1  
00:00:38,120 --> 00:00:35,840  
Wow higher side shatters just wow

2  
00:00:39,950 --> 00:00:38,130  
welcome to THC drinking a little drink

3  
00:00:41,960 --> 00:00:39,960  
smokin a little smoke from sunny San

4  
00:00:44,120 --> 00:00:41,970  
Diego I'm Greg Carl Wood fresh off the

5  
00:00:46,580 --> 00:00:44,130  
Don peyote tour bus with Dan Fogler

6  
00:00:49,520 --> 00:00:46,590  
Freeman fly Jaime Hanshaw and Ron Patton

7  
00:00:51,350 --> 00:00:49,530  
of paranoia magazine it was an amazing

8  
00:00:53,390 --> 00:00:51,360  
adventure I tripped acid for the first

9  
00:00:55,580 --> 00:00:53,400  
time in the redwoods a Big Sur which

10  
00:00:57,290 --> 00:00:55,590  
went to some scary places after between

11  
00:01:00,080 --> 00:00:57,300  
four and five hits depending on how you

12  
00:01:01,819 --> 00:01:00,090  
score it it was wild and I went to hell

13  
00:01:03,470 --> 00:01:01,829

and back quite honestly people but there

14

00:01:05,149 --> 00:01:03,480

are so many great stories and videos

15

00:01:07,219 --> 00:01:05,159

from the trip and I think I'm gonna try

16

00:01:09,139 --> 00:01:07,229

and put a little video together I can

17

00:01:10,999 --> 00:01:09,149

really go through the details of it

18

00:01:13,069 --> 00:01:11,009

should be fun but I know you people have

19

00:01:15,529 --> 00:01:13,079

been hungry for a new show and I'm sorry

20

00:01:17,209 --> 00:01:15,539

I broke my every five day covenant so

21

00:01:18,950 --> 00:01:17,219

soon but it really was a once in a

22

00:01:20,840 --> 00:01:18,960

lifetime kind of thing and I needed to

23

00:01:22,999 --> 00:01:20,850

get out of the house but here we are you

24

00:01:24,679 --> 00:01:23,009

lovely party people and a great talk

25

00:01:27,139 --> 00:01:24,689

with xavier hayes who's written

26  
00:01:28,969 --> 00:01:27,149  
extensively about the xem sue [h\_\_h] who

27  
00:01:31,190 --> 00:01:28,979  
just might be the first secret society

28  
00:01:33,499 --> 00:01:31,200  
behind ancient Egypt possibly reptilian

29  
00:01:35,209 --> 00:01:33,509  
even he has also investigated the claims

30  
00:01:37,309 --> 00:01:35,219  
of [h\_\_h] surrounding the deaths of

31  
00:01:38,809 --> 00:01:37,319  
Elvis and Michael Jackson and made some

32  
00:01:40,249 --> 00:01:38,819  
really interesting connections that we

33  
00:01:42,319 --> 00:01:40,259  
touched on the second half of the show

34  
00:01:44,120 --> 00:01:42,329  
but I love this interview and I love

35  
00:01:46,010 --> 00:01:44,130  
this book in the subject matter so I

36  
00:01:48,499 --> 00:01:46,020  
hope you enjoy people we have a money

37  
00:01:50,480 --> 00:01:48,509  
bomb next episode so get those donations

38  
00:01:52,370 --> 00:01:50,490

in we're slightly behind where I'd like

39

00:01:54,199 --> 00:01:52,380

to be but another hundred or so would

40

00:01:56,569 --> 00:01:54,209

really get us pretty much there so

41

00:01:58,609 --> 00:01:56,579

consider throwing down and hopefully

42

00:02:00,559 --> 00:01:58,619

you'll be this rounds winner or at least

43

00:02:02,539 --> 00:02:00,569

contribute to someone else's needs who

44

00:02:05,419 --> 00:02:02,549

we'll talk to on the next show also

45

00:02:07,429 --> 00:02:05,429

consider the new subscription tab where

46

00:02:10,309 --> 00:02:07,439

you can donate five ten or twenty

47

00:02:13,190 --> 00:02:10,319

dollars monthly I know this is a huge

48

00:02:15,200 --> 00:02:13,200

deal it would be amazing for people to

49

00:02:17,240 --> 00:02:15,210

do that but there are a lot of shows out

50

00:02:19,190 --> 00:02:17,250

there that are five or ten dollars a

51  
00:02:21,050 --> 00:02:19,200  
month just to get access

52  
00:02:23,600 --> 00:02:21,060  
the stuff that I already give you so

53  
00:02:26,630 --> 00:02:23,610  
consider that if if you're able and

54  
00:02:29,600 --> 00:02:26,640  
willing so let's do this people

55  
00:02:31,220 --> 00:02:29,610  
reptilians Akhenaten Elvis Michael

56  
00:02:33,320 --> 00:02:31,230  
Jackson the Martian materials in the

57  
00:02:36,620 --> 00:02:33,330  
Great Pyramids of Egypt dinosaurs the

58  
00:02:40,220 --> 00:02:36,630  
chefs ooh [h\_\_\h] and much more and I'll

59  
00:02:41,690 --> 00:02:40,230  
see you on the other side alright people

60  
00:02:43,370 --> 00:02:41,700  
if you're paying attention it should be

61  
00:02:45,080 --> 00:02:43,380  
obvious that the ruling elite has been

62  
00:02:46,820 --> 00:02:45,090  
carefully crafting a framework of

63  
00:02:48,650 --> 00:02:46,830

reality that reduces people to mere

64

00:02:50,600 --> 00:02:48,660

hamsters on the unfulfilled wheel of

65

00:02:52,699 --> 00:02:50,610

economic slavery and total thought

66

00:02:54,530 --> 00:02:52,709

control but many people wonder where

67

00:02:56,030 --> 00:02:54,540

this all began and though it's hard to

68

00:02:58,339 --> 00:02:56,040

get in conclusive answer from a

69

00:03:00,319 --> 00:02:58,349

notoriously secret cabal many of their

70

00:03:02,660 --> 00:03:00,329

symbols and tributes lead one to suggest

71

00:03:04,970 --> 00:03:02,670

something about ancient Egypt is very

72

00:03:07,009 --> 00:03:04,980

important well today's guests Xavier

73

00:03:08,839 --> 00:03:07,019

Hayes has written a book entitled aliens

74

00:03:10,280 --> 00:03:08,849

in ancient Egypt the Brotherhood of the

75

00:03:12,110 --> 00:03:10,290

serpent and the secrets of the Nile

76

00:03:14,120 --> 00:03:12,120

civilization that follows these

77

00:03:16,220 --> 00:03:14,130

breadcrumbs back to the original secret

78

00:03:18,800 --> 00:03:16,230

society that today's elite might still

79

00:03:19,880 --> 00:03:18,810

be emulating and stranger still they may

80

00:03:21,440 --> 00:03:19,890

have learned their techniques for

81

00:03:23,720 --> 00:03:21,450

controlling from the background from an

82

00:03:25,280 --> 00:03:23,730

otherworldly species of reptilians I

83

00:03:26,840 --> 00:03:25,290

love the book and I'm psyched to have

84

00:03:30,410 --> 00:03:26,850

him here Xavier Hayes how the hell are

85

00:03:31,129 --> 00:03:30,420

you man um you could be good how how we

86

00:03:34,160 --> 00:03:31,139

going bowling

87

00:03:36,620 --> 00:03:34,170

telephone excellent man never better

88

00:03:38,539 --> 00:03:36,630

I can never complain about sunny San

89

00:03:41,090 --> 00:03:38,549

Diego but man you know I really did

90

00:03:42,650 --> 00:03:41,100

enjoy the book and it goes in quite a

91

00:03:45,020 --> 00:03:42,660

few places that I wouldn't have thought

92

00:03:46,129 --> 00:03:45,030

but to get us started let's dive into

93

00:03:47,870 --> 00:03:46,139

ancient Egypt

94

00:03:49,759 --> 00:03:47,880

I've had many guests from many different

95

00:03:51,890 --> 00:03:49,769

weird areas of life and whether you're

96

00:03:54,020 --> 00:03:51,900

talking about occult magicians or

97

00:03:55,849 --> 00:03:54,030

Freemasons or Bilderberg journalists if

98

00:03:57,920 --> 00:03:55,859

you follow some of this modern fringe

99

00:03:59,780 --> 00:03:57,930

material back all these subjects that

100

00:04:01,849 --> 00:03:59,790

seem wildly different lead back to

101  
00:04:03,860 --> 00:04:01,859  
ancient Egypt so clearly something's up

102  
00:04:06,319 --> 00:04:03,870  
but let's try to walk through some of

103  
00:04:07,940 --> 00:04:06,329  
this chronologically man before the Shem

104  
00:04:09,890 --> 00:04:07,950  
Sioux [h\_\_h] which we're definitely going

