1
00:00:37,389 --> 00:00:35,410
hello our side chatters welcome to the

2
00:00:38,680 --> 00:00:37,399
goddamn show smoking a little smoke and

3
00:00:40,720 --> 00:00:38,690
drinking a little drink which is

4
00:00:43,450 --> 00:00:40,730
definitely recommended for the weirdness

5
00:00:45,099 --> 00:00:43,460
we got today I am Greg Carl Wood from

6
00:00:47,770 --> 00:00:45,109
sunny San Diego and we're going to

7
00:00:49,360 --> 00:00:47,780
examine a specific case of human alien

8
00:00:52,110 --> 00:00:49,370
contact known to the deep level

9
00:00:54,639 --> 00:00:52,120
black-budget groups as project serpo

10
00:00:56,319 --> 00:00:54,649
it's a bit of a funny thing because in

11
00:00:57,880 --> 00:00:56,329
vague terms a lot of people will be

12
00:00:59,739 --> 00:00:57,890
pretty accepting of the idea that we

13
00:01:02,319 --> 00:00:59,749

visited with aliens or that aliens have

14

00:01:04,899 --> 00:01:02,329

visited us but when you get into a story

15

00:01:06,850 --> 00:01:04,909

of such detail people start to get

16

00:01:09,130 --> 00:01:06,860

pretty skeptical and I cannot blame

17

00:01:10,690 --> 00:01:09,140

anybody for that but there's a lot of

18

00:01:15,010 --> 00:01:10,700

talk out there about this type of

19

00:01:17,200 --> 00:01:15,020

meeting so some story has to be true and

20

00:01:19,930 --> 00:01:17,210

the only information that really seems

21

00:01:22,150 --> 00:01:19,940

to suggest that the project serpo story

22

00:01:25,690 --> 00:01:22,160

isn't legitimate seems to be rooted in a

23

00:01:27,400 --> 00:01:25,700

forum board war where one forum tries to

24

00:01:29,800 --> 00:01:27,410

discredit the story because it spawned

25

00:01:31,630 --> 00:01:29,810

on a competing forum so there's a

26
00:01:33,580 --> 00:01:31,640
motivation to destroy the story to show

27
00:01:36,640 --> 00:01:33,590
that your board is the real conspiracy

28
00:01:38,950 --> 00:01:36,650
board but there's also an incentive to

29
00:01:41,530 --> 00:01:38,960
make up the story to quote-unquote blow

30
00:01:43,510 --> 00:01:41,540
the whistle and have it done on your

31
00:01:45,400 --> 00:01:43,520
form so that you get the extra hits so

32
00:01:46,770 --> 00:01:45,410
that you get the prestige but it's

33
00:01:50,650 --> 00:01:46,780
important to note that this information

34
00:01:53,110 --> 00:01:50,660
came out on a private network of people

35
00:01:55,150 --> 00:01:53,120
sharing this type of information first I

36
00:01:58,480 --> 00:01:55,160
don't know it's not quite clear but once

37
00:02:00,850 --> 00:01:58,490
it went public it caused a whole host of

38
00:02:03,280 --> 00:02:00,860

controversy in the conspiracy forum

39

00:02:05,260 --> 00:02:03,290

world and also you have to take what we

40

00:02:06,880 --> 00:02:05,270

know about disinformation into account

41

00:02:08,770 --> 00:02:06,890

you know could this have been a page

42

00:02:12,009 --> 00:02:08,780

skill trying to throw everyone off the

43

00:02:13,690 --> 00:02:12,019

track could it be a half-truth you know

44

00:02:16,750 --> 00:02:13,700

these are the questions you have to ask

45

00:02:18,559 --> 00:02:16,760

yourself but never the [h__h] less it

46

00:02:20,780 --> 00:02:18,569

is interesting

47

00:02:22,789 --> 00:02:20,790

so who knows people but lens book

48

00:02:27,259 --> 00:02:22,799

project serpo is very well reviewed

49

00:02:31,250 --> 00:02:27,269

maintains a 4.5 on amazon 135 people

50

00:02:32,899 --> 00:02:31,260

can't be wrong can they but anyway I

51
00:02:35,030 --> 00:02:32,909
always try to ask questions that a

52
00:02:36,830 --> 00:02:35,040
skeptic might ask regardless of what I

53
00:02:39,380 --> 00:02:36,840
think because I love to take someone

54
00:02:42,679 --> 00:02:39,390
from a no way is that possible to a well

55
00:02:44,240 --> 00:02:42,689
[h__\h] maybe it is and I tried to help Len

56
00:02:47,479 --> 00:02:44,250
make that case you'll have to decide how

57
00:02:49,849 --> 00:02:47,489
we did apparently the original messages

58
00:02:51,800 --> 00:02:49,859
from the anonymous source where all this

59
00:02:54,470 --> 00:02:51,810
comes from have enough technical

60
00:02:56,240 --> 00:02:54,480
information in them to make people much

61
00:02:58,490 --> 00:02:56,250
smarter than me find a reason to dig

62
00:03:00,440 --> 00:02:58,500
deeper and find them to be credible as

63
00:03:02,089 --> 00:03:00,450

you'll hear the story of the yellow book

64

00:03:04,729 --> 00:03:02,099

is probably the hardest pill to swallow

65

00:03:05,629 --> 00:03:04,739

in fact it's so wild that if this was a

66

00:03:08,629 --> 00:03:05,639

fake story

67

00:03:11,929 --> 00:03:08,639

the trickster probably wouldn't even

68

00:03:13,699 --> 00:03:11,939

include such a fantastical chunk of

69

00:03:17,509 --> 00:03:13,709

information if they wanted their story

70

00:03:19,550 --> 00:03:17,519

to be believable so either way I suggest

71

00:03:22,039 --> 00:03:19,560

you get your head right strap yourself

72

00:03:24,140 --> 00:03:22,049

in and enjoy this ride I'm gonna remind

73

00:03:26,240 --> 00:03:24,150

the world about the money bomb again

74

00:03:28,339 --> 00:03:26,250

almost a thousand bucks handed out to

75

00:03:30,500 --> 00:03:28,349

date we're preparing for the big 100th

76
00:03:32,000 --> 00:03:30,510
episode I hope we can blow it out we are

77
00:03:33,469 --> 00:03:32,010
close to three hundred and fifty in

78
00:03:36,259 --> 00:03:33,479
donations right now so I'll be giving

79
00:03:39,050 --> 00:03:36,269
away at least 125 which is solid it's a

80
00:03:40,939 --> 00:03:39,060
solid base and that said here are the

81
00:03:44,539 --> 00:03:40,949
details now be on the other side with

82
00:03:46,250 --> 00:03:44,549
the wild tale that is Project serpo hey

83
00:03:47,780 --> 00:03:46,260
people I gotta take a second to tell you

84
00:03:50,360 --> 00:03:47,790
about something we do around here called

85
00:03:52,490 --> 00:03:50,370
the THC Money bomb what I do is every 5

86
00:03:54,020 --> 00:03:52,500
episodes total up the donations I've

87
00:03:56,000 --> 00:03:54,030
gotten in that period of time and half

88
00:03:57,619 --> 00:03:56,010

keeps me and the show going I take the

89

00:03:59,599 --> 00:03:57,629

other half and I gift that back to a

90

00:04:01,580 --> 00:03:59,609

random listener so far we're hitting

91

00:04:03,619 --> 00:04:01,590

about 500 each round and I couldn't be

92

00:04:05,420 --> 00:04:03,629

happier about it so consider thrown in

93

00:04:06,979 --> 00:04:05,430

five or ten bucks it's cheaper than a

94

00:04:08,929 --> 00:04:06,989

hand at the blackjack table with better

95

00:04:10,580 --> 00:04:08,939

odds and a scratch-off ticket plus you

96

00:04:12,020 --> 00:04:10,590

know half supports the show you like and

97

00:04:13,610 --> 00:04:12,030

at the very least half will go to a

98

00:04:15,349 --> 00:04:13,620

like-minded person who could probably

99

00:04:17,539 --> 00:04:15,359

use a nice surprise in these troubled

100

00:04:19,219 --> 00:04:17,549

times when you make a donation I can see

101
00:04:20,899 --> 00:04:19,229
your email address and that's how I pick

102
00:04:22,730 --> 00:04:20,909
the winner but to keep things kosher you

103
00:04:25,129 --> 00:04:22,740
can also get in the pool by sending your

104
00:04:28,640 --> 00:04:25,139
info on a postcard to me Greg Karl would

105
00:04:29,719 --> 00:04:28,650
peel box 6 3 5 2 2 3 San Diego

106
00:04:32,899 --> 00:04:29,729
California

107
00:04:35,420 --> 00:04:32,909
to 163 I got no subscription fees here

108
00:04:37,369 --> 00:04:35,430
no paid archives no paid bonus shows and

109
00:04:39,079 --> 00:04:37,379
I want to keep it that way on principle

110
00:04:41,089 --> 00:04:39,089
but I'm not a millionaire at the podcast

111
00:04:42,529 --> 00:04:41,099
on the side this is it for me and I'm

112
00:04:43,760 --> 00:04:42,539
the only one I know is trying to help

113
00:04:46,760 --> 00:04:43,770

the people out as well

114

00:04:48,170 --> 00:04:46,770

that's my man so help me help you if you

115

00:04:50,239 --> 00:04:48,180

want to play along go to the higher side

116

00:04:53,089 --> 00:04:50,249

chat STATCOM slash donate and get in the

117

00:04:55,939 --> 00:04:53,099

game dollars bitcoins it's all good to

118

00:05:09,079 --> 00:04:55,949

me and that's what we call the THC Money

119

00:05:10,399 --> 00:05:09,089

bomb well folks we've heard a lot of

120

00:05:12,260 --> 00:05:10,409

stories about human and alien

121

00:05:15,010 --> 00:05:12,270

integration before with stories of

122

00:05:17,209 --> 00:05:15,020

secret underground bases abductions

123

00:05:18,799 --> 00:05:17,219

hybridization testing and classified

124

00:05:20,869 --> 00:05:18,809

space programs and today we're going to

125

00:05:23,480 --> 00:05:20,879

take a hard look at one of those stories

126

00:05:26,029 --> 00:05:23,490

in detail a story that involves decades

127

00:05:28,159 --> 00:05:26,039

of ET contact and even a program to take

128

00:05:30,980 --> 00:05:28,169

human astronauts to the alien homeworld

129

00:05:32,719 --> 00:05:30,990

a program called Project serpo today's

130

00:05:34,219 --> 00:05:32,729

guest Len Caston has written an

131

00:05:36,800 --> 00:05:34,229

extensive book called appropriately

132

00:05:39,499 --> 00:05:36,810

secret journey to Planet serpo a true

133

00:05:41,029 --> 00:05:39,509

story of interplanetary travel and has

134

00:05:42,589 --> 00:05:41,039

been researching the secret easy

135

00:05:44,600 --> 00:05:42,599

involvement in the human storyline for

136

00:05:46,429 --> 00:05:44,610

quite some time much of which is

137

00:05:48,350 --> 00:05:46,439

documented in his previous book the

138

00:05:49,309 --> 00:05:48,360

secret history of extraterrestrials Len

139

00:05:52,129 --> 00:05:49,319

welcome to the show

140

00:05:54,139 --> 00:05:52,139

yeah nice to be with you Greg yeah man

141

00:05:56,629 --> 00:05:54,149

I'm psyched about this story although

142

00:05:58,429 --> 00:05:56,639

there is a lot of controversy over its

143

00:05:59,959 --> 00:05:58,439

validity and I mean that you're gonna

144

00:06:02,329 --> 00:05:59,969

get that with any story that involves

145

00:06:03,860 --> 00:06:02,339

aliens it's undeniable that you'll have

146

00:06:05,809 --> 00:06:03,870

that but I hope we can make a case for

147

00:06:09,379 --> 00:06:05,819

Project serpo that the people find

148

00:06:10,850 --> 00:06:09,389

within the realm of possibility so to

149

00:06:12,949 --> 00:06:10,860

start us off let's talk about the source

150

00:06:15,829 --> 00:06:12,959

of the information how did this story

151

00:06:18,049 --> 00:06:15,839

come about started with a series of

152

00:06:21,559 --> 00:06:18,059

emails sent in to an inside insider

153

00:06:25,100 --> 00:06:21,569

network UFO network of about 150 people

154

00:06:27,260 --> 00:06:25,110

most of whom were ex-military and X

155

00:06:30,079 --> 00:06:27,270

intelligence people so this was a

156

00:06:32,309 --> 00:06:30,089

high-level UFO network he called it the

157

00:06:36,179 --> 00:06:32,319

UFO thread list

158

00:06:40,100 --> 00:06:36,189

and this series of emails was sent in

159

00:06:43,260 --> 00:06:40,110

from one of the members of the list

160

00:06:47,369 --> 00:06:43,270

reporting on a program that took place

161

00:06:50,939 --> 00:06:47,379

in nineteen sixty four and five wherein

162

00:06:53,579 --> 00:06:50,949

we sent twelve Americans to a distance

163

00:06:57,239 --> 00:06:53,589

star system as part of an exchange

164

00:06:59,100 --> 00:06:57,249

program and he was in a position to know

165

00:07:02,760 --> 00:06:59,110

because he was involved with the program

166

00:07:06,989 --> 00:07:02,770

look many years ago this series of

167

00:07:09,469 --> 00:07:06,999

emails took place in 2005 which was so

168

00:07:12,749 --> 00:07:09,479

that was 40 years after the actual event

169

00:07:14,999 --> 00:07:12,759

and apparently he was an older man by

170

00:07:17,129 --> 00:07:15,009

then but when he was involved in the

171

00:07:21,899 --> 00:07:17,139

program obviously he'd been much younger

172

00:07:24,480 --> 00:07:21,909

so that's how it all began right so he

173

00:07:26,369 --> 00:07:24,490

sends these anonymous emails how many

174

00:07:30,209 --> 00:07:26,379

pages of information would you say he

175

00:07:32,730 --> 00:07:30,219

put out there well you know the email

