1
00:00:04,610 --> 00:00:03,560
hey people I got to take a second to

2
00:00:07,070 --> 00:00:04,620
tell you about something we do around

3
00:00:09,410 --> 00:00:07,080
here called the THC Money bomb what I do

4
00:00:11,000 --> 00:00:09,420
is every five episodes total up the

5
00:00:12,799 --> 00:00:11,010
donations I've got in that period of

6
00:00:14,959 --> 00:00:12,809
time a half keeps me and the show going

7
00:00:16,939 --> 00:00:14,969
I take the other half I gift that back

8
00:00:18,650 --> 00:00:16,949
to a random listener so far we're

9
00:00:20,120 --> 00:00:18,660
hitting about 500 each round and I

10
00:00:22,040 --> 00:00:20,130
couldn't be happier about it

11
00:00:23,390 --> 00:00:22,050
so consider throwing in 5 or 10 bucks

12
00:00:25,009 --> 00:00:23,400
it's cheaper than a hand at the

13
00:00:26,839 --> 00:00:25,019

blackjack table with better odds and a

14

00:00:28,519 --> 00:00:26,849

scratch-off ticket plus you know half

15

00:00:29,839 --> 00:00:28,529

supports a show you like and at the very

16

00:00:31,790 --> 00:00:29,849

least half will go to a like-minded

17

00:00:33,799 --> 00:00:31,800

person who could probably use a nice

18

00:00:35,389 --> 00:00:33,809

surprise in these troubled times when

19

00:00:37,130 --> 00:00:35,399

you make a donation I can see your email

20

00:00:38,840 --> 00:00:37,140

address and that's how I pick the winner

21

00:00:40,700 --> 00:00:38,850

but to keep things kosher you can also

22

00:00:43,100 --> 00:00:40,710

get in the pool by sending your info on

23

00:00:48,470 --> 00:00:43,110

archives no paid bonus shows and I want

27
00:00:56,930 --> 00:00:55,379
to keep it that way on principle but I'm

28
00:00:58,939 --> 00:00:56,940
not a millionaire the podcast on the

29
00:01:00,410 --> 00:00:58,949
side this is it for me and I'm the only

30
00:01:02,510 --> 00:01:00,420
one I know is trying to help the people

31
00:01:04,729 --> 00:01:02,520
out as well that's my man

32
00:01:06,500 --> 00:01:04,739
so help me help you if you want to play

33
00:01:08,929 --> 00:01:06,510
along go to the higher side chaste comma

slash donate and get in the game dollars

35
00:01:19,490 --> 00:01:11,760
bitcoins it's all good to me and that's

36
00:01:19,500 --> 00:01:30,570
my story

37
00:01:30,580 --> 00:01:50,760
his mission through the political

38
00:02:01,960 --> 00:01:59,950

position how's it going higher side

39

00:02:04,270 --> 00:02:01,970

shatters drink a little drink smoking a

40

00:02:06,190 --> 00:02:04,280

little smoke from San Diego I'm Greg

41

00:02:07,960 --> 00:02:06,200

Carl wood and we've been around the

42

00:02:10,480 --> 00:02:07,970

block enough times to know there's a

43

00:02:12,940 --> 00:02:10,490

vast control network of manipulative and

44

00:02:15,040 --> 00:02:12,950

abusive power steering our societal ship

45

00:02:17,290 --> 00:02:15,050

through the rough waters of reality but

46

00:02:19,030 --> 00:02:17,300

like an iceberg floating in the sea we

47

00:02:20,860 --> 00:02:19,040

only get a glimpse of the gears and

48

00:02:22,960 --> 00:02:20,870

levers that power this nefarious new

49

00:02:25,090 --> 00:02:22,970

world order network while the bulk of

50

00:02:27,220 --> 00:02:25,100

the beast remains hidden quite literally

51
00:02:29,170 --> 00:02:27,230
beneath the surface well lucky for us

52
00:02:30,940 --> 00:02:29,180
today's guest has spent over 20 years

53
00:02:32,980 --> 00:02:30,950
researching these things beneath the

54
00:02:34,930 --> 00:02:32,990
surface in an ongoing pursuit to expose

55
00:02:37,570 --> 00:02:34,940
secret underground and underwater bases

56
00:02:39,130 --> 00:02:37,580
research facilities and tunnels and the

57
00:02:41,170 --> 00:02:39,140
broad range of activities that the

58
00:02:42,970 --> 00:02:41,180
conspiracy world suspects may be going

59
00:02:45,940 --> 00:02:42,980
on in the depths of these dark places

60
00:02:48,040 --> 00:02:45,950
his name is dr. Richard Sauter and he is

61
00:02:49,780 --> 00:02:48,050
a predominant author in several

62
00:02:51,820 --> 00:02:49,790
alternative fields and has written books

63
00:02:54,400 --> 00:02:51,830

entitled underground bases and tunnels

64

00:02:56,350 --> 00:02:54,410

Kundalini tails underwater and

65

00:02:59,020 --> 00:02:56,360

underground bases and most recently

66

00:03:00,910 --> 00:02:59,030

hidden in plain sight beyond the x-files

67

00:03:02,710 --> 00:03:00,920

it's going to get weird people and I

68

00:03:04,949 --> 00:03:02,720

couldn't be more pumped to get down to

69

00:03:07,660 --> 00:03:04,959

it Richard my man welcome to the show

70

00:03:09,789 --> 00:03:07,670

thank you I'm very happy to be with you

71

00:03:11,740 --> 00:03:09,799

yeah I mean thanks so much for coming on

72

00:03:13,990 --> 00:03:11,750

I mean this is an area of wild

73

00:03:15,520 --> 00:03:14,000

speculation and information embargoes

74

00:03:17,710 --> 00:03:15,530

and I'm really looking forward to going

75

00:03:19,539 --> 00:03:17,720

through some of this stuff with you it

76
00:03:21,820 --> 00:03:19,549
only makes sense that the ultra-powerful

77
00:03:23,500 --> 00:03:21,830
organizations that run our reality would

78
00:03:25,240 --> 00:03:23,510
create underground installations because

79
00:03:27,340 --> 00:03:25,250
it offers the most security and secrecy

80
00:03:29,289 --> 00:03:27,350
to things we know they hold very dear

81
00:03:31,300 --> 00:03:29,299
and I know you've been talking about

82
00:03:32,770 --> 00:03:31,310
this stuff for a long time but give us a

83
00:03:33,940 --> 00:03:32,780
little overview of the information

84
00:03:35,890 --> 00:03:33,950
you've gathered over the years how would

85
00:03:39,160 --> 00:03:35,900
you brief the people on underground

86
00:03:43,020 --> 00:03:39,170
bases 101 well first of all I would say

87
00:03:46,460 --> 00:03:43,030
that you know the title of my my

88
00:03:50,430 --> 00:03:46,470

my last book on this topic is a big

89

00:03:54,480 --> 00:03:50,440

giveaway it's a huge clue hidden in

90

00:03:57,120 --> 00:03:54,490

plain sight behind the x-files it's all

91

00:03:59,370 --> 00:03:57,130

right in front of us the money to to

92

00:04:03,080 --> 00:03:59,380

make these facility is being stolen from

93

00:04:05,460 --> 00:04:03,090

us daily in a variety of different ways

94

00:04:07,680 --> 00:04:05,470

being it's being sucked out of the

95

00:04:09,780 --> 00:04:07,690

economy out of government out of

96

00:04:11,729 --> 00:04:09,790

government coffers out of banking

97

00:04:13,890 --> 00:04:11,739

coffers out of business

98

00:04:16,080 --> 00:04:13,900

literally in stealthy ways it's being

99

00:04:21,479 --> 00:04:16,090

sucked out of people's bank accounts

100

00:04:24,990 --> 00:04:21,489

wallets and purses by the trillions the

101
00:04:28,430 --> 00:04:25,000
multi trillions of dollars this is an

102
00:04:30,360 --> 00:04:28,440
ongoing theft it's a scam of epic

103
00:04:33,360 --> 00:04:30,370
proportions there's never been anything

104
00:04:37,380 --> 00:04:33,370
like this in history that's the but the

105
00:04:41,640 --> 00:04:37,390
fun things thought of it it's been going

106
00:04:44,219 --> 00:04:41,650
on for years decades actually and then

107
00:04:47,280 --> 00:04:44,229
on the other side of it the engineering

108
00:04:49,050 --> 00:04:47,290
to do all of this is it is like science

109
00:04:52,370 --> 00:04:49,060
fiction it's like something from another

110
00:04:55,740 --> 00:04:52,380
from another realm another world and yet

111
00:04:58,290 --> 00:04:55,750
yet we have these facilities all over

112
00:05:01,080 --> 00:04:58,300
the place military non-military

113
00:05:03,570 --> 00:05:01,090

and they can be extremely deep thousands

114

00:05:07,700 --> 00:05:03,580

of feet deep even one or two miles or

115

00:05:10,200 --> 00:05:07,710

more underground and also undersea it's

116

00:05:14,850 --> 00:05:10,210

technologically feasible to make tunnels

117

00:05:17,250 --> 00:05:14,860

and enlarge facilities undersea actually

118

00:05:19,740 --> 00:05:17,260

down in the bedrock beneath the seafloor

119

00:05:23,279 --> 00:05:19,750

so the thing that people need to wrap

120

00:05:26,730 --> 00:05:23,289

their eyes around is that wrap their

121

00:05:29,550 --> 00:05:26,740

minds around is that well I do believe

122

00:05:31,950 --> 00:05:29,560

aliens and extraterrestrials exist and

123

00:05:33,920 --> 00:05:31,960

there's a ton of evidence that indicates

124

00:05:36,210 --> 00:05:33,930

they're coming here they are here and

125

00:05:39,260 --> 00:05:36,220

they're active here and have been for a

126
00:05:41,700 --> 00:05:39,270
long time you don't need

127
00:05:44,969 --> 00:05:41,710
extraterrestrial engineering or

128
00:05:48,800 --> 00:05:44,979
expertise per se to build these huge

129
00:05:52,680 --> 00:05:48,810
deep sophisticated underground and or

130
00:05:55,920 --> 00:05:52,690
underwater facilities terrestrial

131
00:05:56,879 --> 00:05:55,930
humanity and the large engineering

132
00:05:59,189 --> 00:05:56,889
companies and

133
00:06:02,640 --> 00:05:59,199
operations the huge civil engineering

134
00:06:05,610 --> 00:06:02,650
and marine engineering firms and also

135
00:06:08,760 --> 00:06:05,620
the large government agencies with

136
00:06:11,939 --> 00:06:08,770
technical expertise have everything they

137
00:06:14,550 --> 00:06:11,949
need to make these facilities and indeed

138
00:06:17,010 --> 00:06:14,560

they are doing it have been doing it for

139

00:06:19,879 --> 00:06:17,020

a long time and it is a different

140

00:06:23,670 --> 00:06:19,889

reality altogether there certainly are

141

00:06:26,369 --> 00:06:23,680

thousands of people involved in making

142

00:06:29,159 --> 00:06:26,379

constructing maintaining and operating

143

00:06:31,320 --> 00:06:29,169

these facilities but because of the

144

00:06:33,480 --> 00:06:31,330

types of programs and projects that are

145

00:06:36,300 --> 00:06:33,490

carried out underground undersea and

146

00:06:40,980 --> 00:06:36,310

great secrecy these people have very

147

00:06:45,480 --> 00:06:40,990

stringent oaths security oaths that they

148

00:06:49,140 --> 00:06:45,490

enter into they sign then so very few of

149

00:06:52,110 --> 00:06:49,150

them say anything and and it's wonder

150

00:06:54,360 --> 00:06:52,120

that to me that anyone has spoken and

151
00:06:57,019 --> 00:06:54,370
during the course of my research I've

152
00:07:00,059 --> 00:06:57,029
spoken with a whole wide range gamut of

153
00:07:02,100 --> 00:07:00,069
individuals from the proverbial man and

154
00:07:05,279 --> 00:07:02,110
woman in the street right up to people

155
00:07:08,909 --> 00:07:05,289
right up reasonably highly placed in

156
00:07:12,059 --> 00:07:08,919
their alphabet soup mix of military

157
00:07:14,760 --> 00:07:12,069
industrial espionage agencies so are

158
00:07:16,800 --> 00:07:14,770
there any interesting or shocking

159
00:07:18,689 --> 00:07:16,810
details that you've uncovered about

160
00:07:21,269 --> 00:07:18,699
there at the actual construction of

161
00:07:22,889 --> 00:07:21,279
these bases because I've heard that some

162
00:07:25,499 --> 00:07:22,899
of them are burrowed out by large

163
00:07:28,619 --> 00:07:25,509

building sized drills or connected

164

00:07:30,749 --> 00:07:28,629

underground by maglev tube train systems

165

00:07:34,050 --> 00:07:30,759

well the machinery the machinery for

166

00:07:38,670 --> 00:07:34,060

underground excavation and construction

167

00:07:42,089 --> 00:07:38,680

can be extremely large and powerful the

168

00:07:46,589 --> 00:07:42,099

tunnel-boring machines themselves are

169

00:07:49,980 --> 00:07:46,599

mostly electrically powered and in the

170

00:07:52,950 --> 00:07:49,990

literature the largest diameter of the

171

00:07:54,749 --> 00:07:52,960

cutting face of a tunnel boring machine

172

00:07:58,079 --> 00:07:54,759

so-called TBMs

173

00:08:02,309 --> 00:07:58,089

was about fifty five fifty six feet in

174

00:08:04,800 --> 00:08:02,319

diameter and that's huge so you can

175

00:08:09,100 --> 00:08:04,810

imagine a machine that has a cutting

176

00:08:12,130 --> 00:08:09,110

face with a diameter of 55 56 feet the

177

00:08:14,050 --> 00:08:12,140

of course power that the sheer raw power

178

00:08:16,510 --> 00:08:14,060

and energy that it would take for that

179

00:08:19,090 --> 00:08:16,520

to grind its way through solid rock

180

00:08:21,730 --> 00:08:19,100

hundreds or thousands of feet beneath

181

00:08:24,610 --> 00:08:21,740

the surface so the end and then the

182

00:08:27,850 --> 00:08:24,620

trail and apparatus behind that to carry

183

00:08:30,520 --> 00:08:27,860

away the the the rock debris that's

184

00:08:32,380 --> 00:08:30,530

that's ground away as this as these

185

00:08:35,950 --> 00:08:32,390

machines chew their way through solid

186

00:08:38,790 --> 00:08:35,960

rock and all of that can extend hundreds

187

00:08:41,950 --> 00:08:38,800

of feet behind the actual cutting face

188

00:08:46,470 --> 00:08:41,960

of the machine so you talking about a

189

00:08:50,980 --> 00:08:46,480

machine that's like a huge gargantuan

190

00:08:53,470 --> 00:08:50,990

extremely powerful earthworm basically

191

00:08:57,880 --> 00:08:53,480

but it it bores its way through solid

