Michael Ruppert
Collapse, Acceptance,
& The Point Of No Return

BROUGHT TO YOU BY:

onspiraTees.net

1
00:00:05,210 --> 00:00:03,830
hey people I gotta take a second to tell

2
00:00:07,550 --> 00:00:05,220
you about something we do around here

3
00:00:09,530 --> 00:00:07,560
called the THC money bomb what I do is

4
00:00:11,150 --> 00:00:09,540
every five episodes I total up the

5
00:00:12,589 --> 00:00:11,160
donations I've gotten in that period of

6
00:00:14,570 --> 00:00:12,599
time and half keeps me and the show

7
00:00:16,790 --> 00:00:14,580
going I take the other half and I gift

8
00:00:18,830 --> 00:00:16,800
that back to a random listener so far

9
00:00:20,870 --> 00:00:18,840
we're hitting about 500 each round and I

10
00:00:22,550 --> 00:00:20,880
couldn't be happier about it so consider

11
00:00:23,870 --> 00:00:22,560
throwing in five or ten bucks it's

12
00:00:25,550 --> 00:00:23,880
cheaper than a hand at the blackjack

13
00:00:27,529 --> 00:00:25,560

table with better odds and a scratch-off

14

00:00:29,150 --> 00:00:27,539

ticket plus you know half supports a

15

00:00:30,890 --> 00:00:29,160

show you like and at the very least half

16

00:00:32,630 --> 00:00:30,900

will go to a like-minded person who

17

00:00:34,250 --> 00:00:32,640

could probably use a nice surprise in

18

00:00:35,870 --> 00:00:34,260

these troubled times when you make a

19

00:00:37,549 --> 00:00:35,880

donation I can see your email address

20

00:00:39,170 --> 00:00:37,559

and that's how I picked the winner but

21

00:00:40,970 --> 00:00:39,180

to keep things kosher you can also get

22

00:00:44,410 --> 00:00:40,980

in the pool by sending your info on a

23

00:00:47,529 --> 00:00:44,420

postcard to me Greg carlwood P.O box

92163 I got no subscription fees here no

26
00:00:54,889 --> 00:00:53,219
paid archives no paid bonus shows and I

27
00:00:56,510 --> 00:00:54,899
want to keep it that way on principle

28
00:00:58,790 --> 00:00:56,520
but I'm not a millionaire at the podcast

29
00:01:00,170 --> 00:00:58,800
on the side this is it for me and I'm

30
00:01:02,930 --> 00:01:00,180
the only one I know is trying to help

31
00:01:04,910 --> 00:01:02,940
the people out as well that's my man so

32
00:01:06,530 --> 00:01:04,920
help me help you if you want to play

33
00:01:09,230 --> 00:01:06,540
along go to the higher sidechats.com

34
00:01:11,929 --> 00:01:09,240
donate and get in the game dollars

35
00:01:38,410 --> 00:01:11,939
Bitcoins it's all good to me and that's

36
00:01:43,190 --> 00:01:41,210
his aim was to reassure the common man

37
00:01:57,490 --> 00:01:43,200
that our society would recover from its

38
00:02:02,149 --> 00:02:00,050

how's it going people smoking a little

39

00:02:05,389 --> 00:02:02,159

smoke drinking a little drink in Sunny

40

00:02:08,330 --> 00:02:05,399

San Diego I'm Greg Carlwood and wow I

41

00:02:11,510 --> 00:02:08,340

have done it people we did really you

42

00:02:14,210 --> 00:02:11,520

have freed me I resigned from my day job

43

00:02:16,670 --> 00:02:14,220

as a store manager at GameStop I now run

44

00:02:19,430 --> 00:02:16,680

this show and print conspiracies and

45

00:02:21,530 --> 00:02:19,440

that is it I definitely took a pay cut

46

00:02:22,790 --> 00:02:21,540

but the support has been huge and I

47

00:02:25,190 --> 00:02:22,800

think this is going to be enough to get

48

00:02:27,710 --> 00:02:25,200

me through I love doing the show so much

49

00:02:29,690 --> 00:02:27,720

thank you for listening I love getting

50

00:02:32,150 --> 00:02:29,700

more and more people to explore wild

51
00:02:34,670 --> 00:02:32,160
ideas and Fringe theories and so really

52
00:02:37,729 --> 00:02:34,680
I work for you now and I am happy to do

53
00:02:39,830 --> 00:02:37,739
so if you go to our new subreddit Higher

54
00:02:42,470 --> 00:02:39,840
Side chats you can request guests and

55
00:02:44,089 --> 00:02:42,480
topics discuss past shows and we can

56
00:02:46,490 --> 00:02:44,099
have a little more of a community going

57
00:02:48,350 --> 00:02:46,500
which I would love to see and now I'm

58
00:02:50,630 --> 00:02:48,360
going to keep pushing to free more and

59
00:02:53,089 --> 00:02:50,640
more of you people from an unhappy Cog

60
00:02:55,490 --> 00:02:53,099
in the wheel Life One money bomb at a

61
00:02:57,110 --> 00:02:55,500
time and now that I have my freedom back

62
00:02:59,150 --> 00:02:57,120
I can work on all sorts of little

63
00:03:01,369 --> 00:02:59,160

projects I've been putting off it's a

64

00:03:04,009 --> 00:03:01,379

serious death and rebirth probably the

65

00:03:05,869 --> 00:03:04,019

most pivotal moment in my life and what

66

00:03:08,390 --> 00:03:05,879

a perfect episode for this to align with

67

00:03:10,670 --> 00:03:08,400

we've got Michael Rupert from the film

68

00:03:12,830 --> 00:03:10,680

collapse and the new Vice documentary

69

00:03:14,869 --> 00:03:12,840

series apocalypse man

70

00:03:17,270 --> 00:03:14,879

and Mike's gone through a similar change

71

00:03:19,490 --> 00:03:17,280

himself he's a real badass he's one of

72

00:03:21,350 --> 00:03:19,500

my most respected people and I was

73

00:03:23,869 --> 00:03:21,360

honored to have him on here so let's get

74

00:03:25,309 --> 00:03:23,879

to it here's your higher education and

75

00:03:28,550 --> 00:03:25,319

then we're on the other side with

76

00:03:30,589 --> 00:03:28,560

Michael ruperts hi everybody

77

00:03:32,930 --> 00:03:30,599

over the past month I've been visiting

78

00:03:34,490 --> 00:03:32,940

towns Across America talking about what

79

00:03:36,770 --> 00:03:34,500

our country needs to secure a better

80

00:03:39,890 --> 00:03:36,780

bargain for the middle class

81

00:03:43,330 --> 00:03:39,900

some form of higher education

82

00:03:47,690 --> 00:03:46,190

that sounds like a prequel to Avatar at

83

00:03:49,789 --> 00:03:47,700

least eight people were killed when

84

00:03:51,530 --> 00:03:49,799

armed tribes men launched an attack on

85

00:03:53,809 --> 00:03:51,540

Friday to stop maintenance Crews

86

00:03:56,869 --> 00:03:53,819

repairing an oil pipeline that had been

87

00:03:59,690 --> 00:03:56,879

blown up last month in South East Yemen

88

00:04:01,309 --> 00:03:59,700

six soldiers guarding the crew and two

89

00:04:03,350 --> 00:04:01,319

tribesmen were killed in the assault

90

00:04:05,390 --> 00:04:03,360

which succeeded in halting work on the

91

00:04:08,630 --> 00:04:05,400

line linking Yemen's oil fields to the

92

00:04:10,729 --> 00:04:08,640

export facility on the Arabian Sea the

93

00:04:12,830 --> 00:04:10,739

pipeline with a capacity of a hundred

94

00:04:14,809 --> 00:04:12,840

and twenty thousand barrels per day was

95

00:04:17,449 --> 00:04:14,819

blown up twice in two days by

96

00:04:19,069 --> 00:04:17,459

unidentified assailants disrupting an

97

00:04:19,849 --> 00:04:19,079

important source of revenue for the

98

00:04:22,850 --> 00:04:19,859

state

99

00:04:25,070 --> 00:04:22,860

you can't do that but these disgruntled

100

00:04:26,570 --> 00:04:25,080

tribesmen often carry out such attacks

101
00:04:28,610 --> 00:04:26,580
to pressure the government to provide

102
00:04:30,830 --> 00:04:28,620
jobs settle land disputes or free

103
00:04:32,090 --> 00:04:30,840
relatives from prison tensions between

104
00:04:33,830 --> 00:04:32,100
the government and tribes have been

105
00:04:35,749 --> 00:04:33,840
running particularly High since early

106
00:04:37,610 --> 00:04:35,759
December when an important Chief was

107
00:04:39,950 --> 00:04:37,620
killed in a shooting at an army

108
00:04:41,570 --> 00:04:39,960
checkpoint tribesmen in the area of

109
00:04:43,129 --> 00:04:41,580
course have denied carrying out the

110
00:04:44,870 --> 00:04:43,139
explosions but have said they would not

111
00:04:46,969 --> 00:04:44,880
allow the government to make repairs

112
00:04:49,670 --> 00:04:46,979
until it handed over the soldiers who

113
00:04:51,530 --> 00:04:49,680

killed their chief I would say this is

114

00:04:53,570 --> 00:04:51,540

totally reasonable it seems a bit weird

115

00:04:56,150 --> 00:04:53,580

to think about how industrialized modern

116

00:04:58,189 --> 00:04:56,160

societies take the stance that well it's

117

00:05:00,650 --> 00:04:58,199

good for our people it's good for the

118

00:05:02,150 --> 00:05:00,660

community and they think that tribes are

119

00:05:04,370 --> 00:05:02,160

closer to animals than they are people

120

00:05:06,530 --> 00:05:04,380

so who cares what they think it reminds

121

00:05:08,689 --> 00:05:06,540

me of when I went to the symbiosis

122

00:05:10,550 --> 00:05:08,699

gathering this desert festival and there

123

00:05:13,249 --> 00:05:10,560

was a local Indian chief there talking

124

00:05:15,950 --> 00:05:13,259

about how when us white folks landed

125

00:05:17,870 --> 00:05:15,960

here we set up this legal framework to

126

00:05:19,550 --> 00:05:17,880

own the land and then we take Native

127

00:05:21,230 --> 00:05:19,560

Americans to court and ask them to

128

00:05:24,170 --> 00:05:21,240

produce a deed to the land and of course

129

00:05:27,110 --> 00:05:24,180

they didn't have that and so with courts

130

00:05:28,490 --> 00:05:27,120

and laws and judges and deeds we pushed

131

00:05:30,950 --> 00:05:28,500

them off the land that they've always

132

00:05:33,290 --> 00:05:30,960

had and we didn't have to feel guilty

133

00:05:36,409 --> 00:05:33,300

about it because what we did was legally

134

00:05:38,749 --> 00:05:36,419

okay it was morally right because we had

135

00:05:40,610 --> 00:05:38,759

the paperwork that's the little mental

136

00:05:41,689 --> 00:05:40,620

trick that they'll put themselves

137

00:05:43,909 --> 00:05:41,699

through

138

00:05:45,830 --> 00:05:43,919

to not have to own up to doing terrible

139

00:05:47,450 --> 00:05:45,840

shitty things to people who are on the

140

00:05:49,850 --> 00:05:47,460

other side of the coin

141

00:05:52,129 --> 00:05:49,860

modern civilization says well we need

142

00:05:54,770 --> 00:05:52,139

this land we need this pipeline I'm

143

00:05:56,689 --> 00:05:54,780

sorry if it's not convenient for you

144

00:05:58,189 --> 00:05:56,699

but unless you have some paperwork that

145

00:06:00,230 --> 00:05:58,199

says we can't put this here then you can

146

00:06:02,270 --> 00:06:00,240

just go [h__h] yourself why don't you just

147

00:06:05,090 --> 00:06:02,280

go get a car and we'll give you a free

148

00:06:07,550 --> 00:06:05,100

tank on us it's funny because we might

149

00:06:09,710 --> 00:06:07,560

think of laws and regulations as devices

150

00:06:11,689 --> 00:06:09,720

to provide fairness and freedom but

151

00:06:13,969 --> 00:06:11,699

that's just the cover story for people

152

00:06:15,710 --> 00:06:13,979

who make laws and regulations they just

153

00:06:17,029 --> 00:06:15,720

provide that legal justification for

154

00:06:18,830 --> 00:06:17,039

doing whatever they want I mean our

155

00:06:20,590 --> 00:06:18,840

president right now is a lawyer how's

156

00:06:22,850 --> 00:06:20,600

that working out

157

00:06:25,249 --> 00:06:22,860

another big thing people are talking

158

00:06:27,469 --> 00:06:25,259

about this week is this sudden influx

159

00:06:30,230 --> 00:06:27,479

and high level millionaire International

160

00:06:32,390 --> 00:06:30,240

Banker suicides or at least ruled

161

00:06:34,490 --> 00:06:32,400

suicides now we've had strings of this

162

00:06:36,170 --> 00:06:34,500

before and not much has happened but it

163

00:06:37,790 --> 00:06:36,180

really makes some people wonder if a

164

00:06:40,249 --> 00:06:37,800

huge financial collapse is right around

165

00:06:43,129 --> 00:06:40,259

the corner but here's the deal five high

166

00:06:44,990 --> 00:06:43,139

level guys in 10 days not conclusive of

167

00:06:48,290 --> 00:06:45,000

anything but worth exploring

168

00:06:50,270 --> 00:06:48,300

Mike duker who had worked for Russell

169

00:06:52,670 --> 00:06:50,280

Investments for five years was found

170

00:06:54,230 --> 00:06:52,680

dead close to the Tacoma Narrows Bridge

171

00:06:57,350 --> 00:06:54,240

in Washington State

172

00:06:59,270 --> 00:06:57,360

probably jumped off then a former senior

173

00:07:01,249 --> 00:06:59,280

executive at Deutsche Bank William

174

00:07:03,290 --> 00:07:01,259

Brooke Smith was found dead in his home

175

00:07:06,290 --> 00:07:03,300

after apparent suicide then the

176
00:07:07,670 --> 00:07:06,300
following day the next day Carl slim was

177
00:07:09,830 --> 00:07:07,680
found dead in the fourth floor of the

178
00:07:11,870 --> 00:07:09,840
Shangri-La Hotel in Bangkok police said

179
00:07:14,689 --> 00:07:11,880
he could have pushed it to the Limit you

180
00:07:17,749 --> 00:07:14,699
got it Mr Slim was staying on the 20.

