1
00:00:08,990 --> 00:00:07,460
the planets up the masters almost surely

2
00:00:11,299 --> 00:00:09,000
have a plan

3
00:00:18,099 --> 00:00:11,309
this clearly maybe something there

4
00:00:30,070 --> 00:00:21,320
you think you know the less you really

5
00:00:30,080 --> 00:00:34,930
she was just

6
00:00:34,940 --> 00:00:44,280
without you

7
00:00:49,119 --> 00:00:46,450
hallelujah higher side shatters from

8
00:00:50,770 --> 00:00:49,129
sunny San Diego I of course am Greg Carl

9
00:00:54,250 --> 00:00:50,780
wood and today is a great show with

10
00:00:56,680 --> 00:00:54,260
returning guests Sylvia Ivanova from the

11
00:00:58,420 --> 00:00:56,690
new Earth YouTube channel I love talking

12
00:01:00,939 --> 00:00:58,430
to her about the past and various

13
00:01:03,220 --> 00:01:00,949

megaliths because not only does she have

14

00:01:05,410 --> 00:01:03,230

an interesting position but she also

15

00:01:07,540 --> 00:01:05,420

pays a lot of attention to sites and

16

00:01:09,130 --> 00:01:07,550

ruins that largely go unnoticed when it

17

00:01:11,710 --> 00:01:09,140

comes to the big names in the field that

18

00:01:13,570 --> 00:01:11,720

we typically see I definitely learn new

19

00:01:16,120 --> 00:01:13,580

stuff in this one and that's a beautiful

20

00:01:18,400 --> 00:01:16,130

thing of course English is not her first

21

00:01:20,919 --> 00:01:18,410

language so when the interview was done

22

00:01:22,660 --> 00:01:20,929

she emailed me and said she had some

23

00:01:24,790 --> 00:01:22,670

additional thoughts to the questions I

24

00:01:27,520 --> 00:01:24,800

asked her and she sent me a handful of

25

00:01:29,380 --> 00:01:27,530

additional audio clips and it's great

26
00:01:31,480 --> 00:01:29,390
that she cares so much and is willing to

27
00:01:33,310 --> 00:01:31,490
put even more into the process when

28
00:01:35,800 --> 00:01:33,320
sometimes just getting people to show up

29
00:01:37,480 --> 00:01:35,810
can be difficult but the reason I

30
00:01:39,639 --> 00:01:37,490
preface the show at this is because

31
00:01:41,770 --> 00:01:39,649
sometimes when you record audio in a

32
00:01:43,930 --> 00:01:41,780
different environment it just sounds

33
00:01:46,270 --> 00:01:43,940
different and so there's not a lot I can

34
00:01:48,310 --> 00:01:46,280
do about that it has to do with the room

35
00:01:51,100 --> 00:01:48,320
how far you are away from the mic your

36
00:01:53,560 --> 00:01:51,110
tone recording locally versus recording

37
00:01:55,840 --> 00:01:53,570
over Skype and there's just no way to

38
00:01:58,389 --> 00:01:55,850

make it seamless so when it applied I

39

00:02:00,760 --> 00:01:58,399

added her new audio to the end of her

40

00:02:02,740 --> 00:02:00,770

answers and it sounds a little jarring

41

00:02:05,020 --> 00:02:02,750

at times but you end up with about an

42

00:02:06,880 --> 00:02:05,030

extra half hour show so I think it's a

43

00:02:08,259 --> 00:02:06,890

win it's not the kind of thing you can

44

00:02:10,630 --> 00:02:08,269

just throw in there without telling

45

00:02:13,000 --> 00:02:10,640

people either because it is odd so just

46

00:02:15,460 --> 00:02:13,010

a heads up but I was happy to get into a

47

00:02:17,350 --> 00:02:15,470

topic that's deep and rich and has

48

00:02:19,810 --> 00:02:17,360

nothing to do with politics or the

49

00:02:22,240 --> 00:02:19,820

election cycle drama I just think

50

00:02:24,370 --> 00:02:22,250

sometimes we need to unplug from that so

51
00:02:27,130 --> 00:02:24,380
brace yourself and let's do the damn

52
00:02:30,180 --> 00:02:27,140
thing megaliths lost civilizations and

53
00:02:33,280 --> 00:02:30,190
the chronological cover-up with Sylvie a

54
00:02:33,290 --> 00:02:52,650
[Music]

