1
00:00:08,280 --> 00:00:06,449
we're here because we don't buy into the

2
00:00:10,169 --> 00:00:08,290
[h__\h] of mainstream culture we're

3
00:00:11,640 --> 00:00:10,179
tired of the mundane passionless careers

4
00:00:13,289 --> 00:00:11,650
we've been shuffled into as a result of

5
00:00:15,360 --> 00:00:13,299
this orchestrated debt based system of

6
00:00:16,980 --> 00:00:15,370
rule and the stranglehold on education

7
00:00:20,040 --> 00:00:16,990
entertainment by cold soulless

8
00:00:23,370 --> 00:00:20,050
corporations people yes we are

9
00:00:25,110 --> 00:00:23,380
frustrated yes we are tired and we

10
00:00:26,400 --> 00:00:25,120
reject the pre-approved tranquilizers

11
00:00:28,560 --> 00:00:26,410
that are monday night football and a

12
00:00:30,810 --> 00:00:28,570
nice cold Budweiser we have to stop

13
00:00:33,389 --> 00:00:30,820

hiding stop hiding behind the headphone

14

00:00:34,740 --> 00:00:33,399

to the cherry popper 420 username let

15

00:00:37,200 --> 00:00:34,750

the world see that the resistance is

16

00:00:39,180 --> 00:00:37,210

strong in society is changing there was

17

00:00:41,549 --> 00:00:39,190

a time to be anonymous at that time has

18

00:00:43,349 --> 00:00:41,559

passed and so the higher side chats

19

00:00:45,670 --> 00:00:43,359

would like to present conspiracies as

20

00:00:48,100 --> 00:00:45,680

the dawning of this new paradigm in

21

00:00:50,110 --> 00:00:48,110

revolution because bold fashion should

22

00:00:52,960 --> 00:00:50,120

be more than some celebrity me dress for

23

00:00:54,760 --> 00:00:52,970

Atlanta sleeping poem conspiracies

24

00:00:56,740 --> 00:00:54,770

redefines bold fashion as having the

25

00:00:58,810 --> 00:00:56,750

balls to reject socially uncomfortable

26

00:01:02,979 --> 00:00:58,820

and unpopular truths for new radiant

27

00:01:05,980 --> 00:01:02,989

chest all bugging de caen securities

28

00:01:08,109 --> 00:01:05,990

dotnet let them know that you know both

29

00:01:10,460 --> 00:01:08,119

designs for trouble times hard truths

30

00:01:13,350 --> 00:01:10,470

soft tongue

31

00:01:14,880 --> 00:01:13,360

how's it going higher side shatters

32

00:01:16,830 --> 00:01:14,890

drinking a little drink smoke a little

33

00:01:20,219 --> 00:01:16,840

smoke um Greg Carl wood and I'm back

34

00:01:22,380 --> 00:01:20,229

after my first week off in 2013 hope

35

00:01:24,359 --> 00:01:22,390

everyone's alive and well the conspiracy

36

00:01:26,640 --> 00:01:24,369

con went awesome we sold a lot of

37

00:01:28,770 --> 00:01:26,650

conspiracies drank a lot of wine met

38

00:01:30,749 --> 00:01:28,780

some awesome people got into a

39

00:01:32,370 --> 00:01:30,759

capitalism argument with Foster gamble

40

00:01:34,200 --> 00:01:32,380

but hey one of the cool people i met

41

00:01:35,820 --> 00:01:34,210

agreed to be my guest on the first show

42

00:01:38,580 --> 00:01:35,830

back to complement a few little pieces

43

00:01:40,290 --> 00:01:38,590

of audio i captured at the con con so

44

00:01:42,630 --> 00:01:40,300

here's my chat with ola phillips and

45

00:01:45,420 --> 00:01:42,640

afterwards i'll have a few extra clips

46

00:02:26,400 --> 00:01:45,430

of random conversations from the con so

47

00:02:30,940 --> 00:02:28,780

you know folks i'm sure we've all seen

48

00:02:32,500 --> 00:02:30,950

at least a couple UFO pictures or videos

49

00:02:34,180 --> 00:02:32,510

that really make us wonder just what the

50

00:02:35,830 --> 00:02:34,190

[h__\h] we're looking at and despite all

51
00:02:37,330 --> 00:02:35,840
the hoaxes and photo shops and

52
00:02:39,039 --> 00:02:37,340
attention-seeking [\h__\h] that

53
00:02:41,050 --> 00:02:39,049
jeopardize the integrity of the UFO

54
00:02:43,030 --> 00:02:41,060
field with their forgeries it only takes

55
00:02:44,440 --> 00:02:43,040
a couple of the good cases to bring one

56
00:02:46,600 --> 00:02:44,450
to the inevitable conclusion that

57
00:02:48,309 --> 00:02:46,610
something's up we've been lied to and

58
00:02:50,140 --> 00:02:48,319
there's a pretty distinguishable line

59
00:02:52,300 --> 00:02:50,150
drawn between the privileged gatekeepers

60
00:02:54,100 --> 00:02:52,310
and the uninformed underclass we just

61
00:02:55,960 --> 00:02:54,110
don't know to what extent and through

62
00:02:58,270 --> 00:02:55,970
this framework it's really tough to

63
00:02:59,979 --> 00:02:58,280

mentally we've the proper proverbial

64

00:03:01,990 --> 00:02:59,989

basket into which one would place all

65

00:03:03,309 --> 00:03:02,000

these wild eggs but today we got the

66

00:03:05,170 --> 00:03:03,319

basket weaver himself who's

67

00:03:06,699 --> 00:03:05,180

self-proclaimed passion to serving as an

68

00:03:09,009 --> 00:03:06,709

archivist for the UFO and paranormal

69

00:03:10,780 --> 00:03:09,019

community he's compiled a database of

70

00:03:13,270 --> 00:03:10,790

over one hundred and forty-two thousand

71

00:03:15,069 --> 00:03:13,280

recorded sightings now with 24 years of

72

00:03:17,050 --> 00:03:15,079

research into UFOs and the strangeness

73

00:03:18,640 --> 00:03:17,060

that surrounds them he's been doing this

74

00:03:20,890 --> 00:03:18,650

longer than I've been pissing on my own

75

00:03:22,840 --> 00:03:20,900

and the man in question is Ola Phillips

76
00:03:24,879 --> 00:03:22,850
executive producer for ground zero radio

77
00:03:26,920 --> 00:03:24,889
frequent writer for paranormal magazine

78
00:03:29,110 --> 00:03:26,930
and an all-around badass all of my man

79
00:03:31,629 --> 00:03:29,120
how you doing I'm Jonah right over you

80
00:03:33,099 --> 00:03:31,639
can't complain man doing great I had a

81
00:03:34,990 --> 00:03:33,109
good time hanging out with you and Ron

82
00:03:38,379 --> 00:03:35,000
patent and our little section of the

83
00:03:39,759 --> 00:03:38,389
conspiracy con yeah paranoia we were in

84
00:03:41,259 --> 00:03:39,769
the house what did you think of

85
00:03:43,390 --> 00:03:41,269
conspiracy count was the event what you

86
00:03:45,759 --> 00:03:43,400
expected you have a good time you know

87
00:03:48,580 --> 00:03:45,769
I've gone like five times and and you

88
00:03:50,440 --> 00:03:48,590

know he Brian really puts on a good show

89

00:03:53,020 --> 00:03:50,450

he's always got some interesting people

90

00:03:55,479 --> 00:03:53,030

but for me one of the best parts is just

91

00:03:57,909 --> 00:03:55,489

talking to the people who come cuz you

92

00:03:59,800 --> 00:03:57,919

know he find out a lot of stuff yeah i

93

00:04:04,000 --> 00:03:59,810

mean the speakers were great freeman was

94

00:04:06,190 --> 00:04:04,010

great um Sophia Starr was great yeah

95

00:04:08,229 --> 00:04:06,200

that those two are probably my favorites

96

00:04:09,460 --> 00:04:08,239

of the ones that I got to see but I wish

97

00:04:10,270 --> 00:04:09,470

I would have seen more young people

98

00:04:12,460 --> 00:04:10,280

there I mean

99

00:04:14,470 --> 00:04:12,470

I realize it's pretty expensive probably

100

00:04:16,420 --> 00:04:14,480

a bit out of the way for most but I do

101
00:04:19,479 --> 00:04:16,430
appreciate the people that came by said

102
00:04:20,800 --> 00:04:19,489
hi gave me drugs I did I would have

103
00:04:22,480 --> 00:04:20,810
liked to see some younger people there

104
00:04:24,460 --> 00:04:22,490
you know it seems like it's a much older

105
00:04:27,820 --> 00:04:24,470
audience that shows up to those type of

106
00:04:30,330 --> 00:04:27,830
events yeah you know I think there are a

107
00:04:33,040 --> 00:04:30,340
lot of young people that are interested

108
00:04:35,890 --> 00:04:33,050
but really a lot of conventions in

109
00:04:38,140 --> 00:04:35,900
general they're very expensive yeah so

110
00:04:40,420 --> 00:04:38,150
you know it's out of reach I think that

111
00:04:42,550 --> 00:04:40,430
you know we need to have some cheaper

112
00:04:44,560 --> 00:04:42,560
conferences but you know it's expensive

113
00:04:46,840 --> 00:04:44,570

to put on I mean the people Brian's

114

00:04:48,970 --> 00:04:46,850

bring it in you know it's expensive to

115

00:04:51,970 --> 00:04:48,980

fly them in and to put them up and feed

116

00:04:53,740 --> 00:04:51,980

them and so you know I understand but it

117

00:04:56,200 --> 00:04:53,750

does put it out of the reach of most

118

00:04:58,270 --> 00:04:56,210

younger people yeah it's like a catch-22

119

00:05:00,880 --> 00:04:58,280

you got to find a sweet spot but I'm

120

00:05:02,230 --> 00:05:00,890

sure it's tough you know but either way

121

00:05:03,700 --> 00:05:02,240

man I mean there's a lot of stuff I'm

122

00:05:06,820 --> 00:05:03,710

hoping we can talk about much of which

123

00:05:08,379 --> 00:05:06,830

is in your latest paranoia article but i

124

00:05:10,870 --> 00:05:08,389

really want to start by asking a broader

125

00:05:12,430 --> 00:05:10,880

question that the conspiracy community

126

00:05:14,469 --> 00:05:12,440

you know is full of theories many of

127

00:05:15,880 --> 00:05:14,479

them are a bit contradictory I mean for

128

00:05:17,560 --> 00:05:15,890

example there's people who say Kubrick

129

00:05:19,870 --> 00:05:17,570

help fake the moon landing other people

130

00:05:21,219 --> 00:05:19,880

say UFOs followed them to the moon some

131

00:05:23,440 --> 00:05:21,229

people say we've discovered ancient

132

00:05:26,230 --> 00:05:23,450

ruins on Mars others say there's modern

133

00:05:28,390 --> 00:05:26,240

facilities on Mars you know some say

134

00:05:30,250 --> 00:05:28,400

that UFO lore is all just to cover up

135

00:05:32,260 --> 00:05:30,260

for secret military craft and others say

136

00:05:34,029 --> 00:05:32,270

aliens are working with us in

137

00:05:36,250 --> 00:05:34,039

underground bases you know you can do

138

00:05:37,420 --> 00:05:36,260

this all day but as someone who sifted

139

00:05:39,250 --> 00:05:37,430

through the mountains of research that

140

00:05:40,870 --> 00:05:39,260

you have have you been able to piece

141

00:05:45,159 --> 00:05:40,880

together any type of overreaching

142

00:05:47,290 --> 00:05:45,169

narrative on the UFO alien subject you

143

00:05:49,360 --> 00:05:47,300

know when I started out I was like most

144

00:05:52,840 --> 00:05:49,370

people you know I started out as a kid I

145

00:05:56,620 --> 00:05:52,850

saw UFO I saw what would typically be

146

00:05:58,990 --> 00:05:56,630

called the Lazar sportster model and at

147

00:06:01,450 --> 00:05:59,000

that at that time you know I was

148

00:06:06,130 --> 00:06:01,460

convinced as many people are that they

149

00:06:09,880 --> 00:06:06,140

were all aliens over time I've kind of

150

00:06:11,440 --> 00:06:09,890

the more research i do the more i

151

00:06:14,590 --> 00:06:11,450

believe that they're actually mostly

152

00:06:16,750 --> 00:06:14,600

human in origin you know I the Dulce

153

00:06:19,719 --> 00:06:16,760

thing which is what you're referencing

154

00:06:22,180 --> 00:06:19,729

about the them being includes with the

155

00:06:23,939 --> 00:06:22,190

military and in underground bases Dulce

156

00:06:26,289 --> 00:06:23,949

is one of the famous

157

00:06:28,449 --> 00:06:26,299

famous flash points were they supposedly

158

00:06:30,669 --> 00:06:28,459

had a war underground and there was a

159

00:06:32,439 --> 00:06:30,679

lot of fighting when people died and you

160

00:06:34,600 --> 00:06:32,449

know I don't know that I believe in that

161

00:06:38,319 --> 00:06:34,610

stuff anymore I think that a certain

162

00:06:40,419 --> 00:06:38,329

percentage of them potentially are alien

163

00:06:42,909 --> 00:06:40,429

and origin maybe maybe five to ten

164

00:06:45,519 --> 00:06:42,919

percent but I think a lot of what we're

165

00:06:47,679 --> 00:06:45,529

seeing today based on me the mountains

166

00:06:49,449 --> 00:06:47,689

of research that I've done and the books

167

00:06:51,279 --> 00:06:49,459

I've read and putting the pieces

168

00:06:53,979 --> 00:06:51,289

together I think the vast majority of

169

00:06:55,929 --> 00:06:53,989

them are human really that's yeah that's

170

00:06:57,279 --> 00:06:55,939

an interesting conclusion well let's

171

00:06:58,839 --> 00:06:57,289

talk about a couple of things in your

172

00:07:00,519 --> 00:06:58,849

paranoia piece I mean in the in the

173

00:07:03,819 --> 00:07:00,529

beginning of the article you briefly

174

00:07:05,499 --> 00:07:03,829

mention the serpa exchange story which

175

00:07:07,359 --> 00:07:05,509

is something we haven't talked about on

176

00:07:10,299 --> 00:07:07,369

the show I've heard about it before I

177

00:07:11,559 --> 00:07:10,309

almost forgot about it but um and it's

178

00:07:13,239 --> 00:07:11,569

pretty crazy I mean I know there's a

179

00:07:15,040 --> 00:07:13,249

little bit of controversy over the

180

00:07:17,169 --> 00:07:15,050

sources of that information but if it

181

00:07:19,089 --> 00:07:17,179

were true it's a pretty juicy story can

182

00:07:21,399 --> 00:07:19,099

you walk us through apparently what the

183

00:07:25,389 --> 00:07:21,409

serpa exchanges how do you feel about

184

00:07:27,639 --> 00:07:25,399

this story will so sir po basically just

185

00:07:30,429 --> 00:07:27,649

to give you a broader the idea behind

186

00:07:34,540 --> 00:07:30,439

serpo is that there was an exchange

187

00:07:38,499 --> 00:07:34,550

program with aliens and what they did is

188

00:07:40,929 --> 00:07:38,509

is we sent I think 12 people I want to

189

00:07:44,229 --> 00:07:40,939

say it was like nine men and three women

190

00:07:46,600 --> 00:07:44,239

or ten men and two women to an alien

191

00:07:50,019 --> 00:07:46,610

planet and they lived there for a number

192

00:07:51,279 --> 00:07:50,029

of years and then they came back most of

193

00:07:54,249 --> 00:07:51,289

them came back a few of them died

194

00:07:56,679 --> 00:07:54,259

natural causes or in accidents whatever

195

00:08:00,669 --> 00:07:56,689

a couple people apparently decided to

196

00:08:02,139 --> 00:08:00,679

stay but basically it's it's what

197

00:08:04,389 --> 00:08:02,149

happened after the end of Close

198

00:08:06,129 --> 00:08:04,399

Encounters of the Third Kind Close

199

00:08:09,729 --> 00:08:06,139

Encounters of the Third Kind supposedly

200

00:08:12,969 --> 00:08:09,739

is this this grand conspiracy monologue

201
00:08:15,790 --> 00:08:12,979
of the serpa program and at the end you

202
00:08:17,829 --> 00:08:15,800
see that the astronauts going out and

203
00:08:20,109 --> 00:08:17,839
boarding the you know the alien ship

204
00:08:22,929 --> 00:08:20,119
well they're going to but only Richard

205
00:08:25,569 --> 00:08:22,939
Dreyfuss ends up going well in the serpa

206
00:08:28,239 --> 00:08:25,579
program they all went and then they live

207
00:08:31,929 --> 00:08:28,249
there for a long time so that's that's

208
00:08:35,379 --> 00:08:31,939
basically supona nutshell me personally

209
00:08:36,370 --> 00:08:35,389
um you know sir pose one of those things

210
00:08:39,460 --> 00:08:36,380
where it goes

211
00:08:41,500 --> 00:08:39,470
when it comes back it's kind of like

212
00:08:44,500 --> 00:08:41,510
remote viewing it goes away and it comes

213
00:08:46,150 --> 00:08:44,510

back you know every few years people

214

00:08:48,460 --> 00:08:46,160

will go well it's a hoax it's a hoax

215

00:08:50,050 --> 00:08:48,470

it's a hoax and then I'll go away then

216

00:08:52,630 --> 00:08:50,060

you wait another five years and it'll

217

00:08:54,520 --> 00:08:52,640

come back you know it's it's probably

218

00:08:57,460 --> 00:08:54,530

dying out now I mean they just put out a

219

00:09:00,820 --> 00:08:57,470

book about it but it'll probably die on

220

00:09:03,370 --> 00:09:00,830

the vine in another year then wait about

221

00:09:07,270 --> 00:09:03,380

five years listen the higher chat again

222

00:09:08,740 --> 00:09:07,280

and you'll be talking about serpo um for

223

00:09:12,160 --> 00:09:08,750

my money I think it's a disinformation

224

00:09:16,360 --> 00:09:12,170

program I don't think that that we sent

225

00:09:18,700 --> 00:09:16,370

astronauts to plan it serve both I think

226

00:09:21,190 --> 00:09:18,710

it's a cover-up for for something larger

227

00:09:23,950 --> 00:09:21,200

which is solar warden that's the whole

228

00:09:26,140 --> 00:09:23,960

Gary McKinnon thing of what yeah yeah

229

00:09:28,660 --> 00:09:26,150

feel free go right into that that was

230

00:09:30,760 --> 00:09:28,670

the next place I was going to go so

231

00:09:34,170 --> 00:09:30,770

basically you know Gary McKinnon hacked

232

00:09:37,120 --> 00:09:34,180

into some some DoD Defense Department

233

00:09:39,180 --> 00:09:37,130

computers because you know computer

234

00:09:41,350 --> 00:09:39,190

systems are run by human beings and

235

00:09:43,500 --> 00:09:41,360

sometimes you know they make mistakes

236

00:09:46,240 --> 00:09:43,510

and they leave passwords unset or

237

00:09:47,860 --> 00:09:46,250

passwords are simple and you know in the

238

00:09:53,020 --> 00:09:47,870

industry that call them script kiddies

239

00:09:55,300 --> 00:09:53,030

they basically launched a massive brute

240

00:09:57,580 --> 00:09:55,310

force hacks against servers and they run

241

00:09:59,290 --> 00:09:57,590

through combinations of words and

242

00:10:02,380 --> 00:09:59,300

letters until they get a good one and

243

00:10:06,220 --> 00:10:02,390

then they can log in and mess around and

244

00:10:10,090 --> 00:10:06,230

supposedly Gary McKinnon hacked into a

245

00:10:15,160 --> 00:10:10,100

DoD server he found some pretty juicy

246

00:10:18,970 --> 00:10:15,170

stuff about you know offworld offworld

247

00:10:21,280 --> 00:10:18,980

um you know soldiers and naval people

248

00:10:27,460 --> 00:10:21,290

that were apparently somewhere else and

249

00:10:29,410 --> 00:10:27,470

ships ships a logistic stuff from for my

250

00:10:32,770 --> 00:10:29,420

money most of what I think he found was

251
00:10:33,970 --> 00:10:32,780
logistics you know logistics are one of

252
00:10:36,010 --> 00:10:33,980
those things where you know they're

253
00:10:39,280 --> 00:10:36,020
probably not as secure as they should be

254
00:10:41,770 --> 00:10:39,290
but it can tell you an awful lot so the

255
00:10:43,270 --> 00:10:41,780
idea was that that McKenna had found

256
00:10:45,970 --> 00:10:43,280
these lists of people who were

257
00:10:47,440 --> 00:10:45,980
supposedly offworld and then these ships

258
00:10:50,110 --> 00:10:47,450
that are apparently flying around in

259
00:10:51,700 --> 00:10:50,120
space and then a lot of the the

260
00:10:54,720 --> 00:10:51,710
limits about the ship's you know what

261
00:10:57,790 --> 00:10:54,730
kind of stuff they were carrying and etc

262
00:11:01,030 --> 00:10:57,800
so I think that that plays into the idea

263
00:11:04,930 --> 00:11:01,040

of solar warden solar warden supposedly

264

00:11:08,160 --> 00:11:04,940

a like a defense fleet that sits out in

265

00:11:10,540 --> 00:11:08,170

space and shoots down bad things

266

00:11:13,210 --> 00:11:10,550

conventionally they say that they're

267

00:11:15,370 --> 00:11:13,220

shooting down aliens I don't think

268

00:11:16,840 --> 00:11:15,380

they're actually shooting down Nazis but

269

00:11:20,680 --> 00:11:16,850

we can get into that some other time

270

00:11:22,510 --> 00:11:20,690

yeah and that's later in my article but

271

00:11:25,060 --> 00:11:22,520

you know the basically I think that's

272

00:11:27,460 --> 00:11:25,070

what solar warden is is that it's it's

273

00:11:30,640 --> 00:11:27,470

basically a fleet of ships and fleet is

274

00:11:33,130 --> 00:11:30,650

relative it's probably you know 20 10 20

275

00:11:35,070 --> 00:11:33,140

of them do fly around up in space and

276

00:11:37,300 --> 00:11:35,080

they they have some sort of a battle or

277

00:11:39,519 --> 00:11:37,310

they protect us they shoot down

278

00:11:43,630 --> 00:11:39,529

asteroids whatever well is there any

279

00:11:46,720 --> 00:11:43,640

evidence for a Gary McKinnon story

280

00:11:49,900 --> 00:11:46,730

except for you know his word was he able

281

00:11:52,420 --> 00:11:49,910

to print anything out was he able to

282

00:11:55,900 --> 00:11:52,430

save anything oh yeah he saved some of

283

00:11:57,610 --> 00:11:55,910

it really yeah but also you know the

284

00:12:02,260 --> 00:11:57,620

other thing about Gary McKinnon story is

285

00:12:03,910 --> 00:12:02,270

it if he if he didn't find something

286

00:12:06,340 --> 00:12:03,920

there working awful hard to try to bury

287

00:12:10,890 --> 00:12:06,350

him that's true too you know and

288

00:12:13,900 --> 00:12:10,900

sometimes even though you may not have

289

00:12:16,840 --> 00:12:13,910

multitudes of physical data and visit

290

00:12:20,620 --> 00:12:16,850

you know physical material to back it up

291

00:12:22,420 --> 00:12:20,630

sometimes the end result of what he

292

00:12:25,329 --> 00:12:22,430

found and the end result of what they're

293

00:12:27,610 --> 00:12:25,339

trying to do to him you know is is a

294

00:12:30,280 --> 00:12:27,620

litmus test to that he made somebody

295

00:12:31,720 --> 00:12:30,290

angry yeah I mean I think the guys from

296

00:12:34,420 --> 00:12:31,730

Scotland and they've been trying to

297

00:12:36,579 --> 00:12:34,430

extradite him for like ever since and I

298

00:12:38,769 --> 00:12:36,589

think Scotland finally said they're not

299

00:12:40,690 --> 00:12:38,779

going to let that happen a few years

300

00:12:42,280 --> 00:12:40,700

back but yeah I mean why would you go

301

00:12:44,230 --> 00:12:42,290

after him if you just you just say oh

302

00:12:45,760 --> 00:12:44,240

he's just some crazy nut job making [h__\h]

