

*Gordon White*

1  
00:00:08,330 --> 00:00:06,530  
the planets brought the masters almost

2  
00:00:10,640 --> 00:00:08,340  
surely have a plan

3  
00:00:13,700 --> 00:00:10,650  
this clearly may be something near

4  
00:00:18,150 --> 00:00:13,710  
beyond the realm of man

5  
00:00:20,670 --> 00:00:18,160  
tested every last coaster and the more

6  
00:00:38,810 --> 00:00:20,680  
you think you know the less you will be

7  
00:00:38,820 --> 00:00:42,220  
ciao

8  
00:00:46,729 --> 00:00:45,079  
all right people it's no secret that the

9  
00:00:48,919 --> 00:00:46,739  
cubical clad cog in the machine

10  
00:00:50,930 --> 00:00:48,929  
Rothschild rockefeller reality is not a

11  
00:00:53,060 --> 00:00:50,940  
path that comes highly recommended from

12  
00:00:54,950 --> 00:00:53,070  
me but there can be a sense of comfort

13  
00:00:56,509 --> 00:00:54,960

to the Explorer that eventually it will

14

00:00:57,939 --> 00:00:56,519

be there when we're ready to retract

15

00:00:59,899 --> 00:00:57,949

back to that all-too-familiar

16

00:01:01,880 --> 00:00:59,909

conventional roadmap with the white

17

00:01:03,529 --> 00:01:01,890

picket fence but if you dig into the

18

00:01:05,749 --> 00:01:03,539

data you'll see that that road map

19

00:01:07,609 --> 00:01:05,759

offered to our parents generation is now

20

00:01:09,830 --> 00:01:07,619

a recipe for ruin as we enter a new

21

00:01:11,169 --> 00:01:09,840

economic reality that's as radically

22

00:01:13,880 --> 00:01:11,179

different as the Industrial Revolution

23

00:01:16,580 --> 00:01:13,890

these are troubled times folks dare I

24

00:01:18,260 --> 00:01:16,590

say chaotic and so what better guide

25

00:01:20,389 --> 00:01:18,270

than the captain of the Kaos Quidditch

26  
00:01:22,730 --> 00:01:20,399  
team conjured up from sunny West London

27  
00:01:25,190 --> 00:01:22,740  
the maestro behind the magical symphony

28  
00:01:26,809 --> 00:01:25,200  
that is rune soup calm and the author of

29  
00:01:29,570 --> 00:01:26,819  
not only the previously covered

30  
00:01:31,699 --> 00:01:29,580  
starships but now a success magic

31  
00:01:34,130 --> 00:01:31,709  
guidebook for the modern sorcerer the

32  
00:01:36,949 --> 00:01:34,140  
Kaos protocols magical techniques for

33  
00:01:38,630 --> 00:01:36,959  
navigating the new economic reality my

34  
00:01:40,249 --> 00:01:38,640  
friend and yours Gordon white my good

35  
00:01:42,499 --> 00:01:40,259  
man welcome back to the higher side

36  
00:01:43,609 --> 00:01:42,509  
thank you so much Greg I was very much

37  
00:01:46,369 --> 00:01:43,619  
looking forward to that introduction

38  
00:01:47,839 --> 00:01:46,379

they're always amazing yeah well I mean

39

00:01:49,580 --> 00:01:47,849

you've been on so many times now I'm

40

00:01:51,380 --> 00:01:49,590

just running out of creative ways to say

41

00:01:52,910 --> 00:01:51,390

you're awesome well you could put me

42

00:01:57,139 --> 00:01:52,920

back in one of the songs you know just

43

00:02:01,130 --> 00:01:57,149

yeah yeah yeah I'm totally willing to do

44

00:02:03,080 --> 00:02:01,140

that yeah man I've been looking forward

45

00:02:04,940 --> 00:02:03,090

to this for a long time I definitely

46

00:02:06,859 --> 00:02:04,950

enjoyed starships and I had some very

47

00:02:08,359 --> 00:02:06,869

valuable takeaways that are really

48

00:02:11,570 --> 00:02:08,369

insightful for getting a more accurate

49

00:02:14,240 --> 00:02:11,580

bead on our magical history but the Kaos

50

00:02:16,430 --> 00:02:14,250

protocols is a success magic book for

51  
00:02:18,589 --> 00:02:16,440  
largely unsuccessful times and I think

52  
00:02:20,420 --> 00:02:18,599  
it's just what the people need I loved

53  
00:02:23,509 --> 00:02:20,430  
it and I think it's very pertinent for

54  
00:02:25,520 --> 00:02:23,519  
the listeners and to get us started you

55  
00:02:27,350 --> 00:02:25,530  
know for us to even know that we need a

56  
00:02:29,540 --> 00:02:27,360  
radically different game plan we have to

57  
00:02:32,149 --> 00:02:29,550  
realize the radically different shape of

58  
00:02:33,830 --> 00:02:32,159  
the economic game or plan help us to see

59  
00:02:36,410 --> 00:02:33,840  
the situation more clearly how do we

60  
00:02:38,960 --> 00:02:36,420  
know this isn't just our typical Abin

61  
00:02:41,869 --> 00:02:38,970  
flow situation what's really the

62  
00:02:43,580 --> 00:02:41,879  
difference this time well I guess to

63  
00:02:48,350 --> 00:02:43,590

start with the good news the difference

64

00:02:50,630 --> 00:02:48,360

is today we have better access to data

65

00:02:55,120 --> 00:02:50,640

and analytics and we should have ever

66

00:02:57,880 --> 00:02:55,130

had before so it becomes quite easy to

67

00:03:00,220 --> 00:02:57,890

like genuinely check whether we are

68

00:03:02,170 --> 00:03:00,230

doing better whether the claims that are

69

00:03:04,540 --> 00:03:02,180

kind of being made from sort of

70

00:03:08,080 --> 00:03:04,550

government and banking and general

71

00:03:09,670 --> 00:03:08,090

economic levels actually matches out of

72

00:03:11,620 --> 00:03:09,680

reality and actually even matches the

73

00:03:13,510 --> 00:03:11,630

numbers because the reality is they

74

00:03:16,540 --> 00:03:13,520

don't some of the biggest changes that

75

00:03:20,260 --> 00:03:16,550

are occurring particularly in the West

76

00:03:22,390 --> 00:03:20,270

at the moment driven by forces that are

77

00:03:25,660 --> 00:03:22,400

never going to unwind so yes we're in a

78

00:03:28,120 --> 00:03:25,670

kind of economic patchy area but that

79

00:03:30,610 --> 00:03:28,130

maybe only covers about 20% of what

80

00:03:33,550 --> 00:03:30,620

we're experiencing the other 80% is

81

00:03:36,970 --> 00:03:33,560

quite structural so we have for instance

82

00:03:38,530 --> 00:03:36,980

the giant demographic move which is the

83

00:03:40,180 --> 00:03:38,540

baby boomers leaving the workforce

84

00:03:42,610 --> 00:03:40,190

they're not just leaving the workforce

85

00:03:44,860 --> 00:03:42,620

they're actually leaving with shall we

86

00:03:46,660 --> 00:03:44,870

say the consumer force the US economy is

87

00:03:49,330 --> 00:03:46,670

70 percent based on consumption and

88

00:03:50,950 --> 00:03:49,340

retirees don't consume anything and and

89

00:03:52,450 --> 00:03:50,960

these numbers are sort of unprecedented

90

00:03:54,940 --> 00:03:52,460

so that 10,000 boomers are going to

91

00:03:58,840 --> 00:03:54,950

retire every single day every single day

92

00:04:00,970 --> 00:03:58,850

between now and 2025 so it is a huge

93

00:04:02,500 --> 00:04:00,980

departure out of not only the workforce

94

00:04:04,210 --> 00:04:02,510

but it sucks a whole tremendous amount

95

00:04:06,310 --> 00:04:04,220

of demand out of a consumer economy

96

00:04:08,260 --> 00:04:06,320

which obviously has impacts for

97

00:04:10,360 --> 00:04:08,270

businesses that are trading in it and

98

00:04:11,560 --> 00:04:10,370

the majority of them are that is

99

00:04:12,850 --> 00:04:11,570

something this isn't isn't going to

100

00:04:14,380 --> 00:04:12,860

change and we've actually kind of

101  
00:04:16,300 --> 00:04:14,390  
reached that tipping point where I think

102  
00:04:18,130 --> 00:04:16,310  
it was officially as of last month there

103  
00:04:20,200 --> 00:04:18,140  
are more Millennials in the workforce

104  
00:04:22,210 --> 00:04:20,210  
than boomers so we're at the other end

105  
00:04:25,000 --> 00:04:22,220  
of that curve yeah the other one of

106  
00:04:28,240 --> 00:04:25,010  
course is is automation and and this is

107  
00:04:31,660 --> 00:04:28,250  
kind of a huge trend what we've sort of

108  
00:04:34,150 --> 00:04:31,670  
witnessed thanks to trade agreements and

109  
00:04:37,000 --> 00:04:34,160  
the rise of China as the world's factory

110  
00:04:38,590 --> 00:04:37,010  
is an improvement in automation that is

111  
00:04:41,650 --> 00:04:38,600  
automated away over the last 30 years

112  
00:04:44,620 --> 00:04:41,660  
the kind of working-class half of the

113  
00:04:45,970 --> 00:04:44,630

job spectrum now it's coming for an

114

00:04:47,140 --> 00:04:45,980

asset of sitting in that middle spot now

115

00:04:49,060 --> 00:04:47,150

it's coming for the other half of the

116

00:04:51,190 --> 00:04:49,070

spectrum sort of middle class and up and

117

00:04:52,930 --> 00:04:51,200

we're experiencing on a day to day basis

118

00:04:54,160 --> 00:04:52,940

with the amount of sort of fast-food

119

00:04:56,770 --> 00:04:54,170

workers that are being replaced by

120

00:04:59,080 --> 00:04:56,780

robots even as they asked for a rise in

121

00:05:00,430 --> 00:04:59,090

minimum wages which would be nice but

122

00:05:02,800 --> 00:05:00,440

that just triggers their eyes of very

123

00:05:05,080 --> 00:05:02,810

much faster ha ha and there's really no

124

00:05:08,060 --> 00:05:05,090

there's no turning that off either

125

00:05:10,760 --> 00:05:08,070

because the economics for a business

126

00:05:12,980 --> 00:05:10,770

are in arguable in favor of robots

127

00:05:14,810 --> 00:05:12,990

robots don't get sick pair robots don't

128

00:05:17,570 --> 00:05:14,820

need health care contributions robots

129

00:05:20,300 --> 00:05:17,580

don't need to go to their kids plays so

130

00:05:23,540 --> 00:05:20,310

we're having sort of structural changes

131

00:05:26,210 --> 00:05:23,550

that basically mean that the promise of

132

00:05:27,650 --> 00:05:26,220

the previous generations of work hard in

133

00:05:29,840 --> 00:05:27,660

school oh that's the other one of course

134

00:05:31,520 --> 00:05:29,850

since 1980 tertiary education has

135

00:05:32,150 --> 00:05:31,530

increased by nine thousand seven hundred

136

00:05:35,120 --> 00:05:32,160

percent

137

00:05:38,570 --> 00:05:35,130

it's the fastest piece of inflation of

138

00:05:40,250 --> 00:05:38,580

anything sort of ever in the West so

139

00:05:42,500 --> 00:05:40,260

we're we're getting further and further

140

00:05:44,000 --> 00:05:42,510

in debt for jobs that aren't there now

141

00:05:47,090 --> 00:05:44,010

and won't be there in the future

142

00:05:49,850 --> 00:05:47,100

seventy-five percent of Australians in

143

00:05:51,260 --> 00:05:49,860

tertiary education training for jobs

144

00:05:55,340 --> 00:05:51,270

that won't be around in five years time

145

00:05:57,620 --> 00:05:55,350

yeah we're kind of right there and and

146

00:05:59,900 --> 00:05:57,630

this whole sort of thing has been so

147

00:06:01,430 --> 00:05:59,910

there is a shall we say disconnect

148

00:06:04,340 --> 00:06:01,440

between the narrative that we're being

149

00:06:05,780 --> 00:06:04,350

told and the lived reality and the

150

00:06:08,210 --> 00:06:05,790

narrative that we've previously been

151

00:06:12,590 --> 00:06:08,220

told is you know throw to school work

152

00:06:14,660 --> 00:06:12,600

hard get a job buy a house the end end

153

00:06:17,690 --> 00:06:14,670

up in a box now all of these pieces have

154

00:06:20,810 --> 00:06:17,700

been fundamentally changed to the point

155

00:06:22,250 --> 00:06:20,820

where to my mind this sort of what might

156

00:06:25,970 --> 00:06:22,260

initially appear to be a radical

157

00:06:28,790 --> 00:06:25,980

solution isn't so radical given the

158

00:06:31,790 --> 00:06:28,800

alternative like the normal one 100

159

00:06:33,890 --> 00:06:31,800

percent doesn't work so where where is

160

00:06:35,120 --> 00:06:33,900

the sort of insanity in deciding that

161

00:06:38,120 --> 00:06:35,130

actually we need to fundamentally

162

00:06:40,250 --> 00:06:38,130

rethink how we how we create money and

163

00:06:42,770 --> 00:06:40,260

how we create meaning and and and what

164

00:06:45,800 --> 00:06:42,780

that looks like rather than trying to

165

00:06:49,220 --> 00:06:45,810

sort of lop a baby boomer life in 2016

166

00:06:52,160 --> 00:06:49,230

right right you look at the data and

167

00:06:56,300 --> 00:06:52,170

it's just obvious that radical change is

168

00:06:58,370 --> 00:06:56,310

the only answer and this mantra of what

169

00:07:00,050 --> 00:06:58,380

worked for the baby boomers won't work

170

00:07:01,580 --> 00:07:00,060

for Millennials is one of the main

171

00:07:04,490 --> 00:07:01,590

themes of the book that keeps coming

172

00:07:06,260 --> 00:07:04,500

back in to quote you on it you say the

173

00:07:08,540 --> 00:07:06,270

baby boomers were the economic

174

00:07:11,900 --> 00:07:08,550

equivalent of a biblical locust forum

175

00:07:13,970 --> 00:07:11,910

and I like that but it really is a

176

00:07:16,280 --> 00:07:13,980

perfect analogy the more you get into it

177

00:07:18,290 --> 00:07:16,290

and maybe you can elaborate on some more

178

00:07:19,080 --> 00:07:18,300

of the deeper truths that are in that

179

00:07:21,300 --> 00:07:19,090

analogy

180

00:07:24,060 --> 00:07:21,310

it helps to strengthen the point that

181

00:07:26,250 --> 00:07:24,070

things really aren't going back well in

182

00:07:28,800 --> 00:07:26,260

other places in the book when we I mean

183

00:07:30,420 --> 00:07:28,810

I was sort of there's a bit of license

184

00:07:32,400 --> 00:07:30,430

to it but not much the story of the

185

00:07:33,930 --> 00:07:32,410

American economy over the last 50 years

186

00:07:37,500 --> 00:07:33,940

has been the story of things baby

187

00:07:40,920 --> 00:07:37,510

boomers buy so from birth there was a

188

00:07:44,010 --> 00:07:40,930

diaper boom then you know they kind of

189

00:07:46,580 --> 00:07:44,020

got to move through free education into

190

00:07:50,220 --> 00:07:46,590

a workforce of 100% employment because

191

00:07:52,770 --> 00:07:50,230

after the war America represented 70% of

192

00:07:55,890 --> 00:07:52,780

the planet's GDP because Europe was in

193

00:07:58,260 --> 00:07:55,900

ruins well at Europe and America's enemy

194

00:08:00,330 --> 00:07:58,270

were in ruins so there were jobs for

195

00:08:03,780 --> 00:08:00,340

people who had you know degrees and

196

00:08:06,000 --> 00:08:03,790

there was housing because housing was

197

00:08:07,530 --> 00:08:06,010

about 20% of GDP so it all kind of

198

00:08:10,080 --> 00:08:07,540

hummed and worked together you had

199

00:08:12,330 --> 00:08:10,090

people that employed in stable jobs and

200

00:08:13,890 --> 00:08:12,340

growing businesses and so you could have

201  
00:08:16,550 --> 00:08:13,900  
a building boom that hadn't really been

202  
00:08:19,200 --> 00:08:16,560  
inflated yet so you can get a house for

203  
00:08:22,740 --> 00:08:19,210  
\$11,000 that was a few miles from your

204  
00:08:25,020 --> 00:08:22,750  
Factory in Detroit and that one salary

205  
00:08:27,750 --> 00:08:25,030  
could raise a couple of kids and keep a

206  
00:08:30,180 --> 00:08:27,760  
wife none of that known that exists and

207  
00:08:31,770 --> 00:08:30,190  
if you look at where the baby boomers

208  
00:08:33,870 --> 00:08:31,780  
went after that in an effort because

209  
00:08:36,659 --> 00:08:33,880  
there's such a large demographic cohort

210  
00:08:39,180 --> 00:08:36,669  
what happened was the story of kind of

211  
00:08:41,100 --> 00:08:39,190  
campaign promises is again the story of

212  
00:08:42,390 --> 00:08:41,110  
the things that baby boomers want so

213  
00:08:43,770 --> 00:08:42,400

they move through free education then

214

00:08:45,480 --> 00:08:43,780

all of a sudden we have to pay for it

215

00:08:48,870 --> 00:08:45,490

because you know the baby boomers need a

216

00:08:50,400 --> 00:08:48,880

tax cut yeah yeah everywhere they go

217

00:08:52,650 --> 00:08:50,410

they're kind of pulling the ladder up

218

00:08:54,270 --> 00:08:52,660

after them and then turn around and call

219

00:08:55,770 --> 00:08:54,280

the Millennials feckless for not having

220

00:08:58,740 --> 00:08:55,780

a job or getting out of their parents

221

00:09:02,400 --> 00:08:58,750

basement it is it's a betrayal there's

222

00:09:04,470 --> 00:09:02,410

no other way to describe it they move

223

00:09:07,290 --> 00:09:04,480

through this entire thing buying large

224

00:09:09,270 --> 00:09:07,300

cars and then having sort of tax

225

00:09:11,370 --> 00:09:09,280

incentives to buy additional houses

226

00:09:13,440 --> 00:09:11,380

which has extra demand at the sort of

227

00:09:15,630 --> 00:09:13,450

lower end of the market which is where

228

00:09:17,970 --> 00:09:15,640

first-time buyers should be and all this

229

00:09:20,460 --> 00:09:17,980

happen kind of from the end of Bretton

230

00:09:23,070 --> 00:09:20,470

Woods in in the late 70s which is when

231

00:09:24,600 --> 00:09:23,080

the kind of market financialized in debt

232

00:09:26,640 --> 00:09:24,610

and interest rate shot to the moon and

233

00:09:29,010 --> 00:09:26,650

that's the kind of debasement process

234

00:09:31,850 --> 00:09:29,020

which means the houses inflated in price

235

00:09:34,190 --> 00:09:31,860

to keep boomers happy and also so that

236

00:09:36,560 --> 00:09:34,200

could cleave their capital gains tax off

237

00:09:39,590 --> 00:09:36,570

it so all these pieces have been have

238

00:09:41,690 --> 00:09:39,600

been built to essentially keep the baby

239

00:09:43,670 --> 00:09:41,700

boomers happy so that they get the votes

240

00:09:45,170 --> 00:09:43,680

and and we're now at the end of that

241

00:09:47,690 --> 00:09:45,180

process because they're dying and

242

00:09:49,400 --> 00:09:47,700

retiring and if we look around I mean as

243

00:09:51,170 --> 00:09:49,410

I kind of say in the book the good news

244

00:09:53,150 --> 00:09:51,180

is I find the baby boomer life

245

00:09:56,990 --> 00:09:53,160

horrifying and terrifying at the same

246

00:09:59,120 --> 00:09:57,000

time I don't want you know a suburban

247

00:10:01,699 --> 00:09:59,130

house and a factory job and just to kind

248

00:10:04,400 --> 00:10:01,709

of do that for 30 years and get a gold

249

00:10:07,100 --> 00:10:04,410

watch mhm just seems I could profligate

250

00:10:09,139 --> 00:10:07,110

waste of a human life and there's that

251  
00:10:11,030 --> 00:10:09,149  
kind of change that I think at younger

252  
00:10:13,730 --> 00:10:11,040  
generations particularly Millennials so

253  
00:10:15,949 --> 00:10:13,740  
the the in-between generation when

254  
00:10:17,509 --> 00:10:15,959  
talking about Gen X has a different