105  
00:04:12,740 --> 00:04:09,900  
to talk about things seem to be going

106  
00:04:16,879 --> 00:04:12,750  
pretty well in Egypt didn't they well

107  
00:04:19,069 --> 00:04:16,889  
yeah it has you know ways the Ruth of

108  
00:04:21,790 --> 00:04:19,079  
Mozart what we referred to as a cult

109  
00:04:25,010 --> 00:04:21,800  
knowledge and most all the symbolism you

110  
00:04:29,420 --> 00:04:25,020  
villain lobbying all sugar societies

111  
00:04:32,840 --> 00:04:29,430  
today the stems from this culture so if

112  
00:04:35,410 --> 00:04:32,850  
you can say that it was going very well

113  
00:04:38,930 --> 00:04:35,420

before the ship's your whole period it's

114

00:04:42,110 --> 00:04:38,940

debatable because we know of the actual

115

00:04:46,190 --> 00:04:42,120

Egyptian pyramids would you fail all

116

00:04:50,420 --> 00:04:46,200

that way there before so we Gibson

117

00:04:53,540 --> 00:04:50,430

themselves left records and they'd

118

00:04:57,850 --> 00:04:53,550

inherited this this high advanced to be

119

00:05:01,430 --> 00:04:57,860

civilization right when I think about

120

00:05:03,590 --> 00:05:01,440

Egypt as we know it you know the time of

121

00:05:07,150 --> 00:05:03,600

Pharaohs and all the the symbols we see

122

00:05:09,940 --> 00:05:07,160

that is it seems to be that's where

123

00:05:11,750 --> 00:05:09,950

civilization picked up after this big

124

00:05:13,520 --> 00:05:11,760

Cataclysm which I've heard you say

125

00:05:15,170 --> 00:05:13,530

before and a lot of guests suggest and

126

00:05:19,360 --> 00:05:15,180

I'm inclined to think that you know as

127

00:05:21,440 --> 00:05:19,370

time as Siculus cataclysms happen

128

00:05:23,240 --> 00:05:21,450

throughout history is just kind of

129

00:05:24,800 --> 00:05:23,250

something that happens and it seems like

130

00:05:28,540 --> 00:05:24,810

the last one that everyone talks about

131

00:05:31,640 --> 00:05:28,550

was a big flood and Egypt seems to be

132

00:05:33,230 --> 00:05:31,650

you know the set up of society post

133

00:05:38,200 --> 00:05:33,240

flood I mean is that pretty accurate

134

00:05:42,320 --> 00:05:38,210

absolutely because well before the flood

135

00:05:45,380 --> 00:05:42,330

there was other golden ages and who to

136

00:05:47,840 --> 00:05:45,390

say how hold definitely the pyramids

137

00:05:50,510 --> 00:05:47,850

weren't built and has tombs for the hair

138

00:05:54,950 --> 00:05:50,520

creepy that's that's ridiculous after

139

00:05:57,680 --> 00:05:54,960

the flood like everything else oh I need

140

00:06:00,260 --> 00:05:57,690

rebuild and it takes in the hundreds of

141

00:06:02,720 --> 00:06:00,270

thousands of years - right they have to

142

00:06:09,080 --> 00:06:02,730

speak everything wrong but we do know

143

00:06:11,660 --> 00:06:09,090

that the pyramids themselves when their

144

00:06:13,580 --> 00:06:11,670

first explorers and early 1800 started

145

00:06:16,190 --> 00:06:13,590

coming over and going into the pyramids

146

00:06:18,110 --> 00:06:16,200

or off of walking's and some of the

147

00:06:22,600 --> 00:06:18,120

preeminent scholars from England they

148

00:06:25,550 --> 00:06:22,610

found evidence of seawater salt

149

00:06:27,470 --> 00:06:25,560

encrusted within the pyramids detailing

150

00:06:30,320 --> 00:06:27,480

that I had been submerged and you could

151

00:06:31,580 --> 00:06:30,330

find all times at sea shell and that's

152

00:06:33,200 --> 00:06:31,590

something I was curious about because

153

00:06:35,900 --> 00:06:33,210

the pyramids you know there's a lot of

154

00:06:38,210 --> 00:06:35,910

debate over when they were built and why

155

00:06:40,220 --> 00:06:38,220

they were built and you seem to think

156

00:06:42,320 --> 00:06:40,230

that it was at least in this previous

157

00:06:45,470 --> 00:06:42,330

Golden Age and that it was built with

158

00:06:48,330 --> 00:06:45,480

more of a positive purpose in mind right

159

00:06:50,700 --> 00:06:48,340

yeah and it's funny because it is had a

160

00:06:52,920 --> 00:06:50,710

whole new like last week and the article

161

00:06:56,400 --> 00:06:52,930

thought about basically know how the

162

00:06:59,100 --> 00:06:56,410

pyramids ability the wet sand and this

163

00:07:00,950 --> 00:06:59,110

amount or jury which is fun but they

164

00:07:06,450 --> 00:07:00,960

don't explain the massive metal epic

165

00:07:07,830 --> 00:07:06,460

blocks that make up the core these crazy

166

00:07:09,150 --> 00:07:07,840

structures you know they've been at a

167

00:07:13,230 --> 00:07:09,160

convention network

168

00:07:18,360 --> 00:07:13,240

yeah I think I think there's been plenty

169

00:07:20,460 --> 00:07:18,370

as a lost world type lanthanum types of

170

00:07:22,770 --> 00:07:20,470

allegations more than one for sure and

171

00:07:25,920 --> 00:07:22,780

maybe even a different species as well

172

00:07:28,980 --> 00:07:25,930

we're barely starting to understand who

173

00:07:31,260 --> 00:07:28,990

we are and we're to the point out where

174

00:07:33,450 --> 00:07:31,270

the waking has come so fast right all

175

00:07:36,360 --> 00:07:33,460

right and this goes into the elites

176

00:07:38,000 --> 00:07:36,370

times like the archons variety or

177

00:07:42,000 --> 00:07:38,010

whatever you want when I call them there

178

00:07:45,360 --> 00:07:42,010

see their goal is to turn to anything

179

00:07:47,970 --> 00:07:45,370

the haters because then kind of the same

180

00:07:49,650 --> 00:07:47,980

that it's a an alien targeting studies

181

00:07:51,720 --> 00:07:49,660

I've no that's not being at all it's not

182

00:07:53,070 --> 00:07:51,730

concerned with the soul right and

183

00:07:56,310 --> 00:07:53,080

there's trench stares close that the

184

00:07:57,870 --> 00:07:56,320

transhumanist agenda right so what

185

00:08:00,780 --> 00:07:57,880

happen to be in this pathway right in

186

00:08:03,680 --> 00:08:00,790

the middle is the global awaking and

187

00:08:06,240 --> 00:08:03,690

being on the precipice of this transient

188

00:08:11,580 --> 00:08:06,250

transformation that we had the ability

189

00:08:17,220 --> 00:08:11,590

which actually stopped a delay this this

190

00:08:18,990 --> 00:08:17,230

old old old ancient poem right I wanted

191

00:08:20,250 --> 00:08:19,000

to talk about the purpose of the

192

00:08:21,960 --> 00:08:20,260

pyramids because I've heard a lot of

193

00:08:23,700 --> 00:08:21,970

different claims everything from it

194

00:08:25,590 --> 00:08:23,710

simulated a psychedelic out-of-body

195

00:08:27,780 --> 00:08:25,600

experience for those who took some type

196

00:08:30,540 --> 00:08:27,790

of initiation and then I've heard people

197

00:08:32,430 --> 00:08:30,550

suggest it was a free energy device but

198

00:08:34,560 --> 00:08:32,440

you know in the book you talk about it

199

00:08:37,230 --> 00:08:34,570

being you think it was there to raise

200

00:08:39,090 --> 00:08:37,240

the consciousness level of the people

201  
00:08:41,430 --> 00:08:39,100  
maybe it emitted some type of frequency

202  
00:08:43,080 --> 00:08:41,440  
that was more harmonic but what brought

203  
00:08:44,670 --> 00:08:43,090  
you to that type of conclusion because

204  
00:08:48,060 --> 00:08:44,680  
I'm curious I'm really curious about

205  
00:08:51,810 --> 00:08:48,070  
what the pyramids were for yeah I think

206  
00:08:55,680 --> 00:08:51,820  
it's a two-fold question on to pronounce

207  
00:08:56,810 --> 00:08:55,690  
excuse me that the purpose may be

208  
00:08:58,600 --> 00:08:56,820  
initially

209  
00:09:00,930 --> 00:08:58,610  
beyond the dough

210  
00:09:03,850 --> 00:09:00,940  
I think as long as the land formations

211  
00:09:06,970 --> 00:09:03,860  
have remained this this way but this

212  
00:09:09,370 --> 00:09:06,980  
word where the Giza Plateau is without

213  
00:09:12,819 --> 00:09:09,380

fail there's this being situated

214

00:09:14,470 --> 00:09:12,829

perfectly you know like anywhere I think

215

00:09:18,430 --> 00:09:14,480

there's always been some sort of pyramid

216

00:09:20,410 --> 00:09:18,440

field or pyramid structure there no

217

00:09:22,540 --> 00:09:20,420

matter how many years back siga be seen

218

00:09:26,019 --> 00:09:22,550

from space as well so you have even

219

00:09:27,819 --> 00:09:26,029

maybe a beam of light or something sort

220

00:09:29,980 --> 00:09:27,829

of like a homing device for their

221

00:09:34,870 --> 00:09:29,990

species on the enter this is the solar

222

00:09:39,130 --> 00:09:34,880

system I think later on it became more

223

00:09:42,040 --> 00:09:39,140

of a universe of feel like the camera so

224

00:09:43,600 --> 00:09:42,050

it became a machine of course but to

225

00:09:47,800 --> 00:09:43,610

ultimate consciousness the key man

226

00:09:50,620 --> 00:09:47,810

elevated during times of the Silver Age

227

00:09:52,870 --> 00:09:50,630

in the descending you know I think it

228

00:09:55,690 --> 00:09:52,880

all works the way the water is and the

229

00:09:58,990 --> 00:09:55,700

way the this is stone and the quartz

230

00:10:01,150 --> 00:09:59,000

crystals and then you know even just her

231

00:10:03,189 --> 00:10:01,160

down it shown how you know certain like

232

00:10:05,670 --> 00:10:03,199

insulin some certain care part of the

233

00:10:08,160 --> 00:10:05,680

pyramid act like insulin for electricity

234

00:10:10,030 --> 00:10:08,170

and I think that's what it was and

235

00:10:13,210 --> 00:10:10,040

unfortunately decommissioned after

236

00:10:14,530 --> 00:10:13,220

Alaska it's like yeah I'll always be

237

00:10:15,970 --> 00:10:14,540

fascinated with the great pyramids I

238

00:10:18,939 --> 00:10:15,980

mean they're definitely interesting and

239

00:10:20,829 --> 00:10:18,949

I had never really been sure how they

240

00:10:23,530 --> 00:10:20,839

were made I'm still not but i when i

241

00:10:25,060 --> 00:10:23,540

read philip Coppins last book and i

242

00:10:27,009 --> 00:10:25,070

never really got to talk about this much

243

00:10:28,840 --> 00:10:27,019

on the air because I had Phillip on once

244

00:10:30,400 --> 00:10:28,850

before and we had kept in touch and he

245

00:10:32,290 --> 00:10:30,410

sent me his next book that he had wrote

246

00:10:34,060 --> 00:10:32,300

we scheduled the interview and just a

247

00:10:35,259 --> 00:10:34,070

few minutes before he calls and says you

248

00:10:36,550 --> 00:10:35,269

can't do it because he hasn't been

249

00:10:38,470 --> 00:10:36,560

