

1
00:00:08,390 --> 00:00:06,530
the plaintiff thought the Masters almost

2
00:00:10,640 --> 00:00:08,400
surely have a plan

3
00:00:13,450 --> 00:00:10,650
this clearly made me something there

4
00:00:16,740 --> 00:00:13,460
beyond the realm of man

5
00:00:19,600 --> 00:00:16,750
I already tested every last coaster you

6
00:00:22,269 --> 00:00:19,610
find the more you think you know the

7
00:00:42,110 --> 00:00:22,279
less you will be do that's true dr.

8
00:00:46,290 --> 00:00:44,700
folks we know the world is a mysterious

9
00:00:48,330 --> 00:00:46,300
place with the past full of amazing

10
00:00:50,220 --> 00:00:48,340
things despite the shadowy elites best

11
00:00:53,040 --> 00:00:50,230
attempts to destroy and censor as much

12
00:00:54,930 --> 00:00:53,050
of it as they can from early explorers

13
00:00:56,790 --> 00:00:54,940

reports that indicate the possibility of

14

00:00:58,530 --> 00:00:56,800

a Hollow Earth and ancient maps that

15

00:01:00,090 --> 00:00:58,540

show this and other anomalies such as

16

00:01:02,130 --> 00:01:00,100

phantom islands too out of place

17

00:01:04,260 --> 00:01:02,140

artifacts in ancient America that turned

18

00:01:06,120 --> 00:01:04,270

the official history on its head there's

19

00:01:07,620 --> 00:01:06,130

no shortage of provocative clues for

20

00:01:09,270 --> 00:01:07,630

anyone who takes the time to look below

21

00:01:11,190 --> 00:01:09,280

the whitewashed surface and today's

22

00:01:12,420 --> 00:01:11,200

guest rebel scholar Harry Hubbard has

23

00:01:14,490 --> 00:01:12,430

been swimming in the wake of these

24

00:01:16,530 --> 00:01:14,500

mysteries most of his life and being a

25

00:01:18,150 --> 00:01:16,540

longtime collector of old books coins

26

00:01:19,800 --> 00:01:18,160

maps and artifacts has put him

27

00:01:21,690 --> 00:01:19,810

face-to-face with some of the best

28

00:01:23,550 --> 00:01:21,700

evidence for a past that looks much

29

00:01:25,170 --> 00:01:23,560

different from the one were given people

30

00:01:26,340 --> 00:01:25,180

who know Harry Hubbard are probably

31

00:01:28,170 --> 00:01:26,350

familiar with them due to his

32

00:01:30,810 --> 00:01:28,180

involvement in the Illinois cave saga

33

00:01:32,580 --> 00:01:30,820

where a huge trove of ancient artifacts

34

00:01:34,499 --> 00:01:32,590

were found inside a cave in Marion

35

00:01:36,510 --> 00:01:34,509

County Illinois that Harry has spent

36

00:01:38,249 --> 00:01:36,520

years studying and he attributes the

37

00:01:39,359 --> 00:01:38,259

fine to being the lost tomb of Alexander

38

00:01:41,279 --> 00:01:39,369

the Great

39

00:01:43,109 --> 00:01:41,289

he's got no shortage of alternative

40

00:01:44,760 --> 00:01:43,119

anecdotes and strange sagas to talk

41

00:01:46,199 --> 00:01:44,770

about and you can watch Harry walk you

42

00:01:48,359 --> 00:01:46,209

through most of his collections and

43

00:01:49,800 --> 00:01:48,369

ideas on his youtube channel it's a real

44

00:01:52,620 --> 00:01:49,810

pleasure to have him here Harry my man

45

00:01:54,540 --> 00:01:52,630

welcome to the higher side hey I had to

46

00:01:56,219 --> 00:01:54,550

be here Greg first sure man this is a

47

00:01:58,320 --> 00:01:56,229

real treat I've had a blast watching

48

00:02:00,389 --> 00:01:58,330

your videos and seen a lot of strange

49

00:02:02,010 --> 00:02:00,399

and rare relics up close and personal

50

00:02:03,749 --> 00:02:02,020

some of these videos you've made of

51
00:02:05,430 --> 00:02:03,759
course are over 20 years old at this

52
00:02:06,570 --> 00:02:05,440
point but they're still pretty unique

53
00:02:09,029 --> 00:02:06,580
and it's great that you're getting them

54
00:02:10,589 --> 00:02:09,039
online now for those listening that are

55
00:02:12,030 --> 00:02:10,599
unfamiliar with you and your work tell

56
00:02:13,890 --> 00:02:12,040
us a little bit more about how you got

57
00:02:16,199 --> 00:02:13,900
interested and this kind of stuff and

58
00:02:18,210 --> 00:02:16,209
amassed such a huge collection well I

59
00:02:20,070 --> 00:02:18,220
guess we can start out I my mother

60
00:02:22,740 --> 00:02:20,080
encouraged me to read and she said I'll

61
00:02:25,500 --> 00:02:22,750
buy you books and you read them and so

62
00:02:27,030 --> 00:02:25,510
she bought books and I read them and I

63
00:02:28,350 --> 00:02:27,040

couldn't plug in E because she would ask

64

00:02:30,720 --> 00:02:28,360

me well what was what was the third

65

00:02:32,220 --> 00:02:30,730

chapter about and I'm like well I don't

66

00:02:33,510 --> 00:02:32,230

know what you go read the third chapter

67

00:02:35,820 --> 00:02:33,520

and you come back and tell me what it is

68

00:02:38,220 --> 00:02:35,830

so then I started to pick up because I

69

00:02:39,690 --> 00:02:38,230

knew my mother was going to quiz me I

70

00:02:41,940 --> 00:02:39,700

started having to remember it was in

71

00:02:44,760 --> 00:02:41,950

these books and also with Bible verses

72

00:02:46,699 --> 00:02:44,770

my mother had me memorized half the New

73

00:02:49,920 --> 00:02:46,709

Testament you know before I was like 14

74

00:02:51,750 --> 00:02:49,930

so just you know reading and reading and

75

00:02:54,390 --> 00:02:51,760

developing a love for reading at an

76
00:02:55,320 --> 00:02:54,400
early age and I developed the ability to

77
00:02:58,110 --> 00:02:55,330
read much

78
00:02:59,910 --> 00:02:58,120
faster probably after I got out of high

79
00:03:01,800 --> 00:02:59,920
school a few years after I got out of

80
00:03:04,950 --> 00:03:01,810
high school well I really learned pick

81
00:03:07,260 --> 00:03:04,960
up my reading speed right on yeah I mean

82
00:03:09,750 --> 00:03:07,270
the collection you have of all kinds of

83
00:03:11,490 --> 00:03:09,760
things is just so impressive and I've

84
00:03:12,960 --> 00:03:11,500
always been interested in anything

85
00:03:15,390 --> 00:03:12,970
related to the Hollow Earth and you

86
00:03:17,490 --> 00:03:15,400
detail some old maps in your video the

87
00:03:19,830 --> 00:03:17,500
lies area map collection yeah that was

88
00:03:21,150 --> 00:03:19,840

my old map collection yep yeah you

89

00:03:22,590 --> 00:03:21,160

mentioned to me that your father was

90

00:03:24,360 --> 00:03:22,600

actually listening live when Admiral

91

00:03:26,160 --> 00:03:24,370

Byrd was on the radio and they cut him

92

00:03:28,650 --> 00:03:26,170

off when it started to get weird so this

93

00:03:31,800 --> 00:03:28,660

Hollow Earth idea has been with you from

94

00:03:34,290 --> 00:03:31,810

an early age it seems hasn't it yes my

95

00:03:38,040 --> 00:03:34,300

father grew up out west he had collected

96

00:03:41,130 --> 00:03:38,050

UFO flying saucer books and if there was

97

00:03:44,250 --> 00:03:41,140

something back in the late 60s early 70s

98

00:03:46,949 --> 00:03:44,260

coming on TV about UFOs or flying

99

00:03:48,990 --> 00:03:46,959

saucers that was what was on the TV that

100

00:03:50,460 --> 00:03:49,000

night it wasn't you don't touch nothing

101
00:03:52,830 --> 00:03:50,470
nobody watches that he wanted to watch

102
00:03:55,350 --> 00:03:52,840
his shows and naturally I would watch

103
00:03:56,820 --> 00:03:55,360
them with him and and we all would there

104
00:03:59,910 --> 00:03:56,830
was nothing we could say about it he was

105
00:04:01,620 --> 00:03:59,920
the boss and and so he was always in so

106
00:04:04,949 --> 00:04:01,630
these books will and real as a matter of

107
00:04:10,070 --> 00:04:04,959
fact I still have today several probably

108
00:04:11,940 --> 00:04:10,080
fifteen of his books UFO book so

109
00:04:14,280 --> 00:04:11,950
obviously you know I've always been

110
00:04:16,409 --> 00:04:14,290
familiar with the Admiral Byrd story I

111
00:04:18,990 --> 00:04:16,419
think most of us have as part of the

112
00:04:21,240 --> 00:04:19,000
Hollow Earth 101 but there are plenty of

113
00:04:23,070 --> 00:04:21,250

earlier explorers who sailed around the

114

00:04:25,170 --> 00:04:23,080

northern polar region and southern who

115

00:04:26,760 --> 00:04:25,180

have reported unexpected things can you

116

00:04:28,700 --> 00:04:26,770

tell us about any of them that are

117

00:04:30,930 --> 00:04:28,710

lesser-known that you find compelling

118

00:04:32,760 --> 00:04:30,940

just about every one of them we

119

00:04:34,740 --> 00:04:32,770

mentioned several in the map video of

120

00:04:38,219 --> 00:04:34,750

the stories that the guys had seen and

121

00:04:41,280 --> 00:04:38,229

you know just stories of the Explorers

122

00:04:43,530 --> 00:04:41,290

in the North Pole region that had found

123

00:04:46,590 --> 00:04:43,540

the Bears always moving north or the

124

00:04:49,590 --> 00:04:46,600

birds always flying north and there was

125

00:04:52,080 --> 00:04:49,600

just so much activity even up until the

126
00:04:55,290 --> 00:04:52,090
beginning of the 20th century and people

127
00:04:57,900 --> 00:04:55,300
got lost people froze the Long's crew

128
00:05:00,440 --> 00:04:57,910
got frozen up in northern Siberia there

129
00:05:03,810 --> 00:05:00,450
was it was it was treacherous it will

130
00:05:07,050 --> 00:05:03,820
man had to advance to a certain point to

131
00:05:09,239 --> 00:05:07,060
be able to conquer those elements and as

132
00:05:10,709 --> 00:05:09,249
I understand it I don't know

133
00:05:13,259 --> 00:05:10,719
I'd have to do some more looking around

134
00:05:15,929 --> 00:05:13,269
on it but anyone in your audience could

135
00:05:19,559 --> 00:05:15,939
but Admiral Byrd was giving like

136
00:05:20,699 --> 00:05:19,569
day-to-day updates or hourly updates or

137
00:05:24,359 --> 00:05:20,709
something like that

138
00:05:27,989 --> 00:05:24,369

two to four it was either ABC or CBS

139

00:05:29,369 --> 00:05:27,999

radio he was giving the update and he

140

00:05:31,349 --> 00:05:29,379

would come on and he would talk about

141

00:05:33,899 --> 00:05:31,359

what they were doing and he would talk

142

00:05:36,209 --> 00:05:33,909

about where they were at and in

143

00:05:38,159 --> 00:05:36,219

different segments and it was in the one

144

00:05:39,809 --> 00:05:38,169

segment that my dad had told me that

145

00:05:42,539 --> 00:05:39,819

sound like it was static and they just

146

00:05:44,219 --> 00:05:42,549

turned it out hmm and he had those

147

00:05:46,319 --> 00:05:44,229

planes out it was really interesting the

148

00:05:48,539 --> 00:05:46,329

way he Admiral Byrd had those planes

149

00:05:51,089 --> 00:05:48,549

outfitted for the super cold

150

00:05:53,369 --> 00:05:51,099

temperatures quite remarkable he was a

151
00:05:56,459 --> 00:05:53,379
brilliant man when it came to fighting

152
00:05:57,959 --> 00:05:56,469
those cold elements oh yeah I think that

153
00:05:59,639 --> 00:05:57,969
is really interesting I've heard other

154
00:06:02,339 --> 00:05:59,649
people talk about hearing him live on

155
00:06:04,829 --> 00:06:02,349
the radio and that would be pretty

156
00:06:06,869 --> 00:06:04,839
amazing but is that normal to broadcast

157
00:06:09,089 --> 00:06:06,879
I guess a military operation to

158
00:06:10,589 --> 00:06:09,099
broadcast updates over mainstream radio

159
00:06:12,959 --> 00:06:10,599
that seems a little odd we wouldn't do

160
00:06:15,689 --> 00:06:12,969
that today I don't think I don't know

161
00:06:17,759 --> 00:06:15,699
that it was such a military operation it

162
00:06:19,169 --> 00:06:17,769
was probably a publicity stunt from one

163
00:06:21,869 --> 00:06:19,179

of the television one of the radio

164

00:06:24,359 --> 00:06:21,879

company I don't know who funded his

165

00:06:26,459 --> 00:06:24,369

research but I would think that the

166

00:06:29,879 --> 00:06:26,469

military probably wouldn't want to have

167

00:06:31,319 --> 00:06:29,889

their name attached to it but now we're

168

00:06:33,119 --> 00:06:31,329

going to be talking later some about the

169

00:06:35,009 --> 00:06:33,129

Smithsonian Institute and as I

170

00:06:37,199 --> 00:06:35,019

understand it the Smithsonian Institute

171

00:06:39,749 --> 00:06:37,209

was actually it is in the old books that

172

00:06:41,579 --> 00:06:39,759

it was actually created to study the

173

00:06:42,389 --> 00:06:41,589

possibility that the earth was Hollow

174

00:06:44,819 --> 00:06:42,399

hmm

175

00:06:49,139 --> 00:06:44,829

from the rumors leading up and through

176

00:06:51,659 --> 00:06:49,149

the middle 1800s so so and then you know

177

00:06:52,319 --> 00:06:51,669

the Smithsonian Institute is a lot like

178

00:06:55,889 --> 00:06:52,329

NASA

179

00:06:58,889 --> 00:06:55,899

no answer is still available I followed

180

00:07:01,949 --> 00:06:58,899

that from Alex Collier great great thing

181

00:07:05,249 --> 00:07:01,959

yeah they won't let you up in that area

182

00:07:08,249 --> 00:07:05,259

now and pilots can't fly commercially

183

00:07:11,459 --> 00:07:08,259

over it because if by chance some plane

184

00:07:13,109 --> 00:07:11,469

or jet did go down use the heart and if

185

00:07:15,029 --> 00:07:13,119

their bacon went out or whatever they

186

00:07:16,679 --> 00:07:15,039

could not be visually seen there'd be no

187

00:07:19,229 --> 00:07:16,689

way to find them because compasses don't

188

00:07:21,359 --> 00:07:19,239

work it's like when Admiral Byrd

189

00:07:22,590 --> 00:07:21,369

explains his compass the compass goes up

190

00:07:24,330 --> 00:07:22,600

because there were

191

00:07:27,180 --> 00:07:24,340

Paul they were suspended in a big ball

192

00:07:29,340 --> 00:07:27,190

and liquid that wouldn't freeze and then

193

00:07:31,650 --> 00:07:29,350

the the the North it actually starts to

194

00:07:34,080 --> 00:07:31,660

point up and when it gets just passed

195

00:07:36,330 --> 00:07:34,090

straight up it flips around and turns

196

00:07:38,250 --> 00:07:36,340

backwards and that's why on these old

197

00:07:40,830 --> 00:07:38,260

maps from what I find it's old Mint from

198

00:07:42,570 --> 00:07:40,840

the 1600s is they got the you know the

199

00:07:44,150 --> 00:07:42,580

little the little legend out of the side

200

00:07:46,650 --> 00:07:44,160

you have to go by this bar right here

201
00:07:47,910 --> 00:07:46,660
yeah you don't don't use your compass

202
00:07:51,480 --> 00:07:47,920
when you get up into the higher

203
00:07:53,610 --> 00:07:51,490
latitudes your compass is worthless yeah

204
00:07:55,500 --> 00:07:53,620
man it seems as dangerous as it is

205
00:07:57,330 --> 00:07:55,510
mysterious of course those early

206
00:07:59,760 --> 00:07:57,340
explorers reported all sorts of things

207
00:08:02,460 --> 00:07:59,770
we wouldn't expect today open polar seas

208
00:08:04,620 --> 00:08:02,470
greenery warmth coming from the north

209
00:08:06,360 --> 00:08:04,630
and these might be some of the things

210
00:08:08,880 --> 00:08:06,370
you'd experience before getting to the

211
00:08:10,680 --> 00:08:08,890
hole supposedly if there is indeed some

212
00:08:13,860 --> 00:08:10,690
heat source at the top or the bottom

213
00:08:16,290 --> 00:08:13,870

coming from an open cavity but these

214

00:08:17,970 --> 00:08:16,300

things weren't uncommon to report during

215

00:08:20,460 --> 00:08:17,980

that little sliver of time we call the

216

00:08:22,380 --> 00:08:20,470

age of exploration and these voyages to

217

00:08:24,360 --> 00:08:22,390

find a Northwest Passage and all that

218

00:08:26,250 --> 00:08:24,370

stuff but there's also fraud in this

219

00:08:27,900 --> 00:08:26,260

area potentially and two of the big

220

00:08:30,000 --> 00:08:27,910

explorers who don't talk about these

221

00:08:31,950 --> 00:08:30,010

things that were told discovered the

222

00:08:34,050 --> 00:08:31,960

North Pole in the mainstream are Nansen

223

00:08:36,659 --> 00:08:34,060

and Cooke and it seems like there are

224

00:08:38,459 --> 00:08:36,669

reasons why you doubt these people

225

00:08:40,529 --> 00:08:38,469

actually did discover the North Pole

226

00:08:43,620 --> 00:08:40,539

which would help to leave open the

227

00:08:45,390 --> 00:08:43,630

Hollow Earth possibility when I went

228

00:08:47,670 --> 00:08:45,400

this is years ago I went through the

229

00:08:51,330 --> 00:08:47,680

congressional records that I had a way

230

00:08:53,460 --> 00:08:51,340

to access them back in the mid late 90s

231

00:08:57,840 --> 00:08:53,470

in the dawning stages of the internet

232

00:08:59,910 --> 00:08:57,850

and when you read the accounts of Nansen

233

00:09:01,260 --> 00:08:59,920

and cook it is obvious that neither one

234

00:09:03,180 --> 00:09:01,270

of them got to that they proved each

235

00:09:04,890 --> 00:09:03,190

other wrong I thought very very well

236

00:09:07,260 --> 00:09:04,900

that neither one up had made it to the

237

00:09:09,420 --> 00:09:07,270

North Pole and and then when you see

238

00:09:11,010 --> 00:09:09,430

that the trail of their journey just

239

00:09:13,020 --> 00:09:11,020

went straight there one way and then

240