192

00:08:59,890 --> 00:08:57,890

rock that's the basic tunnel-boring

193

00:09:02,320 --> 00:08:59,900

machine in there they're hundreds

194

00:09:05,380 --> 00:09:02,330

perhaps thousands of them being used all

195

00:09:08,260 --> 00:09:05,390

over the world you could actually if you

196

00:09:09,820 --> 00:09:08,270

have a half a million extra dollars

197

00:09:12,550 --> 00:09:09,830

laying around you could probably buy a

198

00:09:15,580 --> 00:09:12,560

used serviceable tunnel-boring machine

199

00:09:17,680 --> 00:09:15,590

off the internet yeah that is super

200

00:09:20,230 --> 00:09:17,690

interesting man are these are these

201
00:09:21,910 --> 00:09:20,240
bases connected in any way underground

202
00:09:24,540 --> 00:09:21,920
as far as you've seen like with that

203
00:09:29,080 --> 00:09:24,550
type of maglev technology or any type of

204
00:09:30,010 --> 00:09:29,090
rocket train to technology well let me

205
00:09:32,370 --> 00:09:30,020
tell you Greg

206
00:09:35,170 --> 00:09:32,380
there are many stories about that

207
00:09:37,420 --> 00:09:35,180
anecdotal stories that you will hear and

208
00:09:39,190 --> 00:09:37,430
if you do a keyword search on the

209
00:09:42,340 --> 00:09:39,200
internet you can probably come up with

210
00:09:45,760 --> 00:09:42,350
some of these stories about high-speed

211
00:09:48,940 --> 00:09:45,770
maglev trains and alien bases and

212
00:09:52,360 --> 00:09:48,950
connecting American military bases all

213
00:09:55,620 --> 00:09:52,370

over North America what I can tell you

214

00:10:00,250 --> 00:09:55,630

from my research is that there was a

215

00:10:05,580 --> 00:10:00,260

concerted period of research in

216

00:10:08,760 --> 00:10:05,590

high-speed underground vacuum tube

217

00:10:11,110 --> 00:10:08,770

tunnel transport by vacuum tube I mean

218

00:10:13,690 --> 00:10:11,120

tunnels long tunnels hundreds even

219

00:10:16,690 --> 00:10:13,700

thousands of miles long from which the

220

00:10:20,080 --> 00:10:16,700

air has been evacuated essentially

221

00:10:22,319 --> 00:10:20,090

making a an extremely long extremely

222

00:10:24,600 --> 00:10:22,329

large vacuum tube

223

00:10:26,329 --> 00:10:24,610

now why would you do that well it's so

224

00:10:28,650 --> 00:10:26,339

that when you send a high-speed train

225

00:10:31,819 --> 00:10:28,660

through the vacuum tube there's no air

226

00:10:35,429 --> 00:10:31,829

resistance and it can go much faster

227

00:10:38,939 --> 00:10:35,439

using less energy so once you've built a

228

00:10:41,309 --> 00:10:38,949

tunnel and it's airtight and you suck

229

00:10:45,329 --> 00:10:41,319

all the air out of it you could send a

230

00:10:47,539 --> 00:10:45,339

of course a sealed train through there

231

00:10:50,910 --> 00:10:47,549

sealed so the passengers won't

232

00:10:52,590 --> 00:10:50,920

asphyxiate in a vacuum but a sealed

233

00:10:54,780 --> 00:10:52,600

train you could send to it very high

234

00:11:00,150 --> 00:10:54,790

speed with no air friction whatsoever

235

00:11:02,220 --> 00:11:00,160

now the what pops up pops up again and

236

00:11:05,280 --> 00:11:02,230

again in a literature and I I discuss

237

00:11:07,019 --> 00:11:05,290

all this in my book is the maglev

238

00:11:10,769 --> 00:11:07,029

technology the idea that you would

239

00:11:14,280 --> 00:11:10,779

levitate the train cars which would be

240

00:11:18,019 --> 00:11:14,290

spherical on a magnetic field the

241

00:11:20,850 --> 00:11:18,029

magnetic field would be generated by

242

00:11:24,030 --> 00:11:20,860

electromagnetic coils that would be

243

00:11:27,619 --> 00:11:24,040

embedded in the floor of the tunnel and

244

00:11:31,559 --> 00:11:27,629

you would have miles and miles of these

245

00:11:33,720 --> 00:11:31,569

electromagnetic coils as as many miles

246

00:11:36,269 --> 00:11:33,730

as a tunnel as long and they would

247

00:11:38,789 --> 00:11:36,279

create a magnetic field and then the

248

00:11:41,609 --> 00:11:38,799

train would would float on this magnetic

249

00:11:44,579 --> 00:11:41,619

field you know a couple of inches three

250

00:11:47,970 --> 00:11:44,589

inches whatever yeah above the the floor

251
00:11:51,379 --> 00:11:47,980
of the tunnel and then once you've

252
00:11:55,829 --> 00:11:51,389
started to pulse the magnetic field

253
00:11:58,229 --> 00:11:55,839
these coils are these electromagnetic

254
00:12:01,169 --> 00:11:58,239
coils broke buried in the floor of the

255
00:12:04,379 --> 00:12:01,179
tunnel once you put pulsed the current

256
00:12:07,470 --> 00:12:04,389
through them it would create a sort of

257
00:12:10,530 --> 00:12:07,480
magnetic wave analogous to a wave on the

258
00:12:13,289 --> 00:12:10,540
sea like surfers riding a cresting wave

259
00:12:17,249 --> 00:12:13,299
on the sea only in this case you would

260
00:12:23,100 --> 00:12:17,259
have a train in a deep underground

261
00:12:25,229 --> 00:12:23,110
tunnel riding on a magnetic wave that

262
00:12:28,109 --> 00:12:25,239
would pulse down the length this tunnel

263
00:12:30,779 --> 00:12:28,119

and the train would ride that you would

264

00:12:35,519 --> 00:12:30,789

pulse it as fast as you wanted to train

265

00:12:37,559 --> 00:12:35,529

to go now this is that clear

266

00:12:39,809 --> 00:12:37,569

understand when I'm yeah absolutely I've

267

00:12:41,579 --> 00:12:39,819

seen some futurists talk about it but

268

00:12:43,019 --> 00:12:41,589

the idea that it's in existence now

269

00:12:45,780 --> 00:12:43,029

that's pretty wild

270

00:12:47,819 --> 00:12:45,790

well let's go back to the 1930s to the

271

00:12:50,309 --> 00:12:47,829

Third Reich because that's where it all

272

00:12:52,889 --> 00:12:50,319

started with a German engineer named

273

00:12:54,989 --> 00:12:52,899

Hermann Kemper who came up with this

274

00:12:57,989 --> 00:12:54,999

idea of the Rohr bond which is exactly

275

00:13:01,549 --> 00:12:57,999

what I just described you only he was

276

00:13:04,499 --> 00:13:01,559

prepared to do it with 1930s technology

277

00:13:10,009 --> 00:13:04,509

and he published some it actually had

278

00:13:14,400 --> 00:13:10,019

got a patent a Reich's patent for it and

279

00:13:18,410 --> 00:13:14,410

which I mentioned in my book and I also

280

00:13:21,689 --> 00:13:18,420

had some diagrams of his proposed

281

00:13:24,689 --> 00:13:21,699

underground high-speed maglev train

282

00:13:26,100 --> 00:13:24,699

tunnel network in Europe connecting the

283

00:13:28,290 --> 00:13:26,110

major capitals of Europe

284

00:13:34,110 --> 00:13:28,300

Kaleem and Grodd which is now in Russia

285

00:13:37,739 --> 00:13:34,120

I believe Vienna Paris Bonn Berlin

286

00:13:41,639 --> 00:13:37,749

Hamburg Zurich it go all over Europe

287

00:13:45,869 --> 00:13:41,649

that was his plan and using 1930s

288

00:13:48,199 --> 00:13:45,879

technology he was planning for a train

289

00:13:51,840 --> 00:13:48,209

that would go 600 miles per hour

290

00:13:54,299 --> 00:13:51,850

underground Wow which is a speed which

291

00:13:57,720 --> 00:13:54,309

is faster than most commercial airliners

292

00:14:00,900 --> 00:13:57,730

travel today so you understand that's

293

00:14:02,999 --> 00:14:00,910

like 80 years ago yeah 70 years ago he

294

00:14:06,480 --> 00:14:03,009

was planning for that and writing about

295

00:14:08,999 --> 00:14:06,490

it openly discussing it well of course

296

00:14:10,410 --> 00:14:09,009

World War two put an end to those plans

297

00:14:13,619 --> 00:14:10,420

as far as I know

298

00:14:16,290 --> 00:14:13,629

or did they and who would know because

299

00:14:19,919 --> 00:14:16,300

at the end of World War two so much

300

00:14:23,009 --> 00:14:19,929

about what happened in Germany and in

301
00:14:26,309 --> 00:14:23,019
the 30s and 40s was classified and a lot

302
00:14:29,129 --> 00:14:26,319
of it is classified to this day so if he

303
00:14:34,559 --> 00:14:29,139
ever built anything like that it was

304
00:14:37,530 --> 00:14:34,569
kept deep a you know a top secret from

305
00:14:39,869 --> 00:14:37,540
that day until now all right the fact

306
00:14:42,059 --> 00:14:39,879
that starting in there and about the

307
00:14:45,059 --> 00:14:42,069
early to mid 60's and running up at

308
00:14:48,449 --> 00:14:45,069
least through the early 70s but peter

309
00:14:49,380 --> 00:14:48,459
knapp petering out by the late 70s there

310
00:14:53,060 --> 00:14:49,390
was a lot of

311
00:14:56,970 --> 00:14:53,070
publicly published literature and

312
00:14:59,970 --> 00:14:56,980
engineering scientific and military and

313
00:15:06,270 --> 00:14:59,980

government literature about building a

314

00:15:08,730 --> 00:15:06,280

very high speed to transport system in

315

00:15:11,520 --> 00:15:08,740

the United States city to city

316

00:15:12,150 --> 00:15:11,530

intercity military agencies were

317

00:15:13,950 --> 00:15:12,160

involved

318

00:15:16,170 --> 00:15:13,960

civil engineering companies were

319

00:15:18,480 --> 00:15:16,180

involved non military government

320

00:15:20,390 --> 00:15:18,490

agencies were involved think tanks were

321

00:15:24,620 --> 00:15:20,400

involved it was a very high-level

322

00:15:27,450 --> 00:15:24,630

serious scientific and engineering

323

00:15:30,030 --> 00:15:27,460

research effort there was a lot of time

324

00:15:33,620 --> 00:15:30,040

and money put into this and then Greg it

325

00:15:38,940 --> 00:15:33,630

all went away mmm

326

00:15:41,910 --> 00:15:38,950

except that just a few years I would say

327

00:15:45,000 --> 00:15:41,920

five six years after the the literature

328

00:15:47,700 --> 00:15:45,010

trail ran cold it just it just all

329

00:15:49,920 --> 00:15:47,710

withered and died away and that was when

330

00:15:53,250 --> 00:15:49,930

by the late 80s you started hearing

331

00:15:55,500 --> 00:15:53,260

rumors about a secret underground very

332

00:15:56,010 --> 00:15:55,510

high speed tunnel system isn't that

333

00:15:59,250 --> 00:15:56,020

funny

334

00:16:03,330 --> 00:15:59,260

definitely a coral that's yes that's

335

00:16:06,620 --> 00:16:03,340

what I think so my guess is all of the

336

00:16:11,610 --> 00:16:06,630

noise died down to a whisper and

337

00:16:13,320 --> 00:16:11,620

inaudible whisper and they've a meaning

338

00:16:16,080 --> 00:16:13,330

the power structure the big engineering

339

00:16:17,970 --> 00:16:16,090

companies the military agencies some of

340

00:16:21,150 --> 00:16:17,980

the other government agencies and of

341

00:16:23,730 --> 00:16:21,160

course there would have been banks and

342

00:16:27,000 --> 00:16:23,740

financial institutions involved in this

343

00:16:30,150 --> 00:16:27,010

because carrying out a large a huge

344

00:16:32,730 --> 00:16:30,160

engineering project like that costs many

345

00:16:34,410 --> 00:16:32,740

billion many billions of dollars that is

346

00:16:35,670 --> 00:16:34,420

true and let me let me switch gears on

347

00:16:37,110 --> 00:16:35,680

you a little bit here I want to talk

348

00:16:39,330 --> 00:16:37,120

about you know we talked about these

349

00:16:42,030 --> 00:16:39,340

tunnels we talked about the finances

350

00:16:44,070 --> 00:16:42,040

that have gone been funneled into the

351

00:16:46,320 --> 00:16:44,080

black budgets I wanted to ask you about

352

00:16:47,910 --> 00:16:46,330

maybe what these tunnels can be

353

00:16:50,730 --> 00:16:47,920

connecting because we hear so much about

354

00:16:53,280 --> 00:16:50,740

these bases and as a show that handles a

355

00:16:55,680 --> 00:16:53,290

lot of Fringe topics there's very few

356

00:16:57,870 --> 00:16:55,690

threads that make my mouth water like

357

00:16:59,310 --> 00:16:57,880

the stories of these stranger aspects

358

00:17:01,980 --> 00:16:59,320

that are going on in these underground

359

00:17:03,000 --> 00:17:01,990

bases I'm very curious I've also heard

360

00:17:05,250 --> 00:17:03,010

some

361

00:17:07,110 --> 00:17:05,260

murmurs that go into the territory of

362

00:17:09,949 --> 00:17:07,120

saying there's full underground cities

363

00:17:11,100 --> 00:17:09,959

well let me tell you my research shows

364

00:17:17,010 --> 00:17:11,110

unambiguously

365

00:17:20,550 --> 00:17:17,020

that the larger of these facilities can

366

00:17:23,280 --> 00:17:20,560

accommodate thousands of people so yeah

367

00:17:25,680 --> 00:17:23,290

they are one example would be when

368

00:17:27,600 --> 00:17:25,690

publicly known example would be Mount

369

00:17:30,600 --> 00:17:27,610

weather the big Mount weather the big

370

00:17:33,050 --> 00:17:30,610

FEMA underground base beneath Mount

371

00:17:36,090 --> 00:17:33,060

weather and in Northern Virginia this

372

00:17:37,560 --> 00:17:36,100

this is outside of Washington DC when

373

00:17:40,880 --> 00:17:37,570

you start to get into the Appalachian

374

00:17:43,650 --> 00:17:40,890

Mountains it's in the Front Range of the

375

00:17:47,040 --> 00:17:43,660

Appalachians in and that's actually was

376

00:17:50,490 --> 00:17:47,050

started back in the 1950s and it's still

377

00:17:52,290 --> 00:17:50,500

a major very large operational base for

378

00:17:55,310 --> 00:17:52,300

the United States federal government and

379

00:17:58,370 --> 00:17:55,320