55
00:02:56,740 --> 00:02:55,120
all right higher side shadows we know

56
00:02:58,690 --> 00:02:56,750
the parasites of the Vatican and the

57
00:03:00,790 --> 00:02:58,700
Holy Roman Empire are responsible for

58
00:03:02,070 --> 00:03:00,800
quite a few crimes against humanity but

59
00:03:04,180 --> 00:03:02,080
one of the most interesting

60
00:03:06,190 --> 00:03:04,190
manipulations that has been suggested is

61
00:03:08,980 --> 00:03:06,200
the vast alteration of the human

62
00:03:10,630 --> 00:03:08,990
timeline it seems a very good case can

63
00:03:12,730 --> 00:03:10,640

be made that during the Reformation

64

00:03:14,710 --> 00:03:12,740

period of the 1500s a campaign was

65

00:03:16,780 --> 00:03:14,720

launched to install new Royals across

66

00:03:19,270 --> 00:03:16,790

Europe and restructure history to

67

00:03:21,310 --> 00:03:19,280

justify the rule and obscure a past that

68

00:03:23,200 --> 00:03:21,320

wasn't under their control as

69

00:03:25,090 --> 00:03:23,210

far-fetched as it might sound the facts

70

00:03:26,950 --> 00:03:25,100

remain that most of our chronology was

71

00:03:28,600 --> 00:03:26,960

written by a handful of jesuits monks

72

00:03:30,490 --> 00:03:28,610

and in the introductions of their own

73

00:03:33,190 --> 00:03:30,500

work they fully admit to translating

74

00:03:35,260 --> 00:03:33,200

recording and correcting the documents

75

00:03:37,660 --> 00:03:35,270

they synthesize before the convenient

76

00:03:39,400 --> 00:03:37,670

destruction of the source material so do

77

00:03:41,290 --> 00:03:39,410

we just blindly trust the deceptive

78

00:03:43,150 --> 00:03:41,300

authorities or do we work to undo the

79

00:03:45,100 --> 00:03:43,160

damage and re-examine the human story

80

00:03:46,600 --> 00:03:45,110

with what little we have left well that

81

00:03:48,850 --> 00:03:46,610

has been the noble goal of today's

82

00:03:50,710 --> 00:03:48,860

returning guests Sylvia Ivanova who has

83

00:03:52,930 --> 00:03:50,720

been examining the world's megaliths and

84

00:03:54,850 --> 00:03:52,940

ancient ruins to try to reconstruct a

85

00:03:57,130 --> 00:03:54,860

picture of the past that gets closer to

86

00:03:59,290 --> 00:03:57,140

the truth and allows us to rely on what

87

00:04:01,270 --> 00:03:59,300

we can see with our own eyes rather than

88

00:04:03,670 --> 00:04:01,280

what's written in the corrupted history

89

00:04:05,860 --> 00:04:03,680

books and she lays this all out on her

90

00:04:08,380 --> 00:04:05,870

new Earth YouTube channel and her

91

00:04:10,030 --> 00:04:08,390

website megaliths org she's one of my

92

00:04:13,510 --> 00:04:10,040

favorite people on the planet Sylvie a

93

00:04:16,090 --> 00:04:13,520

welcome back hello great thanks for

94

00:04:18,160 --> 00:04:16,100

inviting me again of course it's great

95

00:04:20,470 --> 00:04:18,170

to talk to you I'm always impressed by

96

00:04:22,210 --> 00:04:20,480

the videos you put out I also really

97

00:04:23,740 --> 00:04:22,220

need to thank you again for the hours

98

00:04:26,170 --> 00:04:23,750

and hours you put into helping

99

00:04:29,350 --> 00:04:26,180

facilitate and translate our interview

100

00:04:31,720 --> 00:04:29,360

with alexander coulton to translate four

101
00:04:33,880 --> 00:04:31,730
pages of questions into Russian conduct

102
00:04:35,800 --> 00:04:33,890
the two-hour interview then listen back

103
00:04:37,840 --> 00:04:35,810
to it and we record his responses in

104
00:04:40,150 --> 00:04:37,850
English for me I mean that was a lot of

105
00:04:42,190 --> 00:04:40,160
work and so many listeners appreciated

106
00:04:43,600 --> 00:04:42,200
it but we didn't really get to hear your

107
00:04:45,280 --> 00:04:43,610
thoughts on it did you get any new

108
00:04:50,950 --> 00:04:45,290
insights from Alexander during that

109
00:04:53,080 --> 00:04:50,960
process no because I had made an

110
00:04:56,500 --> 00:04:53,090
interview with him before that and I

111
00:04:59,020 --> 00:04:56,510
asked him very similar questions fair

112
00:05:00,940 --> 00:04:59,030
fair well thanks again I do know it was

113
00:05:02,560 --> 00:05:00,950

time-consuming and the people really

114

00:05:04,810 --> 00:05:02,570

liked being able to reach past the

115

00:05:06,040 --> 00:05:04,820

language barrier like that he has a lot

116

00:05:07,899 --> 00:05:06,050

of intriguing work from

117

00:05:10,689 --> 00:05:07,909

study of other humanoids like dwarves

118

00:05:12,879 --> 00:05:10,699

and elves to those ancient vehicle

119

00:05:14,439 --> 00:05:12,889

tracks he's found it was a real pleasure

120

00:05:16,119 --> 00:05:14,449

just to be a part of that and it's

121

00:05:18,339 --> 00:05:16,129

awesome to have you back we decided to

122

00:05:20,920 --> 00:05:18,349

do this now because you just came back

123

00:05:23,140 --> 00:05:20,930

from doing some field research in Italy

124

00:05:25,629 --> 00:05:23,150

which are gonna be making a documentary

125

00:05:29,020 --> 00:05:25,639

about soon but tell us about that trip

126

00:05:33,070 --> 00:05:29,030

why Italy why Italy because it is

127

00:05:36,879 --> 00:05:33,080

literally full of ruins there in

128

00:05:41,320 --> 00:05:36,889

everybody's backyard that is especially

129

00:05:46,209 --> 00:05:41,330

in the area north of Rome where we spent

130

00:05:50,559 --> 00:05:46,219

10 days in certain areas even most of

131

00:05:53,499 --> 00:05:50,569

the modern roads are built on the top of

132

00:05:57,249 --> 00:05:53,509

rock cut roads left by this ancient

133

00:06:00,879 --> 00:05:57,259

civilization almost everybody who has a

134

00:06:04,149 --> 00:06:00,889

garden has this type of ruins in their

135

00:06:06,730 --> 00:06:04,159

home very few of them are labeled as

136

00:06:10,360 --> 00:06:06,740

historic sites because it's so many

137

00:06:16,269 --> 00:06:10,370

thousands of them just the sheer amount

138

00:06:19,749 --> 00:06:16,279

of the ruins made me go there and what I

139

00:06:23,830 --> 00:06:19,759

was asking myself is why do they will be

140

00:06:27,159 --> 00:06:23,840

the same as similar rock cut rings that

141

00:06:30,700 --> 00:06:27,169

are found in a belt stretching from

142

00:06:34,209 --> 00:06:30,710

China to Portugal in great concentration

143

00:06:36,670 --> 00:06:34,219

and even possibly another continent

144

00:06:40,059 --> 00:06:36,680

South and North America Indonesia Japan

145

00:06:43,360 --> 00:06:40,069

but those are more isolated cases but

146

00:06:46,420 --> 00:06:43,370

this belt is just all of them so that's

147

00:06:50,740 --> 00:06:46,430

what made me go there and I don't regret

148

00:06:52,510 --> 00:06:50,750

for doing so yeah I saw the trailer that

149

00:06:55,959 --> 00:06:52,520

you laid out and it looks like there's

150

00:06:58,149 --> 00:06:55,969

quite a few things like ancient garages

151

00:06:59,529 --> 00:06:58,159

there's also this area that looks like

152

00:07:01,830 --> 00:06:59,539

it's been bored out that you could

153

00:07:05,550 --> 00:07:01,840

almost Park a train in pretty impatient

154

00:07:08,140 --> 00:07:05,560

yeah that's that's the association that

155

00:07:12,459 --> 00:07:08,150

everybody in the group could make when

156

00:07:15,550 --> 00:07:12,469

we saw them they were just long and dark

157

00:07:17,680 --> 00:07:15,560

and all of them with uniform cuttings on

158

00:07:20,120 --> 00:07:17,690

the floor like the floor was recessed

159

00:07:23,120 --> 00:07:20,130

and they were quite few of them

160

00:07:25,190 --> 00:07:23,130

so since we saw so many garages already

161

00:07:27,770 --> 00:07:25,200

this could not be an ordinary garage

162

00:07:32,120 --> 00:07:27,780

anymore so this must have been for the

163

00:07:36,290 --> 00:07:32,130

trains and do we find the same type of

164

00:07:40,510 --> 00:07:36,300

tracks in Italy too oh yes Italy spool

165

00:07:45,680 --> 00:07:40,520

of tracks definitely very unusual

166

00:07:47,990 --> 00:07:45,690

markings tracks and just few days ago I

167

00:07:51,020 --> 00:07:48,000

saw the photos from the new rediscovered

168

00:07:56,330 --> 00:07:51,030

field in Turkey and over there I see the

169

00:07:58,700 --> 00:07:56,340

same strange tracks hmm so who do you

170

00:08:00,110 --> 00:07:58,710

think is responsible for these ruins or

171

00:08:01,670 --> 00:08:00,120

the structures that you found is there

172

00:08:03,310 --> 00:08:01,680

any way to say or get any kind of

173

00:08:06,650 --> 00:08:03,320

insight into who they might have been

174

00:08:09,950 --> 00:08:06,660

yes I can definitely say for sure that

175

00:08:13,460 --> 00:08:09,960

there was single civilization

176

00:08:17,390 --> 00:08:13,470

it has distinctly at least two layers

177

00:08:20,630 --> 00:08:17,400

one of them much older or two groups of

178

00:08:22,910 --> 00:08:20,640

layers even made it that much but the

179

00:08:27,590 --> 00:08:22,920

older one definitely stretches at least

180

00:08:30,320 --> 00:08:27,600

from China to Portugal and the somewhat

181

00:08:32,930 --> 00:08:30,330

younger looking when stretches all the

182

00:08:36,440 --> 00:08:32,940

way from like Jordan in the Middle East

183

00:08:39,010 --> 00:08:36,450

to Spain and Portugal who has built that

184

00:08:42,110 --> 00:08:39,020

we don't even have a name for this

185

00:08:46,090 --> 00:08:42,120

civilization because nobody bothered to

186

00:08:48,950 --> 00:08:46,100

study it so far he mainstream historians

187

00:08:50,570 --> 00:08:48,960

it doesn't fit into the picture they

188

00:08:54,530 --> 00:08:50,580

have been preaching so they are not

189

00:08:57,320 --> 00:08:54,540

interested we saw how they even have

190

00:09:00,170 --> 00:08:57,330

destroyed the wings valuable and very

191

00:09:02,240 --> 00:09:00,180

interesting ruins from this civilization

192

00:09:05,440 --> 00:09:02,250

so they are not interested in it then

193

00:09:08,090 --> 00:09:05,450

are ordinary people they're just

194

00:09:11,870 --> 00:09:08,100

practically they are not noticing them

195

00:09:15,260 --> 00:09:11,880

we had a local guide Simon he he is a

196

00:09:17,090 --> 00:09:15,270

viewer of my channel and he first got in

197

00:09:19,700 --> 00:09:17,100

touch with me when I announced the

198

00:09:23,330 --> 00:09:19,710

italics position and he lived right in

199

00:09:25,790 --> 00:09:23,340

the heart of this region and the in the

200

00:09:27,830 --> 00:09:25,800

first email he wrote me I think he will

201
00:09:30,650 --> 00:09:27,840
be disappointed I think you're talking

202
00:09:32,500 --> 00:09:30,660
about these holes that we use to store

203
00:09:37,090 --> 00:09:32,510
our garden tools in

204
00:09:40,120 --> 00:09:37,100
mm-hmm and after that I mentioned to him

205
00:09:43,450 --> 00:09:40,130
to interesting places and when he went

206
00:09:45,390 --> 00:09:43,460
and visited he was shocked himself what

207
00:09:48,580 --> 00:09:45,400
he discovered mm-hmm

208
00:09:50,950 --> 00:09:48,590
yeah it's impressive there's also I

209
00:09:53,020 --> 00:09:50,960
think is was at that video where you

210
00:09:55,530 --> 00:09:53,030
found tunnel systems that were too small

211
00:09:59,080 --> 00:09:55,540
and narrow to have been built by humans

212
00:10:01,960 --> 00:09:59,090
now that's something else that's this

213
00:10:04,600 --> 00:10:01,970

one at least has a name it's called air

214

00:10:06,610 --> 00:10:04,610

style that's the single air tele plural

215

00:10:08,080 --> 00:10:06,620

in German they have a German name

216

00:10:10,810 --> 00:10:08,090

because they're mostly in the

217

00:10:13,600 --> 00:10:10,820

german-speaking regions like Germany

218

00:10:17,380 --> 00:10:13,610

Switzerland and Austria now those are

219

00:10:20,440 --> 00:10:17,390

very similar to these winds that I'm

220

00:10:24,070 --> 00:10:20,450

talking about and they probably could be

221

00:10:28,320 --> 00:10:24,080

classified as one of the later

222

00:10:31,260 --> 00:10:28,330

layers of this enormous rock cutting

223

00:10:34,720 --> 00:10:31,270

that has been going on in antiquity

224

00:10:37,330 --> 00:10:34,730

which the the most amazing of everything

225

00:10:38,590 --> 00:10:37,340

according to everybody in the group is

226

00:10:41,890 --> 00:10:38,600

the amount of noise

227

00:10:44,230 --> 00:10:41,900

hmm many millions of people must have

228

00:10:49,690 --> 00:10:44,240

been in this civilization it's not

229

00:10:53,140 --> 00:10:49,700

something small it's just everywhere and

230

00:10:55,780 --> 00:10:53,150

I mean even as you drive along the sides

231

00:11:00,660 --> 00:10:55,790

of the road everybody everywhere hewn

232

00:11:03,730 --> 00:11:00,670

stones right angles just everywhere

233

00:11:05,590 --> 00:11:03,740

right and that is one of the major

234

00:11:07,390 --> 00:11:05,600

points here it's kind of what you're

235

00:11:10,210 --> 00:11:07,400

contending is that these remnants of

236

00:11:12,460 --> 00:11:10,220

ancient civilization are all over Italy

237

00:11:14,680 --> 00:11:12,470

in the cities in the backyards along the

238

00:11:17,140 --> 00:11:14,690

roads and people don't even realize what

239

00:11:19,270 --> 00:11:17,150

they're seen but you recognize the same

240

00:11:21,430 --> 00:11:19,280

cuts and styles all over the place and

241

00:11:24,280 --> 00:11:21,440

it's indicative of a lost far-reaching

242

00:11:26,680 --> 00:11:24,290

culture hidden in plain sight and seeing

243

00:11:28,240 --> 00:11:26,690

the ruins you do make a great case and

244

00:11:30,490 --> 00:11:28,250

one example you show in the footage is a

245

00:11:33,490 --> 00:11:30,500

picture of what's described as a Roman

246

00:11:35,920 --> 00:11:33,500

arrogate but it's clearly patched into a

247

00:11:38,950 --> 00:11:35,930

much older wall and it makes for a good

248

00:11:41,470 --> 00:11:38,960

example of this obscure fiction of

249

00:11:45,879 --> 00:11:41,480

history doesn't it yeah you're talking

250

00:11:49,059 --> 00:11:45,889

about young theater in so3 right yes the

251
00:11:51,579 --> 00:11:49,069
before visiting I was always under the

252
00:11:55,239 --> 00:11:51,589
impression that the Roman looking gate

253
00:11:58,509 --> 00:11:55,249
was added afterwards I don't know why I

254
00:12:02,229 --> 00:11:58,519
thought like that but when I was there I

255
00:12:04,539 --> 00:12:02,239
was looking and look carefully at it and

256
00:12:07,989 --> 00:12:04,549
then I noticed actually this gate is

257
00:12:12,159 --> 00:12:07,999
kind of geopolymer with lines drawn on

258
00:12:16,239 --> 00:12:12,169
it and then I asked the lady who was

259
00:12:20,979 --> 00:12:16,249
being observed the tour guide over there

260
00:12:24,369 --> 00:12:20,989
and she said oh no no this bull gate was

261
00:12:27,789 --> 00:12:24,379
added by the restoration team I was

262
00:12:30,879 --> 00:12:27,799
shocked this is what this forgery to him

263
00:12:34,389 --> 00:12:30,889

just put the full Roman thing to to make

264

00:12:37,780 --> 00:12:34,399

it look Roman and I was like really I

265

00:12:40,989 --> 00:12:37,790

was so surprised I I asked her openly

266

00:12:44,409 --> 00:12:40,999

how could they do that to put such a

267

00:12:47,769 --> 00:12:44,419

Roman patch on this old amphitheatre and

268

00:12:50,109 --> 00:12:47,779

she was looking at me with questionable

269

00:12:53,109 --> 00:12:50,119

eyes she says what do you mean but this

270

00:12:55,179 --> 00:12:53,119

is a Roman amphitheater I said what do

271

00:12:58,030 --> 00:12:55,189

you mean it's Roman amphitheater you

272

00:13:00,939 --> 00:12:58,040

have thousands of in this very

273

00:13:03,460 --> 00:13:00,949

archaeological park you have thousands

274

00:13:06,579 --> 00:13:03,470

of what you call a tres command

275

00:13:09,249 --> 00:13:06,589

necropolis it's another question if they

276

00:13:11,590 --> 00:13:09,259

are such indeed but you call them it

277

00:13:14,859 --> 00:13:11,600

with Kaneko policies and this is clearly

278

00:13:17,619 --> 00:13:14,869

a part it's it's in the same style it's

279

00:13:19,689 --> 00:13:17,629

with same age there is no doubt it's

280

00:13:23,979 --> 00:13:19,699

part of it I mean the necropolis is were

281

00:13:28,449 --> 00:13:23,989

around on its walls so I'm I asked her

282

00:13:32,379 --> 00:13:28,459

how can you call this amphitheater woman

283

00:13:33,729 --> 00:13:32,389

if it's obviously not Roman well she

284

00:13:36,819 --> 00:13:33,739

said you know what

285

00:13:39,970 --> 00:13:36,829

they must have hired local workers then

286

00:13:43,449 --> 00:13:39,980

they made it in their own style have you

287

00:13:45,309 --> 00:13:43,459

mean the Romans right yeah it just seems

288

00:13:46,629 --> 00:13:45,319

like you know the story unravels when

289

00:13:50,439 --> 00:13:46,639

you start asking just a couple of

290

00:13:53,019 --> 00:13:50,449

questions but I heard something else

291

00:13:55,269 --> 00:13:53,029

another piece of information much more

292

00:13:58,150 --> 00:13:55,279

precious from this very same lady who

293

00:14:00,579 --> 00:13:58,160

was actually very sincere she openly

294

00:14:02,440 --> 00:14:00,589

spoke with me

295

00:14:04,090 --> 00:14:02,450

because other tour guides if you start

296

00:14:05,889 --> 00:14:04,100

asking too many questions they feel

297

00:14:07,300 --> 00:14:05,899

personally offended but this one was

298

00:14:10,329 --> 00:14:07,310

very sweet back to him

299

00:14:14,050 --> 00:14:10,339

so she was sharing with us and she

300

00:14:20,350 --> 00:14:14,060

mentioned that she works the this

301
00:14:23,170 --> 00:14:20,360
theological park since year 2001 and she

302
00:14:26,560 --> 00:14:23,180
remembers clearly that when she started

303
00:14:30,759 --> 00:14:26,570
working the steps again theatre would a

304
00:14:35,230 --> 00:14:30,769
much sharper so even within such a short

305
00:14:38,170 --> 00:14:35,240
span of time they had eroded so much and

306
00:14:40,930 --> 00:14:38,180
this confirms once again what I have

307
00:14:44,650 --> 00:14:40,940
been already suggesting in all their

308
00:14:48,819 --> 00:14:44,660
videos that the erosion is much much

309
00:14:52,540 --> 00:14:48,829
faster than usually people are led to

310
00:14:55,240 --> 00:14:52,550
believe by a mainstream geology right

311
00:14:56,680 --> 00:14:55,250
and that gets into the point that I mean

312
00:14:58,750 --> 00:14:56,690
of course we've talked about the fact

313
00:15:00,430 --> 00:14:58,760

that you can't really trust the dating

314

00:15:03,460 --> 00:15:00,440

methods that the establishment relies on

315

00:15:05,319 --> 00:15:03,470

but it seems like your opinion is that

316

00:15:07,420 --> 00:15:05,329

they're much younger and in a lot of

317

00:15:08,920 --> 00:15:07,430

cases than we're told as opposed to the

318

00:15:13,690 --> 00:15:08,930

alternative which usually says that

319

00:15:16,510 --> 00:15:13,700

they're far far older yes now another

320

00:15:20,110 --> 00:15:16,520

conclusion very important form that I

321

00:15:22,690 --> 00:15:20,120

made after this expedition and that will

322

00:15:26,319 --> 00:15:22,700

sound absolutely revolutionary probably

323

00:15:29,710 --> 00:15:26,329

to many listeners is about the age of

324

00:15:33,250 --> 00:15:29,720

these famous polygonal megaliths because

325

00:15:36,069 --> 00:15:33,260

we saw them as well in antiquing Arbor

326

00:15:40,360 --> 00:15:36,079

and in emelina

327

00:15:45,939 --> 00:15:40,370

they have a gigantic polygonal was quite

328

00:15:48,430 --> 00:15:45,949

a huge works almost to human size one of

