[Music]

2
00:00:10,970 --> 00:00:07,440

the planets often masters almost surely

3
00:00:13,629 --> 00:00:10,980

have a plan this clearly maybe something

4
00:00:17,240 --> 00:00:13,639

there beyond the realm of man and it's

5
00:00:20,210 --> 00:00:17,250

already tested every lap goes just you

6
00:00:24,930 --> 00:00:20,220

I'm fine the more you think you know the

7
00:00:24,940 --> 00:00:36,460

[Music]

8
00:00:36,470 --> 00:00:43,060

[Applause]

9
00:00:47,689 --> 00:00:45,860

how's it going higher side chatters

10
00:00:50,180 --> 00:00:47,699

drinking a little drink smoking a little

11
00:00:51,709 --> 00:00:50,190

smoke from sunny San Diego I'm Greg Carl

12
00:00:53,479 --> 00:00:51,719

wood and today we're just trying to

13
00:00:55,310 --> 00:00:53,489

reconstruct some truth out of the

14

00:00:57,679 --> 00:00:55,320

mountain our lives we have to go on in a

15

00:00:59,420 --> 00:00:57,689

whole host of areas in fact it's no

16

00:01:01,009 --> 00:00:59,430

secret deception runs deep in the

17

00:01:02,539 --> 00:01:01,019

official narratives of history whether

18

00:01:03,950 --> 00:01:02,549

we're talking about the possibility of

19

00:01:06,529 --> 00:01:03,960

another worldly influence in ancient

20

00:01:09,200 --> 00:01:06,539

Egypt suppressed discoveries of giants

21

00:01:11,090 --> 00:01:09,210

and early America or the undeniable and

22

00:01:13,190 --> 00:01:11,100

oftentimes ironclad influence with the

23

00:01:15,199 --> 00:01:13,200

International banksters because as

24

00:01:17,180 --> 00:01:15,209

important as these things are they never

25

00:01:18,919 --> 00:01:17,190

make it into the history books and if it

26

00:01:21,469 --> 00:01:18,929

weren't for guys like today's guests

27

00:01:23,270 --> 00:01:21,479

we'd know even less his name is Xavier

28

00:01:25,279 --> 00:01:23,280

Hayes and he's been here once before in

29

00:01:27,380 --> 00:01:25,289

the early days of the higher side chest

30

00:01:29,240 --> 00:01:27,390

talking about his book aliens in ancient

31

00:01:31,669 --> 00:01:29,250

Egypt the Brotherhood of the serpent and

32

00:01:33,649 --> 00:01:31,679

the secrets of the Nile civilization and

33

00:01:35,809 --> 00:01:33,659

it seems like he's been putting the pen

34

00:01:37,880 --> 00:01:35,819

to paper quite a bit since then having

35

00:01:40,969 --> 00:01:37,890

released Elvis is alive the complete

36

00:01:43,490 --> 00:01:40,979

conspiracy robot zombies transhumanism

37

00:01:45,529 --> 00:01:43,500

and the robot revolution the suppressed

38

00:01:47,779 --> 00:01:45,539

history of American banking how big

39

00:01:50,330 --> 00:01:47,789

banks fought Jackson killed Lincoln and

40

00:01:52,339 --> 00:01:50,340

caused the Civil War ancient Giants of

41

00:01:54,080 --> 00:01:52,349

the Americas suppress evidence in the

42

00:01:56,630 --> 00:01:54,090

hidden history of a lost race and

43

00:01:58,759 --> 00:01:56,640

several others it's a cornucopia of

44

00:02:00,919 --> 00:01:58,769

conspiracy goodness folks and I can't

45

00:02:03,320 --> 00:02:00,929

wait to get into it Xavier Hayes my man

46

00:02:06,460 --> 00:02:03,330

welcome back to the often hazy higher

47

00:02:08,589 --> 00:02:06,470

side chat well thanks for having back on

48

00:02:12,770 --> 00:02:08,599

we're now fun today it's going to be

49

00:02:14,540 --> 00:02:12,780

smoke-filled Odyssey of truth I like it

50

00:02:16,399 --> 00:02:14,550

and it's great to have you back man

51
00:02:18,259 --> 00:02:16,409
clearly you have been busy since we last

52
00:02:20,089 --> 00:02:18,269
talked I figured we could probably start

53
00:02:22,670 --> 00:02:20,099
with the suppressed history of American

54
00:02:24,770 --> 00:02:22,680
banking just because there has been a

55
00:02:27,380 --> 00:02:24,780
very persistent rumor in the conspiracy

56
00:02:29,540 --> 00:02:27,390
world that American never really gained

57
00:02:32,270 --> 00:02:29,550
true independence and that below the

58
00:02:34,100 --> 00:02:32,280
surface money still flowed right back to

59
00:02:36,920 --> 00:02:34,110
the British royal family and the banking

60
00:02:38,899 --> 00:02:36,930
bloodlines that they work with some even

61
00:02:42,649 --> 00:02:38,909
say it still does and is that something

62
00:02:45,740 --> 00:02:42,659
you would concur with yes right now it

63
00:02:47,750 --> 00:02:45,750

says 1913 basically you know when the

64

00:02:48,820 --> 00:02:47,760

Federal Reserve came and took over it's

65

00:02:51,880 --> 00:02:48,830

pretty

66

00:02:54,790 --> 00:02:51,890

ironclad of banking Rothschilds and

67

00:02:57,370 --> 00:02:54,800

those sort of characters controlling

68

00:03:00,130 --> 00:02:57,380

what's going on and you know there was a

69

00:03:02,350 --> 00:03:00,140

little hope that Trump would you know

70

00:03:04,150 --> 00:03:02,360

actually do something but it seems that

71

00:03:06,280 --> 00:03:04,160

you know he was kind of interested in

72

00:03:08,820 --> 00:03:06,290

repealing the glass-steagall Act which

73

00:03:12,490 --> 00:03:08,830

was brought back in by the Clintons and

74

00:03:13,870 --> 00:03:12,500

you know that's pretty important to not

75

00:03:16,060 --> 00:03:13,880

make it so much of a centrally

76

00:03:17,800 --> 00:03:16,070

controlled banking institution which it

77

00:03:20,020 --> 00:03:17,810

is I mean they're not even part of the

78

00:03:21,430 --> 00:03:20,030

government it's little depriving I'm

79

00:03:25,570 --> 00:03:21,440

sure a lot of the listeners know this

80

00:03:28,000 --> 00:03:25,580

already so you know to have this control

81

00:03:29,920 --> 00:03:28,010

you know you kind of find the ordinance

82

00:03:31,900 --> 00:03:29,930

of it in 1913 and with the Titanic

83

00:03:34,600 --> 00:03:31,910

actually which is kind of funny you know

84

00:03:36,760 --> 00:03:34,610

any of the bankers who opposed the

85

00:03:39,760 --> 00:03:36,770

Federal Reserve Act got a one-way ticket

86

00:03:41,980 --> 00:03:39,770

on the Titanic good way to get rid of

87

00:03:44,590 --> 00:03:41,990

your competition but as far as you know

88

00:03:46,420 --> 00:03:44,600

going back in America and history most

89

00:03:49,740 --> 00:03:46,430

are familiar with Andrew Hamilton

90

00:03:53,080 --> 00:03:49,750

Alexander I excuse me Alexander Hamilton

91

00:03:55,660 --> 00:03:53,090

sorry Alexander Hamilton getting you

92

00:03:58,860 --> 00:03:55,670

know the Rothschild sort of Federal

93

00:04:00,880 --> 00:03:58,870

Reserve central banking system into play

94

00:04:02,770 --> 00:04:00,890

Jefferson everybody was opposed to it

95

00:04:05,620 --> 00:04:02,780

but he sort of had Washington on the

96

00:04:08,080 --> 00:04:05,630

side so that was able to despite the

97

00:04:09,880 --> 00:04:08,090

victories in the Revolutionary War that

98

00:04:13,360 --> 00:04:09,890

was still in place now what happened was

99

00:04:15,970 --> 00:04:13,370

it was only allowed a certain charter in

100

00:04:19,060 --> 00:04:15,980

time period and when it came time for

101

00:04:22,630 --> 00:04:19,070

renewing it wasn't and this is why we

102

00:04:25,180 --> 00:04:22,640

had the war of 1812 basically which was

103

00:04:28,030 --> 00:04:25,190

the part tool of the American Revolution

104

00:04:29,620 --> 00:04:28,040

so now this war was pretty critical and

105

00:04:31,510 --> 00:04:29,630

pretty much forgotten you know you had

106

00:04:34,720 --> 00:04:31,520

the British coming down and just kind of

107

00:04:36,010 --> 00:04:34,730

you know they sacked Washington burned

108

00:04:38,680 --> 00:04:36,020

the White House to the ground basically

109

00:04:40,660 --> 00:04:38,690

a crazy windstorm pretty much stays

110

00:04:42,040 --> 00:04:40,670

everyone looks like a little hurricane

111

00:04:45,370 --> 00:04:42,050

that kind of came out of nowhere

112

00:04:47,290 --> 00:04:45,380

yes allowed time to you know get rid of

113

00:04:48,460 --> 00:04:47,300

them at that certain point location was

114

00:04:50,890 --> 00:04:48,470

pretty interesting you know very

115

00:04:52,930 --> 00:04:50,900

Providence and then you have down there

116

00:04:55,810 --> 00:04:52,940

in the Battle of New Orleans with Andrew

117

00:04:58,180 --> 00:04:55,820

Jackson now Andrew Jackson of course has

118

00:05:00,490 --> 00:04:58,190

been the subject of a lot of you know

119

00:05:01,630 --> 00:05:00,500

controversy lately they want to replace

120

00:05:02,470 --> 00:05:01,640

him on the \$20 bill

121

00:05:04,060 --> 00:05:02,480

it's kind

122

00:05:06,220 --> 00:05:04,070

interesting that he was even on the \$20

123

00:05:07,630 --> 00:05:06,230

bill considering that he's pretty much

124

00:05:11,500 --> 00:05:07,640

the only person to ever defeat the raw

125

00:05:14,260 --> 00:05:11,510

child right so that that's kind of you

126

00:05:16,570 --> 00:05:14,270

know either a a little odd nod to him

127

00:05:19,630 --> 00:05:16,580

you know is very interesting like a

128

00:05:21,460 --> 00:05:19,640

mockery yeah yeah exactly you know so we

129

00:05:24,430 --> 00:05:21,470

get down to this point in history where

130

00:05:27,580 --> 00:05:24,440

basically I mean where we were damaged

131

00:05:30,040 --> 00:05:27,590

goods Amanda the French were up top and

132

00:05:33,340 --> 00:05:30,050

the British were about to come through

133

00:05:35,860 --> 00:05:33,350

the Gulf sac New Orleans capture Orleans

134

00:05:37,540 --> 00:05:35,870

and if they would have got control that

135

00:05:39,970 --> 00:05:37,550

would have been game over but what we

136

00:05:43,360 --> 00:05:39,980

had is Andrew Jackson getting you know

137

00:05:46,120 --> 00:05:43,370

pirates and free blacks and anyone he

138

00:05:48,460 --> 00:05:46,130

could to get together to fight this

139

00:05:50,980 --> 00:05:48,470

British to fight this invasion and

140

00:05:53,200 --> 00:05:50,990

somehow you know it's like 200 men he

141

00:05:56,050 --> 00:05:53,210

was able to have this monumental victory

142

00:06:00,030 --> 00:05:56,060

and miraculous victory over thousands of

143

00:06:02,710 --> 00:06:00,040

troops basically saved the war and

144

00:06:05,590 --> 00:06:02,720

prevented you know the complete takeover

145

00:06:07,870 --> 00:06:05,600

so this is the Battle of New Orleans a

146

00:06:09,730 --> 00:06:07,880

very important victory even though now

147

00:06:13,450 --> 00:06:09,740

New Orleans is you know fall victim to

148

00:06:14,770 --> 00:06:13,460

the social justice warrior mentality you

149

00:06:16,630 --> 00:06:14,780

know they're removing all these statues

150

00:06:18,760 --> 00:06:16,640

and ignoring histories it's straight

151
00:06:21,370 --> 00:06:18,770
1984 I mean Orwell was rolling in his

152
00:06:23,760 --> 00:06:21,380
grave it's absolutely ridiculous the

153
00:06:27,820 --> 00:06:23,770
state of affairs now so yeah you have

154
00:06:32,380 --> 00:06:27,830
Jackson who prevented this this terrible

155
00:06:35,800 --> 00:06:32,390
loss and we had basically the same thing

156
00:06:38,380 --> 00:06:35,810
after the war of the original war you

157
00:06:40,930 --> 00:06:38,390
have the kind of you know we have debts

158
00:06:43,690 --> 00:06:40,940
at all this stuff and so it's basically

159
00:06:46,930 --> 00:06:43,700
kind of the same thing where we were in

160
00:06:48,850 --> 00:06:46,940
a position that because the Charter did

161
00:06:51,160 --> 00:06:48,860
it pass and it led to the war now have

162
00:06:53,850 --> 00:06:51,170
all this debt so they kind of had a no

163
00:06:56,309 --> 00:06:53,860

choice but to incur another day

164

00:06:58,140 --> 00:06:56,319

a little bit after this this war but

165

00:07:01,439 --> 00:06:58,150

this is only a short-term sort of thing

166

00:07:03,240 --> 00:07:01,449

and this is what allowed Andrew Jackson

167

00:07:07,640 --> 00:07:03,250

to start running for president because

168

00:07:10,260 --> 00:07:07,650

he ran a first term and he was basically

169

00:07:12,450 --> 00:07:10,270

defeated by defeated by complete you

170

00:07:14,850 --> 00:07:12,460

know fraud everybody was mad everybody

171

00:07:16,469 --> 00:07:14,860

knew it he knew it but it's kind of the

172

00:07:19,649 --> 00:07:16,479

first little instance where they had the

173

