

ROBERT MORNINGSTAR
SECRETS OF THE
SOLAR SYSTEM,
MYTHOLOGY,
& EXTRATERRESTRIALS

BROUGHT TO YOU BY:
 **conspiraTees.net**

1
00:00:35,680 --> 00:00:34,150
how the hell are we doing I are sad

2
00:00:37,540 --> 00:00:35,690
shatters it's a beautiful day to drink a

3
00:00:39,489 --> 00:00:37,550
little drink a perfect time to smoke a

4
00:00:41,020 --> 00:00:39,499
little smoke I'm your humble host Greg

5
00:00:42,790 --> 00:00:41,030
Carl wood from the mean streets of sunny

6
00:00:45,340 --> 00:00:42,800
San Diego and today we're wading through

7
00:00:47,950 --> 00:00:45,350
a raging river of Lies perpetrated by

8
00:00:49,869 --> 00:00:47,960
NASA the global elite religious

9
00:00:53,110 --> 00:00:49,879
institutions and God knows who else

10
00:00:55,389 --> 00:00:53,120
about the moon Saturn spaceships Jesus

11
00:00:56,739 --> 00:00:55,399
and the goddamn chupacabra but before we

12
00:00:58,750 --> 00:00:56,749
dive in I want to tell you people about

13
00:00:59,829 --> 00:00:58,760

the new conspiracy HQ that's launching

14

00:01:03,700 --> 00:00:59,839

July 1st

15

00:01:06,160 --> 00:01:03,710

Freeman fly Frederick's Rob Davin Mark

16

00:01:08,320 --> 00:01:06,170

Howard and myself have decided to join

17

00:01:10,180 --> 00:01:08,330

forces because it really takes a team to

18

00:01:13,840 --> 00:01:10,190

have a fully operational website these

19

00:01:16,330 --> 00:01:13,850

days with news articles of course videos

20

00:01:18,430 --> 00:01:16,340

and podcasts so it should be great stuff

21

00:01:20,140 --> 00:01:18,440

I love all those guys they're talented

22

00:01:21,700 --> 00:01:20,150

dudes I'm surprised they'd want me in

23

00:01:23,800 --> 00:01:21,710

that group of heavy hitters but hey I'll

24

00:01:26,020 --> 00:01:23,810

take it because when I look at a really

25

00:01:28,210 --> 00:01:26,030

successful full-bodied website or groups

26
00:01:30,010 --> 00:01:28,220
like The Young Turks or Infowars there

27
00:01:31,510 --> 00:01:30,020
really are whole teams working together

28
00:01:33,310 --> 00:01:31,520
on those things and we want to do the

29
00:01:35,110 --> 00:01:33,320
same kind of thing for our kind of

30
00:01:38,680 --> 00:01:35,120
conspiracy people so look out for that

31
00:01:41,170 --> 00:01:38,690
July 1st conspiracy hq.com also this

32
00:01:43,210 --> 00:01:41,180
money bomb is brought in \$1600 so far

33
00:01:45,010 --> 00:01:43,220
which is 800 for me and 800 for the

34
00:01:46,840 --> 00:01:45,020
listener and I hope this is okay with

35
00:01:48,160 --> 00:01:46,850
everyone I hate to change the rules in

36
00:01:50,050 --> 00:01:48,170
the middle of the game but I want to

37
00:01:51,820 --> 00:01:50,060
spread the love out so a new rule for

38
00:01:54,760 --> 00:01:51,830

the money bomb is that when it goes over

39

00:01:56,230 --> 00:01:54,770

a thousand bucks total or 500 for me 500

40

00:01:59,140 --> 00:01:56,240

for the listener I'm gonna split it up

41

00:02:00,460 --> 00:01:59,150

between two people so 250 and 250 so

42

00:02:02,620 --> 00:02:00,470

right now we have a situation where on

43

00:02:04,240 --> 00:02:02,630

June 24th I will pick two Money bomb

44

00:02:07,120 --> 00:02:04,250

winners and I will be giving each of

45

00:02:08,529 --> 00:02:07,130

them at least \$400 so if we want to

46

00:02:10,240 --> 00:02:08,539

boost those numbers and help out the

47

00:02:13,120 --> 00:02:10,250

show please hop over to the higher side

48

00:02:15,040 --> 00:02:13,130

chats com / donate and throw in 5 bucks

49

00:02:16,990 --> 00:02:15,050

or so and we'll see what happens in just

50

00:02:18,670 --> 00:02:17,000

a few days thanks so much this is the

51
00:02:20,619 --> 00:02:18,680
biggest money bomb yet

52
00:02:22,360 --> 00:02:20,629
I'm gonna skip the usual spots for the

53
00:02:25,990 --> 00:02:22,370
sake of getting down to brass tacks with

54
00:02:31,440 --> 00:02:26,000
the man himself Robert Morningstar enjoy

55
00:02:35,590 --> 00:02:33,790
okay people we know by now that the

56
00:02:37,330 --> 00:02:35,600
world is far stranger than the shadowy

57
00:02:39,550 --> 00:02:37,340
elite like to make it seem and when you

58
00:02:43,120 --> 00:02:39,560
start looking at stories of et contact

59
00:02:45,100 --> 00:02:43,130
alien races abductions UFO crashes and

60
00:02:47,140 --> 00:02:45,110
the reverse engineering of these crafts

61
00:02:49,540 --> 00:02:47,150
the strange anomalous structures and

62
00:02:51,490 --> 00:02:49,550
satellite imagery on both the Moon and

63
00:02:53,500 --> 00:02:51,500

Mars and the tens of thousands of

64

00:02:55,060 --> 00:02:53,510

anecdotal stories it's easy to start

65

00:02:57,280 --> 00:02:55,070

feeling like you're the odd man out at a

66

00:02:58,570 --> 00:02:57,290

boring nine-to-five reality when a world

67

00:03:00,430 --> 00:02:58,580

that sounds like something out of Star

68

00:03:02,620 --> 00:03:00,440

Trek exists just beyond your reach

69

00:03:04,600 --> 00:03:02,630

believe me folks I've known the feeling

70

00:03:06,220 --> 00:03:04,610

and with the secret space program in

71

00:03:08,530 --> 00:03:06,230

breakaway civilization conference just

72

00:03:10,780 --> 00:03:08,540

around the bend on June 28th and 29th in

73

00:03:12,370 --> 00:03:10,790

San Mateo California what better way to

74

00:03:14,380 --> 00:03:12,380

explore the hidden reality than by

75

00:03:16,360 --> 00:03:14,390

talking it out with Robert Morningstar

76

00:03:17,680 --> 00:03:16,370

who was a legend in the field and a guy

77

00:03:19,510 --> 00:03:17,690

who I would consider one of the most

78

00:03:21,699 --> 00:03:19,520

compelling speakers on an already packed

79

00:03:23,740 --> 00:03:21,709

panel of powerhouses Robert has studied

80

00:03:25,360 --> 00:03:23,750

the paranormal and UFOs for over 40

81

00:03:27,100 --> 00:03:25,370

years and has published many research

82

00:03:28,960 --> 00:03:27,110

articles online exposing government

83

00:03:30,880 --> 00:03:28,970

cover-ups and deception the JFK

84

00:03:33,280 --> 00:03:30,890

assassination he's also written

85

00:03:34,990 --> 00:03:33,290

extensively to expose NASA's use of

86

00:03:37,090 --> 00:03:35,000

disinformation technology and

87

00:03:39,310 --> 00:03:37,100

suppressing evidence of extraterrestrial

88

00:03:41,259 --> 00:03:39,320

life and exposing the real nature and

89

00:03:43,090 --> 00:03:41,269

threat of the UFO phenomenon and he is

90

00:03:46,000 --> 00:03:43,100

also the associate editor of the famed

91

00:03:49,449 --> 00:03:46,010

UFO digest you know um you love them

92

00:03:51,160 --> 00:03:49,459

Robert Warren Starr welcome to THC thank

93

00:03:53,170 --> 00:03:51,170

you very much it's a pleasure to be here

94

00:03:55,270 --> 00:03:53,180

yeah man thanks for doing this on such

95

00:03:56,800 --> 00:03:55,280

short notice so close to the big

96

00:03:58,600 --> 00:03:56,810

conference I mean I've been listening to

97

00:04:00,340 --> 00:03:58,610

you talk about these subjects for years

98

00:04:01,509 --> 00:04:00,350

man and I'm always intrigued and I'm

99

00:04:03,340 --> 00:04:01,519

really looking forward to seeing your

100

00:04:05,350 --> 00:04:03,350

presentation if I can get away from my

101

00:04:07,150 --> 00:04:05,360

booth for a little while and I don't

102

00:04:08,620 --> 00:04:07,160

want to step all over your presentation

103

00:04:10,150 --> 00:04:08,630

material but can you give us an idea

104

00:04:11,710 --> 00:04:10,160

which we'll be focusing on this time I

105

00:04:14,560 --> 00:04:11,720

think the moon's a big part of it right

106

00:04:18,340 --> 00:04:14,570

the moon is a big part of it I'm going

107

00:04:22,330 --> 00:04:18,350

to take the audience on a journey to

108

00:04:25,000 --> 00:04:22,340

Mars and then back to the moon and then

109

00:04:27,300 --> 00:04:25,010

when we come back to earth I expect that

110

00:04:30,250 --> 00:04:27,310

everyone's going to have a totally new

111

00:04:32,800 --> 00:04:30,260

consciousness that's my goal my goal

112

00:04:37,030 --> 00:04:32,810

when I was invited and I heard the name

113

00:04:41,230 --> 00:04:37,040

of the of the event the idea of the

114

00:04:45,230 --> 00:04:41,240

breakaway civilization my instant

115

00:04:48,240 --> 00:04:45,240

reaction my first phrase to myself

116

00:04:50,280 --> 00:04:48,250

to have a breakaway civilization you

117

00:04:53,580 --> 00:04:50,290

have to have a breakaway consciousness

118

00:04:56,940 --> 00:04:53,590

mm-hm and I proposed that to jiron van

119

00:04:59,670 --> 00:04:56,950

Straten and Henrik Palme grin who are

120

00:05:03,590 --> 00:04:59,680

the organizers and they like the idea

121

00:05:06,180 --> 00:05:03,600

and this is the thing that we we need to

122

00:05:09,690 --> 00:05:06,190

expand our consciousness in order to

123

00:05:12,990 --> 00:05:09,700

comprehend the magnitude of what awaits

124

00:05:16,140 --> 00:05:13,000

us both on Mars and on the other side of

125

00:05:18,450 --> 00:05:16,150

the Moon and what awaits us is a

126

00:05:20,940 --> 00:05:18,460

presence that has been there I believe

127

00:05:23,790 --> 00:05:20,950

since what we would say time immemorial

128

00:05:26,120 --> 00:05:23,800

an intelligence that has been

129

00:05:29,370 --> 00:05:26,130

interacting with mankind or

130

00:05:31,860 --> 00:05:29,380

intelligences there several and some are

131

00:05:35,220 --> 00:05:31,870

Pro human and some are anti human and

132

00:05:39,240 --> 00:05:35,230

that's that's my concern that there is

133

00:05:42,530 --> 00:05:39,250

not a clear distinction in as to who the

134

00:05:47,150 --> 00:05:42,540

players are on this very high level of

135

00:05:54,060 --> 00:05:51,030

resources and lives on planet Earth yeah

136

00:05:58,470 --> 00:05:54,070

so that'll be a big a trip to Mars we're

137

00:06:01,260 --> 00:05:58,480

gonna explore the dingoo gap Martian

138

00:06:03,990 --> 00:06:01,270

junkyard and I expect to show some

139

00:06:07,830 --> 00:06:04,000

remarkable work from some of my

140

00:06:09,770 --> 00:06:07,840

teammates teammates are people who have

141

00:06:12,659 --> 00:06:09,780

been in contact with me for a while or

142

00:06:15,510 --> 00:06:12,669

long while or a short while but who see

143

00:06:18,180 --> 00:06:15,520

eye-to-eye with me and who see with the

144

00:06:20,640 --> 00:06:18,190

same kind of vision which is I like to

145

00:06:23,430 --> 00:06:20,650

say that god gifted me with two great

146

00:06:26,610 --> 00:06:23,440

things 20/20 vision and a 20/20 tongue

147

00:06:30,360 --> 00:06:26,620

which means I see what I see and I say

148

00:06:33,390 --> 00:06:30,370

what I see and that's the way and if I'm

149

00:06:36,990 --> 00:06:33,400

wrong I welcome Corrections course

150

00:06:39,960 --> 00:06:37,000

corrections are very important to be

151
00:06:43,140 --> 00:06:39,970
wrong and a couple of things is is not a

152
00:06:45,750 --> 00:06:43,150
failure to be wrong be shown you're

153
00:06:48,480 --> 00:06:45,760
wrong and stay wrong that's a failure

154
00:06:50,310 --> 00:06:48,490
mm-hm and sometimes I like to you know

155
00:06:52,409 --> 00:06:50,320
people think that if you get one thing

156
00:06:54,840 --> 00:06:52,419
wrong you're totally discredited I'd

157
00:06:58,530 --> 00:06:54,850
like to remind people about school you