329

00:15:51,310 --> 00:15:48,440

them and you know it's it's very

330

00:15:55,420 --> 00:15:51,320

different when you visit any see the

331

00:15:59,310 --> 00:15:55,430

winds in their natural environment so in

332

00:16:02,590 --> 00:15:59,320

this case I must say that both

333

00:16:05,170 --> 00:16:02,600

mainstream historians and alternative

334

00:16:08,350 --> 00:16:05,180

ones I think are severely mistaken with

335

00:16:11,079 --> 00:16:08,360

their age I didn't have any prejudice

336

00:16:12,800 --> 00:16:11,089

how old are they in the past I always

337

00:16:15,440 --> 00:16:12,810

said I really don't know but

338

00:16:18,440 --> 00:16:15,450

now I do have an opinion and I will tell

339

00:16:22,370 --> 00:16:18,450

you what it is based on I saw really old

340

00:16:26,150 --> 00:16:22,380

stuff I saw how it looks it is buried

341

00:16:29,420 --> 00:16:26,160

with clay it bears little connection

342

00:16:33,860 --> 00:16:29,430

with the current ground level huge

343

00:16:35,960 --> 00:16:33,870

blocks turned over severe erosion this

344

00:16:39,620 --> 00:16:35,970

thing this all these things that I just

345

00:16:43,160 --> 00:16:39,630

listed they're not very well visible on

346

00:16:45,940 --> 00:16:43,170

the huge polygonal megaliths they are

347

00:16:49,880 --> 00:16:45,950

very near to the current street level

348

00:16:53,750 --> 00:16:49,890

they are relatively well preserved while

349

00:16:56,030 --> 00:16:53,760

the older rock good stuff that lays next

350

00:16:58,940 --> 00:16:56,040

to them and is made of the very same

351
00:17:01,700 --> 00:16:58,950
stone under the same conditions is much

352
00:17:04,309 --> 00:17:01,710
much more eroded so I can tell you for

353
00:17:06,770 --> 00:17:04,319
sure that these things are not what to

354
00:17:08,840 --> 00:17:06,780
speak of twelve thousand years old just

355
00:17:11,870 --> 00:17:08,850
by the hooks I would tell that they are

356
00:17:14,900 --> 00:17:11,880
older than one thousand years this is

357
00:17:17,689 --> 00:17:14,910
from the looks only otherwise taking

358
00:17:21,439 --> 00:17:17,699
into consideration other factors I would

359
00:17:23,569 --> 00:17:21,449
say maximum couple of thousand years Wow

360
00:17:25,400 --> 00:17:23,579
yeah you really bring that stuff forward

361
00:17:28,580 --> 00:17:25,410
and I have heard you put it that

362
00:17:29,930 --> 00:17:28,590
anything older than 200 years and in

363
00:17:32,030 --> 00:17:29,940

terms of our history is highly

364

00:17:35,060 --> 00:17:32,040

questionable anything older than 500 is

365

00:17:37,790 --> 00:17:35,070

probably pure fantasy and that probably

366

00:17:39,680 --> 00:17:37,800

sounds pretty far out for some people

367

00:17:41,510 --> 00:17:39,690

but could you paint us a picture of what

368

00:17:46,610 --> 00:17:41,520

you think might have been going on six

369

00:17:48,169 --> 00:17:46,620

or seven hundred years ago oh well maybe

370

00:17:51,890 --> 00:17:48,179

at that time they were building these

371

00:17:54,560 --> 00:17:51,900

megaliths also once I saw this situation

372

00:17:58,520 --> 00:17:54,570

overall situation with how young they

373

00:18:01,550 --> 00:17:58,530

were then I also other things started

374

00:18:04,220 --> 00:18:01,560

coming up in my mind I also realized

375

00:18:07,280 --> 00:18:04,230

that the alternative researchers they

376

00:18:10,130 --> 00:18:07,290

look at them taken out of context they

377

00:18:14,090 --> 00:18:10,140

will show you a really magnificent

378

00:18:16,550 --> 00:18:14,100

polygonal wall in Peru and they tell you

379

00:18:19,610 --> 00:18:16,560

you see this could not have been built

380

00:18:21,740 --> 00:18:19,620

by the Incas with their primitive bronze

381

00:18:24,590 --> 00:18:21,750

tools actually we don't have any

382

00:18:26,159 --> 00:18:24,600

reliable information about the Incas we

383

00:18:28,859 --> 00:18:26,169

are told that it was based

384

00:18:30,570 --> 00:18:28,869

the first documents of beef colonizers

385

00:18:33,119 --> 00:18:30,580

those documents were never published

386

00:18:35,159 --> 00:18:33,129

they were locked until now they were not

387

00:18:36,899 --> 00:18:35,169

published when they were written why

388

00:18:39,180 --> 00:18:36,909

they were hiding them people must have

389

00:18:41,129 --> 00:18:39,190

been interested at that time America was

390

00:18:43,259 --> 00:18:41,139

discovered why they were hiding them

391

00:18:46,289 --> 00:18:43,269

from the very beginning and none of them

392

00:18:48,479 --> 00:18:46,299

are available in original and some of

393

00:18:52,799 --> 00:18:48,489

them are not even available in edited

394

00:18:54,749 --> 00:18:52,809

form so it's absolutely unfair to base

395

00:18:56,580 --> 00:18:54,759

their dating to say they're older than

396

00:18:58,649 --> 00:18:56,590

being because because English had only

397

00:19:01,289 --> 00:18:58,659

primitive tools how do we know what

398

00:19:04,680 --> 00:19:01,299

tools the Incas have also we find other

399

00:19:08,159 --> 00:19:04,690

types of skeletons over there with red

400

00:19:10,830 --> 00:19:08,169

hairs elongated non-human looking how do

401
00:19:14,789 --> 00:19:10,840
we know what kind of tools those beings

402
00:19:17,310 --> 00:19:14,799
had and they are not those funny skills

403
00:19:19,019 --> 00:19:17,320
they are not much much older so I don't

404
00:19:21,840 --> 00:19:19,029
see any problem because you're asking

405
00:19:24,029 --> 00:19:21,850
about the time period five or six or

406
00:19:26,549 --> 00:19:24,039
seven hundred years ago maybe those

407
00:19:28,440 --> 00:19:26,559
beings were building together with the

408
00:19:31,019 --> 00:19:28,450
local people maybe in Peru and

409
00:19:33,210 --> 00:19:31,029
everywhere else this polygonal walls I

410
00:19:35,940 --> 00:19:33,220
don't see any problem with that because

411
00:19:38,369 --> 00:19:35,950
the same for example even gated skulls

412
00:19:39,930 --> 00:19:38,379
are found in Europe as well it's it's

413
00:19:41,369 --> 00:19:39,940

just a hypothesis I'm not saying

414

00:19:44,629 --> 00:19:41,379

particularly there is any connection

415

00:19:49,560 --> 00:19:44,639

between deep elongated skulls m.d

416

00:19:53,340 --> 00:19:49,570

polygonal megalithic walls but it's just

417

00:19:55,649 --> 00:19:53,350

an option also at this dating that I'm

418

00:19:57,570 --> 00:19:55,659

saying that there variant is based on

419

00:20:00,659 --> 00:19:57,580

the fact that they're taken out of

420

00:20:03,210 --> 00:20:00,669

context but not not alike in their

421

00:20:05,310 --> 00:20:03,220

entirety the researchers who talk about

422

00:20:07,769 --> 00:20:05,320

twelve thousand years ago they don't

423

00:20:11,129 --> 00:20:07,779

take into consideration that we have

424

00:20:14,070 --> 00:20:11,139

such a walls incorporated into medieval

425

00:20:17,609 --> 00:20:14,080

fortresses in Japan in the Europe

426

00:20:21,119 --> 00:20:17,619

different aquadecks they are also

427

00:20:23,549 --> 00:20:21,129

relatively very very young just couple

428

00:20:26,399 --> 00:20:23,559

of hundred years ago or what to speak of

429

00:20:29,720 --> 00:20:26,409

st. Peter school the megaliths there are

430

00:20:32,340 --> 00:20:29,730

huge very similar to those of Peru like

431

00:20:36,330 --> 00:20:32,350

identical books built two hundred years

432

00:20:39,389 --> 00:20:36,340

ago and Armenia in Armenia also we have

433

00:20:42,239 --> 00:20:39,399

amazing polygonal

434

00:20:44,909 --> 00:20:42,249

very hard stone how did they put it and

435

00:20:47,339 --> 00:20:44,919

it's not just one place it's a couple of

436

00:20:51,299 --> 00:20:47,349

them over there in Turkey in the mini so

437

00:20:54,119 --> 00:20:51,309

when we say the date for 12,000 years we

438

00:20:57,989 --> 00:20:54,129

should not exclude all these other staff

439

00:21:01,649 --> 00:20:57,999

and then we can get the correct idea for

440

00:21:04,229 --> 00:21:01,659

everything mm-hmm so last time we talked

441

00:21:06,919 --> 00:21:04,239

and we discussed the elite changing

442

00:21:09,959 --> 00:21:06,929

altering the timeline restructuring our

443

00:21:12,239 --> 00:21:09,969

human history to fit what they want us

444

00:21:14,909 --> 00:21:12,249

to know and what justifies their rule

445

00:21:16,769 --> 00:21:14,919

and that's a pretty radical idea that a

446

00:21:19,019 --> 00:21:16,779

lot of people were super interested in

447

00:21:21,479 --> 00:21:19,029

but the biggest criticism that people

448

00:21:24,119 --> 00:21:21,489

came back at me with was looking at the

449

00:21:26,999 --> 00:21:24,129

history of inventions and tools like

450

00:21:28,649 --> 00:21:27,009

from the wheel up to vehicles and

451
00:21:31,349 --> 00:21:28,659
rockets and the internet that we have

452
00:21:34,859 --> 00:21:31,359
now it's easy to kind of trace that

453
00:21:36,810 --> 00:21:34,869
history and it's hard to you know undo

454
00:21:38,129 --> 00:21:36,820
that in our heads because when we look

455
00:21:41,070 --> 00:21:38,139
at these sites that we're talking about

456
00:21:44,279 --> 00:21:41,080
these megalithic sites they require some

457
00:21:46,589 --> 00:21:44,289
high technology to put them together and

458
00:21:48,779 --> 00:21:46,599
we don't find buried cranes anywhere

459
00:21:51,389 --> 00:21:48,789
from 700 years ago we don't find

460
00:21:53,310 --> 00:21:51,399
vehicles that might have made tracks in

461
00:21:55,589 --> 00:21:53,320
the mud so I'm curious what you think

462
00:22:01,499 --> 00:21:55,599
about that like how we how we solve that

463
00:22:06,029 --> 00:22:01,509

problem um I think first of all people

464

00:22:09,269 --> 00:22:06,039

are a bit with narrow vision because

465

00:22:14,369 --> 00:22:09,279

they always expect higher technology to

466

00:22:18,209 --> 00:22:14,379

be very technical like hours while in

467

00:22:21,299 --> 00:22:18,219

most cases probably it was sound based

468

00:22:25,829 --> 00:22:21,309

in the past and when I say sound based

469

00:22:28,499 --> 00:22:25,839

it's because of the legends we always

470

00:22:30,779 --> 00:22:28,509

hear about the magical words how they do

471

00:22:34,109 --> 00:22:30,789

things with that and also it my

472

00:22:36,359 --> 00:22:34,119

experience with shamanic things which

473

00:22:39,060 --> 00:22:36,369

sounds this is the way to do miracles

474

00:22:41,579 --> 00:22:39,070

this is the main way to do miracles so

475

00:22:43,919 --> 00:22:41,589

they could have been using far more

476

00:22:46,829 --> 00:22:43,929

advanced techniques than we can imagine

477

00:22:49,859 --> 00:22:46,839

for example based on sound and they

478

00:22:52,760 --> 00:22:49,869

wouldn't require all these cranes and

479

00:22:56,760 --> 00:22:52,770

stuff that's the first thing

480

00:22:59,970 --> 00:22:56,770

second of all I don't think that most of

481

00:23:03,690 --> 00:22:59,980

these for example the polygonal masonry

482

00:23:06,360 --> 00:23:03,700

megaliths required the cranes or this

483

00:23:08,550 --> 00:23:06,370

advanced cutting machines simply because

484

00:23:12,030 --> 00:23:08,560

they were cast out of

485

00:23:15,380 --> 00:23:12,040

geopolymer there is really overwhelming

486

00:23:19,430 --> 00:23:15,390

evidence of this coming from many sites

487

00:23:22,050 --> 00:23:19,440

not only one researcher there is pretty

488

00:23:25,620 --> 00:23:22,060

convincing evidence that that has been

489

00:23:27,390 --> 00:23:25,630

the case mostly which is like advanced

490

00:23:30,210 --> 00:23:27,400

concrete for people who don't know right

491

00:23:32,910 --> 00:23:30,220

yeah advanced advanced concrete for

492

00:23:36,870 --> 00:23:32,920

example in Peru we have a lot of

493

00:23:39,450 --> 00:23:36,880

cuttings on solid massive bed rocks that

494

00:23:42,230 --> 00:23:39,460

could not have been passed down and over

495

00:23:47,940 --> 00:23:42,240

there we see cutting marks that are

496

00:23:50,370 --> 00:23:47,950

absolutely smooth now this may make some

497

00:23:54,630 --> 00:23:50,380

people think that they must have used

498

00:23:57,390 --> 00:23:54,640

some very advanced cutting machines but

499

00:24:00,690 --> 00:23:57,400

again this is not the only option what

500

00:24:03,000 --> 00:24:00,700

about this stone melting with sound it's

501
00:24:05,820 --> 00:24:03,010
just one possibility I'm not saying that

502
00:24:07,740 --> 00:24:05,830
they did it in that way have no proof no

503
00:24:09,810 --> 00:24:07,750
a reason to think so

504
00:24:16,140 --> 00:24:09,820
but on the only thing I'm saying there

505
00:24:19,740 --> 00:24:16,150
are other options so our style of

506
00:24:23,850 --> 00:24:19,750
technology is not the only possible way

507
00:24:28,170 --> 00:24:23,860
this is my main answer and the second

508
00:24:31,080 --> 00:24:28,180
possibilities that it dis amazing things

509
00:24:34,980 --> 00:24:31,090
in the past were them with technical

510
00:24:37,680 --> 00:24:34,990
tools similar to ours then it is

511
00:24:40,590 --> 00:24:37,690
possible that only a small fraction of

512
00:24:45,110 --> 00:24:40,600
the society had such tools or access to

513
00:24:49,710 --> 00:24:45,120

them mm-hmm as it is nowadays by the way

514

00:24:54,480 --> 00:24:49,720

very true so if the machines were very

515

00:24:57,900 --> 00:24:54,490

few then it's not difficult that we

516

00:25:00,990 --> 00:24:57,910

don't find them no wonder that we don't

517

00:25:02,669 --> 00:25:01,000

find them so I'm I'm not saying that any

518

00:25:05,610 --> 00:25:02,679

of these hypothesis is true the only

519

00:25:06,440 --> 00:25:05,620

thing I'm trying to prove is that there

520

00:25:09,590 --> 00:25:06,450

are

521

00:25:14,660 --> 00:25:09,600

other options I'm with you the lack of

522

00:25:18,740 --> 00:25:14,670

cranes doesn't prove that it was only

523

00:25:22,480 --> 00:25:18,750

aliens yeah yeah those are fair points

524

00:25:26,780 --> 00:25:22,490

and as far as the actual tools that were

525

00:25:29,930 --> 00:25:26,790

used the tools that produced those two

526
00:25:33,050 --> 00:25:29,940
marks that seemed about our technology

527
00:25:35,870 --> 00:25:33,060
for example a circular disc with

528
00:25:38,810 --> 00:25:35,880
diameter of two three meters and yet

529
00:25:41,870 --> 00:25:38,820
only couple of millimeters wide

530
00:25:44,720 --> 00:25:41,880
this is far above us we don't have a

531
00:25:47,270 --> 00:25:44,730
material from which we could make such a

532
00:25:51,010 --> 00:25:47,280
disc it would break with the first

533
00:25:54,350 --> 00:25:51,020
rotation if we try to so recently in

534
00:25:59,540 --> 00:25:54,360
rational Bathory they examined some of

535
00:26:02,210 --> 00:25:59,550
the stones that had on them two marks of

536
00:26:05,720 --> 00:26:02,220
such advanced machinery they carefully

537
00:26:09,230 --> 00:26:05,730
compared them with the marks left by

538
00:26:12,800 --> 00:26:09,240

modern circular discs stone cutting

539

00:26:15,880 --> 00:26:12,810

machines and the conclusion was and that

540

00:26:19,730 --> 00:26:15,890

the marks left by the old cutting

541

00:26:23,120 --> 00:26:19,740

instrument are so fine and they leave

542

00:26:26,660 --> 00:26:23,130

such a smooth surface that as youth

543

00:26:30,920 --> 00:26:26,670

though the stone was not good using

544

00:26:34,880 --> 00:26:30,930

gross material force as our cutting

545

00:26:39,170 --> 00:26:34,890

machines but as if it was disintegrating

546

00:26:41,870 --> 00:26:39,180

the material as it goes as if it was

547

00:26:45,440 --> 00:26:41,880

cutting through butter so the fact that

548

00:26:48,890 --> 00:26:45,450

on some old stones we see two marks that

549

00:26:51,620 --> 00:26:48,900

somewhat resemble the two marks left by

550

00:26:54,980 --> 00:26:51,630

current machinery that should not make

551
00:26:59,810 --> 00:26:54,990
us automatically assume that the tools

552
00:27:03,020 --> 00:26:59,820
were also like ours for example stone

553
00:27:05,870 --> 00:27:03,030
cutting machine with disc well with a

554
00:27:10,010 --> 00:27:05,880
bit better specifications but still

555
00:27:12,050 --> 00:27:10,020
something similar an improved model now

556
00:27:15,170 --> 00:27:12,060
there is no reason to think that it was

557
00:27:17,930 --> 00:27:15,180
simply an improved model well at the

558
00:27:20,360 --> 00:27:17,940
same time we do have all descriptions of

559
00:27:22,370 --> 00:27:20,370
cutting discs the name

560
00:27:26,570 --> 00:27:22,380
one of them would be Sudarshana chakra

561
00:27:29,690 --> 00:27:26,580
from the Vedic literature it is used as

562
00:27:33,549 --> 00:27:29,700
a weapon as well and as many other

563
00:27:37,160 --> 00:27:33,559

things by visional Krishna and other

564

00:27:40,160 --> 00:27:37,170

incarnations of the underlying creator a

565

00:27:43,370 --> 00:27:40,170

spirit of goodness and so so - the

566

00:27:47,330 --> 00:27:43,380

chakra would travel great distances in

567

00:27:50,299 --> 00:27:47,340

no time and perform all kinds of tasks

568

00:27:53,750 --> 00:27:50,309

and know where there is any mentions of

569

00:27:56,600 --> 00:27:53,760

the cables hanging from it just on the

570

00:27:59,090 --> 00:27:56,610

opposite it is clearly set it operated

571

00:28:01,700 --> 00:27:59,100

with the power of wish with the power of

572

00:28:04,310 --> 00:28:01,710

thoughts the power of will even

573

00:28:07,790 --> 00:28:04,320

primitive traps like ours have detected

574

00:28:10,490 --> 00:28:07,800

in our laboratories that thoughts do

575

00:28:13,510 --> 00:28:10,500

have the power to produce purely

576

00:28:16,220 --> 00:28:13,520

material impulses in mental

577

00:28:18,590 --> 00:28:16,230

electromagnetic in nature so we

578

00:28:22,460 --> 00:28:18,600

shouldn't be surprised at all if a disk

579

00:28:25,130 --> 00:28:22,470

operates powered by thought in the Book

580

00:28:28,370 --> 00:28:25,140

of Enoch there are also some

581

00:28:31,190 --> 00:28:28,380

descriptions for some sort of old

582

00:28:33,549 --> 00:28:31,200

magical machinery and there is no

583

00:28:38,110 --> 00:28:33,559

mention at all that it needed the

584

00:28:42,680 --> 00:28:38,120

electric power supply or some sort of

585

00:28:47,000 --> 00:28:42,690

gigantic metal structures to support or

586

00:28:49,490 --> 00:28:47,010

move the giant stones it was working

587

00:28:52,460 --> 00:28:49,500

with we had it easily handled with the

588

00:28:57,380 --> 00:28:52,470

power of magic only absolutely massive

589

00:28:59,750 --> 00:28:57,390

stones for example the huge megaliths at

590

00:29:02,600 --> 00:28:59,760

the basis of the Temple Mount in

591

00:29:04,850 --> 00:29:02,610

Jerusalem seemed to have been built with

592

00:29:07,100 --> 00:29:04,860

the help of such a machinery

593

00:29:09,740 --> 00:29:07,110

sure enough the reality corresponds to

594

00:29:12,380 --> 00:29:09,750

the older book there is a visibly

595

00:29:15,770 --> 00:29:12,390

distinct older layer in the Temple Mount

596

00:29:20,210 --> 00:29:15,780

and it does consist of such a gigantic

597

00:29:23,900 --> 00:29:20,220

stones that happened to have this they

598

00:29:26,470 --> 00:29:23,910

only look so to say and the needless to

599

00:29:29,020 --> 00:29:26,480

say it was all powered again by magic

600

00:29:30,490 --> 00:29:29,030

hmm yeah

601
00:29:32,260 --> 00:29:30,500
I love it we have to think

602
00:29:34,540 --> 00:29:32,270
unconventionally and respect some of

603
00:29:37,780 --> 00:29:34,550
