THE
HIGHERSIDE
CHAT

1
00:00:06,710 --> 00:00:34,870
surely have a plan that's true

2
00:00:34,880 --> 00:00:42,760
without you

3
00:00:47,240 --> 00:00:45,440
all right people many of us see the

4
00:00:48,350 --> 00:00:47,250
signs that were on the verge of chaos in

5
00:00:49,940 --> 00:00:48,360
more ways than one

6
00:00:52,070 --> 00:00:49,950
tensions are high in America with an

7
00:00:53,510 --> 00:00:52,080
election cycle as polarizing as ever and

8
00:00:55,760 --> 00:00:53,520
the war with police becoming the new

9
00:00:57,410 --> 00:00:55,770
normal Europeans are lashing out against

10
00:00:59,540 --> 00:00:57,420
their EU overlords the

11
00:01:01,790 --> 00:00:59,550
military-industrial complex is doing all

12
00:01:03,650 --> 00:01:01,800
it can to invoke World War 3 and the

13
00:01:05,630 --> 00:01:03,660

Ponzi scheme house of cards that is the

14

00:01:07,730 --> 00:01:05,640

globalist economy seems to be on shaky

15

00:01:09,380 --> 00:01:07,740

er ground than ever these are troubled

16

00:01:11,540 --> 00:01:09,390

times indeed and lucky for us Jeff

17

00:01:13,790 --> 00:01:11,550

Berwick the dollar vigilante himself is

18

00:01:15,620 --> 00:01:13,800

back on THC to talk about bold and

19

00:01:17,080 --> 00:01:15,630

creative ways to keep us afloat amongst

20

00:01:18,859 --> 00:01:17,090

the madness Jeff is an

21

00:01:20,690 --> 00:01:18,869

anarcho-capitalist and freedom fighter

22

00:01:22,520 --> 00:01:20,700

against mankind's two biggest enemies

23

00:01:23,930 --> 00:01:22,530

the state and the central bank's of

24

00:01:25,580 --> 00:01:23,940

course he's also the founder of the

25

00:01:28,490 --> 00:01:25,590

dollar vigilante and host of the popular

26

00:01:30,230 --> 00:01:28,500

video podcast and our cast chef was

27

00:01:31,910 --> 00:01:30,240

fortunate enough to capitalize at the

28

00:01:33,740 --> 00:01:31,920

peak of the tech bubble which freed him

29

00:01:35,810 --> 00:01:33,750

up to travel to over a hundred countries

30

00:01:37,430 --> 00:01:35,820

and five years and as a result has

31

00:01:39,590 --> 00:01:37,440

become one of the biggest proponents of

32

00:01:41,749 --> 00:01:39,600

the permanent traveler prior tax payer

33

00:01:43,910 --> 00:01:41,759

theory a true citizen of the world and a

34

00:01:46,280 --> 00:01:43,920

man bound by no borders Jeff welcome

35

00:01:49,400 --> 00:01:46,290

back to THC men always a pleasure it's

36

00:01:51,350 --> 00:01:49,410

been too long yeah man definitely it's

37

00:01:53,600 --> 00:01:51,360

been about three years since that last

38

00:01:55,609 --> 00:01:53,610

show obviously a lot has changed I guess

39

00:01:57,559 --> 00:01:55,619

to kick this off tell us a bit about

40

00:01:59,240 --> 00:01:57,569

what you've been up to and how you've

41

00:02:01,130 --> 00:01:59,250

been navigating these rough waters and

42

00:02:02,540 --> 00:02:01,140

what you've been seeing out there what

43

00:02:05,900 --> 00:02:02,550

I've been up to for the last three years

44

00:02:07,040 --> 00:02:05,910

I wow I don't even know it's been like I

45

00:02:09,800 --> 00:02:07,050

said it's been a while since I've been

46

00:02:12,140 --> 00:02:09,810

on of course I love your show and so

47

00:02:13,370 --> 00:02:12,150

glad to be back on I don't even know

48

00:02:15,199 --> 00:02:13,380

what I've done the last few years it did

49

00:02:16,760 --> 00:02:15,209

so much it's been a it's just been

50

00:02:19,250 --> 00:02:16,770

insane really if you look at everything

51
00:02:20,420 --> 00:02:19,260
happening in the world today I just know

52
00:02:22,850 --> 00:02:20,430
I remember when I started the dollar

53
00:02:24,500 --> 00:02:22,860
visual on say in 2010 my biggest

54
00:02:26,360 --> 00:02:24,510
question was what am I gonna write about

55
00:02:28,130 --> 00:02:26,370
every day would just wasn't that much

56
00:02:29,690 --> 00:02:28,140
stuff happening it was there was

57
00:02:31,220 --> 00:02:29,700
definitely stuff happening but it wasn't

58
00:02:32,870 --> 00:02:31,230
like anything like what's been going on

59
00:02:34,910 --> 00:02:32,880
for the last few years and it just seems

60
00:02:36,559 --> 00:02:34,920
to be speeding up even more and more now

61
00:02:38,420 --> 00:02:36,569
and I think the reason is because we're

62
00:02:41,449 --> 00:02:38,430
headed we're getting closer and closer

63
00:02:44,050 --> 00:02:41,459

to just complete crazy collapse sort of

64

00:02:48,380 --> 00:02:44,060

situation perhaps war as you brought up

65

00:02:50,580 --> 00:02:48,390

all sorts of civil unrest as possible

66

00:02:53,550 --> 00:02:50,590

definitely this summer

67

00:02:56,880 --> 00:02:53,560

the financially things are just so close

68

00:03:00,480 --> 00:02:56,890

to the end right now of course 2008 to

69

00:03:01,770 --> 00:03:00,490

almost all blew up it didn't fully blow

70

00:03:03,300 --> 00:03:01,780

up because they just decided to print

71

00:03:04,830 --> 00:03:03,310

more money for the last eight years and

72

00:03:06,840 --> 00:03:04,840

go into negative interest rates now

73

00:03:09,570 --> 00:03:06,850

which is insane so yeah there's so much

74

00:03:11,160 --> 00:03:09,580

going on and I I'm just working

75

00:03:12,390 --> 00:03:11,170

literally pretty much from the time I

76

00:03:15,480 --> 00:03:12,400

get up to the time I go to sleep

77

00:03:17,760 --> 00:03:15,490

everyday just try to keep up mmm yeah

78

00:03:20,580 --> 00:03:17,770

man it is tough and last time we talked

79

00:03:22,440 --> 00:03:20,590

we focused really on the reality that

80

00:03:24,150 --> 00:03:22,450

it's such an uphill battle for Americans

81

00:03:26,010 --> 00:03:24,160

and the like because our system is

82

00:03:28,230 --> 00:03:26,020

showing us fewer and fewer options lower

83

00:03:30,780 --> 00:03:28,240

wages crippling health care and college

84

00:03:32,460 --> 00:03:30,790

loan systems and has also taken 40% of

85

00:03:34,500 --> 00:03:32,470

our taxes before we even see that

86

00:03:37,020 --> 00:03:34,510

paycheck but I found some of your

87

00:03:39,390 --> 00:03:37,030

creative international options to be

88

00:03:41,430 --> 00:03:39,400

pretty hope inspiring and attainable for

89

00:03:43,370 --> 00:03:41,440

anyone who's just had a basic amount of

90

00:03:45,780 --> 00:03:43,380

resources maybe you can tell us about

91

00:03:47,430 --> 00:03:45,790

where you see some of the best options

92

00:03:50,820 --> 00:03:47,440

around the globe for a do-over these

93

00:03:52,440 --> 00:03:50,830

days well we should I guess we should

94

00:03:55,440 --> 00:03:52,450

start sort of at the beginning we just

95

00:03:57,330 --> 00:03:55,450

passed July 4th which is Independence

96

00:03:59,100 --> 00:03:57,340

Day which no one release it celebrates

97

00:04:01,710 --> 00:03:59,110

anymore they don't celebrate the end and

98

00:04:03,960 --> 00:04:01,720

part of it they celebrate the the

99

00:04:05,970 --> 00:04:03,970

government part of it the flags and the

100

00:04:08,040 --> 00:04:05,980

fireworks that are all paid for by those

101

00:04:10,650 --> 00:04:08,050

that stolen money and isn't it funny

102

00:04:13,259 --> 00:04:10,660

that it was the entire independence

103

00:04:16,500 --> 00:04:13,269

revolution in the u.s. was because of a

104

00:04:18,870 --> 00:04:16,510

2% tax on tea and just tea there was no

105

00:04:22,050 --> 00:04:18,880

income taxes no nothing else and people

106

00:04:24,570 --> 00:04:22,060

fought a really bloody war over that 2%

107

00:04:26,880 --> 00:04:24,580

and now as you mentioned 4050 percent of

108

00:04:28,710 --> 00:04:26,890

tax of income tax that's just income tax

109

00:04:32,100 --> 00:04:28,720

not including the sales tax capital

110

00:04:35,070 --> 00:04:32,110

gains tax you can literally go on and on

111

00:04:36,450 --> 00:04:35,080

for hours on all the taxes I think if

112

00:04:39,000 --> 00:04:36,460

you really added them all up for most

113

00:04:41,310 --> 00:04:39,010

people it's probably 60 or 70 percent of

114

00:04:42,719 --> 00:04:41,320

what they make goes towards taxes and no

115

00:04:45,540 --> 00:04:42,729

one seems to mind anymore so that

116

00:04:47,640 --> 00:04:45,550

dumbing down sort of processes I really

117

00:04:49,620 --> 00:04:47,650

worked out that it was really two people

118

00:04:52,170 --> 00:04:49,630

in the 20th century he's sort of

119

00:04:53,460 --> 00:04:52,180

outlined what the agenda was that they

120

00:04:54,960 --> 00:04:53,470

were both essentially insiders

121

00:04:56,940 --> 00:04:54,970

essentially freemasons

122

00:04:59,070 --> 00:04:56,950

George Orwell of course and Aldous

123

00:05:01,170 --> 00:04:59,080

Huxley they both wrote two different

124

00:05:02,860 --> 00:05:01,180

ways that things could go and actually

125

00:05:05,650 --> 00:05:02,870

it's turned out both of them actually

126

00:05:07,180 --> 00:05:05,660

and 1984 of course and now with the NSA

127

00:05:08,950 --> 00:05:07,190

watching and reading everything you're

128

00:05:10,810 --> 00:05:08,960

doing and complete surveillance states

129

00:05:12,310 --> 00:05:10,820

and all this sort of political language

130

00:05:14,290 --> 00:05:12,320

everything's the opposite of what it

131

00:05:16,570 --> 00:05:14,300

means like the Patriot Act is the exact

132

00:05:19,540 --> 00:05:16,580

opposite of what patriotism should

133

00:05:21,159 --> 00:05:19,550

actually be and things like that and any

134

00:05:23,140 --> 00:05:21,169

of aldous huxley's i know what they'll

135

00:05:24,909 --> 00:05:23,150

do is they'll just dumb everyone down

136

00:05:26,590 --> 00:05:24,919

the put fluoride in the water which is a

137

00:05:28,570 --> 00:05:26,600

poison which actually turns off your

138

00:05:30,520 --> 00:05:28,580

third eye which actually turns off your

139

00:05:31,719 --> 00:05:30,530

awareness level in general that's why

140

00:05:33,400 --> 00:05:31,729

they actually had it in the

141

00:05:35,200 --> 00:05:33,410

concentration camps in germany which

142

00:05:37,030 --> 00:05:35,210

actually most of that stuff's not true

143

00:05:38,920 --> 00:05:37,040

but they were actually putting fluoride

144

00:05:40,840 --> 00:05:38,930

in the water there because it actually

145

00:05:41,920 --> 00:05:40,850

just was people down and doesn't make

146

00:05:43,570 --> 00:05:41,930

them think too much and then of course

147

00:05:45,430 --> 00:05:43,580

they give them all sorts of things and

148

00:05:47,500 --> 00:05:45,440

they make all the sort of decent sort of

149

00:05:49,060 --> 00:05:47,510

things that make you think a little bit

150

00:05:50,650 --> 00:05:49,070

they make those illegal things like even

151

00:05:53,320 --> 00:05:50,660

marijuana that makes you think a bit

152

00:05:56,110 --> 00:05:53,330

then there's even much bigger things

153

00:05:57,129 --> 00:05:56,120

like GMT and ayahuasca and iboga and all

154

00:05:58,540 --> 00:05:57,139

these things and all those are illegal

155

00:06:00,909 --> 00:05:58,550

in the US because they don't want people

156

00:06:03,040 --> 00:06:00,919

to get outside of this control grid

157

00:06:04,240 --> 00:06:03,050

matrix that they've got people in which

158

00:06:05,830 --> 00:06:04,250

also works for the television

159

00:06:08,379 --> 00:06:05,840

programming and it's called programming

160

00:06:10,270 --> 00:06:08,389

for a reason and then they sell them all

161

00:06:11,950 --> 00:06:10,280

these they're actually a really horrible

162

00:06:14,680 --> 00:06:11,960

thing one of the worst drugs in the

163

00:06:16,690 --> 00:06:14,690

world is alcohol and the other side

164

00:06:18,219 --> 00:06:16,700

effect of alcohol is that it just makes

165

00:06:21,219 --> 00:06:18,229

you kind of dump them it kind of just

166

00:06:23,770 --> 00:06:21,229

makes you stupid and not think about

167

00:06:26,140 --> 00:06:23,780

things and and you know cheer for

168

00:06:28,029 --> 00:06:26,150

football and stuff like that which you

169

00:06:29,740 --> 00:06:28,039

know football is fine but the entire

170

00:06:31,390 --> 00:06:29,750

sort of thing is just to keep people

171

00:06:33,640 --> 00:06:31,400

pretty much dumbed down and they've done

172

00:06:36,159 --> 00:06:33,650

that so I guess we started this with the

173

00:06:37,719 --> 00:06:36,169

question was you know how do people kind

174

00:06:40,060 --> 00:06:37,729

of get outside of the system a little

175

00:06:42,219 --> 00:06:40,070

bit and definitely the taxation system

176
00:06:44,290 --> 00:06:42,229
and so what you're alluding to there I

177
00:06:46,360 --> 00:06:44,300
think is sort of what I've been doing

178
00:06:48,339 --> 00:06:46,370
for the last ten or more years actually

179
00:06:50,950 --> 00:06:48,349
something called the permanent traveler

180
00:06:53,350 --> 00:06:50,960
or prior tax payer theory called PT

181
00:06:54,670 --> 00:06:53,360
theory or lifestyle and it was actually

182
00:06:56,800 --> 00:06:54,680
created by someone named Harry Schultz

183
00:06:58,270 --> 00:06:56,810
way back in like the 60s or 70s which

184
00:06:59,469 --> 00:06:58,280
was really quite amazing because the

185
00:07:01,330 --> 00:06:59,479
fact that he was thinking about this

186
00:07:03,460 --> 00:07:01,340
stuff even back then is amazing because

187
00:07:05,770 --> 00:07:03,470
it's so much worse now so I could I

188
00:07:07,600 --> 00:07:05,780

could even imagine if I lived in the 60s

189

00:07:09,159 --> 00:07:07,610

in the u.s. I'd be like yeah it's you

190

00:07:10,629 --> 00:07:09,169

know there's taxes and stuff but it's

191

00:07:12,520 --> 00:07:10,639

not too bad you can still do quite well

192

00:07:14,890 --> 00:07:12,530

there's not a ton of regulation you

193

00:07:16,060 --> 00:07:14,900

could still a lot of freedom I wouldn't

194

00:07:17,680 --> 00:07:16,070

have been so worried about but even

195

00:07:19,900 --> 00:07:17,690

back then he was like no way I'm not

196

00:07:22,270 --> 00:07:19,910

putting up with this so I'm going to

197

00:07:23,650 --> 00:07:22,280

start this sort of show people how to

198

00:07:25,660 --> 00:07:23,660

live in a way that they're not really

199

00:07:27,280 --> 00:07:25,670

under the rule of any one

200

00:07:29,380 --> 00:07:27,290

government and that's what the theory is

201
00:07:31,270 --> 00:07:29,390
and it actually turned out Harry Schultz

202
00:07:33,310 --> 00:07:31,280
is a big fan of ours now which is really

203
00:07:34,600 --> 00:07:33,320
kind of cool I didn't even know when I

204
00:07:36,250 --> 00:07:34,610
first started doing it I didn't even

205
00:07:38,590 --> 00:07:36,260
know there was a theory to it I just

206
00:07:40,900 --> 00:07:38,600
sort of came up on with it mostly on my

207
00:07:42,430 --> 00:07:40,910
own it's not actually that difficult and

208
00:07:44,320 --> 00:07:42,440
we can go into how to do it and things

209
00:07:46,090 --> 00:07:44,330
like that but I sort of started doing

210
00:07:49,510 --> 00:07:46,100
and then I heard about this and that oh

211
00:07:51,190 --> 00:07:49,520
yeah that's what I'm doing and so it's

212
00:07:53,860 --> 00:07:51,200
actually it's just a way to get outside

213
00:07:55,150 --> 00:07:53,870

of anyone government controlling you and

214

00:07:56,800 --> 00:07:55,160

I don't know if you wanted me to go into

215

00:07:59,410 --> 00:07:56,810

all the details of how to do that but

216

00:08:02,350 --> 00:07:59,420

that's essentially how I live so I don't

217

00:08:04,510 --> 00:08:02,360

have to legally not that I care too much

218

00:08:07,000 --> 00:08:04,520

about government laws but it is nice to

219

00:08:09,310 --> 00:08:07,010

know that they don't have a real reason

220

00:08:11,550 --> 00:08:09,320

to come after me I I legally don't have

221

00:08:15,040 --> 00:08:11,560

to pay taxes because of the way I live

222

00:08:17,140 --> 00:08:15,050

and I essentially live in a way that

223

00:08:18,640 --> 00:08:17,150

even everything I do doesn't have to pay

224

00:08:20,170 --> 00:08:18,650

taxes all legally and this is actually

225

00:08:23,680 --> 00:08:20,180

what many of the elites do already

226

00:08:26,920 --> 00:08:23,690

that's why people like Mitt Romney have

227

00:08:29,170 --> 00:08:26,930

like 300 offshore companies and most of

228

00:08:30,910 --> 00:08:29,180

the corporations like Apple and all that

229

00:08:32,320 --> 00:08:30,920

they have it all set up in ways that

230

00:08:34,570 --> 00:08:32,330

they don't have to pay much taxes which

231

00:08:38,920 --> 00:08:34,580

I applaud I want no one to pay taxes

232

00:08:41,200 --> 00:08:38,930

that taxes are a I think was who was it

233

00:08:43,000 --> 00:08:41,210

Sir Isaac Newton or one of them who said

234

00:08:46,360 --> 00:08:43,010

that there's only two things certain in

235

00:08:49,000 --> 00:08:46,370

life death and taxes well that's BS the

236

00:08:51,610 --> 00:08:49,010

day death maybe and even that might be

237

00:08:54,400 --> 00:08:51,620

going away but taxes is totally not

238

00:08:56,170 --> 00:08:54,410

certain he was one of those in say all

239

00:08:57,760 --> 00:08:56,180

the people who founded the u.s. they

240

00:09:00,610 --> 00:08:57,770

were all freemasons that's why the

241

00:09:03,700 --> 00:09:00,620

Washington DC district criminals is set

242

00:09:05,620 --> 00:09:03,710

up in the way it is is all with Masonic

243

00:09:07,150 --> 00:09:05,630

