1
00:00:05,550 --> 00:00:03,030
hello greg and fellow fans of the

2
00:00:08,310 --> 00:00:05,560
my username is lisa marie on the

3
00:00:10,950 --> 00:00:08,320
highersidechats.com website and i won

4
00:00:13,190 --> 00:00:10,960
some money bomb i am from arkansas and

5
00:00:15,030 --> 00:00:13,200
currently live in rural arkansas i like

6
00:00:17,670 --> 00:00:15,040
to write poetry and take photographs

7
00:00:19,910 --> 00:00:17,680
with my old 35 millimeter camera i have

8
00:00:21,910 --> 00:00:19,920
a husband of 18 years and we have a 14

9
00:00:24,150 --> 00:00:21,920
year old son i woke up from being

10
00:00:26,230 --> 00:00:24,160
sheepish after separation from my

11
00:00:29,509 --> 00:00:26,240
enslavement with a multinational monster

12
00:00:31,189 --> 00:00:29,519
wireless company last december i cashed

13
00:00:33,590 --> 00:00:31,199

in my 401k

14

00:00:36,310 --> 00:00:33,600

throughout the tv and began working on

15

00:00:38,389 --> 00:00:36,320

my deprogramming that job almost killed

16

00:00:40,950 --> 00:00:38,399

me now i clean hotel rooms for the

17

00:00:43,270 --> 00:00:40,960

exercise and minimum wage nobody at that

18

00:00:44,470 --> 00:00:43,280

job realizes i am a college grad and it

19

00:00:47,029 --> 00:00:44,480

doesn't matter

20

00:00:48,950 --> 00:00:47,039

i have more time for my family i pay a

21

00:00:51,670 --> 00:00:48,960

lot less taxes and my son is

22

00:00:54,310 --> 00:00:51,680

homeschooled now so that is why i will

23

00:00:55,430 --> 00:00:54,320

use the people's money toward mortgage

24

00:00:57,189 --> 00:00:55,440

100

25

00:00:58,869 --> 00:00:57,199

boy did i need it

26

00:01:01,590 --> 00:00:58,879

i love the subscription and the money

27

00:01:04,469 --> 00:01:01,600

bomb it is the best deal in town

28

00:01:06,550 --> 00:01:04,479

i dig all your topics i love freeman fly

29

00:01:08,390 --> 00:01:06,560

and now jamie henshaw too

30

00:01:11,270 --> 00:01:08,400

so i hope they will be on

31

00:01:13,270 --> 00:01:11,280

also we are being chemtrailed hard so

32

00:01:15,190 --> 00:01:13,280

any discussion about what is being

33

00:01:25,190 --> 00:01:15,200

sprayed would be interesting i look

34

00:01:28,950 --> 00:01:27,270

president thanks delano roosevelt

35

00:01:31,590 --> 00:01:28,960

depressed the nation through a series of

36

00:01:34,469 --> 00:01:31,600

radio broadcasts known as the fireside

37

00:01:36,310 --> 00:01:34,479

chats his aim was to reassure the common

38

00:01:51,830 --> 00:01:36,320

man that our society would recover from

39

00:01:55,910 --> 00:01:53,670

here we go our side chatters drink a

40

00:01:58,230 --> 00:01:55,920

little drink smoking a little smoke from

41

00:01:59,910 --> 00:01:58,240

sunny san diego i'm greg carl wood we

42

00:02:01,830 --> 00:01:59,920

heard from the last money bomb winner

43

00:02:03,350 --> 00:02:01,840

before the intro congrats to her and

44

00:02:06,230 --> 00:02:03,360

thanks to everyone who's keeping that

45

00:02:08,550 --> 00:02:06,240

program alive along with thc plus it

46

00:02:10,630 --> 00:02:08,560

really means a lot and today is such a

47

00:02:13,270 --> 00:02:10,640

great show a solution show one of my

48

00:02:15,030 --> 00:02:13,280

favorite types where we graduate from

49

00:02:16,869 --> 00:02:15,040

the basic understanding that our system

50

00:02:18,630 --> 00:02:16,879

is [h__\h] and corrupted nearly every

51
00:02:20,470 --> 00:02:18,640
level and we say

52
00:02:22,790 --> 00:02:20,480
well what are we gonna do about it and

53
00:02:24,949 --> 00:02:22,800
greg paul the director of the new earth

54
00:02:27,350 --> 00:02:24,959
nation has some great ideas and an

55
00:02:29,350 --> 00:02:27,360
extremely positive attitude new earth

56
00:02:32,390 --> 00:02:29,360
nation is sort of tough to explain

57
00:02:34,070 --> 00:02:32,400
because it's not a system itself per se

58
00:02:36,309 --> 00:02:34,080
other than to state that the individuals

59
00:02:38,229 --> 00:02:36,319
involved want freedom justice peace and

60
00:02:40,070 --> 00:02:38,239
abundance for everyone and want to

61
00:02:41,910 --> 00:02:40,080
implement the greatest tools we have

62
00:02:43,589 --> 00:02:41,920
many of which have been suppressed or

63
00:02:45,350 --> 00:02:43,599

overlooked because of their empowering

64

00:02:47,030 --> 00:02:45,360

nature to the people rather than the

65

00:02:48,710 --> 00:02:47,040

power structures

66

00:02:51,110 --> 00:02:48,720

so the new authors they have the

67

00:02:53,750 --> 00:02:51,120

blueprints a lot of guidelines and

68

00:02:55,910 --> 00:02:53,760

suggestions but no real requirements to

69

00:02:58,550 --> 00:02:55,920

their communities no way it's going to

70

00:03:00,309 --> 00:02:58,560

be so to speak but when greg talks about

71

00:03:01,990 --> 00:03:00,319

some of the technologies and tools that

72

00:03:04,309 --> 00:03:02,000

could be used that we don't get to hear

73

00:03:06,630 --> 00:03:04,319

about that often it really blew my mind

74

00:03:08,149 --> 00:03:06,640

a couple of times i think there is a lot

75

00:03:09,910 --> 00:03:08,159

of great information that i haven't

76
00:03:11,990 --> 00:03:09,920
heard before really anywhere and i think

77
00:03:14,149 --> 00:03:12,000
a large part of that is because of the

78
00:03:15,910 --> 00:03:14,159
circles that greg paul is in at the

79
00:03:17,750 --> 00:03:15,920
moment but also because he's outside of

80
00:03:20,070 --> 00:03:17,760
the western world and has been for quite

81
00:03:22,309 --> 00:03:20,080
some time i talked to him from bali

82
00:03:23,990 --> 00:03:22,319
indonesia and i think getting yourself

83
00:03:25,589 --> 00:03:24,000
out of the system mentally and

84
00:03:27,509 --> 00:03:25,599
physically has effects on your

85
00:03:29,990 --> 00:03:27,519
consciousness that might not occur

86
00:03:31,990 --> 00:03:30,000
otherwise so i really appreciate his

87
00:03:33,990 --> 00:03:32,000
perspective and find it a pretty unique

88
00:03:36,390 --> 00:03:34,000

opportunity to converse with someone

89

00:03:38,869 --> 00:03:36,400

who's dialed in to a much different

90

00:03:41,030 --> 00:03:38,879

mindset but it comes with challenges too

91

00:03:43,190 --> 00:03:41,040

the internet is not great in bali

92

00:03:46,470 --> 00:03:43,200

indonesia and we lost the connection a

93

00:03:49,030 --> 00:03:46,480

dozen times had signal issues had greg

94

00:03:50,789 --> 00:03:49,040

changed devices several times had a

95

00:03:53,030 --> 00:03:50,799

really bad delay but i have been working

96

00:03:55,910 --> 00:03:53,040

my ass off for two days trying to stitch

97

00:03:57,750 --> 00:03:55,920

it all together and equalize it all and

98

00:04:00,710 --> 00:03:57,760

get rid of all the crying children

99

00:04:02,550 --> 00:04:00,720

barking dogs crowing roosters and random

100

00:04:05,030 --> 00:04:02,560

other noises coming from the tropical

101

00:04:06,869 --> 00:04:05,040

paradise and open huts of bali

102

00:04:08,470 --> 00:04:06,879

and personally i kind of like hearing

103

00:04:10,390 --> 00:04:08,480

just a little bit of those sounds

104

00:04:12,390 --> 00:04:10,400

because it really makes the area

105

00:04:13,429 --> 00:04:12,400

gregasin seem alive

106

00:04:15,190 --> 00:04:13,439

although

107

00:04:17,430 --> 00:04:15,200

not the most convenient for interviews

108

00:04:19,909 --> 00:04:17,440

but i hope you can appreciate it in that

109

00:04:21,830 --> 00:04:19,919

sense and in the sense that if i want to

110

00:04:23,590 --> 00:04:21,840

take a risk and do a show with someone

111

00:04:25,670 --> 00:04:23,600

in a tropical location because i think

112

00:04:27,830 --> 00:04:25,680

there's a valuable conversation there

113

00:04:31,189 --> 00:04:27,840

it's not going to have the same polish

114

00:04:32,550 --> 00:04:31,199

as a guy in new york city and i think we

115

00:04:34,469 --> 00:04:32,560

can all agree that it's better than not

116

00:04:35,830 --> 00:04:34,479

having the conversation at all but

117

00:04:37,430 --> 00:04:35,840

either way i think it turned out great

118

00:04:39,350 --> 00:04:37,440

just slightly inconsistent i'm sure

119

00:04:41,990 --> 00:04:39,360

you're gonna love it but we have been

120

00:04:44,150 --> 00:04:42,000

due for some positivity here and it's a

121

00:04:45,670 --> 00:04:44,160

solid dose from the director of the new

122

00:05:08,310 --> 00:04:45,680

earth nation

123

00:05:12,390 --> 00:05:10,550

ladies and gentlemen boys and girls we

124

00:05:14,469 --> 00:05:12,400

spend a lot of time talking about the

125

00:05:16,390 --> 00:05:14,479

evils of the world the nefarious elite

126

00:05:18,469 --> 00:05:16,400

and our suffocation under their matrix

127

00:05:20,390 --> 00:05:18,479

of control and i feel like this is an

128

00:05:22,710 --> 00:05:20,400

all-important step one because with each

129

00:05:24,710 --> 00:05:22,720

examination of our various 99 problems

130

00:05:27,110 --> 00:05:24,720

our desperation and urgency for real

131

00:05:29,110 --> 00:05:27,120

change becomes most apparent and every

132

00:05:31,430 --> 00:05:29,120

so often when we can i like to do a show

133

00:05:33,110 --> 00:05:31,440

that explores the big step two solutions

134

00:05:34,870 --> 00:05:33,120

and models that we can subscribe to to

135

00:05:36,950 --> 00:05:34,880

get out of the violent abusive

136

00:05:38,550 --> 00:05:36,960

authoritarian system we were born into

137

00:05:40,550 --> 00:05:38,560

and today is going to be just one of

138

00:05:42,629 --> 00:05:40,560

those shows we're talking with greg paul

139

00:05:44,469 --> 00:05:42,639

the director of the new earth nation a

140

00:05:45,830 --> 00:05:44,479

really insightful and inspirational guy

141

00:05:47,270 --> 00:05:45,840

who's really pushing for the change a

142

00:05:49,350 --> 00:05:47,280

lot of us are sitting around and waiting

143

00:05:50,870 --> 00:05:49,360

for all the way from bali i know i'm

144

00:05:53,430 --> 00:05:50,880

psyched to have him here greg my man how

145

00:05:56,710 --> 00:05:53,440

the hell are you fantastic thanks greg

146

00:05:59,270 --> 00:05:57,990

yeah man well

147

00:06:01,029 --> 00:05:59,280

you're worthy of it i mean you're doing

148

00:06:03,590 --> 00:06:01,039

a lot of great work i think this new

149

00:06:06,150 --> 00:06:03,600

earth nation program is is pretty

150

00:06:08,710 --> 00:06:06,160

awesome you've got a great website all

151
00:06:10,950 --> 00:06:08,720
the things that are necessary for people

152
00:06:13,430 --> 00:06:10,960
to start generating some buzz around it

153
00:06:15,430 --> 00:06:13,440
and uh i think it's it's super exciting

154
00:06:16,870 --> 00:06:15,440
so i appreciate you being here i mean

155
00:06:18,629 --> 00:06:16,880
these are some of my favorite types of

156
00:06:20,070 --> 00:06:18,639
shows to do i love to hear about these

157
00:06:21,590 --> 00:06:20,080
new models rather than just hearing

158
00:06:23,990 --> 00:06:21,600
about the history of our economic

159
00:06:25,909 --> 00:06:24,000
enslavement so this should be fun but to

160
00:06:27,909 --> 00:06:25,919
start us out man tell us a little about

161
00:06:29,430 --> 00:06:27,919
a little about uh your story because i

162
00:06:31,510 --> 00:06:29,440
know you were a pretty successful guy

163
00:06:33,029 --> 00:06:31,520

before you decided to extract yourself

164

00:06:34,550 --> 00:06:33,039

from the system and work for something

165

00:06:36,469 --> 00:06:34,560

greater so what brought you to the point

166

00:06:39,029 --> 00:06:36,479

of being the director of something so

167

00:06:40,790 --> 00:06:39,039

radically different like this

168

00:06:41,830 --> 00:06:40,800

um

169

00:06:45,350 --> 00:06:41,840

well

170

00:06:48,070 --> 00:06:45,360

in one word conscience i guess um

171

00:06:51,909 --> 00:06:48,080

and it's not like the the job i used to

172

00:06:55,350 --> 00:06:51,919

do in in that old world if you like was

173

00:06:58,070 --> 00:06:55,360

um particularly despotic i was uh

174

00:07:00,830 --> 00:06:58,080

i started life as a quantity surveyor um

175

00:07:03,029 --> 00:07:00,840

for on big construction

176

00:07:04,070 --> 00:07:03,039

projects um and

177

00:07:07,189 --> 00:07:04,080

kind of

178

00:07:08,790 --> 00:07:07,199

went through various roles there and

179

00:07:10,309 --> 00:07:08,800

ended up establishing my own house

180

00:07:11,189 --> 00:07:10,319

building company so

181

00:07:15,510 --> 00:07:11,199

we

182

00:07:18,230 --> 00:07:15,520

if you like

183

00:07:19,029 --> 00:07:18,240

i had a good life and there was no need

184

00:07:20,230 --> 00:07:19,039

to

185

00:07:22,710 --> 00:07:20,240

um

186

00:07:25,589 --> 00:07:22,720

to rebel from the system it never

187

00:07:29,110 --> 00:07:25,599

treated us particularly badly right

188

00:07:32,309 --> 00:07:29,120

kind of landed on our feet but then

189

00:07:34,870 --> 00:07:32,319

you know serendipity has a way of

190

00:07:37,110 --> 00:07:34,880

surprising you every now and again and

191

00:07:38,390 --> 00:07:37,120

it did that with my wife and i

192

00:07:41,110 --> 00:07:38,400

um and

193

00:07:41,990 --> 00:07:41,120

i started i think with us meeting

194

00:07:44,390 --> 00:07:42,000

um

195

00:07:46,710 --> 00:07:44,400

a couple of people who initially i think

196

00:07:48,629 --> 00:07:46,720

the the two very first things we were

197

00:07:50,469 --> 00:07:48,639

introduced to by this

198

00:07:52,869 --> 00:07:50,479

man and woman partner

199

00:07:55,749 --> 00:07:52,879

were chemtrails the existence of

200

00:07:59,670 --> 00:07:55,759

chemtrails and

201
00:08:02,230 --> 00:07:59,680
the nature of the banking system

202
00:08:04,070 --> 00:08:02,240
both of which we kind of shunned like

203
00:08:06,070 --> 00:08:04,080
like you do and the very first time you

204
00:08:08,710 --> 00:08:06,080
hear it but it's all it has to do is

205
00:08:10,710 --> 00:08:08,720
create enough of a [h__h] in your

206
00:08:13,110 --> 00:08:10,720
armor that you go and take a look for

207
00:08:14,150 --> 00:08:13,120
yourself um

208
00:08:16,150 --> 00:08:14,160
and

209
00:08:17,749 --> 00:08:16,160
it's the usual story we spent the next

210
00:08:21,029 --> 00:08:17,759
12 months

211
00:08:23,510 --> 00:08:21,039
glued for six hours every evening to

212
00:08:25,110 --> 00:08:23,520
various youtube videos and

213
00:08:27,670 --> 00:08:25,120

um

214

00:08:29,589 --> 00:08:27,680

and research papers and books on you

215

00:08:31,510 --> 00:08:29,599

know that kind of thing

216

00:08:33,509 --> 00:08:31,520

um

217

00:08:36,230 --> 00:08:33,519

and come the end of it having discovered

218

00:08:38,870 --> 00:08:36,240

i mean for me it was the banking system

219

00:08:40,389 --> 00:08:38,880

um and that which is really the core and

220

00:08:42,870 --> 00:08:40,399

heart of everything all the other

221

00:08:45,430 --> 00:08:42,880

conspiracy stuff was

222

00:08:46,550 --> 00:08:45,440

was all very well and good but for me

223

00:08:48,150 --> 00:08:46,560

it was

224

00:08:51,910 --> 00:08:48,160

about the banking system something that

225

00:08:54,070 --> 00:08:51,920

you could logically look at and um

226

00:08:55,990 --> 00:08:54,080

see the the real precise pathology of

227

00:08:58,470 --> 00:08:56,000

everything else i was looking at

228

00:09:00,470 --> 00:08:58,480

it all seemed to add up to a big story

229

00:09:01,269 --> 00:09:00,480

but i couldn't prove any of it myself

230

00:09:03,269 --> 00:09:01,279

right

231

00:09:06,310 --> 00:09:03,279

the only thing i could prove

232

00:09:08,550 --> 00:09:06,320

was that um from papers issued by the

233

00:09:10,710 --> 00:09:08,560

system itself was how the banking system

234

00:09:13,110 --> 00:09:10,720

really functioned

235

00:09:16,230 --> 00:09:13,120

and done it's the only thing i could uh

236

00:09:19,910 --> 00:09:16,240

dissect to the the finest detail and so

237

00:09:23,910 --> 00:09:21,350

to

238

00:09:26,310 --> 00:09:23,920

i just can't do this anymore

239

00:09:27,750 --> 00:09:26,320

how can i in good conscience continue to

240

00:09:30,150 --> 00:09:27,760

pay and pay

241

00:09:31,750 --> 00:09:30,160

a mortgage when i know

242

00:09:33,509 --> 00:09:31,760

that it's fraudulent and therefore i

243

00:09:36,310 --> 00:09:33,519

would be complicit with that fraud but

244

00:09:39,590 --> 00:09:36,320

if i were to continue doing so how can i

245

00:09:40,550 --> 00:09:39,600