00:09:16,500 --> 00:09:13,030

came straight back well that doesn't

241

00:09:19,650 --> 00:09:16,510

seem possible because the ice is quite

242

00:09:22,350 --> 00:09:19,660

jagged it's it's razor-sharp you can't

243

00:09:25,860 --> 00:09:22,360

pull a sled or dogs it's not like smooth

244

00:09:28,380 --> 00:09:25,870

river ice it's not like that at all it's

245

00:09:30,300 --> 00:09:28,390

like bunched up icebergs and mountains

246

00:09:32,850 --> 00:09:30,310

of ice and crushed in and this and that

247

00:09:35,310 --> 00:09:32,860

so I don't put a lot of credit into

248

00:09:36,269 --> 00:09:35,320

those if it's printed after World War

249

00:09:39,660 --> 00:09:36,279

two I would

250

00:09:41,939 --> 00:09:39,670

find it questionable fair fair but yeah

251

00:09:45,119 --> 00:09:41,949

I guess at that time it seems like a big

252

00:09:46,970 --> 00:09:45,129

fight for ego and publicity of who can

253

00:09:50,850 --> 00:09:46,980

say they did it first but are there any

254

00:09:53,549 --> 00:09:50,860

claims about the about actually going

255

00:09:56,699 --> 00:09:53,559

inside the earth or getting near the

256

00:09:58,590 --> 00:09:56,709

hole that you do find credible oh yeah

257

00:10:01,679 --> 00:09:58,600

Admiral Byrd for sure yeah

258

00:10:03,929 --> 00:10:01,689

would he be the only one I'm sure there

259

00:10:06,840 --> 00:10:03,939

are other credible sources but I have

260

00:10:09,210 --> 00:10:06,850

not seen them there were supposedly some

261

00:10:11,610 --> 00:10:09,220

to a Norwegian man and his son that sat

262

00:10:14,160 --> 00:10:11,620

out fishing one one afternoon or one

263

00:10:16,590 --> 00:10:14,170

morning and ended up going into the

264

00:10:18,629 --> 00:10:16,600

North Pole and coming out the South Pole

265

00:10:19,350 --> 00:10:18,639

what was it called the Smokey God or

266

00:10:23,460 --> 00:10:19,360

something like that

267

00:10:26,340 --> 00:10:23,470

Olaf Jensen yeah I can't put nonfiction

268

00:10:28,860 --> 00:10:26,350

on it I just can't I'd have to see more

269

00:10:31,650 --> 00:10:28,870

than you know just the tale mm-hmm I

270

00:10:34,650 --> 00:10:31,660

would bring something a great the size

271

00:10:37,949 --> 00:10:34,660

of a softball or a grape feed the size

272

00:10:40,379 --> 00:10:37,959

of a pecan you know something to prove

273

00:10:42,749 --> 00:10:40,389

that they were there that what they said

274

00:10:45,629 --> 00:10:42,759

was true right it's the kind of thing I

275

00:10:46,860 --> 00:10:45,639

really want to believe but there's not a

276

00:10:48,480 --> 00:10:46,870

whole lot of evidence to go on

277

00:10:51,679 --> 00:10:48,490

unfortunately which makes it tough

278

00:10:55,290 --> 00:10:51,689

correct and you've got this one guy

279

00:10:58,230 --> 00:10:55,300

Agnew and something about Agnew and he's

280

00:10:59,939 --> 00:10:58,240

wanting to mount a an expedition to the

281

00:11:01,860 --> 00:10:59,949

North Pole Oh Brooks Agnew

282

00:11:04,319 --> 00:11:01,870

yeah we've interviewed him before Brooks

283

00:11:06,059 --> 00:11:04,329

Agnew that's in that field and but they

284

00:11:08,910 --> 00:11:06,069

won't let you up there the United States

285

00:11:11,220 --> 00:11:08,920

military Canadian military Norwegian and

286

00:11:11,460 --> 00:11:11,230

Russian military will not will not allow

287

00:11:13,710 --> 00:11:11,470

it

288

00:11:16,710 --> 00:11:13,720

mm-hmm yeah and there's got to be a

289

00:11:20,669 --> 00:11:16,720

reason for that yes yes yeah I'm sure

290

00:11:23,400 --> 00:11:20,679

that's a depression so to talk about the

291

00:11:25,410 --> 00:11:23,410

maps a bit the one that I recognized as

292

00:11:27,360 --> 00:11:25,420

the most well circulated Hollow Earth

293

00:11:28,980 --> 00:11:27,370

map that you have in that one

294

00:11:31,290 --> 00:11:28,990

presentation it's got the water flowing

295

00:11:34,049 --> 00:11:31,300

out of four main channels around four

296

00:11:37,110 --> 00:11:34,059

big land masses suspected to be I guess

297

00:11:40,169 --> 00:11:37,120

under ice now but you detail in that

298

00:11:43,199 --> 00:11:40,179

video you mentioned it was made by a guy

299

00:11:45,299 --> 00:11:43,209

named Matias Becky Atwater

300

00:11:47,220 --> 00:11:45,309

Matias Cuates in the 1600s what can you

301

00:11:49,950 --> 00:11:47,230

tell us about his credibility as a map

302

00:11:52,590 --> 00:11:49,960

maker well the Catholic Church station

303

00:11:55,320 --> 00:11:52,600

so that's one good bite to have in his

304

00:11:58,230 --> 00:11:55,330

corner but he was he was actually making

305

00:12:00,450 --> 00:11:58,240

more renditions and a different script

306

00:12:02,610 --> 00:12:00,460

slightly different script to a map

307

00:12:05,070 --> 00:12:02,620

previous to that vibe murder hardest

308

00:12:07,590 --> 00:12:05,080

Mercator and there was a abraham

309

00:12:10,199 --> 00:12:07,600

ortelius in that same time frame and

310

00:12:13,199 --> 00:12:10,209

also remote Mercator who was I believe

311

00:12:15,269 --> 00:12:13,209

your hardest Mercator zan nephew is

312

00:12:18,000 --> 00:12:15,279

either his nephew or Angela and one of

313

00:12:21,000 --> 00:12:18,010

the other I never knew so that same

314

00:12:23,910 --> 00:12:21,010

legend with some extra is on the

315

00:12:26,490 --> 00:12:23,920

Matthias Cuates math but he was not the

316

00:12:28,949 --> 00:12:26,500

originator of that actual circular

317

00:12:31,550 --> 00:12:28,959

pattern that you see there that as far

318

00:12:34,139 --> 00:12:31,560

as I know well you can go even back to

319

00:12:36,690 --> 00:12:34,149

1507 the map that Christopher Columbus

320

00:12:38,760 --> 00:12:36,700

had had those four islands on it the

321

00:12:41,310 --> 00:12:38,770

Johannes ruch map Christopher Columbus

322

00:12:44,070 --> 00:12:41,320

had a Johannes ruch map and those four

323

00:12:47,660 --> 00:12:44,080

islands were at the top of it Wow so

324

00:12:51,780 --> 00:12:47,670

it's basically a Hollow Earth map well

325

00:12:54,360 --> 00:12:51,790

not so much but just a world map that

326

00:12:57,210 --> 00:12:54,370

didn't have North America on it but it

327

00:12:59,640 --> 00:12:57,220

had Cape Cod on it you know the

328

00:13:01,949 --> 00:12:59,650

Massachusetts Cape Cod but it was

329

00:13:04,710 --> 00:13:01,959

attached to China and you had Cuba leis

330

00:13:08,430 --> 00:13:04,720

labeled as Japan go with a different

331

00:13:10,650 --> 00:13:08,440

shape on it so so there were I believe

332

00:13:12,510 --> 00:13:10,660

that Christopher Columbus was just

333

00:13:15,990 --> 00:13:12,520

looking for the missing eight hours on

334

00:13:17,940 --> 00:13:16,000

the map and and and I can't find that

335

00:13:19,260 --> 00:13:17,950

anybody in Christopher Columbus's day

336

00:13:22,170 --> 00:13:19,270

thought that the earth was that the

337

00:13:24,690 --> 00:13:22,180

earth was flat that all comes from the

338

00:13:26,519 --> 00:13:24,700

1800s I can't find in any ancient

339

00:13:28,680 --> 00:13:26,529

language ancient literature classical

340

00:13:30,890 --> 00:13:28,690

literature all of the classical writers

341

00:13:33,510 --> 00:13:30,900

talked about the earth as being a sphere

342

00:13:36,600 --> 00:13:33,520

they spoke of the heavens as being a

343

00:13:38,130 --> 00:13:36,610

sphere and I you know always so dumb to

344

00:13:39,810 --> 00:13:38,140

think that ancient man couldn't look up

345

00:13:42,900 --> 00:13:39,820

at the moon at night oh wow that's a

346

00:13:45,090 --> 00:13:42,910

ball it has dimension to it oh look at

347

00:13:47,519 --> 00:13:45,100

the Sun and the Sun rising in the sunset

348

00:13:49,800 --> 00:13:47,529

oh that is a circular ball no hey

349

00:13:51,900 --> 00:13:49,810

chances are this planet here's what ball

350

00:13:54,569 --> 00:13:51,910

to so I don't think that anybody ever

351

00:13:56,400 --> 00:13:54,579

thought that the earth was flat except

352

00:14:00,030 --> 00:13:56,410

except in today's time since the what

353

00:14:03,689 --> 00:14:00,040

the the 1970s or 1960s there's been a

354

00:14:05,879 --> 00:14:03,699

real good push for the Flat Earth theory

355

00:14:08,220 --> 00:14:05,889

I know it man but when we're looking at

356

00:14:10,799 --> 00:14:08,230

maps as possible evidence for a Hollow

357

00:14:13,439 --> 00:14:10,809

Earth or missing land masses and they

358

00:14:15,809 --> 00:14:13,449

have such glaring flaws as missing North

359

00:14:17,789 --> 00:14:15,819

America obviously I still find them

360

00:14:20,340 --> 00:14:17,799

interesting but to be fair it makes it a

361

00:14:22,559 --> 00:14:20,350

bit hard to use them for validation

362

00:14:24,960 --> 00:14:22,569

because they are so clearly inaccurate

363

00:14:27,150 --> 00:14:24,970

in other areas right perhaps the best

364

00:14:30,109 --> 00:14:27,160

rendition that I can recall I don't have

365

00:14:33,359 --> 00:14:30,119

mine anymore was the Dover publication

366

00:14:34,919 --> 00:14:33,369

what was it geology of the world or so

367

00:14:37,439 --> 00:14:34,929

it was Anna Tovar I mentioned it in the

368

00:14:39,419 --> 00:14:37,449

lays area map collection video the book

369

00:14:41,220 --> 00:14:39,429

by Dover publications it's got the

370

00:14:44,309 --> 00:14:41,230

johannes ruse map on it and it's good

371

00:14:47,249 --> 00:14:44,319

it's good it's good it shows those what

372

00:14:50,309 --> 00:14:47,259

they call the bar goes Island and I did

373

00:14:53,939 --> 00:14:50,319

a reprieve on the bar goes islands in a

374

00:14:56,939 --> 00:14:53,949

in the Denver lecture I showed where the

375

00:14:58,729 --> 00:14:56,949

classical author Pliny or some people

376

00:15:03,619 --> 00:14:58,739

call him plainy i don't care' plenteous

377

00:15:06,989 --> 00:15:03,629

he was writing in what 70 AD or so and

378

00:15:09,179 --> 00:15:06,999

he writes about the Burgos Islands

379

00:15:11,729 --> 00:15:09,189

before Burgos Islands away at the North

380

00:15:14,069 --> 00:15:11,739

Pole mm-hmm so evidently somebody been

381

00:15:15,090 --> 00:15:14,079

there over 2,000 years ago or close to

382

00:15:17,369 --> 00:15:15,100

it mm-hmm

383

00:15:19,079 --> 00:15:17,379

yeah so they are mentioned in classical

384

00:15:21,210 --> 00:15:19,089

history that makes it even more

385

00:15:24,539 --> 00:15:21,220

intriguing and there is a lot of script

386

00:15:27,210 --> 00:15:24,549

all around that that big Hollow Earth

387

00:15:30,090 --> 00:15:27,220

map that gives added context and details

388

00:15:31,559 --> 00:15:30,100

about the geography and the climate do

389

00:15:34,259 --> 00:15:31,569

you remember any of those out of details

390

00:15:36,059 --> 00:15:34,269

that are on there yeah I like the one

391

00:15:39,210 --> 00:15:36,069

that the fishing of sturgeon is good in

392

00:15:41,189 --> 00:15:39,220

these waters right well in the world

393

00:15:43,769 --> 00:15:41,199

what they don't happen to me let's go

394

00:15:46,470 --> 00:15:43,779

back to George Souter he was a German

395

00:15:48,419 --> 00:15:46,480

map maker his maps were in German old

396

00:15:51,929 --> 00:15:48,429

German so what does this tell you it

397

00:15:54,329 --> 00:15:51,939

tells you that he was a lutheran in 1736

398

00:15:55,590 --> 00:15:54,339

he was a lutheran in 1700 that's when

399

00:15:58,619 --> 00:15:55,600

the Lutheran Church Martin Luther and

400

00:16:01,289 --> 00:15:58,629

his Reformation and and Protestant okay

401
00:16:03,329 --> 00:16:01,299
so at that time there were no Lutheran's

402
00:16:05,669 --> 00:16:03,339
just making stuff up they weren't just

403
00:16:07,470 --> 00:16:05,679
making things up I mean you know he had

404
00:16:10,559 --> 00:16:07,480
to have had he had to be convinced

405
00:16:13,169 --> 00:16:10,569
because he was a good map maker it had

406
00:16:15,630 --> 00:16:13,179
one map that they say was a fantasy map

407
00:16:17,550 --> 00:16:15,640
okay but he never put he never put

408
00:16:20,220 --> 00:16:17,560
out as a real map this map here the

409
00:16:22,860 --> 00:16:20,230
schlafen land map he never said that it

410
00:16:25,290 --> 00:16:22,870
was bogus at all and he'd like to say it

411
00:16:28,140 --> 00:16:25,300
was it was found at his door stood the

412
00:16:29,880 --> 00:16:28,150
doorstep of his mapmaking shop he didn't

413
00:16:31,320 --> 00:16:29,890

know it just came - no he left one night

414

00:16:33,960 --> 00:16:31,330

came back the next morning and it was

415

00:16:36,600 --> 00:16:33,970

there so he printed it but there's also

416

00:16:38,670 --> 00:16:36,610

other things too here on this island

417

00:16:40,980 --> 00:16:38,680

is where the machine that controls the

418

00:16:43,080 --> 00:16:40,990

weather is located and it talks about we

419

00:16:45,180 --> 00:16:43,090

have sunlight daylight and and but it's

420

00:16:48,150 --> 00:16:45,190

not as bright as the Sun but it's

421

00:16:51,300 --> 00:16:48,160

daylight inside you know 24 hours a day

422

00:16:52,980 --> 00:16:51,310

or however what their day was if it was

423

00:16:55,530 --> 00:16:52,990

sunny all the time we would just have to

424

00:16:57,750 --> 00:16:55,540

go by our clocks to determine what you

425

00:16:59,310 --> 00:16:57,760

know what day it was or anything mm-hmm

426

00:17:01,920 --> 00:16:59,320

yeah I thought that was fascinating

427

00:17:05,430 --> 00:17:01,930

because you have this map by a prominent

428

00:17:07,860 --> 00:17:05,440

map maker of a continent or series of

429

00:17:10,710 --> 00:17:07,870

land masses that is completely foreign

430

00:17:12,600 --> 00:17:10,720

the Tropic of Capricorn and the Tropic

431

00:17:15,030 --> 00:17:12,610

of Cancer are both on the map but

432

00:17:16,740 --> 00:17:15,040

they're angled in a way that you could

433

00:17:19,439 --> 00:17:16,750

say this would be a map from the

434

00:17:21,870 --> 00:17:19,449

interior of the earth land masses on the

435

00:17:24,390 --> 00:17:21,880

inside and yes you mentioned they say

436

00:17:24,780 --> 00:17:24,400

that it's light here in both day and

437

00:17:27,510 --> 00:17:24,790

night

438

00:17:29,160 --> 00:17:27,520

and the most provocative thing is on one

439

00:17:33,360 --> 00:17:29,170

Island it says the machine that controls

440

00:17:37,200 --> 00:17:33,370

the weather is kept here and yeah I mean

441

00:17:39,360 --> 00:17:37,210

my jaw at the floor on that one in 1736

442

00:17:42,870 --> 00:17:39,370

they didn't have any science fiction

443

00:17:46,050 --> 00:17:42,880

yeah definitely fascinating is there

444

00:17:47,940 --> 00:17:46,060

anything else about the Bargo Islands

445

00:17:49,830 --> 00:17:47,950

I know it's scarce but is there anything

446

00:17:51,690 --> 00:17:49,840

else any kind of details about anyone

447

00:17:54,030 --> 00:17:51,700

who's ever landed on these islands or

448

00:17:56,340 --> 00:17:54,040

anything not in modern history no not in

449

00:17:59,010 --> 00:17:56,350

modern history and all the detail though

450

00:18:00,570 --> 00:17:59,020

that your hardest Mercator that he put

451
00:18:03,780 --> 00:18:00,580
on there and then all the added

452
00:18:06,960 --> 00:18:03,790
materials that matthias Cuates put into

453
00:18:07,470 --> 00:18:06,970
his maps there evidently they had been

454
00:18:09,450 --> 00:18:07,480
there okay

455
00:18:11,790 --> 00:18:09,460
like for instance when they're talking

456
00:18:13,830 --> 00:18:11,800
about the hours of Sun in the summer

457
00:18:15,870 --> 00:18:13,840
months and the hours of Sun and the

458
00:18:16,860 --> 00:18:15,880
winter months you're not going to know

459
00:18:19,740 --> 00:18:16,870
that unless you've been there for a

460
00:18:21,900 --> 00:18:19,750
while yeah so they went up there they

461
00:18:24,840 --> 00:18:21,910
did camp they did spend time there if

462
00:18:27,090 --> 00:18:24,850
you've got it printed in 16 and in the

463
00:18:29,260 --> 00:18:27,100

early 1616 oh five sixteen oh seven

464

00:18:31,810 --> 00:18:29,270

eight etc or

465

00:18:33,520 --> 00:18:31,820

before then in the late 1500s where

466

00:18:35,740 --> 00:18:33,530

people did go there you're not going to

467

00:18:37,600 --> 00:18:35,750

know that living on the equator or

468

00:18:39,940 --> 00:18:37,610

living in the lower ladder the lower

469

00:18:41,950 --> 00:18:39,950

latitudes you're not going to know that

470

00:18:44,050 --> 00:18:41,960

it's pitch-black dark throughout the

471

00:18:46,030 --> 00:18:44,060

winter or in you know around the

472

00:18:48,640 --> 00:18:46,040

solstice times you're not going to know

473

00:18:51,570 --> 00:18:48,650

that that's good evidence yeah you're

474

00:18:53,980 --> 00:18:51,580

just and and also on the Cuates maps

475

00:18:57,460 --> 00:18:53,990

where they're talking about you can go

476

