,750 --> 00:59:38,050

if you have questions you know I you

1468

00:59:42,870 --> 00:59:39,760

know I was five years old when Kennedy

1469

00:59:45,930 --> 00:59:42,880

was assassinated and the country was

1470

00:59:47,490 --> 00:59:45,940

screwed up ever since that point funny a

1471

00:59:49,140 --> 00:59:47,500

little interesting anecdote about that

1472

00:59:50,370 --> 00:59:49,150

as I was uh having dinner with my

1473

00:59:51,839 --> 00:59:50,380

parents the other day I'm telling him

1474

00:59:53,700 --> 00:59:51,849

about upcoming shows I mentioned

1475

00:59:56,069 --> 00:59:53,710

you in the Kennedy assassination my dad

1476

00:59:57,150 --> 00:59:56,079

was 13 I you know I asked him oh hey do

1477

00:59:58,529 --> 00:59:57,160

you remember where you were when that

1478

01:00:00,239 --> 00:59:58,539

happening he's like oh yeah he's like

1479

01:00:02,910 --> 01:00:00,249

well first everybody does but secondly

1480

01:00:04,170 --> 01:00:02,920

he's he said I had a paper route and on

1481

01:00:06,180 --> 01:00:04,180

that day I was going around delivering

1482

01:00:07,499 --> 01:00:06,190

papers and every person who I did gave a

1483

01:00:09,569 --> 01:00:07,509

paper to would come out and be like did

1484

01:00:11,640 --> 01:00:09,579

you hear what happened no what no what

1485

01:00:14,700 --> 01:00:11,650

maybe like Kennedy's been shot

1486

01:00:18,420 --> 01:00:14,710

my god I can't see my dad going door to

1487

01:00:22,079 --> 01:00:18,430

door acting like he had no idea get the

1488

01:00:25,079 --> 01:00:22,089

news from so many different people in

1489

01:00:27,120 --> 01:00:25,089

contrast to 1977 when they finally

1490

01:00:29,849 --> 01:00:27,130

concluded was a conspiracy and it did

1491

01:00:31,469 --> 01:00:29,859

make a single front page headline of

1492

01:00:36,420 --> 01:00:31,479

course back in the back of the papers

1493

01:00:37,890 --> 01:00:36,430

and you know at that point but this you

1494

01:00:39,359 --> 01:00:37,900

know I mean that's not even the end of

1495

01:00:41,400 --> 01:00:39,369

the story but it's closer to the truth

1496

01:00:43,680 --> 01:00:41,410

of the story than it ever was when your

1497

01:00:45,059 --> 01:00:43,690

father was a kid right but it was still

1498

01:00:47,400 --> 01:00:45,069

you know my god the president was shot

1499

01:00:49,979 --> 01:00:47,410

this is the world's falling apart you

1500

01:00:52,109 --> 01:00:49,989

know and clearly they they came up with

1501

01:00:54,539 --> 01:00:52,119

a Warren Commission thing just to try to

1502

01:00:56,819 --> 01:00:54,549

shut people up and I have an official

1503

01:00:59,759 --> 01:00:56,829

conclusion that you can fall back on but

1504

01:01:00,569 --> 01:00:59,769

that you know nobody was it's an easy

1505

01:01:02,819 --> 01:01:00,579

with anybody

1506

01:01:04,650 --> 01:01:02,829

one other thing one little fun thing I

1507

01:01:07,079 --> 01:01:04,660

wanted to throw in before I let you go

1508

01:01:08,459 --> 01:01:07,089

I'm not keeping you too long that one

1509

01:01:09,479 --> 01:01:08,469

event that happened this past week I

1510

01:01:11,339 --> 01:01:09,489

haven't been able to talk to anybody

1511

01:01:13,650 --> 01:01:11,349

about it or get anyone's thoughts on it

1512

01:01:16,200 --> 01:01:13,660

and you seem like as good a guest as any

1513

01:01:17,729 --> 01:01:16,210

and that event is the meteor crash in

1514

01:01:20,969 --> 01:01:17,739

Russia and I saw a video that you had