181
00:07:19,550 --> 00:07:17,759
Brodie Stevens sorry uh Mr Slim was

182
00:07:21,890 --> 00:07:19,560
staying on the 22nd floor with his wife

183
00:07:25,010 --> 00:07:21,900
and was attending a board meeting in the

184
00:07:28,370 --> 00:07:25,020
Thai Capital then the next day Gabriel

185
00:07:30,650 --> 00:07:28,380
McGee a JP Morgan employee died after

186
00:07:32,870 --> 00:07:30,660
plunging from the roof of its European

187
00:07:35,150 --> 00:07:32,880
headquarters in London then rounding out

188
00:07:37,430 --> 00:07:35,160

Banker death number five which the

189

00:07:40,189 --> 00:07:37,440

police are again ruling a suicide

190

00:07:42,890 --> 00:07:40,199

Richard Talley the founder and CEO of

191

00:07:44,809 --> 00:07:42,900

American Title Services has recently

192

00:07:47,450 --> 00:07:44,819

committed suicide by shooting himself in

193

00:07:49,309 --> 00:07:47,460

the head multiple times with a nail gun

194

00:07:51,110 --> 00:07:49,319

now these are five major International

195

00:07:52,430 --> 00:07:51,120

bankers and some are saying that it's

196

00:07:54,050 --> 00:07:52,440

because of increased pressure and

197

00:07:55,969 --> 00:07:54,060

investigation by government agencies but

198

00:07:58,129 --> 00:07:55,979

I'm not so sure that Bankers are ever

199

00:08:00,710 --> 00:07:58,139

going to be held accountable so that

200

00:08:03,469 --> 00:08:00,720

sounds fishy to me and suicide by nail

201
00:08:05,990 --> 00:08:03,479
gun to the Head also a bit hardcore for

202
00:08:08,870 --> 00:08:06,000
an old rich white guy

203
00:08:10,670 --> 00:08:08,880
so where does this all may be I was

204
00:08:12,770 --> 00:08:10,680
following a thread on Reddit about these

205
00:08:15,050 --> 00:08:12,780
deaths and saw a very interesting post

206
00:08:16,790 --> 00:08:15,060
that was I guess trying to shed some

207
00:08:19,490 --> 00:08:16,800
light on what the culture is right now

208
00:08:23,089 --> 00:08:19,500
for these people check this out

209
00:08:28,010 --> 00:08:23,099
a guy named polite and white on the

210
00:08:30,589 --> 00:08:28,020
subreddit far right very fitting says I

211
00:08:32,089 --> 00:08:30,599
work as a stock broker for Piper Jaffrey

212
00:08:33,889 --> 00:08:32,099
located in LA

213
00:08:35,990 --> 00:08:33,899

what happened yesterday left me

214

00:08:37,490 --> 00:08:36,000

absolutely stunned in disbelief I

215

00:08:39,230 --> 00:08:37,500

managed the portfolios for more than

216

00:08:40,850 --> 00:08:39,240

half of our richest clients and my boss

217

00:08:43,190 --> 00:08:40,860

called me into his office and told me to

218

00:08:44,630 --> 00:08:43,200

cash them all out immediately my obvious

219

00:08:46,850 --> 00:08:44,640

thought was that there was going to be a

220

00:08:48,829 --> 00:08:46,860

crash but it sounded strange that he was

221

00:08:50,449 --> 00:08:48,839

so adamant about cashing them out he

222

00:08:52,250 --> 00:08:50,459

clearly knew something so I asked him

223

00:08:54,110 --> 00:08:52,260

what was up he spilled the beans and

224

00:08:56,329 --> 00:08:54,120

said look we're going into a currency

225

00:08:58,850 --> 00:08:56,339

crisis major banks are going to default

226

00:09:00,650 --> 00:08:58,860

in the next three weeks the stock market

227

00:09:02,690 --> 00:09:00,660

is going to go into a violent downward

228

00:09:04,430 --> 00:09:02,700

Trend not only here but around the world

229

00:09:06,170 --> 00:09:04,440

the currencies of the world are going to

230

00:09:07,610 --> 00:09:06,180

move in every direction there's no

231

00:09:09,650 --> 00:09:07,620

predicting which ones will be standing

232

00:09:11,389 --> 00:09:09,660

when this is all over it will spill into

233

00:09:13,070 --> 00:09:11,399

the bond markets here and it'll be

234

00:09:15,350 --> 00:09:13,080

interesting to see what the FED will do

235

00:09:17,090 --> 00:09:15,360

he warned whatever the FED did was not

236

00:09:20,269 --> 00:09:17,100

going to be enough to solve any problem

237

00:09:22,610 --> 00:09:20,279

when I asked him who told him this my

238

00:09:24,710 --> 00:09:22,620

boss said he talked to a buddy of his

239

00:09:27,530 --> 00:09:24,720

who happens to be an executive at JP

240

00:09:29,750 --> 00:09:27,540

Morgan I asked what triggers it and he

241

00:09:31,310 --> 00:09:29,760

said that the Chinese trust default is

242

00:09:33,350 --> 00:09:31,320

going to cause a domino effect which

243

00:09:35,750 --> 00:09:33,360

will spill into every market and every

244

00:09:37,910 --> 00:09:35,760

currency in the world he also said this

245

00:09:40,130 --> 00:09:37,920

coming week we'll have volatile trading

246

00:09:43,610 --> 00:09:40,140

and that this collapse is eminent within

247

00:09:46,130 --> 00:09:43,620

the next three weeks scary stuff guys I

248

00:09:48,050 --> 00:09:46,140

of course don't know but a lot of people

249

00:09:49,910 --> 00:09:48,060

have been talking about this for a long

250

00:09:52,370 --> 00:09:49,920

time they're kicking the can down the

251
00:09:54,650 --> 00:09:52,380
road chickens got to come home to roost

252
00:09:56,449 --> 00:09:54,660
or something like that but let's get to

253
00:10:02,030 --> 00:09:56,459
the heart of the show and talk with the

254
00:10:04,490 --> 00:10:02,040
king of collapse my man Michael C Rupert

255
00:10:06,230 --> 00:10:04,500
oh

256
00:10:08,210 --> 00:10:06,240
folks we know these are troubled times

257
00:10:10,009 --> 00:10:08,220
our society is about as stable as an

258
00:10:11,750 --> 00:10:10,019
elephant on a bowling ball and our Great

259
00:10:13,370 --> 00:10:11,760
Society is looking more and more like

260
00:10:15,470 --> 00:10:13,380
the worst sickness the Earth has ever

261
00:10:17,030 --> 00:10:15,480
gotten we're worried about the swine flu

262
00:10:18,710 --> 00:10:17,040
and the bird flu while the Earth has a

263
00:10:20,750 --> 00:10:18,720

bad case of the human flu and who knows

264

00:10:22,430 --> 00:10:20,760

at this point if it can ever recover but

265

00:10:24,470 --> 00:10:22,440

lucky for us the doctors in the house

266

00:10:26,690 --> 00:10:24,480

today's guest Michael Rupert has been

267

00:10:28,550 --> 00:10:26,700

tracking this human industrial disease

268

00:10:30,230 --> 00:10:28,560

for many years he's written two books

269

00:10:32,630 --> 00:10:30,240

confronting collabs and Crossing the

270

00:10:34,370 --> 00:10:32,640

Rubicon he's also the leading man in a

271

00:10:36,410 --> 00:10:34,380

popular expose most people here will

272

00:10:38,210 --> 00:10:36,420

know called collapse as well as the

273

00:10:39,650 --> 00:10:38,220

subject of a new six-part documentary

274

00:10:41,870 --> 00:10:39,660

done by one of my favorite media

275

00:10:44,030 --> 00:10:41,880

companies Vice called apocalypse man

276

00:10:45,710 --> 00:10:44,040

he's called out the CIA director for

277

00:10:48,110 --> 00:10:45,720

importing drugs in a courtroom on live

278

00:10:49,910 --> 00:10:48,120

TV he was the Press spokesman for Ross

279

00:10:52,250 --> 00:10:49,920

Perot and exposed the friendly fire

280

00:10:53,870 --> 00:10:52,260

killing of Pat Tillman he's the spitter

281

00:10:55,550 --> 00:10:53,880

of knowledge the beacon of light and the

282

00:10:56,630 --> 00:10:55,560

tracker of Truth Michael Rupert how the

283

00:10:59,870 --> 00:10:56,640

hell are you

284

00:11:01,030 --> 00:10:59,880

oh dear oh well I'm I'm humbled now

285

00:11:04,069 --> 00:11:01,040

thank you

286

00:11:06,170 --> 00:11:04,079

it is a real honor you've done some bold

287

00:11:07,670 --> 00:11:06,180

and Powerful things in your life and any

288

00:11:10,009 --> 00:11:07,680

one of those things is more than most

289

00:11:13,130 --> 00:11:10,019

people will ever do so uh you know

290

00:11:16,190 --> 00:11:13,140

you're redlining my respect meter man

291

00:11:17,090 --> 00:11:16,200

thank you so so very much it has been a

292

00:11:20,449 --> 00:11:17,100

long

293

00:11:22,250 --> 00:11:20,459

walk and and and at this late late uh

294

00:11:25,430 --> 00:11:22,260

stage in my life I just turned 63

295

00:11:26,870 --> 00:11:25,440

yesterday I am uh it's it's it's a

296

00:11:30,470 --> 00:11:26,880

little bit shocking after three and a

297

00:11:33,230 --> 00:11:30,480

half Decades of this work to to bask and

298

00:11:35,990 --> 00:11:33,240

enjoy and receive uh so much of the

299

00:11:38,449 --> 00:11:36,000

recognition that's coming my way now uh

300

00:11:40,970 --> 00:11:38,459

of course it's bittersweet given the

301
00:11:43,850 --> 00:11:40,980
circumstances that all of us two-leggeds

302
00:11:45,650 --> 00:11:43,860
find ourselves in right

303
00:11:46,730 --> 00:11:45,660
yeah I mean I'm glad to hear that you're

304
00:11:48,650 --> 00:11:46,740
getting more

305
00:11:50,030 --> 00:11:48,660
more of that respect let's talk about

306
00:11:52,009 --> 00:11:50,040
the state of things a little bit I mean

307
00:11:54,110 --> 00:11:52,019
I've been absorbing a lot of this

308
00:11:56,269 --> 00:11:54,120
information about collapse and peak oil

309
00:11:58,370 --> 00:11:56,279
and the massive economic crash for a

310
00:12:00,590 --> 00:11:58,380
long time now and there's always such an

311
00:12:02,329 --> 00:12:00,600
emphasis on how close we are to This

312
00:12:04,490 --> 00:12:02,339
Disaster but they keep finding a way to

313
00:12:06,470 --> 00:12:04,500

Kick the Can down the road but I mean

314

00:12:08,810 --> 00:12:06,480

these fracking problems and with the

315

00:12:10,009 --> 00:12:08,820

Fukushima Fallout these things are

316

00:12:11,750 --> 00:12:10,019

really starting to make me feel like

317

00:12:12,949 --> 00:12:11,760

we've already broken the Earth man I

318

00:12:15,889 --> 00:12:12,959

mean what do you think

319

00:12:17,810 --> 00:12:15,899

uh you know this is uh this is a

320

00:12:19,730 --> 00:12:17,820

realization that I came to in early

321

00:12:22,069 --> 00:12:19,740

2012.

322

00:12:24,050 --> 00:12:22,079

as a result of Fukushima and this was

323

00:12:25,790 --> 00:12:24,060

just as my friend and colleague guy

324

00:12:28,069 --> 00:12:25,800

McPherson professor emeritus of

325

00:12:30,470 --> 00:12:28,079

University of Arizona was concluding

326

00:12:32,449 --> 00:12:30,480

based upon a multitude of peer-reviewed

327

00:12:35,030 --> 00:12:32,459

studies uh all pointing the same

328

00:12:37,730 --> 00:12:35,040

direction that as a result of global

329

00:12:40,150 --> 00:12:37,740

warming climate chaos that uh human

330

00:12:42,769 --> 00:12:40,160

extinction was uncertainty by 2030

331

00:12:46,009 --> 00:12:42,779

mathematical science peer-reviewed

332

00:12:49,430 --> 00:12:46,019

studies but we also have the concomitant

333

00:12:52,009 --> 00:12:49,440

parallel problem of 450 nuclear reactors

334

00:12:53,509 --> 00:12:52,019

that many of most of which are well past

335

00:12:55,129 --> 00:12:53,519

their service lives they're leaking

336

00:12:57,590 --> 00:12:55,139

they're failing Fukushima is not under

337

00:13:00,590 --> 00:12:57,600

control right and we're still living in

338

00:13:02,449 --> 00:13:00,600

a world of exponential growth the

339

00:13:04,129 --> 00:13:02,459

infinite growth Paradigm we're adding

340

00:13:05,810 --> 00:13:04,139

more than a quarter million new bodies

341

00:13:08,690 --> 00:13:05,820

to the planet a day

342

00:13:11,329 --> 00:13:08,700

uh and and Mother Earth cannot sustain

343

00:13:13,670 --> 00:13:11,339

that and and it was it was very clear to

344

00:13:16,310 --> 00:13:13,680

me in early of 2012.

