1  
00:00:05,900 --> 00:00:03,949  
hey what up Greg this is BJ I actually

2  
00:00:07,249 --> 00:00:05,910  
used to hang out with Freeman and Jamie

3  
00:00:09,470 --> 00:00:07,259  
and it's awesome that you've been shown

4  
00:00:12,049 --> 00:00:09,480  
with them yeah I would love to talk to

5  
00:00:14,360 --> 00:00:12,059  
you about a recent vision I had on

6  
00:00:16,880 --> 00:00:14,370  
ayahuasca involving telepathically

7  
00:00:19,220 --> 00:00:16,890  
communicating to hundreds of dragons and

8  
00:00:21,830 --> 00:00:19,230  
outer space that are shape-shifting

9  
00:00:25,300 --> 00:00:21,840  
infinite beings alright only dude take

10  
00:00:55,180 --> 00:00:33,940  
[Music]

11  
00:00:59,509 --> 00:00:57,740  
how's it going higher side chatters

12  
00:01:02,479 --> 00:00:59,519  
drinking a little drink smoking a little

13  
00:01:04,490 --> 00:01:02,489

smoke and I cannot wait to hear what

14

00:01:07,100 --> 00:01:04,500

people think in today's episode I am

15

00:01:08,570 --> 00:01:07,110

Greg Carlo from sunny San Diego people

16

00:01:10,610 --> 00:01:08,580

who have been listening for some time

17

00:01:12,110 --> 00:01:10,620

might have noticed but every once in a

18

00:01:14,210 --> 00:01:12,120

while there's a certain type of show I

19

00:01:16,640 --> 00:01:14,220

like to do and these are these in-depth

20

00:01:18,649 --> 00:01:16,650

looks at alternatives to how we look at

21

00:01:20,840 --> 00:01:18,659

the earth and the events of the past the

22

00:01:23,210 --> 00:01:20,850

Hollow Earth theory with dean dominic de

23

00:01:25,430 --> 00:01:23,220

Lucia as an example of this the earth

24

00:01:27,859 --> 00:01:25,440

crust displacement theory with R and

25

00:01:30,020 --> 00:01:27,869

flemeth was another one and they're not

26  
00:01:32,599 --> 00:01:30,030  
always easy to do because they involve

27  
00:01:35,090 --> 00:01:32,609  
stepping all over conventional ideas of

28  
00:01:37,580 --> 00:01:35,100  
science and geology and everything we've

29  
00:01:39,380 --> 00:01:37,590  
been taught well today is one of these

30  
00:01:41,330 --> 00:01:39,390  
types of shows that attempts to take

31  
00:01:43,279 --> 00:01:41,340  
what we've been told from the mythology

32  
00:01:45,380 --> 00:01:43,289  
of cultures all around the world and the

33  
00:01:47,749 --> 00:01:45,390  
acknowledgement that much of the elite

34  
00:01:50,929 --> 00:01:47,759  
symbolism can be traced back to Saturn

35  
00:01:53,060 --> 00:01:50,939  
as we've explored recently and also many

36  
00:01:55,039 --> 00:01:53,070  
other random loose ends along the way

37  
00:01:56,450 --> 00:01:55,049  
that are left by the contradictions that

38  
00:01:58,760 --> 00:01:56,460

have cropped up between the official

39

00:02:01,039 --> 00:01:58,770

schools of thought and certain evidence

40

00:02:03,319 --> 00:02:01,049

it's been discovered along the way it is

41

00:02:05,929 --> 00:02:03,329

a great show the guest is Troy

42

00:02:08,270 --> 00:02:05,939

McLaughlin and we're diving into his

43

00:02:11,270 --> 00:02:08,280

Saturn death cult material which is the

44

00:02:13,070 --> 00:02:11,280

name he gives for the elite and we sort

45

00:02:14,960 --> 00:02:13,080

of gloss over the obvious connections

46

00:02:16,940 --> 00:02:14,970

between the elite and ritual sacrifice

47

00:02:19,190 --> 00:02:16,950

child trafficking and all the obvious

48

00:02:21,230 --> 00:02:19,200

reasons that a term like death cult

49

00:02:23,270 --> 00:02:21,240

could apply and we focused more on

50

00:02:25,850 --> 00:02:23,280

trying to make a credible case for a

51  
00:02:27,800 --> 00:02:25,860  
model that allows for what is now Saturn

52  
00:02:29,809 --> 00:02:27,810  
to have once been the Earth's star and

53  
00:02:31,880 --> 00:02:29,819  
not only that but how a change in the

54  
00:02:35,090 --> 00:02:31,890  
environment which introduced the new

55  
00:02:37,399 --> 00:02:35,100  
concepts of seasons and time into

56  
00:02:40,100 --> 00:02:37,409  
humanity's world became the scapegoat

57  
00:02:42,460 --> 00:02:40,110  
and justification for the early elite

58  
00:02:45,200 --> 00:02:42,470  
priests class to form

59  
00:02:48,020 --> 00:02:45,210  
allegories around these events and also

60  
00:02:50,210 --> 00:02:48,030  
make changes to monetary systems that

61  
00:02:52,880 --> 00:02:50,220  
have been used to enslave humanity since

62  
00:02:55,400 --> 00:02:52,890  
the dawning of this proposed era it is

63  
00:02:57,920 --> 00:02:55,410

heavy stuff and man is it interesting to

64

00:03:00,290 --> 00:02:57,930

me Troy is a great guest who I think as

65

00:03:02,000 --> 00:03:00,300

a scholarly and open approach to his

66

00:03:04,280 --> 00:03:02,010

perspective and I just love it and

67

00:03:06,080 --> 00:03:04,290

speaking of debt based systems of

68

00:03:08,690 --> 00:03:06,090

monetary enslavement that affect us all

69

00:03:11,330 --> 00:03:08,700

thanks to everyone who's been signing up

70

00:03:13,130 --> 00:03:11,340

for the new th C plus a little early and

71

00:03:15,770 --> 00:03:13,140

for those who didn't know the new th

72

00:03:17,690 --> 00:03:15,780

c-plus show is going to be streamable

73

00:03:20,120 --> 00:03:17,700

and downloadable from the new website

74

00:03:22,520 --> 00:03:20,130

built to optimize the distribution of

75

00:03:25,130 --> 00:03:22,530

this show both on the web and smartphone

76

00:03:28,460 --> 00:03:25,140

and that website is the higher side

77

00:03:30,680 --> 00:03:28,470

chats plus calm I am hoping praying

78

00:03:32,930 --> 00:03:30,690

sigil making and invoking the humble

79

00:03:35,060 --> 00:03:32,940

entities of good fortune in an attempt

80

00:03:37,100 --> 00:03:35,070

to make manifest a reality where many of

81

00:03:40,460 --> 00:03:37,110

the listeners of th seek will subscribe

82

00:03:42,290 --> 00:03:40,470

to a new extended two-hour show with all

83

00:03:44,180 --> 00:03:42,300

the guests going forward for just 5

84

00:03:46,280 --> 00:03:44,190

bucks a month and then I can start

85

00:03:47,990 --> 00:03:46,290

making my parents proud again so please

86

00:03:49,850 --> 00:03:48,000

check it out and sign up when we hit

87

00:03:51,979 --> 00:03:49,860

August 1st and switch to the new longer

88

00:03:54,199 --> 00:03:51,989

format that I hope a lot of you are

89

00:03:57,050 --> 00:03:54,209

looking forward to if \$5 is too much

90

00:03:59,570 --> 00:03:57,060

continue to enjoy the one-hour show that

91

00:04:01,490 --> 00:03:59,580

will still remain free and more in line

92

00:04:03,470 --> 00:04:01,500

with what I've been doing up to date and

93

00:04:05,270 --> 00:04:03,480

today in fact is actually an extended

94

00:04:08,030 --> 00:04:05,280

show it's about 90 minutes because the

95

00:04:10,310 --> 00:04:08,040

material is so dense and expansive than

96

00:04:12,229 --> 00:04:10,320

our doesn't do it so I'm excited to

97

00:04:14,750 --> 00:04:12,239

spend more time on these types of

98

00:04:16,099 --> 00:04:14,760

subjects more regularly and while there

99

00:04:18,259 --> 00:04:16,109

are a lot of shows that do this I hope

100

00:04:20,090 --> 00:04:18,269

you like the THC flavor just a little

101  
00:04:21,710 --> 00:04:20,100  
bit more of course the money bomb is

102  
00:04:23,690 --> 00:04:21,720  
still growing strong there will be two

103  
00:04:25,310 --> 00:04:23,700  
winners again with only a few days left

104  
00:04:27,350 --> 00:04:25,320  
before the winners are picked to be

105  
00:04:29,030 --> 00:04:27,360  
announced on the next two episodes so

106  
00:04:31,820 --> 00:04:29,040  
get those donations in at the higher

107  
00:04:33,110 --> 00:04:31,830  
side chats dot-com / donate the last

108  
00:04:34,610 --> 00:04:33,120  
thing I want to bring up is that a lot

109  
00:04:36,170 --> 00:04:34,620  
of people have contacted me about the

110  
00:04:38,120 --> 00:04:36,180  
new theme song and I've already gotten

111  
00:04:39,469 --> 00:04:38,130  
three or four good ones this is very

112  
00:04:41,990 --> 00:04:39,479  
cool thanks so much

113  
00:04:44,240 --> 00:04:42,000

we heard the let it be cover on the last

114

00:04:45,620 --> 00:04:44,250

show and I'd love people to keep sending

115

00:04:48,380 --> 00:04:45,630

me stuff I think that I'm just gonna

116

00:04:50,870 --> 00:04:48,390

cycle through them as they come in today

117

00:04:52,820 --> 00:04:50,880

I'm going to use one that I like as

118

00:04:55,040 --> 00:04:52,830

transition music and maybe it will

119

00:04:55,940 --> 00:04:55,050

inspire some more submissions so here we

120

00:04:58,250 --> 00:04:55,950

go with

121

00:05:00,200 --> 00:04:58,260

a solid crack at a new th seas theme

122

00:05:02,840 --> 00:05:00,210

song and I'll be getting deep into what

123

00:05:05,870 --> 00:05:02,850

might be the most coveted secrets of the

124

00:05:08,270 --> 00:05:05,880

ancient past by the elitist elite with

125

00:05:14,230 --> 00:05:08,280

Troy McLaughlin on the other side the

126

00:05:17,080 --> 00:05:14,240

higher side is where it

127

00:05:21,100 --> 00:05:17,090

everything you need to know from

128

00:05:24,540 --> 00:05:21,110

corruption to you wanna for sure to grab

129

00:05:25,600 --> 00:05:24,550

your weed and let's look at some

130

00:05:32,770 --> 00:05:25,610

conspiracy

131

00:05:37,249 --> 00:05:35,300

all right people we've seen the signs

132

00:05:38,930 --> 00:05:37,259

and they've opened up our eyes but while

133

00:05:40,999 --> 00:05:38,940

many researchers are doing great work

134

00:05:43,129 --> 00:05:41,009

recognizing the modern incarnations of

135

00:05:44,900 --> 00:05:43,139

secret society symbolism and tracing

136

00:05:47,270 --> 00:05:44,910

their origins as far back as they can

137

00:05:49,550 --> 00:05:47,280

few researchers are making any progress

138

00:05:51,499 --> 00:05:49,560

on the big question of why the elite

139

00:05:53,210 --> 00:05:51,509

puts so much careful consideration and

140

00:05:56,210 --> 00:05:53,220

planning into their hidden in plain

141

00:05:58,340 --> 00:05:56,220

sight symbolism and why at its core it

142

00:06:00,320 --> 00:05:58,350

seems to have so much to do with Saturn

143

00:06:01,969 --> 00:06:00,330

a distant planet that one would think

144

00:06:04,100 --> 00:06:01,979

should have gone largely unnoticed in

145

00:06:05,810 --> 00:06:04,110

the ancient times well today's guest

146

00:06:08,029 --> 00:06:05,820

Troy McLaughlin puts the big unanswered

147

00:06:09,890 --> 00:06:08,039

why front and center in his research and

148

00:06:11,960 --> 00:06:09,900

has identified what he has called the

149

00:06:14,120 --> 00:06:11,970

Saturn death cult which is also the name

150

00:06:16,430 --> 00:06:14,130

of both his book and website covering

151

00:06:18,230 --> 00:06:16,440

the topic I've been diving into it for a

152

00:06:20,120 --> 00:06:18,240

few weeks now and I'm really psyched to

153

00:06:22,010 --> 00:06:20,130

have him here trauma man how the hell

154

00:06:24,499 --> 00:06:22,020

are you I'm great

155

00:06:27,020 --> 00:06:24,509

Greg pleasure to be with you on the show

156

00:06:29,060 --> 00:06:27,030

yeah man this is gonna be fun it is some

157

00:06:30,710 --> 00:06:29,070

dense material that is completely

158

00:06:32,480 --> 00:06:30,720

foreign to most people but we've had

159

00:06:34,700 --> 00:06:32,490

several guests recently who've kind of

160

00:06:37,100 --> 00:06:34,710

talked about this worship or homage of

161

00:06:38,839 --> 00:06:37,110

Saturn among the elites like mr. gates

162

00:06:40,490 --> 00:06:38,849

and his audiobook Jupiter and even

163

00:06:42,980 --> 00:06:40,500

Robert Morningstar mentioned that Saturn

164

00:06:44,899 --> 00:06:42,990

used to be more star-like and these

165

00:06:46,129 --> 00:06:44,909

threads have danced around the topic but

166

00:06:47,689 --> 00:06:46,139

you're going straight for the jugular

167

00:06:50,629 --> 00:06:47,699

here man and I think the best way to

168

00:06:52,700 --> 00:06:50,639

dive in to examine the reason for this

169

00:06:54,980 --> 00:06:52,710

fixation on Saturn among the elites is

170

00:06:56,719 --> 00:06:54,990

you got to walk us through your timeline

171

00:06:59,180 --> 00:06:56,729

of how you see the early solar system

172

00:07:00,860 --> 00:06:59,190

because we know this symbology has

173

00:07:02,600 --> 00:07:00,870

something to do with hidden knowledge

174

00:07:03,950 --> 00:07:02,610

about the ancient past and it seems like

175

00:07:09,290 --> 00:07:03,960

you might have cracked this case right

176

00:07:12,110 --> 00:07:09,300

Troy well I hope so the the bubbler a

177

00:07:16,040 --> 00:07:12,120

certain death cultures largely inspired

178

00:07:19,610 --> 00:07:16,050

by a theory called Saturn theory part of

179

00:07:22,659 --> 00:07:19,620

the electric universe model when it

180

00:07:25,189 --> 00:07:22,669

comes to looking at the cosmology

181

00:07:27,920 --> 00:07:25,199

associated with our solar system but

182

00:07:31,249 --> 00:07:27,930

basically certain death cults introduces

183

00:07:33,589 --> 00:07:31,259

the radical concept that ancient world

184

00:07:36,469 --> 00:07:33,599

mythology is actually the human

185

00:07:38,540 --> 00:07:36,479

witnessed record of a massively

186

00:07:41,110 --> 00:07:38,550

catastrophic rearrangement of the solar

187

00:07:44,420 --> 00:07:41,120

system into its current configuration a

188

00:07:45,320 --> 00:07:44,430

rear a rearrangement which from the

189

00:07:48,350 --> 00:07:45,330

perspective of those

190

00:07:50,689 --> 00:07:48,360

witnessing is on earth saw the planet

191

00:07:53,809 --> 00:07:50,699

Saturn which at that time was a

192

00:07:56,450 --> 00:07:53,819

sub-brown dwarfs star dislodged as

193

00:08:01,189 --> 00:07:56,460

Earth's original Sun and replaced by our

194

00:08:04,010 --> 00:08:01,199

concern now this catastrophic episode is

195

00:08:06,490 --> 00:08:04,020

often referred to as doomsday and the

196

00:08:09,200 --> 00:08:06,500

events of that time are now subsequently

197

00:08:11,540 --> 00:08:09,210

indelibly imprinted into the human

198

00:08:13,309 --> 00:08:11,550

corporate psyche where the various

199

00:08:17,180 --> 00:08:13,319

archetype sets a subconscious level

200

00:08:18,999 --> 00:08:17,190

haven't n been exploited by certain

201  
00:08:21,800 --> 00:08:19,009  
belief systems to give credence to

202  
00:08:24,740 --> 00:08:21,810  
various control type belief systems

203  
00:08:27,520 --> 00:08:24,750  
usually those that promotes an elitist

204  
00:08:32,050 --> 00:08:27,530  
worldview and what this relates back to

205  
00:08:36,380 --> 00:08:32,060  
in terms of how it applies today is that

206  
00:08:39,769 --> 00:08:36,390  
mythology tells us Saturn ruled in what

207  
00:08:42,409 --> 00:08:39,779  
is known as the Golden Age and it is the

208  
00:08:45,920 --> 00:08:42,419  
desire on the part of the elites to

209  
00:08:49,460 --> 00:08:45,930  
return to a form of this golden age that

210  
00:08:50,780 --> 00:08:49,470  
is at the basis of their thinking and so

211  
00:08:53,569 --> 00:08:50,790  
what I hope to do with certain

212  
00:08:57,250 --> 00:08:53,579  
difficulties raise the readers awareness

213  
00:09:00,019 --> 00:08:57,260

as to the connection between these

214

00:09:04,579 --> 00:09:00,029

Saturnian based belief systems and the

215

00:09:07,910 --> 00:09:04,589

emergence ultimately in our day of a of

216

00:09:10,490 --> 00:09:07,920

the current debt based financial system

217

00:09:14,360 --> 00:09:10,500

as typified by today's central banking

218

00:09:18,139 --> 00:09:14,370

model basically something I argue is the

219

00:09:19,400 --> 00:09:18,149

ultimate enslavement system where the

220

00:09:22,280 --> 00:09:19,410

productive majority of the Earth's

221

00:09:25,400 --> 00:09:22,290

population are subjected to the journey

222

00:09:27,800 --> 00:09:25,410

of an elite minority but yeah there are

223

00:09:30,889 --> 00:09:27,810

two things that make it difficult for a

224

00:09:34,639 --> 00:09:30,899

lot of people to first grasp these ideas

225

00:09:37,340 --> 00:09:34,649

Greg and one of them you know it really

226

00:09:39,980 --> 00:09:37,350

is that we're talking about a complete

227

00:09:43,040 --> 00:09:39,990

rearrangement of the solar system within

228

00:09:46,400 --> 00:09:43,050

relatively recent times within human

229

00:09:48,050 --> 00:09:46,410

memory and the other one of course is

230

00:09:51,620 --> 00:09:48,060

that in the process of this

231

00:09:53,930 --> 00:09:51,630

rearrangement the earth starts out has

232

00:09:56,110 --> 00:09:53,940

originally been the satellite of a

233

00:09:58,790 --> 00:09:56,120

different star to the Sun and that

234

00:10:01,340 --> 00:09:58,800

really the Sun

235

00:10:03,799 --> 00:10:01,350

the earth and that particular star

236

00:10:06,999 --> 00:10:03,809

within catastrophic Li captured by the

237

00:10:09,229 --> 00:10:07,009

Sun to begin the process of this

238

00:10:11,689 --> 00:10:09,239

reaction to the solar system and that

239

00:10:16,389 --> 00:10:11,699

other star you mentioned that's now the

240

00:10:20,090 --> 00:10:16,399

planet Saturn yes it's the SS right now

241

00:10:23,509 --> 00:10:20,100

Satan is called Satan after the

242

00:10:25,369 --> 00:10:23,519

mythological God and in certain theories

243

00:10:29,600 --> 00:10:25,379

argued that they are one and the same

244

00:10:31,939 --> 00:10:29,610

there is a detractors will say that the

245

00:10:35,329 --> 00:10:31,949

planets were named at a later date after

246

00:10:37,400 --> 00:10:35,339

gods but the connection between the god

247

00:10:39,679 --> 00:10:37,410

Saturn and the planet ii can be

248

00:10:43,489 --> 00:10:39,689

established has been completed together

249

00:10:47,090 --> 00:10:43,499

in terms the ancient minds and i usually

250

00:10:49,869 --> 00:10:47,100

in an interview will read out a quote by

251

00:10:52,939 --> 00:10:49,879

probably the elder statesman of the

252

00:10:55,729 --> 00:10:52,949

santen theory guy called do i do cardona

253

00:10:57,379 --> 00:10:55,739

which really should sum up what we're

254

00:11:00,109 --> 00:10:57,389

talking about here for for your

255

00:11:02,569 --> 00:11:00,119

listeners and sure i quote now be the

256

00:11:04,819 --> 00:11:02,579

evidence of myth which points to saturn

257

00:11:07,850 --> 00:11:04,829

having once occupied a position above

258

00:11:10,519 --> 00:11:07,860

earth's north polar regions is volumous

259

00:11:12,650 --> 00:11:10,529

there is not a race on earth that has

260

00:11:14,629 --> 00:11:12,660

not preserved at least one account which

261

00:11:17,359 --> 00:11:14,639

states as much according to this

262

00:11:19,429 --> 00:11:17,369

evidence Saturn occupied their central

263

00:11:21,919 --> 00:11:19,439

position in these the North celestial

264

00:11:24,949 --> 00:11:21,929

regions it rotated and rotated widely

265

00:11:29,059 --> 00:11:24,959

but other than that it was unmovable now

266

00:11:31,579 --> 00:11:29,069

this was the original son of ancient

267

00:11:33,650 --> 00:11:31,589

mythology and because of the

268

00:11:36,799 --> 00:11:33,660

uniformitarian bias and science that

269

00:11:38,629 --> 00:11:36,809