158
00:07:01,140 --> 00:06:58,540
know tests you know if you got from one

159
00:07:03,180 --> 00:07:01,150
hundred to ninety you still had an a

160
00:07:05,910 --> 00:07:03,190
even though you got you know nine

161
00:07:07,830 --> 00:07:05,920
questions wrong and then you worked your

162
00:07:10,070 --> 00:07:07,840
way down it wasn't it's not a total loss

163
00:07:13,350 --> 00:07:10,080

to be wrong about some elements right

164

00:07:16,920 --> 00:07:13,360

but to be self-deluded to accept

165

00:07:20,160 --> 00:07:16,930

falsehood as truth as our fellow

166

00:07:22,140 --> 00:07:20,170

citizens have for fifty years since the

167

00:07:25,530 --> 00:07:22,150

time of the assassination of President

168

00:07:27,300 --> 00:07:25,540

Kennedy who was and remains very dear to

169

00:07:31,020 --> 00:07:27,310

me my mentor

170

00:07:33,180 --> 00:07:31,030

you might say my spiritual guide so I

171

00:07:36,270 --> 00:07:33,190

want to break that mind-control

172

00:07:39,330 --> 00:07:36,280

apparatus by showing people what has

173

00:07:41,550 --> 00:07:39,340

been hidden from us for fifty years in

174

00:07:43,320 --> 00:07:41,560

the JFK assassination for forty two

175

00:07:47,190 --> 00:07:43,330

years with regard to the Apollo

176

00:07:49,050 --> 00:07:47,200

photographs oh yeah I I think it's gonna

177

00:07:51,540 --> 00:07:49,060

be great man I mean and you're right

178

00:07:53,040 --> 00:07:51,550

it's it's super tough to be 100%

179

00:07:54,510 --> 00:07:53,050

accurate when you're dealing with this

180

00:07:56,640 --> 00:07:54,520

level of deception you know it's a

181

00:08:00,000 --> 00:07:56,650

process it's hazy but I think you do a

182

00:08:01,680 --> 00:08:00,010

great job man so no problem and in terms

183

00:08:03,060 --> 00:08:01,690

of the moon you know I think it is so

184

00:08:05,190 --> 00:08:03,070

interesting because I hear these stories

185

00:08:06,930 --> 00:08:05,200

about what might be on the far side of

186

00:08:08,280 --> 00:08:06,940

the Moon and where the moon might have

187

00:08:10,320 --> 00:08:08,290

come from and you have all these

188

00:08:12,000 --> 00:08:10,330

airbrushed NASA photos right some

189

00:08:14,790 --> 00:08:12,010

researchers go so far as to say that

190

00:08:18,000 --> 00:08:14,800

it's a hollow artificial Space Station

191

00:08:19,110 --> 00:08:18,010

and that seems really far out but I wish

192

00:08:20,700 --> 00:08:19,120

I could just get up there and see for

193

00:08:23,400 --> 00:08:20,710

myself because you can't trust anything

194

00:08:26,040 --> 00:08:23,410

anymore I agree I agree you know I I

195

00:08:28,170 --> 00:08:26,050

unwittingly went along and believing

196

00:08:32,850 --> 00:08:28,180

everything that NASA puts up on its

197

00:08:34,440 --> 00:08:32,860

pages and in recent months I've had a

198

00:08:36,030 --> 00:08:34,450

lot of contention you know I have a

199

00:08:38,280 --> 00:08:36,040

troll and I have a couple of these

200

00:08:40,790 --> 00:08:38,290

trolls and gremlins have follow me

201
00:08:45,690 --> 00:08:40,800
around on my internet site on Facebook

202
00:08:48,330 --> 00:08:45,700
on and they try to sabotage my work and

203
00:08:50,280 --> 00:08:48,340
throw monkey wrenches into it but

204
00:08:53,010 --> 00:08:50,290
unwilling unwittingly and trying to

205
00:08:55,320 --> 00:08:53,020
prove me wrong these same people have

206
00:08:57,630 --> 00:08:55,330
sent me links to say see you're wrong

207
00:09:00,990 --> 00:08:57,640
you're wrong hahaha and I opened up the

208
00:09:02,640 --> 00:09:01,000
link and guess what the links they sent

209
00:09:07,440 --> 00:09:02,650
me led me to the discoveries that I'm

210
00:09:10,310 --> 00:09:07,450
going to be the exposing or shown and

211
00:09:12,190 --> 00:09:10,320
you know what debate is important

212
00:09:15,790 --> 00:09:12,200
harassment is is

213
00:09:18,519 --> 00:09:15,800

fun but when somebody starts to harass

214

00:09:18,699 --> 00:09:18,529

you and bully you because that's what it

215

00:09:20,680 --> 00:09:18,709

is

216

00:09:22,930 --> 00:09:20,690

it's internet harassment and bullying

217

00:09:25,509 --> 00:09:22,940

and isn't when people get a get together

218

00:09:28,449 --> 00:09:25,519

in groups it is a crime and it's called

219

00:09:30,610 --> 00:09:28,459

predatory gang stalking mm-hmm I'm very

220

00:09:34,060 --> 00:09:30,620

up on this because it's happened for so

221

00:09:36,699 --> 00:09:34,070

many years people didn't have a word to

222

00:09:39,610 --> 00:09:36,709

wrap their heads around or label what

223

00:09:42,370 --> 00:09:39,620

was being done to them but the term is

224

00:09:44,620 --> 00:09:42,380

predatory gang stalking and it's become

225

00:09:47,680 --> 00:09:44,630

a modus operandi a standard operating

226

00:09:50,170 --> 00:09:47,690

procedure in in government in

227

00:09:52,840 --> 00:09:50,180

bureaucracies and corporations and in

228

00:09:54,819 --> 00:09:52,850

just in general society flash mob being

229

00:09:56,889 --> 00:09:54,829

is a form of predatory gang stalking

230

00:09:58,360 --> 00:09:56,899

where a group of people will say hey

231

00:10:00,930 --> 00:09:58,370

we're going to hit that store everybody

232

00:10:05,829 --> 00:10:00,940

show up or you know we're gonna ransack

233

00:10:09,370 --> 00:10:05,839

this this well look like they do it two

234

00:10:12,069 --> 00:10:09,380

Mart's you know mm-hm target all those

235

00:10:14,379 --> 00:10:12,079

anyway that is a sample of it and it

236

00:10:16,569 --> 00:10:14,389

happens to all of us so be aware folks

237

00:10:19,150 --> 00:10:16,579

and you do have recourse you can go to

238

00:10:21,910 --> 00:10:19,160

the FBI and tell them listen somebody's

239

00:10:24,790 --> 00:10:21,920

really harassing me and messing with my

240

00:10:26,860 --> 00:10:24,800

email and I've done that actually I have

241

00:10:28,840 --> 00:10:26,870

had good contacts with the FBI everybody

242

00:10:31,060 --> 00:10:28,850

thinks they're boogie men but they

243

00:10:33,220 --> 00:10:31,070

really are good up right outstanding men

244

00:10:34,750 --> 00:10:33,230

and the ones that were involved in the

245

00:10:37,870 --> 00:10:34,760

Kennedy assassination were under great

246

00:10:39,780 --> 00:10:37,880

duress and I say to the FBI I thank you

247

00:10:43,150 --> 00:10:39,790

very much for all the work you do and

248

00:10:45,370 --> 00:10:43,160

all the work you've done to save my life

249

00:10:47,800 --> 00:10:45,380

a couple of times we can get into that

250

00:10:52,660 --> 00:10:47,810

the FBI helped me when I had a very

251
00:10:54,880 --> 00:10:52,670
serious very serious problem flying in a

252
00:10:57,430 --> 00:10:54,890
single-engine aircraft over Kennedy

253
00:11:01,620 --> 00:10:57,440
Airport of all places where all of my

254
00:11:04,720 --> 00:11:01,630
electrical systems went out navigation

255
00:11:06,340 --> 00:11:04,730
landing gear the fortunately the

256
00:11:08,800 --> 00:11:06,350
airplanes are set up to keep running

257
00:11:11,500 --> 00:11:08,810
even when the electricity because they

258
00:11:14,680 --> 00:11:11,510
have Magneto's so they keep running but

259
00:11:16,480 --> 00:11:14,690
everything else was shot and I made it

260
00:11:18,220 --> 00:11:16,490
back to the airport thinking that I was

261
00:11:20,800 --> 00:11:18,230
going to have to make a landing on the

262
00:11:22,780 --> 00:11:20,810
grass because the the retractable

263
00:11:25,360 --> 00:11:22,790

landing gear was up

264

00:11:27,520 --> 00:11:25,370

and when I pushed the switch to get it

265

00:11:29,140 --> 00:11:27,530

down it wasn't locking in you're

266

00:11:32,490 --> 00:11:29,150

supposed to get three green lights when

267

00:11:35,050 --> 00:11:32,500

your nose gear and your your wing gear

268

00:11:37,000 --> 00:11:35,060

is locked in place and they were just

269

00:11:39,280 --> 00:11:37,010

swinging and I said oh my god you know

270

00:11:41,290 --> 00:11:39,290

I've been going this one on the grass so

271

00:11:43,960 --> 00:11:41,300

I helped destroy the airplane but

272

00:11:47,080 --> 00:11:43,970

fortunately I found out that the FBI had

273

00:11:49,180 --> 00:11:47,090

followed my plane all the way to the

274

00:11:51,400 --> 00:11:49,190

airport and had warned the airport that

275

00:11:55,180 --> 00:11:51,410

I was in trouble so when I got close to

276

00:12:00,040 --> 00:11:55,190

the airport I heard a voice to say Piper

277

00:12:01,990 --> 00:12:00,050

Piper arrow and so and so if you're the

278

00:12:04,600 --> 00:12:02,000

airplane with trouble click your mic

279

00:12:06,970 --> 00:12:04,610

twice you're cleared and wet runway to -

280

00:12:08,920 --> 00:12:06,980

the nicest thing I've ever heard

281

00:12:11,680 --> 00:12:08,930

Wow yeah and I was able to make it back

282

00:12:14,410 --> 00:12:11,690

so I found out that it was the FBI on my

283

00:12:16,890 --> 00:12:14,420

tail that helped me get back fortunate

284

00:12:19,630 --> 00:12:16,900

just before I landed the landing gear

285

00:12:24,430 --> 00:12:19,640

locked into place because in slowing

286

00:12:27,190 --> 00:12:24,440

down the plane from 140 knots to the

287

00:12:29,830 --> 00:12:27,200

landing speed which was 76 the wind

288

00:12:31,810 --> 00:12:29,840

abated somehow and when we got a little

289

00:12:33,310 --> 00:12:31,820

tap on a grounding wire which was the

290

00:12:36,070 --> 00:12:33,320

problem and I was able to get the gear

291

00:12:39,570 --> 00:12:36,080

down oh man your lead an interesting

292

00:12:43,300 --> 00:12:39,580

life an interesting wildlife and I had

293

00:12:46,060 --> 00:12:43,310

lucky there but so I wanted to ask you a

294

00:12:47,710 --> 00:12:46,070

little bit about kind of the hidden

295

00:12:49,920 --> 00:12:47,720

history of the solar system because I

296

00:12:53,440 --> 00:12:49,930

hear this talked about more and more and

297

00:12:55,090 --> 00:12:53,450

it's it's fascinating stuff I mean a lot

298

00:12:57,340 --> 00:12:55,100

of researchers you know you talked about

299

00:12:59,950 --> 00:12:57,350

maybe different et groups that have been

300

00:13:01,600 --> 00:12:59,960

here for a long time and there are

301
00:13:04,660 --> 00:13:01,610
researchers that kind of speculate that

302
00:13:06,880 --> 00:13:04,670
humanity may have come from somewhere

303
00:13:09,550 --> 00:13:06,890
else like even Mars and may yes I agree

304
00:13:11,650 --> 00:13:09,560
you do like lately yes I do do you think

305
00:13:15,550 --> 00:13:11,660
that some races are indigenous to Mars

306
00:13:18,010 --> 00:13:15,560
and some were indigenous to Earth uh yes

307
00:13:20,860 --> 00:13:18,020
I do believe that I believe that there

308
00:13:24,130 --> 00:13:20,870
was parallel evolution not only on Mars

309
00:13:26,820 --> 00:13:24,140
and Earth but on the moon and some of

310
00:13:30,610 --> 00:13:26,830
the moons of Saturn you asked me earlier

311
00:13:34,060 --> 00:13:30,620
I think was you who talked in mentioned

312
00:13:34,759 --> 00:13:34,070
about the Sun that Saturn was once a Sun

313
00:13:39,259 --> 00:13:34,769

yes

314

00:13:44,600 --> 00:13:39,269

foremost or one of the world's foremost

315

00:13:47,840 --> 00:13:44,610

experts in gravitational physics is dr.

