00:00:00,610 --> 00:00:03,849

[Music]

2
00:00:10,190 --> 00:00:07,400

the planet surfing masters almost surely

3
00:00:12,890 --> 00:00:10,200

have a plan that's clearly maybe

4
00:00:15,980 --> 00:00:12,900

something near beyond the realm of man

5
00:00:19,640 --> 00:00:15,990

headaches irritability just every lap

6
00:00:23,090 --> 00:00:19,650

pool just upon the more you think you

7
00:00:27,670 --> 00:00:23,100

know that you really do that's true dr.

8
00:00:31,980 --> 00:00:27,680

Zaius uh where would we be without

9
00:00:33,340 --> 00:00:31,990

because we know he was

10
00:00:34,889 --> 00:00:33,350

[Music]

11
00:00:36,729 --> 00:00:34,899

where were we

12
00:00:40,110 --> 00:00:36,739

without me

13
00:00:42,470 --> 00:00:40,120

the highest tide

14

00:00:44,970 --> 00:00:42,480

let's call

15

00:00:47,010 --> 00:00:44,980

all right higher side shatters I think

16

00:00:48,959 --> 00:00:47,020

we know by now that even today's world

17

00:00:50,549 --> 00:00:48,969

has no shortage of mysteries but take a

18

00:00:52,380 --> 00:00:50,559

look into the ancient past and the

19

00:00:54,689 --> 00:00:52,390

unknown elements can seem damn near

20

00:00:56,579 --> 00:00:54,699

infinite from lost civilizations and

21

00:00:58,680 --> 00:00:56,589

lost continents to mysterious megaliths

22

00:01:00,689 --> 00:00:58,690

and elongated skulls there seems to be

23

00:01:02,369 --> 00:01:00,699

plenty of areas where new discoveries

24

00:01:03,780 --> 00:01:02,379

have thrown some serious wrenches into

25

00:01:05,880 --> 00:01:03,790

the conventional historical timeline

26

00:01:08,609 --> 00:01:05,890

with data the mainstream would rather

27

00:01:10,620 --> 00:01:08,619

ignore destroyer obscure despite the

28

00:01:12,719 --> 00:01:10,630

best efforts of our true champions of

29

00:01:15,630 --> 00:01:12,729

progress in human story reconstruction

30

00:01:18,150 --> 00:01:15,640

like today's guest Brian Forrester brian

31

00:01:19,919 --> 00:01:18,160

has been to over 90 countries trying to

32

00:01:21,840 --> 00:01:19,929

get a better handle on the world but his

33

00:01:24,960 --> 00:01:21,850

expertise lies in the ancient megalithic

34

00:01:27,540 --> 00:01:24,970

works found in Peru Bolivia Mexico

35

00:01:30,330 --> 00:01:27,550

Easter Island Egypt and Lebanon mainly

36

00:01:32,340 --> 00:01:30,340

as well as the strange elongated skulls

37

00:01:34,559 --> 00:01:32,350

found that are in desperate need of an

38

00:01:37,830 --> 00:01:34,569

explanation he's written a staggering

39

00:01:39,510 --> 00:01:37,840

20-plus books and has uploaded over 850

40

00:01:41,580 --> 00:01:39,520

videos related to hidden history and

41

00:01:43,919 --> 00:01:41,590

megalithic sites on his epically robust

42

00:01:45,540 --> 00:01:43,929

YouTube channel a real-life Indiana

43

00:01:47,040 --> 00:01:45,550

Jones archetype and no doubt

44

00:01:48,839 --> 00:01:47,050

knowledgeable guests and I'm definitely

45

00:01:50,910 --> 00:01:48,849

psyched to have here Brian my man

46

00:01:53,130 --> 00:01:50,920

welcome to the higher side while I

47

00:01:54,719 --> 00:01:53,140

pleasure Greg thank you so much yeah

48

00:01:56,940 --> 00:01:54,729

thanks for doing it I know this is going

49

00:01:59,070 --> 00:01:56,950

to be a lot of fun your accomplishments

50

00:02:01,559 --> 00:01:59,080

are impressive and your dedication is

51
00:02:04,260 --> 00:02:01,569
pretty inspiring clearly there is a lot

52
00:02:06,089 --> 00:02:04,270
the history books have gotten wrong one

53
00:02:08,070 --> 00:02:06,099
of these things we haven't covered

54
00:02:10,680 --> 00:02:08,080
nearly enough here are those elongated

55
00:02:13,080 --> 00:02:10,690
skulls or the baracus skulls as they're

56
00:02:15,390 --> 00:02:13,090
known Baracus of course indicates a

57
00:02:17,910 --> 00:02:15,400
particular culture but how widespread

58
00:02:18,990 --> 00:02:17,920
are these elongated skull findings so

59
00:02:22,500 --> 00:02:19,000
they all over the planet are

60
00:02:24,809 --> 00:02:22,510
concentrated in more specific areas well

61
00:02:27,720 --> 00:02:24,819
cranial deformation has been performed

62
00:02:28,500 --> 00:02:27,730
on all of the continents except

63
00:02:31,410 --> 00:02:28,510

Antarctica

64
00:02:33,930 --> 00:02:31,420
most commonly about 2,000 years ago so a

65
00:02:36,449 --> 00:02:33,940
lot of different cultures would bind the

66
00:02:38,460 --> 00:02:36,459
heads of the babies of their royalty and

67
00:02:39,900 --> 00:02:38,470
nobility in order to make them

68
00:02:41,980 --> 00:02:39,910
physically look different from the

69
00:02:45,410 --> 00:02:41,990
general public

70
00:02:47,320 --> 00:02:45,420
right and I have seen a lot of people

71
00:02:50,840 --> 00:02:47,330
talking about that cradle boarding or

72
00:02:53,300 --> 00:02:50,850
intentional warping of a child soft

73
00:02:56,390 --> 00:02:53,310
malleable skull but there are several

74
00:02:58,400 --> 00:02:56,400
examples that clearly wouldn't fit into

75
00:03:00,800 --> 00:02:58,410
the category of being manipulated right

76

00:03:05,420 --> 00:03:00,810

it seems like it's natural to a degree

77

00:03:07,910 --> 00:03:05,430

in some minority of cases yeah 100% of

78

00:03:10,790 --> 00:03:07,920

the academics state quite emphatically

79

00:03:12,460 --> 00:03:10,800

that all examples of elongated skulls

80

00:03:15,620 --> 00:03:12,470

are the result of cranial deformation

81

00:03:18,170 --> 00:03:15,630

but we've found examples here in the

82

00:03:20,600 --> 00:03:18,180

practice area where there are skulls

83

00:03:22,880 --> 00:03:20,610

which are quite a bit larger than normal

84

00:03:24,500 --> 00:03:22,890

in terms of cranial volume and there are

85

00:03:26,390 --> 00:03:24,510

other physical characteristics which

86

00:03:28,100 --> 00:03:26,400

make them different from what we call

87

00:03:30,710 --> 00:03:28,110

Homo sapiens sapiens

88

00:03:32,300 --> 00:03:30,720

and as far as people doing it

89

00:03:34,100 --> 00:03:32,310

intentionally or cultures doing it

90

00:03:36,230 --> 00:03:34,110

intentionally their motivations

91

00:03:40,430 --> 00:03:36,240

apparently are kind of interested in

92

00:03:42,260 --> 00:03:40,440

right yeah the basic consensus is when

93

00:03:45,260 --> 00:03:42,270

descendants of these people have been

94

00:03:47,450 --> 00:03:45,270

able to be asked why did your ancestors

95

00:03:49,850 --> 00:03:47,460

do this they would say it makes our

96

00:03:52,340 --> 00:03:49,860

children more intelligent we find it

97

00:03:55,880 --> 00:03:52,350

aesthetically pleasing and that is what

98

00:03:58,490 --> 00:03:55,890

the ancestors looked like that last

99

00:04:01,880 --> 00:03:58,500

point is definitely a head scratcher but

100

00:04:04,040 --> 00:04:01,890

as a general conspiracy guy I'm always

101
00:04:07,010 --> 00:04:04,050
interested in questions dealing with the

102
00:04:09,050 --> 00:04:07,020
elite and power and bloodlines of today

103
00:04:11,450 --> 00:04:09,060
or any era and there's definitely an

104
00:04:13,580 --> 00:04:11,460
element of that in what we know about

105
00:04:16,550 --> 00:04:13,590
these skulls right that it had to do

106
00:04:18,740 --> 00:04:16,560
with the upper echelon of society yeah

107
00:04:22,870 --> 00:04:18,750
almost exclusively whether it was in

108
00:04:26,990 --> 00:04:22,880
Europe or Western Asia the Middle East

109
00:04:29,960 --> 00:04:27,000
Melanesia even Australia and various

110
00:04:32,320 --> 00:04:29,970
other look all through central and parts

111
00:04:34,820 --> 00:04:32,330
of South America it's almost exclusively

112
00:04:37,010 --> 00:04:34,830
just the nobility whose heads were

113
00:04:39,440 --> 00:04:37,020

shaped that way in order so that the

114

00:04:43,850 --> 00:04:39,450

general public could easily identify who

115

00:04:46,190 --> 00:04:43,860

their rulers were hmm provocative stuff

116

00:04:49,280 --> 00:04:46,200

and so what other characteristics you

117

00:04:52,159 --> 00:04:49,290

mentioned some certain features in the

118

00:04:53,810 --> 00:04:52,169

more natural elongated skulls that might

119

00:04:55,760 --> 00:04:53,820

be worth noting surprisingly a lot of

120

00:04:58,790 --> 00:04:55,770

them are mummified and

121

00:05:01,010 --> 00:04:58,800

seemingly quite well preserved right yes

122

00:05:04,610 --> 00:05:01,020

astonishing the area where I'm at which

123

00:05:07,129 --> 00:05:04,620

is practice in Peru is the northern part

124

00:05:09,620 --> 00:05:07,139

of the Atacama Desert so we get about

125

00:05:12,559 --> 00:05:09,630

half half an inch of rainfall a year and

126

00:05:15,950 --> 00:05:12,569

it's all desert in this area it's

127

00:05:20,150 --> 00:05:15,960

uplifted ancient ocean so the sand

128

00:05:22,969 --> 00:05:20,160

contains salt and so that combination of

129

00:05:25,189 --> 00:05:22,979

dryness and salt has been remarkable at

130

00:05:28,399 --> 00:05:25,199

preserving these ancient people even

131

00:05:30,379 --> 00:05:28,409

better than in Egypt Wow

132

00:05:32,719 --> 00:05:30,389

so I guess some of that is environmental

133

00:05:36,050 --> 00:05:32,729

rather than through a advanced

134

00:05:37,820 --> 00:05:36,060

preservation practice yeah in this area

135

00:05:40,760 --> 00:05:37,830

they don't seem to have had a really

136

00:05:42,800 --> 00:05:40,770

advanced mummification process like in

137

00:05:45,170 --> 00:05:42,810

Egypt like with wrapping and different

138

00:05:47,689 --> 00:05:45,180

oils and waxes and things like that that

139

00:05:50,540 --> 00:05:47,699

being used simply that the ground is so

140

00:05:53,689 --> 00:05:50,550

dry but they've been able to excavate

141

00:05:55,909 --> 00:05:53,699

and pull out textile 2,000 years old

142

00:05:58,879 --> 00:05:55,919

that look like they were made maybe five

143

00:05:59,600 --> 00:05:58,889

or ten years ago hmm that's pretty

144

00:06:02,600 --> 00:05:59,610

awesome

145

00:06:05,659 --> 00:06:02,610

so these naturally along it it's called

146

00:06:09,020 --> 00:06:05,669

a couple other things about a larger eye

147

00:06:11,450 --> 00:06:09,030

sockets apparently and where the spine

148

00:06:14,689 --> 00:06:11,460

connects to the skull is a little

149

00:06:17,270 --> 00:06:14,699

different than typical Homo sapiens

150

00:06:19,370 --> 00:06:17,280

sapiens if I understand correctly yeah

151
00:06:20,959 --> 00:06:19,380
it's an ongoing process that we're doing

152
00:06:23,060 --> 00:06:20,969
we're trying to get as many medical

153
00:06:25,159 --> 00:06:23,070
professionals involved as possible to

154
00:06:27,529 --> 00:06:25,169
look at the anomalies and as you stated

155
00:06:30,800 --> 00:06:27,539
the eye sockets are larger than normal

156
00:06:33,770 --> 00:06:30,810
they tend to be more vertical and larger

157
00:06:37,129 --> 00:06:33,780
also where the spinal cord and vertebrae

158
00:06:38,510 --> 00:06:37,139
entered the skull underneath the

159
00:06:40,159 --> 00:06:38,520
position of what's called the foramen

160
00:06:42,409 --> 00:06:40,169
magnum which is the hole in the bottom

161
00:06:45,020 --> 00:06:42,419
of the skull is much farther back than

162
00:06:46,670 --> 00:06:45,030
normal so that would probably be an

163
00:06:49,490 --> 00:06:46,680

evolutionary thing in order to be able

164

00:06:53,270 --> 00:06:49,500

to balance these cone head of skulls

165

00:06:55,879 --> 00:06:53,280

also there tends to be one suture line

166

00:06:58,399 --> 00:06:55,889

on top of the skull which is missing and

167

00:07:00,860 --> 00:06:58,409

then there are two holes in the back of

168

00:07:04,219 --> 00:07:00,870

the skull which seem to be for blood and

169

00:07:06,260 --> 00:07:04,229

nerve flow yeah those two holes

170

00:07:09,570 --> 00:07:06,270

I just thought that was so interesting

171

00:07:11,820 --> 00:07:09,580

and the I guess the cranial

172

00:07:13,830 --> 00:07:11,830

stitching that's missing what do you

173

00:07:16,770 --> 00:07:13,840

think that would indicate that's pretty

174

00:07:19,379 --> 00:07:16,780

curious it's very curious and any

175

00:07:22,110 --> 00:07:19,389

physician who's seen these in in person

176

00:07:24,689 --> 00:07:22,120

with me they say that you know there's

177

00:07:26,219 --> 00:07:24,699

supposed to be a suture line there and I

178

00:07:28,110 --> 00:07:26,229

don't understand why it's not there

179

00:07:29,879 --> 00:07:28,120

that's that's the most interesting thing

180

00:07:32,550 --> 00:07:29,889

about having medical professionals

181

00:07:35,339 --> 00:07:32,560

because they know very well the shape

182

00:07:37,980 --> 00:07:35,349

and design of human skeleton and when

183

00:07:39,600 --> 00:07:37,990

they see anomalies like this they simply

184

00:07:45,059 --> 00:07:39,610

shake their heads because it's not in

185

00:07:49,110 --> 00:07:45,069

any of their textbooks and so do we know

186

00:07:51,439 --> 00:07:49,120

much about the practice culture outside

187

00:07:53,999 --> 00:07:51,449

of that they had some interesting skulls

188

00:07:56,550 --> 00:07:54,009

well it's actually one of the least

189

00:07:58,830 --> 00:07:56,560

research cultures in all of Peru the

190

00:08:00,839 --> 00:07:58,840

famous Inca have been studied for

191

00:08:02,850 --> 00:08:00,849

hundreds of years by many different

192

00:08:06,600 --> 00:08:02,860

academics but the practice haven't been

193

00:08:08,999 --> 00:08:06,610

studied at all since about the 1960s and

194

00:08:11,550 --> 00:08:09,009

you would think the elongated skull by

195

00:08:14,700 --> 00:08:11,560

itself would create a lot of curiosity

196

00:08:17,430 --> 00:08:14,710

and study another anomaly is the fact

197

00:08:20,459 --> 00:08:17,440

that they had genetically red hair which

198

00:08:23,640 --> 00:08:20,469

is thinner than normal Native American

199

00:08:25,740 --> 00:08:23,650

hair and is also wavy hair experts who

200

00:08:28,920 --> 00:08:25,750

have studied the hair say that it's much

201
00:08:32,430 --> 00:08:28,930
more Caucasian the Native American hmm

202
00:08:34,380 --> 00:08:32,440
right I noted that for sure that the

203
00:08:38,009 --> 00:08:34,390
reddish brown hair seems to be one of

204
00:08:42,029 --> 00:08:38,019
the main elements of interest what more

205
00:08:44,639 --> 00:08:42,039
can we gather from that trait well when

206
00:08:47,069 --> 00:08:44,649
it when you trace back where red hair

207
00:08:50,160 --> 00:08:47,079
originates it is from the Middle East

208
00:08:53,009 --> 00:08:50,170
so the celtic people like the Scots and

209
00:08:55,590 --> 00:08:53,019
the Irish who are famous for bright red

210
00:08:57,389 --> 00:08:55,600
hair are likely descended from Middle

211
00:08:59,759 --> 00:08:57,399
Eastern ancestors and the hair that

212
00:09:02,910 --> 00:08:59,769
we're looking at is actually more Auburn

213
00:09:05,610 --> 00:09:02,920

it's a very fiery red Brown and that's

214

00:09:08,069 --> 00:09:05,620

typical of certain parts of the Middle

215

00:09:11,430 --> 00:09:08,079

East up until this day there were a

216

00:09:14,579 --> 00:09:11,440

couple of quotes in a few of your books

217

00:09:17,880 --> 00:09:14,589

where I felt like people were equated

218

00:09:19,860 --> 00:09:17,890

this also to some areas of Europe or

219

00:09:21,840 --> 00:09:19,870

Nordic descent which I thought was

220

00:09:25,380 --> 00:09:21,850

Nordic I thought was a little strange

221

00:09:27,240 --> 00:09:25,390

right here actually well actually no if

222

00:09:30,180 --> 00:09:27,250

you look at the migration patterns into

223

00:09:33,060 --> 00:09:30,190

Western Europe there were people with

224

00:09:36,380 --> 00:09:33,070

red hair whose ancestors thousands of

225

00:09:39,030 --> 00:09:36,390

years ago moved into areas such as

226
00:09:42,680 --> 00:09:39,040
Scandinavia through Russia and actually

227
00:09:45,270 --> 00:09:42,690
Russia means the land of the red hair so

228
00:09:47,490 --> 00:09:45,280
so that's that's the migration pattern

229
00:09:50,430 --> 00:09:47,500
