1
00:00:21,330 --> 00:00:19,800
the planets up the masters almost surely

2
00:00:23,640 --> 00:00:21,340
have a plan

3
00:00:26,529 --> 00:00:23,650
this clearly may be something near

4
00:00:30,420 --> 00:00:26,539
beyond the realm of man

5
00:00:40,680 --> 00:00:33,460
you think you know the less you barely

6
00:00:55,729 --> 00:00:42,400
because we know

7
00:01:01,200 --> 00:00:59,370
all right higher side chatters I think

8
00:01:03,330 --> 00:01:01,210
many of us can agree we have watched the

9
00:01:05,609 --> 00:01:03,340
disease that is private fractional

10
00:01:08,280 --> 00:01:05,619
reserve banking and the profit or bust

11
00:01:10,590 --> 00:01:08,290
mindset slowly erode or in fact nearly

12
00:01:12,540 --> 00:01:10,600
all aspects of reality from the

13
00:01:14,400 --> 00:01:12,550

exhausted environment to the march of

14

00:01:16,980 --> 00:01:14,410

the military-industrial complex to the

15

00:01:19,170 --> 00:01:16,990

live spent and unfulfilled jobs just to

16

00:01:21,540 --> 00:01:19,180

pay off the debt that got them there our

17

00:01:23,820 --> 00:01:21,550

societal and personal motivations are so

18

00:01:25,980 --> 00:01:23,830

warped by the screen monopoly money that

19

00:01:28,529 --> 00:01:25,990

people regularly debate what behaviors

20

00:01:30,300 --> 00:01:28,539

even reflect true human nature versus

21

00:01:33,180 --> 00:01:30,310

the crack like addiction we have this

22

00:01:35,880 --> 00:01:33,190

hamster wheel cycle of greed debt and

23

00:01:37,680 --> 00:01:35,890

consumerism it's a lot to unpack and

24

00:01:40,380 --> 00:01:37,690

many of us recognize this destructive

25

00:01:42,719 --> 00:01:40,390

and sociopathic system cannot continue

26
00:01:44,969 --> 00:01:42,729
forever but before much can be done we

27
00:01:47,430 --> 00:01:44,979
need the communal equivalent of a full

28
00:01:49,710 --> 00:01:47,440
medical evaluation diagnosis and

29
00:01:51,719 --> 00:01:49,720
treatment plan and lucky for us one of

30
00:01:53,730 --> 00:01:51,729
my favorite physicians of finance and

31
00:01:56,100 --> 00:01:53,740
doctors of the debt based system of rule

32
00:01:57,960 --> 00:01:56,110
is here to drop some knowledge his name

33
00:02:01,020 --> 00:01:57,970
is John McMurtry he's a retired

34
00:02:02,760 --> 00:02:01,030
professor of philosophy expert in value

35
00:02:05,179 --> 00:02:02,770
theory and author of several books

36
00:02:07,560 --> 00:02:05,189
including the cancer stage of capitalism

37
00:02:09,150 --> 00:02:07,570
you've seen him in zeitgeist moving

38
00:02:11,490 --> 00:02:09,160

forward and now on the day before

39

00:02:13,500 --> 00:02:11,500

election day it is an honor and a

40

00:02:15,960 --> 00:02:13,510

pleasure to have him here John welcome

41

00:02:18,330 --> 00:02:15,970

to the higher side my pleasure - great

42

00:02:21,000 --> 00:02:18,340

yeah man thanks for doing this I'm

43

00:02:22,740 --> 00:02:21,010

absolutely psyched to be able to talk to

44

00:02:26,130 --> 00:02:22,750

you about some of this stuff well I just

45

00:02:29,490 --> 00:02:26,140

wanted to say Greg I wanted to applaud

46

00:02:32,390 --> 00:02:29,500

your introduction and you've compelled a

47

00:02:35,699 --> 00:02:32,400

lot into you know a few moments of

48

00:02:39,210 --> 00:02:35,709

exposition and what you know we can

49

00:02:41,850 --> 00:02:39,220

develop develop at many spots one of the

50

00:02:44,880 --> 00:02:41,860

spots that will fractional-reserve for

51
00:02:47,370 --> 00:02:44,890
example is very much part of the cancer

52
00:02:50,130 --> 00:02:47,380
system the cancer system just you know

53
00:02:53,789 --> 00:02:50,140
maybe we get the physicians diagnosis

54
00:02:55,680 --> 00:02:53,799
here the cancer system is the disease

55
00:02:59,160 --> 00:02:55,690
and it's a disease and transnational

56
00:03:02,970 --> 00:02:59,170
money sequences without inhibition over

57
00:03:05,460 --> 00:03:02,980
kind of expanding everywhere over

58
00:03:07,650 --> 00:03:05,470
running all life's needs and so on and

59
00:03:10,170 --> 00:03:07,660
that's behind other than its going on

60
00:03:12,650 --> 00:03:10,180
from the wars - you know there's a loss

61
00:03:15,360 --> 00:03:12,660
of infrastructure to everything you

62
00:03:17,820 --> 00:03:15,370
identified now fractional reserve

63
00:03:20,000 --> 00:03:17,830

banking is certainly a key part of it

64

00:03:23,880 --> 00:03:20,010

it's sort of you might say the original

65

00:03:26,480 --> 00:03:23,890

disorder but it's been around really

66

00:03:30,990 --> 00:03:26,490

through modernity what we've seen since

67

00:03:33,240 --> 00:03:31,000

2008 2007 and 8 is the handing out of

68

00:03:35,460 --> 00:03:33,250

the bank so though you know fractional

69

00:03:37,500 --> 00:03:35,470

reserve isn't enough they spent it all

70

00:03:39,810 --> 00:03:37,510

in hospital and they're speculating on

71

00:03:42,360 --> 00:03:39,820

and so the government with the u.s.