those descriptions we find in those old

604
00:29:40,870 --> 00:29:37,790
texts and if we're talking about the

605
00:29:43,300 --> 00:29:40,880
period of the Reformation this 1500 s

606
00:29:45,730 --> 00:29:43,310
era as the point when these parasites as

607
00:29:47,470 --> 00:29:45,740
you say took over well that's right in

608
00:29:49,570 --> 00:29:47,480
line with the invention of the printing

609
00:29:51,550 --> 00:29:49,580
press the first technology to facilitate

610
00:29:54,120 --> 00:29:51,560
the widespread distribution of

611
00:29:58,180 --> 00:29:54,130
information and every other iteration

612
00:30:00,370 --> 00:29:58,190
newspapers radio TV film it's always

613
00:30:02,830 --> 00:30:00,380

been distributed from the top with

614

00:30:04,900 --> 00:30:02,840

plenty of indications that deception and

615

00:30:07,030 --> 00:30:04,910

propaganda was used in these mediums

616

00:30:09,130 --> 00:30:07,040

from the get-go why should the printing

617

00:30:10,990 --> 00:30:09,140

press have been any different and you

618

00:30:13,510 --> 00:30:11,000

can almost say that from the shutting

619

00:30:15,370 --> 00:30:13,520

down of magic back in the day and this

620

00:30:17,560 --> 00:30:15,380

point we have the iteration of the

621

00:30:19,960 --> 00:30:17,570

printing press right on up to the modern

622

00:30:22,780 --> 00:30:19,970

internet these are the technologies of

623

00:30:24,580 --> 00:30:22,790

the parasites and some of the next best

624

00:30:27,580 --> 00:30:24,590

options that emerge once the original

625

00:30:29,710 --> 00:30:27,590

more earth-based technologies that we

626
00:30:34,390 --> 00:30:29,720
were using for however many years were

627
00:30:37,210 --> 00:30:34,400
removed yes I get your point the command

628
00:30:39,520 --> 00:30:37,220
also makes the point that when they

629
00:30:42,790 --> 00:30:39,530
started printing immediately they

630
00:30:46,960 --> 00:30:42,800
started with like very large volumes

631
00:30:49,150 --> 00:30:46,970
like for bricks put together this big it

632
00:30:52,270 --> 00:30:49,160
there was no gradual evolution and

633
00:30:55,210 --> 00:30:52,280
immediately they started when a be

634
00:30:57,370 --> 00:30:55,220
printed 100 volumes of something the

635
00:31:00,460 --> 00:30:57,380
adamant 200th of history and the other

636
00:31:03,670 --> 00:31:00,470
one 200 more it wasn't a gradual

637
00:31:09,310 --> 00:31:03,680
evolution what I find very interesting

638
00:31:11,560 --> 00:31:09,320

is the way of distributing information

639

00:31:15,510 --> 00:31:11,570

in the past according to the description

640

00:31:19,750 --> 00:31:15,520

in the Vedas they talk about times when

641

00:31:23,050 --> 00:31:19,760

people needed to hear a given book only

642

00:31:25,300 --> 00:31:23,060

once and then they would memorize every

643

00:31:28,630 --> 00:31:25,310

single word of it forever

644

00:31:34,990 --> 00:31:28,640

hmm so that kind of memory we had

645

00:31:39,070 --> 00:31:35,000

thousands of years ago so so and then we

646

00:31:42,490 --> 00:31:39,080

evolved to work there now it devolved

647

00:31:44,680 --> 00:31:42,500

down you were talking about that 12

648

00:31:46,960 --> 00:31:44,690

years ago time period that very trendy

649

00:31:50,260 --> 00:31:46,970

time period in the alternative culture

650

00:31:52,630 --> 00:31:50,270

right now and a lot of the center of

651

00:31:54,370 --> 00:31:52,640

that is gobekli tepe and one thing I

652

00:31:56,170 --> 00:31:54,380

find interesting is that a sort of

653

00:31:58,450 --> 00:31:56,180

common knowledge that Gobekli Tepe was

654

00:32:00,220 --> 00:31:58,460

intentionally buried but researchers

655

00:32:02,110 --> 00:32:00,230

seem to treat that like it's some big

656

00:32:04,570 --> 00:32:02,120

mystery you know why would they do this

657

00:32:06,520 --> 00:32:04,580

but if a parasitic elite was trying to

658

00:32:08,680 --> 00:32:06,530

cover up the past it seems pretty clear

659

00:32:12,190 --> 00:32:08,690

why someone might bury a site like a

660

00:32:15,640 --> 00:32:12,200

Beckley taipei yes I do agree with you

661

00:32:19,030 --> 00:32:15,650

but in terms of the popularity of

662

00:32:21,880 --> 00:32:19,040

gibeglee to pay it has gained a lot of

663

00:32:24,850 --> 00:32:21,890

popularity recently and that's great

664

00:32:28,360 --> 00:32:24,860

because we have some examples of art

665

00:32:31,450 --> 00:32:28,370

that could be very very old possibly the

666

00:32:35,140 --> 00:32:31,460

site is really old or to be more precise

667

00:32:38,110 --> 00:32:35,150

the older layer with the dinosaur

668

00:32:42,100 --> 00:32:38,120

carvings and t-shaped

669

00:32:45,150 --> 00:32:42,110

stones that could be somewhat old while

670

00:32:48,820 --> 00:32:45,160

the other layer that consists of

671

00:32:52,180 --> 00:32:48,830

primitive stonework break basically

672

00:32:56,260 --> 00:32:52,190

mostly from rest stones going in circle

673

00:33:01,180 --> 00:32:56,270

and connecting the bigger t-shaped

674

00:33:03,160 --> 00:33:01,190

blocks that seems probably a very very

675

00:33:07,480 --> 00:33:03,170

recent to me it could be even medieval

676

00:33:12,160 --> 00:33:07,490

at least its style resembles that of the

677

00:33:15,220 --> 00:33:12,170

Roman and medieval times and not only it

678

00:33:18,510 --> 00:33:15,230

belongs to a distinctly different style

679

00:33:23,530 --> 00:33:18,520

of a building but also this primitive

680

00:33:27,280 --> 00:33:23,540

stonework often overlaps the depictions

681

00:33:30,610 --> 00:33:27,290

on the old stone of figures of animals

682

00:33:34,390 --> 00:33:30,620

which definitely suggests that these

683

00:33:37,240 --> 00:33:34,400

circular walls were not part of the

684

00:33:39,940 --> 00:33:37,250

initial design but also we should not

685

00:33:43,890 --> 00:33:39,950

forget that the key Begley T P has

686

00:33:48,490 --> 00:33:43,900

acquired its recent fame due to

687

00:33:52,090 --> 00:33:48,500

mainstream historical dating which again

688

00:33:55,730 --> 00:33:52,100

and again has turned out to be total

689

00:33:58,789 --> 00:33:55,740

joke analyzed sometimes

690

00:34:01,250 --> 00:33:58,799

sometimes clear fraud we can only make

691

00:34:04,639 --> 00:34:01,260

guesses about the age of back database

692

00:34:08,270 --> 00:34:04,649

could be old or not but very few people

693

00:34:10,550 --> 00:34:08,280

are aware that we have historic sites

694

00:34:13,639 --> 00:34:10,560

that are not very famous and are

695

00:34:17,889 --> 00:34:13,649

definitely much more impressive and much

696

00:34:21,950 --> 00:34:17,899

much older some examples would be the

697

00:34:25,040 --> 00:34:21,960

numerous rock good rings near atleast in

698

00:34:29,899 --> 00:34:25,050

Israel or Sierra de San Cristobal in

699

00:34:32,180 --> 00:34:29,909

Spain or de gill castles of Turkey now

700

00:34:35,780 --> 00:34:32,190

why am I so confident that they are much

701
00:34:38,599 --> 00:34:35,790
much older for example at least those

702
00:34:41,119 --> 00:34:38,609
ruins are cut out of solid bedrock in

703
00:34:44,240 --> 00:34:41,129
some cases that the bedrock is a very

704
00:34:46,849 --> 00:34:44,250
hard variety of stone so partially of

705
00:34:50,089 --> 00:34:46,859
course they are covered with soil but at

706
00:34:53,450 --> 00:34:50,099
places that they were exposed and over

707
00:34:56,089 --> 00:34:53,460
there you can clearly see how parts of

708
00:34:59,270 --> 00:34:56,099
the buildings part of the walls have

709
00:35:01,579 --> 00:34:59,280
been eaten up by erosion and they're

710
00:35:04,670 --> 00:35:01,589
smooth and in such a way that it is

711
00:35:08,420 --> 00:35:04,680
absolutely crystal clear that it is not

712
00:35:11,270 --> 00:35:08,430
that some chunk of the wall fall in

713
00:35:14,359 --> 00:35:11,280

earthquake it was only erosion most

714

00:35:16,640 --> 00:35:14,369

definitely now in reality if we have to

715

00:35:19,820 --> 00:35:16,650

be honest we have absolutely no clue

716

00:35:23,060 --> 00:35:19,830

what is the speed of erosion even the

717

00:35:26,480 --> 00:35:23,070

mainstream estimations are total fantasy

718

00:35:29,420 --> 00:35:26,490

but we can make a very important

719

00:35:32,150 --> 00:35:29,430

parallel with the Peruvian polygonal

720

00:35:35,030 --> 00:35:32,160

megaliths for example because some of

721

00:35:36,620 --> 00:35:35,040

them are also made of a very hard

722

00:35:39,859 --> 00:35:36,630

variety of granite

723

00:35:43,220 --> 00:35:39,869

now those megaliths have been exposed to

724

00:35:45,589 --> 00:35:43,230

the weather at least for a couple of

725

00:35:48,560 --> 00:35:45,599

thousand years at least 500 years let's

726

00:35:51,680 --> 00:35:48,570

say if not much much longer which is

727

00:35:55,190 --> 00:35:51,690

also possible and still they look brand

728

00:35:57,770 --> 00:35:55,200

new as if a built yesterday on most of

729

00:36:00,770 --> 00:35:57,780

the famous peruvian polygonal megaliths

730

00:36:04,880 --> 00:36:00,780

the visible signs of erosion are simply

731

00:36:08,089 --> 00:36:04,890

not there so just imagine in relation to

732

00:36:09,220 --> 00:36:08,099

that how long would have been at Little

733

00:36:13,109 --> 00:36:09,230

Rock

734

00:36:17,260 --> 00:36:13,119

drawings exposed to the weather so that

735

00:36:20,680 --> 00:36:17,270

entire parts of the wall in some cases

736

00:36:23,890 --> 00:36:20,690

few meters high would get eaten up by

737

00:36:26,260 --> 00:36:23,900

the erosion and when I say Rock could

738

00:36:30,780 --> 00:36:26,270

throw useful please don't imagine some

739

00:36:34,300 --> 00:36:30,790

sort of grotto like those of the

740

00:36:37,510 --> 00:36:34,310

primitive men of Stone Age as we are

741

00:36:42,640 --> 00:36:37,520

sharp like Fred and Barney I'm talking

742

00:36:45,820 --> 00:36:42,650

about absolutely massive walls the

743

00:36:49,390 --> 00:36:45,830

height of few stories maybe 10 meters

744

00:36:53,710 --> 00:36:49,400

high and then in Spain we have sierra de

745

00:36:56,170 --> 00:36:53,720

san cristobol which is made in a style

746

00:37:00,940 --> 00:36:56,180

absolutely identical to that of the

747

00:37:04,060 --> 00:37:00,950

ruins of Atlit same six ten meters high

748

00:37:07,150 --> 00:37:04,070

walls that appear to be remains as if

749

00:37:10,660 --> 00:37:07,160

they were surrounding some sort of

750

00:37:13,800 --> 00:37:10,670

assembly halls or maybe gardens but

751
00:37:16,810 --> 00:37:13,810
probably not because also underground

752
00:37:20,920 --> 00:37:16,820
they are vast

753
00:37:23,050 --> 00:37:20,930
holes with very high ceilings and all

754
00:37:26,890 --> 00:37:23,060
that stretches for many square

755
00:37:30,760 --> 00:37:26,900
kilometers is just absolutely vast and

756
00:37:33,700 --> 00:37:30,770
huge it's close to the public access is

757
00:37:38,800 --> 00:37:33,710
difficult or impossible also very deep

758
00:37:41,220 --> 00:37:38,810
shafts and even if you get inside if you

759
00:37:44,890 --> 00:37:41,230
attempt to get to the really big

760
00:37:47,740 --> 00:37:44,900
portions of the underground parts of it

761
00:37:51,700 --> 00:37:47,750
and then sooner or later you see a

762
00:37:56,080 --> 00:37:51,710
modern wall just cutting your access off

763
00:37:57,790 --> 00:37:56,090

so what I want to say is I'm not saying

764

00:38:00,400 --> 00:37:57,800

that the bill wasn't advanced

765

00:38:02,470 --> 00:38:00,410

civilization 12,000 years ago but they

766

00:38:06,310 --> 00:38:02,480

were not building polygonal megaliths for

767

00:38:08,349 --> 00:38:06,320

sure hmm that's interesting yeah and so

768

00:38:10,090 --> 00:38:08,359

you know we mentioned earlier just to

769

00:38:11,920 --> 00:38:10,100

just so everybody's clear we mentioned

770

00:38:13,990 --> 00:38:11,930

earlier that some of these sites that

771

00:38:16,060 --> 00:38:14,000

are we're told are thousands of years

772

00:38:18,570 --> 00:38:16,070

old might actually only be hundreds of

773

00:38:21,670 --> 00:38:18,580

years old what do you think the oldest

774

00:38:23,170 --> 00:38:21,680

structures that we can see are how old

775

00:38:27,190 --> 00:38:23,180

do you think the oldest ones my

776

00:38:32,160 --> 00:38:27,200

be that we can see oh I have no clue but

777

00:38:36,520 --> 00:38:32,170

the ones I mentioned in Israel could be

778

00:38:39,849 --> 00:38:36,530

the oldest I can think of right now they

779

00:38:42,400 --> 00:38:39,859

look similarly routed to these Eagle

780

00:38:45,430 --> 00:38:42,410

castles of Turkey and all these rocket

781

00:38:47,589 --> 00:38:45,440

wings that belong to the same the ago

782

00:38:49,540 --> 00:38:47,599

castles they belong to the style that I

783

00:38:54,339 --> 00:38:49,550

was researching in Italy and in Spain

784

00:38:58,420 --> 00:38:54,349

and the those in Israel are slightly

785

00:39:01,870 --> 00:38:58,430

different but the these relations could

786

00:39:06,120 --> 00:39:01,880

be a bit older because some of them are

787

00:39:09,520 --> 00:39:06,130

made a very hard variety of stone while

788

00:39:11,890 --> 00:39:09,530

in Turkey and in Italy and they were

789

00:39:16,960 --> 00:39:11,900

mostly cooked in two to four stones

790

00:39:23,520 --> 00:39:16,970

which means compressed hardened volcanic

791

00:39:26,559 --> 00:39:23,530

ash okay so that's sometimes very soft

792

00:39:27,609 --> 00:39:26,569

so it's very hard to put any kind of

793

00:39:30,130 --> 00:39:27,619

date on these things because there's

794

00:39:33,180 --> 00:39:30,140

really no dating method that you would

795

00:39:37,089 --> 00:39:33,190

really trust that's out there right I

796

00:39:39,940 --> 00:39:37,099

trust the circum dating method good I

797

00:39:43,120 --> 00:39:39,950

can't find enough with people to extract

798

00:39:46,000 --> 00:39:43,130

the information about it as I have said

799

00:39:50,740 --> 00:39:46,010

many times the way to find out our true

800

00:39:53,880 --> 00:39:50,750

history is true trance States the

801
00:39:56,890 --> 00:39:53,890
easiest available way to do it now see

802
00:40:00,640 --> 00:39:56,900
available method to do it nowadays are

803
00:40:04,180 --> 00:40:00,650
the past life regressions if regression

804
00:40:07,660 --> 00:40:04,190
lists from all over the world gather

805
00:40:11,609 --> 00:40:07,670
together and start recording pieces of

806
00:40:14,730 --> 00:40:11,619
history told by their clients we can

807
00:40:18,099 --> 00:40:14,740
recover the true history very quickly

808
00:40:20,620 --> 00:40:18,109
because when unrelated people from

809
00:40:23,470 --> 00:40:20,630
different continents start telling a

810
00:40:27,160 --> 00:40:23,480
story about certain historic event then

811
00:40:29,589 --> 00:40:27,170
most likely that's how it was it is very

812
00:40:32,049 --> 00:40:29,599
easy to recover our history is just the

813
00:40:35,500 --> 00:40:32,059

question of making the people aware how

814

00:40:36,520 --> 00:40:35,510

to do it and then doing it well I know

815

00:40:39,430 --> 00:40:36,530

that you're also very

816

00:40:41,170 --> 00:40:39,440

very well versed in ayahuasca and the

817

00:40:44,140 --> 00:40:41,180

spiritual realm and communicating with

818

00:40:46,900 --> 00:40:44,150

entities that might be on that side have

819

00:40:48,490 --> 00:40:46,910

you talked to any entities that might

820

00:40:50,170 --> 00:40:48,500

give you insights into the past like

821

00:40:52,300 --> 00:40:50,180

Shiva or some of the other ones I've

822

00:40:56,890 --> 00:40:52,310

heard you mentioned before haha

823

00:40:58,930 --> 00:40:56,900

no unfortunately I don't feel I am very

824

00:41:01,930 --> 00:40:58,940

well versed in these things that's the

825

00:41:07,000 --> 00:41:01,940

main problem and that's why I need to go

826

00:41:08,470 --> 00:41:07,010

on expeditions try to found that find

827

00:41:12,360 --> 00:41:08,480

out the truth

828

00:41:16,030 --> 00:41:12,370

no I have never spoken with any entity

829

00:41:21,880 --> 00:41:16,040

regarding history I have had a couple of

830

00:41:25,360 --> 00:41:21,890

very brief historic visions and I'm not

831

00:41:29,310 --> 00:41:25,370

as good in Alaska as I should be I'm

832

00:41:33,330 --> 00:41:29,320

excellent compared to the average level

833

00:41:37,150 --> 00:41:33,340

on earth now then you can say I am very

834

00:41:40,960 --> 00:41:37,160

well-versed but otherwise I think I know

835

00:41:43,690 --> 00:41:40,970

nothing about the conversion of you from

836

00:41:45,580 --> 00:41:43,700

my perspective understood you're being

837

00:41:47,770 --> 00:41:45,590

pretty humble of course but you do plan

838

00:41:49,990 --> 00:41:47,780

to continue down the path of ayahuasca

839

00:41:52,560 --> 00:41:50,000

insights and experiences right I mean

840

00:41:56,530 --> 00:41:52,570

maybe in some type of teaching capacity

841

00:42:00,190 --> 00:41:56,540

yes this is how I envisioned my old age

842

00:42:02,770 --> 00:42:00,200

when I am 70 or 80 just conducting

843

00:42:05,550 --> 00:42:02,780

ceremonies what else to do you know old

844

00:42:09,370 --> 00:42:05,560

people they don't require so much sleep

845

00:42:13,870 --> 00:42:09,380

right but in terms of our plans for the

846

00:42:17,500 --> 00:42:13,880

foreseeable future some friends of mine

847

00:42:21,370 --> 00:42:17,510

are actually trying to open a fully

848

00:42:25,210 --> 00:42:21,380

legitimate I was the center here in the

849

00:42:28,750 --> 00:42:25,220

so called advanced world and if that the

850

00:42:32,550 --> 00:42:28,760

happens I will be glad to join them and

851

00:42:36,780 --> 00:42:32,560

help not necessarily in a capacity of

852

00:42:41,470 --> 00:42:36,790

shaman because being a shaman is not as

853

00:42:44,560 --> 00:42:41,480

glamorous and exotic a job as it may

854

00:42:48,610 --> 00:42:44,570

seem to many people to some it may seem

855

00:42:49,989 --> 00:42:48,620

to be only about the smoking aromatic

856

00:42:53,919 --> 00:42:49,999

herbs

857

00:42:58,449 --> 00:42:53,929

in the fancy pipe and chatting casually

858

00:43:03,099 --> 00:42:58,459

with angels fluffing their wings around

859

00:43:06,819 --> 00:43:03,109

you but this is so far from the truth

860

00:43:09,519 --> 00:43:06,829

this line is thinking is like that of a

861

00:43:12,909 --> 00:43:09,529

person who thinks oh I will become a

862

00:43:16,269 --> 00:43:12,919

surgeon so that I can watch naked chicks

863

00:43:17,979 --> 00:43:16,279

all my life you will be seeing something

864

00:43:20,979 --> 00:43:17,989

radically different on the surgical

865

00:43:23,709 --> 00:43:20,989

table all your life if you become a

866

00:43:27,849 --> 00:43:23,719

surgeon and in a similar way becoming a

867

00:43:32,079 --> 00:43:27,859

shaman means the daily encountering

868

00:43:35,349 --> 00:43:32,089

dragging out of people the ugliest and

869

00:43:37,779 --> 00:43:35,359

most nasty creatures that you can't even

870

00:43:41,049 --> 00:43:37,789

have seen in this world but I do believe

871

00:43:45,009 --> 00:43:41,059

that making ayahuasca available for

872

00:43:48,819 --> 00:43:45,019

everybody who wishes that is probably

873

00:43:50,979 --> 00:43:48,829

the fastest way to raise the level of

874

00:43:53,409 --> 00:43:50,989

the consciousness of the planet I'm not

875

00:43:55,989 --> 00:43:53,419

saying I'm asked is the only spiritual

876

00:43:58,449 --> 00:43:55,999

practice or that it is the best

877

00:44:01,839 --> 00:43:58,459