feeling well and he's on his way to

250

00:10:40,480 --> 00:10:38,480

Urgent Care well I guess he was

251  
00:10:41,829 --> 00:10:40,490  
diagnosed with cancer at that point and

252  
00:10:44,350 --> 00:10:41,839  
he never really came back out of the

253  
00:10:46,689 --> 00:10:44,360  
hospital and he it's worth that he died

254  
00:10:49,750 --> 00:10:46,699  
they're definitely sad a tragic loss but

255  
00:10:51,550 --> 00:10:49,760  
in that book he sold me on the building

256  
00:10:54,189 --> 00:10:51,560  
methods of the pyramids being something

257  
00:10:56,620 --> 00:10:54,199  
called geopolymers and you wrote about

258  
00:10:58,509 --> 00:10:56,630  
it a bit too and can you tell the people

259  
00:11:01,990 --> 00:10:58,519  
what that is it's kind of like concrete

260  
00:11:05,670 --> 00:11:02,000  
right but it's a more advanced form yes

261  
00:11:09,939 --> 00:11:05,680  
so it's a form of concrete for sure and

262  
00:11:12,519 --> 00:11:09,949  
but it's delayed the the what makes it

263  
00:11:16,800 --> 00:11:12,529

interesting is that what did

264

00:11:18,850 --> 00:11:16,810

your polymers in this formula get a

265

00:11:22,210 --> 00:11:18,860

massive bonus they're going on tomorrow

266

00:11:24,670 --> 00:11:22,220

so it's kind of strange yeah yeah the

267

00:11:27,369 --> 00:11:24,680

guy you know what's that about it

268

00:11:30,249 --> 00:11:27,379

enduring what is Kairo me Mars and plus

269

00:11:32,710 --> 00:11:30,259

all the other rich stuff about the Red

270

00:11:34,269 --> 00:11:32,720

Pony that were just kind of okay it

271

00:11:36,999 --> 00:11:34,279

looks like a the remnants of this

272

00:11:41,290 --> 00:11:37,009

evaluation and destroyed you know it

273

00:11:44,470 --> 00:11:41,300

does so it's crazy so yeah and you know

274

00:11:51,819 --> 00:11:44,480

Phillip I always speak with into the

275

00:11:52,869 --> 00:11:51,829

past I didn't didn't get to talking as

276

00:11:56,710 --> 00:11:52,879

much as I wanted to

277

00:11:58,269 --> 00:11:56,720

unfortunately huh but yeah that and I

278

00:11:59,679 --> 00:11:58,279

think I even might even learn that I'm

279

00:12:04,660 --> 00:11:59,689

in the world because that's a work of a

280

00:12:06,309 --> 00:12:04,670

French French geologist and so yeah

281

00:12:09,220 --> 00:12:06,319

definitely that's some stuff they been

282

00:12:11,860 --> 00:12:09,230

suppressing for a while so yeah the

283

00:12:14,319 --> 00:12:11,870

mentioning of these it the composition

284

00:12:17,499 --> 00:12:14,329

of some of the materials and in the

285

00:12:20,410 --> 00:12:17,509

stones that were used are more common

286

00:12:22,650 --> 00:12:20,420

with rock from Mars like that is super

287

00:12:25,090 --> 00:12:22,660

fascinating and it's hard to really

288

00:12:28,509 --> 00:12:25,100

reconcile that with a current

289

00:12:30,730 --> 00:12:28,519

conventional viewing of history so I

290

00:12:32,470 --> 00:12:30,740

mean is it these elements that are in

291

00:12:34,840 --> 00:12:32,480

the rocks or these types of rocks the

292

00:12:36,639 --> 00:12:34,850

composition is it not found anywhere on

293

00:12:38,799 --> 00:12:36,649

the earth is it like is it pretty

294

00:12:41,799 --> 00:12:38,809

conclusive that they are Martian rocks

295

00:12:43,920 --> 00:12:41,809

or is it not quite that obvious yes I

296

00:12:46,600 --> 00:12:43,930

did but it's not even blended actually

297

00:12:50,889 --> 00:12:46,610

you know this is a massery POIs it's an

298

00:12:54,100 --> 00:12:50,899

even stranger yeah alright so yeah it

299

00:12:55,809 --> 00:12:54,110

seems to be that to be able to make the

300

00:13:00,249 --> 00:12:55,819

concrete with the megalithic block

301  
00:13:02,169 --> 00:13:00,259  
building somehow they're able to you

302  
00:13:06,419 --> 00:13:02,179  
know make this concrete that there's

303  
00:13:10,350 --> 00:13:06,429  
abundance like this Martian silica and

304  
00:13:12,939 --> 00:13:10,360  
it's on the instead it would make

305  
00:13:15,489 --> 00:13:12,949  
sensibility deity realized the power is

306  
00:13:17,889 --> 00:13:15,499  
softened and then form the back and

307  
00:13:20,740 --> 00:13:17,899  
chances there's activity was improve oh

308  
00:13:24,040 --> 00:13:20,750  
you get the only a few places where you

309  
00:13:26,020 --> 00:13:24,050  
could see the the rocks look like

310  
00:13:27,940 --> 00:13:26,030  
locking together you know

311  
00:13:29,740 --> 00:13:27,950  
these megalithic stone welcome to get a

312  
00:13:32,920 --> 00:13:29,750  
perfect new getting into the hair truth

313  
00:13:34,540 --> 00:13:32,930

and it absolutely makes no sense at all

314

00:13:37,810 --> 00:13:34,550

so played over something that is just

315

00:13:41,710 --> 00:13:37,820

solid logic so and the fact that these

316

00:13:43,750 --> 00:13:41,720

things exist in their everything they're

317

00:13:45,430 --> 00:13:43,760

not concerned to the claiming you know

318

00:13:49,900 --> 00:13:45,440

having massive press conferences even

319

00:13:52,510 --> 00:13:49,910

can feel how that you've done so yeah we

320

00:13:55,150 --> 00:13:52,520

have this time this golden age before

321

00:13:58,570 --> 00:13:55,160

this flood where people are building

322

00:14:00,970 --> 00:13:58,580

structures that are using technologies

323

00:14:04,120 --> 00:14:00,980

we don't have today or supposedly don't

324

00:14:06,670 --> 00:14:04,130

have today they're using rocks from

325

00:14:09,220 --> 00:14:06,680

another planet which seems foreign to us

326

00:14:12,580 --> 00:14:09,230

in 2014 how that could be possible I

327

00:14:16,300 --> 00:14:12,590

mean it seems like wild times man and

328

00:14:18,340 --> 00:14:16,310

this is all this um this technology this

329

00:14:21,610 --> 00:14:18,350

ability to do such things I mean this is

330

00:14:27,160 --> 00:14:21,620

all speculated to be handed down to us

331

00:14:28,900 --> 00:14:27,170

from some non-human species right yeah

332

00:14:32,320 --> 00:14:28,910

absolutely they had there was alien

333

00:14:35,170 --> 00:14:32,330

elements in ancient times and maybe even

334

00:14:37,270 --> 00:14:35,180

too it's really nice but yeah for sure

335

00:14:39,550 --> 00:14:37,280

that because all the records you know

336

00:14:43,000 --> 00:14:39,560

they're all fascinated and obsessed with

337

00:14:44,830 --> 00:14:43,010

flying vehicles and big amana's and has

338

00:14:48,250 --> 00:14:44,840

a Hindu and ancient Indian text talk

339

00:14:50,830 --> 00:14:48,260

about you know it's when Columbus came

340

00:14:54,370 --> 00:14:50,840

you know the any first questions Amiens

341

00:14:57,420 --> 00:14:54,380

a family you know you see the sky yeah

342

00:15:00,070 --> 00:14:57,430

what is this obsession you know you say

343

00:15:02,830 --> 00:15:00,080

then this is an interesting time this

344

00:15:04,840 --> 00:15:02,840

like flood time because this is when

345

00:15:07,720 --> 00:15:04,850

many native cultures you know the Hindu

346

00:15:10,810 --> 00:15:07,730

the Hopi the Mayans Amazonian tribes we

347

00:15:12,970 --> 00:15:10,820

hear these stories of other beans taking

348

00:15:15,280 --> 00:15:12,980

these groups of people deep inside caves

349

00:15:17,320 --> 00:15:15,290

and caverns and helping them wait it out

350

00:15:19,690 --> 00:15:17,330

before taking them back to the surface I

351

00:15:22,270 --> 00:15:19,700

mean it's kind of weird that different

352

00:15:24,790 --> 00:15:22,280

different pockets of civilization from

353

00:15:26,680 --> 00:15:24,800

other sides of the globe have these

354

00:15:30,070 --> 00:15:26,690

similar stories you know that's pretty

355

00:15:31,840 --> 00:15:30,080

trippy yeah and then you have all the

356

00:15:32,680 --> 00:15:31,850

underground cases and get a found all

357

00:15:35,380 --> 00:15:32,690

over the world

358

00:15:39,160 --> 00:15:35,390

yeah tunnel systems authorities in South

359

00:15:39,610 --> 00:15:39,170

America and I even ran some of the

360

00:15:42,190 --> 00:15:39,620

reptilian

361

00:15:46,480 --> 00:15:42,200

you know the whole guys whole mythology

362

00:15:48,370 --> 00:15:46,490

in GI Joes actually you know it was

363

00:15:54,820 --> 00:15:48,380

about all of this it's come Ryan one

364

00:15:58,810 --> 00:15:54,830

crime all Serpentor the Cobra code you

365

00:16:01,060 --> 00:15:58,820

know are you a Kroger did you know

366

00:16:05,670 --> 00:16:01,070

thanks for a sublimity implanting not in

367

00:16:08,680 --> 00:16:05,680

the manual five year old mom but yeah

368

00:16:11,320 --> 00:16:08,690

but I talked about some interesting

369

00:16:14,790 --> 00:16:11,330

aspect of that very unrelated to the

370

00:16:18,310 --> 00:16:14,800

sense of horror ancient Egypt and that

371

00:16:20,200 --> 00:16:18,320

the reptilian let's just say I got some

372

00:16:24,880 --> 00:16:20,210

the Jewish mythology look out of

373

00:16:27,550 --> 00:16:24,890

adamandeva growth I mean you know one of

374

00:16:30,280 --> 00:16:27,560

the Jewish shell text talks about you

375

00:16:32,410 --> 00:16:30,290

know that the circum wasn't you know on

376

00:16:35,829 --> 00:16:32,420

the ground actually upright walking an

377

00:16:38,170 --> 00:16:35,839

intelligent and a lot of other

378

00:16:39,790 --> 00:16:38,180

mythologies that in their minds also

379

00:16:41,079 --> 00:16:39,800

talk about the double-a until they're

380

00:16:43,510 --> 00:16:41,089

not in certain and then giving them

381

00:16:50,230 --> 00:16:43,520

knowledge as well so here in this

382

00:16:52,810 --> 00:16:50,240

ancient Hebrew text talks about you know

383

00:16:56,079 --> 00:16:52,820

the bright intelligent serpentine being

384

00:17:00,930 --> 00:16:56,089

be was giving you the first room then

385

00:17:03,190 --> 00:17:00,940

given the the knowledge right available

386

00:17:06,699 --> 00:17:03,200

the olivine and whatever you want to

387

00:17:12,069 --> 00:17:06,709

call and then at one point can you go

388

00:17:15,010 --> 00:17:12,079

and he made Adam Eve aware of what was

389

00:17:18,790 --> 00:17:15,020

going on right you know the sort of

390

00:17:21,669 --> 00:17:18,800

knowledge you know so he was chopped

391

00:17:23,980 --> 00:17:21,679

that make his hat his rings and I could

392

00:17:26,949 --> 00:17:23,990

Somali you that's for fewest punters for

393

00:17:28,419 --> 00:17:26,959

they could've ladies and not arms

394

00:17:30,669 --> 00:17:28,429

nothing a big split around the bay

