

**Olav Phillips  
UFOs,  
Geoengineering,  
Depopulation,  
& Secret  
Space Programs**

BROUGHT TO YOU BY:  
  
**conspiraTees.net**

1  
00:00:36,610 --> 00:00:34,810  
here we go our Sun shatters welcome to

2  
00:00:38,349 --> 00:00:36,620  
the party drink a little drink smoking a

3  
00:00:40,750 --> 00:00:38,359  
little smoke the only way I know how

4  
00:00:42,849 --> 00:00:40,760  
from sunny San Diego I'm Greg Carl Wood

5  
00:00:45,040 --> 00:00:42,859  
and today were popping open the sweet

6  
00:00:46,779 --> 00:00:45,050  
sweet Pandora's box a conspiracy

7  
00:00:48,250 --> 00:00:46,789  
goodness by looking at a lot of the

8  
00:00:50,500 --> 00:00:48,260  
secret programs that have been going on

9  
00:00:52,899 --> 00:00:50,510  
over the last few decades why they've

10  
00:00:53,919 --> 00:00:52,909  
happened what's the connection and what

11  
00:00:56,020 --> 00:00:53,929  
do we know about them

12  
00:00:57,939 --> 00:00:56,030  
things like geoengineering chemtrails

13  
00:00:59,889 --> 00:00:57,949

the construction of a vast network of

14

00:01:02,139 --> 00:00:59,899

underground bases and high-tech tube

15

00:01:05,020 --> 00:01:02,149

trains depopulation the Georgia

16

00:01:07,030 --> 00:01:05,030

Guidestones agenda21 raven rock UFO

17

00:01:08,890 --> 00:01:07,040

secret space programs and more and

18

00:01:10,930 --> 00:01:08,900

that's just in the first hour as you

19

00:01:12,850 --> 00:01:10,940

folks know each episode has an extended

20

00:01:14,200 --> 00:01:12,860

second hour and this one's no different

21

00:01:16,420 --> 00:01:14,210

if you enjoy it and want to hear more

22

00:01:18,190 --> 00:01:16,430

about these topics and other areas of

23

00:01:20,350 --> 00:01:18,200

interests like the prospect of space

24

00:01:22,180 --> 00:01:20,360

Nazis definitely support the show for

25

00:01:24,850 --> 00:01:22,190

five dollars a month or sixty dollars a

26

00:01:27,100 --> 00:01:24,860

year by joining THC plus at the higher

27

00:01:30,070 --> 00:01:27,110

side chats plus calm and I'll support

28

00:01:31,360 --> 00:01:30,080

you with an extra hour each show but

29

00:01:33,070 --> 00:01:31,370

it's been a while since we've done an

30

00:01:35,050 --> 00:01:33,080

episode that focused on the mainstream

31

00:01:36,940 --> 00:01:35,060

conspiracy world and maybe we've been a

32

00:01:39,130 --> 00:01:36,950

little bit overdue so let's dive

33

00:01:40,810 --> 00:01:39,140

straight into the madness no time to

34

00:01:42,460 --> 00:01:40,820

waste thanks everyone for listening and

35

00:01:44,410 --> 00:01:42,470

supporting this wild ride around the

36

00:01:45,940 --> 00:01:44,420

fringe keep your seat backs and tray

37

00:01:47,770 --> 00:01:45,950

tables in the upright locked position

38

00:01:50,600 --> 00:01:47,780

because we're taking off with my good

39

00:01:54,040 --> 00:01:50,610

friend and conspiracy guru Olaf Phillips

40

00:01:58,370 --> 00:01:54,050

when I find myself in times of trouble

41

00:02:02,889 --> 00:01:58,380

mr. Carwood comes to me speaking words

42

00:02:06,340 --> 00:02:02,899

of wisdom THC

43

00:02:06,350 --> 00:02:10,460

ugh

44

00:02:10,470 --> 00:02:16,230

speaking words listen

45

00:02:20,580 --> 00:02:18,450

all right people if you ask me the

46

00:02:22,470 --> 00:02:20,590

biggest conspiratorial can of worms is

47

00:02:24,000 --> 00:02:22,480

the topic of secret technologies that

48

00:02:25,800 --> 00:02:24,010

have been hidden from the masses and you

49

00:02:27,480 --> 00:02:25,810

don't have to travel very far down that

50

00:02:29,700 --> 00:02:27,490

road before you encounter stories of

51  
00:02:32,190 --> 00:02:29,710  
reverse-engineering UFOs secret

52  
00:02:34,370 --> 00:02:32,200  
underground facilities moon bases Mars

53  
00:02:36,810 --> 00:02:34,380  
bases covert pacts with the greys

54  
00:02:38,580 --> 00:02:36,820  
geoengineering breakaway civilizations

55  
00:02:40,440 --> 00:02:38,590  
and the whole grab bag of conspiracy

56  
00:02:41,940 --> 00:02:40,450  
goodness and I'm sure will touch on all

57  
00:02:43,410 --> 00:02:41,950  
those things as we try to figure out

58  
00:02:45,180 --> 00:02:43,420  
just how far some of these hidden

59  
00:02:47,220 --> 00:02:45,190  
technologies and covert projects have

60  
00:02:49,110 --> 00:02:47,230  
gone where they came from and to what

61  
00:02:50,610 --> 00:02:49,120  
ends are these mysterious men working

62  
00:02:52,410 --> 00:02:50,620  
towards and I can think of no better

63  
00:02:54,270 --> 00:02:52,420

guest to give us the good word than my

64

00:02:56,460 --> 00:02:54,280

main man Olaf Phillips founder of the

65

00:02:58,200 --> 00:02:56,470

anomaly's Network life long space

66

00:03:00,330 --> 00:02:58,210

technology enthusiast and a great a

67

00:03:02,070 --> 00:03:00,340

conspiracy researcher hot off the

68

00:03:04,440 --> 00:03:02,080

presses with a great new book entitled

69

00:03:06,900 --> 00:03:04,450

the secret Space Age secret space

70

00:03:10,020 --> 00:03:06,910

programs breakaway civilizations Nazi

71

00:03:12,090 --> 00:03:10,030

ufos SDI and alternative 3 here he is

72

00:03:13,890 --> 00:03:12,100

the man who knows the plan Olaf Phillips

73

00:03:16,440 --> 00:03:13,900

how the hell are you I'm doing all right

74

00:03:18,510 --> 00:03:16,450

how are you I'm great man never better

75

00:03:20,130 --> 00:03:18,520

it is always a pleasure getting into

76

00:03:22,560 --> 00:03:20,140

this stuff with you I really love the

77

00:03:24,270 --> 00:03:22,570

book it expands on so many awesome areas

78

00:03:26,250 --> 00:03:24,280

where you find at least a couple new

79

00:03:28,290 --> 00:03:26,260

pieces of information or connections I

80

00:03:30,300 --> 00:03:28,300

hadn't heard before so I think this is

81

00:03:33,150 --> 00:03:30,310

going to be a pretty good time before we

82

00:03:34,920 --> 00:03:33,160

really get into the book I have been

83

00:03:37,950 --> 00:03:34,930

really anxious to ask you about your

84

00:03:40,050 --> 00:03:37,960

trip to the ISA tea ranch we had james

85

00:03:42,420 --> 00:03:40,060

gilliland on the show a while back

86

00:03:44,250 --> 00:03:42,430

talking about the strange UFO sightings

87

00:03:46,550 --> 00:03:44,260

they have up there and I'm actually

88

00:03:48,990 --> 00:03:46,560

planning a trip to go up in October and

89

00:03:50,400 --> 00:03:49,000

I figured that'd be my best chance to

90

00:03:52,050 --> 00:03:50,410

see something weird in the sky you know

91

00:03:53,040 --> 00:03:52,060

because I'm dying to do that but how'd

92

00:03:56,990 --> 00:03:53,050

it go for you man

93

00:03:59,970 --> 00:03:57,000

that is that's a very strange place

94

00:04:00,960 --> 00:03:59,980

that's a very bizarre place I gotta tell

95

00:04:05,760 --> 00:04:00,970

you yeah

96

00:04:08,040 --> 00:04:05,770

yeah it's um you know I'm a I'm a nuts

97

00:04:11,850 --> 00:04:08,050

and bolts kind of conspiracy nut

98

00:04:15,960 --> 00:04:11,860

so you know for me you know when I see

99

00:04:17,820 --> 00:04:15,970

weird stuff streaking across the sky you

100

00:04:19,770 --> 00:04:17,830

know the first thing I'm doing is I'm

101  
00:04:22,700 --> 00:04:19,780  
figuring out is it human mm-hmm I guess

102  
00:04:27,750 --> 00:04:22,710  
that's the premise of the book all right

103  
00:04:30,150 --> 00:04:27,760  
but I saw things up there that I'm

104  
00:04:33,930 --> 00:04:30,160  
pretty convinced were

105  
00:04:35,400 --> 00:04:33,940  
exotic aircraft okay um I saw a few

106  
00:04:38,910 --> 00:04:35,410  
things up there that I don't know what

107  
00:04:41,340 --> 00:04:38,920  
it was I'm fairly certain that I saw an

108  
00:04:44,220 --> 00:04:41,350  
aurora oh right on that'd be cool

109  
00:04:47,700 --> 00:04:44,230  
yeah and the one thing that really

110  
00:04:48,900 --> 00:04:47,710  
boggles my mind that I haven't well

111  
00:04:51,120 --> 00:04:48,910  
there are two things that boggled my

112  
00:04:54,540 --> 00:04:51,130  
mind when I was up there that I really

113  
00:04:58,010 --> 00:04:54,550

can't explain is that there's this weird

114

00:05:00,600 --> 00:04:58,020

light that shows up above the treeline

115

00:05:03,210 --> 00:05:00,610

on the mountain and Mount Adams is very

116

00:05:05,820 --> 00:05:03,220

high I think it's like 14,000 feet so

117

00:05:09,300 --> 00:05:05,830

here you're talking ten ten eleven

118

00:05:11,430 --> 00:05:09,310

thousand feet up there's a light a very

119

00:05:15,060 --> 00:05:11,440

bright light and I'm fourteen miles away

120

00:05:18,570 --> 00:05:15,070

right okay and it was the size of maybe

121

00:05:21,270 --> 00:05:18,580

a penny and it to me and it would just

122

00:05:23,250 --> 00:05:21,280

be there and then it would it would like

123

00:05:26,070 --> 00:05:23,260

close and open and close and open and

124

00:05:27,180 --> 00:05:26,080

close you know every so often I don't

125

00:05:31,440 --> 00:05:27,190

know what that was

126

00:05:33,570 --> 00:05:31,450

yeah and what's this stuff I saw on

127

00:05:37,650 --> 00:05:33,580

Facebook about a possible Bigfoot

128

00:05:40,170 --> 00:05:37,660

sighting up there too so I'm I'm sitting

129

00:05:42,480 --> 00:05:40,180

it it's the afternoon and one thing that

130

00:05:44,520 --> 00:05:42,490

you have to prepare for when you go up

131

00:05:45,510 --> 00:05:44,530

there is during the day there's not a

132

00:05:48,300 --> 00:05:45,520

whole lot to do

133

00:05:50,390 --> 00:05:48,310

yeah right you pretty much just hang out

134

00:05:52,920 --> 00:05:50,400

all the fun happens at night at this

135

00:05:55,500 --> 00:05:52,930

yeah and I'm sitting at a table with

136

00:06:00,060 --> 00:05:55,510

Larry Overman the the guy from ghost

137

00:06:02,640 --> 00:06:00,070

mine the haunted miner and I'm sitting

138

00:06:05,760 --> 00:06:02,650

there with him and I'm checking my email

139

00:06:07,290 --> 00:06:05,770

on my phone and that's another weird

140

00:06:09,420 --> 00:06:07,300

thing about that place but I'll get to

141

00:06:14,010 --> 00:06:09,430

in a minute I'm checking my email on my

142

00:06:16,230 --> 00:06:14,020

phone and he starts nudging me so look

143

00:06:18,210 --> 00:06:16,240

at that look at that I'm like Larry

144

00:06:19,980 --> 00:06:18,220

leave me alone I'm looking at my email

145

00:06:21,480 --> 00:06:19,990

so no no look at this

146

00:06:24,210 --> 00:06:21,490

any search elbowing me and finally I

147

00:06:26,909 --> 00:06:24,220

look up and there's an ax there's an ice

148

00:06:29,400 --> 00:06:26,919

field that's at about a 45 degree angle

149

00:06:32,880 --> 00:06:29,410

on the side of the mountain and again

150

00:06:35,340 --> 00:06:32,890

I'm 14 miles away and it's a good 12,000

151  
00:06:38,150 --> 00:06:35,350  
feet in the air right so when you

152  
00:06:41,130 --> 00:06:38,160  
looking at it trees are awful small and

153  
00:06:43,740 --> 00:06:41,140  
basically I finally found what he was

154  
00:06:48,180 --> 00:06:43,750  
looking at basically what it was was two

155  
00:06:51,840 --> 00:06:48,190  
black shapes they were lines like people

156  
00:06:55,020 --> 00:06:51,850  
mm-hmm and there they're staggered a

157  
00:06:57,750 --> 00:06:55,030  
couple inches apart one is higher one is

158  
00:07:00,330 --> 00:06:57,760  
lower and they're basically going up the

159  
00:07:04,830 --> 00:07:00,340  
side of the mountain whoa

160  
00:07:06,690 --> 00:07:04,840  
yeah and at that distance I couldn't see

161  
00:07:09,240 --> 00:07:06,700  
a person mm-hmm

162  
00:07:10,860 --> 00:07:09,250  
right because you know if you were

163  
00:07:12,840 --> 00:07:10,870

hiking up the mountain you look like a

164

00:07:14,820 --> 00:07:12,850

like in a little dot

165

00:07:18,060 --> 00:07:14,830

yeah like nothing from that far away but

166

00:07:20,310 --> 00:07:18,070

this was maybe a maybe a quarter of an

167

00:07:21,620 --> 00:07:20,320

inch high I mean it was clear I could

168

00:07:24,560 --> 00:07:21,630

actually see them

169

00:07:27,600 --> 00:07:24,570

compressing like they were walking oh

170

00:07:29,310 --> 00:07:27,610

man that is awesome I gotta get up there

171

00:07:31,440 --> 00:07:29,320

that just sounds too crazy you're

172

00:07:33,600 --> 00:07:31,450

getting the whole plethora the whole

173

00:07:35,040 --> 00:07:33,610

Pandora's box of things you want to see

174

00:07:36,150 --> 00:07:35,050

in the woods and you're seeing it all

175

00:07:38,340 --> 00:07:36,160

right there I mean they should be

176

00:07:40,560 --> 00:07:38,350

charging a hefty fee for that I mean

177

00:07:42,840 --> 00:07:40,570

that's better than Universal Studios it

178

00:07:45,990 --> 00:07:42,850

is I mean in it and we watched her for

179

00:07:47,790 --> 00:07:46,000

45 minutes while these two little little

180

00:07:52,080 --> 00:07:47,800

lines moved up the side of the mountain

181

00:07:54,270 --> 00:07:52,090

and they finally got to a crest I think

182

00:07:57,390 --> 00:07:54,280

there's a depression behind it there's

183

00:07:59,430 --> 00:07:57,400

like a little like a lip before you you

184

00:08:01,860 --> 00:07:59,440

start the final ascent or the pink and

185

00:08:05,219 --> 00:08:01,870

when they got there I can actually see

186

00:08:10,740 --> 00:08:05,229

them standing I could see them against

187

00:08:12,480 --> 00:08:10,750

the cliff behind them man yeah

188

00:08:14,940 --> 00:08:12,490

and in you know we were trying to do

189

00:08:18,120 --> 00:08:14,950

some napkin math and I have to be honest

190

00:08:21,030 --> 00:08:18,130

I'm not I'm not the greatest

191

00:08:24,540 --> 00:08:21,040

mathematician in the world I was a

192

00:08:27,210 --> 00:08:24,550

social sciences major liberal arts yeah

193

00:08:29,610 --> 00:08:27,220

they should have a major in some you got

194

00:08:33,240 --> 00:08:29,620

a major in something and anthro seemed

195

00:08:35,490 --> 00:08:33,250

to fit the bill at the time but I am you

196

00:08:38,159 --> 00:08:35,500

know I was trying to do some napkin math

197

00:08:40,589 --> 00:08:38,169

to figure out how how big they were and

198

00:08:42,480 --> 00:08:40,599

Larry and I came to the conclusion we

199

00:08:44,700 --> 00:08:42,490

think they were maybe eight to ten feet

200

00:08:47,190 --> 00:08:44,710

tall whoa

201  
00:08:49,430 --> 00:08:47,200  
yeah and so you know to watch two things

202  
00:08:53,220 --> 00:08:49,440  
that are eight to ten feet tall hike up

203  
00:08:54,240 --> 00:08:53,230  
the side of a no field that's 45 a 45

204  
00:08:58,769 --> 00:08:54,250  
degree angle

205  
00:09:00,689 --> 00:08:58,779  
you know that's at 14 miles too

206  
00:09:03,449 --> 00:09:00,699  
you know maybe a quarter of an inch I

207  
00:09:05,999 --> 00:09:03,459  
that's pretty damn impressive yeah it

208  
00:09:11,039 --> 00:09:06,009  
was a size of trees like little

209  
00:09:12,539 --> 00:09:11,049  
batteries yeah that is so I honestly I

210  
00:09:14,789 --> 00:09:12,549  
couldn't tell you if it was Bigfoot or

211  
00:09:15,479 --> 00:09:14,799  
not the only thing I can come up with is

212  
00:09:19,619 --> 00:09:15,489  
Bigfoot

213  
00:09:21,449 --> 00:09:19,629

yeah is it wasn't a person crazy man

214

00:09:23,549 --> 00:09:21,459

that's interesting that you say you

215

00:09:25,079 --> 00:09:23,559

think you see more than just that one

216

00:09:26,999 --> 00:09:25,089

light in the sky did you see other

217

00:09:28,559 --> 00:09:27,009

things you just would probably consider

218

00:09:30,780 --> 00:09:28,569

them to be crafts you can identify

219

00:09:33,239 --> 00:09:30,790

because if people don't know you have a

220

00:09:35,669 --> 00:09:33,249

huge interest in those type of you know

221

00:09:37,919 --> 00:09:35,679

high-tech aircrafts or experimental

222

00:09:39,359 --> 00:09:37,929

aircraft so you know if you say you saw

223

00:09:41,249 --> 00:09:39,369

something that you couldn't explain I

224

00:09:45,119 --> 00:09:41,259

mean that to me has more clout than the

225

00:09:50,189 --> 00:09:45,129

average person I saw some things that I

226

00:09:55,739 --> 00:09:50,199

couldn't explain the their behavior was

227

00:09:57,960 --> 00:09:55,749

odd it kind of fell this way that things

228

00:10:00,299 --> 00:09:57,970

that we saw flying out of the Southwest

229

00:10:02,999 --> 00:10:00,309

and the southeast toward the north

230

00:10:05,220 --> 00:10:03,009