spiritual practice but I definitely

878

00:44:04,809 --> 00:44:01,849

think it is the one that delivers the

879

00:44:09,359 --> 00:44:04,819

fastest results for example you may go

880

00:44:12,039 --> 00:44:09,369

to some Buddhist gathering or seminar or

881

00:44:14,469 --> 00:44:12,049

yoga something of that sort and they

882

00:44:17,949 --> 00:44:14,479

will tell you that you are a particle of

883

00:44:20,709 --> 00:44:17,959

this underlying creator spirit and that

884

00:44:24,129 --> 00:44:20,719

if you conduct your daily activities

885

00:44:27,099 --> 00:44:24,139

from this point of view instead of the

886

00:44:29,289 --> 00:44:27,109

egoistic one that is always profit

887

00:44:31,719 --> 00:44:29,299

oriented then gradually your

888

00:44:34,479 --> 00:44:31,729

consciousness will be emancipated it

889

00:44:36,339 --> 00:44:34,489

will be but it will take ages because

890

00:44:39,819 --> 00:44:36,349

after this seminar you will have

891

00:44:43,959 --> 00:44:39,829

returned home and you're likely sooner

892

00:44:46,659 --> 00:44:43,969

or later to face problems like having to

893

00:44:49,359 --> 00:44:46,669

go to unpleasant work for many hours

894

00:44:51,879 --> 00:44:49,369

then you start thinking where is this

895

00:44:54,159 --> 00:44:51,889

underlying creator spirit if he was so

896

00:44:57,099 --> 00:44:54,169

full and loved and I'm a particle of him

897

00:44:59,169 --> 00:44:57,109

how come I ended in this unpleasant

898

00:45:01,779 --> 00:44:59,179

situation and why doesn't the spirit

899

00:45:02,640 --> 00:45:01,789

come to help me pay my rent so that I

900

00:45:05,490 --> 00:45:02,650

can find some

901
00:45:09,120 --> 00:45:05,500
time and meditate on him and so one

902
00:45:11,700 --> 00:45:09,130
would slide back in the modern so-called

903
00:45:15,440 --> 00:45:11,710
normal way of life which is full of

904
00:45:19,160 --> 00:45:15,450
sadness depression bitterness arrogance

905
00:45:21,900 --> 00:45:19,170
disappointment and so on but I was is a

906
00:45:24,510 --> 00:45:21,910
radically different type of teacher it

907
00:45:26,610 --> 00:45:24,520
will not give you lectures nor it will

908
00:45:28,710 --> 00:45:26,620
tell you what to do it will simply take

909
00:45:31,140 --> 00:45:28,720
you by the hand and show you in

910
00:45:31,950 --> 00:45:31,150
absolutely straightforward and practical

911
00:45:35,010 --> 00:45:31,960
terms

912
00:45:37,410 --> 00:45:35,020
that you are an infinite spirit made of

913
00:45:39,840 --> 00:45:37,420

love for many people this would happen

914

00:45:42,960 --> 00:45:39,850

within the first few ceremonies others

915

00:45:45,030 --> 00:45:42,970

may need much more sessions but

916

00:45:47,510 --> 00:45:45,040

eventually it does happen to everybody

917

00:45:51,510 --> 00:45:47,520

and then as the student of ayahwasca

918

00:45:54,600 --> 00:45:51,520

perceives more and more how his own

919

00:45:57,930 --> 00:45:54,610

being is a woman from this material this

920

00:46:01,650 --> 00:45:57,940

underlying goodness one doesn't need to

921

00:46:05,130 --> 00:46:01,660

be told how to change one's ways and

922

00:46:07,620 --> 00:46:05,140

behavior and intentions and priorities

923

00:46:10,320 --> 00:46:07,630

it happens automatically it's just the

924

00:46:13,350 --> 00:46:10,330

normal sequence of understanding who you

925

00:46:15,600 --> 00:46:13,360

are now and then I get the letters of

926
00:46:18,540 --> 00:46:15,610
concern from some of the viewers of my

927
00:46:20,820 --> 00:46:18,550
youtube channel they would go like this

928
00:46:23,850 --> 00:46:20,830
I love your historic videos but I'm

929
00:46:26,490 --> 00:46:23,860
concerned about your soul because you

930
00:46:29,030 --> 00:46:26,500
drink ayahuasca and evil spirits are

931
00:46:32,220 --> 00:46:29,040
talking to you yes I absolutely

932
00:46:34,920 --> 00:46:32,230
guarantee and confirm this and tell this

933
00:46:39,120 --> 00:46:34,930
openly if you drink ayahuasca sooner or

934
00:46:41,190 --> 00:46:39,130
later you're sure to meet one spirit

935
00:46:44,240 --> 00:46:41,200
evil spirit most probably it will be

936
00:46:48,870 --> 00:46:44,250
very evil and I can tell you who it is

937
00:46:52,020 --> 00:46:48,880
exactly that's your own dark side and as

938
00:46:56,060 --> 00:46:52,030

far as our dark side I'm aware of only

939

00:47:00,560 --> 00:46:56,070

four options the first one is to face it

940

00:47:04,320 --> 00:47:00,570

understand what does it feed on and then

941

00:47:08,430 --> 00:47:04,330

dissolve it by giving it no more food

942

00:47:11,790 --> 00:47:08,440

and transforming yourself into angel the

943

00:47:14,880 --> 00:47:11,800

second option is to know that you have a

944

00:47:16,770 --> 00:47:14,890

dark side but to be afraid to face it

945

00:47:19,470 --> 00:47:16,780

the third one

946

00:47:21,510 --> 00:47:19,480

is out of stupid pride to convince

947

00:47:24,330 --> 00:47:21,520

yourself that you do not have any

948

00:47:27,210 --> 00:47:24,340

dioxide at all and the fourth one is to

949

00:47:30,180 --> 00:47:27,220

actually embrace it and lead some sort

950

00:47:32,490 --> 00:47:30,190

of devilish existence even while you're

951

00:47:36,210 --> 00:47:32,500

in the human form mm-hmm

952

00:47:37,680 --> 00:47:36,220

damn that is interesting I guess we all

953

00:47:40,260 --> 00:47:37,690

have a dark side we're gonna have to do

954

00:47:43,290 --> 00:47:40,270

something with ayahuasca or not and

955

00:47:45,270 --> 00:47:43,300

another tool for insight into the true

956

00:47:47,600 --> 00:47:45,280

history that you had mentioned last time

957

00:47:49,710 --> 00:47:47,610

was remote viewing have there been any

958

00:47:50,610 --> 00:47:49,720

advancements on that front at all since

959

00:47:53,940 --> 00:47:50,620

we last talked

960

00:47:58,020 --> 00:47:53,950

I'm still trying hard I'm left though

961

00:48:02,790 --> 00:47:58,030

only with one remote viewer Mike

962

00:48:05,160 --> 00:48:02,800

Herbert's he's a good good viewer just a

963

00:48:06,960 --> 00:48:05,170

few days ago I gave him a target it's

964

00:48:12,570 --> 00:48:06,970

now revealed so I can tell you it was

965

00:48:15,060 --> 00:48:12,580

these high towers in Tibet so I'm just

966

00:48:18,330 --> 00:48:15,070

giving you an example of how is our a

967

00:48:21,510 --> 00:48:18,340

remodeling project going on and he got

968

00:48:23,700 --> 00:48:21,520

back to me he described the last very

969

00:48:25,920 --> 00:48:23,710

well he even mentioned the desired the

970

00:48:28,920 --> 00:48:25,930

people of Tibet he was so close to the

971

00:48:32,720 --> 00:48:28,930

target she described the village and

972

00:48:36,510 --> 00:48:32,730

everything but he never saw the powers

973

00:48:40,140 --> 00:48:36,520

so definitely remote viewing can be

974

00:48:43,260 --> 00:48:40,150

abused but with one person I can still

975

00:48:45,990 --> 00:48:43,270

do relatively very little I was feeling

976
00:48:50,000 --> 00:48:46,000
as if he's watching from the towers so

977
00:48:51,660 --> 00:48:50,010
he sees everything else around himself

978
00:48:54,330 --> 00:48:51,670
very well could be

979
00:48:57,240 --> 00:48:54,340
and you mentioned past life regression I

980
00:48:59,280 --> 00:48:57,250
know you interviewed Peter Petrov past

981
00:49:01,560 --> 00:48:59,290
life regression is from Bulgaria and I

982
00:49:03,120 --> 00:49:01,570
really liked that interview and with

983
00:49:05,370 --> 00:49:03,130
this reconstruction what sorts of

984
00:49:07,500 --> 00:49:05,380
insights have you gotten from his work

985
00:49:09,060 --> 00:49:07,510
into people's past lives are there

986
00:49:11,970 --> 00:49:09,070
certain patterns that are forming or

987
00:49:13,530 --> 00:49:11,980
certain revelations people have said

988
00:49:16,860 --> 00:49:13,540

about their past lives that you found

989

00:49:20,910 --> 00:49:16,870

particularly insightful particularly

990

00:49:24,330 --> 00:49:20,920

insightful I don't have new information

991

00:49:27,600 --> 00:49:24,340

from him but I remember for example

992

00:49:30,510 --> 00:49:27,610

other past life regressions I have bred

993

00:49:33,990 --> 00:49:30,520

for example some lady

994

00:49:39,090 --> 00:49:34,000

was recollecting how probably 1,000

995

00:49:43,830 --> 00:49:39,100

years ago I'm 99% sure she was whatever

996

00:49:48,120 --> 00:49:43,840

a sister of priests high priest in Egypt

997

00:49:53,340 --> 00:49:48,130

and even as close as 1000 years ago they

998

00:49:56,490 --> 00:49:53,350

were having that high magical technology

999

00:49:58,380 --> 00:49:56,500

know if you can call it that way that

1000

00:50:00,900 --> 00:49:58,390

they were trying to even the resurrect

1001
00:50:06,240 --> 00:50:00,910
dead people to put them back in back in

1002
00:50:08,880 --> 00:50:06,250
their bodies they were at least those

1003
00:50:13,190 --> 00:50:08,890
who were educated the priests they could

1004
00:50:16,260 --> 00:50:13,200
go in and out of their body at will and

1005
00:50:19,530 --> 00:50:16,270
the main thing about this past life

1006
00:50:22,140 --> 00:50:19,540
regressions is what was important for

1007
00:50:25,620 --> 00:50:22,150
the people in the past it wasn't so much

1008
00:50:28,020 --> 00:50:25,630
the cell phones and gadgets that's why

1009
00:50:31,410 --> 00:50:28,030
we have difficulty understanding and

1010
00:50:34,350 --> 00:50:31,420
attempt to make wrong guesses about how

1011
00:50:36,900 --> 00:50:34,360
and why things were because we have

1012
00:50:38,910 --> 00:50:36,910
absolutely different priorities compared

1013
00:50:44,120 --> 00:50:38,920

to them we don't understand their

1014

00:50:46,890 --> 00:50:44,130

mindset that is the main problem well we

1015

00:50:49,590 --> 00:50:46,900

start understanding what is spirituality

1016

00:50:51,840 --> 00:50:49,600

because from my point of view people

1017

00:50:55,140 --> 00:50:51,850

don't even know what is spirituality all

1018

00:50:58,080 --> 00:50:55,150

about something it's some faith in

1019

00:51:00,840 --> 00:50:58,090

fantasy or believing in gold so

1020

00:51:02,520 --> 00:51:00,850

believing in something it's actually

1021

00:51:05,700 --> 00:51:02,530

spirituality is understanding who you

1022

00:51:07,800 --> 00:51:05,710

are what is your soul but people have

1023

00:51:11,270 --> 00:51:07,810

not only turned away from it

1024

00:51:14,010 --> 00:51:11,280

they don't even know what is it nowadays

1025

00:51:18,840 --> 00:51:14,020

so I think when we start understanding

1026

00:51:22,830 --> 00:51:18,850

what it is and start feeling that it is

1027

00:51:26,490 --> 00:51:22,840

interesting then the history may open

1028

00:51:28,260 --> 00:51:26,500

for us right very well could be and I

1029

00:51:31,680 --> 00:51:28,270

also wanted to talk to you about the

1030

00:51:34,050 --> 00:51:31,690

evidence for ancient wars or really

1031

00:51:35,850 --> 00:51:34,060

powerful weapons in the destruction of

1032

00:51:37,800 --> 00:51:35,860

areas because this has talked about

1033

00:51:40,910 --> 00:51:37,810

sometimes an alternative circles and

1034

00:51:42,990 --> 00:51:40,920

usually they cite the sandglass as

1035

00:51:44,650 --> 00:51:43,000

possible evidence of this but I've heard

1036

00:51:46,900 --> 00:51:44,660

critics say that a media

1037

00:51:49,750 --> 00:51:46,910

could also cause that deform but there

1038

00:51:53,250 --> 00:51:49,760

are other pieces of evidence of ancient

1039

00:51:57,220 --> 00:51:53,260

weaponry used outside of that right I

1040

00:52:01,720 --> 00:51:57,230

can I also from a very high perspective

1041

00:52:06,210 --> 00:52:01,730

mystical one please you know even when a

1042

00:52:11,230 --> 00:52:06,220

comet Falls this can be a weapon itself

1043

00:52:13,630 --> 00:52:11,240

because in the way the gods were

1044

00:52:17,170 --> 00:52:13,640

fighting even according to legends they

1045

00:52:20,440 --> 00:52:17,180

would throw celestial bodies or gods or

1046

00:52:23,859 --> 00:52:20,450

demons if some may be a more suitable

1047

00:52:29,140 --> 00:52:23,869

world the demons would troll entire

1048

00:52:32,370 --> 00:52:29,150

celestial bodies at our planet hmm in

1049

00:52:34,769 --> 00:52:32,380

addition to that everything is

1050

00:52:37,269 --> 00:52:34,779

penetrated by these all pervasive

1051
00:52:40,509 --> 00:52:37,279
consciousness even the meteor is not

1052
00:52:42,970 --> 00:52:40,519
dead hmm well that's a fair point as

1053
00:52:44,799 --> 00:52:42,980
hard as it might be to attribute damage

1054
00:52:47,740 --> 00:52:44,809
to either a natural disaster or a

1055
00:52:49,359 --> 00:52:47,750
technological weapon of some kind it

1056
00:52:51,670 --> 00:52:49,369
might not even matter if you think

1057
00:52:54,579 --> 00:52:51,680
everything has consciousness and there

1058
00:52:56,380 --> 00:52:54,589
are unseen forces influencing events it

1059
00:52:59,140 --> 00:52:56,390
gets almost impossible to separate the

1060
00:53:02,019 --> 00:52:59,150
two but in terms of the evidence of some

1061
00:53:04,420 --> 00:53:02,029
kind of weapon there are areas like the

1062
00:53:05,890 --> 00:53:04,430
old Indus Valley Civilisation that I've

1063
00:53:09,400 --> 00:53:05,900

heard you talk about where it looks like

1064

00:53:12,130 --> 00:53:09,410

many people died suddenly in mass in the

1065

00:53:14,380 --> 00:53:12,140

streets where skeletons are preserved

1066

00:53:15,970 --> 00:53:14,390

huddled up as if they were running from

1067

00:53:18,670 --> 00:53:15,980

something that wiped them all out and

1068

00:53:21,099 --> 00:53:18,680

that's pretty odd wouldn't you say yeah

1069

00:53:23,799 --> 00:53:21,109

probably it was a result of some weapon

1070

00:53:26,650 --> 00:53:23,809

because that's what we read in the

1071

00:53:28,839 --> 00:53:26,660

history of that region after that region

1072

00:53:32,470 --> 00:53:28,849

has a remarkably well-preserved written

1073

00:53:35,140 --> 00:53:32,480

history the Vedic literature so over

1074

00:53:37,299 --> 00:53:35,150

there defines perfectly correspond to

1075

00:53:39,999 --> 00:53:37,309

the history of the region those who

1076

00:53:41,190 --> 00:53:40,009

consider it to be a fantasy in legend

1077

00:53:46,559 --> 00:53:41,200

that's their problem

1078

00:53:50,049 --> 00:53:46,569

I see no no ambiguity over there

1079

00:53:51,910 --> 00:53:50,059

everything fits perfectly another one I

1080

00:53:54,009 --> 00:53:51,920

really like that was new to me that I

1081

00:53:56,920 --> 00:53:54,019

learned about in your videos was the

1082

00:53:58,150 --> 00:53:56,930

lake of fit yes I think if I'm

1083

00:54:00,400 --> 00:53:58,160

pronouncing it right the local

1084

00:54:03,250 --> 00:54:00,410

legend said there was a city there but

1085

00:54:05,920 --> 00:54:03,260

now there's just a lake yeah this is

1086

00:54:09,430 --> 00:54:05,930

this is how we'll find our history so

1087

00:54:13,480 --> 00:54:09,440

this boy he is not even into history he

1088

00:54:16,710 --> 00:54:13,490

is just developing his mystic powers he

1089

00:54:19,660 --> 00:54:16,720

sees things in dreams he had some

1090

00:54:22,720 --> 00:54:19,670

feeling inside feeling that there was a

1091

00:54:25,539 --> 00:54:22,730

town here some feelings he saw some

1092

00:54:28,150 --> 00:54:25,549

people the screaming and this and that

1093

00:54:30,609 --> 00:54:28,160

and he went to the museum in he found

1094

00:54:34,390 --> 00:54:30,619

out that indeed there was a town here on

1095

00:54:37,599 --> 00:54:34,400

the old maps and people disappeared and

1096

00:54:41,529 --> 00:54:37,609

there a suspiciously round hole and then

1097

00:54:44,470 --> 00:54:41,539

the local legends say that after this

1098

00:54:46,960 --> 00:54:44,480

happen anybody who went to that wretched

1099

00:54:50,410 --> 00:54:46,970

place and touched anything there was

1100

00:54:54,970 --> 00:54:50,420

also getting very sick and dying and the

1101

00:54:57,579 --> 00:54:54,980

symptoms were very similar to those of

1102

00:55:03,120 --> 00:54:57,589

somebody who would have been in contact

1103

00:55:07,390 --> 00:55:03,130

with radiation so this is really a

1104

00:55:10,930 --> 00:55:07,400

superb example of how we can a how I

1105

00:55:13,660 --> 00:55:10,940

belong historians discover pieces of the

1106

00:55:15,760 --> 00:55:13,670

system yeah I love that it's like we

1107

00:55:18,190 --> 00:55:15,770

need to trust our modern shamans but

1108

00:55:20,529 --> 00:55:18,200

that lake story was so interesting

1109

00:55:22,839 --> 00:55:20,539

because apparently old maps don't have

1110

00:55:25,299 --> 00:55:22,849

the lake there they actually have the

1111

00:55:28,569 --> 00:55:25,309

city and all the surrounding areas are

1112

00:55:30,579 --> 00:55:28,579

as they're thought to be and apparently

1113

00:55:32,410 --> 00:55:30,589

this was two or three hundred years ago

1114

00:55:35,109 --> 00:55:32,420

that some of these maps have a city

1115

00:55:37,630 --> 00:55:35,119

there and that really does kind of give

1116

00:55:40,000 --> 00:55:37,640

credence to your position that a lot of

1117

00:55:44,579 --> 00:55:40,010

these ruins or the destruction of cities

1118

00:55:48,220 --> 00:55:44,589

wasn't as far back as people say yes and

1119

00:55:53,440 --> 00:55:48,230

now to return back to the expedition a

1120

00:55:55,809 --> 00:55:53,450

very perplexing thing for all of us over

1121

00:56:01,269 --> 00:55:55,819

there we were like twelve thirteen

1122

00:56:05,650 --> 00:56:01,279

people is this rocket ruins we consider

1123

00:56:09,069 --> 00:56:05,660

them they'll pre-flood because they are

1124

00:56:11,980 --> 00:56:09,079

multi-storied open an entire stories of

1125

00:56:15,160 --> 00:56:11,990

them are just clogged with clay

1126
00:56:18,160 --> 00:56:15,170
covered with earth layers it's not some

1127
00:56:21,910 --> 00:56:18,170
sort of multi historic what they call it

1128
00:56:26,140 --> 00:56:21,920
the cultural layers with some sarin it's

1129
00:56:29,470 --> 00:56:26,150
just pure clay few meters high on one

1130
00:56:33,370 --> 00:56:29,480
side which looks like great flood to me

1131
00:56:37,000 --> 00:56:33,380
and we saw this all over and yet on the

1132
00:56:41,200 --> 00:56:37,010
other hand the two marks on many of them

1133
00:56:44,440 --> 00:56:41,210
were very very fresh and this is on a

1134
00:56:47,560 --> 00:56:44,450
relatively soft variety of stone this is

1135
00:56:49,660 --> 00:56:47,570
very perplexing actually and not only

1136
00:56:53,290 --> 00:56:49,670
terrible pre-flood but also like these

1137
00:56:57,579 --> 00:56:53,300
streets these rocket streets in many

1138
00:57:00,640 --> 00:56:57,589

cases they end abruptly at very high

1139

00:57:05,320 --> 00:57:00,650

cliffs and below are forests and valleys

1140

00:57:09,099 --> 00:57:05,330

and villages medieval even villages so

1141

00:57:11,560 --> 00:57:09,109

obviously desire burial ruins from the

1142

00:57:14,170 --> 00:57:11,570

destruction of how the Old Earth layers

1143

00:57:18,700 --> 00:57:14,180

were turning and on the other side on

1144

00:57:24,930 --> 00:57:18,710

the sides of disrupted streets which

1145

00:57:28,420 --> 00:57:24,940

were not which were used for a long time

1146

00:57:29,470 --> 00:57:28,430

which are even still in use we see very

1147

00:57:33,430 --> 00:57:29,480

fresh

1148

00:57:38,370 --> 00:57:33,440

cutting two marks this is quite the

1149

00:57:44,079 --> 00:57:38,380

mysterious and that is on soft stone so

1150

00:57:46,630 --> 00:57:44,089