symbolism everywhere because they're all

244

00:09:08,950 --> 00:09:07,160

Freemasons and even on the back of the

245

00:09:11,440 --> 00:09:08,960

one dollar bill today the Federal

246

00:09:13,810 --> 00:09:11,450

Reserve Note is a freemason symbol of

247

00:09:15,220 --> 00:09:13,820

the pyramid with the all-seeing eye so

248

00:09:16,990 --> 00:09:15,230

this has been going on actually for

249

00:09:20,920 --> 00:09:17,000

centuries even when I think it was near

250

00:09:24,040 --> 00:09:20,930

one of those get who was I get them all

251
00:09:25,630 --> 00:09:24,050
confused but what are those guys he's

252
00:09:28,390 --> 00:09:25,640
found in the u.s. I guess was an Isaac

253
00:09:30,370 --> 00:09:28,400
Newton and so I was do you member who

254
00:09:32,350 --> 00:09:30,380
said that there's not nothing I was

255
00:09:34,060 --> 00:09:32,360
gonna say Jefferson or Benjamin Franklin

256
00:09:35,740 --> 00:09:34,070
Franklin that's who as I always get the

257
00:09:37,570 --> 00:09:35,750
confused yeah I'm pretty sure was

258
00:09:39,340 --> 00:09:37,580
Franklin one of those rich white guys

259
00:09:42,400 --> 00:09:39,350
from the history books yeah basically

260
00:09:43,570 --> 00:09:42,410
and so that's essentially how they have

261
00:09:45,040 --> 00:09:43,580
it all set up and they want people to

262
00:09:47,350 --> 00:09:45,050
think well this is you know that we just

263
00:09:49,660 --> 00:09:47,360

have to have these governments you have

264

00:09:52,450 --> 00:09:49,670

to be owned by somebody and you have to

265

00:09:53,829 --> 00:09:52,460

you owe them money for no reason and so

266

00:09:56,140 --> 00:09:53,839

they've been doing that for a long time

267

00:09:58,240 --> 00:09:56,150

and it's unfortunate as I started out

268

00:10:00,520 --> 00:09:58,250

saying that it was you know back when

269

00:10:02,380 --> 00:10:00,530

there was the American Revolution and

270

00:10:04,570 --> 00:10:02,390

Independence Day and things like that

271

00:10:05,950 --> 00:10:04,580

and people really were standing up and

272

00:10:09,280 --> 00:10:05,960

saying no you're not going to tell us

273

00:10:12,310 --> 00:10:09,290

what to do and now it's you know land of

274

00:10:13,690 --> 00:10:12,320

the free and in the u.s. it's so unfree

275

00:10:15,400 --> 00:10:13,700

it's one of the least free countries in

276

00:10:17,140 --> 00:10:15,410

the world now but by far right then

277

00:10:20,770 --> 00:10:17,150

nothing even comes close up for Cuba

278

00:10:22,690 --> 00:10:20,780

North Korea Venezuela to an extent but

279

00:10:25,090 --> 00:10:22,700

surely after that it's the u.s. is just

280

00:10:27,130 --> 00:10:25,100

so much rules and regulations and taxes

281

00:10:29,170 --> 00:10:27,140

and fines and cops watching you

282

00:10:30,910 --> 00:10:29,180

everywhere you go and the government

283

00:10:33,940 --> 00:10:30,920

reading all your email even worse and it

284

00:10:36,640 --> 00:10:33,950

was in East Germany oh when they have

285

00:10:37,780 --> 00:10:36,650

the Stasi it's trying to watch and go in

286

00:10:39,040 --> 00:10:37,790

around restaurants and listening to

287

00:10:41,140 --> 00:10:39,050

people there they're doing way better

288

00:10:43,200 --> 00:10:41,150

than that now so it's kind of sad that

289

00:10:45,700 --> 00:10:43,210

most people don't even realize how

290

00:10:47,170 --> 00:10:45,710

enslaved they are and they actually many

291

00:10:48,970 --> 00:10:47,180

people actually enjoy their slate

292

00:10:51,700 --> 00:10:48,980

enslavement that's why July 4th is such

293

00:10:54,250 --> 00:10:51,710

a fun day for so many people it's like

294

00:10:58,060 --> 00:10:54,260

yeah we're owned by the best this is the

295

00:11:01,840 --> 00:10:58,070

best best people to be owned by which

296

00:11:03,220 --> 00:11:01,850

actually isn't even true and so yeah

297

00:11:05,560 --> 00:11:03,230

hopefully people and I'm I'm sure many

298

00:11:07,240 --> 00:11:05,570

people who listen to your show are the

299

00:11:10,810 --> 00:11:07,250

kind of people or like no I don't want

300

00:11:12,670 --> 00:11:10,820

to be I own myself no one else I did not

301
00:11:15,250 --> 00:11:12,680
grant any permission for anyone else to

302
00:11:17,079 --> 00:11:15,260
own me and it's just sad that so many

303
00:11:19,540 --> 00:11:17,089
people in the US today had forgotten

304
00:11:21,280 --> 00:11:19,550
about everything to do with freedom and

305
00:11:23,890 --> 00:11:21,290
liberty and and now they think freedom

306
00:11:25,240 --> 00:11:23,900
is things like democracy which actually

307
00:11:26,620 --> 00:11:25,250
the founding fathers so many of them

308
00:11:28,060 --> 00:11:26,630
were against democracy and they warned

309
00:11:30,700 --> 00:11:28,070
about it they said if you do this it's

310
00:11:32,260 --> 00:11:30,710
going to be really bad now the many

311
00:11:34,150 --> 00:11:32,270
Americans because of the government's

312
00:11:36,100 --> 00:11:34,160
indoctrination camps the school systems

313
00:11:37,569 --> 00:11:36,110

twelve years of them and that was a

314

00:11:38,829 --> 00:11:37,579

demerit Lenin who said if you give me

315

00:11:39,759 --> 00:11:38,839

your child for four years the seed I

316

00:11:41,590 --> 00:11:39,769

plant will never be

317

00:11:43,239 --> 00:11:41,600

rooted now that I'm for 12 years of

318

00:11:44,919 --> 00:11:43,249

people actually think what's so great

319

00:11:46,600 --> 00:11:44,929

about the u.s. is democracy it's like

320

00:11:48,519 --> 00:11:46,610

well that's wasn't original plan that's

321

00:11:49,869 --> 00:11:48,529

for sure and now they're like yes and

322

00:11:51,280 --> 00:11:49,879

now I guess we got to go around the

323

00:11:55,119 --> 00:11:51,290

world and bomb people to give them

324

00:11:57,939 --> 00:11:55,129

democracy it's like what so yeah it's

325

00:11:59,049 --> 00:11:57,949

it's pretty crazy but hopefully so I I'm

326

00:12:02,259 --> 00:11:59,059

seeing signs that some people are

327

00:12:04,809 --> 00:12:02,269

starting to wake up but it's just you

328

00:12:07,239 --> 00:12:04,819

know I'm gonna be a the collapse of all

329

00:12:08,799 --> 00:12:07,249

this craziness is going to be really bad

330

00:12:11,619 --> 00:12:08,809

and then hopefully we can move on after

331

00:12:13,780 --> 00:12:11,629

that to some sort of beautiful free and

332

00:12:15,609 --> 00:12:13,790

prosperous sort of world after that but

333

00:12:19,239 --> 00:12:15,619

it's not going to come without a lot of

334

00:12:20,949 --> 00:12:19,249

problems before him yeah hey man yeah

335

00:12:22,689 --> 00:12:20,959

you you've laid out quite a bit there

336

00:12:25,150 --> 00:12:22,699

and I think a lot of us see the problems

337

00:12:26,979 --> 00:12:25,160

but Americans I think many of us just

338

00:12:28,900 --> 00:12:26,989

stick with what we know if we've never

339

00:12:31,889 --> 00:12:28,910

traveled outside of the American bubble

340

00:12:34,449 --> 00:12:31,899

as bad as it seems inside the

341

00:12:36,369 --> 00:12:34,459

uncertainty of what's out there can seem

342

00:12:38,019 --> 00:12:36,379

even scarier I think to a lot of people

343

00:12:40,299 --> 00:12:38,029

and also they're shackled to that

344

00:12:42,579 --> 00:12:40,309

nine-to-five job they can't have their

345

00:12:45,579 --> 00:12:42,589

mobility back and the critics would say

346

00:12:47,169 --> 00:12:45,589

that the permanent traveler kind of

347

00:12:49,449 --> 00:12:47,179

lifestyle isn't all that realistic

348

00:12:51,879 --> 00:12:49,459

unless you do have a great amount of

349

00:12:53,650 --> 00:12:51,889

wealth but maybe you could dispel that a

350

00:12:55,119 --> 00:12:53,660

little bit is there too much red tape

351

00:12:57,549 --> 00:12:55,129

involved or is it doable what are some

352

00:12:59,499 --> 00:12:57,559

of the clip notes to that lifestyle yeah

353

00:13:01,749 --> 00:12:59,509

that's something I hear a lot and you

354

00:13:04,780 --> 00:13:01,759

can actually do what I'm doing very

355

00:13:06,689 --> 00:13:04,790

cheaply and very easily but you have to

356

00:13:08,559 --> 00:13:06,699

be smart about how you do it of course

357

00:13:12,100 --> 00:13:08,569

it's definitely not something that's

358

00:13:13,809 --> 00:13:12,110

just for rich people you can I know so

359

00:13:15,369 --> 00:13:13,819

many people who don't have a lot of

360

00:13:17,019 --> 00:13:15,379

money who have essentially done this so

361

00:13:19,509 --> 00:13:17,029

ascent first step for most people would

362

00:13:22,359 --> 00:13:19,519

just be to leave the US and you pointed

363

00:13:23,559 --> 00:13:22,369

out right off the bat that so many

364

00:13:25,179 --> 00:13:23,569

people are scared to leave the US

365

00:13:26,859 --> 00:13:25,189

because on the mainstream media the

366

00:13:29,470 --> 00:13:26,869

television programming and it's called

367

00:13:31,480 --> 00:13:29,480

programming for a reason and they fear

368

00:13:33,639 --> 00:13:31,490

fear oh look this country look how bad

369

00:13:35,470 --> 00:13:33,649

it is look at this and I've been in many

370

00:13:37,299 --> 00:13:35,480

of these places and it's not I'm coming

371

00:13:39,609 --> 00:13:37,309

in from Mexico right now Acapulco Mexico

372

00:13:41,439 --> 00:13:39,619

which according to the CIA is the fourth

373

00:13:43,569 --> 00:13:41,449

most dangerous city in the world and I

374

00:13:46,119 --> 00:13:43,579

feel safer here than most places that

375

00:13:48,069 --> 00:13:46,129

I've ever been so that should tell you

376

00:13:50,769 --> 00:13:48,079

something and you just turned off the

377

00:13:53,019 --> 00:13:50,779

programming that it's it's fear-based to

378

00:13:53,380 --> 00:13:53,029

keep people in locked enslaved into the

379

00:13:54,910 --> 00:13:53,390

Syst

380

00:13:56,680 --> 00:13:54,920

and you pointed out the other things

381

00:13:58,000 --> 00:13:56,690

they do as well that also keep people

382

00:14:00,190 --> 00:13:58,010

locked into the system and it's things

383

00:14:02,530 --> 00:14:00,200

like their nine-to-five to pay what

384

00:14:05,470 --> 00:14:02,540

their mortgage the mortgage is a French

385

00:14:07,870 --> 00:14:05,480

word Mort death gage contract is a death

386

00:14:09,730 --> 00:14:07,880

contract and now people are having to

387

00:14:12,190 --> 00:14:09,740

pay for mortgage that are going up like

388

00:14:13,930 --> 00:14:12,200

40 50 years now so you're you're

389

00:14:17,020 --> 00:14:13,940

literally working your entire life just

390

00:14:19,570 --> 00:14:17,030

to pay for a place to sleep and there's

391

00:14:21,610 --> 00:14:19,580

a great meme I saw once of I forget

392

00:14:23,890 --> 00:14:21,620

exactly what it said but it just shows

393

00:14:25,480 --> 00:14:23,900

this massive traffic jam in Los Angeles

394

00:14:27,640 --> 00:14:25,490

or something and it just said something

395

00:14:30,580 --> 00:14:27,650

like yeah the these people are

396

00:14:32,830 --> 00:14:30,590

essentially going to their nine-to-five

397

00:14:35,830 --> 00:14:32,840

job to pay for their car which they need

398

00:14:38,320 --> 00:14:35,840

to get to that nine-to-five job so they

399

00:14:39,460 --> 00:14:38,330

can get back home to go to sleep in the

400

00:14:41,440 --> 00:14:39,470

in the house that they're going to

401
00:14:43,750 --> 00:14:41,450
essentially if they have to pay for for

402
00:14:45,400 --> 00:14:43,760
the rest of their lives you know the

403
00:14:46,900 --> 00:14:45,410
whole thing just when you look at it

404
00:14:48,160 --> 00:14:46,910
that way just seems insane of course

405
00:14:51,130 --> 00:14:48,170
some people have some extra

406
00:14:53,680 --> 00:14:51,140
discretionary income so maybe they can

407
00:14:57,130 --> 00:14:53,690
save up enough to go to Hawaii for a

408
00:14:58,930 --> 00:14:57,140
week once a year but essentially most

409
00:15:00,340 --> 00:14:58,940
people are just chained to what they're

410
00:15:02,470 --> 00:15:00,350
doing and it's you know if you look at

411
00:15:04,540 --> 00:15:02,480
people who have jobs those people are

412
00:15:06,190 --> 00:15:04,550
the most enslaved by far if you run your

413
00:15:08,380 --> 00:15:06,200

own business you have so much more

414

00:15:11,230 --> 00:15:08,390

options so much more benefits if you're

415

00:15:13,660 --> 00:15:11,240

an employee and you were working a job

416

00:15:16,960 --> 00:15:13,670

in the US you are under so many payroll

417

00:15:19,030 --> 00:15:16,970

taxes and you can't write anything off

418

00:15:21,400 --> 00:15:19,040

so that's one big example right so if

419

00:15:22,840 --> 00:15:21,410

let's say you you run a backhoe for a

420

00:15:24,790 --> 00:15:22,850

construction company or something right

421

00:15:28,030 --> 00:15:24,800

if you're an employee of that of that

422

00:15:30,340 --> 00:15:28,040

company you will get your you say you

423

00:15:32,980 --> 00:15:30,350

you're making \$5,000 a month but after

424

00:15:35,290 --> 00:15:32,990

taxes you're down to about \$3,000 a

425

00:15:37,030 --> 00:15:35,300

month and then all sorts of other things

426

00:15:39,550 --> 00:15:37,040

that you have to pay for Obamacare so

427

00:15:41,350 --> 00:15:39,560

you gotta pay and that's just been going

428

00:15:43,420 --> 00:15:41,360

on massively every year goes up a huge

429

00:15:45,220 --> 00:15:43,430

amount so it says they say it's the

430

00:15:47,950 --> 00:15:45,230

biggest spending thing aside from

431

00:15:49,780 --> 00:15:47,960

housing for most Americans now is for

432

00:15:53,380 --> 00:15:49,790

their free health insurance Obamacare

433

00:15:54,640 --> 00:15:53,390

and so essentially you're just by the

434

00:15:57,580 --> 00:15:54,650

end of the day you really don't have

435

00:16:00,580 --> 00:15:57,590

much left and as we said if you do want

436

00:16:02,320 --> 00:16:00,590

to own a place to live it's set up in

437

00:16:03,670 --> 00:16:02,330

such a way that it's so expensive and

438

00:16:05,650 --> 00:16:03,680

that's actually done by the central

439

00:16:07,180 --> 00:16:05,660

banks which prints so much money which

440

00:16:07,390 --> 00:16:07,190

you can never really keep up with so

441

00:16:08,680 --> 00:16:07,400

people

442

00:16:11,680 --> 00:16:08,690

just running and running they can never

443

00:16:13,690 --> 00:16:11,690

really fully pay for anything and so if

444

00:16:15,040 --> 00:16:13,700

you were that same backhoe driver and

445

00:16:17,140 --> 00:16:15,050

you went to a construction company you

446

00:16:18,430 --> 00:16:17,150

said hey do you need backhoe drivers and

447

00:16:22,390 --> 00:16:18,440

they go yeah we've been looking for one

448

00:16:25,090 --> 00:16:22,400

and you go okay I'll work with you guys

449

00:16:27,880 --> 00:16:25,100

I'm a contractor so you'll hire my

450

00:16:29,590 --> 00:16:27,890

company and then you have so much more

451
00:16:32,350 --> 00:16:29,600
advantages so then that the company will

452
00:16:34,390 --> 00:16:32,360
actually love it because now there is

453
00:16:36,220 --> 00:16:34,400
certain rules and regulations of course

454
00:16:37,660 --> 00:16:36,230
there's a millions of them in the US you

455
00:16:39,760 --> 00:16:37,670
have to be careful about how you do it

456
00:16:41,410 --> 00:16:39,770
but you can if you're smart you can do

457
00:16:43,480 --> 00:16:41,420
it especially if the business owner that

458
00:16:45,250 --> 00:16:43,490
you want to do with is smart you can do

459
00:16:46,660 --> 00:16:45,260
it as well so you can just say to him

460
00:16:48,430 --> 00:16:46,670
yeah just hire my company for five

461
00:16:49,660 --> 00:16:48,440
thousand dollars a month now that guy

462
00:16:50,890 --> 00:16:49,670
who owns the business he's gonna be like

463
00:16:53,620 --> 00:16:50,900

great I don't have to do all this

464

00:16:56,410 --> 00:16:53,630

payroll tax withholding I don't have to

465

00:16:58,540 --> 00:16:56,420

pay half of your Obamacare all sorts of

466

00:16:59,860 --> 00:16:58,550

stuff so he's like perfect great I'm

467

00:17:01,800 --> 00:16:59,870

happy to hire you I might even pay you

468

00:17:04,720 --> 00:17:01,810

\$6,000 a month you're saving me so much

469

00:17:07,720 --> 00:17:04,730

now that person who has the backhoe

470

00:17:09,190 --> 00:17:07,730

can write off so many things you just

471

00:17:10,750 --> 00:17:09,200

driving to work every day write off the

472

00:17:13,120 --> 00:17:10,760

gas their car well they need the car to

473

00:17:15,010 --> 00:17:13,130

get there to do the backhoe company so

474

00:17:17,320 --> 00:17:15,020

write off the car their house well

475

00:17:19,750 --> 00:17:17,330

that's the office where you are taking

476

00:17:21,579 --> 00:17:19,760

calls for other jobs that people want to

477

00:17:22,870 --> 00:17:21,589

hire your company for write off your

478

00:17:24,430 --> 00:17:22,880

mortgage by the end of it you're

479

00:17:25,740 --> 00:17:24,440

essentially not paying too much tax at

480

00:17:28,780 --> 00:17:25,750

all so you're instead of going from

481

00:17:31,450 --> 00:17:28,790

\$5,000 a month of where you actually see

482

00:17:33,790 --> 00:17:31,460

maybe 3,000 of it you pretty much keep

483

00:17:35,830 --> 00:17:33,800

all 5,000 of it so that's just one

484

00:17:37,570 --> 00:17:35,840

example of ways to do things now that's