395

00:17:35,380 --> 00:17:30,679

passage today right to go underground

396

00:17:39,070 --> 00:17:35,390

right so you know that the idea of ever

397

00:17:40,660 --> 00:17:39,080

up right walking surfing is covering on

398

00:17:43,810 --> 00:17:40,670

walk in all cultures an inch of times

399

00:17:45,780 --> 00:17:43,820

and who's to say that it didn't evolve

400

00:17:50,530 --> 00:17:45,790

here as well remember there could be

401  
00:17:52,910 --> 00:17:50,540  
busy geologists and Russell dr. Russell

402  
00:17:55,880 --> 00:17:52,920  
familias person

403  
00:17:58,700 --> 00:17:55,890  
about the patrolled on dinosaur have

404  
00:18:01,100 --> 00:17:58,710  
occurred on dinosaur the biggest brain

405  
00:18:05,270 --> 00:18:01,110  
of all the dinosaurs at that point of

406  
00:18:07,610 --> 00:18:05,280  
time and if it has survived the

407  
00:18:09,080 --> 00:18:07,620  
extinction level you know whatever the

408  
00:18:11,030 --> 00:18:09,090  
comment that suppose the other dinosaur

409  
00:18:12,710 --> 00:18:11,040  
which didn't write anything else we

410  
00:18:14,240 --> 00:18:12,720  
still have you know leave the lizards

411  
00:18:16,040 --> 00:18:14,250  
and come on the dragon universe but

412  
00:18:18,470 --> 00:18:16,050  
exactly

413  
00:18:20,960 --> 00:18:18,480

so say for a chance that the children

414

00:18:23,270 --> 00:18:20,970

dinosaur survived like that then the

415

00:18:26,660 --> 00:18:23,280

district evolution in the brain would

416

00:18:28,520 --> 00:18:26,670

have advanced Brackley the new humanoid

417

00:18:30,740 --> 00:18:28,530

in philosophy ever seen you know who to

418

00:18:32,600 --> 00:18:30,750

say that it could have gained encourages

419

00:18:34,340 --> 00:18:32,610

on his own or had been visited them by

420

00:18:36,320 --> 00:18:34,350

into the species or even a minute

421

00:18:39,830 --> 00:18:36,330

reptilian race they're starting to

422

00:18:42,620 --> 00:18:39,840

figure out that if life evolves on the

423

00:18:44,870 --> 00:18:42,630

planets like the first thing that will

424

00:18:46,910 --> 00:18:44,880

probably evolve will be reptilians right

425

00:18:49,460 --> 00:18:46,920

and hard the stem of our brain is your

426  
00:18:52,000 --> 00:18:49,470  
team after the oldest it would only make

427  
00:18:54,800 --> 00:18:52,010  
sense that they would evolve first

428  
00:18:57,530 --> 00:18:54,810  
exactly so who's to say that this didn't

429  
00:19:01,700 --> 00:18:57,540  
know actually you know yes we have to

430  
00:19:04,100 --> 00:19:01,710  
look to an outside-in race yeah to talk

431  
00:19:05,870 --> 00:19:04,110  
about the ethylenes we decide about they

432  
00:19:07,550 --> 00:19:05,880  
could've evolve here and then maybe they

433  
00:19:09,950 --> 00:19:07,560  
have some knowledge from a visiting race

434  
00:19:12,680 --> 00:19:09,960  
we need to say yeah that's a great

435  
00:19:16,250 --> 00:19:12,690  
looking betray people right I don't know

436  
00:19:18,020 --> 00:19:16,260  
I wasn't there you know everyone here

437  
00:19:19,400 --> 00:19:18,030  
that was not there so you can't say is

438  
00:19:21,410 --> 00:19:19,410

right or wrong though it's interesting

439

00:19:23,840 --> 00:19:21,420

to theorize in this talk and she shoot

440

00:19:25,460 --> 00:19:23,850

the crap about it you know just to build

441

00:19:27,560 --> 00:19:25,470

and I think that's as important is not

442

00:19:29,000 --> 00:19:27,570

to so you're created it's nice so like

443

00:19:31,820 --> 00:19:29,010

say now you're crazy

444

00:19:36,200 --> 00:19:31,830

because you only one certain thing you

445

00:19:38,480 --> 00:19:36,210

know yeah so to to flush out this story

446

00:19:42,890 --> 00:19:38,490

a little more the flood ushers in this

447

00:19:45,530 --> 00:19:42,900

dark age and thrusts humanity into chaos

448

00:19:47,330 --> 00:19:45,540

and then we find civilization is

449

00:19:49,010 --> 00:19:47,340

rebooted in ancient Egypt and we have

450

00:19:51,590 --> 00:19:49,020

the earliest writings of the first

451  
00:19:53,540 --> 00:19:51,600  
Pharaoh and this is kind of seems where

452  
00:19:56,240 --> 00:19:53,550  
the Shem sue [h\_\_\h] enter the story at

453  
00:19:58,850 --> 00:19:56,250  
least in the forefront you know maybe

454  
00:20:01,070 --> 00:19:58,860  
they maybe they are maybe they go back

455  
00:20:05,300 --> 00:20:01,080  
farther than humanity goes back you know

456  
00:20:06,500 --> 00:20:05,310  
but this is kind of where as far as the

457  
00:20:09,440 --> 00:20:06,510  
modern age since the

458  
00:20:12,800 --> 00:20:09,450  
flood seems like they had an influence

459  
00:20:14,570 --> 00:20:12,810  
in this first Egyptian society are they

460  
00:20:16,340 --> 00:20:14,580  
the ones who structured it with banks

461  
00:20:23,080 --> 00:20:16,350  
and pharaohs and priests classes and

462  
00:20:26,840 --> 00:20:23,090  
courts yeah III believe that this

463  
00:20:28,970 --> 00:20:26,850

Pharaoh you know who self claims to be

464

00:20:32,480 --> 00:20:28,980

related to God you know for this guy God

465

00:20:34,250 --> 00:20:32,490

and even in the what's funny is that you

466

00:20:36,710 --> 00:20:34,260

you are me at your colleges right so you

467

00:20:39,950 --> 00:20:36,720

spent four years you will study this

468

00:20:42,020 --> 00:20:39,960

this review did or basically go off the

469

00:20:43,940 --> 00:20:42,030

mini feel dissed and that basically says

470

00:20:46,610 --> 00:20:43,950

that's the key to this the Chronicle is

471

00:20:49,760 --> 00:20:46,620

however at the Palermo stone and they

472

00:20:52,210 --> 00:20:49,770

look how the Sun in Syria it's basically

473

00:20:55,610 --> 00:20:52,220

confirmed that the keys which also has

474

00:20:58,370 --> 00:20:55,620

the ancient like prefer onyx sky gods

475

00:21:00,560 --> 00:20:58,380

Kings which as well that they don't

476

00:21:02,630 --> 00:21:00,570

bother to tell you that you know you

477

00:21:05,630 --> 00:21:02,640

keep your here they don't know about

478

00:21:11,450 --> 00:21:05,640

that so it's all of it in the records

479

00:21:15,230 --> 00:21:11,460

and making Egypt so yes good yes

480

00:21:17,420 --> 00:21:15,240

actually question again oh yeah I mean

481

00:21:20,210 --> 00:21:17,430

it seems like the structures that they

482

00:21:22,130 --> 00:21:20,220

put in place for their society the are

483

00:21:22,520 --> 00:21:22,140

the same structures we have now in ours

484

00:21:26,260 --> 00:21:22,530

you know

485

00:21:28,700 --> 00:21:26,270

banks and priests classes and courts and

486

00:21:30,530 --> 00:21:28,710

the this is the type of structure that

487

00:21:33,620 --> 00:21:30,540

kind of keeps the common man down and

488

00:21:34,790 --> 00:21:33,630

keeps the common man in line and you

489

00:21:38,570 --> 00:21:34,800

know it's interesting that you could

490

00:21:40,370 --> 00:21:38,580

trace this back to these these Shem sue

491

00:21:43,010 --> 00:21:40,380

[h\_\_\h] which seemed to be one of the

492

00:21:45,560 --> 00:21:43,020

first secret societies one of the first

493

00:21:47,300 --> 00:21:45,570

organizations to rule from the shadows

494

00:21:49,700 --> 00:21:47,310

while people are given a figurehead

495

00:21:52,550 --> 00:21:49,710

leader like a pharaoh or a president and

496

00:21:56,300 --> 00:21:52,560

uh yeah it just seems like we're

497

00:21:58,070 --> 00:21:56,310

modeling after that that group exactly

498

00:21:59,690 --> 00:21:58,080

Babylon banking system hasn't changed

499

00:22:03,920 --> 00:21:59,700

for thousand years you know they come in

500

00:22:06,200 --> 00:22:03,930

at the tune of the time most prominently

501  
00:22:08,750 --> 00:22:06,210  
during Akhenaten grandfather's paragraph

502  
00:22:10,610 --> 00:22:08,760  
at a time so most authority had a UFO

503  
00:22:13,610 --> 00:22:10,620  
encounter and you know what about it

504  
00:22:15,440 --> 00:22:13,620  
it's there on the temple walls are

505  
00:22:17,900 --> 00:22:15,450  
suppressed you know that silly pirates

506  
00:22:20,390 --> 00:22:17,910  
but supposing talks about it not very

507  
00:22:24,740 --> 00:22:20,400  
mention return each other

508  
00:22:28,490 --> 00:22:24,750  
decades trying to figure this I need on

509  
00:22:31,760 --> 00:22:28,500  
the redirect the copy of it but I'm

510  
00:22:35,600 --> 00:22:31,770  
really know for sure that there was this

511  
00:22:37,430 --> 00:22:35,610  
encounter and you know when the chunky

512  
00:22:40,010 --> 00:22:37,440  
[h\_\_\h] comes in the world behind the

513  
00:22:41,800 --> 00:22:40,020

scenes right so it's the feral is the

514

00:22:43,910 --> 00:22:41,810

public you did and then you have

515

00:22:47,450 --> 00:22:43,920

installed bloodline related of course

516

00:22:49,640 --> 00:22:47,460

yeah so then you have the bill Allman

517

00:22:51,020 --> 00:22:49,650

priesthood and this is what it starts

518

00:22:54,470 --> 00:22:51,030

working out the kinks throughout the

519

00:22:56,480 --> 00:22:54,480

banking system during this time that to

520

00:22:59,210 --> 00:22:56,490

get you know every year obsessive

521

00:23:00,830 --> 00:22:59,220

underworld and you know all the little

522

00:23:02,810 --> 00:23:00,840

trinkets you gotta buy all right you

523

00:23:04,850 --> 00:23:02,820

know you gonna have all right just this

524

00:23:07,670 --> 00:23:04,860

little guy by God and then you know I

525

00:23:09,850 --> 00:23:07,680

get you can't mummified right and all

526

00:23:12,670 --> 00:23:09,860

these things and just basically they're

527

00:23:17,020 --> 00:23:12,680

in the start of this type of system and

528

00:23:21,050 --> 00:23:17,030

so which makes it doesn't make strap-on

529

00:23:24,260 --> 00:23:21,060

important because he was an insider he

530

00:23:27,920 --> 00:23:24,270

was a sperm mine you know he was I just

531

00:23:31,520 --> 00:23:27,930

in view and here's a cute cutie a

532

00:23:32,720 --> 00:23:31,530

celebrity right and he was expected to

533

00:23:37,820 --> 00:23:32,730

go out of line will something happen

534

00:23:41,540 --> 00:23:37,830

there you know here's great odds I think

535

00:23:43,370 --> 00:23:41,550

I believe quite happy [h\_\_h] was given him

536

00:23:49,610 --> 00:23:43,380

this knowledge and you know he had

537

00:23:54,710 --> 00:23:49,620

sisters is surrounded by the gift

538

00:23:56,660 --> 00:23:54,720

veronik and the bit the tradition of the

539

00:23:58,940 --> 00:23:56,670