176

00:07:36,029 --> 00:07:32,740

became the website the website was

177

00:07:38,610 --> 00:07:36,039

created to house the emails eventually

178

00:07:41,909 --> 00:07:38,620

and that email became fleshed out with a

179

00:07:44,040 --> 00:07:41,919

lot of other information from other

180

00:07:46,170 --> 00:07:44,050

people involved in the program who also

181

00:07:48,959 --> 00:07:46,180

chose to remain anonymous but who were

182

00:07:51,269 --> 00:07:48,969

intimately involved with it so at this

183

00:07:52,829 --> 00:07:51,279

point it has something it's still out

184

00:07:56,040 --> 00:07:52,839

there by the way and it still has and

185

00:07:59,399 --> 00:07:56,050

has about 13,000 words of information so

186

00:08:02,179 --> 00:07:59,409

it's overwhelming actually yeah so if

187

00:08:04,170 --> 00:08:02,189

there been any other outside of

188

00:08:06,329 --> 00:08:04,180

anonymous and a few other anonymous

189

00:08:08,519 --> 00:08:06,339

sources have there been any credible

190

00:08:12,170 --> 00:08:08,529

whistleblowers that we know of that have

191

00:08:14,969 --> 00:08:12,180

been able to confirm this information

192

00:08:17,879 --> 00:08:14,979

well all of whom have written into the

193

00:08:19,799 --> 00:08:17,889

website and remained anonymous but

194

00:08:22,920 --> 00:08:19,809

what's remarkable about it is that

195

00:08:25,939 --> 00:08:22,930

nobody nobody of any note has come

196

00:08:31,170 --> 00:08:25,949

forward to discredited or debunk it

197

00:08:34,279 --> 00:08:31,180

after see now it's been nine years this

198

00:08:36,569 --> 00:08:34,289

came in 2005 that was nine years ago so

199

00:08:40,469 --> 00:08:36,579

the information has been out there on

200

00:08:42,449 --> 00:08:40,479

the website for nine years and the

201
00:08:44,660 --> 00:08:42,459
important people have actually confirmed

202
00:08:45,890 --> 00:08:44,670
it people like Rick Doty

203
00:08:48,620 --> 00:08:45,900
the Air Force Office of Special

204
00:08:51,650 --> 00:08:48,630
Investigations had had a lot of reasons

205
00:08:57,080 --> 00:08:51,660
to know what's going on whitley strieber

206
00:09:01,250 --> 00:08:57,090
and many people that ilk have more or

207
00:09:04,430 --> 00:09:01,260
less confirmed it let's get into the

208
00:09:06,200 --> 00:09:04,440
actual story here I mean it's it's

209
00:09:09,380 --> 00:09:06,210
pretty fascinating stuff well this thing

210
00:09:13,640 --> 00:09:09,390
starts with Roswell if I'm not mistaken

211
00:09:14,840 --> 00:09:13,650
correct yes Roswell start us off there

212
00:09:18,170 --> 00:09:14,850
what's the story line

213
00:09:22,280 --> 00:09:18,180

well the Roswell crash in the Roswell

214

00:09:24,740 --> 00:09:22,290

crash five aliens died five bodies were

215

00:09:27,470 --> 00:09:24,750

found near the craft but one survived

216

00:09:29,960 --> 00:09:27,480

and that survived aliens the alien that

217

00:09:31,730 --> 00:09:29,970

survived made all the difference in the

218

00:09:36,710 --> 00:09:31,740

world and that's that's what began the

219

00:09:40,370 --> 00:09:36,720

whole project surplus saga because I he

220

00:09:42,200 --> 00:09:40,380

was taken to Los Alamos and questioned

221

00:09:45,170 --> 00:09:42,210

there we found a way to communicate with

222

00:09:47,120 --> 00:09:45,180

him one person said they actually

223

00:09:49,850 --> 00:09:47,130

operated on his larynx to make him

224

00:09:52,340 --> 00:09:49,860

people to talk but I don't think that's

225

00:09:56,450 --> 00:09:52,350

really what happened because it wasn't

226

00:10:00,470 --> 00:09:56,460

really necessary he was able to more or

227

00:10:02,690 --> 00:10:00,480

less pick up some English and but he did

228

00:10:05,630 --> 00:10:02,700

speak in those high in those tonal

229

00:10:08,450 --> 00:10:05,640

variations very much like what was shown

230

00:10:10,760 --> 00:10:08,460

in Close Encounters the Third Kind yeah

231

00:10:12,530 --> 00:10:10,770

that's very strange I've heard about

232

00:10:14,780 --> 00:10:12,540

there's a connection to Close Encounters

233

00:10:19,480 --> 00:10:14,790

there's a lot of speculation that it

234

00:10:22,850 --> 00:10:19,490

possibly is inspired by the first

235

00:10:25,490 --> 00:10:22,860

visitation with the aliens that

236

00:10:27,800 --> 00:10:25,500

apparently came back after they had made

237

00:10:31,100 --> 00:10:27,810

contact with this one that had survived

238

00:10:33,800 --> 00:10:31,110

the crash at Roswell well the alien that

239

00:10:37,370 --> 00:10:33,810

survived the crash allowed us to get in

240

00:10:39,140 --> 00:10:37,380

communication with his planet what

241

00:10:43,130 --> 00:10:39,150

happened was there was a communications

242

00:10:44,810 --> 00:10:43,140

device in the craft which the scientists

243

00:10:47,240 --> 00:10:44,820

at Los Alamos had retrieved but they

244

00:10:50,930 --> 00:10:47,250

couldn't get it to work and he couldn't

245

00:10:54,830 --> 00:10:50,940

get it to work until finally five years

246

00:10:57,110 --> 00:10:54,840

later after trying many things one of

247

00:10:58,550 --> 00:10:57,120

the American scientists came up with the

248

00:11:00,890 --> 00:10:58,560

bright idea of

249

00:11:04,070 --> 00:11:00,900

simply bringing the device back to the

250

00:11:06,290 --> 00:11:04,080

crash craft which they had and hooking

251
00:11:11,330 --> 00:11:06,300
it up to the power source there in the

252
00:11:13,519 --> 00:11:11,340
craft and lo and behold worked what's it

253
00:11:15,560 --> 00:11:13,529
what's interesting about that is that it

254
00:11:19,060 --> 00:11:15,570
wasn't the alien that conceived the idea

255
00:11:23,150 --> 00:11:19,070
was one of the Americans in anycase

256
00:11:25,970 --> 00:11:23,160
communications began in 1952 with his

257
00:11:29,390 --> 00:11:25,980
home planet and he sent he sent six

258
00:11:33,079 --> 00:11:29,400
messages in quick succession to that

259
00:11:36,710 --> 00:11:33,089
planet one of which suggested an

260
00:11:41,150 --> 00:11:36,720
exchange program and at who at whose

261
00:11:45,380 --> 00:11:41,160
Beck at whose authority that was made on

262
00:11:48,290 --> 00:11:45,390
I'm not sure so he sent six messages

263
00:11:50,810 --> 00:11:48,300

home were any of them messages to come

264

00:11:53,320 --> 00:11:50,820

and get him one of the messages was it

265

00:11:56,150 --> 00:11:53,330

was requesting a rescue operation yes

266

00:11:58,490 --> 00:11:56,160

but apparently that was impossible at

267

00:12:01,790 --> 00:11:58,500

that time however that's that begins

268

00:12:04,100 --> 00:12:01,800

another story and coasts you know it was

269

00:12:07,480 --> 00:12:04,110

clear to some of the scientists at Los

270

00:12:11,510 --> 00:12:07,490

Alamos that that tiny little craft

271

00:12:14,230 --> 00:12:11,520

probably didn't travel through through

272

00:12:16,850 --> 00:12:14,240

interstellar space it was just too small

273

00:12:18,130 --> 00:12:16,860

too and too unequipped and they assumed

274

00:12:26,480 --> 00:12:18,140

that there must be a mothership

275

00:12:29,840 --> 00:12:26,490

somewhere in the vicinity still and that

276

00:12:32,840 --> 00:12:29,850

turned out to be the case that turned

277

00:12:35,800 --> 00:12:32,850

out to be the case really yes turned out

278

00:12:39,470 --> 00:12:35,810

to be the case because in early in mid

279

00:12:44,240 --> 00:12:39,480

1953 another craft didn't crash in

280

00:12:46,730 --> 00:12:44,250

Kingman Arizona it landed and apparently

281

00:12:49,520 --> 00:12:46,740

that was part of the arrangement that

282

00:12:53,210 --> 00:12:49,530

they would send another craft down not

283

00:12:57,730 --> 00:12:53,220

to rescue the other the alien that had

284

00:13:01,550 --> 00:12:57,740

survived but to to give us as a gift a

285

00:13:03,949 --> 00:13:01,560

anti-gravity craft circular disc to use

286

00:13:09,020 --> 00:13:03,959

to reverse engineer and to make our own

287

00:13:12,020 --> 00:13:09,030

and so in 1953 that craft was retrieved

288

00:13:14,240 --> 00:13:12,030

and we brought to Nevada Test Site

289

00:13:18,160 --> 00:13:14,250

there were four live aliens on the craft

290

00:13:20,420 --> 00:13:18,170

they were also brought to Los Alamos

291

00:13:22,220 --> 00:13:20,430

but eventually they were brought back to

292

00:13:25,190 --> 00:13:22,230

the Nevada Test Site so they could work

293

00:13:28,000 --> 00:13:25,200

with the scientists there and that's all

294

00:13:31,070 --> 00:13:28,010

detailed in my chapter on Kingman

295

00:13:33,560 --> 00:13:31,080

interesting so this I guess would mark

296

00:13:35,630 --> 00:13:33,570

the first major encounter with an ET

297

00:13:38,510 --> 00:13:35,640

species for the American government but

298

00:13:40,700 --> 00:13:38,520

there's also speculation that the Nazis

299

00:13:42,430 --> 00:13:40,710

had similar type craft and similar type

300

00:13:45,050 --> 00:13:42,440

beans helping them was this the same

301
00:13:47,890 --> 00:13:45,060
type event this is a different entity or

302
00:13:50,210 --> 00:13:47,900
was this the same group of of aliens

303
00:13:52,910 --> 00:13:50,220
different they were different different

304
00:13:55,040 --> 00:13:52,920
group yeah these aliens were from Zeta

305
00:13:57,770 --> 00:13:55,050
Reticuli if my belief and it's the

306
00:13:59,960 --> 00:13:57,780
belief of anonymous that the graves

307
00:14:02,810 --> 00:13:59,970
so-called greys are from Alpha Centauri

308
00:14:03,770 --> 00:14:02,820
and there are totally different totally

309
00:14:07,250 --> 00:14:03,780
different species

310
00:14:08,600 --> 00:14:07,260
I say totally because there's some

311
00:14:11,060 --> 00:14:08,610
similarities in terms of their

312
00:14:16,940 --> 00:14:11,070
physiology but basically they're

313
00:14:19,640 --> 00:14:16,950

different the aliens from from serpo are

314

00:14:21,680 --> 00:14:19,650

more human looking they look like small

315

00:14:24,170 --> 00:14:21,690

people actually they have a brown

316

00:14:25,240 --> 00:14:24,180

complexion they have five fingers and

317

00:14:27,590 --> 00:14:25,250

toes

318

00:14:31,870 --> 00:14:27,600

their eyes are a little larger but not

319

00:14:36,890 --> 00:14:31,880

spectacular larger like the greys and

320

00:14:40,340 --> 00:14:36,900

they're much easier to to to interact

321

00:14:43,940 --> 00:14:40,350

with interesting they're also very

322

00:14:47,320 --> 00:14:43,950

caring people we discovered and they've

323

00:14:51,230 --> 00:14:47,330

never ever abducted any of our citizens

324

00:14:55,550 --> 00:14:51,240

so that's interesting yeah this being he

325

00:14:58,700 --> 00:14:55,560

lived in some military base for five

326

00:15:01,040 --> 00:14:58,710

years and then it was not until ten

327

00:15:03,140 --> 00:15:01,050

years later that the first meeting was

328

00:15:10,150 --> 00:15:03,150

arranged between the US government and

329

00:15:13,760 --> 00:15:10,160

this alien race that's the case in in

330

00:15:17,360 --> 00:15:13,770

this discussing this why he would have

331

00:15:20,750 --> 00:15:17,370

made that suggestion for a exchange

332

00:15:23,660 --> 00:15:20,760

program ten years out the the Americans

333

00:15:25,960 --> 00:15:23,670

were baffled but before they could get

334

00:15:28,849 --> 00:15:25,970

it clarified he died he died

335

00:15:32,419 --> 00:15:28,859

19:52 and summer 52 so they never

336

00:15:34,869 --> 00:15:32,429

understood why he had suggested 10 years

337

00:15:37,189 --> 00:15:34,879

down the road which would have been 1962

338

00:15:39,559 --> 00:15:37,199

yeah that is interesting maybe he

339

00:15:42,999 --> 00:15:39,569

thought we had a lot more work to do

340

00:15:45,919 --> 00:15:43,009

before we were worthy of that type of

341

00:15:49,460 --> 00:15:45,929

meeting but do we know why he died was

342

00:15:51,919 --> 00:15:49,470

it just a natural kind of thing yeah I

343

00:15:53,389 --> 00:15:51,929

probably more more than more remarkable

344

00:15:55,699 --> 00:15:53,399

than anything that he survived for five

345

00:15:57,710 --> 00:15:55,709

years in such a such a different

346

00:15:59,419 --> 00:15:57,720

possibly hostile environment far as he

347

00:16:00,799 --> 00:15:59,429

was concerned yeah I mean that's what I

348

00:16:02,119 --> 00:16:00,809

was thinking you go halfway around the