yeah interesting it is a lot and you

1151
00:57:47,950 --> 00:57:46,640
know we're talking about the idea of

1152
00:57:51,190 --> 00:57:47,960
massive destruction

1153
00:57:53,109 --> 00:57:51,200
I have speculated I'm curious if you

1154
00:57:56,140 --> 00:57:53,119
have any thoughts on it but I wonder if

1155
00:57:58,359 --> 00:57:56,150
the recovery of ancient weapons or lost

1156
00:58:00,550 --> 00:57:58,369
knowledge could be the reason why there

1157
00:58:03,070 --> 00:58:00,560
is still all this fighting for control

1158
00:58:06,070 --> 00:58:03,080
of the Middle East in modern times might

1159
00:58:08,980 --> 00:58:06,080
there be secret still left uncovered or

1160
00:58:10,870 --> 00:58:08,990
potentially technology or weaponry even

1161
00:58:13,359 --> 00:58:10,880
if it's just things that are written

1162
00:58:16,060 --> 00:58:13,369
about I wonder if that isn't part of the

1163
00:58:18,150 --> 00:58:16,070

subtext for why there's so much fighting

1164

00:58:20,440 --> 00:58:18,160

with the superpowers over that region

1165

00:58:24,190 --> 00:58:20,450

could be but I don't have any

1166

00:58:25,839 --> 00:58:24,200

information about this fair fair and on

1167

00:58:28,089 --> 00:58:25,849

this kind of same theme

1168

00:58:29,739 --> 00:58:28,099

of destroyed cities and cultures we know

1169

00:58:32,229 --> 00:58:29,749

nothing about I've heard you say that

1170

00:58:35,049 --> 00:58:32,239

the biggest country that seems to have

1171

00:58:35,769 --> 00:58:35,059

been removed from history entirely is

1172

00:58:38,019 --> 00:58:35,779

one called

1173

00:58:41,410 --> 00:58:38,029

Toth area if I'm pronouncing it right

1174

00:58:45,459 --> 00:58:41,420

that is somewhere in modern Russia dark

1175

00:58:48,519 --> 00:58:45,469

area yes well it was much bigger

1176

00:58:51,880 --> 00:58:48,529

initially it was covering probably most

1177

00:58:54,959 --> 00:58:51,890

of the earth in the beginning and later

1178

00:58:58,089 --> 00:58:54,969

on it got broken into pieces

1179

00:59:00,900 --> 00:58:58,099

maybe poor man who sees Russia as its

1180

00:59:05,969 --> 00:59:00,910

center because he's a Russian himself

1181

00:59:08,499 --> 00:59:05,979

but in reality pieces of it fought

1182

00:59:12,670 --> 00:59:08,509

became independent and the different

1183

00:59:15,999 --> 00:59:12,680

names some of them were in Patagonia in

1184

00:59:19,120 --> 00:59:16,009

a key opium certainly in Siberia were

1185

00:59:22,420 --> 00:59:19,130

some of them they were fighting longer

1186

00:59:26,279 --> 00:59:22,430

than the others but yes this this

1187

00:59:30,279 --> 00:59:26,289

country is some all all the maps it's

1188

00:59:36,390 --> 00:59:30,289

Flag is included in a number of medieval

1189

00:59:39,729 --> 00:59:36,400

lists of flags its Kings like the

1190

00:59:43,269 --> 00:59:39,739

dynasties of its Kings are described in

1191

00:59:46,229 --> 00:59:43,279

historic books there is no reason to

1192

00:59:49,799 --> 00:59:46,239

doubt that it was a country and yet it's

1193

00:59:54,640 --> 00:59:49,809

just the missing from game modern

1194

00:59:57,219 --> 00:59:54,650

history textbooks well that's that's so

1195

00:59:59,589 --> 00:59:57,229

fascinating I love that kind of mystery

1196

01:00:02,170 --> 00:59:59,599

I mean it does show that such a huge

1197

01:00:04,749 --> 01:00:02,180

thing can be covered up and just removed

1198

01:00:07,329 --> 01:00:04,759

from the culture entirely if they choose

1199

01:00:09,189 --> 01:00:07,339

to do that and I love also looking at

1200

01:00:12,339 --> 01:00:09,199

ancient maps we talked about several the

1201

01:00:14,079 --> 01:00:12,349

last time you were here but this is one

1202

01:00:18,069 --> 01:00:14,089

of the best ways to learn about missing

1203

01:00:22,630 --> 01:00:18,079

civilizations right yes and particularly

1204

01:00:25,719 --> 01:00:22,640

the maps of the sailors because the maps

1205

01:00:28,599 --> 01:00:25,729

that were on land they got mostly

1206

01:00:32,140 --> 01:00:28,609

destroyed during the Reformation but

1207

01:00:35,920 --> 01:00:32,150

because those who were carrying out the

1208

01:00:38,829 --> 01:00:35,930

cleanup had you know it's practically

1209

01:00:39,930 --> 01:00:38,839

difficult to go out in the season hunt

1210

01:00:45,990 --> 01:00:39,940

the

1211

01:00:49,710 --> 01:00:46,000

that's why ideal navigation maps are

1212

01:00:53,280 --> 01:00:49,720

most revealing and I was also gonna ask

1213

01:00:55,230 --> 01:00:53,290

you if you've looked at or if you've

1214

01:00:57,990 --> 01:00:55,240

heard of Friesland because I've had a

1215

01:01:01,110 --> 01:00:58,000

few guests who have shown me some maps

1216

01:01:03,270 --> 01:01:01,120

that have another landmass near Iceland

1217

01:01:05,880 --> 01:01:03,280

and Greenland that had cities mapped out

1218

01:01:07,770 --> 01:01:05,890

on it it had the capital on it and they

1219

01:01:08,870 --> 01:01:07,780

called it Friesland and it's just not

1220

01:01:14,610 --> 01:01:08,880

there anymore

1221

01:01:17,280 --> 01:01:14,620

please land yeah oh maybe you're not

1222

01:01:21,510 --> 01:01:17,290

familiar maybe that's a new IP maybe

1223

01:01:22,830 --> 01:01:21,520

I'll send you some links yes man I just

1224

01:01:25,020 --> 01:01:22,840

I really do love talking to you because

1225

01:01:26,490 --> 01:01:25,030

you're a real gateway between the

1226

01:01:28,500 --> 01:01:26,500

english-speaking world and a lot of

1227

01:01:31,050 --> 01:01:28,510

researchers that are kind of behind the

1228

01:01:34,680 --> 01:01:31,060

language barrier like flamenco to a some

1229

01:01:36,390 --> 01:01:34,690

degree and like cult happen and are

1230

01:01:38,040 --> 01:01:36,400

there other researchers like them that

1231

01:01:40,680 --> 01:01:38,050

don't reach American audiences that

1232

01:01:43,860 --> 01:01:40,690

you're deriving a lot of your research

1233

01:01:46,520 --> 01:01:43,870

from that you could tell us about yes

1234

01:01:51,450 --> 01:01:46,530

for example this boy Kuznetsov but that

1235

01:01:53,280 --> 01:01:51,460

discovered his tracks in near Darryl

1236

01:02:01,070 --> 01:01:53,290

Kuehl in the big u I published two days

1237

01:02:05,450 --> 01:02:01,080

ago he is he's very nice sooo bottom

1238

01:02:10,290 --> 01:02:05,460

Nikolay Subbotin he is also very very

1239

01:02:17,210 --> 01:02:10,300

cool and of course the king of all

1240

01:02:20,280 --> 01:02:17,220

Russian researchers is vadim chernobrov

1241

01:02:23,490 --> 01:02:20,290

so vadim chernobrov he is also very very

1242

01:02:25,650 --> 01:02:23,500

interesting probably the most famous in

1243

01:02:28,590 --> 01:02:25,660

russia but it's very strange

1244

01:02:33,390 --> 01:02:28,600

he makes expeditions and he does not

1245

01:02:38,430 --> 01:02:33,400

publish the results one needs to wait a

1246

01:02:41,490 --> 01:02:38,440

few years for some TV or radio interview

1247

01:02:44,460 --> 01:02:41,500

to hear about fantastic stuff and then a

1248

01:02:46,500 --> 01:02:44,470

couple of more years to get photos of it

1249

01:02:49,380 --> 01:02:46,510

because he does not publish any of the

1250

01:02:52,620 --> 01:02:49,390

photos on his website I often wonder

1251

01:02:54,840 --> 01:02:52,630

why's he doing all this research

1252

01:02:59,090 --> 01:02:54,850

but the things he discovers are really

1253

01:03:02,610 --> 01:02:59,100

fascinating and he's very very

1254

01:03:06,030 --> 01:03:02,620

meticulous in his study no speculation

1255

01:03:09,450 --> 01:03:06,040

no strange stuff he's really very good

1256

01:03:12,000 --> 01:03:09,460

but in Chernobyl interesting I will look

1257

01:03:14,010 --> 01:03:12,010

him up another thing that came up in the

1258

01:03:17,520 --> 01:03:14,020

coal t-pin interview and some of your

1259

01:03:19,530 --> 01:03:17,530

work is the idea of nonhumans living in

1260

01:03:22,650 --> 01:03:19,540

the past you found several structures

1261

01:03:23,730 --> 01:03:22,660

that seemed to have been elf castles at

1262

01:03:25,550 --> 01:03:23,740

least that's what you're referring to

1263

01:03:28,530 --> 01:03:25,560

them as right

1264

01:03:31,770 --> 01:03:28,540

yeah the elf castles now this is

1265

01:03:34,500 --> 01:03:31,780

interesting and New Deal castles taping

1266

01:03:37,350 --> 01:03:34,510

came up with his name because they look

1267

01:03:40,170 --> 01:03:37,360

a magical acid taken out from a fairy

1268

01:03:44,820 --> 01:03:40,180

tale but i think well actually they were

1269

01:03:47,700 --> 01:03:44,830

for humans now what is so in italy one

1270

01:03:49,830 --> 01:03:47,710

of these what I call layers of rock got

1271

01:03:54,210 --> 01:03:49,840

wings because they belong to several

1272

01:03:58,140 --> 01:03:54,220

groups one of them just out there in the

1273

01:04:01,110 --> 01:03:58,150

forest they look as it really elves

1274

01:04:04,260 --> 01:04:01,120

lived there they have a particular

1275

01:04:07,920 --> 01:04:04,270

flavor to them they're like secluded

1276

01:04:12,180 --> 01:04:07,930

usually just one or two rules with some

1277

01:04:16,470 --> 01:04:12,190

very strange tunnels next to them or on

1278

01:04:21,140 --> 01:04:16,480

the backside always with fantastic views

1279

01:04:27,360 --> 01:04:21,150

from the window and somewhat low

1280

01:04:29,640 --> 01:04:27,370

ceilings this the most cutest steps on

1281

01:04:32,280 --> 01:04:29,650

the side if you go there you will feel

1282

01:04:35,610 --> 01:04:32,290

as if you're in a fairy tale if I did

1283

01:04:38,490 --> 01:04:35,620

not have a group with me of people who

1284

01:04:42,480 --> 01:04:38,500

wanted to research history I would just

1285

01:04:45,900 --> 01:04:42,490

remain there and sing all and not go try

1286

01:04:49,710 --> 01:04:45,910

the Historic Site we did some of that on

1287

01:04:52,860 --> 01:04:49,720

singing in the isolated caves we had a

1288

01:04:57,330 --> 01:04:52,870

very good didgeridoo player in the group

1289

01:04:59,940 --> 01:04:57,340

it was truly magical and then when you

1290

01:05:03,900 --> 01:04:59,950

see this with the high trees around with

1291

01:05:06,020 --> 01:05:03,910

a Morita muscaria growing around just

1292

01:05:09,890 --> 01:05:06,030

the feeling was I have a surprise

1293

01:05:13,160 --> 01:05:09,900

is that one can a visitor fairytail real

1294

01:05:17,780 --> 01:05:13,170

one so near to Rome

1295

01:05:20,900 --> 01:05:17,790

and all this was found by our local

1296

01:05:22,610 --> 01:05:20,910

guide Simon who in the beginning who was

1297

01:05:29,060 --> 01:05:22,620

telling me that you will be disappointed

1298

01:05:31,730 --> 01:05:29,070

by the holes where we keep our shovels I

1299

01:05:34,250 --> 01:05:31,740

was also impressed by the cave of

1300

01:05:36,440 --> 01:05:34,260

swimmers in Egypt where there's some

1301

01:05:39,920 --> 01:05:36,450

curious rock art that depicts mermaids

1302

01:05:42,830 --> 01:05:39,930

it seems mm-hmm yeah that somebody

1303

01:05:47,480 --> 01:05:42,840

submitted that to the directory I'm not

1304

01:05:49,070 --> 01:05:47,490

surprised you also have a video talking

1305

01:05:52,580 --> 01:05:49,080

about while we're on the subject of

1306

01:05:55,070 --> 01:05:52,590

nonhumans Dwarves living in Siberia not

1307

01:05:57,410 --> 01:05:55,080

that long ago and the people used to

1308

01:05:58,850 --> 01:05:57,420

have regular communication and trade

1309

01:06:01,010 --> 01:05:58,860

with them apparently what can you tell

1310

01:06:05,360 --> 01:06:01,020

us about that that's pretty far out for

1311

01:06:11,090 --> 01:06:05,370

some people to hear I think yes when one

1312

01:06:14,360 --> 01:06:11,100

spends one slave in a matchbox then an

1313

01:06:18,970 --> 01:06:14,370

object like a car will seem so gigantic

1314

01:06:22,310 --> 01:06:18,980

that it will be like a fairy tale so

1315

01:06:27,280 --> 01:06:22,320

what else can I say I'm sure that's true

1316

01:06:31,430 --> 01:06:27,290

because I myself so tunnels in Spain in

1317

01:06:34,610 --> 01:06:31,440

Austria where people are not human no

1318

01:06:36,610 --> 01:06:34,620

it's it's no way you can pass through

1319

01:06:41,150 --> 01:06:36,620

what to speak of shoveling stone or

1320

01:06:44,750 --> 01:06:41,160

digging it well I don't know what to

1321

01:06:49,100 --> 01:06:44,760

recommend to people who cannot imagine

1322

01:06:52,910 --> 01:06:49,110

it just because it seems so weird for

1323

01:06:57,740 --> 01:06:52,920

them if they drink I ask 100 times that

1324

01:07:00,710 --> 01:06:57,750

may help I believe that but apparently

1325

01:07:02,780 --> 01:07:00,720

in this Siberian area you say in the

1326

01:07:06,350 --> 01:07:02,790

video that diplomatic connections

1327

01:07:09,250 --> 01:07:06,360

between the dwarves and the humans was

1328

01:07:11,360 --> 01:07:09,260

severed in the 18th century and

1329

01:07:13,040 --> 01:07:11,370

obviously before that we traded with

1330

01:07:14,810 --> 01:07:13,050

them we talked to them how do we know

1331

01:07:16,460 --> 01:07:14,820

that connection was set bird in the 18th

1332

01:07:19,640 --> 01:07:16,470

century is that from the local people

1333

01:07:22,990 --> 01:07:19,650

yeah that's from the local people

1334

01:07:27,860 --> 01:07:23,000

yeah that nothing and in the wild areas

1335

01:07:30,650 --> 01:07:27,870

these tribes shoot their couple of them

1336

01:07:35,060 --> 01:07:30,660

they're similar some of them were

1337

01:07:37,880 --> 01:07:35,070

dwarves some were people that when we

1338

01:07:40,550 --> 01:07:37,890

started going the technological way when

1339

01:07:43,850 --> 01:07:40,560

we started changing a lot some certain

1340

01:07:46,370 --> 01:07:43,860

groups of people decided not to go that

1341

01:07:50,810 --> 01:07:46,380

way but remain in the wild not to lose

1342

01:07:53,270 --> 01:07:50,820

their magical powers and they started

1343

01:07:57,800 --> 01:07:53,280

mixing with all these tribes that were

1344

01:08:00,080 --> 01:07:57,810

still doing magic so who lives still in

1345

01:08:02,740 --> 01:08:00,090

the tunnels we don't know but the source

1346

01:08:06,020 --> 01:08:02,750

of this information that diplomatic

1347

01:08:10,130 --> 01:08:06,030

relations so to see I mean just exchange

1348

01:08:12,680 --> 01:08:10,140

messages about trading metal stuff that

1349

01:08:15,560 --> 01:08:12,690

is from the local people yes definitely

1350

01:08:19,040 --> 01:08:15,570

and those who lead the more traditional

1351

01:08:22,520 --> 01:08:19,050

life in these areas still nowadays if

1352

01:08:25,370 --> 01:08:22,530

you ask them that these huge tribes and

1353

01:08:29,030 --> 01:08:25,380

others deserve worse but if you read

1354

01:08:31,220 --> 01:08:29,040

like mainstream books they will tell you

1355

01:08:34,340 --> 01:08:31,230

all this world normal people this won't

1356

01:08:36,800 --> 01:08:34,350

just deep ancestors of the people that

1357

01:08:38,690 --> 01:08:36,810

believe they are now but if you go to

1358

01:08:40,070 --> 01:08:38,700

the people that live there now they go

1359

01:08:43,540 --> 01:08:40,080

there we know these are the words

1360

01:08:48,380 --> 01:08:43,550

sometimes they kidnapped our children to

1361

01:08:50,510 --> 01:08:48,390

you know take them they don't even like

1362

01:08:53,500 --> 01:08:50,520

them very much if you offend it when

1363

01:08:57,950 --> 01:08:53,510

somebody suggests that these were their

1364

01:09:01,820 --> 01:08:57,960

ancestors no these are our enemies they

1365

01:09:05,000 --> 01:09:01,830

were they were doing magic on us and

1366

01:09:07,610 --> 01:09:05,010

things like that so that's interesting

1367

01:09:11,420 --> 01:09:07,620

do we know I guess we don't really know

1368

01:09:14,120 --> 01:09:11,430

exactly why the connection was severed

1369

01:09:17,510 --> 01:09:14,130

or do we have any of there any writing

1370

01:09:21,110 --> 01:09:17,520

or anything from them writing from the

1371

01:09:25,060 --> 01:09:21,120

dwarfs yeah no we don't have writing but

1372

01:09:29,120 --> 01:09:25,070

we have artifacts this kind of small

1373

01:09:31,700 --> 01:09:29,130

iron how you call them pieces about

1374

01:09:33,079 --> 01:09:31,710

right little figurines it looked like

1375

01:09:36,769 --> 01:09:33,089

well yeah if you go to

1376

01:09:38,510 --> 01:09:36,779

yeah that's all we are we do assume that

1377

01:09:42,499 --> 01:09:38,520

the dwarves are still alive somewhere

1378

01:09:46,519 --> 01:09:42,509

underground yes occasionally their

1379

01:09:50,439 --> 01:09:46,529

meetings recorded that they may talk to

1380

01:09:53,450 --> 01:09:50,449

people who for example hunters or some

1381

01:09:55,520 --> 01:09:53,460

strange tourists who venture in really

1382

01:09:57,770 --> 01:09:55,530

wild areas now and then they will meet

1383

01:10:00,470 --> 01:09:57,780

the dwarf I also thought it was

1384

01:10:03,260 --> 01:10:00,480

interesting that they say that they

1385

01:10:05,000 --> 01:10:03,270

found some copper areas and they started

1386

01:10:07,089 --> 01:10:05,010

developing copper mines and found out

1387

01:10:09,830 --> 01:10:07,099

that these mines had already been

1388

01:10:11,930 --> 01:10:09,840

excavated and and mined out a long time

1389

01:10:14,959 --> 01:10:11,940

ago probably by these dwarf

1390

01:10:18,350 --> 01:10:14,969

civilizations yeah that's what triggered

1391

01:10:21,260 --> 01:10:18,360

this actually scientific expeditions in

1392

01:10:23,450 --> 01:10:21,270

Russia to Siberia when they started

1393

01:10:27,620 --> 01:10:23,460

developing their metal industry in the

1394

01:10:31,359 --> 01:10:27,630

regions the or places were all already

1395

01:10:33,770 --> 01:10:31,369

opened and so they gathered the best

1396

01:10:36,830 --> 01:10:33,780

scientists at that time in Russian

1397

01:10:39,680 --> 01:10:36,840

sentiment couple of expeditions to find

1398

01:10:42,950 --> 01:10:39,690

out what's going on there so they went

1399

01:10:47,330 --> 01:10:42,960

and found out and wrote their reports

1400

01:10:49,609 --> 01:10:47,340

and unfortunately this reports are still

1401

01:10:52,160 --> 01:10:49,619

available in some Russian universities

1402

01:10:56,300 --> 01:10:52,170

they are not taught as part of history

1403

01:10:58,370 --> 01:10:56,310

but some students fortunately had access

1404

01:11:02,990 --> 01:10:58,380

to them could read them and that's how

1405

01:11:04,399 --> 01:11:03,000

we could find out about them yeah I find

1406

01:11:06,200 --> 01:11:04,409

that stuff really interesting because

1407

01:11:08,270 --> 01:11:06,210

it's such evidence that somebody was

1408

01:11:10,339 --> 01:11:08,280

there before and that they were there

1409

01:11:11,930 --> 01:11:10,349

long enough ago that we don't even

1410

01:11:14,000 --> 01:11:11,940

remember it that it seems like

1411

01:11:15,589 --> 01:11:14,010

completely foreign to us and have you

1412

01:11:18,439 --> 01:11:15,599

found anything else in the way of

1413

01:11:19,910 --> 01:11:18,449

ancient quarry's or advanced mining

1414

01:11:22,399 --> 01:11:19,920

operations anything like that that

1415

01:11:24,350 --> 01:11:22,409

really seems like a big operation of

1416

01:11:28,250 --> 01:11:24,360

high technology from the past that

1417

01:11:30,919 --> 01:11:28,260

doesn't fit with the official story so

1418

01:11:34,339 --> 01:11:30,929

the best example the most applicable

1419

01:11:37,490 --> 01:11:34,349