00:07:20,719 --> 00:07:19,659

good old boys [h__\h] here they're going

174

00:07:25,279 --> 00:07:20,729

to win right

175

00:07:29,820 --> 00:07:25,289

so with that sentiment he ran again and

176

00:07:32,640 --> 00:07:29,830

this time he won despite everything they

177

00:07:35,879 --> 00:07:32,650

could do think of to make sure he didn't

178

00:07:38,850 --> 00:07:35,889

but he won and you know he basically had

179

00:07:42,200 --> 00:07:38,860

to win another term in order to defeat

180

00:07:45,300 --> 00:07:42,210

the Charter was going to expire

181

00:07:47,219 --> 00:07:45,310

literally the same time this has his

182

00:07:49,260 --> 00:07:47,229

second term was running out so he had to

183

00:07:51,929 --> 00:07:49,270

make sure that was defeated and he did

184

00:07:54,360 --> 00:07:51,939

and he survived like three assassination

185

00:07:55,709 --> 00:07:54,370

attempts right there's one story in your

186

00:07:57,360 --> 00:07:55,719

book that I thought was pretty badass

187

00:08:00,269 --> 00:07:57,370

for you right about his duel with

188

00:08:02,159 --> 00:08:00,279

Charles Dickinson apparently he knew

189

00:08:04,469 --> 00:08:02,169

Dickinson was a bad shot so when they

190

00:08:06,689 --> 00:08:04,479

turned to fire Jackson just stood there

191

00:08:08,700 --> 00:08:06,699

and took the bullet figuring it wouldn't

192

00:08:11,329 --> 00:08:08,710

be a kill shot and then he could steady

193

00:08:13,670 --> 00:08:11,339

himself and fire back focused and I mean

194

00:08:16,980 --> 00:08:13,680

that's pretty ballsy man

195

00:08:18,360 --> 00:08:16,990

yeah Jackson had balls still man you

196

00:08:20,700 --> 00:08:18,370

know and that he had over a hundred

197

00:08:23,089 --> 00:08:20,710

duels I believe and that specific diesel

198

00:08:25,829 --> 00:08:23,099

was over a horse race you know he was

199

00:08:27,420 --> 00:08:25,839

know she didn't get paid so he was kind

200

00:08:29,700 --> 00:08:27,430

of he's one of those guys you know and

201
00:08:31,740 --> 00:08:29,710
he knew that that's true he didn't

202
00:08:34,170 --> 00:08:31,750
realize okay I could take the first shot

203
00:08:35,699 --> 00:08:34,180
and he took that shot and then he just

204
00:08:38,100 --> 00:08:35,709
kind of studied himself and blew the guy

205
00:08:40,050 --> 00:08:38,110
away and the funny thing is he had that

206
00:08:41,969 --> 00:08:40,060
ball you know that little bullet it

207
00:08:44,040 --> 00:08:41,979
remained in his chest up until he died

208
00:08:46,680 --> 00:08:44,050
and they Anna and there were times he

209
00:08:48,930 --> 00:08:46,690
would breathe here at whistle that's

210
00:08:51,230 --> 00:08:48,940
pretty badass so he you know he was a

211
00:08:54,860 --> 00:08:51,240
game is badass

212
00:08:57,139 --> 00:08:54,870
you know he like the rest of those

213
00:08:59,420 --> 00:08:57,149

people and in that time you know they

214

00:09:02,420 --> 00:08:59,430

have this sort of background that's not

215

00:09:04,340 --> 00:09:02,430

acceptable you know in a how we look at

216

00:09:06,019 --> 00:09:04,350

things but its history you know Jackson

217

00:09:08,780 --> 00:09:06,029

made his fortune on slaves he was a poor

218

00:09:10,360 --> 00:09:08,790

he was nothing really he had nothing he

219

00:09:13,460 --> 00:09:10,370

was like the first prisoner of war

220

00:09:15,440 --> 00:09:13,470

president mean this family died when he

221

00:09:17,449 --> 00:09:15,450

was like 12 and he was in the

222

00:09:20,060 --> 00:09:17,459

Revolutionary War basically as a

223

00:09:22,430 --> 00:09:20,070

teenager captured by the British he

224

00:09:24,139 --> 00:09:22,440

wouldn't you know shine the generals

225

00:09:27,470 --> 00:09:24,149

boots so he slashed him across the face

226

00:09:29,630 --> 00:09:27,480

and he basically made his way south with

227

00:09:32,150 --> 00:09:29,640

nothing got enough money to get some

228

00:09:32,990 --> 00:09:32,160

slaves and then basically built his

229

00:09:34,160 --> 00:09:33,000

little Empire

230

00:09:36,380 --> 00:09:34,170

he was the base in one of the first

231

00:09:38,630 --> 00:09:36,390

lawyers down there in the south and he

232

00:09:40,940 --> 00:09:38,640

was one of the first to have Mason's

233

00:09:43,880 --> 00:09:40,950

lodged in Tennessee much like you know

234

00:09:47,120 --> 00:09:43,890

Meriwether Lewis knew most those old

235

00:09:50,389 --> 00:09:47,130

school dudes were Masons right you know

236

00:09:53,990 --> 00:09:50,399

it's not a big deal Trump's amazing

237

00:09:56,930 --> 00:09:54,000

basically here among other things so

238

00:09:59,930 --> 00:09:56,940

it's just that's just kind of part of

239

00:10:03,050 --> 00:09:59,940

the course of course yeah you know but

240

00:10:06,050 --> 00:10:03,060

you know so Jackson he dies and there's

241

00:10:06,980 --> 00:10:06,060

not really you know sense he defeated

242

00:10:09,680 --> 00:10:06,990

the Rothschild

243

00:10:12,650 --> 00:10:09,690

and put him out of business because he

244

00:10:15,230 --> 00:10:12,660

ended all of their their central banking

245

00:10:16,819 --> 00:10:15,240

schemes right times were really good

246

00:10:20,300 --> 00:10:16,829

afterwards as you could imagine they

247

00:10:23,810 --> 00:10:20,310

wouldn't so people weren't really a fan

248

00:10:26,420 --> 00:10:23,820

of his after the fact and it was pretty

249

00:10:27,500 --> 00:10:26,430

much kind of this way you know really

250

00:10:29,540 --> 00:10:27,510

hard times

251
00:10:32,360 --> 00:10:29,550
really poverty and they slip into the

252
00:10:35,569 --> 00:10:32,370
Civil War I mean you definitely have

253
00:10:38,360 --> 00:10:35,579
done your homework on that period of

254
00:10:41,990 --> 00:10:38,370
American history and banking in general

255
00:10:44,060 --> 00:10:42,000
and I'm kind of curious how far back you

256
00:10:45,980 --> 00:10:44,070
can take the banking system because our

257
00:10:47,930 --> 00:10:45,990
first conversation was largely about the

258
00:10:49,940 --> 00:10:47,940
Shem sue [h__h] the Brotherhood of the

259
00:10:52,160 --> 00:10:49,950
serpent and Egypt that you referred to

260
00:10:54,230 --> 00:10:52,170
as kind of the first secret society

261
00:10:55,940 --> 00:10:54,240
apparently they set up the systems of

262
00:10:58,250 --> 00:10:55,950
control like banking and the court

263
00:11:00,560 --> 00:10:58,260

system and Egyptian society have you

264

00:11:02,449 --> 00:11:00,570

found any continuity to the story of

265

00:11:05,790 --> 00:11:02,459

bankster priesthoods running everything

266

00:11:07,919 --> 00:11:05,800

even straight back to Egypt

267

00:11:09,689 --> 00:11:07,929

yeah I mean you see that in ancient

268

00:11:12,269 --> 00:11:09,699

Egypt I talked about that in my book

269

00:11:15,329 --> 00:11:12,279

this priest class right whether it was

270

00:11:17,910 --> 00:11:15,339

gold or silver or items or objects there

271

00:11:19,530 --> 00:11:17,920

is always some sort of control sort of

272

00:11:19,970 --> 00:11:19,540

like it's like religion you know it's a

273

00:11:22,289 --> 00:11:19,980

cult

274

00:11:24,269 --> 00:11:22,299

so even way back then they had their own

275

00:11:26,129 --> 00:11:24,279

little cult and their modes of fear

276

00:11:28,410 --> 00:11:26,139

basically with you know we're going to

277

00:11:30,809 --> 00:11:28,420

go when you die and on this right I mean

278

00:11:32,819 --> 00:11:30,819

the whole story of kind of the the whole

279

00:11:34,139 --> 00:11:32,829

heaven and hell and going to Peter

280

00:11:35,789 --> 00:11:34,149

skates all that kind of comes from

281

00:11:37,559 --> 00:11:35,799

ancient Egypt in the weighing of the

282

00:11:40,019 --> 00:11:37,569

heart ceremony so you weigh your heart

283

00:11:42,509 --> 00:11:40,029

against the feather and it's lighter or

284

00:11:45,090 --> 00:11:42,519

whatever then you know which is

285

00:11:47,429 --> 00:11:45,100

basically true you know if you if you

286

00:11:50,549 --> 00:11:47,439

study the Indian and the Far Eastern

287

00:11:52,559 --> 00:11:50,559

stuff if you base it on like karma right

288

00:11:54,809 --> 00:11:52,569

and the laws of the universe so the laws

289

00:11:57,269 --> 00:11:54,819

of the universe of the laws right and if

290

00:11:58,919 --> 00:11:57,279

things are based on karma and if you

291

00:12:00,539 --> 00:11:58,929

have the yin and yang right because

292

00:12:02,759 --> 00:12:00,549

there's basically just two forces right

293

00:12:05,100 --> 00:12:02,769

you have a positive and a negative so if

294

00:12:06,929 --> 00:12:05,110

you live you know we're in constant

295

00:12:09,840 --> 00:12:06,939

state evolution in England so if you

296

00:12:12,119 --> 00:12:09,850

live in a certain way you know a

297

00:12:14,009 --> 00:12:12,129

negative way and you do negative things

298

00:12:15,569 --> 00:12:14,019

if you do bad things you're going to pay

299

00:12:17,910 --> 00:12:15,579

now of course I'm going to pay on earth

300

00:12:19,619 --> 00:12:17,920

and you know pay things time for you to

301
00:12:22,499 --> 00:12:19,629
resurrect or sign for you to move on to

302
00:12:25,530 --> 00:12:22,509
the next realm right so hopefully yeah

303
00:12:27,929 --> 00:12:25,540
of course so you have these concepts

304
00:12:30,350 --> 00:12:27,939
like all mixed Mass together and over

305
00:12:32,549 --> 00:12:30,360
time to kind of get misinterpreted or

306
00:12:35,059 --> 00:12:32,559
repainted to fit certain other

307
00:12:37,980 --> 00:12:35,069
ideologies sure you know but the idea of

308
00:12:40,530 --> 00:12:37,990
yeah this ancient form of money with

309
00:12:43,199 --> 00:12:40,540
control on banking that's you seen a

310
00:12:44,989 --> 00:12:43,209
changeup you find it in Babylon the

311
00:12:49,079 --> 00:12:44,999
Babylonian bankers right so you have

312
00:12:51,059 --> 00:12:49,089
even Jesus right you know Jesus was and

313
00:12:53,429 --> 00:12:51,069

he was no fan of the money changing

314

00:12:55,739 --> 00:12:53,439

right well it is interesting that this

315

00:12:57,359 --> 00:12:55,749

Shem Siew [h__h] group popped up to

316

00:12:59,220 --> 00:12:57,369

install all these control systems and

317

00:13:01,350 --> 00:12:59,230

they are represented by the serpent

318

00:13:03,840 --> 00:13:01,360

because we have all these rumors of

319

00:13:06,419 --> 00:13:03,850

reptilian overlords the classic snake in

320

00:13:08,489 --> 00:13:06,429

the Garden of Eden previous age where

321

00:13:11,579 --> 00:13:08,499

the world was ruled by giant reptiles

322

00:13:14,159 --> 00:13:11,589

snake visions also dominate shamanic

323

00:13:16,199 --> 00:13:14,169

journeys these things do stack up and

324

00:13:19,769 --> 00:13:16,209

make you wonder about this persistent

325

00:13:22,249 --> 00:13:19,779

cultural reptile theme don't they

326

00:13:25,230 --> 00:13:22,259

yeah it's unbelievable I mean you have

327

00:13:28,199 --> 00:13:25,240

there's a new book that came out alien

328

00:13:29,939 --> 00:13:28,209

world order by Kim last image you know

329

00:13:31,679 --> 00:13:29,949

talks a lot about this stuff the

330

00:13:35,699 --> 00:13:31,689

reptilians and everything and you have

331

00:13:39,600 --> 00:13:35,709

the theme of the reptilian basically all

332

00:13:41,999 --> 00:13:39,610

over in every ancient culture since kind

333

00:13:43,769 --> 00:13:42,009

of beginning of written history and in

334

00:13:45,300 --> 00:13:43,779

pop culture it's there as well so it

335

00:13:47,280 --> 00:13:45,310

kind of strange it's like it keeps

336

00:13:49,499 --> 00:13:47,290

popping up popping up popping up and

337

00:13:51,470 --> 00:13:49,509

then you know someone like David Icke

338

00:13:55,439 --> 00:13:51,480

who helped kind of make this theory

339

00:13:58,800 --> 00:13:55,449

popular he gets he gets bashed of course

340

00:14:01,009 --> 00:13:58,810

you know but it's funny how almost

341

00:14:03,629 --> 00:14:01,019

everything he was talking about was true

342

00:14:08,040 --> 00:14:03,639

they kind of proven true except for this

343

00:14:09,780 --> 00:14:08,050

one thing which I know I mean like is

344

00:14:12,150 --> 00:14:09,790

his records pretty spot-on but you know