mainly from it seems the origin seems to

230
00:09:54,750 --> 00:09:50,440
be somewhere around the Caucasus the

231
00:09:58,230 --> 00:09:54,760
Caspian Sea in the Black Sea hmm that's

232
00:10:00,780 --> 00:09:58,240
very interesting and like you mentioned

233
00:10:03,750 --> 00:10:00,790
the baracus culture when they least

234
00:10:06,360 --> 00:10:03,760
researched cultures but is there any

235
00:10:08,310 --> 00:10:06,370
insights we can get from the Incas or

236
00:10:10,770 --> 00:10:08,320
any of the other surrounding cultures of

237
00:10:13,280 --> 00:10:10,780
their day where they talked about at all

238
00:10:17,550 --> 00:10:13,290

well the practice disappeared about

239

00:10:20,460 --> 00:10:17,560

2,000 years ago and the Inca rose about

240

00:10:22,410 --> 00:10:20,470

a thousand years ago but one of the

241

00:10:24,390 --> 00:10:22,420

connections I'm starting to develop is

242

00:10:27,990 --> 00:10:24,400

that the earliest Spanish chronicles

243

00:10:30,870 --> 00:10:28,000

talk about them seeing people with red

244

00:10:32,760 --> 00:10:30,880

hair and blonde hair in Cusco what's

245

00:10:34,920 --> 00:10:32,770

really shocked because they literally

246

00:10:38,220 --> 00:10:34,930

wrote in their accounts these people

247

00:10:40,590 --> 00:10:38,230

have lighter skin than we do so because

248

00:10:43,500 --> 00:10:40,600

red hair is directly associated with

249

00:10:45,990 --> 00:10:43,510

very light skin it's quite possible that

250

00:10:48,330 --> 00:10:46,000

the practice when they were being

251
00:10:50,610 --> 00:10:48,340
exterminated about 2,000 years ago that

252
00:10:53,580 --> 00:10:50,620
some of them were able to escape on an

253
00:10:56,240 --> 00:10:53,590
ancient trail or road eastward into the

254
00:11:00,240 --> 00:10:56,250
highlands of Peru and wound up as

255
00:11:03,480 --> 00:11:00,250
partial ancestors of the Inca who came

256
00:11:06,960 --> 00:11:03,490
later hmm right on

257
00:11:09,690 --> 00:11:06,970
so there's also stories in North America

258
00:11:12,120 --> 00:11:09,700
of giants I don't hear elongated skulls

259
00:11:14,760 --> 00:11:12,130
associated quite so often but I do hear

260
00:11:16,590 --> 00:11:14,770
red hair associated fairly often and

261
00:11:19,230 --> 00:11:16,600
there's some apparently legends from

262
00:11:22,170 --> 00:11:19,240
Native American tribes that they used to

263
00:11:24,330 --> 00:11:22,180

do battle with redheaded Giants I don't

264

00:11:26,070 --> 00:11:24,340

know how much stock you put in some of

265

00:11:28,290 --> 00:11:26,080

those stories I guess they are varying

266

00:11:32,070 --> 00:11:28,300

degrees of credibility but have you

267

00:11:33,990 --> 00:11:32,080

looked at that angle yeah actually I've

268

00:11:37,770 --> 00:11:34,000

been a student of Native American

269

00:11:41,070 --> 00:11:37,780

Studies since I was about ten years old

270

00:11:43,460 --> 00:11:41,080

and I put a lot of credence in their

271

00:11:46,680 --> 00:11:43,470

oral tradition so there are numerous

272

00:11:48,690 --> 00:11:46,690

Native people of the past or tribal

273

00:11:50,370 --> 00:11:48,700

groups who speak about you know I don't

274

00:11:52,890 --> 00:11:50,380

know if giant is the correct term

275

00:11:56,040 --> 00:11:52,900

they're very tall people who were there

276
00:11:57,810 --> 00:11:56,050
when the native people arrived and they

277
00:12:01,170 --> 00:11:57,820
did do battle with them and eventually

278
00:12:03,810 --> 00:12:01,180
wiped them out and there are a lot of

279
00:12:06,860 --> 00:12:03,820
stories around the world oral traditions

280
00:12:09,810 --> 00:12:06,870
if you talk about visits from

281
00:12:12,390 --> 00:12:09,820
fair-skinned people apparently and also

282
00:12:15,990 --> 00:12:12,400
red hair is mentioned a decent amount

283
00:12:17,730 --> 00:12:16,000
but how often is an elongated skull

284
00:12:19,470 --> 00:12:17,740
highlighted in these stories because you

285
00:12:21,510 --> 00:12:19,480
think if they had that characteristic

286
00:12:25,740 --> 00:12:21,520
that would be the top of the description

287
00:12:28,010 --> 00:12:25,750
chart yeah you would think so I see

288
00:12:31,500 --> 00:12:28,020

wrote a book called the plumed serpent

289

00:12:33,270 --> 00:12:31,510

which is about Native American native

290

00:12:35,310 --> 00:12:33,280

South American stories of ancient

291

00:12:38,340 --> 00:12:35,320

teachers who arrived in the distant past

292

00:12:42,570 --> 00:12:38,350

who had full beards light-colored hair

293

00:12:45,020 --> 00:12:42,580

and light-colored skin one term used as

294

00:12:47,700 --> 00:12:45,030

the Viereck oceans another is

295

00:12:50,010 --> 00:12:47,710

Quetzalcoatl another is Kukulcan and

296

00:12:52,320 --> 00:12:50,020

these were ancient teachers that arrived

297

00:12:54,450 --> 00:12:52,330

and instructed the people supposedly

298

00:12:56,340 --> 00:12:54,460

coming from some distant eastern land

299

00:12:58,829 --> 00:12:56,350

right and that's really interesting

300

00:13:01,050 --> 00:12:58,839

because Quetzalcoatl you know in

301
00:13:05,400 --> 00:13:01,060
mainstream culture often talked about as

302
00:13:06,690 --> 00:13:05,410
a deity a feathered serpent and I guess

303
00:13:09,360 --> 00:13:06,700
your contention is that that was

304
00:13:12,240 --> 00:13:09,370
actually based on a real teacher or is

305
00:13:14,490 --> 00:13:12,250
it still allegory no I think it's based

306
00:13:17,160 --> 00:13:14,500
on real teachers one of the problems

307
00:13:19,650 --> 00:13:17,170
with interpreting native oral tradition

308
00:13:22,079 --> 00:13:19,660
is that it tends to be quite poetic it's

309
00:13:23,970 --> 00:13:22,089
not like point to point facts so they

310
00:13:25,860 --> 00:13:23,980
tend to flower especially over the

311
00:13:28,650 --> 00:13:25,870
course of time base they flower the

312
00:13:31,380 --> 00:13:28,660
original story but I think the origin is

313
00:13:32,970 --> 00:13:31,390

likely based on on truth because we're

314

00:13:35,310 --> 00:13:32,980

learning more and more that the

315

00:13:36,990 --> 00:13:35,320

migration of people around the world was

316

00:13:39,720 --> 00:13:37,000

much more extensive than what we've been

317

00:13:42,300 --> 00:13:39,730

taught in history books right and there

318

00:13:44,880 --> 00:13:42,310

does seem to be a curious connection

319

00:13:47,430 --> 00:13:44,890

between reptiles

320

00:13:48,480 --> 00:13:47,440

and teachers or elevators of mankind

321

00:13:50,580 --> 00:13:48,490

when it comes to a lot of these

322

00:13:52,200 --> 00:13:50,590

indigenous tribes you could even draw a

323

00:13:56,700 --> 00:13:52,210

parallel to the serpent in the Garden of

324

00:13:59,040 --> 00:13:56,710

Eden but we make of that tie-in well I

325

00:14:01,740 --> 00:13:59,050

think a lot of it in recent times has

326

00:14:05,190 --> 00:14:01,750

been really overblown if you look at the

327

00:14:09,660 --> 00:14:05,200

symbolism itself again because native

328

00:14:12,360 --> 00:14:09,670

oral tradition is quite poetic and for

329

00:14:14,880 --> 00:14:12,370

example with the Inca culture they had

330

00:14:17,850 --> 00:14:14,890

three animals that were very important

331

00:14:20,310 --> 00:14:17,860

totems to them one was the serpent

332

00:14:23,910 --> 00:14:20,320

another was the Puma and the third was

333

00:14:25,530 --> 00:14:23,920

the Condor so those are also levels of

334

00:14:28,080 --> 00:14:25,540

consciousness so the serpent represents

335

00:14:30,210 --> 00:14:28,090

the subconscious the Puma is the

336

00:14:32,190 --> 00:14:30,220

conscious and the Condor is the

337

00:14:34,350 --> 00:14:32,200

superconscious and so if you put those

338

00:14:37,110 --> 00:14:34,360

three together in a very powerful

339

00:14:40,020 --> 00:14:37,120

teacher person I think that's where the

340

00:14:42,210 --> 00:14:40,030

the term feathered serpent comes from

341

00:14:44,760 --> 00:14:42,220

it's the combination of these three

342

00:14:47,270 --> 00:14:44,770

levels of consciousness but people have

343

00:14:50,010 --> 00:14:47,280

tendency then than to say well they were

344

00:14:51,750 --> 00:14:50,020

obviously you know two-legged reptiles

345

00:14:56,100 --> 00:14:51,760

that had feathers that walk around and

346

00:14:59,100 --> 00:14:56,110

you know and had to be alien right so

347

00:15:02,040 --> 00:14:59,110

yeah I mean look at the Griffin and you

348

00:15:04,050 --> 00:15:02,050

got the whole trifecta there yeah yeah

349

00:15:05,940 --> 00:15:04,060

you find that in many parts of the world

350

00:15:07,770 --> 00:15:05,950

where you have especially the serpent

351
00:15:10,350 --> 00:15:07,780
because the serpent represented wisdom

352
00:15:13,020 --> 00:15:10,360
to so many different cultures and then a

353
00:15:15,120 --> 00:15:13,030
bird would represent the connection with

354
00:15:17,490 --> 00:15:15,130
the divine because of the fact they can

355
00:15:19,200 --> 00:15:17,500
fly so high yeah it's just so

356
00:15:20,940 --> 00:15:19,210
interesting and curious that so many

357
00:15:23,490 --> 00:15:20,950
cultures that apparently didn't

358
00:15:27,150 --> 00:15:23,500
communicate arrived at some of the same

359
00:15:29,730 --> 00:15:27,160
symbolism yeah that could be a basic

360
00:15:31,980 --> 00:15:29,740
component of human consciousness rather

361
00:15:33,810 --> 00:15:31,990
than it being taught you know from one

362
00:15:36,270 --> 00:15:33,820
side of the world to the other it might

363
00:15:39,540 --> 00:15:36,280

be a very root understanding that we

364

00:15:41,880 --> 00:15:39,550

have as human beings that's true that's

365

00:15:44,220 --> 00:15:41,890

true can't discount that possibility and

366

00:15:46,260 --> 00:15:44,230

the Condor is kind of interesting

367

00:15:49,980 --> 00:15:46,270

because of course Graham Hancock he is

368

00:15:52,590 --> 00:15:49,990

very adamant about this pillar at

369

00:15:55,100 --> 00:15:52,600

gobekli tepe having significance and it

370

00:15:58,249 --> 00:15:55,110

of course has a kind of cartoonish

371

00:16:00,169 --> 00:15:58,259

Condor on it yeah bad and

372

00:16:02,509 --> 00:16:00,179

so I think there are depictions of cats

373

00:16:04,929 --> 00:16:02,519

as well you know the feline of the cat

374

00:16:07,069 --> 00:16:04,939

is another great symbol that is

375

00:16:11,269 --> 00:16:07,079

international in terms of ancient oral

376

00:16:12,619 --> 00:16:11,279

tradition I love that stuff and so to

377

00:16:14,539 --> 00:16:12,629

get back to the elongated skulls

378

00:16:15,609 --> 00:16:14,549

apparently a lot of them are found

379

00:16:19,249 --> 00:16:15,619

around

380

00:16:22,669 --> 00:16:19,259

tiwanaku and puma punku and peru which

381

00:16:24,559 --> 00:16:22,679

of course are a pair of the many

382

00:16:27,109 --> 00:16:24,569

megalithic sites being talked about now

383

00:16:28,659 --> 00:16:27,119

but can you tell us about those sites

384

00:16:30,889 --> 00:16:28,669

that make them so interesting to you

385

00:16:33,139 --> 00:16:30,899

well the interesting thing is because

386

00:16:36,619 --> 00:16:33,149

I've been traveling around in South

387

00:16:39,679 --> 00:16:36,629

America for years and have visited sites

388

00:16:43,219 --> 00:16:39,689

like puma punku and tiahuanaco i've been

389

00:16:45,349 --> 00:16:43,229

there more than 50 times again of course

390

00:16:48,139 --> 00:16:45,359

I wrote a book and the book is about the

391

00:16:50,929 --> 00:16:48,149

elongated skulls of Peru and Bolivia and

392

00:16:54,019 --> 00:16:50,939

in general wherever we find a megalithic

393

00:16:56,539 --> 00:16:54,029

site if there is an on-site museum we'll

394

00:16:58,369 --> 00:16:56,549

find evidence of elongated skulls having

395

00:17:00,559 --> 00:16:58,379

lived there hmm

396

00:17:03,470 --> 00:17:00,569

and maybe you can help clarify something

397

00:17:05,569 --> 00:17:03,480

for me but are these two separate sites

398

00:17:07,039 --> 00:17:05,579

or kind of the same site what draws the

399

00:17:08,990 --> 00:17:07,049

distinction between the two because I

400

00:17:11,899 --> 00:17:09,000

think I understand them to be on the

401
00:17:15,019 --> 00:17:11,909
same plateau right yeah they're right

402
00:17:17,210 --> 00:17:15,029
next door to each other it it's kind of

403
00:17:19,429 --> 00:17:17,220
tiresome to have to say Tiahuanaco and

404
00:17:21,829 --> 00:17:19,439
Pumapunku because they historically they

405
00:17:24,679 --> 00:17:21,839
are the same location it's just that

406
00:17:27,740 --> 00:17:24,689
when they decided to preserve them they

407
00:17:30,320 --> 00:17:27,750
built one fence around one and one fence

408
00:17:32,090 --> 00:17:30,330
around another and then a ticket window

409
00:17:35,539 --> 00:17:32,100
at one and a ticket window at the other

410
00:17:37,639 --> 00:17:35,549
so one has a sign saying tihuanaco and

411
00:17:39,350 --> 00:17:37,649
other has a sign saying puma punku-- but

412
00:17:41,419 --> 00:17:39,360
when you look at the megalithic nature

413
00:17:44,509 --> 00:17:41,429

of the original construction it's the

414

00:17:48,230 --> 00:17:44,519

same site mm-hmm okay makes a lot of

415

00:17:49,970 --> 00:17:48,240

sense and it is located on this plateau

416

00:17:52,659 --> 00:17:49,980

that a lot of people talk about if

417

00:17:55,399 --> 00:17:52,669

you've seen pictures it's definitely a

418

00:17:57,500 --> 00:17:55,409

impressive view do you think that

419

00:18:00,200 --> 00:17:57,510

plateau is natural because some people

420

00:18:03,019 --> 00:18:00,210

suggest that it might have been laid as

421

00:18:04,519 --> 00:18:03,029

the base for this puma punku complex

422

00:18:07,250 --> 00:18:04,529

yeah it's got a really interesting

423

00:18:10,250 --> 00:18:07,260

history because the conventional story

424

00:18:11,510 --> 00:18:10,260

which you know as usual doesn't make any

425

00:18:13,880 --> 00:18:11,520

sense is

426

00:18:17,000 --> 00:18:13,890

it was a Bronze Age culture called the

427

00:18:18,920 --> 00:18:17,010

Tiwanaku who constructed all of this and

428

00:18:21,260 --> 00:18:18,930

some of the stonework would be very

429

00:18:23,360 --> 00:18:21,270

difficult to replicate today with modern

430

00:18:25,700 --> 00:18:23,370

high-tech power tools so that you had to

431

00:18:27,770 --> 00:18:25,710

throw that story out immediately so when

432

00:18:29,630 --> 00:18:27,780

you look further back in time the great

433

00:18:32,740 --> 00:18:29,640

researcher of that area was called

434

00:18:35,270 --> 00:18:32,750

posnansky and he was able to do

435

00:18:37,550 --> 00:18:35,280

measurements of the precession of the

436

00:18:39,700 --> 00:18:37,560

equinoxes which measures the wobble of

437

00:18:42,920 --> 00:18:39,710

the earth and so by using that principle

438

00:18:45,680 --> 00:18:42,930

you can measure how many degrees off a

439

00:18:48,890 --> 00:18:45,690

site is from perfect true north south

440

00:18:50,810 --> 00:18:48,900

east and west and he believed that puma

441

00:18:53,810 --> 00:18:50,820

punku and tiahuanaco were originally

442

00:18:56,570 --> 00:18:53,820

constructed about 15,000 years ago which

443

00:18:59,630 --> 00:18:56,580

scholars throw out the window but if you

444

00:19:01,670 --> 00:18:59,640

look at that time period at least 12,000

445

00:19:04,010 --> 00:19:01,680

years ago Lake Titicaca was a hundred

446

00:19:07,010 --> 00:19:04,020

feet higher than it is today

447

00:19:09,950 --> 00:19:07,020

and so it's shoreline would have been at

448

00:19:13,160 --> 00:19:09,960

Tiahuanaco and Pumapunku so it does seem

449

00:19:15,110 --> 00:19:13,170

like the site was built up in order to

450

00:19:17,240 --> 00:19:15,120

make sure that it was slightly higher

451
00:19:19,030 --> 00:19:17,250
than the lake level and therefore it

452
00:19:22,670 --> 00:19:19,040
could have been a port with some kind

453
00:19:25,340 --> 00:19:22,680
interesting and I guess with this date

454
00:19:27,890 --> 00:19:25,350