continue to to do any of those things

246

00:09:42,710 --> 00:09:40,560

that

247

00:09:44,630 --> 00:09:42,720

are

248

00:09:45,670 --> 00:09:44,640

essentially complicit with a fraudulent

249

00:09:47,110 --> 00:09:45,680

system

250

00:09:47,990 --> 00:09:47,120

um

251

00:09:56,790 --> 00:09:48,000

if

252

00:09:59,910 --> 00:09:56,800

you like so

253

00:10:00,949 --> 00:09:59,920

that's yeah that's how it all started um

254

00:10:02,870 --> 00:10:00,959

and

255

00:10:04,630 --> 00:10:02,880

you know we all tell ourselves stories

256

00:10:07,110 --> 00:10:04,640

to justify

257

00:10:09,670 --> 00:10:07,120

um continuing doing things you know the

258

00:10:12,790 --> 00:10:09,680

necessity card or um

259

00:10:14,470 --> 00:10:12,800

whatever else but you see

260

00:10:16,710 --> 00:10:14,480

for us we were on a very much a

261

00:10:19,430 --> 00:10:16,720

spiritual journey very well

262

00:10:21,030 --> 00:10:19,440

deep into a spiritual journey and

263

00:10:22,949 --> 00:10:21,040

to

264

00:10:25,990 --> 00:10:22,959

play a necessity card when it was

265

00:10:28,550 --> 00:10:26,000

already a living really at least partly

266

00:10:31,030 --> 00:10:28,560

a living part of our experience the

267

00:10:32,790 --> 00:10:31,040

you know the universe life just delivers

268

00:10:35,509 --> 00:10:32,800

whatever it is you need and want when

269

00:10:37,990 --> 00:10:35,519

you need it um you know you're on this

270

00:10:40,230 --> 00:10:38,000

very sacred kind of journey that those

271

00:10:42,069 --> 00:10:40,240

kind of excuses don't stack up to with

272

00:10:44,790 --> 00:10:42,079

you with yourself anymore

273

00:10:46,550 --> 00:10:44,800

so it really left us in a place where we

274

00:10:47,829 --> 00:10:46,560

just had to walk away

275

00:10:50,310 --> 00:10:47,839

and we didn't

276

00:10:51,910 --> 00:10:50,320

sell the business or sell house or sell

277

00:10:52,870 --> 00:10:51,920

anything we just

278

00:10:54,150 --> 00:10:52,880

stopped

279

00:10:56,790 --> 00:10:54,160

wow

280

00:10:58,069 --> 00:10:56,800

just just didn't didn't do it anymore um

281

00:11:00,310 --> 00:10:58,079

cancelled every direct debit every

282

00:11:02,230 --> 00:11:00,320

standing order didn't go into work

283

00:11:03,269 --> 00:11:02,240

didn't go and go into the business

284

00:11:04,630 --> 00:11:03,279

we just

285

00:11:06,790 --> 00:11:04,640

stopped wow

286

00:11:08,150 --> 00:11:06,800

and we'd see where it takes us

287

00:11:10,150 --> 00:11:08,160

um

288

00:11:12,389 --> 00:11:10,160

and yeah you can imagine that the roller

289

00:11:15,829 --> 00:11:12,399

coaster ride that would take one on

290

00:11:16,949 --> 00:11:15,839

yeah fear is is so strong

291

00:11:18,790 --> 00:11:16,959

yeah i mean

292

00:11:22,949 --> 00:11:18,800

fear is so strong

293

00:11:29,670 --> 00:11:27,030

it only takes one one moment of courage

294

00:11:31,350 --> 00:11:29,680

really or one act of courage because

295

00:11:33,190 --> 00:11:31,360

once you've taken that

296

00:11:33,990 --> 00:11:33,200

there's there's there's really no going

297

00:11:35,829 --> 00:11:34,000

back

298

00:11:38,230 --> 00:11:35,839

and the rest of it then is

299

00:11:39,829 --> 00:11:38,240

you there may be a presence of fear

300

00:11:41,030 --> 00:11:39,839

whilst you're you're

301
00:11:43,829 --> 00:11:41,040
going through

302
00:11:45,110 --> 00:11:43,839
whatever that those decisions take you

303
00:11:47,430 --> 00:11:45,120
but it's not

304
00:11:48,389 --> 00:11:47,440
but it's empowering at the same time you

305
00:11:49,990 --> 00:11:48,399
start to

306
00:11:52,230 --> 00:11:50,000
find that some of the information that

307
00:11:54,550 --> 00:11:52,240
you've been learning or some of the

308
00:11:56,629 --> 00:11:54,560
things you've been hearing are actually

309
00:11:58,230 --> 00:11:56,639
and you you apply these truths to your

310
00:12:00,389 --> 00:11:58,240
life and you actually see that the

311
00:12:02,470 --> 00:12:00,399
effect and power that has over

312
00:12:03,990 --> 00:12:02,480
um people that you used to think had a

313
00:12:05,829 --> 00:12:04,000

tremendous tremendous amount of power

314

00:12:09,030 --> 00:12:05,839

over you that fear just falls away very

315

00:12:13,350 --> 00:12:10,870

so i mean we were only really in the

316

00:12:15,269 --> 00:12:13,360

thick of that whole journey for about

317

00:12:17,190 --> 00:12:15,279

three years um

318

00:12:18,710 --> 00:12:17,200

at the end of which i we got everything

319

00:12:20,150 --> 00:12:18,720

we wanted out of it

320

00:12:22,069 --> 00:12:20,160

um

321

00:12:24,310 --> 00:12:22,079

we shed everything

322

00:12:27,190 --> 00:12:24,320

in every sense of the word and we're

323

00:12:28,790 --> 00:12:27,200

then down to um

324

00:12:30,230 --> 00:12:28,800

building something new

325

00:12:32,310 --> 00:12:30,240

and that was when i

326

00:12:33,990 --> 00:12:32,320

bumped into sasha

327

00:12:36,829 --> 00:12:34,000

met sasha who was the

328

00:12:40,069 --> 00:12:36,839

founder of new earth

329

00:12:41,750 --> 00:12:40,079

and got building something new really

330

00:12:43,990 --> 00:12:41,760

right on man that's an interesting story

331

00:12:46,150 --> 00:12:44,000

i know a lot of people want to take that

332

00:12:47,269 --> 00:12:46,160

type of leap and just are held back

333

00:12:48,710 --> 00:12:47,279

they're like you know i'm gonna do it

334

00:12:50,230 --> 00:12:48,720

soon i'm gonna do it soon i can only

335

00:12:53,030 --> 00:12:50,240

take so much more of this and then you

336

00:12:55,829 --> 00:12:53,040

know five years goes by 10 years goes by

337

00:12:58,550 --> 00:12:55,839

and life happens and people get stuck on

338

00:13:01,430 --> 00:12:58,560

the teat they're they can't extract

339

00:13:03,829 --> 00:13:01,440

so that's pretty crazy that you did

340

00:13:05,829 --> 00:13:03,839

yeah most people that say

341

00:13:08,069 --> 00:13:05,839

i want to do that but right now i can't

342

00:13:09,030 --> 00:13:08,079

do it because

343

00:13:10,629 --> 00:13:09,040

um

344

00:13:13,269 --> 00:13:10,639

and

345

00:13:14,790 --> 00:13:13,279

in every one of those situations it's

346

00:13:16,470 --> 00:13:14,800

because

347

00:13:17,670 --> 00:13:16,480

you know there's some life circumstance

348

00:13:19,190 --> 00:13:17,680

something outside of me that's

349

00:13:20,710 --> 00:13:19,200

preventing me i need to save a little

350

00:13:23,110 --> 00:13:20,720

bit of money to allow me to do it or i

351

00:13:25,430 --> 00:13:23,120

need to do this or something

352

00:13:27,750 --> 00:13:25,440

something outside of myself

353

00:13:29,670 --> 00:13:27,760

needs to fall into place before i will

354

00:13:31,750 --> 00:13:29,680

have the ability to do this

355

00:13:33,350 --> 00:13:31,760

um and as long as anyone is telling

356

00:13:35,990 --> 00:13:33,360

themselves that story they will never do

357

00:13:38,790 --> 00:13:36,000

it great point great thing

358

00:13:39,990 --> 00:13:38,800

you know because it's all about it's all

359

00:13:42,470 --> 00:13:40,000

about you

360

00:13:44,550 --> 00:13:42,480

this whole journey where when you step

361

00:13:45,750 --> 00:13:44,560

on it is just going to keep on

362

00:13:48,389 --> 00:13:45,760

reflecting

363

00:13:50,310 --> 00:13:48,399

you back to you um until you can't take

364

00:13:52,629 --> 00:13:50,320

it anymore

365

00:13:54,629 --> 00:13:52,639

i agree man yeah

366

00:13:56,069 --> 00:13:54,639

people have difficulties with stepping

367

00:13:57,829 --> 00:13:56,079

onto the path it's it's the only

368

00:13:59,990 --> 00:13:57,839

themselves that are holding them

369

00:14:01,269 --> 00:14:00,000

but they are holding themselves back

370

00:14:02,629 --> 00:14:01,279

it's no one else

371

00:14:04,870 --> 00:14:02,639

my korean

372

00:14:06,710 --> 00:14:04,880

so yeah man we have talked to several

373

00:14:09,189 --> 00:14:06,720

people who have their own brands of

374

00:14:11,030 --> 00:14:09,199

these new societies all with their own

375

00:14:13,910 --> 00:14:11,040

philosophies and varying degrees of

376

00:14:15,189 --> 00:14:13,920

success but mostly being pretty similar

377

00:14:17,030 --> 00:14:15,199

and

378

00:14:19,189 --> 00:14:17,040

almost all being better than what we

379

00:14:21,269 --> 00:14:19,199

have now but introduce us to new earth

380

00:14:23,030 --> 00:14:21,279

nation what are you guys about

381

00:14:24,310 --> 00:14:23,040

okay well

382

00:14:25,990 --> 00:14:24,320

um

383

00:14:27,269 --> 00:14:26,000

new earth didn't start out as new earth

384

00:14:30,069 --> 00:14:27,279

nation started out as a new earth

385

00:14:31,670 --> 00:14:30,079

project so and to a certain extent we

386

00:14:33,430 --> 00:14:31,680

that that is still

387

00:14:36,310 --> 00:14:33,440

what we

388

00:14:38,230 --> 00:14:36,320

and we were

389

00:14:42,150 --> 00:14:38,240

really concerned with creating new

390

00:14:45,590 --> 00:14:42,160

models of community and society

391

00:14:47,430 --> 00:14:45,600

but as the time went by you realize that

392

00:14:51,110 --> 00:14:47,440

the need of the organization was

393

00:14:54,310 --> 00:14:51,120

actually more served by also creating a

394

00:14:56,829 --> 00:14:54,320

new nation and a nation like no other

395

00:15:00,790 --> 00:14:56,839

so the founding principles really

396

00:15:02,790 --> 00:15:00,800

um of new earth generally is that when

397

00:15:04,550 --> 00:15:02,800

you look at

398

00:15:05,670 --> 00:15:04,560

the problems

399

00:15:07,750 --> 00:15:05,680

that

400

00:15:10,310 --> 00:15:07,760

affect the world and the people of the

401
00:15:11,990 --> 00:15:10,320
world at the moment you can boil every

402
00:15:15,110 --> 00:15:12,000
single one of them back down to the

403
00:15:17,829 --> 00:15:15,120
single fact that we all

404
00:15:20,310 --> 00:15:17,839
give away our inherent power

405
00:15:22,710 --> 00:15:20,320
to others

406
00:15:24,310 --> 00:15:22,720
you know we will have someone else we're

407
00:15:27,030 --> 00:15:24,320
happy to allow someone else to take

408
00:15:29,829 --> 00:15:27,040
responsibility for our education for our

409
00:15:31,430 --> 00:15:29,839
um healing for our

410
00:15:32,629 --> 00:15:31,440
of our own personal circumstances with

411
00:15:34,790 --> 00:15:32,639
lawyers for

412
00:15:38,069 --> 00:15:34,800
for to make laws and tell us what to do

413
00:15:41,350 --> 00:15:38,079

because that's a lot easier it's always

414

00:15:42,870 --> 00:15:41,360

we always want someone to take care of

415

00:15:43,829 --> 00:15:42,880

us for us

416

00:15:45,430 --> 00:15:43,839

and so

417

00:15:47,990 --> 00:15:45,440

you boil everything back down to first

418

00:15:49,910 --> 00:15:48,000

principles and it's the fact that we

419

00:15:51,269 --> 00:15:49,920

we give away our inherent power yeah

420

00:15:52,870 --> 00:15:51,279

there may be a

421

00:15:54,230 --> 00:15:52,880

a very corrupt

422

00:15:56,310 --> 00:15:54,240

system in place at the moment but it's

423

00:15:57,670 --> 00:15:56,320

there because we permission it

424

00:15:59,350 --> 00:15:57,680

um

425

00:16:00,550 --> 00:15:59,360

and only when we really own that do we

426
00:16:02,150 --> 00:16:00,560
actually have the power to do something

427
00:16:05,110 --> 00:16:02,160
about it say okay

428
00:16:06,230 --> 00:16:05,120
well i'll begin to take back power over

429
00:16:07,590 --> 00:16:06,240
my own life

430
00:16:09,990 --> 00:16:07,600
might be a little more difficult now

431
00:16:11,749 --> 00:16:10,000
because i've spent my whole life

432
00:16:14,069 --> 00:16:11,759
doing the other

433
00:16:15,749 --> 00:16:14,079
giving that power away and now it's now

434
00:16:18,230 --> 00:16:15,759
it's the case of taking it back but

435
00:16:20,949 --> 00:16:18,240
that's that's fine it's a it's a it's a

436
00:16:23,829 --> 00:16:20,959
journey so so new earth is really

437
00:16:26,069 --> 00:16:23,839
proceeds from that insight and every

438
00:16:27,269 --> 00:16:26,079

aspect of what we do

439

00:16:29,990 --> 00:16:27,279

is

440

00:16:30,949 --> 00:16:30,000

really focused towards returning

441

00:16:33,509 --> 00:16:30,959

power

442

00:16:34,550 --> 00:16:33,519

to the individual

443

00:16:37,749 --> 00:16:34,560

and

444

00:16:39,509 --> 00:16:37,759

to the point where that we begin to we

445

00:16:41,189 --> 00:16:39,519

create the space so we can really evolve

446

00:16:43,269 --> 00:16:41,199

properly consciously

447

00:16:44,310 --> 00:16:43,279

um in every aspect of our lives and

448

00:16:46,389 --> 00:16:44,320

being

449

00:16:47,509 --> 00:16:46,399

so new earth nation

450

00:16:49,590 --> 00:16:47,519

is

451
00:16:52,230 --> 00:16:49,600
what we call uh

452
00:16:54,790 --> 00:16:52,240
extra territorial nation

453
00:16:56,150 --> 00:16:54,800
for sovereign men and women

454
00:16:58,230 --> 00:16:56,160
so it

455
00:16:59,350 --> 00:16:58,240
is

456
00:17:27,189 --> 00:16:59,360
a

457
00:17:29,029 --> 00:17:27,199
um

458
00:17:30,710 --> 00:17:29,039
and and that's it that's the founding

459
00:17:32,950 --> 00:17:30,720
premise of new earth nation as a

460
00:17:35,110 --> 00:17:32,960
jurisdiction in its own right

461
00:17:36,630 --> 00:17:35,120
yeah man i wanted to look at the uh new

462
00:17:38,470 --> 00:17:36,640
earth treaty in depth a little bit

463
00:17:40,549 --> 00:17:38,480

obviously it is the core message and

464

00:17:44,150 --> 00:17:40,559

it's long too i mean it prints out to be

465

00:17:46,150 --> 00:17:44,160

11 pages with about 86 articles to it

466

00:17:47,750 --> 00:17:46,160

and it's kind of split up into three

467

00:17:50,549 --> 00:17:47,760

parts so i thought we could talk about

468

00:17:52,909 --> 00:17:50,559

it in that way with part one being the

469

00:17:55,110 --> 00:17:52,919

covenant of peace and fellowship pretty

470

00:17:57,510 --> 00:17:55,120

self-explanatory but how would you kind

471

00:18:00,230 --> 00:17:57,520

of summarize that or expand on part one

472

00:18:03,270 --> 00:18:00,240

for the listeners

473

00:18:06,150 --> 00:18:03,280

well first first of all um

474

00:18:08,950 --> 00:18:06,160

greg we're looking right now to take the

475

00:18:10,150 --> 00:18:08,960

treaty to the sovereign tribes and

476
00:18:12,549 --> 00:18:10,160
nations

477
00:18:14,390 --> 00:18:12,559
and there's a great many of them

478
00:18:17,350 --> 00:18:14,400
that uh

479
00:18:19,510 --> 00:18:17,360
kind of lining up to to get involved

480
00:18:20,470 --> 00:18:19,520
which is great because this is where the

481
00:18:25,029 --> 00:18:20,480
the real

482
00:18:26,789 --> 00:18:25,039
come into the game for the first time in

483
00:18:29,430 --> 00:18:26,799
any of these initiatives

484
00:18:30,390 --> 00:18:29,440
um but in order to do this we've we've

485
00:18:32,950 --> 00:18:30,400
actually

486
00:18:33,750 --> 00:18:32,960
had to simplify

487
00:18:35,590 --> 00:18:33,760
that

488
00:18:39,270 --> 00:18:35,600

treaty event a little bit so there's now

489

00:18:42,630 --> 00:18:39,280

only two parts um this will be

490

00:18:43,909 --> 00:18:42,640

changed very soon um

491

00:18:46,230 --> 00:18:43,919

be engaging with all the people that

492

00:18:48,950 --> 00:18:46,240

have ratified that treaty but those

493

00:18:50,549 --> 00:18:48,960

first two parts are

494

00:18:51,350 --> 00:18:50,559

um the covenant of fellowship like you

495

00:18:52,310 --> 00:18:51,360

say

496

00:18:54,789 --> 00:18:52,320

and

497

00:18:56,789 --> 00:18:54,799

declaration of unalienable natural

498

00:18:59,110 --> 00:18:56,799

rights

499

00:19:00,789 --> 00:18:59,120

so the covenant of fellowship is

500

00:19:01,830 --> 00:19:00,799

precisely what it says

501
00:19:03,590 --> 00:19:01,840
it's

502
00:19:05,750 --> 00:19:03,600
first of all

503
00:19:06,789 --> 00:19:05,760
actually the act which is found in us

504
00:19:09,029 --> 00:19:06,799
nation

505
00:19:11,830 --> 00:19:09,039
as you can see from the language used

506
00:19:13,270 --> 00:19:11,840
there the party's ratifying it and

507
00:19:14,789 --> 00:19:13,280
everything that happens in this world

508
00:19:17,350 --> 00:19:14,799
happens because

509
00:19:18,549 --> 00:19:17,360
we did it we are the creators of this

510
00:19:20,630 --> 00:19:18,559
reality

511
00:19:23,190 --> 00:19:20,640
and so if we want to create something

512
00:19:26,950 --> 00:19:23,200
