The quest to find the gateway to higher consciousness

Anthony Peake

1  
00:00:05,910 --> 00:00:04,150  
how's it going folks greg carl wood here

2  
00:00:08,470 --> 00:00:05,920  
your humble host of the higher side

3  
00:00:10,150 --> 00:00:08,480  
chats podcast a marijuana fueled rom

4  
00:00:12,230 --> 00:00:10,160  
through the worlds of conspiracy the

5  
00:00:13,749 --> 00:00:12,240  
paranormal and the all-around fringe

6  
00:00:15,110 --> 00:00:13,759  
where i focus on trying to provide the

7  
00:00:16,070 --> 00:00:15,120  
best interviews with the most

8  
00:00:17,750 --> 00:00:16,080  
interesting guests

9  
00:00:19,510 --> 00:00:17,760  
on a whole host of strange and

10  
00:00:21,670 --> 00:00:19,520  
suppressed topics and to celebrate our

11  
00:00:24,230 --> 00:00:21,680  
100th episode we had 13 of my favorite

12  
00:00:25,029 --> 00:00:24,240  
guests pop in for short 10 to 15 minute

13  
00:00:26,630 --> 00:00:25,039

segments

14

00:00:28,070 --> 00:00:26,640

and some of them were so interesting

15

00:00:29,669 --> 00:00:28,080

that i wanted to pull them out of that

16

00:00:31,669 --> 00:00:29,679

massive three-hour show

17

00:00:33,910 --> 00:00:31,679

and let them be appreciated on their own

18

00:00:35,110 --> 00:00:33,920

in a way that's easier to find and share

19

00:00:36,870 --> 00:00:35,120

and all that good stuff

20

00:00:38,549 --> 00:00:36,880

so pack your glass and park your ass

21

00:00:40,950 --> 00:00:38,559

people and get your mind right for the

22

00:00:49,990 --> 00:00:40,960

journey ahead because these my friends

23

00:00:53,590 --> 00:00:51,510

i know you've been a busy guy you put

24

00:00:54,950 --> 00:00:53,600

out a lot of work since we last spoke i

25

00:00:56,310 --> 00:00:54,960

was hoping for this little spot you

26

00:00:57,990 --> 00:00:56,320

could tell us about the book you just

27

00:01:00,310 --> 00:00:58,000

put out last september the infinite

28

00:01:02,150 --> 00:01:00,320

minefield the quest to find the gateway

29

00:01:02,790 --> 00:01:02,160

to higher consciousness which i believe

30

00:01:04,710 --> 00:01:02,800

is

31

00:01:06,230 --> 00:01:04,720

largely about the pineal gland and the

32

00:01:07,910 --> 00:01:06,240

pineal gland symbolism throughout

33

00:01:08,710 --> 00:01:07,920

history and ancient cultures is that

34

00:01:11,590 --> 00:01:08,720

right

35

00:01:12,070 --> 00:01:11,600

yeah in in in general terms it's my

36

00:01:13,670 --> 00:01:12,080

attempt

37

00:01:15,270 --> 00:01:13,680

to to pull together a lot of the

38

00:01:16,870 --> 00:01:15,280

disparate threads that i've been writing

39

00:01:19,429 --> 00:01:16,880

about over recent years

40

00:01:20,950 --> 00:01:19,439

and what i'm doing is i'm looking into

41

00:01:23,149 --> 00:01:20,960

the neurological

42

00:01:25,030 --> 00:01:23,159

and pharmaceutical aspects and

43

00:01:26,710 --> 00:01:25,040

neuropharmacological aspects of

44

00:01:28,230 --> 00:01:26,720

consciousness and how it interfaces with

45

00:01:30,310 --> 00:01:28,240

reality

46

00:01:32,469 --> 00:01:30,320

and i was particularly interested in the

47

00:01:33,350 --> 00:01:32,479

way in which the symbolism of the pineal

48

00:01:35,350 --> 00:01:33,360

gland

49

00:01:36,550 --> 00:01:35,360

goes back through most cultures right

50

00:01:38,230 --> 00:01:36,560

across the world

51  
00:01:41,749 --> 00:01:38,240  
and also the way in which it links

52  
00:01:44,389 --> 00:01:41,759  
directly into the esoteric traditions