485

00:17:39,280 --> 00:17:37,580

not necessarily the permanent traveler

486

00:17:41,080 --> 00:17:39,290

prior tax payer theory but that's very

487

00:17:43,810 --> 00:17:41,090

similar to the types of things you do

488

00:17:44,890 --> 00:17:43,820

with that theory that most people don't

489

00:17:46,720 --> 00:17:44,900

know about they want to keep people

490

00:17:48,940 --> 00:17:46,730

enslaved that's why they have these

491

00:17:52,030 --> 00:17:48,950

mortgages and that's why they also want

492

00:17:54,010 --> 00:17:52,040

you to go into a college after your 12

493

00:17:55,480 --> 00:17:54,020

years of indoctrination camps is to go

494

00:17:57,130 --> 00:17:55,490

more into debt because the more into

495

00:18:00,340 --> 00:17:57,140

debt you are the more you're tied down

496

00:18:02,050 --> 00:18:00,350

to you don't have too many options so if

497

00:18:03,940 --> 00:18:02,060

you were just to not even go to school

498

00:18:05,170 --> 00:18:03,950

at all I'm including like high school

499

00:18:07,120 --> 00:18:05,180

and junior high school and all of that

500

00:18:09,520 --> 00:18:07,130

don't even go which would actually do

501
00:18:11,530 --> 00:18:09,530
you wonder of good and you actually just

502
00:18:13,540 --> 00:18:11,540
developing your own skills and creating

503
00:18:16,390 --> 00:18:13,550
your own companies while you're doing it

504
00:18:17,800 --> 00:18:16,400
you would just be in so much better of a

505
00:18:19,930 --> 00:18:17,810
position you wouldn't be tied down by

506
00:18:21,460 --> 00:18:19,940
anything you wouldn't have any debts and

507
00:18:22,990 --> 00:18:21,470
wouldn't need that those pieces of paper

508
00:18:26,560 --> 00:18:23,000
cuz you're not trying to apply for jobs

509
00:18:28,570 --> 00:18:26,570
anywhere and and then I would suggest

510
00:18:30,850 --> 00:18:28,580
you try to internationalize the business

511
00:18:32,740 --> 00:18:30,860
get out of the u.s. completely still do

512
00:18:35,019 --> 00:18:32,750
business in the US but not actually as a

513
00:18:37,269 --> 00:18:35,029

as a resident of the US and then you get

514

00:18:40,119 --> 00:18:37,279

even more benefits so there's actually

515

00:18:42,159 --> 00:18:40,129

just ways to do this so I've actually

516

00:18:43,480 --> 00:18:42,169

met so many people who have small

517

00:18:46,269 --> 00:18:43,490

companies and things like that in the

518

00:18:47,649 --> 00:18:46,279

u.s. especially internet companies and I

519

00:18:49,629 --> 00:18:47,659

just talked to them I could be at a bar

520

00:18:51,039 --> 00:18:49,639

and within two minutes I can save them

521

00:18:53,139 --> 00:18:51,049

hundreds of thousands or millions of

522

00:18:54,700 --> 00:18:53,149

dollars all illegally and it's so easy

523

00:18:56,289 --> 00:18:54,710

so I'll be talking to someone at a bar

524

00:18:58,629 --> 00:18:56,299

and I'll say what are you doing they'll

525

00:18:59,889 --> 00:18:58,639

go I design websites and I'm like oh do

526

00:19:01,629 --> 00:18:59,899

you work for someone they're like no I'm

527

00:19:03,190 --> 00:19:01,639

just like a freelancer and I get a you

528

00:19:05,590 --> 00:19:03,200

know three four clients a month and they

529

00:19:07,509 --> 00:19:05,600

pay me two thousand a month each so I I

530

00:19:09,460 --> 00:19:07,519

make six eight thousand dollars a month

531

00:19:12,009 --> 00:19:09,470

and I'm like great so I guess you're

532

00:19:14,830 --> 00:19:12,019

don't pay any tax on that like oh no no

533

00:19:16,960 --> 00:19:14,840

I take it all his personal income so I

534

00:19:18,460 --> 00:19:16,970

pay you know half of its attacks and I'm

535

00:19:20,080 --> 00:19:18,470

like well you don't have to do that deed

536

00:19:21,249 --> 00:19:20,090

why don't you put it into a company and

537

00:19:23,049 --> 00:19:21,259

especially if it's an Internet company

538

00:19:26,560 --> 00:19:23,059

while you put into an offshore company

539

00:19:28,299 --> 00:19:26,570

which is an a zero tax place like

540

00:19:29,649 --> 00:19:28,309

there's so many of them there's so many

541

00:19:31,629 --> 00:19:29,659

in the Caribbean

542

00:19:33,580 --> 00:19:31,639

I even place like Hong Kong Singapore

543

00:19:34,990 --> 00:19:33,590

they're much much lower tax and

544

00:19:39,009 --> 00:19:35,000

essentially end up not really paying any

545

00:19:41,049 --> 00:19:39,019

tax and just by doing that alone I could

546

00:19:42,639 --> 00:19:41,059

write there I just made that person

547

00:19:43,779 --> 00:19:42,649

fifty thousand dollars a year over ten

548

00:19:44,860 --> 00:19:43,789

years they just made a half million

549

00:19:46,180 --> 00:19:44,870

bucks they wouldn't have otherwise made

550

00:19:47,740 --> 00:19:46,190

but they just don't know this because

551

00:19:50,169 --> 00:19:47,750

they're not gonna tell you this stuff on

552

00:19:52,990 --> 00:19:50,179

TV this isn't gonna be on your nightly

553

00:19:55,419 --> 00:19:53,000

television programming how to actually

554

00:19:57,730 --> 00:19:55,429

set things up so that you can actually

555

00:20:00,190 --> 00:19:57,740

save more of your own money and not have

556

00:20:02,019 --> 00:20:00,200

more of it extorted by these criminal

557

00:20:04,060 --> 00:20:02,029

enterprises called governments and so

558

00:20:06,730 --> 00:20:04,070

people just need to get outside of this

559

00:20:08,289 --> 00:20:06,740

mindset and stop listening to what

560

00:20:09,430 --> 00:20:08,299

they're told they're supposed to do and

561

00:20:10,930 --> 00:20:09,440

once you start to do that everything

562

00:20:12,730 --> 00:20:10,940

gets much easier and I think you

563

00:20:13,930 --> 00:20:12,740

yourself you've done something similar

564

00:20:15,970 --> 00:20:13,940

and that you're kind of working for

565

00:20:18,460 --> 00:20:15,980

yourself you've built your own show here

566

00:20:21,340 --> 00:20:18,470

you're doing well so you've gotten

567

00:20:23,110 --> 00:20:21,350

outside of that too right yeah but you

568

00:20:25,240 --> 00:20:23,120

did just kind of describe me man because

569

00:20:27,639 --> 00:20:25,250

I have this online business based out of

570

00:20:30,009 --> 00:20:27,649

one of the highest tax states and one of

571

00:20:32,470 --> 00:20:30,019

the highest taxed countries and I'm

572

00:20:33,910 --> 00:20:32,480

losing a lot of value to the government

573

00:20:35,560 --> 00:20:33,920

just because I have

574

00:20:37,150 --> 00:20:35,570

figured out those little loopholes I

575

00:20:38,680 --> 00:20:37,160

don't really know what I'm doing well

576

00:20:40,960 --> 00:20:38,690

here you go I'll help you rate now so

577

00:20:43,540 --> 00:20:40,970

how do you make your revenue it's all

578

00:20:45,430 --> 00:20:43,550

online so people ascriptions there you

579

00:20:47,050 --> 00:20:45,440

go so you set up a company this is fully

580

00:20:48,370 --> 00:20:47,060

legal by the way and we can put this on

581

00:20:51,370 --> 00:20:48,380

YouTube put it anywhere this is fully

582

00:20:53,320 --> 00:20:51,380

legal you just set up a company ID set

583

00:20:54,850 --> 00:20:53,330

it up in Cayman Islands wherever you can

584

00:20:57,010 --> 00:20:54,860

do that very easily actually we help

585

00:20:59,440 --> 00:20:57,020

people do that you just go to TD V

586

00:21:01,600 --> 00:20:59,450

offshore comm a guy who I work with

587

00:21:02,860 --> 00:21:01,610

policy more there he has helped so many

588

00:21:05,260 --> 00:21:02,870

people set up companies around the world

589

00:21:07,480 --> 00:21:05,270

so you just go set that up and then

590

00:21:11,110 --> 00:21:07,490

that's the company that people subscribe

591

00:21:12,790 --> 00:21:11,120

to so now you have no income now what's

592

00:21:14,560 --> 00:21:12,800

gonna happen now is this company has

593

00:21:15,910 --> 00:21:14,570

income but this company is not paying

594

00:21:17,050 --> 00:21:15,920

any tax because it doesn't have to pay

595

00:21:19,270 --> 00:21:17,060

tax because it's in a country that

596

00:21:21,070 --> 00:21:19,280

doesn't have tax now what I would do if

597

00:21:22,300 --> 00:21:21,080

I was you and this is sort of the smart

598

00:21:23,680 --> 00:21:22,310

part to make sure you don't have

599

00:21:24,790 --> 00:21:23,690

problems with the US government if

600

00:21:26,110 --> 00:21:24,800

you're gonna stay in the US which

601
00:21:28,390 --> 00:21:26,120
actually I would suggest you don't but

602
00:21:31,480 --> 00:21:28,400
if you want to stay there I would just

603
00:21:33,580 --> 00:21:31,490
pay myself from that company a wage and

604
00:21:35,980 --> 00:21:33,590
I would keep it as small as possible and

605
00:21:38,140 --> 00:21:35,990
I'd also make sure that the company pays

606
00:21:40,750 --> 00:21:38,150
for most things that you like to do so

607
00:21:44,140 --> 00:21:40,760
you know if you want to go to a vacation

608
00:21:46,300 --> 00:21:44,150
in Hawaii well the company has decided

609
00:21:49,030 --> 00:21:46,310
that it needs to send you as its

610
00:21:50,680 --> 00:21:49,040
employee to Hawaii to check out and you

611
00:21:52,900 --> 00:21:50,690
really like fully legally all you really

612
00:21:54,550 --> 00:21:52,910
have to do when you're there is talk to

613
00:21:56,410 --> 00:21:54,560

someone for a few minutes about

614

00:21:58,030 --> 00:21:56,420

something to do with your company you

615

00:22:00,070 --> 00:21:58,040

know like what are they gonna say like

616

00:22:01,720 --> 00:22:00,080

oh well how about how long did you talk

617

00:22:03,970 --> 00:22:01,730

to that guy it's like I haven't an hour

618

00:22:05,860 --> 00:22:03,980

yeah well I don't know if that's a write

619

00:22:07,000 --> 00:22:05,870

off or not it you know like but it

620

00:22:08,230 --> 00:22:07,010

actually wouldn't even matter because

621

00:22:09,700 --> 00:22:08,240

that company is actually in a

622

00:22:10,900 --> 00:22:09,710

jurisdiction where they have no taxes so

623

00:22:12,400 --> 00:22:10,910

they wouldn't actually bothering it the

624

00:22:16,030 --> 00:22:12,410

only people who might bother you is the

625

00:22:19,330 --> 00:22:16,040

IRS they make oh well you know I you're

626

00:22:21,130 --> 00:22:19,340

only getting like \$600 a month Sanpei

627

00:22:22,450 --> 00:22:21,140

that doesn't seem right and you've got a

628

00:22:25,150 --> 00:22:22,460

pretty nice house and stuff and it's

629

00:22:27,880 --> 00:22:25,160

like well you know you'd have to work

630

00:22:30,130 --> 00:22:27,890

that part of it out but you could really

631

00:22:32,110 --> 00:22:30,140

make it so you know you're essentially

632

00:22:35,440 --> 00:22:32,120

not paying any taxes and all legally as

633

00:22:37,270 --> 00:22:35,450

I said oh yeah man tricks of the trade

634

00:22:39,160 --> 00:22:37,280

that the school system never got around

635

00:22:41,170 --> 00:22:39,170

to in those twelve years of quote life

636

00:22:42,880 --> 00:22:41,180

preparation right yeah they don't teach

637

00:22:44,410 --> 00:22:42,890

you any of this stuff of course they

638

00:22:46,060 --> 00:22:44,420

teach you how to be a wage slave

639

00:22:47,649 --> 00:22:46,070

essentially they don't even teach you

640

00:22:49,720 --> 00:22:47,659

how the money system works right

641

00:22:51,129 --> 00:22:49,730

so anything that you really need to know

642

00:22:52,659 --> 00:22:51,139

they're not gonna teach you they're

643

00:22:55,629 --> 00:22:52,669

gonna make you go there for eight hours

644

00:22:56,440 --> 00:22:55,639

a day until you're just like dying to

645

00:22:57,490 --> 00:22:56,450

get out of there

646

00:23:00,639 --> 00:22:57,500

and they're gonna make you memorize

647

00:23:01,990 --> 00:23:00,649

useless information make you take things

648

00:23:03,789 --> 00:23:02,000

you don't even care about for me

649

00:23:05,470 --> 00:23:03,799

personally things like chemistry and

650

00:23:07,720 --> 00:23:05,480

physics I just didn't care about that

651
00:23:09,279 --> 00:23:07,730
stuff I I was into computers but they're

652
00:23:10,779 --> 00:23:09,289
just gonna send you there for like 12

653
00:23:12,430 --> 00:23:10,789
years which is like you know these are

654
00:23:14,259 --> 00:23:12,440
pretty important years of your life that

655
00:23:16,090 --> 00:23:14,269
you're just wasting and this thing that

656
00:23:18,730 --> 00:23:16,100
you're forced to go to to get a piece of

657
00:23:21,009 --> 00:23:18,740
paper which is essentially a like a

658
00:23:23,230 --> 00:23:21,019
badge of honor from the government like

659
00:23:27,070 --> 00:23:23,240
a you did everything we told you to do

660
00:23:28,960 --> 00:23:27,080
here's your piece of paper so yeah it's

661
00:23:31,539 --> 00:23:28,970
it's pretty crazy that most people don't

662
00:23:33,759 --> 00:23:31,549
know this stuff but again most people

663
00:23:35,440 --> 00:23:33,769

just don't even try to look into this

664

00:23:38,230 --> 00:23:35,450

stuff and you know most people spend

665

00:23:39,820 --> 00:23:38,240

it's amazing I'll see people who you

666

00:23:41,680 --> 00:23:39,830

know I like sports I'm a big hockey fan

667

00:23:43,659 --> 00:23:41,690

so I totally understand what people like

668

00:23:45,970 --> 00:23:43,669

sports and but some people will spend

669

00:23:47,620 --> 00:23:45,980

like eight hours a day on like these

670

00:23:49,330 --> 00:23:47,630

fantasy sports leagues and everything

671

00:23:51,100 --> 00:23:49,340

they're looking like they're trying to

672

00:23:52,990 --> 00:23:51,110

fight oh I heard this guy someone said

673

00:23:54,399 --> 00:23:53,000

practice his leg hurt or something I'm

674

00:23:56,500 --> 00:23:54,409

not gonna move this around and I'm

675

00:23:58,659 --> 00:23:56,510

watching this and all this it's like if

676
00:24:00,070 --> 00:23:58,669
those people spent even just one tenth

677
00:24:01,659 --> 00:24:00,080
of the time actually looking into

678
00:24:03,490 --> 00:24:01,669
something kind of important like what we

679
00:24:05,019 --> 00:24:03,500
just talked about they would just have

680
00:24:06,149 --> 00:24:05,029
such a much better life but they just

681
00:24:09,970 --> 00:24:06,159
don't think about it

682
00:24:11,830 --> 00:24:09,980
Amen man I hear ya and so you mentioned

683
00:24:14,409 --> 00:24:11,840
that you're coming to us from Acapulco

684
00:24:16,509 --> 00:24:14,419
Mexico this time I do remember last time

685
00:24:18,580 --> 00:24:16,519
we talked a lot about the Galt's Gulch

686
00:24:19,720 --> 00:24:18,590
Chile project which I think is where you

687
00:24:21,460 --> 00:24:19,730
were living at the time I thought that

688
00:24:23,889 --> 00:24:21,470

was really interesting what happened

689

00:24:27,370 --> 00:24:23,899

with all that oh man that's a whole

690

00:24:29,889 --> 00:24:27,380

story it was a disaster

691

00:24:34,269 --> 00:24:29,899

oh really yeah it's coming out of it now

692

00:24:36,190 --> 00:24:34,279

the short story is I I was I met a guy

693

00:24:39,129 --> 00:24:36,200

and he sold me that he was a really good

694

00:24:40,889 --> 00:24:39,139

real estate guy and he found a great

695

00:24:43,450 --> 00:24:40,899

project in Chile and actually the

696

00:24:45,430 --> 00:24:43,460

property and the project was absolutely

697

00:24:47,379 --> 00:24:45,440

amazing I that's partly why I kind of

698

00:24:49,509 --> 00:24:47,389

fell in love with it and I was kind of

699

00:24:51,600 --> 00:24:49,519

stupid to not realize that this guy

700

00:24:54,820 --> 00:24:51,610

turned out to be just a complete con man

701
00:24:57,369 --> 00:24:54,830
he we brought in around like ten million

702
00:24:59,080 --> 00:24:57,379
dollars of buying into this project it

703
00:25:00,490 --> 00:24:59,090
turned out I thought I was part owner of

704
00:25:00,820 --> 00:25:00,500
it but he had already screwed me out of

705
00:25:04,000 --> 00:25:00,830
that

706
00:25:06,940 --> 00:25:04,010
for I even knew it and then he

707
00:25:08,320 --> 00:25:06,950
essentially he spent most of the money

708
00:25:09,909 --> 00:25:08,330
on the land which is good so that's

709
00:25:13,060 --> 00:25:09,919
something we can get back and then I

710
00:25:15,009 --> 00:25:13,070
think he stole or just wasted a million

711
00:25:18,070 --> 00:25:15,019
or two of it so it's actually been in

712
00:25:19,720 --> 00:25:18,080
the courts for at least a year now and

713
00:25:21,639 --> 00:25:19,730

before that it was a whole year of just

714

00:25:24,340 --> 00:25:21,649

getting ready to go to court to get the

715

00:25:27,100 --> 00:25:24,350

land back that people had bought so it

716

00:25:28,120 --> 00:25:27,110

was an absolute disaster I it was the

717

00:25:30,669 --> 00:25:28,130

worst thing I've ever actually gone

718

00:25:32,320 --> 00:25:30,679

through in my life I was still trying to

719

00:25:34,899 --> 00:25:32,330

get over I still have like essentially

720

00:25:36,549 --> 00:25:34,909

PTSD from the whole thing just a

721

00:25:37,779 --> 00:25:36,559

disaster but the good news is and

722

00:25:39,129 --> 00:25:37,789

actually no one knows this you're almost

723

00:25:42,220 --> 00:25:39,139

getting a scoop here I haven't told

724

00:25:44,080 --> 00:25:42,230

anyone publicly they won in court just a

725

00:25:45,310 --> 00:25:44,090

few weeks ago and so it looks like

726

00:25:46,779 --> 00:25:45,320