255  
00:10:20,090 --> 00:10:17,519  
attitude to it as well as they kind of

256  
00:10:23,300 --> 00:10:20,100  
came of age and the sort of winter of

257  
00:10:25,130 --> 00:10:23,310  
discontent you know late 70s years so

258  
00:10:26,660 --> 00:10:25,140  
there's a there's a personality

259  
00:10:29,269 --> 00:10:26,670  
difference there the Millennials and

260  
00:10:32,420 --> 00:10:29,279  
lean towards things like teamwork and

261  
00:10:35,329 --> 00:10:32,430  
and peer to peer and that kind of

262  
00:10:38,420 --> 00:10:35,339  
sharing rather than a kind of Sex

263  
00:10:41,509 --> 00:10:38,430

Pistols rebel archetype with Gen X and

264

00:10:44,689 --> 00:10:41,519

just the general kind of heterosexual

265

00:10:47,030 --> 00:10:44,699

male capitalist competition whoever dies

266

00:10:49,550 --> 00:10:47,040

with the most toys wins attitude of the

267

00:10:51,620 --> 00:10:49,560

boomer so we're actually in many

268

00:10:54,220 --> 00:10:51,630

respects it's good news if we eventually

269

00:10:56,269 --> 00:10:54,230

just look at the data and go well yeah

270

00:10:57,920 --> 00:10:56,279

everything that we're being promised is

271

00:10:59,750 --> 00:10:57,930

a lie but the good news is we don't

272

00:11:02,240 --> 00:10:59,760

actually want it if we stop and think

273

00:11:04,069 --> 00:11:02,250

about it yeah you're right we don't want

274

00:11:06,230 --> 00:11:04,079

it I mean I certainly didn't and instead

275

00:11:08,389 --> 00:11:06,240

I made some radical choices and took off

276

00:11:10,519 --> 00:11:08,399

for the west coast without a job but

277

00:11:12,410 --> 00:11:10,529

there are a lot of changes coming

278

00:11:14,240 --> 00:11:12,420

obviously we have this movement of the

279

00:11:16,550 --> 00:11:14,250

baby boomers into retirement age and

280

00:11:18,439 --> 00:11:16,560

automation coming right on the heels of

281

00:11:20,689 --> 00:11:18,449

that to fill the gap and really screw

282

00:11:23,030 --> 00:11:20,699

the Millennials and that automation

283

00:11:24,410 --> 00:11:23,040

piece of the puzzle is never going to go

284

00:11:27,019 --> 00:11:24,420

away it's only going to get more and

285

00:11:28,699 --> 00:11:27,029

more refined so that's tough but there's

286

00:11:31,850 --> 00:11:28,709

even more you mentioned in the book

287

00:11:33,290 --> 00:11:31,860

Catherine Austin Fitz refers to some of

288

00:11:35,150 --> 00:11:33,300

these changes as a once in a

289

00:11:37,670 --> 00:11:35,160

civilization event and people might

290

00:11:40,309 --> 00:11:37,680

recognize this and see huge amounts of

291

00:11:42,199 --> 00:11:40,319

wealth accumulating in places but how

292

00:11:43,760 --> 00:11:42,209

can we as individuals get a seat at the

293

00:11:45,590 --> 00:11:43,770

table how can we use any of this

294

00:11:47,509 --> 00:11:45,600

knowledge to our benefit

295

00:11:49,850 --> 00:11:47,519

don't be afraid to look at it is the

296

00:11:51,530 --> 00:11:49,860

first one like it is stuck as we were

297

00:11:54,769 --> 00:11:51,540

kind of discussing before we hit record

298

00:11:57,800 --> 00:11:54,779

there's some fairly good that get my

299

00:12:00,050 --> 00:11:57,810

assessment of housing as an investment

300

00:12:04,370 --> 00:12:00,060

in the US over the last sixty years

301  
00:12:06,579 --> 00:12:04,380  
isn't like an opinion the data are there

302  
00:12:09,259 --> 00:12:06,589  
to support it and and people react

303  
00:12:11,600 --> 00:12:09,269  
emotionally to this idea they they

304  
00:12:14,420 --> 00:12:11,610  
there's some kind of and it's largely

305  
00:12:16,550 --> 00:12:14,430  
thanks to a few decades of millions and

306  
00:12:18,499 --> 00:12:16,560  
millions in advertising associating

307  
00:12:20,480 --> 00:12:18,509  
mortgage debt with some sort of

308  
00:12:23,090 --> 00:12:20,490  
threshold of adulthood where you know a

309  
00:12:24,920 --> 00:12:23,100  
real adult until you're in a house even

310  
00:12:26,870 --> 00:12:24,930  
though you don't think as you are in a

311  
00:12:29,269 --> 00:12:26,880  
mortgage and even once you pay that off

312  
00:12:30,499 --> 00:12:29,279  
if you don't pay your property taxes you

313  
00:12:33,949 --> 00:12:30,509

don't get to keep your house anyway so

314

00:12:36,110 --> 00:12:33,959

if you look at these pieces and just be

315

00:12:39,889 --> 00:12:36,120

unemotionally and go right there is no

316

00:12:43,340 --> 00:12:39,899

other the fake life will never work the

317

00:12:45,290 --> 00:12:43,350

the the life you see in TV advertising

318

00:12:47,720 --> 00:12:45,300

will never work so what else can we do

319

00:12:49,460 --> 00:12:47,730

and there are a number of things I mean

320

00:12:51,530 --> 00:12:49,470

from an economic basis they're the

321

00:12:54,889 --> 00:12:51,540

obvious ones are to get out of debt

322

00:12:56,569 --> 00:12:54,899

faster or stay out of debt and I know

323

00:12:59,569 --> 00:12:56,579

people think that's an easier said than

324

00:13:01,850 --> 00:12:59,579

done thing and it is but you can I have

325

00:13:03,019 --> 00:13:01,860

people who replied saying that's easier

326

00:13:04,280 --> 00:13:03,029

said than done I'm like well where do

327

00:13:06,710 --> 00:13:04,290

you live and I'm like well I live in

328

00:13:08,360 --> 00:13:06,720

this big house and it's just me and my

329

00:13:10,179 --> 00:13:08,370

kid and there's two of us in this

330

00:13:15,249 --> 00:13:10,189

four-bedroom house I'm like well

331

00:13:17,809 --> 00:13:15,259

ding-ding-ding sorry we need to look at

332

00:13:18,980 --> 00:13:17,819

what housing means over this is kind of

333

00:13:20,780 --> 00:13:18,990

where it not that it ties in with

334

00:13:23,120 --> 00:13:20,790

starships but there's suddenly starships

335

00:13:25,699 --> 00:13:23,130

about the realization that it was really

336

00:13:27,949 --> 00:13:25,709

an experiment a post-war experiment that

337

00:13:30,319 --> 00:13:27,959

one family could keep three houses

338

00:13:32,449 --> 00:13:30,329

solvent at once grandparents parents in

339

00:13:35,179 --> 00:13:32,459

you has never happened before never

340

00:13:37,819 --> 00:13:35,189

since we started building structures we

341

00:13:40,040 --> 00:13:37,829

lived in multi-generational houses we

342

00:13:41,329 --> 00:13:40,050

lived with friends you never used to be

343

00:13:43,850 --> 00:13:41,339

called flat sharing it was something

344

00:13:46,129 --> 00:13:43,860

like taking rooms and all this but it's

345

00:13:48,110 --> 00:13:46,139

because the economics just didn't didn't

346

00:13:49,699 --> 00:13:48,120

match no one so it is an investment and

347

00:13:51,860 --> 00:13:49,709

even today the most successful economy

348

00:13:53,750 --> 00:13:51,870

in Europe Germany is a majority rent in

349

00:13:55,400 --> 00:13:53,760

population so that's the first one you

350

00:13:56,840 --> 00:13:55,410

actually have to look and decide which

351  
00:13:58,429 --> 00:13:56,850  
things are in your head that you want

352  
00:13:59,180 --> 00:13:58,439  
from your life actually belong to you

353  
00:14:01,370 --> 00:13:59,190  
and which

354  
00:14:03,260 --> 00:14:01,380  
once belonged to the sort of TV

355  
00:14:05,930 --> 00:14:03,270  
advertising it you've picked up over the

356  
00:14:07,910 --> 00:14:05,940  
30 or so years you've been on earth yeah

357  
00:14:10,580 --> 00:14:07,920  
that's that's whai'm it costs nothing

358  
00:14:12,860 --> 00:14:10,590  
you can do that yourself doesn't really

359  
00:14:14,900 --> 00:14:12,870  
matter how much debt you have but if you

360  
00:14:16,700 --> 00:14:14,910  
are kind of coming up to a college age

361  
00:14:18,410 --> 00:14:16,710  
there are kind of options like if you've

362  
00:14:20,390 --> 00:14:18,420  
got rich parents and they're gonna pay

363  
00:14:23,150 --> 00:14:20,400

for it go to work go to an Ivy League

364

00:14:26,120 --> 00:14:23,160

school there's no sort of net difference

365

00:14:27,440 --> 00:14:26,130

in earnings from an education at an Ivy

366

00:14:30,200 --> 00:14:27,450

League school but you get to network

367

00:14:32,300 --> 00:14:30,210

with various skull and bones type and

368

00:14:34,520 --> 00:14:32,310

get yourself a nice Washington job or so

369

00:14:36,770 --> 00:14:34,530

like that that they're there the power

370

00:14:39,680 --> 00:14:36,780

of expensive education is in the analog

371

00:14:44,330 --> 00:14:39,690

networks that you can be part of if not

372

00:14:47,840 --> 00:14:44,340

get the cheapest online degree that you

373

00:14:49,250 --> 00:14:47,850

can possibly find because again a couple

374

00:14:52,100 --> 00:14:49,260

of years out no one's gonna care that

375

00:14:55,850 --> 00:14:52,110

you went to Hollywood upstairs medical

376

00:14:57,230 --> 00:14:55,860

college or something else so there are

377

00:15:00,080 --> 00:14:57,240

ways that you can kind of radically

378

00:15:02,330 --> 00:15:00,090

carve the death out as for opportunities

379

00:15:03,980 --> 00:15:02,340

the once in a civilization event that

380

00:15:07,030 --> 00:15:03,990

Katherine Austin Fitz was referring to

381

00:15:09,380 --> 00:15:07,040

is the securitization of

382

00:15:11,450 --> 00:15:09,390

or the equities ation of the entire

383

00:15:13,070 --> 00:15:11,460

planet so if you look at if you look at

384

00:15:14,980 --> 00:15:13,080

stock markets around the world this is a

385

00:15:17,090 --> 00:15:14,990

number straight out of her salary report

386

00:15:19,010 --> 00:15:17,100

previous stock markets around the world

387

00:15:20,990 --> 00:15:19,020

in the last thirty years they firm gone

388

00:15:23,180 --> 00:15:21,000

from something like nine trillion to 22

389

00:15:26,930 --> 00:15:23,190

I think it's closer to 30 now and it's

390

00:15:28,940 --> 00:15:26,940

on its way to 70 so this is the the

391

00:15:31,010 --> 00:15:28,950

digital and mobile technology and

392

00:15:33,020 --> 00:15:31,020

infrastructure has allowed that

393

00:15:35,320 --> 00:15:33,030

opportunity to present itself mm-hmm

394

00:15:38,150 --> 00:15:35,330

that means businesses in China and

395

00:15:40,370 --> 00:15:38,160

Malawi and and wherever are going to be

396

00:15:42,590 --> 00:15:40,380

available for you as an investor to

397

00:15:43,790 --> 00:15:42,600

invest in via mobile device and and

398

00:15:45,740 --> 00:15:43,800

coming along with this I mean the

399

00:15:47,420 --> 00:15:45,750

FinTech is kind of a dirty word at the

400

00:15:49,430 --> 00:15:47,430

moment cuz to be fair most of it is kind

401  
00:15:51,160 --> 00:15:49,440  
of fraudulent and lying but there is

402  
00:15:54,579 --> 00:15:51,170  
there's a huge amount of growth in

403  
00:15:56,870 --> 00:15:54,589  
ethical and new ways of investing that

404  
00:15:59,540 --> 00:15:56,880  
present opportunities again you know

405  
00:16:01,340 --> 00:15:59,550  
like I can give names but everyone's

406  
00:16:02,960 --> 00:16:01,350  
situation is different and it's it's a

407  
00:16:04,610 --> 00:16:02,970  
landscape you need to be aware of rather

408  
00:16:06,889 --> 00:16:04,620  
than there's a specific company that's

409  
00:16:09,559 --> 00:16:06,899  
that's more of a gold rush rather than a

410  
00:16:11,269 --> 00:16:09,569  
a sort of change and that that also

411  
00:16:12,530 --> 00:16:11,279  
presents you with the largest base of

412  
00:16:15,590 --> 00:16:12,540  
consumers ever again it's another

413  
00:16:17,239 --> 00:16:15,600

Catherine number but mobile handset a

414

00:16:18,650 --> 00:16:17,249

smartphone in particular ownership is

415

00:16:21,259 --> 00:16:18,660

over the two billion mark which means

416

00:16:23,150 --> 00:16:21,269

it's the biggest addressable consumer

417

00:16:25,460 --> 00:16:23,160

market in the history of mankind huh

418

00:16:27,919 --> 00:16:25,470

there's never been anything like it and

419

00:16:29,720 --> 00:16:27,929

if you can if you are if you're a

420

00:16:31,939 --> 00:16:29,730

podcaster for instance Greg you'll have

421

00:16:33,619 --> 00:16:31,949

access to into a potential market that

422

00:16:36,439 --> 00:16:33,629

no one in human history has ever had

423

00:16:38,919 --> 00:16:36,449

access to hmm so these are the

424

00:16:41,540 --> 00:16:38,929

opportunities that come along with the

425

00:16:43,480 --> 00:16:41,550

fundamental and profoundly

426

00:16:46,189 --> 00:16:43,490

transformative like economic

427

00:16:49,910 --> 00:16:46,199

technological and demographic changes

428

00:16:52,069 --> 00:16:49,920

that we're absurd midway through yeah

429

00:16:54,559 --> 00:16:52,079

man I am lucky to have stumbled my way

430

00:16:56,869 --> 00:16:54,569

into the positive aspects of a lot of

431

00:16:59,389 --> 00:16:56,879

this stuff but you talked about the fact

432

00:17:01,400 --> 00:16:59,399

that both in magical practice and in

433

00:17:04,460 --> 00:17:01,410

life we don't get it right because

434

00:17:07,039 --> 00:17:04,470

oftentimes we don't identify our targets

435

00:17:09,590 --> 00:17:07,049

correctly success magic is great of

436

00:17:11,179 --> 00:17:09,600

course but you know what is success

437

00:17:14,449 --> 00:17:11,189

really people say they want money so

438

00:17:16,789 --> 00:17:14,459

they can have the most freedom but what

439

00:17:19,130 --> 00:17:16,799

is most likely meant is optionality talk

440

00:17:20,960 --> 00:17:19,140

to us a little bit about that yeah this

441

00:17:22,460 --> 00:17:20,970

is someone in Aseem Talib's words but

442

00:17:24,350 --> 00:17:22,470

I'll kind of back it up he talks about

443

00:17:26,720 --> 00:17:24,360

it when he talks about what's known as

444

00:17:29,750 --> 00:17:26,730

the teleological fallacy the

445

00:17:32,899 --> 00:17:29,760

teleological fallacy is believing that

446

00:17:35,000 --> 00:17:32,909

you think you know the best way to get

447

00:17:37,070 --> 00:17:35,010

something done that's in the future and

448

00:17:39,080 --> 00:17:37,080

also that you believe that everyone else

449

00:17:41,510 --> 00:17:39,090

kind of knows that as well and if you

450

00:17:44,240 --> 00:17:41,520

look at anything any kind of project or

451  
00:17:46,100 --> 00:17:44,250  
experience in in any humans life that is

452  
00:17:47,570 --> 00:17:46,110  
just fundamentally not correct that

453  
00:17:49,940 --> 00:17:47,580  
there is something about how humans are

454  
00:17:51,560 --> 00:17:49,950  
built that makes us succumb to the

455  
00:17:53,539 --> 00:17:51,570  
teleological fantasy and everyone does

456  
00:17:57,110 --> 00:17:53,549  
it so you just have to be aware that

457  
00:17:58,580 --> 00:17:57,120  
that fallacies in play or not because

458  
00:18:00,620 --> 00:17:58,590  
and the best way to be aware and the

459  
00:18:04,279 --> 00:18:00,630  
best way to manage the impact of a

460  
00:18:05,960 --> 00:18:04,289  
teleological fanfare fallacy is with

461  
00:18:09,710 --> 00:18:05,970  
what he considers optionality now

462  
00:18:11,360 --> 00:18:09,720  
optionality is basically and I'll give

463  
00:18:13,549 --> 00:18:11,370

you Talib's definition and then I'll

464

00:18:15,500 --> 00:18:13,559

kind of explain what that means you're

465

00:18:17,870 --> 00:18:15,510

kind of in an anti fragile state if you

466

00:18:19,769 --> 00:18:17,880

gain from disorder so if you gain from

467

00:18:22,409 --> 00:18:19,779

an unanticipated event

468

00:18:25,080 --> 00:18:22,419

other than negatively impact or no

469

00:18:28,200 --> 00:18:25,090

impact optionality is is an example of

470

00:18:30,330 --> 00:18:28,210

that so the best example is the I

471

00:18:33,180 --> 00:18:30,340

believe is called [h\_\_h] you money mm-hmm

472

00:18:35,459 --> 00:18:33,190

so you don't actually necessarily need

473

00:18:37,259 --> 00:18:35,469

to spend that but you get fired that's a

474

00:18:38,909 --> 00:18:37,269

negative event but like not in this case

475

00:18:41,369 --> 00:18:38,919

because you didn't have the time to do

476

00:18:42,959 --> 00:18:41,379

the other thing that you want like I'm

477

00:18:45,239 --> 00:18:42,969

gonna write a book I'm gonna cut an

478

00:18:47,669 --> 00:18:45,249

album or what have you or I'll find

479

00:18:49,409 --> 00:18:47,679

another job so optionality is kind of

480

00:18:50,729 --> 00:18:49,419

rather than aiming for the end goal

481

00:18:53,700 --> 00:18:50,739

which is I want a house in the Hamptons

482

00:18:55,589 --> 00:18:53,710

or whatever it happens to be optionality

483

00:18:57,690 --> 00:18:55,599

is to kind of phase it step by step

484

00:19:01,200 --> 00:18:57,700

because of the teleological fantasy and

485

00:19:03,539 --> 00:19:01,210

and maintain maintain that ability to

486

00:19:06,209 --> 00:19:03,549

gain from what would otherwise been

487

00:19:08,369 --> 00:19:06,219

considered a negative impact and you do

488

00:19:10,649 --> 00:19:08,379

that a few times and you kind of start

489

00:19:12,930 --> 00:19:10,659

to build your your way of thinking so

490

00:19:15,450 --> 00:19:12,940

that you become you become phase with

491

00:19:17,969 --> 00:19:15,460

each kind of step towards whatever your

492

00:19:19,529 --> 00:19:17,979

particular goal is the sort of

493

00:19:21,959 --> 00:19:19,539

probabilities for the step after that

494

00:19:23,459 --> 00:19:21,969

change so if you're kind of putting your

495

00:19:26,310 --> 00:19:23,469

intention in whatever way either just

496

00:19:29,399 --> 00:19:26,320

non magically or magically towards the

497

00:19:30,930 --> 00:19:29,409

end goal you're not really maximizing

498

00:19:32,489 --> 00:19:30,940

the sort of probability enhancement

499

00:19:34,919 --> 00:19:32,499

opportunities on the way which means

500

00:19:35,999 --> 00:19:34,929

you're actually less like that you can

501  
00:19:38,789 --> 00:19:36,009  
just do the maths on it like if you

502  
00:19:43,409 --> 00:19:38,799  
remember doing statistics and if you go

503  
00:19:46,379 --> 00:19:43,419  
one into  $x^1 + 3x^1 + 2$  you get a 1 in

504  
00:19:49,440 --> 00:19:46,389  
a very very tiny fraction at the end of

505  
00:19:51,749 --> 00:19:49,450  
it right mm-hmm so if you do a 1 in 2

506  
00:19:54,649 --> 00:19:51,759  
and by a magic or just general

507  
00:19:57,690 --> 00:19:54,659  