00:18:59,050 --> 00:18:57,470

into this lake here is unexplored but

477

00:19:01,810 --> 00:18:59,060

it's on the map and it's on the maps of

478

00:19:03,340 --> 00:19:01,820

today where everything like somebody was

479

00:19:04,540 --> 00:19:03,350

there just stand there and say you know

480

00:19:06,490 --> 00:19:04,550

what if somebody needs to come and look

481

00:19:08,920 --> 00:19:06,500

at that somebody needs to follow that

482

00:19:11,830 --> 00:19:08,930

back and and if you look at on the map

483

00:19:13,600 --> 00:19:11,840

at the south end of Hudson Bay well

484

00:19:14,830 --> 00:19:13,610

there's two rivers there well how in the

485

00:19:16,690 --> 00:19:14,840

world would they know those rivers were

486

00:19:20,440 --> 00:19:16,700

there if they had to bend there at the

487

00:19:23,500 --> 00:19:20,450

south end of Hudson Bay in early 1600s

488

00:19:25,390 --> 00:19:23,510

that's true that's true and again all

489

00:19:27,970 --> 00:19:25,400

this stuff seems to be so old have you

490

00:19:29,800 --> 00:19:27,980

seen any evidence or indication at all

491

00:19:31,840 --> 00:19:29,810

that these islands are there or that the

492

00:19:35,140 --> 00:19:31,850

the whole is there in modern times or

493

00:19:37,300 --> 00:19:35,150

have the yeah oh yeah really oh yeah if

494

00:19:39,580 --> 00:19:37,310

you just google the maps of the North

495

00:19:41,830 --> 00:19:39,590

Pole well I show one at the end of that

496

00:19:44,680 --> 00:19:41,840

video I show one at the very end the

497

00:19:47,350 --> 00:19:44,690

satellite composite yes but and that was

498

00:19:51,280 --> 00:19:47,360

in what 67 there are also some from 64

499

00:19:54,280 --> 00:19:51,290

or 65 and even more modern today they

500

00:19:57,190 --> 00:19:54,290

show you satellite pictures that will

501
00:19:58,840 --> 00:19:57,200
show it and I mean just NASA website

502
00:20:01,300 --> 00:19:58,850
whatever you can see the outline of

503
00:20:05,050 --> 00:20:01,310
those four islands just as plain as day

504
00:20:06,670 --> 00:20:05,060
just as plain as day yeah you can at

505
00:20:09,160 --> 00:20:06,680
least see on some of them that there's

506
00:20:11,920 --> 00:20:09,170
been some manipulation or editing done

507
00:20:13,840 --> 00:20:11,930
yes on some of the other big grand to

508
00:20:16,450 --> 00:20:13,850
your maps of the world without it

509
00:20:18,640 --> 00:20:16,460
without it's cloud cover some of those

510
00:20:20,950 --> 00:20:18,650
map they they kind of mask over it you

511
00:20:23,440 --> 00:20:20,960
know with the ice and they give a lot of

512
00:20:25,390 --> 00:20:23,450
fiction stuff on it which is typical

513
00:20:25,750 --> 00:20:25,400

that's just either anything that goes

514

00:20:29,290 --> 00:20:25,760

away

515

00:20:30,790 --> 00:20:29,300

goes astray from their theory and what

516

00:20:32,110 --> 00:20:30,800

they want you to know there they don't

517

00:20:33,730 --> 00:20:32,120

how to block it out they know what

518

00:20:35,530 --> 00:20:33,740

they're doing mm-hmm it's also

519

00:20:37,600 --> 00:20:35,540

interesting that we have these legends

520

00:20:39,940 --> 00:20:37,610

of Hyperborea which is thought to be a

521

00:20:41,970 --> 00:20:39,950

landmass to the north and then you have

522

00:20:44,190 --> 00:20:41,980

the entrance or the Bargo die

523

00:20:47,190 --> 00:20:44,200

so definitely could be something there

524

00:20:50,759 --> 00:20:47,200

some people had thought that hyperborea

525

00:20:54,210 --> 00:20:50,769

was Vincent Bergen or Nova Sandler and

526
00:20:55,860 --> 00:20:54,220
or or even the Margo's Islands it could

527
00:21:00,629 --> 00:20:55,870
be the one it was it was a somewhat

528
00:21:02,700 --> 00:21:00,639
ambiguous but they did write about it in

529
00:21:05,879 --> 00:21:02,710
they even had legends I believe it was

530
00:21:06,799 --> 00:21:05,889
in Ireland about coming down from the

531
00:21:10,350 --> 00:21:06,809
north

532
00:21:12,149 --> 00:21:10,360
Wow and are there other entrances talked

533
00:21:14,490 --> 00:21:12,159
about besides the polar regions that

534
00:21:16,620 --> 00:21:14,500
have interested you not that I can

535
00:21:19,379 --> 00:21:16,630
recall you there there are some pretty

536
00:21:24,419 --> 00:21:19,389
deep caves but but there is some kind of

537
00:21:26,340 --> 00:21:24,429
a heated mantle or molten rock layers in

538
00:21:28,919 --> 00:21:26,350

there because the farther down you go

539

00:21:30,720 --> 00:21:28,929

the hotter it gets they when I was

540

00:21:33,570 --> 00:21:30,730

growing up they always said that the

541

00:21:36,090 --> 00:21:33,580

inner core of the earth was a real heavy

542

00:21:38,730 --> 00:21:36,100

condensed packed iron just this this

543

00:21:41,549 --> 00:21:38,740

metallic material was made up of iron

544

00:21:43,560 --> 00:21:41,559

and magnesium and manganese and and all

545

00:21:45,180 --> 00:21:43,570

of these metals this just packed up and

546

00:21:48,090 --> 00:21:45,190

they were told me like that one

547

00:21:50,129 --> 00:21:48,100

tablespoon of it will weigh a ton it's

548

00:21:51,930 --> 00:21:50,139

so packed it's so compact I said well

549

00:21:53,399 --> 00:21:51,940

okay now I got a little older I'm like

550

00:21:55,950 --> 00:21:53,409

well isn't that throwing all the

551
00:21:56,639 --> 00:21:55,960
properties of physics just right out the

552
00:21:58,529 --> 00:21:56,649
window

553
00:22:00,060 --> 00:21:58,539
aren't we just taking physics and

554
00:22:02,669 --> 00:22:00,070
throwing them you know widen it up in a

555
00:22:04,560 --> 00:22:02,679
snowball and throwing it it doesn't make

556
00:22:06,930 --> 00:22:04,570
any sense at all yeah

557
00:22:09,090 --> 00:22:06,940
you can't compress iron you know you're

558
00:22:11,310 --> 00:22:09,100
not gonna it's just so much you can do

559
00:22:13,169 --> 00:22:11,320
and then we have you know other metals

560
00:22:15,419 --> 00:22:13,179
that are much heavier like uranium

561
00:22:17,970 --> 00:22:15,429
plutonium then a very very heavy but you

562
00:22:19,529 --> 00:22:17,980
don't have metal and if the earth was

563
00:22:23,039 --> 00:22:19,539

spinning at a thousand miles an hour

564

00:22:25,860 --> 00:22:23,049

around and you had this heavy iron core

565

00:22:27,750 --> 00:22:25,870

and it's surrounded by molten rock well

566

00:22:30,360 --> 00:22:27,760

brother I'm telling you man how can

567

00:22:33,240 --> 00:22:30,370

anything survive being surrounded by

568

00:22:35,639 --> 00:22:33,250

molten rock how could it have you know

569

00:22:37,830 --> 00:22:35,649

we would it makes no sense to have a

570

00:22:39,210 --> 00:22:37,840

solid core of the earth if their

571

00:22:42,090 --> 00:22:39,220

theories are correct and it would be a

572

00:22:44,940 --> 00:22:42,100

hot liquid there's no you can take any

573

00:22:47,399 --> 00:22:44,950

metal in the world and put it into

574

00:22:48,899 --> 00:22:47,409

molten lava and in this corner it's

575

00:22:51,180 --> 00:22:48,909

going to change its going to change back

576

00:22:53,820 --> 00:22:51,190

to the liquid I mean my gosh what is

577

00:22:56,150 --> 00:22:53,830

what is lava and molten rock that's the

578

00:23:00,090 --> 00:22:56,160

elements melted down and they

579

00:23:01,890 --> 00:23:00,100

extremely hot right that's the iron core

580

00:23:03,660 --> 00:23:01,900

is the official story I heard as well I

581

00:23:06,990 --> 00:23:03,670

mean do you think that there's any

582

00:23:08,580 --> 00:23:07,000

justification for an open cavity inside

583

00:23:10,050 --> 00:23:08,590

that jives with our scientific

584

00:23:13,170 --> 00:23:10,060

understanding are you think it's a

585

00:23:15,150 --> 00:23:13,180

liquid core oh I would have I just know

586

00:23:17,340 --> 00:23:15,160

what I read and I'm and I'm just able to

587

00:23:19,200 --> 00:23:17,350

present facts I really don't have an

588

00:23:20,490 --> 00:23:19,210

opinion I result share speculation

589

00:23:23,190 --> 00:23:20,500

concerning and I'm just saying that

590

00:23:25,530 --> 00:23:23,200

whatever they're saying is really hard

591

00:23:29,940 --> 00:23:25,540

to believe really hard to believe and

592

00:23:32,040 --> 00:23:29,950

with all the the molten rock that's down

593

00:23:34,290 --> 00:23:32,050

there and all the elements and ores that

594

00:23:36,300 --> 00:23:34,300

are all churning and where does the

595

00:23:38,400 --> 00:23:36,310

actual heat come from what is the

596

00:23:40,230 --> 00:23:38,410

generation of that you it's the same

597

00:23:42,150 --> 00:23:40,240

thing as what they get from the from the

598

00:23:45,000 --> 00:23:42,160

Sun oh well it's a nuclear reaction and

599

00:23:47,310 --> 00:23:45,010

it keeps going to started it how did it

600

00:23:51,240 --> 00:23:47,320

oh it just happened to fall out of thin

601
00:23:52,980 --> 00:23:51,250
air you know yeah and then another thing

602
00:23:55,110 --> 00:23:52,990
is I've worked with pumps and motors all

603
00:23:56,820 --> 00:23:55,120
my life and you've got these at the

604
00:23:59,700 --> 00:23:56,830
mountains out and out in the Rockies in

605
00:24:02,400 --> 00:23:59,710
the West where hot water I mean boiling

606
00:24:06,420 --> 00:24:02,410
water comes up out of the ground at like

607
00:24:08,910 --> 00:24:06,430
8,000 feet well where is the steam where

608
00:24:11,550 --> 00:24:08,920
is the steam deposit it has to be close

609
00:24:14,010 --> 00:24:11,560
to the surface it can't be several miles

610
00:24:18,330 --> 00:24:14,020
down into the the ground because the

611
00:24:19,830 --> 00:24:18,340
steam would eventually just turn turn to

612
00:24:22,020 --> 00:24:19,840
water and the water would cool off at

613
00:24:24,600 --> 00:24:22,030

the time it traveled 8,000 feet above

614

00:24:26,490 --> 00:24:24,610

sea level hmm yeah and I know you've

615

00:24:27,870 --> 00:24:26,500

also in your pass worked with Tesla

616

00:24:29,580 --> 00:24:27,880

coils which is interesting because I

617

00:24:32,660 --> 00:24:29,590

think there's a real through line

618

00:24:36,180 --> 00:24:32,670

between rotation and anti-gravity

619

00:24:38,550 --> 00:24:36,190

electricity and gravity torsion fields

620

00:24:40,290 --> 00:24:38,560

and the possibility that the earth could

621

00:24:41,850 --> 00:24:40,300

be hollow though it would kind of look

622

00:24:43,140 --> 00:24:41,860

like a torsion field if there was

623

00:24:45,360 --> 00:24:43,150

something to that but the spinning

624

00:24:46,710 --> 00:24:45,370

around a central point I mean that's

625

00:24:49,560 --> 00:24:46,720

what the earth apparently does and

626
00:24:51,420 --> 00:24:49,570
that's what UFOs do to fly that's how

627
00:24:54,630 --> 00:24:51,430
flying saucers get off the ground so

628
00:24:57,390 --> 00:24:54,640
they say I believe Tesla had the answers

629
00:25:00,660 --> 00:24:57,400
to more of the Earth's mysteries than we

630
00:25:03,680 --> 00:25:00,670
will ever know but I feel it probably we

631
00:25:07,320 --> 00:25:03,690
we just the world wasn't ready for him

632
00:25:09,660 --> 00:25:07,330
wasn't ready for him and he left his

633
00:25:12,150 --> 00:25:09,670
thumbprint completely across the plane

634
00:25:16,170 --> 00:25:12,160
and this planet would not have been what

635
00:25:18,600 --> 00:25:16,180
it is today without Tesla and I mean

636
00:25:20,460 --> 00:25:18,610
it's such a remarkable mind it's

637
00:25:22,560 --> 00:25:20,470
unfortunately the lot that a lot of what

638
00:25:26,280 --> 00:25:22,570

you read about him printed recently is

639

00:25:28,440 --> 00:25:26,290

not true so taking it on the cup and

640

00:25:31,740 --> 00:25:28,450

just examining his experiments and his

641

00:25:34,980 --> 00:25:31,750

patents and such he had more as a

642

00:25:36,450 --> 00:25:34,990

foundation than we'll ever know and I

643

00:25:39,090 --> 00:25:36,460

believe he had more answers because

644

00:25:40,650 --> 00:25:39,100

things that he just figured out sure

645

00:25:43,830 --> 00:25:40,660

what what are some of the things that

646

00:25:46,350 --> 00:25:43,840

you feel are being talked about with

647

00:25:48,300 --> 00:25:46,360

Tesla that are inaccurate Oh certain

648

00:25:52,380 --> 00:25:48,310

things like it would hurt his ears to

649

00:25:55,230 --> 00:25:52,390

hear a thunderstorm 60 miles away just

650

00:25:57,000 --> 00:25:55,240

things like that we're just fluffed up

651
00:25:59,220 --> 00:25:57,010
you know that all he would just grind

652
00:26:00,600 --> 00:25:59,230
his teeth when a when a thunderstorm was

653
00:26:02,850 --> 00:26:00,610
80-mile deer not going to hear a

654
00:26:05,640 --> 00:26:02,860
thunderstorm 80 miles away yes hey Donna

655
00:26:08,700 --> 00:26:05,650
happen okay it ain't gonna and it's not

656
00:26:10,710 --> 00:26:08,710
gonna rock & roll your ears it's just

657
00:26:12,180 --> 00:26:10,720
not going to happen right so you know

658
00:26:14,460 --> 00:26:12,190
and it's just in some of the books that

659
00:26:15,960 --> 00:26:14,470
I guess came out in the 80s you know

660
00:26:18,030 --> 00:26:15,970
just just trying to make a buck because

661
00:26:20,100 --> 00:26:18,040
that's when the surge of Tesla had a

662
00:26:22,590 --> 00:26:20,110
reprieve was starting about the early

663
00:26:25,230 --> 00:26:22,600

80s that's when the technical Builders

664

00:26:27,410 --> 00:26:25,240

Association got its footing and people

665

00:26:30,720 --> 00:26:27,420

really started getting to beginning to

666

00:26:33,420 --> 00:26:30,730

experiment more with Tesla coils and

667

00:26:34,920 --> 00:26:33,430

building things in their shop and making

668

00:26:37,200 --> 00:26:34,930

their own discoveries with super high

669

00:26:40,170 --> 00:26:37,210

voltage right it's a shame we haven't

670

00:26:43,260 --> 00:26:40,180

seen more widespread adoption in them in

671

00:26:44,790 --> 00:26:43,270

recent decades with that stuff well it

672

00:26:47,490 --> 00:26:44,800

wasn't going to make the commercial

673

00:26:49,050 --> 00:26:47,500

interests enough money right and it was

674

00:26:51,360 --> 00:26:49,060

Edison that came up so hey if you don't

675

00:26:52,830 --> 00:26:51,370

put your transmission and power lines

676
00:26:54,570 --> 00:26:52,840
you're not going to make any money with

677
00:26:56,070 --> 00:26:54,580
the maintenance that's how you charge

678
00:26:59,160 --> 00:26:56,080
people that's how you're going to make

679
00:27:02,160 --> 00:26:59,170
money who's with poles storms wires and

680
00:27:03,450 --> 00:27:02,170
consumption nope okay and he was right

681
00:27:06,030 --> 00:27:03,460
he was right that's not coming off the

682
00:27:07,380 --> 00:27:06,040
power companies are super wealthy and it

683
00:27:09,780 --> 00:27:07,390
never had to be that way from the first

684
00:27:11,580 --> 00:27:09,790
from the from the beginning right it's

685
00:27:14,250 --> 00:27:11,590
an unfortunate situation you also

686
00:27:16,020 --> 00:27:14,260
mention the Evonik manuscript in that

687
00:27:17,730 --> 00:27:16,030
video which has always been an

688
00:27:19,200 --> 00:27:17,740

interesting mystery to me for those who

689

00:27:21,540 --> 00:27:19,210

are familiar it's a book dated back to

690

00:27:23,299 --> 00:27:21,550

the 1400s handwritten in an unknown

691

00:27:24,919 --> 00:27:23,309

language I know you've done a lot

692

00:27:26,509 --> 00:27:24,929

decipherment over the years do you have

693

00:27:29,869 --> 00:27:26,519

any thoughts on what might be behind

694

00:27:33,739 --> 00:27:29,879

that mystery I would think at this point

695

00:27:36,460 --> 00:27:33,749

that somebody needs to have the Voynich

696

00:27:38,989 --> 00:27:36,470

manuscript sent in to a forensic lab

697

00:27:41,360 --> 00:27:38,999

that's all that's all I'm saying

698

00:27:43,759 --> 00:27:41,370

it needs to be forensic ly tested and

699

00:27:45,080 --> 00:27:43,769

that will tell oh that one's because

700

00:27:47,299 --> 00:27:45,090

that will give you everything that will

701
00:27:48,860 --> 00:27:47,309
give you every testing the inks testing

702
00:27:50,690 --> 00:27:48,870
the paper but it's never been tested

703
00:27:54,259 --> 00:27:50,700
they don't want it tested they love as

704
00:27:56,840 --> 00:27:54,269
far as I'm concerned the story of its

705
00:27:59,239 --> 00:27:56,850
original passing from one to the next to

706
00:28:00,919 --> 00:27:59,249
the next and it just pops up you know

707
00:28:03,379 --> 00:28:00,929
again on the scene and what late

708
00:28:05,269 --> 00:28:03,389
18-hundreds early 1900s or so when

709
00:28:07,549 --> 00:28:05,279
mortgage bought it you know what was

710
00:28:09,409 --> 00:28:07,559
what actually was the origin of it and

711
00:28:12,379 --> 00:28:09,419
you know didn't I said well it came from

712
00:28:13,970 --> 00:28:12,389
this guy came from this guy come on

713
00:28:16,789 --> 00:28:13,980