1515

01:01:23,219 --> 01:01:20,979

posted on I think the steam shovel press

1516

01:01:25,529 --> 01:01:23,229

facebook page that showed what looked

1517

01:01:28,370 --> 01:01:25,539

like a UFO busting up that meteor in the

1518

01:01:32,069 --> 01:01:28,380

air what did you think of that video

1519

01:01:33,809 --> 01:01:32,079

well you know that's kind of why I put

1520

01:01:35,489 --> 01:01:33,819

it out there what do you think of it I

1521

01:01:38,130 --> 01:01:35,499

thought it was interesting if you

1522

01:01:40,559 --> 01:01:38,140

consider the line of thought that that

1523

01:01:42,299 --> 01:01:40,569

ETS are here to help us and sort of

1524

01:01:43,680 --> 01:01:42,309

guide us and keep us from blowing

1525

01:01:45,989 --> 01:01:43,690

ourselves up because there's a lot in

1526

01:01:48,690 --> 01:01:45,999

ties in with the nuclear facilities and

1527

01:01:51,150 --> 01:01:48,700

UFOs hovering over them it seems kind of

1528

01:01:54,420 --> 01:01:51,160

it seems like it fits the bill that a

1529

01:01:56,160 --> 01:01:54,430

UFO would smash up a meteor to make

1530

01:01:59,130 --> 01:01:56,170

smaller pieces so it doesn't completely

1531

01:02:01,259 --> 01:01:59,140

destroy a big chunk of the of the earth

1532

01:02:03,460 --> 01:02:01,269

well you know that other asteroid that

1533

01:02:05,920 --> 01:02:03,470

was coming close at the same time God

1534

01:02:08,140 --> 01:02:05,930

then got closer to the earth than most

1535

01:02:09,430 --> 01:02:08,150

of our communication satellites yeah

1536

01:02:11,230 --> 01:02:09,440

what's the deal with that I thought they

1537

01:02:13,570 --> 01:02:11,240

could see these things coming from a

1538

01:02:16,540 --> 01:02:13,580

year away you know they're all happening

1539

01:02:18,640 --> 01:02:16,550

at once - right right and this would

1540

01:02:20,230 --> 01:02:18,650

have been just two months ago this would

1541

01:02:22,750 --> 01:02:20,240

have been a whole different mess

1542

01:02:25,060 --> 01:02:22,760

December 21st 2012 we hold it from mess

1543

01:02:26,800 --> 01:02:25,070

but yeah but the point is though that

1544

01:02:28,690 --> 01:02:26,810

there is a level of secrecy that is

1545

01:02:32,080 --> 01:02:28,700

attended to everything having to do with

1546

01:02:34,720 --> 01:02:32,090

advanced technology and space travel and

1547

01:02:37,570 --> 01:02:34,730

you know there's the moon hoax theory

1548

01:02:40,330 --> 01:02:37,580

and all that other stuff it's it's it's

1549

01:02:41,770 --> 01:02:40,340

there and you know reading NASA press

1550

01:02:43,120 --> 01:02:41,780

releases doesn't get you closer to

1551  
01:02:45,910 --> 01:02:43,130  
understanding what actually happened I

1552  
01:02:48,370 --> 01:02:45,920  
agree with that well Kent I mean that

1553  
01:02:50,410 --> 01:02:48,380  
about wraps up our time together I had a

1554  
01:02:54,430 --> 01:02:50,420  
great time let me see one more thing

1555  
01:02:57,430 --> 01:02:54,440  
sure on the theme of popular para

1556  
01:02:58,570 --> 01:02:57,440  
politics of course you again this is the

1557  
01:03:01,420 --> 01:02:58,580  
50th anniversary of the JFK

1558  
01:03:02,680 --> 01:03:01,430  
assassination and so far only two movies

1559  
01:03:05,710 --> 01:03:02,690  
have been announced that have been

1560  
01:03:08,740 --> 01:03:05,720  
coming out of the fall about JFK one of

1561  
01:03:10,750 --> 01:03:08,750  
them is with Tom Hanks this is called

1562  