345

00:14:14,879 --> 00:14:12,160

here's the thing though this reptilian

346

00:14:17,519 --> 00:14:14,889

presence if it is in an interdimensional

347

00:14:20,009 --> 00:14:17,529

form or a free-form you know the

348

00:14:21,329 --> 00:14:20,019

government's known there's beyond that

349

00:14:23,759 --> 00:14:21,339

the spectrums of laughs you know

350

00:14:26,069 --> 00:14:23,769

understand like so they they've known

351

00:14:27,809 --> 00:14:26,079

this for a long time so if they're just

352

00:14:29,730 --> 00:14:27,819

kind of emitting new light forms and new

353

00:14:32,460 --> 00:14:29,740

wavelengths or whatever is who's to say

354

00:14:34,499 --> 00:14:32,470

that you know that there's alien

355

00:14:37,079 --> 00:14:34,509

entities that exist in these forms that

356

00:14:39,059 --> 00:14:37,089

we just can't see now didn't have the

357

00:14:42,780 --> 00:14:39,069

physical presence and I've always kind

358

00:14:44,850 --> 00:14:42,790

of wondered and made it look like we're

359

00:14:47,490 --> 00:14:44,860

okay you have

360

00:14:50,250 --> 00:14:47,500

the physical presence I think that might

361

00:14:52,560 --> 00:14:50,260

have died down because if there was an

362

00:14:54,990 --> 00:14:52,570

interdimensional and a physical maybe

363

00:14:57,150 --> 00:14:55,000

just switch to interdimensional overtime

364

00:14:58,350 --> 00:14:57,160

or it could be two different things I

365

00:15:00,949 --> 00:14:58,360

mean it could be just two different

366

00:15:04,050 --> 00:15:00,959

reptilian species in general right

367

00:15:05,759 --> 00:15:04,060

doesn't mean there has to be only one

368

00:15:08,940 --> 00:15:05,769

form of reptilian species well if

369

00:15:12,509 --> 00:15:08,950

there's many right you know so you get

370

00:15:15,269 --> 00:15:12,519

into the like the Sinclair family mm-hmm

371

00:15:17,190 --> 00:15:15,279

with the dinosaur right it's eclairs it

372

00:15:19,079 --> 00:15:17,200

was a nice gentler yeah they had the

373

00:15:21,480 --> 00:15:19,089

Sinclair gas station which had the

374

00:15:22,970 --> 00:15:21,490

dinosaur logo and oftentimes like a

375

00:15:26,280 --> 00:15:22,980

dinosaur statue out front

376

00:15:29,610 --> 00:15:26,290

yep very cool very cool very weird

377

00:15:31,980 --> 00:15:29,620

though right reptilian of all the things

378

00:15:34,199 --> 00:15:31,990

to choose like why that yeah very very

379

00:15:36,569 --> 00:15:34,209

strange so you have these things and

380

00:15:38,370 --> 00:15:36,579

then you have interesting The Muppets

381

00:15:40,410 --> 00:15:38,380

right with the Muppets for Jim Henson

382

00:15:43,319 --> 00:15:40,420

you know he created the show the

383

00:15:48,329 --> 00:15:43,329

dinosaur show right that 90s sitcom the

384

00:15:51,030 --> 00:15:48,339

96 was huge very pop not the mama so

385

00:15:53,880 --> 00:15:51,040

they have this whole thing Jim Henson

386

00:15:56,850 --> 00:15:53,890

helped create right but before that he

387

00:15:59,280 --> 00:15:56,860

was negotiating a deal with Disney about

388

00:16:03,120 --> 00:15:59,290

the Muppets his most cherished creation

389

00:16:05,730 --> 00:16:03,130

and he didn't want to give up control so

390

00:16:07,620 --> 00:16:05,740

basically he told him you know it's not

391

00:16:10,620 --> 00:16:07,630

gonna happen and he died like the next

392

00:16:14,220 --> 00:16:10,630

day a heart attack right and they got

393

00:16:16,620 --> 00:16:14,230

control anyways so I mean that's how it

394

00:16:17,699 --> 00:16:16,630

is but you look at the connection with

395

00:16:20,880 --> 00:16:17,709

these things and he was a Hollywood

396

00:16:22,800 --> 00:16:20,890

insider so he had to kind of been maybe

397

00:16:24,720 --> 00:16:22,810

throwing out there that with this this

398

00:16:27,329 --> 00:16:24,730

dinosaur show showing these upright

399

00:16:29,939 --> 00:16:27,339

walking talking dinosaur aliens

400

00:16:33,750 --> 00:16:29,949

working-class dinosaur aliens you know

401
00:16:36,990 --> 00:16:33,760
having the same sort of lives that were

402
00:16:40,050 --> 00:16:37,000
kind of stuck in right having to work

403
00:16:42,300 --> 00:16:40,060
having to the banking and all this all

404
00:16:44,970 --> 00:16:42,310
those things were contained within that

405
00:16:45,750 --> 00:16:44,980
show so it's very interesting so you get

406
00:16:47,790 --> 00:16:45,760
the Sinclairs

407
00:16:51,269 --> 00:16:47,800
and they're the ones who have the

408
00:16:55,110 --> 00:16:51,279
Rosslyn Chapel in Scotland and that

409
00:16:56,699 --> 00:16:55,120
Chapel has you know images of corn you

410
00:16:58,470 --> 00:16:56,709
know crazy things they couldn't have

411
00:17:00,870 --> 00:16:58,480
known which was before

412
00:17:02,939 --> 00:17:00,880
on business trip right does that whole

413
00:17:06,030 --> 00:17:02,949

theory that the Templars came over here

414

00:17:07,949 --> 00:17:06,040

before in the 1300 to 1400 and if you

415

00:17:12,059 --> 00:17:07,959

look at the Rosslyn Chapel you'll find

416

00:17:14,220 --> 00:17:12,069

imagery of this hmm and it's strange

417

00:17:16,470 --> 00:17:14,230

because later on they come they have

418

00:17:18,809 --> 00:17:16,480

this in Claire you know and we know like

419

00:17:21,449 --> 00:17:18,819

Lord Byron's supposed to head reptilian

420

00:17:25,110 --> 00:17:21,459

really you know so there's there is the

421

00:17:28,110 --> 00:17:25,120

element of in the 1400s 1516 even going

422

00:17:30,750 --> 00:17:28,120

up into the chorion era of the physical

423

00:17:32,940 --> 00:17:30,760

traits of some reptilians still being

424

00:17:35,880 --> 00:17:32,950

around damn you know was a far far

425

00:17:37,770 --> 00:17:35,890

removed from going hunting the Dragons

426

00:17:40,380 --> 00:17:37,780

right you know the Knights going hunting

427

00:17:42,480 --> 00:17:40,390

the Dragons what does that mean yeah and

428

00:17:44,880 --> 00:17:42,490

their dragons are always guarding a lot

429

00:17:46,500 --> 00:17:44,890

of wealth a big pile of gold or some

430

00:17:48,180 --> 00:17:46,510

[h__\h] Oh exactly

431

00:17:51,690 --> 00:17:48,190

it's a dragon you get all the treasure

432

00:17:54,150 --> 00:17:51,700

yeah man that's awesome

433

00:17:56,340 --> 00:17:54,160

I do just love that story about Jim

434

00:17:58,980 --> 00:17:56,350

Henson and the dinosaurs like he knew

435

00:18:01,860 --> 00:17:58,990

the truth and wanted to somehow mock

436

00:18:04,049 --> 00:18:01,870

them in mainstream media just all the

437

00:18:06,030 --> 00:18:04,059

reptilian connections in general it does

438

00:18:08,159 --> 00:18:06,040

make you wonder we even noted last time

439

00:18:10,650 --> 00:18:08,169

that the most famous video game ever

440

00:18:13,020 --> 00:18:10,660

Mario is about battling a family of

441

00:18:14,909 --> 00:18:13,030

crown-wearing reptiles and it's not

442

00:18:16,650 --> 00:18:14,919

conclusive but it's very clearly in the

443

00:18:18,330 --> 00:18:16,660

cultural memory and I used to be very

444

00:18:20,760 --> 00:18:18,340

into this idea of aliens from another

445

00:18:22,740 --> 00:18:20,770

planet coming down and hooking us up

446

00:18:26,010 --> 00:18:22,750

with a societal jumpstart for better or

447

00:18:28,530 --> 00:18:26,020

worse but now I actually think contacted

448

00:18:30,570 --> 00:18:28,540

it might be like shamanic journeying or

449

00:18:32,430 --> 00:18:30,580

you know tapping into that astral plane

450

00:18:34,049 --> 00:18:32,440

because that was big in those ancient

451
00:18:35,970 --> 00:18:34,059
times and I think that type of contact

452
00:18:37,890 --> 00:18:35,980
and influence is a bit more likely than

453
00:18:40,230 --> 00:18:37,900
a ship landing somewhere on the Giza

454
00:18:42,750 --> 00:18:40,240
Plateau these tools and systems of

455
00:18:46,590 --> 00:18:42,760
control could just as easily passed from

456
00:18:48,750 --> 00:18:46,600
some reptilian are conic beans to an

457
00:18:51,090 --> 00:18:48,760
elite priesthood like the Shem soo

458
00:18:52,440 --> 00:18:51,100
horror by more esoteric means than

459
00:18:54,480 --> 00:18:52,450
physical kind of like you were

460
00:18:57,810 --> 00:18:54,490
suggesting before

461
00:19:00,660 --> 00:18:57,820
yeah I mean the thing is we have so many

462
00:19:03,120 --> 00:19:00,670
references and so much historical you

463
00:19:04,470 --> 00:19:03,130

know conundrums that deal with this

464

00:19:06,810 --> 00:19:04,480

topic you know I'm just going to go

465

00:19:08,670 --> 00:19:06,820

through I have a list right here just to

466

00:19:10,890 --> 00:19:08,680

pop culture alone with the reptilians

467

00:19:12,630 --> 00:19:10,900

yeah King Koopa from Mario Brothers and

468

00:19:15,420 --> 00:19:12,640

you got the sea stacks the sea stacks

469

00:19:16,980 --> 00:19:15,430

from Land of the Lost rowdy Piper you

470

00:19:18,630 --> 00:19:16,990

know he was fighting they live and they

471

00:19:20,580 --> 00:19:18,640

live right which is they live is

472

00:19:23,270 --> 00:19:20,590

probably the greatest movies ever yeah I

473

00:19:25,170 --> 00:19:23,280

mean the score is fabulous

474

00:19:28,050 --> 00:19:25,180

everything about it mean it's literally

475

00:19:30,660 --> 00:19:28,060

like a documentary I think that's like

476

00:19:32,250 --> 00:19:30,670

whoa it really it breaks it explains why

477

00:19:34,590 --> 00:19:32,260

John Carter that was basically into him

478

00:19:36,870 --> 00:19:34,600

he kind of kind of got mad at him for

479

00:19:38,850 --> 00:19:36,880

that so and then you know Roddy Piper

480

00:19:41,340 --> 00:19:38,860

was also in hell comes a frog town I

481

00:19:43,890 --> 00:19:41,350

don't know if anyone remembers that one

482

00:19:46,020 --> 00:19:43,900

but it's horrible 80s movie oh it's

483

00:19:47,400 --> 00:19:46,030

great it's a super super corny he's like

484

00:19:49,260 --> 00:19:47,410

one of those might even one of those

485

00:19:52,620 --> 00:19:49,270

trauma movies trauma bill or whatever

486

00:19:54,570 --> 00:19:52,630

that did toxic avenger and all that

487

00:19:56,400 --> 00:19:54,580

so basically rowdy Piper has to fight

488

00:19:58,050 --> 00:19:56,410

the reptilian me and you know frog

489

00:19:59,790 --> 00:19:58,060

monsters in this post-apocalyptic world

490

00:20:02,400 --> 00:19:59,800

it's worth watching this is pretty funny

491

00:20:04,740 --> 00:20:02,410

and then yeah enemy mine right Dennis

492

00:20:06,300 --> 00:20:04,750

Quaid Louis Gossett jr. plays the

493

00:20:06,780 --> 00:20:06,310

reptilian and they're basically from

494

00:20:10,650 --> 00:20:06,790

dracco

495

00:20:12,540 --> 00:20:10,660

like fighting you know it's kind of

496

00:20:15,000 --> 00:20:12,550

wearing space in the future fighting

497

00:20:16,470 --> 00:20:15,010

this reptilians from Drago you know that

498

00:20:18,270 --> 00:20:16,480

was moved in the 80s there's a

499

00:20:20,340 --> 00:20:18,280

interesting movie called dream skate

500

00:20:22,890 --> 00:20:20,350

with Dennis Quaid again and it's also

501
00:20:25,830 --> 00:20:22,900
from the 80s and he's evolved in a CIA

502
00:20:27,210 --> 00:20:25,840
psychic experiment he ends up doing

503
00:20:29,940 --> 00:20:27,220
battle with like a shape-shifting

504
00:20:32,070 --> 00:20:29,950
reptilian this is one of the like the

505
00:20:34,590 --> 00:20:32,080
main bad guys in the movie so it's very

506
00:20:35,970 --> 00:20:34,600
strange very strange you know and then

507
00:20:38,520 --> 00:20:35,980
we have Conan the Barbarian of course

508
00:20:40,260 --> 00:20:38,530
also doing yeah

509
00:20:41,790 --> 00:20:40,270
pretty furnished I'm pretty sure

510
00:20:43,680 --> 00:20:41,800
everyone's kind of familiar with with

511
00:20:47,190 --> 00:20:43,690
also doing you know and then you have

512
00:20:49,590 --> 00:20:47,200
Babylon 5 there's the dinar into Babylon

513
00:20:52,320 --> 00:20:49,600

5 you got V which is one of my favorite

514

00:20:53,610 --> 00:20:52,330

series also from the eighties you know

515

00:20:55,350 --> 00:20:53,620

and then if you get into the comic books

516

00:20:57,570 --> 00:20:55,360

you got the amazing spider-man with dr.