345

00:13:18,769 --> 00:13:16,320

uh that uh that that there was no way

346

00:13:22,490 --> 00:13:18,779

from a Cartesian Newtonian 3D

347

00:13:26,050 --> 00:13:22,500

perspective to to science our way out of

348

00:13:28,310 --> 00:13:26,060

this uh that that perspective has been

349

00:13:30,350 --> 00:13:28,320

reinforced and confirmed During the

350

00:13:31,490 --> 00:13:30,360

period of time from when I moved to

351

00:13:33,230 --> 00:13:31,500

Northern California from Northern

352

00:13:34,970 --> 00:13:33,240

California here to Southern Colorado and

353

00:13:38,509 --> 00:13:34,980

the Rockies

354

00:13:40,850 --> 00:13:38,519

uh with with now 30 positive 30 plus

355

00:13:43,269 --> 00:13:40,860

positive reinforcing feedback loops on

356

00:13:46,670 --> 00:13:43,279

on global warming

357

00:13:49,610 --> 00:13:46,680

and uh the still out of control uh issue

358

00:13:51,889 --> 00:13:49,620

at Fukushima and and I I within the last

359

00:13:55,009 --> 00:13:51,899

two months or so I've had a really

360

00:13:57,889 --> 00:13:55,019

fundamental change in in my position we

361

00:13:59,930 --> 00:13:57,899

are in hospice as a species as a planet

362

00:14:01,610 --> 00:13:59,940

human industrial civilization and more

363

00:14:04,250 --> 00:14:01,620

important Landing is Terence McKenna

364

00:14:06,650 --> 00:14:04,260

might argue or Daniel Quinn might argue

365

00:14:08,990 --> 00:14:06,660

well Rupert sheldrick or a lot of my

366

00:14:11,690 --> 00:14:09,000

heroes might say that this this culture

367

00:14:12,650 --> 00:14:11,700

is dying it is the culture which has to

368

00:14:15,650 --> 00:14:12,660

die

369

00:14:18,829 --> 00:14:15,660

because it is a meme which is now

370

00:14:21,949 --> 00:14:18,839

obviously and transparently uh suicidal

371

00:14:23,569 --> 00:14:21,959

yeah that is a really good way to put it

372

00:14:25,009 --> 00:14:23,579

this culture does have to die I

373

00:14:27,230 --> 00:14:25,019

sometimes wonder

374

00:14:29,150 --> 00:14:27,240

how much of it and this kind of stems

375

00:14:30,769 --> 00:14:29,160

from my participation in occupy which I

376

00:14:33,710 --> 00:14:30,779

know you were a supporter of which is

377

00:14:35,509 --> 00:14:33,720

great to hear back in those days the

378

00:14:36,949 --> 00:14:35,519

biggest problem was the lack of focus

379

00:14:38,329 --> 00:14:36,959

and I'd hear people talking about this

380

00:14:39,829 --> 00:14:38,339

solution or that solution and a lot of

381

00:14:41,870 --> 00:14:39,839

them I'm like you know that doesn't go

382

00:14:44,030 --> 00:14:41,880

far enough if we win this thing and

383

00:14:47,210 --> 00:14:44,040

monsanto's still a company I don't know

384

00:14:49,069 --> 00:14:47,220

how we fixed much you know how sweeping

385

00:14:51,170 --> 00:14:49,079

does the change have to really be can we

386

00:14:53,509 --> 00:14:51,180

can we really have the change we need

387

00:14:55,189 --> 00:14:53,519

and still have corporations can we even

388

00:14:56,930 --> 00:14:55,199

still have money I mean those are big

389

00:14:59,030 --> 00:14:56,940

questions that I think need to be

390

00:15:00,290 --> 00:14:59,040

answered because For the Long Haul I

391

00:15:01,550 --> 00:15:00,300

don't know that if we keep some of these

392

00:15:02,810 --> 00:15:01,560

structures in place the same people

393

00:15:07,730 --> 00:15:02,820

aren't just going to get their hooks

394

00:15:09,290 --> 00:15:07,740

right back into us it was in 2003 when I

395

00:15:11,030 --> 00:15:09,300

was publishing my newsletter from the

396

00:15:12,530 --> 00:15:11,040

Wilderness that's where we broke the Pat

397

00:15:15,889 --> 00:15:12,540

Tillman cover up and brought down Donald

398

00:15:17,329 --> 00:15:15,899

Rumsfeld yeah it was in 2003 as I was

399

00:15:19,550 --> 00:15:17,339

deep into peak oil a couple years after

400

00:15:22,689 --> 00:15:19,560

9 11 I was right acrossing the Rubicon

401

00:15:24,829 --> 00:15:22,699

that I had an epiphany which which

402

00:15:27,230 --> 00:15:24,839

crystallized into until you change the

403

00:15:31,509 --> 00:15:27,240

way money works you change nothing

404

00:15:34,189 --> 00:15:31,519

true and and and and money is in essence

405

00:15:36,110 --> 00:15:34,199

God and that's one of the coolest jokes

406

00:15:37,970 --> 00:15:36,120

of this Paradigm if you look at the at

407

00:15:39,710 --> 00:15:37,980

any piece of paper money which you can't

408

00:15:41,750 --> 00:15:39,720

eat you can't run a car off of it it

409

00:15:44,569 --> 00:15:41,760

doesn't represent anything real

410

00:15:47,449 --> 00:15:44,579

it says in God we trust and and and the

411

00:15:50,509 --> 00:15:47,459

cruellest joke is that money has been and

412

00:15:53,870 --> 00:15:50,519

is uh still for most people on the

413

00:15:56,629 --> 00:15:53,880

planet God yeah it is their religion

414

00:15:58,910 --> 00:15:56,639

and and with fiat currency fractional

415

00:16:02,810 --> 00:15:58,920

Reserve banking uh and compound interest

416

00:16:04,670 --> 00:16:02,820

it is by definition a pyramid scheme and

417

00:16:07,370 --> 00:16:04,680

we know what happens to pyramid schemes

418

00:16:09,769 --> 00:16:07,380

the same way that we understand what

419

00:16:12,590 --> 00:16:09,779

happens to a species with unfettered

420

00:16:14,990 --> 00:16:12,600

growth whether they be a caribou or

421

00:16:18,050 --> 00:16:15,000

reindeer on an Arctic Island or bacteria

422

00:16:22,490 --> 00:16:18,060

in a Petri dish you see this unfettered

423

00:16:25,389 --> 00:16:22,500

uh rocket ship hockey stick curve of uh

424

00:16:28,370 --> 00:16:25,399

population growth followed by a complete

425

00:16:30,410 --> 00:16:28,380

collapse and that is the point at which

426

00:16:33,110 --> 00:16:30,420

we find ourselves now

427

00:16:34,610 --> 00:16:33,120

well said man I actually sometimes

428

00:16:35,810 --> 00:16:34,620

wonder a lot of the things that we've

429

00:16:38,449 --> 00:16:35,820

been taught

430

00:16:41,269 --> 00:16:38,459

that are innate to human nature I think

431

00:16:43,550 --> 00:16:41,279

are actually products of our system you

432

00:16:45,350 --> 00:16:43,560

know they say like the competition and

433

00:16:47,030 --> 00:16:45,360

the dog eat dog world I'm like is that

434

00:16:49,870 --> 00:16:47,040

just because the only system we've ever

435

00:16:53,090 --> 00:16:49,880

known is this warped capitalistic crazy

436

00:16:55,730 --> 00:16:53,100

money hungry Perpetual growth system or

437

00:16:58,069 --> 00:16:55,740

is that really part of nature because I

438

00:17:00,170 --> 00:16:58,079

think it's uh it's the system if we

439

00:17:01,730 --> 00:17:00,180

don't be evolve beyond the system of

440

00:17:03,710 --> 00:17:01,740

currency exchange we'll never really be

441

00:17:05,510 --> 00:17:03,720

free because the monetary system gives

442

00:17:07,610 --> 00:17:05,520

us these warped incentives like planned

443

00:17:11,090 --> 00:17:07,620

obsolescence and consumerism and extreme

444

00:17:13,189 --> 00:17:11,100

waste I mean it it really is hard to

445

00:17:14,569 --> 00:17:13,199

cooperate with people within the system

446

00:17:18,289 --> 00:17:14,579

of capitalism

447

00:17:21,350 --> 00:17:18,299

well here I pay great tribute to people

448

00:17:23,030 --> 00:17:21,360

like Daniel Quinn and Graham Hancock who

449

00:17:26,150 --> 00:17:23,040

is a friend who have enormous respect

450

00:17:29,630 --> 00:17:26,160

for yes uh first of all

451

00:17:31,070 --> 00:17:29,640

um it is a lie an absolute lie a

452

00:17:32,630 --> 00:17:31,080

paradigm is what you think about before

453

00:17:35,630 --> 00:17:32,640

you think about something and if you

454

00:17:38,270 --> 00:17:35,640

automatically start your thinking from a

455

00:17:41,810 --> 00:17:38,280

point of competition dog eat dog is is

456

00:17:45,650 --> 00:17:41,820

the truth you are trapped in a lie

457

00:17:48,350 --> 00:17:45,660

already science has abundantly shown us

458

00:17:49,909 --> 00:17:48,360

and that's separate from the indigenous

459

00:17:53,930 --> 00:17:49,919

Traditions which have persevered through

460

00:17:56,990 --> 00:17:53,940

all kinds of uh persecutions that that

461

00:18:00,310 --> 00:17:57,000

it's not competition that governs nature

462

00:18:05,210 --> 00:18:00,320

it's cooperation that governs nature

463

00:18:07,610 --> 00:18:05,220

that is the the species that survive are

464

00:18:10,850 --> 00:18:07,620

the ones who make themselves the most

465

00:18:12,289 --> 00:18:10,860

indispensable to all other species

466

00:18:15,409 --> 00:18:12,299

hmm

467

00:18:17,930 --> 00:18:15,419

that's the truth that's the reality yeah

468

00:18:20,570 --> 00:18:17,940

the second most successful species on

469

00:18:24,110 --> 00:18:20,580

planet Earth today is the dog

470

00:18:26,870 --> 00:18:24,120

yeah the dog man

471

00:18:29,330 --> 00:18:26,880

because it has cooperated it has made

472

00:18:31,010 --> 00:18:29,340

itself useful and indispensable whereas

473

00:18:33,890 --> 00:18:31,020

on the other hand

474

00:18:35,390 --> 00:18:33,900

human behavior for let's say the last 10

475

00:18:37,090 --> 00:18:35,400

000 years and there was a fundamental

476

00:18:40,190 --> 00:18:37,100

break in human history something

477

00:18:43,070 --> 00:18:40,200

something uh ethical something spiritual

478

00:18:45,650 --> 00:18:43,080

something archetypal whatever word you

479

00:18:49,010 --> 00:18:45,660

want to use happened to the human race

480

00:18:50,870 --> 00:18:49,020

between seven ten thousand years ago uh

481

00:18:52,909 --> 00:18:50,880

Daniel Quinn would call a totalitarian

482

00:18:55,669 --> 00:18:52,919

agriculture creating Surplus but man

483

00:18:58,490 --> 00:18:55,679

moved into a world governed by fear

484

00:19:00,710 --> 00:18:58,500

rather than love and a world addicted a

485

00:19:04,549 --> 00:19:00,720

world that was hypnotized into believing

486

00:19:06,350 --> 00:19:04,559

in separation that that that there's a

487

00:19:08,390 --> 00:19:06,360

difference between man and everything

488

00:19:10,370 --> 00:19:08,400

else and whoever wrote the first chapter

489

00:19:12,650 --> 00:19:10,380

of Genesis calling man to go out and

490

00:19:14,510 --> 00:19:12,660

subdue the world be fruitful multiply

491

00:19:17,570 --> 00:19:14,520

manage have dominion

492

00:19:19,490 --> 00:19:17,580

that's that's that's the the fundamental

493

00:19:21,230 --> 00:19:19,500

evil which has to be cured in human

494

00:19:23,350 --> 00:19:21,240

consciousness this is a crisis of

495

00:19:27,890 --> 00:19:23,360

Consciousness more than anything else

496

00:19:31,010 --> 00:19:27,900

uh before there is any hope or or any

497

00:19:32,750 --> 00:19:31,020

possibility uh and if with every passing

498

00:19:36,590 --> 00:19:32,760

day those that that possibility

499

00:19:39,110 --> 00:19:36,600

diminishes of our species and the Web of

500

00:19:42,770 --> 00:19:39,120

Life on this planet surviving 200 and

501
00:19:46,190 --> 00:19:42,780
200 250 species a day go extinct the web

502
00:19:49,190 --> 00:19:46,200
of life is being torn to shreds uh and

503
00:19:51,470 --> 00:19:49,200
Mankind cannot exist out of that from a

504
00:19:53,510 --> 00:19:51,480
jungian perspective I would say

505
00:19:55,909 --> 00:19:53,520
but what's happening now is that all of

506
00:19:57,710 --> 00:19:55,919
the Shadows that the human race has not

507
00:20:01,789 --> 00:19:57,720
faced for ten thousand years are coming

508
00:20:04,850 --> 00:20:01,799
home now to either be faced Incorporated

509
00:20:07,070 --> 00:20:04,860
and healed or to kill us yeah man it is

510
00:20:09,710 --> 00:20:07,080
scary times I I definitely see that

511
00:20:12,590 --> 00:20:09,720
crossroads happening but you know a lot

512
00:20:15,169 --> 00:20:12,600
of people talk about this Awakening and

513
00:20:16,730 --> 00:20:15,179

yeah then I see the Occupy Movement gets

514

00:20:19,070 --> 00:20:16,740

swatted down like a mosquito and that

515

00:20:20,570 --> 00:20:19,080

really crushed my spirits man but as a

516

00:20:22,370 --> 00:20:20,580

planet people seem to be fighting back

517

00:20:24,049 --> 00:20:22,380

more than ever it's it's really tough to

518

00:20:25,610 --> 00:20:24,059

know just because obviously there's a

519

00:20:27,710 --> 00:20:25,620

media blackout on this thing so it's

520

00:20:29,690 --> 00:20:27,720

really sometimes hard to know exactly

521

00:20:32,510 --> 00:20:29,700

what's going on and to get a good view

522

00:20:34,909 --> 00:20:32,520

of the landscape but I I assume that you

523

00:20:39,110 --> 00:20:34,919

think people are waking up right

524

00:20:42,350 --> 00:20:39,120

well I am very much aware because I am I

525

00:20:46,549 --> 00:20:42,360

am ever more in the in the public eye

526

00:20:50,090 --> 00:20:46,559

and my Facebook page is is hugely

527

00:20:52,730 --> 00:20:50,100

active that yes and Awakening is taking

528

00:20:57,110 --> 00:20:52,740

place all over the planet

529

00:21:00,350 --> 00:20:57,120

uh there are there are millions perhaps

530

00:21:02,770 --> 00:21:00,360

even hundreds of millions of people even

531

00:21:05,990 --> 00:21:02,780

perhaps a billion out of seven

532

00:21:07,850 --> 00:21:06,000

who who grasped that this current system

533

00:21:10,549 --> 00:21:07,860

is failing it's destructive you know as

534

00:21:12,650 --> 00:21:10,559

Einstein says you can't solve a problem

535

00:21:14,870 --> 00:21:12,660

by using the same system that created

536

00:21:17,810 --> 00:21:14,880

the problem

537

00:21:20,990 --> 00:21:17,820

um and and so I am very much encouraged

538

00:21:24,830 --> 00:21:21,000

however on from the Cartesian reality

539

00:21:26,750 --> 00:21:24,840

standpoint especially now that uh that

540

00:21:29,570 --> 00:21:26,760

climate chaos is making itself so

541

00:21:31,850 --> 00:21:29,580

abundantly clear all over the planet we

542

00:21:35,090 --> 00:21:31,860

are also running out of time options and

543

00:21:36,830 --> 00:21:35,100

solutions so this is uh this is indeed a

544

00:21:37,909 --> 00:21:36,840

prophetic time and then I would have to

545

00:21:39,529 --> 00:21:37,919

weave in here and the fact that I've

546

00:21:42,169 --> 00:21:39,539

also studied many ancient prophecies

547

00:21:44,029 --> 00:21:42,179

those of Native Americans and Indigenous

548

00:21:45,950 --> 00:21:44,039

peoples around the world and this also

549

00:21:47,690 --> 00:21:45,960

does seem to be a time when many of

550

00:21:50,090 --> 00:21:47,700

those prophecies are being fulfilled

551
00:21:52,669 --> 00:21:50,100
yeah that's a Trippy element to the

552
00:21:54,590 --> 00:21:52,679
whole thing too and I mean obviously we

553
00:21:56,210 --> 00:21:54,600
just went through 2012 which was

554
00:21:57,770 --> 00:21:56,220
apparently a lot of people thought that

555
00:21:59,810 --> 00:21:57,780
was going to be something and maybe in

556
00:22:01,430 --> 00:21:59,820
the grand scheme of things on a grand

557
00:22:03,890 --> 00:22:01,440
timeline maybe it was the start of

558
00:22:07,850 --> 00:22:03,900
something that hasn't manifested yet

559
00:22:10,970 --> 00:22:07,860
the Mayans and and this is part of the

560
00:22:12,950 --> 00:22:10,980
lie that the meme uh human industrial

561
00:22:15,470 --> 00:22:12,960
civilization for ten thousand years has

562
00:22:18,409 --> 00:22:15,480
systematically persecuted murdered

563
00:22:20,570 --> 00:22:18,419

Massacre tortured all indigenous

564

00:22:24,110 --> 00:22:20,580

cultures it could find because let's say

565

00:22:25,970 --> 00:22:24,120

in in uh in Daniel Quinn's terms these

566

00:22:27,649 --> 00:22:25,980

were the peoples who did not participate

567

00:22:30,770 --> 00:22:27,659

in the great forgetting

568

00:22:31,610 --> 00:22:30,780

I love Quinn's uh the Quinn's statement

569

00:22:33,770 --> 00:22:31,620

that

570

00:22:36,590 --> 00:22:33,780

uh human humans have been here for four

571

00:22:38,210 --> 00:22:36,600

million years but every but in in this

572

00:22:40,190 --> 00:22:38,220

world that we live in everything prior

573

00:22:42,770 --> 00:22:40,200

to ten thousand years ago we just kind

574

00:22:46,010 --> 00:22:42,780

of in a bow called prehistoric and

575

00:22:47,750 --> 00:22:46,020

discarded well that's not true mankind

576

00:22:51,710 --> 00:22:47,760

lived on this planet successfully

577

00:22:55,250 --> 00:22:51,720

happily uh for hundreds of thousands at

578

00:22:57,230 --> 00:22:55,260

at least years without war and some of

579