01:03:15,220 --> 01:03:10,760  
parkland and you know that's gonna be

1563  
01:03:16,450 --> 01:03:15,230

that's gonna be Forrest Gump right it's

1564

01:03:19,000 --> 01:03:16,460

about what happens at the Parkland

1565

01:03:20,650 --> 01:03:19,010

Hospital the other one and I don't know

1566

01:03:22,480 --> 01:03:20,660

this much about it but I know it's going

1567

01:03:25,630 --> 01:03:22,490

to be the movie to watch

1568

01:03:27,849 --> 01:03:25,640

it's called Dallas and Wonderland and

1569

01:03:30,010 --> 01:03:27,859

one of the co riders on it is Adam Park

1570

01:03:33,099 --> 01:03:30,020

Reid who's my publisher runs Farrell

1571

01:03:34,329 --> 01:03:33,109

house and James Shelby downwards wasn't

1572

01:03:36,849 --> 01:03:34,339

going to be in it and it's gonna be all

1573

01:03:38,530 --> 01:03:36,859

about various theories and things it's

1574

01:03:40,270 --> 01:03:38,540

gonna sounds like I hardly gonna do it

1575

01:03:41,950 --> 01:03:40,280

it's a mystery to me it's gonna be a

1576

01:03:43,690 --> 01:03:41,960

fast-moving so if you're looking you

1577

01:03:46,210 --> 01:03:43,700

know November comes around and you're

1578

01:03:48,040 --> 01:03:46,220

not a Dallas where you should be if

1579

01:03:50,050 --> 01:03:48,050

you're a Kennedy assassination person at

1580

01:03:52,210 --> 01:03:50,060

all we should all converge on Dallas in

1581

01:03:53,470 --> 01:03:52,220

the 50th anniversary what event is going

1582

01:03:55,870 --> 01:03:53,480

on cuz let's tell people because I think

1583

01:03:58,510 --> 01:03:55,880

people should you know start getting

1584

01:04:00,070 --> 01:03:58,520

involved in some way yeah people are

1585

01:04:01,540 --> 01:04:00,080

converging on Dallas I mean there's a

1586

01:04:03,910 --> 01:04:01,550

lot is that going down you see meant

1587

01:04:05,650 --> 01:04:03,920

earlier protesting in Dallas right well

1588

01:04:07,990 --> 01:04:05,660

the Coalition on political

1589

01:04:10,990 --> 01:04:08,000

assassinations in Washington DC you can

1590

01:04:13,870 --> 01:04:11,000

find them in a web search the the the

1591

01:04:15,900 --> 01:04:13,880

guy who runs that is John jugs find him

1592

01:04:18,299 --> 01:04:15,910

alive search they have

1593

01:04:20,309 --> 01:04:18,309

talking to authorities in Dallas because

1594

01:04:22,500 --> 01:04:20,319

the authorities in Dallas have been

1595

01:04:25,500 --> 01:04:22,510

discussing some kinds of ways to put a

1596

01:04:27,059 --> 01:04:25,510

clamp down on what's happening there

1597

01:04:29,220 --> 01:04:27,069

this year of all years you know they

1598

01:04:31,020 --> 01:04:29,230

have a ceremony there every year and a

1599

01:04:32,250 --> 01:04:31,030

protest there every year but this year

1600

01:04:35,640 --> 01:04:32,260

they're kind of worried about it so

1601

01:04:37,200 --> 01:04:35,650

judge has been talking to Dallas

1602

01:04:38,339 --> 01:04:37,210

authorities about you know what's really

1603

01:04:40,440 --> 01:04:38,349

going to happen if they're negotiating

1604

01:04:42,660 --> 01:04:40,450

for you know people not getting their

1605

01:04:44,670 --> 01:04:42,670

heads beat in there or whatever so

1606

01:04:46,940 --> 01:04:44,680

that's what I would recommend to people

1607

01:04:49,140 --> 01:04:46,950

look up Committee on political

1608

01:04:50,700 --> 01:04:49,150

assassinations with John judge and you

1609

01:04:52,620 --> 01:04:50,710

go to the front page and it will spell

1610