northwest they tended to be what I would

231

00:10:07,639 --> 00:10:05,230

classify as experimental aircraft or

232

00:10:10,199 --> 00:10:07,649

exotic aircraft is Pro more accurate

233

00:10:14,309 --> 00:10:10,209

except for the Aurora what I think was

234

00:10:16,619 --> 00:10:14,319

in Aurora that went east to west now the

235

00:10:19,349 --> 00:10:16,629

stuff that came in from the West or the

236

00:10:21,479 --> 00:10:19,359

came in from the north or came in

237

00:10:24,359 --> 00:10:21,489

straight from the east that stuff

238

00:10:26,579 --> 00:10:24,369

behaved a little more interesting Lane

239

00:10:30,389 --> 00:10:26,589

they were making a lot of weird turns

240

00:10:33,539 --> 00:10:30,399

and and it was this weird behavior it's

241

00:10:34,949 --> 00:10:33,549

like if a pilot was flying that you know

242

00:10:37,559 --> 00:10:34,959

you'd have to wonder if they were on

243

00:10:39,629 --> 00:10:37,569

something as they were weaving and doing

244

00:10:42,239 --> 00:10:39,639

zigzags and all kinds of strange stuff

245

00:10:44,429 --> 00:10:42,249

and it you know if I was a pilot you

246

00:10:46,349 --> 00:10:44,439

know maybe for fun I'd do that stuff but

247

00:10:48,389 --> 00:10:46,359

at the altitude were talking about you

248

00:10:51,629 --> 00:10:48,399

know and the speed that we're talking

249

00:10:53,129 --> 00:10:51,639

about it would be very tough to control

250

00:10:57,479 --> 00:10:53,139

the aircraft yeah

251  
00:11:01,549 --> 00:10:57,489  
but I definitely saw the aurora and that

252  
00:11:04,229 --> 00:11:01,559  
was odd and we saw a set of aircraft

253  
00:11:07,009 --> 00:11:04,239  
that were roughly it was very hard to

254  
00:11:09,689 --> 00:11:07,019  
tell because they were very high and

255  
00:11:11,020 --> 00:11:09,699  
even using binoculars it was very

256  
00:11:15,040 --> 00:11:11,030  
difficult

257  
00:11:16,900 --> 00:11:15,050  
to determine their shape but they they

258  
00:11:22,870 --> 00:11:16,910  
looked kind of like stars that would

259  
00:11:25,720 --> 00:11:22,880  
fade in and fade out huh yeah and and we

260  
00:11:28,360 --> 00:11:25,730  
were able to illuminate on I think six

261  
00:11:30,960 --> 00:11:28,370  
separate occasions we were able to

262  
00:11:33,940 --> 00:11:30,970  
actually illuminate the aircraft and

263  
00:11:37,810 --> 00:11:33,950

what's weird is that when we illuminated

264

00:11:41,170 --> 00:11:37,820

the aircraft right yeah when you hit it

265

00:11:43,570 --> 00:11:41,180

with a light you expect the light to

266

00:11:46,630 --> 00:11:43,580

come in to kind of like bounce off of it

267

00:11:48,490 --> 00:11:46,640

to reflect that's not what happened when

268

00:11:52,600 --> 00:11:48,500

we illuminated it what it did is it

269

00:11:54,700 --> 00:11:52,610

actually absorbed it oh yeah and when it

270

00:11:58,510 --> 00:11:54,710

absorbed the light it actually wrapped

271

00:12:00,610 --> 00:11:58,520

it around the fuselage weird so you

272

00:12:02,860 --> 00:12:00,620

could kind of tell in that second you

273

00:12:07,210 --> 00:12:02,870

could see it diffuse around the fuselage

274

00:12:11,350 --> 00:12:07,220

and after that would happen the light

275

00:12:13,000 --> 00:12:11,360

would turn off the the kind of light we

276

00:12:15,970 --> 00:12:13,010

could see which was fading and fading

277

00:12:18,100 --> 00:12:15,980

out it would actually shut off and it

278

00:12:20,620 --> 00:12:18,110

would just be blacker than black

279

00:12:23,050 --> 00:12:20,630

I mean think of the most darkest black

280

00:12:24,850 --> 00:12:23,060

thing you can and it was blacker than

281

00:12:28,690 --> 00:12:24,860

that it was actually blacker than the

282

00:12:31,260 --> 00:12:28,700

sky wow that's interesting and then it

283

00:12:34,180 --> 00:12:31,270

just took off there's like BAM gone

284

00:12:35,440 --> 00:12:34,190

Jesus man God I would I would love to

285

00:12:37,690 --> 00:12:35,450

see some stuff like that I'm now I'm

286

00:12:39,370 --> 00:12:37,700

even more psyched to go up there well

287

00:12:42,430 --> 00:12:39,380

what I think what I think was happening

288

00:12:44,920 --> 00:12:42,440

is that there's a type of aircraft that

289

00:12:47,830 --> 00:12:44,930

is a kind of triangular wedge shape and

290

00:12:50,290 --> 00:12:47,840

what it has is it has supposedly has a

291

00:12:53,080 --> 00:12:50,300

kind of kind of camera or something that

292

00:12:56,050 --> 00:12:53,090

looks ahead as it's flying and it

293

00:12:57,880 --> 00:12:56,060

projects the star field below it and if

294

00:13:01,030 --> 00:12:57,890

you see it fly at lower altitude you'll

295

00:13:04,000 --> 00:13:01,040

see basically this kind of shape and

296

00:13:06,790 --> 00:13:04,010

like a moving star field and because

297

00:13:10,000 --> 00:13:06,800

it's it's projecting the star field

298

00:13:11,470 --> 00:13:10,010

right it'll shimmer a little bit and I

299

00:13:14,590 --> 00:13:11,480

think that's what we were seeing I think

300

00:13:16,720 --> 00:13:14,600

the fading was it actually capturing the

301  
00:13:20,200 --> 00:13:16,730  
stars above it and projecting it on the

302  
00:13:23,170 --> 00:13:20,210  
on the belly of the aircraft whoa man

303  
00:13:25,660 --> 00:13:23,180  
and I think when we illuminated it

304  
00:13:28,600 --> 00:13:25,670  
it's set off something inside the

305  
00:13:31,990 --> 00:13:28,610  
aircraft the guy said you know the pilot

306  
00:13:34,600 --> 00:13:32,000  
man woman or whatever the pilot was like

307  
00:13:36,670 --> 00:13:34,610  
oh something can see me that's not good

308  
00:13:38,290 --> 00:13:36,680  
and flick the switch and turn it off and

309  
00:13:41,410 --> 00:13:38,300  
then it was like I'm just gonna leave

310  
00:13:44,530 --> 00:13:41,420  
and just took off wow-whee six separate

311  
00:13:47,170 --> 00:13:44,540  
times we did that Wow now a lot of

312  
00:13:49,990 --> 00:13:47,180  
people would identify that as a UFO you

313  
00:13:53,079 --> 00:13:50,000

know but in in our case I think both

314

00:13:54,640 --> 00:13:53,089

Larry Larry and I and some others you

315

00:13:56,860 --> 00:13:54,650

know we came to the conclusion that they

316

00:14:00,579 --> 00:13:56,870

were aircraft but they had to be at

317

00:14:02,740 --> 00:14:00,589

about 70 70 thousand feet plus it's

318

00:14:05,530 --> 00:14:02,750

still cool I mean and a part of me is so

319

00:14:07,510 --> 00:14:05,540

sad that I missed the UFO glory days

320

00:14:10,690 --> 00:14:07,520

because now I hardly ever even look at

321

00:14:12,460 --> 00:14:10,700

UFO videos because CGI and conventional

322

00:14:14,590 --> 00:14:12,470

crafts and drones are just so far

323

00:14:15,700 --> 00:14:14,600

advanced that [h\_\_\h] could be anything you

324

00:14:17,829 --> 00:14:15,710

know it just doesn't carry the same

325

00:14:21,310 --> 00:14:17,839

weight as a weird sighting would in the

326

00:14:25,269 --> 00:14:21,320

40s or 50s well even in the 80s I mean

327

00:14:26,800 --> 00:14:25,279

when I was a kid in the eighties I I was

328

00:14:30,910 --> 00:14:26,810

outside my parents house and actually

329

00:14:33,670 --> 00:14:30,920

saw what looked astonishingly like a was

330

00:14:37,060 --> 00:14:33,680

our Sportster hanging in the sky at

331

00:14:39,579 --> 00:14:37,070

about 25,000 feet huh I mean it had the

332

00:14:43,360 --> 00:14:39,589

waveguide the whole thing it just hung

333

00:14:46,300 --> 00:14:43,370

there damn yeah and then when I was in

334

00:14:50,860 --> 00:14:46,310

when I was in college I went to Davis UC

335

00:14:55,390 --> 00:14:50,870

Davis and the handyman for our apartment

336

00:14:57,280 --> 00:14:55,400

complex he was a bit of a UFO nut and he

337

00:14:59,800 --> 00:14:57,290

lived in Dixon which is the next town

338

00:15:03,940 --> 00:14:59,810

down down from us you would go through a

339

00:15:05,650 --> 00:15:03,950

Dixon to get to Davis and he they had a

340

00:15:08,410 --> 00:15:05,660

mass UFO sighting in the night before

341

00:15:11,019 --> 00:15:08,420

and they like the entire police force of

342

00:15:13,870 --> 00:15:11,029

Dix and it's not a huge town but the

343

00:15:15,370 --> 00:15:13,880

entire police force had got woken up and

344

00:15:17,410 --> 00:15:15,380

they were all out there chasing a

345

00:15:21,190 --> 00:15:17,420

cigar-shaped UFO that was running

346

00:15:22,960 --> 00:15:21,200

parallel to these train tracks and and

347

00:15:24,220 --> 00:15:22,970

so he said he gave me the article he's

348

00:15:27,640 --> 00:15:24,230

like you know you should go check it out

349

00:15:30,579 --> 00:15:27,650

so my girlfriend and I there's my wife

350

00:15:34,920 --> 00:15:30,589

now my girlfriend and I we got in the

351

00:15:39,540 --> 00:15:34,930

car yeah no cameras

352

00:15:41,220 --> 00:15:39,550

no no you know camcorders no nothing

353

00:15:42,269 --> 00:15:41,230

cuz you know she kept saying well don't

354

00:15:43,380 --> 00:15:42,279

you want to bring a camera or something

355

00:15:46,800 --> 00:15:43,390

I said no I'm not gonna see anything

356

00:15:49,650 --> 00:15:46,810

right yeah so we go down to down the

357

00:15:51,240 --> 00:15:49,660

road and we perfect a cornfield great

358

00:15:53,070 --> 00:15:51,250

place to park right mm-hmm

359

00:15:54,480 --> 00:15:53,080

we parked in a corn it's like a bad

360

00:15:56,700 --> 00:15:54,490

science fiction movie yeah it's like

361

00:15:59,220 --> 00:15:56,710

science right we parked in a cornfield

362

00:16:02,700 --> 00:15:59,230

and we were sitting there for a little

363

00:16:04,430 --> 00:16:02,710

while and then these lights started to

364

00:16:07,920 --> 00:16:04,440

move in the sky and we thought they were

365

00:16:09,750 --> 00:16:07,930

satellites at first but they were it was

366

00:16:11,460 --> 00:16:09,760

like a dogfight the only way I could

367

00:16:12,870 --> 00:16:11,470

describe it they were they were doing

368

00:16:16,260 --> 00:16:12,880

circles around each other making

369

00:16:18,480 --> 00:16:16,270

triangles and doing high-speed 90-degree

370

00:16:21,960 --> 00:16:18,490

turns and all kinds of strange stuff and

371

00:16:23,820 --> 00:16:21,970

then two of them came down and there are

372

00:16:28,110 --> 00:16:23,830

these two radio masts that are probably

373

00:16:30,300 --> 00:16:28,120

I don't know 15 miles apart 10-15 miles

374

00:16:32,160 --> 00:16:30,310

apart and they were flying between the

375

00:16:34,829 --> 00:16:32,170

radio masts and they would go down to

376

00:16:36,840 --> 00:16:34,839

one end and roll over come back roll

377

00:16:38,790 --> 00:16:36,850

over go down roll over come back roll

378

00:16:41,570 --> 00:16:38,800

over and when they rolled over you could

379

00:16:44,490 --> 00:16:41,580

see that they were triangular shaped Wow

380

00:16:46,650 --> 00:16:44,500

yeah so I mean you know this sightings

381

00:16:48,180 --> 00:16:46,660

are out there you just you have to go to

382

00:16:51,000 --> 00:16:48,190

somewhere where you're gonna see one and

383

00:16:52,860 --> 00:16:51,010

it apparently Mount Adams right I mean

384

00:16:55,800 --> 00:16:52,870

you're not the only one to say that it

385

00:16:57,300 --> 00:16:55,810

seems like a definite hotbed so I am

386

00:16:59,010 --> 00:16:57,310

psyched and who knows what these things

387

00:17:00,900 --> 00:16:59,020

are I mean for the people at home who

388

00:17:03,480 --> 00:17:00,910

might not be as familiar your position

389

00:17:06,120 --> 00:17:03,490

is that most of these crafts are human

390

00:17:08,850 --> 00:17:06,130

which is not really that controversial

391

00:17:11,699 --> 00:17:08,860

of a stance to take but a lot of people

392

00:17:13,860 --> 00:17:11,709

think we have this technology today but

393

00:17:15,840 --> 00:17:13,870

that it did come from reverse engineered

394

00:17:17,220 --> 00:17:15,850

crafts like the crash at Roswell or a

395

00:17:19,199 --> 00:17:17,230

secret deal with the greys for

396

00:17:21,210 --> 00:17:19,209

technology in exchange for permission to

397

00:17:22,559 --> 00:17:21,220

carry out abductions and I'm curious

398

00:17:24,630 --> 00:17:22,569

what you think about that I mean are

399

00:17:26,579 --> 00:17:24,640

these technological advancements just

400

00:17:28,319 --> 00:17:26,589

the product of human ingenuity that

401  
00:17:29,640 --> 00:17:28,329  
seems futuristic because they've been

402  
00:17:31,740 --> 00:17:29,650  
hidden from us or could there have been

403  
00:17:34,100 --> 00:17:31,750  
an alien component at some point that

404  
00:17:37,950 --> 00:17:34,110  
propelled us forward

405  
00:17:40,919 --> 00:17:37,960  
well that's that's hard to say I mean

406  
00:17:43,080 --> 00:17:40,929  
that's a lot of speculation because it's

407  
00:17:46,020 --> 00:17:43,090  
possible it's possible that something

408  
00:17:48,570 --> 00:17:46,030  
crashed at Roswell or crashed at Kingman

409  
00:17:50,630 --> 00:17:48,580  
or you know a couple of other places

410  
00:17:53,190 --> 00:17:50,640  
where stuff has crashed Ruben Uriarte

411  
00:17:56,250 --> 00:17:53,200  
did a great book when noe Torres were

412  
00:17:57,870 --> 00:17:56,260  
they the Mexican roswall where this you

413  
00:18:00,149 --> 00:17:57,880

know UFO crashed and they carried across

414

00:18:01,620 --> 00:18:00,159

the border you know so it's possible

415

00:18:02,909 --> 00:18:01,630

that something crashed and we back

416

00:18:04,950 --> 00:18:02,919

engineered it I mean then you're gonna

417

00:18:08,279 --> 00:18:04,960

get into the whole you know Bob Lazar

418

00:18:11,519 --> 00:18:08,289

thing and I've been a strong supporter

419

00:18:13,830 --> 00:18:11,529

of was our you know since he came out I

420

00:18:17,159 --> 00:18:13,840

mean I was very young when when Lazar

421

00:18:18,870 --> 00:18:17,169

came out but you know since the first

422

00:18:21,840 --> 00:18:18,880

time I read his story and I talked to

423

00:18:24,450 --> 00:18:21,850

him the guy I will tell you i sat across

424

00:18:27,860 --> 00:18:24,460

his desk from him that man is absolutely

425

00:18:30,240 --> 00:18:27,870

telling you the truth that he he is

426

00:18:33,090 --> 00:18:30,250

absolutely telling you what he saw or

427

00:18:35,549 --> 00:18:33,100

what he believes he saw now so it is

428

00:18:37,200 --> 00:18:35,559

possible the the thing you have to

429

00:18:38,279 --> 00:18:37,210

remember though is that DARPA where all

430

00:18:40,649 --> 00:18:38,289

this stuff comes from

431

00:18:43,289 --> 00:18:40,659

you know conservatively there 50 years

432

00:18:44,549 --> 00:18:43,299

ahead of us more realistically there are

433

00:18:47,460 --> 00:18:44,559

a hundred years ahead of us in

434

00:18:49,259 --> 00:18:47,470

development yeah man and then I know on

435

00:18:51,180 --> 00:18:49,269

some forums I've seen that you take a

436

00:18:52,919 --> 00:18:51,190

little bit of flack for playing down the

437

00:18:55,049 --> 00:18:52,929

alien angle and saying that most of this

438

00:18:57,029 --> 00:18:55,059

is human technology or that taking that

439

00:18:59,580 --> 00:18:57,039

position but I mean I think the idea

440

00:19:01,620 --> 00:18:59,590

that we have moon bases and Mars bases

441

00:19:03,120 --> 00:19:01,630

and troop transports and massive

442

00:19:05,509 --> 00:19:03,130

Starfleet ships going out there and

443

00:19:09,029 --> 00:19:05,519

secret I mean that's just as fascinating

444

00:19:11,820 --> 00:19:09,039

well you know I think we do ourselves a

445

00:19:13,830 --> 00:19:11,830

disservice by constantly saying okay

446

00:19:16,200 --> 00:19:13,840

well everything's just aliens I'm not

447

00:19:18,149 --> 00:19:16,210

saying it's aliens but it's aliens right

448

00:19:20,789 --> 00:19:18,159

I mean we you know we have some amazing

449

00:19:22,889 --> 00:19:20,799

engineers out there and and you know

450

00:19:25,230 --> 00:19:22,899

sure there's a schism in the community

451  
00:19:26,700 --> 00:19:25,240  
you know or if you think it's aliens

452  
00:19:28,830 --> 00:19:26,710  
you're on this side and if you don't

453  
00:19:31,289 --> 00:19:28,840  
you're on that side you know I've seen

454  
00:19:34,019 --> 00:19:31,299  
stuff that I think was probably alien I

455  
00:19:35,730 --> 00:19:34,029  
think you know maybe 10 what what

456  
00:19:37,980 --> 00:19:35,740  