it can accommodate thousands of people

380

00:18:01,770 --> 00:17:58,380

so indeed and it's way down there it's

381

00:18:04,230 --> 00:18:01,780

the the top levels of that base or like

382

00:18:06,330 --> 00:18:04,240

five or six hundred feet underground and

383

00:18:09,660 --> 00:18:06,340

then of course is it goes down deeper

384

00:18:13,110 --> 00:18:09,670

than that so these bases can be very

385

00:18:15,180 --> 00:18:13,120

deep very large and they can accommodate

386

00:18:17,430 --> 00:18:15,190

not just scores not just hundreds of

387

00:18:20,300 --> 00:18:17,440

people but thousands of people living

388

00:18:22,590 --> 00:18:20,310

and working in them so people need to

389

00:18:25,320 --> 00:18:22,600

expand their mental horizons and when I

390

00:18:28,170 --> 00:18:25,330

say you know that there's a it's a

391

00:18:32,520 --> 00:18:28,180

different reality it's like a parallel

392

00:18:34,650 --> 00:18:32,530

world out of sight out of mind I'm

393

00:18:36,990 --> 00:18:34,660

telling the literal truth and when I say

394

00:18:39,420 --> 00:18:37,000

they're unknown thousands of people

395

00:18:42,870 --> 00:18:39,430

involved in building maintaining and

396

00:18:45,450 --> 00:18:42,880

operating working in these facilities

397

00:18:48,510 --> 00:18:45,460

I'm not exaggerating and that's by

398

00:18:50,640 --> 00:18:48,520

thousands I mean many many thousands Wow

399

00:18:54,090 --> 00:18:50,650

this is almost like a breakaway

400

00:18:56,460 --> 00:18:54,100

civilization it is and and people like

401
00:18:58,560 --> 00:18:56,470
Richard Dolan and Joseph Ferrell and

402
00:19:00,600 --> 00:18:58,570
Karen Austin Fitz have been talking

403
00:19:03,210 --> 00:19:00,610
about that and I've been talking about

404
00:19:07,350 --> 00:19:03,220
that really myself for the last 20 years

405
00:19:09,750 --> 00:19:07,360
without having every specifically used

406
00:19:12,750 --> 00:19:09,760
that that word but it is it's like a

407
00:19:15,480 --> 00:19:12,760
parallel reality and how can it be that

408
00:19:16,650 --> 00:19:15,490
you have so many thousands and thousands

409
00:19:19,680 --> 00:19:16,660
and thousands of P

410
00:19:21,630 --> 00:19:19,690
involved in constructing maintaining

411
00:19:24,360 --> 00:19:21,640
operating and living and working in

412
00:19:27,330 --> 00:19:24,370
these facilities and virtually none of

413
00:19:29,760 --> 00:19:27,340

them talk down to a man and a woman well

414

00:19:34,400 --> 00:19:29,770

it tells you that what is going on is

415

00:19:36,570 --> 00:19:34,410

really highly secret that it's very

416

00:19:38,970 --> 00:19:36,580

important for the people who are engaged

417

00:19:42,780 --> 00:19:38,980

in it and if the penalties for talking

418

00:19:45,360 --> 00:19:42,790

must be extremely severe right such that

419

00:19:49,950 --> 00:19:45,370

virtually note virtually no one does and

420

00:19:51,270 --> 00:19:49,960

or if they do they are shut up man so of

421

00:19:54,030 --> 00:19:51,280

course they're trying to keep these

422

00:19:56,190 --> 00:19:54,040

things a secret have you ever been able

423

00:19:58,110 --> 00:19:56,200

to see beyond the veil to get any

424

00:19:59,340 --> 00:19:58,120

indication of what type of activities

425

00:20:01,890 --> 00:19:59,350

are going on because that's a lot of

426
00:20:04,470 --> 00:20:01,900
effort and energy to keep obviously some

427
00:20:07,410 --> 00:20:04,480
type of experimentation will or

428
00:20:11,070 --> 00:20:07,420
something a secret well well let me tell

429
00:20:13,200 --> 00:20:11,080
you sure and not all of these bases are

430
00:20:15,930 --> 00:20:13,210
secret some of them are and my research

431
00:20:19,320 --> 00:20:15,940
indicates clearly that there are secret

432
00:20:22,170 --> 00:20:19,330
underground installations that's that's

433
00:20:24,720 --> 00:20:22,180
an incontrovertible fact how many I

434
00:20:26,880 --> 00:20:24,730
don't know where are they I don't know

435
00:20:29,400 --> 00:20:26,890
because they're secret you see that's

436
00:20:31,400 --> 00:20:29,410
very difficult to say right where are

437
00:20:33,750 --> 00:20:31,410
they and what's done in them there again

438
00:20:36,120 --> 00:20:33,760

you can't really say unless you're on

439

00:20:38,130 --> 00:20:36,130

the inside of those compartmentalize

440

00:20:40,500 --> 00:20:38,140

programs and if you're on the inside

441

00:20:43,020 --> 00:20:40,510

then you're in and you're not out so you

442

00:20:46,410 --> 00:20:43,030

can't talk and if you do I guess there

443

00:20:48,630 --> 00:20:46,420

are enforcers who fix the situation so

444

00:20:50,730 --> 00:20:48,640

that you either don't talk it again or

445

00:20:55,320 --> 00:20:50,740

you just don't breathe again

446

00:20:58,830 --> 00:20:55,330

we like I said earlier there's an entire

447

00:21:02,070 --> 00:20:58,840

parallel track of reality on this planet

448

00:21:05,580 --> 00:21:02,080

and what's going on who's involved all

449

00:21:06,360 --> 00:21:05,590

we can say is not much more than what

450

00:21:08,880 --> 00:21:06,370

I'm saying

451
00:21:12,900 --> 00:21:08,890
we are trillions of dollars disappearing

452
00:21:15,300 --> 00:21:12,910
just being sucked out of the of the

453
00:21:17,010 --> 00:21:15,310
global economy the economy of the United

454
00:21:17,880 --> 00:21:17,020
States but beyond that of the entire

455
00:21:21,120 --> 00:21:17,890
planet

456
00:21:24,180 --> 00:21:21,130
trillions Grieg trillions being sucked

457
00:21:27,810 --> 00:21:24,190
off into top-secret programs

458
00:21:30,030 --> 00:21:27,820
my research strongly indicates that part

459
00:21:32,960 --> 00:21:30,040
of that is the underground

460
00:21:35,760 --> 00:21:32,970
see basis in tunnels yeah interesting

461
00:21:37,680 --> 00:21:35,770
Richard you know time is flying by and

462
00:21:39,900 --> 00:21:37,690
there's so much I really want to ask you

463
00:21:41,610 --> 00:21:39,910

about in particular I know that people

464

00:21:43,440 --> 00:21:41,620

want to hear about some of the weirder

465

00:21:46,470 --> 00:21:43,450

aspects of these bases I mean we've had

466

00:21:50,550 --> 00:21:46,480

a lot of guests that talk about like the

467

00:21:54,290 --> 00:21:50,560

base in Dulce New Mexico and propaganda

468

00:21:57,030 --> 00:21:54,300

my Dulce and my estimation is is

469

00:21:59,670 --> 00:21:57,040

propaganda disinformation interesting

470

00:22:01,290 --> 00:21:59,680

because the main rumor there is is ET

471

00:22:03,870 --> 00:22:01,300

involvement I was wondering if you've

472

00:22:05,340 --> 00:22:03,880

heard any stories of ET involvement at

473

00:22:08,640 --> 00:22:05,350

these underground bases that you think

474

00:22:11,010 --> 00:22:08,650

are credible well I don't think the

475

00:22:14,520 --> 00:22:11,020

Dulce base stories are credible in that

476

00:22:17,610 --> 00:22:14,530

I don't think there is a base as the

477

00:22:21,300 --> 00:22:17,620

rumors and stories and legends describe

478

00:22:24,120 --> 00:22:21,310

at or very near the small town of Dulce

479

00:22:27,600 --> 00:22:24,130

New Mexico which is just south of the

480

00:22:30,720 --> 00:22:27,610

border with Colorado are there secret

481

00:22:33,660 --> 00:22:30,730

underground bases yes are there aliens

482

00:22:34,350 --> 00:22:33,670

underground I believe there are are

483

00:22:38,870 --> 00:22:34,360

there joint

484

00:22:41,730 --> 00:22:38,880

alien top-secret American military

485

00:22:43,980 --> 00:22:41,740

programs or projects underground

486

00:22:47,910 --> 00:22:43,990

I think the anecdotal evidence strongly

487

00:22:52,290 --> 00:22:47,920

points in that direction yes is the doll

488

00:22:55,170 --> 00:22:52,300

sized Dulce story as told drew I think

489

00:22:57,350 --> 00:22:55,180

it's highly probable disinformation

490

00:23:00,060 --> 00:22:57,360

if Dulce you think is misinformation

491

00:23:01,500 --> 00:23:00,070

that's totally possible are there what

492

00:23:03,150 --> 00:23:01,510

are some of the anecdotal stories that

493

00:23:08,610 --> 00:23:03,160

you do think have some credibility to

494

00:23:11,330 --> 00:23:08,620

them well I think I discuss a few of

495

00:23:15,540 --> 00:23:11,340

them in in my book in the last chapter

496

00:23:18,120 --> 00:23:15,550

there's a for instance um a base that

497

00:23:20,310 --> 00:23:18,130

has been described off today under sea

498

00:23:23,490 --> 00:23:20,320

off the coast of Puerto Rico and

499

00:23:27,410 --> 00:23:23,500

underwater base alien base I'm inclined

500

00:23:30,450 --> 00:23:27,420

to give that a a greater hearing because

501
00:23:34,440 --> 00:23:30,460
there has been a lot of reported UFO

502
00:23:40,050 --> 00:23:34,450
activity in the Caribbean area including

503
00:23:43,680 --> 00:23:40,060
in Puerto Rico and in the the waters the

504
00:23:48,480 --> 00:23:43,690
seas around Puerto Rico also

505
00:23:52,080 --> 00:23:48,490
for years the United States Navy had a

506
00:23:56,910 --> 00:23:52,090
station at Roosevelt roads and in

507
00:24:00,420 --> 00:23:56,920
eastern quarter eco it was a that region

508
00:24:03,720 --> 00:24:00,430
was a very high there was a very high

509
00:24:07,380 --> 00:24:03,730
level of them of American US Navy

510
00:24:09,660 --> 00:24:07,390
activity for a period of all most the

511
00:24:12,300 --> 00:24:09,670
post post World War two prepared until

512
00:24:14,720 --> 00:24:12,310
about ten years ago I think there's a

513
00:24:16,860 --> 00:24:14,730

reason for that

514

00:24:20,520 --> 00:24:16,870

another place where I think there's a

515

00:24:24,150 --> 00:24:20,530

high possibility of underground alien

516

00:24:26,910 --> 00:24:24,160

activity would be off the coast of of

517

00:24:29,280 --> 00:24:26,920

California Linda Moulton Howe describes

518

00:24:31,850 --> 00:24:29,290

in one of her books which I cite in my

519

00:24:37,020 --> 00:24:31,860

book an anecdote from one of her

520

00:24:39,410 --> 00:24:37,030

informants of being taken to section

521

00:24:42,210 --> 00:24:39,420

undersea base where which by the way

522

00:24:46,280 --> 00:24:42,220

very much resembled the entrance to

523

00:24:50,120 --> 00:24:46,290

which very much resembled the entrance

524

00:24:52,770 --> 00:24:50,130

technology of of the rock site base

525

00:24:55,680 --> 00:24:52,780

technology that I discuss in my book

526

00:25:00,200 --> 00:24:55,690

leading me to wonder if maybe it's not

527

00:25:02,580 --> 00:25:00,210

an American Navy undersea facility

528

00:25:05,490 --> 00:25:02,590

that's off the coast of California in

529

00:25:08,820 --> 00:25:05,500

the Channel Islands region that has an

530

00:25:11,730 --> 00:25:08,830

alien presence these types of stories so

531

00:25:14,580 --> 00:25:11,740

those are two examples right there that

532

00:25:18,030 --> 00:25:14,590

I would lend some credence to and then

533

00:25:20,430 --> 00:25:18,040

and then the self West region in general

534

00:25:22,940 --> 00:25:20,440

there are a lot of videos and there's a

535

00:25:28,010 --> 00:25:22,950

lot of noise on the internet about the

536

00:25:32,940 --> 00:25:28,020

the United States military having having

537

00:25:35,790 --> 00:25:32,950

shot down and or recovered crashed UFOs

538

00:25:38,910 --> 00:25:35,800

in some cases with their occupants dead

539

00:25:42,450 --> 00:25:38,920

in other cases with live occupants of

540

00:25:44,580 --> 00:25:42,460

course roswell figures figures very

541

00:25:49,680 --> 00:25:44,590

large in this scenario but not only

542

00:25:54,360 --> 00:25:49,690

roswell and in my estimation Los Alamos

543

00:25:55,950 --> 00:25:54,370

itself would be the the site where one

544

00:25:56,549 --> 00:25:55,960

or more of these aliens would have been

545

00:26:00,239 --> 00:25:56,559

kept

546

00:26:01,230 --> 00:26:00,249

quarantined interesting and obviously if

547

00:26:04,560 --> 00:26:01,240

there is going to be a lot of

548

00:26:07,919 --> 00:26:04,570

disinformation around such a high

549

00:26:09,600 --> 00:26:07,929

priority topic and and let me tell you

550

00:26:12,509 --> 00:26:09,610

something else correct there are a lot

551
00:26:15,869 --> 00:26:12,519
of disks info agents within the field of

552
00:26:18,869 --> 00:26:15,879
ufology yes and this has been going all

553
00:26:21,269 --> 00:26:18,879
the way back to the 1940s especially

554
00:26:23,700 --> 00:26:21,279
starting in the 50s and 60s there were a

555
00:26:25,169 --> 00:26:23,710
lot of people involved in UF ology with

556
00:26:27,960 --> 00:26:25,179
connections to the United States

557
00:26:31,739 --> 00:26:27,970
military and espionage agencies there

558
00:26:35,249 --> 00:26:31,749
still are and also in the remote of the

559
00:26:37,409 --> 00:26:35,259
field of remote viewing many of the

560
00:26:39,840 --> 00:26:37,419
prominent names in remote viewing the

561
00:26:43,649 --> 00:26:39,850
field of remote viewing either were in

562
00:26:47,369 --> 00:26:43,659
the past direct employees of military or

563
00:26:50,759 --> 00:26:47,379

espionage agencies or have close ties

564

00:26:53,519 --> 00:26:50,769

with people who were and it's just the

565

00:26:56,430 --> 00:26:53,529

