BREAKAWAY CIVILIZATION, NYMZA & THE SENORA AERO CLUB

PRESENTED BY THE HIGHERSIDE CHATS

1  
00:00:11,000 --> 00:00:07,460  
the planets up the masters almost surely

2  
00:00:16,230 --> 00:00:11,010  
have a plan this clearly maybe something

3  
00:00:43,240 --> 00:00:21,130  
you think you know the less you barely

4  
00:00:47,540 --> 00:00:45,740  
all right higher side Cheddar's today is

5  
00:00:49,370 --> 00:00:47,550  
going to be a game-changer of a show

6  
00:00:51,710 --> 00:00:49,380  
because many of us fringe enthusiasts

7  
00:00:54,080 --> 00:00:51,720  
cut our teeth on legendary stories like

8  
00:00:56,330 --> 00:00:54,090  
a crashed saucer near Roswell or the

9  
00:00:58,070 --> 00:00:56,340  
implementation of Nazi occult scientists

10  
00:01:00,200 --> 00:00:58,080  
into the American machine with Project

11  
00:01:01,940 --> 00:01:00,210  
Paperclip and in recent years it's

12  
00:01:03,770 --> 00:01:01,950  
become popular to talk about breakaway

13  
00:01:05,540 --> 00:01:03,780

civilizations and move towards a

14

00:01:08,330 --> 00:01:05,550

terrestrial explanation for the strange

15

00:01:10,130 --> 00:01:08,340

craft seen in the sky often with one of

16

00:01:12,770 --> 00:01:10,140

the previously mentioned events or a mix

17

00:01:14,780 --> 00:01:12,780

of both cited as the genesis point for

18

00:01:16,190 --> 00:01:14,790

such a breakaway group well today's

19

00:01:18,020 --> 00:01:16,200

guest has really kicked it up a notch

20

00:01:19,700 --> 00:01:18,030

with his research into a group of

21

00:01:22,219 --> 00:01:19,710

hermetic Russian nationalists called

22

00:01:24,530 --> 00:01:22,229

nimza and artist named Charles del Chou

23

00:01:26,359 --> 00:01:24,540

and a secret society of exotic craft

24

00:01:28,700 --> 00:01:26,369

makers in Southern California called the

25

00:01:30,920 --> 00:01:28,710

Sonora Aero Club it's a deep and rich

26

00:01:32,660 --> 00:01:30,930

Pandora's box of conspiracy goodness

27

00:01:35,420 --> 00:01:32,670

that connect some dots and fills in many

28

00:01:37,100 --> 00:01:35,430

gaps taking the popular idea of a 20th

29

00:01:39,469 --> 00:01:37,110

century breakaway civilization and

30

00:01:42,080 --> 00:01:39,479

extending it back in the timeline to the

31

00:01:43,940 --> 00:01:42,090

19th century beginnings and beyond his

32

00:01:45,980 --> 00:01:43,950

name is Walter Bosley and he has been

33

00:01:48,109 --> 00:01:45,990

here once before many moons ago on th

34

00:01:51,050 --> 00:01:48,119

seas 40th episode talking about his book

35

00:01:52,550 --> 00:01:51,060

latitude 33 the arcane science and

36

00:01:54,080 --> 00:01:52,560

hermetic engineering of the happiest

37

00:01:56,600 --> 00:01:54,090

place on earth which is a fascinating

38

00:01:59,059 --> 00:01:56,610

look into real magic built into the

39

00:02:00,919 --> 00:01:59,069

Disney complex and now he's back talking

40

00:02:02,809 --> 00:02:00,929

about his latest research the tracks the

41

00:02:05,270 --> 00:02:02,819

breakaway civilization back farther than

42

00:02:07,760 --> 00:02:05,280

most a story that really unfolds over

43

00:02:10,699 --> 00:02:07,770

six of his books but is laid out most

44

00:02:12,650 --> 00:02:10,709

recently and his amazing \$5 ebook origin

45

00:02:15,050 --> 00:02:12,660

the 19th century emergence of the 20th

46

00:02:17,480 --> 00:02:15,060

century breakaway civilizations Walter

47

00:02:19,100 --> 00:02:17,490

also made his living serving as a

48

00:02:20,930 --> 00:02:19,110

counterintelligence specialist with the

49

00:02:22,699 --> 00:02:20,940

FBI a special agent and the Air Force

50

00:02:24,800 --> 00:02:22,709

and as a consultant in the private

51  
00:02:26,870 --> 00:02:24,810  
sector and lucky for us over the years

52  
00:02:29,000 --> 00:02:26,880  
he's used his vast knowledge of military

53  
00:02:31,130 --> 00:02:29,010  
operations and covert missions to decode

54  
00:02:32,930 --> 00:02:31,140  
chapters in our past that the powers

55  
00:02:34,880 --> 00:02:32,940  
that be would rather us not know about

56  
00:02:36,790 --> 00:02:34,890  
it's a wild ride I can't wait to take

57  
00:02:39,140 --> 00:02:36,800  
Walter my man welcome back to THC

58  
00:02:41,270 --> 00:02:39,150  
thanks for having me back on Greg it's

59  
00:02:44,270 --> 00:02:41,280  
good to be here to talk with you yeah

60  
00:02:46,760 --> 00:02:44,280  
man a real pleasure this is a huge story

61  
00:02:48,860 --> 00:02:46,770  
and to find a good starting point this

62  
00:02:51,800 --> 00:02:48,870  
saga suggests that certain people

63  
00:02:54,500 --> 00:02:51,810

uncovered lost information about secret

64

00:02:55,550 --> 00:02:54,510

technologies that might have come from

65

00:02:57,290 --> 00:02:55,560

in advance

66

00:02:59,510 --> 00:02:57,300

civilization in the ancient past or

67

00:03:02,030 --> 00:02:59,520

information brought here from offworld

68

00:03:03,949 --> 00:03:02,040

so I guess before we can get into its

69

00:03:06,229 --> 00:03:03,959

rediscovery in the 19th century we have

70

00:03:08,920 --> 00:03:06,239

to establish that there was something to

71

00:03:11,990 --> 00:03:08,930

rediscover so how best can we do that

72

00:03:13,759 --> 00:03:12,000

well as I go into in the book in a

73

00:03:16,370 --> 00:03:13,769

couple of chapters because it almost

74

00:03:20,120 --> 00:03:16,380

takes that much to establish just what

75

00:03:23,930 --> 00:03:20,130

you said you really have to go back and

76

00:03:27,110 --> 00:03:23,940

take a look at legends of Atlantis or

77

00:03:29,390 --> 00:03:27,120

the stories from the Mahabharata of

78

00:03:31,520 --> 00:03:29,400

ancient wars with advanced technology

79

00:03:34,490 --> 00:03:31,530

all that David Hatcher Childress lost

80

00:03:36,860 --> 00:03:34,500

cities and mysterious technologies type

81

00:03:40,460 --> 00:03:36,870

stuff and you got a sift through all

82

00:03:42,680 --> 00:03:40,470

that and really find the nuggets of what

83

00:03:45,259 --> 00:03:42,690

it's all about and basically I distill

84

00:03:47,000 --> 00:03:45,269

it into the argument the idea that you

85

00:03:49,670 --> 00:03:47,010

know hey there might have been an

86

00:03:52,490 --> 00:03:49,680

advanced civilization from another place

87

00:03:54,440 --> 00:03:52,500

that came here a long time ago for

88

00:03:57,830 --> 00:03:54,450

whatever reason some of them stayed they

89

00:04:03,940 --> 00:03:57,840

established you know a new civilization

90

00:04:07,310 --> 00:04:03,950

or colony of their world here and they

91

00:04:12,949 --> 00:04:07,320

disappeared eventually but they left

92

00:04:16,759 --> 00:04:12,959

behind the traces of this civilizations

93

00:04:21,710 --> 00:04:16,769

technology mm-hmm for others to find

94

00:04:24,290 --> 00:04:21,720

either in vaulted manuscripts or other

95

00:04:27,080 --> 00:04:24,300

ways of recording the knowledge the

96

00:04:30,740 --> 00:04:27,090

know-how of how to pursue these

97

00:04:32,600 --> 00:04:30,750

technologies more may be encoded in the

98

00:04:34,310 --> 00:04:32,610

stone remains of you know for instance

99

00:04:36,950 --> 00:04:34,320

the megalithic cultures and things like

100

00:04:40,370 --> 00:04:36,960

that but basically you just have to go

101  
00:04:42,140 --> 00:04:40,380  
back and like I said distill it into the

102  
00:04:44,980 --> 00:04:42,150  
closest thing to a nugget of truth that

103  
00:04:48,529 --> 00:04:44,990  
you can accept and then with that as the

104  
00:04:50,450 --> 00:04:48,539  
foundation you know I to me it seemed

105  
00:04:54,409 --> 00:04:50,460  
logical I chose to go forward on the

106  
00:04:57,950 --> 00:04:54,419  
path that over time us earth-based

107  
00:04:59,690 --> 00:04:57,960  
humans is one way I phrase it began to

108  
00:05:02,990 --> 00:04:59,700  
find these little traces began to find

109  
00:05:05,740 --> 00:05:03,000  
these little gems of information of the

110  
00:05:08,690 --> 00:05:05,750  
lost period the lost civilization and

111  
00:05:12,790 --> 00:05:08,700  
slowly but surely began to

112  
00:05:15,310 --> 00:05:12,800  
attempt to maybe emulate or

113  
00:05:17,600 --> 00:05:15,320

reverse-engineer in today's vernacular

114

00:05:19,670 --> 00:05:17,610

what this lost civilization had

115

00:05:21,410 --> 00:05:19,680

accomplished right honey

116

00:05:23,780 --> 00:05:21,420

you are right there are just tons of

117

00:05:25,670 --> 00:05:23,790

myths and legends that allude to beans

118

00:05:27,110 --> 00:05:25,680

from the sky and they might call them

119

00:05:29,810 --> 00:05:27,120

gods but what is the difference between

120

00:05:31,610 --> 00:05:29,820

a god and an ET you can't really

121

00:05:34,580 --> 00:05:31,620

identify that and when you're trying to

122

00:05:36,610 --> 00:05:34,590

look at Sanskrit or Sumerian texts it

123

00:05:40,940 --> 00:05:36,620

pretty much is the same definition and

124

00:05:43,700 --> 00:05:40,950

as an example of the plethora of these

125

00:05:46,790 --> 00:05:43,710

examples talk to us about Oh Anne's Oh

126  
00:05:49,280 --> 00:05:46,800  
honest Oh honest that's why I pronounce

127  
00:05:50,930 --> 00:05:49,290  
it right on he's a Babylonian God and I

128  
00:05:53,420 --> 00:05:50,940  
guess the possibility is that he could

129  
00:05:54,980 --> 00:05:53,430  
have been a teacher from Atlantis coming

130  
00:05:57,320 --> 00:05:54,990  
around to give knowledge to seemingly

131  
00:05:58,460 --> 00:05:57,330  
less advanced cultures tell us about

132  
00:06:00,200 --> 00:05:58,470  
that a little bit that's one of my

133  
00:06:02,600 --> 00:06:00,210  
favorite examples because it alludes to

134  
00:06:05,000 --> 00:06:02,610  
some other things too well the way I

135  
00:06:08,240 --> 00:06:05,010  
look at it I kind of follow the

136  
00:06:11,150 --> 00:06:08,250  
interpretation that the so called fish

137  
00:06:14,300 --> 00:06:11,160  
man God is actually a symbolic

138  
00:06:16,820 --> 00:06:14,310

representation of a man from an offworld

139

00:06:20,030 --> 00:06:16,830

civilization which possessed the

140

00:06:22,730 --> 00:06:20,040

technology to have and use what we call

141

00:06:24,950 --> 00:06:22,740

scuba equipment essentially you know of

142

00:06:27,200 --> 00:06:24,960

their own kind and so you see the man

143

00:06:30,350 --> 00:06:27,210

God depicted with the fish tail

144

00:06:32,780 --> 00:06:30,360

that was our ancient ancestors best way

145

00:06:36,110 --> 00:06:32,790

that they could describe a man who could

146

00:06:38,840 --> 00:06:36,120

walk right out of the ocean and interact

147

00:06:41,480 --> 00:06:38,850

in his human self and teach things

148

00:06:43,610 --> 00:06:41,490

revealed things or such set himself up

149

00:06:46,010 --> 00:06:43,620

as a God if he so desired and then go

150

00:06:48,170 --> 00:06:46,020

back into the sea and swim away well to

151

00:06:50,690 --> 00:06:48,180

our ancient ancestors unfamiliar with

152

00:06:52,850 --> 00:06:50,700

for instance scuba technology if one of

153

00:06:54,890 --> 00:06:52,860

our Navy SEALs went back in time and did

154

00:06:58,130 --> 00:06:54,900

the same thing they would probably

155

00:07:01,970 --> 00:06:58,140

describe him as a fish man God you know

156

00:07:05,720 --> 00:07:01,980

um I actually as I stayed in the book I

157

00:07:08,390 --> 00:07:05,730

kind of embraced the theory that what

158

00:07:11,360 --> 00:07:08,400

there was was a war between two

159

00:07:14,240 --> 00:07:11,370

off-planet factions and that war ended

160

00:07:17,570 --> 00:07:14,250

up coming here at one point or at least

161

00:07:19,730 --> 00:07:17,580

one party in that war ended up here

162

00:07:22,440 --> 00:07:19,740

perhaps the losing party in fact that's

163

00:07:25,020 --> 00:07:22,450

what I proposed as a scenario and

164

00:07:28,770 --> 00:07:25,030

book is that the losing party ends up

165

00:07:31,020 --> 00:07:28,780

here and they attempt to establish their

166

00:07:33,390 --> 00:07:31,030

civilization here and they teach us

167

00:07:36,480 --> 00:07:33,400

humans that are here little by little

168

00:07:38,990 --> 00:07:36,490

bit by bit they teach us these pieces of

169

00:07:42,750 --> 00:07:39,000

their civilization their technology and

170

00:07:46,650 --> 00:07:42,760

we are supposed to develop it over time

171

00:07:49,500 --> 00:07:46,660

and perhaps their goal in doing that was

172

00:07:51,570 --> 00:07:49,510

so that we would develop a civilization

173

00:07:54,660 --> 00:07:51,580

advanced and strong enough to take on

174

00:07:58,680 --> 00:07:54,670

their old phone that's what I present in

175

00:08:02,190 --> 00:07:58,690

the book and as a possible explanation

176

00:08:05,090 --> 00:08:02,200

for why say a hidden faction of this

177

00:08:07,560 --> 00:08:05,100

lost civilization would have a stake in

178

00:08:10,440 --> 00:08:07,570

planting these seeds of knowledge and

179

00:08:12,930 --> 00:08:10,450

maybe leading along a hermetic society

180

00:08:15,330 --> 00:08:12,940

or a group of alchemists in learning

181

00:08:17,670 --> 00:08:15,340

this stuff throughout known human

182

00:08:22,070 --> 00:08:17,680

history to me there you know there's a

183

00:08:25,970 --> 00:08:22,080

logic in that and I think that it's also

184

00:08:29,640 --> 00:08:25,980

kind of a no pun intended down-to-earth

185

00:08:31,350 --> 00:08:29,650

explanation because that's the kind of

186

00:08:32,910 --> 00:08:31,360

thing we can understand we can grasp

187

00:08:35,490 --> 00:08:32,920

right you know the idea of the two

188

00:08:37,950 --> 00:08:35,500

factions and the one licking its wounds

189

00:08:39,450 --> 00:08:37,960

so to speak here on earth of course I

190

00:08:42,110 --> 00:08:39,460

think that makes perfect sense

191

00:08:44,490 --> 00:08:42,120

and of course beings from the sky is

192

00:08:46,740 --> 00:08:44,500

pretty much universal with ancient

193

00:08:48,900 --> 00:08:46,750

cultures and beans from the sea is also

194

00:08:51,150 --> 00:08:48,910

a popular motif and it seems like

195

00:08:53,280 --> 00:08:51,160

potentially a collective memory of sorts

196

00:08:55,980 --> 00:08:53,290

this really is interesting because I

197

00:08:58,530 --> 00:08:55,990

also really like hearing about Aleister

198

00:09:00,750 --> 00:08:58,540

Crowley and HP Lovecraft and they have a

199

00:09:04,380 --> 00:09:00,760

bit of a tie-in to this subject as well

