1  
00:00:08,240 --> 00:00:06,409  
we're here because we don't buy into the

2  
00:00:10,130 --> 00:00:08,250  
[h\_\_\h] of mainstream culture we're

3  
00:00:11,660 --> 00:00:10,140  
tired of the mundane passionless careers

4  
00:00:13,280 --> 00:00:11,670  
we've been shuffled into as a result of

5  
00:00:15,320 --> 00:00:13,290  
this orchestrated debt based system of

6  
00:00:16,970 --> 00:00:15,330  
rule and the stranglehold on education

7  
00:00:20,029 --> 00:00:16,980  
entertainment by cold soulless

8  
00:00:23,359 --> 00:00:20,039  
corporations people yes we are

9  
00:00:25,069 --> 00:00:23,369  
frustrated yes we are tired and we

10  
00:00:26,390 --> 00:00:25,079  
reject the pre-approved tranquilizers

11  
00:00:28,519 --> 00:00:26,400  
that are Monday Night Football and a

12  
00:00:30,800 --> 00:00:28,529  
nice cold blood laser we have to stop

13  
00:00:33,380 --> 00:00:30,810

hiding stop hiding behind the headphones

14

00:00:34,729 --> 00:00:33,390

in the cherry popper 4/20 user name let

15

00:00:37,189 --> 00:00:34,739

the world see that the resistance is

16

00:00:38,180 --> 00:00:37,199

strong in society as changing there was

17

00:00:40,970 --> 00:00:38,190

a time to be anonymous

18

00:00:42,080 --> 00:00:40,980

that time has passed and so the higher

19

00:00:44,299 --> 00:00:42,090

side chats would like to present

20

00:00:45,600 --> 00:00:44,309

conspiracies as the dawning of this new

21

00:00:48,270 --> 00:00:45,610

paradigm in

22

00:00:50,220 --> 00:00:48,280

revolution because bold fashion mean

23

00:00:52,950 --> 00:00:50,230

more than some celebrity meat dress or

24

00:00:54,780 --> 00:00:52,960

Atlanta sleeping poem conspiracies

25

00:00:56,700 --> 00:00:54,790

redefines bold fashion as having the

26

00:00:58,890 --> 00:00:56,710

balls to reject socially uncomfortable

27

00:01:02,970 --> 00:00:58,900

and unpopular truths from your radiant

28

00:01:05,969 --> 00:01:02,980

chest all bugging day its beauties

29

00:01:08,100 --> 00:01:05,979

dotnet let him know that [\h\_\_\h] bolt

30

00:01:17,290 --> 00:01:08,110

designs for trouble times hard truths

31

00:01:43,930 --> 00:01:19,880

we're doing through the villagers the

32

00:01:47,930 --> 00:01:46,010

hello again higher side shatters

33

00:01:49,790 --> 00:01:47,940

drinking my drink smoking the smoke from

34

00:01:51,380 --> 00:01:49,800

San Diego you know me I'm Greg Karl

35

00:01:53,030 --> 00:01:51,390

would thank you all for being here with

36

00:01:55,610 --> 00:01:53,040

me for another episode of my stupid

37

00:01:57,770 --> 00:01:55,620

stoner show folks we spend a lot of time

38

00:01:59,690 --> 00:01:57,780

exploring the strange mysterious and

39

00:02:02,060 --> 00:01:59,700

oftentimes just plain criminal aspects

40

00:02:03,350 --> 00:02:02,070

of the wild world upon which we live but

41

00:02:05,210 --> 00:02:03,360

today we're going to take our minds a

42

00:02:06,860 --> 00:02:05,220

bit further than usual about two hundred

43

00:02:08,720 --> 00:02:06,870

and thirty nine thousand miles further

44

00:02:10,910 --> 00:02:08,730

to be exact with the rock in the sky we

45

00:02:12,650 --> 00:02:10,920

call the moon while our schoolbooks and

46

00:02:16,220 --> 00:02:12,660

culture have written it off as a dead

47

00:02:18,470 --> 00:02:16,230

lifeless chunk of boring our guest today

48

00:02:20,810 --> 00:02:18,480

Mike bear I wrote a book ancient aliens

49

00:02:22,760 --> 00:02:20,820

on the moon and anyone who takes a

50

00:02:24,830 --> 00:02:22,770

closer look at this thing will see an

51  
00:02:26,960 --> 00:02:24,840  
anomalous mysterious celestial body that

52  
00:02:29,300 --> 00:02:26,970  
seems critical to experiencing life as

53  
00:02:30,920 --> 00:02:29,310  
we know it and Mike bara has done the

54  
00:02:33,920 --> 00:02:30,930  
looking for us in that new book Mike

55  
00:02:35,990 --> 00:02:33,930  
welcome to THC hey thanks a lot well

56  
00:02:37,910 --> 00:02:36,000  
let's start off by talking a bit about

57  
00:02:39,560 --> 00:02:37,920  
the moon in general because I believe

58  
00:02:41,390 --> 00:02:39,570  
our moon has several odd and unique

59  
00:02:42,620 --> 00:02:41,400  
characteristics that make it stand out

60  
00:02:44,870 --> 00:02:42,630  
right can you tell us about some of

61  
00:02:47,810 --> 00:02:44,880  
those features yeah I think you know

62  
00:02:50,750 --> 00:02:47,820  
there's in the context of the moon's

63  
00:02:52,490 --> 00:02:50,760

placements location its size it's really

64

00:02:54,560 --> 00:02:52,500

very unusual I mean there really isn't

65

00:02:56,690 --> 00:02:54,570

any celestial body anywhere that's ever

66

00:02:58,790 --> 00:02:56,700

been observed in this solar system or

67

00:03:01,810 --> 00:02:58,800

even these extrasolar planets are now

68

00:03:04,280 --> 00:03:01,820

finding in other solar systems that can

69

00:03:05,600 --> 00:03:04,290

match up to it in terms of strangeness

70

00:03:08,120 --> 00:03:05,610

that actually one of the weirdest things

71

00:03:10,790 --> 00:03:08,130

is that the famous science fiction

72

00:03:12,350 --> 00:03:10,800

author as a gas mom wrote that you know

73

00:03:14,780 --> 00:03:12,360

he discovered that essentially the moon

74

00:03:18,280 --> 00:03:14,790

doesn't orbit the earth it actually

75

00:03:20,090 --> 00:03:18,290

orbits the Sun but in a tidal lock

76

00:03:22,210 --> 00:03:20,100

relationship with the earth in other

77

00:03:24,890 --> 00:03:22,220

words the the moon is actually always

78

00:03:27,080 --> 00:03:24,900

falling towards the Sun it's just sort

79

00:03:28,860 --> 00:03:27,090

of orbiting the Earth almost by habit

80

00:03:30,390 --> 00:03:28,870

and there's no other satellite in this

81

00:03:31,890 --> 00:03:30,400

our system that has that characteristic

82

00:03:34,589 --> 00:03:31,900

so that makes it really unique there's

83

00:03:36,750 --> 00:03:34,599

also the fact that it's exactly two

84

00:03:39,270 --> 00:03:36,760

thousand one hundred and sixty miles in

85

00:03:40,860 --> 00:03:39,280

diameter and that may not seem like it's

86

00:03:42,240 --> 00:03:40,870

very important to people but the truth

87

00:03:42,809 --> 00:03:42,250

is it's not two thousand one hundred and

88

00:03:45,089 --> 00:03:42,819

sixty one

89

00:03:46,830 --> 00:03:45,099

it's not two thousand one hundred and

90

00:03:49,729 --> 00:03:46,840

fifty nine it's exactly twenty one

91

00:03:52,470 --> 00:03:49,739

hundred and sixty miles and that number

92

00:03:55,619 --> 00:03:52,480

reappears in in different forms of

93

00:03:57,390 --> 00:03:55,629

astrology and other strange sort of

94

00:04:00,270 --> 00:03:57,400

numerological contexts for instance

95

00:04:02,190 --> 00:04:00,280

every everything would go through the

96

00:04:03,509 --> 00:04:02,200

processionary cycle the twenty five

97

00:04:05,309 --> 00:04:03,519

thousand nine hundred and twenty year

98

00:04:08,250 --> 00:04:05,319

cycle of one full precession of the

99

00:04:10,050 --> 00:04:08,260

Earth's axis it's broken down into

100

00:04:11,759 --> 00:04:10,060

astrological ages and those ages are

101  
00:04:14,220 --> 00:04:11,769  
exactly two thousand one hundred and

102  
00:04:16,050 --> 00:04:14,230  
sixty years apart now no one could quite

103  
00:04:18,270 --> 00:04:16,060  
agree you know when the Age of Pisces

104  
00:04:19,680 --> 00:04:18,280  
ends and when the Age of Aquarius begins

105  
00:04:22,860 --> 00:04:19,690  
but they're all twenty one hundred and

106  
00:04:24,240 --> 00:04:22,870  
sixty years and so that number reappears

107  
00:04:26,070 --> 00:04:24,250  
have we covered this a little bit more

108  
00:04:27,629 --> 00:04:26,080  
in my first book which was dark mission

109  
00:04:29,879 --> 00:04:27,639  
the secret history of NASA that I wrote

110  
00:04:31,020 --> 00:04:29,889  
with Richard C Hoagland we talked a

111  
00:04:33,360 --> 00:04:31,030  
little bit more about all this weird

112  
00:04:35,820 --> 00:04:33,370  
numerology but you take that exact

113  
00:04:38,520 --> 00:04:35,830

diameter and that exact distance that

114

00:04:40,920 --> 00:04:38,530

the moon is from the earth and it allows

115

00:04:42,930 --> 00:04:40,930

you to create something called a total

116

00:04:45,270 --> 00:04:42,940

solar eclipse which is where the disk of

117

00:04:48,360 --> 00:04:45,280

the moon under certain you know ideal

118

00:04:50,159 --> 00:04:48,370

conditions perfectly blots out the disk

119

00:04:51,810 --> 00:04:50,169

of the Sun and and that is just

120

00:04:53,370 --> 00:04:51,820

something that doesn't occur by

121

00:04:54,390 --> 00:04:53,380

coincidence I mean you start to look at

122

00:04:56,879 --> 00:04:54,400

these things and you say to yourself

123

00:04:58,770 --> 00:04:56,889

this begins to look like kind of a

124

00:05:01,080 --> 00:04:58,780

designer solar system like somebody set

125

00:05:02,879 --> 00:05:01,090

this all up because you put together all

126

00:05:05,700 --> 00:05:02,889

these numeric coincidences and they just

127

00:05:07,189 --> 00:05:05,710

they just don't they just can't happen

128

00:05:10,830 --> 00:05:07,199

randomly they're just not they're not

129

00:05:13,770 --> 00:05:10,840

sort of random cycles there's something

130

00:05:14,850 --> 00:05:13,780

actually driving all this stuff and then

131

00:05:16,379 --> 00:05:14,860

of course that goes back to the bigger

132

00:05:17,670 --> 00:05:16,389

question of whether the moon's a natural

133

00:05:19,260 --> 00:05:17,680

satellite or an artificial satellite

134

00:05:20,400 --> 00:05:19,270

which you know is one of the big

135

00:05:22,770 --> 00:05:20,410

arguments that's been going on in the

136

00:05:24,540 --> 00:05:22,780

UFO community for years and years right

137

00:05:25,950 --> 00:05:24,550

I mean that was gonna be one of my

138

00:05:27,810 --> 00:05:25,960

questions later but let's just talk

139

00:05:29,460 --> 00:05:27,820

about it do you how do you feel about

140

00:05:31,620 --> 00:05:29,470

that considering the research you've

141

00:05:34,110 --> 00:05:31,630

done well yeah and researching you know

142

00:05:35,279 --> 00:05:34,120

ancient aliens on the moon what I

143

00:05:37,200 --> 00:05:35,289

discovered is that there's there's

144

00:05:38,760 --> 00:05:37,210

really three major theories over the

145

00:05:41,420 --> 00:05:38,770

years to account for the moon's

146

00:05:43,400 --> 00:05:41,430

formation one of them is that it

147

00:05:45,170 --> 00:05:43,410

spin-off or fishing off from the earth

148

00:05:48,560 --> 00:05:45,180

that that somehow the spin energy of the

149

00:05:50,090 --> 00:05:48,570

earth spun a clump of this of the planet

150

00:05:51,950 --> 00:05:50,100

off and it was originally thought that

151  
00:05:53,780 --> 00:05:51,960  
it would be basically you could account

152  
00:05:55,910 --> 00:05:53,790  
for that in the pacific base and the

153  
00:05:57,050 --> 00:05:55,920  
deep deep pacific basin but I don't

154  
00:05:59,990 --> 00:05:57,060  
think there's quite enough material

155  
00:06:03,680 --> 00:06:00,000  
there to add up to what the Moon you

156  
00:06:05,600 --> 00:06:03,690  
know to the mass of the moon has the

157  
00:06:08,330 --> 00:06:05,610  
other theory is the accretion theory

158  
00:06:09,860 --> 00:06:08,340  
which I talked about in talked about in

159  
00:06:11,300 --> 00:06:09,870  
my second book the choice and I talked

160  
00:06:13,670 --> 00:06:11,310  
about a beginning aliens on the moon

161  
00:06:16,940 --> 00:06:13,680  
which is the idea that planets just sort

162  
00:06:18,770 --> 00:06:16,950  
of form next to each other and in these

163  
00:06:20,600 --> 00:06:18,780

positions and they and then they sort of

164

00:06:22,280 --> 00:06:20,610

ram into each other and instead of

165

00:06:24,260 --> 00:06:22,290

breaking each other apart they sort of

166

00:06:26,090 --> 00:06:24,270

magically glue themselves together and

167

00:06:28,340 --> 00:06:26,100

get bigger and bigger and then they they

168

00:06:30,590 --> 00:06:28,350

pick up dust and debris from the nebular

169

00:06:33,740 --> 00:06:30,600

disk and and form planets and there's a

170

00:06:35,420 --> 00:06:33,750

whole bunch of reasons why that doesn't

171

00:06:36,830 --> 00:06:35,430

work the the foremost among them being

172

00:06:38,180 --> 00:06:36,840

that if that was really the way planets

173

00:06:40,520 --> 00:06:38,190

formed there'd be no reason for them all

174

00:06:42,290 --> 00:06:40,530

to be in the same orbital plane which

175

00:06:43,730 --> 00:06:42,300

they are and then the third theory which

176  
00:06:46,910 --> 00:06:43,740  
has been the most popular one until

177  
00:06:48,260 --> 00:06:46,920  
recently is the big wack theory where

178  
00:06:51,710 --> 00:06:48,270  
they say something about the size of

179  
00:06:53,300 --> 00:06:51,720  
Mars smacked into the earth and broke a

180  
00:06:55,100 --> 00:06:53,310  
bunch of stuff off and under certain

181  
00:06:56,870 --> 00:06:55,110  
computer models you can get computer

182  
00:07:00,710 --> 00:06:56,880  
models to show you anything if you want

183  
00:07:02,570 --> 00:07:00,720  
them to it then somehow stabilizes in an

184  
00:07:04,940 --> 00:07:02,580  
orbit around the earth and forms the

185  
00:07:06,860 --> 00:07:04,950  
moon the problem with that is that they

186  
00:07:10,340 --> 00:07:06,870  
just recently did some studies on the

187  
00:07:12,560 --> 00:07:10,350  
oxygen isotopes rate isotopic ratios of

188  
00:07:14,120 --> 00:07:12,570

titanium brought back from the moon and

189

00:07:16,130 --> 00:07:14,130

they found out that it's exactly the

190

00:07:19,100 --> 00:07:16,140

same as the earth and what that means is

191

00:07:21,380 --> 00:07:19,110

is that the moon is undeniably made from

192

00:07:23,750 --> 00:07:21,390

the earth if there was another foreign

193

00:07:26,840 --> 00:07:23,760

object that hit the earth it would have

194

00:07:28,040 --> 00:07:26,850

had a different isotope ratio and the

195

00:07:29,570 --> 00:07:28,050

result would have been that you would

196

00:07:32,240 --> 00:07:29,580

see a mixture of these two bodies and

197

00:07:35,810 --> 00:07:32,250

you don't see that so that theory is out

198

00:07:37,790 --> 00:07:35,820

the window and the one I favor is is the

199

00:07:40,160 --> 00:07:37,800

the spin energy one where it was

200

00:07:41,750 --> 00:07:40,170

basically spun off from the earth when

201  
00:07:43,640 --> 00:07:41,760  
the earth was in a more molten state and

202  
00:07:45,290 --> 00:07:43,650  
there's a few questions about that some

203  
00:07:47,210 --> 00:07:45,300  
people you know arguing that it doesn't

204  
00:07:49,280 --> 00:07:47,220  
really work because of how the angular

205  
00:07:50,960 --> 00:07:49,290  
momentum adds up which is basically just

206  
00:07:54,170 --> 00:07:50,970  
the spin energy of the two bodies but I

207  
00:07:55,370 --> 00:07:54,180  
think we can get around that and and the

208  
00:07:56,930 --> 00:07:55,380  
other part of it is that the moon

209  
00:07:59,060 --> 00:07:56,940  
is essentially made of what's called a

210  
00:08:02,540 --> 00:07:59,070  
light mantle material of the earth in

211  
00:08:06,140 --> 00:08:02,550  
other words it's it's made of the stuff

212  
00:08:08,030 --> 00:08:06,150  
that's at the outer sections the outer

213  
00:08:09,800 --> 00:08:08,040

core of the outer part of the earth

214

00:08:11,690 --> 00:08:09,810

rather than the inner parts of the earth

215

00:08:13,010 --> 00:08:11,700

and that's why it's got much less mass

216

00:08:15,380 --> 00:08:13,020

on the earth and it doesn't have a very

217

00:08:17,420 --> 00:08:15,390

big core if it had formed separately it

218

00:08:19,700 --> 00:08:17,430

would have had a more dense nickel iron

219

00:08:22,520 --> 00:08:19,710

core most likely so all these things to

220

00:08:24,590 --> 00:08:22,530

me add it up to the fact that I think

221

00:08:26,420 --> 00:08:24,600

that this solar fishin theory of

222

00:08:29,330 --> 00:08:26,430

planetary formation and then

223

00:08:31,730 --> 00:08:29,340

subsequently the moon fishing theory is

224

00:08:34,010 --> 00:08:31,740

the one that makes the most sense now

225

00:08:37,010 --> 00:08:34,020

the interesting part that you really get

226

00:08:39,380 --> 00:08:37,020

into a little bit later is you know

227

00:08:41,870 --> 00:08:39,390

obviously after that I think somebody's

228

00:08:43,969 --> 00:08:41,880

come along and and made their own I

229

00:08:45,470 --> 00:08:43,979

don't know upgrades modifications to the

230

00:08:48,830 --> 00:08:45,480

moon because there's a lot of weird

231