349

00:16:03,799 --> 00:16:02,129

world and if you don't get a bunch of

350

00:16:05,960 --> 00:16:03,809

shots you could be hit with some nasty

351

00:16:08,030 --> 00:16:05,970

disease I can only imagine being from

352

00:16:09,590 --> 00:16:08,040

another galaxy you'd think they'd have

353

00:16:11,359 --> 00:16:09,600

those same kind of concerns like you

354

00:16:14,569 --> 00:16:11,369

can't eat an apple because it might kill

355

00:16:17,509 --> 00:16:14,579

you you can't breathe the air you can't

356

00:16:19,189 --> 00:16:17,519

be around a dog maybe who knows I mean

357

00:16:22,249 --> 00:16:19,199

it seems like it'd be such a dangerous

358

00:16:24,470 --> 00:16:22,259

environment exactly they had him in her

359

00:16:26,269 --> 00:16:24,480

pretty in a pretty contained environment

360

00:16:28,129 --> 00:16:26,279

in Los Salma I think it took as many

361

00:16:31,009 --> 00:16:28,139

steps as they could to keep him healthy

362

00:16:32,900 --> 00:16:31,019

and keep him alive but uh I think he

363

00:16:34,220 --> 00:16:32,910

just expired and it's rather strange

364

00:16:37,249 --> 00:16:34,230

because on their planet

365

00:16:41,689 --> 00:16:37,259

they lived too much longer a much older

366

00:16:44,689 --> 00:16:41,699

age than we do so but on earth he wasn't

367

00:16:46,699 --> 00:16:44,699

he wasn't able to live that long hmm I'm

368

00:16:48,169 --> 00:16:46,709

not sure how he died maybe contracted

369

00:16:50,329 --> 00:16:48,179

something and disease it couldn't be

370

00:16:54,229 --> 00:16:50,339

couldn't be kind couldn't be fixed I

371

00:16:57,189 --> 00:16:54,239

don't know I'm not sure yeah so do we

372

00:16:59,590 --> 00:16:57,199

know obviously they have some type of

373

00:17:02,239 --> 00:16:59,600

wormhole technology or some type of

374

00:17:03,679 --> 00:17:02,249

travel technology that we don't have or

375

00:17:06,110 --> 00:17:03,689

that we didn't have then who knows what

376

00:17:08,210 --> 00:17:06,120

we have now in the black projects but

377

00:17:10,699 --> 00:17:08,220

how long does it take do we have any

378

00:17:14,179 --> 00:17:10,709

idea the travel distance between them

379

00:17:19,460 --> 00:17:14,189

and us how how long they can travel that

380

00:17:22,549 --> 00:17:19,470

many light-years when when we went to

381

00:17:26,860 --> 00:17:22,559

serpo on their spacecraft the trip took

382

00:17:31,570 --> 00:17:26,870

about 10 months 10 naman talking about

383

00:17:36,529 --> 00:17:31,580

240 trillion miles or 40 light-years

384

00:17:38,570 --> 00:17:36,539

39:30 9.8 lightyears so that means that

385

00:17:39,620 --> 00:17:38,580

they traveled at 40 times the speed of

386

00:17:44,480 --> 00:17:39,630

light

387

00:17:47,240 --> 00:17:44,490

right I understand evidently as we what

388

00:17:50,240 --> 00:17:47,250

we learned was that they traveled

389

00:17:53,180 --> 00:17:50,250

through wormholes and traveled through a

390

00:17:55,700 --> 00:17:53,190

wormhole is instantaneous doesn't take

391

00:17:59,060 --> 00:17:55,710

time at all because it's going through

392

00:18:02,810 --> 00:17:59,070

the time domain apparently so

393

00:18:07,040 --> 00:18:02,820

the 10 month period evidently was taken

394

00:18:09,410 --> 00:18:07,050

up with navigating with stellar

395

00:18:11,750 --> 00:18:09,420

navigation which they were had to add

396

00:18:14,060 --> 00:18:11,760

experts at at that point they had been

397

00:18:19,130 --> 00:18:14,070

developing this technology for 50,000

398

00:18:21,020 --> 00:18:19,140

years of our years so they knew how to

399

00:18:23,870 --> 00:18:21,030

navigate to and from and in and out of

400

00:18:26,990 --> 00:18:23,880

the wormholes once in the wormhole it's

401
00:18:30,370 --> 00:18:27,000
like folding space their planet event

402
00:18:33,560 --> 00:18:30,380
essentially became much closer to ours

403
00:18:37,100 --> 00:18:33,570
and like like space was folded over to

404
00:18:39,230 --> 00:18:37,110
the point where the two star systems

405
00:18:44,030 --> 00:18:39,240
were virtually side-by-side that's not

406
00:18:45,560 --> 00:18:44,040
work and so it took ten months now when

407
00:18:49,040 --> 00:18:45,570
you add in the acceleration the

408
00:18:50,870 --> 00:18:49,050
deceleration navigation apparently

409
00:18:53,900 --> 00:18:50,880
that's all taken up with the ten months

410
00:18:59,230 --> 00:18:53,910
I'm not sure and also they use the form

411
00:19:02,030 --> 00:18:59,240
of anti antimatter propulsion as well

412
00:19:04,700 --> 00:19:02,040
now our people were able to travel to

413
00:19:06,080 --> 00:19:04,710

walk around the ship they were allowed

414

00:19:08,720 --> 00:19:06,090

to go into the engine room

415

00:19:11,180 --> 00:19:08,730

they answered all the questions we had

416

00:19:13,190 --> 00:19:11,190

to eat evidently we picked up a lot of

417

00:19:16,610 --> 00:19:13,200

the information about that technology in

418

00:19:19,370 --> 00:19:16,620

about death propulsion interesting so

419

00:19:22,070 --> 00:19:19,380

they brought us a craft to reverse

420

00:19:25,160 --> 00:19:22,080

engineer tell me more about that first

421

00:19:27,020 --> 00:19:25,170

meeting so the the beam dies and then 10

422

00:19:28,730 --> 00:19:27,030

years later I guess during that 10 years

423

00:19:31,970 --> 00:19:28,740

or was ongoing communication back and

424

00:19:35,180 --> 00:19:31,980

forth maintained evidently yeah

425

00:19:37,100 --> 00:19:35,190

evidently but the fact that they had

426

00:19:41,060 --> 00:19:37,110

given us a craft reverse engineer was

427

00:19:43,730 --> 00:19:41,070

kept very very very secret mm-hmm very

428

00:19:45,980 --> 00:19:43,740

high level way above top secret because

429

00:19:49,070 --> 00:19:45,990

we were back engineering that bed craft

430

00:19:51,650 --> 00:19:49,080

at the Nevada Test Site and that's all

431

00:19:53,420 --> 00:19:51,660

in one of the appendices in my book

432

00:19:56,210 --> 00:19:53,430

because the man who was

433

00:19:59,060 --> 00:19:56,220

Bob din that gave a personal testimony

434

00:20:02,330 --> 00:19:59,070

about what went on there and how he was

435

00:20:06,710 --> 00:20:02,340

able to he was in charge of building a

436

00:20:11,350 --> 00:20:06,720

simulator for our pilots they built a

437

00:20:14,210 --> 00:20:11,360

simulator that essentially simulated

438

00:20:16,550 --> 00:20:14,220

travel a flight in the antigravity craft

439

00:20:20,120 --> 00:20:16,560

and that was his job and that's in the

440

00:20:22,820 --> 00:20:20,130

book right also in the book I was really

441

00:20:25,160 --> 00:20:22,830

surprised to see apparently John F

442

00:20:27,200 --> 00:20:25,170

Kennedy had knowledge of this serpo

443

00:20:29,990 --> 00:20:27,210

project in this ongoing communication

444

00:20:33,140 --> 00:20:30,000

correct yeah by time they were ready

445

00:20:37,520 --> 00:20:33,150

Knight Kennedy was president and he he

446

00:20:40,010 --> 00:20:37,530

was briefed on the the exchange program

447

00:20:42,680 --> 00:20:40,020

and he had the option of saying yes or

448

00:20:46,760 --> 00:20:42,690

no and he said yes he was he was

449

00:20:49,820 --> 00:20:46,770

absolutely committed to any triumphs he

450

00:20:51,740 --> 00:20:49,830

could that could be made in space mm-hmm

451
00:20:54,850 --> 00:20:51,750
going to the moon whatever that was that

452
00:20:57,860 --> 00:20:54,860
was what he called the new frontier and

453
00:21:00,830 --> 00:20:57,870
and he worked with von Braun on this

454
00:21:03,260 --> 00:21:00,840
whole thing but he had absolutely no

455
00:21:05,600 --> 00:21:03,270
knowledge from what I could determine in

456
00:21:09,500 --> 00:21:05,610
my research he had absolutely no

457
00:21:11,450 --> 00:21:09,510
knowledge of what went on after Kingman

458
00:21:15,800 --> 00:21:11,460
and in the reverse engineering of the

459
00:21:18,110 --> 00:21:15,810
craft he did not know about that and so

460
00:21:21,140 --> 00:21:18,120
as far as he was concerned they had

461
00:21:24,740 --> 00:21:21,150
proposed an exchange program he agreed

462
00:21:27,170 --> 00:21:24,750
to the exchange program and he said go

463
00:21:30,350 --> 00:21:27,180

forward with it that's how that

464

00:21:32,720 --> 00:21:30,360

triggered the entire operation now he

465

00:21:34,850 --> 00:21:32,730

was assassinated before the visitation

466

00:21:37,760 --> 00:21:34,860

right it was like five months but before

467

00:21:40,340 --> 00:21:37,770

right that's right yeah oh man

468

00:21:42,980 --> 00:21:40,350

such a bummer the whole world could have

469

00:21:45,530 --> 00:21:42,990

been way different exactly because

470

00:21:49,340 --> 00:21:45,540

probably knowing his dedication to

471

00:21:54,370 --> 00:21:49,350

transparency he probably was going to

472

00:21:57,020 --> 00:21:54,380

have a video video have it televised and

473

00:21:58,700 --> 00:21:57,030

that would be my guess anyway I don't

474

00:22:00,800 --> 00:21:58,710

have any knowledge of information about

475

00:22:03,200 --> 00:22:00,810

that but knowing knowing Kennedy as we

476

00:22:06,020 --> 00:22:03,210

do will the way he detested secrecy

477

00:22:08,200 --> 00:22:06,030

government secrecy that would have been

478

00:22:11,900 --> 00:22:08,210

a logical thing from the

479

00:22:13,940 --> 00:22:11,910

yeah it's it's crazy to think about how

480

00:22:15,950 --> 00:22:13,950

different things could have been now

481

00:22:17,690 --> 00:22:15,960

let's go to that first meeting you know

482

00:22:19,760 --> 00:22:17,700

Kennedy is assassinated five months

483

00:22:21,860 --> 00:22:19,770

later this first meeting happens with

484

00:22:24,950 --> 00:22:21,870

the the even they're called the the oven

485

00:22:28,820 --> 00:22:24,960

right well one of the scientists at Los

486

00:22:31,790 --> 00:22:28,830

Alamos came up with that because it's a

487

00:22:34,490 --> 00:22:31,800

short short form of extraterrestrial

488

00:22:36,920 --> 00:22:34,500

biological entity so that became even

489

00:22:39,260 --> 00:22:36,930

and they became labeled with the word

490

00:22:41,000 --> 00:22:39,270

with the term even that was our that was

491

00:22:43,460 --> 00:22:41,010

our term for them they became the evens

492

00:22:46,940 --> 00:22:43,470

okay so that first meeting what was that

493

00:22:47,720 --> 00:22:46,950

like that first meeting meaning the

494

00:22:52,910 --> 00:22:47,730

first landing

495

00:22:56,360 --> 00:22:52,920

had a bit they came and got their bodies

496

00:22:57,860 --> 00:22:56,370

I understand and there were other

497

00:23:01,610 --> 00:22:57,870

interesting details to that first

498

00:23:03,500 --> 00:23:01,620

meeting we had the 12 Americans ready to

499

00:23:07,850 --> 00:23:03,510

ready to board the craft in April of

500

00:23:10,280 --> 00:23:07,860

1964 they were sitting on a bus outside

501
00:23:11,720 --> 00:23:10,290
of Holloman Air Force Base that's where

502
00:23:15,320 --> 00:23:11,730
the first landing took place was at

503
00:23:17,270 --> 00:23:15,330
Holloman in New Mexico but when they

504
00:23:19,580 --> 00:23:17,280
arrived they decided they did not want

505
00:23:22,520 --> 00:23:19,590
to take our people with them at that

506
00:23:25,910 --> 00:23:22,530
particular time and they said they would

507
00:23:28,730 --> 00:23:25,920
come back in a year in July of 65 for

508
00:23:31,040 --> 00:23:28,740
the exchange program so in that first

509
00:23:33,440 --> 00:23:31,050
meeting it was more or less of a

510
00:23:36,320 --> 00:23:33,450
ceremonial meeting they gave us a get a

511
00:23:38,750 --> 00:23:36,330
very an incredible gift at that point

512
00:23:41,330 --> 00:23:38,760
called the yellow book all right tell us

513
00:23:45,140 --> 00:23:41,340

about the yellow book well the yellow

514

00:23:47,750 --> 00:23:45,150

book was it was really like a block more

515

00:23:49,760 --> 00:23:47,760

like a block a plastic block or

516

00:23:52,220 --> 00:23:49,770

something it wasn't really a book but

517

00:23:55,940 --> 00:23:52,230

was about the size of a book and when it

518

00:23:59,930 --> 00:23:55,950

was open scenes appeared from the

519

00:24:04,670 --> 00:23:59,940

distant past all the way up to the

520

00:24:06,590 --> 00:24:04,680

present going way back to the way our

521

00:24:09,740 --> 00:24:06,600

planet evolved and the way our species