they're going to get the land back so

727

00:25:48,730 --> 00:25:46,789

that's great so because that was the big

728

00:25:51,009 --> 00:25:48,740

concern was did everyone just lose all

729

00:25:52,810 --> 00:25:51,019

their money on this thing it's so it

730

00:25:55,299 --> 00:25:52,820

wasn't perfect it wasn't easy and it

731

00:25:57,190 --> 00:25:55,309

wasn't fun for anybody but it looks like

732

00:26:00,340 --> 00:25:57,200

it's going to be back working again

733

00:26:02,769 --> 00:26:00,350

fairly soon depending on appeals and all

734

00:26:06,970 --> 00:26:02,779

those sort of things that courts do so

735

00:26:10,240 --> 00:26:06,980

yeah that was not a fun time for me and

736

00:26:13,060 --> 00:26:10,250

but I might have a happy ending finally

737

00:26:15,639 --> 00:26:13,070

now on the horizon Wow

738

00:26:17,500 --> 00:26:15,649

yeah that's crazy so I guess Acapulco is

739

00:26:19,840 --> 00:26:17,510

where it's at now but another

740

00:26:22,930 --> 00:26:19,850

fascinating thing I saw you had stumbled

741

00:26:25,299 --> 00:26:22,940

upon about the economy is this shemitah

742

00:26:27,519 --> 00:26:25,309

seven-year cycle and this Jubilee year

743

00:26:29,379 --> 00:26:27,529

thing we know the globalists really like

744

00:26:31,750 --> 00:26:29,389

their numerology and prophecy and all

745

00:26:33,669 --> 00:26:31,760

that jazz so this just seems kind of par

746

00:26:34,899 --> 00:26:33,679

for the course but break that down for

747

00:26:37,659 --> 00:26:34,909

us what have you come to realize about

748

00:26:40,389 --> 00:26:37,669

these cycles yeah it's a really

749

00:26:42,519 --> 00:26:40,399

interesting story so I've been writing

750

00:26:43,870 --> 00:26:42,529

the dollar vigilante since 2010 and the

751
00:26:45,490 --> 00:26:43,880
reason I started writing that was

752
00:26:48,250 --> 00:26:45,500
because I began looking into how the

753
00:26:50,620 --> 00:26:48,260
financial monetary system and economics

754
00:26:51,850 --> 00:26:50,630
and things like that around 2000 and you

755
00:26:53,980 --> 00:26:51,860
mentioned the start of this show that I

756
00:26:56,289 --> 00:26:53,990
had a internet company was actually the

757
00:26:58,930 --> 00:26:56,299
biggest financial Internet company in

758
00:27:01,240 --> 00:26:58,940
Canada and it still is to this day and I

759
00:27:04,240 --> 00:27:01,250
found it out of my house in 1994 and by

760
00:27:05,680 --> 00:27:04,250
the year 2000 it was worth 240 million

761
00:27:07,930 --> 00:27:05,690
dollars right at the height of the tech

762
00:27:09,970 --> 00:27:07,940
bubble and then after the tech bubble

763
00:27:12,070 --> 00:27:09,980

just totally collapsed almost overnight

764

00:27:13,990 --> 00:27:12,080

it was almost worth noting in fact that

765

00:27:15,790 --> 00:27:14,000

many people said we should go bankrupt

766

00:27:19,120 --> 00:27:15,800

how bad it was but I managed to salvage

767

00:27:20,770 --> 00:27:19,130

and I managed to sell it just for a

768

00:27:22,960 --> 00:27:20,780

fairly small amount of money definitely

769

00:27:25,980 --> 00:27:22,970

nothing close to 240 million dollars we

770

00:27:29,920 --> 00:27:25,990

talking about 1/100 of that at best and

771

00:27:31,390 --> 00:27:29,930

it was enough money for me to spend a

772

00:27:32,350 --> 00:27:31,400

few years just sort of traveling and

773

00:27:34,090 --> 00:27:32,360

figuring out and actually just

774

00:27:36,970 --> 00:27:34,100

recovering because I was also a very

775

00:27:40,390 --> 00:27:36,980

traumatic experience having this company

776

00:27:42,430 --> 00:27:40,400

that went from almost nothing to within

777

00:27:45,190 --> 00:27:42,440

a few years go to 240 million dollar

778

00:27:46,570 --> 00:27:45,200

valuation we had about 250 staff in

779

00:27:49,810 --> 00:27:46,580

about seven countries around the world

780

00:27:51,340 --> 00:27:49,820

everyone was so into what we were doing

781

00:27:53,440 --> 00:27:51,350

and so passionate about it and then it

782

00:27:55,420 --> 00:27:53,450

just fell apart literally overnight and

783

00:27:57,520 --> 00:27:55,430

we had to lay off everybody

784

00:27:59,290 --> 00:27:57,530

and so another sort of really traumatic

785

00:28:02,050 --> 00:27:59,300

experience for me but during that

786

00:28:04,690 --> 00:28:02,060

process of sort of salvaging this

787

00:28:06,700 --> 00:28:04,700

company and selling it and trying to

788

00:28:08,440 --> 00:28:06,710

figure out what happened someone gave me

789

00:28:10,330 --> 00:28:08,450

a book and the book was the creature

790

00:28:12,550 --> 00:28:10,340

from Jekyll Island by G Edward Griffin

791

00:28:14,440 --> 00:28:12,560

and I had heard about the book but I

792

00:28:18,250 --> 00:28:14,450

never read it and so I just gone through

793

00:28:20,320 --> 00:28:18,260

this huge bubble and huge crash and so I

794

00:28:23,560 --> 00:28:20,330

was incredibly rich and then pretty much

795

00:28:25,240 --> 00:28:23,570

broken and I read that book and I was

796

00:28:26,650 --> 00:28:25,250

like I wish I knew this information

797

00:28:28,690 --> 00:28:26,660

before because I would have realized

798

00:28:30,520 --> 00:28:28,700

that the tech bubble was a bubble and

799

00:28:33,610 --> 00:28:30,530

why it was caused was by the central

800

00:28:35,290 --> 00:28:33,620

banks it's caused by Al Greenspan a lot

801
00:28:38,950 --> 00:28:35,300
of it was actually that whole y2k thing

802
00:28:41,770 --> 00:28:38,960
which was such a sham in the end he

803
00:28:43,600 --> 00:28:41,780
talked about that for years he increased

804
00:28:46,990 --> 00:28:43,610
the money supply massively getting ready

805
00:28:49,630 --> 00:28:47,000
for this big y2k bug that never nothing

806
00:28:51,730 --> 00:28:49,640
happened at all and that caused actually

807
00:28:53,800 --> 00:28:51,740
a big part of the tech bubble and so I

808
00:28:55,750 --> 00:28:53,810
didn't realize that so I was like man

809
00:28:57,250 --> 00:28:55,760
this is I no one knows this stuff no one

810
00:28:58,630 --> 00:28:57,260
knows how the Federal Reserve was found

811
00:29:00,100 --> 00:28:58,640
actually most people don't even know

812
00:29:01,600 --> 00:29:00,110
what the Federal Reserve is or if you

813
00:29:03,910 --> 00:29:01,610

even heard of it

814

00:29:06,610 --> 00:29:03,920

so I began doing research from around

815

00:29:08,950 --> 00:29:06,620

2002 up until the basically today I

816

00:29:10,240 --> 00:29:08,960

still do it all the time and I was like

817

00:29:11,890 --> 00:29:10,250

there's so much information out there

818

00:29:13,720 --> 00:29:11,900

that if people knew this and actually

819

00:29:16,090 --> 00:29:13,730

was for the founded the maker of the

820

00:29:17,650 --> 00:29:16,100

automobile in the early 20th century he

821

00:29:19,660 --> 00:29:17,660

said if people knew how the monetary

822

00:29:21,160 --> 00:29:19,670

system worked there'd be a revolution

823

00:29:22,720 --> 00:29:21,170

tomorrow and he's totally right most

824

00:29:24,070 --> 00:29:22,730

people just don't know how it works it's

825

00:29:26,500 --> 00:29:24,080

actually a scam it's actually a

826

00:29:27,920 --> 00:29:26,510

communist based scam to impoverish

827

00:29:29,840 --> 00:29:27,930

everybody and to

828

00:29:31,070 --> 00:29:29,850

massively enriched the people who

829

00:29:32,780 --> 00:29:31,080

control the central banks and that's

830

00:29:33,740 --> 00:29:32,790

exactly what's going on right now and

831

00:29:35,990 --> 00:29:33,750

that's why we're seeing all these

832

00:29:37,850 --> 00:29:36,000

movements against the 1% it's not really

833

00:29:39,980 --> 00:29:37,860

actually even the 1% it's the point zero

834

00:29:41,540 --> 00:29:39,990

zero zero one percent who control these

835

00:29:43,040 --> 00:29:41,550

central banks and you don't even know

836

00:29:45,890 --> 00:29:43,050

their names for the most part they're

837

00:29:49,630 --> 00:29:45,900

incredibly nefarious and so this is like

838

00:29:52,400 --> 00:29:49,640

a scam probably the biggest scam put on

839

00:29:54,680 --> 00:29:52,410

humanity probably ever really if you

840

00:29:56,060 --> 00:29:54,690

think about it I impoverish people it's

841

00:29:59,390 --> 00:29:56,070

stolen trillions of dollars it's

842

00:30:01,040 --> 00:29:59,400

destroyed economies central banking so I

843

00:30:02,630 --> 00:30:01,050

looked into all that and I was like man

844

00:30:06,230 --> 00:30:02,640

no one knows any of this stuff so it was

845

00:30:09,169 --> 00:30:06,240

right around 2007 that's our 2006

846

00:30:10,610 --> 00:30:09,179

actually where I said this is a housing

847

00:30:12,440 --> 00:30:10,620

bubble this is caused by the central

848

00:30:14,570 --> 00:30:12,450

bank's it was actually Paul Krugman who

849

00:30:16,430 --> 00:30:14,580

was in The New York Times who was

850

00:30:18,980 --> 00:30:16,440

calling for a housing bubble after the

851

00:30:20,120 --> 00:30:18,990

tech bubble burst he was saying oh we

852

00:30:21,890 --> 00:30:20,130

need to inflate the money supply we need

853

00:30:24,560 --> 00:30:21,900

a housing bubble now and he got it

854

00:30:26,030 --> 00:30:24,570

because he's very much Keynesian just

855

00:30:27,290 --> 00:30:26,040

like the central bankers that's why they

856

00:30:29,090 --> 00:30:27,300

love them so much that's why they give

857

00:30:31,580 --> 00:30:29,100

them their Nobel Peace Prizes just like

858

00:30:33,140 --> 00:30:31,590

Barack Obama the guys drone bombing

859

00:30:36,470 --> 00:30:33,150

countries constantly and creating wars

860

00:30:39,080 --> 00:30:36,480

around the world so I was just looking

861

00:30:40,490 --> 00:30:39,090

at that as I said there's gonna sizing

862

00:30:42,230 --> 00:30:40,500

markets going to completely collapse in

863

00:30:44,240 --> 00:30:42,240

the US and that was around 2006 so it

864

00:30:46,520 --> 00:30:44,250

started to happen 2007 really happened

865

00:30:48,290 --> 00:30:46,530

to 2008 and as soon as that happened I

866

00:30:49,880 --> 00:30:48,300

said okay I know what's going on now and

867

00:30:51,470 --> 00:30:49,890

hardly anyone else does so I'm gonna

868

00:30:53,180 --> 00:30:51,480

start a website called the dollar

869

00:30:54,980 --> 00:30:53,190

vigilante and just tell people about

870

00:30:57,470 --> 00:30:54,990

this stuff and tell people how they can

871

00:30:59,180 --> 00:30:57,480

survive what's going on but not only

872

00:31:00,230 --> 00:30:59,190

survive but also profit from it and

873

00:31:03,590 --> 00:31:00,240

that's what we've been doing for a long

874

00:31:05,419 --> 00:31:03,600

time now so well I forget exactly what

875

00:31:08,090 --> 00:31:05,429

the question was at the very beginning I

876
00:31:10,669 --> 00:31:08,100
went on such a the seven-year cycle that

877
00:31:12,590 --> 00:31:10,679
should meet shemitah cycle I haven't

878
00:31:16,640 --> 00:31:12,600
even got to that part yet so then I

879
00:31:18,200 --> 00:31:16,650
start writing in 2010 and going cut

880
00:31:20,660 --> 00:31:18,210
quite well we're talking we're looking

881
00:31:23,810 --> 00:31:20,670
all the numbers all the data is showing

882
00:31:26,060 --> 00:31:23,820
how we're going to have a major massive

883
00:31:27,830 --> 00:31:26,070
collapse again after the last one the

884
00:31:29,810 --> 00:31:27,840
housing bubble in 2008 we're gonna have

885
00:31:32,240 --> 00:31:29,820
the major one even bigger than that one

886
00:31:34,669 --> 00:31:32,250
and it's going to happen in and I said

887
00:31:38,000 --> 00:31:34,679
in 2010 I said within 5 to 10 years so I

888
00:31:39,980 --> 00:31:38,010

said between 2015 and 2020 we could

889

00:31:41,570 --> 00:31:39,990

pretty much see massive collapse we

890

00:31:43,280 --> 00:31:41,580

could see every fiat currency go

891

00:31:44,990 --> 00:31:43,290

zero we could see the entire financial

892

00:31:48,380 --> 00:31:45,000

system just wiped off the map

893

00:31:51,200 --> 00:31:48,390

we could just see a depression I'm like

894

00:31:52,850 --> 00:31:51,210

the Great Depression in 1929 would look

895

00:31:55,760 --> 00:31:52,860

like the really good old days in

896

00:31:57,680 --> 00:31:55,770

comparison so I started to put all them

897

00:31:59,390 --> 00:31:57,690

information together on that and garbage

898

00:32:01,640 --> 00:31:59,400

LAN Tech grew and grew and grew over

899

00:32:03,110 --> 00:32:01,650

time as I kept making the rights for the

900

00:32:04,340 --> 00:32:03,120

predictions as more people just sort of

901
00:32:05,930 --> 00:32:04,350
realize that I'm right on what I'm

902
00:32:08,750 --> 00:32:05,940
talking about and then it was two years

903
00:32:12,080 --> 00:32:08,760
ago that I heard about a book by

904
00:32:14,750 --> 00:32:12,090
Jonathan Cahn called the Harbinger and I

905
00:32:17,870 --> 00:32:14,760
think you are as well I'm sure but I'm a

906
00:32:20,060 --> 00:32:17,880
huge 9/11 buff like to me that's just I

907
00:32:21,950 --> 00:32:20,070
still can't believe that not every

908
00:32:24,440 --> 00:32:21,960
single person has realized what actually

909
00:32:25,910 --> 00:32:24,450
happened that day and but I think it is

910
00:32:27,230 --> 00:32:25,920
actually growing now that more and more

911
00:32:29,060 --> 00:32:27,240
people are finally realizing what

912
00:32:31,370 --> 00:32:29,070
happened but obviously it was it was not

913
00:32:32,900 --> 00:32:31,380

what they said it was and and so when I

914

00:32:35,260 --> 00:32:32,910

heard about this book it said had so

915

00:32:38,000 --> 00:32:35,270

many biblical quarry correlations to

916

00:32:39,530 --> 00:32:38,010

9/11 and I was like okay well I wasn't

917

00:32:42,950 --> 00:32:39,540

really religious I called myself

918

00:32:44,600 --> 00:32:42,960

agnostic at the time and and I said well

919

00:32:45,650 --> 00:32:44,610

I'm really interested in this 9/11 and

920

00:32:48,140 --> 00:32:45,660

the stuff I was hearing about is like

921

00:32:49,760 --> 00:32:48,150

wow that's creepy like how did that

922

00:32:51,290 --> 00:32:49,770

how'd that happen on that exact date and

923

00:32:53,540 --> 00:32:51,300

all this sort of stuff that he sort of

924

00:32:55,430 --> 00:32:53,550

correlated to writings back in the Bible

925

00:32:57,380 --> 00:32:55,440

so I read the book and I was like that

926
00:32:58,760 --> 00:32:57,390
was an amazing book as I can't believe

927
00:33:00,050 --> 00:32:58,770
the stuff that he uncovered and one of

928
00:33:01,790 --> 00:33:00,060
the things he uncovered in it was

929
00:33:04,160 --> 00:33:01,800
something called the shemitah so this is

930
00:33:06,020 --> 00:33:04,170
something that is it goes back to the

931
00:33:08,600 --> 00:33:06,030
Torah it also goes back to the Bible it

932
00:33:10,670 --> 00:33:08,610
was essentially it's every seven years

933
00:33:12,290 --> 00:33:10,680
God what God said in the Bible in the

934
00:33:14,780 --> 00:33:12,300
Torah that you're supposed to have a

935
00:33:16,550 --> 00:33:14,790
year of rest it's sort of like the whole

936
00:33:18,950 --> 00:33:16,560
thing making the world in six days and

937
00:33:21,050 --> 00:33:18,960
on the seventh day he rested is similar

938
00:33:23,390 --> 00:33:21,060

to that so he said every seven years you

939

00:33:24,950 --> 00:33:23,400

don't work and actually that sounds

940

00:33:26,300 --> 00:33:24,960

pretty good I think most people would

941

00:33:30,520 --> 00:33:26,310

kind of like that but that's been

942

00:33:32,810 --> 00:33:30,530

forgotten over time a lot and he sort of

943

00:33:34,880 --> 00:33:32,820

rediscovered it in a way and he also

944

00:33:36,620 --> 00:33:34,890

found out the exact times that well he

945

00:33:38,090 --> 00:33:36,630

went back to when it first started and

946

00:33:39,710 --> 00:33:38,100

he said okay so this year's shemitah

947

00:33:41,870 --> 00:33:39,720

this year and what he did he took it up

948

00:33:43,940 --> 00:33:41,880

to present day and it turned out that

949

00:33:46,370 --> 00:33:43,950

the last to market collapses when he had

950

00:33:49,070 --> 00:33:46,380

written the book happened on the exact

951
00:33:51,800 --> 00:33:49,080
end day of the shemitah year in each

952
00:33:53,840 --> 00:33:51,810
year so it happened on September 17 2001

953
00:33:55,139 --> 00:33:53,850
which was the first day the New York

954
00:33:57,659 --> 00:33:55,149
Stock Exchange

955
00:33:59,609 --> 00:33:57,669
opened up after 9/11 and it was the

956
00:34:02,190 --> 00:33:59,619
biggest market crash point so a total

957
00:34:04,169 --> 00:34:02,200
collapse in history to that time and

958
00:34:06,299 --> 00:34:04,179
that was on the exact end day of the

959
00:34:08,490 --> 00:34:06,309
shemitah of that year see fast forward

960
00:34:11,579 --> 00:34:08,500
seven years the exact end day of the

961
00:34:13,529 --> 00:34:11,589
shemitah in 2008 and i forget the exact

962
00:34:15,149 --> 00:34:13,539
date I think of September 23rd that was

963
00:34:16,950 --> 00:34:15,159

the exact ND of the shemitah that was

964

00:34:19,559 --> 00:34:16,960

the biggest market crash in he in

965

00:34:21,450 --> 00:34:19,569

history to that time up until that day

966

00:34:24,000 --> 00:34:21,460

and that was the exact end day of the

967

00:34:27,210 --> 00:34:24,010

shemitah in 2008 and the new york stock

968

00:34:29,519 --> 00:34:27,220

exchange actually the Dow fell 777