316

00:13:51,019 --> 00:13:47,850

Edie bell Bruno of Princeton University

317

00:13:53,749 --> 00:13:51,029

and he wrote a book called fly me to the

318

00:13:56,179 --> 00:13:53,759

moon and when he released it I went to

319

00:13:58,340 --> 00:13:56,189

hear him speak and there were copies of

320

00:14:00,949 --> 00:13:58,350

his book around and I do did a review of

321

00:14:04,999 --> 00:14:00,959

it but when I opened up his book the

322

00:14:07,369 --> 00:14:05,009

first page that I opened to stated that

323

00:14:12,079 --> 00:14:07,379

in the early history of the solar system

324

00:14:16,039 --> 00:14:12,089

Saturn was a son Saturn was a son and we

325

00:14:19,160 --> 00:14:16,049

were a binary star system and that it

326

00:14:22,419 --> 00:14:19,170

died down it didn't really it started up

327

00:14:26,749 --> 00:14:22,429

but it didn't jumpstart to the full

328

00:14:29,119 --> 00:14:26,759

fusion stage and it died down another

329

00:14:31,970 --> 00:14:29,129

theory is that Jupiter I've heard that

330

00:14:34,429 --> 00:14:31,980

we were once a triple Sun system in the

331

00:14:38,509 --> 00:14:34,439

very early you know the hot really hot

332

00:14:42,319 --> 00:14:38,519

period of the level of the evolution of

333

00:14:46,759 --> 00:14:42,329

the solar system that Saturn Jupiter and

334

00:14:50,720 --> 00:14:46,769

our Sun Sol where we comprised a three

335

00:14:54,079 --> 00:14:50,730

Sun system if that is true then you can

336

00:14:57,439 --> 00:14:54,089

see that Jupiter and Saturn would have

337

00:14:59,030 --> 00:14:57,449

been many solar systems you know with

338

00:15:02,289 --> 00:14:59,040

little - they would have been minor

339

00:15:05,960 --> 00:15:02,299

stars and - our major star the Sun and

340

00:15:08,590 --> 00:15:05,970

as I say god only knows what he could

341

00:15:12,590 --> 00:15:08,600

cook up in that primordial soup with

342

00:15:15,139 --> 00:15:12,600

twelve moons on Jupiter and eleven moons

343

00:15:17,259 --> 00:15:15,149

on Saturn one interesting thing about

344

00:15:19,759 --> 00:15:17,269

Saturn that I would share with you now

345

00:15:24,019 --> 00:15:19,769

in 1949

346

00:15:27,109 --> 00:15:24,029

project sign which became project grudge

347

00:15:31,699 --> 00:15:27,119

which became Project Blue Book was

348

00:15:35,150 --> 00:15:31,709

concerned with the UFO problem and the

349

00:15:37,720 --> 00:15:35,160

problem of these giant mother ships that

350

00:15:40,429 --> 00:15:37,730

had been observed taking positions in

351
00:15:43,189 --> 00:15:40,439
equatorial orbits around the earth and

352
00:15:46,100 --> 00:15:43,199
from these mother ships the Scout ships

353
00:15:48,730 --> 00:15:46,110
were descending Scout ships being the

354
00:15:52,960 --> 00:15:48,740
smaller craft like the ones occur

355
00:15:57,260 --> 00:15:52,970
Roswell the ones plural there were two

356
00:16:00,950 --> 00:15:57,270
UFOs that crashed at Roswell and one

357
00:16:03,970 --> 00:16:00,960
landed in the foster ranch and the other

358
00:16:06,320 --> 00:16:03,980
one landed in the plains of San Agustin

359
00:16:08,420 --> 00:16:06,330
great book has been written by Arthur

360
00:16:10,310 --> 00:16:08,430
Campbell regarding the recovery of

361
00:16:13,130 --> 00:16:10,320
artifacts from the plains of st.

362
00:16:15,950 --> 00:16:13,140
Augustine and I recommend that to

363
00:16:18,380 --> 00:16:15,960

everyone is the most profound and

364

00:16:21,560 --> 00:16:18,390

thoroughly scientific book that I

365

00:16:24,560 --> 00:16:21,570

believe I've ever read or seen on the

366

00:16:31,910 --> 00:16:24,570

Roswell crash and they found pieces of

367

00:16:35,000 --> 00:16:31,920

high density polyethylene which along

368

00:16:36,950 --> 00:16:35,010

with certain metal fragments which

369

00:16:40,010 --> 00:16:36,960

seemed to have components of

370

00:16:44,270 --> 00:16:40,020

otherworldly molecules so I recommend

371

00:16:48,890 --> 00:16:44,280

the UFO crash on the plains of st.

372

00:16:54,500 --> 00:16:48,900

Augustine or Augustine in with by Arthur

373

00:16:57,230 --> 00:16:54,510

H Campbell so this project sign memo

374

00:16:59,900 --> 00:16:57,240

that I read as part of those majestic 12

375

00:17:03,860 --> 00:16:59,910

documents that you can find in dr.