200

00:09:07,800 --> 00:09:04,390

don't they yes they do the degree was

201  
00:09:10,350 --> 00:09:07,810  
surprising to me and it was really quite

202  
00:09:14,360 --> 00:09:10,360  
interesting to me as well because of the

203  
00:09:18,180 --> 00:09:14,370  
nature of it in a nutshell when I read

204  
00:09:21,810 --> 00:09:18,190  
what Peter lavinda had pointed out in

205  
00:09:24,060 --> 00:09:21,820  
his research that Lovecraft and his

206  
00:09:26,100 --> 00:09:24,070  
creation of the story call of cthulhu

207  
00:09:28,560 --> 00:09:26,110  
and the whole origin of the Cthulhu

208  
00:09:31,110 --> 00:09:28,570  
Mythos if you look at the details in

209  
00:09:33,030 --> 00:09:31,120  
there they match actual details that

210  
00:09:36,750 --> 00:09:33,040  
Crowley had written about years before

211  
00:09:39,780 --> 00:09:36,760  
mm-hmm right down to the description of

212  
00:09:44,460 --> 00:09:39,790  
who is this strange again this fish God

213  
00:09:49,220 --> 00:09:44,470

concept and this name that arose in

214

00:09:51,900 --> 00:09:49,230

Crowley's look at this was - - Lu

215

00:09:53,639 --> 00:09:51,910

literally pronounced just like that - -

216

00:09:57,750 --> 00:09:53,649

Lu and of course there's Lovecraft's

217

00:09:59,730 --> 00:09:57,760

Cthulhu very close now you know scholars

218

00:10:02,879 --> 00:09:59,740

have said well there's no evidence that

219

00:10:05,340 --> 00:10:02,889

crowley and Lovecraft ever met and as I

220

00:10:08,250 --> 00:10:05,350

say in the book too many times we have

221

00:10:10,769 --> 00:10:08,260

people assume that because - you know

222

00:10:12,150 --> 00:10:10,779

historical figures never met therefore

223

00:10:13,829 --> 00:10:12,160

they must not have heard of each other

224

00:10:15,720 --> 00:10:13,839

some people actually will conclude that

225

00:10:17,670 --> 00:10:15,730

and therefore they would not be familiar

226

00:10:20,730 --> 00:10:17,680

with each other's works which is really

227

00:10:23,610 --> 00:10:20,740

absurd on the face of it because I've

228

00:10:25,769 --> 00:10:23,620

never met John Irving but I read his

229

00:10:28,079 --> 00:10:25,779

book mm-hmm how many of us have ever

230

00:10:29,790 --> 00:10:28,089

actually met the authors whose books and

231

00:10:32,519 --> 00:10:29,800

works were intimately familiar with

232

00:10:34,199 --> 00:10:32,529

right so but I have heard that that you

233

00:10:35,730 --> 00:10:34,209

know well you can't show a connection

234

00:10:37,980 --> 00:10:35,740

between Lovecraft and Crowley so

235

00:10:39,900 --> 00:10:37,990

therefore one did not influence the

236

00:10:44,280 --> 00:10:39,910

other and and that's ridiculous lavinda

237

00:10:47,189 --> 00:10:44,290

has pointed that out in great detail so

238

00:10:49,110 --> 00:10:47,199

you know I looked at that and I saw

239

00:10:51,900 --> 00:10:49,120

where you know hey wait a minute that

240

00:10:53,879 --> 00:10:51,910

really fits in with the whole thing

241

00:10:56,730 --> 00:10:53,889

about awareness and this lost

242

00:10:59,850 --> 00:10:56,740

civilization idea that I had mentioned a

243

00:11:03,540 --> 00:10:59,860

few moments ago and I thought there's

244

00:11:05,970 --> 00:11:03,550

just something there and so I analyzed

245

00:11:08,340 --> 00:11:05,980

it with another scholar Setia read and

246

00:11:10,920 --> 00:11:08,350

he pointed out the whole thing about the

247

00:11:13,290 --> 00:11:10,930

the idea of the nameless ones and and

248

00:11:17,610 --> 00:11:13,300

how that ties in with nimza this -

249

00:11:20,250 --> 00:11:17,620

syllabic nimza and of course there we go

250

00:11:23,519 --> 00:11:20,260

just with that word alone were suddenly

251  
00:11:26,100 --> 00:11:23,529  
connected to this mysterious arrow Club

252  
00:11:29,730 --> 00:11:26,110  
then this airship mystery these guys who

253  
00:11:32,430 --> 00:11:29,740  
use this mysterious technology no one

254  
00:11:34,910 --> 00:11:32,440  
knows where they got it and here's this

255  
00:11:38,250 --> 00:11:34,920  
word connecting this ancient lost

256  
00:11:41,550 --> 00:11:38,260  
strange tradition and this airship

257  
00:11:44,939 --> 00:11:41,560  
mystery thing going on so the closer I

258  
00:11:47,610 --> 00:11:44,949  
looked interestingly the more it made

259  
00:11:50,460 --> 00:11:47,620  
sense that there was some type of line

260  
00:11:52,470 --> 00:11:50,470  
of connection there right okay

261  
00:11:54,210 --> 00:11:52,480  
based on descriptions in the Mahabharata

262  
00:11:56,550 --> 00:11:54,220  
ancient cave drawings that look like

263  
00:11:58,770 --> 00:11:56,560

plasma discharges and descriptions of

264

00:12:00,780 --> 00:11:58,780

the gods we do get a good sense that

265

00:12:02,850 --> 00:12:00,790

there's something to know and talk to us

266

00:12:05,340 --> 00:12:02,860

about the reconstruction what can be

267

00:12:07,050 --> 00:12:05,350

said about the tracking or uncovering of

268

00:12:09,770 --> 00:12:07,060

some of the stuff before we get up to

269

00:12:13,800 --> 00:12:09,780

the 19th century how far back can we go

270

00:12:17,640 --> 00:12:13,810

we can go as far back as we know the

271

00:12:19,500 --> 00:12:17,650

Hermetic tradition you know hermetic

272

00:12:21,960 --> 00:12:19,510

organizations the organizations that

273

00:12:24,300 --> 00:12:21,970

were conveying through there

274

00:12:27,390 --> 00:12:24,310

we call them secret societies now right

275

00:12:30,350 --> 00:12:27,400

as far back as the histories of those go

276

00:12:32,520 --> 00:12:30,360

that's how I believe we can trace the

277

00:12:34,980 --> 00:12:32,530

carrying out of this knowledge because I

278

00:12:37,500 --> 00:12:34,990

think it was through these hermetic

279

00:12:40,380 --> 00:12:37,510

organizations through the centuries that

280

00:12:43,380 --> 00:12:40,390

the guys in the 19th century came to

281

00:12:46,380 --> 00:12:43,390

know this information right on and in

282

00:12:48,720 --> 00:12:46,390

the book I think you started or one of

283

00:12:51,300 --> 00:12:48,730

the major nodes on that timeline would

284

00:12:53,250 --> 00:12:51,310

be Alexandria mhm and then from there I

285

00:12:57,270 --> 00:12:53,260

guess you go to the Knights Templar sure

286

00:12:59,690 --> 00:12:57,280

to Freemasonry right exactly the Library

287

00:13:03,330 --> 00:12:59,700

of Alexandria as we've heard and is

288

00:13:05,820 --> 00:13:03,340

documented throughout history was really

289

00:13:09,330 --> 00:13:05,830

the place where a lot of this knowledge

290

00:13:10,800 --> 00:13:09,340

was gathered in one place you know and

291

00:13:12,720 --> 00:13:10,810

this was what we called the the

292

00:13:15,450 --> 00:13:12,730

so-called pre-flood whatever that

293

00:13:17,790 --> 00:13:15,460

disaster was that our traditions have

294

00:13:19,620 --> 00:13:17,800

mythologized into the great flood

295

00:13:21,960 --> 00:13:19,630

whatever that disaster was that struck

296

00:13:24,750 --> 00:13:21,970

the earth the Library of Alexandria was

297

00:13:27,120 --> 00:13:24,760

said to have had all this knowledge the

298

00:13:29,250 --> 00:13:27,130

the wisdom the technology and such prior

299

00:13:30,900 --> 00:13:29,260

to that cataclysmic event and then of

300

00:13:34,410 --> 00:13:30,910

course after the destruction of the

301  
00:13:36,450 --> 00:13:34,420  
library by religious maniacs both

302  
00:13:38,420 --> 00:13:36,460  
Christian and Muslim that were

303  
00:13:42,720 --> 00:13:38,430  
responsible for destroying that library

304  
00:13:45,210 --> 00:13:42,730  
this information is dispersed and ends

305  
00:13:47,850 --> 00:13:45,220  
up in various places and yes that's how

306  
00:13:50,310 --> 00:13:47,860  
the Knights Templar who we know operate

307  
00:13:52,470 --> 00:13:50,320  
very much like a hermetic seeker Society

308  
00:13:56,100 --> 00:13:52,480  
that's how it gets into their hands

309  
00:13:58,830 --> 00:13:56,110  
primarily in the Fourth Crusade a lot of

310  
00:14:01,320 --> 00:13:58,840  
it from Constantinople and then from

311  
00:14:03,180 --> 00:14:01,330  
there I think most of your listeners are

312  
00:14:04,079 --> 00:14:03,190  
probably familiar with the Templar and

313  
00:14:06,749 --> 00:14:04,089

their turn

314

00:14:08,850 --> 00:14:06,759

and what they're involved with and and

315

00:14:11,460 --> 00:14:08,860

there it is in Europe you know they

316

00:14:14,069 --> 00:14:11,470

bring it to Europe and that's how your

317

00:14:15,720 --> 00:14:14,079

Prussian organization's your Prussian

318

00:14:17,670 --> 00:14:15,730

alchemist your Prussian her medicines

319

00:14:21,540 --> 00:14:17,680

that's how it gets into their hands

320

00:14:23,910 --> 00:14:21,550

because of the German faction of the the

321

00:14:25,889 --> 00:14:23,920

Knights Templar excuse me I'm doing a

322

00:14:28,170 --> 00:14:25,899

complete brain hi the Teutonic Knights

323

00:14:31,100 --> 00:14:28,180

thank you very much as the Teutonic

324

00:14:33,449 --> 00:14:31,110

Knights were among the beneficiaries of

325

00:14:36,989 --> 00:14:33,459

this information during the Fourth

326

00:14:38,369 --> 00:14:36,999

Crusade mm-hmm and voila there's your

327

00:14:41,309 --> 00:14:38,379

Prussian connection right there

328

00:14:42,540 --> 00:14:41,319

so whatever organization hermetic secret

329

00:14:44,999 --> 00:14:42,550

society or whatever you want to call it

330

00:14:46,439 --> 00:14:45,009

our chemical tradition whatever between

331

00:14:50,189 --> 00:14:46,449

the Teutonic Knights and these guys in

332

00:14:51,780 --> 00:14:50,199

the 19th century and I point out by name

333

00:14:53,999 --> 00:14:51,790

in many cases who that could have been

334

00:14:57,210 --> 00:14:54,009

in the book there you go there's your

335

00:14:57,449 --> 00:14:57,220

line and it's the line that we're aware

336

00:15:05,040 --> 00:14:57,459

of

337

00:15:07,619 --> 00:15:05,050

Alexandria to the Knights Templar

338

00:15:09,869 --> 00:15:07,629

Freemasonry the Royal Society to the

339

00:15:11,699 --> 00:15:09,879

angelic society to these Russian

340

00:15:15,720 --> 00:15:11,709

nationalists via the Teutonic Knights

341

00:15:17,999 --> 00:15:15,730

and remember remember from the Library

342

00:15:19,590 --> 00:15:18,009

of Alexandria a lot of this information

343

00:15:23,040 --> 00:15:19,600

as I point out was in two or three other

344

00:15:26,280 --> 00:15:23,050

similar locations and so you do I do

345

00:15:29,129 --> 00:15:26,290

identify that step between Alexandria

346

00:15:31,350 --> 00:15:29,139

and Constantinople that is the logical

347

00:15:33,960 --> 00:15:31,360

step but yeah you got it that's that's

348

00:15:35,759 --> 00:15:33,970

the trail there is no hole between

349

00:15:38,910 --> 00:15:35,769

Alexandria and Constantinople that's

350

00:15:42,389 --> 00:15:38,920

wide and gaping there is a connection in

351

00:15:44,610 --> 00:15:42,399

there but yeah right so this is where

352

00:15:47,730 --> 00:15:44,620

you know fuel really gets thrown on the

353

00:15:50,160 --> 00:15:47,740

fire when this information reaches this

354

00:15:52,829 --> 00:15:50,170

Prussian group that the book and the

355

00:15:57,179 --> 00:15:52,839

saga is largely about tell us about the

356

00:16:00,629 --> 00:15:57,189

nimza the nimza Wow what do we know

357

00:16:05,059 --> 00:16:00,639

about the nimza within the context of

358

00:16:08,900 --> 00:16:05,069

the airship mystery nimza first

359

00:16:12,629 --> 00:16:08,910

chronologically arises with this

360

00:16:16,289 --> 00:16:12,639

mysterious Sonora Aero Club of Sonora

361

00:16:17,700 --> 00:16:16,299

California the the Gold Country west of

362

00:16:22,139 --> 00:16:17,710

Yosemite

363

00:16:26,880 --> 00:16:22,149

and nimza is according to Charles del

364

00:16:30,630 --> 00:16:26,890

Chou the secretive German organization

365

00:16:32,760 --> 00:16:30,640

that oversees what the Sonora Aero Club

366

00:16:35,340 --> 00:16:32,770

is doing and not just the Sonora Aero

367

00:16:36,840 --> 00:16:35,350

Club del Shaw alludes to there being

368

00:16:40,769 --> 00:16:36,850

other groups but he does not identify

369

00:16:44,280 --> 00:16:40,779

them he in his story and his writing

370

00:16:46,889 --> 00:16:44,290

says that he was sent by nimza on behalf

371

00:16:48,600 --> 00:16:46,899

of nimza to go visit the Sonora Aero

372

00:16:50,910 --> 00:16:48,610

Club and observe and report their

373

00:16:52,500 --> 00:16:50,920

progress and he ends up really liking

374

00:16:54,600 --> 00:16:52,510

these guys thinking they're pretty sharp

375

00:16:58,170 --> 00:16:54,610

especially the leader of them

376

00:16:59,519 --> 00:16:58,180

Peter menace and you know he gets

377

00:17:02,750 --> 00:16:59,529

involved with their activities

378

00:17:05,130 --> 00:17:02,760

he never identifies what nimza

379

00:17:07,049 --> 00:17:05,140

specifically means he always spells it

380

00:17:10,199 --> 00:17:07,059

out in all capital letters like an an

381

00:17:18,270 --> 00:17:10,209

acronym it's just always shown as an

382

00:17:20,040 --> 00:17:18,280

acronym and it's n y m z a and many

383

00:17:21,990 --> 00:17:20,050

people have are a few people have tried

384

00:17:25,949 --> 00:17:22,000

to translate what that meant because in

385

00:17:28,500 --> 00:17:25,959

the 1890s 40 years later remember we

386

00:17:30,360 --> 00:17:28,510

have an airship mystery that was in all

387

00:17:33,060 --> 00:17:30,370

the newspapers and often gets talked

388

00:17:38,250 --> 00:17:33,070

about these days in relation to our our

389

00:17:42,270 --> 00:17:38,260

UFO phenomena mm-hmm and nimza is

390

00:17:44,820 --> 00:17:42,280

mentioned during that period some

391

00:17:47,669 --> 00:17:44,830

researchers point to the names of being

392

00:17:50,400 --> 00:17:47,679

involved with the part of the airship

393

00:17:55,080 --> 00:17:50,410

mystery of the 1890s that is connected

394

00:17:58,830 --> 00:17:55,090

to a man named John W Keeley who was

395

00:18:02,010 --> 00:17:58,840

doing stuff on the probably on the same

396

00:18:05,700 --> 00:18:02,020

level of advancement as Tesla but coming

397

00:18:09,180 --> 00:18:05,710

about it from a different angle and so

398

00:18:10,950 --> 00:18:09,190

we have this nimza connected with the

399

00:18:12,900 --> 00:18:10,960

Sonora Aero Club that he merges with the

400