53  
00:01:45,990 --> 00:01:44,399  
in those cultures as well and indeed i

54  
00:01:47,830 --> 00:01:46,000  
was surprised to find that a lot of the

55  
00:01:48,870 --> 00:01:47,840  
symbolism and ideas go right back to

56  
00:01:52,550 --> 00:01:48,880  
ancient suma

57  
00:01:54,950 --> 00:01:52,560  
and indeed can be linked directly with

58  
00:01:57,190 --> 00:01:54,960  
such oddities as out of the body

59  
00:01:59,030 --> 00:01:57,200  
experiences and such like

60  
00:02:00,709 --> 00:01:59,040  
yeah man that's pretty awesome i've been

61  
00:02:02,230 --> 00:02:00,719  
pretty intrigued by the topic for a

62  
00:02:04,630 --> 00:02:02,240  
while because i've been told that the

63  
00:02:06,149 --> 00:02:04,640

pineal is often represented by a pine

64

00:02:08,389 --> 00:02:06,159

cone which is interesting because

65

00:02:09,190 --> 00:02:08,399

there's representations of pine cones at

66

00:02:11,430 --> 00:02:09,200

the vatican

67

00:02:13,270 --> 00:02:11,440

and masonic lodges and a ton of ancient

68

00:02:14,070 --> 00:02:13,280

cultures and and also people talk about

69

00:02:15,910 --> 00:02:14,080

that symbol

70

00:02:17,510 --> 00:02:15,920

holding some hidden knowledge behind it

71

00:02:19,589 --> 00:02:17,520

which the whole thing seems pretty

72

00:02:22,630 --> 00:02:19,599

widespread like you said back to ancient

73

00:02:24,150 --> 00:02:22,640

the sumerians oh absolutely um

74

00:02:26,390 --> 00:02:24,160

for instance i took the opportunity a

75

00:02:27,830 --> 00:02:26,400

few years ago to go over to angkor wat

76

00:02:29,830 --> 00:02:27,840

in cambodia

77

00:02:31,589 --> 00:02:29,840

and again if you look at the camber the

78

00:02:33,350 --> 00:02:31,599

main temple of angkor wat

79

00:02:36,150 --> 00:02:33,360

and you look at the shape of the the the

80

00:02:37,990 --> 00:02:36,160

main towers they clearly are

81

00:02:40,150 --> 00:02:38,000

huge pineal glands or at least pine

82

00:02:42,229 --> 00:02:40,160

cones now of course on top of that if

83

00:02:42,790 --> 00:02:42,239

you wander around the particular anchor

84

00:02:45,270 --> 00:02:42,800

watts

85

00:02:47,190 --> 00:02:45,280

site the greater site there is another

86

00:02:47,990 --> 00:02:47,200

temple called the biome and in the biome

87

00:02:51,509 --> 00:02:48,000

there are there are

88

00:02:52,949 --> 00:02:51,519

scores of of carved heads um carved into

89

00:02:54,229 --> 00:02:52,959

the side of one of the temples and all

90

00:02:56,309 --> 00:02:54,239

of them had the third eye

91

00:02:57,830 --> 00:02:56,319

symbol in the center of their forehead

92

00:02:59,830 --> 00:02:57,840

so clearly we have

93

00:03:01,589 --> 00:02:59,840

something here that's intriguing and

94

00:03:04,149 --> 00:03:01,599

virtually universal

95

00:03:05,589 --> 00:03:04,159

now where i've taken it is slightly

96

00:03:07,350 --> 00:03:05,599

different to a lot of other people in

97

00:03:08,470 --> 00:03:07,360

the sense that i've linked the pineal

98

00:03:10,790 --> 00:03:08,480

gland

99

00:03:12,390 --> 00:03:10,800

directly to neurology in the sense that

100

00:03:13,430 --> 00:03:12,400

i'm particularly intrigued in the

101  
00:03:15,990 --> 00:03:13,440  
evidence

102  
00:03:18,390 --> 00:03:16,000  
that the pineal gland internally that is

103  
00:03:19,309 --> 00:03:18,400  
endogenously generates

104  
00:03:21,990 --> 00:03:19,319  
the substance known as

105  
00:03:24,149 --> 00:03:22,000  