376

00:17:08,510 --> 00:17:03,870

Robert woods website majestic majestic

377

00:17:12,020 --> 00:17:08,520

12 I believe is the website just a comma

378

00:17:14,390 --> 00:17:12,030

or either way the statement was this

379

00:17:16,730 --> 00:17:14,400

that the United States government the

380

00:17:19,939 --> 00:17:16,740

United States Air Force Department of

381

00:17:22,660 --> 00:17:19,949

Defense had enlisted the top astronomers

382

00:17:25,600 --> 00:17:22,670

and the straw top astronomy

383

00:17:30,410 --> 00:17:25,610

observatories astronomical observatories

384

00:17:32,660 --> 00:17:30,420

to try to track the UFOs to see where

385

00:17:36,170 --> 00:17:32,670

these fleets of UFOs were coming from

386

00:17:39,470 --> 00:17:36,180

and they did so and they reported back

387

00:17:42,380 --> 00:17:39,480

to the United States Department of

388

00:17:44,420 --> 00:17:42,390

Defense that they had tracked these

389

00:17:47,660 --> 00:17:44,430

fleets the mother ships through their

390

00:17:50,660 --> 00:17:47,670

powerful telescopes and that they found

391

00:17:53,660 --> 00:17:50,670

that they were originating coming -

392

00:17:58,160 --> 00:17:53,670

coming from and going back to the moon

393

00:17:59,900 --> 00:17:58,170

Titan Wow Saturn's moon Titan yeah

394

00:18:02,210 --> 00:17:59,910

there's a lot of speculation about Titan

395

00:18:04,639 --> 00:18:02,220

having vast oceans

396

00:18:08,180 --> 00:18:04,649

that's pretty interesting vast oceans of

397

00:18:11,749 --> 00:18:08,190

methane hmm yeah thing even weirder

398

00:18:13,909 --> 00:18:11,759

weirder Titan looks more like planet

399

00:18:16,100 --> 00:18:13,919

Earth topographically speaking than any

400

00:18:19,580 --> 00:18:16,110

other of the moons or planets that we've

401
00:18:22,639 --> 00:18:19,590
explored and has terrain and mountain

402
00:18:25,279 --> 00:18:22,649
ranges and continents but the oceans are

403
00:18:29,389 --> 00:18:25,289
made of liquid methane which I believe

404
00:18:33,889 --> 00:18:29,399
is something like 167 degrees below zero

405
00:18:37,159 --> 00:18:33,899
and of course we we believe that you

406
00:18:41,259 --> 00:18:37,169
know no life can exist in such climates

407
00:18:43,430 --> 00:18:41,269
but about three years ago a few NASA

408
00:18:46,700 --> 00:18:43,440
scientists came out and said that they

409
00:18:49,249 --> 00:18:46,710
had found a special form of life in Mono

410
00:18:55,539 --> 00:18:49,259
Lake California which was based on

411
00:18:58,730 --> 00:18:55,549
arsenic it was a cell or culture that

412
00:19:00,230 --> 00:18:58,740
reproduced itself and its metabolism and

413
00:19:03,889 --> 00:19:00,240

it's life cycle

414

00:19:05,659 --> 00:19:03,899

was based not on carbon but an arsenic

415

00:19:08,930 --> 00:19:05,669

of all things I do remember seeing that

416

00:19:13,610 --> 00:19:08,940

yeah very odd well this and and the

417

00:19:16,039 --> 00:19:13,620

premise of this revelation was her her

418

00:19:18,019 --> 00:19:16,049

name was dr. wolf and she had hyphenated

419

00:19:20,360 --> 00:19:18,029

names but I don't remember dr. wolf or

420

00:19:22,549 --> 00:19:20,370

Wolfson but she said a very interesting

421

00:19:25,759 --> 00:19:22,559

thing she said the important thing about

422

00:19:28,700 --> 00:19:25,769

their finding was that the search for

423

00:19:31,580 --> 00:19:28,710

life as we have conducted it for the

424

00:19:34,669 --> 00:19:31,590

last 40 years life on Mars life on the

425

00:19:36,379 --> 00:19:34,679

moon life anywhere has been conducted

426

00:19:38,330 --> 00:19:36,389

through to narrow a window

427

00:19:41,060 --> 00:19:38,340

we've been looking only for carbon-based

428

00:19:44,749 --> 00:19:41,070

life and this showed that there is

429

00:19:46,490 --> 00:19:44,759

another form of life that was based on

430

00:19:49,279 --> 00:19:46,500

arsenic and then she made the most

431

00:19:51,529 --> 00:19:49,289

amazing statement she said now this life

432

00:19:54,769 --> 00:19:51,539

form cannot thrive on earth because the

433

00:19:57,080 --> 00:19:54,779

temperature is too hot it needs all of

434

00:19:59,869 --> 00:19:57,090

its energy just to maintain its its

435

00:20:03,700 --> 00:19:59,879

steady state so it cannot expand

436

00:20:07,100 --> 00:20:03,710

propagate reproduce it just has to keep

437

00:20:10,249 --> 00:20:07,110

accumulating the arsenic to maintain its

438

00:20:13,820 --> 00:20:10,259

a steady state existence however on

439

00:20:14,890 --> 00:20:13,830

another planet where the temperature was

440

00:20:17,710 --> 00:20:14,900

much

441

00:20:21,130 --> 00:20:17,720

colder than Earth and she then said

442

00:20:23,440 --> 00:20:21,140

perhaps on some place like Saturn's moon

443

00:20:26,620 --> 00:20:23,450

Titan where the temperature is a hundred

444

00:20:30,700 --> 00:20:26,630

and sixty-seven below zero it might be

445

00:20:32,770 --> 00:20:30,710

possible for such an organism to thrive

446

00:20:35,350 --> 00:20:32,780

and propagate that was the

447

00:20:37,480 --> 00:20:35,360

earth-shattering statement and the

448

00:20:40,240 --> 00:20:37,490

really the important thing was pointing

449

00:20:43,480 --> 00:20:40,250

out that they perhaps the paradigm is

450

00:20:48,010 --> 00:20:43,490

wrong that our assumption that all life

451
00:20:51,490 --> 00:20:48,020
any life must be based on the carbon is

452
00:20:54,490 --> 00:20:51,500
is a is a fallacy it's an erroneous

453
00:20:56,680 --> 00:20:54,500
assumption so they called for reviewing

454
00:20:59,530 --> 00:20:56,690
all the previous work that we've done

455
00:21:02,740 --> 00:20:59,540
and to start expanding opening the

456
00:21:04,780 --> 00:21:02,750
window a little wider in order to see

457
00:21:07,920 --> 00:21:04,790
whether or not we missed something with

458
00:21:12,880 --> 00:21:07,930
regard to this I'd like to say that

459
00:21:16,990 --> 00:21:12,890
there's a dr. Levin who was in charge of

460
00:21:20,220 --> 00:21:17,000
the Mars Viking life research project

461
00:21:24,940 --> 00:21:20,230
and they claim to have found life in

462
00:21:27,100 --> 00:21:24,950
back back in 1976 when Viking landed

463
00:21:30,100 --> 00:21:27,110

they did an experiment and the

464

00:21:33,580 --> 00:21:30,110

experiment was to scoop up some dirt and

465

00:21:36,700 --> 00:21:33,590

to drop in some nutrients that had a

466

00:21:39,010 --> 00:21:36,710

little bit radioactivity in it and the

467

00:21:42,700 --> 00:21:39,020

premise was that if there were any

468

00:21:48,130 --> 00:21:42,710

microbial activity in the soil that it

469

00:21:50,110 --> 00:21:48,140

would eat the nutrient and exude gases

470

00:21:53,740 --> 00:21:50,120

that could be picked up because they

471

00:21:56,290 --> 00:21:53,750

were radioactive indeed they did and and

472

00:21:59,800 --> 00:21:56,300

an announcement was made that there was

473

00:22:02,530 --> 00:21:59,810

life on Mars then NASA quashed that

474

00:22:04,690 --> 00:22:02,540

finding and said that the experiment was

475

00:22:06,880 --> 00:22:04,700

wrong and that they did another

476
00:22:09,490 --> 00:22:06,890
experiment that that proved it was wrong

477
00:22:11,440 --> 00:22:09,500
well the experiment that they did was a

478
00:22:15,490 --> 00:22:11,450
different experiment and it was

479
00:22:16,540 --> 00:22:15,500
intentionally conducted to kill any life

480
00:22:20,440 --> 00:22:16,550
that was in the soil

481
00:22:22,750 --> 00:22:20,450
I was watching dr. Levin on a show on

482
00:22:24,370 --> 00:22:22,760
the Science Channel or science I yeah

483
00:22:28,840 --> 00:22:24,380
Science Channel I think it was and it

484
00:22:31,030 --> 00:22:28,850
was called NASA secret UFO FILES

485
00:22:34,590 --> 00:22:31,040
and he said that what had they had done

486
00:22:38,860 --> 00:22:34,600
is they had taken soil and cooked it and

487
00:22:42,550 --> 00:22:38,870
then tested that soil for life and he

488
00:22:47,320 --> 00:22:42,560

said how can you find any life in in

489

00:22:48,910 --> 00:22:47,330

soil that has been heated in such a way

490

00:22:50,770 --> 00:22:48,920

that it would kill any microbe real life

491

00:22:53,620 --> 00:22:50,780

he had thought he's taken fresh soil

492

00:22:57,010 --> 00:22:53,630

poured the nutrient in and up came the

493

00:23:00,490 --> 00:22:57,020

gases because you know a lot of people

494

00:23:03,250 --> 00:23:00,500

don't know the bacteria poop yeah now

495

00:23:09,010 --> 00:23:03,260

this is this term that the scientists

496

00:23:11,530 --> 00:23:09,020

cooked up for a alh84001 you know the

497

00:23:14,860 --> 00:23:11,540

the meteorite down in antarctica which

498

00:23:17,710 --> 00:23:14,870

also showed life life forms and microbes

499

00:23:22,300 --> 00:23:17,720

in it and they said it had been alive

500

00:23:28,510 --> 00:23:22,310

because they found pause PAHs poly

501
00:23:33,670 --> 00:23:28,520
aromatic hydrocarbons so you know what I

502
00:23:36,610 --> 00:23:33,680
mean it's a part a bacterial part so

503
00:23:39,160 --> 00:23:36,620
anyway the poly aromatic hydrocarbons

504
00:23:41,710 --> 00:23:39,170
were found in the specimen that came

505
00:23:44,440 --> 00:23:41,720
from Antarctica and I think it was dr.