site to this topic would be the long

1420

01:11:41,899 --> 01:11:37,500

view grottoes of China that's their

1421

01:11:46,970 --> 01:11:41,909

official name just a couple of mountain

1422

01:11:50,110 --> 01:11:46,980

peaks literally made hollow inside

1423

01:11:54,950 --> 01:11:50,120

the two marks on the walls are

1424

01:11:59,000 --> 01:11:54,960

one-to-one same as our modern heavy

1425

01:12:01,250 --> 01:11:59,010

equipment for mining and officially they

1426
01:12:02,000 --> 01:12:01,260
are declared the mystery so problem

1427
01:12:06,140 --> 01:12:02,010
solved

1428
01:12:10,640 --> 01:12:06,150
they're open for public access one can

1429
01:12:12,410 --> 01:12:10,650
visit them but that's it I know there's

1430
01:12:14,270 --> 01:12:12,420
a lot of people looking into the idea of

1431
01:12:16,310 --> 01:12:14,280
ancient quarries and stuff right now

1432
01:12:20,120 --> 01:12:16,320
I've had some people send me this video

1433
01:12:23,180 --> 01:12:20,130
that is trying to make the case that the

1434
01:12:26,180 --> 01:12:23,190
Grand Canyon is actually some ancient

1435
01:12:28,940 --> 01:12:26,190
mining operation and that's I don't know

1436
01:12:32,560 --> 01:12:28,950
about that one I don't know about the

1437
01:12:38,270 --> 01:12:32,570
Grand Canyon but what I found most

1438
01:12:44,770 --> 01:12:38,280

intriguing is this indeed Gulf of Mexico

1439

01:12:49,280 --> 01:12:44,780

those strange marks on the bottom of the

1440

01:12:51,320 --> 01:12:49,290

enclosed body of water I don't know if

1441

01:12:56,090 --> 01:12:51,330

you saw them there in one of the results

1442

01:13:01,340 --> 01:12:56,100

about what I call old earth ruins that

1443

01:13:06,320 --> 01:13:01,350

is the most convincing one because it's

1444

01:13:09,260 --> 01:13:06,330

on the bottom and we have under the

1445

01:13:10,910 --> 01:13:09,270

water else to say deep and the water and

1446

01:13:12,890 --> 01:13:10,920

that's pretty common - I mean pretty

1447

01:13:14,990 --> 01:13:12,900

much across the coastlines of every

1448

01:13:16,850 --> 01:13:15,000

major continent we can find something

1449

01:13:19,280 --> 01:13:16,860

that is right there under the water that

1450

01:13:22,310 --> 01:13:19,290

suggests that at a previous time there

1451

01:13:25,460 --> 01:13:22,320

was a civilization on the old coast that

1452

01:13:28,460 --> 01:13:25,470

was right there sure yeah yeah that's

1453

01:13:32,200 --> 01:13:28,470

pretty common so another thing that you

1454

01:13:35,680 --> 01:13:32,210

talk about fairly often is the idea that

1455

01:13:38,870 --> 01:13:35,690

before the parasites we were a much more

1456

01:13:41,630 --> 01:13:38,880

cohesive species you know there was we

1457

01:13:43,970 --> 01:13:41,640

were much more international and we had

1458

01:13:45,920 --> 01:13:43,980

the kind of communication and travel

1459

01:13:47,479 --> 01:13:45,930

that the mainstream says we didn't have

1460

01:13:49,940 --> 01:13:47,489

they say we were all just isolated

1461

01:13:51,410 --> 01:13:49,950

pockets and one piece of evidence that I

1462

01:13:54,560 --> 01:13:51,420

just recently heard about from your

1463

01:13:57,770 --> 01:13:54,570

videos is this runic writing that is

1464

01:14:00,500 --> 01:13:57,780

apparently found in Europe Asia Africa

1465

01:14:01,010 --> 01:14:00,510

and in the Americas to some extent you

1466

01:14:02,810 --> 01:14:01,020

say

1467

01:14:05,510 --> 01:14:02,820

officially labeled as independent

1468

01:14:07,910 --> 01:14:05,520

systems to hide our yet one big family

1469

01:14:09,920 --> 01:14:07,920

can you tell us anything more about this

1470

01:14:13,330 --> 01:14:09,930

seemingly universal language or these

1471

01:14:16,310 --> 01:14:13,340

these rune writings is runic writings

1472

01:14:19,430 --> 01:14:16,320

I'm not sure it doesn't really have an

1473

01:14:23,930 --> 01:14:19,440

official name in in terms of Pro runic

1474

01:14:28,520 --> 01:14:23,940

maybe it's three runic the closest name

1475

01:14:32,330 --> 01:14:28,530

that maybe some scholars try to put to

1476

01:14:36,530 --> 01:14:32,340

it is pre-sanskrit that's that would be

1477

01:14:40,280 --> 01:14:36,540

the key word for this type of writing it

1478

01:14:42,710 --> 01:14:40,290

predates the rooms the runes are similar

1479

01:14:43,670 --> 01:14:42,720

to it but a later development of it

1480

01:14:48,160 --> 01:14:43,680

indefinitely

1481

01:14:51,290 --> 01:14:48,170

I showed examples from Southeast Asia

1482

01:14:54,050 --> 01:14:51,300

definitely a lot of it in South and

1483

01:14:55,760 --> 01:14:54,060

North America of course tons of it in

1484

01:15:00,050 --> 01:14:55,770

Europe and the Middle East

1485

01:15:02,330 --> 01:15:00,060

these artifacts they are not secret I

1486

01:15:05,810 --> 01:15:02,340

switch their their existence is not

1487

01:15:09,410 --> 01:15:05,820

disputed they're found all over museums

1488

01:15:13,300 --> 01:15:09,420

and officially accepted historic sites

1489

01:15:15,860 --> 01:15:13,310

but simply nobody pays the pension that

1490

01:15:20,050 --> 01:15:15,870

we have the same writing all over the

1491

01:15:23,180 --> 01:15:20,060

place how come yeah that's the mystery

1492

01:15:26,240 --> 01:15:23,190

but finding that I mean that really does

1493

01:15:29,900 --> 01:15:26,250

help give credibility to this idea of a

1494

01:15:31,910 --> 01:15:29,910

unified peaceful past before a parasitic

1495

01:15:33,830 --> 01:15:31,920

invasion and the Reformation period got

1496

01:15:36,130 --> 01:15:33,840

us all out of whack so hearing about

1497

01:15:39,920 --> 01:15:36,140

that it only strengthens the case

1498

01:15:44,750 --> 01:15:39,930

interestingly enough similar type of

1499

01:15:49,910 --> 01:15:44,760

writing shot on the underwater video

1500

01:15:53,800 --> 01:15:49,920

cams that were filming the Pyramid of

1501
01:15:58,760 --> 01:15:53,810
the coast of Cuba that is some 60 meters

1502
01:16:02,090 --> 01:15:58,770
below sea level and I found an interview

1503
01:16:05,660 --> 01:16:02,100
that was taken from the archaeologists

1504
01:16:09,740 --> 01:16:05,670
that were conducting the research and

1505
01:16:12,800 --> 01:16:09,750
the interview was taken when this

1506
01:16:14,780 --> 01:16:12,810
writing was first spotted at that time

1507
01:16:19,910 --> 01:16:14,790
they were already talking about

1508
01:16:23,060 --> 01:16:19,920
similarities to various ancient European

1509
01:16:28,160 --> 01:16:23,070
alphabets and so on and connecting with

1510
01:16:32,030 --> 01:16:28,170
the various experts in languages in old

1511
01:16:34,610 --> 01:16:32,040
languages but then in the interviews

1512
01:16:38,780 --> 01:16:34,620
that were taken from them the subsequent

1513
01:16:43,040 --> 01:16:38,790

years they would deny answering

1514

01:16:47,420 --> 01:16:43,050

questions about this writing they would

1515

01:16:49,850 --> 01:16:47,430

just skip the answers and when pressed

1516

01:16:52,960 --> 01:16:49,860

harder they would say the waters were

1517

01:16:56,450 --> 01:16:52,970

murky we don't know who what was it

1518

01:16:59,210 --> 01:16:56,460

mm-hmm it's exciting to tell you the

1519

01:17:01,790 --> 01:16:59,220

truth and as we're getting ready to wrap

1520

01:17:04,370 --> 01:17:01,800

this up I do love the crowdsourcing

1521

01:17:06,830 --> 01:17:04,380

approach that you take at megaliths org

1522

01:17:08,750 --> 01:17:06,840

and you've helped me out so much by

1523

01:17:11,210 --> 01:17:08,760

coming on the show helping with the

1524

01:17:13,520 --> 01:17:11,220

Alexander colt if in that episode I'd

1525

01:17:15,920 --> 01:17:13,530

love to see the audience get involved in

1526

01:17:18,560 --> 01:17:15,930

this project and help you document

1527

01:17:20,060 --> 01:17:18,570

things that they might be near so maybe

1528

01:17:22,910 --> 01:17:20,070

tell the listeners how can people

1529

01:17:24,440 --> 01:17:22,920

contribute to extending this catalog of

1530

01:17:26,140 --> 01:17:24,450

ancient sites that you're working on at

1531

01:17:29,660 --> 01:17:26,150

megaliths org

1532

01:17:32,270 --> 01:17:29,670

yes definitely just submit new sites

1533

01:17:36,410 --> 01:17:32,280

it's very easy it's very easy submission

1534

01:17:38,750 --> 01:17:36,420

form of very small and yeah this is much

1535

01:17:42,380 --> 01:17:38,760

appreciated because it takes a long time

1536

01:17:46,430 --> 01:17:42,390

I have many sites on the pile I just can

1537

01:17:49,190 --> 01:17:46,440

submit them because I have garden also I

1538

01:17:52,340 --> 01:17:49,200

have to do videos mm-hmm and things like

1539

01:17:55,220 --> 01:17:52,350

that I'm submitting maybe half of them

1540

01:17:57,350 --> 01:17:55,230

the rest is user submitted I was

1541

01:17:59,300 --> 01:17:57,360

expecting that people will be much more

1542

01:18:03,290 --> 01:17:59,310

active unfortunately they are not as

1543

01:18:06,110 --> 01:18:03,300

active as I expect now I'm planning to

1544

01:18:09,790 --> 01:18:06,120

make some videos available only for

1545

01:18:12,170 --> 01:18:09,800

those who submit sites let's see if

1546

01:18:14,480 --> 01:18:12,180

that's what you got to do that's what

1547

01:18:16,880 --> 01:18:14,490

you got to do but I love it and I will

1548

01:18:20,060 --> 01:18:16,890

say also I'll back you up and say that

1549

01:18:23,900 --> 01:18:20,070

the Megalosaurus aiiight is the best

1550

01:18:25,610 --> 01:18:23,910

catalog I've seen of ancient sites I

1551

01:18:27,560 --> 01:18:25,620

mean you have so many different things

1552

01:18:28,260 --> 01:18:27,570

I've never heard of and we can talk

1553

01:18:30,360 --> 01:18:28,270

about it all

1554

01:18:32,550 --> 01:18:30,370

but you've got to see the pictures for

1555

01:18:35,430 --> 01:18:32,560

them to really resonate and you also

1556

01:18:39,570 --> 01:18:35,440

have a section on the website that lists

1557

01:18:41,850 --> 01:18:39,580

sites that you're looking for more

1558

01:18:43,770 --> 01:18:41,860

photographic evidence of you have them

1559

01:18:46,530 --> 01:18:43,780

you know they exist but you don't have

1560

01:18:48,180 --> 01:18:46,540

the real person on the ground taking the

1561

01:18:50,280 --> 01:18:48,190

photos and submitting them and that

1562

01:18:52,160 --> 01:18:50,290

would be a good place to start for

1563

01:18:54,720 --> 01:18:52,170

people if you just look at the list of

1564

01:18:57,120 --> 01:18:54,730

sites that you're still looking for

1565

01:18:58,830 --> 01:18:57,130

photos of and they might find on the map

1566

01:19:01,620 --> 01:18:58,840

that they're near three or four of them

1567

01:19:03,270 --> 01:19:01,630

I even I did that would be the place to

1568

01:19:05,280 --> 01:19:03,280

start and that's how someone could

1569

01:19:08,790 --> 01:19:05,290

contribute to what I think is pretty

1570

01:19:11,670 --> 01:19:08,800

amazing work yes thank you that that I

1571

01:19:13,620 --> 01:19:11,680

should have mentioned that takes them no

1572

01:19:15,510 --> 01:19:13,630

worries and I also want to see other

1573

01:19:17,400 --> 01:19:15,520

places where it was the next expedition

1574

01:19:18,840 --> 01:19:17,410

outside of Italy now that you've been

1575

01:19:21,540 --> 01:19:18,850

there is there another place you have in

1576

01:19:26,190 --> 01:19:21,550

mind for the future yes in December I

1577

01:19:29,670 --> 01:19:26,200

plan to go to Malta and in spring I want

1578

01:19:33,180 --> 01:19:29,680

to go to Italy again and Spain again and

1579

01:19:36,180 --> 01:19:33,190

maybe Turkey if it is peaceful and I

1580

01:19:38,340 --> 01:19:36,190

don't know if I can do all that mm-hmm

1581

01:19:42,150 --> 01:19:38,350

Malta is definitely fascinating land of

1582

01:19:44,820 --> 01:19:42,160

giants they said and most importantly I

1583

01:19:48,420 --> 01:19:44,830

hope this winter to go to the

1584

01:19:52,620 --> 01:19:48,430

Philippines and meet in person those

1585

01:19:53,730 --> 01:19:52,630

famous surgeons that make surgery with

1586

01:19:55,650 --> 01:19:53,740

their hands

1587

01:20:00,240 --> 01:19:55,660

you know they penetrate into your body

1588

01:20:03,420 --> 01:20:00,250

and take out things from inside just

1589

01:20:07,670 --> 01:20:03,430

with their psychic powers so that will

1590

01:20:12,090 --> 01:20:07,680

be the next adventure after Malta

1591

01:20:14,160 --> 01:20:12,100

very exciting Wow well Sylvia I always

1592

01:20:15,870 --> 01:20:14,170

learned so much from talking with you

1593

01:20:17,370 --> 01:20:15,880

and keeping up with your videos there's

1594

01:20:18,840 --> 01:20:17,380

so much we didn't get to talk about but

1595

01:20:21,510 --> 01:20:18,850

there's only so many hours in the day so

1596

01:20:24,860 --> 01:20:21,520

thanks again do you have any last words

1597

01:20:30,030 --> 01:20:24,870

for the people before we go yes the main

1598

01:20:33,420 --> 01:20:30,040

reason for which I make my videos is to

1599

01:20:36,990 --> 01:20:33,430

inspire people to develop their magical

1600

01:20:40,350 --> 01:20:37,000

powers fair enough so hopefully people

1601
01:20:41,600 --> 01:20:40,360
will get working on that awesome well

1602
01:20:43,490 --> 01:20:41,610
check out Sylvia is new

1603
01:20:46,070 --> 01:20:43,500
earth YouTube channel and the amazing

1604
01:20:47,900 --> 01:20:46,080
resources megaliths org and hopefully we

1605
01:20:50,030 --> 01:20:47,910
can talk again down the line take care

1606
01:20:53,870 --> 01:20:50,040
of yourself out there thank you very

1607
01:20:56,270 --> 01:20:53,880
much and have a nice evening there we go

1608
01:20:58,010 --> 01:20:56,280
isn't she great sometimes it's a bit

1609
01:20:59,930 --> 01:20:58,020
hard to catch the names of some of these

1610
01:21:02,150 --> 01:20:59,940
places in a way that you can find them

1611
01:21:04,280 --> 01:21:02,160
online but we're gonna try to do you

1612
01:21:06,620 --> 01:21:04,290
justice in the show notes I promise I

1613
01:21:08,480 --> 01:21:06,630

just love this idea that our current

1614

01:21:10,610 --> 01:21:08,490

system of control is really only a few

1615

01:21:12,830 --> 01:21:10,620

generations old and I think she can make

1616

01:21:14,510 --> 01:21:12,840

a pretty good case for it I really think

1617

01:21:17,210 --> 01:21:14,520

the fact that Isaac Newton wrote a book

1618

01:21:18,980 --> 01:21:17,220

on this very thing is something that

1619

01:21:21,290 --> 01:21:18,990

should give anyone pause before they

1620

01:21:23,810 --> 01:21:21,300

dismiss it outright it's a wild thought

1621

01:21:26,300 --> 01:21:23,820

exercise also I know it's hard to

1622

01:21:28,460 --> 01:21:26,310

reconcile the story in your head to

1623

01:21:30,740 --> 01:21:28,470

rethink about how much weathering and

1624

01:21:32,690 --> 01:21:30,750

erosion really do affect these megaliths

1625

01:21:34,040 --> 01:21:32,700

and I haven't thought about this in a

1626

01:21:36,230 --> 01:21:34,050

long time but let me tell you a little

1627

01:21:38,120 --> 01:21:36,240

something about erosion growing up I

1628

01:21:40,580 --> 01:21:38,130

used to love going out to my cousin's

1629

01:21:42,740 --> 01:21:40,590

house in Chicago Joliet to be specific

1630

01:21:46,070 --> 01:21:42,750

but behind his house was a decent sized

1631

01:21:49,100 --> 01:21:46,080

yard and then a two-lane road a median a

1632

01:21:52,280 --> 01:21:49,110

couple extra feet a concrete divider and

1633

01:21:55,670 --> 01:21:52,290

then a massive cliff with a river down

1634

01:21:57,380 --> 01:21:55,680

like 15-20 stories a fun place for kids

1635

01:22:00,410 --> 01:21:57,390

to throw rocks and fireworks and stuff

1636

01:22:02,090 --> 01:22:00,420

and over the course of just the 20 or so

1637

01:22:04,670 --> 01:22:02,100

years I'd been going there first the

1638

01:22:06,500 --> 01:22:04,680

erosion works right up to that road then

1639

01:22:08,450 --> 01:22:06,510

it took half of that and became a one

1640

01:22:11,060 --> 01:22:08,460

lane road then it took the other half

1641

01:22:14,630 --> 01:22:11,070

and just left the little median then it

1642

01:22:17,030 --> 01:22:14,640

took that and last I saw it had worked

1643

01:22:18,740 --> 01:22:17,040

right up to the backyard and they had to

1644

01:22:20,630 --> 01:22:18,750

build a big fence there and I know

1645

01:22:23,210 --> 01:22:20,640

there's like many different types of

1646

01:22:26,540 --> 01:22:23,220

erosion and it's not all the same thing

1647

01:22:29,360 --> 01:22:26,550

but that's just one example of things

1648

01:22:32,150 --> 01:22:29,370

moving pretty quickly like that house

1649

01:22:33,830 --> 01:22:32,160

probably won't be there in 50 years and

1650

01:22:36,530 --> 01:22:33,840

have you ever seen that show life after

1651
01:22:38,180 --> 01:22:36,540
people granted our construction now is

1652
01:22:40,310 --> 01:22:38,190
nothing like it was but they talked

1653
01:22:43,010 --> 01:22:40,320
about how after just a few decades

1654
01:22:44,720 --> 01:22:43,020
everything would be wild it over we saw

1655
01:22:47,300 --> 01:22:44,730
what the Rockefellers did in a much more

1656
01:22:49,190 --> 01:22:47,310
modern age with prohibition got everyone

1657
01:22:50,030 --> 01:22:49,200
to forget alcohol was a viable fuel in

1658
01:22:51,860 --> 01:22:50,040
just 10 years

1659
01:22:54,410 --> 01:22:51,870
what could you make indigenous people

1660
01:22:55,610 --> 01:22:54,420
forget about their traditions and ways

1661
01:22:57,680 --> 01:22:55,620
of life and sake

1662
01:23:00,440 --> 01:22:57,690
sites when you impress them with your

1663
01:23:02,900 --> 01:23:00,450

ships and guns and armor and of course

1664

01:23:05,090 --> 01:23:02,910

one of the first things they create is a

1665

01:23:08,360 --> 01:23:05,100

school to reteach you things to

1666

01:23:10,790 --> 01:23:08,370

whitewash your history so to speak I can

1667

01:23:13,220 --> 01:23:10,800

imagine it being so easy to get caught

1668

01:23:14,420 --> 01:23:13,230

up in and then the jungle reclaims those

1669

01:23:16,130 --> 01:23:14,430

sacred sites and when they're

1670

01:23:18,050 --> 01:23:16,140

rediscovered the experts say oh those

1671

01:23:19,460 --> 01:23:18,060

are thousands of years old and that's

1672

01:23:21,650 --> 01:23:19,470

just some primitive stuff you don't need

1673

01:23:23,060 --> 01:23:21,660

to worry about that because that's the

1674

01:23:25,070 --> 01:23:23,070

narrative they were taught to

1675

01:23:27,740 --> 01:23:25,080

regurgitate to get their degrees they

1676

01:23:30,080 --> 01:23:27,750

don't really know it's interesting I

1677

01:23:31,340 --> 01:23:30,090

think there are more learned people than

1678

01:23:33,350 --> 01:23:31,350

I were probably pulling their hair out

1679

01:23:35,780 --> 01:23:33,360

listening to me ramble like this as if

1680

01:23:37,940 --> 01:23:35,790

it's in any way scientific but isn't it

1681

01:23:40,040 --> 01:23:37,950

worth a look time is just so crazy

1682

01:23:43,520 --> 01:23:40,050

because even the official history says

1683

01:23:46,850 --> 01:23:43,530

the Holy Roman Empire ended in what year

1684

01:23:50,150 --> 01:23:46,860

would you think would you guess 1806 I

1685

01:23:52,130 --> 01:23:50,160

mean that sounds so recent to me it's a

1686

01:23:53,630 --> 01:23:52,140

lot to ponder to say these megaliths are

1687

01:23:56,270 --> 01:23:53,640

only a couple hundred years old in some

1688

01:23:57,800 --> 01:23:56,280

cases does seem pretty radical but it

1689

01:23:59,450 --> 01:23:57,810