00:08:50,750 --> 00:08:48,840

stuff on the on the I guess I want to

232

00:08:52,790 --> 00:08:50,760

call it a planet because even I even

233

00:08:55,100 --> 00:08:52,800

Isaac Asimov called our system a double

234

00:08:56,930 --> 00:08:55,110

planet not a double planet system that

235

00:09:00,320 --> 00:08:56,940

would be a solar system with two planets

236

00:09:02,810 --> 00:09:00,330

but basically it's a matching pair of

237

00:09:05,060 --> 00:09:02,820

planets orbiting mutually orbiting the

238

00:09:07,430 --> 00:09:05,070

Sun and that's what makes the Earth Moon

239

00:09:10,190 --> 00:09:07,440

system again absolutely the weirdest

240

00:09:14,480 --> 00:09:10,200

arrangement the weirdest arrangement in

241

00:09:15,680 --> 00:09:14,490

in the universe as far as we know and it

242

00:09:17,630 --> 00:09:15,690

kind of makes you think that somebody

243

00:09:19,430 --> 00:09:17,640

planned it that way well that's the

244

00:09:24,320 --> 00:09:19,440

thing I mean if you think that the moon

245

00:09:27,040 --> 00:09:24,330

came from the earth somehow it seems

246

00:09:31,610 --> 00:09:27,050

really tough to place that intelligently

247

00:09:32,930 --> 00:09:31,620

well no yeah you can't but that doesn't

248

00:09:36,200 --> 00:09:32,940

mean somebody didn't come along later

249

00:09:38,870 --> 00:09:36,210

and we can adjust it and tweak it and

250

00:09:40,370 --> 00:09:38,880

and you know create the ideal conditions

251  
00:09:42,260 --> 00:09:40,380  
for instance for life to form on the

252  
00:09:44,230 --> 00:09:42,270  
earth because there's a lot of things

253  
00:09:46,780 --> 00:09:44,240  
that the moon does in terms of

254  
00:09:49,070 --> 00:09:46,790  
regulating the spent energy of the earth

255  
00:09:50,600 --> 00:09:49,080  
regulating the in other words the earth

256  
00:09:52,820 --> 00:09:50,610  
would spend a lot faster if the moon

257  
00:09:55,040 --> 00:09:52,830  
didn't exist it's to some extent

258  
00:09:55,820 --> 00:09:55,050  
stimulates the magnetic field of the of

259  
00:09:58,250 --> 00:09:55,830  
the earth and that's not a

260  
00:10:00,020 --> 00:09:58,260  
conventionally accepted theory but it

261  
00:10:02,000 --> 00:10:00,030  
works out in this theory of

262  
00:10:03,290 --> 00:10:02,010  
hyperdimensional physics that Richard C

263  
00:10:04,820 --> 00:10:03,300

Hoagland and Harold Turin developed

264

00:10:09,250 --> 00:10:04,830

years and years ago to which I do

265

00:10:11,230 --> 00:10:09,260

subscribe and so it does a lot of things

266

00:10:14,110 --> 00:10:11,240

out the moon literally life on Earth as

267

00:10:16,420 --> 00:10:14,120

we know it could not exist so it's um

268

00:10:18,820 --> 00:10:16,430

it's invaluable to us and it does seem

269

00:10:20,650 --> 00:10:18,830

to me in looking at it that there is

270

00:10:22,990 --> 00:10:20,660

evidence that somebody's been you know

271

00:10:25,480 --> 00:10:23,000

inhabiting the moon and doing major

272

00:10:27,910 --> 00:10:25,490

modification work on it over the

273

00:10:29,500 --> 00:10:27,920

millennia and they could certainly have

274

00:10:31,570 --> 00:10:29,510

been in a position to do these things

275

00:10:33,430 --> 00:10:31,580

and maybe even move it to where it

276

00:10:35,650 --> 00:10:33,440  
needed to be well it's interesting

277

00:10:37,180 --> 00:10:35,660  
because it does seem like something

278

00:10:40,390 --> 00:10:37,190  
that's necessary for life here on the

279

00:10:42,850 --> 00:10:40,400  
planet is yeah but are there not legends

280

00:10:44,440 --> 00:10:42,860  
and you know like the Dogon tribe don't

281

00:10:46,360 --> 00:10:44,450  
they have a legend about a time before

282

00:10:47,830 --> 00:10:46,370  
the Moon aren't there ancient writings

283

00:10:50,110 --> 00:10:47,840  
that talk about a time before the moon

284

00:10:54,370 --> 00:10:50,120  
yeah there are some and there's the

285

00:10:55,720 --> 00:10:54,380  
there's the idea that the Egyptians came

286

00:10:57,700 --> 00:10:55,730  
up with where they talk about the five

287

00:10:59,350 --> 00:10:57,710  
days out of time which is the extra five

288

00:11:03,910 --> 00:10:59,360

days added at the end of the year you

289

00:11:07,510 --> 00:11:03,920

know I we should have a 360 day year and

290

00:11:09,970 --> 00:11:07,520

the reason it's 365 and some change is I

291

00:11:11,890 --> 00:11:09,980

think because some very very bad very

292

00:11:14,260 --> 00:11:11,900

cataclysmic stuff happened in the solar

293

00:11:15,880 --> 00:11:14,270

system maybe not as long ago as some

294

00:11:19,060 --> 00:11:15,890

people think maybe a lot more recently

295

00:11:20,500 --> 00:11:19,070

than some people think and and their

296

00:11:22,900 --> 00:11:20,510

legend is is that you know the five

297

00:11:24,430 --> 00:11:22,910

extra days and had something to do with

298

00:11:28,150 --> 00:11:24,440

the formate with the moon being brought

299

00:11:29,380 --> 00:11:28,160

in and into place and and placed here

300

00:11:31,450 --> 00:11:29,390

but you know again it's hard to

301

00:11:32,710 --> 00:11:31,460

reconcile that with what what's now

302

00:11:35,080 --> 00:11:32,720

adding up to the scientific evidence

303

00:11:39,340 --> 00:11:35,090

which is that the moon essentially came

304

00:11:41,140 --> 00:11:39,350

from the earth and and that that's just

305

00:11:42,760 --> 00:11:41,150

one I have a hard time reconciling those

306

00:11:44,970 --> 00:11:42,770

ancient legends with although not that I

307

00:11:46,690 --> 00:11:44,980

don't have respect for those right maybe

308

00:11:48,010 --> 00:11:46,700

misinterpretations and again I don't I

309

00:11:49,720 --> 00:11:48,020

don't know enough about the Dogon

310

00:11:52,870 --> 00:11:49,730

legends I know some of the other legends

311

00:11:56,050 --> 00:11:52,880

and I covered covered a few of them in

312

00:11:58,420 --> 00:11:56,060

ancient aliens on the moon but what I

313

00:12:00,790 --> 00:11:58,430

can tell you is that I think the

314

00:12:04,860 --> 00:12:00,800

original Moon you know came from the

315

00:12:07,900 --> 00:12:04,870

earth and it's um it's it's basically

316

00:12:09,580 --> 00:12:07,910

part of the earth and that would make it

317

00:12:11,740 --> 00:12:09,590

probably on the order of four and a half

318

00:12:13,030 --> 00:12:11,750

billion years old because I think a lot

319

00:12:15,580 --> 00:12:13,040

of this stuff happened back in the very

320

00:12:18,910 --> 00:12:15,590

early formation period of the solar

321

00:12:20,770 --> 00:12:18,920

system it is an interesting celestial

322

00:12:22,390 --> 00:12:20,780

body and I mean them isn't the moon one

323

00:12:25,240 --> 00:12:22,400

of the only things it doesn't spin

324

00:12:27,460 --> 00:12:25,250

I mean well no it actually does spend

325

00:12:29,740 --> 00:12:27,470

what yeah because because it always

326

00:12:31,390 --> 00:12:29,750

keeps the same face to the earth people

327

00:12:33,370 --> 00:12:31,400

sometimes think it doesn't spin but in

328

00:12:35,050 --> 00:12:33,380

fact what it does is it spins in a

329

00:12:37,000 --> 00:12:35,060

synchronous relationship with the earth

330

00:12:38,800 --> 00:12:37,010

in other words the Earth's gravitational

331

00:12:41,460 --> 00:12:38,810

influence is sufficient that it's in

332

00:12:44,260 --> 00:12:41,470

what's called a tidal lock situation

333

00:12:46,900 --> 00:12:44,270

with the moon and the result of that is

334

00:12:48,700 --> 00:12:46,910

that well it rotates the Earth rotates

335

00:12:52,030 --> 00:12:48,710

once every 24 hours the moon rotates

336

00:12:54,910 --> 00:12:52,040

once every 27 days give or take and that

337

00:12:57,640 --> 00:12:54,920

is why it keeps one face to the earth at

338

00:12:59,230 --> 00:12:57,650

all times so yeah it does it does rotate

339

00:13:00,220 --> 00:12:59,240

and actually it's it's really

340

00:13:01,930 --> 00:13:00,230

interesting because the next book I'm

341

00:13:03,850 --> 00:13:01,940

going to do this year is going to be

342

00:13:04,840 --> 00:13:03,860

called ancient aliens on Mars and one of

343

00:13:07,450 --> 00:13:04,850

the things that we're going to discuss

344

00:13:10,690 --> 00:13:07,460

there is the fact that Mars has tidal

345

00:13:12,580 --> 00:13:10,700

bulges which are endemic of this title

346

00:13:15,190 --> 00:13:12,590

lock relationship and what that means is

347

00:13:17,800 --> 00:13:15,200

that Mars isn't the planet at all it's

348

00:13:19,810 --> 00:13:17,810

actually the moon of another much larger

349

00:13:22,210 --> 00:13:19,820

planet that doesn't exist anymore and

350

00:13:24,760 --> 00:13:22,220

you can prove that absolutely house and

351

00:13:27,550 --> 00:13:24,770

by the fact that it has these two tidal

352

00:13:28,840 --> 00:13:27,560

bulges exactly 180 degrees apart just as

353

00:13:30,340 --> 00:13:28,850

the moon does and just as the earth does

354

00:13:32,320 --> 00:13:30,350

I mean the moon's gravity makes the

355

00:13:34,900 --> 00:13:32,330

earth bulge a little bit at the equator

356

00:13:36,580 --> 00:13:34,910

and likewise the moon is more solid

357

00:13:39,400 --> 00:13:36,590

rocky so it doesn't bulge quite as much

358

00:13:40,990 --> 00:13:39,410

but definitely that interesting yeah it

359

00:13:42,970 --> 00:13:41,000

really is and it's one of the things I'm

360

00:13:44,530 --> 00:13:42,980

going to get into in more depth than

361

00:13:46,270 --> 00:13:44,540

I've ever gotten into before in the next

362

00:13:48,130 --> 00:13:46,280

book which you know God knows that I'm

363

00:13:49,780 --> 00:13:48,140

gonna have a chance to write well

364

00:13:51,640 --> 00:13:49,790

there's there's so many people talking

365

00:13:52,900 --> 00:13:51,650

about like like some of the old legends

366

00:13:55,750 --> 00:13:52,910

especially when you get into the ancient

367

00:13:58,570 --> 00:13:55,760

alien stuff and the conspiracy world in

368

00:14:00,820 --> 00:13:58,580

general about a Planet X about but

369

00:14:02,470 --> 00:14:00,830

visitors from a planet in some weird

370

00:14:04,600 --> 00:14:02,480

elliptical orbit I mean that was a big

371

00:14:06,040 --> 00:14:04,610

part of the twenty twelve thing

372

00:14:07,600 --> 00:14:06,050

people thought was gonna happen and I

373

00:14:09,700 --> 00:14:07,610

mean you look at the asteroid belt and

374

00:14:11,740 --> 00:14:09,710

that looks like a destroyed planet of

375

00:14:13,330 --> 00:14:11,750

some time yeah and that's you know I

376

00:14:14,680 --> 00:14:13,340

remember opening a book it was like a

377

00:14:16,210 --> 00:14:14,690

picture book and I think I must have

378

00:14:18,610 --> 00:14:16,220

been in third or fourth grade of the

379

00:14:20,560 --> 00:14:18,620

solar system and and I looked and

380

00:14:23,290 --> 00:14:20,570

there's you know every you know the

381

00:14:25,060 --> 00:14:23,300

planets are all basically about about

382

00:14:27,610 --> 00:14:25,070

two times farther from the Sun than the

383

00:14:29,740 --> 00:14:27,620

previous planet you know Mercury's one

384

00:14:31,450 --> 00:14:29,750

you know a certain distance and then

385

00:14:32,800 --> 00:14:31,460

twice as far away as Venus and twice as

386

00:14:34,780 --> 00:14:32,810

far away from that is the earth and

387

00:14:36,009 --> 00:14:34,790

twice as far away from that roughly as

388

00:14:38,290 --> 00:14:36,019

Mars although Mars has a

389

00:14:39,460 --> 00:14:38,300

really elliptical orbit and then you

390

00:14:40,689 --> 00:14:39,470

have the asteroid belt then you have

391

00:14:42,309 --> 00:14:40,699

Jupiter and as soon as I saw that I went

392

00:14:44,499 --> 00:14:42,319

well oh there used to be a planet there

393

00:14:46,780 --> 00:14:44,509

but it blew up you know and that that

394

00:14:48,609 --> 00:14:46,790

was a prevailing theory but but

395

00:14:50,919 --> 00:14:48,619

basically traditional science has worked

396

00:14:54,639 --> 00:14:50,929

very very hard to shoot that theory down

397

00:14:57,850 --> 00:14:54,649

and it's actually only been you know

398

00:14:59,919 --> 00:14:57,860

fairly recently with a with a physicist

399

00:15:02,259 --> 00:14:59,929

or a astronomer named dr. Tom Van

400

00:15:05,979 --> 00:15:02,269

Flandern late unfortunately dr. Tom Van

401  
00:15:07,749 --> 00:15:05,989  
Flanders who read and awakened this idea

402  
00:15:09,249 --> 00:15:07,759  
and came up with what he called the

403  
00:15:11,410 --> 00:15:09,259  
exploded planet hypothesis which

404  
00:15:13,689 --> 00:15:11,420  
actually talks about two planets one in

405  
00:15:15,789 --> 00:15:13,699  
the orbit roughly where Mars is and one

406  
00:15:19,419 --> 00:15:15,799  
where the asteroid belt is that that

407  
00:15:21,220 --> 00:15:19,429  
exploded and actually you know there's

408  
00:15:23,759 --> 00:15:21,230  
there's now observations of what they're

409  
00:15:26,819 --> 00:15:23,769  
calling super Earths which are these

410  
00:15:30,819 --> 00:15:26,829  
rocky terrestrial planets like the earth

411  
00:15:32,859 --> 00:15:30,829  
but which form in orbits deeper like

412  
00:15:34,179 --> 00:15:32,869  
around where Mars or where this the

413  
00:15:35,919 --> 00:15:34,189

asteroid belt would be in our solar

414

00:15:37,840 --> 00:15:35,929

system and tend to be about five times

415

00:15:39,729 --> 00:15:37,850

as massive and guess what also tend to

416

00:15:43,600 --> 00:15:39,739

be more unstable meaning that they can

417

00:15:44,650 --> 00:15:43,610

spontaneously combust Wow so really I

418

00:15:46,720 --> 00:15:44,660

mean this is again this is what I'm

419

00:15:49,210 --> 00:15:46,730

going to talk about more in the Mars

420

00:15:50,259 --> 00:15:49,220

book is that that that you know I really

421

00:15:51,669 --> 00:15:50,269

think that Tom van Flannery has

422

00:15:54,789 --> 00:15:51,679

incorrect and he's got a lot of evidence

423

00:15:57,129 --> 00:15:54,799

to back it up he talks about the origins

424

00:15:58,660 --> 00:15:57,139

of comets and asteroids and and there's

425

00:16:00,850 --> 00:15:58,670

really no difference between them and

426

00:16:02,889 --> 00:16:00,860

and he just basically challenges a lot

427

00:16:04,179 --> 00:16:02,899

of the things that NASA's put forth and

428

00:16:07,569 --> 00:16:04,189

one of the things he did is he mapped

429

00:16:09,009 --> 00:16:07,579

the orbits of all of the Comets all the

430

00:16:10,989 --> 00:16:09,019

short period comets that have been

431

00:16:12,910 --> 00:16:10,999

observed and basically they all go back

432

00:16:14,499 --> 00:16:12,920

they all point back if you take their

433

00:16:17,889 --> 00:16:14,509

orbits and extrapolate them backwards in

434

00:16:20,289 --> 00:16:17,899

time they all point back to an orbit

435

00:16:23,769 --> 00:16:20,299

where the asteroid belt is now or where

436

00:16:25,119 --> 00:16:23,779

Mars is now roughly on the order of

437

00:16:27,280 --> 00:16:25,129

about two to three million years ago

438

00:16:28,749 --> 00:16:27,290

meaning that it could be sorry one of

439

00:16:29,799 --> 00:16:28,759

them 65 million years ago in one of

440

00:16:32,499 --> 00:16:29,809

them's about two or three million years

441

00:16:35,079 --> 00:16:32,509

ago so that's pretty hard to argue with

442

00:16:37,059 --> 00:16:35,089

so 65 million years that's uh when the

443

00:16:38,439 --> 00:16:37,069

dinosaurs were apparently yeah and I

444

00:16:40,389 --> 00:16:38,449

think and again unfortunately this is

445

00:16:42,249 --> 00:16:40,399

not stuff is not really so much in

446

00:16:45,369 --> 00:16:42,259

ancient aliens of them gonna be an

447

00:16:47,379 --> 00:16:45,379

ancient aliens on Mars but um but yeah

448

00:16:49,810 --> 00:16:47,389

and I think that's what killed the

449

00:16:51,490 --> 00:16:49,820

dinosaurs and and if you if

450

00:16:54,910 --> 00:16:51,500

you buy into the you know that there was

451  
00:16:58,390 --> 00:16:54,920  
debris from these planets that basically

452  
00:17:01,060 --> 00:16:58,400  
um it hit Venus if you look at Venus

453  
00:17:03,010 --> 00:17:01,070  
there's this deep gash that runs all

454  
00:17:06,220 --> 00:17:03,020  
along about two-thirds of the surface of

455  
00:17:08,890 --> 00:17:06,230  
Venus and what clearly happened is is

456  
00:17:11,020 --> 00:17:08,900  
that something hit Venus at a kind of an

457  
00:17:12,579 --> 00:17:11,030  
oblique angle and scarred all the way

458  
00:17:15,130 --> 00:17:12,589  
around the planet is a rotate and then

459  
00:17:16,540 --> 00:17:15,140  
in fact I think it made Venus spin

460  