heineken Valley have always said that it

457  
00:19:40,680 --> 00:19:37,990  
was like 10 or 15% I mean that's crazy

458  
00:19:43,139 --> 00:19:40,690  
if it's even 1% you know even it's only

459  
00:19:45,750 --> 00:19:43,149  
happened one time I mean that's that's

460  
00:19:47,789 --> 00:19:45,760  
what I say if it's 1% we got a problem

461  
00:19:50,159 --> 00:19:47,799  
right so it's like you know it's getting

462  
00:19:52,889 --> 00:19:50,169  
kind of nitpicky in the community of

463  
00:19:55,110 --> 00:19:52,899

ufology arguing because you know you're

464

00:19:57,539 --> 00:19:55,120

not arguing 0% so we're really talking

465

00:19:59,760 --> 00:19:57,549

about a real marginal thing but yet some

466

00:20:01,560 --> 00:19:59,770

people get real real upset it's like a

467

00:20:02,340 --> 00:20:01,570

religion to them it's like this stuff

468

00:20:05,190 --> 00:20:02,350

can't be

469

00:20:06,779 --> 00:20:05,200

and it must be a lien the thing the

470

00:20:09,090 --> 00:20:06,789

thing that gets me the thing that gets

471

00:20:11,159 --> 00:20:09,100

me though is that you know I I do firmly

472

00:20:14,100 --> 00:20:11,169

believe that that solar warden is out

473

00:20:17,190 --> 00:20:14,110

there yeah yeah if we have moon bases

474

00:20:20,820 --> 00:20:17,200

and Mars bases and space fleets you know

475

00:20:23,370 --> 00:20:20,830

my hypothesis for why we have moon bases

476

00:20:25,169 --> 00:20:23,380

and Mars bases is one thing but it

477

00:20:27,360 --> 00:20:25,179

doesn't explain necessarily a space

478

00:20:29,159 --> 00:20:27,370

fleet mm-hmm right if you've got stuff

479

00:20:32,220 --> 00:20:29,169

that's floating around up there and it

480

00:20:34,289 --> 00:20:32,230

is like solar warden you know and we we

481

00:20:34,770 --> 00:20:34,299

started to see the evidence of solar

482

00:20:36,750 --> 00:20:34,780

warden

483

00:20:38,580 --> 00:20:36,760

even before McKinnon with the whole

484

00:20:40,380 --> 00:20:38,590

strip Oh thing that you know whether you

485

00:20:42,000 --> 00:20:40,390

believe sir power or not one of the

486

00:20:45,750 --> 00:20:42,010

components of serpo was this idea that

487

00:20:47,909 --> 00:20:45,760

we had it we had you know extra how

488

00:20:49,649 --> 00:20:47,919

should I put it well I guess to be

489

00:20:53,279 --> 00:20:49,659

extraterrestrial right there off the

490

00:20:54,330 --> 00:20:53,289

planet you have stellar ships offworld

491

00:20:56,760 --> 00:20:54,340

military

492

00:20:58,710 --> 00:20:56,770

astronauts exactly and then you know you

493

00:21:01,049 --> 00:20:58,720

look at been rich who was running the

494

00:21:02,820 --> 00:21:01,059

the skunk works you know and he's made a

495

00:21:05,640 --> 00:21:02,830

series of very interesting statements

496

00:21:07,649 --> 00:21:05,650

like stuff like not only do I have the

497

00:21:10,470 --> 00:21:07,659

technology to take e.t hell but I got

498

00:21:13,080 --> 00:21:10,480

the contract he said I think he said

499

00:21:15,060 --> 00:21:13,090

that at Caltech yeah like what's that up

500

00:21:19,320 --> 00:21:15,070

what's that about right that's DARPA

501  
00:21:22,140 --> 00:21:19,330  
producing solar warden and then you get

502  
00:21:25,680 --> 00:21:22,150  
these like every time you do you do a

503  
00:21:28,230 --> 00:21:25,690  
show right somebody calls it with

504  
00:21:29,760 --> 00:21:28,240  
something interesting one time I was

505  
00:21:31,350 --> 00:21:29,770  
doing a show and at the very end of the

506  
00:21:34,409 --> 00:21:31,360  
show in the last 10 minutes of the show

507  
00:21:37,380 --> 00:21:34,419  
guy calls an old guy calls in from

508  
00:21:39,600 --> 00:21:37,390  
Washington State right and he's talking

509  
00:21:41,580 --> 00:21:39,610  
about this project that he worked on

510  
00:21:45,240 --> 00:21:41,590  
called space worden which was a

511  
00:21:46,950 --> 00:21:45,250  
hunter-killer satellite SDI system and

512  
00:21:50,159 --> 00:21:46,960  
he worked on this in the early seventies

513  
00:21:53,100 --> 00:21:50,169

you know and it was down down near LA

514

00:21:55,710 --> 00:21:53,110

somewhere and they had federal agents

515

00:21:58,140 --> 00:21:55,720

protecting them and you know and it was

516

00:22:01,200 --> 00:21:58,150

very hush-hush and secret and this is 10

517

00:22:03,840 --> 00:22:01,210

10 years before Reagan came out with

518

00:22:05,970 --> 00:22:03,850

Star Wars yeah and he said when I was

519

00:22:09,149 --> 00:22:05,980

operationalized by the time Reagan ever

520

00:22:11,730 --> 00:22:09,159

came up with the idea man

521

00:22:13,799 --> 00:22:11,740

yeah it's it's weird and I love digging

522

00:22:15,510 --> 00:22:13,809

into this stuff to see how far it goes

523

00:22:16,169 --> 00:22:15,520

but I mean let's kind of get into your

524

00:22:17,879 --> 00:22:16,179

book and

525

00:22:19,739 --> 00:22:17,889

do that I mean we've made mention of

526

00:22:21,419 --> 00:22:19,749

alternative three before but give us the

527

00:22:23,879 --> 00:22:21,429

cliff notes again because we're gonna

528

00:22:25,350 --> 00:22:23,889

use the alternative one-two-three model

529

00:22:27,989 --> 00:22:25,360

to walk through some of these secret

530

00:22:29,970 --> 00:22:27,999

programs and see what maybe they could

531

00:22:31,379 --> 00:22:29,980

be for and how far they've gone so what

532

00:22:34,379 --> 00:22:31,389

was alternative 3 for those who've

533

00:22:38,940 --> 00:22:34,389

missed that before so alternative 3 and

534

00:22:42,570 --> 00:22:38,950

its most basic it was a mockumentary of

535

00:22:45,629 --> 00:22:42,580

a TV show there was a TV show it was a

536

00:22:48,210 --> 00:22:45,639

science show and they decided for the

537

00:22:50,519 --> 00:22:48,220

final episode that they were gonna air

538

00:22:52,139 --> 00:22:50,529

it on April 1st and it's an April Fool's

539

00:22:56,009 --> 00:22:52,149

joke they would do something that was

540

00:22:59,759 --> 00:22:56,019

like War of the Worlds basic scared the

541

00:23:03,149 --> 00:22:59,769

crap out of everybody and basically they

542

00:23:05,460 --> 00:23:03,159

made a show that well gets a second so

543

00:23:08,100 --> 00:23:05,470

they were supposed to show it on April

544

00:23:11,489 --> 00:23:08,110

1st but they had a strike saying Glenn

545

00:23:12,989 --> 00:23:11,499

they had a strike scheduling conflict

546

00:23:15,600 --> 00:23:12,999

scheduling problems and they ended up

547

00:23:18,899 --> 00:23:15,610

showing I think in like June and when

548

00:23:20,639 --> 00:23:18,909

they showed it it just it went crazy and

549

00:23:23,369 --> 00:23:20,649

the phones lit up and everybody was

550

00:23:25,440 --> 00:23:23,379

agitated and basically what the premise

551  
00:23:26,879 --> 00:23:25,450  
of the show was is that they started out

552  
00:23:30,749 --> 00:23:26,889  
looking at something called the brain

553  
00:23:33,629 --> 00:23:30,759  
during in the 1970s oh is made in 77 in

554  
00:23:36,299 --> 00:23:33,639  
the in the 70s a lot of scientists and

555  
00:23:38,220 --> 00:23:36,309  
technicians were leaving England because

556  
00:23:41,820 --> 00:23:38,230  
they could go to Germany and France and

557  
00:23:45,029 --> 00:23:41,830  
other places and make more money so they

558  
00:23:46,200 --> 00:23:45,039  
were trying to ostensibly look at this

559  
00:23:47,730 --> 00:23:46,210  
problem and what they actually

560  
00:23:49,440 --> 00:23:47,740  
discovered is that a bunch of these

561  
00:23:51,450 --> 00:23:49,450  
people were just straight disappearing

562  
00:23:53,879 --> 00:23:51,460  
right and then they decide well why are

563  
00:23:56,340 --> 00:23:53,889

they disappearing and when it came back

564

00:23:59,609 --> 00:23:56,350

as is that there was a top-secret

565

00:24:01,080 --> 00:23:59,619

meeting in the late 50s in the late 50s

566

00:24:03,119 --> 00:24:01,090

they determined that there we were gonna

567

00:24:06,749 --> 00:24:03,129

suffer some sort of a catastrophic

568

00:24:10,440 --> 00:24:06,759

climate change in the show they talked

569

00:24:13,320 --> 00:24:10,450

about you know the things you'd expect

570

00:24:14,940 --> 00:24:13,330

like droughts and and high temperatures

571

00:24:17,100 --> 00:24:14,950

but at the end of it they kind of leaned

572

00:24:20,669 --> 00:24:17,110

toward this idea we're going back into

573

00:24:24,749 --> 00:24:20,679

an ice age and and so the planners came

574

00:24:26,670 --> 00:24:24,759

up with this idea that they would they

575

00:24:29,070 --> 00:24:26,680

would try to solve the problem

576  
00:24:31,710 --> 00:24:29,080  
and alternative they came up with three

577  
00:24:33,480 --> 00:24:31,720  
options alternative one was to blow a

578  
00:24:37,800 --> 00:24:33,490  
hole in the upper atmosphere using a

579  
00:24:39,950 --> 00:24:37,810  
nuclear weapon to vent the greenhouse

580  
00:24:42,660 --> 00:24:39,960  
gases carbon dioxide in a space

581  
00:24:44,880 --> 00:24:42,670  
alternative - and I failed alternative

582  
00:24:47,340 --> 00:24:44,890  
two was to built bunkers that people

583  
00:24:49,770 --> 00:24:47,350  
could live in it's not really

584  
00:24:52,680 --> 00:24:49,780  
economically feasible so alternative

585  
00:24:55,440 --> 00:24:52,690  
three was to actually skip town and by

586  
00:24:57,900 --> 00:24:55,450  
way of the moon go to Mars and a set up

587  
00:24:59,850 --> 00:24:57,910  
shop on Mars and to wait for you know

588  
00:25:01,320 --> 00:24:59,860

whatever climate damage was done to the

589

00:25:05,100 --> 00:25:01,330

earth to fix itself and then to come

590

00:25:09,750 --> 00:25:05,110

home so when you look at it as a

591

00:25:11,730 --> 00:25:09,760

structure right you can't deny that the

592

00:25:14,100 --> 00:25:11,740

TV show is fake the music was done by

593

00:25:18,360 --> 00:25:14,110

Brian Eno he's a great electronic

594

00:25:20,820 --> 00:25:18,370

ambient electronica musician the guy who

595

00:25:23,220 --> 00:25:20,830

wrote it David Ambrose he's a very

596

00:25:26,190 --> 00:25:23,230

famous writer Christopher Miles the guy

597

00:25:30,570 --> 00:25:26,200

who directed it and film that became a

598

00:25:32,850 --> 00:25:30,580

very famous director in England you know

599

00:25:35,640 --> 00:25:32,860

I mean the people Shane Rimmer who was

600

00:25:38,340 --> 00:25:35,650

the astronaut who's the kind of Buzz

601  
00:25:41,010 --> 00:25:38,350  
Aldrin kind of astronaut you know he had

602  
00:25:42,990 --> 00:25:41,020  
been in a TV Scottish show called UFO

603  
00:25:45,210 --> 00:25:43,000  
and a bunch of others in that time

604  
00:25:47,910 --> 00:25:45,220  
period he kind of bounced around as the

605  
00:25:50,160 --> 00:25:47,920  
archetype American and in these these

606  
00:25:51,960 --> 00:25:50,170  
kind of British TV shows in late 70s

607  
00:25:54,060 --> 00:25:51,970  
early eighties so you can't deny the

608  
00:25:56,100 --> 00:25:54,070  
show is fake but if you look at it

609  
00:25:58,380 --> 00:25:56,110  
structurally it actually very nicely

610  
00:26:00,780 --> 00:25:58,390  
aligns to a series of things that

611  
00:26:02,880 --> 00:26:00,790  
actually happened exactly because they

612  
00:26:04,470 --> 00:26:02,890  
were just pulling a prank but it seems

613  
00:26:06,180 --> 00:26:04,480

like there are some indications that

614

00:26:08,520 --> 00:26:06,190

they might have stumbled upon a real

615

00:26:11,180 --> 00:26:08,530

plan or some sense something sensitive

616

00:26:14,340 --> 00:26:11,190

to the higher-ups because didn't even

617

00:26:16,290 --> 00:26:14,350

one of them didn't they have the their

618

00:26:18,990 --> 00:26:16,300

alternative three material or films

619

00:26:21,270 --> 00:26:19,000

stolen after the airing at some point so

620

00:26:23,220 --> 00:26:21,280

Christopher miles who filmed it says

621

00:26:26,130 --> 00:26:23,230

that although they faked the whole thing

622

00:26:27,840 --> 00:26:26,140

and used a lot of stock photography that

623

00:26:29,760 --> 00:26:27,850

he believes at this point that they came

624

00:26:32,160 --> 00:26:29,770

frightening ly close to something real

625

00:26:34,200 --> 00:26:32,170

yeah and the guy that your time has

626  
00:26:37,250 --> 00:26:34,210  
Leslie Watkins who actually did the book

627  
00:26:40,290 --> 00:26:37,260  
treatment and he after writing the book

628  
00:26:42,540 --> 00:26:40,300  
started to be contacted by people

629  
00:26:44,700 --> 00:26:42,550  
and he was convinced that I actually

630  
00:26:46,290 --> 00:26:44,710  
reproduce a letter in the book but he

631  
00:26:49,740 --> 00:26:46,300  
was convinced that it was actually real

632  
00:26:52,290 --> 00:26:49,750  
and he had set out to write a second

633  
00:26:54,900 --> 00:26:52,300  
book arguing that alternative three was

634  
00:26:56,630 --> 00:26:54,910  
real but in the process of moving from

635  
00:26:59,130 --> 00:26:56,640  
England Australia to New Zealand

636  
00:27:03,450 --> 00:26:59,140  
somebody went into his cargo container

637  
00:27:05,670 --> 00:27:03,460  
and stole everything hmm and so after

638  
00:27:07,740 --> 00:27:05,680

that he basically dropped off the face

639

00:27:09,570 --> 00:27:07,750

of the earth outside of the one letter

640

00:27:12,630 --> 00:27:09,580

that I was able to find I can find the

641

00:27:16,140 --> 00:27:12,640

way to contact him interesting I'd love

642

00:27:17,820 --> 00:27:16,150

to talk to him yeah so I mean back then

643

00:27:19,830 --> 00:27:17,830

it might not have been as obvious but

644

00:27:21,690 --> 00:27:19,840

today I mean we're gonna talk about it

645

00:27:23,310 --> 00:27:21,700

your books about it but as we go through

646

00:27:25,620 --> 00:27:23,320

the alternatives I mean a lot of these

647

00:27:27,450 --> 00:27:25,630

programs are pretty obvious to anyone

648

00:27:30,450 --> 00:27:27,460

who's in the alternative news community

649

00:27:32,820 --> 00:27:30,460

now I mean alternative one blasting

650

00:27:34,440 --> 00:27:32,830

holes in the atmosphere they did they

651  
00:27:37,260 --> 00:27:34,450  
tried to do that with something called

652  
00:27:39,990 --> 00:27:37,270  
Project Argus right right

653  
00:27:44,310 --> 00:27:40,000  
it's a project hardtack Argus and

654  
00:27:46,610 --> 00:27:44,320  
basically that was a nuclear weapons

655  
00:27:50,250 --> 00:27:46,620  
test and ostensibly they were trying to

656  
00:27:52,710 --> 00:27:50,260  
person they called it the Coriolis

657  
00:27:54,480 --> 00:27:52,720  
effect and this guy had hypothesized

658  
00:27:56,550 --> 00:27:54,490  
that if he set off a nuclear weapon at

659  
00:27:58,590 --> 00:27:56,560  
high altitude you could create an

660  
00:28:01,110 --> 00:27:58,600  
artificial Van Allen radiation belt and

661  
00:28:03,840 --> 00:28:01,120  
actually succeeded in doing that but

662  
00:28:05,940 --> 00:28:03,850  
that program that project actually had a

663  
00:28:09,300 --> 00:28:05,950

massive fleet associated with it

664

00:28:11,430 --> 00:28:09,310

they organized that in in maybe a third

665

00:28:13,620 --> 00:28:11,440

to a half the time or a third of the

666

00:28:15,660 --> 00:28:13,630

time that it normally took so normally

667

00:28:18,570 --> 00:28:15,670

took like anywhere from one to two years

668

00:28:20,880 --> 00:28:18,580

to plan a nuclear test they did this in

669

00:28:24,540 --> 00:28:20,890

six months in six months they were

670

00:28:27,060 --> 00:28:24,550

launching the missile and so apparently

671

00:28:30,480 --> 00:28:27,070

you know if it's everything it's the

672

00:28:32,340 --> 00:28:30,490

highest nuclear test ever carried out

673

00:28:34,470 --> 00:28:32,350

and one of the interesting things about

674

00:28:37,260 --> 00:28:34,480

it is that at the time I think it was

675

00:28:40,920 --> 00:28:37,270

time or Newsweek one of the the big news

676  
00:28:43,650 --> 00:28:40,930  
operations said that it was probably the

677  
00:28:46,200 --> 00:28:43,660  
most important scientific test ever

678  
00:28:49,170 --> 00:28:46,210  
carried out that being said they

679  
00:28:51,180 --> 00:28:49,180  
classified it until like 1982 so they

680  
00:28:54,150 --> 00:28:51,190  
carried it out like like the late 50s

681  
00:28:57,630 --> 00:28:54,160  
and they classified it until like 1980

682  