new that aligns with

513
00:19:29,110 --> 00:19:26,960

pure truth then it's on us to do it so

514

00:19:31,190 --> 00:19:29,120

that's how new earth nation is built

515

00:19:33,029 --> 00:19:31,200

by the

516

00:19:35,270 --> 00:19:33,039

with the will and consent with the

517

00:19:37,750 --> 00:19:35,280

properly informed willing consent of the

518

00:19:38,870 --> 00:19:37,760

sovereign people

519

00:19:39,750 --> 00:19:38,880

very cool

520

00:19:43,590 --> 00:19:39,760

so

521

00:19:45,590 --> 00:19:43,600

systems go most of the listeners here

522

00:19:47,350 --> 00:19:45,600

will be familiar with jacque fresco and

523

00:19:49,750 --> 00:19:47,360

the venus project or the zeitgeist

524

00:19:52,070 --> 00:19:49,760

movement and i do like what i see from

525

00:19:53,510 --> 00:19:52,080

jacques in a lot of ways but uh how does

526

00:19:55,350 --> 00:19:53,520

new earth nation compare because there

527

00:19:57,830 --> 00:19:55,360

are some similarities but there are also

528

00:20:00,390 --> 00:19:57,840

some pretty big differences um how would

529

00:20:02,390 --> 00:20:00,400

you compare the two um

530

00:20:05,110 --> 00:20:02,400

there are some similarities i mean the

531

00:20:08,549 --> 00:20:05,120

but the main differences um

532

00:20:10,310 --> 00:20:08,559

are what the the project's core

533

00:20:13,110 --> 00:20:10,320

drivers are

534

00:20:14,470 --> 00:20:13,120

um and with new earth it's

535

00:20:17,990 --> 00:20:14,480

sovereignty

536

00:20:20,710 --> 00:20:18,000

consciousness

537

00:20:23,430 --> 00:20:20,720

it's really holding those

538

00:20:25,350 --> 00:20:23,440

components as the the heart and core of

539

00:20:27,590 --> 00:20:25,360

everything so i mean

540

00:20:29,830 --> 00:20:27,600

what the treaty actually says on our

541

00:20:33,270 --> 00:20:29,840

website is that new earth nation

542

00:20:34,789 --> 00:20:33,280

is founded in recognition of the primacy

543

00:20:36,950 --> 00:20:34,799

of consciousness

544

00:20:39,350 --> 00:20:36,960

the unity of all life

545

00:20:40,789 --> 00:20:39,360

and the undeniable of the individual

546

00:20:42,630 --> 00:20:40,799

sovereign condition

547

00:20:44,390 --> 00:20:42,640

and that's it

548

00:20:47,110 --> 00:20:44,400

so whereas

549

00:20:50,070 --> 00:20:47,120

most other initiatives are looking to

550

00:20:52,789 --> 00:20:50,080

change something that is external

551

00:20:55,750 --> 00:20:52,799

i.e the the way we create space is the

552

00:20:58,070 --> 00:20:55,760

way we build our economic systems uh

553

00:21:00,470 --> 00:20:58,080

um whatever else it may be

554

00:21:02,390 --> 00:21:00,480

the world's new earth is also seeking to

555

00:21:04,630 --> 00:21:02,400

do those things it's it's seeking to do

556

00:21:07,350 --> 00:21:04,640

those things as a function of core

557

00:21:10,630 --> 00:21:08,789

so

558

00:21:12,149 --> 00:21:10,640

it becomes it's very difficult you see

559

00:21:13,830 --> 00:21:12,159

to change anything in this world when

560

00:21:15,669 --> 00:21:13,840

you're just looking

561

00:21:16,789 --> 00:21:15,679

outside of yourself when we we said this

562

00:21:17,750 --> 00:21:16,799

before

563

00:21:18,630 --> 00:21:17,760

so

564

00:21:21,830 --> 00:21:18,640

this

565

00:21:23,430 --> 00:21:21,840

new earth nation is that um

566

00:21:24,310 --> 00:21:23,440

marker where

567

00:21:26,470 --> 00:21:24,320

people

568

00:21:29,190 --> 00:21:26,480

looking in are really invited to say

569

00:21:30,630 --> 00:21:29,200

okay i'm gonna own this i'm gonna own my

570

00:21:32,630 --> 00:21:30,640

part in it

571

00:21:35,190 --> 00:21:32,640

and

572

00:21:38,149 --> 00:21:35,200

change myself sufficiently

573

00:21:41,270 --> 00:21:38,159

that that has the the the knock-on

574

00:21:43,110 --> 00:21:41,280

effect of the great world

575

00:21:45,029 --> 00:21:43,120

that i would say is fundamentally the

576

00:21:47,270 --> 00:21:45,039

difference between

577

00:21:48,390 --> 00:21:47,280

between the two yeah and well said

578

00:21:51,430 --> 00:21:48,400

because

579

00:21:54,789 --> 00:21:51,440

the one thing i like is the application

580

00:21:57,430 --> 00:21:54,799

of futuristic efficient technologies for

581

00:21:59,990 --> 00:21:57,440

a more sustainable community i love that

582

00:22:01,990 --> 00:22:00,000

aspect of it because there seems to be

583

00:22:04,710 --> 00:22:02,000

a lot of suppression

584

00:22:06,470 --> 00:22:04,720

in that area due to the power structure

585

00:22:07,830 --> 00:22:06,480

that's currently in place and their

586

00:22:10,230 --> 00:22:07,840

control grid and they want to keep

587

00:22:12,789 --> 00:22:10,240

things going the same way so that is the

588

00:22:15,029 --> 00:22:12,799

biggest similarity and the aspect of

589

00:22:16,630 --> 00:22:15,039

society in a global scale or a local

590

00:22:18,470 --> 00:22:16,640

level that i would like to see change

591

00:22:20,630 --> 00:22:18,480

the most

592

00:22:21,990 --> 00:22:20,640

but then there's two ways this whole

593

00:22:23,909 --> 00:22:22,000

um

594

00:22:25,590 --> 00:22:23,919

transition if you like plays out i mean

595

00:22:27,510 --> 00:22:25,600

but the fact that the world is evolving

596

00:22:28,390 --> 00:22:27,520

and he's going to looking

597

00:22:32,310 --> 00:22:28,400

very

598

00:22:35,270 --> 00:22:32,320

deal

599

00:22:36,630 --> 00:22:35,280

but is the are the subtleties that belie

600

00:22:38,390 --> 00:22:36,640

that are they

601
00:22:40,230 --> 00:22:38,400
um

602
00:22:41,270 --> 00:22:40,240
true

603
00:22:42,390 --> 00:22:41,280
freedom

604
00:22:47,590 --> 00:22:42,400
joy

605
00:22:49,909 --> 00:22:47,600
happiness for mankind or are they um

606
00:22:51,750 --> 00:22:49,919
or is there a an aldous huxley's brave

607
00:22:52,870 --> 00:22:51,760
new world

608
00:22:55,110 --> 00:22:52,880
feeling

609
00:22:57,750 --> 00:22:55,120
to what's going on you know advanced

610
00:23:01,110 --> 00:22:57,760
technology is upon us you've it's been

611
00:23:03,270 --> 00:23:01,120
happening every year for the last

612
00:23:05,110 --> 00:23:03,280
for the last 20 years in fact for modern

613
00:23:07,110 --> 00:23:05,120

history we've been evolving in that

614

00:23:09,029 --> 00:23:07,120

those ways and all these technologies

615

00:23:10,390 --> 00:23:09,039

are upon us the world will look very

616

00:23:12,310 --> 00:23:10,400

different in the next five years ten

617

00:23:14,630 --> 00:23:12,320

years it's like it's happening anyway

618

00:23:16,310 --> 00:23:14,640

but what's going to be the

619

00:23:17,110 --> 00:23:16,320

the state

620

00:23:19,270 --> 00:23:17,120

of

621

00:23:23,350 --> 00:23:19,280

being

622

00:23:24,950 --> 00:23:23,360

of humanity right if you are we going

623

00:23:27,430 --> 00:23:24,960

are we going to

624

00:23:30,310 --> 00:23:27,440

achieve ecological balance on planet

625

00:23:31,750 --> 00:23:30,320

earth by legislation no because that's

626
00:23:34,710 --> 00:23:31,760
the whole point of the way that the

627
00:23:38,070 --> 00:23:34,720
system works at the moment right laws

628
00:23:41,430 --> 00:23:38,080
ever since man first decided to

629
00:23:45,590 --> 00:23:41,440
implement a positive law i.e something

630
00:23:46,950 --> 00:23:45,600
that uh a man-made law

631
00:23:49,110 --> 00:23:46,960
does see

632
00:23:50,870 --> 00:23:49,120
it creates this imbalance that the

633
00:23:53,110 --> 00:23:50,880
existence of those laws creates an

634
00:23:55,190 --> 00:23:53,120
imbalance in

635
00:23:56,950 --> 00:23:55,200
in natural law

636
00:24:00,070 --> 00:23:56,960
and so

637
00:24:01,750 --> 00:24:00,080
when you when you create that imbalance

638
00:24:03,669 --> 00:24:01,760

it

639

00:24:05,350 --> 00:24:03,679

you then need to create more man-made

640

00:24:06,230 --> 00:24:05,360

laws to offset the envelopes that you

641

00:24:08,149 --> 00:24:06,240

create

642

00:24:10,070 --> 00:24:08,159

right yeah and more and more and it's an

643

00:24:11,990 --> 00:24:10,080

exponential thing that's why in the us

644

00:24:13,909 --> 00:24:12,000

you have like i think three or four

645

00:24:16,390 --> 00:24:13,919

thousand new pieces of legislation every

646

00:24:18,390 --> 00:24:16,400

year yeah

647

00:24:20,870 --> 00:24:18,400

coming in because there's a otherwise

648

00:24:23,430 --> 00:24:20,880

that man-made ship would sink

649

00:24:26,070 --> 00:24:23,440

and every piece of legislation is

650

00:24:30,149 --> 00:24:26,080

is adding to that that ballast i totally

651
00:24:32,630 --> 00:24:30,159
agree and even if even if now the

652
00:24:35,350 --> 00:24:32,640
the senates and parliaments of the world

653
00:24:39,350 --> 00:24:35,360
were made up of truly decent conscious

654
00:24:41,669 --> 00:24:39,360
knowledgeable and wise men and women

655
00:24:43,110 --> 00:24:41,679
they would still be adding to something

656
00:24:46,470 --> 00:24:43,120
which

657
00:24:47,830 --> 00:24:46,480
is doomed from the start well sir

658
00:24:49,990 --> 00:24:47,840
so we really just need a new

659
00:24:51,590 --> 00:24:50,000
understanding upon which to conduct

660
00:24:53,830 --> 00:24:51,600
ourselves

661
00:24:56,789 --> 00:24:53,840
and that is a covenant of fellowship

662
00:24:57,510 --> 00:24:56,799
it's a reintroduction of natural law

663
00:25:02,230 --> 00:24:57,520

which

664

00:25:03,269 --> 00:25:02,240

equity in the current

665

00:25:05,110 --> 00:25:03,279

system

666

00:25:07,590 --> 00:25:05,120

um

667

00:25:10,070 --> 00:25:07,600

and we cut out all the rest as and

668

00:25:12,470 --> 00:25:10,080

consider it white noise

669

00:25:14,789 --> 00:25:12,480

from there

670

00:25:16,710 --> 00:25:14,799

there's a the chance for the right

671

00:25:19,990 --> 00:25:16,720

technologies to be used in the right

672

00:25:21,909 --> 00:25:20,000

places to advance humankind

673

00:25:23,350 --> 00:25:21,919

not to make money

674

00:25:25,669 --> 00:25:23,360

and there's loads of

675

00:25:27,350 --> 00:25:25,679

commercial benefits for to bringing new

676
00:25:29,669 --> 00:25:27,360
technologies to market at the moment but

677
00:25:32,149 --> 00:25:29,679
that's where we we're still

678
00:25:34,230 --> 00:25:32,159
bringing things as a whole we're still

679
00:25:36,149 --> 00:25:34,240
bringing things on new innovations with

680
00:25:37,750 --> 00:25:36,159
the wrong motivation we've got to change

681
00:25:40,149 --> 00:25:37,760
the motivation

682
00:25:42,549 --> 00:25:40,159
i agree man and like you said about the

683
00:25:43,909 --> 00:25:42,559
venus project and the brave new world

684
00:25:46,070 --> 00:25:43,919
feel i mean that is one of the big

685
00:25:49,269 --> 00:25:46,080
criticisms is it seems like it's kind of

686
00:25:52,070 --> 00:25:49,279
a top-down control system regardless of

687
00:25:54,230 --> 00:25:52,080
how great it is and how many uh

688
00:25:56,390 --> 00:25:54,240

meaningless jobs it might free up it

689

00:25:59,590 --> 00:25:56,400

seems like kind of a dead world at least

690

00:26:01,510 --> 00:25:59,600

uh in the weird visualizations of it but

691

00:26:04,310 --> 00:26:01,520

that's a serious distinction because new

692

00:26:06,470 --> 00:26:04,320

earth nation on the website there are

693

00:26:08,950 --> 00:26:06,480

many different sections uh many

694

00:26:11,350 --> 00:26:08,960

different areas of community that you

695

00:26:13,269 --> 00:26:11,360

guys have worked out and there are a lot

696

00:26:15,669 --> 00:26:13,279

of guidelines and blueprints but they're

697

00:26:17,830 --> 00:26:15,679

all suggestions and it seems very open

698

00:26:18,710 --> 00:26:17,840

source and i've said before you know why

699

00:26:20,230 --> 00:26:18,720

can't

700

00:26:21,590 --> 00:26:20,240

people if people want to live here and

701
00:26:23,510 --> 00:26:21,600
like here in the states if people want

702
00:26:25,669 --> 00:26:23,520
to live super conservatively why can't

703
00:26:27,909 --> 00:26:25,679
they go take florida and if people want

704
00:26:29,510 --> 00:26:27,919
to live and smoke weed and live in a

705
00:26:31,669 --> 00:26:29,520
hippie communities why can't they take

706
00:26:33,430 --> 00:26:31,679
california you know why can't we have

707
00:26:36,230 --> 00:26:33,440
these different communities that allow

708
00:26:39,190 --> 00:26:36,240
people to live as they just want to live

709
00:26:40,870 --> 00:26:39,200
and people will naturally go to where

710
00:26:42,470 --> 00:26:40,880
like-minded people are who share the

711
00:26:45,350 --> 00:26:42,480
same interest and i think that it

712
00:26:47,350 --> 00:26:45,360
doesn't have to be so controlled and i

713
00:26:49,029 --> 00:26:47,360

think this new earth nation approach is

714

00:26:52,310 --> 00:26:49,039

great that personal sovereignty and

715

00:26:53,990 --> 00:26:52,320

responsibility aspect is missing from a

716

00:26:55,430 --> 00:26:54,000

lot of these systems

717

00:26:58,710 --> 00:26:55,440

yeah well i mean

718

00:27:00,710 --> 00:26:58,720

there's a god forbid we end up in a

719

00:27:03,350 --> 00:27:00,720

world where everything is homogenized

720

00:27:05,990 --> 00:27:03,360

and looks the same um i mean that would

721

00:27:08,950 --> 00:27:06,000

just be uncommonable to me what we have

722

00:27:10,070 --> 00:27:08,960

the opportunity to do right now is

723

00:27:11,990 --> 00:27:10,080

free

724

00:27:14,310 --> 00:27:12,000

the creative spirit

725

00:27:17,510 --> 00:27:14,320

of humanity

726
00:27:19,990 --> 00:27:17,520
and all that all that creative spirit

727
00:27:21,750 --> 00:27:20,000
needs is a blank canvas

728
00:27:23,269 --> 00:27:21,760
it doesn't need a new

729
00:27:27,029 --> 00:27:23,279
um

730
00:27:30,710 --> 00:27:27,039
a new set of systems and ideologies

731
00:27:32,549 --> 00:27:30,720
it needs and um new specific ways of new

732
00:27:34,789 --> 00:27:32,559
boxes to put things in and beat boxes to

733
00:27:36,470 --> 00:27:34,799
put people in it just needs a black and

734
00:27:40,710 --> 00:27:36,480
canvas

735
00:27:42,149 --> 00:27:40,720
we're with so much more creative um and

736
00:27:45,590 --> 00:27:42,159
capable of

737
00:27:47,269 --> 00:27:45,600
truly aligned creativity when

738
00:27:50,470 --> 00:27:47,279

we have a blank canvas upon which to

739

00:27:54,070 --> 00:27:50,480

draw i hear you man well said and so i

740

00:27:56,310 --> 00:27:54,080

really want to get into the details of

741

00:27:58,549 --> 00:27:56,320

these new earth communities because this

742

00:28:00,789 --> 00:27:58,559

is what really matters and we have a lot

743

00:28:02,549 --> 00:28:00,799

of listeners that realize the system

744

00:28:04,230 --> 00:28:02,559

right now is [h__h] they're just

745

00:28:05,590 --> 00:28:04,240

spinning their wheels trying to keep a

746

00:28:07,190 --> 00:28:05,600

roof over their head and a lot of them

747

00:28:09,909 --> 00:28:07,200

are looking for alternatives between

748

00:28:11,510 --> 00:28:09,919

this and homelessness so let's kind of

749

00:28:15,990 --> 00:28:11,520

talk about the communities a bit are

750

00:28:18,389 --> 00:28:16,000

there any real working models right now

751

00:28:21,909 --> 00:28:18,399

um at this point in time no uh we've

752

00:28:24,950 --> 00:28:21,919

been focusing our efforts on providing

753

00:28:28,149 --> 00:28:24,960

that solid base so that is the

754

00:28:31,430 --> 00:28:28,159

um new earth nation as a jurisdiction

755

00:28:34,389 --> 00:28:31,440

and it's some purpose-built social

756

00:28:36,389 --> 00:28:34,399

networking and um social tools

757

00:28:38,870 --> 00:28:36,399

that allow for that community creation

758

00:28:40,230 --> 00:28:38,880

on a larger scale i mean we could have

759

00:28:42,549 --> 00:28:40,240

last year

760

00:28:44,710 --> 00:28:42,559

took down focused our attention

761

00:28:46,630 --> 00:28:44,720

principally on pulling together the

762

00:28:50,070 --> 00:28:46,640

tools and resources we needed to build

763

00:28:52,389 --> 00:28:50,080

one or two communities but that's not

764

00:28:54,389 --> 00:28:52,399

really following

765

00:28:57,110 --> 00:28:54,399

the the core purpose of the project that

766

00:28:59,029 --> 00:28:57,120

is just creating new models and whilst

767

00:29:01,110 --> 00:28:59,039

we intend to do that

768

00:29:02,789 --> 00:29:01,120

we would be more interested in this

769

00:29:03,669 --> 00:29:02,799

stage is creating those

770