of 15,000 years old with that put it

455
00:19:30,050 --> 00:19:27,900
more in line with the Baracus time

456
00:19:31,640 --> 00:19:30,060
period are you are you of the mindset

457
00:19:33,340 --> 00:19:31,650
that they had something to do with the

458
00:19:36,620 --> 00:19:33,350
building

459
00:19:39,590 --> 00:19:36,630
no because the tihuanaco culture did

460
00:19:41,900 --> 00:19:39,600
have elongated skulls but they basically

461
00:19:45,170 --> 00:19:41,910
are the result of cranial deformation so

462
00:19:45,770 --> 00:19:45,180
they existed between 2,000 and 1,000

463
00:19:48,620 --> 00:19:45,780

years ago

464

00:19:51,820 --> 00:19:48,630

the conventional story of the practice

465

00:19:55,070 --> 00:19:51,830

which is still an open book is that they

466

00:19:58,960 --> 00:19:55,080

spontaneously arrived in this area about

467

00:20:02,060 --> 00:19:58,970

800 BC and then disappeared about 100 AD

468

00:20:03,650 --> 00:20:02,070

okay so I wasn't quite sure how far back

469

00:20:06,880 --> 00:20:03,660

they went I actually thought it was

470

00:20:09,640 --> 00:20:06,890

going to be a lot further back 800 BC

471

00:20:12,080 --> 00:20:09,650

it's like kind of a little surprising

472

00:20:13,850 --> 00:20:12,090

well that's that's the conventional

473

00:20:15,310 --> 00:20:13,860

timeline we don't know yet that's why

474

00:20:18,110 --> 00:20:15,320

we're planning on doing a lot of

475

00:20:20,900 --> 00:20:18,120

radiocarbon testing samples from the

476

00:20:22,460 --> 00:20:20,910

practice to see their exact age and I'm

477

00:20:25,310 --> 00:20:22,470

still trying to research where their

478

00:20:28,790 --> 00:20:25,320

first location of habitation is

479

00:20:30,620 --> 00:20:28,800

right interesting so also I wanted to

480

00:20:33,500 --> 00:20:30,630

ask you about there's actually a long

481

00:20:35,720 --> 00:20:33,510

strip of land called the passive Vera

482

00:20:37,160 --> 00:20:35,730

kocha or where apparently a lot of

483

00:20:39,980 --> 00:20:37,170

interesting things are found including

484

00:20:41,690 --> 00:20:39,990

the stuff we're talking about right yeah

485

00:20:44,060 --> 00:20:41,700

it's really interesting it's an

486

00:20:48,050 --> 00:20:44,070

energetic line it's part of the urged

487

00:20:51,530 --> 00:20:48,060

grid system of energy it goes from more

488

00:20:54,230 --> 00:20:51,540

or less the north coast of Peru where

489

00:20:56,570 --> 00:20:54,240

two roommates Ecuador down in a

490

00:20:59,240 --> 00:20:56,580

southeasterly direction and along that

491

00:21:02,300 --> 00:20:59,250

line are almost all of the ancient

492

00:21:05,450 --> 00:21:02,310

megalithic sites including tiwanaku the

493

00:21:08,540 --> 00:21:05,460

island of the Sun Machu Picchu Cusco

494

00:21:11,630 --> 00:21:08,550

itself and other locations that brings

495

00:21:14,270 --> 00:21:11,640

in the kind of esoteric idea that these

496

00:21:17,500 --> 00:21:14,280

sites were used energetically mm-hmm

497

00:21:20,420 --> 00:21:17,510

yeah I really am intrigued by that

498

00:21:22,040 --> 00:21:20,430

perspective with my limited

499

00:21:23,990 --> 00:21:22,050

understanding I don't necessarily know

500

00:21:25,220 --> 00:21:24,000

how they could be used but what is your

501
00:21:27,080 --> 00:21:25,230
research show what do you think some of

502
00:21:29,810 --> 00:21:27,090
the possibilities of how they could have

503
00:21:31,730 --> 00:21:29,820
used this grid would be well again the

504
00:21:34,700 --> 00:21:31,740
main thing we have to do is throw the

505
00:21:37,070 --> 00:21:34,710
conventional archeological ideas of the

506
00:21:40,010 --> 00:21:37,080
window because these sites are clearly

507
00:21:42,830 --> 00:21:40,020
older than any known culture of the area

508
00:21:45,470 --> 00:21:42,840
and of course we can get into Egypt as

509
00:21:48,830 --> 00:21:45,480
well which is another area that is all

510
00:21:50,750 --> 00:21:48,840
about that and so the megalithic work

511
00:21:52,850 --> 00:21:50,760
had to have been done using forms of

512
00:21:56,090 --> 00:21:52,860
high-technology and in some cases

513
00:21:57,740 --> 00:21:56,100

technology beyond our capability which

514

00:22:00,200 --> 00:21:57,750

most people won't accept that that is

515

00:22:02,570 --> 00:22:00,210

the fact because we've taken many

516

00:22:04,070 --> 00:22:02,580

engineers and stonemasons to these

517

00:22:06,890 --> 00:22:04,080

locations and when they see the

518

00:22:10,010 --> 00:22:06,900

precision of the stone work they say I

519

00:22:12,020 --> 00:22:10,020

don't know how I could do that and

520

00:22:14,330 --> 00:22:12,030

that's another interesting question I

521

00:22:17,000 --> 00:22:14,340

had for you is some researchers talk

522

00:22:18,920 --> 00:22:17,010

about because of utilization of

523

00:22:21,620 --> 00:22:18,930

something like a global energy grid they

524

00:22:23,870 --> 00:22:21,630

they think that maybe there was a global

525

00:22:25,040 --> 00:22:23,880

culture do you think that's necessary or

526

00:22:26,960 --> 00:22:25,050

do you think it could have been just

527

00:22:28,640 --> 00:22:26,970

like higher society than we typically

528

00:22:32,630 --> 00:22:28,650

think kind of like today but not

529

00:22:34,990 --> 00:22:32,640

necessarily one community well I think

530

00:22:38,000 --> 00:22:35,000

there were at least three ancient

531

00:22:39,320 --> 00:22:38,010

highly evolved societies I don't think

532

00:22:41,450 --> 00:22:39,330

there was one

533

00:22:43,490 --> 00:22:41,460

and the reason why I think that is that

534

00:22:46,970 --> 00:22:43,500

the construction techniques that we see

535

00:22:49,330 --> 00:22:46,980

are quite different the work in Peru and

536

00:22:52,580 --> 00:22:49,340

Bolivia tends to be very organic very

537

00:22:55,040 --> 00:22:52,590

polygonal shaped stones that tightly fit

538

00:22:59,660 --> 00:22:55,050

together when you go to Egypt it's much

539

00:23:01,820 --> 00:22:59,670

more cubic and linear and then puma

540

00:23:05,360 --> 00:23:01,830

punku and tiwanaku are unique on the

541

00:23:07,160 --> 00:23:05,370

planet there is no building technique

542

00:23:09,620 --> 00:23:07,170

that would use anywhere else

543

00:23:11,540 --> 00:23:09,630

except they're right on yeah

544

00:23:13,580 --> 00:23:11,550

architecture is usually what you got to

545

00:23:16,820 --> 00:23:13,590

look at because you know you can see the

546

00:23:19,190 --> 00:23:16,830

differences and in their lives some

547

00:23:20,780 --> 00:23:19,200

insight into who made them but I've also

548

00:23:22,550 --> 00:23:20,790

heard some researchers talking about

549

00:23:25,070 --> 00:23:22,560

like Richard Corsaro talked about the

550

00:23:27,470 --> 00:23:25,080

the triptych the idea that there is a

551
00:23:29,450 --> 00:23:27,480
three doorway design found in

552
00:23:31,640 --> 00:23:29,460
architecture all over the planet maybe

553
00:23:33,590 --> 00:23:31,650
not at the time depths we're talking

554
00:23:35,270 --> 00:23:33,600
about of course but it's a curious thing

555
00:23:39,020 --> 00:23:35,280
too that suggests some kind of

556
00:23:42,230 --> 00:23:39,030
intermingling yeah it's quite possible

557
00:23:46,460 --> 00:23:42,240
or it's also possible that due to the

558
00:23:49,850 --> 00:23:46,470
energetic nature of these complexes that

559
00:23:51,980 --> 00:23:49,860
either by using the energetic grid or by

560
00:23:55,070 --> 00:23:51,990
other means there was communication

561
00:23:58,250 --> 00:23:55,080
between ancient civilizations that were

562
00:24:00,170 --> 00:23:58,260
quite far apart right I think that's a

563
00:24:03,980 --> 00:24:00,180

fascinating possibility that they could

564

00:24:06,430 --> 00:24:03,990

be used for communication like how could

565

00:24:09,680 --> 00:24:06,440

we visualize how that would work

566

00:24:13,610 --> 00:24:09,690

well I think to kind of overdo it would

567

00:24:17,900 --> 00:24:13,620

be to say that they were like stargates

568

00:24:20,350 --> 00:24:17,910

but I think portal is much more useful

569

00:24:24,140 --> 00:24:20,360

term because we see these very strange

570

00:24:26,030 --> 00:24:24,150

depressions in stone walls especially

571

00:24:28,580 --> 00:24:26,040

around the Cusco area quite often the

572

00:24:31,570 --> 00:24:28,590

size of a refrigerator so somebody can

573

00:24:34,730 --> 00:24:31,580

stand up inside this solid stone

574

00:24:37,250 --> 00:24:34,740

depression usually the stone contains

575

00:24:40,400 --> 00:24:37,260

quartz crystal which of course is used

576

00:24:42,530 --> 00:24:40,410

in electronics in modern time so it's

577

00:24:45,200 --> 00:24:42,540

quite possible that the stone was

578

00:24:46,930 --> 00:24:45,210

specifically selected for its energetic

579

00:24:49,820 --> 00:24:46,940

properties in order to be able to

580

00:24:53,030 --> 00:24:49,830

utilize the Earth's energy to amplify

581

00:24:56,030 --> 00:24:53,040

that energy and be able to direct it

582

00:24:59,450 --> 00:24:56,040

through sound or possibly even fishing

583

00:25:01,160 --> 00:24:59,460

or video of some kind hmm Wow

584

00:25:04,130 --> 00:25:01,170

Visionnaire video I think is pretty

585

00:25:06,620 --> 00:25:04,140

awesome portals typically I think

586

00:25:08,270 --> 00:25:06,630

indicate travel and I have seen those

587

00:25:10,550 --> 00:25:08,280

things you're talking about those little

588

00:25:13,430 --> 00:25:10,560

stone doorways that are carved out of

589

00:25:16,100 --> 00:25:13,440

stone and it just looks like man maybe

590

00:25:18,890 --> 00:25:16,110

there was an extra piece there at some

591

00:25:24,230 --> 00:25:18,900

point or something but has there been

592

00:25:26,000 --> 00:25:24,240

very many anomalous type of elements

593

00:25:28,960 --> 00:25:26,010

found around these areas that could

594

00:25:31,910 --> 00:25:28,970

maybe connect to some type of technology

595

00:25:34,850 --> 00:25:31,920

well the interesting thing is that we're

596

00:25:36,860 --> 00:25:34,860

looking at a level of knowledge which is

597

00:25:40,190 --> 00:25:36,870

theoretical to us because they don't

598

00:25:43,340 --> 00:25:40,200

seem to have prepared to use technology

599

00:25:45,050 --> 00:25:43,350

as we see it like you know this computer

600

00:25:47,000 --> 00:25:45,060

that I'm looking at it's got buttons and

601
00:25:49,070 --> 00:25:47,010
you know glass front and stuff like that

602
00:25:51,080 --> 00:25:49,080
so that's what makes it very difficult

603
00:25:53,060 --> 00:25:51,090
to figure out but it makes it very

604
00:25:56,060 --> 00:25:53,070
intriguing and I think it's also the

605
00:25:58,130 --> 00:25:56,070
reason why standard academia runs away

606
00:26:00,620 --> 00:25:58,140
from these topics or makes fun of them

607
00:26:03,850 --> 00:26:00,630
because it's it's way beyond their

608
00:26:06,260 --> 00:26:03,860
capability to even attempt to figure out

609
00:26:08,240 --> 00:26:06,270
right you know we talked a little bit

610
00:26:10,960 --> 00:26:08,250
about oral traditions can you tell us

611
00:26:13,850 --> 00:26:10,970
about any oral traditions that describe

612
00:26:17,450 --> 00:26:13,860
these areas or what they were used for

613
00:26:19,490 --> 00:26:17,460

as portals or as technology well as she

614

00:26:23,030 --> 00:26:19,500

does this one location which is called

615

00:26:25,010 --> 00:26:23,040

the coricancha which is in the center of

616

00:26:27,110 --> 00:26:25,020

Cusco which was the capital of the Inca

617

00:26:28,970 --> 00:26:27,120

and it's the precision of its

618

00:26:31,670 --> 00:26:28,980

construction is absolutely astonishing

619

00:26:34,370 --> 00:26:31,680

you can't fit a human hair in the joints

620

00:26:36,590 --> 00:26:34,380

between the stones it's that precise so

621

00:26:39,020 --> 00:26:36,600

the the Inca you know of course it said

622

00:26:41,450 --> 00:26:39,030

the Inca built this and they made it

623

00:26:44,030 --> 00:26:41,460

their holy of holies but there's no way

624

00:26:45,680 --> 00:26:44,040

the Inca could have built that structure

625

00:26:47,630 --> 00:26:45,690

because they were a Bronze Age

626
00:26:51,740 --> 00:26:47,640
technology and the stones would utilize

627
00:26:54,830 --> 00:26:51,750
is basalt which is very hard and the

628
00:26:57,010 --> 00:26:54,840
quarry is something like 45 kilometers

629
00:27:01,160 --> 00:26:57,020
away and you're looking at millions

630
00:27:03,200 --> 00:27:01,170
millions of pounds of stone so I think

631
00:27:05,289 --> 00:27:03,210
what happened is that because they were

632
00:27:06,909 --> 00:27:05,299
spiritual people

633
00:27:08,710 --> 00:27:06,919
they were able to pick up that when they

634
00:27:11,619 --> 00:27:08,720
were in the center of the quarry Concha

635
00:27:13,389 --> 00:27:11,629
that the energy was slightly different

636
00:27:14,859 --> 00:27:13,399
in that it would put them into a

637
00:27:17,379 --> 00:27:14,869
slightly alternate state of

638
00:27:20,289 --> 00:27:17,389

consciousness and so I think that's why

639

00:27:22,869 --> 00:27:20,299

they used it as their Holy of Holies but

640

00:27:24,310 --> 00:27:22,879

I think originally the power that was

641

00:27:27,669 --> 00:27:24,320

some or energy that was being generated

642

00:27:30,220 --> 00:27:27,679

was much much higher than even when the

643

00:27:32,590 --> 00:27:30,230

Inca found it in ruins that's

644

00:27:34,060 --> 00:27:32,600

interesting and some researchers have

645

00:27:37,090 --> 00:27:34,070

also pointed out that in ancient

646

00:27:38,979 --> 00:27:37,100

cultures Egypt in particular there seems

647

00:27:42,129 --> 00:27:38,989

to be a much closer connection between

648

00:27:44,049 --> 00:27:42,139

their spirituality and technology than

649

00:27:46,330 --> 00:27:44,059

there is today at least on the surface

650

00:27:49,299 --> 00:27:46,340

but have you given any thought to that

651
00:27:52,060 --> 00:27:49,309
aspect and how closely those things do

652
00:27:53,440 --> 00:27:52,070
seem interrelated in the past yeah I

653
00:27:55,570 --> 00:27:53,450
think there was some much more of a

654
00:27:58,180 --> 00:27:55,580
whole brain approached in the past I

655
00:28:01,720 --> 00:27:58,190
think that people you know that now were

656
00:28:04,570 --> 00:28:01,730
hyper specialists in in areas whereas I

657
00:28:06,340 --> 00:28:04,580
think in the past people of the noble

658
00:28:09,249 --> 00:28:06,350
spiritual class were probably

659
00:28:11,919 --> 00:28:09,259
disciplined in many different areas and

660
00:28:16,200 --> 00:28:11,929
utilized both the left and right brain

661
00:28:18,899 --> 00:28:16,210
in order to develop a more substantial

662
00:28:21,840 --> 00:28:18,909
concept of consciousness and awareness

663
00:28:24,249 --> 00:28:21,850

mm-hmm yeah seems like that might be a

664

00:28:25,899 --> 00:28:24,259

slightly better approach to life but

665

00:28:29,229 --> 00:28:25,909

another question I had pray about that

666

00:28:31,629 --> 00:28:29,239

path of Vera kocha apparently there are

667

00:28:33,999 --> 00:28:31,639

several caves there with ancient burial

668

00:28:36,519 --> 00:28:34,009

sites and ancient elongated mummified

669

00:28:38,950 --> 00:28:36,529

skulls or skeletons and I'm always

670

00:28:40,659 --> 00:28:38,960

interested in caves and deep caverns

671

00:28:42,519 --> 00:28:40,669

into the earth is there anything else

672

00:28:44,499 --> 00:28:42,529

you can tell us about these caves or

673

00:28:45,249 --> 00:28:44,509

some of the more intriguing vines from

674

00:28:47,830 --> 00:28:45,259

inside them

675

00:28:51,399 --> 00:28:47,840

yeah actually Kip Maltese were used a

676

00:28:53,769 --> 00:28:51,409

lot for burial especially there's a

677

00:28:57,099 --> 00:28:53,779

major complex called Oriente tombow

678

00:28:59,409 --> 00:28:57,109

which is part in Copart megalithic the

679

00:29:01,330 --> 00:28:59,419

the basic thing we know about the Inka

680

00:29:03,489 --> 00:29:01,340