72

00:03:44,790 --> 00:03:42,370

leading have given tree and after

73

00:03:49,590 --> 00:03:44,800

treating in the case in the u.s. it was

74

00:03:51,540 --> 00:03:49,600

over 17 trillion by two years ago and

75

00:03:54,390 --> 00:03:51,550

Bernie Sanders was the one who insisted

76

00:03:57,450 --> 00:03:54,400

on exposing as crews ability to do so

77

00:03:59,250 --> 00:03:57,460

from the Senate now that trillions and

78

00:04:01,740 --> 00:03:59,260

trillions it adds up to more than the

79

00:04:03,840 --> 00:04:01,750

whole gross national product and that

80

00:04:06,120 --> 00:04:03,850

has just been given to the bank with no

81

00:04:09,360 --> 00:04:06,130

fractional reserve this was to

82

00:04:11,130 --> 00:04:09,370

recapitalize them so the cancer system

83

00:04:12,870 --> 00:04:11,140

has gotten worse and worse

84

00:04:16,260 --> 00:04:12,880

fractional-reserve is just the original

85

00:04:18,210 --> 00:04:16,270

drive wheel but now it's just giving the

86

00:04:20,370 --> 00:04:18,220

money straight out from the public

87

00:04:22,590 --> 00:04:20,380

sector which is meanwhile deprived and

88

00:04:25,050 --> 00:04:22,600

dispossessed like people who benefited

89

00:04:27,360 --> 00:04:25,060

from the public sector what I call the

90

00:04:30,060 --> 00:04:27,370

civil comments that make their lives

91

00:04:33,720 --> 00:04:30,070

safe and secure it's taken all that

92

00:04:36,890 --> 00:04:33,730

they've raided all the public sector

93

00:04:39,570 --> 00:04:36,900

options and capacities like

94

00:04:41,250 --> 00:04:39,580

infrastructures to be able to really

95

00:04:43,050 --> 00:04:41,260

sustain the people because the only

96

00:04:45,870 --> 00:04:43,060

thing that matters is transnational

97

00:04:48,060 --> 00:04:45,880

money sequences and bribing them as well

98

00:04:50,490 --> 00:04:48,070

through corporations not just through

99

00:04:53,070 --> 00:04:50,500

the trillions to the bank but most of

100

00:04:55,350 --> 00:04:53,080

the public expenditures today are really

101
00:04:58,050 --> 00:04:55,360
being picked up by for example the whole

102
00:05:00,240 --> 00:04:58,060
so-called green technology that's wrong

103
00:05:03,000 --> 00:05:00,250
really money flowing from the public

104
00:05:05,730 --> 00:05:03,010
sector into the corporations

105
00:05:08,340 --> 00:05:05,740
transnational corporations pockets for a

106
00:05:11,790 --> 00:05:08,350
huge guaranteed profits and ineffective

107
00:05:14,520 --> 00:05:11,800
solutions so in short I would respond

108
00:05:16,890 --> 00:05:14,530
yes yes yes to what you say but don't

109
00:05:19,890 --> 00:05:16,900
think it just depends on this fractional

110
00:05:21,180 --> 00:05:19,900
reserve system yes it does but there's a

111
00:05:23,370 --> 00:05:21,190
lot worse happening

112
00:05:25,620 --> 00:05:23,380
here they'd indicate the carcinogenic

113
00:05:28,110 --> 00:05:25,630

nature of this whole system at the

114

00:05:29,970 --> 00:05:28,120

social level of life organization which

115

00:05:33,840 --> 00:05:29,980

I can explain if you'd like me to just

116

00:05:37,140 --> 00:05:33,850

go on with why I use the model of a

117

00:05:39,120 --> 00:05:37,150

cancer to diagnose the disease that you

118

00:05:41,250 --> 00:05:39,130

started with with your lovely

119

00:05:42,630 --> 00:05:41,260

introduction sure yeah absolutely I

120

00:05:44,130 --> 00:05:42,640

think those are terms that a lot of

121

00:05:46,590 --> 00:05:44,140

people probably aren't used to hearing

122

00:05:48,540 --> 00:05:46,600

equated to economics but you do a great

123

00:05:49,260 --> 00:05:48,550

job I think yeah definitely elaborate on

124

00:05:51,360 --> 00:05:49,270

that for us

125

00:05:53,490 --> 00:05:51,370

well if we get to look at the cancer

126

00:05:55,230 --> 00:05:53,500

model itself and then I'll go into the

127

00:05:57,660 --> 00:05:55,240

money sequences how it works at the

128

00:06:00,630 --> 00:05:57,670

social level of organization but I was

129

00:06:03,510 --> 00:06:00,640

driven to the cancer model of diagnosis

130

00:06:07,680 --> 00:06:03,520

by originally doing an article which was

131

00:06:10,380 --> 00:06:07,690

medically refereed back in 1995 and I

132

00:06:12,660 --> 00:06:10,390

really wanted to understand what was

133

00:06:15,060 --> 00:06:12,670

happening here but through the lens of

134

00:06:17,340 --> 00:06:15,070

what I think is the most effective form

135

00:06:20,580 --> 00:06:17,350

of analysis that we have which is

136

00:06:23,190 --> 00:06:20,590

medical diagnosis but medical diagnosis

137

00:06:25,290 --> 00:06:23,200

doesn't work beyond what philosophers

138

00:06:26,940 --> 00:06:25,300

call the agent relative level or beyond

139

00:06:28,740 --> 00:06:26,950

the individual level the atomic level

140

00:06:30,659 --> 00:06:28,750

they just look at the body the

141

00:06:33,090 --> 00:06:30,669

individual body itself and what are its

142

00:06:35,340 --> 00:06:33,100

problems including with cancer it'll be

143

00:06:38,220 --> 00:06:35,350

a cancer of the life host the individual

144

00:06:39,750 --> 00:06:38,230

life folks not the social life host they

145

00:06:41,370 --> 00:06:39,760

just can't get there through their

146

00:06:43,080 --> 00:06:41,380

method so loaders are there are

147

00:06:46,590 --> 00:06:43,090

movements definitely in that direction

148

00:06:50,190 --> 00:06:46,600

since 1995 to understand the social

149

00:06:52,110 --> 00:06:50,200

disorder as a disease which is

150

00:06:54,890 --> 00:06:52,120

afflicting at the social level of life

151
00:06:57,450 --> 00:06:54,900
organization but has much the same

152
00:07:00,060 --> 00:06:57,460
characteristics distinguish it so that

153
00:07:02,580 --> 00:07:00,070
with a cancer for example I was driven

154
00:07:04,890 --> 00:07:02,590
to the cancer model also had like most

155
00:07:07,590 --> 00:07:04,900
people do have cancer in the family

156
00:07:11,040 --> 00:07:07,600
cancer myself my wife died from cancer

157
00:07:14,900 --> 00:07:11,050
so it was a model it was very clear to

158
00:07:17,280 --> 00:07:14,910
me as a possibility and then the more I

159
00:07:18,659 --> 00:07:17,290
investigated it just more and more the

160
00:07:20,130 --> 00:07:18,669
evidence she always look at your

161
00:07:22,440 --> 00:07:20,140
scientific you always look for

162
00:07:24,210 --> 00:07:22,450
disconfirming evidence as well as

163
00:07:26,010 --> 00:07:24,220

confirming evidence but you really want

164

00:07:28,080 --> 00:07:26,020

to look for disconfirming evidence as

165

00:07:30,390 --> 00:07:28,090

much as you can to ensure that your

166

00:07:32,820 --> 00:07:30,400

diagnosis is correct and you're always

167

00:07:34,679 --> 00:07:32,830

open to more disconfirming evidence that

168

00:07:36,509 --> 00:07:34,689

you have to beat so that's the way

169

00:07:39,179 --> 00:07:36,519

was growing I didn't want to believe

170

00:07:41,609 --> 00:07:39,189

this I was driven to it by the phenomena

171

00:07:43,619 --> 00:07:41,619

so what what you know was happening with

172

00:07:46,409 --> 00:07:43,629

an individual level of cancer and what

173

00:07:49,100 --> 00:07:46,419

I'm saying is just like a lot of laws of

174

00:07:53,009 --> 00:07:49,110

physics but even the laws of biology

175

00:07:55,829 --> 00:07:53,019

apply far beyond the individual level to

176

00:07:58,889 --> 00:07:55,839

the social and evolutionary level as a

177

00:08:01,619 --> 00:07:58,899

whole CERN with cancer itself

178

00:08:03,989 --> 00:08:01,629

it begins with and you know one

179

00:08:05,639 --> 00:08:03,999

recognizes that Bryce first of all is

180

00:08:08,759 --> 00:08:05,649

there's something going at the cellular

181

00:08:11,249 --> 00:08:08,769

level in the technical sense tumors are

182

00:08:14,159 --> 00:08:11,259

created by cells that have lost the

183

00:08:16,469 --> 00:08:14,169

ability to assemble and create tissues

184

00:08:18,540 --> 00:08:16,479

of normal form and function that's a

185

00:08:21,839 --> 00:08:18,550

technical definition of what's going on

186

00:08:24,079 --> 00:08:21,849

mm-hmm but the key to that is that first

187

00:08:26,339 --> 00:08:24,089

of all is an uncontrolled and

188

00:08:28,729 --> 00:08:26,349

unregulated reproduction and

189

00:08:32,069 --> 00:08:28,739

multiplication cells multiplication

190

00:08:34,170 --> 00:08:32,079

inside a life host and the key thing is

191

00:08:36,209 --> 00:08:34,180

that it has not committed life function

192

00:08:38,459 --> 00:08:36,219

to the life host that's really the

193

00:08:39,839 --> 00:08:38,469

essence of a cancer it's not only

194

00:08:41,969 --> 00:08:39,849

uncontrolled and unregulated

195

00:08:44,970 --> 00:08:41,979

reproduction and multiplication like say

196

00:08:47,490 --> 00:08:44,980

a viruses but it has no commitment to

197

00:08:49,199 --> 00:08:47,500

the life host and it only multiplies to

198

00:08:52,889 --> 00:08:49,209

the point of the death of the life host

199

00:08:55,379 --> 00:08:52,899

which is now society so wraps a key

200

00:08:58,879 --> 00:08:55,389

feature and it's also recognized by or

201
00:09:01,650 --> 00:08:58,889
features is by its aggressive and it's

202
00:09:03,840 --> 00:09:01,660
opportunistic and it appropriates all

203
00:09:06,869 --> 00:09:03,850
the nutrients and resources from its

204
00:09:08,999 --> 00:09:06,879
host in order to multiply itself further

205
00:09:10,559 --> 00:09:09,009
and here you really start to say well

206
00:09:12,749 --> 00:09:10,569
that's just what's going on with these

207
00:09:14,970 --> 00:09:12,759
transnational private money sequences

208
00:09:17,369 --> 00:09:14,980
that have no life function to multiply

209
00:09:19,410 --> 00:09:17,379
their agencies within the body with

210
00:09:22,019 --> 00:09:19,420
absolutely no committed life function

211
00:09:24,480 --> 00:09:22,029
and the key though in terms of the

212
00:09:26,970 --> 00:09:24,490
body's immune system defense and it also

213
00:09:30,689 --> 00:09:26,980

applies at the social level is it it's

214

00:09:32,639 --> 00:09:30,699

not recognized by the immune system it's

215

00:09:34,710 --> 00:09:32,649

not effectively recognized by the immune

216

00:09:37,350 --> 00:09:34,720

system that's the whole key to fighting

217

00:09:39,600 --> 00:09:37,360

cancer is you have to recognize it first

218

00:09:42,900 --> 00:09:39,610

and really the whole evolution of

219

00:09:45,090 --> 00:09:42,910

society is dealing with disorders that

220

00:09:48,009 --> 00:09:45,100

are multiplying through the body in

221

00:09:51,970 --> 00:09:48,019

somewhere or in the body so as

222

00:09:54,040 --> 00:09:51,980

as to disorder it disease it and usually

223

00:09:57,579 --> 00:09:54,050

we recognize that the immune system is a

224

00:09:59,559 --> 00:09:57,589

miracle of evolution I mean it I can go

225

00:10:01,720 --> 00:09:59,569

into the definite description at the

226

00:10:04,960 --> 00:10:01,730

level of the individual life host the

227

00:10:07,329 --> 00:10:04,970

organism but and in both cases the

228

00:10:10,179 --> 00:10:07,339

response to our possible diseases has

229

00:10:12,519 --> 00:10:10,189

already been involved inside our immune

230

00:10:14,859 --> 00:10:12,529

system and it's you know the t-cells the

231

00:10:17,289 --> 00:10:14,869

killer cells the t-cells comes from the

232

00:10:20,049 --> 00:10:17,299

thymus gland up and in anyway it's a

233

00:10:22,780 --> 00:10:20,059

really a marvelous beautiful process of

234

00:10:26,189 --> 00:10:22,790

recognizing and then isolating and and

235

00:10:28,960 --> 00:10:26,199

attacking and erasing this color enemy

236

00:10:31,449 --> 00:10:28,970

but the problem with the killer enemy is

237

00:10:33,419 --> 00:10:31,459

that this is really differentiates it

238

00:10:36,009 --> 00:10:33,429

from a virus that it is it a

239

00:10:38,470 --> 00:10:36,019

metastasizes across the host to jump

240

00:10:41,679 --> 00:10:38,480

across the host it doesn't just spread

241

00:10:44,379 --> 00:10:41,689

by a LAN large circle somehow it jumps

242

00:10:46,629 --> 00:10:44,389

right across the host from one place to

243

00:10:50,049 --> 00:10:46,639

the other and in fact it can start at

244

00:10:52,809 --> 00:10:50,059

the sexual organs and end up as brain

245

00:10:55,059 --> 00:10:52,819

cancer or many many other possible

246

00:10:57,400 --> 00:10:55,069

combinations but it metastasized which

247

00:11:00,400 --> 00:10:57,410

is the really scary thing it means that

248

00:11:03,639 --> 00:11:00,410

your whole immune system is not working

249

00:11:05,710 --> 00:11:03,649

because it's gone by the soldiers that

250

00:11:07,960 --> 00:11:05,720

normally pick these things out and

251

00:11:11,189 --> 00:11:07,970

they'd normally fight back and

252

00:11:14,379 --> 00:11:11,199

re-establish the health of the hopes it

253

00:11:17,109 --> 00:11:14,389

metastasizes and it metastasizes every

254

00:11:19,660 --> 00:11:17,119

which way they can metastasize across

255

00:11:21,819 --> 00:11:19,670

seemingly action at a distance leaping

256

00:11:23,710 --> 00:11:21,829

across the body from one part to another

257

00:11:25,269 --> 00:11:23,720

that's really distinguishes it and

258

00:11:27,639 --> 00:11:25,279

that's exactly what we see with

259

00:11:29,259 --> 00:11:27,649

transnational money sequences it really

260

00:11:31,569 --> 00:11:29,269

begins at that level where it

261

00:11:34,389 --> 00:11:31,579

metastasizes it just jumps from one

262

00:11:36,999 --> 00:11:34,399

realm or one domain and one society to

263

00:11:38,889 --> 00:11:37,009

the other you know how does it do this

264

00:11:40,840 --> 00:11:38,899

well in fact it does this through these

265

00:11:43,809 --> 00:11:40,850

so-called trade treaties which are

266

00:11:46,569 --> 00:11:43,819

essentially to protect and increase the

267

00:11:49,869 --> 00:11:46,579

transnational money sequences against

268

00:11:52,900 --> 00:11:49,879

all social life defenses that's the

269

00:11:57,689 --> 00:11:52,910

essence and the defining feature of the

270

00:12:00,450 --> 00:11:57,699

social level of cancer spread and and

271

00:12:02,880 --> 00:12:00,460

disaster everywhere because that's it

272

00:12:05,340 --> 00:12:02,890

it's ongoing it just never stopped you

273

00:12:07,320 --> 00:12:05,350

know these things have all fell must the

274

00:12:09,630 --> 00:12:07,330

wonder of company is that he is brought

275

00:12:12,540 --> 00:12:09,640

the dispossession phenomena that is

276

00:12:14,970 --> 00:12:12,550

going on but he doesn't call it a cancer

277

00:12:17,100 --> 00:12:14,980

more and more people are but he's at