dimethyltryptamine which which of course

106  
00:03:25,509 --> 00:03:24,159  
as you guys will be very aware

107  
00:03:27,350 --> 00:03:25,519  
is one of the most powerful

108  
00:03:29,990 --> 00:03:27,360  
hallucinogenic drugs known to man

109  
00:03:31,509 --> 00:03:30,000  
and indeed is the major constituent of

110  
00:03:34,949 --> 00:03:31,519  
ayahuasca

111  
00:03:37,990 --> 00:03:34,959  
now one of the things that stunned me

112  
00:03:40,789 --> 00:03:38,000  
was to discover that in fact the brain

113  
00:03:44,390 --> 00:03:40,799

itself brews its own ayahuasca

114

00:03:45,670 --> 00:03:44,400

in in that we now have definite evidence

115

00:03:47,270 --> 00:03:45,680

and i know a lot of people out there

116

00:03:48,830 --> 00:03:47,280

will say there is absolutely no evidence

117

00:03:50,309 --> 00:03:48,840

that the brain actually excretes

118

00:03:52,949 --> 00:03:50,319

dimethyltryptamine

119

00:03:54,309 --> 00:03:52,959

well there's been work done by a lady

120

00:03:57,030 --> 00:03:54,319

called gmo borigen

121

00:03:58,309 --> 00:03:57,040

who is a researcher at an american

122

00:04:00,229 --> 00:03:58,319

university which i think is the

123

00:04:03,190 --> 00:04:00,239

university of minneapolis

124

00:04:05,030 --> 00:04:03,200

and she's now discovered and get this is

125

00:04:05,750 --> 00:04:05,040

this is virtually breaking news in many

126  
00:04:07,630 --> 00:04:05,760  
ways

127  
00:04:09,830 --> 00:04:07,640  
that they have discovered

128  
00:04:10,390 --> 00:04:09,840  
dimethyltryptamine in the pineal gland

129  
00:04:13,750 --> 00:04:10,400  
of

130  
00:04:15,830 --> 00:04:13,760  
live rats now the reason that they use

131  
00:04:17,430 --> 00:04:15,840  
rats is because of the similarity in

132  
00:04:19,110 --> 00:04:17,440  
terms of the neurological structures of

133  
00:04:19,909 --> 00:04:19,120  
the rat's brain to the human being's

134  
00:04:21,670 --> 00:04:19,919  
brain

135  
00:04:23,590 --> 00:04:21,680  
so here we have something stunning

136  
00:04:24,629 --> 00:04:23,600  
because over the years you know they

137  
00:04:26,550 --> 00:04:24,639  
have discovered

138  
00:04:28,790 --> 00:04:26,560

uh dimethyltryptamine in the blood they

139

00:04:29,990 --> 00:04:28,800

discovered in spinal fluid

140

00:04:31,670 --> 00:04:30,000

they discovered in the lining of the

141

00:04:33,350 --> 00:04:31,680

stomach various other places but they've

142

00:04:34,150 --> 00:04:33,360

never discovered it actively in the

143

00:04:35,830 --> 00:04:34,160

brain

144

00:04:37,189 --> 00:04:35,840

now not only that but this is definite

145

00:04:39,670 --> 00:04:37,199

proof that the pineal gland

146

00:04:41,430 --> 00:04:39,680

generates it but on top of that what is

147

00:04:42,230 --> 00:04:41,440

even more intriguing is the pineal gland

148

00:04:44,550 --> 00:04:42,240

also

149

00:04:45,510 --> 00:04:44,560

generates something called homolyne and

150

00:04:48,790 --> 00:04:45,520

homoline

151  
00:04:51,990 --> 00:04:48,800  
is what's known as a mono oxidized

152  
00:04:54,230 --> 00:04:52,000  
inhibitor in the sense it's an mao

153  
00:04:57,030 --> 00:04:54,240  
inhibitor and effectively what this does

154  
00:04:57,909 --> 00:04:57,040  
is just like one of the constituents of

155  
00:05:00,230 --> 00:04:57,919  
ayahuasca

156  
00:05:02,150 --> 00:05:00,240  
which also contains an mao inhibitor is

157  
00:05:04,469 --> 00:05:02,160  
it effectively facilitates

158  