is that they discovered when they first

681

00:29:06,729 --> 00:29:03,499

entered Cusco in the Sacred Valley they

682

00:29:08,859 --> 00:29:06,739

found ancient sites in ruins as if they

683

00:29:11,789 --> 00:29:08,869

had been destroyed by some Cataclysm and

684

00:29:15,099 --> 00:29:11,799

so they adopted them and made them

685

00:29:18,460 --> 00:29:15,109

religious spiritual sites but a few

686

00:29:19,299 --> 00:29:18,470

months ago my wife and I went to see the

687

00:29:21,590 --> 00:29:19,309

last

688

00:29:23,870 --> 00:29:21,600

drawbridges which is made out of natural

689

00:29:25,340 --> 00:29:23,880

rope they used to be hundreds of them

690

00:29:27,710 --> 00:29:25,350

but now there's only one left

691

00:29:30,500 --> 00:29:27,720

and on the way back from there because

692

00:29:33,169 --> 00:29:30,510

our taxi driver was local and quite

693

00:29:36,289 --> 00:29:33,179

informed about the ancient culture he

694

00:29:39,890 --> 00:29:36,299

took us to the opening of a tunnel that

695

00:29:43,400 --> 00:29:39,900

we went into three or four hundred yards

696

00:29:45,950 --> 00:29:43,410

but unfortunately we didn't bring decent

697

00:29:48,380 --> 00:29:45,960

flashlights with us because this whole

698

00:29:50,780 --> 00:29:48,390

thing was a surprise but he insisted

699

00:29:53,450 --> 00:29:50,790

that it continued on for six kilometers

700

00:29:56,799 --> 00:29:53,460

and that there was a big lake at the end

701

00:30:00,230 --> 00:29:56,809

of it deep in inside the bedrock Wow

702

00:30:02,480 --> 00:30:00,240

hahaha that is right up my alley I love

703

00:30:05,930 --> 00:30:02,490

to hear stories like that underground

704

00:30:09,140 --> 00:30:05,940

Lakes lore of underground civilizations

705

00:30:11,840 --> 00:30:09,150

I mean there are quite a bit of ant farm

706

00:30:13,610 --> 00:30:11,850

like tunnels carved all under the

707

00:30:15,289 --> 00:30:13,620

underground I guess not necessarily

708

00:30:16,909 --> 00:30:15,299

carved I guess some are natural but

709

00:30:19,970 --> 00:30:16,919

there are some that seem artificial all

710

00:30:22,280 --> 00:30:19,980

around the globe yeah and there are lots

711

00:30:24,950 --> 00:30:22,290

of stories in cusco from old people that

712

00:30:27,289 --> 00:30:24,960

there's a whole underground system of

713

00:30:30,710 --> 00:30:27,299

tunnels under like underneath cusco

714

00:30:34,220 --> 00:30:30,720

which is super ancient and a french team

715

00:30:35,990 --> 00:30:34,230

did some mapping with a helicopter I

716

00:30:38,659 --> 00:30:36,000

think it was of using ground-penetrating

717

00:30:40,669 --> 00:30:38,669

radar and they found that there's a

718

00:30:44,060 --> 00:30:40,679

tunnel that connects in an ancient site

719

00:30:46,490 --> 00:30:44,070

called saqsaywaman to the quarry Kancha

720

00:30:49,190 --> 00:30:46,500

that I just spoke of in Cusco so that's

721

00:30:53,539 --> 00:30:49,200

at least one and a half kilometers or a

722

00:30:57,230 --> 00:30:53,549

mile long gosh it's so impressive and

723

00:30:59,570 --> 00:30:57,240

it's so odd because you would think that

724

00:31:01,970 --> 00:30:59,580

it'd be easier to travel between these

725

00:31:05,030 --> 00:31:01,980

places along the surface rather than

726

00:31:08,330 --> 00:31:05,040

cutting a huge underground tunnel or if

727

00:31:10,310 --> 00:31:08,340

it's natural building sites above an a

728

00:31:11,539 --> 00:31:10,320

tunnel so that you could travel between

729

00:31:13,159 --> 00:31:11,549

them I guess

730

00:31:14,570 --> 00:31:13,169

might the suggestion be that the

731

00:31:17,030 --> 00:31:14,580

environment was different at that time

732

00:31:18,890 --> 00:31:17,040

or would there be some reason why they

733

00:31:21,409 --> 00:31:18,900

would travel underground rather than on

734

00:31:24,020 --> 00:31:21,419

the surface well it's hard to really

735

00:31:25,700 --> 00:31:24,030

know at this point the entrance to the

736

00:31:28,700 --> 00:31:25,710

tunnel has been blocked at both ends

737

00:31:32,899 --> 00:31:28,710

because portal kept going in and

738

00:31:35,599 --> 00:31:32,909

disappearing or whatever but that's

739

00:31:38,119 --> 00:31:35,609

be people's right to disappear it well

740

00:31:41,570 --> 00:31:38,129

it should be able to risk it if you want

741

00:31:44,719 --> 00:31:41,580

to so if it's unknown whether that

742

00:31:47,930 --> 00:31:44,729

tunnel is natural or not or whether it

743

00:31:50,239 --> 00:31:47,940

is you know what manufactured or not but

744

00:31:53,180 --> 00:31:50,249

I do know that there is a huge system of

745

00:31:55,700 --> 00:31:53,190

tunnels in the Giza Plateau area of

746

00:31:58,460 --> 00:31:55,710

Egypt because I've been underground to

747

00:32:01,460 --> 00:31:58,470

the third level right and that that was

748

00:32:03,560 --> 00:32:01,470

only possible through a local guy who

749

00:32:05,899 --> 00:32:03,570

was able to you know get permission to

750

00:32:08,149 --> 00:32:05,909

be able to do that but he said there are

751

00:32:11,060 --> 00:32:08,159

probably at least another ten levels of

752

00:32:12,440 --> 00:32:11,070

tunnels that go deeper and deeper yeah I

753

00:32:14,060 --> 00:32:12,450

thought that was really interesting I

754

00:32:15,799 --> 00:32:14,070

that was one of the books that I was

755

00:32:18,999 --> 00:32:15,809

able to read of yours thanks for sharing

756

00:32:22,549 --> 00:32:19,009

those with me and you also indicate that

757

00:32:25,549 --> 00:32:22,559

something about the way the Giza Plateau

758

00:32:28,999 --> 00:32:25,559

underground tunnels are carved suggests

759

00:32:30,979 --> 00:32:29,009

that the Sphinx would be a lot older

760

00:32:33,379 --> 00:32:30,989

than the Great Pyramid or it helps to

761

00:32:36,499 --> 00:32:33,389

kind of coordinate which came first is

762

00:32:40,310 --> 00:32:36,509

that right yeah it's likely that they

763

00:32:41,779 --> 00:32:40,320

the Sphinx was first and the tunnel

764

00:32:43,999 --> 00:32:41,789

system we're talking about they're not

765

00:32:47,479 --> 00:32:44,009

carved into sand they're carved into the

766

00:32:49,149 --> 00:32:47,489

bedrock which is limestone so it is

767

00:32:51,889 --> 00:32:49,159

quite possible that the Giza Plateau

768

00:32:54,859 --> 00:32:51,899

itself underground connects with other

769

00:32:56,330 --> 00:32:54,869

locations like Karnak and also the

770

00:32:59,659 --> 00:32:56,340

valley of the kings and valley of the

771

00:33:02,719 --> 00:32:59,669

queens because even though the pharaohs

772

00:33:05,119 --> 00:33:02,729

buried their dead in this you know a

773

00:33:06,710 --> 00:33:05,129

vast system of tunnels in the valley of

774

00:33:08,749 --> 00:33:06,720

kings and valley of the queens it's

775

00:33:11,509 --> 00:33:08,759

hardly likely that they actually made

776

00:33:14,119 --> 00:33:11,519

the tunnels themselves it's more likely

777

00:33:15,649 --> 00:33:14,129

that they discovered them right yeah you

778

00:33:17,210 --> 00:33:15,659

say in the book they were just using

779

00:33:20,389 --> 00:33:17,220

what they had and I think that makes

780

00:33:21,680 --> 00:33:20,399

perfect sense yeah and also if you go to

781

00:33:24,859 --> 00:33:21,690

the Valley of the Kings and you walk

782

00:33:27,109 --> 00:33:24,869

down in one of these tunnels you see the

783

00:33:28,609 --> 00:33:27,119

precision of the cutting and the fact

784

00:33:32,419 --> 00:33:28,619

that it would be basically impossible

785

00:33:34,700 --> 00:33:32,429

for Bronze Age Egyptian workers to be

786

00:33:36,799 --> 00:33:34,710

able to carve these tunnels which are

787

00:33:39,229 --> 00:33:36,809

hundreds upon hundreds of feet long and

788

00:33:40,600 --> 00:33:39,239

it easily tall enough to be able to walk

789

00:33:43,650 --> 00:33:40,610

through

790

00:33:48,160 --> 00:33:43,660

and as for the tunnels is it that they

791

00:33:50,230 --> 00:33:48,170

connect most of the major sites on the

792

00:33:52,570 --> 00:33:50,240

plateau except for the Sphinx is that

793

00:33:53,549 --> 00:33:52,580

why we think it kind of gives us clues

794

00:33:56,110 --> 00:33:53,559

about the timing

795

00:33:58,480 --> 00:33:56,120

well actually the tunnels go underneath

796

00:34:01,360 --> 00:33:58,490

the sink it's more the weathering of the

797

00:34:05,020 --> 00:34:01,370

Sphinx that has has created quite a stir

798

00:34:07,900 --> 00:34:05,030

with dr. Robert Schoch is a American

799

00:34:10,149 --> 00:34:07,910

geologist and when he first saw the

800

00:34:13,450 --> 00:34:10,159

Sphinx he knows that there were vertical

801
00:34:16,510 --> 00:34:13,460
weathering lines and so of course the

802
00:34:18,310 --> 00:34:16,520
Egyptologists say well it's 5,000 years

803
00:34:20,830 --> 00:34:18,320
old and you know we get we get

804
00:34:22,810 --> 00:34:20,840
sandstorms and there the sand would have

805
00:34:24,700 --> 00:34:22,820
eroded the surface but when he looked at

806
00:34:26,950 --> 00:34:24,710
the vertical lines he said that could

807
00:34:29,830 --> 00:34:26,960
only be done by rain and we're talking a

808
00:34:32,710 --> 00:34:29,840
lot of rain and so by looking at climate

809
00:34:35,200 --> 00:34:32,720
models he was able to figure out that

810
00:34:38,080 --> 00:34:35,210
the last time substantial rain occurred

811
00:34:40,720 --> 00:34:38,090
in the Giza Plateau area was at least 10

812
00:34:42,780 --> 00:34:40,730
to 12 thousand years ago which is twice

813
00:34:46,210 --> 00:34:42,790

the age of the dynastic Egyptians

814

00:34:49,000 --> 00:34:46,220

civilization hmm yeah I love that it

815

00:34:50,889 --> 00:34:49,010

does seem to be pretty good evidence so

816

00:34:54,310 --> 00:34:50,899

I also wanted to jump to some kind of

817

00:34:57,190 --> 00:34:54,320

weird stuff that I've seen from you on

818

00:35:00,340 --> 00:34:57,200

your website and in pictures one of them

819

00:35:02,950 --> 00:35:00,350

would be this amphibian humanoid being

820

00:35:05,109 --> 00:35:02,960

skull that was found in a cave labyrinth

821

00:35:07,090 --> 00:35:05,119

in Peru apparently it wasn't the only

822

00:35:10,900 --> 00:35:07,100

one but it has to be one of the most

823

00:35:14,260 --> 00:35:10,910

interesting heads I've ever seen yeah

824

00:35:17,800 --> 00:35:14,270

that's so I kind of hesitated to even

825

00:35:20,590 --> 00:35:17,810

show it because it is it is so bizarre I

826
00:35:22,840 --> 00:35:20,600
was said when we were in Cusco about

827
00:35:25,840 --> 00:35:22,850
two-and-a-half months ago I was sent

828
00:35:27,370 --> 00:35:25,850
photographs of that little skull and of

829
00:35:30,130 --> 00:35:27,380
course it looked like it was fake or

830
00:35:32,560 --> 00:35:30,140
made out of paper mache or something

831
00:35:34,240 --> 00:35:32,570
like that but the man who has it

832
00:35:37,630 --> 00:35:34,250
contacted me and said would you like

833
00:35:40,090 --> 00:35:37,640
this or I I said can I see it and when

834
00:35:43,470 --> 00:35:40,100
we actually went to see it you can tell

835
00:35:46,770 --> 00:35:43,480
that it was once some kind of life-form

836
00:35:49,410 --> 00:35:46,780
my training is in biology all

837
00:35:52,400 --> 00:35:49,420
so good for them and they took it and

838
00:35:56,930 --> 00:35:52,410

also this very large three fingered hand

839

00:36:01,200 --> 00:35:56,940

to be x-rayed in Cusco at a hospital and

840

00:36:03,870 --> 00:36:01,210

the radiologist who both took the x-ray

841

00:36:05,700 --> 00:36:03,880

scan examined these artifacts said yeah

842

00:36:07,380 --> 00:36:05,710

I think these are you know these were

843

00:36:10,140 --> 00:36:07,390

once life forms of some kind I don't

844

00:36:12,210 --> 00:36:10,150

know what but they don't seem to be

845

00:36:14,550 --> 00:36:12,220

faking it he kept insisting these are

846

00:36:19,080 --> 00:36:14,560

not fake these you know this is bone

847

00:36:21,810 --> 00:36:19,090

this is skin what it is I don't know and

848

00:36:23,820 --> 00:36:21,820

I love that three fingered hand as well

849

00:36:26,250 --> 00:36:23,830

it's got fingers that are much longer

850

00:36:28,350 --> 00:36:26,260

than ours at first I thought it was the

851

00:36:30,030 --> 00:36:28,360

bones of some type of fin without the

852

00:36:31,770 --> 00:36:30,040

blood on it but that theory was tossed

853

00:36:34,320 --> 00:36:31,780

out the window when you zoom in on the

854

00:36:37,160 --> 00:36:34,330

fingernails and that's a little creepy

855

00:36:39,900 --> 00:36:37,170

but it is clearly a hand of some kind

856

00:36:42,300 --> 00:36:39,910

yeah it you know the elongated skulls

857

00:36:44,820 --> 00:36:42,310

are one thing but these are I was in

858

00:36:48,210 --> 00:36:44,830

complete shock with and we happen to

859

00:36:51,690 --> 00:36:48,220

have two local native healers slash

860

00:36:53,070 --> 00:36:51,700

shaman's with us looking at them and I

861

00:36:55,680 --> 00:36:53,080

guess the difference between North

862

00:36:58,200 --> 00:36:55,690

America and Europe in terms of mentality

863

00:36:59,970 --> 00:36:58,210

is that native people tend to be I guess

864

00:37:01,680 --> 00:36:59,980

a little more open-minded and when I

865

00:37:03,210 --> 00:37:01,690

said what do you think these are they

866

00:37:04,640 --> 00:37:03,220

just looked and said well they look

867

00:37:10,860 --> 00:37:04,650

alien

868

00:37:12,810 --> 00:37:10,870

in places like Mexico and Peru yeah I've

869

00:37:14,760 --> 00:37:12,820

heard that because they apparently see

870

00:37:18,000 --> 00:37:14,770

them so often it isn't really a big deal

871

00:37:20,370 --> 00:37:18,010

so yeah that mummified amphibian

872

00:37:22,950 --> 00:37:20,380

humanoid looks like a frogman set or

873

00:37:24,990 --> 00:37:22,960

something but apparently yes from the

874

00:37:26,910 --> 00:37:25,000

x-rays it shows that their sinus

875

00:37:29,730 --> 00:37:26,920

cavities in it there's plenty of

876

00:37:31,920 --> 00:37:29,740

indications that it is was a real thing

877

00:37:34,020 --> 00:37:31,930

can you tell us about anything else was

878

00:37:39,240 --> 00:37:34,030

this some three-fingered hands found

879

00:37:41,430 --> 00:37:39,250

near the frog skull again it's not based

880

00:37:43,770 --> 00:37:41,440

on me visiting the actual location

881

00:37:45,870 --> 00:37:43,780

because that's that's it's very

882

00:37:49,170 --> 00:37:45,880

controversial at the moment but the

883

00:37:53,100 --> 00:37:49,180

basic story we were given was that these

884

00:37:55,290 --> 00:37:53,110

two specimens are from either a cave or

885

00:37:58,200 --> 00:37:55,300

a labyrinth in the Nazca area of Peru

886

00:38:00,329 --> 00:37:58,210

which is just south of me here and they

887

00:38:03,269 --> 00:38:00,339

were found in a large stone

888

00:38:06,989 --> 00:38:03,279

Coffee Koosh containing numerous other

889

00:38:09,839 --> 00:38:06,999

body parts of odd-looking beings and

890

00:38:12,809 --> 00:38:09,849

that the white material that's on the

891

00:38:15,630 --> 00:38:12,819

surface is icy the clay of the area it's

892

00:38:17,339 --> 00:38:15,640

what the ground is made of so they could

893

00:38:20,519 --> 00:38:17,349

have been sitting in this stone block

894

00:38:23,370 --> 00:38:20,529

for hundreds if not thousands of years I

895

00:38:25,499 --> 00:38:23,380

keep making inquiries as to going to see

896

00:38:27,870 --> 00:38:25,509

the location but unfortunately what's

897

00:38:30,779 --> 00:38:27,880

happening is the people who control the

898

00:38:33,569 --> 00:38:30,789

site and area are selling these odd

899

00:38:36,690 --> 00:38:33,579

artifacts off against the foreigners and

900

00:38:38,339 --> 00:38:36,700

so they don't want anyone there because

901
00:38:40,769 --> 00:38:38,349
if the government finds out where this

902
00:38:44,069 --> 00:38:40,779
location is they will immediately move

903
00:38:46,709 --> 00:38:44,079