303

00:12:47,800 --> 00:12:45,770

up we don't need to mess with that but I

304

00:12:49,840 --> 00:12:47,810

mean you know it kind of validates what

305

00:12:52,060 --> 00:12:49,850

he says well they fully admit that he

306

00:12:55,150 --> 00:12:52,070

got in there what they write what deny

307

00:12:58,840 --> 00:12:55,160

is what he found well you know what he

308

00:13:00,430 --> 00:12:58,850

found is so insane that he you know

309

00:13:02,920 --> 00:13:00,440

sometimes the truth is stranger than

310

00:13:03,639 --> 00:13:02,930

fiction I mean what he found is is

311

00:13:09,129 --> 00:13:03,649

straight up

312

00:13:11,829 --> 00:13:09,139

saying yes go ahead but now you go ahead

313

00:13:15,100 --> 00:13:11,839

I'm here all the time all right well so

314

00:13:16,569 --> 00:13:15,110

you know the absence of proved to me you

315

00:13:19,359 --> 00:13:16,579

know he did print some stuff out but

316

00:13:21,249 --> 00:13:19,369

that absence of mountains of material

317

00:13:23,489 --> 00:13:21,259

that he printed out doesn't doesn't

318

00:13:27,009 --> 00:13:23,499

necessarily negate what he says he found

319

00:13:30,749 --> 00:13:27,019

and he's very consistent about it he

320

00:13:34,030 --> 00:13:30,759

doesn't you know any fears for his life

321

00:13:35,530 --> 00:13:34,040

yeah I mean I think what he found is

322

00:13:37,929 --> 00:13:35,540

legitimate to I mean it sounds

323

00:13:39,489 --> 00:13:37,939

completely credible and the response

324

00:13:41,230 --> 00:13:39,499

from the government has kind of

325

00:13:44,710 --> 00:13:41,240

validates it to me but I mean basically

326

00:13:46,150 --> 00:13:44,720

we're talking about like space platforms

327

00:13:48,910 --> 00:13:46,160

as the term I've heard them used before

328

00:13:52,329 --> 00:13:48,920

like these massive things that are like

329

00:13:55,540 --> 00:13:52,339

barges in the sky I mean is that kind of

330

00:13:57,540 --> 00:13:55,550

how you think of them um I think there's

331

00:14:01,689 --> 00:13:57,550

a variety of different objects up there

332

00:14:04,179 --> 00:14:01,699

i think is like a battle barge you know

333

00:14:07,150 --> 00:14:04,189

with guns on it as probably one of them

334

00:14:10,419 --> 00:14:07,160

you might think of them as like like

335

00:14:12,369 --> 00:14:10,429

defense installations on earth they

336

00:14:14,889 --> 00:14:12,379

would be analogous to a bunker with a

337

00:14:18,519 --> 00:14:14,899

big cannon you know but I think there's

338

00:14:21,280 --> 00:14:18,529

also more like fast attack I mean it my

339

00:14:24,119 --> 00:14:21,290

suspicion is that in space they would

340

00:14:27,549 --> 00:14:24,129

follow the same model they use on earth

341

00:14:29,769 --> 00:14:27,559

so you have you have like the bunkers

342

00:14:31,809 --> 00:14:29,779

and the coastal artillery and then you

343

00:14:34,389 --> 00:14:31,819

have cruisers and you have destroyers

344

00:14:36,999 --> 00:14:34,399

and battleships and you know you have

345

00:14:39,489 --> 00:14:37,009

aircraft carriers there wouldn't be a

346

00:14:43,269 --> 00:14:39,499

submarine right but you know the same

347

00:14:44,769 --> 00:14:43,279

kind of concept yeah what do you think's

348

00:14:49,030 --> 00:14:44,779

powering these things I mean you think

349

00:14:51,519 --> 00:14:49,040

it's just that there's up in orbit well

350

00:14:54,340 --> 00:14:51,529

they're up in orbit I think that my own

351

00:14:56,710 --> 00:14:54,350

my own take on the situation is that I

352

00:14:59,199 --> 00:14:56,720

think that the propulsion system is

353

00:15:01,840 --> 00:14:59,209

probably back engineer from German

354

00:15:04,840 --> 00:15:01,850

technology that was captured either

355

00:15:07,749 --> 00:15:04,850

modern or were classical German

356

00:15:09,280 --> 00:15:07,759

technology yeah let's get into that a

357

00:15:12,210 --> 00:15:09,290

little bit there's a lot of speculation

358

00:15:16,179 --> 00:15:12,220

that after World War two you know Nazis

359

00:15:17,319 --> 00:15:16,189

went to a base in Antarctica and maybe

360

00:15:19,749 --> 00:15:17,329

even went

361

00:15:21,400 --> 00:15:19,759

out of the you know off the planet I

362

00:15:23,019 --> 00:15:21,410

mean what do you think happened at that

363

00:15:25,419 --> 00:15:23,029

junction at the end of World War two

364

00:15:27,879 --> 00:15:25,429

well it really revolves around the bell

365

00:15:30,100 --> 00:15:27,889

right and there are a couple researchers

366

00:15:32,919 --> 00:15:30,110

that have done a lot about the Bell the

367

00:15:35,530 --> 00:15:32,929

eager eager Wieckowski he's he was the

368

00:15:37,329 --> 00:15:35,540

originator of the story Joseph Farrow

369

00:15:39,609 --> 00:15:37,339

latched onto it was written a number of

370

00:15:42,309 --> 00:15:39,619

books about it you know there's Nick

371

00:15:45,280 --> 00:15:42,319

cook who wrote the zero-point energy

372

00:15:48,549 --> 00:15:45,290

book and they all kind of discuss it

373

00:15:50,859 --> 00:15:48,559

Henry Stevenson has done a lot of a lot

374

00:15:52,749 --> 00:15:50,869

of work on it you know and basically

375

00:15:54,519 --> 00:15:52,759

what it is there's this object called

376

00:15:58,119 --> 00:15:54,529

the bell and it looks like a bell they

377

00:16:00,249 --> 00:15:58,129

call it their glocca and my german has

378

00:16:02,829 --> 00:16:00,259

bats you have to excuse me I never

379

00:16:04,539 --> 00:16:02,839

learned your math school but it was

380

00:16:08,919 --> 00:16:04,549

built it was built at a place called

381

00:16:12,819 --> 00:16:08,929

dairy she in Poland I want to say it's

382

00:16:15,939 --> 00:16:12,829

Poland but they built it they tested it

383

00:16:17,619 --> 00:16:15,949

and then after the war it disappeared

384

00:16:19,869 --> 00:16:17,629

along with the general who controlled

385

00:16:21,970 --> 00:16:19,879

the program a guy by the name of Hans

386

00:16:24,850 --> 00:16:21,980

Kammler who died I think six or eight

387

00:16:28,119 --> 00:16:24,860

times and right before the end of the

388

00:16:30,159 --> 00:16:28,129

war Kammler head requisitioned these

389

00:16:32,559 --> 00:16:30,169

special transports I think there were

390

00:16:34,569 --> 00:16:32,569

four or six of them that are the largest

391

00:16:37,569 --> 00:16:34,579

transports the Germans had ever built

392

00:16:40,619 --> 00:16:37,579

big like six engine transports built by

393

00:16:43,329 --> 00:16:40,629

junker and they are Younker and they

394

00:16:46,210 --> 00:16:43,339

loaded them all up and they took off and

395

00:16:48,579 --> 00:16:46,220

I think if you look at that plane it

396

00:16:50,199 --> 00:16:48,589

would be pretty a pretty easy thing to

397

00:16:53,679 --> 00:16:50,209

go from where they were and pull into

398

00:16:56,619 --> 00:16:53,689

Spain to South Africa meant off into you

399

00:16:58,749 --> 00:16:56,629

know Argentina and maybe into Antarctica

400

00:17:01,840 --> 00:16:58,759

and they supposedly went to a base

401
00:17:04,210 --> 00:17:01,850
called base 211 in Queen Maud land or

402
00:17:06,279 --> 00:17:04,220
new Schwab and Len and they they had a

403
00:17:09,329 --> 00:17:06,289
base down there they worked on it some

404
00:17:11,980 --> 00:17:09,339
more got it perfected than they left

405
00:17:14,230 --> 00:17:11,990
damn and what what do you think they

406
00:17:18,159 --> 00:17:14,240
went to a space platform I think they

407
00:17:19,779 --> 00:17:18,169
probably went to Mars you that's I mean

408
00:17:22,419 --> 00:17:19,789
that's an interesting idea like I

409
00:17:24,639 --> 00:17:22,429
actually who what what was the guy's

410
00:17:27,279 --> 00:17:24,649
name Andy visagie oh he talks about jump

411
00:17:29,260 --> 00:17:27,289
rooms to Mars and uh and he has the

412
00:17:30,820 --> 00:17:29,270
project Pegasus stuff I went and saw one

413
00:17:33,100 --> 00:17:30,830

of his lectures once a night

414

00:17:35,370 --> 00:17:33,110

really a huge fan it kind of turned me

415

00:17:38,080 --> 00:17:35,380

off from the Mars thin in general but

416

00:17:41,259 --> 00:17:38,090

what what makes you think that the Nazis

417

00:17:43,090 --> 00:17:41,269

made it to Mars is there a lot of

418

00:17:45,730 --> 00:17:43,100

anecdotal evidence to support that for

419

00:17:49,029 --> 00:17:45,740

that there's their son I think the moon

420

00:17:51,669 --> 00:17:49,039

is too close I think that probably for

421

00:17:53,380 --> 00:17:51,679

the last 30 or 40 years you know we've

422

00:17:56,190 --> 00:17:53,390

been pedaling around on the moon and

423

00:17:59,590 --> 00:17:56,200

that that goes to the whole moon hoax

424

00:18:01,360 --> 00:17:59,600

you know Stanley Kubrick thing but I

425

00:18:02,919 --> 00:18:01,370

think we've been on the moon for quite

426

00:18:06,070 --> 00:18:02,929

quite a number of years in fact I

427

00:18:08,799 --> 00:18:06,080

remember in the 90s John Lear did a

428

00:18:11,830 --> 00:18:08,809

lecture about mining operations in the

429

00:18:13,779 --> 00:18:11,840

moon and and I think that we you know if

430

00:18:16,180 --> 00:18:13,789

if the Nazis were going to go somewhere

431

00:18:18,940 --> 00:18:16,190

the moon's cut out because it's too

432

00:18:20,889 --> 00:18:18,950

close I think Mars next best thing the

433

00:18:23,889 --> 00:18:20,899

martha's were relatively the same size

434

00:18:26,230 --> 00:18:23,899

as Earth relatively the same size of

435

00:18:29,259 --> 00:18:26,240

gravity you know I mean there's there's

436

00:18:31,659 --> 00:18:29,269

debate over what Mars's atmosphere is

437

00:18:35,680 --> 00:18:31,669

like but if you're going to go somewhere

438

00:18:38,889 --> 00:18:35,690

you know it's close enough supposedly

439

00:18:40,779 --> 00:18:38,899

these these UFOs that they built can the

440

00:18:43,240 --> 00:18:40,789

original ones could get to Mars in like

441

00:18:46,149 --> 00:18:43,250

a week now they can get to Mars in a

442

00:18:49,299 --> 00:18:46,159

couple of days so you know it's close

443

00:18:51,430 --> 00:18:49,309

enough to come back and do things it's

444

00:18:53,129 --> 00:18:51,440

also far enough away that it's not it's

445

00:18:57,490 --> 00:18:53,139

not necessarily a trivial exercise

446

00:18:58,750 --> 00:18:57,500

together damn yeah i mean that's

447

00:19:00,460 --> 00:18:58,760

interesting you think they just went

448

00:19:03,970 --> 00:19:00,470

there obviously to escape prosecution

449

00:19:06,009 --> 00:19:03,980

but you think they're trying to come

450

00:19:10,269 --> 00:19:06,019

back is that why we have a space fleet

451
00:19:12,549 --> 00:19:10,279
out there I think so I mean look there's

452
00:19:15,490 --> 00:19:12,559
a thing called the SDI program I don't

453
00:19:19,330 --> 00:19:15,500
know you know if if you're that aware of

454
00:19:20,980 --> 00:19:19,340
the SDI program but not a house in the

455
00:19:24,070 --> 00:19:20,990
eighties Ronald Reagan front of this

456
00:19:26,980 --> 00:19:24,080
plan to put the Strategic Defense

457
00:19:31,539 --> 00:19:26,990
Initiative into place and basically what

458
00:19:33,129 --> 00:19:31,549
it was was a lot of lasers and all kinds

459
00:19:34,570 --> 00:19:33,139
of crazy stuff they wanted to put in

460
00:19:37,930 --> 00:19:34,580
orbit there's a thing called project

461
00:19:40,330 --> 00:19:37,940
Thor Thor's hammer it's a like a

462
00:19:42,129 --> 00:19:40,340
platform it has tungsten rods and the

463
00:19:44,169 --> 00:19:42,139

idea is that you can target these

464

00:19:46,239 --> 00:19:44,179

tungsten rods and fire them

465

00:19:47,379 --> 00:19:46,249

their kinetic energy weapons and you can

466

00:19:50,200 --> 00:19:47,389

actually you know fire them in a

467

00:19:53,859 --> 00:19:50,210

straight line and in do you know fairly

468

00:19:56,739 --> 00:19:53,869

micro targeting of specific places and

469

00:19:58,899 --> 00:19:56,749

things and the rent you know the

470

00:20:01,210 --> 00:19:58,909

tungsten rod will survive re-entry and

471

00:20:03,789 --> 00:20:01,220

then hit hit the earth at a fairly high

472

00:20:05,919 --> 00:20:03,799

speed which will create a huge crater

473

00:20:08,320 --> 00:20:05,929

well there's also brilliant pebbles

474

00:20:12,669 --> 00:20:08,330

which is basically canisters filled with

475

00:20:15,789 --> 00:20:12,679

with marbles like steel marbles then it

476
00:20:18,519 --> 00:20:15,799
would fire and shred nuclear missiles

477
00:20:21,549 --> 00:20:18,529
then they had lasers they even had a

478
00:20:24,159 --> 00:20:21,559
thing called the know what was the

479
00:20:27,789 --> 00:20:24,169
American one the Russian one was called

480
00:20:30,549 --> 00:20:27,799
the Alma's the Motte the man observation

481
00:20:32,580 --> 00:20:30,559
or the mole wolf the man observation

482
00:20:35,859 --> 00:20:32,590
laboratory basically it was an Air Force

483
00:20:37,810 --> 00:20:35,869
Space Station with a laser on it was you

484
00:20:40,029 --> 00:20:37,820
know designed to shoot stuff down and

485
00:20:42,070 --> 00:20:40,039
then the Russians did rut with the

486
00:20:44,799 --> 00:20:42,080
Soviets on the Russians with the Soviets

487
00:20:48,070 --> 00:20:44,809
did basically the same thing right they

488
00:20:50,980 --> 00:20:48,080

kind of matched us 141 their mole was

489

00:20:53,080 --> 00:20:50,990

called the AL Maz it had a 20 20

490

00:20:56,739 --> 00:20:53,090

millimeter recoilless cannon on it and

491

00:20:58,239 --> 00:20:56,749

they could shoot the cannon but you know

492

00:21:00,549 --> 00:20:58,249

you don't put a bunch of stuff like that

493

00:21:03,249 --> 00:21:00,559

in orbit you know for a war that's never

494

00:21:06,909 --> 00:21:03,259

going to come because we knew and so did

495

00:21:09,220 --> 00:21:06,919

the Soviets at the time through through

496

00:21:10,570 --> 00:21:09,230

mutually assured destruction that we

497

00:21:12,909 --> 00:21:10,580

were never going to start a nuclear war

498

00:21:15,519 --> 00:21:12,919

I mean you could argue in this in the

499

00:21:17,019 --> 00:21:15,529

60s with the Cuban Missile Crisis we

500

00:21:20,169 --> 00:21:17,029

came pretty close but I don't think that

501
00:21:22,119 --> 00:21:20,179
the the Soviet Union or they or NATO in

502
00:21:24,310 --> 00:21:22,129
the United States were particularly

503
00:21:26,619 --> 00:21:24,320
excited to push the button right as once

504
00:21:28,239 --> 00:21:26,629
you push the button it's over the minute

505
00:21:30,399 --> 00:21:28,249
that buttons push within about 45

506
00:21:32,950 --> 00:21:30,409
minutes the entire Earth is radioactive

507
00:21:34,960 --> 00:21:32,960
there's nothing there not they left so I

508
00:21:36,519 --> 00:21:34,970
don't think that you know we're gonna

509
00:21:38,769 --> 00:21:36,529
fight so why would you put all this

510
00:21:41,320 --> 00:21:38,779
stuff in order and it doesn't make any

511
00:21:45,519 --> 00:21:41,330
sense that's a huge sacrifice to satisfy

512
00:21:47,950 --> 00:21:45,529
some egos yeah and I had a I had an

513
00:21:51,519 --> 00:21:47,960

engineer a aerospace engineer called me

514

00:21:53,980 --> 00:21:51,529

at the end of a of a Ground Zero and he

515

00:21:55,480 --> 00:21:53,990

he was in Washington State so he

516

00:21:58,120 --> 00:21:55,490

probably worked for Boeing and he was

517

00:22:01,660 --> 00:21:58,130

saying that he worked on a solar warden

518

00:22:04,600 --> 00:22:01,670

program in the 70s and the facility was

519

00:22:07,300 --> 00:22:04,610

guarded by federal marshals and they

520

00:22:10,450 --> 00:22:07,310

built a they built a constellation of

521

00:22:12,370 --> 00:22:10,460

three satellites into were parked and

522

00:22:15,040 --> 00:22:12,380

they had lasers on him and two were

523

00:22:16,930 --> 00:22:15,050

parked in equatorial orbit around the

524

00:22:19,090 --> 00:22:16,940

equator and they just kind of circle

525

00:22:21,310 --> 00:22:19,100

around the equator and then the third

526

00:22:23,530 --> 00:22:21,320

one was a hunter-killer that it kind of

527

00:22:26,110 --> 00:22:23,540

kind of was autonomous I know we move

528

00:22:27,880 --> 00:22:26,120

around and shoot stuff down you know you

529

00:22:29,800 --> 00:22:27,890

don't put that kind of stuff in orbit

530

00:22:33,730 --> 00:22:29,810

for a war that's never going to come I

531

00:22:36,010 --> 00:22:33,740

think very early on you know the the

532

00:22:38,260 --> 00:22:36,020

Soviet Union and NATO in the United

533

00:22:40,960 --> 00:22:38,270

States we recognized that we had an

534

00:22:43,090 --> 00:22:40,970

external threat in the Germans and that

535

00:22:44,500 --> 00:22:43,100

they wanted to come back is you know if

536

00:22:47,230 --> 00:22:44,510

you're going to perpetuate the Fourth

537

00:22:48,880 --> 00:22:47,240

Reich on Mars or wherever they went you

538

00:22:50,650 --> 00:22:48,890

know I can't tell you concretely where

539

00:22:52,060 --> 00:22:50,660

they want i know they're not here right

540

00:22:52,870 --> 00:22:52,070

but it's you know if you're going to do

541

00:22:55,090 --> 00:22:52,880

that and you're going to leave

542

00:22:56,830 --> 00:22:55,100

eventually you want to come home you

543

00:22:59,080 --> 00:22:56,840

want to come back you know you don't

544

00:23:00,880 --> 00:22:59,090

want to just set up shop out there where

545

00:23:03,160 --> 00:23:00,890

you have to live in dome cities or

546

00:23:05,410 --> 00:23:03,170

underground or you know you want to come

547

00:23:09,550 --> 00:23:05,420

back and and you want to you know

548

00:23:11,620 --> 00:23:09,560

perpetuate your beliefs on the earth so

549

00:23:14,800 --> 00:23:11,630

I think a lot of this stuff they use the

550

00:23:16,510 --> 00:23:14,810

Cold War is a cover there were tensions

551

00:23:18,760 --> 00:23:16,520

you know the Soviet Union had a

552

00:23:20,650 --> 00:23:18,770

different perspective than we did they

553

00:23:23,140 --> 00:23:20,660

do things in a very different way they

554