says the solar system has basically been

270

00:11:40,309 --> 00:11:38,639

as it is for billions of years of slow

271

00:11:43,039 --> 00:11:40,319

changing thing right

272

00:11:46,280 --> 00:11:43,049

you know scholars have largely they've

273

00:11:49,419 --> 00:11:46,290

recognized the association with the god

274

00:11:52,730 --> 00:11:49,429

Saturn with the the pole star where

275

00:11:57,229 --> 00:11:52,740

where sits in the North there today but

276

00:12:01,309 --> 00:11:57,239

they've contrived to separate this idea

277

00:12:03,109 --> 00:12:01,319

that that the ancients identified the

278

00:12:05,030 --> 00:12:03,119

actual planet as having been there and

279

00:12:07,369 --> 00:12:05,040

this was done by a guy called John J

280

00:12:10,669 --> 00:12:07,379

O'Neill about a hundred and forty years

281

00:12:12,530 --> 00:12:10,679

ago and it just simply is a belief on

282

00:12:15,530 --> 00:12:12,540

their part that when they look up and

283

00:12:18,080 --> 00:12:15,540

guys today they can't see what the

284

00:12:21,170 --> 00:12:18,090

mythology is telling them so they just

285

00:12:23,810 --> 00:12:21,180

they just discard it as as being

286

00:12:25,670 --> 00:12:23,820

relevant to to anything real that the

287

00:12:27,920 --> 00:12:25,680

ancients would have seen right yeah

288

00:12:29,420 --> 00:12:27,930

that's a classic problem with some of

289

00:12:30,710 --> 00:12:29,430

the stuff and whether you're talking

290

00:12:32,720 --> 00:12:30,720

about some people who go into ancient

291

00:12:34,190 --> 00:12:32,730

alien theory and other ideas that were

292

00:12:37,040 --> 00:12:34,200

finding out that a lot of the things

293

00:12:38,630 --> 00:12:37,050

that they they knew about they had real

294

00:12:40,640 --> 00:12:38,640

reference even though we don't see it

295

00:12:43,330 --> 00:12:40,650

today and this might have been the fact

296

00:12:46,190 --> 00:12:43,340

that we were revolving around Saturn so

297

00:12:48,140 --> 00:12:46,200

take us back to that time what I mean

298

00:12:49,670 --> 00:12:48,150

how long ago was this are we considering

299

00:12:52,520 --> 00:12:49,680

there's obviously humans on the planet

300

00:12:54,530 --> 00:12:52,530

but it seems like yeah I mean what what

301  
00:12:57,470 --> 00:12:54,540  
was life like then okay so what we're

302  
00:13:00,050 --> 00:12:57,480  
basically talking about is life under a

303  
00:13:02,210 --> 00:13:00,060  
Sun ground or star now I think what we

304  
00:13:04,820 --> 00:13:02,220  
need to do is for the benefit of the

305  
00:13:07,370 --> 00:13:04,830  
listeners is come to an understanding of

306  
00:13:11,380 --> 00:13:07,380  
what that actually means what a sub

307  
00:13:13,490 --> 00:13:11,390  
round the war star is and how a

308  
00:13:16,370 --> 00:13:13,500  
satellite particularly one that could

309  
00:13:19,070 --> 00:13:16,380  
support life could exist on something

310  
00:13:23,930 --> 00:13:19,080  
like that now there is a physicist who

311  
00:13:28,700 --> 00:13:23,940  
is one of the more preeminent thinkers

312  
00:13:31,700 --> 00:13:28,710  
in the electric universe paradigm who

313  
00:13:33,740 --> 00:13:31,710

has stated as such that if you were

314

00:13:36,710 --> 00:13:33,750

looking for a life outside of the solar

315

00:13:40,280 --> 00:13:36,720

system you would probably be best

316

00:13:43,370 --> 00:13:40,290

looking to see if you could find it

317

00:13:45,710 --> 00:13:43,380

around a sub-brand or star now these sub

318

00:13:47,630 --> 00:13:45,720

roundel stars what you call substellar

319

00:13:51,110 --> 00:13:47,640

objects they sit out there in space

320

00:13:53,360 --> 00:13:51,120

there they don't glow like a star then

321

00:13:57,320 --> 00:13:53,370

according to mainstream theory they're

322

00:14:00,200 --> 00:13:57,330

not heavy enough to ignite the suppose

323

00:14:04,970 --> 00:14:00,210

of nuclear fairness that drives our main

324

00:14:06,770 --> 00:14:04,980

sequence star the Sun but nonetheless so

325

00:14:09,080 --> 00:14:06,780

that Mexico was called a cold object and

326

00:14:11,450 --> 00:14:09,090

they're very very difficult to detect

327

00:14:16,130 --> 00:14:11,460

now between us and the nearest next main

328

00:14:20,030 --> 00:14:16,140

sequence star we probably have a lot in

329

00:14:23,750 --> 00:14:20,040

anyway between six hundred to a thousand

330

00:14:25,860 --> 00:14:23,760

of these things between us and then and

331

00:14:30,000 --> 00:14:25,870

so therefore

332

00:14:33,150 --> 00:14:30,010

what was little argues is that if we

333

00:14:35,970 --> 00:14:33,160

went looking and applied electric

334

00:14:39,450 --> 00:14:35,980

universe principles for two sub round

335

00:14:43,170 --> 00:14:39,460

all-stars that are much closer what we

336

00:14:45,690 --> 00:14:43,180

would find is an object that has what's

337

00:14:47,850 --> 00:14:45,700

called a plasma sheath wrapped around it

338

00:14:51,060 --> 00:14:47,860

now I have to just give a little bit of

339

00:14:53,790 --> 00:14:51,070

a lesson in electric universe here okay

340

00:14:56,190 --> 00:14:53,800

basically electric universe works on the

341

00:14:59,400 --> 00:14:56,200

basis that there are electric fields in

342

00:15:01,650 --> 00:14:59,410

space and when objects of a different

343

00:15:04,970 --> 00:15:01,660

charge move through a much more

344

00:15:07,650 --> 00:15:04,980

positively charged electric as space

345

00:15:10,290 --> 00:15:07,660

they develop what's called a Langmuir

346

00:15:12,240 --> 00:15:10,300

sheath or a plasma sheath around it this

347

00:15:15,450 --> 00:15:12,250

is something that can be demonstrated in

348

00:15:19,860 --> 00:15:15,460

in labs and is known to all electrical

349

00:15:22,710 --> 00:15:19,870

engineers and if effectively in our own

350

00:15:25,290 --> 00:15:22,720

solar system that electric field is what

351

00:15:27,690 --> 00:15:25,300

we call the heliosphere all right and it

352

00:15:28,380 --> 00:15:27,700

encompasses all the planets all the way

353

00:15:32,550 --> 00:15:28,390

out

354

00:15:34,020 --> 00:15:32,560

I think the Viking probes are only just

355

00:15:36,930 --> 00:15:34,030

crossed the boundary now into the

356

00:15:39,120 --> 00:15:36,940

interstellar medium and that is the

357

00:15:42,060 --> 00:15:39,130

sun's electric field and when an object

358

00:15:44,760 --> 00:15:42,070

enters into that electric field that is

359

00:15:47,340 --> 00:15:44,770

negatively charged in relation to the

360

00:15:50,550 --> 00:15:47,350

Sun there will be a reaction there will

361

00:15:55,410 --> 00:15:50,560

be a basically a discharge event and a

362

00:15:57,420 --> 00:15:55,420

and an equalising of their object into

363

00:16:01,170 --> 00:15:57,430

the Sun's more dominant electric field

364

00:16:04,910 --> 00:16:01,180

mm-hmm now all stellar objects in the

365

00:16:08,190 --> 00:16:04,920

electric universe model are effectively

366

00:16:11,040 --> 00:16:08,200

what you would call discharge phenomena

367

00:16:13,860 --> 00:16:11,050

and a sub-brown dwarfs star is a much

368

00:16:16,740 --> 00:16:13,870

lower discharge phenomena compared to a

369

00:16:19,440 --> 00:16:16,750

main-sequence star like the Sun so the

370

00:16:21,810 --> 00:16:19,450

electric universe argues that the Sun

371

00:16:26,160 --> 00:16:21,820

has driven from without by the Galactic

372

00:16:29,100 --> 00:16:26,170

electric current as defined by Hansel

373

00:16:35,280 --> 00:16:29,110

Fein the Nobel Peace Prize winning

374

00:16:39,240 --> 00:16:35,290

physicist during the 1930s and that that

375

00:16:40,500 --> 00:16:39,250

energy drives the Sun and then it

376

00:16:43,740 --> 00:16:40,510

basically we see this discharge

377

00:16:48,120 --> 00:16:43,750

phenomenon like a giant light bulb stuck

378

00:16:51,360 --> 00:16:48,130

in the sky a sub-brown dwarf star much

379

00:16:54,090 --> 00:16:51,370

smaller object doesn't glow at that

380

00:16:56,730 --> 00:16:54,100

level at all however it does produce its

381

00:17:01,740 --> 00:16:56,740

own Iliia sphere this plasma sphere is

382

00:17:03,660 --> 00:17:01,750

what I'm referring to and if you have if

383

00:17:06,540 --> 00:17:03,670

there surround the war star has rocky

384

00:17:08,520 --> 00:17:06,550

satellites those satellites can exist

385

00:17:11,670 --> 00:17:08,530

inside that plasma sphere now that

386

00:17:15,660 --> 00:17:11,680

plasma sphere like the sun's heliosphere

387

00:17:18,360 --> 00:17:15,670

acts like a cocoon and what it can do is

388

00:17:20,760 --> 00:17:18,370

it can create an environment within the

389

00:17:23,460 --> 00:17:20,770

sub-brown dwarf stars plasmasphere that

390

00:17:26,280 --> 00:17:23,470

is very conducive to life simply because

391

00:17:30,390 --> 00:17:26,290

there is enough warmth there there is

392

00:17:33,570 --> 00:17:30,400

enough radiant energy and and basically

393

00:17:37,320 --> 00:17:33,580

the the light is a uniform on the rocky

394

00:17:38,700 --> 00:17:37,330

surface it's as a dull world compared to

395

00:17:42,420 --> 00:17:38,710

the one that we live in in terms of our

396

00:17:44,910 --> 00:17:42,430

daylight thing but effectively you don't

397

00:17:46,980 --> 00:17:44,920

get the fluctuations of day and night on

398

00:17:51,210 --> 00:17:46,990

a satellite they exist there what you

399

00:17:54,000 --> 00:17:51,220

have is you have a condition which is

400

00:17:57,390 --> 00:17:54,010

kind of like an eternal Twilight now

401  
00:17:59,670 --> 00:17:57,400  
this is this is how a sub round the war

402  
00:18:02,610 --> 00:17:59,680  
star in the electric universe model is

403  
00:18:06,750 --> 00:18:02,620  
perceived to behave and when we look at

404  
00:18:09,140 --> 00:18:06,760  
mythology we find that prior to the

405  
00:18:12,090 --> 00:18:09,150  
bursting forth of light what's a lot of

406  
00:18:15,750 --> 00:18:12,100  
you know from in in the so-called

407  
00:18:18,000 --> 00:18:15,760  
Christian West as we have it be the main

408  
00:18:21,270 --> 00:18:18,010  
lithology of courses the account in

409  
00:18:22,680 --> 00:18:21,280  
Genesis the biblical account and of

410  
00:18:23,940 --> 00:18:22,690  
course we know that moments where it

411  
00:18:25,590 --> 00:18:23,950  
says let there be light

412  
00:18:32,040 --> 00:18:25,600  
heralds the beginning of so-called

413  
00:18:35,660 --> 00:18:32,050

creation yeah now this event is flaring

414

00:18:39,890 --> 00:18:35,670

up of light prior to that there is a

415

00:18:42,630 --> 00:18:39,900

period unspecified time period of of

416

00:18:46,080 --> 00:18:42,640

Twilight darkness a kind of a primordial

417

00:18:47,700 --> 00:18:46,090

clothe it exists and this is mirrored

418

00:18:51,090 --> 00:18:47,710

and virtually every other culture has

419

00:18:52,920 --> 00:18:51,100

time before the sudden bursting forth of

420

00:18:56,220 --> 00:18:52,930

light it

421

00:18:59,600 --> 00:18:56,230

in mythology it was mirrored in other

422

00:19:01,860 --> 00:18:59,610

mythologies with the same conditions of

423

00:19:05,070 --> 00:19:01,870

eternal Twilight there seems to stretch

424

00:19:07,920 --> 00:19:05,080

back into an unknowable past now what's

425

00:19:10,320 --> 00:19:07,930

a Saturn Theory argues is that when a

426  
00:19:12,960 --> 00:19:10,330  
sub-brown dwarf star comes into contact

427  
00:19:15,510 --> 00:19:12,970  
with the sun's heliosphere ie the two

428  
00:19:17,280 --> 00:19:15,520  
plasma spheres actually touch the

429  
00:19:20,600 --> 00:19:17,290  
sub-brown dwarf star will discharge

430  
00:19:24,750 --> 00:19:20,610  
because of because it's basically a

431  
00:19:28,650 --> 00:19:24,760  
negatively charged object and this will

432  
00:19:31,110 --> 00:19:28,660  
cause it to flare it is thus events that

433  
00:19:33,780 --> 00:19:31,120  
we trace and Saturn theory to the let

434  
00:19:36,750 --> 00:19:33,790  
there be light moments where suddenly

435  
00:19:39,390 --> 00:19:36,760  
there's some brown dwarfs star flares

436  
00:19:43,880 --> 00:19:39,400  
and the inhabitants of one of the

437  
00:19:46,500 --> 00:19:43,890  
satellites are bathed in a radiant light

438  
00:19:49,170 --> 00:19:46,510

blinding light that they've never ever

439

00:19:51,510 --> 00:19:49,180

experienced before this is what

440

00:19:54,840 --> 00:19:51,520

mythology tells us this is what the

441

00:19:59,190 --> 00:19:54,850

electric universe model can demonstrate

442

00:20:01,500 --> 00:19:59,200

to you know to be possible when a

443

00:20:04,910 --> 00:20:01,510

sub-brand the would star comes into the

444

00:20:07,440 --> 00:20:04,920

sun's influence interesting so in your

445

00:20:10,140 --> 00:20:07,450

research on the website is this the time

446

00:20:12,990 --> 00:20:10,150

this twilight time the period you call

447

00:20:15,390 --> 00:20:13,000

the purple dawn that's correct yeah it's

448

00:20:20,100 --> 00:20:15,400

a generic term the purple dawn but you

449

00:20:22,740 --> 00:20:20,110

know it's basically the if you have a t

450

00:20:24,750 --> 00:20:22,750

class sub-brown dwarfs star they don't

451

00:20:28,050 --> 00:20:24,760

give off the ultra violet and green

452

00:20:30,690 --> 00:20:28,060

light that the Sun BC gives off and what

453

00:20:33,390 --> 00:20:30,700

you get is you get light more in the

454

00:20:36,650 --> 00:20:33,400

blue and red spectrums as a result of

455

00:20:38,760 --> 00:20:36,660

that you get a world which is

456

00:20:43,370 --> 00:20:38,770

predominantly would be bathed in a

457

00:20:47,040 --> 00:20:43,380

purple hue sort of rare a reddish blue

458

00:20:50,130 --> 00:20:47,050

hues throughout that sort of has a dull

459

00:20:52,410 --> 00:20:50,140

glow effectively to get a sense of the

460

00:20:54,750 --> 00:20:52,420

light I would I always tell people the

461

00:20:59,580 --> 00:20:54,760

best place to get a sense of this would

462

00:21:03,240 --> 00:20:59,590

be to dive down to about 15 meters under

463

00:21:05,160 --> 00:21:03,250

the ocean open your eyes in a clear

464

00:21:06,839 --> 00:21:05,170

piece of ocean and just get a sense of

465

00:21:09,060 --> 00:21:06,849

how murky and dumb

466

00:21:11,459 --> 00:21:09,070

it would be that's the kind of light

467

00:21:13,439 --> 00:21:11,469

that we're talking about that would have

468

00:21:16,979 --> 00:21:13,449

pretty dope you know that basically

469

00:21:19,199 --> 00:21:16,989

would be put out by a sub round or star

470

00:21:21,329 --> 00:21:19,209

now what I think to give let people get

471

00:21:23,729 --> 00:21:21,339

an idea of what we're talking about here

472

00:21:25,229 --> 00:21:23,739

again a sub-brown dwarfs star is an

473

00:21:26,189 --> 00:21:25,239

object there is not much bigger than the

474

00:21:30,989 --> 00:21:26,199

planet Jupiter

475

00:21:34,619 --> 00:21:30,999

okay now Jupiter itself has for

476  
00:21:38,069 --> 00:21:34,629  
terrestrial satellites rocky satellites

477  
00:21:40,439 --> 00:21:38,079  
going around it it has its own what

478  
00:21:44,159 --> 00:21:40,449  
mainstream science calls its radiation

479  
00:21:46,709 --> 00:21:44,169  
field there is Jupiter's plasmasphere in

480  
00:21:48,749 --> 00:21:46,719  
the electric universe paradigm and these

481  
00:21:50,939 --> 00:21:48,759  
four satellites whose four rocky

482  
00:21:54,029 --> 00:21:50,949  
satellites one of which is almost the

483  
00:21:56,569 --> 00:21:54,039  
size of Mars all exist within that

484  
00:22:02,489 --> 00:21:56,579  
radiation sphere that Jupiter admits

485  
00:22:04,019 --> 00:22:02,499  
today so there if Jupiter were at the

486  
00:22:06,019 --> 00:22:04,029  
sub ground the wolf level and there is

487  
00:22:10,369 --> 00:22:06,029  
every reason to believe at once was a

488  
00:22:13,579 --> 00:22:10,379

sub round the wolf of some time then

489

00:22:17,639 --> 00:22:13,589

it's radiation sphere is it's plasma

490

00:22:22,409 --> 00:22:17,649

sphere and it's got four rocky planets

491

00:22:24,299 --> 00:22:22,419

orbiting within that cocoon and so to

492

00:22:27,449 --> 00:22:24,309

help people picture that just think of

493

00:22:31,709 --> 00:22:27,459

Jupiter in that sense we're arguing that

494

00:22:35,069 --> 00:22:31,719

Saturn was a free-floating example of

495

00:22:37,229 --> 00:22:35,079

exactly this sub round the war star we

496

00:22:40,199 --> 00:22:37,239

argue that before contact with the Suns

497

00:22:42,149 --> 00:22:40,209

plasmasphere its own class mecir that

498

00:22:44,249 --> 00:22:42,159

sentence place or sphere was opaque and

499

00:22:44,819 --> 00:22:44,259

didn't allow light to get in from the

500

00:22:47,609 --> 00:22:44,829

outside

501  
00:22:51,719 --> 00:22:47,619  
so whatever rocky bodies were on the

502  
00:22:56,430 --> 00:22:51,729  
inside had no perception of anything

503  
00:22:59,159 --> 00:22:56,440  
that was outside the you know their own

504  
00:23:01,529 --> 00:22:59,169  
experience on the under Saturn now this

505  
00:23:03,749 --> 00:23:01,539  
coral this carla is perfectly even with

506  
00:23:05,549 --> 00:23:03,759  
the biblical model where I think it is

507  
00:23:06,689 --> 00:23:05,559  
the third day correct me if I'm wrong it

508  
00:23:10,469 --> 00:23:06,699  
might be the third or the fourth day

509  
00:23:13,919 --> 00:23:10,479  
when the Sun and the the stars are

510  
00:23:16,289 --> 00:23:13,929  
actually seen according to that now if

511  
00:23:19,980 --> 00:23:16,299  
you're talking about a sub round or star

512  
00:23:22,710 --> 00:23:19,990  
undergoing a discharge event going

513  
00:23:25,680 --> 00:23:22,720

like on contact with a higher electric

514

00:23:28,560 --> 00:23:25,690

field that plasma sphere would equalize

515

00:23:30,450 --> 00:23:28,570

and would become transparent so you

516

00:23:34,980 --> 00:23:30,460

would get a flaring effect that would

517

00:23:37,620 --> 00:23:34,990

bathe the the the the terrestrial body

518

00:23:40,770 --> 00:23:37,630

inside in brilliant light when that

519

00:23:45,240 --> 00:23:40,780

light settles down as the as the sub

520

00:23:46,980 --> 00:23:45,250

Randall star equalizes the opaque plasma

521

00:23:50,900 --> 00:23:46,990

sphere has been made transparent and

522

00:23:54,690 --> 00:23:50,910

suddenly the whole of the cosmos is now

523

00:23:56,730 --> 00:23:54,700

able to be seen and again this

524

00:23:59,490 --> 00:23:56,740

correlates very nicely with the

525

00:24:00,690 --> 00:23:59,500

mythological record where in many of the

526

00:24:03,360 --> 00:24:00,700

cultures and I'm talking about all

527

00:24:06,260 --> 00:24:03,370

around the world not just the Western

528

00:24:09,510 --> 00:24:06,270

conditions and so on the Sun is a a

529

00:24:13,110 --> 00:24:09,520

non-existent Sun then it is a distant

530

00:24:15,200 --> 00:24:13,120

Sun before it finally comes into its

531

00:24:18,870 --> 00:24:15,210

place of prominence in the meantime

532

00:24:22,320 --> 00:24:18,880

saturn has flared and then over a period

533

00:24:25,530 --> 00:24:22,330

of time it loses its position as the

534

00:24:27,840 --> 00:24:25,540

dominant object in the Earth's sky Wow

535

00:24:29,880 --> 00:24:27,850

see this is really interesting but how

536