intentionality you can get that to a

508  
00:19:59,159 --> 00:19:57,700  
55/45 odds or 60/40 guards then you

509  
00:20:02,009 --> 00:19:59,169  
winning and you get to the next one and

510  
00:20:03,109 --> 00:20:02,019  
that's another one into I by the way

511  
00:20:05,719 --> 00:20:03,119  
don't have to calculate these numbers

512  
00:20:08,159 --> 00:20:05,729  
beforehand that's some kind of lunacy

513  
00:20:09,839 --> 00:20:08,169

but if you think about it that way then

514

00:20:13,079 --> 00:20:09,849

you're basically only dealing with

515

00:20:16,219 --> 00:20:13,089

moving a higher probability a bit higher

516

00:20:18,239 --> 00:20:16,229

rather than the sort of one in 164

517

00:20:19,560 --> 00:20:18,249

option of getting what you think you

518

00:20:22,049 --> 00:20:19,570

want which is going to be wrong anyway

519

00:20:23,310 --> 00:20:22,059

at the other side of it now magicians

520

00:20:25,289 --> 00:20:23,320

aren't very good at this because humans

521

00:20:27,539 --> 00:20:25,299

aren't very good at it but in magic

522

00:20:29,450 --> 00:20:27,549

space in particular Western magic draws

523

00:20:33,420 --> 00:20:29,460

so much from the sort of greco-roman

524

00:20:36,480 --> 00:20:33,430

shape of how magic works and how house

525

00:20:39,300 --> 00:20:36,490

are constructed and so on and the Greeks

526

00:20:41,490 --> 00:20:39,310

were amazing at trigonometry and

527

00:20:44,280 --> 00:20:41,500

geometry and they were [h\_\_h] at basic

528

00:20:46,410 --> 00:20:44,290

maths so the Greeks never invented and

529

00:20:48,810 --> 00:20:46,420

there's been ocean of probability we

530

00:20:51,690 --> 00:20:48,820

really didn't get that until about the

531

00:20:53,610 --> 00:20:51,700

17th century they were sort of Inklings

532

00:20:55,320 --> 00:20:53,620

of it beforehand but it's actually a

533

00:20:58,250 --> 00:20:55,330

very new discipline because it's not a

534

00:21:01,770 --> 00:20:58,260

way either evolutionary or otherwise

535

00:21:04,620 --> 00:21:01,780

it's not a way humans are kind of built

536

00:21:07,530 --> 00:21:04,630

to think so it is it's a muscle or it's

537

00:21:09,660 --> 00:21:07,540

it's skill you need to kind of learn by

538

00:21:10,890 --> 00:21:09,670

doing and as it turns out and this is

539

00:21:13,320 --> 00:21:10,900

kind of one of the things we talk about

540

00:21:16,140 --> 00:21:13,330

in the book the universe is

541

00:21:19,380 --> 00:21:16,150

probabilistic so it says something

542

00:21:21,870 --> 00:21:19,390

potentially quite important that we

543

00:21:24,330 --> 00:21:21,880

should potentially have a probabilistic

544

00:21:26,460 --> 00:21:24,340

understanding ourselves mm-hmm right and

545

00:21:29,300 --> 00:21:26,470

that is one of the revelations I had

546

00:21:31,830 --> 00:21:29,310

with this book because when it comes to

547

00:21:34,920 --> 00:21:31,840

actually trying to get into magic or

548

00:21:37,230 --> 00:21:34,930

magical targeting this applies greatly

549

00:21:42,000 --> 00:21:37,240

because it seems like we should aim for

550

00:21:46,350 --> 00:21:42,010

smaller factors to success rather than

551

00:21:47,490 --> 00:21:46,360

just writing some sigil looking for the

552

00:21:50,730 --> 00:21:47,500

pot of gold at the end of the rainbow

553

00:21:53,460 --> 00:21:50,740

right yeah and that emerged out there

554

00:21:56,760 --> 00:21:53,470

sort of years of getting sigils wrong

555

00:21:58,350 --> 00:21:56,770

before I got them right basically yes is

556

00:22:00,720 --> 00:21:58,360

the short answer service and there's a

557

00:22:01,590 --> 00:22:00,730

kind of complete way of if you've never

558

00:22:03,840 --> 00:22:01,600

done this before

559

00:22:05,490 --> 00:22:03,850

running through sigils and how they how

560

00:22:07,830 --> 00:22:05,500

you create them and their activation in

561

00:22:10,100 --> 00:22:07,840

the book and the particular method that

562

00:22:13,620 --> 00:22:10,110

I've been espousing for a few years

563

00:22:15,720 --> 00:22:13,630

matches you kind of forced to and this

564

00:22:18,000 --> 00:22:15,730

is kind of like hiding the vegetables in

565

00:22:19,860 --> 00:22:18,010

the kids food you're kind of forced to

566

00:22:23,040 --> 00:22:19,870

think probabilistically just by

567

00:22:25,500 --> 00:22:23,050

constructing and activating sigils in a

568

00:22:28,650 --> 00:22:25,510

way that is described in the book mm-hmm

569

00:22:30,720 --> 00:22:28,660

yeah you did touch on this but it is one

570

00:22:33,480 --> 00:22:30,730

of the great things about your writing

571

00:22:34,830 --> 00:22:33,490

and how you approach the mechanisms of

572

00:22:37,470 --> 00:22:34,840

magick is you take data from

573

00:22:40,350 --> 00:22:37,480

consciousness studies near-death

574

00:22:43,080 --> 00:22:40,360

experiences clues from the quantum world

575

00:22:45,540 --> 00:22:43,090

and you take this knowledge and see how

576

00:22:46,980 --> 00:22:45,550

it can be used to fine-tune the magic

577

00:22:49,980 --> 00:22:46,990

you know to get to

578

00:22:51,870 --> 00:22:49,990

works and remove what doesn't and that's

579

00:22:55,410 --> 00:22:51,880

kind of the the thing I really love it

580

00:22:58,200 --> 00:22:55,420

kind of in a way it normalizes magic you

581

00:22:59,940 --> 00:22:58,210

know it makes you take that back in a

582

00:23:02,370 --> 00:22:59,950

good way you know and in the best of

583

00:23:03,810 --> 00:23:02,380

ways for someone like me because when

584

00:23:06,030 --> 00:23:03,820

I'm looking at it and it just seems like

585

00:23:08,340 --> 00:23:06,040

a lot of drama and theatrics to some

586

00:23:09,810 --> 00:23:08,350

degree you know you basically look at

587

00:23:11,280 --> 00:23:09,820

science and you say no look there is

588

00:23:12,150 --> 00:23:11,290

something here and I like those

589

00:23:14,430 --> 00:23:12,160

indications

590

00:23:16,710 --> 00:23:14,440

well that's chaos magic to a tee it's

591

00:23:19,580 --> 00:23:16,720

very opportunistic it looks for the

592

00:23:23,070 --> 00:23:19,590

things that works it doesn't promise you

593

00:23:25,080 --> 00:23:23,080

some sort of grand vision of how the

594

00:23:28,290 --> 00:23:25,090

universe it promised you a metaphysic

595

00:23:30,000 --> 00:23:28,300

that you might get with sort of whatever

596

00:23:33,120 --> 00:23:30,010

the Golden Dawn two systems are today

597

00:23:35,460 --> 00:23:33,130

and or theosophy or what have you it

598

00:23:38,160 --> 00:23:35,470

doesn't promise you a vision or an

599

00:23:39,510 --> 00:23:38,170

explanation of the world you you have to

600

00:23:41,370 --> 00:23:39,520

build that yourself because the reality

601  
00:23:44,010 --> 00:23:41,380  
is if you don't build it yourself you're

602  
00:23:46,320 --> 00:23:44,020  
running off someone else's but yes I

603  
00:23:47,520 --> 00:23:46,330  
find it interesting we basically have

604  
00:23:49,350 --> 00:23:47,530  
some very good data over the last

605  
00:23:51,299 --> 00:23:49,360  
hundred and twenty years that all these

606  
00:23:54,060 --> 00:23:51,309  
things that seem like they're quite

607  
00:23:56,669 --> 00:23:54,070  
important to magic have some reality to

608  
00:23:59,730 --> 00:23:56,679  
them so consciousness survives death

609  
00:24:01,620 --> 00:23:59,740  
there is some form of after death state

610  
00:24:03,660 --> 00:24:01,630  
of humans that we can be in contact with

611  
00:24:04,950 --> 00:24:03,670  
it as we know from an improved

612  
00:24:07,410 --> 00:24:04,960  
understanding of the you for logical

613  
00:24:09,060 --> 00:24:07,420

phenomenon that little green man is an

614

00:24:11,190 --> 00:24:09,070

insufficient answer so that we not only

615

00:24:13,830 --> 00:24:11,200

have spirits we have spirits that or a

616

00:24:16,290 --> 00:24:13,840

spirit world that is the spectrum that

617

00:24:18,360 --> 00:24:16,300

involves non-physical all the way to

618

00:24:21,210 --> 00:24:18,370

sort of full physical interaction and

619

00:24:23,250 --> 00:24:21,220

you find in magic a way of not just kind

620

00:24:25,560 --> 00:24:23,260

of modeling that but but engaging with

621

00:24:29,220 --> 00:24:25,570

it with with a few safety blanket around

622

00:24:32,100 --> 00:24:29,230

and we also have this kind of improved

623

00:24:33,750 --> 00:24:32,110

understanding of things that the mind or

624

00:24:36,810 --> 00:24:33,760

consciousness can actually do so you

625

00:24:40,590 --> 00:24:36,820

have telepathy and you have clairvoyance

626

00:24:43,049 --> 00:24:40,600

and you have this ability to alter but

627

00:24:44,640 --> 00:24:43,059

not by much to sort of slightly alter

628

00:24:46,919 --> 00:24:44,650

probabilities and that's the kind of the

629

00:24:48,930 --> 00:24:46,929

other key to it so we have dr. Dean

630

00:24:51,150 --> 00:24:48,940

Radin famous research at Burning Man

631

00:24:53,130 --> 00:24:51,160

with a random number generator and

632

00:24:54,780 --> 00:24:53,140

people would sort of focus on it just

633

00:24:57,210 --> 00:24:54,790

late you know and this is Burning Man so

634

00:24:58,470 --> 00:24:57,220

these aren't sort of sober normal people

635

00:24:59,730 --> 00:24:58,480

right they're off their face and they

636

00:25:01,770 --> 00:24:59,740

can still do it

637

00:25:04,350 --> 00:25:01,780

and there that you can get measurable

638

00:25:06,299 --> 00:25:04,360

changes in in the kind of random number

639

00:25:08,850 --> 00:25:06,309

generator that show that this sort of

640

00:25:11,669 --> 00:25:08,860

group consciousness effect can impact

641

00:25:15,650 --> 00:25:11,679

the material world so you pull all these

642

00:25:19,560 --> 00:25:15,660

together and go right so that's magic

643

00:25:20,910 --> 00:25:19,570

and these data that supports suddenly

644

00:25:23,340 --> 00:25:20,920

that I mean I've always known but I

645

00:25:27,030 --> 00:25:23,350

think to get to get people who are kind

646

00:25:30,690 --> 00:25:27,040

of on the magic fence off the magic

647

00:25:32,549 --> 00:25:30,700

friends it kind of helps to go alright

648

00:25:34,470 --> 00:25:32,559

so this book isn't gonna have too much

649

00:25:37,350 --> 00:25:34,480

about ascended masters and dolphins

650

00:25:38,730 --> 00:25:37,360

actually run through information that I

651  
00:25:40,260 --> 00:25:38,740  
can get that doesn't turn right is that

652  
00:25:42,750 --> 00:25:40,270  
right and then you can look it up and go

653  
00:25:45,540 --> 00:25:42,760  
holy [h\_\_h] that's right yeah man yeah I

654  
00:25:46,980 --> 00:25:45,550  
love it and I don't see it as often as I

655  
00:25:48,840 --> 00:25:46,990  
feel like I should and in some of the

656  
00:25:50,400 --> 00:25:48,850  
books that I read but let's talk about

657  
00:25:52,260 --> 00:25:50,410  
the life after death thing a little bit

658  
00:25:54,480 --> 00:25:52,270  
because I personally have had an

659  
00:25:56,760 --> 00:25:54,490  
aversion to anything ghost related

660  
00:25:58,980 --> 00:25:56,770  
because of the religious implication so

661  
00:26:01,860 --> 00:25:58,990  
I never dug too much into things like

662  
00:26:04,049 --> 00:26:01,870  
the skull experiments for example which

663  
00:26:05,820 --> 00:26:04,059

now seems pretty amazing as one of the

664

00:26:07,200 --> 00:26:05,830

clues into how reality really works can

665

00:26:09,840 --> 00:26:07,210

you talk to us a little bit about that

666

00:26:14,100 --> 00:26:09,850

as the smoking gun that consciousness

667

00:26:15,780 --> 00:26:14,110

does survive human death well I have

668

00:26:19,440 --> 00:26:15,790

different guns that smoke but the skull

669

00:26:21,450 --> 00:26:19,450

experiments are frankly astounding the

670

00:26:25,140 --> 00:26:21,460

Society for psychical research was set

671

00:26:26,370 --> 00:26:25,150

up in London 120 years ago and I went to

672

00:26:27,600 --> 00:26:26,380

its birthday recently I don't think

673

00:26:31,650 --> 00:26:27,610

that's right it's more than that

674

00:26:34,919 --> 00:26:31,660

anyway this this group emerged in in at

675

00:26:36,870 --> 00:26:34,929

very high Victorian confident way they

676

00:26:38,310 --> 00:26:36,880

could see electric lighting and and we

677

00:26:41,610 --> 00:26:38,320

had all these new things like geology

678

00:26:43,440 --> 00:26:41,620

and what have you and and the radio and

679

00:26:45,390 --> 00:26:43,450

so people were kind of like okay so

680

00:26:47,640 --> 00:26:45,400

these things exist and it was in that

681

00:26:51,510 --> 00:26:47,650

interesting sort of intertidal zone

682

00:26:52,500 --> 00:26:51,520

between the end of it sort of not really

683

00:26:55,740 --> 00:26:52,510

examined

684

00:26:57,900 --> 00:26:55,750

Anglicanism and the rise of science and

685

00:26:59,220 --> 00:26:57,910

scientists were off you know total and

686

00:27:01,200 --> 00:26:59,230

off with their materialism and then

687

00:27:02,460 --> 00:27:01,210

everyone else is like well that's not

688

00:27:04,799 --> 00:27:02,470

right either but we have all these

689

00:27:06,990 --> 00:27:04,809

things and it was it's kind of like can

690

00:27:08,610 --> 00:27:07,000

we use these scientific processes to

691

00:27:11,580 --> 00:27:08,620

find out something about the afterlife

692

00:27:13,169 --> 00:27:11,590

or you know divinity or so on this is

693

00:27:15,539 --> 00:27:13,179

one of those extremely confident

694

00:27:17,310 --> 00:27:15,549

in retrospect hilarious projects it

695

00:27:19,589 --> 00:27:17,320

still exists and they are actually quite

696

00:27:21,599 --> 00:27:19,599

diligent you would think that they would

697

00:27:22,739 --> 00:27:21,609

err on the side of oh yeah that's

698

00:27:24,930 --> 00:27:22,749

definitely a ghost or that was

699

00:27:27,629 --> 00:27:24,940

definitely telepathy but the reality is

700

00:27:29,459 --> 00:27:27,639

most of their research is extremely

701  
00:27:31,560 --> 00:27:29,469  
boring because they they will throw out

702  
00:27:32,909 --> 00:27:31,570  
that I'm potentially more credulous than

703  
00:27:35,639 --> 00:27:32,919  
and they'll throw out stuff that I think

704  
00:27:37,349 --> 00:27:35,649  
is it's almost open and shut there is

705  
00:27:39,060 --> 00:27:37,359  
one that is the most incredible

706  
00:27:40,289 --> 00:27:39,070  
experiment in there more than hundred

707  
00:27:42,149 --> 00:27:40,299  
year history which is the skull

708  
00:27:45,599 --> 00:27:42,159  
experiments which is named for a town in

709  
00:27:48,359 --> 00:27:45,609  
the East of England and a group of SPR

710  
00:27:49,680 --> 00:27:48,369  
members spent about a year doing it you

711  
00:27:52,169 --> 00:27:49,690  
know it's a sort of classic Victorian

712  
00:27:53,639 --> 00:27:52,179  
seance model down in the basement they

713  
00:27:55,409 --> 00:27:53,649

had a table and it was old there was no

714

00:27:57,779 --> 00:27:55,419

light they painted that out and I

715

00:28:00,859 --> 00:27:57,789

started to get kind of channeled

716

00:28:03,869 --> 00:28:00,869

messages and and and like mild

717

00:28:05,759 --> 00:28:03,879

poltergeist effects and they would they

718

00:28:08,789 --> 00:28:05,769

would meet for at least once a week for

719

00:28:10,229 --> 00:28:08,799

a year and after a year or so and other

720

00:28:11,759 --> 00:28:10,239

spirits on the other side they named the

721

00:28:14,249 --> 00:28:11,769

spirit team because they said oh we're

722

00:28:18,239 --> 00:28:14,259

going to we've been looking for a group

723

00:28:19,799 --> 00:28:18,249

that we can kind of say like give the

724

00:28:21,779 --> 00:28:19,809

definitive proof to this is what the

725

00:28:23,249 --> 00:28:21,789

spirit team said and then after a year

726

00:28:26,549 --> 00:28:23,259

the most astounding things happened and

727

00:28:28,680 --> 00:28:26,559

said that they had imported objects that

728

00:28:31,229 --> 00:28:28,690

included newspapers from the 1940s which

729

00:28:33,329 --> 00:28:31,239

are impossible to fake because they were

730

00:28:35,700 --> 00:28:33,339

using an ink replacement because of the

731

00:28:37,529 --> 00:28:35,710

war so in which you can't get me more

732

00:28:39,060 --> 00:28:37,539

like it was it's not used as an ink and

733

00:28:41,849 --> 00:28:39,070

it's about just that arrived from

734

00:28:44,489 --> 00:28:41,859

nowhere and they had sealed like factory

735

00:28:45,989 --> 00:28:44,499

sealed canisters of of Kodak could film

736

00:28:50,009 --> 00:28:45,999

that they would unroll and they had all

737

00:28:52,409 --> 00:28:50,019

these written messages and and and sort

738

00:28:55,169 --> 00:28:52,419

of formulae and all this kind of stuff

739

00:28:57,659 --> 00:28:55,179

on and just the most astounding secrets

740

00:29:00,119 --> 00:28:57,669

of things that cannot work in anything

741

00:29:01,769 --> 00:29:00,129

other than a spirit model for people if

742

00:29:04,379 --> 00:29:01,779

people are interested in this you'll

743

00:29:06,869 --> 00:29:04,389

find a couple of like full-length skull

744

00:29:08,249 --> 00:29:06,879

documentaries on YouTube and skull

745

00:29:09,509 --> 00:29:08,259

experiment documentaries and there's

746

00:29:12,180 --> 00:29:09,519

they're certainly worth your time

747

00:29:13,950 --> 00:29:12,190

they're a few years old now so if you

748

00:29:16,859 --> 00:29:13,960

kindly remember what Discovery Channel

749

00:29:18,810 --> 00:29:16,869

was like circa 2003 that's what you're

750

00:29:22,349 --> 00:29:18,820

in for but the the information behind it

751

00:29:23,700 --> 00:29:22,359

is very worth your time and so if you

752

00:29:25,980 --> 00:29:23,710

kind of could hear all these data points

753

00:29:27,510 --> 00:29:25,990

and you could hear the MDE research

754

00:29:31,500 --> 00:29:27,520

you do start to build a model that goes

755

00:29:34,950 --> 00:29:31,510

okay I can no longer I can kind of logic

756

00:29:37,590 --> 00:29:34,960

my way to the realization of the reality

757

00:29:39,240 --> 00:29:37,600

of a spirit world that's fine for most

758

00:29:41,040 --> 00:29:39,250

people for magicians there's something

759

00:29:43,130 --> 00:29:41,050

very different in you know all

760

00:29:45,270 --> 00:29:43,140