00:23:25,660 --> 00:23:23,150

want it there they wanted the world to

555

00:23:27,940 --> 00:23:25,670

be a very different place than we did

556

00:23:30,250 --> 00:23:27,950

and I think those those tensions that

557

00:23:33,280 --> 00:23:30,260

exist but again and again we see

558

00:23:35,290 --> 00:23:33,290

evidence that they were talking you know

559

00:23:38,440 --> 00:23:35,300

Khrushchev and Kennedy some people

560

00:23:40,840 --> 00:23:38,450

believe that Kennedy was actually killed

561

00:23:43,000 --> 00:23:40,850

because Khrushchev and Kennedy were

562

00:23:45,520 --> 00:23:43,010

having a a dialogue and this is backed

563

00:23:47,920 --> 00:23:45,530

up by Khrushchev son that they were

564

00:23:49,840 --> 00:23:47,930

having a private conversation about

565

00:23:52,570 --> 00:23:49,850

unifying the space programs of the

566

00:23:54,280 --> 00:23:52,580

Soviet Union in America that the next

567

00:23:56,980 --> 00:23:54,290

mission to the moon beyond the Apollo

568

00:23:59,890 --> 00:23:56,990

program you know should be a joint

569

00:24:02,020 --> 00:23:59,900

mission between the Soviets and us mmm

570

00:24:03,660 --> 00:24:02,030

you know the Soviets effectively back

571

00:24:06,040 --> 00:24:03,670

down other there

572

00:24:07,990 --> 00:24:06,050

program conventionally right this is the

573

00:24:10,840 --> 00:24:08,000

stuff that anybody can go read about

574

00:24:12,549 --> 00:24:10,850

right when they saw that we got to the

575

00:24:16,390 --> 00:24:12,559

moon first you know they back down

576

00:24:18,070 --> 00:24:16,400

because typically on the surface of it

577

00:24:20,230 --> 00:24:18,080

the Soviets were all about being the

578

00:24:23,620 --> 00:24:20,240

first to do something they got the first

579

00:24:26,110 --> 00:24:23,630

you know satellite and orbitons but Nick

580

00:24:28,240 --> 00:24:26,120

they got the first man in a space Yuri

581

00:24:30,430 --> 00:24:28,250

Gagarin they got the first woman in

582

00:24:33,850 --> 00:24:30,440

space valentina tereshkova they got the

583

00:24:35,770 --> 00:24:33,860

first you know animal in space blank of

584

00:24:37,960 --> 00:24:35,780

the dog I mean they they were all about

585

00:24:39,669 --> 00:24:37,970

doing it first right right every time

586

00:24:41,620 --> 00:24:39,679

they weren't the first then they just

587

00:24:45,790 --> 00:24:41,630

kind of abandoned it like burn burn it

588

00:24:47,890 --> 00:24:45,800

was there's their equivalent they

589

00:24:49,930 --> 00:24:47,900

launched it once and went up it was all

590

00:24:52,030 --> 00:24:49,940

remote control there's nobody on board

591

00:24:53,830 --> 00:24:52,040

they launched it on the inner ghia to

592

00:24:55,840 --> 00:24:53,840

get it up in orbit they flying around I

593

00:24:57,970 --> 00:24:55,850

brought it back because they weren't

594

00:24:59,770 --> 00:24:57,980

first like why should we and all this

595

00:25:01,780 --> 00:24:59,780

money when we're not going to you know

596

00:25:04,390 --> 00:25:01,790

reap the benefits the propaganda

597

00:25:06,730 --> 00:25:04,400

benefits but in reality behind the

598

00:25:09,160 --> 00:25:06,740

scenes you know again and again Kennedy

599

00:25:10,930 --> 00:25:09,170

was talking to Khrushchev and other

600

00:25:13,090 --> 00:25:10,940

people have carried on a dialogue of

601
00:25:16,240 --> 00:25:13,100
having these unified space programs and

602
00:25:18,130 --> 00:25:16,250
look at today right today you know we

603
00:25:20,470 --> 00:25:18,140
cancel the space program effectively

604
00:25:22,990 --> 00:25:20,480
yeah so we want to put somebody up in

605
00:25:26,830 --> 00:25:23,000
orbit what do we do we strap them onto a

606
00:25:28,510 --> 00:25:26,840
30 40 year old rocket the the Russians

607
00:25:30,820 --> 00:25:28,520
are still firing off they put him in a

608
00:25:33,490 --> 00:25:30,830
Soyuz capsule they've been using since

609
00:25:36,340 --> 00:25:33,500
the 60s and 70s they take him up to a

610
00:25:38,200 --> 00:25:36,350
space station we mostly build but you

611
00:25:40,870 --> 00:25:38,210
know they had we were sending people up

612
00:25:43,510 --> 00:25:40,880
to mirror originally you know and it's

613
00:25:47,950 --> 00:25:43,520

all joint everything's join in fact our

614

00:25:51,070 --> 00:25:47,960

astronauts have to learn Russian there

615

00:25:54,130 --> 00:25:51,080

was a there was a big to-do about you

616

00:25:56,020 --> 00:25:54,140

know in about these in Star City where

617

00:25:58,780 --> 00:25:56,030

they they launched it a lot of this

618

00:26:00,820 --> 00:25:58,790

stuff from in Star City you know the

619

00:26:03,490 --> 00:26:00,830

Americans had these huge palatial

620

00:26:05,350 --> 00:26:03,500

mansions and and they were you know

621

00:26:07,720 --> 00:26:05,360

people were siphoning off money from it

622

00:26:09,130 --> 00:26:07,730

and these these Russians were you know

623

00:26:11,530 --> 00:26:09,140

we're siphoning money from the program

624

00:26:14,140 --> 00:26:11,540

and building their own McMansions in the

625

00:26:16,600 --> 00:26:14,150

middle of nowhere at Star City so you

626

00:26:19,120 --> 00:26:16,610

know it's it's all unified now

627

00:26:21,400 --> 00:26:19,130

well is it that difficult to make the

628

00:26:23,049 --> 00:26:21,410

leap of there's a bunch of Nazis out

629

00:26:25,660 --> 00:26:23,059

there they're gonna [h__h] come and

630

00:26:27,789 --> 00:26:25,670

kill us maybe maybe we should pool our

631

00:26:29,560 --> 00:26:27,799

resources to blow them out of the sky I

632

00:26:31,990 --> 00:26:29,570

don't think that's that's difficult

633

00:26:34,720 --> 00:26:32,000

that's that difficult of an idea to

634

00:26:36,520 --> 00:26:34,730

accept no I think the only thing that is

635

00:26:39,039 --> 00:26:36,530

hard for some people as anyone who

636

00:26:41,289 --> 00:26:39,049

basically people think the technology's

637

00:26:43,600 --> 00:26:41,299

not there anyone whose only keyed into

638

00:26:45,490 --> 00:26:43,610

the conventional and that might be the

639

00:26:47,890 --> 00:26:45,500

hardest leap is the idea that oh yeah

640

00:26:50,860 --> 00:26:47,900

the technology is there to do that but I

641

00:26:54,820 --> 00:26:50,870

mean Kelly Johnson who was head of the

642

00:26:58,270 --> 00:26:54,830

skunk works Kelly Johnson has set said

643

00:27:00,010 --> 00:26:58,280

publicly that well he said a whole

644

00:27:02,740 --> 00:27:00,020

series of quotes right but one is that

645

00:27:05,620 --> 00:27:02,750

he he just got the contract to take e.t

646

00:27:08,590 --> 00:27:05,630

home another one was like we don't you

647

00:27:10,270 --> 00:27:08,600

know from the movie ET right we don't we

648

00:27:12,640 --> 00:27:10,280

have the technology not just to call

649

00:27:14,680 --> 00:27:12,650

et's home but we can take him there be

650

00:27:16,720 --> 00:27:14,690

stuff like that when Kelly Johnson is

651
00:27:18,039 --> 00:27:16,730
head of Lockheed skunk works the same

652
00:27:20,320 --> 00:27:18,049
things like that I think that's

653
00:27:22,600 --> 00:27:20,330
significant I think that's something we

654
00:27:24,280 --> 00:27:22,610
need to pay attention to because he's

655
00:27:26,650 --> 00:27:24,290
kind of letting it slip and then they

656
00:27:29,740 --> 00:27:26,660
the thing is is that we're all human

657
00:27:32,169 --> 00:27:29,750
right I mean you can think of it in your

658
00:27:34,210 --> 00:27:32,179
own terms maybe you know you bought the

659
00:27:35,919 --> 00:27:34,220
world's greatest gift I mean not some

660
00:27:37,659 --> 00:27:35,929
mundane crap like you you bought

661
00:27:40,030 --> 00:27:37,669
somebody a DVD that they're really going

662
00:27:42,340 --> 00:27:40,040
to enjoy Yeah right it's like it you

663
00:27:44,080 --> 00:27:42,350

know yeah I like my friend is a blade

664

00:27:47,289 --> 00:27:44,090

runner fan I bought him the blade runner

665

00:27:49,150 --> 00:27:47,299

box set that's pretty cool right if you

666

00:27:52,120 --> 00:27:49,160

bought him the blade runner box set with

667

00:27:55,450 --> 00:27:52,130

us you know with with the outfit the

668

00:27:57,789 --> 00:27:55,460

Decker war you know and it's signed by

669

00:27:59,500 --> 00:27:57,799

Ridley Scott you know and it's like the

670

00:28:01,990 --> 00:27:59,510

in and then he gets have a sit-down

671

00:28:03,760 --> 00:28:02,000

lunch with Harrison for to talk Blade

672

00:28:06,460 --> 00:28:03,770

Runner because Harrison Ford doesn't

673

00:28:08,320 --> 00:28:06,470

talk blade runner you know and I mean

674

00:28:10,750 --> 00:28:08,330

how do you keep that secret every time I

675

00:28:12,340 --> 00:28:10,760

see friend he'd be like oh my god I got

676

00:28:15,580 --> 00:28:12,350

you the greatest gift ever and i got it

677

00:28:18,580 --> 00:28:15,590

for 599 on amazon you know you have

678

00:28:20,830 --> 00:28:18,590

trouble keeping that secret we're all

679

00:28:23,230 --> 00:28:20,840

human beings and if you're not

680

00:28:25,690 --> 00:28:23,240

conditioned to keep the secret keeping

681

00:28:27,940 --> 00:28:25,700

the secret is hard so even people like

682

00:28:30,400 --> 00:28:27,950

kelly johnson let it out a little bit at

683

00:28:33,160 --> 00:28:30,410

a time in like we're

684

00:28:34,360 --> 00:28:33,170

talking about the Bell mm-hmm you know

685

00:28:36,850 --> 00:28:34,370

in the military things are

686

00:28:39,370 --> 00:28:36,860

compartmentalized right and there's like

687

00:28:41,530 --> 00:28:39,380

that for a reason but you know we were

688

00:28:44,260 --> 00:28:41,540

interviewing TD Barnes he's an excellent

689

00:28:46,990 --> 00:28:44,270

aerospace engineer a real you know a

690

00:28:49,270 --> 00:28:47,000

real Patriot a real guy that that you

691

00:28:51,970 --> 00:28:49,280

know did what he did for for a love of

692

00:28:54,070 --> 00:28:51,980

his country he worked at this he worked

693

00:28:56,740 --> 00:28:54,080

in the skunk works he worked at area 51

694

00:28:59,500 --> 00:28:56,750

he was on the Discovery Channel area 51

695

00:29:01,570 --> 00:28:59,510

documentary he worked on the stealth

696

00:29:05,050 --> 00:29:01,580

program he worked on the a12 program

697

00:29:07,510 --> 00:29:05,060

which was a predecessor the sr-71 and so

698

00:29:10,690 --> 00:29:07,520

Clyde was Clyde Lewis was interviewing

699

00:29:13,960 --> 00:29:10,700

him and said you know hey so what about

700

00:29:15,910 --> 00:29:13,970

the bell as you guys ever work on the

701
00:29:18,190 --> 00:29:15,920
belt miss you know a lot of the

702
00:29:21,820 --> 00:29:18,200
conversation was not about UFOs because

703
00:29:23,950 --> 00:29:21,830
right TD Barnes is not a UFO guy he's an

704
00:29:25,330 --> 00:29:23,960
aerospace engineer he's a stealth

705
00:29:28,290 --> 00:29:25,340
engineer and he worked on the stealth

706
00:29:30,430 --> 00:29:28,300
fighter right and so you know Clyde

707
00:29:32,200 --> 00:29:30,440
eventually got around to so what about

708
00:29:33,370 --> 00:29:32,210
the ballot and Barnes like oh I don't

709
00:29:35,410 --> 00:29:33,380
know what you're talking about that's

710
00:29:38,620 --> 00:29:35,420
that that conspiracy crap i don't know

711
00:29:41,110 --> 00:29:38,630
and and Clyde said no no no it's it's

712
00:29:44,140 --> 00:29:41,120
Nazi technology it was shaped like an

713
00:29:46,450 --> 00:29:44,150

acorn kind of described it to him in TD

714

00:29:49,240 --> 00:29:46,460

Barnes as responsible as something to

715

00:29:52,090 --> 00:29:49,250

the effect of well oh all that Nazi

716

00:29:53,020 --> 00:29:52,100

stuff was sent to wright-patterson he's

717

00:29:54,850 --> 00:29:53,030

like I know what you're talking about

718

00:29:55,930 --> 00:29:54,860

all that Nazis you know that all that

719

00:29:57,670 --> 00:29:55,940

German stuff was sent to

720

00:30:00,160 --> 00:29:57,680

wright-patterson foreign technology

721

00:30:02,680 --> 00:30:00,170

division well okay so i guess the bell

722

00:30:04,270 --> 00:30:02,690

made it to wright-patterson if it made

723

00:30:07,030 --> 00:30:04,280

it to wright-patterson and made it into

724

00:30:10,090 --> 00:30:07,040

DARPA and we probably have our own UFOs

725

00:30:12,520 --> 00:30:10,100

that are powered by it yeah not a Farley

726

00:30:15,070 --> 00:30:12,530

it's really not you have to you know in

727

00:30:17,740 --> 00:30:15,080

conspiracy research you have to look for

728

00:30:20,950 --> 00:30:17,750

the little stuff it's these little tiny

729

00:30:24,160 --> 00:30:20,960

arcane statements because people just

730

00:30:27,250 --> 00:30:24,170

let them slip it's like my gift analogy

731

00:30:30,070 --> 00:30:27,260

mmm you give somebody the greatest gift

732

00:30:31,480 --> 00:30:30,080

ever you can't you have trouble because

733

00:30:34,210 --> 00:30:31,490

you know it's going to bring them such

734

00:30:35,710 --> 00:30:34,220

joy so you give them little hints what

735

00:30:37,780 --> 00:30:35,720

you wouldn't it be great if you've got a

736

00:30:40,120 --> 00:30:37,790

sign letter from Ridley Scott or

737

00:30:42,550 --> 00:30:40,130

anything great you know if you got an

738

00:30:44,259 --> 00:30:42,560

insight and a blade runner you know so

739

00:30:46,690 --> 00:30:44,269

you get these you let out these

740

00:30:49,989 --> 00:30:46,700

snippets I mean I do it myself we all do

741

00:30:51,820 --> 00:30:49,999

yeah and got look for that that's the

742

00:30:54,099 --> 00:30:51,830

weakness in human nature that's where

743

00:30:56,229 --> 00:30:54,109

you get the confirmation that this stuff

744

00:30:57,879 --> 00:30:56,239

exists that's the Boeing inch and you're

745

00:31:00,310 --> 00:30:57,889

calling me up in the last five minutes

746

00:31:04,269 --> 00:31:00,320

of the show to tell me about this thing

747

00:31:06,789 --> 00:31:04,279

and I can't ask any questions and it's a

748

00:31:09,519 --> 00:31:06,799

crazy story and you know something else

749

00:31:11,949 --> 00:31:09,529

you have in that article that I thought

750

00:31:14,259 --> 00:31:11,959

was really interesting is this this

751

00:31:17,589 --> 00:31:14,269

other threat apparently this Apophis

752

00:31:19,539 --> 00:31:17,599

this asteroid that's looking like it's

753

00:31:22,539 --> 00:31:19,549

headed towards this in 20 29 that's

754

00:31:25,539 --> 00:31:22,549

pretty damn scary man whats ya how real

755

00:31:27,430 --> 00:31:25,549

is that that's absolutely real in fact I

756

00:31:30,099 --> 00:31:27,440

suggest that everybody goes on YouTube

757

00:31:32,589 --> 00:31:30,109

and neil degrasse tyson did an excellent

758

00:31:34,989 --> 00:31:32,599

explanation of Apophis I mean I can't I

759

00:31:37,629 --> 00:31:34,999

I can't do it any better than ale

760

00:31:39,940 --> 00:31:37,639

deGrasse Tyson as all of that guy but

761

00:31:41,379 --> 00:31:39,950

basically in 20 29 it's going to come

762

00:31:43,419 --> 00:31:41,389

toward the earth and it's going to miss

763

00:31:47,469 --> 00:31:43,429

we're not going to you know we're not

764

00:31:50,799 --> 00:31:47,479

going to flame out you know in 20 29 but

765

00:31:53,169 --> 00:31:50,809

depending on its orbit when it passes us

766

00:31:55,419 --> 00:31:53,179

if it hits something called a keyhole

767

00:31:58,569 --> 00:31:55,429

which is like an 8 or 9 kilometre wide

768

00:32:02,079 --> 00:31:58,579

that's kilometers kids that's not feet

769

00:32:05,829 --> 00:32:02,089

it's kilometers if it hits inside this 8

770

00:32:08,919 --> 00:32:05,839

or 9 kilometre white portion of space

771

00:32:11,169 --> 00:32:08,929

they call it the keyhole and depending

772

00:32:13,719 --> 00:32:11,179

on where it is in the keyhole depends on

773

00:32:15,639 --> 00:32:13,729

where it will hit off of santa monica so

774

00:32:18,339 --> 00:32:15,649

if it's up it hits closer if it's down

775

00:32:21,219 --> 00:32:18,349

it hits further out and basically it's

776

00:32:23,109 --> 00:32:21,229

large enough then when it hits if it

777

00:32:26,049 --> 00:32:23,119

hits the earth it'll create a five-mile

778

00:32:28,359 --> 00:32:26,059

wide crater five-mile wide five mile

779

00:32:31,479 --> 00:32:28,369

deep crater in the ocean and it will

780

00:32:34,719 --> 00:32:31,489

send out a tsunami it just barely

781

00:32:38,859 --> 00:32:34,729

subsonic speed toward the California

782

00:32:41,019 --> 00:32:38,869

coast and then then what will happen is

783

00:32:42,879 --> 00:32:41,029

is that that will hit the coast it'll

784

00:32:45,839 --> 00:32:42,889

destroy all those beautiful houses in

785

00:32:49,389 --> 00:32:45,849

Malibu and he'll suckle it as the as the

786

00:32:51,999 --> 00:32:49,399

five-mile wide crater refills with water

787

00:32:53,859 --> 00:32:52,009

it will cavitate and so what you'll see

788

00:32:56,549 --> 00:32:53,869

is all the water gets sucked back in to

789

00:32:58,680 --> 00:32:56,559

fill that five mile wide hole

790

00:33:02,009 --> 00:32:58,690

then it'll cavitate meaning that it'll

791

00:33:04,560 --> 00:33:02,019

it'll create another wave that will

792

00:33:06,600 --> 00:33:04,570

again hit the California west coast in

793

00:33:09,600 --> 00:33:06,610

general and basically as neil degrasse

794

00:33:14,549 --> 00:33:09,610

tyson puts it it will sandblast the west

795

00:33:16,889 --> 00:33:14,559

coast well [h__h] I I mean I yeah I was

796

00:33:17,820 --> 00:33:16,899

SAR how far in Linda have to go I assume

797

00:33:20,070 --> 00:33:17,830

you're going to be moving away from

798

00:33:22,259 --> 00:33:20,080

California if that's gonna happen I

799

00:33:24,180 --> 00:33:22,269

thought I've got some mount I got a

800

00:33:27,119 --> 00:33:24,190

coastal mountain range between me and

801
00:33:29,460 --> 00:33:27,129
the sandblasting I'm also you know over

802
00:33:32,730 --> 00:33:29,470
200 feet above the water so I think I'll

803
00:33:34,080 --> 00:33:32,740
be okay but it'll be very bad and the

804
00:33:35,399 --> 00:33:34,090
other thing about it is that it's going