00:18:16,020 --> 00:18:12,910

writings of Charles Dell Shah which are

401

00:18:18,390 --> 00:18:16,030

discovered in the late sixties by pete

402

00:18:20,419 --> 00:18:18,400

navarro but then we have the nihms that

403

00:18:22,680 --> 00:18:20,429

connected with the what is

404

00:18:25,169 --> 00:18:22,690

chronologically 40 years after the

405

00:18:28,890 --> 00:18:25,179

Senora Senora Aero Club connected with

406

00:18:32,000 --> 00:18:28,900

these New York money men and Kili who

407

00:18:34,670 --> 00:18:32,010

was also in New York and such so

408

00:18:37,760 --> 00:18:34,680

people had a tendency to want to

409

00:18:40,250 --> 00:18:37,770

interpret nimza in ymca is New York

410

00:18:42,580 --> 00:18:40,260

something or other in one of the best

411

00:18:44,960 --> 00:18:42,590

was the New York motor Zephyr

412

00:18:47,480 --> 00:18:44,970

Association for lack of a better thing

413

00:18:49,730 --> 00:18:47,490

and and I you know it made logical sense

414

00:18:53,240 --> 00:18:49,740

when you just look at nimza within the

415

00:18:57,110 --> 00:18:53,250

New York context what I did however was

416

00:19:00,740 --> 00:18:57,120

I said to myself that the really del

417

00:19:02,750 --> 00:19:00,750

Chou is the guy who connects an Enzo to

418

00:19:04,580 --> 00:19:02,760

the group in the 1850s and they were a

419

00:19:07,760 --> 00:19:04,590

German group with a few Italian

420

00:19:09,590 --> 00:19:07,770

immigrants but they were this group of

421

00:19:13,490 --> 00:19:09,600

German immigrants in California doing

422

00:19:19,370 --> 00:19:13,500

this and del shall said nimza was

423

00:19:20,690 --> 00:19:19,380

headquartered in Germany so I thought if

424

00:19:22,610 --> 00:19:20,700

we're gonna interpret this or hope to

425

00:19:25,070 --> 00:19:22,620

identify it we're gonna have to look at

426

00:19:28,070 --> 00:19:25,080

it in German terms not limited to New

427

00:19:32,210 --> 00:19:28,080

York and why in my opinion might mean

428

00:19:34,370 --> 00:19:32,220

something else so I kind of reverse

429

00:19:36,380 --> 00:19:34,380

engineered the acronym looking at

430

00:19:39,080 --> 00:19:36,390

various German words and I did come up

431

00:19:41,060 --> 00:19:39,090

with a translation a proposed

432

00:19:44,630 --> 00:19:41,070

translation which I couldn't repeat it

433

00:19:47,180 --> 00:19:44,640

to you right now if you paid me but it's

434

00:19:49,130 --> 00:19:47,190

all in the book in the German how and

435

00:19:51,560 --> 00:19:49,140

why I translate it the way I did the

436

00:19:53,840 --> 00:19:51,570

fact that I did consult people who were

437

00:19:57,350 --> 00:19:53,850

more expert with the German language and

438

00:20:00,050 --> 00:19:57,360

they in turn consulted native German

439

00:20:01,790 --> 00:20:00,060

speakers and you know I I've only had a

440

00:20:03,620 --> 00:20:01,800

couple of people say well I wouldn't

441

00:20:05,270 --> 00:20:03,630

interpret it that way most people and I

442

00:20:07,160 --> 00:20:05,280

mean people familiar with German and the

443

00:20:09,890 --> 00:20:07,170

native speakers have agreed with my

444

00:20:11,480 --> 00:20:09,900

interpretation that I didn't get crazy

445

00:20:13,880 --> 00:20:11,490

with the language it makes sense to the

446

00:20:17,810 --> 00:20:13,890

drive and basically what we end up with

447

00:20:22,540 --> 00:20:17,820

is nimza in the 19th century into the

448

00:20:26,390 --> 00:20:22,550

20th century context was a Prussian

449

00:20:28,880 --> 00:20:26,400

nationalist group not an official German

450

00:20:31,310 --> 00:20:28,890

group you have to remember in the 1850s

451  
00:20:33,170 --> 00:20:31,320  
the Germany we know today was still

452  
00:20:35,690 --> 00:20:33,180  
trying to form what it was back then was

453  
00:20:39,260 --> 00:20:35,700  
a bunch of states trying to come

454  
00:20:41,660 --> 00:20:39,270  
together with a German identity and this

455  
00:20:45,500 --> 00:20:41,670  
German nationalism national identity was

456  
00:20:50,750 --> 00:20:45,510  
being led by the the Prussian element

457  
00:20:54,140 --> 00:20:50,760  
okay and so this nimza in my opinion was

458  
00:20:56,240 --> 00:20:54,150  
a prussian nationalist organization so

459  
00:20:59,030 --> 00:20:56,250  
therefore it was private it was not a

460  
00:21:00,740 --> 00:20:59,040  
government entity mainly because the

461  
00:21:02,539 --> 00:21:00,750  
government they had at the time you know

462  
00:21:04,940 --> 00:21:02,549  
would not have been able to do something

463  
00:21:07,039 --> 00:21:04,950

like this it was a private organization

464

00:21:11,060 --> 00:21:07,049

Mike like a government contractor today

465

00:21:13,159 --> 00:21:11,070

that had at its disposal bankers people

466

00:21:14,750 --> 00:21:13,169

with the money and the industrialist and

467

00:21:16,520 --> 00:21:14,760

of course the men that would have had

468

00:21:19,220 --> 00:21:16,530

the knowledge and I identify several of

469

00:21:20,510 --> 00:21:19,230

them from the period and then going

470

00:21:24,370 --> 00:21:20,520

through the rest of the 19th century

471

00:21:28,220 --> 00:21:24,380

into the 20th all the way up showing the

472

00:21:31,909 --> 00:21:28,230

logical progression connecting them to

473

00:21:37,280 --> 00:21:31,919

the Nazis of World War two fame mm-hmm

474

00:21:39,140 --> 00:21:37,290

and again like I say in the book what

475

00:21:42,110 --> 00:21:39,150

I'm trying to do is pick the best

476

00:21:43,610 --> 00:21:42,120

possible candidates the the best

477

00:21:46,250 --> 00:21:43,620

possible suspects

478

00:21:48,320 --> 00:21:46,260

if this nimza organization that del

479

00:21:52,039 --> 00:21:48,330

shell says existed really did exist and

480

00:21:54,289 --> 00:21:52,049

if the logic that I've followed is how

481

00:21:56,690 --> 00:21:54,299

and why they existed what I did was I

482

00:21:58,700 --> 00:21:56,700

look at the the men at the time who

483

00:22:01,460 --> 00:21:58,710

would have been the most likely suspects

484

00:22:05,450 --> 00:22:01,470

okay mm-hmm and then what's interesting

485

00:22:07,100 --> 00:22:05,460

is those guys led up into the late 19th

486

00:22:10,400 --> 00:22:07,110

century early 20th century they led to

487

00:22:14,240 --> 00:22:10,410

the Nazis okay well and we know we know

488

00:22:17,390 --> 00:22:14,250

that the Nazis were doing some pretty

489

00:22:20,299 --> 00:22:17,400

spooky stuff technology-wise we suspect

490

00:22:23,060 --> 00:22:20,309

that they were inspired in some cases by

491

00:22:25,280 --> 00:22:23,070

maybe lost ancient knowledge that they

492

00:22:28,970 --> 00:22:25,290

had uncovered but the biggest shocker

493

00:22:31,370 --> 00:22:28,980

was the connection of this 1850 Sonora

494

00:22:33,110 --> 00:22:31,380

aero club technology to the Nazi bell

495

00:22:35,840 --> 00:22:33,120

that was a doozy

496

00:22:38,600 --> 00:22:35,850

right and I do want to get into that but

497

00:22:40,610 --> 00:22:38,610

I wanted to throw out a quote from your

498

00:22:42,620 --> 00:22:40,620

book where you say it is in the 18th

499

00:22:44,600 --> 00:22:42,630

century that we find our most direct

500

00:22:46,580 --> 00:22:44,610

influences on the Prussian circles that

501  
00:22:48,590 --> 00:22:46,590  
were likely to have inspired the men who

502  
00:22:50,990 --> 00:22:48,600  
would pursue airship technology in the

503  
00:22:52,640 --> 00:22:51,000  
following century the humanists Age of

504  
00:22:54,950 --> 00:22:52,650  
Enlightenment was a period of much

505  
00:22:57,740 --> 00:22:54,960  
alchemy and mysticism in the Kingdom of

506  
00:22:58,770 --> 00:22:57,750  
Prussia and I love that and seems like

507  
00:23:01,050 --> 00:22:58,780  
you know what

508  
00:23:03,000 --> 00:23:01,060  
dr. Ferral would call the hidden side of

509  
00:23:04,880 --> 00:23:03,010  
physics a lot of people were messing

510  
00:23:09,090 --> 00:23:04,890  
with this stuff at the time Tesla and

511  
00:23:10,650 --> 00:23:09,100  
this Peter Manus guy also but you know

512  
00:23:12,420 --> 00:23:10,660  
it makes me wonder what happened because

513  
00:23:14,760 --> 00:23:12,430

of course the Vatican had a serious

514

00:23:16,710 --> 00:23:14,770

campaign to ban magic and mysticism and

515

00:23:18,690 --> 00:23:16,720

kill off people using it but even years

516

00:23:21,030 --> 00:23:18,700

later we hear that Isaac Newton had a

517

00:23:23,220 --> 00:23:21,040

huge alchemy library how did this

518

00:23:26,370 --> 00:23:23,230

movement of Philosopher's scientists as

519

00:23:29,280 --> 00:23:26,380

you say get so overrun by material

520

00:23:32,160 --> 00:23:29,290

sciences well quite frankly they got

521

00:23:35,010 --> 00:23:32,170

outnumbered this is what happened you

522

00:23:36,990 --> 00:23:35,020

know we can jump over to the Burton book

523

00:23:39,180 --> 00:23:37,000

in that particular instance because I

524

00:23:41,970 --> 00:23:39,190

talked about that in the Burton book how

525

00:23:44,400 --> 00:23:41,980

they just simply got outnumbered they

526

00:23:46,080 --> 00:23:44,410

got outnumbered by the bean counters the

527

00:23:48,870 --> 00:23:46,090

guys that were just all about it's got

528

00:23:51,390 --> 00:23:48,880

to be pure 100% materialist count those

529

00:23:55,950 --> 00:23:51,400

beans we don't want to hear any

530

00:23:58,620 --> 00:23:55,960

philosophy you know and in 1830 I

531

00:24:00,510 --> 00:23:58,630

believe it was when these guys the bean

532

00:24:02,820 --> 00:24:00,520

counters the materialist finally just

533

00:24:04,920 --> 00:24:02,830

outnumbered the other guys they just

534

00:24:07,020 --> 00:24:04,930

took a vote and essentially took over

535

00:24:08,400 --> 00:24:07,030

the Royal Society and this is what I'm

536

00:24:10,410 --> 00:24:08,410

referring to with the bean counters is

537

00:24:12,750 --> 00:24:10,420

the Royal Society because that's the

538

00:24:14,550 --> 00:24:12,760

context of the Burton book and that's an

539

00:24:19,890 --> 00:24:14,560

example of what happened across the

540

00:24:22,230 --> 00:24:19,900

board in this murky world of science and

541

00:24:25,200 --> 00:24:22,240

technology and philosopher scientists

542

00:24:28,850 --> 00:24:25,210

and her medicines in the 19th century it

543

00:24:32,450 --> 00:24:28,860

was just simply numbers Darwinism and

544

00:24:36,200 --> 00:24:32,460

atheism became much more popular and

545

00:24:39,240 --> 00:24:36,210

there you go it was very easy to embrace

546

00:24:41,010 --> 00:24:39,250

the material side of things and and you

547

00:24:42,390 --> 00:24:41,020

know think about it it is logical you

548

00:24:43,950 --> 00:24:42,400

know there you are trying to understand

549

00:24:46,620 --> 00:24:43,960

things scientifically you want to be

550

00:24:48,480 --> 00:24:46,630

able to recreate your results in a lab

551  
00:24:50,850 --> 00:24:48,490  
right that's what the process is all

552  
00:24:53,250 --> 00:24:50,860  
about do those experiments recreate

553  
00:24:55,620 --> 00:24:53,260  
those results you know we can say this

554  
00:24:58,800 --> 00:24:55,630  
is so if you do this this will happen

555  
00:25:00,900 --> 00:24:58,810  
and that's how yeah our understanding of

556  
00:25:02,880 --> 00:25:00,910  
the world around us through science

557  
00:25:06,060 --> 00:25:02,890  
that's how it advanced greatly and we

558  
00:25:09,540 --> 00:25:06,070  
have all this great stuff I mean it

559  
00:25:12,360 --> 00:25:09,550  
makes sense it's logical however I think

560  
00:25:12,960 --> 00:25:12,370  
it is also a case of maybe throwing out

561  
00:25:15,899 --> 00:25:12,970  
the baby

562  
00:25:17,669 --> 00:25:15,909  
uh with the bathwater of our thing when

563  
00:25:20,370 --> 00:25:17,679

the materialists took over in their

564

00:25:24,210 --> 00:25:20,380

enthusiasm they were kind of like the

565

00:25:26,580 --> 00:25:24,220

snarky trolls of their day when they

566

00:25:30,270 --> 00:25:26,590

when they took over you know they just

567

00:25:31,680 --> 00:25:30,280

cast it all out when maybe they should

568

00:25:33,390 --> 00:25:31,690

have kept those little nuggets and

569

00:25:35,460 --> 00:25:33,400

gemstones that the Philosopher's

570

00:25:37,830 --> 00:25:35,470

scientists that her medicine indeed

571

00:25:39,510 --> 00:25:37,840

possessed because I think you know you

572

00:25:41,940 --> 00:25:39,520

mentioned before the hidden physics I

573

00:25:44,399 --> 00:25:41,950

think the guys driving the hidden

574

00:25:47,100 --> 00:25:44,409

physics that we suspect and we see

575

00:25:48,810 --> 00:25:47,110

little glimmers of evidence of I think

576

00:25:50,580 --> 00:25:48,820

that they did not throw the baby out

577

00:25:54,120 --> 00:25:50,590

with the bathwater I think they they

578

00:25:57,539 --> 00:25:54,130

kept the little gemstones and pursued a

579

00:25:59,730 --> 00:25:57,549

different way okay I'm with you there so

580

00:26:01,470 --> 00:25:59,740

let's talk about how these airships

581

00:26:02,730 --> 00:26:01,480

would fly like you mentioned its

582

00:26:05,490 --> 00:26:02,740

connection to the Nazi bell technology

583

00:26:09,120 --> 00:26:05,500

because people look at these images of

584

00:26:10,830 --> 00:26:09,130

dehl shower they hear the 1897 airship

585

00:26:12,930 --> 00:26:10,840

mystery and they think okay somebody had

586

00:26:14,010 --> 00:26:12,940

hot-air balloons or something that's

587

00:26:16,380 --> 00:26:14,020

absolutely not the case

588

00:26:18,779 --> 00:26:16,390

talk to us about the soup Peter Manus

589

00:26:21,000 --> 00:26:18,789

and and how these things worked well

590

00:26:22,799 --> 00:26:21,010

here's the interesting thing again we

591

00:26:25,380 --> 00:26:22,809

still don't know exactly what we have

592

00:26:28,230 --> 00:26:25,390

are the descriptions that are left to us

593

00:26:29,970 --> 00:26:28,240

in the works of del Chou and in in the

594

00:26:31,590 --> 00:26:29,980

witness reports in the airship mystery

595

00:26:35,460 --> 00:26:31,600

you know I'd like to throw out there too

596

00:26:38,399 --> 00:26:35,470

that I have heard scholars alleged

597

00:26:40,799 --> 00:26:38,409

scholars just completely of the UFO

598

00:26:43,080 --> 00:26:40,809

phenomena in history these scholars will

599

00:26:45,560 --> 00:26:43,090

they'll only go back as far as world war

600