potentially broken whatever in our heads

761

00:29:46,230 --> 00:29:45,280

that makes you want to play with that a

762

00:29:48,930 --> 00:29:46,240

bit yeah

763

00:29:51,120 --> 00:29:48,940

and and chaos verticals is definitely

764

00:29:53,610 --> 00:29:51,130

for that sort of person yeah I like that

765

00:29:56,190 --> 00:29:53,620

section it is pretty convincing for the

766

00:29:58,290 --> 00:29:56,200

kind of areas I didn't want to look at

767

00:30:00,090 --> 00:29:58,300

previously just because of my religious

768

00:30:01,830 --> 00:30:00,100

upbringing and wanting to throw out

769

00:30:04,919 --> 00:30:01,840

everything that has to do with that but

770

00:30:06,780 --> 00:30:04,929

well I don't I don't land on a very

771

00:30:08,610 --> 00:30:06,790

specific model they don't know what

772

00:30:12,390 --> 00:30:08,620

happens you know I don't know what they

773

00:30:13,440 --> 00:30:12,400

are right so like yeah but I don't want

774

00:30:14,669 --> 00:30:13,450

to give people the idea that though

775

00:30:16,860 --> 00:30:14,679

they'll get to the end of it it will be

776

00:30:19,110 --> 00:30:16,870

something about a tunnel and Jesus right

777

00:30:21,360 --> 00:30:19,120

of course that is an important thing to

778

00:30:23,400 --> 00:30:21,370

point out it's not like that but there

779

00:30:25,530 --> 00:30:23,410

is some data to suggest in some form

780

00:30:27,810 --> 00:30:25,540

there is a life after death and we

781

00:30:30,480 --> 00:30:27,820

shouldn't ignore it that's basically the

782

00:30:32,430 --> 00:30:30,490

point I guess official and to to tie a

783

00:30:35,580 --> 00:30:32,440

bit of the magic to a bit of the science

784

00:30:39,000 --> 00:30:35,590

in a kind of a more detailed way what

785

00:30:40,010 --> 00:30:39,010

would you say the hermetica got right

786

00:30:43,100 --> 00:30:40,020

when it comes to understanding

787

00:30:46,530 --> 00:30:43,110

consciousnesses interaction with matter

788

00:30:48,810 --> 00:30:46,540

so if you look at the trouble with the

789

00:30:50,760 --> 00:30:48,820

hermetic text if you kind of talk about

790

00:30:53,610 --> 00:30:50,770

them all at one they said a lot of them

791

00:30:56,610 --> 00:30:53,620

uh goo basically and there are a lot of

792

00:30:58,830 --> 00:30:56,620

them but there is what we've kind of

793

00:31:02,640 --> 00:30:58,840

come to consider a sort of hermetic

794

00:31:05,370 --> 00:31:02,650

worldview turns out to be quite and the

795

00:31:07,710 --> 00:31:05,380

other risk is the last hundred years

796

00:31:09,780 --> 00:31:07,720

have had a bunch of kind of spiritual

797

00:31:12,000 --> 00:31:09,790

people who use science to kind of prove

798

00:31:13,770 --> 00:31:12,010

a worldview true and in both cases we're

799

00:31:16,260 --> 00:31:13,780

kind of like two fingers point to get a

800

00:31:18,450 --> 00:31:16,270

move at the moon here because science is

801  
00:31:20,040 --> 00:31:18,460  
is a description rather than explanation

802  
00:31:23,820 --> 00:31:20,050  
so they're both pointing at the same

803  
00:31:28,880 --> 00:31:23,830  
thing with different words but the sort

804  
00:31:31,350 --> 00:31:28,890  
of kind of broad hermetic view is one of

805  
00:31:32,460 --> 00:31:31,360  
inanimate universe so it's largely

806  
00:31:35,730 --> 00:31:32,470  
consciousness run they use different

807  
00:31:39,340 --> 00:31:35,740  
words and and and a few other things run

808  
00:31:42,010 --> 00:31:39,350  
with them but crucially man

809  
00:31:44,560 --> 00:31:42,020  
creates reality which is in some sense

810  
00:31:46,659 --> 00:31:44,570  
sort of unfinished by the by the act of

811  
00:31:49,419 --> 00:31:46,669  
sort of observation and learning and and

812  
00:31:52,020 --> 00:31:49,429  
that is a sort of devotion to God to to

813  
00:31:55,840 --> 00:31:52,030

kind of do that so you have this idea of

814

00:31:57,190 --> 00:31:55,850

we being a tiny reflection of the the

815

00:31:59,380 --> 00:31:57,200

sort of cosmic mind there's an

816

00:32:02,020 --> 00:31:59,390

individual mind and in the act of

817

00:32:04,000 --> 00:32:02,030

observing reality we in some sense

818

00:32:06,730 --> 00:32:04,010

complete creation now that looks very

819

00:32:09,909 --> 00:32:06,740

similar to the double-slit experiments

820

00:32:12,340 --> 00:32:09,919

of the sort of mid 20th century quantum

821

00:32:13,930 --> 00:32:12,350

theorists for instance there are other

822

00:32:15,190 --> 00:32:13,940

pieces that I find kind of interesting

823

00:32:16,899 --> 00:32:15,200

which I learned recently they

824

00:32:19,320 --> 00:32:16,909

subsequently publishing with a book so

825

00:32:22,810 --> 00:32:19,330

they said famous microcosm macrocosm

826

00:32:27,210 --> 00:32:22,820

things so that each human is a is a

827

00:32:31,930 --> 00:32:27,220

perfect encapsulation of the divine now

828

00:32:33,490 --> 00:32:31,940

if you look at how npcs are built in a

829

00:32:35,169 --> 00:32:33,500

in a game environment in a digital

830

00:32:37,090 --> 00:32:35,179

environment they have to have a map of

831

00:32:39,460 --> 00:32:37,100

the entire world in their heads to

832

00:32:41,919 --> 00:32:39,470

function correctly so the entire

833

00:32:43,750 --> 00:32:41,929

universe is in their head just so like

834

00:32:46,230 --> 00:32:43,760

in the head of every little NPC

835

00:32:49,029 --> 00:32:46,240

character so they can operate in within

836

00:32:51,270 --> 00:32:49,039

the world of the game yeah I think

837

00:32:54,460 --> 00:32:51,280

that's really interesting

838

00:32:58,539 --> 00:32:54,470

if one what if one did have to build an

839

00:33:00,640 --> 00:32:58,549

entire universe which we now do it turns

840

00:33:02,080 --> 00:33:00,650

out that you have to basically work two

841

00:33:06,789 --> 00:33:02,090

hermetic models to get the whole thing

842

00:33:08,560 --> 00:33:06,799

to work ah it's amazing man so to wait

843

00:33:10,720 --> 00:33:08,570

us into some of the magic stuff in

844

00:33:12,789 --> 00:33:10,730

relation to our economic situation you

845

00:33:15,370 --> 00:33:12,799

dedicate a chapter to what you call true

846

00:33:17,560 --> 00:33:15,380

initiation or becoming invincible and

847

00:33:20,200 --> 00:33:17,570

its importance is summed up pretty well

848

00:33:22,450 --> 00:33:20,210

with this quote there is no greater

849

00:33:24,430 --> 00:33:22,460

defense against the grim uncompromising

850

00:33:26,680 --> 00:33:24,440

wasteland of the late capitalist world

851  
00:33:29,080 --> 00:33:26,690  
than the unshakable awareness that it

852  
00:33:31,120 --> 00:33:29,090  
will end and you will not and that's

853  
00:33:33,310 --> 00:33:31,130  
beautiful man talk to us about the

854  
00:33:35,200 --> 00:33:33,320  
importance of becoming invincible and

855  
00:33:38,380 --> 00:33:35,210  
just how the hell we actually do that

856  
00:33:39,789 --> 00:33:38,390  
sure well it's a magic book I mean it's

857  
00:33:43,180 --> 00:33:39,799  
published by Llewellyn and they do a lot

858  
00:33:45,190 --> 00:33:43,190  
of metaphysical kind of 101 books which

859  
00:33:47,409 --> 00:33:45,200  
I wasn't sure I wanted to write and and

860  
00:33:48,970 --> 00:33:47,419  
mine's kind of a I know I has Tim

861  
00:33:49,670 --> 00:33:48,980  
Blumenthal deconstructed one of these

862  
00:33:53,900 --> 00:33:49,680  
things

863  
00:33:56,330 --> 00:33:53,910

fraught with challenge in in the Western

864

00:33:59,330 --> 00:33:56,340

magical tradition is is initiation north

865

00:34:00,800 --> 00:33:59,340

anticip we haven't had initiatory

866

00:34:02,750 --> 00:34:00,810

traditions for one and a half thousand

867

00:34:05,480 --> 00:34:02,760

years so since the mystery schools ended

868

00:34:07,400 --> 00:34:05,490

there is no secret kind of group running

869

00:34:09,169 --> 00:34:07,410

down through them so initiation has

870

00:34:11,450 --> 00:34:09,179

become fairly politicized in those last

871

00:34:13,159 --> 00:34:11,460

hundred and thirty years where when the

872

00:34:14,720 --> 00:34:13,169

Golden Dawn built their system they kind

873

00:34:16,430 --> 00:34:14,730

of modeled it on Freemasonry and

874

00:34:18,290 --> 00:34:16,440

pretended they had all these secret

875

00:34:21,320 --> 00:34:18,300

documents which is sort of vary of

876

00:34:22,850 --> 00:34:21,330

resolution thing to do the OTO which is

877

00:34:24,080 --> 00:34:22,860

German when curly done it there

878

00:34:25,520 --> 00:34:24,090

everyone's pretending they're a lot

879

00:34:29,389 --> 00:34:25,530

older than they are and they're not

880

00:34:31,460 --> 00:34:29,399

right so we have kind of malformed

881

00:34:33,500 --> 00:34:31,470

discussions in the magical world about

882

00:34:35,440 --> 00:34:33,510

initiation now in the meantime in the

883

00:34:37,909 --> 00:34:35,450

rest of the world there is initiation

884

00:34:41,510 --> 00:34:37,919

initiation is is a kind of triggering

885

00:34:44,899 --> 00:34:41,520

event that makes you realize gala tea is

886

00:34:46,940 --> 00:34:44,909

not advertised at all and it can be in a

887

00:34:48,350 --> 00:34:46,950

book I kind of say you can skip this

888

00:34:49,909 --> 00:34:48,360

chapter of Discovery Channel's done a

889

00:34:51,800 --> 00:34:49,919

ghost show in your house or if you've

890

00:34:54,800 --> 00:34:51,810

been abducted by aliens like it needs to

891

00:34:56,240 --> 00:34:54,810

be an extreme event after which there's

892

00:34:58,670 --> 00:34:56,250

no getting the toothpaste back into the

893

00:35:01,430 --> 00:34:58,680

tube like you you cannot return to an

894

00:35:04,400 --> 00:35:01,440

official reality because it's it's

895

00:35:07,040 --> 00:35:04,410

incomplete now right initiation truly

896

00:35:08,960 --> 00:35:07,050

done if you look at say New Guinea and

897

00:35:11,500 --> 00:35:08,970

Highlanders or if you look at people

898

00:35:14,660 --> 00:35:11,510

being initiated as Eurasian shaman or

899

00:35:17,180 --> 00:35:14,670

kind of similar roles in the Amazon or

900

00:35:20,240 --> 00:35:17,190

even sort of the sort of classic First

901  
00:35:23,750 --> 00:35:20,250  
Nations vision Vision Quest kind of

902  
00:35:26,600 --> 00:35:23,760  
ideas you have to have an inciting

903  
00:35:27,710 --> 00:35:26,610  
incident that the trick is this that

904  
00:35:29,150 --> 00:35:27,720  
triggers this engagement with the

905  
00:35:31,280 --> 00:35:29,160  
university way there is extremely

906  
00:35:34,960 --> 00:35:31,290  
four-pound that is you can kind of ace

907  
00:35:37,550 --> 00:35:34,970  
you kind of bc-ad your life around it so

908  
00:35:38,780 --> 00:35:37,560  
becoming invincible is what I call doubt

909  
00:35:42,440 --> 00:35:38,790  
because once you've had that experience

910  
00:35:44,600 --> 00:35:42,450  
once you know and again I emphasize it

911  
00:35:45,920 --> 00:35:44,610  
doesn't even need to be pleasant I mean

912  
00:35:48,890 --> 00:35:45,930  
I hope it is but it doesn't mean to be

913  
00:35:51,380 --> 00:35:48,900

right once you know that it's not as

914

00:35:53,480 --> 00:35:51,390

advertised you are invincible like if

915

00:35:58,000 --> 00:35:53,490

your boss has had a bad day and she's

916

00:36:00,760 --> 00:35:58,010

just being a cow to you all these things

917

00:36:02,770 --> 00:36:00,770

become smaller they become smaller

918

00:36:06,490 --> 00:36:02,780

because they don't it's not real you

919

00:36:08,620 --> 00:36:06,500

know hmm it's not at all this isn't

920

00:36:11,320 --> 00:36:08,630

actually reality and more importantly

921

00:36:14,320 --> 00:36:11,330

you're invincible like death can't end

922

00:36:15,450 --> 00:36:14,330

you that's kind of the prize that's

923

00:36:18,850 --> 00:36:15,460

about a third of the way through

924

00:36:21,280 --> 00:36:18,860

anyone's magical journey that unshakable

925

00:36:23,890 --> 00:36:21,290

realization and once you get it the rest

926

00:36:25,390 --> 00:36:23,900

is gravy and unfortunately the other 2/3

927

00:36:28,000 --> 00:36:25,400

when you when it comes to sort of more

928

00:36:29,950 --> 00:36:28,010

traditional magical orders they've kind

929

00:36:32,500 --> 00:36:29,960

of populated the remaining 2/3 with

930

00:36:34,420 --> 00:36:32,510

different aprons and different titles

931

00:36:37,300 --> 00:36:34,430

and colors and crossing the abyss and

932

00:36:38,410 --> 00:36:37,310

and all this stuff which is gilding the

933

00:36:41,410 --> 00:36:38,420

lily mm-hmm

934

00:36:43,420 --> 00:36:41,420

because there is a before and after once

935

00:36:44,980 --> 00:36:43,430

you know that you are invincible and I

936

00:36:47,470 --> 00:36:44,990

mean that in the sense that please don't

937

00:36:50,290 --> 00:36:47,480

jump off a roof I mean when death comes

938

00:36:52,240 --> 00:36:50,300

for you you don't end that really puts

939

00:36:55,300 --> 00:36:52,250

every like puts everything else in a

940

00:36:57,760 --> 00:36:55,310

perspective that you can never unpacked

941

00:36:59,320 --> 00:36:57,770

I've if that makes sense like yeah let's

942

00:37:02,980 --> 00:36:59,330

just invent words so that was that's

943

00:37:05,800 --> 00:37:02,990

kind of the that's kind of what becoming

944

00:37:08,980 --> 00:37:05,810

invincible means right and that is an

945

00:37:12,010 --> 00:37:08,990

important part in the book and you can't

946

00:37:13,780 --> 00:37:12,020

obviously induce a typical alien

947

00:37:16,890 --> 00:37:13,790

abduction scenario or a ghost in your

948

00:37:19,200 --> 00:37:16,900

house for Discovery Channel to cover but

949

00:37:21,250 --> 00:37:19,210

psychedelics they really are

950

00:37:23,470 --> 00:37:21,260

invincibility in the palm of your hand

951  
00:37:25,000 --> 00:37:23,480  
of course you have to use them the right

952  
00:37:27,700 --> 00:37:25,010  
way yeah you have to do them right

953  
00:37:30,340 --> 00:37:27,710  
so I again it's a turns mckenna thing

954  
00:37:32,890 --> 00:37:30,350  
but he sort of said a shaman without

955  
00:37:34,330 --> 00:37:32,900  
psychedelics is like a pilot without a

956  
00:37:36,160 --> 00:37:34,340  
stunt plane like it

957  
00:37:38,890 --> 00:37:36,170  
I did not you're not doing it correctly

958  
00:37:41,440 --> 00:37:38,900  
yeah and we do have this opportunity and

959  
00:37:45,250 --> 00:37:41,450  
it's it's part of the sort of collapse

960  
00:37:47,290 --> 00:37:45,260  
of our currents or you know totalitarian

961  
00:37:48,910 --> 00:37:47,300  
superstructure piece-by-piece it doesn't

962  
00:37:52,510 --> 00:37:48,920  
all come down at once it's like cake in

963  
00:37:55,270 --> 00:37:52,520

a rain is that there are ways that you

964

00:37:57,460 --> 00:37:55,280

can legally do this now and I get the

965

00:37:59,980 --> 00:37:57,470

other pushback I get is it's it's too

966

00:38:02,200 --> 00:37:59,990

expensive to go to the Amazon or Xavier

967

00:38:04,120 --> 00:38:02,210

to do it right it's an opportunity cost

968

00:38:06,700 --> 00:38:04,130

era like it'll it'll cost you if you

969

00:38:08,560 --> 00:38:06,710

grant no questions but you're not gonna

970

00:38:11,170 --> 00:38:08,570

hopefully you're not gonna want your TV

971

00:38:14,140 --> 00:38:11,180

when you come back

972

00:38:16,390 --> 00:38:14,150

price on invincibility yeah this is it

973

00:38:17,650 --> 00:38:16,400

yeah put the book down like I'm not

974

00:38:20,290 --> 00:38:17,660

saying that's the only way to do it and

975

00:38:22,900 --> 00:38:20,300

in fact there are states in in the US

976

00:38:25,750 --> 00:38:22,910

where you'll be able to find you know

977

00:38:27,309 --> 00:38:25,760

ethical magical groups or witches or so

978

00:38:30,130 --> 00:38:27,319

on and and and there are legally

979

00:38:32,650 --> 00:38:30,140

available molecules and you combine that

980

00:38:35,200 --> 00:38:32,660

in a ritual space and it might work but

981

00:38:36,970 --> 00:38:35,210

there are this is what we have used for

982

00:38:39,760 --> 00:38:36,980

thirty thousand years to become

983

00:38:41,200 --> 00:38:39,770

invincible so I was kind of was a

984

00:38:43,390 --> 00:38:41,210

difficult part to write in that chapter

985

00:38:45,640 --> 00:38:43,400

because obviously it's a book published

986

00:38:48,309 --> 00:38:45,650

by a proper publisher in the US so I

987

00:38:51,730 --> 00:38:48,319

can't be like get some mushrooms however

988

00:38:54,880 --> 00:38:51,740

you get them here's a prayer have a

989

00:38:56,770 --> 00:38:54,890

sitter go and do this because they can't

990

00:38:58,660 --> 00:38:56,780

have that book and I mean technically we

991

00:39:00,910 --> 00:38:58,670

can't air here either technically we

992

00:39:03,819 --> 00:39:00,920

can't but I would I mean I from my

993

00:39:05,799 --> 00:39:03,829

experience I would say don't even let

994

00:39:10,210 --> 00:39:05,809

legalities get in the way of your

995

00:39:11,859 --> 00:39:10,220

immortality no well yeah I didn't and I

996

00:39:13,799 --> 00:39:11,869

kind of had to put it in the book which

997

00:39:16,180 --> 00:39:13,809

was which is a big deal I know people

998

00:39:19,180 --> 00:39:16,190

there's a tendency at the moment to

999

00:39:22,809 --> 00:39:19,190

overemphasize ayahuasca it's kind of yes

1000

00:39:25,089 --> 00:39:22,819

trendy yeah it's like olive oil was in

1001  
00:39:26,859 --> 00:39:25,099  
my late 90s or something everyone's

1002  
00:39:28,839 --> 00:39:26,869  
writing books about how they went to

1003  
00:39:30,880 --> 00:39:28,849  
Tuscany and learned how to press olive

1004  
00:39:33,339 --> 00:39:30,890  
oil and it's the same thing with

1005  
00:39:35,370 --> 00:39:33,349  
ayahuasca now not sure if I send it to

1006  
00:39:38,589 --> 00:39:35,380  
you with a fantastic onion article

1007  
00:39:41,410 --> 00:39:38,599  
ayahuasca shaman dreading upcoming week

1008  
00:39:43,210 --> 00:39:41,420  
of teaching more tech CEOs about

1009  
00:39:47,140 --> 00:39:43,220  
spirituality or something that's

1010  
00:39:49,299 --> 00:39:47,150  
basically where we're at so like I kind

1011  
00:39:51,220 --> 00:39:49,309  
of I don't want it to fall into that

1012  
00:39:52,839 --> 00:39:51,230  
into that trap because there are other

1013  
00:39:56,109 --> 00:39:52,849