let's let's let's put the Voynich

714

00:28:18,769 --> 00:28:16,799

manuscript in the forensic lab of my

715

00:28:20,960 --> 00:28:18,779

choice and let's have our experts look

716

00:28:23,659 --> 00:28:20,970

at it and and then we'll be making some

717

00:28:25,909 --> 00:28:23,669

determinations and then if the script is

718

00:28:28,460 --> 00:28:25,919

terrestrial we could bust that script

719

00:28:31,310 --> 00:28:28,470

mm-hmm yeah that makes sense I mean

720

00:28:33,409 --> 00:28:31,320

simple investigation is really all it

721

00:28:35,090 --> 00:28:33,419

takes and a lot less speculation but I

722

00:28:36,609 --> 00:28:35,100

guess they don't want to test it they

723

00:28:37,820 --> 00:28:36,619

don't want to test it maybe I'm always

724

00:28:40,460 --> 00:28:37,830

territory

725

00:28:42,919 --> 00:28:40,470

I've always had this really bad personal

726

00:28:46,489 --> 00:28:42,929

issue it's a problem and I put my money

727

00:28:48,470 --> 00:28:46,499

where my mouth is why don't others and

728

00:28:51,080 --> 00:28:48,480

ice all I'm asking hey send it in the

729

00:28:53,749 --> 00:28:51,090

forensics I'll pay for it I hear you man

730

00:28:56,389 --> 00:28:53,759

and to bring it back to old maps a bit a

731

00:28:58,279 --> 00:28:56,399

lot of them that you show in that

732

00:29:00,919 --> 00:28:58,289

presentation a lot of old maps I've seen

733

00:29:03,049 --> 00:29:00,929

they include this phantom island called

734

00:29:05,629 --> 00:29:03,059

Friesland up near Iceland and Greenland

735

00:29:08,060 --> 00:29:05,639

some flushed out with details like names

736

00:29:09,379 --> 00:29:08,070

of cities on it - will you tell us about

737

00:29:12,019 --> 00:29:09,389

this little enigma

738

00:29:15,019 --> 00:29:12,029

bonden D capital of reason well I

739

00:29:17,060 --> 00:29:15,029

believe it was for wisher or Davis I

740

00:29:19,399 --> 00:29:17,070

believe that was the first to actually

741

00:29:22,369 --> 00:29:19,409

see it and record it and they they threw

742

00:29:24,499 --> 00:29:22,379

the coastline wrote where it was and and

743

00:29:28,190 --> 00:29:24,509

did all these things okay and and and

744

00:29:30,830 --> 00:29:28,200

said it was on the map and and later on

745

00:29:33,230 --> 00:29:30,840

it wasn't there anymore it wasn't there

746

00:29:34,820 --> 00:29:33,240

anymore but in that same area it was

747

00:29:36,649 --> 00:29:34,830

like in the 40s I believe they did they

748

00:29:39,229 --> 00:29:36,659

took soundings and the

749

00:29:41,659 --> 00:29:39,239

the North Sea which is pretty doggone

750

00:29:44,629 --> 00:29:41,669

deep and rough there was an area there

751

00:29:47,629 --> 00:29:44,639

that was like only like 200 feet below

752

00:29:49,219 --> 00:29:47,639

the surface an entire area like 20 miles

753

00:29:51,469 --> 00:29:49,229

about 20 miles out there in the ocean

754

00:29:53,450 --> 00:29:51,479

that there was the surface that the

755

00:29:56,479 --> 00:29:53,460

surface wouldn't beneath the surface of

756

00:29:58,759 --> 00:29:56,489

the ocean was like you wouldn't be not

757

00:30:00,109 --> 00:29:58,769

too many 60 fathoms from laura's less or

758

00:30:02,509 --> 00:30:00,119

something like that I don't I can't

759

00:30:05,690 --> 00:30:02,519

remember exactly but I've got all that

760

00:30:07,879 --> 00:30:05,700

documentation around somewhere but it

761

00:30:11,539 --> 00:30:07,889

appears to me that it just spoke and

762

00:30:15,560 --> 00:30:11,549

that area around Iceland is very active

763

00:30:16,999 --> 00:30:15,570

shall we say very active and now I also

764

00:30:18,799 --> 00:30:17,009

want to point out and you might be

765

00:30:21,529 --> 00:30:18,809

interested in this as well and door

766

00:30:25,219 --> 00:30:21,539

number four my video titled door number

767

00:30:27,169 --> 00:30:25,229

four that has a bunch of artifacts my

768

00:30:31,700 --> 00:30:27,179

anxa corn collection in it but I also

769

00:30:35,450 --> 00:30:31,710

showed two maps in there a Cornelius wig

770

00:30:38,930 --> 00:30:35,460

leak of 1597 and another Mateus Cuates

771

00:30:41,389 --> 00:30:38,940

of Iceland in there from like 1600 that

772

00:30:44,210 --> 00:30:41,399

didn't that that didn't make it to the

773

00:30:46,460 --> 00:30:44,220

actual Laserium app video I would have

774

00:30:48,289 --> 00:30:46,470

loved have had those maps but then the

775

00:30:50,899 --> 00:30:48,299

dadgum video would have run over two

776
00:30:52,430 --> 00:30:50,909
hours and back then VHS tapes only I'd

777
00:30:54,680 --> 00:30:52,440
have had to cut something else to put

778
00:30:57,799 --> 00:30:54,690
them in put it that way so I did include

779
00:31:00,049 --> 00:30:57,809
them in another way I can't remember if

780
00:31:01,580 --> 00:31:00,059
I bought them after the video was made

781
00:31:03,589 --> 00:31:01,590
or if they came while we were shooting

782
00:31:05,180 --> 00:31:03,599
it or if I didn't have enough time to

783
00:31:07,759 --> 00:31:05,190
include I can't remember exactly but

784
00:31:09,950 --> 00:31:07,769
there are two more maps that show one of

785
00:31:12,349 --> 00:31:09,960
them shows Friesland in detail and the

786
00:31:14,930 --> 00:31:12,359
other one is another my tias Cuates so

787
00:31:16,879 --> 00:31:14,940
that means I had one two three I had

788
00:31:19,310 --> 00:31:16,889

three Cuates I had three men tears

789

00:31:21,139 --> 00:31:19,320

quality hmm and that one Cornelius

790

00:31:22,969 --> 00:31:21,149

Whitley which is a gray Friesland you

791

00:31:26,299 --> 00:31:22,979

know I was a freedmen collector but the

792

00:31:29,359 --> 00:31:26,309

the Iceland map had on it so many what I

793

00:31:32,629 --> 00:31:29,369

loved about the Iceland map 1500 by

794

00:31:35,029 --> 00:31:32,639

Matias quality is that it had so many of

795

00:31:38,269 --> 00:31:35,039

these sea creatures in it that were

796

00:31:40,430 --> 00:31:38,279

described to him and they drew these in

797

00:31:41,899 --> 00:31:40,440

the waters and such and there's so many

798

00:31:45,169 --> 00:31:41,909

creatures in the sea that we don't know

799

00:31:47,089 --> 00:31:45,179

about you know stellar sea creature that

800

00:31:49,070 --> 00:31:47,099

we don't we nobody still knows what that

801
00:31:50,480 --> 00:31:49,080
was and and then they had other

802
00:31:53,299 --> 00:31:50,490
creatures that have been

803
00:31:55,070 --> 00:31:53,309
wiped out by the post-medieval sailors

804
00:31:57,200 --> 00:31:55,080
you know the ones went as the industrial

805
00:31:59,180 --> 00:31:57,210
world started taking shape in the 1500s

806
00:32:01,850 --> 00:31:59,190
and 1600s they had animals that they

807
00:32:03,380 --> 00:32:01,860
just obliterated for food mm-hmm and a

808
00:32:05,990 --> 00:32:03,390
lot of them in the in the northern

809
00:32:08,780 --> 00:32:06,000
regions right I mean the speculation is

810
00:32:10,760 --> 00:32:08,790
that when you're out at sea you start

811
00:32:12,440 --> 00:32:10,770
hallucinating or the dark just scares

812
00:32:13,880 --> 00:32:12,450
people and they start using their

813
00:32:15,770 --> 00:32:13,890

imagination to see things but you think

814

00:32:18,080 --> 00:32:15,780

some of these creatures we see on old

815

00:32:19,669 --> 00:32:18,090

maps might have actually existed oh yeah

816

00:32:21,320 --> 00:32:19,679

I believe every one of them did I've

817

00:32:24,470 --> 00:32:21,330

gotten several books that talk about

818

00:32:26,419 --> 00:32:24,480

they kind of post together different

819

00:32:29,450 --> 00:32:26,429

instances of different creatures that

820

00:32:32,060 --> 00:32:29,460

are that were described by scientists

821

00:32:34,010 --> 00:32:32,070

and sea captain whether you're not

822

00:32:35,930 --> 00:32:34,020

talking you're talking guys that are of

823

00:32:38,060 --> 00:32:35,940

higher intelligence or we're not talking

824

00:32:39,919 --> 00:32:38,070

grunt labor force or I mean not to put

825

00:32:42,140 --> 00:32:39,929

down anyone grunt labor force but we're

826
00:32:44,180 --> 00:32:42,150
talking educated people at that time who

827
00:32:46,190 --> 00:32:44,190
were pretty much brilliant they're not

828
00:32:47,900 --> 00:32:46,200
like educated people of today which are

829
00:32:50,750 --> 00:32:47,910
like they don't even know what their

830
00:32:53,570 --> 00:32:50,760
name is so the thing is is they were

831
00:32:54,770 --> 00:32:53,580
recording what they saw and many of the

832
00:32:57,799 --> 00:32:54,780
things that they saw were just

833
00:32:59,870 --> 00:32:57,809
absolutely spectacular mm-hmm

834
00:33:01,760 --> 00:32:59,880
and Charles fort records a bunch of them

835
00:33:04,640 --> 00:33:01,770
even the US Navy I've got you there

836
00:33:06,710 --> 00:33:04,650
what is it was it the shrine or it might

837
00:33:09,760 --> 00:33:06,720
have been lecture number six where I

838
00:33:12,980 --> 00:33:09,770

show phenomena in the United States Navy

839

00:33:15,200 --> 00:33:12,990

science books hmm it's absolutely

840

00:33:18,530 --> 00:33:15,210

outrageous they have no clue they have

841

00:33:21,799 --> 00:33:18,540

no clue well I mean you do have some

842

00:33:24,020 --> 00:33:21,809

other ancient artifacts of coins and

843

00:33:26,090 --> 00:33:24,030

other things of unknown animals it's not

844

00:33:29,210 --> 00:33:26,100

completely unheard of there's actually

845

00:33:31,820 --> 00:33:29,220

quite a few old references to animals we

846

00:33:34,040 --> 00:33:31,830

just can't identify today right look at

847

00:33:36,950 --> 00:33:34,050

Dinosauria there's a big issue there and

848

00:33:39,320 --> 00:33:36,960

mammals and every about once or twice a

849

00:33:41,570 --> 00:33:39,330

year there is some creature that washes

850

00:33:44,090 --> 00:33:41,580

up on some shore somewhere that is

851

00:33:47,000 --> 00:33:44,100

absolutely unidentified that's one

852

00:33:48,140 --> 00:33:47,010

identify now there was a what was it

853

00:33:51,530 --> 00:33:48,150

they were saying that they had the

854

00:33:55,610 --> 00:33:51,540

largest the largest sea creature ever

855

00:33:58,130 --> 00:33:55,620

found and it was on a underground camera

856

00:34:00,710 --> 00:33:58,140

you can type it in on YouTube I imagine

857

00:34:04,220 --> 00:34:00,720

a shows a creature it's about the size

858

00:34:06,020 --> 00:34:04,230

of a oh maybe a couple of camper

859

00:34:08,419 --> 00:34:06,030

put together so you know it's pretty big

860

00:34:10,460 --> 00:34:08,429

it's pretty big no doubt but I was scuba

861

00:34:14,690 --> 00:34:10,470

diving off of coast of San Carlos Mexico

862

00:34:18,040 --> 00:34:14,700

years ago and there is on there under

863

00:34:21,230 --> 00:34:18,050

it's the water there's probably 30 35

864

00:34:24,409 --> 00:34:21,240

feet deep and there is a sponge there

865

00:34:29,090 --> 00:34:24,419

that is attached to a rock and that rock

866

00:34:31,970 --> 00:34:29,100

is the size of a house it is the size of

867

00:34:34,760 --> 00:34:31,980

a two-bedroom house sunk down in the bay

868

00:34:38,210 --> 00:34:34,770

there and it is covered with one single

869

00:34:40,190 --> 00:34:38,220

organism a sponge it is absolutely and

870

00:34:42,109 --> 00:34:40,200

you can wave your hand over or close to

871

00:34:44,000 --> 00:34:42,119

it I mean you can go and feel and touch

872

00:34:45,590 --> 00:34:44,010

it they all pull in you know they said

873

00:34:47,510 --> 00:34:45,600

some kind of member of the sponge family

874

00:34:49,250 --> 00:34:47,520

or you can just wave your hand a foot in

875

00:34:52,129 --> 00:34:49,260

front of it and they all they all

876
00:34:54,560 --> 00:34:52,139
respond they can they know you're there

877
00:34:57,020 --> 00:34:54,570
they know you're there and I just I was

878
00:35:01,070 --> 00:34:57,030
just in awe I mean that creature how old

879
00:35:03,530 --> 00:35:01,080
would that creature be that's a another

880
00:35:05,780 --> 00:35:03,540
area where you hear stories like that is

881
00:35:07,280 --> 00:35:05,790
the blue hole near Belize I mean talk

882
00:35:09,140 --> 00:35:07,290
about something that could be an

883
00:35:10,700 --> 00:35:09,150
entrance to an inner chamber in the

884
00:35:13,040 --> 00:35:10,710
earth I mean that looks like it when you

885
00:35:14,720 --> 00:35:13,050
look at it from like a helicopter fly

886
00:35:17,599 --> 00:35:14,730
over but there's people who talk about

887
00:35:19,370 --> 00:35:17,609
seeing giant squid they're a tentacle of

888
00:35:22,099 --> 00:35:19,380

a giant squid once in a while and it's

889

00:35:24,410 --> 00:35:22,109

like man yeah who knows but the bigger

890

00:35:26,540 --> 00:35:24,420

something under the ground is the bigger

891

00:35:28,160 --> 00:35:26,550

home it could be for something else for

892

00:35:30,859 --> 00:35:28,170

some type of organism whether it's a

893

00:35:33,230 --> 00:35:30,869

sponge on a rock or a giant squid in a

894

00:35:34,490 --> 00:35:33,240

giant hole well you make a point you

895

00:35:35,750 --> 00:35:34,500

make a good point there because I

896

00:35:38,000 --> 00:35:35,760

believe there's some of those blue holes

897

00:35:40,910 --> 00:35:38,010

off the coast of Bahamas or between

898

00:35:42,349 --> 00:35:40,920

Bahamas and Florida and I believe it's

899

00:35:45,710 --> 00:35:42,359

in Ocala they have some of those

900

00:35:47,599 --> 00:35:45,720

bottomless holes near Ocala Florida and

901
00:35:49,910 --> 00:35:47,609
some of them I mean years ago I can see

902
00:35:51,230 --> 00:35:49,920
them on Google years ago so them sure

903
00:35:53,780 --> 00:35:51,240
they're still there what perplexes me

904
00:35:56,300 --> 00:35:53,790
about those which call blue holes which

905
00:35:58,849 --> 00:35:56,310
is a fine word for it so perfectly round

906
00:36:01,940 --> 00:35:58,859
yeah they're perfectly round they're not

907
00:36:03,740 --> 00:36:01,950
like jagged or square or like man this

908
00:36:05,300 --> 00:36:03,750
rock here is too tough for me to carve a

909
00:36:06,980 --> 00:36:05,310
hole in I'm going to jump around and

910
00:36:08,210 --> 00:36:06,990
make people to get the idea when they

911
00:36:10,010 --> 00:36:08,220
see it from the air three or four

912
00:36:11,599 --> 00:36:10,020
thousand years ahead you know after this

913
00:36:13,070 --> 00:36:11,609

but I just will leave this here it

914

00:36:14,660 --> 00:36:13,080

doesn't have to be perfect ah give or

915

00:36:17,540 --> 00:36:14,670

take a couple inches you know it look

916

00:36:19,970 --> 00:36:17,550

some guys are perfectly sick a circular

917

00:36:21,050 --> 00:36:19,980

yeah and how does that you got me

918

00:36:23,210 --> 00:36:21,060

brother you got me

919

00:36:26,060 --> 00:36:23,220

oh yeah a lot of mysteries out there oh

920

00:36:28,520 --> 00:36:26,070

yeah so as far as old maps are concerned

921

00:36:30,830 --> 00:36:28,530

yet having studied as many ancient maps

922

00:36:32,120 --> 00:36:30,840

as you have having as many as you had in

923

00:36:34,610 --> 00:36:32,130

your collection over the years

924

00:36:36,110 --> 00:36:34,620

are there other strange things that have

925

00:36:39,050 --> 00:36:36,120

interested you about them that you could

926

00:36:41,330 --> 00:36:39,060

share well just some of the descriptions

927

00:36:44,150 --> 00:36:41,340

of the people they talk about the scray

928

00:36:46,130 --> 00:36:44,160

lingers thus cravings and then some of

929

00:36:48,890 --> 00:36:46,140

the things that happen later concerning

930

00:36:50,780 --> 00:36:48,900

what was known as scaling the oldest map

931

00:36:53,840 --> 00:36:50,790

that I had was the Vegas River map

932

00:36:56,780 --> 00:36:53,850

carved on Stone which humans map of

933

00:37:01,250 --> 00:36:56,790

ivers by Helios that had to predate it

934

00:37:04,850 --> 00:37:01,260

well that could have been 20 20 BC to 20

935

00:37:07,790 --> 00:37:04,860

25 BC to 25 AD who knows is somewhere

936

00:37:09,980 --> 00:37:07,800

along in there and that was as old that

937

00:37:12,710 --> 00:37:09,990

was the only map I had carved on Stone

938

00:37:14,330 --> 00:37:12,720

that actually owned but then in one of

939

00:37:17,900 --> 00:37:14,340

my other presentations I showed just

940

00:37:20,300 --> 00:37:17,910

dozens of these old maps carved in stone

941

00:37:22,790 --> 00:37:20,310

that coincidentally just kind of follow

942

00:37:24,560 --> 00:37:22,800

right along with what some of the

943

00:37:28,280 --> 00:37:24,570

obscure information from the Smithsonian

944

00:37:29,080 --> 00:37:28,290

had hmm think it's a big brain gulp I'll

945

00:37:32,000 --> 00:37:29,090

guarantee you that

946

00:37:34,430 --> 00:37:32,010

in terms of types of people I think one

947

00:37:35,930 --> 00:37:34,440

of those maps does describe on the Bargo

948

00:37:38,030 --> 00:37:35,940