00:17:18,400 --> 00:17:16,550  
backwards it hit it so hard because

461  
00:17:21,970 --> 00:17:18,410  
Venus is the only planet that kind of

462  
00:17:24,550 --> 00:17:21,980  
spins anti-clockwise

463  
00:17:26,350 --> 00:17:24,560

I don't remember which way the planets

464

00:17:27,460 --> 00:17:26,360

all spin but spins the opposite of all

465

00:17:30,640 --> 00:17:27,470

the other planets in the solar system

466

00:17:32,290 --> 00:17:30,650

and and I because I think that what used

467

00:17:33,640 --> 00:17:32,300

to have used to be in the way the solar

468

00:17:35,140 --> 00:17:33,650

system used to be set up was that there

469

00:17:36,730 --> 00:17:35,150

were three earths there was an inner

470

00:17:38,650 --> 00:17:36,740

earth and outer earth and a middle earth

471

00:17:40,960 --> 00:17:38,660

and I think the the Inner Earth was

472

00:17:42,520 --> 00:17:40,970

Venus the outer earth was Mars which was

473

00:17:44,080 --> 00:17:42,530

actually a moon of this other planet and

474

00:17:46,840 --> 00:17:44,090

the middle earth the only one that's

475

00:17:48,130 --> 00:17:46,850

left is this one and what would have

476  
00:17:50,050 --> 00:17:48,140  
happened under circumstances like that

477  
00:17:51,760 --> 00:17:50,060  
would be that it that the oceans that

478  
00:17:53,350 --> 00:17:51,770  
Venus had would have been instantly

479  
00:17:57,430 --> 00:17:53,360  
vaporized it would have created this

480  
00:17:59,620 --> 00:17:57,440  
massive cloud cover and the resultant

481  
00:18:00,760 --> 00:17:59,630  
volcanic activity would have then put

482  
00:18:02,320 --> 00:18:00,770  
all the sulfur into the air and

483  
00:18:05,470 --> 00:18:02,330  
basically made Venus you know an

484  
00:18:08,260 --> 00:18:05,480  
unlivable hell it also would have in the

485  
00:18:10,290 --> 00:18:08,270  
exploded planet hypothesis not probably

486  
00:18:12,400 --> 00:18:10,300  
any moons that might have been orbiting

487  
00:18:14,530 --> 00:18:12,410  
Venus out of orbit because according to

488  
00:18:16,750 --> 00:18:14,540

that hypothesis the smaller planets like

489

00:18:19,450 --> 00:18:16,760

the earth and Venus should have one

490

00:18:21,460 --> 00:18:19,460

fairly large moon and the bigger planets

491

00:18:23,530 --> 00:18:21,470

the gas giants should have multiple

492

00:18:26,020 --> 00:18:23,540

smaller moons and in fact I think

493

00:18:29,350 --> 00:18:26,030

mercury is also an escaped moon of Venus

494

00:18:31,690 --> 00:18:29,360

I think that the Venus and Earth and the

495

00:18:33,700 --> 00:18:31,700

moon and Mercury were a twin pair system

496

00:18:35,920 --> 00:18:33,710

because that's kind of the basis of what

497

00:18:38,650 --> 00:18:35,930

that Flat Earth theory is so we're

498

00:18:41,140 --> 00:18:38,660

little off topic oh yeah that's it

499

00:18:43,690 --> 00:18:41,150

solitary condition and it's all relate

500

00:18:45,670 --> 00:18:43,700

you know it's all related so now in my

501

00:18:47,260 --> 00:18:45,680

mind what killed the dinosaurs was

502

00:18:49,030 --> 00:18:47,270

probably multiple impacts from the

503

00:18:53,740 --> 00:18:49,040

debris from the 65 million years ago

504

00:18:56,170 --> 00:18:53,750

explosion and and you know that and what

505

00:18:58,210 --> 00:18:56,180

happens then is it in the bigger context

506

00:19:00,430 --> 00:18:58,220

of the the hyperdimensional physics the

507

00:19:02,110 --> 00:19:00,440

idea that the solar system is a system

508

00:19:04,029 --> 00:19:02,120

and that all of the planets

509

00:19:08,110 --> 00:19:04,039

through their spin energy are actually

510

00:19:10,630 --> 00:19:08,120

pushing themselves and interacting with

511

00:19:12,850 --> 00:19:10,640

each other at the on these higher planes

512

00:19:14,140 --> 00:19:12,860

and having physical effects here in 3d

513

00:19:16,630 --> 00:19:14,150

and the result of all that would be

514

00:19:19,810 --> 00:19:16,640

losing two members of the solar system

515

00:19:23,140 --> 00:19:19,820

losing their spin energy would mean that

516

00:19:25,269 --> 00:19:23,150

life would get smaller because there

517

00:19:27,340 --> 00:19:25,279

would be less energy in the overall

518

00:19:29,260 --> 00:19:27,350

system therefore less energy for life

519

00:19:31,600 --> 00:19:29,270

and that may be why we saw the

520

00:19:33,970 --> 00:19:31,610

disappearance of the dinosaurs and the

521

00:19:35,440 --> 00:19:33,980

emergence of the mammals and you know

522

00:19:38,049 --> 00:19:35,450

let's face it people are not as big as

523

00:19:39,700 --> 00:19:38,059

dinosaurs so I think it just it just

524

00:19:41,380 --> 00:19:39,710

implies that there's maybe a different

525

00:19:42,909 --> 00:19:41,390

the idea is that there's a different

526

00:19:45,519 --> 00:19:42,919

physics operating in the solar system

527

00:19:47,080 --> 00:19:45,529

now than there was 65 million years ago

528

00:19:49,990 --> 00:19:47,090

because there's two planets that aren't

529

00:19:51,760 --> 00:19:50,000

here generate energy anymore so that's a

530

00:19:54,330 --> 00:19:51,770

little bit more back on my second book

531

00:19:56,710 --> 00:19:54,340

out of my second book the choice but

532

00:19:58,389 --> 00:19:56,720

it's all interesting I mean yeah let's

533

00:20:00,460 --> 00:19:58,399

to bring this back to the moon a little

534

00:20:02,110 --> 00:20:00,470

bit with ancient aliens a lot of the

535

00:20:04,480 --> 00:20:02,120

things people point to as evidence that

536

00:20:05,950 --> 00:20:04,490

there once advanced civilization here is

537

00:20:07,720 --> 00:20:05,960

the ruins you know the kind of things

538

00:20:09,250 --> 00:20:07,730

that are out there the giant stone

539

00:20:11,470 --> 00:20:09,260

structures that we just couldn't even

540

00:20:13,630 --> 00:20:11,480

build today yeah that's usually what

541

00:20:15,940 --> 00:20:13,640

people look at but those exist on the

542

00:20:18,340 --> 00:20:15,950

moon do they not yeah they do and the

543

00:20:21,750 --> 00:20:18,350

thing is to me it's like why why sit

544

00:20:24,880 --> 00:20:21,760

here and argue you know about about

545

00:20:27,250 --> 00:20:24,890

whether you know the the ancients could

546

00:20:29,680 --> 00:20:27,260

have built the pyramids or not when all

547

00:20:31,269 --> 00:20:29,690

you have to do is is figure that look if

548

00:20:32,409 --> 00:20:31,279

there were ancient aliens they wouldn't

549

00:20:33,580 --> 00:20:32,419

have just been on earth they would have

550

00:20:37,539 --> 00:20:33,590

visited other planets in the solar

551

00:20:39,789 --> 00:20:37,549

system and other places and if you go

552

00:20:42,039 --> 00:20:39,799

there and you find pyramids on the moon

553

00:20:43,750 --> 00:20:42,049

or you find artificial structures on the

554

00:20:45,880 --> 00:20:43,760

moon or on Mars then you've pretty much

555

00:20:47,139 --> 00:20:45,890

proven the ancient aliens hypothesis and

556

00:20:49,000 --> 00:20:47,149

there's there can't be any argument

557

00:20:52,299 --> 00:20:49,010

because you know according to the other

558

00:20:53,980 --> 00:20:52,309

side there these other places were you

559

00:20:56,560 --> 00:20:53,990

know never inhabited by any advanced

560

00:20:57,880 --> 00:20:56,570

civilizations well right so therefore

561

00:21:00,490 --> 00:20:57,890

basically to me it's an ace-in-the-hole

562

00:21:01,960 --> 00:21:00,500

and that's why I'm more fascinated by

563

00:21:04,210 --> 00:21:01,970

ancient aliens on the moon and ancient

564

00:21:05,529 --> 00:21:04,220

aliens on Mars just as two places

565

00:21:06,960 --> 00:21:05,539

because there's other places in the

566

00:21:08,860 --> 00:21:06,970

solar system that we could look at too

567

00:21:11,620 --> 00:21:08,870

that's why I'm more interested in it

568

00:21:14,950 --> 00:21:11,630

because to me once you find evidence of

569

00:21:15,850 --> 00:21:14,960

it you know it the game it's game over

570

00:21:17,680 --> 00:21:15,860

and you

571

00:21:19,480 --> 00:21:17,690

argue that well you know the ancients

572

00:21:21,250 --> 00:21:19,490

may have really had this advanced

573

00:21:22,870 --> 00:21:21,260

knowledge and new mathematics and

574

00:21:26,289 --> 00:21:22,880

somehow learned it from I don't know

575

00:21:28,060 --> 00:21:26,299

some osmosis process or something so you

576

00:21:30,580 --> 00:21:28,070

have that by definition than you have

577

00:21:33,100 --> 00:21:30,590

ancient alien civilizations unless

578

00:21:34,419 --> 00:21:33,110

unless of course this stuff that we see

579

00:21:37,750 --> 00:21:34,429

on the moon and stuff that we see on

580

00:21:40,350 --> 00:21:37,760

Mars is actually part of an Atlantean

581

00:21:43,870 --> 00:21:40,360

civilization you know some earlier

582

00:21:45,400 --> 00:21:43,880

highly advanced human civilization that

583

00:21:46,810 --> 00:21:45,410

once thrived and I think I think

584

00:21:48,159 --> 00:21:46,820

actually especially on the moon I think

585

00:21:50,490 --> 00:21:48,169

that's what some of what we're looking

586

00:21:52,960 --> 00:21:50,500

at is because the architecture looks

587

00:21:55,270 --> 00:21:52,970

human it you know it uses the same

588

00:21:57,700 --> 00:21:55,280

engineering principles and unless those

589

00:22:00,610 --> 00:21:57,710

principles are necessarily Universal

590

00:22:03,180 --> 00:22:00,620

which they could be it's just weird that

591

00:22:06,310 --> 00:22:03,190

some of the artistic aspects of it to me

592

00:22:07,690 --> 00:22:06,320

look like our stuff and they're

593

00:22:10,120 --> 00:22:07,700

definitely in ruins and are definitely

594

00:22:11,710 --> 00:22:10,130

very old so they can't be you know they

595

00:22:13,360 --> 00:22:11,720

can't be some of you know John Lear

596

00:22:15,549 --> 00:22:13,370

talks about active bases on the moon

597

00:22:17,919 --> 00:22:15,559

which they there may very well be that

598

00:22:19,390 --> 00:22:17,929

are ours that are our secret stuff but

599

00:22:20,799 --> 00:22:19,400

because of the fact that they're ancient

600

00:22:23,020 --> 00:22:20,809

and they're in ruins then they really

601  
00:22:27,370 --> 00:22:23,030  
can't be accounted for through modern

602  
00:22:29,049 --> 00:22:27,380  
activity so it's know let's talk about

603  
00:22:30,549 --> 00:22:29,059  
the details of some of that stuff

604  
00:22:32,260 --> 00:22:30,559  
because your book that's the main focus

605  
00:22:34,919 --> 00:22:32,270  
you know you show the things like the

606  
00:22:37,720 --> 00:22:34,929  
things like the shard and the tower and

607  
00:22:40,060 --> 00:22:37,730  
the ukirt crater like yeah I know

608  
00:22:41,970 --> 00:22:40,070  
anomalous things crater yeah what do you

609  
00:22:46,210 --> 00:22:41,980  
think is some of the more important

610  
00:22:48,010 --> 00:22:46,220  
aspects of that well the there's

611  
00:22:49,600 --> 00:22:48,020  
different places on the moon where

612  
00:22:51,430 --> 00:22:49,610  
there's evidence of different types of

613  
00:22:52,780 --> 00:22:51,440

structures and what you see is really I

614

00:22:53,980 --> 00:22:52,790

guess I'd classify them as three

615

00:22:55,390 --> 00:22:53,990

different kinds of things that I talked

616

00:22:58,419 --> 00:22:55,400

about in the book which is you've got

617

00:23:00,549 --> 00:22:58,429

these towering transparent or

618

00:23:03,250 --> 00:23:00,559

semi-transparent glass structures like a

619

00:23:05,590 --> 00:23:03,260

scaffolding that is built over the

620

00:23:06,940 --> 00:23:05,600

surface of the Moon and a lot of the

621

00:23:10,150 --> 00:23:06,950

evidence for that is in the sinus

622

00:23:12,400 --> 00:23:10,160

meddigan and an Oceanus Procellarum and

623

00:23:14,760 --> 00:23:12,410

also in mario Crisium which are specific

624

00:23:18,580 --> 00:23:14,770

chapters that that I go into in the book

625

00:23:20,350 --> 00:23:18,590

and that is I believe that built as a

626  
00:23:22,299 --> 00:23:20,360  
meteor shield because you know people

627  
00:23:24,790 --> 00:23:22,309  
think well glass is fragile well glass

628  
00:23:26,380 --> 00:23:24,800  
is not fragile if it doesn't have

629  
00:23:28,510 --> 00:23:26,390  
moisture in it it's it's the moisture

630  
00:23:29,350 --> 00:23:28,520  
that you can't get out of the glass when

631  
00:23:31,810 --> 00:23:29,360  
you form it on

632  
00:23:33,669 --> 00:23:31,820  
the earth that makes it fragile too you

633  
00:23:35,860 --> 00:23:33,679  
know a baseball going through through

634  
00:23:38,680 --> 00:23:35,870  
the the you know the bedroom window kind

635  
00:23:40,630 --> 00:23:38,690  
of a situation where glass in a vacuum

636  
00:23:43,810 --> 00:23:40,640  
is not going to have any moisture and

637  
00:23:45,880 --> 00:23:43,820  
it's in it at all in a vacuum it's going

638  
00:23:47,560 --> 00:23:45,890

to be twice as strong as steel so it's

639

00:23:50,470 --> 00:23:47,570

the perfect material because it's so

640

00:23:52,480 --> 00:23:50,480

lightweight to build almost like a

641

00:23:53,710 --> 00:23:52,490

pretend atmosphere over the moon itself

642

00:23:55,740 --> 00:23:53,720

and I think there's really clear

643

00:23:57,730 --> 00:23:55,750

evidence of that that I show in the book

644

00:23:59,650 --> 00:23:57,740

and one other thing too I wanted to

645

00:24:01,750 --> 00:23:59,660

point out is that you know you lose a

646

00:24:03,909 --> 00:24:01,760

lot of resolution in print there's just

647

00:24:05,260 --> 00:24:03,919

no way around it true and what I want to

648

00:24:07,150 --> 00:24:05,270

look up people know is they do have you

649

00:24:10,330 --> 00:24:07,160

know our website it's Mike Berra with

650

00:24:12,490 --> 00:24:10,340

with one our mike barratt blog spot.com

651  
00:24:14,560 --> 00:24:12,500  
and on there if you go to the photos tab

652  
00:24:15,730 --> 00:24:14,570  
there's a link to a Picasa Web album

653  
00:24:18,130 --> 00:24:15,740  
where I have all the pictures from the

654  
00:24:20,500 --> 00:24:18,140  
book in full resolution so people can

655  
00:24:21,760 --> 00:24:20,510  
see in much better detail when I'm when

656  
00:24:24,760 --> 00:24:21,770  
I'm showing in the book because I know

657  
00:24:26,919 --> 00:24:24,770  
not everybody necessarily can you know

658  
00:24:28,240 --> 00:24:26,929  
see the things I'm pointing out just

659  
00:24:31,780 --> 00:24:28,250  
because you lose some definition

660  
00:24:33,100 --> 00:24:31,790  
sometimes in the printing process but so

661  
00:24:34,210 --> 00:24:33,110  
you've got these towering sort of glass

662  
00:24:36,640 --> 00:24:34,220  
structures which i think is the

663  
00:24:38,230 --> 00:24:36,650

overarching thing that kind of goes over

664

00:24:39,730 --> 00:24:38,240

it almost acts like an atmosphere it

665

00:24:41,860 --> 00:24:39,740

protects it protected the moon at one

666

00:24:43,510 --> 00:24:41,870

time the way the atmosphere of the earth

667

00:24:45,760 --> 00:24:43,520

protects us for meteors although as we

668

00:24:50,890 --> 00:24:45,770

saw in Russia last week doesn't protect

669

00:24:53,350 --> 00:24:50,900

us 100% does it and those are in certain

670

00:24:55,510 --> 00:24:53,360

places there's still a lot of that stuff

671

00:24:57,340 --> 00:24:55,520

left and it's still very solid and

672

00:24:59,470 --> 00:24:57,350

structural and you see examples like the

673

00:25:01,240 --> 00:24:59,480

shard on the tower which are much lower

674

00:25:03,430 --> 00:25:01,250

to the surface you know between 1 & 7

675

00:25:05,770 --> 00:25:03,440

miles high as opposed to some of the

676  
00:25:08,320 --> 00:25:05,780  
stuff which is upwards of 20 miles high

677  
00:25:11,080 --> 00:25:08,330  
and there's other places where it's been

678  
00:25:13,750 --> 00:25:11,090  
beaten and battered and it's basically

679  
00:25:16,330 --> 00:25:13,760  
you know like cigarette ash or something

680  
00:25:17,890 --> 00:25:16,340  
it's just very easy to sort of pass

681  
00:25:19,750 --> 00:25:17,900  
through and there's places where there's

682  
00:25:23,110 --> 00:25:19,760  
not even any coverage anymore and then

683  
00:25:24,940 --> 00:25:23,120  
below that in one of the areas of Mario

684  
00:25:26,260 --> 00:25:24,950  
Crisium I show some stuff like for

685  
00:25:27,850 --> 00:25:26,270  
instance there's a couple of craters

686  
00:25:31,120 --> 00:25:27,860  
that appear to have sort of the watch

687  
00:25:32,260 --> 00:25:31,130  
crystal standard glass dome over the top

688  
00:25:33,460 --> 00:25:32,270

of them they're craters have just have

689

00:25:36,280 --> 00:25:33,470