522

00:24:13,310 --> 00:24:09,750

evolved they had all that information in

523

00:24:15,790 --> 00:24:13,320

pictorial form so it was like we're

524

00:24:18,860 --> 00:24:15,800

reliving it when you opened the book and

525

00:24:21,080 --> 00:24:18,870

the there was text or there were words

526

00:24:23,270 --> 00:24:21,090

accompanying the pictures

527

00:24:28,940 --> 00:24:23,280

and the words were in the language that

528

00:24:32,840 --> 00:24:28,950

you the reader spoke solo apparently it

529

00:24:35,690 --> 00:24:32,850

had the ability to pick up from your

530

00:24:39,350 --> 00:24:35,700

thoughts so from your aura or whatever

531

00:24:42,470 --> 00:24:39,360

your language and then it would speak to

532

00:24:44,420 --> 00:24:42,480

you in that language see now the yellow

533

00:24:47,560 --> 00:24:44,430

book is fascinating to me either what

534

00:24:50,360 --> 00:24:47,570

kind of details did an animus give on

535

00:24:52,790 --> 00:24:50,370

the content of this yellow book because

536

00:24:54,650 --> 00:24:52,800

up obviously our history is very skewed

537

00:24:57,640 --> 00:24:54,660

it's been manipulated there are a lot of

538

00:25:01,820 --> 00:24:57,650

unanswered questions did you did he

539

00:25:05,840 --> 00:25:01,830

elaborate on humanities history and some

540

00:25:09,200 --> 00:25:05,850

of those areas of the unknown yeah of

541

00:25:14,210 --> 00:25:09,210

course and that's all that's all in

542

00:25:17,770 --> 00:25:14,220

what's called the debriefing book when

543

00:25:21,260 --> 00:25:17,780

when the seven Americans returned in

544

00:25:24,590 --> 00:25:21,270

1978 only seven came back by the way

545

00:25:28,250 --> 00:25:24,600

mm-hmm they were debriefed for a solid

546

00:25:32,120 --> 00:25:28,260

year by the DIA and by the Air Force

547

00:25:33,920 --> 00:25:32,130

Office of Special Investigation and they

548

00:25:36,560 --> 00:25:33,930

were kept isolated for that period of

549

00:25:40,100 --> 00:25:36,570

time that resulted in a three thousand

550

00:25:41,210 --> 00:25:40,110

face book well all of the information

551
00:25:43,520 --> 00:25:41,220
that you're asking all the questions

552
00:25:46,900 --> 00:25:43,530
you're asking are answered in that book

553
00:25:52,010 --> 00:25:46,910
and anonymous had access to that book

554
00:25:55,360 --> 00:25:52,020
Wow so but we don't have all the details

555
00:25:59,240 --> 00:25:55,370
naturally 3,000 pages but we have enough

556
00:26:02,000 --> 00:25:59,250
to to produce those emails that he sent

557
00:26:04,580 --> 00:26:02,010
into the website yeah I mean can you can

558
00:26:07,550 --> 00:26:04,590
you share anything about the the

559
00:26:09,710 --> 00:26:07,560
contents of that history I mean did

560
00:26:11,810 --> 00:26:09,720
anybody go back and look at who built

561
00:26:15,260 --> 00:26:11,820
the pyramids or check the validity of

562
00:26:17,180 --> 00:26:15,270
Atlantis or you know watch the dinosaurs

563
00:26:21,140 --> 00:26:17,190

get wiped out by an asteroid anything

564

00:26:25,610 --> 00:26:21,150

like that according to anonymous way you

565

00:26:29,150 --> 00:26:25,620

read the book was once you started

566

00:26:31,220 --> 00:26:29,160

reading it you could not put it down and

567

00:26:33,920 --> 00:26:31,230

pick up where you left off you'd have to

568

00:26:34,670 --> 00:26:33,930

start all over again that's the way it

569

00:26:40,040 --> 00:26:34,680

work

570

00:26:44,510 --> 00:26:40,050

really thanks I yeah exactly he said

571

00:26:46,090 --> 00:26:44,520

that he spent 22 hours reading it and he

572

00:26:50,390 --> 00:26:46,100

didn't get very far

573

00:26:52,910 --> 00:26:50,400

so the beyond that I don't have any more

574

00:26:56,270 --> 00:26:52,920

information except he said the aliens

575

00:26:58,900 --> 00:26:56,280

did speak about Jesus whether or not

576
00:27:02,510 --> 00:26:58,910
they were taking credit for Jesus I

577
00:27:05,090 --> 00:27:02,520
don't know he intimated that there was

578
00:27:08,600 --> 00:27:05,100
that element where they claimed to have

579
00:27:11,180 --> 00:27:08,610
been involved in that if that's the case

580
00:27:13,880 --> 00:27:11,190
could have been disinformation I don't

581
00:27:16,460 --> 00:27:13,890
know right I saw that insinuation that

582
00:27:21,590 --> 00:27:16,470
Jesus was possibly one of them you know

583
00:27:23,480 --> 00:27:21,600
a teacher of his time and also there's

584
00:27:27,730 --> 00:27:23,490
the you know like the point you made it

585
00:27:30,950 --> 00:27:27,740
could have been manipulation to try to

586
00:27:33,230 --> 00:27:30,960
maybe get in art get something out of us

587
00:27:35,390 --> 00:27:33,240
at the time so we were manipulated with

588
00:27:37,490 --> 00:27:35,400

this false story I mean our leaders do

589

00:27:40,640 --> 00:27:37,500

it to us I could see them doing it to us

590

00:27:46,010 --> 00:27:40,650

as well yeah if you go to the Billy

591

00:27:49,660 --> 00:27:46,020

Meyer story where the book so-called

592

00:27:54,040 --> 00:27:49,670

Talmud of Emanuel was unearthed that

593

00:28:00,290 --> 00:27:54,050

claims that book supposedly came from

594

00:28:04,340 --> 00:28:00,300

the Pleiadians and they say that Jesus

595

00:28:08,660 --> 00:28:04,350

was an extraterrestrial but not from

596

00:28:11,060 --> 00:28:08,670

that particular planet interesting yeah

597

00:28:13,340 --> 00:28:11,070

here from a different star system so

598

00:28:17,090 --> 00:28:13,350

have any other whistleblowers from any

599

00:28:18,980 --> 00:28:17,100

other areas of ufology or blackops ever

600

00:28:23,120 --> 00:28:18,990

mentioned the yellow book before this

601
00:28:25,280 --> 00:28:23,130
story not to my knowledge I've never

602
00:28:28,520 --> 00:28:25,290
heard it discussed before but Rick Doty

603
00:28:30,140 --> 00:28:28,530
didn't deny it and at least three

604
00:28:33,440 --> 00:28:30,150
receive to think it was all very likely

605
00:28:34,130 --> 00:28:33,450
or possible in his interview with with

606
00:28:39,860 --> 00:28:34,140
George Noory

607
00:28:43,450 --> 00:28:39,870
a streamer bill Ryan who was the

608
00:28:49,430 --> 00:28:43,460
moderator of the web site

609
00:28:53,420 --> 00:28:49,440
WWE org and Rick Doty were all onto

610
00:28:56,150 --> 00:28:53,430
in December of 2005 remember the

611
00:28:57,920 --> 00:28:56,160
information was revealed in November so

612
00:29:02,570 --> 00:28:57,930
this was a month after the revelation

613
00:29:05,000 --> 00:29:02,580

and none of the three really debunk it

614

00:29:06,320 --> 00:29:05,010

or denied it in fact the fact that Dodie

615

00:29:08,570 --> 00:29:06,330

did not deny it

616

00:29:11,720 --> 00:29:08,580

and had the opportunity I think is the

617

00:29:15,950 --> 00:29:11,730

most significant of all and streamer had

618

00:29:19,280 --> 00:29:15,960

an Academy an interesting encounter with

619

00:29:21,770 --> 00:29:19,290

some people at one of the UFO congress's

620

00:29:27,890 --> 00:29:21,780

that he believed tied it tied it to the

621

00:29:31,700 --> 00:29:27,900

circle story Wow where they just they

622

00:29:33,890 --> 00:29:31,710

just had knowledge of it as well well

623

00:29:35,270 --> 00:29:33,900

they just related that particular entity

624

00:29:38,540 --> 00:29:35,280

just related that particular incident

625

00:29:41,000 --> 00:29:38,550

and took the position that it could have

626
00:29:42,080 --> 00:29:41,010
easily have happened that was a very

627
00:29:45,440 --> 00:29:42,090
likely story

628
00:29:48,920 --> 00:29:45,450
yeah I think he had a to each other so

629
00:29:52,040 --> 00:29:48,930
we have this first meeting the aliens

630
00:29:53,930 --> 00:29:52,050
give us the yellow book we are ready to

631
00:29:56,440 --> 00:29:53,940
send these astronauts with them they say

632
00:29:59,660 --> 00:29:56,450
no we're not gonna do that right now

633
00:30:01,430 --> 00:29:59,670
then what happens yeah at that

634
00:30:05,240 --> 00:30:01,440
particular meeting they just took they

635
00:30:07,820 --> 00:30:05,250
had the bodies of ten dead aliens they

636
00:30:11,000 --> 00:30:07,830
took them back several of them had been

637
00:30:15,410 --> 00:30:11,010
had been autopsy which they probably did

638
00:30:16,910 --> 00:30:15,420

not surprise them at all and that's what

639

00:30:18,770 --> 00:30:16,920

happened at that particular meeting it

640

00:30:22,190 --> 00:30:18,780

was a ceremonial encounter we had

641

00:30:26,330 --> 00:30:22,200

sixteen people there waiting for them

642

00:30:28,070 --> 00:30:26,340

when they when they landed and it's my

643

00:30:32,680 --> 00:30:28,080

belief that President Johnson was not

644

00:30:35,780 --> 00:30:32,690

among them however some height and some

645

00:30:38,810 --> 00:30:35,790

high-ranking intelligence operatives and

646

00:30:41,360 --> 00:30:38,820

military people probably worthless so

647

00:30:47,110 --> 00:30:41,370

that's what happened in in April of 1964

648

00:30:51,050 --> 00:30:47,120

at Holloman Air Force Base by the way

649

00:30:53,780 --> 00:30:51,060

the very first contact when they got

650

00:30:57,470 --> 00:30:53,790

into our atmosphere was that they had

651
00:31:02,510 --> 00:30:57,480
misplaced the landing zone by about a

652
00:31:05,120 --> 00:31:02,520
hundred miles or so and interestingly

653
00:31:07,190 --> 00:31:05,130
there was the sighting of that of a

654
00:31:09,680 --> 00:31:07,200
craft that looked like the one that

655
00:31:13,960 --> 00:31:09,690
apparently that was they sent by Lonnie

656
00:31:16,490 --> 00:31:13,970
Zamora near Socorro at exactly that time

657
00:31:18,590 --> 00:31:16,500
now that's good that's good to hear

658
00:31:21,320 --> 00:31:18,600
that's that's quite interesting and

659
00:31:25,190 --> 00:31:21,330
there's a Moore case I think confirms

660
00:31:28,610 --> 00:31:25,200
that that meeting so it's something that

661
00:31:31,880 --> 00:31:28,620
your listeners can look into yeah cuz I

662
00:31:35,030 --> 00:31:31,890
mean this is such a far out wild ride

663
00:31:38,080 --> 00:31:35,040

but I want it to be real you know I want

664

00:31:40,520 --> 00:31:38,090

to believe so I'd love to hear those

665

00:31:43,480 --> 00:31:40,530

collaborating little pieces of evidence

666

00:31:47,450 --> 00:31:43,490

that kind of tie this all together so

667

00:31:49,220 --> 00:31:47,460

they make a second trip out and this

668

00:31:51,920 --> 00:31:49,230

time they do take astronauts with them

669

00:31:56,750 --> 00:31:51,930

correct yeah they said they would be

670

00:32:00,920 --> 00:31:56,760

back in 1965 in July and to pick up our

671

00:32:04,310 --> 00:32:00,930

people and so this discourse tremendous

672

00:32:04,760 --> 00:32:04,320

of inconvenience logistical nightmare

673

00:32:07,010 --> 00:32:04,770

actually

674

00:32:10,430 --> 00:32:07,020

they had 90,000 pounds of equipment

675

00:32:13,000 --> 00:32:10,440

waiting to load onto the alien craft and

676
00:32:15,530 --> 00:32:13,010
the 12th Americans was sitting in a bus

677
00:32:18,800 --> 00:32:15,540
waiting to get on so all that had to be

678
00:32:20,300 --> 00:32:18,810
postponed the I don't want to call them

679
00:32:22,160 --> 00:32:20,310
astronauts because they they really were

680
00:32:24,110 --> 00:32:22,170
not astronauts these were not massive

681
00:32:26,840 --> 00:32:24,120
type people there was simply military

682
00:32:27,980 --> 00:32:26,850
people that had special training they

683
00:32:31,160 --> 00:32:27,990
were sent there was sent back to

684
00:32:32,840 --> 00:32:31,170
Leavenworth prison in Kansas because

685
00:32:35,180 --> 00:32:32,850
they did not want them associating with

686
00:32:37,640 --> 00:32:35,190
anybody for that whole year until the

687
00:32:39,170 --> 00:32:37,650
next pick up until they pick up they

688
00:32:42,320 --> 00:32:39,180

were kept as literal literally as

689

00:32:46,850 --> 00:32:42,330

virtual prisoners 11 would Leavenworth

690

00:32:51,140 --> 00:32:46,860

for that whole that whole year so now 12

691

00:32:57,170 --> 00:32:51,150

people went with them to serpo that's

692

00:32:59,780 --> 00:32:57,180

right seven okay so do we know what

693

00:33:01,400 --> 00:32:59,790

happened to those those other people the

694

00:33:04,400 --> 00:33:01,410

ones that didn't come back I know one

695

00:33:06,950 --> 00:33:04,410

died in transit on the way there all