Cylons that they're supposed to be a

949

00:37:40,370 --> 00:37:38,040

pygmy race there so they've got

950

00:37:42,350 --> 00:37:40,380

descriptions of a race of people there

951
00:37:45,350 --> 00:37:42,360
and we don't even have access to the

952
00:37:47,420 --> 00:37:45,360
island apparently correct and and when

953
00:37:48,860 --> 00:37:47,430
you see Eskimo and I've met ask you

954
00:37:51,920 --> 00:37:48,870
among people before I met I miss a

955
00:37:55,100 --> 00:37:51,930
minuet there short but they're not pygmy

956
00:37:57,050 --> 00:37:55,110
and and the Europeans they were only

957
00:37:58,760 --> 00:37:57,060
familiar with the African pygmies they

958
00:38:03,050 --> 00:37:58,770
would not have called a short person

959
00:38:05,180 --> 00:38:03,060
like an inuit mexico eskimo there was

960
00:38:08,120 --> 00:38:05,190
not have called them pygmies unless they

961
00:38:09,650 --> 00:38:08,130
were like shorter I mean a pygmy you get

962
00:38:13,160 --> 00:38:09,660
the ideas like three and a half to four

963
00:38:17,870 --> 00:38:13,170

foot tall or less and and the Eskimo

964

00:38:21,830 --> 00:38:17,880

don't go five feet you know so I have a

965

00:38:24,740 --> 00:38:21,840

hard time putting Eskimo into the pygmy

966

00:38:26,450 --> 00:38:24,750

category yeah yeah seems like there's

967

00:38:28,790 --> 00:38:26,460

something else out there for sure yeah

968

00:38:31,099 --> 00:38:28,800

and we talked about Friesland which is

969

00:38:33,259 --> 00:38:31,109

awesome I mean to have I

970

00:38:35,569 --> 00:38:33,269

on maps it has many different cities

971

00:38:37,430 --> 00:38:35,579

even has a capital on it and then a

972

00:38:39,920 --> 00:38:37,440

couple hundred years later the island is

973

00:38:41,509 --> 00:38:39,930

just gone I mean that's quite a mystery

974

00:38:43,069 --> 00:38:41,519

but speaking of phantom islands I've

975

00:38:45,319 --> 00:38:43,079

been getting a lot of requests to talk

976
00:38:47,539 --> 00:38:45,329
about Atlantis and you do show one map

977
00:38:48,920 --> 00:38:47,549
you say is the oldest known depiction of

978
00:38:51,890 --> 00:38:48,930
Atlantis what are your thoughts on this

979
00:38:53,299 --> 00:38:51,900
mystery well my thoughts are that I

980
00:38:54,920 --> 00:38:53,309
don't have any thoughts I'm just going

981
00:38:57,200 --> 00:38:54,930
to relate to you what what what Kircher

982
00:39:00,259 --> 00:38:57,210
says in 1663 mm-hm

983
00:39:02,839 --> 00:39:00,269
he says he's quoting from Plato and and

984
00:39:04,880 --> 00:39:02,849
and he talks and now I want to point

985
00:39:07,039 --> 00:39:04,890
this out to you and you might write this

986
00:39:09,349 --> 00:39:07,049
down or check it out yourself I go into

987
00:39:12,170 --> 00:39:09,359
that map in more detail during the

988
00:39:13,970 --> 00:39:12,180

Denver lecture the Denver lecture and

989

00:39:15,620 --> 00:39:13,980

that's it it's called the oldest

990

00:39:17,269 --> 00:39:15,630

authentic map of Atlantis it's on

991

00:39:19,670 --> 00:39:17,279

YouTube and a bunch of people have

992

00:39:21,920 --> 00:39:19,680

embedded it it's got like several

993

00:39:25,819 --> 00:39:21,930

hundred thousand views but I talk about

994

00:39:27,589 --> 00:39:25,829

what Kircher says in his map and he says

995

00:39:30,549 --> 00:39:27,599

he's getting it from Plato but it's not

996

00:39:32,839 --> 00:39:30,559

in Plato up today so we can say today

997

00:39:35,479 --> 00:39:32,849

unequivocally in accurately the plato

998

00:39:37,549 --> 00:39:35,489

has been sanitized he talks about that

999

00:39:39,170 --> 00:39:37,559

there was a huge island there and that

1000

00:39:42,829 --> 00:39:39,180

they had a mission who Ches right in

1001
00:39:44,599 --> 00:39:42,839
1663 they had a machine there that board

1002
00:39:47,269 --> 00:39:44,609
through the main mountain range that

1003
00:39:49,130 --> 00:39:47,279
went through Atlantis that there was a

1004
00:39:50,960 --> 00:39:49,140
mountain range in Atlantis and they had

1005
00:39:53,029 --> 00:39:50,970
this machine that was a mining machine

1006
00:39:54,799 --> 00:39:53,039
and that they were mining minerals and

1007
00:39:57,170 --> 00:39:54,809
he didn't know there was no

1008
00:39:59,660 --> 00:39:57,180
specification of what exact mineral it

1009
00:40:01,579 --> 00:39:59,670
was that they were mining but that the

1010
00:40:05,180 --> 00:40:01,589
whole mountain would become honeycombed

1011
00:40:07,130 --> 00:40:05,190
with tunnels and caves because of mining

1012
00:40:09,620 --> 00:40:07,140
passages I guess would be a better at

1013
00:40:11,239 --> 00:40:09,630

more accurate depiction that this

1014

00:40:12,829 --> 00:40:11,249

machine went through this mountain so

1015

00:40:14,329 --> 00:40:12,839

much it was just honeycombed and they

1016

00:40:16,249 --> 00:40:14,339

had just about mined out all this

1017

00:40:17,690 --> 00:40:16,259

mineral out of it that they could and

1018

00:40:18,890 --> 00:40:17,700

they kept going and through and going

1019

00:40:20,569 --> 00:40:18,900

through me and that there was a slight

1020

00:40:22,700 --> 00:40:20,579

earthquake and then right after that

1021

00:40:24,349 --> 00:40:22,710

slight earthquake boom the whole island

1022

00:40:28,819 --> 00:40:24,359

just collapsed in on top of itself and

1023

00:40:30,890 --> 00:40:28,829

that's printed in 1653 in latin so it's

1024

00:40:33,229 --> 00:40:30,900

going to be hard to go back further with

1025

00:40:35,479 --> 00:40:33,239

that but i just want to say that there

1026

00:40:37,910 --> 00:40:35,489

are so many classical authors that

1027

00:40:41,450 --> 00:40:37,920

mention atlantis and i believe i cover

1028

00:40:44,730 --> 00:40:41,460

that a sequel to that in my video called

1029

00:40:46,650 --> 00:40:44,740

the shrine the shrine i show you all

1030

00:40:50,660 --> 00:40:46,660

the classical historians and that's

1031

00:40:53,730 --> 00:40:50,670

where I point out my round earth theory

1032

00:40:54,960 --> 00:40:53,740

around Earth theory that everybody from

1033

00:40:59,430 --> 00:40:54,970

the ancient world knew the earth was

1034

00:41:01,200 --> 00:40:59,440

round so and in that I show but they say

1035

00:41:05,400 --> 00:41:01,210

oh Plato Plato but I believe it was

1036

00:41:06,690 --> 00:41:05,410

Strabo Dionysius the adora is playing as

1037

00:41:08,490 --> 00:41:06,700

there were so many people that mentioned

1038

00:41:09,690 --> 00:41:08,500

Atlanta and I should show it to you

1039

00:41:11,609 --> 00:41:09,700

right there I show that you show it to

1040

00:41:14,190 --> 00:41:11,619

you out of the book and they were

1041

00:41:17,160 --> 00:41:14,200

writing what 2,000 years ago it wasn't

1042

00:41:19,170 --> 00:41:17,170

just Plato it wasn't just Plato there

1043

00:41:21,450 --> 00:41:19,180

were other but you have to read a lot of

1044

00:41:23,490 --> 00:41:21,460

books to find these little jewels I mean

1045

00:41:25,859 --> 00:41:23,500

I pick up an old classical book I have

1046

00:41:28,650 --> 00:41:25,869

to read the whole book hoping to find

1047

00:41:31,980 --> 00:41:28,660

one sentence or one Jew one needle mmm

1048

00:41:34,410 --> 00:41:31,990

right and I still have guests to debate

1049

00:41:36,510 --> 00:41:34,420

where Atlantis was where do you place it

1050

00:41:38,580 --> 00:41:36,520

where does the research show middle of

1051
00:41:41,160 --> 00:41:38,590
the Atlantic somewhere yeah I mean just

1052
00:41:44,940 --> 00:41:41,170
just out there along the Atlantic Ridge

1053
00:41:48,600 --> 00:41:44,950
possibly or I believe it was as large as

1054
00:41:51,300 --> 00:41:48,610
what oxidations Kircher draws it I you

1055
00:41:52,770 --> 00:41:51,310
know only only because only because I

1056
00:41:55,109 --> 00:41:52,780
mean it could have been smaller or I

1057
00:41:58,050 --> 00:41:55,119
thought he did a good job I thought he

1058
00:42:00,900 --> 00:41:58,060
did a good job and and now now you've

1059
00:42:03,990 --> 00:42:00,910
got people putting out videos on

1060
00:42:06,150 --> 00:42:04,000
Atlantis that are using my photos and my

1061
00:42:08,760 --> 00:42:06,160
they're lifting their their their

1062
00:42:10,980 --> 00:42:08,770
material from my videos which I don't

1063
00:42:12,359 --> 00:42:10,990

really mind you know it would be nice if

1064

00:42:13,890 --> 00:42:12,369

they would give some credit but I

1065

00:42:15,930 --> 00:42:13,900

haven't actually seen some Atlantis

1066

00:42:18,450 --> 00:42:15,940

videos and they're just using my

1067

00:42:20,520 --> 00:42:18,460

material right there you know and that's

1068

00:42:23,280 --> 00:42:20,530

what people do today a researcher of

1069

00:42:26,040 --> 00:42:23,290

today is only familiar with Google and

1070

00:42:29,130 --> 00:42:26,050

Wikipedia that's in right and you make

1071

00:42:31,349 --> 00:42:29,140

good points about going back to older

1072

00:42:34,080 --> 00:42:31,359

sources things from the 1600s to the

1073

00:42:36,599 --> 00:42:34,090

1800s those are the sources that allow

1074

00:42:39,270 --> 00:42:36,609

you to bypass the sanitation and the

1075

00:42:41,970 --> 00:42:39,280

censorship that is so prevalent today

1076
00:42:43,980 --> 00:42:41,980
and you're right on you you get one of

1077
00:42:45,990 --> 00:42:43,990
these old books just for one great

1078
00:42:47,460 --> 00:42:46,000
little piece of information those are

1079
00:42:49,530 --> 00:42:47,470
the nuggets I'm hungry for because

1080
00:42:51,870 --> 00:42:49,540
there's no question a lot of things have

1081
00:42:53,940 --> 00:42:51,880
been altered and changed and that little

1082
00:42:57,000 --> 00:42:53,950
window of time is where you can probably

1083
00:42:58,299 --> 00:42:57,010
get some great insights they didn't have

1084
00:43:03,939 --> 00:42:58,309
an agenda

1085
00:43:07,239 --> 00:43:03,949
keep people dumb hmm and or or to

1086
00:43:09,130 --> 00:43:07,249
promote the Darwinian theories or their

1087
00:43:11,589 --> 00:43:09,140
theories of government and how people

1088
00:43:13,959 --> 00:43:11,599

should act and be they were just trying

1089

00:43:16,809 --> 00:43:13,969

to document and record accurate

1090

00:43:20,859 --> 00:43:16,819

information so it gives you a completely

1091

00:43:24,309 --> 00:43:20,869

different angle and they wrote what they

1092

00:43:28,660 --> 00:43:24,319

saw in most cases that's or from

1093

00:43:31,959 --> 00:43:28,670

reliable sources so yeah we don't have

1094

00:43:33,640 --> 00:43:31,969

that very much anymore that's why when

1095

00:43:36,519 --> 00:43:33,650

you said that there's nothing else like

1096

00:43:38,410 --> 00:43:36,529

what I do on the internet I take that as

1097

00:43:40,059 --> 00:43:38,420

a big big compliment because I'm so

1098

00:43:42,309 --> 00:43:40,069

happy that you notice that because I

1099

00:43:45,459 --> 00:43:42,319

don't feel that there is anything else

1100

00:43:46,870 --> 00:43:45,469

on the internet that shows you because

1101
00:43:48,910 --> 00:43:46,880
most people I'm not going to mention

1102
00:43:50,469 --> 00:43:48,920
names but I could I could rattle off 40

1103
00:43:53,109 --> 00:43:50,479
right now they make it up as they go

1104
00:43:54,699 --> 00:43:53,119
they don't show you in a book they don't

1105
00:43:57,249 --> 00:43:54,709
show you in a book printed before World

1106
00:43:59,650 --> 00:43:57,259
War two you know most historians of

1107
00:44:01,420 --> 00:43:59,660
today have never ever held a history

1108
00:44:03,160 --> 00:44:01,430
book printed before World War two in

1109
00:44:04,870 --> 00:44:03,170
their hands they've never even held a

1110
00:44:06,429 --> 00:44:04,880
book of history book before World War

1111
00:44:08,349 --> 00:44:06,439
two they just assumed that everything

1112
00:44:10,179 --> 00:44:08,359
after World War two is all this is our

1113
00:44:12,459 --> 00:44:10,189

history this is correct and that's what

1114

00:44:13,779 --> 00:44:12,469

they go by but wait a minute wait a

1115

00:44:16,029 --> 00:44:13,789

minute lookie here look at these books

1116

00:44:17,859 --> 00:44:16,039

and that's kind of what I did with it's

1117

00:44:20,559 --> 00:44:17,869

a play on words my searching for

1118

00:44:23,019 --> 00:44:20,569

Thanksgiving it really shows you how the

1119

00:44:25,749 --> 00:44:23,029

history books get twisted as time goes

1120

00:44:29,380 --> 00:44:25,759

along that's really it does it I use I

1121

00:44:32,199 --> 00:44:29,390

use Thanksgiving as a focal point to

1122

00:44:34,630 --> 00:44:32,209

show you how history has just gotten so

1123

00:44:36,189 --> 00:44:34,640

twisted and then you can apply that

1124

00:44:38,949 --> 00:44:36,199

really to many more of my subjects

1125

00:44:41,049 --> 00:44:38,959

mm-hmm yeah it is great what you do

1126
00:44:42,759 --> 00:44:41,059
because you take these old sources that

1127
00:44:45,999 --> 00:44:42,769
they really don't want anybody to know

1128
00:44:47,769 --> 00:44:46,009
about anymore and you propel them and

1129
00:44:50,049 --> 00:44:47,779
immortalize them by putting them on the

1130
00:44:52,509 --> 00:44:50,059
internet which almost nobody's doing

1131
00:44:55,449 --> 00:44:52,519
because nobody even goes out to these

1132
00:44:57,579 --> 00:44:55,459
old old sources they don't have the

1133
00:45:00,999 --> 00:44:57,589
money and they don't have the resources

1134
00:45:03,429 --> 00:45:01,009
and they don't have the time they count

1135
00:45:05,380 --> 00:45:03,439
those a research oh yeah I gotta get on

1136
00:45:06,729 --> 00:45:05,390
Google I got to get on Google and that's

1137
00:45:08,739 --> 00:45:06,739
what we'll talk about later with the

1138
00:45:10,419 --> 00:45:08,749

Giants I know you wanted to touch them

1139

00:45:12,130 --> 00:45:10,429

on that well we'll get to that later but

1140

00:45:13,780 --> 00:45:12,140

yeah you're right you're right

1141

00:45:16,720 --> 00:45:13,790

if the people aren't going to take the

1142

00:45:20,200 --> 00:45:16,730

time to scan a book printed in one 1600

1143

00:45:22,390 --> 00:45:20,210

or 1700 or 1800s and and show you what

1144

00:45:24,100 --> 00:45:22,400

this guy said and then show you what

1145

00:45:26,050 --> 00:45:24,110

they print today that's completely

1146

00:45:28,300 --> 00:45:26,060

different they don't want you to know

1147

00:45:30,790 --> 00:45:28,310

they want everybody to be in step and in

1148

00:45:33,640 --> 00:45:30,800

line mm-hmm and for people who aren't

1149

00:45:35,680 --> 00:45:33,650

familiar with you or your collection can

1150

00:45:37,420 --> 00:45:35,690

you give us some details about the size

1151

00:45:39,190 --> 00:45:37,430

and scope of the artifacts in your

1152

00:45:42,460 --> 00:45:39,200

collection some of the contents of it

1153

00:45:44,680 --> 00:45:42,470

well you can see I don't have myself

1154

00:45:48,130 --> 00:45:44,690

let's see hang on I think I only have

1155

00:45:51,400 --> 00:45:48,140

here one artifact I only have one

1156

00:45:53,860 --> 00:45:51,410

artifact but my neighbors and my close

1157

00:45:56,080 --> 00:45:53,870

friends have like hundreds so I don't

1158

00:45:57,610 --> 00:45:56,090

really need them but if I'm doing a

1159

00:46:00,490 --> 00:45:57,620

video or something I will borrow

1160

00:46:02,230 --> 00:46:00,500

artifacts and I want them stored at

1161

00:46:04,090 --> 00:46:02,240

different places I used to have a bunch

1162

00:46:05,920 --> 00:46:04,100

of artifacts I had a devastating fire

1163

00:46:08,980 --> 00:46:05,930

back in o8 that could have been a

1164

00:46:10,270 --> 00:46:08,990

conspiracy I don't know but I had 15 15

1165

00:46:12,910 --> 00:46:10,280

pieces go up in smoke

1166

00:46:14,560 --> 00:46:12,920

and and two ancient coins that are worth

1167

00:46:17,830 --> 00:46:14,570

that were worth probably 50 grand a

1168

00:46:20,260 --> 00:46:17,840

piece and go up in smoke I've only got

1169

00:46:22,300 --> 00:46:20,270

one artifact here now and it is so

1170

00:46:25,060 --> 00:46:22,310

absolutely incredible I could never ever

1171

00:46:28,720 --> 00:46:25,070

ever get rid of it because it crosses so

1172

00:46:30,820 --> 00:46:28,730

many angles the largest piece of calcite

1173

00:46:32,980 --> 00:46:30,830

that anybody's ever seen and it glows in

1174

00:46:35,650 --> 00:46:32,990

the dark and it's just an absolute

1175

00:46:38,140 --> 00:46:35,660

spectacular artifact Wow we're not I'm

1176

00:46:40,510 --> 00:46:38,150
from Illinois Illinois Illinois caves

1177

00:46:44,530 --> 00:46:40,520
here gotcha and it's absolutely

1178

00:46:46,120 --> 00:46:44,540
outrageous and so but I don't consider

1179

00:46:48,880 --> 00:46:46,130
my ancient coin collection to be

1180

00:46:50,770 --> 00:46:48,890
artifacts as far as me collecting it

1181

00:46:53,080 --> 00:46:50,780
what I collect I collect encyclopedia

1182

00:46:55,330 --> 00:46:53,090