reality once you get in to these areas

566

00:26:58,680 --> 00:26:56,440

that the powers-that-be prefer that the

567

00:27:01,049 --> 00:26:58,690

people know little or nothing about you

568

00:27:04,200 --> 00:27:01,059

start running into individuals with

569

00:27:07,019 --> 00:27:04,210

connections both formal and informal to

570

00:27:10,259 --> 00:27:07,029

intelligence espionage and military

571

00:27:13,590 --> 00:27:10,269

agencies that is reality yeah it

572

00:27:16,289 --> 00:27:13,600

definitely is but so let's get to some

573

00:27:18,539 --> 00:27:16,299

truth or you know maybe more just your

574

00:27:21,749 --> 00:27:18,549

belief structure but you said that you

575

00:27:24,450 --> 00:27:21,759

believe that there probably are some et

576
00:27:28,340 --> 00:27:24,460
bases like you described what would you

577
00:27:31,200 --> 00:27:28,350
assess another end scape in regards

578
00:27:35,269 --> 00:27:31,210
another another anecdote I give from my

579
00:27:37,590 --> 00:27:35,279
book this is as I mentioned a

580
00:27:40,259 --> 00:27:37,600
first-person account of an individual

581
00:27:43,139 --> 00:27:40,269
who was abducted and of course that

582
00:27:45,299 --> 00:27:43,149
there one more abductees every decade

583
00:27:47,909 --> 00:27:45,309
there appears to be a lot of this going

584
00:27:49,919 --> 00:27:47,919
on apparently with the connivance of

585
00:27:52,499 --> 00:27:49,929
shadowy elements of the United States

586
00:27:56,730 --> 00:27:52,509
government and military but this

587
00:27:59,340 --> 00:27:56,740
particular man was taken to an

588
00:28:02,190 --> 00:27:59,350

underground facility and the intrusive

589

00:28:04,980 --> 00:28:02,200

medical examination was performed on him

590

00:28:09,070 --> 00:28:04,990

he was in something that resembled a

591

00:28:12,670 --> 00:28:09,080

medical school and for theater and

592

00:28:15,220 --> 00:28:12,680

he was being worked on by aliens but he

593

00:28:19,210 --> 00:28:15,230

also saw perfectly normal appearing

594

00:28:22,660 --> 00:28:19,220

terrestrial humans with them so it was a

595

00:28:24,790 --> 00:28:22,670

joint alien human operation that's

596

00:28:27,610 --> 00:28:24,800

interest and he yes well I mentioned

597

00:28:30,820 --> 00:28:27,620

this in my book and and he asked because

598

00:28:33,880 --> 00:28:30,830

he was course traumatized and surprised

599

00:28:35,920 --> 00:28:33,890

and puzzled all of that and more and so

600

00:28:36,400 --> 00:28:35,930

he as this was going on as tunak where

601
00:28:40,570 --> 00:28:36,410
am I

602
00:28:43,330 --> 00:28:40,580
and he was told you are in an

603
00:28:45,280 --> 00:28:43,340
underground base in southeast Kansas and

604
00:28:47,410 --> 00:28:45,290
as he was told that he got a telepathic

605
00:28:50,320 --> 00:28:47,420
vision but being in a deep underground

606
00:28:54,430 --> 00:28:50,330
base in southeast Kansas behaved the

607
00:28:56,110 --> 00:28:54,440
Kansas landscape and and then he said

608
00:28:58,990 --> 00:28:56,120
well why and he was said he was told

609
00:29:01,930 --> 00:28:59,000
well an important procedure is being

610
00:29:05,350 --> 00:29:01,940
performed on you it could be for the

611
00:29:08,680 --> 00:29:05,360
benefit of you and other people so he

612
00:29:10,480 --> 00:29:08,690
was their lab rat in other words and the

613
00:29:13,870 --> 00:29:10,490

thing that impressed him was number one

614

00:29:16,510 --> 00:29:13,880

the facility and what was happening to

615

00:29:18,460 --> 00:29:16,520

him clearly was astonishing and and then

616

00:29:20,020 --> 00:29:18,470

beyond that the fact that you know hey

617

00:29:21,760 --> 00:29:20,030

there's a there's aliens and they're

618

00:29:26,350 --> 00:29:21,770

working on me but you know what they're

619

00:29:30,460 --> 00:29:26,360

people here too with them so I have some

620

00:29:32,680 --> 00:29:30,470

of those stories in my book and I accept

621

00:29:35,290 --> 00:29:32,690

that this is going on I accepted this

622

00:29:38,260 --> 00:29:35,300

part of the underground and underwater

623

00:29:40,840 --> 00:29:38,270

bases scenario there's a there's just a

624

00:29:44,290 --> 00:29:40,850

real bizarre aspect of it I also was

625

00:29:47,590 --> 00:29:44,300

contacted by an engineer who's spent his

626

00:29:51,100 --> 00:29:47,600

career working these facilities the

627

00:29:53,200 --> 00:29:51,110

really secret ones and he actually

628

00:29:55,690 --> 00:29:53,210

frankly confessed to me that he had

629

00:29:57,550 --> 00:29:55,700

amnesiac blocks in his memory there were

630

00:29:59,850 --> 00:29:57,560

things he couldn't remember that have

631

00:30:02,920 --> 00:29:59,860

been just weren't there

632

00:30:05,410 --> 00:30:02,930

missing missing episodes and periods and

633

00:30:07,960 --> 00:30:05,420

this is another thing that pops up is

634

00:30:11,760 --> 00:30:07,970

the mind control aspect of this

635

00:30:15,100 --> 00:30:11,770

alternate reality we are so deep into

636

00:30:17,110 --> 00:30:15,110

simulated artificial virtual reality man

637

00:30:19,420 --> 00:30:17,120

this whole planet is rigged and

638

00:30:22,630 --> 00:30:19,430

controlled we're like we're like in a

639

00:30:24,730 --> 00:30:22,640

Hollywood a high budget Hollywood sci-fi

640

00:30:27,510 --> 00:30:24,740

production it's like the whole planet is

641

00:30:29,740 --> 00:30:27,520

that way but what he told me was that

642

00:30:32,380 --> 00:30:29,750

and he told me you know like in

643

00:30:35,230 --> 00:30:32,390

California Colorado Nevada different

644

00:30:37,650 --> 00:30:35,240

places there are these very deep very

645

00:30:39,190 --> 00:30:37,660

large extremely sophisticated

646

00:30:43,380 --> 00:30:39,200

technologically cutting-edge

647

00:30:46,750 --> 00:30:43,390

manufacturing facilities that the

648

00:30:50,680 --> 00:30:46,760

military-industrial complex has

649

00:30:54,070 --> 00:30:50,690

established such that if civilization so

650

00:30:55,930 --> 00:30:54,080

called civilization is destroyed they

651
00:30:59,580 --> 00:30:55,940
have the capability using what's

652
00:31:03,060 --> 00:30:59,590
underground to make whole cloth from

653
00:31:09,760 --> 00:31:03,070
beginning to end a functional automobile

654
00:31:13,390 --> 00:31:09,770
a functional jet airplane or or a train

655
00:31:16,750 --> 00:31:13,400
locomotive or a wave oven or a

656
00:31:19,150 --> 00:31:16,760
television a tabletop radio a cell

657
00:31:22,510 --> 00:31:19,160
telephone you follow me to reconstruct

658
00:31:25,570 --> 00:31:22,520
to reconstruct industrial technological

659
00:31:28,380 --> 00:31:25,580
civilization start from zero and started

660
00:31:31,930 --> 00:31:28,390
all over again without having to have a

661
00:31:33,549 --> 00:31:31,940
5,000 year cycle of development and

662
00:31:35,770 --> 00:31:33,559
starting with well we'll rub these two

663
00:31:37,299 --> 00:31:35,780

sticks together and make a fire they

664

00:31:39,490 --> 00:31:37,309

don't want to go back to that point so

665

00:31:42,880 --> 00:31:39,500

if they blow up the entire world with

666

00:31:46,930 --> 00:31:42,890

nuclear war or there's a pole shift or

667

00:31:49,120 --> 00:31:46,940

or asteroids whatever that one or more

668

00:31:51,310 --> 00:31:49,130

of these bases will survive and that

669

00:31:54,490 --> 00:31:51,320

they will jumpstart technological

670

00:31:57,730 --> 00:31:54,500

industrial civilization like basically

671

00:32:00,730 --> 00:31:57,740

from say from a mid twentieth century

672

00:32:03,190 --> 00:32:00,740

late twentieth century start so it's

673

00:32:05,470 --> 00:32:03,200

like you know no sweat to them they'll

674

00:32:07,180 --> 00:32:05,480

knock it all down destroy it all and

675

00:32:10,270 --> 00:32:07,190

start it all over again

676

00:32:14,140 --> 00:32:10,280

on their terms and the other thing you

677

00:32:16,299 --> 00:32:14,150

described to me was and I never seen

678

00:32:18,970 --> 00:32:16,309

this in their in the open literature

679

00:32:21,130 --> 00:32:18,980

anyway and some and some of these bases

680

00:32:24,100 --> 00:32:21,140

as he described to me have entrance

681

00:32:27,210 --> 00:32:24,110

tunnels that maybe 20 30 40 50 miles

682

00:32:30,190 --> 00:32:27,220

away from where the base itself is

683

00:32:32,380 --> 00:32:30,200

interesting now another area I wanted to

684

00:32:34,810 --> 00:32:32,390

ask you how there's another ass yes

685

00:32:36,430 --> 00:32:34,820

one one more thing he told me and this

686

00:32:38,710 --> 00:32:36,440

gets into the question of

687

00:32:40,600 --> 00:32:38,720

of cyborgs which has been as discussed a

688

00:32:43,360 --> 00:32:40,610

lot in science fiction literature and

689

00:32:45,850 --> 00:32:43,370

science fiction films and more and more

690

00:32:49,420 --> 00:32:45,860

we see discussion the open literature of

691

00:32:51,850 --> 00:32:49,430

marrying a DNA to electronic circuits or

692

00:32:56,800 --> 00:32:51,860

wiring computers right into human brains

693

00:32:59,860 --> 00:32:56,810

right now he has memories of working

694

00:33:03,940 --> 00:32:59,870

with what invents with what to him

695

00:33:06,550 --> 00:33:03,950

resembled large like a slabs of animal

696

00:33:09,520 --> 00:33:06,560

protoplasm like a a side of beef yeah

697

00:33:12,580 --> 00:33:09,530

and a fat inter that but on the side of

698

00:33:15,340 --> 00:33:12,590

the beef would be a keyboard but it was

699

00:33:17,500 --> 00:33:15,350

like a futuristic sci-fi kind of

700

00:33:20,950 --> 00:33:17,510

keyboard in which his hands and his

701
00:33:24,610 --> 00:33:20,960
fingers would exactly fit and he was

702
00:33:28,090 --> 00:33:24,620
either programming the sight of beef or

703
00:33:30,250 --> 00:33:28,100
in some kind of connection with the side

704
00:33:32,140 --> 00:33:30,260
of beef doing and this is where his

705
00:33:34,750 --> 00:33:32,150
memory blacks out he he can only

706
00:33:37,630 --> 00:33:34,760
remember doing it more than once this

707
00:33:40,210 --> 00:33:37,640
was work he did and he's an engineer but

708
00:33:42,520 --> 00:33:40,220
he can't remember more than that oh man

709
00:33:44,410 --> 00:33:42,530
that is weird I wonder if that has

710
00:33:46,030 --> 00:33:44,420
anything to do with the stories you hear

711
00:33:49,300 --> 00:33:46,040
of cloning or human animal hybrid

712
00:33:51,850 --> 00:33:49,310
ization going on far more than that my

713
00:33:55,290 --> 00:33:51,860

guess would be and I ran across this in

714

00:33:58,060 --> 00:33:55,300

some of my research back it at Oak Ridge

715

00:34:00,820 --> 00:33:58,070

National Laboratory this is already back

716

00:34:04,150 --> 00:34:00,830

in 1990s they were doing research where

717

00:34:08,020 --> 00:34:04,160

they would attach gold electrodes to DNA

718

00:34:11,470 --> 00:34:08,030

molecules and the idea was to have an

719

00:34:13,419 --> 00:34:11,480

electrical electronic contact between

720

00:34:15,730 --> 00:34:13,429

the DNA in other words they needed to

721

00:34:18,730 --> 00:34:15,740

have an electronic contact between the

722

00:34:22,110 --> 00:34:18,740

DNA and a computer a supercomputer

723

00:34:25,360 --> 00:34:22,120

mainframe so that you could either

724

00:34:29,800 --> 00:34:25,370

decode or read what was in the DNA or

725

00:34:31,270 --> 00:34:29,810

program the DNA so my guess is that my

726

00:34:35,220 --> 00:34:31,280

guess is they're well beyond that

727

00:34:38,110 --> 00:34:35,230

probably creating their own DNA and

728

00:34:40,830 --> 00:34:38,120

programming it to do god knows what that

729

00:34:43,720 --> 00:34:40,840

could be done on a nano level

730

00:34:45,940 --> 00:34:43,730

microscopic level that's scary stuff man

731

00:34:47,710 --> 00:34:45,950

uh have you heard any of those stories

732

00:34:49,810 --> 00:34:47,720

or do you put any stock in the stories

733

00:34:52,000 --> 00:34:49,820

of human animal hybrid ization

734

00:34:53,560 --> 00:34:52,010

these underground facilities yes I do

735

00:34:56,620 --> 00:34:53,570

what can you tell us about that that

736

00:34:58,450 --> 00:34:56,630

sounds super interesting well what I can

737

00:35:00,880 --> 00:34:58,460

tell you is what I know from the open

738

00:35:03,190 --> 00:35:00,890

literature that that research in human

739

00:35:08,340 --> 00:35:03,200

animal hybrid ization has been and and

740

00:35:10,710 --> 00:35:08,350

not only that but transgenic hybrid

741

00:35:14,010 --> 00:35:10,720

biological engineering has been going on

742

00:35:15,970 --> 00:35:14,020

at least since the 1990s and my guess is

743

00:35:19,990 --> 00:35:15,980

extending all the way back to the world

744

00:35:21,970 --> 00:35:20,000

war ii period I think the Japanese and

745

00:35:24,040 --> 00:35:21,980

the Nazis were involved in this and

746

00:35:27,280 --> 00:35:24,050

probably the Americans too at least

747

00:35:29,380 --> 00:35:27,290

since the 1930s and 1940s in other words

748

00:35:31,480 --> 00:35:29,390

I think the announcement by Watson and

749

00:35:36,160 --> 00:35:31,490

Crick of their discovery of the DNA

750

00:35:39,640 --> 00:35:36,170

molecule was probably a assets'