matriarchal condition which is age

540

00:24:01,430 --> 00:23:58,950

medias original rules which is the

541

00:24:03,350 --> 00:24:01,440

female rule and be in two of the most

542

00:24:06,200 --> 00:24:03,360

masculine feminine like all men were

543

00:24:08,830 --> 00:24:06,210

right there it's with the poor you can

544

00:24:12,470 --> 00:24:08,840

play I think about how bombarded by

545

00:24:15,890 --> 00:24:12,480

everything that is just on you plus the

546

00:24:18,740 --> 00:24:15,900

whole I you know they how the bring that

547

00:24:22,340 --> 00:24:18,750

are treated like basically anymore you

548

00:24:24,290 --> 00:24:22,350

may think that it's more equal or

549

00:24:26,900 --> 00:24:24,300

whatever now and in sense it is but at

550

00:24:29,120 --> 00:24:26,910

the same time the the role of feminism

551  
00:24:33,320 --> 00:24:29,130  
this create I see a destroyed having and

552  
00:24:34,999 --> 00:24:33,330  
you know yeah and it's so it's it's

553  
00:24:37,749 --> 00:24:35,009  
willingness to praise your time so even

554  
00:24:43,039 --> 00:24:37,759  
back then they were already going to the

555  
00:24:45,680 --> 00:24:43,049  
sensuality regulating the bikini right

556  
00:24:47,659 --> 00:24:45,690  
the warrior so now this is there I'm

557  
00:24:49,249 --> 00:24:47,669  
warrior king and the warrior rule women

558  
00:24:53,779 --> 00:24:49,259  
and I think that's what queen hatshepsut

559  
00:24:55,999 --> 00:24:53,789  
was worried about and trying to impart

560  
00:25:00,399 --> 00:24:56,009  
this the knowledge of major article

561  
00:25:02,899 --> 00:25:00,409  
heresy to a hierarchy to our Kaname

562  
00:25:05,810 --> 00:25:02,909  
who's still young and I was going up

563  
00:25:07,639 --> 00:25:05,820

there to get this that and for the Lord

564

00:25:12,259 --> 00:25:07,649

you know sure on a camping trip and then

565

00:25:15,649 --> 00:25:12,269

returns so eventually and the kid kind

566

00:25:18,950 --> 00:25:15,659

of woke up and was really like the first

567

00:25:21,710 --> 00:25:18,960

dude in history to put the money not

568

00:25:24,289 --> 00:25:21,720

sure got a baby yeah and I thought that

569

00:25:26,509 --> 00:25:24,299

was super interesting because you kind

570

00:25:28,639 --> 00:25:26,519

of draw this analogy you know the same

571

00:25:30,139 --> 00:25:28,649

way that people claim JFK was our last

572

00:25:32,359 --> 00:25:30,149

real president before the secret

573

00:25:33,560 --> 00:25:32,369

societies really cemented their control

574

00:25:35,930 --> 00:25:33,570

and they haven't had to lose in their

575

00:25:37,789 --> 00:25:35,940

grip sense yeah it seems like there's

576

00:25:39,799 --> 00:25:37,799

sort of a parallel with Akhenaten and

577

00:25:43,129 --> 00:25:39,809

the way secret societies in Egypt he was

578

00:25:45,169 --> 00:25:43,139

fighting them but and also when when you

579

00:25:48,470 --> 00:25:45,179

talk to Egyptologists you look back at

580

00:25:50,960 --> 00:25:48,480

Akhenaten and his memorials it seems

581

00:25:53,450 --> 00:25:50,970

like in most cases his face has been

582

00:25:57,739 --> 00:25:53,460

scratched off and they've tried to kind

583

00:26:01,970 --> 00:25:57,749

of erase him from from history oh yeah

584

00:26:05,029 --> 00:26:01,980

they try yeah almost did like this we

585

00:26:07,700 --> 00:26:05,039

have very little of his record and

586

00:26:10,039 --> 00:26:07,710

especially from your marker there's

587

00:26:11,169 --> 00:26:10,049

enough you know that makes it unique in

588

00:26:14,659 --> 00:26:11,179

all of the world's history

589

00:26:16,279 --> 00:26:14,669

so yeah they definitely try to get him

590

00:26:19,849 --> 00:26:16,289

in and there is a little speculation

591

00:26:22,180 --> 00:26:19,859

also that that was done you know and and

592

00:26:24,409 --> 00:26:22,190

you know you've taught me that it's

593

00:26:26,149 --> 00:26:24,419

there's a good chance that it was done

594

00:26:28,220 --> 00:26:26,159

because of his policies and him fighting

595

00:26:29,659 --> 00:26:28,230

the secret cabal but there's a lot of

596

00:26:32,539 --> 00:26:29,669

speculation out there that it was also

597

00:26:34,549 --> 00:26:32,549

due to him looking different doing it to

598

00:26:37,549 --> 00:26:34,559

him being some type of hybrid or having

599

00:26:40,820 --> 00:26:37,559

an elongated skull and being maybe part

600

00:26:44,720 --> 00:26:40,830

part alien and that they wanted to cover

601  
00:26:46,580 --> 00:26:44,730  
that up as well so mostly thing women is

602  
00:26:50,090 --> 00:26:46,590  
know

603  
00:26:51,470 --> 00:26:50,100  
our industry that shows that like a

604  
00:26:53,779 --> 00:26:51,480  
little nowhere in the world that you

605  
00:26:56,659 --> 00:26:53,789  
have this yeah except here's I think

606  
00:26:58,880 --> 00:26:56,669  
you're painting shows his daughter's you

607  
00:27:03,409 --> 00:26:58,890  
know within their format the long ago

608  
00:27:12,140 --> 00:27:03,419  
schools right yeah so that's a Syrian

609  
00:27:14,120 --> 00:27:12,150  
it's right there yeah it's definitely

610  
00:27:15,289 --> 00:27:14,130  
interesting to think about you know him

611  
00:27:17,750 --> 00:27:15,299  
being one of the first people to

612  
00:27:20,779 --> 00:27:17,760  
seriously fight back and I wonder what

613  
00:27:23,510 --> 00:27:20,789

was going on with this you know this

614

00:27:26,810 --> 00:27:23,520

Shem sue [h\_\_h] group and if they were

615

00:27:30,710 --> 00:27:26,820

really a reptilian race you know maybe

616

00:27:33,950 --> 00:27:30,720

they were blending their race with the

617

00:27:36,049 --> 00:27:33,960

Pharaohs to kind of like engineer

618

00:27:39,220 --> 00:27:36,059

themselves in a different way it's tough

619

00:27:43,519 --> 00:27:39,230

to know but you've speculated that the

620

00:27:45,409 --> 00:27:43,529

this reptilian group has somehow those

621

00:27:47,539 --> 00:27:45,419

reptilian traits for the most part at

622

00:27:50,120 --> 00:27:47,549

least in the physical sense have been

623

00:27:53,990 --> 00:27:50,130

kind of weeded out genetically over the

624

00:27:55,779 --> 00:27:54,000

years right and I think that it's

625

00:27:57,769 --> 00:27:55,789

possible that they're but we know the

626

00:27:59,299 --> 00:27:57,779

elongated school that might actually

627

00:28:02,090 --> 00:27:59,309

need to be there at some unit school

628

00:28:03,740 --> 00:28:02,100

yeah you know oh you know after doing

629

00:28:06,560 --> 00:28:03,750

the thing about it please who knows

630

00:28:08,840 --> 00:28:06,570

right but yeah I think for sure that the

631

00:28:12,769 --> 00:28:08,850

the physical traits you know you needed

632

00:28:15,350 --> 00:28:12,779

16 300 300 there you know fighting the

633

00:28:17,269 --> 00:28:15,360

Griffon dragons and you know even more

634

00:28:19,820 --> 00:28:17,279

Byron the famous poet suppose we have

635

00:28:23,389 --> 00:28:19,830

the icons you did reptilian features

636

00:28:25,880 --> 00:28:23,399

right so I think at this point I think

637

00:28:27,980 --> 00:28:25,890

that the gone except if it exists

638

00:28:29,960 --> 00:28:27,990

there'd be at a level that I can throw

639

00:28:34,430 --> 00:28:29,970

rocks he'll watch I'll ever like it's

640

00:28:36,860 --> 00:28:34,440

such a you know such a unknown you that

641

00:28:38,899 --> 00:28:36,870

you do need to know about it you can you

642

00:28:41,389 --> 00:28:38,909

imagine if there's more is gotta be if

643

00:28:43,190 --> 00:28:41,399

the Racha the Rockefellers or were

644

00:28:45,860 --> 00:28:43,200

worried about their humanity will not

645

00:28:51,139 --> 00:28:45,870

worry about that little demos well yeah

646

00:28:53,330 --> 00:28:51,149

and it's a loopy absolutely hmm and now

647

00:28:55,700 --> 00:28:53,340

another aspect of Egyptian culture that

648

00:28:57,260 --> 00:28:55,710

I never really got was mummification and

649

00:28:59,419 --> 00:28:57,270

I guess I just always wrote it off as

650

00:29:00,020 --> 00:28:59,429

sort of a superstitious thing they did

651  
00:29:01,550 --> 00:29:00,030  
but

652  
00:29:03,290 --> 00:29:01,560  
we give them so much credit for being

653  
00:29:05,660 --> 00:29:03,300  
advanced in other areas that it doesn't

654  
00:29:07,280 --> 00:29:05,670  
really make sense to just conclude that

655  
00:29:09,610 --> 00:29:07,290  
and you've looked into this and there

656  
00:29:12,260 --> 00:29:09,620  
seems to be more to it doesn't there

657  
00:29:18,020 --> 00:29:12,270  
yeah the modifications really lose I

658  
00:29:20,090 --> 00:29:18,030  
mean that's to your mummify you so you

659  
00:29:21,260 --> 00:29:20,100  
know Multi multi your physical stuff and

660  
00:29:23,710 --> 00:29:21,270  
you're not expecting it physically can

661  
00:29:26,960 --> 00:29:23,720  
that's a good point

662  
00:29:30,170 --> 00:29:26,970  
yes that's kind of a love that is very

663  
00:29:31,670 --> 00:29:30,180

writing you know you're the underworld

664

00:29:34,160 --> 00:29:31,680

the other part and all that's therefore

665

00:29:35,380 --> 00:29:34,170

if you know that whatever you make

666

00:29:38,480 --> 00:29:35,390

sounds like you're worried about

667

00:29:40,010 --> 00:29:38,490

returning in the physical realm and you

668

00:29:43,880 --> 00:29:40,020

make sure you're still there and I think

669

00:29:46,100 --> 00:29:43,890

to those thoughts to exist and those

670

00:29:49,760 --> 00:29:46,110

type of beliefs there have been some

671

00:29:53,480 --> 00:29:49,770

sort of cloning or you know or a

672

00:29:55,880 --> 00:29:53,490

knowledge of this type of time just is

673

00:29:59,960 --> 00:29:55,890

another word a time plus hybrid species

674

00:30:01,340 --> 00:29:59,970

I give all kinds of you know even maybe

675

00:30:03,350 --> 00:30:01,350

when you look at the faint light bulb

676  
00:30:06,020 --> 00:30:03,360  
it's actually a certain and other panels

677  
00:30:07,760 --> 00:30:06,030  
are taking regular arm the you're

678  
00:30:10,400 --> 00:30:07,770  
assembling looks like they're making a

679  
00:30:12,380 --> 00:30:10,410  
certain yeah baby serpent today there's

680  
00:30:16,310 --> 00:30:12,390  
some where unions and it's insane or

681  
00:30:18,830 --> 00:30:16,320  
hybrid to the original having a book

682  
00:30:21,770 --> 00:30:18,840  
that's in the earliest like high

683  
00:30:24,080 --> 00:30:21,780  
reversal areas Egyptian art talks about