00:22:59,450 --> 00:22:57,240

the great archaeological finds like uh

580

00:23:02,990 --> 00:22:59,460

govekly Tepe in in turkey and many

581

00:23:05,390 --> 00:23:03,000

others show us uh civilizations and

582

00:23:08,510 --> 00:23:05,400

large cities with monuments that were

583

00:23:10,610 --> 00:23:08,520

built 10 12 15 000 years ago in

584

00:23:12,350 --> 00:23:10,620

pre-history but there are no evidence of

585

00:23:15,370 --> 00:23:12,360

battlements there's no evidence of war

586

00:23:18,409 --> 00:23:15,380

or Warriors and in uh Native American

587

00:23:21,110 --> 00:23:18,419

tradition and and some of the indigenous

588

00:23:23,630 --> 00:23:21,120

cultures they all talk about an old time

589

00:23:25,310 --> 00:23:23,640

when there were when nobody knew what a

590

00:23:26,149 --> 00:23:25,320

warrior was because nobody knew what war

591

00:23:28,310 --> 00:23:26,159

was

592

00:23:30,770 --> 00:23:28,320

yeah man it seems like too good to be

593

00:23:32,270 --> 00:23:30,780

true it seems like uh all legends of

594

00:23:35,510 --> 00:23:32,280

Atlantis or something some great

595

00:23:38,090 --> 00:23:35,520

Paradise that we once had it goes so

596

00:23:40,070 --> 00:23:38,100

against the conventional view that we've

597

00:23:41,450 --> 00:23:40,080

gradually got smarter and smarter and

598

00:23:43,789 --> 00:23:41,460

that we're currently at our Pinnacle

599

00:23:45,110 --> 00:23:43,799

it's harder to believe that now that I

600

00:23:49,730 --> 00:23:45,120

see more we have the Pinnacle of

601
00:23:51,590 --> 00:23:49,740
stupidity I'm sorry I agree I agree man

602
00:23:53,870 --> 00:23:51,600
um you know I actually love apocalypse

603
00:23:57,110 --> 00:23:53,880
man and you start the second portion of

604
00:23:59,029 --> 00:23:57,120
it talking about technology and how that

605
00:24:01,370 --> 00:23:59,039
is obviously how we're using our

606
00:24:03,110 --> 00:24:01,380
technology to destroy the planet but as

607
00:24:05,930 --> 00:24:03,120
a conspiracy show you know we have a lot

608
00:24:08,029 --> 00:24:05,940
of different guests we cast a wide net

609
00:24:11,330 --> 00:24:08,039
and some of them talk about Energy

610
00:24:12,950 --> 00:24:11,340
Technologies that are suppressed or

611
00:24:14,570 --> 00:24:12,960
maybe even you know talking about the

612
00:24:17,090 --> 00:24:14,580
ancient world a lot of people talk about

613
00:24:19,549 --> 00:24:17,100

ancient societies having technologies

614

00:24:20,930 --> 00:24:19,559

that were more in line with the Earth do

615

00:24:23,090 --> 00:24:20,940

you put stock in any of that have you

616

00:24:24,710 --> 00:24:23,100

seen any evidence to suggest that there

617

00:24:27,169 --> 00:24:24,720

could be a different way that would also

618

00:24:29,149 --> 00:24:27,179

not have to make these great sacrifices

619

00:24:31,789 --> 00:24:29,159

yeah but I think my explanation will

620

00:24:34,250 --> 00:24:31,799

probably open your eyes a bit I'm ready

621

00:24:38,390 --> 00:24:34,260

first first let's deal with this techno

622

00:24:40,070 --> 00:24:38,400

fix junk sure like I said in uh in part

623

00:24:41,690 --> 00:24:40,080

two the automobile was a technical fix

624

00:24:43,570 --> 00:24:41,700

because of the major cities in the US

625

00:24:47,450 --> 00:24:43,580

were a washing horse manure

626

00:24:50,690 --> 00:24:47,460

uh fracking is a technofix for shortages

627

00:24:52,549 --> 00:24:50,700

of natural gas nuclear power is a techno

628

00:24:56,750 --> 00:24:52,559

fix for a shortage of electricity also

629

00:24:58,130 --> 00:24:56,760

weapons and uh Shale oil tar Sands all

630

00:25:00,470 --> 00:24:58,140

of these things are techno fixes and all

631

00:25:03,110 --> 00:25:00,480

they're doing is destroying anything so

632

00:25:06,169 --> 00:25:03,120

when when people talk about suppressed

633

00:25:08,750 --> 00:25:06,179

Technologies again that's a paradigm

634

00:25:10,669 --> 00:25:08,760

trap they're talking about circuit

635

00:25:12,130 --> 00:25:10,679

switches and things like that no no

636

00:25:15,409 --> 00:25:12,140

absolutely not

637

00:25:16,850 --> 00:25:15,419

none of those Technologies I can lock

638

00:25:18,169 --> 00:25:16,860

you in a bank vault with all the

639

00:25:21,049 --> 00:25:18,179

technology in the world and you will not

640

00:25:24,470 --> 00:25:21,059

be able to materialize a banana because

641

00:25:26,870 --> 00:25:24,480

because the atoms aren't there uh and

642

00:25:29,269 --> 00:25:26,880

and seven billion seven plus seven point

643

00:25:31,970 --> 00:25:29,279

two billion three billion uh people on

644

00:25:33,590 --> 00:25:31,980

the planet now is is beyond the Earth's

645

00:25:35,810 --> 00:25:33,600

carrying capacity which was a billion

646

00:25:38,149 --> 00:25:35,820

human beings less than a billion or so

647

00:25:41,750 --> 00:25:38,159

for you know a couple hundred thousand

648

00:25:43,190 --> 00:25:41,760

years until we uh unleash the energy of

649

00:25:46,789 --> 00:25:43,200

fossil fuels and the Industrial

650

00:25:48,110 --> 00:25:46,799

Revolution however and I said this on my

651
00:25:49,490 --> 00:25:48,120
radio show I have a radio show called

652
00:25:51,350 --> 00:25:49,500
the Lifeboat hour on the progressive

653
00:25:53,870 --> 00:25:51,360
radio network every Sunday

654
00:25:57,289 --> 00:25:53,880
and I have said this

655
00:25:59,269 --> 00:25:57,299
very clearly the suppressed suppressed

656
00:26:02,110 --> 00:25:59,279
Technologies are the spiritual

657
00:26:05,390 --> 00:26:02,120
Technologies

658
00:26:09,049 --> 00:26:05,400
carried by all of the indigenous peoples

659
00:26:10,789 --> 00:26:09,059
the ones who refused uh to participate

660
00:26:13,010 --> 00:26:10,799
in the great forgetting the ones who

661
00:26:14,930 --> 00:26:13,020
were not exterminated and and I pay

662
00:26:17,269 --> 00:26:14,940
great tribute to all of the ancestors of

663
00:26:19,970 --> 00:26:17,279

all indigenous cultures who have

664

00:26:21,950 --> 00:26:19,980

gone through unspeakable hardships for

665

00:26:24,649 --> 00:26:21,960

thousands for hundreds and hundreds of

666

00:26:27,490 --> 00:26:24,659

generations to keep this wisdom intact

667

00:26:31,610 --> 00:26:27,500

and and I I I I practice Native American

668

00:26:33,350 --> 00:26:31,620

spirituality and and I have seen these

669

00:26:37,070 --> 00:26:33,360

Technologies work but they have to do

670

00:26:39,830 --> 00:26:37,080

with prayers and frequencies and means

671

00:26:43,610 --> 00:26:39,840

and methods of energetically relating

672

00:26:45,490 --> 00:26:43,620

to all life and these are technologies

673

00:26:48,230 --> 00:26:45,500

that most of the people in the world

674

00:26:51,049 --> 00:26:48,240

wouldn't be able to identify or

675

00:26:53,870 --> 00:26:51,059

recognize although many more people are

676

00:26:57,350 --> 00:26:53,880

waking up to this these uh this power

677

00:27:00,649 --> 00:26:57,360

now but it all comes from healing the

678

00:27:02,930 --> 00:27:00,659

fundamental belief that man is separate

679

00:27:05,750 --> 00:27:02,940

from the rest of the universe which is

680

00:27:08,510 --> 00:27:05,760

something for us to manipulate

681

00:27:11,630 --> 00:27:08,520

yeah we need we need to cooperate rather

682

00:27:15,470 --> 00:27:11,640

than compete with the physical world

683

00:27:17,930 --> 00:27:15,480

I totally agree I mean I guess one big

684

00:27:19,490 --> 00:27:17,940

thing that Skeptics point to that say

685

00:27:21,710 --> 00:27:19,500

you know when I bring this stuff up or

686

00:27:23,029 --> 00:27:21,720

something like a resource-based economy

687

00:27:24,649 --> 00:27:23,039

they said there aren't enough resources

688

00:27:25,789 --> 00:27:24,659

to go around and I say well you know I

689

00:27:28,730 --> 00:27:25,799

think that that might just be a

690

00:27:30,529 --> 00:27:28,740

manipulation absolutely not no we're

691

00:27:32,510 --> 00:27:30,539

running out of fresh water all over the

692

00:27:35,690 --> 00:27:32,520

world they are consuming fresh water

693

00:27:39,769 --> 00:27:35,700

tables destroying rivers rivers for for

694

00:27:42,590 --> 00:27:39,779

tar Sands for fracking uh for Shale gas

695

00:27:45,890 --> 00:27:42,600

or so-called Shale oil so-called tight

696

00:27:48,350 --> 00:27:45,900

oil in North Dakota our rivers and

697

00:27:51,230 --> 00:27:48,360

streams are polluted the aquifers are

698

00:27:54,169 --> 00:27:51,240

are polluted it is absolutely foolish

699

00:27:55,730 --> 00:27:54,179

for anybody to believe that we are

700

00:27:58,430 --> 00:27:55,740

living in a world that's as full of

701
00:28:01,010 --> 00:27:58,440
resources as it was in 1400 that's

702
00:28:02,810 --> 00:28:01,020
nonsense well right but you know I know

703
00:28:04,250 --> 00:28:02,820
you're in uh the third Zeitgeist movie

704
00:28:06,230 --> 00:28:04,260
their whole philosophy of a

705
00:28:09,230 --> 00:28:06,240
resource-based economy is that uh we

706
00:28:11,570 --> 00:28:09,240
should share everything and in an equal

707
00:28:15,549 --> 00:28:11,580
way and manage our resources not with a

708
00:28:18,110 --> 00:28:15,559
monetary structure but by dividing

709
00:28:19,430 --> 00:28:18,120
to our to suit our needs but you don't

710
00:28:21,230 --> 00:28:19,440
think there's enough to go around so I

711
00:28:22,549 --> 00:28:21,240
mean that obviously wouldn't be a proper

712
00:28:25,130 --> 00:28:22,559
solution so I mean what do you think we

713
00:28:26,630 --> 00:28:25,140

could do as a as a global Community to

714

00:28:29,630 --> 00:28:26,640

make things right

715

00:28:32,930 --> 00:28:29,640

we can't and that's the fundamental

716

00:28:34,669 --> 00:28:32,940

point that we're at solution uh by

717

00:28:36,110 --> 00:28:34,679

definition again there's that Paradigm

718

00:28:38,450 --> 00:28:36,120

trap about what hearing the word

719

00:28:41,149 --> 00:28:38,460

solution give me a solution meaning to

720

00:28:42,850 --> 00:28:41,159

put things back the way they were it

721

00:28:47,810 --> 00:28:42,860

cannot be done

722

00:28:51,710 --> 00:28:47,820

not Solutions

723

00:28:54,409 --> 00:28:51,720

at this point okay uh and and I and I

724

00:28:57,169 --> 00:28:54,419

stand with a guy McPherson Carolyn Baker

725

00:29:00,769 --> 00:28:57,179

uh many people who understand that our

726

00:29:02,529 --> 00:29:00,779

species is in hospice there is no fix

727

00:29:05,149 --> 00:29:02,539

for this

728

00:29:07,250 --> 00:29:05,159

again until you change the way money

729

00:29:09,230 --> 00:29:07,260

works you change nothing and nobody has

730

00:29:12,010 --> 00:29:09,240

ever changed the way money works right

731

00:29:15,110 --> 00:29:12,020

now I fully agree that is the the

732

00:29:17,810 --> 00:29:15,120

shackle on our ankle right there and and

733

00:29:20,570 --> 00:29:17,820

it is delusional at this point when we

734

00:29:22,070 --> 00:29:20,580

live in a world with a with governments

735

00:29:26,149 --> 00:29:22,080

especially the United States government

736

00:29:30,230 --> 00:29:26,159

that are so absolutely completely

737

00:29:31,190 --> 00:29:30,240

corrupt venely corrupt it is foolish to

738

00:29:33,830 --> 00:29:31,200

believe

739

00:29:35,810 --> 00:29:33,840

that that that governmental system or

740

00:29:38,930 --> 00:29:35,820

economic system is going to relieve

741

00:29:40,730 --> 00:29:38,940

itself and the pollyanna's who uh who

742

00:29:43,310 --> 00:29:40,740

say well positive thinking will solve

743

00:29:45,590 --> 00:29:43,320

everything uh you know they are going to

744

00:29:47,210 --> 00:29:45,600

have Terence McKenna use the term it's

745

00:29:49,549 --> 00:29:47,220

going to be a fire in a mad house when

746

00:29:51,049 --> 00:29:49,559

he talked about the eschaton uh and

747

00:29:52,850 --> 00:29:51,059

they're going to face the fire in the

748

00:29:54,610 --> 00:29:52,860

mad house there is a growing movement of

749

00:29:57,529 --> 00:29:54,620

people around the world who understand

750

00:30:00,950 --> 00:29:57,539

that that the human race is time on this

751
00:30:03,130 --> 00:30:00,960
planet is ending species go extinct all

752
00:30:04,970 --> 00:30:03,140
the time true

753
00:30:07,010 --> 00:30:04,980
so

754
00:30:09,649 --> 00:30:07,020
I guess what would you advise to people

755
00:30:12,169 --> 00:30:09,659
then if there isn't really a necessarily

756
00:30:15,590 --> 00:30:12,179
a solution uh what what do you think

757
00:30:16,909 --> 00:30:15,600
could be our our most positive outcome

758
00:30:21,230 --> 00:30:16,919
well

759
00:30:23,389 --> 00:30:21,240
first of all I and and and and and uh so

760
00:30:25,010 --> 00:30:23,399
many of us so many of the great thinkers

761
00:30:26,630 --> 00:30:25,020
and here I include all the names that

762
00:30:27,889 --> 00:30:26,640
I've mentioned before from Atlanta to

763
00:30:31,130 --> 00:30:27,899

Hancock all of them

764

00:30:33,649 --> 00:30:31,140

do not believe that the 3D Cartesian

765

00:30:37,250 --> 00:30:33,659

reality is anything more than a prison

766

00:30:39,529 --> 00:30:37,260

cell in which we have been imprisoned

767

00:30:43,909 --> 00:30:39,539

so our Liberation from that prison cell

768

00:30:45,950 --> 00:30:43,919

is at hand I do not believe in that that

769

00:30:48,230 --> 00:30:45,960

when a human being dies

770

00:30:50,810 --> 00:30:48,240

uh but that's the end of everything of

771

00:30:52,490 --> 00:30:50,820

course again that's the jungian shadow

772

00:30:54,710 --> 00:30:52,500

that's the ego

773

00:30:56,990 --> 00:30:54,720

presenting itself and it is from that

774

00:31:00,289 --> 00:30:57,000

place of protecting and preserving the

775

00:31:02,210 --> 00:31:00,299

ego that all of this Carnage and horror

776
00:31:03,950 --> 00:31:02,220
has come

777
00:31:04,630 --> 00:31:03,960
so

778
00:31:07,310 --> 00:31:04,640
um

779
00:31:10,190 --> 00:31:07,320
what is happening

780
00:31:13,610 --> 00:31:10,200
is that first of all there is a

781
00:31:16,669 --> 00:31:13,620
tremendous Resurgence uh in in an

782
00:31:18,529 --> 00:31:16,679
interest in indigenous spirituality the

783
00:31:20,090 --> 00:31:18,539
ways that have been kept for tens of

784
00:31:22,789 --> 00:31:20,100
thousands of years because that's a

785
00:31:25,070 --> 00:31:22,799
fundamental truth

786
00:31:27,649 --> 00:31:25,080
um but it also has to do with things

787
00:31:30,649 --> 00:31:27,659
like reconciliation making amends and

788
00:31:32,330 --> 00:31:30,659

the energetic spiritual attitude

789

00:31:34,130 --> 00:31:32,340

um for some reason a line from

790

00:31:35,750 --> 00:31:34,140

Shakespeare from Hamlet comes to mind

791

00:31:37,070 --> 00:31:35,760

the lasso ratio there are more things in

792

00:31:40,669 --> 00:31:37,080

Heaven and Earth in our Dream Covenant

793

00:31:43,549 --> 00:31:40,679

in your philosophy so I am not trapped

794

00:31:46,130 --> 00:31:43,559

and most of us are not trapped in that

795

00:31:48,049 --> 00:31:46,140

place where oh my God we're gonna die

796

00:31:51,430 --> 00:31:48,059

then that's the end of everything and we

797

00:31:53,990 --> 00:31:51,440

have to frantically blah blah blah well

798

00:31:57,110 --> 00:31:54,000

we're living in a world that's been

799

00:31:59,090 --> 00:31:57,120

living that way until the credit line is

800

00:32:01,430 --> 00:31:59,100

exhausted we've exhausted the credit

801
00:32:03,350 --> 00:32:01,440
line of mother earth

802
00:32:05,870 --> 00:32:03,360
um

803
00:32:07,789 --> 00:32:05,880
but what I know from my own spiritual

804
00:32:12,010 --> 00:32:07,799
practice and also

805
00:32:17,210 --> 00:32:12,020
from uh from experiences with Ayahuasca

806
00:32:18,710 --> 00:32:17,220
DMT and mushrooms that there is a a

807
00:32:22,970 --> 00:32:18,720
wonderful

808
00:32:24,250 --> 00:32:22,980
uh reality that exists outside our

809
00:32:26,450 --> 00:32:24,260
Consciousness

810
00:32:29,750 --> 00:32:26,460
and that's why there's also a tremendous

811
00:32:31,310 --> 00:32:29,760
interest in DMT in Ayahuasca now

812
00:32:33,529 --> 00:32:31,320
um a growing interest in that I mean I

813
00:32:36,350 --> 00:32:33,539

stand with Graham Hancock and Joe Rogan

814

00:32:39,470 --> 00:32:36,360

and Terence McKenna on on those pages

815

00:32:41,750 --> 00:32:39,480

because I've experienced it

816

00:32:44,210 --> 00:32:41,760

um but

817

00:32:46,549 --> 00:32:44,220

I cannot offer you a solution that will

818

00:32:49,669 --> 00:32:46,559

do anything to restore a world like we

819

00:32:51,889 --> 00:32:49,679

knew in 2007.