00:26:48,180 --> 00:26:45,570

two in some cases only as far back as

601  
00:26:51,270 --> 00:26:48,190  
1947 with Kenneth Arnold which is

602  
00:26:53,340 --> 00:26:51,280  
hilarious that they stop there and if

603  
00:26:55,169 --> 00:26:53,350  
they go back farther they don't really

604  
00:26:56,520 --> 00:26:55,179  
dig into the airship mystery and I've

605  
00:26:58,560 --> 00:26:56,530  
heard them you know they do it often

606  
00:27:01,289 --> 00:26:58,570  
they just dismiss the airship mystery

607  
00:27:04,799 --> 00:27:01,299  
and they repeat something that's not

608  
00:27:07,649 --> 00:27:04,809  
exactly true they repeat this idea that

609  
00:27:09,980 --> 00:27:07,659  
all these airship sightings stories in

610  
00:27:13,409 --> 00:27:09,990  
the papers were all an April Fool's joke

611  
00:27:14,039 --> 00:27:13,419  
well these things were reported for

612  
00:27:16,200 --> 00:27:14,049  
months

613  
00:27:19,770 --> 00:27:16,210

not just in April you know of the given

614

00:27:22,289 --> 00:27:19,780

years 1896 1897 and so forth these

615

00:27:25,310 --> 00:27:22,299

things were seen by hundreds of people

616

00:27:27,799 --> 00:27:25,320

thousands of people over cities and such

617

00:27:30,080 --> 00:27:27,809

and when you take an honest look at it

618

00:27:32,029 --> 00:27:30,090

you find that these guys who were

619

00:27:33,950 --> 00:27:32,039

dismissing this is just the big April

620

00:27:36,139 --> 00:27:33,960

Fool's joke or these newspaper men made

621

00:27:39,710 --> 00:27:36,149

this all up all the newspaper men across

622

00:27:41,360 --> 00:27:39,720

the u.s. made this all up because Wow it

623

00:27:42,950 --> 00:27:41,370

just suddenly you know allegedly made

624

00:27:45,049 --> 00:27:42,960

them millionaires because it sold so

625

00:27:47,389 --> 00:27:45,059

many copies no that wasn't the case and

626  
00:27:50,950 --> 00:27:47,399  
an honest researcher an honest scholar

627  
00:27:53,419 --> 00:27:50,960  
will find that the dismissal is based on

628  
00:27:55,610 --> 00:27:53,429  
really just kind of a lazy falsehood

629  
00:27:59,869 --> 00:27:55,620  
when you look closely at this you see

630  
00:28:03,490 --> 00:27:59,879  
that the technology described and

631  
00:28:06,169 --> 00:28:03,500  
depicted by Dell show in his drawings is

632  
00:28:08,690 --> 00:28:06,179  
curiously just like what people were

633  
00:28:11,899 --> 00:28:08,700  
witnessing in the 1890s only of course

634  
00:28:15,740 --> 00:28:11,909  
in the 1890s it was more advanced but it

635  
00:28:19,879 --> 00:28:15,750  
involved rotation these objects that

636  
00:28:23,330 --> 00:28:19,889  
spin and rotate and it did involve this

637  
00:28:26,269 --> 00:28:23,340  
stuff called soup which dal shall

638  
00:28:28,789 --> 00:28:26,279

spelled su PE because remember he's from

639

00:28:31,369 --> 00:28:28,799

Germany himself and he was struggling

640

00:28:33,580 --> 00:28:31,379

with English there for a while but he

641

00:28:37,730 --> 00:28:33,590

called it soup and it was this green

642

00:28:42,619 --> 00:28:37,740

liquid that only Petr Menace knew the

643

00:28:46,220 --> 00:28:42,629

exact ingredients of and with this soup

644

00:28:49,850 --> 00:28:46,230

the small amount of this soup in this

645

00:28:51,529 --> 00:28:49,860

vaguely described motor Peter menace and

646

00:28:55,340 --> 00:28:51,539

the other guys who successfully flew

647

00:28:56,710 --> 00:28:55,350

their arrows that spelled AE RO who

648

00:28:59,149 --> 00:28:56,720

successfully flew these things

649

00:29:03,740 --> 00:28:59,159

essentially achieved a form of

650

00:29:07,070 --> 00:29:03,750

anti-gravity which could also provide

651  
00:29:10,850 --> 00:29:07,080  
propulsion what's really interesting is

652  
00:29:13,249 --> 00:29:10,860  
in the 1890s the witnesses there's one

653  
00:29:17,379 --> 00:29:13,259  
in particular that's brought aboard one

654  
00:29:22,490 --> 00:29:17,389  
of these airships and he sees spinning

655  
00:29:25,970 --> 00:29:22,500  
apparatus okay and it's activated by a

656  
00:29:27,350 --> 00:29:25,980  
gentle tapping of these phalanges of

657  
00:29:29,570 --> 00:29:27,360  
metal fingers of metal that just kind of

658  
00:29:31,850 --> 00:29:29,580  
stick out from whatever the propulsion

659  
00:29:33,590 --> 00:29:31,860  
device is and the pilot just kind of

660  
00:29:35,869 --> 00:29:33,600  
gently taps it so there you have a

661  
00:29:38,160 --> 00:29:35,879  
vibration which then starts getting

662  
00:29:41,910 --> 00:29:38,170  
everything rotating and the

663  
00:29:44,660 --> 00:29:41,920

this spin it's just with the vibration

664

00:29:49,140 --> 00:29:44,670

and the spin it activates this

665

00:29:51,419 --> 00:29:49,150

anti-gravity effect hmmm now you've got

666

00:29:54,030 --> 00:29:51,429

the spin you go back to menace you've

667

00:29:55,710 --> 00:29:54,040

got the soup of the liquid now jump

668

00:29:57,930 --> 00:29:55,720

ahead to the world war two arrow with

669

00:30:00,060 --> 00:29:57,940

this legend of the Bell which igor

670

00:30:02,070 --> 00:30:00,070

witkowski and Joseph Farrell and others

671

00:30:04,380 --> 00:30:02,080

have written about and what do you have

672

00:30:07,500 --> 00:30:04,390

you have this object that's two parts

673

00:30:09,930 --> 00:30:07,510

that rotate they counter rotate but they

674

00:30:13,520 --> 00:30:09,940

spin one set inside the other and what's

675

00:30:17,580 --> 00:30:13,530

pumped between them is this serum this

676  
00:30:19,830 --> 00:30:17,590  
you know secretive serum recipe so that

677  
00:30:22,110 --> 00:30:19,840  
sounds like Peter Menace you got the

678  
00:30:24,419 --> 00:30:22,120  
rotating object and you've got the

679  
00:30:27,299 --> 00:30:24,429  
strange liquid but here's the real

680  
00:30:31,380 --> 00:30:27,309  
kicker to this in a couple of del shells

681  
00:30:33,690 --> 00:30:31,390  
drawings one of the central pieces of

682  
00:30:37,770 --> 00:30:33,700  
the apparatus that make these arrows fly

683  
00:30:42,440 --> 00:30:37,780  
is a rotating spinning object that is

684  
00:30:45,780 --> 00:30:42,450  
shaped like a bell and this was drawn

685  
00:30:48,230 --> 00:30:45,790  
years before we're told the Nazis

686  
00:30:52,410 --> 00:30:48,240  
started messing with the Bell right and

687  
00:30:56,340 --> 00:30:52,420  
it's depicting something that he said

688  
00:30:59,010 --> 00:30:56,350

was used in the 1850s well that right

689

00:31:02,090 --> 00:30:59,020

there led me to follow the thread which

690

00:31:06,000 --> 00:31:02,100

I lay out in the book in detail showing

691

00:31:10,350 --> 00:31:06,010

how this technology used by these German

692

00:31:13,740 --> 00:31:10,360

guys in California secretly led to this

693

00:31:16,200 --> 00:31:13,750

same kind of technological idea in the

694

00:31:19,530 --> 00:31:16,210

1890s airships but more advanced and

695

00:31:21,120 --> 00:31:19,540

then how that would have led to what the

696

00:31:22,380 --> 00:31:21,130

Nazis were doing and what's the thread

697

00:31:25,080 --> 00:31:22,390

we have through all of this

698

00:31:27,240 --> 00:31:25,090

we got the German guys in the beginning

699

00:31:30,960 --> 00:31:27,250

who were doing this and then you got the

700

00:31:34,340 --> 00:31:30,970

the German Nazis mm-hmm and I explained

701  
00:31:36,620 --> 00:31:34,350  
in the book about the American group

702  
00:31:39,050 --> 00:31:36,630  
that

703  
00:31:41,990 --> 00:31:39,060  
stood up during the Civil War era the

704  
00:31:43,610 --> 00:31:42,000  
post-civil war era right and how it

705  
00:31:47,120 --> 00:31:43,620  
connects into all of this

706  
00:31:49,400 --> 00:31:47,130  
but how still the Germans were in there

707  
00:31:51,500 --> 00:31:49,410  
because you had mention of nimza

708  
00:31:54,110 --> 00:31:51,510  
connected with the airship mystery and

709  
00:31:55,730 --> 00:31:54,120  
that goes into how I point out and why I

710  
00:31:59,270 --> 00:31:55,740  
point out that I think there were two

711  
00:32:01,340 --> 00:31:59,280  
factions doing this right at that time

712  
00:32:03,530 --> 00:32:01,350  
but the point is you do and in the book

713  
00:32:05,450 --> 00:32:03,540

demonstrates the German thread that runs

714

00:32:09,250 --> 00:32:05,460

through all this so you see there is a

715

00:32:11,780 --> 00:32:09,260

logic behind where the Nazis might have

716

00:32:13,130 --> 00:32:11,790

got this information to begin with to

717

00:32:16,280 --> 00:32:13,140

start messing with something like the

718

00:32:18,290 --> 00:32:16,290

Bell yeah I love it I think it's such an

719

00:32:20,180 --> 00:32:18,300

interesting saga and it like I mentioned

720

00:32:22,580 --> 00:32:20,190

in the intro it extends the timeline we

721

00:32:24,920 --> 00:32:22,590

hear about this one pocket of time with

722

00:32:27,470 --> 00:32:24,930

the World War 2 era but it doesn't go

723

00:32:30,380 --> 00:32:27,480

prior to that it doesn't go back into

724

00:32:32,210 --> 00:32:30,390

history further and I think you're

725

00:32:34,790 --> 00:32:32,220

nailing on some really interesting stuff

726

00:32:36,530 --> 00:32:34,800

and talk to us about telluric currents

727

00:32:40,760 --> 00:32:36,540

in the earth this is also part of the

728

00:32:43,130 --> 00:32:40,770

technology right yes I think personally

729

00:32:46,070 --> 00:32:43,140

that if you map out where the sightings

730

00:32:48,710 --> 00:32:46,080

were reported in the 1890s mystery and

731

00:32:50,810 --> 00:32:48,720

when you look at where the Sonora Aero

732

00:32:52,430 --> 00:32:50,820

Club was active those of you have heard

733

00:32:55,100 --> 00:32:52,440

me before and a familiar with my work

734

00:32:56,720 --> 00:32:55,110

know that I have presented information

735

00:32:59,990 --> 00:32:56,730

regarding the idea that there are

736

00:33:02,180 --> 00:33:00,000

telluric current ley lines too popularly

737

00:33:03,620 --> 00:33:02,190

phrase it technically a ley line is

738

00:33:05,690 --> 00:33:03,630

something else but you know it has

739

00:33:07,460 --> 00:33:05,700

become to mean these energy lines

740

00:33:09,560 --> 00:33:07,470

through the earth connected to the world

741

00:33:12,080 --> 00:33:09,570

grid essentially these are what power

742

00:33:15,290 --> 00:33:12,090

the world grid that Tesla talked about

743

00:33:17,180 --> 00:33:15,300

and worked with and in my opinion when

744

00:33:19,520 --> 00:33:17,190

you map out the airship sightings and

745

00:33:24,230 --> 00:33:19,530

the activities of the arrow club you

746

00:33:26,450 --> 00:33:24,240

find that they correlate to wear these

747

00:33:30,200 --> 00:33:26,460

telluric currents have been identified

748

00:33:33,320 --> 00:33:30,210

or proposed to exist by scholars other

749

00:33:36,920 --> 00:33:33,330

than me I do have a map created for me

750

00:33:39,140 --> 00:33:36,930

in sent to me in 2009 2010 that the date

751  
00:33:42,140 --> 00:33:39,150  
is on the tube when I received it in the

752  
00:33:45,430 --> 00:33:42,150  
mail that predates my writing of this

753  
00:33:49,010 --> 00:33:45,440  
stuff and so I referred to the map and

754  
00:33:50,440 --> 00:33:49,020  
there it is I mean the the sightings of

755  
00:33:53,290 --> 00:33:50,450  
these airships report

756  
00:33:55,450 --> 00:33:53,300  
in the 1890s there they are just they

757  
00:33:57,610 --> 00:33:55,460  
they kind of you can see almost like

758  
00:34:01,180 --> 00:33:57,620  
where they would have followed these

759  
00:34:03,190 --> 00:34:01,190  
currents like a track almost and I argue

760  
00:34:06,040 --> 00:34:03,200  
I proposed in the book I suggest this

761  
00:34:08,830 --> 00:34:06,050  
that these airships connect themselves

762  
00:34:11,080 --> 00:34:08,840  
to the world grid that's kind of part of

763  
00:34:13,060 --> 00:34:11,090

how they work and what they follow and

764

00:34:15,400 --> 00:34:13,070

when you're familiar with what Tesla

765

00:34:18,310 --> 00:34:15,410

wanted to do with ships at sea and

766

00:34:20,440 --> 00:34:18,320

aerial platforms he also was gonna power

767

00:34:22,480 --> 00:34:20,450

them with the world grid so it's

768

00:34:26,140 --> 00:34:22,490

certainly not an original idea with me I

769

00:34:28,510 --> 00:34:26,150

was able to just show where hey what

770

00:34:31,900 --> 00:34:28,520

Tesla said looks like maybe somebody was

771

00:34:34,240 --> 00:34:31,910

already doing yeah man and you know you

772

00:34:36,550 --> 00:34:34,250

can also throw UFOs in here with this

773

00:34:38,170 --> 00:34:36,560

Nazi Bell and airship stuff because

774

00:34:40,390 --> 00:34:38,180

we're talking about anti-gravity we're

775

00:34:42,790 --> 00:34:40,400

talking about rotation which is you know

776

00:34:44,770 --> 00:34:42,800

text book flying saucer stuff right and

777

00:34:47,140 --> 00:34:44,780

you know also there are people who have

778

00:34:49,120 --> 00:34:47,150

written books about the fact that flying

779

00:34:51,730 --> 00:34:49,130

saucers if you map all the sightings

780

00:34:53,470 --> 00:34:51,740

they exist along a couple of certain

781

00:34:55,600 --> 00:34:53,480

parallels they've acknowledged that

782

00:34:56,920 --> 00:34:55,610

there might be a connection to the earth

783

00:34:59,830 --> 00:34:56,930

grid so I think you might be onto

784

00:35:02,410 --> 00:34:59,840

something there you know I I think so

785

00:35:04,570 --> 00:35:02,420

we'll see I always like to say I could

786

00:35:07,210 --> 00:35:04,580

be completely wrong about all that right

787

00:35:08,920 --> 00:35:07,220

so it's this is not an area where we get

788

00:35:10,750 --> 00:35:08,930

a lot of definitive answers that's true

789

00:35:12,280 --> 00:35:10,760

right you kind of have to decide for

790

00:35:15,010 --> 00:35:12,290

yourself when you look at the evidence

791

00:35:16,780 --> 00:35:15,020

that's out there right and you know you

792

00:35:19,480 --> 00:35:16,790

mentioned a little bit about the

793

00:35:22,360 --> 00:35:19,490

vibration the tapping of the the

794

00:35:23,890 --> 00:35:22,370

technology and sound and vibration

795

00:35:25,270 --> 00:35:23,900

technologies are something we've heard

796

00:35:27,640 --> 00:35:25,280

about before you know that's the

797

00:35:29,380 --> 00:35:27,650

implication at Coral Castle have they

798

00:35:31,180 --> 00:35:29,390