684  
00:30:26,660 --> 00:30:24,090  
weird hybrid mean creatures from the

685  
00:30:28,580 --> 00:30:26,670  
desert in Egypt and stuff and we get

686  
00:30:30,530 --> 00:30:28,590  
from the masked peril clip and he's a

687  
00:30:32,960 --> 00:30:30,540  
very rare and I had to accent it that's

688  
00:30:35,780 --> 00:30:32,970

looking under the plates in there

689

00:30:36,680 --> 00:30:35,790

they're not well you know in the same

690

00:30:38,930 --> 00:30:36,690

way that

691

00:30:40,720 --> 00:30:38,940

transhumanists the whole conspiracy

692

00:30:43,100 --> 00:30:40,730

today is that they're trying to

693

00:30:45,890 --> 00:30:43,110

transport their consciousness into

694

00:30:47,510 --> 00:30:45,900

computers to live forever maybe an

695

00:30:50,180 --> 00:30:47,520

ancient Egypt there's a parallel with

696

00:30:52,880 --> 00:30:50,190

these reptilians resurrecting their

697

00:30:55,790 --> 00:30:52,890

consciousness and a human vessel to

698

00:30:58,610 --> 00:30:55,800

appear less frightening to the masses

699

00:31:01,010 --> 00:30:58,620

yet still be insanely superior and being

700

00:31:07,850 --> 00:31:01,020

able to rule them without blowing their

701

00:31:09,050 --> 00:31:07,860

cover that could be well yes it's out

702

00:31:11,030 --> 00:31:09,060

there management I don't know if you're

703

00:31:12,919 --> 00:31:11,040

familiar with Freeman fly but he's a

704

00:31:13,460 --> 00:31:12,929

conspiracy researcher and he's got this

705

00:31:17,630 --> 00:31:13,470

little

706

00:31:20,600 --> 00:31:17,640

read that he has gathered this evidence

707

00:31:23,390 --> 00:31:20,610

that seems to be mounting up I anecdotal

708

00:31:26,690 --> 00:31:23,400

evidence it seems to to suggest that

709

00:31:28,730 --> 00:31:26,700

Obama could be a clone of Akhenaten and

710

00:31:30,380 --> 00:31:28,740

he goes in for all his reasons why but

711

00:31:32,810 --> 00:31:30,390

something that's interesting about Obama

712

00:31:34,909 --> 00:31:32,820

is now that his hair has gone gray you

713

00:31:36,950 --> 00:31:34,919

notice he's got a huge scar on his head

714

00:31:39,110 --> 00:31:36,960

and that's like of all the vetting of a

715

00:31:41,720 --> 00:31:39,120

new president you would think that some

716

00:31:44,840 --> 00:31:41,730

a 4 inch 5 inch scar on someone's head

717

00:31:46,610 --> 00:31:44,850

would come up but it never did and maybe

718

00:31:48,169 --> 00:31:46,620

they were maybe they resurrected

719

00:31:52,730 --> 00:31:48,179

Akhenaten and then had to shrink that

720

00:31:54,620 --> 00:31:52,740

cranium down to human size oh well yeah

721

00:31:57,590 --> 00:31:54,630

I talked about on the book actually a

722

00:32:01,669 --> 00:31:57,600

little bit more free ice cream she's

723

00:32:05,659 --> 00:32:01,679

funny and original and he's a cool guy

724

00:32:07,730 --> 00:32:05,669

that oh yeah knocking on yeah and Obama

725

00:32:10,520 --> 00:32:07,740

that's that's a whole other issue you're

726

00:32:14,930 --> 00:32:10,530

on like cream pie looks exactly like his

727

00:32:17,480 --> 00:32:14,940

wife you know so that's freaky I mean I

728

00:32:20,630 --> 00:32:17,490

I the whole strong hitting and you got

729

00:32:22,640 --> 00:32:20,640

Photoshop see that is double writing

730

00:32:25,610 --> 00:32:22,650

their clothes and Obama I like Obama

731

00:32:30,430 --> 00:32:25,620

that guy what if you want me he's a

732

00:32:33,350 --> 00:32:30,440

master CIA agent for sure or you know

733

00:32:34,909 --> 00:32:33,360

Pharaoh Akhenaton or you clone five

734

00:32:36,680 --> 00:32:34,919

different times and I forgive you like

735

00:32:38,450 --> 00:32:36,690

five different [h\_\_h] on clothes

736

00:32:42,440 --> 00:32:38,460

laughing of the president and I wouldn't

737

00:32:45,680 --> 00:32:42,450

to paint a snowman like I nothing

738

00:32:47,870 --> 00:32:45,690

surprise me Morty I'm done so far down

739

00:32:49,990 --> 00:32:47,880

the rabbit hole date she said okay right

740

00:32:53,060 --> 00:32:50,000

I hear you

741

00:32:55,399 --> 00:32:53,070

and dude another another fascinating

742

00:32:57,140 --> 00:32:55,409

story a part of your book that I really

743

00:32:59,000 --> 00:32:57,150

loved was the examination of modern

744

00:33:01,190 --> 00:32:59,010

culture in these references to reptilian

745

00:33:03,640 --> 00:33:01,200

royalty of course you mentioned GI Joe

746

00:33:06,320 --> 00:33:03,650

is always fighting Cobra Commander ah

747

00:33:09,200 --> 00:33:06,330

Mario is always fighting Bowser and the

748

00:33:11,149 --> 00:33:09,210

King Koopa royal family but the example

749

00:33:13,340 --> 00:33:11,159

that I found most fascinating in your

750

00:33:16,310 --> 00:33:13,350

book was the underlying threads in that

751

00:33:18,830 --> 00:33:16,320

90s sitcom dinosaurs I think a lot of

752

00:33:21,980 --> 00:33:18,840

people would remember that show but tell

753

00:33:24,440 --> 00:33:21,990

them about the subtext in that show you

754

00:33:26,450 --> 00:33:24,450

know my mom liked that whole part and

755

00:33:29,210 --> 00:33:26,460

and then in that show as a kid

756

00:33:32,420 --> 00:33:29,220

is only cool Charlotte I watch something

757

00:33:34,700 --> 00:33:32,430

around like okay some house is gone you

758

00:33:36,530 --> 00:33:34,710

know that's basically talk knowledge

759

00:33:40,480 --> 00:33:36,540

enhancing talking about the dinosaur

760

00:33:44,270 --> 00:33:40,490

didn't you know getting actually all by

761

00:33:48,430 --> 00:33:44,280

here's the is the reptilian Overlord you

762

00:33:50,870 --> 00:33:48,440

know and and there was crazy about is

763

00:33:53,240 --> 00:33:50,880

Disney not give me try to get been up

764

00:33:55,910 --> 00:33:53,250

its control coming for you wouldn't sell

765

00:33:58,580 --> 00:33:55,920

like they so they read here you create

766

00:34:01,160 --> 00:33:58,590

this the dinosaur show right but you

767

00:34:02,840 --> 00:34:01,170

wouldn't give up control methods so then

768

00:34:04,790 --> 00:34:02,850

they just you know gave him with the

769

00:34:07,100 --> 00:34:04,800

heart a gun you die before the dinosaur

770

00:34:11,210 --> 00:34:07,110

show even is yes I thought that was a

771

00:34:15,140 --> 00:34:11,220

fascinating read not very interesting

772

00:34:16,970 --> 00:34:15,150

and and and you really is solar than

773

00:34:20,270 --> 00:34:16,980

they do they got the right to the

774

00:34:22,970 --> 00:34:20,280

novelty and Disney's behind a lot of

775

00:34:26,120 --> 00:34:22,980

creepiness yeah it's it's crazy the

776

00:34:28,790 --> 00:34:26,130

other aspects that was cool was the main

777

00:34:31,850 --> 00:34:28,800

family in dinosaurs there the Sinclair

778

00:34:35,180 --> 00:34:31,860

family and that is the name of one of

779

00:34:38,320 --> 00:34:35,190

the elite Illuminati supposed bloodlines

780

00:34:40,460 --> 00:34:38,330

is the Sinclair's or the st. Clair's and

781

00:34:42,020 --> 00:34:40,470

it's also interesting that you know

782

00:34:44,780 --> 00:34:42,030

anyone you've seen this in Claire gas

783

00:34:46,880 --> 00:34:44,790

station has seen the dinosaur logo

784

00:34:48,610 --> 00:34:46,890

that's their logo for the gas station

785

00:34:51,350 --> 00:34:48,620

and we know that these secret societies

786

00:34:52,820 --> 00:34:51,360

these elites these bankers they're

787

00:34:56,300 --> 00:34:52,830

involved in banking and they're involved

788

00:34:58,870 --> 00:34:56,310

in natural resources mainly oil so so

789

00:35:01,880 --> 00:34:58,880

funny to see that connection

790

00:35:06,860 --> 00:35:01,890

yeah and your logo for the operation

791

00:35:08,870 --> 00:35:06,870

with a big dinosaur which was I thought

792

00:35:11,390 --> 00:35:08,880

was great because I never seen that

793

00:35:13,550 --> 00:35:11,400

being wow that's cool yeah cuz I was

794

00:35:16,280 --> 00:35:13,560

it's tough everyone is fascinated and so

795

00:35:18,350 --> 00:35:16,290

if this is the kid hell yeah man I grew

796

00:35:20,240 --> 00:35:18,360

up in this small little Missouri town

797

00:35:21,680 --> 00:35:20,250

and there was really nothing going on in

798

00:35:23,360 --> 00:35:21,690

this little suburb but there was a

799

00:35:25,970 --> 00:35:23,370

Sinclair station in the middle of town

800

00:35:27,680 --> 00:35:25,980

they had the dinosaur you know you could

801  
00:35:30,130 --> 00:35:27,690  
go up and sit on it and that was I guess

802  
00:35:35,090 --> 00:35:30,140  
the highlight of a kid's day

803  
00:35:38,480 --> 00:35:35,100  
hahaha let me see no I don't see no in

804  
00:35:40,310 --> 00:35:38,490  
California in stated and who is weirder

805  
00:35:42,830 --> 00:35:40,320  
you don't see to see clear

806  
00:35:45,010 --> 00:35:42,840  
what do you want no no and who would

807  
00:35:48,710 --> 00:35:45,020  
have thought that years later I would be

808  
00:35:51,260 --> 00:35:48,720  
drawing the connection to the Sinclair

809  
00:35:54,320 --> 00:35:51,270  
gas station to the show I was probably

810  
00:35:56,000 --> 00:35:54,330  
watching at the time two elite families

811  
00:35:59,900 --> 00:35:56,010  
and throughout history that have been

812  
00:36:01,610 --> 00:35:59,910  
controlling the masses I I would have I

813  
00:36:06,500 --> 00:36:01,620

would my mind would have been blown if I

814

00:36:08,990 --> 00:36:06,510

had told myself that back then that's

815

00:36:14,990 --> 00:36:09,000

why the unique a moment never ending you

816

00:36:17,870 --> 00:36:15,000

know yeah it's the king well the secular

817

00:36:19,550 --> 00:36:17,880

nature of time but it is a fascinating

818

00:36:21,680 --> 00:36:19,560

tale in a great book but I wanted to

819

00:36:23,120 --> 00:36:21,690

talk about a few pieces from your blog

820

00:36:24,950 --> 00:36:23,130

before I let you go because we're

821

00:36:26,060 --> 00:36:24,960

getting kind of deep in the interview

822

00:36:28,940 --> 00:36:26,070

but you've written some really

823

00:36:31,160 --> 00:36:28,950

interesting pieces that examine the idea

824

00:36:32,840 --> 00:36:31,170

of a couple major celebrities might have

825

00:36:35,060 --> 00:36:32,850

faked their deaths and these kind of

826

00:36:36,620 --> 00:36:35,070

stories are always fun but let's look at

827

00:36:38,450 --> 00:36:36,630

Elvis I mean that Theory's been around

828

00:36:40,700 --> 00:36:38,460

for quite some time I've always heard

829