00:29:00,480 --> 00:28:57,640  
- Wow so they were successful in

683  
00:29:02,880 --> 00:29:00,490  
creating a fake Van Allen radiation belt

684  
00:29:05,280 --> 00:29:02,890  
but as far as one of their other goals

685  
00:29:06,780 --> 00:29:05,290  
which was tearing that hole blasting

686  
00:29:10,050 --> 00:29:06,790  
that hole in the upper atmosphere to

687  
00:29:13,320 --> 00:29:10,060  
release co2 gases I mean that part was

688  
00:29:15,450 --> 00:29:13,330

not successful right correct So You

689

00:29:17,820 --> 00:29:15,460

Think Progress project Argos in the book

690

00:29:20,190 --> 00:29:17,830

you kind of say that you think it might

691

00:29:23,430 --> 00:29:20,200

have been a precursor to the chemtrails

692

00:29:25,710 --> 00:29:23,440

of today like that might be their second

693

00:29:29,520 --> 00:29:25,720

attempt at kind of doing the same thing

694

00:29:33,420 --> 00:29:29,530

trying to manage the changing climate

695

00:29:35,550 --> 00:29:33,430

right right so in the in the event that

696

00:29:39,720 --> 00:29:35,560

the Argos failed they needed a backup

697

00:29:41,670 --> 00:29:39,730

and I argue that that the geoengineering

698

00:29:45,210 --> 00:29:41,680

and chemtrails are that backup

699

00:29:47,040 --> 00:29:45,220

I call it alternative 1.5 yeah I mean

700

00:29:48,210 --> 00:29:47,050

that's a pretty controversial thing to

701  
00:29:49,740 --> 00:29:48,220  
say because people are gonna think

702  
00:29:51,270 --> 00:29:49,750  
you're an agent of the new world order

703  
00:29:53,790 --> 00:29:51,280  
coming here on here and saying that

704  
00:29:55,470 --> 00:29:53,800  
chemtrails are good but I mean there is

705  
00:29:57,900 --> 00:29:55,480  
well not stand there good I'm just

706  
00:30:00,960 --> 00:29:57,910  
saying that's what they are yeah they're

707  
00:30:03,270 --> 00:30:00,970  
not buying control they're not it's it's

708  
00:30:05,310 --> 00:30:03,280  
a it's a desperate attempt to control

709  
00:30:07,230 --> 00:30:05,320  
the atmosphere yeah and there there

710  
00:30:09,360 --> 00:30:07,240  
might be some really negative side

711  
00:30:11,310 --> 00:30:09,370  
effects like Alzheimer's or things that

712  
00:30:13,680 --> 00:30:11,320  
you know I mean cancer rates who knows I

713  
00:30:15,840 --> 00:30:13,690

mean we have so much poisonous stuff in

714

00:30:17,520 --> 00:30:15,850

our everyday life that who knows why

715

00:30:19,590 --> 00:30:17,530

people are getting sick and dying but

716

00:30:22,230 --> 00:30:19,600

there is some pretty compelling evidence

717

00:30:25,130 --> 00:30:22,240

for this theory that chemtrails are

718

00:30:28,530 --> 00:30:25,140

trying to do this maybe stave off the

719

00:30:32,130 --> 00:30:28,540

rising temperatures that comes out of

720

00:30:34,080 --> 00:30:32,140

the aftermath of 9/11 right right so

721

00:30:36,930 --> 00:30:34,090

basically what happened was right after

722

00:30:40,710 --> 00:30:36,940

9/11 happened right they grounded in

723

00:30:42,840 --> 00:30:40,720

everything mm-hmm and a lot of

724

00:30:45,810 --> 00:30:42,850

atmospheric scientists at that time said

725

00:30:48,360 --> 00:30:45,820

oh my god they grounded everything we've

726

00:30:50,270 --> 00:30:48,370

got to run some tests right because this

727

00:30:53,940 --> 00:30:50,280

is the only chance we'll ever have to

728

00:30:55,740 --> 00:30:53,950

find you know to get these measurements

729

00:30:58,620 --> 00:30:55,750

because we always have airplanes

730

00:31:00,900 --> 00:30:58,630

yeah very smart right so they go out and

731

00:31:05,250 --> 00:31:00,910

they start floating balloons and what

732

00:31:07,539 --> 00:31:05,260

they found was that that over the six

733

00:31:10,570 --> 00:31:07,549

days that the ambient temperature

734

00:31:14,889 --> 00:31:10,580

the earth increased by 1.8 degrees Wow

735

00:31:16,269 --> 00:31:14,899

and the the overall not only that the

736

00:31:18,570 --> 00:31:16,279

temperature increased but the amount of

737

00:31:21,279 --> 00:31:18,580

light making it down to the surface

738

00:31:22,869 --> 00:31:21,289

exponentially increased so they came up

739

00:31:25,330 --> 00:31:22,879

with this buzzword for it called global

740

00:31:27,340 --> 00:31:25,340

dimming and so the idea is is that by

741

00:31:28,720 --> 00:31:27,350

dumping this stuff in that upper

742

00:31:30,609 --> 00:31:28,730

atmosphere and you have to remember this

743

00:31:34,840 --> 00:31:30,619

is a project that started in the 60s

744

00:31:36,460 --> 00:31:34,850

right by dumping stuff in the atmosphere

745

00:31:38,019 --> 00:31:36,470

they changed the reflectivity of the

746

00:31:40,389 --> 00:31:38,029

earth the albedo of the earth and

747

00:31:43,029 --> 00:31:40,399

they're they're kind of reflecting the

748

00:31:45,249 --> 00:31:43,039

sunlight off in a space and it's never

749

00:31:47,019 --> 00:31:45,259

reaching the surface of the earth which

750

00:31:49,960 --> 00:31:47,029

keeps the temperature artificially low

751

00:31:52,960 --> 00:31:49,970

so they can try to control it by using

752

00:31:54,310 --> 00:31:52,970

geoengineering and the more you look at

753

00:31:56,590 --> 00:31:54,320

it you start to see a lot of really

754

00:31:57,999 --> 00:31:56,600

interesting things coming out of it you

755

00:31:59,519 --> 00:31:58,009

know there are a series of patents that

756

00:32:04,690 --> 00:31:59,529

were filed by a number of people

757

00:32:06,399 --> 00:32:04,700

including a Hughes Aircraft in 1990 they

758

00:32:08,919 --> 00:32:06,409

filed a patent for something they called

759

00:32:10,690 --> 00:32:08,929

a welsbach stratospheric walls box

760

00:32:13,450 --> 00:32:10,700

seating for reduction of global warming

761

00:32:18,190 --> 00:32:13,460

and that patent actually goes back to

762

00:32:20,169 --> 00:32:18,200

older patents from 1965 and 1988 so it's

763

00:32:22,810 --> 00:32:20,179

it's obviously a project that's been in

764

00:32:26,379 --> 00:32:22,820

the works for some time yeah that is

765

00:32:28,049 --> 00:32:26,389

crazy that they might have been well

766

00:32:30,609 --> 00:32:28,059

aware of climate change I mean of course

767

00:32:32,019 --> 00:32:30,619

leading scientists and the elite they

768

00:32:34,960 --> 00:32:32,029

have information that we don't get

769

00:32:36,460 --> 00:32:34,970

sometimes ever and it only makes sense

770

00:32:38,710 --> 00:32:36,470

that they would be worried about this

771

00:32:41,499 --> 00:32:38,720

stuff decades before the mainstream and

772

00:32:45,820 --> 00:32:41,509

to think that that is kind of their

773

00:32:47,409 --> 00:32:45,830

attempt to lower the temperature is kind

774

00:32:48,970 --> 00:32:47,419

of crazy I don't hear that that much but

775

00:32:51,249 --> 00:32:48,980

I agree with you that chemtrails don't

776

00:32:52,539 --> 00:32:51,259

seem like depopulation necessarily

777

00:32:54,099 --> 00:32:52,549

because they're just not controlled

778

00:32:55,779 --> 00:32:54,109

enough I mean the elite would probably

779

00:32:58,479 --> 00:32:55,789

be poisoning themselves and their own

780

00:33:00,609 --> 00:32:58,489

families right but well they get into

781

00:33:03,039 --> 00:33:00,619

the depopulation thing right the

782

00:33:06,340 --> 00:33:03,049

depopulation thing is actually very much

783

00:33:09,190 --> 00:33:06,350

more subversive that if you want to look

784

00:33:11,169 --> 00:33:09,200

at depopulation right you'll look at the

785

00:33:13,299 --> 00:33:11,179

water supply yeah and the water supply

786

00:33:16,799 --> 00:33:13,309

there's actually and whether it comes

787

00:33:19,359 --> 00:33:16,809

work we extrude it

788

00:33:20,840 --> 00:33:19,369

however it's getting in there you're

789

00:33:24,399 --> 00:33:20,850

listening sir by design

790

00:33:27,710 --> 00:33:24,409

there's a large amount of birth control

791

00:33:29,330 --> 00:33:27,720

medications in there estrogen and what

792

00:33:31,700 --> 00:33:29,340

it's doing is it's lowering the birth

793

00:33:34,190 --> 00:33:31,710

rate so in the West the birth rate is

794

00:33:36,950 --> 00:33:34,200

plummeting but in the third world the

795

00:33:39,139 --> 00:33:36,960

birth rate is increasing so what that

796

00:33:41,389 --> 00:33:39,149

tells you is that while the West our

797

00:33:42,980 --> 00:33:41,399

birth rate in Europe and the United

798

00:33:46,039 --> 00:33:42,990

States and Canada and he's developed

799

00:33:49,039 --> 00:33:46,049

countries that you know we're losing

800

00:33:51,860 --> 00:33:49,049

population and unable to sustain it in

801  
00:33:54,379 --> 00:33:51,870  
fact at this point every every couple

802  
00:33:58,100 --> 00:33:54,389  
right would have to produce something

803  
00:34:02,149 --> 00:33:58,110  
like 2.2 children - to actually level

804  
00:34:03,830 --> 00:34:02,159  
out the birth rate so what I think is

805  
00:34:07,340 --> 00:34:03,840  
happening is you're seeing an overall

806  
00:34:10,490 --> 00:34:07,350  
depopulation through the the boiling the

807  
00:34:12,800 --> 00:34:10,500  
Frog method in the West but they're

808  
00:34:14,569 --> 00:34:12,810  
letting the population increase in the

809  
00:34:16,879 --> 00:34:14,579  
third world in developing countries

810  
00:34:20,750 --> 00:34:16,889  
because eventually they could use those

811  
00:34:22,790 --> 00:34:20,760  
as worker states yeah and you write

812  
00:34:25,190 --> 00:34:22,800  
about that a little bit - and it makes

813  
00:34:27,319 --> 00:34:25,200

total sense I mean another pressure

814

00:34:29,480 --> 00:34:27,329

valve on having kids in the West is

815

00:34:31,639 --> 00:34:29,490

economics and debt I mean we're under so

816

00:34:33,409 --> 00:34:31,649

much stress that a lot of people don't

817

00:34:36,139 --> 00:34:33,419

even want to think about having one two

818

00:34:37,520 --> 00:34:36,149

three kids you know I mean our parents

819

00:34:40,369 --> 00:34:37,530

grew up with families that are a lot of

820

00:34:41,930 --> 00:34:40,379

times 8 to 12 kids and it's like no

821

00:34:43,819 --> 00:34:41,940

one's doing that anymore who can afford

822

00:34:45,829 --> 00:34:43,829

to do that right

823

00:34:48,139 --> 00:34:45,839

just having even a few kids it's a

824

00:34:51,470 --> 00:34:48,149

massive change in your lifestyle mm-hmm

825

00:34:52,579 --> 00:34:51,480

yeah you would know but um in the book

826

00:34:54,589 --> 00:34:52,589

you have a few lines about the

827

00:34:56,030 --> 00:34:54,599

International Monetary Fund a lot of

828

00:34:57,230 --> 00:34:56,040

people in the conspiracy community

829

00:35:00,010 --> 00:34:57,240

talked about that I mean do you think

830

00:35:03,950 --> 00:35:00,020

one of their roles is monitoring this

831

00:35:05,960 --> 00:35:03,960

influx of populations and kind of trying

832

00:35:08,950 --> 00:35:05,970

to steer it in this direction using

833

00:35:11,450 --> 00:35:08,960

poverty as a weapon I do I do

834

00:35:15,859 --> 00:35:11,460

you know Perkins and other people have

835

00:35:18,109 --> 00:35:15,869

have exposed the IMF as a as an agent of

836

00:35:20,480 --> 00:35:18,119

change so to speak and what happens is

837

00:35:23,510 --> 00:35:20,490

you take a developing country and

838

00:35:25,190 --> 00:35:23,520

they're drowning in debt and the IMF

839

00:35:27,650 --> 00:35:25,200

comes in and says we'll we'll bail you

840

00:35:29,780 --> 00:35:27,660

out but here's the terms right you know

841

00:35:32,390 --> 00:35:29,790

you've got to sell all your your mineral

842

00:35:33,710 --> 00:35:32,400

rights to to fill in a blank mineral

843

00:35:35,120 --> 00:35:33,720

company you know

844

00:35:37,820 --> 00:35:35,130

you have to buy weapons from these

845

00:35:40,720 --> 00:35:37,830

people and you have to see control

846

00:35:44,390 --> 00:35:40,730

basically of your government to us and

847

00:35:46,520 --> 00:35:44,400

so then they can enforce values whatever

848

00:35:49,490 --> 00:35:46,530

values they like whether it's the

849

00:35:51,650 --> 00:35:49,500

population or overpopulation or tag

850

00:35:54,859 --> 00:35:51,660

changes to the tax code or whatever they

851

00:35:56,180 --> 00:35:54,869

want to do the IMF can kind of has a

852

00:35:59,480 --> 00:35:56,190

heavy hand of that because they say look

853

00:36:02,180 --> 00:35:59,490

we'll just cut off the money right yeah

854

00:36:04,270 --> 00:36:02,190

a lot of power to have man those it is

855

00:36:07,070 --> 00:36:04,280

lipid masters right there and literally

856

00:36:08,420 --> 00:36:07,080

literally and one thing I didn't want to

857

00:36:10,640 --> 00:36:08,430

point out that when we're looking at

858

00:36:12,890 --> 00:36:10,650

this whole thing you know you had made a

859

00:36:15,140 --> 00:36:12,900

comment about you know that that the

860

00:36:17,089 --> 00:36:15,150

elites whatever you want to call them

861

00:36:19,370 --> 00:36:17,099

that they would know ahead of time right

862

00:36:21,830 --> 00:36:19,380

yeah there's a guy named Roger Revelle

863

00:36:25,970 --> 00:36:21,840

and he worked for Scripps and I think it

864

00:36:30,290 --> 00:36:25,980

was in like 1955 or 1958 he was actually

865

00:36:32,839 --> 00:36:30,300

doing a study on on phytoplankton and he

866

00:36:35,780 --> 00:36:32,849

determined at that time in the late 50s

867

00:36:38,750 --> 00:36:35,790

the the phyto that the plankton and

868

00:36:40,940 --> 00:36:38,760

these organisms in the ocean were only

869

00:36:45,500 --> 00:36:40,950

gonna be able to handle 10% of the

870

00:36:47,780 --> 00:36:45,510

carbon dioxide and other damaging gases

871

00:36:50,630 --> 00:36:47,790

that were being released even then huh

872

00:36:53,359 --> 00:36:50,640

so if they can only handle 10% of them

873

00:36:55,970 --> 00:36:53,369

in the late 50s where we had today right

874

00:36:58,339 --> 00:36:55,980

yeah exactly no way to know leagues

875

00:37:00,109 --> 00:36:58,349

leagues above that right and he

876

00:37:02,180 --> 00:37:00,119

published it I mean it's it's out there

877

00:37:05,000 --> 00:37:02,190

right and I mean I've interviewed guys

878

00:37:06,560 --> 00:37:05,010

like guy McPherson who has a lot of

879

00:37:08,660 --> 00:37:06,570

compelling evidence I mean he seems to

880

00:37:11,030 --> 00:37:08,670

know what he's talking about him I had

881

00:37:13,160 --> 00:37:11,040

Michael Rupert on just weeks before that

882

00:37:15,470 --> 00:37:13,170

and you know now he's coming to suicide

883

00:37:16,820 --> 00:37:15,480

he seen the writing on the wall right so

884

00:37:18,500 --> 00:37:16,830

there are those people out there still

885

00:37:20,210 --> 00:37:18,510

talking about it it's just barely

886

00:37:22,520 --> 00:37:20,220

adopted in the mainstream everyone knows

887

00:37:24,560 --> 00:37:22,530

the term global warming but and it's

888

00:37:27,079 --> 00:37:24,570

just it's just a buzzword it doesn't

889

00:37:28,520 --> 00:37:27,089

seem to mean anything well what's it's

890

00:37:31,520 --> 00:37:28,530

changed from global warming to climate

891

00:37:33,560 --> 00:37:31,530

change and what what's happened is that

892

00:37:36,290 --> 00:37:33,570

they've taken this this field of study

893

00:37:38,540 --> 00:37:36,300

that has it's good points and it's bad

894

00:37:41,450 --> 00:37:38,550

points and they've reduced it to a

895

00:37:44,030 --> 00:37:41,460

political argument that I'm on this side

896

00:37:45,410 --> 00:37:44,040

of politics so I have to say the party

897

00:37:46,510 --> 00:37:45,420

line is that global warming doesn't

898

00:37:50,440 --> 00:37:46,520

exist

899

00:37:53,349 --> 00:37:50,450

and you know whether the there's a good

900

00:37:55,089 --> 00:37:53,359

saying that I heard once whether the

901  
00:37:58,260 --> 00:37:55,099  
glass is half full or half empty it's

902  
00:38:02,290 --> 00:37:58,270  
still dirty so whether it's whether it's

903  
00:38:04,930 --> 00:38:02,300  
produced by us it's a natural cycle or

904  
00:38:07,300 --> 00:38:04,940  
some combination it doesn't matter

905  
00:38:09,609 --> 00:38:07,310  
mm-hmm it still happening yeah that is

906  
00:38:11,050 --> 00:38:09,619  
exactly every time someone tries to get

907  
00:38:13,150 --> 00:38:11,060  
me in that argument I'm like it's just

908  
00:38:16,540 --> 00:38:13,160  
better to be cleaner who gives a [h\_\_\h]