00:29:05,909 --> 00:29:03,679

is

771

00:29:08,870 --> 00:29:05,919

providing that blank canvas

772

00:29:11,430 --> 00:29:08,880

so that now instead of us as a group

773

00:29:13,510 --> 00:29:11,440

having to act as almost uh

774

00:29:15,350 --> 00:29:13,520

a real estate developer we now have a

775

00:29:17,350 --> 00:29:15,360

canvas upon which

776
00:29:19,909 --> 00:29:17,360
tens of thousands of community groups

777
00:29:21,990 --> 00:29:19,919
can come together and

778
00:29:23,990 --> 00:29:22,000
create their own spaces

779
00:29:26,389 --> 00:29:24,000
with the tools and resources that they

780
00:29:28,710 --> 00:29:26,399
need at their disposal and we've

781
00:29:30,549 --> 00:29:28,720
provided a series of ten faculties with

782
00:29:33,110 --> 00:29:30,559
the new earth institute who are

783
00:29:35,590 --> 00:29:33,120
really include experts in their

784
00:29:36,950 --> 00:29:35,600
respective fields to

785
00:29:39,669 --> 00:29:36,960
pull together

786
00:29:42,149 --> 00:29:39,679
resources for community creation and

787
00:29:43,750 --> 00:29:42,159
other things spanning the

788
00:29:46,470 --> 00:29:43,760

the full spectrum of

789

00:29:49,590 --> 00:29:46,480

human life and endeavor

790

00:29:52,310 --> 00:29:49,600

so we're focused at the moment really on

791

00:29:56,149 --> 00:29:52,320

aggregating all those resources and

792

00:29:57,909 --> 00:29:56,159

um providing the i.t platforms that

793

00:29:59,269 --> 00:29:57,919

really allow this to happen because it's

794

00:30:00,950 --> 00:29:59,279

a connection thing

795

00:30:03,510 --> 00:30:00,960

it's a community thing and the web is

796

00:30:05,909 --> 00:30:03,520

the thing that's facilitated that so i

797

00:30:08,549 --> 00:30:05,919

think we are expecting certainly within

798

00:30:09,510 --> 00:30:08,559

the next four weeks now maximum

799

00:30:11,190 --> 00:30:09,520

to

800

00:30:13,510 --> 00:30:11,200

for the

801
00:30:16,389 --> 00:30:13,520
new earth community portal to be

802
00:30:18,710 --> 00:30:16,399
launched nice and that is i mean it's

803
00:30:21,909 --> 00:30:18,720
really it's an alternative to facebook

804
00:30:22,870 --> 00:30:21,919
all of the conscious groups on facebook

805
00:30:25,029 --> 00:30:22,880
have

806
00:30:26,710 --> 00:30:25,039
taken a massive hit over the last eight

807
00:30:30,710 --> 00:30:26,720
months or so since facebook changed its

808
00:30:31,750 --> 00:30:30,720
algorithms to suit commercial groups so

809
00:30:33,510 --> 00:30:31,760
that

810
00:30:35,590 --> 00:30:33,520
everything every all those platforms

811
00:30:38,149 --> 00:30:35,600
that we use in the

812
00:30:40,470 --> 00:30:38,159
google world just don't suit

813
00:30:43,029 --> 00:30:40,480

this evolutionary process

814

00:30:44,710 --> 00:30:43,039

so the new earth community is

815

00:30:47,029 --> 00:30:44,720

that alternative to facebook for all

816

00:30:50,710 --> 00:30:47,039

those conscious groups and

817

00:30:52,149 --> 00:30:50,720

to provide the tools and resources for

818

00:30:53,669 --> 00:30:52,159

you know smaller groups of people to

819

00:30:55,669 --> 00:30:53,679

come together in

820

00:30:57,509 --> 00:30:55,679

community common unity

821

00:30:58,870 --> 00:30:57,519

to build physical

822

00:31:01,590 --> 00:30:58,880

virtual

823

00:31:02,950 --> 00:31:01,600

spaces for their own advancement it's

824

00:31:04,630 --> 00:31:02,960

great that you're doing something more

825

00:31:06,630 --> 00:31:04,640

than just talking because a lot of these

826

00:31:08,630 --> 00:31:06,640

systems they get so worried about being

827

00:31:10,389 --> 00:31:08,640

able to make a full global switch that

828

00:31:12,549 --> 00:31:10,399

it never goes anywhere and it gets stuck

829

00:31:14,310 --> 00:31:12,559

in this education phase so it's it's

830

00:31:16,950 --> 00:31:14,320

good to hear that you're moving on from

831

00:31:19,590 --> 00:31:16,960

that i'm curious for the listeners who

832

00:31:21,350 --> 00:31:19,600

might be still kind of wondering what

833

00:31:23,269 --> 00:31:21,360

exactly the principles of new earth

834

00:31:26,070 --> 00:31:23,279

nation are i mean of course personal

835

00:31:28,149 --> 00:31:26,080

sovereignty and responsibility um and

836

00:31:29,190 --> 00:31:28,159

getting away from control mechanisms but

837

00:31:30,710 --> 00:31:29,200

i mean

838

00:31:32,630 --> 00:31:30,720

is this

839

00:31:34,870 --> 00:31:32,640

like a traditional libertarian's

840

00:31:36,870 --> 00:31:34,880

paradise is this an anarchist society i

841

00:31:38,870 --> 00:31:36,880

mean i know we don't like isms but i

842

00:31:41,110 --> 00:31:38,880

mean there is a safety net for the

843

00:31:43,430 --> 00:31:41,120

collective good for the collective need

844

00:31:46,630 --> 00:31:43,440

in these societies right i mean uh is

845

00:31:47,830 --> 00:31:46,640

this a cashless society i'm assuming

846

00:31:48,950 --> 00:31:47,840

um

847

00:31:52,789 --> 00:31:48,960

well we see

848

00:31:54,389 --> 00:31:52,799

it yes and no to the cashless society um

849

00:31:56,870 --> 00:31:54,399

we have a platform

850

00:31:59,269 --> 00:31:56,880

that we have developed or in the process

851
00:32:00,389 --> 00:31:59,279
of developing called new earth exchange

852
00:32:01,430 --> 00:32:00,399
and

853
00:32:04,070 --> 00:32:01,440
its

854
00:32:06,149 --> 00:32:04,080
mandate essentially is to

855
00:32:08,389 --> 00:32:06,159
facilitate the transition to a global

856
00:32:10,230 --> 00:32:08,399
gift economy

857
00:32:11,590 --> 00:32:10,240
but rather than just espousing the

858
00:32:12,870 --> 00:32:11,600
benefits of

859
00:32:15,669 --> 00:32:12,880
um

860
00:32:18,710 --> 00:32:15,679
the gift economy and

861
00:32:21,509 --> 00:32:18,720
and requiring that people go from

862
00:32:23,669 --> 00:32:21,519
a to z in one jump the exchange is

863
00:32:25,750 --> 00:32:23,679

providing various tools and stepping

864

00:32:27,269 --> 00:32:25,760

stones that allow that transition to

865

00:32:29,669 --> 00:32:27,279

happen more smoothly

866

00:32:31,029 --> 00:32:29,679

in the first instance there's a zero

867

00:32:32,870 --> 00:32:31,039

point account which we should be

868

00:32:33,990 --> 00:32:32,880

launching around about the end of this

869

00:32:36,149 --> 00:32:34,000

year

870

00:32:38,149 --> 00:32:36,159

which is

871

00:32:40,149 --> 00:32:38,159

really um

872

00:32:40,950 --> 00:32:40,159

a simple

873

00:32:42,789 --> 00:32:40,960

uh

874

00:32:45,350 --> 00:32:42,799

relatively simple tool

875

00:32:46,470 --> 00:32:45,360

which is a mobile application desktop

876
00:32:47,590 --> 00:32:46,480
application

877
00:32:49,830 --> 00:32:47,600
that

878
00:32:51,750 --> 00:32:49,840
allows you to

879
00:32:54,789 --> 00:32:51,760
essentially pull all of your existing

880
00:32:56,630 --> 00:32:54,799
financial stuff into one place credit

881
00:32:58,310 --> 00:32:56,640
cards debit cards and you you only ever

882
00:32:59,190 --> 00:32:58,320
need to use

883
00:33:00,149 --> 00:32:59,200
one

884
00:33:02,149 --> 00:33:00,159
card

885
00:33:04,630 --> 00:33:02,159
going forward whole things managed on

886
00:33:06,470 --> 00:33:04,640
your assist your your own

887
00:33:08,870 --> 00:33:06,480
system and

888
00:33:11,190 --> 00:33:08,880

you get this little card that has no

889

00:33:13,029 --> 00:33:11,200

names no numbers no anything on it it's

890

00:33:14,549 --> 00:33:13,039

just completely secure completely

891

00:33:17,350 --> 00:33:14,559

anonymous

892

00:33:19,029 --> 00:33:17,360

uh way to conduct

893

00:33:22,710 --> 00:33:19,039

your self

894

00:33:26,470 --> 00:33:22,720

so there's no real um

895

00:33:27,990 --> 00:33:26,480

the transactions that you make now still

896

00:33:29,669 --> 00:33:28,000

function in exactly the same way but

897

00:33:32,789 --> 00:33:29,679

they're no longer actually being

898

00:33:34,789 --> 00:33:32,799

performed by the existing legacy banking

899

00:33:36,310 --> 00:33:34,799

system so they're not traceable in that

900

00:33:38,950 --> 00:33:36,320

way okay

901
00:33:41,029 --> 00:33:38,960
um so it's providing that anonymity at

902
00:33:43,990 --> 00:33:41,039
the same time that same platform has

903
00:33:47,029 --> 00:33:44,000
built into it the capacity to conduct

904
00:33:48,870 --> 00:33:47,039
those same mechanisms in all forms of

905
00:33:49,669 --> 00:33:48,880
alternative and complementary currencies

906
00:33:52,070 --> 00:33:49,679
so

907
00:33:52,950 --> 00:33:52,080
it's a stepping stone thing following

908
00:33:55,029 --> 00:33:52,960
that

909
00:33:56,389 --> 00:33:55,039
comes the new earth sovereign as a

910
00:33:59,509 --> 00:33:56,399
resource-backed

911
00:34:02,470 --> 00:33:59,519
um

912
00:34:03,750 --> 00:34:02,480
and other tools that lead one from from

913
00:34:06,710 --> 00:34:03,760

there

914

00:34:08,470 --> 00:34:06,720

to essentially realizing [h__h] we're

915

00:34:10,069 --> 00:34:08,480

already gifting we just didn't realize

916

00:34:12,950 --> 00:34:10,079

that let's drop the money all together

917

00:34:15,589 --> 00:34:12,960

right um so that's the kind of

918

00:34:18,470 --> 00:34:15,599

one two three of the economic plans if

919

00:34:20,629 --> 00:34:18,480

you like but that's not to say that

920

00:34:22,550 --> 00:34:20,639

community groups if they're in their own

921

00:34:24,230 --> 00:34:22,560

communities

922

00:34:27,109 --> 00:34:24,240

if they are

923

00:34:29,430 --> 00:34:27,119

ready and able to let go of that

924

00:34:31,430 --> 00:34:29,440

illusion of money altogether then that's

925

00:34:33,430 --> 00:34:31,440

exactly what they should do be that

926
00:34:36,389 --> 00:34:33,440
shining light an example for

927
00:34:38,230 --> 00:34:36,399
everyone else to follow

928
00:34:39,990 --> 00:34:38,240
but the idea of the exchange is also to

929
00:34:42,230 --> 00:34:40,000
make life easy for those people they'll

930
00:34:46,470 --> 00:34:42,240
want to become there's this idea that

931
00:34:48,869 --> 00:34:46,480
um up to now self-sufficiency has meant

932
00:34:50,869 --> 00:34:48,879
some kind of um

933
00:34:53,109 --> 00:34:50,879
whatever you can't produce on your own

934
00:34:56,389 --> 00:34:53,119
land in your own community group you you

935
00:34:58,950 --> 00:34:56,399
you need to go without or else

936
00:35:00,630 --> 00:34:58,960
or else dip your toe back into that old

937
00:35:04,790 --> 00:35:00,640
trade and exchange world

938
00:35:06,870 --> 00:35:04,800

so the exchange is there to soften that

939

00:35:08,870 --> 00:35:06,880

process as well okay

940

00:35:10,150 --> 00:35:08,880

yeah i get it's kind of tough to talk

941

00:35:12,550 --> 00:35:10,160

about because

942

00:35:14,470 --> 00:35:12,560

you guys aren't about absolutes you know

943

00:35:16,230 --> 00:35:14,480

there's no there are no absolutes in

944

00:35:19,190 --> 00:35:16,240

absolute freedom you know if people are

945

00:35:20,230 --> 00:35:19,200

allowed to do what they want at their

946

00:35:22,390 --> 00:35:20,240

pace

947

00:35:25,910 --> 00:35:22,400

but i guess the

948

00:35:28,390 --> 00:35:25,920

the philosophy would be to push towards

949

00:35:30,950 --> 00:35:28,400

a cashless society because that's all

950

00:35:32,950 --> 00:35:30,960

you really need and i like that idea i

951
00:35:34,310 --> 00:35:32,960
like a system that has both are you

952
00:35:36,790 --> 00:35:34,320
proposing

953
00:35:39,109 --> 00:35:36,800
people would have jobs of any kind just

954
00:35:41,109 --> 00:35:39,119
working as a as a community you know

955
00:35:43,030 --> 00:35:41,119
obviously people work careers their

956
00:35:45,109 --> 00:35:43,040
whole lives for the system we have now

957
00:35:47,030 --> 00:35:45,119
and they get nowhere for it

958
00:35:48,870 --> 00:35:47,040
and they're no better for it

959
00:35:50,230 --> 00:35:48,880
and uh how is the new earth nation going

960
00:35:52,710 --> 00:35:50,240
to approach

961
00:35:54,150 --> 00:35:52,720
this the idea of careers and attracting

962
00:35:56,390 --> 00:35:54,160
currency and

963
00:35:58,390 --> 00:35:56,400

having ownership of of possession of

964

00:36:01,030 --> 00:35:58,400

objects well

965

00:36:02,230 --> 00:36:01,040

and you you really need to address the

966

00:36:03,990 --> 00:36:02,240

um

967

00:36:06,150 --> 00:36:04,000

the core

968

00:36:07,990 --> 00:36:06,160

idea of careers at the moment

969

00:36:10,710 --> 00:36:08,000

i mean uh

970

00:36:12,790 --> 00:36:10,720

we have this idea of jobs

971

00:36:14,710 --> 00:36:12,800

and the unemployment is bad

972

00:36:17,190 --> 00:36:14,720

but we there's there's really no need to

973

00:36:20,390 --> 00:36:17,200

hold that anymore the technology that we

974

00:36:22,950 --> 00:36:20,400

have allows or essentially one

975

00:36:24,950 --> 00:36:22,960

one brilliant mind to come up with a

976

00:36:27,109 --> 00:36:24,960

world-changing invention that that

977

00:36:29,430 --> 00:36:27,119

actually takes care of 10 000 people in

978

00:36:31,510 --> 00:36:29,440

equivalency and so there's no need for

979

00:36:33,829 --> 00:36:31,520

us to be rushing around to employ all

980

00:36:37,190 --> 00:36:33,839

those other people we just need to stop

981

00:36:38,069 --> 00:36:37,200

being selfish and sharing everything's

982

00:36:40,550 --> 00:36:38,079

there

983

00:36:42,710 --> 00:36:40,560

and if we do that we create we

984

00:36:44,870 --> 00:36:42,720

open up more space for the rest of

985

00:36:47,030 --> 00:36:44,880

mankind to be even more creative and for

986

00:36:49,109 --> 00:36:47,040

them to do the same

987

00:36:51,270 --> 00:36:49,119

and the

988

00:36:54,550 --> 00:36:51,280

natural abundance that flows from that

989

00:36:57,430 --> 00:36:54,560

kind of a philosophy is vastly more

990

00:37:00,069 --> 00:36:57,440

um or vastly greater than than that

991

00:37:02,550 --> 00:37:00,079

which we have now when 99

992

00:37:05,430 --> 00:37:02,560

of the population are

993

00:37:06,790 --> 00:37:05,440

having their creativity stifled by the

994

00:37:08,470 --> 00:37:06,800

need to

995

00:37:10,310 --> 00:37:08,480

put food on the table doing something

996

00:37:13,030 --> 00:37:10,320

they don't like

997

00:37:15,430 --> 00:37:13,040

so i always take these questions back

998

00:37:17,670 --> 00:37:15,440

again to first principles because

999

00:37:19,670 --> 00:37:17,680

how can you um

1000

00:37:23,829 --> 00:37:19,680

anything or anything that we

1001
00:37:26,630 --> 00:37:23,839
try to suggest or impose as a as a model

1002
00:37:29,910 --> 00:37:26,640
as any given model for

1003
00:37:33,190 --> 00:37:29,920
careers or for jobs or employment is

1004
00:37:36,630 --> 00:37:33,200
only limiting all the things that we

1005
00:37:38,390 --> 00:37:36,640
stand in service of yeah i definitely

1006
00:37:40,390 --> 00:37:38,400
get that and

1007
00:37:41,910 --> 00:37:40,400
i'm a much bigger fan of the approach

1008
00:37:42,630 --> 00:37:41,920
that if people

1009
00:37:44,950 --> 00:37:42,640
did

1010
00:37:47,030 --> 00:37:44,960
were allowed to have their full creative

1011
00:37:48,550 --> 00:37:47,040
expression um

1012
00:37:50,470 --> 00:37:48,560
you know it wouldn't be thought of as

1013
00:37:52,550 --> 00:37:50,480

work it would just be thought of

1014

00:37:55,030 --> 00:37:52,560

contributing to the general community

1015

00:37:57,510 --> 00:37:55,040

because you have 24 hours a day seven

1016

00:37:58,790 --> 00:37:57,520

days a week of your own freedom and with

1017

00:38:03,270 --> 00:37:58,800

that

1018

00:38:05,670 --> 00:38:03,280

would get around to

1019

00:38:07,510 --> 00:38:05,680

giving thanks to being able to have such

1020

00:38:10,550 --> 00:38:07,520

a system like that with a little

1021

00:38:12,150 --> 00:38:10,560

dedication in one area or another

1022

00:38:14,790 --> 00:38:12,160

yeah yeah

1023

00:38:16,390 --> 00:38:14,800

and the system is self-policing i mean

1024

00:38:17,829 --> 00:38:16,400

people think that if you allow everyone

1025

00:38:19,910 --> 00:38:17,839

to do what they want we would have we

1026

00:38:21,990 --> 00:38:19,920

would have chaos but it's not like

1027

00:38:24,710 --> 00:38:22,000

there's there's no understanding at all

1028

00:38:26,230 --> 00:38:24,720

um i mean everyone

1029

00:38:29,510 --> 00:38:26,240

in order to

1030

00:38:31,910 --> 00:38:29,520

sovereignty

1031

00:38:34,710 --> 00:38:31,920

they'll be recognized as a micro nation