00:05:05,590 --> 00:05:04,479  
the way in which dmt can be diffused

159  
00:05:08,310 --> 00:05:05,600  
within the brain

160  
00:05:09,110 --> 00:05:08,320  
so this is intriguing stuff and it

161  
00:05:12,230 --> 00:05:09,120  
clearly

162  
00:05:12,629 --> 00:05:12,240  
now shows that dimethyltryptamine is in

163  
00:05:14,950 --> 00:05:12,639

fact

164

00:05:16,629 --> 00:05:14,960

a neurotransmitter and indeed the human

165

00:05:18,310 --> 00:05:16,639

brain is designed

166

00:05:20,230 --> 00:05:18,320

to have this because there's things

167

00:05:21,430 --> 00:05:20,240

called the trace amine associated

168

00:05:23,189 --> 00:05:21,440

receptors in the brain these are

169

00:05:25,749 --> 00:05:23,199

receptor sites in the neurons

170

00:05:27,189 --> 00:05:25,759

and these are designed specifically like

171

00:05:28,990 --> 00:05:27,199

a key is to a lock

172

00:05:30,629 --> 00:05:29,000

to actually work directly with the

173

00:05:33,110 --> 00:05:30,639

dimethyltryptamine

174

00:05:34,310 --> 00:05:33,120

so as rick strassmann once said you know

175

00:05:36,150 --> 00:05:34,320

that there's evidence to say that

176

00:05:37,189 --> 00:05:36,160

dimethyltryptamine is the modulator by

177

00:05:39,189 --> 00:05:37,199

which we modulate

178

00:05:40,710 --> 00:05:39,199

the brain modulates reality there seems

179

00:05:41,909 --> 00:05:40,720

to be powerful evidence now that this is

180

00:05:44,629 --> 00:05:41,919

the case

181

00:05:45,990 --> 00:05:44,639

yeah man that is awesome and super

182

00:05:47,350 --> 00:05:46,000

fascinating because i've

183

00:05:49,189 --> 00:05:47,360

been hearing about this for a while and

184

00:05:50,710 --> 00:05:49,199

it was speculation for a long time but

185

00:05:51,350 --> 00:05:50,720

it seems like now we've got some hard

186

00:05:53,110 --> 00:05:51,360

data

187

00:05:55,430 --> 00:05:53,120

and i keep hearing that at the heart of

188

00:05:57,189 --> 00:05:55,440

a lot of secret societies a big part of

189

00:05:58,710 --> 00:05:57,199

the hidden knowledge they preside over

190

00:05:59,990 --> 00:05:58,720

involves the pineal gland and its

191

00:06:01,430 --> 00:06:00,000

importance and it seems like

192

00:06:03,350 --> 00:06:01,440

conventional science might be catching

193

00:06:05,029 --> 00:06:03,360

up to that which is pretty awesome

194

00:06:06,550 --> 00:06:05,039

totally and that's why i'm so excited

195

00:06:07,909 --> 00:06:06,560

about the book because what i do is i

196

00:06:10,070 --> 00:06:07,919

bring the two together

197

00:06:11,670 --> 00:06:10,080

in the sense that i review the neural

198

00:06:14,150 --> 00:06:11,680

neurology of everything but i

199

00:06:15,510 --> 00:06:14,160

on top of that deal in great detail with

200

00:06:17,830 --> 00:06:15,520

the secret societies

201  
00:06:20,150 --> 00:06:17,840  
for instance um some of the symbolism

202  
00:06:21,909 --> 00:06:20,160  
this caduceus for instance

203  
00:06:23,189 --> 00:06:21,919  
and the twin snakes because there's a

204  
00:06:25,749 --> 00:06:23,199  
link here directly

205  
00:06:26,390 --> 00:06:25,759  
also with the kundalini experience there

206  
00:06:29,510 --> 00:06:26,400  
is also

207  
00:06:31,990 --> 00:06:29,520  
a very very powerful link to

208  
00:06:33,430 --> 00:06:32,000  
the way in which the brain actually

209  
00:06:35,670 --> 00:06:33,440  
functions now

210  
00:06:37,430 --> 00:06:35,680  
you will see the sign of the caduceus

211  