805
00:33:38,369 --> 00:33:35,409
to chuck a bunch of stuff into the

806
00:33:40,919 --> 00:33:38,379
atmosphere right because it's super

807
00:33:45,419 --> 00:33:40,929
heated when it hits so you know really

808
00:33:49,710 --> 00:33:45,429
the the the overall effect of the impact

809
00:33:55,529 --> 00:33:49,720
could be quite massive damn that's scary

810
00:33:56,820 --> 00:33:55,539
man it is I mean it but well besides you

811
00:33:58,799 --> 00:33:56,830
know besides that you know what's

812
00:34:01,409 --> 00:33:58,809
getting super dumb phone I blew your

813
00:34:03,210 --> 00:34:01,419

mind well I meaning what do you say it's

814

00:34:04,470 --> 00:34:03,220

a [h__h] asteroid it's for you can't

815

00:34:07,379 --> 00:34:04,480

really do much about it and hopefully

816

00:34:09,629 --> 00:34:07,389

the solar warden people have got this on

817

00:34:11,760 --> 00:34:09,639

lock and they shoot that thing down it's

818

00:34:15,119 --> 00:34:11,770

a [h__h] hestra that's named after the

819

00:34:16,829 --> 00:34:15,129

Egyptian god of death right that you

820

00:34:18,899 --> 00:34:16,839

don't you got to save that name for when

821

00:34:21,300 --> 00:34:18,909

it really counts that's what he points

822

00:34:23,099 --> 00:34:21,310

out at the beginning no we didn't call

823

00:34:25,800 --> 00:34:23,109

it the Hello Kitty asteroid you know

824

00:34:29,220 --> 00:34:25,810

framed it to the Egyptian god of death I

825

00:34:32,730 --> 00:34:29,230

mean that's pretty bad yeah there's some

826

00:34:35,069 --> 00:34:32,740

insinuations there but a lot of that

827

00:34:37,050 --> 00:34:35,079

goes back to to this movie that that

828

00:34:38,700 --> 00:34:37,060

I've been talking about a lot over the

829

00:34:41,490 --> 00:34:38,710

last couple years called alternative

830

00:34:43,200 --> 00:34:41,500

three yeah you know really alternative

831

00:34:45,930 --> 00:34:43,210

three lays the groundwork for all this

832

00:34:47,339 --> 00:34:45,940

kind of stuff it effectively there's

833

00:34:51,599 --> 00:34:47,349

something that's bad that's going to

834

00:34:54,510 --> 00:34:51,609

happen that's its environmental in

835

00:34:56,369 --> 00:34:54,520

nature in alternative three they talk

836

00:34:59,520 --> 00:34:56,379

about an ice age which is fairly

837

00:35:02,010 --> 00:34:59,530

feasible and then they talk about some

838

00:35:05,099 --> 00:35:02,020

attempts to stop it and there were three

839

00:35:07,380 --> 00:35:05,109

options to kind of stop it one was to

840

00:35:10,480 --> 00:35:07,390

blow all the atmosphere invent all the

841

00:35:13,180 --> 00:35:10,490

carbon idea we could build on your

842

00:35:15,010 --> 00:35:13,190

Bunker's but we couldn't build enough

843

00:35:19,960 --> 00:35:15,020

bunkers to save enough people so that

844

00:35:21,850 --> 00:35:19,970

was deemed as not feasible so then the

845

00:35:24,130 --> 00:35:21,860

third alternative was to skip town and

846

00:35:25,570 --> 00:35:24,140

to go to Mars and suppose the last

847

00:35:28,660 --> 00:35:25,580

couple minutes of the footage is

848

00:35:31,390 --> 00:35:28,670

actually footage of a man landing on

849

00:35:34,180 --> 00:35:31,400

Mars so it's a joint soviet-american man

850

00:35:37,720 --> 00:35:34,190

man landing that's interesting this is a

851
00:35:41,730 --> 00:35:37,730
this is apparently was a this movie was

852
00:35:43,510 --> 00:35:41,740
put out as a mockumentary as a farce

853
00:35:46,690 --> 00:35:43,520
apparently it was supposed to come out

854
00:35:51,130 --> 00:35:46,700
on April first and it didn't I came out

855
00:35:52,630 --> 00:35:51,140
about accumulator Judith but how I mean

856
00:35:55,780 --> 00:35:52,640
obviously you've seen it I haven't seen

857
00:35:57,700 --> 00:35:55,790
it you feel like it was a little bit of

858
00:35:59,890 --> 00:35:57,710
conditioning was it supposed to was it

859
00:36:03,220 --> 00:35:59,900
really trying to show us something you

860
00:36:06,310 --> 00:36:03,230
think it was more than just a joke yeah

861
00:36:09,040 --> 00:36:06,320
I do I mean in it again it's it's the

862
00:36:11,350 --> 00:36:09,050
absence of evidence you know and that's

863
00:36:13,690 --> 00:36:11,360

not always a great way you know using a

864

00:36:15,910 --> 00:36:13,700

negative to prove a positive but if you

865

00:36:17,740 --> 00:36:15,920

look at that film it was deemed so

866

00:36:20,770 --> 00:36:17,750

dangerous that they could not air it

867

00:36:23,560 --> 00:36:20,780

ever again and then I TV will East

868

00:36:27,790 --> 00:36:23,570

Anglia TV that put it out you know they

869

00:36:30,010 --> 00:36:27,800

the Masters were destroyed in a fire so

870

00:36:31,690 --> 00:36:30,020

there's no masters there's no contracts

871

00:36:33,910 --> 00:36:31,700

there's no nothing there's only one

872

00:36:35,680 --> 00:36:33,920

known master to be in existence and

873

00:36:39,099 --> 00:36:35,690

that's in the hands of the guy who

874

00:36:41,590 --> 00:36:39,109

filmed it man that's interesting so

875

00:36:44,020 --> 00:36:41,600

basically it doesn't exist yeah if it

876

00:36:45,670 --> 00:36:44,030

was just a joke you would think that it

877

00:36:47,680 --> 00:36:45,680

wouldn't be that big of deal to air it

878

00:36:50,830 --> 00:36:47,690

more than once but maybe it was too much

879

00:36:52,900 --> 00:36:50,840

revealing information in it well so they

880

00:36:56,530 --> 00:36:52,910

aired it in England and Scandinavia on

881

00:36:57,970 --> 00:36:56,540

the same time they simulcast it then

882

00:36:59,740 --> 00:36:57,980

they pass laws saying it couldn't be

883

00:37:02,500 --> 00:36:59,750

heard again they married in Australia

884

00:37:04,599 --> 00:37:02,510

they passed a law they try to aired in

885

00:37:07,390 --> 00:37:04,609

America the head of NBC drama bought it

886

00:37:09,130 --> 00:37:07,400

bought the rights to it he came back and

887

00:37:11,530 --> 00:37:09,140

he said this is brilliant you know this

888

00:37:12,970 --> 00:37:11,540

will give big ratings standards and

889

00:37:15,250 --> 00:37:12,980

practices who are effectively the

890

00:37:17,859 --> 00:37:15,260

sensors said it's too dangerous for

891

00:37:19,630 --> 00:37:17,869

television you know at this point the

892

00:37:23,030 --> 00:37:19,640

only the only country in the earth that

893

00:37:24,520 --> 00:37:23,040

i know of the can broadcast it is japan

894

00:37:27,410 --> 00:37:24,530

apparently once a year they show it

895

00:37:30,800 --> 00:37:27,420

really once a year that's pretty [h__\h]

896

00:37:32,960 --> 00:37:30,810

cool yeah but you know I think you know

897

00:37:35,540 --> 00:37:32,970

you got like the main the main astronaut

898

00:37:37,910 --> 00:37:35,550

who saw things on the moon his name was

899

00:37:39,710 --> 00:37:37,920

Bob Grodin you know it's basically Buzz

900

00:37:42,290 --> 00:37:39,720

Aldrin he's an alcoholic he's been

901
00:37:44,030 --> 00:37:42,300
married five times you know whatever so

902
00:37:46,040 --> 00:37:44,040
everybody you know there there's an

903
00:37:48,170 --> 00:37:46,050
equivalency right that it you know Buzz

904
00:37:50,930 --> 00:37:48,180
Aldrin is Bob Grodin and you can kind of

905
00:37:52,460 --> 00:37:50,940
track down who is who and then you know

906
00:37:54,140 --> 00:37:52,470
you look at some of the ideas they had

907
00:37:56,600 --> 00:37:54,150
about the new you know the nuclear

908
00:38:00,830 --> 00:37:56,610
missile there's a nuclear test you know

909
00:38:03,620 --> 00:38:00,840
that happen the bunkers no just read

910
00:38:05,660 --> 00:38:03,630
anything by Richard solder and you know

911
00:38:07,790 --> 00:38:05,670
you'll read all about the crazy bunker

912
00:38:10,010 --> 00:38:07,800
stuff they've done a high-speed rail

913
00:38:15,200 --> 00:38:10,020

system under North America and all that

914

00:38:17,600 --> 00:38:15,210

you know so even even to tell you why

915

00:38:19,790 --> 00:38:17,610

one of the linchpins for me of why I

916

00:38:22,370 --> 00:38:19,800

think it's real is that you know a lot

917

00:38:24,860 --> 00:38:22,380

of times we go to these conventions or

918

00:38:27,710 --> 00:38:24,870

you know we we gather amongst ourselves

919

00:38:29,330 --> 00:38:27,720

and people talk about chemtrails it's

920

00:38:33,140 --> 00:38:29,340

like chemtrails chemtrails chemtrails

921

00:38:36,350 --> 00:38:33,150

right well nobody knows exactly what

922

00:38:38,840 --> 00:38:36,360

they are nobody can really prove that

923

00:38:41,870 --> 00:38:38,850

chemtrails exist it's all it's all kind

924

00:38:44,150 --> 00:38:41,880

of hocus-pocus well the contrail takes

925

00:38:46,670 --> 00:38:44,160

too long to dissipate you know maybe

926

00:38:48,350 --> 00:38:46,680

it's real maybe it's not right but what

927

00:38:51,260 --> 00:38:48,360

I will tell you that is absolutely one

928

00:38:55,790 --> 00:38:51,270

hundred percent certain is two things

929

00:38:59,120 --> 00:38:55,800

one when 911 occurred and they grounded

930

00:39:01,250 --> 00:38:59,130

every plane in North America a bunch of

931

00:39:03,140 --> 00:39:01,260

atmospheric scientists and oh my god

932

00:39:05,000 --> 00:39:03,150

this is the first time in recorded

933

00:39:08,240 --> 00:39:05,010

history there are no airplanes in the

934

00:39:09,860 --> 00:39:08,250

air so they all ran outside and they

935

00:39:12,410 --> 00:39:09,870

went got their balloons and all their

936

00:39:14,240 --> 00:39:12,420

gear and they start running tests and

937

00:39:16,160 --> 00:39:14,250

they proved and there's a great

938

00:39:18,620 --> 00:39:16,170

documentary about this but they approved

939

00:39:21,020 --> 00:39:18,630

that the ambient light on the earth

940

00:39:22,940 --> 00:39:21,030

increased by like two percent like one

941

00:39:25,250 --> 00:39:22,950

percent or two percent and the

942

00:39:29,000 --> 00:39:25,260

temperature of the earth started to go

943

00:39:31,730 --> 00:39:29,010

up I am a second yeah and then the

944

00:39:34,490 --> 00:39:31,740

second thing that happened is that in

945

00:39:36,290 --> 00:39:34,500

nineteen I want to say it's 1957 might

946

00:39:38,720 --> 00:39:36,300

be like 1958

947

00:39:42,200 --> 00:39:38,730

dr. edward teller who's the who's

948

00:39:45,140 --> 00:39:42,210

basically the father of the bomb he

949

00:39:48,500 --> 00:39:45,150

fronted a plan to the american chemical

950

00:39:53,090 --> 00:39:48,510

society to dump aluminum particles in

951
00:39:56,000 --> 00:39:53,100
the upper atmosphere to to deflect the

952
00:39:58,780 --> 00:39:56,010
sun and to control the temperature on

953
00:40:02,360 --> 00:39:58,790
the surface of the earth basically in

954
00:40:04,700 --> 00:40:02,370
1958 he was the architect of what we

955
00:40:06,500 --> 00:40:04,710
would now call chemtrails so if

956
00:40:10,580 --> 00:40:06,510
chemtrails are real they've been at it

957
00:40:13,040 --> 00:40:10,590
since the 50s it's nothing new and these

958
00:40:14,960 --> 00:40:13,050
atmospheric scientists proved that

959
00:40:17,170 --> 00:40:14,970
whatever is going on that something's

960
00:40:21,110 --> 00:40:17,180
going on now some people believe that

961
00:40:24,290 --> 00:40:21,120
that they're they're using chemtrails to

962
00:40:27,020 --> 00:40:24,300
stop a global Ice Age some people think

963
00:40:29,090 --> 00:40:27,030

that they're using chemtrails to control

964

00:40:30,740 --> 00:40:29,100

the temperature of the earth you know

965

00:40:33,320 --> 00:40:30,750

because of the greenhouse effect the

966

00:40:36,590 --> 00:40:33,330

basically em trails are introducing

967

00:40:38,540 --> 00:40:36,600

introducing a greenhouse effect so they

968

00:40:41,840 --> 00:40:38,550

control the atmosphere and then they can

969

00:40:44,780 --> 00:40:41,850

stave off the ice age right and it would

970

00:40:47,210 --> 00:40:44,790

be an S if Apophis hits because the

971

00:40:49,670 --> 00:40:47,220

nuclear winter something like like

972

00:40:52,400 --> 00:40:49,680

chemtrails would be able to control that

973

00:40:55,130 --> 00:40:52,410

and to limit the destructive power of it

974

00:40:57,200 --> 00:40:55,140

I just have a real problem thinking that

975

00:40:59,090 --> 00:40:57,210

things like that are positive because

976

00:41:00,620 --> 00:40:59,100

there's no need to keep that such a

977

00:41:03,620 --> 00:41:00,630

secret i mean i guess you could say to

978

00:41:06,350 --> 00:41:03,630

keep people from mass panic but right

979

00:41:07,810 --> 00:41:06,360

that's that's all that's all the

980

00:41:11,210 --> 00:41:07,820

evidence you need right there man

981

00:41:14,540 --> 00:41:11,220

because you know if you told everybody

982

00:41:16,070 --> 00:41:14,550

that the let's say that alternative

983

00:41:18,350 --> 00:41:16,080

three is a hundred percent and we're

984

00:41:21,500 --> 00:41:18,360

going into what message you want to tell

985

00:41:23,020 --> 00:41:21,510

the population north america that like

986

00:41:25,520 --> 00:41:23,030

half of it is going to be covered by ice

987

00:41:28,070 --> 00:41:25,530

how do you think the people in denver

988

00:41:32,360 --> 00:41:28,080

how do you think that people in in you

989

00:41:34,070 --> 00:41:32,370

know like a spot right little but idaho

990

00:41:36,890 --> 00:41:34,080

are going to react to that there's only

991

00:41:38,660 --> 00:41:36,900

react very badly right no one wants to

992

00:41:40,640 --> 00:41:38,670

hear that but if if you've been doing it

993

00:41:44,000 --> 00:41:40,650

for years and you got it on lock and

994

00:41:46,250 --> 00:41:44,010

it's all the control you know i mean

995

00:41:48,050 --> 00:41:46,260

obviously it's there's still a risk and

996

00:41:50,630 --> 00:41:48,060

telling people you don't want everybody

997

00:41:52,880 --> 00:41:50,640

to go completely apeshit but I don't

998

00:41:55,400 --> 00:41:52,890

I just I just I'm always I'm always for

999

00:41:57,710 --> 00:41:55,410

the truth whether it's scary or not you

1000

00:42:00,800 --> 00:41:57,720

know you have at the Brookings study in

1001
00:42:02,510 --> 00:42:00,810
a roundabout way told us back then when

1002
00:42:05,240 --> 00:42:02,520
we couldn't handle the truth the

1003
00:42:07,760 --> 00:42:05,250
Brookings study showed us that if if we

1004
00:42:09,830 --> 00:42:07,770
were one hundred percent honest and as

1005
00:42:12,770 --> 00:42:09,840
my philosophy professor used to call

1006
00:42:15,230 --> 00:42:12,780
them Joe Sixpack who cares about six

1007
00:42:17,570 --> 00:42:15,240
pack and the 49ers right you know if

1008
00:42:19,310 --> 00:42:17,580
that guy found out some of the [h__h]

1009
00:42:21,620 --> 00:42:19,320
that's going on you know he would have a

1010
00:42:24,470 --> 00:42:21,630
total mental breakdown now is that a

1011
00:42:27,020 --> 00:42:24,480
hundred percent now probably not but

1012
00:42:30,410 --> 00:42:27,030
that is the logic that they're basing

1013
00:42:32,210 --> 00:42:30,420

all their decisions on you know yeah and

1014

00:42:35,570 --> 00:42:32,220

it is a fair point I don't agree with it

1015

00:42:36,830 --> 00:42:35,580

but that that is what it is right well

1016

00:42:40,700 --> 00:42:36,840

besides what you've written about

1017

00:42:44,000 --> 00:42:40,710

recently and this uh the idea of a space

1018

00:42:47,330 --> 00:42:44,010

war between Nazis and us do you have any

1019

00:42:50,600 --> 00:42:47,340

personal favorite UFO stories from your

1020

00:42:55,550 --> 00:42:50,610

long time of research that you think

1021

00:42:59,900 --> 00:42:55,560

might have an alien origins hmm you know

1022

00:43:03,800 --> 00:42:59,910

there are a few I mean they're one that

1023

00:43:06,770 --> 00:43:03,810

I always enjoyed you know back in feudal

1024

00:43:08,690 --> 00:43:06,780

Japan there was a period of time that

1025

00:43:11,450 --> 00:43:08,700

these golden eggs were descending from

1026

00:43:14,450 --> 00:43:11,460

the sky and that they were landing on

1027

00:43:17,330 --> 00:43:14,460

the beaches and these these Japanese

1028

00:43:20,030 --> 00:43:17,340

fishermen this is feudal Japan yeah so

1029

00:43:22,280 --> 00:43:20,040

this is like the 16th century you know

1030

00:43:24,590 --> 00:43:22,290

that they were landing and interacting

1031

00:43:26,030 --> 00:43:24,600

with the fishermen you know I find that

1032

00:43:28,270 --> 00:43:26,040

interesting I like a lot of the

1033

00:43:31,520 --> 00:43:28,280

historical stuff about like the Vimanas

1034

00:43:34,390 --> 00:43:31,530

you know and some of the earlier things

1035

00:43:38,660 --> 00:43:34,400

because they're less muddled by our own

1036

00:43:41,720 --> 00:43:38,670

preconceptions of what this is the the

1037

00:43:44,060 --> 00:43:41,730

mysterious dirigibles you know in Texas

1038

00:43:46,550 --> 00:43:44,070

and these are that's kind of the stuff

1039

00:43:48,260 --> 00:43:46,560

that i enjoy i like the older stuff yeah

1040

00:43:49,990 --> 00:43:48,270

I mean there's even their stories that

1041

00:43:52,670 --> 00:43:50,000

Christopher Columbus had written about

1042

00:43:54,850 --> 00:43:52,680

lanterns that were going around the ship

1043

00:43:56,840 --> 00:43:54,860

under the ship under underwater

1044

00:43:58,880 --> 00:43:56,850

Christopher Columbus is an interesting

1045

00:44:01,400 --> 00:43:58,890

one to talk about because not only did

1046

00:44:03,710 --> 00:44:01,410

he claim to see UFOs especially when

1047

00:44:04,490 --> 00:44:03,720

they were in the Sargasso Sea he also

1048

00:44:08,540 --> 00:44:04,500

claimed that

1049

00:44:10,700 --> 00:44:08,550

that there was a ghost I want to say it

1050

00:44:13,220 --> 00:44:10,710

was a navigator for Amerigo Vespucci

1051

00:44:15,410 --> 00:44:13,230

that that helped it remember it was

1052

00:44:17,600 --> 00:44:15,420

Magellan I forget who who the ghost was

1053

00:44:20,000 --> 00:44:17,610

but there was a ghost that basically

1054

00:44:22,550 --> 00:44:20,010

helped him find North America no [h__\h]