909  
00:38:18,849 --> 00:38:16,550  
about how bad it is exactly how many

910  
00:38:21,790 --> 00:38:18,859  
years we have left what caused it

911  
00:38:23,530 --> 00:38:21,800  
let's just be cleaner like it's just

912  
00:38:25,210 --> 00:38:23,540  
it's just kind of stupid to think that

913  
00:38:27,370 --> 00:38:25,220

we should just trash the earth and if

914

00:38:30,010 --> 00:38:27,380

it's not gonna kill us well then it's

915

00:38:32,680 --> 00:38:30,020

fine to do yeah you know let's get rid

916

00:38:34,329 --> 00:38:32,690

of the Appa and have no nobody's

917

00:38:36,490 --> 00:38:34,339

stopping us from dumping harmful

918

00:38:38,290 --> 00:38:36,500

chemicals into the ground that make us

919

00:38:41,140 --> 00:38:38,300

have all cancer in all kinds of side

920

00:38:43,329 --> 00:38:41,150

effects I mean it's it's ridiculous just

921

00:38:45,550 --> 00:38:43,339

as human beings right I was a boy scout

922

00:38:47,109 --> 00:38:45,560

and we had this motto that you know you

923

00:38:48,490 --> 00:38:47,119

go and you leave it cleaner than you

924

00:38:53,290 --> 00:38:48,500

found it well we're certainly not doing

925

00:38:55,060 --> 00:38:53,300

that right more Boy Scouts well I don't

926  
00:38:57,190 --> 00:38:55,070  
know about that but well you know we

927  
00:38:59,079 --> 00:38:57,200  
definitely need to to step back for a

928  
00:39:02,170 --> 00:38:59,089  
minute and say you know what whatever's

929  
00:39:04,060 --> 00:39:02,180  
causing this you know we have a hand in

930  
00:39:06,250 --> 00:39:04,070  
trying to control it you know whether

931  
00:39:07,660 --> 00:39:06,260  
we've reached a tipping point or not we

932  
00:39:10,480 --> 00:39:07,670  
have a hand in trying to make it better

933  
00:39:12,700 --> 00:39:10,490  
and if it's a cycle the cycles come and

934  
00:39:14,740 --> 00:39:12,710  
go but they do come back right so you

935  
00:39:17,260 --> 00:39:14,750  
know we have to be ready yeah I agree

936  
00:39:18,880 --> 00:39:17,270  
with you man well said so getting back

937  
00:39:21,579 --> 00:39:18,890  
to the book a little bit from there

938  
00:39:24,160 --> 00:39:21,589

there's the alternative to plan which

939

00:39:25,839 --> 00:39:24,170

involves underground bases obviously if

940

00:39:27,430 --> 00:39:25,849

we can't stop the climate from changing

941

00:39:29,320 --> 00:39:27,440

on the surface the next thing to try

942

00:39:32,020 --> 00:39:29,330

would be massive underground facilities

943

00:39:34,030 --> 00:39:32,030

and just like the ideas in phase one I

944

00:39:35,890 --> 00:39:34,040

mean we have plenty of evidence to be

945

00:39:37,240 --> 00:39:35,900

able to say that governments have built

946

00:39:39,150 --> 00:39:37,250

huge underground bases that are

947

00:39:41,859 --> 00:39:39,160

generally hidden from the public right

948

00:39:44,680 --> 00:39:41,869

correct you know you can look at Raven

949

00:39:46,720 --> 00:39:44,690

Rock you I mean they're everywhere

950

00:39:49,180 --> 00:39:46,730

just do a search on continuity of

951  
00:39:50,829 --> 00:39:49,190  
government you'll find this mountains of

952  
00:39:52,750 --> 00:39:50,839  
this stuff and and then you know you

953  
00:39:55,660 --> 00:39:52,760  
look at other things like

954  
00:39:59,110 --> 00:39:55,670  
the Nordic Seed Vault right here's this

955  
00:40:01,510 --> 00:39:59,120  
vault of non genetically engineered

956  
00:40:04,390 --> 00:40:01,520  
seeds that's sitting up in the Arctic

957  
00:40:06,640 --> 00:40:04,400  
Circle right and I was shocked to find

958  
00:40:09,520 --> 00:40:06,650  
out when I was doing research that it's

959  
00:40:11,290 --> 00:40:09,530  
not the only one that there are a number

960  
00:40:14,560 --> 00:40:11,300  
of these seed vaults all over the world

961  
00:40:16,180 --> 00:40:14,570  
right little modern Noah's Ark yeah

962  
00:40:18,340 --> 00:40:16,190  
basically and it's like if you think

963  
00:40:20,620 --> 00:40:18,350

that the surface of the earth is going

964

00:40:22,300 --> 00:40:20,630

to become scoured of vegetation you know

965

00:40:24,580 --> 00:40:22,310

sticking seeds in a vault is probably a

966

00:40:27,580 --> 00:40:24,590

good idea yeah and if you don't there's

967

00:40:32,560 --> 00:40:27,590

no reason to do that right that's my

968

00:40:33,730 --> 00:40:32,570

attitude but I love the conversations

969

00:40:36,040 --> 00:40:33,740

that I've had in the past with people

970

00:40:37,840 --> 00:40:36,050

like Richard Sauter and also the stuff

971

00:40:40,270 --> 00:40:37,850

you have in the book about underground

972

00:40:41,530 --> 00:40:40,280

bases it's just super mysterious and

973

00:40:44,770 --> 00:40:41,540

interesting to me that there could be

974

00:40:46,120 --> 00:40:44,780

something so crazy going on beneath our

975

00:40:48,670 --> 00:40:46,130

feet I guess it's why I like the Hollow

976  
00:40:50,710 --> 00:40:48,680  
Earth theory also but you know obviously

977  
00:40:52,480 --> 00:40:50,720  
you can't fit everyone in these

978  
00:40:54,220 --> 00:40:52,490  
underground facilities and obviously the

979  
00:40:56,080 --> 00:40:54,230  
elite find the masses to be pretty

980  
00:40:58,660 --> 00:40:56,090  
expendable but I do like that you

981  
00:41:01,090 --> 00:40:58,670  
mentioned this number of 500 million

982  
00:41:02,980 --> 00:41:01,100  
people in this section because I do hear

983  
00:41:03,880 --> 00:41:02,990  
it a lot in the conspiracy community

984  
00:41:06,670 --> 00:41:03,890  
that the elite want to get the

985  
00:41:08,530 --> 00:41:06,680  
population down to half a bill and as

986  
00:41:10,750 --> 00:41:08,540  
you mentioned it's kind of attached to

987  
00:41:13,240 --> 00:41:10,760  
agenda 21 also that's not a number that

988  
00:41:15,940 --> 00:41:13,250

those people throw out and the Georgia

989

00:41:17,260 --> 00:41:15,950

Guidestones which some people might not

990

00:41:18,520 --> 00:41:17,270

know about I mean can you give us some

991

00:41:19,630 --> 00:41:18,530

of the details on the Georgia

992

00:41:22,390 --> 00:41:19,640

Guidestones because they're pretty

993

00:41:23,890 --> 00:41:22,400

awesome and it's a pretty big mystery

994

00:41:27,460 --> 00:41:23,900

from what I understand I mean what do we

995

00:41:29,230 --> 00:41:27,470

know about him it is well there was a

996

00:41:32,440 --> 00:41:29,240

guy named Christiansen that showed up

997

00:41:34,690 --> 00:41:32,450

and as this town in Georgia one day and

998

00:41:37,600 --> 00:41:34,700

he he went to the bank and gave them a

999

00:41:40,390 --> 00:41:37,610

briefcase full of cash and said I need

1000

00:41:42,700 --> 00:41:40,400

you to help me build a monument and so

1001

00:41:46,020 --> 00:41:42,710

they built the monument out of I think

1002

00:41:50,620 --> 00:41:46,030

it was marble and it's enormous

1003

00:41:53,490 --> 00:41:50,630

and you know it has these like the the

1004

00:41:55,630 --> 00:41:53,500

laws of nature and there's stuff like

1005

00:41:57,070 --> 00:41:55,640

well it's it's all the tenants of the

1006

00:42:00,130 --> 00:41:57,080

New World Order right you reduce the

1007

00:42:02,590 --> 00:42:00,140

population of 500 million I got to do

1008

00:42:04,450 --> 00:42:02,600

this from memory live in was it live in

1009

00:42:07,090 --> 00:42:04,460

harmony with the earth it's something

1010

00:42:10,340 --> 00:42:07,100

about let religion

1011

00:42:11,960 --> 00:42:10,350

be controlled by reason and a bunch of

1012

00:42:14,990 --> 00:42:11,970

other ones and there they're actually

1013

00:42:16,370 --> 00:42:15,000

translated into seven other languages

1014

00:42:19,640 --> 00:42:16,380

and then they're all these like

1015

00:42:21,260 --> 00:42:19,650

celestial alignments right really weird

1016

00:42:23,960 --> 00:42:21,270

it's kind of like a modern day

1017

00:42:25,430 --> 00:42:23,970

Stonehenge but it is I did write down

1018

00:42:27,950 --> 00:42:25,440

the languages I mean the message is

1019

00:42:31,580 --> 00:42:27,960

written down in Hebrew Egyptian Russian

1020

00:42:36,050 --> 00:42:31,590

cuneiform Spanish Greek Swahili Sanskrit

1021

00:42:38,150 --> 00:42:36,060

Hindi Arabic and Chinese and that's it's

1022

00:42:40,430 --> 00:42:38,160

just so weird and then and then there's

1023

00:42:42,500 --> 00:42:40,440

a there's a message around the top I

1024

00:42:46,190 --> 00:42:42,510

forget what it says but it's it's

1025

00:42:49,730 --> 00:42:46,200

written in Egyptian Babylonian Greek and

1026  
00:42:51,800 --> 00:42:49,740  
Sanskrit yeah and I mean some of the

1027  
00:42:54,890 --> 00:42:51,810  
things I actually like it's basically

1028  
00:42:57,290 --> 00:42:54,900  
ten things and I got a right here what

1029  
00:42:59,750 --> 00:42:57,300  
all nations rule internally resolving

1030  
00:43:01,700 --> 00:42:59,760  
international disputes in a World Court

1031  
00:43:04,370 --> 00:43:01,710  
balance personal rights with social

1032  
00:43:06,530 --> 00:43:04,380  
duties price truth beauty love seeking

1033  
00:43:08,270 --> 00:43:06,540  
harmony with the infinite be not a

1034  
00:43:11,030 --> 00:43:08,280  
cancer on the earth leave room for

1035  
00:43:12,500 --> 00:43:11,040  
nature leave room for nature yeah and

1036  
00:43:14,990 --> 00:43:12,510  
that's weird that they say that twice

1037  
00:43:17,360 --> 00:43:15,000  
and then there's actually a there's a

1038  
00:43:19,730 --> 00:43:17,370

Keese there's a key that they put as

1039

00:43:21,290 --> 00:43:19,740

well and it gives the astronomical

1040

00:43:23,960 --> 00:43:21,300

alignments a channel through stone

1041

00:43:26,720 --> 00:43:23,970

indicates celestial pole horizontal slot

1042

00:43:28,700 --> 00:43:26,730

indicates annual travel of the Sun Sun

1043

00:43:30,650 --> 00:43:28,710

beam through a capstone marks noontime

1044

00:43:33,380 --> 00:43:30,660

throughout the year and then it was

1045

00:43:35,600 --> 00:43:33,390

built by RC Christians and sponsors a

1046

00:43:37,490 --> 00:43:35,610

small group of Americans who seek the

1047

00:43:39,650 --> 00:43:37,500

age of reason and the near sea

1048

00:43:42,320 --> 00:43:39,660

interesting one it says time capsule

1049

00:43:44,360 --> 00:43:42,330

place six feet below this spot on and it

1050

00:43:47,060 --> 00:43:44,370

was never completed to be opened on and

1051  
00:43:49,550 --> 00:43:47,070  
never completed yeah that is a weird

1052  
00:43:51,500 --> 00:43:49,560  
aspect to it it's a weird place I mean

1053  
00:43:54,170 --> 00:43:51,510  
it's right off the road and it's

1054  
00:43:57,650 --> 00:43:54,180  
surrounded by roses and it has like lawn

1055  
00:43:59,900 --> 00:43:57,660  
and you just kind of show up and and

1056  
00:44:03,860 --> 00:43:59,910  
it's maintained and I guess part of the

1057  
00:44:07,850 --> 00:44:03,870  
money that was left was was left in

1058  
00:44:11,380 --> 00:44:07,860  
perpetuity to maintain it but the banker

1059  
00:44:14,230 --> 00:44:11,390  
who actually knew who RC Christian was

1060  
00:44:18,310 --> 00:44:14,240  
you know he refuses to tell anybody

1061  
00:44:20,480 --> 00:44:18,320  
yeah it's so strange and there's also a

1062  
00:44:21,980 --> 00:44:20,490  
Masonic time capsule

1063  
00:44:25,280 --> 00:44:21,990

at the Denver Airport which of course

1064

00:44:28,280 --> 00:44:25,290

people think has probably got a huge

1065

00:44:29,960 --> 00:44:28,290

underground base there right I know I

1066

00:44:31,520 --> 00:44:29,970

know we've talked about that one before

1067

00:44:33,740 --> 00:44:31,530

and we kind of talked about how it's

1068

00:44:35,450 --> 00:44:33,750

probably too blown up and has gotten too

1069

00:44:38,030 --> 00:44:35,460

much press for it to really be useful

1070

00:44:40,960 --> 00:44:38,040

for anybody but one that you wrote about

1071

00:44:43,160 --> 00:44:40,970

that I hadn't heard was this site are

1072

00:44:43,880 --> 00:44:43,170

apparently it has like a ten year supply

1073

00:44:48,740 --> 00:44:43,890

of coffee

1074

00:44:50,510 --> 00:44:48,750

yeah it's Raven Rock right so yeah Raven

1075

00:44:52,970 --> 00:44:50,520

Rock is like the alternative Pentagon

1076

00:44:57,520 --> 00:44:52,980

and it has not only does it have a

1077

00:45:00,160 --> 00:44:57,530

Starbucks but it also has a gift shop

1078

00:45:02,930 --> 00:45:00,170

nice it's huge

1079

00:45:04,670 --> 00:45:02,940

it's really massive and you know what's

1080

00:45:06,620 --> 00:45:04,680

funny is that one of the things that

1081

00:45:08,600 --> 00:45:06,630

comes along with these secret

1082

00:45:11,390 --> 00:45:08,610

underground bases is this notion that

1083

00:45:13,820 --> 00:45:11,400

that there's a underground rail network

1084

00:45:16,850 --> 00:45:13,830

that connects them right Matt goes back

1085

00:45:18,500 --> 00:45:16,860

way back into the 80s and what's

1086

00:45:21,170 --> 00:45:18,510

interesting is if you look at it in the

1087

00:45:23,600 --> 00:45:21,180

70s Rand the RAND Corporation is a

1088

00:45:26,150 --> 00:45:23,610

think-tank they had actually published a

1089

00:45:28,160 --> 00:45:26,160

study showing that they could build