01:04:54,720 --> 01:04:52,630

out exactly where people are going to be

1611

01:04:58,740 --> 01:04:54,730

in Dallas and that'll be a November

1612

01:05:01,470 --> 01:04:58,750

right yeah whatever 22nd nice yeah cool

1613

01:05:02,970 --> 01:05:01,480

well I also want you to take a minute to

1614

01:05:04,980 --> 01:05:02,980

let the people know where they can catch

1615

01:05:06,900 --> 01:05:04,990

up on your latest works and keep up with

1616

01:05:09,809 --> 01:05:06,910

you and steam shovel press on the web

1617

01:05:12,180 --> 01:05:09,819

well steam shovel press Facebook is

1618

01:05:14,430 --> 01:05:12,190

probably the best thing you know I just

1619

01:05:17,039 --> 01:05:14,440

really kind of just got up on Facebook

1620

01:05:18,750 --> 01:05:17,049

and you have having a lot of fun posting

1621

01:05:20,190 --> 01:05:18,760

things there in ways I couldn't do

1622

01:05:22,069 --> 01:05:20,200

before but there's also steam shovel

1623

01:05:24,630 --> 01:05:22,079

press.com

1624

01:05:28,140 --> 01:05:24,640

the website which I now occasionally

1625

01:05:30,539 --> 01:05:28,150

update and one of the one of the things

1626  
01:05:32,519 --> 01:05:30,549  
on that website actually is a video of a

1627  
01:05:34,140 --> 01:05:32,529  
lecture I did once in the Mojave that

1628  
01:05:37,410 --> 01:05:34,150  
has to deal with the comic book artist

1629  
01:05:40,950 --> 01:05:37,420  
Jack Kirby who among other things had a

1630  
01:05:41,760 --> 01:05:40,960  
strong role in what happens in this

1631  
01:05:43,710 --> 01:05:41,770  
movie Argo

1632  
01:05:46,559 --> 01:05:43,720  
although Kirby's name isn't mentioned

1633  
01:05:48,299 --> 01:05:46,569  
and anytime you see anything by Marvel

1634  
01:05:50,099 --> 01:05:48,309  
Comics they only ever mentioned his name

1635  
01:05:51,809 --> 01:05:50,109  
at all he's only created every one of

1636  
01:05:54,089 --> 01:05:51,819  
those trademark properties that are

1637  
01:05:55,589 --> 01:05:54,099  
making billions of dollars it's a you

1638  
01:05:57,510 --> 01:05:55,599

know Kirby's one of the finest comic

1639

01:06:00,870 --> 01:05:57,520

book artists ever took up pencil to a

1640

01:06:03,359 --> 01:06:00,880

page and is his errors do not see a

1641

01:06:04,559 --> 01:06:03,369

penny of that so that's a conspiracy I

1642

01:06:06,269 --> 01:06:04,569

like it for that kind of thing so you

1643

01:06:08,400 --> 01:06:06,279

can order that through the website and

1644

01:06:11,099 --> 01:06:08,410

that is something I learned from from

1645

01:06:13,740 --> 01:06:11,109

you in in popular pair of politics and

1646

01:06:16,349 --> 01:06:13,750

then I went and researched it a little

1647

01:06:19,109 --> 01:06:16,359

bit but I guess Jack Kirby was working

1648

01:06:20,940 --> 01:06:19,119

for Stanley Stanley was his editor and

1649

01:06:23,370 --> 01:06:20,950

just was like oh these are great let me

1650

01:06:26,010 --> 01:06:23,380

take these and now we have Stan Lee is

1651

01:06:29,050 --> 01:06:26,020

the famous creator of all Marvel

1652

01:06:30,910 --> 01:06:29,060

superheroes that's that's [h\_\_\h] up Stan

1653

01:06:32,920 --> 01:06:30,920

is nothing he did nothing nothing

1654

01:06:35,260 --> 01:06:32,930

nothing nothing yeah it's statistically

1655

01:06:38,380 --> 01:06:35,270

irrelevant whatever was he did Jack

1656

01:06:39,820 --> 01:06:38,390

Kirby created all that stuff man it's a

1657

01:06:42,580 --> 01:06:39,830

crime you know and it's another

1658