696

00:33:09,410 --> 00:33:06,960

right what about the rest of them who

697

00:33:12,170 --> 00:33:09,420

died on surf boat in about the third

698

00:33:14,540 --> 00:33:12,180

year they were originally scheduled to

699

00:33:16,370 --> 00:33:14,550

be there for ten years around the third

700

00:33:19,460 --> 00:33:16,380

year two people two more people died

701
00:33:22,700 --> 00:33:19,470
and then when the time came to return

702
00:33:25,159 --> 00:33:22,710
only only seven wanted to return to

703
00:33:29,450 --> 00:33:25,169
wanted to remain there so two remained

704
00:33:32,090 --> 00:33:29,460
three died seven came back nice so and

705
00:33:35,659 --> 00:33:32,100
the second half of your book is filled

706
00:33:38,450 --> 00:33:35,669
with excerpts from the Journal of one of

707
00:33:40,820 --> 00:33:38,460
the military people who was sent to

708
00:33:43,129 --> 00:33:40,830
serpo and it is so interesting to read

709
00:33:44,720 --> 00:33:43,139
through let's go through a little bit of

710
00:33:47,330 --> 00:33:44,730
that like what can we tell the people

711
00:33:49,249 --> 00:33:47,340
about planet serpo from those thirteen

712
00:33:52,610 --> 00:33:49,259
years they were there what do we know

713
00:33:53,299 --> 00:33:52,620

about the ecology of the planet anything

714

00:33:58,850 --> 00:33:53,309

about the planet

715

00:34:01,369 --> 00:33:58,860

geography environment planet have two

716

00:34:05,810 --> 00:34:01,379

suns the Zeta Reticuli star system is a

717

00:34:08,869 --> 00:34:05,820

binary star system supposedly our

718

00:34:10,940 --> 00:34:08,879

astronomers tell us that the two suns

719

00:34:12,889 --> 00:34:10,950

are very far apart and probably would

720

00:34:16,250 --> 00:34:12,899

not appear in the sky at the same time

721

00:34:17,629 --> 00:34:16,260

however they they were reported that

722

00:34:21,139 --> 00:34:17,639

they were in the sky at the same time

723

00:34:23,480 --> 00:34:21,149

and therefore it never really got dark

724

00:34:27,200 --> 00:34:23,490

on Sir Paul it would get down to like a

725

00:34:28,639 --> 00:34:27,210

Twilight point but never dark because

726

00:34:32,089 --> 00:34:28,649

one of the sons would always be in the

727

00:34:35,960 --> 00:34:32,099

sky apparently what we found out was

728

00:34:39,680 --> 00:34:35,970

that sir Poe was the fourth planet in

729

00:34:43,010 --> 00:34:39,690

from that one of those Suns which was

730

00:34:46,790 --> 00:34:43,020

very similar in size to our Sun and it

731

00:34:49,760 --> 00:34:46,800

revolved around that Sun did not did not

732

00:34:52,700 --> 00:34:49,770

do a serpentine revolution about birth

733

00:34:56,079 --> 00:34:52,710

about both sons so the Senate did not

734

00:35:00,200 --> 00:34:56,089

revolve around he's always in the sky

735

00:35:01,790 --> 00:35:00,210

but the other one was was they rotated

736

00:35:05,210 --> 00:35:01,800

they revolve around that very much like

737

00:35:07,370 --> 00:35:05,220

are we revolve around our Sun and she's

738

00:35:10,430 --> 00:35:07,380

always constant constant daylight there

739

00:35:13,490 --> 00:35:10,440

in terms of the actual planet was it was

740

00:35:16,630 --> 00:35:13,500

it very earth-like yeah it was about the

741

00:35:20,569 --> 00:35:16,640

same size as Earth but the same virtual

742

00:35:23,270 --> 00:35:20,579

weight or terms of kilograms they'd be

743

00:35:26,079 --> 00:35:23,280

estimated it had a lot of similarities

744

00:35:30,170 --> 00:35:26,089

the atmosphere was was very breathable

745

00:35:34,579 --> 00:35:30,180

but it was very hot when they lay

746

00:35:38,599 --> 00:35:34,589

it was 107 degrees but they gave them

747

00:35:41,299 --> 00:35:38,609

they gave them a place to stay

748

00:35:45,440 --> 00:35:41,309

underground so that it was cooler down

749

00:35:48,530 --> 00:35:45,450

there and that helped a lot yeah

750

00:35:51,740 --> 00:35:48,540

apparently the evens thrive in a much

751
00:35:56,079 --> 00:35:51,750
hotter environment and we do that their

752
00:35:58,309 --> 00:35:56,089
skin and their their their whole but

753
00:36:02,770 --> 00:35:58,319
biochemistry is different than ours and

754
00:36:05,599 --> 00:36:02,780
they like they like to be in a hot place

755
00:36:08,569 --> 00:36:05,609
no didn't anima say anything to the

756
00:36:10,520 --> 00:36:08,579
effect of who exactly we were dealing

757
00:36:13,339 --> 00:36:10,530
with because obviously the people from

758
00:36:15,020 --> 00:36:13,349
serpo are dealing with just the United

759
00:36:17,000 --> 00:36:15,030
States or one country they're not

760
00:36:19,309 --> 00:36:17,010
dealing with the planet earth as a whole

761
00:36:23,630 --> 00:36:19,319
were we dealing with a unified planet or

762
00:36:26,750 --> 00:36:23,640
just a certain geographical area of that

763
00:36:28,549 --> 00:36:26,760

planet no we were dealing with the

764

00:36:30,799 --> 00:36:28,559

entire planet so they operate as a

765

00:36:34,190 --> 00:36:30,809

single species they've reached that

766

00:36:37,160 --> 00:36:34,200

level yeah they're very organized that

767

00:36:39,980 --> 00:36:37,170

way now very well controlled and we

768

00:36:44,720 --> 00:36:39,990

found out that it was more or less a

769

00:36:45,799 --> 00:36:44,730

police state right I saw that in the

770

00:36:47,839 --> 00:36:45,809

book and thought that was pretty

771

00:36:49,789 --> 00:36:47,849

interesting are we talking about a

772

00:36:53,030 --> 00:36:49,799

police state the wheat the way we see it

773

00:36:55,880 --> 00:36:53,040

like you know very authoritative was

774

00:36:58,309 --> 00:36:55,890

there any sign of the people wanting to

775

00:37:01,309 --> 00:36:58,319

rebel against that police state or any

776

00:37:05,120 --> 00:37:01,319

kind of oppression or was it a fairer

777

00:37:06,680 --> 00:37:05,130

society type situation well if you want

778

00:37:10,700 --> 00:37:06,690

you know if you want to call lack of

779

00:37:13,730 --> 00:37:10,710

freedom oppression then yes because they

780

00:37:15,319 --> 00:37:13,740

were closely monitored what they did

781

00:37:17,690 --> 00:37:15,329

everything they did wherever they went

782

00:37:21,079 --> 00:37:17,700

they were what they had to wear a device

783

00:37:23,270 --> 00:37:21,089

on their belt so that they were known

784

00:37:25,579 --> 00:37:23,280

very similar to what we're doing now

785

00:37:29,380 --> 00:37:25,589

actually with with these smart smart

786

00:37:32,270 --> 00:37:29,390

phones and that they were made they were

787

00:37:34,940 --> 00:37:32,280

required to do certain jobs at certain

788

00:37:38,180 --> 00:37:34,950

times of the day and this was this was

789

00:37:41,210 --> 00:37:38,190

all kind of determined by what they

790

00:37:43,450 --> 00:37:41,220

called a mirror tower that as as the

791

00:37:46,870 --> 00:37:43,460

planet revolved around the Sun the

792

00:37:49,089 --> 00:37:46,880

the projections of mirrored tower onto

793

00:37:51,880 --> 00:37:49,099

the ground would trigger a whole new

794

00:37:53,740 --> 00:37:51,890

type of activity and they would shift

795

00:37:58,480 --> 00:37:53,750

into a different activity based on the

796

00:38:03,670 --> 00:37:58,490

movements of that tower that mirrored

797

00:38:04,930 --> 00:38:03,680

Chao and also the we guess the commands

798

00:38:07,240 --> 00:38:04,940

whatever commands may have come through

799

00:38:09,160 --> 00:38:07,250

that device that they were all wore on

800

00:38:12,490 --> 00:38:09,170

their belts and we were given those

801
00:38:16,870 --> 00:38:12,500
devices to wear on our belts too so we

802
00:38:19,870 --> 00:38:16,880
had to wear them too that way they

803
00:38:22,210 --> 00:38:19,880
always knew where we were right yeah

804
00:38:25,480 --> 00:38:22,220
that sounds like a police state to me so

805
00:38:26,980 --> 00:38:25,490
yeah how about animals on this plan of

806
00:38:28,960 --> 00:38:26,990
course we're dealing with an intelligent

807
00:38:30,609 --> 00:38:28,970
species but do we see any anything else

808
00:38:33,750 --> 00:38:30,619
from their environment any bio

809
00:38:35,859 --> 00:38:33,760
biological creatures other than them

810
00:38:37,599 --> 00:38:35,869
yeah there were some different kinds of

811
00:38:40,480 --> 00:38:37,609
animals would that they were described

812
00:38:44,260 --> 00:38:40,490
by the commander and his diary something

813
00:38:47,530 --> 00:38:44,270

that something that looked like a very

814

00:38:51,190 --> 00:38:47,540

large snake but it had we've had almost

815

00:38:53,380 --> 00:38:51,200

like human eyes there were several

816

00:38:55,900 --> 00:38:53,390

different creatures yes there was one

817

00:39:00,880 --> 00:38:55,910

sort of a look like a lion but it had a

818

00:39:03,370 --> 00:39:00,890

lot of fur around his face that's all in

819

00:39:04,920 --> 00:39:03,380

the book but you know he discusses that

820

00:39:07,870 --> 00:39:04,930

in his diary

821

00:39:11,770 --> 00:39:07,880

but he didn't spend a lot of time on

822

00:39:14,289 --> 00:39:11,780

that the major thing in the diary was

823

00:39:17,559 --> 00:39:14,299

was the confrontation that took place

824

00:39:19,089 --> 00:39:17,569

over the body of 308 yeah well give it

825

00:39:21,430 --> 00:39:19,099

their all given three-digit numbers they

826

00:39:24,130 --> 00:39:21,440

were no longer referred to by names by

827

00:39:25,960 --> 00:39:24,140

the way twelve people yeah you have a

828

00:39:29,520 --> 00:39:25,970

chapter on that confrontation tell us

829

00:39:36,280 --> 00:39:34,420

well 308 was one of the pilots in the

830

00:39:38,080 --> 00:39:36,290

12th group of 12 and he died on the way

831

00:39:41,320 --> 00:39:38,090

to Sir Paul

832

00:39:43,450 --> 00:39:41,330

and the commander wanted to know what

833

00:39:45,880 --> 00:39:43,460

happened to his body and they said that

834

00:39:48,840 --> 00:39:45,890

his body no longer was there and he said

835

00:39:52,060 --> 00:39:48,850

why not he said the body belongs to us

836

00:39:54,820 --> 00:39:52,070

they said well it's not it's not

837

00:39:58,660 --> 00:39:54,830

available anymore well he pursued that

838

00:40:00,850 --> 00:39:58,670

and turned out that they had taken the

839

00:40:07,150 --> 00:40:00,860

parts of the body and use it to clone

840

00:40:09,100 --> 00:40:07,160

and to create other creatures and the

841

00:40:14,020 --> 00:40:09,110

fact that they would not release the

842

00:40:17,980 --> 00:40:14,030

body cause the commander to confront the

843

00:40:21,160 --> 00:40:17,990

doctor and ask him why he can't they

844

00:40:24,190 --> 00:40:21,170

couldn't get the remains of 308 finally

845

00:40:26,920 --> 00:40:24,200

they relented and let us see their

846

00:40:30,640 --> 00:40:26,930

violent biological or the biotechnology

847

00:40:33,490 --> 00:40:30,650

laboratory in which they used parts of

848

00:40:40,030 --> 00:40:33,500

creatures from many many other planets

849

00:40:41,890 --> 00:40:40,040

that they had visited to create hybrid

850

00:40:45,070 --> 00:40:41,900

creatures and some of them were monsters

851
00:40:48,460 --> 00:40:45,080
the commanders that command said that he

852
00:40:50,980 --> 00:40:48,470
used the word hideous damn yeah I

853
00:40:52,390 --> 00:40:50,990
definitely read through that part that

854
00:40:54,100 --> 00:40:52,400
was pretty crazy said one of them looked

855
00:40:57,460 --> 00:40:54,110
like a porcupine one of them looked like

856
00:40:59,920 --> 00:40:57,470
some crazy beast yeah exactly and he

857
00:41:02,710 --> 00:40:59,930
discussed it on revolt of them and his

858
00:41:05,320 --> 00:41:02,720
final statement was I have seen the dark

859
00:41:07,870 --> 00:41:05,330
side of this civilization but you know

860
00:41:09,580 --> 00:41:07,880
what he is calling the dark side and

861
00:41:12,820 --> 00:41:09,590
what he's calling evil is just a lack of

862
00:41:15,490 --> 00:41:12,830
understanding of the science that they

863
00:41:18,420 --> 00:41:15,500

were involved in mm-hmm so now I think

864

00:41:21,910 --> 00:41:18,430

it was all just experimentation

865

00:41:24,250 --> 00:41:21,920

biotechnology right but how you know it

866

00:41:25,780 --> 00:41:24,260

is true that probably they would a lot

867

00:41:29,350 --> 00:41:25,790

of these creatures were being treated

868

00:41:34,240 --> 00:41:29,360