molecules and there are the routes and

1014

00:39:58,420 --> 00:39:56,119

there are other traditions that will

1015

00:40:00,730 --> 00:39:58,430

take you on that journey without you

1016

00:40:03,460 --> 00:40:00,740

having to like that is part of their

1017

00:40:05,020 --> 00:40:03,470

tradition we'll do that and and then

1018

00:40:07,870 --> 00:40:05,030

you're not going to wake up and suddenly

1019

00:40:10,809 --> 00:40:07,880

you're in I I didn't sign up for this

1020

00:40:12,069 --> 00:40:10,819

religion there right and there are there

1021

00:40:13,240 --> 00:40:12,079

are a number of them around the world

1022

00:40:15,280 --> 00:40:13,250

there are a number of places where you

1023

00:40:19,180 --> 00:40:15,290

can do that because it is medicine so

1024

00:40:20,950 --> 00:40:19,190

it's viewed in in a medicinal way and as

1025

00:40:22,780 --> 00:40:20,960

part of their role that you can be

1026

00:40:24,400 --> 00:40:22,790

welcomed in and and and have these

1027

00:40:28,660 --> 00:40:24,410

experiences in

1028

00:40:30,160 --> 00:40:28,670

the correct space that will do it if

1029

00:40:32,829 --> 00:40:30,170

anything like I'm I'm glad you picked up

1030

00:40:35,499 --> 00:40:32,839

on it because the magical community

1031

00:40:36,609 --> 00:40:35,509

likes to talk about the ritual component

1032

00:40:39,400 --> 00:40:36,619

which is the other half of the chapter

1033

00:40:41,499 --> 00:40:39,410

but I do actually open it with there's

1034

00:40:44,319 --> 00:40:41,509

no like the best way to do it is this

1035

00:40:46,809 --> 00:40:44,329

and I can't say otherwise it would be

1036

00:40:48,970 --> 00:40:46,819

dishonest yeah yeah it's funny because

1037

00:40:52,180 --> 00:40:48,980

at the time when I was first getting

1038

00:40:53,890 --> 00:40:52,190

into psychedelics I had a friend who had

1039

00:40:57,460 --> 00:40:53,900

the same kind of thing he was going down

1040

00:41:00,519 --> 00:40:57,470

a more meditative consciousness

1041

00:41:02,349 --> 00:41:00,529

astral projection type realm and we were

1042

00:41:05,259 --> 00:41:02,359

both coming to similar conclusions in

1043

00:41:07,120 --> 00:41:05,269

our exploration but I was like man for

1044

00:41:08,470 --> 00:41:07,130

me I just have to dive right into the

1045

00:41:10,509 --> 00:41:08,480

deep end of the pool it's nice that you

1046

00:41:13,299 --> 00:41:10,519

can wade in nice and slow and

1047

00:41:16,029 --> 00:41:13,309

methodically but for me it doesn't work

1048

00:41:17,650 --> 00:41:16,039

in my inciting event was with salvia I

1049

00:41:20,109 --> 00:41:17,660

know I'm in the minority but you

1050

00:41:22,299 --> 00:41:20,119

definitely didn't have to go far to get

1051

00:41:25,509 --> 00:41:22,309

salvia when I did it it was available

1052

00:41:27,339 --> 00:41:25,519

actually in head shops yes is it Stu I

1053

00:41:29,259 --> 00:41:27,349

don't know if it still is or not yeah

1054

00:41:31,029 --> 00:41:29,269

I'm I haven't had a few years I think

1055

00:41:33,490 --> 00:41:31,039

you think it's available here yeah not

1056

00:41:34,839 --> 00:41:33,500

pleasant but I'd recommend it but it

1057

00:41:38,319 --> 00:41:34,849

doesn't need to be pleasant that's the

1058

00:41:39,910 --> 00:41:38,329

thing exactly again if you're gonna do

1059

00:41:42,940 --> 00:41:39,920

simply the last longer than Southie

1060

00:41:45,819 --> 00:41:42,950

you'd want it to be pleasant but yeah

1061

00:41:47,859 --> 00:41:45,829

absolutely yeah and to get to that other

1062

00:41:50,920 --> 00:41:47,869

side you also do dedicate some time to

1063

00:41:53,019 --> 00:41:50,930

our ancestors and the dead I know we've

1064

00:41:54,819 --> 00:41:53,029

talked a bit about ancestors before I'm

1065

00:41:57,279 --> 00:41:54,829

sitting just five feet from my own

1066

00:41:59,370 --> 00:41:57,289

personal ancestor altar right now oh

1067

00:42:02,650 --> 00:41:59,380

well done yes finally

1068

00:42:05,819 --> 00:42:02,660

but in this economic context how can

1069

00:42:09,190 --> 00:42:05,829

commuting with the Dead be helpful who

1070

00:42:11,890 --> 00:42:09,200

depends on the dead you can go fool

1071

00:42:14,079 --> 00:42:11,900

necromancy and and I know summing up JP

1072

00:42:18,069 --> 00:42:14,089

Morgan from wherever he is down there

1073

00:42:20,349 --> 00:42:18,079

Wow I mean and I wouldn't recommend that

1074

00:42:23,740 --> 00:42:20,359

but technically you can you know I still

1075

00:42:25,660 --> 00:42:23,750

got the training wheels on man the

1076

00:42:28,779 --> 00:42:25,670

ancestor work is a it's kind of like

1077

00:42:31,210 --> 00:42:28,789

nonspecific luck magic if you think even

1078

00:42:34,029 --> 00:42:31,220

for people who've been adopted or had

1079

00:42:36,339 --> 00:42:34,039

family trauma early on you can skip

1080

00:42:37,839 --> 00:42:36,349

people I kind of go into the like the

1081

00:42:40,630 --> 00:42:37,849

Romans in particular

1082

00:42:42,969 --> 00:42:40,640

would adopt people just so that they

1083

00:42:44,469 --> 00:42:42,979

would have someone to perform ancestor

1084

00:42:46,269 --> 00:42:44,479

rites once they died same thing there

1085

00:42:48,999 --> 00:42:46,279

kind of happens with China and Japan now

1086

00:42:51,009 --> 00:42:49,009

in some places because if you've had a

1087

00:42:53,559 --> 00:42:51,019

falling-out with your son or your your

1088

00:42:55,209 --> 00:42:53,569

daughter's died or what-have-you

1089

00:42:57,400 --> 00:42:55,219

like this is this is part of the process

1090

00:42:59,380 --> 00:42:57,410

so I just want to kind of put that out

1091

00:43:00,609 --> 00:42:59,390

there because I feedback wise if people

1092

00:43:02,229 --> 00:43:00,619

are adopted or they've you know had

1093

00:43:03,609 --> 00:43:02,239

family trauma in there and so on that

1094

00:43:06,069 --> 00:43:03,619

that's all the thing you can skip

1095

00:43:09,519 --> 00:43:06,079

generations you can also and this was

1096

00:43:12,729 --> 00:43:09,529

like the worst magic in in Egypt but you

1097

00:43:15,189 --> 00:43:12,739

can erase ancestors you can actually get

1098

00:43:19,329 --> 00:43:15,199

yeah I deny you this food I deny you

1099

00:43:21,069 --> 00:43:19,339

this water if you're in that truly that

1100

00:43:22,959 --> 00:43:21,079

that haven't had ships it the sort of

1101  
00:43:24,489 --> 00:43:22,969  
female pharaoh they they kept rubbing

1102  
00:43:26,559 --> 00:43:24,499  
they erased her names after her death

1103  
00:43:29,019 --> 00:43:26,569  
and that's very powerful magic in Egypt

1104  
00:43:31,870 --> 00:43:29,029  
they say that about Akhenaten - yeah

1105  
00:43:33,569 --> 00:43:31,880  
exactly because they're a lot I mean the

1106  
00:43:37,660 --> 00:43:33,579  
Egyptians have that kind of wonderful

1107  
00:43:40,120 --> 00:43:37,670  
crazy animist cosmology so you're doing

1108  
00:43:42,999 --> 00:43:40,130  
doubt you are actually destroying that

1109  
00:43:45,279 --> 00:43:43,009  
thing sort of how it works

1110  
00:43:47,109 --> 00:43:45,289  
damn let's do that with you ancestor

1111  
00:43:50,979 --> 00:43:47,119  
altar and day one what I am saying is

1112  
00:43:53,410 --> 00:43:50,989  
that if you are alive today in 2016 you

1113  
00:43:55,719 --> 00:43:53,420

have a bloodline you have a chain of

1114

00:43:57,939 --> 00:43:55,729

people going back to the first human

1115

00:44:01,420 --> 00:43:57,949

there is no other way that you're here

1116

00:44:03,939 --> 00:44:01,430

now that's a long chain of hardship and

1117

00:44:07,029 --> 00:44:03,949

and and you know challenges that have

1118

00:44:09,430 --> 00:44:07,039

been overcome and and so on that's it is

1119

00:44:11,229 --> 00:44:09,440

a sort of a wellspring of perspective

1120

00:44:13,829 --> 00:44:11,239

available from it but from a magical

1121

00:44:15,549 --> 00:44:13,839

perspective given that this was

1122

00:44:17,799 --> 00:44:15,559

archaeologically it appears that this

1123

00:44:20,410 --> 00:44:17,809

was our first spirituality they

1124

00:44:22,539 --> 00:44:20,420

remembrance of of our dead families mhm

1125

00:44:24,189 --> 00:44:22,549

we have kind of broken from that

1126

00:44:26,799 --> 00:44:24,199

admittedly only recently in the West

1127

00:44:29,349 --> 00:44:26,809

like if you especially if you have a

1128

00:44:31,959 --> 00:44:29,359

Catholic sort of background and you go

1129

00:44:34,620 --> 00:44:31,969

back about 80 90 years there's ghosts

1130

00:44:37,689 --> 00:44:34,630

everywhere and and little pictures of

1131

00:44:39,849 --> 00:44:37,699

uncle whoever and whatever in the wall

1132

00:44:41,319 --> 00:44:39,859

and people saying Mass for the departed

1133

00:44:43,689 --> 00:44:41,329

and all this kind of stuff that is

1134

00:44:46,239 --> 00:44:43,699

ancestor veneration it's just it doesn't

1135

00:44:48,160 --> 00:44:46,249

look like there's sort of marvelous

1136

00:44:50,949 --> 00:44:48,170

spirit houses that you get in in

1137

00:44:51,730 --> 00:44:50,959

Southeast Asia so we've kind of fallen

1138

00:44:54,000 --> 00:44:51,740

away from that

1139

00:44:57,880 --> 00:44:54,010

and you find that it's tremendously

1140

00:44:59,710 --> 00:44:57,890

transformative in over the long term in

1141

00:45:02,440 --> 00:44:59,720

bringing this back but you also just get

1142

00:45:04,750 --> 00:45:02,450

luckier it's something about the

1143

00:45:06,940 --> 00:45:04,760

reconnection with with your family in

1144

00:45:08,290 --> 00:45:06,950

the spirit world that I kind of put it

1145

00:45:09,870 --> 00:45:08,300

in and out of the book because they

1146

00:45:12,760 --> 00:45:09,880

didn't want to push anything that

1147

00:45:15,339 --> 00:45:12,770

resembled like here's what I believe

1148

00:45:18,849 --> 00:45:15,349

anymore because it's not what I do

1149

00:45:21,310 --> 00:45:18,859

but this one had to stay in because it

1150

00:45:24,599 --> 00:45:21,320

it technically falls under luck magic in

1151

00:45:26,800 --> 00:45:24,609

a book like this please don't sort of

1152

00:45:30,099 --> 00:45:26,810

reconnect with your ancestors and buy a

1153

00:45:32,410 --> 00:45:30,109

lottery ticket if you can't use it to

1154

00:45:34,960 --> 00:45:32,420

get lucky at something but you'll see

1155

00:45:37,359 --> 00:45:34,970

you'll get you'll get better traffic

1156

00:45:39,099 --> 00:45:37,369

you'll you'll have those kind of benign

1157

00:45:41,859 --> 00:45:39,109

coincidences that make the universe

1158

00:45:43,480 --> 00:45:41,869

taste better and I kind of looked when I

1159

00:45:45,880 --> 00:45:43,490

was compiling the book at my right so I

1160

00:45:47,410 --> 00:45:45,890

need stuff about this and stuff about

1161

00:45:49,240 --> 00:45:47,420

that and stuff about this and I'm always

1162

00:45:50,530 --> 00:45:49,250

gonna need to talk about after I've told

1163

00:45:52,480 --> 00:45:50,540

you about probability I'm gonna need to

1164

00:45:55,210 --> 00:45:52,490

talk about luck magic and there are

1165

00:45:56,920 --> 00:45:55,220

spells in the back for them but if that

1166

00:45:59,320 --> 00:45:56,930

I spoke to the editor about it I might

1167

00:46:01,510 --> 00:45:59,330

give her I'm honest this has been the

1168

00:46:04,960 --> 00:46:01,520

thing that's kind of it improved my

1169

00:46:06,940 --> 00:46:04,970

background quote-unquote luck amongst

1170

00:46:09,940 --> 00:46:06,950

other things more than anything else so

1171

00:46:12,520 --> 00:46:09,950

yeah I'm very happy it in there it's

1172

00:46:14,200 --> 00:46:12,530

interesting outside of ancestors you

1173

00:46:17,440 --> 00:46:14,210

also do get very detailed about the

1174

00:46:19,540 --> 00:46:17,450

actual rituals and which entities can be

1175

00:46:21,490 --> 00:46:19,550

helpful in success magic talk to us

1176  
00:46:24,310 --> 00:46:21,500  
about some of those entities that come

1177  
00:46:27,040 --> 00:46:24,320  
to mind that aren't ancestors well I

1178  
00:46:29,470 --> 00:46:27,050  
mean staying in the same chapter there

1179  
00:46:32,530 --> 00:46:29,480  
are a number of different ways of kind

1180  
00:46:35,440 --> 00:46:32,540  
of either connecting lore or improving

1181  
00:46:38,650 --> 00:46:35,450  
your relationship with the spirit world

1182  
00:46:40,839 --> 00:46:38,660  
so we have sort of homonymous

1183  
00:46:43,300 --> 00:46:40,849  
invitations and homonymous speaking of

1184  
00:46:45,730 --> 00:46:43,310  
that kind of greco-roman world is one of

1185  
00:46:47,560 --> 00:46:45,740  
my favorite things to come out of it

1186  
00:46:49,000 --> 00:46:47,570  
it's a combination as you can kind of

1187  
00:46:53,200 --> 00:46:49,010  
tell from the name of the the Greek

1188  
00:46:56,230 --> 00:46:53,210

## Hermes and the Egyptian Anubis so Hermes

1189

00:46:59,650 --> 00:46:56,240

is the kind of messenger messenger of

1190

00:47:01,900 --> 00:46:59,660

the gods role he is also called Hermes

1191

00:47:04,930 --> 00:47:01,910

cattaneo so he's a psycho pump in the

1192

00:47:06,970 --> 00:47:04,940

sense that he can in some forms at

1193

00:47:09,609 --> 00:47:06,980

people who have died to the afterlife so

1194

00:47:11,680 --> 00:47:09,619

is one of those kind of crossing between

1195

00:47:14,319 --> 00:47:11,690

life and death figures it's always been

1196

00:47:16,839 --> 00:47:14,329

like the the actual word Hermes probably

1197

00:47:18,849 --> 00:47:16,849

came from the name for a little pile of

1198

00:47:20,800 --> 00:47:18,859

stones that used as it was used as a

1199

00:47:22,750 --> 00:47:20,810

border marker in archaic Greece so it's

1200

00:47:23,200 --> 00:47:22,760

about that border between this world and

1201  
00:47:24,880 --> 00:47:23,210  
the next

1202  
00:47:27,760 --> 00:47:24,890  
and Anubis is of course the

1203  
00:47:30,700 --> 00:47:27,770  
jackal-headed God of well we say god of

1204  
00:47:33,280 --> 00:47:30,710  
mummification it's a it's a um it's a

1205  
00:47:35,050 --> 00:47:33,290  
woeful oversimplification crowley

1206  
00:47:37,569 --> 00:47:35,060  
describes him quite well in his book of

1207  
00:47:41,589 --> 00:47:37,579  
Thoth about the moon card because he has

1208  
00:47:43,870 --> 00:47:41,599  
he has Anubis there Anubis has a few

1209  
00:47:46,630 --> 00:47:43,880  
Egyptian and then later Greek titles to

1210  
00:47:49,300 --> 00:47:46,640  
talk like way opener or opener of the

1211  
00:47:51,069 --> 00:47:49,310  
way so when in the greco-roman world

1212  
00:47:52,920 --> 00:47:51,079  
though they were very interested in kind

1213  
00:47:55,359 --> 00:47:52,930

of plugging many gods together like Lego

1214

00:47:56,890 --> 00:47:55,369

and if things matched other things they

1215

00:48:00,270 --> 00:47:56,900

kind of smushed them together and so you

1216

00:48:02,680 --> 00:48:00,280

have this this dizzying kind of polyglot

1217

00:48:05,349 --> 00:48:02,690

cosmology kind of chaos magic in oh

1218

00:48:08,260 --> 00:48:05,359

we're yeah well absolutely my favorite

1219

00:48:09,670 --> 00:48:08,270

one is her man abyss because it's it's a

1220

00:48:11,589 --> 00:48:09,680

combination of the like they have a

1221

00:48:13,480 --> 00:48:11,599

quite good thing going with homies

1222

00:48:18,160 --> 00:48:13,490

anyway for some reason the god of Thebes

1223

00:48:20,500 --> 00:48:18,170

favors Australians no idea why and so I

1224

00:48:21,849 --> 00:48:20,510

kind of pulled some of the and modified

1225

00:48:23,800 --> 00:48:21,859

some of the rituals from the great

1226

00:48:25,770 --> 00:48:23,810

magical Priory or at least in vacations

1227

00:48:28,720 --> 00:48:25,780

because her mana bases worked quite well

1228

00:48:31,059 --> 00:48:28,730

and what's interesting about that and is

1229

00:48:34,020 --> 00:48:31,069

well I think it's interesting is the

1230

00:48:36,700 --> 00:48:34,030

persistence of dog-headed gods into

1231

00:48:38,950 --> 00:48:36,710

early Europe and in fact into quite late

1232

00:48:41,530 --> 00:48:38,960

Europe so you have some of the more

1233

00:48:44,050 --> 00:48:41,540

famous Saints even some Christopher was

1234

00:48:46,359 --> 00:48:44,060

dog headed and and right up until the

1235

00:48:48,579 --> 00:48:46,369

sort of end of the medieval age and in

1236

00:48:52,240 --> 00:48:48,589

Northern Europe a bit later the outside

1237

00:48:53,500 --> 00:48:52,250

of some towns would have dog headed sim

1238

00:48:55,030 --> 00:48:53,510

Christopher's because every sees the

1239

00:48:57,099 --> 00:48:55,040

Guardian and travel isn't sever one so

1240

00:49:00,190 --> 00:48:57,109

even sort of 2000 years like well less

1241

00:49:02,410 --> 00:49:00,200

than twelve hundred years later this

1242

00:49:05,559 --> 00:49:02,420

form is still with us right there on the

1243

00:49:08,050 --> 00:49:05,569

bow on the border again with Wayfarers

1244

00:49:10,470 --> 00:49:08,060

so this kind of a is a bit of an

1245

00:49:13,870 --> 00:49:10,480

experiment but there's a way of sort of

1246

00:49:16,030 --> 00:49:13,880

deepening your pulling back into the

1247

00:49:18,010 --> 00:49:16,040

modern world some of that Western

1248

00:49:20,590 --> 00:49:18,020

magical current which we didn't really

1249

00:49:22,840 --> 00:49:20,600

I was there the whole time so that one I

1250

00:49:24,310 --> 00:49:22,850

I think is quite good there's also one

1251  
00:49:26,770 --> 00:49:24,320  
of my favorite Saints and Nicholas of

1252  
00:49:29,830 --> 00:49:26,780  
Tolentino Jota Latino and you'll find

1253  
00:49:33,040 --> 00:49:29,840  
him in there as well but in terms of I'm

1254  
00:49:34,090 --> 00:49:33,050  
kind of a bit it can get risky looking

1255  
00:49:35,590 --> 00:49:34,100  
for

1256  
00:49:37,060 --> 00:49:35,600  
you're kind of barking up the wrong tree

1257  
00:49:38,410 --> 00:49:37,070  
or going down the wrong track I

1258  
00:49:40,660 --> 00:49:38,420  
shouldn't use the barking thing after

1259  
00:49:44,070 --> 00:49:40,670  
all that dog talk if you are trying to

1260  
00:49:46,930 --> 00:49:44,080  
find the spirit or God responsible for

1261  
00:49:49,300 --> 00:49:46,940  
success or financial wealth amezzo

1262  
00:49:51,190 --> 00:49:49,310  
there's a long-running joke amongst

1263  
00:49:53,620 --> 00:49:51,200

grimoire magicians about one of the