1055

00:44:24,530 --> 00:44:22,560

yeah well he didn't find North America

1056

00:44:27,770 --> 00:44:24,540

went in san salvador but you know

1057

00:44:31,130 --> 00:44:27,780

Vikings from America but that's he he

1058

00:44:33,140 --> 00:44:31,140

quote unquote found America and a ghost

1059

00:44:35,330 --> 00:44:33,150

help them find it apparently he's very

1060

00:44:39,740 --> 00:44:35,340

honest about it wow I never heard the

1061

00:44:42,710 --> 00:44:39,750

ghost aspect that's not what user yeah

1062

00:44:44,900 --> 00:44:42,720

google is my friend uh I wanted to

1063

00:44:47,330 --> 00:44:44,910

switch gears a little bit before we wrap

1064

00:44:50,750 --> 00:44:47,340

this up because I use reddit a lot and

1065

00:44:53,750 --> 00:44:50,760

this week it's all about the prism Thane

1066

00:44:56,000 --> 00:44:53,760

this big text phone internet spying

1067

00:44:58,580 --> 00:44:56,010

program and you were telling me a bit

1068

00:45:00,530 --> 00:44:58,590

about your IT background and we talked a

1069

00:45:02,870 --> 00:45:00,540

bit about built-in government back doors

1070

00:45:04,940 --> 00:45:02,880

at the con con but have you looked into

1071

00:45:08,090 --> 00:45:04,950

this prism thing at all it's huge news

1072

00:45:10,280 --> 00:45:08,100

this week specifically so really what

1073

00:45:12,410 --> 00:45:10,290

prism as near as I can tell was all

1074

00:45:16,370 --> 00:45:12,420

about was harvesting metadata about

1075

00:45:19,700 --> 00:45:16,380

phone calls so it was like who called

1076

00:45:21,560 --> 00:45:19,710

who from where you know if they were on

1077

00:45:23,690 --> 00:45:21,570

a cell phone which cell phones how are

1078

00:45:25,370 --> 00:45:23,700

they utilized right you were in their

1079

00:45:28,910 --> 00:45:25,380

house whether the coordinates of the

1080

00:45:32,990 --> 00:45:28,920

house the length of the phone call etc

1081

00:45:34,400 --> 00:45:33,000

now the reason that that's important is

1082

00:45:36,770 --> 00:45:34,410

it conventionally say well it's

1083

00:45:38,120 --> 00:45:36,780

important because if two terrorists are

1084

00:45:40,430 --> 00:45:38,130

calling each other we know where one of

1085

00:45:43,130 --> 00:45:40,440

them is right maybe the other guys on a

1086

00:45:45,260 --> 00:45:43,140

satellite phone in Afghanistan but at

1087

00:45:47,890 --> 00:45:45,270

least the guy in America we know what

1088

00:45:50,330 --> 00:45:47,900

cell tower ii was working off of right

1089

00:45:54,290 --> 00:45:50,340

the other thing that's interesting about

1090

00:45:57,170 --> 00:45:54,300

it is that if you take that data and you

1091

00:45:59,990 --> 00:45:57,180

match it to echelon and echelon is that

1092

00:46:02,450 --> 00:46:00,000

program out of Pine Gap that listens to

1093

00:46:05,930 --> 00:46:02,460

all of our phone calls and analyzes them

1094

00:46:07,400 --> 00:46:05,940

heuristically that they now have the

1095

00:46:09,350 --> 00:46:07,410

pointers of where the phone call was

1096

00:46:11,240 --> 00:46:09,360

made so not only do they have the

1097

00:46:13,460 --> 00:46:11,250

context of the phone call the actual

1098

00:46:15,680 --> 00:46:13,470

phone call itself they now have the

1099

00:46:18,500 --> 00:46:15,690

points that the phone call originated

1100

00:46:20,810 --> 00:46:18,510

and ended at so if you take all that

1101
00:46:23,290 --> 00:46:20,820
together you've got everything you could

1102
00:46:27,590 --> 00:46:23,300
ever want to know about a phone call

1103
00:46:30,100 --> 00:46:27,600
then it's it seems to be a little

1104
00:46:31,970 --> 00:46:30,110
intense like obviously they're

1105
00:46:34,960 --> 00:46:31,980
overstepping the thing that was really

1106
00:46:37,940 --> 00:46:34,970
nuts to me is that the reports say that

1107
00:46:40,400 --> 00:46:37,950
basically every major corporation is

1108
00:46:43,430 --> 00:46:40,410
involved in just giving up data Apple

1109
00:46:45,350 --> 00:46:43,440
Facebook Google Yahoo Microsoft they're

1110
00:46:49,310 --> 00:46:45,360
just giving the NSA access to all our

1111
00:46:53,150 --> 00:46:49,320
usage it's kind of [h__\h] up that no

1112
00:46:54,590 --> 00:46:53,160
company sides on you know on it's on the

1113
00:46:56,720 --> 00:46:54,600

side of their own customers you know

1114

00:46:59,360 --> 00:46:56,730

yeah but you have to think about it

1115

00:47:02,480 --> 00:46:59,370

logically right is that if you look at

1116

00:47:05,570 --> 00:47:02,490

these companies they all have massive

1117

00:47:08,540 --> 00:47:05,580

defense contracts well right so if they

1118

00:47:11,030 --> 00:47:08,550

don't give it up and and if they don't

1119

00:47:13,010 --> 00:47:11,040

comply with the FISA order you know

1120

00:47:15,980 --> 00:47:13,020

number one they're legally bound to do

1121

00:47:17,300 --> 00:47:15,990

it because physis said it was okay so

1122

00:47:20,120 --> 00:47:17,310

that means that they're in contempt of

1123

00:47:22,850 --> 00:47:20,130

court if they don't do it but also you

1124

00:47:24,800 --> 00:47:22,860

know a lot of these companies have you

1125

00:47:26,570 --> 00:47:24,810

know deep deep deep you know Defense

1126

00:47:29,510 --> 00:47:26,580

Department contracts I mean look at

1127

00:47:31,370 --> 00:47:29,520

Microsoft right Microsoft put a nice big

1128

00:47:36,070 --> 00:47:31,380

back door in every Windows operating

1129

00:47:38,240 --> 00:47:36,080

system for the FBI and the NSA okay

1130

00:47:39,920 --> 00:47:38,250

originally I went skype which we're

1131

00:47:42,260 --> 00:47:39,930

talking on tonight when skype was

1132

00:47:44,750 --> 00:47:42,270

developed the engineers who built skype

1133

00:47:47,690 --> 00:47:44,760

they basically used a key that was so

1134

00:47:50,480 --> 00:47:47,700

long and the key is that that encryption

1135

00:47:53,060 --> 00:47:50,490

key that decodes a conversation right so

1136

00:47:56,480 --> 00:47:53,070

we both have a key and that allows this

1137

00:47:58,580 --> 00:47:56,490

conversation to be secured they use the

1138

00:48:00,950 --> 00:47:58,590

key that was so long that supposedly it

1139

00:48:05,120 --> 00:48:00,960

would take the entire computational

1140

00:48:07,940 --> 00:48:05,130

power of the NSA which is significant 75

1141

00:48:11,630 --> 00:48:07,950

years to crack it for every single phone

1142

00:48:14,120 --> 00:48:11,640

call Wow skype was skype was sold to

1143

00:48:15,980 --> 00:48:14,130

ebay I don't you know I don't really

1144

00:48:18,710 --> 00:48:15,990

understand the logic of that but

1145

00:48:20,570 --> 00:48:18,720

whatever I'm you know I'm not at sea

1146

00:48:22,550 --> 00:48:20,580

level of ebay so I don't know what they

1147

00:48:24,530 --> 00:48:22,560

were thinking all right but you know

1148

00:48:26,270 --> 00:48:24,540

ebay bottom and then ebay really

1149

00:48:28,460 --> 00:48:26,280

couldn't monetize and figure out what to

1150

00:48:30,500 --> 00:48:28,470

do with it so they sold it to Microsoft

1151
00:48:31,160 --> 00:48:30,510
and what's the first thing Microsoft did

1152
00:48:33,069 --> 00:48:31,170
they

1153
00:48:35,990 --> 00:48:33,079
back door in for the NSA and the FBI

1154
00:48:37,910 --> 00:48:36,000
there's a back door in in Microsoft

1155
00:48:41,120 --> 00:48:37,920
products is a back door and Apple

1156
00:48:43,400 --> 00:48:41,130
products somebody introduced a few years

1157
00:48:48,010 --> 00:48:43,410
ago somebody introduced a rootkit or

1158
00:48:52,039 --> 00:48:48,020
back door into the openbsd Colonel

1159
00:48:54,079 --> 00:48:52,049
Colonel path which they took out but you

1160
00:48:56,690 --> 00:48:54,089
know you think about how big a colonel

1161
00:48:58,039 --> 00:48:56,700
is it's pretty complex so you know

1162
00:48:59,930 --> 00:48:58,049
there's probably somebody else in

1163
00:49:01,819 --> 00:48:59,940

another anonymous individual probably

1164

00:49:05,420 --> 00:49:01,829

put another route kodomo the damn phone

1165

00:49:07,130 --> 00:49:05,430

and bsd is very secure you know so every

1166

00:49:10,849 --> 00:49:07,140

time there's an operating system they

1167

00:49:12,620 --> 00:49:10,859

put in one of these back doors so you

1168

00:49:16,520 --> 00:49:12,630

know you're not safe and then there's

1169

00:49:18,890 --> 00:49:16,530

currently this is a yeah this is old

1170

00:49:22,069 --> 00:49:18,900

news i mean prisms bad because we all

1171

00:49:24,140 --> 00:49:22,079

found out about it you know and maybe my

1172

00:49:26,359 --> 00:49:24,150

cell phones on verizon and you know now

1173

00:49:28,880 --> 00:49:26,369

they know all about my my penalty phone

1174

00:49:31,940 --> 00:49:28,890

calls to my co-workers and my wife and

1175

00:49:34,400 --> 00:49:31,950

you know it's I'm surprised I'm shocked

1176

00:49:37,940 --> 00:49:34,410

and I'm angry because they're spying on

1177

00:49:39,859 --> 00:49:37,950

me but the reality of it is is that this

1178

00:49:42,770 --> 00:49:39,869

does been at work for a long time in the

1179

00:49:45,859 --> 00:49:42,780

90s they had carnivore carnivore eats

1180

00:49:47,750 --> 00:49:45,869

all your email so they got extra lot in

1181

00:49:49,400 --> 00:49:47,760

the 80s and the 90s which listens all

1182

00:49:53,180 --> 00:49:49,410

your phone calls they've got carnivore

1183

00:49:55,430 --> 00:49:53,190

to read your email now this thing now

1184

00:49:56,859 --> 00:49:55,440

they just know you know physically where

1185

00:49:59,870 --> 00:49:56,869

you were at when you made the phone call

1186

00:50:01,400 --> 00:49:59,880

so really is prison bad sure it's not

1187

00:50:04,700 --> 00:50:01,410

good but you know we live in a police

1188

00:50:07,849 --> 00:50:04,710

state is it is it any worse than than

1189

00:50:08,960 --> 00:50:07,859

carnivore etch alone probably not yeah I

1190

00:50:11,059 --> 00:50:08,970

mean it really shouldn't be a surprise

1191

00:50:14,030 --> 00:50:11,069

to anyone but I don't know if you're

1192

00:50:15,650 --> 00:50:14,040

much of a of a gamer but the new xbox is

1193

00:50:18,079 --> 00:50:15,660

getting blasted by the gaming community

1194

00:50:20,299 --> 00:50:18,089

because in the xbox one the Kinect

1195

00:50:22,940 --> 00:50:20,309

camera and microphone must be connected

1196

00:50:24,740 --> 00:50:22,950

for it to work and it must connect the

1197

00:50:26,780 --> 00:50:24,750

internet at least once every 24 hour

1198

00:50:28,640 --> 00:50:26,790

period to work and I don't know about

1199

00:50:30,799 --> 00:50:28,650

anybody else but if they're cooperating

1200

00:50:32,660 --> 00:50:30,809

with this kind of stuff if that's if

1201
00:50:33,799 --> 00:50:32,670
this is prism thing is any indication of

1202
00:50:35,089 --> 00:50:33,809
their behavior I don't want that

1203
00:50:37,900 --> 00:50:35,099
[h__\h] in my house why would i pay

1204
00:50:41,120 --> 00:50:37,910
money to have that in my living room

1205
00:50:43,130 --> 00:50:41,130
well but you know that's the problem

1206
00:50:45,050 --> 00:50:43,140
with these these kinds of things is that

1207
00:50:47,480 --> 00:50:45,060
you know most people aren't kind

1208
00:50:50,840 --> 00:50:47,490
right into the situation so you know you

1209
00:50:52,880 --> 00:50:50,850
react badly to the Xbox one I don't have

1210
00:50:55,730 --> 00:50:52,890
one but maybe Microsoft will give me one

1211
00:50:57,560 --> 00:50:55,740
after this conversation on it but you

1212
00:50:59,600 --> 00:50:57,570
know I know we're all surprised and

1213
00:51:01,370 --> 00:50:59,610

shocked and angry but then we have to

1214

00:51:04,250 --> 00:51:01,380

step back for a minute and think about

1215

00:51:06,740 --> 00:51:04,260

it logically right that you know you're

1216

00:51:09,380 --> 00:51:06,750

shocked and upset maybe you're not but

1217

00:51:12,290 --> 00:51:09,390

you as a generic term right are shocked

1218

00:51:14,060 --> 00:51:12,300

and upset because while the xbox one

1219

00:51:16,220 --> 00:51:14,070

probably has a rootkit and they could

1220

00:51:18,350 --> 00:51:16,230

turn that camera on hey I've got to

1221

00:51:21,290 --> 00:51:18,360

connect maybe they're turning my connect

1222

00:51:24,380 --> 00:51:21,300

on and listening to me at home but what

1223

00:51:26,510 --> 00:51:24,390

you have to go then and realize is that

1224

00:51:30,170 --> 00:51:26,520

your cell phone can be remotely

1225

00:51:33,110 --> 00:51:30,180

activated by Verizon or AT&T or tmobile

1226

00:51:34,970 --> 00:51:33,120

or cricket or whoever you're using if

1227

00:51:37,940 --> 00:51:34,980

they mean to they can turn yourself

1228

00:51:40,070 --> 00:51:37,950

along without you knowing it and turn it

1229

00:51:42,950 --> 00:51:40,080

into not only a microphone but a video

1230

00:51:44,450 --> 00:51:42,960

camera they've root kitted your computer

1231

00:51:46,700 --> 00:51:44,460

so if they really wanted to they could

1232

00:51:48,650 --> 00:51:46,710

turn on my camera right now and you

1233

00:51:50,540 --> 00:51:48,660

could see they could see me and turn on

1234

00:51:52,910 --> 00:51:50,550

my mic and they could see me as well

1235

00:51:55,850 --> 00:51:52,920

these things are already in the wild I

1236

00:51:57,950 --> 00:51:55,860

mean the idea becoming the xbox one this

1237

00:52:00,500 --> 00:51:57,960

is--that's they're just late entrance to

1238

00:52:02,600 --> 00:52:00,510

the to the police thing your cell phone

1239

00:52:04,790 --> 00:52:02,610

right now I don't know who your carrier

1240

00:52:06,440 --> 00:52:04,800

is but doesn't matter whoever your

1241

00:52:08,780 --> 00:52:06,450

carrier is can switch your cell phone on

1242

00:52:10,490 --> 00:52:08,790

right now and listen to this

1243

00:52:15,260 --> 00:52:10,500

conversation and you'll never even know

1244

00:52:18,490 --> 00:52:15,270

it just it's you hear it and I mean I

1245

00:52:21,170 --> 00:52:18,500

don't know if I've known of any cases of

1246

00:52:22,940 --> 00:52:21,180

of anyone being you know if it coming

1247

00:52:26,540 --> 00:52:22,950

forth they were prosecuted because their

1248

00:52:28,700 --> 00:52:26,550

cellphone was turned on but yeah it's

1249

00:52:30,440 --> 00:52:28,710

it's scary [h__\h] it just sucks you know

1250

00:52:32,090 --> 00:52:30,450

all the major corporations are aligned

1251
00:52:34,010 --> 00:52:32,100
against this and that's no secret but

1252
00:52:35,870 --> 00:52:34,020
you know where their customers and we

1253
00:52:37,790 --> 00:52:35,880
people keep giving them their money and

1254
00:52:39,260 --> 00:52:37,800
allowing them to be so powerful of

1255
00:52:41,420 --> 00:52:39,270
course you know government contracts are

1256
00:52:43,000 --> 00:52:41,430
helping to which is also our money I

1257
00:52:46,730 --> 00:52:43,010
don't know if you heard the story about

1258
00:52:48,320 --> 00:52:46,740
the UPS FedEx thing but the government

1259
00:52:50,120 --> 00:52:48,330
agencies were approaching all these

1260
00:52:52,700 --> 00:52:50,130
major shipping companies wanted to sift

1261
00:52:55,040 --> 00:52:52,710
through them looking for people mailing

1262
00:52:56,630 --> 00:52:55,050
pharmaceuticals apparently and UPS was

1263
00:52:58,730 --> 00:52:56,640

like yeah guys no problem take whatever

1264

00:53:00,530 --> 00:52:58,740

you need and then fedex for Jen

1265

00:53:02,270 --> 00:53:00,540

to the notion in the CEO released a

1266

00:53:04,490 --> 00:53:02,280

statement somewhere in the ballpark of

1267

00:53:06,140 --> 00:53:04,500

we have no interest in violating the

1268

00:53:08,510 --> 00:53:06,150

privacy of our customers just to verify

1269

00:53:10,640 --> 00:53:08,520

of a package contents are legal which

1270

00:53:13,730 --> 00:53:10,650

was awesome you know I I don't I rarely

1271

00:53:15,800 --> 00:53:13,740

see that coming from a company I mean

1272

00:53:18,080 --> 00:53:15,810

that's why I take the headache of be

1273

00:53:19,700 --> 00:53:18,090

coming out and saying oh yeah we're just

1274

00:53:22,690 --> 00:53:19,710

going to defy the government but I mean

1275

00:53:25,340 --> 00:53:22,700

hey if you got a mail drugs use fedex

1276

00:53:26,870 --> 00:53:25,350

yeah but if you want to ship guns or

1277

00:53:28,910 --> 00:53:26,880

drugs she's fed ex but you know the

1278

00:53:31,430 --> 00:53:28,920

thing about the thing about it is is

1279

00:53:32,930 --> 00:53:31,440

that they say that now but if but if

1280

00:53:35,450 --> 00:53:32,940

they got a knock on the door from the

1281

00:53:37,970 --> 00:53:35,460

FBI or the BATF they hand it over a

1282

00:53:40,100 --> 00:53:37,980

heartbeat right it doesn't take much no

1283

00:53:42,950 --> 00:53:40,110

they're doing it now because they have

1284

00:53:44,630 --> 00:53:42,960

an out but if that out disappears and

1285

00:53:46,580 --> 00:53:44,640

they've got a FISA order that says that

1286

00:53:47,600 --> 00:53:46,590

they have to do it they'll do it right

1287

00:53:50,180 --> 00:53:47,610

because there's really no alternative

1288

00:53:51,230 --> 00:53:50,190

right if you fight the thighs order the

1289

00:53:52,070 --> 00:53:51,240

only thing it's going to happen is

1290

00:53:57,710 --> 00:53:52,080

you're going to end up in a federal

1291

00:54:00,440 --> 00:53:57,720

maximum security you know prison yeah I

1292

00:54:02,930 --> 00:54:00,450

probably using that is a known combatant

1293

00:54:06,590 --> 00:54:02,940

and send you to Guantanamo right I mean

1294

00:54:09,109 --> 00:54:06,600

it is a bit overwhelming man you know

1295

00:54:11,599 --> 00:54:09,119

the thing the thing that bothers me more

1296

00:54:14,270 --> 00:54:11,609

than the surveillance because we live in

1297

00:54:16,730 --> 00:54:14,280

a surveillance society remember I lived

1298

00:54:18,320 --> 00:54:16,740

in England and they had this truck and

1299

00:54:21,170 --> 00:54:18,330

they would park it in front of the pubs

1300

00:54:24,080 --> 00:54:21,180

and the truck was basically had it

1301

00:54:26,300 --> 00:54:24,090

literally had just 360 degrees of ccd

1302

00:54:28,280 --> 00:54:26,310

cameras and they didn't even cover it up

1303

00:54:30,590 --> 00:54:28,290

they just parked the surveillance van

1304

00:54:33,170 --> 00:54:30,600

and they can see everything and they

1305

00:54:35,330 --> 00:54:33,180

could hear everything in every country

1306

00:54:38,150 --> 00:54:35,340

we live in a surveillance society it's

1307

00:54:41,030 --> 00:54:38,160

just what what happened what bothers me

1308

00:54:42,530 --> 00:54:41,040

more is these what's coming out of the

1309

00:54:45,230 --> 00:54:42,540

Department of Justice where they're

1310

00:54:47,570 --> 00:54:45,240

saying that well we can classify use it

1311

00:54:51,230 --> 00:54:47,580

as an enemy combatant and we can kill

1312

00:54:53,180 --> 00:54:51,240

you from orbit which they can do you

1313

00:54:56,300 --> 00:54:53,190

know or we can we can kill you with a

1314

00:54:58,580 --> 00:54:56,310

drone in America because we don't like

1315

00:55:01,940 --> 00:54:58,590

you well that to me you know that to me

1316

00:55:04,310 --> 00:55:01,950

is is the bridge that bad is truly that

1317

00:55:06,740 --> 00:55:04,320

truly bothers me the idea that they can

1318

00:55:09,740 --> 00:55:06,750

listen to my cell phone I can't control

1319

00:55:11,780 --> 00:55:09,750

it so I just ignore it because you can't

1320

00:55:15,470 --> 00:55:11,790

stop it but the drum think

1321

00:55:19,070 --> 00:55:15,480

that that's it's another level that's

1322

00:55:20,720 --> 00:55:19,080

terrifying yeah man why that that just

1323

00:55:23,050 --> 00:55:20,730

about does it we've talked about so many

1324

00:55:26,690 --> 00:55:23,060

and lightning and positive topics from

1325

00:55:31,100 --> 00:55:26,700

Nazis bases on Mars attacking us and

1326

00:55:33,740 --> 00:55:31,110

Apophis the giant space rocket doom spy

1327

00:55:35,930 --> 00:55:33,750

satellites it's been a very uplifting

1328

00:55:41,360 --> 00:55:35,940

and positive talk man he'll do a happy

1329

00:55:43,520 --> 00:55:41,370

man yeah well is there anything you want

1330

00:55:45,650 --> 00:55:43,530

to tell people out before I mean before

1331

00:55:47,120 --> 00:55:45,660

we let you go I mean I know the next

1332

00:55:49,010 --> 00:55:47,130

time I'm going to see you again is going

1333

00:55:51,020 --> 00:55:49,020

to be at the paranoiac on which is

1334

00:55:54,410 --> 00:55:51,030

taking place here in sunny sandy

1335

00:55:56,720 --> 00:55:54,420

comic-con weekend july 19 through the

1336

00:55:58,670 --> 00:55:56,730

21st i think i actually want to say that

1337

00:56:00,860 --> 00:55:58,680

ron patent is an awesome guy i just got

1338

00:56:02,540 --> 00:56:00,870

to meet him at the at the con con this

1339

00:56:04,130 --> 00:56:02,550

is first time throwing an event like

1340

00:56:06,680 --> 00:56:04,140

this I think he has some really great

1341

00:56:09,440 --> 00:56:06,690

speakers yourself Adam go rightly Andy

1342

00:56:11,630 --> 00:56:09,450

covin a bunch more THC fans should

1343

00:56:12,650 --> 00:56:11,640

definitely come out but I mean what are

1344

00:56:15,590 --> 00:56:12,660

you going to be talking about the same

1345

00:56:18,230 --> 00:56:15,600

kind of thing the Nazi space bases well

1346

00:56:20,870 --> 00:56:18,240

you know I'm uh I'm going for something

1347

00:56:23,660 --> 00:56:20,880

truly uplifting I want to talk about

1348

00:56:26,500 --> 00:56:23,670

just the happiest stuff on earth and so