278

00:12:18,840 --> 00:12:17,110

least drawing attention to what the mass

279

00:12:21,120 --> 00:12:18,850

media the corporate media always

280

00:12:23,010 --> 00:12:21,130

repressed and will never report he's

281

00:12:25,769 --> 00:12:23,020

drawing attention to that that the whole

282

00:12:27,840 --> 00:12:25,779

society the whole working society has

283

00:12:30,060 --> 00:12:27,850

been dispossessed and then belittled and

284

00:12:33,000 --> 00:12:30,070

then left to fend for themselves in the

285

00:12:35,160 --> 00:12:33,010

system that actually will tell one way

286

00:12:37,670 --> 00:12:35,170

or another and disease them on the way

287

00:12:40,170 --> 00:12:37,680

and that is happening so it

288

00:12:42,860 --> 00:12:40,180

progressively infiltrates and invades

289

00:12:44,880 --> 00:12:42,870

but also by metastasis which is a

290

00:12:47,010 --> 00:12:44,890

distinguishing characteristic and

291

00:12:49,290 --> 00:12:47,020

nothing is allowed to limit when the

292

00:12:51,090 --> 00:12:49,300

cancer is functioning well nothing is

293

00:12:53,240 --> 00:12:51,100

allowed to eliminate that's why these

294

00:12:55,350 --> 00:12:53,250

trade treaties they go right into your

295

00:12:58,260 --> 00:12:55,360

Constitution they become an obligation

296

00:13:00,630 --> 00:12:58,270

of the Constitution so the cancer system

297

00:13:03,260 --> 00:13:00,640

has gone into the Constitution itself

298

00:13:05,519 --> 00:13:03,270

through trade simple trade trees

299

00:13:08,130 --> 00:13:05,529

essentially protection of transnational

300

00:13:10,530 --> 00:13:08,140

money sequences behaving in a cancerous

301
00:13:12,720 --> 00:13:10,540
way nothing stops they'll just get rid

302
00:13:14,790 --> 00:13:12,730
of it and I can spend the rest of the

303
00:13:16,920 --> 00:13:14,800
program identifying all the places in

304
00:13:19,740 --> 00:13:16,930
which that's true and all the ways in

305
00:13:21,690 --> 00:13:19,750
which is true and then this just goes on

306
00:13:24,570 --> 00:13:21,700
and on and we get more and more

307
00:13:26,850 --> 00:13:24,580
breakdowns of the life function of not

308
00:13:28,590 --> 00:13:26,860
only the individual body but the social

309
00:13:31,620 --> 00:13:28,600
level of life organization where the

310
00:13:34,410 --> 00:13:31,630
laws of biology apply as well it affects

311
00:13:37,260 --> 00:13:34,420
the host and the host is not even now I

312
00:13:39,810 --> 00:13:37,270
mean I keep track of when people

313
00:13:41,760 --> 00:13:39,820

recognize it and there are there are a

314

00:13:44,790 --> 00:13:41,770

number of recognitions of it but it's

315

00:13:47,430 --> 00:13:44,800

usually screened out selected out of

316

00:13:50,040 --> 00:13:47,440

anything important for example my

317

00:13:52,500 --> 00:13:50,050

interviews with newspapers they will

318

00:13:54,360 --> 00:13:52,510

always eliminate any reference to that

319

00:13:56,430 --> 00:13:54,370

when they publish the interview it says

320

00:13:59,670 --> 00:13:56,440

you can count on their doing it so when

321

00:14:03,260 --> 00:13:59,680

I said for example the global capitalist

322

00:14:06,560 --> 00:14:03,270

experiment has failed in Russia this was

323

00:14:09,569 --> 00:14:06,570

you know earlier on back in the 90s I

324

00:14:12,210 --> 00:14:09,579

said to two interviewers you know I just

325

00:14:13,480 --> 00:14:12,220

I really want to insist that you do

326

00:14:15,070 --> 00:14:13,490

quote

327

00:14:17,530 --> 00:14:15,080

now you can do what you want with it but

328

00:14:19,480 --> 00:14:17,540

I do want the idea to be communicated

329

00:14:23,440 --> 00:14:19,490

and then the journalist would be a

330

00:14:26,050 --> 00:14:23,450

journalist that I custom would so agree

331

00:14:27,940 --> 00:14:26,060

and then it wouldn't come up and I what

332

00:14:30,310 --> 00:14:27,950

happens with the editorial level and it

333

00:14:33,699 --> 00:14:30,320

tells you about how the cancer system

334

00:14:35,860 --> 00:14:33,709

will work by roaring the social immune

335

00:14:37,840 --> 00:14:35,870

system from recognition of what is wrong

336

00:14:38,410 --> 00:14:37,850

they just wouldn't let it in they won't

337

00:14:40,660 --> 00:14:38,420

let it

338

00:14:43,060 --> 00:14:40,670

I've done a lot of work for the mass

339

00:14:45,699 --> 00:14:43,070

media and one of them is by and letters

340

00:14:47,920 --> 00:14:45,709

which I published probably thousands of

341

00:14:50,110 --> 00:14:47,930

them innumerable letters have been

342

00:14:52,900 --> 00:14:50,120

published and headlined and so forth in

343

00:14:55,240 --> 00:14:52,910

the in the media and one medium I more

344

00:14:58,060 --> 00:14:55,250

or less trusted was the Guardian weekly

345

00:15:00,280 --> 00:14:58,070

which is both the only newspaper with

346

00:15:02,889 --> 00:15:00,290

ads in it that I look at along the New

347

00:15:05,230 --> 00:15:02,899

York Times weekly have picked up on to

348

00:15:07,300 --> 00:15:05,240

so you start to see how the disorder is

349

00:15:10,030 --> 00:15:07,310

functioning that's why I do it or I

350

00:15:12,400 --> 00:15:10,040

reported to them and just quoting an

351

00:15:14,470 --> 00:15:12,410

international law and that the invasion

352

00:15:14,889 --> 00:15:14,480

that everybody was saying was a sure

353

00:15:17,710 --> 00:15:14,899

thing

354

00:15:21,610 --> 00:15:17,720

going to happen in Iraq I identified it

355

00:15:24,160 --> 00:15:21,620

as in very you know clipped journalistic

356

00:15:26,500 --> 00:15:24,170

terms that were documented that this was

357

00:15:29,710 --> 00:15:26,510

the supreme crime of international law

358

00:15:32,440 --> 00:15:29,720

war of aggression and cited the the

359

00:15:35,829 --> 00:15:32,450

charge river from Nuremberg as well as

360

00:15:38,440 --> 00:15:35,839

the right insider criminal code we have

361

00:15:40,569 --> 00:15:38,450

that so they just wouldn't publish it

362

00:15:42,040 --> 00:15:40,579

and I hide it from different authors you

363

00:15:44,050 --> 00:15:42,050

know get another person with another

364

00:15:46,150 --> 00:15:44,060

name another place to send in the same

365

00:15:48,790 --> 00:15:46,160

thing because I I knew what was going to

366

00:15:50,350 --> 00:15:48,800

happen which is what did happen there

367

00:15:54,370 --> 00:15:50,360

was going to be what this system

368

00:15:56,500 --> 00:15:54,380

specializes in an eco genocide and that

369

00:15:59,680 --> 00:15:56,510

indeed is what has happened in Iraq ever

370

00:16:01,240 --> 00:15:59,690

since right starting from 1991 but you

371

00:16:04,960 --> 00:16:01,250

know they used to do it under the

372

00:16:06,610 --> 00:16:04,970

pretense of sanctions embargoes but it

373

00:16:08,260 --> 00:16:06,620

was the same thing just bombing their

374

00:16:10,840 --> 00:16:08,270

infrastructure to smithereens

375

00:16:14,650 --> 00:16:10,850

so look 500 thousand children died from

376

00:16:17,980 --> 00:16:14,660

it and one the secretary of foreign

377

00:16:20,199 --> 00:16:17,990

affairs who was Madeleine Albright the

378

00:16:23,199 --> 00:16:20,209

hero Hillary Clinton US you know they're

379

00:16:25,180 --> 00:16:23,209

like joined-at-the-hip she was but you

380

00:16:27,220 --> 00:16:25,190

know this was Doctor Who her attention

381

00:16:30,000 --> 00:16:27,230

that there was started with the hard

382

00:16:33,460 --> 00:16:30,010

medical school identifying the deaths of

383

00:16:35,680 --> 00:16:33,470

500,000 children and she said yes it is

384

00:16:39,520 --> 00:16:35,690

a large price to pay but we think it is

385

00:16:43,030 --> 00:16:39,530

worth it hmm so there's no limit there

386

00:16:45,970 --> 00:16:43,040

is no limit to what they'll do right

387

00:16:48,280 --> 00:16:45,980

what this system will do and there's a

388

00:16:50,530 --> 00:16:48,290

kind of a positional determinism within

389

00:16:52,870 --> 00:16:50,540

it even if a person was okay when they

390

00:16:55,750 --> 00:16:52,880

went in as I thought the Clintons might

391

00:16:57,910 --> 00:16:55,760

be to begin with they get determined by

392

00:17:00,730 --> 00:16:57,920

the position with if they're within and

393

00:17:05,050 --> 00:17:00,740

the position that they're within is now

394

00:17:07,990 --> 00:17:05,060

a cancer system a cancer system and

395

00:17:09,970 --> 00:17:08,000

there are all the resistance that we see

396

00:17:12,400 --> 00:17:09,980

going on around the world can be really

397

00:17:14,320 --> 00:17:12,410

interpreted as a social immune reaction

398

00:17:16,570 --> 00:17:14,330

to what's happening but of course it's

399

00:17:19,210 --> 00:17:16,580

not reported in the facts it's not

400

00:17:23,740 --> 00:17:19,220

reported in the responses it's always

401
00:17:26,740 --> 00:17:23,750
and here becomes the primary the

402
00:17:30,430 --> 00:17:26,750
cornerstone of us ideology Imperial

403
00:17:32,950 --> 00:17:30,440
ideology is the blaming of the enemy the

404
00:17:35,050 --> 00:17:32,960
enemy the enemy and it could be anyone

405
00:17:37,360 --> 00:17:35,060
at all it could be your local worker

406
00:17:40,570 --> 00:17:37,370
community organizer as it was through

407
00:17:44,320 --> 00:17:40,580
Central America in the 80s with

408
00:17:47,500 --> 00:17:44,330
presidential support and 90s biggest had

409
00:17:49,090 --> 00:17:47,510
death squads and so forth and it just it

410
00:17:51,130 --> 00:17:49,100
just continued because they were

411
00:17:52,780 --> 00:17:51,140
communists and that used to be the great

412
00:17:55,570 --> 00:17:52,790
enemy term once you call someone a

413
00:17:58,180 --> 00:17:55,580

communist as I did on an interview with

414

00:18:00,040 --> 00:17:58,190

a death squad officer who had reformed

415

00:18:02,500 --> 00:18:00,050

and there was a community there's a

416

00:18:04,420 --> 00:18:02,510

World Summit in Toronto and there was a

417

00:18:08,020 --> 00:18:04,430

counter summit anyway I was a terrorist

418

00:18:10,330 --> 00:18:08,030

and I asked this former death squad

419

00:18:13,000 --> 00:18:10,340

officer and he said just to give you a

420

00:18:15,430 --> 00:18:13,010

sense of how deep this identify as an

421

00:18:17,500 --> 00:18:15,440

enemy that is an automatic enemy of the

422

00:18:20,520 --> 00:18:17,510

listening audience and does this go like

423

00:18:22,660 --> 00:18:20,530

a million dog and they're salvations and

424

00:18:26,560 --> 00:18:22,670

carrying on was their destructive

425

00:18:29,650 --> 00:18:26,570

activities it's okay he said well they

426
00:18:33,430 --> 00:18:29,660
would say that people at the top would

427
00:18:36,880 --> 00:18:33,440
identify someone as a communist or a

428
00:18:40,790 --> 00:18:36,890
Marxist and normally we would eliminate

429
00:18:42,920 --> 00:18:40,800
that person or in person it was

430
00:18:45,740 --> 00:18:42,930
built-in don't hinder the police

431
00:18:49,400 --> 00:18:45,750
apparatus an army apparatus as well as

432
00:18:52,040 --> 00:18:49,410
the extra military forces that are very

433
00:18:55,160 --> 00:18:52,050
much at work now Isis itself we you know

434
00:18:58,340 --> 00:18:55,170
it begins as the US organized for you

435
00:19:01,160 --> 00:18:58,350
know begins with in in Afghanistan to

436
00:19:03,860 --> 00:19:01,170
take down the Soviet Union and of course

437
00:19:06,470 --> 00:19:03,870
the Soviet Union was the enemy you can

438
00:19:08,900 --> 00:19:06,480

just you just call it that close the

439

00:19:10,910 --> 00:19:08,910
enemy and anything is justifiable from

440

00:19:13,100 --> 00:19:10,920
now on right and that's where there

441

00:19:16,730 --> 00:19:13,110
wasn't any such thing radius as this

442

00:19:20,030 --> 00:19:16,740
jihadism it didn't exist I traveled to

443

00:19:21,410 --> 00:19:20,040
the Middle East in as a younger man and

444

00:19:24,260 --> 00:19:21,420
traveled to all the countries in the

445

00:19:26,350 --> 00:19:24,270
Middle East and at that time there was

446

00:19:28,730 --> 00:19:26,360
no such thing there were key Hattie type

447

00:19:30,860 --> 00:19:28,740
mentalities for the postman organized

448

00:19:33,020 --> 00:19:30,870
force that we can thank the United

449

00:19:38,780 --> 00:19:33,030
States for and specifically Brzezinski

450

00:19:41,330 --> 00:19:38,790
so we have this system calling anything

451
00:19:43,760 --> 00:19:41,340
that resisted the enemy and that's the

452
00:19:47,380 --> 00:19:43,770
cornerstone operation of the global

453
00:19:51,080 --> 00:19:47,390
ideology and the disease that is carry

454
00:19:53,300 --> 00:19:51,090
hmm man you covered quite a bit right

455
00:19:55,820 --> 00:19:53,310
there and I am I do love your breakdowns

456
00:19:58,220 --> 00:19:55,830
and I think cancer is a very appropriate

457
00:20:00,350 --> 00:19:58,230
analogy one quote that I really like

458
00:20:02,870 --> 00:20:00,360
from you that I think is important for

459
00:20:04,460 --> 00:20:02,880
people to remember on a personal level I

460
00:20:06,890 --> 00:20:04,470
think it gets into some of that is you

461
00:20:09,260 --> 00:20:06,900
say the most suppressed issue of our

462
00:20:11,210 --> 00:20:09,270
epoch is the war between life capital on

463
00:20:13,940 --> 00:20:11,220

one hand and money capital on the other

464

00:20:18,230 --> 00:20:13,950

can you elaborate on that dichotomy and

465

00:20:20,420 --> 00:20:18,240

how to separate the two well in a way

466

00:20:23,090 --> 00:20:20,430

you've seen I've talked about the way

467

00:20:26,420 --> 00:20:23,100

the money capital system operates what

468

00:20:28,700 --> 00:20:26,430

it has it he and come to it's cancer

469

00:20:31,220 --> 00:20:28,710

stage everything I've said in the last

470

00:20:33,590 --> 00:20:31,230

minutes has been really describing the

471

00:20:36,290 --> 00:20:33,600

phenomenon of the money sequence but the

472

00:20:38,510 --> 00:20:36,300

question goes deeper than that as we you

473

00:20:40,640 --> 00:20:38,520

know you might say well I yeah I get the

474

00:20:44,120 --> 00:20:40,650

phenomena I get mature identifying I get

475

00:20:48,110 --> 00:20:44,130

why it's cancer but exactly what's going

476

00:20:50,930 --> 00:20:48,120

on at the inner core the drive wheel of

477

00:20:53,810 --> 00:20:50,940

this whole system and this is at the

478

00:20:54,440 --> 00:20:53,820

philosopher and muscle logician and I've

479

00:20:58,580 --> 00:20:54,450

worked

480

00:21:00,410 --> 00:20:58,590

as a logical sequence in work actually

481

00:21:03,860 --> 00:21:00,420

it's not publishing and I'm doing right

482

00:21:07,190 --> 00:21:03,870

now and I'll just what I have published