1264

00:49:54,970 --> 00:49:53,630

spirits I'm called burn which everyone

1265

00:49:56,440 --> 00:49:54,980

because it does say in bruges

1266

00:49:58,780 --> 00:49:56,450

description these are the things he's

1267

00:50:00,430 --> 00:49:58,790

good at so people by people by this

1268

00:50:03,040 --> 00:50:00,440

grimoire that it's straight to burn and

1269

00:50:05,260 --> 00:50:03,050

the life doesn't change and chaos

1270

00:50:08,140 --> 00:50:05,270

protocols hopefully deals with some of

1271

00:50:10,810 --> 00:50:08,150

the structure underneath that because

1272

00:50:14,140 --> 00:50:10,820

I'm not sure if you're kind of spiritual

1273

00:50:16,690 --> 00:50:14,150

journey should align with you are

1274

00:50:18,070 --> 00:50:16,700

interested in in going on a backpacking

1275

00:50:21,640 --> 00:50:18,080

holiday in Southeast Asia

1276

00:50:23,410 --> 00:50:21,650

these two things may overlap but it gets

1277

00:50:25,420 --> 00:50:23,420

messy when when I get combined there are

1278

00:50:27,160 --> 00:50:25,430

spirits in there that people probably

1279

00:50:29,380 --> 00:50:27,170

haven't considered for a success and

1280

00:50:31,240 --> 00:50:29,390

optionality reasons and that's that's

1281

00:50:34,900 --> 00:50:31,250

why you know it was why I wrote the book

1282

00:50:37,090 --> 00:50:34,910

but there's this a similar risk to using

1283

00:50:39,760 --> 00:50:37,100

kind of science to explain religion to

1284

00:50:44,020 --> 00:50:39,770

go to go looking for a quote-unquote God

1285

00:50:46,480 --> 00:50:44,030

of wealth hmm man when we make up kind

1286

00:50:49,090 --> 00:50:46,490

of our own personal cosmology of

1287

00:50:51,880 --> 00:50:49,100

entities that we resonate with obviously

1288

00:50:54,370 --> 00:50:51,890

we can do some reading and pick out gods

1289

00:50:56,560 --> 00:50:54,380

and beans and spirits we like but you

1290

00:50:58,690 --> 00:50:56,570

say things in the book like tricksters

1291

00:51:01,960 --> 00:50:58,700

are typically found at a crossroad so

1292

00:51:04,420 --> 00:51:01,970

look there first and that suggests a

1293

00:51:06,430 --> 00:51:04,430

more kind of active approach to creating

1294

00:51:09,280 --> 00:51:06,440

that role of X of entities to call on

1295

00:51:11,950 --> 00:51:09,290

talk to us about the process of creating

1296

00:51:13,240 --> 00:51:11,960

our cosmology and you know forging

1297

00:51:15,820 --> 00:51:13,250

relationships with these kind of

1298

00:51:21,430 --> 00:51:15,830

entities well sure

1299

00:51:23,260 --> 00:51:21,440

the trickster appears to be structural

1300

00:51:26,760 --> 00:51:23,270

structural in the universe and and

1301

00:51:30,130 --> 00:51:26,770

structural in how we

1302

00:51:32,620 --> 00:51:30,140

construct a maps of the universe so

1303

00:51:35,020 --> 00:51:32,630

there's George Hansen's fantastic book

1304

00:51:37,960 --> 00:51:35,030

the trickster in the paranormal you also

1305

00:51:40,900 --> 00:51:37,970

find across literally every kind of

1306

00:51:43,410 --> 00:51:40,910

cultural or spiritual system a trickster

1307

00:51:45,670 --> 00:51:43,420

role so you find them in First Nations

1308

00:51:51,039 --> 00:51:45,680

cultures you obviously have Loki in the

1309

00:51:54,250 --> 00:51:51,049

North you have set in Egypt now the

1310

00:51:57,849 --> 00:51:54,260

trickster for Western Europe for the

1311

00:52:00,520 --> 00:51:57,859

last 1500 years is the devil this is if

1312

00:52:02,220 --> 00:52:00,530

we look at the role of the devil and I

1313

00:52:05,920 --> 00:52:02,230

don't mean like the kind of frothing

1314

00:52:08,049 --> 00:52:05,930

bible-thumping fly over CIA funded

1315

00:52:09,970 --> 00:52:08,059

millenia millennial Church nonsense that

1316

00:52:12,430 --> 00:52:09,980

just is it's not even Christianity at

1317

00:52:15,280 --> 00:52:12,440

this point if you look at European folk

1318

00:52:17,740 --> 00:52:15,290

culture the devil isn't in some kind of

1319

00:52:21,010 --> 00:52:17,750

Jewish decree war with God for your soul

1320

00:52:22,809 --> 00:52:21,020

because you play D&D or masturbated the

1321

00:52:24,910 --> 00:52:22,819

devil kind of does annoying trickster

1322

00:52:27,910 --> 00:52:24,920

thing so Bugs Bunny basically at some

1323

00:52:30,670 --> 00:52:27,920

point he gives cattle ringworm or

1324

00:52:34,180 --> 00:52:30,680

something odd now when you look at how

1325

00:52:37,510 --> 00:52:34,190

this form moved into how Europeans saw

1326

00:52:39,609 --> 00:52:37,520

the world the devil got his power by

1327

00:52:41,950 --> 00:52:39,619

being the oldest thing on earth the

1328

00:52:43,240 --> 00:52:41,960

devil was created before the earth so

1329

00:52:45,420 --> 00:52:43,250

the fact that the devil is intimately

1330

00:52:48,520 --> 00:52:45,430

involved with mankind if you are a

1331

00:52:50,770 --> 00:52:48,530

Spanish if you're an illiterate Spanish

1332

00:52:55,059 --> 00:52:50,780

grandmother five hundred years ago and

1333

00:52:59,140 --> 00:52:55,069

you need something earthly the person

1334

00:53:01,240 --> 00:52:59,150

who were the being you go to is the

1335

00:53:03,609 --> 00:53:01,250

devil the being you go to is the one

1336

00:53:06,940 --> 00:53:03,619

that has been here and was was set by

1337

00:53:08,890 --> 00:53:06,950

God to kind of be the boss of this realm

1338

00:53:12,220 --> 00:53:08,900

like that that is not a miss reading of

1339

00:53:14,289 --> 00:53:12,230

her priest on Sunday that's she's not

1340

00:53:16,380 --> 00:53:14,299

actually being anything other than

1341

00:53:19,990 --> 00:53:16,390

Catholic by doing it being a bit risky

1342

00:53:23,079 --> 00:53:20,000

but she's not being a devil worshiper we

1343

00:53:25,809 --> 00:53:23,089

find that this particularly instead of

1344

00:53:27,520 --> 00:53:25,819

from the 20th century or onwards the

1345

00:53:29,440 --> 00:53:27,530

devil in in hoodoo in the southern

1346

00:53:32,160 --> 00:53:29,450

states particularly hybridized with some

1347

00:53:34,740 --> 00:53:32,170

of the probably a bit of First Nations

1348

00:53:36,440 --> 00:53:34,750

beings but certainly some of the

1349

00:53:38,660 --> 00:53:36,450

gatekeeping beings

1350

00:53:41,120 --> 00:53:38,670

that came over from West African

1351

00:53:43,670 --> 00:53:41,130

cosmologies so there you know you have

1352

00:53:45,680 --> 00:53:43,680

famous stories of jazz magicians and so

1353

00:53:47,630 --> 00:53:45,690

on meeting the devil at the crossroads

1354

00:53:50,569 --> 00:53:47,640

and suddenly being very good at guitar

1355

00:53:52,520 --> 00:53:50,579

so robert johnson is one of these even

1356

00:53:54,740 --> 00:53:52,530

subsequently died a few years later now

1357

00:53:56,900 --> 00:53:54,750

we look at it and we kind of need to

1358

00:53:59,420 --> 00:53:56,910

unpick a lot of the races and flat out

1359

00:54:02,030 --> 00:53:59,430

in that Robert Johnson may have called

1360

00:54:05,089 --> 00:54:02,040

this thing the devil but he this was

1361

00:54:06,740 --> 00:54:05,099

practicing African magic right and we've

1362

00:54:08,450 --> 00:54:06,750

had this whole thing that you know uh

1363

00:54:09,680 --> 00:54:08,460

it's devil worship and whatever and I

1364

00:54:11,470 --> 00:54:09,690

mean you know scared of the devil you

1365

00:54:14,390 --> 00:54:11,480

scare the skin Peller don't give me that

1366

00:54:16,520 --> 00:54:14,400

which is pathetic because we have you

1367

00:54:19,040 --> 00:54:16,530

know us white people have the same thing

1368

00:54:22,069 --> 00:54:19,050

in our own folk magic in Jeremiah

1369

00:54:25,359 --> 00:54:22,079

traditions we have we've sanitized the

1370

00:54:28,040 --> 00:54:25,369

trickster out because we think

1371

00:54:29,420 --> 00:54:28,050

unpredictability equals failure this is

1372

00:54:30,920 --> 00:54:29,430

the thing where we're kind of built for

1373

00:54:33,130 --> 00:54:30,930

that boomer life even though we don't

1374

00:54:36,310 --> 00:54:33,140

want it we still gravitate to it because

1375

00:54:38,089 --> 00:54:36,320

humans don't like the anxiety of

1376

00:54:40,670 --> 00:54:38,099

unpredictability even though that's

1377

00:54:44,030 --> 00:54:40,680

where all success and all learning and

1378

00:54:46,819 --> 00:54:44,040

all growth comes from boom so if you do

1379

00:54:48,050 --> 00:54:46,829

not have a a trickster in your in your

1380

00:54:49,160 --> 00:54:48,060

own personal because well gee I'm not

1381

00:54:51,079 --> 00:54:49,170

saying everyone don't be a devil

1382

00:54:54,069 --> 00:54:51,089

worshiper or anything I'm not even my

1383

00:54:56,809 --> 00:54:54,079

goodness if you don't make a space in

1384

00:54:59,599 --> 00:54:56,819

how you view the world for trickster

1385

00:55:00,950 --> 00:54:59,609

functionality you kind of it you have a

1386

00:55:03,020 --> 00:55:00,960

lopsided view of the universe for a

1387

00:55:05,540 --> 00:55:03,030

start but also you're potentially

1388

00:55:07,640 --> 00:55:05,550

missing based on what we now know about

1389

00:55:10,309 --> 00:55:07,650

probability and so on you're potentially

1390

00:55:13,190 --> 00:55:10,319

missing where the upside comes from

1391

00:55:14,690 --> 00:55:13,200

especially in in 2016 and moving forward

1392

00:55:17,000 --> 00:55:14,700

the unpredictability

1393

00:55:19,099 --> 00:55:17,010

we have teenage billionaires in one side

1394

00:55:20,630 --> 00:55:19,109

of the world and we have entire country

1395

00:55:24,500 --> 00:55:20,640

and entire collapsed cities on the other

1396

00:55:26,809 --> 00:55:24,510

this is not a normal unpredictable world

1397

00:55:29,540 --> 00:55:26,819

this is the world that has you know

1398

00:55:32,030 --> 00:55:29,550

trickster running through it the

1399

00:55:36,260 --> 00:55:32,040

magician then is it kind of falls to him

1400

00:55:37,880 --> 00:55:36,270

or her to align with that in some way

1401

00:55:40,309 --> 00:55:37,890

and so the book goes into tremendous

1402

00:55:42,440 --> 00:55:40,319

detail about one or tremendous to each

1403

00:55:45,200 --> 00:55:42,450

other mazes I'm boring it goes into some

1404

00:55:47,150 --> 00:55:45,210

detail about the justification for

1405

00:55:49,880 --> 00:55:47,160

having a trickster component and then it

1406

00:55:51,950 --> 00:55:49,890

provides suggestions for

1407

00:55:54,170 --> 00:55:51,960

that might work in a Western magical

1408

00:55:55,820 --> 00:55:54,180

sense to do with essentially a sort of

1409

00:55:58,250 --> 00:55:55,830

cross road engagement with the devil

1410

00:56:00,740 --> 00:55:58,260

most of it is largely drawing again on

1411

00:56:02,450 --> 00:56:00,750

on greco-roman practice it's it's

1412

00:56:07,160 --> 00:56:02,460

actually very similar to how you would

1413

00:56:09,230 --> 00:56:07,170

attract Hecate is blessing or interest

1414

00:56:11,210 --> 00:56:09,240

the sort of going to the crossroad and

1415

00:56:13,460 --> 00:56:11,220

leaving things and never looking back

1416

00:56:17,150 --> 00:56:13,470

and and all that kind of stuff is is is

1417

00:56:20,990 --> 00:56:17,160

Hecate in rather than devilish but that

1418

00:56:22,940 --> 00:56:21,000

that form survives into shall we say low

1419

00:56:26,360 --> 00:56:22,950

grimoire magic and so the book goes into

1420

00:56:27,710 --> 00:56:26,370

into how you do that yeah I know we're

1421

00:56:29,210 --> 00:56:27,720

running a little long here but like a

1422

00:56:31,070 --> 00:56:29,220

couple of the things I wanted to bring

1423

00:56:33,800 --> 00:56:31,080

up something I wanted to ask you about

1424

00:56:37,520 --> 00:56:33,810

in terms of assessing the landscape

1425

00:56:39,620 --> 00:56:37,530

that's coming it comes from a comment

1426

00:56:41,270 --> 00:56:39,630

you made on a rune soup podcast episode

1427

00:56:42,950 --> 00:56:41,280

with Chris Knowles of course the rune

1428

00:56:44,240 --> 00:56:42,960

soup podcast is becoming a personal

1429

00:56:46,550 --> 00:56:44,250

favorite everyone should check it out

1430

00:56:48,650 --> 00:56:46,560

but in that episode you guys talk about

1431

00:56:51,230 --> 00:56:48,660

the elite and the shadow state and the

1432

00:56:53,150 --> 00:56:51,240

idea we've explored that physics and

1433

00:56:55,070 --> 00:56:53,160

science have been left with only half

1434

00:56:56,960 --> 00:56:55,080

the puzzle because of the empowering

1435

00:56:58,520 --> 00:56:56,970

implications of things like Tesla tech

1436

00:57:01,160 --> 00:56:58,530

and all that kind of stuff but there's

1437

00:57:02,870 --> 00:57:01,170

very little left to explore at that at

1438

00:57:04,850 --> 00:57:02,880

this point without unlocking some of

1439

00:57:06,740 --> 00:57:04,860

those doors and you've identified some

1440

00:57:08,720 --> 00:57:06,750

possible clues that they might be

1441

00:57:10,730 --> 00:57:08,730

planning to finally let this genie out

1442

00:57:13,870 --> 00:57:10,740

of the box so to speak can you talk to

1443

00:57:16,580 --> 00:57:13,880

us a little bit about that well yeah

1444

00:57:18,650 --> 00:57:16,590

firstly because they said they're going

1445

00:57:20,630 --> 00:57:18,660

to I mean we've had about four or five

1446

00:57:23,180 --> 00:57:20,640

different countries and organizations

1447

00:57:25,880 --> 00:57:23,190

announced fusion and cold fusion we also

1448

00:57:28,250 --> 00:57:25,890

have NASA's hyperdrive which violates

1449

00:57:30,020 --> 00:57:28,260

they are their own official laws of

1450

00:57:32,630 --> 00:57:30,030

physics because it does and it's going

1451  
00:57:34,130 --> 00:57:32,640  
to work and so we have these pieces the

1452  
00:57:37,150 --> 00:57:34,140  
other one that I think is interesting is

1453  
00:57:39,920 --> 00:57:37,160  
the Rockefeller trust exiting

1454  
00:57:43,190 --> 00:57:39,930  
hydrocarbon six months before we

1455  
00:57:45,020 --> 00:57:43,200  
essentially got Wall Street well the

1456  
00:57:47,840 --> 00:57:45,030  
State Department told Wall Street to

1457  
00:57:49,430 --> 00:57:47,850  
crash oil and to crashed Putin mm-hmm

1458  
00:57:52,280 --> 00:57:49,440  
and which didn't work he saw it coming

1459  
00:57:53,600 --> 00:57:52,290  
years out it doesn't matter so but they

1460  
00:57:56,030 --> 00:57:53,610  
wouldn't do that they wouldn't sort of

1461  
00:57:57,170 --> 00:57:56,040  
leave these assets if it was going to

1462  
00:57:59,420 --> 00:57:57,180  
bounce back up and all these other

1463  
00:58:01,500 --> 00:57:59,430

pieces are coming through like Elon

1464

00:58:03,690 --> 00:58:01,510

Musk's new battery

1465

00:58:06,480 --> 00:58:03,700

and everyone's talking about fusion tech

1466

00:58:09,990 --> 00:58:06,490

and the hyperdrive and we have people

1467

00:58:13,050 --> 00:58:10,000

like dr. pol Laviolette who are actual

1468

00:58:14,550 --> 00:58:13,060

you know proper science people who've

1469

00:58:16,620 --> 00:58:14,560

done these experiments ago well this

1470

00:58:19,590 --> 00:58:16,630

works and and this I don't know what it

1471

00:58:21,270 --> 00:58:19,600

is it's interesting to me that torsion

1472

00:58:24,690 --> 00:58:21,280

works and I've really enjoyed your

1473

00:58:27,480 --> 00:58:24,700

electric universe episodes because there

1474

00:58:29,190 --> 00:58:27,490

is something in that spectrum of again

1475

00:58:31,349 --> 00:58:29,200

we come back to like the the data and

1476

00:58:34,099 --> 00:58:31,359

the interpretation thing so the Tesla

1477

00:58:36,510 --> 00:58:34,109

thing was interesting enough and we have

1478

00:58:40,290 --> 00:58:36,520

you know directed energy weapons which

1479

00:58:42,390 --> 00:58:40,300

appears to be a version of that so there

1480

00:58:46,050 --> 00:58:42,400

is a there is a kind of energy or ether

1481

00:58:47,609 --> 00:58:46,060

physics that is toroidal that I think

1482

00:58:49,050 --> 00:58:47,619

they very about for about 50 years and I

1483

00:58:51,870 --> 00:58:49,060

think it's timely the toys are coming in

1484

00:58:53,730 --> 00:58:51,880

now probably because we don't need it's

1485

00:58:56,160 --> 00:58:53,740

tied up with I would say the the rise of

1486

00:58:59,280 --> 00:58:56,170

pushing us into a digital currency the

1487

00:59:01,590 --> 00:58:59,290

US dollar has had a de facto oil backing

1488

00:59:03,690 --> 00:59:01,600

since the end of the war basic wasn't

1489

00:59:06,330 --> 00:59:03,700

became of the gold standard right mm-hmm

1490

00:59:09,300 --> 00:59:06,340

I think when we have this kind of global

1491

00:59:10,680 --> 00:59:09,310

digital SDR we don't need the oil

1492

00:59:12,900 --> 00:59:10,690

anymore I think that's built and I

1493

00:59:15,930 --> 00:59:12,910

actually think given all the talk about

1494

00:59:18,870 --> 00:59:15,940

all this sort of monstrous hysterical

1495

00:59:20,849 --> 00:59:18,880

climate change stuff like Islamophobia

1496

00:59:23,370 --> 00:59:20,859

causes climate change and make it really

1497

00:59:27,150 --> 00:59:23,380

dialing up the [h\_\_h] [h\_\_h] speak on

1498

00:59:30,150 --> 00:59:27,160

this I think the SDR drawdowns will be

1499

00:59:33,150 --> 00:59:30,160

based on compliance with some sort of

1500

00:59:35,099 --> 00:59:33,160

carbon emissions and it's sort of the

1501

00:59:38,190 --> 00:59:35,109

way it's sort of the way you can keep

1502

00:59:39,840 --> 00:59:38,200

China and India down and and sort of

1503

00:59:43,830 --> 00:59:39,850

post-industrial countries like Europe

1504

00:59:47,820 --> 00:59:43,840

and the u.s. up right because it's much

1505

00:59:49,980 --> 00:59:47,830

easier for us to kind of run to carbon

1506

00:59:51,240 --> 00:59:49,990

low so we get X amount of St oz and from

1507

00:59:53,310 --> 00:59:51,250

that weakening we can create this

1508

00:59:55,260 --> 00:59:53,320

currency because I like I sort of

1509

00:59:56,460 --> 00:59:55,270

briefly well I know Catherine or some

1510

00:59:58,920 --> 00:59:56,470

kids were saying before she thinks it's

1511

01:00:00,750 --> 00:59:58,930

food and now it isn't I think it's this

1512

01:00:04,080 --> 01:00:00,760

I think if you if you look at these kind

1513

01:00:07,260 --> 01:00:04,090

of push through agreements and and and

1514

01:00:09,390 --> 01:00:07,270