00:36:42,950 --> 00:36:40,710

superfans suggesting that he might have

830

00:36:44,690 --> 00:36:42,960

faked his death what do you think man is

831

00:36:48,770 --> 00:36:44,700

it possible is there enough evidence out

832

00:36:51,590 --> 00:36:48,780

there to make you wonder yeah you know

833

00:36:55,010 --> 00:36:51,600

the Elvis table is on death then kind of

834

00:36:58,850 --> 00:36:55,020

went viral and I had to write a book

835

00:37:00,920 --> 00:36:58,860

about it coming out in December on the

836

00:37:02,510 --> 00:37:00,930

David Childress Adventure Tourism the

837

00:37:04,940 --> 00:37:02,520

mountains I'm going to dress nice

838

00:37:07,340 --> 00:37:04,950

Sneijder the other body read yeah it's

839

00:37:10,850 --> 00:37:07,350

cool no I'm stoked about it it could be

840

00:37:14,420 --> 00:37:10,860

after Christmas and first of all I know

841

00:37:16,310 --> 00:37:14,430

using wireless really you know I then he

842

00:37:18,350 --> 00:37:16,320

was more about the character caricature

843

00:37:21,110 --> 00:37:18,360

of pop culture and I like to come to you

844

00:37:22,370 --> 00:37:21,120

yeah that's not a image to me like I

845

00:37:26,240 --> 00:37:22,380

think a lot of people having such a

846

00:37:27,650 --> 00:37:26,250

degeneration do you know right closer he

847

00:37:31,040 --> 00:37:27,660

got you probably born so it doesn't you

848

00:37:35,630 --> 00:37:31,050

know so you know but to learn about

849

00:37:37,430 --> 00:37:35,640

Elvis it is great and it's so amazing he

850

00:37:40,280 --> 00:37:37,440

was the man for sure like the story is

851

00:37:42,740 --> 00:37:40,290

incredible but yeah looking into all

852

00:37:45,680 --> 00:37:42,750

these conspiracy stuff and these days on

853

00:37:47,480 --> 00:37:45,690

death I think there's a 20% chance he

854

00:37:49,340 --> 00:37:47,490

actually pulled a lot I'm sure there's

855

00:37:53,060 --> 00:37:49,350

enough here thank you but we're things

856

00:37:54,110 --> 00:37:53,070

that don't make sense to allude to that

857

00:37:56,480 --> 00:37:54,120

email while with

858

00:38:00,050 --> 00:37:56,490

however you know you still alive how

859

00:38:01,670 --> 00:38:00,060

long you know who know this video you

860

00:38:06,020 --> 00:38:01,680

definitely gotta eat it you know and

861

00:38:08,090 --> 00:38:06,030

this is before on it so you know even to

862

00:38:10,760 --> 00:38:08,100

pocket if you look at the to pop that's

863

00:38:12,800 --> 00:38:10,770

right there's bodily age stuff that no

864

00:38:14,420 --> 00:38:12,810

ELISA maybe even if they'd be going up

865

00:38:16,040 --> 00:38:14,430

as well and I was before basically

866

00:38:16,960 --> 00:38:16,050

playing out as well before I really got

867

00:38:20,240 --> 00:38:16,970

crazy

868

00:38:22,340 --> 00:38:20,250

keep your possible to well given did we

869

00:38:24,890 --> 00:38:22,350

look at the model Jack yeah yeah well

870

00:38:28,400 --> 00:38:24,900

Michael Jackson you know big open it

871

00:38:31,220 --> 00:38:28,410

right yeah I remember where I was not

872

00:38:33,170 --> 00:38:31,230

her mother yesterday I think I believe

873

00:38:37,100 --> 00:38:33,180

it you know I think it was ever in the

874

00:38:38,360 --> 00:38:37,110

world that yeah check that out before we

875

00:38:43,400 --> 00:38:38,370

almost destroyed the internet you know

876

00:38:45,470 --> 00:38:43,410

and I wanted to talk to you about him a

877

00:38:47,840 --> 00:38:45,480

little bit too but going back to Elvis

878

00:38:49,610 --> 00:38:47,850

you know given what I've heard now from

879

00:38:52,460 --> 00:38:49,620

so many different researchers and looked

880

00:38:54,980 --> 00:38:52,470

into about MKULTRA mind control and

881

00:38:58,630 --> 00:38:54,990

celebrities like Britney Spears and

882

00:39:01,460 --> 00:38:58,640

Miley Cyrus Beene these fragmented

883

00:39:03,800 --> 00:39:01,470

mentally fragmented victims of childhood

884

00:39:06,020 --> 00:39:03,810

abuse that are then thrown out there to

885

00:39:09,260 --> 00:39:06,030

the masses in a dance puppet dance kind

886

00:39:11,600 --> 00:39:09,270

of way and just used to siphon wealth in

887

00:39:15,080 --> 00:39:11,610

that context you look at Elvis and

888

00:39:16,910 --> 00:39:15,090

you're like there is a guy who descended

889

00:39:19,460 --> 00:39:16,920

into madness in his in his later years

890

00:39:21,170 --> 00:39:19,470

in the same way in the self-destructive

891

00:39:23,480 --> 00:39:21,180

way that some of these other celebrities

892

00:39:25,340 --> 00:39:23,490

do and it makes you wonder if he wasn't

893

00:39:27,560 --> 00:39:25,350

one of the first test cases for mass

894

00:39:31,010 --> 00:39:27,570

success for these mind-controlled

895

00:39:34,850 --> 00:39:31,020

celebrities was the prototype that he

896

00:39:38,660 --> 00:39:34,860

wasn't himself a victim you know and I

897

00:39:41,240 --> 00:39:38,670

in that regard yet you know he he was an

898

00:39:42,710 --> 00:39:41,250

army like you he's blowing up the king

899

00:39:44,780 --> 00:39:42,720

he came out of nowhere basically you

900

00:39:47,120 --> 00:39:44,790

know I'm prepared right I get never seen

901  
00:39:48,980 --> 00:39:47,130  
anything like that he's self-made he

902  
00:39:50,420 --> 00:39:48,990  
didn't still be in a black culture and

903  
00:39:53,480 --> 00:39:50,430  
that he is the real deal and then he was

904  
00:39:54,950 --> 00:39:53,490  
from you know to people of Mississippi

905  
00:39:57,350 --> 00:39:54,960  
you know he's porous I don't anything

906  
00:39:59,390 --> 00:39:57,360  
new and demented in the teenager like

907  
00:40:01,700 --> 00:39:59,400  
literally walk across street to you know

908  
00:40:03,830 --> 00:40:01,710  
from the projects to watch me to change

909  
00:40:09,080 --> 00:40:03,840  
I taboos on this right I mean

910  
00:40:11,720 --> 00:40:09,090  
so you know when using my own that's you

911  
00:40:14,150 --> 00:40:11,730  
know they always make the case well okay

912  
00:40:16,340 --> 00:40:14,160  
they could have broken in down there or

913  
00:40:18,590 --> 00:40:16,350

interview some to those things mind

914

00:40:20,450 --> 00:40:18,600

control techniques which when they were

915

00:40:23,030 --> 00:40:20,460

just starting out with in the Pioneer

916

00:40:26,030 --> 00:40:23,040

fifties right but there's nothing

917

00:40:29,060 --> 00:40:26,040

there's no no evidence that this to see

918

00:40:32,650 --> 00:40:29,070

any of that other than he was introduced

919

00:40:34,970 --> 00:40:32,660

to have enemies to keep them awake now

920

00:40:36,260 --> 00:40:34,980

that's one party other part isn't that

921

00:40:39,110 --> 00:40:36,270

his mother had just died

922

00:40:41,810 --> 00:40:39,120

now we all know through the Illuminati

923

00:40:45,290 --> 00:40:41,820

and the satanic rituals stuff like that

924

00:40:47,620 --> 00:40:45,300

the sacrifice is not you know yep

925

00:40:51,170 --> 00:40:47,630

however if it looks like a slice or

926  
00:40:54,050 --> 00:40:51,180  
happens naturally they latch on through

927  
00:40:56,270 --> 00:40:54,060  
this musical school as a tool right so

928  
00:40:56,840 --> 00:40:56,280  
his mental state definitely was right

929  
00:41:00,380 --> 00:40:56,850  
for the picking

930  
00:41:02,600 --> 00:41:00,390  
the Bethany's mother and had being

931  
00:41:05,930 --> 00:41:02,610  
abusive enemies and being on eBay I

932  
00:41:08,090 --> 00:41:05,940  
really don't see a I don't see anything

933  
00:41:09,830 --> 00:41:08,100  
that they they might have tried to

934  
00:41:12,490 --> 00:41:09,840  
certain you know maybe be gay with her

935  
00:41:15,920 --> 00:41:12,500  
but he's real like he and he forgoes

936  
00:41:18,080 --> 00:41:15,930  
always they wanted to do is get him in

937  
00:41:19,880 --> 00:41:18,090  
their video so toys and just like you

938  
00:41:21,860 --> 00:41:19,890

know get a bunch of free stuff and it

939

00:41:23,690 --> 00:41:21,870

was quite into the manager of genius of

940

00:41:26,360 --> 00:41:23,700

the kernel you but nope you need media

941

00:41:28,550 --> 00:41:26,370

grown girls to smart because I gave me

942

00:41:31,160 --> 00:41:28,560

respected the older people right right

943

00:41:34,940 --> 00:41:31,170

so now here in times and you know he's

944

00:41:37,970 --> 00:41:34,950

Frank Sinatra you know coming home and

945

00:41:40,190 --> 00:41:37,980

it's going like Simi Valley and on do a

946

00:41:46,220 --> 00:41:40,200

movie the yeah he blew up but the whole

947

00:41:49,060 --> 00:41:46,230

thing is later on the page or abuse are

948

00:41:51,770 --> 00:41:49,070

the pills basically because you know

949

00:41:54,140 --> 00:41:51,780

creative people on the on them on their

950

00:41:59,150 --> 00:41:54,150

selves have trouble sleeping right yep

951  
00:42:02,690 --> 00:41:59,160  
so imagine you know math success Fame

952  
00:42:04,160 --> 00:42:02,700  
movies concerts doctor back on sirs

953  
00:42:06,680 --> 00:42:04,170  
doing you know you can't sleep

954  
00:42:09,050 --> 00:42:06,690  
like the gentleman the whole thing

955  
00:42:12,860 --> 00:42:09,060  
that's going around it becomes you know

956  
00:42:16,550 --> 00:42:12,870  
it's just too much so you kind of

957  
00:42:17,730 --> 00:42:16,560  
require Davis lead availability spending

958  
00:42:22,410 --> 00:42:17,740  
and there's plenty

959  
00:42:24,630 --> 00:42:22,420  
money just became so you know depended

960  
00:42:27,530 --> 00:42:24,640  
on these drugs and they're doing really

961  
00:42:29,880 --> 00:42:27,540  
expert in ours a pharmaceutical company

962  
00:42:34,260 --> 00:42:29,890  
pharmaceutical company more basically

963  
00:42:37,770 --> 00:42:34,270

here you kill himself into oblivion his

964

00:42:40,380 --> 00:42:37,780

mental state of course deteriorate at

965

00:42:44,940 --> 00:42:40,390

the same time he was a secret you know

966

00:42:48,090 --> 00:42:44,950

he was reading he was one of us man in

967

00:42:50,340 --> 00:42:48,100

my life I decided to write all this

968

00:42:52,320 --> 00:42:50,350

until know that he was like me like in

969

00:42:54,359 --> 00:42:52,330

the sense where you know huge reading

970

00:42:55,890 --> 00:42:54,369

all the stuff that I bet accuse you no

971

00:42:58,430 --> 00:42:55,900

liner reads from Shirley MacLaine

972

00:43:01,710 --> 00:42:58,440

everything you know was amazing because

973

00:43:03,840 --> 00:43:01,720