come up in any other area of your

799

00:35:33,910 --> 00:35:31,190

research and uncovering the types of

800

00:35:35,860 --> 00:35:33,920

technologies and Sciences that these

801  
00:35:37,300 --> 00:35:35,870  
secret groups were looking at well

802  
00:35:39,820 --> 00:35:37,310  
here's the interesting thing this whole

803  
00:35:42,400 --> 00:35:39,830  
thing with sound and vibration was very

804  
00:35:44,440 --> 00:35:42,410  
deeply a part of the work of John W

805  
00:35:46,540 --> 00:35:44,450  
Keeley who I mentioned before and how

806  
00:35:49,330 --> 00:35:46,550  
Keeley got tied into this whole airship

807  
00:35:51,760 --> 00:35:49,340  
mystery was due to his very

808  
00:35:53,970 --> 00:35:51,770  
controversial I might add he was called

809  
00:35:56,280 --> 00:35:53,980  
a fraud in his own lifetime and

810  
00:35:58,700 --> 00:35:56,290  
you know it was very controversial but

811  
00:36:00,960 --> 00:35:58,710  
he was the darling of the New York

812  
00:36:03,840 --> 00:36:00,970  
spiritualist and what we would call New

813  
00:36:08,550 --> 00:36:03,850

Age set of the time which happened to

814

00:36:11,099 --> 00:36:08,560

also be part of the you know the high

815

00:36:14,849 --> 00:36:11,109

society the wealthy the people that were

816

00:36:16,470 --> 00:36:14,859

supposedly the financiers of some of

817

00:36:17,760 --> 00:36:16,480

these airships and such which is where

818

00:36:19,680 --> 00:36:17,770

they got the idea that it was a new

819

00:36:22,770 --> 00:36:19,690

york-based group because there were New

820

00:36:25,680 --> 00:36:22,780

York investors according to you know the

821

00:36:27,930 --> 00:36:25,690

airship mystery and del Chou and such so

822

00:36:32,580 --> 00:36:27,940

there you have it you've got a guy who

823

00:36:35,640 --> 00:36:32,590

was essentially the Tesla of sound and

824

00:36:37,740 --> 00:36:35,650

vibration type technology of his day and

825

00:36:40,859 --> 00:36:37,750

those two guys I don't think they ever

826

00:36:42,450 --> 00:36:40,869

met that they were both up for they were

827

00:36:45,930 --> 00:36:42,460

competing against each other at one

828

00:36:49,590 --> 00:36:45,940

point in the late 1800s for money from I

829

00:36:52,130 --> 00:36:49,600

think it was a stir hmm who you know I

830

00:36:54,750 --> 00:36:52,140

go into that in the book of course and

831

00:36:56,910 --> 00:36:54,760

you also have then later in the 20th

832

00:36:59,520 --> 00:36:56,920

century you have viktor schauberger who

833

00:37:02,670 --> 00:36:59,530

he got into the the whole thing with

834

00:37:05,160 --> 00:37:02,680

rotation and the flow of water and such

835

00:37:06,599 --> 00:37:05,170

and basically what are we talking about

836

00:37:07,380 --> 00:37:06,609

here between Tesla Keeley and

837

00:37:10,020 --> 00:37:07,390

schauberger

838

00:37:13,040 --> 00:37:10,030

you've got these guys who were taking

839

00:37:15,470 --> 00:37:13,050

their discovered knowledge of

840

00:37:18,450 --> 00:37:15,480

little-known or maybe little-noticed

841

00:37:22,200 --> 00:37:18,460

natural forces and doing things with

842

00:37:23,550 --> 00:37:22,210

them that people had done before that's

843

00:37:25,680 --> 00:37:23,560

what's so interesting to me about the

844

00:37:29,300 --> 00:37:25,690

notion that this is lost technology or

845

00:37:31,890 --> 00:37:29,310

lost information because we think of our

846

00:37:34,230 --> 00:37:31,900

technology and things like iPhones and

847

00:37:36,870 --> 00:37:34,240

satellites and they're very mechanical

848

00:37:38,760 --> 00:37:36,880

you know obviously they're very man-made

849

00:37:40,470 --> 00:37:38,770

and we think of all the things that you

850

00:37:42,090 --> 00:37:40,480

need to get to before you get to

851  
00:37:43,859 --> 00:37:42,100  
something like an iPhone or a satellite

852  
00:37:45,240 --> 00:37:43,869  
right then you try to extrapolate that

853  
00:37:46,950 --> 00:37:45,250  
in the ancient world it doesn't really

854  
00:37:49,080 --> 00:37:46,960  
work because we don't have a bunch of

855  
00:37:51,300 --> 00:37:49,090  
trash heaps everywhere you know sitting

856  
00:37:54,090 --> 00:37:51,310  
outside of Gobekli Tepe or something but

857  
00:37:56,820 --> 00:37:54,100  
these more natural technologies that

858  
00:37:59,760 --> 00:37:56,830  
seem to be just as powerful if not more

859  
00:38:02,070 --> 00:37:59,770  
and embedded in the earth or in our

860  
00:38:03,840 --> 00:38:02,080  
environment I mean this might get into

861  
00:38:06,480 --> 00:38:03,850  
something like ether theory and alchemy

862  
00:38:07,170 --> 00:38:06,490  
but this stuff is is really where the

863  
00:38:09,660 --> 00:38:07,180

minds

864

00:38:12,299 --> 00:38:09,670

that for me because it just makes so

865

00:38:14,190 --> 00:38:12,309

much more sense that any civilization or

866

00:38:17,819 --> 00:38:14,200

culture could pick it up and develop it

867

00:38:20,010 --> 00:38:17,829

right so right on on the subject of the

868

00:38:22,710 --> 00:38:20,020

relevancy of this arrow club being in

869

00:38:26,099 --> 00:38:22,720

Southern California you tie it into the

870

00:38:27,750 --> 00:38:26,109

California Gold Rush in 18-49 because

871

00:38:29,520 --> 00:38:27,760

these guys messing with this stuff are

872

00:38:31,799 --> 00:38:29,530

into E so Tara arts and alchemy and you

873

00:38:33,900 --> 00:38:31,809

note that when you say we've all heard

874

00:38:36,660 --> 00:38:33,910

of alchemist making gold but might they

875

00:38:40,260 --> 00:38:36,670

not also possess knowledge of where and

876

00:38:41,910 --> 00:38:40,270

how nature processes gold and that is a

877

00:38:43,470 --> 00:38:41,920

pretty big eye-opener man talk to us

878

00:38:45,569 --> 00:38:43,480

about that piece and how this might be

879

00:38:47,010 --> 00:38:45,579

relevant that the Gold Rush took place

880

00:38:49,040 --> 00:38:47,020

in the same area where these guys are

881

00:38:51,210 --> 00:38:49,050

messing with this kind of stuff

882

00:38:53,339 --> 00:38:51,220

we'll see and isn't that interesting

883

00:38:55,260 --> 00:38:53,349

right they're just what you said I'll

884

00:38:56,940 --> 00:38:55,270

tell you the the most I know about it

885

00:39:00,150 --> 00:38:56,950

comes from a guy who I mentioned before

886

00:39:03,870 --> 00:39:00,160

seseri who wrote a book titled the

887

00:39:06,210 --> 00:39:03,880

handprint of atlas now mr. hurry is kind

888

00:39:09,660 --> 00:39:06,220

of withdrawn from public life and he

889

00:39:12,089 --> 00:39:09,670

asked me to take all his books off the

890

00:39:14,940 --> 00:39:12,099

market hmm I published them through my

891

00:39:16,559 --> 00:39:14,950

company and so his books are no longer

892

00:39:19,319 --> 00:39:16,569

available but somebody out there might

893

00:39:21,260 --> 00:39:19,329

have a copy a printed copy of a hand

894

00:39:25,109 --> 00:39:21,270

print of Atlas and in that book he

895

00:39:27,390 --> 00:39:25,119

describes how yes the powers that be so

896

00:39:29,400 --> 00:39:27,400

to speak through these kinds of things

897

00:39:31,620 --> 00:39:29,410

I'm talking about how airship mystery

898

00:39:33,809 --> 00:39:31,630

clubs form you know you get guys with

899

00:39:36,539 --> 00:39:33,819

knowledge right and these guys would

900

00:39:38,789 --> 00:39:36,549

knowledge find their way into government

901  
00:39:41,539 --> 00:39:38,799  
positions you know leadership positions

902  
00:39:43,950 --> 00:39:41,549  
in organizations that have the means to

903  
00:39:47,099 --> 00:39:43,960  
pursue things like gold mining and such

904  
00:39:49,710 --> 00:39:47,109  
but somewhere along the way these guys

905  
00:39:53,370 --> 00:39:49,720  
had figured out how to read the terrain

906  
00:39:55,020 --> 00:39:53,380  
of the earth and how to read you know

907  
00:39:57,079 --> 00:39:55,030  
they probably did a little reverse

908  
00:40:00,480 --> 00:39:57,089  
engineering where gold had been found

909  
00:40:03,710 --> 00:40:00,490  
prior and they figured out that they

910  
00:40:07,740 --> 00:40:03,720  
could identify by a particular

911  
00:40:11,130 --> 00:40:07,750  
geophysical feature which mr. hurry

912  
00:40:14,160 --> 00:40:11,140  
identifies as a Hajj in his book and

913  
00:40:16,500 --> 00:40:14,170

they would identify these Hodges which

914

00:40:19,680 --> 00:40:16,510

are like little round mountains with

915

00:40:23,040 --> 00:40:19,690

not sharp pointy tops but round

916

00:40:26,160 --> 00:40:23,050

mountains mm-hmm and it was at somewhere

917

00:40:29,850 --> 00:40:26,170

around the base of the Hajj is where you

918

00:40:32,430 --> 00:40:29,860

would find this black soil or sand or

919

00:40:34,530 --> 00:40:32,440

whatever and and that was their clue now

920

00:40:36,990 --> 00:40:34,540

mr. hurry describes this much better

921

00:40:40,380 --> 00:40:37,000

than I do in his book the handprint of

922

00:40:43,440 --> 00:40:40,390

Atlas and he also suggests in that book

923

00:40:46,230 --> 00:40:43,450

that the goldrush of California in 18-49

924

00:40:49,860 --> 00:40:46,240

was a staged event because the United

925

00:40:53,400 --> 00:40:49,870

States wanted California and so one of

926

00:40:56,880 --> 00:40:53,410

the best ways to get the state would be

927

00:40:59,610 --> 00:40:56,890

to have a bunch of Americans just flood

928

00:41:01,200 --> 00:40:59,620

the population this should sound

929

00:41:04,140 --> 00:41:01,210

familiar because this gets talked about

930

00:41:06,590 --> 00:41:04,150

today how you know that is one way to

931

00:41:09,000 --> 00:41:06,600

take over an area just flood it with

932

00:41:11,040 --> 00:41:09,010

your folks and then you can stake a

933

00:41:13,280 --> 00:41:11,050

claim right how many of our people we

934

00:41:17,430 --> 00:41:13,290

got there and this was a tactic that

935

00:41:19,710 --> 00:41:17,440

sorry claims the u.s. used and so

936

00:41:22,020 --> 00:41:19,720

therefore they knew that the gold was

937

00:41:23,970 --> 00:41:22,030

there at Sutter's Mill or whatever the

938

00:41:25,800 --> 00:41:23,980

place is that he says they knew the gold

939

00:41:27,600 --> 00:41:25,810

was there and they were just waiting for

940

00:41:30,930 --> 00:41:27,610

the moment and they chose their moment

941

00:41:33,240 --> 00:41:30,940

to do this stage this Eureka event and

942

00:41:34,830 --> 00:41:33,250

then everybody rushed in there of course

943

00:41:37,080 --> 00:41:34,840

when you look at the gold rush the

944

00:41:39,120 --> 00:41:37,090

people who made money were the people

945

00:41:41,220 --> 00:41:39,130

who supplied the dry goods and the

946

00:41:43,080 --> 00:41:41,230

clothes and the tools and set up the

947

00:41:45,030 --> 00:41:43,090

towns and had the saloons and stuff the

948

00:41:49,440 --> 00:41:45,040

guy's going to look for gold very few of

949

00:41:51,830 --> 00:41:49,450

them you know found any so it was

950

00:41:54,930 --> 00:41:51,840

building an instant population and

951  
00:41:57,090 --> 00:41:54,940  
standing up instant industry and then

952  
00:42:00,180 --> 00:41:57,100  
that resulted in instant towns right

953  
00:42:01,830 --> 00:42:00,190  
yeah then of course subsequently you

954  
00:42:07,950 --> 00:42:01,840  
know things went the way they wanted it

955  
00:42:10,680 --> 00:42:07,960  
to so this idea that they could read the

956  
00:42:13,890 --> 00:42:10,690  
terrain and know where the earth

957  
00:42:15,240 --> 00:42:13,900  
produced gold that suggests what other

958  
00:42:16,650 --> 00:42:15,250  
kind of things did they know and of

959  
00:42:18,660 --> 00:42:16,660  
course when you look at the history of

960  
00:42:21,420 --> 00:42:18,670  
telegraphy and when you know the facts

961  
00:42:22,950 --> 00:42:21,430  
about telegraphy and the railroads you

962  
00:42:25,440 --> 00:42:22,960  
see that well one of the other things I

963  
00:42:27,690 --> 00:42:25,450

knew was this telluric current snow

964

00:42:29,940 --> 00:42:27,700

because telluric current is a reality

965

00:42:31,680 --> 00:42:29,950

and the telegraphers you know the guy

966

00:42:33,630 --> 00:42:31,690

did the little Telegraph did it did it

967

00:42:37,260 --> 00:42:33,640

did it with the Morse code which the

968

00:42:39,120 --> 00:42:37,270

railroad stood up they strung this they

969

00:42:40,710 --> 00:42:39,130

set this up along the lines of this

970

00:42:41,220 --> 00:42:40,720

telluric current which they knew was

971

00:42:43,740 --> 00:42:41,230

there

972

00:42:46,020 --> 00:42:43,750

and if you follow railroad lines and

973

00:42:48,470 --> 00:42:46,030

railroad tracks the railroad lines also

974

00:42:52,140 --> 00:42:48,480

followed this current went hand in hand

975

00:42:55,230 --> 00:42:52,150

so this is all going on in the middle

976

00:42:57,839 --> 00:42:55,240

19th century and and it's out there in

977

00:43:00,240 --> 00:42:57,849

uncertain milieu of Engineers and it's

978

00:43:03,780 --> 00:43:00,250

kind of like an open secret there was

979

00:43:05,849 --> 00:43:03,790

just these guys who they understood the

980

00:43:07,890 --> 00:43:05,859

principles of things that maybe the

981

00:43:10,440 --> 00:43:07,900

general public didn't know mm-hmm and

982

00:43:12,630 --> 00:43:10,450

they used it to their advantage yeah

983

00:43:15,870 --> 00:43:12,640

it's fascinating there always seems to

984

00:43:17,490 --> 00:43:15,880

be a conspiratorial subtext to events

985

00:43:19,950 --> 00:43:17,500

then we remember in the past but the

986

00:43:21,359 --> 00:43:19,960

Gold Rush is nothing I've ever heard be

987

00:43:22,770 --> 00:43:21,369

brought up I've never heard anyone try

988

00:43:24,930 --> 00:43:22,780

to read between the lines of that so

989

00:43:28,140 --> 00:43:24,940

that's really interesting and we also

990

00:43:29,790 --> 00:43:28,150

did a recent show where I had a guest

991

00:43:32,130 --> 00:43:29,800

talk about evidence that points to the

992

00:43:34,079 --> 00:43:32,140

Amazon being a product of advanced

993

00:43:36,120 --> 00:43:34,089

permaculture practices put in place by

994

00:43:37,589 --> 00:43:36,130

ancient humans and it actually made me

995

00:43:40,319 --> 00:43:37,599

wonder if something similar

996

00:43:43,290 --> 00:43:40,329

couldn't have happened in areas of high

997

00:43:46,020 --> 00:43:43,300

gold production could an area of the

998