stuff it I mean I'm sure carbon dioxide

1515

01:00:13,080 --> 01:00:09,400

has some sort of effect but it's now

1516

01:00:14,760 --> 01:00:13,090

like they're saying Islamophobia causes

1517

01:00:17,730 --> 01:00:14,770

chime climate change or climate change

1518

01:00:20,940 --> 01:00:17,740

causes Islamophobia and like this is not

1519

01:00:22,920 --> 01:00:20,950

science this is more event dialing up

1520

01:00:24,300 --> 01:00:22,930

the more on speech right so I think

1521

01:00:26,910 --> 01:00:24,310

that's why I think it's ready for the

1522

01:00:29,160 --> 01:00:26,920

global digital currency I think it's

1523

01:00:31,530 --> 01:00:29,170

almost ready for its close-up and it

1524

01:00:34,280 --> 01:00:31,540

begins with the kind of SDR in the

1525

01:00:36,900 --> 01:00:34,290

background so yeah we don't need the oil

1526

01:00:40,470 --> 01:00:36,910

there there was some we've already used

1527

01:00:43,500 --> 01:00:40,480

the cool weapons I suspect we're already

1528

01:00:46,650 --> 01:00:43,510

using the cool propulsion engines of

1529

01:00:48,990 --> 01:00:46,660

planet and yeah from an oil perspective

1530

01:00:50,670 --> 01:00:49,000

that's not really coming back it doesn't

1531

01:00:52,670 --> 01:00:50,680

really it doesn't need it to use anymore

1532

01:00:56,220 --> 01:00:52,680

I'm also we're gonna go and hopefully

1533

01:00:57,990 --> 01:00:56,230

collapse our friends and allies whole

1534

01:01:00,780 --> 01:00:58,000

let them collapse

1535

01:01:03,420 --> 01:01:00,790

hopefully very soon yeah I just thought

1536

01:01:05,400 --> 01:01:03,430

that opened up a level of clarity for me

1537

01:01:08,220 --> 01:01:05,410

because as soon as they take all their

1538

01:01:10,140 --> 01:01:08,230

assets out of oil you know they could

1539

01:01:13,890 --> 01:01:10,150

roll out something new for us and then

1540

01:01:15,660 --> 01:01:13,900

penalize the rest of the world for using

1541

01:01:17,700 --> 01:01:15,670

the very energy sources that were the

1542

01:01:19,230 --> 01:01:17,710

elites bread and butter for decades kind

1543

01:01:22,620 --> 01:01:19,240

of forcing them to move into the new

1544

01:01:23,520 --> 01:01:22,630

stuff yeah climate change whether it

1545

01:01:27,359 --> 01:01:23,530

exists or not

1546

01:01:27,599 --> 01:01:27,369

is Imperial policy it's as simple as

1547

01:01:31,740 --> 01:01:27,609

that

1548

01:01:33,840 --> 01:01:31,750

serious pollution problem let me let me

1549

01:01:35,250 --> 01:01:33,850

be clear and they are aware of it but

1550

01:01:38,490 --> 01:01:35,260

they don't neither this Russia they're

1551  
01:01:41,340 --> 01:01:38,500  
not going anywhere near this climate

1552  
01:01:43,950 --> 01:01:41,350  
change crap because it's it is there to

1553  
01:01:48,090 --> 01:01:43,960  
say we're so we built the greatest

1554  
01:01:51,300 --> 01:01:48,100  
economies ever using this stuff and now

1555  
01:01:53,190 --> 01:01:51,310  
you can't have any and you know we're

1556  
01:01:55,320 --> 01:01:53,200  
gonna charge you to even use it yeah

1557  
01:01:57,780 --> 01:01:55,330  
this is this is how it gets played like

1558  
01:02:00,150 --> 01:01:57,790  
this game isn't this is the world that's

1559  
01:02:02,550 --> 01:02:00,160  
not built for us we need to be aware of

1560  
01:02:04,560 --> 01:02:02,560  
it not so we can change it it's it let's

1561  
01:02:06,270 --> 01:02:04,570  
not be so infantile as to think we can I

1562  
01:02:09,570 --> 01:02:06,280  
don't know run to the principal's office

1563  
01:02:12,240 --> 01:02:09,580

and get this fixed it's just not how it

1564

01:02:14,309 --> 01:02:12,250

works the more we understand about how

1565

01:02:16,499 --> 01:02:14,319

this moves around it becomes

1566

01:02:20,069 --> 01:02:16,509

and strategic intelligence for us to

1567

01:02:21,900 --> 01:02:20,079

live out our best lives yeah amen and I

1568

01:02:23,370 --> 01:02:21,910

also wanted to ask you do you see

1569

01:02:25,890 --> 01:02:23,380

something like the trans-pacific

1570

01:02:29,159 --> 01:02:25,900

partnership relating to this in any way

1571

01:02:32,059 --> 01:02:29,169

yeah absolutely so it's the build-out of

1572

01:02:37,709 --> 01:02:32,069

their legal infrastructure that allows a

1573

01:02:40,499 --> 01:02:37,719

sort of paternal imperialism giving you

1574

01:02:43,319 --> 01:02:40,509

know rivers to Nestle and and and all

1575

01:02:44,969 --> 01:02:43,329

this kind of stuff basically that this

1576

01:02:47,429 --> 01:02:44,979

is this is there at the end of their

1577

01:02:49,380 --> 01:02:47,439

endgame even if they manage to get it

1578

01:02:52,319 --> 01:02:49,390

across the Western world it's obviously

1579

01:02:55,199 --> 01:02:52,329

not gonna work in in Eurasia and I don't

1580

01:02:58,289 --> 01:02:55,209

think it's gonna work that well here it

1581

01:03:00,689 --> 01:02:58,299

is a fortunate potential like built into

1582

01:03:03,179 --> 01:03:00,699

the universe that the Tower of Babel

1583

01:03:07,199 --> 01:03:03,189

never makes it to happen they will

1584

01:03:09,359 --> 01:03:07,209

always try and and that's seemeth that's

1585

01:03:13,789 --> 01:03:09,369

almost Gnostic in a way but yes this is

1586

01:03:17,459 --> 01:03:13,799

absolutely the the climate change

1587

01:03:19,140 --> 01:03:17,469

hysteria and it is not like if you just

1588

01:03:22,169 --> 01:03:19,150

read them if you read the most recent

1589

01:03:24,959 --> 01:03:22,179

climate change articles it's seriously

1590

01:03:28,140 --> 01:03:24,969

stopped by its causes Islamophobia or

1591

01:03:29,849 --> 01:03:28,150

Islamophobia is causing it and yet this

1592

01:03:33,179 --> 01:03:29,859

is building up a narrative that goes

1593

01:03:35,249 --> 01:03:33,189

along with the kind of supranational

1594

01:03:38,219 --> 01:03:35,259

treaties that are essentially harvesting

1595

01:03:41,640 --> 01:03:38,229

the real assets that are now useful and

1596

01:03:45,179 --> 01:03:41,650

things like freshwater is useful yeah I

1597

01:03:47,989 --> 01:03:45,189

am oil-less so it's but the good news is

1598

01:03:52,140 --> 01:03:47,999

there's as the good news in that

1599

01:03:54,089 --> 01:03:52,150

absolute [h\_\_\h] is to do this again

1600

01:03:56,339 --> 01:03:54,099

coming back to that opening up of new

1601  
01:03:57,959 --> 01:03:56,349  
platforms and new markets there will be

1602  
01:04:01,199 --> 01:03:57,969  
opportunities for people who can see

1603  
01:04:03,179 --> 01:04:01,209  
this happening yeah see why they get out

1604  
01:04:05,729 --> 01:04:03,189  
in front of it or will get to the side

1605  
01:04:07,319 --> 01:04:05,739  
of it if you know that that's going to

1606  
01:04:09,630 --> 01:04:07,329  
be the case I don't mean go and invest

1607  
01:04:11,039 --> 01:04:09,640  
in Halliburton and that kind of stuff

1608  
01:04:12,359 --> 01:04:11,049  
because I think people I think that eats

1609  
01:04:14,609 --> 01:04:12,369  
away at your soul a bit but they're

1610  
01:04:15,539 --> 01:04:14,619  
these investments are going to be made

1611  
01:04:18,659 --> 01:04:15,549  
and they're going to be made with your

1612  
01:04:19,829 --> 01:04:18,669  
money because it's tax money so get out

1613  
01:04:22,349 --> 01:04:19,839

in front of it and get some of it back

1614

01:04:24,329 --> 01:04:22,359

yeah and I'm kind of living proof of

1615

01:04:25,620 --> 01:04:24,339

that because I don't think gamestop if I

1616

01:04:27,720 --> 01:04:25,630

was going to be a store manager there

1617

01:04:30,450 --> 01:04:27,730

forever if I was going to be scared

1618

01:04:32,760 --> 01:04:30,460

to the traditional path I don't think

1619

01:04:34,620 --> 01:04:32,770

game stops gonna be there in five six

1620

01:04:37,710 --> 01:04:34,630

seven years but that's a whole nother

1621

01:04:39,440 --> 01:04:37,720

thing to throw one more log on that fire

1622

01:04:43,260 --> 01:04:39,450

you off the air you've told me about

1623

01:04:44,790 --> 01:04:43,270

some corporation that doesn't have a

1624

01:04:46,920 --> 01:04:44,800

website that the Rockefellers are

1625

01:04:49,609 --> 01:04:46,930

invested in that it's uh I think they're

1626

01:04:51,990 --> 01:04:49,619

a cold fusion company they're you know

1627

01:04:53,750 --> 01:04:52,000

when we say alternative energy we

1628

01:04:56,700 --> 01:04:53,760

usually mean sort of you know

1629

01:04:59,430 --> 01:04:56,710

permaculture wind farms it's code try

1630

01:05:01,380 --> 01:04:59,440

alpha doesn't have a website it's based

1631

01:05:03,150 --> 01:05:01,390

in California interesting name

1632

01:05:04,200 --> 01:05:03,160

well this is this is why I mention it

1633

01:05:05,520 --> 01:05:04,210

the Pharaoh it's good to try the

1634

01:05:07,500 --> 01:05:05,530

beginning of and the Alpha is

1635

01:05:09,599 --> 01:05:07,510

interesting it's oh it's the you know

1636

01:05:11,849 --> 01:05:09,609

new beginning for this it doesn't have a

1637

01:05:14,070 --> 01:05:11,859

website has some of the most famous sort

1638

01:05:16,170 --> 01:05:14,080

of you know energy physicists or

1639

01:05:18,960 --> 01:05:16,180

theoretical ones attached to it has

1640

01:05:21,420 --> 01:05:18,970

Rockefeller trust funding entirely

1641

01:05:23,550 --> 01:05:21,430

opaque no idea what they're doing and

1642

01:05:24,990 --> 01:05:23,560

this is happening at the same time is

1643

01:05:27,630 --> 01:05:25,000

where we're hearing the Germans and the

1644

01:05:30,090 --> 01:05:27,640

Japanese and MIT and everyone saying

1645

01:05:32,820 --> 01:05:30,100

where we've got cold fusion or were a

1646

01:05:34,560 --> 01:05:32,830

little bit away from it and and it's

1647

01:05:36,540 --> 01:05:34,570

that classic ritual thing they do of

1648

01:05:39,420 --> 01:05:36,550

course it's called try alpha yeah

1649

01:05:41,520 --> 01:05:39,430

like try - alpha this is they're you

1650

01:05:45,720 --> 01:05:41,530

know waving their little waving their

1651

01:05:47,640 --> 01:05:45,730

dick exactly yeah so I

1652

01:05:49,980 --> 01:05:47,650

that's all I have for that but the idea

1653

01:05:53,430 --> 01:05:49,990

that this stuff can't move ER in the

1654

01:05:55,320 --> 01:05:53,440

dark is moronic it can and and that's an

1655

01:05:58,050 --> 01:05:55,330

example you'll find a Wikipedia page I

1656

01:06:00,390 --> 01:05:58,060

believe but how many of them are there

1657

01:06:03,390 --> 01:06:00,400

that don't have Wikipedia pages mm-hmm

1658

01:06:05,520 --> 01:06:03,400

yeah I find that just so fast and why we

1659

01:06:07,200 --> 01:06:05,530

could touch on it but that really does

1660

01:06:08,820 --> 01:06:07,210

about do it for us I know we're close to

1661

01:06:10,410 --> 01:06:08,830

the finish line but I do love this book

1662

01:06:12,300 --> 01:06:10,420

it validates some of the choices I've

1663

01:06:14,670 --> 01:06:12,310

made the past 10 years and it helps me

1664

01:06:17,099 --> 01:06:14,680

with where to go from here because the

1665

01:06:19,500 --> 01:06:17,109

high optionality life that I've been

1666

01:06:21,180 --> 01:06:19,510

lucky to achieve with THC sort of scares

1667

01:06:22,560 --> 01:06:21,190

me back into traditional patterns

1668

01:06:25,050 --> 01:06:22,570

because it's hard to lose what you don't

1669

01:06:26,790 --> 01:06:25,060

have but when you do have something risk

1670

01:06:28,230 --> 01:06:26,800

starts to seem scary or maybe it's been

1671

01:06:30,180 --> 01:06:28,240

too long since I did mushrooms or

1672

01:06:34,230 --> 01:06:30,190

something you know well I also we don't

1673

01:06:36,030 --> 01:06:34,240

know so your focus was on you know

1674

01:06:38,010 --> 01:06:36,040

making this a success and once you're

1675

01:06:39,960 --> 01:06:38,020

there so yeah that was the dream right

1676

01:06:41,160 --> 01:06:39,970

like I hope this to be I want to make

1677

01:06:43,829 --> 01:06:41,170

this a success say you

1678

01:06:45,420 --> 01:06:43,839

actually necessarily dream what the next

1679

01:06:48,240 --> 01:06:45,430

step was you may have daydreamed in that

1680

01:06:51,030 --> 01:06:48,250

kind of absurd like I'm on a boat sense

1681

01:06:53,160 --> 01:06:51,040

but no one ever thinks about what

1682

01:06:55,559 --> 01:06:53,170

happens because it will happen if people

1683

01:06:58,349 --> 01:06:55,569

kind of sort of absorbs some of the

1684

01:07:00,150 --> 01:06:58,359

ideas in the book so you haven't thought

1685

01:07:03,089 --> 01:07:00,160

about what the Greg version of the next

1686

01:07:06,150 --> 01:07:03,099

step is so you have fallen into like I

1687

01:07:07,829 --> 01:07:06,160

said get a house now and I guess yeah do

1688

01:07:09,180 --> 01:07:07,839

that and it's it's just the programming

1689

01:07:13,260 --> 01:07:09,190

so say think about what you actually

1690

01:07:15,030 --> 01:07:13,270

want mmm well said man and you know of

1691

01:07:16,770 --> 01:07:15,040

course I gotta let you go sometime my

1692

01:07:19,410 --> 01:07:16,780

ancestral offerings aren't gonna change

1693

01:07:21,390 --> 01:07:19,420

out themselves but you are the man and

1694

01:07:23,460 --> 01:07:21,400

you know part of my job is recommending

1695

01:07:25,109 --> 01:07:23,470

books but this goes beyond that I would

1696

01:07:27,390 --> 01:07:25,119

say that if you're feeling stuck or

1697

01:07:29,940 --> 01:07:27,400

trapped or looking for the guidance to

1698

01:07:31,530 --> 01:07:29,950

change it up I have found no better

1699

01:07:33,059 --> 01:07:31,540

guide man anything else you want to

1700

01:07:35,700 --> 01:07:33,069

mention before we go obviously Twitter

1701  
01:07:38,250 --> 01:07:35,710  
is your main hang at Gordon underscore

1702  
01:07:39,930 --> 01:07:38,260  
white and rune soup calm is your blog is

1703  
01:07:41,160 --> 01:07:39,940  
there anything else to say yeah those

1704  
01:07:43,349 --> 01:07:41,170  
are the places there's a written

1705  
01:07:45,210 --> 01:07:43,359  
Facebook page as well which if people

1706  
01:07:47,700 --> 01:07:45,220  
didn't really do the Twitter thing they

1707  
01:07:49,170 --> 01:07:47,710  
can find me then boom dude all right

1708  
01:07:50,970 --> 01:07:49,180  
I'm sad that it's over but this was

1709  
01:07:52,770 --> 01:07:50,980  
great until next time take care of

1710  
01:07:55,530 --> 01:07:52,780  
yourself all right my man you as well

1711  
01:07:56,490 --> 01:07:55,540  
cool all right all right people how'd

1712  
01:07:58,440 --> 01:07:56,500  
you like that

1713  
01:08:01,020 --> 01:07:58,450

I loved it and Gordon's always good to

1714

01:08:04,349 --> 01:08:01,030

have but the chaos protocols is such

1715

01:08:06,150 --> 01:08:04,359

such a great book if you're lacking for

1716

01:08:07,890 --> 01:08:06,160

a road map in these troubled times it's

1717

01:08:10,710 --> 01:08:07,900

definitely the book to get it's funny

1718

01:08:14,010 --> 01:08:10,720

and an informative read you can't go

1719

01:08:16,499 --> 01:08:14,020

wrong and I guess today I did pat myself

1720

01:08:19,200 --> 01:08:16,509

on the back a little too much and I am

1721

01:08:21,180 --> 01:08:19,210

sorry if that got annoying but it's just

1722

01:08:23,610 --> 01:08:21,190

a good feeling to have a book like this

1723

01:08:25,740 --> 01:08:23,620

back up some of my wild decision-making

1724

01:08:27,930 --> 01:08:25,750

and it's a relief to now have an easy

1725

01:08:29,970 --> 01:08:27,940

thing to hand someone when they don't

1726

01:08:31,950 --> 01:08:29,980

understand what I do for a living or why

1727

01:08:33,930 --> 01:08:31,960

it's a smart idea it's the next

1728

01:08:35,939 --> 01:08:33,940

Christmas present for half my extended

1729

01:08:38,070 --> 01:08:35,949

family let's just make it easy guys and

1730

01:08:40,320 --> 01:08:38,080

Gordon lays out some of the magic that

1731

01:08:41,880 --> 01:08:40,330

he's had good results with and who

1732

01:08:43,890 --> 01:08:41,890

couldn't use that reference on their

1733

01:08:46,919 --> 01:08:43,900

shelf you know but when you think of

1734

01:08:49,620 --> 01:08:46,929

magic as less mysterious and more of a

1735

01:08:51,090 --> 01:08:49,630

flowery word for the mechanisms in which

1736

01:08:54,120 --> 01:08:51,100

consciousness interacts with the

1737

01:08:54,899 --> 01:08:54,130

material world people who find it evil

1738

01:08:56,820 --> 01:08:54,909

or wrong

1739

01:08:59,579 --> 01:08:56,830

start to sound pretty goofy because it

1740

01:09:02,010 --> 01:08:59,589

says natural as hearing or speech in a

1741

01:09:04,530 --> 01:09:02,020

way it's just a tool of interaction with

1742

01:09:06,120 --> 01:09:04,540

the world and what's beyond it and in

1743

01:09:09,090 --> 01:09:06,130

times like these it would be who of

1744

01:09:11,579 --> 01:09:09,100

anyone to explore and fine-tune all the

1745

01:09:13,229 --> 01:09:11,589

tools they have and the Plus show is

1746

01:09:15,059 --> 01:09:13,239

largely about that and this is a great

1747

01:09:17,220 --> 01:09:15,069

fluff show to have we got deeper into

1748

01:09:19,349 --> 01:09:17,230

the details of Gordon's magical

1749

01:09:21,419 --> 01:09:19,359

recommendations how to find the right

1750

01:09:23,189 --> 01:09:21,429

crossroads at which to forge your

1751

01:09:26,399 --> 01:09:23,199

relationship with the trickster of your

1752

01:09:28,470 --> 01:09:26,409

choice and a lot of other deep level

1753

01:09:30,570 --> 01:09:28,480

stuff in fact when we talked about the

1754

01:09:32,579 --> 01:09:30,580

trans-pacific partnership and some of

1755

01:09:34,620 --> 01:09:32,589

the major events going on geopolitically

1756

01:09:36,809 --> 01:09:34,630

as indicators that the elite are as

1757

01:09:39,300 --> 01:09:36,819

Gordon called it at the end of their

1758

01:09:41,070 --> 01:09:39,310

endgame that really should have been in

1759

01:09:42,329 --> 01:09:41,080

the Plus show but I couldn't do that I

1760

01:09:43,890 --> 01:09:42,339

really wanted to get it out there

1761

01:09:46,530 --> 01:09:43,900

because I just think he's got a better

1762

01:09:49,289 --> 01:09:46,540

approach to analyzing the PlayBook than

1763

01:09:52,709 --> 01:09:49,299

just saying Oh disclosure is coming out

1764

01:09:54,870 --> 01:09:52,719

of guessing or blind optimism he's