517

00:21:00,180 --> 00:20:57,580

Curt Connors it was reptilian right

518

00:21:02,340 --> 00:21:00,190

so yeah the lizard yep and you know

519

00:21:05,180 --> 00:21:02,350

Fantastic Four you know the Sauron and

520

00:21:08,610 --> 00:21:05,190

x-men genius me Ninja Turtles of course

521

00:21:11,610 --> 00:21:08,620

just on and on and on and on GI Joe oh

522

00:21:13,290 --> 00:21:11,620

my god if you watch episode 2 GI Joe

523

00:21:16,260 --> 00:21:13,300

it's blow your mind and it's really

524

00:21:17,910 --> 00:21:16,270

addictive oh he's just you start

525

00:21:20,840 --> 00:21:17,920

watching it's incredible there it's

526

00:21:24,090 --> 00:21:20,850

literally like who is this written for

527

00:21:26,790 --> 00:21:24,100

is all about the New World Order it's

528

00:21:31,200 --> 00:21:26,800

all about thanking the Illuminati and

529

00:21:32,550 --> 00:21:31,210

cult and every kind of little clue you

530

00:21:34,740 --> 00:21:32,560

know that we know now is already

531

00:21:36,480 --> 00:21:34,750

implanted in us basically like we have

532

00:21:39,090 --> 00:21:36,490

predictive program this some children

533

00:21:42,840 --> 00:21:39,100

you know even know it yeah Joe's insane

534

00:21:45,180 --> 00:21:42,850

yeah well that is quite a lot it's

535

00:21:48,720 --> 00:21:45,190

definitely definitely a major theme and

536

00:21:51,810 --> 00:21:48,730

in terms of that idea that reptilians

537

00:21:53,760 --> 00:21:51,820

would have to be physical you know I do

538

00:21:56,040 --> 00:21:53,770

think the more nuanced understanding is

539

00:21:57,630 --> 00:21:56,050

that this cultural memory of this

540

00:22:01,170 --> 00:21:57,640

connection between the elite and

541

00:22:03,420 --> 00:22:01,180

something reptilian is more magical or

542

00:22:05,160 --> 00:22:03,430

ritual based because it makes sense the

543

00:22:07,890 --> 00:22:05,170

connection between occultists and

544

00:22:10,140 --> 00:22:07,900

banking has always been fairly strong it

545

00:22:11,640 --> 00:22:10,150

was always this priest class and we have

546

00:22:13,140 --> 00:22:11,650

stories about the Knights Templar and

547

00:22:15,630 --> 00:22:13,150

their connection to BA from it another

548

00:22:18,180 --> 00:22:15,640

possible entity that they got banking

549

00:22:19,950 --> 00:22:18,190

practices from and I don't know how you

550

00:22:22,110 --> 00:22:19,960

really craft a fractional reserve system

551
00:22:24,270 --> 00:22:22,120
of creating something out of nothing and

552
00:22:26,100 --> 00:22:24,280
get everyone to buy into it without some

553
00:22:30,360 --> 00:22:26,110
type of spell because we all seem pretty

554
00:22:32,240 --> 00:22:30,370
bound and mesmerized by it I mean it's

555
00:22:34,760 --> 00:22:32,250
right there on the dollar oh yeah this

556
00:22:37,710 --> 00:22:34,770
is right there all the witchcraft

557
00:22:40,530 --> 00:22:37,720
rescheduled and symbolism yeah it's

558
00:22:42,240 --> 00:22:40,540
there so well think about it I mean you

559
00:22:46,260 --> 00:22:42,250
you're only as free as the dollars in

560
00:22:48,000 --> 00:22:46,270
your pocket and so yeah we were kind of

561
00:22:49,650 --> 00:22:48,010
all of us you know and this is why

562
00:22:50,820 --> 00:22:49,660
things really don't get done on certain

563
00:22:51,960 --> 00:22:50,830

levels that's why it's kind of

564

00:22:53,910 --> 00:22:51,970

disappointing to see Tron

565

00:22:56,310 --> 00:22:53,920

just make a 180 and basically everything

566

00:22:59,190 --> 00:22:56,320

and I was like either he's a complete

567

00:23:02,340 --> 00:22:59,200

conman or he got in there and realized

568

00:23:04,290 --> 00:23:02,350

like I mean what can you do you know

569

00:23:06,540 --> 00:23:04,300

like the beat like Ron Paul I mean Ron

570

00:23:08,640 --> 00:23:06,550

Paul is a real president this is me like

571

00:23:10,110 --> 00:23:08,650

you neat he's been saying this for

572

00:23:11,850 --> 00:23:10,120

decades right right

573

00:23:14,220 --> 00:23:11,860

he said you vote all you want to Deeks

574

00:23:15,630 --> 00:23:14,230

they won't change and then you don't

575

00:23:17,010 --> 00:23:15,640

only have to worry about the D because

576

00:23:19,140 --> 00:23:17,020

the deep slavery could care less I mean

577

00:23:21,390 --> 00:23:19,150

they got offworld technologies they got

578

00:23:24,240 --> 00:23:21,400

all these anti-gravity crafts and they

579

00:23:26,130 --> 00:23:24,250

got the whole you know if they are going

580

00:23:28,020 --> 00:23:26,140

to Mars and by a you know wormhole

581

00:23:30,630 --> 00:23:28,030

technology who knows man who we don't

582

00:23:32,610 --> 00:23:30,640

know what right understands like there's

583

00:23:34,590 --> 00:23:32,620

there's our world and there's like their

584

00:23:36,900 --> 00:23:34,600

world that the real world that we have

585

00:23:38,910 --> 00:23:36,910

no idea well that's interesting you

586

00:23:41,130 --> 00:23:38,920

bring up Trump in that way because I

587

00:23:43,200 --> 00:23:41,140

noticed that your most recent book is

588

00:23:45,060 --> 00:23:43,210

called the Donald Trump conspiracy how a

589

00:23:47,280 --> 00:23:45,070

billionaire businessman challenged the

590

00:23:50,370 --> 00:23:47,290

New World Order and those are exactly

591

00:23:51,840 --> 00:23:50,380

the kind of questions I had because now

592

00:23:54,360 --> 00:23:51,850

that he's staying in NAFTA

593

00:23:57,810 --> 00:23:54,370

expanding the war backtracking on NATO

594

00:24:00,570 --> 00:23:57,820

being ugly insider dealing I was

595

00:24:02,760 --> 00:24:00,580

obviously hated Hillary and I was glad

596

00:24:05,190 --> 00:24:02,770

when I saw something like the TPP get

597

00:24:07,320 --> 00:24:05,200

shot down but I still really in my heart

598

00:24:09,900 --> 00:24:07,330

of hearts thought of Trump is a guy in

599

00:24:12,240 --> 00:24:09,910

that 1% class who stayed rich exploiting

600

00:24:14,910 --> 00:24:12,250

workers making shady one-sided deals and

601
00:24:16,980 --> 00:24:14,920
using the same tactics as families like

602
00:24:18,840 --> 00:24:16,990
the Rockefellers the Carnegie's the

603
00:24:21,210 --> 00:24:18,850
Sinclair's that we criticize so heavily

604
00:24:23,040 --> 00:24:21,220
so I'm not really surprised that it's

605
00:24:25,710 --> 00:24:23,050
the same old thing because even when

606
00:24:27,330 --> 00:24:25,720
Obama was a choice people voted for him

607
00:24:29,250 --> 00:24:27,340
because he was the anti-war candidate

608
00:24:30,960 --> 00:24:29,260
when you listen to the speeches before

609
00:24:32,580 --> 00:24:30,970
he was elected and this is what they did

610
00:24:34,200 --> 00:24:32,590
again they didn't want Hillary they

611
00:24:36,120 --> 00:24:34,210
wanted the guy who's saying bring the

612
00:24:36,600 --> 00:24:36,130
troops home and let's fix this country

613
00:24:39,090 --> 00:24:36,610

first

614

00:24:42,299 --> 00:24:39,100

but again that's never what we get it's

615

00:24:44,369 --> 00:24:42,309

always two puppets one hand

616

00:24:46,200 --> 00:24:44,379

right and this is you know this is why I

617

00:24:48,719 --> 00:24:46,210

mean I kind of just put out the e-book

618

00:24:50,609 --> 00:24:48,729

basically because I got offered a pretty

619

00:24:51,389 --> 00:24:50,619

good amount of money to write something

620

00:24:53,969 --> 00:24:51,399

on Tron

621

00:24:55,739 --> 00:24:53,979

oh they wanted me to bash them basically

622

00:24:57,869 --> 00:24:55,749

they're kind of looking for you know why

623

00:25:01,560 --> 00:24:57,879

women hate Trump or whatever wish I

624

00:25:03,690 --> 00:25:01,570

could have done easily but you know just

625

00:25:05,430 --> 00:25:03,700

it wasn't it wasn't truthful to me I

626

00:25:07,619 --> 00:25:05,440

kind of thought the real story was

627

00:25:10,109 --> 00:25:07,629

actually what he was saying and he kind

628

00:25:11,909 --> 00:25:10,119

of was going against globalism I mean we

629

00:25:13,409 --> 00:25:11,919

already knew how devastating Hillary

630

00:25:15,869 --> 00:25:13,419

Clinton would have been anyway so that

631

00:25:18,269 --> 00:25:15,879

was never any option at all

632

00:25:21,149 --> 00:25:18,279

so what Trump was saying before he got

633

00:25:23,969 --> 00:25:21,159

elected sounded good a few things that

634

00:25:27,479 --> 00:25:23,979

not everything obviously but there was

635

00:25:30,089 --> 00:25:27,489

enough things but of course when it gets

636

00:25:31,649 --> 00:25:30,099

in you know you killed TTP right away he

637

00:25:34,709 --> 00:25:31,659

was off to kind of a good start but then

638

00:25:39,260 --> 00:25:34,719

BOOM you kind of see it like sudden now

639

00:25:41,180 --> 00:25:39,270

swear yes

640

00:25:43,130 --> 00:25:41,190

it's half and a half really is we were

641

00:25:46,280 --> 00:25:43,140

in a position where you have the

642

00:25:50,350 --> 00:25:46,290

Zionists control system in there you

643

00:25:53,660 --> 00:25:50,360

have a lot of things that he's either

644

00:25:55,280 --> 00:25:53,670

fooled everybody into or like you said I

645

00:25:58,130 --> 00:25:55,290

mean like yeah you have those concerns

646

00:26:00,290 --> 00:25:58,140

because he is from that one you know his

647

00:26:01,760 --> 00:26:00,300

daughter doesn't help Kushner doesn't

648

00:26:04,580 --> 00:26:01,770

hurt her that's not how people use

649

00:26:08,690 --> 00:26:04,590

surrounded with does a help I need oh

650

00:26:10,640 --> 00:26:08,700

and so it's we'll see what happens as

651
00:26:12,860 --> 00:26:10,650
you know well I'm curious how you break

652
00:26:15,020 --> 00:26:12,870
down the power pyramid in general if

653
00:26:16,880 --> 00:26:15,030
something I used to ask quite a few

654
00:26:19,460 --> 00:26:16,890
guests I kind of got away from because I

655
00:26:21,170 --> 00:26:19,470
just see so many competing factions and

656
00:26:24,020 --> 00:26:21,180
it's a real game of Thrones type

657
00:26:26,090 --> 00:26:24,030
situation as far as you know what I see

658
00:26:27,800 --> 00:26:26,100
but I'm curious how you break down the

659
00:26:29,570 --> 00:26:27,810
power pyramid where do you think the

660
00:26:31,490 --> 00:26:29,580
true power lies especially since you

661
00:26:33,740 --> 00:26:31,500
have done this history and banking and

662
00:26:35,870 --> 00:26:33,750
trying to trace you know is there a

663
00:26:37,520 --> 00:26:35,880

truth to American independence or not

664

00:26:39,770 --> 00:26:37,530

and these types of things the

665

00:26:42,080 --> 00:26:39,780

Rothschilds and their banking industry

666

00:26:44,270 --> 00:26:42,090

when it comes to today like if you try

667

00:26:46,370 --> 00:26:44,280

to take the past and extrapolate where

668

00:26:48,740 --> 00:26:46,380

it's gone what do you think the capstone

669

00:26:54,800 --> 00:26:48,750

of the power pyramid is in modern times

670

00:26:56,690 --> 00:26:54,810

I think wolf okay America is you know

671

00:26:59,210 --> 00:26:56,700

it's the illusion you know there we are

672

00:27:00,980 --> 00:26:59,220

still free in the sense that there's

673

00:27:02,630 --> 00:27:00,990

things we can do here you can't really

674

00:27:04,190 --> 00:27:02,640

do anywhere else our cages are much

675

00:27:05,840 --> 00:27:04,200

nicer than other places around the world

676

00:27:07,940 --> 00:27:05,850

yeah pretty much

677

00:27:11,480 --> 00:27:07,950

there is opportunity here you know if

678

00:27:13,370 --> 00:27:11,490

you're smart and if you are if you avoid

679

00:27:14,630 --> 00:27:13,380

you know getting in because they

680

00:27:16,610 --> 00:27:14,640

basically that everything is about money

681

00:27:18,200 --> 00:27:16,620

you know I like throwing in jail for

682

00:27:20,390 --> 00:27:18,210

money you know it's not because you're

683

00:27:22,730 --> 00:27:20,400

doing some wrong whatever it's just

684

00:27:25,880 --> 00:27:22,740

about money the whole whole system is a

685

00:27:28,400 --> 00:27:25,890

fraud that is true as far as the

686

00:27:31,430 --> 00:27:28,410

government or whatever you know DARPA is

687

00:27:34,940 --> 00:27:31,440

the government DARPA runs that is

688

00:27:36,500 --> 00:27:34,950

America hmm DARPA runs but what would we

689

00:27:39,110 --> 00:27:36,510

think is a deep state or whatever I mean

690

00:27:42,470 --> 00:27:39,120

that is the right period and then you

691

00:27:44,420 --> 00:27:42,480

have the banking control the Federal

692

00:27:48,800 --> 00:27:44,430

Reserve System which is Rothschilds and

693

00:27:51,080 --> 00:27:48,810

and that sort of anglo-american

694

00:27:52,660 --> 00:27:51,090

old world control system with the

695

00:27:54,280 --> 00:27:52,670

ability to prey

696

00:27:57,040 --> 00:27:54,290

money based off of nothing of the thin

697

00:27:59,080 --> 00:27:57,050

air and cell it's here now and that's a

698

00:28:02,410 --> 00:27:59,090

you know that's sort of a Zionist

699

00:28:04,000 --> 00:28:02,420

they're part of it but they want their

700

00:28:06,700 --> 00:28:04,010

own you know they want more control

701

00:28:07,990 --> 00:28:06,710

right so there's there's those in fact

702

00:28:10,300 --> 00:28:08,000

those those Fighting's going on with

703

00:28:12,700 --> 00:28:10,310

them and then you consider that to be a

704

00:28:14,770 --> 00:28:12,710

largely is that a Jewish power Network

705

00:28:16,120 --> 00:28:14,780

or do you consider it to be just uh well

706

00:28:19,660 --> 00:28:16,130

there's a mix because it's like as IO

707

00:28:22,150 --> 00:28:19,670

con you got the old-world neocon that

708

00:28:24,790 --> 00:28:22,160

influence but then you have a lot of the

709

00:28:27,820 --> 00:28:24,800

Jewish appeals which is just what it is

710

00:28:30,190 --> 00:28:27,830

you know and then you have all the

711

00:28:34,210 --> 00:28:30,200

consolidation of the media comes right

712

00:28:37,420 --> 00:28:34,220

up so when you have a six media company

713

00:28:39,010 --> 00:28:37,430

is owning 90% or whatever it is and then

714

00:28:39,970 --> 00:28:39,020

you look at their parents and this

715

00:28:42,090 --> 00:28:39,980

always goes back to the

716

00:28:44,410 --> 00:28:42,100

military-industrial complex like GE owns

717

00:28:46,210 --> 00:28:44,420

universal ball blogging so you can kind

718

00:28:49,870 --> 00:28:46,220

of see the chart you know follow the

719

00:28:52,510 --> 00:28:49,880

money so it is in that level there is

720

00:28:55,180 --> 00:28:52,520

that a lot of Jewish because you cannot

721

00:28:57,030 --> 00:28:55,190

deny that you cannot say that Hollywood

722

00:28:59,650 --> 00:28:57,040

isn't Jewish you know right

723

00:29:02,340 --> 00:28:59,660

disproportionately yeah of course I mean

724

00:29:05,379 --> 00:29:02,350

just it's right there three the credits

725

00:29:06,819 --> 00:29:05,389

and that doesn't mean

726

00:29:08,440 --> 00:29:06,829

you know that that's not a negative

727

00:29:10,269 --> 00:29:08,450

thing that doesn't mean a certain that

728

00:29:12,069 --> 00:29:10,279

let's go like some conspiracy or

729

00:29:14,440 --> 00:29:12,079

whatever now it's just that's how it is

730

00:29:15,940 --> 00:29:14,450

but you have to be able to look at

731

00:29:17,739 --> 00:29:15,950

everything and then be like well wait a

732

00:29:21,159 --> 00:29:17,749

minute if there's a National Security

733

00:29:22,659 --> 00:29:21,169

Council for president right there's what

734

00:29:26,310 --> 00:29:22,669

ten people or twelve people or whatever

735

00:29:28,869 --> 00:29:26,320

and if nine out of 12 people are Jewish

736

00:29:30,759 --> 00:29:28,879

that might be a little concern you know

737

00:29:32,469 --> 00:29:30,769

right they might have interests that

738

00:29:34,989 --> 00:29:32,479

aren't typically aligned with the

739

00:29:37,839 --> 00:29:34,999

average American right course so you

740

00:29:39,940 --> 00:29:37,849

know those are concerns that are valid I

741

00:29:42,069 --> 00:29:39,950

hear you man I'm with you

742

00:29:43,839 --> 00:29:42,079

I definitely think they're valid and I

743

00:29:46,060 --> 00:29:43,849