in and grab it as an ancient historical

904
00:38:50,670 --> 00:38:46,719
site so these people are supposedly

905
00:38:52,709 --> 00:38:50,680
quite armed and dangerous but I am still

906
00:38:54,450 --> 00:38:52,719
trying to negotiate to try to go you

907
00:38:56,819 --> 00:38:54,460
know even if ACTA blindfolds when you're

908
00:38:59,549 --> 00:38:56,829
something I just I'd like to see if

909
00:39:01,890 --> 00:38:59,559
there is more to this but the two people

910
00:39:04,289 --> 00:39:01,900
who are acquainted with these objects

911
00:39:06,239 --> 00:39:04,299
they're very honest people they don't

912
00:39:08,729 --> 00:39:06,249
want to make money from this they're

913
00:39:11,249 --> 00:39:08,739

just curious like we are as to what

914

00:39:13,469 --> 00:39:11,259

these things are and hopefully DNA

915

00:39:16,140 --> 00:39:13,479

testing will be done and radiocarbon to

916

00:39:17,969 --> 00:39:16,150

see how old they are yeah absolutely I

917

00:39:20,160 --> 00:39:17,979

would love to know more about them but

918

00:39:20,700 --> 00:39:20,170

yeah unfortunately it just is what it is

919

00:39:23,279 --> 00:39:20,710

right now

920

00:39:25,259 --> 00:39:23,289

but you know studying oral traditions as

921

00:39:28,019 --> 00:39:25,269

you have is there anything in the area

922

00:39:29,690 --> 00:39:28,029

in terms of oral stories or traditions

923

00:39:32,609 --> 00:39:29,700

that could tie into these findings

924

00:39:35,160 --> 00:39:32,619

there's so many stories as you mentioned

925

00:39:38,069 --> 00:39:35,170

about people having sightings mainly of

926
00:39:41,700 --> 00:39:38,079
glowing orbs or you know flying saucers

927
00:39:43,859 --> 00:39:41,710
or discs etc it's widely accepted that

928
00:39:46,079 --> 00:39:43,869
off planetary beings have been visiting

929
00:39:48,630 --> 00:39:46,089
this area especially around Lake

930
00:39:50,609 --> 00:39:48,640
Titicaca and Nazca for thousands of

931
00:39:53,190 --> 00:39:50,619
years and so local people don't

932
00:39:55,289 --> 00:39:53,200
understand our fascination because

933
00:39:56,999 --> 00:39:55,299
they've heard from their parents and

934
00:40:00,329 --> 00:39:57,009
grandparents and great-grandparents

935
00:40:02,880 --> 00:40:00,339
about contact or sites or dissertations

936
00:40:05,969 --> 00:40:02,890
and things like that I love it it's such

937
00:40:07,589 --> 00:40:05,979
a different type of way to handle things

938
00:40:09,900 --> 00:40:07,599

in the way we do over here it's just

939

00:40:12,509 --> 00:40:09,910

it's fun to hear about how different it

940

00:40:14,099 --> 00:40:12,519

is to switch gears slightly of course I

941

00:40:16,440 --> 00:40:14,109

couldn't read all your books but I did

942

00:40:18,599 --> 00:40:16,450

read a couple and I really liked crimson

943

00:40:20,549 --> 00:40:18,609

horizon in particular where you talk

944

00:40:22,859 --> 00:40:20,559

about the mysteries of Easter Island

945

00:40:24,630 --> 00:40:22,869

which is kind of in the neighborhood of

946

00:40:27,089 --> 00:40:24,640

these areas we're discussing where you

947

00:40:29,009 --> 00:40:27,099

find most intriguing about Easter Island

948

00:40:32,640 --> 00:40:29,019

and can it really be tied back to these

949

00:40:34,849 --> 00:40:32,650

areas in Peru very much so it's all part

950

00:40:37,319 --> 00:40:34,859

of looking at the migration pattern and

951
00:40:39,420 --> 00:40:37,329
ancient migration patterns of people

952
00:40:41,759 --> 00:40:39,430
because it's quite likely that the

953
00:40:43,559 --> 00:40:41,769
practice for example did not originate

954
00:40:45,870 --> 00:40:43,569
on the coast of Peru they could have

955
00:40:48,900 --> 00:40:45,880
come from somewhere farther to the west

956
00:40:52,319 --> 00:40:48,910
and what makes Easter Island pivotal is

957
00:40:54,420 --> 00:40:52,329
that it would be for maritime people or

958
00:40:56,400 --> 00:40:54,430
travelers it would be a perfect stopping

959
00:40:58,739 --> 00:40:56,410
place if you were going east or west

960
00:41:01,499 --> 00:40:58,749
because it's ancient name literally

961
00:41:04,220 --> 00:41:01,509
means the land of flowing water or

962
00:41:07,259 --> 00:41:04,230
weeping waters because there are giant

963
00:41:10,559 --> 00:41:07,269

caverns inside the island which are

964

00:41:12,599 --> 00:41:10,569

storehouses of water due to its volcanic

965

00:41:15,239 --> 00:41:12,609

nature there are also ancient oral

966

00:41:18,839 --> 00:41:15,249

traditions that when the first people

967

00:41:21,479 --> 00:41:18,849

who were their pre polynesian that there

968

00:41:24,479 --> 00:41:21,489

were blonde and red haired people with

969

00:41:26,759 --> 00:41:24,489

light skin a quite tall stature who the

970

00:41:29,819 --> 00:41:26,769

Polynesians first encountered probably

971

00:41:32,039 --> 00:41:29,829

2,000 years ago and even when Dan

972

00:41:33,599 --> 00:41:32,049

Roggeveen who was the first European to

973

00:41:36,479 --> 00:41:33,609

land there and he's the one who called

974

00:41:38,940 --> 00:41:36,489

it Easter Island he noted in his ship's

975

00:41:41,279 --> 00:41:38,950

log but he saw people who were of dark

976

00:41:46,970 --> 00:41:41,289

complexion light complexion black hair

977

00:41:49,410 --> 00:41:46,980

red hair blond hair tall and short a

978

00:41:52,769 --> 00:41:49,420

multicultural center of sorts it seems

979

00:41:55,380 --> 00:41:52,779

yeah well very much a crossroads yeah

980

00:41:57,870 --> 00:41:55,390

and another element that was interesting

981

00:41:59,940 --> 00:41:57,880

what about this wrong go rune go tablet

982

00:42:01,890 --> 00:41:59,950

apparently no other Polynesian culture

983

00:42:03,329 --> 00:42:01,900

had a hieroglyphic system but this seems

984

00:42:06,539 --> 00:42:03,339

to be something in that neighborhood

985

00:42:08,579 --> 00:42:06,549

right very much so no other Polynesian

986

00:42:10,979 --> 00:42:08,589

you know called the Polynesian cultures

987

00:42:12,839 --> 00:42:10,989

have not even hieroglyphs but they have

988

00:42:14,489 --> 00:42:12,849

petroglyphs and they tend to be quite

989

00:42:17,249 --> 00:42:14,499

simple like you'll see a stick figure of

990

00:42:19,890 --> 00:42:17,259

a person or a dog or the symbol of a son

991

00:42:22,259 --> 00:42:19,900

something like that but the wrong go

992

00:42:23,849 --> 00:42:22,269

wrong go text unfortunately most of them

993

00:42:25,979 --> 00:42:23,859

were destroyed by the missionaries

994

00:42:27,840 --> 00:42:25,989

because they were thought to be taboo

995

00:42:30,060 --> 00:42:27,850

and they were carved on wood

996

00:42:32,550 --> 00:42:30,070

bored so they'd be easy to burn but the

997

00:42:34,170 --> 00:42:32,560

probable story behind that is that it's

998

00:42:37,740 --> 00:42:34,180

likely that the wrong go wrong go

999

00:42:40,950 --> 00:42:37,750

existed with this pre Polynesian culture

1000

00:42:43,950 --> 00:42:40,960

and it was their system of language and

1001

00:42:47,310 --> 00:42:43,960

there is the possibility that that

1002

00:42:48,570 --> 00:42:47,320

system of symbols originated somewhere

1003

00:42:51,960 --> 00:42:48,580

in the Indus Valley

1004

00:42:54,000 --> 00:42:51,970

I guess when it's compared to things

1005

00:42:57,780 --> 00:42:54,010

around the world can it be read or

1006

00:43:00,240 --> 00:42:57,790

decoded to any degree no but the one

1007

00:43:03,330 --> 00:43:00,250

code system that it looks most similar

1008

00:43:07,290 --> 00:43:03,340

to is an ancient code from the Indus

1009

00:43:10,770 --> 00:43:07,300

Valley of the India area man so many

1010

00:43:13,200 --> 00:43:10,780

mysteries and I love also the idea of

1011

00:43:15,300 --> 00:43:13,210

lost continents which you get into a

1012

00:43:17,910 --> 00:43:15,310

little bit in crimson horizon where you

1013

00:43:19,710 --> 00:43:17,920

say that speculation and controversy or

1014

00:43:21,750 --> 00:43:19,720

ripe with the thought that a continent

1015

00:43:23,460 --> 00:43:21,760

once existed in the Pacific Ocean in the

1016

00:43:25,230 --> 00:43:23,470

distant past and that the people who

1017

00:43:27,270 --> 00:43:25,240

presently live on the islands we have

1018

00:43:29,880 --> 00:43:27,280

already discussed as well as Peru our

1019

00:43:32,190 --> 00:43:29,890

descendants of such a sunken realm and

1020

00:43:35,010 --> 00:43:32,200

you go on to say that most common names

1021

00:43:38,070 --> 00:43:35,020

for this sunken continent are bloom area

1022

00:43:39,840 --> 00:43:38,080

and MU based on what little we know are

1023

00:43:42,480 --> 00:43:39,850

these descriptions close enough to

1024

00:43:45,030 --> 00:43:42,490

suggest we have two titles for this for

1025

00:43:46,740 --> 00:43:45,040

the same place or are the stories

1026
00:43:49,590 --> 00:43:46,750
different enough to suggest two separate

1027
00:43:51,870 --> 00:43:49,600
places I think it's more likely that mu

1028
00:43:55,020 --> 00:43:51,880
is the original name I think Lemuria was

1029
00:43:58,200 --> 00:43:55,030
made up in the 18th century so there is

1030
00:44:00,630 --> 00:43:58,210
a Hawaiian oral tradition that says that

1031
00:44:02,520 --> 00:44:00,640
before the Tahitian people who were the

1032
00:44:05,130 --> 00:44:02,530
ancestors of most of the Hawaiians

1033
00:44:09,090 --> 00:44:05,140
arrived in Hawaii that there were people

1034
00:44:11,430 --> 00:44:09,100
living there again and and and you get

1035
00:44:14,070 --> 00:44:11,440
the same story in New Zealand again we

1036
00:44:17,400 --> 00:44:14,080
have these red-headed people with very

1037
00:44:19,680 --> 00:44:17,410
light skin and there are still people

1038
00:44:22,710 --> 00:44:19,690

who live in Hawaii that have this

1039

00:44:25,560 --> 00:44:22,720

genetic dark red hair it's called a who

1040

00:44:27,960 --> 00:44:25,570

which means red-haired interesting

1041

00:44:29,400 --> 00:44:27,970

come here keeps coming up and maybe this

1042

00:44:31,470 --> 00:44:29,410

means nothing but it is kind of

1043

00:44:35,840 --> 00:44:31,480

interesting that phonetically you have

1044

00:44:38,580 --> 00:44:35,850

mu right in the middle of lumeria yeah

1045

00:44:41,160 --> 00:44:38,590

and maybe it means nothing well in in

1046

00:44:43,890 --> 00:44:41,170

one of my latest books which is

1047

00:44:46,259 --> 00:44:43,900

after shark and that's about ancient

1048

00:44:49,890 --> 00:44:46,269

Cataclysm that I think destroyed all of

1049

00:44:51,660 --> 00:44:49,900

the megalithic societies about 12,000

1050

00:44:53,910 --> 00:44:51,670

years ago and this is based on science

1051
00:44:55,589 --> 00:44:53,920
which is collecting more data and that's

1052
00:44:58,200 --> 00:44:55,599
at the end of the last ice age was

1053
00:45:00,299 --> 00:44:58,210
12,000 years ago and it was not a

1054
00:45:03,660 --> 00:45:00,309
gradual process it was very traumatic

1055
00:45:06,089 --> 00:45:03,670
and rapid and even again dr. Robert

1056
00:45:07,650 --> 00:45:06,099
Schoch believes that the rising of the

1057
00:45:09,809 --> 00:45:07,660
sea level which is more than three

1058
00:45:11,880 --> 00:45:09,819
hundred feet at the end of the Ice Age

1059
00:45:14,970 --> 00:45:11,890
could have taken as little as two weeks

1060
00:45:17,849 --> 00:45:14,980
and so that would have been the

1061
00:45:20,870 --> 00:45:17,859
disappearance of the so-called lost

1062
00:45:23,279 --> 00:45:20,880
continents rather than Atlantis or MU

1063
00:45:25,440 --> 00:45:23,289

sinking into the ocean it was the rising

1064

00:45:29,009 --> 00:45:25,450

of the sea level that buried the land

1065

00:45:30,779 --> 00:45:29,019

masses forcing survivors to flee to

1066

00:45:33,269 --> 00:45:30,789

rebuild their societies in other

1067

00:45:37,079 --> 00:45:33,279

locations mm-hmm I think that makes

1068

00:45:40,319 --> 00:45:37,089

perfect sense and as for what we hear

1069

00:45:41,400 --> 00:45:40,329

about lumeria or lou marian lore in the

1070

00:45:44,400 --> 00:45:41,410

book you said that one of the most

1071

00:45:47,190 --> 00:45:44,410

elaborate accounts of lost continents

1072

00:45:50,549 --> 00:45:47,200

was given by the Theosophical author

1073

00:45:52,620 --> 00:45:50,559

William Scott Eliot a name I'm not

1074

00:45:53,960 --> 00:45:52,630

familiar with but what did he had to say

1075

00:45:56,370 --> 00:45:53,970

about it

1076
00:45:58,559 --> 00:45:56,380
honestly I don't remember god that goes

1077
00:46:00,809 --> 00:45:58,569
way way back in time I don't remember

1078
00:46:03,599 --> 00:46:00,819
but I do know that the Theosophical

1079
00:46:06,630 --> 00:46:03,609
society were a 19th century group of

1080
00:46:09,390 --> 00:46:06,640
thinkers who were collectors of ancient

1081
00:46:13,440 --> 00:46:09,400
esoteric knowledge so they were very big

1082
00:46:17,400 --> 00:46:13,450
on subjects like Atlantis as well as mu

1083
00:46:18,120 --> 00:46:17,410
or Lemuria and what's happened to their

1084
00:46:22,109 --> 00:46:18,130
information

1085
00:46:24,809 --> 00:46:22,119
I owe there enough there are a lot of

1086
00:46:26,880 --> 00:46:24,819
names for sure and just on the subject

1087
00:46:29,460 --> 00:46:26,890
one more thing apparently as far as

1088
00:46:31,829 --> 00:46:29,470

moves concerned it being a lost Pacific

1089

00:46:34,829 --> 00:46:31,839

Ocean continent it was popularized by a

1090

00:46:36,809 --> 00:46:34,839

guy named James Church Ward you relay

1091

00:46:39,539 --> 00:46:36,819

his story saying that Church Ward claims

1092

00:46:41,819 --> 00:46:39,549

that while he was a soldier in India he

1093

00:46:44,190 --> 00:46:41,829

befriended a high-ranking temple priest

1094

00:46:47,849 --> 00:46:44,200

who showed him a set of ancient clay

1095

00:46:49,920 --> 00:46:47,859

tablets supposedly in a long-lost Naga

1096

00:46:51,839 --> 00:46:49,930

Maya language which only two other

1097

00:46:53,700 --> 00:46:51,849

people in India could read having

1098

00:46:54,490 --> 00:46:53,710

mastered the language himself Church

1099

00:46:56,740 --> 00:46:54,500

wards

1100

00:46:58,900 --> 00:46:56,750

found out that they originated from

1101
00:47:02,200 --> 00:46:58,910
quote the place where man first appeared

1102
00:47:04,330 --> 00:47:02,210
called Moo gotta love it man very

1103
00:47:07,180 --> 00:47:04,340
provocative I guess is there anything

1104
00:47:08,740 --> 00:47:07,190
else noteworthy any I mean obviously you

1105
00:47:10,839 --> 00:47:08,750
know we're grasping at threads when it

1106
00:47:12,099 --> 00:47:10,849
comes to a lost continent but is there

1107
00:47:13,690 --> 00:47:12,109
anything else in your studies that you

1108
00:47:17,290 --> 00:47:13,700
found interesting about that idea of a

1109
00:47:19,750 --> 00:47:17,300
lost continent in the Pacific yeah tersh

1110
00:47:22,000 --> 00:47:19,760
word Road I think four or five books and

1111
00:47:24,810 --> 00:47:22,010
of course he was laughed at it at the

1112
00:47:27,220 --> 00:47:24,820
time by academics but he he did a lot of

1113
00:47:28,960 --> 00:47:27,230

on-the-ground investigations and that's

1114

00:47:31,450 --> 00:47:28,970

where he was able to develop these

1115

00:47:34,839 --> 00:47:31,460

possible connections between the

1116

00:47:38,050 --> 00:47:34,849

ancestors of the Maya and areas of India

1117

00:47:39,339 --> 00:47:38,060

Tibet and maybe Nepal again that's it

1118

00:47:40,839 --> 00:47:39,349

that's where you know we were just

1119

00:47:43,170 --> 00:47:40,849

discussing the whole idea about the

1120

00:47:46,480 --> 00:47:43,180

rongorongo language may have come from

1121

00:47:49,120 --> 00:47:46,490

the Indus Valley area and that tells us

1122

00:47:52,630 --> 00:47:49,130

that people were traveling utilizing the

1123

00:47:53,589 --> 00:47:52,640

Pacific and Indian Oceans a lot in the

1124

00:47:56,650 --> 00:47:53,599

distant past

1125

00:47:58,630 --> 00:47:56,660

I think we're curious is I lived on Maui

1126

00:48:01,150 --> 00:47:58,640

for two years being involved in a

1127

00:48:03,099 --> 00:48:01,160