1765

01:09:57,000 --> 01:09:54,880

looking at something like the TPP and

1766

01:09:59,700 --> 01:09:57,010

the carbon tax schemes and giving you

1767

01:10:01,919 --> 01:09:59,710

reasons why this is happening and where

1768

01:10:03,780 --> 01:10:01,929

it may be going don't you wish more

1769

01:10:06,570 --> 01:10:03,790

guests and social commentators were just

1770

01:10:08,040 --> 01:10:06,580

half as thoughtful but being bold and

1771

01:10:10,830 --> 01:10:08,050

become an invincible another good

1772

01:10:12,600 --> 01:10:10,840

section that's sometimes scary right of

1773

01:10:14,580 --> 01:10:12,610

passage that really should be more

1774

01:10:17,070 --> 01:10:14,590

celebrated than some arbitrary bar

1775

01:10:19,379 --> 01:10:17,080

mitzvah or confirmation or baptism I

1776

01:10:21,570 --> 01:10:19,389

mean these are all empty hollowed out

1777

01:10:25,080 --> 01:10:21,580

versions of an experience that I do

1778

01:10:26,850 --> 01:10:25,090

think we all need to have and very few

1779

01:10:29,820 --> 01:10:26,860

are actually out there recommending and

1780

01:10:32,250 --> 01:10:29,830

I never thought of my early psychedelic

1781

01:10:34,379 --> 01:10:32,260

breakthroughs as the acclamation of

1782

01:10:37,410 --> 01:10:34,389

armor on the path to invincibility but

1783

01:10:39,870 --> 01:10:37,420

really they were and I'm lucky also to

1784

01:10:43,140 --> 01:10:39,880

have an encouraging partner my special

1785

01:10:45,660 --> 01:10:43,150

lady Theresa has talked me into several

1786

01:10:46,590 --> 01:10:45,670

things I initially said no to for one

1787

01:10:49,080 --> 01:10:46,600

reason or another

1788

01:10:51,419 --> 01:10:49,090

like the Don peyote bus tour I was gonna

1789

01:10:54,540 --> 01:10:51,429

pass until she grilled me on what a

1790

01:10:56,760 --> 01:10:54,550

random opportunity it was and of course

1791

01:10:58,680 --> 01:10:56,770

it was great but I just tend to say no

1792

01:11:00,720 --> 01:10:58,690

I'm alright a little more than I

1793

01:11:02,850 --> 01:11:00,730

probably should and how is the Magic's

1794

01:11:05,040 --> 01:11:02,860

supposed to work with that attitude you

1795

01:11:06,479 --> 01:11:05,050

wish an enchant for interesting

1796

01:11:08,610 --> 01:11:06,489

opportunities and when they come up you

1797

01:11:11,400 --> 01:11:08,620

gotta say yes I mean have you seen

1798

01:11:13,170 --> 01:11:11,410

yes man with Jim Carrey great great

1799

01:11:15,330 --> 01:11:13,180

movie that really drives that point home

1800

01:11:16,890 --> 01:11:15,340

but do what you can to say yes to your

1801

01:11:18,570 --> 01:11:16,900

own opportunities the hard part is

1802

01:11:21,930 --> 01:11:18,580

having them come your way all you got to

1803

01:11:23,820 --> 01:11:21,940

do is go with it and also encourage

1804

01:11:26,670 --> 01:11:23,830

others you care about to dive into their

1805

01:11:30,510 --> 01:11:26,680

opportunities there is no glory in the

1806

01:11:32,250 --> 01:11:30,520

cubicle people none but even I fail to

1807

01:11:34,260 --> 01:11:32,260

take my own advice sometimes there's

1808

01:11:36,420 --> 01:11:34,270

this festival here in California called

1809

01:11:39,240 --> 01:11:36,430

lightning in a bottle it's a pretty big

1810

01:11:41,550 --> 01:11:39,250

thing and shockingly they asked me to

1811

01:11:43,380 --> 01:11:41,560

speak and of course I said no because

1812

01:11:45,780 --> 01:11:43,390

I'd rather sit in my bunker and talk

1813

01:11:47,400 --> 01:11:45,790

into the microphone where it's safe but

1814

01:11:49,320 --> 01:11:47,410

I could have done that and I looked at

1815

01:11:51,690 --> 01:11:49,330

the roster and my main man Marty Leeds

1816

01:11:54,510 --> 01:11:51,700

he's gonna be there probably would have

1817

01:11:57,300 --> 01:11:54,520

been fun but I was too afraid of bombing

1818

01:11:59,340 --> 01:11:57,310

so nobody's perfect it is a process and

1819

01:12:01,080 --> 01:11:59,350

speaking of Marty he just released a

1820

01:12:02,970 --> 01:12:01,090

movie that sort of announced his

1821

01:12:05,250 --> 01:12:02,980

acceptance of the Flat Earth model can

1822

01:12:06,750 --> 01:12:05,260

you believe that I'm gonna have to get

1823

01:12:08,820 --> 01:12:06,760

him on to talk about that I'm pretty

1824

01:12:11,490 --> 01:12:08,830

surprised but I love the guy so we'll

1825

01:12:12,810 --> 01:12:11,500

have to see what's up I told you I

1826

01:12:14,130 --> 01:12:12,820

thought it pointed out some glaring

1827

01:12:18,420 --> 01:12:14,140

inconsistencies with what we've been

1828

01:12:20,700 --> 01:12:18,430

told but anyway great stuff Gordon white

1829

01:12:22,890 --> 01:12:20,710

really is the man do check out his rune

1830

01:12:25,350 --> 01:12:22,900

soup podcasts do pick up the book

1831

01:12:27,810 --> 01:12:25,360

forging your own path in an unfamiliar

1832

01:12:30,570 --> 01:12:27,820

economic landscape is scary no doubt

1833

01:12:33,030 --> 01:12:30,580

mine as well have a guidebook to

1834

01:12:35,100 --> 01:12:33,040

reference but what more can I say that

1835

01:12:37,410 --> 01:12:35,110

is it for today I've done what I can

1836

01:12:39,540 --> 01:12:37,420

your move elite architects of the

1837

01:12:42,990 --> 01:12:39,550

economic endgame and sorcerer's of the

1838

01:12:47,100 --> 01:12:43,000

new system your [h\_\_h] move

1839

01:12:51,480 --> 01:12:47,110

Cawood it's your show now so what's it

1840

01:12:55,920 --> 01:12:51,490

gonna be people will tune in to hear

1841

01:13:00,050 --> 01:12:55,930

another new conspiracy almost too much

1842

01:13:03,780 --> 01:13:00,060

oh we thought this was low it's bad

1843

01:13:07,010 --> 01:13:03,790

getting worse so we're all the good

1844

01:13:14,250 --> 01:13:09,570

they're on the higher side chats cuz

1845

01:13:17,870 --> 01:13:14,260

it's everybody's favorite show where all

1846

01:13:27,240 --> 01:13:20,700

he got Jamar's caught in white and then

1847

01:13:30,000 --> 01:13:27,250

this crowd they talk this and that on

1848

01:13:32,760 --> 01:13:30,010

the high side chat testing one two now

1849

01:13:35,280 --> 01:13:32,770

what you gonna do bad news misuse got

1850

01:13:39,209 --> 01:13:35,290

too much to lose give me some truth now

1851

01:13:42,450 --> 01:13:39,219

hoop side we on whatever you say turn on

1852

01:13:47,010 --> 01:13:42,460

the boob tube I'm in mood to obey so

1853

01:13:52,439 --> 01:13:47,020

lead me astray by the way now we're all

1854

01:13:57,900 --> 01:13:52,449

the good people go they lock them up it

1855

01:14:03,930 --> 01:13:57,910

seems were protesting Monsanto we're all

1856

01:14:09,950 --> 01:14:03,940

the good people go there on the THC my

1857

01:14:19,020 --> 01:14:15,720

sitting down new episode to hear wanna

1858

01:14:21,140 --> 01:14:19,030

light a bowl but I fear the police can

1859

01:14:24,160 --> 01:14:21,150

you hear me

1860

01:14:27,920 --> 01:14:24,170

and interrupt me from this friendly

1861

01:14:34,460 --> 01:14:27,930

conversation been waiting all week for

1862

01:14:39,200 --> 01:14:34,470

THC with the Carwood there's no

1863

01:14:45,770 --> 01:14:39,210

hesitation exposing the truth getting to

1864

01:14:49,820 --> 01:14:45,780

the elite scams schemes conspiracies and

1865

01:14:52,820 --> 01:14:49,830

treason it's an excellent show what I

1866

01:14:58,430 --> 01:14:52,830

need to know is where all the good

1867

01:15:03,320 --> 01:14:58,440

people go then only getting hate and

1868

01:15:09,020 --> 01:15:03,330

fear from all the other hos thread all

1869

01:15:17,090 --> 01:15:09,030

the good people go guess that makes huge

1870

01:15:19,850 --> 01:15:17,100

seem my favorite show on the high side

1871

01:15:20,360 --> 01:15:19,860

chat testing 1 2 now what you're gonna

1872

01:15:22,700 --> 01:15:20,370

do

1873

01:15:25,490 --> 01:15:22,710

bad news misuse come give me some truth

1874

01:15:29,660 --> 01:15:25,500

you got too much to lose recital with on

1875

01:15:31,550 --> 01:15:29,670

today anyway okay whatever you say wrong

1876

01:15:36,610 --> 01:15:31,560

it doesn't open in the mood to obey

1877

01:15:39,930 --> 01:15:36,620

Shinto station desensitizing the nation

1878

01:15:43,840 --> 01:15:42,280

hey guys thanks for listening to the

1879

01:15:46,180 --> 01:15:43,850

first hour of the higher side chats

1880

01:15:48,250 --> 01:15:46,190

podcast with me Greg Carl wood if you

1881

01:15:50,620 --> 01:15:48,260

don't know there is a second hour to all

1882

01:15:52,330 --> 01:15:50,630

the episodes we do around here generally

1883

01:15:54,070 --> 01:15:52,340

we're able to get a lot deeper into the

1884

01:15:56,080 --> 01:15:54,080

topics and ideas that a guest is about

1885

01:15:59,200 --> 01:15:56,090

so if you enjoyed what you've heard from

1886

01:16:01,420 --> 01:15:59,210

THC for free consider signing up at the

1887

01:16:03,370 --> 01:16:01,430

higher side chats plus com to get the

1888

01:16:05,710 --> 01:16:03,380

second hour of the 5 shows I put

1889

01:16:07,600 --> 01:16:05,720

together each month I never really

1890

01:16:09,310 --> 01:16:07,610

wanted to be a paid subscriber podcast

1891

01:16:11,290 --> 01:16:09,320

but I really hate the idea of spending

1892

01:16:13,420 --> 01:16:11,300

airtime promoting some product that's

1893

01:16:15,070 --> 01:16:13,430

completely unrelated and telling you the

1894

01:16:17,830 --> 01:16:15,080

best way to support the show is to buy

1895

01:16:19,720 --> 01:16:17,840

an audio book or new underwear by mail

1896

01:16:22,060 --> 01:16:19,730

or something crazy like that so instead

1897

01:16:23,680 --> 01:16:22,070

if you like the show double your time

1898

01:16:25,780 --> 01:16:23,690

with it for five bucks a month and let's

1899

01:16:27,400 --> 01:16:25,790

cut out all the other [h\_\_h] it's half the

1900

01:16:29,170 --> 01:16:27,410

price of a movie ticket and you get at

1901

01:16:31,780 --> 01:16:29,180

least an extra five hours of show a

1902

01:16:33,610 --> 01:16:31,790

month collectively it keeps us stable

1903

01:16:35,200 --> 01:16:33,620

and it frees me from wasting your time

1904

01:16:37,750 --> 01:16:35,210

with anything but the show you came to

1905

01:16:39,730 --> 01:16:37,760

listen to it's really the only way for

1906

01:16:41,530 --> 01:16:39,740

an independent one-man show to make it

1907

01:16:43,750 --> 01:16:41,540

and I do what I can so that it's worth

1908

01:16:45,730 --> 01:16:43,760

your while since we started this I've

1909

01:16:47,770 --> 01:16:45,740

always tried to use the subscriptions to

1910

01:16:50,320 --> 01:16:47,780

improve the podcast and make signups

1911

01:16:52,240 --> 01:16:50,330

more advantageous it started with just a

1912

01:16:53,920 --> 01:16:52,250

second hour for the main show but now

1913

01:16:55,960 --> 01:16:53,930

we've got a nice forum going where

1914

01:16:57,670 --> 01:16:55,970

people can get deeper in conversation

1915

01:17:00,580 --> 01:16:57,680

about the episodes with other listeners

1916

01:17:02,830 --> 01:17:00,590

submit a candidate in the guest request

1917

01:17:04,330 --> 01:17:02,840

thread or share their own personal

1918

01:17:06,610 --> 01:17:04,340

projects to get out of the soul-crushing

1919

01:17:09,160 --> 01:17:06,620

nine-to-five cog in the wheel life on

1920

01:17:10,840 --> 01:17:09,170

the entrepreneurs thread the forum in

1921

01:17:12,550 --> 01:17:10,850

the Plus comments are always the first

1922

01:17:14,800 --> 01:17:12,560

places I try to go for listener

1923

01:17:17,170 --> 01:17:14,810

engagement but it does get harder as the

1924

01:17:19,030 --> 01:17:17,180

show gets more popular because of that

1925

01:17:20,470 --> 01:17:19,040

there's also a direct messaging feature

1926

01:17:23,320 --> 01:17:20,480

that you can use to reach me through the

1927

01:17:24,940 --> 01:17:23,330

plus site also well beyond the forum if

1928

01:17:27,100 --> 01:17:24,950

you like any of the music I've used for

1929

01:17:28,900 --> 01:17:27,110

THC most of it I've hired artists to

1930

01:17:31,210 --> 01:17:28,910

make and I provided all its free

1931

01:17:32,620 --> 01:17:31,220

downloads to Plus members too so if you

1932

01:17:34,810 --> 01:17:32,630

like a particular song you've heard

1933

01:17:37,150 --> 01:17:34,820

close the show out recently come get the

1934

01:17:39,160 --> 01:17:37,160

mp3 I should also mention that if you

1935

01:17:41,500 --> 01:17:39,170

don't like the idea of paying \$5

1936

01:17:43,690 --> 01:17:41,510

recurring every month I get that you can

1937

01:17:46,030 --> 01:17:43,700

buy three months six months or a year

1938

01:17:47,770 --> 01:17:46,040

upfront and just be done with it I have

1939

01:17:50,350 --> 01:17:47,780

plenty of listeners who send checks and

1940

01:17:52,420 --> 01:17:50,360

money orders to the PIO box too I try to

1941

01:17:52,660 --> 01:17:52,430

make it as easy for people as I can and

1942

01:17:54,100 --> 01:17:52,670

you can

1943

01:17:56,830 --> 01:17:54,110

read more about it on the signup page

1944

01:17:58,540 --> 01:17:56,840

also be sure to check out the FAQ help

1945

01:18:00,190 --> 01:17:58,550

page on the plus site if you have any

1946

01:18:02,080 --> 01:18:00,200

questions or concerns about how to

1947

01:18:04,450 --> 01:18:02,090

listen to a password-protected show on

1948

01:18:06,340 --> 01:18:04,460

your devices I've highlighted a lot of

1949

01:18:08,830 --> 01:18:06,350

great solutions and one of those would

1950

01:18:11,500 --> 01:18:08,840

be the iPhone app that just recently hit

1951

01:18:13,660 --> 01:18:11,510

the Apple App Store a super kind and

1952

01:18:15,490 --> 01:18:13,670

talented listener made it for us and you

1953

01:18:17,650 --> 01:18:15,500

can use it to stream or download either

1954

01:18:20,620 --> 01:18:17,660

the free or the plus show if you're on

1955

01:18:22,210 --> 01:18:20,630

Android I'd use pocket casts or podcast

1956

01:18:24,790 --> 01:18:22,220

addict and subscribe to the feed

1957

01:18:27,490 --> 01:18:24,800

manually that way I also try to throw an

1958

01:18:29,470 --> 01:18:27,500

occasional bonus shows or QA shows and

1959

01:18:31,660 --> 01:18:29,480

I've got a few other weird ideas I might

1960

01:18:33,610 --> 01:18:31,670

get to try out soon but I give you all I

1961

01:18:35,290 --> 01:18:33,620

can for five bucks and I hope you'll at

1962

01:18:37,000 --> 01:18:35,300

least give it a shot if you've listened

1963

01:18:38,770 --> 01:18:37,010

to a few free shows and you find them

1964

01:18:40,540 --> 01:18:38,780

unique or valuable I know there's a lot

1965

01:18:42,700 --> 01:18:40,550

of podcasts out there and I'm just one

1966

01:18:44,500 --> 01:18:42,710

of them but if you have any questions

1967

01:18:45,940 --> 01:18:44,510

concerns or comments about any of this

1968

01:18:48,910 --> 01:18:45,950

please get in touch with us at the

1969

01:18:50,830 --> 01:18:48,920

higher side chats team at gmail.com I

1970

01:18:52,240 --> 01:18:50,840

also wanted to plug the higher side

1971

01:18:54,070 --> 01:18:52,250

newsletter I'm going to be putting out

1972

01:18:56,320 --> 01:18:54,080

totally free for anyone who wants to

1973

01:18:58,720 --> 01:18:56,330

sign up at the main Internet web site

1974

01:19:00,610 --> 01:18:58,730

for the show the higher side chats com

1975

01:19:02,380 --> 01:19:00,620

you can also get on that email list

1976

01:19:04,720 --> 01:19:02,390

through the higher side chats Facebook

1977

01:19:06,190 --> 01:19:04,730

page there's a button there as well but

1978

01:19:08,680 --> 01:19:06,200

the reason I'm doing this is because I

1979

01:19:10,780 --> 01:19:08,690

get tons and tons of emails after a show

1980

01:19:12,670 --> 01:19:10,790

goes up asking me about how I feel about

1981

01:19:14,260 --> 01:19:12,680

a particular guest or topic and the

1982

01:19:16,180 --> 01:19:14,270

wrap-up isn't always the best place to

1983

01:19:18,220 --> 01:19:16,190

do that especially if I have anything

1984

01:19:20,080 --> 01:19:18,230

negative to say sometimes the dust needs

1985

01:19:22,570 --> 01:19:20,090

to settle sometimes I need to hear

1986

01:19:24,130 --> 01:19:22,580

feedback from you guys first there are a

1987

01:19:25,750 --> 01:19:24,140

lot of factors but I usually have

1988

01:19:28,330 --> 01:19:25,760

something to communicate to you and I

1989

01:19:28,720 --> 01:19:28,340

just don't get to do it so on the 1st of

1990

01:19:30,340 --> 01:19:28,730

the month

1991

01:19:32,230 --> 01:19:30,350

I plan to send out a little newsletter

1992

01:19:34,090 --> 01:19:32,240

with my thoughts about the 5 shows the

1993

01:19:36,100 --> 01:19:34,100

previous month and talk to you about

1994

01:19:38,470 --> 01:19:36,110

anything else that's on my mind or

1995

01:19:40,390 --> 01:19:38,480

that's going on and what's probably most

1996

01:19:42,250 --> 01:19:40,400

enticing is that I'm gonna give you some

1997

01:19:44,380 --> 01:19:42,260

insight into at least one guest I have

1998

01:19:46,360 --> 01:19:44,390

coming up in the month which people have

1999

01:19:48,580 --> 01:19:46,370

been begging for some posted schedule

2000

01:19:50,560 --> 01:19:48,590

for a long time I personally think I'd

2001

01:19:52,390 --> 01:19:50,570

like the surprise but sign up for the

2002

01:19:53,950 --> 01:19:52,400

higher side newsletter it's free it

2003

01:19:55,480 --> 01:19:53,960

comes out on the 1st of the month and I

2004

01:19:58,270 --> 01:19:55,490

won't waste your time with any other

2005

01:19:59,920 --> 01:19:58,280

emails and that's it I appreciate you

2006

01:20:02,080 --> 01:19:59,930

listening I try to give alternative

2007

01:20:04,470 --> 01:20:02,090

ideas and guests a fair shake on a high

2008

01:20:06,609 --> 01:20:04,480

quality podcast expose some deep level

2009

01:20:08,530 --> 01:20:06,619

conspiracies without the yelling

2010

01:20:10,270 --> 01:20:08,540

and I hope to offer some inspiration

2011

01:20:11,919 --> 01:20:10,280

that even though the system relentlessly

2012

01:20:14,379 --> 01:20:11,929

suggests you should follow their

2013

01:20:16,120 --> 01:20:14,389

blueprint to mediocrity you can do your

2014

01:20:18,070 --> 01:20:16,130

own thing and live a much happier life

2015

01:20:20,890 --> 01:20:18,080

despite all the negativity in the world