820

00:32:55,549 --> 00:32:51,899

before you know the economic crash of

821

00:32:58,970 --> 00:32:55,559

2008. I just used that as an arbitrary

822

00:33:00,769 --> 00:32:58,980

Benchmark that world is never ever ever

823

00:33:04,610 --> 00:33:00,779

coming back

824

00:33:07,549 --> 00:33:04,620

wow that I mean the true I'd rather have

825

00:33:10,909 --> 00:33:07,559

the truth than uh you know some empty

826

00:33:13,610 --> 00:33:10,919

positive statements and yeah it seems

827

00:33:14,930 --> 00:33:13,620

like you might be right I mean a lot of

828

00:33:16,549 --> 00:33:14,940

people I've had on the show talk about

829

00:33:17,930 --> 00:33:16,559

mass extinctions like you're talking

830

00:33:19,250 --> 00:33:17,940

about and this might just be part of the

831

00:33:21,350 --> 00:33:19,260

cycle maybe we've gone through many of

832

00:33:24,190 --> 00:33:21,360

these before maybe we're just in the

833

00:33:26,090 --> 00:33:24,200

middle of another one well

834

00:33:28,549 --> 00:33:26,100

scientifically I think that's pretty

835

00:33:30,649 --> 00:33:28,559

clear carbon levels in the atmosphere

836

00:33:34,549 --> 00:33:30,659

haven't been this high in what 400 000

837

00:33:37,029 --> 00:33:34,559

years and and and the scientific data is

838

00:33:40,130 --> 00:33:37,039

is is very clear that when you get to

839

00:33:41,930 --> 00:33:40,140

carbon releases of this level you can

840

00:33:43,610 --> 00:33:41,940

also reach a Tipping Point where the

841

00:33:46,430 --> 00:33:43,620

climate change suddenly comes overnight

842

00:33:49,490 --> 00:33:46,440

four to six degrees centigrade is cooked

843

00:33:51,649 --> 00:33:49,500

in humans cannot survive at a two degree

844

00:33:54,049 --> 00:33:51,659

Centigrade rise over Baseline at the

845

00:33:56,990 --> 00:33:54,059

start of industrial civilization yeah

846

00:33:59,330 --> 00:33:57,000

and it's not just

847

00:34:02,509 --> 00:33:59,340

it's not just because

848

00:34:04,850 --> 00:34:02,519

human beings can't adapt to a hotter

849

00:34:06,230 --> 00:34:04,860

temperature no human being can survive a

850

00:34:08,089 --> 00:34:06,240

wet bulb temperature it's a combination

851
00:34:10,609 --> 00:34:08,099
of humidity higher than 35 degrees

852
00:34:14,030 --> 00:34:10,619
Centigrade but the problem is is that

853
00:34:17,389 --> 00:34:14,040
the plants and the animals cannot adapt

854
00:34:20,050 --> 00:34:17,399
and move fast enough in a totally

855
00:34:24,250 --> 00:34:20,060
unpredictable climate

856
00:34:28,129 --> 00:34:24,260
when you see dramatic weather extremes

857
00:34:29,869 --> 00:34:28,139
floods droughts monstrous heat waves

858
00:34:31,250 --> 00:34:29,879
like in Australia where it's been 130

859
00:34:33,950 --> 00:34:31,260
degrees recently this is only getting

860
00:34:36,169 --> 00:34:33,960
worse because at this point in time

861
00:34:38,270 --> 00:34:36,179
what we are experiencing

862
00:34:40,669 --> 00:34:38,280
in terms of weather changes is a result

863
00:34:43,669 --> 00:34:40,679

of the carbon that was released into the

864

00:34:47,329 --> 00:34:43,679

atmosphere 30 years ago

865

00:34:49,909 --> 00:34:47,339

if we consider that and we consider that

866

00:34:52,129 --> 00:34:49,919

mankind has been releasing ever more

867

00:34:54,290 --> 00:34:52,139

carbon into the atmosphere every year

868

00:34:56,270 --> 00:34:54,300

since especially since peak oil as we go

869

00:34:58,670 --> 00:34:56,280

to the more desperate means

870

00:35:01,730 --> 00:34:58,680

and and more people are on the planet

871

00:35:04,310 --> 00:35:01,740

the worst is definitely Yet to Come As a

872

00:35:07,190 --> 00:35:04,320

quote from guy McPherson he says the the

873

00:35:09,349 --> 00:35:07,200

the the the the the immediate future is

874

00:35:11,329 --> 00:35:09,359

not going to be anything like the recent

875

00:35:13,490 --> 00:35:11,339

past and that's exactly what we're

876

00:35:16,370 --> 00:35:13,500

experiencing now

877

00:35:17,510 --> 00:35:16,380

wow well I mean I want to figure out how

878

00:35:19,609 --> 00:35:17,520

to uh

879

00:35:21,050 --> 00:35:19,619

to best just deal with this transition I

880

00:35:23,210 --> 00:35:21,060

mean see I'm I'm living in San Diego

881

00:35:24,410 --> 00:35:23,220

I've been a house cat my whole life and

882

00:35:26,450 --> 00:35:24,420

my girlfriend and I we've been talking

883

00:35:28,069 --> 00:35:26,460

more and more about trying to divorce

884

00:35:30,710 --> 00:35:28,079

this system and live off the land in

885

00:35:32,390 --> 00:35:30,720

some way but we're so uneducated in that

886

00:35:33,710 --> 00:35:32,400

area and I don't really have the money

887

00:35:36,050 --> 00:35:33,720

yet we see

888

00:35:37,550 --> 00:35:36,060

it is it's the only real alternative to

889

00:35:39,230 --> 00:35:37,560

being conventional and you're a real

890

00:35:40,849 --> 00:35:39,240

inspiration in that area man I mean how

891

00:35:43,490 --> 00:35:40,859

would you advise people who want to make

892

00:35:46,430 --> 00:35:43,500

some type of change and kind of divorce

893

00:35:48,290 --> 00:35:46,440

the system that they're stuck in well uh

894

00:35:50,450 --> 00:35:48,300

when when we made the documentary

895

00:35:52,550 --> 00:35:50,460

collapse which was released in September

896

00:35:53,930 --> 00:35:52,560

of 09 it was you know fantastically well

897

00:35:55,010 --> 00:35:53,940

received we almost got an Oscar

898

00:35:56,990 --> 00:35:55,020

nomination

899

00:35:59,450 --> 00:35:57,000

uh all the critics loved it it was it

900

00:36:02,569 --> 00:35:59,460

was a big hit yeah it's great I used the

901
00:36:04,490 --> 00:36:02,579
analogy about uh when a bear attacks a

902
00:36:06,050 --> 00:36:04,500
camp you don't have to be faster than

903
00:36:08,750 --> 00:36:06,060
the bear you just have to be faster than

904
00:36:11,750 --> 00:36:08,760
the slowest camper true well that no

905
00:36:13,210 --> 00:36:11,760
longer applies there is no place to run

906
00:36:15,849 --> 00:36:13,220
anymore

907
00:36:19,550 --> 00:36:15,859
global warming is global

908
00:36:22,010 --> 00:36:19,560
uh and radiation leakages from Fukushima

909
00:36:24,410 --> 00:36:22,020
and and other sources now we have

910
00:36:26,810 --> 00:36:24,420
leaking storage facilities at Hanford

911
00:36:28,670 --> 00:36:26,820
that you know all over there's massive

912
00:36:30,470 --> 00:36:28,680
leaks of radiation into the atmosphere

913
00:36:32,630 --> 00:36:30,480

and Fukushima is totally out of control

914

00:36:35,390 --> 00:36:32,640

we have them totally lied to about the

915

00:36:37,069 --> 00:36:35,400

radiation that has not stopped being

916

00:36:39,109 --> 00:36:37,079

released now for almost three years

917

00:36:41,690 --> 00:36:39,119

three years next month

918

00:36:43,970 --> 00:36:41,700

and that has traveled the Northern

919

00:36:46,130 --> 00:36:43,980

Hemisphere and saturated the Northern

920

00:36:47,690 --> 00:36:46,140

Hemisphere it's been falling out in rain

921

00:36:49,490 --> 00:36:47,700

and snow for three years the Japanese

922

00:36:52,490 --> 00:36:49,500

are still incinerating tons of

923

00:36:54,410 --> 00:36:52,500

radioactive waste every day tepco is

924

00:36:55,849 --> 00:36:54,420

still pouring hundreds and hundreds and

925

00:36:57,650 --> 00:36:55,859

hundreds of tons every day of

926
00:36:59,150 --> 00:36:57,660
radioactive water into the Pacific Ocean

927
00:37:01,490 --> 00:36:59,160
which is dying

928
00:37:04,490 --> 00:37:01,500
there is no place to run from radiation

929
00:37:07,550 --> 00:37:04,500
or climate collapse so running away if

930
00:37:09,349 --> 00:37:07,560
you will is great but permaculture which

931
00:37:11,569 --> 00:37:09,359
I'm a great fan which I practiced in

932
00:37:12,589 --> 00:37:11,579
Northern California for a while before I

933
00:37:15,109 --> 00:37:12,599
moved here

934
00:37:16,550 --> 00:37:15,119
is based upon thoughtful and protracted

935
00:37:19,490 --> 00:37:16,560
observation

936
00:37:21,650 --> 00:37:19,500
which means that you spend a long time a

937
00:37:23,089 --> 00:37:21,660
long enough time with an ecosystem and a

938
00:37:25,490 --> 00:37:23,099

climate observing it so that you

939

00:37:27,770 --> 00:37:25,500

understand but the implication is then

940

00:37:29,210 --> 00:37:27,780

that that that is a stable climate so

941

00:37:30,650 --> 00:37:29,220

that your observations will have

942

00:37:33,349 --> 00:37:30,660

relevance

943

00:37:34,790 --> 00:37:33,359

well tell that to the people in in uh in

944

00:37:37,609 --> 00:37:34,800

the Philippines who had four feet of

945

00:37:40,190 --> 00:37:37,619

rain and 48 Hours tell that to the

946

00:37:43,310 --> 00:37:40,200

people in in Alaska and and near the

947

00:37:46,069 --> 00:37:43,320

North Pole where it has been 20 30

948

00:37:47,990 --> 00:37:46,079

degrees warmer in Alaska and at the

949

00:37:51,109 --> 00:37:48,000

North Pole than it has been in Chicago

950

00:37:53,450 --> 00:37:51,119

Detroit Colorado New York tell that to

951
00:37:55,370 --> 00:37:53,460
the people in Great Britain where the

952
00:37:57,890 --> 00:37:55,380
Gulf Stream current has collapsed there

953
00:38:00,770 --> 00:37:57,900
is no climate stability guaranteed now

954
00:38:04,010 --> 00:38:00,780
and other the very competent climate

955
00:38:05,569 --> 00:38:04,020
scientist Paul Beckwith a professor at

956
00:38:08,390 --> 00:38:05,579
the University of Ottawa is very

957
00:38:10,130 --> 00:38:08,400
eloquent on on this he says and I had

958
00:38:12,589 --> 00:38:10,140
him on my radio show a couple weeks ago

959
00:38:16,310 --> 00:38:12,599
and and and and and I made him repeat it

960
00:38:17,750 --> 00:38:16,320
he said both the frequency and the

961
00:38:20,210 --> 00:38:17,760
intensity

962
00:38:23,390 --> 00:38:20,220
of extreme weather events are going to

963
00:38:27,530 --> 00:38:23,400

increase by orders of magnitude

964

00:38:29,870 --> 00:38:27,540

wow you cannot go say I'm going to take

965

00:38:32,390 --> 00:38:29,880

this patch of ground and find some clean

966

00:38:33,650 --> 00:38:32,400

water which radiation might be falling

967

00:38:37,010 --> 00:38:33,660

into now

968

00:38:40,010 --> 00:38:37,020

uh and and I'm going to make a stand to

969

00:38:41,810 --> 00:38:40,020

build myself a life book and this is I

970

00:38:43,550 --> 00:38:41,820

think from a spiritual standpoint a

971

00:38:45,890 --> 00:38:43,560

complete blessing

972

00:38:48,349 --> 00:38:45,900

for the human race because it is driving

973

00:38:50,030 --> 00:38:48,359

us back to a Unity Consciousness to make

974

00:38:52,790 --> 00:38:50,040

us all realize that there is no them

975

00:38:56,210 --> 00:38:52,800

there is no us we are all sharing

976
00:38:58,849 --> 00:38:56,220
the same crisis and from that standpoint

977
00:39:02,270 --> 00:38:58,859
uh I'll just say this real real quickly

978
00:39:05,150 --> 00:39:02,280
I spent 21 years in 12-step recovery

979
00:39:06,710 --> 00:39:05,160
um uh to summarize what what 12-step

980
00:39:08,990 --> 00:39:06,720
recovery says in almost all mystical

981
00:39:12,069 --> 00:39:09,000
paths say apart from the spiritual

982
00:39:14,450 --> 00:39:12,079
solution can I cuss absolutely please do

983
00:39:16,069 --> 00:39:14,460
apart from a spiritual solution we're

984
00:39:19,010 --> 00:39:16,079
[h__\h]

985
00:39:21,589 --> 00:39:19,020
yeah I well the I guess what's sad to me

986
00:39:23,750 --> 00:39:21,599
though is that I get very hopeful about

987
00:39:26,630 --> 00:39:23,760
the prospect of people coming to the

988
00:39:27,410 --> 00:39:26,640

spiritual realization going back to uh

989

00:39:29,630 --> 00:39:27,420

you know trying to perform

990

00:39:32,329 --> 00:39:29,640

self-sustainable communities

991

00:39:34,010 --> 00:39:32,339

uh going back to the Earth but you know

992

00:39:35,569 --> 00:39:34,020

it seems like you're saying that go

993

00:39:37,069 --> 00:39:35,579

ahead and do that but we're still all

994

00:39:40,490 --> 00:39:37,079

[h__\h]