483

00:21:10,370 --> 00:21:07,200

and what you will see in the book too is

484

00:21:14,870 --> 00:21:10,380

the concept of rationality itself comes

485

00:21:17,030 --> 00:21:14,880

into play inside philosophy really sorry

486

00:21:19,010 --> 00:21:17,040

it starts with modernity itself and

487

00:21:22,010 --> 00:21:19,020

David Hume I won't go in and join Locke

488

00:21:24,950 --> 00:21:22,020

I won't go into that source of it but

489

00:21:27,490 --> 00:21:24,960

what the key of it is and it still runs

490

00:21:30,380 --> 00:21:27,500

the understanding of say Harvard

491

00:21:33,820 --> 00:21:30,390

University's various scientific and

492

00:21:38,240 --> 00:21:33,830

philosophical forms of what's going on

493

00:21:41,270 --> 00:21:38,250

rationality is self-maximizing choice or

494

00:21:43,460 --> 00:21:41,280

preference that's what it is so it

495

00:21:45,350 --> 00:21:43,470

begins right at the level everybody

496

00:21:47,690 --> 00:21:45,360

let's way evolution runs that's what we

497

00:21:50,120 --> 00:21:47,700

are all naturally socially we have many

498

00:21:52,460 --> 00:21:50,130

many expressions of it human area human

499

00:21:55,130 --> 00:21:52,470

nature is naturally greedy and on and on

500

00:21:57,500 --> 00:21:55,140

we hear many many expressions of it but

501
00:22:00,310 --> 00:21:57,510
the underlying formula which actually

502
00:22:03,560 --> 00:22:00,320
governs all American social science is

503
00:22:06,530 --> 00:22:03,570
and and all that it influences elsewhere

504
00:22:08,870 --> 00:22:06,540
which is considerable you know Eddie it

505
00:22:11,360 --> 00:22:08,880
gets control of even higher research

506
00:22:12,170 --> 00:22:11,370
grants as it has now I'm going to just

507
00:22:15,130 --> 00:22:12,180
got much worse

508
00:22:18,170 --> 00:22:15,140
in any case rationality means by

509
00:22:20,320 --> 00:22:18,180
presupposition if you're rational if you

510
00:22:23,140 --> 00:22:20,330
follow reason then it's the sauce

511
00:22:26,270 --> 00:22:23,150
maximizing preference you sequence in

512
00:22:29,390 --> 00:22:26,280
everything you have a choice in it's

513
00:22:32,270 --> 00:22:29,400

only self-maximizing choice well that

514

00:22:35,000 --> 00:22:32,280

seems innocent enough in itself but the

515

00:22:37,720 --> 00:22:35,010

soft maximizing choice you see it's only

516

00:22:40,430 --> 00:22:37,730

rational if you're consistently

517

00:22:43,190 --> 00:22:40,440

self-maximizing so if you do anything on

518

00:22:45,290 --> 00:22:43,200

anyone else's behalf saying the economy

519

00:22:48,050 --> 00:22:45,300

which is the you know the basic system

520

00:22:50,420 --> 00:22:48,060

at work here the so-called Agong is not

521

00:22:53,210 --> 00:22:50,430

economic at all it's the opposite but

522

00:22:55,670 --> 00:22:53,220

the so-called economy everybody every

523

00:22:59,090 --> 00:22:55,680

agent in the economy is presupposed by

524

00:23:02,450 --> 00:22:59,100

the pseudo subject of economics to be

525

00:23:05,240 --> 00:23:02,460

self-maximizing in their choice and all

526
00:23:07,730 --> 00:23:05,250
their models are based on that being the

527
00:23:10,250 --> 00:23:07,740
case and all the Wayne

528
00:23:12,380 --> 00:23:10,260
just you know the key is the sequencing

529
00:23:14,900 --> 00:23:12,390
if it just keeps on going it keeps on

530
00:23:18,710 --> 00:23:14,910
going for so far we don't have a disease

531
00:23:21,140 --> 00:23:18,720
in the social body but it slowly turns

532
00:23:24,260 --> 00:23:21,150
in you know becomes where what that

533
00:23:26,810 --> 00:23:24,270
equals it's basically equation that

534
00:23:28,600 --> 00:23:26,820
always more money in value for the self

535
00:23:31,460 --> 00:23:28,610
whether the self is a transnational

536
00:23:34,610 --> 00:23:31,470
corporation or even a consumer and

537
00:23:37,430 --> 00:23:34,620
worker the self always maximizing he

538
00:23:40,010 --> 00:23:37,440

always wants more economic man always

539

00:23:42,590 --> 00:23:40,020

wants so close economic man always wants

540

00:23:45,200 --> 00:23:42,600

more and he always wants more in money

541

00:23:48,020 --> 00:23:45,210

curve so that's a huge transition it

542

00:23:50,210 --> 00:23:48,030

takes evolution historical evolution of

543

00:23:53,320 --> 00:23:50,220

a whole culture a dominant culture

544

00:23:57,380 --> 00:23:53,330

Imperial culture for 300 years or more

545

00:24:00,350 --> 00:23:57,390

but because it's a sequencing the dollar

546

00:24:02,419 --> 00:24:00,360

is more money value for the self meaning

547

00:24:04,700 --> 00:24:02,429

you know anything that soul cells

548

00:24:06,980 --> 00:24:04,710

maximizing including the corporation or

549

00:24:09,200 --> 00:24:06,990

indeed these corporations together is

550

00:24:12,440 --> 00:24:09,210

good so that's good and if you're not

551
00:24:14,930 --> 00:24:12,450
doing that it's bad but over is not

552
00:24:17,390 --> 00:24:14,940
efficient it's not productive so

553
00:24:19,310 --> 00:24:17,400
efficiency and productivity I always

554
00:24:21,440 --> 00:24:19,320
mean people think all it means that

555
00:24:22,490 --> 00:24:21,450
things are going to come to us with less

556
00:24:27,530 --> 00:24:22,500
cost

557
00:24:31,040 --> 00:24:27,540
are capitalist but that's all it means

558
00:24:34,430 --> 00:24:31,050
it means less costs or more efficiency

559
00:24:36,620 --> 00:24:34,440
or more productive only for those who

560
00:24:38,060 --> 00:24:36,630
are investing money had much more than

561
00:24:40,280 --> 00:24:38,070
the need and live off their money

562
00:24:42,560 --> 00:24:40,290
sequencing so once you get to their

563
00:24:45,320 --> 00:24:42,570

efficiency in productivity is ever lower

564

00:24:47,960 --> 00:24:45,330

cost to money sequences private money

565

00:24:50,090 --> 00:24:47,970

sequence transnational money sequences

566

00:24:51,620 --> 00:24:50,100

or you can see all the thing is done in

567

00:24:54,799 --> 00:24:51,630

accordance with order all that I

568

00:24:57,650 --> 00:24:54,809

described earlier is also called

569

00:25:00,290 --> 00:24:57,660

efficiency and productivity and it is in

570

00:25:02,330 --> 00:25:00,300

accordance with these formula which of

571

00:25:04,100 --> 00:25:02,340

course are never revealed are never

572

00:25:06,140 --> 00:25:04,110

talked about they're just assumed as

573

00:25:08,720 --> 00:25:06,150

given as called the primary and also an

574

00:25:11,660 --> 00:25:08,730

axiom and it's the first axiom of

575

00:25:13,669 --> 00:25:11,670

so-called economics so our efficiency

576
00:25:16,010 --> 00:25:13,679
and productivity only mean lower costs

577
00:25:18,080 --> 00:25:16,020
and ever lower cost of money sequences

578
00:25:18,500 --> 00:25:18,090
well that means lower labor costs that

579
00:25:20,659 --> 00:25:18,510
means

580
00:25:21,790 --> 00:25:20,669
labor can starve as long as you can get

581
00:25:24,130 --> 00:25:21,800
labor and there's lots of

582
00:25:26,020 --> 00:25:24,140
we're out there and so it starves that's

583
00:25:28,180 --> 00:25:26,030
not sufficient that's productive I'm

584
00:25:30,610 --> 00:25:28,190
sorry these are the laws of efficiency

585
00:25:32,500 --> 00:25:30,620
these are the laws of productivity it's

586
00:25:34,390 --> 00:25:32,510
still going on now as people lose their

587
00:25:36,360 --> 00:25:34,400
jobs in the States and millions of lost

588
00:25:38,770 --> 00:25:36,370

job in the States because the

589

00:25:41,350 --> 00:25:38,780

self-maximizing money sequences and

590

00:25:44,050 --> 00:25:41,360

transnational corporations for them this

591

00:25:46,360 --> 00:25:44,060

rationale is productive it's efficient -

592

00:25:48,820 --> 00:25:46,370

nothing else is and so that's what the

593

00:25:51,310 --> 00:25:48,830

corporate media always carried as a

594

00:25:53,050 --> 00:25:51,320

story and that's what the president

595

00:25:55,300 --> 00:25:53,060

who's a very much positionally

596

00:25:57,790 --> 00:25:55,310

determined carries as a presupposition

597

00:26:00,220 --> 00:25:57,800

he must act in accordance with or

598

00:26:02,650 --> 00:26:00,230

they'll found a note and that's why

599

00:26:04,510 --> 00:26:02,660

Trump again has been important he

600

00:26:06,370 --> 00:26:04,520

doesn't understand this he doesn't

601
00:26:08,140 --> 00:26:06,380
understand what I've been saying but

602
00:26:10,900 --> 00:26:08,150
what he does see and what he does

603
00:26:14,590 --> 00:26:10,910
understand what nobody else was allowed

604
00:26:17,230 --> 00:26:14,600
to say or speak in public is that much

605
00:26:19,090 --> 00:26:17,240
of our public more and more of our

606
00:26:23,200 --> 00:26:19,100
public a working public have been

607
00:26:27,880 --> 00:26:23,210
dispossessed they've screwed you no one

608
00:26:29,710 --> 00:26:27,890
was allowed to say this you could you

609
00:26:30,910 --> 00:26:29,720
can look through all the papers and

610
00:26:33,490 --> 00:26:30,920
you're not going to find that the

611
00:26:36,430 --> 00:26:33,500
system's groomed the working class of

612
00:26:38,470 --> 00:26:36,440
America but he is saying that that's

613
00:26:41,890 --> 00:26:38,480

what that's the good side of Trump right

614

00:26:44,320 --> 00:26:41,900

we buddy also see you I can go on with

615

00:26:48,370 --> 00:26:44,330

that but I'd like to hear your question

616

00:26:50,260 --> 00:26:48,380

as we go on I can pick up sure sure

617

00:26:51,880 --> 00:26:50,270

you know you did mention so-called

618

00:26:54,190 --> 00:26:51,890

economics and in the book you refer to

619

00:26:55,390 --> 00:26:54,200

economics as a pseudoscience and you

620

00:26:58,720 --> 00:26:55,400

have a section in the book with the

621

00:27:01,360 --> 00:26:58,730

heading methodological censorship in the

622

00:27:02,350 --> 00:27:01,370

Academy and I like that area a lot that

623

00:27:05,500 --> 00:27:02,360

that's a good portion

624

00:27:07,120 --> 00:27:05,510

how has the school system been set up to

625

00:27:09,550 --> 00:27:07,130

influence our thoughts on economics how

626

00:27:10,930 --> 00:27:09,560

our economics teachings skewed to hide a

627

00:27:14,560 --> 00:27:10,940

lot of the points that you've been

628

00:27:17,230 --> 00:27:14,570

making what deceptive pike taken some

629

00:27:19,270 --> 00:27:17,240

rationality to self-maximizing choice -

630

00:27:21,610 --> 00:27:19,280

always more money value for the self as

631

00:27:24,010 --> 00:27:21,620

good all these things are presupposes

632

00:27:26,470 --> 00:27:24,020

axiomatic and that's how we are always

633

00:27:29,380 --> 00:27:26,480

governed and efficiency in productivity

634

00:27:31,990 --> 00:27:29,390

is doing this and moreover the profit

635

00:27:34,690 --> 00:27:32,000

drives the economic engine there has to

636

00:27:36,200 --> 00:27:34,700

be profit or it won't work all of these

637

00:27:38,990 --> 00:27:36,210

things are built in

638

00:27:40,910 --> 00:27:39,000

and the inner logic of the system and so

639

00:27:45,050 --> 00:27:40,920

everything that we see that Trump is

640

00:27:46,640 --> 00:27:45,060

identifying is in accordance and

641

00:27:48,050 --> 00:27:46,650

that's why I look for counter example

642

00:27:51,380 --> 00:27:48,060

show me one counter example

643

00:27:54,260 --> 00:27:51,390

show me one place one medium one party

644

00:27:57,320 --> 00:27:54,270

contesting for power one president one

645

00:27:59,750 --> 00:27:57,330

anybody who doesn't act in this way they

646

00:28:00,620 --> 00:27:59,760

don't know one because it's all it's an

647

00:28:03,470 --> 00:28:00,630

inner logic

648

00:28:05,570 --> 00:28:03,480

it's an unseen logic then the states

649

00:28:09,200 --> 00:28:05,580

themselves states and governments

650

00:28:11,840 --> 00:28:09,210

themselves see themselves as a factor

651
00:28:14,150 --> 00:28:11,850
than and indeed of having legitimacy and

652
00:28:17,630 --> 00:28:14,160
there will only be picked for selection

653
00:28:19,550 --> 00:28:17,640
if they serve those transactional money

654
00:28:22,310 --> 00:28:19,560
sequences and that are there again

655
00:28:24,800 --> 00:28:22,320
that's where pump sees the downstream

656
00:28:26,870 --> 00:28:24,810
effect that the Senate is corrupt the

657
00:28:29,990 --> 00:28:26,880
whole Washington is corrupt and so forth

658
00:28:31,310 --> 00:28:30,000
no you know just serving themselves you

659
00:28:33,500 --> 00:28:31,320
know it's not a systematic understanding

660
00:28:37,340 --> 00:28:33,510
but he sees the downstream effect and

661
00:28:40,310 --> 00:28:37,350
that I would say just plugs in at that

662
00:28:42,890 --> 00:28:40,320
level of the set of equations where

663
00:28:45,590 --> 00:28:42,900

states serve the dominant private money

664

00:28:49,480 --> 00:28:45,600

sequence and they're called investors

665

00:28:53,090 --> 00:28:49,490

and we must have investment to survive

666

00:28:55,280 --> 00:28:53,100

so the state must serve them and it now

667

00:28:58,370 --> 00:28:55,290

serves them you know it used to be

668

00:29:01,330 --> 00:28:58,380

basically by Wars but now it's not only

669

00:29:04,550 --> 00:29:01,340

Wars the state serves them with handouts

670

00:29:06,680 --> 00:29:04,560

trillions of dollars of handouts and not

671

00:29:07,760 --> 00:29:06,690

just to the bank but to all the major

672

00:29:09,860 --> 00:29:07,770

corporations

673

00:29:11,840 --> 00:29:09,870

I mean someone like Ralph Nader will

674

00:29:14,540 --> 00:29:11,850

point out the downstream effects are

675

00:29:17,860 --> 00:29:14,550

there that how the space are basically

676

00:29:20,420 --> 00:29:17,870

corporate welfare system and so

677

00:29:22,370 --> 00:29:20,430

everything else in accordance with this

678

00:29:24,850 --> 00:29:22,380

inner logic that you're saying how did

679

00:29:27,500 --> 00:29:24,860

this happen well what I'm doing is

680

00:29:30,770 --> 00:29:27,510

describing an inner logic that is not

681

00:29:33,380 --> 00:29:30,780

conscious this interests me perhaps more

682

00:29:35,630 --> 00:29:33,390

than anything is just this inner logic

683

00:29:38,510 --> 00:29:35,640

that nobody sees and is not allowed to

684

00:29:40,760 --> 00:29:38,520

be laid bare is tracking it and that's

685

00:29:43,340 --> 00:29:40,770

what I'm doing here so everything else

686

00:29:45,290 --> 00:29:43,350

becomes the means to this you know we've

687

00:29:46,760 --> 00:29:45,300

got to do this in order to grow and

688

00:29:49,550 --> 00:29:46,770

we've got to have profit and we've got

689

00:29:51,440 --> 00:29:49,560

to have government's helping and sure

690

00:29:54,020 --> 00:29:51,450