with cruelty so you know in a way he is

869

00:41:37,770 --> 00:41:34,250

right now it's did he say anything about

870

00:41:41,380 --> 00:41:37,780

their planet in terms of having

871

00:41:44,260 --> 00:41:41,390

overpopulation or a lot of pollution

872

00:41:45,850 --> 00:41:44,270

like have they overrun their environment

873

00:41:49,390 --> 00:41:45,860

or did they have a lot of uninhabited

874

00:41:51,870 --> 00:41:49,400

space yeah a lot of uninhabited space

875

00:41:54,630 --> 00:41:51,880

there were only 650,000

876

00:41:57,480 --> 00:41:54,640

even's most of them lived around the

877

00:42:02,010 --> 00:41:57,490

central portion like the equator where

878

00:42:04,350 --> 00:42:02,020

it was hot and what happened was they

879

00:42:07,590 --> 00:42:04,360

found out that in their history they had

880

00:42:12,470 --> 00:42:07,600

been involved in a 100-year war with

881

00:42:16,410 --> 00:42:12,480

another civilization and evidently

882

00:42:17,760 --> 00:42:16,420

they'd been a lot of fatalities and that

883

00:42:21,420 --> 00:42:17,770

may have been the reason why their

884

00:42:24,600 --> 00:42:21,430

population was so so small ultimately

885

00:42:28,740 --> 00:42:24,610

they prevailed using particle beam

886

00:42:30,780 --> 00:42:28,750

weapons so they may have been a much

887

00:42:34,830 --> 00:42:30,790

larger population that just got wiped

888

00:42:36,630 --> 00:42:34,840

out in that war yeah now they this put

889

00:42:39,810 --> 00:42:36,640

this particular planet that they called

890

00:42:41,370 --> 00:42:39,820

Serpa was not their native planet they

891

00:42:43,980 --> 00:42:41,380

had come from a different planet

892

00:42:47,220 --> 00:42:43,990

five thousand about five thousand years

893

00:42:53,850 --> 00:42:47,230

previously which had been destroyed by

894

00:42:59,430 --> 00:42:53,860

volcanic volcanic eruptions so they had

895

00:43:01,080 --> 00:42:59,440

moved or they had they had simply they

896

00:43:04,830 --> 00:43:01,090

were all refugees essentially from their

897

00:43:05,730 --> 00:43:04,840

original home one thing I also saw in

898

00:43:08,310 --> 00:43:05,740

the book that I thought was interesting

899

00:43:12,690 --> 00:43:08,320

about their society is that they didn't

900

00:43:15,330 --> 00:43:12,700

use any money that's right no money they

901
00:43:16,980 --> 00:43:15,340
had huge warehouses and anytime anybody

902
00:43:19,650 --> 00:43:16,990
wanted anything they just went and got

903
00:43:21,990 --> 00:43:19,660
it I don't know if your earlier with the

904
00:43:24,360 --> 00:43:22,000
with the idea of Jacque Fresco's Venus

905
00:43:26,910 --> 00:43:24,370
Project but this sounds almost like the

906
00:43:29,130 --> 00:43:26,920
same society that he's proposing that we

907
00:43:31,950 --> 00:43:29,140
take up here a resource-based economy

908
00:43:34,980 --> 00:43:31,960
where basically all objects all material

909
00:43:36,210 --> 00:43:34,990
goods are in like a library system you

910
00:43:37,530 --> 00:43:36,220
can check them out whenever you need

911
00:43:40,770 --> 00:43:37,540
just like a warehouse like you're

912
00:43:44,490 --> 00:43:40,780
talking about no money autonomous

913
00:43:47,460 --> 00:43:44,500

control sounds very similar it's odd

914

00:43:49,620 --> 00:43:47,470

who said that again you know Jacque

915

00:43:52,080 --> 00:43:49,630

fresco I'll send you a link when we're

916

00:43:54,510 --> 00:43:52,090

done yeah please do and did you write a

917

00:43:56,610 --> 00:43:54,520

book as well he actually did he wrote a

918

00:43:59,040 --> 00:43:56,620

book called the best that money can't

919

00:44:00,630 --> 00:43:59,050

buy and it's a book about how most of

920

00:44:01,950 --> 00:44:00,640

our problems are caused by a monetary

921

00:44:04,530 --> 00:44:01,960

system and if we're ever going to work

922

00:44:05,260 --> 00:44:04,540

together and not be in conflict with

923

00:44:06,880 --> 00:44:05,270

other

924

00:44:08,200 --> 00:44:06,890

on the same round planet then we're

925

00:44:11,050 --> 00:44:08,210

gonna need to get over the monetary

926

00:44:13,300 --> 00:44:11,060

system that makes sense it makes

927

00:44:16,150 --> 00:44:13,310

absolute sense I mean of the evens

928

00:44:17,440 --> 00:44:16,160

haven't worked out and they don't even

929

00:44:20,260 --> 00:44:17,450

they're not even concerned about

930

00:44:22,720 --> 00:44:20,270

material goods need anything when they

931

00:44:26,530 --> 00:44:22,730

need food it's all there right so in

932

00:44:28,120 --> 00:44:26,540

those terms it doesn't seem so much like

933

00:44:30,550 --> 00:44:28,130

a police state or at least not in the

934

00:44:32,490 --> 00:44:30,560

terms that we would think about it it

935

00:44:35,859 --> 00:44:32,500

seems like more of just a cohesive unit

936

00:44:37,600 --> 00:44:35,869

working with obviously some type of

937

00:44:40,780 --> 00:44:37,610

hierarchy but it doesn't seem to be

938

00:44:42,460 --> 00:44:40,790

necessarily super abusive to the people

939

00:44:45,550 --> 00:44:42,470

it seems to be somewhat beneficial for

940

00:44:47,710 --> 00:44:45,560

them they're all taken care of let's put

941

00:44:50,380 --> 00:44:47,720

it that way you get into the question

942

00:44:52,900 --> 00:44:50,390

you get into the philosophical questions

943

00:44:56,200 --> 00:44:52,910

of what is freedom worth dang there's a

944

00:45:00,870 --> 00:44:56,210

fine line exactly and if freedom if

945

00:45:03,750 --> 00:45:00,880

freedom regenerates into cannibalistic

946

00:45:06,370 --> 00:45:03,760

capitalism the point where people are

947

00:45:09,010 --> 00:45:06,380

just ravenously taking what they want

948

00:45:10,690 --> 00:45:09,020

from others because no people who get to

949

00:45:13,510 --> 00:45:10,700

very rich are taking it away from

950

00:45:15,910 --> 00:45:13,520

somebody who's poor that's right freedom

951
00:45:17,109 --> 00:45:15,920
is the key we have supposedly have

952
00:45:19,870 --> 00:45:17,119
perfect freedom but then that's

953
00:45:22,680 --> 00:45:19,880
questionable too do we really if we're

954
00:45:25,150 --> 00:45:22,690
manipulated by lack of material

955
00:45:27,700 --> 00:45:25,160
possessions or food or whatever are we

956
00:45:29,230 --> 00:45:27,710
really free you have to those you get

957
00:45:33,780 --> 00:45:29,240
into those kinds of discussions you know

958
00:45:36,940 --> 00:45:33,790
yeah 99 problems my man I hear ya so

959
00:45:39,370 --> 00:45:36,950
these these astronauts are these not

960
00:45:41,770 --> 00:45:39,380
astronauts but these military people the

961
00:45:44,160 --> 00:45:41,780
military scientists these adventures

962
00:45:48,310 --> 00:45:44,170
that went to serpo they were there for

963
00:45:50,260 --> 00:45:48,320

13 years now the journals that were

964

00:45:51,790 --> 00:45:50,270

delivered from anonymous they're just

965

00:45:52,300 --> 00:45:51,800

the journals of one of these people

966

00:45:55,599 --> 00:45:52,310

correct

967

00:45:58,540 --> 00:45:55,609

you know the team commander do we know

968

00:46:00,970 --> 00:45:58,550

anything about any of the other ones I

969

00:46:02,980 --> 00:46:00,980

mean of course that seems like time wise

970

00:46:06,130 --> 00:46:02,990

they probably all be dead by it by this

971

00:46:10,960 --> 00:46:06,140

time correct yeah the last one died in

972

00:46:13,450 --> 00:46:10,970

2002 and in Florida interesting so we

973

00:46:15,070 --> 00:46:13,460

don't have any no records of anything

974

00:46:18,770 --> 00:46:15,080

left by any of the other people have

975

00:46:23,390 --> 00:46:18,780

been disclosed through anonymous

976

00:46:26,690 --> 00:46:23,400

right just what's on the website WWF org

977

00:46:28,700 --> 00:46:26,700

now how about photographs they took they

978

00:46:31,160 --> 00:46:28,710

took thousands of photographs and videos

979

00:46:34,810 --> 00:46:31,170

all of which are stored at the bowling

980

00:46:39,800 --> 00:46:34,820

Air Force Base in Washington at the DIA

981

00:46:42,740 --> 00:46:39,810

headquarters so there are 3,000

982

00:46:46,070 --> 00:46:42,750

photographs there there are soil samples

983

00:46:48,200 --> 00:46:46,080

there are cassette recordings because

984

00:46:52,130 --> 00:46:48,210

they were able to use cassettes in the

985

00:46:53,840 --> 00:46:52,140

60s they had that technology so it's all

986

00:46:55,580 --> 00:46:53,850

there yeah it's a question of getting a

987

00:46:58,880 --> 00:46:55,590

Freedom of Information Act if I try and

988

00:47:00,770 --> 00:46:58,890

pry it out of there mm-hmm yeah that

989

00:47:02,480 --> 00:47:00,780

would be great to do I would love to see

990

00:47:05,210 --> 00:47:02,490

that happen but apparently a lot of

991

00:47:07,490 --> 00:47:05,220

people on this planet ended up knowing

992

00:47:09,620 --> 00:47:07,500

about these meetings I mean we we shared

993

00:47:12,320 --> 00:47:09,630

this information with Russia and China

994

00:47:13,700 --> 00:47:12,330

and the Vatican I mean even Carl Sagan

995

00:47:17,930 --> 00:47:13,710

seem to have gotten filled in on the

996

00:47:22,340 --> 00:47:17,940

situation exactly he was recruited to do

997

00:47:26,360 --> 00:47:22,350

the scientific analysis astronomy and he

998

00:47:30,050 --> 00:47:26,370

was ultimately wrote supposedly wrote 60

999

00:47:36,100 --> 00:47:30,060

I think was a 60 page opinion on the

1000

00:47:39,140 --> 00:47:36,110

fact that they're their rotational

1001
00:47:42,860 --> 00:47:39,150
computations did not seem to work out to

1002
00:47:45,350 --> 00:47:42,870
be in accord with the Kepler with the

1003
00:47:47,060 --> 00:47:45,360
Kepler formulas that that the

1004
00:47:49,070 --> 00:47:47,070
gravitation was different in that

1005
00:47:51,170 --> 00:47:49,080
particular solar system which he

1006
00:47:52,910 --> 00:47:51,180
admitted to reluctantly finally at the

1007
00:47:58,280 --> 00:47:52,920
end but he did sign his name to the

1008
00:48:01,310 --> 00:47:58,290
report and so that also is involved at

1009
00:48:03,200 --> 00:48:01,320
Bolling Air Force Base his connection to

1010
00:48:06,440 --> 00:48:03,210
it but he did later write the book

1011
00:48:08,330 --> 00:48:06,450
contact right he was not willing to come

1012
00:48:10,220 --> 00:48:08,340
out he was not willing to come out and

1013
00:48:11,300 --> 00:48:10,230

admit they'd been involved in that

1014

00:48:14,390 --> 00:48:11,310

operation because it would have

1015

00:48:17,090 --> 00:48:14,400

endangered his his position at Cornell

1016

00:48:20,150 --> 00:48:17,100

in the Cornell a Astronomy labs there he

1017

00:48:23,030 --> 00:48:20,160

was the director NASA might have started

1018

00:48:26,630 --> 00:48:23,040

stopped giving them money we had to but

1019

00:48:28,820 --> 00:48:26,640

we had to walk a fine line and he did it

1020

00:48:31,350 --> 00:48:28,830

I think through fiction by writing the

1021

00:48:33,620 --> 00:48:31,360

book contact which was made into a movie

1022

00:48:38,850 --> 00:48:33,630

as you know with Jodie Foster and

1023

00:48:41,340 --> 00:48:38,860

Matthew McConaughey so outside of the

1024

00:48:42,030 --> 00:48:41,350

confrontation over one of the human

1025

00:48:44,520 --> 00:48:42,040

bodies

1026

00:48:46,350 --> 00:48:44,530

I mean 13 years is a long time what did

1027

00:48:48,180 --> 00:48:46,360

they spend their time doing they did

1028

00:48:50,970 --> 00:48:48,190

they just integrate into society did

1029

00:48:54,390 --> 00:48:50,980

they just study with these Abin

1030

00:48:56,730 --> 00:48:54,400

scientists they had an agenda the agenda

1031

00:48:59,750 --> 00:48:56,740

was given to them by our people at Los

1032

00:49:02,580 --> 00:48:59,760

Alamos they they kept it very military

1033

00:49:04,620 --> 00:49:02,590

in the early stages they saw each other

1034

00:49:08,400 --> 00:49:04,630

as they passed they stopped doing that

1035

00:49:11,820 --> 00:49:08,410

after a while after about the sixth year

1036

00:49:14,550 --> 00:49:11,830

I believe they were finally given a

1037

00:49:17,430 --> 00:49:14,560

community of their own in the northern

1038

00:49:19,910 --> 00:49:17,440

quadrant which was much cooler and they

1039

00:49:22,860 --> 00:49:19,920

didn't have to live in that heat anymore

1040

00:49:25,320 --> 00:49:22,870

from what the commit from the way the