506
00:23:46,300 --> 00:23:44,450
McKay came out and he announced that

507
00:23:48,220 --> 00:23:46,310
this was sign of life on Mars and even

508
00:23:50,530 --> 00:23:48,230
President Clinton came out and said hi

509
00:23:53,320 --> 00:23:50,540
we have great news and they found signs

510
00:23:55,330 --> 00:23:53,330
of life on Mars but each time that these

511
00:23:57,940 --> 00:23:55,340
findings have been brought forth they

512
00:24:01,750 --> 00:23:57,950
have been backtracked and quashed by

513
00:24:05,980 --> 00:24:01,760

NASA and this decision was made a year

514

00:24:08,800 --> 00:24:05,990

before we took off for the moon in 1967

515

00:24:11,620 --> 00:24:08,810

a decision was made officially at the

516

00:24:13,870 --> 00:24:11,630

highest levels of NASA and the highest

517

00:24:17,230 --> 00:24:13,880

levels of government that if we should

518

00:24:20,890 --> 00:24:17,240

ever find any evidence of life previous

519

00:24:23,620 --> 00:24:20,900

life present life previous civilizations

520

00:24:26,350 --> 00:24:23,630

higher intelligence civilization that

521

00:24:28,180 --> 00:24:26,360

the world should not be told because it

522

00:24:31,690 --> 00:24:28,190

would just be too disruptive to the

523

00:24:34,300 --> 00:24:31,700

social economic and political fabric of

524

00:24:35,860 --> 00:24:34,310

the planet so weird and I think that's

525

00:24:38,770 --> 00:24:35,870

such a fallacy I don't think that's

526

00:24:41,110 --> 00:24:38,780

necessarily true but um I wanted to get

527

00:24:42,649 --> 00:24:41,120

back to or just touch on the Saturn and

528

00:24:46,580 --> 00:24:42,659

Jupiter Sun thing again

529

00:24:48,289 --> 00:24:46,590

because it's this opens up a huge window

530

00:24:50,570 --> 00:24:48,299

for me because I have a few shows coming

531

00:24:53,149 --> 00:24:50,580

up where guests are going to be talking

532

00:24:54,619 --> 00:24:53,159

about the elite or the Illuminati

533

00:24:57,889 --> 00:24:54,629

whichever name you want to put on it and

534

00:24:59,479 --> 00:24:57,899

their worship of Saturn and Jupiter they

535

00:25:01,849 --> 00:24:59,489

have these cults that worshipped Saturn

536

00:25:03,919 --> 00:25:01,859

and Jupiter and that adds a really

537

00:25:05,869 --> 00:25:03,929

interesting layer and to hear that the

538

00:25:08,509 --> 00:25:05,879

UFOs might have been coming from one of

539

00:25:10,909 --> 00:25:08,519

Saturn's moons I mean maybe this is the

540

00:25:12,979 --> 00:25:10,919

big secret that these these elite are

541

00:25:16,149 --> 00:25:12,989

alluding to and all their symbolism in

542

00:25:18,769 --> 00:25:16,159

all their worship we're talking about a

543

00:25:20,779 --> 00:25:18,779

solar system war I won't call it

544

00:25:22,969 --> 00:25:20,789

galactic because they're not from other

545

00:25:25,549 --> 00:25:22,979

stars I don't believe you see I believe

546

00:25:28,549 --> 00:25:25,559

this story about them being interstellar

547

00:25:30,919 --> 00:25:28,559

travelers yeah you know there might be

548

00:25:33,200 --> 00:25:30,929

that but it's really not necessary I've

549

00:25:36,109 --> 00:25:33,210

always said I believe the greys are

550

00:25:38,299 --> 00:25:36,119

local yokels parallel evolution maybe a

551
00:25:41,089 --> 00:25:38,309
some kind of silicon-based life they've

552
00:25:43,580 --> 00:25:41,099
evolved on on Titan or some other

553
00:25:46,849 --> 00:25:43,590
planets but what I was going to say the

554
00:25:48,969 --> 00:25:46,859
legends tell us what happened mythology

555
00:25:51,649 --> 00:25:48,979
is not something that's not true

556
00:25:55,219 --> 00:25:51,659
mythology is something that contains an

557
00:25:57,589 --> 00:25:55,229
essential truth to be transferred in the

558
00:26:00,499 --> 00:25:57,599
simplest form possible so that the truth

559
00:26:02,739 --> 00:26:00,509
is maintained or the the fact is

560
00:26:06,649 --> 00:26:02,749
maintained what we're talking about is

561
00:26:09,619 --> 00:26:06,659
the war between the Olympians and the

562
00:26:12,589 --> 00:26:09,629
Titans the Olympians being the people

563
00:26:16,009 --> 00:26:12,599

from Jupiter and the Titans being the

564

00:26:19,359 --> 00:26:16,019

ones from Saturn that's what I believe

565

00:26:22,789 --> 00:26:19,369

we're dealing with a war that occurred

566

00:26:26,649 --> 00:26:22,799

perhaps also involving Mars I believe I

567

00:26:30,200 --> 00:26:26,659

know I know that Mars was destroyed by a

568

00:26:32,719 --> 00:26:30,210

cataclysm of such incredible proportions

569

00:26:36,019 --> 00:26:32,729

that when I saw the after-effects

570

00:26:38,570 --> 00:26:36,029

I felt fear and dread in the pit of my

571

00:26:42,229 --> 00:26:38,580

stomach it's interesting that your logo

572

00:26:44,629 --> 00:26:42,239

here the higher side chat has the

573

00:26:48,680 --> 00:26:44,639

microphone with an eye looking over it

574

00:26:50,719 --> 00:26:48,690

well the eye of Mars is a phenomenon

575

00:26:53,229 --> 00:26:50,729

that's been seen for over a hundred

576
00:26:56,029 --> 00:26:53,239
years Percival Lowell wrote about it and

577
00:26:58,909 --> 00:26:56,039
nobody could explain what it was

578
00:27:00,560 --> 00:26:58,919
but in 2003 I got to see Mars at its

579
00:27:03,859 --> 00:27:00,570
closest approach to planet Earth in

580
00:27:07,879 --> 00:27:03,869
60,000 years through a very high-level

581
00:27:09,919 --> 00:27:07,889
telescope 128 X super plaza lens which

582
00:27:13,460 --> 00:27:09,929
made Mars look a hundred and

583
00:27:15,590 --> 00:27:13,470
twenty-eight times closer then it was at

584
00:27:17,599 --> 00:27:15,600
its closest point in sixty thousand

585
00:27:19,310 --> 00:27:17,609
years make a long story short let me

586
00:27:22,099 --> 00:27:19,320
just describe it this way what I saw

587
00:27:24,769 --> 00:27:22,109
through the telescope would be like you

588
00:27:26,570 --> 00:27:24,779

going out that any night there's a full

589

00:27:28,279 --> 00:27:26,580

moon looking at the full moon which is

590

00:27:29,839 --> 00:27:28,289

two hundred and fifty thousand miles

591

00:27:32,719 --> 00:27:29,849

away okay

592

00:27:35,960 --> 00:27:32,729

so thirty eight thousand miles divided

593

00:27:39,769 --> 00:27:35,970

by 128 comes to about two hundred and

594

00:27:43,759 --> 00:27:39,779

seventy one thousand miles Mars is twice

595

00:27:46,369 --> 00:27:43,769

as big as the moon so I saw through the

596

00:27:48,799 --> 00:27:46,379

telescope something that you might

597

00:27:51,169 --> 00:27:48,809

imagine if you went out and looked at

598

00:27:53,149 --> 00:27:51,179

the full moon one night it's two hundred

599

00:27:55,399 --> 00:27:53,159

and fifty thousand miles away imagine

600

00:27:57,499 --> 00:27:55,409

another object in the sky there was only

601
00:28:00,979 --> 00:27:57,509
twenty thousand miles farther away but

602
00:28:03,830 --> 00:28:00,989
twice as big as the moon Wow so that's

603
00:28:08,599 --> 00:28:03,840
how big that's how big I saw Mars and

604
00:28:12,229 --> 00:28:08,609
when I saw it I saw in one eye ball full

605
00:28:15,859 --> 00:28:12,239
of light and darkness that Mars was

606
00:28:19,129 --> 00:28:15,869
destroyed overnight its echo system was

607
00:28:21,560 --> 00:28:19,139
utterly devastated by asteroid impacts

608
00:28:24,950 --> 00:28:21,570
and the asteroid impact that I'm talking

609
00:28:29,239 --> 00:28:24,960
about cracked the planet created the

610
00:28:32,029 --> 00:28:29,249
Valles Marineris that trench like Grand

611
00:28:35,930 --> 00:28:32,039
Canyon from San Diego to New York four

612
00:28:40,460 --> 00:28:35,940
times deeper eighteen miles wide as well

613
00:28:42,889 --> 00:28:40,470

as creating an uprise of mountains or a

614

00:28:46,879 --> 00:28:42,899

Highlands called the softest tarsus

615

00:28:51,799 --> 00:28:46,889

tarsus bulge so when I saw this I

616

00:28:55,239 --> 00:28:51,809

realized oh my god in one night like the

617

00:28:58,460 --> 00:28:55,249

story of Atlantis you know Mars may be a

618

00:29:01,279 --> 00:28:58,470

primordial recollection of Atlantis or

619

00:29:03,440 --> 00:29:01,289

it's it's a cycle that civilizations

620

00:29:05,779 --> 00:29:03,450

rise and fall both on continents and

621

00:29:08,029 --> 00:29:05,789

planets and they are destroyed by

622

00:29:09,540 --> 00:29:08,039

natural events be that as it may

623

00:29:12,840 --> 00:29:09,550

whichever it

624

00:29:14,820 --> 00:29:12,850

I saw these things I saw the hell as a

625

00:29:16,530 --> 00:29:14,830

basin still steaming it seemed to me

626
00:29:18,240 --> 00:29:16,540
that one really frightened me I saw that

627
00:29:22,260 --> 00:29:18,250
one the night before I saw the eye of

628
00:29:24,450 --> 00:29:22,270
Mars and that is steaming I saw a vapors

629
00:29:28,200 --> 00:29:24,460
rising out of the Hellas Basin which is

630
00:29:31,920 --> 00:29:28,210
about 600 it's an elliptical impact

631
00:29:34,380 --> 00:29:31,930
crater asteroid impact crater that's 600

632
00:29:37,770 --> 00:29:34,390
miles on the long axis of the oval and

633
00:29:40,890 --> 00:29:37,780
it looked like it was full of vapor and

634
00:29:43,110 --> 00:29:40,900
it was fuming and smoking and it looked

635
00:29:45,240 --> 00:29:43,120
to me like it had just hit another

636
00:29:47,490 --> 00:29:45,250
frightening look and I could see

637
00:29:50,340 --> 00:29:47,500
rainbows glimmering over the surface of

638
00:29:52,890 --> 00:29:50,350

this fluid or this vapors I could see

639

00:29:56,040 --> 00:29:52,900

the edges rising and falling like water

640

00:29:57,960 --> 00:29:56,050

does at the side of the ocean when waves

641

00:30:01,650 --> 00:29:57,970

are coming or the tide is going and

642

00:30:06,870 --> 00:30:01,660

coming and I could see the striations of

643

00:30:09,420 --> 00:30:06,880

of the of the the well the basin itself

644

00:30:12,720 --> 00:30:09,430

and it looked like what we see in the

645

00:30:15,180 --> 00:30:12,730

Grand Canyon I think that people people

646

00:30:18,660 --> 00:30:15,190

who gravitate to the Southwest the Grand

647

00:30:20,550 --> 00:30:18,670

Canyon in Arizona Utah may have a lot of

648

00:30:22,320 --> 00:30:20,560

Martian genes in them and they like to

649

00:30:25,590 --> 00:30:22,330

be close to places that look like home

650

00:30:30,150 --> 00:30:25,600

wow that's my that's my intuition about

651
00:30:32,640 --> 00:30:30,160
why people settle where they do so this

652
00:30:36,600 --> 00:30:32,650
destruction of Mars by this Cataclysm

653
00:30:39,390 --> 00:30:36,610
was just self evident and then a couple

654
00:30:42,750 --> 00:30:39,400
of years later mission to Mars came with

655
00:30:45,540 --> 00:30:42,760
Gary Sinise II and Tom Robbins and those

656
00:30:47,430 --> 00:30:45,550
it's a really fine film but everything

657
00:30:49,380 --> 00:30:47,440
I've told you is depicted at the end of

658
00:30:52,050 --> 00:30:49,390
that movie which was made with NASA's

659
00:30:53,610 --> 00:30:52,060
cooperation and when you see the end of

660
00:30:55,680 --> 00:30:53,620
the movie when they walk into the face

661
00:30:57,860 --> 00:30:55,690
on Mars and walk into the room that has

662
00:30:59,970 --> 00:30:57,870
the hologram of the solar system

663
00:31:02,220 --> 00:30:59,980

everything I've just told you will be

664

00:31:04,260 --> 00:31:02,230

depicted as a matter of fact they are

665

00:31:06,450 --> 00:31:04,270

the asteroid impact that I've described

666

00:31:09,540 --> 00:31:06,460

that created the eye of Mars in the

667

00:31:12,810 --> 00:31:09,550

region called Solace lacus that asteroid

668

00:31:15,990 --> 00:31:12,820

goes right under Gary Sinise's armpit

669

00:31:19,380 --> 00:31:16,000

you know then it's blown up you know and

670

00:31:21,120 --> 00:31:19,390

the rendering is fantastic it's you know

671

00:31:22,529 --> 00:31:21,130

that type of disclosure happens in

672

00:31:25,229 --> 00:31:22,539

Hollywood films

673

00:31:28,680 --> 00:31:25,239

well it's not weird it's it's planned

674

00:31:31,259 --> 00:31:28,690

they have to prepare us and let me tell

675

00:31:33,509 --> 00:31:31,269

you in 1965 I was watching a program

676
00:31:35,669 --> 00:31:33,519
here in New York called the Alan Burke

677
00:31:38,249 --> 00:31:35,679
show this was a very intellectual fellow

678
00:31:41,159 --> 00:31:38,259
who used to sit for an hour with amazing

679
00:31:43,560 --> 00:31:41,169
guests each Saturday night and one night

680
00:31:45,869 --> 00:31:43,570
he had Frank Edwards on discussing

681
00:31:48,119 --> 00:31:45,879
flying saucer serious business that's

682
00:31:51,509 --> 00:31:48,129
the name of his title of his book but

683
00:31:53,839 --> 00:31:51,519
the title of the book he did not make up

684
00:31:57,509 --> 00:31:53,849
the title comes from a statement made by

685
00:31:58,739 --> 00:31:57,519
Admiral Roscoe H hillenkoetter the first

686
00:32:03,779 --> 00:31:58,749
director of the Central Intelligence

687
00:32:05,519 --> 00:32:03,789
Agency who in February of 1960 made a

688
00:32:08,009 --> 00:32:05,529

public announcement that the Air Force

689

00:32:10,799 --> 00:32:08,019

was hiding the reality of UFOs and

690

00:32:14,299 --> 00:32:10,809

flying saucers and he said that the Air

691

00:32:17,639 --> 00:32:14,309

Force was secretly harassing Airmen and

692

00:32:18,180 --> 00:32:17,649

Air Force personnel to keep their mouths

693

00:32:20,549 --> 00:32:18,190

shut

694

00:32:23,909 --> 00:32:20,559

forbidding them to talk threatening them

695

00:32:26,999 --> 00:32:23,919

with legal action and punishment if they

696

00:32:29,639 --> 00:32:27,009

should divulge that that UFOs are real

697

00:32:33,349 --> 00:32:29,649

and the phrase that Admiral Helen Carter

698

00:32:36,449 --> 00:32:33,359

used was in the United States Air Force

699

00:32:38,969 --> 00:32:36,459

flying saucers are serious business

700

00:32:40,680 --> 00:32:38,979

so Frank Edwards dropped the are he just

701
00:32:45,059 --> 00:32:40,690
called a flying saucer serious business

702
00:32:48,239 --> 00:32:45,069
but on this program he had he spoke at

703
00:32:52,319 --> 00:32:48,249
length about the need to prepare the

704
00:32:54,959 --> 00:32:52,329
public for content and he said that the

705
00:32:57,119 --> 00:32:54,969
CIA was well aware of the

706
00:32:59,869 --> 00:32:57,129
extra-terrestrial presence and flying

707
00:33:03,559 --> 00:32:59,879
saucers but that they felt that

708
00:33:07,649 --> 00:33:03,569
revealing it to the public in 1960 or

709
00:33:10,019 --> 00:33:07,659
yeah by the 1960 to 65 which was just 20

710
00:33:11,789 --> 00:33:10,029
to 25 years after the war of the worlds'