1032

00:38:36,870 --> 00:38:34,720

which is what this this is really

1033

00:38:38,069 --> 00:38:36,880

um

1034

00:38:39,510 --> 00:38:38,079

needs to

1035

00:38:41,750 --> 00:38:39,520

show that they're

1036

00:38:44,310 --> 00:38:41,760

able and willing to do that they need to

1037

00:38:46,630 --> 00:38:44,320

outline the principles upon which they

1038

00:38:48,150 --> 00:38:46,640

are willing to conduct themselves as a

1039

00:38:49,750 --> 00:38:48,160

micro nation

1040

00:38:51,910 --> 00:38:49,760

for other people to decide whether they

1041

00:38:54,630 --> 00:38:51,920

want to interact with them

1042

00:38:57,190 --> 00:38:54,640

and so we're we're with that treaty as

1043

00:38:59,030 --> 00:38:57,200

you've seen those those principles are

1044

00:39:00,630 --> 00:38:59,040

very small and simple

1045

00:39:02,550 --> 00:39:00,640

but then nonetheless

1046

00:39:04,470 --> 00:39:02,560

the guiding principles

1047

00:39:05,430 --> 00:39:04,480

cause no harm or damage

1048

00:39:08,790 --> 00:39:05,440

don't

1049

00:39:11,270 --> 00:39:08,800

um impinge the free will of others one

1050

00:39:12,150 --> 00:39:11,280

or two more but that that's these are

1051

00:39:15,589 --> 00:39:12,160

the

1052

00:39:18,310 --> 00:39:15,599

natural law that what your heart speaks

1053

00:39:19,670 --> 00:39:18,320

to if you're asked if you were asked or

1054

00:39:21,190 --> 00:39:19,680

how you're going to express yourself in

1055

00:39:23,589 --> 00:39:21,200

each moment we'll always naturally

1056

00:39:25,589 --> 00:39:23,599

comport to those basic guidelines as

1057

00:39:26,790 --> 00:39:25,599

long as you're in alignment with whom

1058

00:39:28,550 --> 00:39:26,800

what you are

1059

00:39:30,230 --> 00:39:28,560

well said man

1060

00:39:32,310 --> 00:39:30,240

and for those who aren't

1061

00:39:34,390 --> 00:39:32,320

for those who aren't we still don't no

1062

00:39:37,670 --> 00:39:34,400

one's suggesting that we abandon every

1063

00:39:39,349 --> 00:39:37,680

judicial system the system as it

1064

00:39:40,950 --> 00:39:39,359

operates at the moment actually does

1065

00:39:42,550 --> 00:39:40,960

quite a good job

1066

00:39:44,310 --> 00:39:42,560

of protecting

1067

00:39:46,630 --> 00:39:44,320

the really sovereign and conscious

1068

00:39:49,349 --> 00:39:46,640

individuals of this planet from what it

1069

00:39:52,870 --> 00:39:49,359

terms the idiots purpose and lunatics it

1070

00:39:55,589 --> 00:39:52,880

doesn't do it in a particularly nice way

1071

00:39:58,310 --> 00:39:55,599

and it does it using entirely the wrong

1072

00:39:59,589 --> 00:39:58,320

law forms and principles but that's

1073

00:40:00,790 --> 00:39:59,599

that's what it does it serves that

1074

00:40:02,630 --> 00:40:00,800

purpose and

1075

00:40:05,349 --> 00:40:02,640

that purpose that particular purpose

1076

00:40:08,309 --> 00:40:05,359

shouldn't be taken away

1077

00:40:09,510 --> 00:40:08,319

yeah man i know a lot of people want

1078

00:40:12,550 --> 00:40:09,520

change

1079

00:40:14,470 --> 00:40:12,560

i think they're just afraid of the

1080

00:40:16,550 --> 00:40:14,480

inconvenience of it i mean the use of

1081

00:40:18,630 --> 00:40:16,560

technology and intelligent architecture

1082

00:40:21,109 --> 00:40:18,640

to give people a high end like quality

1083

00:40:22,950 --> 00:40:21,119

of life at convenience without a lot of

1084

00:40:25,270 --> 00:40:22,960

the sacrifices is pretty important

1085

00:40:27,270 --> 00:40:25,280

because i don't want to go live off the

1086

00:40:29,910 --> 00:40:27,280

grid and have to [h__h] in a community pot

1087

00:40:31,829 --> 00:40:29,920

to fertilize the garden with it you know

1088

00:40:34,309 --> 00:40:31,839

yeah but it doesn't have to be that way

1089

00:40:36,309 --> 00:40:34,319

that doesn't have to be going back to

1090

00:40:37,910 --> 00:40:36,319

that the whole point of new earth is to

1091

00:40:40,550 --> 00:40:37,920

show that it doesn't have to be about

1092

00:40:41,670 --> 00:40:40,560

going back to um

1093

00:40:43,589 --> 00:40:41,680

you know

1094

00:40:45,270 --> 00:40:43,599

breaking your balls farming for 20 hours

1095

00:40:47,829 --> 00:40:45,280

a day just put food on the table living

1096

00:40:49,030 --> 00:40:47,839

off the la land we've we've gone past

1097

00:40:49,990 --> 00:40:49,040

that point

1098

00:40:52,710 --> 00:40:50,000

where

1099

00:40:53,510 --> 00:40:52,720

free zero point energy is

1100

00:40:55,030 --> 00:40:53,520

now

1101
00:40:57,829 --> 00:40:55,040
available in

1102
00:40:59,589 --> 00:40:57,839
near infinite applications

1103
00:41:00,630 --> 00:40:59,599
and that that alone

1104
00:41:04,150 --> 00:41:00,640
is what

1105
00:41:05,030 --> 00:41:04,160
can free humanity i mean we have

1106
00:41:07,190 --> 00:41:05,040
now

1107
00:41:09,349 --> 00:41:07,200
where we had maybe a number of horses

1108
00:41:11,430 --> 00:41:09,359
that did all the work on farms we now

1109
00:41:14,230 --> 00:41:11,440
have tractors that do the work of 10 000

1110
00:41:16,710 --> 00:41:14,240
horses and oil allowed that to happen

1111
00:41:17,829 --> 00:41:16,720
but it's limited and it's causing damage

1112
00:41:19,990 --> 00:41:17,839
to the planet

1113
00:41:23,030 --> 00:41:20,000

but with what one simple technology all

1114

00:41:25,430 --> 00:41:23,040

that can change and then there's no um

1115

00:41:26,790 --> 00:41:25,440

there's no limitation there

1116

00:41:30,230 --> 00:41:26,800

when you actually

1117

00:41:32,870 --> 00:41:30,240

this is just basic maths when you apply

1118

00:41:35,510 --> 00:41:32,880

that principle out across

1119

00:41:39,030 --> 00:41:35,520

the whole system if you like it can't

1120

00:41:40,069 --> 00:41:39,040

not make life very very easy and simple

1121

00:41:41,829 --> 00:41:40,079

for people

1122

00:41:44,390 --> 00:41:41,839

provided you make those those tools and

1123

00:41:47,030 --> 00:41:44,400

technologies accessible to all

1124

00:41:48,790 --> 00:41:47,040

and people also have some fear of

1125

00:41:50,550 --> 00:41:48,800

that where we're actually going with

1126
00:41:52,790 --> 00:41:50,560
technologies i mean you look at a lot of

1127
00:41:54,790 --> 00:41:52,800
the the movies that are produced now by

1128
00:41:56,150 --> 00:41:54,800
hollywood um

1129
00:41:57,750 --> 00:41:56,160
you know about the artificial

1130
00:41:59,589 --> 00:41:57,760
intelligence and things like that for

1131
00:42:01,990 --> 00:41:59,599
example and i actually see now some

1132
00:42:03,750 --> 00:42:02,000
initiatives and some real big scientific

1133
00:42:06,630 --> 00:42:03,760
projects that are actually moving

1134
00:42:10,069 --> 00:42:06,640
towards artificial intelligence and you

1135
00:42:12,230 --> 00:42:10,079
know the first reaction to that is

1136
00:42:13,510 --> 00:42:12,240
[h__h] that that is the that's the dark

1137
00:42:14,309 --> 00:42:13,520
side

1138
00:42:15,910 --> 00:42:14,319

yeah

1139

00:42:20,230 --> 00:42:15,920

but it's but it's not because we're

1140

00:42:21,750 --> 00:42:20,240

evolving as a species right and as as we

1141

00:42:23,349 --> 00:42:21,760

you know the level of consciousness on

1142

00:42:24,950 --> 00:42:23,359

this planet is raising

1143

00:42:26,870 --> 00:42:24,960

and fast

1144

00:42:28,950 --> 00:42:26,880

and by the time

1145

00:42:30,550 --> 00:42:28,960

20 years down the line when that

1146

00:42:31,510 --> 00:42:30,560

artificial intelligence

1147

00:42:33,190 --> 00:42:31,520

is at the

1148

00:42:35,109 --> 00:42:33,200

the level that it's

1149

00:42:36,950 --> 00:42:35,119

that folks say it's going to be right

1150

00:42:38,550 --> 00:42:36,960

now the level of consciousness will have

1151

00:42:40,470 --> 00:42:38,560

shifted it will be performing an

1152

00:42:42,309 --> 00:42:40,480

entirely different function and we just

1153

00:42:43,430 --> 00:42:42,319

don't have the capacity right now to see

1154

00:42:47,109 --> 00:42:43,440

what that is

1155

00:42:47,829 --> 00:42:47,119

but there's but it it's more fear

1156

00:43:01,910 --> 00:42:47,839

to

1157

00:43:07,670 --> 00:43:05,270

well said and i did see a few mentions

1158

00:43:09,589 --> 00:43:07,680

of like free energy on the site and this

1159

00:43:11,349 --> 00:43:09,599

is something we've done shows on

1160

00:43:13,510 --> 00:43:11,359

before the idea that there are free

1161

00:43:15,430 --> 00:43:13,520

energy devices that are being suppressed

1162

00:43:17,829 --> 00:43:15,440

i'm kind of curious how your communities

1163

00:43:19,349 --> 00:43:17,839

are gonna go about managing the energy

1164

00:43:20,870 --> 00:43:19,359

grid what technologies are being

1165

00:43:21,910 --> 00:43:20,880

proposed

1166

00:43:26,550 --> 00:43:21,920

um

1167

00:43:29,750 --> 00:43:26,560

of

1168

00:43:32,309 --> 00:43:29,760

true zero-point energy devices available

1169

00:43:34,710 --> 00:43:32,319

and a lot of which have come through

1170

00:43:37,430 --> 00:43:34,720

to us in our science and technology

1171

00:43:41,190 --> 00:43:37,440

group really that's interesting but to

1172

00:43:42,870 --> 00:43:41,200

not delve too deep into um

1173

00:43:44,790 --> 00:43:42,880

those things which

1174

00:43:47,670 --> 00:43:44,800

we couldn't put on a physical site

1175

00:43:50,309 --> 00:43:47,680

tomorrow and therefore to protect those

1176

00:43:52,470 --> 00:43:50,319

who have brought those to us

1177

00:43:54,230 --> 00:43:52,480

and i can just give you some examples of

1178

00:43:58,309 --> 00:43:54,240

really grounded technology that right

1179

00:43:59,190 --> 00:43:58,319

now is available sure um i mean our own

1180

00:44:01,349 --> 00:43:59,200

the

1181

00:44:02,150 --> 00:44:01,359

director of our science and tech faculty

1182

00:44:02,950 --> 00:44:02,160

is

1183

00:44:06,230 --> 00:44:02,960

uh

1184

00:44:07,750 --> 00:44:06,240

amazing human being called um doug

1185

00:44:09,910 --> 00:44:07,760

lindman who

1186

00:44:12,390 --> 00:44:09,920

was a former nasa

1187

00:44:14,950 --> 00:44:12,400

chief scientist who has developed

1188

00:44:16,630 --> 00:44:14,960

nanotech solar liquid paint

1189

00:44:19,109 --> 00:44:16,640

it's fully developed it could be painted

1190

00:44:21,349 --> 00:44:19,119

anywhere on anything tomorrow

1191

00:44:22,790 --> 00:44:21,359

and it's a two-layer paint system that

1192

00:44:24,390 --> 00:44:22,800

allows you to paint anything to power

1193

00:44:25,750 --> 00:44:24,400

anything you could paint time out roads

1194

00:44:29,030 --> 00:44:25,760

to power the cars

1195

00:44:31,750 --> 00:44:29,040

it's there it's ready to add one gallon

1196

00:44:35,510 --> 00:44:34,309

paint costs several hundred dollars to

1197

00:44:37,670 --> 00:44:35,520

produce

1198

00:44:39,510 --> 00:44:37,680

it covers 20 square meters and provides

1199

00:44:42,230 --> 00:44:39,520

8 kilowatts of power

1200

00:44:44,150 --> 00:44:42,240

that's unprecedented right yeah that's a

1201

00:44:45,990 --> 00:44:44,160

that's a whole house of solar

1202

00:44:47,990 --> 00:44:46,000

installation for

1203

00:44:49,750 --> 00:44:48,000

you know 200

1204

00:44:51,430 --> 00:44:49,760

so these technologies are actually here

1205

00:44:53,349 --> 00:44:51,440

and available right now

1206

00:44:54,630 --> 00:44:53,359

um their feet on the ground stuff the

1207

00:44:56,390 --> 00:44:54,640

world's gonna understand them and get

1208

00:44:58,150 --> 00:44:56,400

their head around them they're just if

1209

00:45:00,069 --> 00:44:58,160

they're efficient applications of

1210

00:45:01,910 --> 00:45:00,079

science we understand today

1211

00:45:04,390 --> 00:45:01,920

so

1212

00:45:05,829 --> 00:45:04,400

there's there's really no limitation

1213

00:45:07,990 --> 00:45:05,839

interesting and i know you can't say

1214

00:45:10,230 --> 00:45:08,000

much about zero point energy

1215

00:45:12,390 --> 00:45:10,240

devices i mean it is a big debate and

1216

00:45:15,190 --> 00:45:12,400

the safety of these scientists and

1217

00:45:17,349 --> 00:45:15,200

pioneers is super important but i run

1218

00:45:19,190 --> 00:45:17,359

into a lot of people who just either

1219

00:45:20,790 --> 00:45:19,200

don't think it's possible don't think

1220

00:45:23,270 --> 00:45:20,800

it's ever existed just because they

1221

00:45:25,349 --> 00:45:23,280

haven't seen it on fox news or cnn but i

1222

00:45:27,190 --> 00:45:25,359

mean you can confirm that you've seen

1223

00:45:30,069 --> 00:45:27,200

some type of working model for this type

1224

00:45:32,390 --> 00:45:30,079

of technology um yeah i can confirm that

1225

00:45:33,829 --> 00:45:32,400

a number of people in our

1226

00:45:35,589 --> 00:45:33,839

group and team

1227

00:45:36,870 --> 00:45:35,599

have either

1228

00:45:39,510 --> 00:45:36,880

witnessed

1229

00:45:41,349 --> 00:45:39,520

zero point technology working or have

1230

00:45:43,990 --> 00:45:41,359

developed them themselves

1231

00:45:44,870 --> 00:45:44,000

wow that is so exciting yeah

1232

00:45:47,589 --> 00:45:44,880

uh

1233

00:45:49,190 --> 00:45:47,599

they said things are being cooked

1234

00:45:50,710 --> 00:45:49,200

with these technologies have been around

1235

00:45:53,190 --> 00:45:50,720

for a long time tesla pretty much

1236

00:45:55,510 --> 00:45:53,200

cracked this uh a century ago the world

1237

00:45:57,510 --> 00:45:55,520

wasn't ready for it right and the world

1238

00:45:59,750 --> 00:45:57,520

still isn't ready for it world will be

1239

00:46:02,950 --> 00:45:59,760

ready for it when we're

1240

00:46:05,109 --> 00:46:02,960

we will only have access to that

1241

00:46:06,470 --> 00:46:05,119

god-like power

1242

00:46:07,589 --> 00:46:06,480

when we're

1243

00:46:11,349 --> 00:46:07,599

um

1244

00:46:14,470 --> 00:46:11,359

conscious enough to wield it

1245

00:46:16,870 --> 00:46:14,480

it's that but that everything that

1246

00:46:17,750 --> 00:46:16,880

um i've been involved in a lot of this

1247

00:46:19,750 --> 00:46:17,760

stuff

1248

00:46:23,430 --> 00:46:19,760

for several years now with various

1249

00:46:25,349 --> 00:46:23,440

zero-point energy devices and

1250

00:46:27,589 --> 00:46:25,359

the the things that happen to prevent

1251

00:46:30,950 --> 00:46:27,599

the stuff coming out just not just the

1252

00:46:32,390 --> 00:46:30,960

most remarkable and strange coincidences

1253

00:46:34,069 --> 00:46:32,400

uh

1254

00:46:35,829 --> 00:46:34,079

yeah it's it's unbelievable it makes you

1255

00:46:38,069 --> 00:46:35,839

laugh it would make it would make most

1256

00:46:40,150 --> 00:46:38,079

people cry if they'd been

1257

00:46:41,510 --> 00:46:40,160

working doing these things for so long

1258

00:46:44,390 --> 00:46:41,520

but that that's

1259

00:46:47,109 --> 00:46:44,400

right um

1260

00:46:48,150 --> 00:46:47,119

life is not ready to permit the world to

1261

00:46:49,670 --> 00:46:48,160

have

1262

00:46:51,190 --> 00:46:49,680

that much power

1263

00:46:52,710 --> 00:46:51,200

right now

1264

00:46:54,230 --> 00:46:52,720

that's the

1265

00:46:57,030 --> 00:46:54,240

natural conclusion we're just not ready

1266

00:46:59,349 --> 00:46:57,040

for it but we're getting there right

1267

00:47:02,550 --> 00:46:59,359

and small pockets yeah small pockets of

1268

00:47:03,829 --> 00:47:02,560

people have really gotten to that space

1269

00:47:05,430 --> 00:47:03,839

where they're

1270

00:47:08,230 --> 00:47:05,440

that they have the

1271

00:47:10,870 --> 00:47:08,240

wisdom and humility to

1272

00:47:12,790 --> 00:47:10,880

respect that kind of power and

1273

00:47:15,430 --> 00:47:12,800

technology and those people already are

1274

00:47:18,470 --> 00:47:15,440

benefiting from the fruits of it

1275

00:47:20,710 --> 00:47:18,480

i fully agree from what i've seen um you

1276

00:47:22,549 --> 00:47:20,720

know just online and just digging deep

1277

00:47:24,069 --> 00:47:22,559

into the conspiracy realm

1278

00:47:26,470 --> 00:47:24,079

there's a lot of compelling evidence

1279

00:47:29,270 --> 00:47:26,480

that this stuff exists and people would

1280

00:47:31,430 --> 00:47:29,280

be incredibly shocked to learn

1281

00:47:32,950 --> 00:47:31,440

that there are zero point energy devices

1282

00:47:35,990 --> 00:47:32,960

while they're paying

1283

00:47:38,549 --> 00:47:36,000

their utility company month after month

1284

00:47:40,230 --> 00:47:38,559