00:06:39,670 --> 00:06:37,440  
everywhere you know the idea of the two

212  
00:06:41,270 --> 00:06:39,680  
twin snakes actually coming together one

213  
00:06:43,189 --> 00:06:41,280

going up a central pole

214

00:06:44,629 --> 00:06:43,199

and then at the top there's a kind of a

215

00:06:46,469 --> 00:06:44,639

the two heads of the snakes come

216

00:06:49,189 --> 00:06:46,479

together when there's a circle

217

00:06:51,350 --> 00:06:49,199

and that's the pineal gland now if you

218

00:06:51,830 --> 00:06:51,360

start seeing this symbolism that way you

219

00:06:55,189 --> 00:06:51,840

will see

220

00:06:57,189 --> 00:06:55,199

exactly how powerful this is and

221

00:06:59,510 --> 00:06:57,199

i suspect that this has been known for

222

00:07:00,550 --> 00:06:59,520

centuries you know you look into masonic

223

00:07:01,909 --> 00:07:00,560

symbolism

224

00:07:03,589 --> 00:07:01,919

in fact there's there's two or three

225

00:07:04,790 --> 00:07:03,599

buildings in new york i've discovered

226

00:07:06,870 --> 00:07:04,800

that actually has

227

00:07:09,110 --> 00:07:06,880

pineal gland symbolism on the side of

228

00:07:12,309 --> 00:07:09,120

the buildings which were designed by

229

00:07:15,029 --> 00:07:12,319

um one of the world's leading masonic uh

230

00:07:16,150 --> 00:07:15,039

architects yeah so clearly that there is

231

00:07:18,710 --> 00:07:16,160

a link here with with

232

00:07:20,150 --> 00:07:18,720

masons in fact in masonic symbolism

233

00:07:21,270 --> 00:07:20,160

there's something called the hercules

234

00:07:23,430 --> 00:07:21,280

pillars

235

00:07:24,870 --> 00:07:23,440

which is in fact there is a pub in

236

00:07:26,309 --> 00:07:24,880

central london that i used to drink and

237

00:07:28,150 --> 00:07:26,319

call the hercules pillars

238

00:07:30,309 --> 00:07:28,160

and this is the major pub opposite the

239

00:07:32,550 --> 00:07:30,319

grand masonic hall in in hoban

240

00:07:34,390 --> 00:07:32,560

in london and effectively you walk into

241

00:07:36,629 --> 00:07:34,400

the pub and you can actually see these

242

00:07:37,589 --> 00:07:36,639

two symbols and it's the ida and the

243

00:07:39,350 --> 00:07:37,599

pingala

244

00:07:41,189 --> 00:07:39,360

which effectively again are the twin

245

00:07:43,670 --> 00:07:41,199

channels by which

246

00:07:44,629 --> 00:07:43,680

the kundalini force goes up the spine

247

00:07:48,869 --> 00:07:44,639

through the body

248

00:07:51,110 --> 00:07:48,879

to enlighten the pineal gland damn man

249

00:07:52,790 --> 00:07:51,120

it is super interesting because you know

250

00:07:54,950 --> 00:07:52,800

i live here in san diego and i'm two

251  
00:07:58,869 --> 00:07:54,960  
hours outside of la but there is a

252  
00:08:00,550 --> 00:07:58,879  
massive massive mall in la and it has

253  
00:08:02,469 --> 00:08:00,560  
this picture that i believe comes from

254  
00:08:04,550 --> 00:08:02,479  
the sumerians it's like

255  
00:08:05,510 --> 00:08:04,560  
five stories tall on the side of this

256  
00:08:07,110 --> 00:08:05,520  
building and

257  
00:08:08,869 --> 00:08:07,120  
i think one has a big beard and the

258  
00:08:10,550 --> 00:08:08,879  
other one looks like a falcon but he's

259  
00:08:11,830 --> 00:08:10,560  
holding a pine cone like he's trying to

260  
00:08:13,430 --> 00:08:11,840  
give it to someone and then the other

261  
00:08:16,070 --> 00:08:13,440  
hand he's holding like a

262  
00:08:16,790 --> 00:08:16,080  