just try to think of the Jewish faction

744

00:29:48,519 --> 00:29:46,070

of the elite as I would any faction or

745

00:29:50,379 --> 00:29:48,529

any secret society because the template

746

00:29:52,690 --> 00:29:50,389

seems to be you bring members into the

747

00:29:54,940 --> 00:29:52,700

group who form blood oaths to put their

748

00:29:57,459 --> 00:29:54,950

interests and the secrecy of their

749

00:29:59,109 --> 00:29:57,469

little Club above all else and then you

750

00:30:00,819 --> 00:29:59,119

go out in the world and you grab up as

751
00:30:02,799 --> 00:30:00,829
much power and influence as you can you

752
00:30:04,930 --> 00:30:02,809
help each other climb the ladder because

753
00:30:07,029 --> 00:30:04,940
that's pretty much the gameplan of so

754
00:30:09,909 --> 00:30:07,039
many little organizations and it works

755
00:30:12,159 --> 00:30:09,919
so that's how it is and it criticized or

756
00:30:14,409 --> 00:30:12,169
call out a Jewish group shouldn't be any

757
00:30:17,319 --> 00:30:14,419
more uncomfortable than calling out a

758
00:30:19,869 --> 00:30:17,329
free masonic allegiance or something not

759
00:30:22,180 --> 00:30:19,879
all white men are freemasons and not all

760
00:30:25,449 --> 00:30:22,190
jews are going to be members of an elite

761
00:30:27,819 --> 00:30:25,459
as a kanonji Kabbalistic banking

762
00:30:30,239 --> 00:30:27,829
priesthood but there is something there

763
00:30:33,459 --> 00:30:30,249

there is something to that group or

764

00:30:35,709 --> 00:30:33,469

maybe multiple groups of people that are

765

00:30:38,440 --> 00:30:35,719

abused ascent that are involved in

766

00:30:40,869 --> 00:30:38,450

banking that is a slice of the pie that

767

00:30:45,039 --> 00:30:40,879

seems pretty powerful and pretty ancient

768

00:30:47,289 --> 00:30:45,049

based on a lot of researchers exactly

769

00:30:50,019 --> 00:30:47,299

and you're exactly right so now we have

770

00:30:52,930 --> 00:30:50,029

a situation where through the banking

771

00:30:56,100 --> 00:30:52,940

through like their choice of control

772

00:30:59,320 --> 00:30:56,110

right banking they have

773

00:31:05,480 --> 00:31:02,450

what I mean who is it under control of

774

00:31:07,070 --> 00:31:05,490

IMS you know right that becomes the game

775

00:31:09,380 --> 00:31:07,080

it's like obviously Hollywood is a

776

00:31:12,170 --> 00:31:09,390

valuable tool but it ain't like banking

777

00:31:15,020 --> 00:31:12,180

and so you got to look at which tool is

778

00:31:16,820 --> 00:31:15,030

the most useful and try to do like the

779

00:31:18,770 --> 00:31:16,830

Russian doll thing like which is the

780

00:31:20,600 --> 00:31:18,780

bigger one and and I really do think

781

00:31:22,450 --> 00:31:20,610

banking has to take the cake because

782

00:31:25,070 --> 00:31:22,460

everything has to be under that umbrella

783

00:31:26,780 --> 00:31:25,080

everything is I mean Hollywood's a great

784

00:31:28,549 --> 00:31:26,790

tool for mind control and to push

785

00:31:31,070 --> 00:31:28,559

agendas and propaganda which is all you

786

00:31:33,169 --> 00:31:31,080

see now which makes me sick as a as a

787

00:31:36,500 --> 00:31:33,179

filmmaker an artist you know I'm sick of

788

00:31:38,720 --> 00:31:36,510

it seeing it you know so that's

789

00:31:40,400 --> 00:31:38,730

important and that's been done since the

790

00:31:42,440 --> 00:31:40,410

50s or whatever you know Lookout

791

00:31:43,790 --> 00:31:42,450

Mountain up in Laurel Canyon that's kind

792

00:31:45,350 --> 00:31:43,800

of where all those new technologies and

793

00:31:47,060 --> 00:31:45,360

film came from that's government yep

794

00:31:49,220 --> 00:31:47,070

that's what they were kind of used in

795

00:31:50,990 --> 00:31:49,230

all the war propaganda stuff they were

796

00:31:52,850 --> 00:31:51,000

creating up there now we all know look

797

00:31:54,049 --> 00:31:52,860

up hanyan is related to the laurel

798

00:31:56,570 --> 00:31:54,059

canyon and he had the laurel canyon

799

00:31:59,600 --> 00:31:56,580

conspiracy with that daivim Gowen talked

800

00:32:01,910 --> 00:31:59,610

about yeah that helped introduce these

801
00:32:04,940 --> 00:32:01,920
these elements through music but they're

802
00:32:07,970 --> 00:32:04,950
all kind of all these musicians were

803
00:32:09,470 --> 00:32:07,980
basically sons of fathers who were in

804
00:32:11,270 --> 00:32:09,480
the military industrial complex and

805
00:32:13,520 --> 00:32:11,280
things like Jim Morrison's father was

806
00:32:15,530 --> 00:32:13,530
the Admiral that got us into was the

807
00:32:17,900 --> 00:32:15,540
false flag of the Admiral that got us in

808
00:32:19,549 --> 00:32:17,910
the Gulf talking to Vietnam and a lot of

809
00:32:20,780 --> 00:32:19,559
crazy things going on you know like I

810
00:32:22,970 --> 00:32:20,790
don't believe in coincidence ones like

811
00:32:24,950 --> 00:32:22,980
that it's just too weird right you got

812
00:32:27,410 --> 00:32:24,960
to look at those connections and weigh

813
00:32:29,480 --> 00:32:27,420

them appropriately also I wanted to

814

00:32:31,730 --> 00:32:29,490

circle back to that earlier question of

815

00:32:33,470 --> 00:32:31,740

did America really when its independence

816

00:32:35,930 --> 00:32:33,480

or did something else happen on paper

817

00:32:38,270 --> 00:32:35,940

behind closed doors that didn't really

818

00:32:39,590 --> 00:32:38,280

match the public perception because you

819

00:32:41,240 --> 00:32:39,600

have a couple interesting effects when

820

00:32:43,970 --> 00:32:41,250

it comes to answering that for example

821

00:32:46,310 --> 00:32:43,980

you say that the Jay Treaty had us

822

00:32:49,520 --> 00:32:46,320

paying the King 600 pound sterling

823

00:32:52,040 --> 00:32:49,530

silver for their loss which I really

824

00:32:54,260 --> 00:32:52,050

don't know how much that is but you also

825

00:32:56,299 --> 00:32:54,270

note our property taxes and it does

826
00:32:58,430 --> 00:32:56,309
frustrate me that when you own a home

827
00:33:00,770 --> 00:32:58,440
you still have property taxes every year

828
00:33:03,590 --> 00:33:00,780
it's really just like a rental because

829
00:33:05,900 --> 00:33:03,600
you cannot get past that and with all

830
00:33:07,790 --> 00:33:05,910
the quote unquote debts the country is

831
00:33:10,310 --> 00:33:07,800
in it really should start making more

832
00:33:12,820 --> 00:33:10,320
people curious about who owns this land

833
00:33:14,680 --> 00:33:12,830
and who really owns the federal

834
00:33:17,020 --> 00:33:14,690
the Federal Reserve is owned by a

835
00:33:21,340 --> 00:33:17,030
private in a group of international

836
00:33:27,130 --> 00:33:21,350
bankers idelle very few Americans are on

837
00:33:29,680 --> 00:33:27,140
that board you know and we have and is

838
00:33:33,250 --> 00:33:29,690

much as one I want to say that America

839

00:33:35,440 --> 00:33:33,260

is where like we said earlier you know

840

00:33:38,320 --> 00:33:35,450

we're free to a certain extent and we

841

00:33:40,060 --> 00:33:38,330

have this illusion but you know the

842

00:33:41,260 --> 00:33:40,070

truth is like these guys you know they

843

00:33:43,240 --> 00:33:41,270

were great men these founding fathers

844

00:33:45,340 --> 00:33:43,250

but they were flawed men of course but

845

00:33:46,510 --> 00:33:45,350

there are men of their times so yeah

846

00:33:49,240 --> 00:33:46,520

it's kind of funny when I've been

847

00:33:52,210 --> 00:33:49,250

reading a lot of Vonnegut recently and I

848

00:33:54,430 --> 00:33:52,220

record champions and we talk about a

849

00:33:56,380 --> 00:33:54,440

great writer very funny I mean for 1973

850

00:33:58,540 --> 00:33:56,390

this guy's right in the stuff unglued

851
00:34:01,560 --> 00:33:58,550
so he's talking about Thomas Jefferson

852
00:34:03,910 --> 00:34:01,570
one of the greatest free thinking

853
00:34:05,290 --> 00:34:03,920
libertarians writing about all this like

854
00:34:06,760 --> 00:34:05,300
the guy who wrote the freaking

855
00:34:08,590 --> 00:34:06,770
Constitution or whatever you know Bill

856
00:34:11,169 --> 00:34:08,600
of Rights and all this stuff and he was

857
00:34:13,840 --> 00:34:11,179
labeling you know all these men work but

858
00:34:18,820 --> 00:34:13,850
I think that what's lost is you know

859
00:34:21,460 --> 00:34:18,830
they were looking at not their specific

860
00:34:23,770 --> 00:34:21,470
time in place they're thinking about in

861
00:34:26,320 --> 00:34:23,780
the future you know they knew obviously

862
00:34:28,000 --> 00:34:26,330
all the challenges they were faced they

863
00:34:30,430 --> 00:34:28,010

were barely able to win that war which

864

00:34:31,540 --> 00:34:30,440

is a miracle in the first place and they

865

00:34:34,720 --> 00:34:31,550

still had to deal with the banking

866

00:34:36,520 --> 00:34:34,730

control and being hoodwinked by Hamilton

867

00:34:38,139 --> 00:34:36,530

all that's right but I think essentially

868

00:34:39,970 --> 00:34:38,149

what they were trying to do because

869

00:34:42,490 --> 00:34:39,980

these were learned men they were trying

870

00:34:44,590 --> 00:34:42,500

to lay this document for us you know for

871

00:34:46,960 --> 00:34:44,600

future generations to have freedom to be

872

00:34:49,180 --> 00:34:46,970

completely free and we do have a lot and

873

00:34:51,250 --> 00:34:49,190

a lot more than most I mean you know the

874

00:34:53,260 --> 00:34:51,260

right to have guns on all this very

875

00:34:55,480 --> 00:34:53,270

important no one else has this really

876

00:34:58,360 --> 00:34:55,490

literally so there's a lot of things

877

00:35:00,010 --> 00:34:58,370

that we are granted and very privileged

878

00:35:03,280 --> 00:35:00,020

to have a very lucky to have but then

879

00:35:04,720 --> 00:35:03,290

again we're also surrounded by bombs and

880

00:35:05,920 --> 00:35:04,730

traps and booby traps and if you're

881

00:35:08,980 --> 00:35:05,930

black and you live in the ghetto even

882

00:35:10,540 --> 00:35:08,990

Moore's you know so got to be smart you

883

00:35:12,730 --> 00:35:10,550

got to like use your mind got to

884

00:35:15,040 --> 00:35:12,740

navigate everything and try to figure

885

00:35:16,690 --> 00:35:15,050

out how to better yourself to be good

886

00:35:18,460 --> 00:35:16,700

and live the life that way next life

887

00:35:20,500 --> 00:35:18,470

it'll be better for you but the thing is

888

00:35:22,900 --> 00:35:20,510

it's true man you never really own

889

00:35:24,820 --> 00:35:22,910

anything you know and I discovered this

890

00:35:26,170 --> 00:35:24,830

from my grandfather because you know my

891

00:35:28,990 --> 00:35:26,180

grandfather

892

00:35:32,380 --> 00:35:29,000

he survived the war was a fireman for

893

00:35:35,589 --> 00:35:32,390

like 30 years right you know basically

894

00:35:39,720 --> 00:35:35,599

typical Americana right yeah he bought

895

00:35:45,010 --> 00:35:39,730

his house for a 12 grand in the 60s

896

00:35:48,190 --> 00:35:45,020

owned it completely right but you know

897

00:35:51,160 --> 00:35:48,200

he ended up paying and you know property

898

00:35:53,559 --> 00:35:51,170

taxes and this and that since he owned

899

00:35:56,770 --> 00:35:53,569

it probably about eight to 10 times more

900

00:35:58,660 --> 00:35:56,780

than it's even worth just over those

901
00:36:01,599 --> 00:35:58,670
those those periods of years right

902
00:36:04,450 --> 00:36:01,609
mm-hmm so think about that man you buy a

903
00:36:05,950 --> 00:36:04,460
house eight grand boom there's no

904
00:36:07,359 --> 00:36:05,960
incentive there's like really no

905
00:36:09,190 --> 00:36:07,369
incentive to own your own house or to

906
00:36:12,579 --> 00:36:09,200
think about it because you pay it off

907
00:36:14,650 --> 00:36:12,589
then what right you know you get a pay

908
00:36:18,099 --> 00:36:14,660
three or four grand five grand depending

909
00:36:19,900 --> 00:36:18,109
where you live every year exactly so I

910
00:36:22,630 --> 00:36:19,910
would think that Trump being a

911
00:36:24,670 --> 00:36:22,640
businessman or someone who like wanting

912
00:36:26,790 --> 00:36:24,680
to do good like I would think we can't

913
00:36:29,349 --> 00:36:26,800

be the first person to ever think this

914

00:36:31,329 --> 00:36:29,359

how come there's no benefit for owning

915

00:36:35,170 --> 00:36:31,339

your house right that's the explosive

916

00:36:38,770 --> 00:36:35,180

so-called the American dream yeah it is

917

00:36:40,569 --> 00:36:38,780

a curious thing man it's kinda yeah well

918

00:36:42,039 --> 00:36:40,579

think about this like hold on look at

919

00:36:44,650 --> 00:36:42,049

you I mean a job but think about this

920

00:36:45,880 --> 00:36:44,660

like you sir if you buy a condo like I

921

00:36:47,950 --> 00:36:45,890

didn't like my friend Buster Matt's

922

00:36:50,650 --> 00:36:47,960

right he fought Mike Tyson we go

923

00:36:52,299 --> 00:36:50,660

you got bomb bombs from Mike Tyson for a

924

00:36:53,829 --> 00:36:52,309

couple rounds they gave them like a

925

00:36:56,500 --> 00:36:53,839

hundred grand which is great you know

926

00:36:57,880 --> 00:36:56,510

who oh yeah if I said by the time the

927

00:37:00,069 --> 00:36:57,890

government and Don King everybody got

928

00:37:03,120 --> 00:37:00,079

their cut he had like 300 thousand left

929

00:37:05,859 --> 00:37:03,130

so he bought a condo in Coconut Grove

930

00:37:08,620 --> 00:37:05,869

sweet place owned it out right right

931

00:37:11,039 --> 00:37:08,630

right well then you know everything kind

932

00:37:13,589 --> 00:37:11,049

of dried up and you know they have these

933

00:37:16,210 --> 00:37:13,599

HOA fees like maintenance fees right

934

00:37:17,559 --> 00:37:16,220

homeowners association fees mm-hmm they

935

00:37:18,940 --> 00:37:17,569

want to charge you ridiculous amounts of

936

00:37:21,579 --> 00:37:18,950

money you know five hundred or a

937

00:37:23,500 --> 00:37:21,589

thousand or whatever it is so after your

938

00:37:27,430 --> 00:37:23,510

period of about paying for a few months

939

00:37:29,530 --> 00:37:27,440

then you suddenly owe them association

940

00:37:31,690 --> 00:37:29,540

fees now you own like two grand or three

941

00:37:33,370 --> 00:37:31,700

ground or whatever it is and then all of

942

00:37:35,799 --> 00:37:33,380

a sudden since you didn't pay all those

943

00:37:37,450 --> 00:37:35,809

association fees guess what that gives

944

00:37:39,680 --> 00:37:37,460

them the excuse to steal your apartment

945

00:37:41,300 --> 00:37:39,690

or your condo right so

946

00:37:44,030 --> 00:37:41,310

literally took his place just because

947

00:37:46,520 --> 00:37:44,040

you know he was behind on some a place

948

00:37:48,500 --> 00:37:46,530

that he owned outright that happens a

949

00:37:50,150 --> 00:37:48,510

lot you know on the whole thing of those

950

00:37:51,319 --> 00:37:50,160

big condos why they're all empty is

951
00:37:53,839 --> 00:37:51,329
because they want to get you in there

952
00:37:54,980 --> 00:37:53,849
and then ply you with these HOA fees the

953
00:37:56,780 --> 00:37:54,990
point where eventually you won't be able

954
00:37:58,520 --> 00:37:56,790
to afford it and then be still it from

955
00:38:00,310 --> 00:37:58,530
you and that's how they do it and same

956
00:38:01,990 --> 00:38:00,320
thing with houses

957
00:38:03,960 --> 00:38:02,000
you go on your house but the minute you

958
00:38:06,670 --> 00:38:03,970
go a couple months behind on whatever

959
00:38:08,680 --> 00:38:06,680
someone will take it from me yeah and

960
00:38:10,960 --> 00:38:08,690
you got to pay the master it's just

961
00:38:13,510 --> 00:38:10,970
never and you can't get outside of it

962
00:38:14,830 --> 00:38:13,520
you can't it's impossible yeah you just

963
00:38:17,080 --> 00:38:14,840

got to make enough money for yourself

964

00:38:18,580 --> 00:38:17,090

that you can break them off and it

965

00:38:20,080 --> 00:38:18,590

doesn't bother you that much that's the

966

00:38:22,840 --> 00:38:20,090

best you can do that's all you can do

967

00:38:27,820 --> 00:38:22,850

that's it anything to avoid going to

968

00:38:29,200 --> 00:38:27,830