1090

00:45:32,810 --> 00:45:28,170

these these high-speed underground

1091

00:45:34,700 --> 00:45:32,820

networks in the 70s using a kind of

1092

00:45:36,500 --> 00:45:34,710

pressure thing and they could go like

1093

00:45:40,700 --> 00:45:36,510

coast to coast in like three hours or

1094

00:45:44,750 --> 00:45:40,710

something it was crazy Wow yeah so Elon

1095

00:45:46,580 --> 00:45:44,760

Musk is about 30 years late yeah even

1096

00:45:48,920 --> 00:45:46,590

like Jacque fresco and The Venus Project

1097

00:45:50,420 --> 00:45:48,930

he talks about using that technology and

1098

00:45:52,190 --> 00:45:50,430

that's probably where I had first heard

1099

00:45:54,680 --> 00:45:52,200

about it and then to hear that this

1100

00:45:57,320 --> 00:45:54,690

stuff might be older than me is just

1101  
00:45:59,150 --> 00:45:57,330  
kind of shocking but in terms of these

1102  
00:46:02,050 --> 00:45:59,160  
underground bases man do you think that

1103  
00:46:03,859 --> 00:46:02,060  
they're made I mean probably

1104  
00:46:07,190 --> 00:46:03,869  
multi-purpose of course but do you think

1105  
00:46:10,550 --> 00:46:07,200  
they're they're really for the elite in

1106  
00:46:13,790 --> 00:46:10,560  
case of net global disaster do you think

1107  
00:46:16,190 --> 00:46:13,800  
they're more for secret underground like

1108  
00:46:18,470 --> 00:46:16,200  
testing of technologies and experiments

1109  
00:46:20,240 --> 00:46:18,480  
that kind of stuff no I I think that

1110  
00:46:23,000 --> 00:46:20,250  
those bases in particular like site

1111  
00:46:24,170 --> 00:46:23,010  
aren't some of the others those are cut

1112  
00:46:27,290 --> 00:46:24,180  
what are called continuity of government

1113  
00:46:30,410 --> 00:46:27,300

facilities and those those are designed

1114

00:46:32,990 --> 00:46:30,420

for ostensibly they were designed that

1115

00:46:33,980 --> 00:46:33,000

in the event of a nuclear war right that

1116

00:46:36,650 --> 00:46:33,990

they can move every

1117

00:46:38,590 --> 00:46:36,660

to Congress the President and Chiefs and

1118

00:46:41,030 --> 00:46:38,600

everybody the command and control

1119

00:46:42,800 --> 00:46:41,040

elements of our government they could

1120

00:46:44,780 --> 00:46:42,810

move it underground and continue to

1121

00:46:47,120 --> 00:46:44,790

fight the war from underground right but

1122

00:46:49,580 --> 00:46:47,130

the reality is is that you know that

1123

00:46:51,800 --> 00:46:49,590

that's kind of a losing proposition but

1124

00:46:54,350 --> 00:46:51,810

in in mastering that technique and

1125

00:46:57,140 --> 00:46:54,360

mastering that capability the bunkers

1126

00:46:58,970 --> 00:46:57,150

also serve as a place to go in case of

1127

00:47:01,310 --> 00:46:58,980

something like climate change where if

1128

00:47:03,020 --> 00:47:01,320

they want to go subsurface there are a

1129

00:47:05,240 --> 00:47:03,030

number of these facilities scattered

1130

00:47:08,270 --> 00:47:05,250

around the world where they can go and

1131

00:47:10,100 --> 00:47:08,280

hide yeah and I hear about well go ahead

1132

00:47:12,320 --> 00:47:10,110

but what I was going to say is what's

1133

00:47:14,030 --> 00:47:12,330

more interesting is that you know you

1134

00:47:16,250 --> 00:47:14,040

can only save a very very small

1135

00:47:17,720 --> 00:47:16,260

percentage of the population I move in

1136

00:47:18,470 --> 00:47:17,730

underground I mean the bases are just

1137

00:47:20,750 --> 00:47:18,480

not big enough

1138

00:47:25,600 --> 00:47:20,760

you can't build underground cities large

1139

00:47:28,310 --> 00:47:25,610

enough to house everybody in LA right so

1140

00:47:30,290 --> 00:47:28,320

you know with this rise of the idea of

1141

00:47:33,170 --> 00:47:30,300

these FEMA camps and this other stuff I

1142

00:47:35,090 --> 00:47:33,180

think those might be elements that are

1143

00:47:37,490 --> 00:47:35,100

surface based that are designed to

1144

00:47:41,030 --> 00:47:37,500

control the population as the others

1145

00:47:42,410 --> 00:47:41,040

descend yeah those FEMA camps man

1146

00:47:44,300 --> 00:47:42,420

they're creepy anyone who's really

1147

00:47:46,280 --> 00:47:44,310

looked at the videos of a more seen the

1148

00:47:48,890 --> 00:47:46,290

tens of thousands of plastic coffins

1149

00:47:50,210 --> 00:47:48,900

they store it is weird but I mean maybe

1150

00:47:51,859 --> 00:47:50,220

they don't even know what they're

1151  
00:47:53,180 --> 00:47:51,869  
planning for they just might see the

1152  
00:47:55,460 --> 00:47:53,190  
writing on the wall that eventually

1153  
00:47:57,980 --> 00:47:55,470  
whether its economic or environmental

1154  
00:47:59,540 --> 00:47:57,990  
there's gonna be a disaster and they

1155  
00:48:02,180 --> 00:47:59,550  
don't want to have to deal with us when

1156  
00:48:03,980 --> 00:48:02,190  
we get angry well it's it's simpler than

1157  
00:48:05,420 --> 00:48:03,990  
that you know they they probably

1158  
00:48:06,920 --> 00:48:05,430  
fundamentally don't know what they're

1159  
00:48:09,290 --> 00:48:06,930  
for it's somebody in the food chain

1160  
00:48:11,390 --> 00:48:09,300  
somewhere said you got to go build it

1161  
00:48:13,760 --> 00:48:11,400  
mm-hmm that's how these things work

1162  
00:48:17,060 --> 00:48:13,770  
right that let's say that that you're

1163  
00:48:18,590 --> 00:48:17,070

building an exotic aircraft you know

1164

00:48:21,109 --> 00:48:18,600

you're gonna have three groups of people

1165

00:48:22,520 --> 00:48:21,119

working on the engine and each one is

1166

00:48:24,500 --> 00:48:22,530

working on a different component of the

1167

00:48:26,660 --> 00:48:24,510

engine only at the very end when a

1168

00:48:28,460 --> 00:48:26,670

technician puts the engine together that

1169

00:48:30,920 --> 00:48:28,470

guy is the only guy who actually knows

1170

00:48:34,340 --> 00:48:30,930

what the engine does yeah that's true

1171

00:48:36,560 --> 00:48:34,350

that's true and it's just I mean it does

1172

00:48:38,660 --> 00:48:36,570

piss me off though that all government

1173

00:48:41,240 --> 00:48:38,670

runs on the people's money and yet they

1174

00:48:43,370 --> 00:48:41,250

put more energy into these contingency

1175

00:48:45,290 --> 00:48:43,380

plans to control us or to keep us down

1176  
00:48:47,749 --> 00:48:45,300  
in some type of collapse or disaster

1177  
00:48:49,579 --> 00:48:47,759  
situation or build multi-billion

1178  
00:48:52,129 --> 00:48:49,589  
dollar facilities for themselves

1179  
00:48:54,139 --> 00:48:52,139  
underground just in case meanwhile

1180  
00:48:55,849 --> 00:48:54,149  
people are starving on the surface and

1181  
00:48:57,859 --> 00:48:55,859  
rather than putting any energy into

1182  
00:49:01,309 --> 00:48:57,869  
using the people's money to improve life

1183  
00:49:05,149 --> 00:49:01,319  
today it's just all spent for the

1184  
00:49:08,809 --> 00:49:05,159  
potential for disaster and the lives of

1185  
00:49:10,249 --> 00:49:08,819  
a few but they can right I mean he was

1186  
00:49:11,689 --> 00:49:10,259  
stopping them no one seems to give a

1187  
00:49:13,969 --> 00:49:11,699  
[h\_\_h] we're all just going to work and

1188  
00:49:15,529 --> 00:49:13,979

watching Big Bang Theory you know we sit

1189

00:49:17,539 --> 00:49:15,539

around and we complain about it and we

1190

00:49:19,579 --> 00:49:17,549

say look this is terrible this is awful

1191

00:49:22,129 --> 00:49:19,589

yes but we elect these people and put

1192

00:49:24,439 --> 00:49:22,139

them in there that's true I mean I you

1193

00:49:26,479 --> 00:49:24,449

know sometimes I get into trouble when I

1194

00:49:29,299 --> 00:49:26,489

do the politics thing but this is the

1195

00:49:31,609 --> 00:49:29,309

way I see it right whether you're on the

1196

00:49:34,009 --> 00:49:31,619

writer you're on the left it doesn't

1197

00:49:36,349 --> 00:49:34,019

really matter no at the end of the day

1198

00:49:39,289 --> 00:49:36,359

the people that that we are paying and

1199

00:49:39,859 --> 00:49:39,299

sending up there they're in it for

1200

00:49:42,139 --> 00:49:39,869

themselves

1201

00:49:44,419 --> 00:49:42,149

I mean lost is the day that mr. Smith

1202

00:49:46,549 --> 00:49:44,429

went to Washington there are there are

1203

00:49:48,349 --> 00:49:46,559

very few mr. Smith's in Washington now

1204

00:49:49,759 --> 00:49:48,359

they're bought and paid for whether

1205

00:49:52,009 --> 00:49:49,769

they're on the right or the left or the

1206

00:49:53,870 --> 00:49:52,019

tea party or not they're all bought and

1207

00:49:56,569 --> 00:49:53,880

paid for by special interest groups I

1208

00:49:59,059 --> 00:49:56,579

mean the idea that they can pass alas a

1209

00:50:02,569 --> 00:49:59,069

ruling that says that a company is a

1210

00:50:04,879 --> 00:50:02,579

person yeah that company has it has all

1211

00:50:07,699 --> 00:50:04,889

the rights of a person that's asinine

1212

00:50:08,989 --> 00:50:07,709

right you know does that mean does that

1213

00:50:11,779 --> 00:50:08,999

mean that fill-in-the-blank

1214

00:50:14,899 --> 00:50:11,789

multinational corporation like Viacom is

1215

00:50:17,809 --> 00:50:14,909

gonna have children apparently um has

1216

00:50:20,269 --> 00:50:17,819

the right to adopt children I don't know

1217

00:50:23,179 --> 00:50:20,279

if Sumner Redstone wants to do that but

1218

00:50:26,479 --> 00:50:23,189

apparently Viacom as an entity has the

1219

00:50:28,219 --> 00:50:26,489

right to get married yeah it's it's so

1220

00:50:30,109 --> 00:50:28,229

stupid the legal framework for that

1221

00:50:31,549 --> 00:50:30,119

stuff there was one guy fighting back in

1222

00:50:34,699 --> 00:50:31,559

an interesting way out here in

1223

00:50:36,289 --> 00:50:34,709

California that was he was trying to

1224

00:50:38,449 --> 00:50:36,299

make the case that he is allowed to

1225

00:50:40,429 --> 00:50:38,459

drive in the carpool lane which anyone

1226

00:50:43,819 --> 00:50:40,439

who has a carpool lane should know

1227

00:50:45,229 --> 00:50:43,829

they're just so great to get into and he

1228

00:50:47,239 --> 00:50:45,239

thought he should be able to drive in it

1229

00:50:51,409 --> 00:50:47,249

because he had his corporate paperwork

1230

00:50:53,269 --> 00:50:51,419

and his passenger seat and if the court

1231

00:50:55,039 --> 00:50:53,279

if a corporation is a person then this

1232

00:50:57,289 --> 00:50:55,049

is basically the corporation in this

1233

00:51:01,750 --> 00:50:57,299

manila envelope and we're riding

1234

00:51:04,210 --> 00:51:01,760

together so [h\_\_h] you I heard about that

1235

00:51:07,240 --> 00:51:04,220

I think that's that's funny but I mean

1236

00:51:09,250 --> 00:51:07,250

obviously there are way more serious

1237

00:51:12,430 --> 00:51:09,260

ramifications for corporate personhood

1238

00:51:16,270 --> 00:51:12,440

than the carpool lane but it is just

1239

00:51:17,590 --> 00:51:16,280

asinine that that that goes on but I was

1240

00:51:19,210 --> 00:51:17,600

going to mention to you man on the

1241

00:51:21,100 --> 00:51:19,220

subject of underground base's when I

1242

00:51:23,410 --> 00:51:21,110

spoke with David Politis a few episodes

1243

00:51:25,150 --> 00:51:23,420

ago I mentioned your article for

1244

00:51:27,730 --> 00:51:25,160

paranoia that talked about batch

1245

00:51:30,220 --> 00:51:27,740

consignments and how these clusters of

1246

00:51:32,920 --> 00:51:30,230

disappearances from David Politis --is

1247

00:51:35,020 --> 00:51:32,930

work are actually pretty close to the

1248

00:51:37,990 --> 00:51:35,030

apparent places that a lot of

1249

00:51:39,220 --> 00:51:38,000

underground bases are so I did mention

1250

00:51:40,870 --> 00:51:39,230

that to him and he said he's heard the

1251

00:51:42,730 --> 00:51:40,880

theory but he thinks that some of the

1252

00:51:45,070 --> 00:51:42,740

areas are too remote or that too many

1253

00:51:46,630 --> 00:51:45,080

people are actually found later dead or

1254

00:51:49,000 --> 00:51:46,640

alive so they're not actually you know

1255

00:51:50,650 --> 00:51:49,010

missing missing but I still think it's a

1256

00:51:52,330 --> 00:51:50,660

super interesting theory and it's weird

1257

00:51:54,910 --> 00:51:52,340

that there is that connection they do

1258

00:51:58,090 --> 00:51:54,920

overlay they are pretty damn close they

1259

00:52:00,910 --> 00:51:58,100

are and for my I think David Politis

1260

00:52:02,440 --> 00:52:00,920

does an amazing job you know he does

1261

00:52:05,320 --> 00:52:02,450

some of the best research I've ever seen

1262

00:52:06,820 --> 00:52:05,330

and you know for my money you know

1263

00:52:09,130 --> 00:52:06,830

whether they find them alive or dead

1264

00:52:11,170 --> 00:52:09,140

later you still don't know what happened

1265

00:52:12,820 --> 00:52:11,180

to them in between good point because

1266

00:52:15,160 --> 00:52:12,830

one of the things that he points out is

1267

00:52:17,530 --> 00:52:15,170

that when these people are found days or

1268

00:52:20,230 --> 00:52:17,540

weeks later they have no idea where

1269

00:52:21,820 --> 00:52:20,240