00:43:47,700 --> 00:43:46,030

earth be engineered to produce a lot of

999

00:43:49,589 --> 00:43:47,710

gold is this something they could have

1000

00:43:52,260 --> 00:43:49,599

known how to tweak their environment to

1001

00:43:54,960 --> 00:43:52,270

get gold out of it well that's a very

1002

00:43:57,839 --> 00:43:54,970

very interesting suggestion and and I

1003

00:44:00,300 --> 00:43:57,849

would lean towards saying yeah you know

1004

00:44:03,510 --> 00:44:00,310

I think there's something to that I have

1005

00:44:06,200 --> 00:44:03,520

a cumulative result of my research and

1006

00:44:09,660 --> 00:44:06,210

stuff as I'm I'm in the camp of the

1007

00:44:12,540 --> 00:44:09,670

possibility that the the earth has been

1008

00:44:15,990 --> 00:44:12,550

machined or is in some way some big bio

1009

00:44:17,760 --> 00:44:16,000

machine mm-hmm and sure you know my

1010

00:44:20,690 --> 00:44:17,770

personal view and the environmentalists

1011

00:44:24,720 --> 00:44:20,700

are just gonna love me as much as the et

1012

00:44:26,819 --> 00:44:24,730

hypothesis UFO people but my view is is

1013

00:44:30,030 --> 00:44:26,829

that human beings we're essentially

1014

00:44:32,970 --> 00:44:30,040

nomadic and we go from world to world

1015

00:44:35,069 --> 00:44:32,980

and you know we use the resources that

1016

00:44:39,540 --> 00:44:35,079

are there and when that world's used up

1017

00:44:41,960 --> 00:44:39,550

time to go to another one I do not buy

1018

00:44:45,530 --> 00:44:41,970

that the earth is this sin

1019

00:44:50,000 --> 00:44:45,540

and being with its own personality and

1020

00:44:54,650 --> 00:44:50,010

awareness of itself and blah blah blah

1021

00:44:57,470 --> 00:44:54,660

it has living things on it and it has

1022

00:44:59,030 --> 00:44:57,480

this ecosystem but it is essentially now

1023

00:45:00,349 --> 00:44:59,040

we're not supposed to crap on it we're

1024

00:45:02,660 --> 00:45:00,359

not supposed to treat it like crap of

1025

00:45:04,640 --> 00:45:02,670

course not it's our home but we are in

1026  
00:45:07,880 --> 00:45:04,650  
my opinion that we're supposed to you

1027  
00:45:09,890 --> 00:45:07,890  
know use it and survive on it and build

1028  
00:45:13,070 --> 00:45:09,900  
our civilizations and then when we're

1029  
00:45:14,300 --> 00:45:13,080  
using it all up it's like I said time to

1030  
00:45:18,349 --> 00:45:14,310  
move on to the next one

1031  
00:45:21,410 --> 00:45:18,359  
and I I think if there was a

1032  
00:45:23,420 --> 00:45:21,420  
civilization that was way more advanced

1033  
00:45:25,520 --> 00:45:23,430  
than anything we've had or aware of that

1034  
00:45:27,109 --> 00:45:25,530  
we've had it's very possible that they

1035  
00:45:29,390 --> 00:45:27,119  
might had a technology where they could

1036  
00:45:32,180 --> 00:45:29,400  
you know have come here and known how to

1037  
00:45:34,730 --> 00:45:32,190  
engineer certain things again I refer to

1038  
00:45:37,310 --> 00:45:34,740

accessories handprint of Atlas he kind of

1039

00:45:39,800 --> 00:45:37,320

goes into this very thing where he

1040

00:45:42,080 --> 00:45:39,810

thinks this offworld civilization did

1041

00:45:44,839 --> 00:45:42,090

kind of if you remember the Star Trek

1042

00:45:47,180 --> 00:45:44,849

movies in the Genesis machine he thinks

1043

00:45:50,750 --> 00:45:47,190

they did kind of a Genesis number where

1044

00:45:52,310 --> 00:45:50,760

you had this globe whatever condition

1045

00:45:56,109 --> 00:45:52,320

the earth was in whatever stage it was

1046

00:45:59,750 --> 00:45:56,119

in and this off planet civilization

1047

00:46:02,030 --> 00:45:59,760

injected this massive device and he says

1048

00:46:04,700 --> 00:46:02,040

that the impact point was what is now

1049

00:46:06,620 --> 00:46:04,710

Lake Victoria in Africa he argues that

1050

00:46:09,020 --> 00:46:06,630

that's what the Royal Geographical

1051  
00:46:11,240 --> 00:46:09,030  
Society was really after mmm-hmm that's

1052  
00:46:13,630 --> 00:46:11,250  
what Burton was really looking for they

1053  
00:46:17,089 --> 00:46:13,640  
were really looking for the evidence of

1054  
00:46:20,150 --> 00:46:17,099  
this point of impact of this object that

1055  
00:46:24,440 --> 00:46:20,160  
then re-engineered the ecosystems of the

1056  
00:46:27,500 --> 00:46:24,450  
earth to suit the offworld civilizations

1057  
00:46:30,170 --> 00:46:27,510  
desires that's his theory he wants it

1058  
00:46:32,329 --> 00:46:30,180  
out in this book in detail but it

1059  
00:46:34,940 --> 00:46:32,339  
follows along the lines of what we're

1060  
00:46:37,609 --> 00:46:34,950  
talking about here it heard it's

1061  
00:46:39,710 --> 00:46:37,619  
intriguing I mean that is a great story

1062  
00:46:41,420 --> 00:46:39,720  
I owe another little Side Story I like

1063  
00:46:44,420 --> 00:46:41,430

that I picked up from your book as it

1064

00:46:46,280 --> 00:46:44,430

relates to ancient technology is from

1065

00:46:48,079 --> 00:46:46,290

when Napoleon went into the Great

1066

00:46:50,150 --> 00:46:48,089

Pyramid alone and you say that according

1067

00:46:51,829 --> 00:46:50,160

to the lore Napoleon emerged from the

1068

00:46:54,450 --> 00:46:51,839

Great Pyramid in a somewhat unnerved

1069

00:46:56,250 --> 00:46:54,460

state when allegedly asked what happened

1070

00:46:58,109 --> 00:46:56,260

the chamber Napoleon has claimed to have

1071

00:47:00,720 --> 00:46:58,119

replied what's the use you'd never

1072

00:47:03,180 --> 00:47:00,730

believe me and I love that man

1073

00:47:05,130 --> 00:47:03,190

provocative can you elaborate it all or

1074

00:47:07,710 --> 00:47:05,140

speculate on what he might have

1075

00:47:09,960 --> 00:47:07,720

experienced well here's the thing

1076

00:47:12,000 --> 00:47:09,970

also unfortunately what happened was the

1077

00:47:14,819 --> 00:47:12,010

source of that story then apparently

1078

00:47:17,190 --> 00:47:14,829

later denied it so you kind of have to

1079

00:47:18,660 --> 00:47:17,200

take it for what it's worth mm-hmm was

1080

00:47:21,059 --> 00:47:18,670

the guy telling the truth and then

1081

00:47:22,470 --> 00:47:21,069

someone told him hey cut that crap out

1082

00:47:24,089 --> 00:47:22,480

we don't want to talk about that and so

1083

00:47:25,920 --> 00:47:24,099

later he came back and tonight you got

1084

00:47:27,540 --> 00:47:25,930

to decide that for yourself but I would

1085

00:47:29,940 --> 00:47:27,550

say you know you hear these things about

1086

00:47:31,530 --> 00:47:29,950

what the pyramid might have been in my

1087

00:47:33,630 --> 00:47:31,540

opinion I agree with it certainly was

1088

00:47:36,930 --> 00:47:33,640

not a tomb they never found anything

1089

00:47:41,160 --> 00:47:36,940

inside there that ever even indicated

1090

00:47:43,380 --> 00:47:41,170

much less proved that it was a tomb but

1091

00:47:45,390 --> 00:47:43,390

it's easier for people to believe it was

1092

00:47:49,680 --> 00:47:45,400

so we'll let them keep on believing that

1093

00:47:51,329 --> 00:47:49,690

mm-hmm and feel all superior but it's

1094

00:47:54,720 --> 00:47:51,339

possible that if it was some type of

1095

00:47:58,290 --> 00:47:54,730

machine maybe a psychotronic device like

1096

00:48:00,299 --> 00:47:58,300

I say Disneyland was at one time mm-hmm

1097

00:48:02,700 --> 00:48:00,309

it's possible that when he laid down in

1098

00:48:05,880 --> 00:48:02,710

that chamber it activated something or

1099

00:48:08,520 --> 00:48:05,890

whatever residual effect one could

1100

00:48:11,490 --> 00:48:08,530

experience from what remained of the

1101

00:48:14,970 --> 00:48:11,500

structure perhaps sent him on a little a

1102

00:48:17,069 --> 00:48:14,980

little brief mental trip there and so I

1103

00:48:19,770 --> 00:48:17,079

would say if anything you know you're

1104

00:48:23,849 --> 00:48:19,780

talking some type of psychotronic effect

1105

00:48:25,980 --> 00:48:23,859

and that would be my best explanation

1106

00:48:27,870 --> 00:48:25,990

for for what it would have been unless

1107

00:48:30,960 --> 00:48:27,880

there was some apparatus in there that

1108

00:48:35,250 --> 00:48:30,970

they found intact that they removed

1109

00:48:37,799 --> 00:48:35,260

mm-hmm is hidden from history yeah that

1110

00:48:40,559 --> 00:48:37,809

is a possibility but I think that seeing

1111

00:48:44,370 --> 00:48:40,569

you know how the Egyptian culture seemed

1112

00:48:46,260 --> 00:48:44,380

to value the spiritual plane and knowing

1113

00:48:47,849 --> 00:48:46,270

what I know about entheogens I think

1114

00:48:49,440 --> 00:48:47,859

there's a good chance that that might

1115

00:48:52,380 --> 00:48:49,450

have been some type of psychedelic

1116

00:48:54,420 --> 00:48:52,390

machine that could get you there maybe

1117

00:48:56,039 --> 00:48:54,430

without the drugs or maybe they they

1118

00:48:58,500 --> 00:48:56,049

load it up and then got into it or

1119

00:49:00,000 --> 00:48:58,510

something but well you know I'll say

1120

00:49:02,280 --> 00:49:00,010

about that what I like to say about a

1121

00:49:03,809 --> 00:49:02,290

lot of things I write is I let the

1122

00:49:06,599 --> 00:49:03,819

listener or the reader decide for

1123

00:49:08,030 --> 00:49:06,609

themselves their point that's I like to

1124

00:49:10,370 --> 00:49:08,040

do that here too

1125

00:49:11,780 --> 00:49:10,380

so if we get back to these breakaway

1126  
00:49:15,680 --> 00:49:11,790  
groups because there are is more than

1127  
00:49:18,050 --> 00:49:15,690  
one and you know what makes them tick is

1128  
00:49:20,000 --> 00:49:18,060  
often funding usually that is a point of

1129  
00:49:22,910 --> 00:49:20,010  
studying can you tell us any more about

1130  
00:49:25,370 --> 00:49:22,920  
the backers of this underground group or

1131  
00:49:27,850 --> 00:49:25,380  
groups well you have for those

1132  
00:49:31,220 --> 00:49:27,860  
interested I might go into detail I

1133  
00:49:33,560 --> 00:49:31,230  
identified German bankers specifically

1134  
00:49:36,020 --> 00:49:33,570  
who I think would have been these

1135  
00:49:37,940 --> 00:49:36,030  
mysterious financiers and the New York

1136  
00:49:41,330 --> 00:49:37,950  
bankers as well as a matter of fact in

1137  
00:49:43,910 --> 00:49:41,340  
origin I list out both of them the most

1138  
00:49:45,980 --> 00:49:43,920

likely suspects because these were the

1139

00:49:48,320 --> 00:49:45,990

banks that existed in those days when

1140

00:49:50,720 --> 00:49:48,330

the sources like del Chou and the

1141

00:49:53,210 --> 00:49:50,730

newspaper reports 1890s refer to

1142

00:49:56,300 --> 00:49:53,220

financials and bankers what I did was I

1143

00:49:59,810 --> 00:49:56,310

said okay who were the bankers of the

1144

00:50:01,130 --> 00:49:59,820

day mm-hmm so I went back and looked

1145

00:50:04,150 --> 00:50:01,140

through the history of it and identify

1146

00:50:08,560 --> 00:50:04,160

here you go I was able to trace the line

1147

00:50:12,620 --> 00:50:08,570

between the early to mid 19th century

1148

00:50:17,440 --> 00:50:12,630

industrialists and bankers and her

1149

00:50:19,520 --> 00:50:17,450

medicine leading to the 1890s era

1150

00:50:20,930 --> 00:50:19,530

counterparts of these guys in some cases

1151

00:50:22,820 --> 00:50:20,940

you know of course there's overlap some

1152

00:50:24,920 --> 00:50:22,830

of these guys were still around just

1153

00:50:26,900 --> 00:50:24,930

like the guys during the 1890s mystery

1154

00:50:29,870 --> 00:50:26,910

work some of them were still around in

1155

00:50:32,870 --> 00:50:29,880

the early days of Nazi Germany and I

1156

00:50:34,460 --> 00:50:32,880

show the line there between the guys

1157

00:50:36,910 --> 00:50:34,470

that would have been financiers bankers

1158

00:50:41,120 --> 00:50:36,920

and industrialists German or New York

1159

00:50:43,790 --> 00:50:41,130

mm-hmm during the 1890s mystery the ones

1160

00:50:47,690 --> 00:50:43,800

that would have been connected to the

1161

00:50:51,980 --> 00:50:47,700

foundation of Nazi Germany and their

1162

00:50:55,280 --> 00:50:51,990

pursuit of this stuff and it's it's very

1163

00:50:58,190 --> 00:50:55,290

intriguing when you look at this whole

1164

00:50:59,720 --> 00:50:58,200

mystery from that perspective you know

1165

00:51:02,510 --> 00:50:59,730

it's all well and good to talk about who

1166

00:51:05,180 --> 00:51:02,520

we saw this machine and who flew and wow

1167

00:51:07,070 --> 00:51:05,190

what a mystery and and yeah and it was

1168

00:51:10,610 --> 00:51:07,080

these things were built by New York

1169

00:51:13,310 --> 00:51:10,620

bankers in Richmond well except in the

1170

00:51:15,590 --> 00:51:13,320

case of Astor Rockefeller whatever most

1171

00:51:17,900 --> 00:51:15,600

scholars had never taken a close look at

1172

00:51:19,700 --> 00:51:17,910

who these money men were and the

1173

00:51:21,260 --> 00:51:19,710

interesting thing I found was the closer

1174

00:51:21,650 --> 00:51:21,270

you looked at who these money men were

1175

00:51:23,539 --> 00:51:21,660

in these

1176

00:51:27,589 --> 00:51:23,549

industrialist you find that they were

1177

00:51:30,109 --> 00:51:27,599

connected to say Nazi Germany or the

1178

00:51:33,079 --> 00:51:30,119

German war machine of World War one and

1179

00:51:35,690 --> 00:51:33,089

it just kind of begins to make even more

1180

00:51:37,819 --> 00:51:35,700

sense that these are the guys who would

1181

00:51:40,849 --> 00:51:37,829

have been behind pursuing something like

1182

00:51:43,430 --> 00:51:40,859

this mysterious and secret airship

1183

00:51:44,839 --> 00:51:43,440

technology right it is an eye-opener man

1184

00:51:48,170 --> 00:51:44,849

because we're really talking about as

1185

00:51:50,870 --> 00:51:48,180

Germans getting a foothold of power in

1186

00:51:53,839 --> 00:51:50,880

the United States as early as like the

1187

00:51:56,180 --> 00:51:53,849

Civil War era right and it goes further

1188

00:51:58,039 --> 00:51:56,190

from there but it makes something like

1189

00:51:59,930 --> 00:51:58,049

Project Paperclip seem a lot more

1190

00:52:02,240 --> 00:51:59,940

natural when you just think about the

1191

00:52:04,309 --> 00:52:02,250

infiltration and what's also interesting

1192

00:52:07,640 --> 00:52:04,319

is you do mention Brown Brothers

1193

00:52:09,380 --> 00:52:07,650

Harriman in this and that's struck a

1194

00:52:11,089 --> 00:52:09,390