711
00:33:14,609 --> 00:33:11,799
panic that occurred when Orson Welles

712
00:33:16,469 --> 00:33:14,619
did his show that the government was

713
00:33:19,859 --> 00:33:16,479

very concerned that it might create a

714

00:33:24,779 --> 00:33:19,869

social upheaval loss of faith collapse

715

00:33:26,729 --> 00:33:24,789

of religions economic hardships and that

716

00:33:30,299 --> 00:33:26,739

it would depress the scientists the

717

00:33:31,889 --> 00:33:30,309

engineers and the doctors so badly that

718

00:33:32,639 --> 00:33:31,899

they might not even get up to go to work

719

00:33:34,799 --> 00:33:32,649

the next morning

720

00:33:35,880 --> 00:33:34,809

I'll talk about that paper a bit later

721

00:33:37,800 --> 00:33:35,890

but

722

00:33:40,890 --> 00:33:37,810

was the more important point was this

723

00:33:43,770 --> 00:33:40,900

Frank Edwards said that the CIA had a

724

00:33:46,530 --> 00:33:43,780

plan of seven cycles of seven years

725

00:33:49,920 --> 00:33:46,540

seven times seven forty nine years and

726

00:33:52,400 --> 00:33:49,930

that within these seven cycles of seven

727

00:33:55,410 --> 00:33:52,410

years the public would be slowly

728

00:34:00,080 --> 00:33:55,420

acclimated to accept the

729

00:34:02,850 --> 00:34:00,090

extra-terrestrial presence as real and

730

00:34:05,460 --> 00:34:02,860

persuaded that it is not hostile and

731

00:34:07,410 --> 00:34:05,470

that they were not really the evil

732

00:34:11,220 --> 00:34:07,420

monsters from outer space that were the

733

00:34:15,690 --> 00:34:11,230

typical depiction of aliens in the 1950s

734

00:34:19,200 --> 00:34:15,700

it was the thing it came from outer

735

00:34:21,450 --> 00:34:19,210

space the crawling eye

736

00:34:23,639 --> 00:34:21,460

I married a monster from outer space

737

00:34:26,460 --> 00:34:23,649

everything was really hostile and lethal

738

00:34:30,120 --> 00:34:26,470

and evil he said that slowly especially

739

00:34:31,770 --> 00:34:30,130

during the next there in the 70s a new

740

00:34:34,020 --> 00:34:31,780

kind of extraterrestrial would be

741

00:34:37,680 --> 00:34:34,030

presented to us that would be less

742

00:34:39,960 --> 00:34:37,690

frightening and slowly the public he

743

00:34:42,389 --> 00:34:39,970

said also that he said you are going to

744

00:34:45,240 --> 00:34:42,399

see films like you have never seen

745

00:34:47,070 --> 00:34:45,250

before you're going to see films with a

746

00:34:49,500 --> 00:34:47,080

technology and special effects that you

747

00:34:51,389 --> 00:34:49,510

can't even imagine now and then when

748

00:34:55,200 --> 00:34:51,399

Star Wars and Close Encounters of the

749

00:34:56,960 --> 00:34:55,210

Third Kind came out in 1977 which is 12

750

00:34:59,850 --> 00:34:56,970

years after this conversation I said

751
00:35:02,430 --> 00:34:59,860
this is what Frank Edwards was talking

752
00:35:04,380 --> 00:35:02,440
about the Starfleet

753
00:35:08,190 --> 00:35:04,390
you know Darth Vader why do you think

754
00:35:09,870 --> 00:35:08,200
they have a Wookiee in Star Wars Bigfoot

755
00:35:15,600 --> 00:35:09,880
hangs around with flying saucers they're

756
00:35:17,970 --> 00:35:15,610
you a lot of UFO events that are Coe

757
00:35:22,290 --> 00:35:17,980
temper aeneas with Bigfoot Bigfoot

758
00:35:26,180 --> 00:35:22,300
sightings around the world yeah so it is

759
00:35:29,790 --> 00:35:26,190
a serious issue and then as I said in

760
00:35:32,400 --> 00:35:29,800
1967 NASA commissioned the Brookings

761
00:35:35,640 --> 00:35:32,410
Institution a think tank like the RAND

762
00:35:37,500 --> 00:35:35,650
Corporation to come up with a plan and

763
00:35:40,230 --> 00:35:37,510

for the peaceful uses of outer space

764

00:35:42,090 --> 00:35:40,240

that's what the the chapter is called on

765

00:35:44,100 --> 00:35:42,100

the peaceful uses of outer space and

766

00:35:46,860 --> 00:35:44,110

then if they deal with the subject of

767

00:35:49,829 --> 00:35:46,870

whether or not to reveal to the public

768

00:35:53,249 --> 00:35:49,839

if we were to find life

769

00:35:57,479 --> 00:35:53,259

on the moon or signs of life previous

770

00:35:59,670 --> 00:35:57,489

life or advanced civilizations that died

771

00:36:01,620 --> 00:35:59,680

away whether or not we should tell the

772

00:36:03,989 --> 00:36:01,630

public and the Brookings Institution

773

00:36:06,089 --> 00:36:03,999

said no you should not tell the public

774

00:36:08,910 --> 00:36:06,099

as I said because it would be too

775

00:36:12,150 --> 00:36:08,920

disruptive and they they emphasized

776

00:36:13,969 --> 00:36:12,160

religion above all other things that the

777

00:36:17,489 --> 00:36:13,979

religions would become destabilized

778

00:36:20,400 --> 00:36:17,499

belief systems would be compromised and

779

00:36:22,170 --> 00:36:20,410

I don't know why they did this I think

780

00:36:24,059 --> 00:36:22,180

it's one of their control mechanisms so

781

00:36:25,559 --> 00:36:24,069

what other control mechanisms goes away

782

00:36:28,140 --> 00:36:25,569

they're going to be upset so they want

783

00:36:30,509 --> 00:36:28,150

to preserve that but I don't think they

784

00:36:32,219 --> 00:36:30,519

generally care about the fragile minds

785

00:36:33,930 --> 00:36:32,229

of the religious people I think they

786

00:36:36,569 --> 00:36:33,940

just want to keep their control

787

00:36:38,670 --> 00:36:36,579

institution intact right well I say this

788

00:36:41,579 --> 00:36:38,680

that religion regardless of what you

789

00:36:43,979 --> 00:36:41,589

believe in it is it is a glue that holds

790

00:36:45,299 --> 00:36:43,989

societies together you know it's also

791

00:36:47,700 --> 00:36:45,309

the cause for a lot of war though

792

00:36:49,079 --> 00:36:47,710

exactly sure sure but you know what I

793

00:36:51,719 --> 00:36:49,089

was gonna say I don't know why they

794

00:36:53,969 --> 00:36:51,729

picked on the Buddhists they they said

795

00:36:59,489 --> 00:36:53,979

that the Buddhist religion would be

796

00:37:02,640 --> 00:36:59,499

upset and destabilized by the revelation

797

00:37:04,319 --> 00:37:02,650

of aliens you know civilizations or

798

00:37:07,200 --> 00:37:04,329

extraterrestrial life and I said that's

799

00:37:09,299 --> 00:37:07,210

that's a lot of malarkey yeah as the

800

00:37:12,599 --> 00:37:09,309

Buddhists have so many gods so many

801
00:37:15,059 --> 00:37:12,609
demons Devils angels all a sparse are as

802
00:37:17,880 --> 00:37:15,069
all kinds of creatures in their

803
00:37:21,630 --> 00:37:17,890
hierarchy you know from from the microbe

804
00:37:24,120 --> 00:37:21,640
and the bug to the Godhead I don't think

805
00:37:26,789 --> 00:37:24,130
the Buddhists would have any trouble not

806
00:37:28,799 --> 00:37:26,799
only with with extraterrestrials as a

807
00:37:33,950 --> 00:37:28,809
matter of fact I believe that Buddhism

808
00:37:36,180 --> 00:37:33,960
and Islam and Christianity were all

809
00:37:38,789 --> 00:37:36,190
Judaism were all started by

810
00:37:40,709 --> 00:37:38,799
extraterrestrial influences yeah they're

811
00:37:44,549 --> 00:37:40,719
in there and the early days and I

812
00:37:46,380 --> 00:37:44,559
thinking Bush was a landed UFO that

813
00:37:48,239 --> 00:37:46,390

could make sense that's interesting a

814

00:37:51,900 --> 00:37:48,249

lot of people also think it's a

815

00:37:53,969 --> 00:37:51,910

psychedelic trip but yes it's definitely

816

00:37:57,479 --> 00:37:53,979

layered in symbolism and who knows what

817

00:37:58,769 --> 00:37:57,489

the real core story really was that's

818

00:38:00,620 --> 00:37:58,779

interesting you should say that because

819

00:38:03,589 --> 00:38:00,630

you know if you study the religious

820

00:38:07,699 --> 00:38:03,599

texts very often

821

00:38:10,789 --> 00:38:07,709

the the visionaries the visionaries who

822

00:38:12,680 --> 00:38:10,799

see God or the angel Gabriel or the Lord

823

00:38:15,049 --> 00:38:12,690

they see the Lord in the Old Testament

824

00:38:17,660 --> 00:38:15,059

they see the Christ and the New

825

00:38:21,739 --> 00:38:17,670

Testament there's always an eating of

826

00:38:26,989 --> 00:38:21,749

something for example Daniel Daniel is

827

00:38:29,870 --> 00:38:26,999

told to take up the scroll and eat it

828

00:38:32,900 --> 00:38:29,880

and then in the book of the revelations

829

00:38:36,349 --> 00:38:32,910

Saint John is told to take the book and

830

00:38:38,599 --> 00:38:36,359

eat it that'll be a bitter in his mouth

831

00:38:41,390 --> 00:38:38,609

and sweet in his stomach or vice versa

832

00:38:43,370 --> 00:38:41,400

but there's always ingestion and there's

833

00:38:44,120 --> 00:38:43,380

a remarkable book written on this

834

00:38:47,479 --> 00:38:44,130

subject

835

00:38:51,319 --> 00:38:47,489

it's called sacred mushroom in the cross

836

00:38:53,449 --> 00:38:51,329

by John Allegro yes John Allegro is one

837

00:38:56,269 --> 00:38:53,459

of the foremost scholars on the Dead Sea

838

00:38:59,150 --> 00:38:56,279

Scrolls and he translated the copper

839

00:39:02,259 --> 00:38:59,160

scroll and I believe the war scroll but

840

00:39:06,999 --> 00:39:02,269

way back in the 70s he wrote a book

841

00:39:11,089 --> 00:39:07,009

positing that Christ Jesus Christ

842

00:39:15,380 --> 00:39:11,099

initiated his disciples with the sacred

843

00:39:18,019 --> 00:39:15,390

mushroom and that many of the titles

844

00:39:20,120 --> 00:39:18,029

that Jesus assumes and that are

845

00:39:23,989 --> 00:39:20,130

traditional in the Bible like son of man

846

00:39:25,969 --> 00:39:23,999

son of God are really allusions to the

847

00:39:28,160 --> 00:39:25,979

name of the sacred mushroom in the

848

00:39:31,339 --> 00:39:28,170

Middle East that's called the flesh of

849

00:39:33,380 --> 00:39:31,349

God that's I recommend that book too to

850

00:39:35,689 --> 00:39:33,390

everyone I think yeah there's really

851
00:39:37,549 --> 00:39:35,699
about great insight and since I

852
00:39:40,430 --> 00:39:37,559
mentioned John Allegro in the Dead Sea

853
00:39:42,920 --> 00:39:40,440
Scrolls I'd like to point out that in

854
00:39:47,839 --> 00:39:42,930
the scroll called the chariots of glory

855
00:39:51,380 --> 00:39:47,849
it explicitly states that the angels of

856
00:39:55,640 --> 00:39:51,390
the Lord were coming and going to the

857
00:39:59,930 --> 00:39:55,650
encampment at Qumran riding on chariots

858
00:40:02,599 --> 00:39:59,940
of glory it furthermore states that in

859
00:40:05,799 --> 00:40:02,609
the center of the Qumran encampment

860
00:40:09,319 --> 00:40:05,809
there was a tabernacle which was a tent

861
00:40:13,880 --> 00:40:09,329
in which the angels would have

862
00:40:16,380 --> 00:40:13,890
intercourse with the women and they're

863
00:40:20,309 --> 00:40:16,390

very very strict

864

00:40:23,190 --> 00:40:20,319

hygienic rules and protocols one of

865

00:40:29,069 --> 00:40:23,200

which was dealing with the purification

866

00:40:32,190 --> 00:40:29,079

ritual should any of the women receive

867

00:40:34,940 --> 00:40:32,200

angel seed on their arms or their legs

868

00:40:39,000 --> 00:40:34,950

that it had to be cleaned completely and

869

00:40:40,859 --> 00:40:39,010

purified so apparently there was a lot

870

00:40:43,799 --> 00:40:40,869

of sexual intercourse going on between

871

00:40:47,940 --> 00:40:43,809

these angels and Qumran women the other

872

00:40:51,809 --> 00:40:47,950

one which leads us to the conception of

873

00:40:53,960 --> 00:40:51,819

Jesus you know now I'd like to play

874

00:40:57,269 --> 00:40:53,970

all right well listen you know we know a

875

00:41:00,349 --> 00:40:57,279

lot of people confuse two concepts in

876

00:41:03,829 --> 00:41:00,359

Christianity Immaculate Conception and

877

00:41:06,049 --> 00:41:03,839

virgin birth and they confused the two

878

00:41:08,910 --> 00:41:06,059

I'd like to clarify something

879

00:41:11,730 --> 00:41:08,920

theologically speaking according to the

880

00:41:15,059 --> 00:41:11,740

Christian dogma Immaculate Conception

881

00:41:17,720 --> 00:41:15,069

does not refer to Jesus's conception

882

00:41:20,789 --> 00:41:17,730

without without sexual intercourse

883

00:41:23,309 --> 00:41:20,799

Immaculate Conception refers to the

884

00:41:26,130 --> 00:41:23,319

conception of Mary's soul as the purest

885

00:41:29,609 --> 00:41:26,140

vessel held since the beginning of time

886

00:41:31,710 --> 00:41:29,619

by the Godhead in secret in perfect and

887

00:41:33,779 --> 00:41:31,720

sacred place where she could not her

888

00:41:36,359 --> 00:41:33,789

soul could not be contaminated because

889

00:41:38,660 --> 00:41:36,369

she would be the repository or the one

890

00:41:42,960 --> 00:41:38,670

who would bring the Messiah to earth

891

00:41:47,190 --> 00:41:42,970

virgin birth this is what we today would

892

00:41:51,569 --> 00:41:47,200

call artificial insemination so the

893

00:41:53,789 --> 00:41:51,579

inference is that Mary was preserved

894

00:41:57,420 --> 00:41:53,799

from the beginning of time to be the

895

00:42:00,569 --> 00:41:57,430

purest vessel to conceive the Christ but

896

00:42:05,190 --> 00:42:00,579

the Christ himself was conceived without

897

00:42:08,359 --> 00:42:05,200

sexual intercourse and so we would call

898

00:42:12,120 --> 00:42:08,369

it artificial insemination an

899

00:42:14,910 --> 00:42:12,130