751

00:35:41,740 --> 00:35:39,650

disinformation - and that the public

752

00:35:44,380 --> 00:35:41,750

announcement of it probably greatly

753

00:35:47,220 --> 00:35:44,390

lagged behind what was being done

754

00:35:52,920 --> 00:35:47,230

secretly by a period of years or decades

755

00:35:54,760 --> 00:35:52,930

and it's also true that the the

756

00:35:58,570 --> 00:35:54,770

Department of Energy of the United

757

00:36:02,740 --> 00:35:58,580

States is the lead agency on this planet

758

00:36:04,990 --> 00:36:02,750

for research into the human genome human

759

00:36:08,590 --> 00:36:05,000

DNA now you would think it would be the

760

00:36:11,020 --> 00:36:08,600

Department of Health or or I don't know

761

00:36:14,200 --> 00:36:11,030

some major biological Research Institute

762

00:36:16,030 --> 00:36:14,210

no it's the Department of Energy I'll

763

00:36:18,400 --> 00:36:16,040

tell you they're there the public

764

00:36:20,860 --> 00:36:18,410

rationale for doing that the public

765

00:36:24,820 --> 00:36:20,870

rationale is after World War Two an

766

00:36:29,500 --> 00:36:24,830

explosion the first few atomic bombs it

767

00:36:35,190 --> 00:36:29,510

was realized that that radiation has a

768

00:36:37,270 --> 00:36:35,200

has a detrimental effect on DNA on

769

00:36:39,310 --> 00:36:37,280

genetic material so they needed to

770

00:36:42,160 --> 00:36:39,320

research that and that's why they're so

771

00:36:44,650 --> 00:36:42,170

heavily involved in researching human

772

00:36:46,510 --> 00:36:44,660

DNA that's the cover story and there's

773

00:36:48,570 --> 00:36:46,520

some truth to that no doubt about it

774

00:36:54,400 --> 00:36:48,580

I believe the deeper reason is that

775

00:37:01,230 --> 00:36:54,410

essentially the most powerful energy in

776

00:37:05,550 --> 00:37:01,240

the universe is information energy it's

777

00:37:10,760 --> 00:37:05,560

essence is information and when you when

778

00:37:15,500 --> 00:37:13,200

supercomputing which the Department of

779

00:37:19,560 --> 00:37:15,510

Energy is massively involved in as well

780

00:37:21,960 --> 00:37:19,570

you're doing nothing but transfer of

781

00:37:26,670 --> 00:37:21,970

information it's the transfer of

782

00:37:31,140 --> 00:37:26,680

information that precedes the employer

783

00:37:33,270 --> 00:37:31,150

release of energy in all cases and early

784

00:37:35,580 --> 00:37:33,280

on I think they realized the hype when

785

00:37:38,370 --> 00:37:35,590

they began doing DNA research that the

786

00:37:40,620 --> 00:37:38,380

hyper dimensional quality of the DNA

787

00:37:43,790 --> 00:37:40,630

molecule and when you're talking about

788

00:37:47,700 --> 00:37:43,800

the engineering of hyper dimensional

789

00:37:50,010 --> 00:37:47,710

realities or merely accessing hyper

790

00:37:53,300 --> 00:37:50,020

dimensional realities you are talking

791

00:37:57,170 --> 00:37:53,310

about the release or access to

792

00:37:59,480 --> 00:37:57,180

stupendous energies of all kinds

793

00:38:02,609 --> 00:37:59,490

imaginable imaginable and unimaginable

794

00:38:05,130 --> 00:38:02,619

so you see the DNA molecule as a

795

00:38:08,370 --> 00:38:05,140

hypersdimensional molecule the Department

796

00:38:11,790 --> 00:38:08,380

of Energy is the lead agency on this

797

00:38:15,120 --> 00:38:11,800

planet into cutting-edge research into

798

00:38:19,170 --> 00:38:15,130

not only human DNA but DNA in general

799

00:38:22,380 --> 00:38:19,180

and so what I'm telling you is when you

800

00:38:27,599 --> 00:38:22,390

get into the realm of working with and

801
00:38:31,920 --> 00:38:27,609
through DNA you open the doors to the

802
00:38:35,720 --> 00:38:31,930
magical kingdom with n to the 2 to

803
00:38:38,660 --> 00:38:35,730
universal whatever knowledge power

804
00:38:41,520 --> 00:38:38,670
information oh there's just no end

805
00:38:44,970 --> 00:38:41,530
that's what I'm telling you is just like

806
00:38:48,660 --> 00:38:44,980
a Alice in Wonderland reality that we're

807
00:38:51,270 --> 00:38:48,670
dealing with here and it's not it's not

808
00:38:53,700 --> 00:38:51,280
and for that reason this keeps popping

809
00:38:56,370 --> 00:38:53,710
up again and again in the underground

810
00:38:59,210 --> 00:38:56,380
basis this Reese biological engineering

811
00:39:01,710 --> 00:38:59,220
genetic engineering cloning

812
00:39:04,530 --> 00:39:01,720
hybridization of humans and animals and

813
00:39:07,830 --> 00:39:04,540

and beings in vats and

814

00:39:09,760 --> 00:39:07,840

full of amniotic fluid being cloned and

815

00:39:12,460 --> 00:39:09,770

you run into this again and

816

00:39:14,320 --> 00:39:12,470

again and again I have just read and

817

00:39:16,210 --> 00:39:14,330

heard these stories again and again I

818

00:39:20,140 --> 00:39:16,220

believe that at least some of them

819

00:39:20,800 --> 00:39:20,150

certainly must be true man that is

820

00:39:23,050 --> 00:39:20,810

fascinating

821

00:39:24,190 --> 00:39:23,060

there is another area that I wanted to

822

00:39:26,260 --> 00:39:24,200

ask you about there's a lot of

823

00:39:28,450 --> 00:39:26,270

speculation about wild things going on

824

00:39:31,300 --> 00:39:28,460

in secret chambers under the Pyramids of

825

00:39:32,980 --> 00:39:31,310

Giza and the Giza Plateau in Egypt are

826

00:39:35,190 --> 00:39:32,990

you able to shed any light on what might

827

00:39:39,780 --> 00:39:35,200

be going on under the surface there

828

00:39:44,290 --> 00:39:39,790

first of all what you see an agent today

829

00:39:47,950 --> 00:39:44,300

or the highly highly eroded and ruined

830

00:39:49,590 --> 00:39:47,960

remnants of a majestic civilization that

831

00:39:52,810 --> 00:39:49,600

existed there a thousand years ago

832

00:39:55,750 --> 00:39:52,820

pharaonic Egypt in other words dynastic

833

00:39:59,770 --> 00:39:55,760

Egypt that for mainstream historians an

834

00:40:05,820 --> 00:39:59,780

Egyptologist begins about 4,500 years

835

00:40:09,670 --> 00:40:05,830

ago where the most 5000 years ago is

836

00:40:12,280 --> 00:40:09,680

just a remnant a remnant as magnificent

837

00:40:14,860 --> 00:40:12,290

as that was right just a remnant of what

838

00:40:18,690 --> 00:40:14,870

went before according to my research in

839

00:40:23,440 --> 00:40:18,700

my understanding because there was

840

00:40:25,930 --> 00:40:23,450

before this dynastic Egypt that we know

841

00:40:30,040 --> 00:40:25,940

from our history books another even more

842

00:40:31,840 --> 00:40:30,050

magnificent civilization how far back

843

00:40:34,480 --> 00:40:31,850

that goes I don't know having been there

844

00:40:37,120 --> 00:40:34,490

twice my feeling is it goes back at

845

00:40:40,480 --> 00:40:37,130

least ten or fifteen thousand years and

846

00:40:43,390 --> 00:40:40,490

maybe 20 30 40 50 thousand years when I

847

00:40:45,490 --> 00:40:43,400

first went and I stood there and I

848

00:40:48,430 --> 00:40:45,500

looked at the Great Pyramid just looking

849

00:40:50,590 --> 00:40:48,440

at it immediately I knew everything I've

850

00:40:53,320 --> 00:40:50,600

been told in the history that I learned

851

00:40:56,110 --> 00:40:53,330

in school and that I've read about from

852

00:40:59,920 --> 00:40:56,120

mainstream Egyptology whatever the truth

853

00:41:04,180 --> 00:40:59,930

is they're not telling it because once

854

00:41:06,160 --> 00:41:04,190

once I just had a body knowing that no

855

00:41:09,640 --> 00:41:06,170

way whatever there is whatever they say

856

00:41:12,370 --> 00:41:09,650

happened it's it's not that way it's far

857

00:41:14,850 --> 00:41:12,380

far older and out however they say it

858

00:41:17,470 --> 00:41:14,860

was done it wasn't done that way and

859

00:41:19,890 --> 00:41:17,480

beyond that it's true there's quite a

860

00:41:22,480 --> 00:41:19,900

lot underground when I studied Arabic I

861

00:41:26,829 --> 00:41:22,490

study Arabic for a year be

862

00:41:29,710 --> 00:41:26,839

Arabic when I was doing my PhD and my

863

00:41:33,130 --> 00:41:29,720

instructor was a Egyptian military

864

00:41:34,839 --> 00:41:33,140

intelligence officer so I asked him

865

00:41:38,200 --> 00:41:34,849

about the pyramids at that time I hadn't

866

00:41:40,089 --> 00:41:38,210

been to Egypt and I asked him about the

867

00:41:42,099 --> 00:41:40,099

pyramid so said is it true that there's

868

00:41:44,530 --> 00:41:42,109

something underneath them and he said

869

00:41:47,160 --> 00:41:44,540

yes I said well what he said well

870

00:41:50,589 --> 00:41:47,170

there's just there just multiple levels

871

00:41:53,109 --> 00:41:50,599

miles of tunnels and chambers under the

872

00:41:55,990 --> 00:41:53,119

Giza Plateau and this is my first time

873

00:41:58,240 --> 00:41:56,000

hearing that and I was kind of rocked me

874

00:42:00,730 --> 00:41:58,250

back on my heels and I said well really

875

00:42:03,160 --> 00:42:00,740

has anyone explored it he said sure and

876

00:42:05,920 --> 00:42:03,170

I said well who I said well he said the

877

00:42:08,530 --> 00:42:05,930

Egyptian army has been all through there

878

00:42:11,500 --> 00:42:08,540

sent their reconnoitering teams all

879

00:42:13,150 --> 00:42:11,510

through there and then locked it all off

880

00:42:16,120 --> 00:42:13,160

and blocked it all off with with armed

881

00:42:18,460 --> 00:42:16,130

guards and so I've subsequently learned

882

00:42:20,500 --> 00:42:18,470

in read and spoken with other people and

883

00:42:24,190 --> 00:42:20,510

indeed that's true there's quite a lot

884

00:42:25,900 --> 00:42:24,200

Oh beneath the Giza Plateau which you

885

00:42:28,810 --> 00:42:25,910

see topside is part of it but there's

886

00:42:31,630 --> 00:42:28,820

more beneath well why doesn't mainstream

887

00:42:34,750 --> 00:42:31,640

Egyptology say much of anything if

888

00:42:37,570 --> 00:42:34,760

anything about what's beneath it's

889

00:42:39,970 --> 00:42:37,580

because there's a cover-up Gregg it's a

890

00:42:43,420 --> 00:42:39,980

thousands of years long cover-up about

891

00:42:45,310 --> 00:42:43,430

not only Egypt and Giza and what not

892

00:42:48,190 --> 00:42:45,320

only what's below the ground but what's

893

00:42:52,060 --> 00:42:48,200

inside in detail other chambers in the

894

00:42:54,760 --> 00:42:52,070

major pyramids this whole planet is

895

00:42:57,450 --> 00:42:54,770

involved in a cover-up this whole planet

896

00:43:00,849 --> 00:42:57,460

is a black operation they're just

897

00:43:05,710 --> 00:43:00,859

disinformation everywhere yes so so what

898

00:43:07,359 --> 00:43:05,720

I everywhere up down in sideways and we

899

00:43:09,280 --> 00:43:07,369

don't even know the planet that we're

900

00:43:11,530 --> 00:43:09,290

living on people think well I live on

901
00:43:14,859 --> 00:43:11,540
earth I I pretty well understand what's

902
00:43:17,290 --> 00:43:14,869
up happening here no you don't you know

903
00:43:19,540 --> 00:43:17,300
what a person you don't know 1% of

904
00:43:21,430 --> 00:43:19,550
what's happening here and yet we are I

905
00:43:23,140 --> 00:43:21,440
won't say we are because I don't anymore

906
00:43:25,410 --> 00:43:23,150
but I would say the vast majority of

907
00:43:28,240 --> 00:43:25,420
people walk up walk about just

908
00:43:30,849 --> 00:43:28,250
automatically assuming that they know

909
00:43:35,120 --> 00:43:30,859
what's happening and they don't so

910
00:43:38,539 --> 00:43:35,130
anyway the story's about

911
00:43:41,059 --> 00:43:38,549
things underground in Egypt oh hell yes

912
00:43:42,259 --> 00:43:41,069
I mean there's an awful lot underground

913
00:43:45,019 --> 00:43:42,269

in Egypt what do you think they're

914

00:43:46,729 --> 00:43:45,029

trying to hide previous technological

915

00:43:48,620 --> 00:43:46,739

civilization man yeah

916

00:43:50,450 --> 00:43:48,630

what are there any details you can give

917

00:43:54,140 --> 00:43:50,460

us about what they might have found down

918

00:43:59,150 --> 00:43:54,150

there well what I've been told on the Qt

919

00:44:00,620 --> 00:43:59,160

is that well what you can read and you

920

00:44:03,140 --> 00:44:00,630

can even find some of this on the

921

00:44:05,509 --> 00:44:03,150

Internet is that the Arab historians

922

00:44:08,539 --> 00:44:05,519

which are very little listened to her

923

00:44:10,309 --> 00:44:08,549

studied in the Western world the Indian

924

00:44:12,620 --> 00:44:10,319

historians aren't either I mean from

925

00:44:14,989 --> 00:44:12,630

India but what the Arab historians and

926
00:44:17,960 --> 00:44:14,999
even more so the Indian historians have

927
00:44:20,839 --> 00:44:17,970
quite a lot to say about the previous

928
00:44:24,049 --> 00:44:20,849
cycle of civilization or civilizations

929
00:44:26,930 --> 00:44:24,059
which were very advanced in the in the

930
00:44:29,749 --> 00:44:26,940
case of Egypt this one of the stories

931
00:44:33,049 --> 00:44:29,759
that the Arab chroniclers have left us

932
00:44:36,499 --> 00:44:33,059
down to the centuries is that there was

933
00:44:38,839 --> 00:44:36,509
a huge global Cataclysm approaching and

934
00:44:40,579 --> 00:44:38,849
of course people study this now realize

935
00:44:43,099 --> 00:44:40,589
that there have been a repeated series

936
00:44:47,329 --> 00:44:43,109
of global cataclysms over a very long

937
00:44:48,859 --> 00:44:47,339
period of time but evidently this is the

938
00:44:51,950 --> 00:44:48,869

most recent one or one of the most

939

00:44:54,319 --> 00:44:51,960

recent ones there was a king named King

940

00:44:59,269 --> 00:44:54,329

Saul read this was many thousands years

941

00:45:02,299 --> 00:44:59,279