sets and whereas the phosphorescent

1183

00:46:57,100 --> 00:46:55,340
minerals more so than anything else I've

1184

00:46:59,680 --> 00:46:57,110
got a world-class mineral collection

1185

00:47:03,340 --> 00:46:59,690
that I don't I don't even talk about you

1186

00:47:05,590 --> 00:47:03,350
know nobody's interested in rocks you

1187

00:47:07,990 --> 00:47:05,600
know unless geologists scientist etc etc

1188

00:47:09,550 --> 00:47:08,000

I do have a I live out in the middle of

1189

00:47:12,160 --> 00:47:09,560

a very remote region out in the middle

1190

00:47:14,110 --> 00:47:12,170

of nowhere and there's no reason to come

1191

00:47:15,690 --> 00:47:14,120

and Rob me because nobody wants a bunch

1192

00:47:19,360 --> 00:47:15,700

of old books or a bunch of rocks

1193

00:47:23,290 --> 00:47:19,370

so you know beyond that right but not

1194

00:47:24,789 --> 00:47:23,300

now I do have one two three four four

1195

00:47:28,429 --> 00:47:24,799

boxes

1196

00:47:31,880 --> 00:47:28,439

replicated gold pieces I've got maybe a

1197

00:47:35,329 --> 00:47:31,890

hundred and twenty pounds of replicated

1198

00:47:37,279 --> 00:47:35,339

gold coins medallions bars and ingot

1199

00:47:39,529 --> 00:47:37,289

that that I got from the state of

1200

00:47:42,339 --> 00:47:39,539

Indiana that they got from Jack Ward

1201
00:47:44,539 --> 00:47:42,349
that him and Russell burles had made

1202
00:47:45,949 --> 00:47:44,549
years and years ago which is pretty

1203
00:47:48,890 --> 00:47:45,959
spectacular I mean you can see a lot of

1204
00:47:51,259 --> 00:47:48,900
those on my facebook site which is

1205
00:47:52,579 --> 00:47:51,269
Illinois cave the Illinois caves on

1206
00:47:53,839 --> 00:47:52,589
Facebook you can see a bunch of

1207
00:47:56,569 --> 00:47:53,849
artifacts you can see a bunch of

1208
00:47:59,589 --> 00:47:56,579
reptilian pieces there you can see a

1209
00:48:03,019 --> 00:47:59,599
bunch of decipherment there and it's

1210
00:48:06,979 --> 00:48:03,029
extremely obscure ancient languages I

1211
00:48:09,380 --> 00:48:06,989
mean not like just extremely obscure

1212
00:48:11,779 --> 00:48:09,390
ancient languages well that's the thing

1213
00:48:13,609 --> 00:48:11,789

there seems to be quite a few languages

1214

00:48:15,979 --> 00:48:13,619

the mainstream doesn't acknowledge your

1215

00:48:18,589 --> 00:48:15,989

work touches on that a few times but as

1216

00:48:20,749 --> 00:48:18,599

far as lost civilizations that these

1217

00:48:22,429 --> 00:48:20,759

languages might have come from of course

1218

00:48:24,769 --> 00:48:22,439

we talked a little bit about Atlantis

1219

00:48:26,959 --> 00:48:24,779

which would definitely have been one of

1220

00:48:29,449 --> 00:48:26,969

them but have there been any other cases

1221

00:48:31,579 --> 00:48:29,459

of lost civilizations that you've come

1222

00:48:33,169 --> 00:48:31,589

across that have intrigued you I don't

1223

00:48:35,870 --> 00:48:33,179

think there's been a lost civilization

1224

00:48:38,419 --> 00:48:35,880

that hasn't intrigued me they were

1225

00:48:40,640 --> 00:48:38,429

digging in Ohio and it was 90 feet down

1226
00:48:42,709 --> 00:48:40,650
in the ground where they came in in the

1227
00:48:44,899 --> 00:48:42,719
bend of a river for some reason I've got

1228
00:48:47,269 --> 00:48:44,909
it one of my books from the 1800's here

1229
00:48:49,699 --> 00:48:47,279
I think of the trend in 1831 when they

1230
00:48:52,849 --> 00:48:49,709
came across a log cabin that had two

1231
00:48:54,679 --> 00:48:52,859
infants in it and a man and a woman

1232
00:48:55,219 --> 00:48:54,689
twisted together evidently they were

1233
00:48:58,549 --> 00:48:55,229
making love

1234
00:49:01,819 --> 00:48:58,559
coitus okay or sleeping with their legs

1235
00:49:03,979 --> 00:49:01,829
between entwined and just you know the

1236
00:49:05,659 --> 00:49:03,989
mud or something landfall landslide

1237
00:49:08,059 --> 00:49:05,669
something just crushed them in that

1238
00:49:10,789 --> 00:49:08,069

position which means whatever happened

1239

00:49:13,549 --> 00:49:10,799

happened instantaneously yeah and that's

1240

00:49:16,759 --> 00:49:13,559

what my take is on a lot of ancient

1241

00:49:19,549 --> 00:49:16,769

history is it happened instantaneously I

1242

00:49:20,779 --> 00:49:19,559

believe it is you know it is my now I'm

1243

00:49:23,419 --> 00:49:20,789

going to give you my opinion on some

1244

00:49:24,949 --> 00:49:23,429

things but like the Grand Canyon I don't

1245

00:49:26,359 --> 00:49:24,959

believe that it took millions and

1246

00:49:28,429 --> 00:49:26,369

millions and millions of years before I

1247

00:49:30,529 --> 00:49:28,439

believe it was formed into food just a

1248

00:49:32,919 --> 00:49:30,539

matter of seconds and I'll tell you this

1249

00:49:35,779 --> 00:49:32,929

I was at a point in Alabama one time

1250

00:49:38,500 --> 00:49:35,789

looking through a large canyon and my

1251
00:49:41,410 --> 00:49:38,510
binoculars and I was looking at low

1252
00:49:43,630 --> 00:49:41,420
miles away a cloud came in and a bolt of

1253
00:49:46,990 --> 00:49:43,640
lightning hit a rock and that rock

1254
00:49:49,120 --> 00:49:47,000
exploded if that rock exploded out into

1255
00:49:51,430 --> 00:49:49,130
the canyon and several trees that were

1256
00:49:54,670 --> 00:49:51,440
above that rock all fell and slid and

1257
00:49:57,160 --> 00:49:54,680
the canyon L at once and that was a big

1258
00:49:59,110 --> 00:49:57,170
change in the landscape and the same

1259
00:50:01,180 --> 00:49:59,120
thing with a lake titicaca I believe

1260
00:50:03,550 --> 00:50:01,190
that Lake Titicaca was down closer to

1261
00:50:06,130 --> 00:50:03,560
the surface at one time maybe even some

1262
00:50:08,470 --> 00:50:06,140
kind of ocean portal and there boom just

1263
00:50:10,900 --> 00:50:08,480

shot 13,000 feet straight up into the

1264

00:50:13,000 --> 00:50:10,910

air in a matter of second move hmm and

1265

00:50:14,860 --> 00:50:13,010

their boat there's nothing left you know

1266

00:50:16,480 --> 00:50:14,870

you're the human body can't take it

1267

00:50:18,490 --> 00:50:16,490

human body can't take it can't take

1268

00:50:21,010 --> 00:50:18,500

landslides can't take me in crush can't

1269

00:50:22,690 --> 00:50:21,020

take being frozen and same thing with

1270

00:50:24,520 --> 00:50:22,700

some of these the fossil finds that they

1271

00:50:26,050 --> 00:50:24,530

have like in the Rockies what Green

1272

00:50:28,330 --> 00:50:26,060

River Wyoming where all the fish

1273

00:50:30,880 --> 00:50:28,340

thousands of fish fossilized in stone

1274

00:50:32,350 --> 00:50:30,890

and they're all all the fins are excited

1275

00:50:35,440 --> 00:50:32,360

whatever happened happened

1276
00:50:37,060 --> 00:50:35,450
instantaneously and I'm a cataclysmic I

1277
00:50:38,740 --> 00:50:37,070
believe when the big guy upstairs gets

1278
00:50:41,740 --> 00:50:38,750
tired of it and he wants to change it he

1279
00:50:44,170 --> 00:50:41,750
just flicks it right off so we are

1280
00:50:47,170 --> 00:50:44,180
talking about this agenda that occurred

1281
00:50:49,120 --> 00:50:47,180
largely ramping up after World War Two

1282
00:50:51,600 --> 00:50:49,130
and it's changed a lot of things from

1283
00:50:53,320 --> 00:50:51,610
these old sources what are the biggest

1284
00:50:55,480 --> 00:50:53,330
manipulations you see what are the

1285
00:50:57,880 --> 00:50:55,490
biggest differences and some of this old

1286
00:51:01,870 --> 00:50:57,890
material as compared to what we have now

1287
00:51:05,440 --> 00:51:01,880
what they leave out what they leave out

1288
00:51:07,300 --> 00:51:05,450

such as the Giants okay and you got a

1289

00:51:09,460 --> 00:51:07,310

lot of people that are real so heavy

1290

00:51:11,650 --> 00:51:09,470

into Giants right now it's like the

1291

00:51:14,350 --> 00:51:11,660

Giants now or jump on the plane the

1292

00:51:16,510 --> 00:51:14,360

giant bandwagon everybody you got this

1293

00:51:17,530 --> 00:51:16,520

guy's an expert on giant discs where

1294

00:51:20,230 --> 00:51:17,540

they got all their information from

1295

00:51:22,870 --> 00:51:20,240

Google or Wikipedia they never read a

1296

00:51:24,820 --> 00:51:22,880

book about Giants or now maybe they have

1297

00:51:26,320 --> 00:51:24,830

an old man that they read somewhere

1298

00:51:28,480 --> 00:51:26,330

there's a reference to an old book in

1299

00:51:31,630 --> 00:51:28,490

the 80 no all the books I had from the

1300

00:51:34,480 --> 00:51:31,640

1800s has in them all over the place my

1301

00:51:36,550 --> 00:51:34,490

book my dad had book on books on Giants

1302

00:51:39,180 --> 00:51:36,560

back in the 60s and then of course I

1303

00:51:41,320 --> 00:51:39,190

grew up on Frank Edwards works

1304

00:51:43,900 --> 00:51:41,330

there's Giants in there there's a

1305

00:51:45,520 --> 00:51:43,910

Charles port writes about Giants William

1306

00:51:47,830 --> 00:51:45,530

Corliss in the seventy's and eighty's

1307

00:51:49,270 --> 00:51:47,840

wrote about Giants but none of the none

1308

00:51:50,710 --> 00:51:49,280

of these guys were ever interested in

1309

00:51:52,059 --> 00:51:50,720

Giants until they hear somebody else

1310

00:51:53,410 --> 00:51:52,069

mention it mm-hmm

1311

00:51:55,509 --> 00:51:53,420

that's the thing about even the little

1312

00:51:58,329 --> 00:51:55,519

people even little people it goes

1313

00:52:01,269 --> 00:51:58,339

against the grain of the Darwinian that

1314

00:52:03,160 --> 00:52:01,279

Darwinism theory of evolution and that's

1315

00:52:05,199 --> 00:52:03,170

what they want everybody to believe and

1316

00:52:07,539 --> 00:52:05,209

and I'm going to say it you know just

1317

00:52:09,309 --> 00:52:07,549

straight up I believe anyone who

1318

00:52:11,380 --> 00:52:09,319

believes in the theory of evolution is

1319

00:52:14,259 --> 00:52:11,390

just absolutely blind and ignorant

1320

00:52:16,359 --> 00:52:14,269

because they don't include things that

1321

00:52:18,009 --> 00:52:16,369

go against it like little people I can

1322

00:52:20,620 --> 00:52:18,019

take you out to the place in New Mexico

1323

00:52:22,749 --> 00:52:20,630

and show you entire villages that are

1324

00:52:25,479 --> 00:52:22,759

ancient prehistoric and all the doors

1325

00:52:27,009 --> 00:52:25,489

are like 22 inches tall really I mean

1326

00:52:30,309 --> 00:52:27,019

just a rug built right into the clip

1327

00:52:33,279 --> 00:52:30,319

excuse me foxes and Gophers didn't build

1328

00:52:35,049 --> 00:52:33,289

that that's true and I can't see any

1329

00:52:36,939 --> 00:52:35,059

humans building of wasting so much time

1330

00:52:38,890 --> 00:52:36,949

and you look inside them and they're

1331

00:52:42,039 --> 00:52:38,900

like little little households and stuff

1332

00:52:44,469 --> 00:52:42,049

in there well okay well oh but if it

1333

00:52:46,539 --> 00:52:44,479

doesn't if it's not included in the

1334

00:52:49,029 --> 00:52:46,549

Darwinian the Darwinian theory of

1335

00:52:51,489 --> 00:52:49,039

evolution which all the sight all this I

1336

00:52:52,959 --> 00:52:51,499

got I got so many ancient I mean fossil

1337

00:52:54,400 --> 00:52:52,969

books and dinosaur books and it's all

1338

00:52:56,170 --> 00:52:54,410

evolution evolution evolution evolution

1339

00:52:58,839 --> 00:52:56,180

and these guys they ain't got a clue

1340

00:53:00,910 --> 00:52:58,849

they don't have it and I will debate any

1341

00:53:02,199 --> 00:53:00,920

of them anytime anywhere and I think

1342

00:53:04,719 --> 00:53:02,209

they better have their act together

1343

00:53:06,459 --> 00:53:04,729

because I've got all their books I've

1344

00:53:09,160 --> 00:53:06,469

got more books about it than they have

1345

00:53:12,039 --> 00:53:09,170

and guess what I've read an underlined

1346

00:53:13,779 --> 00:53:12,049

mine I know what they say so I would go

1347

00:53:16,150 --> 00:53:13,789

it is so easy to crush an evolutionist

1348

00:53:17,769 --> 00:53:16,160

so because the only thing an

1349

00:53:19,930 --> 00:53:17,779

evolutionist knows is what they see on a

1350

00:53:21,279 --> 00:53:19,940

one-hour program on Discovery what

1351
00:53:25,029 --> 00:53:21,289
they've been taught in school or college

1352
00:53:26,529 --> 00:53:25,039
you know homo sapien and internet what

1353
00:53:28,479 --> 00:53:26,539
were the bones oh they don't exist so

1354
00:53:30,489 --> 00:53:28,489
we'll make them up oh no here's got this

1355
00:53:32,439 --> 00:53:30,499
species here no no this includes this

1356
00:53:34,180 --> 00:53:32,449
species that's includes this species

1357
00:53:37,660 --> 00:53:34,190
because as you said you say okay let's

1358
00:53:40,209 --> 00:53:37,670
say I am surprised that right now with

1359
00:53:42,519 --> 00:53:40,219
Brian Forrester who does a lot of work

1360
00:53:45,279 --> 00:53:42,529
down in Peru with the elongated skulls

1361
00:53:47,259 --> 00:53:45,289
that they're even allowing him to just

1362
00:53:49,329 --> 00:53:47,269
watch notoriety because these elongated

1363
00:53:51,069 --> 00:53:49,339

skulls they're natural well that's a

1364

00:53:52,569 --> 00:53:51,079

completely different human species okay

1365

00:53:54,609 --> 00:53:52,579

look at the Calavera skulls look at what

1366

00:53:57,849 --> 00:53:54,619

they found 500 feet deep in the ground

1367

00:53:59,769 --> 00:53:57,859

in Calaveras County California and it

1368

00:54:02,559 --> 00:53:59,779

was worth somewhere in Utah under 11

1369

00:54:05,499 --> 00:54:02,569

feet of bedrock they found modern human

1370

00:54:06,699 --> 00:54:05,509

bones with modern human teeth okay okay

1371

00:54:08,319 --> 00:54:06,709

well let's just let's not let's just

1372

00:54:10,539 --> 00:54:08,329

throw that out let's throw that out that

1373

00:54:12,279 --> 00:54:10,549

doesn't match our theory anything that

1374

00:54:13,809 --> 00:54:12,289

doesn't match so you got a lot of people

1375

00:54:15,729 --> 00:54:13,819

that are just totally ignorant stupid

1376

00:54:17,739 --> 00:54:15,739

and blind and that's what I'm saying

1377

00:54:19,689 --> 00:54:17,749

about anyone if you're out there and

1378

00:54:21,099 --> 00:54:19,699

you're listening and you and you believe

1379

00:54:23,349 --> 00:54:21,109

in the theory of evolution that we all

1380

00:54:25,149 --> 00:54:23,359

came from monkeys it is it's not your

1381

00:54:27,249 --> 00:54:25,159

fault it's not your fault you just need

1382

00:54:30,039 --> 00:54:27,259

to do some more research you need that

1383

00:54:33,129 --> 00:54:30,049

you are falling in step because it has

1384

00:54:34,239 --> 00:54:33,139

to do to me the mindset Oh will with my

1385

00:54:35,859 --> 00:54:34,249

great great great great great great

1386

00:54:37,989 --> 00:54:35,869

great and our granddaddy was a gorilla

1387

00:54:40,059 --> 00:54:37,999

the you know that means that I'm going

1388

00:54:42,219 --> 00:54:40,069

to send another gorilla it takes away a

1389

00:54:44,499 --> 00:54:42,229

spiritual seed and that's what they've

1390

00:54:47,229 --> 00:54:44,509

done they've they've dumb downs and the

1391

00:54:50,349 --> 00:54:47,239

dumbing down of America worked far far

1392

00:54:52,870 --> 00:54:50,359

better than anyone ever dreamed yeah you

1393

00:54:55,359 --> 00:54:52,880

can't argue at that so it is interesting

1394

00:54:57,669 --> 00:54:55,369

that you grew up with all the stuff so

1395

00:55:00,009 --> 00:54:57,679

normalized Giants normalized the Hollow

1396

00:55:03,789 --> 00:55:00,019

Earth idea not a big deal is there

1397

00:55:06,339 --> 00:55:03,799

anything similar to the Giants or maybe

1398

00:55:08,589 --> 00:55:06,349

other humanoids from our past that

1399

00:55:11,199 --> 00:55:08,599

you've known about that have yet to be

1400

00:55:13,269 --> 00:55:11,209

as trendy as the Giants well my father

1401
00:55:15,009 --> 00:55:13,279
was it like I told you mom my father was

1402
00:55:16,839 --> 00:55:15,019
into flying saucers and UFOs he had

1403
00:55:20,620 --> 00:55:16,849
those books around so I guess your

1404
00:55:22,389 --> 00:55:20,630
question is your probing to see if I

1405
00:55:25,179 --> 00:55:22,399
could maybe predict the next trendy

1406
00:55:28,659 --> 00:55:25,189
during the issue let me think for a

1407
00:55:31,359 --> 00:55:28,669
second let me think for a second I

1408
00:55:33,639 --> 00:55:31,369
believe that the ancient buried cities

1409
00:55:36,749 --> 00:55:33,649
is going to become more of more in vogue

1410
00:55:40,149 --> 00:55:36,759
the buried cities are going and

1411
00:55:42,459 --> 00:55:40,159
eventually not only giants but human

1412
00:55:44,559 --> 00:55:42,469
skulls people are going to realize at

1413
00:55:46,509 --> 00:55:44,569

some point even the scientists no matter

1414

00:55:48,159 --> 00:55:46,519

how dumb and stupid the scientists are

1415

00:55:50,799 --> 00:55:48,169