969

00:34:31,049 --> 00:34:29,529

points that day and the shemitah is very

970

00:34:33,389 --> 00:34:31,059

tied into the number 7 everything's

971

00:34:35,430 --> 00:34:33,399

about the number 7 with the shemitah so

972

00:34:37,109 --> 00:34:35,440

then I was like this is two years ago I

973

00:34:38,819 --> 00:34:37,119

was like okay so when's the next

974

00:34:40,769 --> 00:34:38,829

shemitah we got to be watching this and

975

00:34:44,579 --> 00:34:40,779

that was actually last year right it was

976
00:34:46,500 --> 00:34:44,589
September 13th 2016 so I began talking

977
00:34:48,720 --> 00:34:46,510
about it last year and I was saying we

978
00:34:50,220 --> 00:34:48,730
need to be watching this date and

979
00:34:52,980 --> 00:34:50,230
actually back into pasture meters as

980
00:34:54,839 --> 00:34:52,990
well even the 1987 market crash happened

981
00:34:58,349 --> 00:34:54,849
about two weeks after the end date of

982
00:35:00,089 --> 00:34:58,359
the shemitah in 1987 and it just seems

983
00:35:03,240 --> 00:35:00,099
to always be something happening on that

984
00:35:04,920 --> 00:35:03,250
on or around that date and many people

985
00:35:06,870 --> 00:35:04,930
in Wall Street actually always talk

986
00:35:08,670 --> 00:35:06,880
about the seven-year cycle it's a very

987
00:35:10,170 --> 00:35:08,680
common well-known thing that there's

988
00:35:12,210 --> 00:35:10,180

some sort of seven-year cycle but no

989

00:35:14,370 --> 00:35:12,220

one's really like pinned it down why

990

00:35:16,049 --> 00:35:14,380

there is or what exactly dates it is but

991

00:35:18,180 --> 00:35:16,059

seems to be like a seven-year cycle in

992

00:35:20,370 --> 00:35:18,190

the markets well Jonathan Cahn with his

993

00:35:22,220 --> 00:35:20,380

discovery of the exact shemitah dates it

994

00:35:24,779 --> 00:35:22,230

seems to have nailed it down to that's

995

00:35:26,609 --> 00:35:24,789

exactly when we have market crashes and

996

00:35:28,650 --> 00:35:26,619

collapses is on the in an end day of the

997

00:35:33,599 --> 00:35:28,660

shemitah so I was watching last year

998

00:35:38,339 --> 00:35:33,609

September 13th 2016 15 no I think was

999

00:35:39,930 --> 00:35:38,349

13th now 2015 oh yes sorry yeah Kevin

1000

00:35:43,170 --> 00:35:39,940

ollie too many numbers here yeah

1001
00:35:45,660 --> 00:35:43,180
September 13th 2015 and so I actually

1002
00:35:48,750 --> 00:35:45,670
know in the month or two before it I put

1003
00:35:50,069 --> 00:35:48,760
out a book called oh man you can forget

1004
00:35:52,410 --> 00:35:50,079
the book I'm doing so many things that's

1005
00:35:53,220 --> 00:35:52,420
crazy it's something about it to me

1006
00:35:59,069 --> 00:35:53,230
anyway

1007
00:36:00,690 --> 00:35:59,079
book it's on Amazon going up on Amazon I

1008
00:36:02,430 --> 00:36:00,700
just redid it for this year actually

1009
00:36:04,470 --> 00:36:02,440
because I will go into why this year is

1010
00:36:08,789 --> 00:36:04,480
even bigger than the shemitah so anyway

1011
00:36:09,090 --> 00:36:08,799
in the end days of August the I was one

1012
00:36:11,280 --> 00:36:09,100
of the

1013
00:36:12,720 --> 00:36:11,290

search terms on Google everyone around

1014

00:36:14,700 --> 00:36:12,730

the world in those sought marques was

1015

00:36:16,200 --> 00:36:14,710

talking about me because I put together

1016

00:36:17,880 --> 00:36:16,210

the numbers I put together a video about

1017

00:36:20,370 --> 00:36:17,890

and I said this looks pretty legit like

1018

00:36:25,440 --> 00:36:20,380

something major could happen in the

1019

00:36:27,480 --> 00:36:25,450

September of 2015 and but I also said

1020

00:36:29,250 --> 00:36:27,490

that it was also September 13th which

1021

00:36:32,400 --> 00:36:29,260

was a Sunday so I said there can't be a

1022

00:36:34,110 --> 00:36:32,410

market crash on Sunday because the

1023

00:36:35,580 --> 00:36:34,120

markets aren't open so I'm not sure how

1024

00:36:37,500 --> 00:36:35,590

this was going to play out now it turned

1025

00:36:39,090 --> 00:36:37,510

out that in the weeks before it was

1026
00:36:42,330 --> 00:36:39,100
actually two weeks before the end of the

1027
00:36:45,180 --> 00:36:42,340
shemitah we had the the biggest actual

1028
00:36:47,310 --> 00:36:45,190
global stock market meltdown in history

1029
00:36:49,620 --> 00:36:47,320
in the third quarter of last year so

1030
00:36:52,440 --> 00:36:49,630
between August September October last

1031
00:36:54,150 --> 00:36:52,450
year it was the biggest global market

1032
00:36:55,830 --> 00:36:54,160
collapse in history the Chinese stock

1033
00:36:57,450 --> 00:36:55,840
market fell more than 50 percent most

1034
00:36:59,130 --> 00:36:57,460
stock markets around the world were down

1035
00:37:01,050 --> 00:36:59,140
well over ten percent at one point the

1036
00:37:03,150 --> 00:37:01,060
Dow in late August was down over a

1037
00:37:06,120 --> 00:37:03,160
thousand points in one day intraday

1038
00:37:07,680 --> 00:37:06,130

which was a record so again within a few

1039

00:37:08,790 --> 00:37:07,690

weeks of the shemitah we had this thing

1040

00:37:10,590 --> 00:37:08,800

happen again so that was really

1041

00:37:14,040 --> 00:37:10,600

interesting but the really interesting

1042

00:37:18,000 --> 00:37:14,050

part was that every seven shemitah so

1043

00:37:20,790 --> 00:37:18,010

every 49 years is something called the

1044

00:37:22,080 --> 00:37:20,800

jubilee and it's actually an extra you

1045

00:37:23,760 --> 00:37:22,090

know Jonathan Cahn well these people are

1046

00:37:25,650 --> 00:37:23,770

experts on this I'm not an expert on the

1047

00:37:29,040 --> 00:37:25,660

Bible or any of that stuff but according

1048

00:37:30,810 --> 00:37:29,050

to them this is something that happens

1049

00:37:32,640 --> 00:37:30,820

every 50 years and it's quite a big deal

1050

00:37:34,140 --> 00:37:32,650

it's as essentially makes it so the

1051
00:37:36,480 --> 00:37:34,150
shemitah that happened every seven years

1052
00:37:38,610 --> 00:37:36,490
the next year after that's even bigger

1053
00:37:40,620 --> 00:37:38,620
something crazier and bigger is going to

1054
00:37:42,660 --> 00:37:40,630
happen it's sort of like an extension of

1055
00:37:44,370 --> 00:37:42,670
the shemitah i've called it the super

1056
00:37:46,710 --> 00:37:44,380
shemitah and many people call it the

1057
00:37:48,420 --> 00:37:46,720
jubilee so we go through this third

1058
00:37:49,950 --> 00:37:48,430
quarter last year and we have a lot of

1059
00:37:51,840 --> 00:37:49,960
major market problems but the market

1060
00:37:54,840 --> 00:37:51,850
doesn't really fully collapse in the US

1061
00:37:57,120 --> 00:37:54,850
so let people go Berwick's wrong and I

1062
00:37:59,520 --> 00:37:57,130
was like I never said it was for sure I

1063
00:38:00,900 --> 00:37:59,530

just I knew that this was very

1064

00:38:02,610 --> 00:38:00,910

interesting information and it turned

1065

00:38:04,020 --> 00:38:02,620

out that that if that we actually made a

1066

00:38:06,270 --> 00:38:04,030

fortune in that period because we

1067

00:38:09,060 --> 00:38:06,280

started shorting the markets and in July

1068

00:38:10,920 --> 00:38:09,070

and June for our subscribers

1069

00:38:12,720 --> 00:38:10,930

we told them to short the markets and

1070

00:38:14,610 --> 00:38:12,730

August was a complete blood bloodbath

1071

00:38:16,590 --> 00:38:14,620

and during that three days during when

1072

00:38:18,750 --> 00:38:16,600

the Dow was down 2,000 points we had one

1073

00:38:21,260 --> 00:38:18,760

investment that was up over 4,500

1074

00:38:23,240 --> 00:38:21,270

percent in three days

1075

00:38:25,940 --> 00:38:23,250

we did very well but we didn't see

1076
00:38:27,260 --> 00:38:25,950
complete destruction on or around that

1077
00:38:29,420 --> 00:38:27,270
date so a lot of people said okay that

1078
00:38:31,520 --> 00:38:29,430
must be wrong well it turns out as I

1079
00:38:33,110 --> 00:38:31,530
said that and I've talked to Jonathan

1080
00:38:34,730 --> 00:38:33,120
Cahn I've looked into it and everyone's

1081
00:38:37,160 --> 00:38:34,740
like yeah the reason it didn't have the

1082
00:38:38,540 --> 00:38:37,170
big collapse now this could be wrong as

1083
00:38:39,350 --> 00:38:38,550
well like we don't know we can't predict

1084
00:38:41,540 --> 00:38:39,360
the future

1085
00:38:43,130 --> 00:38:41,550
but the reason was this is the seventh

1086
00:38:44,750 --> 00:38:43,140
shemitah sand that it the big stuff

1087
00:38:46,780 --> 00:38:44,760
happens in the jubilee year now that

1088
00:38:48,590 --> 00:38:46,790

jubilee or started it's all in the

1089

00:38:50,060 --> 00:38:48,600

Hebrew calendar it's not in the

1090

00:38:51,950 --> 00:38:50,070

Gregorian calendar so it happens on

1091

00:38:53,870 --> 00:38:51,960

different dates every year but it

1092

00:38:56,350 --> 00:38:53,880

started in September of last year and it

1093

00:38:58,640 --> 00:38:56,360

ends on October 2nd of this year and

1094

00:39:02,450 --> 00:38:58,650

what I've been discovering about the

1095

00:39:05,030 --> 00:39:02,460

Jubilee ever since last fall has

1096

00:39:07,070 --> 00:39:05,040

actually been mind-blowing there's a lot

1097

00:39:08,830 --> 00:39:07,080

of things going on related to the

1098

00:39:11,840 --> 00:39:08,840

Jubilee that I can go into if you want

1099

00:39:14,200 --> 00:39:11,850

that is incredibly interesting and

1100

00:39:16,490 --> 00:39:14,210

actually a lot of the things that I

1101

00:39:17,840 --> 00:39:16,500

predicted about this year have already

1102

00:39:19,970 --> 00:39:17,850

come to pass I said there's going to be

1103

00:39:22,190 --> 00:39:19,980

a massive change massive washing goes

1104

00:39:24,110 --> 00:39:22,200

away and we've already started to see

1105

00:39:25,880 --> 00:39:24,120

that things like brexit things like the

1106

00:39:28,310 --> 00:39:25,890

European Union rate now is on the cusp

1107

00:39:30,680 --> 00:39:28,320

of complete and total failure things

1108

00:39:32,510 --> 00:39:30,690

like that are all happening and I can go

1109

00:39:34,970 --> 00:39:32,520

into how a lot of these things are all

1110

00:39:36,920 --> 00:39:34,980

set to culminate in October and in fact

1111

00:39:38,960 --> 00:39:36,930

a number of them right on the date of

1112

00:39:41,600 --> 00:39:38,970

October 2nd which is the end day of the

1113

00:39:42,830 --> 00:39:41,610

Jubilee right yeah give us a little bit

1114

00:39:45,890 --> 00:39:42,840

on that because I know you call these

1115

00:39:47,960 --> 00:39:45,900

the Jubilee jolts and a lot of stuff is

1116

00:39:52,070 --> 00:39:47,970

happening how does this all coalesce

1117

00:39:53,900 --> 00:39:52,080

into this date in just a few months yeah

1118

00:39:57,020 --> 00:39:53,910

so let's talk about the Jubilee so last

1119

00:39:58,010 --> 00:39:57,030

fall I was ok this is interesting cuz I

1120

00:39:59,630 --> 00:39:58,020

didn't really think too much about the

1121

00:40:01,160 --> 00:39:59,640

Jubilee because I was just focused on

1122

00:40:02,900 --> 00:40:01,170

the shemitah but once it was over I was

1123

00:40:05,630 --> 00:40:02,910

ok let's look into this Jubilee thing

1124

00:40:07,160 --> 00:40:05,640

now so first thing that happened I'm

1125

00:40:09,800 --> 00:40:07,170

sitting there and it was around November

1126

00:40:11,690 --> 00:40:09,810

and I was like ok I'm not finding too

1127

00:40:14,540 --> 00:40:11,700

much on this Jubilee yet maybe it's

1128

00:40:16,490 --> 00:40:14,550

wrong or whatever and then I saw the

1129

00:40:19,010 --> 00:40:16,500

Pope just announced in this isn't back

1130

00:40:21,470 --> 00:40:19,020

in November of last year I believe the

1131

00:40:23,570 --> 00:40:21,480

Pope announced a emergency Jubilee year

1132

00:40:25,700 --> 00:40:23,580

and I was like oh that's interesting and

1133

00:40:27,560 --> 00:40:25,710

I looked into you what how the Catholic

1134

00:40:29,060 --> 00:40:27,570

Roman Catholic Church has Jew believes

1135

00:40:32,210 --> 00:40:29,070

they actually do have Jubilee years it's

1136

00:40:34,220 --> 00:40:32,220

usually every 25 years I believe and the

1137

00:40:36,530 --> 00:40:34,230

next one wasn't supposed to be four

1138

00:40:38,120 --> 00:40:36,540

numerous years I think in like ten more

1139

00:40:40,460 --> 00:40:38,130

years or something but he called an

1140

00:40:41,450 --> 00:40:40,470

emergency Jubilee year and I was like

1141

00:40:43,700 --> 00:40:41,460

okay that's interesting

1142

00:40:47,330 --> 00:40:43,710

so we're Julie's starting to crop up

1143

00:40:50,150 --> 00:40:47,340

here and then I also said that what

1144

00:40:53,000 --> 00:40:50,160

we'll see is probably just mace major

1145

00:40:54,980 --> 00:40:53,010

market crises and collapse and problems

1146

00:40:58,070 --> 00:40:54,990

happen it's probably as soon starting at

1147

00:40:59,900 --> 00:40:58,080

the very beginning of 2016 and what

1148

00:41:02,540 --> 00:40:59,910

happened was on the very first day of

1149

00:41:04,880 --> 00:41:02,550

2016 markets around the world started to

1150

00:41:07,040 --> 00:41:04,890

crash and they they they continued to

1151

00:41:09,560 --> 00:41:07,050

crash all the way through January it was

1152

00:41:12,260 --> 00:41:09,570

actually the worst starting month of the

1153

00:41:14,570 --> 00:41:12,270

year in history for global stock markets

1154

00:41:16,310 --> 00:41:14,580

it was really incredibly bad at one

1155

00:41:19,220 --> 00:41:16,320

point so many market was just crashing

1156

00:41:20,599 --> 00:41:19,230

and I said okay this is really

1157

00:41:23,000 --> 00:41:20,609

interesting because I was predicting

1158

00:41:25,460 --> 00:41:23,010

that 2016 is going to be a bloodbath in

1159

00:41:27,290 --> 00:41:25,470

the markets and it starts off and so

1160

00:41:28,880 --> 00:41:27,300

many times the market says less I called

1161

00:41:30,320 --> 00:41:28,890

you involved with the market so many

1162

00:41:32,480 --> 00:41:30,330

times what happens in the first month of

1163

00:41:33,980 --> 00:41:32,490

the year is a sort of an omen or a

1164

00:41:35,630 --> 00:41:33,990

harbinger of what's going to happen for

1165

00:41:37,400 --> 00:41:35,640

the rest of the year and this is a quite

1166

00:41:39,980 --> 00:41:37,410

a well-known thing also in wall street

1167

00:41:42,050 --> 00:41:39,990

called the January effect essentially

1168

00:41:44,270 --> 00:41:42,060

January for whatever reason seems to set

1169

00:41:45,650 --> 00:41:44,280

the tone so again I was they okay I seem

1170

00:41:47,540 --> 00:41:45,660

to be on the right track here and again

1171

00:41:50,359 --> 00:41:47,550

we made a fortune actually in January

1172

00:41:51,980 --> 00:41:50,369

and even up until today because we were

1173

00:41:53,630 --> 00:41:51,990

short heavily the markets again and we

1174

00:41:56,960 --> 00:41:53,640

were very long gold and silver and

1175

00:41:58,849 --> 00:41:56,970

Bitcoin and since bitcoins doubled since

1176

00:42:01,790 --> 00:41:58,859

the start of the year

1177

00:42:04,340 --> 00:42:01,800

gold and silver up Silver's up about 40%

1178

00:42:05,840 --> 00:42:04,350

we've been buying calls on these things

1179

00:42:06,980 --> 00:42:05,850

were up hundreds or even thousands of

1180

00:42:08,900 --> 00:42:06,990

percent on a lot of these things so

1181

00:42:10,790 --> 00:42:08,910

again we're doing really well with just

1182

00:42:12,859 --> 00:42:10,800

generally trying to gauge what's going

1183

00:42:14,510 --> 00:42:12,869

on here and then it was I think was in

1184

00:42:16,609 --> 00:42:14,520

January the Bank for International

1185

00:42:17,900 --> 00:42:16,619

Settlements a guy named William white

1186

00:42:22,330 --> 00:42:17,910

and he was essentially their top

1187

00:42:25,070 --> 00:42:22,340

economist was quoted at Davos saying

1188

00:42:26,390 --> 00:42:25,080

we're on the precipice of and I'm just

1189

00:42:28,160 --> 00:42:26,400

paraphrasing here but essentially what

1190

00:42:30,050 --> 00:42:28,170

he said we're on the precipice of the

1191

00:42:32,960 --> 00:42:30,060

complete and total collapse unlike

1192

00:42:35,450 --> 00:42:32,970

anything ever seen we're going to see

1193

00:42:38,270 --> 00:42:35,460

nearly everything washed away we're

1194

00:42:39,620 --> 00:42:38,280

going to see so many people find out

1195

00:42:41,300 --> 00:42:39,630

that so many things that they thought

1196

00:42:43,040 --> 00:42:41,310

had value didn't and I think he was

1197

00:42:45,050 --> 00:42:43,050

alluding to things like government bonds

1198

00:42:46,730 --> 00:42:45,060

and fiat currencies and things like that

1199

00:42:47,660 --> 00:42:46,740

he essentially said all these paper

1200

00:42:49,220 --> 00:42:47,670

things that

1201
00:42:51,589 --> 00:42:49,230
we'll think have value it's not going to

1202
00:42:52,940 --> 00:42:51,599
have any more value very quickly and

1203
00:42:54,440 --> 00:42:52,950
then he said something that was

1204
00:42:57,170 --> 00:42:54,450
incredibly interesting to me he said

1205
00:43:01,370 --> 00:42:57,180
this has been going on for 5000 years

1206
00:43:04,670 --> 00:43:01,380
dating back to Sumeria it's a it's a

1207
00:43:06,880 --> 00:43:04,680
it's a Jubilee or a Jubilee he said and

1208
00:43:09,589 --> 00:43:06,890
that this happens and it's going to

1209
00:43:11,750 --> 00:43:09,599