1041

00:49:29,880 --> 00:49:25,330

commander described it it was similar to

1042

00:49:35,190 --> 00:49:29,890

the the climate of Montana and I had the

1043

00:49:37,320 --> 00:49:35,200

same kind of foliage say the same type

1044

00:49:40,410 --> 00:49:37,330

of environment evergreen trees and still

1045

00:49:43,100 --> 00:49:40,420

evergreen trees yeah exactly so they

1046

00:49:46,400 --> 00:49:43,110

must have lived a relatively pleasant

1047

00:49:48,750 --> 00:49:46,410

seven years after that because they were

1048

00:49:50,670 --> 00:49:48,760

they were ensconce in a much more

1049

00:49:53,160 --> 00:49:50,680

comfortable environment and nobody

1050

00:49:54,480 --> 00:49:53,170

really was supervising them so you know

1051
00:49:57,000 --> 00:49:54,490
it sounded to me like an extended

1052
00:49:58,740 --> 00:49:57,010
vacation really right at that point so

1053
00:50:00,750 --> 00:49:58,750
they weren't really living in secret on

1054
00:50:02,850 --> 00:50:00,760
serpo it wasn't it wasn't weird to the

1055
00:50:04,350 --> 00:50:02,860
inhabitants of sir POTUS have beens from

1056
00:50:06,300 --> 00:50:04,360
another planet because obviously they've

1057
00:50:07,830 --> 00:50:06,310
been that wasn't even their home planet

1058
00:50:10,830 --> 00:50:07,840
so I guess they weren't really they were

1059
00:50:11,820 --> 00:50:10,840
just living among them exactly and they

1060
00:50:13,200 --> 00:50:11,830
were free to they were free to move

1061
00:50:16,080 --> 00:50:13,210
around any way they wanted they had the

1062
00:50:18,020 --> 00:50:16,090
use of a aircraft they're very much

1063
00:50:19,680 --> 00:50:18,030

similar - it was similar to our

1064

00:50:22,170 --> 00:50:19,690

helicopters although they didn't have

1065

00:50:23,490 --> 00:50:22,180

blades but they were anti-gravity and

1066

00:50:25,200 --> 00:50:23,500

they could use that and they can go

1067

00:50:28,410 --> 00:50:25,210

wherever they wanted explore the planet

1068

00:50:30,210 --> 00:50:28,420

and they did have their own agenda I'm

1069

00:50:33,480 --> 00:50:30,220

not sure what it was in terms of

1070

00:50:37,950 --> 00:50:33,490

bringing back information this was an

1071

00:50:39,840 --> 00:50:37,960

incredible insight into the into the

1072

00:50:42,030 --> 00:50:39,850

salt into the rest of the universe and

1073

00:50:44,010 --> 00:50:42,040

I'm sure they took advantage of whatever

1074

00:50:46,860 --> 00:50:44,020

information they could gather

1075

00:50:48,720 --> 00:50:46,870

right yeah this seems like potentially

1076
00:50:51,840 --> 00:50:48,730
The Smoking Gun if we could really get

1077
00:50:53,940 --> 00:50:51,850
to all that data it's like so

1078
00:50:55,980 --> 00:50:53,950
frustrating that we can't I know if we

1079
00:50:57,630 --> 00:50:55,990
could get that data and incredible

1080
00:50:59,100 --> 00:50:57,640
things would open up incredible things

1081
00:51:00,990 --> 00:50:59,110
will open up absolutely

1082
00:51:06,630 --> 00:51:01,000
so it's sitting there and sitting there

1083
00:51:09,840 --> 00:51:06,640
and why they are keeping it under wraps

1084
00:51:11,400 --> 00:51:09,850
at this point fifty years later I don't

1085
00:51:13,230 --> 00:51:11,410
know I mean so many good things could

1086
00:51:15,480 --> 00:51:13,240
come out of it I mean you've combed

1087
00:51:17,310 --> 00:51:15,490
through all these leaked journals

1088
00:51:19,170 --> 00:51:17,320

outside of what we've discussed did you

1089

00:51:22,770 --> 00:51:19,180

read anything in them that really stood

1090

00:51:27,600 --> 00:51:22,780

out to you well you know to tell you the

1091

00:51:29,670 --> 00:51:27,610

truth one would expect to be on another

1092

00:51:33,560 --> 00:51:29,680

planet won't expect to see beautiful

1093

00:51:37,170 --> 00:51:33,570

cities and all kinds of incredible

1094

00:51:39,420 --> 00:51:37,180

futuristic developments this was kind of

1095

00:51:41,220 --> 00:51:39,430

a dull place and it's not a kind of

1096

00:51:45,930 --> 00:51:41,230

place that I would want to ever even

1097

00:51:47,520 --> 00:51:45,940

visit you know it's so and and while the

1098

00:51:50,340 --> 00:51:47,530

evenings were nice people and they

1099

00:51:53,040 --> 00:51:50,350

treated us beautifully they weren't

1100

00:51:55,620 --> 00:51:53,050

especially interesting they had strange

1101
00:51:58,770 --> 00:51:55,630
customs terms of dancing and so forth

1102
00:52:01,170 --> 00:51:58,780
and they didn't seem to have any culture

1103
00:52:03,600 --> 00:52:01,180
the way we have culture libraries

1104
00:52:07,230 --> 00:52:03,610
museums you know all of that seemed to

1105
00:52:09,240 --> 00:52:07,240
be missing so we were dealing with kind

1106
00:52:12,600 --> 00:52:09,250
of uh I don't know how to describe it

1107
00:52:15,720 --> 00:52:12,610
really it goes way beyond 1984 just a

1108
00:52:19,350 --> 00:52:15,730
cold scientific community that doesn't

1109
00:52:23,220 --> 00:52:19,360
really have any art they lived in Adobe

1110
00:52:25,520 --> 00:52:23,230
type very small Hut's well they weren't

1111
00:52:28,460 --> 00:52:25,530
Hut's they were they were houses and

1112
00:52:31,850 --> 00:52:28,470
they were allowed to have one child and

1113
00:52:35,460 --> 00:52:31,860

no more than one child it was they were

1114

00:52:40,370 --> 00:52:35,470

assigned to certain tasks based on their

1115

00:52:44,700 --> 00:52:40,380

education and that became their lifelong

1116

00:52:49,070 --> 00:52:44,710

job so you know it wasn't to me the kind

1117

00:52:52,560 --> 00:52:49,080

of place that we would we would envision

1118

00:52:53,790 --> 00:52:52,570

distant star system and one other thing

1119

00:52:56,820 --> 00:52:53,800

I thought that was pretty interesting

1120

00:52:58,050 --> 00:52:56,830

they talked about how often they visited

1121

00:52:59,670 --> 00:52:58,060

earth they said they've been

1122

00:53:02,700 --> 00:52:59,680

visiting earth since before we were

1123

00:53:03,600 --> 00:53:02,710

civilized this race has correct yeah

1124

00:53:05,460 --> 00:53:03,610

exactly

1125

00:53:07,080 --> 00:53:05,470

that's why they spoke of Jesus and his

1126

00:53:10,350 --> 00:53:07,090

bulk of a lot of other developments on

1127

00:53:11,430 --> 00:53:10,360

our planet that they know that but the

1128

00:53:13,170 --> 00:53:11,440

interesting thing is that they were

1129

00:53:17,010 --> 00:53:13,180

surveilling with I shouldn't I should

1130

00:53:19,590 --> 00:53:17,020

say they were looking at our most

1131

00:53:22,770 --> 00:53:19,600

sensitive military installation the

1132

00:53:24,780 --> 00:53:22,780

crash over of Roswell was the crash over

1133

00:53:27,840 --> 00:53:24,790

the 509th Bomb Group which was the

1134

00:53:32,100 --> 00:53:27,850

atomic bomb boom so the question becomes

1135

00:53:34,680 --> 00:53:32,110

well now then we found out that they had

1136

00:53:38,370 --> 00:53:34,690

won a hundred year war they had the

1137

00:53:41,990 --> 00:53:38,380

ability if they wanted to to militarily

1138

00:53:45,360 --> 00:53:42,000

speaking to take over this planet

1139

00:53:48,390 --> 00:53:45,370

technology was and that's why there was

1140

00:53:53,810 --> 00:53:48,400

such panic at the Pentagon over the

1141

00:53:57,120 --> 00:53:53,820

Roswell crash that's the reason and and

1142

00:54:00,030 --> 00:53:57,130

Philip Corso talked about that in his

1143

00:54:03,030 --> 00:54:00,040

book the day after Roswell their initial

1144

00:54:06,680 --> 00:54:03,040

initial reaction to Roswell was that we

1145

00:54:09,630 --> 00:54:06,690

were in danger of being invaded so

1146

00:54:11,430 --> 00:54:09,640

fortunately they turn out to be nice

1147

00:54:16,560 --> 00:54:11,440

people civilized people and we did

1148

00:54:18,240 --> 00:54:16,570

expose our all of our information to

1149

00:54:22,050 --> 00:54:18,250

several other countries including China

1150

00:54:24,450 --> 00:54:22,060

Russia the Vatican many departments of

1151

00:54:27,240 --> 00:54:24,460

our government were present at

1152

00:54:32,490 --> 00:54:27,250

succeeding meetings the last meeting

1153

00:54:34,410 --> 00:54:32,500

took place in 2010 in mid-pacific I'm

1154

00:54:36,330 --> 00:54:34,420

what's called Johnston Island although

1155

00:54:41,850 --> 00:54:36,340

it's really not an island so much as it

1156

00:54:43,320 --> 00:54:41,860

is a that tall and so you know a lot of

1157

00:54:49,850 --> 00:54:43,330

governments around the world know all

1158

00:54:52,290 --> 00:54:49,860

about thee that includes Russia so it

1159

00:54:55,230 --> 00:54:52,300

must know about it and certainly the

1160

00:54:57,450 --> 00:54:55,240

Chinese know about it so it's no longer

1161

00:54:58,920 --> 00:54:57,460

a great secret we would not but we

1162

00:55:01,080 --> 00:54:58,930

apparently have become their

1163

00:55:04,290 --> 00:55:01,090

representatives here and they deal with

1164

00:55:05,970 --> 00:55:04,300

us feint mainly yeah it's interesting

1165

00:55:09,600 --> 00:55:05,980

that all these governments would know

1166

00:55:12,220 --> 00:55:09,610

about this and still not be motivated to

1167

00:55:16,180 --> 00:55:12,230

get us to a place where we're operating

1168

00:55:17,500 --> 00:55:16,190

as a single unit as a as a world as the

1169

00:55:19,120 --> 00:55:17,510

earth you know when they know that they

1170

00:55:20,590 --> 00:55:19,130

were making contact with another species

1171

00:55:21,940 --> 00:55:20,600

you think that would be a motivating

1172

00:55:24,010 --> 00:55:21,950

factor and being like hey we should

1173

00:55:27,880 --> 00:55:24,020

probably get our [h__h] together so we can

1174

00:55:31,780 --> 00:55:27,890

like enter the global marketplace or

1175

00:55:35,200 --> 00:55:31,790

whatever the Galactic market yeah it

1176

00:55:37,330 --> 00:55:35,210

raises all those questions if we have

1177

00:55:39,760 --> 00:55:37,340

freely shared this information with

1178

00:55:43,210 --> 00:55:39,770

other nations and they know all these

1179

00:55:44,560 --> 00:55:43,220

fantastic things just as we do you'd

1180

00:55:50,349 --> 00:55:44,570

think there would be some sort of a

1181

00:55:53,050 --> 00:55:50,359

worldwide movement to - in terms of of a

1182

00:55:55,060 --> 00:55:53,060

diplomatic relationship with this planet

1183

00:55:56,740 --> 00:55:55,070

and and all the other planets that they

1184

00:56:00,640 --> 00:55:56,750

have visited don't forget they've been

1185

00:56:03,010 --> 00:56:00,650

roaming the galaxy the 50,000 years you

1186

00:56:04,540 --> 00:56:03,020

imagine what they know yeah

1187

00:56:06,400 --> 00:56:04,550

they proud yeah they probably know all

1188

00:56:08,320 --> 00:56:06,410

kinds of things but that brings up

1189

00:56:09,880 --> 00:56:08,330

another interesting point as I've been

1190

00:56:13,930 --> 00:56:09,890

interested in Roswell since I was a kid

1191

00:56:17,859 --> 00:56:13,940

but I've always wondered how a spaceship

1192

00:56:19,780 --> 00:56:17,869

could navigate a wormhole and you know

1193

00:56:22,120 --> 00:56:19,790

this race could be traveling for tens of

1194

00:56:25,320 --> 00:56:22,130

thousands of years around the universe

1195

00:56:28,599 --> 00:56:25,330

and then crashed in the Arizona desert

1196

00:56:30,250 --> 00:56:28,609

there's amazing story yeah absolutely

1197

00:56:32,770 --> 00:56:30,260

who knows maybe they crash on other

1198

00:56:36,190 --> 00:56:32,780

planets as well the technology's not

1199

00:56:38,170 --> 00:56:36,200

perfect right and apparently at the rate

1200

00:56:41,650 --> 00:56:38,180

it was it was a very powerful radar

1201
00:56:45,790 --> 00:56:41,660
around that Roswell a base that caused

1202
00:56:47,290 --> 00:56:45,800
the crash but some think it was the

1203
00:56:49,240 --> 00:56:47,300
lightning storm that was taking place at

1204
00:56:51,790 --> 00:56:49,250
that time in any case the two of two of

1205
00:56:53,680 --> 00:56:51,800
their craft collided and one ended up

1206
00:56:56,410 --> 00:56:53,690
near Roswell and one ended up further

1207
00:56:58,990 --> 00:56:56,420
west in the plains of st. Augustine and

1208
00:57:01,320 --> 00:56:59,000
we eventually recovered the remains of

1209
00:57:03,370 --> 00:57:01,330
that craft as well

1210
00:57:05,740 --> 00:57:03,380
according to the briefing that was given

1211
00:57:08,020 --> 00:57:05,750