and no matter how ignorant and blinded

1416

00:55:53,079 --> 00:55:50,809

they are they're going to have to and

1417

00:55:55,929 --> 00:55:53,089

especially the anthropologist they're

1418

00:55:59,739 --> 00:55:55,939

going to have to accept the elongated

1419

00:56:01,269 --> 00:55:59,749

skulls the strange strange skulls that

1420

00:56:04,089 --> 00:56:01,279

they found out in the American Southwest

1421

00:56:06,519 --> 00:56:04,099

I mean I show several of them and these

1422

00:56:08,139 --> 00:56:06,529

books are printed in the 1800s well can

1423

00:56:09,309 --> 00:56:08,149

you imagine having skulls like that

1424

00:56:13,479 --> 00:56:09,319

trying to get a book deal

1425

00:56:15,129 --> 00:56:13,489

printed in today 5 you wouldn't have no

1426

00:56:17,829 --> 00:56:15,139

no no he's got to be Homo sapiens

1427

00:56:19,390 --> 00:56:17,839

sapiens sapiens Savior you know but he's

1428

00:56:21,670 --> 00:56:19,400

not she is not

1429

00:56:24,579 --> 00:56:21,680

they're not and and I'm not so sure

1430

00:56:26,529 --> 00:56:24,589

about the Starchild skull yeah you know

1431

00:56:28,210 --> 00:56:26,539

I'm not so sure about that but like I

1432

00:56:30,190 --> 00:56:28,220

said they there's a bunch of them in

1433

00:56:32,289 --> 00:56:30,200

Mesa Verde and there were a bunch of

1434

00:56:34,870 --> 00:56:32,299

them in Missouri they found a whole

1435

00:56:37,630 --> 00:56:34,880

Cemetery of them in Missouri yeah

1436

00:56:40,539 --> 00:56:37,640

and so these are different species of

1437

00:56:43,779 --> 00:56:40,549

humans and I have to say that uh like a

1438

00:56:45,750 --> 00:56:43,789

Bill Nye the stupid guy he goes and says

1439

00:56:49,390 --> 00:56:45,760

oh no no all humans are the same species

1440

00:56:52,329 --> 00:56:49,400

right okay the blacks the Chinese the

1441

00:56:54,099 --> 00:56:52,339

[h__h] is always the Native American this

1442

00:56:56,559 --> 00:56:54,109

knows everybody's the same species I

1443

00:56:59,230 --> 00:56:56,569

just want to make a point there are two

1444

00:57:02,380 --> 00:56:59,240

species of Meadowlark in North America

1445

00:57:04,569 --> 00:57:02,390

one lives on the east side of the

1446

00:57:06,579 --> 00:57:04,579

Mississippi and one lives on the west

1447

00:57:08,079 --> 00:57:06,589

side of the Mississippi pretty much I

1448

00:57:11,049 --> 00:57:08,089

think there's a few of the Easterns on

1449

00:57:13,660 --> 00:57:11,059

the west side there are two species of

1450

00:57:15,970 --> 00:57:13,670

Meadowlark they are the same size they

1451
00:57:18,220 --> 00:57:15,980
are the same color in every way you know

1452
00:57:21,250 --> 00:57:18,230
what the only difference is their song

1453
00:57:23,349 --> 00:57:21,260
their song the way they speak is the

1454
00:57:25,420 --> 00:57:23,359
only difference they're two different

1455
00:57:28,000 --> 00:57:25,430
species come on and you're not saying

1456
00:57:29,440 --> 00:57:28,010
that the Chinese men and or is different

1457
00:57:33,089 --> 00:57:29,450
than the black man everybody's one

1458
00:57:35,920 --> 00:57:33,099
species that is just absolute stupidity

1459
00:57:37,329 --> 00:57:35,930
stupidity and and I would just love the

1460
00:57:40,180 --> 00:57:37,339
opportunity to choose some of these

1461
00:57:42,339 --> 00:57:40,190
scientists to pieces to them to eat them

1462
00:57:44,589 --> 00:57:42,349
for breakfast send them home to their

1463
00:57:48,579 --> 00:57:44,599

mommy with a spank on the fanny and

1464

00:57:50,769 --> 00:57:48,589

crying well I would like to see

1465

00:57:52,809 --> 00:57:50,779

underground cities get more play I know

1466

00:57:55,120 --> 00:57:52,819

I've gone through the chronicling

1467

00:57:56,920 --> 00:57:55,130

America website the Library of Congress

1468

00:57:58,750 --> 00:57:56,930

where they put all the old newspapers

1469

00:58:00,730 --> 00:57:58,760

online I don't even know why they let us

1470

00:58:03,609 --> 00:58:00,740

have that resource but you type in

1471

00:58:05,260 --> 00:58:03,619

underground city and you'll get dozens

1472

00:58:07,210 --> 00:58:05,270

and dozens of results from the early

1473

00:58:08,950 --> 00:58:07,220

1800s a lot of times in conjunction with

1474

00:58:10,990 --> 00:58:08,960

those giant skeletons but they'd go down

1475

00:58:13,390 --> 00:58:11,000

and they'd find these huge chambers all

1476

00:58:15,819 --> 00:58:13,400

across the underside of America it's

1477

00:58:18,880 --> 00:58:15,829

interesting that's the word we're using

1478

00:58:22,720 --> 00:58:18,890

is huge and the second word we're using

1479

00:58:25,029 --> 00:58:22,730

is deep we're not talking about just

1480

00:58:28,510 --> 00:58:25,039

down below the sewage level okay we're

1481

00:58:30,760 --> 00:58:28,520

talking you know 50 60 70 feet deep and

1482

00:58:32,770 --> 00:58:30,770

as that's what they're finding in Egypt

1483

00:58:34,180 --> 00:58:32,780

and that's kind of

1484

00:58:37,480 --> 00:58:34,190

that's some of the stuff that they're

1485

00:58:40,030 --> 00:58:37,490

finding here in this country today man

1486

00:58:41,380 --> 00:58:40,040

so time has just flown by know I've

1487

00:58:43,690 --> 00:58:41,390

asked you a lot of questions we've

1488

00:58:46,060 --> 00:58:43,700

covered a lot of ground before we get to

1489

00:58:48,610 --> 00:58:46,070

wrapping up and giving out your links

1490

00:58:50,260 --> 00:58:48,620

and places where people can follow up on

1491

00:58:52,060 --> 00:58:50,270

you I wanted to just give you a minute

1492

00:58:53,560 --> 00:58:52,070

is there anything we didn't discuss that

1493

00:58:55,870 --> 00:58:53,570

you'd like to get out to the listeners

1494

00:58:57,730 --> 00:58:55,880

anything of interest that you just want

1495

00:58:58,900 --> 00:58:57,740

to convey I've got a lot of new stuff

1496

00:59:00,970 --> 00:58:58,910

coming out there's always going to be

1497

00:59:04,060 --> 00:59:00,980

some new material I just released two

1498

00:59:05,380 --> 00:59:04,070

videos on ancient coins because I've

1499

00:59:09,070 --> 00:59:05,390

been collecting ancient coins for over

1500

00:59:11,170 --> 00:59:09,080

30 years I don't know a long time and or

1501
00:59:14,440 --> 00:59:11,180
whatever but I've got some other videos

1502
00:59:16,120 --> 00:59:14,450
on the drawing board and you know some

1503
00:59:17,920 --> 00:59:16,130
of my coin and some of my like the

1504
00:59:19,990 --> 00:59:17,930
ancient coins they're not just for

1505
00:59:22,690 --> 00:59:20,000
ancient coin collectors and dealers the

1506
00:59:25,450 --> 00:59:22,700
novice can watch them and follow them

1507
00:59:27,580 --> 00:59:25,460
and not feel you're going to learn about

1508
00:59:29,290 --> 00:59:27,590
ancient coins and you'll know everything

1509
00:59:30,610 --> 00:59:29,300
you'll know everything about ancient

1510
00:59:32,800 --> 00:59:30,620
coins by watching the ancient coin vault

1511
00:59:35,290 --> 00:59:32,810
one and two and from that I'm probably

1512
00:59:37,180 --> 00:59:35,300
going to have a couple of more and I've

1513
00:59:40,630 --> 00:59:37,190

got a lot of videos online they're just

1514

00:59:42,160 --> 00:59:40,640

absolutely intrigue phenomena and and a

1515

00:59:44,620 --> 00:59:42,170

lot of just actual things that happen to

1516

00:59:47,290 --> 00:59:44,630

me that I can relate and I can show you

1517

00:59:49,150 --> 00:59:47,300

but a lot of it has to do with what I'm

1518

00:59:52,690 --> 00:59:49,160

come across and all my toes I've got two

1519

00:59:55,060 --> 00:59:52,700

two barns full of totes the screws Ruth

1520

00:59:57,340 --> 00:59:55,070

Reuben okay there's that book I haven't

1521

00:59:59,650 --> 00:59:57,350

seen it in 10 years it's just finding

1522

01:00:01,360 --> 00:59:59,660

the right the right books and putting

1523

01:00:04,660 --> 01:00:01,370

together a video on them sure

1524

01:00:07,000 --> 01:00:04,670

so before we do go remind people of your

1525

01:00:08,830 --> 01:00:07,010

website and your YouTube channel the

1526
01:00:11,260 --> 01:00:08,840
YouTube channel is Harry Hubbard and

1527
01:00:13,510 --> 01:00:11,270
there's all kinds of stuff there the

1528
01:00:16,330 --> 01:00:13,520
Facebook is Illinois Kay the Illinois

1529
01:00:18,490 --> 01:00:16,340
cave our website is Illinois caves calm

1530
01:00:20,920 --> 01:00:18,500
and our the site that you can buy two of

1531
01:00:23,440 --> 01:00:20,930
my books and a few of my articles from

1532
01:00:26,470 --> 01:00:23,450
weigh win or access articles that I did

1533
01:00:29,950 --> 01:00:26,480
years ago that are now free of charge

1534
01:00:33,580 --> 01:00:29,960
that go with my books as Alexander

1535
01:00:35,260 --> 01:00:33,590
Helios dot-com right on well it has been

1536
01:00:36,970 --> 01:00:35,270
great talking to you I know you've got

1537
01:00:38,770 --> 01:00:36,980
plenty more up your sleeve and hopefully

1538
01:00:41,020 --> 01:00:38,780

we do this again sometime but until then

1539

01:00:42,580 --> 01:00:41,030

take care of yourself man hey thank you

1540

01:00:44,890 --> 01:00:42,590

thank you I've enjoyed talking to you

1541

01:00:47,140 --> 01:00:44,900

and I want to just encourage your

1542

01:00:49,060 --> 01:00:47,150

listeners if they would subscribe to

1543

01:00:51,340 --> 01:00:49,070

Herry channel because we're trying to

1544

01:00:52,990 --> 01:00:51,350

get more subscribers that we're trying

1545

01:00:54,790 --> 01:00:53,000

to go over a thousand right and you're

1546

01:00:56,890 --> 01:00:54,800

at 750 right now so I don't think

1547

01:00:58,840 --> 01:00:56,900

there's any problem with the size of

1548

01:01:01,030 --> 01:00:58,850

this audience and getting to a thousand

1549

01:01:02,890 --> 01:01:01,040

that's should be pretty easy thank you

1550

01:01:05,830 --> 01:01:02,900

thank you and there's plenty of other

1551
01:01:07,450 --> 01:01:05,840
stuff on YouTube with other people who

1552
01:01:08,980 --> 01:01:07,460
have embedded stuff that I even don't

1553
01:01:11,440 --> 01:01:08,990
show there's there's other stuff and

1554
01:01:13,150 --> 01:01:11,450
interviews and videos that I don't even

1555
01:01:15,070 --> 01:01:13,160
have control over but they're good

1556
01:01:16,900 --> 01:01:15,080
they're good so keep it interesting I'm

1557
01:01:19,480 --> 01:01:16,910
sure people will keep tuning in thank

1558
01:01:21,730 --> 01:01:19,490
you thank you hopefully you again Jason

1559
01:01:22,090 --> 01:01:21,740
will do man all right thank you you got

1560
01:01:24,430 --> 01:01:22,100
it

1561
01:01:26,860 --> 01:01:24,440
have a good evening you too right and

1562
01:01:29,500 --> 01:01:26,870
boom goes the dynamite my friends man I

1563
01:01:32,500 --> 01:01:29,510

have got to say I love that show I love

1564

01:01:34,810 --> 01:01:32,510

love love those strange ancient maps and

1565

01:01:37,480 --> 01:01:34,820

I've never met someone who knows so much

1566

01:01:39,550 --> 01:01:37,490

about them and the mapmakers themselves

1567

01:01:41,050 --> 01:01:39,560

the bar goes Islands are fascinating

1568

01:01:43,180 --> 01:01:41,060

most people who have checked out maps

1569

01:01:45,910 --> 01:01:43,190

that show a hole at the top of the pole

1570

01:01:48,070 --> 01:01:45,920

will have seen these islands details are

1571

01:01:50,980 --> 01:01:48,080

always scarce but Harry had some decent

1572

01:01:53,950 --> 01:01:50,990

tidbits to relay I'm not sure I don't

1573

01:01:56,320 --> 01:01:53,960

think I've ever heard of Friesland and

1574

01:01:58,660 --> 01:01:56,330

that just blew my mind why is there this

1575

01:02:00,610 --> 01:01:58,670

well-defined island with city names and

1576

01:02:02,140 --> 01:02:00,620

a capital and it's not in the history

1577

01:02:04,540 --> 01:02:02,150

books and there's no information in

1578

01:02:06,610 --> 01:02:04,550

modern times I think that's why I like

1579

01:02:08,860 --> 01:02:06,620

the Hollow Earth idea so much this idea

1580

01:02:11,440 --> 01:02:08,870

that there is a ton of mystery left out

1581

01:02:14,200 --> 01:02:11,450

there a ton more to explore just beneath

1582

01:02:16,090 --> 01:02:14,210

our feet so something like a phantom

1583

01:02:19,210 --> 01:02:16,100

island is just as fascinating for the

1584

01:02:20,650 --> 01:02:19,220

same reason definitely hop on Harry's

1585

01:02:23,650 --> 01:02:20,660

YouTube channel and check out that

1586

01:02:25,450 --> 01:02:23,660

ancient map collection tell me if you've

1587

01:02:28,030 --> 01:02:25,460

ever seen anything like it I'd be pretty

1588

01:02:30,610 --> 01:02:28,040

surprised but I'm a nerd for exactly

1589

01:02:32,530 --> 01:02:30,620

this kind of thing Harry of course is

1590

01:02:34,780 --> 01:02:32,540

into all sorts of areas but I like that

1591

01:02:37,240 --> 01:02:34,790

he seeks out old hard copy sources

1592

01:02:39,490 --> 01:02:37,250

pre-world War two sources as he says and

1593

01:02:42,040 --> 01:02:39,500

he's right he clearly has gotten a lot

1594

01:02:44,860 --> 01:02:42,050

of great info from them that just isn't

1595

01:02:46,830 --> 01:02:44,870

available anywhere else today largely

1596

01:02:50,950 --> 01:02:46,840

about the Grand Canyon which was a big

1597

01:02:53,200 --> 01:02:50,960

part of the Plus show so much untalked

1598

01:02:55,600 --> 01:02:53,210

about there plenty of artifacts to

1599

01:02:57,370 --> 01:02:55,610

report all hidden so that's a great

1600

01:02:59,440 --> 01:02:57,380

chunk of information I've been wanting

1601
01:03:01,000 --> 01:02:59,450
to get a guest on to talk about the

1602
01:03:02,950 --> 01:03:01,010
things they found at the Grand

1603
01:03:04,690 --> 01:03:02,960
Canyon region for quite some time but it

1604
01:03:06,880 --> 01:03:04,700
just isn't in the repertoire of very

1605
01:03:08,500 --> 01:03:06,890
many people anyway I'm glad we could

1606
01:03:10,750 --> 01:03:08,510
finally talk about it but what really

1607
01:03:13,540 --> 01:03:10,760
put Harry Hubbard on the map originally

1608
01:03:15,850 --> 01:03:13,550
was the Illinois cave saga I think this

1609
01:03:17,650 --> 01:03:15,860
is so wild that apparently the lost tomb

1610
01:03:19,840 --> 01:03:17,660
of Alexander the Great was found in

1611
01:03:21,970 --> 01:03:19,850
Marion County Illinois after they came

1612
01:03:23,830 --> 01:03:21,980
up the Mississippi in ancient times

1613
01:03:26,260 --> 01:03:23,840

lots of gold artifacts have been found

1614

01:03:28,360 --> 01:03:26,270

there aliens reptilians everything in

1615

01:03:30,670 --> 01:03:28,370

between the fact that it's there at all

1616

01:03:34,000 --> 01:03:30,680

is pretty amazing and when I looked up

1617

01:03:35,860 --> 01:03:34,010

Harry originally after a plus member had

1618

01:03:37,930 --> 01:03:35,870

suggested I get him on the Illinois Cave

1619

01:03:39,640 --> 01:03:37,940

story came up and it totally all came

1620

01:03:42,430 --> 01:03:39,650

rushing back that I had heard about this

1621

01:03:44,320 --> 01:03:42,440

years ago and I had thought it was just

1622

01:03:45,940 --> 01:03:44,330

amazing but when I was talking to him

1623

01:03:47,500 --> 01:03:45,950

about coming on he mentioned that he's

1624

01:03:49,630 --> 01:03:47,510

talked about the Illinois caves then

1625

01:03:51,490 --> 01:03:49,640

hundreds of times in hundreds of

1626

01:03:54,310 --> 01:03:51,500

interviews and there's so much more

1627

01:03:55,870 --> 01:03:54,320

worth talking about that he's researched

1628

01:03:59,290 --> 01:03:55,880

over the years so we went in many other

1629

01:04:01,120 --> 01:03:59,300

areas first but we had to hit his bread

1630

01:04:03,220 --> 01:04:01,130

and butter in the second hour besides

1631

01:04:05,350 --> 01:04:03,230

it's good to get updates on old stories

1632

01:04:07,330 --> 01:04:05,360

and I really want to go there I really

1633

01:04:10,090 --> 01:04:07,340

don't care if I get arrested I just

1634

01:04:12,250 --> 01:04:10,100

gotta go see that got me thinking about

1635

01:04:15,730 --> 01:04:12,260

a higher side explorers group I mean

1636

01:04:17,800 --> 01:04:15,740

maybe something for the plus forms but

1637

01:04:19,390 --> 01:04:17,810

whether I can go or not there's a lot of

1638

01:04:21,640 --> 01:04:19,400

stuff worth exploring here in the States

1639

01:04:23,980 --> 01:04:21,650

and we can have little expeditions to go

1640

01:04:25,480 --> 01:04:23,990

check some of it out right maybe post

1641

01:04:27,520 --> 01:04:25,490

something in the forum and if three or

1642

01:04:29,200 --> 01:04:27,530

four like-minded people are around you

1643

01:04:30,670 --> 01:04:29,210

could all meet up and go do some

1644

01:04:32,890 --> 01:04:30,680

exploring [h__h] it I think that'd be

1645

01:04:34,900 --> 01:04:32,900

pretty awesome you know I got some

1646

01:04:36,640 --> 01:04:34,910

messages recently from people that were

1647

01:04:38,860 --> 01:04:36,650