interesting symbol is to be found in the

900

00:42:17,339 --> 00:42:14,920

Quran the Quran tells the story of

901
00:42:20,549 --> 00:42:17,349
Jesus's conception and the coming of the

902
00:42:22,650 --> 00:42:20,559
angel Gabriel and parallels the

903
00:42:24,839 --> 00:42:22,660
Christian except it makes one statement

904
00:42:28,769 --> 00:42:24,849
that the Christian Bible does not it

905
00:42:30,060 --> 00:42:28,779
says that Mary conceived because the

906
00:42:33,630 --> 00:42:30,070
angel

907
00:42:38,400 --> 00:42:33,640
Gabriel blew the word of God with a

908
00:42:41,100 --> 00:42:38,410
trumpet into her ear strange somewhat

909
00:42:43,260 --> 00:42:41,110
unless you understand symbolism mm-hmm

910
00:42:46,350 --> 00:42:43,270
if you took two ears and put them

911
00:42:49,410 --> 00:42:46,360
together let's just say you know to

912
00:42:53,610 --> 00:42:49,420
several years and you put them earlobe

913
00:42:55,440 --> 00:42:53,620

to earlobe what would you get guess it

914

00:42:59,130 --> 00:42:55,450

would look like a vagina and then you

915

00:43:01,140 --> 00:42:59,140

got a trumpet exactly so and now it says

916

00:43:03,540 --> 00:43:01,150

that the angel Gabriel used the trumpet

917

00:43:06,450 --> 00:43:03,550

to blow the Word of God into Mary's ear

918

00:43:08,280 --> 00:43:06,460

so I think that's a pretty explicit

919

00:43:10,890 --> 00:43:08,290

description of an artificial

920

00:43:13,140 --> 00:43:10,900

insemination procedure yeah I can see

921

00:43:15,450 --> 00:43:13,150

that I definitely could that's it's an

922

00:43:17,520 --> 00:43:15,460

interesting take on that stuff well you

923

00:43:21,020 --> 00:43:17,530

see we have to study a lot of different

924

00:43:23,370 --> 00:43:21,030

things you know only to get the

925

00:43:26,640 --> 00:43:23,380

holographic image you know if you really

926

00:43:29,850 --> 00:43:26,650

one religious text and accept that is

927

00:43:31,560 --> 00:43:29,860

the be-all and end-all it's kind of like

928

00:43:35,670 --> 00:43:31,570

seeing one one flat side like a

929

00:43:39,300 --> 00:43:35,680

photograph but you read many or scores

930

00:43:41,220 --> 00:43:39,310

or hundreds and you start to see from

931

00:43:43,650 --> 00:43:41,230

all these different angles then you get

932

00:43:45,750 --> 00:43:43,660

what I would call a hologram you can

933

00:43:50,010 --> 00:43:45,760

walk around the subject look under and

934

00:43:52,500 --> 00:43:50,020

above it and see with depth into it so I

935

00:43:58,190 --> 00:43:52,510

think all of us are part of this mystery

936

00:44:01,200 --> 00:43:58,200

and all of us contain that same seed

937

00:44:03,210 --> 00:44:01,210

yeah people people are really in shock

938

00:44:06,420 --> 00:44:03,220

these days and science doesn't know what

939

00:44:09,900 --> 00:44:06,430

to do really with this very very

940

00:44:17,180 --> 00:44:09,910

delicate subject of the newest findings

941

00:44:24,630 --> 00:44:22,050

Neanderthal man was not human okay yeah

942

00:44:27,930 --> 00:44:24,640

if you look at the tree you know the

943

00:44:30,780 --> 00:44:27,940

Darwinian tree of evolution it started

944

00:44:33,720 --> 00:44:30,790

with you know the proto hominid and then

945

00:44:35,310 --> 00:44:33,730

Homo erectus and then the human and they

946

00:44:38,550 --> 00:44:35,320

believed that the human came down and

947

00:44:40,950 --> 00:44:38,560

branched off into you know cro-magnon

948

00:44:42,690 --> 00:44:40,960

and and the and earth all and that they

949

00:44:43,890 --> 00:44:42,700

lived to cohabitate it and then

950

00:44:47,430 --> 00:44:43,900

cro-magnon white

951
00:44:50,970 --> 00:44:47,440
Neanderthal well the most recent DNA

952
00:44:54,170 --> 00:44:50,980
studies show that Neanderthal was not

953
00:44:58,579 --> 00:44:54,180
human it came down along a different

954
00:45:01,200 --> 00:44:58,589
evolutionary pathway and then

955
00:45:03,960 --> 00:45:01,210
Neanderthal crossed with the proto

956
00:45:07,890 --> 00:45:03,970
hominid as it existed in North Africa

957
00:45:12,299 --> 00:45:07,900
and in Siberia and that that crossing is

958
00:45:15,440 --> 00:45:12,309
what created the Caucasian race hmm and

959
00:45:20,760 --> 00:45:15,450
so Africans do not have this Neanderthal

960
00:45:23,339 --> 00:45:20,770
gene and all Caucasians do interesting

961
00:45:27,059 --> 00:45:23,349
there's so much fascinating stuff about

962
00:45:29,279 --> 00:45:27,069
about bloodlines and about the history

963
00:45:31,289 --> 00:45:29,289

of these different these different

964

00:45:33,390 --> 00:45:31,299

species that you say some some might

965

00:45:35,279 --> 00:45:33,400

have even originated off off the planet

966

00:45:37,529 --> 00:45:35,289

earth and we got about ten minutes left

967

00:45:41,819 --> 00:45:37,539

I kind of did want to get to some of

968

00:45:43,260 --> 00:45:41,829

those those alien races if we could well

969

00:45:44,760 --> 00:45:43,270

because you mentioned the Olympians

970

00:45:46,859 --> 00:45:44,770

versus the Titans and that's fascinating

971

00:45:52,109 --> 00:45:46,869

to me I mean do you think those are the

972

00:45:56,000 --> 00:45:52,119

greys and the Nordics I would think so I

973

00:45:59,670 --> 00:45:56,010

would think that we can't even imagine

974

00:46:02,430 --> 00:45:59,680

you know what it really was this is

975

00:46:07,760 --> 00:46:02,440

talking about spiritual warfare yet if

976

00:46:10,230 --> 00:46:07,770

it demonstrates and describes tremendous

977

00:46:14,490 --> 00:46:10,240

technological power as a matter of fact

978

00:46:17,460 --> 00:46:14,500

before Homer the Theogony was written by

979

00:46:20,940 --> 00:46:17,470

Hesiod Hesiod's Theogony is the origins

980

00:46:24,599 --> 00:46:20,950

of the gods and you will never ever read

981

00:46:28,950 --> 00:46:24,609

a more explicit description of an atomic

982

00:46:35,059 --> 00:46:28,960

bomb than the point at which Hesiod

983

00:46:38,400 --> 00:46:35,069

describes this destroying the Titans

984

00:46:42,599 --> 00:46:38,410

with his his thunderbolt his lightning

985

00:46:44,670 --> 00:46:42,609

ball you will read you read that passage

986

00:46:48,240 --> 00:46:44,680

and you are reading the description of

987

00:46:49,799 --> 00:46:48,250

Hiroshima right which brings to another

988

00:46:52,049 --> 00:46:49,809

subject guys since we do have such a

989

00:46:54,390 --> 00:46:52,059

short time left I'm I want to bring it

990

00:46:57,660 --> 00:46:54,400

back to to the moon project that I'm

991

00:47:00,240 --> 00:46:57,670

going to present at San Mateo at the

992

00:47:02,520 --> 00:47:00,250

a secret space program breakaway

993

00:47:04,980 --> 00:47:02,530

civilization conference I'm going to be

994

00:47:10,280 --> 00:47:04,990

showing photographs taken by the Apollo

995

00:47:12,750 --> 00:47:10,290

astronauts in 72 from 68 to 72 showing

996

00:47:15,569 --> 00:47:12,760

what is really on the moon that there

997

00:47:18,180 --> 00:47:15,579

are towers escort has been described in

998

00:47:20,849 --> 00:47:18,190

rumor and story since the 1970s when I

999

00:47:23,099 --> 00:47:20,859

first heard about it I released a photo

1000

00:47:26,099 --> 00:47:23,109

to you of a tower that I've named Big

1001

00:47:30,299 --> 00:47:26,109

Ben yeah it's crazy looking it's out of

1002

00:47:33,720 --> 00:47:30,309

this world literally and then there is a

1003

00:47:37,920 --> 00:47:33,730

constellation of space stations that has

1004

00:47:41,309 --> 00:47:37,930

been orbiting and parked on the far side

1005

00:47:44,609 --> 00:47:41,319

of the moon since at least the 1960s and

1006

00:47:47,970 --> 00:47:44,619

I will be presenting photographs of this

1007

00:47:50,670 --> 00:47:47,980

constellation of space stations which

1008

00:47:53,039 --> 00:47:50,680

were seen and photographed by the

1009

00:47:55,859 --> 00:47:53,049

astronauts I sent you another photograph

1010

00:47:59,309 --> 00:47:55,869

that I dubbed the moon ring sir I showed

1011

00:48:01,200 --> 00:47:59,319

you I sent you two frames this is one of

1012

00:48:03,900 --> 00:48:01,210

the most amazing pieces of film that I

1013

00:48:06,630 --> 00:48:03,910

have ever seen and I recently discovered

1014

00:48:08,370 --> 00:48:06,640

it and what it was is that one of the

1015

00:48:10,620 --> 00:48:08,380

astronauts you know the astronauts were

1016

00:48:13,650 --> 00:48:10,630

all really high-tech military men and

1017

00:48:16,680 --> 00:48:13,660

fighter pilots and guys got what I call

1018

00:48:21,329 --> 00:48:16,690

guys with fast eyes so one of the

1019

00:48:23,940 --> 00:48:21,339

astronauts on Apollo 16 saw this thing

1020

00:48:26,010 --> 00:48:23,950

coming and he jumped to the window with

1021

00:48:29,250 --> 00:48:26,020

his camera ready and he tracked this

1022

00:48:32,069 --> 00:48:29,260

thing across the moon and the way it l

1023

00:48:34,799 --> 00:48:32,079

saw it I could not believe it it looked

1024

00:48:36,630 --> 00:48:34,809

to me like Wonder Woman's airplane

1025

00:48:38,579 --> 00:48:36,640

remember Wonder Woman had of this

1026

00:48:40,410 --> 00:48:38,589

invisible airplane like glass and a

1027

00:48:44,299 --> 00:48:40,420

glass airplane I know maybe you're too

1028

00:48:47,220 --> 00:48:44,309

young but she had a glass a sort of

1029

00:48:50,280 --> 00:48:47,230

transparent or translucent airplane that

1030

00:48:52,980 --> 00:48:50,290

would be camouflaged by its see-through

1031

00:48:55,109 --> 00:48:52,990

appearance well I see this thing racing

1032

00:48:57,839 --> 00:48:55,119

across the moon and this astronaut my

1033

00:49:00,089 --> 00:48:57,849

god what an eye and what what

1034

00:49:02,250 --> 00:49:00,099

coordination because he got this thing

1035

00:49:05,039 --> 00:49:02,260

perfectly centered in the camera

1036

00:49:08,190 --> 00:49:05,049

swooping over the surface of the Moon

1037

00:49:10,270 --> 00:49:08,200

and then rising up past the horizon of

1038

00:49:14,800 --> 00:49:10,280

the moon into outer space

1039

00:49:19,450 --> 00:49:14,810

and for three frames they allowed us to

1040

00:49:22,750 --> 00:49:19,460

see it now who is they they is a good

1041

00:49:24,820 --> 00:49:22,760

NASA guy who was told listen cut this

1042

00:49:27,310 --> 00:49:24,830

thing out of the film you know we can't

1043

00:49:30,430 --> 00:49:27,320

let the public see this so what he did

1044

00:49:33,760 --> 00:49:30,440

is he left the parts in which it is most

1045

00:49:36,370 --> 00:49:33,770

difficult to discern the spacecraft that

1046

00:49:40,060 --> 00:49:36,380

I called the moon racer but he didn't

1047

00:49:40,750 --> 00:49:40,070

leave two and a half I call it I said

1048

00:49:43,600 --> 00:49:40,760

three friends

1049

00:49:46,690 --> 00:49:43,610

two and a half frames intact where we

1050

00:49:49,750 --> 00:49:46,700

could see the craft crossing the horizon

1051

00:49:53,410 --> 00:49:49,760

and then fully out of the raha Rison in

1052

00:49:56,440 --> 00:49:53,420

outer space and the third frame shows a

1053

00:49:58,960 --> 00:49:56,450

cut and it's literal it's like a razor

1054

00:50:01,570 --> 00:49:58,970

cut through the film where it's joined

1055

00:50:04,270 --> 00:50:01,580

this film was not supposed to have any

1056

00:50:08,020 --> 00:50:04,280

kind of cuts because it's supposed to be

1057

00:50:10,240 --> 00:50:08,030

the intact onboard camera yeah but look

1058

00:50:11,740 --> 00:50:10,250

this at photo now it's it's pretty crazy

1059

00:50:13,060 --> 00:50:11,750

and people will be able to see that if

1060

00:50:15,370 --> 00:50:13,070

you go to the episode where we're

1061

00:50:17,560 --> 00:50:15,380

talking if you go to the actual website

1062

00:50:20,440 --> 00:50:17,570

where I post it on the page I will also

1063

00:50:22,930 --> 00:50:20,450

include these these photos but yeah they

1064

00:50:23,350 --> 00:50:22,940

definitely make you wonder what's out

1065

00:50:25,780 --> 00:50:23,360

there

1066

00:50:29,860 --> 00:50:25,790

it's a beautiful craft I've never seen

1067

00:50:33,580 --> 00:50:29,870

anything as beautiful as streamlined as

1068

00:50:36,040 --> 00:50:33,590

aerodynamic Aero spatially dynamic is

1069

00:50:38,560 --> 00:50:36,050

that thing and there is no reactive

1070

00:50:43,000 --> 00:50:38,570

propulsion this thing is is really

1071

00:50:45,580 --> 00:50:43,010

moving like a magnetic bullet and as I

1072

00:50:48,130 --> 00:50:45,590

see it I can see where the how the

1073

00:50:52,780 --> 00:50:48,140

technology of this craft would involve

1074

00:50:55,450 --> 00:50:52,790

magnetic fields and you know different

1075

00:50:57,160 --> 00:50:55,460

polarities on the wings or the nose and

1076

00:51:00,160 --> 00:50:57,170

the tail it's a really fantastic craft

1077

00:51:03,430 --> 00:51:00,170

so that's one of them the third I want

1078

00:51:06,520 --> 00:51:03,440

to point out that this film the lunar

1079

00:51:08,710 --> 00:51:06,530

rover went rambling around in the region

1080

00:51:09,940 --> 00:51:08,720

of the crater Descartes and one of the

1081

00:51:13,390 --> 00:51:09,950

things that really has always bothered

1082

00:51:15,140 --> 00:51:13,400

me about the Apollo 16 landing and the

1083

00:51:17,840 --> 00:51:15,150

Apollo

1084

00:51:20,080 --> 00:51:17,850

14 landing is that when you see the

1085