ago he learned through his seers that

942

00:45:06,499 --> 00:45:02,309

there was a huge Cataclysm that was

943

00:45:08,509 --> 00:45:06,509

going to just pummel the earth in the

944

00:45:11,209 --> 00:45:08,519

relatively near future in a period of

945

00:45:15,650 --> 00:45:11,219

years and it was going to be absolutely

946

00:45:18,200 --> 00:45:15,660

globally devastating if I had a guess it

947

00:45:19,789 --> 00:45:18,210

would be the destruction of Maldek that

948

00:45:22,400 --> 00:45:19,799

they probably observed and there was a

949

00:45:24,529 --> 00:45:22,410

lag time before all that debris from

950

00:45:26,120 --> 00:45:24,539

Maldek mal that being the planet that

951
00:45:29,299 --> 00:45:26,130
used to exist between Mars and Jupiter

952
00:45:31,969 --> 00:45:29,309
and exploding thousand years ago

953
00:45:33,920 --> 00:45:31,979
evidently an interplanetary warfare

954
00:45:37,039 --> 00:45:33,930
people can read the books of Joseph

955
00:45:42,440 --> 00:45:37,049
Farrell or go online and read the ages

956
00:45:46,549 --> 00:45:42,450
of urs you Ras Anton Parkes a and T oh

957
00:45:47,589 --> 00:45:46,559
and last name PA rks people can google

958
00:45:49,749 --> 00:45:47,599
his name

959
00:45:52,630 --> 00:45:49,759
he has some information about that

960
00:45:55,930 --> 00:45:52,640
Joseph Ferrell has written about some of

961
00:45:57,099 --> 00:45:55,940
these things and then others but my

962
00:45:59,650 --> 00:45:57,109
guess is that there was this

963
00:46:01,299 --> 00:45:59,660

interplanetary warfare and with the

964

00:46:04,539 --> 00:46:01,309

destruction of Malbec they knew all of

965

00:46:07,210 --> 00:46:04,549

this debris from this exploded planet

966

00:46:09,460 --> 00:46:07,220

would come down the gravity well from

967

00:46:14,170 --> 00:46:09,470

half a solar system away and blast the

968

00:46:15,640 --> 00:46:14,180

earth and so he gave orders to have the

969

00:46:18,579 --> 00:46:15,650

great pyramid constructed as a

970

00:46:22,749 --> 00:46:18,589

repository of all of the wisdom and

971

00:46:25,630 --> 00:46:22,759

knowledge of the world at that time and

972

00:46:29,200 --> 00:46:25,640

and it was done his name was king sour

973

00:46:31,749 --> 00:46:29,210

it sa you or I D and this was done and

974

00:46:33,640 --> 00:46:31,759

the Arab chroniclers have kept this

975

00:46:35,680 --> 00:46:33,650

story down to the many centuries the

976

00:46:38,469 --> 00:46:35,690

Western historians I've never heard it

977

00:46:41,680 --> 00:46:38,479

mentioned until I did my own independent

978

00:46:45,640 --> 00:46:41,690

research but if you go and you actually

979

00:46:50,109 --> 00:46:45,650

read the dynastic succession the Kings

980

00:46:52,089 --> 00:46:50,119

before the deluge the Kings before the

981

00:46:55,180 --> 00:46:52,099

deluge some of them had fantastic

982

00:46:57,910 --> 00:46:55,190

lifespans and reigns thousands of years

983

00:46:58,630 --> 00:46:57,920

then there was the deluge and everything

984

00:47:00,789 --> 00:46:58,640

changed

985

00:47:02,709 --> 00:47:00,799

afterwards people became more normal

986

00:47:04,150 --> 00:47:02,719

like we know them today now it's

987

00:47:06,729 --> 00:47:04,160

interesting that on the great pyramid

988

00:47:08,890 --> 00:47:06,739

itself when in the medieval period when

989

00:47:11,339 --> 00:47:08,900

when people when the Arabs finally broke

990

00:47:13,719 --> 00:47:11,349

in by brute force

991

00:47:15,999 --> 00:47:13,729

clearly there are secret entrances to

992

00:47:18,849 --> 00:47:16,009

the Great Pyramid from underground for

993

00:47:21,459 --> 00:47:18,859

example but when the Arabs broke in from

994

00:47:23,440 --> 00:47:21,469

above ground with brute force they found

995

00:47:26,339 --> 00:47:23,450

in the passageways inside the Great

996

00:47:32,469 --> 00:47:26,349

Pyramid like you know 150 200 feet up

997

00:47:34,989 --> 00:47:32,479

thick and crusted salt which would be

998

00:47:36,969 --> 00:47:34,999

would be consistent with the sea having

999

00:47:39,160 --> 00:47:36,979

covered that area at one point right in

1000

00:47:41,259 --> 00:47:39,170

the past and innocent as the sea

1001

00:47:43,930 --> 00:47:41,269

subsided there would been a lot of

1002

00:47:46,089 --> 00:47:43,940

evaporated salt left behind that was in

1003

00:47:49,209 --> 00:47:46,099

a seawater and there's other evidence in

1004

00:47:52,989 --> 00:47:49,219

Egypt for example the Oasis of phayam

1005

00:47:56,950 --> 00:47:52,999

which is now out the desert south

1006

00:47:59,529 --> 00:47:56,960

southwest of Cairo of Giza it's a good

1007

00:48:00,740 --> 00:47:59,539

two or three hour drive there's an oasis

1008

00:48:03,740 --> 00:48:00,750

out there

1009

00:48:07,370 --> 00:48:03,750

but it is a landlocked arm of the sea in

1010

00:48:10,820 --> 00:48:07,380

the past the Mediterranean Sea extended

1011

00:48:12,590 --> 00:48:10,830

down there and it doesn't today you see

1012

00:48:15,110 --> 00:48:12,600

it's all over the thousands of years

1013

00:48:15,710 --> 00:48:15,120

dried up so in the past thousands of

1014

00:48:18,230 --> 00:48:15,720

years ago

1015

00:48:20,900 --> 00:48:18,240

the geography of that region was far

1016

00:48:23,060 --> 00:48:20,910

different far different looked for

1017

00:48:25,730 --> 00:48:23,070

different different vegetation different

1018

00:48:27,860 --> 00:48:25,740

landscape the waterways everything was

1019

00:48:30,350 --> 00:48:27,870

just 100 hundred eighty degrees

1020

00:48:33,080 --> 00:48:30,360

different than it is today now it's just

1021

00:48:36,020 --> 00:48:33,090

sand and desert from Horizon to Horizon

1022

00:48:38,420 --> 00:48:36,030

was not was not that way ten thousand

1023

00:48:40,850 --> 00:48:38,430

eleven thousand years ago interesting

1024

00:48:42,980 --> 00:48:40,860

that also brings to mind another non

1025

00:48:45,800 --> 00:48:42,990

mainstream story from the ancient past

1026
00:48:47,120 --> 00:48:45,810
that you've talked about which is the

1027
00:48:48,920 --> 00:48:47,130
Hopi don't they have a pretty

1028
00:48:50,390 --> 00:48:48,930
interesting story about visiting beans

1029
00:48:53,870 --> 00:48:50,400
from a tunnel system

1030
00:48:56,630 --> 00:48:53,880
on the earth in the past yes the Hopi in

1031
00:48:58,460 --> 00:48:56,640
the last when the great deluge happened

1032
00:49:01,400 --> 00:48:58,470
when there was the last great planetary

1033
00:49:03,800 --> 00:49:01,410
catastrophe the Hopi say that they went

1034
00:49:06,080 --> 00:49:03,810
lived underground and in the Southwest

1035
00:49:08,690 --> 00:49:06,090
United States with the ant people for a

1036
00:49:12,290 --> 00:49:08,700
period of time until conditions on the

1037
00:49:14,690 --> 00:49:12,300
surface where once again conducive to

1038
00:49:18,380 --> 00:49:14,700

human life and they they came back out

1039

00:49:21,620 --> 00:49:18,390

onto the surface through like a a cave

1040

00:49:24,170 --> 00:49:21,630

opening or a hole then in the ground and

1041

00:49:26,600 --> 00:49:24,180

and now live again on the surface after

1042

00:49:29,270 --> 00:49:26,610

having spender spent a period of under

1043

00:49:33,050 --> 00:49:29,280

time underground underground mind you

1044

00:49:34,850 --> 00:49:33,060

with the ant people and to this day the

1045

00:49:36,800 --> 00:49:34,860

Hopi if you talk to them not what you

1046

00:49:39,170 --> 00:49:36,810

read in books but if you actually go and

1047

00:49:42,520 --> 00:49:39,180

live in a Southwest as I did for many

1048

00:49:47,570 --> 00:49:42,530

years I lived out there for eight years

1049

00:49:50,300 --> 00:49:47,580

including in the region near I studied

1050

00:49:53,810 --> 00:49:50,310

at the University in Flagstaff and and

1051

00:49:55,760 --> 00:49:53,820

lived outside of Flagstaff and I knew

1052

00:49:59,270 --> 00:49:55,770

some dope easin and talked to a little

1053

00:50:00,680 --> 00:49:59,280

bit with them about the previous

1054

00:50:03,980 --> 00:50:00,690

centuries and thousands of years the

1055

00:50:06,050 --> 00:50:03,990

hope is the hopi went walkabout as a

1056

00:50:09,830 --> 00:50:06,060

people and they literally walked

1057

00:50:12,590 --> 00:50:09,840

thousands of miles from Alaska to Tierra

1058

00:50:14,360 --> 00:50:12,600

del Fuego is my understanding and all

1059

00:50:16,400 --> 00:50:14,370

points in between

1060

00:50:18,620 --> 00:50:16,410

this was their task given to them by the

1061

00:50:20,570 --> 00:50:18,630

creator because they are caretakers of

1062

00:50:23,120 --> 00:50:20,580

the earth so they literally had to

1063

00:50:25,490 --> 00:50:23,130

physically walk their garden it too

1064

00:50:28,750 --> 00:50:25,500

taken care of so to speak and then they

1065

00:50:31,460 --> 00:50:28,760

came back to the southwest region and

1066

00:50:33,680 --> 00:50:31,470

one of their stories and as they came

1067

00:50:35,900 --> 00:50:33,690

back to Southwest some of the different

1068

00:50:39,950 --> 00:50:35,910

pueblos that you see in the southwest at

1069

00:50:44,330 --> 00:50:39,960

Mesa Verde for example in Arizona at one

1070

00:50:46,850 --> 00:50:44,340

a Canyon different during Chaco Canyon

1071

00:50:48,320 --> 00:50:46,860

different places the New Mexico

1072

00:50:51,800 --> 00:50:48,330

different places where you have these

1073

00:50:53,990 --> 00:50:51,810

ancient Pueblo dwellings their oral

1074

00:50:55,790 --> 00:50:54,000

history that the private oral history is

1075

00:50:59,570 --> 00:50:55,800

that day would go and live at these

1076

00:51:00,920 --> 00:50:59,580

places for 30 40 50 60 years and then

1077

00:51:03,110 --> 00:51:00,930

they would be told to move and they

1078

00:51:04,940 --> 00:51:03,120

would go to another place and live there

1079

00:51:06,800 --> 00:51:04,950

50 years 100 years and then they would

1080

00:51:09,350 --> 00:51:06,810

move around like that until they finally

1081

00:51:12,680 --> 00:51:09,360

settled that the three Mesa area where

1082

00:51:15,710 --> 00:51:12,690

they are now their last stop before the

1083

00:51:18,770 --> 00:51:15,720

three Mesa area was at whoopity which is

1084

00:51:22,280 --> 00:51:18,780

in in-between Flagstaff and the three

1085

00:51:25,580 --> 00:51:22,290

mesas in northwestern Arizona at whoop

1086

00:51:28,690 --> 00:51:25,590

at key there is a a ball court of the

1087

00:51:31,400 --> 00:51:28,700

which is a of the style you know in

1088

00:51:34,730 --> 00:51:31,410

Mesoamerica from Central America up into

1089

00:51:36,770 --> 00:51:34,740

the southwestern United States centuries

1090

00:51:38,810 --> 00:51:36,780

ago a thousand years ago 2,000 years ago

1091

00:51:41,750 --> 00:51:38,820

there was a ball game that they played

1092

00:51:44,240 --> 00:51:41,760

where the player the male players used

1093

00:51:46,250 --> 00:51:44,250

the kind I have a rubber or leather ball

1094

00:51:49,340 --> 00:51:46,260

and they they booted it with their hips

1095

00:51:51,230 --> 00:51:49,350

through hoops that were at the ends or

1096

00:51:54,800 --> 00:51:51,240

sides the ball court this game is not

1097

00:51:58,450 --> 00:51:54,810

played anymore and that is the most

1098

00:52:02,600 --> 00:51:58,460

northern known ball court in in the

1099

00:52:04,880 --> 00:52:02,610

Mesoamerican ball playing region there

1100

00:52:07,840 --> 00:52:04,890

it were pod key and right beside the

1101
00:52:11,480 --> 00:52:07,850
ball court there is a hole in the ground

1102
00:52:13,370 --> 00:52:11,490
where the wind is always blowing in or

1103
00:52:16,250 --> 00:52:13,380
out it's an entrance to a vast

1104
00:52:19,100 --> 00:52:16,260
underground cave system right there I

1105
00:52:21,290 --> 00:52:19,110
own many I've gone many times it depends

1106
00:52:23,960 --> 00:52:21,300
on the air pressure when there's low of

1107
00:52:25,580 --> 00:52:23,970
our pressure the air blows out from

1108
00:52:27,220 --> 00:52:25,590
underground when there when there's

1109
00:52:29,770 --> 00:52:27,230
higher pressure the

1110
00:52:33,839 --> 00:52:29,780
blows into underground then I mean days

1111
00:52:36,760 --> 00:52:33,849
on end and the story the hope is that

1112
00:52:38,500 --> 00:52:36,770
there's an underground area there where

1113
00:52:41,260 --> 00:52:38,510

they lived and when they came out they

1114

00:52:45,069 --> 00:52:41,270

came out and hole on or near the side of

1115

00:52:47,680 --> 00:52:45,079

the Grand Canyon and that's the story I

1116

00:52:49,390 --> 00:52:47,690

believe it's true as told yeah that's so

1117

00:52:52,810 --> 00:52:49,400

interesting I'm always fascinated by

1118

00:52:55,599 --> 00:52:52,820

those old stories of intelligent species

1119

00:52:57,670 --> 00:52:55,609

that are might not even be human that

1120

00:52:59,260 --> 00:52:57,680

are from within the earth there's a lot

1121

00:53:01,870 --> 00:52:59,270

of old cultures that talk about that

1122

00:53:03,130 --> 00:53:01,880

it's a really interesting thread well I

1123

00:53:06,780 --> 00:53:03,140

don't think that the so-called

1124

00:53:09,280 --> 00:53:06,790

terrestrial human race is the only

1125

00:53:11,530 --> 00:53:09,290

technologically capable or intelligence

1126
00:53:15,640 --> 00:53:11,540
or intelligent species on the earth

1127
00:53:18,400 --> 00:53:15,650
there are a lot of stories about large

1128
00:53:21,849 --> 00:53:18,410
intelligent insect beings large

1129
00:53:24,190 --> 00:53:21,859
intelligent reptilian beings and you

1130
00:53:29,920 --> 00:53:24,200
even run into some stories about other

1131
00:53:33,640 --> 00:53:29,930
intelligence as intelligences as in was