they've been yeah maybe they're hitting

1270

00:52:24,250 --> 00:52:21,830

them with that men in black flashbulb

1271

00:52:26,230 --> 00:52:24,260

thing right back out in the woods or

1272

00:52:28,810 --> 00:52:26,240

maybe they flunked the test who knows

1273

00:52:31,000 --> 00:52:28,820

but you know there are large numbers of

1274

00:52:33,130 --> 00:52:31,010

people that disappear around these bases

1275

00:52:35,620 --> 00:52:33,140

and whether whether they become batch

1276

00:52:38,650 --> 00:52:35,630

consignments or whether they are tested

1277

00:52:40,420 --> 00:52:38,660

or whatever's going on there are large

1278

00:52:43,930 --> 00:52:40,430

numbers that seem to correspond to these

1279

00:52:47,260 --> 00:52:43,940

bases that exist yeah man and on the I

1280

00:52:48,940 --> 00:52:47,270

wanted to double back to the the half a

1281

00:52:51,990 --> 00:52:48,950

billion number the 500 million number

1282

00:52:54,850 --> 00:52:52,000

because it's also part of agenda 21 and

1283

00:52:56,110 --> 00:52:54,860

someone who's kind of new to conspiracy

1284

00:52:58,090 --> 00:52:56,120

might not have heard about it because

1285

00:53:00,340 --> 00:52:58,100

it's I feel like it's kind of died down

1286

00:53:02,620 --> 00:53:00,350

it was a pretty big thing several years

1287

00:53:04,480 --> 00:53:02,630

ago but I think the problem is that the

1288

00:53:07,930 --> 00:53:04,490

people talking about it put it here on

1289

00:53:10,720 --> 00:53:07,940

it I think they put like 2010 or 2011 as

1290

00:53:12,550 --> 00:53:10,730

the year for it that all these vitamins

1291

00:53:13,960 --> 00:53:12,560

were going to get basically taken off

1292

00:53:15,460 --> 00:53:13,970

the market and it was going to become a

1293

00:53:17,530 --> 00:53:15,470

prescription thing only

1294

00:53:19,330 --> 00:53:17,540

for you to get vitamins and nutrients so

1295

00:53:22,170 --> 00:53:19,340

they were gonna choke us out that way

1296

00:53:26,020 --> 00:53:22,180

but what are your thoughts on agenda 21

1297

00:53:27,880 --> 00:53:26,030

well you know agenda 21 is is this UN

1298

00:53:31,180 --> 00:53:27,890

program to create sustainable

1299

00:53:33,339 --> 00:53:31,190

populations right so the the UN idea is

1300

00:53:36,010 --> 00:53:33,349

you know you want to put things into

1301

00:53:37,839 --> 00:53:36,020

place and control you know the the

1302

00:53:40,420 --> 00:53:37,849

production of food and the distribution

1303

00:53:41,140 --> 00:53:40,430

of food and you know when I look at this

1304

00:53:44,109 --> 00:53:41,150

stuff

1305

00:53:46,990 --> 00:53:44,119

you know in a lot of ways it's actually

1306

00:53:50,260 --> 00:53:47,000

the problem of conspiracy theory right

1307

00:53:52,270 --> 00:53:50,270

the one as conspiracy theorist the best

1308

00:53:55,030 --> 00:53:52,280

we can be in nine times out of ten as a

1309

00:53:56,010 --> 00:53:55,040

theorist right right we we see the

1310

00:54:00,790 --> 00:53:56,020

outliers

1311

00:54:03,250 --> 00:54:00,800

you know we we see the the symptoms but

1312

00:54:05,500 --> 00:54:03,260

we never see the problem mm-hmm right

1313

00:54:07,720 --> 00:54:05,510

you know you might have a viral

1314

00:54:10,420 --> 00:54:07,730

infection that manifests by having a

1315

00:54:13,030 --> 00:54:10,430

little tiny purple dot on your back

1316

00:54:15,070 --> 00:54:13,040

right yeah we can find the purple dot

1317

00:54:17,290 --> 00:54:15,080

and say well that's a purple dot that

1318

00:54:19,300 --> 00:54:17,300

purple dot means that you're sick but we

1319

00:54:21,430 --> 00:54:19,310

can never extrapolate it and say well

1320

00:54:23,980 --> 00:54:21,440

that purple dot means that you have this

1321

00:54:25,810 --> 00:54:23,990

particular viral infection and so when

1322

00:54:27,880 --> 00:54:25,820

you look at things like agenda21 and

1323

00:54:29,170 --> 00:54:27,890

it's not the first or last time that

1324

00:54:31,329 --> 00:54:29,180

they're going to do something like that

1325

00:54:34,750 --> 00:54:31,339

when you look at agenda21

1326

00:54:37,240 --> 00:54:34,760

it's an outlier of a mechanism that

1327

00:54:39,670 --> 00:54:37,250

they're using to to to control

1328

00:54:42,640 --> 00:54:39,680

populations to control food distribution

1329

00:54:45,030 --> 00:54:42,650

to control power generation I think all

1330

00:54:47,800 --> 00:54:45,040

those elements are in there yeah and

1331

00:54:50,620 --> 00:54:47,810

it's just another way that they're

1332

00:54:52,180 --> 00:54:50,630

trying to do it so you know what I think

1333

00:54:54,250 --> 00:54:52,190

happens is you get a lot of people

1334

00:54:56,560 --> 00:54:54,260

wrapped around the axle about it you

1335

00:54:58,780 --> 00:54:56,570

know agenda 21 and agenda 21 becomes a

1336

00:55:00,640 --> 00:54:58,790

buzzword but what they're not doing is

1337

00:55:02,200 --> 00:55:00,650

they're not going deeper and they're not

1338

00:55:04,870 --> 00:55:02,210

saying why does it gender twenty-one

1339

00:55:06,400 --> 00:55:04,880

exists mm-hmm you know I think that the

1340

00:55:09,280 --> 00:55:06,410

better conversation is not so much

1341

00:55:11,500 --> 00:55:09,290

agenda 21 maybe they'll do it maybe they

1342

00:55:14,740 --> 00:55:11,510

won't maybe it's in 2015 maybe it's in

1343

00:55:18,250 --> 00:55:14,750

2090 I don't know but what I can tell

1344

00:55:22,510 --> 00:55:18,260

you is it as an entity the object of

1345

00:55:24,700 --> 00:55:22,520

agenda 21 is one element of a population

1346

00:55:26,470 --> 00:55:24,710

control system there's actually much

1347

00:55:28,460 --> 00:55:26,480

bigger than just agenda 21

1348

00:55:31,390 --> 00:55:28,470

well sudden you're right yeah

1349

00:55:33,530 --> 00:55:31,400

it's a multi-prong multifaceted

1350

00:55:35,569 --> 00:55:33,540

quote-unquote attack if you're in the

1351

00:55:38,059 --> 00:55:35,579

camp that thinks that this is nefarious

1352

00:55:39,859 --> 00:55:38,069

but you know a lot of people also would

1353

00:55:43,160 --> 00:55:39,869

just say that of course there's going to

1354

00:55:44,750 --> 00:55:43,170

be monitoring of the planet I mean there

1355

00:55:45,920 --> 00:55:44,760

has to be you know somebody's got to be

1356

00:55:47,569 --> 00:55:45,930

out there doing it but they do it in

1357

00:55:49,730 --> 00:55:47,579

such secrecy and they only care about

1358

00:55:52,490 --> 00:55:49,740

themselves so it's just a lot of power

1359

00:55:55,849 --> 00:55:52,500

for for someone to have but it's it's

1360

00:55:58,880 --> 00:55:55,859

also only really feasible to monitor in

1361

00:56:01,940 --> 00:55:58,890

the West yeah because we have the we

1362

00:56:04,520 --> 00:56:01,950

have the infrastructure to allow laws to

1363

00:56:06,800 --> 00:56:04,530

be passed or to controls to be put in

1364

00:56:10,130 --> 00:56:06,810

place you get into places with less

1365

00:56:12,710 --> 00:56:10,140

infrastructure and things like programs

1366

00:56:15,200 --> 00:56:12,720

like agenda 21 start to break down yeah

1367

00:56:18,140 --> 00:56:15,210

so you know I I go back to my statement

1368

00:56:20,540 --> 00:56:18,150

that things like agenda 21 or the the

1369

00:56:22,700 --> 00:56:20,550

depopulation meme in general you know

1370

00:56:24,680 --> 00:56:22,710

they're only feasible in the West right

1371

00:56:26,569 --> 00:56:24,690

they're only feasible in Russia or

1372

00:56:28,670 --> 00:56:26,579

Europe or North America

1373

00:56:31,579 --> 00:56:28,680

you know elements of Central and South

1374

00:56:34,970 --> 00:56:31,589

America certain countries and in Africa

1375

00:56:37,400 --> 00:56:34,980

Asia these places where the

1376

00:56:39,829 --> 00:56:37,410

infrastructure exists like the the

1377

00:56:42,710 --> 00:56:39,839

Chinese for decades have had the you

1378

00:56:44,690 --> 00:56:42,720

know one-child rule right because the

1379

00:56:46,370 --> 00:56:44,700

Chinese have the infrastructure to put

1380

00:56:49,210 --> 00:56:46,380

that kind of population control in place

1381

00:56:51,950 --> 00:56:49,220

yeah I mean it's an authoritarian

1382

00:56:54,230 --> 00:56:51,960

autocratic kind of place but you know

1383

00:56:59,050 --> 00:56:54,240

they can do it because they have that

1384

00:57:02,359 --> 00:56:59,060

control yeah scary stuff man and to

1385

00:57:06,020 --> 00:57:02,369

bring it up to alternative 3 you know in

1386

00:57:07,520 --> 00:57:06,030

terms of the these different agendas I

1387

00:57:10,010 --> 00:57:07,530

mean we've walked through the first ones

1388

00:57:12,260 --> 00:57:10,020

and the second one clearly they've tried

1389

00:57:14,569 --> 00:57:12,270

to do these things that were apparently

1390

00:57:16,280 --> 00:57:14,579

just part of this mockumentary that was

1391

00:57:18,410 --> 00:57:16,290

made by some people who just wanted to

1392

00:57:20,180 --> 00:57:18,420

make some entertainment but yet we're

1393

00:57:21,740 --> 00:57:20,190

seeing these things have happened and

1394

00:57:23,450 --> 00:57:21,750

the big alternative three you know when

1395

00:57:25,339 --> 00:57:23,460

geoengineering doesn't work and your

1396

00:57:27,620 --> 00:57:25,349

underground bases aren't cutting it the

1397

00:57:29,690 --> 00:57:27,630

last option is to go off planet so I

1398

00:57:30,829 --> 00:57:29,700

mean how far would you say we are on

1399

00:57:33,800 --> 00:57:30,839

this I mean there's a lot of speculation

1400

00:57:37,309 --> 00:57:33,810

we have moon bases or Mars bases do you

1401

00:57:40,130 --> 00:57:37,319

find that to be within reason I do back

1402

00:57:42,230 --> 00:57:40,140

in the year in the late 50s the military

1403

00:57:45,040 --> 00:57:42,240

the army in the Air Force

1404

00:57:48,050 --> 00:57:45,050

came up with divergent plants to put

1405

00:57:50,120 --> 00:57:48,060

military installations on the moon I

1406

00:57:52,790 --> 00:57:50,130

think the army was horizon and the Air

1407

00:57:54,650 --> 00:57:52,800

Force was loon X but you know they they

1408

00:57:57,440 --> 00:57:54,660

both predicted that by the early 60s

1409

00:58:00,560 --> 00:57:57,450

they would be operational so I don't I

1410

00:58:03,440 --> 00:58:00,570

don't see any kind of a problem with us

1411

00:58:04,910 --> 00:58:03,450

having bases on the moon and if you look

1412

00:58:06,320 --> 00:58:04,920

at the moon and you look at some of the

1413

00:58:08,270 --> 00:58:06,330

photography it's come back from them

1414

00:58:09,770 --> 00:58:08,280

then there's some weird stuff up there

1415

00:58:12,080 --> 00:58:09,780

you know I put some of the photos into

1416

00:58:14,720 --> 00:58:12,090

the book right but their tracks there's

1417

00:58:18,380 --> 00:58:14,730

garbage I mean we're not a very clean

1418

00:58:20,420 --> 00:58:18,390

group of people so you know don't don't

1419

00:58:21,260 --> 00:58:20,430

look for the base look for the trash

1420

00:58:25,880 --> 00:58:21,270

right

1421

00:58:27,290 --> 00:58:25,890

and so there's trash there sometimes I

1422

00:58:28,910 --> 00:58:27,300

can't tell what I'm looking at in those

1423

00:58:32,720 --> 00:58:28,920

things but there are a few pictures that

1424

00:58:37,010 --> 00:58:32,730

are pretty compelling well there's one

1425

00:58:40,280 --> 00:58:37,020

in particular on Mars that I call the

1426

00:58:42,380 --> 00:58:40,290

the facility and it's it's amazing I

1427

00:58:44,930 --> 00:58:42,390

mean if you've seen it nobody can tell

1428

00:58:46,790 --> 00:58:44,940

me that that's that's not artificial I

1429

00:58:49,100 --> 00:58:46,800

mean it's it's basically cut into the

1430

00:58:51,860 --> 00:58:49,110

side of a cliff it's perfectly smooth

1431

00:58:53,810 --> 00:58:51,870

and it's angular and it's it sticks out

1432

00:58:55,300 --> 00:58:53,820

like a sore thumb I mean most of the

1433

00:58:58,130 --> 00:58:55,310

time when I show that picture to people

1434

00:59:00,290 --> 00:58:58,140

they kind of look at it twice and go are

1435

00:59:02,960 --> 00:59:00,300

you sure that's on Mars and I'm like

1436

00:59:05,300 --> 00:59:02,970

absolutely it's on Mars I mean what I'm

1437

00:59:07,850 --> 00:59:05,310

looking at it right now and it looks it

1438

00:59:11,300 --> 00:59:07,860

kind of looks like a very expensive

1439

00:59:12,740 --> 00:59:11,310

house in Malibu that's awesome and I I'd

1440

00:59:14,900 --> 00:59:12,750

love to I'd love to think that's

1441

00:59:16,880 --> 00:59:14,910

happening well yes and no because if you

1442

00:59:18,260 --> 00:59:16,890

if you make the leap of faith and say

1443

00:59:20,450 --> 00:59:18,270

well you know what we've got stuff on

1444

00:59:21,860 --> 00:59:20,460

the moon of Mars then you know you have

1445

00:59:24,560 --> 00:59:21,870

to go backwards and say well why do we

1446

00:59:25,820 --> 00:59:24,570

have it there right and that opens up a

1447

00:59:28,130 --> 00:59:25,830

can of worms and then you know your

1448

00:59:29,780 --> 00:59:28,140

worldview changes so well how much time

1449

00:59:31,820 --> 00:59:29,790

do I have on this this rock you know

1450

00:59:33,590 --> 00:59:31,830