jail exactly so then to switch gears a

969

00:38:30,970 --> 00:38:29,210

little bit I also wanted to talk to you

970

00:38:32,950 --> 00:38:30,980

about your book on Giants of course

971

00:38:34,480 --> 00:38:32,960

every conspiracy show Under the Sun has

972

00:38:36,700 --> 00:38:34,490

talked about the huge number of giant

973

00:38:38,890 --> 00:38:36,710

skeletons and bones found in early

974

00:38:41,140 --> 00:38:38,900

America but you write about actual

975

00:38:43,450 --> 00:38:41,150

encounters that conquistadors had with

976
00:38:45,340 --> 00:38:43,460
living Giants which is talked about far

977
00:38:46,360 --> 00:38:45,350
less and is pretty provocative what can

978
00:38:47,950 --> 00:38:46,370
you tell us about this

979
00:38:50,380 --> 00:38:47,960
oh man that's my favorite part of the

980
00:38:53,650 --> 00:38:50,390
Giants is talking about - don't know

981
00:38:56,290 --> 00:38:53,660
they have first-hand accounts which are

982
00:38:58,240 --> 00:38:56,300
fabulous and it's true you know we

983
00:39:00,070 --> 00:38:58,250
always kind of read about anything but

984
00:39:03,010 --> 00:39:00,080
these right mm-hmm

985
00:39:03,430 --> 00:39:03,020
but to go into and find like for

986
00:39:06,100 --> 00:39:03,440
instance

987
00:39:08,980 --> 00:39:06,110
Amerigo Vespucci in his account this is

988
00:39:11,200 --> 00:39:08,990

incredible he's the one that they named

989

00:39:14,770 --> 00:39:11,210

the Americas after right mm-hmm Spanish

990

00:39:19,090 --> 00:39:14,780

conquistador Barona so he goes and he's

991

00:39:22,840 --> 00:39:19,100

looking at the island of carousel which

992

00:39:25,240 --> 00:39:22,850

is off the coast of Venezuela and they

993

00:39:27,670 --> 00:39:25,250

land you know they see these big

994

00:39:28,960 --> 00:39:27,680

footprints and they're kind of like it's

995

00:39:30,970 --> 00:39:28,970

a pretty bigger than normal

996

00:39:34,030 --> 00:39:30,980

bigger bigger than usual footprints and

997

00:39:36,040 --> 00:39:34,040

he follows them up and he ends up into a

998

00:39:37,810 --> 00:39:36,050

little village where you find some very

999

00:39:40,390 --> 00:39:37,820

tall women

1000

00:39:42,280 --> 00:39:40,400

now the women of the tribe were where

1001
00:39:43,630 --> 00:39:42,290
they were bigger than they were these

1002
00:39:46,090 --> 00:39:43,640
little conquistadors probably like you

1003
00:39:47,770 --> 00:39:46,100
know five four five five whatever mm-hmm

1004
00:39:51,100 --> 00:39:47,780
so they're kind of figuring out how can

1005
00:39:52,600 --> 00:39:51,110
we get these how can we take a couple of

1006
00:39:55,270 --> 00:39:52,610
these girls back to the ship with us

1007
00:39:58,450 --> 00:39:55,280
right when they were a former late in

1008
00:40:02,380 --> 00:39:58,460
this plot in came the giant min of the

1009
00:40:04,960 --> 00:40:02,390
tribe and they're like okay because

1010
00:40:07,060 --> 00:40:04,970
these guys were like 9 foot tall so

1011
00:40:09,550 --> 00:40:07,070
they're like okay let's uh let's rethink

1012
00:40:13,150 --> 00:40:09,560
this so they kind of just backed up

1013
00:40:14,620 --> 00:40:13,160

slowly and got out of there right they

1014

00:40:17,440 --> 00:40:14,630

fire it off a couple can

1015

00:40:17,940 --> 00:40:17,450

you know I'm scared when they're going

1016

00:40:21,880 --> 00:40:17,950

away

1017

00:40:26,200 --> 00:40:21,890

so anyways and he named carousel the

1018

00:40:28,630 --> 00:40:26,210

island of giants yeah pretty cool it is

1019

00:40:30,520 --> 00:40:28,640

and I also I could be wrong but I think

1020

00:40:33,970 --> 00:40:30,530

this from your book I wrote it down as

1021

00:40:36,640 --> 00:40:33,980

in America Vespucci story but there was

1022

00:40:41,350 --> 00:40:36,650

this uh one encounter where they pull up

1023

00:40:44,530 --> 00:40:41,360

on a naked giant just dancing and they

1024

00:40:46,450 --> 00:40:44,540

take him to like their leader or

1025

00:40:48,250 --> 00:40:46,460

whatever and they're trying to

1026

00:40:50,320 --> 00:40:48,260

communicate and he's trying to figure

1027

00:40:53,170 --> 00:40:50,330

out where these conquistadors would have

1028

00:40:55,210 --> 00:40:53,180

came from this giant is and he points to

1029

00:40:58,030 --> 00:40:55,220

the sky he's like you guys come from the

1030

00:41:00,190 --> 00:40:58,040

sky and it's like what the [h__\h] why

1031

00:41:02,740 --> 00:41:00,200

would he make that assumption not point

1032

00:41:04,990 --> 00:41:02,750

like across the ocean perhaps or really

1033

00:41:07,420 --> 00:41:05,000

anywhere but up in the sky because at

1034

00:41:08,320 --> 00:41:07,430

that time there should be nothing coming

1035

00:41:10,600 --> 00:41:08,330

from the sky

1036

00:41:14,700 --> 00:41:10,610

well it's fabulous you brought that up I

1037

00:41:18,130 --> 00:41:14,710

think that is uh either Magellan or oh

1038

00:41:19,510 --> 00:41:18,140

it is Magellan it is Magellan yeah where

1039

00:41:22,180 --> 00:41:19,520

they go down to Patagonia and that's

1040

00:41:23,830 --> 00:41:22,190

okay when they get down to the bottom of

1041

00:41:24,340 --> 00:41:23,840

Argentina and they get towards the

1042

00:41:26,859 --> 00:41:24,350

Arctic

1043

00:41:28,330 --> 00:41:26,869

now some they're finding these huge and

1044

00:41:29,500 --> 00:41:28,340

we actually have pictures of this

1045

00:41:32,200 --> 00:41:29,510

because they were to kind of sort of the

1046

00:41:33,370 --> 00:41:32,210

last live giants that they discovered so

1047

00:41:36,400 --> 00:41:33,380

there's pictures you know of these

1048

00:41:38,290 --> 00:41:36,410

massive nine ten foot tall Patagonian

1049

00:41:40,750 --> 00:41:38,300

Giants and they're kind of like eight

1050

00:41:43,960 --> 00:41:40,760

like pretty much dancing around and

1051

00:41:47,080 --> 00:41:43,970

throwing dung yeah they weren't they

1052

00:41:49,450 --> 00:41:47,090

weren't too bright but so you have those

1053

00:41:52,330 --> 00:41:49,460

live giants but then you have the other

1054

00:41:54,670 --> 00:41:52,340

Giants with you know mentioning the fact

1055

00:41:56,320 --> 00:41:54,680

that pointing to the sky now this is

1056

00:41:59,230 --> 00:41:56,330

this is very interesting because

1057

00:42:00,880 --> 00:41:59,240

Columbus was asked the same thing now

1058

00:42:03,670 --> 00:42:00,890

Columbus actually had a UFO sighting

1059

00:42:06,040 --> 00:42:03,680

before he read shores they saw the orbs

1060

00:42:08,380 --> 00:42:06,050

so he had a UFO sighting that was

1061

00:42:10,330 --> 00:42:08,390

actually come sort of a USO kind of went

1062

00:42:13,270 --> 00:42:10,340

into the water and then when he actually

1063

00:42:16,540 --> 00:42:13,280

meant to tanyao Indians the first thing

1064

00:42:18,280 --> 00:42:16,550

to ask him is he was from the sky yeah

1065

00:42:20,849 --> 00:42:18,290

the thing that's happened to bizarro -

1066

00:42:24,340 --> 00:42:20,859

same thing like why are they asking you

1067

00:42:27,130 --> 00:42:24,350

if you're from the sky right and Poe's

1068

00:42:28,420 --> 00:42:27,140

idli nothing's flying around now this is

1069

00:42:31,060 --> 00:42:28,430

interesting because it relates to the

1070

00:42:32,070 --> 00:42:31,070

cargo cult and the John from story

1071

00:42:35,380 --> 00:42:32,080

mm-hmm

1072

00:42:36,850 --> 00:42:35,390

familiar with that a little bit but tell

1073

00:42:38,380 --> 00:42:36,860

the people for anyone who isn't

1074

00:42:40,210 --> 00:42:38,390

okay well John Frome was an

1075

00:42:44,140 --> 00:42:40,220

african-american fighter pilot during

1076

00:42:45,790 --> 00:42:44,150

World War two and he crash-landed in the

1077

00:42:48,610 --> 00:42:45,800

area down in the South Pacific you know

1078

00:42:52,060 --> 00:42:48,620

near the Papa New Guinea hmm so he

1079

00:42:54,190 --> 00:42:52,070

survived it and when he left the

1080

00:42:56,500 --> 00:42:54,200

Aborigines there and because he looked

1081

00:42:59,830 --> 00:42:56,510

like them thought he was like a god so

1082

00:43:02,890 --> 00:42:59,840

they constructed you know a big plane

1083

00:43:05,230 --> 00:43:02,900

right they had festivals for him

1084

00:43:06,790 --> 00:43:05,240

they kind of imitated him he was like

1085

00:43:09,550 --> 00:43:06,800

their their God so they worshiped him

1086

00:43:12,220 --> 00:43:09,560

this guy was just a fighter pilot crash

1087

00:43:14,530 --> 00:43:12,230

Lance so if that happened in the 40s you

1088

00:43:17,890 --> 00:43:14,540

know if it happened thousand years ago

1089

00:43:19,480 --> 00:43:17,900

time why would it change you know yeah

1090

00:43:21,910 --> 00:43:19,490

it could be a very parallel type of

1091

00:43:24,280 --> 00:43:21,920

story right so the fact you got natives

1092

00:43:26,410 --> 00:43:24,290

asking you to come describe these saying

1093

00:43:29,950 --> 00:43:26,420

they saw some flying sky well displaying

1094

00:43:33,610 --> 00:43:29,960

sky that's question right the curious

1095

00:43:35,350 --> 00:43:33,620

thing man and uh yeah like you mentioned

1096

00:43:36,280 --> 00:43:35,360

the Patagonian stuff which I thought it

1097

00:43:38,070 --> 00:43:36,290

was really interesting because I'm

1098

00:43:40,980 --> 00:43:38,080

always down for anything involving

1099

00:43:43,990 --> 00:43:40,990

Antarctica especially now it's a very

1100

00:43:45,850 --> 00:43:44,000

interesting place because it is so huge

1101
00:43:48,100 --> 00:43:45,860
and under explored you got Lockheed

1102
00:43:49,530 --> 00:43:48,110
Martin down there you got trees that say

1103
00:43:53,230 --> 00:43:49,540
you can't go there without really

1104
00:43:57,430 --> 00:43:53,240
serious permission from very important

1105
00:43:59,530 --> 00:43:57,440
organization so it is odd to hear about

1106
00:44:01,810 --> 00:43:59,540
something like giants down there because

1107
00:44:03,700 --> 00:44:01,820
who knows what they might fight there

1108
00:44:05,860 --> 00:44:03,710
might be ruined down there there might

1109
00:44:08,680 --> 00:44:05,870
be all kinds of stuff you know it's

1110
00:44:10,990 --> 00:44:08,690
conspiracy the rumors circulate but to

1111
00:44:12,850 --> 00:44:11,000
have those pictures of the owana tribe

1112
00:44:14,920 --> 00:44:12,860
down there I thought that was pretty

1113
00:44:18,970 --> 00:44:14,930

awesome yeah that's that's cool and

1114

00:44:20,950 --> 00:44:18,980

exactly if these super tall natives

1115

00:44:22,390 --> 00:44:20,960

which are I mean they're right there in

1116

00:44:24,160 --> 00:44:22,400

the art basically so if there's they

1117

00:44:25,900 --> 00:44:24,170

were still around who knows what's

1118

00:44:27,670 --> 00:44:25,910

actually down in article which is always

1119

00:44:30,070 --> 00:44:27,680

been mysterious I had a friend was down

1120

00:44:33,580 --> 00:44:30,080

there stationed down there I guess he

1121

00:44:35,620 --> 00:44:33,590

was working at Lake Vostok which it

1122

00:44:38,110 --> 00:44:35,630

really doesn't get mentioned about but

1123

00:44:41,290 --> 00:44:38,120

it is really important you know one of

1124

00:44:44,260 --> 00:44:41,300

the lakes that they actually

1125

00:44:47,530 --> 00:44:44,270

you know deep water living organisms and

1126
00:44:49,720 --> 00:44:47,540
like crazy cold water so lake vostok has

1127
00:44:53,050 --> 00:44:49,730
been very interesting they known about

1128
00:44:55,570 --> 00:44:53,060
that since at least early 2000s now you

1129
00:44:59,560 --> 00:44:55,580
have all the rumors going on did they

1130
00:45:01,870 --> 00:44:59,570
find an Atlantis or something so it's

1131
00:45:03,640 --> 00:45:01,880
you know it's interesting because we

1132
00:45:05,440 --> 00:45:03,650
know certain things that like we know

1133
00:45:08,230 --> 00:45:05,450
there was an operation Highjump we know

1134
00:45:10,510 --> 00:45:08,240
Admiral Byrd went over there and I've

1135
00:45:12,250 --> 00:45:10,520
always kind of believed that in the

1136
00:45:14,800 --> 00:45:12,260
earth it's like the Hollow Earth right

1137
00:45:16,540 --> 00:45:14,810
yeah that's my [h__h] right there yeah me

1138
00:45:18,520 --> 00:45:16,550

too man that's told like I've always

1139

00:45:20,350 --> 00:45:18,530

thought that was I thought the whole

1140

00:45:21,670 --> 00:45:20,360

flatter thing is just a distraction so

1141

00:45:22,590 --> 00:45:21,680

you don't actually learn about the

1142

00:45:28,030 --> 00:45:22,600

Hollow Earth

1143

00:45:30,550 --> 00:45:28,040

interesting especially when you got

1144

00:45:31,990 --> 00:45:30,560

Admiral Byrd flying over parts that

1145

00:45:34,360 --> 00:45:32,000

weren't frozen you know they had

1146

00:45:35,740 --> 00:45:34,370

vegetation so what's that about and then

1147

00:45:40,270 --> 00:45:35,750

like you said there's areas you're not

1148

00:45:42,670 --> 00:45:40,280

allowed to go so you know who who are

1149

00:45:45,640 --> 00:45:42,680

the knows we can't really be tourists

1150

00:45:47,740 --> 00:45:45,650

because we have access to certain places

1151
00:45:49,960 --> 00:45:47,750
right like all the cool places we can go

1152
00:45:52,000 --> 00:45:49,970
to like in Cuba for example I live in

1153
00:45:54,700 --> 00:45:52,010
Guantanamo Bay when I was a teenager

1154
00:45:58,000 --> 00:45:54,710
right and our teacher used to tell us

1155
00:46:01,960 --> 00:45:58,010
about how there were pyramids and stuff

1156
00:46:03,940 --> 00:46:01,970
in the mountains sierra madres the area

1157
00:46:07,720 --> 00:46:03,950
is like you're not allowed to go in base

1158
00:46:09,540 --> 00:46:07,730
they had found there yeah and which is

1159
00:46:12,550 --> 00:46:09,550
very interesting because you have

1160
00:46:16,180 --> 00:46:12,560
supposedly if you go in the top part of

1161
00:46:18,730 --> 00:46:16,190
Cuba a little bit off northern side they

1162
00:46:20,710 --> 00:46:18,740
found some scientists I think it was

1163
00:46:24,460 --> 00:46:20,720

Canadian Russian scientist found some

1164

00:46:28,480 --> 00:46:24,470

submerged buildings look like some Mayan

1165

00:46:30,370 --> 00:46:28,490

temples and stuff so damn yeah and then

1166

00:46:33,010 --> 00:46:30,380

like you know there's no update they're

1167

00:46:34,660 --> 00:46:33,020

not allowed to explore any further right

1168

00:46:37,540 --> 00:46:34,670

because it blows the whole thing wide

1169

00:46:40,090 --> 00:46:37,550

open if you have Mayan temples or

1170

00:46:42,280 --> 00:46:40,100

whatever and actual Mayan pyramids in

1171

00:46:45,070 --> 00:46:42,290

Cuba it might mean that those things are

1172

00:46:47,320 --> 00:46:45,080

actually older and not even built by the

1173

00:46:50,200 --> 00:46:47,330

Maya they could be from a time when the

1174

00:46:51,790 --> 00:46:50,210

Caribbean was hired right true and that

1175

00:46:53,050 --> 00:46:51,800

kind of goes into like the whole idea

1176
00:46:54,460 --> 00:46:53,060
that there was an asteroid that kind of

1177
00:46:56,859 --> 00:46:54,470
hit off North Carolina

1178
00:46:57,670 --> 00:46:56,869
yeah and Younger Dryas period exactly

1179
00:47:00,040 --> 00:46:57,680
yes

1180
00:47:02,829 --> 00:47:00,050
something happened about twelve thousand

1181
00:47:04,270 --> 00:47:02,839
eight hundred years ago yep so that's

1182
00:47:06,700 --> 00:47:04,280
why they're kind of trying to say now

1183
00:47:08,140 --> 00:47:06,710
like oh there's humans here a hundred

1184
00:47:10,630 --> 00:47:08,150
thousand years ago or something in

1185
00:47:12,250 --> 00:47:10,640
California which is interesting but like

1186
00:47:14,620 --> 00:47:12,260
Hackman will talk about the footprints

1187
00:47:16,569 --> 00:47:14,630
and the ashes and the volcanic ashes or

1188
00:47:18,910 --> 00:47:16,579

whatever like then you know that are

1189

00:47:22,240 --> 00:47:18,920

super old that they found a Mexico in

1190

00:47:24,040 --> 00:47:22,250

the geological the US army came in and

1191

00:47:25,900 --> 00:47:24,050

said they were because they found some

1192

00:47:28,690 --> 00:47:25,910

carvings and a mastodon bone or

1193

00:47:30,849 --> 00:47:28,700

something and they found some evidence

1194