like a bucket and every time i see that

263  
00:08:19,029 --> 00:08:16,800

i'm like

264

00:08:20,230 --> 00:08:19,039

that is so ironic because marketing and

265

00:08:23,110 --> 00:08:20,240

consumerism

266

00:08:25,670 --> 00:08:23,120

and all this small [h\_\_h] is it's almost

267

00:08:27,909 --> 00:08:25,680

directly opposed to enlightenment and

268

00:08:28,950 --> 00:08:27,919

the things that the pineal might unlock

269

00:08:30,950 --> 00:08:28,960

for us oh

270

00:08:32,469 --> 00:08:30,960

and in times with the sumerian symbolism

271

00:08:33,589 --> 00:08:32,479

i mean this is this is symbolism of

272

00:08:35,990 --> 00:08:33,599

marduk

273

00:08:37,110 --> 00:08:36,000

and of course if you start looking into

274

00:08:39,430 --> 00:08:37,120

the the old

275

00:08:40,949 --> 00:08:39,440

sumerian legends you actually get into

276

00:08:42,709 --> 00:08:40,959

the anunnukai

277

00:08:44,870 --> 00:08:42,719

and the idea of people actually

278

00:08:47,350 --> 00:08:44,880

genetically engineering

279

00:08:49,350 --> 00:08:47,360

people for want of a better term now

280

00:08:51,670 --> 00:08:49,360

this again fascinates me because i think

281

00:08:55,110 --> 00:08:51,680

this can be linked directly back

282

00:08:56,310 --> 00:08:55,120

to dna and in fact a lot of the

283

00:08:58,710 --> 00:08:56,320

individuals and i have

284

00:09:00,470 --> 00:08:58,720

i've had a similar experience myself not

285

00:09:01,670 --> 00:09:00,480

with dimethyltryptamine but using the

286

00:09:04,550 --> 00:09:01,680

elusive light device

287

00:09:06,389 --> 00:09:04,560

which i've touched upon last time and of

288

00:09:07,110 --> 00:09:06,399

course the lucid light device as far as

289

00:09:09,030 --> 00:09:07,120

i'm aware

290

00:09:11,030 --> 00:09:09,040

and i'm very strongly believer of this

291

00:09:13,030 --> 00:09:11,040

actually stimulates the pineal gland to

292

00:09:16,150 --> 00:09:13,040

excrete dimethyltryptamine

293

00:09:17,750 --> 00:09:16,160

now when i had this effect i had very

294

00:09:18,389 --> 00:09:17,760

very vivid dreams after i used the

295

00:09:20,310 --> 00:09:18,399

machine

296

00:09:22,790 --> 00:09:20,320

and i had snakes i was dreaming of

297

00:09:25,110 --> 00:09:22,800

snakes now this is exactly

298

00:09:25,829 --> 00:09:25,120

the kind of symbolism that if you go

299

00:09:27,829 --> 00:09:25,839

down to

300

00:09:29,990 --> 00:09:27,839

the indigenous peoples of the amazon

301  
00:09:30,630 --> 00:09:30,000  
basin as the one thing they continually

302  
00:09:32,949 --> 00:09:30,640  
talk about

303  
00:09:34,550 --> 00:09:32,959  
is the snakes and the way in which the

304  
00:09:38,070 --> 00:09:34,560  
snakes are your totem

305  
00:09:40,070 --> 00:09:38,080  
creatures and such like so clearly

306  
00:09:42,070 --> 00:09:40,080  
there's powerful symbolism and i believe

307  
00:09:44,790 --> 00:09:42,080  
it's dna communicating with us

308  
00:09:45,990 --> 00:09:44,800  
i think we are tools for dna dna is what

309  
00:09:48,070 --> 00:09:46,000  
we really are

310  
00:09:49,430 --> 00:09:48,080  
and it is a way of communicating with

311  
00:09:51,590 --> 00:09:49,440  
our own dna

312  
00:09:52,790 --> 00:09:51,600  
not only this but i think that there is

313  
00:09:54,150 --> 00:09:52,800

a link here to something called

314

00:09:55,910 --> 00:09:54,160

biophotons

315

00:09:57,990 --> 00:09:55,920

and the give because because dna gives

316

00:10:00,630 --> 00:09:58,000