to keep this old system in place just so

1285

00:47:43,030 --> 00:47:40,240

their money can keep reeling in an

1286

00:47:44,790 --> 00:47:43,040

analogy that i like to use is i know

1287

00:47:47,589 --> 00:47:44,800

someone who adopted some kids from a

1288

00:47:49,750 --> 00:47:47,599

third world country and the first time

1289

00:47:51,750 --> 00:47:49,760

they went into a grocery store they just

1290

00:47:53,990 --> 00:47:51,760

like dropped to their knees and started

1291

00:47:57,270 --> 00:47:54,000

crying they couldn't believe that there

1292

00:47:58,549 --> 00:47:57,280

would be a room this big just stocked

1293

00:48:01,190 --> 00:47:58,559

with food

1294

00:48:05,109 --> 00:48:01,200

you know where they're from that is a

1295

00:48:06,950 --> 00:48:05,119

radically out of the box idea and

1296

00:48:08,710 --> 00:48:06,960

i think that the transition would be

1297

00:48:11,190 --> 00:48:08,720

just as jarring for people if they

1298

00:48:12,870 --> 00:48:11,200

really saw any of these technologies

1299

00:48:15,190 --> 00:48:12,880

implemented because we haven't updated

1300

00:48:17,190 --> 00:48:15,200

the electrical grid i mean since i've

1301
00:48:19,910 --> 00:48:17,200
been alive i'm 30 years old you know

1302
00:48:21,589 --> 00:48:19,920
we're still dealing with telephone poles

1303
00:48:23,829 --> 00:48:21,599
and wires that are

1304
00:48:28,069 --> 00:48:23,839
all hard lines to every house in the

1305
00:48:30,069 --> 00:48:28,079
nation i mean it's time to update

1306
00:48:31,589 --> 00:48:30,079
yeah um but about well i don't know that

1307
00:48:34,150 --> 00:48:31,599
it is time to update i think it's time

1308
00:48:35,670 --> 00:48:34,160
to just get rid of it all together

1309
00:48:37,990 --> 00:48:35,680
there's no reason any longer why we

1310
00:48:40,950 --> 00:48:38,000
should have centralized

1311
00:48:42,630 --> 00:48:40,960
um distribution of utilities

1312
00:48:43,910 --> 00:48:42,640
right

1313
00:48:45,109 --> 00:48:43,920

you know you're

1314

00:48:46,069 --> 00:48:45,119

if we're

1315

00:48:49,109 --> 00:48:46,079

if

1316

00:48:52,150 --> 00:48:49,119

sovereignty and is the goal then

1317

00:48:53,349 --> 00:48:52,160

individuals and small community groups

1318

00:48:55,589 --> 00:48:53,359

need to be

1319

00:48:56,390 --> 00:48:55,599

the ones who have the keys to the power

1320

00:48:58,950 --> 00:48:56,400

wow

1321

00:49:00,549 --> 00:48:58,960

not centralized operations

1322

00:49:01,510 --> 00:49:00,559

it's it's so much easier and cheaper

1323

00:49:03,750 --> 00:49:01,520

that way

1324

00:49:05,430 --> 00:49:03,760

it's it's cost so much money and been so

1325

00:49:07,349 --> 00:49:05,440

difficult to create these big

1326

00:49:09,030 --> 00:49:07,359

infrastructures

1327

00:49:11,510 --> 00:49:09,040

yeah where i mean right now even with

1328

00:49:13,750 --> 00:49:11,520

the existing technology we have i mean

1329

00:49:15,829 --> 00:49:13,760

right here where i am in indonesia

1330

00:49:17,030 --> 00:49:15,839

most of the power comes from diesel

1331

00:49:19,109 --> 00:49:17,040

generator

1332

00:49:21,190 --> 00:49:19,119

power plants

1333

00:49:23,990 --> 00:49:21,200

and so they they pull all these big

1334

00:49:26,069 --> 00:49:24,000

diesel generator banks into one place

1335

00:49:28,390 --> 00:49:26,079

generate the power there send it down

1336

00:49:29,589 --> 00:49:28,400

send it through inverters where it loses

1337

00:49:31,030 --> 00:49:29,599

15

1338

00:49:33,030 --> 00:49:31,040

send it down transmission lines where it

1339

00:49:35,349 --> 00:49:33,040

loses another twenty send it to more

1340

00:49:36,870 --> 00:49:35,359

inverters and uh and by the time it gets

1341

00:49:38,710 --> 00:49:36,880

to where

1342

00:49:40,390 --> 00:49:38,720

to light switch

1343

00:49:42,790 --> 00:49:40,400

there's only fifteen percent of that

1344

00:49:45,030 --> 00:49:42,800

generated power there

1345

00:49:46,950 --> 00:49:45,040

now if if everyone if every home in

1346

00:49:48,630 --> 00:49:46,960

this country had a a small diesel

1347

00:49:50,230 --> 00:49:48,640

generator

1348

00:49:51,430 --> 00:49:50,240

uh they're connected straight up to

1349

00:49:53,270 --> 00:49:51,440

their mains

1350

00:49:55,430 --> 00:49:53,280

and without bothering with metering or

1351

00:49:58,390 --> 00:49:55,440

anything like that then that itself

1352

00:50:01,190 --> 00:49:58,400

would have would chop their bills

1353

00:50:03,589 --> 00:50:01,200

their their usage their consumption

1354

00:50:04,549 --> 00:50:03,599

in in third

1355

00:50:07,750 --> 00:50:04,559

so it's

1356

00:50:09,829 --> 00:50:07,760

a massive already it's just to

1357

00:50:11,750 --> 00:50:09,839

keep this whole centralized distribution

1358

00:50:14,069 --> 00:50:11,760

network we have it's already a massive

1359

00:50:16,230 --> 00:50:14,079

burden we don't need that anyway so when

1360

00:50:18,150 --> 00:50:16,240

you bring that with new

1361

00:50:19,990 --> 00:50:18,160

when you bring new technologies into the

1362

00:50:21,589 --> 00:50:20,000

picture there as well it just makes even

1363

00:50:22,630 --> 00:50:21,599

less sense

1364

00:50:27,030 --> 00:50:22,640

to

1365

00:50:29,030 --> 00:50:27,040

agreed man and i'm glad that you guys

1366

00:50:30,790 --> 00:50:29,040

have secured a little bit of land you're

1367

00:50:33,349 --> 00:50:30,800

working towards that working towards the

1368

00:50:35,430 --> 00:50:33,359

next phase because i mean i'm just a

1369

00:50:37,510 --> 00:50:35,440

much bigger fan of that type of approach

1370

00:50:39,510 --> 00:50:37,520

rather than the endless education

1371

00:50:41,589 --> 00:50:39,520

because people a lot of them aren't

1372

00:50:43,910 --> 00:50:41,599

going to be convinced until they see a

1373

00:50:46,230 --> 00:50:43,920

living working sustainable model then

1374

00:50:47,750 --> 00:50:46,240

they can't call it impossible anymore so

1375

00:50:49,510 --> 00:50:47,760

and that's a big part of them it's a big

1376

00:50:51,990 --> 00:50:49,520

part of the manipulation from the puppet

1377

00:50:53,750 --> 00:50:52,000

masters also is they they convince us

1378

00:50:55,829 --> 00:50:53,760

that these things aren't even possible

1379

00:50:57,829 --> 00:50:55,839

they say resources are limited you know

1380

00:50:59,670 --> 00:50:57,839

it's a dog-eat-dog world out there and

1381

00:51:02,150 --> 00:50:59,680

it's hard to lie in the face of a

1382

00:51:03,670 --> 00:51:02,160

working model so do you have any idea

1383

00:51:06,549 --> 00:51:03,680

how close you are to that i know the

1384

00:51:08,549 --> 00:51:06,559

website throws out goals of having

1385

00:51:11,190 --> 00:51:08,559

multiple cities open

1386

00:51:12,470 --> 00:51:11,200

uh in march of next year is that still

1387

00:51:14,309 --> 00:51:12,480

the plan

1388

00:51:16,309 --> 00:51:14,319

um

1389

00:51:20,390 --> 00:51:16,319

underway

1390

00:51:23,589 --> 00:51:20,400

it's what we found is that it's

1391

00:51:26,390 --> 00:51:23,599

difficult to put um timelines on things

1392

00:51:28,790 --> 00:51:26,400

and in doing so we've actually in some

1393

00:51:30,549 --> 00:51:28,800

ways slowed ourselves down because you

1394

00:51:32,710 --> 00:51:30,559

create a liability for yourself that you

1395

00:51:34,710 --> 00:51:32,720

have to try and meet

1396

00:51:36,870 --> 00:51:34,720

um and that that's

1397

00:51:39,109 --> 00:51:36,880

that runs contrary to

1398

00:51:41,510 --> 00:51:39,119

the way the world works

1399

00:51:44,309 --> 00:51:41,520

so the dates provided they're very much

1400

00:51:47,190 --> 00:51:44,319

a guide but yeah we would we would

1401

00:51:49,829 --> 00:51:47,200

really do we see no reason why

1402

00:51:51,589 --> 00:51:49,839

in six months time there could not be

1403

00:51:53,589 --> 00:51:51,599

half a dozen

1404

00:51:55,190 --> 00:51:53,599

projects physically underway

1405

00:51:57,270 --> 00:51:55,200

but that's a

1406

00:51:58,390 --> 00:51:57,280

a guide only

1407

00:51:59,990 --> 00:51:58,400

and

1408

00:52:02,390 --> 00:52:00,000

one more thing on that subject there are

1409

00:52:04,950 --> 00:52:02,400

some various locations up on the new

1410

00:52:07,270 --> 00:52:04,960

earth site that are you know pointed out

1411

00:52:09,670 --> 00:52:07,280

on this globe image are those just

1412

00:52:11,190 --> 00:52:09,680

hypotheticals or are those concrete

1413

00:52:12,710 --> 00:52:11,200

locations because my question was

1414

00:52:14,549 --> 00:52:12,720

there's a couple of them that seem to be

1415

00:52:16,829 --> 00:52:14,559

within the united states and that would

1416

00:52:19,829 --> 00:52:16,839

seem pretty difficult to manage i would

1417

00:52:21,270 --> 00:52:19,839

think um

1418

00:52:23,030 --> 00:52:21,280

yeah i'm not so sure i actually think

1419

00:52:23,829 --> 00:52:23,040

the united states is the perfect place

1420

00:52:28,309 --> 00:52:23,839

to

1421

00:52:29,190 --> 00:52:28,319

really

1422

00:52:31,349 --> 00:52:29,200

yeah

1423

00:52:32,790 --> 00:52:31,359

i would be worried about regulation

1424

00:52:33,990 --> 00:52:32,800

well

1425

00:52:35,430 --> 00:52:34,000

i think you

1426

00:52:36,150 --> 00:52:35,440

where you go

1427

00:52:37,270 --> 00:52:36,160

to

1428

00:52:38,549 --> 00:52:37,280

uh

1429

00:52:41,030 --> 00:52:38,559

another

1430

00:52:42,549 --> 00:52:41,040

area of the world

1431

00:52:44,309 --> 00:52:42,559

um

1432

00:52:46,950 --> 00:52:44,319

what you have in america is a system

1433

00:52:49,190 --> 00:52:46,960

that's very highly developed now it's

1434

00:52:50,630 --> 00:52:49,200

incredibly corrupt

1435

00:52:53,190 --> 00:52:50,640

but it's

1436

00:52:54,069 --> 00:52:53,200

very highly developed there are some

1437

00:52:55,670 --> 00:52:54,079

real

1438

00:52:57,670 --> 00:52:55,680

solid

1439

00:53:00,150 --> 00:52:57,680

rules and precedents established and

1440

00:53:01,990 --> 00:53:00,160

there are people who even to this very

1441

00:53:03,430 --> 00:53:02,000

day are

1442

00:53:04,549 --> 00:53:03,440

obtaining

1443

00:53:07,270 --> 00:53:04,559

really

1444

00:53:08,390 --> 00:53:07,280

good judgments even going and taking our

1445

00:53:11,750 --> 00:53:08,400

system on

1446

00:53:13,829 --> 00:53:11,760

smack in the face the likes of rod class

1447

00:53:15,829 --> 00:53:13,839

um and others

1448

00:53:17,750 --> 00:53:15,839

i was i'm sorry but i did hear you talk

1449

00:53:19,510 --> 00:53:17,760

about him before and i'm sure most of

1450

00:53:21,430 --> 00:53:19,520

the audience isn't familiar can you talk

1451

00:53:24,870 --> 00:53:21,440

a little bit about the details of the

1452

00:53:25,910 --> 00:53:24,880

fight he's fighting i can do yeah he

1453

00:53:28,230 --> 00:53:25,920

um

1454

00:53:29,270 --> 00:53:28,240

i i don't know his story intimately well

1455

00:53:30,870 --> 00:53:29,280

but it's

1456

00:53:32,390 --> 00:53:30,880

the subject matter is relatively

1457

00:53:35,109 --> 00:53:32,400

important he was

1458

00:53:37,109 --> 00:53:35,119

for one reason or another arrested

1459

00:53:37,990 --> 00:53:37,119

without cause

1460

00:53:40,150 --> 00:53:38,000

and

1461

00:53:41,430 --> 00:53:40,160

had his liberties removed

1462

00:53:43,910 --> 00:53:41,440

and

1463

00:53:45,589 --> 00:53:43,920

took it upon himself to to seek redress

1464

00:53:46,870 --> 00:53:45,599

for that

1465

00:53:49,910 --> 00:53:46,880

and

1466

00:53:51,910 --> 00:53:49,920

his process proceeds from the insight

1467

00:53:52,870 --> 00:53:51,920

that every time

1468

00:54:28,230 --> 00:53:52,880

a

1469

00:54:29,829 --> 00:54:28,240

prosecutor but the

1470

00:54:32,470 --> 00:54:29,839

the point is that

1471

00:54:36,150 --> 00:54:32,480

there are a lot of people who are having

1472

00:54:39,030 --> 00:54:36,160

similar results these things don't get

1473

00:54:40,390 --> 00:54:39,040

generally come out publicly

1474

00:54:43,349 --> 00:54:40,400

because it's

1475

00:54:45,190 --> 00:54:43,359

not in the public interest

1476

00:54:46,309 --> 00:54:45,200

as the system defines the public

1477

00:54:48,470 --> 00:54:46,319

interest

1478

00:54:51,510 --> 00:54:48,480

most of the cases and people i know that

1479

00:54:54,069 --> 00:54:51,520

have had success and there's i see it's

1480

00:54:56,390 --> 00:54:54,079

a 100 success ratio for those people who

1481

00:54:57,750 --> 00:54:56,400

understand who they are there's a litany

1482

00:54:59,750 --> 00:54:57,760

of them they're all over the place and

1483

00:55:01,109 --> 00:54:59,760

it's happening every day but if the ones

1484

00:55:02,710 --> 00:55:01,119

that are successful

1485

00:55:04,069 --> 00:55:02,720

are not

1486

00:55:06,630 --> 00:55:04,079

generally

1487

00:55:09,270 --> 00:55:06,640

fighting publicly they're conducting

1488

00:55:11,030 --> 00:55:09,280

their own affairs privately and and

1489

00:55:12,789 --> 00:55:11,040

their matters are being

1490

00:55:14,789 --> 00:55:12,799

settled and it's happening all over the

1491

00:55:16,630 --> 00:55:14,799

place but it's happening privately you

1492

00:55:19,510 --> 00:55:16,640

can't bring truth into a public

1493

00:55:22,549 --> 00:55:19,520

courtroom if you do that in itself is a

1494

00:55:24,470 --> 00:55:22,559

uh or is viewed by that system as a

1495

00:55:25,829 --> 00:55:24,480

public nuisance or whatever yeah yeah

1496

00:55:27,109 --> 00:55:25,839

yeah and you can understand why you've

1497

00:55:29,430 --> 00:55:27,119

got to put yourself in other people's

1498

00:55:32,150 --> 00:55:29,440

shoes yeah not all i mean i've i've been

1499

00:55:33,270 --> 00:55:32,160

in front of a great number of judges

1500

00:55:35,030 --> 00:55:33,280

and

1501

00:55:37,430 --> 00:55:35,040

i i haven't actually met a single one

1502

00:55:40,549 --> 00:55:37,440

that i i would say in my experience that

1503

00:55:42,870 --> 00:55:40,559

i would say is undoubtedly corrupt

1504

00:55:44,710 --> 00:55:42,880

i've met one one i met one high court

1505

00:55:46,470 --> 00:55:44,720

judge who i would say was one of the

1506

00:55:50,630 --> 00:55:46,480

most honorable and decent human beings

1507

00:55:52,230 --> 00:55:50,640

i've ever met um and a number of county

1508

00:55:55,190 --> 00:55:52,240

court judges who

1509

00:55:56,789 --> 00:55:55,200

were all variously had some level of

1510

00:55:58,630 --> 00:55:56,799

morality or

1511

00:56:00,150 --> 00:55:58,640

were a little confused but i never met

1512

00:56:00,950 --> 00:56:00,160

anyone i've never come across one that

1513

00:56:03,109 --> 00:56:00,960

was

1514

00:56:04,630 --> 00:56:03,119

out and out um

1515

00:56:05,750 --> 00:56:04,640

belligerent

1516

00:56:07,430 --> 00:56:05,760

myself

1517

00:56:09,829 --> 00:56:07,440

that's interesting i mean i know you do

1518

00:56:11,430 --> 00:56:09,839

have a high understanding of law and a

1519

00:56:13,990 --> 00:56:11,440

lot of experience and how to deal with

1520

00:56:16,230 --> 00:56:14,000

the system and i mean since we're on the

1521

00:56:18,309 --> 00:56:16,240

topic is there any general advice you'd

1522

00:56:21,109 --> 00:56:18,319

give to people when dealing with police

1523

00:56:23,670 --> 00:56:21,119

because uh a lot of this natural law and

1524

00:56:25,030 --> 00:56:23,680

sovereignty stuff sounds good but i mean

1525

00:56:27,270 --> 00:56:25,040

i don't even think the police are

1526
00:56:28,069 --> 00:56:27,280
informed you know sometimes there's this

1527
00:56:29,430 --> 00:56:28,079
uh

1528
00:56:31,430 --> 00:56:29,440
there's this

1529
00:56:32,870 --> 00:56:31,440
insinuation that the police all know

1530
00:56:34,390 --> 00:56:32,880
these secrets and they're just keeping

1531
00:56:35,990 --> 00:56:34,400
it from you and if you just ask the

1532
00:56:37,670 --> 00:56:36,000
magic questions and say the magic

1533
00:56:39,670 --> 00:56:37,680
phrases you can get out of a speeding

1534
00:56:41,910 --> 00:56:39,680
ticket but you know i don't think a lot

1535
00:56:43,750 --> 00:56:41,920
of these cops are even informed to the

1536
00:56:45,349 --> 00:56:43,760
the bases of some of these things i mean

1537
00:56:46,470 --> 00:56:45,359
how would you suggest people deal with

1538
00:56:47,670 --> 00:56:46,480

them

1539

00:56:49,829 --> 00:56:47,680

yeah

1540

00:56:51,510 --> 00:56:49,839

well there's no magic questions to ask