chord with me because Prescott Bush

1195

00:52:13,039 --> 00:52:11,099

worked for them and you write a lot

1196

00:52:15,020 --> 00:52:13,049

about German organizations getting that

1197

00:52:17,270 --> 00:52:15,030

foothold long before Project Paperclip

1198

00:52:21,319 --> 00:52:17,280

and I wonder if Bush might have known

1199

00:52:23,359 --> 00:52:21,329

anything about this stuff you you know

1200

00:52:28,339 --> 00:52:23,369

you touched on a big one there this

1201

00:52:31,059 --> 00:52:28,349

started this foothold really got a its

1202

00:52:34,960 --> 00:52:31,069

first deep impression with Kuhn Loeb

1203

00:52:38,329 --> 00:52:34,970

okay the German banking organization

1204

00:52:40,279 --> 00:52:38,339

that was here in America who at one time

1205

00:52:41,750 --> 00:52:40,289

they were the guys behind a lot of the

1206

00:52:43,190 --> 00:52:41,760

railroads you had all these different

1207

00:52:44,630 --> 00:52:43,200

railroads throughout the country and

1208

00:52:47,210 --> 00:52:44,640

right yeah competing with each other but

1209

00:52:48,859 --> 00:52:47,220

Kuhn Loeb they were the bankers that had

1210

00:52:52,460 --> 00:52:48,869

their fingers in all those railroad ties

1211

00:52:56,720 --> 00:52:52,470

and at one time they physically they

1212

00:52:58,579 --> 00:52:56,730

owned 65% of the physical railroad in

1213

00:53:01,220 --> 00:52:58,589

the United States so think about that

1214

00:53:03,500 --> 00:53:01,230

you know and you have these German born

1215

00:53:06,319 --> 00:53:03,510

bankers who had their connections to

1216

00:53:10,640 --> 00:53:06,329

Germany despite being an American

1217

00:53:13,010 --> 00:53:10,650

institution and they pretty much

1218

00:53:18,319 --> 00:53:13,020

financially controlled the railroads

1219

00:53:19,670 --> 00:53:18,329

which meant telegraphy which also tied

1220

00:53:22,220 --> 00:53:19,680

in with the knowledge of the telluric

1221

00:53:24,620 --> 00:53:22,230

current so therefore what did they know

1222

00:53:28,160 --> 00:53:24,630

about I identify them as being involved

1223

00:53:31,730 --> 00:53:28,170

with the airship nimza but Kuhn Loeb

1224

00:53:35,060 --> 00:53:31,740

were the backers of eh Harriman when he

1225

00:53:37,990 --> 00:53:35,070

purchased the Union Pacific Railroad

1226

00:53:40,610 --> 00:53:38,000

for what was then considered a

1227

00:53:43,760 --> 00:53:40,620

ridiculous overpayment but he wanted it

1228

00:53:46,760 --> 00:53:43,770

and kuhn loeb backed him up well eh

1229

00:53:48,170 --> 00:53:46,770

Harriman is the subsequent Brown

1230

00:53:50,780 --> 00:53:48,180

Brothers Harriman that's where the

1231

00:53:54,320 --> 00:53:50,790

Harriman name comes from in avril and

1232

00:53:56,780 --> 00:53:54,330

and bunny or afro might be bunny but the

1233

00:53:59,180 --> 00:53:56,790

Harriman brothers who Prescott Bush was

1234

00:54:01,730 --> 00:53:59,190

friends with were the sons of eh

1235

00:54:03,980 --> 00:54:01,740

Harriman you know that are connected to

1236

00:54:07,850 --> 00:54:03,990

kuhn loeb and i spell all this out in

1237

00:54:11,270 --> 00:54:07,860

the book and it shows again the thread

1238

00:54:12,530 --> 00:54:11,280

between the mid 19th century stuff that

1239

00:54:14,960 --> 00:54:12,540

was going on with all this in the

1240

00:54:16,520 --> 00:54:14,970

background and leading right up into the

1241

00:54:19,130 --> 00:54:16,530

world war ii era with the germans

1242

00:54:21,470 --> 00:54:19,140

because we know that prescott bush got

1243

00:54:24,770 --> 00:54:21,480

in trouble during world war ii he was

1244

00:54:30,170 --> 00:54:24,780

believed indicted for providing banking

1245

00:54:31,850 --> 00:54:30,180

services to to nazi germany mm-hm to the

1246

00:54:35,120 --> 00:54:31,860

you know the official nazi

1247

00:54:37,310 --> 00:54:35,130

administration as it were and what's

1248

00:54:40,310 --> 00:54:37,320

interesting is you know his own son is a

1249

00:54:43,520 --> 00:54:40,320

u.s. navy fighter pilot fighting this

1250

00:54:45,950 --> 00:54:43,530

war and there he is connected it's very

1251  
00:54:50,240 --> 00:54:45,960  
intriguing and kind of half pisses you

1252  
00:54:51,620 --> 00:54:50,250  
off but a lot of people you know or more

1253  
00:54:53,270 --> 00:54:51,630  
than half pissed off when it comes to

1254  
00:54:58,070 --> 00:54:53,280  
the shenanigans and mysteries of the

1255  
00:55:01,340 --> 00:54:58,080  
bush family history right Wow well on

1256  
00:55:03,530 --> 00:55:01,350  
that note this has been awesome man

1257  
00:55:05,750 --> 00:55:03,540  
that just about does it for my question

1258  
00:55:07,970 --> 00:55:05,760  
thanks for laying out this amazing saga

1259  
00:55:09,920 --> 00:55:07,980  
the secret of the nimza would you like

1260  
00:55:12,380 --> 00:55:09,930  
to remind the people of the work you got

1261  
00:55:16,700 --> 00:55:12,390  
out there and where to get some of this

1262  
00:55:21,080 --> 00:55:16,710  
sweet Bosley action you can get it all

1263  
00:55:22,790 --> 00:55:21,090

on Kendall at amazon.com and you can

1264

00:55:26,660 --> 00:55:22,800

also get it if you prefer printed books

1265

00:55:28,190 --> 00:55:26,670

you can go to lu lu lu lu comm and i

1266

00:55:30,890 --> 00:55:28,200

also have a blog empire of the wheel

1267

00:55:32,960 --> 00:55:30,900

blog spot.com when i'm busy working on

1268

00:55:34,610 --> 00:55:32,970

stuff i don't update it frequently but

1269

00:55:37,220 --> 00:55:34,620

there's some really good essays and

1270

00:55:39,170 --> 00:55:37,230

stuff there along with some links and

1271

00:55:41,420 --> 00:55:39,180

remember even if you don't have a Kindle

1272

00:55:43,580 --> 00:55:41,430

device Amazon gives the Kindle app away

1273

00:55:46,430 --> 00:55:43,590

for free so you can download it onto any

1274

00:55:47,370 --> 00:55:46,440

device so that you too can read Kindle

1275

00:55:49,890 --> 00:55:47,380

books

1276  
00:55:51,690 --> 00:55:49,900  
so that's about where you can find me

1277  
00:55:53,520 --> 00:55:51,700  
very cool and you did allude to this

1278  
00:55:56,250 --> 00:55:53,530  
earlier but are there plans to take this

1279  
00:55:59,400 --> 00:55:56,260  
story further in more books which

1280  
00:56:01,680 --> 00:55:59,410  
particular I guess I would say the

1281  
00:56:04,290 --> 00:56:01,690  
Nemesis story or the breakaway

1282  
00:56:07,470 --> 00:56:04,300  
civilization story oh well you know as

1283  
00:56:10,890 --> 00:56:07,480  
it comes up in the in research I do it

1284  
00:56:14,250 --> 00:56:10,900  
will but I never decide ahead of time

1285  
00:56:15,480 --> 00:56:14,260  
okay I'm gonna like do this series of

1286  
00:56:17,610 --> 00:56:15,490  
books and there's gonna be 10 of them

1287  
00:56:20,400 --> 00:56:17,620  
and then I find things to fill those 10

1288  
00:56:22,920 --> 00:56:20,410

I don't do that I honestly the books I

1289

00:56:24,810 --> 00:56:22,930

do are you know if some if a little

1290

00:56:27,150 --> 00:56:24,820

thread or something pops up and research

1291

00:56:29,220 --> 00:56:27,160

for another book I'll set it aside then

1292

00:56:31,290 --> 00:56:29,230

I'll go back to it and if I get enough

1293

00:56:34,680 --> 00:56:31,300

what I consider to be evidence to

1294

00:56:36,390 --> 00:56:34,690

justify the book I'll do the book but

1295

00:56:40,590 --> 00:56:36,400

I'll never do a book just to have a book

1296

00:56:42,030 --> 00:56:40,600

which is why it's been you know six you

1297

00:56:44,970 --> 00:56:42,040

know almost nine months since I came out

1298

00:56:46,470 --> 00:56:44,980

with I had two others that I'd started

1299

00:56:48,630 --> 00:56:46,480

and I just wasn't finding enough to

1300

00:56:50,580 --> 00:56:48,640

justify it and I won't do that I won't

1301  
00:56:53,610 --> 00:56:50,590  
do a book just to crank out a book and

1302  
00:56:55,230 --> 00:56:53,620  
have a book respectable yeah I I try to

1303  
00:56:57,270 --> 00:56:55,240  
have it be something that intrigued me

1304  
00:57:00,510 --> 00:56:57,280  
enough that I feel there was enough

1305  
00:57:01,890 --> 00:57:00,520  
there to justify this book now the

1306  
00:57:04,620 --> 00:57:01,900  
reader has to decide for themselves

1307  
00:57:06,330 --> 00:57:04,630  
whether that's true or not oh yeah man I

1308  
00:57:08,430 --> 00:57:06,340  
think you do great stuff from Disney to

1309  
00:57:10,620 --> 00:57:08,440  
del Chou I'm into all of it thank you

1310  
00:57:12,480 --> 00:57:10,630  
you really have opened up a big part of

1311  
00:57:14,670 --> 00:57:12,490  
history I think so thanks again and take

1312  
00:57:17,400 --> 00:57:14,680  
care of yourself out there thank you for

1313  
00:57:19,230 --> 00:57:17,410

having me one you got them in sweet son

1314

00:57:21,390 --> 00:57:19,240

of Zorn people there we have it a

1315

00:57:23,820 --> 00:57:21,400

magnifying glass on some chapters of the

1316

00:57:26,490 --> 00:57:23,830

story few have seen I actually loved it

1317

00:57:29,040 --> 00:57:26,500

I think if we reject the desire for a

1318

00:57:30,780 --> 00:57:29,050

single narrative you can easily accept a

1319

00:57:32,670 --> 00:57:30,790

lot of this without moving the alien

1320

00:57:34,800 --> 00:57:32,680

piece or the multi-dimensional entity

1321

00:57:36,780 --> 00:57:34,810

piece at all and if you like the show

1322

00:57:38,700 --> 00:57:36,790

with sh'mon jr. a few weeks ago this is

1323

00:57:40,860 --> 00:57:38,710

just a deeper look at some of that and

1324

00:57:43,170 --> 00:57:40,870

it's the connections to alchemy or

1325

00:57:45,180 --> 00:57:43,180

material derived from the ether that

1326

00:57:47,010 --> 00:57:45,190

really gets me pumped up about the

1327

00:57:49,380 --> 00:57:47,020

Sonora Aero Club that's what I find

1328

00:57:51,270 --> 00:57:49,390

exciting but when you pair this with say

1329

00:57:52,920 --> 00:57:51,280

the James Corbett episode where we talk

1330

00:57:54,930 --> 00:57:52,930

largely about the advanced

1331

00:57:56,640 --> 00:57:54,940

transportation systems an alternative

1332

00:57:58,770 --> 00:57:56,650

fuel that were in full swing before they

1333

00:58:01,150 --> 00:57:58,780

were suppressed and you throw in Tesla

1334

00:58:02,620 --> 00:58:01,160

Wilhelm Reich and Thomas Townshend Brown

1335

00:58:05,680 --> 00:58:02,630

we're all doing wild stuff in the early

1336

00:58:06,789 --> 00:58:05,690

1900's the history of technological

1337

00:58:09,339 --> 00:58:06,799

process

1338

00:58:11,859 --> 00:58:09,349

it's kind of weird doesn't it another

1339

00:58:14,500 --> 00:58:11,869

aspect I like about power or technology

1340

00:58:17,049 --> 00:58:14,510

derived from alchemy or counter-rotation

1341

00:58:19,510 --> 00:58:17,059

devices or manipulating ley lines as

1342

00:58:22,510 --> 00:58:19,520

opposed to our mechanical digital

1343

00:58:25,000 --> 00:58:22,520

technology is that secret societies or

1344

00:58:27,250 --> 00:58:25,010

rogue discoverers can do some really

1345

00:58:29,829 --> 00:58:27,260

wild things and at many different points

1346

00:58:32,799 --> 00:58:29,839

in history things the mainstream think

1347

00:58:34,559 --> 00:58:32,809

would be impossible even today happened

1348

00:58:37,210 --> 00:58:34,569

and we're talking about anti-gravity

1349

00:58:40,240 --> 00:58:37,220

healing devices free energy devices

1350

00:58:43,630 --> 00:58:40,250

weather manipulation with devices that

1351

00:58:45,849 --> 00:58:43,640

aren't that hard to build it's a lot but

1352

00:58:48,309 --> 00:58:45,859

it's because of the simplicity of these

1353

00:58:51,039 --> 00:58:48,319

things that you have to wonder how far

1354

00:58:52,750 --> 00:58:51,049

back it really goes and how about this

1355

00:58:55,740 --> 00:58:52,760

idea of manipulating the earth into a

1356

00:58:58,240 --> 00:58:55,750

gold factory we see these ancient cities

1357

00:59:00,250 --> 00:58:58,250

plated in gold from top to bottom and

1358

00:59:02,470 --> 00:59:00,260

yeah maybe the resource was just more

1359

00:59:04,569 --> 00:59:02,480

abundant than or maybe they were more

1360

00:59:07,089 --> 00:59:04,579

advanced than we're told maybe they had

1361

00:59:09,099 --> 00:59:07,099

more involvement in that process than

1362

00:59:11,200 --> 00:59:09,109

just oh here's something shiny let's

1363

00:59:13,210 --> 00:59:11,210

make a statue I think we should give him

1364

00:59:16,000 --> 00:59:13,220

a bit more credit than that but this

1365

00:59:18,099 --> 00:59:16,010

saga also speaks to this prussian german

1366

00:59:20,410 --> 00:59:18,109

power center and how it was getting its

1367

00:59:22,569 --> 00:59:20,420

hooks into america even before Operation

1368

00:59:25,120 --> 00:59:22,579

Paperclip way before we're talking civil

1369

00:59:26,829 --> 00:59:25,130

war stuff it was this earlier foundation

1370

00:59:29,260 --> 00:59:26,839

that made the transition for Operation

1371

00:59:31,180 --> 00:59:29,270

Paperclip so easy and I know this is a

1372

00:59:32,589 --> 00:59:31,190

weird place for conspiracy thinkers

1373

00:59:34,660 --> 00:59:32,599

because we want a singular narrative

1374

00:59:36,910 --> 00:59:34,670

about who's at the top of the pyramid

1375

00:59:39,789 --> 00:59:36,920

and the overwhelming majority will say

1376

00:59:41,710 --> 00:59:39,799

Jews are in control through centuries of

1377

00:59:43,390 --> 00:59:41,720

banking and usury and now they control

1378

00:59:46,539 --> 00:59:43,400

the media and between the two money and

1379

00:59:48,160 --> 00:59:46,549

media that's a lot of power there's also

1380

00:59:50,349 --> 00:59:48,170

the argument that Jews have been kicked

1381

00:59:52,210 --> 00:59:50,359

out of a lot of places well before World

1382

00:59:55,480 --> 00:59:52,220

War two some would say that this is

1383

00:59:58,000 --> 00:59:55,490

proof of their centuries-old persecution

1384

00:59:59,680 --> 00:59:58,010

and racism but I have a hard time

1385

01:00:02,230 --> 00:59:59,690

thinking that they were kicked out of

1386

01:00:05,309 --> 01:00:02,240

these places for no reason other than

1387

01:00:08,529 --> 01:00:05,319

racism it seems more likely to me that

1388

01:00:10,000 --> 01:00:08,539

elements of the Jewish elite not the

1389

01:00:12,700 --> 01:00:10,010

average Jewish people who of course

1390

01:00:14,680 --> 01:00:12,710

suffered the effects of such a ban but