to President Reagan both ships with the

1212
00:57:10,480 --> 00:57:08,030
same design and the aliens were exactly

1213
00:57:14,530 --> 00:57:10,490

the same so what happened was two of

1214

00:57:17,980 --> 00:57:14,540

their craft collided and that can happen

1215

00:57:19,540 --> 00:57:17,990

that can happen it can yeah so we got a

1216

00:57:22,090 --> 00:57:19,550

couple minutes left I really want to

1217

00:57:24,760 --> 00:57:22,100

know more about this anonymous guy

1218

00:57:25,820 --> 00:57:24,770

because he is the crutch that this all

1219

00:57:28,190 --> 00:57:25,830

leans

1220

00:57:30,140 --> 00:57:28,200

there isn't an interesting anecdote he

1221

00:57:31,700 --> 00:57:30,150

told us that he was the editor of

1222

00:57:33,140 --> 00:57:31,710

something called the red book can you

1223

00:57:35,870 --> 00:57:33,150

tell us about that and how he was

1224

00:57:38,690 --> 00:57:35,880

involved with it he claimed that the red

1225

00:57:41,480 --> 00:57:38,700

book is a complete complete compendium

1226

00:57:47,060 --> 00:57:41,490

of all of our contacts with et different

1227

00:57:49,370 --> 00:57:47,070

apt races and in his release to the to

1228

00:57:51,200 --> 00:57:49,380

the website he said that we had contact

1229

00:57:53,900 --> 00:57:51,210

with nine other with nine races all

1230

00:57:55,340 --> 00:57:53,910

together including the evens and some of

1231

00:57:57,320 --> 00:57:55,350

the life forms that we have dealt with

1232

00:58:01,070 --> 00:57:57,330

he claimed were actually not completely

1233

00:58:03,110 --> 00:58:01,080

biological they were part they were part

1234

00:58:06,560 --> 00:58:03,120

of automaton but they were able to make

1235

00:58:11,690 --> 00:58:06,570

decisions so he talks about that that's

1236

00:58:15,110 --> 00:58:11,700

all in my book and it was his job as the

1237

00:58:18,890 --> 00:58:15,120

editor of the red book to brief sitting

1238

00:58:22,760 --> 00:58:18,900

presidents updating them on a contact

1239

00:58:26,360 --> 00:58:22,770

with ETS both ours and around the world

1240

00:58:28,610 --> 00:58:26,370

and that became that's known as the red

1241

00:58:31,160 --> 00:58:28,620

book and as the editor of the red book

1242

00:58:32,650 --> 00:58:31,170

and I asked the man who briefed sitting

1243

00:58:36,340 --> 00:58:32,660

presidents you've got to believe that

1244

00:58:39,560 --> 00:58:36,350

he's way up there in the in the

1245

00:58:41,420 --> 00:58:39,570

intelligence hierarchy and my my own

1246

00:58:45,050 --> 00:58:41,430

guess is that he was probably on mj-12

1247

00:58:47,090 --> 00:58:45,060

uh yeah see he must have been up there

1248

00:58:49,250 --> 00:58:47,100

he seems like he's disclosed a lot of

1249

00:58:51,230 --> 00:58:49,260

information about himself that would

1250

00:58:53,360 --> 00:58:51,240

make it easy for high-ranking people to

1251

00:58:55,010 --> 00:58:53,370

figure out who he was because there

1252

00:58:58,250 --> 00:58:55,020

can't be that many people who edited the

1253

00:59:00,820 --> 00:58:58,260

red book and briefed presidents exactly

1254

00:59:03,260 --> 00:59:00,830

and I think Rick Doty knows who he was

1255

00:59:05,120 --> 00:59:03,270

Rick Doty has made some statements that

1256

00:59:07,340 --> 00:59:05,130

make me think that he does know who he

1257

00:59:09,770 --> 00:59:07,350

was oh he has a very good guess

1258

00:59:13,700 --> 00:59:09,780

did we was but he's actually still alive

1259

00:59:17,360 --> 00:59:13,710

the last his last entry into the website

1260

00:59:18,220 --> 00:59:17,370

was in 2012 so he still he's still

1261

00:59:20,900 --> 00:59:18,230

around

1262

00:59:24,230 --> 00:59:20,910

what did he say in his last entry was it

1263

00:59:26,770 --> 00:59:24,240

still just more journals no it was some

1264

00:59:29,570 --> 00:59:26,780

very interesting information about

1265

00:59:31,430 --> 00:59:29,580

Turner Noah was you have to take a look

1266

00:59:35,990 --> 00:59:31,440

I can't recall something he wanted to

1267

00:59:37,940 --> 00:59:36,000

communicate sure yeah remember he does a

1268

00:59:39,620 --> 00:59:37,950

lot of information on the website and

1269

00:59:42,700 --> 00:59:39,630

your listeners are encouraged to

1270

00:59:47,060 --> 00:59:42,710

go out there and take a look at it it's

1271

00:59:49,400 --> 00:59:47,070

wwws serpo org still out there of course

1272

00:59:51,590 --> 00:59:49,410

so when you first heard about this story

1273

00:59:55,880 --> 00:59:51,600

were you skeptical of it I assumed you'd

1274

00:59:59,720 --> 00:59:55,890

have to be I was sitting in a shuttle

1275

01:00:01,700 --> 00:59:59,730

bus from Laughlin Nevada to divide the

1276

01:00:05,840 --> 01:00:01,710

Nevada Airport to the Las Vegas Airport

1277

01:00:07,780 --> 01:00:05,850

with Bill Ryan who was the moderator of

1278

01:00:10,640 --> 01:00:07,790

the website and who created the website

1279

01:00:13,400 --> 01:00:10,650

so I had two hours of exposure to the

1280

01:00:16,040 --> 01:00:13,410

whole story and Donald where was in that

1281

01:00:17,480 --> 01:00:16,050

in that particular shuttle too and he he

1282

01:00:18,860 --> 01:00:17,490

contributed some information and you

1283

01:00:23,090 --> 01:00:18,870

know I think you know Donald where is

1284

01:00:25,490 --> 01:00:23,100

right mm-hmm he's well known and he's

1285

01:00:28,520 --> 01:00:25,500

high up there in the intelligence

1286

01:00:32,240 --> 01:00:28,530

apparatus so when we're seemed to go

1287

01:00:34,400 --> 01:00:32,250

along with it and Ryan gave so much

1288

01:00:36,800 --> 01:00:34,410

information I began to understand that

1289

01:00:39,410 --> 01:00:36,810

this was a true story and look for I

1290

01:00:41,750 --> 01:00:39,420

wanted to look further into it yeah it's

1291

01:00:44,270 --> 01:00:41,760

definitely fascinating are there any

1292

01:00:46,250 --> 01:00:44,280

other points you would make to skeptics

1293

01:00:47,870 --> 01:00:46,260

who might be out there shaking their

1294

01:00:49,820 --> 01:00:47,880

head right now thinking that there's no

1295

01:00:51,560 --> 01:00:49,830

way this could be true are there any

1296

01:00:53,780 --> 01:00:51,570

other points you would make that would

1297

01:00:57,740 --> 01:00:53,790

make the story seem more credible how

1298

01:01:01,640 --> 01:00:57,750

can we reach those skeptical people well

1299

01:01:04,070 --> 01:01:01,650

you know President Kennedy was dedicated

1300

01:01:06,860 --> 01:01:04,080

to government transparency so it was it

1301

01:01:09,350 --> 01:01:06,870

was it was his it was the fact that he

1302

01:01:11,870 --> 01:01:09,360

gave this whole operation to the DIA and

1303

01:01:13,760 --> 01:01:11,880

not the CIA that made this revelation

1304

01:01:16,100 --> 01:01:13,770

possible we never would have learned

1305

01:01:20,060 --> 01:01:16,110

about it if it had probably stayed in

1306

01:01:23,230 --> 01:01:20,070

the hands of the CIA mm-hmm so so here

1307

01:01:25,580 --> 01:01:23,240

it is 50 years later after the fact

1308

01:01:29,090 --> 01:01:25,590

they're sitting on top of incredible

1309

01:01:31,910 --> 01:01:29,100

technology they're the only point I

1310

01:01:35,120 --> 01:01:31,920

would like to make is that I think it's

1311

01:01:38,330 --> 01:01:35,130

time that the planet was able to start

1312

01:01:41,510 --> 01:01:38,340

making use of this technology curing

1313

01:01:44,480 --> 01:01:41,520

illnesses curing diseases that they had

1314

01:01:46,310 --> 01:01:44,490

probably already worked on and using

1315

01:01:49,070 --> 01:01:46,320

free energy all these things that are

1316

01:01:53,180 --> 01:01:49,080

being kept under wraps I think the time

1317

01:01:54,440 --> 01:01:53,190

has come you know there's you know we

1318

01:01:57,260 --> 01:01:54,450

to move into a whole nother level

1319

01:01:58,550 --> 01:01:57,270

absolutely that's that's my that's my

1320

01:02:00,559 --> 01:01:58,560

only point that's the point I'd like to

1321

01:02:03,440 --> 01:02:00,569

make at this yeah man they say it's the

1322

01:02:05,930 --> 01:02:03,450

age of awaking well right online it has

1323

01:02:08,270 --> 01:02:05,940

been a great time to plant it sir pone

1324

01:02:10,099 --> 01:02:08,280

back again a wild far-out ride I

1325

01:02:11,930 --> 01:02:10,109

appreciate you laying all this out for

1326

01:02:13,250 --> 01:02:11,940

the people in your book and coming on

1327

01:02:15,559 --> 01:02:13,260

the higher side Chasa talked to me about

1328

01:02:17,690 --> 01:02:15,569

it do you want to tell the people about

1329

01:02:20,420 --> 01:02:17,700

your website or your next big project

1330

01:02:27,790 --> 01:02:20,430

before we let you go I don't have a next

1331

01:02:56,260 --> 01:02:54,319

www.miamikettlebell.com in ears in

1332

01:02:59,960 --> 01:02:56,270

between the certain steps of the process

1333

01:03:03,530 --> 01:02:59,970

why did the alien race let their fallen

1334

01:03:05,930 --> 01:03:03,540

comrade spend five years and then die on

1335

01:03:08,050 --> 01:03:05,940

an alien world when apparently they

1336

01:03:09,680 --> 01:03:08,060

could have brought them home so easily

1337

01:03:12,109 --> 01:03:09,690

yeah I don't know

1338

01:03:15,980 --> 01:03:12,119

it is far out but I can't say anything

1339

01:03:19,309 --> 01:03:15,990

really I mean 13,000 pages that's a lot

1340

01:03:20,809 --> 01:03:19,319

of pages guys a lot of documents but

1341

01:03:23,630 --> 01:03:20,819

either way I hope we got your blood

1342

01:03:26,030 --> 01:03:23,640

moving guys and I hope you found it to

1343

01:03:28,700 --> 01:03:26,040

be an interesting conversation so please

1344

01:03:29,480 --> 01:03:28,710

share the show if you can support me in

1345

01:03:31,790 --> 01:03:29,490

any way

1346

01:03:34,490 --> 01:03:31,800

conspiracies if you're into conspiracy

1347

01:03:37,160 --> 01:03:34,500

themed t-shirts I've got some over two

1348

01:03:40,300 --> 01:03:37,170

conspiracies net of course the money

1349

01:03:42,680 --> 01:03:40,310

bomb is kind of my focus now and

1350

01:03:45,230 --> 01:03:42,690

actually I should mention that my

1351

01:03:46,940 --> 01:03:45,240

birthday is coming up on the 25th I'm

1352

01:03:50,210 --> 01:03:46,950

trying to coordinate that with our

1353

01:03:52,670 --> 01:03:50,220

hundredth episode and some people have

1354

01:03:54,290 --> 01:03:52,680

asked me if there's a way to donate or

1355

01:03:57,230 --> 01:03:54,300

help me out without contributing the

1356

01:03:58,880 --> 01:03:57,240

money bomb and I have said no there

1357

01:04:02,480 --> 01:03:58,890

really isn't because I just don't

1358

01:04:04,250 --> 01:04:02,490

separate donations that way so this does

1359

01:04:06,950 --> 01:04:04,260

open the door for someone who wants to

1360

01:04:08,900 --> 01:04:06,960

make a direct contribution to me

1361

01:04:11,150 --> 01:04:08,910

and once the rest of the listeners to

1362

01:04:14,540 --> 01:04:11,160

just [h__\h] off but no it's I have an

1363

01:04:16,850 --> 01:04:14,550

Amazon wishlist it's full of equipment

1364

01:04:18,380 --> 01:04:16,860

that would make the show a little better

1365

01:04:23,110 --> 01:04:18,390

a little higher quality a little

1366

01:04:25,840 --> 01:04:23,120

smoother and health stuff random

1367

01:04:28,010 --> 01:04:25,850

alternative health type stuff and

1368

01:04:29,540 --> 01:04:28,020

supplements that I've heard about that

1369

01:04:31,820 --> 01:04:29,550

I've wanted to try but haven't wanted to

1370

01:04:34,040 --> 01:04:31,830

spend the money on so the Amazon

1371

01:04:38,570 --> 01:04:34,050

wishlist is just those things primarily

1372

01:04:41,210 --> 01:04:38,580

so if you want to help me out get me a

1373

01:04:43,490 --> 01:04:41,220

little birthday present most of my

1374

01:04:46,450 --> 01:04:43,500

friends and family have abandoned me as

1375

01:04:51,590 --> 01:04:46,460

I've traveled down into the fringes of

1376

01:04:53,780 --> 01:04:51,600

conspiracy and paranormal material and

1377

01:04:57,890 --> 01:04:53,790

so it would be nice to have somebody

1378

01:05:02,170 --> 01:04:57,900

make up for that massive massive void in

1379

01:05:05,530 --> 01:05:02,180

my life anyway thanks guys

1380

01:05:07,810 --> 01:05:05,540

I'm gonna get out of here it has been