that they're their corporations or

691

00:29:55,880 --> 00:29:54,030

globally competitive and that means the

692

00:29:59,540 --> 00:29:55,890

efficiency and productivity of lowering

693

00:30:02,170 --> 00:29:59,550

money labor costs etc and not having too

694

00:30:04,940 --> 00:30:02,180

many regulations this is where Trump is

695

00:30:07,250 --> 00:30:04,950

completely skipped away to see one of

696

00:30:10,130 --> 00:30:07,260

the things he's attacking now in the

697

00:30:11,810 --> 00:30:10,140

latter weeks is regulations too many

698

00:30:14,750 --> 00:30:11,820

regulations you know the very thing with

699

00:30:17,090 --> 00:30:14,760

Reagan tax and tax cuts let's get more

700

00:30:20,930 --> 00:30:17,100

tax cuts to the rich that's where camp

701
00:30:23,720 --> 00:30:20,940
is himself the cancer agent but he's a

702
00:30:26,410 --> 00:30:23,730
schizoid he doesn't understand nor do

703
00:30:28,850 --> 00:30:26,420
all course his followers but that's

704
00:30:31,400 --> 00:30:28,860
that's what's happening at the inner

705
00:30:33,860 --> 00:30:31,410
logic is prevailing even though he sees

706
00:30:35,720 --> 00:30:33,870
that the American working class has been

707
00:30:37,970 --> 00:30:35,730
screwed and then ordinary people have

708
00:30:39,740 --> 00:30:37,980
been dispossessed and in America's in

709
00:30:41,930 --> 00:30:39,750
the story state without even good

710
00:30:43,700 --> 00:30:41,940
bridges when it used to be read the

711
00:30:45,620 --> 00:30:43,710
world are all out he's all right about

712
00:30:48,410 --> 00:30:45,630
all those phenomena they're undergone

713
00:30:50,840 --> 00:30:48,420

diable don't nobody else had closed them

714

00:30:52,790 --> 00:30:50,850

out inside the corporate media because

715

00:30:54,590 --> 00:30:52,800

they'd be silent he couldn't be silenced

716

00:30:56,630 --> 00:30:54,600

and that's his mostly you know that's

717

00:30:59,180 --> 00:30:56,640

his greatest achievement is that he

718

00:31:01,910 --> 00:30:59,190

hasn't been silent he's the only guy I

719

00:31:04,730 --> 00:31:01,920

have seen only person I've seen being

720

00:31:08,480 --> 00:31:04,740

able to take on the media the corporate

721

00:31:10,760 --> 00:31:08,490

media and win in the sense of no matter

722

00:31:14,030 --> 00:31:10,770

how they dissing no matter how they

723

00:31:15,950 --> 00:31:14,040

publicly as fascinating Flandre now he

724

00:31:18,170 --> 00:31:15,960

kissed kept on coming and getting

725

00:31:19,640 --> 00:31:18,180

stronger because he was representing

726

00:31:21,950 --> 00:31:19,650

more and more of the dispossessed people

727

00:31:23,510 --> 00:31:21,960

right and then everything's obscured

728

00:31:25,040 --> 00:31:23,520

their own alas because he's a racist

729

00:31:26,720 --> 00:31:25,050

house because he's a bigger that's

730

00:31:29,420 --> 00:31:26,730

because he just like all that stuff

731

00:31:31,700 --> 00:31:29,430

there's no doubt it is true but it's

732

00:31:33,800 --> 00:31:31,710

just diverting attention from what's

733

00:31:35,840 --> 00:31:33,810

really going on exact which he'd the

734

00:31:39,680 --> 00:31:35,850

disease which he's seeing the symptoms

735

00:31:42,320 --> 00:31:39,690

of and so this means it just overruns

736

00:31:44,420 --> 00:31:42,330

everything that we used to know as needs

737

00:31:46,430 --> 00:31:44,430

there isn't this is him back to the

738

00:31:49,220 --> 00:31:46,440

question more directly this is why

739

00:31:52,700 --> 00:31:49,230

economics is a pseudo subject because

740

00:31:55,790 --> 00:31:52,710

all it does is describe this as good in

741

00:31:57,620 --> 00:31:55,800

every said it never it never goes back

742

00:31:59,810 --> 00:31:57,630

to the beginning and say but maybe we

743

00:32:03,080 --> 00:31:59,820

need a more life coherent sense of

744

00:32:06,259 --> 00:32:03,090

rationality and maybe we should consider

745

00:32:10,580 --> 00:32:06,269

the cost to life not just to moneybags

746

00:32:12,950 --> 00:32:10,590

amen and so it doesn't it's not even a

747

00:32:15,289 --> 00:32:12,960

discipline any discipline that's a real

748

00:32:18,379 --> 00:32:15,299

discipline is open to counter you know

749

00:32:21,169 --> 00:32:18,389

another paradigm is open to when it

750

00:32:24,049 --> 00:32:21,179

keeps being refuted is open to change

751

00:32:26,029 --> 00:32:24,059

and adaptation to the circumstances

752

00:32:28,460 --> 00:32:26,039

which are classified it again and again

753

00:32:29,899 --> 00:32:28,470

and again and again they don't even know

754

00:32:31,430 --> 00:32:29,909

what's coming next

755

00:32:34,310 --> 00:32:31,440

of course they don't because they're

756

00:32:37,279 --> 00:32:34,320

just locked into this money sequence

757

00:32:39,259 --> 00:32:37,289

system as all axiomatically true and all

758

00:32:43,730 --> 00:32:39,269

their laws and so forth follow from it

759

00:32:46,340 --> 00:32:43,740

and so their life blind a priori life

760

00:32:49,460 --> 00:32:46,350

blind so-called discipline is not a

761

00:32:52,190 --> 00:32:49,470

discipline it's a propaganda of money

762

00:32:54,200 --> 00:32:52,200

sequences that's all it is and you will

763

00:32:56,840 --> 00:32:54,210

notice that's all it covers it just

764

00:33:00,169 --> 00:32:56,850

covers the money transactions between

765

00:33:02,210 --> 00:33:00,179

people in the market and assumes this

766

00:33:05,090 --> 00:33:02,220

the state out of there except as a

767

00:33:08,690 --> 00:33:05,100

servant so called Nightwatchman of this

768

00:33:11,529 --> 00:33:08,700

system so if it's a propaganda that it

769

00:33:13,909 --> 00:33:11,539

is not you know any scientific sort of

770

00:33:15,470 --> 00:33:13,919

philosophy of science but is more

771

00:33:17,690 --> 00:33:15,480

generally known this that you have to

772

00:33:19,999 --> 00:33:17,700

you have to have propositions that are

773

00:33:22,299 --> 00:33:20,009

falsifiable if they're consistent with

774

00:33:25,759 --> 00:33:22,309

anything at all it's a pseudoscience

775

00:33:27,230 --> 00:33:25,769

so-called economics has nothing there is

776

00:33:30,019 --> 00:33:27,240

nothing that can happen that can

777

00:33:33,289 --> 00:33:30,029

disprove its so-called science and

778

00:33:36,499 --> 00:33:33,299

pseudoscience the first thing how you

779

00:33:38,299 --> 00:33:36,509

tell that it is a pseudoscience that's a

780

00:33:40,700 --> 00:33:38,309

scientific way of telling there's no

781

00:33:44,299 --> 00:33:40,710

revenue account against it mm-hmm and

782

00:33:47,029 --> 00:33:44,309

then I would say if somebody who thinks

783

00:33:49,609 --> 00:33:47,039

that the real source of value and this

784

00:33:52,940 --> 00:33:49,619

seems self-evident the real source of

785

00:33:55,909 --> 00:33:52,950

value is life and enabling life and the

786

00:33:58,460 --> 00:33:55,919

life capacities that to produce more

787

00:34:00,799 --> 00:33:58,470

life capacities through time through

788

00:34:04,070 --> 00:34:00,809

generational time that you know that's

789

00:34:06,139 --> 00:34:04,080

that's the real life capital and I call

790

00:34:09,020 --> 00:34:06,149

a capital because it has the features of

791

00:34:12,319 --> 00:34:09,030

real capital capital is the concept

792

00:34:15,200 --> 00:34:12,329

that's been appropriated ex-pro created

793

00:34:16,530 --> 00:34:15,210

from the life sequence why it seems to

794

00:34:19,260 --> 00:34:16,540

make so much sense

795

00:34:23,640 --> 00:34:19,270

is because there is something wonderful

796

00:34:27,720 --> 00:34:23,650

about a value that produces more value

797

00:34:29,610 --> 00:34:27,730

without loss and cumulative gain that's

798

00:34:32,040 --> 00:34:29,620

a beautiful thing as hard it's not

799

00:34:33,930 --> 00:34:32,050

really understood in all history before

800

00:34:36,030 --> 00:34:33,940

because usually it's understood

801
00:34:38,220 --> 00:34:36,040
separately you know it goes around at

802
00:34:40,260 --> 00:34:38,230
the beginning in and on and all people

803
00:34:43,380 --> 00:34:40,270
basically understandings in terms of

804
00:34:46,140 --> 00:34:43,390
natural cycles but the capital moment if

805
00:34:49,070 --> 00:34:46,150
this is wealth that produces more wealth

806
00:34:52,470 --> 00:34:49,080
without loss and with cumulative gain

807
00:34:55,290 --> 00:34:52,480
you know that's a dynamic idea but it

808
00:34:57,480 --> 00:34:55,300
leads to cancer as a money sequence

809
00:35:01,320 --> 00:34:57,490
system a transnational money sequence

810
00:35:06,090 --> 00:35:01,330
system but as a life principle and a

811
00:35:11,310 --> 00:35:06,100
life axiom the primary axiom it leads to

812
00:35:15,390 --> 00:35:11,320
better and good by definition it only

813
00:35:18,630 --> 00:35:15,400

leads to better life by definition that

814

00:35:21,090 --> 00:35:18,640

is as well let's say education its

815

00:35:23,610 --> 00:35:21,100

wealth you know the education they even

816

00:35:25,410 --> 00:35:23,620

call it knowledge capital they just mean

817

00:35:27,570 --> 00:35:25,420

knowledge capital as money sequence

818

00:35:30,840 --> 00:35:27,580

capital how the money sequences use

819

00:35:33,690 --> 00:35:30,850

knowledge to reduce costs and advantage

820

00:35:36,410 --> 00:35:33,700

money sequence investors that's the only

821

00:35:38,880 --> 00:35:36,420

thing they see and that's a phony

822

00:35:41,100 --> 00:35:38,890

understanding of capital but if you

823

00:35:41,610 --> 00:35:41,110

understand this took this is a long time

824

00:35:44,100 --> 00:35:41,620

coming

825

00:35:46,920 --> 00:35:44,110

I couldn't even I could not say it in

826

00:35:49,410 --> 00:35:46,930

print four years after I had sold

827

00:35:52,080 --> 00:35:49,420

seemingly you know to my own mind I had

828

00:35:55,290 --> 00:35:52,090

I discovered this that nobody else was

829

00:35:58,440 --> 00:35:55,300

talking about but it was so hard to

830

00:36:01,700 --> 00:35:58,450

shift from one mindset to the other and

831

00:36:05,100 --> 00:36:01,710

I knew the left would be angry at

832

00:36:07,110 --> 00:36:05,110

somehow rehabilitating capitalism by

833

00:36:09,390 --> 00:36:07,120

talking about life capital yeah

834

00:36:11,880 --> 00:36:09,400

and I knew the right in the center would

835

00:36:14,250 --> 00:36:11,890

just not want to allow that distinction

836

00:36:15,990 --> 00:36:14,260

in because the game's up if you

837

00:36:18,510 --> 00:36:16,000

understand that distinction the game's

838

00:36:21,270 --> 00:36:18,520

up you can't go any further with that

839

00:36:23,730 --> 00:36:21,280

because everybody naturally not just as

840

00:36:26,700 --> 00:36:23,740

a self maximizing agent of a propaganda

841

00:36:29,100 --> 00:36:26,710

system that's enacted every day in every

842

00:36:30,120 --> 00:36:29,110

day every place but because people

843

00:36:32,009 --> 00:36:30,130

prefer

844

00:36:33,779 --> 00:36:32,019

like come on e this what a lot of

845

00:36:35,400 --> 00:36:33,789

literature is written about it in fact

846

00:36:37,230 --> 00:36:35,410

you might say that anything any good

847

00:36:40,170 --> 00:36:37,240

that's ever been done is really talking

848

00:36:42,029 --> 00:36:40,180

about that one way or another not you

849

00:36:44,640 --> 00:36:42,039

know about the life what I call a life

850

00:36:47,519 --> 00:36:44,650

coat or the life value on talaxian to

851
00:36:49,620 --> 00:36:47,529
you and that's why it's not allowed out

852
00:36:52,109 --> 00:36:49,630
it's not allowed out either by Marxist

853
00:36:54,120 --> 00:36:52,119
which I you know I've written one of my

854
00:36:55,769 --> 00:36:54,130
first books was on marks its structure

855
00:36:58,589 --> 00:36:55,779
of Marxist worldview with Princeton

856
00:37:00,930 --> 00:36:58,599
press and so I've you know I've read

857
00:37:03,299 --> 00:37:00,940
everything Marx ever wrote but I came to

858
00:37:05,849 --> 00:37:03,309
the conclusion after years and years of

859
00:37:07,380 --> 00:37:05,859
puzzling over all this just what you've

860
00:37:09,900 --> 00:37:07,390
got to go to the light path and there

861
00:37:12,269 --> 00:37:09,910
isn't a life grounded marks I can find

862
00:37:14,160 --> 00:37:12,279
one for him but he doesn't have he

863
00:37:16,620 --> 00:37:14,170

applies it but he doesn't have it in

864

00:37:19,349 --> 00:37:16,630

fact that's why Stalinism and everything

865

00:37:21,569 --> 00:37:19,359

and go run mad calling itself Marxism

866

00:37:23,759 --> 00:37:21,579

and because the actual theory doesn't

867

00:37:25,920 --> 00:37:23,769

ultimately have a life ground what its

868

00:37:28,230 --> 00:37:25,930

ground is is productive force

869

00:37:31,950 --> 00:37:28,240

development or technological development

870

00:37:35,249 --> 00:37:31,960

technological determinism rating and the

871

00:37:38,430 --> 00:37:35,259

often technologies can be even publicly

872

00:37:42,569 --> 00:37:38,440

owned and still destroy life and indeed

873

00:37:45,210 --> 00:37:42,579

for Marx the classes that were you know

874

00:37:47,880 --> 00:37:45,220

the peasant classes were necessary cost

875

00:37:51,359 --> 00:37:47,890

you know their death in the world was a

876

00:37:53,579 --> 00:37:51,369

necessary cause of progress he in a way

877

00:37:56,309 --> 00:37:53,589

is the you know the last great bourgeois

878

00:37:59,009 --> 00:37:56,319

thinker in the sense that he capital can

879

00:38:01,109 --> 00:37:59,019

be implicitly gone that if the workers

880

00:38:03,269 --> 00:38:01,119

can just take over this money capital

881

00:38:05,940 --> 00:38:03,279

then everything will be solved well it

882

00:38:07,799 --> 00:38:05,950

isn't because life requirements are very

883

00:38:10,259 --> 00:38:07,809

different and what are those life

884

00:38:12,420 --> 00:38:10,269

requirements and then I go down to what

885

00:38:14,640 --> 00:38:12,430

they are and then you get a for you know

886

00:38:17,069 --> 00:38:14,650

you get a whole schedule of needs not

887

00:38:19,859 --> 00:38:17,079

maslul needs or not any other type of

888

00:38:23,700 --> 00:38:19,869

needs or arguable I need is what life is

889

00:38:25,259 --> 00:38:23,710

life is reduced without yeah that's

890

00:38:28,019 --> 00:38:25,269

another formula that you won't find

891

00:38:32,940 --> 00:38:28,029

anywhere else but it captures a notion

892

00:38:35,579 --> 00:38:32,950

of me and the only need and so what is

893

00:38:37,920 --> 00:38:35,589

it that we cannot do with a reduction or

894

00:38:41,039 --> 00:38:37,930

half of our life capacities well we

895

00:38:42,779 --> 00:38:41,049