she was going first to kind of go out on

974

00:43:06,510 --> 00:43:03,850

a limb and talk about these sort of

975

00:43:08,670 --> 00:43:06,520

crazy topics and such a personal high

976

00:43:10,740 --> 00:43:08,680

beautician you know so for Elvis to

977

00:43:12,480 --> 00:43:10,750

reading the trial of the kirshner movie

978

00:43:16,440 --> 00:43:12,490

well we've been having the ability to

979

00:43:19,560 --> 00:43:16,450

scrappy like lions and clambake just

980

00:43:21,510 --> 00:43:19,570

like oh that's a hideously good one

981

00:43:23,430 --> 00:43:21,520

that's cool man and you know you

982

00:43:26,760 --> 00:43:23,440

mentioned Michael Jackson and that's

983

00:43:28,380 --> 00:43:26,770

another crazy case and a lot of people

984

00:43:30,930 --> 00:43:28,390

speculate that he might have faked his

985

00:43:32,970 --> 00:43:30,940

death and it's also well here's the

986

00:43:35,640 --> 00:43:32,980

thing Mike a death me Michael Jackson

987

00:43:39,390 --> 00:43:35,650

100% convinced all the state they don't

988

00:43:41,760 --> 00:43:39,400

yes yes and he also apparently molded

989

00:43:44,130 --> 00:43:41,770

white well yeah I was just going to say

990

00:43:45,210 --> 00:43:44,140

he supposedly was married to Elvis's

991

00:43:46,830 --> 00:43:45,220

daughter which is an interesting

992

00:43:49,620 --> 00:43:46,840

connection because there's such moguls

993

00:43:50,910 --> 00:43:49,630

but your article seems to suggest that

994

00:43:52,620 --> 00:43:50,920

that was might have been a faked

995

00:43:54,420 --> 00:43:52,630

marriage or an arranged marriage or

996

00:43:57,359 --> 00:43:54,430

something but it's a strange connection

997

00:44:00,000 --> 00:43:57,369

just trying to fit absolutely trying get

998

00:44:01,740 --> 00:44:00,010

some knowledge you try to figure out we

999

00:44:04,080 --> 00:44:01,750

just trusted Elvis so you know I'd be a

1000

00:44:05,609 --> 00:44:04,090

very asado you know trying to get this

1001  
00:44:08,550 --> 00:44:05,619  
information I'm sure they're not

1002  
00:44:10,920 --> 00:44:08,560  
probably maybe if you've been media they

1003  
00:44:13,109 --> 00:44:10,930  
kind of backwards I think it didn't work

1004  
00:44:14,609 --> 00:44:13,119  
big lady probably gonna work for them at

1005  
00:44:18,980 --> 00:44:14,619  
least there was one good song out of it

1006  
00:44:22,200 --> 00:44:18,990  
and you're not alone fantastic I know so

1007  
00:44:23,820 --> 00:44:22,210  
yes but there was one person who could

1008  
00:44:27,840 --> 00:44:23,830  
figure on this it would be able to tell

1009  
00:44:29,190 --> 00:44:27,850  
me Jackson and very Michael did you guys

1010  
00:44:31,200 --> 00:44:29,200  
think about it like he faked his own

1011  
00:44:37,859 --> 00:44:31,210  
death to get out of this

1012  
00:44:40,349 --> 00:44:37,869  
you know this helis you know contract

1013  
00:44:42,120 --> 00:44:40,359

and all the you know he's not as action

1014

00:44:44,820 --> 00:44:42,130

is real you know all about the game like

1015

00:44:47,579 --> 00:44:44,830

that the illuminati used against through

1016

00:44:49,650 --> 00:44:47,589

their Zionist control there you know and

1017

00:44:52,490 --> 00:44:49,660

even had they don't care about us like

1018

00:44:54,510 --> 00:44:52,500

how more plan we can get that's easy to

1019

00:44:57,570 --> 00:44:54,520

anyone they try to destroy him anytime

1020

00:45:00,960 --> 00:44:57,580

to the child in a case and everything

1021

00:45:02,609 --> 00:45:00,970

else so he definitely had a reason to to

1022

00:45:05,790 --> 00:45:02,619

pay his own death as well yeah

1023

00:45:08,130 --> 00:45:05,800

Ryan both and it's kind of funny they've

1024

00:45:11,339 --> 00:45:08,140

got the IRS like just like last month it

1025

00:45:14,490 --> 00:45:11,349

is a favor 700 million dollar tax I know

1026

00:45:16,770 --> 00:45:14,500

I saw that - it's more like okay you you

1027

00:45:20,160 --> 00:45:16,780

take your own destiny I say doing buddy

1028

00:45:23,849 --> 00:45:20,170

also by way come on and I just messin

1029

00:45:26,450 --> 00:45:23,859

amended what do they know you know and

1030

00:45:28,980 --> 00:45:26,460

another interesting parallel was that

1031

00:45:30,900 --> 00:45:28,990

Elvis's funeral was only just a day

1032

00:45:33,030 --> 00:45:30,910

after his death Michael Jackson's was

1033

00:45:36,710 --> 00:45:33,040

pretty close after his death and both

1034

00:45:39,540 --> 00:45:36,720

staffs were fired before their death

1035

00:45:42,990 --> 00:45:39,550

haha yeah the whole anything they should

1036

00:45:44,870 --> 00:45:43,000

happen there with rich scenarios have

1037

00:45:48,109 --> 00:45:44,880

them in Michael Jackson as well

1038

00:45:52,470 --> 00:45:48,119

experiences rumors yeah you know and

1039

00:45:55,320 --> 00:45:52,480

with Elvis it's the the 900-pound you

1040

00:45:56,520 --> 00:45:55,330

know proper coffin that it's somehow put

1041

00:45:58,170 --> 00:45:56,530

together in a day

1042

00:46:01,530 --> 00:45:58,180

and they got in there and everyone said

1043

00:46:03,750 --> 00:46:01,540

it had air conditioning and it was cool

1044

00:46:05,970 --> 00:46:03,760

and then the body was a relaxed double

1045

00:46:08,370 --> 00:46:05,980

that they're looking in what feels like

1046

00:46:12,120 --> 00:46:08,380

the Elvis looking on 50 pounds

1047

00:46:13,740 --> 00:46:12,130

overweight anything and yeah the fibers

1048

00:46:21,359 --> 00:46:13,750

are falling off for the day there's no

1049

00:46:23,400 --> 00:46:21,369

thing you know it's it's trippy man and

1050

00:46:25,349 --> 00:46:23,410

in the case of Michael Jackson there's a

1051

00:46:27,540 --> 00:46:25,359

shot of the stretcher and it looks like

1052

00:46:35,070 --> 00:46:27,550

the body on the stretcher moves and it's

1053

00:46:39,570 --> 00:46:35,080

like what happened there yeah exactly

1054

00:46:42,150 --> 00:46:39,580

what is going on you know I mean you

1055

00:46:44,140 --> 00:46:42,160

know but we should be we shouldn't even

1056

00:46:46,720 --> 00:46:44,150

be surprised and anything

1057

00:46:50,200 --> 00:46:46,730

eleven they reported like in what BBC

1058

00:46:53,200 --> 00:46:50,210

like tower so no 1594 days all right

1059

00:46:55,390 --> 00:46:53,210

we see these mistakes happening time and

1060

00:46:57,460 --> 00:46:55,400

time again we see the same the same

1061

00:46:59,410 --> 00:46:57,470

approach to control and the same

1062

00:47:01,299 --> 00:46:59,420

mistakes happening yet so many people

1063

00:47:03,400 --> 00:47:01,309

are still in such denial but we know

1064

00:47:05,829 --> 00:47:03,410

we're looking back at at one of the

1065

00:47:07,779 --> 00:47:05,839

first secret societies of Egypt and now

1066

00:47:09,849 --> 00:47:07,789

we're bringing it up to 9/11 it seems

1067

00:47:12,160 --> 00:47:09,859

like this control grid might it be the

1068

00:47:14,019 --> 00:47:12,170

same as it always has been and it might

1069

00:47:16,710 --> 00:47:14,029

have started with these this crazy

1070

00:47:20,019 --> 00:47:16,720

serpent cult

1071

00:47:22,900 --> 00:47:20,029

yeah I know it's funny the famous quote

1072

00:47:27,519 --> 00:47:22,910

nothing is new Under the Sun that's the

1073

00:47:28,569 --> 00:47:27,529

rock and I'm sure we could all be

1074

00:47:30,910 --> 00:47:28,579

buddies yeah

1075

00:47:32,559 --> 00:47:30,920

well man I never gave much thought to

1076  
00:47:34,299 --> 00:47:32,569  
the parallels between Elvis and Michael

1077  
00:47:36,309 --> 00:47:34,309  
Jackson until your articles and how

1078  
00:47:37,990 --> 00:47:36,319  
weird is that Michael Jackson at least

1079  
00:47:40,150 --> 00:47:38,000  
on the surface married Elvis's daughter

1080  
00:47:41,680 --> 00:47:40,160  
but man it is great stuff it's awesome

1081  
00:47:44,769 --> 00:47:41,690  
that you are going to be turning that

1082  
00:47:45,940 --> 00:47:44,779  
content into a full full-on book and I

1083  
00:47:48,910 --> 00:47:45,950  
love how you aren't pigeon holing

1084  
00:47:52,180 --> 00:47:48,920  
yourself to the pop yeah it thank you my

1085  
00:47:54,609 --> 00:47:52,190  
right just go to flow and know some kids

1086  
00:47:57,670 --> 00:47:54,619  
gonna find interesting already you know

1087  
00:47:59,829 --> 00:47:57,680  
Ill I'm into so many different things

1088  
00:48:02,410 --> 00:47:59,839

that you know there's always something

1089

00:48:04,539 --> 00:48:02,420

freshen yeah absolutely always some

1090

00:48:06,700 --> 00:48:04,549

weird stuff like that if I look into it

1091

00:48:10,630 --> 00:48:06,710

the grade and I happen to be a good

1092

00:48:13,390 --> 00:48:10,640

researcher that's exactly yeah see yeah

1093

00:48:14,980 --> 00:48:13,400

see I'm lazy man I love the different

1094

00:48:16,450 --> 00:48:14,990

content but I don't do the research I

1095

00:48:18,010 --> 00:48:16,460

sit here and I talk to people like you

1096

00:48:21,190 --> 00:48:18,020

do the research and then when I get sick

1097

00:48:23,260 --> 00:48:21,200

I eat I talk about MKULTRA now when I'm

1098

00:48:26,819 --> 00:48:23,270

sick of that we talk about cryptids or

1099

00:48:30,789 --> 00:48:26,829

Bigfoot so it's great that you got a

1100

00:48:32,980 --> 00:48:30,799

little poppy people yeah so it's great

1101

00:48:34,240 --> 00:48:32,990

that you're out there man I love that

1102

00:48:35,710 --> 00:48:34,250

you're tackling all this radically

1103

00:48:38,769 --> 00:48:35,720

different stuff it makes shows like this

1104

00:48:40,210 --> 00:48:38,779

one fun but do it before we go would you

1105

00:48:42,430 --> 00:48:40,220

1106

00:48:47,380 --> 00:48:42,440

1124

00:49:34,570 --> 00:49:32,420

1132

00:49:51,220 --> 00:49:48,790

1140

00:50:06,970 --> 00:50:05,180

determined not to change the way I do

1141

00:50:09,070 --> 00:50:06,980

things but I'm starting to have a little

1142

00:50:10,990 --> 00:50:09,080

bit of a struggle you can see how much I

1143

00:50:13,150 --> 00:50:11,000

take in by the money bombs and four or

1144

00:50:15,040 --> 00:50:13,160

five hundred a month really isn't enough

1145

00:50:16,510 --> 00:50:15,050

but let's share the show tell your

1146

00:50:18,280 --> 00:50:16,520

friends rise at the top of the

1147

00:50:19,810 --> 00:50:18,290

conspiratorial charts and I'm sure it'll

1148

00:50:21,430 --> 00:50:19,820

all be okay in the end thanks for

1149

00:50:23,290 --> 00:50:21,440

sticking with me on this ride folks