afraid I was getting away from the weird

1648

01:04:41,590 --> 01:04:38,870

stuff but worry not you should be

1649

01:04:44,290 --> 01:04:41,600

confident that THC will never change in

1650

01:04:47,100 --> 01:04:44,300

any major way I've seen too many shows I

1651
01:04:50,260 --> 01:04:47,110
love go way off the reservation and go

1652
01:04:52,570 --> 01:04:50,270
irrelevant and sure will evolve I guess

1653
01:04:53,890 --> 01:04:52,580
I don't want to do the exact same shows

1654
01:04:55,990 --> 01:04:53,900
over and over again but I'm very

1655
01:04:58,480 --> 01:04:56,000
conscious of these sorts of things and I

1656
01:05:00,790 --> 01:04:58,490
love the weird ultimately I'd like to

1657
01:05:03,940 --> 01:05:00,800
get the show so dialed in that we have

1658
01:05:05,890 --> 01:05:03,950
like one practical geopolitical global

1659
01:05:08,950 --> 01:05:05,900
conspiracy current events show a month

1660
01:05:11,620 --> 01:05:08,960
one expose on a particular group family

1661
01:05:14,350 --> 01:05:11,630
or company that type of thing one about

1662
01:05:14,769 --> 01:05:14,360
magic and things in that realm of even

1663
01:05:17,620 --> 01:05:14,779

pasta

1664

01:05:19,599 --> 01:05:17,630

the self-improvement one about cryptids

1665

01:05:22,329 --> 01:05:19,609

or aliens of the Hollow Earth and one

1666

01:05:25,029 --> 01:05:22,339

about science or medicine conspiracies

1667

01:05:27,039 --> 01:05:25,039

that would be my dream but I can't even

1668

01:05:29,589 --> 01:05:27,049

get a schedule set so this kind of

1669

01:05:31,959 --> 01:05:29,599

fine-tuning is probably a bit lofty I

1670

01:05:34,120 --> 01:05:31,969

recognize I could balance better but

1671

01:05:35,919 --> 01:05:34,130

don't ever think I'm gonna completely

1672

01:05:39,429 --> 01:05:35,929

get away from this kind of thing

1673

01:05:41,679 --> 01:05:39,439

sometimes these really strange niche

1674

01:05:43,899 --> 01:05:41,689

areas they need to advance a little

1675

01:05:45,339 --> 01:05:43,909

before I can really do another show or

1676

01:05:47,799 --> 01:05:45,349

we're gonna be hearing the same

1677

01:05:49,539 --> 01:05:47,809

coast-to-coast bullet-points all the

1678

01:05:51,429 --> 01:05:49,549

time and we got to avoid that nobody

1679

01:05:53,349 --> 01:05:51,439

wants that so don't ever think I have

1680

01:05:55,839 --> 01:05:53,359

abandoned high strangeness I just want

1681

01:05:58,719 --> 01:05:55,849

there to be some substance and if I find

1682

01:06:00,880 --> 01:05:58,729

a field to be a bit stagnant then it's

1683

01:06:02,829 --> 01:06:00,890

gonna take some time before I can find a

1684

01:06:05,679 --> 01:06:02,839

researcher with a unique angle or

1685

01:06:07,719 --> 01:06:05,689

something happens but I got the helm of

1686

01:06:10,269 --> 01:06:07,729

this ship and I'm gonna steer it as best

1687

01:06:12,399 --> 01:06:10,279

I can and worried not because I've been

1688

01:06:14,529 --> 01:06:12,409

doing it for quite some time but that

1689

01:06:16,329 --> 01:06:14,539

does it for me do subscribe to Harry

1690

01:06:18,130 --> 01:06:16,339

Hubbard's YouTube channel let him know

1691

01:06:19,509 --> 01:06:18,140

we have passionate listeners so that

1692

01:06:22,149 --> 01:06:19,519

when I ask him to do it again perhaps

1693

01:06:23,649 --> 01:06:22,159

he'll be inclined to say yes plus he

1694

01:06:25,419 --> 01:06:23,659

works hard on this stuff and it kind of

1695

01:06:27,880 --> 01:06:25,429

sucks to feel like nobody's tuning in

1696

01:06:29,109 --> 01:06:27,890

I've known that pain believe me let's

1697

01:06:31,120 --> 01:06:29,119

get him over a thousand subscribers

1698

01:06:33,549 --> 01:06:31,130

though he's not asking you to buy a book

1699

01:06:35,979 --> 01:06:33,559

or download a rental of his movie for

1700

01:06:37,989 --> 01:06:35,989

\$7.99 he just wants you to check out the

1701

01:06:40,089 --> 01:06:37,999

result of decades of work and blood

1702

01:06:42,399 --> 01:06:40,099

sweat and tears so let's make the man's

1703

01:06:44,469 --> 01:06:42,409

day I think we could easily get him to

1704

01:06:47,199 --> 01:06:44,479

10,000 subscribers but we'd need a

1705

01:06:49,299 --> 01:06:47,209

decent amount of participation there but

1706

01:06:51,370 --> 01:06:49,309

also let me know if you'd like to go

1707

01:06:53,439 --> 01:06:51,380

deeper down the rabbit hole with Harry

1708

01:06:56,620 --> 01:06:53,449

and I'll get them back on your feedback

1709

01:06:58,029 --> 01:06:56,630

is kind of important right but until

1710

01:07:00,459 --> 01:06:58,039

that day we're gonna call this meeting

1711

01:07:02,679 --> 01:07:00,469

of the midnight society closed and it's

1712

01:07:04,299 --> 01:07:02,689

your move Smithsonian white washers and

1713

01:07:11,470 --> 01:07:04,309

crafty concealers of our mysterious

1714

01:07:17,480 --> 01:07:14,930

lucid dreams are so vivid cuz you go to

1715

01:07:20,990 --> 01:07:17,490

bed at 7:00 and your brain comes alive

1716

01:07:23,390 --> 01:07:21,000

cuz you're H and 9 to 5 you wake up with

1717

01:07:25,880 --> 01:07:23,400

a dread and make sure your cats are fed

1718

01:07:27,950 --> 01:07:25,890

did your brain talk to a ghost who moved

1719

01:07:31,700 --> 01:07:27,960

your coffee and your toast as you

1720

01:07:34,490 --> 01:07:31,710

listened to the higher side chats you

1721

01:07:37,310 --> 01:07:34,500

get to your desk and your boss says it's

1722

01:07:39,770 --> 01:07:37,320

a mess and your soul slowly goes to a

1723

01:07:44,410 --> 01:07:39,780

place where nothing grows when you think

1724

01:07:47,540 --> 01:07:44,420

he's not around you insert a SETI sound

1725

01:07:51,890 --> 01:07:47,550

vom says turn it down and you say it's

1726

01:07:54,740 --> 01:07:51,900

just the higher side chats oh do you

1727

01:07:59,630 --> 01:07:54,750

think you're being invited to Bohemian

1728

01:08:03,290 --> 01:07:59,640

Grove to a Bilderberg Club oh do you

1729

01:08:09,060 --> 01:08:03,300

think you'd be invited by rusta to a

1730

01:08:14,740 --> 01:08:12,100

to the center of the earth to the

1731

01:08:18,789 --> 01:08:14,750

Marianas Trench your teeth begin to

1732

01:08:23,079 --> 01:08:18,799

clench from the sulphureous stench the

1733

01:08:27,100 --> 01:08:23,089

mask you give in doesn't fit cuz you're

1734

01:08:32,600 --> 01:08:30,020

starting today you'll make plans to get

1735

01:08:35,360 --> 01:08:32,610

away there's no one to hold you down and

1736

01:08:38,210 --> 01:08:35,370

the what if start to drown then you wake

1737

01:08:41,090 --> 01:08:38,220

to the glare of a co fluorescent stare

1738

01:08:43,430 --> 01:08:41,100

and the light winks at you cuz its life

1739

01:08:47,300 --> 01:08:43,440

is almost through but it's holding gone

1740

01:09:05,930 --> 01:08:47,310

to quit time just like you it's time for

1741

01:09:09,809 --> 01:09:08,249

hey guys thanks for listening to the

1742

01:09:12,149 --> 01:09:09,819

first hour of the higher side chats

1743

01:09:14,219 --> 01:09:12,159

podcast with me Greg Carl wood if you

1744

01:09:16,589 --> 01:09:14,229

don't know there is a second hour to all

1745

01:09:18,299 --> 01:09:16,599

the episodes we do around here generally

1746

01:09:20,039 --> 01:09:18,309

we're able to get a lot deeper into the

1747

01:09:22,049 --> 01:09:20,049

topics and ideas that a guest is about

1748

01:09:25,169 --> 01:09:22,059

so if you enjoyed what you've heard from

1749

01:09:27,390 --> 01:09:25,179

THC for free consider signing up at the

1750

01:09:29,339 --> 01:09:27,400

higher side chats plus com to get the

1751

01:09:31,680 --> 01:09:29,349

second hour of the 5 shows I put

1752

01:09:33,569 --> 01:09:31,690

together each month I never really

1753

01:09:35,279 --> 01:09:33,579

wanted to be a paid subscriber podcast

1754

01:09:37,259 --> 01:09:35,289

but I really hate the idea of spending

1755

01:09:39,390 --> 01:09:37,269

airtime promoting some product that's

1756

01:09:41,039 --> 01:09:39,400

completely unrelated and telling you the

1757

01:09:43,799 --> 01:09:41,049

best way to support the show is to buy

1758

01:09:45,479 --> 01:09:43,809

an audio book or new underwear by mail

1759

01:09:48,029 --> 01:09:45,489

or something crazy like that so instead

1760

01:09:49,649 --> 01:09:48,039

if you like the show double your time

1761

01:09:51,749 --> 01:09:49,659

with it for five bucks a month and let's

1762

01:09:53,370 --> 01:09:51,759

cut out all the other [h__h] it's half the

1763

01:09:55,140 --> 01:09:53,380

price of a movie ticket and you get at

1764

01:09:57,750 --> 01:09:55,150

least an extra five hours of show a

1765

01:09:59,580 --> 01:09:57,760

month collectively it keeps us stable

1766

01:10:01,169 --> 01:09:59,590

and it frees me from wasting your time

1767

01:10:03,719 --> 01:10:01,179

with anything but the show you came to

1768

01:10:05,700 --> 01:10:03,729

listen to it's really the only way for

1769

01:10:07,500 --> 01:10:05,710

an independent one-man show to make it

1770

01:10:09,719 --> 01:10:07,510

and I do what I can so that it's worth

1771

01:10:11,700 --> 01:10:09,729

your while since we started this I've

1772

01:10:13,739 --> 01:10:11,710

always tried to use the subscriptions to

1773

01:10:16,290 --> 01:10:13,749

improve the podcast and make signups

1774

01:10:18,209 --> 01:10:16,300

more advantageous it started with just a

1775

01:10:19,890 --> 01:10:18,219

second hour for the main show but now

1776

01:10:21,930 --> 01:10:19,900

we've got a nice forum going where

1777

01:10:23,640 --> 01:10:21,940

people can get deeper in conversation

1778

01:10:26,549 --> 01:10:23,650

about the episodes with other listeners

1779

01:10:28,799 --> 01:10:26,559

submit a candidate in the guest request

1780

01:10:30,479 --> 01:10:28,809

thread or share their own personal

1781

01:10:32,580 --> 01:10:30,489

projects to get out of the soul-crushing

1782

01:10:35,129 --> 01:10:32,590

nine-to-five cog in the wheel life on

1783

01:10:36,600 --> 01:10:35,139

the entrepreneurs thread the forum in

1784

01:10:38,520 --> 01:10:36,610

the Plus comments are always the first

1785

01:10:40,770 --> 01:10:38,530

places I try to go for listener

1786

01:10:43,140 --> 01:10:40,780

engagement but it does get harder as the

1787

01:10:45,000 --> 01:10:43,150

show gets more popular because of that

1788

01:10:46,439 --> 01:10:45,010

there's also a direct messaging feature

1789

01:10:49,290 --> 01:10:46,449

that you can use to reach me through the

1790

01:10:50,910 --> 01:10:49,300

plus site also well beyond the forum if

1791

01:10:53,069 --> 01:10:50,920

you like any of the music I've used for

1792

01:10:54,870 --> 01:10:53,079

THC most of it I've hired artists to

1793

01:10:57,180 --> 01:10:54,880

make and I provided all its free

1794

01:10:58,589 --> 01:10:57,190

downloads to Plus members too so if you

1795

01:11:00,779 --> 01:10:58,599

like a particular song you've heard

1796

01:11:03,120 --> 01:11:00,789

close the show out recently come get the

1797

01:11:05,129 --> 01:11:03,130

mp3 I should also mention that if you

1798

01:11:07,469 --> 01:11:05,139

don't like the idea of paying \$5

1799

01:11:09,660 --> 01:11:07,479

recurring every month I get that you can

1800

01:11:12,000 --> 01:11:09,670

buy three months six months or a year

1801
01:11:13,739 --> 01:11:12,010
upfront and just be done with it I have

1802
01:11:16,319 --> 01:11:13,749
plenty of listeners who send checks and

1803
01:11:17,040 --> 01:11:16,329
money orders to the PIO box too I try to

1804
01:11:18,750 --> 01:11:17,050
make it as easy

1805
01:11:20,880 --> 01:11:18,760
for people as I can and you can read

1806
01:11:23,400 --> 01:11:20,890
more about it on the signup page also be

1807
01:11:25,080 --> 01:11:23,410
sure to check out the FAQ help page on

1808
01:11:26,660 --> 01:11:25,090
the plus site if you have any questions

1809
01:11:28,710 --> 01:11:26,670
or concerns about how to listen to a

1810
01:11:30,600 --> 01:11:28,720
password-protected show on your devices

1811
01:11:32,880 --> 01:11:30,610
I've highlighted a lot of great

1812
01:11:34,950 --> 01:11:32,890
solutions and one of those would be the

1813
01:11:37,500 --> 01:11:34,960

iPhone app that just recently hit the

1814

01:11:39,630 --> 01:11:37,510

Apple App Store a super kind and

1815

01:11:41,460 --> 01:11:39,640

talented listener made it for us and you

1816

01:11:43,620 --> 01:11:41,470

can use it to stream or download either

1817

01:11:46,590 --> 01:11:43,630

the free or the plus show if you're on

1818

01:11:48,180 --> 01:11:46,600

Android I'd use pocket casts or podcast

1819

01:11:50,760 --> 01:11:48,190

addict and subscribe to the feed

1820

01:11:53,460 --> 01:11:50,770

manually that way I also try to throw an

1821

01:11:55,470 --> 01:11:53,470

occasional bonus shows or QA shows and

1822

01:11:57,630 --> 01:11:55,480

I've got a few other weird ideas I might

1823

01:11:59,580 --> 01:11:57,640

get to try out soon but I give you all I

1824

01:12:01,260 --> 01:11:59,590

can for five bucks and I hope you'll at

1825

01:12:02,970 --> 01:12:01,270

least give it a shot if you've listened

1826
01:12:04,740 --> 01:12:02,980
to a few free shows and you find them

1827
01:12:06,510 --> 01:12:04,750
unique or valuable I know there's a lot

1828
01:12:08,670 --> 01:12:06,520
of podcasts out there and I'm just one

1829
01:12:10,470 --> 01:12:08,680
of them but if you have any questions

1830
01:12:12,000 --> 01:12:10,480
concerns or comments about any of this

1831
01:12:14,880 --> 01:12:12,010
please get in touch with us at the

1832
01:12:16,800 --> 01:12:14,890
higher side chats team @ gmail.com I

1833
01:12:18,210 --> 01:12:16,810
also wanted to plug the higher side

1834
01:12:20,040 --> 01:12:18,220
newsletter I'm going to be putting out

1835
01:12:22,530 --> 01:12:20,050
totally free for anyone who wants to

1836
01:12:24,690 --> 01:12:22,540
sign up at the main internet website for

1837
01:12:26,580 --> 01:12:24,700
the show the higher side chats com

1838
01:12:28,350 --> 01:12:26,590

you can also get on that email list

1839

01:12:30,690 --> 01:12:28,360

through the higher side chats Facebook

1840

01:12:32,160 --> 01:12:30,700

page there's a button there as well but

1841

01:12:34,650 --> 01:12:32,170

the reason I'm doing this is because I

1842

01:12:36,750 --> 01:12:34,660

get tons and tons of emails after a show

1843

01:12:38,640 --> 01:12:36,760

goes up asking me about how I feel about

1844

01:12:40,230 --> 01:12:38,650

a particular guest or topic and the

1845

01:12:42,150 --> 01:12:40,240

wrap-up isn't always the best place to

1846

01:12:44,190 --> 01:12:42,160

do that especially if I have anything

1847

01:12:46,050 --> 01:12:44,200

negative to say sometimes the dust needs

1848

01:12:48,540 --> 01:12:46,060

to settle sometimes they need to hear

1849

01:12:50,100 --> 01:12:48,550

feedback from you guys first there are a

1850

01:12:51,720 --> 01:12:50,110

lot of factors but I usually have

1851
01:12:53,160 --> 01:12:51,730
something to communicate to you and I

1852
01:12:55,200 --> 01:12:53,170
just don't get to do it

1853
01:12:56,670 --> 01:12:55,210
so on the first of the month I plan to

1854
01:12:58,200 --> 01:12:56,680
send out a little newsletter with my

1855
01:13:00,060 --> 01:12:58,210
thoughts about the five shows the

1856
01:13:02,070 --> 01:13:00,070
previous month and talk to you about

1857
01:13:04,440 --> 01:13:02,080
anything else that's on my mind or

1858
01:13:06,360 --> 01:13:04,450
that's going on and what's probably most

1859
01:13:08,010 --> 01:13:06,370
enticing is that I'm gonna give you some

1860
01:13:10,350 --> 01:13:08,020
insight into at least one guest I have

1861
01:13:12,330 --> 01:13:10,360
coming up in the month which people have

1862
01:13:14,550 --> 01:13:12,340
been begging for some posted schedule

1863
01:13:16,530 --> 01:13:14,560

for a long time I personally think I'd

1864

01:13:18,360 --> 01:13:16,540

like the surprise but sign up for the

1865

01:13:19,830 --> 01:13:18,370

higher side newsletter it's free it

1866

01:13:21,450 --> 01:13:19,840

comes out on the first of the month and

1867

01:13:24,240 --> 01:13:21,460

I won't waste your time with any other

1868

01:13:25,890 --> 01:13:24,250

emails and that's it I appreciate you

1869

01:13:28,050 --> 01:13:25,900

listening I try to give alternative

1870

01:13:30,420 --> 01:13:28,060

ideas and guests a fair shake on a high

1871

01:13:31,050 --> 01:13:30,430

quality podcast expose some deep level

1872

01:13:33,210 --> 01:13:31,060

can

1873

01:13:34,920 --> 01:13:33,220

Pharisees without the yelling and I hope

1874

01:13:37,050 --> 01:13:34,930

to offer some inspiration that even

1875

01:13:38,580 --> 01:13:37,060

though the system relentlessly suggests

1876

01:13:41,070 --> 01:13:38,590

you should follow their blueprint to

1877

01:13:43,230 --> 01:13:41,080

mediocrity you can do your own thing and

1878

01:13:45,360 --> 01:13:43,240

live a much happier life despite all the