00:24:32,010 --> 00:24:29,890

long do these changes take to occur

537

00:24:34,410 --> 00:24:32,020

because we are so used to this paradigm

538

00:24:36,299 --> 00:24:34,420

that it takes millions and billions of

539

00:24:38,640 --> 00:24:36,309

years for change to occur and that you

540

00:24:40,260 --> 00:24:38,650

know life can't exist with if the

541

00:24:42,210 --> 00:24:40,270

temperature were to raise 10 degrees or

542

00:24:45,210 --> 00:24:42,220

lower 10 degrees apparently you know

543

00:24:48,570 --> 00:24:45,220

worth made to think that that we're in

544

00:24:50,700 --> 00:24:48,580

this very slim sliver of possibility

545

00:24:53,340 --> 00:24:50,710

where life could exist and to hear that

546

00:24:55,260 --> 00:24:53,350

celestial bodies are bouncing around all

547

00:24:58,130 --> 00:24:55,270

over the place it seems so foreign from

548

00:25:01,770 --> 00:24:58,140

the traditional concept sure the

549

00:25:04,260 --> 00:25:01,780

uniformitarian prejudiced that there is

550

00:25:08,460 --> 00:25:04,270

in science you know the idea that things

551  
00:25:11,430 --> 00:25:08,470  
only change over gradual extended

552  
00:25:13,560 --> 00:25:11,440  
periods of times is you know it's the

553  
00:25:16,910 --> 00:25:13,570  
dominant train of thought right and this

554  
00:25:20,130 --> 00:25:16,920  
man mitigates strenuously against it a

555  
00:25:23,460 --> 00:25:20,140  
lot of certain theory is largely borne

556  
00:25:26,370 --> 00:25:23,470  
out of comparative mythology it is the

557  
00:25:28,430 --> 00:25:26,380  
electric universe model that has

558  
00:25:30,630 --> 00:25:28,440  
developed after

559  
00:25:32,400 --> 00:25:30,640  
comparative mythology started looking

560  
00:25:33,779 --> 00:25:32,410  
and saying hey the ancients were a

561  
00:25:36,090 --> 00:25:33,789  
different sky but m-must

562  
00:25:39,109 --> 00:25:36,100  
that's impossible they couldn't add all

563  
00:25:42,690 --> 00:25:39,119

right so what was about the ancient sky

564

00:25:45,919 --> 00:25:42,700

that they saw it must have been that

565

00:25:48,389 --> 00:25:45,929

they you know usually is discarded as

566

00:25:50,789 --> 00:25:48,399

overactive imaginations

567

00:25:52,680 --> 00:25:50,799

you know ritualistic concerns and and

568

00:25:57,690 --> 00:25:52,690

things like that but the electric

569

00:26:01,229 --> 00:25:57,700

universe paradigm gives a model whereby

570

00:26:03,779 --> 00:26:01,239

suddenly you are no longer hemmed and

571

00:26:07,139 --> 00:26:03,789

we'll held to the ground so to speak by

572

00:26:09,869 --> 00:26:07,149

a gravity only urban universe suddenly

573

00:26:12,180 --> 00:26:09,879

there's this other force out there that

574

00:26:14,849 --> 00:26:12,190

is transmitted by plasma which is the

575

00:26:18,690 --> 00:26:14,859

most ubiquitous substance in the

576

00:26:22,950 --> 00:26:18,700

universe and these electrical and

577

00:26:25,649 --> 00:26:22,960

electromagnetic forces override gravity

578

00:26:29,099 --> 00:26:25,659

in you know in the process and provide a

579

00:26:31,830 --> 00:26:29,109

model for sudden changes now the father

580

00:26:33,629 --> 00:26:31,840

of this kind of thought is a guy called

581

00:26:36,619 --> 00:26:33,639

Immanuel Velikovsky and he pioneered

582

00:26:39,210 --> 00:26:36,629

this sort of work in a in a book called

583

00:26:42,950 --> 00:26:39,220

worlds in collision back in the 1950s

584

00:26:45,570 --> 00:26:42,960

and he was absolutely eviscerated by the

585

00:26:48,029 --> 00:26:45,580

mainstream scientific community

586

00:26:51,029 --> 00:26:48,039

it didn't matter there are a lot of his

587

00:26:55,769 --> 00:26:51,039

predictions which were poo-pooed at the

588

00:26:57,690 --> 00:26:55,779

time were have subsequently been have

589

00:26:59,639 --> 00:26:57,700

you know he's been exonerated by them

590

00:27:02,820 --> 00:26:59,649

they're coming true I think probably the

591

00:27:05,609 --> 00:27:02,830

most famous one was his prediction that

592

00:27:08,940 --> 00:27:05,619

Jupiter will emit radio waves this is

593

00:27:11,039 --> 00:27:08,950

because Velikovsky sensed that for

594

00:27:13,229 --> 00:27:11,049

things to happen according to mythology

595

00:27:16,680 --> 00:27:13,239

there had to be an electrical and an

596

00:27:20,279 --> 00:27:16,690

electrical component to the forces that

597

00:27:23,190 --> 00:27:20,289

govern the solar system and so you know

598

00:27:27,330 --> 00:27:23,200

in his day the solar system was us in

599

00:27:29,849 --> 00:27:27,340

that system held entirely by gravity you

600

00:27:33,149 --> 00:27:29,859

couldn't get electrical potentials you

601  
00:27:36,359 --> 00:27:33,159  
know in space and this is turned out to

602  
00:27:38,820 --> 00:27:36,369  
not be true of course it's never it's

603  
00:27:42,149 --> 00:27:38,830  
never acknowledged that he was the one

604  
00:27:43,769 --> 00:27:42,159  
who came up with that he made a you know

605  
00:27:45,950 --> 00:27:43,779  
a long mistakes but you know being a

606  
00:27:48,379 --> 00:27:45,960  
pioneer that's exactly what happens

607  
00:27:50,779 --> 00:27:48,389  
the mainstream approach to him there's

608  
00:27:54,560 --> 00:27:50,789  
no different than as if we completely

609  
00:27:56,629 --> 00:27:54,570  
rejected Galileo because he made the

610  
00:27:59,810 --> 00:27:56,639  
mistake of identifying Saturn's rings as

611  
00:28:02,299 --> 00:27:59,820  
two moons you know right and you know we

612  
00:28:05,389 --> 00:28:02,309  
said okay well we have nothing more to

613  
00:28:07,430 --> 00:28:05,399

do with his ideas this electric universe

614

00:28:09,409 --> 00:28:07,440

model is super interesting because this

615

00:28:12,109 --> 00:28:09,419

kind of touches on people who know the

616

00:28:13,340 --> 00:28:12,119

Tesla story it seems like what he was

617

00:28:15,019 --> 00:28:13,350

touching on because he would say that

618

00:28:16,850 --> 00:28:15,029

electricity is everywhere that it's in

619

00:28:20,539 --> 00:28:16,860

the air that our universe is made up of

620

00:28:23,299 --> 00:28:20,549

it and as opposed to the other side

621

00:28:26,180 --> 00:28:23,309

where that where Edison wanted to charge

622

00:28:27,980 --> 00:28:26,190

money for it and considered it not so

623

00:28:29,480 --> 00:28:27,990

prevalent of a resource that had to

624

00:28:31,850 --> 00:28:29,490

travel through these wires that he could

625

00:28:33,619 --> 00:28:31,860

meet her and and charge for but is this

626  
00:28:34,549 --> 00:28:33,629  
is this related to what Tesla was trying

627  
00:28:38,090 --> 00:28:34,559  
to talk about at all

628  
00:28:40,039 --> 00:28:38,100  
undoubtedly probably the more poignant

629  
00:28:41,509 --> 00:28:40,049  
scientist to be talking about in

630  
00:28:44,419 --> 00:28:41,519  
relation today as a guy called Kristian

631  
00:28:47,659 --> 00:28:44,429  
Birkeland he was a Norwegian scientist

632  
00:28:51,560 --> 00:28:47,669  
who made some experiments with iron

633  
00:28:53,720 --> 00:28:51,570  
balls in a in a laboratory where he ran

634  
00:28:57,169 --> 00:28:53,730  
high voltage through them and lo and

635  
00:28:59,629 --> 00:28:57,179  
behold he was able to create the aurora

636  
00:29:02,869 --> 00:28:59,639  
effects that we see around the polar

637  
00:29:04,549 --> 00:29:02,879  
regions of the earth now the reason he

638  
00:29:06,080 --> 00:29:04,559

was rejected and this is over a hundred

639

00:29:07,580 --> 00:29:06,090

years ago that he was doing these

640

00:29:10,190 --> 00:29:07,590

experiments he was rejected because

641

00:29:13,399 --> 00:29:10,200

science just could not conceive where

642

00:29:15,289 --> 00:29:13,409

the electrical current came from and you

643

00:29:17,419 --> 00:29:15,299

know it's one of those things Greek

644

00:29:20,239 --> 00:29:17,429

where in terms of basic science we have

645

00:29:22,039 --> 00:29:20,249

what's called a dynamo model for the

646

00:29:24,980 --> 00:29:22,049

earth where it's believed that somehow a

647

00:29:27,259 --> 00:29:24,990

molten iron core is spinning enough to

648

00:29:30,560 --> 00:29:27,269

create the electrical currents that

649

00:29:33,649 --> 00:29:30,570

drives our magnetic field now everybody

650

00:29:36,739 --> 00:29:33,659

who's done a bit of science knows that

651  
00:29:39,139 --> 00:29:36,749  
magnetism is a result of electrical

652  
00:29:41,180 --> 00:29:39,149  
current it's not a natural recurring

653  
00:29:43,249 --> 00:29:41,190  
thing unless there is an electrical

654  
00:29:45,440 --> 00:29:43,259  
current so if you have a magnetic field

655  
00:29:48,109 --> 00:29:45,450  
the either is an existing electrical

656  
00:29:50,869 --> 00:29:48,119  
current although there was once upon a

657  
00:29:53,269 --> 00:29:50,879  
time the electrical current and that's

658  
00:29:55,279 --> 00:29:53,279  
produced the magnetic fields because

659  
00:29:57,180 --> 00:29:55,289  
that mean that's how we create a magnet

660  
00:29:58,649 --> 00:29:57,190  
out of a nail we wrap around the wire

661  
00:30:01,469 --> 00:29:58,659  
run electrical current through it and

662  
00:30:04,229 --> 00:30:01,479  
suddenly it becomes magnetic the same

663  
00:30:09,119 --> 00:30:04,239

thing with the earth now what's berkland

664

00:30:10,320 --> 00:30:09,129

and Tesla largely discovered independent

665

00:30:12,299 --> 00:30:10,330

of each other

666

00:30:17,099 --> 00:30:12,309

without really knowing the full effect

667

00:30:20,580 --> 00:30:17,109

is that the Sun puts out this electrical

668

00:30:23,190 --> 00:30:20,590

field and that currents go from the Sun

669

00:30:25,469 --> 00:30:23,200

southern pole to the Earth's southern

670

00:30:28,320 --> 00:30:25,479

pole through the earth and then arcs

671

00:30:31,619 --> 00:30:28,330

back again three earth North Pole to the

672

00:30:34,639 --> 00:30:31,629

sun's North Pole and the cycle you know

673

00:30:40,049 --> 00:30:34,649

completes it's basically a circuit and

674

00:30:43,259 --> 00:30:40,059

this the circuit is what we call

675

00:30:45,299 --> 00:30:43,269

berkland currents and is now starting to

676

00:30:47,039 --> 00:30:45,309

be recognized people are starting to

677

00:30:49,919 --> 00:30:47,049

understand exists they they know it

678

00:30:53,339 --> 00:30:49,929

exists between Jupiter and IO one of its

679

00:30:56,580 --> 00:30:53,349

moons they're fully aware of the other

680

00:31:00,060 --> 00:30:56,590

being there but it would take a few

681

00:31:01,950 --> 00:31:00,070

years before harness our thief our fini

682

00:31:05,279 --> 00:31:01,960

the Nobel Peace Prize winner that I

683

00:31:07,409 --> 00:31:05,289

mentioned before would develop his model

684

00:31:10,680 --> 00:31:07,419

called the electric electrical circuit

685

00:31:14,369 --> 00:31:10,690

in which the whole galaxy is really a

686

00:31:16,229 --> 00:31:14,379

giant unipolar electric motor and

687

00:31:19,859 --> 00:31:16,239

basically where we are and one of the

688

00:31:22,859 --> 00:31:19,869

spirals of their arm is you know within

689

00:31:25,830 --> 00:31:22,869

their whole massively huge electrical

690

00:31:28,169 --> 00:31:25,840

flow that is generated by the galaxy man

691

00:31:30,509 --> 00:31:28,179

this is like you know new science 101

692

00:31:32,639 --> 00:31:30,519

it's totally different don't take this

693

00:31:34,109 --> 00:31:32,649

to your mainstream guys say to them

694

00:31:38,099 --> 00:31:34,119

there's a black hole at the center of

695

00:31:42,539 --> 00:31:38,109

the galaxy for electric universe people

696

00:31:44,879 --> 00:31:42,549

it's a unipolar motor man so in terms of

697

00:31:46,259 --> 00:31:44,889

the elite secrets because that's pretty

698

00:31:48,060 --> 00:31:46,269

much what we're talking about here is

699

00:31:49,830 --> 00:31:48,070

we're talking about they they have some

700

00:31:52,379 --> 00:31:49,840

hidden knowledge of the ancient past

701  
00:31:55,229 --> 00:31:52,389  
which in this case very well could be

702  
00:31:57,239 --> 00:31:55,239  
the Saturn theory which hinges on the

703  
00:31:59,909 --> 00:31:57,249  
electric universe so obviously we have

704  
00:32:04,019 --> 00:31:59,919  
to lay that base it is a really dense

705  
00:32:05,519 --> 00:32:04,029  
and and far-reaching topic that you know

706  
00:32:09,180 --> 00:32:05,529  
a lot of layers to it have to be

707  
00:32:10,520 --> 00:32:09,190  
revealed but let's talk about I want I

708  
00:32:13,190 --> 00:32:10,530  
kind of want to know why

709  
00:32:15,080 --> 00:32:13,200  
life was like when it was still with

710  
00:32:18,200 --> 00:32:15,090  
under Saturn like what was it like

711  
00:32:20,540 --> 00:32:18,210  
environmentally on the earth okay I mean

712  
00:32:22,250 --> 00:32:20,550  
this is actually my favorite topic in

713  
00:32:25,130 --> 00:32:22,260

terms of the research and so on okay

714

00:32:27,770 --> 00:32:25,140

because you're talking about life under

715

00:32:29,570 --> 00:32:27,780

a sub-brown dwarf star so this for

716

00:32:32,810 --> 00:32:29,580

argument's sake say we've accepted that

717

00:32:36,830 --> 00:32:32,820

it began under a sub-brand or star

718

00:32:38,270 --> 00:32:36,840

before its capture by the sun what kind

719

00:32:40,760 --> 00:32:38,280

of environment first of all we have to

720

00:32:42,770 --> 00:32:40,770

get the configuration right one of the

721

00:32:48,410 --> 00:32:42,780

things within certain theory there are

722

00:32:50,890 --> 00:32:48,420

competing ideas for how satellites under

723

00:32:55,160 --> 00:32:50,900

us around the wolf would behave

724

00:32:58,460 --> 00:32:55,170

mythology tells us that satan resided

725

00:33:00,830 --> 00:32:58,470

north that basically where we see the

726  
00:33:03,310 --> 00:33:00,840  
pole star today was always the position

727  
00:33:06,830 --> 00:33:03,320  
where Saturn was as dull glow this orb

728  
00:33:08,900 --> 00:33:06,840  
that existed up there which is there was

729  
00:33:10,520 --> 00:33:08,910  
about the size of the moon or larger or

730  
00:33:11,180 --> 00:33:10,530  
smaller what's happening at that time

731  
00:33:16,070 --> 00:33:11,190  
yeah

732  
00:33:19,760 --> 00:33:16,080  
you see if you were outside of the

733  
00:33:23,170 --> 00:33:19,770  
plasma sphere okay you was and you were

734  
00:33:27,590 --> 00:33:23,180  
looking at this object in infrared and

735  
00:33:29,630 --> 00:33:27,600  
it would be hard to actually see inside

736  
00:33:32,150 --> 00:33:29,640  
the plasma sphere in the same way it's

737  
00:33:34,010 --> 00:33:32,160  
hard to see from the inside out and

738  
00:33:37,250 --> 00:33:34,020

there so the object would look a lot lot

739

00:33:40,010 --> 00:33:37,260

bigger then its actual core is but the

740

00:33:42,380 --> 00:33:40,020

core setting at that time would be

741

00:33:45,680 --> 00:33:42,390

probably about a third larger than it is

742

00:33:48,770 --> 00:33:45,690

today so a bit bigger than Jupiter is

743

00:33:50,600 --> 00:33:48,780

today that we that we see it and if

744

00:33:55,280 --> 00:33:50,610

you're going to have an object that size

745

00:33:57,980 --> 00:33:55,290

residing as a dull glowing disk up you

746

00:34:01,420 --> 00:33:57,990

know at celestial north all right this

747

00:34:03,890 --> 00:34:01,430

is not magnetic north it's not geomet

748

00:34:06,170 --> 00:34:03,900

geometric north or anything it's it's

749

00:34:09,110 --> 00:34:06,180

actually celestial north as I say where

750

00:34:10,280 --> 00:34:09,120

today we see the pole star roughly if

751  
00:34:12,680 --> 00:34:10,290  
you're going to have that there are only

752  
00:34:15,200 --> 00:34:12,690  
two configurations you can have one is

753  
00:34:18,980 --> 00:34:15,210  
called phase lock and that's like the

754  
00:34:22,399 --> 00:34:18,990  
moon the same the moon's relationship to

755  
00:34:23,869 --> 00:34:22,409  
the earth that we have the same face of

756  
00:34:27,470 --> 00:34:23,879  
the moon

757  
00:34:29,659 --> 00:34:27,480  
always faces the the earth all right so

758  
00:34:31,460 --> 00:34:29,669  
that be the moon revolves in relation to

759  
00:34:34,940 --> 00:34:31,470  
the Sun but it doesn't revolve in

760  
00:34:37,009 --> 00:34:34,950  
relation to us we see the same side at

761  
00:34:39,589 --> 00:34:37,019  
the whole time this is called phase-lock

762  
00:34:43,279 --> 00:34:39,599  
as opposed to like the earth which spins

763  
00:34:46,669 --> 00:34:43,289

on its axis while it is rotating around

764

00:34:48,799 --> 00:34:46,679

the Sun but the moon is an example of

765

00:34:50,839 --> 00:34:48,809

phase-lock and for many people in

766

00:34:55,879 --> 00:34:50,849

certain theory this is their solution

767

00:34:58,730 --> 00:34:55,889

for why the earth saw second in the

768

00:35:00,049 --> 00:34:58,740

North celestial regions when it was a

769

00:35:02,240 --> 00:35:00,059

satellite of Saturn

770

00:35:04,460 --> 00:35:02,250

I favor another one which is championed

771

00:35:07,730 --> 00:35:04,470

by do I do cardona which is what's

772

00:35:10,249 --> 00:35:07,740

called the polar alignments or the polar

773

00:35:13,460 --> 00:35:10,259

configuration and what that is is that

774

00:35:16,039 --> 00:35:13,470

the is the idea that Saturn is rotating

775

00:35:20,180 --> 00:35:16,049

on its axis the earth is rotating on its

776

00:35:24,670 --> 00:35:20,190

axis and there is an axial alignment to

777

00:35:28,160 --> 00:35:24,680

imagine like a the axle of two wheels

778

00:35:31,759 --> 00:35:28,170

linking the two planets so effectively

779

00:35:34,009 --> 00:35:31,769

the earth is dangling underneath Sandton

780

00:35:35,870 --> 00:35:34,019

where both are spinning on their axis

781

00:35:39,109 --> 00:35:35,880

but they're kept in that kind of stasis

782

00:35:43,490 --> 00:35:39,119

with each other and and subsequently

783

00:35:46,160 --> 00:35:43,500

anybody on earth would see Saturn always

784

00:35:48,620 --> 00:35:46,170

at a celestial north-north if you were

785

00:35:53,150 --> 00:35:48,630

from Saturn's perspective you would see

786

00:35:56,319 --> 00:35:53,160

earth always in certain celestial South

787

00:36:00,200 --> 00:35:56,329

huh with that without the poles warm I

788

00:36:01,670 --> 00:36:00,210

it would yes it certainly would because

789

00:36:03,499 --> 00:36:01,680

there is ancient stories of the poles

790

00:36:05,089 --> 00:36:03,509

having like greenery and all that kind

791

00:36:08,599 --> 00:36:05,099

of stuff up there that might be an

792

00:36:10,759 --> 00:36:08,609

explanation well not only is the

793

00:36:14,150 --> 00:36:10,769

celestial North identified as the abode

794

00:36:16,190 --> 00:36:14,160

of gods but the the navel of the earth

795

00:36:17,960 --> 00:36:16,200

the contact with the abode of the Gods

796

00:36:20,870 --> 00:36:17,970

is always placed in the north and

797

00:36:22,700 --> 00:36:20,880

whatever culture involved it you know

798

00:36:24,440 --> 00:36:22,710

this is a very common thing particularly

799

00:36:26,809 --> 00:36:24,450

obviously Nordic cultures have a big

800

00:36:29,690 --> 00:36:26,819

time but you know in Greek culture it's

801  
00:36:33,609 --> 00:36:29,700  