cultural project there and when we

1128

00:48:05,320 --> 00:48:03,109

looked at a topographical map because

1129

00:48:08,079 --> 00:48:05,330

the people I was working with there were

1130

00:48:09,730 --> 00:48:08,089

all kind of studying the same topic more

1131

00:48:12,490 --> 00:48:09,740

or less based on Graham Hancock's work

1132

00:48:16,109 --> 00:48:12,500

we noted that if you lowered the sea

1133

00:48:18,220 --> 00:48:16,119

level of the Pacific by 300 feet

1134

00:48:20,980 --> 00:48:18,230

basically all of the islands of Hawaii

1135

00:48:24,510 --> 00:48:20,990

would have been connected so I honestly

1136

00:48:29,740 --> 00:48:24,520

believe that mu or Lemuria was Hawaii

1137

00:48:31,690 --> 00:48:29,750

Wow fascinating man another interesting

1138

00:48:33,660 --> 00:48:31,700

piece of info that you have in the book

1139

00:48:37,030 --> 00:48:33,670

as it relates to the possibility of

1140

00:48:40,060 --> 00:48:37,040

radical change in the past is you say

1141

00:48:42,490 --> 00:48:40,070

that according to one theory Madagascar

1142

00:48:44,920 --> 00:48:42,500

and India were indeed once part of the

1143

00:48:47,410 --> 00:48:44,930

same landmass thus accounting for their

1144

00:48:49,510 --> 00:48:47,420

geological resemblances but plate

1145

00:48:51,370 --> 00:48:49,520

movement caused India to break away

1146

00:48:53,290 --> 00:48:51,380

millions of years ago and move to its

1147

00:48:55,960 --> 00:48:53,300

present location colliding with the

1148

00:48:58,359 --> 00:48:55,970

Asian mainland and forming the Himalaya

1149

00:49:01,480 --> 00:48:58,369

Mountains which are supposedly still

1150

00:49:04,420 --> 00:49:01,490

growing vertically to this day and man

1151
00:49:05,980 --> 00:49:04,430
that's cool how about that yeah and I

1152
00:49:07,750 --> 00:49:05,990
see it's the same with the Andes here

1153
00:49:07,960 --> 00:49:07,760
the Andes are still growing because you

1154
00:49:10,660 --> 00:49:07,970
have

1155
00:49:12,580 --> 00:49:10,670
the Pacific plate and the Nazca plate

1156
00:49:15,280 --> 00:49:12,590
that are grinding against each other and

1157
00:49:17,800 --> 00:49:15,290
that's also why of course it's quite a

1158
00:49:19,720 --> 00:49:17,810
volcanic earthquake prone area because

1159
00:49:23,080 --> 00:49:19,730
once in a while one of the plates will

1160
00:49:25,690 --> 00:49:23,090
flip and hopefully not in the in the

1161
00:49:27,820 --> 00:49:25,700
near future create a quite a massive

1162
00:49:31,930 --> 00:49:27,830
earthquake because this is part of the

1163
00:49:33,609 --> 00:49:31,940

so called Ring of Fire hmm and of course

1164

00:49:35,890 --> 00:49:33,619

talking about those kind of things

1165

00:49:39,130 --> 00:49:35,900

that's a time depth of millions of years

1166

00:49:41,380 --> 00:49:39,140

ago apparently so it doesn't really have

1167

00:49:45,280 --> 00:49:41,390

much to do with the people were talking

1168

00:49:47,530 --> 00:49:45,290

about but as far as a cataclysm roughly

1169

00:49:49,120 --> 00:49:47,540

10 to 12 thousand years ago of course we

1170

00:49:51,550 --> 00:49:49,130

hear guys like Graham Hancock and

1171

00:49:53,830 --> 00:49:51,560

Randall Carlson talking about a meteor

1172

00:49:55,330 --> 00:49:53,840

impact that would have hit the huge ice

1173

00:49:58,270 --> 00:49:55,340

sheets during this period to cause

1174

00:50:00,010 --> 00:49:58,280

massive flooding but you seem to be more

1175

00:50:01,990 --> 00:50:00,020

in the camp that it could have been some

1176
00:50:04,570 --> 00:50:02,000
type of plasma burst that that would be

1177
00:50:06,609 --> 00:50:04,580
more likely is that right yeah the

1178
00:50:08,830 --> 00:50:06,619
reason why I wrote my book aftershock is

1179
00:50:11,080 --> 00:50:08,840
because there are so many different

1180
00:50:12,849 --> 00:50:11,090
theories but the interesting thing is

1181
00:50:14,290 --> 00:50:12,859
the timeline is almost always the same

1182
00:50:17,260 --> 00:50:14,300
it's always about twelve thousand years

1183
00:50:21,430 --> 00:50:17,270
ago so I looked at all of the research I

1184
00:50:23,290 --> 00:50:21,440
could and I think what happened there's

1185
00:50:25,420 --> 00:50:23,300
one theory that it was plasma ejection

1186
00:50:29,380 --> 00:50:25,430
from the Sun and that's Robert Schoch

1187
00:50:32,950 --> 00:50:29,390
theory another theory is comet or comets

1188
00:50:35,710 --> 00:50:32,960

part impact or close flyby which would

1189

00:50:38,589 --> 00:50:35,720

be more of the Graham Hancock idea

1190

00:50:42,250 --> 00:50:38,599

there's also paul la viola is an

1191

00:50:44,710 --> 00:50:42,260

american physicist and he believes that

1192

00:50:47,079 --> 00:50:44,720

actually galactic center is not a black

1193

00:50:49,390 --> 00:50:47,089

hole but it's a pulsar and that once

1194

00:50:53,349 --> 00:50:49,400

every approximately thirteen thousand

1195

00:50:55,210 --> 00:50:53,359

years it erupts with energy and so that

1196

00:50:58,060 --> 00:50:55,220

energy would cross the Galactic plane

1197

00:51:00,460 --> 00:50:58,070

and so I think all of these theories can

1198

00:51:03,250 --> 00:51:00,470

be put together I believe Paul loved

1199

00:51:05,140 --> 00:51:03,260

your lips idea that there is this this

1200

00:51:07,089 --> 00:51:05,150

eruption that happened from galactic

1201
00:51:10,510 --> 00:51:07,099
center about every thirteen thousand

1202
00:51:13,720 --> 00:51:10,520
years and so that wave of energy of

1203
00:51:16,030 --> 00:51:13,730
cosmic energy and gamma rays and things

1204
00:51:18,250 --> 00:51:16,040
like that could have grabbed things like

1205
00:51:20,589 --> 00:51:18,260
comets in their paths that have gone

1206
00:51:21,550 --> 00:51:20,599
straight through the Sun and caused

1207
00:51:24,940 --> 00:51:21,560
solar

1208
00:51:26,740 --> 00:51:24,950
plasma bursts on the other side so I

1209
00:51:29,470 --> 00:51:26,750
think with the system of all of these

1210
00:51:33,220 --> 00:51:29,480
events and it could have been something

1211
00:51:34,990 --> 00:51:33,230
that wasn't a one-time thing but could

1212
00:51:37,330 --> 00:51:35,000
have taken place over the course of two

1213
00:51:38,980 --> 00:51:37,340

or three hundred years right I mean that

1214

00:51:41,230 --> 00:51:38,990

throws another wrench in things that it

1215

00:51:44,350 --> 00:51:41,240

doesn't even have to be one particular

1216

00:51:46,510 --> 00:51:44,360

method of destruction but as debated a

1217

00:51:48,940 --> 00:51:46,520

topic is that is you're right a lot of

1218

00:51:51,250 --> 00:51:48,950

researchers are focusing on that younger

1219

00:51:54,640 --> 00:51:51,260

driest period that 10 to 12 thousand

1220

00:51:57,040 --> 00:51:54,650

years ago this window of time and I

1221

00:51:59,950 --> 00:51:57,050

guess a picture does start to emerge

1222

00:52:02,310 --> 00:51:59,960

when you think about global flood myths

1223

00:52:06,220 --> 00:52:02,320

rising waters around that time

1224

00:52:09,130 --> 00:52:06,230

destroying the high societies of their

1225

00:52:11,920 --> 00:52:09,140

day and resulting in the megaliths that

1226

00:52:13,780 --> 00:52:11,930

we find now I mean there is a bit of a

1227

00:52:14,920 --> 00:52:13,790

clarity to that narrative when you

1228

00:52:18,400 --> 00:52:14,930

really put all the pieces together

1229

00:52:21,460 --> 00:52:18,410

wouldn't you say yeah definitely and

1230

00:52:23,860 --> 00:52:21,470

another thing to consider is there are

1231

00:52:26,070 --> 00:52:23,870

ancient oral traditions to talk about a

1232

00:52:30,010 --> 00:52:26,080

time when there were only two seasons

1233

00:52:33,160 --> 00:52:30,020

not four and so if you look at our

1234

00:52:35,500 --> 00:52:33,170

planet which is presently at a tilt of

1235

00:52:38,050 --> 00:52:35,510

23 and a half degrees which doesn't seem

1236

00:52:39,820 --> 00:52:38,060

to be something the universe would

1237

00:52:42,310 --> 00:52:39,830

create you think everything would be in

1238

00:52:44,950 --> 00:52:42,320

perfect harmony then when you also find

1239

00:52:47,800 --> 00:52:44,960

the asteroid belt was likely a planet

1240

00:52:50,500 --> 00:52:47,810

you have the planet of Uranus lying on

1241

00:52:52,300 --> 00:52:50,510

its side and I think Venus is rotating

1242

00:52:54,430 --> 00:52:52,310

backwards that could very well be

1243

00:52:58,000 --> 00:52:54,440

evidence of an ancient series of

1244

00:53:00,970 --> 00:52:58,010

Cataclysm coming from outside or or

1245

00:53:03,000 --> 00:53:00,980

possibly inside of our solar system

1246

00:53:06,340 --> 00:53:03,010

so if our planet was originally

1247

00:53:08,200 --> 00:53:06,350

perfectly vertical that's where we

1248

00:53:11,320 --> 00:53:08,210

learned the stories of woolly mammoths

1249

00:53:14,170 --> 00:53:11,330

being found flash-frozen in Siberia with

1250

00:53:16,180 --> 00:53:14,180

food still in their mouths and it could

1251
00:53:19,330 --> 00:53:16,190
very well be that this cataclysmic event

1252
00:53:21,940 --> 00:53:19,340
hit the earth so hard that it caused

1253
00:53:24,730 --> 00:53:21,950
this 23 and a half degree shift and that

1254
00:53:27,460 --> 00:53:24,740
would be so destructive because almost

1255
00:53:29,800 --> 00:53:27,470
instantaneously you would have temperate

1256
00:53:32,410 --> 00:53:29,810
places becoming Arctic Arctic becoming

1257
00:53:35,300 --> 00:53:32,420
temperate tropical becoming temperate

1258
00:53:37,040 --> 00:53:35,310
and there is some interest now in

1259
00:53:39,050 --> 00:53:37,050
Antarctica there's a lot of scientific

1260
00:53:41,660 --> 00:53:39,060
research going on down there and there

1261
00:53:44,660 --> 00:53:41,670
are theories that Antarctica is

1262
00:53:47,030 --> 00:53:44,670
obviously a landmass but 12,000 years

1263
00:53:48,520 --> 00:53:47,040

ago it probably or at least parts of it

1264

00:53:51,770 --> 00:53:48,530

would have been in a temperate climate

1265

00:53:56,150 --> 00:53:51,780

so there are some researchers that think

1266

00:53:58,010 --> 00:53:56,160

that Atlantis actually is Antarctica so

1267

00:53:59,540 --> 00:53:58,020

we're getting kind of near the end of

1268

00:54:02,420 --> 00:53:59,550

the road here I wanted to come back to

1269

00:54:04,220 --> 00:54:02,430

the practice skulls a bit there's such a

1270

00:54:06,380 --> 00:54:04,230

big piece of your work you're so

1271

00:54:09,950 --> 00:54:06,390

knowledgeable about them and apparently

1272

00:54:12,860 --> 00:54:09,960

there has been some DNA testing done

1273

00:54:14,450 --> 00:54:12,870

recently can you break down the findings

1274

00:54:18,280 --> 00:54:14,460

for us commoners on what the major

1275

00:54:20,990 --> 00:54:18,290

takeaways are from these test results

1276

00:54:23,600 --> 00:54:21,000

sure it's been an incredibly painful

1277

00:54:27,530 --> 00:54:23,610

process to do this because there are no

1278

00:54:31,490 --> 00:54:27,540

ancient DNA testing laboratories in Peru

1279

00:54:33,710 --> 00:54:31,500

and the top ten and there only are about

1280

00:54:36,590 --> 00:54:33,720

ten that can deal with two

1281

00:54:39,770 --> 00:54:36,600

thousand-year-old DNA are located in

1282

00:54:43,160 --> 00:54:39,780

North America and Europe so trying to

1283

00:54:45,470 --> 00:54:43,170

get them to do the testing has been very

1284

00:54:48,050 --> 00:54:45,480

difficult because they tend to be closed

1285

00:54:51,320 --> 00:54:48,060

shops like they belong to a university

1286

00:54:53,480 --> 00:54:51,330

that doesn't take outside samples also

1287

00:54:55,850 --> 00:54:53,490

if they get a hint of what you're trying

1288

00:54:57,770 --> 00:54:55,860

to test just by the shape of the skulls

1289

00:55:00,350 --> 00:54:57,780

themselves they'll immediately say no

1290

00:55:02,570 --> 00:55:00,360

we're not interested so we were

1291

00:55:04,580 --> 00:55:02,580

fortunate in being able to have a sample

1292

00:55:08,780 --> 00:55:04,590

tested about three and a half years ago

1293

00:55:12,800 --> 00:55:08,790

in the United States and the geneticist

1294

00:55:15,830 --> 00:55:12,810

were perplexed because what happens when

1295

00:55:18,110 --> 00:55:15,840

you when your DNA test a sample from a

1296

00:55:21,230 --> 00:55:18,120

human being is that that sample is

1297

00:55:23,990 --> 00:55:21,240

compared with every other known human

1298

00:55:26,990 --> 00:55:24,000

sample and that's contained in a giant

1299

00:55:30,020 --> 00:55:27,000

database called Gentek so that's why

1300

00:55:31,880 --> 00:55:30,030

somebody in modern times can have a swab

1301
00:55:34,520 --> 00:55:31,890
taken from inside their mouth or a blood

1302
00:55:36,370 --> 00:55:34,530
sample and they can find it very rapidly

1303
00:55:38,980 --> 00:55:36,380
you know that there

1304
00:55:43,599 --> 00:55:38,990
you know said scotch-irish or 75%

1305
00:55:46,749 --> 00:55:43,609
scotch-irish or 85% of European ancestry

1306
00:55:48,940 --> 00:55:46,759
with a curious bit of Chinese throw and

1307
00:55:50,499 --> 00:55:48,950
thrown in I think these people like to

1308
00:55:52,329 --> 00:55:50,509
have their DNA tested in order to be

1309
00:55:55,029 --> 00:55:52,339
able to to see how interesting their

1310
00:55:56,890 --> 00:55:55,039
background is yeah but but when it comes

1311
00:55:58,690 --> 00:55:56,900
to ancient DNA testing it requires the

1312
00:56:02,259 --> 00:55:58,700
most sophisticated next-generation

1313
00:56:05,170 --> 00:56:02,269

sequencing and so we had one sample

1314

00:56:06,700 --> 00:56:05,180

taken and he wrote back and said this is

1315

00:56:08,200 --> 00:56:06,710

very strange because there are segments

1316

00:56:12,819 --> 00:56:08,210

of this DNA that don't match anything

1317

00:56:15,519 --> 00:56:12,829

human or ape or mammal or anything I can

1318

00:56:17,529 --> 00:56:15,529

find and that caused a worldwide shock

1319

00:56:19,420 --> 00:56:17,539

the unfortunate thing was he was

1320

00:56:21,970 --> 00:56:19,430

immediately fired because he was doing

1321

00:56:24,759 --> 00:56:21,980

this testing without the permission of

1322

00:56:26,680 --> 00:56:24,769

the owners of the laboratory but

1323

00:56:28,450 --> 00:56:26,690

fortunately we've been able to bring him

1324

00:56:31,630 --> 00:56:28,460

online because we were able to get

1325

00:56:36,099 --> 00:56:31,640

samples tested from a private collection

1326
00:56:39,039 --> 00:56:36,109
from Peru and only from for skulls but

1327
00:56:41,349 --> 00:56:39,049
the results indicated at the end SS

1328
00:56:43,900 --> 00:56:41,359
trees either your northern European or

1329
00:56:45,880 --> 00:56:43,910
Middle Eastern so that doesn't fit in

1330
00:56:47,920 --> 00:56:45,890
with the Bering Land Bridge hypothesis

1331
00:56:50,499 --> 00:56:47,930
that all Native Americans walked across

1332
00:56:52,960 --> 00:56:50,509
the Bering Land Bridge 12,000 years ago

1333
00:56:55,420 --> 00:56:52,970
so that's that's interesting but we've

1334
00:56:57,880 --> 00:56:55,430
been negotiating with the government

1335
00:57:00,640 --> 00:56:57,890
here and one of their departments

1336
00:57:03,609 --> 00:57:00,650
specifically for 25 months in order to

1337
00:57:06,730 --> 00:57:03,619
be able to have samples from one of the

1338
00:57:08,920 --> 00:57:06,740

official museums tested and I am hoping

1339

00:57:12,490 --> 00:57:08,930

and praying that we are within day like

1340

00:57:14,499 --> 00:57:12,500

literally days of being able to have

1341

00:57:17,829 --> 00:57:14,509

that done Wow

1342

00:57:20,319 --> 00:57:17,839

and so based on your alternative ideas

1343

00:57:22,210 --> 00:57:20,329

to the mainstream were you surprised or

1344

00:57:26,030 --> 00:57:22,220

are those kind of the results that you

1345

00:57:28,490 --> 00:57:26,040

kind of expected well

1346

00:57:31,130 --> 00:57:28,500

I of course I just go with what the data

1347

00:57:34,340 --> 00:57:31,140

tells me and the fact that the red hair

1348

00:57:36,050 --> 00:57:34,350

was was in existence indicated to me