happen very soon and it's going to wipe

1210
00:43:13,280 --> 00:43:11,760
away most things so again I was watching

1211
00:43:15,470 --> 00:43:13,290
this I'm like okay he just said it's a

1212
00:43:17,270 --> 00:43:15,480
Jubilee and it's going to be a complete

1213
00:43:18,710 --> 00:43:17,280

wipeout and this is a guy for the Bank

1214

00:43:20,270 --> 00:43:18,720

of International Settlements so a pretty

1215

00:43:22,730 --> 00:43:20,280

big name pretty a guy who something

1216

00:43:25,250 --> 00:43:22,740

pretty connected to these elites and so

1217

00:43:26,690 --> 00:43:25,260

I was like okay so just keep following

1218

00:43:28,039 --> 00:43:26,700

this stuff and and more and more stuff

1219

00:43:29,780 --> 00:43:28,049

keeps coming into places so then I

1220

00:43:32,030 --> 00:43:29,790

started looking around the end of the

1221

00:43:33,890 --> 00:43:32,040

Jubilee years is this your October 2nd

1222

00:43:36,109 --> 00:43:33,900

so I was like okay is there anything

1223

00:43:38,329 --> 00:43:36,119

sort of a major because of these

1224

00:43:40,160 --> 00:43:38,339

shemitahs and Jubilees are sort of

1225

00:43:42,170 --> 00:43:40,170

associated as well not only with a

1226

00:43:46,099 --> 00:43:42,180

washing away but just like a major shift

1227

00:43:48,109 --> 00:43:46,109

to a new something new and October 2nd

1228

00:43:50,930 --> 00:43:48,119

of this year which is actually a like I

1229

00:43:52,520 --> 00:43:50,940

said or Noah I can't remember is it a

1230

00:43:54,770 --> 00:43:52,530

Sunday is a Saturday I believe this year

1231

00:43:56,630 --> 00:43:54,780

and so again that there's not gonna be a

1232

00:44:00,380 --> 00:43:56,640

major market crash on that day but on

1233

00:44:03,349 --> 00:44:00,390

October 2nd which is a Sunday the IMF is

1234

00:44:06,349 --> 00:44:03,359

going to put the Chinese wand into the

1235

00:44:09,170 --> 00:44:06,359

SDR currency basket of all days October

1236

00:44:11,780 --> 00:44:09,180

2nd on a Sunday so this is the end of

1237

00:44:14,390 --> 00:44:11,790

the Jubilee year on a Sunday they're

1238

00:44:18,079 --> 00:44:14,400

going to essentially assure in a new

1239

00:44:21,140 --> 00:44:18,089

currency system I believe the SDR and so

1240

00:44:22,099 --> 00:44:21,150

this could be part of it and as well

1241

00:44:24,260 --> 00:44:22,109

it's really interesting to note that

1242

00:44:26,809 --> 00:44:24,270

whenever they have a major banking

1243

00:44:28,880 --> 00:44:26,819

crisis financial crisis market crisis

1244

00:44:31,910 --> 00:44:28,890

they usually announce it on a weekend

1245

00:44:33,380 --> 00:44:31,920

and so this again is on a Sunday should

1246

00:44:35,240 --> 00:44:33,390

also be taking it to know and you might

1247

00:44:36,859 --> 00:44:35,250

know more about this from me because I'm

1248

00:44:39,549 --> 00:44:36,869

just looking into all this stuff I just

1249

00:44:42,140 --> 00:44:39,559

all this is quite new to me is on

1250

00:44:45,440 --> 00:44:42,150

October 2nd in the evening on October

1251

00:44:48,049 --> 00:44:45,450

2nd the Jesuits are putting in a new

1252

00:44:50,839 --> 00:44:48,059

priest or something now the judge yeah

1253

00:44:53,569 --> 00:44:50,849

on the on the evening so right like you

1254

00:44:55,970 --> 00:44:53,579

know as the Bell Tolls at the very end

1255

00:44:58,670 --> 00:44:55,980

of the Jubilee year they're going to put

1256

00:44:59,900 --> 00:44:58,680

in their new Jesuit priest now you might

1257

00:45:01,230 --> 00:44:59,910

know a lot more about this to me I'm

1258

00:45:02,880 --> 00:45:01,240

just started looking into the Jesu

1259

00:45:05,550 --> 00:45:02,890

they appear to be really tied in with

1260

00:45:07,200 --> 00:45:05,560

the financial elites and of course

1261

00:45:09,660 --> 00:45:07,210

talking about the number seven going all

1262

00:45:11,430 --> 00:45:09,670

the way back christine lagarde did that

1263

00:45:13,710 --> 00:45:11,440

speech a few years ago about the magic

1264

00:45:15,810 --> 00:45:13,720

number seven oh and I should point this

1265

00:45:19,020 --> 00:45:15,820

out this was absolutely fascinating and

1266

00:45:22,050 --> 00:45:19,030

I you know I didn't realize until after

1267

00:45:23,850 --> 00:45:22,060

the fact so we had brexit which happened

1268

00:45:26,910 --> 00:45:23,860

a week or two ago it happened on a

1269

00:45:28,500 --> 00:45:26,920

Thursday I believe I know that the pool

1270

00:45:31,650 --> 00:45:28,510

was on a Thursday I think the markets

1271

00:45:33,330 --> 00:45:31,660

opened on a Friday and that day was

1272

00:45:36,240 --> 00:45:33,340

actually and so we're in the jubilee

1273

00:45:38,760 --> 00:45:36,250

here year here wrap and they have brexit

1274

00:45:40,980 --> 00:45:38,770

which Britain leads the EU which is

1275

00:45:43,320 --> 00:45:40,990

pretty big washing away of the sort of a

1276

00:45:45,330 --> 00:45:43,330

thing the next day the markets open and

1277

00:45:49,290 --> 00:45:45,340

it was the worst day for global stock

1278

00:45:51,300 --> 00:45:49,300

markets in history for a one day and and

1279

00:45:53,040 --> 00:45:51,310

the really interesting thing that I

1280

00:45:55,050 --> 00:45:53,050

discovered about that just rate after

1281

00:45:56,340 --> 00:45:55,060

someone sent it to me they a lot of

1282

00:45:58,980 --> 00:45:56,350

people are really into numerology and

1283

00:46:00,990 --> 00:45:58,990

stuff that day when the markets open had

1284

00:46:04,170 --> 00:46:01,000

their worst day in global stock markets

1285

00:46:06,810 --> 00:46:04,180

worldwide was seven years seven months

1286

00:46:11,030 --> 00:46:06,820

seven weeks and seven days from the last

1287

00:46:15,060 --> 00:46:11,040

shemitah on September 28th I believe

1288

00:46:16,740 --> 00:46:15,070

2008 damn so that was really interesting

1289

00:46:19,980 --> 00:46:16,750

so I just keep discovering this stuff

1290

00:46:21,630 --> 00:46:19,990

and it just seems to all tie in you know

1291

00:46:23,640 --> 00:46:21,640

I don't even know what to say about it I

1292

00:46:24,870 --> 00:46:23,650

know for sure that these markets are

1293

00:46:26,520 --> 00:46:24,880

going to crash

1294

00:46:28,890 --> 00:46:26,530

that's just numbers that's just math

1295

00:46:31,290 --> 00:46:28,900

that's just this the whole system is so

1296

00:46:32,580 --> 00:46:31,300

unsustainable and so on the edge that

1297

00:46:34,260 --> 00:46:32,590

that's going to happen but I just keep

1298

00:46:36,900 --> 00:46:34,270

finding all these I've just sort of

1299

00:46:39,000 --> 00:46:36,910

uncovered all these things that just

1300

00:46:40,560 --> 00:46:39,010

almost every week or two I get blown

1301
00:46:42,750 --> 00:46:40,570
away when I discover something that

1302
00:46:46,020 --> 00:46:42,760
seems to tie in with this Jubilee and

1303
00:46:48,120 --> 00:46:46,030
shemitah cycle yeah man it is an

1304
00:46:49,620 --> 00:46:48,130
incredible rabbit hole for sure I'm

1305
00:46:52,349 --> 00:46:49,630
right there with you I have guests all

1306
00:46:54,410 --> 00:46:52,359
the time that talk about the Jesuits and

1307
00:46:56,940 --> 00:46:54,420
their role in the power pyramid

1308
00:46:58,410 --> 00:46:56,950
definitely seems like October 2nd is

1309
00:47:00,240 --> 00:46:58,420
going to be a time to watch another

1310
00:47:01,980 --> 00:47:00,250
thing that's kind of interesting about

1311
00:47:05,910 --> 00:47:01,990
this is you have a video where you point

1312
00:47:08,400 --> 00:47:05,920
out that the January 1988 issue of the

1313
00:47:10,530 --> 00:47:08,410

Rothschild owned Economist magazine had

1314

00:47:12,180 --> 00:47:10,540

a cover story get ready for a world

1315

00:47:14,430 --> 00:47:12,190

currency with the image of an eagle

1316

00:47:15,120 --> 00:47:14,440

standing on a pile of burning dollars

1317

00:47:19,440 --> 00:47:15,130

wearing a

1318

00:47:20,790 --> 00:47:19,450

that said 2018 so 30 years again we know

1319

00:47:22,920 --> 00:47:20,800

they like their codes now there were

1320

00:47:24,900 --> 00:47:22,930

only two years from that prophetic

1321

00:47:27,240 --> 00:47:24,910

pendant it's pretty interesting to see

1322

00:47:29,580 --> 00:47:27,250

what's actually happening yeah if you

1323

00:47:31,320 --> 00:47:29,590

the only reason to subscribe to The

1324

00:47:33,450 --> 00:47:31,330

Economist magazine is just to see

1325

00:47:35,100 --> 00:47:33,460

because the elites put in a lot of their

1326

00:47:38,070 --> 00:47:35,110

cover stories and a lot of their

1327

00:47:39,600 --> 00:47:38,080

cartoons even a lot of their plans it's

1328

00:47:41,940 --> 00:47:39,610

actually crazy but The Economist is

1329

00:47:43,350 --> 00:47:41,950

owned by the Rothschilds and so many

1330

00:47:45,540 --> 00:47:43,360

things that they put in there it just

1331

00:47:47,670 --> 00:47:45,550

comes to pass soon after her in this

1332

00:47:50,640 --> 00:47:47,680

case long after some of these plans are

1333

00:47:52,890 --> 00:47:50,650

very long even the European Union that

1334

00:47:54,300 --> 00:47:52,900

was actually hatched at the Bilderberg

1335

00:47:56,010 --> 00:47:54,310

conference and actually I've been to the

1336

00:47:58,500 --> 00:47:56,020

last bilderberg's trying to expose them

1337

00:48:00,570 --> 00:47:58,510

I was just there in Germany a few months

1338

00:48:02,700 --> 00:48:00,580

ago and they hatch these things they

1339

00:48:05,490 --> 00:48:02,710

have long decades-long sometimes even

1340

00:48:06,780 --> 00:48:05,500

possibly centuries long plans the people

1341

00:48:08,580 --> 00:48:06,790

doing these things I don't even know if

1342

00:48:09,990 --> 00:48:08,590

they're fully human to be honest or if

1343

00:48:12,720 --> 00:48:10,000

they're not controlled by some sort of

1344

00:48:15,180 --> 00:48:12,730

entity because they're just so long

1345

00:48:18,420 --> 00:48:15,190

planning and they're so good at what

1346

00:48:20,340 --> 00:48:18,430

they do and so yeah in 1988 I think it

1347

00:48:22,470 --> 00:48:20,350

was I think he pointed out on the front

1348

00:48:24,630 --> 00:48:22,480

cover the Economist they have a Phoenix

1349

00:48:27,150 --> 00:48:24,640

it wasn't just a ego or bird it was a

1350

00:48:29,520 --> 00:48:27,160

phoenix rising out of the ashes and it

1351

00:48:32,280 --> 00:48:29,530

said world currency and then as you said

1352

00:48:33,780 --> 00:48:32,290

it had this like a like almost like an

1353

00:48:36,420 --> 00:48:33,790

Olympic medal around his neck and it

1354

00:48:38,010 --> 00:48:36,430

says 2018 and it looks like it's headed

1355

00:48:39,720 --> 00:48:38,020

that way if you look at everything going

1356

00:48:41,160 --> 00:48:39,730

on we've had this war on cash that has

1357

00:48:43,380 --> 00:48:41,170

just been launched in the last year

1358

00:48:46,170 --> 00:48:43,390

which is almost getting rid of all paper

1359

00:48:47,640 --> 00:48:46,180

money very quickly we're just a massive

1360

00:48:48,930 --> 00:48:47,650

war on cash you're seeing parts of

1361

00:48:50,580 --> 00:48:48,940

Europe now they're just not even having

1362

00:48:52,230 --> 00:48:50,590

paper currencies anymore they're trying

1363

00:48:54,090 --> 00:48:52,240

to just get rid of them that's to get

1364

00:48:56,370 --> 00:48:54,100

everyone into the banking system in my

1365

00:48:57,420 --> 00:48:56,380

opinion and then at that point because

1366

00:48:58,920 --> 00:48:57,430

people won't be able to protect

1367

00:49:00,210 --> 00:48:58,930

themselves don't be able to just take

1368

00:49:01,710 --> 00:49:00,220

out all their money from the bank they

1369

00:49:03,360 --> 00:49:01,720

won't be even be able to do that that's

1370

00:49:04,770 --> 00:49:03,370

what their plan is they're going to let

1371

00:49:06,180 --> 00:49:04,780

everything collapse in my opinion that

1372

00:49:08,520 --> 00:49:06,190

collapse might happen this year in my

1373

00:49:11,040 --> 00:49:08,530

opinion and then over the next year or

1374

00:49:13,290 --> 00:49:11,050

two as everything's just chaotic and

1375

00:49:15,690 --> 00:49:13,300

crisis and problems they're going to

1376

00:49:17,130 --> 00:49:15,700

come out with their new sort of world

1377

00:49:19,890 --> 00:49:17,140

currency their new world government

1378

00:49:21,480 --> 00:49:19,900

their new world tax system a new

1379

00:49:22,920 --> 00:49:21,490

one-world religion all these sort of

1380

00:49:25,470 --> 00:49:22,930

things and they're gonna make things so

1381

00:49:27,900 --> 00:49:25,480

bad they're gonna say hey we have to do

1382

00:49:28,460 --> 00:49:27,910

this look how bad everything's got so I

1383

00:49:30,050 --> 00:49:28,470

think that's

1384

00:49:31,970 --> 00:49:30,060

generally the plan and I can see it

1385

00:49:34,160 --> 00:49:31,980

working that way and so it is

1386

00:49:35,930 --> 00:49:34,170

interesting that the very end day of the

1387

00:49:38,780 --> 00:49:35,940

Jubilee this year is when the Chinese

1388

00:49:40,400 --> 00:49:38,790

Wan is going to be added to the SDR

1389

00:49:42,890 --> 00:49:40,410

basket the Special Drawing rights

1390

00:49:46,640 --> 00:49:42,900

basically a world currency run by the

1391

00:49:49,910 --> 00:49:46,650

IMF so very very interesting times for

1392

00:49:52,400 --> 00:49:49,920

sure yeah that is concerning and you

1393

00:49:54,349 --> 00:49:52,410

mentioned the brexit and you know the

1394

00:49:56,750 --> 00:49:54,359

brexit vote on the surface this totally

1395

00:49:58,190 --> 00:49:56,760

seems like a powerful rebellious act

1396

00:49:59,960 --> 00:49:58,200

against globalization and the

1397

00:50:01,910 --> 00:49:59,970

consolidation of governments but I think

1398

00:50:04,640 --> 00:50:01,920

the puppet masters have too much control

1399

00:50:06,650 --> 00:50:04,650

to get blindsided by a vote that they

1400

00:50:08,540 --> 00:50:06,660

allowed to happen I'm not sure but

1401

00:50:10,130 --> 00:50:08,550

that's just what my gut says what are

1402

00:50:12,310 --> 00:50:10,140

your thoughts on this Kiwi can we trust

1403

00:50:14,300 --> 00:50:12,320

the integrity of that brexit vote I

1404

00:50:15,890 --> 00:50:14,310

think you have you've made some really

1405

00:50:17,900 --> 00:50:15,900

good points there I think it's both

1406

00:50:19,430 --> 00:50:17,910

points that you made I agree with people

1407

00:50:21,920 --> 00:50:19,440

are waking up thanks to the internet

1408

00:50:24,830 --> 00:50:21,930

people are starting to realize there's

1409

00:50:27,140 --> 00:50:24,840

just a crazy control system controlling

1410

00:50:28,670 --> 00:50:27,150

everything and all the central banks and

1411

00:50:30,260 --> 00:50:28,680

all the governments and people are

1412

00:50:31,130 --> 00:50:30,270

getting sick of it especially in Europe

1413

00:50:33,650 --> 00:50:31,140

and I think they did it on purpose

1414

00:50:35,720 --> 00:50:33,660

actually now that I look at it they made

1415

00:50:37,280 --> 00:50:35,730

the European Union is so crazy they have

1416

00:50:39,200 --> 00:50:37,290

like five presidents no one even knows

1417

00:50:41,480 --> 00:50:39,210

any of their names it's not definitely

1418

00:50:43,849 --> 00:50:41,490

not a democracy is it what would I call

1419

00:50:45,349 --> 00:50:43,859

a technocracy which is very sort of

1420

00:50:47,030 --> 00:50:45,359

communist socialist leanings so they've

1421

00:50:48,980 --> 00:50:47,040

been putting in literally millions of

1422

00:50:50,359 --> 00:50:48,990

regulations I think there's four like a

1423

00:50:52,760 --> 00:50:50,369

pillowcase there's something like a

1424

00:50:54,050 --> 00:50:52,770

hundred EU regulations on how you can

1425

00:50:56,270 --> 00:50:54,060

make a pillowcase and all that sort of

1426
00:50:57,349 --> 00:50:56,280
stuff so that it's gotten so crazy and I

1427
00:50:59,180 --> 00:50:57,359
think they did that on purpose I think

1428
00:51:01,670 --> 00:50:59,190
they're trying to make things so bad

1429
00:51:03,710 --> 00:51:01,680
that people start to want something else

1430
00:51:04,849 --> 00:51:03,720
and I think it's a good thing that a lot

1431
00:51:06,320 --> 00:51:04,859
of people are starting to wake up to

1432
00:51:08,030 --> 00:51:06,330
that and go yeah this is really bad we

1433
00:51:10,849 --> 00:51:08,040
don't want that so people in Britain a

1434
00:51:13,250 --> 00:51:10,859
lot of them were essentially saying yeah

1435
00:51:15,650 --> 00:51:13,260
we this is crazy just we don't want any

1436
00:51:18,020 --> 00:51:15,660
part of this giant technocracy we'll

1437
00:51:20,630 --> 00:51:18,030
just do our own thing here for a while

1438
00:51:22,730 --> 00:51:20,640

which is better I'm a person always says

1439

00:51:25,130 --> 00:51:22,740

if at first you don't succeed try try

1440

00:51:27,020 --> 00:51:25,140

again so I always like when it comes to

1441

00:51:28,730 --> 00:51:27,030

governments when people secede including

1442

00:51:31,190 --> 00:51:28,740

the u.s. so when the u.s. seceded from

1443

00:51:33,290 --> 00:51:31,200

England in what way you could call the

1444

00:51:34,849 --> 00:51:33,300

first brexit if I was around then I'd be

1445

00:51:36,440 --> 00:51:34,859

like yeah good yeah get away from those

1446

00:51:38,690 --> 00:51:36,450

guys now let's get away from the u.s.