00:47:32,290 --> 00:47:30,859

that appeared that there were humans

1195

00:47:34,540 --> 00:47:32,300

there over two hundred thousand years

1196

00:47:37,750 --> 00:47:34,550

ago they just kind of shut it down this

1197

00:47:39,910 --> 00:47:37,760

is in the 70s you know so they know they

1198

00:47:42,490 --> 00:47:39,920

know it's just that control it's big and

1199

00:47:44,260 --> 00:47:42,500

it goes back to keeping this sly of

1200

00:47:46,900 --> 00:47:44,270

evolution and keeping the Royal

1201
00:47:48,849 --> 00:47:46,910
academies and keeping this constructive

1202
00:47:51,069 --> 00:47:48,859
narrative their false timeline of

1203
00:47:53,530 --> 00:47:51,079
history and check man they got to keep

1204
00:47:56,079 --> 00:47:53,540
it so that's the only thing you know

1205
00:47:57,520 --> 00:47:56,089
nothing will disturb that right so they

1206
00:47:59,260 --> 00:47:57,530
have to make sure this is this is why

1207
00:48:01,420 --> 00:47:59,270
the giant scandal of you know they kind

1208
00:48:03,280 --> 00:48:01,430
of despite every culture in the world

1209
00:48:06,150 --> 00:48:03,290
and every in every history you know all

1210
00:48:09,550 --> 00:48:06,160
the Bible everything's none of a giant

1211
00:48:11,500 --> 00:48:09,560
but well that's that's the thing man I

1212
00:48:13,660 --> 00:48:11,510
mean it's amazing stuff is clearly

1213
00:48:15,460 --> 00:48:13,670

something there but these giants seem to

1214

00:48:17,620 --> 00:48:15,470

be everywhere just a couple hundred

1215

00:48:19,750 --> 00:48:17,630

years ago based on these stories could

1216

00:48:22,180 --> 00:48:19,760

all trace really had been wiped away

1217

00:48:24,550 --> 00:48:22,190

that easily if they did exist so

1218

00:48:28,960 --> 00:48:24,560

recently it seems odd that we can't find

1219

00:48:30,630 --> 00:48:28,970

any exactly and this is kind of okay

1220

00:48:31,809 --> 00:48:30,640

just going off biblical stuff right

1221

00:48:35,650 --> 00:48:31,819

mm-hmm

1222

00:48:38,080 --> 00:48:35,660

the Giants were created never I created

1223

00:48:41,710 --> 00:48:38,090

they're the offspring of

1224

00:48:45,309 --> 00:48:41,720

the relations of angels right like the

1225

00:48:46,839 --> 00:48:45,319

Fallen Angels right they were

1226

00:48:49,059 --> 00:48:46,849

okay let's take it back first of all

1227

00:48:51,279 --> 00:48:49,069

there was the creation of these races da

1228

00:48:53,380 --> 00:48:51,289

da ma a dhama or whatever Adama

1229

00:48:55,180 --> 00:48:53,390

whatever because it's to Adam like

1230

00:48:56,829 --> 00:48:55,190

wasn't like one person you know it was

1231

00:48:59,019 --> 00:48:56,839

like a race genetic engineering is that

1232

00:49:00,910 --> 00:48:59,029

the kind of thing like yeah exactly

1233

00:49:02,949 --> 00:49:00,920

Jake staring and when the first races

1234

00:49:05,170 --> 00:49:02,959

was the Adams and Eve's so to speak

1235

00:49:08,469 --> 00:49:05,180

right but then they were given this sort

1236

00:49:11,380 --> 00:49:08,479

of knowledge go Tilian and God got mad

1237

00:49:13,180 --> 00:49:11,390

so he punished him because so he left

1238

00:49:14,589 --> 00:49:13,190

them out in the world punch them but

1239

00:49:16,269 --> 00:49:14,599

then the problem was the angels were

1240

00:49:19,269 --> 00:49:16,279

like and these these these Eve's were

1241

00:49:20,620 --> 00:49:19,279

kind of hot they started playing around

1242

00:49:24,370 --> 00:49:20,630

with them and they were grabbing him by

1243

00:49:28,239 --> 00:49:24,380

the [h__\h] okay I do the Trump tactic you

1244

00:49:30,279 --> 00:49:28,249

know so basically you know they were

1245

00:49:31,870 --> 00:49:30,289

giving birth the Giants and the Giants

1246

00:49:34,689 --> 00:49:31,880

were like kinda like a ballistic they

1247

00:49:36,999 --> 00:49:34,699

weren't very good so cause like the guns

1248

00:49:38,650 --> 00:49:37,009

to be like yo we gotta you know this

1249

00:49:39,699 --> 00:49:38,660

this experiment has gone long enough and

1250

00:49:41,410 --> 00:49:39,709

it's just gotta get rid of these

1251

00:49:43,299 --> 00:49:41,420

[\h__\h] basically and that a ballistic

1252

00:49:45,009 --> 00:49:43,309

element is consistent with the stories

1253

00:49:47,229 --> 00:49:45,019

from Native Americans and the people who

1254

00:49:49,390 --> 00:49:47,239

saw these actual Giants right which I

1255

00:49:51,969 --> 00:49:49,400

was just about to say it's very you have

1256

00:49:53,349 --> 00:49:51,979

the same thing in the Native American

1257

00:49:55,089 --> 00:49:53,359

histories about these cannibalistic

1258

00:49:56,559 --> 00:49:55,099

Giants and that they were destroyed

1259

00:50:00,160 --> 00:49:56,569

specifically because the Great Spirit

1260

00:50:01,509 --> 00:50:00,170

was tired to [\h__\h] so you know same thing

1261

00:50:04,599 --> 00:50:01,519

in the biblical so we have this

1262

00:50:07,900 --> 00:50:04,609

collective consciousness of very wicked

1263

00:50:09,400 --> 00:50:07,910

Giants messin [h__\h] up and needing to be

1264

00:50:14,170 --> 00:50:09,410

destroyed and that's kind of what

1265

00:50:16,420 --> 00:50:14,180

happened so after we know that all of

1266

00:50:18,160 --> 00:50:16,430

them could've possibly died because even

1267

00:50:20,650 --> 00:50:18,170

in the Bible they were still Giants they

1268

00:50:23,410 --> 00:50:20,660

had to go kill right they were still

1269

00:50:26,709 --> 00:50:23,420

Goliath you know they were still that as

1270

00:50:28,959 --> 00:50:26,719

a sons of anak right when when Moses was

1271

00:50:30,969 --> 00:50:28,969

making his way to the promised land and

1272

00:50:32,670 --> 00:50:30,979

his little Scouts come back and said

1273

00:50:34,749 --> 00:50:32,680

like yo bro we got a problem

1274

00:50:36,789 --> 00:50:34,759

you know Jerusalem was cool and all but

1275

00:50:38,170 --> 00:50:36,799

there's there's the sons of anak you

1276
00:50:40,719 --> 00:50:38,180
know how are we going to be then there

1277
00:50:42,670 --> 00:50:40,729
bunch of giants you know so a lot of

1278
00:50:44,289 --> 00:50:42,680
part of the Bible's figured out how to

1279
00:50:48,809 --> 00:50:44,299
get her the pest Giants that actually

1280
00:50:51,579 --> 00:50:48,819
survived huh so if those one survives

1281
00:50:52,719 --> 00:50:51,589
was to say that all the way across you

1282
00:50:55,839 --> 00:50:52,729
know in the Western Hemisphere they

1283
00:50:58,860 --> 00:50:55,849
wouldn't survive - obviously they did we

1284
00:51:01,650 --> 00:50:58,870
found evidence of it right first person

1285
00:51:04,110 --> 00:51:01,660
but the thing is you know we're kind of

1286
00:51:07,230 --> 00:51:04,120
looking for the real like real Giants

1287
00:51:10,170 --> 00:51:07,240
you know like 15 20 foot you know all

1288
00:51:12,030 --> 00:51:10,180

this stuff yeah I don't think you know

1289

00:51:15,510 --> 00:51:12,040

there was ever sort of like a 30-foot

1290

00:51:18,930 --> 00:51:15,520

giant 20 foot it's kind of stretching as

1291

00:51:21,420 --> 00:51:18,940

well I guess it depends on what point in

1292

00:51:22,920 --> 00:51:21,430

history with the atmosphere because we

1293

00:51:24,570 --> 00:51:22,930

know certain types of history there's

1294

00:51:26,550 --> 00:51:24,580

certain atmospheres that those giant

1295

00:51:28,380 --> 00:51:26,560

things are bigger right right it changed

1296

00:51:30,360 --> 00:51:28,390

like the dinosaurs couldn't exist in the

1297

00:51:32,370 --> 00:51:30,370

current environment we have it had to be

1298

00:51:35,040 --> 00:51:32,380

different at that time so could i n't

1299

00:51:36,870 --> 00:51:35,050

people - exactly so I think at some

1300

00:51:40,110 --> 00:51:36,880

point you know there could have been a

1301
00:51:41,760 --> 00:51:40,120
more giant based on that and I think

1302
00:51:44,070 --> 00:51:41,770
what happens is it's like anything in

1303
00:51:46,470 --> 00:51:44,080
genetics you have a lot of the Native

1304
00:51:49,260 --> 00:51:46,480
link when they encountered the giant

1305
00:51:52,560 --> 00:51:49,270
Chiefs we're all basically both of the

1306
00:51:56,100 --> 00:51:52,570
Chiefs were giants a 9 foot 10 feet very

1307
00:51:58,680 --> 00:51:56,110
astounding right these the conquistadors

1308
00:52:00,330 --> 00:51:58,690
and it was because they had the

1309
00:52:03,240 --> 00:52:00,340
selective breeding right so it was

1310
00:52:05,780 --> 00:52:03,250
keeping that as a giant shield because

1311
00:52:10,470 --> 00:52:05,790
using those two semi-divine divine right

1312
00:52:12,750 --> 00:52:10,480
keep the bloodline you know so these the

1313
00:52:15,510 --> 00:52:12,760

taller ones you know they had been part

1314

00:52:17,010 --> 00:52:15,520

of the capping of the bloodline together

1315

00:52:17,520 --> 00:52:17,020

that's kind of why they were still some

1316

00:52:20,250 --> 00:52:17,530

left

1317

00:52:23,130 --> 00:52:20,260

hmm it's not all of them were giants and

1318

00:52:25,050 --> 00:52:23,140

a lot of times you'll find most special

1319

00:52:26,340 --> 00:52:25,060

amounts that you don't want to start

1320

00:52:28,950 --> 00:52:26,350

digging up the mounds and everything

1321

00:52:31,050 --> 00:52:28,960

most of the Indians were about seven

1322

00:52:34,650 --> 00:52:31,060

seven and a half feet tall still very

1323

00:52:37,440 --> 00:52:34,660

tall so you know that's a good indicator

1324

00:52:39,270 --> 00:52:37,450

of that they were kind of related and

1325

00:52:43,200 --> 00:52:39,280

they still had these being a Hagen's J

1326
00:52:46,470 --> 00:52:43,210
of these this ancient race you know and

1327
00:52:50,250 --> 00:52:46,480
we have giants now like seven footers

1328
00:52:53,910 --> 00:52:50,260
watching the playoffs and a lot of tall

1329
00:52:55,950 --> 00:52:53,920
dudes out there so the idea that the

1330
00:52:57,600 --> 00:52:55,960
giant is nothing but a myth or a fairy

1331
00:53:00,020 --> 00:52:57,610
tale is just completely nonsense

1332
00:53:02,690 --> 00:53:00,030
yeah and

1333
00:53:04,790 --> 00:53:02,700
your book is full of those great

1334
00:53:07,070 --> 00:53:04,800
newspaper clippings from early America

1335
00:53:09,020 --> 00:53:07,080
that described the giant bone finding

1336
00:53:10,220 --> 00:53:09,030
and there are just so many of them I

1337
00:53:13,030 --> 00:53:10,230
wanted to read this one as an example

1338
00:53:16,100 --> 00:53:13,040

because it is from the New York Times in

1339

00:53:19,010 --> 00:53:16,110

1886 it says Cartersville Georgia the

1340

00:53:21,830 --> 00:53:19,020

water has receded from the tumblin mound

1341

00:53:23,630 --> 00:53:21,840

field and has left uncovered acres of

1342

00:53:25,940 --> 00:53:23,640

skulls and bones some of these are

1343

00:53:27,800 --> 00:53:25,950

gigantic if the whole frame is in

1344

00:53:30,350 --> 00:53:27,810

proportion to the two things that were

1345

00:53:32,900 --> 00:53:30,360

found their owner must have stood 14

1346

00:53:34,640 --> 00:53:32,910

feet tall many curious ornaments of

1347

00:53:37,130 --> 00:53:34,650

shale brass and stone have been found

1348

00:53:39,440 --> 00:53:37,140

some of the bodies were buried in small

1349

00:53:41,060 --> 00:53:39,450

vaults made of stone a representative

1350

00:53:44,180 --> 00:53:41,070

from the Smithsonian is here

1351
00:53:45,950 --> 00:53:44,190
investigating the curious relics so that

1352
00:53:48,650 --> 00:53:45,960
one hits on all the high points I mean

1353
00:53:50,450 --> 00:53:48,660
14 feet tall and of course it gives the

1354
00:53:52,010 --> 00:53:50,460
Smithsonian a mention for good measure

1355
00:53:55,550 --> 00:53:52,020
which was a big part of the story too

1356
00:53:57,020 --> 00:53:55,560
but I like that one that's a great one

1357
00:54:00,290 --> 00:53:57,030
and it basically illustrates the fact

1358
00:54:02,960 --> 00:54:00,300
that the Smithsonian always begin with

1359
00:54:04,940 --> 00:54:02,970
the Smithsonian showing up or we shipped

1360
00:54:07,010 --> 00:54:04,950
off the bones to Smithsonian you know

1361
00:54:07,760 --> 00:54:07,020
and then you never heard never heard

1362
00:54:11,000 --> 00:54:07,770
from again

1363
00:54:12,620 --> 00:54:11,010

mm-hmm mmm well this has been a blast

1364

00:54:14,600 --> 00:54:12,630

man I could do it all day fascinating

1365

00:54:17,480 --> 00:54:14,610

books ancient mysteries are some of my

1366

00:54:19,220 --> 00:54:17,490

favorites and we covered quite a bit do

1367

00:54:21,080 --> 00:54:19,230

remind the folks at home where they can

1368

00:54:22,610 --> 00:54:21,090

check out more your work or get in touch

1369

00:54:24,980 --> 00:54:22,620

with you or any other projects you're

1370

00:54:26,570 --> 00:54:24,990

going to be coming out with next yeah

1371

00:54:29,930 --> 00:54:26,580

you could get a hold of me in facebook

1372

00:54:31,550 --> 00:54:29,940

and you have a blog and a online

1373

00:54:33,800 --> 00:54:31,560

metaphysical library with free books

1374

00:54:36,440 --> 00:54:33,810

free books and free lectures at exciting

1375

00:54:39,110 --> 00:54:36,450

vision comm you know I have books coming

1376

00:54:40,850 --> 00:54:39,120

out I think I have one coming out in the

1377

00:54:43,760 --> 00:54:40,860

fall about ancient aliens in the Bible

1378

00:54:45,380 --> 00:54:43,770

you know go talk about that and then on

1379

00:54:48,110 --> 00:54:45,390

other Giants books coming out in spring

1380

00:54:50,630 --> 00:54:48,120

that goes into more Middle Eastern myths

1381

00:54:52,020 --> 00:54:50,640

and some Russian stuff and I you know

1382

00:54:55,740 --> 00:54:52,030

just

1383

00:54:57,750 --> 00:54:55,750

keep on keepin on yeah that's all we can

1384

00:54:59,760 --> 00:54:57,760

do man well thanks again

1385

00:55:01,920 --> 00:54:59,770

pimp keep doing what you do and I'm sure

1386

00:55:03,720 --> 00:55:01,930

we'll talk again down the line we will

1387

00:55:05,930 --> 00:55:03,730

talk again thanks man you got it

1388

00:55:10,770 --> 00:55:05,940

appreciate it live show oh thanks

1389

00:55:12,840 --> 00:55:10,780

boom people xavius a is my man bringing

1390

00:55:15,390 --> 00:55:12,850

it and he loves the show how about that

1391

00:55:17,400 --> 00:55:15,400

and I love the guys books fascinating

1392

00:55:19,020 --> 00:55:17,410

range of stuff and we definitely went

1393

00:55:21,090 --> 00:55:19,030

over some of the finer points from our

1394

00:55:23,970 --> 00:55:21,100

last show a couple years ago because of

1395

00:55:25,650 --> 00:55:23,980

that bad audio quality we had obviously

1396

00:55:28,050 --> 00:55:25,660

much better this time around

1397

00:55:30,120 --> 00:55:28,060

but I think that gem to horse stuff is

1398

00:55:32,280 --> 00:55:30,130

just really interesting the earliest

1399

00:55:34,860 --> 00:55:32,290

insights into a banking priesthood that

1400

00:55:36,360 --> 00:55:34,870

is represented by the serpent you know I

1401
00:55:38,490 --> 00:55:36,370
love it and I haven't heard about that

1402
00:55:41,460 --> 00:55:38,500
group anywhere else really besides

1403
00:55:44,010 --> 00:55:41,470
xavius book and then the Jim Henson

1404
00:55:45,510 --> 00:55:44,020
Sinclair family Disney saga that's a

1405
00:55:48,210 --> 00:55:45,520
perfect story wrapped in a neat little

1406
00:55:51,260 --> 00:55:48,220
conspiratorial package and I have no

1407
00:55:53,460 --> 00:55:51,270
doubt that many people have died over

1408
00:55:56,880 --> 00:55:53,470
mega-corporations wanting rights to

1409
00:55:58,380 --> 00:55:56,890
various shows or musical catalogs and

1410
00:56:00,600 --> 00:55:58,390
all that sorts of stuff I even think

1411
00:56:02,550 --> 00:56:00,610
people die for patents and other things

1412
00:56:05,010 --> 00:56:02,560
unrelated to the music industry and

1413
00:56:07,290 --> 00:56:05,020

various rights and holdings if we've

1414

00:56:09,870 --> 00:56:07,300

learned anything on this long wild ride

1415

00:56:12,720 --> 00:56:09,880

it's that they do not [h__\h] around at

1416

00:56:15,000 --> 00:56:12,730

those upper levels they are cold so I

1417

00:56:16,650 --> 00:56:15,010

don't doubt that at all and the st.