1349

00:57:38,300 --> 00:57:36,060

that obviously there was something going

1350

00:57:41,930 --> 00:57:38,310

on that these people had come from

1351
00:57:44,210 --> 00:57:41,940
somewhere other than the local area they

1352
00:57:47,090 --> 00:57:44,220
were probably great seafarers and so

1353
00:57:51,020 --> 00:57:47,100
that's why the middle Eastern results I

1354
00:57:53,390 --> 00:57:51,030
found to be really interesting again the

1355
00:57:55,250 --> 00:57:53,400
northern European part could be that

1356
00:57:57,310 --> 00:57:55,260
both people were descended from people

1357
00:58:01,160 --> 00:57:57,320
from the Middle East there would be no

1358
00:58:03,740 --> 00:58:01,170
alien DNA detectable because as far as I

1359
00:58:06,410 --> 00:58:03,750
know GenBank does not have any alien DNA

1360
00:58:10,580 --> 00:58:06,420
to compare with but what we're simply

1361
00:58:15,350 --> 00:58:10,590
hoping or yeah hoping is that these 15

1362
00:58:18,140 --> 00:58:15,360
new samples will be very similar to the

1363
00:58:19,580 --> 00:58:18,150

fourth we've already had tested and if

1364

00:58:22,910 --> 00:58:19,590

that's the case then that builds a

1365

00:58:25,310 --> 00:58:22,920

strong story of a migration of an

1366

00:58:29,540 --> 00:58:25,320

ancient people that nobody cares about

1367

00:58:31,610 --> 00:58:29,550

it's at me well that will be exciting to

1368

00:58:33,800 --> 00:58:31,620

get those results too and see if it just

1369

00:58:35,450 --> 00:58:33,810

adds more fuel to the fire or if it

1370

00:58:41,330 --> 00:58:35,460

takes us in a totally different

1371

00:58:43,940 --> 00:58:41,340

direction right and I'm also curious it

1372

00:58:46,340 --> 00:58:43,950

does seem like a lot a lot of museums

1373

00:58:48,830 --> 00:58:46,350

seem to be kind of removing these

1374

00:58:51,380 --> 00:58:48,840

elongated skulls from view as they get

1375

00:58:54,440 --> 00:58:51,390

more attention but other places left

1376

00:58:56,450 --> 00:58:54,450

where a regular person can go in and see

1377

00:58:58,040 --> 00:58:56,460

skulls like this on display or have they

1378

00:59:01,250 --> 00:58:58,050

all been taken down to the basement at

1379

00:59:02,900 --> 00:59:01,260

this point no actually the ECAM museum

1380

00:59:05,210 --> 00:59:02,910

which is about an hour's drive from here

1381

00:59:07,040 --> 00:59:05,220

has the largest elongated skull I think

1382

00:59:11,440 --> 00:59:07,050

ever found or that I've ever seen and

1383

00:59:14,300 --> 00:59:11,450

it's been on display for 40 or 50 years

1384

00:59:15,620 --> 00:59:14,310

nice they have a collection of at least

1385

00:59:18,830 --> 00:59:15,630

a hundred in the back room which I've

1386

00:59:20,120 --> 00:59:18,840

seen then you have to leave my museum

1387

00:59:22,490 --> 00:59:20,130

which is the National Museum of

1388

00:59:26,420 --> 00:59:22,500

archeology and anthropology they have a

1389

00:59:29,240 --> 00:59:26,430

I think 7 on display but likely 500 to

1390

00:59:33,430 --> 00:59:29,250

1000 in the back room and then our

1391

00:59:36,410 --> 00:59:33,440

little practice museum here has 45

1392

00:59:38,690 --> 00:59:36,420

elongated skulls and when people come in

1393

00:59:39,290 --> 00:59:38,700

to visit they're allowed not only to

1394

00:59:42,530 --> 00:59:39,300

look

1395

00:59:45,410 --> 00:59:42,540

but take photographs and video Wow

1396

00:59:47,840 --> 00:59:45,420

I guess I would ask because we know that

1397

00:59:50,540 --> 00:59:47,850

there was some cradle boarding or

1398

00:59:51,860 --> 00:59:50,550

actually people were forming these

1399

00:59:53,870 --> 00:59:51,870

skulls versus some that were natural

1400

00:59:55,370 --> 00:59:53,880

what kind of ratio are we talking about

1401
00:59:58,580 --> 00:59:55,380
when it comes to ones that seem natural

1402
01:00:00,890 --> 00:59:58,590
that you've seen on display it's about

1403
01:00:03,590 --> 01:00:00,900
four percent right on right on eye

1404
01:00:06,500 --> 01:00:03,600
that's something yeah and actually we

1405
01:00:07,100 --> 01:00:06,510
sorry but we found the specific location

1406
01:00:09,110 --> 01:00:07,110
of worth it

1407
01:00:11,150 --> 01:00:09,120
we're the largest skulls came from they

1408
01:00:13,850 --> 01:00:11,160
all came from the same cemetery so that

1409
01:00:15,980 --> 01:00:13,860
means they're all likely related Wow and

1410
01:00:18,290 --> 01:00:15,990
I've also heard you say for people who

1411
01:00:20,210 --> 01:00:18,300
might be thinking oh well because we do

1412
01:00:22,790 --> 01:00:20,220
have this tradition of people doing this

1413
01:00:24,020 --> 01:00:22,800

maybe even in the most extreme cases

1414

01:00:26,810 --> 01:00:24,030

they all could fit under that umbrella

1415

01:00:29,270 --> 01:00:26,820

it's a it can't be that way because as

1416

01:00:31,730 --> 01:00:29,280

you pointed out just changing the shape

1417

01:00:33,710 --> 01:00:31,740

of the skull wouldn't add volume to it

1418

01:00:36,470 --> 01:00:33,720

in a lot of cases I mean these skulls

1419

01:00:39,020 --> 01:00:36,480

are really large and it couldn't be just

1420

01:00:40,610 --> 01:00:39,030

just manipulated Matt foot fashion

1421

01:00:43,490 --> 01:00:40,620

because it's just too much material

1422

01:00:45,650 --> 01:00:43,500

there right yeah that's true if you ask

1423

01:00:46,880 --> 01:00:45,660

any doctors they'll say yeah you can you

1424

01:00:49,160 --> 01:00:46,890

know with a baby you can change the

1425

01:00:51,200 --> 01:00:49,170

shape but the genetics are not going to

1426

01:00:52,730 --> 01:00:51,210

change the skull is going to form the

1427

01:00:56,540 --> 01:00:52,740

volume that is a difference that is

1428

01:00:58,070 --> 01:00:56,550

being dictated by by the genes and you

1429

01:01:00,490 --> 01:00:58,080

know our unfortunately because I live

1430

01:01:03,650 --> 01:01:00,500

here I'm constantly finding new

1431

01:01:06,290 --> 01:01:03,660

specimens and very recently one was

1432

01:01:09,680 --> 01:01:06,300

brought to me of a newborn baby from

1433

01:01:11,630 --> 01:01:09,690

this same ancient cemetery where all the

1434

01:01:14,770 --> 01:01:11,640

really big skulls came from it's a

1435

01:01:19,460 --> 01:01:14,780

newborn baby the volume of that skull is

1436

01:01:21,590 --> 01:01:19,470

minimum twice the size of the volume of

1437

01:01:25,220 --> 01:01:21,600

a normal human child

1438

01:01:26,900 --> 01:01:25,230

it is very odd-looking it's got red hair

1439

01:01:29,720 --> 01:01:26,910

because it's in a private collection

1440

01:01:32,990 --> 01:01:29,730

we're hoping to have it DNA tested along

1441

01:01:34,370 --> 01:01:33,000

with some others awesome and of course

1442

01:01:36,920 --> 01:01:34,380

we also mentioned the other

1443

01:01:38,810 --> 01:01:36,930

physiological differences so there's

1444

01:01:40,820 --> 01:01:38,820

definitely something here and the

1445

01:01:43,130 --> 01:01:40,830

baracus people I just think they're so

1446

01:01:45,590 --> 01:01:43,140

interesting and just to kind of close

1447

01:01:48,190 --> 01:01:45,600

the door on all that apparently they

1448

01:01:50,330 --> 01:01:48,200

were wiped out by the Nazca people right

1449

01:01:52,370 --> 01:01:50,340

yeah that's the theory I'm developing

1450

01:01:53,690 --> 01:01:52,380

because the Nazca

1451

01:01:56,839 --> 01:01:53,700

two famous because of the Nazca lines

1452

01:01:58,970 --> 01:01:56,849

and geoglyphs but in fact they only made

1453

01:02:01,640 --> 01:01:58,980

a certain percentage of them it was the

1454

01:02:04,370 --> 01:02:01,650

practice people before them they created

1455

01:02:08,839 --> 01:02:04,380

the 500 tall one called the candelabra

1456

01:02:12,829 --> 01:02:08,849

as well as about 1500 smaller ones the

1457

01:02:15,440 --> 01:02:12,839

Nazca people made about I think 25 but

1458

01:02:20,359 --> 01:02:15,450

the the practice people made more than a

1459

01:02:22,819 --> 01:02:20,369

thousand damn well the world is

1460

01:02:24,650 --> 01:02:22,829

definitely not short on mysteries I'm

1461

01:02:26,720 --> 01:02:24,660

glad guys like you are out there doing

1462

01:02:28,759 --> 01:02:26,730

the dirty work to relay all this

1463

01:02:31,670 --> 01:02:28,769

information to the lazy folks like me

1464

01:02:34,789 --> 01:02:31,680

super impressive stuff and I know you

1465

01:02:35,960 --> 01:02:34,799

also do tours which I for one am really

1466

01:02:37,880 --> 01:02:35,970

interested in I'm sure other people

1467

01:02:40,819 --> 01:02:37,890

would be as well it's also a bit about

1468

01:02:42,319 --> 01:02:40,829

your tours what they entail and the ones

1469

01:02:45,499 --> 01:02:42,329

you might have coming up for people to

1470

01:02:47,599 --> 01:02:45,509

be able to join in on sure well my wife

1471

01:02:50,299 --> 01:02:47,609

and I do tours about 25 percent of the

1472

01:02:53,269 --> 01:02:50,309

time which is maximum what we do because

1473

01:02:55,700 --> 01:02:53,279

we love to provide a quality experience

1474

01:02:58,490 --> 01:02:55,710

for people I don't want to be a tour

1475

01:03:01,549 --> 01:02:58,500

guide but I love to share these

1476

01:03:05,089 --> 01:03:01,559

locations with with people all of them

1477

01:03:08,180 --> 01:03:05,099

can be found at hidden Inka tours calm

1478

01:03:10,940 --> 01:03:08,190

which is also a massive database only 5%

1479

01:03:14,240 --> 01:03:10,950

of the website is about tours the rest

1480

01:03:17,029 --> 01:03:14,250

is all free information so we have it's

1481

01:03:20,870 --> 01:03:17,039

too late to join the March tour of Egypt

1482

01:03:24,140 --> 01:03:20,880

but we have one in Cusco in June about

1483

01:03:26,870 --> 01:03:24,150

the Inca another one in August which

1484

01:03:30,079 --> 01:03:26,880

focuses on the elongated skulls in Peru

1485

01:03:33,109 --> 01:03:30,089

and then we have another one in November

1486

01:03:34,910 --> 01:03:33,119

which is with author Robert Bauval who's

1487

01:03:37,789 --> 01:03:34,920

a good friend of Graham Hancock and a

1488

01:03:41,559 --> 01:03:37,799

great author and then we have another

1489

01:03:44,120 --> 01:03:41,569

one in Mexico in January of 2018

1490

01:03:45,319 --> 01:03:44,130

beautiful I would love to take one of

1491

01:03:48,499 --> 01:03:45,329

those sometimes I mean it seems like

1492

01:03:50,809 --> 01:03:48,509

maybe my best chance to see a natural

1493

01:03:55,249 --> 01:03:50,819

elongated skull of him on the right tour

1494

01:03:57,380 --> 01:03:55,259

right that's right hmm beautiful well

1495

01:03:59,660 --> 01:03:57,390

also before we go you got so much work

1496

01:04:01,970 --> 01:03:59,670

out there YouTube books tell the people

1497

01:04:03,740 --> 01:04:01,980

how they can best follow up on some of

1498

01:04:05,630 --> 01:04:03,750

the things we've talked about and get

1499

01:04:08,280 --> 01:04:05,640

more Brian force during their lives

1500

01:04:10,950 --> 01:04:08,290

well the best thing again is to go to my

1501

01:04:12,390 --> 01:04:10,960

make a website that my webmaster who is

1502

01:04:16,200 --> 01:04:12,400

actually the webmaster for the Dalai

1503

01:04:18,150 --> 01:04:16,210

Lama okay yeah and and lives in in live

1504

01:04:22,170 --> 01:04:18,160

in India and the man's a genius

1505

01:04:24,210 --> 01:04:22,180

he has donated thousands of hours to

1506

01:04:26,640 --> 01:04:24,220

building this website it has all the

1507

01:04:29,580 --> 01:04:26,650

latest bells and whistles but it

1508

01:04:33,660 --> 01:04:29,590

contains basically everything about me

1509

01:04:36,210 --> 01:04:33,670

so the videos the books etc and then it

1510

01:04:39,570 --> 01:04:36,220

links to other locations as well but my

1511

01:04:44,339 --> 01:04:39,580

hats off to webmaster Bryan for being an

1512

01:04:46,470 --> 01:04:44,349

absolute IT genius and you know if it

1513

01:04:50,400 --> 01:04:46,480

hadn't been for him I would be nowhere

1514

01:04:51,900 --> 01:04:50,410

as famous as I am now and I got to thank

1515

01:04:56,670 --> 01:04:51,910

him as well I believe it was him who

1516

01:04:58,320 --> 01:04:56,680

connected us great so well Bryan it's

1517

01:05:00,180 --> 01:04:58,330

been fun thanks again for taking the

1518

01:05:01,470 --> 01:05:00,190

time enjoy the rest of your day and keep

1519

01:05:04,550 --> 01:05:01,480

doing what you do alright man

1520

01:05:08,910 --> 01:05:04,560

I will thank you very much you got it

1521

01:05:11,280 --> 01:05:08,920

boom people a nice solid return to the

1522

01:05:14,490 --> 01:05:11,290

classics ancient civilizations lost

1523

01:05:16,500 --> 01:05:14,500

technology alien humanoids I thought

1524

01:05:18,660 --> 01:05:16,510

this is a pretty satisfying show big

1525

01:05:21,240 --> 01:05:18,670

thanks to Bryan these elongated skulls

1526

01:05:23,700 --> 01:05:21,250

are so wild and I feel like I learned a

1527

01:05:26,849 --> 01:05:23,710

lot today talking about the mariya and

1528

01:05:29,099 --> 01:05:26,859

mu is always good fun too I really don't

1529

01:05:32,040 --> 01:05:29,109

understand how solving the mystery of

1530

01:05:35,010 --> 01:05:32,050

humanity's origins isn't a bigger deal I

1531

01:05:36,540 --> 01:05:35,020

would expect people to be more curious

1532

01:05:38,700 --> 01:05:36,550

about this but I guess if you think we

1533

01:05:40,680 --> 01:05:38,710

naturally evolved from apes then there

1534

01:05:42,300 --> 01:05:40,690

isn't really a time to think about we

1535

01:05:44,490 --> 01:05:42,310

just turned into humans like a

1536

01:05:46,620 --> 01:05:44,500

caterpillar turns into a butterfly and

1537

01:05:48,570 --> 01:05:46,630

then we took over the entire planet and

1538

01:05:51,599 --> 01:05:48,580

now we watch shark tank and vape all

1539

01:05:54,240 --> 01:05:51,609

part of the natural order right I'm not

1540

01:05:57,060 --> 01:05:54,250

so sure I think we are natural I think

1541

01:05:59,849 --> 01:05:57,070

there is way more that we need to

1542

01:06:02,760 --> 01:05:59,859

understand not only do I see this as

1543

01:06:04,620 --> 01:06:02,770

just one round of recorded history but

1544

01:06:06,870 --> 01:06:04,630

who really knows how many rounds there

1545

01:06:09,780 --> 01:06:06,880

were and that still doesn't really solve

1546

01:06:11,700 --> 01:06:09,790

the problem of where we came from where

1547

01:06:14,250 --> 01:06:11,710

are we genetically engineered from Pig

1548

01:06:16,680 --> 01:06:14,260

and bonobo parts by other beings of some

1549

01:06:18,630 --> 01:06:16,690

kind could our consciousness or

1550

01:06:19,110 --> 01:06:18,640

self-awareness be a byproduct of our

1551

01:06:22,380 --> 01:06:19,120

inner

1552

01:06:24,900 --> 01:06:22,390

with an immortal space-faring fungus who

1553

01:06:26,760 --> 01:06:24,910

knows but elongated skulls might have

1554

01:06:29,760 --> 01:06:26,770

something to do at least a part of that

1555

01:06:32,190 --> 01:06:29,770

story the frustrating thing to me is it

1556

01:06:32,730 --> 01:06:32,200

will probably never know maybe when we

1557

01:06:35,010 --> 01:06:32,740

die

1558

01:06:38,130 --> 01:06:35,020

something will become obvious but that's

1559

01:06:40,050 --> 01:06:38,140

like our only real hope a big part of

1560

01:06:41,940 --> 01:06:40,060

the reason I used to be an atheist is

1561

01:06:45,450 --> 01:06:41,950

because I was into the genetic

1562

01:06:48,090 --> 01:06:45,460

alteration ancient alien theory and I

1563

01:06:50,270 --> 01:06:48,100

guess I still AM but when you bring into

1564

01:06:52,590 --> 01:06:50,280

the mix the idea of a soul or a

1565

01:06:55,560 --> 01:06:52,600

consciousness or an aspect of yourself

1566

01:06:58,710 --> 01:06:55,570

that is non-physical and the idea of an

1567

01:07:01,020 --> 01:06:58,720

afterlife of some kind whether you go to

1568

01:07:03,450 --> 01:07:01,030

a spirit world and then get reincarnated

1569

01:07:04,860 --> 01:07:03,460

or whether you just stay there I just