1391

01:00:16,480 --> 01:00:14,690

the Jewish power center

1392

01:00:18,250 --> 01:00:16,490

it feels like to me elements of that

1393

01:00:21,309 --> 01:00:18,260

Jewish power center we're probably so

1394

01:00:23,380 --> 01:00:21,319

efficient at rising to power in these

1395

01:00:26,079 --> 01:00:23,390

places that it freaked out the rest of

1396

01:00:28,180 --> 01:00:26,089

the government so they said all you got

1397

01:00:30,040 --> 01:00:28,190

to go get the [h\_\_h] out of here I'm not

1398

01:00:31,630 --> 01:00:30,050

saying that's right I'm just saying I

1399

01:00:34,390 --> 01:00:31,640

think that that might have been what's

1400

01:00:35,680 --> 01:00:34,400

behind it objectively and of course you

1401

01:00:37,630 --> 01:00:35,690

have a lot of stuff there with the

1402

01:00:40,450 --> 01:00:37,640

Rothschild family too you can say that

1403

01:00:42,280 --> 01:00:40,460

they're not real Jewish people or posers

1404

01:00:44,559 --> 01:00:42,290

you can have that argument and that's

1405

01:00:45,940 --> 01:00:44,569

kind of its own thing so I think there

1406

01:00:48,849 --> 01:00:45,950

is something there that a lot of

1407

01:00:51,400 --> 01:00:48,859

researchers are onto but we cannot

1408

01:00:53,950 --> 01:00:51,410

ignore this German and Prussian elite

1409

01:00:55,660 --> 01:00:53,960

and they're influenced you got some

1410

01:00:57,400 --> 01:00:55,670

shows in the conspiracy space that say

1411

01:01:00,730 --> 01:00:57,410

it's all Jews and the Germans and the

1412

01:01:03,160 --> 01:01:00,740

Nazis were wrongfully demonized and I

1413

01:01:05,140 --> 01:01:03,170

think that's going way too far let's

1414

01:01:07,120 --> 01:01:05,150

examine a couple of things Henry Ford

1415

01:01:08,890 --> 01:01:07,130

and Rockefeller were two of the big

1416

01:01:10,329 --> 01:01:08,900

names among the early American

1417

01:01:12,910 --> 01:01:10,339

industrialists and rockefeller was

1418

01:01:14,770 --> 01:01:12,920

German Henry Ford's dad was Irish so

1419

01:01:16,900 --> 01:01:14,780

that doesn't really help us out but

1420

01:01:19,359 --> 01:01:16,910

Henry Ford wrote a book called the

1421

01:01:22,240 --> 01:01:19,369

International Jews that goes over how

1422

01:01:23,920 --> 01:01:22,250

bad they are and how they like to get

1423

01:01:26,680 --> 01:01:23,930

their hooks in everything and take over

1424

01:01:28,630 --> 01:01:26,690

a place so Henry Ford the guy who works

1425

01:01:30,730 --> 01:01:28,640

with rockefeller to install an

1426

01:01:33,579 --> 01:01:30,740

assembly-line lifestyle in America and

1427

01:01:35,740 --> 01:01:33,589

ushers in forced schooling aimed testing

1428

01:01:37,960 --> 01:01:35,750

loyalty to its management class rather

1429

01:01:39,640 --> 01:01:37,970

than testing intelligence plus the

1430

01:01:41,950 --> 01:01:39,650

suppression of public transportation

1431

01:01:43,870 --> 01:01:41,960

systems and forcing an oil only fuel

1432

01:01:45,849 --> 01:01:43,880

policy I mean this seems like some of

1433

01:01:48,700 --> 01:01:45,859

the biggest changes that were made and

1434

01:01:51,309 --> 01:01:48,710

problems that this country has and Henry

1435

01:01:52,599 --> 01:01:51,319

Ford is involved in it and he wants you

1436

01:01:54,790 --> 01:01:52,609

to worry about what the Jews are doing

1437

01:01:57,250 --> 01:01:54,800

so I think we should just say that it's

1438

01:01:58,990 --> 01:01:57,260

not all black and white I mean the Bush

1439

01:02:01,210 --> 01:01:59,000

family we did that show with russ Baker

1440

01:02:03,910 --> 01:02:01,220

taking their family back to civil war

1441

01:02:05,740 --> 01:02:03,920

corruption also a German family and they

1442

01:02:07,870 --> 01:02:05,750

turned out to presidents one who stole

1443

01:02:10,180 --> 01:02:07,880

the election and ushered in 9/11 but

1444

01:02:12,700 --> 01:02:10,190

don't look at the Chairman's I mean you

1445

01:02:15,670 --> 01:02:12,710

know you can say they are Zionists too

1446

01:02:18,400 --> 01:02:15,680

so maybe this German Jew false dichotomy

1447

01:02:20,230 --> 01:02:18,410

is as ridiculous as Democrats and

1448

01:02:22,240 --> 01:02:20,240

Republicans I think it's more rich

1449

01:02:24,540 --> 01:02:22,250

versus poor I have said that before but

1450

01:02:27,880 --> 01:02:24,550

we're getting into some [h\_\_\h] here I mean

1451  
01:02:28,600 --> 01:02:27,890  
MKULTRA Operation Paperclip the rocketry

1452  
01:02:30,190 --> 01:02:28,610  
program

1453  
01:02:32,410 --> 01:02:30,200  
and NASA the chemical-based

1454  
01:02:36,160 --> 01:02:32,420  
pharmaceutical industry the education

1455  
01:02:39,250 --> 01:02:36,170  
system these are institutions of control

1456  
01:02:41,800 --> 01:02:39,260  
that are largely German in nature or

1457  
01:02:43,780 --> 01:02:41,810  
German corporations so I think we have

1458  
01:02:46,320 --> 01:02:43,790  
to consider multiple power centers and

1459  
01:02:48,310 --> 01:02:46,330  
more of a game of thrones scenario I

1460  
01:02:50,200 --> 01:02:48,320  
don't know I think it's more valuable

1461  
01:02:51,910 --> 01:02:50,210  
point the finger at individuals rather

1462  
01:02:53,410 --> 01:02:51,920  
than groups anyway and at the capstone

1463  
01:02:55,420 --> 01:02:53,420

level I think they probably just see the

1464

01:02:57,070 --> 01:02:55,430

masses as the enemy regardless of if

1465

01:02:58,300 --> 01:02:57,080

they share blood with them or not but I

1466

01:03:00,910 --> 01:02:58,310

did want to lay some of them out there

1467

01:03:02,950 --> 01:03:00,920

because there will be comments oh so

1468

01:03:05,260 --> 01:03:02,960

it's all Germans sure ignore the Jews

1469

01:03:08,350 --> 01:03:05,270

well it looks like THC is compromised

1470

01:03:10,840 --> 01:03:08,360

and look we do shows where we talk about

1471

01:03:12,640 --> 01:03:10,850

that with guests who research that story

1472

01:03:14,140 --> 01:03:12,650

and we have guests who focus on several

1473

01:03:15,760 --> 01:03:14,150

other groups today we focused on a

1474

01:03:17,590 --> 01:03:15,770

Prussian hermetic society and its

1475

01:03:19,390 --> 01:03:17,600

influence and its advanced technology

1476

01:03:22,030 --> 01:03:19,400

behind the veil I mean there's nothing

1477

01:03:24,190 --> 01:03:22,040

necessarily nefarious about flying some

1478

01:03:26,260 --> 01:03:24,200

exotic crafts but it is more than just

1479

01:03:28,060 --> 01:03:26,270

that of course so I don't know I don't

1480

01:03:29,980 --> 01:03:28,070

think these are contradictory threads I

1481

01:03:32,740 --> 01:03:29,990

have enough room in my head for both and

1482

01:03:34,840 --> 01:03:32,750

probably more and I've taken a couple

1483

01:03:36,520 --> 01:03:34,850

shots at flat earthers lately and some

1484

01:03:38,860 --> 01:03:36,530

of the listeners that adopted that

1485

01:03:40,870 --> 01:03:38,870

paradigm have taken offense and the

1486

01:03:43,120 --> 01:03:40,880

reason I poked fun at them is because in

1487

01:03:45,310 --> 01:03:43,130

the six or so years I've been doing this

1488

01:03:47,560 --> 01:03:45,320

show there's never been a more

1489

01:03:50,950 --> 01:03:47,570

close-minded group that is my problem

1490

01:03:52,900 --> 01:03:50,960

because THC to me is about having a

1491

01:03:54,940 --> 01:03:52,910

drink and a smoke and talk about some

1492

01:03:58,390 --> 01:03:54,950

taboo and fringe ideas and information

1493

01:04:00,760 --> 01:03:58,400

like a stoners digital speakeasy and we

1494

01:04:02,950 --> 01:04:00,770

try on many hats some fit better than

1495

01:04:04,630 --> 01:04:02,960

others and next week we will look at

1496

01:04:06,790 --> 01:04:04,640

something else or take a different angle

1497

01:04:09,070 --> 01:04:06,800

and the Flat Earth community as a whole

1498

01:04:11,410 --> 01:04:09,080

seems like they've made up their mind

1499

01:04:13,390 --> 01:04:11,420

they know all the answers and they're

1500

01:04:15,670 --> 01:04:13,400

closed off to any other discussion and I

1501

01:04:18,100 --> 01:04:15,680

just reject that it's like the material

1502

01:04:20,560 --> 01:04:18,110

science ISM thing there have to be other

1503

01:04:22,510 --> 01:04:20,570

discussions and when I hear nope this

1504

01:04:22,960 --> 01:04:22,520

guy is talking about Mars Mars isn't

1505

01:04:26,170 --> 01:04:22,970

real

1506

01:04:28,990 --> 01:04:26,180

I just want to lose my mind when people

1507

01:04:31,030 --> 01:04:29,000

are so sure about basically unknowable

1508

01:04:33,040 --> 01:04:31,040

things I just go nuts

1509

01:04:35,080 --> 01:04:33,050

you can think NASA photographs are all

1510

01:04:37,150 --> 01:04:35,090

CGI you can think the rover missions

1511

01:04:39,280 --> 01:04:37,160

were faked in the desert and that the

1512

01:04:41,680 --> 01:04:39,290

light in the sky that we call Mars is

1513

01:04:42,490 --> 01:04:41,690

just something other than a planet but

1514

01:04:44,620 --> 01:04:42,500

to adopt that

1515

01:04:46,450 --> 01:04:44,630

as your new religion and shut down any

1516

01:04:49,300 --> 01:04:46,460

discussion that suggests there's a red

1517

01:04:51,040 --> 01:04:49,310

planet out there is so close-minded that

1518

01:04:52,570 --> 01:04:51,050

you're no better than someone in the

1519

01:04:55,000 --> 01:04:52,580

mainstream who rolls their eyes at the

1520

01:04:56,830 --> 01:04:55,010

other topics that we go over where is

1521

01:04:59,140 --> 01:04:56,840

the open-minded attitude

1522

01:05:02,020 --> 01:04:59,150

this really isn't some race to a

1523

01:05:04,780 --> 01:05:02,030

conclusion finish line it's an ever

1524

01:05:06,910 --> 01:05:04,790

expanding cloud of ideas and overtime

1525

01:05:09,130 --> 01:05:06,920

forms will take shape and others will

1526

01:05:10,900 --> 01:05:09,140

fade away and we'll get pictures that

1527

01:05:13,390 --> 01:05:10,910

are more accurate as they go and might

1528

01:05:15,790 --> 01:05:13,400

change radically year after year at

1529

01:05:18,070 --> 01:05:15,800

least that's how I look at it and want

1530

01:05:20,110 --> 01:05:18,080

it to be looked at but things do take on

1531

01:05:22,270 --> 01:05:20,120

a life of their own so there was a lot

1532

01:05:24,520 --> 01:05:22,280

of rambling about somewhat unrelated

1533

01:05:26,980 --> 01:05:24,530

things but if you like the first half of

1534

01:05:29,830 --> 01:05:26,990

this show we do go deeper in the members

1535

01:05:32,320 --> 01:05:29,840

only second hour as well we get into the

1536

01:05:35,350 --> 01:05:32,330

story that Tesla built a ship that could

1537

01:05:37,600 --> 01:05:35,360

get to Mars before 1910 and how the new

1538

01:05:40,450 --> 01:05:37,610

context of the Sonora Aero Club and the

1539

01:05:41,860 --> 01:05:40,460

nimza adds fuel to that fire I mean

1540

01:05:44,650 --> 01:05:41,870

these people who think we have a jump

1541

01:05:47,230 --> 01:05:44,660

room to Mars now who went there to

1542

01:05:49,570 --> 01:05:47,240

install the landing pad maybe this is

1543

01:05:52,660 --> 01:05:49,580

what we're talking about but we also get

1544

01:05:55,210 --> 01:05:52,670

into Walter's Sir Richard Francis Burton

1545

01:05:57,160 --> 01:05:55,220

book and expeditions to South America

1546

01:05:59,170 --> 01:05:57,170

and lots of gold and airship sightings

1547

01:06:01,750 --> 01:05:59,180

at that time that coordinate with

1548

01:06:03,790 --> 01:06:01,760

Prussian exploration all sorts of stuff

1549

01:06:06,400 --> 01:06:03,800

and you know the drill sign up for plus

1550

01:06:09,340 --> 01:06:06,410

it's 5 bucks a month you get five shows

1551  
01:06:12,130 --> 01:06:09,350  
keeps my dream alive and you can treat

1552  
01:06:14,860 --> 01:06:12,140  
yourself to a deeper level of these THC

1553  
01:06:16,780 --> 01:06:14,870  
interviews that's it for me you're all

1554  
01:06:19,450 --> 01:06:16,790  
God's special snowflakes I'll see you

1555  
01:06:21,730 --> 01:06:19,460  
next week your movie so Tarek alchemists

1556  
01:06:24,280 --> 01:06:21,740  
benefactors of the Sonora Saucer society

1557  
01:06:29,880 --> 01:06:24,290  
and secret keepers of nimza you're

1558  
01:06:36,210 --> 01:06:29,890  
buckin move have a drink in the smoke

1559  
01:06:41,800 --> 01:06:36,220  
listen to the cast shiny shiny spotlight

1560  
01:06:47,790 --> 01:06:41,810  
but criminals on blast the pinstripe man

1561  
01:06:51,690 --> 01:06:47,800  
of morning and families of Finance do

1562  
01:06:56,280 --> 01:06:51,700  
on Windsor and Rothschild the kids don't

1563  
01:06:59,250 --> 01:06:56,290

stand a chance the kids don't the kids

1564

01:07:03,180 --> 01:06:59,260

don't stand the kids don't stand a

1565

01:07:06,150 --> 01:07:03,190

chance I said the kids don't the kids

1566

01:07:07,130 --> 01:07:06,160

don't stand the kids don't stand a

1567

01:07:11,490 --> 01:07:07,140

chance

1568

01:07:16,050 --> 01:07:11,500

we're looking for the answer the

1569

01:07:21,720 --> 01:07:16,060

questions never asked so we come to the

1570

01:07:26,370 --> 01:07:21,730

car would for the higher side chat the

1571

01:07:30,900 --> 01:07:26,380

Pinstripe man of morning and families of

1572

01:07:35,760 --> 01:07:30,910

Finance do pawn Windsor and Rothschild

1573

01:07:39,210 --> 01:07:35,770

the kids don't stand a chance the kids

1574

01:07:42,630 --> 01:07:39,220

don't the kids don't stand the kids

1575

01:07:46,080 --> 01:07:42,640

don't stand a chance I said the kids

1576

01:08:04,250 --> 01:07:46,090

don't the kids don't stand the kids

1577

01:08:09,840 --> 01:08:04,260

don't stand a chance involved in shady

1578

01:08:14,190 --> 01:08:09,850

business we try to get a glimpse we're

1579

01:08:20,010 --> 01:08:14,200

working on the numbers resistance must

1580

01:08:25,050 --> 01:08:20,020

advance the pinstripe man of morning and

1581

01:08:29,329 --> 01:08:25,060

families of Finance DuPont Windsor and

1582

01:08:33,780 --> 01:08:29,339

Rothschild the kids don't stand a chance

1583

01:08:36,220 --> 01:08:33,790

the kids don't the kids don't stand the

1584

01:08:39,550 --> 01:08:36,230

kids don't stand

1585

01:08:44,050 --> 01:08:39,560

I said the kids don't the kids don't

1586

01:08:47,800 --> 01:08:44,060

stand the kids don't stand a chance the

1587

01:08:51,190 --> 01:08:47,810

kids don't the kids don't stand the kids

1588

01:08:54,640 --> 01:08:51,200

don't stand a chance I said the kids