1349

00:56:29,300 --> 00:56:26,510

yeah some type of nazi space bases and

1350

00:56:31,700 --> 00:56:29,310

the coming apocalypse I wanted to aim

1351
00:56:33,710 --> 00:56:31,710
high and you know leave satisfied happy

1352
00:56:37,100 --> 00:56:33,720
customers of course with rose-colored

1353
00:56:41,600 --> 00:56:37,110
glasses right take the pill before you

1354
00:56:43,070 --> 00:56:41,610
show up I always do but I know the thing

1355
00:56:44,600 --> 00:56:43,080
I wanted to pop in there at the last

1356
00:56:47,420 --> 00:56:44,610
minute is you know we were talking about

1357
00:56:49,160 --> 00:56:47,430
how expensive these cons can be in about

1358
00:56:52,730 --> 00:56:49,170
how people can't afford it you know and

1359
00:56:54,440 --> 00:56:52,740
Ron is a pretty cool guy and and he

1360
00:56:56,810 --> 00:56:54,450
looked and searched for a place that we

1361
00:56:59,690 --> 00:56:56,820
could hold it though be cost-effective

1362
00:57:02,480 --> 00:56:59,700
so your tickets 20 bucks you know 20

1363
00:57:04,160 --> 00:57:02,490

bucks 850 bucks for all three days you

1364

00:57:06,650 --> 00:57:04,170

know come on out it's cheap you can

1365

00:57:08,000 --> 00:57:06,660

afford it probably and if you can't you

1366

00:57:10,430 --> 00:57:08,010

come to the door and you don't quite

1367

00:57:12,230 --> 00:57:10,440

have 20 bucks you have 15 bucks or

1368

00:57:13,490 --> 00:57:12,240

something and you know it's legitimate

1369

00:57:15,170 --> 00:57:13,500

let us know and we'll make something

1370

00:57:17,840 --> 00:57:15,180

happen yeah we're going to check your

1371

00:57:21,650 --> 00:57:17,850

pockets but yeah well she will turn you

1372

00:57:23,810 --> 00:57:21,660

upside down no it's a great point it is

1373

00:57:25,370 --> 00:57:23,820

pretty damn cheap and I think the

1374

00:57:27,650 --> 00:57:25,380

speakers are awesome I'm

1375

00:57:29,930 --> 00:57:27,660

excited to hear to you talk I'm excited

1376
00:57:31,670 --> 00:57:29,940
to hear Adam talk we had Andy kovin on

1377
00:57:33,830 --> 00:57:31,680
the show a while ago talking about the

1378
00:57:36,080 --> 00:57:33,840
Mothman and some fascinating stuff by

1379
00:57:37,730 --> 00:57:36,090
Union Carbide and some really deep level

1380
00:57:38,930 --> 00:57:37,740
stuff he was a great guess too so I'm

1381
00:57:41,480 --> 00:57:38,940
sure he's going to talk about some

1382
00:57:43,430 --> 00:57:41,490
interesting topics you know so after

1383
00:57:45,350 --> 00:57:43,440
you've seen after you've seen the new

1384
00:57:47,000 --> 00:57:45,360
spider-man trailer that you can also

1385
00:57:48,620 --> 00:57:47,010

1386

1387

i'll see you guys next week with Rupert

1410

00:58:50,820 --> 00:58:55,850

I wear mine

1411

00:59:01,620 --> 00:58:59,040

to a core it comes down to a ranch in

1412

00:59:04,530 --> 00:59:01,630

Dragoon Arizona now Joe goon is a pretty

1413

00:59:08,010 --> 00:59:04,540

unique name Merlin the magician he only

1414

00:59:11,310 --> 00:59:08,020

had one magic word in his arsenal that

1415

00:59:12,810 --> 00:59:11,320

ward werster goon and that revolves are

1416

00:59:14,460 --> 00:59:12,820

on this ranch it's called the triangle T

1417

00:59:17,220 --> 00:59:14,470

guest ranch which i'm in the i mean the

1418

00:59:18,960 --> 00:59:17,230

the works of assembling the money in the

1419

00:59:20,970 --> 00:59:18,970

spirit to get to buy that the people who

1420

00:59:23,460 --> 00:59:20,980

own it now are very well aware that I am

1421

00:59:25,260 --> 00:59:23,470

the repurchase or of that property it's

1422

00:59:27,180 --> 00:59:25,270

a place where the Kennedys and the

1423

00:59:30,570 --> 00:59:27,190

Rockefellers in the Vanderbilts and Walt

1424

00:59:32,280 --> 00:59:30,580

Disney people from NASA went there in my

1425

00:59:34,140 --> 00:59:32,290

understanding I don't quote me on this

1426

00:59:37,130 --> 00:59:34,150

but in my understanding it was to have

1427

00:59:40,200 --> 00:59:37,140

meetings with the Ark of the Covenant to

1428

00:59:42,510 --> 00:59:40,210

see how to build our current dream our

1429

00:59:44,280 --> 00:59:42,520

infrastructure and our influence

1430

00:59:47,010 --> 00:59:44,290

something beyond what we have right now

1431

00:59:50,430 --> 00:59:47,020

well they they got that to build what

1432

00:59:52,640 --> 00:59:50,440

we're in right now so my project is to

1433

00:59:58,130 --> 00:59:52,650

buy this ranch in to buy it as a

1434

01:00:00,890 --> 00:59:58,140

republic into institute paperwork called

1435

01:00:03,600 --> 01:00:00,900

corpus separate them which is what

1436

01:00:05,100 --> 01:00:03,610

Jerusalem is trying to accomplish in in

1437

01:00:06,330 --> 01:00:05,110

the Middle East right now well there's a

1438

01:00:08,160 --> 01:00:06,340

little bit of dysfunction in that whole

1439

01:00:10,830 --> 01:00:08,170

story because we live in a place called

1440

01:00:12,510 --> 01:00:10,840

America that is really revolves around

1441

01:00:14,370 --> 01:00:12,520

New Jerusalem which is what we're

1442

01:00:15,840 --> 01:00:14,380

looking for we have to go back a little

1443

01:00:18,630 --> 01:00:15,850

bit but it's about moving forward so

1444

01:00:20,820 --> 01:00:18,640

this New Jerusalem will be at a place in

1445

01:00:22,500 --> 01:00:20,830

Arizona that starts with a ranch it

1446

01:00:23,940 --> 01:00:22,510

starts with a certain community and I

1447

01:00:25,080 --> 01:00:23,950

have the maps and I'm going to reveal

1448

01:00:28,680 --> 01:00:25,090

that on the fourth of July and

1449

01:00:30,750 --> 01:00:28,690

everything to the public that the

1450

01:00:34,250 --> 01:00:30,760

authorities that we want this to happen

1451

01:00:36,320 --> 01:00:34,260

and it's a really beautiful story of

1452

01:00:37,280 --> 01:00:36,330

just the creating of stories that's why

1453

01:00:39,080 --> 01:00:37,290

we're going through this mess everyone

1454

01:00:42,800 --> 01:00:39,090

wants to know why well we have an

1455

01:00:45,080 --> 01:00:42,810

infinite amount of entertainment just

1456

01:00:47,360 --> 01:00:45,090

from the past that we can be entertained

1457

01:00:51,050 --> 01:00:47,370

from the future so we can go through the

1458

01:00:53,000 --> 01:00:51,060

future not making mistakes not creating

1459

01:00:55,010 --> 01:00:53,010

funny stories because we can spend

1460

01:00:58,280 --> 01:00:55,020

eternity laughing at ourselves from the

1461

01:00:59,720 --> 01:00:58,290

things we did in the past yeah

1462

01:01:02,060 --> 01:00:59,730

absolutely does you know things have

1463

01:01:03,500 --> 01:01:02,070

been messed up for quite some time it's

1464

01:01:06,140 --> 01:01:03,510

odd you kind of you alluded to the fact

1465

01:01:07,970 --> 01:01:06,150

that the the people in charge want this

1466

01:01:10,750 --> 01:01:07,980

progression to happen they're not

1467

01:01:13,340 --> 01:01:10,760

they're not in opposition to this now

1468

01:01:15,410 --> 01:01:13,350

absolutely not I think I think that's

1469

01:01:16,700 --> 01:01:15,420

what would throw people the most is that

1470

01:01:17,840 --> 01:01:16,710

they think that that's who we're

1471

01:01:19,310 --> 01:01:17,850

fighting against and you're talking

1472

01:01:21,400 --> 01:01:19,320

about them actually wanting to

1473

01:01:24,910 --> 01:01:21,410

facilitate or help in this transition

1474

01:01:27,530 --> 01:01:24,920

right the only right it's the middle man

1475

01:01:29,600 --> 01:01:27,540

that is really the dysfunction at this

1476
01:01:30,770 --> 01:01:29,610
point not saying we don't need anything

1477
01:01:32,150 --> 01:01:30,780
in the middle of anything we need

1478
01:01:35,600 --> 01:01:32,160
everything it's just the time of

1479
01:01:37,700 --> 01:01:35,610
shifting right now we don't it's very

1480
01:01:40,340 --> 01:01:37,710
easy for us all right the people in

1481
01:01:43,430 --> 01:01:40,350
Congress all right the president very

1482
01:01:45,080 --> 01:01:43,440
tough jobs right we all see them as

1483
01:01:46,790 --> 01:01:45,090
people with a lot of power but we also

1484
01:01:49,220 --> 01:01:46,800
see something behind them that is a

1485
01:01:52,510 --> 01:01:49,230
power over them so what we're trying to

1486
01:01:55,100 --> 01:01:52,520
connect is to those two things we can

1487
01:01:57,980 --> 01:01:55,110
have a creative forum and we're going to

1488
01:01:59,930 --> 01:01:57,990

practice this experiment with the land

1489

01:02:02,930 --> 01:01:59,940

that provides itself and the people yes

1490

01:02:04,100 --> 01:02:02,940

to come to it's hard for me I really

1491

01:02:05,330 --> 01:02:04,110

don't want to reveal too much because I

1492

01:02:06,950 --> 01:02:05,340

don't want to interfere with people's

1493

01:02:08,090 --> 01:02:06,960

lives and they stand because it is going

1494

01:02:10,960 --> 01:02:08,100

to be a project that everyone agrees

1495

01:02:13,160 --> 01:02:10,970

with it's not going to be by surprises

1496

01:02:15,560 --> 01:02:13,170

when do you think knowledge of this is

1497

01:02:18,040 --> 01:02:15,570

going to hit a mainstream level on the

1498

01:02:20,780 --> 01:02:18,050

fourth of July this should be headline

1499

01:02:23,000 --> 01:02:20,790

across mainstream media absolutely one

1500

01:02:24,860 --> 01:02:23,010

hundred percent not me I think yes I

1501

01:02:28,300 --> 01:02:24,870

think mainstream media is going to be

1502

01:02:32,770 --> 01:02:30,790

they can't avoid it so and it's going to

1503

01:02:36,070 --> 01:02:32,780

be known it's going to be known as

1504

01:02:38,320 --> 01:02:36,080

project 45 yes project 45 the united

1505

01:02:41,650 --> 01:02:38,330

states of mind the united states of mind

1506

01:02:43,150 --> 01:02:41,660

and what on the fourth of july what sort

1507

01:02:44,710 --> 01:02:43,160

of changes is that when some changes

1508

01:02:49,000 --> 01:02:44,720

will start to get made is it all about

1509

01:02:51,640 --> 01:02:49,010

this place in arizona i will there be

1510

01:02:55,390 --> 01:02:51,650

any changes to government on the fourth

1511

01:02:57,940 --> 01:02:55,400

of july ok yes why because you're the

1512

01:02:59,950 --> 01:02:57,950

government because whoever whoever sees

1513

01:03:02,080 --> 01:02:59,960

this project and sees the information

1514

01:03:05,650 --> 01:03:02,090

and sees my story their minds will be

1515

01:03:08,080 --> 01:03:05,660

instantly transformed its wow you're the

1516

01:03:10,600 --> 01:03:08,090

government people who are unaware of

1517

01:03:12,640 --> 01:03:10,610

these truths are the government so yes

1518

01:03:14,790 --> 01:03:12,650

immediately anyone who sees the

1519

01:03:16,840 --> 01:03:14,800

information they have to present

1520

01:03:18,280 --> 01:03:16,850

immediately yes there is a change in the

1521

01:03:21,490 --> 01:03:18,290

government because they are the

1522

01:03:23,050 --> 01:03:21,500

government well set it seems like

1523

01:03:24,310 --> 01:03:23,060

abstract thinking but it's really simple

1524

01:03:27,220 --> 01:03:24,320

when you get down to it and a lot of

1525

01:03:29,560 --> 01:03:27,230

people have lost their con except with

1526

01:03:31,420 --> 01:03:29,570

they are the government everything was

1527

01:03:33,940 --> 01:03:31,430

for a time in a place there's altima

1528

01:03:36,880 --> 01:03:33,950

tlie no judgment in any of this you know

1529

01:03:38,920 --> 01:03:36,890

the great day of judgement is about no

1530

01:03:41,470 --> 01:03:38,930

judgment it's about using us are you

1531

01:03:44,200 --> 01:03:41,480

know a day when finally everyone on

1532

01:03:46,030 --> 01:03:44,210

earth everyone is in their right mind

1533

01:03:47,740 --> 01:03:46,040

everyone is in there right state of mind

1534

01:03:50,170 --> 01:03:47,750

they were a united state of mind and

1535

01:03:53,560 --> 01:03:50,180

we're in a place one day the day of

1536

01:03:57,040 --> 01:03:53,570

judgment where we can all have a place

1537

01:04:01,210 --> 01:03:57,050

of peace for one second one minute one

1538

01:04:03,400 --> 01:04:01,220

hour just sitting down holding hands

1539

01:04:06,100 --> 01:04:03,410

corny little story of a united humanity

1540

01:04:07,750 --> 01:04:06,110

i believe in it my life's work has no

1541

01:04:09,790 --> 01:04:07,760

room for failure because i work for God

1542

01:04:11,710 --> 01:04:09,800

I work for the American people I work

1543

01:04:13,480 --> 01:04:11,720

for every living cynthy and being in the

1544

01:04:15,370 --> 01:04:13,490

universe because I dedicated my life to

1545

01:04:17,590 --> 01:04:15,380

that they have I'm not going to stop

1546

01:04:19,420 --> 01:04:17,600

until they didn't tell ya there's no one

1547

01:04:21,550 --> 01:04:19,430

left to help essentially all I have to

1548

01:04:23,950 --> 01:04:21,560

do is help myself and allow that to

1549

01:04:25,660 --> 01:04:23,960

unfold so it all comes down to that I'm

1550

01:04:27,280 --> 01:04:25,670

not trying to change anyone I'm not

1551

01:04:28,990 --> 01:04:27,290

trying to fix anything

1552

01:04:30,820 --> 01:04:29,000

I do anything I'm just trying to be me

1553

01:04:33,970 --> 01:04:30,830

and I'm trying to be the best me that I

1554

01:04:38,170 --> 01:04:33,980

possibly can well said Jeremiah and the

1555

01:04:40,000 --> 01:04:38,180

website is project 45 um I have a I'm

1556

01:04:41,980 --> 01:04:40,010

not sure about the details I'm sure that

1557

01:04:44,740 --> 01:04:41,990

will be set up at a time it's all it's a

1558

01:04:46,960 --> 01:04:44,750

very organic experiment and so I have a

1559

01:04:48,520 --> 01:04:46,970

Facebook page set up right now that it's

1560

01:04:50,380 --> 01:04:48,530

called project project 45 the united

1561

01:04:52,990 --> 01:04:50,390

states of mind I don't have much load

1562

01:04:54,730 --> 01:04:53,000

onto it but I think that in the next

1563

01:04:58,270 --> 01:04:54,740

couple days I'll have a lot of pictures

1564

01:05:00,030 --> 01:04:58,280

uploaded that that will open the door

1565

01:05:01,900 --> 01:05:00,040

for an intense amount of questions

1566

01:05:04,540 --> 01:05:01,910

awesome well thanks for talking to us

1567

01:05:08,140 --> 01:05:04,550

Jeremiah it's been a pleasure thanks

1568

01:05:20,120 --> 01:05:08,150

that was us talking with Jeremiah Kaler

1569

01:05:23,880 --> 01:05:22,200

how's it going higher such errors i'm

1570

01:05:25,829 --> 01:05:23,890

here with peter dorset we're sitting

1571

01:05:29,519 --> 01:05:25,839

here talking at the conspiracy's booth

1572

01:05:32,549 --> 01:05:29,529

at comic-con 2013 peter knows a lot

1573

01:05:35,250 --> 01:05:32,559

about wall and he also knows a lot about

1574

01:05:37,740 --> 01:05:35,260

UFOs he's been schooling me for a little

1575

01:05:40,380 --> 01:05:37,750

while now Peter how's it going I'm doing

1576

01:05:42,569 --> 01:05:40,390

good great thanks for asking uh what can

1577

01:05:44,670 --> 01:05:42,579

you what can you tell us about a law

1578

01:05:45,829 --> 01:05:44,680

that has been kind of kept from us that

1579

01:05:47,670 --> 01:05:45,839

people night might not have been

1580

01:05:49,680 --> 01:05:47,680

educated about that would be pretty

1581

01:05:51,599 --> 01:05:49,690

helpful for them to know well the

1582

01:05:54,329 --> 01:05:51,609

interesting thing when I taught law for

1583

01:05:56,609 --> 01:05:54,339

about 15 years in Sacramento I became a

1584

01:05:58,410 --> 01:05:56,619

paralegal and I boiled down something

1585

01:05:59,609 --> 01:05:58,420

that was very Elementary I said you know

1586

01:06:01,890 --> 01:05:59,619

the difference between something that's

1587

01:06:03,660 --> 01:06:01,900

lawful and something that's legal and

1588

01:06:06,029 --> 01:06:03,670

most people said well are the same

1589

01:06:07,260 --> 01:06:06,039

aren't they and I said no actually if

1590

01:06:10,109 --> 01:06:07,270

you look them up in a law dictionary

1591

01:06:11,880 --> 01:06:10,119

you'll notice that there's more than one

1592

01:06:14,730 --> 01:06:11,890

definition however let me boil it down

1593

01:06:17,279 --> 01:06:14,740

for you so you have a conceptual idea of

1594

01:06:19,260 --> 01:06:17,289

what lawful is as opposed to it legal is

1595

01:06:21,450 --> 01:06:19,270

since that's the basis of what we're

1596

01:06:23,430 --> 01:06:21,460

going to talk about lawful is something

1597

01:06:25,710 --> 01:06:23,440

that's done Of By and For the People

1598

01:06:28,109 --> 01:06:25,720

with their permission and consent and

1599

01:06:31,049 --> 01:06:28,119

approval legal is something that's done

1600

01:06:33,809 --> 01:06:31,059

behind closed doors by attorneys

1601
01:06:36,599 --> 01:06:33,819
Congress people for the sole purpose of

1602
01:06:38,339 --> 01:06:36,609
extracting funds from somebody so when

1603
01:06:41,700 --> 01:06:38,349
they'll say when somebody says oh that's

1604
01:06:47,220 --> 01:06:41,710
illegal I can look up in the sky looking

1605
01:06:50,130 --> 01:06:47,230
for a sick bird and he'll Eagle there

1606
01:06:53,250 --> 01:06:50,140
are many languages that as Americans we

1607
01:06:55,109 --> 01:06:53,260
have the ability to think in we are

1608
01:06:57,150 --> 01:06:55,119
Street language which is what most

1609
01:06:59,430 --> 01:06:57,160
people converse in there's the written

1610
01:07:01,349 --> 01:06:59,440
language which is more formal then

1611
01:07:03,510 --> 01:07:01,359
there's legal leaves only leaves has a

1612
01:07:05,160 --> 01:07:03,520
different meaning than what a lot of

1613
01:07:08,700 --> 01:07:05,170

people think and so there's rules and

1614

01:07:11,160 --> 01:07:08,710

guidelines called law dictionaries for

1615

01:07:14,039 --> 01:07:11,170

example Black's Law Dictionary the first

1616

01:07:16,620 --> 01:07:14,049

edition came out 1890 they are now up to

1617

01:07:18,599 --> 01:07:16,630

edition number Ken the interesting thing

1618

01:07:22,099 --> 01:07:18,609

that's difference between us a Webster's

1619

01:07:25,200 --> 01:07:22,109

dictionary and a law dictionary is that

1620

01:07:28,059 --> 01:07:25,210

Webster's dictionary is used common

1621

01:07:30,489 --> 01:07:28,069

usage dictates what the word means

1622

01:07:32,170 --> 01:07:30,499

and that can change over time let's take

1623

01:07:35,349 --> 01:07:32,180

for example a word that most people are

1624

01:07:37,839 --> 01:07:35,359

now familiar with as gay that now means

1625

01:07:40,870 --> 01:07:37,849

someone who's homosexual however you

1626

01:07:43,329 --> 01:07:40,880

look at a dictionary from say the 1950s

1627

01:07:47,049 --> 01:07:43,339

gay meant someone who is happy so by

1628

01:07:48,519 --> 01:07:47,059

common usage that word changed once you

1629

01:07:51,160 --> 01:07:48,529

understand that the difference between

1630

01:07:53,319 --> 01:07:51,170

say Webster's dictionary now the

1631

01:07:55,809 --> 01:07:53,329

definition in black's law dictionary

1632

01:07:57,939 --> 01:07:55,819

there's a number of other publications

1633

01:07:59,559 --> 01:07:57,949

that are also called law dictionaries

1634

01:08:01,569 --> 01:07:59,569

but the black's law dictionary is the

1635

01:08:03,759 --> 01:08:01,579

most popular and that's what's used in

1636

01:08:07,449 --> 01:08:03,769

the court system and what they do is

1637

01:08:10,059 --> 01:08:07,459

they change the language to change your

1638

01:08:12,910 --> 01:08:10,069

perception here's an example starting

1639

01:08:16,689 --> 01:08:12,920

with the addition number seven which

1640

01:08:20,470 --> 01:08:16,699

came out 1992 up through now the word

1641

01:08:22,990 --> 01:08:20,480

United States as a definition was

1642

01:08:27,490 --> 01:08:23,000

eliminated from Black's Law Dictionary

1643

01:08:30,910 --> 01:08:27,500

the word that was substituted was United

1644

01:08:33,550 --> 01:08:30,920

Nations really that's that's a little

1645

01:08:35,890 --> 01:08:33,560

creepy well let that gets you to start

1646

01:08:37,539 --> 01:08:35,900

thinking the other thing is if you look

1647

01:08:41,079 --> 01:08:37,549

at the back of black's law dictionary

1648

01:08:43,539 --> 01:08:41,089

you'll see that it's published by the

1649

01:08:46,149 --> 01:08:43,549

British so the British actually are

1650

01:08:48,459 --> 01:08:46,159

still in control of the law in this

1651

01:08:51,160 --> 01:08:48,469

country the other thing that you'll note

1652

01:08:52,660 --> 01:08:51,170

when you get into studying a say for

1653

01:08:54,939 --> 01:08:52,670

example the United States Constitution

1654

01:08:57,309 --> 01:08:54,949

which is a very short document and which

1655

01:08:59,760 --> 01:08:57,319

all of the laws and rules of this

1656

01:09:04,300 --> 01:08:59,770

country are governed by so you have laws

1657

01:09:05,829 --> 01:09:04,310

regulations statutes and codes one of

1658

01:09:08,140 --> 01:09:05,839

the things that I try to tell people is

1659

01:09:09,249 --> 01:09:08,150

what is the definition of code do you

1660

01:09:11,229 --> 01:09:09,259

know what have you ever heard of what

1661

01:09:13,240 --> 01:09:11,239

the definition of code is and they'll

1662

01:09:15,280 --> 01:09:13,250

say well no I said okay look it up in

1663

01:09:18,010 --> 01:09:15,290

Webster's dictionary to start with

1664

01:09:19,329 --> 01:09:18,020

you'll learn and you and here's

1665

01:09:23,800 --> 01:09:19,339

something that I say have you ever heard

1666

01:09:26,769 --> 01:09:23,810

the movie wind Walker's start Nicolas

1667