1541

00:56:53,829 --> 00:56:51,520

it's the case of getting understanding

1542

00:56:55,670 --> 00:56:53,839

who you are and applying it but is there

1543

00:56:57,109 --> 00:56:55,680

are some very simple principles that one

1544

00:56:58,710 --> 00:56:57,119

can apply

1545

00:56:59,430 --> 00:56:58,720

um

1546

00:57:01,990 --> 00:56:59,440

and

1547

00:57:04,150 --> 00:57:02,000

i guarantee you will never be

1548

00:57:06,549 --> 00:57:04,160

convicted of anything because it makes

1549

00:57:08,789 --> 00:57:06,559

you essentially unconvictable

1550

00:57:13,589 --> 00:57:08,799

everything that conducts itself in that

1551
00:57:15,750 --> 00:57:13,599
world every charge that comes along is

1552
00:57:17,910 --> 00:57:15,760
is contract

1553
00:57:19,990 --> 00:57:17,920
an agreement needs to be reached before

1554
00:57:22,150 --> 00:57:20,000
there can be anything

1555
00:57:23,670 --> 00:57:22,160
before anything continues

1556
00:57:25,030 --> 00:57:23,680
now dealing with civil matters is a

1557
00:57:27,190 --> 00:57:25,040
different thing but we're just talking

1558
00:57:28,630 --> 00:57:27,200
about petty criminal stuff

1559
00:57:30,069 --> 00:57:28,640
um

1560
00:57:32,950 --> 00:57:30,079
there are so-called criminal stuff

1561
00:57:35,190 --> 00:57:32,960
speeding tickets and um you know not

1562
00:57:37,109 --> 00:57:35,200
wanting not not answering police

1563
00:57:39,670 --> 00:57:37,119

questions not giving names or all that

1564

00:57:41,589 --> 00:57:39,680

kind of stuff it's really so incredibly

1565

00:57:42,950 --> 00:57:41,599

simple

1566

00:57:48,470 --> 00:57:42,960

the

1567

00:57:50,470 --> 00:57:48,480

provide is a name

1568

00:57:52,829 --> 00:57:50,480

because you have to be

1569

00:57:56,309 --> 00:57:52,839

some kind of you have

1570

00:57:59,270 --> 00:57:56,319

to agree that you are something that the

1571

00:58:01,589 --> 00:57:59,280

system can see and understand

1572

00:58:03,190 --> 00:58:01,599

yeah it can't be a um

1573

00:58:05,750 --> 00:58:03,200

there can't be

1574

00:58:07,109 --> 00:58:05,760

federal government versus

1575

00:58:08,390 --> 00:58:07,119

spiritual being

1576

00:58:10,549 --> 00:58:08,400

doesn't happen like that

1577

00:58:12,630 --> 00:58:10,559

it's versus name

1578

00:58:15,670 --> 00:58:12,640

and it doesn't mean that we have to let

1579

00:58:17,750 --> 00:58:15,680

go of all these things that we've

1580

00:58:19,349 --> 00:58:17,760

that we used to conduct it just means we

1581

00:58:21,990 --> 00:58:19,359

need to address our relationships with

1582

00:58:24,710 --> 00:58:22,000

them they're asked what is your name

1583

00:58:26,630 --> 00:58:24,720

that's the the the question

1584

00:58:28,870 --> 00:58:26,640

and that the subtleties of language and

1585

00:58:30,230 --> 00:58:28,880

the way it's used is where they're the

1586

00:58:32,150 --> 00:58:30,240

key is here

1587

00:58:34,630 --> 00:58:32,160

um

1588

00:58:36,950 --> 00:58:34,640

i mean when you start to really question

1589

00:58:38,789 --> 00:58:36,960

the very fabric of everything

1590

00:58:40,630 --> 00:58:38,799

you know you you probably recognize that

1591

00:58:42,950 --> 00:58:40,640

ownership is an illusion no one can own

1592

00:58:45,270 --> 00:58:42,960

anything it's a concept

1593

00:58:47,190 --> 00:58:45,280

so the very question what is your name

1594

00:58:49,910 --> 00:58:47,200

implies ownership

1595

00:58:52,309 --> 00:58:49,920

and it implies that and for the one who

1596

00:58:53,829 --> 00:58:52,319

answers that question but by giving a

1597

00:58:56,549 --> 00:58:53,839

name he's claiming ownership over

1598

00:58:58,069 --> 00:58:56,559

something is it's implied you know what

1599

00:58:59,270 --> 00:58:58,079

what does that what do those questions

1600

00:59:01,349 --> 00:58:59,280

actually mean

1601
00:59:04,230 --> 00:59:01,359
but there's one simple principle that

1602
00:59:05,750 --> 00:59:04,240
can guide you through or anyone through

1603
00:59:08,390 --> 00:59:05,760
interactions with

1604
00:59:11,750 --> 00:59:08,400
with police it's

1605
00:59:12,789 --> 00:59:11,760
to learn the art of asking questions

1606
00:59:14,390 --> 00:59:12,799
from

1607
00:59:15,910 --> 00:59:14,400
a space

1608
00:59:18,870 --> 00:59:15,920
of peace

1609
00:59:21,270 --> 00:59:18,880
and good intentions i love the

1610
00:59:23,270 --> 00:59:21,280
philosophy of it but i just worry about

1611
00:59:26,069 --> 00:59:23,280
the real world application because you

1612
00:59:28,309 --> 00:59:26,079
know for i for example if i get pulled

1613
00:59:31,109 --> 00:59:28,319

over and then the cop wants me to sign

1614

00:59:32,950 --> 00:59:31,119

this ticket if i don't sign it

1615

00:59:34,710 --> 00:59:32,960

i'm told that right then and there i'm

1616

00:59:35,990 --> 00:59:34,720

going to be taken in well i don't have

1617

00:59:37,510 --> 00:59:36,000

that kind of freedom like i got

1618

00:59:40,309 --> 00:59:37,520

somewhere to go you know i'm on the road

1619

00:59:42,470 --> 00:59:40,319

i need to get there so i'm kind of stuck

1620

00:59:45,190 --> 00:59:42,480

signing this ticket because i need the

1621

00:59:47,670 --> 00:59:45,200

freedom to continue with my day

1622

00:59:49,430 --> 00:59:47,680

and i feel like if you take the route of

1623

00:59:52,390 --> 00:59:49,440

the sovereign citizen

1624

00:59:54,230 --> 00:59:52,400

sometimes you're entering uh a lot more

1625

00:59:56,230 --> 00:59:54,240

you're bringing inviting a lot more

1626
00:59:57,750 --> 00:59:56,240
trouble into your life a lot more hassle

1627
01:00:00,549 --> 00:59:57,760
is that not true

1628
01:00:01,829 --> 01:00:00,559
first of all number one i would never

1629
01:00:03,910 --> 01:00:01,839
suggest you go the route of the

1630
01:00:05,829 --> 01:00:03,920
sovereign citizen because it is by its

1631
01:00:07,589 --> 01:00:05,839
very nature aggressive

1632
01:00:10,470 --> 01:00:07,599
and you're gonna get and you're going to

1633
01:00:12,630 --> 01:00:10,480
you're going to lose at some point

1634
01:00:14,950 --> 01:00:12,640
people will say well i'm not doing this

1635
01:00:17,430 --> 01:00:14,960
i'm not doing that or

1636
01:00:20,630 --> 01:00:17,440
no i won't give you a name these are

1637
01:00:22,309 --> 01:00:20,640
these are energetic barriers

1638
01:00:25,030 --> 01:00:22,319

yeah when you do those things you're

1639

01:00:27,430 --> 01:00:25,040

actually creating a creating a line

1640

01:00:30,150 --> 01:00:27,440

between you and the human being and your

1641

01:00:32,309 --> 01:00:30,160

only hope of really really living this

1642

01:00:34,950 --> 01:00:32,319

principle is when you connect with that

1643

01:00:36,950 --> 01:00:34,960

other human being

1644

01:00:39,750 --> 01:00:36,960

that you're that you're engaging with

1645

01:00:41,589 --> 01:00:39,760

there is no uniform it's in your head

1646

01:00:43,829 --> 01:00:41,599

and if you move past that idea then the

1647

01:00:47,510 --> 01:00:43,839

whole idea that this other man is going

1648

01:00:48,870 --> 01:00:47,520

to cause you harm it is ludicrous

1649

01:00:50,390 --> 01:00:48,880

because he can't because he doesn't have

1650

01:00:52,870 --> 01:00:50,400

the power he doesn't have any power that

1651

01:00:54,470 --> 01:00:52,880

you don't give to him

1652

01:00:57,190 --> 01:00:54,480

at the same time when we first start

1653

01:00:58,630 --> 01:00:57,200

doing this it's it's not always as

1654

01:01:00,470 --> 01:00:58,640

clear-cut as that we have to go through

1655

01:01:01,750 --> 01:01:00,480

a few times before we really start to

1656

01:01:02,870 --> 01:01:01,760

get it

1657

01:01:05,750 --> 01:01:02,880

and

1658

01:01:08,630 --> 01:01:05,760

if we are taking the stance

1659

01:01:10,230 --> 01:01:08,640

that well it's more convenient to me

1660

01:01:12,870 --> 01:01:10,240

to sign this piece of paper so i can get

1661

01:01:15,750 --> 01:01:12,880

on my way and not be late for my meeting

1662

01:01:18,950 --> 01:01:15,760

and it is to um

1663

01:01:21,109 --> 01:01:18,960

go through this experience

1664

01:01:23,670 --> 01:01:21,119

and learn from it and educate some

1665

01:01:25,589 --> 01:01:23,680

brothers in uniforms at the same time if

1666

01:01:27,270 --> 01:01:25,599

we're gonna walk away from that life

1667

01:01:29,430 --> 01:01:27,280

experience then

1668

01:01:31,349 --> 01:01:29,440

we deserve everything we get yeah that

1669

01:01:33,270 --> 01:01:31,359

is an interesting way to look at it yeah

1670

01:01:35,510 --> 01:01:33,280

it is an experience where you can

1671

01:01:38,470 --> 01:01:35,520

actually change the way

1672

01:01:40,630 --> 01:01:38,480

the system has control over you yeah you

1673

01:01:43,270 --> 01:01:40,640

can make it and it's like if you put a

1674

01:01:45,430 --> 01:01:43,280

child you know a really innocent pure

1675

01:01:48,150 --> 01:01:45,440

child answering police questions they

1676
01:01:49,510 --> 01:01:48,160
would make them look so stupid in a few

1677
01:01:51,589 --> 01:01:49,520
minutes imagine a

1678
01:01:53,109 --> 01:01:51,599
five-year-old child with no fear in a

1679
01:01:54,870 --> 01:01:53,119
police interview

1680
01:01:56,470 --> 01:01:54,880
you could make a police officer look

1681
01:01:57,670 --> 01:01:56,480
incredibly stupid

1682
01:01:59,430 --> 01:01:57,680
it's not him that's doing it it's the

1683
01:02:00,950 --> 01:01:59,440
police officer that's doing it we have

1684
01:02:01,990 --> 01:02:00,960
to come back to that innocence of a

1685
01:02:03,910 --> 01:02:02,000
child

1686
01:02:07,510 --> 01:02:03,920
yeah you've got to love these people

1687
01:02:09,190 --> 01:02:07,520
i've had so much fun with um at police

1688
01:02:11,190 --> 01:02:09,200

stations with police officers i've

1689

01:02:13,829 --> 01:02:11,200

always got a beaming smile on my face

1690

01:02:15,589 --> 01:02:13,839

and it's not forced i'm really enjoying

1691

01:02:17,109 --> 01:02:15,599

myself because i know that this is my

1692

01:02:19,829 --> 01:02:17,119

opportunity

1693

01:02:22,710 --> 01:02:19,839

to change that man or these men's life

1694

01:02:24,470 --> 01:02:22,720

forever this is my opportunity to help

1695

01:02:26,950 --> 01:02:24,480

them see

1696

01:02:28,470 --> 01:02:26,960

the truth of who they are

1697

01:02:31,029 --> 01:02:28,480

and the folly and the path that they've

1698

01:02:33,349 --> 01:02:31,039

been taking and that doesn't happen from

1699

01:02:35,190 --> 01:02:33,359

me telling them or dictating this is how

1700

01:02:36,789 --> 01:02:35,200

it is and this is what you do doesn't

1701

01:02:39,510 --> 01:02:36,799

happen like that

1702

01:02:41,029 --> 01:02:39,520

happens with the simplest of questions

1703

01:02:43,589 --> 01:02:41,039

like um

1704

01:02:45,990 --> 01:02:43,599

you know if you are asked for a name

1705

01:02:48,309 --> 01:02:46,000

just the simplest of questions

1706

01:02:51,589 --> 01:02:48,319

but is is there a law brother that

1707

01:02:52,950 --> 01:02:51,599

requires me to have a name

1708

01:02:54,630 --> 01:02:52,960

you know there's one that that they

1709

01:02:56,870 --> 01:02:54,640

require there might be one that requires

1710

01:02:58,069 --> 01:02:56,880

me to provide one if that's what you say

1711

01:02:59,029 --> 01:02:58,079

i'll believe you

1712

01:03:00,390 --> 01:02:59,039

um

1713

01:03:02,069 --> 01:03:00,400

but is there is there a law that

1714

01:03:03,829 --> 01:03:02,079

requires me to have one in the first

1715

01:03:05,349 --> 01:03:03,839

place and could you show me that please

1716

01:03:07,910 --> 01:03:05,359

brother and then

1717

01:03:09,510 --> 01:03:07,920

and have some real fun i remember being

1718

01:03:12,069 --> 01:03:09,520

on a certain matter in a police

1719

01:03:13,829 --> 01:03:12,079

interview and i had been had to sit in a

1720

01:03:15,029 --> 01:03:13,839

cell for an hour to wait to wait for

1721

01:03:16,470 --> 01:03:15,039

this because i'd been through this

1722

01:03:18,630 --> 01:03:16,480

experience a few times

1723

01:03:21,589 --> 01:03:18,640

i asked for a bible something to read

1724

01:03:23,589 --> 01:03:21,599

and um when we get to the to the polite

1725

01:03:25,270 --> 01:03:23,599

interview it's officer dave i've already

1726

01:03:26,549 --> 01:03:25,280

got to know these local police officers

1727

01:03:28,710 --> 01:03:26,559

and we've had a lot of fun because we

1728

01:03:31,109 --> 01:03:28,720

bring the right energy to things he sits

1729

01:03:32,470 --> 01:03:31,119

down he says greg why is it that you

1730

01:03:34,470 --> 01:03:32,480

don't want to

1731

01:03:36,069 --> 01:03:34,480

to give us a name why is it you're doing

1732

01:03:37,910 --> 01:03:36,079

that and i i've been reading through the

1733

01:03:39,910 --> 01:03:37,920

bible and i said brother let the good

1734

01:03:42,549 --> 01:03:39,920

book answer this question for you and it

1735

01:03:44,390 --> 01:03:42,559

says okay i said it says do not give

1736

01:03:47,349 --> 01:03:44,400

that which is sacred unto the dogs and

1737

01:03:48,950 --> 01:03:47,359

do not throw your pearls to pigs and

1738

01:03:50,870 --> 01:03:48,960

and he was he was pissing himself

1739

01:03:52,870 --> 01:03:50,880

laughing he couldn't he was being

1740

01:03:53,910 --> 01:03:52,880

recorded by then the crown prosecution

1741

01:03:55,270 --> 01:03:53,920

service were going to listen to this

1742

01:03:58,470 --> 01:03:55,280

tape so he couldn't

1743

01:04:00,150 --> 01:03:58,480

he couldn't um blot out big fits of

1744

01:04:01,750 --> 01:04:00,160

laughter but he was he was laughing he

1745

01:04:04,390 --> 01:04:01,760

was holding his stomach increasing

1746

01:04:07,029 --> 01:04:04,400

himself and just these simple things to

1747

01:04:09,430 --> 01:04:07,039

make light of the situation just defuse

1748

01:04:10,630 --> 01:04:09,440

anything in another similar interview i

1749

01:04:12,950 --> 01:04:10,640

was they

1750

01:04:15,270 --> 01:04:12,960

started off with very official stuff

1751
01:04:16,870 --> 01:04:15,280
and um i just said guys before we start

1752
01:04:18,710 --> 01:04:16,880
there's something you really need to

1753
01:04:20,710 --> 01:04:18,720
know it's really important that you know

1754
01:04:23,430 --> 01:04:20,720
this i just looked each of them in the

1755
01:04:25,430 --> 01:04:23,440
eye and i said i love you and i love you

1756
01:04:27,910 --> 01:04:25,440
and i really meant it and they were

1757
01:04:30,549 --> 01:04:27,920
there was stump there was silence jesus

1758
01:04:32,789 --> 01:04:30,559
what do we do now

1759
01:04:34,230 --> 01:04:32,799
and then for the next 20 minutes they

1760
01:04:36,710 --> 01:04:34,240
sat there and answered my questions

1761
01:04:38,789 --> 01:04:36,720
while i questioned them

1762
01:04:40,630 --> 01:04:38,799
it's really really simple but you've got

1763
01:04:42,390 --> 01:04:40,640

to you've got to be peaceful and you've

1764

01:04:43,990 --> 01:04:42,400

got to really care about those folks if

1765

01:04:45,510 --> 01:04:44,000

you're going to be belligerent if you

1766

01:04:46,710 --> 01:04:45,520

see them as the enemy you're going to

1767

01:04:47,670 --> 01:04:46,720

get your ass handed to you you're not

1768

01:04:49,430 --> 01:04:47,680

going to learn anything you're not going

1769

01:04:51,750 --> 01:04:49,440

to grow as an individual you're not

1770

01:04:53,430 --> 01:04:51,760

going to get it wow that's a pretty

1771

01:04:54,630 --> 01:04:53,440

insightful way to look at it man because

1772

01:04:57,109 --> 01:04:54,640

i definitely

1773

01:04:59,190 --> 01:04:57,119

have the wrong energy when a cop walks

1774

01:05:01,109 --> 01:04:59,200

up to my window and maybe i should

1775

01:05:03,589 --> 01:05:01,119

change that

1776

01:05:06,150 --> 01:05:03,599

well greg i think that is as positive a

1777

01:05:07,910 --> 01:05:06,160

note as any to kind of wrap this up on i

1778

01:05:09,990 --> 01:05:07,920

mean i think this has been great it's

1779

01:05:11,910 --> 01:05:10,000

been really informative and exciting

1780

01:05:14,630 --> 01:05:11,920

we've had some struggles along the way

1781

01:05:16,150 --> 01:05:14,640

to stay connected but are there any

1782

01:05:18,470 --> 01:05:16,160

other words you'd like to leave the

1783

01:05:20,470 --> 01:05:18,480

people with any advice on how to get

1784

01:05:21,990 --> 01:05:20,480

involved uh with those already

1785