don't have we've got to have good air to

896

00:38:43,950 --> 00:38:42,789

breathe right right I have clean hair

897

00:38:47,670 --> 00:38:43,960

debris and

898

00:38:51,630 --> 00:38:47,680

did we totally also need some space and

899

00:38:54,570 --> 00:38:51,640

we probably need it is some and leave

900

00:38:58,829 --> 00:38:54,580

some green space or her gotta have light

901
00:39:00,870 --> 00:38:58,839
and I call that the atmospheric good and

902
00:39:03,079 --> 00:39:00,880
a neat well John let me ask you this

903
00:39:05,880 --> 00:39:03,089
though I think a lot of the listeners

904
00:39:07,710 --> 00:39:05,890
probably see what we should do or know

905
00:39:09,900 --> 00:39:07,720
some of the things that we do need but

906
00:39:11,910 --> 00:39:09,910
how do we get there you know that's the

907
00:39:13,320 --> 00:39:11,920
real issue with the cancer as entrenched

908
00:39:15,630 --> 00:39:13,330
as it is I mean how do we alter the

909
00:39:17,870 --> 00:39:15,640
system's motivations to work for life

910
00:39:20,430 --> 00:39:17,880
capital for the greater good rather than

911
00:39:22,290 --> 00:39:20,440
individual wealth and greed it's easy to

912
00:39:24,329 --> 00:39:22,300
recognize it or it's easier to recognize

913
00:39:27,570 --> 00:39:24,339

it but it's a lot harder to actually

914

00:39:30,120 --> 00:39:27,580

make a real world switch what being a

915

00:39:32,730 --> 00:39:30,130

perhaps because I'm a philosopher I see

916

00:39:36,270 --> 00:39:32,740

the things that that ultimately decide

917

00:39:37,950 --> 00:39:36,280

what's happening our principles even if

918

00:39:40,290 --> 00:39:37,960

they're none recognized principle and

919

00:39:43,349 --> 00:39:40,300

the key of science so all science basic

920

00:39:45,990 --> 00:39:43,359

science looks for principles or laws and

921

00:39:48,690 --> 00:39:46,000

the case of nature then even in the case

922

00:39:50,880 --> 00:39:48,700

of social systems you look for laws

923

00:39:53,550 --> 00:39:50,890

what's governing it or in my case I

924

00:39:55,680 --> 00:39:53,560

don't want to call it a law between the

925

00:39:58,200 --> 00:39:55,690

life sequence of value and the money

926
00:40:01,730 --> 00:39:58,210
sequence of value but I do call those

927
00:40:04,170 --> 00:40:01,740
principles and I identify them as

928
00:40:06,599 --> 00:40:04,180
regulating principles whether people are

929
00:40:09,750 --> 00:40:06,609
aware of them or not it's a regulating

930
00:40:12,240 --> 00:40:09,760
principle it's at work for example when

931
00:40:14,880 --> 00:40:12,250
someone says and for many years I did

932
00:40:17,490 --> 00:40:14,890
Columbus discovered America the

933
00:40:19,500 --> 00:40:17,500
underlying principle is that all human

934
00:40:22,680 --> 00:40:19,510
discernment and understanding is

935
00:40:24,720 --> 00:40:22,690
European and they don't know that that's

936
00:40:27,030 --> 00:40:24,730
the underlying principle but it in fact

937
00:40:29,160 --> 00:40:27,040
governs them and it not only governs and

938
00:40:31,050 --> 00:40:29,170

it leads to it doesn't matter it's a

939

00:40:33,510 --> 00:40:31,060

good thing if we kill all the Indians or

940

00:40:36,750 --> 00:40:33,520

all the native population it's good

941

00:40:39,630 --> 00:40:36,760

so always behind which we see inside a

942

00:40:42,540 --> 00:40:39,640

system or in decide a person's behavior

943

00:40:45,240 --> 00:40:42,550

as an individual inside that system it's

944

00:40:47,670 --> 00:40:45,250

always regulated by principle and so I

945

00:40:50,250 --> 00:40:47,680

can just pose a question back just to

946

00:40:51,930 --> 00:40:50,260

get to that first base can you think of

947

00:40:55,109 --> 00:40:51,940

anything it isn't governed by a

948

00:40:57,840 --> 00:40:55,119

principle and indeed isn't governed by

949

00:41:00,720 --> 00:40:57,850

the life value principle but

950

00:41:02,670 --> 00:41:00,730

day versus the money value principle or

951
00:41:06,120 --> 00:41:02,680
the money sequence of value versus the

952
00:41:09,420 --> 00:41:06,130
life sequence of I so I'm arguing and it

953
00:41:10,800 --> 00:41:09,430
looks love caller examples arguing that

954
00:41:12,420 --> 00:41:10,810
if you want to understand anything

955
00:41:14,790 --> 00:41:12,430
that's going on here you gotta

956
00:41:16,290 --> 00:41:14,800
understand this regulating principle or

957
00:41:17,610 --> 00:41:16,300
you go out you don't have a scientific

958
00:41:20,520 --> 00:41:17,620
understanding you don't even have a

959
00:41:23,370 --> 00:41:20,530
logical understanding of it and anything

960
00:41:25,410 --> 00:41:23,380
that's exceptions to it causes one you

961
00:41:27,480 --> 00:41:25,420
know if there's an exception to it then

962
00:41:29,490 --> 00:41:27,490
one looks examines that that exception

963
00:41:32,420 --> 00:41:29,500

see if it really is an exception and

964

00:41:35,220 --> 00:41:32,430

then you have to adapt your

965

00:41:37,770 --> 00:41:35,230

understanding again looking for the

966

00:41:39,840 --> 00:41:37,780

actually underlying principle that you

967

00:41:41,520 --> 00:41:39,850

will be able to predict from to that

968

00:41:43,800 --> 00:41:41,530

they'll continue operate with that

969

00:41:46,260 --> 00:41:43,810

principle until is another principle

970

00:41:48,420 --> 00:41:46,270

that is instituted and we've had those

971

00:41:50,070 --> 00:41:48,430

principles instituted for example

972

00:41:52,770 --> 00:41:50,080

slavery everybody thought it was natural

973

00:41:55,680 --> 00:41:52,780

from Aristotle and Plato on it was a

974

00:41:58,020 --> 00:41:55,690

natural state of affairs and that's that

975

00:42:01,590 --> 00:41:58,030

and that continued up until you know

976
00:42:03,420 --> 00:42:01,600
hardly a century ago that that you know

977
00:42:05,490 --> 00:42:03,430
that was no longer principle we could

978
00:42:09,270 --> 00:42:05,500
live with and live accordance with and

979
00:42:11,640 --> 00:42:09,280
so the principle changed that slaves

980
00:42:15,630 --> 00:42:11,650
were not slaves by nature but by an

981
00:42:18,150 --> 00:42:15,640
institution that needs to be changed the

982
00:42:20,940 --> 00:42:18,160
same with women who were in a sense like

983
00:42:24,990 --> 00:42:20,950
slaves basically the position of their

984
00:42:27,750 --> 00:42:25,000
male master and with no rights and we've

985
00:42:30,390 --> 00:42:27,760
seen in our own lifetimes we've seen big

986
00:42:30,720 --> 00:42:30,400
changes happening there but what we look

987
00:42:32,850 --> 00:42:30,730
for

988
00:42:35,220 --> 00:42:32,860

you know many feminists would say yeah

989

00:42:37,080 --> 00:42:35,230

you see a big change in the talk but you

990

00:42:39,540 --> 00:42:37,090

don't see any change in what's actually

991

00:42:41,850 --> 00:42:39,550

going on in the marketplace because

992

00:42:45,090 --> 00:42:41,860

they're women so only have two-thirds of

993

00:42:46,860 --> 00:42:45,100

the pay of men and that's the big you

994

00:42:48,990 --> 00:42:46,870

know seems to be an anomaly but it

995

00:42:51,990 --> 00:42:49,000

according to a principle understanding

996

00:42:54,210 --> 00:42:52,000

with principle ground you say well

997

00:42:57,210 --> 00:42:54,220

that's because your economy is not

998

00:43:00,180 --> 00:42:57,220

feminist it doesn't recognize these as

999

00:43:03,840 --> 00:43:00,190

issues now they may bring in symbolic

1000

00:43:06,450 --> 00:43:03,850

women into the hierarchy and even CEO

1001
00:43:09,210 --> 00:43:06,460
office and but that's not a change in

1002
00:43:11,559 --> 00:43:09,220
principle that's basically a propaganda

1003
00:43:13,359 --> 00:43:11,569
a symbolic gesture that's

1004
00:43:16,120 --> 00:43:13,369
stops people seeing what's wrong with

1005
00:43:18,819 --> 00:43:16,130
the principle mm-hmm so look to any

1006
00:43:21,189 --> 00:43:18,829
problem or indeed any success in our

1007
00:43:23,559 --> 00:43:21,199
lives and this was really what you know

1008
00:43:25,839 --> 00:43:23,569
we were we began with in our original

1009
00:43:28,959 --> 00:43:25,849
conversation about doing this program

1010
00:43:31,449 --> 00:43:28,969
was I you know just saying not only is

1011
00:43:33,910 --> 00:43:31,459
the war of the world the life value

1012
00:43:36,670 --> 00:43:33,920
principle or the life sequence of value

1013
00:43:41,229 --> 00:43:36,680

versus the money principle of the money

1014

00:43:46,900 --> 00:43:41,239

axiom on a sequence of value it is also

1015

00:43:49,959 --> 00:43:46,910

that war includes everything everything

1016

00:43:51,609 --> 00:43:49,969

is now involved in that war and isn't

1017

00:43:53,349 --> 00:43:51,619

that kind of a dirty secret though that

1018

00:43:55,779 --> 00:43:53,359

like these principles that really guide

1019

00:43:57,819 --> 00:43:55,789

the system there's different levels to

1020

00:43:59,799 --> 00:43:57,829

how important they are to the integrity

1021

00:44:03,279 --> 00:43:59,809

of the system and they allow us to

1022

00:44:05,170 --> 00:44:03,289

debate and vote on issues that are kind

1023

00:44:07,359 --> 00:44:05,180

of minor but these key ones are kind of

1024

00:44:09,519 --> 00:44:07,369

off limits to us it seems that's right

1025

00:44:13,120 --> 00:44:09,529

that's right so that's the problem of

1026

00:44:15,130 --> 00:44:13,130

flout and that's what I try to do is to

1027

00:44:17,680 --> 00:44:15,140

bring people's understanding to the

1028

00:44:20,769 --> 00:44:17,690

place where they see this because what I

1029

00:44:22,989 --> 00:44:20,779

am saying here can be falsified you can

1030

00:44:24,459 --> 00:44:22,999

pick out some phenomena and say well you

1031

00:44:26,349 --> 00:44:24,469

know they're they're arguing about this

1032

00:44:28,839 --> 00:44:26,359

or that I say feminism where's the

1033

00:44:31,150 --> 00:44:28,849

racism which is associated with slavery

1034

00:44:34,269 --> 00:44:31,160

and they haven't really changed the

1035

00:44:36,640 --> 00:44:34,279

principle or they have actually changed

1036

00:44:39,099 --> 00:44:36,650

the principle insofar it is it is in

1037

00:44:42,609 --> 00:44:39,109

governing it's an empirical objective

1038

00:44:44,949 --> 00:44:42,619

matter here mm-hmm and then you say well

1039

00:44:47,709 --> 00:44:44,959

how can we give it because it just isn't

1040

00:44:50,259 --> 00:44:47,719

that any I hear from your question we

1041

00:44:52,420 --> 00:44:50,269

started our getting getting this but

1042

00:44:54,939 --> 00:44:52,430

look at what's going on there stop doing

1043

00:44:56,979 --> 00:44:54,949

these dispossessing so-called trade

1044

00:44:59,650 --> 00:44:56,989

treaties trade agreements which only

1045

00:45:02,140 --> 00:44:59,660

advantage transnational money sequences

1046

00:45:04,859 --> 00:45:02,150

and override everything of life value to

1047

00:45:08,289 --> 00:45:04,869

do so even though we know that principle

1048

00:45:10,689 --> 00:45:08,299

nothing's changed they just give out

1049

00:45:12,729 --> 00:45:10,699

different pretenses you know and

1050

00:45:14,499 --> 00:45:12,739

basically have a brand change all people

1051

00:45:16,719 --> 00:45:14,509

are sick of that so we'll change from

1052

00:45:18,819 --> 00:45:16,729

the brush to cancer system leader they

1053

00:45:20,920 --> 00:45:18,829

don't think about that will change it

1054

00:45:22,509 --> 00:45:20,930

will not change the cancer will change

1055

00:45:24,420 --> 00:45:22,519

so you front me

1056

00:45:28,110 --> 00:45:24,430

we have a brand change

1057

00:45:29,250 --> 00:45:28,120

Obama and that's all and everybody's old

1058

00:45:31,440 --> 00:45:29,260

things are going to be better now

1059

00:45:33,420 --> 00:45:31,450

President opal Nobel Peace Prize

1060

00:45:35,760 --> 00:45:33,430

everybody applauds thanks the principles

1061

00:45:37,500 --> 00:45:35,770

Jane and what I'm saying no no the

1062

00:45:39,780 --> 00:45:37,510

regulating principle hasn't changed at

1063

00:45:42,150 --> 00:45:39,790

all you've just been duped again by a

1064

00:45:44,100 --> 00:45:42,160

brand change and the people inside that

1065

00:45:46,260 --> 00:45:44,110

position until they understand these

1066

00:45:50,310 --> 00:45:46,270

things are not going to be able to do it

1067

00:45:51,840 --> 00:45:50,320

because it now is master but it's not

1068

00:45:53,760 --> 00:45:51,850

mastered in my life and it's not

1069

00:45:55,830 --> 00:45:53,770

mastering your life and here we come to

1070

00:45:58,320 --> 00:45:55,840

the individual level which I you know I

1071

00:46:00,300 --> 00:45:58,330

think that individuals on halfway are

1072

00:46:03,210 --> 00:46:00,310

determined by their positions within a

1073

00:46:05,790 --> 00:46:03,220

system that has violence and force and

1074

00:46:09,240 --> 00:46:05,800

lies behind it that's always true of

1075

00:46:11,850 --> 00:46:09,250

this system senses a cancer-like system

1076

00:46:14,250 --> 00:46:11,860

that is especially - or what about a

1077

00:46:16,410 --> 00:46:14,260

sense of individuals i don't do an act

1078

00:46:25,620 --> 00:46:16,420

in my life including right now I'm going

1079

00:46:28,950 --> 00:46:25,630

to take a sip of my water oh and I won't

1080

00:46:33,540 --> 00:46:28,960

drink any water that in a plastic bottle

1081

00:46:35,370 --> 00:46:33,550

and I will never accept water I've

1082

00:46:37,620 --> 00:46:35,380

almost died from when I was traveling

1083

00:46:40,170 --> 00:46:37,630

through India choosing water that was in

1084

00:46:41,820 --> 00:46:40,180

a whale but it was polluted without my

1085

00:46:44,010 --> 00:46:41,830

knowing it without even the villagers

1086

00:46:46,140 --> 00:46:44,020

knowing an anomaly took me down with a

1087

00:46:49,700 --> 00:46:46,150

maybe dysentery overnight almost it's

1088

00:46:53,640 --> 00:46:49,710

incredible and I'm going to only

1089

00:46:55,350 --> 00:46:53,650

patronize the provision of water that is

1090

00:46:58,080 --> 00:46:55,360

a good provision that makes it

1091

00:47:00,450 --> 00:46:58,090

universally accessible so I'm only going

1092

00:47:03,360 --> 00:47:00,460

to use public water or demand public

1093

00:47:06,510 --> 00:47:03,370

water or filter it in some way myself

1094

00:47:09,030 --> 00:47:06,520

until we get that change in bowl now

1095

00:47:10,800 --> 00:47:09,040

that's just water but don't go through

1096

00:47:12,780 --> 00:47:10,810

every part of your life here you know

1097

00:47:15,650 --> 00:47:12,790

this technical marvel that we have that

1098

00:47:18,630 --> 00:47:15,660

we can now talk over a phone and

1099

00:47:20,400 --> 00:47:18,640