the Mount Olympus the Chinese have it

802  
00:36:37,610 --> 00:36:33,619  
with their God whose name escapes me Don

803  
00:36:39,530 --> 00:36:37,620  
the the Yellow Emperor as he's known

804  
00:36:42,950 --> 00:36:39,540  
there's always this association with the

805  
00:36:45,260 --> 00:36:42,960  
far north and the far north is often

806  
00:36:48,770 --> 00:36:45,270  
associated with kind of the the origin

807  
00:36:51,200 --> 00:36:48,780  
of paradise if you know enemy so so yes

808  
00:36:54,520 --> 00:36:51,210  
if you have a configuration and of

809  
00:36:58,130 --> 00:36:54,530  
course for many people the idea of polar

810  
00:36:59,720 --> 00:36:58,140  
configured celestial bodies is an

811  
00:37:03,170 --> 00:36:59,730  
absolute aberration in terms of

812  
00:37:05,660 --> 00:37:03,180  
Newtonian mechanics but in a recent book

813  
00:37:08,110 --> 00:37:05,670

along with a co-author we've put out a

814

00:37:11,420 --> 00:37:08,120

paper that shows that actually in the

815

00:37:13,310 --> 00:37:11,430

universe as it is what we can see we see

816

00:37:16,250 --> 00:37:13,320

polar aligned bodies all over the place

817

00:37:18,530 --> 00:37:16,260

it's just knowing what you what to look

818

00:37:20,900 --> 00:37:18,540

for and we're talking about here the

819

00:37:23,480 --> 00:37:20,910

Carib objects which people can look up

820

00:37:26,240 --> 00:37:23,490

and go and see what they're about but

821

00:37:29,180 --> 00:37:26,250

the pointers is that yes there is a

822

00:37:31,570 --> 00:37:29,190

physics for polar alignment even if we

823

00:37:34,910 --> 00:37:31,580

haven't seen to actual planetary bodies

824

00:37:36,530 --> 00:37:34,920

engaged in that but there are examples

825

00:37:38,300 --> 00:37:36,540

which you can get into later if we want

826

00:37:40,660 --> 00:37:38,310

to cover that but let's say for

827

00:37:42,050 --> 00:37:40,670

argument's sake that we're in this polar

828

00:37:44,960 --> 00:37:42,060

environment yes

829

00:37:47,930 --> 00:37:44,970

if second is a sub-brown dwarf the

830

00:37:51,380 --> 00:37:47,940

majority of its radiation would fall on

831

00:37:54,170 --> 00:37:51,390

the on the pole and north of the earth

832

00:37:56,510 --> 00:37:54,180

and at that particular time the rest of

833

00:38:00,200 --> 00:37:56,520

the earth would still receive a uniform

834

00:38:02,240 --> 00:38:00,210

radiation in terms of the radiation and

835

00:38:03,860 --> 00:38:02,250

light reflected back off the plasma

836

00:38:06,100 --> 00:38:03,870

sphere which is as you know as we've

837

00:38:11,180 --> 00:38:06,110

discussed before the giant cocoon that

838

00:38:15,740 --> 00:38:11,190

encompasses both bodies but yeah the the

839

00:38:17,750 --> 00:38:15,750

place to be in that environment is of

840

00:38:22,280 --> 00:38:17,760

course the north if you really want the

841

00:38:24,650 --> 00:38:22,290

you know the the the real resort area at

842

00:38:29,150 --> 00:38:24,660

that time it's also the most dangerous

843

00:38:30,590 --> 00:38:29,160

place to be if a if the sub-brown the

844

00:38:32,390 --> 00:38:30,600

wolf goes unstable and that's the

845

00:38:33,530 --> 00:38:32,400

problem with super animals they're not

846

00:38:36,170 --> 00:38:33,540

stable they're not like our main

847

00:38:38,030 --> 00:38:36,180

sequence star the Sun some brown dwarfs

848

00:38:40,940 --> 00:38:38,040

are an unstable to'kustar and they're

849

00:38:43,010 --> 00:38:40,950

prone to flare so yes you want to be

850

00:38:45,470 --> 00:38:43,020

there when there's when the sub Randall

851  
00:38:47,570 --> 00:38:45,480  
will star is quiet but you wouldn't want

852  
00:38:50,120 --> 00:38:47,580  
to be there if it was affected in any

853  
00:38:50,900 --> 00:38:50,130  
way of something you know triggered it

854  
00:38:54,349 --> 00:38:50,910  
to flee

855  
00:38:59,240 --> 00:38:54,359  
in any way hmm but yes it does seem that

856  
00:39:01,279 --> 00:38:59,250  
the megafauna of the earth and much of

857  
00:39:05,390 --> 00:39:01,289  
the growth see one of the anomalies is

858  
00:39:09,499 --> 00:39:05,400  
is that we we know that the ice ages you

859  
00:39:12,829 --> 00:39:09,509  
know vast waves of Russia Alaska were

860  
00:39:17,950 --> 00:39:12,839  
never under glacial you know influence

861  
00:39:21,579 --> 00:39:17,960  
at that time the Arctic Ocean itself is

862  
00:39:23,870 --> 00:39:21,589  
paradoxically it is the monkeyest most

863  
00:39:26,299 --> 00:39:23,880

organically filled ocean on the planet

864

00:39:29,839 --> 00:39:26,309

this a whole lot of stuff in the Arctic

865

00:39:32,660 --> 00:39:29,849

Ocean that has rotted away and created

866

00:39:34,490 --> 00:39:32,670

this soup there is up there and of

867

00:39:36,370 --> 00:39:34,500

course we have this whole anomaly of why

868

00:39:39,859 --> 00:39:36,380

have we got mammoths

869

00:39:42,319 --> 00:39:39,869

that need to eat you know literally

870

00:39:43,940 --> 00:39:42,329

hundreds of pounds of food temperate

871

00:39:45,829 --> 00:39:43,950

tropical food and they have this

872

00:39:47,420 --> 00:39:45,839

temperate tropical food in their

873

00:39:50,059 --> 00:39:47,430

stomachs the ones that have been

874

00:39:52,160 --> 00:39:50,069

preserved and found what are they doing

875

00:39:56,569 --> 00:39:52,170

up and all in a place that in today's

876

00:40:00,769 --> 00:39:56,579

world is a completely desolate icy

877

00:40:03,200 --> 00:40:00,779

wastes how does a mammoth survive given

878

00:40:04,609 --> 00:40:03,210

the you know the current flora then

879

00:40:06,559 --> 00:40:04,619

you've got up there me crikey they come

880

00:40:08,120 --> 00:40:06,569

up with they dug it out with their tusks

881

00:40:10,180 --> 00:40:08,130

and all that kind of stuff all right all

882

00:40:13,160 --> 00:40:10,190

right you know this is this is nonsense

883

00:40:15,499 --> 00:40:13,170

as far as anybody knows how an elephant

884

00:40:17,720 --> 00:40:15,509

when the elephant needs to do but they

885

00:40:19,970 --> 00:40:17,730

all seem to have gravitated towards that

886

00:40:24,289 --> 00:40:19,980

there's northern climes and so on

887

00:40:27,069 --> 00:40:24,299

trouble is when when the flare comes you

888

00:40:30,829 --> 00:40:27,079

you're at ground zero for a major

889

00:40:34,130 --> 00:40:30,839

atmospheric discharge event yeah that's

890

00:40:38,240 --> 00:40:34,140

that's quite a gamble for that type of

891

00:40:39,710 --> 00:40:38,250

environment to live up there but so let

892

00:40:42,079 --> 00:40:39,720

me ask you because we're referencing

893

00:40:44,180 --> 00:40:42,089

mythology and that that's where we're

894

00:40:46,400 --> 00:40:44,190

figuring out where this stuff comes from

895

00:40:49,220 --> 00:40:46,410

and it's in cultures all over the world

896

00:40:51,019 --> 00:40:49,230

but how long ago is this is this ten

897

00:40:56,420 --> 00:40:51,029

thousand years ago is this is this

898

00:40:58,069 --> 00:40:56,430

longer or shorter well it's always I'm a

899

00:40:59,390 --> 00:40:58,079

bit dubious when people start you know

900

00:41:02,150 --> 00:40:59,400

dating stuff down to evil with

901  
00:41:04,020 --> 00:41:02,160  
millennium these things about I I'm

902  
00:41:09,360 --> 00:41:04,030  
quite happy to go on the record

903  
00:41:11,160 --> 00:41:09,370  
that 10,000 years ago is one night

904  
00:41:14,040 --> 00:41:11,170  
places the Doomsday event

905  
00:41:16,740 --> 00:41:14,050  
alright that doomsday event is when

906  
00:41:18,480 --> 00:41:16,750  
Saturn is finally when when the coupling

907  
00:41:21,030 --> 00:41:18,490  
the axial alignment between Saturn and

908  
00:41:25,050 --> 00:41:21,040  
Earth was seventh alright and the earth

909  
00:41:27,060 --> 00:41:25,060  
found itself on its own now revolving

910  
00:41:30,480 --> 00:41:27,070  
rounds the main sequence star we call

911  
00:41:32,820 --> 00:41:30,490  
the Sun alright and satins is his lost

912  
00:41:34,680 --> 00:41:32,830  
as banished to the outer realms now I

913  
00:41:37,140 --> 00:41:34,690

put their events at around about ten

914

00:41:39,120 --> 00:41:37,150

thousand years ago the beginning of what

915

00:41:41,100 --> 00:41:39,130

we call the Golden Age in other words

916

00:41:44,400 --> 00:41:41,110

they event marks the end of the Golden

917

00:41:47,400 --> 00:41:44,410

Age so the Golden Age and probably I

918

00:41:50,610 --> 00:41:47,410

believe is a period anywhere between a

919

00:41:54,510 --> 00:41:50,620

thousand and five thousand years long

920

00:41:57,720 --> 00:41:54,520

all right now that age represents the

921

00:42:00,660 --> 00:41:57,730

period of capture when the surround

922

00:42:02,910 --> 00:42:00,670

water sparkled that is to become satin

923

00:42:04,530 --> 00:42:02,920

it's been captured by the Sun still

924

00:42:09,780 --> 00:42:04,540

maintains its relationship with the

925

00:42:14,280 --> 00:42:09,790

earth and as is its sort of discharging

926  
00:42:16,530 --> 00:42:14,290  
flaring and creating this this is this

927  
00:42:21,090 --> 00:42:16,540  
glow on the earth that coupled with the

928  
00:42:24,030 --> 00:42:21,100  
Sun introduces this brand-new era this

929  
00:42:27,240 --> 00:42:24,040  
this entirely new environment for humans

930  
00:42:30,510 --> 00:42:27,250  
to experience that golden age exists

931  
00:42:33,240 --> 00:42:30,520  
about that give or take a thousand to

932  
00:42:36,240 --> 00:42:33,250  
six thousand years it's unclear as to

933  
00:42:38,340 --> 00:42:36,250  
how long that lasted prior to that so

934  
00:42:40,080 --> 00:42:38,350  
getting on let's say sixteen thousand

935  
00:42:42,870 --> 00:42:40,090  
years ago all right

936  
00:42:48,440 --> 00:42:42,880  
prior to that is what we call the purple

937  
00:42:51,900 --> 00:42:48,450  
dawn era this here that we refer to as

938  
00:42:54,510 --> 00:42:51,910

when when the earth was entirely alone

939

00:42:58,800 --> 00:42:54,520

in its relationship to Saturn there was

940

00:43:01,830 --> 00:42:58,810

no Sun now this coincides with their

941

00:43:03,750 --> 00:43:01,840

extinction events with the the megafauna

942

00:43:06,510 --> 00:43:03,760

as they're called the the giant mammals

943

00:43:09,870 --> 00:43:06,520

that we see and this brings up another

944

00:43:12,360 --> 00:43:09,880

aspect Gregg in terms of life on on a

945

00:43:15,180 --> 00:43:12,370

near sized body under a sub-brand or

946

00:43:17,359 --> 00:43:15,190

star in the electric universe gravity is

947

00:43:19,009 --> 00:43:17,369

an electrostatic phenomenon

948

00:43:21,680 --> 00:43:19,019

it's not just simply mass and weight

949

00:43:23,509 --> 00:43:21,690

this is complete heresy in mainstream

950

00:43:25,009 --> 00:43:23,519

science so they'll take it to you you

951  
00:43:26,239 --> 00:43:25,019  
know you know university professors or

952  
00:43:28,599 --> 00:43:26,249  
anything like that but nonetheless

953  
00:43:31,670 --> 00:43:28,609  
that's what the electric universe model

954  
00:43:35,180 --> 00:43:31,680  
stipulates as this as a result of that

955  
00:43:37,269 --> 00:43:35,190  
it can be said that earth under Saturn

956  
00:43:41,239 --> 00:43:37,279  
would have had a completely different

957  
00:43:45,079 --> 00:43:41,249  
gravity and much less gravity and it is

958  
00:43:47,779 --> 00:43:45,089  
this less gravity that allowed for mega

959  
00:43:50,299 --> 00:43:47,789  
sized creatures mega sized floor it's a

960  
00:43:52,190 --> 00:43:50,309  
start existing dinosaurs and stuff - I'm

961  
00:43:54,109 --> 00:43:52,200  
sure well yes because what you get

962  
00:43:56,180 --> 00:43:54,119  
remember I told you a sub roundel or

963  
00:43:58,009 --> 00:43:56,190

star is a very variable tenant that has

964

00:44:00,709 --> 00:43:58,019

a tendency to flare and so on all right

965

00:44:03,650 --> 00:44:00,719

if you go back through time into this

966

00:44:05,660 --> 00:44:03,660

purple do all the time and without

967

00:44:08,690 --> 00:44:05,670

almost without exception you find that

968

00:44:11,390 --> 00:44:08,700

all these creatures have a tendency

969

00:44:14,620 --> 00:44:11,400

towards nocturnal living all right

970

00:44:18,170 --> 00:44:14,630

there's it's one of those things that

971

00:44:20,569 --> 00:44:18,180

doesn't make much sense you know on the

972

00:44:23,299 --> 00:44:20,579

earth when you when you look at and the

973

00:44:25,670 --> 00:44:23,309

way the day they're constructed and what

974

00:44:27,950 --> 00:44:25,680

their eyesight and smell and so on is

975

00:44:31,039 --> 00:44:27,960

like a lot of these creatures including

976

00:44:35,059 --> 00:44:31,049

the dinosaurs are best suited to a

977

00:44:38,420 --> 00:44:35,069

nocturnal environment now if this sub

978

00:44:40,910 --> 00:44:38,430

round the war star is having periodic

979

00:44:43,519 --> 00:44:40,920

flare-ups in other words was drifting

980

00:44:46,160 --> 00:44:43,529

out there alone in space it's it's it's

981

00:44:49,279 --> 00:44:46,170

meeting other objects electrically

982

00:44:51,140 --> 00:44:49,289

speaking and it has flare-ups then you

983

00:44:55,279 --> 00:44:51,150

are going to get changes in gravity and

984

00:44:59,140 --> 00:44:55,289

it seems that as the gravity changes and

985

00:45:02,269 --> 00:44:59,150

gets you know it gets heavier you get

986

00:45:03,559 --> 00:45:02,279

you get extinction events and if there's

987

00:45:05,209 --> 00:45:03,569

one thing that you can actually

988

00:45:08,089 --> 00:45:05,219

correlate down through the line they're

989

00:45:10,969 --> 00:45:08,099

sort of like bigger becomes smaller over

990

00:45:13,519 --> 00:45:10,979

time each extinction event sees the

991

00:45:17,059 --> 00:45:13,529

bigger creatures go followed by another

992

00:45:18,499 --> 00:45:17,069

extinction level event where the next

993

00:45:20,959 --> 00:45:18,509

lot of big creatures for slightly

994

00:45:24,099 --> 00:45:20,969

smaller they go right down to our

995

00:45:28,339 --> 00:45:24,109

mammoths right down to all those

996

00:45:31,519 --> 00:45:28,349

mammalian megafauna that that we've seen

997

00:45:34,279 --> 00:45:31,529

that we date at roughly

998

00:45:37,130 --> 00:45:34,289

between 10,000 and 20,000 years ago in

999

00:45:39,470 --> 00:45:37,140

terms of their extinction events Wow so

1000

00:45:42,410 --> 00:45:39,480

we're arguing for the idea that there

1001  
00:45:44,450 --> 00:45:42,420  
has been an attenuation of gravity in

1002  
00:45:46,400 --> 00:45:44,460  
terms of this relationship to Saturn and

1003  
00:45:48,589 --> 00:45:46,410  
now that we've entered into the

1004  
00:45:50,299 --> 00:45:48,599  
relationship with the Sun we're at the

1005  
00:45:53,900 --> 00:45:50,309  
gravity we're at at this moment and

1006  
00:45:55,940 --> 00:45:53,910  
that's why dinosaurs and huge creatures

1007  
00:45:58,249 --> 00:45:55,950  
like that just simply wouldn't wouldn't

1008  
00:46:00,140 --> 00:45:58,259  
survive in the world that we have today

1009  
00:46:02,900 --> 00:46:00,150  
that they're too heavy I had to support

1010  
00:46:04,839 --> 00:46:02,910  
themselves mm-hmm yeah there's also a

1011  
00:46:08,329 --> 00:46:04,849  
lot of researchers that are finding

1012  
00:46:09,950 --> 00:46:08,339  
skeletons of human-like giants that also

1013  
00:46:11,479 --> 00:46:09,960

could play into that because that's an

1014

00:46:12,920 --> 00:46:11,489

unexplained thing to a lot of people

1015

00:46:15,620 --> 00:46:12,930

give it credit they give credit to the

1016

00:46:17,359 --> 00:46:15,630

Nephilim or some type of alien race but

1017

00:46:20,299 --> 00:46:17,369

it could have just been humans from this

1018

00:46:23,779 --> 00:46:20,309

time where we were in the purple Daanish

1019

00:46:26,450 --> 00:46:23,789

area yes the the human species was

1020

00:46:29,660 --> 00:46:26,460

definitely much more robust in earlier

1021

00:46:32,239 --> 00:46:29,670

times even going back to you know what

1022

00:46:35,509 --> 00:46:32,249

used to be called cro-magnon man so you

1023

00:46:39,499 --> 00:46:35,519

know they were much more robust species

1024

00:46:41,620 --> 00:46:39,509

and so on but you know it comes back

1025

00:46:46,249 --> 00:46:41,630

down to that whole sort of debate why

1026  
00:46:48,200 --> 00:46:46,259  
when size is such a winning ticket you

1027  
00:46:52,309 --> 00:46:48,210  
know when it when to be big to be the

1028  
00:46:55,549 --> 00:46:52,319  
biggest was evolutionary you know

1029  
00:46:58,249 --> 00:46:55,559  
speaking you know the the big thing why

1030  
00:47:02,079 --> 00:46:58,259  
are we not seeing that happen today why

1031  
00:47:05,829 --> 00:47:02,089  
are we not seeing a growth towards size

1032  
00:47:09,349 --> 00:47:05,839  
particularly in land-based creatures

1033  
00:47:11,839 --> 00:47:09,359  
it's a it's a disturbing problem for

1034  
00:47:13,579 --> 00:47:11,849  
many of the people who you know you know

1035  
00:47:15,499 --> 00:47:13,589  
they're discovering even bigger

1036  
00:47:17,089 --> 00:47:15,509  
dinosaurs almost every year there's a

1037  
00:47:19,999 --> 00:47:17,099  
new one that's even bigger than the last

1038  
00:47:23,870 --> 00:47:20,009

one and you know it was sort of like

1039

00:47:27,140 --> 00:47:23,880

about three four decades ago we reached

1040

00:47:29,299 --> 00:47:27,150

the point where scientists understood

1041

00:47:33,349 --> 00:47:29,309

that particularly the the the dinosaur

1042

00:47:35,150 --> 00:47:33,359

types that fly that this in the current

1043

00:47:37,519 --> 00:47:35,160

environment we have now if that's what

1044

00:47:40,249 --> 00:47:37,529

they lived in when they were alive they

1045

00:47:44,180 --> 00:47:40,259

just couldn't do what they seem to be

1046

00:47:44,600 --> 00:47:44,190

designed to do they literally would have

1047

00:47:46,870 --> 00:47:44,610

come

1048

00:47:51,380 --> 00:47:46,880

under the pressure of their own weight

1049

00:47:53,840 --> 00:47:51,390

yeah that's interesting man so I wanna

1050

00:47:55,910 --> 00:47:53,850

you mentioned this Golden Age is this is

1051  
00:47:57,560 --> 00:47:55,920  
this in mythology a time where they're

1052  
00:48:00,500 --> 00:47:57,570  
talking about the Garden of Eden like

1053  
00:48:03,050 --> 00:48:00,510  
where life is is flourishing because it

1054  
00:48:05,030 --> 00:48:03,060  
seems to be like that's a big part that

1055  
00:48:06,230 --> 00:48:05,040  
people talk about in all their ideas of

1056  
00:48:08,480 --> 00:48:06,240  
this past time there seems to be

1057  
00:48:13,370 --> 00:48:08,490  
something there yeah well you see

1058  
00:48:15,230 --> 00:48:13,380  
settlers the word that we use - you know

1059  
00:48:18,350 --> 00:48:15,240  
it's a generic term it's actually the

1060  
00:48:21,740 --> 00:48:18,360  
Romans turn for the Greeks called their

1061  
00:48:24,290 --> 00:48:21,750  
God Chronos really get time from the

1062  
00:48:26,240 --> 00:48:24,300  
chronology and such like that you know

1063  
00:48:28,790 --> 00:48:26,250

I've got a list somewhere around here of

1064

00:48:32,330 --> 00:48:28,800

all the different cultures names for

1065

00:48:34,490 --> 00:48:32,340

their version of Santa all right so what