had these glass domes and then there's

690

00:25:37,840 --> 00:25:36,290

other craters in the area that look like

691

00:25:40,860 --> 00:25:37,850

they used to have these domes sort of

692

00:25:43,030 --> 00:25:40,870

these pie shaped what kind of

693

00:25:44,830 --> 00:25:43,040

wedge-shaped

694

00:25:46,900 --> 00:25:44,840

glass dome structures that have been

695

00:25:49,900 --> 00:25:46,910

shattered and broken down and they're

696

00:25:51,490 --> 00:25:49,910

kind of bent over and then even below

697

00:25:53,590 --> 00:25:51,500

that then you see on the surface of the

698

00:25:56,400 --> 00:25:53,600

moon in areas like the rim of the crater

699

00:26:00,100 --> 00:25:56,410

Copernicus and the rims the crater

700

00:26:01,870 --> 00:26:00,110

Kepler and even inside of Tycho you see

701  
00:26:04,510 --> 00:26:01,880  
evidence of just straight-up

702  
00:26:08,260 --> 00:26:04,520  
architecture you see roads overpasses

703  
00:26:10,300 --> 00:26:08,270  
bridges there's huge mechanical drills

704  
00:26:12,580 --> 00:26:10,310  
and things that that you know are

705  
00:26:15,550 --> 00:26:12,590  
drilling to the side of mountains that

706  
00:26:19,300 --> 00:26:15,560  
have these long stems or tubes like

707  
00:26:20,770 --> 00:26:19,310  
looks like a big pipeline running you

708  
00:26:25,030 --> 00:26:20,780  
know for miles and miles along the lunar

709  
00:26:27,280 --> 00:26:25,040  
surface I even found in one image what I

710  
00:26:31,210 --> 00:26:27,290  
think is unmistakably looks like a

711  
00:26:34,150 --> 00:26:31,220  
flying saucer big flying saucer in what

712  
00:26:35,800 --> 00:26:34,160  
is clearly a carved out hangar in the

713  
00:26:38,620 --> 00:26:35,810

side of a mountain and it's just an

714

00:26:39,880 --> 00:26:38,630

extraordinary image and you know so

715

00:26:42,250 --> 00:26:39,890

you've got all these different sets of

716

00:26:44,140 --> 00:26:42,260

structures and things and you know it

717

00:26:44,890 --> 00:26:44,150

does I have to say all of it look like

718

00:26:46,750 --> 00:26:44,900

it's in ruins

719

00:26:48,100 --> 00:26:46,760

there's other places where you can

720

00:26:49,570 --> 00:26:48,110

actually see that there's holes punched

721

00:26:52,510 --> 00:26:49,580

in the surface and underneath those

722

00:26:55,360 --> 00:26:52,520

holes you can see you know interlocking

723

00:26:57,280 --> 00:26:55,370

piping and tubing and you can see

724

00:26:59,500 --> 00:26:57,290

substructure you can actually see stuff

725

00:27:01,960 --> 00:26:59,510

that's at geometric angles and right

726

00:27:04,000 --> 00:27:01,970

angles I mean it looks like it looks

727

00:27:06,040 --> 00:27:04,010

like the old sci-fi movie Forbidden

728

00:27:08,140 --> 00:27:06,050

Planet you know it looks like the Krell

729

00:27:10,840 --> 00:27:08,150

ruins underground or you know still

730

00:27:13,660 --> 00:27:10,850

operating so there's just extraordinary

731

00:27:15,130 --> 00:27:13,670

stuff if you really begin to study the

732

00:27:15,940 --> 00:27:15,140

the images of the moon the ones that

733

00:27:17,560 --> 00:27:15,950

have been tampered with and

734

00:27:19,240 --> 00:27:17,570

unfortunately there are quite a few that

735

00:27:21,280 --> 00:27:19,250

have been tampered with but that they

736

00:27:22,870 --> 00:27:21,290

you know there's so much stuff on these

737

00:27:27,040 --> 00:27:22,880

images that I think it's just impossible

738

00:27:30,030 --> 00:27:27,050

for them to to have accounted for all of

739

00:27:32,470 --> 00:27:30,040

it and in some cases I think that that

740

00:27:35,110 --> 00:27:32,480

they don't mind us finding some of this

741

00:27:37,990 --> 00:27:35,120

stuff it's part of it is that that the

742

00:27:39,280 --> 00:27:38,000

only things are really going to put the

743

00:27:41,350 --> 00:27:39,290

clamps down on and really go out of

744

00:27:43,630 --> 00:27:41,360

their way to cover-up is the really

745

00:27:45,010 --> 00:27:43,640

really obvious smoking gun stuff that

746

00:27:47,560 --> 00:27:45,020

people have brought up in the public

747

00:27:48,100 --> 00:27:47,570

forums so I was a really long answer to

748

00:27:50,560 --> 00:27:48,110

it

749

00:27:52,120 --> 00:27:50,570

well yeah I mean clearly NASA has to

750

00:27:53,770 --> 00:27:52,130

notice I mean if you're able to see some

751  
00:27:55,570 --> 00:27:53,780  
things clearly they have to have a

752  
00:27:56,830 --> 00:27:55,580  
pretty good idea and you know we're

753  
00:27:58,149 --> 00:27:56,840  
supposedly we've been there

754  
00:27:59,529 --> 00:27:58,159  
for I mean there's a lot of theories

755  
00:28:01,240 --> 00:27:59,539  
about the moon-landing that it didn't

756  
00:28:04,210 --> 00:28:01,250  
happen it was faked by Stanley Kubrick

757  
00:28:06,399 --> 00:28:04,220  
that it was they were tailed and closely

758  
00:28:06,940 --> 00:28:06,409  
watched by aliens while they were on

759  
00:28:08,710 --> 00:28:06,950  
their journey

760  
00:28:10,690 --> 00:28:08,720  
and of course both can't be true they

761  
00:28:13,210 --> 00:28:10,700  
can't have been followed by UFOs and not

762  
00:28:14,919 --> 00:28:13,220  
gone so I mean clearly you think we've

763  
00:28:17,919 --> 00:28:14,929

we've gone but what's the Mike burrow

764

00:28:19,330 --> 00:28:17,929

analysis of the 1969 moon landing well

765

00:28:20,860 --> 00:28:19,340

we wet there's no question in my mind

766

00:28:22,690 --> 00:28:20,870

that we went I think one of the best

767

00:28:24,399 --> 00:28:22,700

arguments just to be made on a

768

00:28:25,840 --> 00:28:24,409

superficial basis is if we were going to

769

00:28:28,149 --> 00:28:25,850

fake it why would we fake it nine times

770

00:28:30,639 --> 00:28:28,159

we went to the moon nine time so why

771

00:28:32,500 --> 00:28:30,649

would we fake that why not just fake it

772

00:28:35,560 --> 00:28:32,510

once or twice and then and then shut the

773

00:28:38,649 --> 00:28:35,570

thing down the reality is that we did go

774

00:28:40,810 --> 00:28:38,659

and we were successful in landing six

775

00:28:42,460 --> 00:28:40,820

times and 12 astronauts on the surface

776

00:28:44,860 --> 00:28:42,470

and I think they actually brought some

777

00:28:48,519 --> 00:28:44,870

some technology and some artifacts that

778

00:28:51,190 --> 00:28:48,529

they found back with them the arguments

779

00:28:52,720 --> 00:28:51,200

that we didn't go are very weak they're

780

00:28:54,700 --> 00:28:52,730

made by people with not a lot of

781

00:28:57,039 --> 00:28:54,710

engineering experience or practical

782

00:28:59,710 --> 00:28:57,049

knowledge as I've studied them over the

783

00:29:01,990 --> 00:28:59,720

years they've all fallen apart and it's

784

00:29:03,370 --> 00:29:02,000

funny because if you go to my first book

785

00:29:06,070 --> 00:29:03,380

that I wrote with Richard Hoagland dark

786

00:29:08,350 --> 00:29:06,080

mission what we discuss in there is his

787

00:29:10,539 --> 00:29:08,360

firsthand observation that the people

788

00:29:13,720 --> 00:29:10,549

who actually started that rumor that we

789

00:29:15,399 --> 00:29:13,730

never went even before Neil and Buzz and

790

00:29:18,850 --> 00:29:15,409

Michael Collins splashed down on their

791

00:29:21,310 --> 00:29:18,860

way back from Apollo 11 in 1969 the

792

00:29:23,260 --> 00:29:21,320

people who started this rumor way back

793

00:29:24,730 --> 00:29:23,270

in 69 who first put it out into the

794

00:29:29,230 --> 00:29:24,740

ether you know put it into the system

795

00:29:32,409 --> 00:29:29,240

mm-hmm was NASA itself there was a big

796

00:29:35,680 --> 00:29:32,419

incident where the the JPL press

797

00:29:38,560 --> 00:29:35,690

director was personally escorting this

798

00:29:41,620 --> 00:29:38,570

crazy guy around JPL and helping him

799

00:29:44,980 --> 00:29:41,630

hand out leaflets that said that the

800

00:29:48,279 --> 00:29:44,990

whole thing was faked at a TV you know

801  
00:29:50,649 --> 00:29:48,289  
on a on it's staged in Nevada and that

802  
00:29:52,360 --> 00:29:50,659  
we never went to the moon and that NASA

803  
00:29:53,860 --> 00:29:52,370  
was helping this guy get his message to

804  
00:29:55,810 --> 00:29:53,870  
all of the different media outlets that

805  
00:29:57,549 --> 00:29:55,820  
were there to cover the splashdown in

806  
00:29:59,110 --> 00:29:57,559  
recovery of the astronauts from Apollo

807  
00:30:01,990 --> 00:29:59,120  
11 and I think the reason they did that

808  
00:30:03,279 --> 00:30:02,000  
is because what they were doing was

809  
00:30:05,470 --> 00:30:03,289  
covering stuff up what they were

810  
00:30:07,180 --> 00:30:05,480  
covering up was the real reasons they

811  
00:30:08,710 --> 00:30:07,190  
went what they were really looking for

812  
00:30:10,630 --> 00:30:08,720  
and what they really found

813  
00:30:13,330 --> 00:30:10,640

and what they wanted to do was to create

814

00:30:16,660 --> 00:30:13,340

a mean you know sort of a cultural mean

815

00:30:18,820 --> 00:30:16,670

right put it out there so that that that

816

00:30:21,190 --> 00:30:18,830

would be easily discredited which I

817

00:30:22,510 --> 00:30:21,200

think this one is so that you know

818

00:30:24,340 --> 00:30:22,520

whenever anybody mentions NASA and

819

00:30:25,720 --> 00:30:24,350

conspiracy they'd go oh yeah you mean

820

00:30:27,640 --> 00:30:25,730

like that nutty thing that we never went

821

00:30:29,440 --> 00:30:27,650

so you know I think it was like a cover

822

00:30:33,580 --> 00:30:29,450

story to cover what they were really

823

00:30:35,590 --> 00:30:33,590

doing and you know I do talk about the

824

00:30:37,830 --> 00:30:35,600

Apollo 17 chapter I do talk about the

825

00:30:40,600 --> 00:30:37,840

fact that that they did things like

826

00:30:42,640 --> 00:30:40,610

there's a really interesting formation

827

00:30:46,450 --> 00:30:42,650

called Nansen which looks like sort of a

828

00:30:49,960 --> 00:30:46,460

v-shaped entrance into essentially a

829

00:30:51,130 --> 00:30:49,970

gigantic hexagonal quote mountain not on

830

00:30:51,970 --> 00:30:51,140

the moon which I don't think is a

831

00:30:53,220 --> 00:30:51,980

mountain at all I think it's an

832

00:30:56,350 --> 00:30:53,230

artificial structure though it's been

833

00:30:58,540 --> 00:30:56,360

very heavily damaged and they they

834

00:31:00,490 --> 00:30:58,550

actually on the second day of the Apollo

835

00:31:03,130 --> 00:31:00,500

17 mission they drove right up to this

836

00:31:04,900 --> 00:31:03,140

entrance parked right above it and then

837

00:31:07,180 --> 00:31:04,910

the astronauts step off camera and

838

00:31:08,590 --> 00:31:07,190

they're off camera for about thirty

839

00:31:11,230 --> 00:31:08,600

minutes while the camera just pans

840

00:31:13,030 --> 00:31:11,240

aimlessly around and then like what what

841

00:31:15,070 --> 00:31:13,040

were they doing right at this thing that

842

00:31:16,660 --> 00:31:15,080

looks like an entrance and the others

843

00:31:18,370 --> 00:31:16,670

astronauts they say these very cryptic

844

00:31:19,810 --> 00:31:18,380

things like you know I just want you

845

00:31:21,640 --> 00:31:19,820

guys back in control to know that we

846

00:31:24,250 --> 00:31:21,650

haven't we haven't really had a chance

847

00:31:25,660 --> 00:31:24,260

to look around any more than you've seen

848

00:31:27,850 --> 00:31:25,670

and that's interesting to myself well

849

00:31:29,710 --> 00:31:27,860

yet we haven't seen anything so you know

850

00:31:30,880 --> 00:31:29,720

what do what were they doing there and

851  
00:31:32,590 --> 00:31:30,890  
you know they just again you put

852  
00:31:35,350 --> 00:31:32,600  
together their statements and it's

853  
00:31:38,950 --> 00:31:35,360  
really obvious that that the mission was

854  
00:31:40,600 --> 00:31:38,960  
something other than what then than what

855  
00:31:43,180 --> 00:31:40,610  
we've been told all the mission at

856  
00:31:45,160 --> 00:31:43,190  
different functions but you know like

857  
00:31:47,110 --> 00:31:45,170  
Apollo 11 I think was purely symbolic it

858  
00:31:48,490 --> 00:31:47,120  
was get to the moon land out in the

859  
00:31:51,940 --> 00:31:48,500  
middle of nowhere where there were no

860  
00:31:53,980 --> 00:31:51,950  
glass ruins to run into and you know

861  
00:31:55,780 --> 00:31:53,990  
performed Buzz Aldrin's Masonic ceremony

862  
00:31:57,490 --> 00:31:55,790  
and get the hell back safe and sound I

863  
00:31:59,290 --> 00:31:57,500

think that would be the plan that was

864

00:32:01,960 --> 00:31:59,300

another one of my questions up but this

865

00:32:03,490 --> 00:32:01,970

the Masonic ceremony is yes real that

866

00:32:04,720 --> 00:32:03,500

would range before we go off on that I

867

00:32:06,220 --> 00:32:04,730

want to say one other thing you also

868

00:32:07,870 --> 00:32:06,230

asked me about and I don't mean to just

869

00:32:10,170 --> 00:32:07,880

completely dominate here at school so

870

00:32:12,040 --> 00:32:10,180

much stuff I want to get out for but um

871

00:32:13,960 --> 00:32:12,050

one of the other things I want to tell

872

00:32:16,780 --> 00:32:13,970

you is that the story about them being

873

00:32:18,460 --> 00:32:16,790

followed by UFOs and stuff people don't

874

00:32:21,100 --> 00:32:18,470

you know it's really weird I have to

875

00:32:22,419 --> 00:32:21,110

write books because I it's like I need

876

00:32:25,119 --> 00:32:22,429

to remind people of thing

877

00:32:27,789 --> 00:32:25,129

in context that they tend to forget Buzz

878

00:32:30,009 --> 00:32:27,799

Aldrin was on a TV program about five

879

00:32:31,419 --> 00:32:30,019

six years ago was a British produced

880

00:32:33,489 --> 00:32:31,429

program if the name escapes me at the

881

00:32:34,570 --> 00:32:33,499

moment but he flat out said and we

882

00:32:36,879 --> 00:32:34,580

talked about this in dark mission he

883

00:32:39,430 --> 00:32:36,889

flat-out said they were followed for at

884

00:32:42,009 --> 00:32:39,440

least one a period of time by what he

885

00:32:43,720 --> 00:32:42,019

described is basically a UFO he clearly

886

00:32:45,220 --> 00:32:43,730

said it could not be accounted for it

887

00:32:46,570 --> 00:32:45,230

was not the third stage it was not any

888

00:32:49,119 --> 00:32:46,580

part of their mission it was something

889

00:32:50,440 --> 00:32:49,129

else that was following them for a while

890

00:32:53,409 --> 00:32:50,450

and then there's the rumor that when

891

00:32:55,960 --> 00:32:53,419

they landed the Neil Armstrong called in

892

00:32:57,580 --> 00:32:55,970

and said there's three of them on the

893

00:32:59,200 --> 00:32:57,590

rim of a crater and they're watching us

894

00:33:01,539 --> 00:32:59,210

and they're really huge and it's really

895

00:33:03,129 --> 00:33:01,549

kind of scary now that supposedly

896

00:33:04,629 --> 00:33:03,139

happened right after he said you know

897

00:33:06,220 --> 00:33:04,639

tranquility base here the eagle has

898

00:33:07,779 --> 00:33:06,230

landed and people say oh well that never

899

00:33:09,850 --> 00:33:07,789

happened there's no proof of it but what

900

00:33:11,499 --> 00:33:09,860

I can tell you is this they did have a

901  
00:33:14,049 --> 00:33:11,509  
private channel where they could talk to

902  
00:33:15,430 --> 00:33:14,059  
their doctors okay and at any time any

903  
00:33:17,710 --> 00:33:15,440  
of the astronauts could go to a private

904  
00:33:19,149 --> 00:33:17,720  
channel talk directly to their doctors

905  
00:33:20,499 --> 00:33:19,159  
and tell them anything that might be

906  
00:33:22,239 --> 00:33:20,509  
going on with them personally at least

907  
00:33:24,159 --> 00:33:22,249  
that was the idea you could also of

908  
00:33:27,249 --> 00:33:24,169  
course transmit any other kind of

909  
00:33:29,499 --> 00:33:27,259  
information through for instance there's

910  
00:33:31,029 --> 00:33:29,509  
UFOs there's flying saucers on the

911  
00:33:32,109 --> 00:33:31,039  
crater right in front of us what the

912  
00:33:34,149 --> 00:33:32,119  
hell do you want us to do could you

913  
00:33:35,590 --> 00:33:34,159

please go ask you know the guys at

914

00:33:37,810 --> 00:33:35,600

Mission Control could you please get up

915

00:33:39,039 --> 00:33:37,820

from your desk and go ask what's his

916

00:33:41,739 --> 00:33:39,049

name gene Krantz what the hell were

917

00:33:43,239 --> 00:33:41,749

supposed to do about this and the thing

918

00:33:45,549 --> 00:33:43,249

I will tell you about that story is that

919

00:33:47,859 --> 00:33:45,559