communicate to each other about what

1100

00:47:23,820 --> 00:47:20,410

ultimately matters which was never

1101
00:47:26,160 --> 00:47:23,830
possible before and but you gotta watch

1102
00:47:28,650 --> 00:47:26,170
it because that same system is into

1103
00:47:31,310 --> 00:47:28,660
basically commercial control you know

1104
00:47:35,460 --> 00:47:31,320
it's basically into the secret of all

1105
00:47:37,860 --> 00:47:35,470
propagandas nicely said by Bernays who

1106
00:47:40,860 --> 00:47:37,870
is a nephew of freud he said it's

1107
00:47:44,370 --> 00:47:40,870
you know it's a mechanism of consent

1108
00:47:46,650 --> 00:47:44,380
that rules and regiments people without

1109
00:47:48,390 --> 00:47:46,660
their knowledge and this is the

1110
00:47:51,090 --> 00:47:48,400
invisible government he said that back

1111
00:47:54,540 --> 00:47:51,100
in 1926 and he's the founder of public

1112
00:47:57,240 --> 00:47:54,550
relations so the public relations of the

1113
00:48:00,210 --> 00:47:57,250

knowledge economy the information

1114

00:48:03,930 --> 00:48:00,220

economy and nothing but saturating ads

1115

00:48:06,900 --> 00:48:03,940

ads ads ads ads everywhere for always

1116

00:48:09,600 --> 00:48:06,910

always for transnational money sequences

1117

00:48:13,800 --> 00:48:09,610

are trying to because national monies

1118

00:48:17,520 --> 00:48:13,810

weekly oh so I can change my life by

1119

00:48:20,220 --> 00:48:17,530

what media I I'm on my own life for

1120

00:48:23,460 --> 00:48:20,230

change radically if I don't forget watch

1121

00:48:24,320 --> 00:48:23,470

commercial television and I could save

1122

00:48:27,570 --> 00:48:24,330

the sense

1123

00:48:31,770 --> 00:48:27,580

television came in but half my life has

1124

00:48:33,960 --> 00:48:31,780

been without without it and or its

1125

00:48:35,940 --> 00:48:33,970

public you know where the public sector

1126

00:48:39,840 --> 00:48:35,950

gets into the television is more

1127

00:48:42,570 --> 00:48:39,850

reliable so that changes my pastime to

1128

00:48:44,910 --> 00:48:42,580

and my computer which I live from

1129

00:48:46,740 --> 00:48:44,920

basically as a writer always made me

1130

00:48:48,630 --> 00:48:46,750

commend us advantages for me and I

1131

00:48:51,840 --> 00:48:48,640

always ask the life question doesn't

1132

00:48:56,120 --> 00:48:51,850

enable life or it is a life going era

1133

00:48:59,190 --> 00:48:56,130

does it more inclusively life coherently

1134

00:49:01,230 --> 00:48:59,200

enable my life and other life that's

1135

00:49:03,420 --> 00:49:01,240

what the coherences it's not only that

1136

00:49:05,460 --> 00:49:03,430

it enables your life but it's coherent

1137

00:49:08,340 --> 00:49:05,470

with others needs so it enables their

1138

00:49:11,040 --> 00:49:08,350

lives to every commitment for every act

1139

00:49:13,770 --> 00:49:11,050

that anyone ever does could be a life

1140

00:49:15,930 --> 00:49:13,780

value commitment and in fact we see

1141

00:49:18,090 --> 00:49:15,940

people doing this all the time food is

1142

00:49:19,950 --> 00:49:18,100

the best example radio where you see a

1143

00:49:22,110 --> 00:49:19,960

huge change in awareness

1144

00:49:24,300 --> 00:49:22,120

coming ten years ago they believed that

1145

00:49:26,040 --> 00:49:24,310

junk food well you know the us and made

1146

00:49:27,780 --> 00:49:26,050

sure they just said they would

1147

00:49:30,270 --> 00:49:27,790

discontinue funding the World Health

1148

00:49:33,660 --> 00:49:30,280

Organization if they came out with any

1149

00:49:36,120 --> 00:49:33,670

thing about food and junk food or even

1150

00:49:38,550 --> 00:49:36,130

even a good diet which you have to have

1151

00:49:40,290 --> 00:49:38,560

for a nourishing diet they would stop

1152

00:49:42,900 --> 00:49:40,300

they'd just be funded and that's the

1153

00:49:47,299 --> 00:49:42,910

principle weapon is defunding if not war

1154

00:49:49,669 --> 00:49:47,309

if not kill defund first then kill

1155

00:49:52,579 --> 00:49:49,679

and so every moment of our lives is such

1156

00:49:54,469 --> 00:49:52,589

a choice between in our time that money

1157

00:49:57,769 --> 00:49:54,479

sequence of value in the life is equal

1158

00:49:59,299 --> 00:49:57,779

to the value right on I do like a lot of

1159

00:50:01,459 --> 00:49:59,309

what you're saying people should live

1160

00:50:02,839 --> 00:50:01,469

more principled lives but there is an

1161

00:50:05,809 --> 00:50:02,849

issue here that we have to address

1162

00:50:07,969 --> 00:50:05,819

because I've had several guests who talk

1163

00:50:09,769 --> 00:50:07,979

about classic capitalism as the

1164

00:50:11,299 --> 00:50:09,779

mechanism for lifting hundreds of

1165

00:50:13,429 --> 00:50:11,309

thousands of people millions of people

1166

00:50:16,219 --> 00:50:13,439

out of poverty in the last century that

1167

00:50:18,979 --> 00:50:16,229

the technological innovations and

1168

00:50:21,169 --> 00:50:18,989

advancements of our time have capitalism

1169

00:50:22,880 --> 00:50:21,179

to thank as their catalyst and they say

1170

00:50:25,789 --> 00:50:22,890

that our weapons shouldn't be aimed at

1171

00:50:27,319 --> 00:50:25,799

capitalism but rather centralization how

1172

00:50:29,599 --> 00:50:27,329

would you respond to someone with that

1173

00:50:31,669 --> 00:50:29,609

mindset or even anarchists or

1174

00:50:33,709 --> 00:50:31,679

free-market libertarians who argue the

1175

00:50:37,309 --> 00:50:33,719

state is the real villain of the story

1176

00:50:39,229 --> 00:50:37,319

here well you've just encapsulated very

1177

00:50:41,689 --> 00:50:39,239

as you're doing throat here you've

1178

00:50:43,880 --> 00:50:41,699

encapsulated the two main arguments the

1179

00:50:46,399 --> 00:50:43,890

first argument I would call it is

1180

00:50:48,649 --> 00:50:46,409

Marxist in origin but also but needn't

1181

00:50:50,479 --> 00:50:48,659

be Marxist the capitalism is the

1182

00:50:52,880 --> 00:50:50,489

solution Marx believed that and you know

1183

00:50:55,999 --> 00:50:52,890

that we had the we had to have

1184

00:50:58,370 --> 00:50:56,009

capitalism reach its zenith of where it

1185

00:51:00,649 --> 00:50:58,380

was no longer productive and then only

1186

00:51:03,279 --> 00:51:00,659

when it was no longer productive when it

1187

00:51:06,109 --> 00:51:03,289

was choosing between productive

1188

00:51:07,640 --> 00:51:06,119

regression and productive advance the

1189

00:51:10,069 --> 00:51:07,650

system would always he thought it was a

1190

00:51:13,069 --> 00:51:10,079

historical law choose the way you just

1191

00:51:15,319 --> 00:51:13,079

described the capitalism will always you

1192

00:51:18,169 --> 00:51:15,329

know all these for example a life

1193

00:51:19,789 --> 00:51:18,179

expectancy at will change and an

1194

00:51:21,469 --> 00:51:19,799

improvement and you know for example

1195

00:51:24,169 --> 00:51:21,479

electric lighting it was through

1196

00:51:26,089 --> 00:51:24,179

capitalism or through knowledge capital

1197

00:51:27,890 --> 00:51:26,099

in the internet and so forth and each

1198

00:51:30,499 --> 00:51:27,900

one of these I would go through and say

1199

00:51:33,979 --> 00:51:30,509

well and clue you know whether it's by

1200

00:51:35,749 --> 00:51:33,989

Marxist or by orthodox with economics

1201
00:51:38,899 --> 00:51:35,759
because they need to share that same

1202
00:51:40,969 --> 00:51:38,909
argument both and that's why the one is

1203
00:51:43,009 --> 00:51:40,979
not really a revolutionary argument in

1204
00:51:45,229 --> 00:51:43,019
the sense of change in the system is

1205
00:51:48,049 --> 00:51:45,239
basically how the system can still work

1206
00:51:50,419 --> 00:51:48,059
if the workers are the ruling class and

1207
00:51:53,419 --> 00:51:50,429
that doesn't get into the problem sort

1208
00:51:56,719 --> 00:51:53,429
of could built in principle so in those

1209
00:51:59,809 --> 00:51:56,729
cases I would say well you know that to

1210
00:52:01,160 --> 00:51:59,819
take that people die last especially

1211
00:52:04,339 --> 00:52:01,170
child

1212
00:52:07,160 --> 00:52:04,349
would be the most dramatic success orb

1213
00:52:09,700 --> 00:52:07,170

life expectancy and that wasn't a

1214

00:52:12,319 --> 00:52:09,710

because that was in spite of capital

1215

00:52:14,480 --> 00:52:12,329

right from the get-go it was about

1216

00:52:16,640 --> 00:52:14,490

having clean supplies water right from

1217

00:52:19,549 --> 00:52:16,650

the get-go and separating water from

1218

00:52:21,170 --> 00:52:19,559

sewage that was the secret to it and

1219

00:52:23,089 --> 00:52:21,180

that happened you know that was not

1220

00:52:25,160 --> 00:52:23,099

capitalists that were the women in

1221

00:52:27,559 --> 00:52:25,170

England for example the during the

1222

00:52:29,299 --> 00:52:27,569

cholera African epidemic said we gotta

1223

00:52:31,849 --> 00:52:29,309

have they understood women are usually

1224

00:52:34,519 --> 00:52:31,859

meeting these things by the way it's not

1225

00:52:38,420 --> 00:52:34,529

capitalism at all probably women and

1226

00:52:40,579 --> 00:52:38,430

they led this force and ended up as

1227

00:52:42,410 --> 00:52:40,589

public sewage and so forth which then

1228

00:52:44,150 --> 00:52:42,420

was copied everywhere because it made

1229

00:52:46,460 --> 00:52:44,160

the difference between life and death

1230

00:52:48,950 --> 00:52:46,470

for most of your population yeah more

1231

00:52:51,140 --> 00:52:48,960

than half of Europe was killed by not

1232

00:52:54,140 --> 00:52:51,150

having this and then not having a

1233

00:52:55,640 --> 00:52:54,150

separation of water and sewage hmm you

1234

00:52:57,859 --> 00:52:55,650

know because of the blonic plague which

1235

00:53:00,890 --> 00:52:57,869

is carried by rats which we have you

1236

00:53:02,809 --> 00:53:00,900

know parasite on them that cetera gotcha

1237

00:53:05,450 --> 00:53:02,819

but the only way you're going to fix it

1238

00:53:07,579 --> 00:53:05,460

was if you separated the water which

1239

00:53:09,170 --> 00:53:07,589

mothers would know the women would know

1240

00:53:12,410 --> 00:53:09,180

because they're dealing with water all

1241

00:53:14,690 --> 00:53:12,420

the time and so wasn't capitalism at all

1242

00:53:16,400 --> 00:53:14,700

and now you think oh well but look at

1243

00:53:18,829 --> 00:53:16,410

this capitalism that gave us the

1244

00:53:20,269 --> 00:53:18,839

Internet no no no no as you know what

1245

00:53:22,640 --> 00:53:20,279

you believe what we know more than I do

1246

00:53:25,700 --> 00:53:22,650

about this is all but shareware from the

1247

00:53:27,440 --> 00:53:25,710

beginning it's all been a science to

1248

00:53:30,079 --> 00:53:27,450

begin with when I was first introduced

1249

00:53:33,140 --> 00:53:30,089

to it before became fashionable and I

1250

00:53:35,299 --> 00:53:33,150

resisted it because it's I was used to

1251

00:53:37,730 --> 00:53:35,309

the other way and but my physicist

1252

00:53:40,160 --> 00:53:37,740

friends because I was very much involved

1253

00:53:43,339 --> 00:53:40,170

in then science for peace which is by

1254

00:53:45,859 --> 00:53:43,349

the way to deserve by basically UF

1255

00:53:48,140 --> 00:53:45,869

propaganda but in the old days science

1256

00:53:50,509 --> 00:53:48,150

or T say we're at the front end they

1257

00:53:52,549 --> 00:53:50,519

have Nobel Prize members in there a lot

1258

00:53:54,109 --> 00:53:52,559

they were at the front end of the

1259

00:53:57,019 --> 00:53:54,119

internet because that's what they were

1260

00:53:58,789 --> 00:53:57,029

doing in their physics experiments and

1261

00:54:01,009 --> 00:53:58,799

discussions with each other without

1262

00:54:04,849 --> 00:54:01,019

having to cook travel thousands of miles

1263

00:54:07,220 --> 00:54:04,859

or you know unaffordable and telephone

1264

00:54:09,740 --> 00:54:07,230

expenses that only happen on once in a

1265

00:54:12,559 --> 00:54:09,750

day or you know the internet was

1266

00:54:13,560 --> 00:54:12,569

introduced by public scientists and the

1267

00:54:16,950 --> 00:54:13,570

people who have

1268

00:54:19,380 --> 00:54:16,960

only all the innovations like I mean

1269

00:54:21,900 --> 00:54:19,390

what the share worship in one way or

1270

00:54:24,030 --> 00:54:21,910

another behind all and then it's some

1271

00:54:26,400 --> 00:54:24,040

non capitalist discourses and

1272

00:54:28,770 --> 00:54:26,410

communications of fact in spite of

1273

00:54:30,570 --> 00:54:28,780

capitalism is all the real information

1274

00:54:34,050 --> 00:54:30,580

and knowledge that you can get from the

1275

00:54:37,080 --> 00:54:34,060

web now by avoiding hell by stepping

1276

00:54:40,890 --> 00:54:37,090

around it which now these tools allow it

1277

00:54:43,710 --> 00:54:40,900

so I would say now you know I'm open to

1278

00:54:46,530 --> 00:54:43,720

of course dispute here if anybody can

1279

00:54:49,260 --> 00:54:46,540

think of a thing that capitalism gave us

1280

00:54:52,130 --> 00:54:49,270

it wasn't in fact started beforehand by

1281

00:54:54,900 --> 00:54:52,140

non capitalism or in spite of capitalism

1282

00:54:57,360 --> 00:54:54,910

mmm-hmm right and I struggle with that

1283

00:55:00,690 --> 00:54:57,370

too because I have guests on both sides

1284

00:55:03,060 --> 00:55:00,700

of the question and so many talk about

1285

00:55:05,220 --> 00:55:03,070

oh if we just had a free market that

1286

00:55:08,010 --> 00:55:05,230

didn't have all this influence from the

1287

00:55:10,350 --> 00:55:08,020

elites yeah it would be a more freer

1288

00:55:12,060 --> 00:55:10,360

society but I'm just not sure because I

1289

00:55:13,800 --> 00:55:12,070

think that with capitalism you're always

1290

00:55:17,160 --> 00:55:13,810

going to have incentives for criminal

1291

00:55:19,680 --> 00:55:17,170

action to get more profit of course

1292

00:55:22,170 --> 00:55:19,690

you're right the business of libertarian

1293

00:55:24,510 --> 00:55:22,180

ideology on one hand of it you know this

1294

00:55:27,320 --> 00:55:24,520

capitalist libertarianism in their

1295

00:55:29,730 --> 00:55:27,330

socialist libertarianism or local

1296

00:55:32,340 --> 00:55:29,740

libertarianism words by the community

1297

00:55:35,310 --> 00:55:32,350

determination self-determination and

1298

00:55:37,530 --> 00:55:35,320

anarchism is another expression of it so

1299

00:55:39,570 --> 00:55:37,540

even in Marx's day there were anarchists

1300

00:55:42,270 --> 00:55:39,580

that argued this way but it's become

1301

00:55:45,450 --> 00:55:42,280

much more especially through a u.s.