1066

00:48:37,430 --> 00:48:34,500

you have is you have all these cultures

1067

00:48:41,860 --> 00:48:37,440

they have a version of Saturn and their

1068

00:48:45,620 --> 00:48:41,870

version of Saturn always presides over a

1069

00:48:47,990 --> 00:48:45,630

life-giving epoch the Sun this time of

1070

00:48:51,200 --> 00:48:48,000

lack of want all right

1071

00:48:55,180 --> 00:48:51,210

so Satan is associated with bringing

1072

00:49:01,220 --> 00:48:55,190

forth light bringing forth creation

1073

00:49:05,690 --> 00:49:01,230

creating a world that was a paradise for

1074

00:49:09,260 --> 00:49:05,700

people to exist he also becomes the

1075

00:49:12,350 --> 00:49:09,270

merchants do the the Slayer the the the

1076  
00:49:14,450 --> 00:49:12,360  
the great Reaper the Grim Reaper Saturn

1077  
00:49:16,790 --> 00:49:14,460  
is associated with a scythe which is

1078  
00:49:19,460 --> 00:49:16,800  
where we get our grim reaper archetype

1079  
00:49:22,160 --> 00:49:19,470  
from in terms of modern mythology and

1080  
00:49:24,890 --> 00:49:22,170  
there is because what he created he also

1081  
00:49:28,660 --> 00:49:24,900  
took away when he died when he was

1082  
00:49:32,180 --> 00:49:28,670  
ousted from his throne all right and

1083  
00:49:35,270 --> 00:49:32,190  
that period when certain rules depending

1084  
00:49:37,370 --> 00:49:35,280  
whatever culture you go to is recognized

1085  
00:49:39,530 --> 00:49:37,380  
as you know that was the time you wanted

1086  
00:49:44,420 --> 00:49:39,540  
to live in that was the time you wanted

1087  
00:49:47,810 --> 00:49:44,430  
to to exist and subsequent to that time

1088  
00:49:50,870 --> 00:49:47,820

with the doomsday event most cultures

1089

00:49:53,540 --> 00:49:50,880

have developed you know a variant a

1090

00:49:56,650 --> 00:49:53,550

benevolent and malevolent variant of the

1091

00:49:59,620 --> 00:49:56,660

idea what can we do to bring back

1092

00:50:02,400 --> 00:49:59,630

to recapture that time of lack of want

1093

00:50:05,200 --> 00:50:02,410

that their their earthly paradise and

1094

00:50:07,780 --> 00:50:05,210

you know for the what I would call the

1095

00:50:10,540 --> 00:50:07,790

benevolent types particularly in what I

1096

00:50:12,130 --> 00:50:10,550

refer to in salmon death cult as a

1097

00:50:14,650 --> 00:50:12,140

Silver Age through where priesthoods

1098

00:50:18,160 --> 00:50:14,660

first started to codify laws and so on

1099

00:50:23,070 --> 00:50:18,170

and the idea was to create you know a

1100

00:50:26,950 --> 00:50:23,080

society that observed certain laws and

1101

00:50:28,810 --> 00:50:26,960

to the benefit of all and primary to

1102

00:50:31,780 --> 00:50:28,820

that of course is the idea that weights

1103

00:50:33,190 --> 00:50:31,790

and measures are all equal that you know

1104

00:50:35,410 --> 00:50:33,200

you don't apply different weights and

1105

00:50:38,020 --> 00:50:35,420

measures to different people everybody

1106

00:50:41,560 --> 00:50:38,030

gets to operate off the same weights and

1107

00:50:45,580 --> 00:50:41,570

measures the malevolent variation of

1108

00:50:48,040 --> 00:50:45,590

their says hey no I want that lifestyle

1109

00:50:49,750 --> 00:50:48,050

in the golden age and the best way

1110

00:50:53,830 --> 00:50:49,760

together is to get everybody else to do

1111

00:50:56,710 --> 00:50:53,840

the work alright and how am I going to

1112

00:50:59,110 --> 00:50:56,720

get all these people to do this because

1113

00:51:01,390 --> 00:50:59,120

you know if I if I tried a tough guy

1114

00:51:03,220 --> 00:51:01,400

who'd get a bunch of thugs eventually

1115

00:51:05,920 --> 00:51:03,230

they overthrow you they they rise up

1116

00:51:08,650 --> 00:51:05,930

because you you need a majority to

1117

00:51:10,720 --> 00:51:08,660

support a minority wants to live in a

1118

00:51:14,080 --> 00:51:10,730

you know in the sort of golden age type

1119

00:51:18,730 --> 00:51:14,090

lifestyle so they've had to come up with

1120

00:51:21,250 --> 00:51:18,740

various other ways to enslave people you

1121

00:51:23,200 --> 00:51:21,260

know to basically provide this lifestyle

1122

00:51:25,570 --> 00:51:23,210

so they they have it at the top and of

1123

00:51:27,930 --> 00:51:25,580

course the way to do that is to subvert

1124

00:51:31,960 --> 00:51:27,940

the weights and measures by which people

1125

00:51:35,050 --> 00:51:31,970

trades by which people you know create

1126

00:51:37,240 --> 00:51:35,060

create their laws and and operate with

1127

00:51:40,720 --> 00:51:37,250

each other and to subvert it in such a

1128

00:51:42,670 --> 00:51:40,730

way that the majority people become

1129

00:51:45,070 --> 00:51:42,680

indebted to those who would like to live

1130

00:51:47,010 --> 00:51:45,080

this golden age lifestyle and of course

1131

00:51:51,630 --> 00:51:47,020

this is why certain death cult leads

1132

00:51:54,910 --> 00:51:51,640

into the idea that the interest based

1133

00:51:56,380 --> 00:51:54,920

financial dead system a system which if

1134

00:52:00,520 --> 00:51:56,390

you look at the major religions of the

1135

00:52:03,700 --> 00:52:00,530

world was always condemned as a as an

1136

00:52:06,090 --> 00:52:03,710

abomination it's this very system that

1137

00:52:09,130 --> 00:52:06,100

is probably the most efficient means for

1138

00:52:11,680 --> 00:52:09,140

ensuring that people will willingly

1139

00:52:15,520 --> 00:52:11,690

work in such a way that they provide all

1140

00:52:17,980 --> 00:52:15,530

the productive benefit yeah for an elite

1141

00:52:21,010 --> 00:52:17,990

that just sits there and and rakes in

1142

00:52:22,300 --> 00:52:21,020

the benefits absolutely I'm in total

1143

00:52:24,430 --> 00:52:22,310

agreement with you there that that is

1144

00:52:26,680 --> 00:52:24,440

one of the root problems we have and

1145

00:52:31,030 --> 00:52:26,690

it's interesting to think that this

1146

00:52:32,860 --> 00:52:31,040

spawned out of a desire for the people

1147

00:52:37,260 --> 00:52:32,870

in charge to get back to a time where

1148

00:52:39,540 --> 00:52:37,270

everyone had abundance because of the

1149

00:52:41,590 --> 00:52:39,550

environment on the planet it's it's a

1150

00:52:43,690 --> 00:52:41,600

fascinating idea and that's what I kind

1151  
00:52:46,090 --> 00:52:43,700  
of wondered because if sadden if saturn

1152  
00:52:48,730 --> 00:52:46,100  
was or this this sub-brown dwarf star

1153  
00:52:50,710 --> 00:52:48,740  
was responsible for this abundance you

1154  
00:52:53,020 --> 00:52:50,720  
would think that it would be a saturn

1155  
00:52:54,760 --> 00:52:53,030  
life cult not necessarily a Saturn Death

1156  
00:52:56,530 --> 00:52:54,770  
call do you think they would want good

1157  
00:52:57,970 --> 00:52:56,540  
for everybody but yeah when you when you

1158  
00:52:59,920 --> 00:52:57,980  
break it down into those two different

1159  
00:53:01,030 --> 00:52:59,930  
types it's it's really interesting

1160  
00:53:02,890 --> 00:53:01,040  
because there seem that there's also

1161  
00:53:04,660 --> 00:53:02,900  
seems to be a link between the three

1162  
00:53:07,780 --> 00:53:04,670  
various religions of the world and

1163  
00:53:09,130 --> 00:53:07,790

different systems of different monetary

1164

00:53:12,100 --> 00:53:09,140

systems I guess can you break that down

1165

00:53:14,710 --> 00:53:12,110

a little bit for us yeah it's you know

1166

00:53:16,180 --> 00:53:14,720

the elite you know whatever it is when

1167

00:53:20,140 --> 00:53:16,190

it comes setting you know even if they

1168

00:53:22,330 --> 00:53:20,150

themselves knew this theory that I'm

1169

00:53:24,550 --> 00:53:22,340

espousing such which I doubt many of

1170

00:53:26,590 --> 00:53:24,560

them do all they know is that in the

1171

00:53:28,300 --> 00:53:26,600

time of Saturn it was wonderful and and

1172

00:53:30,160 --> 00:53:28,310

they're going to they're going to get a

1173

00:53:32,950 --> 00:53:30,170

piece of that for themselves at the

1174

00:53:34,720 --> 00:53:32,960

expense of all of us but you know this

1175

00:53:38,080 --> 00:53:34,730

is where it's so important to understand

1176  
00:53:40,600 --> 00:53:38,090  
that when Saturn you know it's not like

1177  
00:53:42,280 --> 00:53:40,610  
they're gonna drag a sub-brown dwarf and

1178  
00:53:44,590 --> 00:53:42,290  
place out the north again way they're

1179  
00:53:47,530 --> 00:53:44,600  
gonna go back to that right there just

1180  
00:53:49,180 --> 00:53:47,540  
after a lifestyle yes all right okay so

1181  
00:53:51,280 --> 00:53:49,190  
the resource rather than a sub ground

1182  
00:53:53,710 --> 00:53:51,290  
the wolf providing it for us a certain

1183  
00:53:56,410 --> 00:53:53,720  
their resource becomes the rest of us

1184  
00:53:58,540 --> 00:53:56,420  
now the reason they can get away from

1185  
00:54:01,390 --> 00:53:58,550  
this and this is what I hope people take

1186  
00:54:03,520 --> 00:54:01,400  
out of sad and difficult the reason that

1187  
00:54:05,950 --> 00:54:03,530  
they can and the reason why I call it

1188  
00:54:09,070 --> 00:54:05,960

70th gold the reason they can get away

1189

00:54:11,950 --> 00:54:09,080

with us is because when you had the

1190

00:54:14,200 --> 00:54:11,960

catastrophic event doomsday the moment

1191

00:54:16,960 --> 00:54:14,210

the the time when Saturn was dislodged

1192

00:54:19,180 --> 00:54:16,970

from its position it was immensely

1193

00:54:23,470 --> 00:54:19,190

catastrophic it's it's worse at the

1194

00:54:26,350 --> 00:54:23,480

heart of the Atlantis legends it's you

1195

00:54:28,000 --> 00:54:26,360

know it's it's that time in the Bible

1196

00:54:31,450 --> 00:54:28,010

when Adam and Eve are cast out from the

1197

00:54:35,950 --> 00:54:31,460

Garden of Eden and song alright and when

1198

00:54:39,310 --> 00:54:35,960

you get this event it leaves an

1199

00:54:45,850 --> 00:54:39,320

indelible print n P in the people's

1200

00:54:49,290 --> 00:54:45,860

subconscious it's a how cool it creates

1201  
00:54:52,210 --> 00:54:49,300  
archetypes and what happens is that

1202  
00:54:55,600 --> 00:54:52,220  
afterwards you get priests which you get

1203  
00:54:59,350 --> 00:54:55,610  
people who try to codify laws out of

1204  
00:55:02,110 --> 00:54:59,360  
that time and the authority that they

1205  
00:55:04,300 --> 00:55:02,120  
claim is represented by their knowledge

1206  
00:55:07,510 --> 00:55:04,310  
of the symbols they've come down to us

1207  
00:55:10,590 --> 00:55:07,520  
from the cévennes alright so you know

1208  
00:55:13,150 --> 00:55:10,600  
the way that Saturn is represented

1209  
00:55:14,860 --> 00:55:13,160  
having knowledge of that representation

1210  
00:55:17,170 --> 00:55:14,870  
gives you a certain amount of authority

1211  
00:55:18,520 --> 00:55:17,180  
because people think to themselves few

1212  
00:55:19,960 --> 00:55:18,530  
would be good to get back to it I mean

1213  
00:55:21,970 --> 00:55:19,970

everybody wants to get back to that time

1214

00:55:23,920 --> 00:55:21,980

most of us understand you've got to have

1215

00:55:26,050 --> 00:55:23,930

a fair and equitable system for all of

1216

00:55:29,500 --> 00:55:26,060

us to get back to some kind of golden

1217

00:55:31,750 --> 00:55:29,510

age but it's these symbols that come out

1218

00:55:37,050 --> 00:55:31,760

of that time these archetypes the Father

1219

00:55:41,320 --> 00:55:37,060

gods the you know the hero the heroic

1220

00:55:44,650 --> 00:55:41,330

Mars the and doomsday itself the

1221

00:55:48,070 --> 00:55:44,660

ultimate archetype but most importantly

1222

00:55:50,620 --> 00:55:48,080

the all-seeing eye that was set when it

1223

00:55:53,080 --> 00:55:50,630

was up above you know something we must

1224

00:55:54,580 --> 00:55:53,090

talking about was their configuration it

1225

00:55:57,610 --> 00:55:54,590

would look like a giant eyeball up on

1226  
00:55:59,650 --> 00:55:57,620  
the sky but they're all seeing eye there

1227  
00:56:01,660 --> 00:55:59,660  
is no longer there if you're wearing

1228  
00:56:03,670 --> 00:56:01,670  
that kind of insignia

1229  
00:56:04,800 --> 00:56:03,680  
you know people assume it triggers

1230  
00:56:09,310 --> 00:56:04,810  
triggers

1231  
00:56:11,860 --> 00:56:09,320  
subconscious reactions and cybernetic

1232  
00:56:13,630 --> 00:56:11,870  
memory or math yeah this is

1233  
00:56:15,820 --> 00:56:13,640  
cross-cultural I don't care what what

1234  
00:56:18,220 --> 00:56:15,830  
race or ethnic group or religion you

1235  
00:56:21,820 --> 00:56:18,230  
belong to it triggers these reactions

1236  
00:56:23,980 --> 00:56:21,830  
and all of us and these guys know this

1237  
00:56:27,190 --> 00:56:23,990  
they might not know the the actual

1238  
00:56:29,800 --> 00:56:27,200

cosmology behind it all right but they

1239

00:56:33,460 --> 00:56:29,810

know what it does and it only takes

1240

00:56:34,420 --> 00:56:33,470

somebody to go a ha I've got a shortcut

1241

00:56:36,670 --> 00:56:34,430

here if I

1242

00:56:38,770 --> 00:56:36,680

willing to exploit other people right

1243

00:56:40,780 --> 00:56:38,780

and they use these symbols in these

1244

00:56:42,790 --> 00:56:40,790

archetypes and particularly in the

1245

00:56:45,760 --> 00:56:42,800

modern age they saturate our lives with

1246

00:56:47,950 --> 00:56:45,770

these symbols and the result is

1247

00:56:51,520 --> 00:56:47,960

basically a subliminal control mechanism

1248

00:56:53,940 --> 00:56:51,530

right and obviously the the control

1249

00:56:56,190 --> 00:56:53,950

mechanism is the monetary structures and

1250

00:56:57,549 --> 00:56:56,200

I've heard yes well that's the mechanism

1251

00:56:59,230 --> 00:56:57,559

yes all right

1252

00:57:02,920 --> 00:56:59,240

oh no just gonna say I've heard you talk

1253

00:57:04,299 --> 00:57:02,930

about the Jubilee concepts and the

1254

00:57:06,970 --> 00:57:04,309

introduction of usury

1255

00:57:10,000 --> 00:57:06,980

does this come out of these these elite

1256

00:57:13,180 --> 00:57:10,010

from yeah I mean it's kind of related to

1257

00:57:14,799 --> 00:57:13,190

this correct yeah well you see if we

1258

00:57:16,480 --> 00:57:14,809

take the what's called the

1259

00:57:18,400 --> 00:57:16,490

judeo-christian thing and I think you

1260

00:57:20,109 --> 00:57:18,410

know most people listening here anybody

1261

00:57:24,089 --> 00:57:20,119

you know from the english-speaking world

1262

00:57:26,440 --> 00:57:24,099

sort of can grasp concepts from that

1263

00:57:28,150 --> 00:57:26,450

tradition better than if I started

1264

00:57:31,750 --> 00:57:28,160

talking about it's a maori culture and

1265

00:57:33,990 --> 00:57:31,760

new zealand or or you know Mesoamerican

1266

00:57:36,280 --> 00:57:34,000

cultures in South America alright okay

1267

00:57:38,710 --> 00:57:36,290

but if we take that judeo-christian

1268

00:57:41,530 --> 00:57:38,720

concept alright what we see as we see

1269

00:57:44,730 --> 00:57:41,540

two competing systems alright one a

1270

00:57:48,039 --> 00:57:44,740

system that is considered to be of God

1271

00:57:50,620 --> 00:57:48,049

and and espoused by his prophets as

1272

00:57:53,020 --> 00:57:50,630

priests and so on down the line and then

1273

00:57:55,599 --> 00:57:53,030

another system which is of this economic

1274

00:57:58,079 --> 00:57:55,609

system espoused by man and is

1275

00:58:00,069 --> 00:57:58,089

represented by the city of Babylon

1276

00:58:02,260 --> 00:58:00,079

alright well you know down through

1277

00:58:05,440 --> 00:58:02,270

ancient time and so on now if we just

1278

00:58:06,339 --> 00:58:05,450

forget about all the biblical details

1279

00:58:08,859 --> 00:58:06,349

and so on

1280

00:58:11,349 --> 00:58:08,869

what we're being told here and so there

1281

00:58:13,930 --> 00:58:11,359

is a battle between a benevolent

1282

00:58:15,880 --> 00:58:13,940

priesthood approach to understanding

1283

00:58:19,000 --> 00:58:15,890

what it was that the Golden Age

1284

00:58:21,430 --> 00:58:19,010

represented alright and what we can do

1285

00:58:25,660 --> 00:58:21,440

to get back to a golden age and then you

1286

00:58:29,980 --> 00:58:25,670

have a subversive malevolent system

1287

00:58:34,299 --> 00:58:29,990

which says basically that you can use

1288

00:58:37,930 --> 00:58:34,309

the very same symbols and archetypes but

1289

00:58:40,240 --> 00:58:37,940

you can use them in such a way as to you

1290

00:58:43,240 --> 00:58:40,250

know to control people and so on now in

1291

00:58:45,940 --> 00:58:43,250

the benevolence system when it comes to

1292

00:58:47,980 --> 00:58:45,950

the use of money and and death and so on

1293

00:58:49,960 --> 00:58:47,990

they operate what's called the Jubilee

1294

00:58:52,060 --> 00:58:49,970

which is that all debts are canceled

1295

00:58:54,370 --> 00:58:52,070

every 49 years it varies depending on

1296

00:58:56,560 --> 00:58:54,380

what Middle Eastern tradition you have

1297

00:58:59,350 --> 00:58:56,570

but none of this they have this they

1298

00:59:02,230 --> 00:58:59,360

have this idea the malevolent system

1299

00:59:05,770 --> 00:59:02,240

says no you are in debt and if you can't

1300

00:59:07,720 --> 00:59:05,780

pay I take it all and you know and I

1301  
00:59:09,640 --> 00:59:07,730  
will take it from your children and your

1302  
00:59:11,950 --> 00:59:09,650  
children will have to pay and your

1303  
00:59:14,410 --> 00:59:11,960  
children's children and so on all right

1304  
00:59:18,040 --> 00:59:14,420  
now if you're if you're the type of

1305  
00:59:21,790 --> 00:59:18,050  
person who sees that as the road to

1306  
00:59:24,160 --> 00:59:21,800  
ensuring you get you know that survival

1307  
00:59:26,010 --> 00:59:24,170  
fight or flight sort of mentality I'm

1308  
00:59:29,710 --> 00:59:26,020  
going to accumulate to myself in my own

1309  
00:59:31,900 --> 00:59:29,720  
all right that malevolent system is the

1310  
00:59:34,510 --> 00:59:31,910  
one you're gonna choose and it's the one

1311  
00:59:38,109 --> 00:59:34,520  
you're going to practice and try and

1312  
00:59:39,640 --> 00:59:38,119  
bring onto society over time and it's

1313  
00:59:43,590 --> 00:59:39,650

this battle down through the ages

1314

00:59:46,750 --> 00:59:43,600

between these two types of thoughts that

1315

00:59:49,270 --> 00:59:46,760

you know that we that we see culminating

1316

00:59:52,840 --> 00:59:49,280

in today's well in my opinion in today's

1317

00:59:55,960 --> 00:59:52,850

financial crisis where we are at a level

1318

00:59:58,120 --> 00:59:55,970

now which is probably only being reached

1319

00:59:59,680 --> 00:59:58,130

on two occasions in history to the level

1320

01:00:04,180 --> 00:59:59,690

that with that we are on the precipice

1321

01:00:06,940 --> 01:00:04,190

of now one in the 1340s when Europe was

1322

01:00:10,930 --> 01:00:06,950

decimated by the black death as a result

1323

01:00:13,150 --> 01:00:10,940

of shenanigans going with the banks the

1324

01:00:14,590 --> 01:00:13,160

banks collapsing they're producing fam

1325

01:00:16,690 --> 01:00:14,600

and the famine producing the weakness

1326  
01:00:19,390 --> 01:00:16,700  
that made people susceptible to disease

1327  
01:00:21,790 --> 01:00:19,400  
the disease turning up and you know I