there's no recording of this there's no

920

00:33:49,869 --> 00:33:47,869

real credibility to it except this I

921

00:33:52,659 --> 00:33:49,879

have a friend in Ken Johnson jr. worked

922

00:33:57,399 --> 00:33:52,669

at NASA at the time through the 60s and

923

00:34:00,850 --> 00:33:57,409

into the 70s and he's told me that that

924

00:34:02,440 --> 00:34:00,860

rumor was spreading around NASA all the

925

00:34:04,450 --> 00:34:02,450

way through the halls at NASA within

926  
00:34:06,369 --> 00:34:04,460  
about 30 or 40 minutes of the moon

927  
00:34:07,869 --> 00:34:06,379  
landing in other words people were

928  
00:34:10,750 --> 00:34:07,879  
talking about other people had heard

929  
00:34:13,210 --> 00:34:10,760  
this and we're repeating the story so to

930  
00:34:15,039 --> 00:34:13,220  
me that gives it kind of an interesting

931  
00:34:16,539 --> 00:34:15,049  
credibility either it's another false

932  
00:34:18,849 --> 00:34:16,549  
rumor that NASA wanted to be spread

933  
00:34:21,129 --> 00:34:18,859  
around but the fact that it was being

934  
00:34:23,049 --> 00:34:21,139  
openly talked about within the hallowed

935  
00:34:25,869 --> 00:34:23,059  
halls of NASA indicates to me that that

936  
00:34:27,190 --> 00:34:25,879  
story might actually be true man there's

937  
00:34:30,190 --> 00:34:27,200  
no question we have massive

938  
00:34:32,139 --> 00:34:30,200

disinformation usually coming from the

939

00:34:34,839 --> 00:34:32,149

sources that you go to for your actual

940

00:34:36,250 --> 00:34:34,849

information it puts us in an odd

941

00:34:37,750 --> 00:34:36,260

predicament in a weird

942

00:34:39,389 --> 00:34:37,760

but there's another documentary out

943

00:34:42,490 --> 00:34:39,399

there I've seen where they talk about

944

00:34:43,540 --> 00:34:42,500

the code word for UFOs with Santa Claus

945

00:34:45,760 --> 00:34:43,550

I don't know if you're familiar with

946

00:34:47,530 --> 00:34:45,770

this yeah but you can there is some

947

00:34:50,050 --> 00:34:47,540

audio of them saying we have a Santa

948

00:34:52,120 --> 00:34:50,060

Claus at like you know six o'clock or

949

00:34:53,409 --> 00:34:52,130

whatever sure yeah I mean I think the

950

00:34:54,100 --> 00:34:53,419

actual line is something along the lines

951  
00:34:56,740 --> 00:34:54,110  
of please

952  
00:34:58,120 --> 00:34:56,750  
you know um you know please pass the

953  
00:35:00,070 --> 00:34:58,130  
word that there isn't set that there is

954  
00:35:01,780 --> 00:35:00,080  
a Santa Claus and it makes it's clearly

955  
00:35:03,340 --> 00:35:01,790  
a code transmission there's other other

956  
00:35:05,440 --> 00:35:03,350  
code transmissions when they talk about

957  
00:35:07,000 --> 00:35:05,450  
we're going over to the hotel and things

958  
00:35:09,820 --> 00:35:07,010  
like that yeah like what the hell are

959  
00:35:14,680 --> 00:35:09,830  
they talking about so um you know there

960  
00:35:16,270 --> 00:35:14,690  
there were classified projects that the

961  
00:35:18,040 --> 00:35:16,280  
guys did operate I mean like on Apollo

962  
00:35:20,620 --> 00:35:18,050  
17 there was this classified project

963  
00:35:22,600 --> 00:35:20,630

called chapel Bell which nobody really

964

00:35:24,310 --> 00:35:22,610

knows what it was and it's still

965

00:35:27,790 --> 00:35:24,320

classified thirty or forty five years

966

00:35:29,260 --> 00:35:27,800

later or whatever it is and and so there

967

00:35:31,000 --> 00:35:29,270

could be references to actual Defense

968

00:35:33,550 --> 00:35:31,010

Department stuff that they had to be

969

00:35:36,640 --> 00:35:33,560

doing but yeah I mean the Santa Claus

970

00:35:38,380 --> 00:35:36,650

story is absolutely true and again if

971

00:35:40,720 --> 00:35:38,390

you if you read through the actual

972

00:35:43,120 --> 00:35:40,730

transcripts of what some of the dialogue

973

00:35:47,200 --> 00:35:43,130

was it gets pretty weird pretty fast on

974

00:35:49,090 --> 00:35:47,210

almost all the missions and I've Valli

975

00:35:51,310 --> 00:35:49,100

heard about the stories of there

976  
00:35:52,840 --> 00:35:51,320  
actually being aliens on the moon when

977  
00:35:54,730 --> 00:35:52,850  
they landed but is there any more are

978  
00:35:56,230 --> 00:35:54,740  
there any other times where you've heard

979  
00:35:57,730 --> 00:35:56,240  
that or there any legs to that rumor

980  
00:35:59,860 --> 00:35:57,740  
there's no legs to that that I've ever

981  
00:36:01,990 --> 00:35:59,870  
been able to find uh they actually had

982  
00:36:04,180 --> 00:36:02,000  
any sort of face-to-face encounters but

983  
00:36:05,740 --> 00:36:04,190  
you know again they go back and they say

984  
00:36:07,030 --> 00:36:05,750  
well we you know we were warned off well

985  
00:36:09,100 --> 00:36:07,040  
again if we were warned off why do we

986  
00:36:10,750 --> 00:36:09,110  
land five more times after Apollo 11

987  
00:36:12,730 --> 00:36:10,760  
true that's kind of like getting in

988  
00:36:14,260 --> 00:36:12,740

their faces about it but there's just

989

00:36:15,910 --> 00:36:14,270

there's just too many weird things that

990

00:36:20,110 --> 00:36:15,920

went on with the space for a program you

991

00:36:23,500 --> 00:36:20,120

know Apollo 13 13 being unlucky there's

992

00:36:25,780 --> 00:36:23,510

an explosion on the ship it it launches

993

00:36:28,300 --> 00:36:25,790

get this the launch you know at the time

994

00:36:30,550 --> 00:36:28,310

the the time of the launch of Apollo 13

995

00:36:32,710 --> 00:36:30,560

was it was 13 13

996

00:36:34,600 --> 00:36:32,720

that's the 24-hour clock timing of the

997

00:36:36,880 --> 00:36:34,610

exact moment of the launch I mean just

998

00:36:40,660 --> 00:36:36,890

crazy stuff that that if you look at all

999

00:36:43,600 --> 00:36:40,670

the symbolism and and coincidences they

1000

00:36:45,850 --> 00:36:43,610

just don't they just can't be random

1001

00:36:48,010 --> 00:36:45,860

they they appear to be some sort of

1002

00:36:49,180 --> 00:36:48,020

pattern and that's really what I talked

1003

00:36:50,019 --> 00:36:49,190

about a dark mission to talk less about

1004

00:36:51,969 --> 00:36:50,029

the conspiracy

1005

00:36:53,859 --> 00:36:51,979

stuff more about this destructors and

1006

00:36:56,649 --> 00:36:53,869

the artifacts and ancient aliens on the

1007

00:36:58,209 --> 00:36:56,659

moon but yeah those uh patterns I mean

1008

00:37:01,329 --> 00:36:58,219

they exist everywhere you know people

1009

00:37:03,519 --> 00:37:01,339

call them synchronicities but in and I

1010

00:37:05,049 --> 00:37:03,529

actually gave dark mission to my father

1011

00:37:06,459 --> 00:37:05,059

as a Christmas present a couple years

1012

00:37:08,499 --> 00:37:06,469

ago I didn't get to read it myself but

1013

00:37:09,939 --> 00:37:08,509

he really liked it and you know he was

1014

00:37:12,519 --> 00:37:09,949

telling me about some of that stuff but

1015

00:37:14,799 --> 00:37:12,529

what I was like the the dark missions of

1016

00:37:16,479 --> 00:37:14,809

course or the apparently the veiled

1017

00:37:18,159 --> 00:37:16,489

missions for why we're really doing the

1018

00:37:20,319 --> 00:37:18,169

things that NASA is doing and you lay

1019

00:37:22,719 --> 00:37:20,329

out even in this book some of the Apollo

1020

00:37:25,839 --> 00:37:22,729

missions and you know what their dark

1021

00:37:28,929 --> 00:37:25,849

mission you what you suggest it might be

1022

00:37:32,829 --> 00:37:28,939

what is all that like why did why does

1023

00:37:34,779 --> 00:37:32,839

NASA have so many a cultish type ideas

1024

00:37:38,229 --> 00:37:34,789

why do they do things in such patterns

1025

00:37:41,019 --> 00:37:38,239

well the thing is that what we wrote

1026

00:37:43,629 --> 00:37:41,029

about in dark mission was that NASA if

1027

00:37:46,569 --> 00:37:43,639

you look at it was essentially run by

1028

00:37:49,299 --> 00:37:46,579

three different secret societies open

1029

00:37:51,279 --> 00:37:49,309

secret societies one was the Freemasons

1030

00:37:51,609 --> 00:37:51,289

the Scottish Rite Freemason the 33rd

1031

00:37:54,069 --> 00:37:51,619

degree

1032

00:37:55,779 --> 00:37:54,079

I mean basically most of the astronauts

1033

00:37:57,399 --> 00:37:55,789

at least the important ones that walked

1034

00:37:59,709 --> 00:37:57,409

on the surface of the Moon were not only

1035

00:38:01,739 --> 00:37:59,719

members of the Freemasons they were 32nd

1036

00:38:04,119 --> 00:38:01,749

or 33rd degree but they were also

1037

00:38:06,309 --> 00:38:04,129

members of the same Lodge so that would

1038

00:38:07,719 --> 00:38:06,319

be as if as if let's say I forget the

1039

00:38:08,889 --> 00:38:07,729

exact number but let's say six out of

1040

00:38:10,809 --> 00:38:08,899

the twelve guys that walked on the moon

1041

00:38:13,059 --> 00:38:10,819

if they were all Mormons and a tenth of

1042

00:38:14,679 --> 00:38:13,069

the same Mormon Church and they and he

1043

00:38:16,569 --> 00:38:14,689

found out later they performed a Mormon

1044

00:38:19,239 --> 00:38:16,579

ceremony in a lunar module that that

1045

00:38:20,379 --> 00:38:19,249

would be a little weird you know so some

1046

00:38:21,489 --> 00:38:20,389

people would not have a problem with

1047

00:38:22,539 --> 00:38:21,499

that because that would be somehow

1048

00:38:24,249 --> 00:38:22,549

acceptable but when you start talking

1049

00:38:26,049 --> 00:38:24,259

about the Freemasons oh all of a sudden

1050

00:38:28,509 --> 00:38:26,059

you know it's something you can't really

1051  
00:38:31,479 --> 00:38:28,519  
talk about but they seem to be in charge

1052  
00:38:33,369 --> 00:38:31,489  
there was also obviously the Nazi

1053  
00:38:36,159 --> 00:38:33,379  
faction that you have which is the

1054  
00:38:38,619 --> 00:38:36,169  
Wernher von Braun's and Kurt Debus and

1055  
00:38:41,139 --> 00:38:38,629  
people that ran everything at the

1056  
00:38:44,469 --> 00:38:41,149  
rocketry programs were all Nazis and

1057  
00:38:46,649 --> 00:38:44,479  
then you look at JPL which is the you

1058  
00:38:49,179 --> 00:38:46,659  
know the the unmanned space probe

1059  
00:38:51,129 --> 00:38:49,189  
Factory basically for NASA that runs all

1060  
00:38:56,169 --> 00:38:51,139  
these missions to Mars and the origins

1061  
00:38:57,669 --> 00:38:56,179  
of JPL were the guys who formed JPL

1062  
00:39:01,119 --> 00:38:57,679  
essentially we're all involved in

1063  
00:39:03,350 --> 00:39:01,129

various occult practices associated with

1064

00:39:05,240 --> 00:39:03,360

people like Aleister Crowley

1065

00:39:07,790 --> 00:39:05,250

Harbor to the side Church of Scientology

1066

00:39:09,980 --> 00:39:07,800

and all sorts of you know very off the

1067

00:39:12,740 --> 00:39:09,990

wall black magic cults and and when you

1068

00:39:15,620 --> 00:39:12,750

get into their belief systems at the

1069

00:39:17,990 --> 00:39:15,630

core of all three of these organizations

1070

00:39:20,240 --> 00:39:18,000

their core belief system is that we are

1071

00:39:22,400 --> 00:39:20,250

descended from gods who came from

1072

00:39:24,230 --> 00:39:22,410

another planet and very specifically

1073

00:39:27,770 --> 00:39:24,240

they all believed that those gods were

1074

00:39:31,640 --> 00:39:27,780

the Egyptian gods Isis Osiris Horus and

1075

00:39:35,360 --> 00:39:31,650

Seth and if you look at the symbolism in

1076  
00:39:37,390 --> 00:39:35,370  
NASA right down to the Apollo mission

1077  
00:39:39,890 --> 00:39:37,400  
patch the original Apollo program patch

1078  
00:39:41,450 --> 00:39:39,900  
having the constellation of Orion on it

1079  
00:39:44,600 --> 00:39:41,460  
which in the Egyptian ancient Egyptian

1080  
00:39:47,570 --> 00:39:44,610  
religion represented Osiris who is the

1081  
00:39:49,220 --> 00:39:47,580  
top god it all just adds up and you

1082  
00:39:52,820 --> 00:39:49,230  
start looking at different things like

1083  
00:39:54,560 --> 00:39:52,830  
the Apollo 16 landing the lunar module

1084  
00:39:56,300 --> 00:39:54,570  
was named Orion therefore it was

1085  
00:40:01,130 --> 00:39:56,310  
basically named after this Egyptian god

1086  
00:40:04,580 --> 00:40:01,140  
Osiris it landed on the moon on April

1087  
00:40:07,130 --> 00:40:04,590  
20th 1972 which happens to be Adolf

1088  
00:40:09,290 --> 00:40:07,140

Hitler's birthday for Jenny and had

1089

00:40:11,750 --> 00:40:09,300

added exactly that yeah 420 you guys

1090

00:40:13,850 --> 00:40:11,760

would know about it and at exactly the

1091

00:40:15,530 --> 00:40:13,860

moment that they landed the three belt

1092

00:40:19,310 --> 00:40:15,540

stars of Orion in other words the main

1093

00:40:21,200 --> 00:40:19,320

feature the main you know the main

1094

00:40:24,410 --> 00:40:21,210

identifier of Orion the three belt stars

1095

00:40:26,870 --> 00:40:24,420

were right at 33 degrees above that

1096

00:40:28,700 --> 00:40:26,880

specific landing site and only that

1097

00:40:30,860 --> 00:40:28,710

landing site on the surface of the moon

1098

00:40:35,150 --> 00:40:30,870

at that time in other words you

1099

00:40:40,520 --> 00:40:35,160

basically had an homage to the Nazis to

1100

00:40:42,770 --> 00:40:40,530

the Freemasons and to the JPL crowd all

1101  
00:40:43,340 --> 00:40:42,780  
right there all of it sort of under this

1102  
00:40:46,280 --> 00:40:43,350  
one

1103  
00:40:47,570 --> 00:40:46,290  
you know Vail and those kinds of things

1104  
00:40:49,250 --> 00:40:47,580  
are just you know they're too weird for

1105  
00:40:51,890 --> 00:40:49,260  
me to ignore and they just repeat over

1106  
00:40:53,930 --> 00:40:51,900  
and over and over again in in these

1107  
00:40:56,630 --> 00:40:53,940  
different missions so you have this

1108  
00:40:58,940 --> 00:40:56,640  
really strange organization which

1109  
00:41:00,740 --> 00:40:58,950  
appears to be almost you know more

1110  
00:41:03,680 --> 00:41:00,750  
religion based but it's an occulted

1111  
00:41:05,420 --> 00:41:03,690  
religion an ancient religion and I think

1112  
00:41:08,540 --> 00:41:05,430  
that they believed that they had to do

1113  
00:41:11,210 --> 00:41:08,550

these things when the stars were in the

1114

00:41:12,980 --> 00:41:11,220

correct positions in order for their you

1115

00:41:15,170 --> 00:41:12,990

know endeavors to be blessed by the gods

1116

00:41:17,180 --> 00:41:15,180

and that's quite honestly quite flatly

1117

00:41:20,539 --> 00:41:17,190

what I think the very top people in NASA

1118

00:41:21,980 --> 00:41:20,549

we're trying to do with all the timing

1119

00:41:23,660 --> 00:41:21,990

of these launches and all these dates

1120

00:41:26,289 --> 00:41:23,670

and the landings and all that kind of

1121

00:41:29,690 --> 00:41:26,299

stuff they were definitely trying to be

1122

00:41:31,400 --> 00:41:29,700

in accordance with and with and

1123

00:41:33,260 --> 00:41:31,410

respectful to you know the belief

1124

00:41:37,190 --> 00:41:33,270

systems that they were handed down from

1125

00:41:38,660 --> 00:41:37,200

their gods and and you know that's it's

1126

00:41:40,700 --> 00:41:38,670

it's really hard to convince people that

1127

00:41:43,730 --> 00:41:40,710

we're not crazy the guys that that ran

1128

00:41:45,799 --> 00:41:43,740

NASA R and a great extent they still are

1129

00:41:47,870 --> 00:41:45,809

so because he's Oprah they still do

1130

00:41:49,640 --> 00:41:47,880

these ritual things I mean all over the

1131

00:41:51,230 --> 00:41:49,650

conspiracy world among the elites and

1132

00:41:53,120 --> 00:41:51,240

everything you have these type of weird

1133

00:41:54,470 --> 00:41:53,130

rituals and I I'd have a hard time

1134

00:41:56,660 --> 00:41:54,480

wrapping my head around it if it's like

1135

00:41:59,390 --> 00:41:56,670

a superstition to them or if it really

1136

00:42:01,579 --> 00:41:59,400

does release some type of ethereal

1137

00:42:03,710 --> 00:42:01,589

energy or something I think it's both I

1138

00:42:05,390 --> 00:42:03,720

think it's actually both yeah and then

1139

00:42:07,099 --> 00:42:05,400

if you think it's it does release some

1140

00:42:08,870 --> 00:42:07,109

type of energy then that's odd you know

1141

00:42:11,779 --> 00:42:08,880

we don't have in the mainstream there's

1142

00:42:14,450 --> 00:42:11,789

no acceptance of that whatsoever right

1143

00:42:16,220 --> 00:42:14,460

right but if you but again if you as you

1144

00:42:18,589 --> 00:42:16,230

dig into the the hyperdimensional

1145

00:42:20,089 --> 00:42:18,599

physics theory at all all these numbers

1146

00:42:22,760 --> 00:42:20,099

and all these coincidences and all these