01:06:45,490 --> 01:06:42,590

corporate crime you know there are many

1659

01:06:46,480 --> 01:06:45,500

right so anyway you have a lecture about

1660

01:06:49,150 --> 01:06:46,490

that that you can get through the

1661

01:06:51,130 --> 01:06:49,160

substantial press comm so the Kindle

1662

01:06:53,800 --> 01:06:51,140

book is called popular pair of politics

1663

01:06:56,200 --> 01:06:53,810

if you don't have a Kindle that you can

1664

01:06:58,720 --> 01:06:56,210

download software that gives you the

1665

01:07:01,990 --> 01:06:58,730

ability to read the book on your

1666

01:07:04,390 --> 01:07:02,000

computer so and you know the book is

1667

01:07:06,550 --> 01:07:04,400

cheap too because it it's not really a

1668

01:07:10,930 --> 01:07:06,560

book it's a Kindle the current the book

1669

01:07:12,280 --> 01:07:10,940

out there the actual book that you you

1670

01:07:15,820 --> 01:07:12,290

can purchase at a bookstore

1671

01:07:17,560 --> 01:07:15,830

it's called JFK and UFO and it's all

1672

01:07:20,470 --> 01:07:17,570

about what we've been talking about many

1673

01:07:21,820 --> 01:07:20,480

more connections I never do it justice I

1674

01:07:23,470 --> 01:07:21,830

always feel even after the best of

1675

01:07:25,600 --> 01:07:23,480

interviews I always you know God I

1676

01:07:28,180 --> 01:07:25,610

didn't say there's just a ton of

1677

01:07:30,850 --> 01:07:28,190

information in that book and so I

1678

01:07:32,940 --> 01:07:30,860

recommend that to your readers then I

1679

01:07:34,180 --> 01:07:32,950

think I pretty much covers the basis

1680

01:07:36,160 --> 01:07:34,190

excellent

1681

01:07:39,520 --> 01:07:36,170

there's a gmail account at this website

1682

01:07:41,950 --> 01:07:39,530

if you contact me directly very cool and

1683

01:07:43,870 --> 01:07:41,960

I mean I'm so happy Adam go rightly put

1684

01:07:45,490 --> 01:07:43,880

us in touch been a real pleasure your

1685

01:07:47,650 --> 01:07:45,500

wealth of knowledge and information I

1686

01:07:50,500 --> 01:07:47,660

respect the painstaking monotonous job

1687

01:07:52,150 --> 01:07:50,510

of being a true researcher and you know

1688

01:07:53,830 --> 01:07:52,160

you along with plenty others deserve all

1689

01:07:55,180 --> 01:07:53,840

the respect in the world so thank you

1690

01:07:57,820 --> 01:07:55,190

sir and keep fighting the good fight

1691

01:08:01,660 --> 01:07:57,830

well thank you thank you alrighty have a

1692

01:08:03,760 --> 01:08:01,670

good one all right thank you like thanks

1693

01:08:05,530 --> 01:08:03,770

for listening people that was Ken Thomas

1694

01:08:07,210 --> 01:08:05,540

I'm Gregg Carl wood and this has been

1695

01:08:09,010 --> 01:08:07,220

another episode of the higher side chats

1696

01:08:11,020 --> 01:08:09,020

if there's a guest you'd like to see on

1697

01:08:12,430 --> 01:08:11,030

the show just Facebook me or you can

1698

01:08:15,370 --> 01:08:12,440

email me at the higher side chats at

1699

01:08:17,380 --> 01:08:15,380

gmail.com please share and review the

1700

01:08:19,540 --> 01:08:17,390

show it is the new currency of the

1701

01:08:21,550 --> 01:08:19,550

digital era and I really appreciate that

1702

01:08:24,070 --> 01:08:21,560

if you by chance have any real currency

1703

01:08:27,700 --> 01:08:24,080

left please check out my t-shirts at

1704

01:08:29,980 --> 01:08:27,710

conspiracies nets and a new thg should

1705

01:08:32,230 --> 01:08:29,990

be available every Sunday so please keep