1570

01:07:07,500 --> 01:07:04,870

get confused because if there's

1571

01:07:09,450 --> 01:07:07,510

something to those components it would

1572

01:07:13,110 --> 01:07:09,460

indicate to me some type of natural

1573

01:07:16,700 --> 01:07:13,120

cycle it seems even harder to create an

1574

01:07:20,570 --> 01:07:16,710

intelligent biological life-form and

1575

01:07:23,160 --> 01:07:20,580

some type of post life aspect doesn't it

1576

01:07:25,050 --> 01:07:23,170

unless consciousness is some kind of

1577

01:07:27,510 --> 01:07:25,060

seed and planted in these little meat

1578

01:07:30,660 --> 01:07:27,520

bodies but I don't know how you could

1579

01:07:32,760 --> 01:07:30,670

like treat that as a tangible stain and

1580

01:07:35,490 --> 01:07:32,770

find some way to inject it like motor

1581

01:07:38,670 --> 01:07:35,500

oil and get it to happen every time

1582

01:07:40,980 --> 01:07:38,680

sperm fertilizes an egg it's a lot I

1583

01:07:42,990 --> 01:07:40,990

guess I just think it's fun to explore

1584

01:07:44,520 --> 01:07:43,000

and I don't try to rectify it too much

1585

01:07:47,070 --> 01:07:44,530

because it's all just hypothetical

1586

01:07:49,560 --> 01:07:47,080

anyway but I am pretty happy with this

1587

01:07:53,670 --> 01:07:49,570

one hopefully you found it to be a good

1588

01:07:55,980 --> 01:07:53,680

listen in the + show today we got into

1589

01:07:58,710 --> 01:07:55,990

the idea that Antarctica could have been

1590

01:08:01,140 --> 01:07:58,720

Atlantis and also the recent added

1591

01:08:03,170 --> 01:08:01,150

attention that Antarctica is getting

1592

01:08:06,300 --> 01:08:03,180

from the elite we talked about

1593

01:08:08,730 --> 01:08:06,310

Velikovsky and the possibility of

1594

01:08:11,420 --> 01:08:08,740

radical change in the solar system the

1595

01:08:15,630 --> 01:08:11,430

electric universe and plasma discharge

1596

01:08:18,410 --> 01:08:15,640

brian's own UFO encounters fairies and

1597

01:08:20,490 --> 01:08:18,420

gods unknown elements of the incas

1598

01:08:22,620 --> 01:08:20,500

reconstructing a truer picture of

1599

01:08:25,440 --> 01:08:22,630

Central and South American cultures

1600

01:08:28,500 --> 01:08:25,450

ancient machines of the Egyptians

1601

01:08:31,590 --> 01:08:28,510

Brian's issues and dismissal of the

1602

01:08:32,379 --> 01:08:31,600

geopolymer theory Akhenaten the Trump of

1603

01:08:35,889 --> 01:08:32,389

his day

1604

01:08:39,519 --> 01:08:35,899

a pelvic and the 33rd parallel a deep

1605

01:08:41,169 --> 01:08:39,529

deep second hour if you just contribute

1606

01:08:43,859 --> 01:08:41,179

to this beautiful journey that is the

1607

01:08:46,149 --> 01:08:43,869

higher side chest but solid episode

1608

01:08:49,239 --> 01:08:46,159

getting a bit back in the weird end of

1609

01:08:52,239 --> 01:08:49,249

the pool next show is a jump back to the

1610

01:08:54,069 --> 01:08:52,249

political it's one I recorded a while

1611

01:08:56,739 --> 01:08:54,079

ago and I've been holding on to but it's

1612

01:08:58,059 --> 01:08:56,749

got to come out and after that it is

1613

01:09:01,809 --> 01:08:58,069

going to get pretty crazy

1614

01:09:03,549 --> 01:09:01,819

in the meantime manifest those destinies

1615

01:09:05,620 --> 01:09:03,559

chisel with the chain to the debt based

1616

01:09:08,679 --> 01:09:05,630

system of rule and keep your pimp and

1617

01:09:10,749 --> 01:09:08,689

strong I'll see you next time we might

1618

01:09:13,419 --> 01:09:10,759

not ever uncover the full human story

1619

01:09:16,299 --> 01:09:13,429

cover to cover but we do find new pages

1620

01:09:19,149 --> 01:09:16,309

every so often I've done my part

1621

01:09:21,459 --> 01:09:19,159

your move weird headed Caracas people of

1622

01:09:27,279 --> 01:09:21,469

the ancient past and the keepers of

1623

01:09:30,399 --> 01:09:27,289

their secrecy your [\h__\h] lucid dreams

1624

01:09:33,309 --> 01:09:30,409

also visit cuz you go to bed at 7:00 and

1625

01:09:36,129 --> 01:09:33,319

your brain comes alive because you H in

1626

01:09:38,559 --> 01:09:36,139

nine to five you wake up with dread and

1627

01:09:40,779 --> 01:09:38,569

make sure your cat's a Fed did your

1628

01:09:43,569 --> 01:09:40,789

brain talk to ghosts move your coffee

1629

01:09:47,620 --> 01:09:43,579

and eat oats as you listen to the higher

1630

01:09:50,319 --> 01:09:47,630

side chat you can't see you dust and

1631

01:09:52,839 --> 01:09:50,329

your bosses it's a mess and your soul

1632

01:09:55,629 --> 01:09:52,849

slowly goes to a place when nothing

1633

01:09:58,390 --> 01:09:55,639

gross when you think he's not around you

1634

01:10:01,729 --> 01:09:58,400

insert a SETI sound

1635

01:10:06,320 --> 01:10:01,739

vo whimpers turn it down and you say

1636

01:10:09,169 --> 01:10:06,330

it's just a higher side chat oh do you

1637

01:10:14,360 --> 01:10:09,179

think you're being invited to Bohemian

1638

01:10:18,380 --> 01:10:14,370

Grove to Bilderberg Club oh do you think

1639

01:10:24,950 --> 01:10:18,390

you're being invited by Rasta to a party

1640

01:10:28,340 --> 01:10:24,960

on a submarine dining down to the center

1641

01:10:30,350 --> 01:10:28,350

rhodius to the Marianas Trench is

1642

01:10:34,280 --> 01:10:30,360

teasing in the clinch from the

1643

01:10:41,530 --> 01:10:34,290

sulphureus stench the mask you give in

1644

01:10:47,060 --> 01:10:44,479

starting today you'll make plans to get

1645

01:10:49,820 --> 01:10:47,070

away there's no one to hold you down and

1646

01:10:52,669 --> 01:10:49,830

the waters start to drown then you wake

1647

01:10:55,520 --> 01:10:52,679

to the glare of Akko fluorescence there

1648

01:10:57,890 --> 01:10:55,530

and the light winks at you cuz its life

1649

01:11:01,580 --> 01:10:57,900

is almost through but it's holding gone

1650

01:11:04,080 --> 01:11:01,590

to quit plan just like you it's time for

1651

01:11:20,750 --> 01:11:04,090

the higher side chat

1652

01:11:23,070 --> 01:11:20,760

[Music]

1653

01:11:24,630 --> 01:11:23,080

hey guys thanks for listening to the

1654

01:11:26,970 --> 01:11:24,640

first hour of the higher side chats

1655

01:11:29,040 --> 01:11:26,980

podcast with me Greg Carl wood if you

1656

01:11:31,410 --> 01:11:29,050

don't know there is a second hour to all

1657

01:11:33,090 --> 01:11:31,420

the episodes we do around here generally

1658

01:11:35,010 --> 01:11:33,100

we're able to get a lot deeper into the

1659

01:11:36,870 --> 01:11:35,020

topics and ideas that a guest is about

1660

01:11:39,990 --> 01:11:36,880

so if you enjoyed what you've heard from

1661

01:11:42,180 --> 01:11:40,000

THC for free consider signing up at the

1662

01:11:44,160 --> 01:11:42,190

higher side chats plus com to get the

1663

01:11:46,470 --> 01:11:44,170

second hour of the 5 shows I put

1664

01:11:48,360 --> 01:11:46,480

together each month I never really

1665

01:11:50,100 --> 01:11:48,370

wanted to be a paid subscriber podcast

1666

01:11:52,080 --> 01:11:50,110

but I really hate the idea of spending

1667

01:11:54,180 --> 01:11:52,090

airtime promoting some product that's

1668

01:11:55,860 --> 01:11:54,190

completely unrelated and telling you the

1669

01:11:58,620 --> 01:11:55,870

best way to support the show is to buy

1670

01:12:00,300 --> 01:11:58,630

an audio book or new underwear by mail

1671

01:12:02,850 --> 01:12:00,310

or something crazy like that so instead

1672

01:12:04,470 --> 01:12:02,860

if you like the show double your time

1673

01:12:06,540 --> 01:12:04,480

with it for five bucks a month and let's

1674

01:12:08,190 --> 01:12:06,550

cut out all the other [h__h] it's half the

1675

01:12:09,960 --> 01:12:08,200

price of a movie ticket and you get at

1676

01:12:12,570 --> 01:12:09,970

least an extra five hours of show a

1677

01:12:14,370 --> 01:12:12,580

month collectively it keeps us stable

1678

01:12:15,960 --> 01:12:14,380

and it frees me from wasting your time

1679

01:12:18,540 --> 01:12:15,970

with anything but the show you came to

1680

01:12:20,520 --> 01:12:18,550

listen to it's really the only way for

1681

01:12:22,320 --> 01:12:20,530

an independent one-man show to make it

1682

01:12:24,540 --> 01:12:22,330

and I do what I can so that it's worth

1683

01:12:26,520 --> 01:12:24,550

your while since we started this I've

1684

01:12:28,530 --> 01:12:26,530

always tried to use the subscriptions to

1685

01:12:31,110 --> 01:12:28,540

improve the podcast and make signups

1686

01:12:33,030 --> 01:12:31,120

more advantageous it started with just a

1687

01:12:35,040 --> 01:12:33,040

second hour for the main show but now

1688

01:12:37,140 --> 01:12:35,050

we've got a nice form going where people

1689

01:12:39,540 --> 01:12:37,150

can get deeper in conversation about the

1690

01:12:42,030 --> 01:12:39,550

episodes with other listeners submit a

1691

01:12:44,520 --> 01:12:42,040

candidate in the guest request thread or

1692

01:12:46,080 --> 01:12:44,530

share their own personal projects to get

1693

01:12:48,390 --> 01:12:46,090

out of the soul-crushing nine-to-five

1694

01:12:50,970 --> 01:12:48,400

coggan unreal life on the entrepreneurs

1695

01:12:53,010 --> 01:12:50,980

thread the forum n the plus comments are

1696

01:12:54,810 --> 01:12:53,020

always the first places I try to go for

1697

01:12:56,640 --> 01:12:54,820

listener engagement but it does get

1698

01:12:58,980 --> 01:12:56,650

harder as the show gets more popular

1699

01:13:00,660 --> 01:12:58,990

because of that there's also a direct

1700

01:13:03,150 --> 01:13:00,670

messaging feature that you can use to

1701

01:13:04,770 --> 01:13:03,160

reach me through the plus site also but

1702

01:13:07,020 --> 01:13:04,780

beyond the forum if you like any of the

1703

01:13:09,240 --> 01:13:07,030

music I've used for THC most of it I've

1704

01:13:11,160 --> 01:13:09,250

hired artists to make and I provided all

1705

01:13:13,230 --> 01:13:11,170

its free downloads to plus members too

1706

01:13:15,270 --> 01:13:13,240

so if you like a particular song you've

1707

01:13:17,700 --> 01:13:15,280

heard close the show out recently come

1708

01:13:19,950 --> 01:13:17,710

get the mp3 I should also mention that

1709

01:13:22,290 --> 01:13:19,960

if you don't like the idea of paying \$5

1710

01:13:24,480 --> 01:13:22,300

recurring every month I get that you can

1711

01:13:26,820 --> 01:13:24,490

buy three months six months or a year

1712

01:13:28,560 --> 01:13:26,830

upfront and just be done with it I have

1713

01:13:31,009 --> 01:13:28,570

plenty of listeners who send checks and

1714

01:13:32,659 --> 01:13:31,019

money orders to the PIO box too I

1715

01:13:34,250 --> 01:13:32,669

try to make it as easy for people as I

1716

01:13:36,229 --> 01:13:34,260

can and you can read more about it on

1717

01:13:38,779 --> 01:13:36,239

the signup page also be sure to check

1718

01:13:40,189 --> 01:13:38,789

out the FAQ help page on the plus side

1719

01:13:41,479 --> 01:13:40,199

if you have any questions or concerns

1720

01:13:43,519 --> 01:13:41,489

about how to listen to a

1721

01:13:45,409 --> 01:13:43,529

password-protected show on your devices

1722

01:13:47,719 --> 01:13:45,419

I've highlighted a lot of great

1723

01:13:49,759 --> 01:13:47,729

solutions and one of those would be the

1724

01:13:52,309 --> 01:13:49,769

iPhone app that just recently hit the

1725

01:13:54,439 --> 01:13:52,319

Apple App Store a super kind and

1726

01:13:56,269 --> 01:13:54,449

talented listener made it for us and you

1727

01:13:58,429 --> 01:13:56,279

can use it to stream or download either

1728

01:14:01,399 --> 01:13:58,439

the free or the plus show if you're on

1729

01:14:02,989 --> 01:14:01,409

Android I'd use pocket casts or podcast

1730

01:14:05,569 --> 01:14:02,999

addict and subscribe to the feed

1731

01:14:08,269 --> 01:14:05,579

manually that way I also try to throw an

1732

01:14:10,250 --> 01:14:08,279

occasional bonus shows or QA shows and

1733

01:14:12,439 --> 01:14:10,260

I've got a few other weird ideas I might

1734

01:14:14,389 --> 01:14:12,449

get to try out soon but I give you all I

1735

01:14:16,069 --> 01:14:14,399

can for five bucks and I hope you'll at

1736

01:14:17,779 --> 01:14:16,079

least give it a shot if you've listened

1737

01:14:19,549 --> 01:14:17,789

to a few free shows and you find them

1738

01:14:21,319 --> 01:14:19,559

unique or valuable I know there's a lot

1739

01:14:23,479 --> 01:14:21,329

of podcasts out there and I'm just one

1740

01:14:25,279 --> 01:14:23,489

of them but if you have any questions

1741

01:14:26,809 --> 01:14:25,289

concerns or comments about any of this

1742

01:14:29,689 --> 01:14:26,819

please get in touch with us at the

1743

01:14:31,609 --> 01:14:29,699

higher side chats team @ gmail.com I

1744

01:14:33,019 --> 01:14:31,619

also wanted to plug the higher side

1745

01:14:34,849 --> 01:14:33,029

newsletter I'm going to be putting out

1746

01:14:37,129 --> 01:14:34,859

totally free for anyone who wants to

1747

01:14:39,289 --> 01:14:37,139

sign up at the main Internet web site

1748

01:14:41,389 --> 01:14:39,299

for the show the higher side chats com

1749

01:14:43,159 --> 01:14:41,399

you can also get on that email list

1750

01:14:45,500 --> 01:14:43,169

through the higher side chats Facebook

1751

01:14:46,969 --> 01:14:45,510

page there's a button there as well but

1752

01:14:49,459 --> 01:14:46,979

the reason I'm doing this is because I

1753

01:14:51,559 --> 01:14:49,469

get tons and tons of emails after a show

1754

01:14:53,449 --> 01:14:51,569

goes up asking me about how I feel about

1755

01:14:55,039 --> 01:14:53,459

a particular guest or topic and the

1756

01:14:57,019 --> 01:14:55,049

wrap-up isn't always the best place to

1757

01:14:59,000 --> 01:14:57,029

do that especially if I have anything

1758

01:15:00,859 --> 01:14:59,010

negative to say sometimes the dust needs

1759

01:15:03,319 --> 01:15:00,869

to settle sometimes they need to hear

1760

01:15:04,909 --> 01:15:03,329

feedback from you guys first there are a

1761

01:15:06,529 --> 01:15:04,919

lot of factors but I usually have

1762

01:15:08,959 --> 01:15:06,539

something to communicate to you and I

1763

01:15:10,609 --> 01:15:08,969

just don't get to do it so on the first

1764

01:15:12,199 --> 01:15:10,619

of the month I plan to send out a little

1765

01:15:14,509 --> 01:15:12,209

newsletter with my thoughts about the

1766

01:15:16,429 --> 01:15:14,519

five shows the previous month and talk

1767

01:15:18,589 --> 01:15:16,439

to you about anything else that's on my

1768

01:15:20,419 --> 01:15:18,599

mind or that's going on and what's

1769

01:15:21,949 --> 01:15:20,429

probably most enticing is that I'm going

1770

01:15:24,049 --> 01:15:21,959

to give you some insight into at least

1771

01:15:26,119 --> 01:15:24,059

one guest I have coming up in the month

1772

01:15:28,129 --> 01:15:26,129

which people have been begging for some

1773

01:15:29,959 --> 01:15:28,139

posted schedule for a long time I

1774

01:15:31,759 --> 01:15:29,969

personally think I'd like to surprise

1775

01:15:33,799 --> 01:15:31,769

but sign up for the higher side

1776

01:15:35,269 --> 01:15:33,809

newsletter it's free it comes out on the

1777

01:15:38,149 --> 01:15:35,279

1st of the month and I won't waste your

1778

01:15:40,099 --> 01:15:38,159

time with any other emails and that's it

1779

01:15:42,079 --> 01:15:40,109

I appreciate you listening I try to give

1780

01:15:44,570 --> 01:15:42,089

alternative ideas and guests a fair

1781

01:15:46,250 --> 01:15:44,580

shake on a high quality podcast

1782

01:15:48,350 --> 01:15:46,260

those some deep level conspiracies

1783

01:15:50,030 --> 01:15:48,360

without the yelling and I hope to offer

1784

01:15:52,160 --> 01:15:50,040

some inspiration that even though the

1785

01:15:54,470 --> 01:15:52,170

system relentlessly suggests you should

1786

01:15:56,300 --> 01:15:54,480

follow their blueprint to mediocrity you

1787

01:15:58,610 --> 01:15:56,310

can do your own thing and live a much

1788

01:16:00,470 --> 01:15:58,620

happier life despite all the negativity