1328  
01:00:24,160 --> 01:00:21,800  
mean stories from that time you really

1329  
01:00:27,550 --> 01:00:24,170  
would have thought it was the apocalypse

1330  
01:00:29,230 --> 01:00:27,560  
and you have cities of 700,000 in the

1331  
01:00:31,510 --> 01:00:29,240  
space of three must be reduced seven

1332  
01:00:34,030 --> 01:00:31,520  
people you know it's it's absolutely

1333  
01:00:36,580 --> 01:00:34,040  
diabolical the other one of course comes

1334  
01:00:40,020 --> 01:00:36,590  
down to us from history which is the the

1335  
01:00:43,510 --> 01:00:40,030  
fall of the Tower of Babel

1336  
01:00:46,480 --> 01:00:43,520  
there is the other event and we seem to

1337  
01:00:50,500 --> 01:00:46,490  
go through this process as a species we

1338  
01:00:53,680 --> 01:00:50,510

let these creatures who would accumulate

1339

01:00:55,359 --> 01:00:53,690

to themselves we give them the power to

1340

01:00:59,650 --> 01:00:55,369

do so by giving them the power to issue

1341

01:01:01,180 --> 01:00:59,660

debt based money and and it builds up

1342

01:01:04,870 --> 01:01:01,190

and it builds up and he

1343

01:01:07,900 --> 01:01:04,880

yeah we're we're on the precipice right

1344

01:01:10,990 --> 01:01:07,910

yeah that's super interesting because

1345

01:01:13,210 --> 01:01:11,000

this the benevolent system the Jubilee

1346

01:01:16,210 --> 01:01:13,220

system obviously is gone by the wayside

1347

01:01:18,190 --> 01:01:16,220

in modern times it seems but is this

1348

01:01:20,170 --> 01:01:18,200

where we get because I remember and

1349

01:01:22,960 --> 01:01:20,180

going to private school the idea of

1350

01:01:24,700 --> 01:01:22,970

forgiving 70 times 7 all that stuff is

1351

01:01:28,210 --> 01:01:24,710

that related to their system of money

1352

01:01:31,270 --> 01:01:28,220

and this is totally ok yeah that that's

1353

01:01:34,240 --> 01:01:31,280

a benevolent system okay be is 7 times 7

1354

01:01:36,970 --> 01:01:34,250

49 every 49th year all debts are

1355

01:01:39,549 --> 01:01:36,980

canceled everything no no but's Wow

1356

01:01:42,910 --> 01:01:39,559

everything starts again alright

1357

01:01:44,890 --> 01:01:42,920

the Persians practice a bit different

1358

01:01:47,109 --> 01:01:44,900

whenever a new king came to the throne a

1359

01:01:48,640 --> 01:01:47,119

jubilee happened so if the king of rule

1360

01:01:50,319 --> 01:01:48,650

30 years you had to wait 30 years of

1361

01:01:52,870 --> 01:01:50,329

youth ruled 5 years you waited 5 years

1362

01:01:55,930 --> 01:01:52,880

in the biblical system as practiced by

1363

01:01:58,150 --> 01:01:55,940

the ancient Israelites and not very well

1364

01:02:01,510 --> 01:01:58,160

it would see but nonetheless the system

1365

01:02:04,809 --> 01:02:01,520

that they looked at doing every 70 year

1366

01:02:06,700 --> 01:02:04,819

was a rest year alright and every 49th

1367

01:02:10,450 --> 01:02:06,710

year was a total cancellation year of

1368

01:02:13,480 --> 01:02:10,460

all beds and this is it's interesting

1369

01:02:17,279 --> 01:02:13,490

because there are people who are not

1370

01:02:19,210 --> 01:02:17,289

religious they're not associated with

1371

01:02:21,430 --> 01:02:19,220

you know big-time

1372

01:02:23,440 --> 01:02:21,440

Christian agendas or Muslim agendas or

1373

01:02:25,690 --> 01:02:23,450

Jewish agendas and so on they're

1374

01:02:28,059 --> 01:02:25,700

hardcore economists and they've reached

1375

01:02:33,299 --> 01:02:28,069

the point where they you know they talk

1376

01:02:37,170 --> 01:02:33,309

about you know a jubilee system solution

1377

01:02:39,640 --> 01:02:37,180

often they referred to as a reset and

1378

01:02:44,069 --> 01:02:39,650

you know this this does seem to be

1379

01:02:46,900 --> 01:02:44,079

gaining popularity and in my opinion I

1380

01:02:48,880 --> 01:02:46,910

was reading the other day a guy doing a

1381

01:02:50,680 --> 01:02:48,890

blog and I think he hit he hit on the

1382

01:02:52,480 --> 01:02:50,690

head when he said that one day we will

1383

01:02:55,630 --> 01:02:52,490

look back at central banking and it's

1384

01:02:58,839 --> 01:02:55,640

fear to debt based financial system and

1385

01:03:02,380 --> 01:02:58,849

we will regard it the same way we regard

1386

01:03:04,690 --> 01:03:02,390

the institutional slavery you know it's

1387

01:03:06,370 --> 01:03:04,700

a we will look back on it and just

1388

01:03:09,400 --> 01:03:06,380

wonder what the hell we were those

1389

01:03:13,210 --> 01:03:09,410

people doing allowing these guys to run

1390

01:03:14,530 --> 01:03:13,220

a system that you know indebted the

1391

01:03:16,210 --> 01:03:14,540

world

1392

01:03:19,120 --> 01:03:16,220

to the detriment of the vast majority

1393

01:03:20,680 --> 01:03:19,130

right you know it's it's quite

1394

01:03:23,319 --> 01:03:20,690

incredible and the debt based system is

1395

01:03:25,329 --> 01:03:23,329

bad enough considering you know the

1396

01:03:27,579 --> 01:03:25,339

money is being made in the hands of a

1397

01:03:30,190 --> 01:03:27,589

few but then you introduce interest or

1398

01:03:32,470 --> 01:03:30,200

Usury and people are supposed to pay

1399

01:03:33,910 --> 01:03:32,480

back more than they received well they

1400

01:03:35,140 --> 01:03:33,920

can't print their own money so where

1401

01:03:37,750 --> 01:03:35,150

does that money come from you know it's

1402

01:03:40,930 --> 01:03:37,760

a system where it can never fully escape

1403

01:03:42,099 --> 01:03:40,940

the debt that's right yeah I mean it is

1404

01:03:44,980 --> 01:03:42,109

the interest

1405

01:03:48,339 --> 01:03:44,990

there's the user's elements that makes a

1406

01:03:49,960 --> 01:03:48,349

dead based and you know I've often said

1407

01:03:52,480 --> 01:03:49,970

to people and you may have heard me sort

1408

01:03:53,920 --> 01:03:52,490

of bang on about this in other

1409

01:03:55,870 --> 01:03:53,930

interviews or something you know along

1410

01:03:57,670 --> 01:03:55,880

those lives but you know if somebody

1411

01:03:59,109 --> 01:03:57,680

came to you and said look this I've got

1412

01:04:00,640 --> 01:03:59,119

these ten things I'm going to lend them

1413

01:04:04,300 --> 01:04:00,650

to you there's only ten of them in the

1414

01:04:05,680 --> 01:04:04,310

world and but at the end of the year

1415

01:04:07,960 --> 01:04:05,690

you're gonna have to give them back but

1416

01:04:09,640 --> 01:04:07,970

I want you to live on of them right and

1417

01:04:10,690 --> 01:04:09,650

if you don't give me a living I'm gonna

1418

01:04:13,750 --> 01:04:10,700

take your house I'm gonna take

1419

01:04:16,510 --> 01:04:13,760

everything all right you would you would

1420

01:04:20,250 --> 01:04:16,520

say yeah thanks but no thanks

1421

01:04:24,160 --> 01:04:20,260

all right well in very simplistic terms

1422

01:04:26,050 --> 01:04:24,170

that's the con that we're under with

1423

01:04:28,270 --> 01:04:26,060

central banking that's what they do the

1424

01:04:30,490 --> 01:04:28,280

jeekyll islands when they instituted the

1425

01:04:32,920 --> 01:04:30,500

Federal Reserve in America it's how the

1426

01:04:36,220 --> 01:04:32,930

Bank of England was set up wherever you

1427

01:04:38,890 --> 01:04:36,230

see this model that's what it is it in a

1428

01:04:41,380 --> 01:04:38,900

simplistic form it's not run their way

1429

01:04:43,380 --> 01:04:41,390

because they they financed the ability

1430

01:04:46,210 --> 01:04:43,390

to pay back the debt with more debt and

1431

01:04:48,809 --> 01:04:46,220

so the national debt increases that's

1432

01:04:52,059 --> 01:04:48,819

why we have these ridiculously

1433

01:04:54,550 --> 01:04:52,069

astronomical national debts plaguing us

1434

01:04:56,559 --> 01:04:54,560

at this time it's just purely because

1435

01:04:59,319 --> 01:04:56,569

they just keep financing the debt to get

1436

01:05:03,040 --> 01:04:59,329

us more and more in debt as we go along

1437

01:05:04,990 --> 01:05:03,050

and you know that's where we're at you

1438

01:05:08,250 --> 01:05:05,000

know things today and it's interesting

1439

01:05:11,170 --> 01:05:08,260

to think that this the monetary system

1440

01:05:13,960 --> 01:05:11,180

spawned out of a change in the

1441

01:05:17,950 --> 01:05:13,970

environment because it's like whether we

1442

01:05:20,500 --> 01:05:17,960

were in the cocoon of this sub-brown

1443

01:05:22,450 --> 01:05:20,510

dwarf star or revolving around our

1444

01:05:26,349 --> 01:05:22,460

current Sun couldn't you implement the

1445

01:05:28,359 --> 01:05:26,359

same type of control regardless no you

1446

01:05:29,890 --> 01:05:28,369

couldn't because okay so

1447

01:05:34,650 --> 01:05:29,900

according to understand all right when

1448

01:05:36,849 --> 01:05:34,660

when you're in the purple Dornier okay

1449

01:05:38,499 --> 01:05:36,859

what happens is you have no reference to

1450

01:05:41,499 --> 01:05:38,509

celestial objects so you there's no

1451

01:05:43,599 --> 01:05:41,509

concept of time in such a an empire okay

1452

01:05:46,390 --> 01:05:43,609

okay the and nothing revolves around

1453

01:05:48,910 --> 01:05:46,400

anything you can't March you can't

1454

01:05:50,589 --> 01:05:48,920

create a understand time you can maybe

1455

01:05:53,620 --> 01:05:50,599

do so the very limited basis at the

1456

01:05:54,910 --> 01:05:53,630

local level but you can't sort of say to

1457

01:05:57,609 --> 01:05:54,920

somebody look I'll see you in five days

1458

01:06:00,789 --> 01:05:57,619

time there are a range there aren't any

1459

01:06:03,759 --> 01:06:00,799

days time or anything like that okay you

1460

01:06:05,680 --> 01:06:03,769

don't have that capacity now that's how

1461

01:06:08,769 --> 01:06:05,690

the people do one thing at is but the

1462

01:06:11,049 --> 01:06:08,779

thing is is that you still have an

1463

01:06:12,999 --> 01:06:11,059

environment and ask it back is getting

1464

01:06:14,650 --> 01:06:13,009

back to our that that time you have an

1465

01:06:16,749 --> 01:06:14,660

environment that is basically a one

1466

01:06:19,749 --> 01:06:16,759

season environment so you have a

1467

01:06:24,509 --> 01:06:19,759

perpetual harvest going on okay

1468

01:06:27,339 --> 01:06:24,519

and nobody can institute a system of

1469

01:06:30,609 --> 01:06:27,349

enslavement on people when they can just

1470

01:06:32,259 --> 01:06:30,619

simply move away and get food yeah now

1471

01:06:33,759 --> 01:06:32,269

they don't have to worry about shelter

1472

01:06:36,759 --> 01:06:33,769

because it's a very benign environment

1473

01:06:39,910 --> 01:06:36,769

there's very little wind and so on and

1474

01:06:42,160 --> 01:06:39,920

that but you know you can't sort of you

1475

01:06:47,170 --> 01:06:42,170

know say that when you get to the Golden

1476

01:06:49,720 --> 01:06:47,180

Age where the Saturn flares up and the

1477

01:06:51,819 --> 01:06:49,730

Sun makes its appearance and star starts

1478

01:06:53,829 --> 01:06:51,829

to encroach on the seconds territory and

1479

01:06:56,410 --> 01:06:53,839

knocks it out but during that time you

1480

01:06:59,620 --> 01:06:56,420

still have vestiges of this one season

1481

01:07:02,289 --> 01:06:59,630

world but also with the sun's warming

1482

01:07:05,400 --> 01:07:02,299

rays coming in and so you still have

1483

01:07:07,989 --> 01:07:05,410

this situation where food is abundant

1484

01:07:10,660 --> 01:07:07,999

you can you know you're not going to be

1485

01:07:13,930 --> 01:07:10,670

able to blackmail people on the basis

1486

01:07:17,289 --> 01:07:13,940

that they that there is a scarcity of

1487

01:07:19,809 --> 01:07:17,299

food ok and so what happens though is

1488

01:07:21,640 --> 01:07:19,819

that because the cosmos has now been

1489

01:07:23,859 --> 01:07:21,650

revealed at large they could see the Sun

1490

01:07:27,910 --> 01:07:23,869

they can see the stars they have the

1491

01:07:29,680 --> 01:07:27,920

full zodiac viewpoints of the you know

1492

01:07:32,849 --> 01:07:29,690

of the constellations were so unlike

1493

01:07:36,160 --> 01:07:32,859

their all the stuff allows people to

1494

01:07:38,289 --> 01:07:36,170

create the concept of time and with the

1495

01:07:40,539 --> 01:07:38,299

concept of time with measure and that's

1496

01:07:41,380 --> 01:07:40,549

why the Greeks call and that's why

1497

01:07:43,780 --> 01:07:41,390

second

1498

01:07:45,670 --> 01:07:43,790

the Greek in in most cultures it's

1499

01:07:48,490 --> 01:07:45,680

called the the father of time the god of

1500

01:07:51,100 --> 01:07:48,500

time time is a measure and once you

1501  
01:07:53,530 --> 01:07:51,110  
start being able to measure things you

1502  
01:07:56,140 --> 01:07:53,540  
have the ability to create civilization

1503  
01:07:59,110 --> 01:07:56,150  
you move from just existing day to day

1504  
01:08:01,300 --> 01:07:59,120  
feeding yourself on what's available to

1505  
01:08:04,270 --> 01:08:01,310  
this existence where you can measure you

1506  
01:08:09,280 --> 01:08:04,280  
can explore you can map you can survey

1507  
01:08:11,980 --> 01:08:09,290  
your land but you still lack for what

1508  
01:08:14,830 --> 01:08:11,990  
you you you've got you've got food

1509  
01:08:17,980 --> 01:08:14,840  
wherever you know you need it there's no

1510  
01:08:21,430 --> 01:08:17,990  
there's this there's no sort of shortage

1511  
01:08:26,380 --> 01:08:21,440  
however when saturn leaves the sea and

1512  
01:08:28,810 --> 01:08:26,390  
is replaced by the by the sun we enter

1513  
01:08:32,380 --> 01:08:28,820

into a seasonal world and i think the

1514

01:08:35,890 --> 01:08:32,390

bible best sums it up when it talks

1515

01:08:37,510 --> 01:08:35,900

about you know by the by the sweat of

1516

01:08:39,190 --> 01:08:37,520

your brow will you make the earth yield

1517

01:08:41,490 --> 01:08:39,200

its fruits all right

1518

01:08:45,430 --> 01:08:41,500

so suddenly you've got to actually make

1519

01:08:47,320 --> 01:08:45,440

an effort to to get the fruit salad land

1520

01:08:51,250 --> 01:08:47,330

because for six months of the year there

1521

01:08:53,290 --> 01:08:51,260

nothing's growing all right and with the

1522

01:08:54,910 --> 01:08:53,300

introduction of that you get the

1523

01:08:56,920 --> 01:08:54,920

introduction of scarcity and where

1524

01:09:01,060 --> 01:08:56,930

you've got scarcity you've got the

1525

01:09:04,750 --> 01:09:01,070

potential for exploitation Wow wow that

1526

01:09:06,010 --> 01:09:04,760

is a great explanation it's so weird to

1527

01:09:07,720 --> 01:09:06,020

think about because I think about all

1528

01:09:09,910 --> 01:09:07,730

the frustrating things of our modern

1529

01:09:12,250 --> 01:09:09,920

society and to think it would be rooted

1530

01:09:13,540 --> 01:09:12,260

in that environmental changes is just

1531

01:09:16,180 --> 01:09:13,550

pretty new to me it's pretty

1532

01:09:17,830 --> 01:09:16,190

mind-blowing man well again it comes

1533

01:09:20,440 --> 01:09:17,840

back to the whole thing yeah you know

1534

01:09:22,390 --> 01:09:20,450

when you've been told a you know the

1535

01:09:24,640 --> 01:09:22,400

solar system has basically had to say

1536

01:09:26,860 --> 01:09:24,650

we've had the same sky for billions

1537

01:09:29,440 --> 01:09:26,870

years even before humans existed this is

1538

01:09:30,720 --> 01:09:29,450

how the sky would have looked the idea

1539

01:09:34,570 --> 01:09:30,730

that you have a catastrophic

1540

01:09:38,710 --> 01:09:34,580

rearrangement of the you know of the

1541

01:09:41,410 --> 01:09:38,720

planets in general and the idea that not

1542

01:09:43,390 --> 01:09:41,420

only is there a rearrangement but Saturn

1543

01:09:45,910 --> 01:09:43,400

and Earth are actually interlopers

1544

01:09:48,880 --> 01:09:45,920

they're they're aliens coming in and we

1545

01:09:52,240 --> 01:09:48,890

you know and and being introduced into

1546

01:09:54,430 --> 01:09:52,250

the system when you have all that as

1547

01:09:55,240 --> 01:09:54,440

part of the process to explain why

1548

01:09:58,540 --> 01:09:55,250

mythology

1549

01:10:00,400 --> 01:09:58,550

tells us this change happened it's all a

1550

01:10:03,400 --> 01:10:00,410

bit you know it almost sounds

1551  
01:10:05,440 --> 01:10:03,410  
preposterous right you know to you know

1552  
01:10:09,550 --> 01:10:05,450  
to most people and and I think that's

1553  
01:10:13,780 --> 01:10:09,560  
you know that's where the you know the

1554  
01:10:16,590 --> 01:10:13,790  
problem exists now in in writing certain

1555  
01:10:19,420 --> 01:10:16,600  
death cult I was aware that the same

1556  
01:10:21,790 --> 01:10:19,430  
resources are available to me as they're

1557  
01:10:23,680 --> 01:10:21,800  
out to these this culture I call the

1558  
01:10:27,150 --> 01:10:23,690  
second death cult that's culture that

1559  
01:10:29,980 --> 01:10:27,160  
allows people to exploit others by

1560  
01:10:32,290 --> 01:10:29,990  
utilizing archetypes and symbols all

1561  
01:10:36,640 --> 01:10:32,300  
right and it's one of those things that

1562  
01:10:40,930 --> 01:10:36,650  
I found was a highly niche topic by

1563  
01:10:42,730 --> 01:10:40,940

introducing these ideas I also have

1564

01:10:46,420 --> 01:10:42,740

those archetypes and symbols at my

1565

01:10:49,090 --> 01:10:46,430

disposal and it's funny because you are

1566

01:10:51,670 --> 01:10:49,100

you're presenting the same symbols but

1567

01:10:55,480 --> 01:10:51,680

with a different explanation and you

1568

01:10:58,060 --> 01:10:55,490

know it's my opinion that that the

1569

01:11:00,670 --> 01:10:58,070

result is that this tends to you I hate

1570

01:11:03,900 --> 01:11:00,680

terms like hey it resonates with me that

1571

01:11:06,340 --> 01:11:03,910

so to me it is just purely and simply

1572

01:11:10,360 --> 01:11:06,350

that the archetypes have been triggered

1573

01:11:13,120 --> 01:11:10,370

in your subconscious but you're you're

1574

01:11:15,930 --> 01:11:13,130

being presented with a way of thinking

1575

01:11:20,200 --> 01:11:15,940

about them that has a natural

1576

01:11:21,810 --> 01:11:20,210

explanation rather than the way that

1577

01:11:25,210 --> 01:11:21,820

some of the more than the various

1578

01:11:26,230 --> 01:11:25,220

examples the more degenerative examples

1579

01:11:28,720 --> 01:11:26,240

were the ones that go down the

1580

01:11:30,970 --> 01:11:28,730

ritualistic route present these very

1581

01:11:34,780 --> 01:11:30,980

same symbols and I think I think that

1582

01:11:38,020 --> 01:11:34,790

appeals to people who you know at least

1583

01:11:39,490 --> 01:11:38,030

people who aren't Psychopaths yeah man I

1584

01:11:42,010 --> 01:11:39,500

want to ask you a little bit more about

1585

01:11:44,470 --> 01:11:42,020

these two financial systems because of

1586

01:11:47,410 --> 01:11:44,480

course today we're dominated by the one

1587

01:11:49,450 --> 01:11:47,420

the fractional reserve banking system is

1588

01:11:52,300 --> 01:11:49,460

there any more details you have about

1589

01:11:54,340 --> 01:11:52,310

the the competition between these two

1590

01:11:58,740 --> 01:11:54,350

systems where when did the the

1591

01:12:02,700 --> 01:11:58,750

benevolent system kind of disappear

1592

01:12:09,690 --> 01:12:02,710