was only a hundred and eighty years ago

1690

01:24:01,370 --> 01:23:59,460

we were getting typhoid fever on the

1691

01:24:03,590 --> 01:24:01,380

organ trail now we have self-driving

1692

01:24:07,160 --> 01:24:03,600

Tesla's and smart phones just a hundred

1693

01:24:09,080 --> 01:24:07,170

and eighty years later but even just

1694

01:24:11,300 --> 01:24:09,090

then just saying it didn't sound right I

1695

01:24:14,660 --> 01:24:11,310

had to go look it up but if you do it

1696

01:24:17,120 --> 01:24:14,670

says from 1811 to 1840 is when the

1697

01:24:18,770 --> 01:24:17,130

Oregon Trail was laid down by traders

1698

01:24:21,980 --> 01:24:18,780

and fur trappers and when it comes to

1699

01:24:24,950 --> 01:24:21,990

the wagon trains that started in 1830

1700

01:24:26,480 --> 01:24:24,960

six hundred and eighty years ago and if

1701

01:24:29,150 --> 01:24:26,490

America was founded right around the

1702

01:24:30,860 --> 01:24:29,160

same time as the big manipulation and

1703

01:24:33,920 --> 01:24:30,870

Europe's history was altered at that

1704

01:24:36,710 --> 01:24:33,930

point I see why so VA says anything

1705

01:24:39,920 --> 01:24:36,720

before that is suspect think of the

1706

01:24:41,540 --> 01:24:39,930

conquistadors and Napoleon as missions

1707

01:24:43,850 --> 01:24:41,550

to wipe everyone out and rewrite history

1708

01:24:44,600 --> 01:24:43,860

taking basically full control of the

1709

01:24:46,670 --> 01:24:44,610

Western world

1710

01:24:48,200 --> 01:24:46,680

I mean I'm painting with a pretty broad

1711

01:24:50,590 --> 01:24:48,210

brush and they're supposed to be about

1712

01:24:52,790 --> 01:24:50,600

four hundred years between those things

1713

01:24:56,420 --> 01:24:52,800

but I just think there's something to

1714

01:24:58,280 --> 01:24:56,430

this I'm running with it I'm not a flat

1715

01:25:01,040 --> 01:24:58,290

earther but when someone says that that

1716

01:25:03,770 --> 01:25:01,050

idea is too big for them to have drilled

1717

01:25:06,590 --> 01:25:03,780

into everyone's heads I'm not so sure it

1718

01:25:09,320 --> 01:25:06,600

would be because I'm not a monotheistic

1719

01:25:11,990 --> 01:25:09,330

so I see that is something old

1720

01:25:15,500 --> 01:25:12,000

he's crafted attacks the competition and

1721

01:25:18,020 --> 01:25:15,510

it spread pretty damn far that's like a

1722

01:25:20,120 --> 01:25:18,030

fact so what else could they have made

1723

01:25:23,480 --> 01:25:20,130

up or manipulated in areas of science

1724

01:25:25,490 --> 01:25:23,490

and areas of history in medicine vatican

1725

01:25:27,620 --> 01:25:25,500

monks wrote most of our chronology and

1726

01:25:30,200 --> 01:25:27,630

vatican astronomers gave us the big bang

1727

01:25:32,630 --> 01:25:30,210

theory are these people to be trusted I

1728

01:25:34,880 --> 01:25:32,640

also find it interesting when Silvia

1729

01:25:36,800 --> 01:25:34,890

brings up the Incas the fact that we

1730

01:25:38,330 --> 01:25:36,810

don't really know anything about him she

1731

01:25:40,190 --> 01:25:38,340

noted that the records from the

1732

01:25:42,560 --> 01:25:40,200

conquistadors are sealed I think that's

1733

01:25:45,230 --> 01:25:42,570

pretty interesting there's probably so

1734

01:25:47,210 --> 01:25:45,240

much in those documents I would love to

1735

01:25:49,490 --> 01:25:47,220

know because another great point is that

1736

01:25:51,110 --> 01:25:49,500

we have these elongated skulls and they

1737

01:25:52,880 --> 01:25:51,120

do look like they're in pretty good

1738

01:25:54,980 --> 01:25:52,890

shape the ones I've seen I mean I'm no

1739

01:25:57,620 --> 01:25:54,990

expert I couldn't try to date them

1740

01:25:59,540 --> 01:25:57,630

accurately but these stories of giants

1741

01:26:02,480 --> 01:25:59,550

and other beings how old are they really

1742

01:26:03,890 --> 01:26:02,490

how do they fit into the story I don't

1743

01:26:06,350 --> 01:26:03,900

know maybe it's just the nature of

1744

01:26:08,420 --> 01:26:06,360

things for Big Ideas to be traced back

1745

01:26:10,220 --> 01:26:08,430

to only a few people but in so many

1746

01:26:12,860 --> 01:26:10,230

areas I think that leaves room for

1747

01:26:15,470 --> 01:26:12,870

manipulation and it makes me really

1748

01:26:17,090 --> 01:26:15,480

skeptical some might even say paranoid

1749

01:26:19,550 --> 01:26:17,100

but so be it

1750

01:26:21,650 --> 01:26:19,560

and of course I always talk to my guests

1751
01:26:23,570 --> 01:26:21,660
longer for members who support the show

1752
01:26:25,250 --> 01:26:23,580
and today is no different in the second

1753
01:26:27,830 --> 01:26:25,260
hour we talked about a lot of great

1754
01:26:29,750 --> 01:26:27,840
stuff a little about phantom lands and

1755
01:26:31,250 --> 01:26:29,760
cultures that have been scrubbed from

1756
01:26:34,310 --> 01:26:31,260
mainstream history but can still be

1757
01:26:36,560 --> 01:26:34,320
found on some old maps other researchers

1758
01:26:39,230 --> 01:26:36,570
that she has synthesized that don't

1759
01:26:41,570 --> 01:26:39,240
reach American audiences that often the

1760
01:26:43,280 --> 01:26:41,580
gregoriancalendar manipulation her

1761
01:26:45,620 --> 01:26:43,290
near-death experience in ayahuasca

1762
01:26:47,480 --> 01:26:45,630
journeys and a really great summary of

1763
01:26:49,310 --> 01:26:47,490

the predictions of several seers and

1764

01:26:52,220 --> 01:26:49,320

prophets that don't get told in English

1765

01:26:53,750 --> 01:26:52,230

all that often all good stuff so sign up

1766

01:26:57,680 --> 01:26:53,760

for 5 bucks a month you get the full

1767

01:26:59,600 --> 01:26:57,690

archive free downloads of THD music you

1768

01:27:02,990 --> 01:26:59,610

can unlock the plus portion of the

1769

01:27:04,670 --> 01:27:03,000

iPhone app the THC has the videos from

1770

01:27:07,130 --> 01:27:04,680

my our mania trip with Graham Hancock

1771

01:27:09,740 --> 01:27:07,140

that I'm still working on and the forum

1772

01:27:11,930 --> 01:27:09,750

of course and guys I know I've neglected

1773

01:27:14,660 --> 01:27:11,940

the forum a little bit specifically the

1774

01:27:17,120 --> 01:27:14,670

introduction thread but for some reason

1775

01:27:19,370 --> 01:27:17,130

my login because it's the administrators

1776

01:27:21,380 --> 01:27:19,380

is not jiving all that well with the

1777

01:27:22,649 --> 01:27:21,390

forum login but I'm going to be

1778

01:27:24,209 --> 01:27:22,659

purchasing a new

1779

01:27:26,189 --> 01:27:24,219

forum really soon a better

1780

01:27:29,040 --> 01:27:26,199

infrastructure a pretty robust and

1781

01:27:31,469 --> 01:27:29,050

professional forum it's gonna cost me a

1782

01:27:32,969 --> 01:27:31,479

couple hundred bucks a year but we're

1783

01:27:34,770 --> 01:27:32,979

bringing quality to the world of

1784

01:27:37,500 --> 01:27:34,780

conspiracy something that it has

1785

01:27:39,149 --> 01:27:37,510

historically lacked and speaking of

1786

01:27:41,609 --> 01:27:39,159

quality check out the higher side

1787

01:27:44,159 --> 01:27:41,619

clothing com4 great designs based off

1788

01:27:46,500 --> 01:27:44,169

your favorite THC episodes we got owls

1789

01:27:50,339 --> 01:27:46,510

fightin spiders jpmorgan blowing up the

1790

01:27:52,409 --> 01:27:50,349

Titanic Baphomet archons quality all day

1791

01:27:54,479 --> 01:27:52,419

I'm telling you I have a hard time

1792

01:27:56,909 --> 01:27:54,489

playing the salesmen without kind of

1793

01:27:58,770 --> 01:27:56,919

mocking it but it is what makes my world

1794

01:27:59,370 --> 01:27:58,780

go round and I appreciate all the

1795

01:28:01,290 --> 01:27:59,380

support

1796

01:28:03,629 --> 01:28:01,300

big thanks to Sylvia the extra clips

1797

01:28:04,770 --> 01:28:03,639

were also very much appreciated I think

1798

01:28:07,560 --> 01:28:04,780

so I'm sure you'd agree

1799

01:28:10,560 --> 01:28:07,570

check out her megaliths org to see a

1800

01:28:12,750 --> 01:28:10,570

super robust catalog of sites and click

1801
01:28:14,429 --> 01:28:12,760
on the map to find areas near you that

1802
01:28:17,159 --> 01:28:14,439
she would love some better reference

1803
01:28:18,899 --> 01:28:17,169
photos for she's been good to us so

1804
01:28:20,189 --> 01:28:18,909
let's try to repay that favor and

1805
01:28:22,560 --> 01:28:20,199
actually contribute to something

1806
01:28:24,750 --> 01:28:22,570
important that's it for me folks

1807
01:28:27,739 --> 01:28:24,760
your move hackers of history killers of

1808
01:28:27,739 --> 01:28:32,490
cultures and manipulators of minds your

1809
01:28:47,660 --> 01:28:42,120
oh no you see no world isn't random it's

1810
01:28:54,600 --> 01:28:47,670
attached above our strength control over

1811
01:29:00,360 --> 01:28:54,610
everything a 95 is tribes still yeah now

1812
01:29:06,690 --> 01:29:00,370
don't that job seems silly hello can

1813
01:29:11,190 --> 01:29:06,700

hear me should i play recordings from

1814

01:29:20,510 --> 01:29:11,200

some spy agency wish we were younger

1815

01:29:25,100 --> 01:29:20,520

[Music]

1816

01:30:08,710 --> 01:29:25,110

there's such a difference between

1817

01:30:35,760 --> 01:30:29,810

[Music]

1818

01:30:39,780 --> 01:30:35,770

they're cartoons it's so typical of me

1819

01:30:45,010 --> 01:30:39,790

to talk about the stuff I'm sorry

1820

01:30:59,350 --> 01:30:50,209

did you ever hear argument the nothing

1821

01:31:18,430 --> 01:30:59,360

really happens it's no secret it's done

1822

01:33:14,330 --> 01:32:27,630

[Music]

1823

01:33:18,240 --> 01:33:16,650

hey guys thanks for listening to the

1824

01:33:20,580 --> 01:33:18,250

first hour of the higher side chats

1825

01:33:22,620 --> 01:33:20,590

podcast with me Greg Carl wood if you

1826

01:33:25,020 --> 01:33:22,630

don't know there is a second hour to all

1827

01:33:26,700 --> 01:33:25,030

the episodes we do around here generally

1828

01:33:28,440 --> 01:33:26,710

we're able to get a lot deeper into the

1829

01:33:30,450 --> 01:33:28,450

topics and ideas that a guest is about

1830

01:33:33,570 --> 01:33:30,460

so if you enjoyed what you've heard from

1831

01:33:35,790 --> 01:33:33,580

THC for free consider signing up at the

1832

01:33:37,740 --> 01:33:35,800

higher side chats plus com to get the

1833

01:33:40,080 --> 01:33:37,750

second hour of the 5 shows I put

1834

01:33:41,970 --> 01:33:40,090

together each month I never really

1835

01:33:43,680 --> 01:33:41,980

wanted to be a paid subscriber podcast

1836

01:33:45,690 --> 01:33:43,690

but I really hate the idea of spending

1837

01:33:47,790 --> 01:33:45,700

airtime promoting some product that's

1838

01:33:49,440 --> 01:33:47,800

completely unrelated and telling you the

1839

01:33:52,230 --> 01:33:49,450

best way to support the show is to buy

1840

01:33:54,120 --> 01:33:52,240

an audio book or new underwear by mail

1841

01:33:56,430 --> 01:33:54,130

or something crazy like that so instead

1842

01:33:58,050 --> 01:33:56,440

if you like the show double your time

1843

01:34:00,150 --> 01:33:58,060

with it for five bucks a month and let's

1844

01:34:01,800 --> 01:34:00,160

cut out all the other it's half the

1845

01:34:03,570 --> 01:34:01,810

price of a movie ticket and you get at

1846

01:34:06,180 --> 01:34:03,580

least an extra five hours of show a

1847

01:34:07,980 --> 01:34:06,190

month collectively it keeps us stable

1848

01:34:09,570 --> 01:34:07,990

and it frees me from wasting your time

1849

01:34:12,120 --> 01:34:09,580

with anything but the show you came to

1850

01:34:14,100 --> 01:34:12,130

listen to it's really the only way for

1851

01:34:15,900 --> 01:34:14,110

an independent one-man show to make it

1852

01:34:18,150 --> 01:34:15,910

and I do what I can so that it's worth

1853

01:34:20,130 --> 01:34:18,160

your while since we started this I've

1854

01:34:22,140 --> 01:34:20,140

always tried to use the subscriptions to

1855

01:34:24,690 --> 01:34:22,150

improve the podcast and make signups

1856

01:34:26,610 --> 01:34:24,700

more advantageous it started with just a

1857

01:34:28,290 --> 01:34:26,620

second hour for the main show but now

1858

01:34:30,330 --> 01:34:28,300

we've got a nice forum going where

1859

01:34:32,070 --> 01:34:30,340

people can get deeper in conversation

1860

01:34:34,950 --> 01:34:32,080

about the episodes with other listeners

1861

01:34:37,200 --> 01:34:34,960

submit a candidate in the guest request

1862

01:34:38,700 --> 01:34:37,210

thread or share their own personal

1863

01:34:40,980 --> 01:34:38,710

projects to get out of the soul-crushing

1864

01:34:43,560 --> 01:34:40,990

nine-to-five cog in the wheel life on

1865

01:34:45,000 --> 01:34:43,570

the entrepreneurs thread the forum in

1866

01:34:46,920 --> 01:34:45,010

the Plus comments they're always the

1867

01:34:49,170 --> 01:34:46,930

first places I try to go for listener

1868

01:34:51,540 --> 01:34:49,180

engagement but it does get harder as the

1869

01:34:53,400 --> 01:34:51,550

show gets more popular because of that

1870

01:34:54,870 --> 01:34:53,410

there's also a direct messaging feature

1871

01:34:57,690 --> 01:34:54,880

that you can use to reach me through the

1872

01:34:59,220 --> 01:34:57,700

plus site also but beyond the forum if

1873

01:35:01,500 --> 01:34:59,230

you like any of the music I've used for

1874

01:35:03,270 --> 01:35:01,510

THC most of it I've hired artists to

1875

01:35:05,520 --> 01:35:03,280

make and I provided all its free

1876

01:35:06,990 --> 01:35:05,530

downloads to plus members too so if you

1877

01:35:09,180 --> 01:35:07,000

like a particular song you've heard

1878

01:35:11,520 --> 01:35:09,190

close the show out recently come get the

1879

01:35:13,560 --> 01:35:11,530

mp3 I should also mention that if you

1880

01:35:15,900 --> 01:35:13,570

don't like the idea of paying \$5

1881

01:35:18,060 --> 01:35:15,910

recurring every month I get that you can

1882

01:35:20,430 --> 01:35:18,070

buy three months six months or a year

1883

01:35:22,170 --> 01:35:20,440

upfront and just be done with it I have

1884

01:35:24,720 --> 01:35:22,180

plenty of listeners who send checks and

1885

01:35:25,830 --> 01:35:24,730

money orders to the PIO box too I try to

1886

01:35:27,210 --> 01:35:25,840

make it as easy for pee

1887

01:35:29,490 --> 01:35:27,220

well as I can and you can read more

1888

01:35:31,890 --> 01:35:29,500

about it on the signup page also be sure

1889

01:35:33,630 --> 01:35:31,900

to check out the FAQ help page on the

1890

01:35:35,070 --> 01:35:33,640

plus site if you have any questions or

1891

01:35:37,110 --> 01:35:35,080

concerns about how to listen to a

1892

01:35:39,000 --> 01:35:37,120

password-protected show on your devices

1893

01:35:41,310 --> 01:35:39,010

I've highlighted a lot of great

1894

01:35:43,350 --> 01:35:41,320

solutions and one of those would be the

1895

01:35:45,870 --> 01:35:43,360

iPhone app that just recently hit the

1896

01:35:48,030 --> 01:35:45,880

Apple App Store a super kind and

1897

01:35:49,890 --> 01:35:48,040

talented listener made it for us and you

1898

01:35:52,050 --> 01:35:49,900

can use it to stream or download either

1899

01:35:55,020 --> 01:35:52,060

the free or the plus show if you're on

1900

01:35:56,580 --> 01:35:55,030

Android I'd use pocket casts or podcast

1901

01:35:59,160 --> 01:35:56,590

addict and subscribe to the feed

1902

01:36:01,860 --> 01:35:59,170

manually that way I also try to throw an

1903

01:36:03,870 --> 01:36:01,870

occasional bonus shows or QA shows and

1904

01:36:06,030 --> 01:36:03,880

I've got a few other weird ideas I might

1905

01:36:07,980 --> 01:36:06,040

get to try out soon but I give you all I

1906

01:36:09,660 --> 01:36:07,990

can for five bucks and I hope you'll at

1907

01:36:11,370 --> 01:36:09,670

least give it a shot if you've listened

1908

01:36:13,140 --> 01:36:11,380

to a few free shows and you find them

1909

01:36:14,910 --> 01:36:13,150

unique or valuable I know there's a lot

1910

01:36:17,070 --> 01:36:14,920

of podcasts out there and I'm just one

1911

01:36:18,900 --> 01:36:17,080

of them but if you have any questions

1912

01:36:20,430 --> 01:36:18,910

concerns or comments about any of this

1913

01:36:21,420 --> 01:36:20,440

please get in touch with us at the

1914

01:36:24,630 --> 01:36:21,430

higher side chats

1915

01:36:26,040 --> 01:36:24,640

team at gmail.com I also wanted to plug

1916

01:36:27,990 --> 01:36:26,050

the higher side newsletter I'm going to

1917

01:36:29,520 --> 01:36:28,000

be putting out totally free for anyone

1918

01:36:31,710 --> 01:36:29,530

who wants to sign up at the main

1919

01:36:34,410 --> 01:36:31,720

internet website for the show the higher

1920

01:36:36,210 --> 01:36:34,420

side chats comm you can also get on that

1921

01:36:38,070 --> 01:36:36,220

email list through the higher side chats

1922

01:36:40,050 --> 01:36:38,080

Facebook page there's a button there as

1923

01:36:42,330 --> 01:36:40,060

well but the reason I'm doing this is

1924

01:36:44,460 --> 01:36:42,340

because I get tons and tons of emails

1925

01:36:46,740 --> 01:36:44,470

after a show goes up asking me about how

1926

01:36:48,210 --> 01:36:46,750

I feel about a particular guest or topic

1927

01:36:50,280 --> 01:36:48,220

and the wrap-up isn't always the best

1928

01:36:52,110 --> 01:36:50,290

place to do that especially if I have

1929

01:36:54,210 --> 01:36:52,120

anything negative to say sometimes the

1930

01:36:55,830 --> 01:36:54,220

dust needs to settle sometimes they need

1931

01:36:58,200 --> 01:36:55,840

to hear feedback from you guys first

1932

01:37:00,090 --> 01:36:58,210

there are a lot of factors but I usually

1933

01:37:02,340 --> 01:37:00,100

have something to communicate to you and

1934

01:37:03,960 --> 01:37:02,350

I just don't get to do it so on the

1935

01:37:05,580 --> 01:37:03,970

first of the month I plan to send out a

1936

01:37:07,590 --> 01:37:05,590

little newsletter with my thoughts about

1937

01:37:09,510 --> 01:37:07,600

the five shows the previous month and

1938

01:37:12,210 --> 01:37:09,520

talk to you about anything else that's

1939

01:37:13,980 --> 01:37:12,220

on my mind or that's going on and what's

1940

01:37:15,750 --> 01:37:13,990

probably most enticing is that I'm gonna

1941

01:37:17,700 --> 01:37:15,760

give you some insight into at least one

1942

01:37:19,740 --> 01:37:17,710

guest I have coming up in the month

1943

01:37:21,750 --> 01:37:19,750

which people have been begging for some

1944

01:37:23,760 --> 01:37:21,760

posted schedule for a long time I

1945

01:37:25,350 --> 01:37:23,770

personally think I'd like the surprise

1946

01:37:27,390 --> 01:37:25,360

but sign up for the higher side

1947

01:37:28,740 --> 01:37:27,400

newsletter it's free it comes out on the

1948

01:37:30,630 --> 01:37:28,750

first of the month and I won't waste

1949

01:37:33,210 --> 01:37:30,640

your time with any other emails and

1950

01:37:35,310 --> 01:37:33,220

that's it I appreciate you listening I

1951

01:37:37,500 --> 01:37:35,320

try to give alternative ideas and guests

1952

01:37:39,750 --> 01:37:37,510

a fair shake on a high-quality podcast

1953

01:37:41,910 --> 01:37:39,760

expose some deep level

1954

01:37:43,620 --> 01:37:41,920

without the yelling and I hope to offer

1955

01:37:45,780 --> 01:37:43,630

some inspiration that even though the

1956

01:37:48,090 --> 01:37:45,790

system relentlessly suggests you should

1957

01:37:49,920 --> 01:37:48,100

follow their blueprint to mediocrity you

1958

01:37:52,229 --> 01:37:49,930

can do your own thing and live a much

1959

01:37:54,090 --> 01:37:52,239

happier life despite all the negativity