995

00:39:43,609 --> 00:39:40,500

yes now here's the great question

996

00:39:46,450 --> 00:39:43,619

and and and and I think that this is so

997

00:39:49,810 --> 00:39:46,460

important the question is energetically

998

00:39:53,690 --> 00:39:49,820

how we Face what's coming

999

00:39:56,810 --> 00:39:53,700

from what energetic standpoint and frame

1000

00:39:59,030 --> 00:39:56,820

of mind we Face the standpoint I would

1001
00:40:01,069 --> 00:39:59,040
agree with guy McPherson I don't see any

1002
00:40:02,990 --> 00:40:01,079
possibility of saving the human race

1003
00:40:05,290 --> 00:40:03,000
there there's a distinct possibility

1004
00:40:07,849 --> 00:40:05,300
unpredictable from a Cartesian

1005
00:40:10,490 --> 00:40:07,859
measurable computer program standpoint

1006
00:40:11,990 --> 00:40:10,500
Some Humans May survive Spirit there

1007
00:40:14,870 --> 00:40:12,000
have been other mass extinctions of

1008
00:40:17,329 --> 00:40:14,880
humans before four Sons at the Hopi or

1009
00:40:18,950 --> 00:40:17,339
the Mayan would say uh when the human

1010
00:40:21,829 --> 00:40:18,960
race reached a certain point and there

1011
00:40:24,190 --> 00:40:21,839
was a Wipeout and yet a few survived

1012
00:40:28,370 --> 00:40:24,200
there is no way to to

1013
00:40:31,670 --> 00:40:28,380

calculate who that might be right

1014

00:40:33,890 --> 00:40:31,680

but what's uh what's what's critical now

1015

00:40:36,349 --> 00:40:33,900

is what our Consciousness does as we

1016

00:40:39,290 --> 00:40:36,359

face this because I believe Terence

1017

00:40:41,450 --> 00:40:39,300

mcketta had had a great line and and I I

1018

00:40:43,490 --> 00:40:41,460

cannot thank him enough

1019

00:40:45,109 --> 00:40:43,500

I when I lived in Northern California I

1020

00:40:46,790 --> 00:40:45,119

just lived about four miles from his

1021

00:40:48,710 --> 00:40:46,800

house in Occidental California and I was

1022

00:40:50,210 --> 00:40:48,720

privileged to know many of his

1023

00:40:53,930 --> 00:40:50,220

associates up there that was where I had

1024

00:40:55,609 --> 00:40:53,940

my first exposure to DMT oh awesome uh

1025

00:40:59,569 --> 00:40:55,619

and and this all seemed to have been our

1026

00:41:01,569 --> 00:40:59,579

gain but what he said was

1027

00:41:04,430 --> 00:41:01,579

we are

1028

00:41:07,609 --> 00:41:04,440

this fire in the mad house this chaotic

1029

00:41:11,150 --> 00:41:07,619

situation is the way it always is when a

1030

00:41:13,970 --> 00:41:11,160

species gets ready to evolve and leave

1031

00:41:16,910 --> 00:41:13,980

for the Stars

1032

00:41:19,430 --> 00:41:16,920

in other words it might not be death as

1033

00:41:22,130 --> 00:41:19,440

in the end the blank black silent screen

1034

00:41:23,930 --> 00:41:22,140

that's facing us it might be a

1035

00:41:25,790 --> 00:41:23,940

monstrously wonderful and beautiful

1036

00:41:28,130 --> 00:41:25,800

evolution

1037

00:41:29,750 --> 00:41:28,140

higher dimensions and higher Realms of

1038

00:41:32,089 --> 00:41:29,760

Consciousness but this is the way it

1039

00:41:34,010 --> 00:41:32,099

always looks at the end right it's just

1040

00:41:38,750 --> 00:41:34,020

a matter of perspective

1041

00:41:40,910 --> 00:41:38,760

and and a matter of of experience uh you

1042

00:41:44,030 --> 00:41:40,920

know from from my experience not only

1043

00:41:46,069 --> 00:41:44,040

with with the psychedelics that that I

1044

00:41:50,230 --> 00:41:46,079

have taken and I have to say that these

1045

00:41:52,970 --> 00:41:50,240

were always under uh very spiritually uh

1046

00:41:54,650 --> 00:41:52,980

prepared this is not a recreational

1047

00:41:57,710 --> 00:41:54,660

thing that you do there's prayer

1048

00:41:59,930 --> 00:41:57,720

preparation fasting and all that these

1049

00:42:02,870 --> 00:41:59,940

these these medicines that that Spirit

1050

00:42:06,710 --> 00:42:02,880

gave to us in the form of plants

1051
00:42:09,410 --> 00:42:06,720
um like it need to be respected but you

1052
00:42:11,569 --> 00:42:09,420
can you can also do this from a non-drug

1053
00:42:13,130 --> 00:42:11,579
perspective as well to the practice of

1054
00:42:14,810 --> 00:42:13,140
spiritual principles as we know from

1055
00:42:16,630 --> 00:42:14,820
Alcoholics Anonymous as we know from

1056
00:42:19,730 --> 00:42:16,640
Gamblers Anonymous as we know from

1057
00:42:24,230 --> 00:42:19,740
Native American Medicine ceremonies uh

1058
00:42:26,390 --> 00:42:24,240
like a sweat lodge uh even to a unique

1059
00:42:29,030 --> 00:42:26,400
UE excuse me where there are no drugs

1060
00:42:31,550 --> 00:42:29,040
involved and yet you experience contact

1061
00:42:34,550 --> 00:42:31,560
with this other realm and what McKenna

1062
00:42:36,770 --> 00:42:34,560
said for most people he said uh doing

1063
00:42:39,950 --> 00:42:36,780

psychedelics or practicing spiritual

1064

00:42:43,150 --> 00:42:39,960

principles is like doing calisthenics

1065

00:42:46,609 --> 00:42:43,160

for the marathon into eternity

1066

00:42:49,550 --> 00:42:46,619

he said most people will be most likely

1067

00:42:51,650 --> 00:42:49,560

to perish or die from amazement once

1068

00:42:53,390 --> 00:42:51,660

they realize all of the rest of the

1069

00:42:55,490 --> 00:42:53,400

universe that we have been imprisonment

1070

00:42:57,950 --> 00:42:55,500

kept away from

1071

00:43:01,130 --> 00:42:57,960

okay well I guess then instead of

1072

00:43:04,490 --> 00:43:01,140

focusing on the individual survival and

1073

00:43:06,710 --> 00:43:04,500

uh taking that type of path how can

1074

00:43:09,530 --> 00:43:06,720

someone who's facing some type of

1075

00:43:11,329 --> 00:43:09,540

spiritual blockage help to clear that

1076

00:43:12,530 --> 00:43:11,339

out outside of you know maybe if they

1077

00:43:15,470 --> 00:43:12,540

can't participate in one of these

1078

00:43:18,050 --> 00:43:15,480

rituals or psychedelics

1079

00:43:19,790 --> 00:43:18,060

how can they uh you know make a small

1080

00:43:21,950 --> 00:43:19,800

step in that direction to start feeling

1081

00:43:23,630 --> 00:43:21,960

something that's a wonderful question

1082

00:43:27,050 --> 00:43:23,640

you know that really is a good question

1083

00:43:28,730 --> 00:43:27,060

and I tried to do that to excuse me

1084

00:43:30,950 --> 00:43:28,740

approach that question on my own show

1085

00:43:34,250 --> 00:43:30,960

last week with Christopher long who is a

1086

00:43:37,010 --> 00:43:34,260

a uh a practitioner of Native American

1087

00:43:39,230 --> 00:43:37,020

racas medicine man here in crestone he's

1088

00:43:44,690 --> 00:43:39,240

a very dear friend and we were talking

1089

00:43:46,730 --> 00:43:44,700

about that I think the first stage that

1090

00:43:49,430 --> 00:43:46,740

opens the door for this is the admission

1091

00:43:52,609 --> 00:43:49,440

of complete defeat

1092

00:43:54,290 --> 00:43:52,619

wow yeah surrender

1093

00:43:59,809 --> 00:43:54,300

in that

1094

00:44:01,190 --> 00:43:59,819

once we begin to realize that uh the

1095

00:44:02,930 --> 00:44:01,200

political system isn't going to do

1096

00:44:04,790 --> 00:44:02,940

anything the economic system isn't going

1097

00:44:08,270 --> 00:44:04,800

to do anything but even more than that

1098

00:44:10,309 --> 00:44:08,280

3D Cartesian reality trying to deal with

1099

00:44:13,030 --> 00:44:10,319

the whole universe as though it was

1100

00:44:15,770 --> 00:44:13,040

measured by numbers and measurement

1101
00:44:20,630 --> 00:44:15,780
controlled by numbers and measurement is

1102
00:44:24,230 --> 00:44:20,640
what got us here right so when we when

1103
00:44:27,050 --> 00:44:24,240
individuals inside admit uh that buying

1104
00:44:29,089 --> 00:44:27,060
a Prius or recycling or getting a bumper

1105
00:44:30,470 --> 00:44:29,099
sticker is not going to solve The

1106
00:44:33,290 --> 00:44:30,480
World's problems you know what I'm

1107
00:44:35,750 --> 00:44:33,300
saying of course uh once they admit that

1108
00:44:38,030 --> 00:44:35,760
that system is defeated then

1109
00:44:39,710 --> 00:44:38,040
you are at a place of becoming what I

1110
00:44:41,230 --> 00:44:39,720
would call teachable

1111
00:44:45,290 --> 00:44:41,240
open

1112
00:44:47,569 --> 00:44:45,300
uh and uh this is not about punishment I

1113
00:44:49,670 --> 00:44:47,579

one of the greatest spiritual precepts I

1114

00:44:52,250 --> 00:44:49,680

ever ever learned was the concept of

1115

00:44:55,790 --> 00:44:52,260

change without punishment

1116

00:44:57,770 --> 00:44:55,800

just let go of what didn't work there's

1117

00:45:00,170 --> 00:44:57,780

no need to beat yourself over the head

1118

00:45:03,050 --> 00:45:00,180

or punish or shame or blame anything

1119

00:45:05,089 --> 00:45:03,060

just watch stop participating

1120

00:45:06,230 --> 00:45:05,099

uh and I'm not calling for seven billion

1121

00:45:08,150 --> 00:45:06,240

people to do something and that that

1122

00:45:10,130 --> 00:45:08,160

will cause the Federal Reserve no that's

1123

00:45:12,829 --> 00:45:10,140

the wrong approach it's all internal

1124

00:45:15,710 --> 00:45:12,839

it's all a matter of consciousness

1125

00:45:17,329 --> 00:45:15,720

um there is now around the world a large

1126

00:45:19,670 --> 00:45:17,339

enough Community which you can find from

1127

00:45:21,170 --> 00:45:19,680

my Facebook page links to much of it but

1128

00:45:24,410 --> 00:45:21,180

you can go to guy McPherson's page

1129

00:45:26,450 --> 00:45:24,420

nature bats last or Carolyn Baker's page

1130

00:45:27,490 --> 00:45:26,460

she's my dear friend speaking truth to

1131

00:45:31,250 --> 00:45:27,500

power

1132

00:45:34,609 --> 00:45:31,260

these are doorways to to an ever-growing

1133

00:45:36,650 --> 00:45:34,619

community of Consciousness spiritual not

1134

00:45:38,450 --> 00:45:36,660

religious

1135

00:45:40,069 --> 00:45:38,460

um religion is for people who are afraid

1136

00:45:42,290 --> 00:45:40,079

of going to hell and spiritualities for

1137

00:45:46,010 --> 00:45:42,300

those who have already been there

1138

00:45:48,829 --> 00:45:46,020

um and so this is a large community and

1139

00:45:50,809 --> 00:45:48,839

and and it's evolving just like occupy

1140

00:45:53,210 --> 00:45:50,819

did extremely rapidly

1141

00:45:55,550 --> 00:45:53,220

as I think back to uh to occupy I was

1142

00:45:58,849 --> 00:45:55,560

deeply involved and occupy sent out also

1143

00:46:01,190 --> 00:45:58,859

just north of Oakland and we had some we

1144

00:46:02,569 --> 00:46:01,200

avoided major violence there and I was

1145

00:46:05,150 --> 00:46:02,579

deeply involved in that but my

1146

00:46:08,150 --> 00:46:05,160

experience with the Occupy Movement was

1147

00:46:10,790 --> 00:46:08,160

that in the camps Consciousness was

1148

00:46:13,010 --> 00:46:10,800

evolving so quickly that that became the

1149

00:46:16,609 --> 00:46:13,020

enemy yeah people were coming out of

1150

00:46:19,130 --> 00:46:16,619

hypnosis so quickly that the imperative

1151

00:46:23,589 --> 00:46:19,140

had to be to shut down occupy at all

1152

00:46:26,210 --> 00:46:23,599

costs I loved it oh man it was so

1153

00:46:28,849 --> 00:46:26,220

warming and I totally agree and I was

1154

00:46:31,250 --> 00:46:28,859

saying it at the time that occupy won't

1155

00:46:33,890 --> 00:46:31,260

make it because it's got a list of 10

1156

00:46:35,690 --> 00:46:33,900

000 demands that nobody can agree on if

1157

00:46:37,069 --> 00:46:35,700

occupy had gotten to the point where we

1158

00:46:38,569 --> 00:46:37,079

had all said at the same time until you

1159

00:46:39,710 --> 00:46:38,579

change the way money works you change

1160

00:46:41,510 --> 00:46:39,720

nothing because I think back to

1161

00:46:45,370 --> 00:46:41,520

occupying I think what were the demands

1162

00:46:49,809 --> 00:46:45,380

of something about uh uh

1163

00:46:54,589 --> 00:46:52,069

in that war

1164

00:46:56,390 --> 00:46:54,599

and if we look back in retrospect all of

1165

00:46:57,589 --> 00:46:56,400

those demands are absolutely irrelevant

1166

00:47:00,530 --> 00:46:57,599

today

1167

00:47:02,930 --> 00:47:00,540

yeah so had we reached that level of

1168

00:47:06,050 --> 00:47:02,940

Consciousness then occupy was a

1169

00:47:09,890 --> 00:47:06,060

wonderful event but trying to recreate

1170

00:47:11,630 --> 00:47:09,900

occupy now I think would be a a we're

1171

00:47:14,630 --> 00:47:11,640

just too far past that now we are

1172

00:47:16,069 --> 00:47:14,640

there's a lot of the people listening to

1173

00:47:18,290 --> 00:47:16,079

your broadcast and I believe you're

1174

00:47:21,589 --> 00:47:18,300

heard all over the world yeah

1175

00:47:24,309 --> 00:47:21,599

um uh you know are trying to survive

1176

00:47:28,130 --> 00:47:24,319

brutal winter weather

1177

00:47:32,030 --> 00:47:28,140

or big heat waves or uh you know

1178

00:47:34,910 --> 00:47:32,040

whatever so uh and and this is not even

1179

00:47:36,530 --> 00:47:34,920

beginning to touch the the cancers that

1180

00:47:38,210 --> 00:47:36,540

are turning up not over not only all

1181

00:47:40,190 --> 00:47:38,220

over Japan but all over the Pacific

1182

00:47:42,770 --> 00:47:40,200

coast and the fact that much of the

1183

00:47:45,410 --> 00:47:42,780

Pacific Ocean is dead already the

1184

00:47:48,829 --> 00:47:45,420

Pacific Sea floor uh off the Pacific

1185

00:47:52,010 --> 00:47:48,839

coast of the U.S is uh is is littered

1186

00:47:55,370 --> 00:47:52,020

with dead species there are no uh there

1187

00:47:58,010 --> 00:47:55,380

are no uh anchovies uh the the 100 of

1188

00:47:59,349 --> 00:47:58,020

the tested bluefin tuna tested positive

1189

00:48:03,010 --> 00:47:59,359

for radiation because radiation

1190

00:48:06,770 --> 00:48:03,020

bioaccumulates off the up the food chain

1191

00:48:08,510 --> 00:48:06,780

mackerel Herring uh the symptoms of the

1192

00:48:09,829 --> 00:48:08,520

radiation poor thinning are all over

1193

00:48:12,950 --> 00:48:09,839

yeah

1194

00:48:16,970 --> 00:48:12,960

um so you know and from this point I I

1195

00:48:19,190 --> 00:48:16,980

guess I would come back to

1196

00:48:20,990 --> 00:48:19,200

uh I'm a warrior you know I spent my

1197

00:48:23,329 --> 00:48:21,000

time I was a cop and I spent a lot of

1198

00:48:25,069 --> 00:48:23,339

time around the Warriors and I'm

1199

00:48:27,470 --> 00:48:25,079

regarded as a warrior and warriors

1200

00:48:30,010 --> 00:48:27,480

understand that you fight best when

1201

00:48:34,910 --> 00:48:30,020

you're certain you're going to die