00:51:24,050 --> 00:51:20,090

landing sites from the lunar orbiter

1086

00:51:27,620 --> 00:51:24,060

photos it is surrounded by high rising

1087

00:51:30,290 --> 00:51:27,630

craggy mountains Peaks partially

1088

00:51:32,690 --> 00:51:30,300

collapsed domes and you know all kinds

1089

00:51:35,330 --> 00:51:32,700

of structures and yet when you see the

1090

00:51:38,450 --> 00:51:35,340

photos taken from the surface it looks

1091

00:51:41,840 --> 00:51:38,460

like flat land you know and it turns out

1092

00:51:44,960 --> 00:51:41,850

that NASA has had a very bad habit of

1093

00:51:47,090 --> 00:51:44,970

erasing all the background stars they

1094

00:51:52,390 --> 00:51:47,100

blacken out the sky they put in

1095

00:51:57,200 --> 00:51:52,400

artificial horizons and in the in the

1096

00:51:59,870 --> 00:51:57,210

fortunately in the Apollo 1617 photos

1097

00:52:03,080 --> 00:51:59,880

that I'm analyzing the some of the stars

1098

00:52:06,320 --> 00:52:03,090

were not erased but in the two photos of

1099

00:52:11,960 --> 00:52:06,330

the rover I say one of them is UFO

1100

00:52:17,120 --> 00:52:11,970

rising lunar rover UFO rising and then

1101

00:52:19,850 --> 00:52:17,130

another one says UF // the true horizon

1102

00:52:22,310 --> 00:52:19,860

or the real horizon because I conducted

1103

00:52:25,370 --> 00:52:22,320

an enhancement on this one frame where I

1104

00:52:28,280 --> 00:52:25,380

found a UFO like looks like a missile

1105

00:52:29,780 --> 00:52:28,290

being launched and then when I improve

1106

00:52:34,130 --> 00:52:29,790

the quality you can see it's really

1107

00:52:36,470 --> 00:52:34,140

cylindrical and luminous and then I did

1108

00:52:39,560 --> 00:52:36,480

one more operation which is called

1109

00:52:42,620 --> 00:52:39,570

equalization equalization the computer

1110

00:52:46,730 --> 00:52:42,630

finds areas that are really close to

1111

00:52:49,160 --> 00:52:46,740

each other in their in their color for

1112

00:52:50,930 --> 00:52:49,170

example all the whites of a certain

1113

00:52:52,790 --> 00:52:50,940

color all the grays and certainly all

1114

00:52:55,670 --> 00:52:52,800

the Blues of a certain hue will be

1115

00:53:01,970 --> 00:52:55,680

joined so the 3rd floor the fourth photo

1116

00:53:05,060 --> 00:53:01,980

there of the Apollo 16 shows the real

1117

00:53:06,920 --> 00:53:05,070

contour of the terrain you can see those

1118

00:53:10,220 --> 00:53:06,930

craggy mountains that I was talking

1119

00:53:14,630 --> 00:53:10,230

about appearing in the background and I

1120

00:53:17,360 --> 00:53:14,640

thought that that UFO was passing by the

1121

00:53:19,640 --> 00:53:17,370

moon going on the other side of the

1122

00:53:24,290 --> 00:53:19,650

horizon and falling past the moon or

1123

00:53:26,300 --> 00:53:24,300

being shot in space right but that photo

1124

00:53:27,660 --> 00:53:26,310

shows that this thing was rising from

1125

00:53:30,099 --> 00:53:27,670

the land of

1126

00:53:32,200 --> 00:53:30,109

the terrain of the moon because you see

1127

00:53:35,799 --> 00:53:32,210

the mountain range behind it uh-huh

1128

00:53:38,279 --> 00:53:35,809

there's a black outline looks almost

1129

00:53:42,849 --> 00:53:38,289

like a dinosaur's back it's so craggy

1130

00:53:45,519 --> 00:53:42,859

that I'm convinced that this these you

1131

00:53:47,289 --> 00:53:45,529

there are two UFOs that were coming down

1132

00:53:49,029 --> 00:53:47,299

in that area coming down and going up

1133

00:53:51,700 --> 00:53:49,039

and I thought they were just going by

1134

00:53:54,009 --> 00:53:51,710

and passing the moon but it shows that

1135

00:53:57,579 --> 00:53:54,019

there is land behind terrain behind

1136

00:54:00,999 --> 00:53:57,589

there and so we have even more mysteries

1137

00:54:03,130 --> 00:54:01,009

but some good NASA guy was told to clip

1138

00:54:06,940 --> 00:54:03,140

the film and he clip the film as he was

1139

00:54:08,319 --> 00:54:06,950

ordered but thank God he left us two

1140

00:54:10,539 --> 00:54:08,329

frames so that we can really see that

1141

00:54:13,749 --> 00:54:10,549

clear picture of the moon racer yeah I

1142

00:54:16,960 --> 00:54:13,759

love that thing that is really really

1143

00:54:18,370 --> 00:54:16,970

odd oh hey man this has been a great

1144

00:54:20,049 --> 00:54:18,380

talk I really enjoyed you coming down

1145

00:54:22,240 --> 00:54:20,059

here before we go I wanted to ask you

1146

00:54:24,309 --> 00:54:22,250

one completely unrelated question

1147

00:54:26,410 --> 00:54:24,319

because I've heard you talk about the

1148

00:54:28,509 --> 00:54:26,420

chupacabra before and that you act

1149

00:54:30,940 --> 00:54:28,519

because that's near my area you know I'm

1150

00:54:32,920 --> 00:54:30,950

here in San Diego and I've heard you say

1151
00:54:35,470 --> 00:54:32,930
that it's actually an intelligent race

1152
00:54:38,319 --> 00:54:35,480
of some kind maybe extraterrestrial

1153
00:54:41,499 --> 00:54:38,329
superior to humans and Intel yeah yeah

1154
00:54:46,779 --> 00:54:41,509
yeah it's intelligent I see I went to

1155
00:54:49,809 --> 00:54:46,789
Puerto Rico in 1978 and I had some very

1156
00:54:52,140 --> 00:54:49,819
unusual experiences down there and I

1157
00:54:56,680 --> 00:54:52,150
started to latch on to this chupacabra

1158
00:55:00,069 --> 00:54:56,690
mystery and over the years I've had a

1159
00:55:02,140 --> 00:55:00,079
lot of experience with with this

1160
00:55:04,779 --> 00:55:02,150
phenomenon and I've come to the

1161
00:55:08,009 --> 00:55:04,789
conclusion that the chupacabra is

1162
00:55:10,779 --> 00:55:08,019
actually analogous to the grey

1163
00:55:16,200 --> 00:55:10,789

extraterrestrials hunting dog but

1164

00:55:20,980 --> 00:55:16,210

imagine imagine a hunting dog that is

1165

00:55:25,170 --> 00:55:20,990

telepathic and more intelligent than a

1166

00:55:28,539 --> 00:55:25,180

human and telepathic on a psychic level

1167

00:55:31,960 --> 00:55:28,549

into such a degree that it can read the

1168

00:55:34,440 --> 00:55:31,970

person's belief system and then project

1169

00:55:37,509 --> 00:55:34,450

a thought and convince the person that

1170

00:55:40,089 --> 00:55:37,519

either they're having a dream or they're

1171

00:55:40,780 --> 00:55:40,099

having a hallucination or they can

1172

00:55:43,900 --> 00:55:40,790

actually

1173

00:55:47,350 --> 00:55:43,910

shift into something else but the three

1174

00:55:52,530 --> 00:55:47,360

the three puncture wounds in the side of

1175

00:55:57,820 --> 00:55:52,540

the animals the the method of extracting

1176

00:56:00,580 --> 00:55:57,830

the tissues that it needs it convinces

1177

00:56:06,190 --> 00:56:00,590

me that this creature is very stealthy

1178

00:56:08,410 --> 00:56:06,200

and it attacks what it needs and then it

1179

00:56:11,590 --> 00:56:08,420

takes back what it got to its masters

1180

00:56:14,170 --> 00:56:11,600

and that's that's my take on Chupacabra

1181

00:56:16,090 --> 00:56:14,180

wow that's that's actually part

1182

00:56:18,100 --> 00:56:16,100

privately I can tell you more about this

1183

00:56:20,770 --> 00:56:18,110

privately when we're off the air

1184

00:56:22,480 --> 00:56:20,780

yeah very just too disturbing to many

1185

00:56:24,670 --> 00:56:22,490

people to hear what what I've got to say

1186

00:56:27,370 --> 00:56:24,680

I don't believe that they are also

1187

00:56:29,590 --> 00:56:27,380

involved in the abduction of human

1188

00:56:31,390 --> 00:56:29,600

beings that they're the they're the

1189

00:56:32,290 --> 00:56:31,400

short little creatures that are sent in

1190

00:56:35,020 --> 00:56:32,300

mm-hmm

1191

00:56:37,570 --> 00:56:35,030

carry people away Wow I'm gonna do a

1192

00:56:41,080 --> 00:56:37,580

show on on that subject abductions and

1193

00:56:43,030 --> 00:56:41,090

and what what the purpose and the reason

1194

00:56:45,250 --> 00:56:43,040

is and why the government safir's it so

1195

00:56:47,290 --> 00:56:45,260

much yes at another time

1196

00:56:49,960 --> 00:56:47,300

we definitely should yeah this has been

1197

00:56:52,360 --> 00:56:49,970

awesome and I look forward to seeing you

1198

00:56:53,770 --> 00:56:52,370

at the conference man I mean hopefully

1199

00:56:55,600 --> 00:56:53,780

we can do it again sometime for sure I

1200

00:56:58,480 --> 00:56:55,610

know there's a ton of meat left on these

1201

00:56:59,950 --> 00:56:58,490

bones you know but okay yeah once again

1202

00:57:01,660 --> 00:56:59,960

you know for the people we will both be

1203

00:57:03,970 --> 00:57:01,670

at the secret space program and

1204

00:57:06,310 --> 00:57:03,980

breakaway civilization conference in a

1205

00:57:09,280 --> 00:57:06,320

little over a week from now it's gonna

1206

00:57:11,590 --> 00:57:09,290

be the next weekend the 28th and 29th in

1207

00:57:13,420 --> 00:57:11,600

San Mateo California I'm going to be

1208

00:57:14,830 --> 00:57:13,430

selling conspiracies at my booth Roberts

1209

00:57:16,990 --> 00:57:14,840

gonna be dropping knowledge on the main

1210

00:57:18,850 --> 00:57:17,000

stage is there anything else you'd like

1211

00:57:25,330 --> 00:57:18,860

to leave the people with before we call

1212

00:57:29,320 --> 00:57:25,340

it in let's see yes I would like

1213

00:57:31,870 --> 00:57:29,330

everyone who enjoys this subject to

1214

00:57:34,780 --> 00:57:31,880

remember that we have to have sound

1215

00:57:38,860 --> 00:57:34,790

minds and sound bodies and I want to

1216

00:57:41,620 --> 00:57:38,870

promote the idea of adopting frisbee

1217

00:57:43,270 --> 00:57:41,630

especially the versions of frisbee that

1218

00:57:45,970 --> 00:57:43,280

I've developed called Martian double

1219

00:57:50,320 --> 00:57:45,980

disc frisbee as the official sport of

1220

00:57:52,450 --> 00:57:50,330

ufologists and so my discs to California

1221

00:57:54,310 --> 00:57:52,460

and Greg I hope you play you play for it

1222

00:57:54,730 --> 00:57:54,320

because I'll I love for his B golf so I

1223

00:57:58,780 --> 00:57:54,740

mean

1224

00:58:01,300 --> 00:57:58,790

okay well I teach and practice a martial

1225

00:58:03,190 --> 00:58:01,310

art i Chi form of Frisbee and we take

1226
00:58:05,890 --> 00:58:03,200
two frisbees and put them one inside the

1227
00:58:10,300 --> 00:58:05,900
other nested we throw the frisbee as one

1228
00:58:13,810 --> 00:58:10,310
as it flies it splits into two and you

1229
00:58:17,170 --> 00:58:13,820
have to catch the two either one with

1230
00:58:20,410 --> 00:58:17,180
each hand or as I've learned to do two

1231
00:58:21,190 --> 00:58:20,420
or three with one hand wow that's like

1232
00:58:23,109 --> 00:58:21,200
we're on man

1233
00:58:25,060 --> 00:58:23,119
I hold the world records for triple

1234
00:58:27,070 --> 00:58:25,070
frisbees we have three frisbees that fit

1235
00:58:30,010 --> 00:58:27,080
into each other we sling them and they

1236
00:58:33,720 --> 00:58:30,020
sail and you have to make instantaneous

1237
00:58:36,370 --> 00:58:33,730
decisions and pattern interception

1238
00:58:38,440 --> 00:58:36,380

trajectories to be able to catch three

1239

00:58:40,690 --> 00:58:38,450

to one in each hand and then the third

1240

00:58:42,790 --> 00:58:40,700

one with with one or the other hand but

1241

00:58:46,690 --> 00:58:42,800

I got the skill level high enough a few

1242

00:58:50,920 --> 00:58:46,700

years ago to have caught 12 triples with

1243

00:58:53,620 --> 00:58:50,930

one hand 134 triples in one hour and I

1244

00:58:56,620 --> 00:58:53,630

do like to emphasize the importance of

1245

00:58:58,359 --> 00:58:56,630

physicality you see I don't so many

1246

00:59:02,320 --> 00:58:58,369

people are walking around as I call them

1247

00:59:04,900 --> 00:59:02,330

brains with legs yeah you know and we

1248

00:59:06,940 --> 00:59:04,910

are humans and the human body is what

1249

00:59:08,800 --> 00:59:06,950

defines us as humans well we've been

1250

00:59:10,480 --> 00:59:08,810

trying to catch flying saucers for years

1251

00:59:13,930 --> 00:59:10,490

so I think that's a perfect game for

1252

00:59:15,550 --> 00:59:13,940

ufologists okay so Greg I'll look

1253

00:59:16,870 --> 00:59:15,560

forward to play some discs with you when

1254

00:59:18,849 --> 00:59:16,880

I get out to California

1255

00:59:21,640 --> 00:59:18,859

absolutely Robert it's been a pleasure

1256

00:59:23,050 --> 00:59:21,650

thanks so much stop by the conspiracies

1257

00:59:24,490 --> 00:59:23,060

booth and say hello if you get the

1258

00:59:26,200 --> 00:59:24,500

chance and we'll go out there to the

1259

00:59:28,420 --> 00:59:26,210

quad and we'll throw some frisbees

1260

00:59:30,280 --> 00:59:28,430

I certainly will alright man you have a

1261

00:59:34,570 --> 00:59:30,290

good one thank you very much

1262

00:59:36,520 --> 00:59:34,580

bye bye there it is people there it is I

1263

00:59:38,470 --> 00:59:36,530

hope to see some of you next weekend at

1264

00:59:40,570 --> 00:59:38,480

the secret space program conference and

1265

00:59:42,400 --> 00:59:40,580

we'll play some frisbee with Rob smoke a

1266

00:59:44,680 --> 00:59:42,410

lot of weed and listen to some sick-ass

1267

00:59:46,359 --> 00:59:44,690

presentations joining on the money bomb

1268

00:59:48,190 --> 00:59:46,369

and next week we'll have two winners and

1269

00:59:50,440 --> 00:59:48,200

a phenomenal conversation with John