well the benevolent system disappears I

1593

01:12:12,090 --> 01:12:09,700

believe around about 600 BC whereby it's

1594

01:12:14,790 --> 01:12:12,100

you know you you really have to dig deep

1595

01:12:16,610 --> 01:12:14,800

into you know whichever text on

1596

01:12:18,960 --> 01:12:16,620

whichever culture you're into and

1597

01:12:21,810 --> 01:12:18,970

judeo-christian world of course we've

1598

01:12:25,890 --> 01:12:21,820

got a biblical references and the Muslim

1599

01:12:27,860 --> 01:12:25,900

world also takes most of its it's mostly

1600

01:12:31,110 --> 01:12:27,870

informed from those very same references

1601  
01:12:33,630 --> 01:12:31,120  
Buddhism Hinduism Confucianism in China

1602  
01:12:36,990 --> 01:12:33,640  
and so on also makes references to these

1603  
01:12:39,840 --> 01:12:37,000  
kinds of systems where an

1604  
01:12:42,750 --> 01:12:39,850  
interest-bearing system money system is

1605  
01:12:47,990 --> 01:12:42,760  
decried and it's there in that in the

1606  
01:12:52,170 --> 01:12:48,000  
texts but what happens is that you get a

1607  
01:12:55,620 --> 01:12:52,180  
symbiosis develop between people who who

1608  
01:12:58,230 --> 01:12:55,630  
want to exploit the system by subverting

1609  
01:12:59,280 --> 01:12:58,240  
the measure there is money because

1610  
01:13:01,950 --> 01:12:59,290  
that's what people have to understand

1611  
01:13:04,590 --> 01:13:01,960  
money is a measure it measures the work

1612  
01:13:06,960 --> 01:13:04,600  
done we you know if we say something is

1613  
01:13:08,940 --> 01:13:06,970

a costs a dollar we're saying it's a

1614

01:13:11,610 --> 01:13:08,950

dollars worth of work has been put into

1615

01:13:14,190 --> 01:13:11,620

that service or they're good and that's

1616

01:13:18,050 --> 01:13:14,200

the measure on it ok so if you subvert

1617

01:13:23,160 --> 01:13:18,060

the measure you you basically control

1618

01:13:26,130 --> 01:13:23,170

how the measure is pays out you know you

1619

01:13:30,330 --> 01:13:26,140

get to control the dividend and because

1620

01:13:35,010 --> 01:13:30,340

the temples the of the of the ancient

1621

01:13:37,890 --> 01:13:35,020

priesthoods were the source of where the

1622

01:13:40,170 --> 01:13:37,900

how these weights and measures were

1623

01:13:43,020 --> 01:13:40,180

allocated and how they were defined we

1624

01:13:45,870 --> 01:13:43,030

have to remember that Moses you know the

1625

01:13:48,900 --> 01:13:45,880

law giver in the Bible was was highly

1626

01:13:52,140 --> 01:13:48,910

highly focused on weights and measures

1627

01:13:54,090 --> 01:13:52,150

in terms of how he received the

1628

01:13:56,490 --> 01:13:54,100

Israelite ancient Israelite society to

1629

01:13:57,780 --> 01:13:56,500

work and the same through many of the

1630

01:14:00,690 --> 01:13:57,790

traditions and the other cultures you

1631

01:14:02,070 --> 01:14:00,700

get this idea now if you subvert the

1632

01:14:05,040 --> 01:14:02,080

temple with the priests who are

1633

01:14:07,280 --> 01:14:05,050

responsible for them if you go in and

1634

01:14:09,300 --> 01:14:07,290

start submitting the temple in terms of

1635

01:14:11,790 --> 01:14:09,310

subverting these weights and measures

1636

01:14:14,010 --> 01:14:11,800

then you can hide behind their

1637

01:14:16,110 --> 01:14:14,020

credibility this credibility that

1638

01:14:17,580 --> 01:14:16,120

betweenness legitimacy that comes from

1639

01:14:19,800 --> 01:14:17,590

them being associated with these

1640

01:14:20,890 --> 01:14:19,810

archetypes they're drawn from the Golden

1641

01:14:22,810 --> 01:14:20,900

Age

1642

01:14:25,330 --> 01:14:22,820

and for anybody who wants see how this

1643

01:14:26,800 --> 01:14:25,340

mechanism works and I I have to

1644

01:14:29,890 --> 01:14:26,810

recommend Joseph P Farrell's

1645

01:14:32,110 --> 01:14:29,900

book babylons banksters here he outlines

1646

01:14:34,660 --> 01:14:32,120

the way through society this is an

1647

01:14:37,630 --> 01:14:34,670

ongoing thing there is this thing where

1648

01:14:41,020 --> 01:14:37,640

the temples are subverted the temples

1649

01:14:43,090 --> 01:14:41,030

issue money gold comes in against the

1650

01:14:46,510 --> 01:14:43,100

money to back the money the receipts

1651

01:14:48,689 --> 01:14:46,520

against the gold are forged then the

1652

01:14:51,870 --> 01:14:48,699

gold becomes the means of exchange and

1653

01:14:57,510 --> 01:14:51,880

and then the gold itself is then

1654

01:14:59,890 --> 01:14:57,520

replaced by fiat you know down through

1655

01:15:01,540 --> 01:14:59,900

later on which is then entirely

1656

01:15:03,310 --> 01:15:01,550

controlled by these people operating

1657

01:15:05,620 --> 01:15:03,320

behind the temple there's a reason the

1658

01:15:08,110 --> 01:15:05,630

central bank's all existing buildings

1659

01:15:10,270 --> 01:15:08,120

that look like temples it's part of

1660

01:15:13,209 --> 01:15:10,280

their heritage yeah you know this is

1661

01:15:15,340 --> 01:15:13,219

this is where it all stems from so well

1662

01:15:16,780 --> 01:15:15,350

I don't want to get too racy but you

1663

01:15:18,939 --> 01:15:16,790

know you hear in the conspiracy world

1664

01:15:22,360 --> 01:15:18,949

the Jewish banking conspiracy is is a

1665

01:15:25,510 --> 01:15:22,370

big one and there are stereotypes that

1666

01:15:27,640 --> 01:15:25,520

apply to that faith or those people that

1667

01:15:30,160 --> 01:15:27,650

are usually involving money and being

1668

01:15:32,470 --> 01:15:30,170

miserly and and that kind of thing does

1669

01:15:36,240 --> 01:15:32,480

this is this rooted in the introduction

1670

01:15:39,850 --> 01:15:36,250

of usury and interest in ancient times

1671

01:15:42,880 --> 01:15:39,860

no it's actually more a modern thing and

1672

01:15:44,860 --> 01:15:42,890

it's a very unfortunate result I mean

1673

01:15:47,919 --> 01:15:44,870

I'm a Scottish heritage and we have our

1674

01:15:50,200 --> 01:15:47,929

miserly stereotype and and all that sort

1675

01:15:53,950 --> 01:15:50,210

of thing but what's been placed on the

1676

01:15:55,570 --> 01:15:53,960

on the Jewish sort of idea and and you

1677

01:15:57,490 --> 01:15:55,580

know just as a comment on that

1678

01:16:00,550 --> 01:15:57,500

you know I've looked into the idea

1679

01:16:02,709 --> 01:16:00,560

that it's dominated by Jews and yes you

1680

01:16:04,479 --> 01:16:02,719

see Jewish people at the top but when I

1681

01:16:05,919 --> 01:16:04,489

looked closely into it there's just as

1682

01:16:08,770 --> 01:16:05,929

many ank you know white anglo-saxon

1683

01:16:11,919 --> 01:16:08,780

Protestants wasps involved in this game

1684

01:16:13,600 --> 01:16:11,929

as anybody else in other words it seems

1685

01:16:15,310 --> 01:16:13,610

to me that whatever your ethnic

1686

01:16:18,520 --> 01:16:15,320

background everybody's susceptible to

1687

01:16:20,770 --> 01:16:18,530

the love of money and and you know they

1688

01:16:25,120 --> 01:16:20,780

they go with it the problem for the

1689

01:16:27,010 --> 01:16:25,130

Jewish situation is that inland by in

1690

01:16:30,010 --> 01:16:27,020

the Bible under Moses when it comes to

1691

01:16:33,729 --> 01:16:30,020

lending money it there's basically a law

1692

01:16:36,610 --> 01:16:33,739

that says you shall not lender interest

1693

01:16:39,760 --> 01:16:36,620

but you can lender interest to the

1694

01:16:41,350 --> 01:16:39,770

foreigner okay all right so if a

1695

01:16:43,660 --> 01:16:41,360

foreigner comes in and wants to borrow

1696

01:16:48,130 --> 01:16:43,670

money from you you can lend it interest

1697

01:16:49,360 --> 01:16:48,140

to them now the that the the problem

1698

01:16:50,680 --> 01:16:49,370

with this is that it's a

1699

01:16:52,600 --> 01:16:50,690

misunderstanding of what the law is

1700

01:16:54,729 --> 01:16:52,610

trying to actually say what it's saying

1701

01:16:56,620 --> 01:16:54,739

is this is it the Israelites are

1702

01:16:59,410 --> 01:16:56,630

supposed to have a non interest money

1703

01:17:02,110 --> 01:16:59,420

based system but if somebody from

1704

01:17:04,450 --> 01:17:02,120

outside of their system comes in and

1705

01:17:06,700 --> 01:17:04,460

borrow money they can borrow money at

1706

01:17:08,830 --> 01:17:06,710

no interest take their money into their

1707

01:17:11,320 --> 01:17:08,840

system lender interest make a massive

1708

01:17:13,300 --> 01:17:11,330

profit and pay back at no interest it's

1709

01:17:19,000 --> 01:17:13,310

called the carry trade okay all right

1710

01:17:21,820 --> 01:17:19,010

okay so the idea is is that Israel being

1711

01:17:24,310 --> 01:17:21,830

an example to all other peoples it

1712

01:17:27,040 --> 01:17:24,320

wouldn't want to give somebody a farmer

1713

01:17:28,690 --> 01:17:27,050

the advantage over their own people by

1714

01:17:32,709 --> 01:17:28,700

giving them a free source of

1715

01:17:35,800 --> 01:17:32,719

interest-free loans okay all right so if

1716

01:17:38,830 --> 01:17:35,810

the foreigner comes in and so on and he

1717

01:17:41,140 --> 01:17:38,840

won't sub subject himself to Israel's

1718

01:17:43,450 --> 01:17:41,150

laws and he wants to borrow money to

1719

01:17:45,760 --> 01:17:43,460

take back to his own country their

1720

01:17:47,740 --> 01:17:45,770

interest law is there to ensure he

1721

01:17:49,930 --> 01:17:47,750

doesn't benefit from a carry trade at

1722

01:17:51,580 --> 01:17:49,940

the expense of his own people the

1723

01:17:55,750 --> 01:17:51,590

problem is is down through the Middle

1724

01:17:58,450 --> 01:17:55,760

Agas the you know those in the Jewish

1725

01:18:03,400 --> 01:17:58,460

community who got into that just simply

1726

01:18:04,810 --> 01:18:03,410

saw it as a way of exploiting and what

1727

01:18:07,630 --> 01:18:04,820

they call the [h\_\_\h] the you know the

1728

01:18:09,570 --> 01:18:07,640

Gentiles uh-huh all right and you know

1729

01:18:11,440 --> 01:18:09,580

this is unfortunate because at that time

1730

01:18:13,510 --> 01:18:11,450

the Christian West in particular

1731

01:18:15,550 --> 01:18:13,520

actually had a prohibition on usury

1732

01:18:17,709 --> 01:18:15,560

through the Catholic Church nobody could

1733

01:18:19,930 --> 01:18:17,719

lend at usury so there was no need on

1734

01:18:21,850 --> 01:18:19,940

the part of the of the of the Jewish

1735

01:18:24,520 --> 01:18:21,860

people to do this and you know a

1736

01:18:27,370 --> 01:18:24,530

research into it shows that many Jews

1737

01:18:28,540 --> 01:18:27,380

have actually you know down through the

1738

01:18:31,180 --> 01:18:28,550

ages I'm talking about in the Middle

1739

01:18:33,190 --> 01:18:31,190

Ages decried this practice on their

1740

01:18:34,510 --> 01:18:33,200

basis but you know it got the better of

1741

01:18:35,979 --> 01:18:34,520

certain Jews and they just couldn't

1742

01:18:39,820 --> 01:18:35,989

resist the temptation to lend their

1743

01:18:42,790 --> 01:18:39,830

interest and so on and you know and so

1744

01:18:46,300 --> 01:18:42,800

subsequently their reputation in times

1745

01:18:47,200 --> 01:18:46,310

of dire need particularly the 1340s and

1746

01:18:49,870 --> 01:18:47,210

so on in

1747

01:18:52,209 --> 01:18:49,880

as a stereotype where people go hey it's

1748

01:18:53,770 --> 01:18:52,219

the Jews fault but you know if you go

1749

01:18:56,020 --> 01:18:53,780

and look back at the 30 employees and

1750

01:18:58,410 --> 01:18:56,030

when Jewish banks that were there

1751

01:19:01,000 --> 01:18:58,420

created the situation in that collapse

1752

01:19:05,260 --> 01:19:01,010

you know these these were Christian

1753

01:19:07,870 --> 01:19:05,270

banking organizations and you know but

1754

01:19:10,479 --> 01:19:07,880

unfortunately it has stuck with that

1755

01:19:12,400 --> 01:19:10,489

particular ethnic group now the name

1756

01:19:14,320 --> 01:19:12,410

Rothschild is always thrown up and then

1757

01:19:16,630 --> 01:19:14,330

certain death cult anybody Reid said if

1758

01:19:19,540 --> 01:19:16,640

God can see where where I'm alluding to

1759

01:19:20,020 --> 01:19:19,550

the Rothschild influence and so on down

1760

01:19:22,260 --> 01:19:20,030

through things

1761

01:19:25,870 --> 01:19:22,270

the Rothschilds happen to be Jewish

1762

01:19:28,180 --> 01:19:25,880

they're not banking stalwarts because

1763

01:19:29,920 --> 01:19:28,190

they're Jewish they happen to be Jewish

1764

01:19:31,660 --> 01:19:29,930

right because the Rockefellers are not

1765

01:19:34,000 --> 01:19:31,670

Jewish and they're another lot they're

1766

01:19:36,580 --> 01:19:34,010

dragged in on the you know the whole

1767

01:19:38,530 --> 01:19:36,590

sort of a conspiracy side things yes the

1768

01:19:41,680 --> 01:19:38,540

conspiracy in my opinion exists it

1769

01:19:44,080 --> 01:19:41,690

exists in a very nasty way but it's a

1770

01:19:47,440 --> 01:19:44,090

red herring you know to go entirely down

1771

01:19:49,000 --> 01:19:47,450

the Jewish line because you know they're

1772

01:19:52,540 --> 01:19:49,010

just as many [h\_\_h] out there who are

1773

01:19:55,030 --> 01:19:52,550

quite happy to to get in on the act and

1774

01:19:58,209 --> 01:19:55,040

that's a fair point I mean of course no

1775

01:20:00,310 --> 01:19:58,219

entire group of people is responsible

1776

01:20:01,750 --> 01:20:00,320

for the acts of one member of their

1777

01:20:04,209 --> 01:20:01,760

particular group or the small number of

1778

01:20:07,060 --> 01:20:04,219

members but it is weird that the the

1779

01:20:08,800 --> 01:20:07,070

themes of money and religion are so more

1780

01:20:10,180 --> 01:20:08,810

connected than we give them credit for

1781

01:20:11,650 --> 01:20:10,190

in modern times and why shouldn't they

1782

01:20:13,840 --> 01:20:11,660

be because they're probably the two most

1783

01:20:16,060 --> 01:20:13,850

useful tools of control so why wouldn't

1784

01:20:18,550 --> 01:20:16,070

groups of people use both tools to reap

1785

01:20:19,990 --> 01:20:18,560

the biggest rewards we see when you

1786

01:20:22,530 --> 01:20:20,000

write a book called set and death call

1787

01:20:25,360 --> 01:20:22,540

something sounds incredibly learned okay

1788

01:20:26,950 --> 01:20:25,370

you know people obviously are expecting

1789

01:20:28,630 --> 01:20:26,960

again a lot of people who saw you know

1790

01:20:31,870 --> 01:20:28,640

where are the stories about satanic

1791

01:20:33,400 --> 01:20:31,880

ritual sacrifice you know all the sort

1792

01:20:35,830 --> 01:20:33,410

of stuff you don't wait you know where's

1793

01:20:37,900 --> 01:20:35,840

the a reference to the devil you know

1794

01:20:40,090 --> 01:20:37,910

there's this kind of thing and I should

1795

01:20:43,270 --> 01:20:40,100

say to anybody who's out there in doubt

1796

01:20:46,540 --> 01:20:43,280

I personally at a personal level cast

1797

01:20:49,690 --> 01:20:46,550

myself a Christian but my understanding

1798

01:20:51,970 --> 01:20:49,700

is it is not the devil that is the root

1799

01:20:54,580 --> 01:20:51,980

of all evil it is the love of money that

1800

01:20:56,770 --> 01:20:54,590

is designated as a root of all evil when

1801

01:20:59,380 --> 01:20:56,780

it comes to biblical stuff I'm you know

1802

01:21:01,300 --> 01:20:59,390

whenever anybody's concept of a devil of

1803

01:21:04,930 --> 01:21:01,310

anybody's concept of

1804

01:21:07,810 --> 01:21:04,940

Satan is or whatever it's actually he

1805

01:21:09,520 --> 01:21:07,820

will exploit money more than whatever

1806

01:21:10,720 --> 01:21:09,530

power is supposed to have if you know

1807

01:21:13,180 --> 01:21:10,730

what I mean

1808

01:21:16,060 --> 01:21:13,190

in other words I'm saying is that the

1809

01:21:18,550 --> 01:21:16,070

level of money is actually identified as

1810

01:21:22,180 --> 01:21:18,560

the root cause for all the problems that

1811

01:21:24,520 --> 01:21:22,190

we have and in that term the love of

1812

01:21:27,730 --> 01:21:24,530

money means the love of accumulating by

1813

01:21:29,380 --> 01:21:27,740

debt all right you know if you love

1814

01:21:30,490 --> 01:21:29,390

money you're never gonna release away

1815

01:21:33,790 --> 01:21:30,500

you know you never you're never gonna

1816

01:21:37,920 --> 01:21:33,800

get forgiveness you know in a Christian

1817

01:21:41,020 --> 01:21:37,930

sense and you know this is what I think

1818

01:21:42,790 --> 01:21:41,030

it it's a wonderful solution for me

1819

01:21:44,590 --> 01:21:42,800

because it crosses all religious

1820

01:21:46,600 --> 01:21:44,600

boundaries it crosses all cultural

1821

01:21:49,120 --> 01:21:46,610

boundaries it crosses all racial

1822

01:21:52,810 --> 01:21:49,130

boundaries right it's a logic anybody

1823

01:21:54,580 --> 01:21:52,820

can see you know yeah I'm with you there

1824

01:21:56,920 --> 01:21:54,590

I think that's a good approach and a

1825

01:21:59,050 --> 01:21:56,930

good philosophy so knowing what you know

1826

01:22:00,910 --> 01:21:59,060

about the elite and this hidden history

1827

01:22:02,920 --> 01:22:00,920

of the solar system and finance and

1828

01:22:04,390 --> 01:22:02,930

Saturn can you extrapolate any

1829

01:22:06,040 --> 01:22:04,400

information on what the elite are

1830

01:22:07,720 --> 01:22:06,050

planning for the future or how exactly

1831

01:22:10,990 --> 01:22:07,730

they're trying to shape the next few

1832

01:22:13,480 --> 01:22:11,000

years any ideas yeah sure well quite

1833

01:22:16,630 --> 01:22:13,490

obviously the sort of the adoption of

1834

01:22:21,340 --> 01:22:16,640

the evolutionary idea you know in the

1835

01:22:24,520 --> 01:22:21,350

modern age it basically means that the

1836

01:22:28,420 --> 01:22:24,530

elite are planning the next evolutionary

1837

01:22:31,690 --> 01:22:28,430

step and instead of it coming through a

1838

01:22:33,910 --> 01:22:31,700

messiah or a god or anything like that

1839

01:22:38,140 --> 01:22:33,920

some people will throw luciferianism or

1840

01:22:41,140 --> 01:22:38,150

Illuminism as a as a credo behind all

1841

01:22:44,220 --> 01:22:41,150

this but effectively what we're talking

1842

01:22:47,650 --> 01:22:44,230

about is a is an evolutionary step

1843

01:22:51,990 --> 01:22:47,660

facilitated by our own technological

1844

01:22:54,340 --> 01:22:52,000

know-how and our own technical abilities

1845

01:22:57,310 --> 01:22:54,350

some of this technology is rooted in

1846

01:23:00,610 --> 01:22:57,320

ritual particularly number-based ritual

1847

01:23:04,750 --> 01:23:00,620

and so on but the elite are looking to

1848

01:23:07,870 --> 01:23:04,760

that next step where we inherit a golden

1849

01:23:09,550 --> 01:23:07,880

age through our own means and come hook

1850

01:23:13,600 --> 01:23:09,560

or by crook they are going to facilitate

1851

01:23:14,720 --> 01:23:13,610

that but to facilitate their they need

1852

01:23:17,510 --> 01:23:14,730

the resources or

1853

01:23:18,830 --> 01:23:17,520

this world and they need us to work

1854

01:23:23,200 --> 01:23:18,840

those resources for them

1855

01:23:26,900 --> 01:23:23,210

so there is a technologically based

1856

01:23:28,820 --> 01:23:26,910

transhuman theme to what I see

1857

01:23:32,330 --> 01:23:28,830