1202

00:48:38,809 --> 00:48:34,920

that's when Evolution occurs not until

1203

00:48:42,470 --> 00:48:38,819

your backs are completely against the

1204

00:48:45,410 --> 00:48:42,480

wall live by spiritual principles or die

1205

00:48:47,750 --> 00:48:45,420

because it you know it's it's alcoholic

1206

00:48:49,550 --> 00:48:47,760

Behavior you know what to say it an

1207

00:48:52,490 --> 00:48:49,560

alcoholic walks into a doctor's office

1208

00:48:53,690 --> 00:48:52,500

you know and and the metaphors he's

1209

00:48:56,329 --> 00:48:53,700

hitting himself in the head with a

1210

00:48:57,950 --> 00:48:56,339

hammer right and and he says the doctor

1211

00:49:00,109 --> 00:48:57,960

geez that really hurts when I do this

1212

00:49:01,790 --> 00:49:00,119

and the doctor says well stop hitting

1213

00:49:03,770 --> 00:49:01,800

yourself in the head of the hammer yeah

1214

00:49:05,630 --> 00:49:03,780

but but the alcoholic will walk out

1215

00:49:07,630 --> 00:49:05,640

going oh there's got to be another way

1216

00:49:10,550 --> 00:49:07,640

yeah yeah

1217

00:49:13,609 --> 00:49:10,560

you know and there isn't

1218

00:49:15,349 --> 00:49:13,619

yeah this uh the thing you just touched

1219

00:49:16,910 --> 00:49:15,359

on the warrior it fights best when

1220

00:49:19,250 --> 00:49:16,920

they're facing certain death when they

1221

00:49:21,170 --> 00:49:19,260

know they're gonna die I mean that isn't

1222

00:49:22,609 --> 00:49:21,180

as a theme that has come out and a lot

1223

00:49:24,290 --> 00:49:22,619

of things that I really respect and

1224

00:49:25,970 --> 00:49:24,300

appreciate I mean V for Vendetta is one

1225

00:49:28,370 --> 00:49:25,980

of my favorite movies it's it's off it's

1226

00:49:30,230 --> 00:49:28,380

weird that the mask has been uh used the

1227

00:49:31,970 --> 00:49:30,240

way it has in recent years but I mean

1228

00:49:34,550 --> 00:49:31,980

even in that movie if you've seen it he

1229

00:49:36,050 --> 00:49:34,560

locks Natalie Portman up and you know

1230

00:49:37,370 --> 00:49:36,060

she goes through this whole thing where

1231

00:49:38,750 --> 00:49:37,380

she's she's pretty sure she's gonna die

1232

00:49:40,010 --> 00:49:38,760

and then he frees her and she's like why

1233

00:49:41,870 --> 00:49:40,020

the hell would you do that to me and

1234

00:49:44,630 --> 00:49:41,880

she's so pissed she eventually comes

1235

00:49:47,150 --> 00:49:44,640

back and she's like wow that was a a

1236

00:49:49,490 --> 00:49:47,160

gift that most people never get and now

1237

00:49:51,349 --> 00:49:49,500

I'm now I'm a real human being okay

1238

00:49:53,329 --> 00:49:51,359

thank you that was great that was

1239

00:49:54,910 --> 00:49:53,339

wonderful and that's exactly what's

1240

00:49:57,950 --> 00:49:54,920

starting to happen

1241

00:50:00,230 --> 00:49:57,960

in so many places around the world right

1242

00:50:03,109 --> 00:50:00,240

now where so many people they are

1243

00:50:06,290 --> 00:50:03,119

getting that that is the gift that comes

1244

00:50:08,510 --> 00:50:06,300

with this yeah uh and and many people

1245

00:50:12,290 --> 00:50:08,520

are really starting to wake up to this

1246

00:50:14,270 --> 00:50:12,300

realizing I mean 2030 is only 16 years

1247

00:50:16,490 --> 00:50:14,280

away

1248

00:50:17,809 --> 00:50:16,500

and these numbers are certain I strongly

1249

00:50:19,910 --> 00:50:17,819

recommend that people go find guy

1250

00:50:22,670 --> 00:50:19,920

mcpherson.com nature bats last the

1251

00:50:25,910 --> 00:50:22,680

science I'm in 2030 studies even

1252

00:50:27,650 --> 00:50:25,920

conservative bodies like the ipcc have

1253

00:50:29,569 --> 00:50:27,660

got it on the table right now oil

1254

00:50:33,890 --> 00:50:29,579

companies even the

1255

00:50:35,349 --> 00:50:33,900

themselves there so there are people who

1256

00:50:38,630 --> 00:50:35,359

are getting it now

1257

00:50:41,210 --> 00:50:38,640

you know I I try to live and I still

1258

00:50:43,910 --> 00:50:41,220

live by uh even though I haven't

1259

00:50:45,950 --> 00:50:43,920

participated in the 12-step recovery so

1260

00:50:47,870 --> 00:50:45,960

before I did it for 21 years one month

1261

00:50:50,329 --> 00:50:47,880

and 13 days completely abstinent from

1262

00:50:53,510 --> 00:50:50,339

everything I I now take the psychedelics

1263

00:50:55,010 --> 00:50:53,520

nice either under supervised shamanic

1264

00:50:56,210 --> 00:50:55,020

conditions

1265

00:50:59,030 --> 00:50:56,220

um

1266

00:51:01,490 --> 00:50:59,040

but you get to a point you and and you

1267

00:51:03,049 --> 00:51:01,500

have heard Native Americans say it is a

1268

00:51:05,329 --> 00:51:03,059

good day to die

1269

00:51:07,130 --> 00:51:05,339

right well that means you're free and

1270

00:51:09,470 --> 00:51:07,140

you're living cleanly

1271

00:51:12,230 --> 00:51:09,480

and clearly you'll put yourself in right

1272

00:51:13,970 --> 00:51:12,240

relation with all things you have gone

1273

00:51:16,370 --> 00:51:13,980

back for your life you've cleaned up

1274

00:51:18,349 --> 00:51:16,380

stuff that you maybe put off

1275

00:51:20,089 --> 00:51:18,359

you want to be in right relation on a

1276

00:51:22,970 --> 00:51:20,099

loving relation so that you're free

1277

00:51:26,030 --> 00:51:22,980

you're not carrying a ton of baggage but

1278

00:51:29,510 --> 00:51:26,040

anybody who has ever if you will gotten

1279

00:51:31,609 --> 00:51:29,520

sober uh in in a or or experience the

1280

00:51:32,750 --> 00:51:31,619

power of spiritual practices changing

1281

00:51:35,829 --> 00:51:32,760

your life

1282

00:51:39,530 --> 00:51:35,839

well understand that what happens is

1283

00:51:42,290 --> 00:51:39,540

I won't say Solutions I will say options

1284

00:51:44,510 --> 00:51:42,300

that were not visible

1285

00:51:47,390 --> 00:51:44,520

from the from this frame of mind that

1286

00:51:50,750 --> 00:51:47,400

you had before become visible they

1287

00:51:56,690 --> 00:51:54,650

um Einstein and and Carl Jung who I you

1288

00:51:58,790 --> 00:51:56,700

know have enormous respect for both said

1289

00:52:00,230 --> 00:51:58,800

the same thing once you know there's a

1290

00:52:02,470 --> 00:52:00,240

God it doesn't matter whether you

1291

00:52:06,530 --> 00:52:02,480

believe in one or not

1292

00:52:08,630 --> 00:52:06,540

yeah and it's that experience of the

1293

00:52:10,250 --> 00:52:08,640

spiritual reality which is a universe

1294

00:52:12,670 --> 00:52:10,260

that the human race has been

1295

00:52:15,470 --> 00:52:12,680

systematically locked away from

1296

00:52:17,290 --> 00:52:15,480

imprisoned if you will George Orwell was

1297

00:52:19,549 --> 00:52:17,300

so right we are

1298

00:52:22,250 --> 00:52:19,559

in the keepers of the Paradigm in the

1299

00:52:25,069 --> 00:52:22,260

meme meme our own jail Keepers in a jail

1300

00:52:29,870 --> 00:52:25,079

without bars

1301
00:52:31,190 --> 00:52:29,880
man and and and the idea is to step out

1302
00:52:32,990 --> 00:52:31,200
of the jail which is an act of

1303
00:52:34,910 --> 00:52:33,000
Consciousness it's all inner work rather

1304
00:52:37,730 --> 00:52:34,920
than outer work

1305
00:52:39,950 --> 00:52:37,740
yeah that seems to be the big evolution

1306
00:52:41,809 --> 00:52:39,960
of the conspiracy movement the

1307
00:52:43,970 --> 00:52:41,819
conspiracy researchers every the people

1308
00:52:45,770 --> 00:52:43,980
I've been talking to is you know first

1309
00:52:47,030 --> 00:52:45,780
you know you identify the problems and

1310
00:52:48,770 --> 00:52:47,040
you're looking at the corruption and

1311
00:52:50,990 --> 00:52:48,780
there's rebellion and struggle and then

1312
00:52:53,329 --> 00:52:51,000
there's finally this uh spiritual

1313
00:52:55,790 --> 00:52:53,339

acceptance and I guess I'm a little

1314

00:52:59,390 --> 00:52:55,800

young I'm not there yet I'm still trying

1315

00:53:02,089 --> 00:52:59,400

to to fight this thing but uh you know

1316

00:53:03,710 --> 00:53:02,099

Duncan Trussell is a great comedian he's

1317

00:53:05,930 --> 00:53:03,720

a friend of Joe Rogan's like he's on

1318

00:53:07,309 --> 00:53:05,940

that show all the time I had Duncan

1319

00:53:08,990 --> 00:53:07,319

Trussell he was the first guest of this

1320

00:53:10,670 --> 00:53:09,000

year and he said something that has kind

1321

00:53:14,089 --> 00:53:10,680

of stuck with me and he said

1322

00:53:16,190 --> 00:53:14,099

if I was Satan my goal would be to

1323

00:53:18,890 --> 00:53:16,200

convince people that if you change

1324

00:53:20,270 --> 00:53:18,900

external factors you will fix internal

1325

00:53:22,010 --> 00:53:20,280

problems

1326

00:53:25,010 --> 00:53:22,020

and I was like wow that's pretty

1327

00:53:28,910 --> 00:53:25,020

profound not state but that's the

1328

00:53:32,150 --> 00:53:28,920

essence of in in all 12-step programs

1329

00:53:34,309 --> 00:53:32,160

and and and 12-step has deep roots in

1330

00:53:36,470 --> 00:53:34,319

deep historical roots in metaphysics

1331

00:53:38,109 --> 00:53:36,480

recognized by almost all spiritual

1332

00:53:39,790 --> 00:53:38,119

traditions

1333

00:53:43,210 --> 00:53:39,800

uh

1334

00:53:45,770 --> 00:53:43,220

the the Serenity Prayer is

1335

00:53:47,390 --> 00:53:45,780

universal God grant me the serenity to

1336

00:53:50,089 --> 00:53:47,400

accept the things I cannot change the

1337

00:53:52,430 --> 00:53:50,099

courage to change the things I can and

1338

00:53:54,290 --> 00:53:52,440

the wisdom to know the difference

1339

00:53:57,770 --> 00:53:54,300

when the spiritual awakening has

1340

00:53:59,750 --> 00:53:57,780

occurred one realizes completely that

1341

00:54:02,150 --> 00:53:59,760

the things that you cannot change are

1342

00:54:04,250 --> 00:54:02,160

the things outside of yourself right and

1343

00:54:07,309 --> 00:54:04,260

the only things that can be changed are

1344

00:54:10,730 --> 00:54:07,319

your own attitudes and consciousness

1345

00:54:14,270 --> 00:54:10,740

yeah it's it's funny how much of what we

1346

00:54:16,490 --> 00:54:14,280

identify as reality is starts with our

1347

00:54:19,309 --> 00:54:16,500

perspective you know starts with what

1348

00:54:20,990 --> 00:54:19,319

where our mind's at so yeah I totally

1349

00:54:24,410 --> 00:54:21,000

agree I guess I'm you know I grew up

1350

00:54:26,930 --> 00:54:24,420

Catholic I kind of resist anything that

1351

00:54:28,309 --> 00:54:26,940

resembles religion spirituality I

1352

00:54:29,809 --> 00:54:28,319

understand they're different things but

1353

00:54:32,089 --> 00:54:29,819

I guess I just have a hard time talking

1354

00:54:36,170 --> 00:54:32,099

about it it just seems kind of outside

1355

00:54:37,790 --> 00:54:36,180

of myself still well here's here's a a

1356

00:54:40,370 --> 00:54:37,800

good way to look at that that will

1357

00:54:42,049 --> 00:54:40,380

probably make sense to you sure if you

1358

00:54:43,490 --> 00:54:42,059

did historical work and this is what a

1359

00:54:46,309 --> 00:54:43,500

great note is owed to people like Graham

1360

00:54:47,870 --> 00:54:46,319

Hancock if you look at all of the

1361

00:54:49,849 --> 00:54:47,880

persecutions

1362

00:54:52,250 --> 00:54:49,859

of the Catholic Church let's say

1363

00:54:55,730 --> 00:54:52,260

organized religion let's say since since

1364

00:54:58,250 --> 00:54:55,740

uh since the god of Abraham okay they

1365

00:55:00,890 --> 00:54:58,260

have all systematically been directed

1366

00:55:03,730 --> 00:55:00,900

the first Catholic Inquisition was not

1367

00:55:07,069 --> 00:55:03,740

against Muslims it was against

1368

00:55:09,710 --> 00:55:07,079

cassar's BOGO meals uh manichaeans

1369

00:55:13,069 --> 00:55:09,720

Gnostic Christians who preached and

1370

00:55:15,710 --> 00:55:13,079

believed the unity of man with all life

1371

00:55:19,849 --> 00:55:15,720

and a sacred relationship with Mother

1372

00:55:23,390 --> 00:55:19,859

Earth Yep and if you do the historical

1373

00:55:26,329 --> 00:55:23,400

work on that what you find is that's

1374

00:55:28,549 --> 00:55:26,339

behind all of the genocides of

1375

00:55:31,670 --> 00:55:28,559

indigenous peoples all over the world

1376

00:55:35,569 --> 00:55:31,680

it's to kill that Consciousness so

1377

00:55:38,210 --> 00:55:35,579

that's what religion has done

1378

00:55:41,750 --> 00:55:38,220

that's not what spirituality is or let's

1379

00:55:44,089 --> 00:55:41,760

call it just uh a Consciousness that is

1380

00:55:46,010 --> 00:55:44,099

aware of the connectedness of all things

1381

00:55:48,049 --> 00:55:46,020

in the web of life it's the difference

1382

00:55:50,089 --> 00:55:48,059

between cooperation

1383

00:55:51,829 --> 00:55:50,099

and competition

1384

00:55:53,450 --> 00:55:51,839

yeah I mean you're right you're right

1385

00:55:55,970 --> 00:55:53,460

I've looked into that a whole bunch and

1386

00:55:58,849 --> 00:55:55,980

destroying that Gnostic tradition was so

1387

00:56:01,370 --> 00:55:58,859

critical to gain control over the planet

1388

00:56:02,630 --> 00:56:01,380

and getting into the situation we're in

1389

00:56:04,250 --> 00:56:02,640

now

1390

00:56:06,530 --> 00:56:04,260

and that that's why it continues

1391

00:56:08,870 --> 00:56:06,540

ruthlessly until this day

1392

00:56:10,670 --> 00:56:08,880

well you know man I love talking let's

1393

00:56:11,990 --> 00:56:10,680

talk a little bit uh I wanted to make

1394

00:56:13,690 --> 00:56:12,000

sure we talked about that transition

1395

00:56:16,849 --> 00:56:13,700

where you went from Northern California

1396

00:56:18,470 --> 00:56:16,859

to Colorado I mean what led you to leave

1397

00:56:19,910 --> 00:56:18,480

that Community because from my

1398

00:56:21,410 --> 00:56:19,920

perspective you know watching you a few

1399

00:56:23,030 --> 00:56:21,420

years ago I was like man that guy's got

1400

00:56:24,589 --> 00:56:23,040

it right you know I want to go up and

1401
00:56:25,870 --> 00:56:24,599
set up some kind of community like that

1402
00:56:28,910 --> 00:56:25,880
where we're farming and we're

1403
00:56:32,089 --> 00:56:28,920
sustainable and all that stuff you know

1404
00:56:33,770 --> 00:56:32,099
what led you to to leave that well you

1405
00:56:35,390 --> 00:56:33,780
know I let me say I've never been

1406
00:56:38,150 --> 00:56:35,400
happier than I was when I lived in the

1407
00:56:41,030 --> 00:56:38,160
Sebastopol in West Sonoma County because

1408
00:56:44,390 --> 00:56:41,040
I too believe the same thing however

1409
00:56:46,069 --> 00:56:44,400