right before we have to get to the new

1451

00:59:36,260 --> 00:59:33,600

one if we're even allowed in some

1452

00:59:38,420 --> 00:59:36,270

Elysium type situation I don't think I'm

1453

00:59:41,470 --> 00:59:38,430

invited

1454

00:59:44,270 --> 00:59:41,480

you never fail to impress dudes always

1455

00:59:45,800 --> 00:59:44,280

fascinating stuff it's been a real

1456

00:59:47,960 --> 00:59:45,810

pleasure getting to talk to you again

1457

00:59:49,850 --> 00:59:47,970

I'm glad that you have a new book out I

1458

00:59:52,100 --> 00:59:49,860

know it's not easy to to write it a

1459

00:59:54,480 --> 00:59:52,110

whole book from beginning to end and you

1460

00:59:56,250 --> 00:59:54,490

have accomplished it and

1461

00:59:58,590 --> 00:59:56,260

you want to remind people on where they

1462

01:00:00,630 --> 00:59:58,600

can pick it up and maybe your website

1463

01:00:02,940 --> 01:00:00,640

and other stuff you got going on sure

1464

01:00:05,550 --> 01:00:02,950

it's a it's called the secret space-age

1465

01:00:08,040 --> 01:00:05,560

you can get it on Amazon or you can buy

1466

01:00:13,590 --> 01:00:08,050

it on my website at anomalies dotnet and

1467

01:00:16,550 --> 01:00:13,600

oh ma li es net I also contributed to a

1468

01:00:19,650 --> 01:00:16,560

book put out by by Tim Buckley

1469

01:00:21,600 --> 01:00:19,660

conspiracy journal called the Ark of the

1470

01:00:23,490 --> 01:00:21,610

Covenant and other ancient mysterious

1471

01:00:28,290 --> 01:00:23,500

weapons I think that's what it's called

1472

01:00:31,200 --> 01:00:28,300

I wrote a section on on weaponry in

1473

01:00:32,700 --> 01:00:31,210

ancient India so you know pick that up

1474

01:00:36,030 --> 01:00:32,710

too you can get to that through my

1475

01:00:37,950 --> 01:00:36,040

website and amélie's an om al is done

1476

01:00:41,550 --> 01:00:37,960

that or you can go to a conspiracy

1477

01:00:43,710 --> 01:00:41,560

journal calm very cool well olav man you

1478

01:00:45,960 --> 01:00:43,720

are the best maybe someday we'll get a

1479

01:00:47,760 --> 01:00:45,970

UFO with a swastika bumper sticker on it

1480

01:00:52,920 --> 01:00:47,770

you'll be validated once and for all

1481

01:00:55,680 --> 01:00:52,930

I hope we don't fare unfair it would be

1482

01:00:57,720 --> 01:00:55,690

a bittersweet moment but until that day

1483

01:01:00,359 --> 01:00:57,730

man take care of yourself all right you

1484

01:01:02,460 --> 01:01:00,369

too well there we have it higher side

1485

01:01:05,130 --> 01:01:02,470

shatters one of my favorite guys to talk

1486

01:01:07,290 --> 01:01:05,140

conspiracy with Olaf Phillips dishing

1487

01:01:09,450 --> 01:01:07,300

out a healthy dose of Education and a

1488

01:01:11,460 --> 01:01:09,460

generous side portion of speculation

1489

01:01:13,530 --> 01:01:11,470

helps the medicine go down that's what

1490

01:01:15,690 --> 01:01:13,540

Mary Poppins was talking about I think

1491

01:01:17,730 --> 01:01:15,700

most of the big conspiratorial themes of

1492

01:01:19,830 --> 01:01:17,740

the last decades fit pretty nicely with

1493

01:01:22,320 --> 01:01:19,840

the programs outlined in the alternative

1494

01:01:24,690 --> 01:01:22,330

three mockumentary looking back now it

1495

01:01:26,490 --> 01:01:24,700

is way more obvious that all these plans

1496

01:01:28,230 --> 01:01:26,500

have been tested and carried out in some

1497

01:01:30,599 --> 01:01:28,240

fashion since then and there might have

1498

01:01:32,640 --> 01:01:30,609

been some very curious government agents

1499

01:01:34,710 --> 01:01:32,650

who wondered just how these TV show guys

1500

01:01:36,900 --> 01:01:34,720

got so close to the mark it's

1501

01:01:38,820 --> 01:01:36,910

interesting stuff and in the Plus show

1502

01:01:41,220 --> 01:01:38,830

we went from the alternative three

1503

01:01:43,170 --> 01:01:41,230

programs to discussing Olaf's longtime

1504

01:01:45,180 --> 01:01:43,180

position that after world war two the

1505

01:01:47,910 --> 01:01:45,190

nazis might have made it from argentina

1506

01:01:50,370 --> 01:01:47,920

to antarctica and then quite possibly

1507

01:01:51,859 --> 01:01:50,380

off-planet and maybe this well-kept

1508

01:01:54,359 --> 01:01:51,869

secret is the reason for such

1509

01:01:56,580 --> 01:01:54,369

militarization of space and some of the

1510

01:01:58,349 --> 01:01:56,590

strange crafts we find and the abduction

1511

01:02:00,359 --> 01:01:58,359

phenomenon it's definitely an

1512

01:02:01,650 --> 01:02:00,369

alternative to the mainstream ideas and

1513

01:02:03,390 --> 01:02:01,660

i think all of them make some really

1514

01:02:06,270 --> 01:02:03,400

good points in a really strong case

1515

01:02:07,950 --> 01:02:06,280

about the iconography of these crashed

1516

01:02:09,990 --> 01:02:07,960

UFOs what might have happened

1517

01:02:12,329 --> 01:02:10,000

with the moon landing the reason why

1518

01:02:13,920 --> 01:02:12,339

NASA is being defunded suspicious

1519

01:02:16,170 --> 01:02:13,930

aspects of the Benny and Barney Hill

1520

01:02:18,060 --> 01:02:16,180

abduction case and a lot of other bits

1521

01:02:20,609 --> 01:02:18,070

and pieces that might support that idea

1522

01:02:22,980 --> 01:02:20,619

we also talked about valiant Thor and

1523

01:02:25,380 --> 01:02:22,990

the supposed et from Venus that worked

1524

01:02:27,599 --> 01:02:25,390

with the government operation Gladio the

1525

01:02:29,520 --> 01:02:27,609

Nazi Bell and the Germans fascination

1526

01:02:31,079 --> 01:02:29,530

with all things occult what benefits

1527

01:02:33,660 --> 01:02:31,089

this might have had from them in the

1528

01:02:35,040 --> 01:02:33,670

ways of exotic technologies and they're

1529

01:02:37,410 --> 01:02:35,050

well established but little-known

1530

01:02:40,079 --> 01:02:37,420

planned to systematically wipe out all

1531

01:02:41,970 --> 01:02:40,089

the Masons it is an interesting second

1532

01:02:43,410 --> 01:02:41,980

half so consider joining me for it by

1533

01:02:45,720 --> 01:02:43,420

subscribing at the higher side chats

1534

01:02:48,030 --> 01:02:45,730

plus comm and if you can't or don't want

1535

01:02:49,920 --> 01:02:48,040

to thank someone who does because it's

1536

01:02:51,690 --> 01:02:49,930

the plus subscribers that allow me to

1537

01:02:53,700 --> 01:02:51,700

continue putting out free shows for

1538

01:02:55,380 --> 01:02:53,710

everyone else please share and review

1539

01:02:57,300 --> 01:02:55,390

the show where you can that helps as

1540

01:02:59,520 --> 01:02:57,310

well I also sell t-shirts that

1541

01:03:01,470 --> 01:02:59,530

ironically put down capitalism as well

1542

01:03:04,050 --> 01:03:01,480

as some that comment on MKULTRA

1543

01:03:06,750 --> 01:03:04,060

militarized police UFO is building the

1544

01:03:08,640 --> 01:03:06,760

pyramids all sorts of bold designs for

1545

01:03:11,099 --> 01:03:08,650

these troubled times that conspiracies

1546

01:03:13,380 --> 01:03:11,109

net so check those out if the power of

1547

01:03:15,450 --> 01:03:13,390

Christ compels you and of course it's

1548

01:03:17,490 --> 01:03:15,460

good to be informed of the covert and

1549

01:03:19,020 --> 01:03:17,500

sometimes subtle plan to drive a wedge

1550

01:03:21,359 --> 01:03:19,030

between the elite and the rest of the

1551

01:03:23,460 --> 01:03:21,369

world but don't let that be your excuse

1552

01:03:25,680 --> 01:03:23,470

for not enjoying the life you came here

1553

01:03:27,420 --> 01:03:25,690

to enjoy if you believe the guys who say

1554

01:03:29,640 --> 01:03:27,430

you choose the life you have for a

1555

01:03:32,070 --> 01:03:29,650

reason before you manifest here well

1556

01:03:34,140 --> 01:03:32,080

that also includes this time so shake

1557

01:03:36,089 --> 01:03:34,150

off the amnesia and realize you chose

1558

01:03:37,950 --> 01:03:36,099

the tipping point for a reason and let's

1559

01:03:40,079 --> 01:03:37,960

stop dumping those buckets of ice water

1560

01:03:41,700 --> 01:03:40,089

on our heads and instead provide some

1561

01:03:44,849 --> 01:03:41,710

ice water for the neighbors around us

1562

01:03:46,950 --> 01:03:44,859

who can't see the ALS Association gets a

1563

01:03:48,510 --> 01:03:46,960

four on a four star rating by Charity

1564

01:03:51,000 --> 01:03:48,520

Navigator which is probably the most

1565

01:03:53,880 --> 01:03:51,010

well respected gauge for which charities

1566

01:03:55,710 --> 01:03:53,890

are worth donating to so ALS gets a 90

1567

01:03:57,960 --> 01:03:55,720

percent a four out of four star rating

1568

01:04:01,079 --> 01:03:57,970

but if you scroll down to compensation

1569

01:04:03,270 --> 01:04:01,089

the president and CEO makes 340 thousand

1570

01:04:06,030 --> 01:04:03,280

dollars a year well I'm [h\_\_h] sorry

1571

01:04:08,370 --> 01:04:06,040

but that is not a four out of four to me

1572

01:04:10,320 --> 01:04:08,380

and another very important point when I

1573

01:04:12,870 --> 01:04:10,330

see a charity that's to support the

1574

01:04:14,970 --> 01:04:12,880

research to find a cure for X Y or Z I

1575

01:04:16,620 --> 01:04:14,980

know it's a waste of money because our

1576

01:04:19,020 --> 01:04:16,630

medical and pharmaceutical industry

1577

01:04:20,760 --> 01:04:19,030

suppress cures in exchange for expensive

1578

01:04:22,830 --> 01:04:20,770

long term treatments there are no

1579

01:04:24,480 --> 01:04:22,840

Cure's when was the last cure you heard

1580

01:04:26,730 --> 01:04:24,490

of I hear it I hear of a ton of

1581

01:04:29,760 --> 01:04:26,740

treatments lifelong injections for

1582

01:04:32,820 --> 01:04:29,770

diabetes or HIV or the torturous chemo

1583

01:04:34,440 --> 01:04:32,830

plans for cancer victims but no cures so

1584

01:04:36,270 --> 01:04:34,450

you might as well burn your money if

1585

01:04:39,060 --> 01:04:36,280

you're not gonna overthrow the entire

1586

01:04:41,040 --> 01:04:39,070

rig system because you'll spend infinite

1587

01:04:43,830 --> 01:04:41,050

amounts of money getting no cures

1588

01:04:46,140 --> 01:04:43,840

because the core problem isn't being

1589

01:04:47,640 --> 01:04:46,150

addressed and this comes out to a larger

1590

01:04:49,200 --> 01:04:47,650

point where lately I've been taking some

1591

01:04:51,210 --> 01:04:49,210

heat for being critical the way

1592

01:04:53,760 --> 01:04:51,220

protesters and activists carry out their

1593

01:04:55,830 --> 01:04:53,770

activities and that's just because I see

1594

01:04:58,230 --> 01:04:55,840

it as so rare to get people to actually

1595

01:05:01,260 --> 01:04:58,240

care it's so hard for something positive

1596

01:05:03,630 --> 01:05:01,270

to take hold and make real change that I

1597

01:05:06,090 --> 01:05:03,640

want to see people doing it a little bit

1598

01:05:07,980 --> 01:05:06,100

smarter or more effectively I don't know

1599

01:05:10,800 --> 01:05:07,990

just some unrelated topics off the top

1600

01:05:14,310 --> 01:05:10,810

of my head I suggested that instead of

1601  
01:05:17,520 --> 01:05:14,320  
blocking highways in Missouri to draw

1602  
01:05:19,140 --> 01:05:17,530  
awareness to the Ferguson issue they

1603  
01:05:20,910 --> 01:05:19,150  
should go to the police station and

1604  
01:05:23,190 --> 01:05:20,920  
block the cars from getting out of the

1605  
01:05:25,380 --> 01:05:23,200  
lot you know dump all the neighborhood

1606  
01:05:27,870 --> 01:05:25,390  
trash on the police station lawn

1607  
01:05:31,350 --> 01:05:27,880  
I don't care but she should be focusing

1608  
01:05:34,140 --> 01:05:31,360  
your outrage at the police and it should

1609  
01:05:36,630 --> 01:05:34,150  
be obvious blocking a highway is not

1610  
01:05:39,120 --> 01:05:36,640  
going to get the locals on your side I'm

1611  
01:05:41,460 --> 01:05:39,130  
sorry people shouldn't be selfish people

1612  
01:05:43,440 --> 01:05:41,470  
should care more about these issues but

1613  
01:05:45,960 --> 01:05:43,450

you can't inconvenience them at least

1614

01:05:48,060 --> 01:05:45,970

not in America we all want good things I

1615

01:05:49,980 --> 01:05:48,070

just think we're gonna have to dial in

1616

01:05:52,040 --> 01:05:49,990

on things a little more vigilantly

1617

01:05:54,660 --> 01:05:52,050

to have them be meaningful and lasting

1618

01:05:56,730 --> 01:05:54,670

but I guess that's it for me do what you

1619

01:05:58,770 --> 01:05:56,740

love doing the way you love to do it

1620

01:06:00,810 --> 01:05:58,780

hang out with people who make your life

1621

01:06:03,060 --> 01:06:00,820

better and more importantly be someone

1622

01:06:05,370 --> 01:06:03,070

who makes the lives around yourself

1623

01:06:07,590 --> 01:06:05,380

better and we can turn this crazy [h\_\_h]

1624

01:06:10,380 --> 01:06:07,600

around despite chemtrails and agenda21

1625

01:06:12,240 --> 01:06:10,390

and the goddamn IMF so that's it for me

1626

01:06:15,360 --> 01:06:12,250

people I'll see you in a few short days

1627

01:06:26,790 --> 01:06:15,370

until then it's your move power brokers

1628

01:06:26,800 --> 01:07:12,359

future we work

1629

01:07:12,369 --> 01:07:21,940

this is the picture we were

1630

01:07:21,950 --> 01:08:35,190

what's up