off light and it gives off photons

317

00:10:01,509 --> 00:10:00,640

on top of that i'm working very closely

318

00:10:03,269 --> 00:10:01,519

now with a guy

319

00:10:05,030 --> 00:10:03,279

called professor irvin laszlo who you

320

00:10:06,790 --> 00:10:05,040

may have heard of i have heard of him

321

00:10:08,069 --> 00:10:06,800

haven't had him on the show yet but he's

322

00:10:09,910 --> 00:10:08,079

a fascinating guy

323

00:10:11,430 --> 00:10:09,920

oh totally irv but he might be

324

00:10:13,190 --> 00:10:11,440

interested to know that irving and i

325

00:10:14,949 --> 00:10:13,200

we are launching the new paradigm

326

00:10:15,829 --> 00:10:14,959

concept at the university of milan in

327

00:10:18,790 --> 00:10:15,839

italy

328

00:10:19,910 --> 00:10:18,800

and we've got uh leading psychologists

329

00:10:22,470 --> 00:10:19,920

neurologists

330

00:10:23,350 --> 00:10:22,480

particle physicists all spending a

331

00:10:26,150 --> 00:10:23,360

weekend

332

00:10:27,509 --> 00:10:26,160

presenting this new model of what irving

333

00:10:30,310 --> 00:10:27,519

calls the akashic

334

00:10:30,790 --> 00:10:30,320

paradigm the idea that the zero point

335

00:10:34,790 --> 00:10:30,800

field

336

00:10:36,310 --> 00:10:34,800

we perceive is actually drawn up from

337

00:10:38,949 --> 00:10:36,320

the information field

338

00:10:40,870 --> 00:10:38,959

and i'm suggesting that our processor

339

00:10:44,230 --> 00:10:40,880

that gives us access to this

340

00:10:47,110 --> 00:10:44,240

information field is the pineal gland

341

00:10:47,750 --> 00:10:47,120

wow that is super interesting stuff man

342

00:10:49,750 --> 00:10:47,760

there is

343

00:10:51,670 --> 00:10:49,760

so much more meat on these bones we're

344

00:10:53,269 --> 00:10:51,680

gonna have to do a longer show i mean

345

00:10:55,590 --> 00:10:53,279

the pineal is a fascinating thing all

346

00:10:56,790 --> 00:10:55,600

the symbolism what it might mean the

347

00:10:58,949 --> 00:10:56,800

power behind it

348

00:11:00,470 --> 00:10:58,959

yeah we could go on forever but thanks

349

00:11:02,389 --> 00:11:00,480

so much for stopping in to do this you

350

00:11:03,910 --> 00:11:02,399

never fail to get my mind going man

351

00:11:05,670 --> 00:11:03,920

thank you very much greg it's great to

352

00:11:06,870 --> 00:11:05,680

talk to you and congratulations on the

353

00:11:08,069 --> 00:11:06,880

100th show as well

354

00:11:09,670 --> 00:11:08,079

thank you and do you want to give the

355

00:11:10,949 --> 00:11:09,680

people some info about your books and

356

00:11:13,030 --> 00:11:10,959

website before we let you go

357

00:11:15,110 --> 00:11:13,040

yeah no absolutely the book is called

358

00:11:17,509 --> 00:11:15,120

the infinite minefield it's available

359

00:11:19,269 --> 00:11:17,519

in u.s bookshops and bookshops around

360

00:11:22,150 --> 00:11:19,279

the world as well which is really great

361

00:11:23,430 --> 00:11:22,160

uh my webshop website is [anthonypig.com](http://anthonypig.com)

362

00:11:26,949 --> 00:11:23,440

that's anthony with an h

363

00:11:28,069 --> 00:11:26,959

and peak p e a k e dot com and also join

364

00:11:29,509 --> 00:11:28,079

me on facebook

365

00:11:30,790 --> 00:11:29,519

very cool anthony you're the man

366

00:11:31,910 --> 00:11:30,800

definitely one of my favorite guests

367

00:11:33,670 --> 00:11:31,920

from the first 100

368

00:11:35,110 --> 00:11:33,680

and we'll do it again in the next 100 so