1147

00:42:23,930 --> 00:42:22,770

things do add up because when stars and

1148

00:42:25,490 --> 00:42:23,940

planets are aligned in certain

1149

00:42:27,470 --> 00:42:25,500

situations you're going to get more

1150

00:42:30,230 --> 00:42:27,480

favorable energies or you're going to be

1151

00:42:32,329 --> 00:42:30,240

able to use this sort of secret science

1152

00:42:34,990 --> 00:42:32,339

that the ancients you may have you know

1153

00:42:38,690 --> 00:42:35,000

learn from the ancient the ancient gods

1154

00:42:40,549 --> 00:42:38,700

of Egypt let's say that would tell you

1155

00:42:42,170 --> 00:42:40,559

that that if you if you go to the moon

1156

00:42:44,299 --> 00:42:42,180

at this time if you look at the

1157

00:42:45,559 --> 00:42:44,309

configuration of the solar system there

1158

00:42:47,029 --> 00:42:45,569

aren't going to be any solar flares the

1159

00:42:49,309 --> 00:42:47,039

Sun will be very quiet that kind of

1160

00:42:51,410 --> 00:42:49,319

thing that that would be an ostentatious

1161

00:42:53,420 --> 00:42:51,420

time to try to take a journey to the

1162

00:42:56,359 --> 00:42:53,430

moon so I think that all these things

1163

00:42:58,160 --> 00:42:56,369

are factored in and you know in my

1164

00:43:00,380 --> 00:42:58,170

second book in the choice and to a

1165

00:43:02,390 --> 00:43:00,390

lesser extent in ancient aliens on the

1166

00:43:05,779 --> 00:43:02,400

moon I also discussed you know Wernher

1167

00:43:07,789 --> 00:43:05,789

von Braun and how he really discovered

1168

00:43:10,190 --> 00:43:07,799

you know navigation and it was all

1169

00:43:12,859 --> 00:43:10,200

related to these this sort of

1170

00:43:14,390 --> 00:43:12,869

unacknowledged a theory of what Hoagland

1171

00:43:17,450 --> 00:43:14,400

calls hyperdimensional physics which I

1172

00:43:20,269 --> 00:43:17,460

do concur with that basically you know

1173

00:43:21,680 --> 00:43:20,279

if you spin something you get more

1174

00:43:25,039 --> 00:43:21,690

energy out of the system and it took

1175

00:43:26,720 --> 00:43:25,049

them a long time to account for that in

1176

00:43:28,250 --> 00:43:26,730

figuring out how they could get their

1177

00:43:29,510 --> 00:43:28,260

spacecraft to actually be able to run it

1178

00:43:30,440 --> 00:43:29,520

with each other for that matter even

1179

00:43:33,620 --> 00:43:30,450

even get to

1180

00:43:36,319 --> 00:43:33,630

move because it definitely seems to be

1181

00:43:37,490 --> 00:43:36,329

like there was a learning curve at NASA

1182

00:43:39,109 --> 00:43:37,500

through the years and they finally

1183

00:43:40,870 --> 00:43:39,119

figured this out and and now I think

1184

00:43:43,940 --> 00:43:40,880

it's all sort of just built into the

1185

00:43:45,710 --> 00:43:43,950

equations they all you know now I think

1186

00:43:48,140 --> 00:43:45,720

that that without anybody at the lower

1187

00:43:50,270 --> 00:43:48,150

levels knowing what they're doing they

1188

00:43:51,890 --> 00:43:50,280

basically plug in a computer program and

1189

00:43:54,050 --> 00:43:51,900

say okay when do we go to Mars well okay

1190

00:43:56,210 --> 00:43:54,060

this is the perfect time to go yeah they

1191

00:43:58,099 --> 00:43:56,220

don't even question it no they just and

1192

00:43:59,690 --> 00:43:58,109

the guys the guys down below I have no

1193

00:44:01,430 --> 00:43:59,700

idea why the decisions being made for

1194

00:44:03,349 --> 00:44:01,440

that date or that time it's just a

1195

00:44:04,490 --> 00:44:03,359

command decision made at the top level

1196

00:44:06,829 --> 00:44:04,500

and those are the only guys that really

1197

00:44:08,990 --> 00:44:06,839

need to know the top five or six guys

1198

00:44:10,700 --> 00:44:09,000

are really it yeah now let me ask you

1199

00:44:13,130 --> 00:44:10,710

this because as someone who is skeptical

1200

00:44:14,990 --> 00:44:13,140

of pretty much any big story that you

1201  
00:44:17,510 --> 00:44:15,000  
know spikes up in the media for a while

1202  
00:44:19,520 --> 00:44:17,520  
like yeah very skeptical that's a couple

1203  
00:44:21,079 --> 00:44:19,530  
of years ago Nash that crashed something

1204  
00:44:23,930 --> 00:44:21,089  
into the moon which is a bit of an odd

1205  
00:44:26,180 --> 00:44:23,940  
story for me it didn't really have much

1206  
00:44:27,980 --> 00:44:26,190  
of an official story or explanation or

1207  
00:44:33,440 --> 00:44:27,990  
reason what do you think was the reason

1208  
00:44:35,540 --> 00:44:33,450  
behind that well I think what well you

1209  
00:44:37,250 --> 00:44:35,550  
know again the reason behind it it may

1210  
00:44:38,990 --> 00:44:37,260  
have been what they actually claimed it

1211  
00:44:43,010 --> 00:44:39,000  
was it may have been that they were

1212  
00:44:45,890 --> 00:44:43,020  
actually trying to um you know trying to

1213  
00:44:48,410 --> 00:44:45,900

keep a kick-up a plume of dust and and

1214

00:44:51,530 --> 00:44:48,420

water hopefully ice and analyze it and

1215

00:44:53,089 --> 00:44:51,540

find that it had water where they hid it

1216

00:44:55,010 --> 00:44:53,099

though where they actually launched the

1217

00:44:56,240 --> 00:44:55,020

thing and this is this is actually what

1218

00:44:57,890 --> 00:44:56,250

I end

1219

00:45:00,349 --> 00:44:57,900

Inchon aliens on the moon with this is

1220

00:45:02,210 --> 00:45:00,359

like the last in the book where they

1221

00:45:04,069 --> 00:45:02,220

actually sent it into appears to be an

1222

00:45:06,829 --> 00:45:04,079

area where there are again these big

1223

00:45:08,540 --> 00:45:06,839

splits in the surface of the lunar

1224

00:45:10,099 --> 00:45:08,550

surface and if you can you can look at

1225

00:45:13,099 --> 00:45:10,109

NASA's own enhancements and you can see

1226  
00:45:15,050 --> 00:45:13,109  
these these geometric cross beams and

1227  
00:45:17,930 --> 00:45:15,060  
sub structures under the surface and

1228  
00:45:21,290 --> 00:45:17,940  
what happened was that the object the

1229  
00:45:23,030 --> 00:45:21,300  
spacecraft went into it and just

1230  
00:45:24,559 --> 00:45:23,040  
disappeared they expect this clone but

1231  
00:45:26,329 --> 00:45:24,569  
they didn't get a plume or at least the

1232  
00:45:27,859 --> 00:45:26,339  
guys that believed it was a real

1233  
00:45:32,000 --> 00:45:27,869  
experiment that this was the really the

1234  
00:45:34,160 --> 00:45:32,010  
experiment didn't get a plume and um and

1235  
00:45:36,050 --> 00:45:34,170  
it was like throwing a rock in the mud

1236  
00:45:37,339 --> 00:45:36,060  
you don't get anything spinning up you

1237  
00:45:39,740 --> 00:45:37,349  
know spinning up into the air it just

1238  
00:45:42,020 --> 00:45:39,750

plop goes in and disappears and when

1239

00:45:43,370 --> 00:45:42,030

they enhanced it you can see where

1240

00:45:44,390 --> 00:45:43,380

they're pointing to something that might

1241

00:45:46,309 --> 00:45:44,400

be the plume

1242

00:45:48,230 --> 00:45:46,319

but it's nowhere near what they expected

1243

00:45:50,420 --> 00:45:48,240

and it's it just you can see that it

1244

00:45:53,210 --> 00:45:50,430

just went right into this hollow empty

1245

00:45:55,519 --> 00:45:53,220

part of the moon that has all this these

1246

00:45:57,859 --> 00:45:55,529

cross beams and structures on inside of

1247

00:46:00,859 --> 00:45:57,869

it and I think it might have been that

1248

00:46:03,500 --> 00:46:00,869

they were actually looking looking for a

1249

00:46:05,269 --> 00:46:03,510

location where there was more intact

1250

00:46:10,029 --> 00:46:05,279

artificial structures because along the

1251

00:46:12,890 --> 00:46:10,039

limbs and in some of the higher you know

1252

00:46:15,170 --> 00:46:12,900

latitudes is more likely where the the

1253

00:46:16,910 --> 00:46:15,180

new stuff the best stuff is going to

1254

00:46:18,980 --> 00:46:16,920

have been because it would probably

1255

00:46:20,779 --> 00:46:18,990

would have taken less impact from

1256

00:46:22,789 --> 00:46:20,789

meteors over the years than some of the

1257

00:46:24,109 --> 00:46:22,799

stuff in the middle of the moon so you

1258

00:46:27,170 --> 00:46:24,119

know it's really hard for me to know

1259

00:46:29,440 --> 00:46:27,180

whether that was an intentional thing

1260

00:46:31,789 --> 00:46:29,450

that they were really trying to find

1261

00:46:33,680 --> 00:46:31,799

location for artificial structures or

1262

00:46:37,880 --> 00:46:33,690

whether it was just sort of a happy

1263

00:46:39,859 --> 00:46:37,890

accident that that occurred because the

1264

00:46:41,210 --> 00:46:39,869

mission but there's no question that the

1265

00:46:43,460 --> 00:46:41,220

mission discovered something that it

1266

00:46:46,210 --> 00:46:43,470

wasn't supposed to discover which is

1267

00:46:48,589 --> 00:46:46,220

that you know there's empty spaces

1268

00:46:51,349 --> 00:46:48,599

there's empty spaces with lots of

1269

00:46:53,299 --> 00:46:51,359

mechanical and architectural looking

1270

00:46:56,299 --> 00:46:53,309

stuff inside of it well yeah I mean I

1271

00:46:57,589 --> 00:46:56,309

looked into Phobos a while because

1272

00:46:59,690 --> 00:46:57,599

there's a lot of weird stuff about that

1273

00:47:00,890 --> 00:46:59,700

satellite but I mean do you think the

1274

00:47:02,839 --> 00:47:00,900

moon is hollow there's a lot of

1275

00:47:04,640 --> 00:47:02,849

suggestion that both of them are Hollow

1276

00:47:06,740 --> 00:47:04,650

no I don't think it's hollow but I think

1277

00:47:08,569 --> 00:47:06,750

that there is a lot of stuff built up I

1278

00:47:09,950 --> 00:47:08,579

think a lot of them the surface of the

1279

00:47:12,470 --> 00:47:09,960

Moon that we think we see is actually

1280

00:47:15,920 --> 00:47:12,480

artificial it's actually been modified

1281

00:47:19,160 --> 00:47:15,930

built up and made to kind of look like

1282

00:47:21,650 --> 00:47:19,170

the surface of a moon and not really be

1283

00:47:22,670 --> 00:47:21,660

a surface of a moon one of the things

1284

00:47:24,049 --> 00:47:22,680

they talked about in one of the earlier

1285

00:47:27,769 --> 00:47:24,059

chapters in a channel Ian's on the moon

1286

00:47:30,799 --> 00:47:27,779

is is the area around Copernicus which

1287

00:47:32,000 --> 00:47:30,809

has a whole bunch of a whole bunch of

1288

00:47:33,920 --> 00:47:32,010

areas like that where there's clearly

1289

00:47:35,690 --> 00:47:33,930

mechanical stuff that looks like it's

1290

00:47:38,870 --> 00:47:35,700

actually been built on top of a natural

1291

00:47:41,150 --> 00:47:38,880

surface and it's just you know it's just

1292

00:47:43,480 --> 00:47:41,160

one of those things where if you look

1293

00:47:46,250 --> 00:47:43,490

you can clearly see that there's been

1294

00:47:47,870 --> 00:47:46,260

modification and and the way to tell

1295

00:47:49,640 --> 00:47:47,880

that is to really look for the write

1296

00:47:52,789 --> 00:47:49,650

angular geometric patterns which are

1297

00:47:54,319 --> 00:47:52,799

really unusual in nature and there's a

1298

00:47:55,519 --> 00:47:54,329

lot of different locations that I talked

1299

00:47:57,620 --> 00:47:55,529

about in the book of that I show in

1300

00:47:58,279 --> 00:47:57,630

pictures where you got that so I think

1301

00:48:00,049 --> 00:47:58,289

it's a

1302

00:48:03,380 --> 00:48:00,059

a natural satellite that's been heavily

1303

00:48:05,599 --> 00:48:03,390

heavily modified but it's not hollow and

1304

00:48:07,069 --> 00:48:05,609

one of these pictures that I saw that I

1305

00:48:09,709 --> 00:48:07,079

thought was really interesting because a

1306

00:48:11,630 --> 00:48:09,719

lot of times I have a hard time knowing

1307

00:48:13,640 --> 00:48:11,640

what I'm looking at but there's this

1308

00:48:16,999 --> 00:48:13,650

picture of what they call data's head

1309

00:48:18,769 --> 00:48:17,009

that looked pretty much like a head and

1310

00:48:21,709 --> 00:48:18,779

can you tell us the story about that

1311

00:48:23,449 --> 00:48:21,719

yeah that's um that's Apollo 17 after

1312

00:48:25,400 --> 00:48:23,459

they visited this place called Nansen

1313

00:48:27,559 --> 00:48:25,410

where they wouldn't let us see what they

1314

00:48:28,969 --> 00:48:27,569

were doing and they drove away because

1315

00:48:30,259 --> 00:48:28,979

they were on a very tight schedule and

1316

00:48:32,390 --> 00:48:30,269

they made some statements like this is

1317

00:48:33,620 --> 00:48:32,400

one mysterious place well yeah if it's

1318

00:48:35,029 --> 00:48:33,630

you know I don't know why it would be

1319

00:48:36,650 --> 00:48:35,039

mysterious if it was a bunch of rocks

1320

00:48:38,419 --> 00:48:36,660

but I'm a steer it's you know for

1321

00:48:39,499 --> 00:48:38,429

reasons they want to talk about and then

1322

00:48:41,419 --> 00:48:39,509

interesting ly they actually took

1323

00:48:43,009 --> 00:48:41,429

pictures that from the position that

1324

00:48:45,049 --> 00:48:43,019

they were at you should have been able

1325

00:48:47,719 --> 00:48:45,059

to see directly into Nansen and directly

1326

00:48:50,089 --> 00:48:47,729

underneath this hexagonal quote mountain

1327

00:48:51,979 --> 00:48:50,099

but nobody's ever seen those pictures

1328

00:48:53,419 --> 00:48:51,989

they're all listed as quote overexposed

1329

00:48:54,829 --> 00:48:53,429

I don't know how you could do that but

1330

00:48:56,390 --> 00:48:54,839

you know give me a break

1331

00:48:59,150 --> 00:48:56,400

but then they drove onto a couple other

1332

00:49:02,449 --> 00:48:59,160

other locations and one of them was a

1333

00:49:04,309 --> 00:49:02,459

crater called shorty crater and at

1334

00:49:05,929 --> 00:49:04,319

shorty crater they discovered some

1335

00:49:07,429 --> 00:49:05,939

orange soil which turned out to be

1336

00:49:11,630 --> 00:49:07,439

orange because it was heavily oxidized

1337

00:49:13,249 --> 00:49:11,640

and Jean Schmidt who was not changed

1338

00:49:15,469 --> 00:49:13,259

much Gene Cernan and Harrison Schmitt

1339

00:49:17,149 --> 00:49:15,479

Harrison Schmitt you know got away from

1340

00:49:18,559 --> 00:49:17,159

the rover went around on the rim of the

1341

00:49:20,359 --> 00:49:18,569

Raider and they said you know the

1342

00:49:22,429 --> 00:49:20,369

outside of shorty is really boring but

1343

00:49:24,079 --> 00:49:22,439

inside lordy Lordy lordy look at that

1344

00:49:25,459 --> 00:49:24,089

right and and you look at it and

1345

00:49:27,799 --> 00:49:25,469

superficially it just looks like a

1346

00:49:30,739 --> 00:49:27,809

crater with rocks in it right but

1347

00:49:32,689 --> 00:49:30,749

Schmidt took a series of shots for a

1348

00:49:37,039 --> 00:49:32,699

panorama of the entire crater so he took

1349

00:49:39,049 --> 00:49:37,049

about a dozen shots and as you begin to

1350

00:49:42,380 --> 00:49:39,059

look at this debris inside the crater

1351

00:49:45,409 --> 00:49:42,390

you know you can see what they're

1352

00:49:47,359 --> 00:49:45,419

talking about because what I see as a

1353

00:49:50,179 --> 00:49:47,369

structural mechanical aerospace engineer

1354

00:49:52,099 --> 00:49:50,189

I I see parts I see equipment I see

1355

00:49:55,999 --> 00:49:52,109

stuff with vents on it and heat sinks

1356

00:49:58,009 --> 00:49:56,009

and tubing and exhaust pipes and clamps

1357

00:49:59,120 --> 00:49:58,019

and clevis --is and and these things are

1358

00:50:00,949 --> 00:49:59,130

clearly not rocks

1359

00:50:02,479 --> 00:50:00,959

and then you know Richard Hoagland

1360

00:50:04,880 --> 00:50:02,489

exploded my brain one night in

1361

00:50:06,949 --> 00:50:04,890

Albuquerque when he said now keep

1362

00:50:08,659 --> 00:50:06,959

looking here and what doesn't belong and

1363

00:50:11,089 --> 00:50:08,669

he kept zooming up and zooming up and

1364

00:50:12,080 --> 00:50:11,099

sure enough there is this head and it's

1365

00:50:13,730 --> 00:50:12,090

right next to what

1366

00:50:17,270 --> 00:50:13,740

like it could be some sort of broken up

1367

00:50:20,180 --> 00:50:17,280

mechanical torso and it is for all the

1368

00:50:22,070 --> 00:50:20,190

world like you say a head it's got you

1369

00:50:23,480 --> 00:50:22,080

know a forehead it's got two eye sockets

1370

00:50:25,490 --> 00:50:23,490

it's got a nose upper trude's

1371

00:50:27,020 --> 00:50:25,500

it's got the upper portion of the jaw

1372

00:50:29,630 --> 00:50:27,030

there's no lower portion of the John on

1373

00:50:32,750 --> 00:50:29,640

the upper portion in two of the frames

1374

00:50:35,480 --> 00:50:32,760

which means that it's not an artifact of

1375