1418

00:56:19,290 --> 00:56:16,660

Claire bloodline representing themselves

1419

00:56:21,330 --> 00:56:19,300

with a brontosaurus is provocative and

1420

00:56:24,060 --> 00:56:21,340

if I wanted to take the air out of that

1421

00:56:26,010 --> 00:56:24,070

I could say that the story about oil

1422

00:56:28,440 --> 00:56:26,020

used to be that it came from dinosaurs

1423

00:56:31,380 --> 00:56:28,450

and so that representation isn't

1424

00:56:33,030 --> 00:56:31,390

terribly odd but then taking that symbol

1425

00:56:35,070 --> 00:56:33,040

and making a show that mocks a

1426

00:56:37,530 --> 00:56:35,080

dim-witted family of dinosaurs called

1427

00:56:41,100 --> 00:56:37,540

the Sinclair's that's just icing on the

1428

00:56:42,810 --> 00:56:41,110

cake so Touche Jim Henson but I think

1429

00:56:44,550 --> 00:56:42,820

this is a fun episode all around maybe

1430

00:56:46,770 --> 00:56:44,560

more casual than some of the recent

1431

00:56:48,810 --> 00:56:46,780

shows like with dr. Skinner and McKay

1432

00:56:52,200 --> 00:56:48,820

Jenkins I mean those are fairly academic

1433

00:56:55,260 --> 00:56:52,210

expose days on specific topics but this

1434

00:56:57,300 --> 00:56:55,270

is more of a conspiratorial Pandora's

1435

00:56:59,580 --> 00:56:57,310

box going into everything from banking

1436

00:57:03,440 --> 00:56:59,590

to living Giants the Lewis and Clark to

1437

00:57:06,289 --> 00:57:03,450

the Hollow Earth I mean I'm a happy man

1438

00:57:08,990 --> 00:57:06,299

so all right now we're going to get into

1439

00:57:10,549 --> 00:57:09,000

some THC updates for you I mentioned a

1440

00:57:12,799 --> 00:57:10,559

server move and I'm getting enough

1441

00:57:14,809 --> 00:57:12,809

messages now in my inbox to know there's

1442

00:57:17,660 --> 00:57:14,819

a problem with the feed updating for

1443

00:57:19,460 --> 00:57:17,670

some people but not so many that it's

1444

00:57:21,680 --> 00:57:19,470

everyone so I don't know exactly what's

1445

00:57:24,559 --> 00:57:21,690

going on what's been happening is we

1446

00:57:26,720 --> 00:57:24,569

have so many people accessing the RSS

1447

00:57:29,059 --> 00:57:26,730

feed for the free show so many hits

1448

00:57:32,150 --> 00:57:29,069

bottlenecks into that one directory that

1449

00:57:33,289 --> 00:57:32,160

it overloads the server and I don't know

1450

00:57:35,480 --> 00:57:33,299

if it's an issue with how I've

1451

00:57:38,390 --> 00:57:35,490

structured the site itself that is just

1452

00:57:40,160 --> 00:57:38,400

now showing itself maybe there's a more

1453

00:57:42,079 --> 00:57:40,170

efficient way to do it or maybe I just

1454

00:57:44,780 --> 00:57:42,089

need to spend more money and knock this

1455

00:57:47,660 --> 00:57:44,790

[h__h] up a tear but we tried to help the

1456

00:57:49,970 --> 00:57:47,670

load with some caching services meaning

1457

00:57:52,849 --> 00:57:49,980

like it serves up a snapshot of the page

1458

00:57:55,160 --> 00:57:52,859

rather than the live page itself and my

1459

00:57:57,170 --> 00:57:55,170

web guy set that up with something

1460

00:57:59,030 --> 00:57:57,180

called cloud fair and it's all a little

1461

00:58:01,640 --> 00:57:59,040

bit over my head but I get the feeling

1462

00:58:04,640 --> 00:58:01,650

that it's that process that is causing

1463

00:58:07,460 --> 00:58:04,650

people to see a less than current show

1464

00:58:09,020 --> 00:58:07,470

list in the feed so just bear with me I

1465

00:58:11,120 --> 00:58:09,030

recognize there's a little bit of an

1466

00:58:13,250 --> 00:58:11,130

issue and I'm going to move the websites

1467

00:58:15,589 --> 00:58:13,260

back to one of the previous hosts that I

1468

00:58:18,049 --> 00:58:15,599

had success with because the free site

1469

00:58:20,960 --> 00:58:18,059

was hosted with in motion and it was

1470

00:58:22,970 --> 00:58:20,970

constantly going down a lot of times I

1471

00:58:25,849 --> 00:58:22,980

go to upload a new show and be like what

1472

00:58:27,650 --> 00:58:25,859

the hell the site's down again so it was

1473

00:58:30,440 --> 00:58:27,660

an issue but the plus site has always

1474

00:58:31,849 --> 00:58:30,450

been hosted with Bluehost and was up 99

1475

00:58:34,579 --> 00:58:31,859

percent of the time so I'm going to take

1476

00:58:38,380 --> 00:58:34,589

everything free and plus and clothing

1477

00:58:41,210 --> 00:58:38,390

back over to Bluehost as soon as I can

1478

00:58:44,319 --> 00:58:41,220

personally I think that I have made the

1479

00:58:46,430 --> 00:58:44,329

websites themselves so easy to use that

1480

00:58:48,829 --> 00:58:46,440

it's not the end of the world if you're

1481

00:58:51,589 --> 00:58:48,839

not getting the updated show feed just

1482

00:58:52,819 --> 00:58:51,599

please go to the website and listen to

1483

00:58:54,980 --> 00:58:52,829

the show it's really not that

1484

00:58:57,799 --> 00:58:54,990

inconvenient and it's only going to be

1485

00:59:00,589 --> 00:58:57,809

for a short time there's also a weird

1486

00:59:02,359 --> 00:59:00,599

thing with higher side chats in Google

1487

00:59:04,160 --> 00:59:02,369

search results where it's all Chinese

1488

00:59:06,740 --> 00:59:04,170

and says that we were hacked or

1489

00:59:09,170 --> 00:59:06,750

something that is just an issue with the

1490

00:59:10,849 --> 00:59:09,180

web sites country code the Unicode I

1491

00:59:13,430 --> 00:59:10,859

guess it's called I have no idea how

1492

00:59:15,650 --> 00:59:13,440

that got changed and the server move but

1493

00:59:16,819 --> 00:59:15,660

again I paid someone to do it so I

1494

00:59:17,300 --> 00:59:16,829

didn't want to make these sorts of

1495

00:59:20,750 --> 00:59:17,310

mistake

1496

00:59:23,600 --> 00:59:20,760

and they happened anyway so everything's

1497

00:59:26,420 --> 00:59:23,610

cool guys nothing is [h__\h] here nothing

1498

00:59:28,910 --> 00:59:26,430

is [h__\h] yes for a conspiracy show but

1499

00:59:32,450 --> 00:59:28,920

these are not conspiracy issues their

1500

00:59:34,070 --> 00:59:32,460

ignorance issues on my part also if

1501
00:59:36,470 --> 00:59:34,080
you're a plus member I uploaded a

1502
00:59:38,570 --> 00:59:36,480
special bonus show last week that you

1503
00:59:42,200 --> 00:59:38,580
might have missed it is my review

1504
00:59:44,870 --> 00:59:42,210
breakdown summary cliff notes from the

1505
00:59:46,700 --> 00:59:44,880
science of consciousness conference it's

1506
00:59:48,680 --> 00:59:46,710
over an hour long because there was a

1507
00:59:50,960 --> 00:59:48,690
lot of content I sat through over the

1508
00:59:53,330 --> 00:59:50,970
course of I think four and a half days

1509
00:59:55,700 --> 00:59:53,340
and we talked about everything from the

1510
00:59:58,460 --> 00:59:55,710
latest research and mind-controlled VR

1511
01:00:00,860 --> 00:59:58,470
and AI advancements to how Pokemon go

1512
01:00:03,920 --> 01:00:00,870
affects our dreams and the true path of

1513
01:00:05,600 --> 01:00:03,930

mind-melding with finches it's full of

1514

01:00:08,420 --> 01:00:05,610

interesting results from a bunch of

1515

01:00:11,840 --> 01:00:08,430

recent studies so check that out if you

1516

01:00:14,060 --> 01:00:11,850

are a beautiful precious plus member and

1517

01:00:16,340 --> 01:00:14,070

if you aren't maybe it's a reason to

1518

01:00:17,720 --> 01:00:16,350

sign up because it's something you can't

1519

01:00:20,450 --> 01:00:17,730

get any other way

1520

01:00:22,430 --> 01:00:20,460

so come on in for the five bucks listen

1521

01:00:23,900 --> 01:00:22,440

to that conference show go back and

1522

01:00:26,180 --> 01:00:23,910

listen to the full version and some of

1523

01:00:28,820 --> 01:00:26,190

your favorite previous episodes get a

1524

01:00:30,860 --> 01:00:28,830

lifetime forum membership and then

1525

01:00:33,650 --> 01:00:30,870

cancel you don't need to be a plus

1526

01:00:35,270 --> 01:00:33,660

member forever and it is nice oh my god

1527

01:00:37,250 --> 01:00:35,280

it's so nice when people say that they

1528

01:00:38,750 --> 01:00:37,260

are in it for the long haul it's a big

1529

01:00:40,820 --> 01:00:38,760

stress reliever to hear those kind of

1530

01:00:43,760 --> 01:00:40,830

things but I don't think it's too much

1531

01:00:45,650 --> 01:00:43,770

to ask for people who listen for free to

1532

01:00:47,780 --> 01:00:45,660

give me a little five dollar tip once in

1533

01:00:50,690 --> 01:00:47,790

a while hop in and hop out and get those

1534

01:00:52,730 --> 01:00:50,700

bonuses for themselves so consider even

1535

01:00:56,300 --> 01:00:52,740

a temporary membership because it still

1536

01:00:58,490 --> 01:00:56,310

does mean a lot to me and what else

1537

01:01:00,740 --> 01:00:58,500

Oh higher side clothing so I am

1538

01:01:02,870 --> 01:01:00,750

switching printers because I have had

1539

01:01:05,150 --> 01:01:02,880

some hiccups with the current one and I

1540

01:01:06,650 --> 01:01:05,160

do think we can do better and I have a

1541

01:01:08,930 --> 01:01:06,660

pretty good relationship with these guys

1542

01:01:11,090 --> 01:01:08,940

from we produce they actually listen to

1543

01:01:13,520 --> 01:01:11,100

the show so they get me and they also

1544

01:01:16,100 --> 01:01:13,530

want the quality and consistency to be

1545

01:01:18,560 --> 01:01:16,110

high which is amazing because right now

1546

01:01:20,570 --> 01:01:18,570

with the company I'm at I'm just one of

1547

01:01:22,730 --> 01:01:20,580

a thousand clients and they really don't

1548

01:01:24,470 --> 01:01:22,740

give a [h__\h] and I know that and so I

1549

01:01:25,520 --> 01:01:24,480

can't make them give a [h__\h] I have to

1550

01:01:27,230 --> 01:01:25,530

just move

1551
01:01:30,050 --> 01:01:27,240
and they handle all the customer service

1552
01:01:30,590 --> 01:01:30,060
that we produce which is a huge help to

1553
01:01:32,960 --> 01:01:30,600
me

1554
01:01:35,120 --> 01:01:32,970
so that switch is happening really soon

1555
01:01:37,580 --> 01:01:35,130
probably before the next show even comes

1556
01:01:39,320 --> 01:01:37,590
out and when it launches I've also added

1557
01:01:42,680 --> 01:01:39,330
two new designs that weren't there

1558
01:01:44,390 --> 01:01:42,690
before if you remember me saying so all

1559
01:01:47,180 --> 01:01:44,400
these new designs at higher side

1560
01:01:49,100 --> 01:01:47,190
clothing are based off specific fireside

1561
01:01:52,120 --> 01:01:49,110
chats episodes so we have a Hollow Earth

1562
01:01:55,010 --> 01:01:52,130
design JP Morgan sinking the Titanic

1563
01:01:57,950 --> 01:01:55,020

compliment and the Templars the Archon

1564

01:02:00,290 --> 01:01:57,960

control system a cryptid lineup all

1565

01:02:01,760 --> 01:02:00,300

sorts of amazing designs that I am so

1566

01:02:03,620 --> 01:02:01,770

happy with I don't think there's really

1567

01:02:07,520 --> 01:02:03,630

anything like this in a t-shirt company

1568

01:02:10,940 --> 01:02:07,530

and the newest design is based off the

1569

01:02:13,670 --> 01:02:10,950

ancient alien / pig chimp hybrid show

1570

01:02:15,920 --> 01:02:13,680

that me and Gordon did a while back I

1571

01:02:18,710 --> 01:02:15,930

showed it to him I think he got a kick

1572

01:02:20,930 --> 01:02:18,720

out of it and I personally love it it's

1573

01:02:23,720 --> 01:02:20,940

a team of Grey's stitching up a pig

1574

01:02:25,030 --> 01:02:23,730

chimp hybrid Frankenstein style that's

1575

01:02:27,680 --> 01:02:25,040

pretty cool

1576

01:02:29,690 --> 01:02:27,690

also since we switched to hire site

1577

01:02:31,760 --> 01:02:29,700

clothing from conspiracy's because there

1578

01:02:33,680 --> 01:02:31,770

were too many copycat companies popping

1579

01:02:35,270 --> 01:02:33,690

up and I'm not a lawsuit kind of guy but

1580

01:02:38,570 --> 01:02:35,280

I also don't like people [h__\h] with my

1581

01:02:40,820 --> 01:02:38,580

[h__\h] when we made that switch we went

1582

01:02:43,340 --> 01:02:40,830

with all new designs and there hasn't

1583

01:02:45,380 --> 01:02:43,350

been just a straight higher side schatz

1584

01:02:48,530 --> 01:02:45,390

design and that's what people have been

1585

01:02:49,820 --> 01:02:48,540

asking about so we got one now and I

1586

01:02:52,790 --> 01:02:49,830

think it's pretty awesome it's

1587

01:02:54,950 --> 01:02:52,800

completely new the font for the text is

1588

01:02:56,630 --> 01:02:54,960

modeled after the game Bioshock because

1589

01:03:00,110 --> 01:02:56,640

I love that aesthetic if you're familiar

1590

01:03:02,720 --> 01:03:00,120

and it's three symbols an all-seeing eye

1591

01:03:04,940 --> 01:03:02,730

representing conspiracy a UFO

1592

01:03:07,310 --> 01:03:04,950

representing paranormal and a pentagram

1593

01:03:10,130 --> 01:03:07,320

representing the occult and I think

1594

01:03:13,850 --> 01:03:10,140

those are the sees three main subject

1595

01:03:16,370 --> 01:03:13,860

areas it's perfect it's simple but it

1596

01:03:17,900 --> 01:03:16,380

embodies what THC is and it's the kind

1597

01:03:20,330 --> 01:03:17,910

of logo that can come in multiple colors

1598

01:03:22,780 --> 01:03:20,340

and configurations like real clothing

1599

01:03:26,000 --> 01:03:22,790

brands do so I'm just psyched about that

1600

01:03:27,650 --> 01:03:26,010

then next is women shirts also coming

1601
01:03:29,630 --> 01:03:27,660
very soon I want to make the switch to

1602
01:03:31,550 --> 01:03:29,640
we produce let them get into the groove

1603
01:03:33,140 --> 01:03:31,560
for a few weeks and then I can code in

1604
01:03:34,970 --> 01:03:33,150
all the stuff for women's shirts I've

1605
01:03:38,000 --> 01:03:34,980
already talked to them about it and made

1606
01:03:39,530 --> 01:03:38,010
all the important decisions so we are

1607
01:03:42,980 --> 01:03:39,540
closely and I have

1608
01:03:45,200 --> 01:03:42,990
apologize for that long long delay but I

1609
01:03:47,990 --> 01:03:45,210
feel good I'm catching up on some things

1610
01:03:50,180 --> 01:03:48,000
and I know this is a long update on just

1611
01:03:52,700 --> 01:03:50,190
stuff you can spend money on which is

1612
01:03:54,440 --> 01:03:52,710
kind of like a commercial but I have to

1613
01:03:56,480 --> 01:03:54,450

find a way to update you guys and I

1614

01:03:57,830 --> 01:03:56,490

personally hate when I turn on a podcast

1615

01:03:59,810 --> 01:03:57,840

and it's an interview with someone I

1616

01:04:01,880 --> 01:03:59,820

really like and I'm pumped to get into

1617

01:04:04,340 --> 01:04:01,890

it and I get in the car start driving I

1618

01:04:06,620 --> 01:04:04,350

put on the podcast and 15 minutes later

1619

01:04:08,870 --> 01:04:06,630

I'm where I need to be and the guest

1620

01:04:11,000 --> 01:04:08,880

hasn't even been introduced yet and so I

1621

01:04:13,040 --> 01:04:11,010

always wait until the end of these shows

1622

01:04:15,230 --> 01:04:13,050

and it's not a perfect system either

1623

01:04:18,410 --> 01:04:15,240

because if you just happen to not like

1624

01:04:19,720 --> 01:04:18,420

or finish this particular episode maybe

1625

01:04:22,520 --> 01:04:19,730

you feel a little bit out of the loop

1626
01:04:25,010 --> 01:04:22,530
but because podcasts are just auditory

1627
01:04:27,740 --> 01:04:25,020
experiences and based on RSS feed

1628
01:04:29,570 --> 01:04:27,750
subscriptions sending an email or even

1629
01:04:31,550 --> 01:04:29,580
putting some type of notification on the

1630
01:04:34,730 --> 01:04:31,560
website itself is only going to reach

1631
01:04:37,040 --> 01:04:34,740
maybe half the listeners so it's really

1632
01:04:40,580 --> 01:04:37,050
all got to be on air because that is how

1633
01:04:42,770 --> 01:04:40,590
we stay in touch you could follow me on

1634
01:04:45,230 --> 01:04:42,780
social media too I try to do updates on

1635
01:04:46,580 --> 01:04:45,240
Twitter and Facebook but if it's not

1636
01:04:48,800 --> 01:04:46,590
important to you then don't worry about

1637
01:04:50,660 --> 01:04:48,810
it I'm just saying if you've had some

1638
01:04:52,400 --> 01:04:50,670

frustrations with the feed or the lack

1639

01:04:55,250 --> 01:04:52,410

of communication about the feed and the

1640

01:04:56,900 --> 01:04:55,260

server move I apologize it's just

1641

01:04:57,980 --> 01:04:56,910

finding the best channels to communicate

1642

01:04:59,540 --> 01:04:57,990

those sorts of things without

1643

01:05:01,850 --> 01:04:59,550

interrupting the flow of the episodes

1644

01:05:03,410 --> 01:05:01,860

here because to me that's what's most

1645

01:05:05,480 --> 01:05:03,420

important and the rest is going to work

1646

01:05:06,650 --> 01:05:05,490

itself out you know that's the

1647

01:05:08,810 --> 01:05:06,660

philosophy that's gotten me this far

1648

01:05:10,880 --> 01:05:08,820

just make sure the on-air content is

1649

01:05:13,100 --> 01:05:10,890

good and the interviews are as solid as

1650

01:05:15,710 --> 01:05:13,110

they can be and people will stick around

1651

01:05:17,780 --> 01:05:15,720

through the rest but back to today's

1652

01:05:20,090 --> 01:05:17,790

episode I did think we covered a lot of

1653

01:05:22,190 --> 01:05:20,100

great ground and going over reports of

1654

01:05:24,380 --> 01:05:22,200

living giant encounters from not so long

1655

01:05:26,510 --> 01:05:24,390

ago was a nice switch from the giant

1656

01:05:28,850 --> 01:05:26,520

skeleton romaine stuff that gets talked

1657

01:05:31,490 --> 01:05:28,860

about a lot and in the Plus show we got

1658

01:05:34,030 --> 01:05:31,500

into some other pretty wild stuff the

1659

01:05:36,110 --> 01:05:34,040

Paxton Hayes saga John Quincy Adams

1660

01:05:37,880 --> 01:05:36,120

interest in the Inner Earth and its

1661

01:05:40,910 --> 01:05:37,890

devastating effects to his political

1662

01:05:42,830 --> 01:05:40,920

career we got into the excavation Xavier

1663

01:05:45,020 --> 01:05:42,840

is personally involved in and how close

1664

01:05:48,020 --> 01:05:45,030

he is to perhaps uncovering the Lost

1665

01:05:50,870 --> 01:05:48,030

Dutchman mine and proof of a lost race

1666

01:05:52,430 --> 01:05:50,880

of giants other legends of lost cities

1667

01:05:55,460 --> 01:05:52,440

and hidden treasures

1668

01:05:57,800 --> 01:05:55,470

Rhone ranges modern-day giant reports

1669

01:06:00,589 --> 01:05:57,810

from the caves in the Solomon Islands

1670

01:06:04,670 --> 01:06:00,599

the Lovelock cave Giants ghost tales

1671

01:06:06,230 --> 01:06:04,680

from xavius own haunted home also some

1672

01:06:08,569 --> 01:06:06,240

smaller museums that you might be able

1673

01:06:10,160 --> 01:06:08,579

to get to bring the giant bones up from

1674

01:06:13,220 --> 01:06:10,170

the basement if you happen to be in

1675

01:06:15,020 --> 01:06:13,230

those areas cool stuff from his book the

1676
01:06:17,000 --> 01:06:15,030
suppressed history of America the murder

1677
01:06:18,500 --> 01:06:17,010
of Meriwether Lewis and the mysterious

1678
01:06:22,370 --> 01:06:18,510
discoveries of the Lewis and Clark

1679
01:06:24,109 --> 01:06:22,380
expedition why presidents go grey why we

1680
01:06:27,380 --> 01:06:24,119
have Hamilton the musical and not

1681
01:06:29,180 --> 01:06:27,390
Jackson the musical solid stuff I love

1682
01:06:30,829 --> 01:06:29,190
treasure hunting stories and xavius

1683
01:06:33,170 --> 01:06:30,839
seems to be right on the cusp of a

1684
01:06:34,220 --> 01:06:33,180
possible discovery and it worked itself

1685
01:06:36,079 --> 01:06:34,230
out because you didn't want to say too

1686
01:06:38,120 --> 01:06:36,089
much about it or get too far ahead of

1687
01:06:39,829 --> 01:06:38,130
himself and it came out in the second

1688
01:06:41,450 --> 01:06:39,839

hour anyway so he doesn't have to worry

1689

01:06:43,609 --> 01:06:41,460

too much about too much being said

1690

01:06:46,099 --> 01:06:43,619

before it's ready to be said because of

1691

01:06:47,240 --> 01:06:46,109

the smaller pool of listeners but I'm

1692

01:06:49,880 --> 01:06:47,250

definitely going to be looking for

1693

01:06:53,000 --> 01:06:49,890

updates on that fingers crossed for him

1694

01:06:54,890 --> 01:06:53,010

and again sign up for THC plus if you

1695

01:06:57,230 --> 01:06:54,900

want to go deeper into the higher side

1696

01:06:59,270 --> 01:06:57,240

rabbit hole and all your wildest dreams

1697

01:07:01,460 --> 01:06:59,280

will come true the higher side chats

1698

01:07:04,190 --> 01:07:01,470

plus calm and that's it for me today

1699

01:07:06,620 --> 01:07:04,200

I've done my part your move sorcerer's

1700

01:07:08,359 --> 01:07:06,630

1701
01:07:13,670 --> 01:07:08,369
the Old Kingdom and Cave Giants of the

1702
01:07:26,840 --> 01:07:22,740

they're falling

1711
01:09:17,700 --> 01:09:10,700
[Music]

1712
01:09:28,859 --> 01:09:17,710
they're cartoons so difficult me talk

1713
01:09:33,870 --> 01:09:28,869

about time and well did you ever hear a

1714

01:10:01,060 --> 01:09:33,880

human nothing really happened

1715

01:11:02,650 --> 01:10:19,810