01:09:29,260 --> 01:09:26,779

Cage he was dealing with some Navajo

1668

01:09:31,780 --> 01:09:29,270

Indians who were able to who were able

1669

01:09:34,959 --> 01:09:31,790

to speak in the clear because they were

1670

01:09:36,410 --> 01:09:34,969

using code code when you look it up in

1671

01:09:38,930 --> 01:09:36,420

Webster's dictionary

1672

01:09:42,650 --> 01:09:38,940

current language so why do you suppose

1673

01:09:45,470 --> 01:09:42,660

they call it the IRS code or the DMV

1674

01:09:47,450 --> 01:09:45,480

code Penal Code in the Penal Code it all

1675

01:09:50,300 --> 01:09:47,460

means you have to have a code book to

1676
01:09:52,280 --> 01:09:50,310
code decode it so it's secret language

1677
01:09:54,560 --> 01:09:52,290
so we're being duped so there's your

1678
01:09:56,150 --> 01:09:54,570
beginning along hey that's that's great

1679
01:09:58,430 --> 01:09:56,160
information I mean it makes total sense

1680
01:10:00,770 --> 01:09:58,440
it's also interesting because it seems

1681
01:10:03,350 --> 01:10:00,780
like if you want to see the direction in

1682
01:10:05,419 --> 01:10:03,360
which the country's going look at the

1683
01:10:07,010 --> 01:10:05,429
legal what they put on paper because a

1684
01:10:08,419 --> 01:10:07,020
lot of times that stuff they'll put it

1685
01:10:09,950 --> 01:10:08,429
on paper and then it doesn't roll out

1686
01:10:12,320 --> 01:10:09,960
for a few years and then it becomes

1687
01:10:14,590 --> 01:10:12,330
common well let me expand a little bit

1688
01:10:16,820 --> 01:10:14,600

on that great you have in this country

1689

01:10:21,439 --> 01:10:16,830

if you go back to the beginning this

1690

01:10:24,830 --> 01:10:21,449

country broke away as has 13 colonies

1691

01:10:27,050 --> 01:10:24,840

and a war that started in 1776 that was

1692

01:10:31,970 --> 01:10:27,060

the beginning it didn't end in 1776 it

1693

01:10:34,580 --> 01:10:31,980

started in 1776 and ended in 1781 we

1694

01:10:36,380 --> 01:10:34,590

defeated the British Greg I'm gonna ask

1695

01:10:38,689 --> 01:10:36,390

you a question what happened to the

1696

01:10:41,390 --> 01:10:38,699

British at the end of that war what did

1697

01:10:42,890 --> 01:10:41,400

they do while there where it's all they

1698

01:10:46,390 --> 01:10:42,900

went home they went home with their

1699

01:10:48,410 --> 01:10:46,400

weapons in tow does a vanquished foe

1700

01:10:50,540 --> 01:10:48,420

leave with their weapons from the

1701
01:10:52,729 --> 01:10:50,550
battlefield now they'd be lucky to live

1702
01:10:55,130 --> 01:10:52,739
with their heads right exactly so what's

1703
01:10:56,510 --> 01:10:55,140
wrong with this picture in that a lot of

1704
01:10:58,220 --> 01:10:56,520
people don't know that now let's move

1705
01:10:59,990 --> 01:10:58,230
let's fast forward to the next war that

1706
01:11:02,240 --> 01:11:00,000
we had and that was called the war of

1707
01:11:05,600 --> 01:11:02,250
1812 which lasted for three years till

1708
01:11:08,600 --> 01:11:05,610
1815 and then there was another war that

1709
01:11:10,640 --> 01:11:08,610
started in 1861 and ended in april of

1710
01:11:13,310 --> 01:11:10,650
eighteen sixty five and that one is

1711
01:11:15,979 --> 01:11:13,320
often referred to as the American Civil

1712
01:11:17,540 --> 01:11:15,989
War now let me ask you a real important

1713
01:11:19,310 --> 01:11:17,550

question because this is going to lead

1714

01:11:20,720 --> 01:11:19,320

into the other things which a lot of

1715

01:11:23,600 --> 01:11:20,730

people want it where is it where's the

1716

01:11:25,120 --> 01:11:23,610

UFO stuff right okay so what do you

1717

01:11:27,020 --> 01:11:25,130

suppose those three wars were all about

1718

01:11:27,890 --> 01:11:27,030

they're all about the same thing but

1719

01:11:31,150 --> 01:11:27,900

what do you think they were all about

1720

01:11:34,180 --> 01:11:31,160

well we're told power and territory no

1721

01:11:37,010 --> 01:11:34,190

it was about creating a central bank

1722

01:11:39,500 --> 01:11:37,020

well yeah that's true the underlines the

1723

01:11:40,970 --> 01:11:39,510

subtext that isn't taught in schools it

1724

01:11:43,479 --> 01:11:40,980

seems to be very prominent in a

1725

01:11:45,709 --> 01:11:43,489

conspiracy world is that yes all war is

1726

01:11:46,880 --> 01:11:45,719

basically about the monetary system in

1727

01:11:47,510 --> 01:11:46,890

which the people are going to operate

1728

01:11:49,940 --> 01:11:47,520

under

1729

01:11:52,580 --> 01:11:49,950

but you see what happens is that we tend

1730

01:11:55,010 --> 01:11:52,590

to forget that which is written or

1731

01:11:57,200 --> 01:11:55,020

whatever and so we speak in terms of

1732

01:12:00,380 --> 01:11:57,210

generations each generations about 25

1733

01:12:03,350 --> 01:12:00,390

years so we ask somebody I was in the

1734

01:12:05,210 --> 01:12:03,360

Vietnam War in the 60s and I asked

1735

01:12:07,190 --> 01:12:05,220

someone that maybe 40 years younger than

1736

01:12:08,630 --> 01:12:07,200

me to maybe two generations younger than

1737

01:12:10,580 --> 01:12:08,640

me and I'll see what do you know about

1738

01:12:12,710 --> 01:12:10,590

the Vietnam War and they'll say not much

1739

01:12:15,080 --> 01:12:12,720

a pretty much have forgotten weren't

1740

01:12:17,150 --> 01:12:15,090

much like Korea well I grew up during

1741

01:12:19,610 --> 01:12:17,160

the Korean War I was a born right at the

1742

01:12:21,410 --> 01:12:19,620

end of war two but I studied those

1743

01:12:23,120 --> 01:12:21,420

because it was important to me the

1744

01:12:24,770 --> 01:12:23,130

average person doesn't because it said

1745

01:12:27,290 --> 01:12:24,780

in there and they're mine takes up too

1746

01:12:29,600 --> 01:12:27,300

much time so when you look at what's

1747

01:12:32,300 --> 01:12:29,610

important to you you become involved

1748

01:12:34,280 --> 01:12:32,310

with it if it means something to you so

1749

01:12:35,990 --> 01:12:34,290

we can fast forward into the UFO stuff

1750

01:12:38,210 --> 01:12:36,000

at any time but let me give you one more

1751

01:12:40,190 --> 01:12:38,220

idea behind these things that you were

1752

01:12:43,070 --> 01:12:40,200

talking about with the drones in our

1753

01:12:45,200 --> 01:12:43,080

country we have three bodies what is

1754

01:12:48,560 --> 01:12:45,210

called a legislative which supposedly

1755

01:12:51,470 --> 01:12:48,570

creates the law we have the executive

1756

01:12:52,970 --> 01:12:51,480

which is the enforcement arm and then we

1757

01:12:55,520 --> 01:12:52,980

have the judicial which is the

1758

01:12:58,100 --> 01:12:55,530

interpretation well what most people

1759

01:13:00,230 --> 01:12:58,110

don't know is that we're governed by

1760

01:13:02,960 --> 01:13:00,240

executive orders which are written by

1761

01:13:06,020 --> 01:13:02,970

the by the president this when you do

1762

01:13:08,570 --> 01:13:06,030

the research started in 1861 with

1763

01:13:10,010 --> 01:13:08,580

Abraham Lincoln and the executive orders

1764

01:13:11,780 --> 01:13:10,020

if you go in and look at the

1765

01:13:14,030 --> 01:13:11,790

congressional records they were

1766

01:13:16,970 --> 01:13:14,040

basically promotions and demotions of

1767

01:13:20,000 --> 01:13:16,980

federal people employees not until you

1768

01:13:21,620 --> 01:13:20,010

get to 1933 do you really understand

1769

01:13:27,740 --> 01:13:21,630

that it had to do with banking because

1770

01:13:30,830 --> 01:13:27,750

on march nine 1933 Franklin Delano

1771

01:13:33,050 --> 01:13:30,840

Roosevelt placed this country into

1772

01:13:35,450 --> 01:13:33,060

bankruptcy and they were been in

1773

01:13:37,430 --> 01:13:35,460

bankruptcy ever since and it's sort of

1774

01:13:39,770 --> 01:13:37,440

interesting when you look at a federal

1775

01:13:41,780 --> 01:13:39,780

reserve note you ask someone what is

1776

01:13:44,450 --> 01:13:41,790

this they don't know where they note is

1777

01:13:47,060 --> 01:13:44,460

a promise to pay it's an IOU so how do

1778

01:13:49,790 --> 01:13:47,070

you discharge a debt with another debt

1779

01:13:51,980 --> 01:13:49,800

instrument that's a tricky question yes

1780

01:13:53,750 --> 01:13:51,990

and yet most people can't answer because

1781

01:13:56,130 --> 01:13:53,760

they don't have enough factual

1782

01:13:58,770 --> 01:13:56,140

background information to eat

1783

01:14:00,930 --> 01:13:58,780

and go there so what you were alluding

1784

01:14:04,500 --> 01:14:00,940

to with the groans and everything else

1785

01:14:06,090 --> 01:14:04,510

is the quote imperial arm of the

1786

01:14:10,380 --> 01:14:06,100

executive branch doing whatever they

1787

01:14:12,570 --> 01:14:10,390

want absolutely and uh there are some

1788

01:14:15,480 --> 01:14:12,580

speakers there are some people out there

1789

01:14:18,870 --> 01:14:15,490

that are talking about the idea that the

1790

01:14:21,900 --> 01:14:18,880

UFO story was all a cover up to cover up

1791

01:14:23,340 --> 01:14:21,910

the drone technology would you subscribe

1792

01:14:25,110 --> 01:14:23,350

to that or do you think there's real

1793

01:14:27,840 --> 01:14:25,120

UFOs you've been telling me about that

1794

01:14:30,720 --> 01:14:27,850

yes UFOs do exist they've existed for a

1795

01:14:33,390 --> 01:14:30,730

long time if you look at ancient history

1796

01:14:36,330 --> 01:14:33,400

there's a lot of pictographs a lot of

1797

01:14:39,780 --> 01:14:36,340

monuments there's obviously the pyramids

1798

01:14:41,670 --> 01:14:39,790

things like this puma puma punku God in

1799

01:14:43,920 --> 01:14:41,680

Bolivia you know you've got stones that

1800

01:14:45,690 --> 01:14:43,930

are four or five hundred tons it can't

1801
01:14:47,430 --> 01:14:45,700
be moved by any modern equipment to this

1802
01:14:49,260 --> 01:14:47,440
day there's no trees so they didn't move

1803
01:14:52,530 --> 01:14:49,270
them with trees how did they do it and

1804
01:14:54,210 --> 01:14:52,540
the naysayers will say oh it was just

1805
01:14:56,040 --> 01:14:54,220
you know it just happened that way they

1806
01:14:57,990 --> 01:14:56,050
don't have enough they have what is

1807
01:14:59,880 --> 01:14:58,000
known as cognitive dissonance cognitive

1808
01:15:01,950 --> 01:14:59,890
dissonance means well I've never heard

1809
01:15:04,980 --> 01:15:01,960
that so I can't believe it and there's a

1810
01:15:08,430 --> 01:15:04,990
lot of that going on with UFOs UFOs and

1811
01:15:09,900 --> 01:15:08,440
the UFO people the UFO community we've

1812
01:15:12,660 --> 01:15:09,910
been visited by people from our own

1813
01:15:14,640 --> 01:15:12,670

future there's a number of people that

1814

01:15:16,500 --> 01:15:14,650

have subscribed to that that are aware

1815

01:15:19,140 --> 01:15:16,510

of that that know we are being visited

1816

01:15:21,480 --> 01:15:19,150

right now by people from our future they

1817

01:15:23,100 --> 01:15:21,490

have cloaking capabilities they have the

1818

01:15:25,230 --> 01:15:23,110

ability to shape-shift they have them

1819

01:15:27,210 --> 01:15:25,240

all these abilities and yet when we

1820

01:15:28,530 --> 01:15:27,220

don't understand that we say I can't

1821

01:15:30,420 --> 01:15:28,540

believe it so therefore I don't believe

1822

01:15:33,240 --> 01:15:30,430

it what do you think is the best

1823

01:15:35,010 --> 01:15:33,250

evidence that's a skeptic or someone who

1824

01:15:36,540 --> 01:15:35,020

wants to believe but is looking for that

1825

01:15:38,910 --> 01:15:36,550

smoking gun what do you think is the

1826

01:15:41,610 --> 01:15:38,920

best thing they could look at in terms

1827

01:15:43,380 --> 01:15:41,620

of the UFO story well whenever you come

1828

01:15:45,450 --> 01:15:43,390

across any kind of knowledge that you

1829

01:15:47,070 --> 01:15:45,460

don't know about whether it's law or

1830

01:15:49,350 --> 01:15:47,080

anything else you have to look at it

1831

01:15:51,750 --> 01:15:49,360

from many different angles one of the

1832

01:15:54,060 --> 01:15:51,760

things when I was teaching law was how

1833

01:15:56,490 --> 01:15:54,070

did when you get a citation it's because

1834

01:15:58,110 --> 01:15:56,500

someone cited you they was a visual

1835

01:16:01,470 --> 01:15:58,120

that's where citing although it's

1836

01:16:03,030 --> 01:16:01,480

spelled si gh T ing the citation has

1837

01:16:05,280 --> 01:16:03,040

spells CIT a TI

1838

01:16:08,040 --> 01:16:05,290

so but it means the same thing means

1839

01:16:09,930 --> 01:16:08,050

there was visual evidence what happens

1840

01:16:13,680 --> 01:16:09,940

is when we when we're doing a lot of

1841

01:16:15,690 --> 01:16:13,690

research is we tend to hear information

1842

01:16:18,420 --> 01:16:15,700

and a court of law that becomes known as

1843

01:16:20,580 --> 01:16:18,430

hearsay evidence so when you're doing

1844

01:16:23,580 --> 01:16:20,590

UFO research you're going to hear a lot

1845

01:16:26,310 --> 01:16:23,590

of hearsay evidence until a person

1846

01:16:28,740 --> 01:16:26,320

actually has their own encounter and

1847

01:16:31,830 --> 01:16:28,750

they see with their own eyes one of the

1848

01:16:34,050 --> 01:16:31,840

things that I learned in my study of

1849

01:16:36,060 --> 01:16:34,060

this is that we actually have two

1850

01:16:38,430 --> 01:16:36,070

eyelids we have an outer eyelid and

1851

01:16:40,170 --> 01:16:38,440

inner eyelid and one of the things that

1852

01:16:42,750 --> 01:16:40,180

a person can do with this is they can

1853

01:16:45,300 --> 01:16:42,760

learn how to control energy and that is

1854

01:16:46,980 --> 01:16:45,310

by looking at the Sun and they open up

1855

01:16:49,020 --> 01:16:46,990

the inner eyelid they can allow

1856

01:16:50,700 --> 01:16:49,030

themselves to look at the Sun when you

1857

01:16:53,160 --> 01:16:50,710

look at the Sun you're receiving energy

1858

01:16:55,170 --> 01:16:53,170

that you that was around and has been

1859

01:16:57,480 --> 01:16:55,180

around a long time the ancients knew

1860

01:16:58,770 --> 01:16:57,490

this I mean you asked the question is

1861

01:17:00,540 --> 01:16:58,780

how many ancient people did you know

1862

01:17:03,000 --> 01:17:00,550

wore glasses they didn't they didn't

1863

01:17:04,860 --> 01:17:03,010

need him it's a very controversial

1864

01:17:07,080 --> 01:17:04,870

subject but I've seen the documentary

1865

01:17:08,790 --> 01:17:07,090

eating the Sun which is kind of what

1866

01:17:10,890 --> 01:17:08,800

we're talking about there are people who

1867

01:17:13,620 --> 01:17:10,900

get their nourishment and their energy

1868

01:17:15,810 --> 01:17:13,630

from staring at the Sun it seems

1869

01:17:18,450 --> 01:17:15,820

incredibly controversial because that's

1870

01:17:20,130 --> 01:17:18,460

the doctrine of how dangerous that is

1871

01:17:22,170 --> 01:17:20,140

has been drilled into our heads since

1872

01:17:24,150 --> 01:17:22,180

childhood and it seems like it would be

1873

01:17:26,340 --> 01:17:24,160

dangerous it hurts it hurts my eyes to

1874

01:17:27,240 --> 01:17:26,350

look at the Sun of course there in the

1875

01:17:29,370 --> 01:17:27,250

movie they talk about different

1876

01:17:31,230 --> 01:17:29,380

techniques you look at it at the when

1877

01:17:34,050 --> 01:17:31,240

it's low in the horizon or during the

1878

01:17:35,790 --> 01:17:34,060

rise of the setting but that's really

1879

01:17:39,330 --> 01:17:35,800

interesting you've had some positive

1880

01:17:42,750 --> 01:17:39,340

experiences and some real results from

1881

01:17:44,220 --> 01:17:42,760

from sun gazing yes I have and and I did

1882

01:17:45,960 --> 01:17:44,230

find that on the internet it's actually

1883

01:17:48,120 --> 01:17:45,970

called eat the Sun so just go to google

1884

01:17:49,380 --> 01:17:48,130

type in eat the Sun there's something

1885

01:17:53,580 --> 01:17:49,390

else you can do well we're kind of on

1886

01:17:55,830 --> 01:17:53,590

that subject is to type in Google the

1887

01:17:57,930 --> 01:17:55,840

secret life of plants and you'll learn

1888

01:18:01,200 --> 01:17:57,940

about how plants are sentient you can

1889

01:18:03,270 --> 01:18:01,210

also type in dr. emoto's water research

1890

01:18:05,100 --> 01:18:03,280

and you learn that water or any liquid

1891

01:18:07,980 --> 01:18:05,110

for that matter is sentient and the

1892

01:18:09,960 --> 01:18:07,990

crystalline structure of that can change

1893

01:18:12,570 --> 01:18:09,970

just by the mere thought not just words

1894

01:18:14,490 --> 01:18:12,580

spoken but the mere thought of that can

1895

01:18:16,350 --> 01:18:14,500

change the crystalline structure so

1896

01:18:17,069 --> 01:18:16,360

ultimately what does that mean going

1897

01:18:19,259 --> 01:18:17,079

back to your rigid

1898

01:18:22,049 --> 01:18:19,269

question it has to do with how we

1899

01:18:23,939 --> 01:18:22,059

believe if we don't believe there's UFOs

1900

01:18:25,949 --> 01:18:23,949

or if there's aliens or anything will

1901

01:18:28,529 --> 01:18:25,959

never believe it because our mind has

1902

01:18:31,139 --> 01:18:28,539

put up a blockage for us and we can't

1903

01:18:33,000 --> 01:18:31,149

see that once the veil is lifted I mean

1904

01:18:35,549 --> 01:18:33,010

I could take you out to places where a

1905

01:18:37,199 --> 01:18:35,559

group of us will watch UFOs and somebody

1906

01:18:39,179 --> 01:18:37,209

that doesn't believe in UFOs can't see

1907

01:18:40,949 --> 01:18:39,189

them and everybody else could see them

1908

01:18:43,319 --> 01:18:40,959

and look at it yeah where there's lots

1909

01:18:45,989 --> 01:18:43,329

of them but they can't see them because

1910

01:18:48,899 --> 01:18:45,999

their minds eye doesn't allow them to

1911

01:18:51,599 --> 01:18:48,909

see it they're saying no and how does

1912

01:18:55,049 --> 01:18:51,609

that work with video evidence well video

1913

01:18:58,229 --> 01:18:55,059

video captures what it sees in terms of

1914

01:19:00,929 --> 01:18:58,239

light capturing our ability with our

1915

01:19:03,779 --> 01:19:00,939

lens and our eyes and our iris is that

1916

01:19:06,119 --> 01:19:03,789

we do an interpretation in our brain so

1917

01:19:07,290 --> 01:19:06,129

if you actually look at when we look at

1918

01:19:09,479 --> 01:19:07,300

something that's written it's actually

1919

01:19:10,979 --> 01:19:09,489

backwards it goes through this process

1920

01:19:12,810 --> 01:19:10,989

in our mind and we have to flip it and

1921

01:19:14,790 --> 01:19:12,820

there are people that have written OSIS

1922

01:19:17,189 --> 01:19:14,800

and the number of other diseases that

1923

01:19:19,259 --> 01:19:17,199

can't do that just yet then don't have

1924

01:19:20,790 --> 01:19:19,269

the ability to switch that so they have

1925

01:19:23,489 --> 01:19:20,800

to learn how to see things upside down

1926

01:19:25,739 --> 01:19:23,499

backwards and to them that's right it's

1927

01:19:28,139 --> 01:19:25,749

like how do you define colors to someone

1928

01:19:29,790 --> 01:19:28,149

that's never seen colors I mean that's

1929

01:19:31,829 --> 01:19:29,800

that's a something that we take for

1930

01:19:34,679 --> 01:19:31,839

granted and that's in the UFO community

1931

01:19:36,329 --> 01:19:34,689

those of us that are in the know we sort

1932

01:19:38,609 --> 01:19:36,339

of take it for granted that there's a

1933

01:19:40,439 --> 01:19:38,619

lot of people to know know that how did

1934

01:19:42,750 --> 01:19:40,449

they get where of it and the answer is

1935

01:19:44,459 --> 01:19:42,760

really you ask someone when did you

1936

01:19:47,219 --> 01:19:44,469

first have your first experience or how

1937

01:19:49,109 --> 01:19:47,229

do you know I taught a training and when

1938

01:19:52,500 --> 01:19:49,119

I was teaching real estate we called it

1939

01:19:54,929 --> 01:19:52,510

mastering and the question was how do

1940

01:19:56,429 --> 01:19:54,939

you know you know and the answer

1941

01:19:57,869 --> 01:19:56,439

ultimately is you want to boil

1942

01:20:00,509 --> 01:19:57,879

everything down into as few words as you

1943

01:20:02,129 --> 01:20:00,519

can the answer is you know that you know

1944

01:20:04,049 --> 01:20:02,139

when you know that there's no other

1945

01:20:06,899 --> 01:20:04,059

answer you've come up with it can't be

1946

01:20:10,489 --> 01:20:06,909

anything else and so you come to that

1947

01:20:12,540 --> 01:20:10,499

conclusion whether it's by deduction

1948

01:20:14,969 --> 01:20:12,550

reasoning or whatever else you may want

1949

01:20:16,949 --> 01:20:14,979

to call it let you know and you have an

1950

01:20:19,319 --> 01:20:16,959

intuition about whether it some people

1951

01:20:22,290 --> 01:20:19,329

call it a sixth sense so it's in some

1952

01:20:24,540 --> 01:20:22,300

regards it's like knowing if I told you

1953

01:20:27,179 --> 01:20:24,550

Greg that there is shapeshifters among

1954

01:20:28,640 --> 01:20:27,189

us I can see them you can't you'd say

1955

01:20:31,010 --> 01:20:28,650

how do you know Isis because I

1956

01:20:33,380 --> 01:20:31,020

can see them there's been movies that

1957

01:20:36,140 --> 01:20:33,390

have been alluded to that that some

1958

01:20:37,520 --> 01:20:36,150

people were special glasses and they can

1959

01:20:39,950 --> 01:20:37,530

let they live and they could see that

1960

01:20:42,500 --> 01:20:39,960

well that's what happens for those of us

1961

01:20:44,750 --> 01:20:42,510

that can see the law for example or how