00:50:37,490 --> 00:50:35,490

the camera or the scan or anything else

1376

00:50:40,220 --> 00:50:37,500

it's in two different frames you can

1377

00:50:43,400 --> 00:50:40,230

plainly see a bright red strike on the

1378

00:50:45,500 --> 00:50:43,410

upper lip of this thing painted on razor

1379

00:50:48,890 --> 00:50:45,510

sharp and it's bright and it's

1380

00:50:51,110 --> 00:50:48,900

reflective and it looks just like the

1381

00:50:53,150 --> 00:50:51,120

head of a robot you know for all intents

1382

00:50:56,060 --> 00:50:53,160

and purposes if you watch Battlestar

1383

00:50:58,340 --> 00:50:56,070

Galactica a Cylon you know it looks a

1384

00:51:00,950 --> 00:50:58,350

little bit like c-3po 's head and it's

1385

00:51:02,300 --> 00:51:00,960

exactly the right size to have been you

1386

00:51:05,570 --> 00:51:02,310

know it's the same size as a human head

1387

00:51:07,370 --> 00:51:05,580

and the only question that I have at

1388

00:51:10,400 --> 00:51:07,380

this point is you know did they go down

1389

00:51:12,980 --> 00:51:10,410

rappel into shorty crater and pick this

1390

00:51:14,390 --> 00:51:12,990

thing up and bring it back and if not

1391

00:51:16,130 --> 00:51:14,400

I'm sure there was plenty of other stuff

1392

00:51:18,920 --> 00:51:16,140

that they could have brought back that

1393

00:51:21,350 --> 00:51:18,930

would have maybe been sources for I

1394

00:51:23,030 --> 00:51:21,360

guess reverse engineering programs or

1395

00:51:24,560 --> 00:51:23,040

something but you know again in the

1396

00:51:26,720 --> 00:51:24,570

context of everything else around it

1397

00:51:28,130 --> 00:51:26,730

there's no question in my mind that it's

1398

00:51:30,290 --> 00:51:28,140

artificial and then that brings up all

1399

00:51:32,540 --> 00:51:30,300

kinds of other questions like you know

1400

00:51:35,420 --> 00:51:32,550

what happened to the civilization what

1401  
00:51:37,430 --> 00:51:35,430  
was there if you want to go back all the

1402  
00:51:39,350 --> 00:51:37,440  
way back was there an advanced human

1403  
00:51:41,540 --> 00:51:39,360  
civilization that the hopi talk about

1404  
00:51:43,040 --> 00:51:41,550  
you know the third world of man that

1405  
00:51:44,480 --> 00:51:43,050  
were more advanced than we are today did

1406  
00:51:46,130 --> 00:51:44,490  
they build a lot of this stuff that we

1407  
00:51:48,530 --> 00:51:46,140  
see in the solar system like the face on

1408  
00:51:50,390 --> 00:51:48,540  
Mars and and the structures on the moon

1409  
00:51:53,690 --> 00:51:50,400  
and the ziggurats ID of the moon did

1410  
00:51:55,010 --> 00:51:53,700  
they build these and and use machines

1411  
00:51:57,260 --> 00:51:55,020  
and did their machines get too

1412  
00:51:59,360 --> 00:51:57,270  
intelligent and then wasn't her war and

1413  
00:52:01,130 --> 00:51:59,370

is that have a planet you know that Mars

1414

00:52:02,900 --> 00:52:01,140

orbited got destroyed I don't know you

1415

00:52:05,390 --> 00:52:02,910

get into all this other speculation but

1416

00:52:07,130 --> 00:52:05,400

there's no question in my mind that this

1417

00:52:08,300 --> 00:52:07,140

thing is this thing is real and I

1418

00:52:10,100 --> 00:52:08,310

recently put up a couple of YouTube

1419

00:52:13,640 --> 00:52:10,110

videos to sort of going back over how

1420

00:52:15,890 --> 00:52:13,650

simple it is to enhance this this

1421

00:52:17,210 --> 00:52:15,900

picture of datas had these two pictures

1422

00:52:19,610 --> 00:52:17,220

actually there's four or five different

1423

00:52:21,170 --> 00:52:19,620

frames and you know there's people

1424

00:52:23,390 --> 00:52:21,180

claiming the red stripes not there that

1425

00:52:25,309 --> 00:52:23,400

we fabricated it's right there on on

1426

00:52:29,089 --> 00:52:25,319

NASA's own data NASA's own

1427

00:52:31,609 --> 00:52:29,099

and so you know nonsense so how does out

1428

00:52:34,130 --> 00:52:31,619

of something end up on the surface of

1429

00:52:36,319 --> 00:52:34,140

the Moon with paint on it you know

1430

00:52:38,269 --> 00:52:36,329

that's not artificial beats me

1431

00:52:40,789 --> 00:52:38,279

yeah that's a great question I mean it

1432

00:52:43,609 --> 00:52:40,799

all seems so epic and these stories are

1433

00:52:45,709 --> 00:52:43,619

so wild about aliens come in here and

1434

00:52:48,739 --> 00:52:45,719

they're being giant wars in the sky and

1435

00:52:50,239 --> 00:52:48,749

potentially wars on the moon and then

1436

00:52:51,859 --> 00:52:50,249

you go to your nine-to-five job and

1437

00:52:56,150 --> 00:52:51,869

you're like oh none of that happens it's

1438

00:52:58,160 --> 00:52:56,160

just yeah yeah well um yeah but I mean

1439

00:53:00,380 --> 00:52:58,170

the I just tell you that you know I

1440

00:53:02,420 --> 00:53:00,390

firmly believe and this is why I write

1441

00:53:03,799 --> 00:53:02,430

about these subjects that the real

1442

00:53:05,959 --> 00:53:03,809

history of the human race the real

1443

00:53:07,069 --> 00:53:05,969

history of this planet and everything a

1444

00:53:09,380 --> 00:53:07,079

lot of the things we've been led to

1445

00:53:12,549 --> 00:53:09,390

believe although the last two to three

1446

00:53:15,529 --> 00:53:12,559

thousand years are just plain BS and

1447

00:53:18,709 --> 00:53:15,539

it's time for us to sort of wake up and

1448

00:53:21,109 --> 00:53:18,719

and face the reality of who we are where

1449

00:53:22,339 --> 00:53:21,119

we came from and and embrace our destiny

1450

00:53:24,199 --> 00:53:22,349

whatever that might be

1451  
00:53:25,489 --> 00:53:24,209  
amen man and we are getting kind of

1452  
00:53:27,259 --> 00:53:25,499  
close to the end of the hour but you

1453  
00:53:29,509 --> 00:53:27,269  
referenced your other book the choice a

1454  
00:53:30,949 --> 00:53:29,519  
little bit and I from what I know that

1455  
00:53:34,069 --> 00:53:30,959  
book seems to be a little bit about

1456  
00:53:35,779 --> 00:53:34,079  
December 21st 2012 and being two months

1457  
00:53:37,370 --> 00:53:35,789  
out from there do you think we are in

1458  
00:53:39,380 --> 00:53:37,380  
the midst of a new age did that go down

1459  
00:53:41,029 --> 00:53:39,390  
the way you expected yeah I did in fact

1460  
00:53:43,009 --> 00:53:41,039  
it basically what's been going on is

1461  
00:53:44,449 --> 00:53:43,019  
specifically the stuff that I predicted

1462  
00:53:46,430 --> 00:53:44,459  
in the book which is that a lot you know

1463  
00:53:49,489 --> 00:53:46,440

alignments of planets and eclipses we're

1464

00:53:51,079 --> 00:53:49,499

going to create changes in our

1465

00:53:53,749 --> 00:53:51,089

consciousness and political instability

1466

00:53:56,779 --> 00:53:53,759

we had a we had an eclipse on December

1467

00:53:58,759 --> 00:53:56,789

21st 2010 precisely two years before the

1468

00:54:00,890 --> 00:53:58,769

end of the Mayan calendar which I do not

1469

00:54:02,989 --> 00:54:00,900

consider to be a coincidence again I

1470

00:54:04,370 --> 00:54:02,999

think this has been arranged the

1471

00:54:05,989 --> 00:54:04,380

calendar was arranged around and her

1472

00:54:08,900 --> 00:54:05,999

goodness is all calculated and right

1473

00:54:10,339 --> 00:54:08,910

after that we had the Arab uprisings and

1474

00:54:13,459 --> 00:54:10,349

all the things going on there and I

1475

00:54:14,809 --> 00:54:13,469

think we're in a pattern of shift that I

1476

00:54:17,120 --> 00:54:14,819

argue in the book is probably going to

1477

00:54:18,349 --> 00:54:17,130

go on to at least 2023 while we work out

1478

00:54:20,209 --> 00:54:18,359

a whole bunch of stuff and the things

1479

00:54:22,400 --> 00:54:20,219

we're going to work out is new political

1480

00:54:24,949 --> 00:54:22,410

structures new hierarchical structures

1481

00:54:27,410 --> 00:54:24,959

of all kinds including religious and new

1482

00:54:29,930 --> 00:54:27,420

monetary structures and you know we

1483

00:54:32,089 --> 00:54:29,940

continue to hear rumors about global

1484

00:54:34,069 --> 00:54:32,099

currency reset and things that are

1485

00:54:37,989 --> 00:54:34,079

going on that may sort of create an

1486

00:54:39,470 --> 00:54:37,999

entirely new perspective on money and

1487

00:54:40,790 --> 00:54:39,480

finance and health

1488

00:54:43,970 --> 00:54:40,800

are done I mean there's a lot of stuff

1489

00:54:45,109 --> 00:54:43,980

out there that people don't know about

1490

00:54:47,450 --> 00:54:45,119

the way the financial system really

1491

00:54:49,430 --> 00:54:47,460

works and that that's an understatement

1492

00:54:50,330 --> 00:54:49,440

that if they did that if they did and

1493

00:54:52,280 --> 00:54:50,340

you probably know what some of these are

1494

00:54:53,630 --> 00:54:52,290

if they did know if they were really

1495

00:54:56,630 --> 00:54:53,640

consciously aware of it there would be a

1496

00:54:58,010 --> 00:54:56,640

revolution so it's um there'd be a lot

1497

00:54:59,840 --> 00:54:58,020

of people lined up against the wall it's

1498

00:55:02,330 --> 00:54:59,850

but it's hard yeah well there's even a

1499

00:55:04,220 --> 00:55:02,340

George Bush Senior quote where he says

1500

00:55:06,140 --> 00:55:04,230

if the people really knew what we've

1501  
00:55:08,750 --> 00:55:06,150  
done they drag us out in the streets and

1502  
00:55:10,780 --> 00:55:08,760  
lynches yeah he says it himself but you

1503  
00:55:14,599 --> 00:55:10,790  
know he see us feel so confident because

1504  
00:55:16,550 --> 00:55:14,609  
it's all veiled so well and my my last

1505  
00:55:18,740 --> 00:55:16,560  
guest actually his name is Jacque fresco

1506  
00:55:20,030 --> 00:55:18,750  
he did a he's involved in something

1507  
00:55:22,790 --> 00:55:20,040  
called The Venus Project which is a

1508  
00:55:25,790 --> 00:55:22,800  
resource-based economy a moneyless

1509  
00:55:27,200 --> 00:55:25,800  
society and he his theory is that we

1510  
00:55:29,390 --> 00:55:27,210  
won't ever get over some of these

1511  
00:55:31,910 --> 00:55:29,400  
problems we really have until we get

1512  
00:55:34,250 --> 00:55:31,920  
past currency altogether we need to

1513  
00:55:36,740 --> 00:55:34,260

evolve beyond currency because with it

1514

00:55:38,750 --> 00:55:36,750

you know you're in a situation where you

1515

00:55:40,370 --> 00:55:38,760

can't really ever trust someone fully

1516

00:55:41,930 --> 00:55:40,380

who's trying to get money from you and

1517

00:55:43,910 --> 00:55:41,940

then everybody's trying to get money

1518

00:55:46,160 --> 00:55:43,920

from you so right it's a system that's

1519

00:55:47,540 --> 00:55:46,170

very inefficient well you know I don't

1520

00:55:48,620 --> 00:55:47,550

know that I agree with that because I

1521

00:55:50,540 --> 00:55:48,630

think you still have to have human

1522

00:55:53,270 --> 00:55:50,550

ambition other you know the truth is if

1523

00:55:55,370 --> 00:55:53,280

we were all rich and there was no there

1524

00:55:56,800 --> 00:55:55,380

was no need to improve yourself or

1525

00:55:59,450 --> 00:55:56,810

desire to improve your circumstances

1526  
00:56:01,460 --> 00:55:59,460  
then who's going to dig the ditches and

1527  
00:56:03,109 --> 00:56:01,470  
who's going to do the the manual labor

1528  
00:56:04,849 --> 00:56:03,119  
and who's going to be the pet sitter you

1529  
00:56:05,960 --> 00:56:04,859  
know it's like I don't think I said

1530  
00:56:08,780 --> 00:56:05,970  
something like that I don't think we're

1531  
00:56:10,460 --> 00:56:08,790  
ready for a system like that but what

1532  
00:56:12,230 --> 00:56:10,470  
needs to happen to I believe in

1533  
00:56:14,720 --> 00:56:12,240  
capitalism absolutely what I don't

1534  
00:56:16,970 --> 00:56:14,730  
believe in is central banks the Federal

1535  
00:56:20,960 --> 00:56:16,980  
Reserve the way to capitalism has been

1536  
00:56:23,570 --> 00:56:20,970  
stolen and you know Jesus said it 2,000

1537  
00:56:25,760 --> 00:56:23,580  
years ago and really thus far as I'm

1538  
00:56:27,560 --> 00:56:25,770

concerned the Bible is a manual of

1539

00:56:29,450 --> 00:56:27,570

Commerce it's a commercial manual for

1540

00:56:31,460 --> 00:56:29,460

how you are to deal with your fellow man

1541

00:56:34,300 --> 00:56:31,470

and you know we're not supposed to have

1542

00:56:36,800 --> 00:56:34,310

any debts all of our debts were forgiven

1543

00:56:38,750 --> 00:56:36,810

2,000 years ago and those are our

1544

00:56:41,540 --> 00:56:38,760

spiritual debts and our financial debts

1545

00:56:44,450 --> 00:56:41,550

and and people have we have allowed

1546

00:56:46,640 --> 00:56:44,460

these you know banksters which is the

1547

00:56:48,800 --> 00:56:46,650

popular word to come along and create

1548

00:56:50,450 --> 00:56:48,810

systems where they convinced us that we

1549

00:56:52,070 --> 00:56:50,460

were debtors in fact we none of us

1550

00:56:53,420 --> 00:56:52,080

should ever be in debt so I think you

1551

00:56:57,079 --> 00:56:53,430

can have a monetary system

1552

00:56:59,809 --> 00:56:57,089

a system of fair exchange where you know

1553

00:57:01,370 --> 00:56:59,819

if I if I want to make something for \$1

1554

00:57:02,839 --> 00:57:01,380

and sell it for \$2 and you want to buy

1555

00:57:04,760 --> 00:57:02,849

it I see nothing wrong with that that's

1556

00:57:06,950 --> 00:57:04,770

a fair exchange what's happened in our

1557

00:57:08,390 --> 00:57:06,960

system is there so much fraud in it

1558

00:57:10,670 --> 00:57:08,400

there's so much defrauding of people

1559

00:57:12,620 --> 00:57:10,680

going on that that's the problem and

1560

00:57:14,569 --> 00:57:12,630

that's all the the courts and the banks

1561

00:57:17,000 --> 00:57:14,579

and the corporations and the

1562

00:57:19,940 --> 00:57:17,010

government's agencies many of which are

1563

00:57:21,470 --> 00:57:19,950

actually corporations themselves that's

1564

00:57:22,940 --> 00:57:21,480

that I think that are all conspiring

1565

00:57:26,089 --> 00:57:22,950

well do you think you can keep

1566

00:57:27,950 --> 00:57:26,099

capitalism intact and keep the structure

1567

00:57:31,640 --> 00:57:27,960

of a corporation because it seems like

1568

00:57:33,799 --> 00:57:31,650

the greed and the conniving actions are

1569

00:57:35,750 --> 00:57:33,809

really built into capitalism because if

1570

00:57:38,270 --> 00:57:35,760

it's more profitable to make cheaper

1571

00:57:40,309 --> 00:57:38,280

food and give people [h\_\_h] food you know

1572

00:57:41,660 --> 00:57:40,319

you're going to do it and I feel like

1573

00:57:43,520 --> 00:57:41,670

those things are built into the system

1574

00:57:46,220 --> 00:57:43,530

well but what you have to have is you

1575

00:57:47,630 --> 00:57:46,230

have to have the way so the way natural

1576  
00:57:50,990 --> 00:57:47,640  
law supposed to work is that you've got

1577  
00:57:52,700 --> 00:57:51,000  
you know god man governments and

1578  
00:57:55,400 --> 00:57:52,710  
corporations so what's happened is is

1579  
00:57:58,039 --> 00:57:55,410  
that corporations and governments have

1580  
00:57:59,270 --> 00:57:58,049  
become intertwined and interrelated and

1581  
00:58:03,049 --> 00:57:59,280  
they're working together it used to be

1582  
00:58:04,940 --> 00:58:03,059  
that you know that government didn't

1583  
00:58:06,049 --> 00:58:04,950  
really have much to do except protect

1584  
00:58:07,940 --> 00:58:06,059  
the people which is what it's supposed

1585  
00:58:10,430 --> 00:58:07,950  
to do with our current then as

1586  
00:58:11,809 --> 00:58:10,440  
government grew its power grew they

1587  
00:58:13,670 --> 00:58:11,819  
began to extort money out of

1588  
00:58:15,770 --> 00:58:13,680

corporations and that and and then they

1589

00:58:17,690 --> 00:58:15,780

begin to use the courts which a part of

1590

00:58:18,890 --> 00:58:17,700

the government to conspire and what

1591

00:58:20,720 --> 00:58:18,900

you've got now is you guys situation

1592

00:58:23,000 --> 00:58:20,730

where you've got the corporations the

1593

00:58:24,440 --> 00:58:23,010

governmental corporations the parts of

1594

00:58:27,920 --> 00:58:24,450

the government that are not corporations

1595

00:58:30,349 --> 00:58:27,930

and the courts all conspiring to extort

1596

00:58:31,940 --> 00:58:30,359

money from the people and that system

1597

00:58:34,640 --> 00:58:31,950

has to be broken and the people that

1598

00:58:37,280 --> 00:58:34,650

broke those you know common laws and all

1599

00:58:38,870 --> 00:58:37,290

those things need to be removed and you

1600

00:58:41,210 --> 00:58:38,880

know it's gonna come as quite a shock to

1601  