1132
00:53:36,400 --> 00:53:33,650
it - who was the the fish man who came

1133
00:53:39,010 --> 00:53:36,410
up out of the Persian Gulf and brought

1134
00:53:41,010 --> 00:53:39,020
civilization to the ancient Sumerians

1135
00:53:44,589 --> 00:53:41,020
and Babylonians thousands of years ago

1136
00:53:48,550 --> 00:53:44,599
and of course there are stories of these

1137
00:53:52,630 --> 00:53:48,560
aquatic aquatic humans there are many

1138
00:53:54,960 --> 00:53:52,640

stories about the merpeople mer meaning

1139

00:53:58,720 --> 00:53:54,970

sea the sea people who live underwater

1140

00:54:01,480 --> 00:53:58,730

there are many stories for many cultures

1141

00:54:04,240 --> 00:54:01,490

around the world of merpeople human

1142

00:54:06,809 --> 00:54:04,250

beings who live underwater or human-like

1143

00:54:08,710 --> 00:54:06,819

beings who live underwater and also

1144

00:54:10,450 --> 00:54:08,720

surprisingly enough there even some

1145

00:54:14,079 --> 00:54:10,460

modern-day sightings from time to time

1146

00:54:17,620 --> 00:54:14,089

of mer people so I don't rule out at all

1147

00:54:20,559 --> 00:54:17,630

that there could be aquatic one or more

1148

00:54:24,220 --> 00:54:20,569

aquatic species of humans or human-like

1149

00:54:27,819 --> 00:54:24,230

beings yeah I am really curious if

1150

00:54:30,040 --> 00:54:27,829

there's any ongoing communication with

1151
00:54:32,290 --> 00:54:30,050
these species may be in secret because

1152
00:54:34,809 --> 00:54:32,300
it just seems like a wealth of well I

1153
00:54:37,089 --> 00:54:34,819
think central I think I think so I think

1154
00:54:38,800 --> 00:54:37,099
so I think it Dilys probably the

1155
00:54:40,210 --> 00:54:38,810
Russians and the Americans have

1156
00:54:43,690 --> 00:54:40,220
communication with

1157
00:54:46,240 --> 00:54:43,700
and and but you have to understand that

1158
00:54:49,270 --> 00:54:46,250
this regime in Washington DC right now

1159
00:54:52,150 --> 00:54:49,280
is so evil then it's got its tentacles

1160
00:54:55,030 --> 00:54:52,160
everywhere of course it has allies Wall

1161
00:54:58,450 --> 00:54:55,040
Street Wall Street the city of London

1162
00:55:04,690 --> 00:54:58,460
Tel Aviv hurts Leah different places

1163
00:55:07,480 --> 00:55:04,700

it's an evil neocon Zionist bankster

1164

00:55:11,099 --> 00:55:07,490

writebol that they're taking frankly

1165

00:55:16,050 --> 00:55:11,109

correct they are taking this planet down

1166

00:55:18,870 --> 00:55:16,060

they have a pronounced self-destructive

1167

00:55:22,000 --> 00:55:18,880

also destructive self-destructive

1168

00:55:24,550 --> 00:55:22,010

impulse and they're leading us we

1169

00:55:26,320 --> 00:55:24,560

already have Fukushima and Chernobyl not

1170

00:55:28,180 --> 00:55:26,330

now they've taken us to the brink of our

1171

00:55:31,599 --> 00:55:28,190

shooting nuclear war with the Russians

1172

00:55:34,930 --> 00:55:31,609

and I mean how much worse can I get

1173

00:55:36,700 --> 00:55:34,940

before it's over right that's the

1174

00:55:38,290 --> 00:55:36,710

million-dollar question because the

1175

00:55:41,260 --> 00:55:38,300

direction we're headed right now is an

1176
00:55:43,320 --> 00:55:41,270
extremely dark negative destructive evil

1177
00:55:46,540 --> 00:55:43,330
direction I mean we can Emory

1178
00:55:48,849 --> 00:55:46,550
deforestation the great forests in Asia

1179
00:55:51,160 --> 00:55:48,859
and Africa and Latin America are being

1180
00:55:52,570 --> 00:55:51,170
cut down the great tropical forests the

1181
00:55:55,329 --> 00:55:52,580
seas are being poisoned

1182
00:56:00,370 --> 00:55:55,339
we have exploded melted down nuclear

1183
00:56:02,140 --> 00:56:00,380
power plants we have a a a global

1184
00:56:04,650 --> 00:56:02,150
financial system based on the United

1185
00:56:10,870 --> 00:56:04,660
States dollar that is self-destructing

1186
00:56:13,960 --> 00:56:10,880
we have a NATO a pentagon military

1187
00:56:16,690 --> 00:56:13,970
machine that seems to to do it to be

1188
00:56:20,440 --> 00:56:16,700

doing its best to egg the Russians into

1189

00:56:23,020 --> 00:56:20,450

a shooting nuclear war I mean how far

1190

00:56:26,230 --> 00:56:23,030

can this go before it just self implodes

1191

00:56:28,030 --> 00:56:26,240

right it's so self destruct so it's

1192

00:56:30,070 --> 00:56:28,040

constantly people talking about you know

1193

00:56:33,070 --> 00:56:30,080

the collapse is coming and you know

1194

00:56:35,050 --> 00:56:33,080

we're sorting clothes with Greg Greg

1195

00:56:37,089 --> 00:56:35,060

it's it's not coming it's here it's

1196

00:56:39,520 --> 00:56:37,099

collapsing now I'm telling you that

1197

00:56:42,730 --> 00:56:39,530

because of Fukushima the Pacific Ocean

1198

00:56:44,770 --> 00:56:42,740

is dying now because of the insane

1199

00:56:47,500 --> 00:56:44,780

financial policies of the United States

1200

00:56:50,440 --> 00:56:47,510

Federal Reserve Bank the global economic

1201

00:56:53,260 --> 00:56:50,450

or is collapsing now and it's causing

1202

00:56:53,570 --> 00:56:53,270

tremendous hardship half of humanity

1203

00:56:56,540 --> 00:56:53,580

lives

1204

00:56:58,790 --> 00:56:56,550

two or three dollars a day half of the

1205

00:57:01,250 --> 00:56:58,800

human beings on this planet live on two

1206

00:57:03,590 --> 00:57:01,260

or three dollars a day now you tell me

1207

00:57:06,410 --> 00:57:03,600

how that doesn't represent global

1208

00:57:09,890 --> 00:57:06,420

financial collapse we're talking we're

1209

00:57:12,560 --> 00:57:09,900

talking desperate suffering now by half

1210

00:57:14,660 --> 00:57:12,570

of the human race and the other half are

1211

00:57:16,100 --> 00:57:14,670

looking over the shoulder shoulder

1212

00:57:18,320 --> 00:57:16,110

wondering is that going to be me

1213

00:57:21,410 --> 00:57:18,330

tomorrow or next week or next month and

1214

00:57:24,470 --> 00:57:21,420

the answer is maybe the way things are

1215

00:57:26,900 --> 00:57:24,480

going could be things are definitely bad

1216

00:57:29,720 --> 00:57:26,910

and I mean based on these old stories of

1217

00:57:31,340 --> 00:57:29,730

other species interacting with humanity

1218

00:57:34,010 --> 00:57:31,350

I mean this seems like the prime time

1219

00:57:36,980 --> 00:57:34,020

because they generally come around near

1220

00:57:38,570 --> 00:57:36,990

a giant global collapse you know that

1221

00:57:42,230 --> 00:57:38,580

when they try to pick us back up off our

1222

00:57:43,820 --> 00:57:42,240

off our destructive tendencies all I can

1223

00:57:46,600 --> 00:57:43,830

tell you is that the so-called

1224

00:57:49,460 --> 00:57:46,610

with a heavy emphasis on so-called

1225

00:57:52,610 --> 00:57:49,470

ruling elite on this planet there are

1226

00:57:55,490 --> 00:57:52,620

psychopaths they are demons in human

1227

00:57:58,850 --> 00:57:55,500

form they are incompetent they're

1228

00:58:01,360 --> 00:57:58,860

ignorant and also extremely arrogant and

1229

00:58:03,740 --> 00:58:01,370

violent it's the worst of all possible

1230

00:58:07,010 --> 00:58:03,750

combinations enormous ly ignorant

1231

00:58:10,130 --> 00:58:07,020

enormous ly arrogant enormous ly violent

1232

00:58:13,670 --> 00:58:10,140

and incompetent beyond words to describe

1233

00:58:17,300 --> 00:58:13,680

it's just a tremendously dangerous

1234

00:58:19,670 --> 00:58:17,310

combination and that's that that's our

1235

00:58:21,170 --> 00:58:19,680

situation I totally agree with you there

1236

00:58:23,020 --> 00:58:21,180

and I know we've run a little long I

1237

00:58:24,920 --> 00:58:23,030

wanted to ask you about one other thing

1238

00:58:27,230 --> 00:58:24,930

yesin you had written about on your blog

1239

00:58:30,470 --> 00:58:27,240

you had mentioned that you had been

1240

00:58:33,830 --> 00:58:30,480

shown a timeline of et disclosure that

1241

00:58:36,620 --> 00:58:33,840

that runs all the way up to like 2070 if

1242

00:58:40,340 --> 00:58:36,630

I'm not mistaken yes I can tell you I

1243

00:58:44,240 --> 00:58:40,350

was shown a timeline of the 21st century

1244

00:58:47,320 --> 00:58:44,250

this is some unit go with a special

1245

00:58:50,090 --> 00:58:47,330

emphasis on on extraterrestrials and

1246

00:58:53,560 --> 00:58:50,100

their interaction with this planet and

1247

00:58:56,840 --> 00:58:53,570

our interaction with them now understand

1248

00:58:59,450 --> 00:58:56,850

extraterrestrials are are there now

1249

00:59:01,760 --> 00:58:59,460

they're here now there are other planets

1250

00:59:03,980 --> 00:59:01,770

with civilizations on them and there

1251
00:59:06,380 --> 00:59:03,990
have been for millions and billions of

1252
00:59:07,280 --> 00:59:06,390
years what I'm talking about is the

1253
00:59:10,040 --> 00:59:07,290
opening

1254
00:59:12,680 --> 00:59:10,050
of global mass society to these

1255
00:59:16,220 --> 00:59:12,690
realities the reality already exists

1256
00:59:18,650 --> 00:59:16,230
what doesn't exist is a mass awareness

1257
00:59:20,960 --> 00:59:18,660
on the part of global humanity of the

1258
00:59:25,160 --> 00:59:20,970
reality for whatever reason we have been

1259
00:59:27,950 --> 00:59:25,170
put in a total state of of ignorance and

1260
00:59:30,560 --> 00:59:27,960
amnesiac forgetfulness and kind of

1261
00:59:33,080 --> 00:59:30,570
sealed off from the rest of the galaxy I

1262
00:59:35,660 --> 00:59:33,090
don't know why but we have been for

1263
00:59:37,700 --> 00:59:35,670

thousands of years and what I was shown

1264

00:59:40,640 --> 00:59:37,710

is that as this Center progresses that

1265

00:59:42,260 --> 00:59:40,650

is going to change exactly how it's

1266

00:59:44,990 --> 00:59:42,270

going to change and who's going to do it

1267

00:59:47,180 --> 00:59:45,000

and what their motivation is I can't

1268

00:59:49,760 --> 00:59:47,190

speak to that there are many many

1269

00:59:51,980 --> 00:59:49,770

players and actors both on the part of

1270

00:59:53,720 --> 00:59:51,990

extraterrestrials there are myriad

1271

00:59:56,720 --> 00:59:53,730

extraterrestrial civilizations and

1272

00:59:59,660 --> 00:59:56,730

factions with with many different

1273

01:00:01,850 --> 00:59:59,670

motivations and agendas just as on this

1274

01:00:03,620 --> 01:00:01,860

planet itself there are many different

1275

01:00:06,350 --> 01:00:03,630

power factions with different

1276

01:00:08,930 --> 01:00:06,360

motivations and agendas so however that

1277

01:00:11,530 --> 01:00:08,940

power faction aspect of it works out I

1278

01:00:15,980 --> 01:00:11,540

don't know but what I was shown is that

1279

01:00:18,560 --> 01:00:15,990

generally between now and about 2020

1280

01:00:21,350 --> 01:00:18,570

2025 for all I know what could happen

1281

01:00:25,520 --> 01:00:21,360

this year but over the next 10 15 year

1282

01:00:28,130 --> 01:00:25,530

10 years today there'll be more and more

1283

01:00:30,890 --> 01:00:28,140

of an awareness of life on other planets

1284

01:00:33,380 --> 01:00:30,900

and other civilizations such that it

1285

01:00:35,480 --> 01:00:33,390

won't be viewed as strange anymore

1286

01:00:37,310 --> 01:00:35,490

it will be more and more viewed as oh

1287

01:00:39,260 --> 01:00:37,320

yeah you know everybody knows their

1288

01:00:41,900 --> 01:00:39,270

other planets and there's life on other

1289

01:00:44,600 --> 01:00:41,910

planets and you know what but there's et

1290

01:00:46,670 --> 01:00:44,610

civilizations on other planets that'll

1291

01:00:49,040 --> 01:00:46,680

be the first step and we're part of the

1292

01:00:50,870 --> 01:00:49,050

way there already I mean there are more

1293

01:00:53,300 --> 01:00:50,880

more people with that kind of knowledge

1294

01:00:56,180 --> 01:00:53,310

now but it'll get to the point where

1295

01:00:58,820 --> 01:00:56,190

we'll be you know universal where 90

1296

01:01:01,670 --> 01:00:58,830

percent or 95 percent or more of the

1297

01:01:05,450 --> 01:01:01,680

average human being in you know but

1298

01:01:07,250 --> 01:01:05,460

SWANA or or or Paraguay or wherever will

1299

01:01:10,130 --> 01:01:07,260

say oh yeah you know I I heard about

1300

01:01:11,630 --> 01:01:10,140

that you know it's true that's true I

1301

01:01:13,940 --> 01:01:11,640

heard something about that last year

1302

01:01:17,300 --> 01:01:13,950

that there are people on other planets

1303

01:01:20,410 --> 01:01:17,310

on and it's true weird man but yeah

1304

01:01:23,079 --> 01:01:20,420

evidently the next case that'll be the

1305

01:01:25,930 --> 01:01:23,089

yeah so just if just about everyone will

1306

01:01:29,200 --> 01:01:25,940

reach that point and then beyond that as

1307

01:01:32,799 --> 01:01:29,210

we move deeper into the century say by

1308

01:01:37,509 --> 01:01:32,809

mid century before there will actually

1309

01:01:41,140 --> 01:01:37,519

be open contact with these civilizations

1310

01:01:42,789 --> 01:01:41,150

such that civilizations one or more such

1311

01:01:45,880 --> 01:01:42,799

that there would be something like an

1312

01:01:49,900 --> 01:01:45,890

exchange of ambassadors or guests or

1313

01:01:53,739 --> 01:01:49,910

that I don't have a precise word to

1314

01:01:57,549 --> 01:01:53,749

describe what I'm trying to to convey to

1315

01:02:00,160 --> 01:01:57,559

you but that there will be you know one

1316

01:02:01,900 --> 01:02:00,170

or more of earth humans going there one

1317

01:02:04,930 --> 01:02:01,910

or more of them coming here but you'll

1318

01:02:07,420 --> 01:02:04,940

be done open light hmm I integration I'm

1319

01:02:09,130 --> 01:02:07,430

pretty sure that's happening well no not

1320

01:02:11,289 --> 01:02:09,140