1447

00:51:41,210 --> 00:51:38,700

Kevin and I'd like to see it get down to

1448

00:51:41,760 --> 00:51:41,220

every state in the u.s. which is

1449

00:51:43,110 --> 00:51:41,770

actually how

1450

00:51:45,120 --> 00:51:43,120

was founded that's why it's called the

1451

00:51:46,650 --> 00:51:45,130

United States but it should really just

1452

00:51:48,330 --> 00:51:46,660

be called the United State now because

1453

00:51:49,440 --> 00:51:48,340

the federal government has so much power

1454

00:51:51,420 --> 00:51:49,450

I'd like to see the federal government

1455

00:51:52,590 --> 00:51:51,430

the u.s. gone and all 50 states have

1456

00:51:54,000 --> 00:51:52,600

their own government that I'd like to

1457

00:51:55,710 --> 00:51:54,010

see every city in those states become

1458

00:51:57,570 --> 00:51:55,720

their own government and then I see

1459

00:51:59,250 --> 00:51:57,580

every neighborhood and now I see 7

1460

00:52:00,660 --> 00:51:59,260

billion people on earth that become

1461

00:52:02,190 --> 00:52:00,670

their own silver and government and we'd

1462

00:52:04,710 --> 00:52:02,200

see peace and prosperity like we've

1463

00:52:06,510 --> 00:52:04,720

never known it but so I'm in favor of

1464

00:52:08,460 --> 00:52:06,520

these things and there is definitely a

1465

00:52:10,260 --> 00:52:08,470

uprising going on people are getting

1466

00:52:12,210 --> 00:52:10,270

tired of all the central banks and these

1467

00:52:14,880 --> 00:52:12,220

government's doing all these things so

1468

00:52:16,730 --> 00:52:14,890

you saw that with brexit the bilderberg

1469

00:52:19,350 --> 00:52:16,740

this year was held in Dresden Germany

1470

00:52:20,610 --> 00:52:19,360

usually every second year they had they

1471

00:52:22,290 --> 00:52:20,620

have it in Europe and then the next year

1472

00:52:23,310 --> 00:52:22,300

they have in the US or North America and

1473

00:52:25,800 --> 00:52:23,320

then I could bring it back to Europe

1474

00:52:28,050 --> 00:52:25,810

last year was in Austria and I went for

1475

00:52:29,880 --> 00:52:28,060

that one too or the only myself Luke

1476

00:52:30,690 --> 00:52:29,890

radowsky if we are change in Dan dick so

1477

00:52:32,640 --> 00:52:30,700

pressed for truth

1478

00:52:34,050 --> 00:52:32,650

we actually infiltrated the conference

1479

00:52:35,640 --> 00:52:34,060

we're the first journalists actually get

1480

00:52:36,990 --> 00:52:35,650

into the conference room they kicked us

1481

00:52:38,040 --> 00:52:37,000

out and everything but then we went

1482

00:52:39,960 --> 00:52:38,050

again this year and the interesting

1483

00:52:41,640 --> 00:52:39,970

thing was that it was held again in

1484

00:52:43,530 --> 00:52:41,650

Europe very interesting because

1485

00:52:44,820 --> 00:52:43,540

especially because this is a election

1486

00:52:46,980 --> 00:52:44,830

year in the US so they would normally

1487

00:52:48,390 --> 00:52:46,990

have it in the US for sure this year but

1488

00:52:50,100 --> 00:52:48,400

they had in Europe and I think it's

1489

00:52:52,470 --> 00:52:50,110

because they're focused at this moment

1490

00:52:54,450 --> 00:52:52,480

in time was on Europe and the brexit and

1491

00:52:56,760 --> 00:52:54,460

things like that and we saw what the

1492

00:52:59,190 --> 00:52:56,770

Scottish referendum as there was so much

1493

00:53:01,020 --> 00:52:59,200

vote rigging so much manipulation it

1494

00:53:02,670 --> 00:53:01,030

looked like the polls showed that most

1495

00:53:04,560 --> 00:53:02,680

people in Scotland wanted to separate

1496

00:53:07,680 --> 00:53:04,570

from the UK and again I support that I

1497

00:53:09,180 --> 00:53:07,690

always support secession but when the

1498

00:53:10,590 --> 00:53:09,190

polls came out when the votes came out

1499

00:53:12,150 --> 00:53:10,600

and it's I think it was stall and it

1500

00:53:13,350 --> 00:53:12,160

says it doesn't matter who votes it

1501
00:53:14,100 --> 00:53:13,360
matters who counts the votes and that's

1502
00:53:16,740 --> 00:53:14,110
totally true

1503
00:53:19,170 --> 00:53:16,750
and they said oh no they didn't secede

1504
00:53:20,820 --> 00:53:19,180
and so I was watching brexit and I

1505
00:53:22,380 --> 00:53:20,830
thought okay I bet they're just gonna do

1506
00:53:24,030 --> 00:53:22,390
that again because it looks like brexit

1507
00:53:25,680 --> 00:53:24,040
has enough support and especially with

1508
00:53:27,210 --> 00:53:25,690
that brexit movie coming out which was

1509
00:53:29,820 --> 00:53:27,220
crowd funded and watched by millions of

1510
00:53:31,350 --> 00:53:29,830
people and thanks to the internet the

1511
00:53:32,670 --> 00:53:31,360
information got out enough that people

1512
00:53:34,890 --> 00:53:32,680
realize yeah that we don't want ah

1513
00:53:37,950 --> 00:53:34,900

anything to do with this EU monstrosity

1514

00:53:39,210 --> 00:53:37,960

and so I was expecting that they would

1515

00:53:40,470 --> 00:53:39,220

probably just rigged the vote again

1516

00:53:43,110 --> 00:53:40,480

they've rigged every vote they break

1517

00:53:44,670 --> 00:53:43,120

even the 2000 presidential election with

1518

00:53:46,470 --> 00:53:44,680

the hanging chads and the Diebold

1519

00:53:48,810 --> 00:53:46,480

machines which are owned by all the same

1520

00:53:50,040 --> 00:53:48,820

people who run the central banks and and

1521

00:53:52,780 --> 00:53:50,050

so I was expecting that so when it

1522

00:53:55,270 --> 00:53:52,790

actually went brexit I was

1523

00:53:57,340 --> 00:53:55,280

surprised I was like this is awesome but

1524

00:53:58,420 --> 00:53:57,350

then I started thinking I'm like what

1525

00:53:59,290 --> 00:53:58,430

are they planning here because they

1526

00:54:01,570 --> 00:53:59,300

wouldn't allow it

1527

00:54:02,710 --> 00:54:01,580

they control everything they when it

1528

00:54:04,180 --> 00:54:02,720

comes to this stuff when it comes to

1529

00:54:05,770 --> 00:54:04,190

votes and things like that especially if

1530

00:54:07,390 --> 00:54:05,780

it was such a close vote if they wanted

1531

00:54:09,510 --> 00:54:07,400

it to be burr main it Beiber main

1532

00:54:12,430 --> 00:54:09,520

exactly I no doubt about it absolutely

1533

00:54:14,890 --> 00:54:12,440

so I think what they decided to do was

1534

00:54:17,380 --> 00:54:14,900

to let it go so many things just

1535

00:54:19,540 --> 00:54:17,390

absolutely crashing that has not ended

1536

00:54:21,850 --> 00:54:19,550

by the way we've had a quiet period here

1537

00:54:23,770 --> 00:54:21,860

lately but when you have a move that big

1538

00:54:27,040 --> 00:54:23,780

and things like the British Pound moving

1539

00:54:28,750 --> 00:54:27,050

down 10% in one day and things like that

1540

00:54:30,040 --> 00:54:28,760

you have companies and hedge funds that

1541

00:54:31,720 --> 00:54:30,050

go bankrupt you don't even know they're

1542

00:54:34,630 --> 00:54:31,730

bankrupt yet and that when they go

1543

00:54:37,060 --> 00:54:34,640

bankrupt they will cause another wave of

1544

00:54:39,220 --> 00:54:37,070

selling and all sorts of craziness so I

1545

00:54:43,000 --> 00:54:39,230

think what they're doing is trying to

1546

00:54:45,760 --> 00:54:43,010

cause a massive chaos in Europe and what

1547

00:54:48,790 --> 00:54:45,770

they're going to do is to use that chaos

1548

00:54:51,520 --> 00:54:48,800

as usual problem reaction solution to

1549

00:54:54,700 --> 00:54:51,530

bring in a new sort of system which will

1550

00:54:56,470 --> 00:54:54,710

be more in line with this full one-world

1551
00:54:58,600 --> 00:54:56,480
government they want to bring anthe yeah

1552
00:55:01,480 --> 00:54:58,610
it's going to be interesting but I think

1553
00:55:02,710 --> 00:55:01,490
in retrospect it looks like that's what

1554
00:55:04,450 --> 00:55:02,720
they'd plan if you look at people like

1555
00:55:06,130 --> 00:55:04,460
George Soros and he's a very high-level

1556
00:55:08,230 --> 00:55:06,140
insider he's not at the top of the

1557
00:55:10,480 --> 00:55:08,240
pyramid by any means but he's pretty

1558
00:55:12,430 --> 00:55:10,490
high up on the pyramid he moved out of

1559
00:55:14,440 --> 00:55:12,440
all his stock holdings he actually

1560
00:55:16,780 --> 00:55:14,450
started shorting the stock market and he

1561
00:55:19,780 --> 00:55:16,790
made his biggest position holding gold

1562
00:55:21,550 --> 00:55:19,790
all in the last two months so what

1563
00:55:23,290 --> 00:55:21,560

happened right after breakfast stock

1564

00:55:25,210 --> 00:55:23,300

markets crashed all over he probably

1565

00:55:27,790 --> 00:55:25,220

made billions of dollars and gold

1566

00:55:31,120 --> 00:55:27,800

absolutely skyrocket and silver as well

1567

00:55:33,400 --> 00:55:31,130

so they plan to do this I think it's

1568

00:55:34,540 --> 00:55:33,410

just to create more chaos and I think as

1569

00:55:36,400 --> 00:55:34,550

well though on the brights on the

1570

00:55:37,570 --> 00:55:36,410

positive note I think they knew they had

1571

00:55:40,210 --> 00:55:37,580

to kind of let something like this

1572

00:55:41,920 --> 00:55:40,220

happen because if they kept dragging the

1573

00:55:44,200 --> 00:55:41,930

boats if they kept stopping people from

1574

00:55:46,720 --> 00:55:44,210

being able to secede it would cause

1575

00:55:48,370 --> 00:55:46,730

people to get out the pitchforks and try

1576

00:55:50,560 --> 00:55:48,380

actually really try to find out who

1577

00:55:52,480 --> 00:55:50,570

these people are and go after them so I

1578

00:55:54,550 --> 00:55:52,490

think to some extent they were forced

1579

00:55:57,190 --> 00:55:54,560

into this position and they realized

1580

00:55:59,110 --> 00:55:57,200

yeah we have to let them get a little

1581

00:56:02,170 --> 00:55:59,120

bit of satisfaction at some point that

1582

00:56:04,440 --> 00:56:02,180

they have some sort of control or could

1583

00:56:06,700 --> 00:56:04,450

be just an absolute all-out revolt so

1584

00:56:09,430 --> 00:56:06,710

it's really hard to say I'm just

1585

00:56:10,780 --> 00:56:09,440

Elijah sings but from all my research I

1586

00:56:13,510 --> 00:56:10,790

think they allowed it to happen and

1587

00:56:15,070 --> 00:56:13,520

they're going to also probably allow it

1588

00:56:16,599 --> 00:56:15,080

to happen in a lot of parts of Europe

1589

00:56:18,520 --> 00:56:16,609

and I think what they're going to do is

1590

00:56:20,650 --> 00:56:18,530

blame this Jubilee collab so it might

1591

00:56:22,030 --> 00:56:20,660

happen by October and if it doesn't

1592

00:56:23,230 --> 00:56:22,040

happen by October could it happen a few

1593

00:56:24,760 --> 00:56:23,240

months after it could even happen in the

1594

00:56:25,839 --> 00:56:24,770

next year so who knows but it's all

1595

00:56:27,880 --> 00:56:25,849

looks like it's headed towards that

1596

00:56:29,829 --> 00:56:27,890

direction it was already headed in that

1597

00:56:31,210 --> 00:56:29,839

direction and these bankers governments

1598

00:56:32,380 --> 00:56:31,220

are already bankrupt these central banks

1599

00:56:33,579 --> 00:56:32,390

have already been printing so much money

1600

00:56:36,070 --> 00:56:33,589

that we're now into negative interest

1601
00:56:37,210 --> 00:56:36,080
rates this system is broken when you

1602
00:56:39,250 --> 00:56:37,220
have negative interest rates you know

1603
00:56:41,980 --> 00:56:39,260
how people you now have people lending

1604
00:56:44,050 --> 00:56:41,990
the Swiss government money for 50 years

1605
00:56:47,050 --> 00:56:44,060
with the promise that they'll pay them

1606
00:56:49,540 --> 00:56:47,060
back less in 50 years this system is

1607
00:56:51,670 --> 00:56:49,550
broken it's demolished and so I think

1608
00:56:52,990 --> 00:56:51,680
what they're going to do is to say okay

1609
00:56:55,000 --> 00:56:53,000
look at all these independence movements

1610
00:56:56,589 --> 00:56:55,010
that's what caused this massive collapse

1611
00:56:58,270 --> 00:56:56,599
and then they're gonna bring in the SDR

1612
00:57:01,570 --> 00:56:58,280
and then over the next couple years

1613
00:57:03,790 --> 00:57:01,580

until 2018 just make chaos and craziness

1614

00:57:05,470 --> 00:57:03,800

and blame it all on this sort of

1615

00:57:08,589 --> 00:57:05,480

secessionist movements and all this

1616

00:57:11,290 --> 00:57:08,599

freedom talk and make things so bad that

1617

00:57:13,329 --> 00:57:11,300

people say okay let's let's go for this

1618

00:57:15,040 --> 00:57:13,339

one world government SDR thing it's got

1619

00:57:16,690 --> 00:57:15,050

to be better than this so I think that's

1620

00:57:19,660 --> 00:57:16,700

generally their plan at this point in

1621

00:57:21,250 --> 00:57:19,670

time hmm that's a good breakdown I

1622

00:57:23,589 --> 00:57:21,260

appreciate that I'm right there with you

1623

00:57:25,870 --> 00:57:23,599

I'm very skeptical of what's going on I

1624

00:57:28,599 --> 00:57:25,880

think that might be part of the plan is

1625

00:57:30,490 --> 00:57:28,609

to blame the people for the collapse

1626
00:57:32,050 --> 00:57:30,500
that they're engineering but man so

1627
00:57:34,000 --> 00:57:32,060
we're getting to the end of the line

1628
00:57:36,099 --> 00:57:34,010
here do you have any extra advice for

1629
00:57:38,010 --> 00:57:36,109
people trying to keep their financial

1630
00:57:41,140 --> 00:57:38,020
ship afloat in these rough waters ahead

1631
00:57:43,870 --> 00:57:41,150
I would just say check out our website

1632
00:57:45,040 --> 00:57:43,880
like I said dollar vigilante calm put in

1633
00:57:46,450 --> 00:57:45,050
your email there we'll send you

1634
00:57:48,070 --> 00:57:46,460
information every day if you're

1635
00:57:50,859 --> 00:57:48,080
interested and all the shemitah stuff go

1636
00:57:52,329 --> 00:57:50,869
to survive shemitah calm we have a

1637
00:57:54,579 --> 00:57:52,339
number of videos there and some of them

1638
00:57:55,780 --> 00:57:54,589

have gone really viral which you can

1639

00:57:57,970 --> 00:57:55,790

actually go back and watch the whole

1640

00:58:00,339 --> 00:57:57,980

it's actually four in a series now of

1641

00:58:03,490 --> 00:58:00,349

sort of mini documentaries talking about

1642

00:58:06,070 --> 00:58:03,500

the shemitah and jubilee so that's

1643

00:58:09,160 --> 00:58:06,080

information really just you know wake up

1644

00:58:11,230 --> 00:58:09,170

to what's going on financially get out

1645

00:58:13,210 --> 00:58:11,240

of the paper markets get out of bonds

1646

00:58:16,599 --> 00:58:13,220

get out of most stocks the only stocks I

1647

00:58:18,520 --> 00:58:16,609

like right now are gold stocks and look

1648

00:58:20,200 --> 00:58:18,530

into things like cryptocurrencies really

1649

00:58:21,490 --> 00:58:20,210

that's going to be the future

1650

00:58:23,380 --> 00:58:21,500

I was around when the internet was

1651
00:58:24,849 --> 00:58:23,390
launched or when it came out and the

1652
00:58:27,670 --> 00:58:24,859
most people found out about there not

1653
00:58:31,240 --> 00:58:27,680
most but some people around 1993 1994

1654
00:58:34,270 --> 00:58:31,250
and I compare where Bitcoin is to about

1655
00:58:35,680 --> 00:58:34,280
where the internet was in 1995 so most

1656
00:58:37,270 --> 00:58:35,690
people still don't know much about it

1657
00:58:38,820 --> 00:58:37,280
but it's going to change the world just

1658
00:58:41,200 --> 00:58:38,830
the way the internet changed the world

1659
00:58:42,760 --> 00:58:41,210
and there's no way to know how it's

1660
00:58:44,020 --> 00:58:42,770
going to progress but if you don't know

1661
00:58:46,359 --> 00:58:44,030
about it now that's a huge opportunity

1662
00:58:47,680 --> 00:58:46,369
for people out there who are looking for

1663
00:58:49,930 --> 00:58:47,690

things to do where they can make money

1664

00:58:53,560 --> 00:58:49,940

that's gonna be a massive market become

1665

00:58:54,730 --> 00:58:53,570

a cryptocurrency program or become

1666

00:58:56,140 --> 00:58:54,740

knowledgeable on it

1667

00:58:58,599 --> 00:58:56,150

because a lot of companies are going to

1668

00:58:59,890 --> 00:58:58,609

need consulting on it and needn't need

1669

00:59:01,839 --> 00:58:59,900

to know how to accept things like

1670

00:59:04,750 --> 00:59:01,849

Bitcoin and how to hold them how to

1671

00:59:07,030 --> 00:59:04,760

store them so just like if you're around

1672

00:59:08,470 --> 00:59:07,040

in 1995 I would say figure out

1673

00:59:10,060 --> 00:59:08,480

everything about the internet and then

1674

00:59:11,890 --> 00:59:10,070

become a consultant become a programmer

1675

00:59:14,200 --> 00:59:11,900

become an entrepreneur

1676
00:59:17,620 --> 00:59:14,210
same thing with Bitcoin huge opportunity

1677
00:59:19,750 --> 00:59:17,630
for people to look into amen man I've

1678
00:59:22,450 --> 00:59:19,760
always been saying for the past year if

1679
00:59:24,190 --> 00:59:22,460
you want to secure your kids future get

1680
00:59:26,050 --> 00:59:24,200
them a 3d printer teach your kid how to

1681
00:59:28,780 --> 00:59:26,060
use a 3d printer how to master that

1682
00:59:30,730 --> 00:59:28,790
technology because logic tells you

1683
00:59:32,589 --> 00:59:30,740
that's gonna be kind of important once

1684
00:59:34,960 --> 00:59:32,599
everybody gets wind of it

1685
00:59:36,460 --> 00:59:34,970
yeah but man thanks so much for coming

1686
00:59:38,920 --> 00:59:36,470
on and we'll have to do this again

1687
00:59:41,200 --> 00:59:38,930
before the three-year mark this time but

1688
00:59:44,079 --> 00:59:41,210

it was great talking to you take care of

1689

00:59:47,589 --> 00:59:44,089

yourself all right thank you all right

1690

00:59:50,589 --> 00:59:47,599

man holy hell hallelujah sweet baby

1691

00:59:52,720 --> 00:59:50,599

Jesus in the rest of it we did it I have

1692

00:59:55,480 --> 00:59:52,730

had several requests to get Jeff back on

1693

00:59:57,040 --> 00:59:55,490

and finally got down to it I do like

1694

00:59:59,500 --> 00:59:57,050

Jeff I think he has some interesting

1695

01:00:01,990 --> 00:59:59,510

knowledge about the workarounds of the

1696

01:00:03,760 --> 01:00:02,000

system and he's a great speaker but I

1697

01:00:06,220 --> 01:00:03,770

don't actually subscribe to the

1698

01:00:08,230 --> 01:00:06,230

anarcho-capitalist mindset myself which

1699

01:00:10,510 --> 01:00:08,240

is fine I have had plenty of guests on

1700

01:00:12,430 --> 01:00:10,520

that have views other than my own as

1701

01:00:14,230 --> 01:00:12,440

long as we agree on a lot of the big

1702

01:00:15,790 --> 01:00:14,240

important things and recognize that the

1703

01:00:17,680 --> 01:00:15,800

deck is stacked against the people in

1704

01:00:20,320 --> 01:00:17,690

this rockefeller rothschild nine to five

1705

01:00:22,450 --> 01:00:20,330

Pokemon go reality and that's a huge

1706

01:00:24,520 --> 01:00:22,460

area of agreement between us but I don't

1707

01:00:26,020 --> 01:00:24,530

subscribe to any real philosophy because

1708

01:00:28,000 --> 01:00:26,030

I don't think any of them work for all

1709

01:00:30,609 --> 01:00:28,010

situations and whatever you present

1710

01:00:32,530 --> 01:00:30,619

socialism capitalism whatever I can

1711

01:00:33,460 --> 01:00:32,540

probably play devil's advocate and find

1712

01:00:35,770 --> 01:00:33,470

some flaws

1713

01:00:38,200 --> 01:00:35,780

I've had a lot of positions consistent

1714

01:00:39,849 --> 01:00:38,210

with libertarianism but I think getting

1715

01:00:42,040 --> 01:00:39,859

rid of the minimum wage and trusting

1716

01:00:43,839 --> 01:00:42,050

corporations to pay us accordingly to

1717

01:00:46,180 --> 01:00:43,849

the value of our work without regulation

1718

01:00:48,490 --> 01:00:46,190

is completely insane and that is a big

1719

01:00:50,200 --> 01:00:48,500

thing for the libertarian party and with

1720

01:00:52,120 --> 01:00:50,210

a lot of these philosophies everyone is

1721

01:00:54,370 --> 01:00:52,130

worried about the size of government I

1722

01:00:56,859 --> 01:00:54,380

don't really care about the size I care

1723

01:00:58,510 --> 01:00:56,869

about the motivations my real point

1724

01:01:01,240 --> 01:00:58,520

though is that I've seen experts talk

1725

01:01:03,579 --> 01:01:01,250

about maglev technology that can take

1726
01:01:06,160 --> 01:01:03,589
you in a bank drive-through window style

1727
01:01:08,260 --> 01:01:06,170
tube from New York to LA in 10 minutes

1728
01:01:11,079 --> 01:01:08,270
with no pollution whatsoever you could

1729
01:01:13,300 --> 01:01:11,089
go to New York for a lunch break if you

1730
01:01:15,760 --> 01:01:13,310
live in Los Angeles that's nuts I've

1731