1302

00:55:47,850 --> 00:55:45,460

number how many people over believe any

1303

00:55:49,920 --> 00:55:47,860

of that Lubert capitalist libertarianism

1304

00:55:53,460 --> 00:55:49,930

that's basically what I would call an

1305

00:55:56,010 --> 00:55:53,470

American religion which is recognized as

1306

00:55:58,620 --> 00:55:56,020

a religion thinks it's very rational but

1307

00:56:01,620 --> 00:55:58,630

it is not life coherent it's that you

1308

00:56:04,140 --> 00:56:01,630

know just leads to what as you said not

1309

00:56:06,450 --> 00:56:04,150

just crime but it just leads to if you

1310

00:56:08,250 --> 00:56:06,460

leave that alone try to think of one

1311

00:56:11,370 --> 00:56:08,260

social advance that's made without

1312

00:56:14,400 --> 00:56:11,380

public authority without public taxes

1313

00:56:17,070 --> 00:56:14,410

without even room you know from police

1314

00:56:19,470 --> 00:56:17,080

to water supply again it's the same

1315

00:56:20,970 --> 00:56:19,480

thing why don't they know that because

1316

00:56:23,490 --> 00:56:20,980

their religion

1317

00:56:25,890 --> 00:56:23,500

they're a done and I've you know they've

1318

00:56:27,059 --> 00:56:25,900

got good they extraction and it's

1319

00:56:28,650 --> 00:56:27,069

carried by America

1320

00:56:31,979 --> 00:56:28,660

I have not met anybody who's a

1321

00:56:33,809 --> 00:56:31,989

capitalist anarchist libertarian outside

1322

00:56:35,939 --> 00:56:33,819

of the states or from the states are

1323

00:56:38,370 --> 00:56:35,949

born and bred in the state it's more

1324

00:56:40,079 --> 00:56:38,380

well it's gotten its penetrated Canada

1325

00:56:42,299 --> 00:56:40,089

quite a bit but not not to the point

1326

00:56:44,430 --> 00:56:42,309

where people take it seriously but it

1327

00:56:47,189 --> 00:56:44,440

does it has penetrated but not elsewhere

1328

00:56:49,979 --> 00:56:47,199

and why well this is a you know usually

1329

00:56:53,599 --> 00:56:49,989

there are religious substitute for the

1330

00:56:56,009 --> 00:56:53,609

lost religions we have and although

1331

00:56:58,319 --> 00:56:56,019

libertarianism pretends to and in many

1332

00:57:00,779 --> 00:56:58,329

matters other than economic it is

1333

00:57:03,120 --> 00:57:00,789

rational here it's religious there's

1334

00:57:05,519 --> 00:57:03,130

only one God there shall be no other God

1335

00:57:09,109 --> 00:57:05,529

before it and that is capitalism that is

1336

00:57:12,449 --> 00:57:09,119

free investment with no interference

1337

00:57:16,680 --> 00:57:12,459

that is ultimately the transnational

1338

00:57:21,839 --> 00:57:16,690

money sequence cancer system but they

1339

00:57:25,140 --> 00:57:21,849

can't go any of those steps and I've

1340

00:57:28,079 --> 00:57:25,150

been glad to you know when I tried to

1341

00:57:29,939 --> 00:57:28,089

debate a very well-known libertarian up

1342

00:57:32,339 --> 00:57:29,949

here in American of course but he did

1343

00:57:34,620 --> 00:57:32,349

you know as many Picard but beggars came

1344

00:57:37,529 --> 00:57:34,630

up here took over Canadian University

1345

00:57:39,359 --> 00:57:37,539

and they just can't deal with it they

1346

00:57:42,599 --> 00:57:39,369

just cannot deal with it they'll just

1347

00:57:45,359 --> 00:57:42,609

change the topic is a good song you know

1348

00:57:47,609 --> 00:57:45,369

the good at sophistry right but that's

1349

00:57:49,439 --> 00:57:47,619

what I think about it and I just say

1350

00:57:51,599 --> 00:57:49,449

well just take a look at it you think

1351

00:57:54,029 --> 00:57:51,609

it'll all be better with those two state

1352

00:57:55,829 --> 00:57:54,039

by free investment then you can go into

1353

00:57:58,529 --> 00:57:55,839

the cancer argument or you go into the

1354

00:58:01,559 --> 00:57:58,539

argument of which particular advance do

1355

00:58:03,359 --> 00:58:01,569

you say do you are you sure has been by

1356

00:58:06,359 --> 00:58:03,369

this money sequence private money

1357

00:58:08,969 --> 00:58:06,369

sequence method right and whenever

1358

00:58:12,359 --> 00:58:08,979

they're put that one they have to face

1359

00:58:14,759 --> 00:58:12,369

they change the topic or try to find you

1360

00:58:16,799 --> 00:58:14,769

know something do be statistical though

1361

00:58:19,920 --> 00:58:16,809

right oh I mean it's the privatization

1362

00:58:21,900 --> 00:58:19,930

of the medical system of the prison

1363

00:58:24,180 --> 00:58:21,910

system that creates a lot of America's

1364

00:58:26,099 --> 00:58:24,190

problems but I guess to me maybe it's

1365

00:58:29,569 --> 00:58:26,109

not an either/or maybe it's a little bit

1366

00:58:31,459 --> 00:58:29,579

of both well it depends what you mean by

1367

00:58:34,109 --> 00:58:31,469

privatization if you mean by

1368

00:58:37,529 --> 00:58:34,119

privatization for-profit and right money

1369

00:58:40,339 --> 00:58:37,539

profit evermore money profit life blind

1370

00:58:41,499 --> 00:58:40,349

money profits no would always fail

1371

00:58:43,549 --> 00:58:41,509

when you try to think of any

1372

00:58:46,370 --> 00:58:43,559

privatization that's actually run by

1373

00:58:49,339 --> 00:58:46,380

corporations it always failed they never

1374

00:58:51,589 --> 00:58:49,349

admit to failures but I again in debates

1375

00:58:53,719 --> 00:58:51,599

they will tell me one place that you

1376

00:58:56,150 --> 00:58:53,729

think has been a success with this there

1377

00:58:58,279 --> 00:58:56,160

isn't it right but if you mean by prize

1378

00:59:01,640 --> 00:58:58,289

it's like a friend of my mother's who's

1379

00:59:03,049 --> 00:59:01,650

a very well-known surgeon an agent in

1380

00:59:06,170 --> 00:59:03,059

public health and candidates been a

1381

00:59:08,180 --> 00:59:06,180

minister so they administer public up he

1382

00:59:09,620 --> 00:59:08,190

has a good friend who's unfortunately

1383

00:59:11,509 --> 00:59:09,630

since passed away

1384

00:59:14,029 --> 00:59:11,519

maybe he was placed in magista

1385

00:59:18,170 --> 00:59:14,039

christening huh he had a private system

1386

00:59:21,410 --> 00:59:18,180

of surgery that was incredibly more

1387

00:59:24,650 --> 00:59:21,420

efficient in wait times and in good

1388

00:59:28,960 --> 00:59:24,660

results that is healthy results than any

1389

00:59:33,620 --> 00:59:28,970

other method and he could not get it in

1390

00:59:36,440 --> 00:59:33,630

its tOA's and the demonstration was

1391

00:59:38,450 --> 00:59:36,450

clear the public sector did not want to

1392

00:59:40,279 --> 00:59:38,460

talk to him because it showed them up or

1393

00:59:42,079 --> 00:59:40,289

that they were already as has

1394

00:59:44,630 --> 00:59:42,089

increasingly happened to were already

1395

00:59:46,430 --> 00:59:44,640

bought by the corporations hmm who had

1396

00:59:49,759 --> 00:59:46,440

done them favors and so forth which they

1397

00:59:52,219 --> 00:59:49,769

do on the inside lobby this is inside

1398

00:59:54,229 --> 00:59:52,229

lobbying going on all the time Nolan

1399

00:59:56,089 --> 00:59:54,239

stopped the privatized privatized

1400

00:59:58,700 --> 00:59:56,099

privatized and they're very aggressive

1401
01:00:01,459 --> 00:59:58,710
and there are ways in suits and I always

1402
01:00:04,999 --> 01:00:01,469
have deep voices and I always are very

1403
01:00:08,120 --> 01:00:05,009
certain about what they own but they're

1404
01:00:10,459 --> 01:00:08,130
just drop again and that works because

1405
01:00:12,680 --> 01:00:10,469
if it doesn't work then we won't fund

1406
01:00:16,099 --> 01:00:12,690
that guy in fact describing newspapers

1407
01:00:18,950 --> 01:00:16,109
exposed this the inflexibility yeah I'm

1408
01:00:20,839 --> 01:00:18,960
with you man we definitely talked about

1409
01:00:22,459 --> 01:00:20,849
a lot but I think probably one of the

1410
01:00:25,130 --> 01:00:22,469
most important things for people to take

1411
01:00:26,839 --> 01:00:25,140
away is that there is a huge divide and

1412
01:00:29,749 --> 01:00:26,849
conquer program in play and if we can

1413
01:00:31,309 --> 01:00:29,759

get over things like black and white get

1414

01:00:34,420 --> 01:00:31,319

over things like libertarian and

1415

01:00:37,279 --> 01:00:34,430

socialist and instead unite around that

1416

01:00:39,529 --> 01:00:37,289

priority of getting a better set of

1417

01:00:41,690 --> 01:00:39,539

principles to guide our system maybe

1418

01:00:44,089 --> 01:00:41,700

with that we can do something because we

1419

01:00:47,329 --> 01:00:44,099

do have the numbers and we've got the

1420

01:00:49,039 --> 01:00:47,339

life ground cool and oh I promise is you

1421

01:00:51,170 --> 01:00:49,049

know the simple is all the conditions

1422

01:00:52,670 --> 01:00:51,180

required to take your next breath is the

1423

01:00:54,109 --> 01:00:52,680

life ground and there are a lot of

1424

01:00:56,390 --> 01:00:54,119

conditions and

1425

01:00:58,999 --> 01:00:56,400

got to be of their prodding you are

1426

01:01:01,819 --> 01:00:59,009

consciousness and something to enable

1427

01:01:03,890 --> 01:01:01,829

not destroy and to enable through time

1428

01:01:07,549 --> 01:01:03,900

and the life capital is the formula for

1429

01:01:10,549 --> 01:01:07,559

that and we could work grounding you see

1430

01:01:12,620 --> 01:01:10,559

we're not women life grounded before no

1431

01:01:15,170 --> 01:01:12,630

serious man life grounded before as

1432

01:01:17,299 --> 01:01:15,180

really just taking things to down to

1433

01:01:20,180 --> 01:01:17,309

where it's self-evident that that's what

1434

01:01:23,960 --> 01:01:20,190

we're for and all questions problems

1435

01:01:26,769 --> 01:01:23,970

really need that you know that to be the

1436

01:01:31,249 --> 01:01:26,779

lens through which you understand it

1437

01:01:33,259 --> 01:01:31,259

amen Wow well John this has been a real

1438

01:01:35,509 --> 01:01:33,269

treat for this college dropout to spend

1439

01:01:39,499 --> 01:01:35,519

some time with accomplished academic as

1440

01:01:41,059 --> 01:01:39,509

yourself well you know the reason we're

1441

01:01:44,420 --> 01:01:41,069

doing it is because you showed yourself

1442

01:01:47,150 --> 01:01:44,430

to be very informed and we're thinking

1443

01:01:49,730 --> 01:01:47,160

in the in principle terms I try and done

1444

01:01:52,160 --> 01:01:49,740

many people do that oh it's been a

1445

01:01:53,390 --> 01:01:52,170

pleasure for me too great well thanks

1446

01:01:54,739 --> 01:01:53,400

for taking me up on the offer would you

1447

01:01:56,660 --> 01:01:54,749

like to remind the people where they can

1448

01:01:57,799 --> 01:01:56,670

follow up on your work or tell us about

1449

01:02:00,829 --> 01:01:57,809

anything else you're working on in the

1450

01:02:04,999 --> 01:02:00,839

future before we go well you can capture

1451
01:02:07,720 --> 01:02:05,009
a lot of my book which is was published

1452
01:02:10,519 --> 01:02:07,730
in 2013 the cancer stage of capitalism

1453
01:02:13,539 --> 01:02:10,529
from crisis to cure and that an

1454
01:02:16,609 --> 01:02:13,549
encyclopedic book and then as for

1455
01:02:18,829 --> 01:02:16,619
articles and monographs that I've done

1456
01:02:20,779 --> 01:02:18,839
since I've done them all over the place

1457
01:02:22,940 --> 01:02:20,789
but the place that carries all of them

1458
01:02:25,339 --> 01:02:22,950
and archives all of them pretty well

1459
01:02:27,529 --> 01:02:25,349
except the one on 9/11 or only as part

1460
01:02:30,470 --> 01:02:27,539
of it I think it used to anyway but has

1461
01:02:33,319 --> 01:02:30,480
all my work I've done as a monographs

1462
01:02:36,319 --> 01:02:33,329
and articles that is really for a wider

1463
01:02:39,109 --> 01:02:36,329

audience is on global research so if you

1464

01:02:42,440 --> 01:02:39,119

just if you just dial in on your

1465

01:02:45,579 --> 01:02:42,450

computer Google Global Research you'll

1466

01:02:48,559 --> 01:02:45,589

come up with all all of their work and

1467

01:02:50,390 --> 01:02:48,569

in my work is meeting the philosophical

1468

01:02:52,670 --> 01:02:50,400

underpinnings of whether it whatever I

1469

01:02:54,890 --> 01:02:52,680

can address what itself is essentially

1470

01:02:58,609 --> 01:02:54,900

current event problems and they have

1471

01:03:00,529 --> 01:02:58,619

archives of my work that run to you know

1472

01:03:02,059 --> 01:03:00,539

did it I don't even know how many

1473

01:03:03,650 --> 01:03:02,069

they're in there but there's more than a

1474

01:03:05,569 --> 01:03:03,660

book worth because they wanted to turn

1475

01:03:07,700 --> 01:03:05,579

it into a book but I said well you've

1476

01:03:11,089 --> 01:03:07,710

got it on archives you can house

1477

01:03:14,630 --> 01:03:11,099

and then also on PR and public radio

1478

01:03:16,760 --> 01:03:14,640

network also you can google it and find

1479

01:03:19,160 --> 01:03:16,770

it you'll find on archives a lot of

1480

01:03:22,010 --> 01:03:19,170

conversations like the ones we the one

1481

01:03:26,329 --> 01:03:22,020

we had today and you got you've got lots

1482

01:03:28,520 --> 01:03:26,339

of lots of me there although today I

1483

01:03:31,250 --> 01:03:28,530

talked about things that have not been

1484

01:03:33,680 --> 01:03:31,260

heard before awesome a lot great to hear

1485

01:03:34,819 --> 01:03:33,690

him alright John well keep fighting the

1486

01:03:37,970 --> 01:03:34,829

good fight and take care out there

1487

01:03:39,380 --> 01:03:37,980

alright yet you use what break and

1488

01:03:42,290 --> 01:03:39,390

you're listening bye for now

1489

01:03:44,870 --> 01:03:42,300

will do alright alright Big John

1490

01:03:46,849 --> 01:03:44,880

McMurtry give it up for him I do

1491

01:03:49,040 --> 01:03:46,859

apologize for his phone quality

1492

01:03:50,809 --> 01:03:49,050

definitely one of the rougher ones in a

1493

01:03:52,940 --> 01:03:50,819

while big thanks to those who helped

1494

01:03:54,950 --> 01:03:52,950

make it better I do have a few people

1495

01:03:57,470 --> 01:03:54,960

who have contacted me over the years

1496

01:03:59,569 --> 01:03:57,480

about audio quality and when I get one

1497

01:04:00,950 --> 01:03:59,579

of these rougher interviews I run it

1498

01:04:04,490 --> 01:04:00,960

past them see if they can do a better

1499

01:04:07,400 --> 01:04:04,500

job on it than I can and that's usually

1500

01:04:10,370 --> 01:04:07,410

the case so I did have some help and it

1501

01:04:12,440 --> 01:04:10,380

was appreciated it would be nice if it

1502

01:04:15,410 --> 01:04:12,450

was a little more clear but this was the

1503

01:04:18,109 --> 01:04:15,420

only way to get him and I'm a big fan of

1504

01:04:21,200 --> 01:04:18,119

John's book and the speeches he's given

1505

01:04:23,569 --> 01:04:21,210

on site-geist Day events I felt like it

1506

01:04:26,180 --> 01:04:23,579

was a unique message worth getting

1507

01:04:28,940 --> 01:04:26,190

despite all that plus I think the

1508

01:04:31,370 --> 01:04:28,950

libertarian let the free market free

1509

01:04:33,559 --> 01:04:31,380

kind of view is very ingrained in this

1510

01:04:36,170 --> 01:04:33,569

alternative world and I wanted to go the

1511

01:04:38,930 --> 01:04:36,180

other way for a change everybody knows

1512

01:04:40,970 --> 01:04:38,940

that's not my favorite paradigm but man

1513

01:04:43,130 --> 01:04:40,980

I know shows have been slow to come out

1514

01:04:45,319 --> 01:04:43,140

this month too the reason for that is

1515

01:04:47,420 --> 01:04:45,329

that I recorded several at the beginning

1516

01:04:49,940 --> 01:04:47,430

of the month because I knew I needed

1517

01:04:52,190 --> 01:04:49,950

some time to finish higher side clothing

1518

01:04:54,230 --> 01:04:52,200

which is officially done now anyone

1519

01:04:56,510 --> 01:04:54,240

who's connected with me on social media

1520

01:04:59,390 --> 01:04:56,520

will see that but if you haven't just go

1521

01:05:03,260 --> 01:04:59,400

to the higher side clothing dot-com and

1522

01:05:06,589 --> 01:05:03,270

we got 12 all-new full-color designs

1523

01:05:09,559 --> 01:05:06,599

amazing artwork all relating directly to

1524

01:05:12,049 --> 01:05:09,569

THC episodes it's pretty sick I'm very

1525

01:05:14,089 --> 01:05:12,059

proud of that and thanks to my special

1526

01:05:16,549 --> 01:05:14,099

lady you helped too but it did take us

1527

01:05:18,470 --> 01:05:16,559

some time so I recorded at the beginning

1528

01:05:20,630 --> 01:05:18,480

of the month got higher side clothing

1529

01:05:21,530 --> 01:05:20,640

launched and then had some Thanksgiving

1530

01:05:23,050 --> 01:05:21,540

obligations and

1531

01:05:25,520 --> 01:05:23,060

now I'm working through the shows I have

1532

01:05:27,500 --> 01:05:25,530

to get them out before the end of the

1533

01:05:29,870 --> 01:05:27,510

month like I said in the beginning this

1534

01:05:32,360 --> 01:05:29,880

episode was recorded the day before the

1535

01:05:34,940 --> 01:05:32,370

election so we didn't really know what

1536

01:05:36,530 --> 01:05:34,950

was gonna happen but I thought John made

1537

01:05:40,220 --> 01:05:36,540

it pretty clear that he saw some

1538

01:05:42,860 --> 01:05:40,230

positives in a trump win and I just been

1539

01:05:45,140 --> 01:05:42,870

saying how shocked I am that the Clinton

1540

01:05:48,020 --> 01:05:45,150

network was not only defeated like that

1541

01:05:50,930 --> 01:05:48,030

but exposed in a big way with pizza gate

1542

01:05:52,280 --> 01:05:50,940

and the Podesta email leaked these are

1543

01:05:54,050 --> 01:05:52,290

interesting times but let me tell you

1544

01:05:56,210 --> 01:05:54,060

about these next two shows because they

1545

01:05:58,940 --> 01:05:56,220

tie into this pretty heavily so I talked

1546

01:06:01,730 --> 01:05:58,950

to John the day before the election and

1547

01:06:04,490 --> 01:06:01,740

then I recorded an interview with Daniel

1548

01:06:06,410 --> 01:06:04,500

Pinchbeck on the day after and it's a

1549

01:06:09,770 --> 01:06:06,420

weird episode it's a weird show because

1550

01:06:12,800 --> 01:06:09,780

my energy and Daniel's were in very

1551
01:06:14,960 --> 01:06:12,810
different places that morning and we

1552
01:06:17,510 --> 01:06:14,970
have a fair amount of disagreements as

1553
01:06:19,790 --> 01:06:17,520
the interview goes on I mean you'll see

1554
01:06:22,250 --> 01:06:19,800
and then the next show after that is

1555
01:06:25,010 --> 01:06:22,260
with the legendary author of the secret

1556
01:06:26,810 --> 01:06:25,020
sun blog Chris Knowles and that's pretty

1557
01:06:28,550 --> 01:06:26,820
great too because we have a lot of the

1558
01:06:30,800 --> 01:06:28,560
same thoughts about what's going on in

1559
01:06:33,230 --> 01:06:30,810
the power networks that's gonna be a

1560
01:06:35,630 --> 01:06:33,240
good one in that THC sweet spot that I

1561
01:06:37,910 --> 01:06:35,640
think a lot of people love to hang out

1562
01:06:40,820 --> 01:06:37,920
in and then we can close the books on

1563
01:06:44,960 --> 01:06:40,830

November and we'll be getting to Amy

1564

01:06:47,690 --> 01:06:44,970

magic and qeq show soon a full-on Pizza

1565

01:06:49,610 --> 01:06:47,700

Gate show soon with David Seaman who is

1566

01:06:52,670 --> 01:06:49,620

really digging deep and playing with

1567

01:06:55,220 --> 01:06:52,680

fire looking into this exposed

1568

01:07:00,650 --> 01:06:55,230

pedophilia Network I mean his last tweet

1569

01:07:02,960 --> 01:07:00,660

was if I die it is not a suicide so we

1570

01:07:06,110 --> 01:07:02,970

need to talk to him quick and hopefully

1571

01:07:08,570 --> 01:07:06,120

he stays safe in the next five days so

1572

01:07:11,440 --> 01:07:08,580

these are happening people they are

1573

01:07:13,610 --> 01:07:11,450

happening I'm sorry for the delay

1574

01:07:15,110 --> 01:07:13,620

releasing shows but I have no more

1575

01:07:17,690 --> 01:07:15,120

t-shirt companies to launch going

1576
01:07:19,910 --> 01:07:17,700
forward so we should be better paced I

1577
01:07:22,460 --> 01:07:19,920
say that all the time but I do love you

1578
01:07:24,500 --> 01:07:22,470
guys thanks for listening I hope John's

1579
01:07:26,420 --> 01:07:24,510
points about the underlying value

1580
01:07:27,840 --> 01:07:26,430
mechanisms were of interest to you and

1581
01:07:29,550 --> 01:07:27,850
hopefully we can get down

1582
01:07:32,880 --> 01:07:29,560
the route and change some of our

1583
01:07:35,880 --> 01:07:32,890
incentives around to be more respectful

1584
01:07:37,530 --> 01:07:35,890
of life capital sign up for plus if

1585
01:07:39,570 --> 01:07:37,540
you'd like to hear us go deeper into

1586
01:07:41,670 --> 01:07:39,580
that conversation and get into John's

1587
01:07:43,410 --> 01:07:41,680
thoughts on 9/11 as well as other good

1588
01:07:45,780 --> 01:07:43,420

stuff you know the drill

1589

01:07:46,740 --> 01:07:45,790

either way I've done what I can and I

1590

01:07:49,350 --> 01:07:46,750

wish you the best

1591

01:07:51,150 --> 01:07:49,360

your move market manipulators education

1592

01:07:52,890 --> 01:07:51,160

and doctrine aiders and structural

1593

01:07:59,700 --> 01:07:52,900

sorcerer's of the rockefeller rothschild

1594

01:08:06,450 --> 01:07:59,710

machine you're [h__h] they built a

1595

01:08:13,140 --> 01:08:06,460

little some crazy garbage called the

1596

01:08:19,010 --> 01:08:13,150

blood on the exploited working-class but

1597

01:08:24,210 --> 01:08:19,020

they know we're calling ma'am your

1598

01:08:30,450 --> 01:08:24,220

highness and the world screams save me

1599

01:08:34,610 --> 01:08:30,460

THC they destroyed the bonds of

1600

01:08:39,630 --> 01:08:34,620

friendship and respect between the only

1601

01:08:41,660 --> 01:08:39,640

people left who'd even look them in the

1602

01:08:46,920 --> 01:08:41,670

eye

1603

01:08:51,059 --> 01:08:46,930

now they laugh and make a fortune of the

1604

01:09:11,790 --> 01:08:51,069

same ones that they tortured and a world

1605

01:09:18,450 --> 01:09:11,800

screams save me THC let's go away now we

1606

01:09:31,110 --> 01:09:18,460

are the only one who can tell me if it's

1607

01:09:36,360 --> 01:09:31,120

true - they built a little Empire out of

1608

01:09:37,980 --> 01:09:36,370

some crazy garbage called the blood of

1609

01:09:40,799 --> 01:09:37,990

the exploited

1610

01:09:45,430 --> 01:09:40,809

working class

1611

01:09:49,149 --> 01:09:45,440

but they've overcome their shyness

1612

01:10:00,180 --> 01:09:49,159

now we're calling them your highness and