on a mass societal basis there will be

1321

01:02:13,019 --> 01:02:11,299

representatives small numbers of

1322

01:02:15,190 --> 01:02:13,029

representatives it'll be more like

1323

01:02:18,190 --> 01:02:15,200

diplomatic exchange or very limited

1324

01:02:20,499 --> 01:02:18,200

cultural exchange or scientific exchange

1325

01:02:21,849 --> 01:02:20,509

or anthropological exchange or whatever

1326

01:02:24,130 --> 01:02:21,859

word you want to give it but it'll be a

1327

01:02:25,900 --> 01:02:24,140

it won't be there won't be like space

1328

01:02:27,819 --> 01:02:25,910

liners carrying three hundred thousand

1329

01:02:29,650 --> 01:02:27,829

people from earth to there and vice

1330

01:02:31,749 --> 01:02:29,660

versa not talking about that

1331

01:02:33,819 --> 01:02:31,759

bianna but it'll be to the point where

1332

01:02:35,680 --> 01:02:33,829

people say oh yeah you know I heard

1333

01:02:39,220 --> 01:02:35,690

about that and we sent a representative

1334

01:02:41,380 --> 01:02:39,230

over there and a crazy man that's three

1335

01:02:43,539 --> 01:02:41,390

hundred light-years from there but yeah

1336

01:02:45,249 --> 01:02:43,549

we sent a representative there and it

1337

01:02:48,279 --> 01:02:45,259

may even be like on network television

1338

01:02:49,749 --> 01:02:48,289

or the internet or whatever and that

1339

01:02:52,029 --> 01:02:49,759

will that will happen very publicly and

1340

01:02:55,630 --> 01:02:52,039

openly I believe that that's happening

1341

01:02:58,680 --> 01:02:55,640

secretly and has been for decades but

1342

01:03:01,509 --> 01:02:58,690

it'll be open to the public and then by

1343

01:03:05,200 --> 01:03:01,519

such it most everyone will be aware of

1344

01:03:08,549 --> 01:03:05,210

it and then and that'll have a

1345

01:03:11,799 --> 01:03:08,559

tremendous effect cultural and socially

1346

01:03:14,349 --> 01:03:11,809

spiritually in in every every respect

1347

01:03:18,569 --> 01:03:14,359

and then later in the century after

1348

01:03:23,370 --> 01:03:18,579

mid-century rough of the period 2060 to

1349

01:03:27,009 --> 01:03:23,380

2075 thereabouts there will be

1350

01:03:30,849 --> 01:03:27,019

something like commercial exchange trade

1351

01:03:32,789 --> 01:03:30,859

relations established but understand I

1352

01:03:34,380 --> 01:03:32,799

don't think there will be like on

1353

01:03:37,289 --> 01:03:34,390

freighters full

1354

01:03:42,000 --> 01:03:37,299

trol 'i'm going to alpha centauri or or

1355

01:03:44,190 --> 01:03:42,010

you know or or or 600 million tons of of

1356

01:03:47,490 --> 01:03:44,200

gold or things like that

1357

01:03:53,400 --> 01:03:47,500

I believe the trade would involve things

1358

01:03:58,950 --> 01:03:53,410

like art probably art or flora and fauna

1359

01:04:02,910 --> 01:03:58,960

may be genetic protoplasm DNA things

1360

01:04:05,870 --> 01:04:02,920

like that or or certain isotopes on

1361

01:04:09,420 --> 01:04:05,880

earth minerals may be mineral samples

1362

01:04:11,190 --> 01:04:09,430

beautiful examples of of gems and things

1363

01:04:12,870 --> 01:04:11,200

like that that aren't are unique to

1364

01:04:16,529 --> 01:04:12,880

Earth you know every planet is different

1365

01:04:19,740 --> 01:04:16,539

and so but but what would be what would

1366

01:04:21,750 --> 01:04:19,750

be important to another race and other

1367

01:04:24,599 --> 01:04:21,760

species of life and other civilization

1368

01:04:28,440 --> 01:04:24,609

on you know another arm of the Milky Way

1369

01:04:31,200 --> 01:04:28,450

galaxy I don't know you see their alien

1370

01:04:33,269 --> 01:04:31,210

they're different so I couldn't say and

1371

01:04:35,460 --> 01:04:33,279

and vice-versa

1372

01:04:38,099 --> 01:04:35,470

what of theirs would it would appeal to

1373

01:04:42,450 --> 01:04:38,109

us and have great cachet or importance

1374

01:04:45,660 --> 01:04:42,460

so I think there would be there will be

1375

01:04:48,809 --> 01:04:45,670

a tremendous leavening effect here that

1376

01:04:52,410 --> 01:04:48,819

will cause tremendous ferment and growth

1377

01:04:54,870 --> 01:04:52,420

in human society and human mentality and

1378

01:04:57,660 --> 01:04:54,880

and so in general these are the

1379

01:05:01,200 --> 01:04:57,670

trajectory will be in that direction as

1380

01:05:04,410 --> 01:05:01,210

a century unfolds now for us to realize

1381

01:05:07,200 --> 01:05:04,420

that we have to survive as a species and

1382

01:05:09,749 --> 01:05:07,210

if we don't get nuclear technology

1383

01:05:13,620 --> 01:05:09,759

number one under control we are done for

1384

01:05:16,140 --> 01:05:13,630

because it would it will take us down we

1385

01:05:18,599 --> 01:05:16,150

can't handle Fukushima now and what

1386

01:05:20,849 --> 01:05:18,609

happens Chernobyl was bad enough now we

1387

01:05:23,519 --> 01:05:20,859

have Fukushima what happens when we have

1388

01:05:25,380 --> 01:05:23,529

chernobyl Fukushima and another one and

1389

01:05:27,720 --> 01:05:25,390

another one and another one you see if

1390

01:05:30,329 --> 01:05:27,730

that keeps happening we're done and in

1391

01:05:33,660 --> 01:05:30,339

fact if we don't resolve Fukushima we

1392

01:05:35,759 --> 01:05:33,670

still may be done so for another in

1393

01:05:39,839 --> 01:05:35,769

order for this reality to unfold

1394

01:05:42,390 --> 01:05:39,849

we humanity must have a global racial

1395

01:05:45,749 --> 01:05:42,400

Awakening and we have to utterly

1396

01:05:48,420 --> 01:05:45,759

completely reject nuclear technology at

1397

01:05:50,640 --> 01:05:48,430

the least because we can't handle

1398

01:05:53,700 --> 01:05:50,650

yeah that is fascinating info and I hope

1399

01:05:54,990 --> 01:05:53,710

that we live to see that day can you

1400

01:05:59,010 --> 01:05:55,000

tell what the source was for that

1401
01:06:01,320 --> 01:05:59,020
timeline me my consciousness oh it came

1402
01:06:04,380 --> 01:06:01,330
to you like it was revealed to you in

1403
01:06:07,980 --> 01:06:04,390
visionary form ah like a psychedelic

1404
01:06:09,990 --> 01:06:07,990
type of no not psychedelic as in a

1405
01:06:13,230 --> 01:06:10,000
direct visionary transmission of

1406
01:06:15,660 --> 01:06:13,240
information interesting in other words

1407
01:06:17,850 --> 01:06:15,670
my own consciousness my hyper

1408
01:06:20,700 --> 01:06:17,860
dimensional aspects of my own being and

1409
01:06:23,820 --> 01:06:20,710
I'm not presenting to you or pretending

1410
01:06:26,670 --> 01:06:23,830
to you that I alone uniquely am able to

1411
01:06:28,950 --> 01:06:26,680
do this from having telepathic visionary

1412
01:06:33,000 --> 01:06:28,960
downloads of information lots of people

1413
01:06:35,640 --> 01:06:33,010

are oh yeah and and its unique capacity

1414

01:06:37,860 --> 01:06:35,650

of human beings this integration of the

1415

01:06:40,470 --> 01:06:37,870

DNA and the consciousness and the

1416

01:06:42,410 --> 01:06:40,480

physical realm we have these

1417

01:06:45,960 --> 01:06:42,420

multi-dimensional hyper dimensional

1418

01:06:49,200 --> 01:06:45,970

aspects any individual can access this

1419

01:06:52,620 --> 01:06:49,210

if he or she wants to most people do not

1420

01:06:54,390 --> 01:06:52,630

want to hmm yeah yeah we've been down

1421

01:06:56,340 --> 01:06:54,400

that road before and that's an

1422

01:06:57,870 --> 01:06:56,350

interesting topic as well but I know

1423

01:07:00,060 --> 01:06:57,880

I've taken up a little bit of your time

1424

01:07:01,470 --> 01:07:00,070

more than more than you had expected but

1425

01:07:02,820 --> 01:07:01,480

so that pretty much does it for us

1426

01:07:04,740 --> 01:07:02,830

Richard it's been a fascinating

1427

01:07:06,300 --> 01:07:04,750

conversation I always love hearing about

1428

01:07:07,860 --> 01:07:06,310

what's going on at these secret

1429

01:07:09,720 --> 01:07:07,870

locations it's just so hard to know

1430

01:07:11,850 --> 01:07:09,730

what's the real deal and I wish I could

1431

01:07:13,260 --> 01:07:11,860

better understand the et human

1432

01:07:15,330 --> 01:07:13,270

partnership that seems to be a big

1433

01:07:17,310 --> 01:07:15,340

factor in it but I really appreciate all

1434

01:07:18,780 --> 01:07:17,320

your work would you like to tell the

1435

01:07:20,280 --> 01:07:18,790

folks about what you're working on next

1436

01:07:24,090 --> 01:07:20,290

or your website before I cut you loose

1437

01:07:28,500 --> 01:07:24,100

well my website is event horizon

1438

01:07:32,430 --> 01:07:28,510

chronicle dot blog spot.com that's event

1439

01:07:34,260 --> 01:07:32,440

horizon chronicle dot blog spot.com and

1440

01:07:36,840 --> 01:07:34,270

i believe you have a link up to that yes

1441

01:07:40,770 --> 01:07:36,850

and and I've been doing some work with

1442

01:07:43,740 --> 01:07:40,780

Bitcoin recently me too not not just

1443

01:07:45,630 --> 01:07:43,750

because well I can exchange some lengths

1444

01:07:47,940 --> 01:07:45,640

with you later if you don't mind sir but

1445

01:07:49,680 --> 01:07:47,950

I'm not just because it's a it

1446

01:07:51,960 --> 01:07:49,690

represents a way to generate some income

1447

01:07:53,940 --> 01:07:51,970

which it does and it has earned me

1448

01:07:56,130 --> 01:07:53,950

little money but because I think that

1449

01:07:58,560 --> 01:07:56,140

the cryptocurrency technologies not just

1450

01:08:00,900 --> 01:07:58,570

Bitcoin but they're there many others

1451

01:08:02,280 --> 01:08:00,910

like coin there's dogecoin

1452

01:08:04,290 --> 01:08:02,290

and there's just a hope feathercoin

1453

01:08:08,130 --> 01:08:04,300

there's there's a bunch of them they're

1454

01:08:11,130 --> 01:08:08,140

coming out in theory em as a new one the

1455

01:08:14,130 --> 01:08:11,140

whole suite of cryptocurrencies may be

1456

01:08:17,540 --> 01:08:14,140

beyond central bank control yeah

1457

01:08:20,400 --> 01:08:17,550

national and that they I believe

1458

01:08:22,980 --> 01:08:20,410

potentially nothing is for sure unless

1459

01:08:24,990 --> 01:08:22,990

and until it is self realized actually

1460

01:08:27,750 --> 01:08:25,000

realized but potentially this

1461

01:08:30,330 --> 01:08:27,760

cryptocurrency technology represents a

1462

01:08:33,150 --> 01:08:30,340

deliberate ikan means of economic

1463

01:08:35,940 --> 01:08:33,160

liberation if not for all of humanity at

1464

01:08:39,060 --> 01:08:35,950

least for a lot of humanity and as I

1465

01:08:41,430 --> 01:08:39,070

mentioned earlier we have at least half

1466

01:08:44,760 --> 01:08:41,440

of the human race that is just suffering

1467

01:08:47,220 --> 01:08:44,770

and tremendous financial poverty and my

1468

01:08:49,500 --> 01:08:47,230

my vision is that the cryptocurrencies

1469

01:08:51,270 --> 01:08:49,510

with the development of mobile phone

1470

01:08:54,030 --> 01:08:51,280

technology and some other technologies

1471

01:08:55,650 --> 01:08:54,040

can penetrate these desperately

1472

01:08:59,250 --> 01:08:55,660

poverty-stricken communities all over

1473

01:09:00,960 --> 01:08:59,260

the world yes and uplift them a lot of

1474

01:09:03,540 --> 01:09:00,970

times they're stuck within a currency

1475

01:09:06,030 --> 01:09:03,550

within a government that's like you said

1476
01:09:09,870 --> 01:09:06,040
impoverished and Bitcoin allows those

1477
01:09:11,940 --> 01:09:09,880
people to partake in a economic

1478
01:09:14,370 --> 01:09:11,950
structure that's beyond that and I think

1479
01:09:16,590 --> 01:09:14,380
it is the most potentially yeah it's

1480
01:09:19,440 --> 01:09:16,600
potentially it is potentially the only

1481
01:09:21,450 --> 01:09:19,450
the only thing I see that could get us

1482
01:09:23,310 --> 01:09:21,460
beyond the control of the banksters so I

1483
01:09:25,770 --> 01:09:23,320
get really upset when I see people being

1484
01:09:26,820 --> 01:09:25,780
super cynical about it because I'm like

1485
01:09:29,040 --> 01:09:26,830
if you're going to be cynical about

1486
01:09:31,230 --> 01:09:29,050
Bitcoin then what give me some other

1487
01:09:34,560 --> 01:09:31,240
option because this is the best source I

1488
01:09:37,170 --> 01:09:34,570

see for potential freedom listen if

1489

01:09:39,360 --> 01:09:37,180

they're so cynical about Bitcoin why do

1490

01:09:41,670 --> 01:09:39,370

they have a bank account why are they

1491

01:09:44,310 --> 01:09:41,680

carrying around a wallet or a purse with

1492

01:09:45,990 --> 01:09:44,320

folding paper money why do they have a

1493

01:09:48,420 --> 01:09:46,000

credit card because if you want to be

1494

01:09:51,450 --> 01:09:48,430

cynical about economics and so-called

1495

01:09:54,390 --> 01:09:51,460

finance then why would you even be

1496

01:09:57,600 --> 01:09:54,400

associated with this corrupt banking

1497

01:09:59,640 --> 01:09:57,610

structure we have now Amen man hey well

1498

01:10:01,110 --> 01:09:59,650

thanks again it's been a great show I've

1499

01:10:02,640 --> 01:10:01,120

had a great time talking to you and

1500

01:10:03,900 --> 01:10:02,650

making your acquaintance keep doing what

1501
01:10:06,090 --> 01:10:03,910
you do man hopefully we can have you

1502
01:10:08,490 --> 01:10:06,100

1503
01:10:10,050 --> 01:10:08,500
appreciate it Greg best of best best of

1504

1505

1506
01:10:14,910 --> 01:10:14,230
gentlemen I thought I'd just do it old

1507
01:10:16,979 --> 01:10:14,920
school and go

1508
01:10:18,450 --> 01:10:16,989
right into the interview every show

1509
01:10:20,729 --> 01:10:18,460
doesn't need five minutes of grease in

1510
01:10:22,260 --> 01:10:20,739
the wheels so thanks for listening share

1511
01:10:24,510 --> 01:10:22,270