1962

01:20:47,090 --> 01:20:44,760

it's being subverted is that our country

1963

01:20:49,700 --> 01:20:47,100

is being taken over and has been for a

1964

01:20:51,260 --> 01:20:49,710

long time it's a corporation and that's

1965

01:20:53,570 --> 01:20:51,270

another subject but when you get into

1966

01:20:55,070 --> 01:20:53,580

this thing of knowledge it's like how

1967

01:20:56,990 --> 01:20:55,080

much do you want it's like how much of

1968

01:20:58,520 --> 01:20:57,000

the pie you want to eat how much of the

1969

01:21:00,680 --> 01:20:58,530

knowledge do you want you want just a

1970

01:21:03,080 --> 01:21:00,690

little taste or do you want to know more

1971

01:21:05,300 --> 01:21:03,090

and its insatiable for me it's sensational

1972

01:21:08,120 --> 01:21:05,310

meaning that one thing leads to another

1973

01:21:10,490 --> 01:21:08,130

so law can lead to UFOs can leave to new

1974

01:21:12,740 --> 01:21:10,500

discoveries discoveries that most people

1975

01:21:14,930 --> 01:21:12,750

say that can't happen I mean we have

1976

01:21:17,450 --> 01:21:14,940

technology now that can make a person

1977

01:21:19,010 --> 01:21:17,460

invisible we also have technologies that

1978

01:21:21,260 --> 01:21:19,020

you can point a weapon and disintegrate

1979

01:21:23,540 --> 01:21:21,270

somebody totally vaporize them I mean

1980

01:21:25,669 --> 01:21:23,550

that sounds like DC comic stuff but in

1981

01:21:27,770 --> 01:21:25,679

reality exists I know I was in the

1982

01:21:30,800 --> 01:21:27,780

military and above top secret clearance

1983

01:21:32,510 --> 01:21:30,810

I was a infantry commander and then I

1984

01:21:35,030 --> 01:21:32,520

was a public information officer so I

1985

01:21:36,830 --> 01:21:35,040

have the knowledge a first-hand being

1986

01:21:39,320 --> 01:21:36,840

able to experience it see it feel it

1987

01:21:41,990 --> 01:21:39,330

touch it everything else when you talk

1988

01:21:44,899 --> 01:21:42,000

to someone you must qualify them by

1989

01:21:46,189 --> 01:21:44,909

asking who what why where when how what

1990

01:21:48,080 --> 01:21:46,199

is your experience how did you come

1991

01:21:50,000 --> 01:21:48,090

about it how do you know that exists a

1992

01:21:51,979 --> 01:21:50,010

lot of people like to give lip service

1993

01:21:53,870 --> 01:21:51,989

to something because they want the

1994

01:21:56,390 --> 01:21:53,880

recognition and when I asked you

1995

01:21:59,419 --> 01:21:56,400

originally with the weather most basic

1996

01:22:01,310 --> 01:21:59,429

needs are the answer should be air then

1997

01:22:03,320 --> 01:22:01,320

water and then food then shelter and

1998

01:22:04,970 --> 01:22:03,330

then love well what has happened for a

1999

01:22:07,669 --> 01:22:04,980

lot of young people is they've taken

2000

01:22:09,770 --> 01:22:07,679

love is the number one requirement in

2001
01:22:11,840 --> 01:22:09,780
the form of texting because they can be

2002
01:22:13,610 --> 01:22:11,850
instantly recognized oh I'm great well

2003
01:22:15,530 --> 01:22:13,620
I'm wonderful or whatever they don't

2004
01:22:17,450 --> 01:22:15,540
realize that they're giving up or

2005
01:22:19,490 --> 01:22:17,460
sacrificing their personal freedoms I

2006
01:22:21,320 --> 01:22:19,500
thought that was a really good point you

2007
01:22:22,370 --> 01:22:21,330
made before we start recording that a

2008
01:22:25,160 --> 01:22:22,380
lot of people are getting their

2009
01:22:26,930 --> 01:22:25,170
validation from status updates and

2010
01:22:29,120 --> 01:22:26,940
having that phone on them all the time

2011
01:22:31,130 --> 01:22:29,130
in the social media aspect because there

2012
01:22:33,680 --> 01:22:31,140
is a deficiency in the love area and

2013
01:22:36,110 --> 01:22:33,690

it's like a crying out for attention and

2014

01:22:37,790 --> 01:22:36,120

I see that so often you know just

2015

01:22:40,220 --> 01:22:37,800

telling people hey I'm eating a sandwich

2016

01:22:42,020 --> 01:22:40,230

today you know every everybody should

2017

01:22:43,190 --> 01:22:42,030

know that and it's really like

2018

01:22:44,660 --> 01:22:43,200

you don't really have anything to say

2019

01:22:46,160 --> 01:22:44,670

but you're crying out for some type of

2020

01:22:49,070 --> 01:22:46,170

attention some type of validation

2021

01:22:50,720 --> 01:22:49,080

because everybody is too busy to really

2022

01:22:52,790 --> 01:22:50,730

love each other everybody's on their own

2023

01:22:54,020 --> 01:22:52,800

I'd say capitalism puts us in a

2024

01:22:56,390 --> 01:22:54,030

situation where it's every man for

2025

01:22:58,970 --> 01:22:56,400

themself makes it hard to work in teams

2026

01:23:00,650 --> 01:22:58,980

that are going to last a long time but

2027

01:23:02,900 --> 01:23:00,660

yeah I think there's definitely a love

2028

01:23:04,400 --> 01:23:02,910

deficiency I think that's what you know

2029

01:23:07,070 --> 01:23:04,410

foster gamble talks about with the

2030

01:23:08,420 --> 01:23:07,080

Thrive movement he's here today yeah I

2031

01:23:10,430 --> 01:23:08,430

thought that was a great point that

2032

01:23:13,190 --> 01:23:10,440

deficiency is being made up with the

2033

01:23:16,130 --> 01:23:13,200

technology I would agree with you Greg

2034

01:23:18,490 --> 01:23:16,140

and when you think about here's a

2035

01:23:21,200 --> 01:23:18,500

question that you can ask your listeners

2036

01:23:23,330 --> 01:23:21,210

and this should be a question in it when

2037

01:23:25,910 --> 01:23:23,340

you meet a stranger you should not be

2038

01:23:28,400 --> 01:23:25,920

afraid to ask so what major contribution

2039

01:23:31,040 --> 01:23:28,410

have you made to society you think about

2040

01:23:33,410 --> 01:23:31,050

that's a real deep question because in

2041

01:23:36,410 --> 01:23:33,420

some regards people say why are you

2042

01:23:38,330 --> 01:23:36,420

asking me that well the answer is what

2043

01:23:40,640 --> 01:23:38,340

do you what value do you see in what

2044

01:23:42,830 --> 01:23:40,650

you've done how are you contributing to

2045

01:23:44,510 --> 01:23:42,840

make this a better place instead of just

2046

01:23:46,730 --> 01:23:44,520

taking which most people are there

2047

01:23:48,980 --> 01:23:46,740

takers there's very few givers or

2048

01:23:51,770 --> 01:23:48,990

they're contributing only to the success

2049

01:23:53,540 --> 01:23:51,780

of one corporation or one entity that

2050

01:23:56,420 --> 01:23:53,550

isn't really doing anything or in most

2051

01:23:58,790 --> 01:23:56,430

cases working against the interests of

2052

01:24:02,900 --> 01:23:58,800

the society as a whole what they do is

2053

01:24:06,590 --> 01:24:02,910

they trade their labor for money and

2054

01:24:08,960 --> 01:24:06,600

money is driving people in most respects

2055

01:24:10,430 --> 01:24:08,970

if something in fact one of the courses

2056

01:24:11,870 --> 01:24:10,440

that i thought was called mastery and

2057

01:24:15,650 --> 01:24:11,880

one of the questions that we would ask

2058

01:24:17,450 --> 01:24:15,660

is what is your purpose i love you said

2059

01:24:18,620 --> 01:24:17,460

do i have to have a purpose no you don't

2060

01:24:20,870 --> 01:24:18,630

have to have a purpose but the people

2061

01:24:22,850 --> 01:24:20,880

that can define their purpose clearly

2062

01:24:24,890 --> 01:24:22,860

and succinctly in st. two sentences and

2063

01:24:27,650 --> 01:24:24,900

can repeat it over and over the same

2064

01:24:30,500 --> 01:24:27,660

thing they're on focus my purpose and

2065

01:24:32,990 --> 01:24:30,510

has been for many years is to help and

2066

01:24:35,660 --> 01:24:33,000

educate people so that they become

2067

01:24:39,320 --> 01:24:35,670

empowered so they can teach other people

2068

01:24:42,040 --> 01:24:39,330

through their own life's experiences how

2069

01:24:44,319 --> 01:24:42,050

to resolve problems or challenges

2070

01:24:47,770 --> 01:24:44,329

that's a worthy goal and it's good that

2071

01:24:49,530 --> 01:24:47,780

you found your your path I appreciate

2072

01:24:52,720 --> 01:24:49,540

talking with you Peter it's been awesome

2073

01:24:54,100 --> 01:24:52,730

the listeners I'm sure enjoyed it wizard

2074

01:24:55,540 --> 01:24:54,110

do you have a website is there some

2075

01:24:57,939 --> 01:24:55,550

place people can check out your work

2076

01:24:59,950 --> 01:24:57,949

good but I had it hack so it's down now

2077

01:25:05,640 --> 01:24:59,960

I do have an email address you go

2078

thanks again man enjoy the rest of the

2082

01:25:29,899 --> 01:25:26,839

my what's happening people i'm here at

2083

01:25:32,569 --> 01:25:29,909

the conspiracy con 2013 standing at the

2084

01:25:34,819 --> 01:25:32,579

booth for programming the nation pretty

2085

01:25:37,310 --> 01:25:34,829

awesome movie about subliminal images in

2086

01:25:39,589 --> 01:25:37,320

the media and commercials and whatnot

2087

01:25:41,649 --> 01:25:39,599

i'm here with the writer producer and

2088

01:25:43,640 --> 01:25:41,659

director of that movie jeff warwick and

2089

01:25:45,439 --> 01:25:43,650

he's going to tell us a little bit about

2090

01:25:48,620 --> 01:25:45,449

it jeff how's it going man hey good Greg

2091

01:25:51,919 --> 01:25:48,630

how you doing and complain um so what's

2092

01:25:54,500 --> 01:25:51,929

uh what's the main message behind this

2093

01:25:56,359 --> 01:25:54,510

movie programming the nation well the

2094

01:25:57,739 --> 01:25:56,369

main message is that you know we're

2095

01:26:00,830 --> 01:25:57,749

controlled in a lot of ways that were

2096

01:26:03,250 --> 01:26:00,840

completely unaware of media has a very

2097

01:26:05,779 --> 01:26:03,260

pervasive effect on all of society and

2098

01:26:10,399 --> 01:26:05,789

so the goal is to control and keep

2099

01:26:13,729 --> 01:26:10,409

people in line and dumbed down and you

2100

01:26:14,719 --> 01:26:13,739

know uninformed and misinformed and the

2101

01:26:17,569 --> 01:26:14,729

film kind of covers a lot of those

2102

01:26:20,509 --> 01:26:17,579

things and how it happens for me to die

2103

01:26:23,000 --> 01:26:20,519

making the film was really kind of a 911

2104

01:26:25,399 --> 01:26:23,010

i guess was a catalyst for it after nine

2105

01:26:28,219 --> 01:26:25,409

eleven i started becoming curious as to

2106

01:26:29,779 --> 01:26:28,229

a lot of things you know well what

2107

01:26:33,169 --> 01:26:29,789

happened on that day and with that event

2108

01:26:34,580 --> 01:26:33,179

specifically but also i started looking

2109

01:26:36,589 --> 01:26:34,590

at media in new ways i started looking

2110

01:26:40,310 --> 01:26:36,599

at how the media was beating the drum

2111

01:26:41,810 --> 01:26:40,320

for war in iraq and you know how they

2112

01:26:45,620 --> 01:26:41,820

were kind of juxtaposing images of

2113

01:26:47,899 --> 01:26:45,630

saddam hussein and 911 when 911 you know

2114

01:26:50,120 --> 01:26:47,909

Saddam was never involved with terrorism

2115

01:26:52,299 --> 01:26:50,130

911 and that they never ever found

2116

01:26:55,100 --> 01:26:52,309

weapons of mass destruction there so

2117

01:26:56,750 --> 01:26:55,110

things like that kind of i looked at the

2118

01:26:58,819 --> 01:26:56,760

median why they were doing that and you

2119

01:27:01,790 --> 01:26:58,829

know I knew that with the war was going

2120

01:27:02,810 --> 01:27:01,800

to be inevitable and and since then all

2121

01:27:05,540 --> 01:27:02,820

we've been doing is finding this long

2122

01:27:09,319 --> 01:27:05,550

war on terror which is just a ploy to

2123

01:27:11,719 --> 01:27:09,329

keep people afraid and and in line and

2124

01:27:15,560 --> 01:27:11,729

and and so the film con takes a look a

2125

01:27:17,540 --> 01:27:15,570

lot of these things I i try to it start

2126
01:27:18,770 --> 01:27:17,550
you know it uses it subliminal messaging

2127
01:27:20,209 --> 01:27:18,780
is kind of the narrative thread that

2128
01:27:22,750 --> 01:27:20,219
pieces it all together but we talk about

2129
01:27:24,589 --> 01:27:22,760
things like project harpin Alaska

2130
01:27:27,919 --> 01:27:24,599
psychological operations that are

2131
01:27:30,560 --> 01:27:27,929
military industrial complex is using and

2132
01:27:33,290 --> 01:27:30,570
has used here at home similar to things

2133
01:27:34,540 --> 01:27:33,300
like project MKULTRA in the 60s and 70s

2134
01:27:38,560 --> 01:27:34,550
now they have

2135
01:27:42,399 --> 01:27:38,570
much more sophisticated ways of you know

2136
01:27:45,819 --> 01:27:42,409
programming the population and and also

2137
01:27:47,919 --> 01:27:45,829
you know as weaponry to when you think

2138
01:27:49,629 --> 01:27:47,929

about it and what they can do without

2139

01:27:51,810 --> 01:27:49,639

even having to shoot a bullet or launch

2140

01:27:53,830 --> 01:27:51,820

a mom or a missile or anything so

2141

01:27:55,390 --> 01:27:53,840

absolutely man I mean I've seen the

2142

01:27:57,160 --> 01:27:55,400

trailer here it's got a high production

2143

01:27:58,870 --> 01:27:57,170

value it's pretty awesome going through

2144

01:28:01,689 --> 01:27:58,880

some of the commercials and stuff seeing

2145

01:28:03,189 --> 01:28:01,699

the sex written in the ice and you know

2146

01:28:04,569 --> 01:28:03,199

the marketers aren't doing that for no

2147

01:28:07,000 --> 01:28:04,579

reason you know there's obviously

2148

01:28:09,939 --> 01:28:07,010

something in our brains that is taking

2149

01:28:11,350 --> 01:28:09,949

that in that we're not aware of and it's

2150

01:28:13,569 --> 01:28:11,360

pretty cool to see all the examples

2151
01:28:14,950 --> 01:28:13,579
lined up like you have in the movie the

2152
01:28:18,010 --> 01:28:14,960
production quality is great are you

2153
01:28:20,950 --> 01:28:18,020
planning any anything any follow-up to

2154
01:28:23,020 --> 01:28:20,960
this one terms of a follow-up I mean I'm

2155
01:28:24,370 --> 01:28:23,030
not I'm not really engaged in current

2156
01:28:29,290 --> 01:28:24,380
projects but we are looking at doing a

2157
01:28:30,790 --> 01:28:29,300
second film on this and you know what's

2158
01:28:34,270 --> 01:28:30,800
funny is after finishing the film I kind

2159
01:28:35,740 --> 01:28:34,280
of realized how you know the what we

2160
01:28:37,899 --> 01:28:35,750
cover in the film is really just the tip

2161
01:28:40,299 --> 01:28:37,909
of the iceberg how there's so much more

2162
01:28:42,280 --> 01:28:40,309
going on there's things like you know

2163
01:28:45,220 --> 01:28:42,290

government harassment and he's dropping

2164

01:28:48,339 --> 01:28:45,230

that is becoming more and more prevalent

2165

01:28:51,339 --> 01:28:48,349

particularly with people that are truth

2166

01:28:53,319 --> 01:28:51,349

seekers as well as a free press you know

2167

01:28:55,270 --> 01:28:53,329

they don't want the press to be free so

2168

01:28:56,770 --> 01:28:55,280

they want to monitor them they want to

2169

01:28:58,479 --> 01:28:56,780

follow them they want to harass them and

2170

01:29:01,839 --> 01:28:58,489

then use a lot of high-tech means to do

2171

01:29:04,390 --> 01:29:01,849

that so absolutely man that's awesome

2172

01:29:06,330 --> 01:29:04,400

and so just tell the people where is the

2173

01:29:08,890 --> 01:29:06,340

is the movie available online for free

2174

01:29:11,080 --> 01:29:08,900

yeah it's available at programming the

2175

01:29:12,250 --> 01:29:11,090

nation com which is our website so you

2176

01:29:14,319 --> 01:29:12,260

can go there and check it out and

2177

01:29:16,359 --> 01:29:14,329

there's a play now button and you can

2178

01:29:21,040 --> 01:29:16,369

watch the movie online awesome man

2179

01:29:24,910 --> 01:29:21,050

thanks a lot appreciate it where's mine

2180

01:29:29,439 --> 01:29:27,299

with my

2181

01:29:32,439 --> 01:29:29,449

what's up folks were still here at the

2182

01:29:34,240 --> 01:29:32,449

conspiracy con on the final few hours

2183

01:29:36,669 --> 01:29:34,250

i'm here with the man Big Daddy Ron

2184

01:29:38,560 --> 01:29:36,679

patent he's the guy from paranoia the

2185

01:29:40,930 --> 01:29:38,570

publisher of paranoia magazine Ron how's

2186

01:29:42,910 --> 01:29:40,940

it going it's going quite well Greg how

2187

01:29:44,620 --> 01:29:42,920

are you I can't complain man it's been

2188

01:29:46,000 --> 01:29:44,630

fun being neighbors with you through

2189

01:29:48,010 --> 01:29:46,010

this event how do you think this one

2190

01:29:52,540 --> 01:29:48,020

stacks up compared to previous

2191

01:29:54,370 --> 01:29:52,550

conspiracy cons well it's been pretty

2192

01:29:56,950 --> 01:29:54,380

good for the most part I mean it's a

2193

01:29:59,470 --> 01:29:56,960

different venue we were meeting at the

2194

01:30:02,200 --> 01:29:59,480

santa clara marriott since the

2195

01:30:04,029 --> 01:30:02,210

beginnings i think since 2000 so you

2196

01:30:06,160 --> 01:30:04,039

know as a bit of an adjustment as far as

2197

01:30:07,899 --> 01:30:06,170

how the tables were set up but i think

2198

01:30:10,600 --> 01:30:07,909

the crowd was still very enthusiastic

2199

01:30:12,549 --> 01:30:10,610

and i happen to be able to sell quite a

2200

01:30:14,740 --> 01:30:12,559

few books and magazines so i think it

2201

01:30:16,569 --> 01:30:14,750

went well for me in that respect right

2202

01:30:20,589 --> 01:30:16,579

that's the reason why we're here

2203

01:30:22,540 --> 01:30:20,599

primarily to pay the bills but it's a

2204

01:30:24,370 --> 01:30:22,550

bit of a trek for me and it's awesome

2205

01:30:26,080 --> 01:30:24,380

that in a couple of months you're going

2206

01:30:29,260 --> 01:30:26,090

to have an event a little closer to home

2207

01:30:32,439 --> 01:30:29,270

we're both from San Diego in conjunction

2208

01:30:34,810 --> 01:30:32,449

with conspire with a comic-con you're

2209

01:30:36,640 --> 01:30:34,820

going to have the paranoiac on where our

2210

01:30:37,899 --> 01:30:36,650

buddy Adam go Riley is going to be

2211

01:30:40,209 --> 01:30:37,909

speaking as well as a couple other

2212

01:30:43,870 --> 01:30:40,219

people what else is going on there well

2213

01:30:46,600 --> 01:30:43,880

it's going to be held july 19 20 and

2214

01:30:48,549 --> 01:30:46,610

21st and it's going to be very

2215

01:30:51,850 --> 01:30:48,559

reasonably priced twenty dollars a day

2216

01:30:54,220 --> 01:30:51,860

or fifty dollars for three days so you

2217

01:30:57,220 --> 01:30:54,230

really can't beat that as far as the

2218

01:30:59,770 --> 01:30:57,230

price is concerned but the quality of

2219

01:31:02,529 --> 01:30:59,780

speakers i think are exceptional we're

2220

01:31:04,750 --> 01:31:02,539

going to have John judge who is a

2221

01:31:07,830 --> 01:31:04,760

prolific writer about political

2222

01:31:10,299 --> 01:31:07,840

assassinations and then of course like a

2223

01:31:13,299 --> 01:31:10,309

Greg mentioned before Adam go right Lee

2224

01:31:15,819 --> 01:31:13,309

who is going to be the upcoming radio

2225

01:31:18,549 --> 01:31:15,829

host for paranoia magazine radio and

2226

01:31:21,459 --> 01:31:18,559

he's a very prolific writer for paranoia

2227

01:31:24,760 --> 01:31:21,469

as well and written several really great

2228

01:31:28,330 --> 01:31:24,770

books and then we're going to have ken

2229

01:31:32,850 --> 01:31:28,340

thomas who's a conspiracy icon former

2230

01:31:36,220 --> 01:31:32,860

publisher of steam shovel press and then

2231

01:31:38,799 --> 01:31:36,230

we just have a new addition actually dr.

2232

01:31:40,360 --> 01:31:38,809

lauren marais who is going to be talking

2233

01:31:44,410 --> 01:31:40,370

about fukushima

2234

01:31:47,980 --> 01:31:44,420

and the effects that it's had not just

2235

01:31:49,240 --> 01:31:47,990

in the United States but worldwide and I

2236

01:31:53,260 --> 01:31:49,250

think that's going to be extremely

2237

01:31:54,880 --> 01:31:53,270

intriguing and Andy Colvin will also be

2238

01:31:58,240 --> 01:31:54,890

there the Mothman known as a Mothman

2239

01:32:01,900 --> 01:31:58,250

photographer and researcher of anomalous

2240

01:32:04,060 --> 01:32:01,910

creatures and then Cynthia Hamill who's

2241

01:32:06,450 --> 01:32:04,070

from San Diego she's going to be talking

2242

01:32:10,360 --> 01:32:06,460

about electronic harassment and

2243

01:32:13,740 --> 01:32:10,370

organized gang stalking and then a good

2244

01:32:17,140 --> 01:32:13,750

friend of mine marie d jones will be

2245

01:32:20,620 --> 01:32:17,150

discussing time travel and sort of

2246

01:32:23,110 --> 01:32:20,630

separating the fiction from the fact so

2247

01:32:25,150 --> 01:32:23,120

that's just a few speakers that we're

2248

01:32:28,810 --> 01:32:25,160

going to be having and again that's july

2249

01:32:32,370 --> 01:32:28,820

nineteen twenty and twenty first and you

2250

01:32:37,000 --> 01:32:32,380

can check periodically at ww paranoia

2251

01:32:38,830 --> 01:32:37,010

con-com for updated information right on

2252

01:32:40,930 --> 01:32:38,840

run well alright people we're going to

2253

01:32:42,940 --> 01:32:40,940

get back to the tables have a couple

2254

01:32:45,310 --> 01:32:42,950

more beers try to get through the rest

2255

01:32:48,610 --> 01:32:45,320

of this day and take the long trek back

2256

01:32:51,010 --> 01:32:48,620

to sunny sandy alright man thanks for

2257

01:33:24,870 --> 01:32:51,020

talking to me it's a pleasure Craig all

2258

01:33:42,580 --> 01:33:31,080

where are my mind where are my mind