uh I was in a place where my own

1410
00:56:47,870 --> 00:56:46,079
Evolution had come I had founded a

1411
00:56:51,230 --> 00:56:47,880
company called collapse net collapse

1412
00:56:53,150 --> 00:56:51,240
Network yes but I was limited within a

1413
00:56:54,410 --> 00:56:53,160

company that I had created by all the

1414

00:56:56,990 --> 00:56:54,420

staff who were there who had built the

1415

00:56:58,910 --> 00:56:57,000

company to not discussing anything

1416

00:57:01,910 --> 00:56:58,920

spiritual

1417

00:57:04,490 --> 00:57:01,920

and I had absolutely reached a point

1418

00:57:06,589 --> 00:57:04,500

where I couldn't deal with the world

1419

00:57:08,809 --> 00:57:06,599

from reading news stories and trying to

1420

00:57:10,609 --> 00:57:08,819

give answers from a 3D Cartesian

1421

00:57:12,670 --> 00:57:10,619

political perspective

1422

00:57:16,190 --> 00:57:12,680

it was killing me

1423

00:57:17,510 --> 00:57:16,200

uh and and the the company was

1424

00:57:19,670 --> 00:57:17,520

struggling and I had a couple of very

1425

00:57:21,829 --> 00:57:19,680

profound spiritual experiences happen a

1426
00:57:23,329 --> 00:57:21,839
shaman from here in Colorado sent a

1427
00:57:25,549 --> 00:57:23,339
medicine bundle to me out of the blue

1428
00:57:27,410 --> 00:57:25,559
which just kicked me in the butt and

1429
00:57:29,089 --> 00:57:27,420
through my own prayers I realized that I

1430
00:57:31,370 --> 00:57:29,099
had to let go of everything and I went

1431
00:57:33,230 --> 00:57:31,380
through a great dying of in in there as

1432
00:57:35,450 --> 00:57:33,240
I left I fired myself in the company I

1433
00:57:38,210 --> 00:57:35,460
gave it to the employees and I got rid

1434
00:57:41,690 --> 00:57:38,220
of all my material possession I was

1435
00:57:43,670 --> 00:57:41,700
broke I had no money I had no place to

1436
00:57:45,349 --> 00:57:43,680
go but I was willing to follow spirit

1437
00:57:47,150 --> 00:57:45,359
that way

1438
00:57:48,950 --> 00:57:47,160

and that's the kind of willingness that

1439

00:57:51,770 --> 00:57:48,960

really you have to have before it pays

1440

00:57:53,930 --> 00:57:51,780

off so I lost everything I I have a band

1441

00:57:55,309 --> 00:57:53,940

mate I'm in a been in a band called new

1442

00:57:57,950 --> 00:57:55,319

white trash with my dear friend Doug

1443

00:57:59,630 --> 00:57:57,960

Lewis I met in Venice we've done two CDs

1444

00:58:03,290 --> 00:57:59,640

at newwhitetrash.com if you're

1445

00:58:05,750 --> 00:58:03,300

interested and uh and uh uh and I had no

1446

00:58:07,970 --> 00:58:05,760

place else to go and he said I've got a

1447

00:58:10,490 --> 00:58:07,980

bet and he happened to be in the San

1448

00:58:12,589 --> 00:58:10,500

Luis Valley in Southern Colorado on the

1449

00:58:14,930 --> 00:58:12,599

west slope of the Rockies at 8 100 feet

1450

00:58:17,089 --> 00:58:14,940

in an utterly remote and and it's a

1451
00:58:19,190 --> 00:58:17,099
pretty harsh climate here because I'm 24

1452
00:58:22,370 --> 00:58:19,200
miles outside of cresta

1453
00:58:24,049 --> 00:58:22,380
but I arrived here in August of 2012 but

1454
00:58:27,290 --> 00:58:24,059
everything that I own including my dog

1455
00:58:29,870 --> 00:58:27,300
rags in a RAV4 and I'm still

1456
00:58:33,049 --> 00:58:29,880
essentially that way so I arrived here

1457
00:58:35,390 --> 00:58:33,059
uh ready to die I was broken I had let

1458
00:58:36,890 --> 00:58:35,400
go of everything I had believed that I

1459
00:58:38,750 --> 00:58:36,900
had outlived

1460
00:58:40,670 --> 00:58:38,760
my usefulness that I had carried the

1461
00:58:42,230 --> 00:58:40,680
ball as far as I could and all spiritual

1462
00:58:44,630 --> 00:58:42,240
Traditions have the concept of the death

1463
00:58:49,190 --> 00:58:44,640

and the rebirth the Phoenix

1464

00:58:52,730 --> 00:58:49,200

uh and and uh and what I found here was

1465

00:58:54,470 --> 00:58:52,740

a an amazing connection to uh Native

1466

00:58:56,210 --> 00:58:54,480

American spirituality it's been a

1467

00:58:58,730 --> 00:58:56,220

crucible I'm going to be moving soon in

1468

00:59:02,410 --> 00:58:58,740

into the town of crestone which is much

1469

00:59:05,329 --> 00:59:02,420

more I'm on a very flat people even

1470

00:59:07,250 --> 00:59:05,339

tough people won't live where I've lived

1471

00:59:09,770 --> 00:59:07,260

for the last two years but I'm moving

1472

00:59:11,630 --> 00:59:09,780

into crestone but what emerged out of

1473

00:59:13,670 --> 00:59:11,640

that sense was that my radio show has

1474

00:59:16,190 --> 00:59:13,680

become extremely popular all over the

1475

00:59:18,170 --> 00:59:16,200

world the vice series is now coming out

1476

00:59:20,450 --> 00:59:18,180

there's other things and the work that I

1477

00:59:23,329 --> 00:59:20,460

have evolved

1478

00:59:25,970 --> 00:59:23,339

and as always there's always a dying of

1479

00:59:28,370 --> 00:59:25,980

some kind involved with an evolution to

1480

00:59:31,549 --> 00:59:28,380

a higher level of consciousness

1481

00:59:33,470 --> 00:59:31,559

uh and and uh and and that's been

1482

00:59:35,390 --> 00:59:33,480

critical for me and and I won't leave

1483

00:59:38,030 --> 00:59:35,400

here now I'm going to move into a more

1484

00:59:39,470 --> 00:59:38,040

hospitable crystals sheltered in the

1485

00:59:41,809 --> 00:59:39,480

mountains with it and it's a beautiful

1486

00:59:43,849 --> 00:59:41,819

Community uh but it's still very remote

1487

00:59:46,010 --> 00:59:43,859

where I am right now is 24 miles to the

1488

00:59:47,990 --> 00:59:46,020

closest store I've been snowed in for

1489

00:59:51,849 --> 00:59:48,000

six seven days at a time here this

1490

00:59:54,770 --> 00:59:51,859

winter which has been brutal so uh so

1491

00:59:56,750 --> 00:59:54,780

there is always something after what you

1492

00:59:59,569 --> 00:59:56,760

think the end is and I think that's a

1493

01:00:02,030 --> 00:59:59,579

tremendous message to carry the end of

1494

01:00:03,770 --> 01:00:02,040

human industrial civilization I think a

1495

01:00:06,589 --> 01:00:03,780

lot of people now would get is necessary

1496

01:00:08,809 --> 01:00:06,599

we cannot continue to add increasing

1497

01:00:11,150 --> 01:00:08,819

amounts of carbon into the atmosphere we

1498

01:00:13,309 --> 01:00:11,160

can't run 450 nuclear power plants that

1499

01:00:15,230 --> 01:00:13,319

we can't control we can't provide a

1500

01:00:16,849 --> 01:00:15,240

million years worth of safe storage

1501

01:00:19,010 --> 01:00:16,859

mankind hasn't built a structure that

1502

01:00:20,210 --> 01:00:19,020

lasted for fifteen thousand years let

1503

01:00:23,150 --> 01:00:20,220

alone a million that's what we have to

1504

01:00:26,089 --> 01:00:23,160

do with plutonium so that needs to end

1505

01:00:27,890 --> 01:00:26,099

yeah but there's something after that

1506

01:00:30,650 --> 01:00:27,900

and it is the sense of wonder and

1507

01:00:32,450 --> 01:00:30,660

amazement and curiosity and courage that

1508

01:00:34,430 --> 01:00:32,460

I think is important for everybody to

1509

01:00:37,730 --> 01:00:34,440

carry now even as we admit that we're

1510

01:00:39,710 --> 01:00:37,740

defeated from in in a 3D Cartesian

1511

01:00:41,150 --> 01:00:39,720

reality that is dying and proving to be

1512

01:00:43,130 --> 01:00:41,160

false

1513

01:00:44,930 --> 01:00:43,140

well I think that's an inspirational

1514

01:00:46,789 --> 01:00:44,940

story I'm glad you found happiness and

1515

01:00:49,309 --> 01:00:46,799

came out on the other side of uh what

1516

01:00:50,750 --> 01:00:49,319

seemed to be a pretty dark place I mean

1517

01:00:52,430 --> 01:00:50,760

what's great about you I think what a

1518

01:00:54,109 --> 01:00:52,440

lot of people respect and envy is that

1519

01:00:55,549 --> 01:00:54,119

you're just a professional you you know

1520

01:00:57,589 --> 01:00:55,559

you don't have a boss you don't have a

1521

01:00:59,089 --> 01:00:57,599

dead-end job you're free that's a place

1522

01:01:01,190 --> 01:00:59,099

I think a lot of people want to get to

1523

01:01:03,829 --> 01:01:01,200

even if it's just for the short time we

1524

01:01:05,690 --> 01:01:03,839

have left you know uh yeah I I do what I

1525

01:01:08,210 --> 01:01:05,700

do for free I get you know 800 some

1526

01:01:10,010 --> 01:01:08,220

bucks a month Social Security I get

1527

01:01:11,390 --> 01:01:10,020

maybe a lesson well less than ten

1528

01:01:13,970 --> 01:01:11,400

thousand dollars a year royalty from two

1529

01:01:16,309 --> 01:01:13,980

books in a movie but people send me

1530

01:01:19,490 --> 01:01:16,319

money because they love me and I do what

1531

01:01:22,250 --> 01:01:19,500

I do for love and that's a completely

1532

01:01:24,650 --> 01:01:22,260

different energetic relationship with

1533

01:01:27,410 --> 01:01:24,660

the source of supply and I will not

1534

01:01:29,630 --> 01:01:27,420

re-enter that old monetary Paradigm for

1535

01:01:32,569 --> 01:01:29,640

anything yeah

1536

01:01:34,490 --> 01:01:32,579

well hey man that's that's great you

1537

01:01:35,809 --> 01:01:34,500

know not a lot of people can't say and I

1538

01:01:37,370 --> 01:01:35,819

didn't want to go into your whole back

1539

01:01:38,569 --> 01:01:37,380

history because that's out there on the

1540

01:01:40,190 --> 01:01:38,579

internet people can get into that we

1541

01:01:42,530 --> 01:01:40,200

only had a short hour and I'm so glad we

1542

01:01:44,390 --> 01:01:42,540

got as deep as we did but not a lot of

1543

01:01:47,150 --> 01:01:44,400

people can say that they've had a real

1544

01:01:50,210 --> 01:01:47,160

opportunity to sell out and have a cushy

1545

01:01:52,490 --> 01:01:50,220

position in the system doing nefarious

1546

01:01:54,410 --> 01:01:52,500

deeds and protecting criminals and you

1547

01:01:57,710 --> 01:01:54,420

have that opportunity and you said [h__\h]

1548

01:02:00,410 --> 01:01:57,720

that and I think that is incredibly

1549

01:02:02,210 --> 01:02:00,420

admirable I I wish I could I would be as

1550

01:02:03,829 --> 01:02:02,220

strong as you if I was ever faced with

1551

01:02:05,870 --> 01:02:03,839

such a situation

1552

01:02:07,730 --> 01:02:05,880

um thanks for being here man the

1553

01:02:09,890 --> 01:02:07,740

opportunities are always there in any

1554

01:02:12,170 --> 01:02:09,900

instant for anybody to honor themselves

1555

01:02:14,270 --> 01:02:12,180

and live honorably forget about the past

1556

01:02:16,010 --> 01:02:14,280

it's change without punishment and what

1557

01:02:18,710 --> 01:02:16,020

you once you tune to that tuning fork

1558

01:02:21,890 --> 01:02:18,720

the benefits come very quickly right on

1559

01:02:25,789 --> 01:02:21,900

well said appreciate it man hey enjoy

1560

01:02:27,530 --> 01:02:25,799

your day uh happy birthday thank you and

1561

01:02:29,150 --> 01:02:27,540

uh hopefully we can talk again if if

1562

01:02:32,450 --> 01:02:29,160

we're here long enough

1563

01:02:34,190 --> 01:02:32,460

uh Hey listen we do this one day at a

1564

01:02:35,690 --> 01:02:34,200

time breathe in and breathe out and I

1565

01:02:37,609 --> 01:02:35,700

and I would be happy to meet with you

1566

01:02:40,670 --> 01:02:37,619

again all right man thanks take care

1567

01:02:43,130 --> 01:02:40,680

take care bye-bye wow what a great guess

1568

01:02:44,750 --> 01:02:43,140

people I hope there's a way to correct

1569

01:02:46,670 --> 01:02:44,760

the imbalances of the world without a

1570

01:02:49,010 --> 01:02:46,680

massive human die-off but maybe there

1571

01:02:50,990 --> 01:02:49,020

isn't either way I love the guy check

1572

01:02:52,309 --> 01:02:51,000

out the documentary collapse if you

1573

01:02:54,049 --> 01:02:52,319

haven't seen it and you'll have a good

1574

01:02:56,450 --> 01:02:54,059

idea why Mike feels that we've passed

1575

01:02:58,490 --> 01:02:56,460

the point of no return also check out

1576

01:03:01,549 --> 01:02:58,500

the new Vice documentaries series called

1577

01:03:04,010 --> 01:03:01,559

apocalypse man I think the sixth and

1578

01:03:06,410 --> 01:03:04,020

final part is being released as we speak

1579

01:03:08,150 --> 01:03:06,420

you can find it on YouTube track mic

1580

01:03:11,030 --> 01:03:08,160

down on Twitter and Facebook and tell

1581

01:03:13,250 --> 01:03:11,040

them it's gonna be okay no don't do that

1582

01:03:15,170 --> 01:03:13,260

I'm just kidding well that said I've

1583

01:03:17,870 --> 01:03:15,180

never been happier this is an exciting

1584

01:03:20,569 --> 01:03:17,880

new chapter to life in my whole history

1585

01:03:22,490 --> 01:03:20,579

like many of you a three month summer is

1586

01:03:24,530 --> 01:03:22,500

the most Freedom I've ever tasted at

1587

01:03:26,210 --> 01:03:24,540

once and now it's just a blank slate

1588

01:03:28,789 --> 01:03:26,220

from here on out except for this crazy

1589

01:03:30,349 --> 01:03:28,799

show and whatever spins off of it so all

1590

01:03:32,170 --> 01:03:30,359

those podcasts that have been asking me

1591

01:03:34,490 --> 01:03:32,180

to be a guest well now I'm available

1592

01:03:36,530 --> 01:03:34,500

also more than ever people think about

1593

01:03:38,450 --> 01:03:36,540

throwing down on the THC money bomb or

1594

01:03:42,049 --> 01:03:38,460

picking up one of the conspiracies at

1595

01:03:44,569 --> 01:03:42,059

conspiracies Dot net I got a whole bunch

1596

01:03:46,910 --> 01:03:44,579

of new designs I'm very excited about

1597

01:03:48,349 --> 01:03:46,920

printing now that I have the time the

1598

01:03:50,870 --> 01:03:48,359

money bombs almost at five hundred

1599

01:03:53,809 --> 01:03:50,880

dollars and one of you is going to be

1600

01:03:55,970 --> 01:03:53,819

getting half of that just for being the

1601
01:03:58,010 --> 01:03:55,980
awesome you that you are can you hear it

1602
01:03:59,930 --> 01:03:58,020
in my voice I've never been happier

1603
01:04:01,730 --> 01:03:59,940
follow your passions people the Internet

1604
01:04:04,309 --> 01:04:01,740
connects Us in ways that we never

1605
01:04:06,829 --> 01:04:04,319
imagined and I think the tide is turning

1606
01:04:08,750 --> 01:04:06,839
towards small business and entrepreneurs

1607
01:04:10,490 --> 01:04:08,760
and away from the big corporate

1608
01:04:12,470 --> 01:04:10,500
monstrosities it's a beautiful thing

1609
01:04:13,849 --> 01:04:12,480
maybe that's part of the Awakening I'm

1610
01:04:15,589 --> 01:04:13,859
telling you people there's a whole world

1611
01:04:17,270 --> 01:04:15,599
of folks out there just waiting to help