00:58:42,349 --> 00:58:41,220  
a lot of lawyers that they actually you

1602  
00:58:46,160 --> 00:58:42,359  
know oh their allegiance to the British

1603  
00:58:47,480 --> 00:58:46,170  
crown and to the United States and it's

1604  
00:58:48,620 --> 00:58:47,490  
gonna be a little shocking for them I

1605  
00:58:49,849 --> 00:58:48,630  
think when you know they all get

1606  
00:58:52,099 --> 00:58:49,859  
deported but I think these are things

1607  
00:58:56,450 --> 00:58:52,109  
that that we can look at happening and

1608  
00:58:57,500 --> 00:58:56,460  
and so I I tend to disagree that that

1609  
00:58:58,640 --> 00:58:57,510  
you're gonna you never going to you're

1610  
00:59:00,289 --> 00:58:58,650  
not going to have a monetary system

1611  
00:59:01,640 --> 00:59:00,299  
you're always going to have some people

1612  
00:59:04,160 --> 00:59:01,650  
at the top and some people at the bottom

1613  
00:59:06,790 --> 00:59:04,170

what needs to be stopped is the cheating

1614

00:59:10,510 --> 00:59:06,800

and the collusion between the

1615

00:59:12,250 --> 00:59:10,520

and get people in to these jobs that are

1616

00:59:13,330 --> 00:59:12,260

supposed to be overseeing things and are

1617

00:59:16,300 --> 00:59:13,340

supposed to be doing things the right

1618

00:59:18,330 --> 00:59:16,310

way to start behaving that way and you

1619

00:59:22,000 --> 00:59:18,340

know under the under the common law

1620

00:59:25,630 --> 00:59:22,010

system you know a judge who illegally

1621

00:59:28,480 --> 00:59:25,640

assists someone in illegally assists in

1622

00:59:30,400 --> 00:59:28,490

in somebody's property being stolen for

1623

00:59:31,540 --> 00:59:30,410

instance mortgage foreclosures all of

1624

00:59:32,740 --> 00:59:31,550

which are illegal as far as I'm

1625

00:59:34,570 --> 00:59:32,750

concerned

1626  
00:59:36,340 --> 00:59:34,580  
according to common law that judge

1627  
00:59:37,570 --> 00:59:36,350  
should be hung he's supposed to get the

1628  
00:59:39,280 --> 00:59:37,580  
death penalty he or she is supposed to

1629  
00:59:40,690 --> 00:59:39,290  
get the death penalty I think I think if

1630  
00:59:42,850 --> 00:59:40,700  
one or two of those actually were

1631  
00:59:44,290 --> 00:59:42,860  
carried out you'd suddenly find that

1632  
00:59:47,280 --> 00:59:44,300  
everybody would be going back to the

1633  
00:59:49,300 --> 00:59:47,290  
very strict interpretation of the law so

1634  
00:59:52,450 --> 00:59:49,310  
remember what we have now are not

1635  
00:59:55,660 --> 00:59:52,460  
lawyers we have attorneys and their job

1636  
00:59:58,690 --> 00:59:55,670  
is to a turn or twist the law to be

1637  
01:00:01,270 --> 00:59:58,700  
whatever they want it to be in their own

1638  
01:00:03,160 --> 01:00:01,280

area of personal interest so but I see I

1639

01:00:04,540 --> 01:00:03,170

see continued change for the next ten

1640

01:00:06,460 --> 01:00:04,550

years and I don't know how it's going to

1641

01:00:08,110 --> 01:00:06,470

come out but we do have a choice to make

1642

01:00:09,700 --> 01:00:08,120

it a better system than the one we've

1643

01:00:11,800 --> 01:00:09,710

got a more fair and equitable system for

1644

01:00:13,360 --> 01:00:11,810

sure amen I mean I do see that one of

1645

01:00:14,920 --> 01:00:13,370

the big things that sticks out in my

1646

01:00:17,410 --> 01:00:14,930

mind is people say that in the New Age

1647

01:00:18,850 --> 01:00:17,420

lives will become more transparent and I

1648

01:00:20,320 --> 01:00:18,860

think that if you look at the memes

1649

01:00:22,750 --> 01:00:20,330

they've tried to put out even just since

1650

01:00:24,550 --> 01:00:22,760

the new year they get buried very

1651

01:00:26,800 --> 01:00:24,560

quickly because the alternative story

1652

01:00:28,560 --> 01:00:26,810

the true story comes out so quickly and

1653

01:00:31,120 --> 01:00:28,570

people start picking up on these

1654

01:00:33,400 --> 01:00:31,130

inconsistencies in the reporting and

1655

01:00:34,480 --> 01:00:33,410

then they have to bury the story because

1656

01:00:36,310 --> 01:00:34,490

they're like okay let's just draw

1657

01:00:37,720 --> 01:00:36,320

attention away from this now we want to

1658

01:00:39,700 --> 01:00:37,730

put it on but now we got to get it out

1659

01:00:41,200 --> 01:00:39,710

of here it kills me that it kills me

1660

01:00:43,480 --> 01:00:41,210

that there are lots of people out there

1661

01:00:44,590 --> 01:00:43,490

then won't believe anything that's on me

1662

01:00:45,700 --> 01:00:44,600

that you they say they read on the

1663

01:00:46,870 --> 01:00:45,710

Internet oh you can't believe in any

1664

01:00:48,900 --> 01:00:46,880

really the internet don't believe

1665

01:00:51,010 --> 01:00:48,910

everything that they see on TV

1666

01:00:52,480 --> 01:00:51,020

everything Anderson Cooper shows down

1667

01:00:55,390 --> 01:00:52,490

their throat I do mean that literally in

1668

01:00:57,070 --> 01:00:55,400

Anderson's case they just suck it down

1669

01:00:58,780 --> 01:00:57,080

like oh that must be the truth because I

1670

01:01:02,410 --> 01:00:58,790

saw it on CNN or something it's just

1671

01:01:04,840 --> 01:01:02,420

it's crazy stuff so I you know remember

1672

01:01:05,280 --> 01:01:04,850

the Age of Pisces which we've been going

1673

01:01:08,320 --> 01:01:05,290

through

1674

01:01:09,640 --> 01:01:08,330

astrologically is an age of occultism

1675

01:01:11,740 --> 01:01:09,650

and what that means simply is that

1676

01:01:13,750 --> 01:01:11,750

things are hidden the word apocalypse

1677

01:01:16,030 --> 01:01:13,760

does not mean Cataclysm or the end of

1678

01:01:18,250 --> 01:01:16,040

the world it means simply to lift a veil

1679

01:01:20,500 --> 01:01:18,260

or reveal that which has been hidden and

1680

01:01:22,300 --> 01:01:20,510

the act of that apocalypse that apa'

1681

01:01:24,610 --> 01:01:22,310

elliptic time that we're going through

1682

01:01:26,530 --> 01:01:24,620

is going to push us into the the

1683

01:01:28,300 --> 01:01:26,540

enlightened age of aquarius where we see

1684

01:01:31,000 --> 01:01:28,310

things for what they really are and we

1685

01:01:32,860 --> 01:01:31,010

have truth and you know i think i think

1686

01:01:35,350 --> 01:01:32,870

invariably as we move forward and truth

1687

01:01:38,350 --> 01:01:35,360

that things are going to get better and

1688

01:01:40,270 --> 01:01:38,360

then well you know it's about time we

1689

01:01:41,290 --> 01:01:40,280

wrap this up it's been a real blast I

1690

01:01:43,330 --> 01:01:41,300

think people have learned some

1691

01:01:45,280 --> 01:01:43,340

definitely fascinating things about the

1692

01:01:47,140 --> 01:01:45,290

moon I mean where can people keep up

1693

01:01:48,880 --> 01:01:47,150

with you got any appearances coming up I

1694

01:01:51,160 --> 01:01:48,890

really don't have too many appearances

1695

01:01:52,330 --> 01:01:51,170

coming up I am working on a super-secret

1696

01:01:54,100 --> 01:01:52,340

project which I hope will come to

1697

01:01:55,990 --> 01:01:54,110

fruition in the fall while I'm sure it's

1698

01:01:57,070 --> 01:01:56,000

going to fruition but I really can't

1699

01:01:58,780 --> 01:01:57,080

talk about

1700

01:02:01,960 --> 01:01:58,790

I also hope I can get paid for that it's

1701

01:02:03,670 --> 01:02:01,970

important you know and then I have a you

1702

01:02:06,130 --> 01:02:03,680

know the new book inch aliens on Mars

1703

01:02:08,440 --> 01:02:06,140

will be coming out sometime in the fall

1704

01:02:11,350 --> 01:02:08,450

so probably around October but in the

1705

01:02:14,380 --> 01:02:11,360

meantime you can follow my blog postings

1706

01:02:17,200 --> 01:02:14,390

on my blog which is Mike Berra blog

1707

01:02:19,720 --> 01:02:17,210

spot.com it's just HTTP mike barrow dot

1708

01:02:21,700 --> 01:02:19,730

blog spot.com I've got a Facebook page

1709

01:02:23,290 --> 01:02:21,710

I'm pretty full up with personal friends

1710

01:02:25,150 --> 01:02:23,300

and they can make a limit of around

1711

01:02:27,010 --> 01:02:25,160

5,000 but I also have an author page

1712

01:02:28,960 --> 01:02:27,020

which you can search and find if you

1713

01:02:29,830 --> 01:02:28,970

want to just I try to parallel post as

1714

01:02:35,290 --> 01:02:29,840

much as I can

1715

01:02:37,000 --> 01:02:35,300

Twitter it's at mike barrow 33 and then

1716

01:02:38,380 --> 01:02:37,010

I've got a YouTube page and again all

1717

01:02:40,300 --> 01:02:38,390

that you can find through the blog if

1718

01:02:42,460 --> 01:02:40,310

you want or just do a google search just

1719

01:02:44,950 --> 01:02:42,470

mike barrow ba ra and all that stuff

1720

01:02:47,320 --> 01:02:44,960

comes up including some of the people

1721

01:02:49,180 --> 01:02:47,330

who you know just want to attack me on a

1722

01:02:51,610 --> 01:02:49,190

constant and regular basis but that's

1723

01:02:55,180 --> 01:02:51,620

okay yeah what's that 33 about are you a

1724

01:02:56,230 --> 01:02:55,190

top-level Mason no I'm not but I decided

1725

01:02:57,970 --> 01:02:56,240

mess with people I mean all you should

1726

01:02:59,770 --> 01:02:57,980

see some of my tattoos I've gotten some

1727

01:03:01,600 --> 01:02:59,780

tattoos deliberately just a mess with

1728

01:03:03,190 --> 01:03:01,610

people's brains a little bit but no no

1729

01:03:06,370 --> 01:03:03,200

I'm not but I wouldn't you know I

1730

01:03:08,170 --> 01:03:06,380

wouldn't necessarily object to joining

1731

01:03:11,530 --> 01:03:08,180

the Freemasons I've been I've been asked

1732

01:03:13,060 --> 01:03:11,540

by somebody who's rather famous in the

1733

01:03:14,860 --> 01:03:13,070

conspiracy realm that you know I said he

1734

01:03:16,000 --> 01:03:14,870

could get me in if I want to and I

1735

01:03:19,240 --> 01:03:16,010

thought about doing that I mean I think

1736

01:03:21,550 --> 01:03:19,250

that it at most levels it's a very

1737

01:03:24,280 --> 01:03:21,560

positive philanthropic organization but

1738

01:03:25,840 --> 01:03:24,290

it's just at the top levels that you

1739

01:03:29,620 --> 01:03:25,850

know like all things it's when you get

1740

01:03:31,540 --> 01:03:29,630

to the top levels that you know ethics

1741

01:03:34,180 --> 01:03:31,550

doesn't go by to wait exactly that's

1742

01:03:35,770 --> 01:03:34,190

what the problem is kind of and it is a

1743

01:03:38,140 --> 01:03:35,780

it is a whole other debate but you know

1744

01:03:39,460 --> 01:03:38,150

I think that in in terms of these and

1745

01:03:40,840 --> 01:03:39,470

whether you're talking about the

1746

01:03:43,030 --> 01:03:40,850

Catholic Church whether you're talking

1747

01:03:45,370 --> 01:03:43,040

about the Freemasons right the actions

1748

01:03:48,790 --> 01:03:45,380

of the the lower members are just a

1749

01:03:50,950 --> 01:03:48,800

front just a PR campaign for the real

1750

01:03:53,050 --> 01:03:50,960

actions going up on top and we can

1751

01:03:54,610 --> 01:03:53,060

debate it if it's a product an end

1752

01:03:56,440 --> 01:03:54,620

result of capitalism or if it's

1753

01:03:58,090 --> 01:03:56,450

something that can be weeded out but it

1754

01:04:00,010 --> 01:03:58,100

is kind of the situation we find

1755

01:04:01,180 --> 01:04:00,020

ourselves in now well I have a feeling

1756

01:04:04,540 --> 01:04:01,190

that we're going to find out over the

1757

01:04:06,130 --> 01:04:04,550

next ten years or so whether we can weed

1758

01:04:07,270 --> 01:04:06,140

out the bad elements I mean human nature

1759

01:04:09,070 --> 01:04:07,280

will always be human nature and there

1760

01:04:10,900 --> 01:04:09,080

will always be those that are greedy and

1761

01:04:12,450 --> 01:04:10,910

try to take advantage but I'm I'm hoping

1762

01:04:15,700 --> 01:04:12,460

that the revelations that we go through

1763

01:04:17,620 --> 01:04:15,710

that I talked about in the choice will

1764

01:04:19,750 --> 01:04:17,630

be so dramatic people will be so shocked

1765

01:04:21,970 --> 01:04:19,760

that we will not forget this moment in

1766

01:04:23,830 --> 01:04:21,980

history and we will not allow these same

1767

01:04:26,020 --> 01:04:23,840

mistakes to be made in the future yeah

1768

01:04:28,120 --> 01:04:26,030

what's so well it's it's been a great

1769

01:04:30,040 --> 01:04:28,130

talk I love the book the idea of

1770

01:04:31,480 --> 01:04:30,050

remnants of intelligent life us or

1771

01:04:33,460 --> 01:04:31,490

otherwise in the solar system is just

1772

01:04:35,200 --> 01:04:33,470

such a fun topic to explore once you

1773

01:04:37,090 --> 01:04:35,210

find the evidence of it it's just that

1774

01:04:39,040 --> 01:04:37,100

much more exciting so you know keep

1775

01:04:40,570 --> 01:04:39,050

doing what you do I'm excited for

1776

01:04:41,800 --> 01:04:40,580

ancient aliens on Mars I hope you can

1777

01:04:43,930 --> 01:04:41,810

come back and we can do a show on that

1778

01:04:44,670 --> 01:04:43,940

book and on the anomalous structures on

1779

01:04:47,590 --> 01:04:44,680

Mars

1780

01:04:49,600 --> 01:04:47,600

I'd love to for sure absolutely awesome

1781

01:04:50,950 --> 01:04:49,610

we'll keep doing what you do and keep us

1782

01:04:52,420 --> 01:04:50,960

updated with your findings man have a

1783

01:04:56,050 --> 01:04:52,430

good one I will thanks for having me on

1784

01:04:58,300 --> 01:04:56,060

great thank you bye now bye there it is

1785

01:05:00,490 --> 01:04:58,310

people episode 49 Mike bear on his book

1786

01:05:02,440 --> 01:05:00,500

ancient aliens on the moon that's a

1787

01:05:04,150 --> 01:05:02,450

topic that can get you high all on its

1788

01:05:05,830 --> 01:05:04,160

own thanks for listening you can always

1789

01:05:08,830 --> 01:05:05,840

find older episodes in the higher side

1790

01:05:09,970 --> 01:05:08,840

jets comm and the youtube channel and of

1791

01:05:12,160 --> 01:05:09,980

course you can check out my conspiracy

1792

01:05:14,320 --> 01:05:12,170

themed t-shirts that can spear a tease

1793

01:05:16,420 --> 01:05:14,330

dinette tomorrow is my birthday so a

1794

01:05:18,880 --> 01:05:16,430

great present for me would be if you

1795

01:05:21,250 --> 01:05:18,890

bought yourself a gift from conspiracies

1796

01:05:24,070 --> 01:05:21,260

dinette and we have a great topic and a

1797

01:05:26,380 --> 01:05:24,080

great guest prepared for episode 50 next

1798

01:05:28,480 --> 01:05:26,390

week the one thing that I'd like to

1799

01:05:30,520 --> 01:05:28,490

improve is a listener interaction it's

1800

01:05:32,260 --> 01:05:30,530

I'm we're all a bit frustrated with the

1801  
01:05:34,360 --> 01:05:32,270  
mainstream and we should start pulling

1802  
01:05:36,100 --> 01:05:34,370  
our numbers together anyway if you

1803  
01:05:38,560 --> 01:05:36,110  
haven't learned enough about the Moon in

1804  
01:05:49,030 --> 01:05:38,570  
this episode then maybe this will do it

1805  
01:05:52,120 --> 01:05:49,040  
I'll see you around in the sky I guess

1806  
01:05:56,800 --> 01:05:52,130  
the change in the baby is brightening up

1807  
01:05:58,160 --> 01:05:56,810  
my life the moon is a new boat - is that

1808  
01:06:10,910 --> 01:05:58,170  
so

1809  
01:06:16,849 --> 01:06:13,760  
yeah we're charting with you and

1810  
01:06:20,020 --> 01:06:16,859  
starting but the next phase vaccine

1811  
01:06:24,530 --> 01:06:20,030  
present when moving counter clock-wise

1812  
01:06:37,250 --> 01:06:24,540  
the first quarter that's on the way

1813  
01:06:40,010 --> 01:06:37,260

there it's always going I got one for

1814

01:06:45,670 --> 01:06:40,020

you yeah go run and tell your little

1815

01:06:45,680 --> 01:06:55,549

I guess the change in the baby

1816

01:06:55,559 --> 01:07:00,730

is that

1817

01:07:00,740 --> 01:07:04,280

that was a

1818

01:07:04,290 --> 01:07:12,740

in training nasty like

1819

01:07:23,370 --> 01:07:16,800

changes tomorrow the kids waving you

1820

01:07:28,680 --> 01:07:23,380

piss onii-sama keep little bit cuz

1821

01:07:45,690 --> 01:07:38,099

looks like a CSU I got a new one for you

1822

01:07:45,700 --> 01:07:58,120

the blue

1823

01:07:58,130 --> 01:08:01,769

the blast

1824

01:08:01,779 --> 01:08:11,280

asleep

1825

01:08:20,630 --> 01:08:15,130

now baby maybe that's on the moon and me

1826

01:08:23,120 --> 01:08:20,640

or the lander cha-cha-cha

1827

01:08:31,320 --> 01:08:23,130

son a place that a right-angle it's not

1828

01:08:31,330 --> 01:08:42,660

why-why-why Oh gravity Oh

1829

01:08:42,670 --> 01:08:46,289

around

1830

01:08:56,010 --> 01:08:48,070

the

1831

01:08:56,020 --> 01:09:01,320

is that

1832

01:09:12,270 --> 01:09:03,780

another move