01:01:17,680 --> 01:01:15,770
also seen new solar panel paint that

1732
01:01:20,290 --> 01:01:17,690
could charge electric cars while they

1733
01:01:22,900 --> 01:01:20,300
drive so what I want is that stuff I

1734
01:01:25,480 --> 01:01:22,910
want the Futurist stuff implemented as

1735
01:01:27,910 --> 01:01:25,490
soon as it's ready on an ongoing basis

1736
01:01:30,010 --> 01:01:27,920
for the betterment of society that's my

1737
01:01:32,349 --> 01:01:30,020
ism but let's take the solar paint for

1738
01:01:34,000 --> 01:01:32,359

example if that's a private company who

1739

01:01:35,980 --> 01:01:34,010

makes it they're not going to solar

1740

01:01:38,859 --> 01:01:35,990

panel paint the roads unless they make

1741

01:01:40,809 --> 01:01:38,869

money so without taxes or government are

1742

01:01:42,880 --> 01:01:40,819

we just going to individually pay a fee

1743

01:01:44,920 --> 01:01:42,890

to use that road and for how long

1744

01:01:46,839 --> 01:01:44,930

so do they just own all the roads now

1745

01:01:48,880 --> 01:01:46,849

there's no opt out if it's already

1746

01:01:50,500 --> 01:01:48,890

painted do we have a non painted road

1747

01:01:52,480 --> 01:01:50,510

next to the painted road so you don't

1748

01:01:54,940 --> 01:01:52,490

have to pay the fee for the paint I just

1749

01:01:57,309 --> 01:01:54,950

don't like a world run by big business

1750

01:01:59,530 --> 01:01:57,319

so for some things we need a government

1751

01:02:01,660 --> 01:01:59,540

and maybe even a big one but if the

1752

01:02:04,150 --> 01:02:01,670

brightest minds were given government

1753

01:02:05,710 --> 01:02:04,160

contracts for anything useful besides

1754

01:02:07,510 --> 01:02:05,720

weapons then maybe we could implement

1755

01:02:09,550 --> 01:02:07,520

some of their inventions for the good of

1756

01:02:11,770 --> 01:02:09,560

the community and taxes would have been

1757

01:02:13,870 --> 01:02:11,780

paid for the scientists to invent the

1758

01:02:16,480 --> 01:02:13,880

tech and for the paint to be implemented

1759

01:02:19,420 --> 01:02:16,490

on the road and we all win there's even

1760

01:02:21,339 --> 01:02:19,430

job creation and there somewhere I don't

1761

01:02:23,319 --> 01:02:21,349

know it's all very complex but I do want

1762

01:02:25,270 --> 01:02:23,329

to take the profit motive away from a

1763

01:02:27,220 --> 01:02:25,280

lot of things or at least channel it

1764

01:02:29,050 --> 01:02:27,230

differently we talked about the police

1765

01:02:30,940 --> 01:02:29,060

problems in this show and of course I'd

1766

01:02:32,589 --> 01:02:30,950

like to overhaul the whole system and

1767

01:02:34,690 --> 01:02:32,599

it's all connected so it's a huge

1768

01:02:36,910 --> 01:02:34,700

conversation but the best free-market

1769

01:02:38,859 --> 01:02:36,920

idea I've heard for solving the police

1770

01:02:41,380 --> 01:02:38,869

issue is to have them all get insurance

1771

01:02:43,210 --> 01:02:41,390

like doctors do accidentally killed a

1772

01:02:45,849 --> 01:02:43,220

black guy on purpose insurance I'm

1773

01:02:47,320 --> 01:02:45,859

kidding but people who ended up killing

1774

01:02:49,300 --> 01:02:47,330

a lot of people would have their

1775

01:02:51,370 --> 01:02:49,310

premiums go up until they're priced out

1776

01:02:53,170 --> 01:02:51,380

of the police force hopefully very

1777

01:02:55,060 --> 01:02:53,180

quickly and the police would have a

1778

01:02:57,160 --> 01:02:55,070

financial incentive to de-escalate

1779

01:02:58,980 --> 01:02:57,170

situations and solve them without

1780

01:03:01,450 --> 01:02:58,990

violence or at least without death

1781

01:03:02,560 --> 01:03:01,460

financial incentives the only incentives

1782

01:03:04,750 --> 01:03:02,570

anyone seems to give a [h__h] about

1783

01:03:06,820 --> 01:03:04,760

anymore but that's a good way to use one

1784

01:03:07,990 --> 01:03:06,830

they also need to be trained better but

1785

01:03:10,120 --> 01:03:08,000

that's a whole nother thing I can watch

1786

01:03:12,250 --> 01:03:10,130

dozens of videos online of badasses

1787

01:03:15,730 --> 01:03:12,260

disarming people with their bare hands

1788

01:03:17,260 --> 01:03:15,740

why aren't they the cops but obviously

1789

01:03:19,330 --> 01:03:17,270

that insurance concept is a

1790

01:03:21,580 --> 01:03:19,340

simplification of what would be a really

1791

01:03:23,230 --> 01:03:21,590

complex system but I think that there's

1792

01:03:24,670 --> 01:03:23,240

a great remedy in there somewhere if

1793

01:03:26,590 --> 01:03:24,680

we're gonna live in a money rules

1794

01:03:29,200 --> 01:03:26,600

everything kind of world and it seems

1795

01:03:30,580 --> 01:03:29,210

like we are unfortunately but when

1796

01:03:33,670 --> 01:03:30,590

someone starts telling me about their

1797

01:03:36,400 --> 01:03:33,680

ism or their East I just say okay in

1798

01:03:38,400 --> 01:03:36,410

this paradigm who paints the solar

1799

01:03:41,500 --> 01:03:38,410

powered roads and when do we get them if

1800

01:03:44,110 --> 01:03:41,510

your is tourism has not addressed that

1801

01:03:45,700 --> 01:03:44,120

yet it is incomplete although none of

1802

01:03:47,440 --> 01:03:45,710

this has anything to do with Jeff

1803

01:03:49,720 --> 01:03:47,450

Berwick it's just what came to mind but

1804

01:03:52,240 --> 01:03:49,730

the shemitah stuff the economists

1805

01:03:54,700 --> 01:03:52,250

one-world currency stuff all great if

1806

01:03:56,470 --> 01:03:54,710

you ask me so what do we talk about in

1807

01:03:58,330 --> 01:03:56,480

the second hour why should you sign up

1808

01:04:00,990 --> 01:03:58,340

for plus what did you miss out on that

1809

01:04:03,220 --> 01:04:01,000

you can't possibly go on living without

1810

01:04:05,440 --> 01:04:03,230

well all sorts of stuff but we got

1811

01:04:07,510 --> 01:04:05,450

deeper into that October 2nd date to

1812

01:04:09,850 --> 01:04:07,520

watch out for you know side note

1813

01:04:12,040 --> 01:04:09,860

something Jeff also had discussed in

1814

01:04:14,170 --> 01:04:12,050

other forums that we didn't get to talk

1815

01:04:15,670 --> 01:04:14,180

about here but we did discuss a long

1816

01:04:18,430 --> 01:04:15,680

time ago when it happened if you

1817

01:04:21,630 --> 01:04:18,440

remember that cube that was added just a

1818

01:04:24,670 --> 01:04:21,640

year to ago to the Georgia Guidestones

1819

01:04:26,740 --> 01:04:24,680

it contained numbers on multiple sides

1820

01:04:31,000 --> 01:04:26,750

but if you assume them to be a code

1821

01:04:33,280 --> 01:04:31,010

perhaps a date August 14 2016 could

1822

01:04:35,110 --> 01:04:33,290

definitely be one that would work so

1823

01:04:36,760 --> 01:04:35,120

think about that on August 14th it's

1824

01:04:38,710 --> 01:04:36,770

only about 30 days away

1825

01:04:40,120 --> 01:04:38,720

I'm not saying something's going to

1826

01:04:42,820 --> 01:04:40,130

happen but if it does

1827

01:04:44,650 --> 01:04:42,830

think of the Guidestones but in the plus

1828

01:04:46,780 --> 01:04:44,660

show we also talked about opportunities

1829

01:04:48,850 --> 01:04:46,790

in a collapsing world new technologies

1830

01:04:51,370 --> 01:04:48,860

new implementations of the blockchain

1831

01:04:53,290 --> 01:04:51,380

and Bitcoin tech ways our future could

1832

01:04:55,750 --> 01:04:53,300

be better innovation I love that kind of

1833

01:04:58,810 --> 01:04:55,760

stuff we talked Bitcoin being a CIA

1834

01:05:00,599 --> 01:04:58,820

creation and a lot more about the police

1835

01:05:03,959 --> 01:05:00,609

problem and

1836

01:05:06,089 --> 01:05:03,969

the flatter theory oh that's right did

1837

01:05:08,249 --> 01:05:06,099

you guys know Jeff Berwick also had Eric

1838

01:05:10,289 --> 01:05:08,259

debate on his podcast well if you heard

1839

01:05:12,569 --> 01:05:10,299

the + show you do so I wanted to hear

1840

01:05:15,029 --> 01:05:12,579

where Jeff was on that serious serious

1841

01:05:17,459 --> 01:05:15,039

issue and that was a lot of fun so all

1842

01:05:19,289 --> 01:05:17,469

good stuff sign up for plus and all your

1843

01:05:21,179 --> 01:05:19,299

wildest dreams will come true thanks for

1844

01:05:23,009 --> 01:05:21,189

listening this next show is getting into

1845

01:05:24,539 --> 01:05:23,019

some fun stuff and it's almost done so I

1846

01:05:27,089 --> 01:05:24,549

might just put it out tomorrow

1847

01:05:28,979 --> 01:05:27,099

[h__h] it there are no rules right I work

1848

01:05:30,959 --> 01:05:28,989

for nobody but you so with your

1849

01:05:33,239 --> 01:05:30,969

permission people I'm clocking out for

1850

01:05:36,539 --> 01:05:33,249

the day keep an eye on October 2nd in

1851

01:05:39,179 --> 01:05:36,549

August 14th and I'll see you soon

1852

01:05:40,769 --> 01:05:39,189

your move economic archaic parasites

1853

01:05:45,679 --> 01:05:40,779

shemitah cycle Sorcerer's and

1854

01:05:51,299 --> 01:05:45,689

consolidators of currencies door [\h__\h]

1855

01:05:57,630 --> 01:05:51,309

have a drink in the smoke listen to the

1856

01:06:02,279 --> 01:05:57,640

cast shiny shiny spotlight but criminals

1857

1861

01:06:23,459 --> 01:06:19,509

stand the kids don't stand a chance I

1862

01:06:26,730 --> 01:06:23,469

said the kids don't the kids don't stand

1863

01:06:30,930 --> 01:06:26,740

the kids don't stand a chance

1864

01:06:35,490 --> 01:06:30,940

we're looking for the answer to

1865

01:06:41,160 --> 01:06:35,500

questions never asked so we come to the

1866

01:06:45,810 --> 01:06:41,170

car wood for the higher side chat the

1867

01:06:50,540 --> 01:06:45,820

pinstripe man of morning and families of

1868

01:06:55,200 --> 01:06:50,550

don't the kids don't stand the kids

1873

01:07:29,280 --> 01:07:23,700

don't stand a chance involved in shady

1874

01:07:33,599 --> 01:07:29,290

business we try to get a glance we're

1875

01:07:39,230 --> 01:07:33,609

working on the numbers resistance must

1876

01:07:44,490 --> 01:07:39,240

advance the pinstripe man of morning and

1877

01:07:48,740 --> 01:07:44,500

families of Finance do pawn Windsor and

1878

01:07:53,220 --> 01:07:48,750

Rothschild the kids don't stand a chance

1879

01:07:56,609 --> 01:07:53,230

the kids don't the kids don't stand the

1880

01:08:00,359 --> 01:07:56,619

chance the kids don't the kids don't

1884

01:08:12,990 --> 01:08:09,400

stand the kids don't stand a chance I

1885

01:08:18,240 --> 01:08:13,000

said the kids don't the kids don't stand

1886

01:08:19,770 --> 01:08:18,250

the kids don't stand a chance hey guys

1887

01:08:21,870 --> 01:08:19,780

thanks for listening to the first hour

1888

01:08:24,120 --> 01:08:21,880

of the higher side chats podcast with me

1889

01:08:26,010 --> 01:08:24,130

Greg Carl would if you don't know there

1890

01:08:28,110 --> 01:08:26,020

is a second hour to all the episodes we

1891

01:08:29,880 --> 01:08:28,120

do around here generally we're able to

1892

01:08:32,010 --> 01:08:29,890

get a lot deeper into the topics and

1893

01:08:34,230 --> 01:08:32,020

ideas that a guest is about so if you

1894

01:08:36,360 --> 01:08:34,240

enjoyed what you've heard from THC for

1895

01:08:38,730 --> 01:08:36,370

free consider signing up at the higher

1896

01:08:40,500 --> 01:08:38,740

side chats plus com to get the second

1897

01:08:43,140 --> 01:08:40,510

hour of the five shows I put together

1898

01:08:45,210 --> 01:08:43,150

each month I never really wanted to be a

1899

01:08:46,860 --> 01:08:45,220

paid subscriber podcast but I really

1900

01:08:48,720 --> 01:08:46,870

hate the idea of spending airtime

1901

01:08:50,760 --> 01:08:48,730

promoting some product that's completely

1902

01:08:52,200 --> 01:08:50,770

unrelated and telling you the best way

1903

01:08:55,080 --> 01:08:52,210

to support the show is to buy an

1904

01:08:56,940 --> 01:08:55,090

audiobook or new underwear by mail or

1905

01:08:59,220 --> 01:08:56,950

something crazy like that so instead if

1906

01:09:00,900 --> 01:08:59,230

you like the show double your time with

1907

01:09:02,880 --> 01:09:00,910

it for five bucks a month and let's cut

1908

01:09:04,380 --> 01:09:02,890

out all the other [h__h] it's half the

1909

01:09:06,150 --> 01:09:04,390

price of a movie ticket and you get at

1910

01:09:08,760 --> 01:09:06,160

least an extra five hours of show a

1911

01:09:10,560 --> 01:09:08,770

month collectively it keeps us stable

1912

01:09:12,180 --> 01:09:10,570

and it frees me from wasting your time

1913

01:09:14,730 --> 01:09:12,190

with anything but the show you came to

1914

01:09:16,710 --> 01:09:14,740

listen to it's really the only way for

1915

01:09:18,510 --> 01:09:16,720

an independent one-man show to make it

1916

01:09:20,730 --> 01:09:18,520

and I do what I can so that it's worth

1917

01:09:22,710 --> 01:09:20,740

your while since we started this I've

1918

01:09:24,750 --> 01:09:22,720

always tried to use the subscriptions to

1919

01:09:27,300 --> 01:09:24,760

improve the podcast and make signups

1920

01:09:29,220 --> 01:09:27,310

more advantageous it started with just a

1921

01:09:30,900 --> 01:09:29,230

second hour for the main show but now

1922

01:09:32,940 --> 01:09:30,910

we've got a nice forum going where

1923

01:09:34,650 --> 01:09:32,950

people can get deeper in conversation

1924

01:09:37,560 --> 01:09:34,660

about the episodes with other listeners

1925

01:09:39,440 --> 01:09:37,570

submit a candidate in the guest request

1926

01:09:41,490 --> 01:09:39,450

thread or share their own personal

1927

01:09:43,560 --> 01:09:41,500

projects to get out of the soul-crushing

1928

01:09:46,140 --> 01:09:43,570

nine-to-five cog in the wheel life on

1929

01:09:47,820 --> 01:09:46,150

the entrepreneurs thread the forum in

1930

01:09:49,530 --> 01:09:47,830

the Plus comments are always the first

1931

01:09:51,960 --> 01:09:49,540

places I try to go for listener

1932

01:09:54,150 --> 01:09:51,970

engagement but it does get harder as the

1933

01:09:56,010 --> 01:09:54,160

show gets more popular because of that

1934

01:09:57,450 --> 01:09:56,020

there's also a direct messaging feature

1935

01:10:00,300 --> 01:09:57,460

that you can use to reach me through the

1936

01:10:01,920 --> 01:10:00,310

plus site also well beyond the forum if

1937

01:10:04,080 --> 01:10:01,930

you like any of the music I've used for

1938

01:10:05,880 --> 01:10:04,090

THC most of it I've hired artists to

1939

01:10:07,560 --> 01:10:05,890

make and I provided all its free

1940

01:10:09,420 --> 01:10:07,570

downloads to Plus members too

1941

01:10:11,490 --> 01:10:09,430

so if you like a particular song you've

1942

01:10:13,890 --> 01:10:11,500

heard close the show out recently come

1943

01:10:15,360 --> 01:10:13,900

get the mp3 I should also mention that

1944

01:10:17,580 --> 01:10:15,370

if you don't like the idea of

1945

01:10:20,100 --> 01:10:17,590

five dollars recurring every month I get

1946

01:10:22,170 --> 01:10:20,110

that you can buy three months six months

1947

01:10:24,240 --> 01:10:22,180

or a year upfront and just be done with

1948

01:10:26,310 --> 01:10:24,250

it I have plenty of listeners who send

1949

01:10:28,860 --> 01:10:26,320

checks and money orders to the PIO box -

1950

01:10:30,450 --> 01:10:28,870

I try to make it as easy for people as I

1951

01:10:32,430 --> 01:10:30,460

can and you can read more about it on

1952

01:10:34,980 --> 01:10:32,440

the signup page also be sure to check

1953

01:10:36,660 --> 01:10:34,990

out the FAQ help page on the plus site

1954

01:10:37,650 --> 01:10:36,670

if you have any questions or concerns

1955

01:10:39,720 --> 01:10:37,660

about how to listen to a

1956

01:10:41,610 --> 01:10:39,730

password-protected show on your devices

1957

01:10:43,890 --> 01:10:41,620

I've highlighted a lot of great

1958

01:10:45,960 --> 01:10:43,900

solutions and one of those would be the

1959

01:10:48,480 --> 01:10:45,970

iPhone app that just recently hit the

1960

01:10:50,640 --> 01:10:48,490

Apple App Store a super kind and

1961

01:10:52,470 --> 01:10:50,650

talented listener made it for us and you

1962

01:10:54,630 --> 01:10:52,480

can use it to stream or download either

1963

01:10:57,600 --> 01:10:54,640

the free or the plus show if you're on

1964

01:10:59,190 --> 01:10:57,610

Android I'd use pocket casts or podcast

1965

01:11:01,770 --> 01:10:59,200

addict and subscribe to the feed

1966

01:11:04,470 --> 01:11:01,780

manually that way I also try to throw an

1967

01:11:06,450 --> 01:11:04,480

occasional bonus shows or QA shows and

1968

01:11:08,640 --> 01:11:06,460

I've got a few other weird ideas I might

1969

01:11:10,590 --> 01:11:08,650

get to try out soon but I give you all I

1970

01:11:12,240 --> 01:11:10,600

can for five bucks and I hope you'll at

1971

01:11:13,980 --> 01:11:12,250

least give it a shot if you've listened

1972

01:11:15,750 --> 01:11:13,990

to a few free shows and you find them

1973

01:11:17,520 --> 01:11:15,760

unique or valuable I know there's a lot

1974

01:11:19,680 --> 01:11:17,530

of podcasts out there and I'm just one

1975

01:11:21,480 --> 01:11:19,690

of them but if you have any questions

1976

01:11:23,010 --> 01:11:21,490

concerns or comments about any of this

1977

01:11:25,890 --> 01:11:23,020

please get in touch with us at the

1978

01:11:27,810 --> 01:11:25,900

higher side chats team at gmail.com I

1979

01:11:29,220 --> 01:11:27,820

also wanted to plug the higher side

1980

01:11:31,050 --> 01:11:29,230

newsletter I'm going to be putting out

1981

01:11:33,540 --> 01:11:31,060

totally free for anyone who wants to

1982

01:11:36,120 --> 01:11:33,550

sign up at the main internet website for

1983

01:11:37,950 --> 01:11:36,130

the show the higher side chats calm you

1984

01:11:39,600 --> 01:11:37,960

can also get on that email list through

1985

01:11:41,820 --> 01:11:39,610

the higher side chats Facebook page

1986

01:11:43,320 --> 01:11:41,830

there's a button there as well but the

1987

01:11:45,660 --> 01:11:43,330

reason I'm doing this is because I get

1988

01:11:47,520 --> 01:11:45,670

tons and tons of emails after a show

1989

01:11:49,650 --> 01:11:47,530

goes up asking me about how I feel about

1990

01:11:51,240 --> 01:11:49,660

a particular guest or topic and the

1991

01:11:53,220 --> 01:11:51,250

wrap-up isn't always the best place to

1992

01:11:55,200 --> 01:11:53,230

do that especially if I have anything

1993

01:11:57,060 --> 01:11:55,210

negative to say sometimes the dust needs

1994

01:11:59,550 --> 01:11:57,070

to settle sometimes I need to hear

1995

01:12:01,110 --> 01:11:59,560

feedback from you guys first there are a

1996

01:12:02,730 --> 01:12:01,120

lot of factors but I usually have

1997

01:12:05,190 --> 01:12:02,740

something to communicate to you and I

1998

01:12:06,780 --> 01:12:05,200

just don't get to do it so on the first

1999

01:12:08,400 --> 01:12:06,790

of the month I plan to send out a little

2000

01:12:10,710 --> 01:12:08,410

newsletter with my thoughts about the

2001

01:12:12,630 --> 01:12:10,720

five shows the previous month and talk

2002

01:12:14,790 --> 01:12:12,640

to you about anything else that's on my

2003

01:12:16,590 --> 01:12:14,800

mind or that's going on and what's

2004

01:12:18,360 --> 01:12:16,600

probably most enticing is that I'm gonna

2005

01:12:20,250 --> 01:12:18,370

give you some insight into at least one

2006

01:12:22,320 --> 01:12:20,260

guest I have coming up in the month

2007

01:12:24,330 --> 01:12:22,330

which people have been begging for some

2008

01:12:26,250 --> 01:12:24,340

posted schedule for a long time I

2009

01:12:27,960 --> 01:12:26,260

personally think I'd like the surprise

2010

01:12:29,130 --> 01:12:27,970

but sign up for the higher side

2011

01:12:30,870 --> 01:12:29,140

newsletter it's free

2012

01:12:32,460 --> 01:12:30,880

it comes out on the 1st of the month and

2013

01:12:35,250 --> 01:12:32,470

I won't waste your time with any other

2014

01:12:36,900 --> 01:12:35,260

emails and that's it I appreciate you

2015

01:12:39,060 --> 01:12:36,910

listening I try to give alternative

2016

01:12:41,430 --> 01:12:39,070

ideas and guests a fair shake on a high

2017

01:12:44,040 --> 01:12:41,440

quality podcast expose some deep level

2018

01:12:45,930 --> 01:12:44,050

conspiracies without the yelling and I

2019

01:12:48,060 --> 01:12:45,940

hope to offer some inspiration that even

2020

01:12:49,590 --> 01:12:48,070

though the system relentlessly suggests

2021

01:12:52,050 --> 01:12:49,600

you should follow their blueprint to

2022

01:12:54,240 --> 01:12:52,060

mediocrity you can do your own thing and

2023

01:12:56,340 --> 01:12:54,250

live a much happier life despite all the