01:05:24,309 --> 01:05:22,000

interested i mean outside of the the

1786

01:05:26,710 --> 01:05:24,319

treaty or anything

1787

01:05:31,029 --> 01:05:28,230

there's

1788

01:05:33,270 --> 01:05:31,039

we're always looking for

1789

01:05:37,109 --> 01:05:33,280

um we have a volunteer team at the

1790

01:05:39,270 --> 01:05:37,119

moment um of some 300 plus people it's

1791

01:05:40,309 --> 01:05:39,280

quite a big operation

1792

01:05:43,029 --> 01:05:40,319

um

1793

01:05:44,470 --> 01:05:43,039

and there are a lot of key roles

1794

01:05:47,190 --> 01:05:44,480

that that we

1795

01:05:49,029 --> 01:05:47,200

really need help with key things that we

1796

01:05:51,589 --> 01:05:49,039

really need help with if the if there

1797

01:05:53,270 --> 01:05:51,599

are people out there that feel inclined

1798

01:05:55,670 --> 01:05:53,280

to get involved

1799

01:05:57,670 --> 01:05:55,680

and to become involved in the the

1800

01:06:00,309 --> 01:05:57,680

administrative team for the tribunal for

1801

01:06:03,349 --> 01:06:00,319

natural justice to help out with

1802

01:06:05,109 --> 01:06:03,359

pr works and i i an i.t director we're

1803

01:06:07,589 --> 01:06:05,119

in desperate need of at the moment a

1804

01:06:09,910 --> 01:06:07,599

number of other key roles anyone that

1805

01:06:11,910 --> 01:06:09,920

has anything that they really feel

1806

01:06:14,549 --> 01:06:11,920

inspired to contribute to this

1807

01:06:16,230 --> 01:06:14,559

initiative and this unfolding please get

1808

01:06:17,670 --> 01:06:16,240

anyone interested send greg and the new

1821

01:06:46,150 --> 01:06:43,680

earth nation social media pages your

1822

01:06:47,029 --> 01:06:46,160

treaty declarations

1823

01:06:48,549 --> 01:06:47,039

uh

1824

01:06:50,390 --> 01:06:48,559

thanks so much man i mean this has been

1825

01:06:51,990 --> 01:06:50,400

a real pleasure keep doing what you do

1826
01:06:54,549 --> 01:06:52,000
and hopefully we can change the world

1827
01:06:55,910 --> 01:06:54,559
for the better oh is that well it's

1828
01:06:57,750 --> 01:06:55,920
already done greg see that's that's the

1829
01:06:59,589 --> 01:06:57,760
thing that you said if there's anything

1830
01:07:01,270 --> 01:06:59,599
else i'd like to share before

1831
01:07:03,109 --> 01:07:01,280
we go

1832
01:07:04,150 --> 01:07:03,119
i personally i'm not here to change the

1833
01:07:08,630 --> 01:07:04,160
world

1834
01:07:12,549 --> 01:07:08,640
the way it is

1835
01:07:15,349 --> 01:07:12,559
it's i i'm here to help share

1836
01:07:17,829 --> 01:07:15,359
that realization that absolute peace

1837
01:07:19,750 --> 01:07:17,839
absolute joy absolute happiness is here

1838
01:07:21,829 --> 01:07:19,760

right now it's there for everyone

1839

01:07:23,510 --> 01:07:21,839

uh that perfection that heaven on earth

1840

01:07:25,589 --> 01:07:23,520

that people have been searching for it's

1841

01:07:28,950 --> 01:07:25,599

already here right now

1842

01:07:32,069 --> 01:07:28,960

and all we've got to do is just turn up

1843

01:07:34,470 --> 01:07:32,079

well said higher level thinking man and

1844

01:07:36,789 --> 01:07:34,480

i love it and when those domes open up

1845

01:07:38,549 --> 01:07:36,799

to the public let me know i would love

1846

01:07:41,109 --> 01:07:38,559

to come out there and cover that i think

1847

01:07:43,829 --> 01:07:41,119

the idea those acoustics is pretty sweet

1848

01:07:45,990 --> 01:07:43,839

cool well like i said

1849

01:07:48,150 --> 01:07:46,000

we have a prototype in our garden if you

1850

01:07:50,390 --> 01:07:48,160

find yourself passing through

1851

01:07:53,109 --> 01:07:50,400

barley greg any time then

1852

01:07:55,430 --> 01:07:53,119

you are welcome all right good to hear

1853

01:07:57,029 --> 01:07:55,440

man well thank you for that and again

1854

01:07:59,109 --> 01:07:57,039

take care of yourself i love what you're

1855

01:08:01,190 --> 01:07:59,119

doing man have a good night you too

1856

01:08:03,270 --> 01:08:01,200

brother much love

1857

01:08:05,109 --> 01:08:03,280

there we have it people i apologize

1858

01:08:07,910 --> 01:08:05,119

about some of the hiccups but i edited

1859

01:08:10,549 --> 01:08:07,920

that from a solid d to i would say a b

1860

01:08:12,950 --> 01:08:10,559

minus quality wise but greg paul was a

1861

01:08:14,789 --> 01:08:12,960

great guest way more positive than i've

1862

01:08:16,709 --> 01:08:14,799

been lately but it's fun to talk to

1863

01:08:19,110 --> 01:08:16,719

folks like that it kind of rubs off on

1864

01:08:21,189 --> 01:08:19,120

you so if you liked the first half

1865

01:08:23,669 --> 01:08:21,199

hearing about new earth nation personal

1866

01:08:25,349 --> 01:08:23,679

sovereignty responsibility natural law

1867

01:08:26,950 --> 01:08:25,359

and one of my favorite sections on how

1868

01:08:28,550 --> 01:08:26,960

to deal with police and the courts in a

1869

01:08:30,149 --> 01:08:28,560

more effective or at least a more

1870

01:08:31,990 --> 01:08:30,159

interesting manner and greg's

1871

01:08:33,669 --> 01:08:32,000

confirmation that zero point free energy

1872

01:08:35,430 --> 01:08:33,679

devices are very much a practical

1873

01:08:37,990 --> 01:08:35,440

reality outside of the grips of the

1874

01:08:39,669 --> 01:08:38,000

shadowy dicks atop the pyramid then i am

1875

01:08:41,510 --> 01:08:39,679

sure you would enjoy the extended

1876

01:08:43,269 --> 01:08:41,520

conversation about some more super

1877

01:08:45,030 --> 01:08:43,279

interesting technologies that could be

1878

01:08:47,110 --> 01:08:45,040

implemented for the good of mankind

1879

01:08:48,630 --> 01:08:47,120

details on building housing structures

1880

01:08:51,269 --> 01:08:48,640

that use the principles of sacred

1881

01:08:52,789 --> 01:08:51,279

geometry to have a true energetic effect

1882

01:08:55,269 --> 01:08:52,799

on people who walk into the room

1883

01:08:57,749 --> 01:08:55,279

building on vortexes harnessing this

1884

01:08:59,430 --> 01:08:57,759

knowledge drawing fractal energetic

1885

01:09:01,269 --> 01:08:59,440

patterns in the desert to make it rain

1886

01:09:04,070 --> 01:09:01,279

where it's been dry for 100 years i mean

1887

01:09:06,070 --> 01:09:04,080

what the hell is that we also talk about

1888

01:09:08,149 --> 01:09:06,080

pricing and options for purchasing a

1889

01:09:10,070 --> 01:09:08,159

home in an upcoming new earth community

1890

01:09:12,309 --> 01:09:10,080

and i urge you if you are interested

1891

01:09:13,590 --> 01:09:12,319

please sign up for thc plus we're just

1892

01:09:15,269 --> 01:09:13,600

getting out of the first month and

1893

01:09:17,269 --> 01:09:15,279

although i have been saying five shows

1894

01:09:19,349 --> 01:09:17,279

for five dollars we actually squeezed a

1895

01:09:21,269 --> 01:09:19,359

sixth one in there so now you could cave

1896

01:09:22,870 --> 01:09:21,279

in and support the thc adventure for

1897

01:09:24,550 --> 01:09:22,880

five bucks and you could listen to

1898

01:09:26,470 --> 01:09:24,560

excellent hours with not only nick

1899

01:09:28,870 --> 01:09:26,480

redfearn the great robert phoenix and

1900

01:09:30,950 --> 01:09:28,880

the amazing marty leeds but also a

1901

01:09:32,870 --> 01:09:30,960

dominant second hour from david politis

1902

01:09:34,630 --> 01:09:32,880

and his missing 4-1-1 material that i

1903

01:09:36,789 --> 01:09:34,640

just can't get enough of

1904

01:09:38,229 --> 01:09:36,799

and an awkward race to the finish with

1905

01:09:40,309 --> 01:09:38,239

yon irvin

1906

01:09:42,870 --> 01:09:40,319

but the first month the thc really has

1907

01:09:44,630 --> 01:09:42,880

everything and i've gotten so much great

1908

01:09:46,309 --> 01:09:44,640

feedback everyone is loving the longer

1909

01:09:47,990 --> 01:09:46,319

shows and the news site in fact because

1910

01:09:49,990 --> 01:09:48,000

listeners were already logged in there

1911

01:09:52,070 --> 01:09:50,000

we're seeing a ton of more comments and

1912

01:09:54,310 --> 01:09:52,080

conversations about the shows which i've

1913

01:09:56,390 --> 01:09:54,320

always wanted and i always read but i'm

1914

01:09:58,550 --> 01:09:56,400

going to try to be way more engaged in

1915

01:10:00,870 --> 01:09:58,560

you also get a place in your profile for

1916

01:10:02,630 --> 01:10:00,880

guests and topic suggestions which most

1917

01:10:04,709 --> 01:10:02,640

people have used that's actually how we

1918

01:10:06,070 --> 01:10:04,719

got marty leeds i hadn't heard of him

1919

01:10:08,310 --> 01:10:06,080

until i heard from one of the plus

1920

01:10:10,630 --> 01:10:08,320

members so i'm glad we got that request

1921

01:10:12,470 --> 01:10:10,640

but a community is forming and i am so

1922

01:10:14,390 --> 01:10:12,480

thankful for that and for the support

1923

01:10:16,390 --> 01:10:14,400

and i hope that the free listeners will

1924

01:10:18,950 --> 01:10:16,400

see just how little five bucks a month

1925

01:10:21,830 --> 01:10:18,960

is and i really only get four and some

1926

01:10:23,910 --> 01:10:21,840

change after paypal takes a cut but i

1927

01:10:25,830 --> 01:10:23,920

digress the low price is there to bring

1928

01:10:27,669 --> 01:10:25,840

in the numbers i don't want anyone to be

1929

01:10:28,830 --> 01:10:27,679

denied access and i think getting

1930

01:10:31,430 --> 01:10:28,840

upwards of

1931

01:10:33,910 --> 01:10:31,440

759. a month i mean that's kind of crazy

1932

01:10:35,669 --> 01:10:33,920

i think five dollars is a barrier of

1933

01:10:37,430 --> 01:10:35,679

entry that anyone with an internet

1934

01:10:39,350 --> 01:10:37,440

connection and a smartphone can achieve

1935

01:10:41,910 --> 01:10:39,360

if they make the choice but in terms of

1936

01:10:43,990 --> 01:10:41,920

today's show i really liked the idea of

1937

01:10:46,310 --> 01:10:44,000

fighting police with love rather than

1938

01:10:47,990 --> 01:10:46,320

facing them in the streets by protesting

1939

01:10:49,830 --> 01:10:48,000

from the philosophy that the external

1940

01:10:51,830 --> 01:10:49,840

world and its energies are going to be a

1941

01:10:53,430 --> 01:10:51,840

mirror of what you're putting out or

1942

01:10:55,830 --> 01:10:53,440

feeling on the inside even just the

1943

01:10:57,430 --> 01:10:55,840

intent i think there might be some truth

1944

01:10:59,350 --> 01:10:57,440

to the clashing of the state and the

1945

01:11:01,110 --> 01:10:59,360

people and just how futile it really is

1946

01:11:03,110 --> 01:11:01,120

to try and win the game that way maybe

1947

01:11:05,910 --> 01:11:03,120

we should kill him with kindness

1948

01:11:07,910 --> 01:11:05,920

it's not what i always do but i'm glad

1949

01:11:11,270 --> 01:11:07,920

that other people are out there doing it

1950

01:11:12,950 --> 01:11:11,280

and i'd probably recommend it for you

1951

01:11:14,790 --> 01:11:12,960

it's kind of in line with a facebook

1952

01:11:16,870 --> 01:11:14,800

post i made about ferguson actually that

1953

01:11:18,709 --> 01:11:16,880

was something to the effect of wouldn't

1954

01:11:20,950 --> 01:11:18,719

it be legendary if protesters in

1955

01:11:22,709 --> 01:11:20,960

ferguson decided to break the curfew by

1956

01:11:24,390 --> 01:11:22,719

screening remember the titans on the

1957

01:11:27,110 --> 01:11:24,400

side of the destroyed quiktrip gas

1958

01:11:29,350 --> 01:11:27,120

station and that is largely phrased as a

1959

01:11:31,430 --> 01:11:29,360

joke but the point was how would that

1960

01:11:33,830 --> 01:11:31,440

look on tv how can you paint those

1961

01:11:35,270 --> 01:11:33,840

people as looters how can you twist

1962

01:11:37,830 --> 01:11:35,280

black and white people sitting in a

1963

01:11:39,910 --> 01:11:37,840

parking lot maybe grilling and watching

1964

01:11:42,070 --> 01:11:39,920

a movie based on a true story that was

1965

01:11:44,870 --> 01:11:42,080

overcoming racial issues

1966

01:11:46,470 --> 01:11:44,880

and ferguson is about way more than

1967

01:11:48,310 --> 01:11:46,480

racial issues it's about police

1968

01:11:50,390 --> 01:11:48,320

aggression and the general disrespect

1969

01:11:52,070 --> 01:11:50,400

that common folks and more specifically

1970

01:11:54,470 --> 01:11:52,080

poor folks get from the privileged

1971

01:11:56,950 --> 01:11:54,480

police and the lack of consequences they

1972

01:11:59,030 --> 01:11:56,960

have for any actions but the point is

1973

01:12:01,189 --> 01:11:59,040

just instead of a confrontation with

1974

01:12:03,430 --> 01:12:01,199

police peaceful or otherwise throw a

1975

01:12:05,750 --> 01:12:03,440

party spread some love give them a

1976

01:12:07,669 --> 01:12:05,760

goddamn plate of ribs and a lawn chair

1977

01:12:10,550 --> 01:12:07,679

and watch their brain break as these

1978

01:12:13,110 --> 01:12:10,560

guys are ordered to arrest these people

1979

01:12:15,030 --> 01:12:13,120

mace these people etc because when you

1980

01:12:16,709 --> 01:12:15,040

face off against them their adrenaline

1981

01:12:18,709 --> 01:12:16,719

is going they're buying into the

1982

01:12:20,950 --> 01:12:18,719

[h__\h] that the common man is the

1983

01:12:23,030 --> 01:12:20,960

enemy but if we're really kind to them

1984

01:12:25,590 --> 01:12:23,040

in the face of that aggression maybe

1985

01:12:27,110 --> 01:12:25,600

that spell can be broken you know maybe

1986

01:12:29,990 --> 01:12:27,120

they'll be going home at night kicking

1987

01:12:32,229 --> 01:12:30,000

off their boots and just crying

1988

01:12:33,990 --> 01:12:32,239

because they can't believe

1989

01:12:35,350 --> 01:12:34,000

the side they're working for they now

1990

01:12:37,110 --> 01:12:35,360

see the truth

1991

01:12:39,510 --> 01:12:37,120

i don't know it's an idea but it takes a

1992

01:12:41,110 --> 01:12:39,520

strong-willed higher level mindset like

1993

01:12:43,030 --> 01:12:41,120

greg paul's

1994

01:12:45,189 --> 01:12:43,040

to achieve that and maybe it is the

1995

01:12:46,870 --> 01:12:45,199

mindset we need but i'm gonna shut up

1996

01:12:49,270 --> 01:12:46,880

before i have to kick my own ass so

1997

01:12:51,990 --> 01:12:49,280

contribute your tunes to podcast music

1998

01:12:54,390 --> 01:12:52,000

archive at gmail.com tell your favorite

1999

01:12:56,870 --> 01:12:54,400

other shows about the program pick up

2000

01:12:59,189 --> 01:12:56,880

one of the amazing conspiracies t-shirts

2001

01:13:01,830 --> 01:12:59,199

i've designed at conspiracies.net

2002

01:13:04,310 --> 01:13:01,840

to project these bold truths from your

2003

01:13:05,830 --> 01:13:04,320

radiant chest and maybe sign up for plus

2004

01:13:08,229 --> 01:13:05,840

and start commenting with the rest of

2005

01:13:10,310 --> 01:13:08,239

these enlightened folks i love you guys

2006

01:13:12,790 --> 01:13:10,320

i hope you return the sentiment and i'll

2007

01:13:15,030 --> 01:13:12,800

see you next week it seems as if the

2008

01:13:17,110 --> 01:13:15,040

idea that true change comes from within

2009

01:13:19,830 --> 01:13:17,120

is today's lesson and nothing happens

2010

01:13:21,750 --> 01:13:19,840

without taking the first steps to action

2011

01:13:24,310 --> 01:13:21,760

so it's your move audience

2012

01:13:44,390 --> 01:13:24,320

your [h__h] move

2013

01:13:49,669 --> 01:13:47,110

enjoy the weather and the sun and of

2014

01:13:52,550 --> 01:13:49,679

course good company i could explain it

2015

01:14:12,390 --> 01:13:52,560

in detail when you visit you will see

2016

01:14:20,390 --> 01:14:16,390

i couldn't stay in the old midwest

2017

01:14:24,390 --> 01:14:20,400

i had no motivation

2018

01:14:28,390 --> 01:14:24,400

and i'd say it's worked out for the best

2019

01:14:31,110 --> 01:14:28,400

and every day's a vacation

2020

01:14:32,390 --> 01:14:31,120

and sometimes we forget why we're

2021

01:14:36,390 --> 01:14:32,400

working

2022

01:14:39,110 --> 01:14:36,400

and we could use a good shake

2023

01:14:40,390 --> 01:14:39,120

and i think you'll find them in life

2024

01:14:55,110 --> 01:14:40,400

crisis

2025

01:15:16,149 --> 01:14:57,590

visit you will see you'll have fun but

2026

01:15:21,110 --> 01:15:17,430

maybe

2027

01:15:36,630 --> 01:15:21,120

i'm in a form of denial but you've got a

2028

01:15:36,640 --> 01:15:50,630

gets

2029

01:15:55,350 --> 01:15:52,950

but it works just great with me enjoy

2030

01:15:57,830 --> 01:15:55,360

the weather and the sun and of course