developing in the world this idea that

1858

01:23:32,930 --> 01:23:32,340

our next evolutionary step as the

1859

01:23:36,530 --> 01:23:32,940

filmmaker

1860

01:23:39,710 --> 01:23:36,540

Kubrick explored the 2001 Space Odyssey

1861

01:23:43,850 --> 01:23:39,720

the you know to become star children and

1862

01:23:45,200 --> 01:23:43,860

such you know this is believed that they

1863

01:23:47,930 --> 01:23:45,210

can sort develop this through

1864

01:23:50,180 --> 01:23:47,940

technological means and be masters of

1865

01:23:53,530 --> 01:23:50,190

their own destiny but it still comes

1866

01:23:56,210 --> 01:23:53,540

back to that whole idea that they are

1867

01:23:58,640 --> 01:23:56,220

you know that they're doing on the backs

1868

01:24:00,979 --> 01:23:58,650

of us the more nefarious thing that I

1869

01:24:03,770 --> 01:24:00,989

allude to incent and death cults is that

1870

01:24:06,080 --> 01:24:03,780

part of the plan is to coal the earth it

1871

01:24:09,140 --> 01:24:06,090

basically to return the earth to re wild

1872

01:24:11,320 --> 01:24:09,150

it you know the idea that one of the

1873

01:24:15,050 --> 01:24:11,330

ways that they can ensure long-term

1874

01:24:17,420 --> 01:24:15,060

rulership of the earth is to limit the

1875

01:24:19,640 --> 01:24:17,430

amount of us on the earth so that we

1876

01:24:22,550 --> 01:24:19,650

don't overwhelm them by sheer force of

1877

01:24:24,560 --> 01:24:22,560

numbers right and this is where you

1878

01:24:26,660 --> 01:24:24,570

start you know in certain people start

1879

01:24:28,100 --> 01:24:26,670

talking about hey you know if I could

1880

01:24:30,200 --> 01:24:28,110

come back as a virus to wipe out

1881

01:24:31,630 --> 01:24:30,210

humanity I would and we're supposed to

1882

01:24:33,410 --> 01:24:31,640

think these people are wonderful

1883

01:24:34,460 --> 01:24:33,420

environmentalists and so on no they

1884

01:24:38,660 --> 01:24:34,470

they're just straightforward

1885

01:24:41,090 --> 01:24:38,670

psychopathic elitists who's you know

1886

01:24:42,260 --> 01:24:41,100

intent is they never talk about wiping

1887

01:24:44,830 --> 01:24:42,270

themselves out they never take the

1888

01:24:47,870 --> 01:24:44,840

example and apply it to themselves right

1889

01:24:50,300 --> 01:24:47,880

but you know the use of Malthusian

1890

01:24:53,270 --> 01:24:50,310

economics and so on to justify their

1891

01:24:56,180 --> 01:24:53,280

cause their scare mongering on certain

1892

01:24:59,090 --> 01:24:56,190

environmental topics all this thing is

1893

01:25:01,400 --> 01:24:59,100

designed to make us all believe yeah was

1894

01:25:02,930 --> 01:25:01,410

inevitable that you know we're gonna

1895

01:25:04,940 --> 01:25:02,940

have to reduce our settles from 9

1896

01:25:06,890 --> 01:25:04,950

billion in the future

1897

01:25:08,570 --> 01:25:06,900

down to five hundred million that's a

1898

01:25:11,270 --> 01:25:08,580

lot of people to go in one's one fell

1899

01:25:13,100 --> 01:25:11,280

swoop but it but you know Greg it ties

1900

01:25:14,270 --> 01:25:13,110

back in to their whole thing hey there

1901

01:25:17,510 --> 01:25:14,280

was a doom state once where a

1902

01:25:20,660 --> 01:25:17,520

catastrophic event created those kinds

1903

01:25:22,640 --> 01:25:20,670

of casualties on a percentage basis so

1904

01:25:25,040 --> 01:25:22,650

why not have another one you know a

1905

01:25:26,480 --> 01:25:25,050

simulated one why not bring in the new

1906

01:25:27,860 --> 01:25:26,490

golden age with

1907

01:25:31,160 --> 01:25:27,870

with the same kind of event that

1908

01:25:32,990 --> 01:25:31,170

destroyed the old golden age mm-hmm and

1909

01:25:35,150 --> 01:25:33,000

this is really interesting because the

1910

01:25:38,540 --> 01:25:35,160

concept of wanting to be a god is always

1911

01:25:40,760 --> 01:25:38,550

considered to be pretty taboo and you

1912

01:25:42,980 --> 01:25:40,770

know black magic goes into that realm of

1913

01:25:45,080 --> 01:25:42,990

oh you know we want to try to create the

1914

01:25:47,720 --> 01:25:45,090

universe and this is interesting because

1915

01:25:50,660 --> 01:25:47,730

with this depopulation agenda you could

1916

01:25:52,430 --> 01:25:50,670

see it as less people means less

1917

01:25:55,190 --> 01:25:52,440

transfer of information and they can

1918

01:25:57,050 --> 01:25:55,200

usher in their own Cataclysm and I've

1919

01:26:00,290 --> 01:25:57,060

heard some researchers and the breakaway

1920

01:26:02,420 --> 01:26:00,300

civilization thread talk about assuring

1921

01:26:05,600 --> 01:26:02,430

in a giant collapse and total disaster

1922

01:26:07,490 --> 01:26:05,610

and then they might head out to space

1923

01:26:09,260 --> 01:26:07,500

for a few decades and come back as the

1924

01:26:11,480 --> 01:26:09,270

new gods and if that were true if that

1925

01:26:13,250 --> 01:26:11,490

was a real possibility depopulation

1926

01:26:15,440 --> 01:26:13,260

would be key because you'd have to keep

1927

01:26:16,730 --> 01:26:15,450

the information from being off the you

1928

01:26:17,900 --> 01:26:16,740

have to keep it off the earth keep

1929

01:26:19,490 --> 01:26:17,910

people from transferring that

1930

01:26:22,100 --> 01:26:19,500

information so you could come back and

1931

01:26:24,440 --> 01:26:22,110

then tell all these ignorant people the

1932

01:26:25,820 --> 01:26:24,450

story and recreate this whole cycle that

1933

01:26:29,510 --> 01:26:25,830

we might have been in for a long long

1934

01:26:31,630 --> 01:26:29,520

time yes I I think that's pretty well

1935

01:26:35,360 --> 01:26:31,640

much on the money in terms of the plan

1936

01:26:38,540 --> 01:26:35,370

how advanced they are how feasible it is

1937

01:26:40,340 --> 01:26:38,550

on their behalf I don't know where I

1938

01:26:44,240 --> 01:26:40,350

differ from a lot of the breakaway

1939

01:26:46,730 --> 01:26:44,250

civilization oriented you know sort of

1940

01:26:48,410 --> 01:26:46,740

the stories that utilize the breakaway

1941

01:26:50,720 --> 01:26:48,420

civilization I'm in full agreement with

1942

01:26:52,910 --> 01:26:50,730

the idea that there is a breakaway

1943

01:26:56,030 --> 01:26:52,920

civilization of that I'm absolutely

1944

01:26:58,550 --> 01:26:56,040

certain but where I'm in disagreement is

1945

01:27:01,190 --> 01:26:58,560

I actually do not believe they have any

1946

01:27:02,240 --> 01:27:01,200

control over the current collapse there

1947

01:27:04,460 --> 01:27:02,250

are people who believe that they are

1948

01:27:05,330 --> 01:27:04,470

purposefully collapsing the financial

1949

01:27:06,980 --> 01:27:05,340

system uh-huh

1950

01:27:08,960 --> 01:27:06,990

I actually believe that is the

1951

01:27:11,300 --> 01:27:08,970

miscalculation they've made you know in

1952

01:27:14,840 --> 01:27:11,310

this whole sort of deal that it's

1953

01:27:16,760 --> 01:27:14,850

actually getting away from them and and

1954

01:27:20,540 --> 01:27:16,770

the reason that I believe that is

1955

01:27:22,340 --> 01:27:20,550

because you know I've developed a sort

1956

01:27:25,100 --> 01:27:22,350

of an understanding particularly through

1957

01:27:28,070 --> 01:27:25,110

the writings of Joseph B Farrell so that

1958

01:27:30,680 --> 01:27:28,080

there is a third influence in the world

1959

01:27:32,750 --> 01:27:30,690

that is what you would call the Nazi

1960

01:27:34,940 --> 01:27:32,760

international the vestiges of their

1961

01:27:37,340 --> 01:27:34,950

power base that was defeated supposedly

1962

01:27:39,920 --> 01:27:37,350

in the Second World War but has become a

1963

01:27:41,480 --> 01:27:39,930

Supra state exist

1964

01:27:44,330 --> 01:27:41,490

in the world they have enormous

1965

01:27:47,270 --> 01:27:44,340

financial clout and right now you'll

1966

01:27:48,680 --> 01:27:47,280

seen the marker that they put down at

1967

01:27:51,140 --> 01:27:48,690

the end of the Second World War being

1968

01:27:52,900 --> 01:27:51,150

called in this is why you have all these

1969

01:27:54,920 --> 01:27:52,910

bailouts going on and so on the

1970

01:27:59,440 --> 01:27:54,930

anglo-american banking elite are in an

1971

01:28:03,560 --> 01:27:59,450

absolute panic and basically there is a

1972

01:28:05,930 --> 01:28:03,570

growing influence and you know I've been

1973

01:28:08,810 --> 01:28:05,940

on the record as far back as 2011 saying

1974

01:28:11,840 --> 01:28:08,820

this but coming out of China coming out

1975

01:28:15,860 --> 01:28:11,850

of Russia there seems to be a universal

1976

01:28:16,880 --> 01:28:15,870

they how can I a different influence

1977

01:28:19,220 --> 01:28:16,890

that as their odds with the

1978

01:28:22,370 --> 01:28:19,230

anglo-american banking establishment and

1979

01:28:23,870 --> 01:28:22,380

I honestly believe that you know what

1980

01:28:28,580 --> 01:28:23,880

we're seeing in Ukraine what we're

1981

01:28:30,080 --> 01:28:28,590

seeing in Syria is at the very tip of

1982

01:28:33,800 --> 01:28:30,090

the iceberg of what's actually going on

1983

01:28:37,220 --> 01:28:33,810

in the struggle where the anglo-american

1984

01:28:38,990 --> 01:28:37,230

banking elite you know they're basically

1985

01:28:41,240 --> 01:28:39,000

on the way out and I think that's a

1986

01:28:43,790 --> 01:28:41,250

great thing right yeah

1987

01:28:45,890 --> 01:28:43,800

like maybe these breakaway civilization

1988

01:28:48,500 --> 01:28:45,900

ideas are just their contingency plan

1989

01:28:50,330 --> 01:28:48,510

because they're losing control that

1990

01:28:52,850 --> 01:28:50,340

makes perfect sense I've also heard

1991

01:28:55,120 --> 01:28:52,860

people talk about the idea of why in the

1992

01:28:59,120 --> 01:28:55,130

past few decades we've seen so much

1993

01:29:01,130 --> 01:28:59,130

anti-muslim ever since 9/11 and that

1994

01:29:04,610 --> 01:29:01,140

we're going hard at the Middle East a

1995

01:29:06,470 --> 01:29:04,620

lot of that is these banking structures

1996

01:29:07,940 --> 01:29:06,480

trying to expand their markets to keep

1997

01:29:10,160 --> 01:29:07,950

them afloat just a little while longer

1998

01:29:12,290 --> 01:29:10,170

kick the can down the road yeah well you

1999

01:29:13,550 --> 01:29:12,300

see it's one it's one part of what you

2000

01:29:15,050 --> 01:29:13,560

would call the international finance

2001

01:29:20,390 --> 01:29:15,060

system that still adheres to another

2002

01:29:23,060 --> 01:29:20,400

interest you know ethic and you know

2003

01:29:25,880 --> 01:29:23,070

that there is a that dictum the root of

2004

01:29:28,310 --> 01:29:25,890

all evils love money you know money is

2005

01:29:31,760 --> 01:29:28,320

going to be at the core of what's going

2006

01:29:34,130 --> 01:29:31,770

on there but you know for me the the big

2007

01:29:37,250 --> 01:29:34,140

issue is watch what the Chinese are

2008

01:29:39,320 --> 01:29:37,260

doing with gold watch what the Russians

2009

01:29:40,940 --> 01:29:39,330

have been doing with gold and and watch

2010

01:29:43,400 --> 01:29:40,950

their relationship particularly with

2011

01:29:46,400 --> 01:29:43,410

Germany because I believe that these

2012

01:29:48,860 --> 01:29:46,410

guys are going to introduce a commodity

2013

01:29:53,600 --> 01:29:48,870

back system there is going to completely

2014

01:29:56,140 --> 01:29:53,610

destroy the effectiveness of the

2015

01:29:58,010 --> 01:29:56,150

Fiat US dollar reserve currency system

2016

01:30:00,260 --> 01:29:58,020

you know the petrodollar

2017

01:30:01,790 --> 01:30:00,270

system I don't think that's the end of

2018

01:30:04,100 --> 01:30:01,800

the equation you know I'm not a great

2019

01:30:06,380 --> 01:30:04,110

fan of commodity back money either it

2020

01:30:07,730 --> 01:30:06,390

has its own problems but I think that's

2021

01:30:09,980 --> 01:30:07,740

the phase that we're in at the moment

2022

01:30:13,040 --> 01:30:09,990

and I would always advise people to

2023

01:30:14,330 --> 01:30:13,050

watch very very carefully for me it's

2024

01:30:16,100 --> 01:30:14,340

the relationship between Russia and

2025

01:30:19,430 --> 01:30:16,110

Germany that's the most interesting

2026

01:30:21,940 --> 01:30:19,440

thing happening at say the

2027

01:30:25,490 --> 01:30:21,950

socio-economic geopolitical level

2028

01:30:27,530 --> 01:30:25,500

yeah and Germany has got a rich history

2029

01:30:29,270 --> 01:30:27,540

of interesting financial structures and

2030

01:30:32,120 --> 01:30:29,280

man we could just talk about this stuff

2031

01:30:34,280 --> 01:30:32,130

all day it has been super eye-opening

2032

01:30:37,130 --> 01:30:34,290

and in the beginning I wasn't sure why

2033

01:30:39,080 --> 01:30:37,140

the elite would want to keep this secret

2034

01:30:41,120 --> 01:30:39,090

because it's just like oh you know there

2035

01:30:42,740 --> 01:30:41,130

used to be a different Sun big deal but

2036

01:30:46,430 --> 01:30:42,750

now you know everything that they've

2037

01:30:47,870 --> 01:30:46,440

built right hinges on that so to keep

2038

01:30:49,640 --> 01:30:47,880

the one secret you know you'd it would

2039

01:30:51,590 --> 01:30:49,650

all unravel you hear people talk about

2040

01:30:53,420 --> 01:30:51,600

that a mountain of Lies you know one lie

2041

01:30:55,940 --> 01:30:53,430

begets the next and you're hot on the

2042

01:30:58,340 --> 01:30:55,950

heels of revealing that truth there's a

2043

01:31:03,050 --> 01:30:58,350

reason they stick that ridiculous I of

2044

01:31:08,030 --> 01:31:03,060

u.s. dollar bill yeah it's a it's there

2045

01:31:11,870 --> 01:31:08,040

for a reason which is so out of bounds

2046

01:31:13,970 --> 01:31:11,880

in terms of rational thought so but it

2047

01:31:16,610 --> 01:31:13,980

actually makes sense when you understand

2048

01:31:17,720 --> 01:31:16,620

there's a control mechanism you know in

2049

01:31:20,930 --> 01:31:17,730

terms of our deep-rooted

2050

01:31:22,850 --> 01:31:20,940

subconsciousness man yeah it's right

2051

01:31:24,380 --> 01:31:22,860

this has been an amazing time I really

2052

01:31:26,240 --> 01:31:24,390

think it would be awesome if we did a

2053

01:31:28,520 --> 01:31:26,250

follow up sometime but we are getting

2054

01:31:30,650 --> 01:31:28,530

any time nice yeah I mean it's just

2055

01:31:34,220 --> 01:31:30,660

fascinating ideas man and and you have

2056

01:31:36,440 --> 01:31:34,230

to do so much groundwork to replace the

2057

01:31:38,930 --> 01:31:36,450

the basis that so many people have for

2058

01:31:40,820 --> 01:31:38,940

the history of money history of of the

2059

01:31:44,290 --> 01:31:40,830

solar system it's it's a huge topic

2060

01:31:46,250 --> 01:31:44,300

you're undoing decades of learning or

2061

01:31:48,070 --> 01:31:46,260

indoctrination to give people real

2062

01:31:50,180 --> 01:31:48,080

learning so I think that's great but

2063

01:31:51,680 --> 01:31:50,190

before we go would you like to tell the

2064

01:31:54,560 --> 01:31:51,690

people about your website or anything

2065

01:31:57,620 --> 01:31:54,570

else you're working on yeah well the

2066

01:32:00,830 --> 01:31:57,630

website is saddened death cult calm and

2067

01:32:02,330 --> 01:32:00,840

there is an e-book his new book version

2068

01:32:04,659 --> 01:32:02,340

which has a little bit more material

2069

01:32:07,479 --> 01:32:04,669

than there's on the website

2070

01:32:08,529 --> 01:32:07,489

now that you know you can buy that gives

2071

01:32:10,449 --> 01:32:08,539

you a little bit more sort of background

2072

01:32:13,239 --> 01:32:10,459

to some of the cosmology and some of the

2073

01:32:15,839 --> 01:32:13,249

science around certain things but yeah

2074

01:32:18,219 --> 01:32:15,849

this is the website I'm police say that

2075

01:32:21,069 --> 01:32:18,229

over the last year I've also released a

2076

01:32:22,750 --> 01:32:21,079

second book which is much more inclined

2077

01:32:26,409 --> 01:32:22,760

towards the cosmology and answers

2078

01:32:29,080 --> 01:32:26,419

questions of what the solar system our

2079

01:32:30,939 --> 01:32:29,090

solar system as there's Napa now look

2080

01:32:32,770 --> 01:32:30,949

like before the arrival is set in there

2081

01:32:35,199 --> 01:32:32,780

I've done that in conjunction with an

2082

01:32:36,790 --> 01:32:35,209

author called Ted Holden it's a book

2083

01:32:38,949 --> 01:32:36,800

called cosmos and collision you'll see

2084

01:32:41,469 --> 01:32:38,959

it advertised on my website and acts

2085

01:32:45,899 --> 01:32:41,479

like a prequel to seven difficult but it

2086

01:32:49,000 --> 01:32:45,909

is it's much more sort of geared towards

2087

01:32:51,069 --> 01:32:49,010

cosmology and academic referencing than

2088

01:32:53,080 --> 01:32:51,079

seven death cultures so check that out

2089

01:32:54,069 --> 01:32:53,090

of the third the cosmology appeals to

2090

01:32:56,020 --> 01:32:54,079

you awesome

2091

01:32:58,089 --> 01:32:56,030

well Troy it has been a real pleasure

2092

01:32:59,500 --> 01:32:58,099

I'm definitely down to do it again

2093

01:33:01,719 --> 01:32:59,510

sometime there's so much more meat on

2094

01:33:04,330 --> 01:33:01,729

these bones but until then man take care

2095

01:33:05,830 --> 01:33:04,340

of yourself alright thanks very much

2096

01:33:07,959 --> 01:33:05,840

Greg I've really enjoyed myself

2097

01:33:09,969 --> 01:33:07,969

Jason there it is people another show in

2098

01:33:12,009 --> 01:33:09,979

the bag which will forever change the

2099

01:33:14,799 --> 01:33:12,019

way I speculate about the ancient past

2100

01:33:17,469 --> 01:33:14,809

and I hope you can agree might the world

2101

01:33:18,790 --> 01:33:17,479

not be 10,000 years old literally but

2102

01:33:20,379 --> 01:33:18,800

maybe that's the date the hardcore

2103

01:33:22,389 --> 01:33:20,389

Christians used because it's the birth

2104

01:33:24,850 --> 01:33:22,399

of the modern world but little do they

2105

01:33:26,409 --> 01:33:24,860

know that maybe it explains mammoths in

2106

01:33:29,560 --> 01:33:26,419

the Arctic region and stories of a

2107

01:33:31,689 --> 01:33:29,570

global Golden Age a paradise and Eden if

2108

01:33:33,669 --> 01:33:31,699

you will is this what Stanley Kubrick

2109

01:33:35,500 --> 01:33:33,679

was trying to tell us does this explain

2110

01:33:37,810 --> 01:33:35,510

the giant skeletons that have been found

2111

01:33:39,489 --> 01:33:37,820

lots of things to think about as you

2112

01:33:41,350 --> 01:33:39,499

tuck your pretty little self into bed

2113

01:33:43,330 --> 01:33:41,360

tonight fill out those all-important

2114

01:33:45,790 --> 01:33:43,340

forms or stock the shelves of Perpetual

2115

01:33:47,709 --> 01:33:45,800

predatory capitalism and I am happy to

2116

01:33:49,600 --> 01:33:47,719

distract your mind ever so slightly

2117

01:33:51,339 --> 01:33:49,610

while you deal with whatever it is the

2118

01:33:53,169 --> 01:33:51,349

Saturn death cult is thrown at you

2119

01:33:54,790 --> 01:33:53,179

please share the show with your friends

2120

01:33:57,819 --> 01:33:54,800

sign up for the Plus show at the higher

2121

01:33:59,949 --> 01:33:57,829

side chats plus calm or throw 5 bucks in

2122

01:34:02,169 --> 01:33:59,959

the money bomb or just keep listening I
